Memorial Service Held May 26th

Memorial Services were held at the Legion Hall on May 26th. Mr. G. E. Esmond, Post Adjutant, started the services by announcing the program. Mr. J. D. Wilson led the singing, Mrs. Joe Whitlow accompanying on the piano. Several songs were sung, the audience joining in. Mr. D. W. Scott prayed a very impressive and appropriate prayer. Philip Yonge was selected to announce the Gold Star Mothers and Fathers but at the time none were present. Mrs. McQueen came in later and was introduced to the crowd. Billie Ruth King gave a reading that was a masterpiece and delivered in perfect style. Bro. Nicholas of Abilene told of the wars he had lived through from Civil War to the present day. For a person of his age, he has a vivid recollection of events of long ago. And he knew how to impart them so it was just like seeing them yourself. Mrs. R. F. Nix gave the address of the evening and it was a good one. She was well acquainted with her subject and imparted her knowledge in a clear manner. It was very interesting and instructive. Post Commander, Emmett Busby, had some young men to announce the 26 veterans names who are buried in the local cemetery. These included Civil, Spanish and World War veterans. As each name was called a cross was placed on the rostrum. It made an impressive view after all 26 crosses were lined up. Louis B. Reed was in charge of the Cemetery program which included putting flowers on all graves and blowing taps by Mr. C. E. King after this was done. Mr. King was assisted in the taps blowing by one of his students, whose name we forgot to ask.—Contributed.

Byron Kidd Dies In Mineral Wells

Byron (Barney) Kidd, 18 years old, a former resident of this city, died on Saturday, May 18, in Mineral Wells, following a serious neck injury.

Young Kidd with five boy friends was swimming in a pool near Mineral Wells, when he was noticed to be acting queerly. He was rushed to a doctor who at first thought he was suffering from water in his lungs, but soon discovered this was not the case and that it was a neck injury. It was learned that Kidd had suffered a neck injury in an automobile wreck several years ago, and it is thought that when he dived into the water that it was a wrench that injured his neck. Doctors later claimed that his neck was broken.

Funeral services were held on Sunday in Mineral Wells, with burial being made at that place.

Young Kidd is survived by his mother, Mrs. Maude Kidd, three brothers and two sisters. His grandmother Mrs. A. L. Kidd and other relatives reside here.

Merchants Offering Many Bargains

Merchants are strutting their stuff this week getting ready for the big day. Some are advertising "Dollar Day" others Bargains of all kinds.

A man said the other day "I can get things cheaper in Lamesa on First Monday than I can anywhere I have ever traded." He may be correct. Lamesa merchants do sell as cheaply as they can, and they usually have the article you want. The mail order business has decreased since Lamesa started to have First Mondays. People have stopped going to nearby towns for goods. More people are trading in Lamesa now than have ever traded here regularly.

People from all parts of the county like Trades day. They tell us so. They come here on First Mondays for many reasons. First of course to trade and get bargains that they cannot get on other days. But they also come to associate and mix and mingle with their friends who always come to town on First Monday. "Ill meet you in Lamesa on First Monday" is now a common expression, heard all during the month in all parts of the county.

They will be here next Monday, Bargain Day—Trades Day, but the added attraction is the Inventors' Exposition which will be on display in the Arnett Motor Company's show rooms (Arnett supports First Mondays). This will be worth seeing and a good show.

Be in Lamesa next Monday morning. At 11 A. M. is the time.

Quintuplets A Year Old This Week

The Dionne Quintuplets, Yvonne, Annette, Marie, Emalie and Cecellie most famous babies in the world, celebrated their first birthday on May 28th. These famous babes live in a little brown house built especially for them two miles and a half from Callander, Ontario, Canada, far up in the remote north woods and just across the road from their father's farmhouse where they were born.

The five babies are looked after by guardians appointed by the Canadian government, who are determined that they shall not be harmfully exploited and have taken definite steps to guard against that contingency. It is the plan of the government, under the new guardianship, to see that the parents are cared for and the five brothers and sisters of the quintuplets educated and given a start in life.

