Not pictured is Denzil Pendergrass. (See Story, Pg. 1, Sec. 2)

WITH QUICK ARREST

String of Bad Checks Runs Out in Minutes

A check swindler tied himself into a legal knot here Monday within a matter of minutes.
The 40-year-old Abilene man, identified as Robert Herschel Woodridge, passed 3 checks Monday morning in the 100 block of E. Second St.
Five minutes and 2 blocks away from the third check, he was picked up by a bevy of city, county and state officers.
Police credited City Councilman Sam L. (Buzz) Majors for the speedy arrest.
Majors checked a bank, notified police and provided a detailed description of the man immediately after he had passed a \$40 check at Sam L. Majors Jewelers.
Here's the way the bogus check writer attempted to operate in Colorado City, a town already with a reputation for putting the skids to thieves and swindlers:
Woodridge, formerly employed by an Abilene milk firm, passed a \$7 check in Colorado Drug for cash after a friendly conversation with Sie Hamm, drug store employee.
From there he walked next door to Landau's—passing a few minutes again in conversation, then giving a \$5 check for a shirt, socks and "coffee money."

Midway in the same block he stopped at Majors and wrote out a \$40 check for a wrist watch. Like the first 2, the third check was on an Abilene bank.
Majors immediately phoned the bank and was informed the man had no account there.
Police Chief Leon Yeager, Patrolman Selma G. Dickson, Deputy Sheriff Marshall Sheppard and Highway Patrolman Elwood Rogers stopped the suspect in the 300 block of E. Second at the northeast corner of Chestnut and Second.
The chief said Woodridge had a car parked nearby where he had already placed his package.
In County Court Woodridge received a \$10 fine and \$27.50 court costs when he pleaded guilty to writing the money \$7 check at Colorado Drug. In Peace Justice T. E. Arnold's court, he was fined \$5 and \$15.50 costs when he admitted writing the \$5 bad check at Landau's.
Yeager said the Abilene bank revealed Woodridge had no account there for the last 2 years.
While the man was facing charges here, police learned he was wanted as a suspect in check cases in Denton County.

Mahon To Campaign For 'Strong' Democrat Ticket

Optimistic About November Victory

By ANNELLE HOLMAN
Record Staff Writer

Congressman George Mahon, home for a visit after the strenuous National Democratic Convention, placed his support behind the Kennedy-Johnson team and described it "very strong."
But the chairman of the House of Representative's sub-committee on military appropriations has reservations about the Demo platform.
Infact, he says the platform planks swing "too far to the left."
And by "left," he means the tendency is toward over spending and deficit financing.
"I do not believe Congress will approve all of the recommendations of the platform," said Mahon, viewing a possible Democratic victory next November. "I certainly do not approve them all."

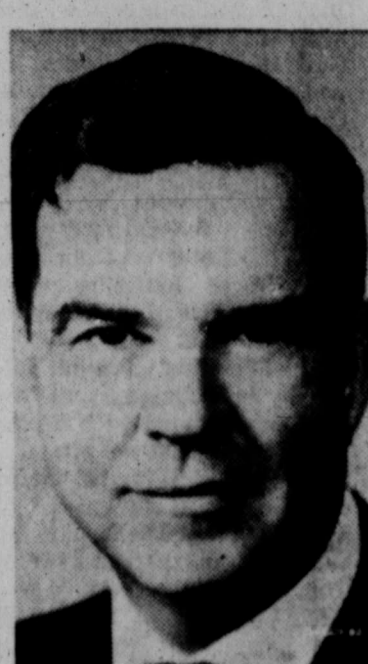

PAT McKINNEY Sr.,
... has surgery.

Fall Injures P. McKinney At Refinery

Pat McKinney Sr. received serious internal injuries Tuesday afternoon when he fell from a 24 foot scaffold while cleaning a tank at Col-Tex Refinery.
Also on the scaffold were Joe M. (Podey) Gunning Jr., who received minor injuries.
The scaffold was being moved inside the tank when a wheel came off the scaffold, causing the accident. McKinney's relatives reported.
McKinney underwent surgery following the mishap. His condition was reported satisfactory Thursday morning.
He is craftsman aid for Col-Tex. He began working for the refinery in 1938.

Jaycees Plan Radio Day Fund Project

Jaycees are planning a special radio day here to aid them in raising cash for Colorado City's foreign exchange student program.
Plans for the radio event, Aug. 9, were drafted Wednesday at the organization's luncheon in Civic House.
Jaycees will provide the entire staff for Station KVMC for the fundraising project announcing the programs and commercials, handling the program and other duties.
They also will sell commercial for broadcast during Jaycee Radio Day and a 50 per cent slice of the income will go to the Jaycees fund for the exchange student program.
Drew Ballard, vice president, presided at the luncheon program which featured a talk by Congressman George Mahon.
Joining the congressman as a special guest was Lewis W. Johnson, a strong supporter of the exchange student program.
The exchange student program is a project of the State Board of Education and the State Board of Health and is designed to provide a means of financial aid for foreign students who wish to study in this country.

