GIRL IS BELIEVED IN SERIOUS CONDITION; PAIR IN HOSPITAL
FORT WORTH, April 25.—A young man and a young woman having their "first date" together late last night were held up by two men south of the Baptist Seminary, kidnaped, put out of their car near Walnut Springs, 40 miles southwest of here in Bosque county, and beaten into unconsciousness with rocks.

Ordered to "Drive On"
Patillo said he and Miss Caviness were seated in their car about 11 p. m. when two men, with drawn guns, got into the rear seat and ordered them to "drive on."

Ordered Back in Car
The men then ordered the couple back into the automobile, and Patillo said he was instructed to drive through Walnut Springs several miles on a side road, where the men again ordered a halt.

Walked to Station
Patillo said some time later he regained consciousness. The car was gone, and Miss Caviness still was unconscious. Dazed, he picked up the girl and attempted to carry her.

P. T. A. SCORE GIRLS' DRESS

MOVEMENT IS STARTED FOR UNIFORMS FOR TEXAS GIRLS
DALLAS, April 25.—Playing sheer silk underwear, high-heeled slippers and "extreme dresses" for school wear, parents and teachers of this section started a movement here today to have middie blouses, simple dark skirts and low-heeled shoes made compulsory for girls attending Texas public high schools.

Extravagant dress among well-to-do girls is the cause of many unfinanced educations among the less fortunate class which cannot afford such clothes, Mrs. Ella Caruthers, P. T. A. president, said.

POLICE PROBE QUEER DEATHS

MOTHER IS HELD FOR INVESTIGATION OF POISON CASES

(By Associated Press) LONG BEACH, Calif., April 25.—Mrs. Mary Hartman, whose husband, son and daughter died under circumstances which police described as mysterious, was held today pending an investigation.

Mrs. Hartman's detention followed discovery Wednesday of a poison in vital organs of Ruth Hartman, 14, who died April 14.

Coroner Frank Nance, of Los Angeles county, ordered the bodies of O. B. Hartman, 47, the woman's husband, who died two years ago following a mysterious attack in which his head was injured, and Henry A. Hartman, 22, her son, who died last year apparently of pneumonia poisoning, returned for further examination.

Investigation Into Plane Crash Opens

ATTICA, N. Y., April 25.—(Special)—Department of Commerce inspectors have been ordered to investigate an airplane accident in which Major Lionel M. Woodson, widely known motor designer and chief aeronautical engineer for the Packard Motor company, and two companions were killed.

Major Woodson, Carl E. Knight, chief test pilot for the Verville Aircraft Corporation of Detroit, and Harold B. Scott, pilot of Douglasson, N. Y., lost their lives when the Diesel-motored Verville plane they were flying from Detroit to New York crashed into a hillside during a snowstorm.

Reports On Idalou Schools Are False

IDALOU, April 25.—(Special)—The Idalou high school has not lost its credits with the state department of education, contrary to reports to that effect, J. N. Sower, president of the board announced in a signed statement.

Also, another report that the board is going to raise taxes this year is false, he added.

The board has approximately \$6,100 which it is using to pay off school bonds. The money was accumulated in the school's sinking fund.

Olga Elde Eipards, actress, (left), found guilty of attempted extortion against Nathan Leo Amster (below), New York millionaire, has been remanded to jail to await sentence which may bring her from three and one-half to seven years. In her trial Miss Edwards denied the charge, declaring that Amster established a trust fund for her small son, Leo (top right), and failed to keep its provisions.

Murder Suspect Is Held In Ft. Worth

FORT WORTH, April 25.—(Special)—Although identified by Mrs. L. E. Lowrey as the man she saw talking with Mrs. Pearl Voss at 10:10 p. m. on the night of March 15, a suspect held here Thursday for questioning denied he was implicated in the slaying of Mrs. Voss. She was found in a pasture near here, her head apparently crushed by blows of a hammer.

The man was arrested in Brownwood and was returned here Wednesday, but, after making a written statement to investigators, was led back to jail.

More than \$800,000 worth of gold balls were imported into the United States last year.

ANOTHER MAN HELD IN PLOT

CASPER TILLMAN TELLS OF PART IN DEATH OF PEARMAN

(By Associated Press) LINN, Mo., April 25.—Casper Tillman of Osage county was arrested today by Sheriff Peter Schmitzler of Osage county and confessed to participation with Dr. Andrew J. Bass of Columbia in the murder of William Pearman, Columbia automobile salesman, and in the disposition of the body of Pearman. Tillman is 35 years old, is married and has five children.

Acting on a tip from Boyle G. Clark, attorney for Dr. Bass, who had already confessed to the Gravelle, Ark., murder, Boone county officers asked for the arrest of Tillman. Dr. Bass yesterday called John R. Duty, Arkansas attorney to his cell at Bentonville, Arkansas, and admitted Tillman assisted him.

LEASES LORENZO MARKET

LORENZO, April 25.—(Special)—A. B. Starnes, of Big Spring, has leased the market operated in connection with the Piggly Wiggly market and will handle this work in addition to buying cattle.

Mr. Starnes has leased the market from the store. He has moved his family here and is occupying the A. C. Woodward home in East Lorenzo.

Two States Have New Differences

AUSTIN, April 25, (AP)—Texas and Wisconsin have new differences. Governor Walter Kohler of Wisconsin has suggested to Governor Moody that their respective committees to adjust differences existing over Wisconsin's Texas realty ban meet in St. Louis. "An immediate and neutral point," Governor Moody wants the Wisconsin representatives to come to Texas and the Rio Grande valley for a first hand inspection of the lands, some of which the Wisconsin state realty board would bar from the market in that state.

Try on a **SOLAR STRAW** — and see for yourself why more men wear this hat than any other!

Extreme care has been taken in the fashioning of these hats—they're not merely manufactured. You'll like the feel as well as the look of them! They have that "something" all men seek in headwear . . . it's hard to define, but easy to find in every SOLAR straw.

Brands and bodies of these straws are the pick of the world markets. Experts deftly shape them into hats well ahead of the style trend. This year the sweep of the brims is smarter and the crowns mount becomingly higher. Silk bands are in deep shades, either plain or striped.

Inside, as well as out, SOLAR stylists make strict demands. Sweat bands must be soft, yielding easily to the form of the head. Linings and details of finish must never swerve from a superior standard.

All this, because SOLAR straw wearers must know they are smartly correct!

DESCRIPTION OF PLANET 'X' IS ANNOUNCED

LOWELL ASTRONOMER HAS FACTS ON NEW DISCOVERY

(By Associated Press)
TUCSON, Ariz., April 25.—A description of planet "X," heralded as the ninth planetary member of the solar system, in which the recently discovered astronomical body was said to be about the size of the earth and to require 3,300 years to complete a circuit of its orbit, today was available to the public for the first time.

Dr. E. C. Sillpher, Lowell observatory astronomer, one of those directly connected with the discovery of the Trans-Neptunian body, explained the secrets of the planet in layman's language after describing it to the convention of the Southern section of the American Association for Advancement of Science.

Dr. Sillpher is the brother of Dr. V. M. Sillpher, director of Lowell observatory, where, under provisions in the will of the late Dr. Percival Lowell, its founder, specialized study of the long suspected Trans-Neptunian object has been carried on. Dr. Lowell sixteen years ago predicted the presence of an Extra-Neptune planet three degrees from the point at which it was located.

Chief Known Facts
Here are the chief known facts concerning the astronomical body, as presented by Dr. Sillpher:

Distance from the earth 41 astronomical units, or one billion three hundred thirty five million miles.

Mass—Known to be smaller than at first believed, but not computed. Tentatively believed about the same as the Earth.

Orbit—Elliptical, its plane inclined to that of the other major planets at about 31 degrees, 21 minutes.

Size of Orbit—Long diameter roughly 433 astronomical units or 433 times thirty three million miles.

Time required for complete circuit of Orbit—3,300 years.

Length of time to remain in view of Earth—probably a century more.

Time it will then remain hidden—roughly three thousand years.

Photographic characteristics—sharp definition under all circumstances.

"In our minds," said Dr. Sillpher referring to recent articles in scientific publications, "we are quite convinced that this is a planetary object quite distinct from a comet or an asteroid."

considered today as a possible indication of another new planet—net, that is, to the knowledge of man.

This planet—if it is a planet—is four trillion miles from the Sun, more than 40 times farther away than the Earth, and its temperature is so cold that no living thing could exist on its surface. It probably is smaller than the Earth and received only one sixteenth hundredth as much sunlight.

Dr. Meldrum Stewart, director of the Dominion observatory here, estimated the temperature would be far below zero there.

That's why they're called "appetizers!"

"A few weeks of Orgatone (Argotane) treatment actually put an end to my indigestion and made me feel like a new man," said H. D. Owens, a well known retired farmer residing at 311 Ave. T, Lubbock, Texas, in relating his experience with Orgatone (Argotane).

"One day after eating," he continues, "I had an awful attack of indigestion and from that time on I commenced to get in a general run down condition. My stomach would bloat up with gas so as times I could hardly stand, the pain I started doctoring myself, but in spite of the medicine I took I became so much worse and suffered such agony that it looked like nothing could ever do me any good."

"One of my friends advised me to try Orgatone and I began to improve right from the start and in a week I felt much better. A few more weeks and it fixed me all right and I have gotten over my indigestion and am eating anything I want. I believe everybody in my neighborhood is taking Orgatone (Argotane) and praising it for the good it is doing them."

Orgatone (Argotane) may be bought at Lubbock at Bowens Drug Store.

Loyal Sisters Club Entertained Here

Members of the Loyal Sisters Needle club were entertained Wednesday afternoon in the home of Mrs. Fred Owens, 709 2nd street.

Needlework was enjoyed throughout the afternoon, and lovely refreshment plates were passed.

COMMISSION TO DECIDE ON WATER RATES

CLEMENTS SAYS CITY BOARD TAKES UP PLAN TONIGHT

"We are going to discuss proposed irrigation rates at the meeting of the city commission at 7 o'clock tonight," Mayor J. J. Clements said today following his return from Temple where he attended the meeting of the 41st district of Rotary International.

The mayor pointed out that the administration had to be governed by the work of the previous administrations in the matter of rates for water and the probable amount of consumption. He said that it was doubtful if there would be much of a change in rates aside from the proposed irrigation rate.

