EASTER MORN IN PARK

All Faiths to Join In Sunrise Service

Citizens of all faiths will gather in Ruddick Park Sunday for the city's traditional sunrise Easter service.

The interdenominational service, sponsored by Colorado City Ministerial Alliance and emphasizing youth participation, will begin at 6 a.m.

Rev. Earl Clary, pastor of First Presbyterian Church and former president of the alliance, will deliver the Easter message.

A feature of the sunrise rites will be music by Colorado High Chorus, directed by Curtis Baker. The mixed chorus for the last two years has been judged one of the outstanding student vocal groups within the state.

Scene for the all-church Easter rites will be the amphitheater in Ruddick Park. All citizens of the community are invited to attend the rites, according to Rev. Tommy Nelson, pastor of St. Luke Methodist Church and committee chairman for the alliance.

The service is for denominations, he said, and Negro citizens as well as whites.

Officiating at the service will be Rev. Jack Seleraig, pastor of First Baptist Church and president of the alliance.

"Christ the Lord is Risen" will be the opening hymn sung by the congregation. Invocation will be by Rev. C. C. Campbell, minister of the Christian Methodist Church.

The Colorado High chorus will sing two hymns, "Holy Radiant Light" by Gretchenloft and "Christ to Thee Be Glory" by Shutz.

Miss Ann Fowler, representing the Assembly of God Church, will read the scripture, Rev.

Mr. Fillmon was employed as an outside route man for the Abilene Reporter-News prior to his move here.

The Fillmons have a son and daughter. The son is in the U. S. Navy, stationed at New London, Conn.

The daughter is a 13-year-old high school student in Abilene. She will remain in school there until the term ends in May.

They replaced Norman Rogers, who moved to San Angelo.

City Votes Tuesday For Council Slate

A fourth candidate has filed for a ballot place in the April 7 school board election of Colorado Independent School District.

He is A. C. Benson, long-time Col-Tex Refinery employee, whose candidacy sets up competition in the election that will decide three board places.

Previously filing for ballot places were:

Warren E. Costin, farm implement dealer appointed to the school board in September 1951 and seeking his first elective term.

Virgil Moser, partner in Moser Wholesale Produce and a resident of Horn Chapel community.

Jimmy Maddox, rancher in southeastern area of Mitchell County and father of a Colorado High football player.

Deadline for obtaining a place on the school board ballot is Saturday.

The April 7 school trustee vote will be the second major election here within a week.

Residents of Colorado City will go to the polls Tuesday to elect three councilmen out of a field of four.

And City Hall observers are speculating just how much effect the recent freeway controversy will have on the municipal election outcome.

It has been no secret that a group of opponents to the freeway route around C-City sought a candidate for the council race.

The council ballot lists three incumbents: Mayor Trevor Crawford, Councilman Jeff Taylor and Councilman Sie Hamm.

Crawford and Taylor were firm supporters for additional freeway planning when City Council recently voted to request State Highway Department to continue planning for a freeway route at the outskirts of the city.

On the opposite side was Hamm.

The third candidate, Claude Robinson, told the Record on his entry into the race that he did not view the freeway as an "immediate issue."

But a leader of the freeway opposition group has voiced support for Robinson as well as Hamm.

The entry of Benson in the school board race was a surprise to most observers.

Benson, operating foreman at the refinery, has been a resident of Colorado City since 1923 and an employee of Col-Tex for 31 years.

He is a member of the Baptist Church and Masonic Lodge.

The four school board candidates set up a contest without a single person seeking re-election. Although Costin is a member of the board, he was appointed to fill a vacancy created by resignation and has not been a candidate at the polls.

Both Moser and Maddox also will be seeking their first term on the board.

Individual church congregations Thursday began special services for Easter, the commemoration of Christ's resurrection.

Special services and programs will continue at various churches within the community through the week end.

First Methodist Church, which is conducting special Holy Week services all week, joined with the congregation of St. Luke Methodist Thursday evening for a special communion service.

A giant candle, made by melting candles furnished by individual church members, was lighted during the communion rites by Rev. Jack Ellzey and Rev. Tommy Nelson.

Sunday evening Rev. Ellzey will present a special chalk talk, "The Risen Christ," at First Methodist.

Also conducting communion service Thursday evening at 7:30 o'clock was Rev. Frank Pickett at First Christian Church. Special music and a film Sunday night will be in keeping with the Easter theme.

12 Considered for Young Man Award

At least 12 citizens are being considered for Colorado City's outstanding young man in 1955.

And the list may expand before the final selection is made by a special all-community committee.

The city's outstanding young man will be revealed and honored at the Junior Chamber of Commerce installation banquet April 13 in Civic House.

