The Gay Philosopher

By J. W. S.

SATURDAY IS Felt Hat Day Cisco. And it's a good thing or many of us, as our old straws" are looking a bit weather-worn. It is sometimes other difficult to make the raw hat last out the season, articularly if you've run into little rain along the way.

WE NEVER would have ought there was much value turkey feathers until we ran to a fellow the other day. He wns a feather company in a earby city, and they use all nds of feathers to make pillows d the like.

The man had the long turkey eathers made into Indian head esses for youngsters. The eathers were dyed various colors, d the rig looked quite good — pecially to a five or six year ld child. The man is selling em by the thousands.

SOME FOLKS were telling us e other day that if you want see a good skater, you ought go out to the Lake Cisco Rink d see little Miss Margaret usan Smith, three and a half ars old. She's the daughter of r. and Mrs. B. F. Smith who perate the skating rink, and argaret Susan is just about the ost attractive and best skater ou'll see on the floor.

Mr. Smith reports that the skat- g rink floor has been re-braced tely to raise up the low places. ther improvements are planned ter at the rink.

THE NEW OIL field that Mr. A. Warren, Mr. Coy Warren d Mr. Kirk Johnson discovered ver in Callahan County has now come the largest oil pool in at county. The pool now has producers, 13 of which belong the Warren-Johnson company. The Texas Railroad Commission s given the name "War-Kirk" the pool in recognition of its scovery by the Warrens and r. Johnson. There are a good any locations in proven terri- ry yet to be drilled, and the ze of the field has not as yet en defined.

OUR DOVE hunting scouts re- rt that the doves are getting a t wild. They won't come near u, even if you don't have a un. What is more, they're fly- g at higher altitudes . . . The lks at the Western Auto Store ave a lot of Cisco Lobo wind- ield stickers that they are giv- g away. If you want one, drop y.

IT'S NOT TIME to pay your ty taxes before October 1, but me people are already paying ff, City Secretary Hal Lavery lls us. First 1953 city taxpayer as the First National Bank.

Tax collecting is due to begin ctober 1. The taxpayers will et a 3% discount for payment October, 2% in November and % in December.

OUR SCOUTS report that the st route to Brady tonight for he Lobo-Brady game is to head ut south to Rising Star, Brown- ood and Brady. It's about 95 iles . . . Brady lost their first ame of the season last week, sing to San Saba by a score of 9-to-6. It was Brady's first loss o San Saba in 17 consecutive ears . . . The Loboes will have a ew backfield man next week hen Kent Davis becomes eli- ible. He enrolled in school ere last year after a couple of ames had been played, so he on't be eligible here this year ntil after the first two games. Davis was a backfield wheelhorse n the Lobo "B" team last year, nd he has been looking good in ractice . . . The best route to tephenville on Saturday night robably will be via Highway 80 o the road intersection east of anger, then south to Stephen- ille.

THE PRETTY NYLON flags ou see flying at the city schools nd at the Lutheran School were iven to the respective schools y the First National Bank re- ently. And the students of the chools are very proud of their lags.

Mrs. Johnnie McGee and dau- hter of Fort Worth are visiting n the home of her parents, Mr. nd Mrs. Jay Warren.

Pay Attention To Disease Threats To Older People

AUSTIN, Sept. 17. — As the life span of man increases more attention must be given to the diseases that occur more frequently among those over fifty, declares Dr. Geo. W. Cox, State Health Officer. Most retirement plans set age 65 as the time to quit work. This has given rise to the misconception that when a person reaches that age he is unfit for gainful employment.

Such an indictment fails to recognize experience, ability, training and capacity which may be far superior to younger groups and will only add to the relief rolls throughout the country. The later years of life can be productive and the employment of such persons can do much toward solving the economic and social problems of this age group.

Special attention must be given by physicians and public health personnel in preventing chronic illness such as arthritis, cancer, heart disease and senility, says Dr. Cox. Non-medical problems are acute because of inattention. The value of older workers must be recognized or the problem will become greater each year.

Methods of prevention by immunization, sanitation, personal hygiene, and treatment all combined have proved that communicable diseases can more or less be controlled. It is this work that has made possible the expectancy of life at birth to be 70 years and far beyond. Now similar work and research is necessary in order that those reaching old age can be gainfully employed and enjoy their latter years free of many of the chronic illnesses.

West Texas Had Valuable Cotton Crop Last Year

ABILENE, Sept. 18. — In spite of continued drought and a drop in the price of lint of 3.44 cents per pound since the preceding season, the 1952 cotton crop in West Texas was worth $402,986,684, according to an article in the September issue of West Texas Today published by the West Texas Chamber of Commerce.

