Supermarket Bills Steady, Meat Prices Drop

By LOUISE COOK
Associated Press Writer

Supermarket bills held steady last month, with price cuts at the meat counter helping to offset increases in other grocery items, an Associated Press market-basket survey shows.

The price cuts generally reflect special promotions on the part of retailers who are trying to boost lagging consumer demand for meat.

The AP survey covers a list of 14 commonly purchased food and non-food items. The list was drawn up at random and all items were priced at one supermarket in each of 13 cities on March 1, 1973. Prices have been rechecked on or about the start of each succeeding month.

Among the highlights of the latest survey:

—The marketbasket bill went up during August at the checklist stores in seven cities and down in six cities, for an over-all average drop of 0.01 percent.

The stability in August compared with price increases during the preceding three months. The market-basket bills went up by seven-tenths of 1 percent during July, 1 percent during June and 1.3 percent during May.

—The AP found that the marketbasket bill has gone up an average of 4.1 percent at the checklist stores since Jan. 1.

—The biggest bargains during August came at the meat counter. The price of a pound of center-cut pork chops declined at the checklist store in eight of the cities surveyed and chopped chuck was down in six cities.

There has been less red meat available this year than last year and prices have been rising fairly steadily. The price rises, coming at the same time as the recession and new reports recommending moderation in red meat consumption, have lowered demand. The lowered demand has, in turn, caused many retailers to cut margins and run special sales to lure customers.

No attempt was made to weight the AP survey results according to population density or in terms of what percent of a family's actual grocery outlay each item represents.

The day of the week on which the check was made varied depending on the month. Standard brands and sizes or comparable substitutes were used.

The AP did not try to compare actual prices from city to city; the only comparisons were made in terms of percentages of increase or decrease — saying a par-

(See MARKET, Page 2)

Building Permits Total $123,350

Eight building permits were issued by the city of Hereford during the month of August according to Becky Reinart at city hall. The eight permits totaled $123,350, and included the first single family residence permit to be issued here in 13 months.

A $70,000 permit for a residence on Quince Street was issued to the Hereford High School building trades class. The last single family residence permit had been issued in July 1981 Ms. Reinart reported.

The August permits brought the 1982 year-to-date total to 69 permits for a total of $618,940. That's far below the 94 permits issued in the first eight months for 1981 for $2,217,174.

During August, 1981, 10 permits were issued by the city for a total of $254,224.

Two Solidarity Supporters Killed

WARSAW, Poland (AP) — Authorities shot and killed two Solidarity supporters in the southwestern city of Lubin during demonstrations marking the second birthday of the suspended union, Warsaw radio reported today.

It was the first announcement of fatalities in Tuesday's nationwide demonstrations.

The report said 12 other demonstrators were injured in the Lubin protest, three of them seriously, and 11 police officers and one volunteer police reservist were hurt.

"Investigations so far show that firearms were used because of the aggressive behavior of the crowd, who were attacking the (government) forces with gasoline bombs, stones and bricks," the radio said in a report monitored in London.

Lubin was not mentioned in earlier reports citing nine cities where demonstrations erupted Tuesday.

Word of the deaths came as the state media hinted at a new crackdown by Poland's martial law regime, saying Poles will have to "pay" for the defiant demonstrations in support of Solidarity.

Bean Gleaning

Sandy Evers pointed out a bad bean Tuesday as she and Susie Jackson, left, sorted pintos for the annual Senior Supper Friday night. The beans will be served with sloppy joe's, potato salad, coleslaw, cantaloupe, cobbler and tea. Any senior will have the $3 adult tickets or $2 children's tickets. Chowtime is from 5 p.m. until 7 p.m. (Brand Photo)

Bicycles Needing Owners

Eighteen stolen bikes recovered by Hereford police are cluttering the department's evidence room and officers want to clean house.

Lt. Vernon Hope said any person having a bike lost or stolen within the past 18 months may check the stash after contacting him or Sgt. Joe Brown. Hope is at the station from 7 a.m. until 3 p.m. when Brown is in duty from 11 p.m.

"They will have to come describe the bikes, not just come back and look at them," Hope said, in order to make a positive claim.

Bikes unclaimed will be disposed of after 10 days, probably by auction.

SW Bell Rate Hearing Begins

AUSTIN, Texas (AP) — The sixth almost-annual Southwestern Bell rate increase hearing opened today with company officials testifying they have done all they could to keep costs down, but still need $4.60 more per month from residential customers.

"We are once again faced with the pressure of inflation and the increasing demands for telephone service which cause our expenses to continue their upward spiral," said Southwestern Bell Vice President Paul Roth in prefiled testimony.

This time around the company wants $471.5 million in increased Texas rates, the largest-ever request submitted to the Public Utility Commission. PUC staff members will argue for a $304.5 million increase for the telephone company.

However, the Texas Municipal League, representing several cities served by Southwestern Bell, says only a $217.9 million hike is needed.

Southwestern Bell has asked for a rate increase every year since 1976, except for 1978. The telephone company filed the first-ever rate case at PUC after the commission was created in 1975.

No increase was requested in long distance rates, where Southwestern Bell faces increasing competition. TML and General Telephone, two of the approximately 20 intervenors in the case, have asked PUC to raise the Southwestern Bell long distance tolls.

The package proposed by Southwestern Bell includes a decrease from 10 to three in the number of no-charge directory assistance calls per month.

The hearing is expected to last up to eight weeks and two PUC hearing examiners have been assigned to the case. One examiner will determine how much of an increase is warranted and the other will decide which services will pay for the increase.

PUC's three members will study the hearing examiners' report and rule in the fall.

Jump in Indicators Hints Economic Recovery

Dow Average Advances

By LORRAINE CICHOWSKI
AP Business Writer

Commerce Secretary Malcolm Baldrige joined private economists in hailing the government's latest report on key economic indicators as pointing to "solid economic improvement" in the coming months.

The upward-looking report came Tuesday, and the Dow Jones average of 30 industrial stocks responded by cracking the 900-point barrier for the first time in more than a year.

The Dow advanced 8.01 points to 901.31, its highest close since 901.83 on Aug. 25, 1981. Nearly four stocks gained in price for every one that lost on the New York Stock Exchange.

Economists said the Commerce Department's report that the Index of Leading Indicators jumped 1.3 percent in July indicates that overall national economic activity should increase substantially by the end of the year. It was the fourth consecutive monthly increase.

"I believe the leading index and the recent sharp drop in interest rates are paving the way for solid economic improvement," Baldrige said.

Jerry Jasinowski, chief economist for the National Association of Manufacturers, called the report "encouraging evidence that economic recovery is about to get under way."

The index includes statistics from 10 separate categories and is intended to forecast future economic trends.

The Commerce Department also reported orders for manufactured goods rose 2 percent in July, the third straight monthly gain and the biggest increase since the end of 1980. Orders rose $3.1 billion to a seasonally adjusted $160.2 billion.

Although the 2 percent gain over June's orders was the largest percentage increase since December 1980, total orders still were 7 percent below the level in July 1.81, before the recession began.

The Conference Board, a research group supported by business, reported meanwhile that plans for spending on plants and equipment plunged 22 percent in the second quarter from the previous three months.

The board said capital appropriations, which are authorizations to spend money in the future on new plant and equipment, fell to a seasonally adjusted $20

Insurance Board Recommends Auto Hike

AUSTIN, Texas (AP) — Drivers in Midland, Ector, Scurry and Howard counties will be hit hardest while some motorists in Chambers County won't be hit at all by the $262 million auto insurance rate increase granted by the State Board of Insurance.

The package approved Tuesday in a 3-0 board vote means an average statewide increase of 14.8 percent. The specific increases will vary according to type of coverage and location.

A $64 increase — highest in the state — was approved for basic coverage for a 1982 low-priced Ford, Chevrolet or Plymouth in Ector, Midland, Scurry and Howard counties. Chambers County drivers will be the only Texans facing no increase on basic coverage when the new rates take effect on Nov. 1.

The $262 million increase upset David Irons, attorney for the Texas Automobile Insurance Service Office, which wanted a $584 million hike, or 33.2 percent.

"I'm dismayed," Irons said. "I think the profit allowed in this ratemaking is grossly inadequate."

