

Local Schools Close As Ice And Cold Grips Area

The worst winter storm of the season entered the area early Sunday morning, with sleet, snow and freezing rain closing schools and bringing many normal activities to a halt.

Temperatures in Deport Sunday dipped to 14 degrees, followed by a low Monday of seven degrees. Tuesday was clear with a low of 14 degrees. Sunday's cold front was

accompanied by sleet and freezing rain followed by snow flurries most of the day. Ice covered trees in Blossom, Pattonville and Deport, but the ice line stopped between Deport and Rugby, and Bogata suffered only from extreme cold. Schools in Bogata, Talco and Rivercrest were shut down Monday, but classes resumed Tuesday. The high cost of

heating the schools in such cold weather, rather than icing conditions, caused the school shut down.

In the Prairiland School District, severe icing conditions in the Blossom and Sylvan area, coupled with low temperatures, caused the schools in Blossom, Deport and Pattonville to be closed. Electric power was off in

Detroit for a few hours and a Community Public Service crew borrowed a boat to cut limbs down over a creek.

The road connecting Blossom and Pattonville was relatively clear Sunday morning, but the Sylvan spur and Highway 82 between Reno and Paris was almost impassable. Precipitation in Deport Sunday

Schools reopened in the Prairiland District Tuesday. Only minor accidents resulting primarily in property loss occurred in the area during the storm. By Tuesday the highways were clear and ice was limited to residential areas. The Indian Nation Turnpike into Oklahoma was open but was iced over, according to police reports.

Deport's volunteer fire department was called out in the seven degree weather Monday morning at approximately 6:15 a.m. to fight a fire at Roach Service Station, and managed to save the bulk of the merchandise. Muriel Roach, owner, had stored in a portion of the building, although the service station section was destroyed.

Two members of the Bogata Volunteer Fire Department brought a truck from Bogata to assist in the fire fighting efforts, but were not needed.

Approximately 100 cases of oil, a large stock of cattle feed and some new tires were saved by the fire fighters. Water put on the blaze turned to ice when it struck a surface, and some water droplets turned to flying ice pellets from the force of the hose.

Many homes in the area were without water during the storm because of frozen pipes, and the amount of damage to homes could not be assessed Tuesday until the thawing was complete.

DAN BARNARD, David Sullivan and Fred Hunter worked in seven degree weather to fight the fire early Monday morning at Roach Service Station in Deport. The cause of the fire could not be determined, but much of the merchandise in storage was not damaged. (Staff Photo)

Council Tables Gas Rate Increase

The Bogata City Council voted in regular session Tuesday night to table the rate increase requested by Lone Star Gas Company, requesting Willard Townsend, the gas company representative, to present a three step increase.

The action taken by the council will only serve to delay the increase, in which the average user in Bogata will pay an additional \$12 a month for natural gas. Four commercial users, Cawley Laundry, Hamilton Laundry, Bogata Elementary School and Red River Haven Nursing Home, will pay 1-3 of the total increase. The

percentage increase to be borne by these companies ranges from 20.30 per cent to 23.46 per cent.

The increase for residential customers is 7.79 per cent.

Mayor Clifford Barnard reported to the council that the pre-application for a Community Block Grant from the Department of Housing and Urban Development had been approved by the Board of Directors of the Ark-Tex Council of Governments.

Councilman Tommy Corbell told the council that the Army Reserve Engineers could not work on the Bogata City Dump

until August or September.

Mayor Barnard reported that the city water department had punched under Highway 37 north at the business loop and will tie into the water line that runs from the west side of Highway 37 south to 271. The work is being done by city employees.

Red River County Sheriff Avret Vaughan and Deputy Sheriff Carl Wolfe appeared briefly at the meeting, but were called out before they could speak to the council. However, the council voted to contribute \$300 a month toward the salary of the deputy stationed in the Bogata area. Wolfe and his family have recently bought a home in Fulbright.

The city has received \$730 in anti-recession funds through a federal agency which must be spent on labor, and the council voted to use the money for labor on the building of a shed on the back of the fire station and city hall to house a new brush fire fighting truck. The truck was obtained by former commissioner J. N. Lee from government surplus and is now being converted into a brush fire fighting truck.

Ark-Tex Grants Approved For Cities

Three block grants for local cities were approved at a meeting of the Ark-Tex Council of Governments Board of Directors in Blossom Jan. 6.

Approved was a Housing and Community Development Block Grant preapplication by the city of Blossom to the Department of Housing and Urban Development for \$250,000 to be matched with \$30,000 local funds to construct 11,000 lineal feet of water line with appropriate fire hydrants for fire protection; construct 14,000 lineal feet of sewer lines; and pave 20,000 yards of street.

