

Kennedy, Ike Preparing For Change In Regimes

New Chief To Select Aide

By RELMAN MORIN

HYANNIS PORT, Mass. (AP)—President-elect Kennedy conferred with his aides today about the selection of a representative to act as liaison with President Eisenhower's aides.

Kennedy had not yet replied to Eisenhower's telegram on the question of "the orderly transfer of executive responsibility."

Kennedy's press secretary, Pierre Salinger, said "we expect to have the answer some time today."

It is the normal procedure for the president-elect to name a representative to keep in touch with the administration in the period between the election and the inauguration on Jan. 20.

Salinger said Eisenhower's telegram was received late Wednesday afternoon. The text of it was released in Augusta, Ga. at 10 a.m. today.

Eisenhower also suggested liaison meetings with the director of the Bureau of the Budget and Secretary of State Herter.

Kennedy also was studying a telegram from Soviet Premier Nikita S. Khrushchev.

In a message sent from his vacation headquarters, Eisenhower suggested that Kennedy send an aide to meet with the White House chief of staff, Wilton B.

Persons, to make the arrangements.

"I would like you to know that I stand ready to meet with you at any mutually convenient time to consider problems of continuity of government and an orderly transfer of executive responsibility on January 20 from my administration to yours," the President said.

Eisenhower sent this message Wednesday in a telegram to Kennedy at his Hyannis Port, Mass. headquarters. Press secretary James Hagerty made it public this morning after an expected Kennedy reply had not arrived in time to be released simultaneously with the President's wire.

Hagerty told newsmen he understood Kennedy's answer—presumably an acceptance of Eisenhower's offer—would be released as soon as it is received sometime during the day.

Hagerty said he had told Pierre Salinger, Kennedy's press representative, in a telephone conversation this morning that he was going ahead with his plan to make public the President's message.

Hagerty said he did not know the reason for Kennedy's delay.

In urging advance consultation on foreign policy, Eisenhower told Kennedy: "The secretary of state will be prepared for meetings to provide information on foreign policy activities on which there will be special need for continuity after you shall have had the opportunity, after inauguration, to arrange these matters to your satisfaction."

The President is known to be especially anxious to keep Kennedy up to date on all developments involving the future of Berlin, disarmament and a possible East-West summit conference.

Eisenhower also hoped that Kennedy would name his secretary of state within a few weeks so that he could work with Herter in the days before the Democrats take over the government.

Jobless Roll Rises Again In October

WASHINGTON (AP)—Unemployment jumped by 191,000 in October although the idle rate normally declines in the fall. Employment dropped by 277,000.

When the figures were released at the Labor Department, a government spokesman acknowledged in response to questions that the report could have been announced before Tuesday's election.

Some Democratic partisans had contended the administration was holding up an unfavorable employment report for political reasons.

Seymour Wolfstein, the Labor Department's manpower chief, said that the over-all employment data was available around the first of every month.

But he said it was the usual procedure to hold up the figures until supplemental data was available.

The October report showed that unemployment rose by 191,000, increasing from 3,388,000 in September to 3,579,000. The idle figure usually declines by around 200,000 in October.

This contra-seasonal climb in unemployment sent the seasonally adjusted employed rate from 5.7 per cent in September to 6.4 per cent in October. This is the highest such rate of the idle in proportion to the total work force since December, 1958.

Employment declined from 67,767,000 to 67,490,000. October usually brings a seasonal increase of about 400,000 jobs.

The number of long-term unemployed, those idle 15 weeks or longer, rose to nearly one million.

Soviets Charge U. S. Hampers Panel Work

By MAX HARBELSON

UNITED NATIONS, N.Y. (AP)—The Soviet Union today accused the United States of trying to undermine the efforts of a new U.N. conciliation committee which has been set up to seek a solution to

the political conflict in the Congo.

The charge was contained in a Soviet delegation statement issued as U.S. Delegates James W. Barber appealed to the General Assembly's nine-nation credentials committee to act now to seat a delegation headed by Congo President Joseph Kasavubu.

The Soviet Union is backing a rival delegation representing "deposed" Premier Patrice Lumumba.

The Soviet statement asserted that the United States is trying to railroad a decision on the Kasavubu delegation with the aim of disrupting a normal solution of the Congo problem and "undermining the forthcoming work of the conciliation committee of Afro-Asian countries set up in accordance with a decision of the fourth extraordinary session of the General Assembly."

The assembly Wednesday suspended its debate on the Congo question indefinitely.

Ghana and Guinea, supported by the Soviet bloc, pushed through a surprise motion to hold up the Congo debate at Wednesday's assembly session. Ghana Ambassador

Alex. Nsamenang-Sackey urged postponement until a 15-member Asian-African commission makes an attempt to resolve the differences between the rival Congolese politicians. The commission is expected to leave for the Congo next week.

Nigeria's Jaja Wachuku, supporting the Ghana motion, contended "any debate and muddling here will result only in making the work of that commission impossible."

The United States tried unsuccessfully to delay a vote on the Ghana motion but it was carried 48-30, with its abstentions.

A spokesman for the U.S. delegation said later that the Congo debate can be reopened at any time. But he said the United States has not decided whether it would make such a move.

Thanksgiving Service Set

Initial plans for a community Thanksgiving Day service were announced today by a special committee of the Snyder-Scurry County Ministerial Alliance.

The committee to arrange the service was appointed recently by the Rev. R. Charles Spivey, president of the alliance.

The service will be held at Colonial Hill Baptist Church, and the Rev. Walter L. Lentz, pastor of Grace Lutheran Church, will bring the Thanksgiving Day message.

Arrangements are being made by Snyder Jaycees to broadcast the service for the convenience of shut-ins.

