Floydada Voters To Decide On City Sales Tax

School Board Sets 1970-71 Tax Rates

The school board met last night and set tax rates for the 1970-71 year. The board also reappointed members and reappointed the regular meeting.

Director Preston presented the 1970-71 budget, which was accepted by unanimous vote.

The amended budget was presented and accepted by the board.

Manager Claude presented the 1970-71 budget, which was also approved unanimously by the board.

Board members were unanimously in favor of a resolution setting the school tax rate and \$1.50 for local maintenance taxes and 25¢ per hundred for the interest and sinking fund.

A sick leave policy submitted by Superintendent A. E. Baker was approved.

Baker presented the following additions to the 1970-71 faculty: Mrs. Thelma Horn, special education; Al Gallo-way, special education; De-wayne Franklin, art teacher at Duncan Elementary. All were approved.

James Lovell was reassigned to special education classes, and the resignation of Vance Zinn was accepted.

WHIRLWINDS PREPARE FOR TRAINING... Manager George Johnston hands out shoes and socks to Whirlwinds Andy Hale, Glen Switzer, and Mike Burk. The trio were among the first to receive the footwear Wednesday as the Mean Green started conditioning for first workouts next Monday. Shoes and socks are the only items issued until the August 17 equipment checkout date. (Staff Photo)

Polls Open 8 A.M Saturday

Absentee voting in the city sales tax election closed Tuesday with 28 votes cast, according to city secretary Jimmie Lou Stewart. The vote on the proposed one per cent addition to the state sales tax is scheduled for Saturday, August 15. Election place will be City Hall, 114 West Virginia Street. Polls will be open at 8 a.m. and close at 7 p.m.

All Floydada residents who are qualified registered voters are eligible to vote in the election.

Election judge is Jack Covington; assistant judge is Fay Gooch; election clerks are Mrs. W. O. Baker and Mrs. Robert B. Welborn.

If Floydada voters approve the one per cent city tax, collection will start on January 1, 1971. The tax is collected along with the State sales tax at the retail level and the revenue is passed on to cities having the tax each quarter. If the measure is passed, first money from the tax will be paid to the city in May or June of 1971. Shoppers in Floydada will then join those in other area towns (including Lockney, Lubbock, Plainview and Hale Center) in paying a total of 4 1/4 per cent state and local retail sales taxes.

Items taxed would be the same as those taxed by the state.

Supporters of the measure point out better police and fire protection, better recreational facilities, and adequate finances for city maintenance as benefits of the tax.

Opponents cite a possible reduction in retail business and yet another tax for city residents as disadvantages.

House Passes Farm Bill, \$55,000 Subsidy Ceiling

WASHINGTON - The House passed last Wednesday night a three-year farm bill with a \$55,000 ceiling on subsidy payment to cotton, wheat and feed grains producers after turning aside efforts to set a lower limit.

The action followed a day-long debate, more than 2 1/2 hours of which centered around the farm bill, page 7.

UP TO THREE INCHES IN SOME AREAS

Rains Boost Crop Outlook

Some irrigation wells in the Floydada area enjoyed a short rest this week after rains dotted the county in amounts ranging up to three inches in some places.

Dryland cotton crops badly needed the rain, which might determine whether the dryland cotton will give the predicted yields of over a bale to the acre in some areas.

Some of the reported rainfall amounts follow:

An inch and a half at South Plains Co-Op Gin and Elevator; one inch at Dougherty with some hail; .9 inch at Sandhill Elevator; an inch and a quarter at Barwise Elevator; 1.3 inches at the Muncy Elevator; two inches on the Ray Cook farm east of Fairview; 2.04 inches on the E. W. Walls farm north of Fairview; 2.60 inches on the Walton Wilson farm near Fairview; lesser amounts, about three-tenths, near the Lakeview community and about a quarter inch at Blanco.

Floydada had .67 inch officially. City manager Bill Feuerbacher reports that the rain let the city water wells have a much-needed rest after the long dry spell.

"A million-dollar rain," some called it; but we could still use another million dollars' worth or so, others said.

The Navy Achievement Medal with Combat "V" was awarded to Sergeant Paul D. Stout Thursday, August 6, for his outstanding achievement in the superior performance of his duties in the field of leadership while serving in the Republic of South Vietnam. Sergeant Stout resides at 203 South 3rd Street in Floydada.

Floydada city councilmen faced a light agenda in the regular meeting Monday night and adjourned at about 10 p.m. All councilmen were present except vacationing Ed Hammond.

