

New Escape Hole Misses Mark

Third Try Is Ordered

HAZLETON, Pa. (AP)—Drilling of a new escape hole for the three trapped coal miners failed today... apparently by only a few feet and at a time when success seemed moments away.

JAYCEES MAKE CONTRIBUTION—R. C. Patton, left, president of the Snyder Chamber of Commerce, accepts a check for \$730 from Gene Williams, president of Snyder Jaycees...

SHS Pupils To Pick Up Class Cards

Dr. Robert Clinton, principal of Snyder High School, has reminded high school students of the school who are picking up their class cards...

Also it was announced that any students, especially those who are new to the Snyder school system, who have not completed their registration, should make every effort to complete that registration before the first day of school, Sept. 2.

N15 Squeaks To A Record

EDWARDS AIR FORCE BASE, Calif. (AP)—Joseph A. Wilton reported to a new N15 altitude record of 82,000 feet today, but fell short by two miles short of his recorded mark.

Officials Are Encouraged By Performance Of Titan 2

By HOWARD BENEDICT
AP Aerospace Writer
CAPE CANAVERAL, Fla. (AP)—Military planners and space officials were encouraged today by results of a successful 5,800-mile test flight by a Titan 2 missile.

The 10-foot rocket covered the course in flawless fashion Wednesday in a flight that had special significance for Project Gemini, the United States' next manned space program.

Virgil I. Griffin, who may one day be a Gemini pilot, was among those who monitored the test. Although Titan 2 was declared operational two months ago as this nation's most powerful intercontinental range rocket, the missile has encountered numerous troubles, especially in the second stage propulsion system.

WASHINGTON (AP)—President Kennedy pushed a ceremonial gold key today marking the advent of the world's fastest cargo plane and said that this means that "the power of the United States will be felt in behalf of the cause of freedom all over the world."

He spoke over a closed circuit television which carried his words to the scene. The button pushing was to open a hangar door at Dobbins Air Force Base, to let the plane roll out.

The ceremony, Kennedy said, marks the beginning of "a great new effort to strengthen the security of the United States." The new aircraft, the President said, is going to be a most important factor at a time when "freedom is under challenge all over the world."

The Air Force and the Martin Co. Titan 2 plane contractor, have reduced the vibration gradually by increased pressurization

of the fuel tanks. But Kraft said the space agency is not completely sold on this approach to the problem and that he would like to see a permanent rather than a temporary fix.

Swift Cargo Plane Is Put Into Service

WASHINGTON (AP)—President Kennedy pushed a ceremonial gold key today marking the advent of the world's fastest cargo plane and said that this means that "the power of the United States will be felt in behalf of the cause of freedom all over the world."

He spoke over a closed circuit television which carried his words to the scene. The button pushing was to open a hangar door at Dobbins Air Force Base, to let the plane roll out.

The ceremony, Kennedy said, marks the beginning of "a great new effort to strengthen the security of the United States." The new aircraft, the President said, is going to be a most important factor at a time when "freedom is under challenge all over the world."

The Air Force and the Martin Co. Titan 2 plane contractor, have reduced the vibration gradually by increased pressurization

of the fuel tanks. But Kraft said the space agency is not completely sold on this approach to the problem and that he would like to see a permanent rather than a temporary fix.

Says Moon's Dust 'Caked'

WASHINGTON (AP)—An Air Force scientist said today a space vehicle landing on the moon "will not sink into a sea of dust" as some had supposed.

Dr. John W. Salisbury said there is dust on the moon it is "caked" dust, sufficiently firm to support explorers moving about on the surface.

But he said lunar dust particles tend to stick together, and cling to all metal and glass surfaces. He said this "will provide an unusual difficulty in the operation of camera lenses, periscopes and mirrors."

Salisbury made his report on experiments he is directing at the Air Force Cambridge Research Laboratories, Bedford, Mass., in an article in the Office of Aerospace Research publication "OAR Research Review."

Markets Are Well Filled With Produce

By The Associated Press
Fresh produce markets are well filled in Texas this week thanks to heavy shipments from Colorado and several northern states.

Heat and the advancing season have reduced receipts from southern gardens sharply. The Agricultural Marketing Service said in good supply at modest wholesale cost are cabbage, celery, lettuce, greens, carrots, sweet corn, field peas, turnips, snap beans, tomatoes, eggplants, peppers, cucumbers, potatoes and sweet potatoes.

Tomatoes and onions are priced slightly higher. Sweet potatoes are mostly lower, other vegetables, little changed.

Supplies of Bartlett pears and summer apples are increasing but prices remain fairly high. Adequate to abundant shipments prevail on avocados, bananas, cantaloupes, grapes, lemons, limes, nectarines, plums, pineapples and fresh pineapples. Watermelon and honeydews are ample for demand but southern watermelons are about done for.

Slightly lower prices are on plums and California peaches.

Kiwaniis Club Hears City Manager's Report

George Patterson, city manager, presented a talk on the capital improvements plan for 1964 at the meeting of the Kiwanis club Wednesday.

Patterson outlined the needs of the city in regards to water storage, street improvements, fire protection, etc., and the budgetary requirements to meet these needs. Architect J. D. Hinton also presented construction details and planned operations for the proposed new city-county Emergency Operations Center, and fire and police department facilities to be constructed on the site of the present city maintenance garage.

The program was introduced by the chairman for the day, Norman Fulks. Club president Jim Mathis presided at the meeting.

Mishap Reported

The Snyder police department reported a traffic mishap at 5:42 p.m. Wednesday at Thirtieth Street and Avenue E.

Involved were a 1958 Oldsmobile driven by Mrs. Minnie E. Alexander and a 1963 GMC pickup driven by R. D. Arnold. Damage to the car was estimated at \$225 and to the truck at \$100. There were no injuries.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: I usually agree with your answers, but I think you were wrong to tell that 14-year-old girl who was only holding hands with a boy at the baseball game that "any show of affection was wrong with holding hands in public." Abby? Isn't it a lot better than doing other things on the "sneak"? Are you getting to be an old fogey or something? You sure let us kids down this time.

DISAPPOINTED
DEAR DISAPPOINTED: I'm sorry if I let you down, but if it's any consolation, you have lots of company. There is NOTHING wrong with holding hands. But it leads to other displays of affection, such as slipping the arm around the waist. Then a big controversy develops over WHERE the waist begins and where it ends. Honest affection is beautiful, but a hands-off policy in public is a good safe-guard for a girl's reputation. And a boy's too.