Tickets for the banquet, at which Delbert Downing of Midland will be principal speaker, went on sale Wednesday under supervision of George Witten and District Attorney Eldon Mahon.

But the task of selecting the outstanding young man was started more than a week ago. Big job in the mechanics of the selection is the thorough checking of each individual nominee's qualifications.

Already on the list being considered for the honor are Rev. Earl Clary, minister of First Presbyterian Church; Bob Reilly, head coach at Colorado High; County Attorney Frank Ginzle; Rev. Bill Austin, pastor of Oak Street Baptist Church; Winston Gann, principal at Junior High.

Pat Shields, scoutmaster for Boy Scout Troop 22; Dr. H. Jene Steakley, dentist; Rev. Tommy Nelson, pastor of St. Luke Methodist Church; Goodwin Simpson, Jaycee state vice president; Max Caddell, local Jaycee president; Curtis Baker, Colorado High choral and band director; and Johnny Grubbs, Jaycee Civic House treasurer.

Recognition of the outstanding young man is a distinguished service award of the Jaycees. It is presented annually to a young man, 21 through 35 years of age, who through initiative and talent has made important contributions to his profession and the general welfare of the people.

Although an award sponsored by Jaycees, eligibility for the award does not include Jaycee membership. And the committee making the selection is made up of representatives from Ministerial Alliance, American Legion, Lions Club, Kiwanis, Veterans of Foreign Wars, Chamber of Commerce and Jaycees.

More nominees may be added to the list, according to Joe Bell, committee chairman. Selection of the outstanding young man, however, will remain a secret until the banquet April 13.

Mr. and Mrs. Dee Finch of Loraine visited Sunday and Monday in Midland with their sons and daughters-in-law, Mr. and Mrs. Idus Finch, Mr. and Mrs. Billy Finch.

AT MUSIC FESTIVAL

Chorus Awarded Highest Honors

Colorado High's mixed chorus boasts a new trophy for its superior music.

Latest addition to the trophy case is the award for sweepstakes honors Friday in Region 2 interscholastic League competition in Abilene.

The chorus, directed by Curtis Baker, received No. 1 rating (superior) in both concert and sight-reading competition.

No. 1 (superior) rating in both levels of competition, concert and sight-reading, merits the sweepstakes trophy — highest honor attainable in the Interscholastic League choral program.

Also winning recognition in the Saturday competition for Region 2 was the Junior High Treble Chorus, which received No. 2 rating (excellent) in concert.

The treble chorus was only organized this year by Baker and was in its first competition.

Baker's high school mixed chorus, itself only organized for two years, was competing for the second time in the Region 2 festival.

Last year the mixed chorus received No. 1 rating in concert.

Ten high school choruses were in the festival with Colorado High Friday. They included Abilene with both boys and girls choruses, San Angelo girls, Brownwood mixed chorus, Throckmorton girls, Sweetwater mixed chorus, Ballinger girls, Winters mixed chorus.

Colorado High's chorus sang Psalm 150 by Lewandowski, "Holy Radiant Light" by Gretchenloft and "Exaltation," the second movement of "Celestial Spring" by Christiansen.

The treble chorus sang Abel's "Lord Abide by Us" and two Waring arrangements, "Now the Day is Over" and "I Believe."

BURGLARY, RAIDS REPORTED HERE

Co-ops Post \$300 Cash Reward In Effort to Halt Wire Thefts

Continued loss of copper wire to burglars and thieves, has resulted in a \$300 reward being posted by Lone Wolf Electric Co-operative and other cooperatives in this area.

The reward will be paid to the person furnishing information leading to the arrest conviction of the offenders, according to Raymond L. Perdue, Lone Wolf manager.

Lone Wolf lost more than \$700 worth of wire in a bold burglary recently at the cooperative's headquarters and storage area on State Highway 208, just south of U. S. Highway 80 (to Sweetwater).

Wire has been stolen also from Lone Wolf lines within rural areas of the county. Latest theft of that sort — a act that is extremely dangerous to the person taking the wire — was reported Tuesday.

Perdue said Texas Rangers and other law enforcement agencies were cooperating with officers in a wide area of West Texas in a campaign to curb the wire stealing.

A 47-year-old father of six children was convicted and sentenced to a year in jail last week at Brady for taking wire from McCulloch County Electric Co-operative lines.

A suspect has confessed to theft in Nolan County and attempts at wire stealing in several areas have resulted in severe injuries and even electrocution of persons, Perdue said.

A total of 1,352 pounds of wire were taken in a burglary here last month at Lone Wolf. The wire was valued at approximately \$720.

