

Morocco Sultan To Swear In Free Regime

RABAT, French Morocco (AP)—Sultan Mohammed Ben Youssef today swears in Morocco's first representative government with Mohammed Bekkal, as premier. The No. 1 task for Bekkal's government will be to hammer out a new agreement with France replacing the 43-year-old treaty under which the French have held the territory under tight control. The French have promised the Moroccan widely expanded self-government at home but plan to retain control of the northwest African country's defenses and foreign relations. Morocco's biggest nationalist party, the Istiqlal (Independence), already has announced it wants complete independence. With 9 of the 20 seats, the Istiqlal is the largest single faction in the new cabinet. The other members are Nationalists of a more moderate stripe, like Bekkal. They include six members of the Democratic Independence party (PDI), four independents and one representative of the large Jewish minority. Bekkal himself is an independent and a close adviser of the Sultan, whom the French ousted from his throne 2 1/2 years ago because of his pro-Nationalist leanings. Then brought back from exile in October in an effort to bring peace. Bekkal, a 48-year-old French army veteran who lost a leg in the 1940 battle for France and retired as a lieutenant colonel. He was the Sultan's trusted personal representative in France during Ben Youssef's two years of exile in Madagascar and represented the ruler in the negotiations which resulted in his return. The new Cabinet must work with the French in putting down continuing terrorism. As Bekkal was naming the last of his ministers, the bodies of eight Moroccans were found at Salidia, Mediterranean port city near the Algerian frontier. Their heads had been crushed. In Casablanca's New Medina native quarter a Moroccan was shot in a restaurant. The assassin fled. The body of another Moroccan was found, his hands tied, on a beach near Casablanca. Near Rabat the body of an 18-year-old native was discovered.

WOMAN EXPERT

Psychologist Hits \$64,000 Jackpot

NEW YORK (AP)—A pretty young psychologist who became interested in boxing through her husband answered a knotty question on the sport last night to pocket \$64,000 in television winnings. The contestant, Dr. Joyce Brothers, 28, of New York City, became the second person to win the top prize on the CBS show The \$64,000 Question. The first was Marine Capt. Richard S. McCutchen, whose category was cooking. Dr. Brothers, wife of a hospital interne, had as an assistant last night Eddie Eagan, ex-Olympic boxing champion and former New York State Boxing Commission chairman. The show allows an expert to help the \$64,000 level. Dr. Brothers told reporters she plans to use part of the money to outfit her husband's office when he begins practice. It also will finance a vacation for the two, and a new dress for herself. Another contestant on the program, Stanley Skeens, a Danville, W. Va., coal miner, won \$32,000 by answering a 10-part question on the story of David and Goliath. He will get a chance to try for \$64,000 next week. Dr. Brothers, mother of an infant daughter, just barely got in

her answers before the program ended. CBS actually allowed it to run 30 seconds overtime. She named Cestus as the special gloves gladiators wore in ancient Rome; Daniel Mendoza as the first of scientific boxers to become champion of England, in 1791; Gentleman John Jackson as the English champion who taught boxing to post Alfred Lord Byron; William Harlett as the essayist who wrote "The Fight" after seeing Bill Neat defeat Thomas Hickman in England in 1821 and "Hickman the Gasman" as the latter's nickname. She also answered that John Sholto Douglas was the full name of the Marquis of Queensbury; Rome was the city and Paulino Uzeudun the opponent in Prime Carnera's heavyweight title defense in 1933, and that Jack Dempsey knocked down Luis Firpo nine times in their famous bout and that the fight lasted 3 minutes and 57 seconds. Dr. Brothers said she knew all the answers herself, but she checked some with Eagan to make sure.

Noted Composer Notes Birthday

HELSINKI, Finland (AP)—Jean Sibelius, famed Finnish composer, observes his 90th birthday tomorrow in the seclusion of his forest home and wants no solemn festival concert for the occasion.

Nevertheless, the Helsinki Orchestra will honor him with a program of his works. There will be other Sibelius concerts at music centers around the world, many of them conducted by Finns.

Sibelius has lived for more than 50 years at his country house Ainola, deep in the woods only 40 miles from Helsinki. Yet he has not been to the capital for over 10 years.

Tomorrow he will have his birthday dinner with his wife Aino Jarnefelt, member of an old noble and artistic family, and other relatives. Only one of his five daughters, Mrs. Eva Palohelmo, will be present. The other four will attend evening concerts and other celebrations in the composer's honor.

Young Woman Admits Slaying

MANCHESTER, Ky. (AP)—Miss Faye Grubb, 19, yesterday demonstrated to state police detective Walter E. Woods how she strangled a grade school girl whose body was found in a well. She was charged with murder. Woods said Miss Grubb admitted she strangled Jewell Smith, 10, with a piece of curtain and then threw her body in the well after binding the hands and feet. Miss Grubb said she was "sorry," Woods reported. No motive had been established. Miss Grubb, held here without bond, will be examined by two doctors to determine whether she should be sent to a mental institution for observation.

Anthony's

Union Rejects Support Of Ike

NEW YORK (AP)—The merged AFL-CIO has rejected an appeal for support of Eisenhower administration labor policies and criticized them sharply. The more than 1,400 convention delegates voted unanimously to "condemn the administration for its failure to live up to its campaign promises to rid the Taft-Hartley law of its anti-labor provisions." Other resolutions yesterday "denounced" operation of the National Labor Relations Board under the present administration and criticized current economic policies. "The administration," said one resolution, "seems more interested in tilting with the windmill of inflation by increasing interest rates than in creating the environment necessary for economic expansion."

CIO's strength as a bloc within the new AFL-CIO. Beck, planning to attend the IUD's founding session after the AFL-CIO convention sessions leave off this afternoon, declined to say in advance whether he would support Walter Reuther and James Carey, top officers of the former CIO, for the main jobs in the IUD. Beck said he wanted to see whether there would be any other candidates. Tuberculosis has plagued mankind as far back as recorded history goes.

"We recognize that monetary policy is a legitimate tool for stabilizing the economy but it is merely one of many weapons in the arsenal of economic programs." This resolution said automobile production and home building are "leveling off" and said government housing, tax and social aid programs should be geared up to counter any possible economic decline. Secretary of Labor Mitchell had called on the AFL-CIO in a speech yesterday to support administration policies. He said that under the Eisenhower administration workers were benefiting from a stable economy and high wages. The convention resolution dealing with the NLRB disagreed with a series of board decisions and said, "The administration-dominated board has established... anti-labor policies almost entirely detrimental to the rights of labor." Meanwhile, AFL-CIO President George Meany apparently has moved in to squelch any feuds developing in the assimilation of the onetime rival AFL and CIO unions. He announced that at a founding session of the AFL-CIO's new Industrial Union Department (IUD) he personally would settle any arguments over membership rights of various unions. The IUD was created primarily as a unit for former CIO unions. Under Meany's apparent guidance, the powerful Teamsters Union, which announced it now has grown to 1,600,000 members, modified a demand for entry into the IUD. Dave Beck, teamsters president, said he would have preferred entering the entire Teamsters Union membership in the IUD, but based on a ruling by Meany would claim IUD affiliation for only 700,000 members. Beck later scaled down even that figure to 400,000. Large chunks of the membership of the machinists, bakery, laundry, bootmakers and other former AFL unions also made plans to enter the IUD. It appeared that this would diffuse the former

Israel-Arab War Threat Eases Off

WASHINGTON (AP)—Top officials believe the threat of war between Israel and Arab countries has eased.

They credit this to intensive diplomatic efforts by the United States, Britain and the United Nations.

Both Arabs and Israelis, despite their continuing dispute, they said, are now thinking in terms of negotiating a compromise peace settlement.

Two months ago many had considered an explosive war likely after Egypt's big arms deal with the Communist bloc.

Officials acknowledged the improving outlook might be only temporary. No formula has yet been found for peace talks.

Israel's Foreign Minister Moshe Sharett made it clear yesterday he does not share what he described as "a wave of optimism" over peace prospects.

After calling on Secretary of State Dulles yesterday, he reported he saw "no improvement"

in the picture. "I see the possibility of things getting worse," he added.

Officials said Sharett's gloomy outlook applied more to long-range prospects rather than the immediate situation. They noted the nearly daily clashes along the Israeli frontiers have subsided considerably, and saw little chance that either side would launch a major attack at present.

With this lowering of tensions, they said, even the prospects of a lasting peace settlement are brighter.

British Prime Minister Eden is recognized as having played a big role in calming Arab countries by his proposal last month to mediate their quarrel with Israel. President Eisenhower's Nov. 9 statement appealing for talks is believed to have allayed Israeli fears considerably. Likewise, Maj. Gen. E. L. M. Burns, United Nations truce supervisor in the area, has played a big part in calming both sides.

Kefauver Hints At Plans To Win Demo Nomination

WASHINGTON (AP)—Sen Kefauver (D-Tenn) indicated today that if he runs for the 1956 Democratic presidential nomination he will concentrate on a limited number of showdown primary challenges to Adlai E. Stevenson.

He said in an interview he may delay until January his announcement. Stevenson has announced his candidacy.

Kefauver said he won't undertake the same sort of primary grind as in 1952 if he runs.

"I have a great deal of Senate work to do and I will not have time to campaign in a great many

primaries, if I do make the race," he said.

He said that if he runs he may enter the March 20 Minnesota primary which Stevenson has accepted an invitation to enter.

The Minnesota party organization has endorsed Stevenson, largely through efforts of Sen. Humphrey (D-Minn).

Kefauver said the May 29 Florida and June 5 California primaries, which Stevenson may enter, would be given "consideration" if he runs.

Kefauver's change in strategy indicated he now feels it is more important to win a few crucial primary tests than to roll up early ballot votes as he did in 1952, when he led with 340 votes on the first convention ballot.

Sen. Lyndon B. Johnson of Texas, Senate majority leader, arranged meantime to meet with other party chieftains here Tuesday to discuss the outlook for the forthcoming session of Congress.

Johnson had been expected to stop off in Atlanta for a talk with Sen. George (D-Ga) and Russell (D-Ga), but aides said he will fly direct to Washington from his Texas ranch and meet them and others here.

Adlai Crosses Picket Line

CHICAGO (AP)—An official of an AFL union on strike against United Air Lines says that Adlai E. Stevenson and two aides crossed a one-man picket line yesterday when they boarded a UAL plane for New York at Chicago's Midway Airport.

David Landry, an official of the striking union, the Flight Engineers International Assn., said a picket was in a hallway outside the UAL section of Midway terminal and "was close to Stevenson" when the Stevenson party entered the terminal.

Patricia Milligan, a Stevenson aide, said William McCormick Blair Jr., and Roger Tubby were with Stevenson at the airport. She said Stevenson and his two aides reported they had seen no pickets and were unaware there was a strike against UAL when they boarded the plane.

Stevenson, 1952 Democratic presidential nominee and a candidate for next year's nomination, is in New York to address the AFL-CIO unity convention tomorrow.

With A Triumphant Sneer, No Doubt

LAS VEGAS, Nev. (AP)—Harassed by a pesky gopher, farmer Paul Thomas dropped a concussion bomb into the varmint's hole.

But, he said, the gopher pushed the bomb, with fuse burning, back out. Thomas quickly picked it up and hurled it away. The bomb exploded, igniting a hay pile.

Firemen saved the house and barn but 12 tons of hay was destroyed. Thomas claims the gopher still peers out the hole.

Annual UF Meet Slated Jan. 5; Goal Is Reached

Annual meeting of the United Fund has been set for Jan. 5, Dick Simpson, president, announced Tuesday.

Simpson also brought news that the 1955 campaign, headed by Adolph Swartz, is officially over the top.

At the scheduled completion date of the drive, total gifts were something like \$2,500 short. Since then, Simpson, Swartz and other leaders have enlisted additional support from a number of generous contributors.

As of Nov. 30, total pledges stood at \$87,712.76, of which \$27,677 is outstanding in monthly or other periodical payments. Receipts for the fiscal year, including balances, amounted to \$66,651.