DEAR ABBY: I visited my son recently and never was I hurt more in my life. My daughter-in-law works part-time for a doctor, and all the time I was there she worked, which was all right with me because it gave me a chance to cook, sew, keep her house and take care of her two adorable children. The killing blow came when her best friend called

me up and told me that my daughter-in-law ASKED the doctor to let her work full time during my visit there because she hated me and did not care to be at home while I was there. Now you think I should talk to my son about this?

HURT MOTHER
DEAR MOTHER: First, your informant is more of a fool than a friend, and may even be a liar. So ignore the report and enjoy your visit. P. S. With a "best friend" like her, your daughter-in-law doesn't need any enemies.

DEAR ABBY: I am a girl of 11 but I am very big for my age. My problem is I don't know how to ask my mother for a bra. But that isn't the hardest part. She is handicapped with "M. S." and even if she said yes my Dad would have to buy it for me, and that would be very embarrassing. Please tell me what to do.

Viet Nam Situation Leaves Little Room For Maneuvers

EDITOR'S NOTE — For nine years the United States has been the major prop for the South Vietnamese government, shoring it up with men and arms against a Red tide that threatens the Southeast Asian peninsula. Along the way there has been increasing disenchantment with the Diem government—now reaching a new peak with the regime's action against Buddhists.

By LEWIS GULICK
AP Diplomatic Affairs Writer
WASHINGTON (AP) — President Kennedy is moving cautiously on Viet Nam because the stakes are high and he sees little room for maneuver.

Through the Washington looking glass, the Diem assault on the Buddhists looks like a bad side show threatening to spoil the main act.

The main act is the struggle with the Reds—the longest hot fight of the cold war—with ultimate stakes the control of strategic Southeast Asia.

The Kennedy administration plays a vision of the future in the mean guerrilla war to which America has committed men and massive military aid. But it is increasingly worried that bad government in Saigon will reverse the tide in favor of the Communists.

The New Frontier urge to "do something about this has run into the classic problem America has faced before: a deep commitment against the Communist threat, on the one hand; and on the other, a local anti-Communist regime lacking wide support among the people.

U.S. strategists say they see no alternative at present to the leadership of President Ngo Dinh Diem. A priority task of the newly arriving U.S. ambassador to Saigon, Henry Cabot Lodge, will be to canvass what other choices may be open without weakening the campaign against the Reds.

A month ago, Kennedy at a news conference expressed his personal hope that a solution would be reached in the Diem-Buddhist struggle.

He said then that the United States would not withdraw its support from Diem's government in its war against the Communist guerrillas.

"For us to withdraw from that effort would mean a collapse not only of South Viet Nam but Southeast Asia. So we are going to stay there," Kennedy said.

The long and complicated history of the area goes back far beyond the founding of the United States. Its inhabitants migrated from central China before the birth of Christ.

For eight centuries — 111-938 A.D.—and during subsequent periods it was a vassal of China, but in the 13th century it defeated the mighty armies of Kublai Khan. In the 16th century came the French and Portuguese, and Viet Nam became a French protectorate in 1864 as part of French Indochina.

The current situation is traced by U. S. analysts back to the World War II period when Japan occupied the area. Communist guerrilla leader Ho Chi Minh led a resistance movement against the Japanese and kept up his resistance after the French returned.

France finally pulled out of Indochina after a costly and unsuccessful fight culminating in a dis-

astrous defeat at Dien Bien Phu. The 1954 Geneva agreement setting up independent Indochina states split Viet Nam in two. Ho Chi Minh took over the Communist north. Diem won overwhelming endorsement in a referendum in the south and was re-elected for a second five-year term in 1961.

The French departure left the United States as the major Western power with interests in the area and the means to stem the Red tide. Washington saw the lush farmland and strategic peninsular location of South Viet Nam as an inviting target for a teeming, expansionist Red China.

In 1954, the United States began a large-scale aid program through the way to totaling \$2.5 billion in the first decade. For the first eight years, through mid-1962, the amount came to \$1.4 billion in economic assistance and \$600 million in arms.

Over the first few years of independence, South Viet Nam prospered in relative peace. Its population, now about 13 million, in a land slightly smaller than the state of Washington, boosted food output 7 per cent a year and surpassed prewar production levels.

Then in 1960 the Communists began the large-scale, intensified effort to cripple the country which continues today. Ho Chi Minh trained cadres down mountain trails from the north to lead a Viet Cong campaign of stealth and terror.

Diem appealed for more U.S. aid in 1961 and Kennedy responded with the stepped-up U.S. program which now finds some 14,000 American military men on the scene, some getting into fire-fights despite a technical status as advisers and some becoming casualties.

By this time Washington had had enough trouble with Diem to demand reforms by the Saigon government in return for increased aid.

Among other things, Diem promised more representative rule, a crackdown on nepotism and corruption, better use of U.S. economic aid, new methods in military training and deployment and greater acceptance of American advice.

U.S. authorities say they have been encouraged by the progress in the fight against the Reds. They contend that the corner toward victory has been turned, though a long, tough campaign remains ahead.

But there has been increasing dismay with Diem's authoritarian methods. For in addition to his public commitment to democratic ways, the U.S. government figures that a regime must have wide popular backing if it is to withstand Communist assault for long.

The Buddhist opposition is regarded here as by far the most serious threat to Diem since he assumed power.

According to the prevailing U.S. assessment, the conflict started along religious lines but has quickly spread into politics with the Buddhist leaders serving as the rallying force for various opposition elements.

The dispute began last May with a Buddhist demonstration at Hue against a government order banning the flying of religious flags. Diem troops broke up the demonstration, killing eight. One incident followed another. A monk publicly burned himself to death in protest. Others did later.

Diem, one of a Roman Catholic minority in a country where some 70 per cent of the people are Buddhists, denied religious discrimination and lifted the flag ban. In June the Saigon government promised settlement of other demands in a show of conciliation which Washington welcomed. But its reforms were slow in coming and Buddhists resumed their demonstrations, marshaling for a showdown.

Then came Wednesday's lightning assault by Diem troops, under a presidential declaration of martial law, storming pagodas and arresting monks by the hundreds.

The U.S. government issued a public condemnation of these "repressive measures against the Vietnamese Buddhist leaders," calling them a direct violation of the Diem pledges of peaceful reconciliation with the Buddhists.

These were strong words against a friendly government issued, U.S. officials said, to make clear to the world that America does not support the Diem action.

But why didn't Kennedy take a positive step to topple Diem—such as chopping off American aid which keeps his government going?