The council discussed negotiations on leasing the city farm to Tom Snead for another year, but took no action.

A resolution was adopted authorizing funds previously placed in the Fire Engine and Equipment Fund to be placed in a Sanitation Equipment Fund. The \$1,500 per month that had been being put back to pay for the new fire engine will be added to the \$750 per month now being put in a fund for the purchase of a new track loader for use both in the city limits for cleanup and at the dump grounds.

The council voted to authorize funds for the three-year purchase lease of a used Gallon motor grader (maintainer). Minutes of the last regular meeting were approved, all city bills were paid, and the meeting was adjourned.

Freezing Program
By Community Center

Community Action Center like to contact all the Lockney and Floyd families who qualify under the program guidelines. The program guidelines are: Mexican American, and those on financial assistance, who would be interested in canning and freezing (corn, beans, peas, etc.) for the winter. The program will be very cheap, and it will help feed the family better through the winter months. Persons are asked to call the Community Action Center (652-2639) if interested and help gather and process the food, if possible. The Center has no special staff to do the work; therefore, they are calling for a community effort. They must have a large response, or the program will not materialize. The idea is to buy food now, while it is cheap, in large quantities; then, to assign each family who participates in the program, a frozen food locker at the Lockney Frozen Food Locker plant. The families would get the food out of these lockers as they needed it. You need not be willing to help in order to participate, but we need a large community cooperation. This is a program that will help you feed yourself and family better on less money. This is an entirely non-profit community service. They estimate the cost will be \$1.00 per month for the locker, plus payment for the food.

MRS. LEIGHTON DWIGHT TEEPLE

Miss Helen Lois Johnson, Leighton Dwight Teeple Wed August 8, In Irving Church

Wedding vows were read in the Good Shepherd Lutheran Church in Irving Saturday, August 8, for Miss Helen Lois Johnson and Leighton Dwight Teeple, the bride's uncle, Rev. Marvin Koch, minister of the Emmanuel Lutheran Church, Copperas Cove, performed the twin ring ceremony at 2:30 p.m.

The bride is the daughter of Mr. and Mrs. Lawrence J. Johnson of Irving and the groom is the son of Mr. and Mrs. Leighton Teeple of Route 2, Lockney.

Yellow and white flowers decorated the altar which was flanked by lighted tapers. Wedding selections were by Jean Muehschen, organist, who also accompanied soloist Rev. Behrmann.

The bride was given in marriage by her father. She wore a gown of peau de soie, re-embroidered Alencon lace, created by her mother. It featured long fitted sleeves and an empire lace waist with an illusion of scalloped roses enhanced with pearls. The train of scalloped re-embroidered Alencon lace was attached by a peau de soie bow at the back waist. Her veil of illusion was caught to a crown of rose petals encrusted with pearls and rhinestones. She carried a petite nosegay of yellow roses and daisies.

Mrs. Evelyn Hays of Irving.

was her sister's matron of honor. Ronda Teeple, sister of the groom, and Lou Vaughan of Bay City, were bridesmaids. They were attired in lemon yellow crepe gowns styled with empire waists, enhanced by motifs of lace and daisies. They carried small natural baskets of daisies.

Jeanne and Donna Hays, Irving, nieces of the bride, were flower girls. A nephew, Ricky Reddout, Monroe, Louisiana, served as ring bearer.

Dale West of Floydada was best man. Groomsman and candlelighters were Bill Darden of Richardson and Vernie Moore of Floydada. Serving as ushers were Richard Johnson, Irving, brother of the groom, Dale West and John Weaver of Dallas.

A reception in the church followed the ceremony. Assisting were Miss Suzie Woodard of Richardson and Mrs. Carol Taggart of Irving.

Yellow and white floral arrangements decorated the serving table, accented by a full length picture of the bride. The three tiered wedding cake, decorated with lemon yellow roses and green leaves, was served with coffee and punch.

For traveling to New Orleans, Louisiana, the bride changed to a red, white and blue ensemble. Following the honeymoon trip the couple will be at home at 2612 Hondo, Dallas.

Mrs. Teeple, a graduate of Irving High School, is a senior student at Texas Woman's University College of Nursing and is employed at St. Paul Hospital. Her husband, a graduate of Floydada High School, has a BSME degree from Texas Tech. Teeple is employed at TI, Richardson.

COATS NOW LONGER

California designers have come up with some exciting ideas, mostly stemming from the premise that if a woman has even one maid in her wardrobe, her coat must have sufficient length to cover it. Where the coat is not frankly mid, it is at least below the knee - except in some pantsuit or sportive looks.

