VOLUME 38

JUNCTION, KIMBLE COUNTY, TEXAS, FRIDAY, MARCH 31, 1922.

Number 49.

KIMBLE COUNTY GETS FINE RAINS

A rain that began falling about one o'clock Friday night and lasting until about nine o'clock Saturday morning, was general over this entire section, as indicated by reports from surrounding towns. One and a half inches fell at Junction, getting heavier toward Menard and also to the south. In the town of Menard less than an inch fell, but beginning a few miles north, fine rains are reported around Eden, Millersview, and Eldorado. Sonora got between one and a half and two inches, and Rock Springs about an inch. Real and Kerr counsies had around two inches, and heavy rain reports come from Brady, Mason and Fredericksburg.

The grand and glorious feeling was augmented Tuesday when more heavy rains fell over the county. There was a good rain in the southeast and southwest parts of the county Tuesday morning, and a heavy rain around Junction in the afternoon. Heavy rains that brought a five-foot rise in Bear Creek fell in the north part of the county Tuesday night. The rains have been lighter at Rock Springs on the southeast and at Brady on the northeast than near Junction. London got about an inch and one half Tuesday afternoon and about two inches during the night. A narrow strip of country from five to eight miles west of London had between five and six inches during the day and night and the roads were badly washed as well as most of the fences out on the creeks.

Mail cars went to Mason, Kerrville and Sonora, but the rise in Bear Creek prevented the Menard car from making the trip. Approximately an inch fell in Junction Wednesday morning, and telephone messages from Menard and Sonora stated that rain was falling at both places at noon, with a total for Sonora of about two and one half inches during the week. The total rainfall for Junction during the past few days was a little better than four inches.

The "business" that has been "just around the corner" came much more clearly into view with these rains. The enormous amount of money that has been going out for feed will be kept here and green range that is so necessary at this season of the year is now assured and the goat, sheep and cattle industries will take on new life. Kimble County is coming back, and coming back fast. The courage and determination to stick it out to a successful end, displayed by the Kimble County citizens, is now bearing fruit, and the outlook is very encouraging for all lines of business in this section of the state.

REPORTS OF RAINS.

Six Inches at Houston.
Houston, March 25.—Rainfall during the past twenty-four hours aggregated nearly six inches by 2 o'clock this afternoon. Streets assumed the proportion of small rivers and street car and interurban traffic was completely paralyzed. Only two street car "runs" were in partial operation at noon. These soon were put out of commission. A flood of Pierce Avenue at Jackson street stopped the interurban at Galveston.

Childress, March 25.—A good rain fell here last night with

some hail. Indications are for more rain.

Brady, March 25.—The first rain of consequence or real benefit since June 17 of last year covered McCulloch County last night, ranging from three-fourths to one and a half inches in several sections. Stock water was put out, although the rain fell slowly through most of the night. Stockmen here have been hauling water for the past six months and the rain will greatly benefit them as well as start the growth of weeds and grass.

Cisco, Texas, March 25.—Threatened with a serious water shortage, Cisco early today welcomed three and one-half inches of rainfall. Lake Bernie, the source of the city's water supply, has risen three feet since the rain began.

Sweetwater, Texas, March 25.—The best rain this section has had in over a year fell Thursday night, coming on top of the inch of rain Wednesday night. The creeks and lakes are full. Last night's rain was estimated at two inches.

San Saba, Texas, March 25.—A ten months' drought was broken last night by an inch and a half of rain, which is general over the country, and will be of untold benefit to farmers and stockmen.

Menard, March 25.—From an inch to an inch and a half of rain fell in Menard County last night and this morning, which will be of much benefit to the range and growing crops. It has put a splendid season in the ground for planting.

Comanche, March 25.—Rain estimated at from one to two inches fell over Comanche County last night. The rain fell slowly for nine hours and gives sufficient season to start crops.

Clyde, Texas, March 25.—A heavy rain covered this section last night, amounting to an inch or more, which insures a fine planting season. More rain is needed for stock water.

Ballinger, March 25.—Rain ranging from one to three inches fell over this county last night, breaking a nine months' drought, the severest ever known here. In localities where farmers have been hauling water for livestock for four months the rain is sufficient to put out stock water. The city water supply, which was restricted for household purposes only by order of the city commission this week, has been replenished. Streams are running for the first time in several months and planting will begin at once.