A minimum rate of \$5 per month for all water users who consume 6,000 gallons per month, will be suggested for the months of May, June, July, August and September. Additional water would be charged for at the rate of 16 cents per thousand gallons, subject to a discount of 10 per cent if paid within ten days after date of the bill.

Present rates are: First 3,000 gallons, \$1.50 gross; next 2,000, 50 cents per 1,000; next 5,000, 25 cents per 1,000; next 10,000, 20 cents per 1,000; next 40,000, 16 cents per 1,000; next 100,000, 15 cents per 1,000; next 140,000, 15 cents per 1,000.

PLAINVIEW IS FAVORITE FOR ROTARY MEET

CLEMENTS REPORTS ON ROTARY CONVENTION TRIP TODAY

Plainview has excellent chances to secure the 1931 convention of the 41st district of Rotary International, Mayor J. J. Clements, president of the Lubbock club, said today on his return from Temple where he attended the district conference.

"The meeting place will be decided at the session of the new club presidents some time in the summer," the mayor explained. "Both Plainview and Cleburne are strong contenders for the honor but my opinion is that Plainview has the inside track."

Attendance Good
Temple was an ideal convention city," the mayor said. "The attendance was large and everybody reported a royal good time."

Candidacy of J. Ross McLaughlin, of Ball, for district governor in 1931-32, was presented by the seventeen members of that club. All of West Texas will be for the Ball man. His opponent, it was indicated, would be Dr. S. P. Brooks, of Waco, a veteran in Rotary, president of Baylor university, and one of the best known men in the entire district.

Ray Nichols, Vernon newspaper publisher, was elected governor. In the party from Lubbock were: Dr. Paul Horn, Bill Jackson, the incoming president, Dean and Mrs. Marcus Gordon, Dean and Mrs. W. J. Miller, Homer Grant, Mr. and Mrs. Rex Winterfield, Mr. and Mrs. Dick Smith and Mayor Clements.

"BEGINNING AGAIN" IS TOPIC OF DR. EVANS' SERMON IN MORNING SERVICE TODAY; OVER 500 HEAR HIM PREACH

The last morning service of the week in a series of revival sermons at the First Methodist church was held today with Dr. L. L. Evans choosing the text of his address "Beginning Again" from Mark 14. Bringing a vivid picture of the last hours in the garden of Gethsemane, Dr. Evans spoke of one of the tragedies of life being "what's done is done and it cannot be undone." Hope was given, however, in the words of Jesus "Rise up and let us go" and the minister declared that "God can take the fragments of a life with a broken and contrite spirit and transform it with His grace."

Hemphill Sings
Andrew Hemphill, noted vocalist of Fort Worth who is in charge of the song services, sang "The Heaven of Rest."

Last night Dr. Evans preached before an audience of some 500 persons on the subject "The Biggest Thing That a Man or Woman Can Do."

popular request since he has been here, sang his own composition, "Never Alone." This song enjoys the unique distinction of having been sung around the globe and in many different church convocations.

Taken From Corinthians
The text of the evening was taken from Second Corinthians 17:14, "Amaziah willingly offered himself unto the Lord," and the minister exhorted his listeners to offer their lives to the service of God.

"It is a good thing for an individual to approve the works of a church and it means a great deal for one to give of his money to a good cause, but it is infinitely greater for any one to give his time in consecration."

"Nothing is more inspiring to a minister than for his congregation to have noble men and women of leadership and lower offer their lives for work in Christ's kingdom," he said.

The last service of the week will be held this evening beginning at

3 o'clock. Hunter W. Richardson, Andrew Hemphill, Rev. H. L. Munger and J. C. Davis are to sing a quartet as a special feature of the song service.

Dr. Evans will preach on the subject, "Why I Am a Christian."

9 COLLEGES, 15 HIGH SCHOOLS IN CANYON MEET

BEAUMONT STRETCHES LEAD

PRELIMS ARE HELD TODAY IN DASHES

TECH ENTERS SEVEN MEN; FINALS ON SATURDAY

A complaint in the manner in which the recent district tournament was held comes this morning from Taboka, home of Jack Alley Robinson, the runner-up in the singles division. We are informed by Frank Hill, editor of the Lynn County News, that Robinson, playing both singles and doubles, participated in 22 sets, a total of at least 215 games. This long grind kept the Taboka net star on the courts 9 hours and 15 minutes of the day last Saturday.

From the standpoint of Robinson, at least, the tennis tournament held here was not a fair test. A majority of the 215 games were played during the second day of the district meet and no player can stand up under this strain and at the same time be at his best. In the majority of instances, no player attempts to represent his city in both the singles and doubles. But in the case of Taboka, Robinson was an outstanding man and was available in both divisions.

Our correspondent from Taboka advances the plan of holding tennis preliminaries in the district here several days or weeks before the regular two-day event. This would furnish a fair elimination series and the winners would be given plenty of time to rest-up for the finals.

Few readers ever stop to consider the enormity of the Texas Interscholastic League organization—the number of officials needed to carry on the work and the expense of the annual operation of the vast enterprise. Beginning on May 1, the annual Interscholastic League finals will start at Austin and last for three days. This will wind up the league's work for the year and the track season in particular. To start with there were 209 counties listed in the league organization; something like 3,727 schools took part in the 209 county meets.

From the county meets the high school and rural athletes made their way to the district meets, held at the district centers. First and second place winners in the twenty-six district meets will compete in the state finals along with the third and fourth place winners who are willing to pay their own expenses. Only the first and second place winners are eligible for a rebate from the state.

Immediately after the district meets were held, the various director generals were required to travel to Austin in the first and second place winners in the track and field events in addition to the first place winners in other events—debate, declamation, etc. These names are on file at state headquarters and no contestant is allowed to enter if his name has not previously been sent ahead. Several thousand high school students will be on hand for the three-day event at Austin and Roy Henderson's crew of workers will have their hands full during the course of the annual event.

Among the other industries for which Washington hopes to see more prosperity this year is the Senator's baseball club. By the way the Griffith gang has been going since 1926, the capital fans are convinced there is a tariff on pennants.

Seers of baseball yards were spur over bridge tables, etc., during last spring training season when the major league clubs were down south. One related by Dave Hancock happened to stay with us when we first read it and here 'tis:

Cotton Tierney was playing second base for the Brooklyn Robins and Pie Traynor was playing third for Pittsburgh on the day of the incident.

Traynor hit a ball over second base and Cotton went over and made a marvelous stop and three his man out. When the teams changed sides, Traynor said to Cotton: "That was a great play you made."

"Well," said Cotton, "When you're getting \$20,000 a year, like I am, you gotta make plays like that."

Next day Cotton missed everything that came his way. They were going through his legs and he was kicking them all over the infield. Finally Traynor hit one of those nice easy hoopers right at him. The ball struck his glove, bounced over his shoulder and went for two bases. When Traynor pulled up at second, he said: "You're having a tough day today, aren't you, Cotton?"

"Hell," said Cotton, "how can they expect a man to play ball when he's getting only three hundred a month, like I am."

Twenty-Five Out On Lamesa Grid

LAMESA, April 25.—(Special)—Twenty-five future Golden Tornadoes reported here this week for the first spring football workout. Regulars were not included in the list of prospective stars, who began this week building up a second district championship effort for Lamesa. Light drills are being coached by F. T. McCollum and Roger Elms, managers.

DENVER—Eddie Mack, Denver, pinpointed Maurice Holtzer, France, 110; George Manley, Denver, knocked out Oscar Baker, California, (1.)

Nearly \$170,000 worth of fishing equipment was exported from this country last year.

Preliminaries in the 100-yard dash, 220 and 440 dashes and both the low and high hurdle races will be held this afternoon in the college division of the meet and the finals in this class will start Saturday afternoon at 2:30 o'clock. Approximately 150 college athletes will compete and 90 high school contestants are expected to be on hand for the preliminaries in the high school division Saturday afternoon, starting at 1:30.

Tri-State Affair

Crack teams from three states will compete in the college division. Outstanding out-of-state entries include the New Mexico Military Institute of Roswell, N. M.; Panhandle A. & M. of Goodwell, Okla.; Central Teachers, of Edmond, Okla.; Weatherford Teachers and Montezuma college, of Las Vegas, N. M.

Texas Tech, Clarendon college, Amarillo Junior college, and the West Texas State Teachers college are the Texas colleges entered.

Tech Squad Arrives

Seven members of the Texas Tech squad arrived here shortly after noon today for this afternoon's preliminaries. Those in the Matador vanguard are Charlie Woodridge, Floyd Woodridge, James Dallas, J. D. Walker, Amoral Payne, Dennis Vinzant and Hubert Hooper.

Field and distance men are included in the Tech group that will join the squad here Saturday morning. These are Wingo, Hill, Fisher, Pace and Waters.

With at least five of the present meet record holders on hand to defend their marks, this year's Great Plains meet promises to be the fastest in history.

HIGH SCHOOL DIVISION ATTRACTING STARS

CANYON, April 25.—(Special)—The high school division of the Great Plains track meet is attracting an unusual large number of stars to Canyon this week-end.

The Laird brothers and company of Plainview, will be present as will Babe Russell of Hereford, and Paul Wilmer Allison of Austin, Texas. Groom mile relay team will also be present. In fact there will be 12 high schools enter men either in the special events or the relays of the high school division.

Amarillo high with its district championship team is expected to finish near the top in this division. Amarillo and Plainview have the greatest number of entries.

Allison, Van Ryn Stage Final Meet

WHITE SULPHUR SPRINGS, W. Va., April 25. (P)—Those dashing doubles partners of Davis Cup fame, Wilmer Allison of Austin, Texas, and John Van Ryn of Orange, N. J., were in today's final round of singles in the Mason and Dixon tennis tournament through upset victories over the second and third ranking players of the nation.

SLOW TIMES MADE

SANTA BARBARA, Calif., April 25. (P)—Heavy seas and adverse winds were blamed today for the slow times made by seven of the 21 power yachts competing in a three-day race from Long Beach to San Francisco for the Thomas Lipton cup.

First to arrive here was the Blue Boy of the California Yacht club, Los Angeles, which covered the 84 nautical miles in four hours, 37 minutes, 33 seconds.

The game warden in Nebraska showed he knew a thing or two about back-relief when he padded the sides of a tank to keep black bass from injuring themselves.

