

Kim's Korner By Kim Pease

HAD A FEW ASK: Had a few people ask why Whistle Britches wasn't contributing anything anymore. Well, it's a rather long story. Kind of a misunderstanding on my part I guess and a bit of pig-headedness on his part, I suspect. Between Thanksgiving and Christmas he dropped the bomb. Announced that he wanted \$15.00 a week for gas for that broken-down old pickup of his, in from Rough Creek every week. "Send it in with Dianne Ratliff", I said. "Or better yet, call it in. I can't afford to pay you \$15.00 a week, that's over \$700.00 a year, probably more than that junk you're driving is worth," I fired.

Well, I guess I hurt his tender feelings. He left quickly, slammed the office door until the hinges rattled and stalked off into the Western sunset.

He hasn't been back since. His off the wall philosophy, sometimes wise cracks, have not appeared. I had a few subscribers gripe about my jeers, so I dropped that. Had a few more complain that since Britches wasn't contributing the column wasn't worth reading, so I quit writing. Britches is upset that we can't pay his \$15.00 a week for gas and I'm upset that folks out there in 'reader' land can't find anything good to talk about - always negative.

I don't know what to think will happen in the stand-off with the goofy guy from Shiner Ridge Ranch at Rough Creek. He's probably perfectly content trapping skunks and milking a few cows and killing a chicken every other Sunday to worry too much about writing anything for this paper. I'll keep you folks informed on negotiations with Whistle Britches. Meanwhile, let's try to beef up the subscription list so in case the old buzzard does come back I'll have the bucks to pay him. Send the paper to the kids in Houston, San Antonio, Wichita Falls, Lubbock, Waco, Abilene and El Paso - I guarantee that their daily isn't half as much fun to read as this country weekly. Ol' Gayle Cayce from Houston swears the Rotan Advance-Roby Star Record newspaper is better today than it's been in 40 years.

As an incentive to subscribe for the kids living off - I'm going to place the name of every new subscriber in a hat for the next 30 days and draw a winner. That winner will get a free pair of Texas Ranger tickets to a Saturday baseball game at the new Ballpark At Arlington. Remember - new subscriber, living outside Fisher County, regular subscription price \$17.50 a year - for \$14.99 a year and a chance at two tickets to a Texas Ranger baseball game.

NEW SCOUT TROOP: Dan Morris, the new guy at the Rotan Church of Christ who is motivating the flock to do new and unique ministries is taking on a new task of his own - in his off time. He is going to help with the new Rotan Boy Scout Troop to meet each Monday at the Rotan Lions Club Building. I asked what happened to Jack Cadenhead, the SCS man who has been Scoutmaster for a hundred-years. Morris said Jack had agreed to help out on camping trips. Be great to know how many kids went through the scouting program under Cadenhead.

Hospital Board Reviews Suit With Attorney

The members of the Fisher County Hospital Board met in closed session with Fisher County Hospital Attorney Gary Harger for approximately an hour last Monday night as they were briefed on a pending lawsuit filed against the

District by a former employee on an alleged workers compensation related accident.

The board did not take any action in closed session nor were any decisions made or action taken in open session regarding the pending law suit.

The board did agree to review a contract extension for Physician's Assistant Loren Scott. The contract extension for Scott is scheduled to be reviewed at the March meeting.

Board members were briefed by Ad-

ministrator Ella Ray Lovejoy on the status of new Fisher County physician Dr. Rick Perry. Lovejoy reported that Dr. Perry was still waiting to be certified to practice medicine in Texas. She did

Rotan, Roby FFA's Observe Special Week

More than 417,000 FFA members will promote FFA, agricultural education and the food and fiber industry during National FFA Week, Feb. 19-26, 1994.

FFA members in 7,545 chapters across the U.S. as well as Guam, Puerto Rico and the Virgin Islands will be organizing events and activities to foster awareness of agricultural education and support for FFA.

This year's theme, "FFA - Leadership for America," will be seen through communities nationwide through promotional efforts of local members. FFA activities and agriculture classes emphasize leadership skills, analytical thinking and the application of both to the industry of agriculture.

Larry Case, national FFA advisor, said today's young people are aware of their responsibilities as agricultural leaders for tomorrow. "Our members

realize the world in which we live is growing larger and more interdependent," he said. "These young people will be leading the effort to provide food and fiber for a growing population, as well as to keep America competitive in the global marketplace."

