

PLANS BEING MADE FOR BIG CLEAN UP DAY ON APRIL 6th

MRS. J. B. GAMBLE URGES COOPERATION FOR THE DAY.

Business Houses Will Close During the Morning and All Will Work to Clean Up the City.

Friday, April 6th, will be Clean Up Day in Canyon.

The Civic Improvement League, endorsed by the Randall County Commercial League, is making a great effort to put on the biggest clean up day Canyon has ever had.

The business houses have agreed to remain closed during the morning, and all of the citizens of Canyon are pledged to leave off their regular business on that morning and devote the hours to clean up their own property, adjacent property and vacant lots within the territory in which they live, or in adjacent territory which needs cleaning up.

Mrs. J. B. Gamble, president of the Civic Improvement League, urges that all citizens get behind the movement. She states that the executive committee has agreed not to call upon the citizen by phone to remind them of the clean up, as all are expected to remember that Friday, April 6th, is clean up day, and that all will get out and do their best to make it a real clean up day.

Mrs. Gamble appointed C. H. Jarrett as chairman of a committee to make a plat of the town and appoint captains of the various divisions, which are as follows:

West of the branch railroad—C. F. Walker.

Between the branch railroad and the high school building—O. I. Smith.

The next divisions will run from the high school street to the street running north and south on the west side of the square—First West Street—

From Cedar Street to the railroad—W. A. Jennings.

Between Cedar and Houston—S. B. McClure.

Between Houston and Evelyn—S. B. Orton.

Between Evelyn and Chestnut—G. Oldham.

Between Chestnut and Pecan—J. M. Vetesk.

South of Pecan—J. M. Fite.

The blocks running north from the court house—A. W. Hancock.

The blocks running south from the court house—R. E. Foster.

Starting with First East Street and running to the Highway the districts are as follows:

Canyon Street to railroad—C. M. Ackerman.

Between Cedar and Houston—J. C. Jenkins.

Between Houston and Evelyn—C. L. Thompson.

Between Evelyn and Chestnut—W. J. Wooten.

Between Chestnut and Pecan—Dan K. Usery.

South of Pecan—D. Thomas.

East of Highway—President J. A. Hill.

North of main line railroad—Dr. J. M. Black.

Y. W. C. A. BANQUET.

The annual banquet of the Y. W. C. A. was held last night at Cousins Hall, with ninety of the young women of the college in attendance. Miss Reid, state secretary, was present as the honor guest.

The following was the toast program:

Joyous Living—Edith Beedy.

Unity, Purpose—Ann Mansell.

Building for the Future—Girls' Reserve.

Inspiration—Ruth Lowes.

Loyalty—Winnie Mae Word.

Entering Into Fellowship—Winnie Mae Crawford.

Ever Ready for Service—Miss Reid.

Miss Edds, secretary at the Normal, has been in the sanitarium at Amarillo for the past two weeks and the banquet was in charge of the cabinet members.

ATTEND HISTORICAL MEETING

Miss Hattie Anderson, Secretary of the Panhandle-Plains Historical Society, and Mrs. T. V. Reeves, an active member, left yesterday for Oklahoma City where they will attend the 10th annual meeting of the Mississippi Valley Historical Society which convenes in that city March 29-31.

MARRIAGE LICENSE.

A marriage license was issued to Eddie Parsley and Miss Yvonne I. Durdle on March 22nd.

Car of Acala Cotton Seed Received by the Business Men Monday

The car load of Acala cotton seed was received Tuesday and distribution is now ready to be made.

Farmers wanting this seed will see C. F. Walker.

This car of seed was bought by 20 business men of Canyon in order that the farmers may get pure seed which is guaranteed as to purity and germination by a responsible firm.

The seed will be sold to the farmers at absolute cost, as the business men are only interested in seeing that good seed is brought here for the first years crop.

Several gin men have been in Canyon during the past two weeks, and a gin is assured as soon as the cotton acreage is guaranteed. These men are highly pleased with the cotton prospects of Randall county and believe there is chance for a great cotton country—but all urge the farmers to get the very best seed.

MRS. D. S. HILL DIED MONDAY

Mrs. Ida Bell Hill, wife of D. S. Hill, died at the family home south of Canyon Monday after a lingering illness with tuberculosis. She leaves besides her husband five children.

Mrs. Hill was born in Mississippi on October 17, 1884, being 38 years, 5 months and 9 days of age at the time of her death.

The funeral was held Tuesday afternoon at 2 o'clock at the family home, conducted by Rev. H. F. Aulick of the Baptist church, of which denomination she was a member.

The large number of friends of Mr. Hill and his good family extend heartfelt sympathy in their hour of sadness.

Good Rain Falls Tuesday, Putting Ground in Most Excellent Shape

A quarter inch rain fell Tuesday and Tuesday night in Randall county, which will be very beneficial to the grain crop and to the grass.

The bottom moisture is fine after the heavy rains of two weeks ago, but these were followed by the heavy winds of last week, which caused a crust to form on the ground and held up growth of the grain and grass.

The temperature has been warm this week and grass will start up quickly.

The government rain gauge has been received by the News and will be installed this week in order that Canyon may have an accurate and official test of the rainfall.

INSPECTED CATTLE LOANS.

John S. Brown, secretary of the Agricultural Live Stock Finance Corporation, was in the city Saturday from Ft. Worth inspecting cattle loans in Randall county with E. H. Powell.

This corporation has more cattle loans than any other institution in the United States. Mr. Brown was highly well pleased with his loans in Randall county.

Campaign is on Among Ex-Students for Funds for Mary Hudspeth Hall

The Ex-Students Association of the West Texas State Normal College is starting a campaign among the former students of the institution for funds to build the Mary E. Hudspeth Hall, a co-operative home for girls.

The News has printed 10,000 letters and 10,000 pledge cards which are being mailed out to former students, stating the object of the Mary E. Hudspeth Hall, and asking for funds for this worthy undertaking.

Funds have been raised throughout the year from the student body, and the campaign is now being extended to ex-students.

It is hoped that sufficient funds will be on hand during the year to start construction of the building. The home is to be built on lots at the southeast corner of the campus, just east of the Rev. Fronabarger home.

NO CONTRACT ON GRAVEL.

The Commissioners' Court was in session Monday, but no contract was let on the hauling of gravel to fill around the court house between the paving and lawn curbs. The bids were not opened, but will be as soon as the court ascertains the number of yards necessary to cover this space.

MIKADO ONE OF BEST KNOWN OF COMIC OPERAS

WILL BE PRESENTED AT COLLEGE APRIL 6-7.

Nine Soloist, Large Chorus and Orchestra Under Direction of Wallace R. Clark Stage Opera.

The biggest thing in the way of a musical performance that the College has ever attempted will be the presentation of the comic opera "The Mikado" which will be staged in the auditorium on Friday and Saturday nights, April 6-7.

The opera is put on for two nights so that the public will have a chance to see it. When the students and town people attempt to get into the auditorium for a one night performance many people are disappointed in getting desirable seats. The opera is put on for the benefit of the College band, to buy this organization uniforms.

The following are the characters of the opera:

Mikado of Japan, baritone—C. W. Warwick.

Nanki-Poo, his son, disguised as a minstrel, in love with Yum-Yum—J. J. Powell.

Ko-Ko, Lord High Executioner of Titipu—T. M. Clark.

Poo-Bah, Lord High Everything Else—Flannigan Smith.

Pish-Tush, a Noble Lord—Bryan McDonald.

Three Wards of Ko-Ko—Yum-Yum, Margaret Guenther; Pitti-Sing, Pansy Tash; Peep-Bo, Bertie Mae Looney.

Katisha, an elderly lady, in love with Nanki-Poo—Anadel Guenther.

Schoolgirls, nobles, guards and coolies.

The scene is laid in Japan.

