Mrs. Conner Buried Here Wednesday

Funeral rites were conducted Wednesday morning in the First Methodist Church of Fort Worth for Mrs. T. H. Conner, 93, of Fort Worth.

Burial was in the Colorado City Cemetery.

Mrs. Conner died in a Fort Worth hospital.

Mrs. Conner was the former Miss Ella Dry. She lived in Colorado City for a number of years, coming here from Siete Springs. She moved from Colorado City in 1923.

While living in Colorado City she taught a Sunday School class at the First Methodist Church. She was a life member of the Hesperian Study Club.

She was married in 1923 to T. H. Conner. He died in 1933.

Mrs. Conner is survived by a cousin, Mrs. Ada Davis of Fort Worth, and the cousin's son, J. B. Davis of Fort Worth.

Hearing for Loraine School Budget Set

Public hearing for Loraine public schools finance budget for 1960-61 is scheduled Monday night at 8 o'clock.

The hearing will be in the high school building, according to Gene Baird, president of the Loraine school board.

This youngster seems to know how to keep cool in the summertime heat. He is John Edward Green, son of Mrs. Maggie Green of south Colorado City.

Auto Collision Injures 3 At City Intersection

Wreck Happens At 9th-Cherry

Two sisters and another person were injured Thursday when 2 cars collided at the intersection of W. Ninth St. and Cherry.

The wreck happened at 11:30 a. m. Both cars were severely damaged.

Hospitalized with injuries were:

Bonnie Sue Crabtree, 14, and Mattie Lee Crabtree, 10, daughter of Mr. and Mrs. Woodrow Crabtree, owners of an appliance and electrical business southwest of the city.

Jesus Herrera, 42, who lives at 1148 Keats in San Antonio. Escaping with only scratches was Robert Crabtree, 15, brother of the 2 injured girls, who was thrown from his car by the collision impact.

Police Patrolman Selma Q. Dickson said the accident happened as Herrera was traveling south on Cherry in a sedan owned by Sabas Flores of Colorado City and the Crabtree son was traveling in his family's station wagon with his sisters east on W. 9th St.

The car driven by Herrera careened onto a vacant lot and slammed into a utility pole.

Robert Crabtree, thrown out of the station wagon and onto the dirt intersection, narrowly missed serious injury when the car passed over him without the wheels or body touching him.

The Crabtree sisters and Herrera were taken to Root Memorial Hospital.

Bonnie Sue, who received a severe eye-lid injury, was moved early in the afternoon to Big Spring for treatment by eye specialists.

Mattie Lee remained in Root Hospital Thursday with cuts on the forehead.

Herrera, also remaining in the hospital, had cuts and bruises.

Gus Bailey Funeral Rites In Loraine

Funeral rites for Gus R. Bailey, 80, of Loraine were conducted Sunday afternoon at 2 o'clock in the Canaan Baptist Church of Loraine with the pastor, Rev. R. D. Burks, officiating.

Burial was in the Union Chapel Cemetery under the direction of Kiker and Son Funeral Home.

Bailey died Thursday afternoon in his Loraine home following a long illness.

He was born on June 22, 1880, in Austin County and was married there to Lillie Craven in 1913.

Bailey has lived in Loraine since 1921 and was a retired farmer in the Loraine community.

He is survived by his wife of Loraine, one brother, Walter Bailey of McGregor, and one sister, Mrs. Lillie Hubbard of Kenney.

Idalou Rites Held for J. S. Franklin

Funeral service was conducted Sunday in Idalou for J. S. Franklin, who formerly lived in Mitchell County for 40 years.

Franklin died Friday in Methodist Memorial Hospital, Lubbock, following an illness of several months.

He resided in Mitchell County for 40 years before moving to the Plains area several years ago. He was a retired farmer and his wife died last March.

Survivors include 6 sons — J. E. Franklin, of Abilene, J. D. Franklin of Floydada, R. B. Franklin, Girvin Franklin and R. E. Franklin of Plainview, W. T. Franklin of Lubbock's Route 1 and S. M. Franklin of Lubbock.

Also, 3 daughters — Mrs. H. E. Sorrells of Petersburg, Mrs. J. C. Norwood of Deming, N. M., and Mrs. R. E. Alexander of Honolulu, Hawaii; 2 brothers — C. E. Franklin of Colorado City and A. H. Franklin of Lubbock's Route 1; 3 sisters — Mrs. Mary Davis, Mrs. Blanche Loveless and Mrs. Cleo Shurtliff, all of Colorado City.

FOR UNITED FUND

Ruddick Heads Employees Unit

One of the most essential jobs in Mitchell County United Fund's 1961 finance campaign will be on the shoulders of Lawrence Ruddick.

Ruddick, the city's mayor pro tem and bulk plant foreman at Col-Tex Refinery, will chairmen the employees division.

His acceptance of the campaign assignment was announced Thursday by Bob

Reilly, chairman of the county-wide United Fund drive.

The employees division is the unit which contacts business firms, offices, stores and industries (those with 3 or more workers) within the county to systematically enlist all employees in support of United Fund.

It was specifically organized to allow the salary and hourly employee to contribute full support through periodic pledge payments or payroll deductions.

"This offers each employee an opportunity to contribute to United Fund in the amount he or she desires without a lump sum financial pinch," Reilly explained.

United Fund contributions during the annual drive in September will finance the work of eight youth, health and welfare organizations during the 12-month period beginning Jan. 1.

These finances contributed and pledged during campaign are collected in one overall effort, thus eliminating the necessity of 7 other tedious and time consuming drives during the year.

Ruddick, the employees division chairman, has served as a team captain and a solicitor in other divisions of past

TALLEY, SHACKELFORD

2 City Employees Resign Positions

Two city employees — City coach in the school. Recreation Director Winn Talley and Assistant Police Chief Dave Shackelford — have resigned their posts.

The resignations were reported to City Council Monday night by City Manager Earl Keaton.

Shackelford, who was in charge of the night police force, ended his service last week to accept employment with a firm transporting firm.

Talley, who has directed the city's recreation program the last 2 years, submitted his resignation effective Aug. 31. He has handled the recreation director's job in addition to being ninth grade athletic coach and teacher in Colorado City Junior High.

In resigning the city recreation post, Talley will return to one job, that of teach-

Initial Band Practice Set

Initial practice for the Colorado City High School Band, grades 10, 11 and 12, will be Monday, August 15, at the high school.

"It is imperative that all of the band members be present from 8 until 10 a. m.," states Dwight Tomb, band director.

Bob Newman will be joining Tomb as co-director of the band this year.

URGE LOCAL SUPPORT

Young Demos Back Kennedy - Johnson

Mitchell County's Young Democrats are wasting no time joining the political bandwagon for the Kennedy-Johnson presidential ticket.

In a meeting Tuesday night the organization adopted a resolution endorsing the Democratic Party ticket and urging support for it at the polls in November.

The Young Democrats Club, which now has 17 members, stated by resolution:

"We as Young Democrats, firmly believing in the standards, principles, traditions and goals of the Democratic Party, and believing that the best possible solution to the intricate problems of the United States and the world can best be brought about by the election of John F. Kennedy and Lyndon B. Johnson."

Speaking at the Tuesday meeting was Charles (Lefty) Morris, president of Young Democrats Club of Howard County.

Morris pointed out the need for more effective work by Young Democrat Clubs throughout the state. And he recommended more open membership, closer harmony and more support for the party.

New members joining the club Tuesday was Miss Yvonne, please our support.

and recommend to the voters of Mitchell County and Texas the Democratic platform, and the Democratic candidates, John F. Kennedy and Lyndon B. Johnson.

The resolution, adopted by unanimous vote, was signed by Jack Coffey, president, for the organization.

