Cool Weather and Rain Give Relief

Weather in the Perryton area ranged from hot to cool this week, with a July 4 shower putting a little moisture in the ground. The shower came Friday afternoon and was measured at .65 inch in Perryton. The temperature dropped from 101 degrees Sunday afternoon to 64 degrees Monday morning and the first three days of the week were cool enough for the mountains.

Contract Is Let For Foundation of Fair Building

The Watson Construction Co. of Perryton was awarded the contract by the commissioners court Saturday to construct the foundation and footing for the new steel livestock building to be erected at the county fair grounds.

Low bid of the Watson company was \$1,300. There were two other bids on the job.

The location for the building has been staked and work is expected to start this week on the foundation. The steel building, 60 by 140 feet, will be located just north and west of the Veterans Memorial Building at the county fair grounds.

It is expected to be completed in time for the North Plains Fair on August 28-29-30.

Bank Deposits Show Decline

Bank deposits in the two Perryton banks showed a marked decline from the March 31 call, as reflected in statements of June 30.

Total deposits dropped from \$10,717,023.52 down to \$9,995,912.78, a decline of \$721,110.74. Loans and discounts of the two institutions rose from \$3,260,808.89 to \$3,417,239.05.

On June 30, the First National Bank had deposits of \$6,737,589.98 and the Perryton National Bank had on deposit \$2,728,929.26.

Part of the decline is attributed to withdrawals to meet harvest expenses and the large volume of government wheat loan deposits is not reflected in the June 30 statements.

Perryton National Raises Capital

Stockholders of the Perryton National Bank have increased the capital stock of the bank, effective June 30, thus increasing the loan limits of the institution as a further service to the customers.

The capital and surplus of the bank is now \$125,000, compared with \$60,000 in 1949 and \$36,000 in 1948.

Miles P. Bright, Former Resident, Dies Monday

Miles P. Bright, 61, a former resident of Perryton, died Monday, July 7, in a hospital in Inglewood, Calif., of injuries suffered Saturday night in an automobile accident.

He lived in Perryton and Ochiltree county for many years and worked for the telephone company and as an electrician in the early days of the town. He was a World War I veteran.

Survivors include his mother, Mrs. Ida L. Smith, Pampa; five sisters, Mrs. Ed Herliach, Pampa, Mrs. Grant Hartyman, Fort Worth, Okla., Mrs. Mima Beeton, Liberal, Mrs. Roy Corey, Pueblo, Colo., and Mrs. W. D. Francis, Baytown, Texas; and two brothers, John M. Smith and Clyde M. Smith, both of Pampa.

The body will arrive in Perryton today, Thursday. Funeral arrangements have not been completed.

Church League Title Games to Be On Monday

Championship games for the first half of the Church League baseball teams will be held Friday night at the local ball park.

The Baptist and Christian church PeeWee teams will meet for the first ball game and the Booker and Balco teams will play for the Intermediate title.

The finalists were determined by playoff games on Monday and Tuesday nights. Favorites in the

Ten Men Named For Examination Next Monday

Ten men will go for physical examination on July 14 from Local Selective Service Board No. 99, serving Ochiltree, Hansford, Hemphill and Lipscomb counties, reports Mrs. Norma G. Phelps, clerk of the board. Four of the ten men are from Perryton.

To be sent that date are Raymond L. Walling, 22, Spearman; Russell Lloyd Fry, 22, Lipscomb; Robert Patrick Holt, 21, Gruver; Lloyd E. Epp, 20, Perryton; Kenneth E. Davis, 20, Perryton; Claude Joe Lucas, 20, Perryton; Billy B. Kenney, 20, Spearman; William E. Dutcher, 20, Perryton; Robert Palmer, 20, Spearman; and Afton Watts, 20, Darrouzett.

There will be two men from the local board sent for induction on August 18. Mrs. Phelps said. No physical examination call for August has been received.

Blue Sox and PeeWees Play At Dumas Tonight

The Blue Sox will go to Dumas tonight for a Tri-State League game with the Dumas Dusters and the game will be preceded by an all-star game between the Perryton PeeWees and the Dumas PeeWees.

Coch Glynn Braden is taking 15 youngsters from the PeeWee division of the Church League to play the Dumas team.

The Blue Sox will be seeking their first victory of the season.

Absentee Voting Scheduled for Monday; Delayed by List

For absentee voting in the Democratic Primary was delayed due to failure of the official list of state voters to reach county Democratic Chairman Otis Burk.

The usual pledge, "I am a Democrat and pledge myself to support the nominee of this primary," will be printed on the ballot, as is customary.

There are 66 names of candidates for district, county, precinct and state offices. The official opening of the absentee voting period is July 7 and will continue through midnight, July 22.

Of the official slate of voters was obtained from the county.

will find one change in the procedure this year. Will be printed with a square in front of each voter's name, and the voter will mark the ballot by placing a square beside the name indicating the choice, or check out all other names as has been the custom in the past.

Telephone Rate Controversy Is Settled Monday by City Council and Company

New Rates to Go In Effect On August 1

Final settlement of the year-old telephone rate dispute was made between the city council and officials of the Southwestern Associated Telephone Co. at a special meeting Monday night. The city and company compromised on new telephone rates that are higher than the city had offered and lower than the company demanded.

The new rates, which go into effect with the August 1 billing, are:

One party business	\$8.50
Two party business	6.75
Business extension	1.50
One party residence	4.25
Two party residence	3.50
Four party residence	3.00
Residence extension	.75

The company had asked for a rate of \$10 for a one party business phone; \$7.75 for two party business; \$1.50 for business extension; \$4.75 for one party residence; \$4.00 for two party residence; \$3.25 for four-party residence; and 75 cents for residence extension.

The city had offered \$7.00 for one party business and \$6.25 for two party business; \$4.00 for one party residence, \$3.25 for two party residence and \$2.50 for four party residence.

All subscribers who paid the higher rates billed by the company in June or July will be credited with the overage above the present rate of \$5.50 for business and \$3.00 for residence phones.

All balances on July statements listed as unpaid, being the difference between the current rate and the rates the company put into effect June 1, will be dropped and the subscriber will not have to pay these.

The council asked that the same percentage of rate increase be allowed on rural telephones as was settled on city phones. The city council has no jurisdiction over rural telephones but made the request from the company.

An ordinance listing these new rates will be made at the next council meeting in order that the rates will be legal, according to mayor Drew Ellis.

The compromise ended a year's dispute which saw the two parties in district court on June 27 for a hearing which was not concluded and was reset for July 11. Now, of course, there will be no hearing.

FAIR CATALOGUES OUT—Members of the executive board of the North Plains Fair Association inspect the new fair catalogue which was distributed this week. Board members are, left to right, Hood Wills, president; Percy Powers, G. W. Acker, and John Mayfield, secretary. The fair will be held August 28-29-30.

Janet Ranson Wins Fifth at Stamford Rodeo

Miss Janet Ranson of Perryton won fifth place in the cowgirl sponsor contest at the famed Stamford Cowboy Reunion last week, competing against 62 other contestants in the intricate mounted barrel contests.

She received a Stetson hat as fifth prize.

Miss Ranson returned to Canadian where she won first place in the cowgirl sponsor contest at the annual July 4 rodeo which continued through Saturday and Sunday.

She was accompanied to Stamford and Canadian by her parents, Mr. and Mrs. W. H. Lackey and by Mr. and Mrs. E. V. Lackey and Larry.

Guest Ministers At Local Church

The pulpit of the First Baptist church will be filled Sunday, July 13, by Rev. Taft Holloway, pastor of the Canadian Baptist church, at the morning service.

Rev. Don Anderson, pastor of the Follett Baptist church, will preach the sermon at the Sunday evening service.

The local congregation will hear several applicants for the pastorate of the local church during the next few weeks, to fill the vacancy caused by the resignation of Rev. O. C. Curtis, now pastor of the Central Baptist church in Pampa.

Hereford Short Course to be Held in Perryton on July 29

A short course sponsored by the Texas Hereford Association and the North Plains Hereford Breeders Association has been scheduled for July 29 in Perryton, with a number of nationally known Hereford breeders on the program.

The short course will open at 9 a. m. and will consist of type discussions, judging, and demonstrations on all types of Hereford cattle.

Henry Elder, secretary of the Texas Hereford Association and C. J. Frantz, Jr., president of the North Plains Hereford Breeders Association, will preside. Glen Bratcher, head of the Animal Husbandry Department at Oklahoma A & M College, will give a type discussion.

Bratcher and Larry Miller of the TO Ranch will judge two classes of bulls and Miller will speak on what to look for in Hereford females.

Bratcher and Miller will judge two classes of Hereford females and Bratcher will lead a discussion of steer judging.

Midget Races Attract Large Crowd Sunday

Dent Lenderman of Perryton and Don Hendricks of Pampa were top money winners in the midget auto races held Sunday afternoon at the local race track. The races were scheduled for July 4, but the rain forced postponement until Sunday.

Lenderman and Hendricks each won two races and placed second in two others.

A crowd estimated at 1,500 persons witnessed the races Sunday afternoon.

Winners in the races were: Helmet Dash: 1. Dent Lenderman; 2. Don Hendricks.

Slow Car Race: 1. Jimmy Rifenberg; 2. Gerald Stroud; 3. Max Fisher.

Fast Car Race: 1. Dent Lenderman; 2. Don Hendricks; 3. Warren Carnes.

Australian Pursuit: 1. Warren Carnes; 2. Dent Lenderman.

