Oil Operators Stake Two Wildcat Drilling Locations Within County

Tennis Courts Due Next for Country Club

Colorado Country Club directors Tuesday night approved continued expansion this summer of the club's recreational facilities. The go-ahead signal for new improvements came as the club's new oval swimming pool was in its first full week of operation. Next on the construction list will be two asphalt tennis courts. Directors in the Tuesday night meeting approved construction of the courts this summer. The courts are expected to be completed in late July or August. Tentative location for the asphalt courts is in a level area southwest of the clubhouse and adjacent to the club's auto parking space. The courts will include a fenced asphalt area of approximately 90 by 120 feet. Directors also approved additional landscaping in the swimming pool area southeast of the clubhouse and east of the putting green. Topsoil will be moved in for landscaping and lawns adjacent to the 12-foot concrete apron surrounding the pool. The club's pool — equipped with continuous filter process — was opened officially Saturday with a "splash day" barbecue and program at the club. More than 10 persons attended the barbecue. Directors heard a report Tuesday night that club membership now was at the highest point in years.

DIVING BOARD REVIEW—A quintet of teen-agers find the diving board at Colorado Country Club's new oval pool a convenient spot for sunning with the club golf course as backdrop. From left to right, they are Jane Merritt, Ruan Owen, Newlyn Moser, Sue Windham and Anna Lee Root. (Record Staff Photo).

Poll Backs Local Rodeo Tradition

Local merchants participating in a rodeo poll are in favor of continuing Colorado City's annual rodeo. And their enthusiasm is warm enough that they will offer financial assistance for the event. But they made it plain — by almost five to one count — they prefer an amateur show, not a professional. The poll was conducted recently by the Chamber of Commerce in cooperation with Mitchell County Frontier Rodeo Association. Only purpose for the poll was to determine the opinion of local business men in regard to the traditional event and in regard to future planning for a county-wide fair. Letters and polling cards were mailed to 220 business and professional citizens here, but only 40 filled out and returned cards. One hundred eighty did not participate in the volunteer poll. But those 40 participants voted 24 to 11 in favor of continuing rodeos in Colorado City, amateur or professional. Five persons returning cards in the poll declined to vote in this category. The poll was 25 to 4 in preference for amateur rodeos instead of professional shows that have been staged in recent years. But 11 persons declined to participate in that phase of the inquiry. In answer to the question—will you support the rodeo financially—23 persons replied "yes", 10 stated "no" and seven provided no answer. In the final portion of the poll the vote was 24 to 10 in favor. See TRADITION Pg. 7.

NATIVE GERMAN BEFORE CLUB

Town's New Citizen Points Out Individual Advantages in U.S.

A young bridegroom provided Kiwanis Club a lesson in international relations Tuesday. And he emphasized the need for personal contact — the appraisal of the individual — as the means for international reasoning and understanding. The speaker was Ulrich Bossenroth, who came here recently from his native Germany as the bridegroom of the former Iva Helen Lee, daughter of Mr. and Mrs. J. Ralph Lee. Bossenroth, who this summer begins studies at Arlington State College, worked and studied and developed friendships with Americans in Kaiserslautern, Germany. "And I learned that personal contact," he said, "was the best source for understanding." Education from his American contacts, plus additional information on Texas in particular from his bride, provided him with an insight and understanding of Americans that left him with few surprises when he actually saw and traveled through this country. But he pointed out, quickly, a big difference in opportunity here in the U. S. and in Germany. Students in Germany must pay tuition even for high school education. "And it is hard for the average family to send a child through high school," Bossenroth said. "But here it is different," he said, "and that's what I like." As an example he reported his appearance a few days ago on the campus of Arlington State College when he applied for entrance there as a student without a high school degree. "After five minutes," the speaker said, "they told me I could give it a try. That's what I like. You have so much more opportunity here in the U. S. In Germany education is only if you have money." Bossenroth, who was introduced by H. I. Berman, presented an "average young German's" views concerning America. But he emphasized that his own personal view, because of his contacts with Americans in Kaiserslautern, was not typical. He traced the young German's life from school and propaganda under Hitler's Nazism to war through the bombings and defeat and the broken economy that followed. "After the war I began to grow up," he said, "and think like a human being." The speaker said the average German did not know about the concentration camp horrors and similar conditions under the Nazi rule. "I'm honest," Bossenroth continued, after emphasizing that he sought not to make any excuse for a wrong, "and only very gradually did I learn about the world and its conditions." He told of conditions in postwar Germany, moving from the Eastern to Western Zone and life in refugee camps. "That's the first time in my life," he spoke of refugee camps. See ADVANTAGES Pg. 7.

Re-Entry Scheduled For Thompson Site

Two new wildcat oil tests are scheduled for Mitchell County. Advance Petroleum Company of Dallas will re-enter the No. 1 C. C. Thompson, eight miles southeast of Colorado City, for a plug-back try at 3,500 feet. And Harry Odom of Junction will drill his No. 1 Hyman near the west county line 12 miles southeast of Coahoma.

The two wildcat locations are highlights of this week's oil development in Mitchell County that includes completion of three new producers.

Advance No. 1 Thompson site is 990 feet from north and 685 feet from west lines of Section 76, Block 27, T&P Survey. It was drilled originally by Seaboard Oil Company as an Ellenberger prospector and abandoned No. 26, 1948. The original test was abandoned at 7,715 feet after topping the Ellenberger at 7,630 feet on elevation of 2,062 feet.

The county's second wildcat, the Odom No. 1 Hyman, will be a shallow test to 1,311 feet with rotary equipment.

Drilling site is 2,310 feet from north and 330 feet from west lines of Section 10, Block 27, SPRR Survey.

Two of the county's new producers were in Westbrook Field and one was in Sharon Ridge, 1700 Field.

Extending the Westbrook one location south was Beckman No. 1 Butler, 2.5 miles north of Westbrook, finished for daily potential of 71.68 barrels of 26.5 gravity oil plus five per cent water.

The No. 1 Butler production was from perforations between 2,945 and 2,965 feet, between 3,033 and 3,055 feet, and between 3,074 and 3,086 feet. Total depth was 3,139 feet.

The pay area was treated with 20,000 gallons of fluid.

Ibex No. 1 Morrison-Gil was another Westbrook Field completion. It was finished for daily potential of 77 barrels of 24.8 gravity oil plus 13 per cent water.

Production was from a pay area topped at 3,121 feet over total depth of 3,151 feet after treatment with 2,500 gallons of acid and 6,000 gallons of frac.

Site of the No. 1 Morrison-Gil is 990 feet from south and 330 feet from east lines of Section 21, Block 28, T-1-N, T&P Survey.