Burglars made the big haul on either Feb. 26 or 27 by cutting the cyclone fence at the lighted

Lone Wolf storage yard. Then a truck was backed up to the yard and the coils of wire loaded on to the vehicle.

A week later thieves pulled "hot" wires from the Carr community church and then cut off the wire on a nearby electric pole. An ax or hatchet was used to cut part of the church wire and the wire was cut loose from the pole about as high up as a man could reach.

The Tuesday theft was at two vacant houses in the county where electric wires were cut down and carried off.

Perdue said his cooperative also had suffered losses where ground wires have been jerked off and carried away. Theft of ground wires from lines create a dangerous situation, he said.

Several cooperatives within the area have reported raids that See THEFTS Pg. 1

Mrs. Latimer Presents Review Of Passion Play of Oberammergau

Mrs. Curtis Latimer, guest speaker for the 1921 Study Club Friday in the home of Mrs. V. R. Trulock, reviewed the Passion Play of Oberammergau.

Mrs. Latimer described the Bavarian village, which is high in the Alps, and the people who live there.

She explained that in 1960 people from all parts of the world will go to Oberammergau to witness a revival of the passion play.

"The play, first presented in 1623 as a memorial, was under the guidance of the Benedictine Monks," Mrs. Latimer said.

"The village had just passed through a terrible plague in which many of the inhabitants had died."

"Since then it has been presented each decade with only three interruptions," the group heard. "Interruptions were the Franco-Prussian War, World War I and World War II."

"Off season, performances were presented at these times," the speaker continued.

"A committee selects persons to play the coveted roles in the passion play," Mrs. Latimer explained. "No married woman is

allowed to play a part. Some of the village girls postpone their weddings until after the play is presented.

"Rehearsals take six months. Players must be of high moral character."

"The highest honor that can come to a villager is to play the part of Christ," Mrs. Latimer explained.

She revealed that wood carving is an important industry and the village is famed for its beautiful frescoes. "The finest example of this art is the Hansel and Gretel House," she said.

Following Mrs. Latimer's talk Mrs. W. R. Martin, program chairman, sang three selections. Songs included "Lonesome Valley," "When I Have Done My Best" and "I Walked Today where Jesus Walked."

During the business session in which Mrs. Trulock presided, Mrs. Sam L. Majors Sr. presented the Mitchell County Federation of Women's Clubs report.

Mrs. Majors announced that the club would be in charge of music for the forthcoming federation tea to be hosted here April 11 in Civic House.

GMC brings you the most impressive improvements of all 1956 trucks

Now we can show you these great new GMC's that are further than ever ahead of all others. Their advances not only clinch power supremacy—but reach into fields still unexplored by other truck-makers.

For example, GMC's Road Shock Damper Suspension—plus a unique new stabilizer—produces in half-ton models a ride comparable to the finest passenger car.

An optional new fast-ratio cruising axle in light-duty GMC's gives you an overdrive's pace and economy without its cost.

Sharply increased engine displacement in both sixes and V8's gives you a power family unsurpassed in

the light-duty field. Specifically, we offer 14.4% GREATER displacement on 6-cylinder models, 16.2% on V8's than our nearest competitors. And GMC V8's, mind you, match the shortest stroke ratios in the truck industry.

Styling is well into the future—panoramic windshield-to-sand-tight tail gate. Tubeless tires, a course. And a 12-volt electrical system is standard.

These are some of the strides presented in new 1956 Blue Chip trucks we now have on view. The values are even more notable. Come in and get the facts!

play contest was a presentation by Fluvanna students.

Members of the Loraine cast won more awards for their acting than any other school group represented.

Billy Ray and Connie Liles, LHS seniors, received awards for the best actor and actress. Sarah Pratt and Clyde Parnell were named to the all-star cast.

The first local production of the winning play was presented Tuesday evening by the Loraine

group. Also featured on the program were students of Noodle High School who presented "Dark Wind", first place winner in the District 17-B Interscholastic League contest.

YOU'LL GET A REAL BOOT OUT OF THIS BEAUTY

(Just switch the pitch and see)

What a grant that you'll get a kick from just looking at a new Buick—it's that kind of automobile.

But you'll have to take the wheel, turn the key and press that pedal before you get any idea what this sizzler on wheels can do to your spirits and well-being.

It will take you only a handful of happy minutes to get the idea.

Just nudge the pedal—no more than a gas-saving inch—and you'll feel the instant new getaway that's yours with the new Variable Pitch Dynaflo® even before you switch the pitch.

Just find a spot where you can safely and legally call out the reserves—then floor the pedal. That switches the pitch instantly—and in the same split-second you're at full power acceleration and sweeping ahead like you never did before in any other earth-bound vehicle.