The magazine states that the 132-county area served by the regional organization produced 2,060,202 bales from 6,067,070 acres harvested, representing 54 per cent of the state's production of 3,808,000 bales.

Lint produced in West Texas was valued at $339,638,330; value of seed was $63,348,354.

Basis for the totals was the July, 1953, preliminary report on estimated acreage, yield, and production in Texas released by the Bureau of Agricultural Economics of the U. S. Department of Agriculture, and the USDA's figure of 33 cents per pound of lint and $72.50 per ton of seed as average prices received for the Texas crop.

Acreage harvested, bales ginned, and the calculated value of lint and seed, by counties included Eastland County, 7,000 acres making 740 bales worth $122,100. Callahan County planted 9,100 acres with 760 bales worth $125,400.

AN EXPERIMENTAL GUIDED MISSILE is fired by the Army at White Sands, N. M. This missile was the forerunner of modern anti-aircraft weapons which have strengthened the defenses of the United States against enemy air attack.

BAND DIRECTOR PLEASED WITH BEGINNER PROGRAM PROGRESS

Douglas Stone, band director at Cisco High School, reported Friday that unusual interest was being shown in the beginner program he has been working on this week. The beginner program is confined to students in the sixth, seventh and eighth grades who have had no instrumental experience.

Tests were given at the junior high school building this week and some 30 students have signed up to play in the beginner group. Others were expected to be added next week as Mr. Stone will continue to work on the program. He will be at junior high every afternoon during the week to work with others interested in band. He asked those interested to meet with him at that time.

He said that 25 of the students had purchased horns and that some five had signed for the precussion section. The instruments were well divided between cornets, clairnets, flutes, trombones and others. The beginners will be trained during their junior high years as replacements for the Lobo band and will be well enough trained that the loss of key members from the high school group will not be felt as badly as it has in the past.

Mr. Stone expressed his gratitude to C. B. Midkiff, principal at the junior high, the teachers and the parents for their fine spirit of cooperation in the beginning of the program this year, and expressed optimism as to the success of the program.

Teacher's Sorority Will Meet Saturday

The first fall meeting of Beta Upsilon chapter of Delta Kappa Gamma will be held in the form of a coffee at 9 a. m. Saturday at the Women's Club, it was reported Friday.

At the meeting plans will be made for the work program of the chapter for the year. All members were urged to attend.

The Secretary of Labor would be last to succeed to the Presidency in case of the death of the President, Vice President and other Cabinet officers.

Humble Will Air Five Grid Games

Humble Oil & Refining Co. will broadcast five kick-off games for Southwest Conference teams Saturday over a network of nearly 60 radio stations.

All of the games will be intersectional. Texas A.&M. will meet Kentucky at Lexington; Baylor faces California at Berkeley; Rice meets Florida in Houston; T.C.U. plays Kansas in Fort Worth and Texas battles L.S.U. in Baton Rouge. In another game to be broadcast, Texas Tech meets West Texas State in Lubbock.

Airtime for the Texas Tech-West Texas State, Texas A.&M.-Kentucky, Rice-Florida, and T.C.U.-Kansas games will be 8 p. m. Baylor-California will be at 2:50 p. m., and Texas-L.S.U. will be at 8:05 p. m.

Popular announcers Kern Tips and Alec Chesser will describe the T.C.U.-Kansas game direct from T.C.U. stadium in Fort Worth over stations KFJZ, Fort Worth, KRBC, Abilene and others.

Ves Box and Coit Butler will bring fans the Texas A.&M.-Kentucky game direct from Lexington, Kentucky, over stations KRLD, Dallas; KTRH, Houston; WOAI, San Antonio and others.

The Baylor-California game will be described over stations WACO, Waco; KABC, San Antonio and others.

Announcers Bob Walker and Eddie Hill will be on hand to bring the Rice-Florida game from Rice stadium over WFAA-WBAP-570, Dallas-Fort Worth.

John Ferguson and Dave Smith will announce the Texas-L.S.U. game from Baton Rouge, La., over WFAA-WBAP-820, Dallas-Fort Worth.

The Texas Tech-West Texas State game will be aired directly from Lubbock by Eddie Barker and Jack Dale over KFYO, Lubbock and others.

A Short History — 1

Community Chest Makes Progress Since Its Organization In 1950

By MRS. R. H. CUTTING

October 12 has been set as the date for this year's Community Chest drive, which will be the fourth consecutive year that Cisco has participated in the "give once for all" idea of a United Fund campaign.