The black-haired, hazel-eyed babies, who look as alike as peas in a pod, are healthy, happy and contented. They are learning many new tricks. They can drink out of a glass and eat from spoons. Yvonne, Annette and Marie have a tooth apiece. Yvonne can pat-a-cake and Emalie is the best bath tub swimmer in the family. Marie is the alarm clock of the home. She wakes at 4:15 every morning, just 15 minutes earlier than her sisters. The babies are all rosy, healthy and gaining weight steadily. In their own little house equipped with every modern convenience, including a kerosene operated Electrolux refrigerator, they are watched over by two nurses, a hospital orderly, a housekeeper and two special policemen are on duty day and night to see that they are safe from cranks and curiosity seekers.

A special display, showing individual pictures of the famous Dionne babes, their special hospital home the home in which they were born and other features will be found in the display windows of E. R. Lates Hardware, local Electrolux dealer.

WHY LAMESA MERCHANTS SHOULD ADVERTISE IN THE DAWSON COUNTY COURIER

Merchants should advertise in the Dawson County Courier. It goes to nearly every home in the Lamesa trades territory which includes not only Dawson county but parts of all the surrounding counties. It is not only the cheapest way to advertise but will draw money to Lamesa. As the city ordinance prohibits the heretofore custom of distributing circulars, the Courier will also carry the advertisements of bargains to the city homes as well as to the country homes.

We are just human, and it is human nature to read all the "home town paper" from cover to cover to find out all the news.

INCREASE IN UNDULANT FEVER TO BE EXPECTED

Austin, May 28.—This is the season when an increase in undulant fever cases may be expected, according to Dr. John W. Brown, State Health Officer. An undulant fever patient complains of warmth and fever. There may also be chilly sensations or severe shaking chills and sweats. The patient loses weight and feels weak. If illness is of mild type, the patient finds it hard to remain in bed. He tries to keep on with his work but has "no pep".

Symptoms often continue for a number of weeks before recovery occurs. Fortunately undulant fever has a low death rate. Body temperature may reach a higher mark each day than the day before, and then gradually return to normal over a period of several days. Fever may be absent for some days and come back again to act the same way as before registering higher each day and then gradually going lower. The patient's temperature chart as kept by the nurse in home or in hospital, may resemble smooth waves or undulations. The appearance of the temperature curve in typical cases has given this disease the name undulant fever. The term "Malta" fever has been in common use in recent years but the name undulant fever is more accurate.

Undulant fever is one of the infectious diseases known to be transferable from animals to human beings. In cows and hogs, the germ causes a disease of great economic importance known as contagious abortion. When this germ invades the human body, the resulting disease is undulant fever. Prevention is dependent upon eradication of the disease in farm animals, careful pasteurization of dairy products and (3) avoidance, insofar as possible, of direct contact with infected animals.

Every Rural Home can now have MODERN CITY REFRIGERATION

ELECTROLUX OPERATES ON KEROSENE

YOU don't have to live in the city to enjoy all the advantages of the finest of modern city refrigerators—Electrolux! For rural homes, Electrolux now operates on kerosene . . . gives you the same perfect refrigeration that has made it the choice of more than half a million American families!

Runs for amazingly little!
It's a real opportunity! Especially when you consider how very little it costs to run Electrolux. A five-gallon filling of kerosene lasts a week or more. No daily attention needed. Owners report their Electrolux operating for as little as 3½¢ a day!

Simpler . . . more efficient!
Electrolux is able to operate so efficiently because of its remarkable simplicity. Like every Electrolux, the Kerosene model has no moving parts. A wickless glow-type burner circulates the refrigerant which is cooled by ordinary air. Electrolux uses no water.

No moving parts to wear!
Thanks to its absence of moving parts, Electrolux is permanently silent and saves on repairs too! For parts that do not move cannot cause noise or wear!

Modern living at its finest!
You'll be proud to have this beautiful Electrolux in your kitchen. American women themselves created its smart new design! And every day you have it, you'll appreciate more the way it keeps food perfectly fresh, provides plenty of ice cubes, and makes possible a world of new, tempting salads and delicious frozen desserts.

Let's have Recovery...

