PROHIBITIONISTS DECIDE ON AN ELIMINATION CONVENTION

PRECINCT MASS MEETINGS TO BE HELD LATE IN MARCH

State Convention Will Be Held In Dallas On The First Tues- day In April

By Associated Press.

Dallas, Texas, Oct. 25.—The prohibition democratic mass meeting voted late this afternoon to hold precinct mass meetings throughout the state to select a candidate for governor on the fourth Saturday in March, 1914. It was also agreed that county conventions should be held on the first Saturday in April, 1914, to elect delegates to the state convention which will be held in Dallas on the first Tuesday in April.

The delegates at the Dallas meeting today, of whom there were about 250, from all sections of the state, did not state their preference as to the candidate for governor. Judge A. W. Walker of Dallas was selected as chairman of the state executive committee of the prohibitionists and he will appoint other committeemen, one from each senatorial district.

In the state convention the number of delegates will be based on the last vote on the submission question.

Judge Walker Presides
The meeting was called to order by Judge A. W. Walker of Dallas, by whom the convention had been called. He said that prohibitionists had seen the results of division three years ago. There are two views and the prospective prohibition candidates, he said, of this number none, with the possible exception of W. P. Lane, thinks he can be nominated with two other candidates in the field.

Senator O. S. Eastman of Fort Worth was named chairman of the meeting unanimously and Jasper Collins of Dallas was elected secretary. The chairman at once started the business by naming the resolutions committee, composed of L. J. Sandifer of Abilene, R. B. Humphries of Throckmorton, H. A. Ivy of Sherman, A. W. Walker of Dallas, B. Reagan of Big Springs, C. F. Spencer of Montague, Representative Baker of Granbury, John T. Duncan of La Grange and Dr. Gregory of Kaufman.

Speakers Air Views
While the committee was out, several speakers aired their views, including Congressman Horace Vaughn of Texarkana, who declared that the conference was being held to settle the plan for eliminating all but one of the prohibition candidates, but not to nominate a candidate. Dr. J. B. Gambrell of Dallas spoke, and was followed by J. H. (Cyclone) Davis of Sulphur Springs.

Cullen F. Thomas, who is a prospective candidate, was given great ovation who also appeared. He said he had not announced as a candidate for the governorship, although he had been urged to do so by many of his friends. While declaring that he had never announced as a candidate for governor, he stated he could settle the dispute between W. P. Lane and Lieut. Gov. Mayes in a moment by laying their candidacy before the conference today and having them pledge themselves to stand by the decision of the convention, casting all personal ambition aside.

Neither Lane Nor Mayes Attend
Neither Mr. Lane nor Lieut. Gov. Mayes was present and their attitude toward the convention has not been made known.

Dr. S. P. Brooks of Waco concluded the speech-making and after the report of the resolutions committee, embodying the precinct mass meeting plan, was brought in, it was speedily adopted. The attendance was much lighter at the afternoon session.

MINE RESCUE WORKERS MENACED BY FIRE

Smoulders Resulting From Explosion
In Stag Canyon Mine May
Burst Into Flame

By Associated Press.

Dawson, N. M., Oct. 25.—Menace of fire in Mine No. 2 of the Stag Canyon Fuel company confronted mine rescue officials tonight. Two fires today hampered rescue work, but they finally were smothered. Smoulders, due to the explosion in which 263 men lost their lives, are believed to exist in many chambers. These smoulders, it is feared, will burst into flame when enough oxygen has been forced into the workings to permit combustion.

WILSON SPEAKS AT SWATHMORE

HIS UTTERANCES SAID TO HAVE
REFLECTED IDEAS OF MEX-
ICAN PRONUNCIAMENTO

A MEMORIAL TO PENN.

President Declares No Government
Can Endure Which Is Stained
With Blood

By Associated Press.
Swathmore, Penn., Oct. 25.—Pres-
ident Wilson in a speech here today
proclaimed the doctrine that the whole
western hemisphere should be devoted
to one sacred purpose—that nowhere
can any government endure which is
stained by blood or supported by
anything but the consent of the gov-
erned.

It was while extolling the spirit with which William Penn sought to establish a free commonwealth in America that the president said this. His utterances, it is known, reflects ideas which the Washington administration is preparing to announce to nations of the world in formal note on the policy of the United States toward Mexico. The president spoke at the exercises commemorative of Founders' Day at Swathmore College.

"I would not be interested," said the president, "in celebrating the memory of William Penn, if his conquest had been merely a material one. Sometimes we have been laughed at for boasting of the size of the American continent. I would like to see a nation, for they have suggested that we did not make it. I claim that every race and every man is as big as the thing he takes possession of, and that the size of America is a standard of the size and capacity of the American people; but the extent of the American conquest is not what gives America distinction in the annals of the world."

"It is the professed purpose of the conquest which was to see to it that every foot of that land should be the home of the free, self governed people, who should have no government which did not rest upon the consent of the governed. I would like to believe that all this hemisphere is devoted to the same sacred purpose and that nowhere can any government endure which is stained by blood or supported by anything but the consent of the governed."

There also was a reference to international affairs in a preceding speech by Representative A. Mitchell Palmer, alumnus of Swathmore, who induced the president to visit the College.

RESTRICTIONS UPON UNDERWRITING

New York Bank Examiner Would
Have Government Regulate
Practice of National
Banks

By Associated Press.

Washington, Oct. 25.—Restrictions upon the right of national banks to engage in the underwriting of commercial or industrial syndicates were recommended to the Senate banking and currency committee by Charles Stearns, national bank examiner for New York City. Mr. Stearns's suggestions were made in response to questions by members of the committee who examined him nearly an hour behind closed doors in relation to certain features of national bank operation.

The New York examiner appeared before the committee for questioning in relation to the testimony of Frank A. Vanderlip, president of the National City Bank of New York, who had indicated that the examiners' fees amounted to more than \$100,000 annually. Mr. Stearns said his gross receipts from fees was about \$45,000 a year, and that he paid out over half of this sum for salaries of assistants.

Members of the committee would not predict tonight what time would be required to complete the measure and prepare a report to the Senate. Edward Shields of Westchester, Pa., secretary of the Pennsylvania Bankers' Association, presented objections to the bill. H. Parker Willis, who helped to frame the measure for the House committee, opposed the central bank plan on the ground that a number of regional banks would present a stronger system in time of a crisis.

Telegrams from Omaha, Nebraska, business houses, opposing the bill were read by Senator Hitchcock.

LEADING FIGURES IN PRESENT GRAVE CRISIS IN THE MEXICAN SITUATION

After today's election in Mexico, what? Will the results be accepted by the United States and the other great nations of the world and the president elected, recognized as the constitutional head of the republic and his administration given the support that will enable it to crush out the rebellion, or will the great republic of the North withhold recognition and the revolutionary sentiment leap higher? Much depends on the manner in which today's elections are conducted. If it is evident that the election has been conducted as fairly as Huerta has promised, then it is believed the United States will recognize the administration chosen, except that the choice be Huerta himself whom it is held cannot be legally succeeded to the office of the president of Mexico.

One of the chief characters in the momentous events in Mexico today is Felix Diaz, fellow conspirator of Huerta in removal of Madero from the presidency, and, as many think, from earthly existence as well. Diaz and Huerta have fallen out, and the former returned to Mexico a few days ago at the peril of his life. He was summoned to the City of Mexico yesterday by Huerta but it was not believed he would heed the summons. Another prominent figure is Manuel Calero, the candidate of the Liberal party.

Huerta has called all the candidates into a conference and has asked them to pledge that if none receives a sufficient number of votes to constitute a legal election, they will give their loyal support to him.

MONTEREY IN HANDS OF REBELS

CITY TAKEN AFTER EIGHT DAYS
OF STEADY AND DESPERATE
FIGHTING

ATTACKING FORCE IS 3,500

Report of Capture of City Made to
General Blanco at Matamoros
Saturday

By Associated Press.

Brownsville, Texas, Oct. 25.—"Monterey has been captured." This was the message received today by Constitutional General Blanco at Matamoros, opposite here. It came from the chief of staff, Major Mujica, who is today at Reynosa, sixty miles from here on the railroad line to Monterey. Major Mujica says that people who have arrived in Reynosa from the vicinity of Monterey confirm the capture of the city after more than eight days of continuous fighting. He said the constitutionalist army numbered 3,500 men, and that the entire force was centered in the attack.

The Constitutionalists had three machine guns. A smaller force of rebels was successful in preventing reinforcements from reaching Monterey.

Loss of L.W. May Reach One Thousand
By Associated Press.

Laredo, Texas, Oct. 25.—A Spanish paper received here today publishes a report that Constitutionalists captured Monterey late last night. Constitutionalists claim to have roundabout twenty-five miles up the Rio Grande to within eighteen miles from Monterey which they say confirms the report. According to their version the combined rebel forces divided equally and attacked and captured the city from two sides. They say the loss of life has reached almost one thousand, with an equal number wounded.

AUTOS COLLIDE;

1 DEAD, 2 HURT

Machines Crash on Port Arthur Road
While Running at High Rate
of Speed

By Associated Press.

Beaumont, Texas, Oct. 25.—William H. Huck, a saloon keeper, is dead, John Haney and F. D. Hoisington, prominent business men here are in a critical condition, as the result of injuries received when two automobiles running at high speed collided on the Port Arthur road shortly before midnight last night. Five others were slightly injured.

KEEN INTEREST AT WASHINGTON

OFFICIALS AWAIT RESULTS OF
MEXICAN ELECTIONS WITH
GREAT INTEREST

PLANS PRONUNCIAMENTO

Attitude of United States May Be
Definitely Set Forth Within
Next Few Days

By Associated Press.
Washington, Oct. 25.—Official Wash-
ington tonight awaits with keen in-
terest the outcome of tomorrow's
election in Mexico under supervision
of the Huerta government. Interest
in the outcome was enlivened by news
of the capture of Monterey by the
rebels, the summoning by General
Huerta to Mexico City of General
Felix Diaz, and discussion of the re-
ported determination of the Wash-
ington administration to notify foreign
powers that any interference in Mex-
ico would be regarded as an action
unfriendly to the United States.

Official Government Silent.

In the absence from Washington of
President Wilson, the official govern-
ment was silent, but reports from
Paris that foreign powers were ex-
changing views on a proposition to
co-operate with this nation in some
concerted Mexican policy following
tomorrow's election was received
with marked interest.

Significance was attached to these
dispatches, coming on the heels of
a report from Washington that the
president and secretary of state were
at work on a pronouncement which
would define the nation's attitude
with relation to the policy in Mexico
of the foreign nations, and also to
the statement issued in Philadelphia
by Chairman Bacon of the Senate
foreign relations committee, to the
effect that the interests of the United
States in Mexico are infinitely great-
er than those of the other great pow-
ers.

Delay Expected in Reports.

Though reports from Mexico indi-
cated tonight that tomorrow might
precipitate trouble in certain parts
of the republic, no dispatches were
received at the state department which
would give cause for unusual alarm.
Chief interest here in the elections is
in the manner in which the returns
will be handled and how the vote will
be canvassed, in view of the over-
throw by many days of the legal
body which is the legally constituted
authority for review of the returns.
Owing to the demoralized condition of
communication in Mexico, there was
no expectation here that any definite
news of the election would be known
for many days. Many of the latest
advices reached Washington tonight
confirming the fall of Monterey, and
this, it was believed, would have the
effect of encouraging the revolution-
ists in other sections of the republic.

BLUSTERY WIND FOLLOWS WARM AND BALMY DAY

Following several days of weather
that left nothing to be asked for a
blustery wind started here from the
north at about midnight last night
and the mercury began to fall in the
thermometers. Dust added to the dis-
comfort of those who were on their
way to the station to catch the early
morning trains to Fort Worth and
Dallas. Saturday was an unusually
balmy and pleasant day, the warm
and the green and growing vegetation
making it seem like springtime. A
temperature of 75 was reached and
maintained during most of the after-
noon.

ANOTHER MADERO IS UNDER ARREST

Charged With Complicity in Plot
Against Mexican Government—
Other Arrests Reported

By Associated Press.

Mexico City, Oct. 25.—General Done
Jose Marie Serrin, former chief of
staff of General Mondragon, while the
latter was minister of war, was ar-
rested today on a charge of being
cooperated in a plot to create a dis-
turbance in the federal capital on the
occasion of the election tomorrow.

Manuel Madero, a cousin of the
late president, was arrested today at
Santillo on account of his alleged
connection with a recently discovered
plot in that city against the federal
government.

The arrests in this city constituted
the first indication that had come
from the government, of possible
trouble. It is not expected that any
outbreak will occur, but troops in the
capital are to be held in readiness
for instant action and other emer-
gency measures have been taken to
preserve order.

The police have been instructed not
to do anything which would conflict
with the rights of citizens to cast
their votes.

HUERTA SUMMONS THE CANDIDATES

SECURES PLEDGE FROM THEM
THAT THEY WILL SUPPORT
HIM IF ELECTION FAILS

TROOPS IN BARRACKS

Not Believed Felix Diaz Will Heed
Summons of Huerta to Attend
Conference

By Associated Press.
Mexico City, Oct. 25.—As a final
preliminary to the holding of the gen-
eral elections tomorrow, all the
candidates present in the capital
gathered this afternoon at the national
palace at the call of President
Huerta to discuss questions relating to
the future conduct of the candidates.
As a result of the conference, Gen-
eral Huerta announced his intention
to make a formal proclamation em-
bodying the agreement reached. This
agreement in general terms was that
the candidates abide by the results
of tomorrow's voting.

Huerta's Plan Unfolded.

Should any candidate be shown to
have polled enough votes to constitute
his selection, the others are to assist
him in pacifying the country and
placing it on a sound financial and
industrial basis. On the other hand
should there not be enough votes cast
to fulfill requirements of the law
and the elections for that reason be
declared of no effect, all those con-
cerned are to aid General Huerta in
every way possible to accomplish
the same ends, pending the calling
and holding of new elections.

The conference was attended by
Frederico Gamboa, presidential candi-
date of the Catholic party; David La-
renter, the Liberal-Republican candi-
date, and Manuel Calero, candidate of
the Liberal party. Jose Maria Re-
quena, vice presidential candidate on
the ticket with General Felix Diaz
and other vice presidential candi-
dates, were present. The conference
is said to have been harmonious.

How Huerta Will Continue As Presi-
dent.

All preparations have been com-
pleted for the election of president
and vice president, deputies and sen-
ators. Some four thousand troops in
barracks will be ready to suppress
any attempt at disorder. All the
candidates have publicly exhorted
their followers to do their duty at the
polls, but to preserve orderly conduct.
The law provided that one-third the
total number of eligible voters must
exercise their right of suffrage in or-
der to make the election valid. Failing
this, Congress is expected to de-
clare the election void, whereupon
General Huerta will continue as presi-
dent ad interim until conditions per-
mit a new election.

At the headquarters here of Gen.
Felix Diaz, doubt was expressed to-
night that Diaz would come here, al-
though summoned today by President
Huerta.