Hamilton, Jordan & Blackwell No. 2 Hamilton was completed as a Sharon Ridge 1700 oiler with daily potential of 131 barrels of 27-gravity oil, plus five per cent water.

The Sharon Ridge producer topped pay zone at 1,567 feet over total depth of 1,598 feet. Site is 990 feet from north and 330 feet from east lines of Section 9, Block 27, T-1-N, T&P Survey.

In the Jameson (Strawn) Field in northwest Coke County the Stanell Oil & Gas No. 61 J. E. Chappell was completed for daily potential of 114.65 barrels of 43 gravity oil.

Perforations were between 6,489 and 6,538 feet over total plugged-back depth of 6,552 feet. Location is in Section 35, Block 15, SP Survey.

But missing was Mitchell, which already this year had its emergency feed program extended.

The local ASC committee requested that the emergency program be extended. And June 18 the ASC committee received this reply from G. C. Carothers, ASC state administrative officer in College Station:

"The state drought committee at their meeting June 15 took action to recommend the inclusion of your county (Mitchell) in the new emergency feed program.

"This committee's recommendation is being forwarded to U. S. Department of Agriculture drought committee in Washington for consideration and you will be advised of any action taken."

Two weeks later the Mitchell ASC committee received this additional information from Carothers:

"We previously advised you that state drought committee had recommended your county for designation to the U. S. Department of Agriculture drought committee in Washington.

"We have just been advised by the U. S. Department of Agriculture drought committee that your county has not been approved, but is still under consideration.

"If any further action is taken concerning your county, you will be advised."

Mike Custer, office manager here for the ASC, said the local committee had received notice of no additional action by the Washington committee. Left out of the new feed program with Mitchell were Nolan and Scurry counties.

Gunns to Minnesota
Mr. and Mrs. Herb Gunn left Saturday for a three-week vacation in Lyle, Minn., where they will visit with relatives and friends.

BIRD'S VIEW OF POOL—Tiled lines of Colorado Country Club's new oval pool are shown in this sky-view photo. The view is above the north end of the pool, just southeast of the clubhouse. The railed area in the upper right area of the pool is the special shallow play area for small children. Diving board and deepest area of the pool is not included in the photo. (Record Staff Photo).

OTHER TOWNS TO BE VISITED

Setting of Rec Director's Pay To Await More Study by Board

City Council Monday night withheld setting pay scale for a municipal recreation director until city recreation programs are studied first hand. And councilmen by unanimous vote authorized members of the city's new park and recreation board to visit other cities and make the eye-witness study at city expense.

Selection of a recreation manager was discussed at the council meeting by councilmen, City Manager Rollin K. Snethen and Rev. Earl Clary, parks and recreation board president.

"We are advised that 75 to 80 per cent of the program's success," the minister said, "depends upon the director."

Snethen said information obtained from other cities and municipal organizations was that the search for the "right man" to head the municipal program here may require three months.

However, the manager said the city — if the council desired — could go ahead now and set up the salary scale by which the recreation director would be hired.

Office space, if no other facilities are immediately available, could be provided in the City Hall while the recreation director organizes the program during the winter, Snethen said.

Snethen suggested that the council consider a pay scale from \$3600 to \$4000 for the director. That range would correspond with salaries for other city department heads here, he said.

Councilman Jeff Taylor, a member of the recreation board, suggested that council wait until recreation board members can visit other cities and inspect recreational programs in operation before setting a salary scale.

Recreational experts, Taylor said, have reported that the city could expect to pay from \$1,500 to \$5,500 for a qualified director. Councilman R. B. Baker then proposed that the city authorize members of the board to travel to other towns at city expense.

Clary, who outlined progress in the board's work already since its appointment last month, said the board members had planned previously to visit other cities for first-hand views of municipal recreation programs.

In his brief report Clary said the board was becoming affiliated with National Recreation Association, was recommending the hiring of a full-time recreation director and was looking to council to authorize a salary for the director so the board could go ahead with the task of seeking a man to head the program.

The minister reported also that the board was making additional study into the possibility of obtaining Shell Pipe Line buildings and property here for the parks and recreation program.

Members of the board plan to confer soon with Shell Pipe Line officials in Midland in regard to the buildings. "We feel like we are sort of in a bind," he said. See DIRECTORS Pg. 7.

New's Nephew Slain in Jungle Ambush

A 27-year-old Colorado City native has been ambushed and slain in a South American jungle oil camp.

He was Robert New Jr., nephew of Mr. and Mrs. J. M. New of 904 Chestnut St.

New, an employee of a subsidiary of the Petty Geophysical Engineering Co., and another Petty employee were probably slain by anti-government guerrillas who wanted to rob, according to American sources in Bogota, Colombia.

The ambush and slaying occurred June 30.

Funeral services were conducted Tuesday in San Antonio.

The engineer was born in Colorado City and completed grammar school here. He was graduated from Amarillo Schools and served in the Marines.

He is survived by his parents, Mrs. Inez Dalton of Seminole, Okla., the former Inez Pennington, and Robert New Sr. of Aniston, Ala.

Pair of Minor Fires

Two minor fires alerted local firemen here Tuesday.

The first, at 5:47 a.m., was at the Pentecostal Church on Southside. Only damage was caused by smoke from faulty wiring in the attic, firemen report.

Burning grease in a stove broiler at the R. L. Eagan residence, 1120 Locust, was the second Tuesday alarm. The 12:15 p.m. blaze was extinguished without major damage.

Fishing Facts

By Howard Bynum

There's a very important fish in Lake Colorado City.

This special fish is a channel cat.

And the lucky fisherman who hooks and lands the cat will get a new \$370 outboard motor to boot.

The VIP of Lake Colorado fish is a six-pounder with a tag, No. 13, attached.

He was turned loose in the lake waters Sunday by the lake patrolman. Site where the VIP was released was at Cherry Creek.

Prize for catching No. 13 will be a new 15-horsepower Evinrude motor. Jack Henry, operator of Cherry Creek Fishing Camp, and Rex Sporting Goods Store in Odessa are joint sponsors of the unique fishing prize.

Persons catching the No. 13 cat must deliver the catfish with tag attached to the Cherry Creek camp to obtain the big prize.

Henry says that more tagged fish will be turned loose in the lake in the near future to add incentive and interest for fishing in Lake Colorado City.

For those who are after the VIP, No. 13, or any fish it will be good news to know that Lake Colorado City is plenty clear.

In fact, it is the clearest the lake water has been all summer. Several anglers have reported catching small bass lately, mostly in deep water.

Mr. and Mrs. Doyle O. Cooper and son, Danny, of Odessa took home a good string of fish after week end fishing at the lake.