Text by W. S. Gilbert; music by Sir Arthur Sullivan. First produced at the Savoy Theatre, London, March 14, 1885. First American production, Chicago, July 6, 1885, followed by the production at the Union Square Theatre, New York, July 20, 1885.

Story of the Plot.

Nanki-Poo is in love with Yum-Yum, who is betrothed to her guardian, Ko-Ko, Lord High Executioner. Poo-Bah, "retailer of state secrets at a low figure," tells Nanki-Poo of his sweetheart's betrothal to another, but the young man secures an interview with Yum-Yum and confesses he is the Mikado's son, disguised in the hope of escaping punishment for the refusal to marry Katisha. Ko-Ko receives a message from the Mikado, telling him he must see that some one in Titipu is beheaded within the month or he will lose his position, which message interferes with the Lord High Executioner's matrimonial arrangements. Nanki-Poo agrees to sacrifice himself if he may marry Yum-Yum and have her with him during the intervening month. This is agreed to and the wedding plans are made.

At the opening of the second act Yum-Yum is preparing for the ceremony. While talking with Nanki-Poo she is interrupted by Ko-Ko, who tells her that according to the Japanese law, when a married man is executed his wife is buried alive. This news cools Yum-Yum's ardor, but Nanki-Poo, to save her, swears that he will that day perform the Happy Dispatch or hari-kari. As this would be dangerous for Ko-Ko, he promises in alarm to swear falsely, to the execution of Nanki-Poo.

The Mikado now arrives and Ko-Ko tells him the execution has taken place, but the Mikado, on learning who the victim is, flies into a rage and says he has beheaded the heir to the throne and must himself suffer torture for his act. However, Nanki-Koo opportunely appears and Ko-Ko gains his pardon by marrying Katisha, while Yum-Yum and Nanki-Poo are happily united.

GAVE STUDENTS' RECITAL.

The piano students of Miss Dossie Mae Steele gave a very pleasing program at the high school auditorium yesterday afternoon.

The following were on the program: Ensemble class; Hildah Biggers, Lucile Davault, Gwendolene Black, Marion Higdon, Frances May Usery, Leona Vetesk, Sue Smith, Pauline Steele, Margaret Gamble and Imogene McIntire.

BUILDING BUSINESS HOUSE

Clifton R. DeArmond, a student in the Normal, is building a new stucco business house west of the Buffalo Confectionery. He now has his business at the Sunny Nook place.

Let Keep Canyon Clean!

Santa Fe Demonstration Train Will Visit Canyon 2:35 Today

The special agricultural demonstration train of the Santa Fe will be in Canyon this afternoon at 2:35 o'clock and will remain here for one hour and a half.

The train carries special lecturers from the A. & M. College and from the Santa Fe officials.

A large crowd is expected to meet the train this afternoon, as the crowds have been large in every town along the line.

MORE BRICK LAYERS COMING.

Frank Little, of the Bone Construction Company, stated yesterday that he expected to have ten brick masons on the high school job by the end of the week. Only two men were at work until Saturday, when two more were procured. Brick masons are very hard to find now with the great amount of construction under way.

Paving Completed on East Houston and is Starting from Depot

East Houston street was opened to traffic late Friday afternoon, when the paving on this street was completed.

Work was started at the railroad property near the depot Monday and the paving crew will make quick work of West Houston street.

All of the brick for the street from the square to the depot have been piled along the sides of the street, and brick are coming in for the paving to run north a block from the square past the Legion Hall.

MISS COWLING TO TEACH HERE

Miss Mae Cowling, one of the College's first students and a member of the Class of 1911, has been selected to take the place of Miss Walker for the Summer Session. Miss Cowling holds an M. A. degree from Peabody, and has been teaching in the Louisiana State Normal, at Natchitoches.

Miss Walker will travel in the West during the summer.

Miss Cowling is the daughter of L. E. Cowling of Wichita Falls, who formerly lived in Canyon and was instrumental in locating the college at Canyon.

QUARTERLY CONFERENCE.

Our second Quarterly Conference will be held next Sunday. The Presiding Elder will preach morning and evening.

We hope to have a full attendance of the membership.

Special Easter music in the morning.

M. M. BEAVERS, Pastor.

New Secretary Visited in Canyon Tuesday to Get Better Acquainted

R. M. Fielder, secretary of the Panhandle-Plains Chamber of Commerce, was in the city Tuesday meeting business men in order to get better acquainted.

Mr. Fielder was secretary of the Tulsa Chamber of Commerce for three years, and was one of the best known commercial secretaries in this section.

Mr. Fielder is highly pleased with the work of the Panhandle-Plains Chamber of Commerce and the future of the organization.

CANYON'S SCHOOL SYSTEM WILL BE SUBJECT AT LUNCHEON TUESDAY WITH G. G. FOSTER LEADER FOR THE DAY

Canyon's school system will be the subject for discussion at the regular luncheon of the Randall County Commercial League next Tuesday at Casey's Cafe. G. G. Foster, president of the board of trustees, will be the leader for day.

Mr. Foster has important matters to present to the people of Canyon at this time, and a full attendance of business men and others interested in school affairs is desired for this meeting.

The Civic Improvement League members will meet again with the Commercial League in order to perfect plans for the Clean Up Day on April 6th and close up a few other items of business. The women of Canyon are highly interested in both the schools and the Civic Improvement League, and many should attend this luncheon.

R. M. Fielder, secretary of the Panhandle-Plains Chamber of Commerce, will be one of the speakers at the luncheon.

CANYON WILL SEND SPECIAL TRAIN TO "TECH" RALLY HELD IN AMARILLO ON NEXT WEDNESDAY, APRIL FOURTH

A great rally of Panhandle-Plains towns is planned for next Wednesday, April 4th in Amarillo upon the occasion of the dedication of the new Coliseum and municipal auditorium.

This rally is for the purpose of boosting the idea of establishing the next West Texas Technological College at some point on the plains.

President J. A. Hill has announced that Wednesday will be a holiday at the Normal.

A special train will be run from Canyon to Amarillo and more than 150 students will likely make the trip. Town people are urged to make the trip on the train, which will return from Amarillo before evening. The Normal hand will feature the Canyon delegation.

Those who drive to Amarillo are urged to meet the special train from Canyon when it arrives, and to join in the procession. A special reservation in the new coliseum will be made for the Canyon delegation, or rather the part of the Canyon delegation which participates in the parade.

R. A. Terrill is in charge of the plans for the Normal, and W. A. Warren, S. B. McClure and C. W. Warwick are asked to work with him from the town's standpoint.

General John J. Pershing and National Commander Alvin M. Owsley of the American Legion will be guests at the big event.

Amos G. Carter, chairman of the board of regents for the new college, will be among the prominent speakers at the rally.

Terrill Gives Plans.

R. A. Terrill stated this morning that the special train will leave Canyon at 9:30 Wednesday morning and will leave Amarillo at 6:30 in the evening. He urges that all of the Canyon people go on the train in order to make the very best showing. If any drive to Amarillo, he wants them to meet the train at the Amarillo depot at 10:00 o'clock in order to stage a parade.

The parade will have the following order: College band, county officials, city officials, civic organizations, President Hill, Buffalo letter men with their blankets, citizens, students and faculty members.

Tickets for the special train will be sold Monday. Badges will be printed for all Randall county people, and pennants and banners are being made for the parade.

Local Domino Players Beat Amarillo's Best in Tourament Friday

A bunch of so-called domino champs from Amarillo invaded Canyon last Friday night with a view of exhibiting their prowess at this fascinating game. They left for home at 11:30, having been thoroughly defeated in all of the sets of games matched.

Those upholding the honors of Canyon were C. H. Jarrett, O. I. Smith, A. M. Smith, Hud Prichard, R. H. Wright and C. N. Harrison.