The answer given in official quarters here is that the campaign against the Communists is first priority, no non-Communist replacement for the Diem regime is in sight, the United States must deal with the government in power and can effectively intervene in another country's internal affairs in only a very limited way.

As yet, it is stated, the Buddhist crisis has impaired the effort against the Viet Cong.

Sometimes a U.S. policy reassessment is under way accompanied by a close study of the Diem martial law action.

One question being raised: Is Diem still the real power in South Viet Nam?

The returning U.S. ambassador, Frederick Nolting, has reported that Diem appeared to favor conciliation with the Buddhists. But he—or someone in his name—took tough action.

Some suggest that Lodge's inquiry will show that the power behind the throne is Diem's brother, Ngo Dinh Nhu, head of the South Vietnamese secret police. Nhu has a reputation as a power seeker and advocate of a hard line against the Buddhists.

Nhu's outspoken Catholic wife, the official first lady because he is a bachelor, has denounced the monks as traitors and said she would applaud further suicides.

Little prospect for a successor to Diem has been seen here among the ranks of the Buddhist leaders. U.S. officials say that while the Buddhist opposition seems a convenient vehicle for many of Diem's critics, it does not provide the positive type of leadership needed to assume governmental responsibilities.

If a coup is staged against Diem, it is believed more likely to come from somewhere within his government—perhaps from dissatisfied army officers. The army is described as loyal to the president at this time.

Returned to Communist hands—North Korean officer Yi Chung Chol gestures at Lt. Cmdr. Willis Hearne, U. N. duty officer, left center, after Yi was turned over to North Korean duty officer Maj. Lee Jooho, right, inside the conference room at Panmunjon, Korea. Yi wears new pair of shorts after stripping naked before the conference table. He claimed to be a major, and was one of a party of six North Koreans that attacked a U. N. work party last September. (AP Wirephoto)

Sen. Tower, Gonzalez Ask For Probe

SAN ANTONIO (AP) — Two members of Congress are asking a State Department probe of why two young Texans jailed in Mexico were not aided by a U.S. consulate.

Sen. John Tower, R-Tex., said Wednesday he had joined Rep. Henry Gonzalez, D-Tex., in asking an investigation.

James King, 19, of Lamesa, and Gerald Newberry, 20, of Abilene were jailed more than a year ago on a smuggling charge.

Five and 6 1/2-year sentences were added recently to time they already had served in a federal prison at Piedras Negras.

A group of Eagle Pass, Tex., residents have been raising money to send them food, clothes and medical supplies. The two have been forced to live mostly on beans and tortillas since prisoners buy much of their food in Mexican jails.

Jose Victor Villarreal, a former mayor of Piedras Negras, has volunteered to represent King and Newberry in appealing their sentences.

The two were passengers in an airplane stolen at Midland in 1962. Their joyride ended just across the Mexican border at Piedras Negras. The pilot escaped after the three were arrested.

Requests from Gonzalez and Tower for a probe came after the San Antonio News reported the prisoners' plight.

Mexican officials said no one sought to have the two returned to the United States and they were kept in jail.

"Had the American consulate properly defended the boys they would have never been imprisoned," one Mexican involved in the case said.

Young Man Burns Self

AMARILLO (AP) — A young man, apparently remorseful because a quarrel caused his teenage wife to injure herself, poured gasoline on himself and set himself afire, authorities reported today.

The man, Robert Drennan, 22, of Pampa, suffered critical burns. Authorities reconstructed the events this way.

Drennan's wife, 16, leaped from their car during a domestic argument and suffered broken ribs and internal injuries. The incident occurred in downtown Amarillo Tuesday night.

Drennan went to the hospital Wednesday to visit his wife, who was in critical condition. He went into a closet, shut the door and poured gasoline from a soft drink bottle on himself and set himself afire.

A hospital attendant saw smoke coming from under the door and found him. His parents, Mr. and Mrs. Aubrey Drennan of Pampa were nearby. The flames were smothered with a sheet.

Rubbish Is Dumped On City Hall Plaza

NEW YORK (AP) — Eight demonstrators were arrested Wednesday when they dumped part of truckload of rubbish in City Hall Plaza to protest conditions in New York slums.

The rubbish included rusted bed-springs, torn mattresses and dilapidated furniture.

Seven of the demonstrators were charged with disorderly conduct, hitting and the eighth was charged with littering. All were released on bond.

The demonstration was organized by the Congress of Racial Equality and the East Side Tenants Council.

Your family's silent partner

Lying there on the doorstep, it can't speak Or Move Or Hear. But open it in your hands and it becomes a living, powerful partner in daily living. In the decisions you make, the opinions you form.

It takes you to the highest chambers of government. It takes you to the bloodiest streets of warring countries. It takes you to the heart of history in the making. In short, it tells you what in the world is happening and why.

But people depend on it for needs beyond the need to know. It's where families turn when something's to be bought or sold. It's where hints on health, cooking, religion, amusements, dressmaking, etiquette, marriage are found.

It's where charities first turn for help, and a place where a letter to the editor is published. It's where campaigns are fought and lost dogs are found. It's where criminals are exposed and newly-weds applauded. Where birth and death meet on the same page.

Fight Breaks Out As Yankees Win 2

By MIKE RATHET
Associated Press Sports Writer

"When I played ball, the only guys we threw at were 300 hits," Cleveland Manager Birdie Tebbetts said wryly. "Hell, the Yankees haven't got any."

Joe Pepitone's hitting for Umpire Tom DiMuro figures that's good enough to get thrown at.

Either way you look at it, for three minutes an explosive situation roared—Yankee Stadium Wednesday night at the tail end of the New York Yankees' doubleheader sweep over Cleveland, by identical 2-1 scores.

Pepitone, who punched out four

hits in the doubleheader, wound up throwing "em after he was hit by a pitch for the second time in the eighth inning of the second game. He was hit on the wrist by Barry Lutzke in the third, then sicked by Gary-Bell.

He started toward the mound and was restrained by Umpire DiMuro, who told Bell he was being fined \$50 for throwing a beanbat. Pepitone then jugged to first, turned and started again toward the mound. He was grabbed by first baseman Fred Whitfield and, within seconds, players were flailing away at one another.

"All the balls I saw thrown

were low," said Tebbetts, "except ones they (Stan Williams) are throwing."

"I'm not mad at anybody," said Pepitone. "After I was hit the second time I yelled at Bell, he yelled at me and pretty soon we were calling each other names. I just got upset and headed for him."

"I wasn't trying to hit him," said Bell, "and I'm not mad at him. But one word led to another."