Consolation: 1. Don Hendricks; 2. Roy Bond; 3. Lyndon Balzer.

Main Event: 1. Don Hendricks; 2. Roy Bond; 3. Warren Carnes.

Next scheduled auto races will be during the North Plains Fair, August 28-29-30, and there is a possibility of another race before that time.

After lunch that day, W. J. Largent of Merkel will speak on "Merchandising Herefords," and Melvin Campbell, herdsman of the Hess ranch, will give a demonstration in hoof trimming.

Dave Savage, superintendent of the Great Plains Experiment Station at Woodward, will tell of the latest experiments conducted at the station.

Jay Taylor, chairman of the American Meat Board; Jack Roach of the Texas Cattle Raisers Association; and H. C. Brillhart, local rancher, will speak on "Problems of the Commercial Hereford Breeder."

A panel discussion will be led by D. R. Miller, Alfred Meeks, Glen Bratcher, Larry Miller, Bill Wright, Willie Joe Largent, Jay Taylor, Jack Roach, Dave Savage, H. C. Brillhart and Martin Duke.

To Make Plans For Blood Drive

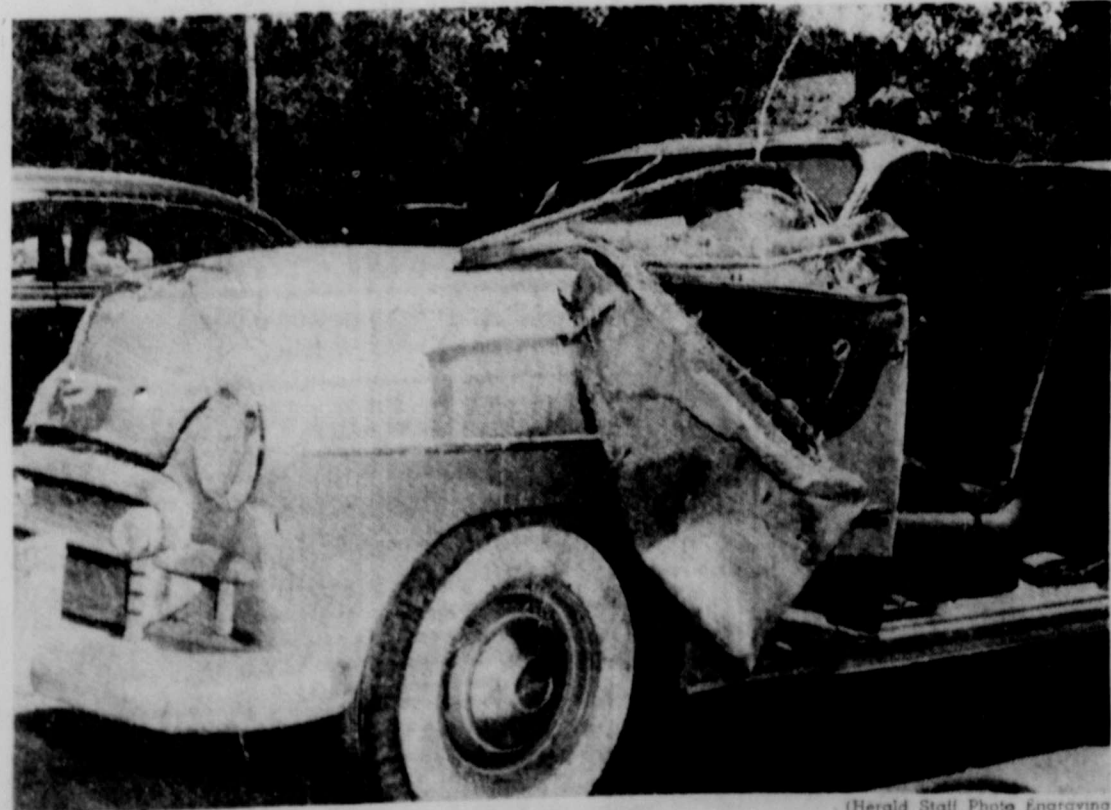

Plans for organizing a Red Cross blood drive next month will be made at a meeting this week called by Dr. D. B. Pearson, Jr., county Red Cross chairman. Dr. Pearson said that the date for the meeting has not been set but will be sometime within the next few days.

The cooperation of civic clubs and organizations will be asked to secure blood donor pledges for the drive. A minimum of 300 donors must be pledged in advance before the Red Cross bloodmobile unit can be sent here.

Other cities in this area are planning blood drives during the same period and the Perryton drive has been tentatively scheduled for the latter part of August or the first part of September.

Special Fair Section in Herald Next Week

A special North Plains Fair section will be published in the Herald next week, July 17, and will contain the entire catalogue for the fair, listing all rules, awards and classes of entries. The fair catalogue has been printed and is being distributed now by officers of the North Plains Fair Association. The fair will be held on August 28-29-30, with three full days of entertainment and all types of agriculture exhibits scheduled for those days.

SLICK ROAD BLAMED—This 1950 Chevrolet was heavily damaged and the driver, Mrs. Norman Allen, was injured in an accident July 4 about ten miles south of town on a dirt road. The slick road caused by the afternoon rain was blamed for the accident in which Mrs. Allen lost control of the car and overturned.

Polio Measures Are Recommended During Summer

AUSTIN, Texas—It is believed that the majority of adults have at one time been infected by the virus of poliomyelitis, usually without manifestations, says Dr. George W. Cox, State Health Officer. In view of the above it is expected that most of the recognized cases will be among children.

Only a small proportion of infected persons are clinically recognizable. When symptoms are manifested, they usually comprise an acute illness with fever, headache, and almost always a characteristic stiffness of the neck and spine. Some degree of paralysis may or may not occur during the first few days of illness.

During the poliomyelitis season the following measures are recommended:

1. Insist upon safe waste disposal so that human excreta is not exposed to disease transmitting vectors.
2. Insist on elimination of fly breeding sources and do not depend upon community wide airplane spraying or fogging machines as a substitute for basic sanitation.
3. Food supplies, including milk, must be protected against contamination.
4. Always demand safe water for drinking or swimming pools.
5. Insist that garbage be kept in covered containers and disposed of by incineration or sanitary fill.
6. Eliminate all insanitary conditions on your own premises.
7. Practice good personal hygiene, with particular attention to personal cleanliness.
8. Avoid excessive physical strain during poliomyelitis season.
9. Isolation in bed of all children with fever pending diagnosis by physician.

Truck Marathon To Test Roads

By PHIL LEWIS

Newsfeatures

MALAD, Idaho — Late this summer four heavy trucks will start driving 'round and 'round on two oval-shaped roads in southern Idaho — and when they'll stop, nobody knows.

Out of the tests may come the knowledge which will lead to construction of better, longer-lasting highways in the future.

The two ovals, connected by a short section of road, will be built of asphalt with varying base thicknesses. The trucks, heaviest of which will have a dual axle capacity of 40,000 pounds, will travel the 3,200 foot road constantly.

The effects of the varying truck loadings on the different road thickness will be measured throughout the tests with an eye to determining the most suitable roads for use by America's huge trucking industry.

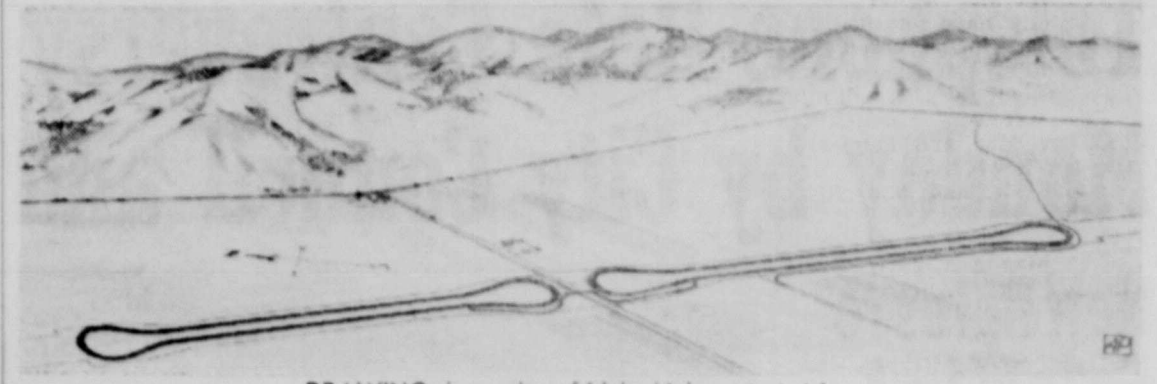

Scheduled to be under construction by May 1, the road will cost about \$202,000, with another \$100,000 earmarked for actual testing costs. Testing will begin late this summer and continue into 1953 at least.

The project is sponsored by the Western Association of State Highway Officials, the Highway Research Board of the National Academy of Science, the petroleum and oil industries and other interested groups.

"The length of a research project of this sort depends on a number of factors," says C. Bryce Bennett, an engineer in the Idaho highway department who is taking an active part in the program. "We don't expect any results until sometime in 1953."

A similar project to test concrete pavement has been under way for some time in Maryland.

The Idaho road will be built on soil typical of the 10 western states taking part in the project. It will be constructed with five different base thicknesses topped with flexible pavement. By determining where failure begins, engineers hope to get some of the answers to the country's growing highway problems.

Convicts Plant Trees

SACRAMENTO (AP)—Honor inmates from San Quentin and Soledad State Prisons are playing a big role in replanting California forest land charred by fires last year.