The invaders from Amarillo were Joe Kemble, Newt Riggs, Henry Jack, J. W. Cheney, Chas. Dixon and Chas. Hoover.

STORK SPECIALS.

A daughter was still-born to Mr. and Mrs. Theron S. Maxwell March 19.

A son was born to Mr. and Mrs. Bill Davis March 26.

CITY ELECTION ON TUESDAY CHANGE FORM GOV'NMENT

MAYOR AND TWO COMMISSIONERS TO BE ELECTED.

Names of Harrison, Thompson and Burrow Submitted as Candidates for New Form Government.

The city election will be held on next Tuesday, April 3rd, at which time the proposition of the Commission Form of Government will be submitted to the voters for approval.

The tickets for the election will bear the proposition for the Commission Form of Government, and will also bear the proposition of electing at this time a mayor and two commissioners. If the Commission Form of Government carries, then the three men elected will take office and carry on the work of the Commission for one year, after which time the mayor and commissioners will be elected for a period of two years.

Only one list of candidates have been submitted for a place on the ticket for the election next Tuesday:

For Mayor, C. N. Harrison; for commissioners, T. C. Thompson and C. R. Burrow.

After the election the new commission will organize the city's affairs, electing a city manager, if the new officials so choose, or continuing to run the city's affairs as they are now run, if the city manager idea is rejected.

MRS. BURKS DIED MONDAY.

Mrs. Louisa Burks, aged 88 years, 4 months and 26 days, died Monday at the home of her son, T. S. Burks, with whom she was making her home.

Mrs. Burks was born in Alabama on October 30, 1834. She had enjoyed good health until a few weeks ago when she sustained a broken leg, which contributed to her death.

The funeral was held at the home Tuesday afternoon at 4 o'clock, conducted by Rev. H. F. Aulick of the Baptist Church, of which denomination she was a member.

REVIVAL MEETING CLOSED.

The special meetings at the Baptist church during the past two weeks closed last night with a great service. The meetings have been highly beneficial to all the churches of the city.

HAS "DOUGHBOY" TICKETS.

Captain H. C. Gamble has tickets for sale for the big show "The Doughboy" which will be given in Amarillo next week.

Are They Helping Building Canyon? Well, Hardly!

A St. Louis printing concern is appealing to Canyon business men to buy their printing and help their salesman in this territory win some prize!

How much does that salesman contribute to the upbuilding of Canyon? NOT A PENNY!

How much time does this printing concern ever contribute to advertising Canyon, or working for Canyon, or spend in improving Canyon, or pay in taxes in Canyon, or contribute to the schools, and churches, and society in general in Canyon?

Not a penny—

The St. Louis firm wants YOUR business in order that they may build up a better printing plant in St. Louis, and make St. Louis a better town.

Every dollar of printing invested in Canyon makes our plant a better and bigger plant—so much more valuable to Canyon and to Canyon's needs.

Think it over!

VOTE NEXT TUESDAY.

Next Tuesday is the day for city election in Canyon. When the voters will be called upon the pass judgment upon the Commission Form of Government. After investigating the proposition for several weeks and reading the results in more than a hundred and fifty towns. The News is convinced that the Commission Form of Government, is the best form and we shall vote for the change next Tuesday.

The following seem to be the high points of advantage as expressed by towns which have tried the system:

More efficient than old system.

More democratic.

Unification of power. No one, to blame but the commissioners and mayor if things are not as they should. They cannot evade this responsibility.

No lost motion. A smaller number can do more than the larger number.

Short ballot, with only three to be elected, with all other city officers to be appointed.

A non-partisan ballot.

Calling of the biggest business men to office rather than the politicians of the community.

Abolishes ward lines.

Applicable to towns of all sizes. The larger towns have power to vote their own charters.

Smaller board keeps in touch with public sentiment.

For the small town, one man well paid for his services instead of seven men with practically no pay.

More than 150 towns have tried the system and none have gone back to the old system.

One manager is practical in every business. No successful business has ever run with divided authority. The head of the city is appointive, not elective, and chances are better for a good man being appointed than elected.

Other points might be stressed in favor of the Commission Form of Government, but these seem to be the ones most generally stressed.

The News has no criticism of the present city officials. Any man who serves in a public office without pay is not entitled to criticism. The present councilmen have worked hard and faithfully at their posts. Canyon's business has increased so that the men in charge of the city's affairs should be paid something for their time, and one man should be paid well for looking after the business of the city.

Three men have been suggested for the posts of mayor, and commissioners under the change of government. If it is voted next Tuesday—C. N. Harrison, T. C. Thompson and C. R. Burrow.

The News most heartily endorses this ticket. Mr. Harrison is now a member of the city council. He has had in charge the paving business and has worked hard in the interest of the city on this and other city business. The paving is not completed, and it is not a good policy to elect men unacquainted with paving and paving

contracts while so a big job is under construction, as is now the case in Canyon. Mr. Harrison will make a splendid mayor for Canyon.

Mr. Thompson is now a member of the city council. As chairman of the water committee he has given freely of his time to the city in this capacity and in the interest of all the city's business. He understands the paving business that is now going on and will be very valuable on the new Commission.

Mr. Burrow is one of the best known business men of Canyon, having come here when there was not much of a town. He has taken an active part in the progressive development of Canyon, and will make a highly valuable and efficient member of the new city government.

The three men who have agreed to accept places in the new city government have all been highly successful in their own affairs. Being good business men, they will look after the affairs of the city in a business-like way. The News trusts that this ticket will be elected without opposition. Those elected will serve for only one year, and these men are highly capable of organizing the city under the new form of government and completing the work that the city now has under contract.

Senator Consins has discovered that twenty-five percent of the legislature pay no tax but the \$1.75 poll tax. Thirty-five percent of the legislators pay taxes in the amount less than \$10. This would indicate that the legislature is made up of men who are either very young or very unsuccessful.

However, Senator Consins is one of the men in the legislature who fought every tax measure that was proposed, and he should not worry over the great increases in taxes against which he cries. Texas has need of her strongest men in the legislature—in all public offices. If a successful man presents himself for office, he is called a grafter looking for a chance to better himself. We are demanding more and more from our public officials, but making no provision for more efficient service through the election of the best men for the offices. Sometimes we wonder as to the advisability of our modern method of electing public servants.

Floyd county has announced the intention of cutting valuations so that it will not pay so much state tax with the view of making the 99 counties of Texas who are now tax dodgers be forced to come across with their just and equitable part of the state taxes. This policy will, of course, bankrupt the state in a year or two, but there is no sound argument against the policy. There is no reason why Floyd and the other counties of Texas be paying more than their just taxes just so 99 counties of the state be tax dodgers.

The Belo Company has sold the Galveston News to Galveston capitalists and will devote all energies of the organization to the Dallas field, of which the chief is the Morning News. The Galveston News is one of the oldest and most honored newspapers in Texas and has always been a power in that section.

The Civic Improvement League wants to clean up the city on April 6th. Get behind the movement and make a big clean up day of it. The business houses will close during the morning. Clean up the town on April 6th.

MICKIE SAYS—

IT'S JUST AS UNBUSINESS LIKE FOR A MERCHANT NOT TO ADVERTISE ON ACCOUNT OF THE EXPENSE AS IT WOULD BE FOR A FARMER TO HESITATE OVER BUYING FERTILIZER THAT WOULD BRING HIM BIGGER CROPS

The advance in the price of paper almost rivals that of cotton. Practically every day the Reporter receives notice of an advance in some line. Bond papers jumped more than a cent a pound last week, and all down the line the price goes steadily up on everything the printer uses. Thirty cent cotton means higher priced cotton goods; thirty-cent bond paper means higher priced letter heads. The merchant who refuses to advance his prices on cotton goods or the printer who fails in like manner to meet the advance in paper, are both headed toward bankruptcy courts. There are just two things we can do about it; we can grin and bear it—or we can leave the grin off—Rockdale Reporter. However, the merchant who advances his prices with the increase in his wholesale prices is looked upon by the community as a successful business man; while the printer who increases his prices as his costs advance is very often looked upon by said merchant as a thief and a robber for advancing the prices as the costs advance.

