WEDNESDAY

THE SNYDER DAILY NEWS

VOL. 22 NO. 52 SNYDER, TEXAS (79549) WEDNESDAY, JUNE 30, 1971 8 PAGES — PRICE 10c

The SDN Column

July begins tomorrow, and the highlight of this month is the observance of Independence Day in the United States of America. But nearly everybody knows that.

Did you know, however, that July also is "National Hot Dog Month?"

It is a fitting event to be observed during this month, because the hot dog is closely associated with picnics, and July 4th, or Independence Day, is the most famous picnicking day of the year.

It is also a fitting time to review some facts about the hot dog, a delicacy that is just about as American as the proverbial apple pie, baseball, pizza and Colonel Sanders.

If you did not eat 72 hot dogs last year, you were not doing your part. The hot dog people say they sold an estimated 14.8 million of them in 1970., and that averages out to 72 per person. At present they are producing them at the rate of over 40½ million per day, and during the month of July they expect Americans to eat at least 1.2 billion hot dogs.

A lot of famous people (and non-famous) go for hot dogs. It is claimed that hot dogs and champagne are the main dishes in Actress Marlene Dietrich's favorite meal.

★ ★ ★

This information came by six-cent postcard, which somehow made it through the mail halls without getting canceled:

"Yankee snobbery never seems to be harsh, and is often subtle rather than quiet; a Texan thus may be a braggart, but he can't be a snob. Texas stories, you see, are born of the unpleasantness of being a Texan, whose spirits must be lifted to create an illusion of superiority. There is nothing unpleasant about being a Yankee, and consequently our snobbery has pleasant motives."

That quotation is attributed to the May 1971 issue of Yankee Magazine, which is published in Dublin, N.H.

To sum this up from a Texan's point of view, using a Yankee expression: "Balderdash."

★ ★ ★

The Federal Bureau of Investigation's Crime Index for the first three months of 1971 shows a gain over 1970, but the distribution may be surprising. Northeastern states had the greatest increase, 14 per cent, while Southern and North Central States had the lowest increase, three per cent.

Cities of half a million to a million population had a four per cent decrease in major crimes, while rural areas had an increase of six per cent. Cities in the 10,000 to 25,000 brack had an increase of 10 per cent.

— WACIL McNAIR.

Today In History

By THE ASSOCIATED PRESS

Today is Wednesday, June 30, the 181st day of 1971. There are 184 days left in the year.

Today's highlight in history:

On this date in 1950, President Harry S. Truman announced he had ordered U.S. troops stationed in Japan to help the Republic of Korea repel North Korean invaders.

On this date:

In 1777, British forces in the Revolutionary War evacuated New Jersey, crossing to Staten Island, N.Y.

In 1834, the Indian Territory was created by an act of Congress.

In 1859, 5,000 persons watched as the French acrobat, Emile Blondin, crossed Niagara Falls on a tightrope.

In 1934, Adolf Hitler began his great "blood bath" in Germany, purging hundreads of political and military leaders.

In 1936, Emperor Haile Selassie of Ethiopia pleaded before the League of Nations in Geneva for help against Italian invaders.

In 1946, the third atomic bomb was dropped in a U. S. test over ships anchored at Bkini in the Marshall Islands.

Ten years ago: British warship were heading for Kuwait in the Middle East after reports of a threat against the sheikdom by Iraq.

Five years ago: In Moscow, French President Charles de Gaulle and Kremlin leaders called for an end to foreign intervention in Vietnam.

One year ago: A picture-telephone service began in Pittsburgh.

THE WEATHER

SNYDER TEMPERATURES: High reading Tuesday, 92 degrees; low reading, 72 degrees; reading at 7 a.m. today, 74 degrees.

Northwest Texas: Partly cloudy this afternoon tonight and Thursday. Widely scattered late afternoon and nightime thunderstorms. A little cooler in the extreme north. High 97. Low 60.

North Central Texas: Partly cloudy and warm through Thursday. Widely scattered afternoon and evening thunderstorms. High 99. Low in 70s.

Northeast Texas: Partly cloudy and warm through Thursday. Widely scattered afternoon and evening thunderstorms. High 98. Low in 70s.

Southwest Texas, west of the Pecos: Partly cloudy and warm through Thursday with chance of a few afternoon and evening thundershowers southeast portion. High 102. Low 55.

Southwest Texas, east of the Pecos: Partly cloudy and warm through Thursday with scattered showers and thundershowers mainly south portion. High 95.

OXYGEN SYSTEM APPARENTLY WIPED OUT IN RE-ENTRY

Three Cosmonauts Killed

MOSCOW (AP) — Three Soviet cosmonauts died today as their Soyuz 11 spaceship was bringing them back from a record three-week flight aboard the Salute space laboratory. Foreign experts speculated they suffocated when their oxygen system failed.

Heinz Kaminsky, director of the Bochum Observatory in West Germany, said the oxygen system probably was knocked out during re-entry to the earth's atmosphere.

Josip Kotnik, Yugoslav president of the Astronautic Rocket Association of Croatia, speculated that after 24 days of weightless flight they may have been unable to activate the system for expelled carbon monoxide and introducing oxygen.

In announcing the tragedy in space, Tass news agency suggested no reason why the three were found dead after their spaceship landed. Tass said the cause of the deaths is being investigated.

An official announcement said the three spacemen—Lt. Col. Georgy Dobrovolsky, flight engineer Vladislav Volkov and test engineer Viktor Patsayev—completed their flight program Tuesday and communicated with ground control on the way down. Soyuz 11 made a smooth landing where it was supposed to, the announcement said, but the rescue crew that opened the hatch found the men dead.

All three cosmonauts were married. Dobrovolsky, the flight commander who was 43, and Patsayev, 37, each had two children, while Volkov, 35, had one son.

Soyuz 11 carried them into space at 7:55 a.m. on Sunday, June 6. It was the first space flight for Dobrovolsky and Patsayev, but Volkov had made 80 earth orbits in October 1969 aboard Soyuz 7.

Soyuz 11 linked up on June 7 with the 17½-ton space laboratory Salute, which had been orbiting the earth unmanned since April 19. The cosmonauts transferred to the bigger space lab and orbited the earth in it for nearly 23 days in what appeared to be a highly successful advance toward the permanent manned space station which is the goal of the present Soviet space program.

Tass said the men completed their flight program "in full" on Tuesday and were "directed to make a landing." The news agency gave this account of the fatal descent:

"The cosmonauts transferred the materials of scientific research and the logs to the transportation spaceship Soyuz 11 for return to earth.

"After completing the transition operation, the cosmonauts took their seats in the Soyuz 11 ship, checked the onboard systems and prepared the ship for unlinking from the Salute station.

"At 9:28 p.m. Moscow time—2:28 p.m. EDT—the Soyuz 11 spaceship and the Salute orbital station separated and continued the flight separately. The crew of the Soyuz 11 spaceship reported to earth the unlinking operation passed without a hitch and all the systems were functioning normally.

"In order to carry out the descent to earth, on June 30, at 1:35 a.m., after orienting the Soyuz 11 spaceship, its braking engine was fired and functioned throughout the estimate time.

"At the end of the operation of the braking engine, communication with the crew ceased. According to the program, after aerodynamic braking in the atmosphere, the parachute system was put in action, and before landing the soft-landing engines were fired. The [illegible] of the descending apparatus ended in a smooth landing in the preset area.

"Landing simultaneously with the ship, a helicopter-borne recovery group, upon opening the hatch, found the crew of the Soyuz 11 spaceship ... in their seats, without any sign of life. The causes of the crew's death are being investigated."

The site of the landing was not disclosed, but presumably it was in the steppes of eastern Kazakhstan, where the last several Soyuz ships have landed.

SINGER DIVORCED — Singer Vic Damone, 43, and his second wife, actress Judith Rawlings, 35, have been divorced and Damone reveals in the property settlement that he is nearly broke. They were married in 1963 and have three children. They're shown at Santa Monica, Calif., court in 1965 at custody hearing of his son by his first wife actress Pier Angeli. (AP Wirephoto)

Crime Rate Rises

WASHINGTON (AP) — Serious crime continued to rise nationally in the first three months of 1971, up 6 per cent from the same period last year, but Atty. Gen. John N. Mitchell said crime actually declined in 61 large cities.

Although property crimes increased less rapidly in the first quarter of 1971 than in the first quarter of 1970, violent crimes increased a bit faster.

But Mitchell pointed out today, in releasing FBI crime statistics, that the over-all 6 per cent increase was considerably below the 13 per cent hike between 1969 and 1970. It was the lowest rate of increase in five years, he added.

The 61 cities that experienced a drop in the total number of crimes reported between 1970 and 1971 were among 154 U.S. cities with a population of 100,000 or more. Mitchell said statistics for the first quarter of 1970 showed 20 cities with fewer reported crimes than in the comparable period of 1969.

Propery crimes—burglary, auto theft and larceny of $50 or more—increased by 5 per cent between the first quarter of 1970 and 1971, compared with a 13 per cent increase between 1969 and 1970.

Violent crimes—murder, forcible rape, robbery and aggravated assault—increased by 13 per cent between 1970 and 1971.

Tornado Hits Mirando City

MIRANDO CITY, Tex. (AP) — Residents got a scare and there was considerable property damage but none was injured as a tornado threshed through the west side of this South Texas town Tuesday night.

Mirando City, with a population of 740, is 32 miles east of Laredo in Webb County.

"We saw it come right through here," said Deputy Sheriff Luis Cardenas.

Roofs and windows of the Mirando City high school and elementary school buildings were damaged heavily, and residential property took a beating.

VCs Wipe Out Ammo Depot

SAIGON (AP) — Viet Cong mortars wiped out the biggest ammunition depot in the central region of South Vietnam today, and military sources said allied operations in the region may be seriously imperiled for several days.

The enemy mortars hit the depot at Qui Nhon, 265 miles northeast of Saigon, for the second day in succession, destroying more than 10,000 tons of artillery shells, bombs and other ammunition, sources said. The attack Tuesday had destroyed at least 2,500 tons.

"It was like a volcano erupted," one American eyewitness reported. "The sky was lit up all night."

The explosions shook down ramshackle houses half a mile away.

Initial reports said four South Vietnamese soldiers were killed and 11 were wounded. The attack Tuesday morning killed three soldiers and wounded at least two civilians.

Officials said the first mortar rounds before dawn today hit a section of the dump where flares were stored. Explosions and fire spread to other sections containing bombs and artillery shells.

By mid-afternoon, more than 12 hours after the first attack, explosions were still going off, making it impossible to search the area thoroughly.

It was the third time in a week and the sixth time this year the ammunition dump has been shelled with heavy losses.

Fighting also continued along the demilitarized zone some 250 miles north of Qui Nhon.

South Vietnamese headquarters said 55 North Vietnamese were killed Tuesday in a series of clashes just to the north of Fire Base Fuller. South Vietnamese losses were three killed and 10 wounded, headquarters said.

Enemy troops ambushed a patrol of the U.S. 101st Airborne Division eight miles southwest of Phu Bai, wounding five Americans. Enemy losses were not known.

