BRAND NAMED BANKING COMMISSIONER

AUSTIN, July 12 (AP)—Appointment of E. C. Brand of Sweetwater as Texas banking commissioner was announced today by Governor Miriam A. Ferguson. Brand will succeed James Shaw, whose resignation will become effective at 5 p. m. today. Shaw resigned to accept the Texas managership of the Home Owners Loan corporation with offices in Dallas.

SUCCESS OF COTTON PLAN FORECAST

WASHINGTON, July 12 (AP)—Farm administrators today expressed confidence of the success of their cotton acreage reduction campaign which will close at midnight.

ROOSEVELT LIMITS OIL TRANSPORTATION

WASHINGTON, July 12 (AP)—President Roosevelt today issued an executive order prohibiting the transportation of oil in interstate commerce which is produced or withdrawn from storage in excess of the amount "by any state law."

SOVIET PLANE TO RESCUE MATTERN

WASHINGTON, July 12 (AP)—Arrangements were made today by the government for a Soviet airplane to bring Jimmie Mattern, Texas aviator, from Siberia to Nome, Alaska.

Gas Line Offer Is Turned Down

BOARD VETOES RESOLUTION

U. S. PREVENTED FROM DISCUSSING CENTRAL BANK COOPERATION

(By The Associated Press)

LONDON, July 12.—The American Federal Reserve board, it was understood in authoritive quarters today, vetoed participation by the United States delegation at the world economic conference in discussion of a resolution calling for central bank cooperation.

This resolution was backed by the European gold bloc and has been under consideration by the sub-committee on permanent monetary problems.

Move Held Premature

It was stated that Senator Pittman of Nevada told the sub-committee that the Federal Reserve board felt that the resolution was "premature."

This development immediately created a sensation.

Some members of the committee asserted this attitude killed further consideration of Senator Pittman's important resolution calling for, among other things, eventual return to the gold standard, reduction of the gold cover to 25 per cent, and optional use of silver for one-fifth of this cover.

Claim Is Denied

American quarters, however, denied that the Federal Reserve veto had anything to do with the Pittman resolution, the gold section of which has already been approved by the sub-committee.

The Americans maintained that the Federal Reserve authorities were referring only to cooperation of central banks as proposed in another resolution offered by a European state a few days ago.

Another startling development was that gold bloc quarters expressed indignation and declared this attitude brought the conference much nearer a complete standstill. One non-gold country's delegate agreed with this view.

Over 1,500 Cotton Contracts Approved

Farmers who signed the 564 contracts for reduction of cotton acreage in Lubbock county, reported today to Washington by County Agent O. G. Tumlinson would receive over $200,000 for their crop and an option on 1918 bales of cotton. The report brings total contracts signed and approved, to 1,578.

Acreage in the contracts reported Wednesday was 50,166, with 20,860.15 acres offered for plowing under. Average lint yield was 154.44 pounds per acre.

THE WEATHER

WEST TEXAS: Partly cloudy, continued warm tonight and Thursday.

OKLAHOMA AND EAST TEXAS: Partly cloudy, continued warm tonight and Thursday. Light to moderate south to southwest winds on the coast.

PRAYER MEETING TONIGHT

NEGOTIATIONS FOR A NEW SYSTEM ARE AT STANDSTILL TODAY

Negotiations for a new gas line into Lubbock had practically reached a stalemate today after members of City commission in executive session Monday had turned "thumbs down" on a new proposal offered by the Geo. L. Simpson & Company, Dallas bonding house, and W. D. Girand, sr., representing the John W. Moore Construction company.

The new proposal presented by the Dallas firm through efforts of Mr. Girand and Mr. Moore offered to provide a pipe line and distribution system for Lubbock "for furnishing the inhabitants with an adequate supply of gas under such terms that the revenue from the sale of said gas will furnish the means of paying for such facilities without placing any burden on the taxing power of the city".

The proposal also called for the pledging of additional utility revenues of the city providing the gas revenues did not retire revenue-bearing bonds.

Clause Held Dangerous

City Attorney E. L. Klett said today in explaining the commission's refusal to accept the proposal that the clause requiring pledging of additional utility revenue was "dangerous" and might at a later date force the city to levy an excessive tax rate in order to pay for governmental services such as fire department, police, street work and other departments now being supported by utility revenues.

Mr. Moore and his attorney, Mr. Girand, said today that the new proposal offered the city a complete gas line and distribution direct from the Hobbs, N. M., field at a cost of $900,000. The city, under provisions of the proposal, was to pay for the plant by issuing revenue bearing bonds and pledge revenues of other utilities until the line was paid for. Payments on the line were to have been $200,000 two years after date of bonds and $100,000 a year thereafter until retired. The bonds were to have been secured by a first lien on the physical property.

Interest on the bonds was to be six per cent, payable one year from date of bonds and semi-annually thereafter.

Further provisions of the proposal said:

"In the event, after the assign-

Man Claiming To Be Floyd Is In Texas

YOAKUM, July 12. (AP)—Officers learned today that a man who described himself as "Floyd from Oklahoma" and a companion stopped Sunday at the home of T. C. Munford here, demanded food and then sped away in a high-powered car.

The men were said to have approached Munford's home in the middle of the afternoon and left the motor of their car running, one remaining at the wheel. Munford said machine guns were visible in the automobile.

Boy Being Guarded Against Kidnaping

PHILADELPHIA, July 12. —(AP)—The four-year-old son of W. Thornton Martin, associate editor of the Saturday Evening Post, was guarded by police today. A man attempted to break into the Martin home in surburban Abington yesterday.

Martin and several friends maintained a vigil last night in the event the stranger, seen near the estate twice after the attempted break, might return.

MERCURY NEAR RECORD HIGH OF SEASON

HIGHER TEMPERATURE THAN ON TUESDAY IS THREATENED

Wilted by Tuesday's temperatures, highest of the season here, and fatigued further by energy-sapping warmth of last night, Lubbock early this afternoon faced the prospect of even hotter weather. The Municipal airport thermometer at 12:10 p. m. today registered 108 degrees, 1.5 degrees less than Tuesday's maximum at the flying field.

The 12:10 p. m. reading there today was four degrees above the measurement of the same thermometer at that hour yesterday.

A thermometer which is in the city, and Tuesday had the same top reading as the experiment substation, showed 100 degrees at noon today, having climbed four degrees since 10:30 a. m.

Sleep In Yards

At 10 p. m. last night, a downtown thermometer registered 90 degrees. The airport had 88 at that hour. Many residents went to yards in an effort to sleep comfortably.

Maximum temperature, officially, was 104 degrees, but in downtown Lubbock pavement and masonry intensified the heat until the mercury boiled over the 110-degree mark.

Three Texans fell victim to the heat yesterday as a blazing sun and a blistering southwest breeze sent temperatures above the 100-degree mark in Central and North Texas.

J. N. Pope, 70, a farmer living east of Kaufman, was overcome while working in a field in a temperature of 107 degrees.

J. B. Campbell, 48, of Dallas died during the hottest part of the afternoon en route to a hospital in an ambulance.

W. B. Stampes, 68, Dallas grocer,

MADMAN SLAIN IN LONG GUN BATTLE

ALBANY, Ore., July 12. (AP)— A night-long battle between a madman and police ended today with the death of the man, who barricaded himself in the sheriff's apartment—a veritable arsenal.

Police identified him as Frank Stafkiewiecz, 22, who escaped from the Oregon state hospital for the insane.

The only other casualty was Harry Anderson, one of many residents who turned out to watch the seige. He was wounded in the right knee.

Tear gas and smoke bombs, hurled into the barricaded apartment, were sent sailing back wrapped in bed clothing, but their fumes finally overcame the gunman and he was shot down as he pointed a pistol at an officer who had broken into the apartment.

Cotton Needs Rain; Corn Belt Is Aided

WASHINGTON, July 12. —(AP)—The weather bureau in its weekly crop review said today that rains over much of the corn belt and the small grain area aided crops during the past week while the cotton belt continued in need of moisture.

Warm weather with only scattered showers prevailed in the western cotton belt, it said, while moderately low temperatures with better distributed moisture was the rule in the eastern half. In the cotton sections of Texas and Oklahoma drouthy conditions continued with high temperatures adding to the damage.

BOY IS DROWNED

McKINNEY, July 12. (AP)—Joe Deverell Jones, 9, was drowned yesterday when the plank on which he was floating in a gin pool slipped from under him. His companions were too frightened to call for help.

FERGUSON AND FARLEY TALK AT CAPITAL

POLITICAL SITUATION OF STATE TAKEN UP AT CONFERENCE

(By The Associated Press)

WASHINGTON, July 12 —Postmaster General Farley in a conference with former Governor "Jim" Ferguson today gave assurances that the Texas administration would receive the same consideration at his hands as any other Democratic state administration.

The conference, chief objective of Ferguson's visit to the capital, lasted 35 minutes.

Accompanying Ferguson was Charles C. MacDonald.

Situation Discussed

With Mrs. Ferguson serving as governor of Texas, the general political situation there, particularly as between the Ferguson and anti-Ferguson factions, and the prohibitionists and repealists was touched on in the conversation between Farley and her husband.

"I've had a very nice visit with 'Governor' Ferguson and Charlie MacDonald," Farley told newspapermen afterward.

"We had a general discussion. He said he was for the president and the president's program."

Ferguson talked more freely and said Farley had told him that "the Ferguson administration was entitled to and would receive the same consideration at his hands as any other Democratic administration."

The national committeeman situation in Texas was mentioned but no definite propositions made. Ferguson gave the impression that he sought a place on the committee for a Ferguson man only after Jed Adams had submitted his resignation. Adams, now on the board of tax appeals, has withdrawn that resignation.

Ferguson said he did not ask Farley to go to Texas to make a speech in behalf of prohibition repeal but that the national chairman was behind the repeal movement in Texas strongly.

Ferguson said the matter of public works had been referred to casually. Asked if there was any mention of Amon Carter, Texas publisher, and prominent Democrat, Ferguson replied:

"Amon Carter was referred to in the general category as among the opposition."

SCHOOL FUND IS WINNER IN SUIT

AUSTIN, July 12 (AP)—District Judge Charles A. Wheeler today entered judgment in favor of the state school fund for $81,734.08 against the Shell Petroleum corporation, holding this amount to be due the fund from oil and gas development from public school lands.

The amount becomes a part of the permanent free school fund.

Leases executed by land owners, who patented their land from the state, formed the basis of the suit. The state contended the school fund was entitled to one-half the bonus and rentals. The leases were executed under the relinquishment act.

Seventy-five leases in approximately 20 counties were involved.

Italian Armada On Flight To Labrador

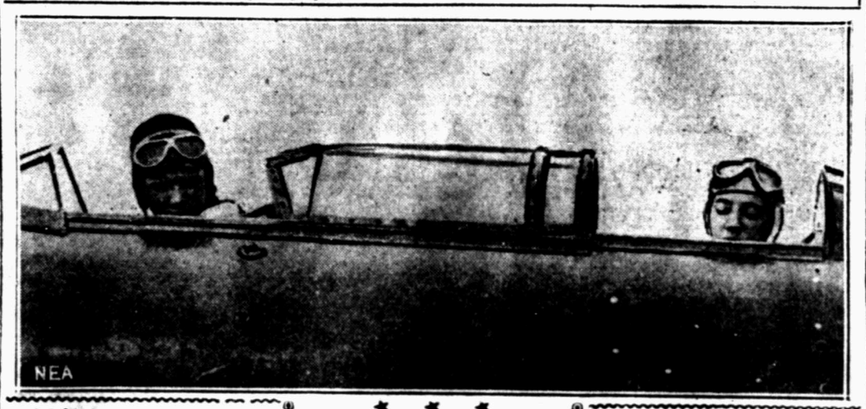

REYKJAVIK, Iceland, July 12. (AP)—General Italo Balbo's armada of 24 Italian seaplanes left today on a 1,500-mile hop to Cartwright, Labrador, the longest leg of their cruise to Chicago.

The aviators, glad to continue their 6,100-mile journey even though their week's stay here was brightened by many entertainments, departed at 6 a. m. (2 a. m. E. S. T.).

Townspeople were astir at an early hour and a large throng was thrilled as one after another the flying boats rose from the calm waters of Vatnagardar bar and started out over the North Atlantic.

LINDBERGHS OFF TO BLAZE NEW ARCTIC AIRWAY

Off on their first extended flight together since they visited the Orient two years ago, Col. and Mrs. Charles A. Lindbergh are pictured in the cockpit of their Lockheed Sirius monoplane just before leaving New York on the first lap of their aerial survey to Greenland and Iceland. Mrs. Lindbergh was to act as radio operator and photographer.

O'CONNELL TO BE RELEASED

REPORTS SAY VICTIM TO BE FREED FOR $20,000 RANSOM

(By The Associated Press)

ALBANY, N. Y., July 12.—Reports were flying today that young John J. O'Connell, jr., nephew of the up state Democratic dictators, would be freed by his kidnapers today after a ransom was paid.

The Albany Evening News heard the abductors had agreed to accept $20,000, a small share of the $250,000 demanded. The paper also said the 24-year-old son of the eldest of the three O'Connells would be released in the historic Catskill mountains, south of the city.

Dan O'Connell, one of the uncles, and the father of the hostage, were away from Dan's Helderberg mountain retreat all of the morning. A friend at the camp said they were "out for a ride." All at this remote spot, about 20 miles from Albany, were confident the boy would be released today.