Serving on the alliance's committee for community events are the Rev. Custus Fletcher, vicar of St. John's Episcopal Church, the Rev. Harry Vanderpool, pastor of First Methodist Church, and the Rev. Jimmie Nelson, pastor of Colonial Hill Baptist Church.

Lake Cabins Burglarized

Three cabins in the Sourdough section at Lake J. B. Thomas were reported burglarized, with losses still unknown at noon today.

Cabins belonging to J. W. Key, Ben Grinnitt, and Ben Wilson were entered.

The Scurry County sheriff's department is investigating.

Communist World Reaction To Election Of JFK Split

LONDON (AP)—The giants of the Communist world split today in their reaction to the election of John F. Kennedy. Moscow was friendly, Peking hostile.

While most of the Free World looked to the U.S. president-elect for dynamic new leadership, Soviet Premier Khrushchev first of all congratulated Kennedy for his victory, and then declared readiness for "most friendly relations" and proposed negotiations on disarmament, Germany and other cold war issues.

Khrushchev, who blamed President Eisenhower for the U2 incident and collapse of the Paris summit, said he hoped Soviet-American relations "will again follow the line along which they were developing in Franklin Roosevelt's time."

Red China's official New China news agency, however, described the president-elect as a member of one of America's richest families and called him an advocate of military spending and war preparations.

The comment made clear that the election has not altered Peking's hate-America policy.

The differing Red reactions reflected the Moscow-Peking argument over peaceful coexistence with Khrushchev holding that war is not inevitable because communism can triumph by peaceful competition, and the Red Chinese arguing that "just wars" are inevitable as long as capitalism exists.

Moscow's Pravda, the Communist party newspaper, claimed American voters had rejected Vice President Richard M. Nixon because Republican policy had not conformed to "the interests of safeguarding peace."

Moscow radio said some observers believed the new administration would make a "more realistic appraisal of the international situation."

The election of the first Roman Catholic president was received with satisfaction at the Vatican.

Pope John XXIII, in a congratulatory cable to Kennedy, prayed that "Almighty God may

assist you" and expressed his good wishes to "the beloved American people."

Along the coast of Ireland, Kennedy's great-grandfather emigrated during the famine of 1847, a chain of bonfires burned Wednesday night. The little town of Newross was gay with flags in celebration.

Most Western newspapers viewed the election in the light of the cold war and looked to Kennedy to put new life in the Western alliance.

"The big sleep ends" said a headline in London's conservative Daily Mail.

Stockholm Expressen, Scandinavia's largest newspaper, said the tremendous task ahead of checking Communist advances and said the Free World hopes "Kennedy will be able to turn the tide."

Cuba's government-controlled press gave the expected secondary and acid-treatment to the election. La Calle, referring to Kennedy and Nixon, said one can-

Slender Margin Holds

By JACK BELL

WASHINGTON (AP)—Despite a dwindling popular margin from a record voter turnout, Sen. John F. Kennedy held 300 electoral votes today as he prepared to take over the presidency 71 days hence.

With counting continuing in California and Alaska, Kennedy had captured 22 states with 300 electoral votes—31 more than the needed 269.

Vice President Richard M. Nixon took control in 25 states with 168 votes. Eight electors in Mississippi and six in Alabama were not committed.

But in the popular vote, Kennedy held a margin of less than 325,000 votes in a tally of more than 66 million for the major party candidates. With returns yet to come and tallies for minor parties, it appeared that Kennedy's presidential victory might come on less than a majority of the popular vote cast. His 50.2 per cent of the popular vote is the tightest election since the first Benjamin Harrison-Grover Cleveland race in 1889.

Republican Harrison won an electoral victory there while running more than 100,000 behind in popular vote.

Plans already were under way for Kennedy representatives to work with administration officials Tuesday that "there is general agreement by all our citizens that a supreme national effort is needed to move this country through the 1960's."

"All of our energies will be devoted to the interests of the United States and the cause of freedom around the world."

Working with him will be a Democratic-controlled Congress in which, however, Republicans will show some gains over the present lineup. For the last six years, Congress and the White House have been controlled by different parties.

Tuesday's election provided a Senate makeup of 64 Democrats and 36 Republicans to replace the 66-34 division of the present Senate. With tabulations in five House races incomplete, the Democrats had elected 257 members and the Republicans 173. The old lineup, including vacancies, was 283-154. The Republicans had gained 22 seats.

But the Democrats registered a net gain of one among state governors, raising their statehouse

total to 34—their highest since 1938. Of the 27 state posts at stake, Democrats won 15 and the Republicans 12, with political changes taking place in 13 states. Six incumbents were defeated.

Kennedy has said he will wait at least two weeks before designating any of the top officials who will make up his administration. But he will need to designate

soon the man he expects to step into the shoes of Christian A. Herter as secretary of state. Among those mentioned for this role are Adlai E. Stevenson, Rep. Chester Bowles of Connecticut, Chairman J. William Fulbright-Dark, of the Senate Foreign Relations Committee and the former New York governor, W. Averell Harriman.

PLANS COMPLETE—The above Snyder women have headed various committees to make sure that Shriners Wives enjoy their visit to Snyder this weekend. From left are: Mrs. R. L. Terry, Mrs. Dolph Crooks, and Mrs. R. B. Sears. Mrs. M. L. Andress, seated, is director of the entertainment.

Shriners Wives To Be Entertained During Visit

Wives of nobels and nobles attending the Suez Temple's Fall Ceremonial Friday and Saturday will be entertained while in Snyder with a variety of activities, including a tour of the city and an open house and tea.

Snyder Shriners' wives, under the direction of Mrs. M. L. Andress, have planned the events.