A Housing and Community Development Block Grant preapplication by the City of Deport to the Department of Housing and Urban Development for \$250,000 to replace 6,100 feet of water line with 6-inch mains and appropriate fire hydrants for fire protection, and to install 8,600 feet of sewage line into the same area was approved.

Also approved was a Housing and Community Development Block Grant preapplication by the city of Bogata to the Department of Housing and

Urban Development for \$250,000 to extend sewer lines into a previously unserved area of town that will eliminate a potential source of pollution and improve living environment for the residents of this area and will protect the environment.

Curtis Wilkinson Elected President Of Association

Curtis Wilkinson was re-elected president when the Bogata Cemetery Association held its annual meeting Tuesday, Jan. 4, with Mrs. William Rozell. Other officers were W. C. Barnard, vice president and Mrs. Rozell, secretary-treasurer. Mrs. Glen White was appointed reporter.

Dedication ceremonies are planned later in the year for the marker recently erected in the cemetery. Those wishing to make donations or memorials for the cemetery are asked to contact Mrs. William Rozell, Bogata, Texas 75417.

Farmers Face Monday Tax Deadline

Farmers who have not filed their 1976 declaration of estimated Federal income tax must file and pay that tax by Monday, January 17. The sole exception to this rule is if they file their income tax return and pay the total tax due by March 1, the Internal Revenue Service said today.

Farmers are defined as those persons who earned at least two-thirds of their 1976 gross income from farming.

IRS Publications 225, "Farmer's Tax Guide," and 505, "Tax Withholding and Declaration of Estimated Tax," provide additional information and are available free at local IRS offices.

Clyde Watson Named Bogata JP

Clyde Watson of Bogata was appointed to the position of Justice of the Peace for Precinct 2 by the Red River County Commissioners Court, meeting in a special session last Wednesday afternoon.

Watson will fill the unexpired term of G. L. (Fate) Smith, who died suddenly of a heart attack last November.

Watson and his wife, Naomi, live on North Main Street in Bogata, and have a married

daughter, Mrs. John (Barbara) Hambrick of Los Angeles, Calif. The Hambricks have three children.

Watson is the son of Pete and

Alma Watson of Fulbright, and retired from Exxon in Talco on Jan. 1, 1977, after serving for 33 years.

Watson will go to a school for training justices of the peace beginning Feb. 1, 1977 in San Antonio, Texas, and will use the Bogata City Hall to hear cases brought into his court.

"I am looking forward to the job and to going to school to learn about the job," Watson said. "I will be available whenever needed, even though I won't keep regular office hours," he added.

Prairiland Teachers Challenge Red Heads

The Prairiland Booster Club is sponsoring a basketball game at 8:00 p.m. Saturday, Jan. 15 at the high school gym between the male teachers and the All American Red Heads.

Advance tickets are available at Prairiland High School now. Adult advance tickets are \$2.00; high school student advance tickets are \$1.50; and grades K-eighth are \$1.25 in advance. Tickets at the door are \$2.50 for adults, \$2.00 for high school students, and \$1.50 for grades K-eighth.

Watson will go to a school for training justices of the peace beginning Feb. 1, 1977 in San Antonio, Texas, and will use the Bogata City Hall to hear cases brought into his court.

"I am looking forward to the job and to going to school to learn about the job," Watson said. "I will be available whenever needed, even though I won't keep regular office hours," he added.

Watson will go to a school for training justices of the peace beginning Feb. 1, 1977 in San Antonio, Texas, and will use the Bogata City Hall to hear cases brought into his court.

"I am looking forward to the job and to going to school to learn about the job," Watson said. "I will be available whenever needed, even though I won't keep regular office hours," he added.

JUST A SHELL was all that remained of the service station section of Roach Service Station after a fire in seven degree weather Monday morning. The building on the right, which houses much of the merchandise and feed, was salvaged. Pictured are Deport Fire Chief Duane Glover, Jerry Loven, and Kenneth Burks. (Staff Photo)

Red River Bond Sales At 69 Per Cent For Year

October sales of Series E and H United States Savings Bonds in Red River county were reported today by County Bond Chairman Ben E. Black. Sales for the nine month period totaled \$110,834 for 69 per cent of the 1976 sales goal of 160,000. Texas sales during the month amounted to \$21,175,451, while sales for the first nine months of 1976 totaled \$232,326,820 with 85 per cent of the yearly sales goal of \$272.4 million achieved.