DEVELOPMENTS IN CASE EXPECTED

ALTON, Ill., July 12 (AP)—Mysterious activity of Carl Luer, son of August Luer, wealthy kidnaped banker, today led to a report that a development in the case was expected.

At 3 a. m. (C. S. T.) a man left the Carl Luer home. The younger man has been handling affairs of the family since his father was seized Monday night in his own residence by two men and a woman. Shortly afterward the same man arrived by motor car at the Alton police station and transferred to a police car. Accompanied by two officers he sped away.

Police professed no knowledge of the presence of Luer with the officers. At the Carl Luer home his wife said he had left the house on a call with which she was not familiar.

Panhandle Drouth Sector Gets Rains

AMARILLO, July 12. (AP)—Rains, varying from light showers to near floods, fell yesterday afternoon and last night in the drouth-stricken northwest Panhandle area. Although the drouth was not broken regionally, many communities were benefitted.

Morse, near the south line of Hansford county, received an inch, Dumas and Etter, in Moore county, one-half inch, and Boise City, Okla., one-fourth inch. Only a light shower fell in Dalhart, but at Ware, immediately northwest of Dalhart, the Denver railroad and state highway No. 5 were flooded from a near cloudburst. Rains estimated at one inch fell at Clayton and Des Moines, N. M.

WOW HEADS RENAMED

CHICAGO, July 12. (AP)—All officers of the Woodmen of the World, including De E. Bradshaw of Omaha, Neb., national president, were reelected today at the organization's annual convention.

LINDBERGHS HOP FROM HALIFAX ON NORTHERN FLIGHT

HALIFAX, N. S., July 12. (AP)—Colonel Charles A. Lindbergh and his wife hopped off from here today for the next stage of their projected trip for mapping an aerial route over Labrador and Greenland.

Waving a cheery good-bye the famous American flying couple soared away from Halifax harbor shortly after noon "for no particular destination but bound northward."

The colonel, however, had clearance papers for Newfoundland and it was believed he and Mrs. Lindbergh would stop overnight at St. John's before proceeding further upon their northward travels.

THREE BODIES ARE SOUGHT

SEARCH FOR VICTIMS OF SLAYING TURNS TO LAKE DALLAS

(By The Associated Press)

FORT WORTH, July 12.—Officers seeking clues as to the disposition of the bodies of three men believed slain near Handley turned today to Lake Dallas. District Attorney Jesse E. Martin said he had received information that the bodies may have been left in that vicinity.

The missing men are Jack Sturdivant, 24, Eula; Harry Rutherford, 28, Abilene, and his brother, J. B. Rutherford, 30, Dallas. Their clothing was found Saturday night with personal effects enclosed in a hog-wire basket weighted with rocks at Ray crossing of the Trinity river near Handley.

Four Charged

O. D. Stevens, M. T. Howard, M. D. (Blackie) Howard and W. D. May, known acquaintances of the three, are charged with murder in connection with their disappearance. The four with Weldon Routt and Claude Hill are charged also with the $71,000 robbery of a depot mail clerk here last February 21.

Authorities have been told that an argument over a $9,000 payment for "services rendered" in the robbery led to the slaying.

Officers have intensified their statewide hunt for Sturdivant's automobile in which the three missing men left Dallas Saturday. Authorities believe the bodies left the murder scene in the car. It was reported seen near Baird late yesterday.

Negro Given Death On Plea Of Guilty

DALLAS, July 12. (AP)—An irresistable desire to "get right with God" impelled R. T. Bennett, negro ex-convict, to confess unexpectedly at his murder trial here that he strangled Mrs. Leona Buchanan in her apartment last December 1.

A jury which heard the negro change his plea of innocence to one of guilt after the trial had been in progress two days sentenced him to death.

FDR SPEEDS UP PROGRAM

GOVERNMENT AGENCIES ORDERED TO RUSH RECOVERY PLANS

(By The Associated Press)

WASHINGTON, July 12—Activity stimulated by orders from the boss to cooperate to the end spread today through the government agencies that are trying to restore prosperity.

The invigorated efforts centered about plans to get the unemployed back at work and guarantee them higher wages, feed those who cannot obtain jobs, lighten the home owners' burdens, help the farmer, protect the consumer—in short, to make things as they should be.

Program Studied

President Roosevelt was making a last study of $200,000,000 worth of job-giving projects to be constructed under the public works program; the industrial administration laid plans for hearings on new work-spreading, wage-fixing agreements by major industries; the relief administration promised to care for transient needy and demanded that states help take care of the unemployed at home; the home loan board pushed its organization into a score of states; Attorney General Cummings was on guard against unjustified higher prices; the farm administration was pushing its crop-reduction program.

The $200,000,000 public works program already had the approval of the board charged with responsibility. It needed only the president's endorsement. Officials said much of this work could begin almost immediately, thus creating jobs quickly.

Likewise, the bureau of public

(Turn to Page 3, Column 1, Please)

Twin Baby Burned Seriously By Lye

Serious but probably not fatal burns were suffered by a 11-month-old twin baby, son of Mr. and Mrs. Gibson Fowler, living a mile east of the municipal airport, early today when the baby got into some lye solution. The child is receiving treatment in West Texas hospital.

The child was playing in its walker when it came in contact with the lye. It was burned about the mouth, throat and back.

Man Shoots Spouse To Death, Suicides

DALLAS, July 12. (AP)—After a bitter quarrel with his estranged wife, J. T. Hickerson, 40, of Greenville, shot her and then fired a bullet into his own chest. The woman was killed outright and Hickerson died at a hospital.

The shooting occurred last night at the Dallas home of Mrs. W. O. Bradford, a friend of the slain woman. Mrs. Bradford said the couple had been involved in marital difficulties for several weeks. Mrs. Hickerson came to Dallas yesterday and visited Mrs. Bradford. She had been at the Bradford residence only a few hours when her husband arrived.

MARTIAL RULE REMOVED BY GOVERNOR

BEER TRUCKS RUMBLE INTO ACTION TODAY IN OKLAHOMA

(By The Associated Press)

OKLAHOMA CITY, July 12—Governor William H. Murray proclaimed today that 3.2 per cent beer is legal in Oklahoma.

In an executive order he announced sale of the beverage had been legalized by a majority of the state's voters in yesterday's special election.

The governor's proclamation was the signal for fleets of beer trucks to rumble into action, transporting cases of the brew from railroad cars to wholesale and retail dealers.

Licenses Sought

Applicants for beer licenses swarmed the offices of the tax commission.

Thus had Oklahoma, bone dry since statehood 26 years ago, joined other states in admitting the new beer.

A rush of trucks started immediately for the railroad yards. National guard troops, called out by the governor last night to prevent opening of the beer cars, withdrew.

Only licenses for selling of beer in bottles for consumption off the premises could be issued today. Licenses for restaurants and other dealers who expect to serve the beverage must allow their applications to wait five days for possible protests.

Referendum Carried

The governor's proclamation stated "it is clearly made known" that a referendum measure to legalize sale of a beverage "styled 3.2 beer, the same being defined as non-intoxicating," has carried by a vote of the people.

The order directed the tax commission to begin issuing permits to dealers and collect the revenue authorized by the beer measure.

The wholesale license is $250 a year and retail license $100.

Returns from 2737 precincts out

STATE SOLON IS SERIOUSLY HURT

SAN ANGELO, July 12. —(AP)—B. Frank Haag, Midland attorney and representative of the eighty-eighth legislative district, was in a hospital here this morning with a fractured skull and a deep cut in his forehead. He was injured last night in a collision between a sedan he was driving and a truck on state highway No. 9 five miles north of Sterling City.

His chances of recovery were pronounced slim.

E. H. Barron, Midland county judge; Paul T. Vickers, secretary of the Midland Chamber of Commerce, and Clarence Scarcauer, Midland hotel owner, accompanying Haag, sustained only slight injuries. They were returning home from Austin, where they appeared before the highway commission. Four men on the truck escaped unhurt.

Forest Army Is In Palo Duro Canyon

AMARILLO, July 12 (AP)—Two hundred ex-service men, the first of three groups of civilian conservation corps recruits to be consigned to the Palo Duro canyon park project, arrived in Amarillo last night and were transported to the canyon today.

Two other companies were scheduled to arrive during the afternoon from Fort Sam Houston. The three companies will establish camps on the west rim of the Canyon, about 15 miles east of the town of Canyon, where the state has been deeded 14,500 acres for a park.

EDWIN GOULD DIES

OYSTER BAY, N. Y., July 12. (AP) Edwin Gould, 67, son of the late Jay Gould, pioneer railroad magnate, died at his country home here last night of a heart attack.

Carnival Picnic For College Faculty People Tuesday Features Outdoor Entertaining Here

Other Groups Have Picnics This Week

Featuring outdoor entertaining that is popular during the hot weather, there was a picnic at the home of Dr. and Mrs. Bradford Knapp on the campus of Texas Technological college Tuesday evening. Faculty Women and Questers Dames entertained for other faculty members. There were about 200 present.

The carnival theme was carried out. Those who served wore gypsy costumes. Miss Harriet Tilden, dressed as a gypsy, told fortunes. Balloons and colored lights were strung over the lawn. Various games were played.

Mrs. Ray Mowery was in charge of the entertainment.

Among the other affairs during the week are several picnics and other outdoor parties. Okalona Camp Fire girls had a sunrise breakfast at Shannon park this morning, the affair having been planned at their regular meeting on Tuesday morning.

Girls in the First Baptist Big Chief B. Y. P. U. went on an overnight camp at Buffalo Springs Monday evening. They returned to Lubbock early Tuesday afternoon.

Swimming, hiking and boating were enjoyed by the group. Monday evening Arlene Harris conducted a devotional. Others attending were Norma Smith, Eda Juan, Annie Loree and Lucille Butler, Ruby Green, Marilee and Irving L. Jones, jr., and Mrs. Irving L. Jones. Mrs. Jones is sponsor of the B. Y. P. U.

Mr. and Mrs. V. O. Jennings, 2207 Twentieth street, entertained for stewards of the Asbury Methodist church and their wives Monday evening. The women enjoyed a social hour on the front lawn while stewards met for a regular session. Mr. Jennings is chairman of the board. Refreshments were served to about 30 persons.

Class Has Picnic

The First Methodist Sunday school class taught by Mrs. William Dingus attended a picnic at Shannon park Monday evening. After various games were played a supper was served.

Misses Mary Ann McConnell of San Gabriel, Calif., and Lois McConnell of Alhambra, Calif., were guests.

Losers in a contest in the Jennie K. circle of the First Methodist Mary Helm auxiliary are to entertain winners and their families with a picnic Friday evening. This will be at 7:30 o'clock on the back lawn of the home of Mr. and Mrs. R. L. Clinckscales.

Blue Star Kills The Itch Germs

To get rid of itch, rash, tetter, foot itch, ringworm or eczema, cover with soothing Blue Star Ointment which contains tested medicines that melt and soak in quickly and kill every germ. Money back if it fails.—Adv.

Queen of Lilacs

Two Thousand Lorain, O., high school students chose Jean Koepke, pretty eighteen-year-old senior, as queen of the city's third annual lilac festival. Jean is a brunette and was selected from a group of more than 25 girls who vied for the honor. The festival is held in commemoration of the planting of thousands of lilac bushes in Lorain, which is known as "The City of Lilacs".

Exhibit Chosen To Be Shown At Fair

Winners of paintings that will be sent to A Century of Progress to hang in the Texas exhibit were announced here this morning by Miss Edna Houghton, chairman of judges. The artists submitted their canvases in open competition. Five paintings were selected, four of which were done by local people.

Winners and their work are the following: Mrs. T. R. Prideaux, "Rainbow Cactus", a water color; Mrs. G. W. Hazelwood, "Glory of Mineral Wells", an oil; Robert Butler of McAdoo, "Matador Range", an oil; Mrs. Chester Hubbard, "Tahoka Road", an oil; Miss Houghton, "T Bar Ranch", an oil.

These paintings, together with 26 others that were entered, are on display in the Tech engineering auditorium. They will be sent to Chicago this week-end.

Miss Houghton, Mrs. Mary W. Doak and Mrs. C. C. Triplett were judges.

Bride At Acuff Is Honored At Affair

ACUFF, July 12. (Special)—Complimentary to Mrs. Gordon Moore, who was until recently Miss Rachel Germany, members of the Four S. club met Monday afternoon in the home of Mrs. R. C. Pace. The bride was presented with a shower of gifts.

Mrs. R. E. Parchman arranged a program of songs and readings by Miss Elzora Railsback, Mrs. Earnest Railsback, Mrs. H. J. Smith, Mrs. J. W. Haralson and Mrs. L. S. Evitt.

Those who attended were Mesdames L. B. Germany, Ashley Davis, C. G. Seagler, C. A. Shipman, T. H. Montgomery, R. W. Self, Roy Moore J. N. Montgomery, J. K. Eubanks, Edd Griffin, C. A. Bennett, Lelon Reid, Earnest Railsback, W. W. Johnston, jr., George Railsback, A. L. Allstott, E. R. Davis, Douglas Pounds, Edgar Russ, F. C. Bishop, T. U. Hunt, R. E. Parchman, Elmer Rush, G. C. Davis, C. R. Nix, R. O. Moore, L. S. Evitt, J. W. Haralson, Joe Jenkins, B. C. Askew, L. E. Park, J. L. McAllister, V. C. Snodgrass, W. C. Grimes, Lucian Moore, Hughey Rush, W. H. Millican, J. W. Cunningham, U. P. Pace, H. J. Smith, Misses Margarete and Eunice Bennett, Lois and Merle Germany, Frances Pace, Luneta and Oleta Seagler, Inez Davis, Irene and Elzora Railsback, Mildred Davis, Ruby Fay Snodgrass, Yvone Park, Orelia Davis, Hazel and Helen Millican.