Board members Bill Daves, Durwood Manford and Lyndon Olson decided to go with the 14.8 percent package calculated by the board staff, instead of the 17.3 percent increase proposed at an Aug. 12 hearing. Staff actuary Gaylon Daniel said the recommendation was dropped to 14.8 percent when updated figures were plugged into the complex formula used to determine rates.

Irons said it would be up to the approximately 400 companies that write auto insurance in Texas to decide if there will be a court challenge of the board decision.

"I would be hesitant to say they may be in trouble (as as result of the board action),"

Murder Trial Going to Jury

AMARILLO, Texas (AP) — The trial of an 18-year-old man charged with capital murder in the Halloween rape-slaying of an elderly Catholic nun was expected to go to the jury today.

After final arguments by the prosecution and defense, District Judge George Dowlen was to give his charge to the jury and order the panel to begin deliberations.

Johnny Frank Garrett took the stand in his own behalf Tuesday, which allowed the prosecution to enter into evidence a statement that police say he gave them orally, then refused to sign.

The state introduced a statement that said Garrett choked and raped 76 year-old Sister Tadea Benz while drunk on whiskey and "two hits of acid."

Garrett denied giving such a statement and accused police of concocting it.

Officers said Garrett made the statement after they arrested him in his home, across the street from the convent, on Nov. 9, 1981, about 10 days after the murder.

Amarillo police Sgt. Walt Yerger testified Tuesday that Garrett told him he broke into a lower window of the convent in the early morning hours of Oct. 31. Garrett said the nun woke up while he was in her room and that he choked her until she passed out, then had sex with her, Yerger testified.

Garrett testified that a cousin told him he killed the nun. The cousin, called to the stand, denied Garrett's charge and said he was living in Pampa, Texas, at the time of the murder.

Garrett's mother and half-sister testified Monday that he was home at the time of the murder.

Police said his handprints and fingerprints were found on a headboard in the nun's room. Garrett testified Tuesday that he had been in the bedroom, but said he was there the day before the murder.

Garrett said he walked through the front door of the convent about noon Oct. 30, found nobody inside, took a small knife from the kitchen

Giles Joins Brand Staff

Les Giles, longtime sports writer for The Amarillo Globe-News, has joined The Hereford Brand staff as sports editor and news writer.

Giles, 39, of Canyon, assumed his duites today, according to an announcement from publisher O.G. Nieman.

LES GILES

A graduate of Tascosa High School in Amarillo, Giles attended Amarillo College. He has lived in Amarillo for about 27 years, and spent some 13 years with the Globe-News. He also worked briefly for The Odessa American. He and his wife, De, have lived in Canyon for about one year, operating a restaurant.

"We are pleased to have Giles on our staff," said Nieman. "His experience and qualifications should be a great asset to our sports department. This brings our news staff back to normal size and will enable us also to put more emphasis on local news.

Giles' parents still reside in Amarillo. He has one brother, who lives in Salt Lake City, and a sister who teaches school near Corpus Christi.

Hiring Counsel

Mayor Bartley Dowell, seated right, and James H. Kerley Jr., executive vice president of First Southwest Company, signed an agreement Tuesday to hire the Dallas firm as financial advisor for the city's involvement with the proposed Special Events Center. Base fee for any bond issuance will be $3,000 plus a rate on the amount of the bond. Witnessing the contract signing were Ed Coplen and Wes Fisher, city commissioners. Coplen and Commissioner Bud Eades will serve as the city reps on a committee with members from the school board and county commission. (Brand Photo)

Policewoman Honored For Rape Seminars

AMARILLO, Texas (AP) — An Amarillo policewoman who has taught 8,600 women in the past two years how to protect themselves against rapists has been named Officer of the Year by the International Association of Women Police.

Dianne Bosch, a five-year veteran of the Amarillo Police Department, will be presented the award later in the year at Chattanooga, Tenn. She was one of 1,000 women nominated from throughout the United States, Canada, Great Britain and several other nations.

Ms. Bosch organized and produced the "Women Against Rape" seminar and presented it 32 times in the past two years to women throughout the Texas Panhandle area. Her presentation includes information on rape and rapists and a segment on self-defense.

Two-Year Old Dies As Result of Abuse

LUBBOCK, Texas (AP) — A 2-year-old boy sustained on a life support system for more than a month died early this morning as the result of what police say was a beating by his mother and her common-law husband.

Robert Hernandez died at 3:14 a.m. at Lubbock General Hospital, a nursing supervisor said. A respirator had kept him alive since July 27.

The boy's stepfather, Lee Roy Orana Licon, 28, and mother, Amelia Hernandez, were charged with injury to a child after the boy was found with bruises, cigarette burns, a head wound caused by a metal instrument and lacerations to the genital area.

Officials in the Lubbock County District Attorney's office had said earlier that if the child died, the charges against the couple would be upgraded to murder.

The child had been described as clinically dead after an electroencephalogram failed to detect brain waves. The hospital said Hernandez' pediatrician was present at the time of death.

Appeals Court Upholds Narcotics Conviction

NEW ORLEANS (AP) — A federal appeals court has upheld the Texas narcotics conviction of a man who contended he was an undercover agent for the New Mexico State Police.

Ted Allan Johnston was convicted May 14, 1981, in El Paso on a marijuana conspiracy charge. Johnston appealed his conviction to the 5th U.S. Circuit Court of Appeals, which Tuesday led the conviction stand.

"Probably the most difficult single problem with this case is the question of whether Johnston was operating in conjunction with the New Mexico police ...," the opinion said.

The defense contended Johnston was a "CI," the Drug Enforcement Agency term for a "confidential informant" or "cooperating individual," and that his indictment, trial and conviction was tantamount to entrapment.

The opinion said the court also was puzzled by the logic used by jury members, who acquitted several other defendants.

In upholding the conviction, the appeals court said it was "left with the firm and abiding conviction that, while Johnston did not have a perfect trial, he did have a fair trial."

Johnston was sentenced to three years in prison, with the first six months to be served and the remainder suspended for five years probation under supervision.

Weather

'M-A-S-H' First Again In Ratings

LOS ANGELES (AP) — CBS, with seven shows in the Top 10 led by perennial favorite "M-A-S-H," reclaimed sole possession of first place in television's prime-time ratings race for the week ending Aug. 29, figures from the A.C. Nielsen Co. show.

It was the sixth week in a row that CBS finished first. It compiled an average rating of 14.2. The networks say that means in an average minute of prime time during the week, 14.2 percent of the nation's homes with television were tuned to CBS.

ABC had tied with CBS for first place in the week ending Aug. 22, but it slipped back into second place with a rating of 13.4.

"M-A-S-H," which is entering its 11th and final season on CBS, won with a rating of 23.7. Nielsen says that means in an average minute of the show, 23.7 percent of the TV-equipped homes in the country were tuned to CBS.

CBS was also in first place for the ratings week ended Aug. 29. The week before CBS and ABC had tied for first place in the A.C. Nielsen Co. ratings. This week ABC slipped back to second place.

NBC, which managed to place only "Hill Street Blues" in the Top 10, was third with 12.1. It also had the five lowest-rated shows: "McClain's Law," a special "Facts of Life," "Bret Maverick," "Diff'rent Strokes" and "Born to the Wind."

The Nielsen Co. announced that the value of a rating point had changed again. Effective today each point will equal 833,000 homes instead of the previous 815,000 homes.

Girl Hurt In Dog Fight

Hereford police filed only three reports Tuesday, checked one minor accident and issued 12 traffic tickets.

Calls were made to a residence where a little girl was scratched by dogs in a dogfight, to a home where the resident heard a prowler and to a business where an argument between employees occurred.

Lack of Water Starving Crops

SAN ANTONIO, Texas (AP) — The driest summer this area has seen since 1938 is threatening the dryland peanut crop and sending hundreds of cattle to early slaughter for lack of grass and water.

Agriculture officials warn the situation could worsen if September does not bring more moisture.

"Dryland peanuts are the crop coming on now. If we don't receive rain on them, we just won't make any," said Thurman Kennedy, Bexar County Agriculture Agent. "We're in bad shape. This July and August has been devastating.

"What's going to wipe us out down here is the rangeland. That's our No. 1 industry," he said.

"It's horrible," said Bubba Kothmann, an official at the San Antonio stockyards where ranchers Monday auctioned off a "terrific run" of 4,300 cattle, about 1,000 more than normal because of "emergency sales."