Muddy Rio Grande Ebbs After Flood

LAREDO, Tex. (AP) — The muddy Rio Grande, swollen by cloudbursts, reached 33.56 feet at the International Bridge here today at 5 a.m., then began falling. It dropped a tenth of a foot in an hour.

Flood stage is 30 feet, but the bridge itself is more than 40 feet above the bed of the river.

While officials said there appeared to be no threat of serious flooding here, the National Weather Service advised precautions in low areas downstream to Falcon Lake.

Employes had evacuated the U.S. Agriculture Department's import lot on the banks of the river in Laredo, and sandbags had been stacked as protection for the Mexican immigration building on the opposite side.

This city and Nuevo Laredo, across the border in Mexico, meanwhile went about clearing streets of debris and repairing damage from flash flooding caused by torrential rain Monday night.

The weather service reported the Rio Grande rose to an apparent crest of 33.5 feet between 5:30 and 6 a.m. Flood stage is 30 feet.

It would take water at the 39-foot level to reach the bottom of the bridge, and the concrete roadway carried by the span is four feet higher.

Bridge administrator L.P. Botello said he didn't expect to halt traffic unless the silty torrent rose to 43 feet.

CONGRESS RACING DEADLINE

Draft Expires Tonight

WASHINGTON (AP) — With Congress rushing to write a compromise two-year extension, the nation's draft law appears headed for expiration at midnight for the first time since 1948.

Senate-House conferees had saved a major stumbling block for last—Senate Democratic Leader Mike Mansfield's amendment for a U.S. pullout from Indochina in nine months, passed 57 to 42 in the Senate and rejected 219 to 176 in the House.

Both Mansfield and House Armed Services Chairman F. Edward Hebert, D-La., who heads the conferees, said they doubt Congress could pass the extension before the midnight deadline.

Mansfield said he was not interested in any compromise of his pullout amendment.

"The Senate has spoken," he told newsmen.

The Selective Service System said it would halt the draft at midnight unless Congress extends it or President Nixon authorizes callup of students and other men whose deferments are expiring.

White House sources said Nixon probably would not authorize such a callup.

An Associated Press spot check found draft officials around the country were preparing to halt induction procedures until the draft is renewed.

Only the authority for actual callup of men expires at midnight. The Selective Service System which processes men through physicals and other preinduction activities remains intact.

Concession List Grows For Event

A number of concession stands will be in operation Monday in Towle Memorial Park as Snyder holds its annual Independence Day celebration.

Sites for the concession booths were assigned early this week, and several organizations will vend refreshments, etc., throughout the day.

A full slate of activities will be conducted in the park, with the big fireworks display scheduled for Monday evening as the closing feature.

Meanwhile, other merchandise prizes had been announced at the Chamber of Commerce, which coordinates the Independence Day event here each year. Hamblen Music Co. will give a guitar lesson for four persons and Hoyt Furniture Co. will award a picture. At the same time, it was announced that Texas Electric Service Co. will give away an electric grill, rather than a yard light as previously announced.

Fireworks tickets were still being sold by representatives of organizations which will have concession stands and members of the Chamber of Commerce board of directors.

WTC To Sell Bonds For Dormitory

Western Texas College will receive sealed bids July 12, on a $1,070,000 revenue bond issue for the construction of a three story dormitory complex, according to an announcement from Dr. Robert Clinton, president of the college.

Proceeds of the issue will be used to construct a 192-bed capacity student dormitory unit on the college campus. The dormitory complex will be of unique design with four separate three-story towers. Each tower will accommodate 48 students.

The entire dormitory complex will contain approximately 37,400 square feet. All enclosed areas will be air-conditioned. The project is scheduled for occupancy by August, 1972.

Gunmen Grab Money Shipment

STRASBOURG, France (AP) — Masked gunmen hiding inside Strasbourg's central post office today grabbed a shipment of money after a police guard had gone home and carried off an estimated 11.6 million francs worth—$2,088,000.

If that amount is confirmed, it will be the largest cash holdup in French history, though less than a third of the record $7 million haul in Britain's Great Train Robbery in 1963.

The gunmen—some witnesses said there were four, others five or six—carted away eight sacks filled with francs.

The operation was carried out in a matter of minutes shortly after 9 a.m.

ON CAR INSURANCE

Board Proposes 2.8% Increase

AUSTIN (AP) — State Insurance Board experts recommended today a 2.8 per cent statewide average increase in private passenger car insurance rates.

The recommendation of the state experts contrasted sharply with the 9.8 per cent rate hike recommended by the industry.

"Well, they're entitled to be wrong if they want to be," commented an industry spokesman when shown the increased proposed by the board's staff.

The staff's proposal includes increases of 2.3 per cent for bodily injury liability, 2.2 per cent in property damage liability, 1.3 in collision coverage, and 8.5 per cent in comprehensive and other physical damage coverage in addition to collision.

The staff recommendations were based on a formula allowing the insurance companies a 2.6 per cent profit after taxes from writing insurance. The companies also make a profit from investing their policy holders' premiums.

An insurance industry representative said the difference between the board's staff and the industry recommendations is entirely due to a higher profit factor recommended by the industry. Insurance companies requested a 4.7 per cent after taxes profit allowance, not counting investment income.

Insurance board members will consider the rate proposals by both the staff and the industry, then issue new rates effective Sept. 1.

David B. Irons, speaking for the Texas Automobile Insurance Service office, revealed the industry request Tuesday.

Irons said the request would include a 13 per cent increase for full coverage comprehensive, 9 per cent for bodily and property damage liability, 8.4 for collision, 7.8 per cent for uninsured motorists and 7 per cent for medical payments.

Irons said much of the proposed increase in full coverage comprehensive is due to unexpected 1970 losses in Hurricane Celia, the Lubbock tornado, and severe hail storms and flooding.

"It should be emphasized that the proposed rates are based solely on insurance experience statistics of premiums and losses last year," Irons said. "Obviously, medical costs are continuing to climb and the expense of repairing automobiles is also continuing to rise rapidly."

Open House At Post Office

The Snyder Post Office, along with other post offices over the country, will observe "open house" Thursday as the new U. S. Postal Service begins operation, Postmaster H. D. Moreland has announced.

First day commemorative envelopes and stamps will be available at the office. The first day envelopes are free, and the first day stamps will be on sale at the regular postal rates.

Patrons are invited to stop by the post office between 10 a.m. and 3 p.m. Thursday.

4TH Good Adverse Neutral

Religion is always at her doorstep

By Abigail Van Buren

[© 1971 by Chicago Tribune-N. Y. News Synd., Inc.]

DEAR ABBY: Please understand that I have nothing against people whose religion is not the same as mine, but I get very much annoyed when they ring my bell and tell me they want to "save me." I am happy with my own religion and I don't feel that I am in need of being "saved," but they insist that I do, and it is their mission in life to go around saving people.

I don't like to be rude and slam the door in anyone's face, but I haven't time to listen to these people and if I had the time I wouldn't care to, anyway. Please tell me how to handle some of the more persistent door-to-door religious salesmen. I have offered to give them a dollar for their magazine just to get rid of them, but they say they aren't "selling" anything, they only want to talk to me.

MRS. NO NAME

DEAR NO NAME: Some religious groups do attempt to recruit new members this way, but if you tell the bell ringers that you are not interested, they'll not force themselves upon you.

DEAR ABBY: What do you think about letting my boy friend sleep over at my house? Here is the situation. He has to drive almost 50 miles back to his place after he comes here to see me. We have an extra bed in my brother's room and he could use that. Sometimes we sit around and watch TV and talk until quite late and he gets pretty drowsy and I worry about his driving on the highway when he's that way. What should I do? I am 14 and he is 16. WORRIED

DEAR WORRIED: Send him home before he gets drowsy.

DEAR ABBY: I'll come right to the point. I am a 52-year-old divorced woman who men find very attractive. I have had four nervous breakdowns in the last 10 years. My question: Would any man want to marry a woman with my mental health record? Should I drop the idea of marriage from my life and try to find happiness without it?

NAMELESS, NATURALLY

DEAR NAMELESS: I don't know your definition of a "nervous breakdown," but your question should be answered by your doctor. Many people who have had psychotherapy are far more stable than some who have not had any.

DEAR ABBY: If you have any influence on the night club and entertainment world, I wish you would go to work on getting them to consider women.

All the clubs cater to men, and when I go out I don't care to sit there while my husband gets his eyes full of some half-dressed bosomy babe pitching herself around.

Girls don't do a thing for me, Abby, but I sure wouldn't mind looking at some handsome well-built men. If some of these clubs would feature go-go guys and male belly dancers, I wonder how many men would take their wives and girl friends there.

I like to look, too. But not at girls. PEG

DEAR PEG: Patience. I understand the Men's Lib is already working on that.

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

Hate to write letters? Send $1 to Abby, Box 69700, Los Angeles, Cal. 90069, for Abby's booklet, "How to Write Letters for All Occasions."

Connally Casts As Salesman

By BILL NEIKIRK
Associated Press Writer

WASHINGTON (AP) — Treasury Secretary John B. Connally's new title as President Nixon's chief economic spokesman casts him more in the role of salesman than as the administration's top economic policymaker.

Connally now will be doing what he does best: Using his political experience to persuade and sell President Nixon's economic policies to Congress and the nation.

The top policy-making role apparently still belongs to George P. Shultz, director of the Office of Management and Budget and a former Labor secretary.

Connally, however, has gained in stature within the councils of the administration and may now stand behind Shultz as the second most powerful economic adviser.

The newly coined title for the former three-time Texas Democratic governor has set political tongues wagging anew on implications for both parties in the 1972 presidential campaign.

The announcement came just after Vice President Spiro T. Agnew had taken off on a month-long journey around the world. Ever since Connally's recruitment for the Treasury post some six months ago, there has been talk he might supplant Agnew as the No. 2 man on the GOP ballot.

And it came at a time when some Democrats are ready to believe Nixon can be defeated on economic issues. The question now is whether Connally, a conservative who never stood in the mainstream of the Northern-oriented Democratic party, can neutralize that issue for his new boss next year.

Within the administration, Connally's new role is viewed as more of a blow to the prestige of Nixon's Council of Economic Advisers, a panel of three professional economist who help chart economic policy and comment on it.

Denying this, presidential press secretary Ronald L. Ziegler said Connally's title—a formal designation—will have no effect on the roles played by other administration economists.

Dr. Paul W. McCracken, chairman of the council, said of designating a politician as chief economic spokesman: "It won't change my modus operandi. I think it's a good idea, really."

Council members said they will continue to speak publicly on economic matters.

But one thing is clear: It will be Connally who will have the pre-eminent position in commenting publicly on the course of the economy. Ziegler said when Connally says something about the economy, "it's The Word," meaning he expresses the President's view.

Author Dies

PHILADELPHIA (AP) — Dr. Benjamin F. Miller, 63, author of several medical books for the layman, died Monday. Miller, whose most recent book was the "Complete Medical Guide," also was known for his work in biochemistry.

Fishing Rodeo Set By Jaycees

The annual Jaycee Fishing Rodeo will be held from 10 a.m. until 12 o'clock noon Monday, July 5, at the Towle Park pond.