The silhouette takes its cue from length. Watch for the all-important belt or tie, marking a high waistline. Then note the narrow shoulder feeling, neat sleeves, wide revers.

Princess lines give full indication of a high waistline.

ATTENTION...PARENTS OF KINDERGARTEN CHILDREN

Parents who have enrolled their children in the Methodist Kindergarten are asked to bring them by the Methodist Church Kindergarten room either Thursday or Friday, August 20-21, between the hours of 8:30 to 11:00 a.m.

This is get acquainted week, an opportunity for the children to get to know their room and teacher, and a time for the parents to officially enroll their children.

Candlelight Ceremony Unites Miss Thurston And Rob Core

In a candlelight ceremony read in the Minter Lane Church of Christ in Abilene Friday, August 7, Miss Sandy Thurston became the bride of Rob Core of Oklahoma City, Oklahoma.

Mr. and Mrs. Joe Thurston of Floydada and Mrs. Edith Core and the late Mr. Core of Oklahoma City, are parents of the newly-weds.

Carl Brecheen, Professor of Bible at Abilene Christian Col-

lege, performed the double ring ceremony.

The bride, given in marriage by her father, wore a formal length gown of imported linen with baroque Venise lace highlighting the empire waist and also bordering the elbow length sleeves and the A-line skirt. The detachable chapel length train fell from off the shoulders of the gown and Venise lace bordered the top and the lower edge of the train.

Her four-tiered silk illusion veil fell to shoulder length from a queen's crown of white peau de soie rosettes trimmed with sequins of imported Venise lace. She carried white orchids atop a white lace covered Bible. She carried out the traditional something old, something new, something borrowed, something blue, and had a six-pence in her wedding slipper.

Miss Johnnie Thurston attended her sister as maid of honor. Bridesmaids were Misses Linda Core, Abilene, sister of the groom, Quida Wright, Arlington, and Sharon Cook of Houston.

Feminine attendants wore aqua color empire style formal length gowns with scooped necklines and elbow length sleeves. Their headpieces were of aqua color illusions attached to a matching color double bow and each carried a long stemmed yellow rose.

Miss D'lene Andrews and Jeffery Andrews, niece and nephew of the bride, Lovington, N.M., were candlelighters. Her dress was fashioned to those of the bridal attendants.

Willie Starner, brother-in-law of the groom, Austin, served as best man. Groomsman were Joe Thurston, Floydada, brother of the bride, Loren Shaw, Abilene and Buster Muse of Dallas. Ushers were Doc Cornutt of Pampa and Brad Burk of Abilene.

Rebekahs Have Round-Up

Twenty-one members of the Floydada Rebekahs attended "Round-Up" Tuesday night in the local lodge. Valree Turner, Nobles Grand, presided over the gathering.

Those reported ill were Jewell Jackson, improved from recent surgery; Jewel Reeves, improved from a painful fall, and Velma Berry.

Those attending were escorted to the lodge kitchen where all viewed the interior which has been recently remodeled.

After lodge closed members were served cake and ice cream.

Making a triumphant re-entry are the wrap coat and the trench coat. The coachman look is stong, as is the Russian Cossack treatment.

It's the season for the greatcoat, often touched with fur at collar, cuffs, even hemlines. Preferred are the fluffies: lynx, fox, raccoon; but beaver and nutria score as well.

Fabric choices are rich and elegant, beginning with the favorite camel, cashmere and fleece interpretations - the classic tweeds, double-knit failles. Boucles, duvetyns and velvet glow for evening.

The leather look is strong, both in suede and calfskin - and so are leather-looks. The new all-weather polyurethane, some simulating a crinkled patent (and easy-to-clean), some with snake imprints command attention.

The colors of fall? Look for camel and stone grey, a new rich and dark brown, black. As high-lights, the fire engine reds, the marigolds. Kelly green and an electric blue show up occasionally.

All in all, it promises to be a gala coat season.

MRS. ROB CORE (FORMER SANDY THURSTON)

Wichita Falls.

Serving were Mrs. Joe Andrews, sister of the bride, and Mrs. Will Starnes, sister of the groom. Also in the house-party were Mrs. M. L. Daniels, Abilene, Mrs. Bubba Hawkins, Austin and Mrs. Mike Stovall, Arlington.

For traveling, the bride chose a white dress trimmed with navy blue, a full length navy blue coat trimmed with white and white accessories.