"We haven't had any rain, you know a good rain, in about three months," Kothmann said.

Although many parts of Texas have received rainfall all summer, a persistent high pressure system has caused this part of South Texas to record the third lowest amount of rainfall in June, July and August since 1885 when records first were kept here.

The National Weather Service reported Tuesday that rainfall totalled only 2.06 inches at the San Antonio International Airport for the three months, the smallest amount for the period since 2.00 inches in 1938. The record dry summer was in 1911 when only 1.81 inches of rain fell from June through August.

"We've had this subtropical high over us a good part of the summer," a weather service spokesman explained. "It has dominated our weather picture. We've had a few showers when that high has broken down or weakened. When that occurred, we had a few showers, but not much."

The forecaster said something has to happen to disperse the high pressure and bring in moisture, such as a tropical storm in the Gulf of Mexico or a cold front from the north.

Kennedy said spring rains, supplemented by "fortunate" showers in early June, helped produce a fair grain sorghum crop and a poor corn crop, but that dryland peanut farmers and cattlemen are threatened as summer closes.

Joe Pena, an economist for the Texas A&M University Extension Service in Uvalde, estimated that the cattle industry amounts to 65 to 70 percent of the agriculture economy in the region.

"I'd say half again more of livestock than normal are being marketed early because pastures are sparse," Pena said. "If surface tanks go dry, the ranchers have to send the cattle to market because they don't have any water for them."

Pena said rainfall in Southwest Texas is four to inches inches below normal, superimposing drought problems on farmers and rahchers already in an economic squeeze because of low prices for their commodities.

He said a shower fell in Uvalde last week but that "it was just enough of a sprinkle to mess up a car."

"We're dry," he said. "It's been erratic — too much in a very short period of time, then none at all."

Farmers with water have had to irrigate 150 percent more than normal, increasing costs and cutting profit margins, Pena said.

LaSalle County agriculture agent David Wolfe said some ranchers in the Cotulla area already have begun supplemental feeding, but so far none have had to burn the stickers off prickly pears for emergency food.

"Since the middle of May, we've got about one inch of rain," Wolfe said. "It is not at a critical stage yet on the ranchers, but if we don't get rain in September, it's going to sure start getting tight."

Letter To The Editor

Dear Editor:

I wish to thank the Hereford Brand Newspaper and the citizens of Hereford and its business community for the friendship and wonderful time they extended to me and my husband, Vick, on our recent trip to Hereford for my induction in to the Cowgirl Hall of Fame.

The community made us feel so welcome and showed us such a wonderful time, we will surely visit again soon.

Again, thank you for your courtesy. With warm personal regards, I remain

Sincerely yours,
Faye Blackstone

Lora Collins, an analyst for the Conference Board, said it was not surprising that manufacturers' spending expectations are weak.

"There has been virtually no net economic growth for three years, and manufacturing capacity utilization is under 70 percent, the lowest since early 1975," she said.

In other economic news:

—About 3.4 million American youths were out of work in July, over 500,000 more than a year ago, the Bureau of Labor Statistics said. The youth unemployment rate rose to 19.7 percent in July.

—Prices farmers get for raw products declined 0.7 percent in August compared to July and averaged 2.2 percent less than a year ago, the Agriculture Department said Tuesday. It was the 13th consecutive month that the farm price index averaged below year-earlier levels.

Trial — from page 1

and went upstairs. He was looking for stereo equipment and crucifixes, and the knife, which was entered into evidence, was bent when he used it to pry open a drawer, he said.

Garrett's fingerprints were left on the headboard when he leaned across the bed to grab a crucifix, he said.

Sisters at the convent disputed Garrett's account, saying they would have been eating in the dining room, and the front door of the convent would have been locked at the time Garrett said he entered the building.

Market — from page 1

ticular item went up 10 percent in one city and 6 percent in another.

The items on the AP checklist were: chopped chuck, center cut pork chops, frozen orange juice concentrate, coffee, paper towels, butter, Grade-A medium white eggs, creamy peanut butter, laundry detergent, fabric softener, tomato sauce, milk, frankfurters and granulated sugar. A 15th item, chocolate chip cookies, was dropped from the list after the manufacturer discontinued the package size used in the survey.

The cities checked were: Albuquerque, N.M., Atlanta, Boston, Chicago, Dallas, Detroit, Los Angeles, Miami, New York, Philadelphia, Providence, R.I., Salt Lake City and Seattle.

Bull — from page 1

tions. Bob Blair, chief plant engineer, has moved here from Dumas.

oOo

President Reagan has promoted the next tax bill as a "reform" bill rather than a tax increase, explaning that he had to do it in order to get Congress to approve further cuts in spending.

The increased taxes are a certainty. There is far less chance that federal spending will be cut.

The bill probably hits businesses harder than anyone. There will be a hefty boost in federal unemployment taxes and there are changes in investment credit provisions. Cigarette smokers, airline customers and phone users are the others most affected.

The average working taxpayer will be forking over more taxes and can be excused for wondering why politicians bothered to promise him tax relief when running for office in 1980.

Hike — from page 1

said Irons. "But there will indeed be some companies that feel this adjusted rate is an adequate rate and others will feel the rate is grossly inadequate."

The insurance industry said the large increase it requested was needed because of inflation. Olson asked George Berry, an economist who testified for TAISO, if consumers would think a jump in the rates would further boost inflation.

Berry, who said the "profit outlook is bleak" for companies that write auto insurance, told Olson that it is to the consumers' benefit to guarantee "profitable institutions" so "they will be in business next year."

About the increases, Berry said, "(The consumer) doesn't like it. I don't like it. But I think we have an obligation to let financial institutions earn a fair rate of return."

Ann Landers

Double-Knit Fallacy

DEAR ANN LANDERS: Recently you printed a letter about a lady who had "bats in her belfry." She was the one who wore a navy blue suit to work very day for 14 months. Everybody in the office wanted to know what her suit was made of. You replied, "My guess is it's double-knit or polyester."

Since you are an influential force in educating people. I would like to point out that double-knit refers to the type of construction used to make the fabric. Polyester describes a synthetic fiber which is sometimes combined with natural fiber to make a highly durable, wrinkle-free, soil-resistant fabric.

So you see, the lady with bats in her belfry might have been wearing a double-knit suit made of polyester. You have to be careful what you say, Ann, because a lot of people think you know everything.--B.S. Consumer Textiles

DEAR TEX: Anyone who reads this column on a fairly regular basis is well aware of my inadequacies, vulnerabilities and fallibility in a variety of areas. I keep trying to plug the gaps of ignorance, but it seems whenever I get smarter on one subject a few shingles fall off the roof and I get dumber in others. But thanks for the compliment. I'll put it in my ego bank and draw on it the next time I get clobbered.

DEAR ANN: My neighbor, a divorced woman, has three children, the oldest a nine-year-old boy. I liked her a lot until this afternoon when I heard her shouting, "You will stay in the front yard wearing your sister's diaper until you learn to go to the bathroom at night."

I was heartsick as I watched that child being taunted by neighborhood kids who jeered and laughed at him.

I felt ashamed that I couldn't help the lad, but I didn't know what to do. Please advise me, Ann. I need to know if there is a next time. --Also A Mother

DEAR ALSO: You should have called the local child welfare department and asked who deals with cases of child abuse. That mother needs counseling. Ridicule is no way to deal with a bed-wetter and if your neighbor KNEW better, she would DO better.

DEAR ANN LANDERS: My husband and I have been married less than two years. We are both retired people on small incomes. Before we married we decided to split all expenses 50-50.

Soon I discovered that my husband's three children (all grown, employed and with children of their own) had a habit of asking their father for money when they wanted to buy something they couldn't afford. I have adult children also, but they wouldn't think of asking me for money.

I have spoken to my husband about this several times and he always gets angry and yells at me. Is it fair that I stretch my pennies to pay my bills while he doles out money to those leeches?

Help me, Ann. This problem is threatening our marriage and I need to know what to do about it. -- Trouble In Roanoke

DEAR RO: I can understand why you are griped, but if you agreed at the outset to split the bills and he is living up to the agreement, you are out of line. Obviously, your husband has some money left over after the 50-50 split, and if he chooses to give what's left to his kids, you have no right to complain. In retrospect, perhaps a more equitable split would have been 60-40.

