Seniors Report Big Time On Trip

"Big time being had by all" seems to be the predominant message coming back from members of the 1949 graduating class now on an eight-day Senior trip which will take them to Austin, Houston, New Orleans and Galveston.

The group left Ozona Monday morning by chartered bus in company with Supt. and Mrs. Jack McIntosh and Mr. and Mrs. Martin Hearne. The trip will include tours of points of interest in New Orleans, dinner at Antoine's compliments of Mr. and Mrs. Charles E. Davidson, Jr., and Mr. and Mrs. Joe T. Davidson, a cruise on the Mississippi, a night in the fabulous Shamrock Hotel in Houston, and three days in Galveston. The group will start the trip home Tuesday.

Newcomers Club Is Formed Here Under Forum Sponsorship

The Woman's Forum recently entertained new comers to Ozona with a tea and musical program in the social hall of the Methodist Church.

Mrs. Hugh Childress, Jr., president of the Forum, welcomed guests at the door and was assisted by Mrs. Joe Sellers Pierce, hostess for the afternoon. Mrs. Charles Williams, Jr. and Mrs. Joe Clayton, civic committee of the club, registered guests.

Miss Wanda Carden presented a piano solo to open the program. Mrs. H. A. Gustavus, accompanied by Mrs. Nip Blackstone, gave a musical reading. Eight dance students, Cecelia Ann Cooke, Ellen Jayne Maris, Carol Blackstone, Baynell Grewell, Carolyn Rae Stuart, Margaret Ray Scott, Barbara Jo Guthrie, and Janis Sue Spencer, presented a Chinese ballet. They were accompanied by Mrs. Blackstone. Misses Darrene and Jeanine Thompson presented two songs in vocal duet accompanied by Miss Madge McCormick, after which Mrs. W. A. Bergfeld gave two marimba solos accompanied at the piano by Miss McCormick. The program was concluded with a piano solo by Miss McCormick.

For the tea hour the table was laid in white organdy mats and centered with magnolia blossoms. Spring flowers were used throughout the hall. Fifty-five guests were served.

The Forum, with the approval of the Community Council, is endeavoring to reach new women of the town through the formation of a Newcomer's Club. This club is conducted on a large scale in cities throughout the United States and is in an experimental stage in a town the size of Ozona. The Forum hopes to expand this into a community wide program of hospitality toward newcomers. Mrs. H. L. Voelker, a former president of the Newcomer's Club in Lubbock, spoke briefly on the organization of such a club in Ozona and plans are being made for a meeting of organization soon. The club will be purely social and a person may hold membership in it for only one year. After that period those who wish may join other clubs in town or become a member of the Ex-Newcomer's Club. The sustaining membership of the club will be composed from the three top officers in each of the Federated Women's Clubs in Ozona, the Ozona Woman's Club, the Woman's Forum and the Literary Club.

The Forum is handicapped in reaching new people since there is no central organization in town and therefore some names were inadvertely omitted from the original list. Those who are interested in belonging to such a club and did not receive an invitation to the tea, please leave your name at the Stockman office.

Mr. and Mrs. Lee Wilson are back in Ozona for a few days stay after a visit in Louisville with Lt. Col. and Mrs. Woodrow W. Wilson and children. Col. Wilson, son of Mr. Wilson, has been stationed at Louisville since his return from a tour of duty with the American occupation army in Japan.

Rebels To Meet Shelton's Forsan Crew In Angelo

Guinn Field Scene Of "Blondy Benefit" Game Friday Night

Ozona baseball fans will close their eyes to the "benefit" angle and go, nevertheless, in great numbers, it is expected, to see what promises to be a good baseball game, and colorful, too, at Guinn Field, home of the San Angelo Colts, Friday night of this week.

The occasion will be a matched game between the Ozona Rebels of the Trans-Pecos league, and Lefty Shelton's Forsan Oilers, unbeaten in the Tri-County league. Shelton, who has been turning in an average of fifteen strike-out's a game in the Tri-County loop, will pitch against the Rebels in the Friday night game—at least he'll start.

Manager Stuart of the Rebs has been promised a "full crew" for this more or less grudge game. Bob McChessney, Hardin-Simmons University left hander who pitched the Rebels to successive wins over the Kermit Veterans and the Goodfellow Field Skyhawks here the past two weeks, will be on the mound for the locals. With him will be his HSU teammates, Eddie Carmel for the third base slot and J. B. Gibbs for the outfield—and relief pitcher.

Of the veterans of the Rebel line-up, Stuart has promises to be on hand from D. L. Scott, Gulf Research crew chief who has moved to Pecos, for the first base post; Buddy Homer, also working with the Gulf crew out of Pecos, for second base; Conley Cox at short; Tom Ed Montgomery in center and probably Red Harrison in left. And, of course, Stuart himself behind the plate with Arthur Kyle in reserve, and Frank James reserve chunker, Bill Hannah, Bill Clegg, Jack Foster, etc.