GEORGE MAHON,
Demo campaigner.

July Rain Total Climbs to 2.86

More rain showers this week have made this month the wettest July in 10 years except for last summer.

2 Drill Sites Spotted in County Fields

Bob Dean Ltd. of Midland has staked its No. 3 A. B. H. Gregory as an oil test in Mitchell County's Turner-Gregory Field.
The test will drill to 3,000 feet on a 120-acre tract on the north side of the field, about 5 miles northwest of Westbrook.
Site is 330 feet from north and 990 feet from east lines of Section 19, Block 28, T-1-N, T&P Survey.
Spotted as a new drilling location in the Westbrook Field is C. D. Turner No. 1 Jack McKinney.
Located on a 160-acre tract 4 miles northwest of Westbrook, the project will drill to 3,300 feet.
Site is 330 feet from north and 2,310 feet from east lines of Section 30, Block 28, T-1-N, T&P Survey.

COMPROMISE PLAN

Big Tap Money Goes in Escrow

The city's controversial rate differentials for big water taps in residential areas will take a back seat at City Hall for the time being.
Final decision on what to do with differentials or how to handle 'em will await the outcome of the proposed engineering study of municipal water plant and distribution needs.
A sort of compromise was worked out behind-the-scenes and came into official light Monday night when City Council accepted a written protest from the attorney for the opposition group.
The letter, written by attorney Austin O. McCloud for the firm of Ratliff & McCloud, said the opposition group would continue to pay the differentials pending the outcome of the engineering survey and the survey's affect upon the City Council and the water rate structure.
However, the differentials are being paid under protest with the understanding the differentials will be held in escrow until the final decision after the engineering survey. City Manager Earl Keaton said the escrow fund will include all big tap differentials paid since last December and including the amounts paid until after the survey.
Idea for the escrow plan—until final outcome of engineering studies—was advanced by City Manager Earl Keaton. See ESCROW, pg. 5

2,000-Foot Unit Ready For Church

New 2,000 foot square foot annex of Loraine First Baptist Church will be utilized fully for the first time Sunday.
The brick and tile building was completed as an addition to the church's Educational Building.
Initial exercises will be conducted in the new building during the regular church activities Sunday.
The new unit provides additional space for Sunday School, Training Union groups and a small assembly room which can be used for Women's Missionary Union, brotherhood, and other group meetings or receptions, according to Rev. H. M. Farrington, pastor.

INSECT BUILD-UP LIKELY

Cotton Farmers Check Bollworms, Fleahoppers

Cotton farmers are keeping close check on their Mitchell County crops to thwart any insect threats.
The inspections are coming as some bollworms were reported in some county fields along with evidence of fleahoppers.
County Agent Jack Burkhalter Thursday said small bollworm build up had been observed in some irrigated fields.
Evidence of fleahoppers has been found in some older dry land cotton, too.
"But this is spotted," Burkhalter said, "and not all fields are infested."
The county agent warned that the weather is ideal for bollworm conditions to increase with a good hatching of eggs.
"Farmers need to check their crops regularly," he said, "to see if the insects build up enough to justify poisoning."
"And if the insects are heavy enough, then the poisoning should be accomplished immediately."

Control Guide are available at the agent's office on Court-house square. The guide lists all approved insecticides and rate of applications.
"It is extremely important," Burkhalter said, "to follow directions because the directions listed by manufacturers are those approved by the Pure Food & Drug Administration."
"This goes for not only cotton, but also vegetables and fruits."

CITY ANNOUNCES

2 Improvements For Fire Credit

Three steps have been taken following a survey of the city to maintain fire protection facilities last year for the community's spring.
Two of these are equipment department. Fire Marshal Virgil Eaton and Driver Howie Blynn are in College Station this week attending the annual Firemen's Training School at Texas A&M. This training program also was a recommendation from the state agency.
George C. Hawley, chief engineer of the State Insurance Board's Rate and Casualty Section, defined the recommendations for city officials.
First on his list was the suggestion for another hydrant at Midway and Oak to be connected with the main line.
Both of these improvements were recommended in the city's annual fire insurance study by the State Board of Insurance.

Lone Wolf's Annual Meeting Set Aug. 2

Annual meeting and program for Lone Wolf Electric Cooperative is scheduled here in Colorado City the night of Aug. 2.
Date for the annual event was announced this week by W. H. Cooper of Houston, president of the group.

WITH YEAST BREAD

Old-Fashioned Art

Add a bonus of good old-fashioned flavor to any meal with a loaf of fragrant, crusty home-baked bread. If the time-honored art of bread-making is new to you, don't be afraid to try it. There's nothing mysterious or difficult about yeast-raised breads. Just follow the directions and you'll be awarded the satisfaction of a beautiful loaf.