Eastern Star Meets

Members of the Past Matrons of the Order of the Eastern Star met Monday evening in the home of Bea Noland for their regular social meeting. Serving as co-hostesses were Lucile Naylor, Mollie Ritter and Evadne Cox.

Beverly Brooks, presided during the business meeting in which new officers were elected. President will be Wyona Wheeler; vice - president, Clora Brown; secretary - treasurer, Dottie Darden; program chairman and song leader, Opal Roberson; chaplin, Ms. Naylor; reporter, Ms. Cox.

Guests for the evening were Jessie Mae Dodson and Ann Weaver of Canyon who brought a slide presentation of a recent tour of Alaska.

The next meeting was scheduled Nov. 29 in the home of Dorothy Noland.

Today In History

Today is Wednesday, Sept. 1, the 244th day of 1982. There are 121 days left in the year.

Today's highlight in history:

On Sept. 1, 1945, World War II ended officially when Japan surrendered aboard the USS Missouri.

On this date:

In 1807, Aaron Burr was acquitted on charges of treason.

In 1864, Union Army General William T. Sherman captured Atlanta during the Civil War.

In 1939, Germany invaded Poland, leading to the start of World War II.

In 1968, relief officials said more than 8,000 people had died in a series of earthquakes in Iran.

Ten years ago: Meeting in Hawaii, President Richard Nixon and Japanese Prime Minister Tanaka reached agreement on short-term measures to reduce the huge U.S. trade deficit with Japan.

One year ago: South Africa said its troops had captured a Soviet soldier while on a raid against black nationalists in neighboring Angola.

Thought for today: The man who listens to reason is lost. Reason enslaves all whose minds are not strong enough to master her. -- George Bernard Shaw, Irish-born playwright (1856-1950).

Five years ago: Rhodesia was presented with a U.S.-British plan for overcoming a constitutional impasse in efforts to transfer the Salisbury government to the nation's black majority.

Manitoulin in Lake Huron, with an area of 1,600 square miles, is the largest freshwater island in the world.

Prominent Experts Will Speak On Alcoholism and Drug Addiction

Two prominent experts on alcoholism and drug addiction from the southeastern U.S. will be keynote speakers at the Ninth Annual Panhandle Institute on Substance Abuse, scheduled Sept. 9-10 in West Texas State University's Student Activities Center.

Dr. Donald MacDonald, president-elect of the Florida Pediatric Society, will lead the first morning's activities with a speech on drugs and youth. MacDonald has served as president of the scientific advisory committee of the American Council on Marijuana and is a recognized national expert on adolescent drug use. He has testified before the U.S. Senate Subcommittee on Alcoholism, and Drugs and has been a frequent contributor to publications of the National Institute on Drub Abuse.

Dr. G. Douglas Talbott will be keynoter for the second day's round of workshops as he addresses the institute on the problems of addictionology. Talbott began his medical career as a cardiologist and worked in that capacity for NASA on the Mercury, Genini and Apollo missions. He has studied social and chemical addictions in several U.S. and Canadian schools and has served on the staff of the Rugers School of Alcoholism and the Maryland Institute of Addiciton. He is currently director of that organization. He is also director of the Alcohol and Drug Program at the Ridgeview Institute in Symrna, Georgia.

The two physicians will be joined by a faculty of 20 other area, state and national experts on alcoholism and drug treatment, the role of the courts and employee assistance programs.

The second Annual Distinguished Service award will be given on the second day of the institute. Last year, the honor went to former Potter County Judge Branch T. Archer for his pioneering work in establishing the Panhandle Alcoholic Recovery Center.

Young Homemakers Meet

Young Homemakers of Texas kicked off the new club year with a "Crazy Dinner" and membership drive recently. Three guests were welcomed.

Several members, including Ann Kemp, JoAnn Meiwes, Marilyn Culpepper, and Mrs. Beryl Burelsmith, advisor, attended the Area I Convention held in Amarillo on Saturday.

Members will celebrate Young Homemakers Week Sept. 19-25.

On Sept. 7, members will meet for a session on reverse glass art taught by Cindy Hardy. The meeting will be held at La Plata Junior High School at 7:30 p.m.

Young Homemakers of Texas (YHT) is for homemakers or career women who are out of high school and up to 35 years of age. Club meetings are held the first Tuesday of every month at 7:30 p.m.

Members seek to develop a deeper understanding of the home and its influence upon the community, and are involved in planning and carrying out activities designed to improve the home and community. The group also supports Future Homemakes of America and sponsors a member of FHA each year.

Anyone interested in joining YHT is invited to come to the Sept. 7 meeting. For more information, call Ann Kemp, president, 364-7620 after 6 p.m.

Hospital Notes

PATIENTS IN HOSPITAL

Ryan Flirts With Sixth Career No-Hitter

By KEN RAPPOPORT
Associated Press Writer

Nolan Ryan hit the spot for the Houston Astros.

"I've never seen him more overpowering," said catcher Alan Ashby. "He was right at the corners."

Ryan's picture-perfect performance almost resulted in an unprecedented sixth career no-hitter Tuesday night. He lost it in the eighth on Ron Hodges' clean single to left field and settled for a two-hit, 4-0 victory over the New York Mets.

Ryan, 14-9, walked three and struck out nine to run his season strikeout total to an even 200, the ninth season he has reached that plateau.

Hodges' hit admittedly dismayed Ryan, but not enough to shake him completely.

Almost lost in Ryan's fine performance was the Mets' growing losing streak, which reached 15. The streak is the longest in the majors this year and the Mets' longest since they lost 15 straight in 1963.

The Astros scored a run against Ed Lynch, 2-6, in the first inning when Dickie Thon led off with a double, was balked to third and came home on Tony Scott's grounder. Houston added two runs in the seventh on RBI hits by Ashby and Danny Heep, and scored its final run in the ninth off reliever Charlie Puleo on Scott's RBI single.

Elsewhere in the National League, Atlanta beat Philadelphia 3-0, Los Angeles stopped St. Louis 4-1, Pittsburgh turned back San Diego 7-1, Cincinnati edged Montreal 2-1 in 14 innings and San Francisco nipped Chicago 4-3.

Braves 3, Phillies 0

Tommy Boggs, pitching for the first time since injuring his shoulder April 20, threw six shutout innings as Atlanta beat Philadelphia.

Boggs, 2-0, who suffered a slight tear in his shoulder in the spring, allowed three hits, struck out two and walked two. Reliever Gene Garber completed the shutout to earn his 26th save.

The Braves took a 1-0 lead in the fourth inning without benefit of a hit against loser Ed Farmer, 2-5, then went up 2-0 in the sixth on an RBI single by Bob Horner and 3-0 in the eighth on an RBI single by Dale Murphy.

Dodgers 4, Cardinals 1

Burt Hooton earned his first victory in more than four months, hurling Los Angeles over St. Louis. Hooton, 2-5, who has been on the disabled list twice this season, pitched into the eighth inning before Steve Howe picked him up, preserving the triumph with his 12th save.

Hooton, scattered seven hits while walking one and striking out two, in his fifth start since knee surgery on June 21. His only previous victory this season was a one-hit, 4-0 shutout over Philadelphia April 29.

The Dodgers got all the runs they needed by scoring three times off Steve Mura, 11-9, in the first. Ken Landreaux singled home one run, Ron Cey hit a sacrifice fly and Steve Garvey capped the rally with a run-scoring base hit.

Pirates 7, Padres 1

Jason Thompson drove in three runs with a pair of homers, and Manny Sarmiento scattered nine hits to lead Pittsburgh over San Diego.

Mike Easler added a two-run homer as the Pirates roughed up San Diego starter John Montefusco, 9-9, for six runs in the first five innings.

Sarmiento, 6-3, walked two and struck out five in his third complete game of the season.

Reds 2, Expos 1

Paul Householder singled home the tie-breaking run in the 14th inning to pace Cincinnati over Montreal.

Dan Driessen's single led off the 14th against Ray Burris, 4-14, the fifth Montreal pitcher. Cesar Cedeno moved Driessen to second with a sacrifice bunt and Rafael Landestoy was intentionally walked. But Householder foiled the strategy by lining a single to right.

Charlie Leibrandt, 4-7, the fifth Reds' pitcher, worked the final two innings.