Mrs. Core, a graduate of Floydada High School, re-

ceived her Bachelor of Science Degree in Education from Abilene Christian College. While attending ACC she was a member of GATA Women's Social Club, Student Education Association, Dorm Council, Kitten Klub, and was an employe in the office of the ACC president. She will teach in ACC campus school.

Core, a graduate of Rapid City High School, Rapid City, South Dakota, is a senior marketing major at ACC. He is a member of Galaxy Men's So-

cial Club, was president of the sophomore class, and the junior class, and of the Acapella Chorus.

Following a wedding in New Orleans the couple are making their home at 16th in Abilene.

The groom's sister, the rehearsal dinner evening in the Steakhouse in Abilene.

Mrs. Bob Moore was the bridesmaid on Friday in the Lodge in Abilene.

no hemline fashion hassle

Say ho-hum to hems, and count yourself as one of the fashion independents . . . the new breed of female with a lot more brains about the beauty biz than she's usually given credit for. What length will your skirts go to this Fall - thigh-high or somewhere in the middle of your high-button boots? Do you really want to take a particular stand, and reflect the designer's point of view? Wouldn't you rather continue to do exactly as you've been doing for some months now - mixing up your wardrobe lengths to suit yourself? A pox on any fashion tyrants who claim to dictate proportions to everybody! The Carnation Fashion Office believe the real news of Fall fashions lies in the soft, unconstructed fabrics and body-clinging shapes - a drastic change from the sculptured little dresses of recent vintage which concealed so many figure flaws . . . and the narrow-arrow sheaths before that which had women stuffing themselves into girdles like so many complaisant sausages.

The jealous woman is a many-splendored thing. . . .

Fast cars and disability insurance somehow go together. . . .

The less work some laborers perform the more pay they expect. . . .

Investing is closely akin to hoping and faith in one's country. . . .

the great skirt put-down calls for cutting up

At this point in the fashion picture, it is easy to predict that sometime soon most women will be buying languettes. The big question is how to bring present wardrobes down to new fashion level.

The answer is - you don't. You take it up! If that seems like a paradox, take a second look at some of the new styles: pants suits with longer jackets, a new gaucho length in pants, slinky sleeveless jackets over languette dresses.

Start cutting up! Sew and press to join the downward trend. To do a professional job, arm yourself with good sharp shears, measuring stick and a modern ironing aid such as Magic sizing to help press in new seams and new hems. Sizing is a big help in giving your remodeling a new look with sharp, neat seams. You can see exactly what you're doing too, because you can use sizing without a press cloth. Spray and press, with no need to worry about scorching.

You can turn last fall's bell bottom pants into this year's gauchos. Simply shorten to midway between the calf and the ankle. To turn short-short minis into tunics to wear with gaucho pants or longer skirts, slash off the lower skirt portion and add a hem. Here, too, sizing can be a big help. Garments with last year's look may also have the limp feel and finish of last year. Spray on sizing as you press to restore the like new look and feel that wearing, laundering and dry cleaning often remove.

What about mini coats? They, too, can be teamed with pants. But for a coat that you bought just last year, or a very special knit or wool dress, consider adding generous borders of contrasting or harmonizing fake fur, suede or leather. Along with being the year of the languette, this is the year of the textured look. Suede, leather or fake fur teamed with wools and

Peggy's Meddlin's

RECEIVED a note this week from Lois Emert at Deer Park, who used to work with us at the Hesperian. Lois related that in the eight years they had lived at Deer Park they had never prepared for a hurricane, but they did for Celia. Windows were boarded up on their home in preparation for the winds that didn't hit there. She sent a clipping from the Houston Chronicle telling of a 15 year old runaway boy from Houston that ran into Hurricane Celia at Port Aransas. The youngster outran falling buildings, took shelter in a beached shrimpboat and barely escaped with his life when winds up to 161 miles per hour turned the boat over and demolished it. He was huddled in the wreckage of Deep Sea Headquarters, a marine supply firm at the boat basin. The youth, scared, stunned and

with only a superficial cut on his left wrist, said he never wanted to see another hurricane.

ANOTHER person has been bitten by a loose dog in Floydada. This time a woman, who was walking to work. As a shame that a person in our small city cannot walk along the sidewalks without the fear of being attacked by loose dogs. It's unsafe to let a child play in their own yards anymore due to dogs running loose. These are not all together stray dogs. They are pets and have been vaccinated but owners still let them run free. If you are such a dog owner, then be prepared to pay a fine if your pet bites someone, that is if the person files suit against you. There is legality to everything and it may be your neighbor's dog that bit you, but if filing against your neighbor results in keep-

the consumer often buys stale foodstuff.