DEADLOCK AT CLOSE OF 1913 CONVENTION

Protestant Episcopal Church Meeting
Closes Without Action on Im-
portant Questions

By Associated Press.

New York, Oct. 25.—The 1913 con-
vention of the Protestant Episcopal
Church passed into history this af-
ternoon in deadlock on two important
resolutions, with a most interest-
ing topic of legislation unconsidered
by one house because of an error in
the other, and with a positive re-
fusal to consider a request of the
Woman's Christian Temperance Union
that unfettered grape juice be
substituted for communion wine.

On the proposal to establish a
separate bishopric for negroes in the
South and on the proposed elimina-
tion of the words, "Jews, Turks, in-
fidelis and heretics," from the Good
Friday collect, the House of Bishops
and the House of Deputies were dead-
locked.

On the proposal to require a two-
thirds vote to change the name of
the church, adopted by the deputies,
the bishops refused to act because
the resolution was sent to them only
yesterday while it was adopted by the
lower house days ago. For two
weeks the draft of this radical mea-
sure lay beneath waste paper on the
secretary's desk. Its presence there
was not detected until yesterday. In
the entire membership of the House
of Deputies, no one dreamed
that the resolution was not before the
House.

TRANSFER OF ARMY
OFFICERS ANNOUNCED

By Associated Press.
Texas City, Texas, Oct. 25.—Among
army changes of special interest to
Texas announced here today is the
transfer of Major Beaumont B. Buck,
who is now in the Philippines with
the Thirtieth Infantry to the
Eighteenth Infantry, stationed here.
He takes the place of Major George
D. Moore. Major Buck entered West
Point from Dallas, Texas, in 1880 and
during the Spanish-American war
served as major in the Second Tex-
as Infantry.

LONGHORNS WIN FROM SEWANE

SUPERIOR WEIGHT OF TEXANS MORE THAN EQUALS SPEED OF EPISCOPALIANS

MADE A RILLIANT PLAY

Daniel's Shy Yard Run to a Touchdown Was Stellar Feature of Stubborn Contest

Dallas, Texas, Oct. 25.—Brilliant open play characterized the sixth meeting of Texas and Sewanee here today. The Longhorns were rewarded victors by a score of thirteen to seven. Superior weight told in the end, for the vaunted speed of the Episcopalians was more than equalled by the Texans who raced their way to a victory and then battered off their lighter opponents' lightning gamely for a final touchdown.

Long end runs, perfectly executed forward passes, lightning crispness of play and spectacular returns from punts kept the 10,000 spectators on tiptoe throughout the game. Every maneuver was clear cut, with but six penalties for the entire game's play, four for Texas, two for Sewanee.

Texas scored in the first three minutes of play after a forty yard run by Barrett to the three-yard line and two center backs by Captain Brown. Barrett failed to kick goal. Sewanee took the lead a few minutes later. Their misadventure on an onside kick and were aided materially by two Texas penalties for holding. Barnett pushed the ball over and Tolle kicked goal.

Sixty Yards to a Touchdown. The game was won in the third quarter by the star play of the game. Sewanee tried a forward pass, which was intercepted by Daniel. Beautiful interference by R. Simmons and Barrett gave the full back a clear field and he raced sixty-five yards to a touchdown. Barrett kicked goal and the score stood fifteen to seven. The end found the Tigers fighting gamely for long gains on forward passes, but the game ended with the ball in Sewanee's territory. The line-up:

Texas: R. Simmons, left end; Bass, left tackle; Goodman, left guard; Murray, center; Jordan, right guard; Carlton, right tackle; Edmonds, right end; T. Simmon, left half; Brown, right half; Barrett, quarter back; Daniels, full back.

Sewanee: Myers, left end; Moore, left tackle; McCallum, left guard; Barnett, center; Magwood, right guard; Dobbin, right tackle; Chapman, right end; Hammond, left half; Palmer, right half; Tolley, quarter back; Parker, full back.

Pennsylvania 7, Carlisle 7. By Associated Press. Philadelphia, Oct. 25.—Marshall, the quarter back of the University of Pennsylvania saved his football team from defeat by the Carlisle Indians today when he ran eighty yards for a touchdown after receiving the kick-off in the third quarter and then kicked goal. The game ended seven and seven.

Illinois 15, Indiana 0. By Associated Press. Indianapolis, Oct. 25.—Quarterback Page and his associates from the University of Illinois defeated Indiana University, ten to nothing today.

Howard 29, Penn. State 0. By Associated Press. Cambridge, Oct. 25.—Pennsylvania State's first invasion of the Crimson's grounds proved unsuccessful, Harvard winning with ease, twenty-nine to nothing. Captain Miller of Pennsylvania threatened the Harvard goal line four times, only to fall on the slippery turf.

Chicago 6, Purdue 0. By Associated Press. Chicago, Oct. 25.—Pete Russell, Marion quarterback today wrecked Purdue's hope for the Conference championship and earned a place among Chicago's immortals. His six drop kicks won for Chicago University, six to nothing.

Michigan 33, Vanderbilt 0. By Associated Press. Nashville, Oct. 25.—Shattering Vanderbilt's defense with terrific line plunges and circling ends with machine like persistency the University of Michigan football team today defeated the Commodores by the score of thirty-three to two. Coach Yost's men played with grim determination.

Pittsburg 20, Cornell 7. By Associated Press. Ithaca, Oct. 25.—Outplayed through the first half, with the score seven to nothing against it, Pittsburg University football team turned the tables on Cornell in the last half today winning twenty to seven. The field was muddy and all Pittsburg touchdowns were made on fakes.

Dartmouth 6, Princeton 0. By Associated Press. Princeton, Oct. 25.—Dartmouth fulfilled expectations this afternoon when it won a six to nothing game from Princeton in a contest devoid of real football because of a water-soaked field. Punting was frequent. Princeton was clearly outplayed.

Yale Played to Scoreless Tie. By Associated Press. New Haven, Conn., Oct. 25.—With Yale field a quagmire and a pitiful game falling during the game, Washington and Jefferson College held Yale to a 0 to 0 score this afternoon. Both teams played below par. It was the second time this year Yale has played a scoreless tie, the other being with the University of Maine.

WICHITA FALLS DEFEATS VERNON

LOCAL HIGH SCHOOL ELEVEN GETS HIS END OF 17 TO 14 SCORE

GOAL IS DROP KICKED

Wichitans Play Steadier Game and Use Forward Pass More Effectively Than Opponents

Wichita Falls, Texas, Oct. 25.—Playing a steadier game, using the forward pass more effectively and having the good fortune to place a drop kick between the goal posts, the Wichita Falls high school defeated the Vernon school here this afternoon by a score of 17 to 14. The Wichita Falls players carried the ball twice over the goal line and drop kicked goal from the field once. Vernon carried the ball twice over the goal line.

Wichita Falls scoring came in the second quarter. Trotter, Wichita Falls quarter back, led the team early in the second quarter from the thirty yard line squarely between the goal posts. Vernon's two scores were the result of end plays which the Vernon players used to the greatest advantage.

The Wichitans used the forward pass frequently and generally made good gains with this play. The Vernon players tried the forward pass a few times but landed the ball awkwardly. The two teams were about evenly matched and the contest was a stubborn one which left the result in doubt until the whistle blew after the end of the last quarter.

Arrangements are being made for a game at Wichita Falls between the two eleven on either Friday or Saturday of the coming week.

Pullback Jungke of the Wichita Falls team was laid out of the game in the last quarter by an injury which was not serious and Self was put in his place and played out the quarter. Carigan, right guard for the Wichitans, was also retired early in the game and B. Taylor put in his place.

The two teams lined up as follows:

Wichita Falls	Vernon
Hawthorne	C
Carigan	R G
Anglin	L G
Lawler	R F
Swindell	L F
Skeen	R E
Dugan	L E
Trotter	Q B
Teris	R H
B. Powell	L H
Jungke	F D
Wichita Falls substitutes—Self, Turner and Roberts	
Vernon substitutes—Childress, W. White and Wright.	

Mich. Apples 12, Wisconsin 7. By Associated Press. Madison, Wis., Oct. 25.—The University of Wisconsin met her first defeat in two years here today at the hands of Michigan Agricultural College, twelve to seven.

Army 2, Tufts 0. By Associated Press. West Point, N. Y., Oct. 25.—The Army defeated Tufts in a hard game here today, two to nothing. The contest score came in the third quarter when Left End Mark threw quarter back Duerin behind Tufts' goal line for a safety.

BAYLOR OUTCLASSED BY ARKANSAS, U.

By Associated Press. Fayetteville, Ark., Oct. 25.—The Texas football team from Baylor University was overwhelmed here today by the University of Arkansas, the final score being thirty-four to nothing. Arkansas scored a touchdown within the first two minutes of play, but failed at goal. In the second period, Arkansas got two more touchdowns and two goals. In the third period, they made another goal and in the final period, another seven points were added by a touchdown and goal.

STRONGER TEAMS HAVE HARD ROW

"BIG SIX" AND "BIG NINE" HAVE PRACTICALLY VANISHED FROM FOOTBALL

KICKING STARS OF PAST

Rivalry, Always Developing for Next Year's Tennis Matches—Indoor Sports of Wintertime

New York, Oct. 25.—As the football season progressed the teams of big universities of both the east and middle west are finding it more difficult each week to keep their score slates clear. Time was when the colleges leading the "Big Six" and "Big Nine" felt that their excellent football teams were the only ones to watch. With the coming of the so-called open game conditions changed. Scoring against Yale, Harvard and Princeton in the east and Michigan, Minnesota and Chicago in the middle west is no longer uncommon.

During the early part of the present season such scores were frequent and the manner in which the teams were scoring on the big varsity eleven led to a discussion at a university club as to whether the modern kicker was more proficient in his particular part of football play than in the past. It was the consensus of opinion among the many former football stars present that while the ability of the average college drop-kicker had advanced, the famous punters and kickers of the past were no danger of losing the laurels to which their brilliant performances entitled them.

In order to prove their contention the old-time quoted some authentic field goals scored from drop and placement kicks that startled the youngsters about the table. It was agreed that the 62-yard drop kick field goal made by Pat O'Dea, of Wisconsin, in the game with Northwestern in 1898, formed the record for that method of scoring, while J. T. Laxall of Princeton, held the record for a goal from placement with his 35-yard score against Yale in 1882.

W. Cowling of Harvard, was credited with a 50-yard field goal in a game with Princeton in 1893, and J. S. Duffy of Michigan, with a similar score against Cornell in 1891. Getting down to modern times in football play records were produced to show that John DeWitt, the famous Princeton guard and kicker, scored two 50-yard placement field goals in 1902, one against Yale and the other against Cornell. Just to show that such feats are occasionally accomplished in the present game, the case of H. A. Pumphrey of last year's Yale team was cited. His sensational feat of tying the score for Yale in the Princeton game of 1912 with a drop kick goal of 49 yards, still stands in the list of successful field goal scores at unusual distances. Goals from both placement and by drop kick of 45 yards and less are comparatively common. The records show that Alex Moffat, Princeton; Capron, Minnesota; James Thorpe, Carlisle Indian school; Crowder, Swarthmore; Watkinson, Yale; Dalton, Navy; Trafford, Harvard, all have scored not one but many field goals from distances between 35 and 45 yards.

The Tennis Trophy. With international play for the Davis tennis cup assured for this country in 1914 there is already considerable rivalry between Boston, New York, Philadelphia and Chicago for the matches next season, and a keen contest is expected when the matter comes before the National Lawn Tennis Association in February.

The Longwood Cricket Club, near Boston, where the last challenge round for the cup was played in this country and which resulted in an English victory, is understood to be an active bidder for the matches of 1914. The Crescent Athletic Club of Brooklyn, where Davis cup matches were played in 1902, is again in the field for the big event next year, while Philadelphia and Chicago are anxious for a chance to see the international preliminary or final matches.

Judging from present information the United States National Lawn Tennis Association will have at least seven challenges to consider at the annual meeting to be held within the next three months. England, Australia, Canada, Belgium and Germany are all said to have announced, in an informal way, their determination to challenge. France, Mexico, Switzerland and South Africa are also possibilities.

Winter Indoor Sports. With the passing of baseball and football, the followers of sport are turning their attention to forms of indoor competition popular during the winter months. There is already much activity evident among the hockey players and the indications point to a season of unusual popularity for the Canadian game. In these cities where artificial finks or freezing weather is assured the schedule makers are busy preparing long lists of exhibition and championship playing dates.

Plans are under way for the opening of the amateur league seasons in New York, Boston, Syracuse, Cleveland, St. Paul, Montreal and Toronto and the managers of the various college seasons have already booked a number of exhibition and intervarsity matches.

Navy 76, Maryland Ag. 0. By Associated Press. Annapolis, Oct. 25.—Navy's football team overwhelmed the Maryland Agricultural College by the score of seventy-six to nothing. The mishmash relied almost entirely on their great weight.

LONG THANKFUL BUT PERPLEXED

Finds Turkey, Don't Know From Where It Came, but Knows Where It's Going

Either a dreadful, heart-rending mistake was made, or some kind-hearted person is awfully generous to W. G. (Bill) Long of 1104 Burnett. A turkey was left at his home yesterday and he doesn't know where it came from; he has a fairly good idea of where it is going to, if somebody doesn't claim it within three days, he says, but the claimant must come prepared with abstract of title.

Mr. Long hopes that somebody sent him the turkey intending that he should eat it and he is deeply grateful to the anonymous donor. For fear, however, that a mistake was made in delivering it, and being honest as an old man can be, he is anxious to learn the true state of affairs. In the meantime, he is fattening the Turk.

TULIA MAN PLANNING TO ESTABLISH SKUNK FARM.

From the exchanges which come to our table, there seems to be a new and growing industry in the raising of skunks for the pelts in many sections of Texas. This new spirit of industry has struck here and our townsman, W. L. LaRoe, is prepared to engage in it. He has a small farm near town where he has fenced off five acres where he proposes to raise skunks. He is advertising in these columns for certain kinds of these animals, and is offering what appears to be a good price for them. He wants all he can get, and should he realize his expectations his five acres of skunk farm will be the best result getter of any land we know of. He reasons that if he can secure four or five hundred breeding skunks the pelts from the increase will bring from five to six thousand dollars annually. He tells us that he will try to breed the increase to solid black as that color brings the highest price. The Herald will watch this new industry with some degree of interest and see what it will amount to.

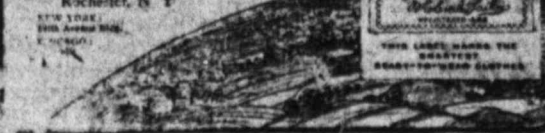

Stein-Bloch Smart Clothes

Only one consideration compels the dealer to choose Stein-Bloch—the fact that he must thoroughly satisfy a clientele of exacting dressmakers and see their custom go to a better judge of fine clothing.

The Stein-Bloch Company has been co-operating with this spirit of leadership for fifty-nine years and the Stein-Bloch label today among men who know clothes values stands unequivocally for "The Highest Expression of the Tailor's Art."