YEAST-RAISED WHITE BREAD

1 cup milk 1 cup warm, not hot, water
3 tablespoons sugar (lukewarm compressed yeast)
2½ teaspoons salt 1 package of cake yeast,
6 tablespoons margarine active dry compressed
or butter 6 cups sifted enriched flour
Scald milk. Stir in sugar, salt and margarine or butter. Cool to lukewarm. Measure water into large mixing bowl (warm, not hot, for active dry yeast; lukewarm for compressed). Sprinkle or crumble in yeast and stir until dissolved. Add lukewarm milk mixture. Add 3 cups of flour and beat until smooth. Stir in remaining flour to make a soft dough, and stir until smooth. Turn out on lightly floured board. Knead until smooth and elastic, about 8 to 10 minutes. Place in greased bowl; brush with shortening. Cover and let rise in warm place (85 degrees), free from draft, until doubled in bulk, about 1 hour. Punch down and turn out on board. Divide in half and let rest 15 to 20 minutes. Shape into two loaves. Place in greased bread pans 9 x 5 x 3 inches. Cover and let rise in warm place, free from draft, until center is slightly higher than edge of pan, about 1 hour. Bake in 400-degree oven about 30 minutes.

FAMILY PUTS 2,000 MILES A MONTH ON CORVAIR THINKS IT'S MARVELOUS GAS MILEAGE "OUT OF THIS WORLD"

Mr. and Mrs. Richard Kahelin of Plant City, Florida, couldn't be happier with the way their new Corvair has worked out as a combination family and business car. On their newspaper distribution route alone they travel more than 400 miles a week over all kinds of roads. Little wonder they're so pleased with the gas mileage they've been getting—"at least twenty-three miles to the gallon with an automatic transmission . . . and we've had no trouble with our Corvair." The Kahelins have equally good things to say about Corvair's easy-going comfort and unique convenience features. They especially like the way the fold-down seat doubles as a built-in baby sitter.

IN BAKER HOTEL

Rainbows, DeMolay Co-Hosts For Dance

Colorado City Assembly No. 174, Order of the Rainbow for Girls and the Leon P. Moffet Chapter of Big Spring, Order of DeMolay, will host a semi-formal summer dance Saturday evening from 8 p. m. until 11 p. m. in the Garden Terrace Room of the Baker Hotel.

Attending the dance will be members of the groups and invited guests.

Several members of the Big Spring DeMolay were in Colorado City Sunday to make plans for the dance. Included in the group were David McClanahan, senior counselor; Haley Haynes, past master counselor and scribe; Dickie Lowry of Westbrook, senior deacon, and E. A. Fiveash, DeMolay dad.

Local Rainbows committee planning for the dance consists of Miss Orine Feaster and Miss Marilyn Godwin, past worthy advisors, and

Miss Carolyn Owens, worthy advisor.

The Big Spring Chapter of DeMolay recently won second in DeMolay degree competition in the West Texas Area and first in rifle competition.

DeMolay is for boys between the ages of 14 and 21. They must apply for membership and are required to have good character references.

The DeMolay chapters are sponsored by Masonic bodies.

Planning The Dance

These five teen-agers met Sunday in Colorado City to make plans for a summer dance to be hosted by the Colorado City Assembly No. 174, Order of the Rainbow for Girls and the Leon P. Moffet Chapter of Big Spring, Order of DeMolay in the Garden Terrace Room of the Baker Hotel. They are, seated, left to right, Miss Marilyn Godwin and Miss Carolyn Owens; standing, left to right, David McClanahan, Haley Haynes, both of Big Spring, and Dickie Lowry of Westbrook.

ANNELE HOLMAN'S Personally Yours

Praise is in order for the Colorado City's Pony League All-Stars.

The team won the Area 4 championship Monday night, and Tuesday night in Andrews and will play in the district tournament next Monday in Abilene.

Manager for the winning players is Toby Dearen. Coach is Corky Brown.

Not only rodeo excitement came for Mrs. C. W. Bloodworth when she, her husband, and grandson, Mike Bell of Big Spring, attended the Coleman Rodeo last weekend.

Among relatives which the trio visited with were Mrs. Bloodworth's two cousins, Mrs. Frank Bishop of Saint Albans, West Virginia, and Mrs. Vernon Walker of Oklahoma. . . whom she had not seen for 30 years.

N. T. Berry of Carlsbad, N. M., was recently presented with a 15-year pin and cash award, for sustained superior performance, by the Civil Aeronautics Association of Roswell, N. M.

Berry is the son of Mr. and Mrs. Chester Berry of Colorado City.

California vacationing has been the primary interest of Mr. and Mrs. Weldon Moore for the past two and one-half weeks.

The couple visited San Juan Capistrano, Long Beach, Los Angeles, San Francisco, Muir Redwood Forest, Lake Tahoe and Yosemite National Park.