Speaking at the Tuesday meeting was Charles (Lefty) Morris, president of Young Democrats Club of Howard County.

Morris pointed out the need for more effective work by Young Democrat Clubs throughout the state. And he recommended more open membership, closer harmony and more support for the party.

LUBBOCK ENGINEERS

Council Employs Firm For City Water Study

City Council Monday night authorized hiring of a Lubbock engineering firm for an extensive municipal water works study.

The survey might lead to a bond improvements election. Councilmen voted 4 to 2 to employ Parkhill, Smith & Cooper—Lubbock consulting engineers — to conduct the study at a cost of \$2,000.

The majority vote selected the Lubbock firm over Freese, Nichols and Endress of Fort Worth, which had placed a \$1,000 tab on its services for the study.

Both fee proposals included provisions for crediting all or part of the survey costs to supervisory engineering expenses if bond-financed improvements were later undertaken and the particular firm was employed as consultants for the work projects.

The Lubbock firm will credit \$500 of the study fee with each \$50,000 in construction, if that firm is hired within 2 years after the survey to carry out a correlated program of improvements.

Freese, Nichols and Endress offered to credit \$500 of its \$1,000 fee at the time a bond election would be called, and credit \$500 more if bonds were to be approved and construction scheduled.

Voting for the Lubbock firm were Councilmen A. W. Hubbard, John Chinn, Sam L. (Buzz) Majors Jr. and Mayor Pro Tem Lawrence Ruddick, who presided at the council session in the absence of Mayor Bob Robinson.

Voting "no" and favoring the Freese, Nichols & Endress contract were Councilmen H. I. Berman and Ira Uttz.

The water works study will be directed into these avenues:

1. Study past demands and future potentials for recommendation to the city's domestic and industrial water needs through 1970.

2. Recommend water treatment plant and pumping facilities necessary to meet the city's requirements through the next 10 years.

3. Determine what additions might be necessary to water supply lines to meet requirements through 1970.

4. Make a thorough study of the city's water distribution system with recommendations for adequate service at 5-year periods through 1970.

5. Estimate cost for recommended improvements and recommend a water rate structure to provide necessary income to operate the city system and retire any debt placed upon it.

BELOW 100 DEGREES

Temperature Drops Following Showers

Cloudy weather and light showers caused Colorado City high temperature to drop below 100 degrees Tuesday and Wednesday.

The high temperature was below the 100 degree mark Tuesday for the first time, with the exception of one day in July, since July 24.

High temperature Tuesday was 98 degrees and high for Wednesday was 81.

The Colorado City moisture measured only .06 of an inch but rains were heavier in the east, southeast and south parts of Mitchell County.

Rains around Loraine Tuesday and Wednesday ranged

from .6 of an inch north of Loraine to 1.7 inches south of Loraine. Rains in Loraine measured 1.4 inches, according to Herbert Mearse.

Heaviest rain reported in the Looney Community was 1.5 inches on the Dave Jackson farm with rain on the W. A. Ennis farm measuring .7 of an inch Tuesday.

Otto Jones reported spotted showers on the Rinderbrook Ranch with at least .5 of an inch over the entire ranch.

In the Landers Community, heaviest rains reported were 1.3 inches on the Joe Neff farm with showers on the Bruce Byrne Ranch measuring .6 of an inch and over.

AT WOLF STADIUM

School Officials Begin Combating Soil Erosion

School officials Monday night mapped out a thorough program for combating soil erosion at Colorado City High School Stadium.

The project, recommended by A. V. Sheppard and staff of the Soil Conservation Service, will be carried out in 3 phases.

Work will start immediately on the initial portion and continue for several months. A second phase will begin next spring.

The third portion of the project is scheduled as long range—in future years.

The board authorized the administration to receive bids for the immediate program. Steps in the immediate program are:

(1) Re-do the asphalt topping on the walkways up the stadium embankment so that the water will run off the walkway ends and out the entrance gates.

(2) Put drains on each side of the bleachers to take the water from the piers under the stadium down to the large basin.

(3) Re-slope the ramps connecting to the stadium from each

side so that the water will be drained away from the stadium out of the ramps. These ramps will possibly be asphalt topped.

(4) Re-adjust the slopes of the ramps in the northeast corner of the stadium and put a terrace around the edge so that the water will go onto 12th Street rather than down the embankment and onto the track and field.

(5) Make an outlet at the southeast corner of the field so that the water can go out.

That's what the two Ramage boys, Alan, left, and Robert Lewis, right, are asking their older sister, Ethel. Ethel will be in the eighth grade this year, so she has been all through the experiences her brothers are facing. Alan will be in the seventh grade, and Robert Lewis will be a fourth grader.

THOMAS BARRY VISITS

Out Of Town Guests Visit In Local Residents Homes

C-ity seems to be the gathering place for many out of town visitors this week. They come from as far away as Germany and as near as Kermit.

Sp. 4. C. Thomas P. Barry III is visiting in the home of his parents, Mr. and Mrs. T. P. Barry.

Specialist Barry is home on emergency from Germany where he has served 1½ years with the United States Army. He was called home—two weeks ago when his father became ill.

Visiting this week from Grand Prairie are Roger and Jimmy, and Mickey Don Nowell, sons of Mrs. Doris Nowell.

The boys are visiting Mr. and Mrs. W. W. Holman and Mr. and Mrs. J. M. Rogers.

Guests over the weekend in the home of Mr. and Mrs. T. W. Tilley were their daughter and her family, Mr. and Mrs. D. G. Black and children, Mona and Kerry, of Kermit.

The Blacks arrived Saturday night and returned to their home Tuesday afternoon.

Hollis Gaine is visiting this week in the home of his parents, Mr. and Mrs. H. H. Gaine, 625 Locust Street.

Gaine has been serving in the U. S. Army at Fort Dix, New Jersey.

Recent visitors in the home of Mr. and Mrs. Frank Sanford were their daughter and grandchildren, Mrs. Johnny Tammen, Tammy and Debbie.

Officers Are Elected by Baptist Circle

The Roberta Edwards Circle of the First Baptist Church met Monday with Mrs. M. J. Dawson for their regular business meeting.

Mrs. Erdine Morgan conducted the program.

Business for the month was to re-elect officers.

The new officers are: Chairman, Mrs. M. J. Dawson; vice chairmen, Mrs. Sam Thompson and Charlie Barnes; community missions, Mrs. Dona Reed; Bible study, Mrs. Morgan; mission study, Mrs. Ruth Grantland; program chairman, Mrs. Sybil Walding; stewardship chairman, Mrs. Luke Thomas; reporter, Mrs. Inez Hock; secretary, Mrs. R. B. Cain; treasurer, Mrs. Morgan; social chairman, Mrs. Paul Beeman.

The next meeting will be September 12 in the home of Mrs. Beeman.

Grandson Is Burned In Gasoline Explosion

Mrs. Stewart Cooper, 505 E. 4th, returned Tuesday from San Angelo where she has been visiting her daughter, Mrs. Bill Bice and family.

The Bices' son, William Stewart, was burned ten days ago in the explosion of gasoline at the Bice home.

The young child, after confinement in Shannon Hospital, is now at his home and is rapidly recovering.

Grandfather Celebrates 91st Birthday

Colorado City. Attending from here were Mr. and Mrs. Summers, Dickie and Lee.

IT WON'T BE LONG

Vacation Time Is Soon To Be Over

School days are here again! School? As if you didn't know. They'll be learning to say the ABC's and how to add 2 and 2, and crying because it's their first day away from mamma.

There'll be nothing left but the memories — dances at the Recreation Center, picnics in some farmer's pasture and the midnight swims at the lake.