THE STEIN-BOLOH CO.
Rochester, N. Y.

In your city they refer to this store

We owe no allegiance to any other purpose than to provide for you the finest merchandise that the foremost makers have learned how to produce.

In clothes, our judgment has led us to select Stein-Bloch Smart Clothes. At the present time we know of no other line of ready-to-put-on-and-wear garments that approach Stein-Bloch styles and workmanship. We invite you to a personally conducted inspection of the new Stein-Bloch models.

Collier & Hendricks

WAIT

For the Opening of the New Modern Southland Addition

NOVEMBER 12TH

THE SOUTHLAND ADDITION will present the first opportunity to the public to invest and build in a fully equipped addition having Sewerage System, Sidewalks, Water Mains, Quick Service Street Car Line and protective restrictions that will protect the buyer and home builder against the building of shacks, store rooms, and cutting lots crosswise. Nearly \$50,000 has been expended and contracted for in improvements in this new addition, which guarantees the success of this property as a quick seller and in the building of the addition as a strictly resident section. The addition has the advantage of being close in, near to schools, and direct street car line down town. Its location absolutely assures its quick development with the continued growth of Wichita Falls. The greater part of Southland Addition is from 40 to 52 feet above the level of the City Hall corner. Take the new street car line out to Southland Addition and see for yourself. Transfers can be secured to new car line from old line beyond Lamar Street west. *No Lots will be sold before November 12th.*

Every lot offered for sale will have sewerage, sidewalks and city water. The prices of Southland Lots will be the most attractive ever offered in Wichita Falls, having such advantages. The prices have been set to make them sell, and at such prices will be readily sold for investment and building purposes. All established Real Estate Agents in the city maintaining an office will be authorized to sell Southland lots at list prices, on the opening date. *Let us tell you about Southland Addition.*

617 Eighth Street. Phone 358

FATHER OF GRANDFIELD IN CRITICAL CONDITION

(Grandfield Enterprise)
The friends of Rev. A. J. Tant, the father of Grandfield, will be shocked to learn that his condition is very serious and even dangerous. Mr. Tant, who has been in very poor health for some time, was taken Friday to St. Joseph's Infirmary at Fort Worth for an operation. He was accompanied by his wife and son, Spurgeon Tant, who are remaining at his bedside. The operation was performed Monday, and a telephone message was received here Wednesday to the effect that the patient had not regained consciousness up to that time and was in a serious condition. The purpose of the operation was an exploration to determine for a certainty the previous

diagnosis. Dr. Rosenberger of Grandfield, the family physician, and Dr. Lewis of Lawton, consulting physician, both pronounced the malady to be cancer of the liver. The operation showed this diagnosis to be correct. The unfavorable report from the hospital will be heard with deep sorrow throughout the entire county.

GOOD RECORDS OF YOUNG FARMERS

REPORTS SUBMITTED BY BOYS AND GIRLS FURNISH INTERESTING SIDELIGHTS

PROFITS FROM POULTRY

Miss Pearl Ford and Miss Ruth Cagier Show Splendid Profits From This Work

The work of young farmers and farmwives in Wichita county is set forth in reports which have been filed recently with J. W. Campbell, district agricultural agent for Wichita and Archer counties, and which furnish some interesting sidelights upon the work of the young people. Boys, with corn and cotton patches, and girls, with poultry and canning utensils, are being carefully taught the first principles of up-to-date farming, under the supervision of Uncle Sam, and it appears that Wichita county stands well up in the list.

At the meeting held here two weeks ago yesterday, reports were filed by the girls on the results of their poultry raising and the figures submitted would indicate that it can be made a very profitable undertaking. The poultry and canning part of the work is under the supervision of Miss Geneva Vaughan of Burkburnett. All girls who compete for the prizes are required to keep accurate reports of their poultry transactions and of the number submitted, two have been considered worthy of special mention.

Records of Two Girls.
One is that of Miss Pearl Ford of near Holliday, the other of Miss Ruth Taylor of Iowa Park. Miss Ford's report is summarized as follows:

Eggs sold, 611 dozen; eggs consumed at home, 687 dozen; eggs set, 113 dozen. The eggs sold and consumed were valued at a total of \$184.00 from 199 hens. In addition, Miss Ford sold 242 chickens for \$124, sold sixty just hatched for \$4.80 and consumed \$51.20 worth at home. These figures are for the months February to October. She has 141 pullets to start her account with for another year, and these figures do not include her turkeys or the poultry she kept on halves with a neighbor.

Miss Taylor kept a daily record of the poultry under her care, including the hatching, deaths, eggs sold, etc., each day since last March. Her report shows a total of 213 chickens hatched, there being 269 dozen eggs in seven months. In addition, she sold eggs to the value of \$19.71 and sold chickens to the value of \$32.05. \$114.50 Net From One Acre.

The report of Allen Crawford, who raised 2000 pounds of cotton on his acre, and captured first prize, shows a net profit of \$114.50. It cost him three dollars to plow, three dollars to

ANOTHER NEW ADDITION HERE

COMPANY ORGANIZING TO PLACE TRACT NORTH OF THE RIVER ON MARKET

BRIDGE IS CONTEMPLATED

Tract in Question Six Blocks From Court House and Within Mile of Postoffice

Still another addition to Wichita Falls, consisting of 220 acres on the north side of the river, is to be put on the market within the next few months by a company which is now being organized here. A. L. Huey and G. T. Sadler, late of Oklahoma City, are the moving spirits in the new concern, and the stockholders already include a number of leading citizens.

The addition will take in what is known as the Bean-Markowitz land out of section 17 of the John A. Scott survey, being north of the river and west of the Denver right of way. The company is to be capitalized at \$50,000.

A new bridge across the Wichita River at the foot of Lamar avenue, is contemplated by the promoters, and they expect to put the addition within six blocks of the court house and within a mile of the postoffice. The land in question is said to be at a higher elevation than the business district and much of the residence section and this is expected to aid in finding a ready sale for it, as will its proximity to the Northwestern shops and the new brick plant. Most of the capital stock has already been subscribed and the first meeting of stockholders will probably be held within a few days.

No name has been chosen yet for the new addition, and that will be determined by the stockholders.

One dollar to plant, thirty dollars to pick and other expenses brought the total outlay to \$45.50, the seed cotton being worth \$160 at the time he made his report.

Virgil Heath, who raised sixty-one bushels of corn on his acre estimates his total expense at two dollars, and the value of his harvested corn at \$45.75, giving him a net profit of \$43.75. Another report submitted on cotton was that of Burgess Campbell, son of the district agent. This report gives every detail of the preparation of the ground, planting and gathering; grasshoppers damaged this crop too much for him to make anything.

Midland—Good roads bonds to the amount of \$50,000 which were recently voted in this county, have been sold, and it is contemplated that work will commence on the system of highways immediately.

MAN WHO HEADS PLAN TO INCREASE BEEF SUPPLY

L. S. JAMESON

London, Oct. 25.—The Chartered Company of South Africa has decided upon a vast undertaking, whereby Rhodesia will become a new beef producing region of huge proportions. Full particulars will not be announced until Sir L. Starr Jameson issues them when he arrives in South Africa, but the project is of great importance for the world's cattle raising industries. Dr. Jameson is the leader of the project. The Chartered company will turn millions of acres of excellent grazing land into vast ranches. The ranches will be connected on the most modern American lines. The Chartered company has appointed Richard Walth of Texas as ranch manager. He is now en route to America. The Armours are said to contemplate taking land for ranches, and some of the chiefs of the most extensive ranching company in Colorado are willing for South Africa to meet Sir Starr Jameson. The Chartered company will give the Americans all the facilities possible. How far the Chicago beef trust is involved in the development has to be seen, but Kansas, Colorado, Wyoming, Dakota and Nebraska ranch directors are enthusiastic in the belief in a rich agricultural future for Rhodesia.

RUSHING WORK ON FAIR AT FRISCO

DIRECTOR DECLARES EVERYTHING WILL BE READY NINE MONTHS AHEAD OF TIME

WORK ON MANY BUILDINGS

Every Detail of Preparations For Panama Exposition Being Pushed With All Dispatch

San Francisco, Oct. 25.—Director of Works Harris D. H. Connick of the Panama-Pacific International Exposition has officially announced that all of the main exhibit palaces will be completed nine months before February 20, 1915, the opening day of the exposition, and that some of the buildings will be completed even earlier.

This official announcement, following the promise of the exposition management made more than one year ago that the exposition would be completed nine months before the opening day and that the exhibit palaces would be built upon a definite schedule, confirms all that was said before. The preparations for the event are further advanced today than were those of any other international exposition at a corresponding time before its formal opening. The work is now proceeding upon schedule; there will be no periods of delay or of congestion in the work. Building contracts provide bonuses for completion under the time limit.

A tremendous amount of preliminary work has been accomplished. Based upon the total amount of preparation required, the division of works estimates that today the exposition is more than two-thirds completed. The exposition site, covering 635 acres of land close to the heart of one of the most picturesque residential sections of San Francisco, was long since cleared of all old houses and other structures and has been completely fenced in. The underground work has been completed at almost throughout. It included the reclamation of seventy-one acres of land from the bay of San Francisco; the installation of a high pressure water system for fire purposes; which is two-thirds completed; a low pressure service water system, which is also well advanced; an extensive drainage system, completed in the amusement concessions and foreign nations district and nearing completion in the main exhibit district, where it is being carried along with the buildings themselves and the laying of underground conduits for the electric wires for the transmission of light and power.

Ten Exhibit Palaces.
At the present writing ten of the huge exhibit palaces of the Panama

Pacific Exposition are under construction; of these ten the framework of three is now rising and the flooring of practically all of the others is completed and the assembled parts are to a great extent ready to be raised to place. More than seventy million feet of lumber will be used in this main exhibit section; more than twenty-five million feet have already been delivered, and forty million feet contracted for. Thirty-two steamers are carrying the lumber.

The streets, avenues, roads and paths are laid out, the curbs are well along and a contract for the delivery of 70,000 cubic yards of road rock, with an ample time limit, is being fulfilled.

A standard gauge railroad is being laid, the tracks being now nearly all down and parts of the road in operation, conveying material. A freight ferry ship has been completed and is receiving car floats regularly. A commodious harbor on the water front, with a system of wharves, is receiving steamers daily, with lumber and other building supplies.

The service building, housing the staff of the division of works, is completed, even to the gardens and lawns surrounding it, and has been in use all this summer.

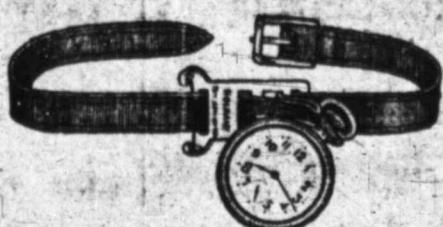

Of the twelve great structures in the main group of exhibit palaces, one that of machinery, is erected, roofed and floored and is now receiving its covering of imitation Travertine stone, and its columns and pilasters.

The palace of education is floored and the frame is about half up. Framing of the palace of food products has been commenced this week, and the floors of the palace of agriculture, liberal arts and manufactures are nearly completed, while those of the palace of varied industries, transportation and mines and metallurgy are being rapidly laid.

The contract for the construction of the palace of fine arts has been let and those for the palace of horticulture and the festival hall will be awarded within a few days, all to be completed well within the time limit.

Many Lesser Structures.
Many other lesser structures are built or being built with a rapidity characteristic of the work of all the contractors. An example of this industry is furnished in the case of the building for the Republic of Honduras, ground for which was broken August 20. This building is nearly all in frame and its floor is being laid. The extensive park system of the exposition is advancing with as great rapidity as the structural work. Along the water-front, or Marina, the grass for the broad esplanade is growing luxuriantly and the sites of other parks and gardens are now graded and receiving their covering of fertile soil and enriching material. The shrubbery and plans for the landscape engineering scheme are all on hand, ready for transplanting when desired, which will begin this autumn, with the erection of the exhibit palaces.

Bir Sandy—The citizens of justice precinct No. 1 in a recent election held here, voted in favor of a 15 cent road and bridge tax.

Just out, the newest Watch-Strap Bracelet on the Market—Undoubtedly the best, newest and safest watch bracelet on the market. Mount invisible when in use. The utility of it is that it will fit any size watch.

Wichita Falls, Texas, Oct. 26, 1913

What Texas most needs is a good long rest from the politicians. The people of Texas owe it to themselves to elect one level-headed man to keep from selecting one of the professional office-hunters as their governor. Just how they are going to manage to do this is quite a problem, and is up to them to solve. The grand old state has suffered much of late years through the meddlesome office-hunters.

Since the announcement that W. E. Prescott of Cottle County would be, or rather is now a candidate for congress from this, the 13th district, the Times has been asked by many people who he is. Mr. Prescott is now serving his second term as county judge of Cottle county. Six years ago he was a resident of Wichita county and resided on a farm between this city and Iowa Park. He is a brother of Lee Prescott, who resides on a farm four miles north of this city. He at one time was assistant county attorney of Dallas county. This is no advertisement. The Times gives the information merely as a matter of news.

Charles Murphy, Tammany chief, has announced that he will retire after the November election. He might have added also, that his organization would more than likely do the same. The people of New York, from all indications, seem tired of Tammany rule, and are going to elect John Puroy Mitchell mayor of that great city. Mitchell is a Democrat of the Wilson stripe, and that is cause enough for Tammany to oppose his election, but inasmuch as he is to receive the support of Republicans and Progressives as well as Wilson Democrats, the chances of his winning over the Tammany candidate looks good at this time.

No, Wichita Falls is not booming, but the fact that she has made greater progress towards adding to her population and wealth during the past year than a half dozen cities of about the same size and class, is evidence sufficient to prove that she is growing rapidly and steadily, and at the present rate of increase will more than double in population and wealth during the next five years. For that reason, money invested in real estate values in Wichita Falls at present prices will bring good returns to the investor. Property will never be lower in value than now in this city. They go higher each year, and this is but natural. It is just substantial evidence of a growing and thrifty city.

DISCREDITED LEGISLATURE

(Saturday Evening Post)
Concerning the public's profound distrust of state lawmakers, Governor O'Neal of Alabama recently said: "If many of the states a session of the legislature is looked on as something in the nature of an unavoidable public

calamity. Not only is the convening of the legislature looked forward to with dread, but while it is in session a spirit of unrest prevails and an adjournment is always hailed with genuine relief.

This dissatisfaction with legislature is of long standing. Throughout the nineteenth century states placed restriction after restriction on the law-making body—as, for example, by prescribing that it should meet only once in two years—and then for a limited number of days. The argument for this, as Mr. Bryce points out, was: "If the legislature meets it will pass bad laws. Let us therefore prevent it from meeting."

Every attempt to improve the legislature only makes it worse, and that will continue to be our experience until the law-making body itself is thoroughly remodeled—with greatly reduced membership, probably with only one house instead of two, and with very frequent if not continuous sitting.