Out of the state of California, they also visited Las Vegas.

Guests in the home of Mr. and Mrs. Charles C. Barnes during the past week were their son and family, Rev. and Mrs. James F. Barnes and Sandra Lynn from Des Moines, Iowa.

Other recent visitors in the Charles Barnes home were their son-in-law and daughter, Mr. and Mrs. Jerry Jones of Houston, and another daughter and family, Rev. and Mrs. B. J. Hale, Marilyn and Harlin of Roscoe.

Rev. Hale is pastor of the Champion Baptist Church near Roscoe.

107 Projects Completed By Local Church

The Fairview Baptist Church is participating in the Rural Church Achievement Program being conducted by the Southern Baptist Rural Churches.

The church is to have completed its 119 projects by July 31.

Some of the 107 projects already completed by the church are painting the inside and outside of the building, refinishing the pews and floor, purchasing new song books, landscaping the grounds. The new landscaping includes a recreation park.

The scrapbook is being assembled to be judged along with those of the other numerous churches entering the contest.

Everyone in the community is invited to attend services and view the improvements made by the church during the recent months, according to the pastor, Rev. Bill Worrell.

Mr. and Mrs. J. T. Moore returned recently from a vacation trip to Farmington, N. M., where they visited their son and his family, Mr. and Mrs. Raymond Moore and children.

Accompanying Mr. and Mrs. Moore on their trip were their daughter and her husband, Mr. and Mrs. L. A. Raines.

The group went to Colorado where they went trout fishing at Williams Lake.

Betsy Hrbacek, 1960 graduate of Roscoe High School, whose parents, Mr. and Mrs. Wilson Hrbacek, own Mary's Flowers, has worked part-time this summer in Berkman Chiropractic Clinic.

Mr. and Mrs. Hrbacek and Betsy recently returned from a vacation trip to El Paso, where they visited Mrs. Hrbacek's brother and family, Mr. and Mrs. G. T. Wade.

Wonderful youth! But even at that, Melvyn Berman must have a special source of energy.

The Rice Institute scholarship student, home for the summer with his parents, Pick and Pay's Mr. and Mrs. Philip Berman, squeezes this into a typical day:

Quick trip to Big Spring for his summer job with Cosden, after-work tennis followed by a swim at Cosden Club, game or two of bowling on the way home, then more bowling here at Mark Lanes.

Sunday he was up early to work at his parent's grocery, ate a late lunch at Baker Hotel's Colorado Room, then rushed to Big Spring for a 2 p. m. championship match in that city's YMCA tennis tourney. It was an all-City final in the tennis tourney. The winner was Jerry Caddell, son of Mr. and Mrs. M. N. Caddell, and now popular newsman for Big Spring radio station. It took two days for the title match... the last

set being played Monday.

The 1960 summer Furniture Market in Dallas this week drew the attention of Mr. and Mrs. Larry Moffat, locally with Pennington Furniture.

Three beauticians were recently graduated from beauty school and are employed in local shops.

Mrs. Chester (Maude) Van Meter, owner of Tiner's Beauty Shop, has added Miss Juanice Claxton to her staff.

Mrs. Perry (Evelyn) Bowles, owner of Palace Beauty Shop, now has Mrs. Myrie (Wylene) Jameson and Mrs. Shorty (Dorothy) Moore in her shop.

Two local businessmen are vacationing this week. Charles Freeman, owner of the local Ben Franklin Store, is visiting in Sharon, Tenn., with his parents, Mr. and Mrs. E. L. Freeman. He is expected to return home Friday.

Wayland Webb, employee at Colorado Tire and Supply, is now enjoying a two-week vacation.

There's busy bustling on the southeast corner of Second and Elm Streets where Ronnie Norrell, new Anthony manager, and his staff are readying for their opening. (They hope to be able to open around Aug. 1). Ronnie and his wife, Charlotte, and little daughter, Debbie, moved to C-City last week end.

DISTRICT PLAYOFFS START MONDAY IN ABILENE

Pony League All-Stars Win Area Championship

By BONNIE SUMMERS
Record Staff Writer

C-City Pony League All-Star baseball team came from behind in the fifth inning and went ahead to win 3-2 in the sixth inning Monday night in the first Area 4 playoff game with Andrews Pony League All-Stars in Andrews.

Andrews took a 2-0 lead in the bottom of the first inning. Freddie Fox, C-City All-Star first baseman, singled in the second inning and scored C-City's first run on a hit by Jerry Erwin.

Peter Garrett tallied the local second run in the fifth inning to tie the game. Garrett reached base on balls and crossed home plate on a hit by Bill McGuire.

Fox scored the third and winning run in the sixth inning. He reached base on balls, stole second and came home on Garrett's hit.

Winning pitcher, Dale Walker, gave up only 2 hits and no walks.

C-City batters got 5 hits off Andrews' pitcher, Lyles, who gave up only one walk, the one Fox scored on for the winning run.