Their haul included two 5 pound eight ounce channel cats, a three-pounder and four more cats weighing from one to one pound eight ounces.

J. W. Purser of Big Spring was another out-of-towner taking home a fine catfish. He took a seven pound eight ounce yellow cat off his trotline Sunday afternoon. His line was baited with perch.

Bernie Grable was among the local anglers reporting good luck. He caught a four-pound large mouth bass Sunday afternoon.

Sheath, Shirred Skirt in Style

BY EDNA MILES

THERE'S still a lot of summer ahead of us, time in which looking fresh and neat and pretty is important both to ourselves and others.

This summer, the sheath and the softly shirred skirt take equal honors. There's an Empire feeling in most designs coupled with the natural waistline. Lots of back closings, too, with tiny buttons, tabs and draw-string necklines.

Ribbons and lace are the proper trim for summer dresses and used with flair, they're chic, too. They form belts or edge a neckline or fall into long streamers.

The sheath remains THE dress for town wear, in linen or cotton by day and silk linen or shantung by night. It's sleeveless, of course, for comfort and for the addition of small jacket or a little sweater.

The dress with shirred skirt lends itself to sheer cottons and pure silks, takes on trim of val lace for both bodice and skirt. For evening, baby-doll dress of organdie looks young, pretty and sophisticated. Usually, they, too, are sleeveless and well-endowed with lace.

Silk organza is used by designer Larry Aldrich in shades from cream to mauve, with hand-painted flowers. Trim is ribbon in mauve grosgrain.

Fifteen years ago, before the wonder drugs were discovered, death claimed 10.8 out of every 1,000 people in the U.S. each year. But today, the death rate is down to 9.2 per 1,000 people — the lowest in history. This means that 1,874,027 people DID NOT DIE in the past 15 years — thanks to the antibiotics, the hormones, and the other miracle prescriptions which are now available.

Mrs. Martin Is Program Director At Wesleyan Service Guild Meet

Mrs. Elmer Martin was program leader for the Wesleyan Service Guild of the First Methodist Church Monday evening in Fellowship Hall.

Topic of Mrs. Martin's program was "Scatter the Seed in Brazil". Members participating in the evening program were Mrs. H. E. Maniss, Miss Effie Copeland, Mrs. D. H. Davis, Mrs. Wilma Reynolds, Mrs. Ethel Hardegree and Mrs. Arnel Smith.

Representing five student workers, they discussed how seeds of the gospel sown through the work of the woman's division of Christian service are bearing fruit.

Mrs. J. Ed Richardson, devotional leader, emphasized that God uses lots of time to create a tree. And similarly, many years are required to build real character.

"Today, after more than 75

years of growth in Brazil, the seedlings of God's message are becoming sturdy, useful trees in society's forest," Mrs. Richardson said.

Mrs. J. W. Hill, guild president, presided in the business session. Mrs. Hardegree spoke the opening prayer.

A note of appreciation was read from Mrs. R. E. (Bob) Post, a former member of the guild. Mrs. Tom Glover, chairman of the status of women committee, urged all members to vote in the forthcoming election.

Guild members voted to spon-

sor Miss Bertie Lou Dorn, president of the Methodist Youth Fellowship, at a school of missions in Lubbock this month.

Hostesses for the social hour following the business meet and program were Mrs. Glover and Mrs. G. A. Horton.

Members attending were Mrs. Hill, Mrs. Smith, Mrs. Jewell, Mrs. Richardson, Mrs. Reynolds, Mrs. Maniss, Mrs. Martin, Mrs. Davis, Miss Copeland, Miss Susan McDonald, Mrs. Horton, Mrs. Roy Dozier, Mrs. C. A. Farmer, Mrs. Hardegree and Mrs. N. H. White.

"But the Germany today," he said, "wants to live in peace. He doesn't want to be in the Army." Bossenroth said there were some unfortunate aspects to Marshall Plan and other U.S. and Allied aid to West Germany after the war.

"Unfortunately," he said, "many Germans thought the U.S. supported us — not for humanitarian reasons—but because they needed us against Communism."

RICHARDSON IS QUESTION MARK

Pony All-Stars Face Strong Snyder Squad There Friday

Colorado City's Pony All-Stars will be underdogs Friday when they tangle with the Snyder Pony All-Stars in Snyder.

Snyder has long been a stronghold of Pony League players and this year's team appears to be the same. The game will be a practice affair, but it will give the teams a chance to see the opposition before they meet in the sub-district playoffs.

C-City will field a strong team when it takes the field at the beautiful Pony League Park in Snyder at 7:30 p.m.

Manager Toby Dearen will have the cream of Pony stars featuring seven players from the Athletics, four from the Cardinals and two each from the Braves and White Sox.

A question mark in Dearen's lineup is Dickie Richardson, Cardinal hurler.

Richardson injured his hand last week and has been out of the lineup for the past several games.

If he is ready to go, he will probably start on the C-City mound.

But if his hand is not sufficiently healed, Athletic Billy Key, the league's top hurler, will toe the rubber.

Dearen listed the following players as the possible starting line-up:

Lucky Market (Braves) catching; Robert Bracy (Athletics) first base; Steve Smith (Athletics) second base; Hunter Mann (Cards) third base; Dwain Thomason (Cards) shortstop; Danny Fisher (White Sox) right field; Red Lindsey (Athletics) center field; Richardson, if he doesn't pitch, in left field.

Other all-star players comprising the 15-man squad are Jerry McKay (Cards), Danny Maples (Athletics), Ronnie Bassinger (Athletics), Dwayne Spivey (Athletics), Red Lemons (White Sox) and William Sanders (Braves).

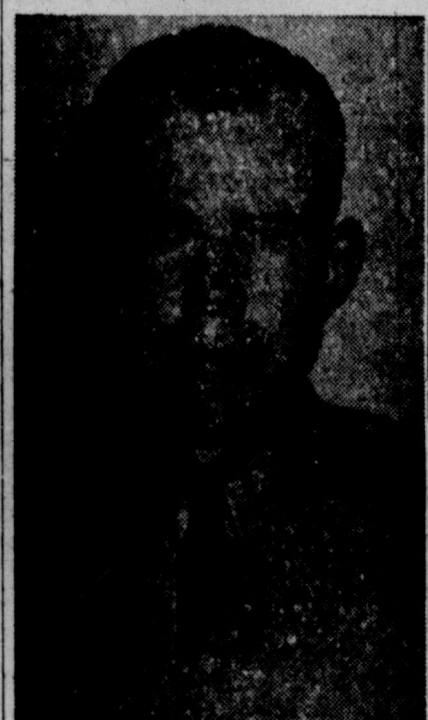

The all-star team was selected at a meeting of the Pony League managers.