UNDEVELOPED IRON ORE BEDS IN ARCHER COUNTY

On the 23rd there appeared in the Dallas News an editorial commending the enterprise of Texas City in securing a \$10,000,000 steel plant, which is to utilize Texas ore and Alabama coal, and give employment to 7,500 men. The Southwestern Steel Corporation is to finance the matter. The Times' object in calling attention to this is that according to figures furnished by government geologists there is an immense iron ore field in Archer county, and the ore is of that quality that is required to make the best grades of iron. If this iron ore field could be developed and blast furnaces established at Wichita Falls, it would be unnecessary to have coal conveyed from a distant state to be used as fuel, for the reason that we have natural gas as a substitute and as for coke, it could be brought here direct from Colorado. It would be a great thing if Wichita Falls could interest capital to develop the iron ore fields of Archer County.

In the issue of the Times August 22nd, the following article under the caption of "Rich Ore Beds Not Developed," appeared, and for the benefit of its readers and in the hope that the Times can get the people of this city interested in the matter of having these ore beds developed, the same is reproduced:

"In Archer and adjoining counties of Texas, situated in the northern central part of that State, are great quantities of iron ore which have received no attention so far as any attempt being made to commercialize the mineral is concerned.

In the days prior to the construction of railroads into that section and before the development of the coal beds at Thurber and other localities in the ore-bearing region was begun, a cursory investigation of the iron ore deposits was made by geologists. In a report on the subject in 1896, Prof. Jacob Boll stated that he observed 'enough iron ore lying upon the surface in Archer county to supply the entire State of Texas for 100 years.' His report was in part:

"The iron ores which present themselves there are as follows: '1. Pure and clasp spar iron ore, or spherulidite. This is the most abundant ore and lies in several veins from four to fifteen inches thick, more or less regularly deposited in compact masses in layers of from forty to fifty feet of massive red clay, under sandstone.

"Owing to the influence of the later geological periods the sandstone covering the clay was partially destroyed, and the clay, soft and laid bare by the heavier masses of iron ore reburied by the rain, was washed away, while the iron ore, and in course of time have so accumulated at the foot of the precipices, in hollows and ravines, that in some places 500 tons of iron ore can be gathered on the surface of a single acre without the employment of a shovel or a pick. 'Pieces of round or reniform ore of various sizes, frequently weighing over 100 pounds, and of a red color. In the round hard knobs the ore is often crystallized. Through exposure to the weather the masses disintegrate and the softer parts being washed out, frequently present a lumpy appearance and have, there-

fore, been formerly mistaken for volcanic scoria spherulidite in carbonate of iron of a readily-reducible quality, yielding on an average from 35 to 36 per cent of pure iron.

"2. Brown Iron Ore—This ore is not so abundant at the first and rarely is deposited in the layers of red clay.

"Through the influence of the air it often forms itself from the surrounding spherulidites. Brown iron ore is the oxy-hydrate of iron and yields from 35 to 40 per cent of pure iron.

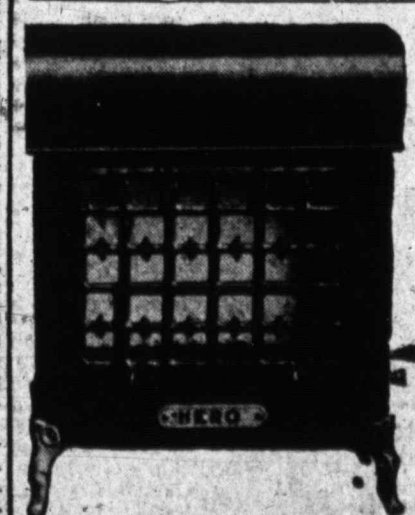

"3. Yellow Iron Ore—This is found more abundantly in strata from two inches to two feet thick and lying commonly under sandstone. It forms a conglomerate, firmly bound together of parts of the size of a pea to that of a pigeon egg, and by exposure to the weather, it becomes disintegrated into round, hard boulders, and hence it has been called 'bean ore.' Bean ore consists of oxy-hydrate of iron and will in many localities on these lands produce over 40 per cent of pure iron.

Prof. W. F. Cammons, who at that time was state geologist of Texas, made mention of this ore as follows: "In former visits to Archer county I had observed that there was quite an amount of iron ore in different places on the lands of the company, but I was not prepared to see the extent of the ore which I found when I turned my attention specially to it. The ore occurs in regular veins in the red marl underlying all the rocks of the Permian formation."

The conference of leading prohibitionists of Texas, who vote the Democratic ticket held at Dallas yesterday resulted in the determination to hold a preferential or eliminating primary on the fourth Saturday in March of next year for the purpose of selecting a candidate for governor. The county conventions are to follow on the first Saturday in April, at which delegates are to be selected to a state convention to be held at Dallas on the first Tuesday in April. As to what the movement will eventually terminate a will develop later, but the Times believes the pros have made a serious mistake—one that, in the opinion of his writer, cannot possibly help the cause of prohibition in Texas, but on the contrary will do it great injury. There are thousands of prohibitionists in Texas who will enter into such a movement.

Canadian—The new telephone exchange being installed here by the Southwestern Telephone & Telegraph Company will cost \$15,000 when completed. A large force of men are working on the project and expect to have it completed within a short time.

JAPAN EXPECTS CANAL BENEFITS

OPENING OF WATERWAYS WILL BE TAKEN ADVANTAGE OF BY ORIENTALS

EXTEND FOREIGN TRADE

Will Bring Country Much Closer to Eastern Seaboard of United States Than Heretofore

By Associated Press.

Tokio, October 25.—Japan expects to make long strides in her foreign commerce as a result of the opening of the Panama Canal. The ports on the eastern coasts of both South and North America are at once opened up to her export trade and everything possible will be done to find markets there for Japanese goods.

The present trade routes from Japan to European ports by way of the Suez Canal will not be affected by the operation of the Panama route. Japanese steamers will continue running by way of Suez, for they are thereby enabled to pick up freight at many ports on the way to China, India and in the Mediterranean. Hence it has been decided here that it will be unprofitable to divert steamships to Europe by way of Panama, as no freight can be delivered or obtained in the long stretch across the Pacific.

But new lines of steamers eventually will be sent to New York and to the Eastern coast of South America, where Japan hopes to find big markets for her china and lacquered ware, her straw matting and straw braids, as well as her tea, and at the same time increase her markets for raw silk.

Another important result of the opening of the canal will be the diversion of much of the freight which now is transported to points on the Pacific slope of the United States and thence shipped by rail to eastern states. A considerable economy in freight charges will be effected by either dispatching this merchandise direct to New York from Japan by steamers, or sending it round from San Francisco, after Japanese steamers have called at the Pacific metropolis.

An exhaustive study of the effects of the Panama Canal on Japanese maritime commerce, both for the present and the future, had just been completed by the Ministry of Commerce. The department's experts figure that a 50 per cent economy will be made by shipping direct to New York by steamer, instead of sending it across the continent by rail from the Pacific coast. It is unlikely, however, that any change will be made in the manner of shipping raw silk, of which the exports to the United States amounted to \$57,000,000 last year, as on account of interest charges merchants will desire their payments as quickly as possible. At the same time the lower cost of freight will enable Japan to import from the United States more raw cotton, machinery and locomotives.

Another important benefit to Japan will be that of permitting her to send direct to Brazil, and later possibly to other countries, Japanese emigrants who are expected to go to South America in increasingly large numbers. Five thousand laborers were sent to Brazil last year; three thousand were transported this spring, and an additional three or four thousand departed during the month of September—all to labor in the coffee fields of Brazil. The steamers carrying these emigrants now pass by the way of the Suez Canal. They will go by Panama as soon as the new waterway is opened.

The Japanese Government is now considering the question of increased subsidies for Japanese steamship lines, which would permit the building of additional steamers for the Panama route. The three great Japanese companies are the Toyo Kisen Kaisha, the Nippon Yusen Kaisha and the Osaka Shosen Kaisha. All of these concerns are now building additional vessels, most of which are destined for the increased commerce to Europe and Mexico. If, as seems likely, the Government will increase the subsidies, it is probable that steps will be taken to lay down ships which will sail to new markets in the western hemisphere.

To sum up the situation, Japan expects to benefit greatly in a commercial sense from the opening of the Panama Canal. As years go on, she expects to occupy an increasingly important place in the western markets and hence a greater place in the world's commerce. Manufacturing is steadily developing in the industrial centers of Japan, and the empire easily can supply additional world markets. Increasing exports mean increased gold supplies, and gold is the metal Japan needs to build up and strengthen herself at home, and to care for the growing wants of an increasing population that is already sixty millions.

The population is augmenting regularly at the rate of six hundred thousand a year. Many of these people will find homes in Korea; some will go to Manchuria, and some to Formosa, and still many others will find employment in the growing factories of the empire. The Panama Canal looms up as a welcome solution of Japan's economic problem. It promises increased markets, and it will carry to South America great numbers of Japanese, who are unable to find the means of livelihood at home.

PLANS THEATER FOR NEW PLAYS

NEW YORK PRODUCER HAS IDEA TO TEST ALL NEW PRODUCTIONS

OTHER THEATRICAL NEWS

Some Excellent Musical Comedy Is Being Produced—Pavola Arrives With 3000 Costumes

By Beau Rialto.
(Written for the United Press.)
New York, Oct. 25.—The "dog towns" should look to their laurels. If the latest Broadway scheme pans out, New York will try out her own new plays and it will be unnecessary to send them out to the tank towns to see how they go. A western manager, one of the new-comers on Broadway who already has made other managers sit up and take notice of his innovations, is the creator of the latest idea, a stock theatre for the exclusive production of new plays. Those who know him say that he will carry it out, too.

The plan is to have a stock theatre, where nothing is put on but new plays. No play that is a success shall be run more than three weeks. The theatre will be equipped with a company of assured stars, all of them specialists, actors and actresses who have won distinction in playing every sort of a role. In return for the assurance that the stock theatre would not give any play a run, other managers would be asked to agree not to try out new plays.

This would work out to the greatest advantage to actors, playwrights and managers, according to the Westerner who is promoting the scheme. Such a stock theatre, with the cast and scenery provided, could put on a first production at much less expense than could any individual manager, who would have to hire a cast and furnish the settings. The playwrights would be benefited, because they would be assured that their work would have the posthumous of stars, the best actors and actresses obtainable in every part. The actors would be better off because they would not be in danger of giving several weeks without pay to the rehearsal of a piece that would fall within a few days after its premiere. Actors get no pay for rehearsals, and if the show falls they are out their time and salary.

Perhaps the greatest exhibition of trust and confidence that has come to Broadway's notice in a decade occurred when Sir J. M. Barrie, Bart., sent his new play, "The Will," to New York to be played for the first time with John Drew in the leading role. Barrie's manuscript came by mail, with stage directions. He made no suggestions whatever as to the age and appearance of the characters, "letting me up" or the stage settings. He indicated no "business." Barrie simply wrote the lines of the play and left its entire production to Charles Frohman. They have been friends for many years, and Barrie knows that his ideas and those of Frohman coincide. Barrie never saw his latest play in his own country, and will not know how the child of his brain looks until it has been proved a success or failure.

New York seems assured to have plenty of musical comedy of a high order during the 1913-1914 season. The latest offering was "Her Little Highness," with Mizzie Hagen in the leading part. It is a tuneful composition, with music by Reginald de Koven, Arnold Wolf and Channing Pollock wrote the comedy, obtaining the material from Pollock's "Such a Little Queen." The action of the piece moves all the way from Herzegovina—wherever that is—to a Harlem flat and the plot is nil, but nobody looks for a plot these days in a musical comedy.

"Love and Laughter" will be the next musical comedy on Broadway. It will be produced in a week or two by Charles Frohman who has had his eye for some time on the piece which now is being produced at the Lyric Theatre, London, with considerable success. The music is by Strauss, author of "The Chocolate Soldier," and those who have heard it say that the songs are even more "catchy." "The Marriage Market," "When Dreams Come True," "The Doll Girl," and "Adele" are other musical comedies which have won success on the Great White Way this season.

Many playgoers have remarked the flavor of "Madame Butterfly" in the score and story of "The Marriage Market," in which Donald Brian is starring at the Knickerbocker Theatre, where Julia Sanderson had such a long run in "The Sunshine Girl." There is much music in both titles, and there is much in both music and plot to suggest "Madame Butterfly."

Edward Sheldon, author of "Salvation Nell," "Romance" and several other plays that have made good, as well as others that have been good bloomers, is setting ambition. Sheldon is due to reach New York next week from Italy and today he wire-lessly Charles Frohman that he is bringing two plays which he expects to be produced this season. Heretofore Sheldon has contented himself with only one play each season.

Dinner Concert

Westland Hotel, Sunday,

GINNINGS REACH 6,956,583 BALES

GOVERNMENT REPORT MADE
PUBLIC SATURDAY FOR GIN-
NINGS TO OCT. 18TH

TEXAS 2,464,583 BALES

Ginnings For Whole Country Larger
Than Same Date Last Year—
Texas Falls Behind.

By Associated Press.
Washington, Oct. 25.—The third cotton ginning report of the season, compiled from reports of census bureau correspondents and agents throughout the cotton belt and issued at 10 a. m. today by Director William J. Harris, announced that 6,956,583 bales of cotton, counting round as half bales, of the growth of 1913 had been ginned prior to October 18. This includes the results of the most active period of the ginning season, September 25 to October 18, during which in recent years more than one-fourth of the entire crop passed through the ginner's hands.

To October 18 last year, 6,873,206 bales or 51.0 per cent of the entire crop, had been ginned; in 1911 to that date 7,768,621 bales or 49.9 per cent had been ginned; in 1908 to that date 6,296,166 bales or 48.1 per cent of the crop had been ginned and in 1906 to that date 4,981,324 bales or 38.0 per cent of the crop had been ginned.

Included in the total ginnings were 49,024 round bales, compared with 41,745 bales last year, 53,858 bales in 1911, 66,183 bales in 1910, 88,716 bales in 1909 and 118,790 bales in 1908.

The number of Sea Island cotton bales included was 30,850 compared with 15,969 bales last year, 40,302 bales in 1911, 36,482 bales in 1909 and 32,013 bales in 1908.

Ginnings prior to October 18 by States, with comparisons for last year and other big crop years and with the percentage of the entire crop prior to that date in those years, follow:

Look at These Handsome Suits

The growing demand for our popular line of bench-made, all-wool suits suggests your making an early selection from our line of fall woollens in order to get just the pattern that pleases you best. Our perfect tailoring system, style, fit, workmanship challenges comparison with suits costing twice as much.

UNION MADE \$15 TAILOR MADE

Our system of factory-to-wearer and strictly cash to everybody alike eliminates every possible loss or extra expense. For this reason we can give you better values in all-wool clothing than any other concern in north Texas. Some of the best dressed men in Wichita Falls are demonstrating this by wearing our suits

Special This Week Only—We have a few uncalled for suits on which partial payments have been made, which we will sell at very low prices. If any of these will fit you we can save you just about half the cost. These are not misfits, but are to be sold at lower prices simply because others have ordered them and paid a part of the price down but have failed to call for them. They are bargains for any one who can use them.