Rotan Students Finishing Tests

Rotan students will finish TAAS training on Friday, February 25th.

The Exit Level students attended Dr. Shirley Crooks' Math training on Tuesday; Kay Price Hawkins and Tony Huey on Thursday for Writing; and will attend KPH and TH training on Friday for Reading.

Evelyn Nowlin, Dale Van Cox and Sandra Driscoll accompanied students to workshop training.

National FFA Week is held each year during the week of George Washington's birthday to recognize his leadership and commitment to American agriculture. Both the National FFA Center and the National FFA Hall of Achievement are located on part of Washington's original Mount Vernon estate near Alexandria, Va.

FFA is a national organization of 417,462 members preparing for leader-

ship and careers in the science, business and technology of agriculture. FFA's mission is to make a positive difference in the lives of students by developing their potential for premier leadership, personal growth and career success. Local, state and national activities and award programs provide opportunities for students to apply knowledge and skills acquired through agricultural education.

Eight Mexican-American Candidates Have Filed For Rotan Board Since 1973, None Have Been Elected

Since 1973 there have been eight Mexican-American men who have stepped forward to place their name on the ballot for a Rotan School Board position. None of the eight have been elected.

Tony DeLeon was the first to run back in 1973. He ran third in a field of four candidates. Louie Hayes (206) and Charles Thornton (197) were elected. DeLeon ran third with 75 votes and Glenn Copeland ran fourth with 60 votes.

Eleven years later, in 1984, Raymond "Hoss" Carrillo ran for a spot. He ran third in a field of five candidates with two being elected. Larry Landes (350) and Joe Morrow (235) were elected. Hoss Carrillo was third with 134 votes while Ruple Weems had 53 and Donald Hull had 49 votes. There were 6 write-in votes spread between Bobby Gruben, Mike Hull and Wayne Harris.

In 1987, Manual Garcia ran fifth in a field of six. Larry Landes (144) and Luther Summers (142) were elected. Joe Morrow ran third with 132, Alva Mercer ran fourth with 49, Manual Garcia was fifth with 30 and James Warren was sixth with 12 votes.

Hoss Carrillo ran for the board again in 1991. He ran fourth in a field of seven with Betty Strayhorn (277) and Sheila Murphree (152) getting elected. Third was Leo Long (127), Hoss Carrillo (66), Reece Schooley (63), Debbie Hull (52) and Craig Rowland (47).

In 1992 Ben Martinez (187), Freddy Carreon (89) and Luis Carrillo (77) ran fourth, fifth and sixth respectively. Vick Burk (283), Clay Helms (264) and Harold Sanders (202) were elected with Pat Boone running seventh with 74 votes.

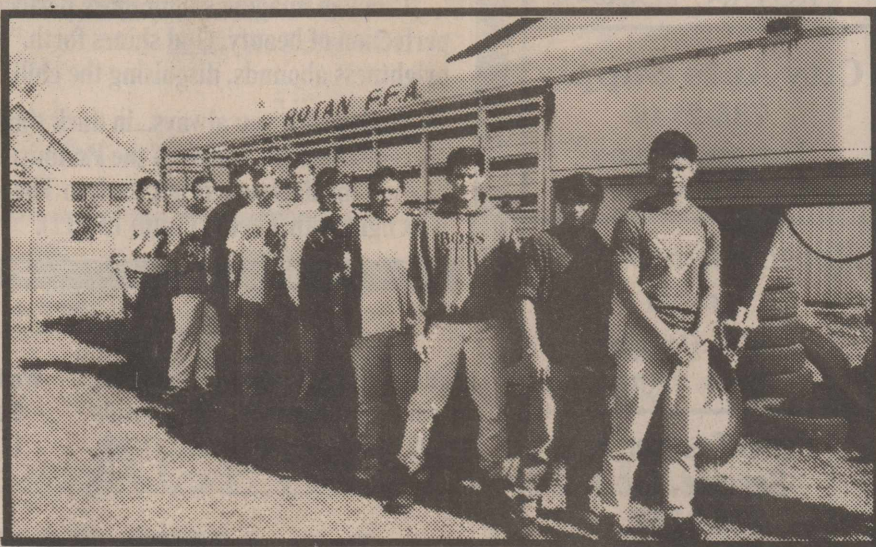

Last year, David Hudnall (161) was elected from a field of three for a two-year term on the Rotan board. Juanita Richardson had 153 votes and Ruben Garza had 58 votes.