Payments to member agencies so far aggregated \$58,129.79; office, campaign expenses, supplies, professional help, national association dues, bond, etc. amounted to \$9,211, or a total expense of \$15,023 on the new year. Net resources for the balance for the year were pegged at \$74,456 while the \$65,889 is still due participating agencies and a \$2,234 is estimated as required operating expense.

The \$87,712 pledged exceeds the goal of \$87,555 and compares with the \$85,433 pledged the previous year. The 1954-55 year for the United Fund involved total disbursements of \$79,248.

Simpson named a committee to return nominations for trustees and directors on the board. This committee will report at the Jan. 5 meeting.

Considerable discussion was given at the meeting of the executive committee Tuesday afternoon to feasibility and mechanics of setting up the United Fund on a continual or year-around basis. Decision on the matter, however, was left up to the new board to decide.

Mitchell Grand Jury Returns 2 Indictments

COLORADO CITY—The Mitchell County grand jury returned two indictments Monday before adjourning.

Arvil Gray Patterson, about 40, of Monahans was billed for driving while intoxicated, second offense. Highway patrolmen arrested Patterson Nov. 8 on Highway 80 in Mitchell County.

Hilario Heredia, 59, of Colorado City was indicted on a charge of forgery, and passing a check to the Moser Produce Company on Nov. 19.

14 Firms Get HCJC Construction Plans

Eight general contractors have taken plans for the purpose of figuring on the Howard County Junior College construction job.

In addition six firms are figuring on the electrical work and seven on the plumbing, heating, ventilation and air conditioning.

Bids will be received until 2 p.m. Dec. 15 when the board will open and consider awarding of contracts.

Included in the proposed work which will cost in excess of half a million dollars are: A new practical arts building, new music building, new science wing, addition to the library, addition to the gymnasium, and an agricultural laboratory or greenhouse.

General contractors checking out plans from Pucket & French, architect-engineer, are Jones Construction, A. P. Kasch and Sons, and Suggs Construction Company of Big Spring; R. W. Grimshaw Construction Company and J. W. Cooper Construction Company of Odessa; Boyd J. McDaniel, Belfanz Construction Company and B. F. Horn Construction Company of Abilene.

The electrical contractors with plans are Gilliland Electric, C. & D. Electric and D. & H. Electric Company of Big Spring; Al Preston and American Electric Company of Lubbock, and Phillips Electric Company, Midland.

Plans for plumbing, heating, ventilation and air conditioning have been supplied to A. P. Kasch & Sons and Western Service Company of Big Spring; Pierson Bros. of Fort Worth; Austin Sheet & Metal Works, Odessa; Anthony Company and Sampson Company, Lubbock; and R. M. Wells, Quanah.

Craddock Rites Held Wednesday

COLORADO CITY — Funeral services for Walter Frank Craddock, 66, manager of the Colorado City Chamber of Commerce, were held from the First Methodist Church Wednesday at 10 a.m. Rev. Jack Ellzey officiated. Burial is to be in the San Marcos Cemetery Thursday at 10 a.m.

Craddock died suddenly Tuesday morning of a heart attack. He had lived in Colorado City for two and a half years, coming here from Hillsboro. He had also lived for many years at San Marcos. He was born June 20, 1889 in Middle Tennessee.

He is survived by his wife, one son, W. F. Craddock Jr., of Las Vegas, N. M., a daughter, Mrs. James P. Jones, San Antonio; two sisters, Mrs. W. S. Kerr, of Hereford and Mrs. Clifford Jacobs of Pullman, Washington and two grandchildren.

Organized in 1892 to fight TB, the Pennsylvania Society for the Prevention of Tuberculosis is now one of 3,000 associations affiliated with the National Tuberculosis Association.

Yule Leave Okayed For Army Enlistees

Up to 15 days leave has been authorized for personnel who enlist or re-enlist in the Regular Army between Dec. 15-31, according to Sgt. Aubrey Barr, U. S. Army Recruiting Station.

Leave will be granted to those who specifically request it, however, such leave will not be authorized to extend beyond Jan. 3, 1956, Sgt. Barr pointed out.

Persons who desire to enter the Army this month and spend the holidays at home are asked to contact the U. S. Army Recruiting Station, Post Office every Monday.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne*)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H.* At your druggist. Money back guarantee.

A Bible Thought For Today

But thou, Bethlehem Ephratah, though thou be little among the thousands of Judah, yet out of thee shall come forth unto me that is to be ruler in Israel; whose goings forth have been from of old, from everlasting. (Micah 5:2)

Editorial

Go Ahead, Friend Neal

The first automobiles used kerosene lamps, later acetylene, finally electricity. The kind and quality of headlamps today are carefully regulated.

The first cars had no self-starters; people were still getting out and cranking them up in the 1920s. Windshield wipers, like windshield themselves, were among the devices that the first generation of motorists knew not. Four-wheel brakes were late in coming, and so were a host of other safety essentials.

Today brakes, windshield wipers, headlights and warning devices are all subject to inspection and condemnation if found wanting, under penalty of law. Any motor vehicle that cannot pass muster as to mechanical condition cannot be licensed for use on the public highways and streets, and to operate it without a license is a criminal act.

So, we get a letter from Neal Bates, 1116 Lucas Drive, Beaumont, Texas, stating that he and his partner, John Jenkins, will represent their district at the annual Youth in Government Legislative Congress in Austin, date unspecified. They

propose to present a "bill" at this model legislature requiring safety belts in automobiles. Copy of the model bill enclosed. What's our attitude, please?

Well, Neal, we'll answer you this way: Every forward step looking to traffic safety has been opposed by some people. Some people oppose some of the steps already written into law, and more than a few evade them and thereby become law violators.

If seat belts were installed in passenger cars, as your bill proposes, some people would use them and some would not. There is a considerable weight of expert and carefully-researched opinion to the effect that safety belts do save lives and prevent serious injury. If these belts were installed in all cars more and more people would use them, and more and more lives would be saved and injuries prevented.

So, friend Neal, go ahead with your bill—and more power to you. We think you've got something there, boy.

-P. S.: Hope our coming out in public this way doesn't tip your hand or violate any secret.

From Earth To Space

Although overshadowed by the Wright brothers as a patron saint of aviation, Glenn L. Martin, dead at 69, was one of the towering figures in the development and rapid growth of that industry. The Wright brothers were the first to build and ride an airplane as we know it today, but it remained for Glenn Martin to build and pilot the first plane ever to leave the ground under its own power.

That was August 1, 1909. He lived to see his company chosen by the government to make and launch the first man-made earth satellite, almost half a century later; thus his life and activity spanned the science of flight all the way from the ground to the outer reaches of the stratosphere.

Young bachelor Martin built his first plane in an abandoned church at Santa Ana, Calif., putting on the finishing touches while his mother held a lamp to see by. The engine he used came out of an automobile. He lived to become president of one

of the giants of American plane production, stepped out as chairman of the board in 1952, but continued as director and principal stockholder.

Martin and his company pioneered many developments and innovations in plane production, and less than 20 years ago the Martin bomber was the wonder of modern aviation. Later it was to look like a toy besides the giants of the present day, but it broke new ground and upset all previous conceptions regarding bombardment as one of the principal weapons of warfare.

On the eve of WWII the Martin B-10 was the marvel of the time, so "secret" and costly and complicated that no one below the rank of captain was permitted to pilot it. Almost before you could turn around it was a museum piece.

Today a super-bomber could carry a B-10 under each wing without much inconvenience.

David Lawrence

Defends Right Of Any Man To His Job

WASHINGTON — The Senate subcommittee on Constitutional Rights has just closed its public hearings after giving most of its time to the discussion of the problems of the pink and subversives, the security risks and the Communists and those who have been wrongfully accused of associating with Communist-front organizations. Almost all other constitutional rights and their abuses were ignored.

No time was given, for instance, to the many violations of constitutional rights suffered by loyal citizens who are kept from working because of labor-union monopolies. This correspondent is in receipt of a letter written a few days ago by a Protestant minister who has a church in the metropolitan area of New York. It tells of how the "closed shop" monopoly touched his early life. It is the kind of viewpoint which congressional committees are afraid to seek out but which fortunately, under a free press, can be published.

The letter reads as follows:

"When I was a young man of twenty years, I had finished my first year at college. I was looking for a job for the summer. I applied at the office of a big newspaper in my home town and was told that I could not get a job with the paper unless I 'joined the union' and also that I 'couldn't join the union just then because the rolls were full and there was a waiting list.' The same man told me that even the son of the owner or one of the high officers of the newspaper could not get a job on the paper any other way. Now I had sold this particular newspaper as a newsboy when I was small and I knew some of the men who were on the payroll when I made my application but none of that was of any avail.

"Second, a few years ago I was a pa-

tient in a veterans' hospital. A young man came and showed us 16-mm movies by way of entertainment. He was assigned there by the U. S. G. By way of the union headquarters. Casually I asked him how I could get one of those jobs when I got out of the hospital. He said I couldn't. I asked why. He said that I would have to be an experienced movie operator and belong to the union. I said I would be willing to learn and I asked him where I could learn. He said I couldn't get to learn because the union was not allowing any more men to learn because there were too many in the field already.

"That was too much. Of course I knew that he had overstepped the bounds of all reason. As soon as I was out of the hospital, I learned how to operate a movie projector and I bought a machine for my church groups and have shown many a picture to 'my kids' and have kept them busy and out of mischief. I really had no intention of learning how to operate a machine with the idea of doing it to make a living as such, but the thought that a man like that could tell me what I could not do really made me upset. My forebears came to this country in colonial times and fought to obtain certain 'inalienable rights.' Now men of this type tell us that we 'can't do it.'"

"Third, a few years before World War II, being then a chaplain in the U. S. Army Reserve Corps, I was on the committee on arrangements for the national convention of our Chaplains Association which was to meet in New York. The Salvation Army offered to furnish the band music free of charge if we could get permission from the hotel to play there. The hotel company was willing if we could get permission from the musicians union. Did we get it? We did not.

"Not I ask you, is that freedom? It would not have deprived any musicians of a job because without free music we could not have any at all because our budget did not provide for band music at any price. The Salvation Army was willing to serve free of charge out of gratitude for the help we have as clergymen and as chaplains always given to the Army. No, the union had to be paid for standby while the 'free' music was being played. Is that freedom?"

"Illustrations of this sort could be carried on ad infinitum, as you well know. I do not wish to be misunderstood. I am for the working man, anyone who wants to work. I favor the organization of working men to obtain certain unalienable rights. The right to bargain is certainly one of them, but the right to exclude any man from earning an honest living for himself and his family is certainly against American principles. The subject is such a large one that it cannot be gone into very far here, but I am sure that I have millions of fellow Americans with me in these thoughts."

Open For Business

RICHMOND, Va. — The Hoffman brothers — Hank, 6, Joe, 5, Greg, 4 and Gary, 3, looked like a quartet ready to burst into song.

Each, in turn, opened his mouth. But not to sing. The boys opened up for a surgeon to remove their tonsils.

Ho-Ho-Ho!

James Marlow

Ike's Activities Still Limited

GETTYSBURG, Pa. — News stories out of here give the impression President Eisenhower is taking an increasingly active part in running the government. The impression is correct, for he is.

But it is still a very limited part: a few hours in the morning, and not every morning, conferring with members of his official family. He is far from making it a full-time occupation.

When he does come down to his office in the post office, he goes back home to his nearby farm by noon. There he rests, naps, and walks around a bit.

But there is no reason to believe—as some people may have felt—that Eisenhower's conferences with his advisers and Cabinet members since he came here are window dressing to make him appear more active than he is.

The conferences Eisenhower is having are real enough. And he is stepping up the pace. That's what his doctors wanted him to do, both for practical reasons and to build up his morale. They have said they wouldn't be able to tell how full his recovery has been until he has more nearly resumed the full load of the presidency, perhaps in February.

But what is happening here is quite different from the kind of daily routine Eisenhower had to follow in Washington before his heart attack. He did a full day's work then.

He would have to have these conferences anyway, if he was at all physically able. In early 1956 he has to send Congress his budget for the fiscal year beginning July 1, 1956, his budget message, his State of the Union message outlining his program for the 1956 election year, and the report of his economic advisers.