Highlight of the two days activities will be an Open House and Tea at the Martha Ann Womens Club building Saturday afternoon, beginning at 3:00 p. m. Honored during this activity will be the wives of all the imperial officers. Illustrations past potentes, the elected divan and nobles from within the Suez Empire and also visiting wives of officials from other temples.

A musical program will be featured during this afternoon event, and party rooms will be decorated with a fall motif. Mrs. George R. Killam, Jr. is in charge of arrangements for the tea. Mrs. R. B. Sears is handling arrangements for decorations, and Mrs. Ed Schulz is program chairman.

Other local Shriners' wives helping on the entertainment committee are Mrs. J. E. Shipp, chairman of hospitality; Mrs. Dolph Crooks, registration chairman; and Mrs. R. L. Terry, transportation chairman.

Mrs. Paul Turner Takes High Score At Bridge Club
The El Catorce Bridge Club of Fluvanna met Monday afternoon in the community center with Mrs. J. D. Patterson, hostess. Ten members and six guests were present. Guests included Mmes Ralph Miller, Vernon Miller, James Edward Beaver, Ray Herring, Don Willis and Jimmy Waddell.

Mrs. Paul Turner was awarded high score, while low went to Mrs. Wayland Mathis. Refreshments of coffee, cakes and fruit cake were served.

Firemans Auxiliary Reorganizes Here
The Ladies Auxiliary of the Fire Department met Tuesday evening at the West Fire Station for a reorganization meeting. Election of officers was held as follows: Mrs. Bill Chambliss, president; Mrs. J. D. Cochran, vice-president; and Mrs. Warren Boyd, secretary-treasurer.

The auxiliary will meet each first Thursday of the month at the Central Fire Station from now on.

HOBBS GETS JOB
NEW YORK (AP) — Peter Hobbs, actor busy for seven years in the tv serial "Secret Storm," has a Broadway job because of his network status.

Performing opposite Hobbs on the video show is Haila Stoddard, who also happens to be co-producer of the White Way caper, "A Thurber Carnival."

When Hobbs heard a new cast member was needed for that show, he just turned to Miss Stoddard and applied for the job. The leading player in "A Thurber Carnival" is Paul Ford—whom Hobbs understudied throughout the run of "Tea-house of the August Moon."

Time Out For Health And Safety, Altrurian Program

The Altrurian Club met Friday afternoon at the Martha Ann Clubhouse with Mrs. Vivie Dolan as hostess. Mrs. Hugh Taylor presided over the business meeting, and 22 members answered roll call.

Mrs. Giles Bowers gave the thought for the day. Leader of the program, Mrs. J. W. Lettich gave a most interesting talk on "Have You Forgotten How To Pause?"

She asked—"Are you always busy—always doing something? Why not stop and discover the joys of pausing. Don't worry so much about wasting time, learn to spend it wisely. The man who walks through the countryside will see much more than the man that runs."

"Coffee breaks are no longer frowned upon since industry learned that production is higher when work is interrupted briefly. The same holds true with housewives. History is studied with the names of famous men whose thoughts or observations while pausing changed the course of human events. Anyone who will step back and take a look at his or her way of life can find ways to slow down without resorting to tranquilizers."

As the Chinese scholar said, we will do things better if we have the emotional balance and the controlled energy that comes to us when we begin to master the art of pausing."

She continued by saying—"Music is an expression of universal beauty and truth. Its range is limitless and its power to soothe, relax and heal is wide and varied. Its employment in the treatment of disease—particularly mental disease—is continually becoming more widespread, and that in the future it will be used effectively in many other fields of medical care."

"The treatment so skillfully and successfully developed by modern psychiatrists was long ago used by poets, philosophers, educators and preachers to bring man to a closer awareness of himself. Music has always been an important factor in the emotional, intellectual, cultural and spiritual life of people, and has exercised a definite therapeutic influence. To many, music is a source of profound emotion and great happiness."

"Music therapy is now in use as an auxiliary form of treatment in veterans hospitals and many state hospitals all over the country. It has proved helpful in treating tuberculosis, cerebral palsy, orthopedic cases as well as with mental patients."

"Music and the playing of musical instruments have been utilized effectively with deaf and blind children. These children being most difficult to reach, yet their response to music is instinctive. Music is the most intimate of the arts. It profoundly effects our

All Star Tilt Slated Friday By Pee Wees

The Scurry County Boys Club Pee Wee All Stars will host the Little All American Rockets of Wichita Falls in a football game Friday night at Tiger Stadium. Game time is set for 7:30 p.m. This will be the fourth Pee Wee all star game to be played in Snyder. First in the series matched the locals against the Panther Boys Club of Fort Worth and ended in a 9-0 tie. The Panthers returned in 1958 and won going away by a score of 35-7.

Admission prices are \$1 for adults and 50 cents for students. Tickets may be purchased at Boren and West Insurance Agency, Snyder Athletic Supply and at the Boys Club.

Frog Title Hopes Ride With Gibbs

FORT WORTH, Tex. (AP)—College football's tallest quarterback—Guy (Sonny) Gibbs—leads Texas Christian down the stretch this week in the drive toward a high finish, possibly the championship, in the Southwest Conference.

The fellow who's so big (6 foot 7) they say he can "fall a first down," starts for TCU Saturday. It's a make-or-break battle with Texas. TCU must win its three remaining games while Arkansas loses one in order to take the championship.

Gibbs says his height is a real asset. "I can see over everybody and spot my receivers so the rushers don't bother me."

Gibbs started his first game Oct. 22 when he quarterbacked Texas Christian in a 7-7 tie with Pittsburgh. He got the TCU touchdown and the following week led the team to two more in a 14-6 upset of Baylor.

Gibbs wears contact lenses and can't see too well at night. But in the daytime he's a whiz. Palying in three day games he completed 23 of 42 passes for 238 yards and two touchdowns. In four night games he had managed only five completions in 25 throws for 47 yards.