There has been a suit recently filed by the League of United Latin American Citizens (LULAC) against the Rotan School, asking that the school go to single member district elections versus at-large elections. This, LULAC claims, would better give minorities a better chance to be elected to the Rotan School Board. Mexican American school students make up 48% of the student enrollment at Rotan ISD.

Rotan Board members are scheduled to discuss the suit on Friday night, February 25th. The board holds the regular February meeting beginning at 7:30 p.m., at the school cafeteria. The meeting is open to the public.

indicate that from correspondence with the state certification board that a date of March 4th seems the best projection for the Texas license to be received by Dr. Rick Perry.

Board members were briefed on possible hospital purchases in the future by Ella Ray Lovejoy. She indicated that a non-invasive blood pressure monitoring machine at an approximate cost of \$4,200

was being studied as well as the possible purchase of a dopler pulse monitor at \$575 and a chart rack for the clinic at a cost of \$3,500. Board members reviewed the safety report and the fourth quarter Quality

Assurance report. In final action the board approved the financial statements and reports as presented by Debby Hull, Assistance Administrator and approved the monthly bill list of \$111,471.89.

WEEKLY DEVOTIONAL

Provided This Month By
Rev. Wesley Holland

First United Methodist Church, Rotan

Has this ever happened to you? You come home from a long day, walk through the door and spy your easy chair. You make a point to fix yourself a drink so you don't have to get back up once you begin to relax. Ah, with drink in hand you ease into that chair and take a deep cleansing breath. But wait, where is the remote? How can you relax without the remote in your hand. You realize that

your relaxation has not began, you tense back up and begin the frustrating search for the remote. After sometime of searching, you stand in front of the television searching channels for something that you can relax by. Still frustrated by not having the remote you head back to your easy chair only to see the remote peaking out from the crack at the back of the chair. You sit down, go through the channels again and end up where you started.

Do we rely on the remote so much that we can't do without it? Who has the remote to your life? Have you given it over to Jesus or do you still grasp at it only to realize that you don't know how to work it?

As you work this week and come home to your easy chair, think about who has the remote to your life and if you are still holding on to it I invite you to let go of it, and let God be in charge.

This power relinquishment is hard for each of us, but to let go is necessary to make it to Heaven. My prayer for you is that your remote can be given up voluntarily to the man who walked this earth and paid the price for your sins, Jesus!

me when I feed her - I guess she thinks I'm going to steal the dog biscuits next.

SPEAKING OF NUMBERS: Hats off to Coach Ruben Osuna. He's probably compiled the best season record in the history of Roby Basketball and may have a bunch of boys capable of going to the 'Big Show'.

Win, lose or draw - Osuna has provided the Roby hoop fanatics with plenty of stuff to mull over. Congratulations to the boys and the coaching staff.

A FEW OBSERVATIONS: First, my congratulations to Attorney General Dan Morales. He has filed suit against McDonald's, KFC, Taco Bell, Long John Silver's and Burger King in an effort to get them to become smoke-free eating establishments. He is convinced that smoking kills and that second-hand smoke is dangerous to Texas children. He's got a lot of guts and I applaud the feisty little guy.

LATE VALENTINE: Had a guy come into the office at 4:30 p.m., Thursday, February 17th and ask if we had any Valentine cards left. We were just about to send them back to the company for credit. Seems he wanted one from the 'Sweet-heart' section to apparently sooth the ruffled feelings of his girlfriend - who didn't find it very amusing that he was four days late with his annual \$2.25 'love' letter. Sometimes I wish \$2.25 would just open the door to the dog house, let alone get me out. My dog house is so comfortable the dog growls at

As you languidly stretch and open your eyes, bright light meets your reluctantly rising lids. Yet, the sky, from your horizontal position, is a solid blanket of gray. Puzzled, you arise to find a white covering of snow reaching the horizon...so bright as to illumine the entire room as would the noonday sun. A perfect bright, snowy Saturday...a reflection of the icy weather, no less. Can you imagine a light more perfect than this? In Psalm 50:2, we read..."the perfection of beauty, God shines forth." Even through cloudly circumstances, God's brightness abounds, disguising the chill. God is with you always...in dark times as well as joyous ones. This Sabbath, may we remember the words of the Psalmist David, as he praises our Heavenly Father, "...even the darkness is not dark to Thee, the night is bright as the day; for darkness is as light with Thee" (Psalm 139:12). State Capital Highlights

By Lyndell Williams
Texas Press Association

AUSTIN — Even though she was acquitted by a jury in Fort Worth earlier this month, U.S. Sen. Kay Bailey Hutchison's legal battle continues.