Crews from San Quentin planted 200,000 Ponderosa and Jeffrey pine trees in the Plumas National Forest.

Honor inmates have been moved to camps in the forest areas in the Plumas, Modoc, Stanislaus and Sierra National Forests.

FORMOSA: Anti-Red Chinese Build Up Strength

AP Newsfeatures

SECRECY shrouds operations of Chiang Kai-Shek's military forces on Formosa. It is known he has between 400,000 and 600,000 trained men, the largest anti-Red fighting force in Asia. About 750 U.S. military advisers help training. Maj. Gen. William C. Chase heads operations. The Chinese get equipment rather than money. Here are pictures brought to America by an Army press officer.

PHYSICAL fitness is stressed. Gen. Chase checks diet, clothing and pay and things go hard with Chinese officers who fail to make recommended improvements.

KNOWLEDGE of weapons is vital. Gen. Chase watches a blindfolded soldier work with a machine gun.

EQUIPMENT is constantly inspected. Here Gen. Chase looks at some armor. Exactly what arms the Chinese forces have been kept secret, but large sums are spent.

TRAINED men of this honor guard show Chinese at best.

Australian's Lecture Tour

WICHITA, Kans. (AP)—A 39-year-old Australian newsman is back at his Wichita typewriter, after a four-month lecture tour in ten states—Minnesota, North Dakota, Montana, Utah, Missouri, Texas, Mississippi, California and Colorado, as well as Kansas.

Ralph Wilson Reid showed motion pictures of Australia—in black-and-white and in color—exhibited native Australian weapons, and tossed boomerangs all over the map.

Reid and his family flew to Wichita from Australia in Sept. 1948. They came here for special training for their oldest boy, John, now 10. Encephalitis, following measles, had left John physically active but retarded, unable to speak or understand.

John's still making good but slow progress at the Institute of Logopedics.

Sox Beat Boise City, 13-5

Boise City trimmed Boise State 13-5 in a Tri-State game. Sox pitcher Philley hurled a neat seven-inning performance to mark up his second win in his last two games.

Sox started off with a 4-1 lead in the second and kept pouring it on until they made it 8-1 by the third inning.

Stars for the Sox were Philley, who hit 3 for 4; Philley, who hit 2 for 6, in a triple and home run brought in five runs; and

Melvin Williams, who hit 4 for 5.

Pirates Beat Eastern Nine

The Perryton Pirates, behind the 6-hit pitching of Wayne Gyger, handed the Panhandle Eastern team their first defeat of the year Friday night, 8-4.

Gyger struck out 12 men and did not walk a man. Junior Rock, hitting 3 for 4, connected with a home run with one man on base. Irvin Williams hit 2 for 4.

The Pirates won a 10-5 game over the American Legion team Saturday night. M. D. Childress walked eight men the first inning, then Junior Rock came in and held the Legion youngsters to one hit. This was Rock's sixth victory of the season.

Philley hit a home run inside the park with two men on base.

Pirates Meet Guymon Tonight

The Perryton Pirates will meet Guymon at the local diamond tonight, according to Calvin Philley, Pirate manager. The Pirates have won 10 and lost 5 this season.

The Pirates go to Panhandle Eastern Sunday afternoon and the Oklahomans will be after revenge since their only loss of the season was to the Pirates on July 4.

Philley said that the Pirates have been invited to join the league composed of Liberal, Guymon, Panhandle Eastern and Straight. They are to take the place of Texhoma, who dropped out.

Manager Philley says he needs a few more players since entering this league in order to maintain their season record.

Parachutist Gets Pre-Jump Nerves

TAMPA, Fla. (AP)—Bert Craddock gets jumpy every time he gets ready to make a parachute jump. His wife gets jumpy too. Bert, 38, has made 74 exhibition and training jumps in his 11-year jumping career. He packs his own parachutes.

A specialist in delayed jumps, he usually leaps from 3,500 feet and waits until he's 1,000 feet from the ground to pull the ripcord. Once, he says, air pressure prevented his chute from opening until he was only 200 feet up—and going down at the rate of 120 miles an hour.

East of Boyd

By Mrs. Aldeen Rodgers

The Boyd community has received showers of varying amounts during the past week. The rain which will fell Friday was very heavy southeast of Boyd and high water caused damage to fences and bridges along the creeks.

Mrs. George Kirton and son Jerry made a trip to Enid, Okla., recently.

Mr. and Mrs. John Winter and Mr. and Mrs. Ben Kennedy visited one evening recently at Aldeen Rodgers.

Mr. and Mrs. Arthur Stickler and family have returned from a vacation trip to Colorado.

Callers at the John Winters Sunday were Mrs. Emmitt Nichols, Elta Mae and Patsy, Mrs. Marilyn Rowbotham and Patricia and Mr. and Mrs. Aldeen Rodgers.

Elta Mae and Patsy Nichols had as their guests recently their cousins, Miss Deann Deeds of Amarillo and Beverly and Barbara Turner of Perryton.

One of Ray Wahl's cows was killed by lightning Wednesday night. Aldeen Rodgers lost a cow on Wednesday from bloat.

Mr. and Mrs. John Winter shopped in Perryton Wednesday and on Thursday they were in Beaver transacting business and calling at the Lee Schollenbarger home.

IT'S THE LAW in Texas

A public service feature
of the State Bar of Texas

The American "Bill of Rights," consisting of the first ten amendments to our federal constitution, all adopted at one time in 1791 specifies in some detail a number of basic civil rights of the individual citizen. Unaltered by subsequent amendments and jealousy guarded by our courts, these privileges must still be respected by our governing bodies today.

Among the most familiar of our constitutional guarantees are those relating to freedom of

religion, of speech, and of the press. The right of peaceable assembly and the privilege of petitioning the government for redress of grievances.

Another amendment secures our persons, houses, papers and effects against unreasonable searches and seizures, and specifies that no warrants shall issue out upon probable cause, and unless supported by oath or affirmation.

The due process of law amendment encompasses not one but several guarantees. Every American is secured against being placed twice in legal jeopardy for the same offense; against being compelled to be a witness against himself in a criminal case; against having his private property taken for public use without just compensation; and against being held for trial for a capital (death penalty) or other infamous crime, unless upon a presentment or indictment of a grand jury. And, of course, no person may be deprived of life, liberty or property without orderly court procedures, on due process of law.

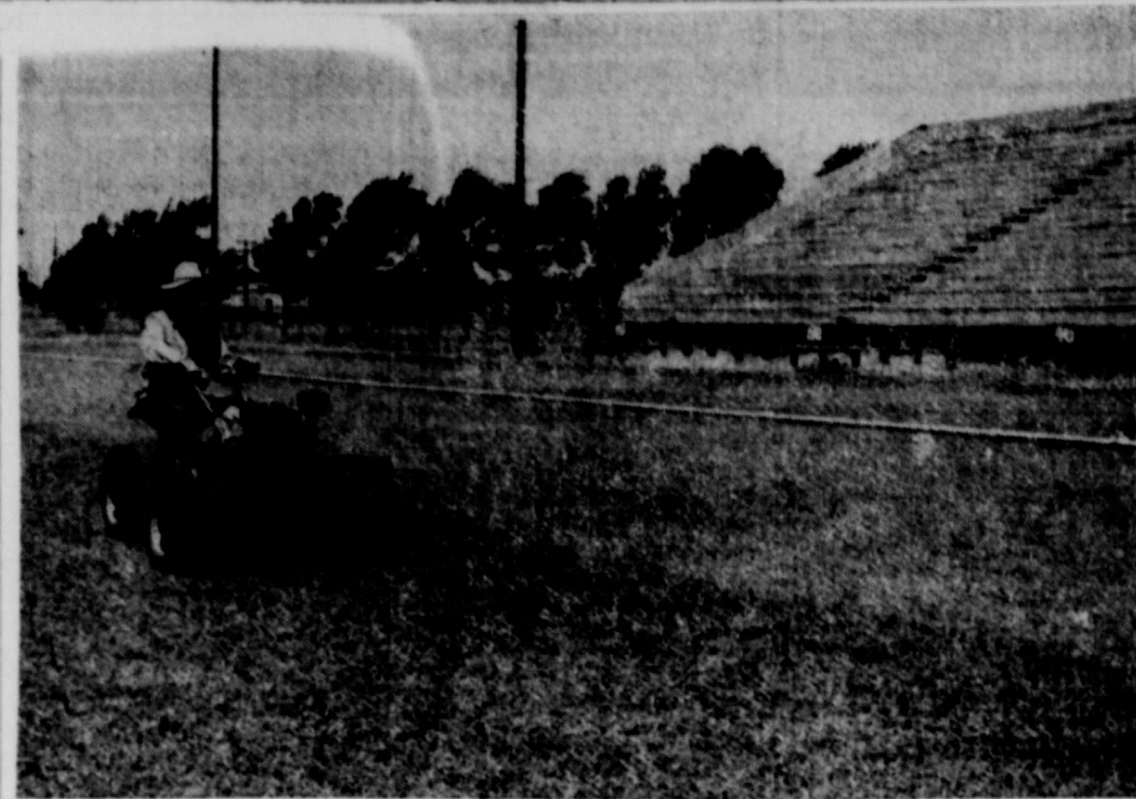

The right to a speedy and public trial, by an impartial jury, in the locality where the crime was committed, the right to be informed of the nature and cause of the accusation, and the rights to compel attendance of defense witnesses and to have the assistance of defense counsel in all criminal prosecutions are secured by another section of the "Bill of Rights."