The rodeo is open to all boys and girls in two age groups—nine years of age and under, and age 10 through age 12. Contestants are asked to be at the pond at 10 o'clock so that a Jaycee can register them. Also they must furnish their own bait.

Six prizes will be given in each age group. Prizes include a rod and reel from Denson Gulf, a transistor radio from Gibson's, a reel from Munden's Discount Center, a set of tops from Western Auto, a rod and reel from White's, and a flashlight from Fish & Newton.

Prizes will be awarded for the largest fish, the smallest fish, the most fish caught, and the largest string of fish. Roger Sullenger and Dale Cantrell will be in charge of the Rodeo for the Jaycees.

Three Boys Are Hurt In Mishap

Three Snyder boys received serious injuries when they fell from the top of a moving vehicle on the Clairemont Road about 2:30 p.m. yesterday.

City Police said the boys—Gary Beason 13, David Beason 9, and Terry Beason 6—were taken to Cogdell Memorial Hospital by private vehicle and later transferred to Lubbock by Snyder Ambulance Service.

Officers said the boys were riding on a mattress on top of a Dodge automobile driven by Beatrice Hoyle Jackson. The mattress fell off the car while the boys were on it and while the car was in motion.

Young Farmers Slate Picnic

FLUVANNA — The Fluvanna Young Farmers will hold their annual July 4 picnic this year at the Pat Jones Tank. The picnic will be held on Saturday this year.

The usual program usually begins in the early afternoon when everyone goes for a swim. Then they fry chickens and cook beans for the evening meal.

Fluvanna Young Farmers also will operate a snow cone booth on Monday, July 5, at the Independence Day celebration in Towle Memorial Park. The stand will be open throughout the day.

Fireworks In City Prohibited

Chief of Police Bobby Goodwin today reminded area residents that it is a violation of a City Ordinance to shoot fire crackers in the city limits. He requested the cooperation of parents in enforcing the ordinance.

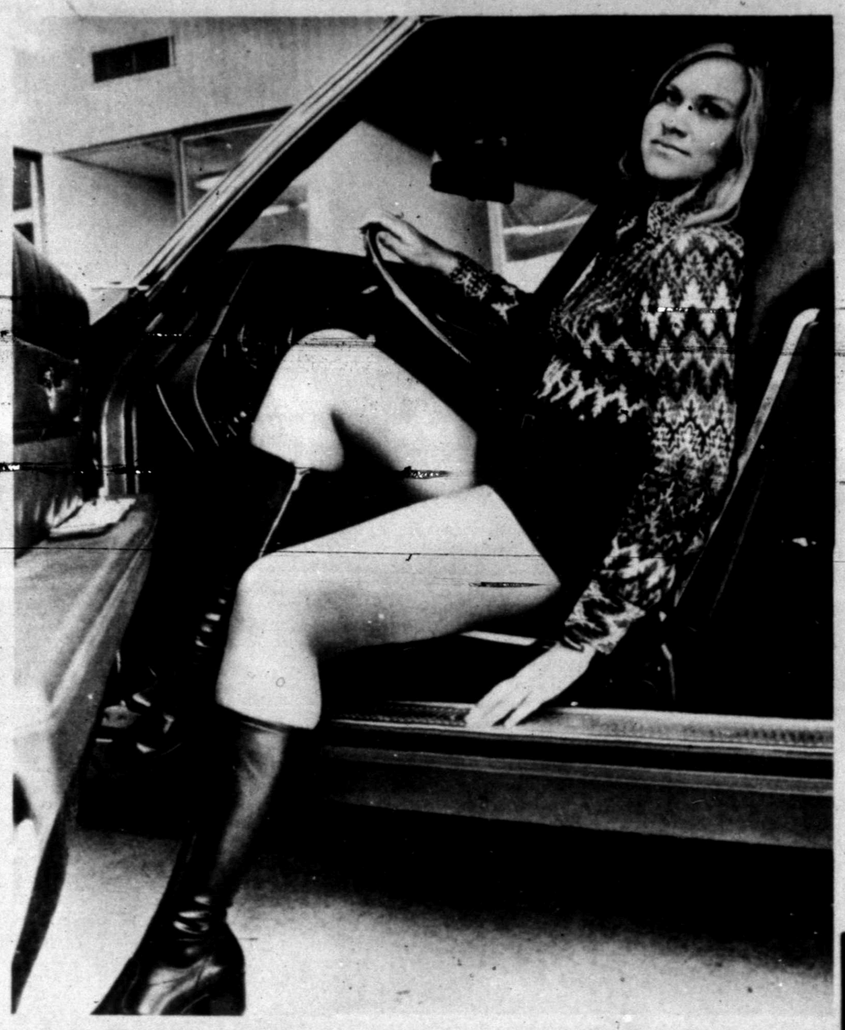
The text of the ordinance: "It shall be unlawful to cast, throw or fire any squib, rocket, cracker, torpedo, grenade or other combustible fireworks of any kind in the city."

Holiday Death Toll Estimated

CHICAGO (AP) — Between 520 and 620 persons may be killed in traffic accidents over the July 4 weekend, the National Safety Council estimates.

The weekend covers the 78-hour period from 6 p.m. Friday, July 2, to midnight Monday, July 5.

Over the three-day Memorial Day weekend, The Associated Press counted 553 deaths. A year ago, there were 540 traffic fatalities during the July 4 weekend.



SALES GLAMOR — Lovely Joan Leonardi, 25, was a private secretary until a month ago when she decided to sell cars for a living. Joan says it took some time convincing a Miami firm that women can sell cars. But now she's in the top 10 among the firm's 30 salesmen. (AP Wirephoto)

Change Asked On Youth Fares

By VERN HAUGLAND
AP Aviation Writer

WASHINGTON (AP) — The Department of Transportation says it will ask the Civil Aeronautics Board to put pressure on U.S. and foreign-owned airlines to either discontinue or extend to all passengers the new youth and student fare on major transatlantic routes.

Asst. Secretary of Transportation Charles D. Baker said a statement urging the CAB to use the speediest possible action against the new fares will be filed within a few days.

Baker, in a letter to CAB Chairman Secor D. Browne, said the $210 New York-to-London round-trip student-youth fare is $332 below the normal economy fare of the summer travel season.

"Unless real cost reductions can be shown for the student-youth fare, this large difference—or some part of it—will necessarily be made up by other travelers to whom the financial sacrifice may be a greater personal hardship than to travelers in the student-youth group," he said. Baker said the Transportation Department favors a lower fare on a no-reservation, space-available basis. Such a fare would be available to all travelers, he said.

The department's reaction followed by less than a month an announcement by Sabena Airlines that it was reducing its youth fare from New York to Brussels round-trip to $220.

Pan American promptly filed a matching rate. Numerous other airlines followed with new youth and student rates.

The CAB cannot order the airlines to discontinue the special fares. But it could—if it found the fares unjustly discriminatory—abolish international flight agreements with other countries, a CAB spokesman said.

Such a step would mean the end of all flights between the United States and other countries until new agreements could be reached. This step, the spokesman said, would be taken only with the agreement of the State Department and the President.

Baker said the United States fully recognizes the social benefits sought by special price treatment for such groups as servicemen and the clergy.

"However," he said, "we are opposed to discrimination beyond that absolutely necessary. We look with disfavor on policies which discriminate against any major segment of the public—the working vacationer, the aged, passengers over 30, the very young" and others.

Actors Vote To Strike

HOLLYWOOD (AP) — Television and movie actors have voted overwhelmingly to strike July 14 in protest of cuts the film industry has proposed in payments to actors for television reruns.

A Screen Actors Guild spokesman said Tuesday a preliminary tally of a nationwide union vote indicates 95 per cent of the members favor a strike, which would be the third in union history.

A walkout by the 23,000-member union would stop production on most major Hollywood lots. A three-year contract between the Guild and theater and television motion picture producers expires Thursday.

The Guild spokesman, Buck Harris, said industry proposals would amount to cutting in half the residuals actors earn from reruns. Spokesmen for the Association of Motion Picture and Television Producers contend the move is needed to prop up the sagging film industry.

Polished Israli diamonds account for more than one-third of Japan's imported diamond market.

Marchbanks Rites Thursday

Funeral service will be held at 10 a.m. Thursday for Charles A. Marchbanks, 80, who died at 12:30 p.m. Monday in Cogdell Memorial Hospital. The Rev. Wallace Kirby will officiate at the rites at the First United Methodist Church. Burial will be in Snyder Cemetery, under direction of Bell-Seale Funeral Home.

Mr. Marchbanks is survived by his wife; four daughters, Mrs. J. L. Solsona of San Antonio, Mrs. G. M. Simmons and Mrs. Gilbert Lopez, both of Albuquerque, N.M., and Mrs. J. E. Courtney of Snyder; four sons, H. D. Marchbanks of Albuquerque, A. T. Marchbanks of Melton, Fla., B. J. Marchbanks of Ontario, Calif., and C. D. Marchbanks of Martester, Fla.; three brothers, W. B. Marchbanks of Albuquerque, B. W. Marchbanks of Ennis and G. B. Marchbanks of Childress; 40 grandchildren and 15 great-grandchildren.

Lord Glentanar Dies Monday

LONDON (AP) — Lord Glentanar, 76, reputedly one of Britain's wealthiest men, died Monday. Born Thomas Coats, he inherited $10.8 million and later made his mark as a businessman, artist, actor, playwright, singer, soldier and sailor.

Safety Record Is Established

NEW YORK (AP) — Nearly 165,000 abortions were performed in New York City during the first year under the state's liberalized law, and health officials expressed pleasure over the safety record established.

Gordon Chase, health services administrator, said Tuesday the death rate of 5.3 per 100,000 abortions in New York compared favorably with 17 per 100,000 in Great Britain during the first year of large-scale legal abortions, and 40 per 100,000 in the Scandinavian countries.

Officials said 64 per cent of the women receiving abortions in New York City during the first year were from out of state and included someone from each of the other 49 states.

MR. AND MRS. TONY MAC ISAACS

(Photo By Craft)

Parks, Isaacs Exchange Vows June 11 At Fluvanna

Miss Donna Marie Parks became the bride of Tony Mac Isaacs in a double ring ceremony at 8 p.m. on June 11 in the Fluvanna Church of Christ. E. M. Steph officiated.

The bride is the daughter of Mr. and Mrs. Martin Parks of Fluvanna. Mr. and Mrs. Leonard Isaacs of Gail are parents of the bridegroom.

Given in marriage by her father, the bride wore a formal gown of lace fashioned with a three-tiered bouffant skirt with a chapel-length train. The square neckline was outlined by scallops of the lace, and the long sleeves ended in points. Iridescent sequins accented the fitted bodice and skirt.

The bridal veil of tulle, waist length, fell from a crown of seed pearls and tulle petals ornamented with iridescent sequins and pearls. Lace outlined the veil.

The bride carried a cascade bouquet of white frenched carnations centered with a white Japette orchid. The bouquet was attached to a white Bible belonging to Mrs. Zanny Chisum of Jayton, cousin of the bride. The Bible was a gift of their great-grandmother, the late Mrs. Virgil Hodges.