He has carried the ball for 191 yards and scored three touchdowns doing it, and has accounted for five TD personally and directed the Frogs in getting the other three.

Gibbs learned to pass when his junior high school coach had him doing it at the gym, supplying him with a dozen footballs and instructing him to throw them the distance of the court into the basket.

Gibbs credits basketball also with developing agility. He's able to run 100 yards in 10.6.

Gibbs failed to pass enough school work to be eligible for football as a sophomore. But he thinks this is a blessing in disguise. He spent last season working with the varsity. "I learned plenty," he confides.

He always had planned to go to TCU. His cousin, Dan Wilde, used to play at Texas Christian and Gibbs got to sit on the bench during the games.

Maxwell Favorite In Mexican Open
MEXICO CITY, (AP)—Billy Maxwell of Texas was one of the favorites today as the \$10,000 Mexican National Open started over the 6,738-yard par 72 Chapultepec golf course.

Maxwell, champion in 1956, still holds the record—284—for this tournament.

Spain's Angel Miguel is the defending champion and is among the players picked to take down the \$2,000 first prize.

There will be 140 players in the field.

Casey Talks To Detroit

GLENDALE, Calif. (AP)—Casey Stengel went into conference with executives of the Detroit Tigers today after indicating he "might be interested" in managing the American League team in 1961.

"I want to see if it's a good situation they have, what their plans are for getting ballplayers, and making deals," said the 70-

year-old ex-New York Yankee pilot of the sixth place Tigers.

"I do not want to get tangled up with any second division team unless it is willing to make some important changes."

Some observers took that to mean Casey is not at all interested in the Los Angeles Americans, whose roster will be composed of none exempt from other teams in the league.

Stengel is meeting at his home with Rick Ferrell, chief aide to President John Fetzer of the Tigers, and Vice President James Campbell.

73 District Titles Going On Line In Schoolboy Play

BY THE ASSOCIATED PRESS
At least 73 of the 96 districts of Texas schoolboy football will have champions when the smoke of battle settles this weekend. Thirty-nine representatives in the state races of Classes AA and A already have been determined. The other 25 are due Friday and Saturday.

In the top divisions—Classes AAAA and AAA—there will be only a smattering of district kings decided this week. The state playoffs in these classes do not begin until Nov. 25.

The headline game comes in Class AA where two undefeated, untied teams clash for the District 2 title. They are Floydada and Olton, each with a 9-0 record. The winner will be one of the state favorites.

Longhorns Ready For Cold Weather

BY THE ASSOCIATED PRESS
Texas is playing all the angles in its effort to beat Texas Christian Saturday and thus stay in the Southwest Conference race. The Longhorns don't plan to get caught short this time like they did last season when they came out in short-sleeved jerseys with snow on the ground. They led 14-9. So when cold weather came Wednesday, Coach Darrell Royal said the Longhorns would take their long-sleeved jerseys along for use if the weather is bad at Fort Worth Saturday.

Royal also was worrying about injuries as were most of the Southwest Conference coaches. He had sophomores Johnny Treadwell and regular fullback Ray Poague out with hurts.

Olton and Floydada battle at Floydada Friday night. Houston Bellaire can sew up the District 10 Class AAAA crown by beating Houston Jones Friday night while Port Arthur can wrap up District 11 by downing Orange. But the big one in this division comes in District 12 where unbeaten, untied Brazosport of Freeport clashes with Baytown, once a top-rated team of Class AAAA. Baytown lost to Galena Park 7-6 in a jarring upset last week and now must beat Freeport to get back into the race.

CARDINAL STANDOUT—For the second week in a row, Donnie Rannefeld, 240-pound senior tackle, has been named lineman of the week for the Hermleigh Cardinals. Rannefeld, who is working on his fourth football letter, was credited with four tackles and four assists in the game with Roby last week. Coach Ted Averitt said the big tackle would have made more tackles, but "they wouldn't run to his side." Rannefeld performs on both offense and defense for the Cardinals.

Maris Wins Top Award

BY SKIPPER PATRICK
Associated Press Sports Writer RAYTOWN, Mo. (AP)—Roger Maris, the American League's most valuable player for 1960, brushed aside comment on his award today with the declaration that the New York Yankees "should go on and win it again next year."

A four-year major league veteran, Maris edged Yankee teammate outfielder Mickey Vernon by only three points—225 to 222—in the voting of a 24-man committee of the Baseball Writers Association of America. Ten players were included in the voting, announced Wednesday, with 14 points awarded for first place, nine for second, eight for third, etc.

Asked how he felt about beating out Mantle—most valuable in 1956 and 1957—the Yankee outfielder said: "I'm just happy I won it. I thought it was possible but I wasn't sure."

Sun Bowl Stadium Issue Is Approved

EL PASO (AP)—A new 30,000-seat Sun Bowl stadium will be constructed in 1961.

Convict Is Re-Elected

WARNER ROBINS, Ga. (AP)—Mayor Kemp Harrison has been re-elected even though he is serving a year and a day in prison for violation of federal bank laws.

Harrison defeated four opponents in Tuesday's election, 2,244 days after he entered a federal penitentiary at Tallahassee, Fla. Harrison received 1,273 votes to 1,063 for former Mayor W. T. Giles R. T. Schroeder was third with 823. Joel Willis received 568 votes and Royce R. Pratt got 237.

Harrison, a director of the Citizens State Bank of Warner Robins, the bank president, were convicted of conspiring to defraud depositors in connection with a \$20,000 loan supposedly made to the city but which was deposited to Harrison's account.

Fountain drew a five-year probation sentence and \$5,000 fine. Harrison was sentenced to a year and a day in prison plus a \$5,000 fine.

