Tom Jessee is taking color pictures for a slide presentation for the Chamber of Commerce. He has taken about 40 so far and will take many more before a final selection of approximately 80 shots will be made. This number of slides will make a half-hour presentation of what a great place the Rockport area is to live or visit. The presentation, of course, will have such scenes as fishing, boating, water skiing, enjoying the beach, golfing, etc., plus pictures of churches, places of business, shrimp boats, historic homes, beautiful residential areas, and many other views. When the final selection of pictures has been made, a script will be written, narrated, and taped, and the Chamber will have an outstanding presentation to be viewed by local groups, by television stations, before out-of-town organizations, etc., to help "sell" the Rockport area.

Remodeling Projects Completed at Bank

Several remodeling and redecorating projects were completed this week at The First National Bank.

A semi-private office has been constructed for Charles LaBounty, executive vice president, in the banking room lobby just outside the office of James H. Sorenson, Jr., president. This will provide more privacy for customers discussing financial problems with Le Bounty.

In connection with a partial redecorating of the walls of the banking room, a large wallpaper mural depicting a waterfront scene has been extended approximately three feet on each end to fully occupy the space alloted the mural.

The extension was painted in acrylics by Robert Garden, president of the Corpus Christi Art Association. So well does his work match the original wallpaper mural that many observers are finding it difficult to determine where one ends and the other begins, according to Sorenson.

A number of additional watercolors and oils have been hung in the banking room. Several are by local artists.

EDITOR'S VIEWPOINTS

IS THERE A FARM BLOC?

As painful as it might be, the time has come for us, to assess the power, size and, indeed effectiveness of the socalled "farm bloc" in Congress. For years, we in the midwest have labored under the delusion that when a man is elected to the Congress of the United States from our area he goes to Washington along with literally scores of other farm oriented representatives. The facts are directly contrary to that assumption. In fact, we question whether the farm bloc in Congress even existed in 1968.—Hayti (S.D.) Herald Enterprise.

"SECURITY POLICIES"

SECURITY tries to advise its clients, both buyers and sellers, of the PRESENT fair market value of their properties, to the best of its abilities. Of course, with a rising market, all properties will bring more in the future; and with a falling market, all properties will bring less in the future. Some real estate dealers tell the owners who have property for sale that they can sell their property for more than it will actually bring. They do this for a number of reasons: in order to have a large inventory of property to sell, in order to have a place to put their signs, in order to leave the impression on the owners of property that they are better salesmen, etc. If this has happened to you this is the acid test—"ASK YOUR REAL ESTATE DEALER—WHY HAVEN'T THEY?"

Art Guild Gatherings

By JAN WENDELL

There is so much "patting backs" and "you did such a good job" talk going on at the Association Gallery since the Art Auction Friday night that you can hardly get a word in edgewise. Seriously, though, the Association is quite proud and grateful for the outcome of the auction and since it was something that had not been tried before in Rockport, they are quite pleased at the amount of interest it stirred.

A particularly sweet note sounded by the sales that night was the fact that the two highest prices bid and paid went to work done by Rockport artists. Dub Farley's magnificent sculpture, "Dolphin," brought in the highest bid, and Kit Dinger's eloquent painting, "Mama Grande," brought the highest price for a painting. I might add that the works of these two members were surrounded by paintings by professionals from the U.S., Europe, Mexico, and South America.

Paint pots are popping and brushes flying this week as members prepare for the July 4th Annual Judged Art Show. An added attraction will be our glorified "junque" sales. There will be everything from hand-painted garbage cans to decorated driftwood on sale—all the items are handmade and original and all proceeds from this project go to the Building Fund.

Also on the agenda that seems to have gotten quite crowded all of a sudden is an Art Class beginning July 14, conducted by Bill Brigl—noted artist from Dallas. Bill will teach classes from 9 a.m. to 12 and 2 to 5 p.m., July 14 through July 19 at the Gallery, 105 N. Austin. Interested persons should contact the Association Gallery SO 4-2478. The tuition for a half day session is $37.50.

JOHN KINSEY

A "Quitters Club" for ex-smokers has been launched by the American Cancer Society, according to the Rev. Eugene E. Erdelt, President of the president of the Aransas County Unit.

Reverend Erdelt stated that the Society is initiating the club on a nation-wide basis to recognize the 21 million Americans who have quit smoking.