HOUSTON TO BE HOST TO SHOOT

(Special to The Journal)
HOUSTON, April 25.—Trap shooters throughout the state should shortly be in possession of their program, for the Texas State Shoot, to be held in Houston May 12, 13 and 14, under the auspices of the Houston Gun club. According to information, the mailing list was completed the week of April 26. Houston is planning for the biggest shoot ever to be held in the state and it no doubt will be, as a most attractive program has been arranged with "division system" favoring the lower average the same as the higher ones.

The Houston Gun club has added over \$3,000 in cash, besides trophies, which surpass, by far, any other Texas State Shoot record. For the convenience of all shooters, the Houston Gun club traps will be open all day Sunday, May 11th for practice.

Funeral For Nico Arie Held Today

DALLAS, April 25. (P)—Funeral rites were planned today for Nico Arie, 47, nationally known professional trapshooter. He died yesterday at his home here. Arie was a native of Champaign, Ill., and came to Texas 25 years ago. He learned to shoot with his brother, Mark Arie, winner of the Olympic in Belgium several years ago. Nico Arie won the Sunny South handicap at Houston a few years since and had taken shooting honors in Chicago, Kansas City, St. Louis and other cities.

LONDON, April 25. (P)—Waging an uphill battle against elimination in his first round Davis Cup contest with Germany, Great Britain captured the doubles match this afternoon to stay in the running. J. NORTHERN TRIP IS NO BOTHER TO SHIPPERS THUS FAR

BY GAYLE TALBOT, JR.
Associated Press Sports Writer
Those students of the national pastime who predicted the Beaumont Exporters would once they came in contact with the so-called "tough" clubs of the northern division received something of a jolt yesterday as Manager Del Baker's clouters polished off the Fort Worth Panthers, 4 to 1, in their debut on the Trinity.

As a result the Shippers today found themselves two full games ahead of the pack. In years past certain southern clubs have invaded the upper section in early season, full of vim, vigor and paprika, only to fizzle out like a damp firecracker. Last year it was the San Antonio Indians. But the Exporters appear to be a different article.

Yaughn Registers Third Win
There was nothing to indicate the club was a morning glory in the way it went about its work yesterday. While Muleshoe Vaughn kept nine Cat hits well scattered to register his third victory, the siege guns of the Export line-up bunched their eight blows off the veteran Bill Clarkson. They sewed it up with a two-run spurge in the ninth.

Cats Best Spuds
Two big innings enabled the bedraggled Waco Cubs to take their opener from Wichita Falls, 11 to 8, and break a losing streak. They cracked down on young Lester White for four runs in the first, but he stuck around until they had dented the plate five more times in the seventh before giving way to Galena. Lefty Thormahlen got credit for the victory, although Thurman relieved him in the seventh.

Walter Tauscher limited the San Antonio Indians to six hits in the inaugural at Dallas, the Steers winning 12 to 2.
Eggs exported from this country last year were valued at nearly \$1,100,000.

Six Lamesa Track Men To Austin

LAMESA, April 25.—(Special)—Six Lamesa tracksters will wear the gold and black during the state track meet in Austin next week-end after qualifying in first and second places during the recent District Two meet in Lubbock. Hill, Reagan, Cleaman and Norris will compose the track teams in relays, and dashes while Banta and Moore will represent Lamesa in field events. Banta has improved considerably following an accident in Lubbock when the pole with which he was vaulting broke. He is expected to be in condition when the locals entrain for Austin Thursday.

SOONER NETTERS WIN

MOOREHEAD, Okla., April 25. (P)—Breaking even in four singles matches and winning both doubles encounters, the University of Oklahoma tennis team defeated Rice Institute of Houston, Texas, 4 to 2 in a dual clash here Thursday.

For the rest, the cold was piling up more grief. The Boston Braves, for example, seem headed for something like the slaughter of September, 1928, when they played four successive double headers

against the New York Giants and lost eight games. The Braves now have five twin bills to play against New York and each one makes the prospects better for the Giants, who have less need to conserve their strength.

The New York Yankees are in similar difficulties. Out of six games scheduled against Philadelphia, they succeeded in playing only the opener in each city. And the Yankees have a rather small staff of starting pitchers, ill fitted to endure the rigors of a succession of twin bills while the champion Athletics seem ready to go as far as they like with overtime play.

COLD WEATHER STORING UP TROUBLE FOR MAJOR LEAGUES; TWIN BILLS ON SCHEDULE FOR ALL BUT CHICAGO CUBS

By HUGH S. FULLERTON, Jr.
Associated Press Sports Writer
The chills and dampness of spring appear to be storing up trouble for major league baseball teams almost as fast as they are piling up double headers. Only one club so far has played all its games, the Chicago Cubs gaining this honor, while the St. Louis Cardinals and Detroit Tigers have had but one postponement apiece.

More cold weather yesterday caused postponement of all but two major league games, and neither of these proved very profitable to the owners. Only about 1,000 St. Louis fans turned out to see the Browns beat Detroit, 12 to 4, while about three times that number appeared at the Cubs park in Chicago to see the St. Louis Cardinals down the National league champions, 9 to 2.

STRAW HAT DAY TO BE SATURDAY

Straw hat day will be auspiciously ushered in in Lubbock tomorrow when a plane, flying low over the city at 2 o'clock in the afternoon, will drop dozens of head pieces for those awaiting the gift. The plane, owned by L. H. Plain, will be piloted by L. P. Quinn. In the event your hat, if you are lucky enough to get one, is damaged in the fall, it will be replaced by the store represented on the inside label, it was announced.

American Delegation On Way Across Sea

S. S. LEVIATHAN, April 23. (AP)—The Leviathan today was set on the most direct course for New York, in an effort to land American delegation to the London naval conference on home soil as quickly as possible. There was a heavy swell into which the ship had to head.

Most of the delegation refused to be disturbed even by wireless messages of congratulation, and remained in their rooms.

Colonel Stinson wirelessly Ramsey MacDonald, British prime minister, a personal message on closing of the conference, which Mr. MacDonald answered.

Byrd Fliers Given Duty In Canal Zone

BALBOA, Canal Zone, April 23. A month of service in the tropic zone following a year and a half in the coldest part of the world is the prospect ahead of Lieutenant Dean Smith and Lieutenant Joseph Degenahl, members of the Byrd Antarctic expedition.

Smith and Degenahl, fliers in the army and navy reserve respectively, arrived today on the steamer Remuera to find orders from Washington assigning them to a month of duty here—Smith at Francis field and Degenahl at the Coco Solo naval air station.

Both were pleased with the assignment, for it will enable them to meet Rear Admiral Richard E. Byrd when he arrives from New Zealand, next month and sail with him for New York.

Supreme Court Not To Meet Next Week

AUSTIN, April 23. (AP)—The Supreme Court will not meet next Wednesday, P. T. Connerly, chief clerk, announced today. Decision of the court to skip a week in order to give it time to work on opinions having heretofore this session devoted considerable attention to commission of appeals cases, precludes the possibility of a decision in the madams of Senator Thomas B. Love of Dallas against the state democratic executive committee before May 7.

THE TINYMITES

BY MAL COCHRAN

(READ THE STORY, THEN COLOR THE PICTURE)

Upon the sailboat everyone was having just heaps of fun. The wind filled out the big white sail and made it look real fat. "We soon will be in Ostend town, I hope the sail does not go down," said Scouty. "If the wind dies out, 'll leave the canvas flat."

"Don't worry," said the Travel Man. "Just rest assured, boys, that we can keep right on sailing smoothly. We will soon be into port. This wind can't die down quick enough to stop our trip. Each little puff is bringing us much nearer and the whole trip's naught but sport."

Then Clewmy shouted, "Look, lads, look! My, what a short time this trip took. I see a town, not far ahead. It's Ostend, I'll just bet. I've liked this trip along this stream. In fact it's been just like a dream. But best of all's that skyline. It's the nicest scenery yet."

And sure enough, Old Ostend stood against the sky and looked real

good. The sailboat soon sailed up to shore, amid a group of boats. The Tinymites made the sailboat rock as they leaped off, up to the dock. Said Copsy, "On this river there is everything that floats."

They walked around the town a while and seemed amazed, mile after mile. And then they rode a dog cart to the outskirts of the town. "Where are we bound for?" Copsy cried. "And why do we take this cart to ride?" The Travel Man just smiled and said, "We'll do this trip up brown."

They shortly reached a spreading shore and from the cart hopped out once more. A man who held a big net smiled at the Tinymites. "I'm here to gather shrimps," said he. "And I'm as busy as can be. Now, come along and I will show you interesting sights."

(The Tinymites see a big windmill in the next story.)

OKLAHOMA OFFICIALS ABANDON TESTS ON CHEMICAL WORK

(By Associated Press)
OKLAHOMA CITY, April 25.—Officials of the state health department laboratory said today that physicians have begun to doubt that some of the victims of the strange paralysis-like malady believed caused by drinking Jamaica ginger ever will recover.

No complete recoveries have been reported among the more than 400 persons in Oklahoma afflicted with the strange malady. The exact cause of the epidemic has not been found. The state laboratory has abandoned chemical tests and now is experimenting with animals, but had nothing to report on the experiments.

Victims are seen daily dragging themselves about the streets here, and many continue to spend most of their time in bed, although they have been so confined for more than two months.

PREPARATIONS MADE TO FENCE RAIL EXTENSION TO HOBBS; CONTRACT LET

(Special To The Journal)
HOBBS, N. M., April 25.—The contract for fencing the extension of the Texas and Pacific railway right-way from Cheyenne to Lovington, known as the Texas-New Mexico extension, has been let. This is a distance of 65 miles, making 130 miles of fence. Mr. R. P. Avery, Hobbs, N. M., is the contractor.

Work will begin about the first of May. The fence is what is known as a four-wire type A fence. The price is not known, but is thought to be a costly fence as much rock is encountered as plains. Especially is this true between Hobbs and Lovington.

The material has been ordered and will soon be on the ground. This is practically the finishing up of the many contracts let on building the Texas-New Mexico extension.

sole heir to the estate of his mother at Morton, W. E. Norman, 29, trucking company employe, who disappeared November 6, 1928, from his home at Fort Worth, is being sought throughout the Southwest, according to information reaching here.

Norman left his wife and five-year-old daughter, both of Fort Worth, after drawing pay due him from the firm for which he worked.

He is described as being slightly more than six feet tall with blue eyes and brown hair.