Rebelettes Lead In District Race

The Rivercrest Rebelettes maintained their perfect conference record by defeating the Prairiland Patriots Tuesday night 44 to 37, but the Rebels suffered an angonizing two-point defeat, 59 to 57, at the hands of last year's state finalists.

The Rebelettes were led by Velma Savage, who made 24 points and was the only

Rebelette scoring in the double figures. Annette Harris made six points and Gloria Savage made six points for the Rebelettes.

For the Patriots, Fran McKnight made 17 points, followed by Coralea Basinger with 14 points. Tina Gibson made six points.

Ronnie Rape led the scoring for the Rebels with 20 points,

while Marlon Savage made 15 points. The Rebels trailed at halftime by five points, and never could close the gap.

Charlie Martin was the leading scorer for the ball game with 26 points. Marvin Henry made 13 points, and Tom Ray made 10 points.

Box scores on earlier Rebel and Rebelette games follow. See BASKETBALL Page 6

Sewage Treatment Business Booming

Regardless of the ups and downs of general construction activity, sewage treatment facility construction is a going business in Texas according to the Texas Water Quality Board.

Latest reports indicate more than \$213 million are currently being spent to construct or upgrade sewage treatment plants, sewage interceptors and sewer lines on 218 different projects in Texas municipalities.

Of the total costs, more than \$10 million represents the state's portion of participation through the Water Quality Enhancement Loan Program. The current "priority rating list" furnished by the TWQB indicates the total needs of Texas cities and towns for funding to be in excess of \$750 million. The U. S. Environmental Protection Agency's grant program can fund up to 75 per cent of an entity's needs under Public

Law 92-500. The remaining 25 per cent is either financed locally or through a state loan. Of the total project costs 1.5

per cent is used for facility planning, 5.9 per cent is used for design and the remainder goes for construction.

Murry Giles Is Red River Judge

Murry Giles, a Red River County rancher who ran unsuccessfully for County Judge twice before, was appointed to that position Monday, Jan. 10, by the Commissioners Court to replace Gavin Watson, who resigned from the post last week after serving for 22 years.

Watson will become the editor of the Clarksville Times, which is published by Jimmy Hurt. Giles trailed Watson in the race for the post last time by only 120 votes.

Also considered for the post were Robert Anderson, an attorney who ran unsuccessfully against Watson in 1974, and Maurice Isbell, who is mayor of Clarksville. Giles' selection was unanimous.

Approximately 65 attended the meeting of the Commissioner's Court, in which a \$874,279 budget was not approved because it was inadvertently left off the agenda. The court voted to allow salaries on the county payroll to remain the same. Commissioners overruled objections of County Clerk Kenneth Sheppard and Tax Assessor-Collector A. A. (Suey) Sauls and reduced the size of their office staffs by one deputy each. The action meant that the county clerk will have two full-time deputies and one part-time deputy, and the tax office will have two full-time deputies and one part-time deputy for two three-month periods during tax collection and license plate sales. The court directed County Auditor Jack Crawford to

prepare bid advertisements for one sheriff's car and for two sheriff's cars.

The purchase of two new radar units for Red River County Department of Public Safety units was discussed and tabled. The cost of the radar units would be \$120 a month.

Permission was given for the home demonstration agent to take off at 3:00 p.m. once a week to go to school.

The county judge was directed to advertise for a county depository.

District Judge William V. Brown had asked the court for \$100 a month to serve as juvenile judge, but this matter was tabled. County Judge Gavin Watson had previously served as juvenile judge.

Greg Bagwell was contracted to maintain the boat ramp at Langford Lake for \$30 a month. Tom Toddy, constable of precinct 1, asked that the Court provide him with a decent salary. Toddy is presently paid \$40 a month and uses his private car. No gasoline allowance is provided.

A number of Red River County residents who are over 65 years of age appeared before the court with Mrs. L. R. Story as spokesperson, and questioned the court as to why the \$3,000 homestead exemption for those over 65 had not been put into effect for Red River County. The court agreed to put Mrs. Story on the agenda for the next meeting, but advised that such an exemption would raise the taxes of the remainder of the population by 15 percent, and that the measure could either be approved by referendum or by action of the court.

The Grapevine

By Joyce Alexander
GAS CURTAILED—Talco-Bogata Rivercrest Schools were closed for the second consecutive Monday as the worst winter spell for the season brought rain, sleet and a small amount of snow. The temperature dipped to a low of 16 degrees Sunday morning, and six degrees Monday morning.