Mexia, Texas, March 25.—A rain of several hours' duration fell here early this morning and will be of great benefit to crops. At 10:30 the rain was still falling.

Moran, March 25.—Moran and surrounding country received two inches of rain last night. The ground is thoroughly soaked and there is plenty of stock water as all creeks and tanks are full for the first time since June.

Big Lake, March 25.—The heaviest rain in a year fell here about midnight last night covering a distance of over 100 miles from a half to an inch. Draws are running in many places and stockmen and farmers are highly elated over prospects. Considerable hail fell

L. W. PARRISH VICTIM OF AUTO ACCIDENT

Wichita Falls, Texas, March 27.—Congressman Lucian W. Parrish of the 13th Texas district, who was injured in an automobile accident near Roby, Texas, on the night of March 15, died heretofore after a game fight for life.

Congressman Parrish was a candidate for the Democratic nomination to the United States Senate, and was on a speaking tour when an automobile containing him and a companion went off a bridge, fracturing a jaw in addition to other injuries.

He was brought to a hospital here where attending physicians did not regard his condition as serious. For several days he showed marked improvement, but later his condition was complicated by an attack of cerebral meningitis. He then became gradually weaker until his death tonight.

Mr. Parrish was a native of Grayson County, Texas, having been born at Van Alstyne, January 10, 1878. He acquired his education in the public schools of Joy, Texas, later attending the Bowie public school and Denton State Normal and finishing with a seven-year course at the University of Texas, taking the degrees of bachelor of laws. He paid for his education by his own labor.

He was exceptionally active at the University, serving as president of the Students' Association, captain of the football and track teams and participating in debate and oratorical activities. He was at one time champion hammer thrower of the south.

For 10 years he was engaged in the practice of law at Henrietta, his home being at that place at the time of his death. He was especially active in the affairs of his city and county, serving as chairman of the Democratic executive committee of Clay County in 1917-18, chairman of the Henrietta school board and as president of the Henrietta Chamber of commerce. He was a member of the Masonic, Knights of Pythias, Elks and Woodmen of the World fraternities.

Mr. Parrish married Miss Gladys Edwards of Henrietta in 1912.

Besides his widow he is survived by two children, May and Lucian Parrish.

Prior to his election to the 66th Congress in 1918, Mr. Parrish never held public office. While a member of Congress he served on the Committee on Mines and Mining and Accounts. His congressional district includes the following counties: Archer, Baylor, Cooke, Denton, Jack, Montague, Throckmorton, Wichita, Wilbarger, Wise and Young.

but no damage has been reported.

Baird, Texas, March 25.—A rainstorm heavily charged with electricity swept across Callahan County last night, traveling from northwest to southeast. It rained with occasional intermissions from 8:30 p. m. until 5 a. m. Reports from various parts of the country report that the rain was general and that the precipitation ranged from one and a half to two inches. Deep Creek, Hubbard Creek, Clerk Creek and Pecan Bayou are bank full and several are overflowing.

BODY OF BURT FLEMING TO ARRIVE IN JUNCTION

Word has been received here that the body of Burt M. Fleming, World War hero from Kimble County, will arrive here within the next few days. The body will be given a military funeral by the local American Legion Post that bears his name, and all ex-service men of the county are requested to be present. The exact date will be announced later, if possible, through this paper, otherwise it can be known by calling the Post Adjutant, H. O. Denman, at the Junction State Bank, who can give the exact date as soon as it is sent to the Post. A call meeting of the American Legion will be held at the regular meeting place in Junction Monday night, April 3rd. All ex-service and Legion men are urgently requested to be present, as there are several things of importance to come before the meeting.

FURLONG AND CULP COMING TO JUNCTION

E. A. Loeffler has spent the week in San Antonio, and while there did not miss an opportunity to boost Junction and the Llanos and to take up matters regarding tourist travel with the San Antonio Chamber of Commerce. He had a very pleasant conference with Mr. W. H. Furlong, Secretary of the San Antonio Chamber of Commerce, and Mr. D. E. Culp, of the O. S. T. organization. They have a tourists' information bureau that directs the travel of thousands of tourists, and it is very much to the interests of the local Chamber of Commerce to co-operate to the fullest extent with the San Antonio organization, who are very favorably disposed towards this country and will, if properly assisted, direct many tourists this way that otherwise would not come thru Junction. We have everything that the tourist is looking for in the way of natural scenic beauty, and once they are directed this way, it will mean that they will come again and bring some one with them. The slogan of Junction people should be: "Every tourist a booster for Junction and Kimble County."