And all the while, just lend an attentive ear to the whispered night of that big 322-cubic-inch V8 that powers this spectacular performance. For that's the smoothest, the quietest and the highest-powered engine, Series for Series, in all Buick history.

There's more, of course, to make the thrills come thick and fast when you're bossing the best Buick yet.

There's the deep, soft comfort of big interiors—and the sweet and solid steadiness of that great Buick ride.

There's the grace of line you can see stretching before you—and the sure and nimble way this beauty handles and corners and tracks and targets to the road.

So come be our guest at the wheel of a spanking-new Buick—just for fun and kicks and a new excitement. And if you feel this is the car for you, we'll show you prices and a deal that say it's yours for sure. Drop in today or tomorrow, won't you?

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

IN SHALLOWATER RITES

Novella Crump, Dr. James Hart Repeat Vows in Church Ceremony

First Baptist Church in Shallowater Sunday afternoon was setting for the marriage of Miss Novella Crump and Dr. James C. Hart Jr., both of Lubbock.

The bride is the daughter of Mr. and Mrs. Bob Crump of Shallowater. Dr. Hart is the son of Mr. and Mrs. Chester Hart of Lorraine.

Rev. C. K. Roberts read the single ring wedding vows before an altar flanked by baskets of white gladioli, white stock and tropical foliage. Aisles were covered with white bridal cloth.

The bride, given in marriage by her father, wore an original wedding gown of import French lace and nylon tulle over net and taffeta. The fitted bodice was designed with a portrait neckline framed with upstanding escal-

loped lace holding a small yoke of pleated tulle.

Her skirt was fashioned with a shaped bouffant hipline. Her veil of matching silk illusion was caught by a rap of shirred tulle and seed pearls.

She carried an arrangement of an orchid and stephanotis with a white Bible.

Larry Tonroy was organist. He accompanied Mrs. James Holland, soloist, as she sang "Because," "Eternally" and "Wedding Prayer."

Miss Mary Lou Crup of Amarillo, sister of the bride, served as maid of honor. Junior bridesmaid was Miss Anna Rogers of Midland, cousin of the bride.

They wore dresses of pastel blue crystaletta over matching taffeta. Necklines were framed

with folds of fabric that extended over their shoulders and tied in bows in back. The waist-length skirts were fashioned with shirred fullness and stiffened lower edges.

They carried bouquets of white Iris.

Capt. Bill Hart of Waco served as his brother's best man. Ushers were Dr. Dee Ray-Jenkins of Amarillo, Dr. Tim G. Faulkenberry of Brownfield, J. B. Flor-

mond of Lubbock and W. J. Richmond of Midland, cousin of the bride.

Fellowship Hall of the church was setting for the reception honoring the wedding couple. Bridal table was covered with lace over blue and centered with a three-tiered cake.

Houseparty included Mrs. George Parsley, Mrs. William A. Sealy, Mrs. Kenneth James, Mrs. B. Brock, Mrs. Jerry Brock, Mrs. Royce Beights, Mrs. Bill Hart, Miss Virginia Luck, Miss Sue Putman, Miss Mary Westbrook, Miss Maurine Denton and Miss Carol Reeves.

For travel the bride changed to a blue box suit of imported wool with white accessories.

The bride attended Colorado A. & M. and Texas State College for Women in Denton. She received her bachelor of science degree from Texas Technological College in Lubbock. She is now a home service advisor for Pioneer Natural Gas Company.

Dr. Hart received his bachelor of science and doctor of veterinary medicine degrees from Texas A. & M. College. He is now associated with Armal Hospital in Lubbock.

The couple will live at 2702 45th Street in Lubbock.

FINALS THURSDAY NIGHT

Wolves Favored in Permian Relays at Kermit Thursday

Colorado High sat in the favorite's chair today at the annual Permian Basin Relays in Kermit. Coach Bob Kelly's track team competed in preliminaries Thursday afternoon at Kermit and was scheduled to repeat as champions.

Finals were scheduled Thursday night.

Wolves won the track meet last year with 34 points with Fort Stockton second with 30 points.

Wolves set two records with Hollis Gaine whipping through the 100-yard dash in 9.7 seconds for a new mark. The mile relay team set a new standard of 3:31.3.

Big Jim Windham is defending champion in the shotput. He won the event last year with a heave of 48 feet 8 inches. Dru Vowell finished third with a throw of 43 feet 2 inches.

Other points picked up last year included a first by Jimmy Cawthron in the discus; second by Jerry Gassiot in the 880; third in the 440-yard relay; third by Don Fite and fourth by Doyle Herring in the 40; third by Richard Howlett in the 220.