Curtailed deliveries of natural gas and icy roads forced the Talco-Bogata Rivercrest Schools to close. Other area schools closed were Paris, Winsboro and all Red River county schools.

CHANGES—Mrs. Clifford Coil has shelved her paints, mud, moulds and closed her Hobby Shop on Broad Street. The Hobby Shop was an asset to

the town and will be missed. Changes do come, the building will not be left vacant. Mr. and Mrs. Ellis Brown are opening a "Family Recreation Center" with pool tables and other games. Plans were to open on Tuesday with hours from 7:00 to 11:00 p.m.

BIRTHS—A son was born to Mr. and Mrs. J. O. Carisle January 6, 1977 at 2:42 a.m. in Titus County Memorial Hospital weighing 6 pounds and 7 ounces.

Mr. and Mrs. John Northam announce the birth of a new grandson born Thursday, January 6, 1977 at 2:00 a.m. in De Queen, Arkansas to Mr. and Mrs. Larry Mills. He weighed 7 pounds and 10 ounces and was named Gary Wayne Mills. His mother is the former Karen Stuart.

HOSPITAL NEWS—Mrs. Lucy Walls is a patient in the Mount Pleasant Hospital and Clinic. Alice Ruth Tidwell was taken to the Titus County Memorial Hospital. J. C. Fall has been dismissed from the Titus County Memorial Hospital.

NEW AND RENEWALS—Subscriptions to the Talco Times are Murtis Thomas, Harmleigh, Texas, Derrell Stockton, Cleveland, Rivercrest High School, Bogata; John Paul Jones, El Paso; Lloyd Gauntt, Ralph Smith and Gerald Holms of Talco, Mr. and Mrs. Lester Hanks, their daughter, Wanda and her husband Capt. Tommy Mayes APO N. Y.

Forest Is A Factory
 The forest is actually a cellulose factory that uses solar energy to convert water, air, soil and nutrients into a renewable and biodegradable industrial resource.

FFA OFFICERS—Holding offices of responsibility in the Future Farmers

organization at Rivercrest High School this year are Lewis Smith, treasurer;

Nathan Mankins, sentinel; Rodney Birchfield, secretary; Elisha Dugger,

vice president; Vicki Noey, reporter; and Donald Jean, president. (Staff Photo)

Jordans Burglarized

Burglars entered Jordans Farm and Ranch Supply on Highway 37 North of Bogata Thursday night, Jan. 6, taking a number of tools and a small amount of money.

Entry into the building was made through the scales room window, after the burglars had unsuccessfully attempted to pry open the front and rear doors using a tire tool.

Jordan said that the thieves took two tool boxes, one red with 3/4 inch sockets and one with 1/2 inch sockets. The most valuable piece of equipment taken was a 30 ton jack that looks new, Jordan said, because it had been rebuilt and in use only a short time.

Jordan said, "We don't keep large amounts of money in the store at anytime."

For and about Teenagers

THIS WEEK'S LETTER: I have this really big problem. I've been married since I was 15, now I'm 17.

We've got a baby boy. I was skinny when I met my husband. But since I got pregnant, I've gained weight. Now, I'm fat. My husband won't look at me like he did when I met him. He's always looking at other girls. What should I do about my weight problem?

OUR REPLY: Take responsibility for it. Accept the fact that you're fat. From there, you can perhaps begin to get skinny again. But the truth is, you've got to do it on your own. You are the one who's eating too much food. Nobody is forcing you to intake the calories that put the pounds on. You're doing it to yourself. There's really only one reason you should lose some weight — your health. If your husband is so concerned with appearances, that's his problem. Your health is your problem. Take care of it.

SCHOOL Lunch Menu

COMMUNITY Public Service line crews worked Sunday to remove limbs and trees from power lines. This

crew had just returned from Detroit, where power was off for a few hours. The crew, John Hudson, John Brooks and Clarence Barnett, put a

flat bottom boat in a creek to reach a tree that had fallen across some lines to restore service to Detroit. (Staff Photo)

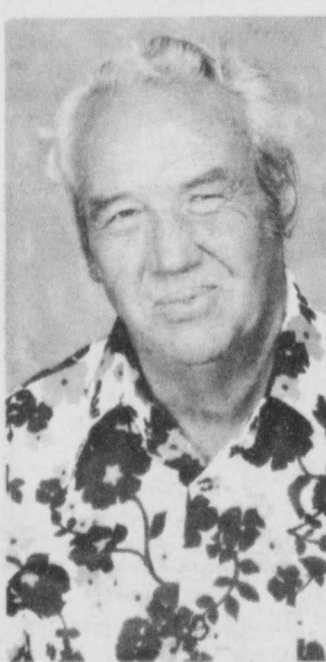

Clarksville Pageant Deadline Feb. 1

Every young girl dreams of becoming Miss America and that dream could come true for the girl who is selected Miss Clarksville Pageant queen.