Champion Wool Judging Team To A&M June 13th

Boys Practice Judging In Preparation For State Contest

Members of the Crockett County 4-H Club District 6 champion Wool and Mohair Judging Team are making preparations to compete in the state judging contest at A&M College beginning Monday, June 13, according to Bill Bergfeld, county agent in charge of the group.

Reservations have been made and the Ozona group will be housed in dormitories on the A&M College campus. The boys and Mr. Bergfeld will leave Ozona Sunday morning, June 12, and will remain at the college through Wednesday, June 15. James A. Gray, Animal Husbandryman from the Extension Service, will be in charge of the wool and mohair state judging contest at the college.

The Ozona team attended the District 5 contest in Kerrville last week and got in a little practice judging there. They will do more practice at the Ashby McMullan ranch near Big Lake before going to the state contest at A&M and to the Twelfth Annual Wool and Mohair Show at Sonora to be staged June 29th and 30th.

Club boys on Ozona judging team include Bill Schneemann, Graham Childress, Jimmie McMullan, Ronnie McMullan and Carroll Stratton.

TO ESTABLISH STOCK MEDICINE FIRM HERE

Thos. J. Newton, a son of Will Newton, former Crockett county resident, and long associated with the Ira Green Stock Medicine Co. of San Angelo, has moved to Ozona to engage in contract sheep drenching and to establish a retail livestock medicine store.

Two Wells In World Pool Recompleted

Two producers have been recompleted on the pump in the World field in Crockett County.

Stanolind No. 1 L. P. Powell made 24.78 barrels of 29 gravity oil plus 91.2 per cent water in 24 hours, bottomed at 2,650 feet. The well has a current daily allowable of 13 barrels of oil. It is 2,310 from the south, 1,650 feet from the west line of the lease in section 52-BB-GC&SFRR.

M&M Production Co. No. 3-C Powell pumped 50 barrels of 30 gravity oil plus 40 per cent water in 24 hours, with total depth 2,642 feet. Open-hole pay topped at 2,615 feet was treated with 800 gallons of acid. The well, 467 feet from the south and west line of the lease in section 62-BB-EL&RR, has a current daily allowable of 19 barrels of oil.

Ozona Noses Out Goodfellow In Year's Thriller

Rebels Inflict First Defeat For Hawks In 3-2 Game Sunday

Behind the air-tight pitching of Bob McChessney for eight innings, the Ozona Rebels of Manager Byron Stuart built up a three-run over the to-then-unbeaten Goodfellow Field Skyhawks which the Hawks failed to overcome in a 9th inning threat occasioned by a bit of wildness on the part of McChessney, who issued four free passes and allowed one base hit in that frenzied final frame.

The game ended at a 3-2 count in favor of the Rebels as Ozona fans caught breath again when Jack Foster got under Ekas' pop fly in short right field to retire the side after two runs had crossed, the tying run on second and the winning run on first.

McChessney struck out 15 Goodfellow batters to hold the fast soldier team under control for eight innings. He allowed a total of four hits in the afternoon, only one of which, that in the ninth after he had walked the first four batters, doing any damage.

Carr, Goodfellow's diminutive chunker, was also doing all right, cutting down 11 Rebel batters via the strike-out route, eight of the number being registered in the last three positions in the Rebel batting order.

McChessney allowed two hits in the second inning, one a scratch, but extricated himself from the trouble by whiffing three batters in that frame. In the fourth he again experienced a little difficulty when, with two already out, he hit Feeteau, Hawk third-sacker, and then walked Fowler, but again the strike-out weapon retired the side.

But the eighth inning was the reason for McChessney's ninth inning weakness. To overcome an umpire's error and one by a teammate, the fireball left hander felt obliged again to cut down the batters at the plate to choke off a soldier scoring threat.

It happened this way. Carr, San Angelo pitcher, who twice before had struck out, connected with a single. Then Constantino rolled one to Foster at second and a sure double play fluked when Foster threw wide to Cox at second. Carr pulling up at third. McChessney struck out Hunter and Ekas, shortstop, laid down a bunt which the pitcher fielded easily, waited to make sure that Carr would not attempt to score on the play and then tossed to Beecher Montgomery at first. The throw was a bit high but Montgomery came down on the sack with the runner still a couple of steps away but the "ump" signaled "safe" and the bases were saturated, with one out. The next two batters went down the strike-out way, with McChessney leveling down for some of his best pitching.

Eddie Carmel, Hardin-Simmons ace infielder, and just about the ace of the Rebel line-up Sunday, got two hits, one a double and scored two of Ozona's three runs

Community Council Launches Drive For Swimming Pool And Youth Center To Be Built On Water Works Hill

Citizen Action Urged To Bring About Needed Facilities

First move toward providing one of Ozona's greatest needs, proper recreational facilities for its youth and a community recreation center that can be enjoyed by all ages, was made at the regular meeting of the Community Council at the courthouse Monday night.