One Price Tailors **STIMSON-ANDERSON & CO.** W. F. DRIGGARS
800 Ohio Avenue MANAGER

If osteopathy is so good why is it so little used? Because so few know what it is. How many people understand wireless telegraphy? Just as many understand osteopathy. I have never had a conversation with an M. D. who betrayed to me even a shadow of understanding of osteopathy. My object in writing these pieces is to inform the public something of our claims. I believe with all the fervor of an honest soul, that if the people understood osteopathy as it is every day person would want an osteopath for every trouble that afflicts humanity. That the osteopath would practically and suffering, that people would not die of disease, but of old age, and we would laugh at hundreds of diseases that we now fear. The osteopath treats causes, he locates causes by the symptoms, but does not treat the symptoms. I am interested in health see an osteopath. Dr. Farris, K. and K. building. 42 3tc

Mrs. G. Fred Thompson will give a song recital at the Opera House Thursday night, October 30th. She will be assisted by Mrs. Bruce Green, soprano; Miss Mooneyham, pianist; Mrs. Arthur Huff and Mrs. Verner Lippe, accompanists. Under the auspices of the Presbyterian Church. Adults 50c. Children under 12 years of age 25c. 42 tlc

The man with a savings account looks upon the world with satisfaction. \$1 will start an account. First State Bank & Trust Co. 42 tlc

Phone 623 for fresh country eggs. Taylor Grocery Co. 42 12tc

Our cheese list—Swiss cheese, roquefort, neufchatel, say sago, Edam cream, brick, McLaughlin's Imperial, camembert, last but not least Limburger. Sherrod & Co. Phone 177. 41 tlc

You can still get 25 pounds granulated sugar for \$1 at Sherrod & Co. every line you buy five dollars worth of groceries. Sherrod & Co. Phone 177. 41 tlc

My Motto: Miller sells it for less.

Deposits made by married women cannot be withdrawn by her husband without her consent. First State Bank & Trust Co. 18 tlc

The Presbyterian Aid will meet with Mrs. J. A. Richolt Monday afternoon. I am now located at Dr. J. G. Kearby's office, over Morris Drug Store. Phone 588. J. S. NELSON, Dentist. 34 tlc

"EVIL EYE" FOR ITALY'S PREMIER

REMARKABLE ILL LUCK HAS ATTENDED EVERY CABINET HE HAS APPOINTED

FOR FIVE DIFFERENT TIMES

Despite Popular Belief Regarding Him He Has No Trouble in Securing Ministers

CASUALTY RECORD OF GIOLITTI'S CABINETS.

FIRST CABINET.
Four ministers die in office.
SECOND CABINET.
Two ministers die in office.
THIRD CABINET.
One minister commits suicide. Another minister dies suddenly. A third stricken with cerebral congestion.

FOURTH CABINET.
One minister stricken in Parliament. Another found dead in bed a few days later. A third stricken with serious illness. Forcing resignation.

FIFTH CABINET.
One minister drops dead at banquet. Another stricken with incurable malady. A third resigns for reasons of health.

Rome, Oct. 25.—Italy—or at least that major part of Italy which is deeply superstitious—is today more convinced than ever that Premier Giolitti has the "evil eye." This deeply rooted belief, which for a few years past had been partially forgotten, has just been revived with added conviction by the death of Teobaldo Calissano, minister of posts and telegraphs. Minister Calissano dropped dead a few weeks ago while making a toast at a banquet. Immediately thereafter, all Italy remembered that he was the nineteenth minister of Premier Giolitti's cabinets either to die in office—usually suddenly or under unusual circumstances—or else to be stricken with some grave illness.

The belief in Italy that Premier Giolitti has the evil eye had its origin during his first term as prime minister. That was in 1891. During the very brief term, four of Giolitti's ministers died suddenly in office. During his second ministry, the record kept almost equal pace. Two ministers died and four were brought nearly to death's door by sudden illnesses. Marquis Prinetti, minister of foreign affairs for example was stricken with apoplexy, and has never recovered completely. Minister of public works Balanazza, developed gout

613 EIGHTH STREET

of the heart and his life for a long time was despaired of. De Broglie, minister of finance, was stricken with rheumatism and minister of the treasury Wollamborg suffered a serious mental breakdown. Three years ago, however, King Victor Emmanuel again asked him to try his luck at forming a fifth cabinet and Giolitti hopefully responded. Since then Minister San Giuliano has been stricken with a disease in one leg which never leaves him free from pain. Minister of the Marine Leonardo Cattolica resigned for reasons of health. Minister of Posts and Telegraphs Calissano recently dropped dead at a banquet.

Wichita Hardware Company

Leaders for this week and they are good ones. Here we show you a few of our best stoves. We also have hundreds of others that we are selling very cheap.

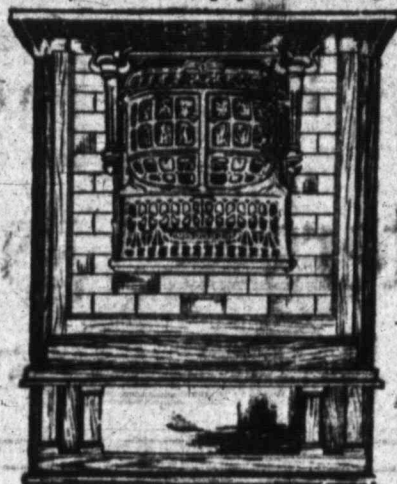

Nothing would be quite so nice as one of those radiators in your halls or office when a stove pipe can't be conveniently connected because the radiators are absolutely odorless and are so constructed that they can be placed in corner or aisle. You should see these beautiful radiators at

Wichita H'd'w. Company

Economy Fireplace Heater

A cellarless Gas Furnace. Needs no cellar, no furnace pipes, no registers, no stacks.

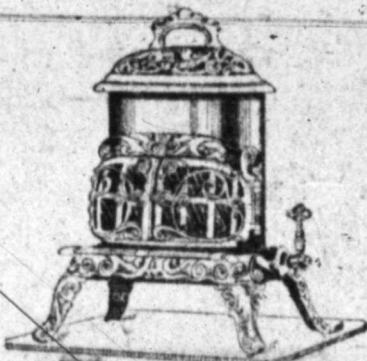

All heat generated delivered to rooms. Can be fitted into any fireplace openings. Scores of them being used in best homes of Wichita Falls. Our sales are steadily increasing because they are such a success. Let us put one of them in your house now. Possibly you are using cheap reflector or asbestos back that isn't giving sufficient heat but burning more gas than the Economy which heats several rooms.

We have a nice line of Economy and Clark Jewel Elevated Oven gas ranges. Both are very high-class ranges and guaranteed in every respect. We are selling them as cheap as many other ranges of much inferior quality are being offered to you.

Wichita H'd'w. Company

Here we show a real parlor gas heater in the Economy make. This heater is all cast with cast flue, construction with a full center air circulation making it the most powerful gas parlor heater of its kind made. It has large double swell front mica doors with nickel plated reflector, thereby making it equal in appearance and efficiency to a real hard coal base heater. Sold by Wichita Hardware Co.

This is a nice little heater with a flat top to do light cooking. We have this style in three sizes, also in the Economy line at

Wichita H'd'w. Company

If it's just a real good ordinary gas cook stove that you are needing then don't look any further but just tell the salesman you want one of those steel stoves with that good wheel valve and patent lighter, then he will sell you one of our Clark Jewels. They are always ready, never leak in the valve nor break like a cast stove because they are stamped steel constructed.

Wichita Hardware Company.

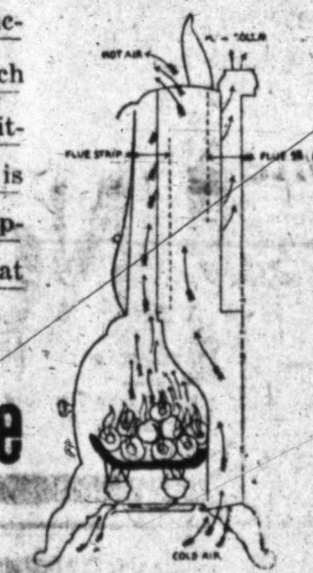

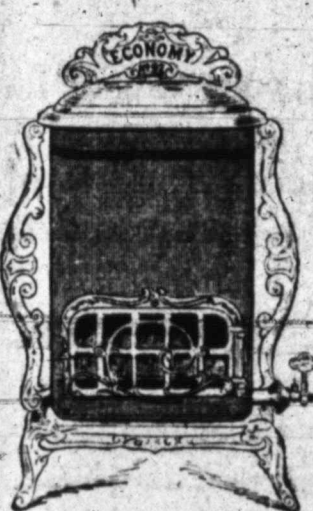

This is the No. 90 Economy

The small one, but it's made in the 91 and 92 which are larger. If you haven't got one of these Economys you at least have seen them some place in Wichita Falls because we have sold a thousand and they are all good ones.

Wichita Hardware Co.

This cut shows you the true construction of the Economy Furnace which makes it such a powerful heater at a little cost. Proper flue construction is the secret of any kind of a heating apparatus. You get every degree of heat that the gas produces.

Wichita Hardware Company

We are the Chi-Namel Dealers of Wichita Falls

Let Chi-Namel brighten your home. Anyone can apply Chi-Namel. Make those floors look like new.

Put up in all sizes and colors for all purposes at very little cost.

Suitable for floors, walls, furniture, buggies, automobiles, porch furniture, etc.

This space is not large enough to show you the regular fuel burning stoves, such as wood or coal heaters, cooks and ranges, but we have without a doubt the largest assortment of this class of stoves that we ever have had and we have put the prices down to where every one can buy from the Wichita Hardware Co.

Our advertising balloon went up at 7:30 Friday night. It traveled in a westerly direction, but at the time of writing this advertisement we haven't learned if it has been found. Another balloon will be sent up next Friday night with a \$5.00 order on our store.

OTHER NEWS OF GERMANY

One Town in Kingdom Approaches Present Day Utopia, Allowing Citizens \$400 in Money

Berlin, Oct. 25.—In view of the promising results attained in the treatment of cancer, more than a dozen German cities have voted money for the purchase of radium and its sister product, mesothorium. The appropriations range as high as \$40,000 at Leipzig and \$58,000 at Berlin. Munich is the only large city not yet in the market, the city council having postponed its intended \$50,000 appropriation on the ground that "speculators had raised the price of radium artificially and exorbitantly. The total amount voted throughout this empire is already about \$600,000, more than half the value of the world's total supply of radium at present.

Public interest in these substances has created a rare opportunity for swindlers, and radium promoters are already in the field. The German finan-

cial papers recently warned the public against an adventurer who has already tried to exploit the English and French markets with a pretended radium company and is now flooding Germany with circulars advertising investment in the stock of a similar concern. He has obtained lists of possible investors and promises the customary enormous profits.

Radium institutes are springing up in every important German city, but the merits of the treatment are as extravagant claims. Among the really scientific developments reported is the application of radium and mesothorium to diseases of the ear. This is the subject of an article by Dr. Hugel in the Munich Medical Weekly. Dr. Hugel's experiments have extended over only six months, too short a time for positive general declarations. But he has treated ossification of the eardrum and diseases of the labyrinth, ailments which have hitherto defied medical treatment, and in a number of cases noted a marked improvement, only a small quantity of mesothorium—five milligrammes—is required, it is not expensive.

In the same publication Prof. Dr. Werner, of the Samariter House at Heidelberg, reports on an alternative treatment of cancer by a combination of chemical and radioactive treatment. He uses as the chemical element choline, a product of the decomposition of lecithin, one of the fatty substances found in the body. It was observed about a year ago that under the influence of radium rays the lecithin of the body tended to change in choline. This led to experiments with the introduction of choline into the body, thereby imitating in a chemical way

one of the effects of radioactive treatment. Prof. Werner has now treated several hundred cases and reports in a considerable percentage decided improvement. In some instances the complete disappearance of the growth under treatment has been noted, though only time can tell whether actual cures have been scored.

One of the disadvantages claimed by Prof. Werner for his method of treatment is that the amount of radium required is greatly reduced.

Emperor's Traveling Companion. Emperor William has a new diplomatic traveling companion in Count George von Wedel, well known in Washington as first secretary of the German embassy there from 1908 to 1911, and now accredited as minister to the court of Weimar. On his travels, hunting trips, voyages to Corfu and Norway, and the like, the Emperor is always attended by a representative of the diplomatic service, whose duty it is to translate all dispatches from the foreign office, keep His Majesty informed upon the affairs of the world, and act as his diplomatic adviser on any point of foreign policy which may develop during his absence from Berlin. The position is naturally a very responsible one, and the holder of it, brought into the closest personal touch with the Emperor, has every chance of a brilliant career in the diplomatic service.

Killingburg, a town in Southern Germany on the River Main, may lay claim to many of the characteristics of a modern Utopia. It not only supplies every resident with well paid work and relieves him of all his municipal and state taxes, but gives him an annual allowance of \$400 for pin-

money, with occasional gifts for holiday celebrations. The fortunes of Killingburg, which has about 1,700 inhabitants, are founded upon its deposits of clay, which on account of its fire-retarding properties, is widely exported, particularly to the United States.

The deposits are worked by the municipality directly at an annual profit of \$100,000, and every Killingburger is entitled to a position as miner. The fortnightly pay day is observed as a holiday, without detriment to the regular German holidays, on which an extra payment of a dollar to every citizen to enable him to celebrate properly.

To prevent the flooding of this ideal place of residence by Germans from all parts of the Empire, it has been found necessary to limit rights of citizenship. No one is admitted without a payment of \$425 to the municipal treasury. More favorable terms are granted, however, to men taking wives in the town.

Crown Prince in Exile.

Long current reports of strained relations between Emperor William and his son, the Crown Prince, found support in the absence of the Crown Prince on the occasion of the Emperor's visit to Danzig and Langfuhr early this month. On his return from a hunting trip to his great estate at Rominten, the Emperor made a detour to call upon the regiments of the Life Guard Hussar brigade, of which the Crown Prince commands the first regiment. Every officer of the brigade, including Prince Friedrich Sigismund and Prince Friedrich Karl of Prussia, the brigade commander,

the corps commander and the inspector general of the eastern army corps gathered to welcome His Majesty, some of them sacrificing their annual leaves for the purpose. The Crown Prince, however, departed unceremoniously a few days earlier for a hunting trip in the Bavarian highlands.

It is reported that the Crown Prince is more and more dissatisfied with his Empire, a displeasure which has been intensified by the apparently inspired reports printed from time to time that on the expiration of his tour of duty in command of a cavalry regiment he would be given an infantry regiment, likewise in the provinces, either at Danzig or at Breslau, an industrial town in the center of the Silesian mining and manufacturing district and many many hours from the delights and comforts of Berlin. Court gossip a short time before the Emperor's Langfuhr visit had it that the Crown Prince was making every endeavor to obtain a detail to the General Staff at Berlin. But as his residence in Berlin would be an invitation to the dissatisfied and disgruntled in court, military and political life to gather around him and form that "Crown Prince clique" which tends to collect about every heir to a throne, indications are that the "exile" may be continued for a year or two longer.