Yes, that's all over now. It's back to the old grind again. In a few more weeks the Colorado City school kids will once again find themselves walking through the halls of high school or some college — cheering at the football games — or peering over some smart student's shoulder to see what answer he's putting for that last question the teacher asked.

Many of the 1960 graduates of Colorado High will be going out of state to college or either so far away they can't come home too often.

They will be experiencing a new adventure. At last they've made it to college. What will it be like? Well, just ask anyone who's already been there a year or two. You'll probably be scared at first, but soon you'll get into the swing of things and be having the time of your life.

And what about the first grade pupils? What will they be doing those first days of school? As if you didn't know.

Brother Visits In Home of Joe Boyds

Mr. and Mrs. Jack Boyd and children, Debbie, Doug and Kathy, were entertained recently with a barbecue in the home of Mr. and Mrs. Joe Boyd.

Those attending were Mr. and Mrs. Ross Hargrove, Mr. and Mrs. Harry Dockrey and sons, Mr. and Mrs. Kenneth Dockrey, Mr. and Mrs. Lloyd Smith, Mr. and Mrs. Robert Bolin, Mr. and Mrs. Herman Salley and J. E. Mr. and Mrs. Buddy Witten, Mr. and Mrs. Tom Moore and Lee Ann, Mrs. E. A. Davison, Mrs. H. U. Salley, Mr. and Mrs. R. H. Kirkland, Mrs. J. C. Northcutt and Lynn.

Mr. and Mrs. Jack Boyd are visiting from Upton, Wyo.

Wow! I Can't Wait

That's what these three 1960 graduates of Colorado High School are saying these days. They are anxiously making plans to attend the colleges they have chosen. Miss Susan Rhode, left, will leave September 13 for Scripps College in Claremont, Calif. Miss Vonita Cawthron, center, is completing her plans to attend Hendricks Memorial Nursing School in Abilene. Miss Judy Bilberry, right, will leave September 11 for Norman, Okla., where she will attend the University of Oklahoma.

From Crane

Mr. and Mrs. Ernest E. Smith, Jimmy and Ricky, of Crane visited Tuesday and Wednesday in the home of his parents, Mr. and Mrs. E. E. Smith, and her mother, Mrs. Annie Aycock.

Other visitors Wednesday in the home of Mr. and Mrs. E. E. Smith were Mrs. Lester Smith of New Willard and Mrs. Peggy Morris of Odessa.

ANNELE HOLMAN'S

Personally Yours

Seems like we just get started on something and time rapidly passing time — runs out.

It was no time ago when we were buying swim suits, sun tan lotion and preparing for the summer months.

Now the order is reversed and we are packing all that away, purchasing fall and winter clothes and in just about every family someone along the line is buying school supplies of some sort.

A short time ago cleats were heard hitting the track cinder and Monday football workouts begin.

Not only have the summer months seemed to have passed fast — but we can look back for what seems like a few short years and suddenly realize it has really been a long time since we were starting to school, playing dress-up or putting that newly pulled tooth under the pillow at night.

One consolation in this time consuming world . . . If we just go slow enough to enjoy it, we'll always have pleasant memories with us.

It is really surprising to pick up the dictionary and find the many kinds of time — absolute time, apparent time, astronomical time, civil time, common time, high time, hot time, in good time, nick of time, solar time, standard time, time enough, time of day . . .

It's also interesting to find definitions for the many ways in which we use our time . . . to be on time, to keep time, to kill time, to lose time, to make time, to go against time.

At any rate, time is always here — we just need to make the most of it.

Mr. and Mrs. A. A. Free returned last week from a one week vacation in a number of Texas cities.

The pair visited in Corpus Christi with former C-City residents, Mr. and Mrs. W. W. Free.

Mr. and Mrs. A. A. Free also toured historic San Antonio and Padre Island while in South Texas.

The best part of vacation for the couple was going to Odessa to visit with their daughter and family, Mr. and Mrs. Doyle Pittman, Dennis and Dave . . . and the two grandsons returned to Colorado City with them.

3rd Birthday Celebrated by Goodlett Girl

Patty Goodlett was honored with a party on her 3rd birthday Friday in her home.

The guests were served cake and punch. After refreshments they played games.

Those attending were Patty Whatley, Margie Ballard, Rodney Dockrey, Billy Vardy, Denise Vardy, Ricky Clark,

Cathy Clark, Larry Williams, Jean Ann Gray, Christie Miller, Kay and Debbie Moore.

Mothers present were Mmes. Jimmy Williams, Drew Ballard, Charles Dockrey, Leland Moore, Doyle Clark, Carroll Gray, Dale Whatley, Jim Vardy and Don Miller.

NEW RESIDENTS

Hendricks Family Hobby Is Observing Horse Races

Watching horse races — that's the summer hobby of Mr. and Mrs. Horace Hendricks and Dixie, new residents of Colorado City.

The Hendricks family vacations in Ruidoso where they attend the races. They have even acquired a small interest in a thoroughbred.

Since racing is only a summer hobby, football is the big fall interest for the Hendricks family. They also like to play bridge at home. Mrs. Hendricks says that although they are not card sharks by any means, they do like the game because it never grows old.

Hendricks is the area foreman for West Texas Gulf. His territory extends from Midland to Ranger. He has been employed by the Gulf Company for 20 years.

Mr. and Mrs. Hendricks' older daughter, Joyce, is also employed by Gulf. She has been working for Gulf Production in Midland for about 2 years.

After graduating from high school in Crane, Joyce attended Sul Ross State College in

Alpine and Odessa Junior College in Odessa.

Dixie, the youngest member of the family, will be an eighth grade student in junior high next year. Her only disappointment with C-City is the fact that there is no skating rink here. However, she is willing to be consoled with the bowling alley and the swimming pool. She plays the clarinet and was a member of the band while living in Midland.

Mrs. Hendricks, whose given name is Dorothy, was at one time the only reporter for the Crane newspaper. She had to cover all the events of the town and write the news for the weekly paper.

This was a new adventure for Mrs. Hendricks because she had never had any journalism. She says it was the most fascinating work she has ever done.

Mr. and Mrs. Hendricks observed their silver wedding anniversary in Midland last year.

Also members of the Hendricks family are a dog named

Thomas. They are very congenial, in that the dog takes care of the cat.

Mrs. Hendricks says they are glad to be in a smaller town. They feel that there is more closeness in a small school, and also more activities.

The Hendricks' think they will like being so close to Lake Colorado City. This is the first time since they left Roscoe that they have been near a lake.

Members of the Hendricks family don't feel like strangers here, since they were at one time residents of Roscoe. Mr. and Mrs. Hendricks were both born there, and their mothers still reside there.

Two Families Have Reunion In Lubbock

McKenzie Park in Lubbock was the setting Sunday of the Blassingame and Anderson reunion.

The noon and evening meals were served to fifty descendants of the late Mr. and Mrs. Emmett Blassingame and Mr. and Mrs. W. W. Anderson.

Those attending were Mr. and Mrs. Don Blassingame, Mr. and Mrs. Murrell Blassingame and Mr. and Mrs. J. W. Blassingame, all of Colorado City; Mr. and Mrs. Jay Hooks and family of Andrews and Mr. and Mrs. Glyn Hamilton and family of Shallowater.

Mr. and Mrs. W. W. Anderson, Mr. and Mrs. Warren Anderson and family, and Mr. and Mrs. Mack Ritchey and family of Colorado City; Mr. and Mrs. Tom Killian and daughter, Mr. and Mrs. Tommy Fuller and daughter, of Ropesville; Mr. and Mrs. Dick Ritchey and children of Brownfield; Mr. and Mrs. Jerry Reynolds of Denver City.

At Chord Organ

The Horace Hendricks family, 532 E. 9th, is shown here at the chord organ which their daughter, Dixie, is learning to play. The favorite hobby of the Hendricks family is horse racing.