Hutchison was found not guilty on Feb. 11, of four felonies and a misdemeanor that allegedly had been committed during her 2 1/2 years as state treasurer.

The verdict came after Travis County District Attorney Ronnie Earle refused to continue prosecuting the case, suspecting that Visiting Judge John Onion would not allow the introduction of evidence seized without a search warrant in a June 10 raid on the state Treasury.

After ordering jurors to find Hutchison not guilty, Onion excused himself from further proceedings. Then, State District Judge Bob Perkins of Austin allowed prosecutors to release grand jury transcripts in the case, but changed his mind after Hutchison's lawyers objected.

After her acquittal, Hutchison asked the district attorney "to release anything from the illegal raid to the public so you will have access to that."

Earle since has opened to public

Terry Cleveland Roby Graduate Joins Army

Terry M. Cleveland, a 1992 graduate of Roby High School, Roby, Texas, has joined the U.S. Army.

Sergeant First Class William T. Gray III of the Army's Recruiting Station in Abilene, Texas, who recruited Cleveland, says Cleveland is scheduled to report March 18, 1994 to begin basic training at Fort Benning, Georgia. He has committed to four years' service and asked for advanced individual training as an Infantryman.

Cleveland is the son of John M. and Laura F. Cleveland of Roby, Texas.

inspection some 68 boxes of the disallowed evidence in his office's investigative files, but the grand jury transcripts, which are contained in 70, 3-inch binders, remain sealed.

No Tax Increase in 1995

There will be no tax increase in 1995, Gov. Ann Richards and Lt. Gov. Bob Bullock said last week.

"No new taxes in 1995. We will make the shoe fit the foot," Bullock told the Texas Chamber of Commerce.

Richards, who spoke to the same group, said she also would fight a tax increase.

Bullock also said he would consider giving Texans a chance to vote on term limits of 12 years for members of the Legislature and the top seven elected statewide officeholders.

"If it appears on the ballot, it would pass," Bullock said. Richards said she would not oppose a constitutional amendment on term limits.

Health Textbooks Adopted

The State Board of Education adopted new high school health textbooks last week that have drawn criticism about sexual content from fundamentalist groups.

Even though board members ordered nearly 300 changes in the books, opponents still said the subject materials — particularly those related to sex — were inappropriate.

Three of the five textbooks were approved by a vote of 9-6, with the five Republicans on the board voting no along with one Democrat, Bill Hudson of Wichita Falls. One other book was adopted 10-5 and the fifth book was approved 14-1.

The textbooks have been debated since November when they were tentatively adopted subject to revisions from board members.

About a thousand changes were later suggested, most coming from Republicans.

State Education Commissioner Lionel "Skip" Meno pared that list,

and Democrats on the board agreed to about 300 revisions.

Jeff Fisher of the American Family Association of Texas, one of the groups fighting the books, said the association is prepared to take the state board to court "to get this issue settled."

"These books violate the Texas Education Code. They are not appropriate for the school children of Texas," Fisher said.

Earley's Debate Challenge

Rep. Robert Earley, D-Portland, who is opposing Railroad Commission Chairman Jim Nugent in the Democratic primary, challenged Nugent to debate him on the issues facing the regulatory agency.

Earley also said that the commission is a relic in need of a new name and a new chairman. Nugent has served on the commission for 15 years.

Earley said the commission regulates trucking, oil and gas, but has little to do with railroads. He proposed changing the name to Texas Commission on Energy and Transportation.

Nugent's campaign accused Earley of "desperate campaign tactics" and said it is too late in the campaign to schedule debates.

Fired Lawyer Sues AG

A consumer-protection lawyer

claimed in a lawsuit filed last week that Attorney General Dan Morales fired him for taking on a politically powerful insurance company.