Excessive bail and fines, and cruel and unusual punishments, are prohibited in Amendment VIII. Other articles insure the right to bear arms and ban quartering of soldiers in private homes during peace time.

Then, to make quite clear to our governing bodies the underlying intent of the preceding provisions, the Ninth Amendment states: "The enumeration in the Constitution, of certain rights, shall not be construed to deny or disparage others retained by the people."

The Tenth Amendment further emphasizes this basic theory by providing: "The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people."

Thus, that fundamental philosophy expressed in the Declaration of Independence, that men are endowed with certain inalienable rights, and that "to secure these rights, governments

Jail-Breaking Exhibit Shown

PITTSBURGH (AP)—To the ingenious prisoner there are many ways of getting out of jail.

Olin G. Blackwell, an official of the Federal Bureau of Prisons, displayed a few of the gadgets used, at a recent forum sponsored by the National Jail Association.

A jailer's key fashioned by memory from an old toothbrush handle.

An "electric bar cutter" obligingly geared to prison current. A "harmless pencil," with a vicious scalpel blade tied to the other end.

A bar saw made by chopping teeth in an ordinary table knife.

are instituted among men, deriving their just powers from the consent of the governed," has been carried forward into the highest law of our land.

Gone With the Wind

ATLANTA (AP)—Only a few of the many thousands of pages that made up the manuscripts for the record-breaking novel "Gone With the Wind" remain in existence. Stephens Mitchell, brother of the author, Margaret Mitchell, disclosed recently that after Miss Mitchell's death her husband, John R. Marsh, burned most of the manuscript in accordance with her wishes.

The few remaining pages were stored in a vault to be used in the event of any legal questions arising as to the authenticity of authorship. The original manuscript had been sought by many libraries but Miss Mitchell didn't want to leave any personal belongings in existence after her death.

Mitchell said this feeling of his sister's about personal possessions even applied to the family home on Peachtree Street, now occupied by himself. She had requested that it never pass outside the family so after Mitchell moves in the near future it is to be torn down. Marsh's death this year left Stephens Mitchell as his sister's heir.

Drydock to Float Again

SINGAPORE (AP)—The world's largest floating dock, lying at the bottom of the Pohore Straits with a 14,000-ton Japanese cruiser in her basin, is to be refloated and towed to Britain for breaking up.

The 24,750-ton Singapore floating dock, capable of holding a 50,000-ton ship, was scuttled by the British to prevent it falling into Japanese hands before the fall of Singapore.

The Japanese refloated it, but allied bombers sunk it again with the cruiser, Shiretoko, in her basin. The dock has lain in the strait between Singapore and the Malayan mainland ever since.

Birds Need Vitamins

AUSTIN, Texas (AP)—Birds have to have their vitamin A, too. This was made clear in a report on bobwhite quail by the wildlife manager of the big King Ranch in South Texas, V. W. Lehmann.

The quail died off mysteriously in wholesale lots on the ranch

during the winter of 1950. Lehmann said tests indicated that lack of native food and severe cold weather had restricted the quail's feeding time caused them to die. A ring stamped 1950, 10 cent gold.

Wozett Girl Wins First Place In Public Speaking; Tells of Trip

Stewart, 4-H Club girl, won first in the Public Speaking Contest at Round-Up. Patsy tells the story.

Entering the Public Speaking Contest in Amarillo and placing first, I was privileged to represent at the 1952 4-H Round-Up at College Station.

Mr. Pugh, Home Demonstration agent, was unable to go with me so I went with Mary Watson Jones, demonstration agent from County, and the four representing that county at the contests and as delegates.

We left Perryton before 12 o'clock for Amarillo where we were to continue our trip by chartered bus to College Station.

We arrived at our destination somewhere close to 3:00 and waited a short time before we boarded the buses. There were 3 buses and I might say now that I have never had so much fun as I did during this trip.

I didn't ride the entire trip in one bus but a majority of my trip was spent in bus number 1. Our bus driver's name was Buddy, but we 4-H'ers nicknamed him Bunny. He was really a swell guy. We always got a good laugh while listening to the bus drivers "kid" each other. They were always playing jokes on one another, wiring the windows shut, tooting horns, and telling Bunny to push harder on the "go" pedal in his bus.

We sang all the old songs and learned new ones, played games, and got acquainted with all the occupants in our bus. Everyone seemed to spend an enjoyable afternoon.

We ate supper at Childress that first evening and then drove on to Wichita Falls where we spent the night in the Holt Hotel.

We were up and ready to leave Wichita Falls by 7:00 Monday morning. We sang songs all morning until we could hardly talk. I didn't notice any one complain though.

We would order our meals enroute and Mr. Parr, the district agent, would telephone the entire order to the restaurant which had already been informed in advance to be prepared for a large group. Leslie's Chicken Shack in Waco was the stopping place for dinner. We all enjoyed good "ole

BIG FIRE CALL—Perryton firemen and lots of spectators rushed to the scene of this fire Tuesday afternoon only to find Howard Holt putting out a grass fire with a garden hose brought from the J. H. Neufeld home across the street. The fire occurred on S. Harvard and damage was at a minimum.

Southern" fried chicken and were anxious to get to the final stopping place. The Campus of Texas A & M finally appeared to our searching eyes about 3:00 in the afternoon.

We had plenty of time to get settled in our rooms, take a shower, and rest before going to supper and a party for 4-H members afterwards. The party was really lots of fun and I learned some new games and refreshed my memory on some games we learned at the Round-Up last year. Tuesday morning was spent in Room 2B in the Memorial Building. The Public Speaking Contest started at 9:00 and while waiting for all the contestants and the judge to arrive we played a get acquainted game and sang a song. I thought this was a very good idea as it put everyone at ease and promoted a better feeling. Mr. A. K. Karcher, Asst. State 4-H Club Leader, was the person in charge of the contest. After the judge, an English Professor at Texas A & M, arrived we drew for places and got ready to speak. The boys and girls contests are held separate and there were 12 girls and 9 boys in the contests. I considered it "good luck" when I chose the little slip of paper with number 6 printed on it. That gave me the position of Speaker number 6 in our contest. After the girls contest we had a rest session of

about 10 minutes and then I went back and listened to the boys contest. After doing so, it was 12 noon and time for dinner. After the meal all the delegates went to a program in Guion Hall. It consisted of an exhibition by Captain Don Lawrence from the Department of Public Safety. He performed some accurate shooting and had a right to, as he held 11 world championships.

The rest of the afternoon, I spent resting and visiting. Then at 5:30 I went back to the Memorial center to learn the result of the contest. I was very surprised and thrilled when the awards were presented and I received first place recognition. The award for first place in the contest consisted of a first place medal and a set of silverware. Also my records will be forwarded to the National Committee in October to be judged on a National basis.

I finally found Mrs. Jones to tell her of my good fortune and then we went to a Western Union Office and sent a telegram to Mrs. Pugh. Immediately we went to the State 4-H Banquet sponsored by Sears-Roebuck Foundation. The food was delicious and the program excellent. I was told it cost the Sears-Roebuck Foundation \$2000 alone to provide the entertainment. There was an orchestra, the Joan Frank Dancers, a singer, and a comedian. I enjoyed myself thoroughly.

Wednesday was spent on the road home and we arrived at the bus terminal in Amarillo about 10:15 that night. We were all so well acquainted and such good friends we regretted to say goodbye. We had all contributed to a fund before we stopped at Childress earlier in the evening and we bought Bunny, our bus driver, a gift. He could hardly think of a thing to say in order to thank us. He made us all happy by telling us if we ever needed another bus driver just ask for Bunny.

Our group stayed at the Herring Hotel and continued our trip home Thursday morning. I shall never forget the friends I made and the fun I had all because I attended the 1952 Round-Up. In closing I'd like to thank the Lipscomb County Council for the help they gave me toward paying my expense of the trip and to the others in the county who made this trip possible. It has been the highlight of my 4-H work and attending 4-H Roundup is a goal which all 4-H'ers should strive to achieve.

Senate Race Called Choice Between Texans or Truman

LUFKIN (Spl.)—The U. S. Senate race between Attorney General Price Daniel and Congressman Lindley Beekworth "presents Texans with a clear-cut choice between Texan and Trumanism."

That is the view expressed editorially this week by the Lufkin Daily News in presenting a comparative study of the past records and campaign statements of the Senate candidates.

The Lufkin newspaper places Price Daniel "on the Texas side," citing the fact that he has "won nationwide fame as a fighter for the rights of Texas and as a foe of Trumanism."

Lindley Beekworth is called, on the basis of the newspaper's review of his record, the man "who has the strongest pro-Truman record of any member of the Texas delegation."

The Lufkin newspaper explained:

"Whether Congressman Beekworth was promised a federal appointment or a high-salaried post with the CIO as generally rumored, it is certain from his record that the Truman crowd has every reason to take care of him, win or lose. It is certain that the same crowd opposes Price Daniel."

In reciting the record and positions of the two candidates, the Lufkin News listed their views on eight major current issues: corruption, spending, taxing, tidelands, foreign policy, labor, socialized medicine, and the Korean war. On each issue, Beekworth's views were shown to be "pro-Truman" while Daniel's views represented an "anti-administration" position.

Significant comparisons included:

On corruption: Daniel favors an "immediate house-cleaning of dishonesty and disloyalty," while Beekworth "has not criticized corruption" and has expressed the view that such criticism "cannot make our government better."