West End TEL Class Attends Party

Members of the West End Baptist T.E.L. class met Tuesday afternoon with Mrs. G. C. Morgan, 2313 Ninth street. Mrs. H. A. Butler presided for a business session. Mrs. J. J. Rozzell and Miss Loma Day conducted a Bible contest and talks were made by the Rev. and Mrs. Boyd P. Milburn.

Those present were Mesdames H. E. Goeth, Rozzell, J. E. Lytle, F. E. Hunter, R. L. McDonald, S. M. Wilson, Butler, W. N. Wagnon, J. C. Wagner, W. C. Davis, Buster Odell, Milburn, the Rev. Milburn and Miss Day.

Campus Tour Made At Tech College

About 35 women students of Texas Technological college went on an inspection tour of the college plant Tuesday afternoon under the auspices of the Maids and Matrons club. Refreshments were served in the home economics building by Miss Margaret Weeks and Mrs. J. O. Ellsworth.

The Maids and Matrons club is meeting next Tuesday afternoon with Miss Anna Cecil Evans in the home of her parents, Dr. and Mrs. A. W. Evans.

LOCALS

Mr. and Mrs. H. C. Bowlin and family have returned from a visit in Central Texas.

Mr. and Mrs. Price Sanders went to their home in Las Cruces, N. M., today after visiting relatives here for about 10 days.

Miss Mary Louise McNeill has accepted a position as teacher of Spanish and history in the Rule schools next year. She is a graduate of Texas Technological college.

Mr. and Mrs. M. M. Traylor and daughters, Frances Jane and Mrs. Evan Wells, of Malone are visiting Mr. and Mrs. A. B. Brown, 1602 Avenue Y. Mrs. Brown and Mr. Traylor are sister and brother. The Traylors and Browns are to spend Thursday and Friday with another brother, G. T. Traylor, in Floydada.

Jolly Dozen Party Is Tuesday Affair

Members of the Jolly Dozen club were guests of Mrs. Rufe Williams, 2202 Tenth street, Tuesday afternoon in her home.

Mesdames S. M. Glass of Dallas, Solon Clements and Ira Doak were special guests attending. Members present were Mesdames Harry Hall, Erle Thompson, J. H. Beard, Edgar T. Neal, R. Bush Smith, T. C. Reynolds, E. B. Harris, J. B. McCauley and H. W. Sims.

Charles B. Musgrove And Bride Return

Mr. and Mrs. Charles B. Musgrove, jr., who were married on July 6 at Hugo, Okla., have returned to Lubbock and are residing at the home of the groom's parents, Mr. and Mrs. Charles B. Musgrove, north of town.

The bride, who is the former Miss Juewell Stotts, is the daughter of Mr. and Mrs. J. C. Stotts of Cooper. She stayed in Lubbock the last two years with her aunt, Mrs. Bernie Reeves, 2305 Fourteenth street, and attended Lubbock High school. The groom, a high school graduate here, is employed by a local hardware company.

Methodist Unit Has Program Tuesday

Women in Circle 1 of the First Methodist Women's Missionary society met with Mexican Methodist women in the Mexican church Tuesday afternoon for a program. There was a total attendance of 72. Those who participated in the program were Mrs. C. A. Bickley, Mrs. Fred Button, Mrs. Joe Smith, Misses Catherine Royalty, Mary Ansley, Ruth Love and Ardath Byrd and several Mexican children and women.

Miss Edith Bird Is Hostess At Party

Miss Edith Bird entertained with a dinner and bridge party at the Hilton hotel Tuesday evening. Guests were Mesdames H. R. Gholson, C. C. Craig, M. E. Ware, John Keathley, T. H. Bleecker, L. M. Drown, K. N. Clapp, C. C. Lindsey, Paul Morgan, Wilda Stewart and Miss Olene Bates. Favors in bridge went to Mrs. Keathley and Mrs. Morgan.

Mexicans Will Ask Probe Of Slaying

WASHINGTON, July 12. —(AP)— The Mexican embassy today prepared to request the state department to investigate the shooting, July 7, of Jose Lopez Enriquez, a Mexican citizen, by an immigration border patrol officer at El Paso, Texas.

Dr. Luis Padilla Nervo, embassy counselor, said he had written a note to be sent to department officials asking for all available information in the case, which resulted in the death of Enriquez and was reported to have aroused considerable feeling among the citizens of Juarez, just across the border.

The embassy recently requested investigations in the shooting of Faustino Herrera and Jose Rodriguez, Mexican citizens reported killed under similar circumstances at E. Paso.

TARS ACCEPT WAGE CUT

ROTTERDAM (AP)—Officers and men in the Dutch merchant service have accepted a reduction in wages of five per cent now, with another reduction of a similar amount six months hence.

Ranch Home Scene Of Club Gathering

Mr. and Mrs. George Boles were hosts to members of the Pioneer Needle club and several other guests with an all-day party at their ranch home in Yellowhouse canyon Tuesday. Singing, sewing and other diversions were enjoyed during the day. Mrs. Sue McMurry read a tribute to the club. Mesdames Joe Hilton and George R. Bean led the singing.

Guests and club members attending were Mesdames E. Y. Lee, W. C. Bryan, J. Neuel Bryan, W. E. Twitty, J. T. Bullock, T. B. Williamson, L. R. Rankin, J. L. Chase, F. V. Brown, Sue McMurry, F. E. Wheelock, George R. Bean, Clara Abney, John Conner, Henry Crosby, W. C. Rylander, Clarence Reed, Claude Wilson, Buell Boles, J. A. Jones, Ed Vaughn, Chattie Farris Joe Hilton and Miss Weimer Brown.

Carlisle Club Meets At Pendley Home

When members of the Carlisle Home Demonstration club met Tuesday afternoon with Mrs. A. R. Pendley canning was demonstrated. Those who were present were Mesdames J. M. Isaacs, J. M. Lane, Ellis McGinnis and Miss Christine Lane.

Methodists Leave To Attend Meeting

Misses Freddis Adkins, Eileen Booker, Sammie Marie Hitt and Marshall Rhew have gone to Mt Sequoyah, Ark., to attend an annual Methodist church encampment. They will return July 26. Mr. Rhew is minister of education at the First Methodist church.

Hurlwood Girl Wins Third In Contest

Winner of a Lubbock county bedroom improvement contest, Miss Dorothy Horton, Hurlwood four-H club girl, placed third in the district, No. 2, Miss Isla Mae Chitwood, county home demonstration agent, said Tuesday.

Leona Inker, of Longworth, Fisher county, placed first in the district and Dorothy Hawkins, Olney, Young county, was second. There were 16 counties in the district represented in the contest.

Altogether 641 girls from 72 counties participated in the state contest.

Miss Horton won a trip to College Station during the coming Short Course, July 24-29, as a result of her county victory. No announcement has been made of what the prizes in the district contest will be.

DR. TRUETT CLAIMS THERE IS LESS DRINKING NOW THAN IN THE OLD DAYS

There is "immeasurably less" drinking among college students now than under the licensing of the sale of liquor, Dr. George W. Truett, pastor of the First Baptist church of Dallas, said in an interview here yesterday. Dr. Truett spoke at a prohibition rally last night.

"The heads of 303 colleges and universities, among them some of the largest in the nation, stated in a report that there was much less drinking among college men now than among college men in the old days," Dr. Truett pointed out.

Had Only One Church

"I have watched Dallas grow from a small city of 40,000 people to its present size of 300,000. I went to Dallas just after my graduation from Baylor, in June 36 years ago. I became pastor July 1, that year and the First Baptist church is the only church I have ever had.

"I have seen more drunk men on a Saturday afternoon in the old days in Dallas than I have seen since. I know personally that there is an incomparable improvement in drinking conditions among college men."

Dr. Truett concedes the possibility of the wets winning the August 26 election, because the dry forces are not sufficiently organized in Texas. He believes it is up to the rural sections and the small towns "to stem the tide of wetness."

Propaganda Reported

There has been a tremendous amount of propaganda spread by the forces opposed to prohibition in the past 10 years and "especially in the past four years," that has broken down a great deal of opposition to the liquor business, he said. The younger generation does not know much about the old time saloon and its sinister influence and, therefore, the young people are more or less indifferent to its return, he said.

Last night a thousand or more people crowded the First Baptist church auditorium to hear Dr. Truett and Dr. W. R. White, former Lubbock pastor, in their addresses on the repeal question. George R. Bean, Lubbock county dry chairman, presided and introduced Dr. White, who introduced Dr. Truett. Immediately after the addresses the two men left for Dallas by train.

Cotton Reduction Contracts Signed

BROWNFIELD, July 12.—(Special)—R. C. Reed, emergency agent, late Tuesday reported 700 cotton acreage reduction contracts had been completed in Terry county.

The contracts offered to retire 25,001 acres, represented 41 per cent of the cotton planted in this county. The average lint yield per acre is 116.1. An option was taken on 3,712 bales of cotton.

The quota of 26,502 acres probably will be reached before Wednesday night, Mr. Reed said.

Charles Guynes Is Object Of Search

Whereabouts of Charles Russell Guynes, 21, who disappeared seven days ago, still was undetermined today, so far as was known publicly.

The young man, who with his wife was living with his parents, was last seen about 2:20 p. m., July 5, about 10 minutes after an unidentified automobile had stopped at the dairy of his father, Charles Guynes.

Young Guynes talked with unidentified persons in the car. Neighbors reported they saw Guynes climb a corral fence and then walk away.

The Guynes dairy is on south College avenue, about four blocks beyond the city limits.

Truett May Hold A Revival In Lubbock

Possibility of Dr. George W. Truett, pastor of the Dallas First Baptist church, holding a revival meeting in the First Baptist church here some time after the first of the year, was seen today following a visit with him yesterday afternoon by a group of deacons of the local church.

Dr. Truett explained to them that his engagement list was overcrowded, up to the first of the year. After that date he might be able to fill an engagement in Lubbock, he said.

MAN IS CHARGED IN FATAL MISHAP

LAREDO, July 12. — (AP) —Complaints charging A. C. Armstrong with murder and driving an automobile while under the influence of intoxicating liquors were filed in connection with the death of George Demotsis, one of four involved in a three-car collision near Bruni Monday night.

Armstrong was arrested at Hebbronville and brought to Laredo where he will be given an examining trial.

John Sigmund, Corpus Christi oil operator, driver of the car in which Demotsis was riding, was reported doing well in a hospital although he was injured seriously. E. L. Armstrong, Jim Hogg county ranchman, driver of the third car, also was injured badly.

Demotsis' body was sent to San Antonio for funeral services.

Postal Service To Be Curtailed Here

Lubbock's postal service will be curtailed slightly during July, August, and September, John L. Vaughan, acting postmaster, said Tuesday.

Each employe must take a nine-day furlough without pay during the three-months period. On two days each week, there will be only one residential delivery of mail, the afternoon delivery being discontinued for those two days.

Mr. Vaughan said he planned to continue three deliveries and collections daily in the business section. There also may be some curtailment of service in the postoffice, but plans have not been made yet. One window may have to be closed during a part of the time, Mr. Vaughan pointed out.

Settle Named Head Of New Demo Group

J. Doyle Settle was elected temporary chairman, Hugh Anderson vice president, and Garland Smith secretary by 37 men at an organization meeting of a Young Men's Democratic club last night in the Lubbock hotel.

The officers, William H. Evans, and Charles O'Neall, who form a constitution committee, will report at the next meeting July 25 in room 212 of Hotel Lubbock.

Hugh Anderson presided over the meeting until Settle, of Abernathy, was elected. Purposes of the organization were outlined by Mr. Evans, formerly assistant county attorney.

"I USE THIS SOAP AND HAVE FOR YEARS—IT KEEPS MY SKIN RADIANTLY YOUTHFUL. NOW I KNOW WHY IT GETS SUCH MARVELOUS RESULTS*..."

*SCIENTISTS NOW EXPLAIN

"This soap contains natural elements skin needs to stay youthful"

SOFT . . . exquisitely smooth . . . youthful skin! The heart's desire of every woman! For years the lovely screen stars have used this beauty soap because it keeps their skin so lovely . . . so *young*-looking.

Now scientists explain WHY it is such a wonderful aid in keeping skin youthful.

The Secret of Youthful Skin

Young skin is rich in certain precious elements, put there by Nature herself; but, as years go by, these elements are gradually lost. Then skin ages, grows dull, unattractive.

But scientists now tell you, Lux Toilet Soap *checks the loss* of these precious elements from the skin. For, they find, it *actually contains* such elements . . . is completely free from harshness, readily soluble. No wonder this soap is so remarkable an aid in keeping skin soft, young-looking, they declare.

To guard their priceless complexions, 9 out of 10 screen stars depend on this fragrant, white soap. Start today to keep *your* skin young-looking with this scientific care.

"Now I know why screen stars use this soap!" says Helen Simis, of Phoenix, Arizona. "I took their advice and tried Lux Toilet Soap—it keeps my skin so smooth and youthful-looking that I wouldn't think of using any other."

For EVERY Type of Skin...*dry...oily...*"in-between"—BEGIN TODAY!