The obvious need is for a federal law requiring packers of all foodstuff to put the date on which the food is packaged on the outside of the container or a date when the contents would no longer be fresh.

Although some may howl about government interference or regulation or centralized bureaucratic power, the truth is that mandatory dating of foodstuff is in the interest of the consumer and the nation. Too many Americans are eating stale food lacking in vitamins which has been sitting on a shelf for months or longer.

THE COLORS OF FALL

Two color families dominate the fall fashion spectrum: purple or shades thereof and adobe-rust-orange: a bright electric blue is also important, as is black.

Clear, bright colors with some dusky tones. The very blued periwinkles are strong. Reds often have an orangy, pimiento cast. Greens are more blue: jade is the important shade.

DATING FOOD STUFF

In many countries foodstuffs must be dated when they are packaged, especially things like eggs, milks, bread and other perishables. In the United States laws vary from state to state and

IN one of the trade magazines that comes into our office, we read of a fellow who got tired of those "begging" letters that come in the mail addressed to "Boxholder" or "Occupant", asking for handouts for all kinds of charities or money-raising campaigns. He said he finally decided to do something about a particular one, so he wrote a check to the organization for \$10,000 and signed it Occupant. "That'll teach 'em a thing or two", he commented.

THE Roman philosopher and statesman, Cicero, said this some 2,000 years ago, and it is still true today. The six mistakes of man are:

1. The delusion that personal gain is made by crushing others.
2. The tendency to worry about things that cannot be changed or corrected.
3. Insisting that a thing is impossible because we cannot accomplish it.
4. Refusing to set aside trivial preferences.
5. Neglecting development and refinement of the mind, and not acquiring the habit of reading and study.
6. Attempting to compel others to believe as we do.

FLOYD PHILOSOPHER

Comes Out With A Plan For High Style In Potatoes, Eggs, Apples, Etc.

Editor's note: The Floyd Philosopher on his Johnson grass farm gets into a risky field this week, but that's his worry.

Dear editor:
Me talking about fashions is about like a blacksmith's running a beauty shop or an economist running a bank, but the economic possibilities for farmers in the fluctuating lengths of women's skirts forces me to do it.

According to all the newspapers I've been reading lately, the fashion experts have decided that mid-skirts, not mini-skirts, will be in style this fall, and though the women are howling about it, come fall most of the minis are expected to be thrown away as the women fall in line in longer dresses.

Personally I have never understood how women can be so easily persuaded to throw away one wardrobe and buy another just because some Frenchman told them to, but I never argue with a fact, and it's a fact it happens. He announces about this time of the year what women will be wearing in the fall, and blamed if the word doesn't spread all over the world, from London to New York to Floydada, and 90 percent of the women comply.

This got me to thinking. There's a great

possibility here for farmers. As you know, women own a majority of the stocks and bonds in this country and control about 80 percent of the spending, especially for groceries.

Where us farmers have been missing a bet is in not taking advantage of this feminine phenomenon.

We ought to change the shape of things we grow from year to year. If round potatoes for example are stylish this year, come out with long potatoes next year. White eggs are fashionable now? Come out with brown ones this fall. Women prefer red apples? Tell them Jackie Onassis and Elizabeth Taylor prefer green ones.

If you can get some women with the kind of knees I've seen into mini-skirts, getting them to switch to green apples and brown eggs would be a snap.

Whatever a farmer grows, he ought to change the length or girth or color of it every year or so. All we'd have to do is get some Frenchman to promote the idea, and all it'd take to do that is some money. Money is always in high fashion with dress designers.

Yours faithfully,
J. A.

ROTARY.

FROM PAGE 1
Leon for Rotarians in Floydada yesterday.

Ford's wife, the former Diane McDonald, daughter of Mr. and Mrs. Leroy McDonald of Tulsa, is the niece of Clement McDonald of Floydada. The couple have a five year old son and a one year old daughter.

Ford is a native of New York and holds a B.A. Degree from the University of Texas, and M.A. and PhD Degrees from the University of Michigan. He served as teaching assistant at the University of Michigan and as Assistant Professor of Economics at the University of Virginia. He has done research on the field of Latin American development and is an active Methodist layman as well as being involved in civic activities.

The speaker, introduced by Clement McDonald, went to Chili this summer in the Group Study Exchange program, an educational activity of The Rotary Foundation. The program offers a unique person-to-person

son opportunity for the promotion of better understanding and friendly relations among the peoples of the world.