Mr. Culp is arranging for twenty days camping and sight-seeing trip from San Antonio to the Davis Mountains by way of Junction. The members of this party will be made up along the line from Houston to the Alamo City. No limit can be placed on the advertising effect that will come from making the proper impression on this party of tourists. Mr. Furlong and Mr. Culp are planning to leave San Antonio on the 15th of April for Phoenix, Arizona, and will log the entire route, making notes of all camp sites, running streams, river crossings and conditions of the roads. They have promised Mr. Loeffler that they will spend a part of that day and the night in Junction, at which time a meeting of the business men will be called to talk over matters of interest with these gentlemen, and to take steps to more fully co-operate with them in taking care of the tourists that will come this way.

LOSS IN FOREST BLAZE HEAVY AT SONORA

From The Star Telegram.

Sonora, Texas, March 22.—Account was being made yesterday of the damage done Monday by the largest and most destructive forest fires in this section in the hill country, near Ozona. The wind blew a gale from the west, probably forty miles an hour, making it difficult to fight the flames.

Automobiles carried volunteer fire fighters, water and provisions to the fire, until an army of more than 200 men was engaged in the fight, every man doing his best for more than ten hours before the fire was under control.

J. W. Fields of Sonora probably was the heaviest loser, as he lost a large quantity of feed and ranch supplies, hundreds of acres of range and about 200 head of cattle.

The concern of Williams, Mosier & Kincaid also suffered heavily, losing hundreds of acres of range and numerous sheep and goats. It will take several days to ascertain the livestock loss, as sheep and goats drifted into deep canyons.

VALUABLE COAL DEPOSIT FOUND NEAR UVALDE

A valuable coal deposit exists just a few miles south of Uvalde. In digging a well on the Kincaid ranch, about 12 miles from town, a vein of coal nine feet thick was discovered several years ago. Last week a load of this coal was brought to the Uvalde Water Works and tried in the furnaces. It proved to be excellent coal, burning freely without clinking. The fireman at the water works says that it is much superior to the Eagle Pass coal and the Somerset coal. A sample has been sent to Austin for chemical analysis and if it proves to be of a grade profitable to work, steps may be taken to open up a mine. This vein of coal has been found at several places at various depths. At the Kincaid ranch it was found at one place 36 feet beneath the surface, and at a somewhat greater depth at another place. It also occurs on the Kilgore ranch adjoining. — Uvalde Leader-News.

WHAT LIFE IS.

Eugene Field.

Life is a silvery stream,
Born in the snow-white
arms;
We on its banks (where
they seem
Almost to touch and to
kiss)
Long for the mermaid's
bliss
And the salt sea's soothing
harm.
With lips rose-red apart,
And eyes bedimmed with
tears,
We feel this young world's
heart
Beating in time to our
own,
And yet are as one alone
In a crowd of hopes and
fears.
Tossed by an unrest wild,
Drawn by a hope unseen
—A god in thought and a
child!
We wander on into the end
With dread as a bosom
friend,
And a mist comes down be-
tween.

PENN'S CHEWING TOBACCO

TELEGRAPH NEWS

Sunday afternoon's services at Evergreen church were attended by a large crowd of people, among them several from Junction. The sermon at Paint Creek school at night also brought a number of people out to church. The baptismal services were not held at Evergreen as previously announced because of the cool weather.

Mr. C. P. Bruce went to Rock Springs Monday morning, where he will be serving on the grand jury all the week.

Mr. John T. Estes is in Throckmorton, making preparations for the removal of his family from Telegraph to Throckmorton in the near future.

Mr. and Mrs. Ed. Fleming and their daughter, Mrs. Gus Henderson, of Rock Springs, went to Junction Thursday. Mrs. Henderson will visit there with her grandmother, Mrs. Joe Bishop, for several days.

Mrs. R. C. Bruce is visiting in Junction with Mrs. Ollie Fleming and Mr. and Mrs. Carl Taff.