On spending: Daniels is "opposed to big spending, waste, and extravagance" and helped balance the budget in Texas while serving as Speaker of the Texas House of Representatives. Beekworth, on the other hand, is "most liberal spender in Texas delegation in Congress; has voted for every spending bill passed during his tenure in Washington; has no record favoring economy."

On tidelands: Daniel "led Texas fight to prevent Federal seizure of our tidelands" and is "recognized as one of nation's leading authorities on tidelands question." Beekworth "now favors State ownership" but did not vote on State ownership legislation in 1946. "No other Texas official has a weaker record on tidelands," the editorial states.

On labor: Daniel "has record of fair treatment of both labor and industry; opposes repeal of Taft-Hartley law" and has "no endorsement by labor." Beekworth has been rated by CIO as "one of 3 Texans in Congress most friendly to labor; has endorsement of out-of-state labor leaders; voted for Taft-Hartley law only after voting for crippling amendments."

On Korean war: Daniel "favors immediate end . . . either by (1) an honorable peace, or (2) by untying the hands of the fighting men and working for

Wesley Tusing Wins Top Army School Honors

AIRMAN TUSING

A-3c Alfred Tusing carried off top honors at the 4th Army Food Service School, Fort Sam Houston for the June graduates, and was presented a gold wrist watch for the laurels.

He was the honor student of his class in meat handling and cutting.

Tusing enlisted here last December. He completed his basic training at Lackland Air Force Base, San Antonio and on July 8 reports to Holloman Air Force Base, Alamogordo, New Mexico.

The Tusings have lived in Perryton since 1946, and are now visiting in the home of his grandmother, Mrs. Vera McKee. They have also visited her relatives Mr. and Mrs. Joe Mowles, Alebo, Oklahoma, and his mother, Mrs. Callie Norwood, Rocky, Oklahoma.

Mrs. Tusing will make her home at the new base.

Mrs. Della Webb, Mrs. J. B. Phipps, Jr. and Mrs. J. B. Phipps, Jr. and daughters, Joyce and Janie, all of Fort Worth visited last week end in the L. L. and L. H. Lane homes and with other relatives. Mrs. Webb and Mrs. J. B. Phipps are sisters of L. L. and L. H. Lane. The group were guests in the Audie Conley home Friday.

Youth Rally at Baptist Church

The Perryton Christian Youth Rally will meet at the First Baptist church Saturday night, July 12, at 8 o'clock.

There will be special songs from representatives of each church and also a guest speaker.

The rally was held Saturday night at The People's Chapel, when Rev. William Schneider of The People's Chapel gave a talk on "Religion In Old Mexico."

Wilma Fletcher, president of the Christian Youth Rally, presided at the Saturday night meeting and Anna Cheek made a talk preceding the business meeting.

CARD OF THANKS

My sincere thanks and appreciation goes to those dear friends who sent gifts, cards, flowers and performed many kind deeds during my recent illness and hospital stay.

NOBLE MODEL M

the cultivator that gives **Outstanding Performance** IN CHANGING SOIL-CONDITIONS

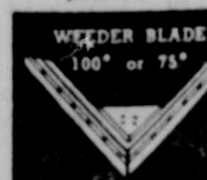

STRAIGHT BLADE ASSEMBLY
For better penetration in extremely hard ground. For extra deep work.

100° SHOVEL
Best for reasonably firm soils and most ordinary conditions.

75° SHOVEL
For sandy soils and very loose-textured black soils, particularly where grassy patches occur.

WEEDER BLADE 100° or 75°
For all weeding and similar work. After the ground has first been loosened by the regular blade. Fits on the same frog as the regular blade.

Designed to handle ALL SOIL CONDITIONS easily. Noble Cultivator attachments can be supplied for any soil condition. No cultivator without attachments can suit all conditions. Even where a plow will not penetrate, as for after-harvest work in certain dry baked soils, the Noble straight blade attachment will usually penetrate and work satisfactorily.

For weeding and second stubble summerfallow work the weeder blade is readily interchangeable, going on the same frog as the regular shovel blade. This weeder assures a better weed kill than the ordinary blade and should be used wherever the ground is sufficiently loose that it will penetrate. It clears through, penetrates and with-stands rocks where the ordinary rod weeder will not.

The Model M shown above is very popular for use with Noble quadron hitches, from two to seven in a unit, for large power.

Write for information, stating your soil type and tractor power.

Fifteen years' experience under all field conditions is behind this cultivator. We welcome comparison in field tests with any other tillage equipment.

To the Editor:

See by the Amarillo News, July 5th, that; "Two hundred and seventy-five acres—adjoining the VA Hospital is to be returned to Potter County by the Federal government."

Rep. Walter Rogers and Sen. Lyndon Johnson — announced passage of special bills to return the land to Potter County. This case is very similar to ours here our "Wolf Creek Project" and seems to suggest that if we would have gone about it differently, we might have had this land returned to the County outright. The land in both cases was bought by County with tax money and given to the Government for a specific purpose. When it was not so used, action to recover was taken, when it was learned that the Federal authority was planning to sell it as surplus.

As it is, we have only a lease, and of course, all mineral rights are lost. I guess it is now "Tide Lands." Incidentally, can someone clear up the discrepancy, between "The East Five Hundred (500) acres of Section 564, Block 43, N. & T. C. Ry. Co., grantee, Containing 651 acres, more or less." Quitclaimed by the Texas State Park Board to the U. S. A. and the acreage as now reported to have been leased, and recently subleased. Will you please give us the facts as they

Two Injured in Plane Crash

Two local men were injured and their plane demolished in a crash at the Perryton airport Saturday night.

Injured were Max Herman Clark, pilot of the plane, and Richard Bowles, his passenger. The crash occurred around 9 p. m. Saturday night when a gust of wind caught the light plane as Clark was attempting to take off. It has been reported. The plane crashed into the ground and both Clark and Bowles were hurt.

Bowles managed to climb out of the plane and secured help to take Clark to the Perryton Hospital, where it was discovered he had a skull fracture over his right eyebrow, plus numerous bruises.

He was released from the hospital Monday night.

Clark had held a pilot's license since 1948. The plane's engine was torn loose and the tail section was heavily damaged. It was called a complete loss.

Crop-Dusting Costly

BOZEMAN, Mont. (AP) — Crop dusting by plane is 24 times as dangerous as driving an auto. The comparison was made by David Nelson, chief of safety operations, Civil Aeronautics Commission, before a Montana State College pest control course.

Nelson said 197 pilots had been killed, 202 seriously injured, 400 planes destroyed and an estimated three million dollars lost in crop dusting operations in the past five years.

It is estimated that for the last three centuries the population of the world has increased about five thousand people each year on the average, but since 1900 the average has been about eight per thousand.

Stray Choppers Found at Ice Plant

Cy LaMaster of the City Ice Co. has a set of false teeth he would be glad to return to the owner. Cy found the stray choppers Sunday afternoon on the ice plant dock, and says they seem to be in pretty good shape and someone probably needs them. He left the teeth in the Herald office where we would be glad to return them to the owner.

quit his job on June 23. Phagan said that Daniels has posted \$1,000 bond and is awaiting action of the grand jury.

Daniels was taken into custody at a farm 10 miles northwest of Hooker, Phagan said. Phagan and a deputy sheriff of Hooker discovered the tools locked in the trunk of the Daniels automobile.

Included in the tools was an electric drill, electric saw and a tool box of wrenches. The tools were taken from the barn at the Flowers farm on Sunday night, June 29, and tracks indicated that a car drove across the field west of the house in order to reach the barn.

Suicide Try Foiled

SINGAPORE (AP) — A twenty-year-old woman, fed up with life because she had married a "rascal," decided to end her troubles by jumping from the window of her house.

She landed in the seat of a pedicab, suffered only slight injuries and was ordered to sign a bond to be of good behavior for six months.

Bethel-Camrick

By MRS. J. E. BURKHAM

Mrs. Eugene Phelps is in New Mexico for a visit with her son-in-law and daughter, Louise.

Eugene Smith had some hard luck, last week. His car burned up.

Thursday evening callers in the home of Mr. and Mrs. Elmer Cagle were Mrs. Oscar Doshier and Donnie, Mr. and Mrs. Stevens and children, and Rev. and Mrs. Burkham and Elston. The children had a good time shooting fireworks.

Benny D. Watkins and Robert Fluharty of the Lowry Air Force Base at Denver, Colorado, were guests of Mr. and Mrs. Raymond Leatherman during the holidays. Robert formerly worked for the Leathermans, who say: "He is like a son." These boys left for camp after church services, Sunday night.

Friday evening a social was held at the Bethel Baptist Church to honor our service boys, Bob Fluharty and Morris Boies who were home on furlough.

Elmer Cagle hurt his back, last week. However, we are glad that he felt able to attend church, Sunday night.

Sunday afternoon, funeral services were held for Webb Seisbee of Hardesty. He was an invalid for twenty-eight years. Interment was made in the Pleasant Ridge Cemetery.

We appreciated the attendance of Mrs. Ona McClenagan, Sunday night, at Bethel Baptist Church. Mrs. McClenagan is visiting her sister, Mrs. Oscar Doshier.

Men of the Panhandle Baptist Association had work day, Monday, at the grounds of the Gibson Baptist Assembly, in order to finish doing that which is necessary before the opening of the

encampment next week.

Family night will be observed at Bethel Baptist Church, Wednesday evening.