His presence is required for disposition of the community estate left at the death of his father. Unless the missing heir is found the property will be disposed of at trustee sale.

CHANGES IN BORDER RULE ARE ASKED

MILLS ASKS PASSAGE OF BILL CALLING FOR PATROL

(By Associated Press)
WASHINGTON, April 25—Endorsing the law enforcement commission's recommendation for a unified patrol, Under Secretary Mills of the treasury Thursday urged the house interstate commerce committee to approve the Hudson bill to authorize a military unit under the

coast guard for that purpose. The proposal is designed to concentrate supervision and inspection of persons and merchandise on the border in an effort to eliminate evils which, Mills said, had developed out of attempts to detect smuggling in the interior.

Improvement Sought
Improvement in the enforcement of the customs and immigration laws by coordinating the functions of the immigration and customs service patrols is sought in the move, Mills said, adding that under the plan the president would designate points of entry on the Mexican and Canadian border and all other entry would be prohibited.

At the points of entry, he explained, customs, immigration, public health, agriculture and other officers administering laws of entry would be stationed.

"The new plan," Mills said, "will not be a nuisance to travelers and a burden on international intercourse."

He added it would prove a con-

venience by giving them service at the actual point of entrance.

Under the existing law a citizen of the United States may cross the boundary anywhere and need not report his entry unless he has merchandise, while an alien coming into this country without being admitted by immigration officials is subject to deportation.

The unified border patrol plan, Mills continued, would eliminate many "unfortunate consequences" of the present enforcement of the entry laws.

British Dirigible Seriously Damaged

LONDON, April 25 (AP)—It was reported from Cardington that the huge British dirigible R-100 was damaged while being brought out of her shed Thursday, one of her starboard fins catching against the side of the shed and buckling slightly.

It was stated the authorities were considering whether she would be taken back to her shed.

The R-100, scheduled to make a flight to Canada next month, was taken from her shed Thursday morning in order to make a test flight preliminary to her Canadian voyage. Plans for a flight Thursday were abandoned.

Rams Tanker In English Channel

DOVER, England, April 25 (AP)—The German steamship Bremen, one of the two fastest liners on the seas, collided with the British tanker British Grenadier, off Dungeness Light in the English channel Thursday, badly damaging the tanker.

The Bremen, due at Southampton at noon from Bremen, was not believed to be badly damaged, and was thought to have continued on her way after seeking the tanker to render assistance. The tanker radio-

ed she did not require assistance but she was proceeding to deal with a supernumerary who required immediate medical attention.

Pantages Hearing To Be Held May 1

SAN FRANCISCO, April 25 (AP)—The state supreme court Thursday ordered District Attorney Burton Pitts of Los Angeles and Attorney U. S. Webb to show cause in Sacramento May 1 why Alexander Pantages, theatre inmate under 50 year sentence for criminal assault, should not be admitted to bail pending determination of an appeal.

Pantages seeks release on the ground his health is endangered by longer confinement.