Traveling with a sense of mission derived from their desire to learn and to promote understanding, these young men bring personal knowledge of their own country to the thousands they meet while abroad. And from their study of another country - their observations of its customs, their explorations into its business and professional life, their meetings and discussions with its people - come many opportunities for the development of understanding and lasting friendship.

Special guests other than the speaker at the Rotary meeting yesterday included his wife and her parents.

Team captain Gaythal Lee contributed to the team's luck by drawing byes for the first two rounds of competition. The team went on to win the remaining two races to take first place.

Members rode in the rodeo parade Saturday morning and enjoyed the races and a free barbecue Saturday afternoon before the rodeo performance and pony express finals that night. They report that they had a good time and were shown a lot of hospitality by the XIT folks.

Floydada riders were Willie Ray Patterson, Charlie Patterson, C. W. Patterson, Randy Patterson, Larry Guthrie, Danny Daniel, Gary Bennett, and captain Gaythal Lee. Harold Wayne Bennett served as an alternate but did not ride.

The team goes to Post today, where they will race Lubbock at the first performance of the Post Rodeo. If they win today, they race the winner of the Plainview-Petersburg contest in the finals Saturday night.

FARM BILL, FROM PAGE 1

the thorny payment issue.

The \$55,000 ceiling, which applies to each of the three crop categories, was approved twice on voice votes.

A 212 to 171 roll call vote sent the measure to the Senate where hearings already have been held by the Agriculture Committee.

On final passage there were 126 Democrats and 86 Republicans who joined in voting for the bill. It was opposed by 85 Democrats and 86 Republicans.

Sources estimated the cost of the package at about \$4.5 billion a year, just about the same level at present. About \$3.5 billion of the total would go for the farm subsidies and the remaining \$1 billion for continuation of the Food for Peace program. All attempts to change the bill on the House floor were defeated.

Despite last Wednesday's vote, the battle over the subsidy issue was by no means settled, observers pointed out.

Earlier this year, the Senate tacked a \$20,000 subsidy ceiling on the Agriculture Department's appropriation bill. The House version did not contain the limit and the issue has not yet been sent to a House-Senate

conference.

Following the vote Wednesday upholding the \$55,000 limitation, Rep. Silvio O. Conte, R-Mass., told the House he would ask for a direct vote to instruct the House conferees to go along with the \$20,000 Senate limitation when they meet to iron out differences in the two versions. Such a vote could be "extremely close," observers pointed out.

President Nixon had given his backing, which some described as weak, to the \$55,000 limitation approved by the House Agriculture Committee.

But Reps. Paul Findley, R-Ill., and Conte lost when they tried to reduce the level to \$20,000 for the three crop categories plus wool, add language designed to produce regulations to check regulations by such things as subdividing farms, and make the ceiling apply to lands owned by political subdivisions. The vote, on a non-record tally, was 134 to 161.

The payment limitation in the measure specifically exempts lands owned by states and other subdivisions.

There is no limit on payments under the existing program, which is scheduled to expire Dec. 31. There were five pay-

ments last year of more than \$1 million to individual producers.

"We have to do something to take away these enormous subsidies," said Rep. Allard K. Lowenstein, D-N.Y. He suggested the existing program has helped create "what amounts to a government-subsidized landed aristocracy and an impoverished rural peasantry of poor black and white farmers."

But Rep. W. R. Poage, D-Tex., chairman of the Agriculture Committee, said the program can't be effective in controlling supply and demand if the large growers are driven out.

Lowenstein moved to cut the payment limits to \$10,000 but was shouted down. Rep. Andrew Jacobs Jr., D-Ind., tried vainly to phase the subsidies out entirely in three years.

Two of the primary differences in the bill's over-all approach and the existing program are establishment of an acreage set-aside requirement to keep production in approximate line with consumption and a more direct tie for support payments to dollar figures than the parity concept, a formula designed to give producers a fair return on their investment.

The Dog and His Bone

AESOP, the well-known fable teller, started that story about the little dog . . . who went trotting home one day with a nice bone. On the way he saw what looked like a much juicier one in the bright mirror of a water hole . . . but, in grabbing for it, he lost the bone he already had.

- There's a good moral for one and all in this little story. But the educational value of fables must be over-rated. Because this one has been around for 1300 years and people are still risking . . . and often losing . . . some of the good things they have by reaching for something that is more temptingly offered.

- Like some of us here in this community . . . who roam far and wide in a search for "better deals" and

thereby seriously undermine the economic structure which supports our own businesses and jobs, our fine schools and churches, and all the other elements of our well-ordered American small town life.