The editor of the Palestine Herald is a true philosopher. When it was called to his attention that Mr. Henry Ford has an income of \$486 per minute, he said: "What does it get him? He's riding around in a Ford while we have a real automobile. He doesn't take much time to play golf, while we take too much. His clothes don't fit him anything like as well as ours do us, and he still wears a derby hat. He can't sleep any better than we do, and he can't see any more than we can. He can't eat any more than we can. He wants to be President and can't. We don't want to be President and can't. He is ten years older than we are and made more than half his fortune in these last ten years. As we see it, we are getting just about as much out of life with our 20 cents an hour as Henry is getting out of his \$486 per minute."

Sears & Roebuck are using the opera house manager in Missoula, Mo. It seems the Chamber of Commerce had made a deal with the latter after which the manager let a boy in free to the show if he brought in a cata-

logue of this mail order house. Business for the latter began falling off in such way that they sent a man to Missoula to investigate with the above result.—Quannah Tribune Chief. However, if the business men of Missoula did not respond and advertise their business more than ever before in the local newspaper, the loss of the mail order concern would be only temporary. The only way to successfully fight the advertising of the mail order concerns is with advertising in the local newspaper.

Good seed is the cheapest thing the farmer can buy. The business men of Canyon, after thorough investigation are bringing a car load of pure Acala cotton seed to Canyon. This seed is government tested as to purity and germination. Randall county cannot expect to do much in the way of cotton growing unless pure seed is introduced.

The Lockney Beacon has been sold by Ben Smith to Jess Adams of the Plainview News. Ben will move his splendid plant to Snyder about the middle of April and start a new paper. Jess is going to put a plant at Lockney and continue the Beacon. Good luck to both!

Dirty alleys do not go well with newly paved streets, which are in perfect condition so far as cleanliness is concerned. Clean up the alleys on April 6.

A clean town stands for the highest type of citizenship. You would not expect to find a very enterprising class of citizens in a dirty and filthy town. Clean up day in Canyon April 6th.

Winter started at the place it was supposed to stop.

When the bowels are costive the waste matter ferments, producing a gaseous condition that is disagreeable. To remove the impurities quickly, a dose of Herbine is needed. It does the work thoroughly and pleasantly. Price, 60c. Sold by City Pharmacy. 48c5

BASEBALL SQUAD IS BEING GIVEN DAILY WORK-OUTS

COLD WEATHER HAS BEEN INTERFERING WITH PRACTICE

The cold weather which has prevailed for the last few weeks is keeping the West Texas State Normal College Buffalo pitchers from rounding into form, according to announcements made by Coach Burton. There are several lively prospects out for the pitching staff, including three veterans, and while the material cannot work out much during the cold weather, Coach Burton is not worried over the problems of pitchers so much as he is over some other problems that confront him at the present time.

The squad is not hitting as they should. Then the infield problem at second and third is not yet solved, and nothing definite can be determined as to who will fill the garden positions.

Burton has been working Hale at the hot corner a great deal in practice but on account of the long and strenuous road trip which appears on the Buffalo schedule, Hale has been shifted to the pitcher's staff. He is doing creditable work on the mound and will probably be used there instead of at third. Phillips, D. Hill and R. Bivins are being worked at second and third. Gordon, who has been working behind the plate, may be shifted to third base.

Penson, who was looming up as one of the best baseball players ever seen on the local lot was forced to quit the game on account of parental objections. Penson made his letter with the Buffaloes in 1916. He has been working in the outfield since the opening of the training season, and Coach Burton had him picked as one of the greatest players found in college baseball, but the big hitter has already checked in his suit and has declared that he is through with college baseball.

D. Bivins, Henry, Burson and Kemp are all showing up well in the outfield but their inability to hit makes it a big problem for Burton to solve. Nothing definite can be predicted as to who will hold down the three positions in the outer rim.

Clarendon Coming April 5-6.

The baseball season will open next Thursday in Canyon with the Buffaloes having Clarendon College as their opponents.

Reports from the Bulldog camp show that only one letter man will be in their lineup, but they are bringing a rookie infield that promises to be one of the best ever developed in the history of that school. The Bulldog aggregation will be weak on pitchers, according to reports from the rival training camp. On the other hand Coach Burton will have three veterans to choose from. However, the Buffaloes will be put through some stiff practice before the opening of the series for Burton says, "You never can tell about a rookie team, so we are not going to take any chances on losing these games."

Public opinion is queer. Why is it that it speaks slightly of small business and threateningly of big business. What kind of business does public opinion want?—Shoe and Leather Reporter (Boston).

Help Keep Canyon Clean!

Watch Your Child's Health

Jal. Amer. Med. Assn. says children's diseases prevalent now.

Recent tests conducted among school children disclosed an alarming percentage in deficient health. Physicians are warning their friends to watch child health carefully at this season. It is now definitely known that weak eyes, poor teeth, twisted bones and wasted frames are directly traceable to a deficiency disease. Not a deficiency of food, but lack of the vital elements the food should supply. Usually the first indication of approaching deficiency disease is loss of weight.

At the first sign of loss of weight, start your children on Ironized Yeast. It supplies the vitamins needed and will soon have the children in normal health. According to Dr. Atherton Seidell of the U. S. Public Health Service, Dr. W. H. Eddy of Columbia University and other eminent scientists, however, yeast is the richest source of vitamins. That is what Ironized Yeast is—a concentrated extract of brewer's yeast in union with the iron needed to enrich the blood.

A ten-day treatment of Ironized Yeast costs only a dollar. Its use will make a wonderful improvement in your child—it will bring back normal weight, rosy cheeks, bright, snappy eyes and the vim and vigor of happy childhood. Get Ironized Yeast from your druggist on the positive guarantee that if it fails to do these things, your money will be refunded. Ironized Yeast Co., Atlanta, Ga.

CITY PHARMACY

WILL SING DURING THE PANHANDLE MUSIC FESTIVAL

MISS ANNA CASE

One of the most pleasing events of the Panhandle Music Festival, April 9-14, will be the program of Miss Anna Case on April 12.

Miss Case is one of America's greatest artists, and her program will be highly pleasing.

In addition to Miss Case there will be recitals by Mme. Schumann-Heink, Alberto Salvi and Arthur Middleton. In addition to the above artists, the Amarillo Harmony Club and Philharmonic Club will give programs, while the crowning event of the week will be the presentation of "Elijah" on the night of April 14.

Prof. Emil F. Myers of Amarillo is in charge of the Panhandle Musical Festival.

Serious consideration is being given to the construction of a new inter-oceanic canal, either at Panama or by the Nicaragua route. The Panama Canal cost in round numbers \$400,000,000. The gross revenue for the fiscal year of 1922 was \$11,197,000. In six years the canal has increased its business almost 300 per cent and it is increasing yearly.

Many a lame duck is able to waddle in the direction of a government salary. —Boston Transcript.

Mrs. M. L. Currie and daughter, Dorothy, went to Amarillo Wednesday.

J. H. Stephenson and family spent Sunday with W. W. Stephenson and family of Tulsa.

E. F. Arnold and family spent Sunday at the Joseph Martin home in Amarillo.

Card of Thanks

We take this method of expressing our thanks and appreciation to our friends for their many acts of kindness during the recent illness of our daughter and sister, Johnnie, and also for the interest manifested in her recovery.

J. W. Bandy and Family.

Umbarger Notes

Leo Stocker was a business visitor to Amarillo Thursday.

V. Skypola and family spent Sunday at the O. J. Podzemny home.

E. J. Evers was a business caller in Canyon Saturday.

Tice Hess was a business caller in Canyon Saturday.