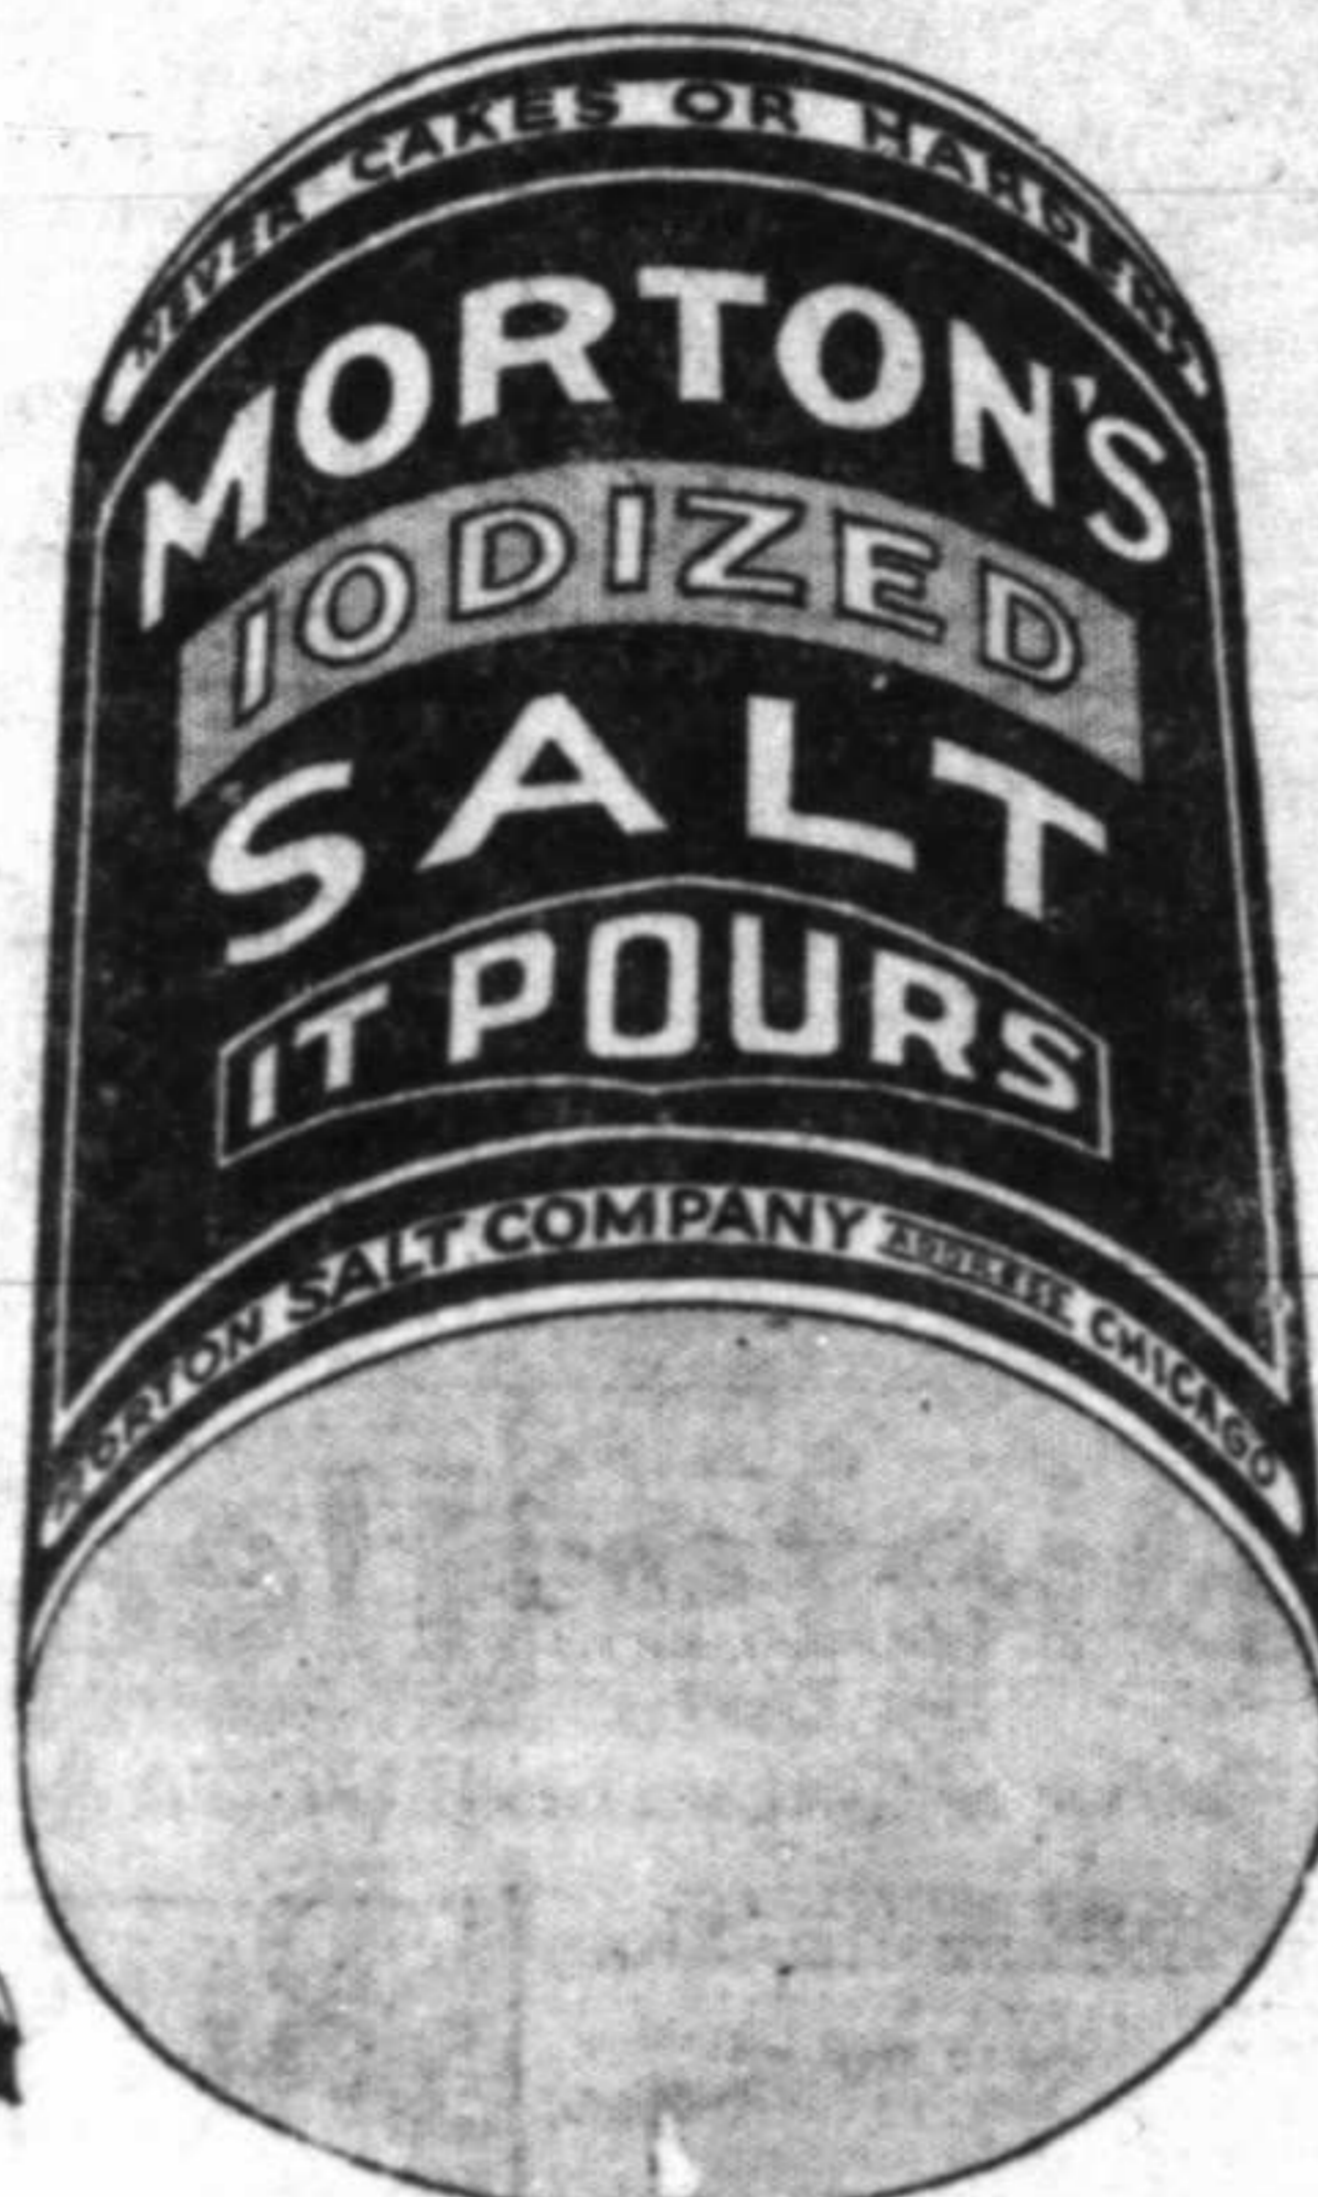

Fear For Safety Of Churchmen In China

CANTON, China, April 25 (AP)—Two American missionaries who arrived here Thursday from Sinfeng near Kiangchow, Kiangsi province, said sixteen American Catholic missionaries were in grave danger of falling into the hands of "Red" troops and possible execution. Kiangchow, they said, was near surrender to Communists and bandits who had besetted the city since early last month.

HOLLYWOOD MOVIE NAMES BAFFLE CENSUS TAKERS

Why the poor census taker examining noses in Hollywood. He has a terrible time compiling his list, for he doesn't recognize film stars by their bustle-to-goodness names. For instance, he finds that (1) Gary Cooper admits to the given name of Frank. (2) Mary Pickford, as every fan knows, once was Gladys Smith. (3) Dolores Del Rio adopted that name because she thought she shouldn't be able to pronounce Lolita Dolores Asunolo de Martinez. (4) Mary's husband, Douglas Fairbanks used to be known as Ullman. (5) Billie Dove really is Lillian Bohony. (6) Joan Crawford, once Lucille Le Sueur, now is Mrs. Douglas Fairbanks, Jr. (7) Richard Dix was known to his playmates as Ernest Brummer. (8) Mary Astor also answers to Lucile Langhorne. (9) Sue Carol, otherwise Evelyn Kiefer, is Mrs. Nick Stuart, whose real name, by the way, is Nicolas Praline, and last, but not least, the handsome John Gilbert was born John Pringle.

Thought For Today
I will lay thy cities waste, and
they shall be desolate, and thou
shalt know that I am the Lord.—
Ezekiel 26:4.

No soul is desolate as long as
there is a human being for whom
it can feel trust and reverence.—
George Eliot.

A Harem
It is more than a little bit
interesting to read that the former
harem of the sultan of Turkey in
Constantinople is being thrown open for
the inspection of tourists. To be
sure, the inmates have long since
been removed; but the building itself,
with its maze of corridors, its
luxurious chambers and its
fountain courts, is to give up all of
its secrets for the eyes of the
curious.

There was a time—a very long
time, several centuries in extent—
when an outsider who dared to go
within those walls could be sure of
gaining for himself a speedy and
unpleasant death. No spot in all of
Turkey was more jealously guarded.
The terrible Turk had not yet
become the Sick Man of Europe; he
was a power in the world, and he
ruled his own land with a fierce
willfulness.

It is not hard to imagine that a
Turkish sultan of a generation ago,
told that infidel travelers would one
day stroll through his seraglio at
will to see what the place was like,
would have died of sheer indignation.
But the years bring strange
changes to the world, and the
tourist, nowadays, is a more important
personage than the sultan.

Indeed, the tourist is going
everywhere; and while some people do
not like him very much, except for
the money he spends, his presence
there to see the arrival of the tourist
on any historic spot is in the nature
of an announcement that old ways
have given place to new ones.

The tourist goes to Constantinople
and visits the sultan's harem; and
by that he informs the world that
a cruel and barbaric tribe of rulers
has vanished from the earth, leaving
behind only empty buildings as
symbols of departed power.

He goes to Europe and strolls
about the battlefields of Verdun,
Ypres and Chemin des Dames; and
the world once more gets the useful
reminder that the most dreadful
war in history is 11 years in the
background, with the green grass
of peace growing on its shell-plowed
battlefields.

He stands on a steamer's deck
and sails through the Panama canal;
and his presence there testifies to
the defeat of yellow fever and the
bringing of health to what was
once the most terrible pesthole
in the new world.

So it goes. The tourist, now about
to explore incognito the scene of
the unspeakable Turk's private
infamies, is a sign and a portent.
When he comes on the scene,
cameras in hand and guide book
protruding from a coat pocket, you
may take it for granted that the
world has taken another step forward.

Traveling By Air
It is becoming quite evident that
our airways are going to take an
increasingly large slice of the passenger
transport business as time
goes on.

National Air Transport announces
tentative schedules for a 1-1/2-mile-
an-hour service between Chicago
and New York, with big passenger
planes covering the 730 miles in six
hours and 20 minutes, and making
two stops en route. New legislation
now pending before Congress,
providing that air mail carriers be
paid for their cargoes by space instead
of by weight, and that air mail be
placed on the planes of all
responsible passenger lines when
time can be saved, is expected to aid
the passenger transport development.
Colonel Paul Henderson, vice president
of National Air Transport, says:

"The United States has led all
advanced countries in air mail
development, and this plan will
insure its continued leadership."

At an auction in London recently
a first edition of Charles Reade's
"The Cloister and the Hearth"
brought \$1,323.

THE PLAINSMAN

Says:

That Girl on Broadway says flattery
is often just an echo to the
flattered individual's thoughts.

YOU-ALL are in for a treat. Yep,
something new, something different!
Come ova, come ova! The staff of
the Avance and Journal is going to
take over The Plainsman's column
on next Wednesday, in an endeavor
to show the old man up. Be sure and
watch for it.

The young smart on the paper,
after serious consideration, have
decided that The Plainsman is
going to take over The Plainsman's
column on next Wednesday, in an
endeavor to show the old man up.
Be sure and watch for it.

Confidentially, The Plainsman
doubts seriously that all 12 of 'em
can do much of a job at it but were
open to conviction. Each of you will
write a paragraph or two, without
knowing what the others are writing
about, then they'll hook the whole
business up together for the public's
amusement. Hope you like it. The
Plainsman is looking forward to the
day's vacation.

Incidentally, it takes a lot of
imagination to write a daily column.
You've got to imagine somebody's
reading it.

GENE HOWE, "The Tactics Tex-
an" of the Amarillo Globe-Texas,
who is easily the most widely known
and quoted of the Texas
columnists, is out with a word of
cheer to the boys like The Plainsman,
who fill up 21 inches of type
daily with practically nothing at all.

"To me a newspaper that hasn't
an outspoken columnist isn't a
newspaper. Columnists, to a degree,
have supplanted the oldtime editors
in fearlessness of expression. They
may not moult public thought as
much as they think they do, but at
least they disturb it a lot!"

All of which has impressed The
Plainsman so much that right here
and now he's going to get down to
business.

One of the things that has
been eating the Plainsman lately is
this matter of the highways. We've
had a long dry spell, accompanied
by the usual spring winds, and the
roads of this part of the state have
more mud on the square inch than
Swiss cheese. Houston, Fort
Worth, Dallas and the other
places where the most votes are,
don't have any highway troubles,
but it sure is tough on us folks
out here in the 'great alone'.

We ask for highway improvement
and what do we get? We get a
couple of nice-looking young chaps
on shiny motorcycles who'll pinch
you if you risk life, limb and fenders
at a pace of more than 35 miles an
hour. The fine money, this collection
of funds, is being thrown into Tar-
rant, Dallas and Harris counties for
bigger and better roads. At least
The Plainsman isn't optimistic
enough to hope Lubbock or any of
the adjoining counties are likely
to get any of it.

Of paved roads, we're getting some
before we're getting some. But it'll
be a long time before all the principal
highways in this neck of the woods
are plastered with a coating of
concrete. We've got to think of the
wear and tear on our cars, dispositions
and false teeth and do something
to get an improvement on the
condition of the highways hereabouts.

And this highway situation,
together with the needs of Texas,
is the reason why The Plainsman
hopes a West Texan will get into the
governor's chair some way or
another—even if it's by main
strength and awkwardness. By
golly, we've been saying the
depths long enough and it's time
somebody else is "in" in this
game of highway tag.

If his program and platform are
as good as we naturally expect from
a man of his calibre, Clint Small
ought to be adopted as the favorite
son of West Texas on the Oklahoma
line to the border and from
Fort Worth to New Mexico. Even
El Paso, which rumor has it is a
buffer state between this country
and Chihuahua, Mexico, ought to
pitch in and help the game along.
We've got some decent dirt
roads in this country.