The Colorado City and Snyder All-Stars will begin playing for keeps in the sub-district playoffs the week of July 23.

They will play a three-game series with the winner advancing to the district finals in Abilene the week of July 30.

The Friday game will give some indication of Colorado City's strength in the playoffs.

Since 1945 the American Cancer Society has invested more than \$40,000,000 in cancer research. ACS grants support the work of more than 1,000 top-flight U. S. scientists.

INFANTRYMAN — Second Lt. Bobby L. Etheredge, son of Mrs. Laura A. Shipman of Hermleigh, recently arrived at Fort Riley, Kan., for assignment with First Infantry Division. Etheredge, member of the division's 26th Regiment, was graduated in 1955 from Texas Tech and previously was stationed at Fort Benning, Ga.

Silver Teen Squad Edges C-City, 3-2

A three-run rally by Silver Teen-Age baseball team gave them a 3-2 victory over Colorado City Teen-Age squad Monday night in Silver.

The Silver rally gave the pitching victory to Alan Snead, star of the Snyder High School baseball squad the past season and a standout on the Snyder High football team.

Snead chalked up 14 strikeouts from the mound.

But the performance of Colorado City's pitcher—Melvin Biggers—was even better than Snead's in the line of hits. Biggers allowed the Silver squad only two during the six inning game.

Colorado City scored in the second frame when M. Biggers walked and scored on Earnest Biggers. See SILVER Pg. 2

INDIANS NIP PIRATES

Yanks Tighten Lead With 7-4 Victory

Yankees tightened their hold on the Little League lead Tuesday night, whacking the Giants 7-4.

With only three more scheduled games in regular season play, the Yankees are assured of at least a tie for the league championship.

Indians won their fourth game of the season Tuesday, knocking off the Pirates 10-9 in the other game.

Yankees used five runs in the first inning to bolt ahead. Barney Barnett went to first on an error. Pablo Bonilla, Jesse Franco and William Smith were issued bases-on-balls. And then Felix Salmoron, Joe Anderson and Simon Madronna came through with run-producing hits.

Giants, who are tied for second place with the Pirates, used a walk and three hits to score three runs in the third frame. Roger Richards, Bobby Stewart and Sammie Vaughn connected for the hits.

Kenneth Cannon scored the fourth Giant run in the fifth after walking. He scored on Vaughn's double.

With the Giants breathing down their neck, the Yanks added two more runs in the sixth. Barnett singled and scored on L. Franco's hit. Franco followed Barnett across the plate several minutes later.

Smith was the winning pitcher with relief from J. Franco in the fourth.

Larry Hamner started on the Giant mound and was relieved by Vaughn in the fourth.

Indians stopped a Pirate rally in the bottom of the sixth inning to take a narrow 10-9 victory.

Pirates—behind 10-8 going into the bottom half of the sixth—scored Charles Houston with a triple by Martin Christian. But Christian, who represented the tying run, was tagged out on third base to end the game.

Pirates were the first to draw blood in the initial frame with two runs. Christian doubled and scored on Curtis Scott's single. Scott also crossed the plate.

But the Indians went on the warpath in the second, pushing five runs across the plate. With

Kenneth Beasley and Sylvester Williams on base, Harold Hendley socked a hard triple to score the runners.

Hendley, Bill McGuire and Jessie Burton followed the other two runners across home plate.

Hendley continued his heavy hitting in the third, whacking his second consecutive triple to score Beasley. Hendley scored on McGuire's single with McGuire using singles by Burton and John Thompson to circle the base paths.

Behind 8-2, the Pirates scored lone runs in the third and fourth innings to make the score 8-4. Indians added a run by Hendley in the fifth to increase their lead to 9-4.

But the Pirates rallied for four runs in the fifth with five hits and a walk to pull within one run of the Redmen, 9-8.

Dale Walker started the rally with a double. Houston, Archie Biggers, Danny Garcia and Pete Garrett all chipped in with hits.

A run by Beasley in the top of the sixth for the Indians gave the victors a two-run margin, 10-8.

Pirates rallied for one run in the sixth, but couldn't push across the tying tally.

Hendley was the batting hero for the Indians, socking two triples and two singles for four RBI's. Thompson was the winning pitcher.

Athletics Lose Season's First Game, 5-1, to Old Rival Cards

Athletics finally lost one. And it was their old arch rivals—the Cardinals—that did the trick.

Cardinals whopped the Athletics 5-1 Monday night as Dwain (Shorty) Thomason hurled a masterful four-hitter while striking out 11 batters.

Athletic hurler Billy Key gave up only five hits while striking out 15 Cards but four of the five Card hits all came in the same inning.

Athletics—winners of 12 consecutive games this season—were within one tilt of tying the league record of 13 wins.

But time ran out for Coach Toby Dearen's crew. It was the second inning when Luke Treadwell's Cards did the damage.

Thomason led off the inning

with a single. Jimmy House walked and Billy Bobo grounded out shortstop to first with Thomason scoring.

Buddy Compton whammed a single, scoring House. Larry Moser, the next batter, reached first on a catcher's error. Jerry Cannon singled to score Compton and Moser. Hunter Mann followed with a double to score Cannon for the fifth run.

That was practically all the action for the Cardinals, with the Redbirds getting only one hit the remaining five innings.

Athletics hooked up for their lone run in the third frame when Key walked and scored on Red Lindsey's single.

Athletics threatened during the remaining innings, putting men on third base in the fourth, fifth, sixth and seventh innings.

But they couldn't find the scoring punch Monday.

White Sox pushed the Braves further down in the cellar in the other game Monday, taking a 6-5 decision.

All six Sox runs came in the opening inning with the first six batters scoring.

William Houston led off with a single, Sherman raced to first on an error and Red Lemons socked a home run.

Don Vest and Danny Fisher both singled and scored on pass balls. Joe Vest scored the final run after walking and racing home on a pass ball.

Douglas Hodges marked up the first Brave run in the opening inning. He walked, advanced on an error and used a pass ball to tally.

Romaldo Lujan scored the second run in the second inning. Two more Brave runs came in the sixth when Robert Boney and Hodges scored.

A double by Boney in the seventh scored Simmons, who had walked, but the Braves couldn't push across that tying run.

RICHARDSON IS QUESTION MARK

Pony All-Stars Face Strong Snyder Squad There Friday

Colorado City's Pony All-Stars will be underdogs Friday when they tangle with the Snyder Pony All-Stars in Snyder.

Snyder has long been a stronghold of Pony League players and this year's team appears to be the same. The game will be a practice affair, but it will give the teams a chance to see the opposition before they meet in the sub-district playoffs.

C-City will field a strong team when it takes the field at the beautiful Pony League Park in Snyder at 7:30 p.m.