Wigners Host Relatives At Cherry Creek

Mr. and Mrs. J. F. Wigner were hosts for a family reunion at their home at Cherry Creek Camp on Lake Colorado City Sunday.

Those attending were Rev. and Mrs. Winfred Wigner and children, Jerome and Elaine of Pimento, Ind.; Mrs. Robert D. Essington and sons, Bobby Joe and Gregory Dean of

Carlyle, Ill.; Mr. and Mrs. Harold Hodges and children, Charlotte, Harold Jr., Carroll Dean, and Anna Jean of Hobbs, N. M.; and Kenneth Wigner who has been attending college in Fullerton, Calif. for the past year.

Also attending were Mr. and Mrs. Malcolm Hammer and children, David, Judith Shirley and Donald, Mr. and Mrs. Billy Gene Hammer and children, Lawrence and Catherine, and Mr. and Mrs. Marlin DeHaven and children, Gail and Jeffrey, all of Dallas.

Church Hosts Area Wide Youth Meet

School Board Names 2 New Teachers

Resignations of 3 teachers were accepted and 2 teachers were hired Monday night at the meeting of the Colorado City Independent School Board.

Resignations accepted were Joe Park, Junior High English and chorus teacher; Mrs. Phillip Conaway, 4th grade teacher at Hutchinson; and Miss Helen Collins, special education teacher at Wallace School.

Instructors hired were Mrs. Trevor Crawford, who will teach freshman English, and Miss Helen Smith, who was named Wallace School special education teacher.

Mrs. Arnett was a native of Colorado City, 1 of the 8 sons and daughters of the late Mr. and Mrs. H. C. Beal, pioneer ranching couple of Mitchell, Martin and Midland counties.

The Beal headquarters ranch, the White Elephant in Mitchell County, is still owned by the family as are land properties in Martin and Midland counties.

Mr. and Mrs. Dan Butler left Monday for Alabama on several days vacation. The Butlers were accompanied by her brother and sister-in-law, Mr. and Mrs. Clyde Wilson of Abilene.

(6) Add a pier under the front of each side of the stadium in order to help control the water that comes under the stadium.

(7) Open up the area at the northeast corner of the stadium at 12th Street so that the water can drain out of the stadium corner.

(8) Clean the area north of 12th Street and east of the baseball park for additional parking area to be used in lieu of parking on the baseball field as in the past. The parking area west of the stadium has already been leveled for parking.

(9) Plans are underway for some renovations and improvements of the pressbox.

The second phase of combating the soil erosion problem, also a part of the recommendation by Sheppard, is to plant some type of vegetation on the slopes of the stadium.

In later years, the hope of the school board is to build a retaining wall around the outside of the track and after that time plans are for the improvement of the track.

"The idea of the whole program is to do it one step at a time," stated Superintendent Frank Wilson.

Proposed CONSTITUTIONAL AMENDMENT

NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960.

HOUSE JOINT RESOLUTION NO. 39 proposing an amendment to Article IX of the Constitution of the State of Texas by adding thereto new Sections to be known as Sections 6, 7, and 8, to provide that the Legislature may by law authorize the creation of a Hospital District co-extensive with Lamar County, Hidalgo County, and County Commissioners Precinct No. 4 of Comanche County, having certain stated powers and duties and subject to certain stated limitations; providing that any such Act shall not be invalid because of its antiquity character; providing for an election; prescribing the form of ballot and providing for the necessary proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: That Article IX of the Constitution of the State of Texas be amended by adding thereto the following Sections which shall read as follows:

"Section 6. The Legislature may by law authorize the creation of a Hospital District co-extensive with Lamar County, Hidalgo County, and County Commissioners Precinct No. 4 of Comanche County, having certain stated powers and duties and subject to certain stated limitations; providing that any such Act shall not be invalid because of its antiquity character; providing for an election; prescribing the form of ballot and providing for the necessary proclamation and publication.

"Section 7. LEGAL

ORDINANCE

AN ORDINANCE GRANTING TO GREAT STATES ELECTRONICS, INC., A FRANCHISE FOR THE PURPOSE OF RECEIVING, AMPLIFYING AND DISTRIBUTING TELEVISION SIGNALS AND SIGNALS FOR A CLOSED CIRCUIT CHANNEL BY USE OF A COMMUNITY ANTENNA SYSTEM

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF COLORADO CITY, TEXAS:

SECTION 1: That there is hereby granted to Great States Electronics, Inc., a corporation, with its principal office located at 4128, 34th Street, Lubbock, Texas, hereinafter called "Grantee," the right, privilege and permission for a period of 10 years from the effective date of this franchise to construct, maintain and operate in the present and future streets, avenues, alleys and public grounds and places of the City of Colorado City, Texas, and its successors, towers, poles, lines, cables, necessary wiring and other apparatus for the purpose of receiving, amplifying and distributing television signals and signals on a closed circuit channel to the said City and the inhabitants thereof, and to use and occupy such present and future streets, avenues, alleys and public grounds and places for such purposes. However, any assignment or transfer of the rights and privileges herein granted shall be subject to the approval of the City Council of said city.

SECTION 2: No towers or poles shall be erected by the grantee without the express consent of the City of Colorado City, at location to be approved by said City, which consent shall be evidenced by written permit signed by the City Manager or other authorized representative of the City. The Grantee shall, at its own expense, move its lines, cables, wiring, towers, poles and other apparatus to other locations when the City Council may require such to be done for the safety or convenience of said City or its inhabitants affected thereby.

SECTION 3: All installations made by the Grantee shall be made in good, substantial, safe conditions and maintained in such condition at all times. The Grantee shall make no excavations in the streets, alleys and public places without first procuring a written permit from the City Manager, and all work under the supervision of the City Manager and in compliance with his instructions.

SECTION 4: The Grantee shall comply with all rules and regulations now in force or which may hereafter be put into force with respect to proper installation and construction of lines, cables, wiring and other apparatus authorized by this ordinance to be installed; and the right to change such rules and regulations now in force or hereafter adopted and to adopt new rules and regulations respecting such matters is hereby reserved.

SECTION 5: That the service furnished hereunder to said City and the inhabitants thereof shall be first class in all respects, and shall be subject to such reasonable rules and regulations as may be promulgated from time to time by the City Council. The Grantee may require Security for the payment of bills rendered to the customers of its system by it, and may disconnect service to any of its customers where the bill rendered to such customer remains unpaid for more than one (1) month from its date, and service need not again be made available to such customer until the amount due plus \$3.50 additional charge for resuming service is paid to Grantee.

SECTION 6: The Grantee shall pay to the City of Colorado City, on or before the first day of April for the previous year or any portion thereof of each year during the life and term of this franchise a sum equal to two (2) per centum of the gross revenue received by the Grantee during the preceding year for the services sold to its customers within said City of Colorado City, and all connection charges and fees received by Grantee shall be considered as revenue.

SECTION 7: That the City of Colorado City shall have the right and privilege by and through its Finance Officer or other persons authorized

LEGAL

LEGAL

by the City Council, to inspect the books, vouchers, contracts and records of the Grantee, its successors and assigns, for the purpose of ascertaining the gross receipts and revenue derived from the distribution and sale of said signal service, in order to determine therefrom the amount to be paid to said city.

SECTION 8: The Grantee shall at all times keep its cables and other appurtenances used for transmitting signals shielded in such manner that there will be no interference with signals received by private television sets or receivers sets owned by persons not subscribing to Grantee's service.