The government officials responsible for pulling all these pieces together could hardly send them to Congress over his signature unless he was consulted about them. And, since they all involve policy,

so long as he is able at all he would want to have a final say. All those pieces are being put together now.

Newsmen who have covered the President—both in Denver after his attack and here—doubt the sincerity of statements in Denver by some Eisenhower officials after visiting the President in the hospital.

He was still too ill at the time to be burdened down with many details of government. Some of

those officials came out of the sick room and told newsmen about details they had discussed with Eisenhower but when quizzed about them, had trouble remembering them.

The newsmen here have no such reaction. They feel — after questioning officials when they leave the President — that the officials are going into details with Eisenhower and that he is slowly resuming his role as President.

Hal Boyle

Milkman Knew How To Advertise

NEW YORK — A fable: Once upon a time there was a horribly rich old man. He stacked money in towers and spread it around in wistful trees.

When the leaves had fallen, he replaced them with \$1,000 bills. This horribly rich old man was an hereditary prince, whose father had been a king who had had his head lopped off by the common people.

Well, naturally, as the horribly rich prince survived and grew older and older he distrusted the common people more and more.

So he withdrew into a castle on a hilltop where he could enjoy his money trees undisturbed. But he had a daughter, the beautiful princess, Alva. She became lonely and wept, and the echo of her weeping floated down and in time disturbed the common people, so that they cried sternly:

"Our princess must have a husband." The horribly rich old prince, remembering the gullible fate of his father, figured it was time to throw a fig to popular demand.

He surrounded his mountain citadel with mirror glass, then announced that any man who climbed it would have his daughter's hand. Well, knights and princes from far lands came and tried to surmount the hill of glass. But one after the other they only climbed until they were tired, paused to admire their reflection in the mirrored glass, then lost their strength and slid down hill to defeat. They strove and departed, year after year. And year after year Otis, the local milkman, came to the bot-

tom of the hill and sent his wares to the top of the hill in a lowered silver bucket, and never tried to climb the hill at all. And after many years, when all the princes had failed, he looked up and saw the fair face of Alva, the golden princess, smiling down at him. She was a princess, but she was lonely, and the milkman was there to see.

One day Otis slipped a note among his milk bottles in the silver bucket, and the note said: "I love you, dear princess. Slide down the hill to me tomorrow night and we will elope."

The message went up the hill in the silver bucket. There is some doubt about what happened afterward. Some say the princess slid voluntarily down the hill of glass to her waiting lover. Others say her father pushed her.

But they all lived happily ever after. Otis put Alva to work and quickly built the country's largest dairy with his slogan — "Princess-delivered milk." And the horribly rich old prince stayed solitary on the top of the hill, content to tend his money trees alone.

Moral: Happiness has its ups and downs.

Changing Speeds

LANSING, Mich. — Michigan will have camelion-like signs to warn motorists of new statewide speed limits.

The signs are treated with reflective paint so that the warning of the 65-mile limit during the day will change to 55 miles at night under the glare of car headlights.

About 3,000 if the signs will be posted over the state's trunkline system.

Curves That Count

ST. LOUIS — Take it from a student of curves, the way American women are put together gives them a longer life expectancy than men.

Louis I. Dublin, an actuary and longtime student of life expectancy curves, told an insurance group one reason for the longer lives of women is their basic bone structure and physiology.

Not Guaranteed

GAINESVILLE, Fla. — To ease a traffic hazard at the junction of U.S. 441-State Road 20, safety engineers erected a new stop sign.

Thirty minutes later a truck driver saw the sign and applied the brakes. The brakes jammed and the truck overturned. He wasn't hurt.

Powerful Stuff

PHOENIX, Ariz. — A man arrested for drunkenness turned out to have all his wits about him.

As the police wagon sped toward headquarters, officers said the man picked the lock on its rear door, jumped out and fled down an alley.

Around The Rim

The Winning Ingredient

You got to hand it to Mr. Bear Bryant, coach of the Texas A&M College, for his contribution to the game, and I think, to sports in general.

Those who know Mr. Bryant tell me that he is personable enough, although he is a bit on the brusque side and sometimes brutally frank. For instance, he is reputed to have told one of the Aggie clubs, in effect, that he would pass judgment on prospects instead of taking a crop of favorite sons sent down by over-zealous exes.

"I'm the chief; you be the Indians," he told the former students, so the story goes. After he got unmercifully shellacked in his first outing, he supposedly got a wire to the effect that "Chief, you Indians is watching you."

But Mr. Bear Bryant is a man with something on the ball. His team didn't take but one shellacking. It didn't win many ball games, but every club after that knew full well that it had been in a ball game when the final whistle sounded.

In the process, the Aggie coach didn't always endear himself, because he made it plain he wasn't coddling a bunch of prima donnas. Some of the mainstays of the team couldn't take the menu he had laid out. Those who remained dearly loved to play football, and as a result a bunch of little known players began making it harder and harder on the teams with vastly more material.

Everyone knows the success story of the Aggies this year, how the club dropped the first game to UCLA (although actually playing that team on even footing) and then went on to win every other game on its schedule—but the last.

Bear Bryant had some pretty talented

material coming up, but by and large the boys looked like a lanky high school outfit along side the brawn of most opposing teams. The thing that pulled the Aggies through was desire — or what some call spirit.

And this is the thing for which I think Mr. Bear Bryant is entitled to a vote of thanks. He has demonstrated anew how important is the will to win — the will to accomplish — the determination not to quit or let up.

Somehow he managed to have his boys at just the peak frame of mind and to make the desire to win burn at its brightest at game time on each Saturday. How else can you account for the string of victories? How else can you account for bumping off a superior team such as TCU and rallying unbelievably against Rice?

There was a time when desire was the great levelling agency within football or other sports. Then came the blase area when we talked about the coolness of experience, the danger of getting a team fired up, the poise of young men who moved with the deliberateness and polish of professionals. The old rah-rah spirit was hooted and the college try frowned upon.

But thank goodness Mr. Bryant has brought it back. He has proved as the old slogan said: "The team that won't be beat can't be beat." You want proof of that? Then consider how the Texas Longhorns stole the Aggie's greatest asset on Thanksgiving Day and won because they had a greater desire for that day. That spirit is a wonderful thing for any sports — amateur or otherwise.

—JOE PICKLE

The Gallup Poll

County Demo Leaders Strong For Adlai

PRINCETON, N. J. — Within the ranks of the Democratic party organization, there is little question today about who will be the party's standard-bearer in 1956.

It is Adlai Stevenson in a walk. Nearly eight out of every 10 Democratic County Chairmen across the country—the "grass roots" leaders of the party—expect the former Illinois governor to be the candidate.

On the basis of their personal preferences, the county chairmen also put Stevenson at the top of the list, although by not nearly such a wide margin.

Stevenson is preferred by 42 per cent as of today. In second place is Sen. Estes Kefauver, with 14 per cent, followed closely by Gov. Harriman, with 12 per cent.

In a special survey, the Institute sounded the views of Democratic County Chairmen by means of a secret mail ballot. The ballots were sent to a complete list of county leaders furnished by the Democratic National Committee.

Ballots were sent out on Nov. 22 and, up to the present time, replies have come from 1,350 of the county chairmen.

Each county leader was first asked his personal preference from a list of 12 Democrats who have been prominently mentioned as possible presidential candidates.

The question read: "As of today, which ONE of these men do you personally prefer as Democratic candidate for President in 1956?"

The list include Sen. Paul H. Douglas of Illinois, Harriman, Kefauver, Gov. Frank J. Lausche of Ohio, Sen. Lyndon B. Johnson of Texas, Gov. Robert B. Meyner of New Jersey, House Speaker Sam Rayburn

of Texas, Sen. Richard B. Russell of Georgia, Stevenson, Sen. W. Stuart Symington of Missouri, Gov. G. Mennen Williams of Michigan and Sen. Harry F. Byrd of Virginia.

Table with 2 columns: DEMOCRATIC CHAIRMEN CANDIDATE PREFERENCES and percentages for Stevenson, Kefauver, Harriman, Russell, Johnson, Byrd, Symington, Lausche, Williams, Rayburn, Other, No opinion.

Space also was provided on the ballot for a "write in" vote in case any of the county leaders preferred someone not on the list.

The number of "write in" votes amounted to less than one per cent.

The next question read as follows: "Regardless of whom you prefer, what is your best guess at this time as to who will be the Democratic candidate for President in 1956?"

Table with 2 columns: DEMOCRATIC CHAIRMEN GUESSES ON CANDIDATE and percentages for Stevenson, Kefauver, Harriman, Johnson, Symington, Other, No opinion.

Hectic Habitation

PICKENS, S. C. — Prosecuting Attorney James R. Mann walked up to a couple in general sessions court and said to a woman who had her husband indicted on a charge of non-support:

"I see you are getting all lovey-dovey. Are you getting ready to go back together?" The woman grinned and replied: "Oh, we stay together. We just fight all the time."

No Gripe Session

DETROIT — Eight citizens showed up for the first in a series of "gripe" sessions planned by officials of suburban Roseville. All said they had no "gripes." Village Manager Olaf R. Pearson announced: "What I want to know is where are all the folks who keep my telephone jingling during the day?"

Hollywood Review

Oscar Race Unfair To Some

HOLLYWOOD — Are the Academy Awards unfair to some actors?

Ronald Reagan thinks so, and today he proposed two changes in Oscar voting rules to insure fairness. His complaint: 1. A star might lose a nomination because he is named for two different roles

2. Supporting acting awards too often go to those who are really stars.

On matter No. 1, he observed that a player like James Cagney might get votes for both "Mister Roberts" and "Love Me or Leave Me." Likewise, Jennifer Jones could be selected for "Love is a Many Splendored Thing" and "Good Morning, Miss Dove," the late James Dean for "East of Eden" and "Rebel Without a Cause."

"This matter probably hasn't arisen before," Reagan said. "In the past, most actors were under contract to the studios, which would get behind one performance and give it a push."

"But today actors are in a freelance market. They might do great pictures at two or more studios. The campaign might

split the vote for the players, thus depriving them of a nomination."

This might have happened in last year's voting. William Holden failed to be nominated, despite two brilliant performances—in "Executive Suite" and "Country Girl." It's possible he got more votes than the five nominees, but missed out because his tally was split.

Reagan's solution: "The total number of votes for any actor should be counted. If he got votes for more than one film, he should run for the final Oscar on the basis of the picture which attracted the most votes. This would prevent unfair competition with actors who were up for only one picture."

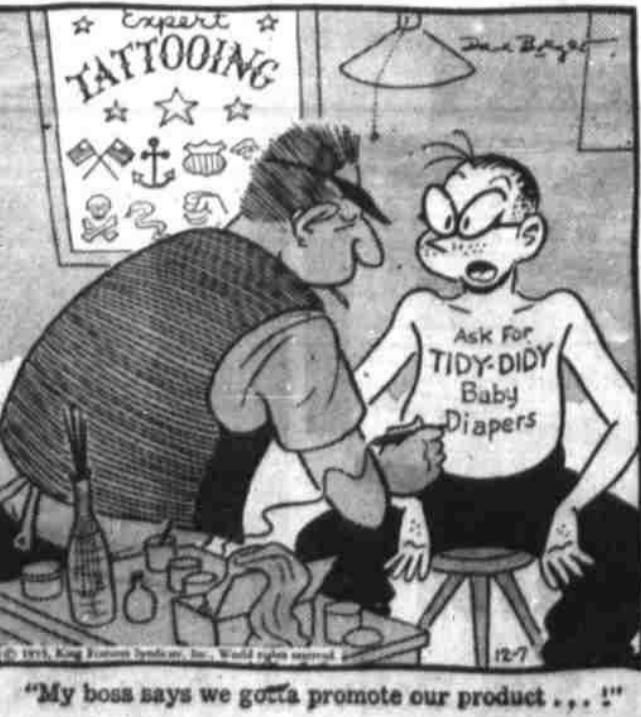

Reagan added that the awards for supporting players have been abused by studios that reduced the billing of stars to support status in order to snag an Oscar.