Ed Salazar, a 10-year veteran of the attorney general's office, is suing Morales for wrongful termination.

But Ron Dusek, a spokesman for Morales, said the suit is without merit. He said Salazar was fired because he failed to meet expectations.

The suit alleges that "special treatment" of the insurance company was based on its political influence and Morales' desire to win campaign contributions for or influence in the coming campaign.

Other Highlights

■ Former Texas Agriculture Commissioner Jim Hightower will go national with his populist views in May, when his new program, *Hightower Radio*, airs on the ABC Radio network. The three-hour call-in program is scheduled to air on Saturdays and Sundays from Hightower's Austin home.

■ Houston Lighting & Power officials got conditional approval from the Nuclear Regulatory Commission to restart the South Texas Project nuclear plant near Bay City. The plant has been idle for a year because of mechanical and other problems.

Question Of The Week.....

QUESTION: "How many people are employed in the Fisher County Hospital Home Health Program. What were the income and expenses generated by the program in the last 6-months?"

ANSWER: "Using the last payroll information of 1993, there were 5 part-time employees and 16 full-time employees in the Home Health Program. July through December 1993 generated \$616,604.01 of revenue with a total of \$221,060.37 expenses. There expenses did not include capital equipment purchased or any Medicare or Medicaid contractuals that would decrease the revenue." *Debbie Hull, Assistant Fisher County Hospital Administrator, Rotan, Texas.*

Property Must Be Rendered With County Appraisal Districts

State Comptroller John Sharp has reminded Texas businesses that they must render their property with county appraisal districts by a new deadline- April 14. Beginning in 1994, state law changed the rendition deadline from April 1 to April 14.

To "render" means to list the taxable property that businesses owned or managed as of January 1, 1994.

While state law requires business owners and operators to render, any property owner- including homeowners, farmers and ranchers- may render their property with county appraisal districts.

"Homeowners who render are in a better position to exercise their rights as taxpayers," Sharp noted. "They are ensuring that the appraisal district has their correct address so they will re-

ceive notices of any actions that affect their property or tax bills."

If the tax collector cannot deliver a tax bill because of an incorrect address, the property owner is responsible for paying the taxes, plus the late payment penalties, Sharp added.

State law requires anyone who owns or manages income-producing personal property on January 1 to render with the local appraisal district. An exception is a business that receives the freeport exemption for managing cotton stored in a warehouse.

"For example, businesses must report their inventories, furniture and fixtures, machinery and equipment and other tangible personal property by filing this annual report," Sharp said. "Appraisal districts use the reports to set business property values. When a

business owner doesn't render his or her property, the chief appraiser estimates the value."

Sharp also announced that property owners who had property damaged by a storm, flood or fire last year may file a special decreased value report that could lower their final tax bills.

Property owners may ask the chief appraiser for additional time- through April 30 - if the owners can demonstrate good cause. The chief appraiser must grant owners of property regulated by the Public Utility Commission or the Railroad Commission an extension to April 30 to file the reports and may extend the deadline another 15 days if the owners request it in writing and show good cause.

Also, property owners can record their opinions of their property's value.

By stating their opinion, property owners make sure that the appraisal district sends them a notice before placing a higher value on their property. This notice allows property owners the time to gather information to protest the appraisal if they believe the proposed value is too high.

If more than one appraisal district appraises a property, the property owner should render in each appraisal district office. Taxpayers may contact the county appraisal district office for the rendition forms, or they may call the Comptroller's property tax hotline at 1-800-252-9121.

1993 Result Demonstration Handbooks are now available from our office.

Average prices for all types of cattle in the United States are expected to be lower in 1994, and adverse weather conditions this year could reduce profits by raising feed costs. That was the message from Topper Thorpe, executive vice president of a major market information and advisory service.

Corn prices will be volatile and if the corn crop this year falls short again, costs and losses could rise sharply, triggering some herd liquidation among high-cost producers.

Despite tighter margins, most cow-calf operators should be profitable for the seventh consecutive year. Feeders were forecast to be at a breakeven to modest loss position.

Cattle-Fax analysts pegged 1994 averages at \$73-\$74 per hundredweight for Choice fed steers; the high \$70 range for 700 to 800 pound Choice feeder steers, and the mid-\$90 area for 400 to 500 pound Choice steer calves. Feeder and calf prices will probably peak early this year.