"The Society wanted to provide some sort of reward for ex-smokers, and, at the same time, encourage others to quit." He explained that any ex-smoker is eligible to join the "Quitters Club and receive a black and gold "IQ" (I Quit) lapel pin for "the price of a pack of his former favorite brand."

The American Cancer Society began the program at the suggestion of Dr. William B. Hanson of Dallas. Hanson, a professor of space science at the Southwest Center for Advance Studies, called the process of quitting cigarettes, "a completely negative undertaking" and proposed a "red badge of courage" for those who have kicked the habit.

"I believe the group therapy of such a device would contribute appreciably to the number of effective quitters. Also, having identifiable quitters may stimulate others to quit, or more important, not to start," Hanson added.

Reverend Eredlt agreed with Hanson's theory, adding, "Kicking the cigarette habit is a tough job. This IQ pin idea should make quitting just a little easier for those who want to stop smoking. Ex-smokers can order IQ pins, for men or women from their local unit of the American Cancer Society or from the District Office at 724 Morgan, Corpus Christi."

He added that now there are two rewards for giving up the cigarette habit. One is the IQ pin and the other could very well be a human life.

Reverend Erdelt reported regarding the recent crusade, "We bettered our best year, raised 198 percent of last year's donations, approximately 100 per cent over our 1969 quota, and Aransas County is listed in the top 10 of the state percentage wise. I wish to express our sincere thanks to all who helped make the 1969 crusade so successful."

Mrs. Glenn DeForest, special education teacher at Rockport Elementary School, has sold a story entitled "Who Cares?" to American Education Publications, a Xerox Company, which will publish it in the near future in "Know Your World."

She is employed by Cities Service Oil Company in Corpus Christi.

CHARLES PICTON ON SUMMER CRUISE

Charlie Picton, son of Mr. and Mrs. Harold Picton, has recently departed from Galveston on the annual summer cruise training session aboard the T-E Texas Clipper. He is among 120 Texas Maritime Academy midshipmen who are going to Mobile, Ala; Las Palmas, Canary Islands; Barcelona, Spain; Piraeus, Greece; Naples, Italy; Funchal, Mediera Islands; New Orleans, La.; and Port Arthur, Texas. The cruise will end when the ship arrives in Galveston Aug. 10. Both engineering and deck cadets receive practical training in the basic operations of a merchant ship.

The Texas Maritime Academy is an integral part of the A&M University system. It is the newest and only state maritime academy on the Gulf Coast of the U. S., having been established in 1962. Midshipmen are offered bachelor of science degrees in either marine transportation or marine engineering. Completion of the college curriculum along with passage of the Coast Guard license examinations will qualify the midshipman to seek employment on any U.S. merchant vessel as either a third mate or third engineer.

MARRIAGE VOWS ARE EXCHANGED BY LINDA LeBLANC, JAMES ERSPAMER

Miss Linda Sue LeBlanc became the bride of James Robert Erspamer in a ceremony Wednesday evening at Sacred Heart Church. Msgr. Wm. Hennel officiated at the nuptial mass. Altar boys were Andy McDavid and Tommy McCready. The main altar was decorated with tall baskets of white gladioli and the side altars held baskets of Majestic daisies and pom poms.

The bride is the daughter of Mr. and Mrs. Leonard J. LeBlanc. The groom's parents are Mr. and Mrs. Robert G. Erspamer of Phoenix, Ariz.

The bride, given in marriage by her father, wore an Empire gown of white Chantilly lace with train effect in the back. The neckline and sleeves were accented with sequins and pearls. Her bouquet was feathered white carnations in cascade with white orchid in the center. A crown of pearls and sequins held her veil of illusion.

Mrs. Jerry Iles was her sisters matron of honor and Miss Betty Ann McDavid was maid of honor. Miss Kathy Erspamer, sister of the groom, was bridesmaid. They wore formal gowns of yellow dotted swiss and carried colonial bouquets of white daisies with yellow tulle and ribbon. Their headpieces consisted of yellow organdy bows and tiny white daisies.

Tom Catlin, of Whittier, Calif., was best man. Groomsmen were Richard Erspamer, brother of the groom, and Wayde Wendell. Master Chris Iles, nephew of the bride, was ring bearer. Kenneth LeBlanc, brother of the bride, and John Erspamer, brother of the groom, were ushers.