He observed that Eva Marie Saint was actually Marlon Brando's leading lady in "On the Waterfront," not the supporting actress. Walter Huston starred in "The Treasure of the Sierra Madre," though he won the Oscar for support.

Steers' Tall Boys

Two of the lads who make the Big Spring Steers an imposing array on the basketball court are pictured above. They are, left to right, LeRoy LeFevre, 6-feet-5; and Jimmy Bice, who stands 6-3. LeFevre is a senior, Bice a junior.

Yearlings Win Two Of Three Cage Starts

Big Spring Junior High contestants topped two of three games from Lamesa representatives here Tuesday afternoon.

The Ninth Grade Yearlings lost, 40-32, but the Eighth Graders turned back the Breeses, 26-23, in an overtime game while Dan Lewis' Seventh Graders finished in front, 36-25.

Jetty Bowerman paced the Seventh Graders in scoring with 15 points while Robert Carr and Jimmy Haynes did a good job of rebounding.

The Eighth Graders trailed until the final period but rallied to tie the count at 23-all in the last round. J. B. Davis led the Yearlings in that one, sinking eight points.

Table with columns for NINTH GRADERS, EIGHTH GRADERS, and SEVENTH GRADERS, listing names and scores.

MEYER MAY GO TO CHICUBS

CHICAGO (AP) — Rival National League managers were chagrined and embittered over the trade between Chicago and Brooklyn that sent hard-hitting third baseman Ransom Jackson to the world champion Dodgers for reserve third sacker Don Hoak and spare outfielder Walter Moryn.

Cub Personnel Manager W.D. Mathews, who made the swap with Brooklyn Vice President E. J. (Buzzie) Bavasi, announced there will be a "tail" to this transaction sometime next week. The "tail" is Russ Meyer, the veteran right hander, who will report when the Cubs have gotten down below the 40-player limit to make room for him. The Cubs released Walker Cooper and the 42-year-old catcher was expected to sign with the St. Louis Cardinals.

The proposed 15-player deal between Washington and New York involving southpaw Mickey McDermott's transfer to New York hit a snag when General Manager George Weiss of the Yankees refused to include three of his prize youngsters—second baseman Bobby Richardson, shortstop Jerry Lumpe, and outfielder Norm Sie-

burn. Bill DeWitt, assistant to Weiss, said the multiple deal was "left hanging," but Charlie Dressen, Senators' manager, insisted the trade was still "hot."

The big three-way deal among Chicago, Cleveland and Baltimore also reached an impasse when Manager Paul Richards refused to let the Indians have catcher El Smith. According to the report, the Orioles were to deal off Smith and pitcher Jim Wilson, the Indians were to contribute shortstop George Strickland and pitcher Art Houtteman and the White Sox were to throw in six players into the pool, including first baseman Walter Dropo, outfielder Bob Nieman, catcher Earl Battey and pitcher Sandy Consuegra. The Sox were to get Wilson and Houtteman, Cleveland was to get Smith and Baltimore was to get Nieman and Dropo.

Negotiations between the Cardinals and New York Giants involving Red Schoendienst's transfer to the Giants were halted abruptly when Chuck Feeney, New York vice president, was forced to leave for New York because of illness in his family. General Manager Frank Lane of the Cards was still hopeful of swinging a deal with Philadelphia. He is seeking either outfielder Del Ennis or catcher-first baseman Stan Lopata.

Pajamas

STYLED BY Enro

From \$3.95

There's no 'what to give' problem when you choose pajamas—Styled by Enro for they're what He'd choose himself. Dad, Brother, or Junior all appreciate the advanced styling, the custom features and the luxury fabrics in Enro pajamas.

Improved Herd Downed, 51-48

LUBBOCK, (SC) — The Big Spring Steers split a double bill with Tom S. Lubbock High School cage crew here Tuesday night.

The A team lost a 51-48 decision after swapping out the lead with the Westerners earlier in the contest.

The Steer reserves decided the Cowhands, 36-24, and looked good in doing it.

Failure to hit from the free throw line cost the Steers dearly in the main attraction.

The visitors hit only 18 of 36 gratis pitches. Mike Musgrove accounted for half the Longhorns' free shots.

Jan Loudermik continued to show improvement as the Steers' rebounder and accounted for ten

points. Musgrove had 15 for high point honors. Jimmy Bice played a creditable contest for the Longhorns, as did Donald Lovelady and LeRoy LeFevre.

For Lubbock, Ed Sumner set the pace with 16 points while Ed Watson accounted for 11. Sumner made 11 of his points in the final period.

Bice led the B team to victory, tossing in 15 points while Lloyd Harrison scored ten and Donald Anderson nine.

Big Spring led all the way in that one, although the Cowhands pulled to within three points of them in the third period.

Nashua Placed On Public Sale

NEW YORK (AP)—Nashua, 3-year-old champion and leading money winner of 1955, whose earning power still is estimated at more than \$500,000, no longer will run under the familiar white-and-red dotted colors of the Belair Stud.

The first step in the dissolution of the famous stable, rumored since the death of William Woodward Jr. Oct. 30, was taken yesterday when executors of Woodward's estate placed Nashua and 61 other thoroughbreds up for public sale.

The executors called for sealed bids by Dec. 15.

Second on the list of world moneywinners, Nashua is topped only by Citation, who won \$1,085,780. Nashua has earned a total of \$945,415 as a 2-year-old and 3-year-old. He won \$752,550 this year.

The champion colt has been turped out in a paddock at the Clairborne Farms in Paris, Ky. and is booked for a number of winter races in Miami and Santa Anita.

Going into his 4-year-old season, Nashua faces the higher weights of handicap racing and a probable drop in earning power. For that reason his chief value now is considered as that of a sire.

Ben Hogan Sues

PHILADELPHIA (AP)—Golfer Ben Hogan has asked for \$400,000 damages from a New York publishing company for allegedly using pictures of him in a book on golfing without his permission. He filed suit yesterday against A. S. Barnes and Co.

'I'm Champion Now,' Olson

By JOE MOOSHL

CHICAGO (AP)—Sugar Ray Robinson doesn't believe there'll be any psychological factors involved in his bid to regain the middleweight championship against Bobo Olson Friday night, but the champion thinks otherwise.

"I wouldn't say there are any psychological advantages or disadvantages," Robinson said, "but I guess it's better to have won two over the man than to have lost two."

He was referring to his two victories over Olson in 1950 and 1952.

"Sure he beat me twice," retorted Olson, "but things have changed. I'm the champ now."

"The first time I went against Robinson, I was scared. I was just a green kid and while working out for the fight, fans would crowd around and watch me. Then I'd hear them say, 'Man, what Sugar Ray's going to do to this guy.' Don't think those remarks didn't make a difference to a newcomer."

That was when Robinson knocked Olson out in 12 rounds but he didn't have an easy time of it.

"No one ever has an easy fight against Olson," said Robinson before going through a couple of fast windup rounds yesterday.

"I'm not trying to build him up but he's out there giving you a battle three minutes of every round."

And Olson doesn't figure to change any.

"I'm going to fight the same way," he said. "I nearly beat him the second time and that was three years ago. I know he's not as fast now as he was then and he had to rely on speed."

GENUINE Old FITZGERALD IN THE NEW Candlelight Decanter

Most beautiful gift... easiest to serve... most versatile in decorative after-uses! Shop and see why this high-fashion decanter makes doubly welcome your gift of old-fashioned bonded Old Fitz... the final choice of mature tastes.

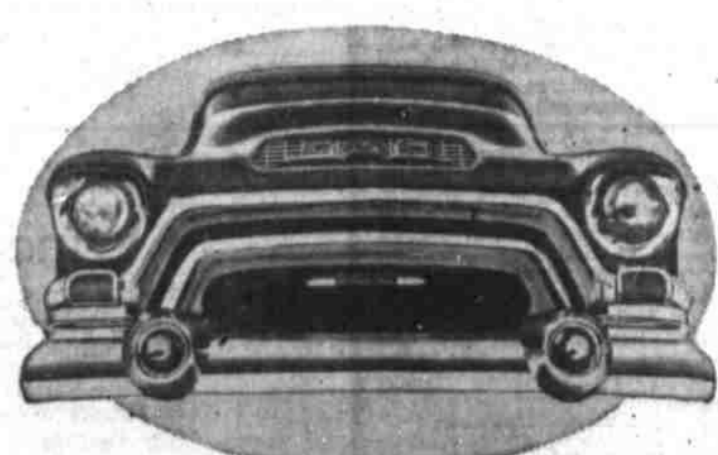

COSTS NO MORE THAN REGULAR FIFTH

GOLDEN JIGGER STOPPER for easy graceful serving. Ask your dealer for "So-it-yourself" folder.

When the Lakeview Rockets of Big Spring take the field against Dunbar High School of West here Friday night, they will be starting their 11th game of the campaign. The Rockets were to have played 13 games but two of them — one by Slaton and the other by Littlefield — were forfeited. The forfeit by Littlefield sent the Rockets into the semi-finals of the Negro Class A playoffs. If they get by West Friday night, they'll meet the winner of the Livingston-Kilgore game in the state finals. Livingston is the state champion and is undefeated to date. The Rockets have scored 138 points, compared to 137 for the opposition. The Big Springers will probably abandon the T this week to run off the Single Wing. Coach Roosevelt Brown reasons the Rockets will show more power off the Single Wing. Hard-charging Lemuel Green is heavily counted upon to carry much of the offensive load against West. The Rockets have won seven, lost five and played one tie this year. They own victories over Lamesa, Slaton, Littlefield, Plainview and Vernon, in addition to the two games forfeited to them. They have lost to Midland twice, Odessa twice and Plainview once. They were tied by Lamesa in another start. Probable offensive starters for the Rockets will be Alvin King at left end, Robert Harper at left tackle, Don Scaggs at left guard, James Willie Connor at center, Billy Weatherall at right guard, Sam Williams at right tackle, Robert Allen at right half, Ernest Byrd at left half and Lemuel Green at fullback. On defense, Brown will go with a lineup composed of Earl Dean Green at left end, William Toles at left tackle, Scaggs at guard, Williams at center, Robert Harper at right guard, Rogers Brown at right tackle, Allen at right end and Ernest Byrd, King, B. F. Newton and John Valentine as linebackers. Newton, Scaggs and Valentine are only freshmen. English, Allen and Earl Green are sophomores. Brown will have 22 players suited out for the engagement.

Why pay more for less?

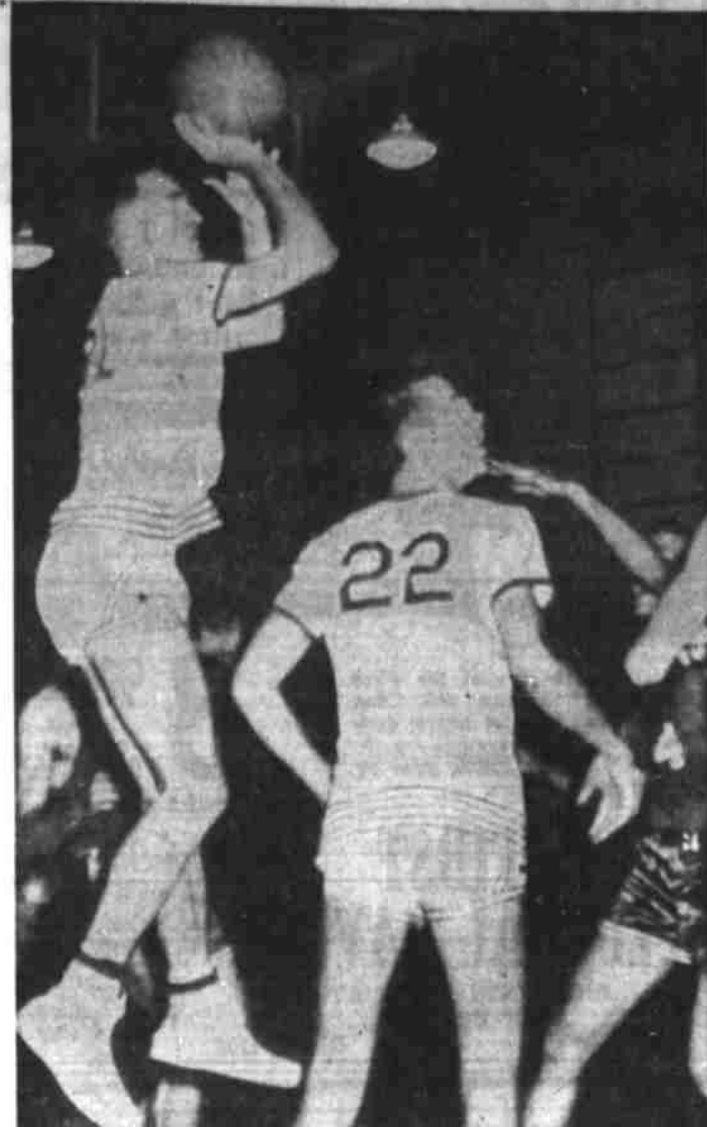

HERE'S A TWIST! America's top-quality trucks—the famous Blue Chip GMC's—now cost no more than makes produced on a low-price basis. Imagine—the all-new premium truck of the field, with Blue Chip power, years-ahead features, boulevard styling and matchless construction, for as little or less than run-of-the-mill makes. LOOKING 'EM OVER

With Tommy Hart

Target For The Night

Ray Crooks goes high for a shot at the basketball in some furious campaigning in the HCJC-Cisco JC basketball game played here last night. The Hawks won the game, 90-57.