FRANK NASH'S WIDOW HELD

BLAMED FOR SETTING IN MOTION OF FATAL DELIVERY PLOT

KANSAS CITY, July 12. —(AP)—The widow of Convict Frank Nash, believed by authorities to have been instrumental in setting in motion the delivery plot that resulted in his death and that of four officers in a hail of machine gun fire here June 17, surrendered Tuesday to federal agents.

It was announced she would be charged with obstructing justice, the same technical charge on which Herbert Farmer, ex-convict of Joplin, Mo., and his wife are being held.

Secrecy Shrouds Arrest

Secrecy surrounded the arrest of Mrs. Nash and the questioning of the woman by operatives of the United States bureau of investigation.

It was said she came here voluntarily from Wenona, Ill.

Federal authorities allege that Mrs. Nash notified members of her husband's gang immediately after his arrest in Hot Springs, Ark., on June 16, and made an airplane flight with her 7-year old daughter and an unnamed man to Joplin, Mo., where she went to the home of Farmer.

From Farmer's home officers traced telephone calls to the residence in Kansas City of Verne C. Miller, ex-convict and former sheriff at Huron, S. D., who is alleged to have wielded one of the machine guns in the Union station plaza here the bright morning in the daring attempt to free Nash. Miller is a fugitive, also of seven or eight persons being sought.

Used Another Name

Before the airplane flight to Joplin, Mrs. Nash is alleged to have telephoned from Hot Spring to Farmer's Joplin home, using the name Mrs. E. B. Conners.

Nash, convicted train robber, was being returned to Leavenworth federal penitentiary from which he escaped in 1930, when his gangster friends opened fire on the group of officers.

RECOVERY

(Continued from Page One)

ds studied allotments to states highway construction. The public works cabinet board got ready to on non-federal construction ks and agree to advance federal y to help finance them.

Projects Revised

fore establishing yesterday the capital calls his "super- net" to coordinate the recovery —and telling these men to fast—Mr. Roosevelt looked and revised considerably, a preliminary list of federal public works projects proposed. Some could not be started soon enough.

Over at the industrial administration, prospects were brighter for that job-spreading program. Hugh S. Johnson expected quick submission of an agreement by which steel producers would fix minimum wages and maximum hours.

His plans were for a hearing on the steel code—representative of 95 per cent or more of the industry, measured by output—within a week. Thus the steel hearing would run concurrently with that on lumber's wage-raising, job-spreading agreement, which will be put under public scrutiny on July 20.

Johnson will not accept lumber's wage and hour proposals; he said so flatly. Futhermore, the industry has given indications that it expects to be bargained out of the 48-hour week and 22 1-2 cent per hour minimum wage it offered.

Agreement Sought

A group of bituminous coal men, agreed on a $5 a day minimum wage, sought to eliminate the other differences that have delayed the presentation of their code to Johnson.

Besides these things, the home loan board announced a number of additional state directors who will handle portions of the possible $2,000,000,000 fund to finance home mortgages at 5 per cent interest.

Likewise, the agriculture department was working to get enough farmers to agree to reduce their cotton acreage so that plan could be put into effect. Sugar men had just about completed their agreement to allocate production in their effort to raise prices.

PLANE BRINGS U. S. MAN FOR MEETING

Delayed by bus at Post, George Webster of Washington, here today to explain provisions of the National Industrial Recovery act related to the cleaning and dyeing industry, arrived by plane shortly after noon today. Art Chase, Lubbock flier, went to Post after Webster after learning of his delay, in order that the federal man might arrive in time for a meeting of South Plains tailors at Hotel Lubbock today noon.

Approximately 50 cleaners and dyers from over the area were here for the meeting in room 212 of the hotel.

Webster is to explain provisions of the act and the industry's national code to the meeting.

ITALY GROWING BANANAS

ROME (AP)—Banana loving Italy has its own almost sufficient garden for the fruit, government statistics indicate.

These figures show that stimulated cultivation in Italian Somaliland is responsible for a 1933 yield 30 times greater than that of 1930. The crop, of about 18,000 tons, is worth $850,000 to the African colony.

DAILY MARKETS

Cotton Market

NEW ORLEANS REPORT

NEW ORLEANS, July 12. —(AP)—Cotton had rather a disappointing opening today. Although cables were better than due and sterling was higher, first trades showed no change to 3 point decline.

Prices were irregular, October trading up to 10.83, or 2 points above yesterday's close, while December was quoted at 10.96, or 2 points under yesterday's close. The market soon torned easier owing to disappointment over reports on the cotton acreage reduction program. October dropped to 10.71 and December to 10.87, down 9 to 11 points from the close of yesterday.

Later prices recovered 2 to 3 points from the lows.

The market became more active as the morning advanced, particularly after issue of the weekly weather and crop bulletin, which was more unfavorable than looked for and therefore was bullishly construed. Reports also reached the floor that several states had completed their acreage-reduction quotas and prices advanced until October traded at 10.94, within a point of yesterday's season high, and December reached 11.10, within 3 points of its 1933 top. These prices were 23 points above the early lows and 12 to 14 points up from yesterdays close.

Later in the morning the market was somewhat easier owing to realizing and some long liquidation and there were reactions of 7 to 8 points from the best.

NEW YORK REPORT

NEW YORK, July 12. (AP)—Cotton opened barely steady, 6-13 lower under liquidation due to uncertainty over success of acreage reduction in Arkansas and on disappointing cables. July 10.48; Oct. 10.80; Dec. 10.95; Jan. 10.98; Mar. 11.18; May 11.32.

October sold off to 10.72 and December to 10.87, making net losses of about 11 to 15 points, under initial pressure but offerings were fairly well absorbed by trade and commission house buying. Complaints of dry weather in the southwest and reports of heavy domestic consumption encouraged buying. There were rumors that offerings of acreage for curtailment in the southwest were increasing owing to less favorable crop progress.

The weekly weather report was construed as unfavorable with reference to the western belt and no more favorable than expected in other sections, and probably brought in a little buying. Offerings were light after the early selling had run its course and prices advanced. October sold up to 10.96 and March to 11.37, within 2 or 3 points of yesterday's best prices on active positions. The market at midday was within a point or two of the best at net advances of about 6 to 14 points.

Grain Market

CHICAGO REPORT

CHICAGO, July 12 (AP)—Taking a star role, rye today aimed apparently at the zenith, and scored approximately 25 cents a bushel advance in the last three days.

A striking feature was that for the first time some rye sold higher than some deliveries of the companion breadstuff, wheat, so high that Canadian rye is now being imported into this country. Talk was current that ownership of the limited supply of rye in the United States has been virtually concentrated in the hands of a few strong interests.

Record-breaking advances in prices for bread grains today were due in large part to authoritative estimates the Canadian 1933 wheat crop now promises to be 50,000,000 bushels less than was unofficially forecast on July 1.

All grains closed nervous, rye 3-3 1-2 cents above yesterday's finish, wheat 1-1 7-8 up, corn unchanged to 3-4 down, oats 1-4-5-8 off, and provisions unchanged to 30 cents decline.

OKLAHOMA BEER

(Continued from Page One)

of 3313 in yesterday's beer election gave the proposal to legalize 3.2 brew a lead of 88,604 votes at 10 a. m. today. The vote was 202,778 for the bill and 114,174 against it.

The final returns were gradually raising the huge majority in favor of the measure, although rural districts alone were being heard from.

Attorney General J. Berry King, a political foe of the governor, held the beverage became legal when its approval by the voters was assured. However, the governor disagreed and directed the state tax commission to issue no licenses for sale of beer until his proclamation was issued.

"A victory for decency and temperance," was the way Rep. R. C. Garland, chief of the Beer for Oklahoma league, characterized the result.

"First Round Knockout"

"It looks as if this is the end of the first round and we have suffered a knockout," said the Rev. A. M. Jayne, head of the Prohibition Thousands. He added his organization would begin training for the second round—a vote on repeal of the Eighteenth amendment.

Oklahoma, constitutionally dry since statehood, would vote on national repeal in the 1934 general election under a measure now before the special session of the legislature. The house of representatives may vote on it today.

Rumors of a court test of the beer bill were heard today. W. J. Losinger, state superintendent of the Anti-Saloon league, indicated that organization was considering instituting such a test.

Lubbock Markets

These prices are furnished by the following Lubbock firms: Poultry—Lubbock Poultry and Egg company, delivered Lubbock; Grain—S. E. Cone Grain and Seed company, following prices being bid by Lubbock grain dealers: Cotton—Blocker Cotton company. All prices subject to change during day.

Livestock Market

FORT WORTH REPORT

FORT WORTH, July 12. (AP)—All classes of slaughter cattle were slow, but steady, here today. Hogs were 15 higher, and sheep bids were 50 lower.

Cattle: 2,000; fed steers 5.00; plain steers 4.00; best yearlings 5.75-85; butcher cows 2.00-25; fat cows 2.50-75; plain calves 3.25; few good heavy calves up to 4.50; few good stocker steer calves 4.75-5.00.

Hogs: 1,500; 4.35 and 4.40; packing sows around 3.50.

Sheep: 3,500; nothing done early.

KANSAS CITY REPORT

KANSAS CITY, July 12. —(AP)—(U. S. Dept. Agr.)—Hogs: 5,000; 15-35 higher; top 4.60 on 200-260 lbs; good and choice 140-350 lbs 3.15-4.60; packing sows 275-550 lbs 3.40-4.00.

Cattle: 4,500; calves: 800; mostly steady to strong; vealers steady to 50 lower; steers good and choice 550-1500 lbs 5.40-6.75; cows good 3.15-75; vealers (milk-fed), medium to choice 3.00-5.50; stocker and feeder steers good and choice 4.25-5.50.

Sheep: 5,000; lambs and yearlings fully 25 lower; sheep steady; lambs good and choice (x) 90 lbs down 7.00-50; yearling wethers medium to choice 90-110 lbs 4.00-5.50; ewes good and choice 90-150 lbs 1.25-2.25.

(x)—Quotations based on ewes and wethers.

Stock Market

WALL STREET REPORT

NEW YORK, July 12 (AP) — The stock market stepped gingerly today despite continued firmness of grains, a rally in foreign exchange and indications of further industrial improvement.

While several specialties responded to buying flurries, most of the pivotal stocks either sagged or held to an extremely narrow range. Rye got 4 cents a bushel, wheat and cotton rallied and bar silver reached another new year's high with an advance of 3-8 of a cent to 38 1-4 cents an ounce. The dollar dropped about 6 cents to the British pound. Bonds were irregular.

Western Union shares responded to an optimistic statement with a spurt of around 6 points, and National Distillers, U. S. Industrial Alcohol and American Commercial Alcohol moved up about 4 each. International Silver and Postal Telegraph preferred gained about 4 each, while U. S. Leather and International Silver improved 2 to 3 points. Some of the utilities, including Consolidated Gas, North American, Public Service of New Jersey and American Power & Light, advanced fractionally to a point or more. Union Pacific dropped nearly 4 points and most of the other rails were soft.

TECH MAN TALKS ON WORLD MEET

Giving a clear interpretation of the goal and accomplishments of the World Economic conference now in session in London, Prof. H. C. Pender of the Texas Tech faculty spoke at the luncheon of the Lubbock Rotary club today noon. W. O. Daniels was program chairman.

A short talk on A Century of Progress exposition in Chicago by Chas. A. Guy and a humorous skit with four speakers talking at the same time preceded Pender's talk. The speakers were: Judge Raley, Dr. W. A. Jackson, Jack Randal and Rev. W. P. Jennings.

Pender declared that up to the present, the economic conference's record is clear "for it has accomplished nothing." He explained the reasons for calling the conference under provisions of article 23 of the covenant of the League of Nations, to facilitate trade; economic interdependence, capitalistic internationalism, decrease in international trade through tariffs; monetary instability; trade prohibition; low credit and economic nationalism.

"The conference is now marking time, making only a pretense of doing anything," he said. "Little good can be expected from the meeting and it is evident that they will adjourn shortly without having accomplished much." He explained the vastness of the problems considered and other difficulties were to blame for this.

Dr. Bradford Knapp, new president, presided for the first time.

There has been an increase of 5,000,000 in the sheep population of Australia over last year for a new total of 115,000,000.

DEFICIENCY IN RAIN CITED

VEGETABLES HURT BY LACK OF MOISTURE DURING JUNE

AUSTIN, July 12 (AP)—A deficiency of rainfall over most of the commercial summer vegetables growing areas of Texas was noted during June, the United States department of agriculture reported.

The reported condition of watermelons and cantaloupes declined during the month. With the exception of these two crops, the shipping season for Texas vegetables is practically ended.

June Loadings Light

The loadings of watermelons were rather light during June and totalled only 960 cars compared with 1,560 cars for the same month a year ago. Dry weather cut yields in the southern counties, where the bulk of the June shipments originate. Loadings increased in volume during the latter part of the month as central Texas counties began harvesting. Unless rains fall soon in the late producing counties. The total production for the state will fall below early expectations. The July 1 condition was reported at 63 per cent of normal, a drop of 9 points from that of the month previous.

About 100 cars of cantalopes were shipped during June compared with 8 cars for the same month a year ago. A light movement should continue throughout the summer. The Pecos valley crop should furnish a few cars the latter half of July, but the main movement from there will not start until mid-August. The acreage in this valley has been greatly reduced from that of a year ago, but the out-look is for a much better crop. An acreage of honeydews at Eagle Pass is reported to be in excellent condition and should be ready for harvest early in August. The cantaloupe crop at Poteet is nearly harvested. The average condition of the crop declined 14 points during June to a reported condition for the state of 65 per cent on July 1.