Mrs. Jerry Wendell played the traditional wedding music, and Mickey Casterline was soloist.

The bride's mother wore a semi-formal dress of pink silk shantung with white accessories. The groom's mother was dressed in a semi-formal yellow lace dress with matching accessories.

A reception was held at the Sandollar Colony Room. Those in the wedding party were Mrs. Donald Oliver, Miss Debra Rogero, Miss Vicki White, and Mrs. Corinne Homburg. After a wedding trip to Las Vegas, Nav., the couple will live in Phoenix, Ariz.

The bride is a 1965 graduate of Aransas County High School and a 1969 graduate of St. Joseph's School of Nursing in Phoenix. Erspamer and family of Phoenix, Ariz., and Lt. Col. and Mrs. Curtis Erspamer and family of San Antonio.

WHAT EVERY BRIDE SHOULD DO

What is one of the important changes a bride should make once she has said her marriage vows and the honeymoon is over? She should change her name on her social security card, of course, according to H. M. Cleveland, social security district manager.

The need for brides to correct their social security cards immediately is not generally known. But as one recent bride put it, "What's a honeymoon when you know your social security record isn't up to date?"

Each June social security offices remind brides that their new name should be entered on the record with the same number as before. The necessary change can be made in a few minutes.

"While this important matter deserves prompt attention," Cleveland said, "no harm will be done if June brides put off making the change until July, or even August, but it should be done soon so that work credits for social security can be correctly maintained.

With tongue in cheek, Cleveland requests the brides to be sure to shake the rice out of their gowns and hair before entering the office. Otherwise, it accumulates on the office floor creating a hazard to walking.

This will introduce William M. Brown, Jr., Colonel USAF Ret., to The Voters of Aransas County, Texas

A native of Texas who graduated from Kenedy High School, attended Allen Military Academy in Bryan, Texas, from 1933-35, he joined the Officers' Reserve Corps and served with the Civilian Conservation Corps for a year. After this, he taught Military Science and Tactics at San Marcos Baptist Academy from 1937 to 1939 while taking courses at Southwest Texas State Teacher's College. From 1939 to 1940, he completed a year of residence at Texas A&M where he received his Bachelor of Arts degree.

He was called back to active duty with the CCC in 1940 and in 1942 went on active duty with the Infantry. In two months he was ordered to the Middle East and the 9th Air Force, which duty carried him through India, Egypt, England and Europe. After World War 2, 1946-1948, Col. Brown was assigned to the G-1 Division of the War Dept. Gen'l. Staff, Washington, D.C. and entered the Graduate School of Business Administration at Harvard University and received his Master's Degree in 1950.

He was recalled to the Pentagon in 1950 to serve in the Operations and Personnel Divisions of the Air Staff until 1954, and was promoted to Colonel during this assignment.

Another overseas tour in 1954 when he became Base Commander at Kimpo Air Base, Korea, followed by Base Commander at Itami Air Base, Japan. He returned to the U. S. to become Comptroller of the Flight Test Center, Edwards Air Base, California, and subsequently became Chief of Staff of the Center, then assigned for four years as Assistant Comptroller of Military Airlift Command at Scott Air Force Base in Illinois. In 1963, to Orlando Air Force Base as Base Commander, where he served until his retirement in 1965.

Col. Brown's wife is the former Ernestine Bain of Kenedy, Texas. They have one daughter, Diane, who graduated from Aransas County High School in 1955. She, her husband, Gerald B. Hostetler and four children live in Highlands, New Jersey. The Browns purchased South Beach Lodges, 1131 Water St., in June, 1965, and have completely reconditioned it as a tourist motel. They are interested in an orderly growth of the Community. Col. Brown has served on the Park Board and on the City Planning Committee. The Browns are members of the Presbyterian Church.

Col. Brown is deeply interested in saving the natural resources of this area owing to their great economic value to the area and for the use of the nation's children to be born. His experience in developing leisure time programs for members of the Armed Forces, together with observation of such world-wide activities, has convinced him of the great tourist potential of this area. As the Colonel says, "That's why I retired here to fish and hunt and enjoy the people who do likewise."