A 3 to 4 percent increase in beef production this year should weaken prices for all types of cattle. At the

same time, cattlemen will be challenged to deal with structural changes in the industry segments that are aimed at greater efficiency and more consistent beef quality.

Annual exports of beef in 1994 were expected to be up 5 to 10 percent, which was expected to support prices modestly.

Health insurance should cover all individuals. Nearly two out of three Americans believe that, but only one in four is willing to pay higher taxes for it, according to a US News and World Report poll released recently.

Cattle feeding operations are expected to lose money during the first six months of this year because of high feed grains and replacement cattle costs, according to Jim Mintert, Kansas State

livestock economist.

Amarillo National Bank recently acquired the assets and personnel of Cargill Ag Credit Corp., the cattle financing subsidiary of the Minneapolis-based Cargill. The acquisition has been renamed Circle A Ag Credit Corp. with Gary Culp of Amarillo as president. Amarillo National now ranks as the largest independent cattle-lending bank in Texas, according to a company news release.

Red imported fire ants pose a significant health threat to exotic game and domesticated animals, according to 70 percent of veterinarians responding to a Texas state survey, says Texas A&M University.

I hope you have been following this column the last few weeks and are learning how to be an enviroshopper. I have discussed ways to reduce the amount of packaging you buy and throw away. You have read ways to re-use and recycle whenever possible.

Today let's take a look at how to reject packaging that is unsatisfactory and respond to producers and retailers to let them know how you feel.

REJECT PACKAGING

When you avoid buying items that are wasteful, environmentally harmful, or poor quality, you reject those items in favor of those that can be reduced, reused and recycled. The products you buy will determine which companies stay in business, so they pay close attention to your shopping habits.

Your pocketbook is a valuable tool. As an Enviroshopper, you can use it to

encourage the kind of packaging that fulfills its necessary functions without excess, and with the least effect on the environment.

RESPOND

Your preferences are important to stores and manufacturers who want to keep you buying their products and shopping in their stores. Tell them what you like and what you don't!

Use consumer hotlines. Explain the need for Enviroshopping and why you support it.

Let store managers and manufacturers who are making good environmental choices in their products and packaging know that you recognize and appreciate their effort. You will find the company address on the package of most products.

Make suggestions to stores to eliminate pre-packaging of produce. Suggest that they stock refills, and offer larger quantities and sizes of products. Ask them to consider recyclability and

source reduction in the products they offer for sale.

You can encourage simpler, less complex packaging. Can label information be printed on a hanging tag or a peel off label, rather than needing a whole package? Perhaps a small tag or booklet could be tied to the product to give instructions for use, and eliminate the box. Less packaging can save money of the manufacturer, the consumer, and the waste manager, and help to protect our environment and save resources.

Encourage local government officials to initiate or expand a recycling program in your community. The technology is available for recycling glass, newspapers, aluminum, steel, and some types of plastics.

Learn as much as you can about the environmental consequences of your actions. Look for a window of opportunity to make suggestions about more environmentally friendly packaging choices. Make a commitment to be-

come an Enviroshopper and help to educate others.

ENVIROSHOPPING

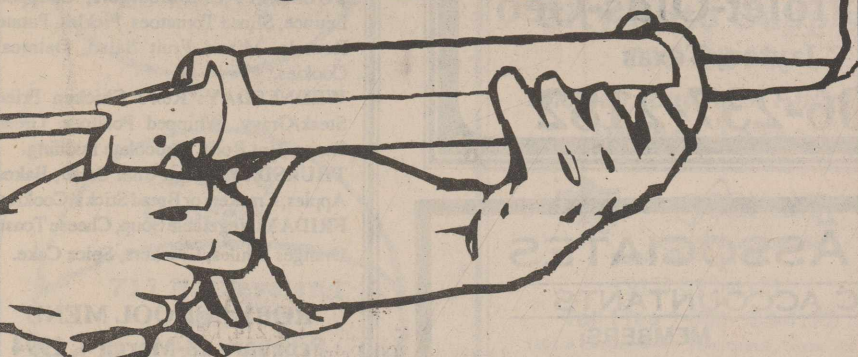

Learning new habits can be difficult. You may find you spend more time in the grocery store, to find the products that meet your new standards. You may spend a few minutes longer at certain tasks when you buy packaging that is less convenient. You may need to reorganize a kitchen cabinet to make room for reusables and recyclables. But the effort is worth it, and gradually these habits will be easier and easier.