Miss Luann Parks, cousin of the bride, was maid of honor. Bridesmaids were Miss Sahala Eicke and Robertann Turner of Fluvanna. They wore floor length dresses of baby blue silk organza over taffeta designed with empire waistlines and long sleeves. Double ruffles of matching organza trimmed the scooped necklines and sleeves. Their sashes were of darker blue velvet ribbon. Their picture hats, also of baby blue, were trimmed with velvet ribbons. They carried mosegays of frenched blue carnations.

Pat O'Brien of Kansas, cousin of the bridegroom, was best man. Groomsmen were Kenny Bennett of Tulia and Tommy Hancock of Lubbock. Ushers were Garry Don Parks, cousin of the bride, D. M. Parks, brother of the bride, and Doug Isaacs, brother of the bridegroom.

Candles were lighted by Eddie Parks, brother of the bride, and Eddie Thompson, cousin of the bride. Flower girl was Jennie Gibson of Lamesa, cousin of the bridegroom. Ring bearer was Ricky Thompson, cousin of the bride.

The church was decorated with baskets of white gladioli and stock and white tapers.

Music was furnished by an a capella chorus made up of Mrs. Marshall Parham, Mrs. Wade Davis, Mrs. Jay Massengill, Miss Paula Parks, Seabourne Eicke, Johannas Eicke, Arlie Eicke, and Gary Parks. Songs were "Whither Thou Goest" and "Be With Us Lord."

A reception honoring the couple was held at the Fluvanna Community Center. Assisting at the refreshment tables were Brenda Jackson, Connie Ogden, Bennie Currey, Paula Turner, and Vicki Newton. Guests were registered by Mrs. Howard Goswick of Jayton. Following the reception the couple left on a wedding trip to New Mexico.

The bride was graduated from Borden County High School. Mr. Isaacs was graduated from Borden County High School and attended South Plains Junior College in Levelland. He reported for military duty on June 22 and is now stationed at Fort Polk, La.

McCowen's Have Reunion June 20

Mr. and Mrs. S. E. McCowen and their ten children and their families gathered at the Northeast Community Center June 20 for their family reunion.

Those attending were Mr. and Mrs. Allan McCowen and girls, Mr. and Mrs. Ray Countryman and family, Mr. and Mrs. Robert McCowen and baby, Mr. and Mrs. Don McCowen and Darren, all of Lubbock; Mr. and Mrs. Joe McCowen and family of Post, Mr. and Mrs. Lloyd McCowen and Sherry, of Odessa, Mr. and Mrs. Jack Parrish of Garland, Mr. and Mrs. (Marie) Melvin Schell and Danny of Montrose, Colorado; Mr. and Mrs. Gary Schell and sons of Cortez, Colorado; Mr. and Mrs. Don Williams and daughter of Hanston, Kansas; Mr. and Mrs. (Larue) Gerald Haney, Patti and Bryan of Lubbock, Mr. and Mrs. Wally Haney of Irving, Mr. and Mrs. Roy McCowen, Kerry, Kelley and Kyle of Abilene, Mr. and Mrs. Eldon Thompson, Linda and Jo Ann of Snyder, Mr. and Mrs. Ken Thompson, of Austin, Glen McCowen, Ronnie and Jennie of Corpus Christi, Mr. and Mrs. Clint McCowen, Clinta, Shawn and Nicka of Snyder, Mrs. Ronald (Shirley) Bratton, Ronnie and Rona of Point Comfort.

Four grandchildren and three great grandchildren were unable to attend.

"Betty Boop" Is A Minister Now

By STEVE RUEDIGER
Tampa Tribune Staff Writer

FORT MYERS, Fla. (AP) — Although Ann Rothschild quit being the voice of a famous animated cartoon character to go into the ministry more than 25 years ago, she's still perfect at doing the high, childish voice most people quickly recognize as "Betty Boop."

Mrs. Rothschild did the "Betty Boop" voice and made personal appearances as Betty Boop from 1933 to 1945. Before that, she was in vaudeville as "Miss Little Ann Little."

Now the 4-foot-11-inch tall Mrs. Rothschild lives in a condominium development and loves it, "because the people are my age, and they knew me and want me to sing at all the parties."

She said as "Betty Boop" she made about 18 cartoons a year and traveled throughout the country making personal ap pearances, in which she tap danced, sang and did comedy sketches.

Mrs. Rothschild has a collection of publicity photographs from her "Betty Boop" days.

She admitted "Betty Boop" was the only cartoon voice she could do because, although she tried to change her voice, it was so distinctive, producers told her it would have been recognized.

Mrs. Rothschild left show business in 1946 to study for the ministry and later was ordained a Christian Unity minister.

She said she quit the entertainment field also because her husband retired and they moved to Florida.

But in 1948 her first husband died. She decided to set up the "Betty Boop School of Dancing" in St. Petersburg to teach dancing, singing and elocution.

Her most famous pupil was actress Carroll Baker, whom she taught for three years. Then, in 1951, she closed her school and came to Fort Myers to set up a Christian Unity Church.

She maintains show business and the ministry are the same thing. "In show business you try to lift people up so they can forget their problems, and it's the same in religion. You try to lift their minds off their problems and put it on God."

BRIDAL SHOWER — Miss Debbie Mebane, bride-elect of George Kennedy, was honored with a bridal shower June 29 at the Union Community Center. Hostesses for the shower were Mmes. E. L. Arnold, E. M. Powledge, W. D. Myers, C. A. Ramsey, I. T. Huckabee, Wayland Mathis, Audrey Head, Melvin Pennington, Raymond Hill, Doug Flynn, Darrell Sims, Jimmy Ray, Howard Hogue, Bert Sellars, R. J. Rosson, Emmitt Hall and Eugene Glasscock. Pictured are (from left) Mrs. Nuell Mebane, mother of the bride, honoree and Mrs. Harold Denson, aunt of the bride.

BRIDE HONORED — Miss Jean Farrar, bride-elect of Bobby Joe Hutcheison, was honored with a bridal shower June 29 at the home of Mrs. J. K. Ward. Hostesses for the shower were Mmes. C. M. Calvert, Wayne Eubanks, Ed Edwards, Haskell Franks, Jim Wilson, Joe Rollins, and J. K. Ward. Pictured are (from left) Mrs. B. J. Hutcheison, mother of the prospective groom, Miss Jean Farrar, honoree and Mrs. Clark Farrar, mother of the bride.

Before salmon leave salt water, they store up oils and fats for the journey to the spawning grounds, during which time they do not eat.

Ira 4-H Club Meets June 24

The Ira 4-H Club met June 24 at 1 p.m. at the Ira Community Center with 5 members present.

Club leaders Mmes. Jimmy Layne, Max Preston and J. L. Byars, assisted by Mrs. Travis House helped the club members work on their record books.

Club president Connie Byars called the meeting to order and the members said the 4-H motto, pledge and prayer.

A demonstration on "Care Of Hands and Nails" was presented by Donna Layne. Maxann Preston demonstrated "Hair Care" and Jimmy Byars gave a demonstration on "Killing Jar and Display Box" which he had made as a project for his entomology class.

Maxann Preston served cookies and punch to Donita Layne, Donna Layne, Connie Byars, Jimmy Byars, Kim Layne, Mrs. Jimmy Layne, Mrs. Max Preston, Mrs. J. L. Byars and Mrs. Travis House.

NUL Feeling Effect Of Economic Slowdown

By JOHN CUNIFF
AP Business Analyst

NEW YORK (AP) — You can show the effect of the economic slowdown in countless ways, but one of the statistical proofs that you probably haven't heard about is this:

Last year, 53 of the nation's leading corporations and seven government agencies participated in the National Urban League's summer fellowship program that provided summer employment for 192 educators from black colleges.

In 1971, the number of participating government agencies remains the same but the list of corporations is down to 41 and, to date, only 125 educators have been placed.

The cutback comes despite wide and sometimes enthusiastic approval of the program, which was begun in 1965 in an effort to bridge the gap between the black community and the business establishment.

Under the program, both educators and corporations make known their desires to the NUL, which then matches them. The educators receive the same salary as in his primary job, plus all travel and living expenses.

The work assignment is directly related to the educator's academic discipline so that he not only can contribute but benefit from on-the-job experience, which he then may relate to his students.

At Eastman Kodak, Dr. Joe Johnson of Atlanta University worked in the chemistry division of the research laboratory.

"He developed an Assay for the first enzyme in the pentaerythritol degradative pathway in bacteria," a company spokesman wrote. "As a result he was able to trap and isolate a new pentaerythritol metabolite."

The letter to the NUL continues: "Out of this biological method he made and characterized seven new compounds analogous to the pentaerythritol metabolite. This summer's work should yield several publications and possibly a patent."

Some sponsors are quite openly interested in obtaining information that perhaps only a black can provide. At Omaha National Bank, Dr. Henry Ponder, vice president of Alabama A & M, is studying the black citizen's environment.

NUL officials hope the program will grow before the summer is out, but a spokesman expressed fear that the total won't exceed 150.

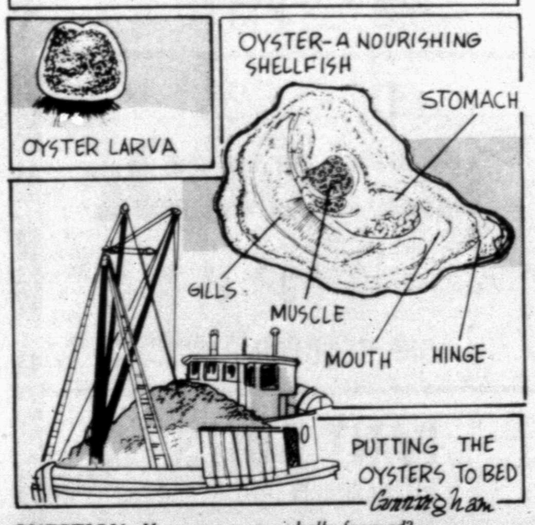
Agent Denies Sinatra Is Ill

HOLLYWOOD (AP) — Frank Sinatra's agent, deluged with whispers in the night and wee-hour calls that Sinatra is rumored ill, says the now-retired crooner may be forced to hold a news conference proclaiming his good health.

"It's getting ridiculous," said agent Jim Mahoney after being roused late Monday to deny rumors heard by a newspaper that the 55-year-old entertainer was in a Buffalo, N.Y., hospital.

Mahoney said rumors on Sinatra's health went wild after he announced his retirement some two months ago.

Junior Editors Quiz on OYSTER SHELLS



QUESTION: *How are oyster shells formed?*

* * *

ANSWER: The average oyster produces 500 million eggs a year. This large number is necessary for survival, since many of the eggs are eaten by fish. About 10 hours after the eggs are deposited into the water, the baby oyster is hatched and able to swim. At this stage it is called a larva. It is very small, about the size of a needle point. The first two weeks of its life it swims around looking for a place to rest on the sea bottom. During this time it is in constant danger from fish which may eat several thousand of the larvae in a second.