Manager Toby Dearen will have the cream of Pony stars featuring seven players from the Athletics, four from the Cardinals and two each from the Braves and White Sox.

A question mark in Dearen's lineup is Dickie Richardson, Cardinal hurler.

Richardson injured his hand last week and has been out of the lineup for the past several games.

If he is ready to go, he will probably start on the C-City mound.

But if his hand is not sufficiently healed, Athletic Billy Key, the league's top hurler, will toe the rubber.

Dearen listed the following players as the possible starting lineup:

Lucky Merket (Braves) catching; Robert Bracy (Athletics) first base; Steve Smith (Athletics) second base; Hunter Mann (Cards) third base; Dwain Thomason (Cards) shortstop; Danny Fisher (White Sox) right field; Red Lindsey (Athletics) center field; Richardson, if he doesn't pitch, in left field.

Other all-star players comprising the 15-man squad are Jerry McKay (Cards), Danny Maples (Athletics), Ronnie Bassinger (Athletics), Dwayne Spivey (Athletics), Red Lemons (White Sox) and William Sanders (Braves).

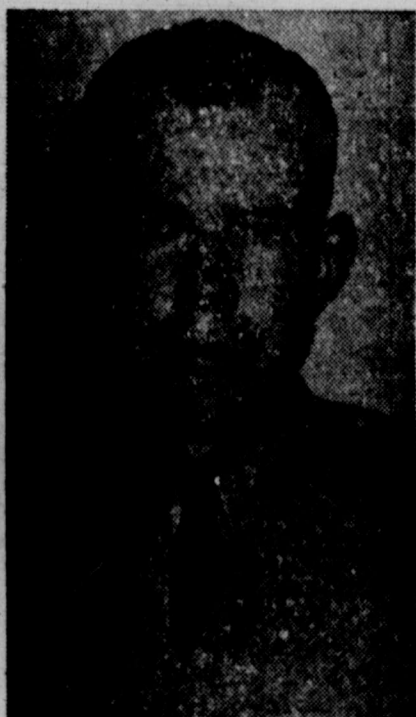

The all-star team was selected at a meeting of the Pony League managers.

The Colorado City and Snyder All-Stars will begin playing for keeps in the sub-district playoffs the week of July 23.

They will play a three-game series with the winner advancing to the district finals in Abilene the week of July 30.

The Friday game will give some indication of Colorado City's strength in the playoffs.

Silver Teen Squad Edges C-City, 3-2

A three-run rally by Silver Teen-Baseball team gave them a 3-2 victory over Colorado City Teen-Age squad Monday night in Silver.

The Silver rally gave the pitching victory to Alan Sneed, star of the Snyder High School baseball squad the past season and a standout on the Snyder High football team.

Sneed chalked up 14 strikeouts from the mound.

But the performance of Colorado City's pitcher—Melvin Biggers—was even better than Sneed's in the line of hits. Biggers allowed the Silver squad only two during the six inning game.

Colorado City scored in the second frame when M. Biggers walked and scored on Earnest Biggers.

Yanks Tighten Lead With 7-4 Victory

Yankees tightened their hold on the Little League lead Tuesday night, whacking the Giants 7-4.

With only three more scheduled games in regular season play, the Yankees are assured of at least a tie for the league championship.

Indians won their fourth game of the season Tuesday, knocking off the Pirates 10-9 in the other game.

Yankees used five runs in the first inning to bolt ahead. Barney Barnett went to first on an error, Pablo Bonilla, Jesse Franco and William Smith were issued bases-on-balls. And then Felix Salmoron, Joe Anderson and Simon Madronna came through with run-producing hits.

Giants, who are tied for second place with the Pirates, used a walk and three hits to score three runs in the third frame. Roger Richards, Bobby Stewart and Sammie Vaughn connected for the hits.

Kenneth Cannon scored the fourth Giant run in the fifth after walking. He scored on Vaughn's double.

With the Giants breathing down their neck, the Yanks added two more runs in the sixth. Barnett singled and scored on L. Franco's hit. Franco followed Barnett across the plate several minutes later.

Smith was the winning pitcher with relief from J. Franco in the fourth.

Larry Hamner started on the Giant mound and was relieved by Vaughn in the fourth.

Indians stopped a Pirate rally in the bottom of the sixth inning to take a narrow 10-9 victory.

Pirates—behind 10-8 going into the bottom half of the sixth—scored Charles Houston with a triple by Martin Christian. But Christian, who represented the tying run, was tagged out on third base to end the game.

A run by Beasley in the top of the sixth for the Indians gave the victors a two-run margin, 10-8.

Pirates rallied for one run in the sixth, but couldn't push across the tying tally.

Hendley was the batting hero for the Indians, socking two triples and two singles for four RBI's. Thompson was the winning pitcher.

RICHARDSON IS QUESTION MARK

Pony All-Stars Face Strong Snyder Squad There Friday

Colorado City's Pony All-Stars will be underdogs Friday when they tangle with the Snyder Pony All-Stars in Snyder.

Snyder has long been a stronghold of Pony League players and this year's team appears to be the same. The game will be a practice affair, but it will give the teams a chance to see the opposition before they meet in the sub-district playoffs.

C-County will field a strong team when it takes the field at the beautiful Pony League Park in Snyder at 7:30 p.m.

Manager Toby Dearen will have the cream of Pony stars featuring seven players from the Athletics, four from the Cardinals and two each from the Braves and White Sox.

A question mark in Dearen's lineup is Dickie Richardson, Cardinal hurler.

Richardson injured his hand last week and has been out of the lineup for the past several games.

If he is ready to go, he will probably start on the C-County mound.

But if his hand is not sufficiently healed, Athletic Billy Key, the league's top hurler, will toe the rubber.

Dearen listed the following players as the possible starting lineup:

Lucky Merket (Braves) catching; Robert Bracy (Athletics) first base; Steve Smith (Athletics) second base; Hunter Mann (Cards) third base; Dwain Thomason (Cards) shortstop; Danny Fisher (White Sox) right field; Red Lindsey (Athletics) center field; Richardson, if he doesn't pitch, in left field.

Other all-star players comprising the 15-man squad are Jerry McKay (Cards), Danny Maples (Athletics), Ronnie Bassinger (Athletics), Dwayne Spivey (Athletics), Red Lemons (White Sox) and William Sanders (Braves).

