"Program Of Action" Ordered In U. S. Labor Situation

Council Plans To Make Study Of Conditions

Quick Response Is Given To President's Suggestion For Action To Better Wages And Working Conditions

Plan Cooperation

Business Advisory Council Is To Meet In New York, Dec. 16, To Map Plans For A Study Of Problems

(By The Associated Press)

WASHINGTON, Nov. 19. — Responding quickly to suggestions by President Roosevelt that it survey such national problems as wages, working conditions and unemployment, the Business Advisory council today ordered a "program of action" to comply.

The council, which advises the commerce department on relationships between government and business, instructed its executive committee to meet in New York Dec. 16 to map plans for a study of the problems listed by the president.

FDR Suggests Study

Messaging the council a few hours earlier through Secretary Roper, Mr. Roosevelt had suggested it study absorbing workers into private industry, improving living conditions of low-income groups through low-cost housing and slum clearance and bettering "wage and working conditions of employes in industry."

Replying for the council, George H. Mead of Dayton, O., its chairman, wrote Secretary Roper that "all groups should cooperate fully to consolidate the recovery that we have thus far attained and lay a sounder foundation for future economic development and progress."

The council added its acceptance of "the responsibilities placed upon us" and pledged its "full cooperation" in carrying out Mr. Roosevelt's suggestion.

A statement from the council said it had instructed its executive committee to "formulate a program of action."

Another session of the council will be held here Jan. 27 and 28 to act upon the executive committee's recommendations.

Mr. Roosevelt's suggestions to the council were accompanied with a broad expression of hope for "a wise and more equitable balancing of the interrelated segments composing our economic and social life."

Judging Team Off For Chicago Trip

Texas Technological college international livestock judging team, headed by Coach Ray C. Mowery, is leaving early today for a trip that will take the six men from the division of agriculture to the annual Chicago International livestock show. The intercollegiate livestock judging contest is to be held there the Saturday after Thanksgiving.

In the party, which is to leave about 7:30 o'clock this morning, will be: R. C. Mitchell, W. B. McAlister, Raymond King, Pegues Houston, Ralph Riddel and Leldon Hudson.

Visits will be made for study and work, at the following places, said Mr. Mowery: Oklahoma A. & M., Stillwater; University of Missouri, Columbia, Mo.; J. C. Andras Hereford farm, Manchester, Ill.; L. W. Mathis Shorthorn and Percheron farm, Mason City, Ill.; University of Illinois Urbana; H .C. Horneman farm, Danvill, Ill.; Purdue university, Lafayette, Ind.; Mike Meyer swine farm, Wallace, Ind.

Tech's first entry in the Chicago International contest was in 1928 when they placed eighth. Missing the 1929 contest, in 1930 they places twelfth; 1931, sixteenth; 1932, tenth; 1933, third; 1934, first; 1935, eleventh.

TO REVISE STRUCTURE

CHICAGO, Nov. 19. (AP)—Marshall Field and company directors today voted to submit to stockholders a plan to revise the capital structure of the merchandising organization and refund the current debt. James P. McKinsey, chairman, said stockholders will meet Dec. 25 to vote on the plan.

Heaviest Stocks Of Christmas Goods In Years Burden Texas Store Shelves

BY DAVID A. CHEAVENS
Associated Press Staff Writer

DALLAS, Nov. 19.—The heaviest stocks of Christmas merchandise in years burden the shelves of Texas stores this fall, bringing a corresponding lightening of the heart to business men in all parts of the state.

Merchants from the Panhandle to the Piney Woods and from the Gulf to the Red River glowingly anticipate the best holiday business since 1928. Increased wages in many types of employment, more jobs, and a generally improved mental outlook were variously assigned as causes for the general optimism. Following are abbreviated reports from over the state:

Dallas—Christmas stocks up from 10 to 20 per cent, with merchants expecting a 20 per cent jump in dollar volume. E. P. Simmons, vice president of a large department store (Sanger Brothers) attributed improved outlook for holiday trade to increased employment and belief that depression is definitely over.

Houston—Chamber of commerce says reports to its office indicate "biggest Christmas in years." Credit men reported indications of best holiday business since 1929. Six Houston banks maintaining Christmas savings accounts said accounts to date $44,174.50 above last year. Stocks up, but some goods tied up by seamens' strike.

LARGEST IN HISTORY

LUBBOCK.—Largest Christmas stocks in history, with better class of merchandise than ever, are reported here, with some early sales made. Cash crops are leaving buyers with a surplus for purchase of luxuries as well as necessities. Expect trade to begin after Thanksgiving. Area in good shape and all towns will in all probability break previous holiday records.

Corpus Population Gains

Corpus Christi—Merchants have largest stocks since 1928 in anticipation of record-breaking business. Population has increased several thousand over last year.

Austin—Chamber of commerce figures show stocks largest since 1929 and 20 per cent larger than last year. Condition or rural buyers especially good.

Corsicana — Department stores doubled stocks, with heavier volume of better priced units. Merchants report slight reductions in prices of standard gift lines, and addition of new items in higher price brackets.

Vernon Business Good

Vernon—Despite reduced farm yield from summer drouth, retail business good. Some merchants have larger Christmas stocks than before, others about same. Christmas trade program most impressive in years with festivities expected to stimulate trade.

Amarillo—Present trade slow due to unseasonably warm weather, but

State Receives $5,726,796 In Liquor Taxes

First Year Of Existence Of Liquor Control Board Is Reported; $100,000 Fines Paid In During Year

(By The Associated Press)

AUSTIN, Nov. 19. — Charles R. Miller, administrator, said today the liquor control board collected $5,726,796 in levies during its first year of existence, ending Nov. 16.

Miller said also more than $100,000 was distributed to counties from fines paid by violators and that the greatest contributors to state funds were purchasers of excise tax stamps who paid in $3,988,454. Permit fees contributed $748,252.

Imports Net $15,592

One-quart importation taxes at the Mexico-Texas border ports of Brownsville, El Paso, Laredo and Eagle Pass yielded $15,392.

The board's enforcement division had collected $99,373 up to Nov. 1, all of which was turned over to counties in which the offenses were committe. A total of 2,841 charges were filed of which 1,381 were pending at the start of the month. Sixty violators were assessed jail terms.

Miller also announced 4,425 permits, exclusive of beer and wine licenses, had been granted since Aug. 31, of which 40 had been revoked.

Teachers Hold First Session

Approximately 100 Teachers In Lubbock County Schools Are Present Thursday Night At Meeting In City

Listening to a program spiced with music, songs, talks and educational discussions, approximately 100 Lubbock county school teachers attended the initial meeting of the 1936-37 session at First Methodist church chapel last night.

E. R. Haskins, Frenship superintendent and vice president of the association led the group in two songs, to open the meeting. Louise Haney, Frenship, played the piano. After the sing-song Mrs. F. E. Dawkins gave a reading "Learning to Sing."

HolBrook Discusses Problems

A. L. Faubion, New Deal, chairman of the association, introduced, G. D. Holbrook, Lubbock, deputy state superintendent of schools, who discussed current school problems.

"There is a need for a new course of study in the schools, originated by the teachers themselves. It must be workable and applicable to the child. Only by cooperation with superintendents, and the cirruculum

Commercial Trucks Allowed To Use Parking Meter Areas

Commercial trucks actually "engaged in the act of loading or unloading," may use parking meter space free during the time they are engaged in that work, Chief of Police H. L. (Bud) Johnston, said last night. Mail and express trucks, as well as commercial vehicles, such as grocery, bakery, hardware and other delivery trucks, are included.

"If we catch a truck in a parking space, just sitting there, with the driver doing something else besides unloading or loading, it will be just too bad," the chief added.

Decision came at a conference with City Manager W. H. Rodgers on the problem of stopping all double parking in the meter zone.

Thousand Die As Reservoir Looses Flood

Torrent Released By Collapse Of Japanese Mine Reservoir Contained Poisonous Copper Sulphide Solution

(By The Associated Press)

TOKYO, Nov. 20. (Friday) — More than 1,000 lives were feared lost today when the banks of a reservoir in Akita prefecture collapsed, releasing a poisonous flood.

The whole town of the Osarusawa copper mine, below the dam, appeared to have been washed away.

The muddy torrent contained poisonous copper sulphide solution.

There were only 18 known survivors. About 300 corpses were found and the rest of the population of about 1,200 was missing.

Rescue and relief parties were rushed to the town.

Blackshear Cheats The Law Thursday

TYLER, Nov. 19. (AP)—Barney Blackshear, thrice given a death sentence and awaiting trial a fourth time for the slaying of Mrs. Viola Brimberry, died tonight an hour after he was found with his arms slashed.

Jailers found the dark-haired, beetle-browed suspected killer in his cell weak from loss of blood. Arteries in both arms had been severed by a razor blade.

Blackshear was being held here awaiting transfer to Rusk. His fourth trial was ordered sent from Harrison to Cherokee county on a change of venue two days ago. He was convicted twice in Smith county and once in Harrison county. All three convictions were reversed.

Mrs. Brimberry was found slain with her husband in a cabin near Arp in 1932.

National Grange Opposes Subsidies, Suggests Ten Remedies For Farm Ills

Organization Closes 70th Annual Meet At Columbus, O.

(By The Associated Press)

COLUMBUS, O., Nov. 19—The National Grange late today went on record as opposed to subsidies or special privileges in any form as a permanent program.

The report of the organization's committee on agriculture, which was adopted during the closing hours of the 70th annual meeting, expressed the opinion, however, that subsidies "as an emergency measure are justified to right a temporary wrong or inequality."

Suggests Ten Remedies

The agriculture committee suggested 10 remedies for curing some of the farmer's ills.

They were:

1. We must keep the American market for the American farmer.

2. We must pay agriculture a parity price for the products raised.

3. We must encourage farmers to conserve their soil.

4. We must seek new uses for agricultural products.

5. We must encourage the family-sized farm and discourage corporation or very large-scale farming.

6. Only bring new lands into production as it becomes economically sound to do so.

7. Make agriculture a gainful occupation instead of just a way of living.

8. We must continue to help ourselves through the process of growth, realizing that in organization there is strength.

9. Farmers should have the normal, corporal and legal advantages given to industry.

10. Make the farm home truly a home so that it will be an attractive place in which to live.

Getting U. S., Germany And Japan In League, Keystone British Plan, Leader Says

LONDON, Nov. 19. (AP)—Chancellor of the Exchequer Neville Chamberlain tonight declared the keystone of British foreign policy was to bring the United States, Germany and Japan within the League of Nations.

Chamberlain told a political rally, "the league must be made stronger and this is the only way it could be done."

Attempt To Break Indian Will Is Overruled By Sooner Court

PAWHSKA, Okla., Nov. 19. (AP)—An attempt to break the will of Mo-Se-Che-He, fullblood Osage indian woman who left her estate which included $100,000 cash to her grandson, Victor Griffith Red Eagle, of Hominy, was overruled today by District Judge Jesse J. Worthen. The court ordered the will admitted to probate.

Mo-Se-Che-He died in San Antonio two years ago at the age of 70. The aged Osage woman left an estate valued at $120,000.

First Day Of Annual Drive Brings $800

Only Twenty Districts In City Make Reports In Red Cross Campaign Thursday; Goal Of 1,500 Members Sought

More than $800 was secured on the first day of the 20th annual Red Cross Roll Call drive Thursday, with but 20 districts reported from the city and county, five city, 25 rural and three other groups were unreported, Bert Pinson, chairman, announced last night.

Goal of the drive is 1,500 members and it is believed the county will go over the mark today.

Sixty-Seven 100 Per Cent

There were 67 firms that reported 100 per cent membership.

No reports were made up to late Thursday from the city schools, Texas Technological college, from Slaton and from 25 rural chairman.

Additional reports are expected today from some of the groups as well as from those unreporting Thursday.

Joe S. McInhaney is chairman of a team that will visit those firms and individuals misses the first day. A report from Chairman A. J. Payne at Slaton is expected during the day.

Mother Kills Self And Two Children

NORTHWOOD, N. D., Nov. 19. (AP) Kneeling before an onrushing train, her babies clasped in her arms, a Northwood mother tonight killed herself and her two small children near here.

The mother, Mrs. Belle Paulson, 30, left behind an incoherent note, telling of her intention to destroy herself under the train wheels, and begging her husband, Ray, "to forgive me—I hope I will see you again."

Killed with her were an infant son, Roumaine, a year old, and a second son, O'Clair, six years old.

The six-year-old boy was thrown clear of the tracks by the impact of a Great Northern passenger train bound for Breckenridge, Minn. He was taken, still living, to a Northwood hospital, where he died without regaining consciousness.

Goodfellows Christmas Cheer Drive Planned As Leaders Attend Meeting

THE Goodfellows—that city-wide organization of Lubbock people which last year brought Christmas cheer in abundance to every underprivileged child in the community—are on the loose again!

In a meeting of leaders of last year's first and successful campaign held yesterday afternoon at Hotel Hilton, plans for the 1936 campaign were discussed, together with organization problems. Within the next few days, said Chief Goodfellow whose identity remains anonymous—other and larger meetings will be held and the skids will be greased for the beginning of the most widely operated and generously supported Christmas campaign in Plains history.

Taking advantage of first year mistakes and omissions, this year's Goodfellows organization is being set up so it will carry on with machine-like precision.

Rose Loses Social Standing In New Edition

NEW YORK, Nov. 19. (AP) — Rose, who was listed as the junior in the family of Mr. and Mrs. George L. K. Morris when the summer edition of the social register came out — and then turned out to be the Morris' pet pooch — was missing from the new edition of the register today.

The Morrises make their home in Lenox, Mass., and confessed during the uproar over Rose's inclusion that they had listed her just for the fun of it. Rose is an unpedigreed Perkingese.

The name of Mrs. Wallis Simpson, remained in the register.

Wall Street's Dividend Era Is Continued

Twenty More Announcements, Headed By Anaconda Copper, Made Thursday; Total Now Above $500,000,000

Wages Increased

Pay Raises And Bonuses For Christmas Are Included In Movement; Profits Going To Stockholders To Escape Tax

(By The Associated Press)

NEW YORK, Nov. 19.—A banner dividend week rolled up a total today of about $200,000,000 in payments by nearly one hundred corporations in the biggest downpour of dollars Wall Street has seen in years.

Headed by a $4,337,000 payment by the Anaconda Copper Mining Co., twenty more announcements, mostly from smalled companies, sent aggregate disbursements scheduled for the year-end by about 155 companies above the $500,000,000 mark

Pays Extra Dividend

Anaconda moved to pay 25 cents a share Dec. 21 to its 110,000 shareholders in addition to the regular quarterly payment of like amount. Magna Copper chimed in with a dividend of $1.

Many remaining directors' meetings on the November calendar were expected to boost the total substantially. Corporations have hastened to distribute increased 1936 profits among millions of shareholders before the close of the year to avoid the federal surtax upon undivided profits as well as observe a Christmas tradition for good years.

Wage Hikes Continue

As wage increases continued, financial experts figured on basis of tabulations of autumn announcements that around $150,000,000 annually would be added to industry's payrolls, along wih some $50,000,000 in Christmas bonuses.

Among today's addition to the dividend list, Texas Gulf Sulphur announced an extra of 50 cents a share besides the regular quarterly 50 cents payment, totaling $1,920,000.