A state law prohibits convicted felons from holding public office and opponents of Harrison are expected to contest the election.

Site For Title Bout To Be Picked

NEW YORK (AP)—The site and date of the third Floyd Patterson-Ingemar Johansson heavyweight title fight probably will be announced within a week.

Managing Director Humbert Fugazy of Feature Sports, Inc., announced Wednesday two more bids have been received for the rubber match, bringing the total to four outside of New York. He declined to disclose details.

There are 29 undefeated, untied teams left in the state with nine others that have ties on their records. Few of them appear due for trouble this week, except, of course, Floydada and Olton, who play each other.

Frosh Game Set

HOUSTON (AP)—The Rice and Texas A&M freshman teams clash tonight and a crowd of 25,000 is expected. Proceeds go to the Good Samaritan Foundation drive to provide scholarships for student nurses.

Liz Taylor Rid Of An Expensive Tooth

LONDON (AP)—Actress Elizabeth Taylor is rid of one of the most expensive abcessed teeth in history.

"She's fine, just fine this morning," said her husband, Eddie Fisher, in an interview, "now that we finally know what caused that fever, she's getting ready to work again."

She arrived in Britain with her husband and three children Sept. 8 to play the starring role in Snyder Skouras' "Cleopatra."

She had her costume fittings and was getting ready to go on the set when she developed fever. It stumped her doctors for nearly two months.

Sunday night she said to her husband, "My tooth aches."

Dr. Norbert Weinsberg took X-rays. Tuesday he pulled the offending tooth.

Never known for understatement, Skouras, president of 20th Century-Fox, said the tooth's cost to the studio was "very big, millions of dollars."

Installment Plan American, Just Like Cigarette Habit

By ED KOTERRA
BETHESDA, Md. — What just look place in our household prays directly the great common philosophy of today's America. It was like this: for years we looked forward to the day we'd clear up the mighty mortgage on our happy homestead. The day came, finally, and it was a day of exhilaration.

Loan Measure Wins Easily

AUSTIN (AP) — It is now up to the legislature to provide effective regulation of the small loans industry, Atty. Gen. Will Wilson said. Wilson said the large margin by which the so-called "loan shark amendment" passed is a "mandate to the legislature from the people to come up with a good law to eliminate loan sharks." The amendment, approved Tuesday by Texas voters, gives the state's lawmakers power to regulate interest rates on small loans. "We have just changed battle-grounds, as far as getting these measures through are concerned," Wilson said. "The loan sharks will pitch their final battle in the legislature to try to eliminate the penalties and to develop loopholes. We will all have to be on guard to see that a strong regulatory law is passed."

space and a screened-in porch. Then I heard her sigh: "What this house needs is paint — inside and out. Then we'll be satisfied." The house was painted. And, of course, there had to be new drapes to match the new walls. So there we were sitting by the cheery hearth one day last week looking back over the 15 years of struggling over unpaid bills. "And now," said Doty, "we can coast."

Destroyer Captain Acquired in Crash

SAN DIEGO, Calif. (AP) — The captain of one of two Navy destroyers that collided has been acquired of two remaining specifications resulting from the collision, which took 11 lives. Cmdr. Walter T. Ford, skipper of the USS Collett, was acquitted by a court-martial Wednesday of specifications concerning adequate watches in the combat information center and bridge and bow of the Collett. He had pleaded guilty as the trial opened to a general charge of negligently hazarding his ship. Eleven crewmen of the other destroyer, the USS Amen, were killed in the July 19 collision off the Southern California coast. Lt. Cmdr. Zaven Mukhalian commander of the Amen, was not charged.

Columnist Still Learns From Mail

By HAL BOYLE
NEW YORK (AP) — Things a columnist might never know if he didn't open his mail: Widows seem to hold a fascination for U.S. presidents. Seven presidents, beginning with George Washington, married widows. Here's another White House oddity: You are more likely to become president if you come from a large family. Eighteen came from families of six or more. None was an only child. When you are born into a large family, you have to learn how to get along with people—the politician's art. Prosperity note: Singer Brian Hyland owned one suit and one pair of shoes before he made his hit recording. Now he has 20 suits and 30 pairs of shoes. Sad Ascher gives this definition of women who worry too much about their weight: Hippo-chondriacs.

The ladies are getting their hands on more money all the time. More than half of the 625,000 people employed by U.S. banks are women. Our quotable notables: "Most people," said John F. Kennedy, "have some sort of a religion—at least they know which church they're staying away from." A piano looks simple but it has 7,500 parts—more than an auto. Salesmanship in signs: a shoe store advertises: "Shoes—\$8.50 a foot," a barber shop proclaims: "We need your head to run our business." A downtown pet shop announces: "Everything must go—lost our leash."

The power of the press: The U.S. newspaper industry gives jobs to more than 280,000 people. Now the industry is worth a billion dollars a year. The agile Indian: The world's fastest typist, S. N. Nikalee, a Hindu, can hit the typewriter keys accurately at a speed of 145.9 words a minute. How does he compare with the stenographers in your office? Nature lore: The grebe is one of the world's most practical birds. It not only eats its own feathers—it also feeds its feathers to its young.

Sinatra Aide Is Convicted

LOS ANGELES (AP)—John Hopkins, who said he went to Frank Sinatra's aid in a parking lot scrap, has been convicted of battery. Hopkins, 42, denied being Sinatra's aide and identified himself as stage manager for entertainer Sammy Davis Jr., one of Sinatra's associates. A municipal judge found Hopkins guilty Wednesday after Eddie Moran, parking lot attendant, testified that Sinatra became enraged because another attendant had allegedly driven an auto too close to him. When Moran went to the other man's defense, he said, Sinatra ordered Hopkins to "get him." Moran said Hopkins struck him about the head several times and he had to get treatment at a hospital. Moran has a civil suit for \$100,000 damages pending against Sinatra. Sentencing of Hopkins was set for Nov. 18. Kansas City's Athletics released manager Bob Elliott and coaches Don Heffner, Fred Fitzsimmons and Walker Cooper when the baseball season ended.