Montreal first baseman Al Oliver found the loss hard to take.

Giants 4, Cubs 3

Joe Morgan and Jack Clark drove in runs in the seventh inning as San Francisco came from behind to beat Chicago.

Reptiles eat little in relation to their body weight. They get most of the heat they need from outside their bodies — basking in the sun, for instance.

Lewis Zeroing In On U.S. Amateur Golf Title

BROOKLINE, Mass. (AP) — After two near-misses, former pro Bob Lewis Jr. set his sights on the U.S. Amateur Golf Championship. So far he's right on target.

The vice president of an Ohio steel tubing firm fired a 68 Tuesday for a one-stroke lead after the first round of the 36-hole qualifying medal play of the tournament.

"I've pointed to this thing since last year when I lost in the semifinals," he said.

Two years ago, Lewis, 37, reached the finals of the U.S. Amateur tournament in Pinehurst, N.C., where he was "drilled by Hal Sutton" 9-and-8.

Lewis played at the Charles River Country Club, a par 70, 6,532-yard course. In today's second round, he switches to the tougher par 72, 6,896-yard layout of The Country Club of Brookline.

Because of the bulging field of 282 golfers, the first two days of play are being contested on both courses.

After today's round, the rest of the tournament will be at The Country Club. The field will be pared to the top 64 scorers, who will begin match play with two rounds Thursday. The 36-hole final is slated for Sunday.

One stroke behind at 69 were Ed Humenik of Allen Park, Mich., and Robert Stanger of Durham, N.C. Humenik played at Charles River. Stanger had the lowest score of the day at The Country Club.

Stanger shot a one-over-par 36 on the front nine but needed only 11 putts as he blazed to a four-under-par 33 coming in.

Brian Mogg, of Tacoma, Wash., was the only other golfer to crack par with a 71 at The Country Club. He was tied with John Ervasti of London, Ont., who had his 71 at Charles River.

Nine players were tied at 72. Tom Pernice Jr. had his at The Country Club. The others, who played at Charles River, were Billy Andrade, Donald Bliss, Richard Fehr, Gary Lipski, Andrew Magee, Paul Murphy, Willie Wood and Jim Hallet, the New England and Massachusetts amateur champion.

Defending champion Nathaniel Crosby, son of the late singer Bing Crosby, was among 21 players at 75.

Included in the 75 of Roger Brown of Arkansas City, Kan., was an ace on the 239-yard 11th hole at Charles River.

Collegiate Cheating Rampant Today

AUSTIN, Texas (AP) — There is more cheating today than ever before, especially in college basketball and football, because the "rewards for a winner are staggering," says the University of Texas alumni magazine.

Seventeen major colleges are on National College Athletic Association probation, an all-time record, and another 35 are under investigation, said the Alcalde, a magazine for UT exstudents with 40,000 circulation.

Robert Heard, an Austin free-lancer who wrote the article, sought a list of past violators that the NCAA has compiled, but the NCAA refused to release the names on the ground that once a school has served its probation and presumably cleaned up its program further publicity is undesirable.

"But if only the NCAA leadership and a few NCAA committees are allowed to see the big picture, the public cannot know how bad it is," Heard's article states.

Heard's research showed at least 114 major schools have been penalized by the NCAA at least 171 times in the 30 years since its membership gave the NCAA authority to punish violators.

"There are not penitentiaries we're talking about," the article says. "Nor even competing business enterprises. These are institutions of higher education. They should be expected to cheat about as often as churches."

Twenty-nine schools have been caught more than once, led by Southern Methodist with five probations, the article states, and adds:

"Miami (Fla.) and Wichita State each have four. These schools have been on probation three times: Arizona State, California, Florida State, Indiana, Kansas, Michigan State, Mississippi State, North Carolina State, Oklahoma, UCLA and USC (Southern California).

"These schools have been on probation twice: Auburn, Bradley, Cincinnati, Colorado, Houston, Illinois, Kentucky, Montana State, Pan American, St. Louis, San Francisco, Southwestern Louisiana, Tulsa, West Texas State and Wisconsin."

The article says the NCAA "has been accused of having 'Catch 22' regulations where protecting a student's rights are concerned, of presuming guilt, of being 'prosecutor, jury, and judge,' of "having its fingers on the scale of justice,' and of having enforcement procedures 'resembling a Rube Goldberg contraption gone mad.'"

UT law professor Charles Alan Wright, chairman of the NCAA Infractions Committee for the past five years, defends the NCAA staff.

"These are Old Testament prophets," he says. "They hate sin."

Downing, Angels Trim Tigers 11-0, Cut Lead

By WILLIAM R. BARNARD
AP Sports Writer

While Reggie Jackson, Don Baylor, Rod Carew and Fred Lynn get most of the attention on the California Angels, Brian Downing has quietly shucked his catcher's tools and done the job in left field.

Downing, who spent most of his career as a catcher before moving to the outfield this season, was 4-for-5 and drove in five runs with a grand slam homer and a solo shot as the Angels bombed the Detroit Tigers 11-0 Tuesday night.

"I'm comfortable in left field now," says Downing, who is hitting .285 with 22 homers. "That's made all the difference in the world. When I went to spring training this year, I knew Bob Boone was the catcher. Look in my locker; I don't even have a catcher's mitt any more."

California's victory, combined with Texas' 6-0 triumph over Kansas City, cut the Royals' lead in the American League West to 1½ games over the Angels.

In other AL games, Baltimore blanked Toronto 1-0, Boston shut out Oakland 4-0, Milwaukee bombed Seattle 8-2, Chicago crushed Cleveland 14-6 and New York tripped Minnesota 3-1. The four shutouts were one short of the league record of five, which has occurred four times since 1903.

Leading 2-0 until the fifth inning, the Angels scored seven runs to put the game away.

Jackson, who had three hits and three RBI, led off by belting his 32nd home run. Detroit starter Jack Morris, 14-14, then walked Lynn, gave up a double to Doug DeCinces and walked Baylor to load the bases.

The rest of the inning was a nightmare for Detroit.

Larry Pashnick relieved Morris and uncorked a wild pitch, scoring Lynn. He then walked Grich to reload the bases and threw another wild pitch one out later, scoring DeCinces. Boone walked to load the bases again, setting up Downing's second career grand slam. Downing's second homer made it 11-0 in the ninth.

Orioles 1, Blue Jays 0

Jim Palmer won his 10th straight game and the 260th of his career, blanking Toronto on four hits for his first shutout in four years.

Palmer, who hasn't lost since May 30, now has 52 shutouts in his career. He got all the support he needed when Eddie Murray hit a sacrifice fly in the first inning.

Rangers 6, Royals 0

Texas ended Kansas City's seven-game winning streak and helped California's cause as Charlie Hough tossed a three-hitter.

Hough improved his record to 12-11 with his second shutout and third triumph against the Royals this year.

The Rangers put the game away with four runs in the second inning off loser Bud Black, 4-5. Lamar Johnson and George Wright both had run-scoring singles, Jim Sundberg had an RBI double and Mike Richardt hit a sacrifice fly.

Brewers 8, Mariners 2

Ted Simmons, Don Money and Charlie Moore drove in two runs apiece as East-leading Milwaukee manhandled Seattle.

Mike Caldwell, 13-11, allowed eight hits in seven innings to pick up his sixth victory in his last seven decisions.

Simmons had RBI singles in the first and third innings, Money hit a two-run homer in the seventh and Moore climaxed the Brewers' four-run third with a two-run single.

The first round-trip air crossing of the Atlantic was made in the British dirigible R-34 in 1919.

Yankees Deal John to Angels

DETROIT (AP) — Tommy John, unhappy in New York, is pleased to be joining the California Angels and they're extremely pleased to have him.

"I can't wait to get there," the left-handed pitcher said Tuesday night after learning he'd been dealt by the New York Yankees to the Angels.

"I'm joining a great bunch of guys and I like the idea of contributing to a pennant race," John, in Minneapolis with the Yankees, said before leaving to join the Angels in Detroit.

One of his new teammates and another former Yankee, Reggie Jackson, said he looks forward to playing with John, who spent three full seasons in New York after leaving the Los Angeles Dodgers in 1978.

"I think Tommy John will give our whole ball club a lift," Jackson said. "He's a great competitor who has proven that he can do the job down the stretch."