A car of cattle were shipped from here Wednesday.

We had some snow Wednesday. The ground is in good condition for grain. The farmers are all busy planting small grain. Some of the winter wheat is up, but it nearly too late for it to make much.

Joe Frijemel was a business caller in Amarillo Friday.

Joe Wick is on the sick list this week.

Pleasantview Items

The past few cloudy days with the little rain that has been falling is a fine thing for the wheat, oats and barley.

Milton Dooley is sowing 200 acres of oats and barley near the Vought place.

Myrtle Carter was taken to Amarillo last week for treatment. We hope for her speedy recovery back to health and her home.

John Schramm is suffering from two burred up knees, the effect of trying to run over a car in the dark.

Mr. Jameson of Canyon has traded for the M. L. Tucker farm now occupied by W. E. Tucker.

Easter Flower Sale

Will be held Saturday, March 31, at the Court House by the Woman's Auxiliary of the Methodist Church for the benefit of the

Methodist Auxiliary

ed by W. E. Tucker. Mr. Jameson will soon move out and take possession. Meta Schroeder is not able to attend school.

George and John Dinkle have rented W. E. Tucker's quarter.

Brother Jamie Jenkins filled his regular appointment at Pleasantview last Sunday and delivered a good sermon to a small crowd.

Bro. Hardy, Presiding Elder, will preach here next Sunday afternoon at 4 o'clock. We hope to see everyone present. Be sure and come.

We think that all of the patrons of Pleasantview District should meet for the purpose of talking over the proposed transfer of pupils to school beginning next September. Ye Scribe has talked to a few and they think it best to call a meeting for Saturday night, March 31. Let's all come and bring all of our wives and talk it over and be ready to jump in the bus when it arrives.

Wayside Items

Rev. J. W. Griffin filled his regular appointment Sunday with a good sermon to a fair crowd.

The Literary last Friday night was well attended and a good program. Everybody come back for the next program in two weeks.

Mr. and Mrs. J. C. Payne are at home from Amarillo.

Mrs. Faye (Crow) Graham is visiting relatives at Wayside. Her home is in New Mexico.

Mr. and Mrs. W. C. McGehee accompanied by Mrs. Ida Sluder made a trip to Amarillo one day last week.

J. S. Sluder and Herbert Franklin left Tuesday for Lockney with a truck load of bundle feed.

We are getting more moisture. The wind blew from the northeast Sunday and Monday, then Tuesday it showered off and on all day with some prospects for more in the near future.

W. G. Franklin was a business caller at Happy Monday afternoon.

Misses Ida Franklin and Bower Knox spent Sunday with Miss Elba Crow.

Rev. Griffin spent Saturday night at the J. W. McCrory home.

Ozzy Baker of Happy was at Wayside Sunday.

Fairview Breezes

The weather has been real March windy up to Tuesday, when we had another light shower which was a slow fall.

Sunday School Sunday morning with a large attendance; and B. Y. P. U. Sunday night.

A large crowd was at the E. C. Hawse home Sunday afternoon for a singing.

The play given at Fairview Saturday night was well attended. Several being present from Wayside and Sunny Hill. After the play the pies were auctioned, bringing \$28.75.

Edward Wilson happened to the misfortune of getting his arm broken while cranking his Tin Henry last

Thursday night. He has gone to Lubbock to spend some time with his mother and brother, Ernest.

Mrs. Lizzie Schaeffer and daughters, Sadie and Violet, and Mrs. George Schaeffer were Happy callers last week.

Ben E. Wesley has rented H. B. Wesley's farm. Ben says he is going to plant some cotton. We believe he is on the right track.

Mr. and Mrs. Ed Kuehn, E. C. Hawse and daughter, Neoma, rendered music for the play.

E. P. Wesley and family of Wayside were visiting the parental H. E. Wesley home Sunday.

Bill James delivered some mules he had sold to Happy Monday.

Alvin Wesley was in Happy Saturday.

E. J. Helms was hauling cotton seed to plant Tuesday.

There will be a musical at the J. W. Wesley home next Saturday night. Everybody is cordially invited.

The war was a business of overcoming squareheads. That was comparatively easy. The big task of peace is to overcome boneheads.—Stratford (Ont.) Beacon.

An Arkansas woman has cremated her third husband. It seems unfair that some should be old maids while others have husbands to burn.—Orange (Texas) Leader.

An interesting device—that motor truck which "walks like a man." Now for a pedestrian who can run like a motor truck.—New Orleans Times-Picayune.

Public schools are to start a spring drive on bad English. This movement should have the hearty support of the Irish Republicans.—Tacoma Ledger.

NOTICE OF CITY ELECTION

Notice is hereby given that an Election will be held at the Court House in the City of Canyon, Texas, on April 3rd, A. D. 1923, for the purpose of determining whether or not the City of Canyon City, Texas, shall adopt the "Commission Form of Government," and for the Election of a Mayor and Two Commissioners.

LOCAL NEWS

Prof. H. W. Morelock will speak in Amarillo Friday evening before the Delphian club.

Miss Robby Cook has gone to Ft. Worth to accept a position with the Axtell Windmill Co. She has completed the Commercial work in the College.

Miss Frankie Guber of Amarillo was in the city Friday.

Paul and Ruth Stewart spent the week end in Lockney.

J. A. Daniel of Sweetwater visited Sunday with his daughter, Miss Amy Daniel.

Misses Pauline Brigham and Mary Clark were in Amarillo Saturday to act as judges in the music memory contest of the public schools.

Mr. and Mrs. D. A. Park of Amarillo were in the city Sunday.

Mr. and Mrs. Jim Black of Hereford visited Sunday at the parental Prichard home.

Mrs. L. F. Sheffy left Tuesday for Olney to visit at the home of her sister.

Miss Ritchie, R. A. Terrill and Fernman Sawyer will go to Floydada Friday to judge the county meet.

We are handling butter from TESTED COWS, made by A. B. Haynes and John Vetesk. Vetesk Market, phone No. 12.

W. E. Lockhart is in Post City today and Friday to judge the county meet.

Mr. and Mrs. W. F. Baird visited Monday at the home of their daughter, Mrs. J. L. McCarty, in Amarillo.

Mr. and Mrs. Mark Garner has returned from Colorado where they have been living for the past few months.

Mrs. S. L. Rushing visited with friends in Amarillo Monday.

Mrs. L. R. Dillon has moved back to Canyon from Happy where she has been living for the past few months.

John Osborne, a student in the Normal, has been in the Amarillo hospital for the past two weeks and left this week for his home.

Miss Lucy Goodwine has returned to her work in the Normal, having been called last week to her home in Friona by the death of her father.

Miss Bertie Lee Burkhalter, who has been in the Amarillo sanitarium for the past two weeks, is reported no better during the past few days.

Mrs. Henry Burtz entertained several friends at her home Thursday. A fine dinner was served. Those present were Mr. and Mrs. Leavitt, Mrs. Bailey of Happy, Mrs. G. R. Stratton, Mrs. H. J. Kraemer, Mrs. O. S. Brown, Mr. and Mrs. Chas. Stratton.

The Country Women's Club met at the home of Mrs. Chas. Stratton on Wednesday of last week.

PLACING TEACHERS

The Teachers' Employment Bureau in the West Texas State Normal College has already started work on the placing of teachers for next year, according to L. F. Sheffy, head of the Bureau. Many teachers have already filed applications with the Bureau and a number have already been placed. So far there have not been so many calls for teachers which is probably due to the fact that it is just a bit early for Superintendents to make applications for teachers. Last year several hundred teachers found positions through the Employment Bureau of the College.

Mr. Sheffy states that more degree students and students holding permanent certificates are among the applicants than ever before in the history of the school.