WICHITA FALLS, Nov. 19. (AP) A 20-ton machine that rips through a mesquite thicket like a hot knife through butter was demonstrated on the T. E. Dale ranch south of here today by J. S. Bridwell, oil operator and rancher.

The cumbersome machine bowled over trees as large as 10 inches in diameter without pausing, and left a wake of torn tree-trunks and roots. It moved four miles an hour.

The machine, called a "treedozer," is Diesel-motored, and consists of a tractor and heavy plow. It is designed especially to clear West Texas land of stubborn mesquite growth.

Board Hears Colleges Plea For High Work

Dr. Knapp Makes Plea For Tech At Austin In Hearing On Limiting Graduate Work To University And A. & M.

(By The Associated Press)

AUSTIN, Nov. 19.—Officials of eight state-supported colleges pleaded today before the state board of education against centralization of graduate work at the University of Texas and Texas A. & M. college.

Recently the board of resolution recommended to the legislature a centralization of graduate work in the interest of economy and better result and of economy and better to show why such work should not be curbed.

Necessary To Uphold Standards

Proponents of decentralized graduate work, including Dr. Bradford Knapp, president of Texas Technological college of Lubbock, argued that it was practiced at little additional cost and was necessary to uphold standards in schools.

Georgraphical peculiarities as exemplified by the citrus industry and proximity of the winter garden district justify the type of graduate work at Texas College of Arts and Industries of Kingsville, J. O. Loftin, president, argued. Other officials used the same argument in support of graduate courses.

Guleke For Proposal

J. O. Guleke of Amarillo, member of the board, said graduate work was so distributed as to make none of it outstanding and, in his opinion, concentration of activity at two schools would enhance greatly its effectiveness.

Other schools whose graduate divisions were defended were Texas College for Women, Denton; East Texas Teachers college, Commerce; North Texas Teachers' college, Den-

Two-Hour Parking Zone Authorized

Beginning this morning a two-hour parking limit will be in effect on Texas avenue between Thirteenth and Fourteenth streets, Chief of police H. L. (Bub) Johnston announced last night. Painting of the red letters was completed yesterday.

The two-hour parking was requested of City commission by business men along "cotton row." The area, out of the parking meter zone, was taken by cars parked for lengthy periods each day.

Revenue Reported

Revenue from operation of the parking meters Thursday reached a total of $403.30. Collections taken Wednesday, the first since Saturday, amounted to $182.60.

Although the exact installation cost was not available at City hall, the total revenue was believed to have exceeded the expenditure involved in placing the meters. Revenue is to be apportioned 35 per cent to the Dual Parking Meter company and 15 per cent to the city after installation costs are paid and until the cost of the meters is met.

"I Never Stopped Loving Her," Rudy Vallee's Telegram Said

SANTA MONICA, Calif., Nov. 19. (AP)—From Rudy Vallee came a telegram today in which he said he "never stopped loving" his ex-wife, Fay Webb, who died last night.

The telegram came to Miss Webb's father, Clarence E. Webb, Santa Monica police officer.

"I am with you in your great sorrow," the message read. "I never stopped loving her."

Captain Webb said: "It was the same with Fay. She would say, 'I still love Rudy'."

Struggle For Power Brings Conflict Near

Fascists And Communists Of Europe Are Preparing For General War; Spain First Battleground Of Dispute

Italy Is Preparing

Two New Factors, Mussolini's Orders For Preparedness And Eden's Statement To Commons, Envenom Case

BY JOHN EVANS
Associated Press Foreign Staff

FASCIST and Communists are coming to grips in their struggle for world power.

Spain is the first battlefield but other nations are lining up in what may end in a general war.

Two new factors today envenomed the situation.

Orders Full Speed

Premier Benito Mussolini of Fascist Italy ordered full speed in the production of air and naval armament.

Britain's foreign secretary, Anthony Eden, told the house of commons that "other governments" were more guilty than Italy and Germany in aiding Spanish belligerents. His hearers understood him to mean Soviet Russia.

If Russia and then France openly aid the established Spanish government and Italy and Germany give military aid to their new Fascist friends, there are few statesmen who look for anything but eventual war.

Spain Just Excuse

Few contend that Spain is anything but an excuse for nations to express their hostilities. None of them worried much during the five years Spaniards sought to build a solid republic on the ruins of Alfonso's old monarchy. It is only since Fascism versus Communism became a big world political and social problem that nations began to notice Spain.

Today starts the fifth month of the Spanish civil war that has cost an estimated 200,000 lives and appalled the world with its brutality.

Great Britain is chairman of the supposedly "neutral" nations that promised to keep "hands off" Spain. Great Britain once was a European if not a world arbitrator. She held the balance of power.

Great Britain has lost some of that prestige.

That's why Great Britain, the official peacemaker, is having a very hard time trying to make nations with bigger armies than hers keep the peace.

P.-T. A. Session Goes To Beaumont

FORT WORTH, Nov. 19. (AP)—Beaumont was chosen as the 1937 convention city for the Texas Congress of Parents and Teachers today as the board of managers met in post convention session to gather up the loose ends of their four-day conclave.

Final action of the managers was to appoint a state wide committee to keep parents informed about the development of new curricula ideas in Texas.

The committee headed by Mrs. S. M. N. Marrs of Austin includes Mrs. Charles Stephens, Fort Worth; Mrs. W. P. Riley, Junction; Mrs. W. B. Wilcox, Tyler; Mrs. J. W. Le Masters, Perrytown; Mrs. J. H. Crain, Amarillo; Mrs. C. F. Hunkapillar; Pampa; Mrs. Stephen Chamness, Austin. Mrs. R. D. Henderson, Austin; Mrs. Noyes Darling Smith, Austin.

Mrs. M. A. Taylor of Bonham, state PTA president, will sit with the curriculum committee.

GETTING RICH QUICK

WE wish disgruntled young people who are searching for "get rich quick Wallingford" schemes could have heard Senator Robert M. LaFollette explain the difference in wealth and money. As he put it, wealth is the country's natural resources; money is merely a medium of exchange. Too many youths scoff at the terms "honesty" and "fair methods" in business dealing today. They believe that "skin games" are to be preferred, so long as they don't get caught.

We believe the siege of contests that are scouring the nation are in part to blame for this attitude. Guess a football score and win an automobile, write a jingle and get a wrist watch, take a correspondence course in drawing and rival the richest paid cartoonists, these and other tempters find willing participants. The idea of getting something for nothing is appealing to the young and they lay aside tales of men who rose to power from obscure positions by way of study, constant plodding and personalities.

NICE WORK MR. MILLS?

WE believe R. A. Mills should be commended for his excellent introduction of Senator LaFollette. Said Mr. Mills, "Ladies and gentlemen, the speaker of the evening needs no introduction, I present Senator LaFollette of Wisconsin." Too many persons asked to introduce a lecturer begin with those words and continue to talk for ten or fifteen minutes. Senator LaFollette appeared relieved that he had not been forced to listen to a rehashed account of his past history, which would have been the only thing one could have done in making a lengthy introduction.

Benno Rabinof, young American violinist, who is to appear here tonight to initiate the programs, is not as well known as certain other figures in the musical world, it is true, but he comes highly praised by leading critics of the country.

A number of members from nearby South Plains towns will attend tonight's concert, said the Rev. W. R. Vivrett, association president. These include Brownfield, Hale Center, Littlefield, Lamesa, Levelland, Post, Slaton, Spur and Tahoka.

It's possible that Amarillo CMA members also will come down for the program. They attained a membership of 700 during their drive which was concluded last week. Their series, which is available to South Plains CMA, included: Moscow Cathedral choir, December 8; Attilio Baggiore, tenor. He's coming here you know and the Trudi Schoop ballet in March.

South Plains Civic Music association, 8:15 p. m., Lubbock High school auditorium, presenting Benno Rabinof, violinist, in concert.

Benno Rabinof, violinist who will appear in the Lubbock High school auditorium tonight, is an athlete as well as a musician. Although he has devoted most of his 27 years to the violin, he has found time for swimming, diving, running, handball, and recently ping-pong. He has won several championship trophies. Rabinof is said to believe his powers of endurance for long practice on the violin are due to his athletic activities.

The artist will be presented to a Lubbock audience tonight at 8:15 o'clock by the South Plains Civic Music association in he first concert of a series of three sponsored by the association.

After his appearance in Dallas, John Rosenfield, jr., member of the Dallas News staff, said, "The public, largest of the season, emerged from the auditorium remembering one of the more stirring interludes of our orchestra's history. He also said that the Rabinof tone is "of itself, big, broad, and handsome."

The program for tonight will include: Concerto in A major, No. 5 (Mozart); Chaconne (Bach); concerto in F sharp minor, No. 1 (Wieniawski); andante rubato ala Zingaresca from "Ruralia Hungaria" (Dohnanyi); scherzo impromptu (Gregg-Achron); "Grand Adagio" (Glazounow); "Perpetual Motion" (Novacek); "Nel Cor Piu Non Mi Sento" (Paganini-Prihoda). His own pianist, Berthe Rich, will play accompaniments.

Delphian Program Is On Literature

The Llano Estacado chapter of the Delphian society, led by Mrs. R. L. Durham, discussed English literature of the nineteenth century at a meeting Thursday morning at Hotel Lubbock. Discussions included: "The Poetry of Wordsworth", Mrs. Sherrill Boyd and Mrs. R. L. Fletcher; "Coleridge As A Poet", Mrs. J. I. Kilpatrick and Mrs. Boyd; "Shelley's Brief, Tempestuous Life", Mrs. S. H. Reid; "The Sensitive Plant, Symbolic Expression of Shelley's Own Life", Mrs. E. L. Banks; "Keats, the Rare Lyricist", Mrs J. Sam Lewis; "Lord Byron", Miss Sue Bryan; "The Victorian Age", Mrs. George W. Soash, and miscellaneous topics discussed by Mesdames A. M. Leftwich, jr., R. E. McDonald, S. B. Haynes, John D. Mitchell, Homer Pharr, T. B. Zellner, J. R. Edwards and S. E. Jondahl, and a critic's report by Mrs. Parker F. Prouty.

Mrs. F. A. Kleinschmidt, vice-president, presided in the absence of Mrs. H. F. Godeke who is out of town. The group voted to meet first and third Thursdays in December instead of second and fourth. Thursday's meeting was irregular because of Thanksgiving Day which falls on the fourth Thursday of this month.

Twenty-five members were present.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. Most people pass about 3 pints a day or about 3 pounds of waste.

Frequent or scanty passages with smarting and burning shows there may be something wrong with your kidneys or bladder.

An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the cause of nagging backache, rheumatic pains, lumbago, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Classes And Labs To Be Dismissed

Classes and laboratories will be dismissed at 2 o'clock this afternoon at Texas Technological college so that students and faculty may attend the Tech-DePaul football game, on condition that work be made up if instructors deem it advisable, Dean James M. Gordon said Thursday afternoon.

The condition is being made because dismissals in November will result in students missing the same classes on four afternoons, one Wednesday and three Fridays. Classes were dismissed on Wednesday, Armistice day, on a former Friday a game was played, and will be dimissed next Friday, during Thanksgiving holidays.

Bodies Of Twin Babies Found At Spillway Of Lake Dallas

DENTON, Nov. 19. (AP)—Spillway workers at the Lake Dallas dam found the bodies of twin babies, one-day-old, wrapped in a Dallas newspaper, apparently dead before they were thrown into the lake late last night or early today.

Justice Z. B. Lewis said his inquest verdict would be murder by persons unknown.

Workers under Rowland Stewart, dam keeper, sighted a burlap-wrapped bundle from the bridge crossing the spillway. The infant boy and girl were inside.

H. L. Hutcheson, county health officer, said the babies had not drowned because lungs held no water. He could not immediately name cause of death. He said the babies had lived for about 24 hours.

Stabilization Need On Farm

C. A. Cobb Says Solution Of Farm Problem Depends On Stabilization Of Income; Speaks In Paris Meet

(By The Associated Press)

PARIS, Nov. 19. — C. A. Cobb, director of the AAA's southern region, told the Southwest Cotton conference here today solution of the farm problem depended upon stabilization of farm income.

Speaking to farmers, ginners, cottonseed crushers and county agents from northwest Texas, southeast Oklahoma, Arkansas and Louisiana, Cobb said production must be adjusted to market demand.

Cobb discussed the relation of co-operative marketing with the government farm program. He said he believed Texas farmers had already shown their willingness to co-operate with the government and he expected the condition to continue.

The AAA officials urged better cotton as a means of overcoming low prices and talked of the importance of building up wornout soils through crop rotation.

He said intelligent production and merchandising were of equal importance in meeting the farmer's problem.

Delegation From Hale Center Will Go To Dallas Exposition

HALE CENTER, Nov. 19. (Special) Hale Center will send a second delegation of local people to the Central Centennial exposition in Dallas next week when a special car will be included in the regular Santa Fe night train from here Wednesday night of next week, to bear a party of more than 25 on a Thanksgiving excursion.

Early in October 173 local residents attended the exposition, going on the school children's special train.

NOMINATIONS REVEALED

AUSTIN, Nov. 19. (AP)—The railroad commission disclosed today that purchasers' nominations for Texas natural gas in December aggregated 1,922,216,000 cubic feet per day. The daily allowable this month was 1,635,649,000.

Nominations were East Panhandle sweet, 178,229,000; West Panhandle sweet, 876,691,000; Panhandle sour, 597,193,000; sweet gas outside Panhandle, 432,145,000; sour gas outside Panhandle, 16,187,000.

Open Letter From Welsh Jobless Read To King Edward; Benefits Are Asked

(By The Associated Press)

CWMBRAN, Wales, Nov. 19.—An open letter from Welsh jobless, asking, "will an impoverished people be able to joyfully celebrate your majesty's coronation?" was given to King Edward of England today.

The letter, first handed to one of the king's aides in Cwmban before the start of his second day tour of the bleak Wales mining districts, came to Edward's personal attention when, after luncheon, the chairman of the Blaenavon town council told him about it.

"Where is it?" the king demanded. "I want to read it."

The chairman handed Edward a copy. He read it and stuffed it in his pocket.

The letter appealed for a "higher living standard, work and wages" for "thousands of willing hands so eagerly waiting."

Inspecting headquarters of the committee for the jobless at Blaenavon, the king told the chairman of the committee: "Something will be done about unemployment."

At Pontypool, junior instruction center, the monarch noted that the boys' carpentry shops were separated from a large adjoining room where the girls were being taught domestic science. He remarked: "O, I see, you want to keep their minds on their work."

Exhibiting Of Baby Beeves By Hale Club Boys Is Profitable

HALE CENTER, Nov. 19. (Special) Four baby beeves owned by Raymond and Harold Heath, Hale county 4-H club boys, living west of here, won four prizes in the Aberdeen Angus division of the Texas Centennial Junior livestock show in Dallas last week which ended with an auction sale.

Raymond won second and third places and Harold won sixth and seventh awards. The Heath brothers showed four calves and sold five at auction, the five netting $478.86 from the sale in addition to $77 in prize money. Expenses of trucking the six calves to Dallas and other costs totaled $45.30, said E. D. Heath, father of Raymond and Harold, who accompanied the boys to Dallas.