Now is the time to decide for any young woman in the area who qualifies, Mickey Porterfield, pageant director, said in calling for candidates to enter the pageant by Feb. 1. Porterfield also announced that the Pageant will be conducted Saturday night, March 26, in the Clarksville High School auditorium.

He called for civic and social organizations in the area to sponsor candidates and asked for individual young women to submit their own names as entries. Applications and complete details may be obtained at Mickey's Flowers at

William Turner Retires From Mobil

After working with the Mobil Oil Corporation for 41 years and 6 months, William Fred Turner retired effective January 1, 1977.

He started with Mobil Oil on June 25, 1935 in a small oil field in Bruni and worked in that field until July 1968 when transferred to Pleaston. Then with his wife, Irene, he was transferred to Talco on April 14, 1970. Turner was a lease operator.

The Turners have a son, Bill, in Garland, daughter, Patsy, of Talco along with five grandchildren.

Plans for the future are indefinite at the present time but they say they will make their home in Talco.

704 South Locust in Clarksville.

To qualify, a young woman must be between the ages of 17 and 26 on the Labor Day holiday, must be a high school graduate by Labor Day and must never have been married.

Talent will be considered in the judging and each contestant should possess some quality of talent, either trained or potential. In discussing the talent qualification, Porterfield stressed that the range is varied and that no young woman must necessarily be trained in any specific field.

He pointed out that many entrants in previous pageants did not realize they possessed a quality of talent until they considered entering the contest. He also said that in almost every national Miss America Pageant conducted at Atlantic City, New Jersey, there have been state queens who have

presented dramatic readings or comedy monologues as their talent presentations before a panel of nationally prominent judges.

In urging civic and social organizations to sponsor candidates, he said each member of the organization should consider the young women they know personally, relatives or daughters of friends, and should encourage the girls to enter the pageant.

Americans and Pickles
 Americans will probably spend \$569 million on pickles this year. Meanwhile, Americans will eat an average of 8.5 pounds of pickles per person this year. The government and the pickle industry spend about \$250,000 a year on pickle research and development.

Obituaries

Mrs. Nettie Illa York

Funeral services for Mrs. Nettie Illa York of Rt. 1, Paris, were held at 2 p.m. Thursday, Jan. 6, 1977, in Gene Roden's Sons Funeral Home Chapel with Sister Virgie Temple officiating. Burial was in Friendship Cemetery.

Pallbearers were Bobby Jones, Grady Cass, Eddy Haley, Gary York, Eugene Adams and O. D. Boren.

Mrs. York died Monday, Jan. 3, 1977, at Deport Nursing Home.

Mrs. Kate Thomas

Mrs. Kate Thomas of Deport died Thursday, Jan. 6, 1977, at 6:30 a.m. at Deport Nursing Home after a long illness.

Funeral services were held at 2 p.m. Thursday, Jan. 13, 1977, at the Free Hope Baptist Church in Bogata. The Rev. N. E. Nash, pastor of the Ebenezer

FOR SALE—1500 lb. round bale feeders, 2 piece semi-circle, 1' square tubing construction, bolted assembly, \$62.50, Dan Kelly, 632-4437, Bogata.

CARD OF THANKS

Words cannot express our gratitude to the Deport Fire Department for their untiring efforts in fighting the fire, and saving a part of our Service Station in the cold, icy weather Monday morning. We also want to thank the Bogata Fire Department for standing by, and to our many friends that did what they could and offered their assistance in so many ways. Thank you again, Mr. and Mrs. Murl Roach.

FOR SALE—Two 10 speed bicycles, two girls bikes and four beanbag chairs. Paul Jackson, 652-4142, Deport.

AME Church of Paris, officiated and burial was in Free Hope Baptist Cemetery by Maxey Funeral Home.

Mrs. Thomas was born in Bogata, a daughter of the late Plez Morgan and Sarah (Vaughan) Morgan. She was a member of the Free Hope Baptist Church.

Survivors are four nieces and three nephews, Mrs. Etta Carter of Paris, Miss Effie Patterson of Bogata, Mrs. Betty Richardson of Denver, Colorado, Miss Ginger Morgan of Deport, Ned Morgan of Bogata, Delbert Woods of Bakersfield, California, and Lucian Patterson of Deport.