It also led to Pepitone's ejection and four casualties—Cleveland infielders Larry Brown and Dick Howser, who suffered leg cuts, and managers Tebbetts and Ralph Houk of the Yankees, who were acting as peacemakers.

Houk suffered a muscle pull in his right thigh and Tebbetts was stepped on and spiked by Pepitone, he said.

HIT IT HARD—Tiger Line Coach V. V. Shearburn instructs two linemen with the use of the two-man sled, which is used in both defensive and offensive drills.

16 Teams Remain In Tennis Meet

BROOKLINE, Mass. (AP)—Things began to get sticky, as British Davis Cuppers Roger Taylor and Bobby Wilson would say, as the National Doubles Tennis Championships moved into their fourth day today at Longwood Cricket Club.

The original men's field of 64—with Chuck McKinley of San Antonio and Dennis Ralston of Bakerfield, Calif., and Mexican Rafael Osuna and Antonio Palaflox co-invited—has been melted down to 16. Seven of eight seeded teams remain.

On the women's side, 12 teams are left in the running, and none of the eight seeds has so much as been seriously tested.

Darlene Guard and Maria Bueno, the graceful Brazilian, are shooting for their third title together, and the sixth straight for Darlene, the former U.S. champ from Los Angeles.

Of the seeds, only No. 8 Billy Bond of La Jolla, Calif., and Tom Edliessen of Berkeley, Calif., were uprooted Wednesday.

Being the job was a pick-up team of Jim McManus of Berkeley and Allen Fox, a grad

student in psychology at UCLA. Neither McManus nor Fox had a partner when he phoned his entry to Longwood. They were matched by the tournament publicist, Paul Connolly, who now predicts they'll get to the semis at least.

Serving almost faultlessly, Fox and McManus sidled Bond and Edliessen, 6-3, 12-10, 6-4.

Of the seeded men remaining, the most difficult assignment would seem to fall to No. 4 Britons Wilson and Taylor.

In an intra-Commonwealth match, they play New Zealanders here, are matched against 20-year-old Jimmy Parker, a Rice student from Creve Coeur, Mo., and Jim Davis, a USC grad from Los Angeles.

Osuna and Palaflox, the Wimbledon champs and the defenders here, are matched against 20-year-old Jimmy Parker, a Rice student from Creve Coeur, Mo., and Jim Davis, a USC grad from Los Angeles.

The twin victories increased the Yankees' American League lead to 10 games over the Chicago White Sox, who whipped Boston 7-1 as Gary Peters posted his ninth consecutive victory with a six-hit, Minnesota-sloped Detroit 12-1. Washington took Kansas City 5-1, and Baltimore and the Los Angeles Angels split. The Orioles won 7-5 as Steve Barber became the AL's biggest slugger with 10-10 victories and the Angels took the nightcap 2-3.

The National League leading Los Angeles Dodgers defeated second-place St. Louis 2-1 in 16 innings. Milwaukee knocked out Cincinnati 4-2. Houston shut out Cincinnati 1-0 and Pittsburgh edged the Chicago Cubs 7-6. The New York Mets and Philadelphia were rained out.

Pepitone drove in the decisive run for the Yankees in the nightcap with a two-run double off loser Lutzke in the first inning, and Williams, 7-3, protected the lead all the way by keeping eight Indian hits well spaced. Tom Tresh stroked two doubles in the opener, scoring the first Yankee run and driving in the other two in support of Al Downing's three-hit pitching. Downing is 4-10.

Peters, a rookie left-hander, brought his record to 14-5 and extended a string of scoreless innings to 23 before the Red Sox scored in the ninth on singles by Ed Malone, Ed Bressoud and Bob Tillman. Peters' got batting support from rookie teammate Pete Ward, who hit his 17th homer and drove in another run with a grounder. Bill Monbouquette, 16-8, took the loss.

Don Mincher paced the Twins against the Tigers with a single, double, homer and four runs batted in, while Rollins drove in three with two singles before leaving the game with a sprained wrist. Both Mincher and Harmon Killebrew collected two hits in an eight-run fourth inning, and it was easy for Camilo Pascual, 16-6.

Don Lock and Don Zimmer hit homers in the Senators' triumph over the A's, Zimmer scoring the tie-breaking run in the seventh. He singled and came around on singles by Ken Retzer and Chuck Cottler. Ron Moeller was the winner with Ed Roebuck's relief help.

Barber, 18-9, won the opener for the Orioles with Dick Hall's two-hit relief over the final 3-1-3 innings. A six-run second inning, in which the key hits were a two-run single by Russ Snyder, drove the job done. The Angels came back to take the nightcap with a two-run seventh fashioned on a double by Felix Torres and singles by Lee Thomas and Bob Rodgers. Art Fowler was the winner with 4-2-3 innings of two-hit relief work.

Houston Hosts Chargers In AFL

By DON WEISS
Associated Press Sports Writer

George Blanda, the graybeard quarterback who fights for his job against the fazz-checks every summer and usually wins it, will lead the Houston Oilers against the San Diego Chargers tonight as professional football kicks off another busy weekend of exhibitions.

The game at Houston represents the first home appearance of the Oilers, who have bounced back to win two games since taking a 27-10 cutting from the Denver Broncos in their pre-season opener. Blanda, beginning his 14th pro season, was primarily responsible for the second one—a 21-20 victory at Boston last week after the Oilers trailed 20-0 at the half. Jacky Lee, Blanda's youthful alternate at quarterback, could not get the club going, so coach Pop Ivy turned to old standby Blanda. He completed 10 of 12 passes, three for touchdowns, and may have clinched a starting job once more.

The San Diego-Houston struggle is the first of 11 games on the pro schedule in the next four days—bringing all 22 teams into action.

On Friday night, Denver is at Kansas City in the AFL; on Saturday, Boston is at Buffalo, and in the National League Chicago plays Green Bay at Milwaukee, Baltimore meets Pittsburgh at Atlanta, Detroit meets St. Louis at Omaha, Philadelphia plays Washington at Charlotte, and Dallas goes against Los Angeles at Portland, Ore., all in night games.

On Sunday, the NFL has two games—Cleveland at San Francisco and New York at Minnesota; and in the AFL, it's New York at Oakland.

So far, the older, established NFL—given a tremendous boost by the more than 23,000 fans who turned up at Cleveland for a doubleheader last Saturday night—has far outdistanced the AFL in attendance. For 13 dates, NFL pre-season attendance is 597,697. With 20 dates left, the league is sure to top the million mark in exhibition crowds for the second straight year.