Messrs. O. L. Freeman and Will Tinsley were at the school house Monday measuring the

school ground with a view to erecting a fence in the near future. This is a needed improvement for the new house, and one which is in line with those already completed at Paint Creek.

Mr. Jacob McDonald spent last week near London rounding up, branding and shearing goats which he has pastured there.

The rains of last week-end were very beneficial, the fall ranging from three-fourths of an inch to one and one-half inches, starting the grass, uncovering the rocks in the road and rebuilding man's faith in this part of Texas.

Temple Deats is quite sick

this week, with severe cold and high fever.

Mr. and Mrs. Wheat Bradford went to Junction last Wednesday.

Fleming Phelps spent last week-end at the Ollie Fleming ranch with Alton Fleming.

Mrs. John Savage is suffering with severe risings in her hand and arm, and has been unable to use her hand for several days.

Mr. Rufe Baker of Menard, is visiting Mr. and Mrs. Harry Hubbell.

Mr. and Mrs. Roy Skaggs, of Junction, visited at the Bruce ranch Sunday.

Mr. W. P. Riley, of Junction, visited at the Riley-Rag-

BRADY CIVIC LEAGUE TO OFFER PRIZES FOR BEST KEPT PREMISES

The Brady Civic league met last week and discussed means and measures for beautifying and improving Brady as a city, and individual premises as well. The plan of the county commission's to erect a rest room on the courthouse lawn, and otherwise to improve and beautify the court yard was given hearty endorsement of the civic league, as among the improvements advocated by it ever since its organization.

The league also has a committee in charge of planning and arranging for the furnishing of the rest room.

To further the "Brady Beautiful" plan, it was decided to offer prizes for the best-kept premises in Brady, and to appoint a committee to judge the same. Announcement of the schedule of prizes, and the plan of operation will be made at

the next meeting of the league. —Standard.

LITTLE STATE LAND REMAINS IN TEXAS

Austin, March 23.—Little state land remains to be disposed of in Texas, except lands which are forfeited because of non-payment of interest, according to J. T. Robinson, commissioner of the general land office. The remaining state land is scattered and none of it is for sale at the present. It is probable that forfeited land will be placed on sale in September of this year, according to land office officials. Because of conditions in West Texas, especially the drought, interest payments on land purchased from the state have been deferred by the legislature. However, it was stated that land on which interest is due from November 1, 1916, to November 1, 1918, will be forfeited and sold unless payment is made

Selecting Seed For Dry Farming

The selecting of your seed is a matter to be given some thought. The Government Experiment Agent tells us that Dry Farming conditions are more successfully met by the use of Forage Sorghums, Grain Sorghums and Broom Corn.

Ordinarily, it is believed that the grain producing possibilities of our immediate section are best met by the use of the grain Sorghums. These fall, naturally, into three rather distinct groups--the milo, an extremely early variety; the feterita, a mid-season variety, and the kaffir, a very late variety.

There is no doubt that with due consideration of selecting seed and proper tillage, our fields will yield more profit.

ADVERTISERS.

One of the leading theatres
in Chicago has quit using bill-
boards for advertising purposes
and announces that it will use
only newspaper advertising.
The management says, "The
craft and bother resulting from
placards and billboard advertis-
ing makes them a nuisance to
handle." The newspaper is
more and more becoming recog-
nized as the legitimate adver-
tising medium for the one un-
iversal advertising medium.—
Randall County News.

Everybody's quitting the
doubtful advertising methods
for the one universally accepted
first-class medium of publicity,
the newspaper. People these
days who do not read at least
one newspaper haven't money
enough to make their patronage
worth anything to any business
man. Billboards have their
value, but they make more peo-
ple mad than they please, for
they are this century's most pe-
culiar and especial nuisance.
They uglify the landscape, they
serve as screens for the accu-
mulation of garbage in habi-
table districts. They are often
employed as lurking places for
bootlegs, and they are ideal
places for the decomposing cats
and chickens which household-
ers in the neighborhood have
to make way with. In the most
progressive cities and countries
billboards of the upstanding,
upright and unsafe type are
forbidden. Some time all civi-
lized, aggressive municipalities
will lay inhibitions upon the
billboards that will knock their
props from under them. In
the meantime, experienced and
heavy advertisers are utilizing
the newspapers far more prof-
itably than ever before.—State
Press in Dallas News.