Shackleford Trial Ordered To Be Held In U. S. Court Here

John Oliver Shackleford yesterday was indicted at Fort Worth by a federal grand jury and ordered transferred to Lubbock for trial in federal court on a charge of robbery of the First National bank at Sudan Aug. 27, the Associated Press reported.

He is now in jail at Wichita Falls where last week he pleaded guilty in an examining trial before U. S. Commissioner Melbille Peters.

Two employes, L. L. Anthony and Mrs. R. B. Sparks, were held up by a gunman who escaped with a large amount of cash.

PROCLAIMS PECAN WEEK

AUSTIN, Nov. 19. (AP)—Governor Allred today proclaimed Dec. 1 to 7 as Pecan week and urged Texans to observe it that the crop "may be marketed with benefit to growers, processors, distributors and consumers alike."

Bill Awaiting Cardenas' OK

Measure Passed In Mexico Is To Provide Expropriation Of Private Property; Powers Given Government

(By The Associated Press)

MEXICO CITY, Nov. 19. —President Lazaro Cardenas' personally sponsored bill for expropriation of private property "for the better distribution of wealth" was ready today for his signature.

A hasty session of the senate enacted the measure yesterday after hearing Senator Wilfrido C. Cruz of Oaxaca, the only speaker, assert it would help the government "take the weight of capitalism off the masses."

The legislation, giving the government sweeping powers of expropriation, was passed by acclamation in the chamber of deputies earlier this month.

Only the approval of President Cardenas, therefore, was needed to make the bill law. He was in northern Mexico distributing expropriated farm lands to landless workers.

Three Hale County Farmers Named To State Convention

HALE CENTER, Nov. 19. (Special) Three Hale county farmers were named Friday at a meeting of the farm association in Plainview to represent that body at the state convention in Fort Worth Dec. 2, 3 and 4.

Delegates named were R. E. Wilson, Hale Center, president of the Hale county association, B. R. Arthur and Coleman Jones. Alternates named were J. C. White, Cotton Center, and G. W. Louthan.

Cliff Day, prominent Hale county man, and vice-chairman of the state organization, will attend the meet, he said.

GONZALES MAN SHOT

GONZALES, Nov. 19. (AP) — Joe Rabel, 65, turkey raiser, was shot to death at his home, 10 miles north of here late yesterday.

Officers arrested and filed charges of murder against Will Knox, 35, after he telephoned the sheriff: "Come out here. I believe I have killed a man."

County Attorney Denver Perkins said he understood the trouble was over turkeys.

A Three Days' Cough Is Your Danger Signal

A cough, chest cold or bronchial irritation today may lead to serious trouble tomorrow. You can relieve them now with Creomulsion, an emulsified Creosote that is pleasant to take. Creomulsion is a medical discovery that aids nature to soothe and heal the infected membranes and to relieve the irritation and inflammation as the germ-laden phlegm is loosened and expelled.

Medical authorities have for many years recognized the wonderful effects of Beechwood Creosote for treating coughs, chest colds and bronchial irritations. A chemist worked out a special process of blending Creosote with other ingredients so that now in Creomulsion you get a real dose of Beechwood Creosote which is palatable and can even be taken frequently and continuously by adults and children. Thousands of doctors now use Creomulsion in their own families and practice, and druggists rank Creomulsion top because in this genuine, original product you can get a real dose of Creosote so emulsified that it goes to the very seat of the trouble to help loosen and expel germ-laden phlegm.

Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial troubles, especially those that start with a common cold and hang on and on. Get a bottle of Creomulsion right now from your druggist, use it all up as directed and if you fail to get satisfactory relief, he is authorized to refund every cent of your money. Get Creomulsion right now. (Adv.)

STOMACH GAS, BLOATING ENDED! WESTERN LADY NOW PRAISES VAN-TAGE

Mrs. Duran Tells How The Amazing New Van-Tage Quickly Ended Awful Stomach Gas And Bloat, Stopped Her Headaches And Made Her Feel Like A Different Person. "I Urge All Who Suffer To Get This Medicine", She Says.

MRS. R. J. DURAN, Widely-Known El Paso, Texas Lady, Who Says: "VAN-TAGE Cleared Awful Gas and Bloat from my Stomach. Now I can eat!" Read Her Amazing Statement!

Never before in local history, say Leading Druggists, has any medicine created such a sensation in this city as has VAN-TAGE! This is the "Amazing Mixture of Nature's Roots and Herbs and Other Splendid Medicinal Agents" now being introduced to crowds daily here in Lubbock by a Special Van-Tage Representative, direct from The Van-Tage Laboratories, at the Mark Halsey Drug Store, 1221 Broadway. All over Lubbock and throughout this entire section, people are praising VAN-TAGE and are saying, "I never saw anything like VAN-TAGE. It relieved me after many other medicines HAD FAILED. I don't know what I would have done without this Great Medicine!"

For instance, just a few days ago, Mrs. R. J. Duran, of 103 Wyoming St., El Paso, Texas, made the following Remarkable Statement about Van-Tage, describing the great action of this Amazing Formula, and urging all suffering people to get it and take it. Read this Widely-Known lady's testimonial. Read it thru and thru—and find out what Van-Tage CAN DO! Her statement follows:

Awful Stomach Gas, Pain After Every Meal!

"I suppose I must have been the most miserable woman in the world before I found Van-Tage," said Mrs. Duran. "I suffered CONSTANTLY with terrible gas and bloating in my stomach. Had no appetite—just had to force myself to eat and then I would suffer indigestion pains for HOURS afterward. My sluggish old liver made my complexion "splotchy," and I had the most dreadful headaches and would be so nervous that many a night I have walked the floor in agony.

"Nothing ever gave me any real relief from this suffering, although I tried all kinds of medicines and treatments. Then I started taking Van-Tage, and I am here to say that this medicine has made me one of the HAPPIEST women in Texas. The very first bottle started working the misery from my system. Now I have a real appetite. I can eat what I want and enjoy it, because Van-Tage has cleared away all that old gas and bloating misery, and I don't have those terrible indigestion pains after eating. It also had a wonderful action on my liver and cleared up my complexion, and the headaches and nervousness are things of the past. Van-Tage has made me feel like a different person and I want to urge everyone who suffers like I did to get this medicine and take it, for I know what it can do."

Is Like Taking Several Medicines At Once

VAN-TAGE contains over 30 ingredients. So it is like taking several medicines all at once. Some of its ingredients clear gas and bloat from stomach; others cleanse bowels; still others help sluggish acting liver and kidneys; and others relieve rheumatic and neuritic pain, due to contaminated system from the sluggish action of these organs. Van-Tage acts as a carminative, laxative, chologogue and diuretic. Weak, miserable people daily write us they soon feel different in general. Another thing—due to the immense volume in which it sells, the price of Van-Tage is reasonable. So don't hesitate. Get Van-Tage—TODAY!

A Special Van-Tage Representative, direct from the Van-Tage Laboratories, is now at the Mark Halsey Drug Store, 1221 Broadway, Lubbock, daily meeting crowds of people and introducing and explaining this Remarkable Compound.—Adv.

Airline Seen For Lubbock

Possibilities Of Service To City Seen By Reg Robbins; Flier Is Interested In Development Of Aviation

"There are good possibilities of an airline running to Lubbock by next spring", Reg Robbins, noted pilot, said here yesterday.

Robbins, pilot for 14 years and holder of the world's endurance record in 1929, has studied the possibilities for development of an airline here and would be interested in piloting for a commercial line here, he said.

To Open New Line

Preparations are being made for establishment of a line from Mexico City to San Antonio and the line will be in operation possibly by the first of March, according to Robbins.

"This is just my idea but from San Antonio to Amarillo would be a good bet. At Amarillo one could get on the Transcontinental Western Airline and go anywhere he wished. I can't do anything, however, until I find what the schedules are going to be. The line wouldn't be any good unless one could make connections".

The best chance for a line here, however, is for one between Fort Worth and Lubbock, Robbins said. A pilot could pay expenses if he transported two passengers and 200 pounds of freight each way.

Idea Once Entertained

Herb Kindred of Dallas entertained the idea of developing such a line but abandoned it, Robbins said. Robbins has discussed the plan with Fort Worth business men.

Lubbock would have to create interest in the line so that a pilot might be assured of expenses, Robbins said. "It's pretty hard to get a mail line", but if that could be obtained success of the line would be assured, he said .

"They have money out here and any place there's money there's use for fast transportation". He mentioned the prosperity here in contrast to conditions in most places he has visited. He is accompanied by Charles Hardin.

West Texas is a good place to carry passengers because "they're pioneers or they wouldn't be out here, and they go for things like that."

Plans for another commercial enterprise have tentatively been worked out by Robbins and a Fort Worth firm. The firm would provide planes for Robbins to use in giving flying instruction on the South Plains, using Lubbock as a base. The firm would consider each student a prospective buyer of a plane. Robbins prefers carrying passengers to giving instruction, however, he said.

The line from Mexico City to San Antonio will be opened by the Braniff company, from which Robbins has a two months' leave of absence. He is carrying passengers in Lubbock at present, in attempt to raise funds to buy a ship to enter the New York-Paris air race, May 21-22.

The race would not prevent his piloting for a line to Lubbock, since he would be gone only a short time, but "if I win the race I won't need to work for a long time", Robbins said. The smallest of five prizes is $13,000.

Policies Will Be Continued

Things Started By Dr. Tugwell Are To Be Continued During Administration Of Dr. W. W. Alexander, Indicated

(By The Associated Press)

WASHINGTON, Nov. 19.—Policies of Rexford G. Tugwell will go marching on, it was indicated today, even though the handsome "brain truster" will not be here to "administer them."

For instance, there is the farm tenancy program, which already has been started by Tugwell and which is bound up with theories of "paternalistic" government so roundly denounced by anti-New Dealers.

Dr. Will W. Alexander, Tugwell assistant slated to fill his chief's shoes as Resettlement administrator, has come out for a plan which is a virtual continuation of the Tugwell undertaking.

Dr. Alexander, former Methodist minister who is down in the southern sharecropper belt looking over the situation first hand, said last night the program should be a long range one, in which farmers would be closely supervised as the government helps them to rise from the status of farm tenants to land owners.

Tugwell's agency already has acquired 74,000 miles of farm land in southern states, with the idea of permitting tenants to buy it, over a long period and under close supervision.

Cheaper Turkeys Seen For Holiday

CHICAGO, Nov. 19. (AP)—Turkeys for Thanksgiving probably will be a nickel a pound cheaper than last year, Dairy Produce, a trade journal, predicted today.

Retail prices for live birds at Chicago recently ranged around 16 to 17 cents a pound for No. 1 hens and toms. Dressed wholesale quotations were as high as 23 cents. A year ago, dressed prices were 28 cents and went to 30 to 31 cents a few days before Thanksgiving.

Some strengthening in the market was expected by next week, when retail demand becomes apparent, Dairy Produce said.

The present turkey supply, estimated by the government at 20,000,000, was the largest on record. The journal said there was a tendency to market young birds because of the drouth and increased feed prices.

Dairy Produce forecast a higher consumer demand for turkeys, saying increased buying power and cheap prices should stimulate the market.

The magazine said that turkey prices in Texas and Oklahoma, where raisers have been on strike, were quoted at 10 to 12 cents a pound, compared with 18 to 20 cents a year ago.

Hull Arrives For Session

U. S. Secretary Of State Says Conference Achievements To Be "Milestones In Progress Of International Relations"

(By The Associated Press)

RIO DE JANEIRO, Nov. 19. — Achievements of the Inter-American Peace conference at Buenos Aires will constitute "milestones in the progress of international relationships," Secretary of State Cordell Hull predicted today.

The statement of the chief of the United States delegation was made shortly after the arrival here of the steamship American Legion, carrying delegates to the conference.

Amid a din of whistles, the American Legion arrived at 9:40 a. m.

Hull was received on the quay by members of the Brazilian cabinet and the diplomatic corps. After an exchange of greetings, he proceeded by automobile to the Copa Cabana hotel to prepare for a day-long program in his honor.

Hull declared results of the Brazilian-American trade pact have demonstrated that the best assurance for maintenance of peace come from economic rehabilitation.

New Houston City Directory Shows 13,638 Population Gain

HOUSTON, Nov. 19. (AP)—The new Houston city directory credited the city with a population increase of 13,638 for the past year, bringing the estimated population to 365,509, a record figure for any Texas city.

SHIP CARRIES ASPHALT

CORPUS CHRISTI, Nov. 19. (AP)—The freighter West Chatala, sailing recently, carried among other cargo 3,000 tons of asphalt in drums consigned to Italian ports. It was understood the asphalt would be reshipped to Ethiopia for road building. The steamer, bound for Italy, also carried 2,000 bales of cotton.

. . . that smell means Wasted Miles and Money

Dear Distressed Damsel:

Perhaps you wonder why the poor motorist is using such a "rich" mixture.

Lady, the reason is that the tank contains ordinary *low test* gasoline.

That's why the driver had so much trouble in starting, and why it is taking so long for his motor to warm-up. With all his yanking on the choke, the engine is still missing and sputtering.

He isn't enjoying it a bit more than you are . . . and in addition, it is costing him real money because *with the choke out he is using up gasoline 5 to 15 times faster than normal!* Besides, he is thus diluting the oil in the crankcase, which is one of the chief causes of winter damage to motors.

. . . How can he correct the trouble?

Easily. All he has to do is use Phillips 66 Poly Gas and *use less choke.* It is made by the WORLD'S LARGEST PRODUCER of natural high test gasoline. This explains its extra high test and the pleasant fact that it costs nothing extra.

It starts cold motors with split-second speed. Warms them up fast. Delivers maximum power with minimum fuel. And obviously, it increases mileage per gallon by decreasing the need for wasteful choking.

Every gallon of this sensational winter gasoline is 100% custom-tailored to your weather. Every gallon is enriched with extra energy units by the patented POLYmerization process. Our Testing Laboratory, after studying thousands of samples of all available motor fuels, assures you that the effective volatility of Phillips 66 Poly Gas is unsurpassed even by gasolines selling at a higher price.

How can you possibly lose by trying a tankful of Phillips 66 Poly Gas!

Phillips 66 POLYMERIZED

EVEN AT 50° BELOW FREEZING... this scientific motor oil lubricates perfectly. Always goes to work *instantly*, because it remains perfectly fluid. Protect your cold motor with PHILLIPS 66 MOTOR OIL

Phill-up with Phillips for *Instant Starting*

Low Average Of Failures Seen In Senior High School Grades

Failures in the 4,500 major courses which give full credit in Senior High school average only 7 per cent, said R. W. Matthews, principal.

The average is about the same as in other schools its size.

Average of failures in the 5,600 courses including minor courses is less than 5 per cent.

HE MADE A TEN-YEAR TEST WITH ALL-BRAN

Say good-bye to the headaches, the low spirits, the sleeplessness that often follow common constipation. Just read this letter:

"In 1926, I started using ALL-BRAN. And now, after ten years, during which I have put Kellogg's ALL-BRAN to a long, hard test, I am writing you this letter. It is better to eat this food and be in condition, than to resort to laxatives." —Bernard Altman, 63 Goodale Road, Mattapan, Mass.

Kellogg's ALL-BRAN will help you too. Its "bulk" absorbs moisture within the body, forms a soft mass, gently cleanses the system. Tests prove it is safe and effective.