HEAT WAVE

(Continued from Page One)

died at his home from the heat.

115 Degrees At Vernon

Thermometers of the government ranged from 115 at Vernon to 88 at Galveston.

Official readings over the state were: Vernon 115, McKinney 112, Farmersville 111, Wichita Falls and Denison 110, Electra and Corsicana 109, Texarkana and Denton 108, Sherman and Paris 107, Fort Worth 106, Waco, Abilene and Dallas 104, Amarillo and El Paso 102, Austin 101, Beaumont, Longview, Palestine and San Antonio 100, Del Rio and Houston 98, Port Arthur 96 and Galveston 88.

The temperature at Dallas at 7 a. m., today was 86, the highest reading at that hour in the history of the Dallas weather bureau.

Crops Damaged

South Plains feed crops were believed damaged by a searing sun, and even cotton dropped. Livestock suffered.

The extreme reading, of 104, was the second highest July temperature ever recorded at the experiment substation, Don L. Jones said. The mercury touched 106 July 19, 1925. At Municipal airport, 109.5 degrees was the maximum at 3 o'clock. Previous 1933 high was 102; reported June 29.

Penetrates Homes

The terrific heat penetrated business houses and residences, left its devastating touch everywhere. Candles in randelabra curled over in residences. An egg was cooked at 3:40 o'clock on the composition covered roof of an awning at the Avalanche-Journal office.

Only about 300 persons sought relief in the waters of city swimming pool, and most of them came at night. Some believed the weather too torrid for afternoon bathing.

Relief Comes Slowly

Soda fountains, in several instances, had improved business. Chafing in the scorching heat, hundreds mopped damp brows, drank iced beverages, dabbed moist handkerchiefs to their foreheads again.

Amateur sportsmen defied the scorching temperatures. There were three baseball games and a tennis tournament. Two women singles players spent two hours and fifteen minutes in playing two sets of tennis.

Air travel between London and Paris for the first three months of 1933 showed an increase of 60 per cent over the same period of 1932.

Brevities

Trailer Stolen—The Lynn county sheriff's department last night informed Lubbock police of theft of a four-wheel trailer about a mile north of Tahoka.

• • •

City Jail Empty—Lubbock city jail last night was empty for the first time, excepting about an hour last week, in about a year. One person, in jail in lieu of payment of a $15 fine for speeding, was there this morning.

• • •

Attend Services—Mr. and Mrs. John Edmisson attended funeral services Sunday for Mrs. Edmisson's father, Mr. Houston, about 50, who died instantly in a fall from a windmill last Friday afternoon at his home at Pearsall, southwest of San Antonio. Mr. Houston formerly lived at Paint Rock. Mr. Edmisson is a district court reporter here.

• • •

Revival Continues Next Week—Revival services being conducted by Rev. Jeff Welch of the Central Baptist church in a tabernacle in the 1500-block of Avenue D will continue through next week, it was announced today. Rev. Welch will preach tonight on "The Unpardonable Sin and Who Commits It". Services are being held twice daily, at 10 a. m. and 8 p. m. Regular services will be held at the church Sunday morning but the evening services will be at the tabernacle.

• • •

Condition Unchanged—The condition of J. E. Boog-Scott, jr., of Lubbock, who suffered a fractured skull when catapulted from an automobile in a collision Monday afternoon between Post and Justiceburg, was without marked change this morning Lubbock sanitarium attaches said. His condition was reported to be improved last night.

• • •

Theft Reported—Two front wheels, two tires and tubes, and some tools and light fixtures were stolen Monday night or early Tuesday when a Ford coupe in Mrs. H. J. Jarman's garage in Slaton was stripped.

• • •

Wolf Rites Today—Funeral rites for Mrs. Hattie Wolfe, 59, who died at 3 p. m. Tuesday, will be read at 5:30 o'clock this afternoon by John T. Smith, Broadway Church of Christ minister, at the home of her son, W. L. Wolfe, at 2217 Twenty-fifth street. Burial, directed by Bynum-Stahler Funeral home, will be in Lubbock cemetery. Mrs. Wolfe died in the son's home.

• • •

Body To Farwell—The funeral of Ramea Joe Wolf, five-month-old son of Mr. and Mrs. J. A. Wolf of Farwell, who died at 11 o'clock Tuesday night in a sanitarium here, was to be conducted at 3 o'clock this afternoon at Farwell, to which the body was taken by Rix Funeral home. Rev. R. L. Butler, Methodist Episcopal minister, was to officiate. Several brothers and sisters survive the baby, in addition to the parents.

• • •

Kuykendall Girl Hurt—A laceration of a lip was suffered by 10-year-old Martha Kuykendall, daughter of Mr. and Mrs. George P. Kuykendall, 2201 Sixteenth street, when she fell from a bicycle early last night near the Kuykendall home. She was treated at West Texas hospital.

• • •

Lunacy Suspect Held—Facing lunacy proceedings in county court, a former Lubbock and Slaton peace officer, arrested Tuesday afternoon here, remained in county jail today. Time of a hearing to determine whether or not he is sane had not been set at noon today. The man's wife and daughter left their home in Slaton, presumably for safety, Monday, and two special officers watched the place that night. The former peace officer, who it was said had threatened to kill any member of the sheriff's department who attempted to take him into custody, later left his barricaded room. The special deputies accompanied the man to a doctor's office here, and then to the sheriff's office. The man was reported also to have threaten the physician. More than half a dozen officers participated in the case.

• • •

Slaton Officers Here—Chief of Police R. L. Wicker, Louie Ares, Santa Fe railway officer, and Justice of the Peace E. H. Ward, all of Slaton, were in Lubbock yesterday. Wickers said he recently had acquired two young bloodhounds from the New Mexico state prison system.

DIES OF INJURIES

MIDLAND, July 12 (AP)—Virgil C. Ray, 56, Midland cattle commission man, died last night of injuries received in an automobile accident Sunday. His funeral was planned for today. The condition of J. A. Sacre, El Paso cattleman hurt in the same accident, remained serious.

You'll enjoy Camel's costlier tobaccos, too

MISSES PAULSELL, HAZELWOOD MEET FOR TENNIS TITLE

Miss Wilma Hazelwood of Stanton and Miss Lois Paulsell of Alice meet this afternoon at 6 o'clock on the Matador courts for the women's singles tennis champion of the Texas Tech summer session.

Miss Hazelwood won the right to meet the Alice girl Tuesday after she had battled for two hours and 15 minutes against Mrs. Woods of Garza county in a semi-final match. Miss Hazelwood won in straight sets, 7-5, and 9-7.

Petrolle To Meet Bep Van Klaveren

NEW YORK, July 12. (AP)—Freed from weight-making worries, Billy Petrolle starts a new comeback campaign against the speedy Hollander, Bep Van Klaveren, in a 10-round bout at the Polo grounds tonight.

Defeats by Tony Canzoneri and Barney Ross for whom he was forced to make 136 and 138 pounds respectively, taught Petrolle a lesson and he'll now concentrate exclusively on the welterweights.

The Duluth puncher, boasting an educated left hook, rules a 7 to 5 choice over Van Klaveren.

GAS LINE OFFER

(Continued from Page One)

ment of this contract, the city should receive from the company now serving the city with gas, a reduction in the present rate or rates, then and in that event, we shall be entitled to a fee in an amount equal to fifty per cent of the saving to the inhabitants of said city as between the rate now charged and such reduced rates as may be made to said inhabitants for a period of one year, using as a basis for this calculation the net amount of gas sold in the city for the preceding year at the present schedule of rates, this fee to be paid to us for service rendered and within thirty days after the date of said reduction."

Dry Gas Provided

The proposal says the company agrees to "procure for and on behalf of the City of Lubbock with one of the large and responsible gas producers in the aforementioned gas field, which contract shall provide dry gas delivered to the main line, which gas shall contain only the properties as meet the requirements for domestic and industrial uses. Such contract shall contain a provision satisfactory to the city as to price and pressure at the receiving point."

The price to be paid for the gas at the field was four cents, Mr. Girand said today. The city was to charge 40 cents per thousand cubic feet. The proposal provided that the city was to "maintain such rates for gas service as will pay the interest and retire bonds at maturity".

Extension Given

The John W. Moore Construction company was to have begun construction of a distribution system for gas in the city on May 15 this year as outlined in an original franchise granted Moore on December 9, 1932. A temporary extension was given Moore until May 31 and a later extension until August 1.

The extension of the franchise ended negotiations between the company and the city for construction or acquisition of a municipal distribution plant, members of the city commission said and a proposal on a system was given the commission in June.

This proposal the commission turned down, after conferring with a group of local citizens.

The original franchise granted Mr. Moore indicated he would build a pipe line from Lea county, N. M., and put in a distribution system himself. Later, city officials said, Moore proposed that the city construct or acquire the present distribution plant and handle the gas as a municipal utility.

On April 27, this year, Mr. Moore sent the commission a copy of a letter he had received from Sherritt and company, Chicago, saying the firm would agree to finance the pipe line from New Mexico provided the city constructed or purchased the local distributing system.

Upon suggestion of Mr. Moore, city officials communicated with officials of the West Texas Gas company regarding the purchase of the local system but the gas company's answer indicated the cost would be too prohibitive, city officials announced.

Negotiations on the line had been at a standstill until the Simpson company's proposal was given the commission recently.

CORN GROWERS MADE HAPPY

BARTER SYSTEM ENDS WITH ADVENT OF 50-CENT CORN

LINCOLN, Neb., July 12. —(AP)—The barter system which kept hundreds of middlewestern farm families in groceries last winter has been tossed over the sideboard with the advent of 50 cent corn.

Piles of bartered yellow ears still loom big as houses in the business sections of many Nebraska towns but they are not increasing. Farmers are selling their grain now instead of trading it to the store proprietor.

And the proprietor himself is carting to market some of the corn he took in at 9 and 10 cents a bushel. Plenty of it he keeps, however, just in case the price rise continues.

Nebraska had a good corn crop last year—269,293,000 bushels. It is estimated that 31 per cent of this is yet on the farms—and that's why the farmer is happy.

There's money in the farm communities again and Saturday night along main street is noisier and busier than ever. The manager of a Lincoln farmers store reported today purchases had increased steadily the last three months.

Merchants at Walthill in northeastern Nebraska did perhaps the most rushing barter business in the state. From Indians in nearby settlements and other farmers they took corn and stacked it in huge temporary cribs in the rear of town. The piles of corn became their bank accounts. Lumber dealers, oil men and even the University of Nebraska accepted grain, 12 cents a bushel being the average price at which it was taken in.

Thought For Today

The wicked is snared in the work of his own hands.—Psalms, 9:16.

* * *

The wickedness of the few makes the calamity of the many.—Publius Syrus.

Russia's Course

When you consider the abortive London conference, it becomes evident that one nation really has accomplished something definite there. That nation is that international outcast, Soviet Russia.

Russia has precious little interest in currency stabilization measures and not much more interest in trade embargoes or tariff agreements. But while the other nations involved are fruitlessly jockeying for advantage on those points, the Russians settled their quarrel with England, effected a new pact smoothing out a troubled situation along their southwestern frontier and came within shouting distance of recognition by the United States.

For the other delegates the conference is little more than a trip to London, a chance to do some debating and an opportunity to meet lots of interesting people. For the Russians, however, it is a big opportunity—and the Russians seem to have made the most of it.

* * *

"It takes a lot of patience to make good in your chosen profession," speaker told graduating class of young doctors the other day. Yes, and a lot of patients, too.

* * *

Everything should be all right in Washington if the brain trust doesn't fall victim to the brain rust.

* * *

Wayne Dinsmore, secretary of the Horse Association of America, declares use of horses is now increasingly rapidly. Evidently that's one line of business that has been stabilized.

* * *

Delegates to New Thought Congress in New York the other day witnessed demonstration which proved, to their satisfaction, that music cures headaches. But we still insist we've heard a lot of music that causes 'em.

* * *

Ohio summer resort featured 50 girls in bathing beauty contest as part of gala July 4 celebration. Doubtless, the cheering was "Hips, hips, hoo-ray!"

* * *

Englishman has invented practice golf ball, attached to sort of parachute, that is guaranteed not to travel more than 10 yards. We find that an ordinary golf ball answers our purpose equally well.

Flapper Fanny

A good correspondent can speed up the mails.

The PLAINSMAN Says:

That Girl on Broadway says if women call him a brute and men call him a sucker, he's probably a good, average husband.

* * *

The Indians were funny people. They used to cripple one another in combat without charging admission.

* * *

LEE Quillen back from New Mexico, proclaims he's quite a fisherman. To prove it he hauled back a couple of hundred mountain trout that he and the missus caught while up in the wilds.

There's lots of fish up there and they're easy to catch, Lee reports.

He also saw several buck deer but this being out of season he just cussed instead of shot.

* * *

He's singing the praises of Thunderbird lodge, operated by F. S. Wester and sons—the same family that has been running the riding academy at the fairgrounds here for the last couple of years.

All you have to do, he says, is take your own fishing equipment and the Westers will do the rest.

Thunderbird lodge is about 300 miles northwest of Lubbock—30 miles northwest of Las Vegas on the El Porvinir road, to be a trifle more specific.

Lee says the weather is great and hands out that same old line about 'sleeping under blankets every night'.

This time it's true, though; he's ready to swear it.