Pittsburg.—The citizens of this place are fostering a movement to organize a stock company for the erection of an electric light and ice plant here. More than \$15,000 has been subscribed to this project by the local business men.

MRS. JOHN D. ROCKEFELLER, WHO IS SERIOUSLY ILL

Cleveland, Oct. 25.—Although the true nature of the illness of Mrs. John

D. Rockefeller, wife of the Standard Oil magnate, is concealed by the family and her physicians, the condition of her health is so alarming that Mr. Rockefeller has abandoned his plan to return to his New York residence for the winter. It is feared Mrs. Rockefeller could not stand the trip to New York. While friends of the Rockefeller family profess to be in ignorance as to the nature of her ailment, it is known that among the complications is the fact that Mrs. Rockefeller is fast losing her hearing. She is said now to be almost totally deaf.

WHITE SOX DEFEAT GIANTS FOUR TO THREE

By Associated Press. St. Joseph, Mo., Oct. 25.—The Chicago American League baseball team defeated the New York Nationals here this afternoon four to three. Score: R. H. E. Chicago 4 11 2 New York 3 8 3 Batteries: Leverage and Schalk; Mathewson and Meyers.

FIVE KILLED IN EXPLOSION OF DYNAMITE IN MINE

By Associated Press. Lynchburg, Va., Oct. 25.—Five men were killed and two injured one of them probably fatally, as the result of a premature explosion of dynamite in one of the mines of the Piedmont Manganese corporation, six miles east of here today.

We Want to Sell You a FALL SUIT

We can make you a suit that will make your mother-in-law appreciate you more than she ever did. We also have a large line of underwear on which we are making the right prices. Call and see us.

615 8th St.

Davis & Schnell

George Davis, Mgr.

Terrell—Plans are on foot in this city to have several of the prominent streets in the residence district paved at a cost of several thousand dollars.

Bartow—A project is on foot to irrigate 40,000 acres of land near this city. A \$200,000 dam will be built to impound water.

ANOTHER NEW HAVEN WRECK; 15 INJURED

"Gulf Edge Express" Went Off Track Near Westerly, Rhode Island Last Night

By Associated Press. Westerly, R. I., Oct. 25.—Fifteen persons were injured, one woman seriously when the "Gulf Edge Express" from New York for Boston over the New York, New Haven and Hartford railroad went off the track a mile and a half east of Westerly tonight. Pains are believed to have undermined the roadbed, causing the rails to spread.

"NEVER ASKED RYAN FOR MONEY" SULZER

Ex-Governor Declares Charles F. Murphy Never Asked for Campaign Funds

By Associated Press. New York, Oct. 25.—"I never asked Ryan for money. I never said 'tell your father I'm the same old Bill,' declared William Sulzer tonight in a speech to the voters of the Sixth Assembly district where he is campaigning for election to the legislature. He said his only conversation with Allen Ryan during the campaign was a brief one over the telephone after John Delaney, personal representative of Charles F. Murphy, leader of Tammany Hall, had called Ryan up from Sulzer's office, he said. "I gave that \$10,000, which Ryan had sent to Mr. Delaney," Sulzer continued, "and he took it up town and gave it to Mr. Murphy. Late that afternoon I saw Mr. Murphy at Delmonico's. During our conversation I said 'Did John give you that ten from Ryan?' Mr. Murphy replied, 'Yes, that's all right, but it is only a drop in the bucket; you will have to do better than that.' So far as I know, and I am pretty well advised, Mr. Murphy never accounted for that \$10,000 any more than he accounted for the Brady \$25,000 which I refused and which he accepted from Judge Dearle." Sulzer had started his explanation of the Ryan contribution by declaring that after he was nominated governor, Murphy was continually urging him to get campaign funds.

No Election in Sonora

By Associated Press. Hermosillo, Mexico, Oct. 25.—There will be no election in the State of Sonora tomorrow, except in Guaymas which is held by federals. Constitutionalists reiterated today their recent assertion that the successful candidate would not be recognized, but would be treated by constitutionalists as a traitor to Mexico.

MRS. EATON DENIES ADMINISTERING POISON

Direct Examination of Defendant Brought to a Dramatic Close Saturday

By Associated Press. Plymouth, Mass., Oct. 25.—An insistent denial that she ever gave her husband poison of any sort brought to a dramatic close today the direct examination of Mrs. Jennie May Eaton, widow of Rear Admiral Joseph G. Eaton, with whose murder she is charged. Sitting in the witness box where she had passed the entire day, Mrs. Eaton leaned forward as her counsel, William A. Morse, put the question: "Do you know anything about poison?" "I do not," she replied. "Did you administer any white arsenic to your husband?" "Why that is the most absurd thing I ever heard of; no, sir, never in my life," she replied. "Did you ever give your husband any other poison?" "No, never," was the reply.

Cross Examination Monday. Attorney Morse then announced direct examination was ended and adjournment was taken until Monday when the state will cross examine the defendant. During the most of six hours in the witness box, Mrs. Eaton was confronted by District Attorney Barker, who sat two yards away. She described her life with the admiral as one of a wife devoted to his comfort, striving to lift the debt under which he labored. She said her husband was dependent at times, particularly after indulgence in drugs, and that it was also when he was under the influence of drugs that he flirted with other women. She denied she was jealous. Regarding letters complaining of her husband's alleged flirtations, Mrs. Eaton said she wrote these only because she wanted to show in court the state of the admiral's mind, should it be found the adopted child which had died, had been killed by poison. Regarding the admiral's last illness, Mrs. Eaton said he had at times had "perfect paroxysms of vomiting," so that she was not alarmed at the attack he had on Thursday night preceding his death. The next day, Dr. Frame examined the admiral but said he did not think him seriously ill, according to Mrs. Eaton. In the middle of Friday night, Mrs. Eaton said she left her own room twice and attended the sick man. The second time, she said, she got into bed with him and both soon fell asleep. She awoke to find him cold. "I shook him and called 'Joe,' but he was dead," she said.

"THE STORE DEPENDABLE"

Officials Who Will Determine Form Of Government for Panama Canal Zone

Washington, Oct. 25.—Official circles here are considerably stirred over the discussions arising through the proposed changes in the form of government of the Panama canal zone. Colonel Goethals originated the system now in vogue, which makes one man supreme in command, with three assistants, each in charge of a section. Secretary of War Garrison has left Washington for a three weeks' trip to Panama, where he will examine into a great number of military construction and administrative problems.

Brigadier General E. M. Weaver, chief of the coast artillery corps, and a number of other officers of that corps will accompany the secretary to advise him. The question of the organization of the government and operating force of the canal after the waterway is opened will be taken up. Two opposing plans will be considered. Commissioner Metcalf, former editor of Secretary Bryan's Commander, who has been on the isthmus since the latter part of last August,

has a plan of organization of the permanent force which differs diametrically from the ideas of Colonel Goethals. Mr. Metcalf favors a commission form of permanent government, a "diffused government," as it was called here by an official. Col. Goethals believes a centralized government with responsibility concentrated in one head would be best. The Metcalf suggestions for divided responsibility and authority cannot be put into effect without legislation by congress, as the Panama canal act of 1912 provided for a one man authority. Secretary of State Bryan is reported as favoring the Metcalf proposition, while Secretary of War Garrison is inclined toward the views of Col. Goethals.

CONGREGATIONALISTS ARE PROGRESSIVE

National Council Adopts New Constitution Containing New Statements of Doctrine

By Associated Press. Kansas City, Oct. 25.—The Congregationalist Church in the United States is progressive. This was demonstrated today when its national council by an overwhelming vote adopted a new constitution containing new statements of doctrine and other radical changes in church policy. The provision of the new constitution that caused some opposition was the appointment of a general secretary to serve the church in an advisory capacity. His duties are similar to those of a bishop. It was charged his influence would be greater than that of the moderator.

INDUSTRIAL NOTES.

Comanche—Work has started on the new \$10,000 grammar school at this place and will be rushed to an early completion. The structure will be modern throughout.

Floydada—The recent \$20,000 waterworks bond election conducted in this city resulted in a victory and as soon as the bonds are sold, work will begin on installing the new system.

Corpus Christi—Building permits were issued in this city during the month of September in the sum of \$29,597. This is an increase over the August permits of \$18,532.

Waxahachie—At a recent meeting of the directors of the Waxahachie Ice Works, it was decided to increase the capacity of the plant two-fold. Work will start immediately on the project.

Mineral Wells—The commissioners of this county have ordered a good roads bond election in the sum of \$200,000. The date of the election has not been ascertained.

Hillsboro—The taxpayers of this county will, on November 22nd, determine the issuance of \$250,000 good roads bonds. The date of the election having been changed from November 15th to that date.

ENGLAND AWAITS U. S. STATEMENT

(Continued from Page 1)

ment is concerned, however, it has not changed its usual policy of taking no notice of press reports unless they are officially drawn to its attention.

Likewise, nothing is known here officially of the report that Sir Lionel Carden had told President Huerta that Great Britain desired him to support Frederico Gamboa for the presidency. This, it is considered, would be direct interference in the internal affairs of Mexico, a course which the British government is opposing. As a matter of fact, the British policy is one of non-interference and this was the gist of the

foreign office's instructions to Sir Lionel Carden.

TYLER MAN PROMOTED TO COLONELSHIP.

By Associated Press. Austin, Texas, Oct. 25.—Lieut. Col. Hampton Gary of Tyler, was today appointed colonel of the Third Infantry, Texas National Guard, to fill the vacancy caused by the promotion of Col. Percy Townsend to be brigadier general.

EVERY THING FOR THE OFFICE

INDIVIDUALISM

Did you ever stop to think what it was that made your friend Jones or who ever, it happened to be the kind of a character he was. Every time you think of him you remember some distinct characteristic.

What is it? You don't know and you never will, unless the Creator gives you a better vision in the next world, but the human brain is such a wonderful thing that it looks and at once perceives the varied characteristics that go to make up the different individual.

No other business calls for individualism like the one in which we are engaged. Our customers seek oftentimes to reflect the most marked characteristics, and we thus record history for future generations to consider.

We always try to reflect the life of the individual, as near as possible, using marble, granite or bronze and the English language.

A DIAMOND

Is the one stone that brings more returns than any other known Gem. It is the one stone that all—old and young—prize. Even a little with a stone hardly large enough to be seen, is indeed proud. Then comes the little girl of from eight to twelve years—all prize them, and the young lady of eighteen prizes the DIAMOND. Why? Because Papa or her sweetheart, John, gave it. It brings joy and happiness. And now mother should not be forgotten, because it brings her closer to "hubby." Possibly all cannot afford a large DIAMOND, but we have all sizes—suitable for Baby to Grandma, and our

We want every man, woman and child in Wichita Falls to read what we say. Read every word of it. We know it is to your interest to do so. Here's what we want to tell you about. It is about
our new plan

"THE FRIDAY BARGAIN EVENT"

As we have said before in our advertising, we're doing everything in our power to make this the best and most progressive store, and one thing especially, we want to do, is to INCREASE the volume of our business. Now to do this large volume, we have decided upon a plan that has and is working very successfully in the large Eastern stores. These Bargain Events are to increase the volume of business.

Here is the Plan and We Are Going to Try It Out in Wichita

The Bargain Event Plan—It operates this way. Once every week we will offer for sale some three, four or five unusual bargains, limiting the quantity to each customer so that all may have a share of them. These will be remarkable values and good reliable goods.

Here is why this weekly "Bargain Events" will help us and help you. Because in addition to the regular goods you buy of us, which we feel is sold to you for less than you can buy elsewhere, these bargains will assist you in saving, for they will be so much under the regular price that you will wonder how we can do it.

There are no secrets about the Jones-Kennedy Store, so here is how we will be able to do it and how it will help us. We'll, owing to the large quantities of goods we can in this way dispose of, be able to go to the wholesalers and manufacturers, and buy large quantities of certain merchandise at almost give-away prices.

Mind you, these will be good clean goods, or it shouldn't come into our store, but it will be broken lots in good quantities, but not enough for the wholesaler or manufacturer to sample with their road men, and such lots they are always anxious to dispose of at a sacrifice, and what would be a big lot for us might be called a remnant to a large manufacturing plant. We have figured that *we can increase the ever increasing volume of our business* more quickly by this plan than any other. We have decided that Friday will be the day of the week. We will have these specials, so we call it "**The Friday Bargain Event.**" Keep your eye open for this heading on advertisements announcing the things to be sold. We will each week endeavor to make a public announcement of the goods, the quantities allowed and the prices.

We will try to make these advertisements as plain as possible, describing the items offered, naming the quantities allowed and the prices so that you may determine whether you are interested in the bargains offered any certain Friday or not.

Next Friday, October 31st, will be our first "Bargain Event." Look out for the announcement of the items offered. We feel we will have your co-operation for we have never broken faith with you. Yours friends

Makes Hard Work Easy!

DUSTING, cleaning and polishing hardwood floors is hard, back-breaking work. An almost never ending task and seldom satisfactory the old way. But it is easy, quick and satisfactory the new way—using the O-Cedar Polish Mop. With it you can spend a few minutes doing what it now takes you almost half a day. You simply run the O-Cedar Polish Mop over the floor and every particle of dirt and dust is taken up and held. The floor is given a hard, durable, lasting polish and shine.

It is also used for the dusting and cleaning of the tops of beds, furniture, between the balusters of the stairs and is so made that you can get to the far corner under the bed, beneath the radiator and other hard-to-get-at places.

It cuts house work in half.

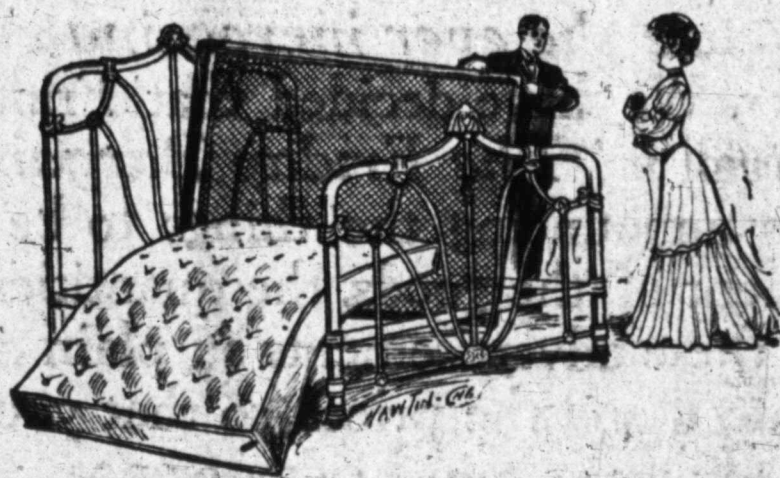

Don't put up with the old-fashioned hard way when you can get an O-Cedar Polish Mop for only

Satisfaction Guaranteed or Money Refunded

Try an O-Cedar Polish Mop for two days at our store. You will find it the best way for two days and if you are not satisfied with it we will promptly refund your money.