ALL-BRAN is *guaranteed*. Try it a week. If not satisfactory, your money will be refunded by the Kellogg Company.

Just eat two tablespoonfuls daily. Either as a cereal, or in recipes. How much better to use this food than to take patent medicines. Buy ALL-BRAN at your grocer's. Made by Kellogg in Battle Creek.

Plans To Be Made For Tech Dinner At Fort Worth

A meeting of several ex-students of Texas Technological college will be held Saturday morning in Fort Worth for the purpose of making plans for the Tech dinner to be conducted in Fort Worth Nov. 27, B. C. Shulkey, assistant superintendent of Fort Worth schools, has informed Dean James M. Gordon of Tech.

Shulkey, Tech graduate, is in charge of arrangements in Fort Worth for the dinner.

Assurance has been received that William McCraw, state attorney general, will make the principal speech. Mayor Van Zandt Jarvis of Fort Worth will speak, and Amon G. Carter will speak if he is in Fort Worth at the time, Dean Gordon said.

During Teachers Convention

Ex-students and graduates from throughout the state are expected to attend. The banquet will be conducted during the Texas State Teachers association meeting in Fort Worth.

Among Tech faculty members and officials planning to attend are Dr. Bradford Knapp, president; Dr. A. W. Evans, head of the education department; Mart G. Pederson, head of the government department; J. T. Shaver, associate professor of education, and Dean Gordon. Miss Mabel D. Erwin, head professor of clothing textiles, is to make a committee report in the home economics division. Doctor Evans is a member of a committee which will report on educational progress in the state. N. Tech faculty member is listed to give an address on the general convention program or program of any of the sessions.

Dallas Jewelry Salesman Is Loser Of $855 On Street Here

J. H. Raymer, Dallas jewelry salesman, left for El Paso yesterday afternoon minus $855 which he said he lost on a Lubbock street Wednesday.

Raymer offered a liberal reward for return of the money which he said was in a manila envelope. There were five $100 bills, ten $20 bills and bills of other denomination. His home address is 2431 Pennsylvania, Dallas.

Message Gives Call For SOS

Cryptic, Bottle-Borne Note Is Cast Up On Beach Of Lonely Island In Gulf Of St. Lawrence Thursday

(By The Associated Press)

QUEBEC, Nov. 19. — A cryptic, bottle-borne S.O.S. message, cast up on the beach of lonely Anticosti islan aroused anxiety for the lives of an unknown ship's crew in the storm-whipped Gulf of St. Lawrence today.

The message, scrawled in almost illegible characters, read:

"Help. We have nothing to eat. We are in the middle of the Gulf. S. S. Chabot."

Signal service men were unable to tell how long the bottle had been tossed about on the waters, nor could they identify any such craft as the "S. S. Chabot" in their registries.

Apparently it was from some Gaspe peninsula fisherman's barque. In such a case, marines held little hope for the crews' safety, since a fierce storm has been raging in the gulf for days.

Reports today of a flaming vessel, 100 miles below Quebec city, were corrected later when the supposed "flaming wreck" turned out to be a small vessel thawing its frozen pipes.

Officers In Area Informed Of Los Angeles Blockade On Bums

Los Angeles police department will wage an intensive drive this winter against itinerants flocking to the Pacific coast state to "mooch" off the public, police and sheriff's department of this area have been advised.

Last year a border patrol was active in keeping unwanted itinerants out of the state, unless they were able to support themselves. While this year the patrol is not to function, the police of the city of Los Angeles will work within that city along that line.

The coast city department has requested police and peace officers of the Southwest to cooperate in an effort to keep transients from heading west for the winter months.

Order Is Issued On Domino Halls

Temporary restraining order to prevent them from operating a domino parlor, was issued against three persons by Judge E. L. Pitts in 99th district court late yesterday, at the request of Daniel A. Blair, district attorney, following raids on domino parlors this week.

Date of the hearing of the application for a temporary injunction was set for Wednesday, November 25, at 9 a. m. Defendants are: John Cusineaux, Con Caraway and Otis B. Pollard.

The petitions were prepared by the District attorney. They were identical, charging and alleging that "said property . . . being a place where persons report for the purpose of gambling at games played with dominos." A charge of "violating the gaming laws of Texas is made, and the defendants also are accused of "knowingly permitted said property and premises to be kept and used for said purpose."

Violation of articles 4664 and 4666 of the revised civil statutes of Texas is alleged.

In the event the plea of the state is upheld a later hearing of a permanent injunction is asked. Bonds or surety were not required.

LaGuardia Is Elected Again

United States Conference Of Mayors Re-Elect New York Leader As President; Ross Rogers Is Trustee

(By The Associated Press)

WASHINGTON, Nov. 19.—Mayor Fiorello H. LaGuardia of New York was ananimously reelected as president of the United States Conference of Mayors.

Immediately preceding the election, the conference unanimously decided to petition congress to appropriate sufficient funds to carry the federal work relief program for the remainder of the current fiscal year which ends June 30.

Advocate Act Extension

Extension of the railway labor act to all forms of transportation, was advocated also. This action followed efforts by mayors of east and west coast cities to have both sides in the current maritime strike submit their differences to arbitration by boards to be appointed by the president.

The conference also recommended adoption of Secretary Ickes' suggestions for establishment of the Public Works administration as a permanent agency of the government and for additional funds to complete PWA's present program of public works.

In addition to LaGuardia, the officers reelected included Mayor Edward J. Kelly of Chicago, vice president; Mayor Angelo Rossi of San Francisco; Mayor Neville Miller of Louisville; Mayor Ross Rogers of Amarillo, Tex., and Mayor Frederick W. Mansfield of Boston, trustees.

Consolidation Of School To Be Effective After Canvass

Consolidation of the County Line and Abernathy Independent school districts will be effective when the commissioners' courts of Lubbock and Hale counties canvass the votes in the election held Wednesday.

At County Line the vote was 49 to 36 for the grouping.

An unofficial report from Abernathy was a unanimous vote, all of 56 persons voting the proposal.

W. A. Richter, business manager of the Abernathy schools, said a 7-grade school probably would be continued in the County Line community, with high school students from the school district being carried to Abernathy.

CAPTURE LIVE OCTOPUS

PORT ISABEL, Nov 19. (AP) — A live octopus was captured recently by "Uncle Jim" Dickey, owner of a bait stand on the southern tip of Padre island. It is about two feet across when stretched out and, as far as known, is the only one caught alive here. Dickey says he saw a large one while fishing at the place he caught the small one on the north jetty.

Ravens and magpies can be taught to speak.

Youth's Demands Cited By Speaker

FORT WORTH, Nov. 19. (AP) — Modern youth, which wants progress with plenty, peace instead of war, the right to work and education to teach him about life was depicted by Edwin A. Elliott, regional director of the labor relations board, in the Wednesday morning session of the Texas Congress of Parents and Teachers.

"Youth thinks that in civilization, he told the gathering at Hotel Texas, "we should have progress with plenty instead of progress with poverty as we now have."

Youth is going to demand, "who's war are we fighting?" at the next war, he declared, because it wants peace. If it is a war to profit a few as the last one was, Elliott said, he'll have nothing to do with it.

"Youth wants the right to work," he said, "and holds that a civilization which denies him this right is an immoral civilization."

The 1937 convention city will be selected at the closing session Thursday, from bids of Galveston, Beaumont and San Antonio.

The Statue of Liberty was unveiled 50 years ago this year.

Fat Girls! Here's A Tip For You

All over the world the Kruschen method is appealing to girls and women who strive for an attractive, slender figure and more glorious health.

And here's the simple recipe that reduces fat and brings into blossom the natural attractiveness that every woman possesses.

Hundreds of satisfied users call it the Kruschen Way.

Every morning take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast and cut down on pastry, fat meats, butter, cream and potatoes.

Be sure and do this every morning for this is the Kruschen Way that brings "that Kruschen feeling" of energetic health and activity that is reflected in brighter eyes, clearer skin and cheerful vivacity.

Get a 4-oz bottle of Kruschen Salts at any drugstore throughout the world — it lasts for weeks and costs but a few cents.

Note — Many people find that the only diet change necessary while taking Kruschen regularly is TO EAT LESS.—Adv.

Gly-Cas Gives Him New Lease On Life

Kidney And Stomach Disorders Had Filled Mr. Liles' System With Poisons, Highly Nervous, Dizzy, Couldn't Sleep: Gly-Cas Again Unfailing

"Gly-Cas brought about a remarkable improvement in my condition," said Mr. John W. Liles, 303 Stone Ave., Monroe, a. "Over a

period of years chronic constipation had filled my system with poisons, affected my stomach and generally upset my system. I was unable to eat a single meal without great discomfort for I was sure to suffer with bad attack of indigestion after eating. My kidneys did not function properly, was extremely nervous and it was difficult for me to rest well at night. Before I had heard of Gly-Cas I resorted to practically any medicine that was suggested to me—but met with the same results—failure. But once I began Gly-Cas my health was soon restored.

"Gly-Cas accomplished so much for me that I am now able to enjoy the foods I eat without fear of becoming ill," he continued, "I sleep soundly the entire night through, arise in the morning with a clear head instead of that awful dizziness. My former pep and energy have been restored and I have actually been given a new lease on life by this new Gly-Cas."

Gly-Cas is sold by Mark Halsey Drug Store, 1219 Broadway, and by all leading drug stores in surrounding towns.

Plainview Case Comment Declined

WASHINGTON, Nov. 19. (AP) — Government and utility company officials declined comment today on a decision of Plainview, Tex., to drop its request for a $423,000 government loan for a municipal power plant.

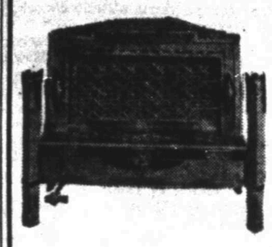

They said they had not learned details of a reported agreement between the city and the Texas Utilities company and could not guess what effect it might have on litigation pending in the District of Columbia court of appeals.

More than a year ago, the Texas company obtained an injunction restraining the Public Works administration from proceeding with the proposed loan and grant. One of dozens of such suits, the Plainview case went to the court of appeals when the federal district court here upheld the constitutionality of the PWA and its power projects.

Questions On Act Answered

Various Details Regarding New Social Security Legislation Are Pointed Out In Replies To Questions

(EDITORS: The Morning Avalanche herewith presents more questions and answers to explain the social security act).

• • •

WASHINGTON, Nov. 19. (AP)—If I qualify for a pension, how much will it be?

Beginning January 1, the government will keep a numbered account of your wages until your 65th birthday. Then, provided you retire, you will get a monthly check amounting to half of one per cent on the first $3,000 on that account, one-twelfth per cent of the next $42,000, and one twenty-fourth per cent of all over $45,000.

Say that again, please.

Let's put it this way. When you reach 65, suppose your account shows you have earned $62,100. Take 1-2 per cent of $3,000, or $15, plus 1-12 per cent of $42,000, or $35; plus 1-24 per cent of $17,100 or $7.12. Total totals to $51.12, which is what you get a month.

Why did they figure it out that way?

Because paying a bigger percentage on the first $3,000 means lower-paid workers will get more. So will those who have left youth behind, since their total wages for pension purposes will cover only a few years.

Do the states have anything to do with it?

No.

Am I, as an employe, compelled to sign up?

Yes, if you work in commerce or industry.

What if I don't sign?

You are an income taxpayer under the law, although your employer deducts the tax from your wages and pays it. The law, applicable to both of you, says that any person who fails to supply information required shall be subject to a fine of not more than $10,000 or a year in jail, or both.

Will the wage and employment data be kept confidential between the government and the individuals concerned?

Yes.

Can the G-men use the files to find out where a wanted man is?

This has not been decided.

Will fingerprints be required on the records to establish identity?

No, the data which you will be asked to give about your birthplace, parents' names, etc., was considered sufficient.

If an aged pensioner owes a debt, can the creditors take his check through the courts?

No.

Can I designate a beneficiary so my widow may get what's coming to me immediately if I die?

No, she probably will have to make a claim like in a private insurance case.

How much will she get?

Three and a half per cent of what your wage account shows, less whatever has been paid you in pensions.

Will it make any difference if I'm out of work several years before reaching 65?

No, if you have met the requirements.

Twain's Statement Still Holds True, Says Forecaster

HOUSTON, Nov. 19. (AP) — Mark Twain's statement about the weather has weathered the storms, drouths, Arctic blasts and heat of the years—and also the weather bureau.

Credit the weather bureau for the statement.

Speaking on the weather at the convention of the Association of Land Grant Colleges and Universities here, J. B. Kincer, chief of the division of climate and crop weather of the United States weather bureau in Washington, D. C., said:

Definite And Marked

"Drouths are due to stagnation of air mass movements. There are very definite and marked climatic trends with a tendency to abnormal and subnormal rainfall.

"There have been great rainfall depressions during the last 100 years. The first was in the 1830's, the second from 1886 to 1895 and the third began about 1930.

At Bottom Of Depression

"Judging by the past, we should now be about at the bottom of the trough of the present rainfall depression.

"There is a tendency to have a succession of drouths in the interior of the continent. The interior is affected more than the borders. There is seldom a drouth in the East.

"The drouths of 1934 and 1936 were much like those of 1894 and 1895. There was less rain in 1936 in interior of the United States during the summer months than in 1934."

Shift In Engineering Staff Of Highway Department Made

AUSTIN, Nov. 19. (AP)—The state highway commission announced today a shift in engineering personnel affecting the Dallas-El Paso, and Tyler divisions.

Guy Lott, division engineer at El Paso was transferred to Tyler. D. C. Greer, engineer for the Tyler division was moved to Austin to become head of the designs department here. J. C. Rollins, who had held the Austin position, was named division engineer at Dallas succeeding Clifton Rice, who was moved to El Paso.

Suggestion On Study Is Made

"Problem Of Improving Wages And Working Conditions Of Employes In Industry," Is Cited By Roosevelt

(By The Associated Press)

WASHINGTON, Nov. 19.—In a letter read to the business advisory council today, President Roosevelt suggested that the group of business men study "the problem of improving wages and working conditions of employes in industry."

Secretary Roper read the letter to the council, which makes suggestions on government policy toward industry to the commerce department.

As other problems for study, Mr. Roosevelt also suggested consideration be given to "further absorption of workers by private industry" and to improving living conditions of low income groups "through low cost housing and slum clearance."

Roper, in a talk to the council, said that one of "the most obstinate problems demanding vital attention on the part of business" is that of further absorbing unemployed into private industry.

Initiations For Society Are To Be Started Here Monday

Senior high school Thespian club, sponsored by Miss Lulu Mae Cravens, dramatics instructor, will start initiations for National Dramatic Honor society, Monday afternoon at 3:06.

Three past Thespian presidents, Eron Gafford, Sid Stout, and Rose Mary Harlan, will help in planning and carrying out the initiations.

Members of the Thespian club are eligible for membership and will be required to pay $1.50 for membership fees which in turn automatically make them life members.

This national club is for high schools and is a non-profiting organization, devoted exclusively to the betterment of dramatics in secondary schools. It is strictly non-secret and non-social, and its aims are the same as those of the National Education association.