THE one goal toward which we are all striving is RECOVERY! What will bring Recovery? Recovery depends upon the building of bigger payrolls; fewer people on the dole; the creation of more real jobs.

And the only way to build bigger payrolls is through renewed business confidence, confidence of investors in the soundness of the securities of American industries, confidence of business in the fairness of government.

There can never be RECOVERY as long as industry is threatened and harassed, as long as it is throttled by crushing taxes, destroyed by unfair government competition or ruined by governmental red tape, interference and political control.

Before any measure of true RECOVERY can be restored the fog of uncertainty and fear that now engulfs American business must be dispelled!

Passage of the Wheeler-Rayburn utility bill now pending in Congress would instill new and increased fear into all business. Thousands of employees of the electric holding and operating companies, which the bill would arbitrarily hinder and destroy, would be forced to join the millions of jobless.

With a single stroke it would bring tremendous loss to ten million utility investors in this state and the rest of the country. These folks really own the utility industries.

The way to RECOVERY is through the re-establishment of business confidence which will permit private, tax-paying capital to go to work again. If we are to attain RECOVERY in the next few years our country must become a workshop, not a laboratory.

The Wheeler-Rayburn bill would seriously retard RECOVERY!

A pound of "BALONEY" weighs just as much as a pound of tread stock, but there is a whale of a difference in the service they give!

When you see tires advertised as "cheap" that's what it means. Yes, in price and quality. Where there is no quality, there can't be price. Just enough rubber to cover your wheels, with no road service. So if you want cheap tires or tires without quality, we don't have such merchandise.

But we have Quality Tires in same price range as sub-standard brands. In buying Goodrich you buy Quality.

When interested in tires see the "New Goodrich" with the life saving Golden Ply. The tire that's 3 times safer from blow-outs!

Yes Sir, the price is in line with the ordinary tires.

ON TEXAS FARMS

Hansford county has gone in for concrete subirrigation tile in a big way this spring. Through an agreement with relief agencies labor has been furnished from the relief roll; for making and installing the tile while the farmers have furnished the cement and sand and have agreed to pay one-fourth of the produce from the sub-irrigated garden for the year 1935. In this way 30,000 feet of tile have been put down.

Twenty other gardens using 12,000 feet of tile have been subirrigated by farmers in this county working independently—making a total of 42,000 feet of tile which will subirrigate 1,000 Hansford county gardens, according to G. Lester Boykin, agricultural agent for the county.