SECTION 9: Upon the compliance by Grantee with the provisions hereinafter set out respecting the making of bond, the Grantee shall have the right to charge and receive from each subscriber to its said service within said city a sum not to exceed Forty-five Dollars (\$45.00) which sum shall include all charges for connecting each such subscriber to its system plus the first month's service charge according to the schedule of monthly charges set out below, provided that such charge to each customer shall not exceed the actual expense of each such connection plus the first month's service charge. If the Grantee has not begun to furnish the service contracted for to each such subscriber within a reasonable length of time after receiving such payment, it shall return to each such subscriber to whom service has not so begun the full amount of such payment. The Grantee shall be and is hereby authorized to charge each of Grantee's subscribers for the service to be furnished by Grantee up to the following sums each month:

(a) \$7.50 per month for one television set; and

(b) \$3.50 per month for the second set in the same building; and

(c) \$2.00 per month for the third or any additional television sets in the same building; and the City Council finds that such rates are and would be fair and reasonable rates and charges to be made for the service to be rendered by the Grantee at this time. However, such rates shall be subject to review and revision by the City Council at any time.

SECTION 10: The franchise hereby granted may be revoked by the City Council of said City of Colorado City in the event any payment or sum of money owing by the Grantee to said City shall be and remain delinquent for as long as six weeks, or if operation under said franchise shall lapse for as long as six months, or if Grantee shall fail to comply with any other provisions of this ordinance. Such revocation shall be at a hearing called for such purpose by the City Council, notice of which hearing shall have been given in writing to the Grantee for not less than 20 days in advance of such hearing, and such hearing may be called for any special or regular meeting of the City Council.

SECTION 11: The rights and privileges, grants and authority herein granted to Grantee, its successors and assigns, unless sooner forfeited and terminated for causes herein mentioned or other just cause, shall endure and continue for the length of time and term provided in Section 1 of this Ordinance.

SECTION 12: The Grantee shall file its written acceptance of this permit and franchise within thirty (30) days after the final passage and approval of this ordinance, and failing so to do this ordinance shall be null and void regardless of any other provision herein contained.

SECTION 13: The tower necessary to picking up, amplifying and transmitting television signals to subscribers within the City of Colorado City, Texas, shall be commenced by Grantee within 6 months from the date of its written acceptance of this franchise and it shall complete such tower within 6 months from the date of commencing the same. In the event Grantee shall fail to provide such services as are provided for by this ordinance, and within the time herein specified the franchise hereby granted shall be null and void, and the Grantee will therefore forfeit all rights and privileges granted to it hereunder.

SECTION 14: (1) Before the Grantee's successors or assigns shall collect or receive any payment from any person for a connection with Grantee's system or for service to be rendered by it with

LEGAL

In the City of Colorado City, Texas, it shall procure and deposit with the City Manager of said city, subject to the approval of the City Manager, a good and sufficient Fidelity Bond in a reputable and solvent Casualty and Surety Company, in a sum of not less than \$10,000.00, conditioned to the effect that it will save each and everyone of its subscribers within the City of Colorado City, Texas, from any loss by reason of the mishandling, misapplication or malfeasance by Grantee, its agents, servants or employees of or with respect to all sums of money paid to or collected by it under the terms and provisions of this ordinance.

(2) The Grantee, by the acceptance of the franchise hereby granted to it, agrees to hold the City of Colorado City harmless, free and clear of any and all damages by virtue of any act of negligence whatsoever which may be committed by the Grantee, its agents, servants or employees, and to secure said city against any loss or damages for which it might or may be liable by reason of any such act or acts of negligence on the part of said Grantee, its agents, servants or employees, the Grantee, before it undertakes to exercise any of the rights, privileges or authority of any nature granted by this ordinance, the Grantee shall procure public liability insurance in some good and solvent insurance company for not less than \$50,000.00 for a single accident and for property damage to the extent of at least \$5,000.00. Such policy of insurance shall be submitted to the City Manager for approval before Grantee shall enter into the performance of any of its work authorized by this ordinance, and the approval of such policy of insurance by the City Manager shall be in writing; and such insurance shall be kept in force by Grantee, its successors or assigns at all times during the term of the franchise hereby granted. Should Grantee fail to procure such insurance, or should it permit such insurance to lapse after obtaining same, this franchise shall terminate and the rights of Grantee to operate its business hereunder shall cease.

SECTION 15: Should any word, phrase, clause, sentence, paragraph or portion of this ordinance and franchise be declared to be invalid by a court of competent jurisdiction, such adjudication shall not affect the validity of this ordinance and franchise as a whole, but shall only affect the portion thereof so declared to be invalid; and the City Council of the City of Colorado City, Texas, hereby expressly states and declares that it would nonetheless have passed this ordinance and granted this franchise had it known that any word, phrase, clause, sentence, paragraph or portion of said ordinance and franchise were invalid, except as to such invalid portion.

SECTION 16: This ordinance will become effective upon the written acceptance of same by Grantee as provided in Section 12 of this ordinance, after its third and final reading and passage.

COFFEE TIME

Around Town

By BONNIE SUMMERS

Remember the first fish you ever caught? Wonderful feeling, wasn't it?

If you will just ask, Noel Tomb, 7-year-old son of Mr. and Mrs. Dwight Tomb, will tell you all about his catch at Lake Colorado City recently.

A 2½-lb. bass is a wonderful, big sight to a 7 year old . . . it could weigh 40 pounds and he couldn't be prouder.

Noel will be a second grader when school opens in two more weeks and he is enjoying the last of vacation time.

Incidentally, Noel's dad is

director of the local High School Band.

Proud dad? How about Truman Black, the soft-spoken manager for Southwestern Bell Telephone here and in Snyder?

His son, Phillip Smartt, is looking ahead to college after a career at Snyder High that includes these accomplishments—named to Snyder High School's Who's Who—drum major for Snyder High band—president of student council his senior year—elected Mr. Snyder High his senior year

—and was graduated fourth high student in a class of over 200 students with the class of '60!

Truman, who has been phone manager for this area 9½ years, is pretty busy with his family who include, in addition, to Phillip, Joe Smartt, 14 . . . David Black, 12 . . . Richard Black, 10 . . . who are all active in teen age and little league baseball.

To keep up with 'em, Truman is manager of the Rotary Club little league baseball team . . . and an active member in the Chamber of Commerce at Snyder.

Truman, his wife, Betty, and their sons are members of Colonial Hill Baptist Church in Snyder.

If you like candy, you'd probably like to be with Mr. and Mrs. W. L. Doss, owners of W. L. Doss Drug. They left Thursday for Denver, Colorado where they will tour the Russell

Stover Candy Company plant.

After leaving Colorado, the Dosses will journey to Tyler where they will attend the Annual Play-ground Circus in Tyler. Their grandchildren, Laura, Kathy, Billy Bob and Tim Shelton will participate in the circus activities. The children's parents are Mr. and Mrs. Bob Shelton Jr. of Tyler.

Do you belong to the local art club? If so, you will hear comments on your paintings Sept. 1 when an out-of-town artist will be here to meet with the club and comment on the work of local artists.

Loraine High Registration Aug. 22-23

Registration of Loraine High students will begin Aug. 22 and continue through Aug. 24, according to Principal Vance Dickenson.

Freshmen will register Monday, Aug. 22, and sophomores will sign up Tuesday, Aug. 23. In a joint registration Wednesday, Aug. 24, will be Juniors and Seniors.

Directing the registration will be Preston C. Lightfoot. Registration hours for all 3 days will be from 8:30 a. m. to 3:30 p. m., Dickenson said. The 3-day schedule with designated dates for classes is for the convenience of students, according to the principal. Students unable to register on their designated day should contact the school and register on one of the other 2 days, he emphasized.

Actual classes will begin Monday, Aug. 29, for all Loraine grades. That will be the first day for buses and lunchroom to operate.

Registration of elementary school students will be the first day of classes, Aug. 29.