Wolves' undefeated 440-yard relay team of Fite, Herring, Frank Mackey and Bancker Cade is favored in that event. Their top time is 44.4 seconds. The same foursome is favored

in the mile relay but probably won't break the record set by last year's Wolf quartet.

Herring was to run the open 440 for the Wolves while Mackey competed in the 220.

Fite is expected to run the 180-yard low hurdles while Cade toes the blocks in the century.

Millers entered by the Wolves are Delbert Lewis, Thomas Dowty and Jim Northcutt.

Clarke Jones is the Wolves' 880-yard run entry. The Kermit meet is limited to schools in Class AA.

Among the teams participating are Kermit, Andrews, Fort Stockton, McCamey, Brownfield, Seminole, Iraan, Wink, Pecos.

TOP DISTANCE MAN — Delbert Lewis, Colorado High junior, is the Wolves' top miler. Lewis competed in the four-lap race at Kermit Thursday. (Record Staff Photo).

FINISH THIRD IN TOTAL POINTS

Wolves Add Three Trophies With Relay Victories at Odessa Meet

Colorado High track team added three more trophies to its 1956 show case this week.

They received trophies for winning the 440-yard relay, 880-yard relay and finishing third in the annual West Texas Relays.

And if the 880-yard relay and mile relay had been spaced further apart, the Wolves might have picked up enough points for at least a second place finish in the overall point totals.

Abilene took the meet with 16 points, Midland was second with 14 and the Wolves third with 13.

There was only five minutes rest for the Wolves' between the two relays.

Despite the lack of time, Colorado High still finished fifth in the mile relay with a time of 3:30.2.

Coach Bob Kelly used the same four boys — Don Fite, Doyle Herring, Frank Mackey and Bancker Cade — in all three relays.

Wolves took the first two re-

lays they ran — the sprint, and 880 — but were too tired for their best in the mile relay.

San Angelo pushed the Wolves all the way in the sprint relay. In fact, San Angelo had the best time in the preliminaries with a 44.2 compared to the Wolves' 44.4.

But in the finals, the first three Wolves gave anchorman Cade a little lead and he held it to the wire, finishing a short distance ahead of the Angelo runner in 44.4 seconds.

The sprint relay victory left the Wolf quartet undefeated in that event this season.

Wolves had the third best preliminary time in the 880-yard relay with San Angelo and Big Spring's time better.

But the Wolves beat the other teams to the tape in the finals with Mackey, the anchorman, flipping Big Spring's anchorman in the home stretch in the time of 1:32.3.

Fite and Cade both ran good laps on the mile relay. Fite turned in a 53.1 off the blocks in the prelims but ripped off a 51 flat in his opening lap in the finals. Cade improved on his time of 56.2 in the prelims, running a 54.3 in the finals.

Abilene won the event in 3:27.8 with San Angelo second, Stamford third and Amarillo fourth.

Jim Windham finished second in the shotput with a throw of 50 feet 10 inches. Taking first place was C. J. Holub of Lubbock with a throw of 51 feet 8 inches. Windham outtossed Holub by about two feet at the Canyon Reef Relays, but wasn't up to par Saturday.

Windham was forced to throw a different shot when it was

discovered that the iron ball he has been using was four ounces light.

Windham said he couldn't seem to adjust himself to the new shot.

Kelly said he was well-pleased with his boys considering the large number of Class AAAA schools in the meet.

There were about 50 schools entered with approximately 500 athletes competing for points.

Finishing behind the Wolves were Ysleta 12 3/4, San Angelo 11, Amarillo 10, Odessa 8 1/2, El Paso 8, Stamford 7, Big Spring and Andrews 6, Lubbock, Ralls and Sweetwater 5.

AT COLORADO HIGH

Sophomores Hog Scholastic Honor

Sophomore students can take a bow, scholastically speaking, at Colorado High.

That's because there are as many sophomores on the new honor roll of distinction as senior and junior honor students combined.

The new Colorado High honor roll of distinction — students with grades above 90 — was announced this week by Principal J. F. Jones. It is for the first six weeks of the second semester.

A total of 20 students earned the honor and 10 of those are sophomores. Five students from each the senior and junior classes also are listed.

Sophomores also claimed the

distinction of highest individual student for the second semester's opening six weeks. Rayvel Mosely led the entire honor roll of distinction with grade average of 98.

Jane Merritt, another sophomore, was No. 2 with a grade average of 97.5 — just a half point behind the leader.

Three students registered averages of 97. They were Perry Barber Jr. and Betty Sedberry, both seniors, and Nelda Thurman, a junior.