A proposal that the Council consider means of providing a swimming pool, a community center and other recreational facilities on water works hill was presented to the Council by Boyd Clayton, newly elected member, at the Monday night meeting.

In ensuing discussion, sentiment among Council members and visitors was found strongly in favor of supplying such facilities if possible. A committee to gather information on the best plan and possible cost for presentation to the people of the community for their consideration was named by the Council president, W. E. Friend, Jr.

Named to the committee were Bill Cooper, Boyd Clayton and Mrs. S. M. Harvick.

Through community minded action of members of the board of directors of the Crockett County Water Control and Improvement District, swimming pool facilities were first made available to Ozona after creation of the district and completion of the present modern water supply system. The old half-million gallon circular tank which formerly served as the city's water storage tank, was filled and used as a swimming pool and enjoyed by numbers of Ozona youths and older people as well.

But the tank leaks, both through the rock and calich bottom and its rock walls, and this seepage caused some pollution of the city's water wells nearby. For this reason the pool was abandoned.

Creation of a modern pool of ample size and design that would be more satisfactory from a maintenance and use standpoint than the improvised circular pool, has been envisioned by engineers who have inspected the site. Building of a rectangular pool, within the circular tank, filling the area around the pool to the tank walls and surfacing the entire area with concrete and constructing a pavilion or covered area on the west side for spectators and swimmer's use a lounging area, has been one of the suggestions which has met with greatest favor.

Such a pool, if built, will be of modern design, with water purifying circulating system which would receive health department approval, and the usual facilities of a modern pool.

A solution to the community's oft-recurring problem of the need for a community center was also offered in the Council discussion of the recreational program. Building of a suitable structure in the vicinity of the proposed swimming pool which could be used by the entire community as a recreational center, for the youth, for clubs, for parties, for dancing and for community gatherings of all kinds, was suggested as a further step in development of the water works hill area as a community recreation center.

Jack McIntosh, superintendent of schools, the Council was informed, has pledged the services of members of the teaching staff of the local schools for supervision of any youth recreation program which may be develoed. Teachers here are employed on a 12-months basis and their services will be available in a supervisory capacity in directing youth programs.

Ozona's fire department needs and elimination of weeds from vacant lots, alleys and along the draws, were other subjects discussed at the Community Council meeting.

County Judge Houston Smith

Methodist Pastor, Delegate Attending Annual Conference

Rev. Horace M. King, pastor of the Ozona Methodist Church, and Mrs. King, and R. A. Harrell, delegate from the local congregation are in San Antonio this week attending the annual Southwest Texas Conference of the Methodist Church in session Wednesday through Sunday at the Travis Park Methodist Church. James Baggett, alternate delegate, will attend the latter part of the conference sessions.

Rev. and Mrs. King left Monday in order that he might attend a meeting of the Board of Missions scheduled for Tuesday and a meeting of the Interboard Council on Wednesday. The local pastor is secretary of these two bodies.

Appointments of pastors to the various churches in the Conference will be read after the final session Sunday night.

Sinclair 3-B-66 U Shuts Off Water; Is Rated 459 Bbls. Daily

Sinclair Prairie Oil Co. No. 3-B-66 University in the Midway Lane field in Crockett County has been recompleted for a 24-hour natural flow of 458.97 barrels of 45.2 gravity oil and gas-oil ratio of 980-1.

Flowing pressures were 1,200 pounds on the casing, 500 pounds on the tubing. Production was through 25-64-inch tubing choke and 180 perforations from 7,563 to 7,593 feet in 7-inch casing cemented at 7,553 feet.

The well had been shut in to plug off bottom hole water. It is 660 from the south, 3,300 feet from the east line of the lease in the north half of section 30-46-U.

Championship Midland Rodea Set June 1–5

MIDLAND—Again it is rodeo time in Midland, and again record-shattering crowds are expected at the 15th Annual World Championship Midland Rodeo, June 1, 2, 3, 4, and 5th. Night shows only will be presented this year.

A huge and colorful horsemen's parade at 4:00 p.m., June 1st, will open the 1949 version of West Texas' best and most favorably known rodeo.

The world-famous Hardin-Simmons University Cowboy Band of Abilene will lead the procession and will perform at all rodeo performances. The Midland High School Band is also scheduled to participate.

Officials of Midland Fair, Inc., pledge the most interesting and entertaining show ever held here. Top rate novelty and specialty acts have been booked, including trick riding and roping acts which have won acclaim at the nation's largest shows, and the famed Hendricks Family Specialty Act direct from Hollywood.

The novelty numbers will be interspersed with the rugged cowboy events, including bronc riding, bareback bronc riding, calf roping, wild cow milking, and bulldogging. A Cutting Horse Contest is an added feature.