Samuel Martin McCasland

Mr. and Mrs. Sam McConnell were called to Goldwaithe by the death of her father, Samuel Martin McCasland in Heritage Home there Jan. 3, 1977.

Funeral services were held Tuesday, Jan. 4, 1977, at 2 p.m. in the Wilkins Funeral Home Chapel with burial in Center City Cemetery at Center City.

Pallbearers were grandsons, Billy Mac Newton, Van McCasland, Charles McCasland,

Karry Lane Harper, Sam Fred Soules and Kenny Joe Klein. McCasland was born Sept. 10, 1886, in Center City and had lived in Mills County all his life. He is survived by his widow, Pearl, of the Heritage Home, two sons, and four daughters, Homer McCasland of Goldwaithe, Harmon McCasland and Mrs. Rubydell Harper of Star, Mrs. Wilma Newton of McGirk, Mrs. Bobbie Soules of Casper, Wyoming, and Mrs. Sammy McConnell of Bogata, and six step children. He was a retired livestock farmer and a member of Center City Baptist Church.

Mr. and Mrs. McConnell and Ginger and another daughter, Mr. and Mrs. Joe Klein of Tyler, attended the services.

Mrs. Frank Byrd

Funeral services were held for Mrs. Frank (Lou Crey) Byrd at 10:30 a.m., Dec. 18, 1976, in the First Baptist Church of Hereford, Texas.

The Rev. Prentice Smith, pastor of the Greenwood Baptist Church, and the Rev.

Clarence Powell, pastor of the Trinity Baptist Church officiated. Burial was in the West Park Cemetery by Gilliland and Watson Funeral Home.

Mrs. Byrd was born in Hagansport, Texas, in 1895 to Mr. and Mrs. Tom Cavanar. She married Frank Byrd Jan. 25, 1915, in Bogata, where they lived until Sept. 1942, when they moved to Littlefield, Texas. They then moved to Hereford in 1946.

Survivors include her widower; two sons, E. F. of Dalhart and J. O. of Borger; four daughters, Mrs. Izell Phifer and Mrs. Cora Leffel both of Hereford, Mrs. Mary Phillips of Albany, Oregon, and Mrs. Margaret Grundeman of Englewood, Colorado; two brothers, Troy Cavanar of Rialto, California, and Carl Cavanar of Bogata; 13 grandchildren and 23 great-grandchildren.

Mrs. Fayette Reddell

Mrs. Fayette Reddell of 32-20th SE died at 10:55 p.m. Sunday, Jan. 9, 1977, at her residence.

Funeral services were held at 11 a.m. Tuesday, Jan. 11, 1977, in the Fry and Gibbs Funeral Home Chapel with burial in Evergreen Cemetery.

Mrs. Reddell was the former Adaline Tomerlin, daughter of Silas and Revel (Pitts) Tomerlin. She attended public schools at Blossom and has lived in Paris for the past 35 years. She married Fayette Reddell in 1932. He died in August, 1969. She was a member of the First Presbyterian Church.

She is survived by one sister, Miss Daisy Tomerlin of Paris.

Mrs. Minnie O. Springer

Mr. and Mrs. Gordon Strain were called to Davis, Oklahoma, by the death of her mother on December 31, Mrs. Minnie O. Springer.

Funeral services were held Sunday January 2, 1977 at the First Baptist Church in Davis with burial in Davis.

Mrs. Springer, 89, is survived by five children including Mrs. Strain of Bogata, eight grandchildren and one sister.

Cookie Sale

The 1977 Red River Valley Girl Scout Council Cookie Sale will have its kickoff on January 14 when the Girl Scouts will start taking orders. This year, Girl Scouts will be selling the large, family-size box of cookies for \$1.25. The girls are not to collect any money until the cookies are delivered in February.

Mrs. Billy Weddle, Council Cookie Chairman, stated there will be five different types of cookies...mint, peanut butter sandwich, sandwich creme, shortbread, and peanut butter patties.

The troop will earn monies for their troop's treasury and a 5 percent bonus for the total of boxes sold above an average of 40 boxes per girl (as registered with the troop in the office.) Additional profit goes for capital improvements and maintenance of Camp Gambill and for wider opportunities for the older girls to travel and new experiences. Any girl participating in the cookie sale is eligible to apply for a partial campership to attend summer camp at Camp Gambill.

The individual girl may receive a cookie certificate for selling 36 boxes, a patch for selling 48 boxes and attend Fun Day for selling 60 boxes.