His years in study of budgets and expenditures of public funds, together with facility planning experience, qualifies him to give worthwhile service to this Community as a member of the Navigation District. He does not believe that the $500,000 expenditure of the taxpayers' money is properly programmed. He believes that public money should be spent to provide a dollar's worth of service for every dollar spent. He obviously is not satisfied that we will get $500,000 worth out of this proposed bond issue. Likewise he is not sure that the Navigation District needs to collect 15c on every $100 valuation of real property in this county.

Col. Brown is not opposed to improvements, but he believes that before the taxpayers are requested to vote $500,000 in additional bonds, a searching study of the needs and benefits to the great majority should be clearly established.

Next week, Col. Brown will discuss his views in more detail concerning the Navigation District, as a candidate, who solicits your consideration of his qualifications for service on the Aransas County Navigation District.

Col. Brown is No. 6 on the ballot for July 12th.

Rockport Lions Visit Kingsville

On June 19, a committee of five members of the Rockport Lions Club visited the Lions Camp for Crippled Children at Kerrville to obtain slides for showing at the Ladies Night party at the Sandollar Motel, June 30, at 7 p.m. The committee chairman, Tom Jessee, took many additional pictures of present campers which will also be shown. Those accompanying him were W. C. DeWeese, Walter S. Falk, Roy Hunsinger, and Carl M. Osborn.

The Rockport Lions invite any child between the ages of 7 through 16, who is physically handicapped to be called to the attention of the Lions Club. They will be given a two weeks vacation, free of all expense.

The primary purpose of the Texas Lions Camp for Crippled Children is to support, maintain and conduct, without charge, a camp where children from all parts of the State of Texas may receive supervised camping and recreational activities during the months of June, July, and August. During the other months of the year, the camp conducts a school for the adult blind, that is recognized as one of the finest in the world.

Art Association Auction A Success

The Rockport Art Association realized more than $2,700 at its first art auction that was held at the Sandollar Friday night. There were 37 framed paintings as well as two easels auctioned by "Frog" Adams, of Corpus Christi.

All the items auctioned were donated by members of the Art Association and included not only paintings by local artists, but many by professional artissts from various parts of the world. An added attraction was the drawing for the nine door prizes that were won by lucky dinner ticket holders and buyers.

The final door prize was a landscape by Estelle Stair and only buyers had a chance at it. It was won by Mr. and Mrs. Fred Cunningham who have a home at Fulton.

Friday night saw the very first time a painting by Jack Sanders went up for sale—all of his many seascapes are hanging at the Sandollar, in his home and in the homes of friends—on loan.

The auction was preceeded by a social hour and a dinner and then the austioneer got down to business. Bidding was spirited and some shy onlookers found that by merely scratching their ears, they were bidding $55.

The event was an overwhelming success, according to the executive officers, and better than made that first step toward the Art Association's ultimate goal of a permanent building and gallery.

Babe Ruth played the outfield well and had a good throwing arm that base runners respected.

Question and Answer Column

This column of questions and answers on Federal tax matters is provided by the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q.—I didn't have to file an estimated return in April, but you mailed me a reminder notice about the June installment. Do I have to pay anything?

A. If you do not meet the requirements for filing an estimated tax declaration, please ignore the notice. Reminder notices for the June 16 installment were sent to all those who were mailed the new estimated tax package in February, based on possible liability for payment.

Briefly, an estimated tax declaration may have to be filed and installment payments made if you expect to have a balance due of $40 or more when you file your 1969 Federal income tax return. You can obtain details on these filing requirements by asking for a free copy of Publication No. 505 "Tax Withholding and Declaration of Estimated Tax," available at all IRS offices.

Q.—I've heard all your taxes have to be paid before IRS will let you leave the country. Is that true?

A.—U. S. citizens are not required to obtain tax clearance when going abroad. However, many aliens are required to obtain a tax clearance before their departure from the U.S. IRS Publication No. 518, "U.S. Guide for Aliens," explains this. Ask any IRS office for a free copy.

Q.—I teach and plan to go to summer school. Can I deduct the cost of my courses?

A.—Generally, educational expenses are deductible if they are expressly required by your employer or if they are necessary to maintain or improve your skills in your present position. No deduction can be taken for courses needed to meet the minimum standards of employment or to obtain a new job.

Additional details may be found in Publication No. 508, "Tax Information on Educational Expenses," free copies of which are available at all IRS offices.

Q.—I bought some stock five years ago that has tripled in value. Is it true that if I give the stock to my son I won't have to pay income tax on my profit?