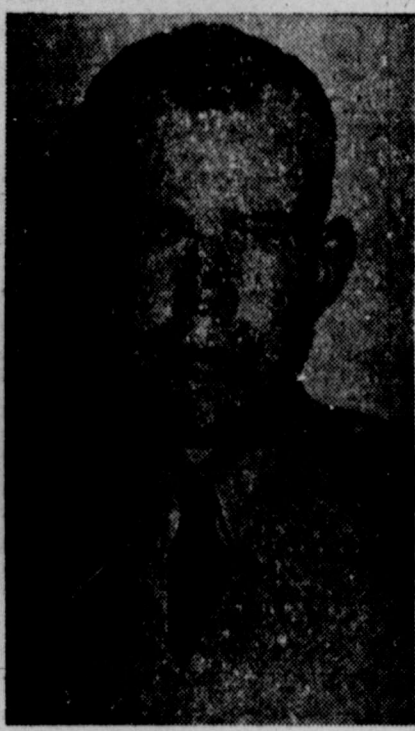

The all-star team was selected at a meeting of the Pony League managers.

The Colorado City and Snyder All-Stars will begin playing for keeps in the sub-district playoffs the week of July 23.

They will play a three-game series with the winner advancing to the district finals in Abilene the week of July 30.

The Friday game will give some indication of Colorado City's strength in the playoffs.

INFANTRYMAN — Second Lt. Bobby L. Etheredge, son of Mrs. Laura A. Shipman of Hermleigh, recently arrived at Fort Riley, Kan., for assignment with First Infantry Division. Silver Teen Squad Edges C-City, 3-2

A three-run rally by Silver Teen-Age baseball team gave them a 3-2 victory over Colorado City Teen-Age squad Monday night in Silver.

The Silver rally gave the pitching victory to Alan Sneed, star of the Snyder High School baseball squad the past season and a standout on the Snyder High football team.

Sneed chalked up 14 strikeouts from the mound. But the performance of Colorado City's pitcher—Melvin Biggers—was even better than Sneed's in the line of hits. Biggers allowed the Silver squad only two during the six inning game.

Colorado City scored in the second frame when M. Biggers walked and scored on Earnest Biggers. See SILVER Pg. 2

Yanks Tighten Lead With 7-4 Victory

Yankees tightened their hold on the Little League lead Tuesday night, whacking the Giants 7-4.

With only three more scheduled games in regular season play, the Yankees are assured of at least a tie for the league championship.

Indians won their fourth game of the season Tuesday, knocking off the Pirates 10-9 in the other game.

Yankees used five runs in the first inning to bolt ahead. Barney Barnett went to first on an error. Pablo Bonilla, Jesse Franco and William Smith were issued bases-on-balls. And then Felix Salmeron, Joe Anderson and Simon Madronna came through with run-producing hits.

Giants, who are tied for second place with the Pirates, used a walk and three hits to score three runs in the third frame. Roger Richards, Bobby Stewart and Sammie Vaughn connected for the hits.

Kenneth Cannon scored the fourth Giant run in the fifth after walking. He scored on Vaughn's double.

With the Giants breathing down their neck, the Yanks added two more runs in the sixth. Barnett singled and scored on L. Franco's hit. Franco followed Barnett across the plate several minutes later.

Smith was the winning pitcher with relief from J. Franco in the fourth.

Larry Hamner started on the Giant mound and was relieved by Vaughn in the fourth.

Indians stopped a Pirate rally in the bottom of the sixth inning to take a narrow 10-9 victory.

Pirates—behind 10-8 going into the bottom half of the sixth—scored Charles Houston with a triple by Martin Christian. But Christian, who represented the tying run, was tagged out on third base to end the game.

Pirates were the first to draw blood in the initial frame with two runs. Christian doubled and scored on Curtis Scott's single.

Scott also crossed the plate. But the Indians went on the warpath in the second, pushing five runs across the plate. With

Kenneth Beasley and Sylvester Williams on base, Harold Hendley socked a hard triple to score the runners.

Hendley, Bill McGuire and Jesse Burton followed the other two runners across home plate.

Hendley continued his heavy hitting in the third, whacking his second consecutive triple to score Beasley. Hendley scored on McGuire's single with McGuire using singles by Burton and John Thompson to circle the base paths.

Behind 8-2, the Pirates scored lone runs in the third and fourth innings to make the score 8-4.

Indians added a run by Hendley in the fifth to increase their lead to 9-4.

But the Pirates rallied for four runs in the fifth with five hits and a walk to pull within one run of the Redmen, 9-8.

Dale Walker started the rally with a double. Houston, Archie Biggers, Danny Garcia and Peter Garrett all chipped in with hits.

A run by Beasley in the top of the sixth for the Indians gave the victors a two-run margin, 10-8.

Pirates rallied for one run in the sixth, but couldn't push across the tying tally.

Hendley was the batting hero for the Indians, socking two triples and two singles for four RBI's. Thompson was the winning pitcher.

AFTER 12 STRAIGHT WINS

Athletics Lose Season's First Game, 5-1, to Old Rival Cards

Athletics finally lost one. And it was their old arch rivals—the Cardinals—that did the trick.

Cardinals whopped the Athletics 5-1 Monday night as Dwain (Shorty) Thomason hurled a masterful four-hitter while striking out 11 batters.

Athletic hurler Billy Key gave up only five hits while striking out 15 Cards but four of the five Card hits all came in the same inning.

Athletics—winners of 12 consecutive games this season—were within one tilt of tying the league record of 13 wins.

But time ran out for Coach Toby Dearen's crew.

It was the second inning when Luke Treadwell's Cards did the damage.

Thomason led off the inning

with a single. Jimmy House walked and Billy Bobo grounded out shortstop to first with Thomason scoring.

Buddy Compton whammed a single, scoring House. Larry Moser, the next batter, reached first on a catcher's error. Jerry Cannon singled to score Compton and Moser. Hunter Mann followed with a double to score Cannon for the fifth run.

That was practically all the action for the Cardinals, with the Redbirds getting only one hit the remaining five innings.

Athletics hooked up for their lone run in the third frame when Key walked and scored on Red Lindsey's single.

Athletics threatened during the remaining innings, putting men on third base in the fourth, fifth, sixth and seventh innings.

But they couldn't find the scoring punch Monday.

White Sox pushed the Braves further down in the cellar in the other game Monday, taking a 6-5 decision.

All six Sox runs came in the opening inning with the first six batters scoring.

William Houston led off with a single. Sherman raced to first on an error and Red Lemons socked a home run.

Don Vest and Danny Fisher both singled and scored on pass balls. Joe Vest scored the final run after walking and racing home on a pass ball.

Douglas Hodges marked up the first Brave run in the opening inning. He walked, advanced on an error and used a pass ball to tally.

Romaldo Lujan scored the second run in the second inning.

Two more Brave runs came in the sixth when Robert Boney and Hodges scored.

A double by Boney in the seventh scored Simmons, who had walked, but the Braves couldn't push across that tying run.