The complete honor roll of distinction follows:

Seniors — Perry Barber Jr., 97; Marla Barnes, 92; Carol Blasingame, 93; Givvin Harkins,

96, and Betty Sedberry, 97.
Juniors — Bertie Lou Dorn, 92; Joyce Rogers, 94; Nelda Thurman, 97; Nell Webb, 93, and Laverne Williams, 93.
Sophomores — Melvyn Berman, 95.5; Larry Boren, 94; Jva Helen Gross, 95; Janis Merritt, 97.5; Ravel Mosely, 98; Nelwyn Moser, 94.5; Marjetta Richardson, 94.5; Kaye Treadaway, 91; Judy Wallace, 95; Joe Windham, 94.

BIBLE COMMENT

True Easter Has Meaning for Soul

Easter in the soul is often something different — something more — than Easter in the churches.

Everything we celebrate in connection with the life, death and Resurrection of Jesus is not to be limited to one day or season, but should be extended to every day and every season.

On Easter Sunday many churches that ordinarily have a single service conduct two services to accommodate the crowds. The following Sunday, the crowds may be even less than usual.

What lies back of this discrepancy? Is the attendance a recognition of the Resurrection of Jesus and a rejoicing in the supreme event? Or is Easter attendance often a custom?

The name "Easter" has its origin in a pagan festival of spring. For some, perhaps, the joy of Easter is little more than a pagan bow to the advent of springtime after the grimness of winter.

Even for many of the sincerely religious there is a difference between the celebration of the Resurrection of Jesus as a far-off event in history and the celebration of the fact of an ever-present and living Christ.

If Easter were truly in the souls of many for whom church-going on Easter Sunday is a formal matter, one cannot but reflect that their lives would be different in relation to the church, the Christ, and their fellowmen throughout the year.

LONE STAR FARMER

Farmer on Wrong Side of Tax Track

It's income tax season again, and some farmers may have received some net income above expenses in 1955.

If you're one of these, here's a suggestion for some self-education in tax policies which may help you to understand why some people are so willing to make big cash contributions to the election campaigns of some Congressmen and Senators.

You must report your income, and pay the tax on it, before April 15. As soon as you have filled out one set of blanks, start over again on the other set.

But this time, instead of figuring your tax as you did on income that you earned by working for it, figure it as if you had received it all in the form of dividends from corporations. You will discover that the tax law enacted in 1954 gives about a 25 per cent saving to people who don't work for a living.

For example, a farmer and wife with two dependent children and the standard deductions would have to pay a tax of \$416 on an income of \$4,999. (That's the top income for which the tax can be computed by the tax table.)

But another man and wife and 2 children who got their income from corporation dividends instead of by milking cows and moving hay would have a tax bill of only \$317.

That's a penalty of \$89 which

the farmer has to pay for living on the wrong side of the economic tracks and having to work for his income instead of getting it from investments in corporations.

A stockholder without children gets an even higher premium to reward him for not having to work for his living. A playboy bachelor stockholder who clipped \$4,999 last year on the General Motors stock his daddy left him would pay \$164 less in tax to Uncle Sam than a bachelor farmer who dug an equal \$4,999 out of the cotton field.

VERBAL BLAST FOR C. T. JOHNSON

Candidates Provide Booming Business for Postoffice, But Slow on Campaign Issues

By VERN SANFORD, Texas Press Association. Texans are going to have their say, if candidates have their way.

Most candidates seem to be falling into the same pattern. They want letters from the "folks" — telling them to run for office.

Some want 10,000 letters some 25,000. Some just want letters.

It's a new way to solve the postal deficit.

Sen. Price Daniel, who announced Monday he definitely was a candidate for governor, said he received, within a week, more than 25,000 letters.

Another "letter man" and announced candidate, W. L. (Pappy) O'Daniel, says he's been getting them by the basketful.

Ralph W. Yarborough reports that he has received reams of unsolicited letters urging him to run.

Another gubernatorial candidate, J. Everett Haley, had this to say: "I didn't have to ask a single soul — much less 25,000 people — if I could run."

Johnson, Challenged

In a fiery verbal blast, Texas Press Association president Russell W. Bryant of Italy told more than 100 newspapermen and women at a North and East Texas Press convention in Tyler that C. T. Johnson of Austin is ineligible to become a candidate for Lt. Governor.

Bryant distributed copies of a deposition taken in the 126th District Court at Austin on Oct. 1, 1955, in which Johnson testified under oath that he spent only \$125 in traveling the length and breadth of Texas while campaigning for Lt. Governor in 1954.