A. Yes, tax law permits you to make a gift of this sort. Note that if the fair market value of the stock, plus any other gifts to your son, is over $3,000 in any one year, you will have to file a Federal gift tax return.

Your son will have to report as income, dividends received on the stock during the time he owns it. Also, if your son sells the stock, his cost basis will be your cost basis plus any gift taxes paid.

Q.—We are expecting our first child next month. When can we start taking a withholding exemption for the baby?

A.—You can make a change in your withholding anytime after the child is born by filing a new W-4 "Employee's Withholding Exemption Certificate."

Keep good records of your medical expenses this year as well as any reimbursements you receive from insurance. They will be helpful if you decide to itemize deductions on your 1969 return.

Q.—What records do I need for tax purposes on gifts to charity?

A.—To substantiate a charitable contribution deduction, you will have to show the amount of the gift, the date and the name of the organization. If you make a gift of property, keep a record of its description and how you figured the value.

Cancelled checks, receipts and other records will be needed for this substantiation. When you make a cash contribution to charity ask for a receipt, so you will have a record of the gift.

For additional details, get a free copy of Publication No. 26, "Income Tax Deductions for Contributions," from any IRS office.

Q—Where can I get more copies of the tax forms I need to deposit taxes withheld from employees wages? I can't find the forms I got this quarter.

A—Additional forms can be obtained by contacting your regional IRS Service Center, 3651 Interregional Highway, Austin, Texas 78740. When you request the forms, give your name, address, employer identification number, type of tax, the tax period to which the deposits relate, and the number of orms you need. Ask for FTD form 501.

If these forms do not arrive before your next tax deposit is due, send your deposit direct to the IRS office where you file your return. Make your deposit payable to the Internal Revenue Service and be sure to give your name, address, and employer identification number, type of tax paid and period covered.

Q.—I have my refund. Does that mean my return was alright and will not be audited.

A.—No, it does not. The fact that you have your refund indicates only that your return contained all the required information needed to process it.

IRS generally has three years from the filing deadline of the return to examine the return and propose an adjustment in the tax liability.

For this reason, keep your tax records for at least three years from the due date of the return. Some records, such as those relating to the acquisition of a house or other property should be kept longer.

Q.—I lost my refund check. Can I get it replaced?

A.—Yes, report the loss to the IRS Service Center, 3651 Interregional Highway, Austin, Texas 78740. They will send you the forms needed to apply for a replacement check.

Q.—I forgot to deduct my medical expenses when I filed my 1968 tax return. Is it too late to do it?

A.—No, it is not too late to amend a 1968 return. To make a change, obtain a Form 1040-X, "Amended U.S. Individual Income Tax Return," from your local IRS office and enter the information called for. It is not necessary to file a completely new return.

Library News

A great deal of interest is being shown in the Summer Reading Program at the Aransas County Public Library. Some children have already read nearly 30 books, while others are approaching it in a more leisurely manner. The required number for a certificate is 13.

An attractive poster has been made by Mrs. Charlyne Hunt, depicting a polar bear sitting on an iceberg with the caption, "Cool It With Books This Summer." Those who have read as many as six books will have their names written on this poster.

Contributions to the library have recently been made by Mrs. Burke Bosarge, Mrs. Jack McCready, Mrs. Thomas E. McArdle, and Mrs. Michael D. Casterline. A memorial was donated by Mrs. Connie Hagar.

The drive for overdue books is still on, so if you should find some you have overlooked returning, please take them back to the library.

Recent visitors in the home of Oscar Bauer and family were his sister, Mrs. Emmett May of San Antonio, and her daughter, Mrs. Leonard Mahn, and boys, Ronnie and Rodney.

Mrs. Jay Roden New Girl Scout Chairman

At a meeting of Girl Scout leaders and interested adults last Thursday night, Mrs. Jay Roden was elected unanimously as Service Team Director for the Rockport - Fulton area. There are presently six troops active here with the prospect of more when registration is completed in the fall. Plans were started to have a Bake Sale with all goods baked by the girls themselves. Miss Whitney is coordinator for this project. A request will be sent to the Corpus Christi Paisano Council for special leader training courses to be completed before the start of the fall school term. Brownies, Juniors and Cadettes will be contacted about their respective meetings to be held during the summer.