The G. A. S. of Bethel Baptist Church are to have their "World Comrade" program this Wednesday. The theme for the meeting is "Ring Liberty Bells Today." The topics to be discussed are "Freedom to Worship," "Freedom of Speech," "Freedom of the Press," "Missionary Magazines," and "Government and Freedom." Parts have been planned for the following: Darline Gibson, LaManda Stevens, Sharon Blair, Sherriell Leatherman, Donnie Doshier, and Delores Leatherman.

Gibson Baptist Assembly will be held July 14th through the 20th. Rev. Sam Scantlan of Oklahoma City will be camp pastor. He is our state superintendent of rural and city missions. A musician has been secured to lead the singing. He will also teach two music classes: one for the juniors, and one for the intermediates and young people. Two missionaries have also been secured to speak at this encampment. There will be a one dollar registration fee for those who camp on the grounds. Campers

New Electric Charge Remover

CHICAGO (AP)—Have you ever been shocked sliding over a plastic automobile seat cover or while flicking on an electric switch after walking across a rug? It's caused by static electricity and the shock comes when you are grounded.

Eric O. Sonneman, general manager of the Merix Chemical Co., (1021 E. 53th Street, Chicago) announced his company now is ready to market its new anti-static compounds. One is used for smooth surfaces on which it is wiped, sprayed, or brushed. It prevents static in such objects as plexiglass windows, plastic parts, automobile doorhandles, and phonograph records.

The other removes electrical charges from fabrics of textile fibers and plastic yarns. It is used on seat covers, belts on industrial machinery and is sprayed on hospital floors and garments to prevent static-caused sparks.

Tucker-Altmiller Vows Exchanged In Baptist Church at Pampa

Wedding vows for Miss Bobby Jo Tucker, daughter of Mr. and Mrs. R. W. Tucker of Pampa, and Wendell Reece Altmiller, son of Mr. and Mrs. Ray Altmiller of Darrouzett, were exchanged in the First Baptist Church of Pampa, at 6:30 p. m. July 2. Rev. Douglas Carver officiated at the double-ring ceremony.

The altar was decorated with greenery, palms and pink and white asters in cathedral urns. Tall white tapers were used in candelabra.

Miss Eloise Lane played an organ prelude and accompanied Miss Pam McDonald of Canyon who sang "Through the Years" and "I Love You Truly." Traditional wedding marches were used.

Candles were lighted by Bill Gaut of Pampa, nephew of the bride, and Henry Altmiller of Darrouzett, brother of the bridegroom.

The bridesmaids and maid of honor wore identical gowns of starched pink organdy, styled with scalloped necklines, fitted bodices and ballerina-length skirts with scalloped hemlines. They wore scalloped half-hats of matching organdy and mitts which came to points at their wrists and were finished with scallops to match the dresses and hats.

The attendants carried nosegays of pink Esther Reed daisies. The maid of honor was Miss Pat Duzan of Plainview, college room-mate of the bride. Bridesmaids included Miss Pat Roark of Shamrock, Miss Louise Robins of Logan, Okla., Miss Margaret Scott of Pampa and Miss Lorene Miller of Darrouzett.

Junior bridesmaids, Miss Dianne Zachry of Pampa and Miss Wilma Rae Fausset of Darrouzett, were dressed in gowns identical to the other attendants.

Best man was Charles Altmiller of Darrouzett, brother of the bridegroom. Groomsmen included Jett Mason of Amarillo, Irvin Born, Russell Altmiller and Jim Laurie, all of Darrouzett.

The bride escorted to the altar by her father, wore a gown of imported Swiss organdy designed with short sleeves, fitted bodice and a full, gathered skirt accented with a colonial set-on ruffle. The bodice was closed in front with self-covered buttons and came to a point at the waistline.

Her fingertip veil of imported French illusion was attached to a Juliet cap of white organdy, trimmed with pearlized orange blossoms.

The bride's hand-made mits of white organdy, trimmed in illusion, came to points at the wrists. She carried an arm bouquet of white feathered carnations and stephanotis, centered with cymbidium orchids.

The bride's mother wore a pastel chiffon dress with black accessories and a corsage of orchid asters. The bridegroom's mother wore a navy cotton lace dress with white accessories. Her corsage was of white asters.

ENGAGEMENT ANNOUNCEMENT. Mr. and Mrs. Frank Harder of Mountain Lake, Minn., announce the engagement and approaching marriage of their daughter, Ann Nora to Kenneth E. Unruh of Balke, Okla. The wedding will take place in the Menomonee Brethren Church of Mountain Lake in August. (3)leasq

Judy Bowlin Is City Guest

Judy Bowlin of Amarillo was a guest of Oma Dell Ryan last week.

Oma Dell and her mother, Mrs. O'Dell Ryan, honored their guest with a waffle breakfast, Sunday morning, in their home at 413 S. Drake.

A red, white and blue color scheme was carried out in the centerpiece and table setting.

Places were laid for Judy Bowlin, Nancy Reitz, Sue Morris, Pat Haywood, Jimmie Newman, Carolyn Kelly, Kay Munger, Maurine and Diane Pearson and Oma Dell.

Susan Pearson and Karen Prichard were unable to attend.

Following breakfast the group attended Sunday school.

Coffee Honors Mrs. J. T. Davis

Mrs. Jack R. Allen, Mrs. Jack M. Allen, and Mrs. G. K. Rupprecht were hostesses for a coffee, Saturday morning, in the Jack R. Allen home at 610 S. Baylor, honoring Mrs. J. T. Davis of Gatesville, who visited her sister, Mrs. Bill Allen, last week.

The serving table was laid with a white organdy cloth and appointed with silver, Figuerines, holding baskets of flowers, decorated the table. Mrs. Bill Allen presided at the silver coffee service.

Fifteen guests attended the courtesy.

GM Builds New 'Two-Way' Plant in Texas

Construction work has begun on the new General Motors "dual purpose" plant (above) at Arlington, Texas, where GM's Buick-Oldsmobile-Pontiac Assembly Division will build a Grumman-designed airplane for the United States Navy and assemble passenger cars simultaneously. The flexible layout of the plant will permit combined aircraft-automotive operations or it can be converted in a matter of days to either

total aircraft or total automotive production, depending upon military requirements. The "dual purpose" plant idea was first proposed a year ago by C. E. Wilson, GM president, as a means of maintaining strong military and civilian production levels without disruption of plant facilities or working forces. Most of the Buick, Oldsmobile and Pontiac cars produced in the Arlington plant will be for distribution in Texas.

Oldster Invents Sports Gadgets

ALTOONA, Pa. (AP) — For a Johnny-come-lately inventor, 70-year-old Joe Parks is doing all right.

His inventiveness turned to sports since he has been a sportsman all his life, as well as a poultryman and banker. In the last year he has filed seven patents with the Patent Office that apparently are new and different. Among them are:

A leg fishing device that leaves the hands free for rowing. A noiseless anchor that won't scare the fish. The weight can be

increased by adding sand or gravel.

A fishing leader that can be retrieved from deep-hooked fish and another hook put on.

A rear-view boat mirror for row boats.

Veterans Forum

Q. I have a permanent GI insurance policy which lapsed and which VA has been continuing in force as "extended term insurance." Is there any way I can reinstate my permanent policy? If so, is there any time limit?

A. Your permanent insurance may be reinstated at any time upon application. You will be required to pay all back premiums with interest. If you apply within five years from the time your extended insurance would expire, you won't need either a comparative health statement or a medical examination.

Q. I soon expect to finish high school under the GI Bill, and I have some entitlement left. Could I go to college, even though the July, 1951, cut-off date has passed?

A. Yes, VA considers that moving from high school to college is a "normal progression," and is allowed under its post-cut-off date regulations.

Q. I applied at a lending institution for a GI home loan, and was turned down. What should I do?

A. See another lender. The fact that one lender is not interested in making the particular type of loan that you want does not preclude the possibility that another may be.

Q. I am a World War I veteran.

Mecca Pilgrimage Planned

SINGAPORE (AP) — A total of 5,700 pilgrims from Singapore, Malaya, North Borneo, Sarawak and Brunei are expected to sail for Mecca this year.

A spokesman for the Moslem advisory board said strict measures would be carried out prior to sailing to avoid, as far as possible, deaths or births among pilgrims. Mecca pilgrimages from this area in the past have been marked by disease and deaths.

an drawing Civil Service retirement pay. Must I include this money in figuring out whether my total yearly income is below the ceiling for getting a pension for a total non-service-connected disability?

A. Civil Service retirement payments do not count as income until you have received the full amount you have contributed under the program. After that, the retirement payments are considered, in computing income for pension purposes.

Milk that is really delicious. I'm speaking of wonderful FAIRMONT MILK. "GROW" Food and it's the "Go" Food. That's why grown-ups and teenagers are urged to drink it every day. For no matter how old we may be we never outgrow our need for milk.

And there are so many exciting ways to serve milk we never be at a loss to find some that will appeal to every member of the family.

Here's a recipe for Milk Fruit Punch.

1/2 cup Fairmont Frozen strawberries and juice with 1/4 orange juice and 1/4 cup lemon

add 1/2 cup sugar, 1/2 teaspoon 1/2 cup chilled Fairmont Milk.

Put in a rotary beater. Pour into glasses. Garnish with mint leaves and serve. Serves six.

Be sure to try a glass of cold, Fairmont Milk just as it comes from the farm. You'll like the way its own creamy goodness pleases.

A Year of Decision

Local and state politics have been somewhat overshadowed this year by the turbulent national political scene but here it is only two weeks until the July Democratic Primary and voters will at that time decide upon their public officials to serve for the next two years.