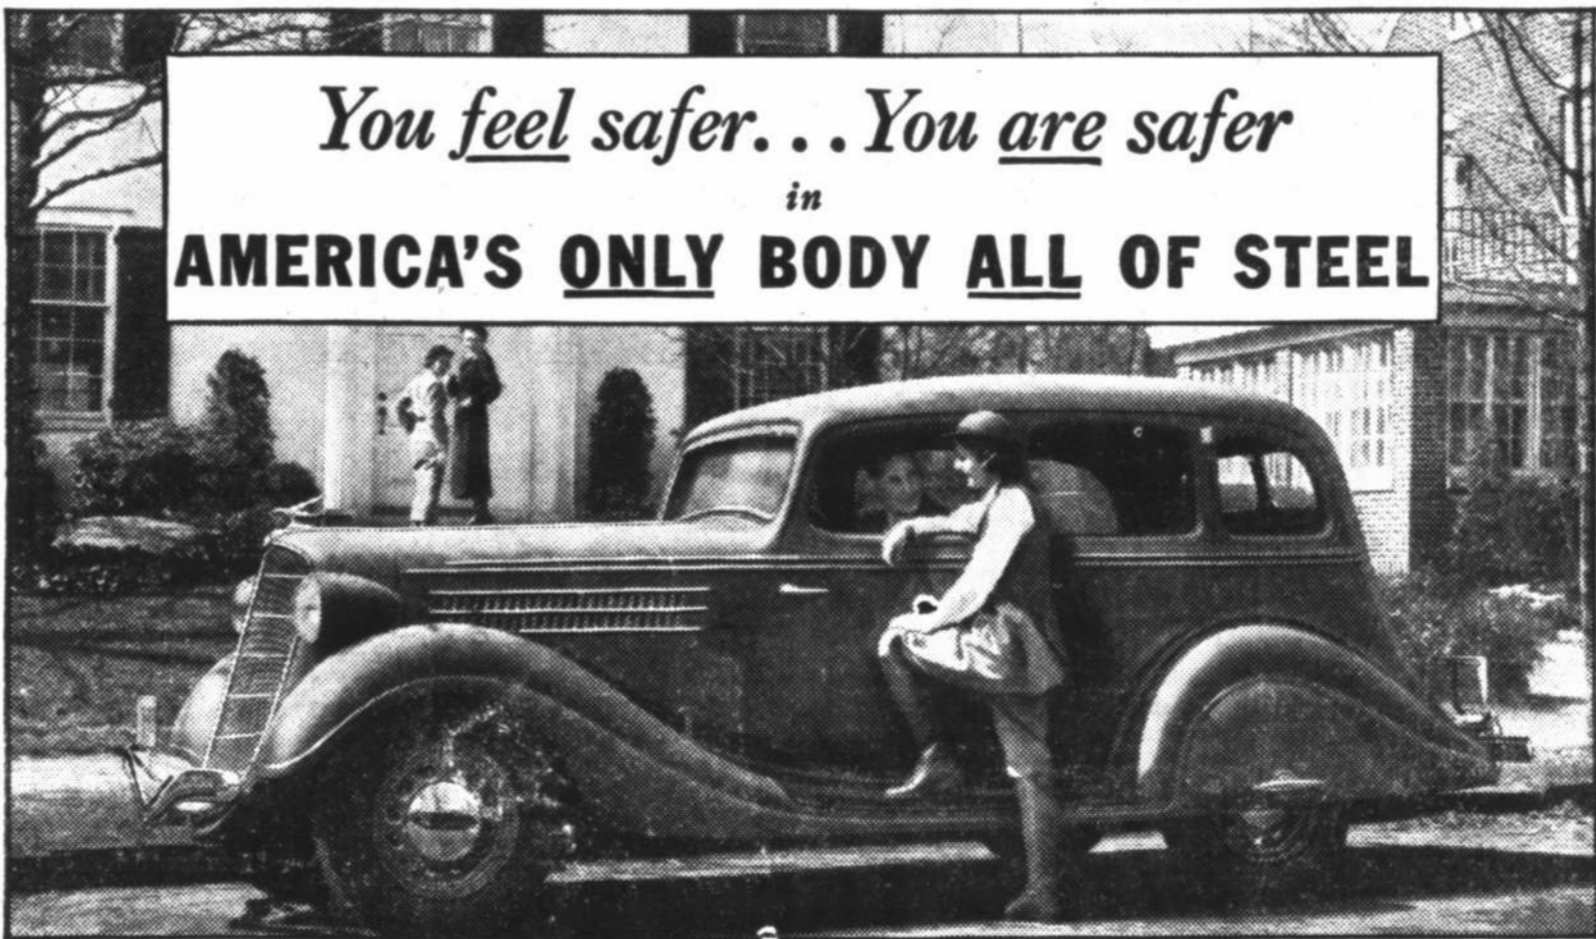

Hemphill county tried out lath subirrigated gardens a few years ago finding them satisfactory but not very durable. Last year County Agricultural Agent H. M. Cantrell supervised the installation of tiled relief gardens which proved very satisfactory. This year 16,000 feet of concrete tile have already been made and laid in the county.

Nearly five miles of concrete tile have been made and laid by relief workers in Ochiltree county this spring, according to the report of J.

T. Stovall, county agricultural agent. The exact figures are 25,957 feet. The tile has been furnished in such cases as actual material cost plus one

fourth toll of the garden crops which are produced on the sub-irrigated land. The material cost has been approximately one and one-fourth cents

per foot. Mr. and Mrs. W. T. Arnett of Plains and Mrs. Kirby Nutt and son of Lovington, N. M. arrived Tuesday for a visit with their daughter and sister, Mrs. Bogan Caldwell, and Mr. Caldwell.