* * *

EUROPEAN correspondents of The Journal—those of Associated Press and the other services, too—are outspoken in their belief that the war drums are beating too often to make world peace anything like secure.

Germany, they report, is expecting to again return to the ranks of world powers and in the next ten years.

Most observers over there think the fighting will come a lot quicker than in ten years time.

* * *

That's the greatest argument of all for American isolation—or as near to isolation as it is possible for a nation to come in these complex times.

We discovered between the years of 1917-19 that it isn't always healthy to poke our noses into the affairs of other nations.

That's a lesson we should remember.

* * *

H. S. Hunter, able editor of El Paso Times and author of the widely read "Around Here" column in Dorrance Roderick's paper, is piqued.

In fact, like Jimmie Durante, he is mortified.

* * *

"That guy Mattern", says Editor Hunter, "is the luckiest man in seven states. Not only is he found, after being lost in the wilds of Siberia for 16 days—but his wife believes his story.

"And she's overjoyed. She's going to meet him with open arms when he gets home.

"Can you beat it?"

* * *

MR. Hunter does his best to visualize the El Paso husband who, after being missing for three weeks, finally comes home.

"Oh, yes", Mr. Hunter says the wife's answer would be. "You've been lost in the wilds of Siberia! Now isn't that nice?

"And how much money did you spend in that wild, wild place while you were gone?"

* * *

Cotton sold here over the broker's table for 10 cents a pound Monday. That is the first time the fleecy staple has brought that much since 1930.

It sold in Abilene Monday for 10 and 1-4 cents for middling grade, 15-16 inch staple.

That's good news.

Here's hoping it hits at least 12 cents by September—the Roosevelt New Deal goal.

* * *

That Man on Avenue Q says this is a funny country. We're ready to go to war if Mexican or Chinese bandits kidnap an American citizen but we hardly take time to read newspaper reports of similar atrocities taking place in our own country every day.

* * *

(Note to the writer of the letter signed 'An Observer': Boone Jenkins, Western Union manager here, says your figures are wrong and he will be glad to show same to you. I am not printing your letter, in keeping with this columns oft-printed rules for correspondence, namely: any letter criticizing, directly, any firm, organization, individual or institution must be signed by the writer's true name. I'll print your letter if you want to sign it.)

* * *

BACK in 1928 one of the most serious charges brought against Alfred E. Smith was "he's too radical".

Today leading Democrats and Republicans, too, perceive that Mr. Smith is an ultra-conservative—one of the few public leaders who is fighting the National Recovery act on the ground that it is too great a departure from our American ideals.

Yet Mr. Smith's views today are identical with his views of five years ago.

* * *

The incident only goes to prove the oft-repeated statement that "the radicals of today are the conservatives of tomorrow".

One needs not delve into history for the proof of the pudding.

Here it is, within the ken of all adults.

* * *

WALTER Lippmann and other critics of the Roosevelt administration claim FDR's recent statement to the World Economic conference was much too harshly termed.

Maybe it was, but what has all this salve we've been wasting on Europe gotten us?

No matter how Mr. Roosevelt talks to those bozos, how can we lose anything?

Mr. Roosevelt Isn't the Only Collector of Boat Prints

Dutcher Sees Bootlegging Even If Repeal Passes; Says High Cost Of Legal Whisky Will Extend Present Demand

BY RODNEY DUTCHER
The Evening Journal's Washington Correspondent

WASHINGTON, July 12.—Prohibition agents are being rapidly exterminated, but the bootleggers will survive them by many years.

That fact is commonly recognized here. The administration is taking the bootlegger's present relative freedom with complete calm, at the same time anticipating a problem of collecting the revenues which it anticipates from hard liquor after prohibition's repeal—which may come this year.

Dutcher

The root of the problem is that high-grade, legitimate whisky may be selling at five or 10 times the price at which it can be handled by illicit distillers and distributors.

In adjacent Maryland new whisky is offered in case lots at $1.35 a gallon. Whisky of considerable age and quality may be had for $4. Illicit booze of similar type is available in most regions of the country.

* * *

Price Will Be High

To compete with this, legal distributors under government sanction are likely to have nothing to offer at less than $20 a gallon. There will be a federal tax—very likely $6.40—plus a $5 import duty, plus state tax and costs and profits of producer, wholesaler and retailers.

Legal whisky must be largely imported for three or four years because there are less than 4,000,000 gallons of pre-war whiskey in bond, and only 7,000,000 gallons which can become eligible before expiration of the four-year aging period prescribed by the government. That compares with 167,000,000 gallons consumed in 1917. Bootleggers and private hoarders, under the relaxed restrictions on medicinal permits, are making rapid inroads on that 4,000,000 gallons, and much of it will be sold only after being "cut" with alcohol and water.

There's no age limit on gin and the speed and quantity of production would be limited only by the supply of alcohol available, and consumer demand. Bootleg gin will continue to have a market, officials believe, since taxes will make the legal article dearer.

* * *

Old Tax Ineffective

Contrary to common belief, the old federal tax of $6.40 a gallon on spirits will not become automatically effective when repeal is achieved. The tax was $1.10 until wartime, when it was doubled.

Just before prohibition became effective it was hiked to $6.40 for beverage spirits and $2.20 for non-beverage spirits. But in 1925 the rate was fixed at $1.10 on non-beverage spirits with a $6.40 tax on those "diverted for beverage purposes."

Dr. James M. Doran, commissioner of industrial alcohol, says this means that after repeal there will be no tax except the $1.10 impost until Congress makes a change. Congress is expected to act rapidly and will place the rate much nearer the former $6.40.

* * *

A Senator's Fame

The fame of Senator Edward P. Costigan of Colorado, who was more effective than any other banking committee member in seeing that the facts about J. P. Morgan & Co. were publicly revealed, has spread across the sea.

He recently received a letter from a lady named Costigan in London, who seeks a relative over here of the same name, addressed: "Senator E. P. Costigan, House of Morgan, Washington, D. C."

FLASHES OF LIFE FROM EVERYWHERE

INTERESTING BITS OF NEWS GROUND FROM THE GRIST OF THE DAY'S HAPPENINGS

(By The Associated Press)

Needs A Boat

NEW YORK,—Capt. John Connelly of the United States volunteer life saving corps has rescued two more persons from the East river. One was a 16-year-old boy, the other was another rescuer. Connelly held them both up until a coast guard boat came along.

"I get tired sometimes," said Connelly, who lost count of the numbers of his rescues after they passed 90. "What I need is a boat. About a $50 one would be swell."

2-Year-Old Smoker

PATERSON, N. J.—Charles Norman, jr., when 14 months old, sat on his father's lap, smelled the good smoke of his father's cigar, and howled. A puff of the self-same cigar made him stop crying. Today, aged 2 years, he smokes two or three cigars a day, so his parents say.

Sound Economics?

MANAWA, Wis.—Sometime next November, Edward J. Griffin, tavern proprietor, will learn whether his policy of selling a pretzel for a nickel and throwing in the beer was sound economics. A court then will hear charges that he violated an ordinance requiring a $100 license fee to sell beer.

He's Patient

SAN FRANCISCO—Dr. Cyril Von Baumann is a patient fisherman. That's why John O'Malley, dishwasher on the liner Virginia, has his lower teeth back. He swallowed them when the ship hit a big wave coming here from Los Angeles, but Dr. Von Baumann fished for six hours—so ship's officers report—in the man's stomach, and finally pulled up the teeth.

Al Capone's successor in Chicago has been indicted for dodging his income tax. Too bad that he didn't have Banker Mitchell's attorney to advise him that it wasn't against the law.

With 'Whiz' BARRY

Under The Capitol Dome

BY R. W. BARRY
Associated Press Staff Writer

AUSTIN, July 12. (AP)—Flood waters of the Rio Grande have been known recently to discriminate between nations. They have wrought damage to the American side of the international boundary without harming Mexican property.

This strange trick of favoritism was discovered recently by W. W. Heath, Texas secretary of state; George H. Sheppard, state comptroller, and Henry P. Edwards, state tax commissioner.

They made a journey to the border to look over the toll bridges that span the Rio Grande between Texas and Mexico. It is the duty of these officials to place a value on the intangible assets of such structured for tax purposes.

Flood Causes Damage

Owners of the bridges told about a flood in the river damaging their bridges considerably a few months ago, but leaving the structures on the Mexican side of the stream, high and dry, unhurt by surplus water and driftwood.

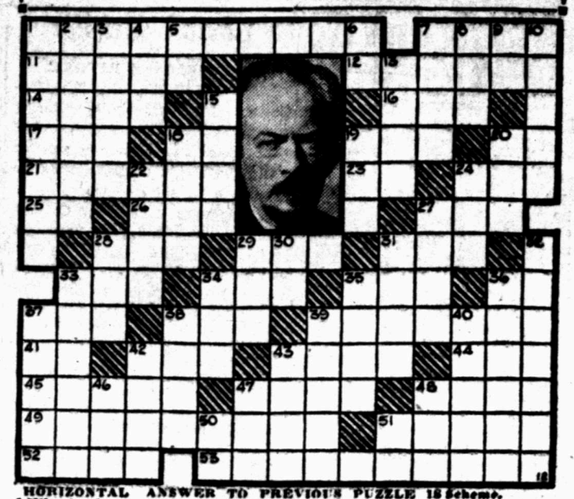

At Laredo, there are two toll bridges connecting the Mexican and American cities of that name. One is owned by an American corporation and the other by a railway. The railway bridge, which accommodates vehicular traffic as well, is open only at intervals, Heath said. But, when it is open, with the traffic divided between the two spans, the American-owned structure isn't very profitable, he said. The Laredo toll bridge is the only one that is entirely owned and operated by Americans, Heath said. The other bridges along the border, at Del Rio, Eagle Pass, Zapata, Brownsville, Roma, and elsewhere, being jointly owned and maintained by American capital and the Mexican government. The Zapata bridge isn't being used frequently these days, Heath reported. At its Mexican end there were only two saloons and those were destroyed by fire recently, he said.

SEEN AS DEBT ERASER

WELLINGTON, New Zealand (AP)—Organization of a national gold mining expedition with a view to wiping out the national and municipal debt has been suggested by members of parliament from Canterbury.

Judging by those reports from Hollywood, "America's Sweetheart" is no longer Doug's.

SPORTS

GIANTS SLUMP AND RIVALS ADVANCE

CARDS ONLY TWO AND HALF GAMES BEHIND AFTER "GIFT" WIN

BY HUGH S. FULLERTON, JR.
Associated Press Sports Writer

The slump of the New York Giants, a long awaited event which has been keeping the hopes of various other clubs in the National league alive, appears to be well under way. A losing streak which began when the Giants tackled a July doubleheader at Boston has extended through seven straight games and now four clubs are close to the league leaders than the second place St. Louis Cardinals were on July 3.

The Cards, by virtue of a 2-1 "gift" victory over the Giants yesterday are only 2 1-2 games behind. Chicago's Cubs moved into third place three games back of the leaders by defeating the Brooklyn Dodgers 6-2 while the Boston Braves won by taking a 5-3 decision from Pittsburgh that left the Pirates and Reds tribe following at one-game intervals.

Errors Costly

A combination of weak hitting and weaker fielding again wrecked the Giants although Bud Parmelee gave them more of the fine pitching they have had right along. Errors in the seventh by Travis Jackson, Parmelee, Bill Terry and Gus Mancuso gave the Cards both their runs. Dizzy Dean held the margin although he wabbled a bit in the ninth.

The Phillies, meanwhile, moved out of the league cellar by taking a dull eleven inning decision from Cincinnati when Don Hurst tripled and scored on Wes Schulmerich's fly.

Sen's Lead Cut

With the aid of the Chicago White Sox, the New York Yankees whitened up the American league race. The Yanks pounded Wally Gilbert early to defeat the St. Louis Browns 5-4. The Sox did the same thing even more emphatically to Al Crowder and the Washington Senators, winning 9-3 by scoring eight runs in the first three innings. The defeat reduced Washington's lead to two games.

The third place Philadelphia Athletics kept pace by rapping Clint Brown for three runs in the first and defeating the Cleveland Indians 6 to 4. The Boston Red Sox handed the Detroit Tigers their fourth straight loss when a double by Dusty Cooke led to two runs in the fourth and a 2-1 victory in a pitching duel between Bob Weiland and Vic Frasier.

MILLER BEATS ABIE ISRAEL

CINCINNATI BATTLER HOLDS TO FEATHER CHAMPIONSHIP

SEATTLE, July 12. (AP)—That part of the world's featherweight championship recognized by the National Boxing association remained today in the possession of Freddie Miller but the Cincinnati southpaw had to twice knock out Abie Israel, Seattle Jewish flash, to keep the crown in a scheduled 15-round battle here last night.

Israel's title venture ended in a coat of resin on a new canvas in the fourth round when he was battered down for the third time by a crushing left.

The closest the Seattle youngster came to the N. B. A. championship was his claim to a foul in the third when he was flattened with a left uppercut to the body. He writhed and rolled on the canvas while many of the approximately 7,000 fans yelled "foul," but Referee Tommy McCarthy ruled otherwise and ordered Israel to continue after a 6-minute rest.

Dr. J. S. Thomas, official boxing physician, said he "found no evidence of a foul."

After Israel had been counted out once and then given the rest, the battle was started again but it didn't last long.