15 RETURNING LETTERMEN

Wolves to Begin Grid Workouts Monday A.M.

Coach Sam Christy and his staff at Colorado City High are busy this week preparing equipment for the opening of football practice.

They will gather the Wolves' 1960 hopefuls at 7:30 a. m. Monday for the first of a series of twice-a-day workouts before school starts.

Their work under the broiling August sun won't be a bit too soon either. For the Wolves' first game is just 4 weekends away — Sept. 2 when they collide here with Brownfield Cubs.

Monday also will start workouts for Colorado Junior High's 9th grade team (really the high school freshmen) under Coach Winn Talley.

Eighth grade football candidates will report to Coach Bill Everett Aug. 20 for

equipment, but workouts will not begin until school actually starts Aug. 29.

Equipment will be issued to 7th grade grid players by Coach Howell Vineyard Aug. 25, 26 and 27.

Fifteen lettermen are expected to be in the group of Colorado High Wolves reporting for the opening workout Monday.

Five of these lettermen will be backs and the rest will be linemen.

They are the nucleus returning from last fall's squad which defeated Lake View High, 27 to 6, but lost to Snyder, Lamesa and Sweetwater in District 3-AAA play.

Returning lettermen backs are Gary Lightfoot, 160; Jerry McKay, 170; Wayne Reed, 140; Don Vest, 175, and Jim

Womack, 140. Womack is the only junior in the group, the rest being seniors.

The experienced linemen are: Ends — Alex Campbell, 150; Buddy Compton, 165, and Perry Loveless, 165.

Tackles — Bobby Lemons, 185, and Joe Weaver, 190. Guards — Darrell Davis, 150; Bill Newell, 170, and Lonnie Roberson, 170.

Centers — Douglas Hodges, 140, and Rusty Whitaker, 180.

The line lettermen — like the backs — are almost a senior group. Davis, the 150-pound guard, is the only junior in the lot.

Top assistant for Christy on the high school field will be Ken Kearns, the former University of Arkansas athlete. Also assisting will be Jeff Walker, who joined the staff last spring, and Caddo Matthews, head basketball coach who doubles B-team football mentor.

Christy said the Wolves will waste no time getting into heavy duty next week. In fact, he plans a full scrimmage under the lights Saturday night, Aug. 20. Following the next week will be scrimmages

against other schools.

Here's the Colorado High schedule for '60:

Sept. 2 — Brownfield High, here in Colorado City at 8 p. m.

Sept. 9 — Post High, here in Colorado City at 8 p. m.

Sept. 16 — Ballinger High, on the opponents' field in Ballinger at 8 p. m.

Sept. 23 — Monahans High, here in Colorado City at 8 p. m.

Sept. 30 — open date, no game scheduled.

Oct. 7 — Winters High, on the opponents' field in Winters at 8 p. m.

Oct. 14 — Littlefield High, on the opponents' field in Littlefield at 8 p. m.

Oct. 21 — Lake View High (District 3-AAA contest), on the opponents' field in Lake View at 7:30 p. m.

Oct. 28 — Snyder High (District 3-AAA contest), on the opponents' field in Snyder at 7:30 p. m.

Nov. 4 — Sweetwater High (District 3-AAA contest), here in Colorado City at 7:30 p. m.

Nov. 11 — Lamesa High (District 3-AAA contest), here in Colorado City at 7:30 p. m.

DODDS SETS GRID DRILLS AT LORAINE

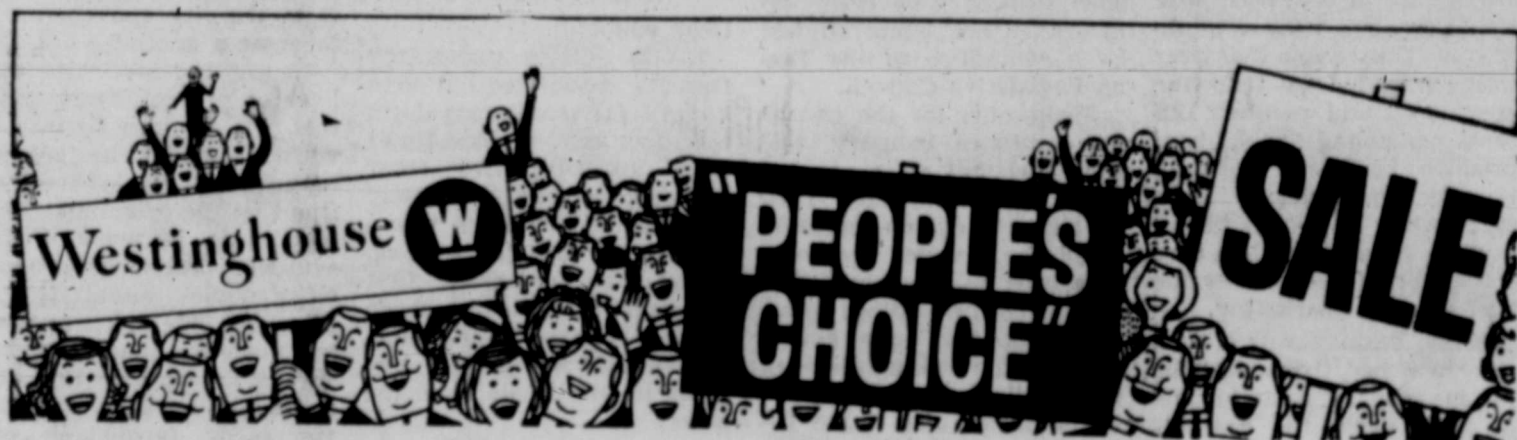

Grid workouts for Lorraine High Bulldogs will begin Monday morning at 8 o'clock.

Coach Bobby Dodds, in his first season as Lorraine mentor, said a light workout will be conducted after the issuing equipment.

However, 2 drills are scheduled daily for the squad until the opening of school Aug. 29.

Exact time of the evening workouts will be announced at the opening drill Monday morning, Dodds said.

All Lorraine High football candidates are urged to be present for the issuance of equipment Monday and the opening workout, Dodds said.

Adults Have Stake In Education, Too

School has a way of slipping up on us. Like in youthful days when we are too delighted to face the calendar fact that carefree vacation is coming to end. Later, in the young adult period we cannot quite believe the time has come so quickly for our first-born to enter the classroom. And it continues to happen right on down the line — when all of a sudden it is time for him to graduate. Then the grandchildren are on the way and school starts all over again.

Youngsters and teenagers right now are beginning to look apprehensively toward the calendar, knowing the start of a new fall school term is only 17 days away and realizing, also, that registration, football and band practice are even closer.

For the most part, this reluctance is something of a game. That's because we know the real values, the joys and opportunities, the enrichment and good living which comes with education and the expanding knowledge it breeds.

There are many, however, who become confused and drop out of school long before the real dividends are recognized. They do this for multiple reasons and conditions, but none are usually worth the loss in education.

The startling fact is that more than 40 per cent of our young people — clear across the nation — are not graduated from high school. They move into adult life without the opportunity and tools of learning which only good schooling can provide.

And the hard-to-realize fact is that many parents do little to discourage much less end this walk out from school.

This is a period of world crisis when knowledge and understanding is the desperate need for existence. Keen minds are needed to reshape the world for peace. Industry, business, professions and government demand new knowledge, great skills, more self-reliance.

Yet, one of the best avenues to meeting these demands — the classroom — is being sidetracked by almost half of our young people. And the blame can't be shirked by parents and all adults.

At our present rate, probably not more than 60 per cent of our nation's youth are getting a high school diploma. Not more than 12 per cent a college degree.

You can look down the records and see reason after reason why school education is important. For instance, 10 per cent more high school graduates vote than those who drop out, and 21 per cent more college graduates vote than do the high school drop-outs.