Enviroshoppers can play an important role in reducing the solid waste problem. When you spend your money you support the products that reflect your values. To actively support the environment in the marketplace, make choices according to the 5 R's of Enviroshopping. Every individual's participation is important and does make a difference.

Hustling Around Hobbs

by Joy Walker.....
Monday the weather was terrible, with fog, misty rain and so cold. But we have had some nice days so can't complain. Saturday it tried to rain, and some folks got really bad storms, like around Hodges, but all we got was some hail and not very much moisture, not hardly enough to measure. The forecasters say that we are in for some more cold weather this week, and it has sure started out that way.

No Candidates File Yet For Rotan School

Neither of the two Rotan School Board candidates have yet filed for re-election. The terms of Betty Strayhorn and Sheila Murphree expire in 1994. Other board members are Dr. Vick Burk, Clay Helms, David Hudnall, Ralph Riddel, Jr. and Norvelle Kennedy, Jr. The deadline for filing for a board position is 5:00 p.m., Wednesday, March 23rd.

and Tracy Knipe and Corey Knipe, their nephew, spent the day with the Ratliffs Sunday and they all spent the night Sunday. Jim and Tracy and their family went home early Sunday. Mary Ozuna is still in Fisher County Hospital and is very sick. Louise Martinez has been going to the hospital almost every day to see Mary. We hope that she will soon begin to feel very much better.

Mr. and Mrs. J.W. Etheredge went to Spur Saturday night to watch the Roby boys vs Anton in a practice basketball game. Roby won. Mrs. Lealon Wilburn spent the day Saturday with the J.W. Etheredges. While Mr. and Mrs. George Price were visiting church at Fort Stockton on Sunday, who should they see but Charlotte (Maule) Carey. They said she looked great and they really enjoyed visiting with her. Char-

lotte and her husband live in Fort Stockton. George and Jan were visiting over the weekend in McCamey, with their daughter, Chris, and her husband Ben (Givens) and their little boy, Zach. I attended the Senior Citizens 4-H Valentine Banquet on Monday, and it was sure good, with so much delicious food, all prepared by the 4-H'ers and their mothers. The program was wonderful and again it was all the 4-H'ers from Fisher County. I went to the banquet with Kathie Daniel and Autumn.

Don't know if you have all been watching the Olympics every night; I have, and enjoyed the skating most of all, but get a little tired of the Downhill, the Luge and all the Hockey, but of course it all depends on what sport you like the best. Have seen some good athletes, but was disappointed in some.

The weather in Norway looks so cold, but I guess they are used to all the snow and ice.

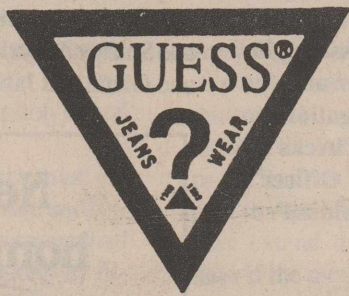

Hope everyone is well, and maybe this week we will get some of that much needed moisture.

THANK YOU

Thank you to all our friends for the love and comfort shown to us during the loss of our dear husband, daddy, and grandpa, Dalton Sharp.

The flowers, cards, calls, food, memorials, and prayers were greatly appreciated. Special thanks to Brother Alvin Petty, Norma Meek, Pam Osuna and Weathersbee Funeral Home for the beautiful service.

TAKE ADVANTAGE OF 1994 PROPERTY TAX BENEFITS

RENDITIONS

ALL PROPERTY OWNERS HAVE THE RIGHT TO RENDER THEIR PROPERTY TO THE APPRAISAL DISTRICT. A RENDITION IS A WRITTEN DOCUMENT STATING THE NAME AND ADDRESS OF THE OWNER, THE LEGAL DESCRIPTION OF THE PROPERTY AND MAY CONTAIN AN ESTIMATE OF THE VALUE. IT MUST BE SUBMITTED TO THE DISTRICT BETWEEN JANUARY 1 AND MARCH 31.