Bank Clearings In 22 Cities Of U. S. Highest Since 1931

NEW YORK, Nov. 19. (AP)—Bank clearings in 22 leading cities totalled $7,358,694,000, the highest for a single week since Oct. 8, 1931, and an increase of 33.0 per cent over $5,576,438,000 in the same week last year, Dun & Bradstreet reported today.

Tech Meets DePaul Today At 2:30 In Final Home Game

Big Blue Demons Impressive In Workout Here; Eight Big Shots Of Tech In Last Game

DePaul Team Carries Weight Aplenty; Chicagoans Wind Up 1936 Schedule In Attempt To Square Matters With Tech Club; Injuries Weaken Red Raider Offensive Threat

Facts about today's game:

The teams—Texas Tech vs. DePaul university of Chicago.

The time and place—2:30 o'clock at Tech Stadium.

The coaches—For DePaul, James D. Kelly, head coach; Ben Connors, assistant, for Tech, Pete W. Cawthon, head coach; Dutchy Smith, line coach.

The officials—Referee, Lipscomb (Centre); umpire, Ziggy Sears (Kentucky Mines); head linesman, Parcells (Northwestern); field judge, Sweeney (Bethany).

The probable starting lineups, weights and numbers:

TEXAS TECH'S scarlet gridiron warriors start down the home stretch today with a golden opportunity to make football history here.

By defeating DePaul university from Chicago, The Ded Raiders can hang up Texas Tech's first undefeated, untied home football season.

It is all over on the local sod for the Raiders today, all over for all time for eight popular gridmen who, as seniors, make their final gesture before the home folks.

DePaul's Blue Demons are winding up their 1936 schedule today.

Lineup Changed

But while Tech's opportunity to set a new record is there, the players are not. At least they are not in good shape for a rough, tough football game, and that's what DePaul's husky boys in blue intend to take to the Raiders today.

Pete Cawthon's team is pretty badly shot. Injuries sustained in the last two games make it necessary to substitute five linemen and two backs for regulars who have been playing together.

Only two regular linemen, Red Ramsey and Pete Owens, are listed in the starting lineup, and Ramsey, left end, is not in the best of condition, hasn't been since the Wichita game. His running mate at right end, J. W. West, was removed from the Loyola tussle with a broken leg, and is lost for the season. Jim Brown, erstwhile guard on the shock troops, has been trying to learn the end assignments, and is due to start today.

Brothers At Guards

Replacing the injured line captain, Louis Jones, at left guard is Alton Owens, the other half of the Owens brother act. Pete, regular right guard, a star in every game Tech has played so far, including the losing battle at Los Angeles last week, is ready. Frank Gunick, reserve center, starts in place of the valuable Tex Wiginton, and the Browning brothers, regular tackles, are replaced by Bill Holcomb and Abe Murphy, a senior and a sophomore.

Biggest blow of all, however, is in the backfield, which must try again without he blocking and punting of Charley Duval, and which must struggle along without the triple threat ace Jim Neil, unless the great halfback turns up today in better condition than he has been lately.

They Need Neill

Neill very likely will see service, however, although not for long. The team needs his charging, passing, punting in this game more than in any other, and the prospects aren't pretty. Ed Smith, a good passer and fairly fleet runner when he's physically intact, is listed to start in Neill's place, with Miles Chapman taking the right halfback assignment. Captain Demp Cannon and Fullback George Winters, therefore, are the only regular backs in the suggested lineup.

By contrast, Coach Jim Kelly of the Blue Demons announces that his club is in better physical condition than it has been all season.

"We came through our last games without a scratch," Kelly said, "and the boys are all in fine condition."

Demons Have Luck

DePaul's team, composed of large, well proportioned, happy-go-lucky lads who seem to consider football as a sport and not a business, impressed sraggling railbirds yesterday in an early afternoon workout at Tech Stadium. Big, bulky, yet fast and spirited, the Blue Demons seemed to be having fun in their workout.

Defeated only twice this season, and then by close scores, the Demons have resolved to finish their season with a revenge victory over Tech. The club is composed largely of seniors, who will be winding up their collegiate careers, giving them something extra for which to fight.

Only two of Tech's eight senior gridders are listed with the starters today—Holcomb and Captain Cannon—although the others will be sent into the game to make final gestures. The other six are Neill, Duval, Winny Baze, Leslie "Broadway" Browning, Wiginton and Alvin Katrola.

Baze, who ran with the regulars early in the season then gave over to Duval, will divide time with Chapman at right half today. Duval will go in just long enough to make his final bow before a Lubbock crowd, and Neill may stay but little longer. Wiginton probably will not play more than a few downs. Browning and Katrola may do considerable playing at tackles.

Is Third Meeting

Tech and DePaul started their grid rivalry two years ago, the Demons coming here in 1934 to take a 46 to 19 licking. Last year the clubs locked horns on slippery Soldiers Field in Chicago and got no place against each other. The scoreless tie meant virtually a moral victory to the Demons.

Fans will see a couple of the best tackles Tech has ever faced in Washburne and Carlson of DePaul, and a finished back in Postaer, quarterback and triple threater. Apolskis at left end, Heim at right half and Mattei at full are other Demons about whom the Red Raiders and their fans may worry.

Junior High Club Smears Plainview In 12 To 7 Final

Scrapping like furies in the first half, Coach Mule Davis' Lubbock Junior high school Cowboys wound up their 1936 football season yesterday with a 13 to 7 victory over the Plainview juniors.

The game was played at Westerner Field, and a crowd of several hundred looked on.

The Cowboys thus got revenge for an early 12 to 6 defeat at the hands of the Bullpups and were able to wind up the season with six victories and two defeats. The other loss was to Big Spring last week, 7 to 6. The Cowboys have defeated Floydada, Cooper, Brownfield, Amherst, Littlefield and Plainview junior teams.

Only One Veteran

Coaches Mule Davis, Lovic Liston and Gordon Thompson, the latter having replaced Buster Honey on the Junior high staff, took a team with but one veteran and sent it through a successful season.

Lubbock's scores came in the second period, after a rough first quarter. The second was scored after Paul Sparkman, guard, had gathered in a partially blocked pass and returned it to the Plainview 1-foot line, from where Howard Alford plunged for a touchdown. Privett passed to Alford for extra point. Walter Glaze tackle, had batted up the Plainview pass and it was caught by Sparkman on a dead run, who carried it 42 yards.

Privett passed to Francis Bearden for the first Cowboy touchdown in the second period. The pass was good for a 3-yard gain, Bearden going over standing up.

Plainview In Third

Plainview scored in the third period, Barry scoring after a drive down the field. Graham kicked the extra point.

Lubbock's starting lineup: Bearden and O. B. Southard, ends; Parris and Glaze, tackles; Merriman and Sparkman, guards; Barker, center; Johnson, quarterback; Privett and Davidson, halfbacks; Alford, fullback.

Sparkman, Bearden, Southard, Privett and Alford were outstanding performers.

As Jim Goes, So Goes Tech's Team

Old Jarring Jim Neill, shown here in one of his triple threat poses, comes jarring down the home stretch before the home folks today. And when Neill tears out, the Tech team goes to town. He is handicapped in his last Lubbock game because of injuries, but when he goes in there to make his final bow at the end of his college career, he may be hard to take out. He has had a great year, except for two games. The eyes of Brownfield and West Texas are on him today.

Two Titles To Be Determined

McKinney And Edinburg Due To Clinch Grid Honors In Friday Games; Amarillo To Play Borger Bulldogs

BY HAROLD V. RATLIFF

DALLAS, Nov. 19. (AP)—Championships of two districts hang in the balance this week as the Texas Interscholastic league football campaign enters the home stretch.

Barring startling upsets McKinney and Edinburg will hold those titles, joining two other champions already crowned—Kerrville in the San Antonio sector and Port Arthur in district fourteen.

McKinney plays Sulphur Springs in District six. It is the final conference game for the unbeaten Lions, who last week took out their most dangerous contender, Greenville.

Edinburg meets the sixth-place Brownsville Eagles in District sixteen and by winning can take the championship.

Other champions will wait until next week for traditional thanksgiving Day games to decide.

The week's schedule by districts

1—Friday: Plainview at Pampa (district); Saturday: Amarillo at Borger district; Lubbock at Clovis (New Mexico).

2—Friday: Olney at Childress (district); Electra at Graham (district).

3—Friday: Sweetwater at Breckenridge (district); Cisco at Eastland (district); Ranger at San Angelo (district); Big Spring at Abilene (district).

4—Friday: Toleta at Bowie; El Paso (district); Austin, El Paso, at Albuquerque (New Mexico); Pabens at Hot Springs (New Mexico).

5—Friday: Bonham at Gainesville (district); Sherman at Paris (district).

6—Friday: McKinney at Sulphur Springs (district).

7—Thursday: Stripling (Fort Worth) vs Paschal (Fort Worth) (district); Friday: Masonic Home (Fort Worth) vs. Polytechnic (Fort Worth) (district).

8—Friday: North Dallas vs Woodrow Wilson (Dallas) (district); Saturday: Dallas Tech vs Sunset (Dallas), (district); Adamson (Dallas) vs Forest (Dallas) (district).

9—Friday: Kilgore at Tyler (district), Marshall at Longview (district), Vocational (Fort Worth) at Gladewater, Jefferson at Texarkana.

10—Friday: Lufkin at Jacksonville (district), Henderson at Athens (district), Palestine at Mexia (district).

11—Friday: Waxahachie at Hillsboro (district), Cleburne at Corsicana (district), Brownwood at Waco.

12—Friday: Austin at San Antonio Tech (district), Harlandale (San Antonio) at Kerrville (district).

13—Friday: Jeff Davis (Houston) vs San Jacinto (Houston) (district); Saturday: Reagan (Houston) vs Sam Houston (Houston), (district).

14—Friday: Orange at Goose Creek; Saturday: Galveston vs South Park (Beaumont) at Houston (district).

15—Friday: Raymondville at Laredo.

Horton Smith Makes Rally To Defeat Willie Goggin For Day's Highlight In Joust For Pros At Pinehurst

PINEHURST, N. C., Nov. 19. (AP)—It was the calm after the storm today in the professional golfers' championship.

The third round, played at 36 holes, was touched off with a rousing rally in the last 13 holes by Horton Smith to stave off elimination and join seven others in the quarter-finals.

Smith knocked the stuffings out of Old Man Par, overcame a five hole deficit as late as the 22nd and wound up beating rugged Willie Goggin of San Bruno, Calif., 2 and 1.

McSpaden Is Winner

It was easily the high spot of an otherwise tame day. Harold McSpaden of Winchester, Mass., defeated Leo Walper, 4 and 3.

McSpaden's third straight victory gained him a bracket in the round of eight opposite broad-shouldered Jimmy Thomson of Shawnee-on-Delaware, Pa., who sprang a mild surprise by polishing off Henry Picard, the Hershey, Pa., stylist, 4 and 2.

The six other quarter-finalists are Craig Wood, Deal, N. J.; Tony Manero of Greensboro, N. C., the national open titleholder who is striving to become the first player in 14 years to win both the open and P.G.A. crowns in the same year; Denny Shute of Boston, winner of the British Open three years ago; "Wild Bill" Mehlhorn of Louisville, who hasn't been very wild in this tournament; and Jimmy Hines of Garden City, N. Y.

Wood Beats Cooper

Wood eliminated "Light Horse Harry" Cooper of Chicago, 2 and 1.

The New Jersey player's triumph deprived Cooper of a meeting to settle the question of supremacy existing between him and Manero as the result of their one-two finish last June and instead, Wood will meet Manero tomorrow. Tony, with an almost methodical par 72, led wee Bobby Cruickshank of Richmond, Va., 5 up in the morning, and then, after surviving three straight birdies fired at him on the 21st, 22nd and 23rd holes, finally beat out the little Scot 4 and 3, sinking a 40-foot putt for a deuce at the 33rd.

Heavyweight Champ Visits In Dallas, Shows New Pair Of Fists Which He Says Will Take Care Of Bomber

DALLAS, Nov. 19. (AP)—James J. Braddock hoisted a pair of "brand new dukes" for inspection and quietly assured his listeners today that Madison Square Garden needn't worry.

He'll take Joe Louis like General Grant handled the Richmond incident, the heavyweight champion indicated, and then will put up his title for Maxie Schmeling in June.

Braddock, trim and rugged at 195 pounds, said he would leave Dallas immediately after refereeing a fight tonight and return to Hot Springs, Ark., for the finishing touches of a treatment he said had chased traces of arthritis from his hands.

All The Same To Jim

Braddock was eager to hear the latest developments from New York, where efforts to clinch a proposed scrap with Joe Louis at Atlantic City in February are being made. Madison Square Garden, holders of Braddock's title contract, has not yet agreed to the 12-round no-decision

Mustangs To Seek First Win From Baylor At Waco; TCU Hopes To Defend 12-Year Record Against Rice

BY FELIX R. McKNIGHT

DALLAS, Nov. 19. (AP) — Twelve years without a loss to a Rice institution team, Texas Christian's aerialists invade Houston Saturday hoping to prolong the streak—and keep themselves in the Southwest conference flag derby.

A snap in the string that started back in 1924 and the Christians could nurse nothing better than a slim mathematical chance at a first place tie.

The Houston attraction is the major item in a comparatively dull weekend. Southern Methodist, thumped the last two Saturday's will be trying for the first victory over a Baylor team on a Waco field and Texas A. and M. clashes with Centenary's Gents at Shreveport.

Texas, Arkansas Idle

Arkansas' Razorbacks, temporarily on top the percentage standings, and University of Texas, permanently on the bottom, have idle weekends.

Sizzling in their last three games, in which they scored lop-sided wins over Baylor, Texas and Centenary, the Christians, with "Slinging" Sam Baugh in perfect physical condition, rate only slight favorites over a Rice Owl that has fully awakened after a sleepy start.

Only Jake Schuehle, the brilliant sophomore quarterback, is on the Rice crippled list and Coach Kitts has been working his charges two weeks on ways and means of stopping Baugh's air thrusts. Winners of four of their last five starts, the Owls could tie a knot in the Christian's titular plans.

Two weeks out of the conference schuffle, Baylor, age-old jinx of Southern Methodist, comes back to protect a tradition that a Baylor team has never lost to Southern Methodist on Waco soil. Lloyd Russell, the fleet quarterback who stormed over for two touchdowns in the last four minutes of play to give the Golden Bears a victory over Oklahoma's Aggies last week, and Billy Patterson the sophomore passing ace, figure prominently in Baylor's plans.

Quarterback Johnny Sprague, bulky backfield ace of the Methodist, is not likely to play. He suffered numerous bruises in the Arkansas game that will cause Coach Matty Bell to use a pair of sophomores, Bailey and Graham, at his post.

For the third time in eleven days the Texas Aggies, talk of the circuit, head into intersectional battle. This time it is the Centenary Gentlemen of Shreveport, whom Head Coach Homer Norton brought into fame before he switched to A. and M.

Only Les Cummings, fullback, is likely to be missing from the regular Aggie lineup. He received a knee injury in the University of Utah game last Saturday. Dick Todd, sophomore running back injured in the Southern Methodist game, will also watch it from the sidelines but is expected to be back in the harness for the Thanksgiving Day classic with Texas at Austin.