The Cisco Rotary Club will direct the 1953 campaign for funds to aid in the work of eleven charitable and civic organizations. The budget of $9,000 approved by the Directors of the Community Chest has eliminated the need for eleven separate fund drives for these agencies which Cisco has supported for many years.

Cisco's Community Chest organization, to which the citizenry can point with justifiable pride, grew from an idea presented to the Plan of Work committee of the Chamber of Commerce in the early part of 1950. This idea made note of the fact that manpower, time and effort were being wasted and duplicated in the numerous drives for funds being conducted in Cisco at that time.

Inception in 1950

On Feb. 7, 1950, the Plan of Work committee, whose members included O. L. Stamey, chairman, Charles Spears, Anton White, Edward Lee, Mrs. Lucile Huffmeyer, Don Rupe, C. W. Henry, and A. Z. Myrick, presented eleven projects to be undertaken by the Chamber of Commerce during that year. Among these projects was the recommendation that a Community Chest be organized "to coordinate charitable activities and other programs of a civic nature requiring public subscription and cooperation."

Shortly thereafter, the President of the Chamber of Commerce, W. P. Guinn, appointed John Spier as chairman of the Community Chest committee, whose membership was made up of representatives of all organizations in town. Present at the first meeting of this Community Chest committee were: John Spier, chairman; Mrs. J. E. Crawford, 20th Century Club; Arlin Bint, Cisco Public Schools; Mrs. Bill Kendall, West Ward PTA; Clyde Karkalits, Lions Club; Mrs. H. N. Lyle, City Federation; Mrs. Charles Cofer, Del-

Putnam News

Mr. and Mrs. John Hinkle of Abilene and Mrs. F. P. Shackelford visited in the home of Mr. and Mrs. Bill Harder in Cisco Wednesday.

W. M. Cooper of Eastland and George Biggerstaff were visitors in Baird Monday.

Mrs. E. P. Shackelford, Sr., Mrs. George Biggerstaff, Mrs. Correco, and Misses Ruth Mobley and Gale Williams attended church service at Scratnon Friday night after which there was a watermelon feast.

Mr. and Mrs. Lane and family visited in Abilene and Buffalo Gap Sunday.

Brother Stephens filled the pulpit Sunday in the absence of Brother Justice.

Mr. and Mrs. Bill Simmons of Cisco attended church in Putnam Sunday.

Mr. and Mrs. Sunderman and Mrs. Hearst were shopping in Baird Saturday.

Mrs. Emily Grant has returned after a week in Abilene, visiting Mrs. Merchison.

Mr. and Mrs. Borlick and son, Bruce, were visitors in Breckenridge Friday.

Mr. and Mrs. Mike Cook of Cross Plains visited in the home of his parents, Mr. and Mrs. Mit Cook, Sunday.

Mr. and Mrs. Tex Herring spent the weekend in Stephenville, visiting Mr. and Mrs. L. Russel.

Mrs. Mae Stamps of Sweetwater, after a visit with her brother and family, Dr. and Mrs. Paul Woods in Cisco, spent the weekend with Mr. and Mrs. J. E. Free in Putnam.

Mrs. Holmes of Seymour is visiting her daughter and family, Mr. and Mrs. F. P. Shackelford, III.

Mr. and Mrs. Eddings of Midland were the guests of the Mobley's Tuesday.

I .G. Mobley and George Biggerstaff were visitors in Ranger Thursday.

Ode Berry of Baird was in Putnam Monday.

Mr. and Mrs. Lester Harrison of Fort Worth were weekend visitors in the Mobley homes.

Mr. and Mrs. Ross Fredley and son of Long Island, New York are visiting their parents, Mr. and Mrs. R. D. Williams and Mr. and Mrs. Slim Taylor.

James and Billy Mobley, enroute from Gorman to Ozona, visited briefly with the Mobley's

Rotary Club Sees Banking Picture

A film on the plan and operation of the Federal Reserve Banking system was shown at the meeting of the Rotary Club at the Hotel Victor at noon Thursday.

Rotarian Dick Lauderdale was in charge of the program and Rotarian Jack Chambliss handled the projector.

The film showed the tremendous task of the Reserve Banks and how they aided banks in the districts. It told of the use of the banks in the economy of the country. It was pointed out that the system was self sufficient and that no grants from Congress were made toward its operation.

Visitors at the meeting were Rotarians Ben Hamner and Jack Muirhead of Eastland, Bob Gilchrist of Eastland and the Rev. Finis Crutchfield of Ranger. Other visitors were J. L. Bailey and James Wimbish of Cisco and Lloyd Stierenberg of Harlingen.