BIBLE COMMENT

'One of Another' Is Church Ideal

The disciples, a comparatively small fellowship living in a hostile world, possessed all things in common.

It was a matter altogether of voluntary action. There was no power forcing those who had possessions to sell them and put them into the common resources.

Their common faith and their common sufferings had drawn them together, and made possible such an experience.

Their society was vastly different from ours, for they had no greed, no selfishness, no self-seeking. All were "members one of another," and each had his part in giving and receiving.

Such an ideal condition did not last long in the early church, true, for there began murmurings concerning the unjust distribution of common funds and the preference that was given for some over others.

It being the purpose of the early Christian church to do right, the apostles sought immediately to adjust this matter, but they themselves felt that their ministry was the ministry of the word of God.

Therefore, they proposed to the disciples that responsible men be picked who could attend effectually and wisely to the economic adjustments within the church.

We are disposed to regard this as the original institution of deacons, and these who were chosen were ordained for their particular tasks by the laying on of the apostles' hands.

This spirit—organizing the common resources of a group for the welfare of all—ought to be always prevalent in the church, and should represent the goal of our society and our nation.

LONE STAR FARMER

State to Ask for Plain Advertising

By JOHN C. WHITE,
Agriculture Commissioner.

One huge gasoline price sign plus one small fraction of a cent sign equals one angry automobile driver.

Every auto owner has seen them. A gas war flares in an area and filling stations erect tremendous signs with letters four feet high advertising their cut-rate prices. Then in the upper right hand corner of the sign, barely visible to the naked eye, is that awful fraction "9/10ths".

This type of advertising—while not actually misquoting prices—violates the intent of the Texas Weights & Measures Law.

Weights and measures standards, administered by the Texas Department of Agriculture, are aimed at guaranteeing buyers certain types of advertising. This clause is much abused in Texas.

The weight of the contents of any packaged commodity such as pre-packed meat, tinned goods, bread loaf and similar foodstuffs must be clearly marked. The law also books no trifling with attempts to mislead the customer on prices of these commodities.

Yet, on gasoline sales, many attempts are made to hide those "fractions" until the buyer has already been lured into the driveway.

Most of the filling station operators are unaware they are violating a state law with near-illegal

signs. Their competitors do it—and so do they.

As a result of a continuous campaign by the Texas Department of Agriculture, most chain stations and many individual owners have corrected their signs. But many of these signs still exist.

A clarification of advertising laws and more publicity for them will be requested next January when the Texas Legislature convenes. This is one of the points of a program being prepared by the Department of Agriculture. Three main objectives include:

1. A new poultry and egg inspection law to prevent Texas from becoming a dumping ground of inferior or diseased products from other states.
2. Heavier penalties for repeated violations of existing laws.
3. Strengthening of license requirement of agricultural firms operating under present laws in order to protect legitimate operators and consumers.

SILVER—
Continued from Pg. 1—Sec. 2 gers' single.

E. Biggers singled in the fourth inning and scored C-City's second run with the aid of Jimmy Richardson's single.

Silver's winning runs came like this:

Rabbit McFerrin walked and scored on Johnny Stewart's double. Speed was hit by a pitched ball, and both he and Stewart scored on MacArthur's single.

The two squads didn't follow Teen-Age League rules in regard to ages, using several players over 18 years of age.

Colorado City will play Coahoma Teen-Age team Sunday, 3 p.m. in Coahoma and Silver again Tuesday night at Silver.

Members of the local team playing Monday night were M. Biggers pitching, Jimmy Cawthron catching, Bobby Caffey and Jerry Treadwell at first, Johnny Houston at second, Jimmy Mackey at third, Jimmy Norheutt at shortstop, E. Biggers and J. W. McDaniel in right field, Ben Cloud and Don Maynard in center, Jimmy Richardson and Jimmy Johnson in left field.

SENATOR REPORTS \$112,849 TOTAL

Daniel Campaign Donations Double Those Of Next Three Top Governor Candidates

By VERN SANFORD,
Texas Press Association.

Income and expense reports of candidates show Daniel, Aiken and Wilson leading in both receipts and expenditures, in their respective fields.

U. S. Sen. Price Daniel was far out in front in financial support. He listed contributions totaling \$112,849.

Other gubernatorial contenders' kettles stacked up thusly: Reuben Senterfitt, \$31,772; Ralph Yarborough, \$23,865; W. Lee O'Daniel, \$1,770.

Sen. A. M. Aiken Jr. led in the Lt. Governor's race with \$19,657 in contributions, as compared with \$8,125 for Lt. Gov. Bea Ramsey and \$6,300 for John Lee Smith.

Will Wilson was far ahead of the pack in the attorney general's race, reporting financial support totaling \$21,021.

On the expenditure side of the ledger the leaders held the same positions. In the Governor's race, Daniel spent \$82,474; Senterfitt \$32,081; Yarborough \$25,826; and O'Daniel \$20,589.

Among the candidates for Lt. Governor, Aiken reported expenses of \$12,244.82; Ramsey \$7,003; and Smith \$8,583.05.

Wilson again outdistanced his competitors in the campaign for attorney general with a total expenditure of \$10,962.

Shots Cut Polio
State Health Department officials believe Salk shots enabled Texans to avert a bad polio year.

Pre-season incidence of polio, they point out, was unusually high this year—224 cases as compared to 167 in 1955. But as the season progressed, immunization was stepped up. Since April 28 there have been only 269 cases compared to 375 in the same period last year.

"This would have been a major polio year," said one official. "Salk vaccine apparently is the answer to why it isn't."

Farm Income Dives
Texas farm income thus far in

1956 has slid 13 per cent from last year.

Inadequate moisture was the major cause.

Prices were off only three per cent. Therefore, most of the drop came from smaller marketings.

State officials took note of the farmers' woes. Gov. Allan Shivers announced the U. S. Dept. of Agriculture has approved extension of the emergency drought feed program for 64 counties.

A request for direct payments to enable drought-hit farmers to purchase hay on the open market was turned over to the state defense and disaster relief office. It came from the Texas Farm Bureau president who said the present federal program is inadequate.

John White, state agriculture commissioner, said the state's rural economy, in many areas, is in the final stages of collapse. Ghost towns are in the making in the heart of some of our richest agricultural lands, he said.

Last week's widely scattered rain brought only temporary relief to some Southwest Texas areas, reported the Agricultural Extension Service. In most sections, said the service, drought is spreading. Result: feed crops are being lost and livestock sold off in large numbers.

Dam Complaints
Continued complaints of creek damming were reported by the State Water Board last week as evidence of Texas' mounting water troubles.

One of the most critical areas now is at Llano, said the board. Irrigators were asked to limit their withdrawals from the nearly dry Llano River.