HC Hawks Rip Cisco, 90-57

Showing steady improvement, the Howard County Junior College Jayhawks ran off and hid from the Cisco JC Wranglers, winning a 90-57 verdict here Tuesday night.

The success leveled the Hawks' won-lost record at 2-2 for the year. The Hawks pulled so far out in front in the second half that the visitors began to stall the ball, in efforts to keep the Big Springers from getting 100 points.

The HCJC crew led all the way. They boasted a 21-12 advantage after ten minutes of play; led, 36-26, with 4:20 to go in the first half and boasted a ten-point advantage (44-34) at half time.

Charles Clark went on a scoring rampage for the Hawks, scoring 28 points. Ray Crooks had 20 while Ertis Davis, Jimmy Robinson and Jimmy Castleberry each had ten for the Hawks.

Bill Mundy led Cisco with 22 while George Callerman accounted for 11.

Coach Harold Davis used several different combinations, once the decision had been put on ice, and all seemed to click. Wiley Brown did a good job of cleaning the backboards for HCJC.

Robinson and Castleberry delighted the partisan crowd by stealing the ball time and again from the opposition.

HCJC's reserves also won, turning back Snyder High School in the opener, 66-34. Tommy Black tossed in 18 points for the Hawks in that time. Bonnie Beard had 15.

Millon Ham led Snyder with 16 points.

The Regional 11-B championship football game is another one that Big Spring could have probably hosted had it had adequate facilities. Instead, the game will be unreeled in Colorado City (at 2:30 p.m. Friday), which went out and built itself a fine little bowl without much fanfare and fuss.

Had Clyde beaten Rochester in bi-district play last week, Coach Cliff Patton of Clyde would have sought to hold the contest here, but only because he grew up and played football here. Cliff wasn't impressed with the local stadium—he merely wanted to have his boys perform before the home folks.

Big Spring's Tommy McAdams kicked the point after touchdown that enabled San Angelo College to topple Sunflower JC in the Hospitality Bowl game at Gulfport, Miss., last weekend, 13-12.

He probably would have accounted for the other but for the fact that the snapback from center was high and he had to hurry his try.

Tom-Tom intercepted one Sunflower pass and returned it 48 yards only to have the play nullified by a penalty.

They say Big Spring's Gene Carpenter did a creditable job of guarding the fabulous Dick O'Neil in that Texas Tech-TCU basketball game in Fort Worth last weekend. Tech won the game, 76-64.

Big Spring's Bobby Hayworth, who is due to be McMurry's regular quarterback next fall, wound up with a 4.5 yard rushing average for the Indians the past season.

Bob, a junior, carried the ball 34 times for net yardage of 153, not bad for a player who was saddled with the job of passing, too. Hayworth also passed successfully three times for 67 yards.

Two of his serials went for touchdowns. In total offense, Hayworth ranked third on the club, even ahead of Joe Bill Fox, the regular signal chanter. Elroy Payne and Wayne Brevard finished ahead of him in that department.

Bob probably would have done even better, had not he suffered a shoulder injury midway in the season and missed some action. Just to prove his versatility, Hayworth intercepted passes against Gustavus Adolphus, West Texas State and Sul Ross, returning them for a total of 75 yards. Against Sul Ross, his interception went for a TD. No one else on the club did as well.

He also returned a punt 22 yards and emerged as one of the finest defensive backs in camp. His coaches will tell you he had a lot to do with McMurry's 8-2 won-lost record this season.

In five seasons as head coach at East High School in Des Moines, Iowa, Big Spring's Bobby Savage's teams have a 26-4 won-lost record. He's been coaching football nine years now and his teams have won 57 times, compared to 15 losses and a tie. He was at Eagle Grove, Iowa, before moving to East.

Bob would eventually like to return to Texas as a coach. In the past ten years, Wisconsin University's football teams have played to a total of 4,679,288 paying customers at home and on the road.

The Big Spring Steers completed 39 of 117 passes the past season. Their average slumped in the final game against Sweetwater, when they made good on only one of eight tries.

Minors May Get Help In 'Game Of Day' Pay

By JACK HAND

CHICAGO (AP) — The National League held out a glimmer of hope to the minors in the form of revenue from a proposed television "Game of the Week" broadcast today but the majors turned thumbs down on such player requests as a \$7,200 minimum pay, unlimited winter ball and an inside role in negotiating a new World Series TV contract.

The National went out of its way to label as "very important" its decision to ask Walter O'Malley, Brooklyn president, to continue his efforts to work out plans to use income from a proposed "Game of the Week" TV broadcast of major league games on Saturday afternoons to aid the minors.

The minors, through the presidents of their Class B, C and D leagues, have asked the majors to help work out a plan for "immediate relief of the damaging effects of TV broadcasts into minor league territory." Although this request was not acted upon by the American League and was rejected by the National because of its "intemperate" language, the National voted to lend a hand.

Commissioner Ford Frick revealed Monday that he had been rebuffed by the Justice Department in Washington in an attempt to set up a test case on the right of baseball to regulate radio and TV broadcasts of its games. The minors blame radio and TV for a large share of their attendance decline in recent years.

A "Game of the Week" TV show has been in operation in recent years. Only three clubs participated in the original plan but many others joined last season. It was learned that the entire 16 major league clubs were considering participation in 1956.

The majors also turned down the minors' proposal to change the law on returning servicemen, making them count on the player limit after 30 days instead of one year.

On the player demands, the majors refused to go along with the increase from \$6,000 to \$7,200 in minimum pay. They also rejected a proposal to let the players negotiate on their own with winter league teams and refused to keep the players informed on the new World Series TV contract. The old series pact expires after the 1956 games.

Ed Price Refuses To Discuss Plans

MIDLAND, Tex. (AP)—Ed Price, who said he had not resigned as football coach of the University of Texas but wouldn't say whether he planned to, confers with chairman Tom Sealy of the Board of Regents here today.

Price, under fire from some of the alumni for the past two years, denied at Austin yesterday that he had submitted his resignation as he was reported to have done at a meeting of the regents in Houston last week. He said, "I have not taken any action on my part and I am not prepared to say I will take any."

Sealy said Price did not offer his resignation, that no demand had been made upon him or any demand would be asked. But he added that Price had asked him for a conference to "talk over the athletic situation at the university. If he does resign, I will, of course, have to call a special meeting of the board to consider it." Sealy said Price had requested the conference several days ago.

Sealy was emphatic in declaring that "No one is interested in firing Ed Price or buying up his contract."

Price, who became head coach of the university Jan. 1, 1951, replacing Blair Cherry, who had resigned, was voted a 5-year contract extension in 1953. Thus he has two years to go.

Texas under Price has won one Southwest Conference championship and tied for another and won 31 games, lost 18 and tied 1 in five years. There was some agitation for a change in coaches last year when the Longhorns dropped five games, won four and tied one, but this subsided after Price took disciplinary action against several members of the team accused of breaking training.

This year Texas had a 5-5 record and there was some talk of replacing Price but this died down as the Longhorns made a fine finish, winning four of their last five games and beating Texas A&M in the traditional Thanksgiving Day clash.

D. X. Bible, athletic director of the University of Texas, said upon his return from a hunting trip last night that he knew nothing about the situation and that "all we have is a rumor." Dr. O. B. Williams and Dr. J. Alton Burdine of the faculty athletic council said they had heard no recent talk of resignations or other changes in the football coaching staff. At Houston, Leroy Jeffers, member of the Board of Regents, declared that no resignation had been presented to the board and none was pending.

Should Price resign, it would mean the second coaching change in the Southwest Conference within three days. George Sauer Monday retired from coaching to be athletic director only at Baylor with Sam Boyd being elevated from line coach to head coach.

MODEL FARM HOME Owned by Mr. and Mrs. W. B. Langley

'Outstanding Farm' Of 1936 Was Week's Mystery Place

When an outstanding farm was nominated for Howard County on the occasion of the state's centennial celebration back in 1936, last week's Mystery Farm was accorded that honor.

This was the home place of W. A. Langley, 1200 Wood Street, who broke sod on the farm in 1922 and who pioneered tractor tillage in Howard County.

Today the spread is operated by Mr. and Mrs. Langley's youngest son, W. B. Langley, and his family. It still ranks as one of the county's most productive spots year in and out.

The farm is about seven miles north of town and is reached by turning right off U. S. 87 seven miles north, going a quarter of a mile east and a quarter of a mile north.

The land leading to the house is lined with trees planted by W. A. Langley when he established the homestead.

It was in 1922 that Mr. and Mrs. W. A. Langley moved to Howard County and purchased the section of land from W. P. Edwards.

"When I came to the county, there was little cultivation in the Fairview community," recalled Mr. Langley. "Over the years I put the entire section in cultivation."

Friends shook their head when he bought an old front wheel drive Moline tractor.

"When I started to plow, I buried the tractor to the axle. One of the old timers came along and helped me unhitch from the creaking plow. Then with kindness in his voice, he said I would starve to death if I tried to operate with that contraption."

Mr. Langley wasn't so easily discouraged, although there were a few times when the prophecy might have seemed in a fair way to come true.

"I kept hitting it with the help of my family," recounted Mr. Langley. "and today it seems that all the work is done with tractors."

About the only thing that remains of the original place is the well of water. It was the only well in the community and neighbors hauled all their drinking and

stock water from it. From the start, Mr. Langley included some cattle raising with his farming, a pattern which W. B. Langley follows with his sudan patch and feed lot operation.

"Considering the dry years," said Mr. Langley, "we made a good success of it."

In 1923 he built a store and filling station at Fairview, and this was a successful venture until it burned to the ground in 1928. Mr. Langley retired from farming in 1949 and he and Mrs. Langley have since resided in Big Spring.

W. A. Langley was born in Holly Springs, Miss. in 1880 and came to Fort Worth in a covered wagon in 1900. He got a job helping build the I. & G. N. railroad south of Fort Worth. He met and married Lavertie Farrar, who has been born in Thaxton, Miss., in 1886 and had come with her parents to Fort Worth in 1894. They were wed in Fort Worth in 1903.

To them were born six sons. Louie Langley (deceased) who became a Dallas attorney, Leonard Langley, farmer in the Walcott community, Cleatus Langley (deceased) who farmed at Tarzan, Vernon Langley, who farms at Fairview, and W. B. Langley; and two daughters, Mrs. Clara Mae

Smith (deceased) and Mrs. Geneva Reagan, who is the wife of a Big Spring postman. "Farming is quite different from what I was used to when I first started," said Mr. Langley. He ought to know; he's one of the men who helped make it different and better.