BUNNY AUSTIN TO BATTLE CRAWFORD

LONDON, July 12. (AP)—The result of the draw today for the European zone finals of the Davis cup tennis competition pits Jack Crawford, the Australian ace and new Wimbledon king, against Henry W. (Bunny) Austin of England, in the first singles match tomorrow.

Fred Perry, No. 1 English player, is paired with Vivian McGrath, youthful Australian newcomer to the Davis cup contest, in the second singles match.

These pairings will be reversed in the closing two singles matches Saturday, with Austin and McGrath and Perry and Crawford playing in that order.

The British nominated Perry and George Patrick Hughes to carry their hopes into the doubles, Friday, but the Australians withheld their selections, pending the outcome of the first two singles matches.

During the mating season, ravens show off to attract mates. They dive, somersault and even fly upside down.

FEDERALS BLANK TRUCK TERMINAL

The honor of making the first shutout in the Lubbock soft ball leagues went to the Federal Employes Tuesday when they chalked up a 14 to 0 victory over the Weiss-Truck Terminal team in an American league.

The victory went to Johnson, Federal hurler, who went the route for Uncle Sam's men. Robinson, Federal left fielder, made several spectacular catches.

In the National league, J. & J. Sporting Goods company edged out Kuykendall Chevrolet company, 16 to 15. Dr. C. C. Craig, J. & J. center-fielder, rapped out a home-run in the ninth inning, driving in Tadlock, the Sports' right fielder, and scoring the winning run. Pitching of Strickland and hitting of Calhoun, catcher, were outstanding for the Chevrolet club.

The Lineups

Federal—McCrumen, 2b; McLarren, lss; Carroll, rss; Billings, 3b; Hatton, 1b; Young, cf; Robinson, lf; Sides, c; Johnson, p; Pate, rf.

Weiss-Truck—not reported.

J. & J.—Waller, 3b; Hambright, lss; Mansell, c; Swart, rss; McAllister, lf; Harston, 1b; Jones, p; Tadlock, rf; Craig, cf; Price, 2b.

Kuykendall—Lee, 3b; Crites, lf; Tims, rss; Arnold, 1b; Penny, cf; Powers, lss; Weiss, rf; Calhoun, c; Blair, 2b; Strickland, p.

Today's Games

Lubbock Printers are to meet Quicksall-Pryor Co., and Lubbock Auto company to play Meinecke Bros. Hardware company this afternoon in American and National leagues, respectively.

BEAUMONT AND DALLAS FIGHT FOR FOURTH

TWO CLUBS IN BITTER STRUGGLE FOR TOP DIVISION PLACE

BY BILL PARKER
Associated Press Sports Writer

The best up and down struggle in the Texas league race is that for fourth place between Dallas and Beaumont. These two are continually crowding each other for the final resting place in the first division.

Beaumont held sway Monday. Tuesday Dallas came charging in with a 11 to 6 victory over the Exporters.

Bonura Hits Homer

Outstanding in Dallas' victory was Zeke Bonura's 19th home run this season. He is far ahead of any other rival for fence clouting honors. Fred Bennett and Ray Flaskamper also connected for homers to aid Dallas in the eleven-inning struggle that saw Joe Vance and Sal Gliatto out-pitch Judge Schulz and Ray Fritz.

The third place San Antonio Missions received a set-back when Vernon Kennedy of Oklahoma City limited them to five hits and won, 9 to 4. Kennedy issued ten bases on balls but atoned for his wildness by pitching invincible ball in the pinches.

Oklahoma City's willow swingers including Sloan, Langford, Windle, Nydall and Kennedy pounded White and Conlan for seventeen hits. Of the nine Oklahoma City runs, eight were earned by hard hitting and fast base running.

As for the pace setting Houston Buffaloes, it was the same old routine with them. This time they licked the Fort Worth Cats 5 to 4 when Fuhr and Fisher bested Chambers and White on the mound. Fuhr, Dallas castoff, was signed Tuesday by the Buffaloes and went to the mound a few hours later.

Digging deeper in second place, the Galveston Buccaneers stopped the Tulsa Oilers with a 10 to 5 decision. Galveston's three runs in the first and four tallies in the third were too much of a handicap for the Oilers to overtake although they rallied for three runs in the fourth. It required the combined pitching of Hutchinson and Thormahlen to beat Tulsa. The Buccaneers got to Johns, Cromer, Moncrief for eleven hits against eight for Tulsa.

LIONS BEATEN BY JUNIOR KIWANIANS

Free hitting featured a junior league ball game Tuesday afternoon as the Kiwanis team batted its way to a 21-13 victory over the Lions nine.

The fourth inning was the Kiwanians' big stanza, 10 men crossing the plate. The losers' most prolific periods were the fifth and ninth, four Lion runs being chalked up in each. Although the Kiwanis batsmen were held scoreless their last two innings at the plate, the Lions belated rally was not nearly enough.

Lineups were:

Kiwanis—R. J. Murray, 3b; F. Atcheson, 2b; B. Roberts, 1b; T. Jones, ss; D. Stamford, c; A. Jones, lf; F. Venable, rf; H. Hodges, cf; P. Bonham, p.

Lions—D. White, 1b; Foster, 2b; Dowell, c; Calhoun, p; Chase, 3b; Ike White, ss; E. Terrell, lf; Hughes, cf; L. Terrell, rf.

The score by innings:

Kiwanis	430	10	04	00x—21
Lions	000	340	204	—13

Mack Garner Nears Record As Jockey

NEW YORK, July 12. (AP)—Mack Garner, of the riding Garners, celebrated his 20th year in the saddle recently and bids fair to establish a record for jockey service before he hangs up his tack.

Since accepting his first mount at Butte, Mont., in 1914, "Uncle" Mack has booted more than 1,200 winners past the judges stands and accounted for more than $2,260,000 in stakes and purses. His second year out, 1915, he piloted winners out of 775 mounts for a record seldom equalled by a young jockey.

PROSPECT FOR CARNERA-BAER FIGHT IN TEXAS HELD MORE REMOTE TODAY

FORT WORTH, July 12. —(AP)— Any possibility that the heavyweight championship fight between Max Baer and Primo Carnera would be brought to Texas appeared remote today after a brief conference here between Jack Dempsey and Boxing Commissioner Jack Flynn of Texas. However, there was talk of a scrap between Baer and another outstanding fighter this fall.

It was understood that Dempsey asked a $500,000 guarantee to consider bringing the fight between Carnera and Baer to this state. This figure would prohibit even a consideration.

Dempsey was enthusiastic about the prospects of staging another big fight in this section, however. It is likely that W. L. Stribling, now attempting a comeback, would be counted on as one of the principals.

Pa Stribling, W. L.'s father and manager, was also a visitor here and conferred briefly with Dempsey.

BAER, HUNT MEET IN EXHIBITION

FORT WORTH, July 12. —(AP)— Some 5,000 Texas fight fans gave California's big aspirant to the world's heavyweight boxing title, Max Baer, the once-over here last night and after watching the Livermore scrapper step through four fast rounds with Babe Hunt of Ponca City, Okla., handed down a verdict of wide approval. Jack Dempsey, the old Manassa mauler, who was received with the biggest ovation of the night, acted as the third man in the ring.

The meeting between Hunt and Baer was purely an exhibition but produced some glove slinging of merit. Wearing huge pillows, the two mixed it viciously at times and some facial damage was done, Baer suffering a bloody nose and Hunt bruises on the head.

FIGHTS LAST NIGHT

(By The Associated Press)

CHICAGO — Kid Leonard, East Moline, Ill., outpointed Andy Divodi, New York, (8). Cliff Greenwood, Atlanta, Ga., outpointed Roosevelt Haines, Chicago, (6) George Venie, South Bend, Ind., stopped Laddie Tonelli, Chicago, (1). Jo Jo Venie, South Bend, knocked out Carlos Herrera, Chicago, (3).

SEATTLE—Freddie Miller, Cincinnati, knocked out Abie Israel, Seattle, (4).

LOS ANGELES—Young Tommy, Manila, outpointed Baby Casanova, Mexico City, (10). Kid Azteca, Mexico City, outpointed Ceferino Garcia, Manila, (10).

SPECIAL PAIRINGS MAY BE OBTAINED IN HOOKER-SLICER TOURNEY SUNDAY

Players wishing special pairings in the Meadowbrook chicken barbecue tournament next Sunday afternoon should notify the course clerk, G. H. Tosh, at the clubhouse within the next day or two, W. G. McMillan, club owner, said today. Special pairings will be made for settling "Grudge battles".

A total of 176 names had been listed for the tournament between the "Hookers" and the "Slicers" this morning, indicating a lively group of matches in the tourney which is supposed to settle which of the two types of golfers is the best.

Cards notifying Lubbock golfers of the team they are being placed on are in the mails and additional names will be added as captains Dr. V. V. Clark of the "Slicers" and J. W. Branch of the "Hookers" select their complete teams before Sunday.

Play in the tournament starts Sunday afternoon and is scheduled to close before 7 p. m. when the dinner will be held. All matches will be 18 holes. Members of the losing team pay for the winning team's chicken dinner.

The tournament is open to all local golfers and also to Slaton players.

There are 330 parishes with 600 clergymen ministering to over 2,500,000 persons under the Bishop of Southwark, England.

FOUND

somewhere in the shopping center:

One purseful of opportunities...

—:—

THE *opportunities*, to which we refer, are the daily bargains to be found in every shopping area. Some people find them quite by chance . . . stumble over them blindly . . . and acquire them with astonishment. Others never seem to be in the right store at the right time: If there's a 25% marked-down sale of shoes at Smith's, they are buying at Brown & Co. . . . If a grocer three blocks away is clearing out his canned goods at half-price, they are at the corner store making routine purchases.

But—there are some people who always find these opportunities. Their money buys them more—and better—merchandise than their neighbors'. Why? Not through good luck, you may be sure; but simply because these people read the advertisements in their daily newspapers.

This advertising is NEWS. It tells WHAT. . . . It shows WHERE. Those who read it every day are informed. They save themselves time, trouble, and DOLLARS. . . . And their homes are always up-to-date, their clothes stylish . . . their meals fresh with seasonal variety . . . all through the *opportunities* that advertising gives them.

Read the advertising in your daily newspapers.

LEGAL NOTICES

39—Legal Notices

SHERIFF'S SALE
THE STATE OF TEXAS,
COUNTY OF LUBBOCK.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable 99th District Court of Lubbock County, on the 29th day of May, A. D. by the Clerk for the sum of Two Hundred Forty-seven and 2-100 Dollars, with costs of suit, under a Judgment rendered, in favor of Panhandle Construction Company in a certain cause in said Court, No. 5458 and styled Panhandle Construction Company vs. M. S. Acuff and placed in my hands for service I, Tom Abel as Sheriff of Lubbock County, Texas, did, on the 1st day of June, 1933, levy on certain Real Estate, situated in Lubbock County, Texas, described as follows, to-wit:

Lot No. Nine (9), Block one hundred sixty-eight (168) city of Lubbock, Lubbock County, Texas, and levied upon as the property of M. S. Acuff and that on the first Tuesday in August, 1933, the same being the first day of said month at the Court House, door of Lubbock County, in the City of Lubbock, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said M. S. Acuff.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Avalanche-Journal, newspaper published in Lubbock County.

Witness my hand, this 1st day of June, 1933.

TOM ABEL,
Sheriff Lubbock County, Texas.
By B. F. CARPENTER, Deputy.

SHERIFF'S SALE
THE STATE OF TEXAS,
COUNTY OF LUBBOCK.

Notice is hereby given that by virtue of certain Order of Sale issued out of the Honorable 48th District Court of Tarrant County, on the 27th day of June, 1933, by the Clerk of said Court for the sum of Seven Hundred Fifty and 4 15-100 ($750.15) Dollars and costs of suit, under Judgment rendered, in favor of Maryland Casualty Company in a certain cause in said Court, No. 4457-A and styled Maryland Casualty Company vs. J. A. Rix, and placed in my hands for service, Tom Abel as Sheriff of Lubbock County, Texas, did, on the 3rd day of July, 1933, levy on certain Real Estate, situated in Lubbock County, Texas, described as follows, to-wit: The east 41 feet of Lots Nos. Seven (7), Eight (8), Nine (9), and Ten (10), in Block No. 54 of the original town of Lubbock, Lubbock County, Texas and levied upon as the property of J. A. Rix and wife, Francis Rix, and that on the first Tuesday in August, 1933, the same being the 1st day of said month, at the Court House door of Lubbock County, in the City of Lubbock, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said J. A. Rix and wife, Francis Rix.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Avalanche-Journal, a newspaper published in Lubbock County.

Witness my hand, this 3rd day of July, 1933.

Announcing The Real Bargain Event Of The Season

Friday We Begin Our

Here it is—right on schedule—the biggest sale event of the entire season — the time when we clear our stocks of spring and summer goods in a rapid store-wide event when prices are at the "low" of the entire season—

You'll find values outstanding especially in face of a market that is daily quoting higher figures. You'll find assortments decidedly representative. You'll find all offerings up to our usual high standard of quality—

Make your plans now to enjoy these offerings to the fullest. It may be years and years before such prices are possible again.

Detailed price quotations in tomorrow's issue of this paper—Watch for them—read every quotation carefully and act.

STORE WILL BE CLOSED ALL DAY THURSDAY FOR FINAL PREPARATIONS — SALE OPENS FRIDAY, JULY 14TH — SALE CLOSES SATURDAY, JULY 22ND.

Hemphill-Wells Co.