The worlds best cowboys will be on hand to compete for the $7,500 in purses and prizes, including entry fees, offered in the various events. The stock, the wildest and toughest ever seen here, will be furnished by Gene Autry and Everett Colborn of the World's Championship Rodeo Corporation.

All in all, it will be the most exciting and best balanced rodeo ever held here.

It's the World's Championship Midland Rodeo. The dates are June 1-5, 1949.

Miss June Clement and Miss Virginia Powell of Houston are guests this week in the home of Mr. and Mrs. Joe Pierce. Miss Clements is Mrs. Pierce's niece.

Summer Diseases Menace To Lives Of Children, Says Cox

AUSTIN—The summer season always brings an increase in the incidence of dysentery, diarrhea and enteritis, all of which are major menaces to the lives of small children, annually causing the deaths of hundreds of Texas youngsters.

The State Health Officer, Dr. George W. Cox, declares that the chief causes of these intestinal diseases are contaminated milk, water or food; allowing the child to get overheated or exhausted, excessive sugar in the infant formula, and foods that have been improperly refrigerated.

"All foods should be clean and fresh, and all left-overs should be refrigerated so as to avoid spoilage. The utmost care should be used in preparing the infant formula which should, of course, be prescribed by a physician, and his recommendations as to sanitation precautions and correct refrigeration should be implicitly followed."

The State Health Officer warns of parents especially of the danger of disease transmission by flies. Children in any home that we not free from flies, are in danger of contracting dysentery or other intestinal diseases which may be fatal.

Urges Support Of Bill Opening Meetings Of State Boards To Public

AUSTIN—The citizens of Texas have the right to know what happens at meetings of state boards and bureaus which spend state money and establish state policy.

That is the contention of Representative Preston E. Smith of Lubbock, who pointed out today that the people now do not enjoy such a privilege.

Smith is author of a bill which would open the meetings to the press and public.

The bill passed the House of Representatives in March by a vote of 118 to 4. It has since awaited action in the Senate. Last week the Senate voted down a proposal to suspend the rules and take up the bill out of regular order.

"Time is getting away from us," Smith said, "and there are going to be a lot of bills which will die for want of action." He continued:

"I hope that this bill, which opens the doors of board meetings to the public, will not die.

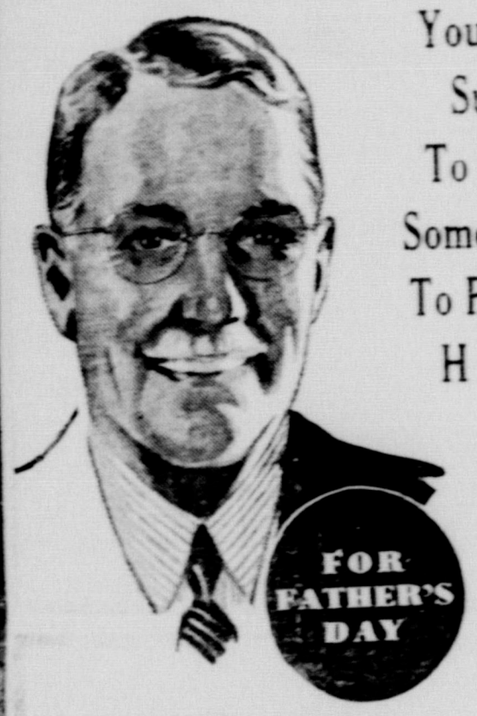

"The people of this state put up the money for its operation, and when any group of officials gets together to talk about spending that money, the people are entitled to know what they say."

Smith suggested that civic-minded Texans might wish to write their Senators of their interest in the measure, which is House Bill [illegible].

Former Ozonan Married In O'Donnell

Rusty Burke, Jr., formerly of Ozona, and Miss Johnnie Tidwell of O'Donnell, Texas, were married at the home of the groom's aunt, Mrs. Odie Burke, in Odessa Saturday night, May 14, at 8:00 o'clock.

After a brief honeymoon trip the young couple will live in O'Donnell where Mr. Burke is employed by the Eastland Oil Co.

MAY 31 IS THE DEADLINE

For Return Of Your

Rendition Blank

All property owners have been mailed rendition blanks for listing of property for tax purposes for 1949.

If you have not yet signed and returned that blank, do so at once.

The deadline is May 31 and unless your rendition is in by that date, you will be summoned before the Board of Equalization or that body will arbitrarily list your property and valuations for the county rolls.

We urge you to attend to this matter at once. If you are not sure that your rendition has been signed and returned, call at this office to make sure.