WE ALL MAKE THEM

An editor of a weekly paper, commenting on the fact that his paper sometimes made mistakes, says that a good subscriber told him all about it. He goes on to relate that about the same day there was a letter in his post office box that did not belong to him; he called No. 98 on the phone and got 198; he asked for a spool of 50 thread and got 60; he got his milk bill and there was a mistake of 10 cents in his favor; he felt sick and the doctor said he was eating too much meat when he had not tasted meat for two months; the preacher turned in his church notes with the name of the ladies aid society president misspelled and the editor got the blame for it; the garage man said the jitney was missing because it needed a new timer and he cleaned a spark plug and the flivver has run ever since.

GETTING OUT PAPER NO PICNIC

Getting out this paper is no picnic. If we print jokes, people say we are silly. If we don't they say we are too serious. If we clip things from other papers, we are too lazy to write it down ourselves. If we don't we are "stuck" on our own stuff. If we stick close to the job all day, we ought to be out hunting up news. If we do get out and try to hustle we ought to be on the job in the office. If we don't print contributions, we don't appreciate true genius. If we do the paper is filled with junk.

If we make a change in a fellows writeup, we are too critical. If we don't, we are asleep. Now, like as not someone will say we swiped this from some other paper.

WE DID!

SENIOR GIRLS ARE HONORED WITH TEA

An informal tea was given in honor of the senior girls on last Friday afternoon from two to three o'clock at the high school by Miss Eleanor Ragle, who is head of the home economics department.

As the guests arrived they were met at the door by the hostess and were invited into the attractively decorated dining room where they were served punch, cookies and mints. Mrs. Matt McCall gave a number of piano numbers while the girls were being served. Misses Ina Mae Bennett, Marie Billingsley and Inez Sharp assisted in serving.

The following program was rendered: Two accordion solos by Mrs. W. J. Beckham; reading by Mrs. Eldrid Travis; vocal solos by Mary Francis Barnard, who with the help of Elizabeth Arnett lead the group in singing the school song.

This tea was among the last times for the girls to be together as a high school group.

MRS. DAFFERN HOSTESS TO LITTLE SLAM CLUB

MISS URA MERRICK BECOMES BRIDE OF LEO REITHMAYER

Miss Ura Merrick became the bride of Leo Reithmayer in a beautiful wedding service solemnized on Tuesday evening at the home of the bride's parents, Mr. and Mrs. A. H. Merrick.

The ring ceremony was read by the Rev. E. F. Cole, pastor of the First Baptist Church.

Mrs. Winslow Beckham sang an arrangement of old fashioned love songs, followed by a piano solo, "O Promise Me", by Mrs. Matt McCall. Mrs. Beckham sang Carrie Jacobs Bond's "I Love You Truly" as a pre-nuptial song. The bridal party entered to the strains of the Bridal Chorus from "Lohengrin" played by Mrs. Ray Hollingshead.

The bride was a picture of loveliness in her full length gown of powder blue crepe and net. She carried a brides bouquet of shell pink carnations. Her only jewel was a large cameo watch she wore as a pendant, suspended from a twisted golden chain. Her handkerchief of linen and lace was the wedding handkerchief of her mother.

Mrs. W. L. Marr acted as hostess and presiding at the brides book, se-

cured the names of the guests.

After the ceremony the guests were led to the dining room where refreshments of punch and cake were served.

Out-of-town guests were the brides sister, Mrs. J. R. Grant of San Angelo, her brother Jess Merrick of Stanton and her uncle O. L. Howell of Abilene.

The bride is well known in Lamesa her parents having lived here many years. For the past two years Mrs. Reithmayer has been a member of the faculty of the Seminole Public Schools.

Mr. Reithmayer is the son of Mr. and Mrs. Jacob Reithmayer of Sparenberg community. He is a graduate of the local high school and of Texas Technological College and is now a member of the faculty of the Wittenburg School of Borger, Texas.

The bridal couple left immediately for Lubbock where they will reside during the summer and where Mr. Reithmayer will continue work of his Masters degree.

In celebration of her daughter Anice's sixteenth birthday, Mrs. J. L. Barrett gave a party at her home on May 23. Many amusing games were

played, but the most enjoyable was the scavenger hunt. The prizes were won by Clinton Holcomb and the honoree.