MODERN WISE VIRGINS.

The marriageable young la-
dies of a Western town recent-
ly held a meeting and resolved:
"That we will not marry any
one who is not a patron of his
home newspapers; it is only
a strong evidence of a want of
intelligence, and he will prob-
ably prove too stingy to pro-
vide for his family, educate his
children, encourage institutions
of learning in the community."
—Vernon Call.

Good for the young ladies of
that Western town. They are
wise in their day and genera-
tion. The reading of news-
papers has made them readers of
character as well. Any young
man who doesn't read doesn't
know much, and no young man
who doesn't know much ought
to expect to marry a girl who
knows anything. Living out a
lifetime with a husband whose
conversational powers are cir-
cumscribed by the reach of his
own ears must be a dreadful
penalty for any woman to have
to pay for release from old
maidenhood. It were ten times
better for a woman of broad
mind and fine sensibilities to
spend her life in a cage with
her canary bird than to spend
it yoked to a man who hadn't
an idea above his appetite or
a vocabulary that was adapted
principally to calling hogs. Still
we doubt if the young ladies of
the western town in question
really wrote that resolution as
above set out. If the girls had
really composed it we feel quite
confident that they wouldn't
have included a word about
oligarchical children.—Dallas
News.

Power is not power when it
is touched with fear. For that
reason there is no "money pow-
er"—high finance is afraid,
afraid of change. But "high
finance" is only a term used
to intimidate people. Compar-
atively few bankers live in New
York, and when the thousands
of bankers outside of New
York refuse to send the peo-
ple's money to the eastern
speculators, the so-called "mon-
ey power" will cease to exist
even as a name. Bankers of
this country can easily extricate
themselves from the New York
net whenever they like. And
there are enough thoughtful,
honest, serviceable bankers in
the country to do that, and thus
take the first step toward
monetary reform on the basis of
community service and justice.
—Henry Ford.

Speed up—hard times are
not coming. It is easy times
going. Put a little more pep
into the game you are playing
and you'll win in the end.

BABY BITTEN BY DOG SUSPECTED OF RABIES

Last Friday, the two-year-
old baby girl of Wm. Cunning-
ham, on the Boone Ranch up

South Llano, was bitten by a
small dog, which from its ac-
tions was suspected of having
rabies or being a "mad dog."
In order to prevent any doubt,
the dog's head was cut off

and sent to the Pasteur Insti-
tute by Dr. McMahan Sunday
and a report will be had from
the institution in a few days,
as to whether the dog was
mad or not.

"Say, fellows, look at the
big chief. Says he can't
break away till he fin-
ishes his Kellogg's Corn
Flakes! Guess he knows
good things, aw' right!"

Mighty appetizing to open the day with Kellogg's Corn Flakes

Those big, sunny-brown "sweet-hearts-of-the-corn" just seem to get
things going right, from the littlest "star boarder" to the eldest! For
Kellogg's Corn Flakes hit-the-spot as no other cereal ever could; and
they are a continuous taste-thrill!

Tempting in their appearance, wonderful in supreme flavor and
crunchy and crispy to the very last degree, Kellogg's Corn Flakes are
really and truly a revelation in good things to eat—for breakfast, for
any meal and for between-times nibbles!

How all your folks will delight to get Kellogg's; how they'll appreciate
Kellogg's crispness. For, Kellogg's are never tough or leathery or hard
to eat! You'll see big and little bowls come back for
"some more Kellogg's, Mother, please!"

When you order Kellogg's today—insist upon getting
KELLOGG'S—the delicious Corn Flakes in the RED
and GREEN package! It bears the signature of W. K.
Kellogg, originator of Corn Flakes. NONE ARE
GENUINE WITHOUT IT!

Bear in mind KELLOGG'S Corn Flakes
are made by the folks who gave you the
JUNGLELAND Moving Pictures. Coupon
inside every package of KELLOGG'S Corn
Flakes explains how you can obtain another
copy of JUNGLELAND.

Kellogg's CORN FLAKES

Also makers of KELLOGG'S KRUMBLES and KELLOGG'S BRAN, cooked and krumbled

Junction, Texas, on The "Old Spanish Trail" Highway

SOCIAL NOTES.

Mrs. Skaggs Hostess.