After two weeks of exploring the water, the larva or young oyster usually attaches itself to a rock on the ocean bottom, where it stays for the rest of its life. The young oyster has a mantile of soft membrane around its body. From this membrane, a moist substance emerges containing lime and thus the shell starts to form. In a month the young oyster is about the size of a pea. At a year old the oyster is about the size of a 50-cent piece, and reaches full size at the end of three years. If undisturbed, an oyster may live for 20 years.

When the shell is being formed, the secretions of lime are irregular and as a result, the shell is formed in layers which sometimes look like overlapping shingles. If a foreign matter penetrates the shell, like a grain of sand, the soft body of the oyster is irritated. It responds by secreting lime, which results in the formation of a pearl.

6-30

(David Sakal of Phoenixville, Pa., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

Boyle May Not Be Normal

By HAL BOYLE

NEW YORK (AP) — How's your belfry today? Any bats batting around in it?

The question has you worried, doesn't it? The world is so weird that it's hard to say whether you're in it or out of it, isn't it?

So maybe we'd better give you a quick mental checkup to see whether all your gears are grooving, right? Okay, here we go. All you have to do is answer the following questions:

Have you ever written an anonymous letter to your congressman?

When your wife is ill and you have to do the laundry, how many cups of detergent do you use? One to three? Four to five?

If you really got mad enough to kill somebody, would you rather do it by shooting him with a bow and arrow, pouring molten lead on him, or stuffing him with sandy spinach? Would the fact that lead is poisonous affect your decision?

As a child did you ever get your hands spanked for putting beans up your nose?

Are you still afraid of gypsies? Thunder and lightning? Your boss? Your mother-in-law's only daughter?

Can you light a cigarette with your left hand while chinning yourself with your right hand?

Does it make you feel sexy all over when you hear somebody say "vice versa?"

When you see a picture on television showing a family eating, do you head for the refrigerator for a snack at the first program break.

Is there any heredity in your family? If so, how much?

If no one in the supermarket was looking, which would you steal first: a can of dog food, a package of cat food, or a frozen breaded veal cutlet?

Can you look yourself in the eye and honestly tell yourself that you are exactly the kind of man your mother wanted you to grow up to be? If not, what defect in your mother's character caused you to fail?

Can you recall any occasion when the knowledge of algebra you gained as a high school freshman helped save your life later? Is this your fault?

How low down can you sometimes get when you're really feeling high?

If you transpose a juxtoposition in a right angle triangle, is that legal justification for you to transfuse an adenoidal octoploid?

Those are the questions. Now I suppose you want to know your score. Well, first let me ask you one final question, and then you can probably figure out your own score.

Do you think anyone who takes the time to sit down and answer a series of questions like these is anywhere normal to begin with?

Cops To Pick Up Truants

HOUSTON (AP) — The Houston Public School System is returning this fall to the old-fashioned truant officer, the cop of the beat.

Houston police will pick up truants on the street and deliver them to two new truancy centers that will be part of the Model Cities project here.

Dan Schoenbacher, chief probation officer of Harris County (Houston) said the centers are proposed as a partial solution to the growing problems of truancy.

The centers will be staffed with social workers and probation department employes who will work with school attendance officials to try and persuade the youths to attend school.

"I think if we can all work together, and this includes the community itself, we'll be headed for a solution," Schoenbacher said.

Leslie Burton, chief security officer of the school system, said a sweeping of the streets without even a great police effort would net 90 to 100 truants a day.

The school system currently has 35 attendance teachers investigating truacy, but the teachers have no powers of detention or authority to return a child to school, as do police. However, the police power has not been used in decades.

Big Arms Cache Found

BELFAST, Northern Ireland (AP) —One of the biggest arms caches ever found by British troops in Northern Ireland was uncovered early today in a raid on a Belfast warehouse.

"From the items uncovered, we can only surmise that the building was used as a bomb-making factory," a senior army officer said.

Three men were arrested at the warehouse.

The troops found 2,000 feet of fuse wire, 200 gallons of acid, 14 booby traps, two walkie-talkie radios, 130 detonators, three grenades, four gelignite bombs, one pistol, a rifle, more than 300 rounds of ammunition, machine-gun parts and an assortment of fuses, flares and time switches.

It starts deep in the throat, works its way up over the tongue and explodes through the teeth. It is a long, lusty "booooo" and it is the trademark of the Philadelphia fan.

Phillie fans boo so much that there have been times the Liberty Bell and Star Spangled Banner were considered in danger next. But they pulled a switch on Tuesday night and, believe it or not, they cheered.

Oh, it wasn't a Phillie they cheered, of course. It was Tom Seaver of the New York Mets, whose 3-0 13-strikeout shutout included the 1,000th strikeout of his career.

Seaver's four-hitter enabled the Mets to chop one game off Pittsburgh's National League East lead as the Pirates bowed to St. Louis 8-3. Elsewhere in the NL, Cincinnati bombed Montreal 14-0, Chicago nipped Los Angeles 3-2, Atlanta edged Houston 5-4 and San Francisco downed San Diego 6-4.

In the American League, New York ripped Cleveland 9-2, Milwaukee topped Chicago 5-2, Boston downed Washington 6-2, Baltimore walloped Detroit 15-6 after the Tigers had won a game suspended Monday night 9-4, Kansas City edged California 2-1 and Minnesota trimmed Oakland 5-3.

When Seaver fanned Willie Montanez leading off the seventh inning for his 1,000th career strikeout, the scoreboard flashed the news to fans in Veteran's Stadium. The crowd of 22,017 gave Seaver a standing ovation that the right-hander admitted was "a bit of a surprise."

Seaver responded by fanning the next two batters as well as two more in the eighth, running his career total to 1,004.

Meanwhile, the Cardinals gave the Mets a lift by knocking off the Pirates.

Lou Brock and Joe Torre smacked St. Louis homers and pitcher Reggie Cleveland drove in three runs with a bases-loaded double to pace a seven-run third inning that put the Cards in control.

Richie Hebner homered for Pittsburgh.

Cincinnati looked more like the Big Red Machine, unloading a 23-hit attack to wallop Montreal. Tommy Helms led the Reds' attack with four hits. Buddy Bradford and Pete Rose each homered with Bradford driving in four runs and Johnny Bench delivering three.

Ron Santo drove in two runs including Chicago's game-winner with an eighth inning sacrifice fly that beat Los Angeles.

The Dodgers had just tied the game with a run in the eighth when Paul Popovich and Billy Williams opened the bottom half of the inning with consecutive singles, bringing up Santo, who was hitless for the day.

"I was struggling all day," said Santo, "but I was determined to get a good piece of the ball for at least a long fly."

Zoilo Versailles doubled home two runs, capping a three-run first inning and then Oscar Brown singled two more home in the fifth as Atlanta got by Houston.

Cesar Cedeno and Bob Watson homered for the Astros.

San Francisco wiped out an early 3-0 San Diego lead with rookie Chris Speier driving in two runs with a triple and touching off the tie-breaking rally with a single.

Willie Mays had his 14th homer of the year and No. 642 of his career for the Giants while Nate Colbert, Ed Spiezio and Clarence Gaston all homered for the Padres.

Fry Stands Up For Dr. Tate

By DENNE H. FREEMAN
Associated Press Sports Writer

DALLAS (AP) — Hayden Fry figures Southern Methodist President Dr. Willis Tate is getting some unwarranted cheap shots.

"It's a shame what he said has been misinterpreted because he's the greatest believer in athletics of any school president in the country," says Fry, SMU athletic director and head football coach.

Several weeks ago in Miami Tate warned college athletic directors that financial reforms are needed. He also pointed out that the professionals were doing a better job of packaging their product.

Fry was badgered by some of his colleagues at Lubbock last week during the Coaches All-America game about the speech.

One coach asked Fry "How could Tate say the pros are better than we are?"

Fry answered "The man tells the truth. The pros are smarter."

As far as the need for financial reforms Fry says "Somebody had to do it—tell it like it is."

Fry points out that Tate wasn't necessarily speaking about the situation at Southern Methodist.

"He was using facts he acquired in a study of other NCAA schools," Fry says. "He was saying that colleges need to unify and to do it soon."

Fry says if there was a limit of 30 scholarships with the provision of banking 10 it wouldn't hurt.

"The pros carry only a traveling squad of 38," Fry says. "I feel we have gone overboard on the scholarship question. Tate was saying we need to get united nationally on the problem."

Fry points out that SMU has cut back to 38 football scholarships voluntarily although the Southwest Conference limit is 50.

He says that SMU won the SWC All-Sports championship in 1970 while trying to keep its spending in line.

"Each school has its own particular problems," Fry says. "Some of the state schools aren't as well off as you think they might be.

Indians Beat Sox, 11-10

The Indians beat the White Sox 11-10 in a Farm League clash in Towle Park yesterday.

R. Essery singled for the Tribe. For the Sox, D. Fulford doubled and Jack Fulford, R. Stoder, R. Davis and B. Farquhar singled.

Roadrunners Best Flames

The Snyder Flames were defeated by the Lubbock Roadrunners in Winston Park last night by a score of 11-7. Janie Roddy, Wanda Hudgins and Marjie Thompson each collected two hits. Kathy Weber was the losing pitcher. The Flames season record now stands at 5 wins and 3 losses.

In the second game between the Lubbock Roadrunners and Hamby, Hamby won 4-3. This was a pitcher's dual between Merlene Nicholas and Brenda Jackson with Jackson coming out the winner.

Sox, Braves Win In LL

The White Sox scalped the Indians 10-7 and the Braves beat the Giants 5-3 in Little League games played in Towle Park Tuesday night.

White Sox pitcher Bobby Riggins twirled a 3-hitter, giving up a single to Fernando Lopez and a single and a home run to Dray Sikes.

The Sox batters pounded out 11 hits, including three singles by Danny Chaidez, two singles by Alvin Ollison, Bobby Riggins and David Thompson and one single each by Ricky Ramirez and Larry Lee.

Braves pitcher Tim Falls also fired a 3-hitter, giving up singles to Zane Sterling, Billy Rollins and Glen Davis. Davis yielded only five hits to the Braves. For the Braves, Robbie Moore doubled and singled while Falls, Jeff Rollins and Kirk Johnson all singled.