TON—A cancer informa- ter in each of the 254 of Texas is the ultimate he Field Organization of ican Cancer Society, Tex- ion, Mrs. Joseph M. Perk- nander of the Texas Field women volunteer cancer workers, said today.

workers have established cancer information cen- eight cities—El Paso, Galveston, Texarkana, tonio, San Angelo, Fort nd Amarillo," Mrs. Perk- "In addition we have part- ters at Baytown and Kerr-

re proud of these centers r work," she added, "but have a long way to go in facts about cancer to the of Texas. Information are a vital element in our control program. Such at definite locations, publicized, open at defi- rs of the day where people e for information or as- may very well prove to first step in a chain of events which result in the cure of a cancer patient who otherwise would die. We are asking all of our county units to consider the possibility of sustaining an information center in their county."

Sanitation In Public Eating Houses May Be Demanded By Patrons

AUSTIN—Emphasizing the importance of proper sanitation standards in public eating establishments, Dr. George W. Cox, State Health Officer urges the patrons of such establishments to insist upon cleanliness in the preparation and dispensing of foods.

The health authorities cannot maintain daily inspection of cafes and other food handling places, and if the public is careless in accepting insanitary conditions, dozens of infectious diseases can be transmitted to the public from insanitary food and utensils.

"Food handlers schools are being taught constantly throughout the State," Dr. Cox said, "and every cafe owner should take advantage of these schools to see that his personnel is trained in the sanitary methods of preparing, storing and dispensing food to the public. If that is their profession, they should qualify themselves to do the work safely. This is the restaurant owner's responsibility to his patrons."

The public should insist on a cafe being free from roaches, flies, and other insects; cracked dishes should never be used; tables and linens, as well as dishes and silverware should be scrupulousy clean, and milk should be served in the original container, with the cap intact. They should note whether or not a cafe displays a placard stating that its standards of sanitation have been approved by local or State health officials.

Install New Officers At Final Meeting Of Ozona Literary Club

New officers who will direct the club's activities in the new season beginning in September were installed at the final meeting of the current season for the Ozona Literary Club. Mrs. B. W. Stuart, retiring president, entertained the club in its final session with a breakfast at the Hotel Ozona party room Saturday morning.

Mrs. Stephen Perner, counsellor from the Ozona Woman's Club, presided during the installation ceremonies. Corsages were presented to the retiring president, Mrs. Stuart, and to the incoming president, Mrs. R. J. Adams.

Other officers installed were Mrs. Lloyd Coates, second vice president; Mrs. Cleophas Cooke, recording secretary; and Mrs. Ben Williams, treasurer. The offices of first vice president and parliamentarian are to be filled later.

Officers and committe chairmen made their annual reports and Mrs. George Schulz, club delegate to the Sixth District convention held recently in Ranger, reported on that meeting.

The breakfast table was decorated in the club colors of yellow and green and was centered with an arrangement of yellow corsages tied with yellow and green ribbons served as plate favors.

Others present were Mrs. J. P. Pogue, Mrs. George Schulz, Mrs. Alan Saunders, and Mrs. J. W. Parker.

4-H Club Fosters Leadership Training Of Texas Youths

If there had been 4-H Clubs when George Washington was a boy, he probably would have qualified as a champion in the National 4-H Leadership awards program. Today's rural youth have the advantage of being trained for leadership by taking part in this program. As ane 4-H'er aptly observed—initiative, patience, perseverance and resourcefulness are qualities to be desired in a leader, and there's no better place to learn them than in 4-H.

With these objectives in mind as they work in the various 4-H projects, Texas Club members are participating in the 1949 leadership contest, according to the State 4-H Club office. Alvin Davis, of Post, was one of the national winners last year. He and Patsy Delavan, of Devine, had the most outstanding records in the state, and were presented with a 17-jewel wrist watch appropriately engraved.

Besides the watch for state winners, there is an educational trip to the National 4-H Club Congress for the high-ranking boy and girl in each of the four extension sections. From these eight sectional winners, the boy and girl having the best record will be chosen to receive a $300 national scholarship. The two runners-up will get a $150 scholarship. Top boy and girl in each county will be awarded a gold medal of honor. All of the awards—totaling more than $6,000—are donated by Edward F. Wilson, president of Wilson & Co., Chicago.

In addition to the state winners, county medals were awarded to 94 other Texas boys and girls. The Cooperative Extension Service supervises the program.

Students To Hunt Snakes On Ranch Near Sheffield

AUSTIN—Students will receive college credit for catching snakes this summer in the second annual University of Texas zoology field trip.

In a five-week study course on animal life in the Trans-Pecos Edwards Plateau region, students will substitute guns and traps for books and collect specimens of wild life as a part of their studies.

Accompanied by Zoology Professor W. Frank Blair, 20 students will leave June 6 for the Blackstone ranch, 15 miles south of Sheffield, and will continue to hunt snakes through July 12.

Dr. Blair says specimens should be of particular interest because the area of study represents a change from the Trans-Pecos region wild life to that of the Edwards Plateau.

Specimens will be brought to the university for addition to the zoology museum and plants as well as animals will be included.

They will be utilized in cataloguing the distribution and manner of life habits of animals and plants in the state.