Mrs. L. L. Skaggs charm-
ingly entertained the Merry
Wives Club on Thursday from
two to five at the Fritz Hotel
with a "500" party. Yellow
was the color scheme chosen
by the hostess and very clever-
ly was the color used. The
tally cards and cards which
marked the plates were de-
corated with paintings of yellow
blossoms. Mrs. U. D. Kendrick
made high score and received
the club prize, Billy bowl of yel-
low pottery. Miss Flora Mae
Spiller received the guest prize,
an incense pot of yellow pottery.
A very tempting plate luncheon
consisting of creamed chicken,
baked potatoes, tomato salad,
olives, hot rolls, iced tea, and
peach shortcake with whipped
cream was served to the fol-
lowing members and guests:
Mesdames L. F. Boyle, J. C.
Beddingfield, C. R. Stevenson,
H. O. Denman, U. D. Kendrick,
A. W. Loeffler, H. O. Patter-
son, J. D. Motley, P. Joseph,
A. J. Hamer, Lola McCollum,
Misses Cecil Martin, Dorris
Wright, and Flora Mae Spiller.
The next meeting will be
with Mrs. H. O. Patterson on
April 13.

CATARRH

Catarrh is a local disease greatly in-
fluenced by constitutional conditions.
HALL'S CATARRH MEDICINE is a
Tonic, taken internally, and acts through
the blood upon the mucous surfaces
of the system. HALL'S CATARRH
MEDICINE assists Nature in restoring
normal conditions.
All Druggists. Circulars free.
F. J. Cheney & Co., Toledo, Ohio.

A "CLEAN-UP" DAY PLANNED FOR JUNCTION

At a meeting of the Chamber
of Commerce on Monday night
of this week, it was decided
that Tuesday morning and
Wednesday morning of next
week, would be set aside as
"clean-up" days for Junction.
Every one interested in improv-
ing the appearance of their
premises and of the town in
general are urged to take these
dates for the purposes named.
Every one should make a special
effort to really clean up
their yards, or places of busi-
ness. Trash collected and
placed so that it can be hauled
off, will be removed by the
conveyances provided by the
Chamber of Commerce. This
movement means much to the
town, and this important work
should not be neglected. Hunt
up your old hoes and rakes
and really clean your premises
and get the trash where it
can be hauled off, and notify
the secretary or president
where it is. All business houses
will close on those mornings
to clean up the business sec-
tion of the town.

LEGION HOSPITAL WILL BE ENLARGED

Austin, March 22.—Sixty pa-
tients are now undergoing
treatment at the American Leg-
ion Memorial Hospital at Kerr-
ville, and out of that number
only twelve are ex-service men,
according to Chairman S. B.
Cowell of the State Board of
Control. There are thirty-three
patients transferred to the hos-
pital by the Federal Govern-

ment and fifteen civilian pa-
tients admitted to the institu-
tion by the board of control.

Chairman Cowell added that
there are two more units, each
accommodating thirty-two pa-
tients, to be completed within
the next forty-five days, which
will double the capacity of the
institution, permitting a total
of 128 to be accommodated.

EAGLE HAS TWO DAYS MACHINE TROUBLE

The Eagle had a hard run
getting out on time this week.
The gasoline burner on our
linotype began giving trouble
last week, and by Tuesday of
this week failed to function,
and it looked like we were go-
ing to have to go back to the
old-time way and set a small
paper by hand this week.
Tuesday morning, we got in
touch with the Sentinel office
at Brady and they luckily had
an extra burner, so we made
a wild run to Brady Tuesday
afternoon and back thru mud
and rain in order to get the
parts that would put our ma-
chine back in working order.
Expense and extra work are
not taken into consideration
in getting the Eagle to its
readers on time.

We are indebted to Editor
Sellers of the Sentinel and his
operator, Mr. Ogden, for their
kind assistance.

NEED GLASSES?

Dr. Jones, the eye man, will be at Hankins Drug Store on Wednesday and Thursday, the 12th and 13th of April. Eyes examined, glasses fitted. Headache and eye strain relieved.

MEXICO DRY SOON?

Chicago, March 22.—The outlook for women in Mexico is very encouraging, Miss Anna A. Gordon, world and national president of the Woman's Christian Temperance Union, said today on her return from a tour of Mexico in the interest of the W. C. T. U.