Kennedy Will Face Several Early Problems In Regime

By JAMES MARLOW

Associated Press News Analyst WASHINGTON (AP)—President-elect John F. Kennedy made enough campaign promises and pledges for a better "thing" in America—to keep him busy for his four White House years.

The theme of this campaign, he said, "is going to be action." His actions—and his frustrations—begin as soon as he takes office and has to deal with a Congress where, although his Democrats retained control of it, there is a built-in stumbling block to some of his liberal ideas.

This is the old coalition of conservatives, most Republicans and the Southern Democrats. They can block, blast and baffle the man in the White House.

A president can operate in one of three ways in dealing with Congress: forcefully, like Wilson and Franklin D. Roosevelt; intelligently, like Truman; or cautiously like Harding and Eisenhower.

Those who know Kennedy expect him to be forceful. But his squeaky victory over Vice President Richard M. Nixon has deprived him before he starts of that awe professional politicians have for a heavy winner.

Confronting Kennedy immediately will be two domestic problems involving money.

The country has had an economic downturn. He must try to avoid a recession.

Kennedy has never come up with a cost estimate for the programs he proposes. Nixon said it would be \$15 billion. Kennedy hooted at that. But soon after he takes office he will have to send his list of expenses—his budget—to Congress.

He has said he would not ask a tax increase. But he also promised to keep the budget balanced—spending no more than is taken in through taxes—except in times of national emergency or severe recession.

How then, in view of his broad and far-reaching promises, would he do the balancing? He suggested various fields in which he thinks expenses might be cut. And he is going to look for tax loopholes that can be plugged up.

Still, most voters probably never heard of one-tenth or even one-fiftieth of the pledges and promises he made because they were contained so many times in prepared speeches which, although he stood behind them, he threw away in order to talk to crowds about something which occurred to him at the moment.

But they cut across great fields of American life at the moment. He said: "I believe the times demand

invention, innovation, imagination and decision."

What follows here is related only to his ideas on doing things at home and is separate from his proposals on national defense and foreign policy, both of which require money and plenty of it.

Here's a look at them: High in his consciousness are the nation's natural resources, from trees to water power.

He promised action on a comprehensive plan for many-purpose river and conservation of American leadership in nuclear power development; a stronger fight against water pollution; intensified research on such development programs as weather control and conversion of salt water into fresh; expansion of forest management and access road development.

His proposals on health, education and aid to older people should keep him and Congress in a whirl for four years: A medical care for the aged program paid through Social Security; higher pay for teachers through a new federal program for construction, expansion, and modernization of medical schools, dental schools and schools of public health; loans and scholarships for medical students; grants for renovating older hospitals; long term grants for increased medical research; stepped up efforts in rehabilitating the handicapped; increased Social Security payments; improved employment opportunities for older workers; a "massive construction program" for schools and colleges.

Then there's the field of civil rights—the most inflammatory error that may occur further than to correct it in the next issue after it is brought to his attention.

Here are some of the things Kennedy said on this: "The Democratic party intends to use the full legal and moral authority of the federal government—including in particular the presidency itself—to put an end to racial and religious discrimination in every area of our national life—so that every American has the same right as every other American to go to school, to get a job, to vote, to buy a house, to use any public facility and to live down at any public lunch counter."

And he talked of creating a fair employment practices commission—an idea which is dynamic in the South where Congress has made sure people applying for jobs are not turned down because of color or religion.

Then there's labor. Only part of his ideas on this are given here. He wants to raise the minimum wage to \$1.25 an hour, a notion blocked by conservatives in Congress last summer. Kennedy promised full employment, better unemployment pay for workers who lose their jobs; and he promised to think up a special program for areas with chronic unemployment.

During the campaign he came up with a farm program which still needs a lot of explaining. He wants to expand the highway program, to cut down interest rates on home-buying, to provide a better diet for those depending on surplus food packages, and to wipe out slums.

This just everything he promised—for Americans at home—but it will do for a starter."

Republican Era In California Ends

By MORRIE LANDSBERG

SAN FRANCISCO (AP)—A Republican era has ended in California.

Once there was a GOP Big 4: Earl Warren, William F. Knowland, Goodwin J. Knight and Richard M. Nixon.

Each became a national figure. Each tried for or dreamed of higher office.

Earl Warren showed his party how to keep friends with the ever-increasing Democratic majority of voters.

Democrats helped him win three terms as governor.

Republicans tapped him for the vice presidential nomination in 1948; but they liked Dwight D. Eisenhower better for president in 1952.

Warren became Chief Justice of the United States in October 1953.

Knowland, a state assemblyman at 25, was a young Army major in Europe when Warren, an old friend of the family, named him to succeed the late Hiram Johnson in the U.S. Senate on Aug. 31, 1945.

Knowland, then 37, rose high in the U.S. Senate during his 14 years there—majority leader, then minority leader, and a leader of the Republican conservative wing.

G. Brown defeated him by more than one million votes.

Knight, as lieutenant governor, finally stepped into the office he so long wanted when Warren resigned to sit on the Supreme Court.

In 1954, Knight and Knowland teamed to defeat a move by Nixon supporters to seize control of the state GOP.

Knight clashed with Nixon in advance of the 1956 Republican nomination. In 1958, he announced his candidacy for re-election, and bumped head-on into Knowland's gubernatorial ambitions.