A typical high school graduate, during his adult earning years, will earn \$50,000 more than the eighth grade graduate; \$30,000 more than the high school drop-out.

U. S. Census figure reveal that among men 25 and 64 years of age, those with college and high school education are least likely to be unemployed. Most likely on the unemployment rolls are non-high school graduates.

What does education do for a community — in addition to adding reason, understanding and enlightenment? The plain economic fact is that in cities where half of the residents have finished 12 years of school, per capita retail sales soar upward — up \$1,500,000 in 1 year for a community population of Mitchell County.

Education is power — the difference between success and failure, the breach between trouble and understanding. It can be obtained only when it is sought.

Every adult — the parent, the businessman, all the rest — should make it his business that every young person possible shall seek it.

TEXAS AGRICULTURE

Production Cost Compiled on Beef

By JOHN C. WHITE
Agriculture Commissioner

Exact average costs per mother cow to produce beef in Texas in these days of high expenses have now been figured out by the Texas Agricultural Experiment Station in East Texas.

The experiment station comes up with an average cost of \$99 per mother cow per year to produce an annual average of 378 pounds of beef, taking into account all such items as interest on investment, operator's labor, depreciation and all other annual expenses.

With the average production of 378 pounds of beef per year, it figures that the operator must receive slightly more than 26 cents per

pound for the beef produced if he does nothing more than to break even. It goes without saying that many Texas operators, particularly those in the smaller brackets, seldom take into account all of the essential bookkeeping entries when estimating profits and losses.

If no charge is made for the operator's labor, the average cost per mother cow per year comes to \$82. In such case, the operator could cover all cost if he obtained 21.5 cents per pound for his beef, but he would be throwing his labor into the deal with no actual return.

Then, cutting the bookkeeping still further, if interest on investment should be excluded the cost of production would come down to \$65 per cow. With a return of slightly more than 17 cents per pound the operator would be receiving a fair wage for his labor, but would not be getting enough to cover any return whatever for interest on his monetary investment.

If labor and interest costs both should be excluded, the annual cost for producing 378 pounds of beef each year would come to \$47 per mother cow. This means that over a short period of time the operator could receive 12.5 cents per pound for the beef produced and still manage to stay in business. However, what he would be receiving would be the bare costs of replacement for the beef he was marketing.

Many Texas cowmen, who have watched the losses pile up in time of drought and in days when the markets were glutted, could show the bookkeepers where they have managed to remain in business with considerably less return than the average indicated requirements.

At the same time, however, they would be the first to admit that they were not actually making any money and knew it all the time even without any expert bookkeeping or accounting systems.

BIBLE COMMENT

Do You Worship In Spirit, Truth?

What does it mean to worship God in spirit and in truth?

To worship in the spirit means the inward sincerity of worship, the worship of heart and life, as against the perfunctory performance of religious rites or formal routine.

How much of the worship of today is thus truly in spirit, and how much is mere formality?

One cannot say, and the outward expression may be accompanied by the inward reality. The heart or the praying wheel may be the outward symbol of a truly devout soul. It is the prayer, not the symbol, that is the reality.

Broad Range in Money Needs For State's Older Citizens

By VERN SANFORD

Texas Press Association

How much income does an older person need to live decently during the retirement years?

Governor's Statewide Advisory Committee on Aging sought to discover this and other information in a survey on the needs and problems of Texas' older citizens.

For a couple, 43 per cent of Texas counties estimated the minimum need at \$1,500 to \$2,000 a year. Thirty-five per cent set the minimum at \$2,000 to \$2,500.

For a single elderly person, 58 per cent of the counties suggested \$1,000 to \$1,500 as a minimum income. Twenty-four per cent named a higher figure, \$1,500 to \$2,000.

Some 4,000 persons took part in the grass-roots, county-by-county survey. Recommendations growing out of their findings will be discussed at a conference in Austin on September 7 and 8. Out of this will come the Texas contribution to the White House Conference on Aging next January.

SURPRISE! — Amid all the upped budget requests they have received lately, state officials were happily stunned when University of Texas officials asked approval to spend a comparatively pleasurable sum for a president's home.

UT asked to spend \$40,000 to build a home for its president Harry H. Ransom.

Last year legislative tempers blew over the \$100,000-plus presidents' homes built by two smaller state colleges. Officials responsible for the expenditures were called on the carpet.

This time the scene was played in reverse. "Do you really think this will be enough?" worried the Legislative Budget Board. Plenty, said UT officials.

They said they'll use a site the University already owns, clear it with University equipment and cut material costs by using "historic" bricks from UT buildings that have been torn down.

DRIVER CURBS — Ways to clip the wings of irresponsible drivers who carry no insurance are being studied by a committee of the Texas Legislative Council.

Spokesmen for the casualty insurance industry told the panel they were opposed to a compulsory law. They suggested that pressure could be exerted by such measures as requiring uninsured drivers involved in accidents to put up a money deposit, revoking licenses, impounding cars, etc.

Committee also heard Department of Public Safety Director Homer Garrison Jr. urge a system of traffic courts for Texas. County courts are completely bogged down by the arrears from traffic cases, said Garrison.

LEASE PROSPECTS — Chances of the state's earning money by leasing mineral rights along state roadways are not encouraging, a legislative committee found.

State Capital NEWS

Committee learned from a national survey that only two oil and gas producing states get income from leasing along highway rights of way. One reported earnings of less than \$100; one of \$5,763.

An Attorney General's opinion recently held that the state owned mineral rights along the roadways.

But State Highway Engineer D. C. Greer reported there's not much demand for highway leases.

LIQUOR SALES — Diners Club, Inc., won a court order allowing it to continue — at least temporarily — collecting for package liquor store purchases made with a credit card.

An Austin district court granted a temporary injunction halting enforcement of the Texas Liquor Control Board order prohibiting such sales.

Liquor Board contends that by becoming the collection agent for liquor store purchases, the Diners Club is in effect selling liquor without a license.

SHORT SHORTS — Texas Highway Commission has announced a policy of using only materials manufactured in the United States for construction of roads and bridges in the state's highway system. Policy is to be re-considered if shortages or sharp price increases develop in U. S.-made materials.

... Texas ranks well below most states in the percentage of personal income paid in state taxes. Governor's State Finance Advisory Commission found that Texans pay 3.9 per cent of their per capita income in taxes, compared to a national average of 4.2 per cent. Employment in Texas hit an all-time high during June, with wage earners totaling 3,522,800. This was an increase of 45,700 from May, according to the Texas Employment Commission.

... State Comptroller Robert S. Calvert has requested that his office be given a two-year appropriation of \$7,915,330. Present appropriation is for \$5,739,683. Calvert also said his department was operating in inadequate quarters scattered over three buildings and asked that the Legislature consider a state building for the department.

... Texas farmers received \$2,300,000,000 for their products last year, reports the U. S. Department of Agriculture. This was a four-per cent drop from 1958. Top money-maker was cotton, with sales totaling \$738,000,000.

... Forty-two tracts of land donated under the Veterans' Land Program will be offered for sale to other veterans September 29. Land Commissioner Bill Allcorn said the tracts total 2,400 acres in 11 counties. Veterans wanting to file sealed bids can get descriptions of the tracts by writing the Land Office.

SHINNERY PHILOSOPHER

Move to Country Advise Not Best

Editor's note: The Shinnery Philosopher on his Johnson grass farm on Bone Hollow Creek disagrees with an advice columnist this week, his letter reveals.

I was sitting under my favorite shade tree out here on my Johnson grass farm the other day, the one that's lined up with two other trees spaced so accurately that as the afternoon wears on and the sun moves along, I can stand under the first tree and still be in the shade all the time without changing positions, as one tree picks up the shade from the other.