The purchase of the pulque fields and the use of maguay constructively to forbid the planting of pulque are contemplated for prohibition, she said.

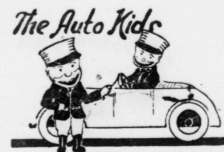

Mexico is just completing a woman's suffrage organization and has an organization for the prevention of cruelty to children and animals, Miss Gordon reported.

WILL ASSIST FARMERS TO GET BETTER SEED

The Texas Farm Bureau has appointed D. L. Ray as manager of its Better Cotton Seed Department, which has been established for the purpose of increasing the planting of good cotton seed of the best adapted varieties. It is planned to standardize the cotton of a community. The farmers of a community will agree on a variety suited to local conditions and the cotton planted will be limited to this variety. The Extension Service of the A. and M. College is co-operating in

putting over this plan. County farm bureaus and county agents will assist in spreading the information regarding the location of stocks of good seed which may be had at a reasonable price.

In the geometry class a difficult problem arose. The teacher informed the pupils that he would put it on the blackboard and explain it. After carefully and tediously working on the diagram he addressed the class thus: "I want every one in this class to watch the blackboard now as I run through it."

**KLAN MEMBERS IN
EMPLOY OF DALLAS
TO BE DISCHARGED**

Dallas, March 25.—Mayor Al-
dredge, it was said Saturday, is
checking up on the employes
of the city with a view of dis-
charging every man who is a
member of the Ku Klux Klan.
The number of employes in-
volved is not known. It is
said many employes of the city
are members of the Klan.

The mayor, who is directing
the city forces in the investi-
gation of floggings, while not
having his life threatened, is
wearing a six-shooter.

District Attorney Maury
Hughes, who has assumed
charge of the investigation on
the part of the county and is
working closely with Mayor Al-
dredge continues to receive
threats of death, he says. He
is packing his gun and declares
he is not afraid.

The breach between investi-
gating forces appeared to widen
Saturday. Open criticism on
the part of Hughes of some of
the city and county officials
has apparently put a damper
on the work. Some of the of-
ficials declare Hughes and Al-
dredge cannot expect to locate
the floggers when their every
move is heralded "by a band."

Private detectives who are in-
vestigating the floggings an-
nounced Saturday that any in-
formation they might obtain
would be turned over to Police
Commissioner Turley and not
to the district attorney or the
mayor. One official who has
been connected with the probe
of the work of the "flogging
quintet" said officers who go
about investigations of this na-
ture in their evening clothes
and announce their acts and
clews with all publicity possible
are but muddying the waters
for the real investigators. Al-
dredge and Hughes continue
their probe and announce that
additional arrests are imminent.
Police officers declared that an
arrest might be made Sunday.

The flogging of W. J. Gil-
bert, tailor, held the center of
the stage. Gilbert turned up
at noon. He told officials he
could identify three of the five
men who dragged him from his
place of business, took him to
the whipping grounds and hit
him forty licks with a wire
whip. He said the floggers
read him a sermon on morals
before applying the lash to his
naked back.

From practically all sources
it was agreed that the incidents
of the Rothblum, Etheridge and
Gilbert floggings are about the
same and probably were done
by the same persons. This
brings in the "master mind"
again, but sufficient evidence to
warrant the arrest of this
"master mind" of the lash.
Police continued to guard the
person and home of Etheridge,
who has received five death
warnings.

It was reported here Satur-
day afternoon that several Tex-
as Rangers have been sent to
Dallas by the Governor.
Commissioner Turley, in
charge of the police depart-

ment, said he believed the po-
licemen implicated in the in-
vestigations were innocent and
were not connected with the
Etheridge and Rothblum cases.
The officers suspended from
duty will be reinstated unless
evidence is brought forth
against them, the commissioner
declared.

W. J. Gilbert, whipped several
weeks ago, declared he was
innocent of the things his at-
tackers charged him with when
they beat him.

ment, said he believed the po-
licemen implicated in the in-
vestigations were innocent and
were not connected with the
Etheridge and Rothblum cases.
The officers suspended from
duty will be reinstated unless
evidence is brought forth
against them, the commissioner
declared.

tackers charged him with when
they beat him.