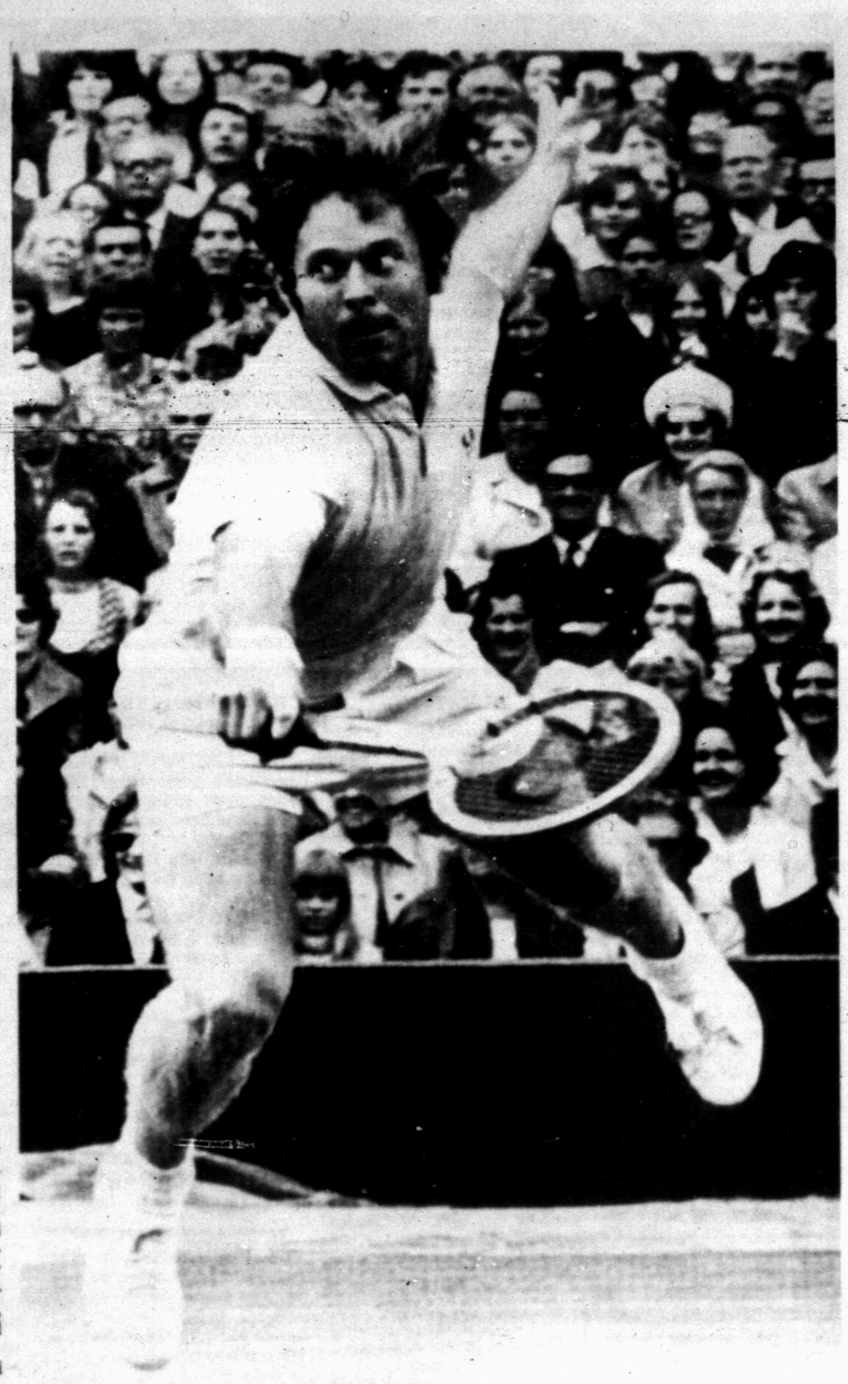
Bullets Nip Braves, 10-8

Credit Tim Sonnier with some timely hitting in the Bullets' 10-8 triumph over the Braves in a Junior Teenage League game held in Towle Park last night.

With the score tied 8-8 and two men on base, he stroked a single that scored the winning runs. His hit drove in Welton Cobb, who had walked, and V. T. Roberson, who got on on an error.

Tim had two other singles during the game. Cobb doubled and Clay Hill, V. T. Roberson and Henry Hernandez singled.

For the Braves, Ralph Lewis stroked two doubles, Greg Godair hit a double and a single, and Randy Golden, Buddy Mayes, Ricky Howell, Ronnie Halford and Randy Gressett singled.



LOSES A CLIFF HANGER — Cliff Richey of Sarasota, Fla., reaches to make a backhand return during his quarterfinal match against Ken Rosewall of Australia that ran more than three hours in the All-England Lawn Tennis Championships at Wimbledon Tuesday. Rosewall won, 6-8, 5-7, 6-4, 9-7, 7-5. (AP Wirephoto via cable from London)

Cliff Richey Hopes Rosewall Will Win

By GEOFFREY MILLER

WIMBLEDON, England (AP) — Cliff Richey, big-hearted in defeat, said today he hoped his conqueror, Ken Rosewall of Australia, will win Wimbledon.

"If you want a prediction, I have to lean towards Stan Smith or John Newcombe," the U.S. Davis Cup star from Sarasota, Fla., said. "But for sentimental reasons I hope it will be Kenny."

Rosewall edged Richey 6-8, 5-7, 6-4, 9-7, 7-5 in a four-hour marathon Tuesday and qualified for a semifinals meeting Thursday with Newcombe, the Australian who is bidding for his third Wimbledon crown in five years. Smith, of Pasadena, Calif., has to play Tom Gorman of Seattle, Wash.

Rosewall and Richey got a thunderous standing ovation from the 15,000 fans on the center court after their epic match, Richey—the man who used to have a reputation as a tiger who blew up in defeat—walked off the court with his arm round Rosewall's shoulder.

It was one of Wimbledon's great thrillers. Richey won the first two sets and was 4-2 up in the third when Rosewall started his charge back.

In the final set both players had their chances for a break, and both got out of awkward situations with vintage tennis.

"I feel so much respect for Kenny that I didn't feel too bad about losing," Richey said.

Rosewall planned to relax today, with just a little practice on one of Wimbledon's outer courts.

"I guess I'll be tired, but I'll be all right for the semifinals on Thursday," Rosewall said.

"I'm older than some of the other fellows, so I don't get back trouble."

This was a crack at some of the stars who have been nursing back complaints—Gorman, Newcombe, Rod Laver of Australia and Roger Taylor of England.

Today was semifinals day for the women.

Billie Jean King of Long Beach, Calif., three-time Wimbledon queen and the last American hope, faced 19-year-old Australian Evonne Goolagong and Margaret Court of Australia, the defending champion, was paired against Judy Dalton, another Australian.

Grid Rookie Shot To Death

KANSAS CITY (AP) — No charges have been filed in the fatal shooting early Tuesday of Larry Roberts, 22, a professional football player who was to have reported to the Cleveland Browns rookie camp July 11.

The prosecutor has turned the case over to the grand jury for investigation.

Roberts died of a bullet wound in the lower chest.

Willie Earl Minis, 33, told authorities Roberts attempted to force his way into the Minis home about 1:30 a.m. Minis said he frightened away two other men who had been with Roberts outside his home.

Roberts was a running back at Central Missouri State College at Warrensburg

Minnesota Beats A's, Blue, 5-3

By MIKE RECHT
Associated Press Sports Writer

If you don't succeed the first time, try, try again—even against Vida Blue.

That's what the Minnesota Twins and rookie hurler Ray Corbin were forced to do Tuesday night, and this time they succeeded.

Given a third chance against this season's pitching sensation the Twins beat the Oakland A's and Blue 5-3, and all but ruined Blue's chances of winning 20 games before the All Star game.

In other American League games, Detroit beat Baltimore 9-4 in 15 innings in the completion of their Monday night suspended game and then Baltimore walloped the Tigers 15-6 in the regular contest; Boston tripped Washington 6-2; Milwaukee dipped the Chicago White Sox 5-2, the New York Yankees blasted Cleveland 9-2 in the afternoon, and Kansas City nudged California 2-1.

In the National League, St. Louis bombed Pittsburgh 8-3, San Francisco slipped by San Diego 6-4, the New York Mets blanked Philadelphia 3-0, Atlanta edged Houston 5-4, Cincinnati crushed Montreal 14-0, and, in the afternoon, the Chicago Cubs trimmed Los Angeles 3-2.

Blue, 16-3, had allowed the Twins only three runs and 12 hits and struck out 22 in beating them twice this season, the second time on national television last Monday when Corbin took the 3-2 loss. But the Twins weren't about to give in, and neither was young Corbin, 5-5.

They spotted the A's Dave Duncan's two-run homer in the second and then came from behind to end Blue's six-game winning streak with his first loss since May 28 and his first ever in the Oakland Coliseum after 10 victories.

And with only time for three more starts Blue, 16-3, won't be winning 20 games by All Star time July 13—unless he works on short rest or relieves.

Detroit won the suspended game with two out in the 15th when Mickey Stanley broke the deadlock with a single, and the Tigers added four more on a bases loaded walk and singles by Norm Cash and Tony Taylor.

Brooks Robinson had capped a four-run ninth inning for Baltimore with a three-run homer with two out that sent the game into extra innings Monday night.

The Orioles did not wait that long in the regular game, and neither did Robinson, who hit another three-run shot in the third after Andy Etchebarren hit one with two on in the second as Baltimore broke a four game losing streak. Jim Northrup drove in four runs with two homers for the Tigers.

The red-hot Red Sox made it five victories in a row as reserves Bob Montgomery and John Kennedy, filling in for injured regulars, each drove in two runs during a five-run second inning off Washington rookie Pete Broberg, 0-2. Kennedy's RBI came on a homer.

Jim Lonborg, 3-3, got the victory for working into the eighth inning before Sparky Lyle relieved.

Milwaukee, another streaking club, won for the ninth time in 11 starts behind rookie Jim Slaton, 3-1, who scattered eight hits before Ken Sanders got the last out for him. The only Chicago runs off him were homers by Walt Williams and Bill Melton.

The Brewers wrapped up the triumph with four runs in the fourth, two on Andy Kosco's triple.

Felipe Alou doubled in each of the first three innings—one short of the major league record for one game—driving in three runs and scoring three for the Yankees, who had scored only four times while losing their last four games. Steve Kline, 7-6, went the distance for the victory.

Amos Otis settled a duel between teammate Mike Hedlund and California's Tom Murphy with his 12th homer leading off the ninth. It was only the third of four hits off Murphy, while Hedlund gave only five hits.

Current Drought Does Not Compare With '30s

By MIKE COCHRAN
Associated Press Writer

FORT WORTH, Tex. (AP) — It was March 7, 1935, and the story was datelined Washington:

"Tons of Kansas, Colorado, Texas and Oklahoma soil hung over the capital Wednesday ... An airplane observer reported that the dusty haze extended to an altitude of 8,000 feet."

At Beaumont, Tex., crewmen on a German steamship reported a dust storm that covered all of Texas enveloped their craft while still 50 miles at sea.

These were the Dust Bowl days of the 1930s, a dismal period of drought, dust and depression, one of this nation's darkest eras, familiarized by novelist John Steinbeck's "Grapes of Wrath."

Some say the current drought has overtones of the Dust Bowl days. Others believe conservation, skies and other factors preclude anything of the magnitude of the dirty '30s.

It began in the summer of 1931 when a drought gripped the Great Plains, a vast area extending through parts of Texas, New Mexico, Oklahoma, Kansas, Colorado, Nebraska, Wyoming, Montana and the Dakotas. Neither the first nor the last of the great droughts, this one persisted more than seven years on the southern Plains and for five years on the northern Plains.

Some fields lost from two to 12 inches of topsoil. Some sandy land became sand dunes. Thousands of farmers abandoned their farms and left the Plains in an exodus to California and elsewhere.