The AFL total is about 142,000 for its first 11 dates and the biggest disappointment has been the mere 5,700 who turned up at Kansas City for the first appearance of the transplanted league champs—the Dallas Texans—two weeks ago. The Kansas City folk will get another chance to show their interest in the game between the Chiefs and the Denver Broncos Friday night.

The Broncos, with of Frank Tripucka passing and Gene Mink running and kicking, have won two of three and handed San Diego its first exhibition loss in four years, 31-25, last Saturday.

All the coaches except Darrell Royal of Texas and Frank Broyles of Arkansas said they expected better teams. Texas and Arkansas nevertheless remain favorites for the championship.

Each coach discussed his prospects. Hayden Fry of Southern Methodist brought down the house when he said: "Pardon me for being cheeky, but this is by far the largest crowd we have been before in some time."

SMU won only two games last season and the crowds were small. Three of his players—Don Campbell, John Hughes and Martin Cude—with him.

Other players present were Ray Kubala, Mike Pittman and Jim Stabler of Texas A&M; Bobby Greenhaw, Ronnie Rogers and Bobby Maples of Baylor; George Paury and Malcolm Walker of Rice; Lynn Morrison, J. J. Terrell and Tom Magafin of Texas Christian; C. C. Willis, Donny Anderson and David Parks of Texas Tech; Fred Marshall of Arkansas; and Tommy Ford, Dan McWilliams and Scott Appleton of Texas.

SWC Season Launched By Rally

PORT WORTH (AP)—The Southwest Conference football season was pretty well launched although it's only August as 800 turned out for the fifth annual football rally sponsored by the Greater Fort Worth Sports Committee.

All the Southwest Conference head coaches except John Briders of Baylor attended. Chuck Purvis, Briders' first assistant, represented Baylor.

All the coaches except Darrell Royal of Texas and Frank Broyles of Arkansas said they expected better teams. Texas and Arkansas nevertheless remain favorites for the championship.

Each coach discussed his prospects. Hayden Fry of Southern Methodist brought down the house when he said: "Pardon me for being cheeky, but this is by far the largest crowd we have been before in some time."

SMU won only two games last season and the crowds were small. Three of his players—Don Campbell, John Hughes and Martin Cude—with him.

J. Terrell and Tom Magafin of Texas Christian; C. C. Willis, Donny Anderson and David Parks of Texas Tech; Fred Marshall of Arkansas; and Tommy Ford, Dan McWilliams and Scott Appleton of Texas.

4-Team Race Develops In Texas League

Point running San Antonio lost half a game of its lead and the Austin's continuing slump plunged it from second to a tie for third.

Now there are only three games difference in the first four teams. El Paso produced the outstanding individual accomplishment. Pitcher Corky Johnson not only went in for some top relief work but hit a two-run homer that sparked the San Kings to an 8-7 victory over San Antonio.

The Bullets jumped on three El Paso pitchers for seven runs in five innings before Johnson's summertime. He retired 12 straight batters in the last four innings.

San Antonio also lost the services of first baseman Charles Harrison for a week. He was hit in the head by a pitch and it took 14 stitches to close the resulting gash.

Umarillo clubbed Austin for the fourth straight time to hasten the Senators' plunge. The God Sox won 8-5, cashing in mostly on Austin's erratic pitching. Three Austin pitchers walked 11 batters. Tulsa had to go 14 innings to nose out Albuquerque 5-4 and move into a tie for third with Austin. Joe Patterson hit two doubles to put Tulsa over. His first tied the score in the ninth and his second enabled him to score behind Roy Matjka's double in the 10th.

LEAGUE WINNERS — The Ups and Downs Summer League was won by the team sponsored by Bill's Auto Salvage. Shown here are Ette Lee (extreme left) of E. L. Fikes Construction, who had the most improved average, and the four members of the winning team: Evelyn Dorman (high series with 603), Jo Ann Everton (who tied with Evelyn Dorman for high game with 201), Iva Martin and Neita Vaughn.

Watch The Big Boys In Golf Open

By JOE MOOSHLI
Associated Press Sports Writer

AKRON, Ohio (AP)—Watch the big boys. That's the word in the American Golf Classic, a 72-hole test which begins Thursday and winds up Sunday.

Arnold Palmer, Jack Nicklaus and Julius Boros are favored because of their ability to master the long, tough course. The 7,165-yard Firestone Country Club course is one of the longest and toughest in the country.

Most of the players competing agree that Al Palmer and Nicklaus are the "big boys" of the \$50,000 tournament. With a top prize of \$30,000, could become the top show.

Boros, the U.S. Open champion, enjoying one of his best years and the 43-year-old veteran ranks as a strong contender.

Although the long hitters are getting all the attention, one man who shouldn't be overlooked is little Gary Player. He has not been on the tour since the PGA a month ago and is well rested.

Player started off with a bang in a practice round Wednesday. He had a birdie, an eagle and another birdie on the first three holes and finished with a two-under-par 68.

"—and—great," said Player, "but I never like to predict who will win any tournament. I always believe everybody has a chance. The course is long and long and the sand traps are going to be troublesome. I think a score as high as 282 could win it."

Palmer won the Classic last year with a four-round course record of 276. He indicated he'll be just as tough this year when he shot a one-under-par 69 in a playoff Tuesday against Phil Rodgers and Jacky Cupit to win the fourth and final berth in the World Series of Golf, which is scheduled at the Firestone course Sept. 7-8.

Although the New York Giants won 26 straight games to set a record in 1916, the team finished fourth. The streak has never been beaten.

New Cowboy Camp Opened

FOREST GROVE, Ore. (AP)—The Dallas Cowboys of the National Football League set up training headquarters at Pacific University after a month at California Lutheran College in Thousand Oaks, Calif.

The Cowboys broke camp in California last week, flew to Dallas and dropped a 31-10 decision to champion Green Bay, then landed here Sunday to put their finishing touches on plans for their fourth NFL season.

Their entire defense and offense will be installed when the Cowboys play the Los Angeles Rams a return engagement Saturday night in Portland. The Cowboys beat the Rams 17-14 two weeks ago.

Pettis Norman, sensation of the preseason game, said the "new" ball will play split end this week. He has turned in outstanding performances at flanker and tight end. Coach Tom Lanter figures to use him at all three pass receiving positions.

Colt World Series Nears Completion

SHAWNEE, Okla. (AP)—Bob Ivey doubled home the winning run in the last of the 13th inning Wednesday night to give Charlotte, N.C., a narrow 8-7 verdict over San Jose, Calif., in the Colt League—Baseball World Series.