Speedy Man Passes His Own Sentence

CHICAGO (AP)—Fred J. Estrada, 29, in Traffic Court yesterday on a charge of drunken driving, admitted to Judge Joseph Butler he led police on a four-mile high-speed chase.

"You read the papers, don't you?" Butler asked the youth. "And do you know what they do to drunken drivers like you?"

"They get a year in the county jail," Estrada replied. "You have just passed your own sentence," the judge said.

Stricken with a fit, he was taken to the hospital. He was released Friday.

Accepting more percentage cuts than Texas were Oklahoma, Mississippi, and Kentucky, with the latter state taking the biggest percentage drop. That state's percentage drop was approximately seven per cent.

Mississippi suffered a six per cent drop, and Oklahoma had four.

COTTON ALLOTMENTS Texas Acreage Cut Less Than Average

Texas got the biggest acreage cut of any state, but their percentage was not as great as three other states. Allotments released revealed that the Lone Star State's acreage was cut to 7,410,893 for 1956 from 7,612,779 this year.

Texas' cut was approximately three per cent, while the national cut was about four per cent. The national acreage cut was from 18,113,298 to 17,391,304. The acreage allotments were released last Friday.

The states gaining were Arizona, California, Florida, Illinois, and Maryland. Arizona received the most additional acreage, with Florida and Illinois getting just a few acres extra. Maryland was allotted 25 acres for 1956. They were not allocated any in 1955.

Next to Texas, Oklahoma's acreage suffered the most. Most of Texas' cut was felt in West Texas where most counties averaged losing six per cent of their acreage.

East Texas as a whole gained in the county breakdown of the cotton allotments.

Only five states were given more acres for '56 than they had the past season, and 21 states were included in the list of states planting cotton.

The states gaining were Arizona, California, Florida, Illinois, and Maryland. Arizona received the most additional acreage, with Florida and Illinois getting just a few acres extra. Maryland was allotted 25 acres for 1956. They were not allocated any in 1955.

Big Spring Man Killed in Wreck

ANDREWS—Cecil M. Bingham, who had papers in his pockets with two Big Spring addresses, was injured fatally in a car mishap 23 miles east of Andrews last night.

He died at 3:15 a.m. today in the Permian Basin Hospital in Andrews.

Officers said that papers gave addresses at 112 Mobile and 205 Nolan, both in Big Spring, but that others indicated that he might have been residing in New Mexico or have been in military service.

His car left the Big Spring-Andrews Highway about two miles east of the Midland cutoff, and apparently overturned several times. Highway Patrolman Henry Crump, Lamesa, investigated. Arrangements were pending at Singleton Funeral Home.

Webb Lists Honor Graduate

Second Lt. Peter Aspinwall was announced as the top graduate of Jet Pilot Class 56-E at the commencement exercises held at the base chapel Tuesday.

The top grad was presented by Col. Charles M. Young, wing commander. The name of the top student had been kept a secret until the exercise. Runner up to Lt. Aspinwall was 2nd Lt. Alvin H. Bruder.

The two compiled the highest averages of the 35 in the class. They were presented commendations for their achievements.

Next class of jet pilots to graduate will have their completion exercises, Dec. 19. The date had been previously juggled because of Christmas holidays.

Mishap Victim In 'Good Condition'

Walter Lee Smith, 107 Mesquite, was reported in good condition this morning at Medical Arts Hospital. Smith was struck by a car in the 500 block of West Third Tuesday morning.

He received no fractures, but X-rays were made of his chest for possible internal injuries. Driver of the vehicle involved was Ben P. Harris, 700 Abrams. A Nalley ambulance made the call.

Robert Franklin Doe, 301 Creighton, and Anita Chapman McDaniel, 1507 Chickaw, were in collision early this morning at Fourth and Abrams. No injuries or damage was reported.

OIL, GAS TRANSACTIONS

Son Passes By Stricken Father

DURANT, Okla. (AP)—Thomas Culvahouse of Fort Worth, Tex., drove home to see his parents yesterday but paid no attention to a pickup truck parked near the side of the road.

He drove on to the home and was greeted by his mother. He asked for his father and learned he had left more than three hours ago. The mother was concerned. Culvahouse drove back down the road and found his father, John McAllen Culvahouse, 60, dead behind the steering wheel of the pickup. Authorities told the son his father ran off the side of the road two miles north of here, apparently stricken with a heart attack.

Mother Killed When Boy Plays With Gun

MARYSVILLE, Calif. (AP)—Four-year-old Wesley Cisco pulled a 12-gauge shotgun from a closet while his mother Mrs. Cleo Cisco slept on a couch, officers said. As he dragged the gun toward her, it fired. The charge hit Mrs. Cisco from two-foot range. Wilford Cisco, the father, ran in from the backyard and rushed his wife to a hospital. She died there.

Racial Implications In Death 'Resented'

SCHULENBURG, Tex. (AP)—The Schulenburg Chamber of Commerce said in a statement last night it resents implications that there was a race problem in the slaying of a Negro.

The Chamber also hopes to raise a \$5,000 reward for anyone able to prove that a Schulenburg white resident was responsible.

The body of Herbert Johnson, 58, head of the National Assn. for Advancement of Colored People unit in Schulenburg, was found beaten and burned 20 miles west of here Monday.

Chamber of Commerce President C. A. Pennington made the following statement after a meeting:

"Schulenburg citizens resent the interpretation that some newspapers have placed on the story of Herbert Johnson's death. The town is incensed over the idea that there might be a race problem here. We have never had a race problem and we don't expect to have one and we are willing to

put up a reward to prove that we haven't.

"Therefore, the Schulenburg Chamber of Commerce is going to try to raise \$5,000 to be given to anyone able to prove that a Schulenburg white person was responsible for Johnson's death."

Earlier last night, Sheriff L. O. McGinty of Gonzales, Tex., reported that a suspect in the slaying had been released after a lie detector test at Austin, Tex., cleared him.

Officers started looking for possible clues in connection with reports by County Judge John Romberg of trouble within Johnson's family. Romberg said Johnson had encountered trouble with some of his kinsmen because of his management of the estate of his late father, Anderson Johnson. Herbert Johnson had accused persons of selling cattle belonging to the estate without permission from him, the judge said.

Johnson's trousers and wallet have not been found, Sheriff McGinty said.

Daniel Claims 'Hundreds' Ask He Enter Race

WASHINGTON (AP)—Sen. Price Daniel (D-Tex.) said yesterday he had found hundreds of letters urging him to run for governor of Texas when he returned to his office after a month's absence.

Daniel reiterated a previous statement that he will announce early next year, after Congress convenes Jan. 3, whether he will be a candidate for governor.

He said the announcement "will be made in Texas."

Sen. Daniel is expected to go to Texas late in January for at least two conventions of state organizations.

There are reports he does not want to get involved directly in the Texas political situation until the Senate has finished action on two pieces of legislation in which he is especially interested—the bill to exempt natural gas producers from federal regulation and a measure to tighten federal laws against the illicit narcotics trade.

The House-passed natural gas bill is ready for Senate action as soon as Congress convenes, but many here feel opponents have mustered strength since adjournment and that Senate action won't be speedy.

Regarding that measure, Daniel said: "I still feel confident that the bill will be passed and sent to the President early next year."

Daniel denied reports published in Texas last week that he had told friends he would resign from the Senate if he decided to make the governorship race. "I am not that far along on the subject. I certainly am not going to decide on that until after I make the decision of whether to run for governor," he said.

Daniel's Senate term expires in 1956.

Cabbie Makes Fare Only To Pay Fine

PITTSBURGH (AP)—Traffic Cop Ted Walters wouldn't let a taxi driver make a left turn at an intersection. The driver, Jerry Thompkins, 25, gave him an argument.

"Come on, we'll go to Central Police Station," Walters said, and hopped into the cab. Thompkins promptly lowered his flag and drove off. When they got to the station, Thompkins made Walters pay the fare—50 cents.

Then Thompkins paid a \$10 fine on a disorderly conduct charge.

Time Of Russ Nuclear Explosion Estimated

TOKYO (AP)—The Soviet Union presumably exploded its hydrogen bomb at 1 a. m., Eastern Standard Time, Nov. 22 near Lake Baikal, Siberia, the Central Meteorological Observatory announced today. Japanese government weather experts based their presumption on "abnormal pressure waves" observed Nov. 22 at 90 observatories throughout Japan.

Russian Leaders Return To India

RANGOON, Burma (AP)—Communist party boss Nikita S. Khrushchev and Soviet Premier Nikolai Bulganin headed back to India today on their South Asian tour.

During their seven-day visit in Burma, the Russian leaders used every opportunity to lambast the West.

Bulganin and Burmese Premier U Nu signed a joint demand for turning Formosa over to Red China and for a ban on nuclear weapons. The views expressed were the same both countries have been plugging for some time.

1. Settling Indochina's political future in accordance with last year's Geneva conference ending the Indochina War. The armistice terms call for elections next July to unify pro-Western South Viet Nam with Communist-held North Viet Nam. The South Vietnamese do not favor rushing into these elections.

2. An unconditional ban on atomic and hydrogen weapons and further experiments with them, plus a sharp reduction of conventional armaments.

3. Unification of anti-Communist South Korea and Communist North Korea.

4. An end to power blocs, which they said cause fear and distrust among nations.

Before the communique was issued, Khrushchev added a chapter to the blistering attack he has made on the West, particularly Britain, during while in India and Burma. Speaking at a political rally here, he took a swipe at Britain's former Prime Minister Winston Churchill.

He referred to the "notorious disservice" he said Churchill issued

to Field Marshal Montgomery near the end of World War II to stack captured German arms for reissue to German prisoners against any continuing Russian advance into Western Europe.

Churchill disclosed the order in a speech last year. He said he could see no advantage in freeing Europe from one kind of totalitarianism "if we allowed so much of Europe to fall into the grip of another totalitarian regime from the East."

Churchill already had paid his respects to the Khrushchev-Bulganin anti-Western speeches. Addressing a political rally Monday, he said Britain should "seriously consider" canceling a projected visit in April by the two Russians.

In India, the Russian leaders will find ready listeners for more anti-Western outbursts as a result of the joint communique in Washington last week by Secretary of State Dulles and visiting Portuguese Foreign Minister Paul Cunha.

Dulles and Cunha "deplore all efforts to foment hatred between the East and West" and took special note of the Russians' "allegations concerning the Portuguese provinces in the Far East."

Khrushchev and Bulganin had expressed forthright support for India's claim to the three small Portuguese colonies in India. Indian officials already had been resentful of the Russians' anti-Western blasts as a violation of their hosts' neutrality. But many viewed Dulles' joining Cunha in a statement and the reference to the "Portuguese provinces" as U. S. support for Portugal in the bitter dispute with India.

Couple Arrives From Red China

HONG KONG (AP)—Another American couple, Louis Henkel and his wife Louise, arrived aboard the steamship Soudan from Communist China today. It was his 60th birthday.

Henkel and his 70-year-old wife are en route to join their son Victor at his home in Sandy Hook, Conn. The Henkels looked very fit on their arrival.

Henkel has been a trader in hides and skins in China since 1906. Mrs. Henkel is a native of Bremen, Ill.

The Red government granted the couple exit permits Oct. 12 but they waited to catch a ship. Henkel said he and his wife had been living comfortably in the Shanghai apartment they had occupied for 30 years.

'Mystery Ranch?'

The rural scene, above, looks like a ranch headquarters, at least. A wide expanse of rangeland is shown back of the house, and the big corrals, watering tank and feeding equipment are part of a livestock layout. The place is one of the "Mystery Farm" series being carried in The Herald. First person to identify the home will be rewarded with show passes.

EXPERTS DISAGREE

New Orleans Jazz Booming Or Dying?

NEW ORLEANS (AP)—The cradle of jazz is still rocking. But the rocking may put the baby to sleep. All kinds of signs indicate New Orleans jazz has vitality. There also are lots of signs the city's jazz is about as vital as a mummy. It depends on the people you talk to.

"It's never been better," says George Blanchin, president of the New Orleans Jazz Club.

One hand, headed by Negro clar-

inetist George Lewis, comes close to recreating music in the New Orleans spirit.