According to Bryant, Johnson testified he had driven 12,000 to 15,000 miles and that his total traveling expenses for the entire campaign period, as reported by him to the Secretary of State, amounted to \$125 — for gasoline.

State Capitol NEWS

oil, tires, repairs, batteries, lodging and meals.

Filing of an inaccurate campaign expense report excludes Johnson from becoming a candidate, under state laws, Bryant said.

"You and I know that there isn't a standard make automobile on the road today that doesn't cost nearly two cents a mile for gasoline alone," Bryant told the convention delegates.

Capitol Area To Grow

Texas' Capitol area soon will take on a new look, Gov. Allan Shivers showed the Austin City Council plans for the expansion, and addition of two ultra modern buildings, plus nearly three blocks of additional grounds.

Sites, maps and architects' sketches for the new State Office Building and Supreme Court Building were presented to the council. Both will be three million dollar structures. The Court Building will be located a block northwest of the Capitol and the Office Building a block northeast. They will face the Capitol and be joined by a 1½-block mall across Congress Avenue. Space for additional parking areas also is included in the plan.

Shivers also announced that the granite quarry near Marble Falls, from which granite used in construction of the Capitol, was taken, has been re-opened. It is planned to use granite from the same source, for the new buildings.

Shivers is chairman of the state building commission which plans to begin immediately to acquire the necessary sites for the expansion. Contracts probably will be awarded next fall. Financing of the building pro-

ject, largest in the state's history, was made possible by a constitutional amendment allocating the surplus from the Confederate pension fund for state buildings.

Law Enforcement Studied

Vigorous action on many fronts is needed to combat Texas' climbing crime rate, said speakers at the Attorney General's Conference on Law Enforcement in Austin. Some con-

clusions, after the four-day conference:

By Attorney General John Ben Shepperd: Travis County should have an extra district court, two grand juries and a special appropriation for the district attorney's office.

By Department of Public Safety Director Homer Garrison Jr.: Since soaring juvenile delinquency can be principally laid to parents' failure to provide good citizenship training, Texas should have a law holding financially responsible, parents of youngsters who wantonly destroy property.

LOOK! NEW WAYS TO BRIGHTEN YOUR EASTER TABLE:

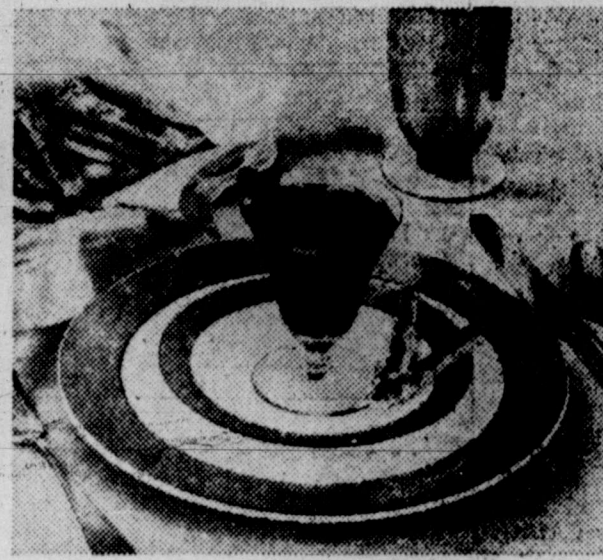

1 Easter Bunny Salad
Mold fruited lemon gelatin in 9" round pan. Cut 4 faces with round cutter and arrange on lettuce cups lined with cottage cheese. Cut 8 ears. Eyes are cherry halves; noses are candy hearts; whiskers are coconut.

2 Sweet Potato Crunch
Add a few thin slices of unpeeled orange to boiled, peeled sweet potatoes. Top generously with coarsely chopped peanuts. Pour syrup over all and bake according to your favorite recipe.

3 Mustard Cheese Sauce
(Fine on asparagus, and broccoli, too!) To 1 1/2 cups medium white sauce add 1/2 cup shredded sharp cheese, 1 tbsp. prepared mustard, 1/2 tsp. Worcestershire sauce. Pour over asparagus, garnish with egg slices.

4 Walnut-Cheese Sticks
Delicious served with fruit juice or fruit cocktail. Roll pastry, cover half with shredded sharp cheese. Fold and re-roll. Cover top with chopped walnuts. Roll tightly, cut in strips, bake 'til golden.

5 Easter Egg Chocolate Pie
Drop spoonful of sweetened whipped cream on each wedge of pie, top with green-colored coconut. (Shake coconut in jar with drop of food coloring and water.) Fill nests with small jelly beans.

Your Easter Ham:
how to bake it, how to
glaze it, how to garnish it!