The victory kept Charlotte undefeated in the double elimination tourney and sent San Jose into the losers' bracket. The team tonight against Rockford, Ill., which eliminated Macon, Ga., 3-1.

Air Base Practice Set For WT State

CANYON (AP)—West Texas State will hold a football practice at an Air Force base and this is believed to be a first.

Coach Joe Kerbel said his West Texas squad would drill at Amarillo Air Force Base Sept. 12.

All base personnel, military and civilian, will be invited to the workout. Kerbel will describe some of the formations the Buffaloes use.

15-Year-Old Leads Golf Tournament

MIDLAND, Tex. (AP)—Slim Jeff Riley of Panama carried a one-shot lead into the third round of the 18th International Junior Chamber of Commerce Golf Tournament today.

The 15-year-old high school sophomore shot a three-over-par 73 Wednesday to go with an opening 67 and retained the edge over a Nipping at his heels as the field split over the 6,547-yard Ranchland Hills course were Don Iversen of Mexico, J. W. Richards of San Jose, Calif., and Anthony of Andalusia, Ala., and Don Baranco of Caldwell, Idaho. Iversen carded a second round 37-37, over the tough 7,040-yard Midland course. Iversen tonight 143. Anthony matched par with a 72 for the total.

Baranco, who struggled gamely through a front nine, dropped birdie putts of 10 and 10 feet on the back side to post 71.

Roberto Duran, also of Panama, was next at 144 after likewise shooting a 71. He held a one-stroke lead over John Richard of Ann Arbor, Mich., another 71 shooter, and Wendell Coffee of Avondale, Ga., who had a 74.

A stroke back were seven 147 shooters. They included Phil Richie of Hawaii, a pre-tourney favorite who carded a 75 to go with his initial 71.

Monterrey Eliminated In Little League Play

WILLIAMSPORT, Pa. (AP)—It will be an all-U.S. final Saturday for the 1963 Little League baseball championship.

The sentimental co-favorites, Monterrey, Mexico, and Valleyfield, Quebec, were eliminated Wednesday, narrowing the field to 11, four U.S. entries.

Bullough, Minn., cashed in on Monterrey's mistakes to beat the Quebecers, 5-1, in the ninth. Latin Americans 5-2, while John Siosar fired a two-hitter as Stratford, Conn., breezed by Valleyfield 8-1.

Other survivors going into today's semifinal round were Grand Hills, Calif., and a team of U.S. military dependents from Izmir, Turkey.

Dodgers Win In 16 Innings

By MIKE RATHET
Associated Press Sports Writer

Johnny Roseboro, who probably has set a world record for deep knee bends, ripped a line single just before the clock struck midnight at Los Angeles that may have tolled the end of St. Louis' National League pennant hopes.

The Dodger catcher singled past third base scoring Ken McMullen, who had doubled, with the winning run in a 16-inning marathon that gave the first-place Dodgers a 2-1 decision over the Cardinals in a 7 1/2 game lead.

That sent the largest crowd of the year—34,125—home happy despite their failure to see Sandy Koufax get his 20th victory. The ace Los Angeles left-hander left for a pinch hitter in the 12th after allowing nine hits.

Koufax, however, did achieve another distinction in his battle with Cardinal starter Curt Simmons, who retired for a pinch springer in the 14th after pitching a seven-inning, in the 12th, Koufax struck out Tim McCarver for the 1,400th strikeout of his career.

The triumph, the Dodgers seventh in a row and sixth straight against the Cardinals, also dropped defending champion San Francisco another length back. The Giants fell 8 1/2 behind, losing their fifth in a row, 5-2 to Milwaukee as Eddie Mathews hit two homers for the Braves.

Elsewhere Houston's Don Nottbart, who allowed a run when he pitched a no-hitter against Philadelphia May 17, posted his first shutout with a four-hit, 1-0 victory over Cincinnati, and Jerry Lynch set a major league record with his 15th pinch-hit homer, a ninth-inning shot that gave Pittsburgh a 7-6 decision over the Chicago Cubs.

The New York Mets and Philadelphia were rained out.

The American League leading New York Yankees swept a 2-1 nightcap from Cleveland by identical 3-1 scores, the Chicago White Sox belted Boston 7-1, Minnesota walloped Detroit 12-1, Washington defeated Kansas City 5-1 and the Los Angeles Angels edged Baltimore 3-2 after the Orioles won the

opener of a twin-night 7-4.

The Dodgers scored first, getting a run in the third on a double by Jim Gilliam and Frank Howard's single, but the Cardinals got even in the sixth when Ken Boyer singled and eventually came across on Julian Javier's grounder. It stayed at 1-1 until the 16th when, with two out, McMullen bounced a ground double over the center field fence and Roseboro followed with the clincher, Larry Sherry, 2-4, was the winner, with Ron Taylor, 7-5, taking the loss.

The Braves, winning their seventh in eight games at San Francisco, scored twice in the first against Gaylord Perry and were even in the third before Mathews connected again in the fifth. Supported by a 14-hit attack, Bob Hentley went the distance for the Braves and brought his record to 8-5 by scattering eight Giants hits.

Nottbart, 8-5, outduelled the Reds' Jim O'Toole, who allowed only five hits in the seven innings he worked. O'Toole gave up the game's only run in the second on a single by Warwick, a ground out and Bob Aspromonte's single. Nottbart got into his only jam when Tommy Harper led off the fourth with a triple, but he set down Vada Pinson, Frank Robinson and Gordy Coleman in order.

Lynch, who exactly a month ago tagged Lindy McDaniel for his 14th pinch-hit homer, tagged McDaniel for the game-winner and the record-breaker on a 3-1 pitch. The blow broke George Crowe's record of 14 and made Al McBean, 13-3, the winner. McDaniel, 8-6, lost it. The Pirates had to scramble to win as Harvey Haddix tied a NL record of three wild pitches in one inning as the Cubs pulled ahead with three runs in the sixth.

NO SMALL BURDEN

People Can't Live Forever In Fright

By HAL BOYLE
NEW YORK (AP)—Curbstone comments of a Pavement Plato: People can't live frightened forever.

A constant peril either drives them out of their minds, or they become numb to it. That has happened in the case of the threat of nuclear warfare. The pall that cast a shadow over the future of mankind with the first atomic explosion at Alamogordo, N.M., less than two decades ago, is still as dark as ever.