WOULD FATTEN POCKETBOOK

LEGISLATION AIMS TO RESTORE FARMER'S BUYING POWER

(EDITOR'S NOTE:—This is another of a series of stories by staff writers of the Associated Press explaining new laws.)

* * *

BY ROY F. HENDRICKSON

WASHINGTON, July 12. (AP)—To fatten the farmer's slim pocketbook is the aim of extensive legislation now rapidly being put into effect.

This is intended not only to help him but to help the factory worker and business man, too, by restoring the farmer to a position where he can be a purchaser of what the cities turn out.

The principal law enables Secretary Wallace to use various methods or a combination of them to give the farmer's bushel of wheat or bale of cotton the same power to buy goods that it had from 1909 to 1914.

Rewards Made Possible

It makes it possible for Wallace to reward with cash payments those farmers who reduce their acreage. He can lease lands, sell options on government-held cotton or employ the domestic allotment plan under which farmers are paid "benefits" on that proportion of their crop used for consumption in this country.

To provide a fund to pay, he is authorized to levy processing taxes. One has gone into effect on wheat, at 30 cents a bushel, while another on cotton, probably 4 cents a pound, is to become effective about August 1.

These are levied at the manufacturing plant where the raw commodity is first processed. It is designed as a tax on that part of the crop used by United States consumers.

It can be levied up to a maximum amount equal to the difference between the current average and pre-war average farm prices. It can be levied on seven commodities—wheat, cotton, corn, hogs, tobacco, rice and dairy products. But aid under the act is not limited to growers of these crops.

Crops In Raw Free

Any basic crops in their raw form sent to foreign markets are free from the tax.

Power also is provided farm administrators to enter into trade agreements with producers, processors and distributors of farm products regardless of anti-trust law restrictions.

These agreements can eliminate competitive practices such as price-cutting, the aim being to reduce the spread between prices paid to farmers and by consumers.

These agreements can cover products outside of those listed as basic and already efforts are being made to draft them for many others.

Unjustifiable Hike In Prices Reported

WASHINGTON, July 12. (AP)—Farm administrators said today that bread prices were being increased "unjustifiably" in many sections of the country and turned over to Attorney General Cummings a large number of new complaints for investigation and possible prosecution under the anti-trust laws.

Increases range up to four cents, they said. Secretary Wallace has taken the position that the 30-cent plus increases in prices of wheat, puls increases in prices of wheat, lard, milk, and other commodities which figure in the making of a pound loaf of bread do not justify an increase of more than one and one-eighth to one and one-quarter cents.

Gandhi's Son Weds Out of Caste

A ceremony hailed in India as "revolutionary" was the wedding in Poona of Devadas Gandhi, son of Mahatma Gandhi, and Miss Luxmi Raja Gopal Achariar, both of whom are pictured above after the rites. The bride is a Brahman, highest of the four castes; her husband, a Vaishya, of a lower caste.

PRAIRIE DOG CAMPAIGN WHICH COST $3,002.06 SAVES ESTIMATED $85,226

Although poisoning of prairie dogs by the United States biological survey in four of the 58 counties of the Lubbock district in the last year cost farmers and ranchers $3,002.60, the work saved them an estimated $85,226.

These facts were shown in the annual report of J. M. Hill, jr., junior biologist, for the year closing June 30. Poison grain used was 37,797 pounds. There were 441 cooperators in the work.

Land Is Cleared

There is now in the 58 counties in the Lubbock district, an area of 634,370 acres of land infested with prairie dogs, it is estimated. Since the first work began, about 1925, 1,891,930 acres of land have been cleared. Last year 79,220 acres of land were treated.

"First work was done in Dallam and Hartley counties about 1924 or 1925 by L. C. Whitehead, now in charge of rodent control work as leader," Mr. Hill said.

Other lines of work besides poisoning of prairie dogs are done by the service. Last year the local district distributed 650 pounds of poisoned grain in Parmer county for poisoning jack rabbits. Twenty farmers cooperated, with 4,300 acres treated at a cost of $48.50. The estimated saving was $500.

Gopher Traps Set

Forty one gopher traps were set on the farms of nine farmers in Wilbarger, Gray and Terry counties.

In rat poisoning campaigns in six counties, 143 pounds of Red Squill was used, with 2,288 pounds of solid bait. Total cost was $481.95 and it was estimated the farmers saved $21,840. The counties cooperating included: Fisher, Jones, Hansford, Scurry, Lynn and Childress.

In a ground squirrel poisoning campaign 417 pounds of grain was used on 4,040 acres in Castro, Hutchinson and Bailey counties. Cost of the grain was $35.75 and the 21 farmers who cooperated were estimated to have saved $4,050.

Lubbock Spends $182

Lubbock county farmers during the fiscal year spent $182 for poison grain to kill prairie dogs. The poison was spread over 2,500 acres and the saving to farmers was estimated at $5,000. Thirty two men cooperated with the movement. Since work began in this county, it is estimated 27,800 acres have been treated with poison and there are still 16,800 acres with dog towns.

Other counties in the area show the following reports:

Bailey—300 pounds of grain, costing $24; savings, $600; 99,000 acres treated so far; 13,200 acres more to be treated.

Dawson—1,200 pounds, costing $94; savings, $2,800; 27,000 acres treated; 12,000 more infested.

Dickens — 800 pounds, costing $64.50; savings, $1,500; 600 acres treated so far; 6,000 more acres infested.

Garza—125 pounds, costing $10.25; savings, $350; 3,650 acres treated; 2,000 acres infested.

Hale—200 pounds, costing $17.50; savings $475; 5,380 acres treated; 2,000 acres infested.

Hockley—900 pounds, costing $76; savings, $1,700; 76,000 acres treated so far; 22,500 acres infested.

Lamb—100 pounds, costing $8; $200 savings; 12,670 acres treated; 20,400 acres infested.

Terry—500 pounds, costing $40; savings, $1,100; 83,000 acres treated; 10,000 acres infested.

Yoakum—300 pounds, costing $24; savings, $600; 10,260 acres treated; 15,600 acres infested.

Lynn county has had treated in years past, 105,640 acres. It is estimated there are 16,900 acres infested with dogs. Cochran county has treated 77,300 acres with 25,000 remaining untreated; Crosby has treated 3,800 acres and has remaining 4,000 untreated.

Timber wolves have sometimes been broken and trained to draw sleds.

Abduction Now "Big Business"

Copyright, 1933, By The Associated Press

NEW YORK, July 12.—Kidnapers, operating throughout the United States, have sought at least $650,000 from victims' families and friends in the last five months.

They haven't received that sum—probably. No one knows. But the racket has paid them more than a quarter of a million dollars in that time.

Every law enforcing power in the country, from private detectives to the president of the United States, has taken an interest in the wholesale proceedings, which steadily have increased in scope.

Here, in brief, are the kidnap demands of only the most notorious cases of the last five months:

Charles Boettcher II, Denver, Feb. 12	$ 60,000
Jerome Factor, Chicago, April 15	50,000
Peggy McMath, Harwichport, Mass., May 2	60,000
Mary McElroy, Kansas City, May 27	30,000
William Hamm, St. Paul, June 15	100,000
John Factor, Chicago, July 1	100,000
John J. O'Connell, jr., Albany, July 7	250,000
August Luer, Alton, Ill., July 10	Unannounced

Peggy McMath's kidnapers were caught and the ransom money returned. All but one of Mary McElroy's kidnapers were caught and some of the money was recovered. Some of Boettcher's kidnapers and some of the ransom was taken by police.

John "Jake the Barber" Factor boasted he paid no ransom for the return of his son, Jerome, but now a gang is supposed to be holding "The Barber," while the son anxiously tries to effect his release.

Hamm's friends, who paid a ransom, said they didn't pay all that was demanded, but they haven't said how much they did pay.

That's only part of a five month's record of kidnapings. There have been plenty more—say authorities—plenty which never get into police records or newspapers—plenty which no one tells about.

HOW TO MAINTAIN PRIVACY IN FACE OF FAME IS PROBLEM OF LINDBERGH

BY MELVIN E. COLEMAN
Associated Press Staff Writer

How to maintain privacy in the face of world-wide fame is the constant problem of Charles A. Lindbergh.

"It's the only way I can maintain my independence of action," he explains and then refuses to announce an itinerary for a flight of exploration or good will or just plain recreation.

Just so, too, he'll talk about aviation and clamp down on every hint that the public would like to hear or read his views on any other subject.

A Nervous Talker

When he does talk it is in a high-pitched voice which he keeps so low in volume that auditors must be fairly close to hear what he says. He is a nervous talker.

If a table is handy he perches on one corner and swings his free foot. Otherwise he shifts his weight back and forth, raises his hands in jerky little gestures.

His voice comes up when he's angry. He has no patience with careless mechanical work on his planes and lets the culprits know it. He flushes red, bites off his words and grits his teeth when that happens.

Matter Of Indifference

Careful grooming is not in his book, but it's a matter of indifference, his friends say. Generally he wears a blue suit and usually it is wrinkled. It hangs loosely on his spare 6 foot, 1 inch frame.

Freedom to do his work in his own way has been in his mind ever since he quit the University of Wisconsin to take up flying. He might have sold that freedom for millions after his New York-Paris hop, but he rejected all bids from stage, screen and radio, sent back hundreds of thousands of dollars to enthusiastic donors and stuck to his choice of being a world missionary in the cause of aviation.

Fresh water is found 200 miles at sea off the mouth of the Amazon river; the force of the current carries the fresh water this far.

RANGER IS DEAD

MARLIN, July 12. (AP)—H. R. "Luck" Turner, 53, sheriff of Smith county six years and a member of the Texas rangers since early in the year, died at Kosse Tuesday from a stroke of paralysis.

MISSING PAIR FOUND SAFE

LUBBOCK GIRLS VISIT FRIENDS AS SEARCH MADE AT FAIR

CHICAGO, July 12. (AP)—Eloise Smith and Frances Campbell, both 17-year-old Lubbock girls, had been visiting friends in suburban Evanston, they reported Tuesday afternoon, while Chicago police searched grounds of A Century of Progress exposition for them at the request of their parents.

They came to Chicago with Mr. and Mrs. William Marr, of Ralls, and stayed at a tourist's camp in Harvey. They visited the fair Monday but they failed to return to the camp. Marr requested police to search for them.

The girls' parents at Lubbock asked Sheriff Thomas Abel to appeal to Chicago police and offered a $100 reward for information concerning them. Today, however, the girls notified Marr they were visiting in Evanston.

The two young women accompanied Miss Campbell's uncle and aunt, Mr. and Mrs. Marr, to the Rotary convention in Boston, and the group had planned to visit many other points of interest in the East and North.

Miss Campbell is a daughter of Mr. and Mrs. R. T. Campbell of 1621 Avenue Y and Miss Smith is a daughter of Mr. and Mrs. Charles H. Smith, 2209 Tenth stret.

When the report reached Lubbock that the girls were missing, a move was begun here to speed up search for them. The sheriff's department and several Lubbock persons, in addition to Mr. Smith, a court reporter, sent telegrams to police and to friends in Chicago.

BRADLEY IS HEAD OF ODESSA BANK

ODESSA, July 12.—(Special)—As an outgrowth of purchase of stock in the First National bank here, W. L. Bradley, president of the Security State bank of Idalou, has been elected president and a director of the National bank here. Mr. Bradley bought the stock from Judge T. G. Hendricks, now of Abilene.

Stockholders, called to meet to discuss liquidation of the bank, voted to stay that program for th present. There were a number of new stockholders present.

Directors now are: W. L. Bradley, Wichliffe Skinner, Ewell McKnight W. H. Rhodes and R. T. Waddell. Mr. Skinner is vice-president and W. B. Rees is cashier.

Mr. Bradley is moving here to assume active control of the bank.

SUCCESSOR NOT CHOSEN

IDALOU, July 12. (Special)—Successor of W. L. Bradley, for four or five years president and chief executive officer of the Security State bank here, who has gone to Odessa, has not been announced.

J. M. Crews of Childress is vice-president and principal stock holder in the local bank. Mr. and Mrs. Bradley have been active since they came here. There are three children. The bank has been one of the active factors in the development of diversified farming in this section of Lubbock county.

"I PICKED PLYMOUTH BECAUSE IT'S A *Sweet-Running Car!*"

A CERTIFIED INTERVIEW WITH MR. GEORGE R. STEVENS, 1006 SPRING STREET, ELGIN, ILL.

"It's a piece of real Precision Engineering" . . says this Watchmaker

PEOPLE like Mr. Stevens understand why Plymouth carries "details" so far. Four rings per piston instead of three. Four crankshaft bearings. Full pressure lubrication—not hit-or-miss splash.

Those things are *good engineering. Of course* they're details—when you compare them in importance with Floating Power engine mountings — hydraulic brakes — safety-steel bodies.

But details count—and we'd like you to see how much. "Look at all three" . . . and see for yourself why Plymouth is growing so fast.

Standard 4-door sedan $510; 2-door sedan $465; rumble seat coupe $485; business coupe $445. De Luxe 2-door sedan $525; 4-door sedan $575; convertible coupe $595; rumble seat coupe $545; business coupe $495. Prices subject to change without notice.

See PLYMOUTH at the Chrysler Motors Building, Chicago Century of Progress

"Mrs. Stevens is as proud of Plymouth as of her smartest dress—and as for me, I'm never one to neglect a fine piece of machinery."

"Once you try Hydraulic Brakes you'll never use anything else."

"Now I say, 'It runs like a watch!' That's praise . . . coming from a watchmaker."