PYTHIANS MEET HERE TOMORROW

MEMBERS FROM MANY COUN-
TIES IN THIS SECTION EX-
PECTED TO ATTEND

MARLIN MAN WILL SPEAK

Men, Tom Connolly Will be Chief
Speaker—Local Members Have
Made Extensive Preparations

Knights of Pythias from twenty counties will gather here Monday for the district meeting of the Tenth Grand Chancellor's district comprising the Knights of Pythias Lodges of the following counties: Hardeman, Wilbarger, Wichita, Clay, Jack, Palo Pinto, Eastland, Callahan, Taylor, Haskell, Shackelford, Jones, Throckmorton, Young, Baylor, Archer, Knox, Foard and Stephens.

Several hundred visiting Knights are expected to attend. Some of these Knights will arrive this afternoon but the greater number will not reach the city until the afternoon train Monday. Grand Chancellor Tom Connolly of Marlin and Deputy Grand Chancellor A. D. Mobley of Dallas will reach the city on the 1:40 p. m. train Monday.

Reception and enrollment of delegates and the exchange of greetings between Knights will take up the afternoon and the meeting will be opened in the K. of P. Castle Hall in the Ward building at 8 o'clock Monday night. The new secret work will be given by the Grand Chancellor and the grand lodge rank will be conferred on all past chancellors who are in attendance and are in possession of their certificates showing they are past chancellors.

This will be the first district meeting held in Wichita Falls by the Knights of Pythias and the local committee has brought the meeting before the attention of every lodge in the district repeatedly and answers to invitations mailed out indicate a large attendance.

Pioneer Lodge No. 49 has enjoyed a healthful growth within the past year and is making plans for a campaign to still further increase its strength. A special dispensation has been granted the local lodge for the thirty days following the district meeting when a ten dollar fee will cover initiation into all the ranks of Knighthood. Deputy Grand Chancellor Mobley will remain in Wichita Falls during the period to assist the local lodge in its membership campaign.

HYOMEI RELIEVES IN FIVE MINUTES

Help Comes Quickly When Hyomei is Used for Catarrh, Bronchitis or Cold in the Head

If you suffer from raising of mucous, husky voice, discharge from the nose, droppings in the throat, sniffles, or any other symptoms of catarrh, or have bronchitis or cold in the head surely use Hyomei. It will banish the disease germs in the nose, throat and lungs and give quick and permanent relief or money refunded by Pooshee & Lynch.

The Hyomei treatment gives a tonic healing effect to the system, breaks, destroys the catarrhal germs, stops the poisonous secretions, soothes the irritated mucous membrane and makes a marked improvement in the general health. The complete outfit, including inhaler and bottle of liquid, cost only 50 cents. (Adv.)

WOMEN VOTE FOR FIRST TIME IN ITALY TODAY

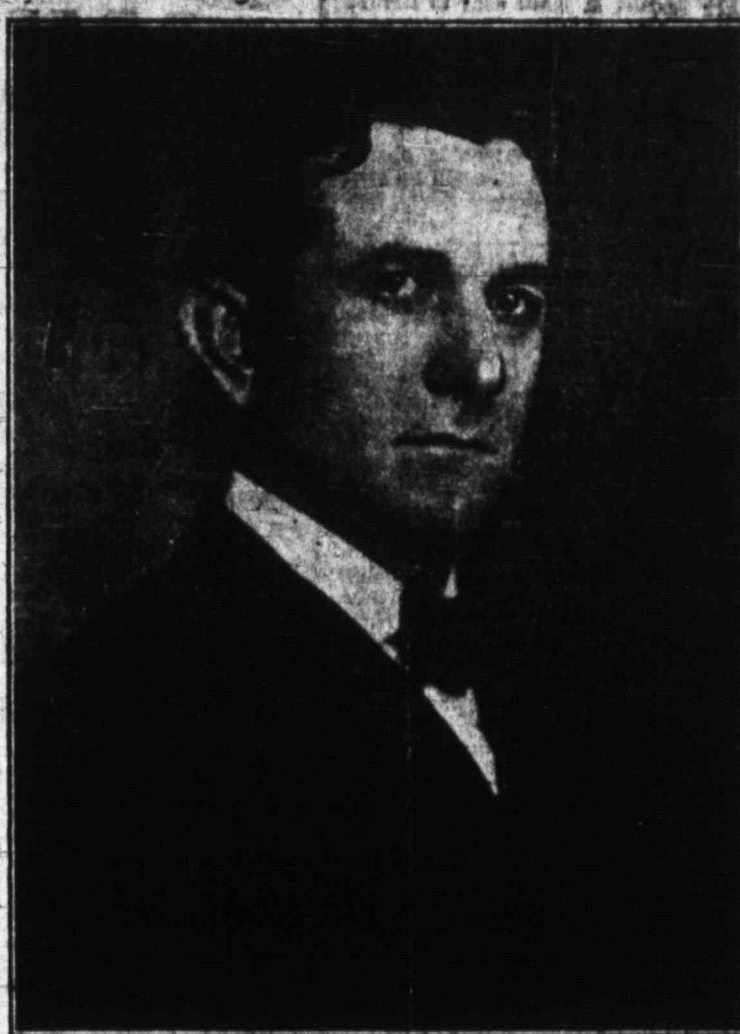

General Elections Will be Held to
Seat 508 Members of Parliament
—Socialists Busy

Rome, Oct. 25.—All industrial life in Italy is practically at a standstill today in preparation for tomorrow's general elections to seat 508 members. The unusual importance which is being attached to these is due to the fact that they will be the first election under universal suffrage. Of the 8,000,000 electors who will go to the polls tomorrow, 5,000,000 will go for the first time to exercise the right of suffrage which they succeeded last year in wresting from the government. It is largely for the instruction and lining up of these by the various political parties that the work of practically all kind has today been suspended. Although the socialists are expected to make immense gains at tomorrow's voting, it is generally conceded that the continuation in power of Giolitti's party is assured. Giolitti's platform for the continuation of his policy of the past few years looks more to the aggrandizement of Italy as an European power, as exemplified in Giolitti's successful seizing of Tripoli and Cyrenaica, than to constructive legislation in behalf of the people at large. The socialists, however, who already have some 25 seats in parliament, are expected to double or triple that number. They are helped by the fact not only that the great bulk of the 8,000,000 new voters come from the ranks of the working classes, but also by the fact that from the moment two years ago that universal suffrage seemed assured they have conducted a never relaxing propaganda.

A TEXAS WONDER

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles for children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for Texas Testimonials. Dr. E. W. Hall, 2226 Olive St., St. Louis, Mo. Sold by all druggists. (Adv.)

Will Be Principal Speaker At District Convention Of Pythians

HON. TOM CONNOLLY OF MARLIN

AT THE CHURCHES

First Presbyterian Church will worship with the M. E. Church, South, corner Tenth and Lamar. Services at 11 a. m. and 7:30 p. m. Morning services conducted by Dr. Hill, evening services conducted by Dr. McKee. Presbyterian Sunday school will be conducted in the Y. M. C. A. building. Union prayer meeting at the Methodist church Wednesday evening.

J. L. McKee, Minister.

Lutheran Trinity Church, Texas Synod (Fourteenth and Buell)

On this Sunday we will celebrate the anniversary of the Reformation and our annual mission festival. Morning services at 10 a. m. Afternoon services at 2:30 p. m. Evening services at 7:30 p. m. At the morning service Rev. J. McGehee of Breckenridge, Texas, will preach on "The Lutheran Church and Missions." The Rev. J. McGehee has traveled extensively abroad and is thoroughly familiar with the various phases of mission work. He is one of the best speakers on missions in our church in this country. The evening services will be conducted in the English language. The local pastor will preach the sermon. Subject: Rev. 14: 6, "The Glory and Duty of our Lutheran Church." Everybody is cordially invited to attend our services.

M. E. Church, South

(Corner Tenth and Lamar) Preaching at 11 a. m. by the pastor and at 7:30 p. m. by Dr. McKee. The Sunday School meets at 2:30 a. m. and the Epworth League at 6:30 p. m. All the members of the League are urged to be present, as important business is to be transacted.

J. W. Hill, Pastor.

Christian Church

Bible school 9:30. W. J. Bullock, Superintendent. Good teachers and classes for all ages. 10:45 the pastor will preach the second sermon on the Joy of Life and Things That Kill. 7:30 the pastor will preach the second sermon concerning Religion—What Religion Does. Endeavor meeting at 6:30. The Ladies Aid will meet at the home of Mrs. M. E. Reids Monday afternoon.

Christian Science

Services will be held in room 1, old postoffice building as follows: Lesson sermon Sunday at 11 a. m. Subject, "Probation After Death." Sunday school at 9:45 a. m. Testimonial meeting Wednesday at 7:45 p. m. The reading room at the same address is open daily except Sunday from 2 to 5 p. m. Here authorized literature on Christian Science may be read or purchased. The public is cordially invited to attend these services and visit the reading room.

First Methodist Episcopal Church

(Corner Seventh and Lamar) Sunday School 9:45. Morning Worship 11:00. Epworth League 6:30. Subject, "Christ and the Modern Social Impulse." Evening Worship 7:30. Every lady of the church and congregation are cordially invited. Wednesday evening prayer meeting in the church lecture room beginning at 7:30. See announcement of the evangelistic services to be held beginning with Nov. 2. JOSEPH E. COE.

Whenever You Need a General Tonic

Take Grove's Tasteless Fruit Tonic. It is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

RECEPTION TO PASTOR OF FIRST M. E. CHURCH

Congregation Has Old-Fashioned
"Pounding" for Rev. J. E. Coe
on Friday Evening

Byron has said: "Tis sweet to know
there is an eye will mark our coming
and look brighter when we come."

If the Rev. Joseph E. Coe, wife, mother and family have ever had any apprehension as to their reception for another year as pastor of the First Methodist Episcopal Church, the reception Friday night should forever eliminate the thought. Over two hundred members and friends of the congregation came with heartfelt greetings and God speeds for another prosperous year in the vineyard. "They came with more than expressions of good will, as it was one of those old fashioned poundings where each person brought with them a pound of something substantial for the inner man. Before 8 o'clock the name list was filled to overflowing. After the tables were piled high with the good things that were so lovingly showered all required to the church parlors where the good feeling that was expressed in the joy of their pastor's return could not be estimated in pounds, or pounds sterling.

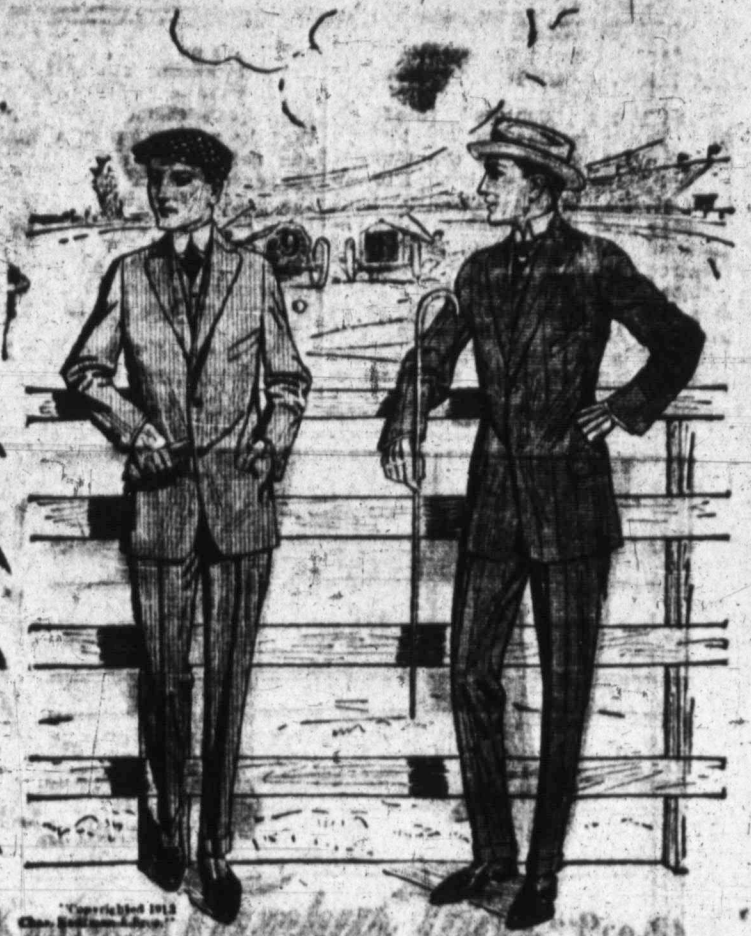

In a welcoming address sparkling with wit and happy allusions to the many ladies present Mr. Hunter of the City National Bank welcomed the pastor and his charming family royally to Wichita Falls. His address of welcome was received with the old Methodist expression of "amen" from all present. The speaker was introduced by H. J. Bachman, Mr. Hunter said in part that the most rapid means of communication was to telegraph, telephone or tell-a-woman and it was through the latter source that the parishioners of this church learned that they were about to lose Mr. Coe, as Fort Worth had made a strong bid for his services for the coming year. It was then that the telegraph was resorted to, that fully demonstrated the reverence and esteem in which Pastor Coe was held at this point. It has been said that you will never miss money until it is spent, money until you have left it, or the American flag until, as a wanderer—ten a foreign shore you see it waving from the shack of the American ambassador, and I might add to this a preacher until you are about to lose him.

This being one of the representative churches of this city it is necessary that we have a representative man at its head, and the entire city, as well as the members and friends of the church are gratified to know that we have a pastor whose name and fame has spread to larger cities and better appointments. We are also proud of having with us at least another year a minister who is so admirably fitted in character, education and spiritual fitness that he is neither afraid nor ashamed to work in the Master's vineyard—even should that place be a lowly one.

It is a man's work, the saving of the immortal soul and by the expressions heard last night Pastor Coe will have hearty cooperation of his flock in the great work he has outlined. I know that Wichita Falls is better for the two years work of this man and is looking hopefully forward to a more concerted effort in teaching the hopeless that there is hope, and the blind to see. Kidding has struck a keynote when he said:

"God of our Fathers be with us yet
Lest we forget, lest we forget."
The sins of omission have always been greater than the sins of commission.

The ladies served refreshments that were greatly enjoyed by every one, as the plates were cleaned and the cups drained. We have always thought women were the men to run a church, for they know what a man needs most and that is love. To Pastor Coe, wife and family, and to his estimable mother, we extend

Kaufman Campus Togs "Pre-Shrunk"

will satisfy you "lively" young men for they're made especially for you—from "special" fabrics—are perfect fitting, well tailored and popularly priced. And we guarantee they will retain their stylishness as long as worn.

AUSTRIAN COMIC OPERA IS

"THE MERRY COUNTESS" TUESDAY

"The Merry Countess" voted by New York's famous society leaders the choicest conceit of the musical comedy stage has been booked to appear at the Wichita Theatre next Tuesday and the occasion will undoubtedly see a great outpouring of theatre-goers.