Knight withdrew and tried instead for the U.S. Senate. He lost to Democratic Rep. Clair Engle.

Nixon soared out of nowhere to a spectacular political career.

He was elected to Congress in 1946 from his Whittier home district; re-elected in 1948; elected to the Senate in 1950.

Nixon went back to Chicago in 1952 as a Warren-pledged member of the California Republican delegation and left as his party's nominee for vice president. He was 39 then. On the same platform in Chicago last July he accepted the GOP nomination for president.

On Tuesday, the American voters chose John F. Kennedy and Nixon went down to his first election defeat.

Demo Ticket Holds Slim Texas Margin

By THE ASSOCIATED PRESS

See JOHN F. KENNEDY had a 50-148 vote lead in Texas when U.S. Election Bureau stopped counting Wednesday at 5 p.m.

At that time the Democratic Party's ticket, including its vice-presidential candidate had 1,103,617 Texas votes compared to 1,053,469 for the Republican Party's Richard M. Nixon.

The Democratic victory, although it marked the first time since 1948 that Texas had voted against the Republicans in a presidential election, was not as decisive as the 1952 election.

Only three times since the Civil War has Texas gone Republican. The other two, was in 1928 when Republican Herbert Hoover defeated Alfred E. Smith of New York and carried Texas in doing it.

Smith, like Kennedy, was a Catholic and much of the vote against him was based on the religious issue. Although religion was talked a lot during the 1960 campaign, it apparently had little effect on the outcome of the election, most observers agreed.

The final tabulations as released Wednesday by the Texas Election Bureau were from 254 of Texas' 254 counties and included complete counts from 161 counties.

The final TEB count: President—(Dem.) Kennedy 1,103,617; Rep. Nixon 1,053,469; (Const.) Sullivan 15,728; (Pro.) Decker 3,388.

Governor—(Dem.) Daniel 1,388,890; (Rep.) Steyer 528,334; Senator—(Dem.) Johnson 1,210,386; (Rep.) Tower 966,286; (Const.) Logan 17,461.

Amendments—Approval 645,212; against 323,233. Veterans' land bonds—Approval 701,869; against 292,086. Legislators' salaries—Approval 621,795; against 493,220. Interest rates—Approval 881,124; against 297,795.

Junior Editors Quiz on FISH

QUESTION: How does a sting ray sting?

ANSWER: The sting ray, or stingaree, is a flat-bodied fish with a long, whip-like tail. On the back of the tail, near the middle, are a couple of sharp spines with teeth along their edges. When something annoys the sting ray, it swings its tail and stings the person or fish that is bothering it. The sting is poisonous and nearly as dangerous as the bite of a poisonous snake. The giant sting ray, which lives in the waters off Australia, reaches a length of 14 feet. Smaller ones live in other warm, shallow parts of the ocean of Florida and California. In South America, there are fresh water sting rays which live in rivers flowing into the Atlantic Ocean. Some of these are found as far as 2,000 miles upstream from the river mouth.

Juror Report To Be Probed

LOS ANGELES (AP)—The district attorney will investigate reports by three jurors that the Finch murder trial Juror No. 2 reached a partial verdict once he was directed by the judge to continue deliberating.

Three jurors said the panel agreed after a week and a half to convict Dr. R. Bernard Finch of second-degree murder and to declare itself deadlocked on the murder charge against Carole Tregoff.

They said Judge Le Roy Dawson sent word, on being told of their agreement, that they should continue to try to agree on a verdict against Miss Tregoff. The defendants are accused in the gunshot death of Finch's wife last year.

The jury was discharged Monday after saying it was deadlocked. The first trial of the physician and his ex-mistress also ended in a deadlock.

Woman Demands Full Account Of Votes

CHATTANOOGA, Tenn. (AP)—When Sen. John F. Kennedy's name was announced as the presidential victor, a woman called the Chattanooga News-Free Press and demanded: "Why aren't all of the votes in the states recounted?"

The woman, who said she was rechecked constantly for accuracy. "I don't just want them rechecked," she declared. "I want them changed."

Krush Maneuvers For Parley

Weathervane List Pared

By JOHN M. HIGHTOWER
WASHINGTON (AP) — Soviet Premier Khrushchev is already maneuvering for a summit conference with President-elect John F. Kennedy. He has begun with soft words and this probably signifies a lull in the cold war for the next several months.

Western diplomats here agree that Khrushchev's interest in resuming negotiations looking to a new summit meeting was behind the unusual message of congratulations which he dispatched to Kennedy Wednesday.

The Khrushchev message, made public in Moscow, was notable for a number of the critical remarks he directed toward Kennedy before the election.

On one occasion he said that Kennedy and Vice President Richard M. Nixon were both "lackeys of monopoly capital." He also called them "a pair of boots," asking "which is better, the right or the left boot?"

In his congratulations to Kennedy, Khrushchev called for a return to the kind of Soviet-U.S. relations which existed in the administration of President Franklin D. Roosevelt at a time when the two countries were allied against Nazi Germany. But he went beyond that reference to the past.

Nixon Gets Offers For Positions

By JOE F. KANE
WASHINGTON (AP) — Several universities, law firms and corporations already have offered positions to Vice President Richard M. Nixon, an aide says.

But his press secretary, Herbert G. Klein, said Wednesday night he had absolutely no idea what Nixon plans to do after leaving the vice presidency next Jan. 20. There was no immediate word on any possibility of his remaining in politics.

The Nixons were cheered Wednesday night by a crowd of about 500 when they returned by jet airliner from California. With the vice president and his wife were their two daughters, Tricia, 14, and Julie, 12.

For Nixon, it was the end of a 64,000-mile quest for the presidency in which the grand prize had gone to Democrat John F. Kennedy.