The local All-Star team won Area 4 title Tuesday night in Andrews when they defeated the Andrews Pony League 5-4.

As in the first night of play, Andrews went ahead in the first inning 1-0. Second inning play saw Andrews' shortstop, Martin, socking a homer to go ahead with a 2-0 score. Their final 2 runs were in the top of the seventh, both on walks.

The local team went ahead in the bottom of the third inning 3-2.

David Bearden put one over the fence to start things off in the third with a bang. Walker and Denzil Pendergrass both tripled and scored. Walker scored by stealing.

Mrs. Martin accompanied them to Lubbock Tuesday where they are visiting several days with another of Mrs. Martin's daughters and family, Mr. and Mrs. L. J. Burdine and son, James.

From Andrews

Mr. and Mrs. Leland Hamilton and children of Andrews visited Friday night and Saturday in Loraine with his parents, Mr. and Mrs. Charlie Hamilton, as they were enroute home from a vacation trip in Alpine, Arizona.

Tim Hamilton, son of Mr. and Mrs. Lynn Hamilton, returned home with them to visit this week.

SATURDAY NIGHT

Sluggers Beat Sputniks, 12-5 In LL Moms' Playoff Game

Mrs. Kenneth (Dot) Childress hurled the Sluggers to a 12-5 victory over the Sputniks Saturday night in the Little League mothers' playoff game in the Little League Ball park.

Mrs. Childress gave up 7 hits and 3 walks, while the losing pitcher, Mrs. Sam Forbes, gave up 16 hits and 1 walk.

Sputniks scored 2 runs in the first inning when Mrs. Forbes and Mrs. Don Fite walked, scoring on hits by Mrs. Mann and Mrs. Edward King.

Third run for the Sputniks was by Mrs. Fite in the third when she reached base and scored on errors.

Fourth inning play saw Mrs. David Hoover and Mrs. Mearl Currie scoring the Sputniks final 2 runs. Mrs. Hoover

scored on a fielder's choice and Mrs. Currie scored on errors.

Sluggers first run was made by Mrs. Bob Ridley in the second inning on an error.

Mrs. T. E. Robertson, Mrs. Jim Jones, and Mrs. Ridley crossed home plate for 3 runs in the third inning.

Fourth and fifth inning play tallied 4 more runs for the batting Sluggers.

Mrs. Childress ran the bases in the fourth and scored on an error. In the fifth Mrs. Robert Chambers, Mrs. Childress and Mrs. Robertson all 3 singled and rounded the bases for runs.

Mrs. Lloyd Cross singled in the sixth for a score and Mrs. Chambers walked for 2 runs.

Last 2 runs for the Sluggers came in the seventh when Mrs. Robertson and

Mrs. Jones singled and stole bases to score.

Dads and managers again worked in the concession stand. Working Saturday night were Dick Wistrand, Leon Light, O. C. Corbell, Bob Ridley, Roland Powell, Earl Petty, Kenneth Childress, Woodrow Cooper, Eldon Grisham and K. C. McAdams.

Announcer for the game was Corky Brown. Toby Dear, en kept scores and umpires were H. W. Ainsworth, Warren White, first base and John Conaway, third base.

Collections totaled \$20.27 and \$40.58 was cleared in the concession stand. This money will go into the Little League Auxiliary treasury to be used for equipment for Little League, according to Mrs. H. W. Ainsworth, Auxiliary president.

We Say It And We're Glad, Congressman

George Mahon is the kind of a congressman who tends to business first. For that reason, all of us here at home don't see him personally as often as we would like.

When we were celebrating our Tumbleweed Festival last spring, the U. S. representative expressed his regrets and remained at his post in Washington. The House sub-committee on military appropriations, which he chairs, was conducting important hearings and Mahon rightfully believed he owed his entire attention to those hearings, despite the spotlight activities at home.

However, he finds his way back to Mitchell County and lifetime friends when duties permit — usually between sessions of Congress or during certain recesses.

The tall, distinguished representative is hobnobbing with homefolk this week during a Congressional recess which began just in time for the national Democratic Convention.

Naturally, we say "howdy" to our hometown congressman. But more than that. For we are proud of his character, ability and service which towers above the ordinary, watches and guides the largest single portion of our nation's budget, places duty and national welfare ahead of partisanship or political expediency, and scrupulously retains ethics when spending the taxpayers' dollars.

So, you see, Mr. Congressman, this turns out to be a little bit more than "howdy." And that's the way it should be.

Water Study Moves In Right Direction

City Council's move toward expert study of municipal water plant and distribution needs is evidence governmental bodies can act quickly and soundly at the same time.

There is no assurance right now just how far the council's study finally will go. But the conferences Monday night in City Hall with representatives of engineering firms indicate a solid foundation for any survey and data gathering... the hiring of consultants.