DELEGATION TO SAN ANGELO

The West Texas State Normal College is planning to take an active part in the annual meeting of the West Texas Chamber of Commerce which will be held in San Angelo in May, according to R. A. Terrill, who is chairman of the committee in charge.

The college plans to send a 24-piece band, exhibits from the Art Department, the Manual Training Department, the Home Economics Department. Mr. Terrill states that only a small portion of the things produced by these departments can be exhibited at the meeting but the products selected will represent as nearly as possible the nature and quality of the work that is being done here.

PRESBYTERIAN SERVICES

There will be Easter services at the Presbyterian church Sunday, with the sermon by Rev. A. B. Haynes. Miss Pauline Brigham will have charge of the music.

Y. M. Y. W. PROGRAM FOR SPRING

The Y. M. Y. W. program for the spring has been announced as follows:

4:30-5:30

March 23:

Music.
Devotional Leader—Paul Johnson.

AMARILLO PASTOR TALKS

Rev. Milo Atkins of the First Christian Church of Amarillo delivered an address to the student body and faculty of the Normal College Tuesday morning at the chapel exercises on the "Proper Development of Education." This was the first of a series of religious lectures to be given during the week under the auspices of the Y. W. C. A. Each year the first week before Easter the chapel exercises are given over to the Y. W. C. A. for the planning of religious services.

AGGIE DEPARTMENT INCREASED

T. A. Fritts of the Department of Agriculture in the Normal College states that there was an increase in enrollment in the Agriculture Department of about 16 per cent for the spring term. This is a better increase than was reported in the other departments of the college which indicates that the students are becoming more and more interested in the study of agriculture.

ISAACS-DESHAZO

Announcements were recently received in Canyon announcing the marriage of Miss Mary V. Isaacs to Mr. Jenkins Deshazo on Saturday evening, March 10, at Hereford, Texas.

Miss Isaacs is well known among the College people as she graduated from this institution in the Spring term of 1921. She took a very active part in all student activities while here. She is the daughter of Mr. and Mrs. J. D. Isaacs of Snyder, Texas, and a sister of Miss Lela Isaacs, who is now a student in the College.

For the past year and a half Miss Isaacs has been teaching in the Sumnerfield school.

Mr. Deshazo is a well known business man of Melrose, New Mexico, where the couple expect to make their future home.

Many gas poison shells have been washed up at Southport, England, and 10 of them have been removed by some unknown persons. It is feared that some damage may result if they are handled by persons ignorant of their dangerous nature and the authorities are anxious to trace them.

Under the new rates of postage from Russia to the United States it costs two hundred thousand rubles to mail an ordinary letter, though the letter weighs less than an ounce. That is only ten cents in American money, but if the purchaser of the stamp should decide to pay for it in one-ruble notes he would need nearly two hundred pounds of paper money.

Czecho-Slovakia possesses a deposit of silica mineral of volcanic origin which can be used directly in the manufacture of glass without adding any of the common ingredients used in making up a glass batch. This mineral resembles lava and the deposits are very large.

As far back as 1894 Hall County, Nebraska, built a cottage as a dwelling for its district school teacher. Lately a canvass of the whole country has shown that there are now about three thousand dwellings owned by school districts or townships, and that the schools that have them seem to get the best teachers. "Boarding round" has its drawbacks.

The average cost of stopping a freight train is 24 cents at five miles an hour; 60 cents at 10 miles, and \$1.44 at 15 miles an hour.

West Texas State Normal College

Debaters Making Rapid Progress

Well aware that the Inter-Normal debates on April 13 are not far off, the teams have been diligently collecting data and organizing their speeches. Much of the preparation has been individual, but frequent conferences have produced highly efficient team work. Once each week the teams meet in a friendly clash—and clashes they are! If the teams disagree with their opponents like they disagree among themselves, then some high class arguments are assured. Sam Houston Normal College comes here, and according to "dope" that team will meet the strongest kind of opposition in our team, composed of Virgil Dodson, Lee Gibbs, and alternate P. M. Bailey. The team that debates East Texas State Normal College of Commerce is one of the best in all-round ability that has ever been developed here, and can be depended upon to give a good exhibition of forensic art. It is composed of Grady Hazlewood, Isham Goins, and alternate Hayden Goodnight.

Negative Side With Oklahoma Team

Northwestern State Teachers' College of Alva, Oklahoma, has accepted the affirmative side of the question submitted by this college; our team will argue the negative of a question relating to the early participation of the United States in the League of Nations. This debate will take place in the auditorium in the latter part of the spring quarter. Mitchell Jones, Jefferson D. Smith, and alternate Fernman Sawyer expect to have the subject fully in hand long before that time, and they positively mean to win.

Ex-Pres. Cousins Writes Letter to Literary Societies

Houston, Texas, March 21, 1923.
Sesame and Cousins Literary Societies, Canyon, Texas.

Young Ladies and Gentlemen:
The issue of The Prairie of March 12, 1923, which you kindly dedicated to me in words of rare eloquence and beauty, lies before me.

It is the height of my personal ambition to be the man that you think me to be. To be held in high esteem and affectionate regard by you awakens in my heart very profound feelings of personal responsibility, gratitude and happiness.

In the autumn of 1910 a group of about fifteen men and women, members of the faculty of the new state college on the Plains, met for their first faculty meeting in a suite of small office rooms over the First National Bank in Canyon, and there, consecrated themselves to the high altar of unselfish service to their country, to their fellow men, and to God. Out of the consecration and the wisdom of the group of as good men and women as ever blessed a state with their lives, sustained by the confidence of the people, and led by the "Kindly Light" has grown one of the finest institutions of learning that now spreads a benign influence over the hearts and homes of men, anywhere in the world. The young people of Texas who have found their way in ever increasing numbers to this place of their new birth, have breathed the life giving spirit of the institution and have enriched and strengthened that spirit and have turned

ed it back into the currents of the life of their Alma Mater, as mists return in rain.

My life and labors in Canyon are among my dearest memories.

The issue of The Prairie dedicated to me bears the sad intelligence of the untimely departure of Eugene Devereux from what men call life. I bow with you with faces to the ground, buried in grief. After the first shock of sudden sorrow shall have lost its numbing force, let us look up, for from that direction alone comes the light of hope. Indeed "the pitcher is broken at the fountain," and the polished shaft just reaching its completion in beauty is broken, seemingly an unrelieved tragedy, but it is in harmony with our Christian philosophy to believe that the Good Father makes no mistakes in directing the affairs of men and that somewhere away from time and sense, He needed a man for a manly task, and called Eugene Devereux. The influence of his life is a rich legacy which he left to his Alma Mater. I was glad when I read that the faculty and the students had honored themselves in taking a holiday to visit his open grave and to take part in the funeral ceremony. Peace to his ashes! Honor to his memory!

Let me express to you my profound appreciation of this additional evidence of your affection and esteem and to express also the very ardent wish that each member of each of your societies and the others may continue to contribute a share in charging the atmosphere of the West Texas State Normal College with a spirit so true, so loyal and so good that no ugly thing can live there.

Gratefully and sincerely,
R. B. COUSINS.

JOE LANCASTER ELECTED 1923 CAGE CAPTAIN

HONOR BESTOWED ON VETERAN OF THREE YEARS.

Joe J. Lancaster, star guard on the West Texas State Normal College basketball team, who is considered to be one of the best outstanding guards in the T. I. A. A., was elected to captain the Buffalo squad for next year at a reception given by Miss Margaret Boulware at Miss Mary E. Hudspeth's home, honoring the 1922-1923 squad.

This comes as a just reward to the big guard who has worked so faithfully for the past three years. Lancaster is not only a good guard but is a dangerous man on looping goals from the center of the court. He is a natural leader and is one in whom the team places the best confidence. Lancaster is a Junior in College. He puts the same determination into his school work as has marked his athletic career. He is also a star in football. His home is in Canyon.