NAMED TO OFFICE

John Fussell, junior mechanical engineering major at the University of Texas, has been elected vice-president of Westminister Student Fellowship at Austin. This group with a membership of 400, is sponsored by the Presbyterian Church US and USA of the Synod of Texas.

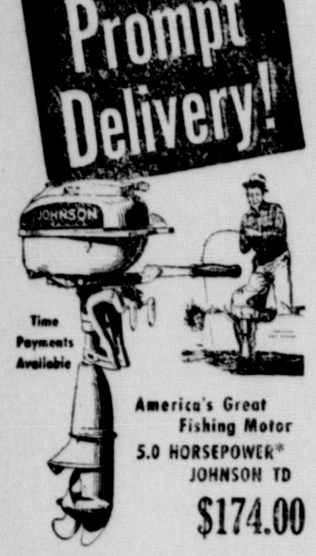

Fussell, son of Dr. and Mrs. J. A. Fussell, will supervise the work of the five commissions, receiving and referring all letters and literature concerning their work. He will take office in September.

FILM SHOWS STORY OF ELECTRIC POWER IN U. S.

A technicolor film on the electric power industry of the United States released by General Electric, was shown at the Rotary Club meeting Tuesday by T. J. Bailey, president. The film showed the precision methods which go into the manufacture of turbine generators and the many uses of electric power in this country.

Gordon Aikman, Ozona Motor Store owner, joined his brother Claude Aikman of San Angelo on a trip this week to Aransas Pass where they will spend a few days visiting their father, who resides in Aransas Pass.

"25,000 Miles of the most economical service ever, from our 145-h.p. Ford BIG JOB!"

"WE PURCHASED our Ford F-7 BIG JOB in January and have had it in our service consistently ever since," reports Jack E. Huffhines, Secretary and Treasurer of Urban Butane Service, Inc. "We have received 25,000 miles of the most economical service we have ever had out of any truck. Our service and maintenance cost has been practically nothing."

Mr. Huffhines is but one of many Ford BIG JOB enthusiasts who has taken the time to write about the remarkable performance of the Ford F-7 and F-8. Thousands of others are profiting from gas economy unusual in the big truck field . . . from an ability to carry gross loads of 50,000 lbs. and more on tandem-axle semi's . . . from power that makes the BIG JOB the king of the hills. Come in and get the facts on any one of over 139 Ford Bonus Built Truck models for '49, built extra strong to last longer.

Ford Model F-7 BIG JOB shown has Gross Combination Weight rating of 35,000 lbs. as a tractor; Gross Vehicle Weight rating of 19,000 lbs.

- ★ Brand New 145-Horsepower Ford V-8 Truck Engine
- ★ New Super Quadrax Single-Speed Axles; 2-Speed Optional on F-8
- ★ Big Tires; up to 10.00-20 on F-8, up to 9.00-20 on F-7
- ★ New Heavy Duty Five-Speed Transmissions
- ★ Big Rear Brakes, Power Actuated, 16-in. by 5-in. on F-8
- ★ Built and Warranted for the following ratings:

	Gross Vehicle Weight	Gross Train Weight
'49 FORD F-7	19,000 lbs.	35,000 lbs.
'49 FORD F-8	21,500 lbs.	39,000 lbs.

- ★ Nationwide Service From Over 6400 Ford Dealers

ekly Swings of WEST FARM MARKETS

AND MARKETING ADMINISTRATION, U. S. D. A.

A)—Many weak spots con- to appear at southwest markets during the past though some grains, feeds estock showed strength, S. Department of Agricul- Production and Marketing tration reports.

cattle classes registered slight gains for the week at Denver and Oklahoma City. Calves sold slightly higher at Houston, but most cattle and calves brought unchanged to 50 cents lower prices at Fort Worth. San Antonio showed little change. Last week's receipts differed little from the week before. Dressed beef prices about equaled those of a week ago Monday, but veal gained $2 to $8. Good cows sold up to $19 at Texas and Oklahoma markets and $20.25 at Denver.

Hog receipts fell off again this week, and prices advanced 50 cents to $1. Dressed pork brought $3 to $9 a hundred more than a week ago.

Sharply increased sheep marketings brought slightly higher prices than a week ago. Choice dressed lamb brought steady to higher prices for the week, but lower grades sold weak to $1 lower. Mutton sold nominally steady. Medium spring lambs reached $24 at San Antonio and $27.50 at Fort Worth. Goats recorded little change.

Texas wool sales increased, with grease prices ranging by type and grade from 76 to $1.03½ cents a pound. Some adult mohair sold at 35 cents f.o.b. Texas.

Mrs. Littleton Leads Baptist W. M. S. Study

The Woman's Missionary Society of the First Baptist Church met Wednesday afternoon at the church with Mrs. H. A. Gustavus as program leader.

Mrs. Lowell Littleton led an interesting study on "Rim of the Carribbean," by Carol McAfee Morgan and also on "High Class of the Americans," by Alfred Carpenter. Mrs. Jack Brewer was hostess for the day.