That's the way it should be. Water is water, true. In West Texas, though, that is just about the most important single factor for today, tomorrow and years to come. Without water in sizeable and available quantities, this fine region will cease to progress.

Therefore, it is only right that any expansion or improvement in Colorado City's water facilities be expertly studied, surveyed and mapped by competent engineering personnel. Any other manner of action would be dangerous and under lined with the possibility of extra cost or harmful defects in the years to come.

In the same manner, the council should be complimented for its intention to provide the same careful, expert study for municipal water rates so the cost of putting water into homes and businesses will be equitable in best manner.

Our Kids Are Tops

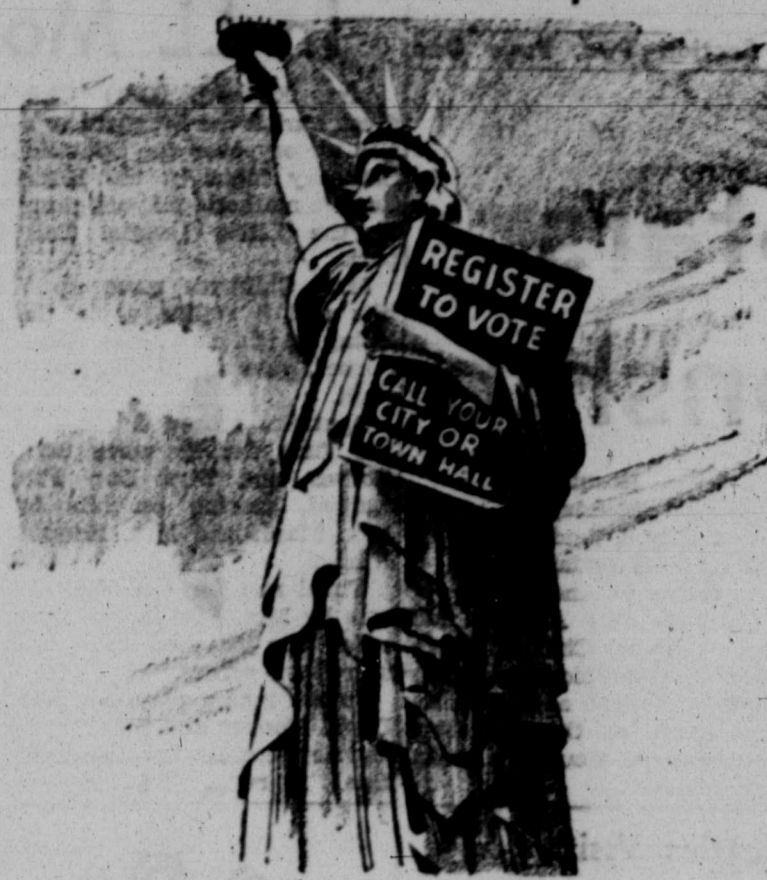

It has been our contention for a long while that most teenagers are industrious, good thinking individuals with dependable morals. Headlines which blame out the exceptions are not to be considered as an accurate for the huge majority.

For this reason — we are happy to observe Kiwanis honoring a youth within our own community for courage in a time of possible peril.

The Kiwanis plaque cites Jerry Haley, 1960 graduate of Colorado City High and district basketball star, for crawling from a wrecked auto last spring and cutting off leaking butane in an auto-truck crash. Haley's response in the face of danger possibly saved the lives of his teenage companions.

Our community owes a debt of gratitude for the quick-thinking action — not only for its life saving, but also for reminding us that our kids are tops.

Freedom: First Step

PHILOSOPHER SAYS

Castro to Taste 'Lumps' in Sugar

Editor's note: The Shiner Flats Philosopher on his Johnson grass farm on Bone Hollow Creek offers a prediction about Castro this week, and he may be right.

Dear editor: I heard a man in town say yesterday he'll be glad when the national political conventions are over so he can get down to work, and all I've got to say is a man who has to depend on something held only once every four years to stop him from working, just ain't trying very hard to stop working. But what I started out to say is something entirely different.

According to a newspaper I read one night last week while somebody on T. V. I never heard of somebody else I never heard of for President, although I guess I should have heard of him as he said he was the most fearless leader who ever lived, I forget in which state.

At any rate, according to this newspaper, Castro over in Cuba, who has been taking over American plants over there right and left, is going to get even with the United States for cutting down on the Cuban sugar quota by selling Cuba's sugar to Russia. Well, it's not exactly a sale, he's going to do some trading with Mr. Khrushchev.

It's not any of my business, but I'm afraid Senor Castro is going to find trading with Mr. Khrushchev has its drawbacks. Russia may take all his sugar, but it won't stop here. Before long, it'll take over all his cane fields too.

Then it will divide up the cane fields among the Communist bosses. They'll be sweetening their coffee with wild honey, until Russia gets around to taking their coffee too.

Russian generosity knows no bounds, and if Castro comes out of this Communist dicker with his beard left, he'll be lucky.