It's a great peace of mind for a man to know he can take a nap and not wake up to find his shade has gone and the sun's in his face, although this isn't to say he can't wake up even in the shade and find a hydrogen bomb hasn't gone off somewhere in the world.

At any rate, to get on with this sentence, which is getting to be as long as a two-minute nominating speech that runs for an hour and a half, I did wake up from a nap and I was still in the shade so I pulled out a newspaper I'd been saving and fell to reading an article on advice to people thinking about changing jobs.

As it explained, a man and his wife were thinking about giving up their job and home

in town and moving to a farm, and the advice columnist was tackling the problem, inside his air-conditioned office.

"My opinion," he said, "is that only a fool and his brother could expect to move from the city and operate a farm at a profit."

If my brother, who also lives on a farm, hears about this, I'll let him figure out which category he belongs in, but what howled me over was that the columnist didn't stop there, he went on and said that despite this, "more city couples ought to try farming. This spirit is what has made the country great."

It is my opinion that this columnist has been reading too many farm-plank promises by too many political parties.

Advising a city man to move out into the country and operate a farm is about like advising a farmer to move into town and open up a super-market. It's a fine spirit, but it's not what has made this country great. It's not what has made farming boom or super-markets flourish.

Anybody in the city figuring on moving to the country to farm to make this country greater, ought to revise his standards of greatness. By leaving, he can't improve the city, but he won't improve himself or farming either. What he'll do is go broke.

Yours faithfully,
J. A.

LOCAL BUSINESS

Summer Slump Is Different Today

By MADGE BELL
Record Staff Writer

"Summer Slump" is a term that hangs on in spite of the fact that more and more of the real causes of summer recessions are disappearing from West Texas and the entire American scene.

When America was a one crop agricultural nation there was a good reason why merchants could expect a summer slump. Harvest money came in the fall. Credit was re-established and buying was speeded by school opening, Christmas, and Easter.

By summer, both money and credit was exhausted. The farmer tightened his belt and hung on until his crops came in.

This Mitchell County area followed the same pattern with its bulls between cotton crops.

Now a different economic situation exists. Yet, many merchants continue to look for a wait for summer slump. This kind of planning is the main cause of sum-

mer slump today. For when a merchant stops selling in any season, he will find his business slumping.

Income from a more diversified agriculture and industrial employment here in Colorado City area and across the country is spread more evenly throughout the year. June, July and August have often been the months of good employment with even college students swelling the employment force and adding to buying power.

Summer vacations and recreation have become occasions of unusual expenditure. For many people, summer has become the top spending season.

Of course Summer Slump continues to exist for the merchant who allows himself to be haunted by the old ghost.

When a merchant cuts his advertising because he expects Summer Slump, his business will certainly decline. The same thing would happen if he cut his advertising in spring or winter.

Miss Pratt Honored With Pre-nuptial Fetes

LORAIN — Miss Sarah Pratt has recently been feted with several pre-nuptial showers and parties.

Miss Pratt was honored with a dinner and kitchen shower last Friday evening at the home of Dr. and Mrs. Jo Terry.

Co-hostess with Mrs. Terry were Mrs. Jack Coffee and daughter, Nancy.

Miss Pratt will be married to Marion Rice Zetman of Pasco on August 26 at the First Baptist Church here.

The bride-elect's chosen colors of tangerine and white were used. Tables were with laid white linen, cutwork cloths and centered with orange zinnias in crystal bowls.

Those present were Fran Griffin, Peggy Williams, Kay Nell Lankford, Cindy Mahon, Vicki Baird, Beverly Johnson, Francis Jackson and the honoree's mother, Mrs. Woodrow Pratt, all of Lorain, Mrs. Hugo Zetman of Roscoe, Mrs. Farrar Hodges of Midland and Miss Melba Thompson of Silver.

Miss Pratt was honored Saturday morning with a social in the home of Mrs. Floyd Coffee with her daughter, Paula Coffee of Lubbock, as co-hostess.

Tables were laid with periwinkle over orange cloth center-

d with the silver coffee service.

Coffee, cakes, apricot frost, 1 bars, bride's cookies and salted nuts were served, after which Mrs. Coffee presented gifts of jams, jellies and preserves to the honoree from her guests.

Those present were Miss Lavlene Taylor of Midland, Jackie Coffee, Melba Thompson, Mrs. Hugo Zetman of Roscoe, Mrs. H. E. Thomas, Mrs. Ira Coffee and Mrs. Woodrow Pratt.

The home of Dr. and Mrs. Bruce Johnson was setting for

THREE TO OKLAHOMA

Members of Class of '60 Completing College Plans

Many 1960 graduates of Colorado High who were saying in May that "they were so glad to be out of school," will soon be going back as freshmen.

The only difference this time will be that they will be "grown-up" college students instead of merely "high school kids."

San Angelo Junior College ranks high on the list of colleges and universities chosen by the class of '60. Those who are making plans to attend SAC are Marilyn Penny, Patricia Kuhn, Byrdie Herring, John Johnson, Dwain Thompson, Mike Wheeler, Robert Womack and Betsy Hrbacek, a graduate of Roscoe High School. Betsy's parents are the new owners of Mary's Flowers.

The University of Texas, McMurtry and Tarleton State will each receive five students from C-City.

Laura Barber, Carolyn Howell, Elton Lee Cooper, Ray Dillard and Jimmy Dell Browne have made plans to attend the University of Texas.

McMurtry was selected by Russell Morris, Linda Ritchey, Gloria May, Bob Grant and Mack Coker.

Ronnie Bassinger, Danny Fisher, Jay Shimer, Gary Yancy, and Kerry Kendrick will be off to Tarleton State College in Stephenville.

Texas Christian University was chosen by Vicki Adams, Anna Lee Root, Carol Sue Burdine and Nati Lynn Smith.

Three boys have chosen Texas A&M as their school for this fall. They are Steve Smith, Phillip Bates, and Dick Richardson.

Stewart Dickson, James Harris and Edward Walls have chosen a school which is close to home. Their choice is Howard County Junior College in Big Spring.

Danny Ray Maples and Charla Warren have announced that they plan to attend Sul Ross State College in Alpine.

West Texas State in Canyon has been selected by Dickie Lowry and Ann Pierce. The only 1960 graduates from C-City High who will attend Texas Tech this fall are Sandra Clifton and Barbara Stanley.

Carol Cox and Brenda Butler have chosen Baylor Uni-

versity in Waco as the school they will attend.

After taking a course in modeling this summer, Lory Johnston will attend Southwestern State Teachers College in San Marcos.

Southwestern University in Georgetown has been selected by Peggie McCallie.

Kenneth Hoover will journey to Abilene where he will attend Hardin-Simmons University.

Shirley Ball, who has been working at Howard Payne College this summer, will attend classes there this fall.

North Texas State Teachers College in Denton is the choice of DaWayne Coffman. Jimmy Dale Brown has made plans to attend Lubbock Christian College in Lubbock.

Three girls will attend schools in Abilene. Vonita Cawthron is enrolled at Hendricks Memorial Nursing School, and Fern Smith and Evalene Jones have chosen Draughton's Business School.

Sue Jarmari has chosen Midland Commercial College. Six of the graduates will attend out of state colleges. Judy Bilberry and Charles Rothwell have chosen the Uni-

versity of Oklahoma, Norman, Okla.

Jerry Haley will also be in Oklahoma. He will attend Oklahoma State University in Stillwater.

Pueblo Junior College in Pueblo, Colo. has been chosen by Larry Hardcastle.

Peggy Humphreys will go to Kansas City, Mo., to the Central Technology Airline School.

James E. Payne is attending the United States Military Academy in West Point, N.Y.