As Martin Dies said here earlier this year, "This is a year of political decision," and we believe that this year of decision is not confined solely to the determination of a national administration. If it is really a year of decision, careful thought must be given to the selection of county, district and state officials.

Candidates for county office are generally known by their constituents but the candidates for district and state offices are not so well known. This applies particularly to the candidates for justices of the state courts. Each voter should make an effort to learn something about these state candidates, and such pieces of information as the state bar poll will be of help toward deciding upon these candidates.

All candidates should stand the test of qualification by training, an experience, personal integrity, and devotion to duty. When we assure ourselves of the right kind of county, district and state officials, we will have taken a great stride toward assuring ourselves of securing the right kind of national officials.

If this is a year of decision, the place to make that decision is at the ballot box.

Poorer Grades for Younger Children

TRENTON, N. J. (AP)—Children who enroll in school at too early an age earn the poorest grades, says H. M. Davis, supervising principal at River Edge.

Writing in the New Jersey Educational Review, he reports stud-

ies of first grade pupils under 6 show a higher percentage of low marks than those over that age. "A child of 5 is 25 per cent older than one who is 4," he writes. "To insist that a 4-year-old enter school and compete with 5-year-olds, is the same as to insist that a 16-year-old boy fight with 20-year-old men not once or twice, but day after day."

A tip to local candidates: Be friendly with the barbers. This information was given to us by Joe Moss, candidate for the state court of civil appeals, who visited here last Wednesday and said that he got his information from old timers in the political game. Moss says the way it was explained to him is that practically everybody visits a barber about once a month—the men to get a haircut or shave, and the women to take junior or look for papa.

Since barbers are known for carrying on a good conversation while performing their tonsorial duties, it behooves a candidate to make a good impression upon the barber and maybe he'll pass it on while he has his customer helpless under a hot towel or imprisoned under the haircut cloth. We hadn't thought much about this, but it seems to make sense. If we ever run for anything, we'll keep this in mind.

A couple of young fellows from Pittsburg, Pa. came into the Herald office last week, looking for a job on a ranch. Quite determined about it, too, said they had tried driving a tractor, but that wasn't quite what they had in mind when they made the trip to Texas several weeks ago. We tried to tell them that the pickup has about supplanted the horse as a cowboy steed, but they were unconvinced. Last we saw of them they were headed for Canada to get acquainted with some real cowboys. If they didn't make the grade there, they intended to go on to King Ranch in south Texas.

A fellow asked us the other day if they cut down the trees in front of the courthouse just so that there will be a better view of the building. While the view is better, to be sure, the main reason the trees were removed, so custodian Hardy Hulsey tells us, is that they were tired of washing off the sidewalk each morning. Birds, you know.

Now that the July 4 fireworks are over, we learn from the National Fire Protection Association in Boston that fireworks shot off to celebrate American independence have cost more lives than it took to win that war. They say that more than 100,000 persons have been maimed, crippled, blinded and killed in independence Day celebrations since 1900 alone.

Safety note to housewives: Turn the hooks on your clothes hangers all in the same direction. Last week at a fire in Portales, N. M., the firemen said they could have saved most of the clothing in a home if the hooks had been turned the same way so that they could be snatched off all at one time. But with hooks going both directions, it took too long to remove the garments one by one and most were burned.

Social note: Miss Bette Lou Renick, of Liberal, who was chosen as the 1951 Wheatheart of the Nation, was recently picked to represent Kansas in the Miss Universe contest of 30 nations. She lost the title of Miss United States to a Brooklyn red head, who later lost the Miss Universe title to a beauty from Finland.

The Northerners are always lamenting the terrible living conditions of the Negro in the South, but Paul Crume in his column "Big D" in the Dallas News, has pointed out that an article in the current issue of "Ebony" the Negro magazine, says there are more Negro millionaires in Texas than in any other state in the Union.

With the Republican convention going full swing, we couldn't resist the temptation to check with C. W. Foote Mon-

day afternoon and see if by chance he was getting any television reception. Unfortunately, conditions were not right for TV reception, although he said he had part of the convention the night before. However, we did get in on the tail end of a bit of excitement. A traveling salesman called on Foote that day and was followed into the office by a four-foot bull snake, and for a while both Foote and the salesman thought someone was trying to play some kind of a practical joke. They killed the snake and pitched it out on the lawn, and that's where we saw it.

We're sure glad no one has come up with the idea of growing beards for the fair this year, like we did for last year's celebration. After all, we proved that we could grow one, and that experience with an itchy growth of hair in hot weather was enough to cure us of the urge for years to come.

So help us, we saw a man struggling up the street Monday afternoon, July 7, wearing a top coat. The weather was cool, as everyone knows, but the sight startled us so that we lost valuable time going after our camera, and by the time we found it the man had disappeared. We really needed photographic proof of that sight.

The "colors" used by today's military organizations are direct descendants of the banners of knights and barons in the Middle Ages.

Wolf Creek Philosopher

Politics Baffle Other Folks, Too

(Ed. note: The Wolf Creek Philosopher seems a little baffled this week, his letter reveals. Probably the heat.)

Dear editor:

I was sittin out here on the Fourth of July, takin a holiday, although understand I do not follow the general trend in this matter. If a holiday is good on special occasions it's good on ordinary occasions, no use takin one say just on Lincoln's birthday, take one every time you think of Lincoln, and you stretch this out over all the heroes and special days we got and at the end of the year you run up a total of holidays a man's entitled to, and I notice the bankers take advantage of this line of thinking; as I say, I was sittin out here not doin anything when a ripple of wind turned the page on a newspaper I was lookin at and had been wonderin for some time what was on the next page, and since it was as handy as it was I went ahead and looked at that page and noticed an article which reported that most Europeans are baffled by political events in the United States.

Accordin to this article, "Europeans can't understand the system whereby American primary elections are held to pick a delegate who goes to a convention and votes as he chooses for a candidate who will have to run all over again in November."

In this connection, I would like to say that a man does not have to go to Europe to be baffled by American politics. I ain't never been out of the country and I been baffled all my life.

We Americans, when we get a chance to vote, generally do a pretty passable job, maybe we've made a few mistakes here and

there, but the system we got for gettin something to vote for ain't always made too much sense. It puts too much power in the hands of a few people who seldom come out here and ask me who I want. Maybe they ask you and other important people, but so far I been pretty generally ignored. Of course if they asked me, I ain't sayin I'd have any better ideas than theirs.

However, even if politics is bafflin to the average voter, he ain't by himself. I've seen lots of office holders, even Presidents, who at times was baffled themselves. It's a pretty popular state of mind.

Yours faithfully,
 J. A.

There are Miles that Make You Happy

YOU'll discover a lot that you like in this neat, fleet and nimble traveler the first mile you drive it.

Such things as cushions broad and deep—six-passenger room unsurpassed by any car in America—fabrics rich, soft, harmonious.

As you take it through traffic—breast a hill or two—try it out on back roads—you'll find that you handle Dynaflo Drive® as if you had always used it—your ride is serenely level—and a great tide of power comes surging up as you need it.

This, you will say, is very Super indeed.

But no one-time sample can tell you the deep-down enduring thrill that is yours when you own this great middle series Buick.

How easy it is to park in round-town driving, especially if you have Power Steering.†

How relaxed you and the family will feel at the end of a long day's vacation jaunt—with Dynaflo Drive to let you drive at ease on the open road, without the tenseness of clutch-pushing in traffic—plus a Million Dollar Ride to protect the comfort of the family.

That ride is something to talk about. More than a dozen selected engineering features control roll and wander on curves—snub dip and sway before they get past the frame—carry you over all kinds of roads with lullaby smoothness.

And that Fireball 8 Engine—man, what a docile thunderbolt you'll find it to be! Here's a high-compression valve-in-

head that really wrings miles from a gallon of gas.

In other words, all the miles you travel in this Buick are going to make you gladder and gladder that you bought it—for comfort, for fun, for thrill and for thrift.

GOD'S LIVING LETTERS

PERRYTON MINISTERIAL ALLIANCE

Carnegie Hall in New York City was packed to overflowing. All of us were spellbound by the sheer loveliness of the voice coming from the stage. Then the applause was deafening and prolonged. Nearly thirty years later in Pasadena I was moved to tears and to exultation by that same incomparable voice.

The artist was Roland Hayes. He was the first Negro to achieve eminence as a concert singer. Race prejudice was deep and high. With difficulty did he find a competent teacher of voice. Finally he was accepted as a pupil by an operatic singer in Boston, on condition that the lessons be given in the teacher's home, in order not to embarrass the white pupils. When ready for a concert tour, he was unable to find a manager who would make arrangements for a Negro singer. He had to make his own engagements, and on tour had much trouble in finding hotels and restaurants which would accommodate him. Music critics were reluctant to accept a Negro as a serious artist.

His first high acclaim came while on concert tour in Europe. He gave a command performance before the King and Queen of England, and appeared before notable audiences in continental capitals. News of all this reached musical circles in the United States and it became easy to obtain professional management for his tours which became continuous ovations. His earnings reached the top figure of twelve thousand dollars for a single performance.

One columnist wrote: "Roland Hayes sang of Jesus, and it seemed to me that this was what religion ought to be. I saw a miracle in Town Hall. Half of the people were black and half were white and while the mood of the song held, they were all the same. They shared together the close silence. One emotion wrapped them. And at the end it was a single sob." Thus God blessed the black singer with a precious voice.