Winning a revolution is sort of like winning the Presidency. Campaigning is a hard and glamorous job, but after you win, your troubles have just begun.

Ain't nothing glamorous about running a country on tax money in this atomic age with men like Khrushchev hanging around setting the dogs to barking. It's the hardest job on earth, it's even harder than running this Johnson grass farm, and I found out years ago that was too much for me.

Yours faithfully, J. A.

WRANGLES ARE EXPECTED

Big Cities to Squeeze Rural In Legislative Redistricting

By VERN SANFORD
Texas Press Association
Although budget balancing is the most discussed of the problems facing the next Legislature, many lawmakers expect redistricting wrangles may raise more blood pressures.

Legislature is required by the Constitution to re-define legislative districts after each federal census. It used to put off this troublesome task, but a 1948 law provides that if it fails to act in the first session after a census, a Legislature Redistricting Board shall take over.

This insures, as it did in 1951, that the Legislature will redistrict — somehow, some way.

Battle will be between big city delegations who will demand more representation in line with their swelling populations and rural members who will try to hold on to as much as they can.

In their election campaigns, many representatives promised their constituents they'd be in there pitching for the home area. Members from growth areas said they'd go after extra representatives, state senators and congressmen.

A rural legislator told his people, "At least twelve rural districts will disappear in the next redistricting. I certainly don't want this district included in that twelve."

Incumbents cited their experience as an asset. Personal feeling often enters into redistricting, and lawmakers are not notably reluctant to "squeeze out" a popular and respected senior colleague by erasing his district.

HOME INSURANCE — Beginning August 1, premium rates on certain types of homeowner's insurance policies will be cut 10 per cent. State Insurance Board announced the new lower rates would apply to the "homeowners package policies which account for about 80 per cent of the home coverage sold in Texas."

Reductions were made possible because insurance companies have had a relatively low loss ratio on the package policies, first introduced about three years ago.

CREDIT RATE — Board of Insurance also is considering a further lowering of credit insurance rates.

Many loan companies require borrowers to take out insurance payable to the loan company in case something happens to the borrower before he repays.

Two years ago the Board cut in half the rates that could be charged for credit insurance. It was charged that loan companies were making excessive profits on loans through the insurance.

Board says that even now rates seem high, with losses running 27 per cent of premiums paid in. If losses run less than 50 per cent of the premiums, rates are considered too high.

NO ROAD PROBLEM — Stiffened federal road inspections pose no problem to Texas, says State Highway Engineer DeWitt C. Greer.

New federal standards are no tougher than those Texas has insisted on all along.

Scandals stemming from misuse of federal road building money in other states has caused the Bureau of Public Roads to tighten its inspection requirements. Greer said the new federal approach will necessitate no change in Texas procedures.

Texasans who have been motoring cross country during their summer vacations will not find this hard to believe. So noticeably superior are Texas roads to those of surrounding states that returning Texans usually give a sign of relief when they cross the state line.

SPEAKERS' BATTLE

Candidates for Speaker of the House continue their months-long battle of "claimsmanship."

Rep. Wade Spilman added five to his list of House members pledged to support him and said this gave him a "rather conclusive" lead. Rep. James Turman of Gober claims a definite majority of 79.

Votes of 76 of the 150 House members are needed to elect.

Spilman also has invited the House General Investigating Committee to look into charges that members were being subjected to improper pressure on how to vote.

COLLEGE FUNDS — Texas Commission on Higher Education will ask the next Legislature for an appropriation of \$3,082,183 for the 1961-63 biennium.

Bulk of the increase asked is for meeting expected enrollment increases in the 18 state-supported colleges and universities.

In a discussion with members of the State Finance Advisory Committee, the Commission considered recommending an increase in state college tuition charges — now \$100 for a nine-month term. Dr. Ralph Green suggested raising this by \$50. It would bring the state an extra \$5,000,000 a year in new revenue, he said.

WASHINGTON REPORT

No Alternative in Wheat Referendum

By CLINTON DAVIDSON
Special Correspondent

Wheat growers in 39 states in which the bread grain is grown for market vote today to continue a program that is, admittedly, a costly failure.

Congress and the Administration, in their inability to agree on a more sensible program, left farmers little alternative but to continue adding to a supply that has reached 2 1/2 billion bushels.

Wheat growers and farm organizations asked Congress for a change in the law to permit a substantial reduction in acreage in order to bring production into balance with demand, but no agreement was reached after months of hearings and discussions.

By the time the combines have completed the 1960 harvest we will have enough wheat to meet all our needs, other than exports, for the next four years, even if another bushel were not grown before 1964.

The vote is between continuing marketing quotas and rejecting them for the 1961 crop. The final tally is expected to show more than 90% of the growers in favor of continuing quotas.

Only about one out of every three growers are permitted under the law to vote in the referendum — those who plant more than 15 acres in wheat.