Mrs. Ima Thompson left Thursday for Glendale, California, where she will make her home with her daughter, Mrs. E. M. Reay. Mrs. Thompson has been working with the Southwestern Bell Telephone Company for several years and will be employed by the telephone company in California.

Large Delegation Of Fans Due To Follow Loboes, Wranglers

CISCO AND EASTLAND 'B' TEAMS BATTLE TO SCORELESS TIE HERE

The Cisco Lobo "B" team and the Eastland Maverick "B" boys fought to a 0-0 standstill at Chesley Field Thursday night in the first grid game of the season for both teams.

The Loboes out gained the Mavericks but lacked the scoring punch to put the ball over the goal line on two opportunities. On two occasions the Cisco team was on the visitors four yard line but was unable to cross. On one of the occasions a five yard penalty nullified a score and on the second occasion the Maverick forward wall held for downs.

Cisco won the toss and elected to defend the west goal with their backs to a stiff wind. Eastland took the kick on their own 20 and returned the ball to the 45. Three plays moved the ball to the midfield stripe and Eastland elected to try for the five yards needed for a first. The Cisco line broke through to down the runner five yards behind the line of scrimmage and took over on downs on the Eastland 45. Runs by David Ewell and Leland Davis worked the ball to the Eastland 31 where the Loboes were held for downs and Eastland took over. Three plays netted the Mavericks nine yards and they kicked to their 49 where the Loboes took possession of the ball. The Mavericks held the Loboes to four yards on three plays and Davis punted over the goal. The ball was moved out to the 20 yard line where Eastland put it into play. The First quarter ended with Eastland on their own 25.

To begin the second quarter, Eastland drew a 15 yard penalty and the ball was resting on their 10 yard line. Their punt attempt was blocked by Tommy Collier who fell on the ball on the Eastland four. Davis made two then carried over from there. The score was nullified by an offside penalty and the ball was put into play again on the seven. Cisco made four but failed on the fourth down try and the ball went over to Eastland on the three. Three Maverick plays gained nine yards, and an attempt was made to punt out of danger. A bad pass from center resulted in a fumble and Cisco recovered on the Eastland five where they put the ball in play. Four plays failed to net a yard and Eastland took over on downs on their five yard line. The Mavericks punted out to their own 20. On the first play Cisco attempted a pass that was intercepted and Eastland took over on the 20. Three plays later Cisco intercepted an Eastland pass and took over on the Eastland 35 as the half ended.

In the third quarter Eastland kicked to Cisco on the 36. The ball was worked to the 47 where Eastland held and Cisco was forced to kick. The ball rolled dead on the Eastland 21. Eastland was held to five yards in three plays and punted to the Cisco 40. Cisco made it first and ten on the Eastland 48 and on the next play Eastland recovered a Cisco fumble on the 49 yard line, where they were as the third quarter ended. The fourth quarter was a repetition of the other three with neither team able to put on a scoring drive. As the game ended Cisco was in possession of the ball on their own 44.

Cisco made six first downs to Eastland's four and made 85 yards on the ground to a net of 17 for Eastland. Cisco attempted nine passes and completed one for 30 yards. Eastland tried seven, completing two for eight yards.

The "B" team will begin a more active work schedule next week as Bob Zellers, junior high coach, will take over the coaching duties for the "B" team, in addition to his work at junior high. There are some 30 boys working on the "B" team and some look like good prospects for traveling squad material before the season is out.

C of C Barbecue Is Planned To Honor Youth Dairy Boys

Directors of the Cisco Chamber of Commerce have voted to entertain officials of the Eastland County Youth Dairy Committee, the boys in the program, their parents and county agricultural workers at a barbecue.

This action was taken at the board's semi-monthly meeting last Tuesday night at the Chamber of Commerce. The date for the barbecue will be set when the Youth Dairy Committee meets here next Tuesday at 4 p. m.

The youth dairy program has been underway in the county for some three years. In this program, some 20 business firms and individuals donated Jersey heifer calves to club boys. In payment, the boys have been returning to the committee their first heifer calves.

In other action, the board heard reports on plans for the annual dinner, the Christmas program, highway promotion work the new egg program and other activities.

Episcopal Church Announces Plans

The Rev. Arthur E. Hartwell rector, will deliver the second of a series of sermons on "The Responsibilities of Being a Christian" at the morning service at Holy Trinity Episcopal Church in Eastland on Sunday morning. Text for the sermon will be taken from St. Matthew 16:24b.

The address at the evening service will be on the subject of "Ritual and Ceremonial" with the text from Psalm 96:9a. This subject was selected at the request of those attending the vesper service last Sunday.