T. Stephens, J. L. Barrett, Clinton Holcomb, Frazier Reed, Aubrey Shelton, Bryant Bradley, Bud Cornett, Floyd Haney and the honoree.

MARRIAGE OF MISS URA MERRICK ANNOUNCED

Misses Thelma and Edna Merrick entertained Friday evening, May 24, at six o'clock, with a buffet dinner at their home on the Brownfield road to announce the marriage of their sister, Miss Ura Merrick and Mr. Leo Reithmayer.

Mrs. Winslow Beckham and the Senior Trio, Bettye Burgess, Ruth Merrick and Georgia Mae Williams, directed by Mrs. Matt McCall, delightfully entertained the guests.

The announcement of the approaching marriage was made when little Lou Ellen Batson "let the cat out of the bag," a blue Maltese,

bearing a pink bow and a card with these words: "Ura and Leo, May 28." The guests list included Mesdames J. E. Barron, R. A. Stuart, L. M. Pratt, Matt McCall, Winslow Beckham, Ray Hollingshead, Ollie Smith, W. A. Stephens, A. H. Merrick, and Misses Willie Belle Cleveland, Olive Meadors, Ethel Barron, Lunelle Nix, Nannie Billingsley, and Pauline Bamberbaum.

BRIDE-ELECT HONORED WITH SHOWER TUESDAY MORNING

Miss Ura Merrick bride-elect of Mr. Leo Reithmayer, was named honoree at a morning party given Tuesday at the club house.

Upon her arrival Miss Merrick was instructed to ring the school bell, that her pupils might come in for the "closing exercises." Singing "Good Morning Dear Teacher" the pupils passed by the desk each presenting her with a gift. After the teacher had composed herself the packages were opened and many useful and beautiful gifts were disclosed.

Miniature arithmetic books were passed out which disclosed the following program: Little Jo Beckham sang "School Days" and "Crybaby"; Loretta Travis recited "Yes My Dear" and "The Three Bears"; Louise McCall played "I Love You Truly" and "Here We Go Round the Mulberry Bush". Three little kindergarten girls, Ruth Merrick, Bettye Burgess and Georgia Mae Williams, sang "The May Song" and "Mother Goose Nonsense."

Restlessness among the pupils, especially Ann Yates, Corda Marx, Mattie D. Nix and Carrie Lee Crawley, demanded a recess period, so they opened their lunch baskets to find them filled with tasty sandwiches, stuffed eggs, pickles and cookies. Punch was served by Lenora Barron and Bobbie Cleveland.

Forty-five guests enjoyed the occasion.

The hostesses were Mesdames L. M. Pratt, Eldrid Travis, W. A. Stephens, Matt McCall, J. E. Barron and Ralph Stuart.

"The Old Time Chuck Wagon Cook"

By W. F. Robinson,
Lamesa, Texas

(Continued from last week)

The Hoe ranch was about three miles below and only two men at the stage stand, were the only men in many miles of the place to intercept his flight. Had a message gone down the line before he cut the wire? Finally the horses began to move about and to his great relief, he saw they were only loose horses. He plunged into the river and was soon across. He avoided all stage stands and when day began to dawn he sought a place of concealment some distance from the road where he remained until nightfall when he resumed his journey. In due time he arrived at Trail City on the Arkansas river just over the state line from Cooldge, Kansas. Old Globy had become somewhat jaded from the long ride, and Goat believed he could

make better time by changing to Jay Gould's Iron Horse, so he left his horse with the trail cutter and employed a boy to take him to Cooldge where he boarded a train for Texas. In the meantime a poor widow in Southern Texas received a letter which read something like this: "Dear Madam: It breaks my heart to have to write you about the sad death of your son John. He was killed by lightning last night during a storm while around the herd. We sure hated to lose him as he was a favorite among all the men. We all liked him very much. We gave him a Christian burial. It taken all his wages, saddle and bed to pay the doctor bill and funeral expenses. Lightning is awful bad and every thing is awful high in this country. Yours truly, George Berry." During the early nineties cooks were more numerous and their services easier obtained; their power had greatly diminished, and like the crowned heads of Europe, they had become more democratic. During the spring of 1890, Clarence Jones passed through the Ballinger country