Communities along the river have priority, said the board. Some, such as Junction and Llano, have said they have only a 30 to 60-day supply.

Other areas from which complaints of damming were sent to the board included Wolf Creek and Groesbeck Creek on the Red River, Blanco River in Blanco County, Caney Creek near Bay City, and Elm Creek in Milam County.

Meanwhile, the water board had another problem. After a 12-day recess, hearings were to resume Tuesday in the Canyon Dam controversy. San Antonio's request for water from the proposed dam is vigorously opposed by nearby rural communities.

Difficult Diplomats
If the State Board of Education adopts its study-committee's proposals, future diplomas will come a little harder for Texas high school students.

Suggestions included (1) two years, instead of one, of laboratory science, (2) a half unit more of government or history, (3) making physical education and health non-credit courses and (4) limiting athletic practice during school hours.

Shepherd Holds Out
Texas citizens still have the right to file criminal complaints against anyone violating bus segregation laws.

Atty. Gen. John Ben Shepherd has reiterated his official opinion that a recent U. S. Supreme Court decision did not invalidate Texas law in this area.

"Any citizen may file a complaint against any bus driver or other person failing to comply with these laws," said Shepherd. His statement came in response to a query from Rep. Joe Pool of

Dallas. There, as in several other Texas cities, enforcement efforts have been virtually abandoned since the high court ruling.

Short Shorts
A warning to future holiday motorists came from the Department of Public Safety after Texas led the nation in July 4 fatalities.

Col. Homer Garrison said heavy traffic and fast driving caused Texas highway deaths to soar to 15, more than double the predicted 6. Marketing of the 1956 Texas cotton crop could be delayed by a strike-caused shortage of steel bands used in baling, Texas stocks are critically low, according to the State Agriculture Department. Texas' August draft call is for 639 men, compared to 641 in July, says State Selective Service headquarters. Also in August draft boards will be called off for about 1,134 men to take physical and mental examinations for future draft quotas. State Capitol Columnist Raymond Brooks has received some much-deserved recognition. The political writer for the Austin American won the State Bar's \$250 award given annually to the journalist contributing the most to the administration of justice. Presentation was made by Homa Hill, Ft. Worth attorney and one-time newspaperboy at Sour Lake.

Mrs. Parker Returns
Mrs. B. A. Parker returned to her home Sunday from Arizona, where she has visited the last four months with her son-in-law and daughter, Mr. and Mrs. W. K. Munns, and with a son, B. A. Parker Jr.

Mahon Father Ill
John Mahon of Lorraine, accompanied by his brother—Dutwood Mahon of Lubbock, went to Weatherford Tuesday to visit their father, J. K. Mahon, who is ill.

Now-GMC gives you
a bonus of up to 3 gallons
in every tankful!

Talk about low-cost GMC ownership! With its new high-ratio cruising axle, a Blue Chip GMC pickup now gives you up to 17.8% better gas mileage. That's 3 gallons* worth of bonus miles in every filling!

And you get far better road speeds, too, from an easy-stroking, unstrained engine. In short, from a mere \$10.50 axle option, GMC now gives you the advantages of a \$125 overdrive.

Add this new gas-stretching ability to the super-efficiency of a GMC 180-hp V8

engine—to the moneysaving advantages of Hydra-Matic Drive*—and an important fact is clear:

The operation and maintenance savings of Blue Chip features can bring the over-all cost of a half-ton GMC down to the level of—or below—the cheapest stripped-model truck on the market.

Of course, you'd always have preferred a Blue Chip GMC to any other truck. But now—with cost so strongly in its favor—there's no need to step down. Come in and tell us what colors you want on your GMC.

BLANKET POLICY—Bet you didn't think a seamstress had anything to do with guided missiles. Mrs. Violet Brandenau sews electric blankets on "Honest John" missiles. Navy decktype torpedoes, aerial cameras and the like. The blankets are required for the protection of delicate control instruments and the maintaining of desired temperatures for propellant fuels. After measuring the item in question, Mrs. Brandenau, shown above, working on an unidentified ordnance unit, cuts cloth patterns, which later serves as guides for all blanket parts. She's been doing this sort of work for three years at General Electric's Specialty Hating Operation in Cossack, N. Y.

"The place go for the brands you know"

(And at the Best Buy Yet!)

WHAT'S IN IT for you—if you step out and buy yourself a 1956 Buick right now? Well, first of all—the time is right.

Right now, your present car is at its peak worth. And, with the whole summer and almost half of '56 still ahead of you, you'll get more enjoyment out of a spirited new Buick this year—if you buy now.

Second, there's the matter of how much more automobile your money buys in the best Buick yet.

We tell you flatly that nowhere but in a '56 Buick can you get so much bounty for so little booty.

For example, take the beautiful big '56 Buick SPECIAL pictured here.

It's one big reason why Buick now ranks in the

top three of America's best-selling cars. Yet, you'll find it priced right close to the well-known smaller cars.

That sure makes Buick a whale of a lot of car for the money. And look:

Nowhere but in a '56 Buick can you get the absolute smoothness and the electrifying performance of Buick's terrific new Variable Pitch Dynaflo.*

Nowhere else can you get the obedient responsiveness of Buick's big and mighty new 322-cubic-inch V8 engine. Or Buick's matchless new handling ease and ever-level ride buoyancy—or Buick's bold new sweep-ahead styling, and solidity of structure, and stretch-out roominess.

Add it all up and the answer comes out the same, any way you figure it: Now's the time to buy your 1956 Buick.

Will you come in—before another sun sets—and get set with your best buy yet?

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Wildcat.

AQUATIC SLINGSHOT—The Navy has a new method slingshot device, which drags soggy frogmen from the water into fast-moving boats. The secret of the swimmer pick-up assembly is a spring-loaded bungee cord, attached to a boat boom suspended over a rubber boat. As the boat races by, the swimmer grabs onto a snare at the other end of the tensioned cord. The acceleration, stretching the cord, pulls the swimmer into the boat, above. Frogmen can be pulled in at the rate of 25 per minute—2.4 seconds per man. Designed by All America Engineering Co., in cooperation with the Office of Naval Research, the assembly is said to be safer and faster than other methods of retrieving men from the water.

ON THE RIGHT TRACK—One way to beat the traffic problem is to take to the rails—very few autos use them. The seemingly mixed-up motorists, above, are driving a new rail-highway inspection car, designed by North Western Railway System. Equipped with small flanged wheels, the car travels over highways or railway tracks with equal ease, giving the road's officers a new flexibility of movement while making inspections. The flanged wheels guide the rubber tires along the top of the rails, and are manually raised when the car takes to the paved roads.