The menace is even mightier as more nations unlock the secrets of atomic power, and as the strength of the bomb grows from thousands of tons of TNT to millions of tons of TNT. But the biggest bomb becomes, it does not seem to frighten people more. They seem to prefer to let the diplomats wrangle over the problem.

Remember the reaction that gripped America a few years ago when Russia first exploded an atomic device?

We were nearly scared out of our wits. People stocked emergency supplies of food and water in their homes. Some stocked their cars also. Some bought hideaways in the country so they'd have a place to flee to.

Some even joined churches to get right with the Lord — just in case.

Some quit drinking milk, fearing it had become a health danger because of the contamination of strontium 90 from atomic fallout. Gradually, as nothing much happened — except that more and more test bombs burst in the atmosphere over isolated desert and ocean areas — the panic abated. Life returned to routine. The ordinary man resumed his ordinary worries — how to find love in a dubious world, how to raise his kids, how to get up the rent money or meet the mortgage payments.

What about the unsolved problem of the hydrogen bomb? Let George fret about it. The man in the street seems to have turned his back on the whole subject. Since he has concluded he can't do anything about it individually, he no longer wants to talk about it.

Panel Urges New System For Colleges

AUSTIN (AP)—The governor's higher education study committee is weighing recommendations that Texas revolutionize its college organization and tuition rates.

Gifford Johnson of Dallas said in a subcommittee report to the full 25-man committee Wednesday that tuition-free state colleges would help close the growing gap between college graduates and job openings.

Texas colleges have charged tuition since the 1900s. Resident students paid \$25 a semester until 1957, when it rose to \$50 a semester. Johnson also recommended a change in organization of state colleges into four categories: One system for students in the upper 15 per cent of their high school graduating classes, one system for those in the upper 35 per cent of their classes, a junior college system open to all high school graduates, and a system of vocational colleges.

California has a similar setup. The committee probably will not act on the report until after Jan. 1.

Massachusetts Woods Really Full Of 'Em This Summer

BY INEZ ROBB
TANGLEWOOD, Mass. — If someone in this territory says "The woods are full of 'em," he isn't referring to the canny deer that have plastered the highways with the warnings: "Deer Crossing."

What the woods — and they are very beautiful — are full of in this district are violinists, painters, apprentice actors, jazz aficionados, ballet scholars, sun-bathing members of the Boston Symphony Orchestra and fans and/or patrons.

Tanglewood, where the Boston Symphony Orchestra (famously known in these parts simply as "The BSO") presents an eight-week summer season, in the center of the largest Kulturkatsch in this country. It is spread all over the Berkshires. And while it is centered in Massachusetts, the enclave spills over into the Shaker Museum on the West at Sharon, N. Y., and into the Catharine Playhouse, the Music Mountain and the Yale Summer School in Connecticut on the South.

The northern boundary is Williamstown with its summer of straw-hat theatre and the excellent, year-round Clark Art Institute, which, for example, has Reniors running out of its ears. Thirty "em" are on display at the moment. And that is only a fraction of the institute's goodies. Its collection of silver and porcelain, almost lost among the pictures, would justify any other museum.

The enclave's eastern boundary is the romantically named Jacob's Pillow, the ballet center founded and still run by the ageless and indefatigable Ted Shawn. "I was wise enough to write and buy tickets for the BSO performance three weeks before coming to Tanglewood. I didn't dream the ballet performances would boast an SRO sign, too."

As a matter of fact, even the cows in this district can't get into any barn without a ticket and a reserved seat. The Music Barn is a prime example. A black Angus, unless it's a cool cat, couldn't hope to get through the Barn door. The Barn, which is only three haystacks and a meadow away from the Tanglewood home of the BSO, is sacred to jazz in all its forms.

There is something for everyone in this Kulturkatsch, from longhairs to beatniks. It is a toss-up which is the most painful: the foreigner and banker types with proper Bostonian written all over them or the beatniks, male and female. There is this to be said for the Back Bayers — at least they bathe.

But, on the whole, the audiences here that pack the theatres, the art museums, the dance programs and the concerts, whether symphonic or eclectic, are composed of Americans who come from all over the United States (see the car licenses in the parking lot) to enjoy a tremendous variety of cultural fare.

Before its season is ended next week, it is anticipated that at least a quarter of a million persons will have paid to hear the concerts of the Boston Symphony Orchestra in a "shell" that seats 6,000. Since the Boston orchestra first played here in 1936 it has acted as a magnet for other arts and artists during a national period of cultural explosion.

Until a year ago this cultural explosion was rated as one of the nation's prime achievements in the 20th Century. But suddenly within the past 12 months it has become the fashion to downgrade the nation's interest in the arts. Some very vocal native critics have discovered that we Americans aren't good for culture. It is the old urge to belittle American cultural interests.

Fortunately, the downgrading hasn't affected this enclave. In this neck of the woods culture is still going like crazy. (Copyright, 1963, by United Feature Syndicate, Inc.)

Rosary, Medals Are Lowered To Miners

HAZLETON, Pa. (AP)—A rosary and St. Christopher's medals were lowered Wednesday night through a 66-inch lifeline hole to two miners trapped 331 feet underground.

They were provided by the Rev. Edmund Roman, a Roman Catholic missionary. A Hazleton family got the rosary and medals on a recent trip to Rome, where the articles were blessed by the Pope.

Junior Editors Quiz on REPTILES

QUESTION: How can one tell a crocodile from an alligator?

ANSWER: If you can imagine being called upon to judge a contest for world's ugliest beast, you'd appreciate the point of view of the boy in our picture. The alligator is the big, surly-looking beast on the left; the crocodile is the nasty specimen to the right. The picture shows clearly how to tell these creatures apart: the alligator's snout is much wider, rounded at the end; the crocodile's nose, with a more pointed tip, is very narrow for its length.

We have both an American alligator and an American crocodile — although the latter is found only in the extreme southern part of Florida. The alligator is larger, growing up to 16 feet and is a sluggish animal. While dangerous to man, the alligator is not so much so as the crocodile, a faster moving, more vicious creature, even if it is slightly smaller. Crocodiles like warmer, more salty water than alligators. In other parts of the world — India and Africa — crocodiles grow to enormous dimensions — up to 30 feet in length, and are extremely dangerous to human beings.

FOR YOU TO DO: Find out about the special group of reptiles to which the crocodiles and alligators belong in a book on natural history. They are particularly interesting because their history goes so far back.

(Billy Vlek of Rocky Mount, N. C., wins today's grand prize of a 20-volume World Book Encyclopedia for this question. Mail yours on a postcard to Junior Editors in care of this newspaper, and you may win a set too.)