Angels Manager Gene Mauch said: "All I can say is if Tommy John gets seven starts, we've got seven chances to win. I'm not saying he'll win every game, but he hardly ever beats himself.

"We've wanted Tommy John for four or five weeks. If he's ready, he'll pitch the first game in Milwaukee (Friday night)."

The 39-year-old John joined the Angels in Detroit late Tuesday night. With a 10-10 record this season and a 3.66 earned run average in 30 appearances, his lifetime record is 233-169. A three-time winner of 20 games, he is the winningest pitcher in the American League over the past three years with a 52-36 mark.

The Angels, who also purchased veteran left-hander John Curtis from the San Diego Padres earlier Tuesday, gave up three minor league players, to be named later, to the Yankees.

John played seven seasons with the Dodgers prior to signing as a free agent with the Yankees. He also pitched for the Cleveland Indians in 1963 and 1964 and for the Chicago White Sox from 1965 to 1971.

John had asked to be traded a month ago, having grown unhappy with the defending AL champion Yankees, who are floundering in the AL East this season.

"I knew it would come down to the last day," John said. "It's like playing poker. Everybody makes their bids. Yesterday all the cards were dealt and it came down to today."

VB Team Scores Win

The Hereford High varsity volleyball team is 1-0 in the district after its opener against Lubbock High Tuesday night. The Herd came back from a 15-9 loss to the Westerners to win the series with 15-12 and 15-10 in the last two games.

The Herd meets Lubbock Monterey here Thursday at 7 p.m. The junior varsity, which lost to Lubbock High, plays at 6 p.m.

Boys Ranch Rodeo Set for Labor Day

The thirty-eighth annual Boys Ranch Rodeo at Cal Farley's Boys Ranch is expected to attract approximately 10,000 people over the Labor Day weekend.

The nationally - famous rodeo will begin at 2:30 each afternoon, September 5 and 6, with a Grand Entry of area riding clubs and the Boys Ranch Honor Patrol. About 250 boys will be riding calves, steers, bulls and broncs, competing for belt buckles and the titles of Junior and Senior All-Around Cowboys.

The rodeo is also a homecoming for the Ranch's graduates who travel from around the United States with their families for the occasion. An added feature will be the barbecue beef plates for $3.00, and boys who do not compete as contestants will be selling snow cones, soft drinks and other refreshments.

The rodeo is the only rodeo of its kind in the nation in which the contestants are boys riding professional rodeo stock under R.C.A. rules.

Major League To Meet

The Men's Major Bowling League will hold an organizational meeting at 7:30 tonight in the Energas Co. Flame Room it has been announced. All interested bowlers are invited to attend the meeting at 301 W. Third.

The Men's Major League is scheduled to bowl on Wednesday nights as it has in the past.

NFL Veterans Axed Tuesday

By The Associated Press

The closer it gets to the National League Football regular season, the more familiar the names on the waiver wire become.

L.C. Greenwood, the last remaining member of Pittsburgh's "Steel Curtain" defensive line, was released by the Steelers on Tuesday, the day teams had to trim their rosters to 60 players.

Terdell Middleton, a 1,000-yard rusher for Green Bay in 1978, was waived by the Packers.

And place-kicker Benny Ricardo, the New Orleans player representative who once made an NFL-record 29 straight field goal attempts from inside 40 yards, was cut by the Saints.

Among those also waived Tuesday were linebacker Ed Simonini, a six-year player with Baltimore; defensive back Ricky Churchman, a San Francisco starter in 1980 who has been plagued by injuries; and veteran defensive end John Banaszak, released by the Steelers.

Teams have to be down to 49 players by next Monday.

"I didn't say anything when I came in, and I'm not going to say anything when I go out," said Greenwood, a week shy of his 36th birthday. He was the oldest Steeler and the only one left from the first Pittsburgh team Chuck Noll coached in 1969.

The 6-foot-6½, 250-pound Greenwood played in six Pro Bowls but saw only limited action in Pittsburgh's three exhibition games this year.

"It's tough. It's not easy," Noll said after Greenwood was released. "We felt we had young people playing well and had to do it."

Banaszak, a seven-year veteran, started 12 games last year. He played in the 1975, 1979 and 1980 Super Bowls.

"My services were no longer needed," Banaszak said. "It certainly wasn't an easy decision on Chuck's part."

In Green Bay, Middleton gained 1,116 yards for the Packers in 1978, his second season in the NFL. Since then, however, his production has dropped and he gained only 181 yards last year.

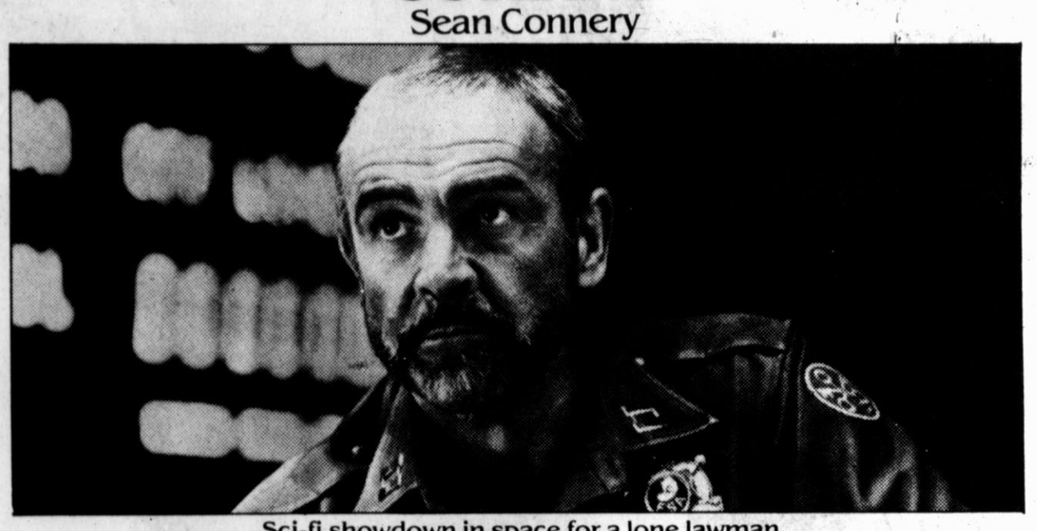

New Orleans decided to keep fourth-round draft choice Morten Andersen — who made three of six field goal attempts in the preseason — rather than Ricardo, who made two of two. But Ricardo said being the team's player representative sealed his fate.

"I think all of that added up, and I was just not a welcome sight around there," Ricardo said.

Last year was Ricardo's worst in the NFL, as he made only 13 of 26 field goal attempts. When he previously played for Detroit, however, he made 29 in a row from inside 40 yards.

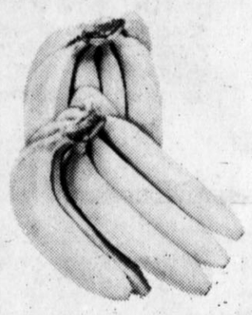

"It didn't matter if Morten Andersen had been 0-50 and I was 50-50. It wouldn't have mattered at all."

Winning Young Homemakers

Members of the Hereford Young Homemakers chapter received awards during the Area 1 Young Farmer- Young Homemaker Awards Banquet Saturday night in Amarillo. Pictured here, at left, are Marilyn Culpepper and Ann Kemp, at right who received the second place special display award for the local chapter, and Jo Ann Meiwes, "Little Sister" of the local chapter who received the Area 1 Outstanding Future Homemaker award and who will now vie for state honors.

Awards Banquet Held Saturday

Members of the Hereford Young Farmers and Hereford Young Homemakers received honors during the annual Area I Young Farmers and Young Homemakers Awards Banquet at the Amarillo Civic Center Saturday night.

For the fourth straight year the Hereford Young Farmers chapter was named as the winner of the Area I Radio and Television Publicity Award, which cites outstanding work in publicizing Young Farmer activities through the electronic media.

Ray Schlabs, Area I vice president, was named as runner-up in the Outstanding Area Officer category. Schlabs, who was re-elected to a second term as area five president during the Young Farmers convention Saturday, was also named as runner-up for the Star Young Farmer Award.

Rick Hales, HYF president, was elected as area I reporter for 1982-83.