Westerners Clash With Clovis Team

Chapman Takes Club To New Mexico For Contest Today

Hopeful that his boys have gotten over the Amarillo jolt and will settle down to playing some more real football, Coach Weldon Chapman takes the Westerners to Clovis for the annual game with the Wildcats this afternoon.

The contest starts at 2:30 o'clock, New Mexico time.

The Westerners are to leave early this morning by bus for the New Mexico town. Twenty-three players are making the trip, which means that the entire squad less a couple of injured players is going. Robert Spikes, tackle, and Earnest Winter, end, stay at home to nurse arm and leg injuries.

Gantz Is Doubtful

Chapman said it was doubtful that H. L. Gantz, regular right end, would be ready to play, due to injuries this week. Otherwise the lineup will be the same as that which started against Amarillo. Arvie Lee Oden will play right end in Gantz's place, and Letsinger will be at left end. Babe Ritchie and Virgil Simmons are the tackles, Wilburn Piercy and Sterling Short, the guards, Rafe Nabors at center. C. L. Storrs, Harold Ingley, Max Rutledge and Walter Webster will constitute the backfield.

"And if that bunch doesn't play football," Chapman said, "I'll take 'em all out and send in the Cowhands."

Chapman is not expecting an easy game by any means. Clovis has improved steadily since the start of the season, and features a passing attack that has clicked sufficiently to give Clovis a claim to the New Mexico state title.

State Rule Out

The "McIntyre-to-Head" passing combination, however, may hit a snag in the game today, since all passes must be fired from five yards behind the line of scrimmage, according to national football rules. New Mexico's state high school athletic association allows passes to be thrown from any point behind the line of scrimmage, as in pro football, and McIntyre, the Clovis passer, has been shooting all his heaves from a point almost even with the scrimmage line. Coaches Chapman and R. K. Staubus got together on the rules, and Clovis agreed to lift the forward pass rule for this game.

McLARNIN FIGHTS AMBERS

NEW YORK, Nov. 19. (AP)—Jimmy McLarnin, Vancouver Irishman and former lightweight champion, will make the second start in his comeback campaign tomorrow night when he takes on Lou Ambers, king of the lightweights in a ten round engagement in Madison Square Garden.

Slaton Should Clinch B Title

Brownfield Cubs To Play At Slaton This Afternoon In Class B Final Of Section; Levelland At Olton

Brownfield plays at Slaton, Levelland at Olton and the Lubbock High Cowhands at Spur today in outstanding Class B attractions of the section.

The Slaton-Brownfield game starting at 3 o'clock this afternoon, should clinch the southern half title of District 5B for the Tigers and put them in the district runoff with Littlefield next week.

Slaton, defending district champion, is favored to repeat. The Tigers expect a rugged battle with the Cubs of Brownfield this afternoon and another with Littlefield next week, provided they win today. In an early season preview, Slaton defeated Littlefield, 26 to 13.

Levelland plays Olton in a conference game at Olton, but both teams are virtually out of the running, Littlefield carrying the standards of the northern half of the district.

Coach Walker Nichols' high flying Lubbock High Cowhands, still seeking a game for Thanksgiving, invade Spur for what should prove an interesting game this afternoon. Spur has had its troubles, losing its final conference game to Paducah last week as the latter clinched the District 4B title, or the southern half of it.

In other District 5 games, which have no bearing on the races, Tahoka plays at Ralls and Crosbyton at Post.

No other games have been reported.

Fifteen Applications Made For Longhorn Coaching Job

AUSTIN, Nov. 19. (AP)—Dr. J. C. Dolley, chairman of the University of Texas athletic council, said today the number of applications for Coach Jack Chevigny's job had mounted to 15 but the name of Francis Schmidt of Ohio State was not among them.

Dolley said none of the applicants were well known but all had requested their application not be revealed for business reasons. Blair Cherry, coach of the champion Amarillo High team, has announced his intention to apply.

Rise In Oil Prices Seen

Basic Prices Are Expected To Be Increased; Refineries Are Having No Trouble In Disposing Of Products

(By The Associated Press)

TULSA, Okla., Nov. 19.—There was tall talk in the petroleum industry today of an impending rise in the basic prices of crude oil.

No one was willing to be quoted directly on the matter, but optimistic oil men, just returned from the American Petroleum Institute convention in Chicago, hinted broadly at their expectations of a real Christmas present for the business.

Sharp Demand Seen

One authority declared that of present stocks of crude oil, estimated at about 290,000,000 barrels, only about 85 per cent could be considered as refinable crude, with the rest basic sediment. A sharp demand for more crude is bound, he said, to bring about the long looked for increase.

There was considerable jubilation among oil men over the continual stream of reports of wage increases in major industries as well as increased dividend payments to stockholders. This new flow of money, it was pointed out, meant more automobile purchases and a greater demand than ever before for petroleum products.

Demand Warranted Gain

The jump in production of crude oil during the past week received only passing notice. The general impression was that market demand warranted the increase.

Other factors remained on an evenly optimistic keel. Demand for crude oil and gasoline remained good at unchanged prices. Busy refineries were having no trouble in disposing of their runs as contract and spot shipments held up well.

Holidays Arranged In Schools In City

Officials have announced that Thanksgiving holidays for approximately 9,000 students in Lubbock public schools, Texas Technological college, and Draughon's Business college will begin with completion of classes Wednesday and will continue until the following Monday.

Lubbock public schools will be dismissed officially at 4 o'clock, although several schools will conduct assembly programs that afternoon, after which they will be dismissed. Texas Technological college students will be dismissed at 6 o'clock Wednesday night or at conclusion of their classes if earlier. Draughon's holidays will begin at 4 o'clock.

Waco Is Selected As Center For New Public Forum Work

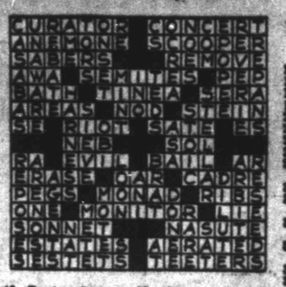

WASHINGTON, Nov. 10. (AP) — The office of education announced selection today of seven new public forum demonstration centers which it said would extend adult civic education to nearly 2,000,000 additional persons.

Cities in which the centers will be established, the office said, will include Waco, Tex.

John W. Studebaker, United States commissioner of education, said the new centers would begin operation about February 1 and continue through June.

President Is To Become A "Shellback" And Commander Of Polywogs On Cruise

(By The Associated Press)

JACKSONVILLE, Fla., Nov. 19.—President Roosevelt will become a "shellback" and commander of polywogs upon crossing the equator if tradition is followed abroad the cruiser Indianapolis.

The president's love of the sea and its customs makes it a safe assumption that King Neptune and his royal court will board the warship and initiate the president into the solemn mysteries of the Ancient Order of the Deep.

All To Be Inducted

Everyone from messboy up who, like Mr. Roosevelt, has not previously crossed the equator, will be inducted.

The rites begin when the ship reaches latitude 00.00, the imaginary line. On warships, guns salute and King Neptune, accompanied by his scribe, Davy Jones, and his royal court, come over the ship's side.

He is seated on a throne and the candidates are brought before him. How hilarious the ensuing session is depends upon the ingenuity of the costumed, bearded and crowned impersonator of Neptune.

Reads Imposing Certificate

When the fun is over, the newly accepted shellback drains the water from his ears, scrubs the tar from his cheeks and reads an imposing certificate he has been awarded.

Word from the presidential party was that both the chief executive and his son James, who is accompanying him, expect to be "initiated." James said he was quite certain he would "get the works" but none could say what course the ceremony would take with the elder Roosevelt."

Present plans call for the Indianapolis to be in the vicinity of the equator about Thanksgiving day.

Baron Kingsdale and Baron Forester, two peers of the realm, have the right to wear their hats in the presence of the King of England without special permission.

Interviews Begun On WPA Job Rolls

All persons now employed on Works Progress administration in the 15 counties of the Lubbock district will be intereviewed before December 31st, according to officials of the division of employment.

Interviewers for the counties in the district are: Mrs. Mary Wilson of Lubbock, for Lubbock, Cochran, Hockley, Crosby and Dickens; Mrs. Mildred Henderson of Plainview, Hall, Motley and Briscoe; Mrs. Elizabeth Mast of Lubbock, Parmer, Castro, Bailey and Lamb; and Mrs. Irene Gibson of Plainview, Swisher, Hale and Floyd.

A Situation To Be Watched

DURING an Armistice day meeting of Texas highway officials in Tyler, the Morning Telegraph of that bustling East Texas city brought out a bit of gossip which is new to this section, at least.

Discussing the fact that Highway Commissioner D. K. Martin, of San Antonio, will complete his tenure of office shortly after the first of the year, the Morning Telegraph announced that among others being considered for the approaching vacancy is Col. Ike Ashburn, of Houston.

Since the Martin vacancy undoubtedly will be filled from South Texas, the suggestion that the place go to Colonel Ashburn sounds not only plausible but good. The jovial giant knows and loves all of Texas. There is nothing provincial about him and The Morning Avalanche is of the decided opinion that as a commissioner he would consider the needs and rights of West Texas fully as fairly and as carefully as he would the needs and rights of his own native South and East Texas areas.

Further than that, Colonel Ashburn knows highways much better than anyone likely to be appointed to the commission.

As head of the Texas Good Roads association, he lived and breathed highways for many years and constant improvement of the state's system of roads has become an obsession with him.

* * *

ANOTHER thing we like about Colonel Ashburn as a possible highway commission appointee is that he is a man of tact, as well as of ability and foresight.

Unless the right kind of a balance wheel is placed on the commission, the highway department, easily the most efficient and best state agency, might be torn asunder by personal and political ambitions. With Ashburn on the commission, we see less chance of the department's being scuttled, because we know he would be both just and fair and will not be flimflamed by any person or group of persons.

* * *

FRANKLY, The Morning Avalanche is worried about the immediate future of the highway department and we know that many a thoughtful citizen who knows conditions is equally fearful.

To permit personal or political animosities or ambitions to tear down the efficient highway department would be nothing less than stark madness, yet that very thing can easily happen if the right kind of a man is not appointed to the soon-to-be-vacant commissionership.

The eyes of thousands of Texans are on Governor Allred and will be on him until he finally appoints the successor to Mr. Martin. If the governor makes a good selection everyone will be happy. If he makes a poor one, heaven help Texas highways.

We doubt if the governor has been faced with a more serious appointment since he became chief executive and we doubt that he will ever make one which will have more bearing upon the good of the state—and the future political fortunes of James V. Allred.

Believing that the governor has the good of the state at heart and believing he will do his best to safeguard the highway department against root rot and sabotage, we are hoping for the best.

But we won't rest easily until his decision is made and the state is assured that the good man, a big man and a sincere man is appointed to succeed Mr. Martin, who has been a commendable public servant.

WITH OUR CONTEMPORARIES

"But it's when you're talking and you ought to be spitting and a spitting when you ought to be talking, that usually gets things in a pretty fair mess," Jeane Suits chatters in the Lockney Beacon. "Then when you're talking and spitting and the snuff wheedles you into sneezing—say, now that's a 'horse' of a different color."

* * *

After referring to the fact that Brownfield grocers are not quoting prices in their advertisements in the Terry County Herald, Andy Jack Stricklin passes on some sage advice: "But whether the grocerymen are using good judgment is a question. We know it is not good business judgment to cut each other's throats and sell below costs. Neither do we think it good business judgment to entirely quit advertising."

SALUTE TO Love

by Rachel Mack © 1936 NEA Service, Inc.

BEGIN HERE TODAY

KATE and CAROLINE MEED live on a farm, Meed Meadows, with their indolent, loving grandfather, MAJOR SAM MEED, and two old Negro servants, ALTHY and ZEKE. Kate is engaged to MORGAN PRENTISS, who neglects her for EVE ELWELL, beautiful and wealthy.

Major Meed loses the farm to JEFF HOWARD, a bitter young mountaineer. Kate hates Jeff for taking their home and treats him insolently, but he falls in love with her. In desperate need of money, Kate sells her beloved horse, Brown Boy, to a neighbor. Later she finds that Jeff Howard has bought the horse and her resentment toward Jeff increases.

NOW GO ON WITH THE STORY

CHAPTER XXV

When Saturday came Caroline got out baking materials and spread them over the kitchen table as usual. She tried to do it unobtrusively, for she feared that Kate would cause trouble. During the past two days Jeff Howard's name had not been spoken between them and Kate had ceased to talk of Brown Boy. Yet the grim expression of Kate's tense young face did not suggest forgiveness or neighborly love.

Walking into the kitchen when Caroline was sifting flour, she looked at her accusingly. "That's not for Jeff Howard, is it?"

"Why, yes," Caroline answered. "I thought I'd make him a butterscotch pie and coconut cake, for a change of flavors. You needn't help me. Althy's going to mix the butter and sugar."

Kate said, "We'll make nothing more in this house for Jeff Howard."

"Don't be a fool," Caroline implored. "We clear $3 a week from our sales to that man. He's our only regular customer."

"I don't care what we clear. We're through with him, Caroline! We should never have had any dealings with him. It should've been lesson enough to us when he took our home."

"Oh, for heaven's sake, Kate! That was a legitimate business deal. He held the mortgage and we could not pay. What could you expect Mr. owaHrd to do? Eat the papers?"

"He needn't have crowed over us," Kate replied. "He needn't have boasted and sneered and rubbed his own back. He's hated me from the first, Caroline, and he knows I return it. He got hold of poor old Brown Boy just to tread me a little deeper into the dust!"

"You're being melodramatic, Kate," Caroline said wearily. "But, granting what you say is true, why toss up his order when we need the money we get out of it?"

"Because I won't be indebted to the creature, Caroline. I don't believe he really wants the stuff. He takes it because it tickles his vanity to have the Meeds cooking for him. Caroline, let me tell you something! Zeke asked me yesterday why Mr. Howard buys beaten biscuits to feed to the chickens! He said he's seen broken biscuits scattered to the chickens every time he's been over there."

"Our biscuits?" asked Caroline in blank surprise.

"Whose else? Does that look as if he's buying our baked goods to eat it? No, I tell you! It's another of his mockeries. He's put us on his charity list, and then sits back and gloats over it. I'll not be indebted to him, Caroline! I'll never ask another favor of him as long as I live!"

* * *

Caroline saw that Kate was in earnest. She shrugged and began to put away flour and baking powder and cake pans. "All right," she said. "I'll send him word we're going out of business. But I think it's something like the poor man who said he intended to hang himself and somebody asked him what he'd do for a rope. He said he'd make it out of pride, because pride's stronger than hemp."

Kate might have been benefited by this fable if something had not occurred to drive it from her mind. On the living room table was an open newspaper which her grandfather had just laid down. Glancing through it before starting to dust the room, she came on the announcement of Eve Elwell's engagement to Morgan Prentiss. The wedding would be in October, Kate had expected this to happen, yet it was shocking to come upon it in cold black print. The news was already a day old.

That evening at supper she was conscious of tender solicitation on the part of Caroline and Major Meed. She said, "For goodness sake, stop watching me with soft-boiled eyes! I'm bearing up very nicely, thank you. I was expecting it. Only I thought they'd elope and not bother with a formal engagement."

"Eve would have to have a big wedding," Caroline said with a shade of bitterness. Her heart was heavy with resentment, for Kate's sake. Granted that Kate had ceased to love Morgan, as she claimed she had, had he not caused her love to die through his neglect? And there was the way the affair would look to others. Caroline writhed at the thought of it. Kate in the role of the jilted girl!