VALUATION NOTICES FOR 1994 WILL BE SENT THIS SPRING TO THOSE PROPERTY OWNERS RENDERING THEIR PROPERTY AND TO ALL OWNERS OF BUSINESS PERSONAL PROPERTY AND AUTOMOBILES. IF A PROPERTY OWNER IS DISSATISFIED WITH THE VALUE SET BY THE DISTRICT, THEY MAY APPEAL TO THE APPRAISAL REVIEW BOARD FOR ADJUSTMENT. THAT PROTEST MUST BE FILED BY MAY 31, OR WITHIN 30 DAYS OF THE NOTICE, WHICHEVER IS LATER.

HOMEOWNERS

THE TEXAS LEGISLATURE AND MANY LOCAL GOVERNMENT ENTITIES HAVE ALLOWED FOR PART OF THE VALUE OF A HOMESTEAD TO BE EXEMPTED FROM TAXATION. IF YOU HAVE A HOMESTEAD EXEMPTION THERE IS NO NEED TO RE-FILE. HOWEVER, IF YOU HAVE PURCHASED A DIFFERENT HOME SINCE JANUARY 1, 1993 YOU MAY NEED TO FILE FOR THIS EXEMPTION. IF YOU HAVE QUESTIONS OR NEED AN APPLICATION YOU SHOULD CONTACT US AT THE ADDRESS OR PHONE NUMBER LISTED BELOW.

OVER-65 AND DISABLED HOMEOWNERS

THE TEXAS LEGISLATURE ALLOWS MANY LOCAL GOVERNMENT ENTITIES TO GRANT SUBSTANTIAL TAX RELIEF FOR HOMEOWNERS WHO ARE OVER 65 OR DISABLED. A MINIMUM OF \$10,000 VALUE EXEMPTION IS AVAILABLE FROM ALL SCHOOL DISTRICTS. IN ADDITION, OVER-65 HOMEOWNERS MAY HAVE THE AMOUNT OF SCHOOL TAX FROZEN THE YEAR AFTER THEY ARE 65. A TAXPAYER IS NOT ELIGIBLE FOR BOTH OVER-65 AND A DISABILITY EXEMPTION. IF YOU QUALIFY FOR BOTH, THE OVER-65 EXEMPTION WILL REDUCE YOUR TAXES MORE THAN THE DISABILITY EXEMPTION. IF YOU OR YOUR SPOUSE HAVE BECOME 65 DURING 1993, AND YOU ARE NOT ALREADY RECEIVING THE EXEMPTION, YOU SHOULD CONTACT THE APPRAISAL DISTRICT TO RECEIVE AN APPLICATION.

TAX DEFERRAL

IF YOU ARE OVER 65 YEARS OF AGE AND ARE UNABLE TO PAY YOUR PROPERTY TAXES, YOU MAY BE ABLE TO DEFER PAYMENT. FOR ADDITIONAL INFORMATION CONTACT THE APPRAISAL DISTRICT TO RECEIVE AN APPLICATION.

FARMERS AND RANCHERS

LAND OWNERS WHO ARE USING THEIR LAND FOR COMMERCIAL PRODUCTION OF FOOD OR FIBER MAY BE ENTITLED TO RECEIVE A SPECIAL APPRAISAL ON THEIR LAND WHICH IS BASED ON AGRICULTURAL PRODUCTION. THE LAND MUST HAVE BEEN UTILIZED FOR FARMING OR RANCHING FOR FIVE OF THE LAST SEVEN YEARS AND BE CURRENTLY DEVOTED TO AGRICULTURAL USE. IF YOU HAVE NOT BEEN RECEIVING AG USE APPRAISAL ON YOUR LAND IN THE PAST AND WISH TO APPLY, YOU MAY RECEIVE AN APPLICATION BY CONTACTING US AT THE ADDRESS LISTED BELOW.

SPECIAL EXEMPTIONS

IF YOUR CHURCH OR ORGANIZATION OWNS ANY REAL ESTATE AND YOU FEEL THAT THIS PROPERTY IS ENTITLED TO A SPECIAL EXEMPTION PROVIDED BY THE TEXAS PROPERTY TAX CODE CONTACT THE APPRAISAL DISTRICT AT THE ADDRESS OR PHONE NUMBER LISTED BELOW.