Jim Steiert was named as runner-up in the Outstanding Agribusinessman Award category.

Hereford Young Homemakers "Little Sister" Jo Ann Meiwes, a Hereford High School senior, was named as the Outstanding Future Homemaker for Area I.

The Hereford Young Homemakers chapter was named as the second place winner in the convention's special display contest.

Among those attending the Area I banquet Saturday night were Ann Kemp, Jo Ann Meiwes and Marilyn Culpepper of the Hereford Young Homemakers and Schlabs, Steiert, Hales, Gerald Marnell, Tom Schlabs, Kevin Urbanczyk and Monty Adams of the Hereford Young Farmers.

Titles Leave Patients Confused

The title "doctor" is used by a diverse group of professionals in medicine and education, and similarities in certain specialty areas can leave consumers confused.

The Texas Medical Association offers these examples and explanations:

--Ophthalmologist, optometrist, optician: An ophthalmologist is a licensed physician--M.D. or osteopath--who specializes in treating medical eye disorders as well as prescribing correction lenses. The ophthalmologist is the doctor who performs eye surgery.

An optometrist is a licensed doctor of optometry who examines eyes and prescribes corrective lenses.

An optician, not normally called a "doctor," makes or sells lenses, glasses and other optical instrumetns for optometrists and ophthalmologists.

--Psychiatrist, psychologist: A psychiatrist is a licensed physician who specializes in diagnosing and treating mental disorders and may prescribe drugs.

A psychologist is a licensed professional trained to perform psychological analysis, therapy or research and has a Ph.D. in psychology or the equivalent. Psychologists cannot prescribe drugs.

--Orthopedic surgeon, podiatrist, chiropodist: An orthopedic surgeon is a licensed physician specializing in bone and joint disorders, including those of the feet.

A podiatrist is a licensed doctor of podiatric medicine who is limited to diagnosing and treating foot problems. The podiatrist can operate, but only on feet.

Chiropodist is another name for podiatrist.

--M.D. and D.O. (osteopath): An M.D. is a doctor of medicine. A D.O. is a doctor of osteopathy, who may use manipulative therapy as part of his or her treatment of patients. Both are licensed by the State Board of Medical Examiners.

See a pin and pick it up; all the day you'll have a crick in your back.

Miss Terri Seiver Honored at Shower

Miss Terri Seiver, bride-elect of Tim Sorrells, was honored with a bridal shower recently in the home of Mrs. Wilbur Gibson.

The honoree and her mother, Mrs. John Seiver, were presented blue and white carnation corsages. Brooke Seiver, niece of the bride, was in charge of the guest registry.

The serving table was centered with an arrangement of blue and white flowers set between a silver candelabrum holding white tapers. Crystal and silver appointments were used.

Melody Seiver, sister-in-law of the bride-elect, served assorted sandwiches, cookies, and ham rolls.

Hostesses for the shower were Ms. Gibson, Georgia Sparks, Juanita Hershey, Grace Covington, Francis Crume, Marie Griffin, Lois Lemons, Mary Herring, Pat Robinson, Jerry Jackson, Nedra Roberson, Helen Lee.

And, Ann Line, Ruth Black, Mary Frye, Doris Hair, Thelma Auten, Eunice Boyer, Helend Eades, Loltea Vinson, Nell Norvell, and Ella Oglesby.

The trouble with white lies is, they soil so easily you can't tell 'em from black ones.

Some wives get up with the chickens; others have husbands who come in before dawn.

Area Officers, Winners

Rick Hales, at right, was elected as the Area 1 Young Farmers reporter for 1982-83 while Ray Schlabs was re-elected to a second term as Area 1 vice-president during the Area 1 Young Farmers convention in Amarillo Saturday. Both men are officers in the Hereford Young Farmers chapter. Schlabs was also runner-up for the Area 1 Star Young Farmer Award and the Area 1 Outstanding Area Officer Award.

Program Scheduled

Anyone interested in joining 4-H or in finding out more about the program is invited to attend a special program tomorrow evening at the Community Center. Enrollment will begin at 6:30 p.m. and the program starts at 7 p.m. in the banquet room.

Deaf Smith County 4-H Parents and Leaders are sponsoring this event. All 4-H members from all clubs are expected to be there to represent their interests. Everyone will enroll for next year's 4-H activities and the 4-H program will be explained to all parents and 4-H'ers.

A special guest speaker, Dr. Martha Couch, 4-H and Youth Specialist, will be there to help increase awareness of 4-H accomplishments and the enthusiasm behind its goals.

Everyone, ages, 8-19, is invited to attend the program on Thursday.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic levels, race, color, sex, religion, or national origin.

POETRY COMPETITION

A $1,000 grand prize will be awarded in the upcoming poetry competition sponsored by World of Poetry, a quarterly newsletter for poets.

Poems of all style and on any subject are eligible to compete for the grand prize or for 99 other cash or merchandise awards, totaling over $10,000.

Says contest chairman, Joseph Mellon, "We are encouraging poetic talent of every kind, and expect our contest to produce exciting discoveries."

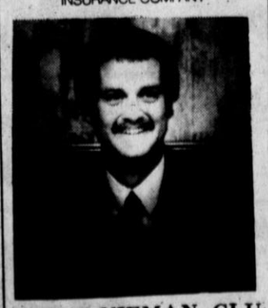

Rules and official entry forms are availble from the World of Poetry, 2431 Stockton Blvd., Dept D, Sacramento, California, 95817.

Crops Tour Stop

Sugar beet problems under research by Mobay Chemical will be discussed on one of the stops of the Deaf Smith County Crops Tour Thursday. Raymond Schlabs, who is leasing a plot to Mobay, and Juston McBride, Extension agent, inspected the leaves early last week.

County Crops Tour Scheduled

The tour leaves the north side of the county courthouse at 1:15 and includes stops concerning grain sorghum varieties, corn varieties, corn and sugar beet irrigation, cotton growth regulators and cotton production, and sunflower ensilage.

Vehicles leave the north side of the Courthouse at 1:15 p.m. Thursday for the annual Deaf Smith County Crops tour, according to Juston McBride, county extension agent.

The schedule for the tour is as follows.

– At 1:30 p.m., the John Smith farm to observe a grain sorghum variety demonstration. Discussion will be led by Drs. Frank Petr, Robert Berry, Carl Patrick, Dale Pennington, and Raymond Sammons.

– At 2:15 p.m., the Raymond Schlabs farm to look at a plot of sugar beets under research by Mobay Chemical Co. Cal Jones, agricultural manager at Holly Sugar will join other experts in the discussion.

– At 2:50 p.m., the tour will move to another section of the Schlabs farm to inspect corn varieties.

– At 3:30 p.m., at Schlabs farm to inspect corn and sugar beet irrigation with Schlabs and Leon New and discuss cotton growth regulators with Schlabs.

– At 4:15 p.m., at the Joe Andrews farm the group will see a sunflower ensilage variety seed test plot by Seed Tec. shown by Temple Abney.

– At 4:45 p.m. Weldon Stephans will join Petr and Patrick to discuss cotton production.

Material covering other demonstrations in the county will be distributed at the tour.

The tour will be broadcast live over KPAN radio.

Republican Is Opposed To Embargoes

AUSTIN – Fred Thornberry, Republican candidate for Texas Agriculture Commissioner, says he is opposed to embargoes on foodstuffs as a tool of United States foreign policy.

"Farmers should not have to bear the brunt of this country's foreign policy," Thornberry has told campaign reallies in the state.

Thornberry said embargoes stimulate production in competing nations and disrupt the pricing structure in the United States.

Instead of embargoes, Thornberry said, the United States should work to increase the dependency of foreign nations upon the U.S. for foodstuffs.

Thornberry said he was encouraged by President Ronald Reagan's decision to lift the embargo placed by former President Jimmy Carter on grain sales to the Soviet Union.

Decline In August For Raw Products

WASHINGTON (AP) — For the 13th consecutive month, the government's farm price index has averaged below year-earlier levels, according to Agriculture Department records.

The department said Tuesday that prices farmers get for raw products declined 0.7 percent in August. That was down 2.2 percent from a year ago.

Lower prices were reported for corn, soybeans, lettuce, potatoes and broilers. The decline for those commodities was partly offset by higher prices for oranges, hogs, tobacco, cotton and milk, the department's Crop Reporting Board said.