"Oh, yes, it's dying out," says Lewis quietly. "After us, there's no more."

The jazz given the world by New Orleans came in two packages. One, created by the Negroes, usually is called just New Orleans jazz.

The second variety is Dixieland—the Negro music dressed up and made popular by white performers.

Old-time New Orleans jazz and Dixieland musicians never rehearsed, always improvised and almost always played together without solos. When they listen to the many bands playing on Bourbon Street, musicians like Lewis are distressed because the music sounds well-rehearsed and dependent on the soloist.

"The future of jazz depends on the fledglings. A number of the white jazz musicians are men in their 20s and even younger white musicians sometimes sit in with the bands. But Lewis at 55, is almost young among the Negroes.

Lewis explains that swing music in the 1930s caused a break in the stream of jazz. Youngsters heard swing and lost touch with old New Orleans jazz.

But there may be another reason. "I asked a colored disk jockey about it once," says Mrs. Myra Menville, secretary of the jazz club, "and he said the young colored boys don't like jazz because it smacks too much of the chains and slavery and all that stuff."

"New Orleans just isn't proud of its jazz," she says, a little hopelessly. "Lord knows, the rest of the world is."

Teeth Gnashing Common Ailment

NEW YORK (AP)—Are you afflicted with bruxism? A leading dental authority says most of us are. He described the affliction as an unconscious grinding and clenching of the teeth.

Dr. Thomas E. J. Shanahan, Brooklyn dentist, told the Greater New York dental meeting yesterday that nervous tension brings on bruxism. He said the affliction goes on to produce more worries, including loosening of the teeth and gum infections.

The dentist says the condition, which often is accompanied by teeth clicking sounds irritating to others, is on the increase. He blamed fatigue and inadequate recreation as factors contributing to tensions that produce bruxism.

Buster Keaton Still Critical

HOLLYWOOD (AP)—Comedian Buster Keaton, 60, remained in critical condition today with a rupture of the abdomen. He was stricken Saturday night. Officials at Wadsworth Veterans Administration Hospital said he came out of a coma for "several hours" yesterday.

Uncle Ray:

Bactrian Camels Are Used By Anatolians

By RAMON COFFMAN

Besides the large countries which it contains, Asia has various small ones, also many districts which are parts of large nations.

One interesting area is Anatolia. It exists on the western side of Asia, and has almost the same limits as the Asia Minor of ancient times.

Anatolia has been in the hands of many nations during the past three thousand years. Hittites, Persians, Greeks and Romans contended for power in the area during ancient times.

Q. Who owns Anatolia today?
A. It is in the hands of Turkey.

Q. Are there five nations in or near Asia which have about the same population?
A. Yes, in a rough way. They are Turkey, Iran, Thailand, Burma and the Philippine Islands. Each of these nations has a population ranging between 20 and 25 million, according to recent estimates. (Please note that books of

Children on the march in Anatolia geography printed a few years ago contain population figures which are now out of date.)

Q. Which is the largest city in Asia?
A. For many years Tokyo has been considered the largest Asiatic city, and it probably holds the same rank today. Shanghai, however, has been growing rapidly and now has a population estimated at six million. Greater Tokyo (which includes cities in the nature of suburbs) contains well over seven and a half million people.

PREHISTORIC ANIMALS is the name of a new booklet by Uncle Ray which tells fascinating facts about dinosaurs and contains 12 illustrations of these great animals. To get a copy send a stamped, self-addressed envelope to Uncle Ray in care of this newspaper.

Versatile Girl Gets Film Contract

HOLLYWOOD (AP)—A 19-year-old girl who can fly a plane, assemble an automobile and has been a model is officially launched today on a contract movie career.

Janet Lake, as a minor, had a contract with Metro-Goldwyn-Mayer studio approved in Superior Court yesterday. She starts at \$200 a week and the contract has options over a seven-year period which would increase her salary to \$1,000 a week.

Miss Lake, born Janet Mary Lenkey in Norristown, Pa., is also capable of doing secretarial work and once considered sociology as her life's work. She was modeling in New York when an M-G-M talent scout saw her picture in an advertisement.

Noted Jockey's Son Is Sued For Divorce

LOS ANGELES (AP)—Mrs. Virginia P. Longden has sued horse racing trainer Vance J. Longden for divorce. She alleges cruelty. Longden is the son of famous jockey Johnny Longden.

Grandma Gets Her First Deer

SALISBURY, Md. (AP)—Mrs. Howard Calhoun, a 66-year-old grandmother from nearby Delmar told

her son and son-in-law last night she might go deer hunting again "so I can shoot one for each of you and register them in your names."

Grandma Calhoun nailed an 8-point, 110 pound specimen at 50 yards yesterday.

Her son, Claude E. Calhoun, of Delmar, and her son-in-law, Char-

les E. Rounds, of Salisbury, still have their first deer to get this season.

Mrs. Calhoun has been hunting for about 12 years. She took it up, she said, on the recommendation of a doctor who prescribed hunting as a way of relaxing nervous tensions.

This was her first deer.

Cartoonist Critical

LOS ANGELES (AP)—Cartoonist Jimmy Murphy, 63, creator of "Toots and Casper," remained in critical condition today after a second heart attack. He entered St. Vincent's Hospital two weeks ago after the first attack.

Fiveash Installs 'Check-R-Mix' Is Duroglas Heater Feed Store Feature

One of these cold mornings, the hot water heater is going to go out and you are going to have to take a cold shower or bath. But if you had had a General water heater made of Duroglas, that heater would not have gone out.

And you would not have had to suffer through that cold bath. Duroglas hot water heaters are available at Fiveash Plumbing Co., on E. Third Street, and they are ready at any time to install one of those all-purpose, long-lasting heaters.

General Water Heater Corporation has been turning out famous products since 1919 for every domestic, commercial, industrial, and institutional use. No water heating problem is too big for General. And their popular home unit is the Duroglas models. Duroglas is a remarkably hard and durable dark blue glass armor fused onto steel. Glass and heavy, high quality steel are inseparably bonded together under intense heat, forming a tank lining which is impervious to the chemical action of any water anywhere.

The strength of steel and the permanent rust-resisting quality of glass are combined. The entire inside of the Duroglas tank is smooth and sanitary as a bottle, but it is a vastly different kind of glass. Ordinary glass can be cracked easily when struck or subjected to sudden temperature changes — but not Duroglas.

General's process of bonding glass onto steel was perfected by aircraft engineers to protect engine parts against terrific heat and temperature changes. It can take far greater shocks than it will ever get in the long lifetime of a water heater.

With the maize harvest mostly laid in, the John Davis Feed Store has its widely-utilized "Check-R-Mix" operation going full blast for the benefit of area stockmen and poultry raisers.

"Check-R-Mix" is the mixing of Purina concentrates with feed for chickens, hogs and cattle. The John Davis Feed Store has the concentrates, the mixing equipment, and the formula for just the right mixture of Check-R-Mix feeds for any purpose. Stockmen and poultry men in the Big Spring area may take advantage of the service simply by bringing in their milk to be mixed to the desired specifications, said Jay A. Cunningham of the Davis firm.

The concern is exclusive dealer in this section of West Texas for the widely-acclaimed Purina Check-R-Mix livestock and poultry feeds. Feeds for every purpose are included in the list of Purina products. The Check-R-Mix service is based on scientifically developed feeding plans, with the Purina concentrates containing just the right amounts of concentrated supplements. Purina mills have mixed the necessary antibiotics, vitamins and antibiotics in precise quantities in the concentrates. In mixers such as is operated

at the John Davis Feed Store, the concentrates are mixed with feeds in the desired quantities. Davis has numerous mixing formulas developed at the Purina Research Farm, all carefully balanced for the most efficient feeding. These formulas are the guides Davis personnel follow in the custom mixing of livestock and poultry rations. Cunningham outlined the following feeding plan for a profitable cattle, swine or poultry program.

New Liquid Cleans And Polishes Cars

Polish your car as you clean it—with Johnston's POLISHAMPOO. Just apply rich harmless suds, then simply flush off dirt and "road film" that resist ordinary washings. Car dries quickly with no rubbing or wiping, leaving a polished surface. Use POLISHAMPOO regularly to keep car clean and polished. Bottle containing 8 shampoos 98c. 16 shampoos \$1.79. Available at Piggly Wiggly, J. O. Newsum Supermarket, J. E. Green Food Mkt., Dale Douglas Food Mkt., Jack's Drive In Gro., Toby's Drive In Gro., & Hull & Phillips Gro.

Thomas Offers Typewriter As Ideal Yule Gift

The ideal gift for the student or the business man at Christmas time might be the practical gift—one that can be put to use the year around.

Such a present is available at the Thomas Typewriter and Office Supply, located at 107 Main Street in Big Spring.

The famous Royal typewriter would delight the high school or college student and would prove useful for years to come.

The Royal portable now comes in exciting colors, as do the Royal standard, and the world-famous Royal electric.

If the party has a typewriter, many other suitable gifts are available at Thomas'.

In stock at the concern are such things as attractive and serviceable desk sets, posture chairs, steel desks, filing cabinets, storage cabinets and desk lamps.

For the youngsters, a blackboard, complete with chalk and erasers, might be just the thing to help with his studies and show his parents what he has learned at school.

For the business man, suitable gifts available at the Thomas Typewriter and Office Supply include comptometer and transcribing machines, Olivetti printing calculators, a Precisa automatic step-over for multiplication where large numbers are used.

The modern office can be outfitted completely, from ruled paper to cash registers and adding machines, at the Thomas Typewriter and Office Supply.

For those needing typewriters on a temporary basis, they can rent the desired machine on a weekly or monthly basis at the local establishment.

Ross Prepared To Barbecue Meats For Christmas Table

The holiday season brings with it the added problems of meal preparation. L. M. Ross, owner and operator of the Ross Barbecue Stand, has an answer for your Christmas meals.

Ross is prepared to barbecue any type of meat for your holiday table. Chickens, turkeys, hams, or choice cuts of beef are all given that special barbecue touch at the Ross Stand. Located at 904 E. 3rd, Ross' stand is easy to locate and the ideal place to have your special meats prepared for Christmas.

The Ross Barbecue Stand is a good place to remember anytime. Ross prepares barbecue everyday with his own special formula and an extra special sauce. Experience tells too.

Ross has been preparing barbecue a long time and he knows just how to make it taste like real barbecue should. First he buys only the best meats available. Then, he gives it all his attention until it is ready to make a delicious sandwich or barbecue plate.

Set off with his special shoe-string potatoes, it is a fine barbecue meal. And coffee is only a nickel. Or if you prefer, soft drinks and milk is also served.

In a hurry? Then the Ross Barbecue Stand is still the place for you. Just drop in and tell the friendly waitress what you would like. It only takes a minute to get your order prepared and served.

If you would like to take it with you, that can be arranged too. Order your meal to go and take it home and eat in your own dining room.

If you would like a large quantity of barbecue for last minute guests, call Ross and tell him how many pounds you would like to have. He will have it sacked up and ready to go by the time you call for it.

Fast and friendly service plus plenty of parking space add to make Ross Barbecue Stand the ideal spot for your next dinner meal out.

Economical, barbecue sandwich-

es are only 25 cents each and a heaping plate of barbecue is only 60 cents. You can order the sandwiches or plates with or without the sauce as you prefer. But that sauce is the "cream of the pudding." It adds that extra touch that has given the Ross Barbecue Stand a fine reputation for good barbecue.

FULL CLOSE-OUT

WE ARE CARPET MEN . . . NOT FURNITURE MEN . . . SO WE QUIT!

We are discontinuing the furniture business in favor of Floor Coverings since carpet and rugs have represented a major portion of sales for the past five years. Some furniture items will be handled on a Custom Order basis and we will continue the complete home furnishings business at Town and Country in Snyder!

Just A Few More Days And No More Furniture!

There is no time to lose! So grab your hat (and your pocketbook, too), fly out the door dressed for business, come to 205 Rannels—find your bargain and sit on it—It's save you crisp, green, folding money! So hurry—get your share of the greatest furniture bargains Big Spring has ever seen!

EVERYTHING GOES! Way Below Our Cost!