Present were Mrs. Gustavus, Mrs. O. C. Webb, Mrs. E. L. Lawson, Mrs. J. T. Patrick, Mrs. S. L. Butler, Mrs. Ben Williams, Mrs. Clifton Tennison, Mrs. T. J. Bailey, Mrs. J. T. Keeton, Mrs. Roy Thompson, Mrs. Littleton and Mrs. D. Simpson.

San Angelo College Commencement May 30

The Rev. B. J. Martin, pastor of the First Baptist Church of Ballinger, and Dr. John A. Guinn, president-elect of San Angelo College, will give the principal addresses for the Baccalaureate Service and the Commencement Exercises for the 1949 Class at San Angelo College.

The Rev. Martin will give the Baccalaureate sermon Sunday evening, May 29 at 8:15 p.m., and Dr. Quinn will speak at the Commencement Exercises Monday, May 30 at 8:15 p.m. Both addresses will be in the College Auditorium.

The public is most cordially invited to attend both programs. The music department of the College is furnishing the music.

Thanks, Ozona

We want to express our sincere thanks to all our friends in Crockett county for their patronage during the time our shop was in operation in Ozona.

Because of the fact that the young man who managed the business for us in Ozona has been called to the Army, we are forced to close our shop in Ozona.

We are grateful for the patronage we enjoyed while in business here and hope that all have been satisfied with our work and service.

We have a complete staff of expert boot makers on the job in our Sonora shop and invite you to make use of our services whenever you are in need of shop made cowboy boots.

BASEBALL COMMISSIONER CHANDLER EXONERATES DUROCHER . . . Baseball Commissioner A. B. "Happy" Chandler (seated, second from left) exonerated Leo Durocher, New York Giani's manager, from charges growing out of an all ged beating of a fan in New York. Durocher had been temporarily suspended following the incident, but a mass of testimony tended to show the fiery Durocher was not guilty as charged, so he drew a clean bill of health from the commissioner. Surprisingly enough, a number of New York fans present at the game, testified in favor of the man who was once target of their jests.

* NOTICE OF EQUALIZATION *

In obedience to the order of the Board of Equalization regularly convened and sitting, notice is hereby given that said Board of Equalization will be in session at its regular meeting place in the Court House in the town of Ozona, Crockett County, Texas, at 10:00 a.m., on Wednesday, the 1st day of June, 1949, for the purpose of determining, fixing and equalizing the value of any and all taxable property located in Crockett County, Texas, for taxable purposes for the year 1949, and any and all persons interested or having business with said Board are hereby notified to be present.

You ought to be driving a '49 PONTIAC

Hydra-Matic Drive, white sidewall tires, bumper guards and fender shields available at extra cost.

A Product of General Motors

America's Lowest-Priced Straight Eight!

Until they see the actual figures, few people realize that the big, beautiful Pontiac eight is America's lowest-priced straight eight. Not only does it undersell all other straight eights by a substantial margin, but it actually costs less than *many six-cylinder cars!*

The fact that the Pontiac eight gives so much for so little is the basic reason for the great and growing popularity it enjoys.

Pontiac has distinguished appearance, and distinctive Silver Streak styling. Its spacious Body by Fisher is handsomely upholstered and appointed.

And finally, it is **powered by the world's** sweetest engine—a great straight eight which is supremely smooth and quiet, instantly responsive to the accelerator, packed with power—an eight which gives peak performance and economy.

We honestly believe that no other car carries such definite assurance of **really enjoyable** performance at so low a cost. We invite you to come in and take the wheel yourself. We're sure you'll be very pleasantly surprised.

SIZZLING SERMON! . . . Christian Endeavor delegates gathered in Long Beach, Calif., were given a sermon from science by George E. Peake of the famed Peabody Institute of science. Here he is shown using a million volts of electricity to deliver the old gospel message in a scientific manner. This photo shows Peake, a World War II navy pilot, with the million volts of electricity surging through his body in one of his many spectacular demonstrations. The reason Peake could stand such a charge of electricity is that it isn't the voltage in current which kills, but amperage which is determined by the type and extent of resistance to the flow of electrical current.

will vie for the tri-state championship title Sunday by timed roping and tying of ten wild calves each in a contest expected to draw a capacity audience.

Toots Mansfield of Big Spring, widely-touted favorite of Southwest fans, will, despite his prowess with the hemp, meet opponents worthy of his mettle in the two contenders, Troy Fort of Lovington, N. M., and Oklahoman Jess Goodspeed of Okemah. Mansfield is present holder of the world's championship roper title, and Fort, who is past world's champion, will contribute his superior hemp-tactics to the contest.