Sunday morning's service will be held at 10 a. m. instead of 9:30 as in the past.

CHANGING THE GUARD—While East-West relationships are undergoing subtle changes in many parts of the globe, the routine in Vienna continues in the same old pattern. In the latest monthly changing of the guard, Soviet occupation forces, right, took over from the French element, left, in the policing of the International Zone in Austria.

Teams Are Ready For Grid Games

Enthusiasm was running high at both Cisco Junior College and Cisco High School this week as both the Loboes and the Wranglers were making preparations to leave town for games.

The activities of the week were climaxed by pep rallies at both schools Friday and indications were that a large group of fans would follow the Loboes to Brady Friday night and the Wranglers to Stephenville Saturday night.

Friday night a bus load of students and two bus loads of band members will follow the Loboes. In addition there will be many students and fans going by car.

The Loboes have been working hard this week polishing offensive plays and working on blocking assignments. Both the Loboes and Brady lost their opening games, Cisco losing to Eastland 7-0 and Brady losing to San Saba 19-6. It was the first time in 17 years that San Saba had defeated the Bulldogs. Brady is strong from tackle to tackle and has a nice running attack led by triple threater Konic Young.

Coaches Jay Williams and Al Langford have been busy this week going over scouting reports of last week's game between the Brady team and San Saba. They have attempted to work out defensive plays designed to stop the Brady running attack.

They have also been working out flaws in their own offensive plays, paying particular attention to blocking. They have gone over the film of the Eastland game with the team and pointed out mistakes in the play. They tapered off Thursday after a rough session Wednesday.

The starting team for the Brady game will be about the same at it was for the Eastland contest. Monte Ingram, Danny Loudder and Bill Miller will see most of the action at end posts. Edward Bernie, Benny Edwards, Kenneth Penn and Catfish Thames will handle the tackle chores with Edwards and Bernie as the probable starters.

Jim Reynolds will start at one guard slot while Arzel Hale or Joe Farrow will start the other position. Bob Qualls will start at center. Ronnie Qualls will team up with his brother on defense.

Fred Hayes will be the man under in the split T formation. The coaches have been working with him on ball handling this week and have attempted to improve his passing. Harold Pippen and Marcus Gallegos will probably start at half positions. Pippen was hurt slightly in the Eastland game, but was working out in top form Wednesday. Bill Smith will start at full and will handle the punting chores.

Other likely to see action include Tommy Reynolds, Benji Lipsey and Buck Whitehead.

On Wrangler Hill Coach Red Lewis announced some changes in his line up for the game with Tarleton Saturday night. It will be the opening game of the season for the Stephenville college so little is known about their machine this year.

Jimmy Adams, 180 pound back, has been added to the backfield to take some of the pressure off Hut Hutson who showed up well in the game against Hardin-Simmons. The addition of Adams to the starting 11 will give more power and deception to the running attack. He will replace Donald Daniels who was injured in the game last week.

Bob Lynch will probably start at quarter and E. E. Reid at the other half slot. Other backs likely to see action include Gene Thompson, Johnny White, Del Wright, Perry Smith and Ronald Connor.

Bud Miller and Don Denard will draw starting assignments at end posts. The pass snatching combination showed up well against H-SU. Other ends likely to see action include Harold Cheves of Bridgeport, Don Carman of Anson and possibly Gene Burk of Fort Worth. Burk join-

OUR BROTHERS KEEPER

THE RED FEATHER, a symbol of the Community Chest, is on the march again this year.

Wherever you see this banner of service to humanity, you will see good men and women united to serve . . . united to give . . . and united to preserve the right and the privilege of giving life and meaning to the biblical admonition that "we are our brother's keeper."

The time-tested plan of the Community Chest embodies the idea . . . and the ideal . . . of consolidating many worthy, human appeals into one. It has won the approval . . . and the support . . . of millions of Americans who want to do their part, as best they can, to help those who so desperately need help.

More than a million men and women have volunteered again this year, as they have in past years, to serve in the Community Chest Campaign under the humanitarian banner of the Red Feather.

There is no campaign anywhere in the world quite like this one. People of all religions and races, of all political faiths and economic status, join hands and hearts, with but a single goal . . . contributing to the health and welfare of the men, women and children who need help of one kind or another.

The million men and women who participate in the Community Chest campaign . . . whether it is through the giving of their time, their talents or their money . . . are indeed, and in fact, their brothers' keeper.

No where else in the world do people unite . . . regardless of race, creed or faith . . . in such a great humanitarian program. It represents the highest and noblest qualities of our people.