**BAPTIST CHURCH
WEEKLY NOTES**

Our efficient treasurer re-
ports that March has brought
in the best offerings both for
the budget and the Seventy-
five Million account of any
month since the envelope sys-
tem was started. It has been
delightful to observe the hearty
way that our people have re-
sponded in this matter.

About the liveliest thing in Sun-
day school is the boys' interme-
diate class with E. M. Burt as

teacher. Keep up the pace,
boys.

A letter from Brother Estes,
who was to have held our meet-
ing, reports the members of his
family who were sick are now
out of danger, but the town
still has a great many sick,
with many deaths.

The Y. M. C. A. and G. A.
held a joint meeting at the
parsonage Friday night. The
threatening weather kept a
large number away, but near
thirty were present and an
interesting program was ren-
dered.

The Sunbeams rendered a
special program at the church
Sunday afternoon. A number
of guests were present. The
little folks did fine and en-
joyed themselves immensely.

The pleasant rain brought
relief and joy to many hearts.
We thank the kind Heavenly
Father who sent us this
gracious blessing and relief.

The services at Evergreen
and Paint were well attended
and the people were kind in
their attention and interest.

Two joined for baptism at
Evergreen. Some of our Jun-
ction young people attended both
gatherings.
All services next Sunday.
Come, help, and be helped.
S. F. MARSH.

**SAN ANGELA FORMS
CITY BALL LEAGUE**

San Angelo, Texas, March 25.
When the Bronchos are on the
road this Summer, meeting
other West Texas League
teams, local baseball fans will
be entertained with a city league,
comprising teams from the
Modern Woodmen, Elks, K. of
P. and American Legion. Two
or three games will be played
each week in which no major
contests are scheduled.

The league will be governed
by a commission, composed of
Frank Buchanan, Herbert O.
Bannon and Dr. J. P. McAnul-
ty. Buchanan is secretary and
business manager of the Bron-
chos and will be the "Judge
Landis" of the city circuit.

Taste is a matter of

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. E 85

T. L. PRICE, of San Saba.

For Commissioner Precinct 1:
J. L. WRIGHT.
DAN ST. CLAIR.

The right of a woman to wear men's pants has been upheld by the decision of a court at Olympia, Washington. Of course a woman has the right to wear trousers, if it suits her sweet will. She wears them when it comes to bossing the household, why not don them for street garb if she chooses? —Hornish's Monthly.

Meals 50 cents at Fritz Hotel, Best in town. 48-17.

WORK BEING DONE ON ROAD TO BRADY

The road from Junction to Brady is much better than it was a few months ago. The White pasture has been closed to traffic and all travel must go to the right of this pasture along the old road. This road has a crew working on it now and it is getting in fair condition. Considerable work has been done on the roads between the San Saba River and Brady, and with the completion of the work being done between London and Hext, and a few improvements between Hext and the River, there will be a good road to Brady, that will be the nearest and best way for people, coming from the central and northeast part of the state, to reach Junction.

The Junction State Bank is using its advertising space in the Eagle in trying to induce the Kimble County ranchmen to plant more feed crops on their ranches. This is certainly commendable, and as bankers have a great deal of influence these latter days, there should be good results from it. The Junction bank tells them that thousands of dollars are going out of Kimble county for feed—money that should be and could be kept at home, if the ranchmen were going the farming limit on their ranches. There should be barns on every ranch in West Texas and during the wet seasons these barns should be filled and at the time when we are up against a season of drought as be plenty of feed.—Rock Spring we are right now.—Rock Springs Leader.

If a fellow tries to kiss a girl and gets away with it, he is a man. If he tries and doesn't get away with it, he is a brute. If he doesn't try but would get away with it if he did try, he is a coward. If he doesn't try and wouldn't get away with it if he did try, he's a wise man.

If you want pure Mebane Triumph cotton seed for planting, to be paid for Oct. 1st., see Monroe Smith. 48-21.

WANT ADS.

PRIDE OF OWNERSHIP

THE FORD Touring Car has brought to the farm homes of the country more real pleasure, comfort and convenience than perhaps any other one thing.

It has enabled the farmer and his family to mingle with friends, attend church, neighborhood functions, and enjoy the many pleasures that abound in country life.

Truly the Ford car with its low cost of operation and maintenance, its usefulness and efficiency, has been a boon to the American farmer.

Your order should be placed at once if you wish to avoid delay in delivery.