Jess Goodspeed, not so widely known in this area, is nevertheless undisputed champion of Oklahoma, where he has met and bested every challenger, and the Oklahoman is expected to offer stiff competition

Tri-State Roping Championship Test At Levelland May 29th

LEVELLAND—Singing lariats and the bawling of wild Brahma calves will herald the beginning of a matched roping contest between Toots Mansfield, Troy Fort and Jess Goodspeed, slated for presentation at the Levelland Rodeo arena on Sunday, May 29.

W. J. (Rob) Robertson, named promotion director of the Levellan Rodeo Association, announced this week that the three lariateers

From where I sit ... by Joe Marsh

Two Heads Are Better Than One (Or None)

I get a kick out of buying stuff down at the hardware store. And I always ask for a little advice from one of the two brothers who run it, because I know beforehand exactly what the answer will be.

Like when I needed a new garden hose. "Henry," I says, "how about this new plastic hose—is it really as good as rubber?" "Well," he says, "I'm inclined to think it is—but you'd better ask Tom."

I found Tom in back and asks him the same question. "Well," says Tom, "in my opinion it is—but you'd better ask Henry." "I already have," I says, "and when you two cautious old codgers agree I'd bet my life on the decision."

From where I sit, your own opinion is worth a lot—but so's the other fellow's. That's why I keep saying, over and over, let's be tolerant of the other person's point of view—whether it's on politics or farming—or whether you like milk shakes and he prefers a temperate glass of beer.

Joe Marsh

When you gotta stop -you wanta stop!

"It can stop on a dime," the salesman promised you, "—and leave nine cents change!"

And your Buick did—when it was new and brake linings unworn and everything factory-tight and fresh.

But brake linings wear—lights grow dim with time—tires can lose their bite and traction.

And with a whole summer's driving ahead, what better time than this to bring your Buick back to new-car peak in all those details that mean so much to safety?

Check your car---
Check accidents!

Three great service and safety organizations across the country are alerting car-owners everywhere this month on safety-checking their cars.

They list ten vital question marks for you to think about—How are your *Brakes? Lights? Tires? Steering? Wheel alignment? Defective glass? Rear-view mirror? Muffler? Windshield wipers? Horn?*

Be sure your family rides in safety—ask your Buick service man to look over these check-points this month—and join the great drive for driving safety!

Our men, trained in Buick ways, will give you brakes that stop you as Buicks should, with new brake linings that are right in size and brake drums turned to perfect round.

They can replace sealed-beam headlights to give you new-bulb brilliance—and while they're at it, check battery, voltage, wiring and headlamp-aim to boot.

They'll check tires, switch them as needed, look into wheel alignment for easy steering.

In a word, they'll renew your Buick with the same care and interest they would lavish on their own—and do it at no greater cost than for just ordinary service.

So drop in. Get set for some summer fun that's up to lively Buick standard.

Buick care keeps Buicks best

Brady Jubilee Race Meet Set For July 1-4

BRADY—The 1949 Brady Jubilee Race Meet will be the best in the history of the event if the efforts of the racing committee, headed by Frank Roddie, bear fruit.

The meet, scheduled for July 1-4, inclusive, will feature 24 purse races plus an undetermined number of match races. Purses offered total $4,875, entrance fee added.

In the belief that racing fans prefer the longer races, Roddie and his committee have scheduled no races shorter than one-quarter mile.

Six purses will run daily.

BIRTHDAY PARTY

Mrs. Leroy Story entertained with a birthday party at her home Tuesday evening honoring Leona Ruth Cunningham. Guests included Jane Adams, Jeanene Thompson, Shirley Kost, Sandra Brewer, Billie Jacqueline Chandler, Marion Mock, Janell Parr, Blake Baugh, Hodges Fomby, Darwin Parr, Tom Piner and Lynn and Kenneth Parker.

Swimming Pool—

(Continued from Page One)

and Bill Cooper, fire chief, reported on their recent visit to Fredericksburg where they inspected a new fire engine, which had just been delivered to the Fredericksburg volunteer department. Some pointers on the operation of the department, cost figures on an adequate fire engine and building to house fire fighting equipment were gathered by the Ozonans for use in solution of this city's need for adequate fire protection.

With reference to the weed problem and consequent health hazards in the summer months, the Council went on record as urging the citizenship to clean up their own property and county authorities to take care of public places.

Baseball—

(Continued From Page One)

(Gibbs, also of HSU, scored the other and got two hits also, one a double.) Carmel, playing third base, rifles his throws on the level to first base, with one of the best throwing arms local fans have seen. With the ever-dependable Cox at shortstop, the Skyhawks found ground balls a poor means of gaining life on base.

Red Harrison, playing right field and Cox each singled in the ball game and McChessney in the fifth rifled a triple to left center, for a total of seven hits for the Rebels. Carmel singled in the first inning and the speed merchant stole second and scored on Harrison's following single. The Rebels [illegible] two more in the sixth when [illegible] again led it off with a [illegible] followed by the same from [illegible] and then Gibbs scored on a [illegible] by Cox.