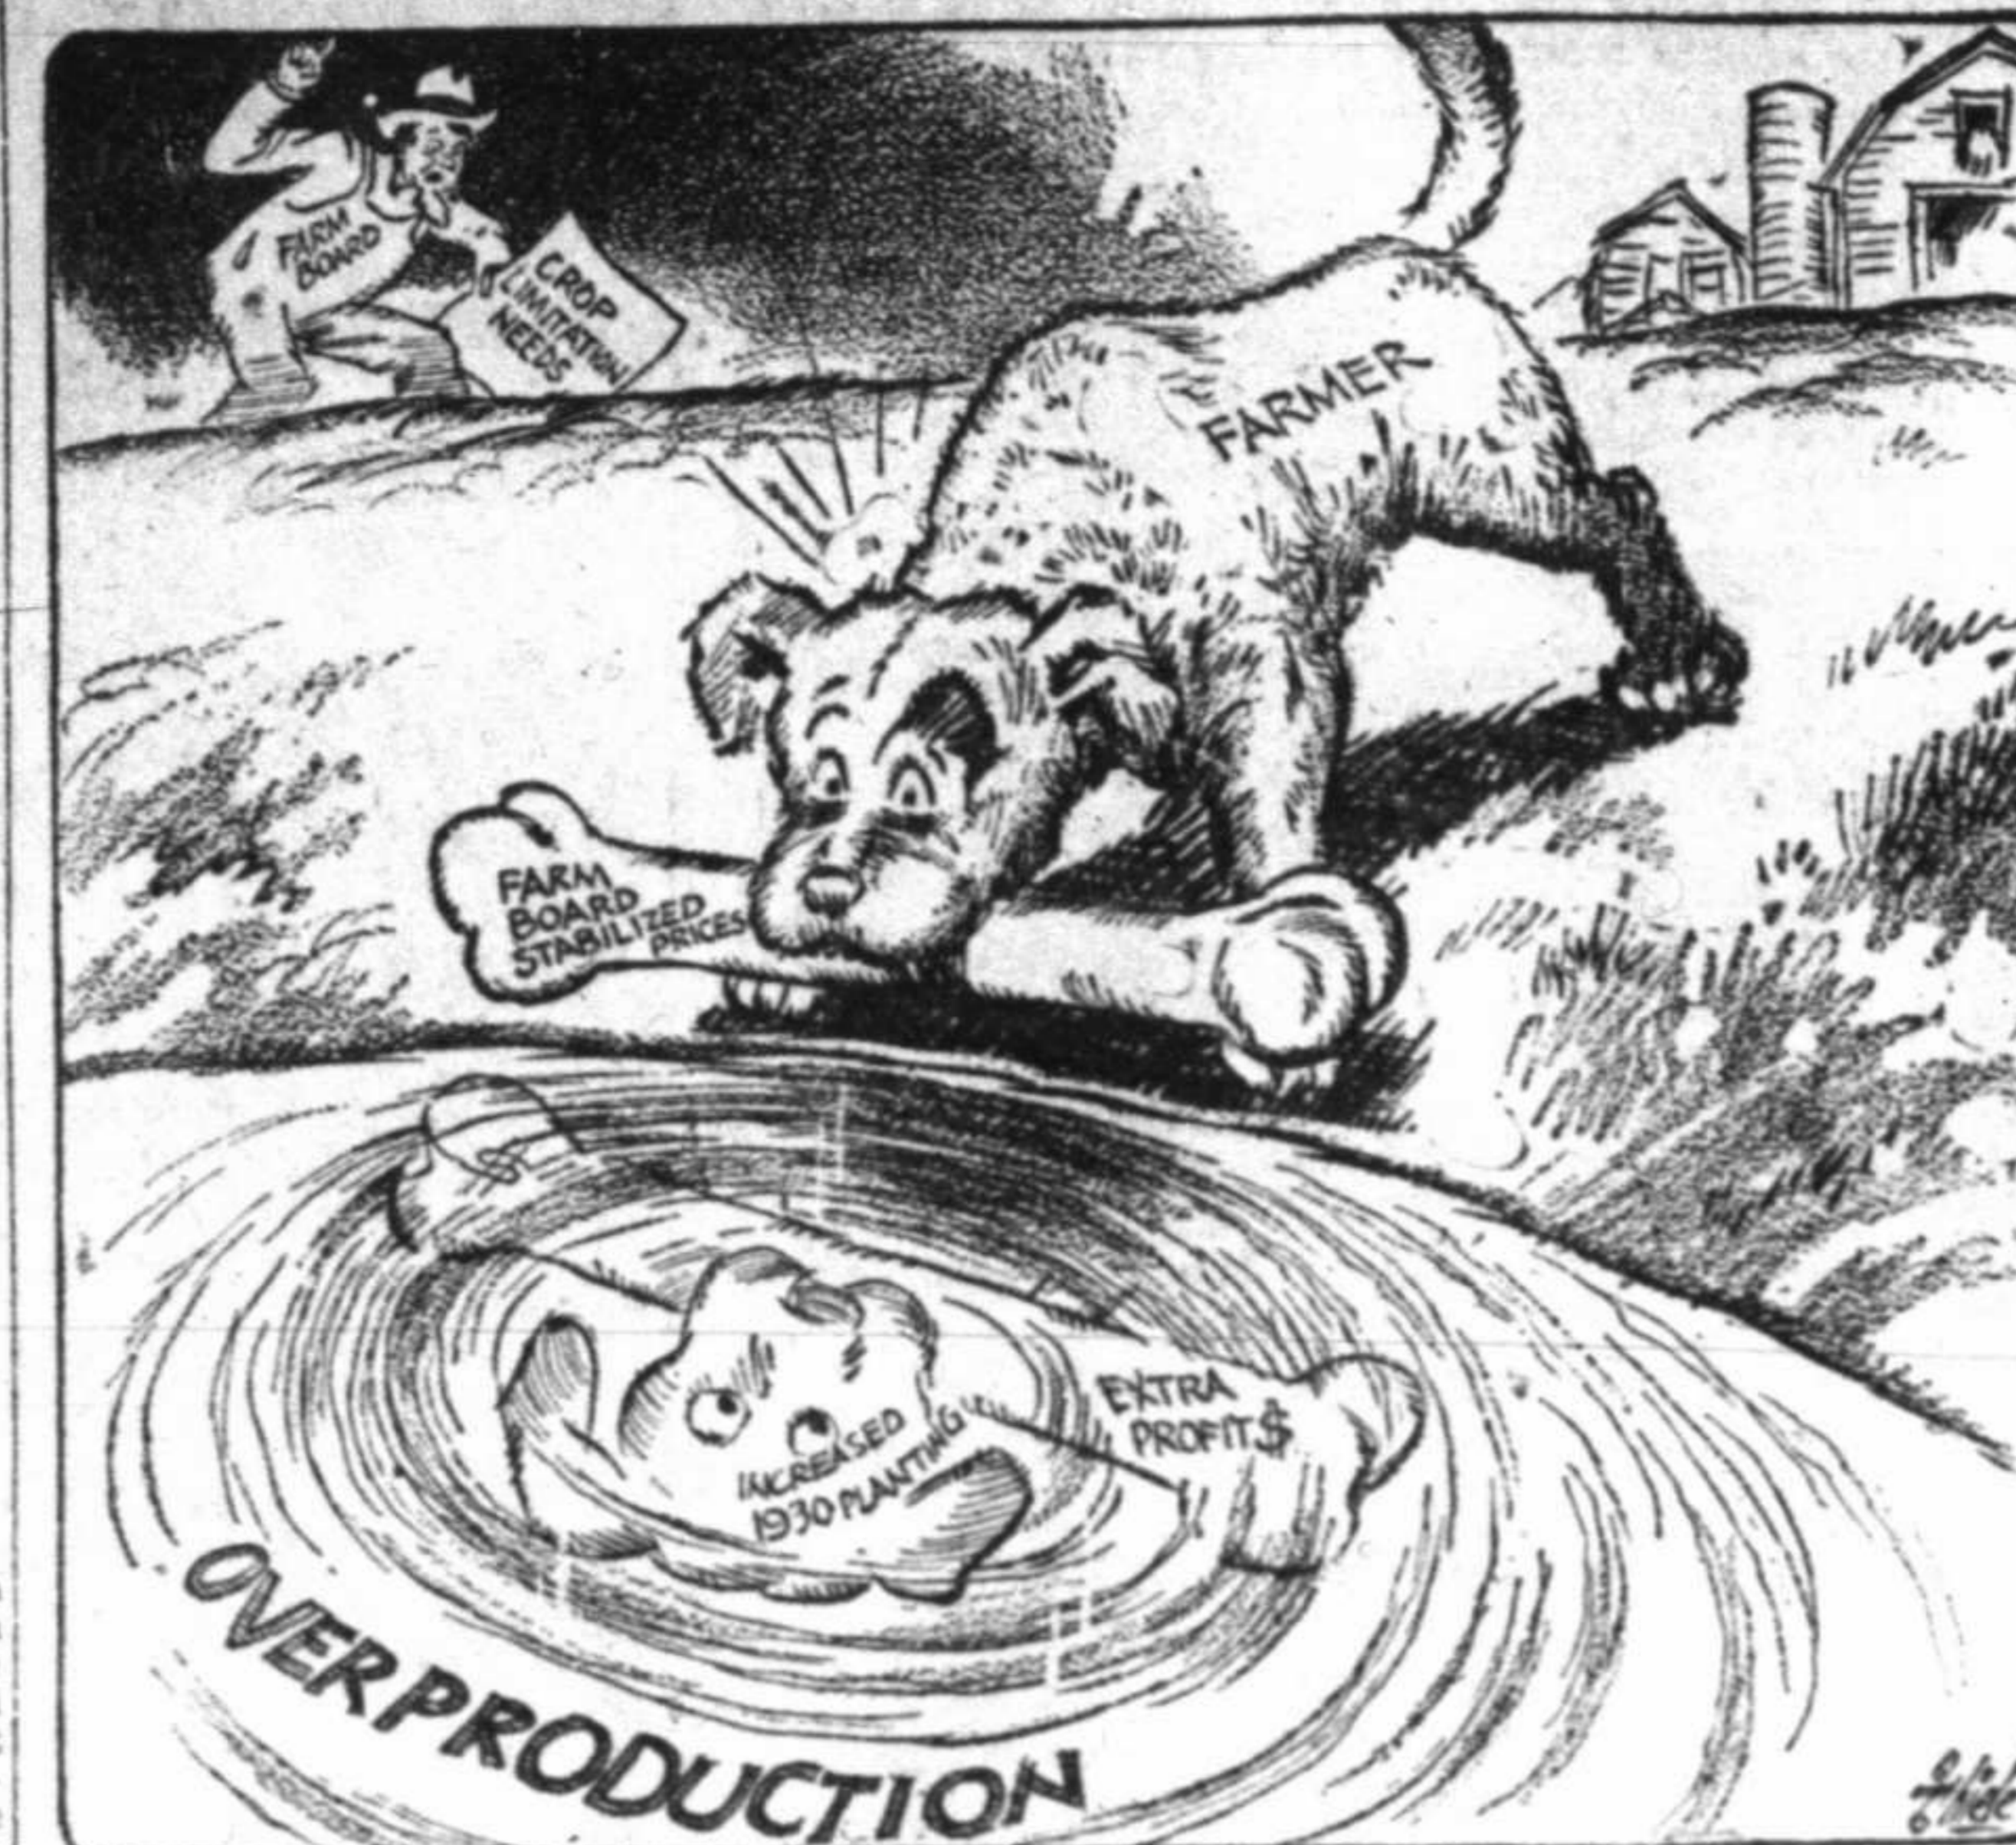

The fact that lack of moisture
handicaps the highway department
in keeping the roads in shape may
be true, but that doesn't help
matters any. We haven't got
decent roads, and it's decent roads,
not albinos, that we want.