A "yes" vote on quotas will mean price supports at not less than 75% of parity (about \$1.78 a bu.) for growers who plant within their acreage allotment for the 1961 harvest. The law provides a minimum national wheat allotment of 55 million acres.

Any grower exceeding his allotment will be subject to a fine of about \$1.10 a bushel on his excess production and, in addition, will be denied price supports on all wheat grown on the farm.

A "no" vote would mean no marketing quotas or penalties, but price supports at 50% of parity (about \$1.20 a bu.) for those who continue to plant within their acreage allotment.

You will hear lots of campaign talk about who is to blame for permitting the present wheat law to continue. The facts are:

President Eisenhower in January asked Congress to pass a wheat law which would abolish acreage allotments and lower support prices to about \$1.25 a bu. He said, however, he would accept any "reasonable alternative."

Congress was strongly opposed to lowering price supports and, in the end, was unable to agree on an alternative that would have kept price supports at 75% of parity, reduced acreage allotments by 20%, and made kind payments equal to 50% of the normal production on the idled wheat acres.

A bill to that effect was passed by the Senate, but was voted down in the House. The President never did say whether he would have signed such a bill if it had reached him. Spokesmen for wheat growers protested that they already had reduced acreage by 30% since 1952 and that another 20% reduction would cut acreage to the point where they couldn't get back production costs.

It will be too late when Congress returns next month, after many growers have planted their 1961 crop, to do anything about the absurd wheat program.

BIBLE COMMENT

Can Human Speech Be Gift of God?

The power of human speech has been called a God-given gift.

Through speech civilization has flourished. Without speech it is hard to imagine the immense vacuum that man would know on earth.

Yet how much would mankind really lose?

If language has been used to carry the word of Christ, it has also been used to spread the doctrine of hatred, bigotry and greed. Through the power of the vocal communication, man has persuaded others to follow into the paths of destruction and suffering.

Man has also used his voice to lead others into peace. The peacemakers, although often drowned out by the hate makers, have used their voices for centuries to show others the way to happiness under the light of God's love.

Thus, speech can be used for either good or evil, to sell hate or to sell noble ideas. So can we say that the curser, the hater, the gossip and the slanderer are endowed with a gift of God? Of course we can not.

The power of speech be-

comes God-given only in the sense that we use it to reflect the will of Him. As with so many other human actions, speech takes on the essence of greatness only when it seeks to perpetuate the truth and doctrine of love.

LOCAL BUSINESS

Stores on the Go Keep in the News

By MADGE BELL
Record Staff Writer

One of the most famous merchants of modern times is Bernard F. Gimbel. He heads a complex of stores which gross \$400 million annually.

Like other retail stores Gimbel uses the newspaper as its basic advertising medium. In fact, Mr. Gimbel has said that the newspaper is the best text book for learning retailing. The 74-year-old merchant recently told a reporter that he learned about advertising from a newspaper man, Arthur Brisbane.

The most important advice Brisbane gave him, Gimbel said was "When you read the newspaper, read the news and the ads particular to the latter."

Gimbel still follows the advice. He says, "Even today, I spend my time reading the ads. I think I've learned more about retailing that way than any other."

"I mean read them plus interpret them... It's the only way to keep informed."

He says the newspaper ads give him an overall picture of the retail market and situation of his competitors.

Gimbel says that the key to good advertising is stopping power and sparkle. Brisbane taught him that advertising is news which will be read when a good headline is used to stop the reader.

Gimbel has gone to extremes to keep stopping power and sparkle in advertising. Once a Gimbel newspaper ad offered \$5,000 reward for the delivery of a flying saucer to complete Gimbel's saucer stock.

Gimbel operates on the basis that a dynamic store must stay in the news, and that the best route to this goal is fresh information to boost the store's newspaper pages.

An Investment In Your Future...Go To Church Sunday

Cures All

To a child a band-aid is the quickest cure, and will heal and protect any wound. This is a wonderful trust... how wonderful it would be if we would place the same trust in the Lord. "Ye that fear the Lord, trust in the Lord: he is their help and their shield." Confidence and faith grows greater with practice. Attend church regularly, study God's word and... "they that know thy name will put their trust in thee: for thou, Lord, hast not forsaken them that seek thee."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

"YOU CAN'T ESCAPE THE RESPONSIBILITY OF TOMORROW BY EVADING IT TODAY"

Quotation by Abraham Lincoln (1809-1865)

Research scientists now agree any sickness, that is not soon overcome, can ravage your body, so that your life may be shortened.

Therefore, if you evade your responsibility, of immediately taking good care of yourself when sick, you may not escape the penalty of future bad health.

It is easier to overcome any sickness or disease if the cause is quickly diagnosed and the proper treatment prescribed. Be wise. Always consult your physician at the very beginning and take the medicines he will prescribe so that you will get well more quickly.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby or we will deliver it promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?