with a trail herd destined for Wyoming. He had a negro cook who had previously played a leading part in a shooting scrape pulled off in a Ballinger hotel kitchen, and bore the ear marks of a bad actor. While near Hilton in Nolan county, Texas, one of the hands having a grievance against the cook, taking advantage of the absence of the boss, one morning rode back and deliberately shot the colored gentleman off the wagon then rode away without leaving a forwarding address. In 1894, Sam Heyser cooked for a Union Beef trail outfit, and while near Lagrange, Wyoming, in moving camp while crossing a bad place he fell off the wagon, a wheel passing over one of his legs, breaking both bones between the knee and the ankle. Camp was made at once and some of the men pulled the limb straight while others splinted it with material from a goods box and strips of cloth, fixing him up in as good shape as a skilled surgeon could have done. The following day the wagon was unloaded and a swing made to serve as a shock absorber and the cook was hauled fifteen miles to a ranch house where he remained for five weeks when he was able to mount a mail hack for Cheyenne where he boarded a train for Amarillo, Texas. He was soon as good as new with no evidence of an injury. "One Thumb Charley", a culinary artist of the first waters, cooked for an outfit on the Crow reservation in Montana, during the year 1899. His orders were to feed the men. All the conveniences of a Northern outfit were at his command. The manager owned a large merchantile establishment in Billings and furnished supplies for the cattle companies. The railroad passed through the range where shipments could be unloaded by the local freight at any designated section house. Eggs sold in Billings for 40c a dozen and the cook always had a supply on hand, as well as anything else needed in his department. He cooked cakes and pies of any kind, and was never short on light bread. He had a very glib tongue and was informed on any subject and didn't hesitate to give it out on any occasion. One of his thumbs had been shot off in a saloon fight, hence the name, One Thumb. On one occasion, during the absence of the boss, he laid down on the job. He called breakfast, and to the surprise of the men, he only had toasted light bread and coffee for their morning repast. When complaint was made, he became very indignant and in a very brusque manner, remarked: "That was all the boss ate for breakfast and the men were no better than the boss." Not being responsible for the boss's appetite the men reminded him that he got good wages and was instructed to feed them and that they expected the regular meal. After a little pressure was brought to bear upon the situation, the cook got busy and cooked breakfast which was disposed of with a feeling of disgust at the dirty trick the cook had attempted to pull on the hungry men. The outfit closed out the following year and One Thumb retired from the chuck wagon. The old time bulldozing tactics of cooks were at an end. A new day had dawned. Railroads, barbed wire, and a new breed of cattle had brought in a new era. The old time trail driv-

FARM NOTES

By Joe C. Williams, County Agent

Wheat Restrictions Lifted

The county agents office has received word from the Washington office that those farmers under cotton contract for 1935, and who were under contract in 1935 will be permitted to harvest and sell or otherwise dispose of the wheat that they planted for pasture. Even though they did not have wheat planted before last fall.

Practically all the 1934 contracts have been paid off or either in the process of going through the Washington office according to D. L. Adcock, chairman of the cotton committee for this county. Mr. Adcock personally checked the cotton contracts while in the Washington cotton office recently.

Application for 1935 Bale Tags

Such applications will be signed by the producers in the agent's office beginning June 5th and continuing until 19th. All producers are urged to begin signing application between the above listed dates, with the exception of those whose farms are being put under contract this year for applies only to those who are on the first time. The above statement farms that were under contract in 1934.

1934 Bale Tag Payments

This office is expecting the final payments on the 1934 Bale Tag pool to be paid off at an early date. However, we have not had as yet any definite word as to when to expect the money.

NOW IS TIME TO WORK YARDS AND CUT WEEDS

Now is the best time in the year to re-do our yards and start a garden. Might as well get the ground stirred. If not the weeds will take the town. Lets start early to keep down the thousands of Russian Thistles that are coming in a thrifty way. Later in the summer we will be suffering from hayfever. Do not hear of any hay fever victims now do you? If we allow the thistles to grow you will hear lots about it this summer. Cut the weeds now while they are tender and easily destroyed.