In the census you amount to just
as much as the governor. Has one
of Doc Barr's boys got the
low-down on you yet? Be sure
somebody sets you counted.

One Lubbock father says his baby
is so fond of him that it sleeps all
day while he's at the office, and
stays awake all night to enjoy his
company.

That Man on Avenue Q says if
seeing is believing, why can't we
believe in nearly all of the young girls
we see on the streets now-a-days?

It's Not Surprising That A Lobby Committee Took Slap
At Quizzing Senator, Correspondent Dutcher Explains

BY RODNEY DUTCHER
NEA Service Writer
WASHINGTON, April 25.—Any-
one who has listened in daily at
the hearings of the Senate investi-
gating committee wonders why the
exchange of such epithets as "con-
temptible liar," "contem-
pible coward" and "con-
temptible cur" between witness-
es and committee members
hasn't been common from
the beginning.

Caraway is busy
between witness-
es and committee
members hasn't
been common from
the beginning.

Some of the witnesses have stood
for a great deal. So much in fact
that the theory most often offered
in explanation is that they must
have guilty consciences. Editor J. E.
Pierce of the Huntsville, Ala., Daily
Times apparently didn't have one.
It was he who exchanged "contem-
pible" with Senator Hugo Black. Even
so Pierce had less to complain
about than some other witnesses
who had been bediggered.

Caraway is busy
between witness-
es and committee
members hasn't
been common from
the beginning.

Senator Thaddeus H. Caraway of
Arkansas, the chairman, has har-
pounded one witness after another.
He plunges the barb in and then
twists it around. As the hearing ad-
vances he is as likely as not to step
around and assure the victim that
he likes him personally. But that's
a huge surprise for the witness.

"Bulldog Tom" Walsh of Mon-
tana does all the heavy examining.
Walsh can be ferocious enough if
the witness doesn't seem to be will-
ing. When relentlessly hounding
a lobbyist or roving a witness into
submission Walsh is at his very
best. And he can build nice thick
little hedges around them from
which it is very hard to escape.

Senator Arthur Robinson, the sly
fox from Indiana, pursues cold trails
vigorously, draws far-fetched con-
clusions and then tries to prove
them. He can insult witnesses as
well as the other members and
when he squints his gimlet eye up-
on them many of them must fear
that he is about to leap at their
throats. Arthur is the only regular
Republican on the committee. He
has fallen to his lot to protect
the administration and all ortho-
dox Republicans whose activities be-
come of interest to the committee.

The leonine Borah is a member
but hardly ever shows up. John J.
Blaine, the mastiff from Wisconsin,
is perhaps the kindest of the five
inquisitors. Sometimes, though,
things are a little hard for Mr.
Blaine to understand and he dis-
plays remarkable tenacity on such
occasions.

Caraway is in a class by himself,
the man-eating shark of the com-
mittee. Oh how he has enjoyed
these daily workouts! He paces
behind the committee table, throw-
ing in digs at random. Uninten-
tionally or otherwise, he persistently
conveys the impression that he
believes the witness before him to
be the greatest thief unhung. Some-
times he seems to get the witness
thinking so, too. Some of those
witnesses are obviously scared to
death before they even sit in the
witness chair; others may be but
fail to show it. The fact that they
have let Caraway get away with so
much either speaks well for their
splendid self-control or indicates
that they feel, all things considered,
discretion to be the better part of
valor.

Possibly the latter was the case
with Mr. Claudius Huston, chair-
man of the Republican National
Committee, to whom Senator Car-
away demonstrated just how mean
and nasty he could be when he
reality tried. It was during the very
first of Mr. Huston's appearances,
several days before the committee
discovered that he had solicited

Diet and Health
By Lulu Hunt Peters M.D.
Author of "Diet and Health" and "Diet for Children"

INFERIORITY COMPLEXES
CAUSED BY OVERWEIGHT

Answers to Mothers.
God could not be everywhere,
therefore He made mothers.
— Jewish Proverb.

Mrs. D. Your little girl of 9
years is very much overweight. If
she is of average height, 32 inches,
she should weigh 94 pounds. While
it has been proved that children
have more resistance if they are
5 to 10 per cent
overweight (that
would make her
weight 67 to 70
pounds), she is
still around 33
pounds too
heavy and that
is considerable.

Her "vicious"
appetite accounts
for this, and prob-
ably because she
is so active phys-
ically.

Overfat chil-
dren have a lowered
resistance just as
marked as undernourished
children. So you should see that her
diet is arranged so that she reduces
her weight.

At a fat child, one who is frankly fat
and is called "fatso," has a very un-
happy childhood and may develop
an inferiority complex that mars the
rest of her life.

Children who are
marked as undernourished
children. So you should see that her
diet is arranged so that she reduces
her weight.

Of course, when children reduce,
it is exceedingly important that the
full quota of growth and repair foods
is taken. However, you can safely
go by the Peterizing pamphlet
which we give to our readers, only
with a child, the diet should include
whole milk instead of skim milk.

Teach her to count her own cal-
ories. You'll find she will cooperate
much better.

The pamphlet will also do for "pa-
pkins" who, you say, is also over-
weight. I can imagine you set a
good table and probably make your
dishes very rich. Aren't you a little
overweight yourself? Watch out!

Mrs. C. You certainly have cause
for unhappiness and I sympathize
with you deeply. You can be happy,
though, knowing that the infection
came from your own family.

Don't be discouraged, but keep up
the treatments prescribed by your
regular doctor. NOT by the quick-
doctor who advertises. (You can al-
ways know that a "doctor" who ad-
vertises as the cure does, is a quack
and has been unable to build up his
profession through legitimate
means, so his treatments are very
liable to be quackish, too. All he
wants is the money.) It may be
possible that at the time he sent the
specimen to the laboratory, there
were no specific germs in it, but
where two reliable physicians had
it examined and said there were, it
must be that at that time they were
present.

These cases usually, with
the right treatment, get well, but
you may have to continue the treatment
for five or six years, so don't be
discouraged. After a course of six
or seven months of treatment, care-
fully carried out, you might stop for
a while to see if the infection re-
curs, and if it does, then begin
again.

If there are any doctors known
as physiotherapists in your city, or
that type of clinic, you might
visit one of those. Perhaps the ultra-
violet ray treatments or something
similar might be helpful. Ring up
your County Medical society and ask
if there are any such physicians or
clinics in your city.

Don't hesitate to tell your doctor
your financial circumstances, and he
will moderate his fee to suit your
case.

diagnose nor give personal advice.
Your questions, if of general interest,
will be answered in the column in
their turn. Requests for articles or

In New York

With Swab
Gibert Swan

NEW YORK, April 25.—Noted
passing. . .

It was at a luncheon for Mare-
ne Dietrich, the new Paramount
discovery from Berlin, at the Ritz
the other noon.

Jeane Laskey had introduced the
staff of honor and asked her for
her first impression of New York
as gathered from the boat.

Mr. Laskey—She says that it was
three o'clock in the morning, and,
standing on the deck she could see
the lights of the city. . . imagine
her emotion!

Within a few days she will be
headed for Hollywood—and, again,
imagine her emotion.

Jack Oakie (the cinema clown
who had been sitting at a corner)
—And I'm trying to get a date
with "tomorrow" night—imagine
my emotion!

For reasons unknown to myself,
I find I am an officer, or some-
thing, of the Happy-Go-Lucky Club,
organized during the week.

It seems that this is an involved
age, or whatever the gent said who
read the club's preamble, and peo-
ple don't have enough fun and all
that sort of thing. Without seeming
to talk out of turn or grab a gift
club by the handle, as it were, I
have a notion that the last way in
the world to be careless, happy-
go-lucky or have fun is to organize
and get serious about it.

However, since Lill Damita is
president and lets me sit beside her
and cute little Harriet Hoctor, the
premiere danseuse, is treasurer and
lets me sit beside her, and since
Gertrude Lawrence, the lovely Eng-
lish actress, and Bobbe Arnot are
some sort of officers, I may not
come off so badly.

At any rate, I got all their names
in the paper and if that's why I
was elected, I've paid my dues.

Almost anything can happen at
some of these very sophisticated
roundups staged on this island. The
other night, at such a gathering,
three old cronies met for the first
time in several years. Two of them
had been divorced. Gents No. 1
and No. 2 had been witnesses who
made it possible for No. 3 to get his
divorce. No. 1 and No. 2 had later
lived nobly to help No. 2 get his
divorce.

"I'm certainly glad to see you old
palookas," commented No. 1, "be-
cause my wife and I have agreed to
split and I need some witnesses to
testify that I've been unfaithful to
her and you saw me. Don't forget I
had like a gentleman to get you out
of the handcuffs."

"Sure," they chorused. "When's
the case called?"

And, as I previously remarked,
they had not seen each other in
several years.

Columnists have been getting al-
most as thick as autograph hunters
in Manhattan of late. And since
the pursuit of any new gag has re-
duced them to an almost predatory
species, they appear to go hunting
in herds. They swoop down upon
each passing pun and, like ambu-
lance chasers, the first one to grab
it locks it up in type for the night.

The other evening, in a theater,
lobbies a group of wags were ex-
changing rib ticklers when a
stranger approached.

"Don't laugh," paraphrased Harry
Herzhfeld, "it might be a new
columnist. And I'm saving the last
whereas for a kid who's on a high
school paper."

Well, there's nothing like training
them young!