Total baking time for your ham will depend on the kind of ham you buy: fully-cooked, uncooked, or tenderized. Most hams carry baking instructions on the wrapper.

To glaze your ham: 30 minutes before your ham is done, score and stud with cloves as shown. Drizzle ham with honey and over this sift brown sugar. Repeat every ten minutes until ham is a glossy brown.

Calla Lily Garnish: Cut thin slices from peeled turnips. Form slices into cornucopia around thin sticks of carrot. Fasten with toothpicks and drop in ice water. May be made the day before.

Texas Press President Claims Candidate Ineligible for Race

Texas Press Association President Russell W. Bryant, in a talk to members of the North and East Texas Press Association Friday in Tyler, declared that C. T. Johnson, of Austin, is ineligible to be a candidate for the office of lieutenant governor.

Bryant is publisher of the Italy News-Herald.

He based his assertion on Section "h" of Article 244 of the Texas Election Code which says that any candidate swearing falsely to campaign expenditures shall forfeit his right to have his name placed upon the ballot at any subsequent primary, special or general election.

Bryant said that in a deposition taken in 126th District Court at Austin on Oct. 1, 1955, Johnson testified under oath that he spent only \$125 in traveling the length and breadth of Texas while campaigning for Lieutenant Governor.

Bryant supported his contention with a copy of the deposition and a news story reproduced from the Austin American States-

man in which these facts were presented.

In elaborating on his charges Bryant said that Johnson testified that he had driven a Plymouth automobile 12,000 to 15,000 miles during the 1954 campaign and that his total traveling expense for the entire campaign period, as reported by him to the Secretary of State, amounted to only \$125 — including gasoline, oil, tires, repairs, batteries, lodging and meals.

"That is less than one cent a mile for car expense alone, without including any of the other travel expenses which Johnson says it does include," Bryant said.

"You know and I know that there isn't a standard make automobile on the road today that doesn't cost nearly two cents a mile for gasoline alone," he added.

Bryant was discussing the civil suits Johnson has filed against Texas Press Association and its manager, Vernon T. Sanford, as well as indictments handed down

by a McLennan County grand jury on Feb. 29.

He declared that Sanford and the TPA had accepted advertising in strict compliance with the law and contended that the indictments and civil suits were politically inspired.

Bryant said that Johnson turned on TPA and its manager for vengeance when TPA and Sanford could not aid him in his allegations that Lt. Gov. Ben Ramsey was guilty of election law violation by failure to report advertising expenditures.

Bryant declared that Sanford did not spend any of his own money, nor any Texas Press Association funds, in behalf of any candidate, as charged in the indictments. That section of the law, under which the indictments were returned, prohibits the spending of more than \$25 by an individual in an election.

Bryant contended that if Sanford had spent the full \$12,000 as charged by Johnson, and which he did not do, he still could not be guilty of more than one offense because the law does not provide that each \$25.00 shall constitute a separate offense. He argued that Sanford had been placed in double jeopardy because of the two indictments.

Bryant furthermore charged that the section under which the indictments were returned is unconstitutional because it restricts the right of an individual to express his views in any media on any political subject in excess of \$25 worth.

"With advertising rates and radio and television time being what they are today," Bryant quoted a former TPA president as saying, "a garrulous Texan is undeniably restrained in ex-

pounding his political beliefs by the \$25.00 limitation."

Bryant also pointed out that a candidate is unlimited in the amount of money he can spend, so long as he reports it. However, while a candidate can spend thousands of dollars in answering a critic, once the critic has spent \$25.00 he can no longer express his views.

"The very foundations of our government are imperiled if we limit in any way an individual's right to speak his mind, and that is exactly what this law has done," Bryant stated.

Famous bulletin from Mobilgas Economy Run

FORD WINS IN ECONOMY TOO!

V-8 WINS CLASS A

In this year's Economy Run a new Ford V-8, with Fordomatic, was the official victor over every car in its field, with a winning average of 47.7643 ton-miles per gallon. This means that the sturdier, heavier Ford carried more weight, with greater gas economy per pound, than any car in its field.

This latest Ford victory was scored over a rough and rigorous 1,468.8-mile route running from Los Angeles to Colorado Springs. Through the heat of Death Valley and over chilling mountain heights . . . through gas-eating city traffic and over the straight-

line open road . . . Ford proved anew its traditional reputation for economical performance.

The winning Ford was a regular-production model taken right from the assembly line. It was no different than thousands of '56 Fords you see on the road and in dealer's showrooms. This proves that Ford, the Performance, Style and Safety leader, leads in Economy, too! That adds up to four big reasons why the '56 Ford is worth more when you buy it, while you drive it, and when you sell it, too!