From 1934 until the summer of 1938, there were 263 dust storms in Texas and Oklahoma alone.

Fears of another Dust Bowl have risen across the Plains in subsequent years, particularly during the fierce dry spell of the 1950s.

Such is the case this year, with portions of several Plains states caught up once again in drought, soil-eroding winds and instances of severely blowing dust.

"Beef" magazine, which calls itself "the business paper of the cattle industry," raised the issue in an article entitled "1971: Start of a New Dust Bowl?" It observes that "students of weather cycles warn there's a possibility the drought in the Southwest signals the beginning of another 1930-style disaster for agriculture."

Few Texans agree that a new Dust Bowl is starting.

Clyde Graham of Temple, who heads the state's Soil Conservation Service, explains: "We are in a critical drought, especially in West Texas. We've had some dust blowing. But there are many acres of cultivated land now in grass as contrasted to plowed fields in the whole Great Plains area.

"I would think that we could be in a Dust Bowl situation if the farmers and ranchers had not applied a lot of good conservation work on the land."

He said it is virtually impossible to compare the current dry spell with the Dust Bowl days of the 1930s.

"I don't think you can because you haven't had the prolonged and extensive drought that you had in those days," he said.

"However, as soon as you say that, you can find places in West Texas where it's just as bad and just as hazardous as it ever was in the '30s.

"It just depends on whom you talk to and where in attempting to assess the severity of this drought.

"But we need rain or this is going to get progressively worse."

Others point out that farmers now have the money and knowledge to fight a drought, that it is the ranchers, without feed crops and stock water for their herds, who face the most immediate crisis.

"That's true," said F. Jake Hess of McLean, president of the American Hereford Association. "Many farmers in this area have irrigation water, and if they don't, at least they don't have to go to the expense of maintaining an operation that is not productive.

"Cowmen have cows that must be fed and watered, and the drought has put them in a real serious, precarious situation.

Leukemia and some forms of cancer can be controlled or cured in the next 10 years, four researchers reently told a Melbourne, Australia medical conference.

NEA Award To Palestine Club

DETROIT(AP)—The National Education Association presented the Palestine, Tex., Negro Business and Professional Women's Club the Carter G. Woodson award Tuesday night for its work in human relations.

The award, given by NEA's Center for Human Relations, as accepted by Audry Gamble Clewis, language and arts teacher and president of the club. It was held at the center's annual human rights dinner during the NEA's 109th annual convention.

The Palestine club was cited for work it does each year in promoting a local observance of Negro History Week, with emphasis on accomplishments of blacks in science, art, politics and education. The citation also mentioned the club's drive to raise funds for 12 church related Negro colleges.

The award is named after the later Carter G. Woodson, founder of the Association for the Study of Negro Life and History. Other winners included white teachers, American Indians and Mexican-Indians.

LODGE INSTALLS OFFICERS — Scurry County Masonic Lodge No. 706 installed these officers Friday night. From left, front row, are E. Lloyd Arnold, treasurer; Wendell Rehm, senior warden; John Cline, worshipful master; Hoyle Dean Strickland, junior warden, and G. B. Proctor, secretary. Top row, from left, Jim Bowers, senior deacon; David Hayes, Chaplain; Burman Elkins, junior deacon; Ron Murph, senior steward; S. E. (Swede) Swanson, tiler. Not pictured is Bill Deavers, junior steward. (Craft Photo)

RECEIVES GAVEL — John Cline, left, newly-installed worshipful master of Scurry Masonic Lodge 706, receives gavel from Harvey Byrd, grand secretary of the Grand Lodge of Texas. (Craft Photo)

Masonic Officers Installed

New officers were installed Friday night at a tiled meeting of Scurry Masonic Lodge No. 706.

Serving as installing officer was RW Harvey C. Byrd of Waco, grand secretary of the Grand Lodge of Texas. He was assisted by RW Bill Jordan of Hermleigh, district deputy grand master, who served as installing marshal.

Officers for the ensuing Masonic year for Lodge No. 706 are John Cline, worshipful master; Wendell Rehm, senior warden; Hoyle Dean Strickland, junior warden; E. Lloyd Arnold, treasurer; G. P. Proctor, secretary; David Hayes, chaplain; Jim Bowers, senior deacon; Burman Elkins, junior deacon; Ron Murph, senior steward; Bill Deavers, junior steward; S. E. (Swede) Swanson, tiler.

Pharmacists Tired Of Scribbling

RICHMOND, Va. (AP) — Virginia pharmacists are fed up with physicians who don't sign their names legibly on prescriptions.

At their annual convention this week, they approved a resolution suggesting that doctors use rubber ink stamps as well as their signatures.

The International Air Transport Association is 25 years old and includes 103 member airlines.

Seeders Not Near Laredo

SAN ANTONIO (AP) — A Bureau of Reclamation spokesman said Tuesday that cloud-seeding efforts over Texas the past few days "definitely did not cause the flooding at Laredo."

Laredo was swamped with rain Monday night which turned streets into rivers, forcing temprary evacuation of several hundreds of people.

"We haven't been in that area for 10 days, and, besides, the moisture presently over Texas is coming up from the Gulf of Mexico — not from us," said Dave Matthews.

The Air Force has been seeding clouds with chemicals under a Bureau of Reclamation project named "Operation Teadrop."

"We have purposely avoided the Del Rio-Laredo area because they have plenty of natural moisture at this time. It is unusual for that area to receive this much moisture at this time of year but there is a lot of moisture in the sky all over Texas right now because of a strong southerly wind flow for the past 10 days," he said.

Matthews said cloud-seeders have been operating in clouds of around 18,000 feet while those which dumped the heavy rains in South Texas were "in the 30,000-and 40,000-foot category. Besides, those kinds of clouds are bad for our planes—they're very turbulent."

Jaycees Plan Picnic July 5

The Snyder Jaycees will hold their annual Pot Luck Picnic at 7 p.m. Monday, July 5 on the south side of the duck pond at Towle Park. Howard Limmer is in charge of arrangements.

All Jaycees, their families and "exhausted Roosters" are urged to attend. Families are asked to bring a covered dish. Drinks will be furnished.

Senators Vote Against Bill

WASHINGTON (AP) — Texas U.S. Sens. Lloyd Bentsen, D-Tex., and John Tower, R-Tex., both voted against an amendment Tuesday to strike funds for a reusable space shuttle.

The Senate defeated the amendment on a vote of 64-22.

FACE LONG APPEALS ROUTE

Guzman And Lopez Given Death Penalty

BELTON, Tex. (AP) — The long appeals route lay ahead today for Rene A. Guzman and Leonardo Ramos Lopez, sentenced to die in the electric chair for the murder of a veteran deputy sheriff.

No one has been executed in Texas since July 30, 1964. Court stays have stopped the carrying out of death verdicts since then.

Lopez' wife burst into tears and had to be led from the courtroom when the sentence was read Tuesday but Lopez, 24, and Guzman, 33, showed no emotion.

The jury of 11 men and one woman gave the two Dallas men the death penalty for the slaying of Ellis County Deputy A. J. Robertson, 59. They were returned to the Dallas County Jail around 8:15 p.m.

"I'm glad they got justice," said Robertson's widow, who was in tears throughout most of the two-day trial.

The men were tried only for Robertson's murder but also are charged in the deaths of Dallas County Deputies Samuel Infante, 32, and W. D. Reese, 31.

Mrs. H. G. Reese of Dallas, Reese's mother, said of the death verdict: "I think it's wonderful. It was what we wanted."

She also wept as witnesses told of the bloody afternoon last Feb. 15 when her son and the other officers were slain on a Trinity River bank in Dallas.

Two deputies survived and described the shootings in vivid detail from the witness stand.

The case was tried here on a change of venue. The last death sentence handed down in Bell County was in 1957.

An appeal is automatic in death penalty convictions.

RENE GUZMAN

LEONARDO LOPEZ

Dallas Dist. Atty. Henry Wade personally directed the prosecution—the first time he has done so since the Jack Ruby trial.

"We're very thankful to the jury," Wade said, "because you had three officers killed and this concerns me about what is going on—not only killings but assaulting (policemen)."

He said he felt the death sentence will help law enforcement "not only in Dallas but all over the state."

Earlier, he urged the jury to assess the death penalty as a message to law enforcement officers that "if you or one of your buddies gets killed, a jury will send (the killers) to the electric chair."

"I'm becoming concerned about some people declaring open season on police officers," Wade told the jury.

He prompted a protest from the defense when he said 11 officers across the nation were slain the same week the three deputies were killed.

Judge R. T. Scales of Dallas told the jury to disregard the remark but overruled a defense motion for a mistrial.

Guzman and Lopez, who have previous burglary convictions, were impassive while a dozen prosecution witnesses testified.

Defense lawyers presented no witnesses, saying in general, that to do so would be to their clients' disadvantage. They also called the facts "pretty cut and dried".

Foster Parents Paid Salaries

Career Corner

by Joyce Lain Kennedy

what job would you like to see explored in this column?

Dear Joyce: How can I find out about becoming a foster parent? Are foster parents paid only expenses, or are they also paid a salary?—M.Q., Amarillo, Texas

In a few places around the country, foster parents are considered to be staff members of the child welfare agency for which they work, and are paid salaries for their work as well as coverage of the child's expenses. This plan allows wives and mothers who are interested in foster care, but who must help support their families to become foster parents.

However, most child welfare agencies pay only expenses, and the amount varies from place to place, and agency to agency. Many agencies pay slightly higher amounts for care of infants and teenagers than for the 2- to 12-year-olds. Rates for care of handicapped or very disturbed children, who need special care, may be much higher than the basic rate.

You shouldn't consider foster care as a way to make money, but to help children in their hardest times – certainly, this is work that's important and satisfying.

For more information, call your city, county, or State welfare department, or other child welfare agency, including those operated by private organizations and religious groups. A pamphlet, "A Child Is Waiting" describes what foster care is like, and you can get a copy for 15 cents from the Superintendent of Documents, Washington, D.C. 20402. (Children's Bureau publication 454-1967.)

• • •

Dear Joyce: I am an invalid and would like to get some work addressing envelopes at home. I have answered a couple of the many ads you see for home-addressing, but they either want to sell you a book, or to send out mailings (selling merchandise) with your own stamps. If any of your mailings result in orders, they say you are paid a commission. Can you tell me how to get work from regular companies that just want to hire home addressers?--H.A., Lynn, Mass.

Automation in direct mail firms has almost eliminated the need for home addressing. Most of the work is done by machines now, and unless you happen onto an exception to the rule, you are likely to be disppointed. Home addressing is virtually obsolete.

• • •

Dear Joyce: If I try to make and sell original fashions through the little boutiques, how much should I expect to be paid on a commission basis? – E.R., Palm Springs, Calif.

Most boutiques pay between 20 and 40 percent of the retail price. The selling price should reflect your time and costs, and be in line with other clothing in the boutique. If it's worth more than usual (design, workmanship, established name), charge more if you wish, but don't get the reputation for being overpriced either.

Sizes 7 through 12 are said to sell best, but it's a practical idea to make as much as possible which fits you. Then if your designs don't sell, you can always enlarge your wardrobe.