FOUR DIE WHEN HOME IS RAZED

BOONVILLE, N. Y., April 24 (AP)—
Four persons were burned to
death and a fifth was missing in a
fire which destroyed the large col-
onial home of Bert Cronk, coal
dealer, here today. Mr. and Mrs.
Cronk and Mrs. Paul Anni and her
granddaughter died in the
flames. Anni was missing.

Clifford, young son of the Cronks,
leaped from a window to safety. He
was suffering from effects of the
smoke.

Cronk was found in the dining
room and his wife in a doorway
leading from that room. Mrs. Anni
and her grandchild were burned
to death in their bed. The house
was enveloped in flames when fire-
men arrived.

Two Are Killed In St. Louis Gun Duel
ST. LOUIS, April 25 (AP)—A deputy
sheriff and a would-be robber were
slain in a pistol duel in St. Louis
county about midnight Thursday
night when two men approached the
officer, who, with a companion, was
parked along the highway to trap
bandits who have perpetrated a
number of holdups of motorists re-
cently.

William Goerick, 28, the deputy
sheriff, was fatally wounded, and
the bandit, about 35, was found
when other deputies went to the
scene.

ERECTING NEW HOME.
RALES, April 25 (Special)—Mr.
and Mrs. Raleigh Keith are erect-
ing a modern, 8-room home on
North Trinity street, next to the S.
W. Page home.

Escaped Convict Is Wounded In Temple

TEMPLE, April 25 (AP)—Manuel
Romero, 28, Mexican born Indian
who escaped from the penitentiary
at Huntsville last August, was shot
and wounded seriously here Wed-
nesday night.

When Romero threatened to kill
three people in the Mexican dis-
trict where he was hiding, police
were summoned. Romero fled, but
was shot when he tried to hide be-
hind a straw pile. He was taken to
a hospital under guard.

Romero had been sentenced to
six years imprisonment for burglary
at Karnes City in July, 1923.

LONE STAR MATRIMONIAL MUTUAL ASSOCIATION
WE ARE BONDED
 All of our members are re-insured in Bankers-Lloyds of Texas, guaranteeing the payment of our policy. Every official connected with our organization is under heavy bond, protecting you against fraud. We have two companies, the one operating in Lubbock, one in Oklahoma City. The Lubbock organization has approximately 1,400 members and the one in Oklahoma City 600 members.

We pay policy holders who marry approximately \$250 at the end of 6 months; \$500 at end of 9 months; \$1,000.00 at the end of one year. You do not have to know at the time that you take your policy just when you are to marry. We have over 200 policy holders living in the city of Lubbock. That too, is a record for any city in the state.

CHARLIE REGAN, OLD TIMER TO PAY
LUBBOCK VISIT; TO GREET BLEDSOE

An old time West Texan, who
has considered a territory in
this section, is to be in Lubbock
this afternoon and while here

There are only three survivors
of my father's commands
that I know of," Mr. Bledsoe
said today in speaking of the
visit of Mr. Regan.

Major Bledsoe organized an
independent troop of cavalry
and commanded it for some
time, his son said. Later he was

BUY A NEW STRAW HAT SATURDAY

Be Correctly "Hatted" This Spring STRAW HAT TIME IS HERE

Saturday is official Straw Hat Day—its time to discard the faithful old felt that has served you so well for one of the new straws in either Sailor or soft body style.

What Men Will Wear This Season

Either Sailor or Soft straw bodies will be the vogue—a varied selection of shapes that cover all types from those for the young College Man as well as those for the more conservative business man.

Sailors from Knox and Stetson—the new "Comfit" soft feature is most desirable—Soft turned down straw combinations with narrow or Sash bands—new values in Panama hats for both young men and conservatives—an array of hats that is most complete in every detail.

Knox and Stetson Sailors \$5 and \$6. Ecuadorian Panamas \$6, \$7.50, \$10 and \$12.50. Milan Straws \$2.50, \$3, \$3.50 to \$8.00. Soft Straw Hats 95c to \$1.45.

HERE'S TELEVISION'S FIRST STAR

Marcella Lally is termed the nation's first television star. She is seen nightly over WXXAO, Chicago's television station, which is operated in conjunction with WIBO, associated with the Chicago Evening American. Television officials point out that in the near future radio artists will be selected for their beauty as well as talents.

REFUSE YOUNG WRIT HEARING

CRIMINAL APPEALS IS IN LINE WITH JUDGE ON CASE

AUSTIN, April 25.—The court of Criminal Appeals, Thursday refused to let attorneys for Ernest Young charged with the murder of James Bradshaw, file an application for a writ of habeas corpus, seeking release of their client, held in Kendall county jail without bond. Young and Homer Edwards escaped from the San Antonio state hospital for insane and lured Bradshaw to a farm on the Guadalupe river where they murdered him and threw his body into the river. One of the men made a statement about the crime to officers. Attorneys for Young and Edwards claimed they were amenable from prosecution because they previously had been adjudged insane and committed to the asylum. The alleged in the petition rejected by the appellate court that Young was being illegally restrained after District Judge L. J. Brucke remanded him to jail without bond after a hearing at Kerrville.

FLASHES OF LIFE

As Brought Over Associated Press Wires Today

Was It Terrible?

NEWARK, N. J.—Dwight W. Morrow was telephoning to Mrs. Morrow at Englewood from London. He asked how she was and the children and Dwight, Jr. and then: "How is Anne after that terrible flight?" Mrs. Morrow gave the conversation verbatim in a campaign address. Colonel Lindbergh's father-in-law is running for the republican nomination for senator.

Why Not?

CHICAGO—David R. Forgan, banker, would rather pay an employee more money for the same job if he plays golf, because he is better equipped physically, mentally and morally, as the result of golf, to do his work. He so remarked at a meeting of the association of commerce.

One-Story City

GUATEMALA CITY—This city, capital of the Guatemalan republic, is entirely without stairways. Earthquakes are the reason. Second and third stories were abandoned when the city was rebuilt after a disastrous quake in 1916.

Going Back

NW YORK—California, here comes Paul Whitehead. He's going back as soon as possible. "Broadway's all different," he explained. "There's no one here I know. The gang's gone Hollywood."

Lowers Ante

LAKEWOOD, N. J.—Nickels, instead of dimes, are the latest from John D. Rockefeller. He passed out several to children after Easter services in the First Baptist church.

May Be Tropical

NEW YORK—Long Island is unexcited over the possibility of being covered with waving palm trees. Captain Sir Arthur Rodson, commander of the Trans-Atlantic liner Berengaria, is inclined to think that the westward movement of the gulf stream will make the island tropical in nature. Dr. Frank L. Bryant, Brooklyn zoologist, doubts that the course of the stream is changing.

Officer Dies In Quarrel On Land

FORT PAYNE, Ala., April 23.—Deputy Sheriff Owen Webster, 26, was shot to death by William Colter, 70, and the latter was wounded, perhaps fatally, by officers accompanying Webster, in a gunfight arising from a dispute over a land survey on Colter's farm near here Thursday. Sheriff Luther Campbell said Colter had threatened a party of surveyors who attempted to cross his land. They secured a peace warrant and Webster and two other officers went to serve it. The sheriff said Colter began firing with a revolver as the officers approached him and Webster was killed. Officers returned the fire and Colter fell with bullets in his abdomen. Physicians said he probably would die. Webster was to have been married next week.

New Police Chief Has Changed Views

WASHINGTON, April 25.—General Herbert B. Crosby, Washington's new police department head, believes that if a policeman is rude, the blame for his rudeness should fall upon his superior officer for failing to train him properly. With this idea in mind, he is drawing up a code of conduct to guide police men in their contacts with the public. One principle he has decided definitely to incorporate in his list is the admonition that a policeman shall not violate one law to enforce another.

Coronation Made In San Antonio Fete

SAN ANTONIO, April 25.—A scene representing the court of Scythia in 1493 was used last night for the Fiesta San Jacinto coronation ceremonies in the municipal auditorium. Miss Rosemary Kuntz of San Antonio was queen and Miss Helen Milburn, maid of honor. Out of town society girls in the court included Miss Margaret Johnson, Ft. Worth; Doris Dunbar, San Angelo; Arta Barber, San Benito; Elizabeth Boney, El Paso; Olivia Brown, Houston; Kathryn Horn, University of Texas; Evelyn Gay, Waco; Gertrude Aldredge, Dallas; and Jane Burton, Galveston. The ceremonies were seen by nearly 9,000.

Twentieth Producer Brought In Ector

SAN ANGELO, April 25.—The Penn pool in Southwestern Ector county today gained its 20th producer when the Stimms Oil company and Phillips Petroleum company No. 1 university topped pay at 3,620 feet, began flowing at 3,627 and produce

The well is a south offset to Conden No. 1-A university until recently one of the farthest northern producers in the field, and is 2,310 feet from the south line and 440 feet from the east line of section 1, block 35.

Aged Slave Dies On Kansas Farm

KANSAS CITY, April 25.—Manassa Johnson, negro, reputed to be 130 years old, died Wednesday night at the Wyandotte county poor farm. He had been blind many years. He was a former slave on a North Carolina plantation.

"SONNY FELL DOWNSTAIRS"

said Mrs. Jackson, "but I was thankful that he sustained only a knee bruise which Mother's Salve quickly healed." Since 1894 mothers have relied on this pleasantly scented standard household ointment for all cuts, bruises and burns. Easy to use, quick to act. Full directions on wrapper. All druggists stock and recommend Mother's Salve. Two sizes, 25c and 50c. Vaporize "Mother's Salve" for Colds

According to Dr. Woods, approximately 100 optometrists from all sections of the state attended the gathering and West Texas was well represented.

Earp Not To Seek Lee's Post Now SWEETWATER, April 25.—(P)—V. Earl Earp, city attorney of Sweetwater has announced that he would not be a candidate for the seat in congress of the late Representative R. Q. Lee in the special election to name his successor, but that he would lend his support to the congressman's widow who announced her candidacy Thursday. "I will be a candidate in the regular election for the office," he said.

Dallas Attorney Has Leg Removed DALLAS, April 25.—(P)—His right leg having been amputated because of an infection, James J. Collins, city attorney of Dallas for nearly 20 years, today was reported resting well at a hospital here. Several months ago his left foot was amputated due to the same illness. Because of his weakened condition the operation caused concern and members of his family were at his bedside.