Major Meed poured skimmed milk over a baked apple and remarked with admirable philosophy, "You'll find yourself better off without him, Kate. Just the way I find myself better off without Hyacinth's cream. Too rich a mixture."

Kate laughed and the tension was relieved. "I suppose the town's buzzing," she said . . . "I believe I'll go to church tomorrow. Looking my best. Wearing a perfectly pleasant expression."

"That's the spirit," said her grandfather. "Take one of your other beaus with you."

Kate and Caroline exchanged amused glances. It was one of Major Meed's fond and gallant illusions that countless young men were in love with his granddaughters, ready to kneel at the crook of a finger.

* * *

Yet Kate did have an escort next day. She encountered Johnnie Baird coming from the postoffice, and carelessly invited him to accompany her.

"Don't care if I do," Johnnie decided. "Haven't been to church since Easter. By the way, do I look all right?"

"You look fine," Kae told him. "But let's not be late."

It was a comfort, she found, to be escorted to the family pew by Johnnie. After all, he had been rather attentive to her once and she had been fond of him, before Morgan had supplanted him.

"Could I," she wondered, while Johnnie's good tenor voice rang out over a hymn book, "manage to catch him again? . . . And could I fall for him if I did? It would save my pride . . . Johnnie's kind. Not a pauper, either . . ."

Yet when, that night, Johnnie came driving out to Rickety House bringing Cynthia Chenault and two young men and melons enough for a party, Kate felt no elation. "Here I am," Johnnie's eyes told her, "ready to begin again where we left off—ready to step into Morgan's shoes—!"

While the others arranged themselves on pillows on the porch steps, Kate and Johnnie walked down the star-lit road. "I've always had a weakness for country roads in the dark," he said. "What smells so sweet?"

"August lilies," Kate told him. "There's a clump in bloom just over by the fence. Don't pay any attention to them. They'd make a rock sentimental."

Johnnie lit a cigaret and said huskily, "I could get that way if you'd let me—"

"Some other time, Johnnie," Kate said quickly. "Not tonight. Let's just be crazy tonight. Let's make limericks, the way we used to."

"Limericks!" Johnnie protested. "Why did I ever get myself a reputation for those things?" A horse neighed in the pasture. "Is that Brown Boy?" Johnnie wanted to know.

"No," Kate replied shortly. "Go on, Johnnie. Make a limerick. Make one about—about—King Carol of Rumania."

Johnnie looked up at the stars, inhaled and presently chanted, slowly and obediently:

"See Carol in gold lace and saber
Reviewing his army. What labor!
He never fatigues us,
In fact he intrigues us,
And so does his red-headed neighbor."

Kate applauded. "That's the gem of your career, Johnnie! I'll write it down in my book tonight, along with your others. I did a pretty good one myself last week. Listen to this—"

* * *

The old game was on, and Kate kept the star-lit walk down the dark road free from sentiment. It was not until they were entering the yard that Johnnie said quickly, "I meant to tell you, Kate—I'd like to take Morgan's place if you'll let me. If you fe.. the need of somebody, I mean, to fetch and carry for you—"

Kate felt a surge of gratitude at the almost tactful way in which Johnnie was trying to readjust their relationship, disposing of Morgan, yet not ignoring him. She answered, "Thank you, Johnnie. A girl does need someone around. I'm not in

The News Behind The News

WASHINGTON
By Ray Tucker

ALTHOUGH Rep. John J. O'Connor of New York appears to have the edge in the exciting contest for House leader, personal and political intrigue on the part of his associates upsets all calculations. Never in recent years were there so many inside deals and dickerings.

Three non-participants in the race may decide whether the victory falls to Mr. O'Connor or Representative Sam Rayburn of Texas. They are Reps. Robert Crosser of Ohio, Adolph Sabath of Illinois and Patrick J. Boland of Pennsylvania. They enter into the picture because their own advancement depends upon the outcome of the struggle for the leadership. As the deans of their powerful delegations, they may be able to swing large blocs of votes either way.

Mr. Sabath becomes Rules committee chairman if Mr. O'Connor is promoted from that post, so he will probably line up for the New York man. Mr. Crosser will become ranking Democrat on the Interstate and Foreign Commerce committee in the event of Chairman Rayburn's elevation, so he is set down as a backer of the Texan. These considerations will settle the fight for the third highest legislative office in the United States—not the comparative abilities of the contestants. That's politics.

* * *

EXCITING: Key man, however, is Patrick J. Boland of Scranton, stocky, red-headed House whip and snappy shortstop on the Democrats' Congressional baseball team. Unknown to the general public, he is one of the ablest and most promising figures on the majority side of the aisle.

Mr. Boland stands right in line for the leadership when Speaker Bankhead—who is not a strong man—steps out, and is succeeded by whomever the House names as its next Floor Leader—Mr. O'Connor or Mr. Rayburn. (The Speakership, incidentally, is the real prize in the coming battle.) But Mr. Boland will lose out if he backs the wrong candidate in next month's election. He must swing his 27 Pennsylvania Democrats, if possible, to the winner. Otherwise he will be dethroned as whip and sent to the bottom of the class.

If Mr. Boland plays personal politics, he will probably team up with Mr. Rayburn. As the South's candidate for promotion, the latter can always influence 100-odd votes for the Pennsylvanian in future ballotings. With Pennsylvania's 20-odd votes that makes almost a majority of the Democrats' normal total, and would ordinarily insure victory for Mr. Boland when his time to move up arrives. It's such considerations as these which make the House leadership fight so exciting—and significant.

* * *

BALLOONS: Early birds among the Congressional Progressives returning to Washington threaten trouble for President Roosevelt at the next session of Congress. They claim most credit for his tremendous vote and intend to force him to give them their reward.

The Senate Progressive bloc will wait only a few days before introducing a resolution embodying a constitutional amendment reviving NRA and AAA in almost their original forms. They don't expect quick passage of their specific proposal, but they seek to arouse discussion where it counts for something—within the walls of Congress. Privately they plan to smoke out Mr. Roosevelt on this admittedly ticklish subject.

Capitol Hill liberals will whisper their thoughts in the President's ear before spilling them in the Senate chamber. For one reason or another he may be able to stave off their insistent demands—if he wants to. Indications are that he will be happy to let them assume responsibility for sending up a few trial balloons. He can't stop them, anyway.

* * *

BITTER: James Aloysius Farley's postoffice department turned up the first tip on Al Smith's fall in the esteem of the American people.

Veterans in the postoffice report that never before in American politics did they confiscate such a large batch of obscene, vindictive and derogatory mail as the volume addressed but not delivered to "Al Smith." The remarks on the postcards not permitted to continue their journey are "unprintable." They range from A to Z in the vocabulary of profanity and obscenity.

The bulk of the mail came from people who were once violent and vociferous in their support of the Happy Warrior. Most of the postcards prefaced their indictments with the remark, "I voted for you in 1928."

* * *

DAMNED: The government will institute a number of tax suits against Republican politicos within the next few months. They will, of course, precipitate charges of reprisal against the Roosevelt administration, as happened when Uncle Sam asked extra payments from Messrs. Raskob, Mellon, du Pont, Mitchell.

As a matter of fact, suit has been held up pending the presidential election. The papers were drawn in routine style months before November 3, but for fear any action might provoke outcries—and possibly lose votes—higher up official decided to postpone prosecution. Now the complaint will be that by holding off the Treasury played partisan politics.

Secretary Morgenthau doesn't swear, but it looks like another case of "Damned if you do and damned if you don't."

NEW YORK
By James McMullin

GEORGE BERRY'S announcement that labor's Non-Partisan League for Roosevelt was going to set up national and state legislative committees—polite name for lobbyists—sent chills of apprehension down New York spines.

Evidently labor is set for a broad and forceful campaign to collect the fruits of electoral victory, and intends to turn on all the heat that may be necessary. From the industrialist viewpoint, it is very difficult to organize defenses. For one thing, there are too many fronts (Washington and many state capitals) to be covered effectively. For another, the overwhelming New Deal triumph has weakened the conservative forces in practically every state legislature as well as in Congress.

The situation boils down to the ironic fact that industry must depend on President Roosevelt, after fighting him tooth-and-nail, to protect it from excessive demands by his labor supporters. Recognition of this angle makes it certain that most of the big fellows will toe whatever mark FDR chooses to chalk for them—at least until Congress and the state legislatures have ended their 1937 sessions.

* * *

ISSUE: Skilled business diplomats are working on one particular offset to labor's program. At the moment they are trying to sell it to some of the President's key advisers. If they can induce Mr. Roosevelt to support it in principle, they are prepared to swap broad concessions as to wages and hours for it without a struggle.

The move they have in mind is the enactment of legislation making labor organizations legally and collectively responsible for the fulfillment of contracts. Trade unions do have extensive legal responsibilities under British law and industrial leaders claim that similar obligations should be imposed on them here as a matter of equity and to keep "irresponsible" elements under control.

Naturally labor chiefs prefer their present freedom. A vigorous struggle is in the making on this issue, the outcome of which may have a vital bearing on the future of labor relations in this country. The President's attitude is likely to be decisive.

* * *

TNT: Secretary of Labor Frances Perkins certainly grabbed a hot potato when she undertook to determine whether employe representatives under the steel company union plan have a legal right to sign the wage agreement proffered by their employers.

The Secretary agreed to "break new ground" on this question. She sure will! And whatever she decides there will be a furious challenge of her own authority by the side against which she rules.

New York critics contend that in this matter she is like a 10-year-old child playing with TNT.

TARZAN AND THE LEOPARD MEN, 101

By Edgar Rice Burroughs

Cold sweat punctured the brow of Old Timer as he heard now the splash of paddles behind him rising to a swift crescendo. Throwing his full strength into the effort he attempted to turn the prow of the canoe toward the dark shadows of the right bank.

But the giant craft was toco unwieldy to maneuver quickly. It seemed almost to stand motionless. Suddenly there was a jarring thud as it was struck amidships by another canoe. Then a second boat pulled up alongside, amidst a babble of angry questions and commands.

Old Timer recognized the voice of Bobolo as warriors leaped into the canoe and seized him. Fists struck him, powerful talons dragged him down. He was overwhelmed. In another moment his canoe was being manned by Leopard Men, returning to the fatal temple.

But Kali Bwana was no longer with him. In the confusion, Bobolo had recognized his opportunity and seized it. Even in the darkness he had seen the girl's white skin, and he had dragged her into his own canoe. Now she was in his power—to serve his evil purpose!

WHAT IS PUPIL DILATION AND HOW IS IT PRODUCED? Nature provided muscles to regulate the size of the pupil to control the amount of ights entering the eye in proportion to the intensity of the light. Excessive light is very injurious. Reaction of the pupil is to contract, reducing the amount of light entering the eye. Light of less than normal intensity necessitates more light entering the eyes, to maintain normal or near normal vision. These muscles act involuntarily.

Fixed abnormal pupil dilation is produced by a drug instilled into the eye which paralizes the muscles hence Nature is interferred with, preventing the regulation of the size of the pupil as required by light stimulation. In this condition, eyes cannot be used for near work. Remember this: no drug can refract light or the human eye. Our Modern Scientific Optometrical Eye Examinations Are Safe and Free From Pupil Dilation.

WALL STREET REPORT

NEW YORK, Nov. 19. (AP)—The buying light was dimmed further in today's stock market and recent leaders groped unsuccessfully for recovery stimulation.

While a number of specialties emerged with moderate advances, losses of fractions to 2 points predominated, with a few issues suffering wider declines.

The inspiration of outpouring dividends, brokers said, seemed to have waned considerably and renewed concern over possible European unsettlement in connection with the Spanish civil war caused traders to step more carefully than usual.

The continuance of labor difficulties, with strikes in different parts of the country, also was thought to have sent some buyers to the sidelines.

Announcement of the Securities and Exchange commission that it intended to move for the segregation of brokers and dealers functions on the stock exchange, together with the enforcement of full margin regulations on member traders, was followed by a drop of $7,000 in the price of exchange seats. A transfer was arranged today for $107,000, a low mark since May 13, last.

Encouraging to bullish proponents, however, was the fact the stock market declined on a relatively small volume. Transfers totaled 2,435,712 shares against 2,-921,350 yesterday and 3,272,950 Tuesday. The Associated Press average of 60 issues was down .9 of a point at 71.3.

Cotton

NEW ORLEANS REPORT

NEW ORLEANS, Nov. 19. (AP) — Price movements were confined to minor amounts on the cotton market today and at the close active options showed small net advances.

Little interest was shown either on the buying or selling side.

Better cables aided prices at the start and small net gains were registered. Dec. opened up 2 points at 11.77 and March was a point higher at 11.63. Then the market slipped off under an increase in hedge selling, only to recover again in the last hour.

Dec. finished at 11.76, March at 11.62, May at 11.59 and Oct. at 11.15. The average price of middling spot cotton at southern markets was 12.03 cents a pound.

NEW YORK REPORT

NEW YORK, Nov. 19. (AP)—Irregular fluctuations in cotton today reflected the influence of evening-up transactions in December.

March eased from 11.66@11.59 and closed at 11.63, with the market generally ending 3 points higher to 1 lower.

Fairly active demand and firm prices were reported both from the cotton goods markets and from southern spot centers. There was considerable exchanging from December to later months at changing differences.

AVERAGE PRICE

NEW ORLEANS, Nov. 19. (AP)—The average price of middling cotton today at ten southern spot markets was 12.03 cents a pound.

CHICAGO REPORT

CHICAGO, Nov. 19. (AP)—Lower prices predominated in the wheat trade today, especially toward the last, when attention focused a good deal on larger estimates of Argentina's exportable surplus.

It is now authoritatively forecast that the Argentine wheat surplus this season will total 147,000,000 bushels.

Possibilities of graver international complications because of Spanish insurgent orders to blockade Barcelona had only a moderate brief bullish effect on wheat values.

Wheat closed uneven, 1⅛ cents lower to ⅜ higher compared with yesterday's finish, Dec. 1.16½@1.16⅝, May 1.14⅝@1.14¾, July 1.02⅝@1.02⅞, corn ¼ to 1⅜ down, Dec. 1.04¼@1.04⅜, May new 98¼@98⅜, July new 94⅝, oats ⅛ to ½ off, Dec. 44½@44⅝, and rye showing 1⅜ to 2⅛ drop, Dec. 92⅛. Provisions results varied from 20 cents decline to 5 cents advance.

Rye and oats gave way with wheat and corn. Rather severe selling pressure developed in rye, a development ascribed to hedging against possible foreign purchases.

Packing interests were sellers of provisions.

FORT WORTH REPORT

FORT WORTH, Nov. 19. (AP)—Demand for feed grains continued good at Fort Worth today but was only fair for wheat.

Special Train To Louisiana Talked

There were rumblings last night regarding possibilities of a special train to carry Lubbock grid fans to New Orleans next week for the holiday game between Texas Tech and Loyola of the South.

Officials of the Santa Fe company went so far as to announce a rate, provided a train was chartered. The round trip rate of $13.25 will apply if as many as 75 persons wish to make the trip by regular train. Two hundred fares must be assured before the Santa Fe will run a special train. The same rate would be in effect.