Good salesmanship has always been an important facet of American financial life. So the next time you are sold a box of cookies by an eager youngster, take a moment to reflect.

That Girl Scout, as part of the largest voluntary sales force in the country, is not in the fund-raising business for Girl Scouts of the U.S.A. What she is doing is selling a valuable means to a necessary end. She is earning some of the funds for her own troop's activities, which may encompass a wide range of projects. At the same time, she is learning intelligent money management, its use, and the ways of budgets. Each time you take a bite of the tasty, quality cookie, you are contributing in part to a special way of life in our community. Council proceeds are used to help local girls participate in special Girl Scout opportunities; to purchase equipment and property in their behalf; and to provide for camperships for summer camp.

Remember "Take a Cookie out to Munch"...a Girl Scout Cookie...that is.

Serving as Neighborhood Cookie Chairman is Mrs. Carolyn Brooks.

have a nice weekend...

Honestly... CAN YOU FIND A BETTER BUY?

It costs approximately 14¢ per day for the electricity to wash and dry your clothes. That's less than most of you spend on a newspaper! Considering the fact that with washers and dryers you can get your clothes clean in any weather with relative ease and efficiency, 14¢ per day is a real bargain! Electricity affords many comforts and conveniences each day . . . and if you'll add them all up, you'll quickly see that electricity is still one of the best buys around!

Washer/Dryer
LESS THAN 14¢ Per Day
18% LESS than the same amount of electricity would have cost in 1940!

State Fishery Programs Cut Back

TYLER—The beginning of a new year is a particularly good time for stock taking, a time for considering the realities of a situation and making plans accordingly.

And, going into a new year, the Fisheries Division of the Texas Parks and Wildlife Department has had to consider some pretty grim realities.

First off, financial limitations affecting the department will force a reduction in both the inland fisheries and coastal fisheries staff by September 1977.

A total of 19 positions are

planned for elimination from the 172 inland fisheries personnel currently on the payroll. Two fish culture stations, involving four personnel, one regional fish culture supervisor, one research unit (six personnel) and two management districts (nine personnel) will be eliminated by September.

Coastal fisheries with 88 staff members, will suffer a 19 percent cut back to 71 personnel by September. Coastal fisheries staff reductions will involve both field and Austin-based administrative staff.

Naturally, the reduction in

force will have an impact on the services provided by the department's fisheries division.

In inland fisheries, two programs will be eliminated entirely—the pike rearing and stocking program and the walleye fingerling culture program. Also to be eliminated are most non-federal aid research projects involving such studies as investigation of ways to attract and concentrate fish for anglers.

Inland fisheries will reduce the number of management surveys of state reservoirs by 10 percent and reduce by 50 percent the private water fish stocking rate. Post-stocking surveys of walleye, striped bass and Florida largemouth bass will also be reduced.

In coastal fisheries, the personnel cut back will cause a reduction in most programs, according to Terry Leary who heads the coastal fisheries branch.

Specifically, he mentioned reduction in the seafood

marketing program and the sampling of Texas bays to determine fish populations.

In addition, Leary said two programs will be phased out completely. Artificial reef construction will be terminated after this year and bay habitat inventories to evaluate critical fish habitat will end.