You know, we know, everybody knows that in order to clear this store to the bare walls in just a few days—it takes giveaway prices—cost and loss must be forgotten! Put yourself in our place—what would you do? You would cut prices with ruthless disregard to cost or loss—and that is exactly what this urgent emergency has forced us to do—Time is short—so hurry.

SALE NOW IN PROGRESS!

JUST A FEW DAYS LEFT!

So Hurry On Down..

Youth Admits Bomb Prank

LANSING, Mich. (AP)—State police said today a 14-year-old boy has admitted making a Nov. 26 telephone call which touched off a bomb scare at the home of Michigan's Gov. G. Mennen Williams.

Joseph A. Childs said the boy was taken into custody by state police detectives on the basis of a tip from another schoolboy who had heard the bomb threat discussed before it became public knowledge.

The boy's name was withheld pending the taking of a formal statement at state police headquarters.

State police have maintained a 24-hour guard over the governor's home since Mrs. Williams reported receiving a telephone call Nov. 26 that a bomb had been placed in the home.

Mrs. Williams said she was told the bomb was hidden in the house and set to go off that afternoon. She said she was informed the bomb was hidden two days earlier while the family was out of the city.

7,000 YEARS ON A JAG

Ancient Records Show Man Is Long-Time Dope Victim

By ROGER D. GREENE
WASHINGTON (AP)—Ancient clay tablets unearthed in the desert sands of Mesopotamia disclose that man was a victim of drugs, the insidious, habit-forming juice of the poppy, more than 7,000 years ago.

Ninety years ago, a survey turned up 116 addicts in the town of Adrian, Mich., or 1 in 100 of the town's population. Ten years later, a survey of the state of Michigan showed that 1 in 166 residents was an addict.

Around the turn of the century, American mothers bought 750,000 bottles of opium-applied soothing syrup a year to quiet their babies. One of every 400 Americans was an addict—four times as many women as men.

Narcotics were sold over the counter as freely as lemon drops or epsom salts. Except for local ordinances, the use of drugs was entirely legal in this country throughout the 19th century.

It was not until 1906 that Congress finally took alarm at the ugly growth of drug addiction and passed a law banning the importation of morphine or coca leaves—the raw material for cocaine—except for medical purposes. When the more stringent Harrison Narcotics Act was passed in 1914, there were 200,000 addicts in the United States.

How many are there now? No one knows, for sure. Federal and state authorities are far apart, with estimates ranging all the way from less than 100,000 to more than a million. Now men addicts outnumber women nearly 4-1. Roughly 25,000 persons are arrested every year for narcotics violation.

Commissioner Harry J. Anslinger of the Federal Narcotics Bureau says reports gathered by his agency in a continuing study put the nationwide total at about 60,000 addicts.

But in 1951, the Mayor's Committee on Narcotics said there were 90,000 addicts in New York City alone. Ohio's attorney general, William O'Neill, says his state has 15,000. California's attorney general, Edmund C. Brown, puts the total there at 20,000. By contrast, the Federal Narcotics Bureau shows 2,350 addicts in California as of last April 30. Yet Los Angeles alone reported 12,461 narcotics arrests in 1953-54.

The government figures for early this year list the 10 "worst cities" for addiction as New York, Chicago, Los Angeles, Detroit, Cleveland, Washington, D. C., San Francisco, Cincinnati, St. Louis and San Antonio, Tex. The "worst states" are New York, Illinois, California, Michigan, District of Columbia, Ohio, Texas, Missouri, New Jersey and Pennsylvania.

There is also conflict between the federal bureau and the states on juvenile addiction. Anslinger says it hit its peak in 1951 and

has been declining, but "the fact that any at all exists is shocking."

New York's attorney general, Jacob K. Javits, countered in testimony before a Senate Narcotics subcommittee:

"Narcotics addiction among teen-age boys and girls is at an all-time high. From 1953 to 1954 arrests of persons under 21 jumped 30 per cent in New York City." He added that addiction throughout the United States has "spurred above the so-called epidemic year of 1951 and appears to be on a steady rise."

Anslinger says narcotics bureau figures put known addicts under 21 years old at 13.1 per cent of the national total.

"Some youngsters try drugs for a thrill," Anslinger says. "Despite all warnings, they believe they can take dope and then give it up when they please—only to discover too late that their curiosity has led them to utter ruin."

Anslinger has a staff of 253 field agents across the country—"about the size of the police force in Akron, Ohio." He calls it a "thin line of defense," but says that with twice that many "we could do a bang-up job."

Most big cities now have police narcotics squads, usually working closely with the federals. New York has 200 in its dope division, Chicago 94, Los Angeles 77.

Authorities know well that drug addiction and crime go hand in hand, as addicts steal to get money to buy drugs, or stage other crimes while hopped-up with false courage.

Anslinger pointed to an upsurge in addiction in Richmond, Va., which coincided with a 600 per

cent increase in crime.

"After we cleaned out the drug peddlers, crime went down to normal," he said.

How can you spot a drug addict?

"For one thing," says Anslinger, "they have a peculiar shuffle when they walk. And their eyes have a frozen stare with a pinpoint pupil when they're on a jag. They freeze on whatever they're looking at, as though they were in a dream."

"They don't care about eating. When they do, they just eat sweets. They're never clean, always shabbily dressed. I've never seen a clean one yet. And—Lord knows why, but they always have a lot of old papers stuck in their pockets."

"My agents can spot 'em a mile off."

How long does it take to get "hooked" by the narcotics habit? Three days to two weeks, according to experts. The Federal Narcotics Bureau, in a pamphlet entitled "The Truth About Drug Addiction," adds this warning:

"The idea that an addict takes dope just to feel good is a mistake. He takes it to head off, for a little while the horrible effects which he feels when he doesn't have the drug."

Similarly, the U.S. Army "Handbook on Narcotics," declares:

"There is no known cure for drug addiction. Death is the only sure release from the living hell into which an individual commits himself when, for a momentary thrill, he takes 'just one shot.'"

Next: Proposed Weapons.

Mother Declares 'Heritage' Lost In Custody Fight

DEDHAM, Mass. (AP)—The natural mother of 4-year-old Hildy McCoy—center of a bitter religious-legal custody battle—charged yesterday the child's foster parents have deprived her of her religious heritage.

Through her counsel, Mrs. Marjorie McCoy Doherty filed an answer in the Norfolk County office of the Massachusetts Supreme Court to a petition by Mr. and Mrs. Melvin B. Ellis of Brookline, who seek to keep the child.

Mrs. Doherty, a Roman Catholic, charged that the Ellises, who are Jewish, have deprived Hildy "of her religious heritage and an opportunity to form a relationship with adopted parents of her own religion."

The Ellises, who have cared for the child since she was 10 days old, offered last May to bring Hildy up in the Catholic faith if they could keep her.

A skeleton excavated from a Neolithic burying ground in Germany showed that tuberculosis of the spine afflicted man 5,000 years ago.

Private Eye Reveals Luce Phone Was Once Tapped

NEW YORK (AP)—A private investigator has disclosed that the telephone of Mrs. Clare Boothe Luce was tapped shortly before she was appointed ambassador to Italy.

The investigator, John G. (Steve) Broady, who also is a lawyer, told of the tap yesterday in testifying in his own defense in his trial on charges of illegal wiretapping and conspiracy.

Broady, 52, has denied that he ever tapped any telephones illegally. He said he was hired in January, 1953, to learn whether there was a tap on Mrs. Luce's telephone.

Appointment Made

AUSTIN (AP)—Secretary of State Tom Reavley was appointed by Gov. Shivers today the Texas member of the Board of Managers of the Council of State Governments.

Importer Admits Wife's Slaying

CHICAGO (AP)—A wealthy Austrian importer admitted yesterday, police said, fatally beating his wife in their fashionable Lake Shore Drive apartment during a quarrel over money.

Marcus Kammermann, 66, was held without charge after the admission in German to Detective Frank Bychowski.

Kammermann's wife Malwina, 55, died in American hospital after police broke down the door to their apartment and found her crumpled on the floor with Kammermann standing over her. Police had been summoned by neighbors.

Bychowski quoted Kammermann as saying he beat his wife for two hours with ash trays, lamps, a seltzer bottle and almost every loose household object he could lay his hands on.

He told Bychowski his wife had "cleaned out" their bank account of \$60,000 to \$70,000 and told him she wanted a divorce.

Kammermann, a cigarette and candy importer, and his wife emigrated to the United States from Austria in 1951.

Rayburn Thinks Surpluses Okay

LITTLE ROCK (AP)—Speaker Sam Rayburn considers a year's surplus of cotton, corn and wheat is a "good thing," he said yesterday.

Rayburn, here to address officers of Arkansas' rural electric co-operatives said:

"We hear a lot of scare talk about the big surpluses under government farm price support programs—but I think we ought to have surpluses."

"There might be a time when there would be a total crop failure and then we would need the stuff we've got stored up."

"When World War II started, the surplus of cotton was sucked up so fast the government had to appeal to the farmers to grow more. The government has never lost a dollar on cotton, the figures prove it."

The Democratic leader from Texas reiterated his endorsement of 90 per cent parity farm supports.

Icebreaker Ends Long Leg Of Trip

CHRISTCHURCH, New Zealand (AP)—The icebreaker Glacier, leadership of the U. S. Antarctica expedition, today reached its first port in more than three weeks—with 372 men hungry for the sight of anything solid and motionless.

They can be expected to make the most of it, since this is their first landfall in more than 6,000 rough miles and will be the last point of civilization touched before they sail Saturday on the final leg of their voyage to the bottom of the world.

Makes Statement In Houston Death

HOUSTON (AP)—A California truck driver, 22, made a statement to police today in the slaying of a Houston loan firm operator.

The Californian, who came here Thursday, admitted having a fight with Francis Hopper, 36, whose body was found Monday in a ditch northwest of Katy. He said he could not remember stabbing Hopper to death.

Hopper, operator of the Family Budget Bureau, died of a knife wound in the throat. He had been missing since Friday night.

3 Children Die When Mother Tries Suicide

TOKYO (U.S.—Mrs. Ichiro Takada, 31, threw her four children and herself into a Tokyo canal in a suicide attempt. She and her year-old son were saved. Dead were daughters, 10 and 8, and a 6-year-old son. Mrs. Takada said her husband was unemployed.

Must Have A Large Supply Of Earthworms

CHATTANOOGA, Tenn. (U.S.—Somebody broke into the E. H. Packinpaugh Co. fishing equipment store yesterday and stole 20,000 fish hooks. A few dozen live minnows were taken.

Veteran Pilot Dies

IRVING (U.S.—Capt. T. J. Lee, 56, American Airlines pilot for 25 years, died today after an illness of several weeks.

The 1953 Christmas Seal Sale of the 3,000 tuberculosis associations in the United States and territories will open November 16.

Supreme Court Decision Sought In Buchanan Case

AUSTIN (U.S.—A state Supreme Court interpretation of terms of the William Buchanan Foundation trust was sought today by regents of the University of Texas and trustees of the foundation.

The appeal was from a decision of the 5th Court of Civil Appeals at Texarkana which held that the University of Texas and the University of Arkansas were not entitled to foundation grants.

Murder Charge Being Prepared

MIAMI, Fla. (U.S.—A second murder charge was being prepared today against hatchet killer Conklin Meriwether after his father-in-law, 55-year-old Charles Mills, died in a Miami hospital of multiple skull fractures.

Meriwether, 37-year-old former professional baseball player, ran amuck with a hatchet Nov. 20 in the Mills home at Tavernier in the Florida Keys.

Ike, Advisers Near Final Agreement On Defense Fund

GETTYSBURG, Pa. (U.S.—President Eisenhower and top military and budget advisers reached virtually final agreement Monday on 1953-57 defense spending in the neighborhood of the present 34 1/2 billion dollars a year.

The decision did not appear to hold out much hope the administration could ask a substantial tax cut at the next session of Congress. Secretary of Defense Wilson told a reporter after an hour and a half meeting with the President and Budget Director Rowland Hughes that "no final figure" was set for defense spending in the next fiscal year.