All the 1922-23 squad will be back next year and prospects are very bright for a stronger team than the one produced during the season just closed. A number of former lettermen are scheduled to report to the Buffalo camp next year, and indications are that competition will be great for places on the team that is going to go strong for T. I. A. A. honors.

Calves Won First Game of Season Over Happy High

The Normal High School Calves won their first game of the season Friday afternoon, March 23, when they journeyed to Happy and defeated the fast baseball team representing the high school of that place by a score of 11 to 9. The game was hard fought throughout, the score being tied most of the game. The winner was not decided until the last half of the 9th, when the Calves came to bat with the score 9 to 7 against them. The Normal lads staged a batting rally after two were counted out, which netted them four scores, making the final count 11 to 9.

The game was featured by the heavy hitting of the Calves. They registered 12 hits four of which were home runs. The Happy team made 7 hits during the game. Lewis did some good work on the mound for the Calves while Arney pitched effective ball for Happy. Reid, Calv outfielder, led the entire field with hits, registering four out of five trips to the plate, two of which were four base drives.

Coch Moss is very enthusiastic over the good showing made by the Calves. Their work in the field did not show up nearly so well as it should, but with a few minor changes in the lineup, the coach believes that a good combination can be developed. The Calves work with the stick was exceptionally good.

Mrs. Hill Entertains With Birthday Party

Mrs. J. A. Hill honored Frank Hill and Joe Lancaster with a "coming of age" party at her home on Friday evening, March 16, from eight until eleven o'clock.

The evening was spent by playing many interesting games and contests and in making way with the refreshments of cake, tea, salad and candy. Two large birthday cakes were cut.

After the three short hours of merry-making the fourteen couples departed after having thanked the hostess and wished "Pueiti" and Stacato" a long and happy life.

If you greatly admire a quality, you have at least a trace of it yourself.

ALL WORN OUT

Does morning find you with a lame, stiff and aching back? Are you tired all the time—find work a burden? Have you suspected your kidneys? Canyon people endorse Doan's Kidney Pills. Ask your neighbors, you can rely on their statements.

Mrs. Clouch, Canyon, says: "There was a dull ache through the small of my back and my back was so sore and lame I could hardly bend over or do my work. When I stooped, a sharp, stinging pain caught me, making it hard for me to straighten. I was worn out and could hardly get around at times. I became dizzy and had headaches and my kidneys didn't act right. I used Doan's Kidney Pills and three boxes cured me entirely."

Price 40c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Clouch had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

President Hill Begins Survey of Normal College

President J. A. Hill recently began a survey of the West Texas State Normal College by sending out a questionnaire to the members of the faculty. At present about forty answers have been received by him from the faculty members. He says that this is just the beginning of bigger undertakings. A questionnaire for students is being contemplated.

The list of questions asked the faculty members follow:

1. List the outstanding merits, if you think there are any, of the West Texas State Normal College in the order of their strength.
2. List the outstanding defects, as above.
3. How, in your opinion, can we better guarantee the quality of our products?
4. Are too many of our students preparing for high school work? If so, what remedy do you suggest?
5. If you were president of the institution and had to ask the Legislature for money, realizing that you could not get anything like the amount you want, for what would you contend strongest?
6. In your opinion are our administrative authorities sufficiently approachable, sympathetic, and open-minded? Be specific in your reply.

Ralph Johnson Elected Captain of N. H. S. Calves

Ralph Johnson of Snyder, Texas, star shortstop of the Normal High School Calv baseball team was elected to pilot the Calves during the 1923 season. Johnson is a First Year Normal student, and is very popular with the student body. His election has met with the best of approval from every corner of the campus. Johnson is a former Snyder High School athlete. He has a powerful arm and bats and throws right handed.

With Johnson as skipper and a host of material for the various places, the Normal Calves promise to develop into one of the strongest high school teams in this section. About thirty are working out daily trying to cinch a place on the team. A hard schedule is being planned.

Home Ec. Club Has Good Program

With March 21 came a unanimously enjoyed program. Miss Anne Wood, who had "History of Costumes," rendered her part splendidly. She took up costumes from the Egyptian, Grecian, and Roman times, bringing the styles up through the ages, showing illustrations and the corresponding style in the present day. The hair dress, collars, shoes, and hats were also compared and laughed over. We all came to the conclusion that we don't dress so extreme and radical when we compare our costumes with those of any of our great, great ancestors.

Our hour was closed with a little social party with Miss Hooker as hostess. Hot chocolate and cakes were served.—Representative.

Miss Boulware Entertains Boys' Basketball Team

Miss Margaret Boulware, Secretary to the President and Assistant Dean of Women, entertained the basketball team with a "42" party on last Wednesday evening, March 21.

As the occasion took place on the day of Nae Hale's birthday and the day preceding Joe Lancaster's birthday, a large birthday cake was cut.

Those present were: Misses Clara Brian, Verda Wattenburger, Dorothy Burrow, Mattie and Sena Mae Mounts, Bess Maddox, Annie Whittenburg, Frances Payne, and Messrs. Nae Hale, Lewis Hill, Davis Hill, Joe Lancaster, Captain elect, Odus Mitchell, Clifford Henry, Clyde Gordon, and Harper Allen.

Joe Lancaster was elected captain of the basketball team for 1924, a fuller account of which appears in another column.

Last of Annual Material Goes To Engravers

The last of the material for the 1923 "Le Mirage," the College annual publication, was sent to the engravers last Monday, March 19.

This year's annual is to be "bigger, greater, and grander" than ever before. The size of the page will be larger. Last year's annual had about 180 pages, while this year's annual will have 220. It will contain eight pages of scenes on the College Campus and in the Palo Duro Canyons, the celebrities will occupy five pages, and a

large addition and improvements have been made to the athletic section, to say nothing of the many other improvements.

All the material will be in the hands of the printers, Russell and Cockrell, of Amarillo, by April 1, and we will get the finished product before the close of school.

PLAY IN AMARILLO

Misses Mary L. Clark, Anadel Guenther, Gladys Beavers, and Mr. Herschell Coffee were carried to Amarillo last Tuesday night by Mr. Shaw, where they furnished music for the Philharmonic Club.

CANYON HIGH SCHOOL'S SILHOUETTE OFF THE PRESS MAY 10

About six months ago the Senior Class of Canyon's High School conceived the idea of The Silhouette. It is not necessary to review the progress of this idea through its six months of life—to remember the things Canyon's citizens said about it, for we want to forget most of those comments and remember only the happier ones. Which, by the way, is one of the ideals of the Silhouette's personnel—to record only the many sunny spots of a happy student's life in High School, and to present them to our student body and our town in a credible and memorable way. But why review all this—it has all gone into the soul of Canyon High School's first annual and is printed there ineradicably.

We have sold all of our first issue but about twenty-five copies, and when the first issue is exhausted there will be no more on sale. To give the people a chance who have not yet bought a copy of our annual a chance to get one we will place these last twenty-five copies on sale April 1st to 15th.

The price is two dollars and a half. If you want a copy of this book you may buy it from any of the following student salesmen: Frances Hicks, Frances Reid, Walter Black, and Horace Wooten.

You people who have not bought a copy of the book—do so! If not from a desire of your own, then for the sake of your children who are students. You know, unless old age has you fooled—that the years in school, especially High School, are the happiest years of any one's life, and the most beautiful. Each and every student is standing on the threshold of your kind of life—some of them realize it and some don't. But they must know that the four years of High School that lies behind them and in front of them has or will decide the path which they will take when they choose their places in the ranks and work for themselves. There are friendships which have been formed there—welded by the trials and worries that creep into even the peaceful lives of students. Those friendships will last a lifetime and the years will cement the bonds that were formed in High School tighter and tighter. Surely you know those friendships would be more enduring, stronger and deeper if

your library contained a digest of the formation of those wonderful ties. Yes, The Silhouette is an ideal, an ideal crowned with the unstinting effort and tireless toils of the entire student body of Canyon's High School—and the ideal that pictures other ideals that are dear to the heart of the student. We beseech you for your own sake, dear students, buy one of the few remaining copies of The Silhouette and be enabled to occasionally throw aside the material curtain of the world, which shall obscure the beauty of your youth in later life, and admit the cheerful and beautiful ideals of an ideal past.