The Community Chest is a symbol of service dedicated wholly and earnestly to helping the men, the women and the children who find themselves in need of something.

It is my sincere and earnest hope that the men and women of our railroad will give of their time and substance, as circumstances and conditions permit, to the Communit Chest.

It deserves our support. — By W. G. Vollmer, President, Texas & Pacific Railroad.

AS OTHERS SEE HIM is seen by W. M. Fechheimer, left, viewing a master portrait of himself, with Dmitri Vail, the southwest's own celebrated portraitist, right. The portrait, painted by Vail, a gift of Scottish Rite stage crew members, hangs in the San Hedron Room, Scottish Rite Temple. It is a tribute to the recipient's pioneer service as director of the stage crew.

Associates Honor Rite Crew Veteran

DALLAS, TEX. — Named Wilfred, they call him Bill.

He'll be 82 Jan. 2, and he's still mighty active.

He was the first director of the stage crew that functions during Scottish Rite Masonic reunions, twice yearly. He now is director emeritus.

Wilfred Max Fechheimer, 4618 Gilbert, is referred to. His old-time associates of the stage crew had him sit for a portrait by Dmitri Vail, 4245 Armstrong Parkway, Dallas. Finished, it now hangs in the Rite Cathedral's San Hedron room, headquarters of the crew and its activities.

Figures on the cornerstone of the Rite Temple reveal it was "leveled" in March, 1907. Two years later the building was occupied, and Mr. Fechheimer's tenure as stage director began. It continued until 1931, making him dean of the group.

He was succeeded by Dr. A. L. Frew, 1931-33, and he by the late Colby E. Smith, 1933-35. Royal A. Ferris, Jr., served 1935-1941, and the late Andrew John Balcom, 1941-1949.

L. B. Hapgood, succeeding Mr. Balcom, retired last spring, having served 1949-1953. His total service on the crew was for 27 years. Frank Cronk, also a long-time member, succeded Mr. Hapgood.

"Dean" Fechheimer, born in Hot Springs, Ark., has been a Dallas resident since 1889 and with Linz Bros. for 40 years.

He is the oldest 33rd-degree member of Dallas Scottish Rite bodies and the second oldest past potentate of Hella Shrine Temple.

His portrait complements life-sized photographs of his successors in the stage crew's quarters.

FOR SALE

Nice home with 11½ acres of land, half minerals; just outside city limits.

Things Seen and Unseen —

. . . . are all paid for by the ultimate consumer. The farmer sells his bale of cotton for $150.00 and we buy it back in clothes for several hundred dollars. Same old cotton except the looks, design, color, wage, transportation, rent, storage, interest, commission, profit and taxes — many kinds of them. Like the bale of cotton, the abstract must bear its myriad of hidden costs, but it is still worth many times its cost. If you gamble never do it on land titles.

MIXED ACCENT—The Parisian can-can ruffle is worn with a Spanish air in this bare-top black cotton with an organdy can-can stole. The frothy white organdy ruffles, outlined in fine black lace, offset the simplicity of the full-skirted dress designed for evening wear.

County Federation To Hold Tea On Saturday

The annual County Federation Tea will be held Saturday, September 19, at 2:30 p. m. at the Womans Club in Eastland with the Eastland County Home Demonstration Clubs as hostesses. A program has been planned and all Federated Club members or representatives from the various clubs in Ranger, Cisco, Eastland, Carbon, Rising Star, and Gorman are cordially invited to attend this opening club year event. New officers for the next administration will also be installed at this meeting.

Snider Is Speaker At Word HD Club Meeting

A. W. Snider was the guest speaker at the regular meeting of the Word Home Demonstration Club held Thursday at the home of Mrs. Jesse Youngblood.

Mr. Snider spoke on first aid in the home telling how to stop bleeding, how to apply a sterile bandage, how to treat shock, how to report an accident, and snake bites and how to treat them.

During the business session the club pledge was repeated in unison and a council report was given by Miss Willie Word. Other routine business matters were discussed and the meeting closed in regular form.

Refreshments were served at the close of the meeting to a guest, A. W. Snider, and the following members: Mesdames R. O. Fenley, F. J. Harrelson, M. P. Farnsworth, Roy Fenley, J. D. Hall, D. P. King, Cora Plumlee, Ida Schaefer, J. E. Shirley, J. E. Stansell, G. R. Dennington, Clint Britian, Miss Willie Word, Miss Alice Bacon, and the hostess, Mrs. Youngblood.

The next meeting will be held at the home of Miss Willie Word.