35 States Ratify 18-Year-Old Vote

WASHINGTON (AP) — Record quick approval of the 18-year-old-vote amendment is so close now the states have begun jockeying to see which will have the distinction of making it official.

Illinois completed ratification Tuesday, bringing the total to 35 states. Legislatures in five more states are poised to act next, which would be more than enough to put it over.

Ratification by 38 states is needed to give citizens 18 years and older the vote in all elections. If passed, the measure would be the 26th Amendment to the U.S. Constitution.

Both houses of the Alabama legislature have ratified the amendment, but bickering over which chamber concurs in the other's version gave a new chance to its opponents. Ultimate passage still is expected.

The North Carolina House has passed a ratification resolution, but the Senate has been putting it off day-by-day.

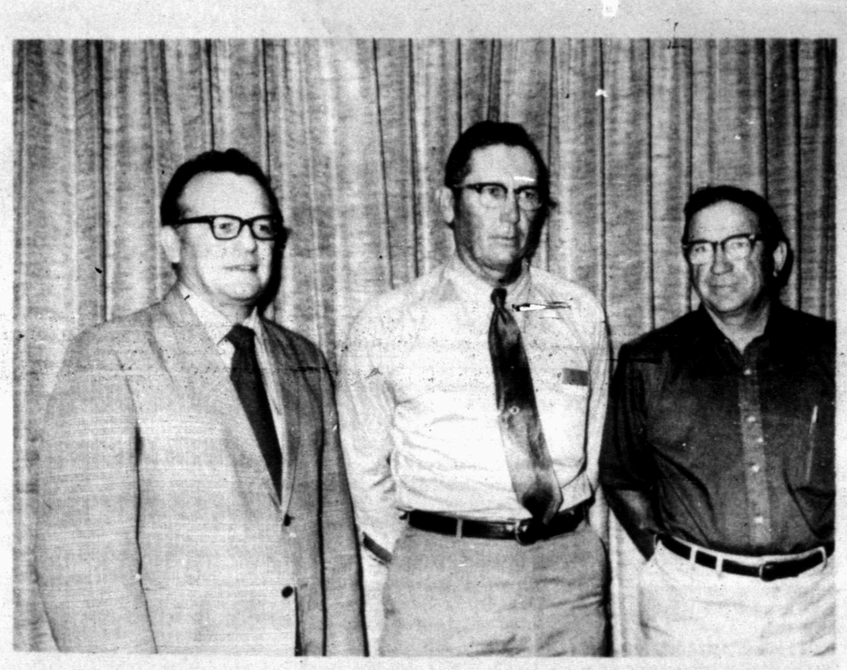
The Ohio Senate passed it 30 to 2 Tuesday, and sources in the House said chances appeared good for final action this week.

The Oklahoma Legislature convenes Thursday in special session and quick ratification there is expected. Wyoming lawmakers convene Monday for the same purpose.

A record for speedy ratification seems assured. The Congress completed action on the amendment March 23 and five states stamped their approval on it after the first day.

The 12th Amendment, reforming the procedure for electing the president and vice president, how holds the record of eight months in 1803-1804 to win ratification from 13 of the 17 states then in the union.

In addition to Illinois, the 18-year-vote amendment has been ratified by Minnesota, Delaware, Washington, Connecticut, Tennessee, Massachusetts, Hawaii, Montana, Arkansas, Iowa, Idaho, Indiana, Nebraska, Kansas, Michigan, Maryland, Maine, Vermont, Alaska, California, Pennsylvania, Colorado, Texas, South Carolina, West Virginia, New Jersey, New Hampshire, Arizona, Louisiana, Rhode Island, New York, Oregon, Missouri and Wisconsin.



ATTEND MEETING — From left, Bill Carter, chairman of the by-laws committee of the Big Country Resource, Conservation and Development organization; Walter Stirl, chairman of the board of the Upper Colorado Soil and Water Conservation District; and, Jimmy Harrison of Colorado City, chairman of applications of the Big Country RC&D, were among those present for a meeting of the new organization Tuesday at noon at the Steak House. Carter also is county judge of Mitchell County.

Nixon Has Role In Hoover's Show

WASHINGTON (AP) — Continuing his show of confidence in the embattled FBI director, President Nixon accepted a role in a pageant produced, directed and starred in by J. Edgar Hoover.

Rounding out the cast for today's program—the semiannual graduation ceremony of the FBI National Academy—was Atty. Gen. John N. Mitchell.

The White House announced Tuesday that Nixon would drop by the commencement exercises for a few remarks following Mitchell's address to graduates.

The occasion is expected to evoke both some kind words for the 76-year-old Hoover as well as law-and-order statements by the President and Mitchell.

Although the timing is probably coincidental, the gathering of Nixon, Mitchell and Hoover follows the most sustained period of criticism encountered by Hoover in his 47 years as the head of the FBI.

There is little question in the minds of observers that the twice-yearly events mark high points in Hoover's life. Beside him on the flag-bedecked stage are men who praise him; before him, police officers from every state and some foreign nations who can carry the sentiment back home.

The National Academy, which the FBI refers to as the "West Point of law enforcement," was founded by Hoover in 1935. As recorded by FBI annals, the first act of the original 29 graduates was to form an alumni group and elect Hoover an honorary member.

Today's graduates bring the total number to finish the course to 5,934. Represented among the 100 are officers from all 50 states, the District of Columbia, Puerto Rico, Jamaica, Liberia, the Netherlands, Thailand and the Virgin Islands.

Street Named For Presley

MEMPHIS, Tenn. (AP) — Entertainer Elvis Presley, who parlayed his voice, his looks and a wiggle into a multimillion dollar career now has a street named after him.

The Memphis City Council honored Presley for all that he has done for the city by renaming the street in front of his home Elvis Presley Boulevard.

The Chamber of Commerce says Presley's home, Graceland Mansion, is second only to the Mississippi River as Memphis' leading tourist attraction.

Four Firms Issued Restraining Order

HOUSTON (AP) — A federal bankruptcy referee has issued a temporary restraining order against four companies holding property liens against Sharpstown Realty Co. pending a July 16 hearing.

The four companies holding secured debts against the firm owned by Frank W. Sharp are Lubbock Savings & Loan Association, First Savings Co. of San Angelo, Community Savings & Loan Association of Fredericksburg and Associated Mortgage Investors, Ltd., of Coral Gables, Fla.

These firms will be required to show at the hearing why they should not be permanently restrained from any foreclosure prior to settlement of the involuntary bankruptcy proceedings.

Henry Oliver, trustee for the Jesuit Fathers—now known as Houston Educational Foundation, Inc., sought the restraining order for protection of unsecured creditors, such as the Jesuits.

The Jesuits have petitioned for the firm to be placed in bankruptcy. They seek to recover some $2.9 million allegedly owed the religious order.

Sharp's lawyers deny the realty firm is bankrupt and have asked for a jury trial and a change of venue to Miami, Fla.

In another case involving the Houston financier, American Bank & Trust Co. of Houston filed a $100,000 suit Tuesday against Sharp, Bob L. Jordan Jr., a former Sharp associate, and Sharpstown Realty Co.

Lions Install Officers, Hear Talk On Russia

New officers were installed by the Snyder Lions Club and members of the organization were given a brief report on a trip to Russia by Joe Pitts at their luncheon meeting Tuesday at the First United Methodist Church.

Pitts, executive vice president of American Magnesium and general manager of the AM plant here, was in a delegation from his company which made a trip to the Soviet Union last May. They were on a trading mission under auspices of the Department of Commerce, and the trip led to an agreement for sharing technology in production of magnesium. American Magnesium acquired an agreement by which it will use some Soviet-developed processes in its plant here.

Pitts told of experiences the American delegation encountered in the Soviet Union and described life there as he observed it.

"It is a dismal looking city," he said of Moscow. However, he said the Russian people believe they are doing well and they undoubtedly are doing well in comparison to their predecessors under czarist rule, Pitts said. However, their situation does not compare with life in the United States.

New Lions Club officers were installed by Lyle Deffebach. Bill Sikes succeeded Horrace Bostick as president of the club. Other new officers include Les Francis, first vice president; Bill Hood, second vice president; Howard Harrington, third vice president; Ralph Wesson, Lion tamer; Phil Fortune, secretary-treasurer; Gene Thompson and John Boren, tailtwisters. The latter four were re-elected to new terms.

One-year directors taking office include Bob Womack, Leonard Gallegos, J. D. Hinton and John Jarrell. Two-year directors are Bob Watlington, Don Seale, Bill Dryden and John Short.

New Organization Has Session Here

A new organization—the Big Country Resource, Conservation and Development board—met at noon Tuesday at the Steak House to discuss the purpose for its formation.

Bill Carter, county judge of Mitchell County and chairman of the by-laws committee of the new organization, was the principal speaker. He said the Big Country Resource, Conservation and Development board was organized to "take better care of natural resources and to improve the economy of the area."

County judges, city officials, county commissioners and others are representing 12 counties that are members of the new organization. The 12 counties represented on the board are Scurry, Nolan, Fisher, Jones, Stonewall, Knox, Dickens, Kent, Borden, Haskell, Garza and Mitchell.

Although the board is not working on any specific projects at this time, it could in the future work on such things as housing, health, education, water and sewage, parks, recreation, transportation, etc. in the 12-county area.

Specific projects will be approved by the chairman of applications and submitted to the State office of the Soil Conservation Service. From there, the plans would go to the governor and to the U. S. Department of agriculture.

"We're interested in providing more jobs and more money for local people," said Carter. He emphasized that the new organization provides "an opportunity on the local level to do what the local people want to do and get congressional help." Carter stated that all projects will be initiated locally rather than being handed down from the national government. Most projects usually would involve more than one county.

Five previous meetings of the Big Country Resource, Conservation and Development board were held in Aspermont. The three chief officers are E. V. Earles of Haskell, chairman; Cecil Mayes of Abilene, executive director of the West Central Texas Council of Governments and vice chairman; and Pat Mitchell, county judge of Stonewall County, who is secretary-treasurer. Jimmy Harrison of Colorado City is chairman of applications.

The meeting Tuesday also was attended by Bob Lamberth and Jack Landrum of Abilene. Both are members of the West Central Texas Council of Governments. Also present were Walter Stirl, chairman of the board of the Upper Colorado Soil and Water Conservation District; George Patterson, city manager of Snyder; Bill Vestal, city councilman; Preston Wilson, county judge; Von Kleibrink, unit conservationist of the Soil Conservation Service; Scurry County Commissioners and others interested.

Each county that is a member of the board pays a $25 annual fee for operating expenses.

Pair Charged In Beating Death

BELTON, Tex. (AP) — A brother and sister were among three persons being held without bond Tuesday on charges they beat to death a Temple city employe.

Charged with the Saturday slaying of G.G. Estrada, 47, were Larry D. Carroll, 17, of Holland, Kenneth E. Hammill, 21, and his sister, Geneva, 23, both of Bartlett.

Estrada, the father of 12 children, was found slumped in his car parked off Farm 2268 southeast of Holland Saturday.