—C. H. S. Reporter.

THE HIGH SCHOOL G. R. HIKE

On Friday, March 23, at 4:30 o'clock if you chanced to look toward the road that leads to Wragge's Pleasure Park, you saw a group of girls headed for that place with all the paraphernalia of hikers.

They were "the girls of World-wide fame."

G. R. G. R. was their name. Tall girls, short girls, fat girls, thin! G. R. G. R. took them all in.

And a happy time they had when Wragge's Pleasure Park was reached. The first hour was spent in kodaking. Then, they spread a "scrumptious" feast. To attempt to tell all they had to eat and how much they ate of it would be next to impossible.

When the eats had disappeared what could have been more pleasing than to

have had nice music out in the open beside our smoldering camp fire. Mr. Wragge proved to be the musician and the songs he sang made those old hills resound with merriment.

When the sun sank from sight the girls roused themselves, gathered up their belongings and started for home, singing all the way, which proved they had had a jolly time.

Those enjoying the outing were: Miss Vivian Coffman, Frances Hicks, Alice King, Ma Mae Hastings, Olive Schramm, Jean Vetesk, Virginia Crain, Sarah Pipkin, Grace Williams, Leona Plunell, Bonnie Allen, Nell Hood, Edna Taylor, Birda Ann Hastings and Alice Smith.

Mother-To-Be,
Read This—

There is a wonderful message to all expectant mothers. When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says: "With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes."

Note: Write for valuable, free illustrated book, "Mother and the Baby," containing important authoritative information which every expectant mother should have, and all about "Mother's Friend," by Bradfield Regulator Company, 114-24, Atlanta, Ga. "Mother's Friend" is sold by druggists everywhere.

Fanny's Never Satisfied

Phillips Visits Schools Having Vocational Agriculture Courses

Prof. Frank R. Phillips of the Department of Agriculture in the Normal College, has just returned from a trip in the central Panhandle, where he has inspected the work being done in agriculture and visited other prospective schools. In speaking about this work, Mr. Phillips gave out the following statement:

"Three years ago there were only two schools in West Texas in which Vocational Agriculture was taught. However, at the present time, fifteen schools of the Panhandle-Plains are giving courses in livestock judging. The students of this subject are being so well instructed that they are going out and acting as livestock judges for fair associations and giving very satisfactory service. In spite of the fact that West Texas is a stockman's country, many of our schools have failed to teach those things which are of most interest to our stockmen's sons. We have given too much thought, in many cases, to the few who are to go to the universities and too little attention to the problems of the many who will go back to the farms and ranches."

Help Solve Boy Problem

"As a county agent," said Mr. Phillips, "I have talked with many farmers in regard to their boy problems. I have had them tell me that education was the one thing they would not give their sons; that it drew their boys from the farm, not to it. But I have heard no father deny that a course in stock judging would keep the boy satisfied with home life more than any other one thing."

TEAM TO OKLAHOMA

The Normal High School has been extended an invitation by County Agent Hiser, to send a stock judging team to Canon, Oklahoma to participate in an invitation meet at which contest teams from different parts of Oklahoma, Kansas, Texas, and New Mexico will be present, according to announcements made by Prof. Frank R. Phillips, head of the Vocational Agriculture work in the Normal High School.

Mr. Phillips has not yet accepted the invitation, but is putting his team composed of James Oden, Fred Ward, Harold Shanklin, and Regan Sherman, through strenuous training which would indicate that this team will represent the Normal High School in the meet at Canon.

WILL VISIT SCHOOL FAIR

Prof. J. L. Duffort of the Sociology Department and Prof. Frank R. Phillips of the Agriculture Department of the Normal College will go to Summerfield next Friday afternoon where they will appear before the school fair meeting. Mr. Duffort will speak on "The Child's Part in Education." Mr. Phillips will speak on the "Part Vocational Agriculture Plays in the Education of the Boy."

Friona, Summerfield and Black are contemplating putting on an agriculture teacher part time, according to Mr. Phillips.

CARD OF THANKS.

Bel Keep Canyon Clean!

Thin? Run-down? Sure Way to Get Right Weight

Increase Your Red-Blood-Cells. That's the Sure Way! S. S. S. Builds Blood-Cells; This Means Strength!

Do you know why insurance companies refuse to insure a great many men because they are under weight? Simply because to be under weight often proves

low fighting-power in the body. It often means you are minus nerve-power, minus red-cells in your blood, minus health, minus energy, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus. That's why S. S. S., since 1876, has meant to thousands of underweight men and women, a plus in their strength. Hollow cheeks fill out. You stop being a calamity-looking. You inspire confidence. Your body fills to the point of power, your flesh becomes firmer, the age lines that came from thinness disappear. You look younger, firmer, happier, and you feel it too, all over your body. More red-blood-cells! S. S. S. will build them. Ladies and gentlemen, a peaky, bony face doesn't make you look very important or pretty, does it? Take S. S. S. It contains only pure vegetable medicinal ingredients. S. S. S. is sold at all drug stores in two sizes. The larger size bottle is the more economical.

S.S.S. makes you feel like yourself again.

SCHOOL ELECTION NOTICE

The election for school trustees is hereby ordered by the trustees of the Canyon Independent School District to be held on Saturday, April 7, 1923. Trustees will be elected to places now held by J. A. Guthrie, Jno. Fry, and G. W. Warwick.

S. V. Wirt is hereby appointed to hold said election. By order of the Trustees, 401f C. W. WARWICK, Secretary.

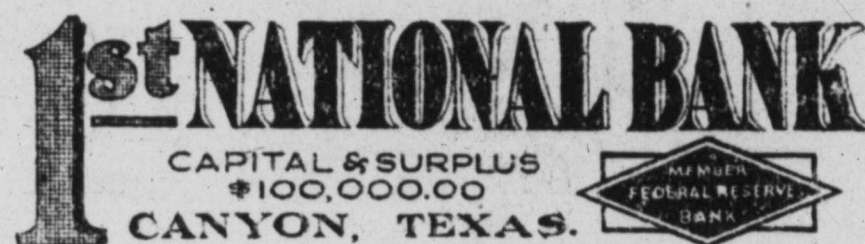

TRACING THE SLIPPERY HOUSEHOLD DOLLAR

The problem of home finances, the planning of expenditures and the keeping of expense records are greatly simplified when the Home Manager, usually mother, uses a Checking Account.

It might surprise you to know how many Randall County women maintain Checking Accounts at the First National Bank. Any of them will tell you that it makes the business of home management much easier—partly because it offers a definite record of how, when and for what each dollar is spent.

We invite your account.

C. D. LESTER, Pres. E. H. POWELL, V. Pres. R. I. GRAVES, Cashier

"It Speaks!"

On March 10, 1876, in a noisy machine shop at Boston, the telephone was born. Alexander Graham Bell, the young teacher of deaf mutes, had dedicated his life to restoring the precious gift of voice to his pupils.

During his experiments he discovered a new principle of sound transmission which brought the hope that some day men might hear each other's voices though separated by hundreds of miles.

That dream has come true. Today you may send your voice—to anyone anywhere in the United States by Long Distance telephone. It will carry you to your family and friends; it will bring them to you.

Ask the Long Distance operator about Station to Station calls, particularly the low rates prevailing after 8:30 p. m.

SOUTHWESTERN BELL TELEPHONE CO.

Your Voice Is Your—Phit Them by Telephone