Fans who would ride a special train or who would take advantage of the low rates on regular trains are urged to call the Santa Fe office, 1178, immediately. The special train would leave sometime Tuesday, it is believed.

exhibition jointly promoted by Herman Taylor and Mike Jacobs.

"What's the Garden got to lose on the Louis fight?" queried Braddock. "I'll whip him. It doesn't make any difference to me, however, whether I fight Louis or Schmeling. Yes, that guarantee for the Louis fight is very attractive."

Braddock thought it folly to even suggest that Louis could knock him out and take the title in the exhibition and reiterated he could "lick the black boy."

"I haven't had a good fight since I beat Baer for the title and I need one before I risk the title against Schmeling," said Braddock. "I have always thought Louis was a sucker for a good right and I still believe it."

The champion said his hands were would start light training for the Louis fight within the next few days. He is within two pounds of his fighting weight now.

Chief worry of Braddock's at the moment was getting to Arlington Downs race track before the first race.

"Any good bets?" asked the champ's party.

"Yeah, Sleepy Joe in the eighth," a wag replied.

"Not bad," they agreed.

Garden Not Against Braddock-Louis Fight

NEW YORK, Nov. 19. (AP)—Instead of offering a stumbling block, Madison Square Garden may wind up in the cheering section for the proposed no-decision bout between James J. Braddock and Joe Louis at Atlantic City.

The Garden indicated today it is ready to play ball if the right sort of deal can be made with the copromoters, Mike Jacobs of New York and Herman Taylor of Philadelphia.

Rebecca Lee Is Winner Of Arlington Downs Feature

ARLINGTON DOWNS, Nov. 19. (AP)—E. F. Seagram's Rebecca Lee stepped off the five and one-half furlongs in lightning time of 1:05 3-5 to set a new track record and take the fifth and feature event here this afternoon.

Pansy's First, carrying the colors of the Three D's stock farm was well up with the leader throughout and tried desperately under strong urging to catch the winner and held Fond Memories for the place honors by one length.

Rebecca Lee paid $25.80, $10.00 and $5.60, Pansy's First paid $6.70, $3.90 while Fond Memories paid $4.80.

Carnegie Foundation Asked To Make "Athletic Study"

AUSTIN, Nov. 19, (AP) — The National Association of State universities, meeting here today, unanimously asked the Carnegie Foundation to "undertake a supplementary study of intercollegiate athletics."

The foundation, whose board was said to be meeting in New York City in 1929 reported on an extensive survey which charged many colleges with subsidization of athletes.

The report created a furor among educational and sports circles due to specific allegations of salaried football players employed for that purpose.

Two Men Held In Investigation Of Death Of Girl

CENTER, Nov. 19. (AP)—Two men were jailed for investigation today in the death of 12-year-old Bernice Elliott who, officers were told, succumbed to exhaustion in fleeing from men who tried to force her and another little girl into an automobile.

Officers were informed the men had been drinking and, when they undertook to force the girls into the car, they ran. Bernice finally fell dead. Her companion was 11 years old.

The suspects were arrested late last night at Patroon, 20 miles south of Center, and brought to jail here.

"Good Government" Subject Of Mullican Talk At Kiwanis

An all-Kiwanis program, with the music given by daughters of two clubs members and the address by a former president, featured yesterday's program at the Hotel Lubbock, Judge Clark M. Mullican discussing "Good Government." J. T. Trigg and Fred Childress were co-chairman, the former presiding.

President Ray C. Mowery announced the annual mid-winter conference of the Texas-Oklahoma district at Hotel Adolphus, Dallas, December 6-7. President-elect B. Sherrod announced his intentions of making the trip.

Miss Mildred Ruth Rylander sang two solos. Miss Ruth Elaine Lewis was her accompanist. Walter S. Ruffner, club song leader, led the group in singing. Program Chairman W. C. Wood announced Dr. Fred W. Standefer, W. H. Rodgers and K. L. Riggs would furnish the program next week, on Wednesday noon, at the Rotary club.

Mme. Schumann-Heink Is Paid Tribute By American Veterans

HOLLYWOOD, Calif., Nov. 19. (AP) Mme, Ernestine Schumann-Heink was honored today by veterans of the World war, whom she had called her "boys."

Awaiting funeral services with full military honors tomorrow morning, the body of the noted singer lay in state in a funeral chapel, a guard of former soldiers about her casket.

Preparations for the services were directed by American Legion post 43 of Hollywood and by the Hollywood post of the Disabled American Veterans of the World War.

Oil-Gas Well Near Corpus Is Afire; Becomes Raging Crater

CORPUS CHRISTI, Nov. 19, (AP) —What is believed to be one of the largest blazing gas-oil wells in the history of South Texas petroleum industry, was a raging furnace tonight in the Agua Dulce field near Banquete, about 30 miles west of Corpus Christi.

The well, Texon Drilling company's No. 2 Clara Driscoll Sevier, blew out early today and burst into flames about two hours later. No effort was being made to bring the flames under control and craters had formed in a half dozen places. The test was down 6,832 feet when it blew in. Mud and water were spraying an area several hunderd feet and had covered up the derrick and boilers, the latter a hundred feet away.

No one was hurt.

GAINESVILLE, Nov. 19. (AP)—Frank Buck, explorer and wild animal hunter, returned "home" today to receive the plaudits of his native town.

It was his first visit to Gainesville since 1889 when his family moved to Dallas. He was five then.

Gainesville gave him its highest honor by naming him honorary ringmaster of the Gainesville Community circus, which he shares with Vice President John N. Garner, Gov. James V. Allred and Maj. Edward Bowes.

Broken Glass In The Stomach Is Not Harmful, Jury Decides

HOUSTON, Nov. 19. (AP)—Broken glass in the stomach is not harmful, a jury decided in Judge Phil D. Woodruff's county court today, unless consumed in large quantities.

The jury denied damages to Mrs. Emma Ward in a suit she filed against Metzger's dairies contending she suffered internal injuries from drinking glass from a bottle of milk. She asked for $275.

A 30-year-old Taylor negro, Willie Fletcher, was fined $100 and costs by Justice of the Peace J. T. Trigg Thursday after he had pleaded guilty to theft of three pairs of trousers at Montgomery Ward & company. The man was watched by Joe B. Reiger, former deputy sheriff, after he had attempted theft from Sears Roebuck store.

A good response was reported by firemen Thursday in their ticket sales for the annual Firemen's ball to be held at the Auditorium Saturday night. Several firemen yesterday went east of Post for cedar, which with Spanish moss and vari-colored lights will feature decorations. Ned Bradley's orchestra has been engaged for the dance.

Dr. James M. Gordon, dean of arts and sciences at Texas Technological college, W. T. Gaston, business manager, and Miss Mildred Madera, student, have returned from a hunting trip at the Madera ranch, owned by R. F. Madera, father of Miss Madera and old friend of Dean Gordon. They returned with one deer, killed by Gaston. The ranch is located 75 miles northwest of Toyah.

Survey was made yesterday afternoon of a proposed county parking space on the court house grounds west of the jail, by M. R. Smith, jr., city engineer. The commissioner's court is planning a space there for the use of county officials and employes.

Henry Pendleton, about 30, giving his address as Carlsbad, N. M., was treated for injuries which he said he received at a depot late Thursday, at West Texas hospital. First aid was given and he was dismissed. Pendleton told hospital attaches he was hit over the head. Inquiry at both Santa Fe and Denver offices failed to indicate any kind of trouble at either place.

Funeral arrangements for Ben Gilbert, 68, killed Wednesday night on highway No. 7 north of town, were still incomplete last night as Rix Funeral home was waiting on word from relatives. No replies had been received to messages to relatives by the funeral home.

Hilton hotel is fencing off its parking lot north of the hotel, limited the drive in to spaces on the west and east sides of the lot. Fence posts have been set in cement and are braced also.

Sheriff Tom Abel is leaving this morning for Gatesville with four juveniles for the state reformatory there. From there he goes to San Antonio to bring back a Mexican named Lopez and Opal Jasper, wanted here.

A local truck driver, charged with overloading by state highway patrol officers, entered a plea of guilty through his employer and the latter paid the fine.

Wheat crop prospects in Randall county and also in Swisher and nearby counties are very good, better than for years, said J. B. Morrisset, Canyon. Mr. Morrisset is manager of the Texas Utilities Co., district there and was here after attending a meeting in Plainview. Acreage is larger than last year and the wheat stand is extra good, he said. Mr. Morrisset left for Canyon late yesterday.

Slaton is enjoying a good boom said J. H. Brewer, abstractor, yesterday afternoon. He said conditions there were better than for many years. Mr. Brewer stated he liked the parking meter system here because he could find a place to park easily, transact his business and leave without having to devote a considerable time in finding a place to park.

Three more Boy Scouts have been signed for the Jamboree to be held in connection with the annual circus next week, Tom Carter, chairman of the Jamboree, said last night. They were: Max Garmon and Houston Pearson, troop 27, Lorenzo; Emery Payne, troop 2, Lubbock. The goal is 20 men for the Jamboree.

Girl's Death Laid To Car

Body Of Clara Marsh, Former Seguin Girl, Is Found On Highway Near San Antonio, Badly Mutilated

(By The Associated Press)

SAN ANTONIO, Nov. 19.—The death of Clara Marsh, 27, formerly of Seguin, whose body was found today on a highway near here was caused by an automobile, police agreed.

The right leg was almost torn from the body, the abdominal wall had been ripped in several places and her left arm and shoulder had been broken.

Since the girl was hit just south of the hump of a hill, as she was evidently walking toward the city, Sheriff Albert West, jr., said, it was apparent that the driver of the car which hit her had not seen her in time.

Police officials were attempting to ascertain whether anyone had given the Marsh girl a ride. They were also attempting to locate possible relatives.

al merchants are stocking heavily preparatory to biggest anticipated Christmas turnover. Advertising budgets being hiked.

Fort Worth—E. G. Graves, secretary-manager of the Retail Merchants association, predicted 15 per cent increase in Christmas trade over 1935. Graves made a survey and reported that Yuletide business is generally expected to be the best since 1929.

Hobbs, N. M.—Christmas stocks double, with intensive merchandising campaign planned. Early buying heavy. Big increase both in population and number of stores.

Good Times Indicated

San Antonio—Business men here predict the biggest Christmas trade here since 1930. Building permits, bank clearings, tax receipts, light and telephone connections all show material increases over last year, indicating good times.

Longview—Largest stocks in history ordered as merchants prepare for most active Christmas shopping since 1928. Several larger stores report all time high sales records for October and November.

Paris—Canvass of stores reveals merchants have ordered 50 per cent more holiday goods than sold in 1935. Early buying indicates heavy sales of luxury goods.

Harlingen—Merchants here and throughout lower Rio Grande valley expecting greatest Christmas business since peak year, 1928. Buying two and three times amount of Christmas merchandise than ever with influx of cash from vegetables and near-record citrus crop. Christmas savings accounts up nearly 50 per cent.

Quartet Is Heard

A male quartet from Roosevelt rural high school sang two songs. Singers were: Lee Searsy, Floyd Tidwell, Frank Gray, Randal Cooks. Mrs. J. Ralph Lipscomb was the accompanist.

B. Sherrod, Lubbock business man, discussed school problems as a business man sees them. He added to subtle touch when he told the group he had come to save the school situation. He pointed out the advantages in teaching school children public speaking, economics and psychology.

Joseph R. Griggs, county superintendent of schools, outlined plans of the county and state associations, as the final number on the program. A short business session was held after the address by Mr. Griggs.

Uniformity Of Lending Asked

Coordination Of Agencies Of Federal Government Urged In Great Plains Drouth Session At Dalhart

(By The Associated Press)

DALHART, Nov. 19.—Pleas for a coordination of federal lending agencies were heard today by President Roosevelt's Great Plains Drouth committee.

The committee closed a two-day conference and prepared to move to another section of the great plains.

Urge Uniform Policies

Virtualy every delegation appearing before the committee urged more uniform lending policies for the various federal farm loan organizations.

Group conferences with representatives of Texas, New Mexico, Oklahoma, Kansas and Colorado were held by Morris L. Cooke and L. C. Gray, members of the committee.

Suggest Grazing Program

A deferred grazing program suggested by a group of Northwest Texas Panhandle ranchers was endorsed by ranchers from the northeastern Texas Panhandle and Oklahoma.

The Texans proposed the federal government should pay benefits not to exceed 50 cents an acre per year to ranchers retiring grasslands from grazing as a move to rebuild the range.

A request of a regional committee for more money for publication of scientific information brought a criticism from Cooke on present methods of disseminating such information.

Must Give Information

"There are many scientists who have been working in agricultural research for many years and who have a lot of valuable data but you can't get them to tell you anything until a formal bulletin is published," he said. "The time has come to turn this information loose earlier so it can do the farmers some good."

He promised to go before the department of agriculture and secure release of certain information mentioned by members of the regional committee.

Cooke and Gray left tonight for Bismark, N. D., where they will join Col. Richard C. Moore of the army engineers in another hearing.

Cooke said the committee's final hearing would be held in Washington Dec. 8.

New Mexico delegates to the hearing asked the Supreme court again hear the AAA crop control case or the constitution be changed to allow the program to function.

Resolutions urged the principals of the old Triple A be revived for all crops which showed a surplus for two consecutive years because "we believe no program without production control will give necessary protection for agriculture.

Gov. Allred Says He Is To Abide By State Amendment

AUSTIN, Nov. 19. (AP)—Gov. Allred said today he would observe the spirit of the constitutional amendment setting up the new pardon board and if the official canvass tomorrow of returns from the general election showed the amendment passed, clemencies would have to emanate from the board.

The attorney general's department has been asked for an opinion as to when the amendment is effective. The governor said he believed it was effective immediately after the canvass.

love with Morgan any more, but I'll miss him. He was a swell beau."

"But a squirrel, Kate!" It was an old local expression, conveying traits better left unspoken.

"Just a squirrel!" Kate agreed. She said it decisively, so that Morgan Prentiss stood tried and condemned in the court of their reason.

Johnnie Baird, in the week that followed, did not conceal the fact that he was renewing his courtship of Kate Meed. Everyone seemed glad, so Kate tried to feel glad, too.

"Can I bear to marry him?" she asked herself. By way of experiment she let herself be kissed by him, hoping to find the answer there. But, while the process was not repellent, neither was it thrilling. Because it was not thrilling she was impatient with both herself and Johnnie.

Johnnie found the kiss stimulating enough. He repeated it with increasing ardor. "I'm crazy about you, Kate," he said. "I don't know when I wasn't. Will you marry me? Please, Kate! We could beat Morgan and Ev to it. Let's, Kate!"

"Good old Johnnie," she thought gratefully. "Wanting to save my pride almost as much as he wants to marry me. Good old Johnnie. Why can't I?"

Yet something stronger than reason made her lift her hands to his chest and push him away. "I can't, Johnnie. I simply can't. The bad luck's mine, but I can't get the right reaction." She spoke with the flippancy of modern youth, but she was deadly in earnest.

Johnnie said impatiently, "Somebody's standing in my light, blotting me out. Morgan, of course. Still Morgan! How long before he fades out, Kate?"

Kate let him think the shadow between them was Morgan. She let herself think it. She was afraid to face the truth.