Blaze Gets Personal Attention

The sincere desire to do God's will, and acting according to that desire, demonstrates our gratitude for the Father's love, says the Lesson-Sermon titled "Sacrament" to be read in Christian Science churches on Sunday. The Golden Text is from Psalms and reads: "What shall I render unto the Lord for all his benefits toward me? I will take the cup of salvation, and call upon the name of the Lord" (116:12, 13).

The necessity for self-examination is indicated in these Biblical verses and correlative citations from the Christian Science textbook: "Search me, O God, and know my heart: try me, and know my thoughts; and see if there be any wicked way in me, and lead me in the way everlasting" (Psalm 139:23-24). Mary Baker Eddy writes, "We never need to despair of an honest heart; but there is little hope for those who come only spasmodically face to face with their wickedness and then seek to hide it. . . . We should examine ourselves and learn what is the affection and purpose of the heart, for in this way only can we learn what we honestly are" (p. 8).

Relatives Attend Wagner Funeral

Out-of-town relatives who attended the funeral services of Lewis Edward Wagner Thursday afternoon, July 3, at the First Baptist church, were Miss Leona Moore, St. Louis, Mo. Mr. and Mrs. Leslie Moore, Lynwood, Calif., Lowell Moore, Borger, Mr. and Mrs. George Flanders, Okemah, Okla., Mr. and Mrs. Ray Moore, Oklahoma City, Charlie Hooper, Borger, Mr. and Mrs. George Rogers and family, Guy-

mon, Mrs. Dora Ballew, Los Angeles, Calif., and Mrs. Myrtle Wakefield, Achille, Okla.

Mr. Wagner was born August 7, 1895 at Porter, Arkansas and came to Ochiltree county in 1909. He was married to Miss Alta Moore on August 7, 1928 and the couple lived in Ochiltree county until 1934 when they moved to Oklahoma City.

They operated a grocery store there until 1943 and then moved to Lynwood, Calif., where they lived until October, 1951, when they returned to Perryton.

He died July 1 at the home of his mother, Mrs. J. A. Wagner, in Perryton.

Whoopers Off to The Unknown

NEW YORK (AP)—America's most publicized bird, the whooping crane, has started its annual flight north, to possible extinction.

At a new low ebb of 23 wild birds (plus two in captivity), the species has a fighting chance to survive. It depends on the hazards of migration, on conditions at their unknown nesting ground in the far North, and on whether two dozen birds are too small a number to provide the spirit or whatever it is that makes a species live on.

The cranes winter at the Texas National Wildlife Refuge. Attempts to locate nesting sites have been unsuccessful.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions and that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice go Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH GOER and a daily BIBLE READER.

This is a day of reckoning. This is a day of exactness. This is a day when every man must stand up and be counted. Whether you are a watchmaker or a grinder of high-powered lenses . . . you've got to be good. God demands our best. He is not satisfied with average products. To be out of measurement means the whole of what you are doing is useless. Precision grinding is expected of you if you are to be trusted with the operation of this highly efficient machine. *Spiritual Precision is necessary if you are to walk with God.*

We also are to work in the field of sensitive minds, hearts, nerves and spirits. This is the realm of spiritual and eternal values. Flesh and blood persons are to be dealt with. Am I as careful in moulding the life of a child as in creating a watch, or a lens, or a pilotless plane? There is no better place to learn of the fundamental workings of God than at the little Church on the corner. Here, you will hear the Master Workman, as he says, "Inasmuch as you did it unto one of the least of these, you did it unto me."

Last Chance to Win TEXAS OIL WELLS!

Easy Dr Pepper Jingle Contest Closes July 31—Hurry!

Just Complete This 2-Line Jingle to Rhyme with True!
"Get a Lift for Life, It's Really True..."

Yes, YOU can win the most fabulous first prize in contest history—an income from not one, but 44 producing Texas oil wells! Or you can win one of 899 other really valuable prizes—just for completing an easy 2-line jingle to rhyme with "true." The winning rhyme may be as simple as, "Get a Lift for Life, it's really true, you'll go for Dr. Pepper, too."

You'll get plenty of good ideas for rhymes once you've tried Dr. Pepper's special sparkle. Then send in the complete 2-line jingle, enclosing a Dr. Pepper bottle cap or facsimile for each

word in the entire jingle. Enter as often as you want; get your friends and family to enter, too!

DR. PEPPER COMPANY WILL PAY FEDERAL INCOME TAX ON YOUR 1952 ROYALTY EARNINGS IF YOU WIN FIRST PRIZE. PROVIDED YOU DOUBLE THE NUMBER OF BOTTLE CAPS OR FACSIMILES ENCLOSED WITH YOUR ENTRY, AND SEND YOUR ENTRY ON AN OFFICIAL ENTRY BLANK. GET ONE AT YOUR DR. PEPPER DEALER, OR WRITE DR. PEPPER, BOX 5086, DALLAS, TEXAS, FOR OFFICIAL ENTRY BLANK.

Enter today! It's fun—and a few minutes' thought may win for you a Royalty from 44 Texas oil wells!

Read Easy Rules and ENTER TODAY!

Read How Dr. Pepper Pays 1952 Federal Income Taxes on First Prize!

1. Print or write plainly your two-line rhyme beginning with "Get a Lift for Life, it's really true." Use entry blank, or one side of a sheet of paper. Print or write plainly your name and address. All entries must be original work of the contestant and submitted in his or her own name.
2. Mail to Dr. Pepper Jingle Contest, P. O. Box 753, Chicago 77, Illinois. Enter as many times as you like, but with each entry, enclose a Dr. Pepper bottle cap or facsimile for each word in the complete jingle. Use a sturdy mailing envelope and affix sufficient postage. CAUTION: Do not send entries to Dr. Pepper Co.
3. You will be eligible to have Dr. Pepper pay your Federal Income Tax on the 1952 Royalty earnings on the first prize, if you write your entry or entries on an official entry blank and double the number of Dr. Pepper bottle caps or facsimiles you enclose with each entry. Entry blanks at your Dr. Pepper dealer, or write Dr. Pepper, Box 5086, Dallas, Texas, for official entry blank.
4. Contest will close July 31, 1952. Entries must be postmarked before midnight July 31 and received by August 15. Only entries with sufficient postage will be judged.
5. Entries judged on the basis of originality, uniqueness and aptness of thought by the Lloyd Herold Company, independent contest judges. Decision of judges final. Entries, contents and ideas become the property of the Dr. Pepper Company. Duplicate prizes in case of ties.
6. Any resident of continental United States may enter, except employees of Dr. Pepper Company, Dr. Pepper bottlers or advertising agents and their families. Contest subject to all U. S. and local regulations.
7. Winners will be announced approximately one month after the contest closes. All winners notified by mail. Complete winner list sent on request if you enclose self-addressed stamped envelope with your entry.

*Covers payments of approximately \$100 per month from fractional royalty interest under two tracts in the famous East Texas Oil Fields. Independent geologists estimate—copy on request—that the future returns of these royalties based on crude prices and allowable production as of March 28, 1952 is over \$50,000.

THE CLOSING DAYS OF THE SESSION: The drive for adjournment got under full steam during the last week of June and the first few days of July. This meant extra long sessions in both Houses of Congress and in all committees. This is especially true in the conference committees between the House and the Senate. When a legislative matter passes both Houses but is amended in either House, the legislation is submitted to a conference committee between the House and Senate to adjust differences between the Houses.

From where I sit... by Joe Marsh

How Nervy Can a "Tenant" Get?

"Harry the Hermit" dropped in to see Judge Cunningham the other day and started complaining about that dilapidated house he lives in over near Greenwood Lake.

"Who's my landlord?" Harry wanted to know. "Whoever you pay rent to," says the Judge. "Don't pay any rent," says Harry. "Moved into that house twelve years ago and nobody ever came to collect."

"Well," says the Judge, looking mystified, "what do you have to complain about?" "Plenty," replies Harry. "Rain's pouring in my living room and if someone doesn't

fix that roof, I'm moving out!"

Now Harry was only having a little joke, but from where I sit I've seen people act just about as nervy as this sometimes—seriously. Like those who enjoy all the rights Americans have worked for, and yet would take away some of those freedoms from others—for example, our right to enjoy a friendly glass of beer. I say these "leaks of intolerance" have no place in the "home of liberty."

PUBLIC HOUSING: You will remember that the House of Representatives reduced the number of public housing units authorized in the original committee bill from 50,000 to 5,000. This was contained in an appropriation bill. When this bill reached the Senate, the number of public housing units was increased to 45,000. Since there was disagreement, a conference committee went into the matter and finally agreed on 35,000 units.

When this bill came back to the House for approval, a motion was made to send it back to the committee for further reduction in the housing units. However, as I have pointed out in previous letters, the coalition that was able to reduce the original number from 50,000 to 5,000 failed to coalesce and the result was that the bloc of Southern Democrats were left holding the bag, and the House approved the 35,000 units. It was just another case of what happened on the controls bill.

The House had done away with many of the controls on goods not in short supply. However, when the matter got to the conference committee, most of these controls were put back on

House and was accepted by the House simply because of changed votes.

OTHER MATTERS BEFORE ADJOURNMENT: Almost every member has some bill that he wants to pass before adjournment. There is not supposed to be a filibuster in the House because of limited debate. However, when an attempt is made to bring a controversial bill to the floor, the opposition can easily start delaying tactics by many parliamentary maneuvers. One of these is to force quorum calls at every opportunity. It takes about 40 minutes to call the roll of the House. Yesterday the roll was called eleven times. So, you can see what filibustering in the House means.