- In this community . . . right now . . . we could be enjoying much greater prosperity, much finer social and civic facilities . . . if we had but kept in our local economic bloodstream all of the money we have put into the upkeep and upbuilding of larger cities in years past.

The Hodges annual family reunion was held Sunday in Lubbock at the Mackenzie Park with families all carrying dinner which they put together and shared. The Hodges are parents of Mrs. C. E. Bartlett, mother of Mrs. Otho Sanders. Volleyball games were enjoyed as well as a day of visiting by all. Around 50 were in attendance. Those from here who attended were Mr. and Mrs. Otho Sanders, the Roger Sanders, Shere, Gary and Terry, the Richard Sanders, Regina, Renee and Stanley, the Curtis Sanders, Shawnda and Brian, and Mrs. C. E. Bartlett.

Mike Roberts, son of Mr. and Mrs. Dale Roberts of Albuquerque, N.M., came Friday to spend the next ten days here with his aunt, Mrs. Kendis Julian and family.

The nineteenth Fortenberry

reunion was held Saturday, August 8, in the American Legion Hall in Lockney. Meat, bread and drinks are furnished by the reunion, and families bring salads, desserts and vegetables for the noon day meal. Mr. and Mrs. Fred Fortenberry attended from our community.

Mrs. J. Ronald Taylor was in the Lockney Hospital from Saturday until Monday suffering with colitis. She is getting along much better, but will be on a diet for some time. Mrs. J. P. Taylor kept the grandchildren, Jeffrey and Johnnie.

The South Plains Hobby Club time has been changed to Thursday night at 6 p.m. for the barbecue rib supper which is to be served at the home of Mrs. J. P. Taylor northeast of South Plains. Each member is to bring a dish and the ribs will be barbecued at the ranch home.

Mr. and Mrs. Kendis Julian, Kristi, Mitzi and Mike Roberts went to Lubbock Friday afternoon and evening to visit Mr. and Mrs. Ken Roberts, who recently moved there from Floydada to make their home.

Mr. and Mrs. Nathan Mulder, Cindy and Penny arrived home from Charleston, West Virginia, Friday night after spending the past two weeks there with her sister, the Bill Brown.

Mrs. Ruby Higginbotham spent the past weekend at Amarillo visiting with her son, Mr. and Mrs. Bud Higginbotham, and also visited her sister, Mrs. James Mammusson and family in Amarillo.

Friday there were several fires in South Plains, and they did a lot of damage. The house west of the home formerly occupied by Mr. and Mrs. Roy Bledsoe burned to the ground, and it was too far gone when discovered, for the fire department to do much good. A Negro family, Mr. and Mrs. R. T. Bray, lived there, but they were gone from home. There was nothing left of the former Burton Thornton home but ashes. Another fire Friday burned a great deal of the pasture land on the L. T. Wood pasture land south of the Billy Stanforth Ranch home.

This Monday all are happy with the fine rain which began in the early morning hours. Early Pritchett received 2.40, Alvin Nichols 2.10, South Plains 1.50, .40 on the Ruby Higginbotham farm, .30 on the J. P. Taylor ranch, and one inch on the Arby Mulder farm. Over the area there was a nice, gentle rain, for which we are all duly thankful.

Clifford Tull of McAdoo was at the South Plains Baptist Church Sunday morning and night to lead the singing. He plans to attend Texas Tech at Lubbock this coming winter, and was here in favor of a call for a singer for the church. SM/Sgt. Marvin and Mrs. Compton and their son, Steve, from Omaha, Neb. arrived here Saturday night to have an extended visit with their daughter, Mrs. Tommy Powell and Tommy, who moved this past week to their South Plains residence, and are getting settled in their home.

Mr. and Mrs. Roy Bledsoe left last week for their home in Brownfield. We wish them happiness in their new establishment.

Rev. Charles and Mrs. Conger, and boys, Brent and Bentley, from Sedalia, Mo., were in our vicinity Friday and visited in several homes. They were enroute to Gorieta, N.M. where they will all spend the coming week. Sunday Rev. Conger preached at the Baptist Church in Keyes, Okla., where he was ordained, and then they went on to Gorieta. They visited with the L. T. Woods, the Murray Julians, the Frank McClures, the Fred Fortenberrys, the Kendis Julians and the Philip Smithers - perhaps others whom I may have missed. Rev. Conger will have

only two more semesters in the Western Theological Seminary in St. Louis. He is also pastor of the Baptist Church at Sedalia, Mo.

Mr. and Mrs. Don Marble, Donette and Brett, left Saturday for Oklahoma City, Okla. where they were going to do some sightseeing and go through the Cowboy Hall of Fame.