In the airport crowd greeting the Nixons were Secretary of State Christian A. Herter, Atty. Gen. William P. Rogers and Lt. Col. John Eisenhower, son of the President, and his wife, Barbara. The President had left during the day for a golfing vacation in Augusta, Ga.

Nixon told the greeters that the airport turnout was "the nicest thing that's happened to us in the whole campaign." Mrs. Nixon nodded agreement, and the crowd applauded.

Newsman aboard the plane did not have an opportunity to question the vice president about his future plans, or anything else. But Klein said Nixon had received quite a sheaf of telegrams offering him positions before he left Los Angeles.

Two Men Die In Blaze

CARROLLTON, Tex. (AP) — Two men burned to death in this northwest Dallas County town's city dump Wednesday night in a fire they apparently started in an attempt to keep warm.

Sheriff's officers identified the pair as R. L. Chavers, 28, and Andrew L. Watts, 19. They said W. E. McElmore was overcome by smoke but a fourth, Walter Chavers, escaped injury.

Police said the bodies were found in an abandoned automobile at the dump. A justice of the peace withheld a death verdict pending an investigation and autopsy.

He declared that in the interest of world peace the Soviet Union is ready "to continue the efforts to solve such a pressing problem as disarmament to settle the German question through the earliest conclusion of a peace treaty and to reach agreement on other questions."

"Any steps in this direction," he said in a sentence that could embrace both summit and diplomatic negotiations, "will always meet with the full understanding and support of the Soviet government."

Kennedy during the campaign declared himself willing to go to the summit but only on condition that "there is some reason to believe that a meeting of minds can be obtained on either Berlin, outer space, or general disarmament—including nuclear testing."

For the period immediately after the next president takes office Jan. 20 Kennedy said the president should focus on building up United States strength because "the Soviet Union does understand strength."

Neither in Kennedy's statement before the election nor in Khrushchev's new message is there any hint of changes in basic United States or Soviet policy.

Khrushchev has said repeatedly that he wants a peace treaty signed separately by East and West Germany, whereas the United States stands firm on a peace treaty signed by a united Germany. Khrushchev wants the western Allies to pull out of West Berlin. Kennedy, like Eisenhower, has pledged firm U.S. support for the continued independence of

Mississippi Electors On Their Own

JACKSON, Miss. (AP) — The fate of Mississippi's eight electoral votes rested today in the hands of the eight independent electors who swept to victory Tuesday over electors pledged to the Democratic and Republican national tickets.

Gov. Ross Barnett, who led the campaign to withhold the state's vote from the two national parties on grounds they were pledged to racial integration, said the electors would have to decide their own course.

With all but 146 of the state's 1228 precincts reporting, the pledged slate had 104,003 to 100,435 for President-elect John F. Kennedy and 64,100 for Republican Richard Nixon.

Sen. James O. Eastland won a fourth term with ease over Republican Joe Moore. Reps. Frank Smith and Thomas Abernethy crushed GOP opponents. The state's four other Democratic congressmen were unopposed.

Three segregation measures were among five amendments approved. They would make good moral character a requirement for voting, permit the legislature to set qualifications for jury duty and make the public school system discretionary rather than mandatory.

West Berlin from Communist rule.

What the friendly wording of the Khrushchev message does seem to mean is that the Soviet leader is prepared to resume active broadscale negotiations with a new U.S. administration on a variety of problems.

At the moment only one negotiation of this kind is under way. That is the U.S.-British-Soviet discussion at Geneva of a treaty to ban the testing of nuclear weapons under an international inspection system.

This conference has been drag-

ging for many weeks, and Allied diplomats assumed that the Soviets wanted to wait to see how the U.S. election turned out.

What turn the conference takes now could provide a significant indication of future Soviet intentions.

Some top diplomats here said that Khrushchev's friendly tone to Kennedy may be related to the top level meeting of Communist leaders in Moscow this week. It could be, they said, an effort by Khrushchev to demonstrate that he still has a chance to make peaceful coexistence work.

NEW YORK (AP) — Up until Tuesday there were eight counties, scattered across the country, known as "weathervanes" in presidential elections.

All eight had broken records for at least a half century of voting for the winner in presidential elections.

Today, only five had survived. Three counties—Albany in Wyoming, Vanderburgh in Indiana, and Jasper in Iowa—broke the tradition and cast a majority of their votes for Vice President Richard M. Nixon.

The veteran of weathervanes,

Crook County, Ore., kept its slate clear and voted for the winner as it has for the past 78 years, although the state went to Nixon.

Two New Hampshire counties that have voted for the winner since the turn of the century—Coos and Stafford—also chalked up majorities for the victor again.

Iowa's other weathervane, Palo Alto County, went for Sen. John F. Kennedy and, with Jasper County falling by the wayside, became the only one of Iowa's 99 counties that has never voted wrong in this century.

Wyoming remained with one weathervane intact. Although its Albany County gave Nixon a slight edge in nearly complete returns, Laramie County picked a winner again.

Search On For Druggist

TYLER, Tex. (AP) — An all-points bulletin was issued Wednesday night for pickup of suspects believed connected with the disappearance of a Tyler druggist and robbery of a drug store he co-owned.

Lieut. Joe Elliott of the Tyler police said the tip concerning the suspects was the "best lead brought out during the investigation."

The druggist, W. S. Carpenter, was last seen Tuesday night about 11:30 p.m., police said, when he

left a friend's house after viewing election returns on television. His car, a small foreign make, was found early Wednesday-morning abandoned on a street behind the drug store. There was a small blood stain on the back of the seat and the car keys were on the floorboard.

Lieut. Elliott said about \$300 in narcotics, wholesale, were missing from the Carpenter-Francis Drug Store. He also said \$100 in bills was reported missing.