Mrs. Lee Is Hostess For Birthday Club

Mrs. Sammie Lee was hostess in her home Thursday when the Jolly Birthday Club met for a party honoring Mrs. Thelma Bosworth.

Games were played by the group and several piano selections were given by Mrs. Lois Holder. A gift was presented the honoree and the birthday song sung after which refreshments of cake, coffee, and punch were served.

Those attending were Mesdames Bill Qualls, Callie Shields, Oma Lee Holdridge, Odell Colson, Lois Nichols, Althea Lipsey, Marie McCormick, Pebble Howell, Lois Holder, Bea Ainsworth, Gladys Carlile, Mae Briggs, Florance White, Alene Bradley, Oleta Stephens, the hostess, Mrs. Lee, and a visitor, Mrs. Gay Dryden.

The next meeting will be held at the home of Mrs. Florence White honoring Mrs. Callie Shields.

Pvt. and Mrs. Fred H. Allen left Sunday afternoon for San Marcos where they will make their home while Pvt. Allen attends a helicopter mechanic school.

In 1911 the first American aviation pilot's license was issued to Glenn Curtiss.

Loboes — —

ed the team this week.

Frank Howeth, Wayne Adams, Arnold Strain, Richard Baack and Arnold Hunter will probably see action at tackle posts with Howeth, Adams and Strain called on for the most work.

Starting guards will probably be Wendle Battle and Norman Boggs. Others who will probably see action include Truman Commons, Burl Shetter and Frank Perrin.

Baggy Tipton will probably be the starting center with Dale McFarland and Ben Robinson ready to back him up.

For Taleton, Maurice Hodges of Monahans will probably start at quarter. He ran the team last year and is a good passer and ball handler. Lloyd Meisner and Baker will be at halves and Herman Tidwell at full. Ends will probably be Bill Puryer and Chuck Williams, and tackles will be Harry Cannon and Harry Sultimeir. Ludie Bitner and Hilton Lambert will start at guard and Gus Wilson at center.

Members of the First Methodist Church attending the District Meeting of the W. S. C. S. in Ranger on Wednesday were Rev. and Mrs. Leslie Seymour, Rev. and Mrs. E. H. Lightfoot, Mrs. George Davis, Mrs. J. T. Anderson, Mrs. Paul Woods, Mrs. W. M Joyner, Mrs B. J. Osborn, Mrs. J. W. Slaughter, Mrs. B. E. Morehart, and Mrs. Jasper Wright.

JOEL McCREA has a chat with ROLAND CULVER while EVELYN KEYES looks on, in scene from "SHOOT FIRST," United Artists release.

Community Chest — —
From Page One

phian Club; George Boyd, Merchants Credit Association; Mrs. C. E. Paul, Music Study Club; Mrs. G. Pollard, American Legion Auxiliary; James McCracken, City of Cisco; Charles Graham, Boy Scouts; ;Stanley Webb, American Legion; Bob Elliott, Rotary Club; and B. A. Butler, Chamber of Commerce.

Sub-committees took on the work of studying the feasibility of combining all general local financial campaigns into one overall drive and of studying information gathered from communities where Community Chest Programs were conducted. Mr. Spier was authorized by the group to appoint a committee to charter the Community Chest in Cisco.

Charter Group

The Charter Committee, consisting of George Boyd, chairman, Mrs. Bill Kendall, Mrs. H. N. Lyle, Mrs. Bethel Gallagher, and B. A. Butler, recommended a constitution and by-laws applicable to Cisco needs patterned after the one used successfully by the Breckenridge organization.

This committee also made recommendations that the following agencies be included in the Community Chest: Boy Scouts, Girl Scouts, Welfare Association, ABC Club, Red Cross, March of Dimes, and West Ward PTA — each agency to be represented on the proposed Board of Directors which would also include a like number of directors-at-large.

It was thus that the first Board of Directors of the Cisco Community Chest came into being. These pioneering Directors were: Rev. Leslie Seymour, president; J. R. Deen, vice-president; Mrs. C. E. Paul, secretary; C. E. Higginbotham, treasurer; M. F. Unwood, James McCracken, O. L. Lee, J. W. Sitton, Stanley Webb, Rev. C. A. Warden, Mrs. John Shertzer, Charles Graham, and Mayor G. C. Rosenthal.

The 1950 Community Chest, endeavoring to eliminate sperate fund drives in Cisco, became purely a local concern in that only four agencies participated in the campaign, all of which were of local benefit. The 1950 budget allotted $1,000 to ABC Club; $1,500 to Boy Scouts; Girl Scouts, $1,500; $1,000 to the Cisco Welfare Association, and $500 to the establishment of a reserve fund for the Community Chest.