Corn prices, at an average of $2.19 per bushel in August, were the lowest since they were $2.18 in early 1979, according to USDA records. Soybeans were $5.39 a bushel, the lowest in five years.

Revised figures for July showed the price index also dropped 0.7 percent from June, instead of holding steady as the preliminary figures showed a month ago.

The price index now has declined for three straight months after rising in four of the first five months of 1982; it held steady in March. In 1981, the index failed to show an overall gain in any month, the first time that had happened since the Depression year of 1933.

Record inventories of grain, led by huge harvests last year and prospects for another buildup in 1982, have helped depress crop prices. Also, foreign demand for some commodities has not been as strong as had been hoped.

The price decline has meant a further financial crunch on farmers. Nationally, net farm income in 1982 is expected to decline for the third straight year.

Chase Econometrics, of Bala Cynwyd, Pa., forecasts net farm income this year at around $16.4 billion, compared to $19.6 billion in 1981; $24.4 billion in 1980; and $26.7 billion in 1979. Moreover, the private forecast sees farm income increasing only moderately in 1983 to about $19.2 billion.

The department plans to issue its official 1982 farm income prediction later today.

Meanwhile, prices farmers pay to meet expenses were unchanged from July but the index was up 3.3 percent from a year ago.

Depressed commodity prices, however unwelcome at the farm level, have helped cool retail food prices this year. Department economists estimated retail food prices will increase about 5 percent this year, compared to a gain of 7.9 percent in 1981. That would be the smallest annual gain since food prices rose 3.1 percent in 1976.

The preliminary price figures for August — which are based mostly on mid-month averages — showed that the index for feed grain and hay dropped 9 percent from July, averaging 18 percent below a year ago.

Oil-bearing crops, mainly soybeans, averaged 8.8 percent lower than in July and 25 percent below a year ago, the report said.

Fruit prices, overall, rose 11 percent from July and were 66 percent above a year ago.

Meat animal prices were up 1.9 percent from July and were 5.1 percent higher than the year-earlier average. Hog prices were a record $61.10 per 100 pounds, $2.50 more than the previous high set in Sept. 1975.

Farm prices in August averaged 135 percent of a 1977 base price average used for comparison, according to the preliminary figures. That was down 1 percentage point from the revised figure for July.

The August parity ratio was 57 percent, down one point from July. A year ago, it was 61 percent.

According to USDA records, the parity ratio in August matched the low mark of 57 percent last winter — the lowest since the indicator averaged 54 percent in April 1933, one of the worst Depression years.

At 100 percent, the indicator would mean, theoretically, that farmers have the same buying power as they had in 1910-14.

For example, the average actual price of corn in August, according to the preliminary figures, was $2.19 a bushel. That was 43 percent of the August parity price of $5.07 a bushel.

The report also said:

—Cattle averaged $58.90 per 100 pounds of live weight nationally, compared to $58.70 in July and $59.70 a year earlier. Those are averages for all types of cattle sold as beef.

—Hogs averaged $61.10 per 100 pounds, compared to $57.90 in July and $49.20 a year ago.

—Corn, at $2.19 a bushel, compared to $2.50 in July and $2.87 a year ago.

—Wheat prices at the farm, according to the prelminary figures, averaged $3.29 a bushel, compared to $3.26 in July and $3.62 a year ago.

—Rice averaged $7.74 per 100 pounds, compared to $8.25 in July and $11.80 in August of last year.

—Soybeans were $5.39 a bushel against $5.99 in July and $6.71 a year ago.

—Upland cotton was 60.4 cents a pound on a national average, compared to 57.6 in July and 65.0 a year ago.

—Eggs were 50.7 cents a dozen, compared to 55.2 in July and 59.7 cents a year ago.

Peanut Crop Down Sharply

COLLEGE STATION -- This year's peanut crop in Texas and the U.S. will be down sharply for a number of reasons, including the new peanut program, poor weather conditions and a huge crop last year that has dampened prices.

"Total acreage planted to peanuts in the U.S. this year is down about 13 percent from 1981, while Texas plantings are down about 10 percent," said Johnny Feagan, economist for the Texas Agricultural Extension Service, Texas A&M University System.

"Texas peanut producers have experienced a very difficult year in 1981,' Feagan said. "The peanut program reduced acreage, poor contract prices discouraged additional plantings, and adverse weather destroyed some plantings and delayed others."

The U.S. Department of Agriculture estimates 1.3 million acres will be harvested, the lowest in 49 years. Texas' crop is estimated at 225,000 acres.

The Deaf Smith County Reserves would like to thank everyone who made the Calf Fry Supper a success. A special thanks are in order to the Hereford Brand and Mr. Beene. We hope to make it an annual event. Thanks again!

Better bindweed control with a Banvel® herbicide Between Crops Application.

Want to end your bindweed problems once and for all? Start planning a Banvel® herbicide Between Crops Application now.

Banvel herbicide works right into your fallow/rotation program. Go in after crop harvest this fall with up to 2 quarts of Banvel herbicide per acre on fallow land.

The fall application kills bindweed that would otherwise have time to store up nutrients before the winter freeze. A follow-up application in the spring will catch seedlings and escapes.

In addition to cleaning out bindweed, a Banvel herbicide Between Crops Application controls many other annual, biennial and perennial weeds, including blueweed, lakeweed, and silverleaf nightshade.

Make this season the last that you're wrapped up in bindweed. Ask your ag chem dealer for between crop weed control with Banvel herbicide.

MARMADUKE

"Looks like he's been down to the pizza parlor again!"

EMERGENCY! THE DEVIL IS IN TROUBLE!

Paul felt impelled by the Holy Spirit to go across to Greece before returning to Jerusalem. "And after that," he said, "I must go on to Rome!" He sent his two assistants, Timothy and Erastus, on ahead to Greece while he stayed awhile longer in Turkey.

But about that time, a big blowup developed in Ephesus concerning the Christians. It began with Demetrius, a silversmith who employed many craftsmen to manufacture silver shrines of the Greek goddes Diana. He called a meeting of his men, together with others employed in related trades, and addressed them as follows:

"Gentlemen, this business is our income. As you know so well from what you've seen and heard, this man Paul has persuaded many, many people that handmade gods aren't gods at all. As a result, our sales volume is going down! And this trend is evident not only here in Ephesus, but throughout the entire province! Of course, I am not only talking about the business aspects of this situation and our loss of income, but also of the possibility that the temple of the great goddess Diana will lose its influence, and that Diana -- this magnificent goddess-worshipped not only throughout this part of Turkey but all around the world -- will be forgotten!"

At this their anger boiled and they began shouting, "Great is Diana of the Ephesians!" A crowd began to gather and soon the city was filled with confusion. Everyone rushed to the amphitheater, dragging along Gaius and Aristarchus, Paul's traveling companions, for trial.

5th day	FREE
10 days, per word: 59	11.80
monthly, per word	20.00

Classified display rates apply for special paragraphing, captions, bold type or larger type: $2.24 per column inch, $1.70 for consecutive issues. Monthly rates $1.49 per column inch.

Deadline for classifieds is 3 p.m. daily for the next day's edition. 3 p.m. Friday for Sunday's edition.

CASH IS REQUIRED ON ADVERTISEMENTS UNDER $10.00.

LEGALS

Advertising rates for legal notices are 10 cents per word for the first time the advertisment runs, and 7 cents per word for consecutive issues.

For advertising news and circulation, dial 806-364-2030.

ERRORS

Every effort is made to avoid errors in Classified Ads and legals but we will not be responsible for more than one incorrect insertion. Advertisers should call attention to errors immediately after the first insertion and in case of errors not the fault of the advertiser, an additional insertion will be given.

ANSWERS
1.b 2.b 3.b
Please call the Hereford Brand between 6 and 7 p.m. on days you miss your paper. HEREFORD BRAND, 364-2030.

WHO AM I?

They call me the "Outrageous Cowboy." I'm an irreverent kind of a guy. Colorful, too. Some claim I lack the quickness—to be a winner. Yet I'm 6-foot-3 and weigh 230. So, I've got a few important assets.

ANSWER: Randall "Tex" Cobb, a heavyweight boxing contender. His top victories include triumphs against Earnie Shavers and Bernardo Mercado.

(c) 1982 NEA, Inc.