The Hazelwood family reunion was held at the Little Party House in Lubbock at Mackenzie Park Sunday, August 9, with family members bringing a basket lunch. Those from here who went were Mr. and Mrs. L. T. Wood and Mrs. Walter Wood. Accompanying them were Mrs. Etta Hazelwood and Mrs. Kipheue Long of Silverton. They spent the day visiting. Around thirty five attended the reunion.

Mrs. Margaret Kitchens and Mrs. Keith Marble left last Sunday, August 2, for Ellis County in Texas where they went to do some genealogical survey work. They were in the court house at Waxahachie a great deal of the time for the work. They came back home Wednesday.

Mr. and Mrs. Murray Julian left Saturday morning for Roscoe to spend the weekend with their oldest son and family, the Terry Julians, and to help celebrate the twelfth birthday of their granddaughter, Dee. Other guests with them for the cake and homemade ice cream Sunday were Mr. and Mrs. Harold Althof and boys, and other members of the family. Saturday afternoon a fire started in the Althof pasture south of Roscoe, and fire units from all around were called to put out the pasture fire. It is so hot and dry many fires have broken out in that area.

Mr. and Mrs. L. N. Johnson, Deneen and Shari went to Amarillo August 6-8 for the State 4-H Horse Show, and Shari placed second in the barrel races, then went into the finals, and placed second in the final rounds. We are very proud of her achievements.

House guests with Mr. and Mrs. Melvin Myers and boys from Sunday to Monday afternoon were Mr. and Mrs. J. L. Bradley from Hillsboro, and their son, Mr. and Mrs. Don Bradley, and girls, Sheila and Donna, from Waxahachie, who are old friends from down near Dallas. Mrs. Myers mother, Mrs. Jim Baker, from Hubbard also arrived Saturday to make an extended visit here with her daughter, husband and grandchildren.

Denise and Carlton Johnson went to Childress August 7-8 to attend the Junior JC's Rodeo.

Denise entered the Pole Bending and won fourth place, and entered the barrel competition and won second place, and a belt buckle. We are proud of Denise's accomplishments. Denise and Carlton spent both nights at the home of a cousin, Clifton Smith at Childress.

Mr. and Mrs. Teddy Horne and Melissa of Plainview and Mr. and Mrs. Britt Gregory of Lubbock spent the weekend here with the girls' parents, Mr. and Mrs. Sylvan Kinnibrugh.

Mrs. Tom Respondek went into the Mercy Hospital in Slaton July 20 with hepatitis. She is home now, but still very ill. She was formerly a South Plains resident, with her family. We hope she soon regains her strength.

NEWS FOR HOMEMAKERS

Besides being abundant, broiler fryers are convenient to fix, too. They are readily available whole or cut into halves, quarters or pieces. There are fresh chilled chickens plus easy to store, quick frozen birds. Even families of two can enjoy eatin' perfect broiler fryers, as they come in weights from 1 1/4 to 3 1/2 pounds.

When shopping for chicken, follow these pointers from USDA's Consumer and Marketing Service:

1. Look for the USDA shield for quality and the official round inspection mark for wholesomeness.
2. Allow 1/2 to 1 pound "ready to cook" poultry per serving depending upon kind of poultry and method of preparation.
3. In selecting frozen poultry, be sure wrappers are not torn or broken and the poultry is still solidly frozen.
4. Select the poultry class to suit the desired cooking method.

With the barbecue season now in full swing, it's a perfect time to have barbecued chicken. For

barbecuing, select broiler halves or disjointed chicken parts. If you have a revolving spit, though, several whole birds can be threaded on the skewer. Thighs, drumsticks, whole legs, wings and breasts are the most popular portions of the disjointed chickens for barbecuing. Many homemakers reserve the backs and necks for inside cooking and transform these parts into tasty chicken casseroles and soups.

Giblets also can be barbecued. Simmer gizzard about 10 minutes in slightly salted water, cut into halves or quarters and thread along the heart and liver on small metal skewers. Place the giblets over heat about 10 to 15 minutes before serving time. Barbecued giblets make excellent hors d'oeuvres.

BARBECUE SAUCE: An especially flavorful barbecue sauce can be prepared ahead of time. Pour contents of a large bottle of seasoned barbecue sauce into a sauce pan, add a stick of butter or mar-

garine and a quartered clove of garlic. Simmer ingredients about 30 minutes until thick as you desire. Brown chicken on all sides before brushing on the barbecue sauce.