Other agencies relinquished the privilege of participating in this first community chest drive as they were frankly skeptical of the success of a United Fund campaign in the City of Cisco. The P-TA withdrew because this organization does not raise funds by public subscription.

Lions Sponsored First Drive

The Cisco Lions Club voted to sponsor the first Community Chest drive in Cisco and named Austin Flint as campaign chairman. This first campaign became a paradox in that it was both successful and unsuccessful. It was a success in that the contributing members of the Community Chest began to appreciate the "give once for all" idea, because separate fund drives for four agencies were liminated during 1951, which year saw the March of Dimes in January; a drive for Heart Ass'n funds during February; the Red Cross roll call during March; the Cancer Crusade during April; the Salvation Army fund drive; and the USO campaign. It was not a success in that the proposed budget of $5,500 lacked approximately $1,200 of fulfillment.

The Directors voted to apportion the funds contributed to the participating agencies on a percentage basis (which decision was accepted by the agencies) and began to make plans for a more "all-inclusive" Community Chest drive in 1951.

HEALTH TALKS

Prepared by the Texas Medical Association

By the end of World War II, 18,000 veterans had lost one or more limbs. This may seem a large number. However, in the same period more than 120,000 persons not engaged in combat suffered the loss of an arm or leg.

Out of the experiences of military personnel responsible for returning the amputee to civilian life came numerous suggestions for improvement in the manufacture of artificial limbs, which are an example of devices called "prostheses." A prosthesis takes the place of a missing part of the human body.

The "suction socket leg" has been developed by prosthetic experts during the past ten years. First it was used when a leg had been lost above the knee; now it can be fitted below the knee as well. One of its main advantages is that it does away with the cumbersome, uncomfortable harness of the standard type of leg. The suction socket limb stays on because of a vacuum created in the top of the artificial leg. For various reasons such as a diseased bone some patients cannot wear this type of prosthesis, but other appliances also have been greatly improved in comfort and looks.

Suction socket arms have not proved as satisfactory as legs of this type, but research in their manufacture is continuing. A type of plastic surgery called "cineplasty" has been used in a few patients with missing upper limbs and has shown some degree of success. During surgery the artificial appliance is hooked up to the muscles of the arm or chest, which move it.

A prosthesis should be well fitted and the patient properly trained in its use. Surgeons, psychiatrists, limb fitters and manufacturers, physical therapists, and occupational therapists have had a part in developing the science of prosthetics to the point that now an amputee, with the direct help of one or more of this battery of experts, can expect to lead a life that most nearly approaches normal.

COTTON GINNERS

Bring your cotton to Brownwood for ginning. Top prices paid for cotton and cotton seed. We also put cotton in government loan.

GINNING 50 cents per hundred. A new dryer and cleaner system and a new saw has been installed.

McDONALD GIN

Two blocks east of courthouse

How far away are your baby's college days?

They'll be here before you know it. And right now is the time to make sure he'll have the money to go . . .

YOUR DREAMS FOR YOUR CHILD—a better life, an education—can you guarantee they will ever become realities? You can, *if you start saving today!* NOW is the time to build for his future, with the Payroll Savings Plan.

Here's how it works: Tell your company's pay office how much you want to save—from a couple of dollars a payday to $375 a month. This sum is invested in U. S. Series E Savings Bonds, which are turned over to you and earn interest for you.

Here's why it works: Once you join, your saving is automatically done for you. Just think—if you sign up to save $3.75 a week, in 5 years you'll have $1,025.95. In 9 years 8 months, $2,137.30. And in 19 years 8 months you'll have $5,153.72! And when that baby of today is ready to enroll, you'll have the money to see him through.

Whatever your objective, *it's yours when you save systematically.* Join the Payroll Savings Plan—or, if self-employed, join the Bond-A-Month Plan where you bank.

How you can reach your savings goal on the systematic Payroll Savings Plan

	If you want approximately			
	$1,000	$5,000	$10,000	$25,000
Each week for 5 years, save	$3.75	$18.75	$37.50	$93.75
Each week for 9 years and 8 months, save	$1.85	$8.80	$18.75	$45.00
Each week for 19 years and 8 months, save	$0.75	$3.75	$7.50	$18.75

This chart shows only a few typical examples of savings goals and how to reach them through Payroll Savings. Remember, you can save *any* sum you wish, from a couple of dollars a payday to $375 a month. The important thing is, *start your Plan today!*

Your baby's future starts today when you save with United States Savings Bonds through the Payroll Savings Plan!