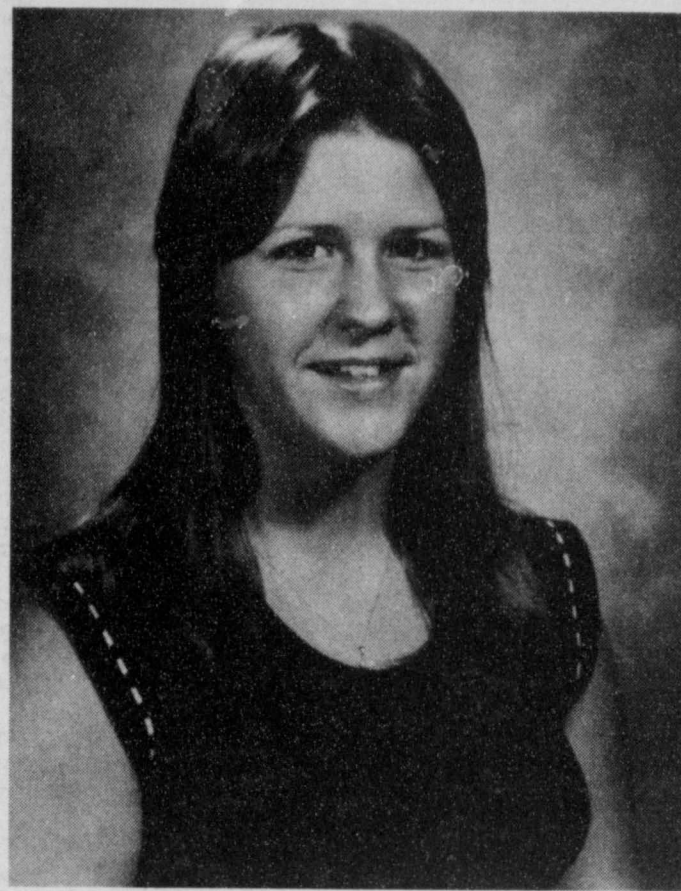

The cut backs have been necessitated by the impact of inflation on the department's budget.

Adding to the department's

financial woe is the fact that revenues from the sales of fishing and hunting licenses are not increasing in Texas as they are in most other states. Sales of hunting licenses have not increased as expected, while sales of fishing licenses have actually decreased.

“Hackberry Cavalier” To Be Presented

Paris Junior College's Division of Fine Arts will present the Alpha-Omega

PATSY BARGANSKI, Talco, announces the engagement and approaching marriage of her daughter, Rena Gayle, to Cecil B. Presley, son of Catherine Presley, Talco. The wedding will take place January 21, 1977, at 7:00 p.m. in the Talco Assembly of God Church with the Rev. Don Malone officiating. Rena is the granddaughter of Mr. and Mrs. Fred Turner, who are also residents of Talco.

Players, national theater company, in “Hackberry Cavalier,” a unique comedy featuring original songs and music, at 8 p.m. Friday, Jan. 21, in the Theater for the Performing Arts at PJC. Admission is \$1 for students and \$2 for non-students, and tickets will be on sale at the door.

“Annually, we bring the Alpha-Omega Players to Paris for a production, and the show is always superb,” said Ray Karrer, chairman of the PJC Fine Arts Division. “The players combine wit, humor and music in presenting original comedy,” Karrer noted.

“Hackberry Cavalier” was adapted from George Sessions Perry's short stories which appeared in the Saturday Evening Post during the late '30s and early '40s. Critics of the era praised Perry's warmth and humor in writing about the smalltown people of his native Texas hill country. This same flavor is brought to the stage version, along with original music. Perry was born in Rockdale, Texas, in 1910. His first commercial success was “Edgar and the Dark Morass,” published by the Saturday Evening Post in 1937. From then on, his tall tales of the goings-on around the mythical town of Hackberry were published regularly.

The following year, he went to Hollywood, to collaborate on the screenplay for “The Arkansas Traveler.” Then, in 1939, his first novel, “Walls Rise Up,” was published. “Hold Autumn in Your Hand,” which was published in 1941, was made into the movie, “The Southerner.” Perry's work has been compared by a critic with that of early Mark Twain.

Appearing in the title role of Edgar Selfridge in “Hackberry Cavalier” will be Bob Evans of Blackshear, Georgia, a magna cum laude graduate of the University of Georgia.

Prevent Filling
When making sandwiches in advance, use day old breads and spread slices with butter, margarine or cream cheese. This helps prevent filling from saturating bread. Peanut butter and processed cheese spreads also work well.

Leathercraft Course Set At PJC

A course in leathercraft will be offered by the Paris Junior College Continuing Education Division beginning Monday, Jan. 24, said Mrs. Bill Jones, coordinator of continuing education. Leroy Burke, building trades instructor at PJC, will teach the course from 7 to 9:30 p.m. for seven consecutive Mondays in Annex I of the Applied Sciences Center at PJC. Fee is \$15, to be paid one week in advance in the Continuing Education office at the college. Some supplies must be purchased to make leather goods.

In the course, students will work with a leathercraft kit to learn the basic art. They will fashion designs on purses, billfolds, key holders, belts and other small items. After mastering the basic techniques, students may work on larger objects, Burke said.

The instructor, who has taught the course at PJC in past years, has made leather pictures, handbags, belts and many other leathercrafted items.

More information on the course may be obtained by calling the PJC Continuing Education Office, 785-7661, extension 145.

Talco Personals

Former residents, Mr. and Mrs. R. M. Lewis of Mount Pleasant, spent New Years Day with Mr. and Mrs. L. B. Kaylor.

Mr. and Mrs. Sonny Reed entertained their daughter-in-law, Mrs. Rita Beth Reed with a birthday dinner Thursday night. Others attending were her husband, Lyndon, and two daughters, Kristi and Jackie.