Jimmy Byrnes Still A Jaunty Man At 84

By AL LANIER
COLUMBIA, S.C. (AP)—At 84, Jimmy Byrnes is still the jaunty, keen-eyed man seen in the newsreels with world leaders in the fateful years of the 1940s.

With upright figure and hat cocked at a rakish angle, he remains the jaunty man seen in the newsreels with world leaders in the fateful years of the 1940s.

Columbia has more cocktail parties than Washington, but I don't go to them.

Heat Blamed In Death Of Dallas Woman

By The Associated Press
SUMMER'S renewed onslaught was blamed for the death of a Dallas woman and two other Texas cities — Cotulla and Laredo with 106-degree highs — turned up with the hottest weather in the nation Wednesday.

Thunderstorms soaked areas around Victoria and north of Houston late in the day to provide temporary relief from the heat in these localities.

MARTHA'S SEXPOP IN THIS MOVIE — Actress Martha Hyer, known to movie fans as portrayor of the high-type lady, is doing an about face for her role in the movie called "The Carpetbaggers." Martha plays the part of a Hollywood call girl named Jennie Denton. "It's like the role I've been waiting for all my life," says Miss Hyer. "I'm weary of these ladylike roles." (AP Wire-Photo)

Future Eyed Cautiously As U. S. Economy Holds Firm

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—Times are good now but how much longer can that last?

President Kennedy posed the question at his news conference Tuesday. Business economists and stock market chart followers have been asking the same thing.

They are mindful that the current upturn in the economy is some 30 months old. By past records that suggests a recession is in the classification of senior citizens.

The President's precise evaluation of the economy today is: "Good. Slightly better than was estimated in January. What we must be concerned about always, of course, is the future."

Most of the statistics on which business and financial economists base their stock-taking show the economy healthy. In fact, it is healthier than many had expected only a few months back when the long upturn showed signs of slowing down.

Persons who wish to donate blood to the bank to the hospital here, or to individuals who need to pay back blood from the bank, may contribute blood to the mobile unit. Also, persons who wish to provide blood "insurance" for themselves for a year may do so.

solved problem of stubborn unemployment. Personal incomes rose to a fifth straight monthly record in July with an annual rate of \$464.3 billion. Factory sales of durable goods hit a \$17.6 billion record in July, 8 per cent above a year ago.

Blood Bank Mobile Unit Coming Here

The Southwest Blood Bank mobile unit is scheduled to be here on Sept. 23, it was announced today.

Except for concern over the age of the upturn from the 1959-61 recession, the economy today gives a good basis for confidence. Industrial production is at a new high. It is expected to go higher when the auto industry gets into high gear with new model production.

Today, the Byrnes live in a fashionable but unpretentious Columbia home. He visits his downtown law office regularly. But most of his time—and money—are devoted to the James F. Byrnes Foundation, which provides college scholarships to orphans.

"I don't accept employment of any kind," Byrnes said in a recent interview. "I'll make a speech on a public question I'm interested in, when I feel like it."

To meet the financial demands of the college awards, Byrnes has turned over to the foundation "every dollar" he ever made from his books, articles and speeches. His retirement money he gets from the federal government also is funneled into it, and recently his beach house at the Isle of Palms near Charleston was sold for \$25,000 to keep the awards program operating.

"We've used about all I feel I can spare from my savings," said Byrnes. "But whatever we can get along without, I'll give."

The foundation was started in 1948 with \$50,000 Byrnes received from the New York Herald Tribune for the newspaper rights to his book "Speaking Frankly." About \$40,000 in royalties from the book also went into the program which provides \$500 a year for four years for each recipient. The money is an outright grant, not a loan to be paid back.

"Since 1948, the grants have gone to 265 young people and all but five have turned out to be college material," Byrnes said proudly.

"You know, I think orphans have an advantage over the rich boy who has no incentive," he added. "There is such a thing as an aristocracy of character, brains and energy."

Most of the grants have been made to white orphans, but several Negroes have received them, including two who have become doctors and one now in the ministry.

Keenly interested in foreign affairs, Byrnes is critical of the Kennedy administration's handling of the Cuban situation.

He also opposes many aspects of the administration's racial policies.

About a year ago, Byrnes gave up golf and concentrated on fishing. Firmly convinced that fish bite best about daybreak, it is not unusual for Byrnes, his wife and their Negro chauffeur, Willie Byrd, to leave home at 3 a.m. and head for a pond.

By early Friday skies were clear everywhere in the state except for a few clouds over West Texas.

In Dallas, Mrs. Ira E. Nash, 68, collapsed while helping her husband load a trailer and died en route to a hospital. A doctor said death resulted from a sun stroke.

A 90-minute thunderstorm turned loose 2.30 inches of rain 4 miles west of Victoria. The city's Weather Bureau 6 miles east of town measured 1.45 inches in an hour. It was the heaviest rain in that vicinity since last Sept. 10, when 1.54 inches fell.

During the Victoria storm the mercury nosedived from 99 degrees to 72. Winds hitting 44 miles per hour in gusts accompanied the downpour.

Along the San Jacinto River south of Huntsville some rural areas received up to 2 inches of rain. Whipped by winds up to 45 m.p.h. the heavy rain cut visibility to less than a quarter mile for a time in Northwest Harris County and Southern Montgomery County.

Light showers skipped over parts of Southeast Texas, the hill country northwest of San Antonio and Northwest Texas.

Forecasts promised clear to partly cloudy skies and more hot weather through Friday. A few showers were expected in West and South Texas.

Aside from the 106-degree highs at Cotulla and Laredo, top marks Wednesday ranged from 104 at Presidio down to 88 at Galveston.

Hermleigh Residents' Brother Dies

Funeral services have been tentatively set for Friday in Savel-water for Charles H. Mason, 76, retired, Rock Island Railroad switchman. He died at 3:30 p.m. Wednesday in Simmons Memorial Hospital.

Mr. Mason was the brother of four Hermleigh residents. They are John, Clyde, O. K., and Dick Mason.

Born in Garland, Sept. 13, 1886, Mr. Mason had worked in Illinois for the Rock Island Railroad from 1907 to 1957.

He was a veteran of World War I and a 32nd degree Mason.

Other survivors include his wife, one other brother, E. M. of Monahan, four stepdaughters, Mrs. W. F. Walls of Ada, Okla., Mrs. Lane Patton of San Angelo, Mrs. M. W. Tooke of Ozona, and Mrs. W. L. Romans of Denver, Colo.; and a stepson, Lloyd Wims of Madison, Wis.