"The Merry Countess" is in three acts and takes place at a fashionable place in Austria. This condition it will readily be seen admits of picturesque mise en scene and the costumes are of the most fascinating design. It should hardly be necessary to state that all of these opportunities have been taken advantage of and that the production as a whole is the one delight of the play-goer's lot. However, it must not be thought that the scenic investiture and the costume are the main claim of the charming "Countess" for recognition for such is by no means a fact. The fundamental claim of this marvelously beautiful operetta is the score and libretto.

The score of "The Merry Countess" is acknowledged to be the most excellent ever written by Johann Strauss, who is the undisputed waltz king. The book and lyrics are by Clyde Vonger and Arthur Anderson. To give "The Merry Countess" an intelligent and worthy rendition. Manager Samuel E. Rork sent to Europe for some of the "types" and with such excellent success that the foreigners lend just the right tincture of atmosphere and produce a seasoning hitherto unprecedented on this side of the Atlantic.

The large and fashionable chorus of dashing stage beauties will be seen here in all the glittering allure that captivated Broadway.

ROBIN HOOD SOPRANO IS AN AMERICAN WITH FOREIGN NAME

Enrica Dilli, the wonderful dramatic soprano with the de Koven Opera Company in "Robin Hood" at the Wichita Theatre next Friday, gets her rather peculiar name from the fact that foreign countries are prejudiced against American singers. Miss Dilli is the daughter of Henry Clay Dillion, former United States Congressman from California, and a judge of the Supreme Court of that state when he died. She was named Enrica for her father, but adopted the Dilli when she made her debut at the Theater Pergolesi in Jese, Italy—an opera house named for the famous composer. During an engagement with the Royal Opera in Malta, where the Duke of Comaught was stationed at the time, she so pleased him with her rendition of Puccini's "La Tosca" that he sent for her and decorated her as an English court singer.

Miss Dilli is very proud of this, but more proud of her American honors, which make her a Colonial Dame and a Daughter of the American Revolution. Her mother is the Regent for the D. A. R.'s in California.

She sang abroad for a number of years, but was brought back to her native land to join Andreas Dipole's Chicago Grand Opera Company last season, and scored an immediate success in Aida, Il Trovatore and Cavalleria Rusticana. As Maid Marian she is making her first appearance in a light opera rôle, but since Reginald de Koven's music permits of the most skilled interpretation she is very happy in the part.

She is a warm advocate of cold-water and outdoor exercise for keeping her voice and spirits in condition, and the advance representative has orders to always secure her a suite with southern exposure, as near the roof as possible.

SPOOL OF PETRIFIED BARBED WIRE FOUND.

(Post City Post)
Last Sunday L. T. Askins brought in from his place near Vesper a petrified spool of barbed wire which he found buried in the sand of Salt Fork of the Brazos river. It was apparently a full one hundred pound spool which had in some way been left or had fallen into the bed of the stream, where it had filled with clay and sand and by chemical action the steel had combined with the sand to form a solid stone. Apparently it had lain in the river for many years as the wood of the spool was rotted away and only traces of it remained. The relic is on exhibition at Warren brothers drug store where it has attracted much attention.
My Motto: Miller sells it for less.

MRS. THOMPSON TO GIVE RECITAL NEXT THURSDAY

Next Thursday evening Mrs. Fred Thompson will give a concert at the Wichita Theatre for the benefit of the Presbyterian Ladies Aid. Mrs. Thompson kindly tendered her services and is arranging the program herself, so music lovers here can be assured of something very good. Mrs. Thompson is a most gifted singer and has a large number of beautiful selections in her repertoire. She is well known to Wichitans by her solos given at the Methodist church, and in other cities she is equally well known. She goes annually to Dallas to sing for the Scottish Rite Masons at that place and has also sung at other notable events and places. Her voice winning much praise and favorable criticism. Those who attend the concert Thursday night may expect a rare treat.

MRS. REESE IS HOSTESS TO FRIDAY BRIDGE CLUB

The Friday Bridge met last week with Mrs. T. Reese. Three tables of players enjoyed the game for some time and the hostess served a salad course to the following members: Mesdames Allen, Wade Walker, Eugene Sherrod, Dell McKee, Miller, McGreggor, R. E. Huff, Fitzpatrick, Bruce Smith and DuVal, Misses Chamberlain and Sherrod.

UNITY CLUB HAS MEETING FRIDAY WITH MRS. GORSLINE

The Unity Club met Friday afternoon with Mrs. W. L. Robertson. Mrs. Gorsline was the leader and had prepared a paper on Brazil the boundless. Other numbers on the program were the world's coffee cup, and how it filled, by Mrs. Young; Rio de Janeiro, the city beautiful, Mrs. Langford; Bolivia, the country of the Great Plateau, Mrs. Anderson; Lake Titicaca, and the Oriental Andes, by Mrs. Hunt. The members enjoyed a most unusual treat in the form of several beautiful vocal selections by Mrs. Walter Robertson. Those present were Mesdames Anderson, Darnell, Greenwood, Gorsline, Hunt, Langford, Patterson, Montgomery, Robertson, Walker, Young and Zundelovits.

ELEMENTARY COUNCIL TO HOLD MEETING THURSDAY

Program for Elementary Council Thursday, October 30, at the M. E. Church, South:
Opening exercises, Miss Kate Haynes.
First Year Beginners, Mrs. DuVal.
First Year Primary, Mrs. Deabon.
Second Year Primary, Mrs. Walters.
Third Year Primary, Miss Lois Brothers.
First Year Junior, Mrs. Bunting.
Second Year Junior, Mrs. Hyatt.
Fourth Year Junior, Mrs. Smyre.
Uniform Junior, Miss Ruth Downing.
The Elementary Council is proving quite a help to those attending. The teachers get new ideas for teaching the lesson, and in turn are enabled to help some one else. Every elementary teacher should make it a point to attend the council.

MISSIONARY SOCIETY WILL HOLD AN ALL DAY SESSION

The regular monthly all day meeting of the Missionary Society of the

M. E. Church South, will be held Monday at ten o'clock in the church parlor. The following program will be rendered:
Devotional led by Mrs. E. B. Gorsline.
Responsive Reading in the Footsteps of the Master.
What has Protestantism Done for Mexico, by Mrs. M. F. Kelly.
A Glimpse of Mexican Housekeeping by Mrs. E. M. Harris.
Cathedrals of Mexico by Mrs. Wells.
Mesdames J. P. Jackson and C. B. Montgomery will give a report of the district meeting recently held in Bellevue.
The forenoon will be devoted to sewing, crocheting and conversation. Lunch will be served at noon, and the program will be rendered in the afternoon. All strangers and new members are cordially invited to be present.

MISS LOUISE MONTGOMERY HOSTESS FRIDAY AFTERNOON

The I. G. B. C.'s were entertained by Miss Louise Montgomery Friday afternoon. The girls sewed and talked just as fancy led them and the hostess served a delicious salad course. The following members were present: Misses Lela Bell Anderson, Gertrude Davidson, Annette Walsh, Margaret Noble and Elizabeth Patterson.

MODERN CROCHET CLUB IN PLEASANT SESSION WEDNESDAY

The Modern Crochet club met with Mrs. W. P. Brooks Wednesday afternoon. The members crocheted, discussed new patterns and exchanged samples. The sudden change to winter weather made the refreshments of hot chocolate and cake, served by the hostess most acceptable, and the happy affair was wound up by a hayride home for all the members. Those present were Mesdames West, Cal both, Hammond, Reid, Thompson, Ulrich, Hendrix, Stout and Miss Brooks Louise Hendricks, Ester Ulrich, Gilbert West, Willis and Howard Brooks.

ALL-DAY QUILTING PARTY: MRS. W. W. BROWN HOSTESS

Mrs. W. W. Brown was hostess at a unique all-day quilting party Thursday in honor of her daughter, Miss Imogene's birthday. The ladies participating in the quilting party had been partakers of the Brown hospitality on previous occasions, and so decided to do the party up "brown." Each lady placed a quilt block at home and wrote her name on, and all the necessary preparations having been made, the quilt was set up on arriving at the Brown home and the quilting proceeded most merrily. Busy fingers flew, and soon the quilt was finished, and was presented to Miss Imogene. One who has not taken part in an old-fashioned "quilting bee" has certainly missed something as all the quilting are ready to testify. One of the most enjoyable features of the day, if not the most important was the dinner. The table was beautifully decorated to delight the eye and was groaning under its load of good things to satisfy the inner man. Those present unite in expressing themselves as having had the most delightful time they had spent in many a day. Included in the guest list were Mesdames Clabey, Davis Lane, Trevathan, Moore, Morris, Hutson, Hartsook, Hunt, Waggoner, Clifford Brown and Miss Morgan.

MRS. A. J. BENNETT HOSTESS TO FRIENDS FRIDAY NIGHT

Mrs. A. J. Bennett entertained a few friends most delightfully Friday night. Forty-two was the diversion of the evening and the hostess favored the company with a number of beautiful vocal selections. A most delicious salad course was served to the following guests: Mrs. Muller and her sister, Miss Pearson of Louisiana. Mesdames Durning and C. R. Hartsook, and Misses Pauline Gehard and Anna and Beth Trimble.
Mrs. Livingston Fain is visiting her parents, Dr. and Mrs. J. M. Bell.
R. L. Nooy and Joe Bahan left Friday night for Dallas to spend several days at the Fair.

THURSDAY SEWING CIRCLE MEETS WITH MRS. MURPH

The Thursday Sewing Circle held its regular weekly meeting with Mrs. J. W. Murph. The time was profitably spent in the usual manner. Members present were Mesdames Bell, Montgomery, MacDowell, Hartsook, Waggoner, Gardner, Misses Huggins and Gardner.

MISS LENA GIDCUMB IS BRIDE OF A. T. RUSSELL

A. T. Russell of Gray county and Miss Lena Gidcumb of this city were married Thursday night. Dr. J. W. Hill officiating. The bride is a sister of Mrs. J. P. Jones and the wedding took place at the J. P. Jones residence, 2210 Ninth street.
JUST SO CLUB WILL HOLD ITS FIRST MEETING SATURDAY
The Just So Club of the First M. E. Church, South, Sunday school will be revived for the winter. It will hold

its first meeting Saturday with Miss Laura Martin, 2404 Tenth. All members of the class and especially new members are urged to be present.

MUSICIANS CLUB PLANS ATTRACTIONS THIS WINTER

The Musicians' Club held its regular bi-weekly meeting with Mrs. W. H. Walker Thursday afternoon. The first forty-five minutes were given to chorus practice. At the business meeting plans for the new year were laid and the feasibility of bringing some good first class musical attraction to the city during the winter was discussed. Mrs. Walter Robertson, soprano and Mrs. Fred Thompson, contralto, gave some very pleasing vocal selections and the chorus sang a number.

DANCE AT ELKS CLUB ENJOYED THURSDAY EVENING

A number of couples of young people gathered in the Elks' club rooms Thursday night to enjoy the good floor and good music. Those present were the Misses Agnes Reid, Carrie Kell, Able Rathene, Ona Bell, Lillian McGregor, Lillian Avis, Edith Mathis, Bess Kell, Lillian Denny, Mabel Simpson, Helen Jalonic and Eddie Carver, Messrs. Marion, Boyd, Thomas, Hendricks, Hickman, Brittain, Clifton, Felder, McManis, Griffin, Caswell, Blair and Lamar Fain. Doctor and Mrs. Jones and Mr. and Mrs. Bessey.

WICHITAN SOON TO WED IN CLINTON, MISSOURI

C. W. Snider and daughter, Helen will leave tomorrow for Clinton, Mo., to attend the wedding of Miss Viva Gibbons to C. Y. Tully of this city. The wedding will take place Tuesday evening and after a wedding trip the couple will make their home in Wichita Falls where Mr. Tully is auditor for the Wichita Falls Motor Manufacturing Company. Mrs. Snider is already at Clinton. Mr. Snider and his daughter will be joined in Dallas by J. J. Perkins who also will attend the wedding.

MISS HESBA ZIEGLER BECOMES BRIDE OF CHAS. J. PATE

At the home of the bride's parents, Mr. and Mrs. J. C. Ziegler, 1614 Tenth street, Miss Hesba Ziegler and Charles J. Pate were united in marriage Wednesday at 12:30, Dr. J. L. McKee officiating. The bride's home was decorated for the occasion in ferns and cut flowers, and a number of relatives and friends gathered there to witness the ceremony. The bride was in a going away suit of mahogany, with hat, gloves and shoes to match and carried the conventional bride's shower bouquet of white roses and ferns. There were no attendants. After the ceremony, cream and cake were served to those present, following which the bride and groom were escorted to the Union Station. There they departed for Dallas, San Antonio and other points for a two weeks' trip. Upon their return they will make their home at Eleventh and Grace. Among the out-of-town guests here for the ceremony today were Miss Gray of Seymour, and Mrs. Bowen of Frederick. The bride has long resided in this city and her personal accomplishments, coupled with the prominence of her family make her friends feel that Mr. Pate has indeed won a prize. The groom is a promising business man of this city, being a member of the architectural firm of Pate and Von der Lippe. Both bride and groom enjoy the friendship and esteem of a host of friends whose best wishes are with them in their new estate.

Mrs. J. C. Ward and Mrs. J. M. Blankenship and little daughter have returned from a two weeks' trip to Mineral Wells. They were accompanied home by friends from Louisiana, Mr. and Mrs. Charles Emmer of New Orleans, who have been in Mineral Wells for some time and who will return home by way of Dallas to visit the Fair.

RHEA HOWARD AND MISS KATHLEEN BENSON MARRIED

Rhea Howard and Miss Kathleen Benson were quietly married at one o'clock Wednesday afternoon at the home of the bride's grandmother, Mrs. R. E. Hendry, 1008 Scott. Only the immediate relatives and a few close friends attended the simple ceremony, which was performed by Dr. J. W. Hill, pastor of the M. E. Church, South. Ferns and cut flowers tastefully used, decorated the Hendry home for the occasion. The young groom and his bride came down the stairway to the accompaniment of the Lohengrin bridal chorus, played by Mrs. C. R. Hartsook and took their places before the floral altar which had been placed in one corner of the room. The wedding ceremony was used, and Dr. J. W. Hill pronounced the impressive words. The bride was clad in her going away suit of mahogany and hat with self color plume, the costume being completed by a handsome set of furs. Those present at the ceremony included Mrs. R. E. Hendry, Judge W. D. Benson of Lubbock, Mrs. J. T. A. Fleming, Mrs. J. L. Means, Miss Pauline Means, Mr. and Mrs. Jack Shelton, Mr. and Mrs. Ed Howard, Leslie Howard, Mrs. C. R. Hartsook. After the ceremony Mr. and Mrs. Howard left for Dallas where they will spend a few days before returning to their new cottage at 1008 Kemp Boulevard which will be their home. Many handsome presents attested the popularity of the young people. Both were reared and schooled in

SHERIFF R. L. RANDOLPH SUMMONED AS WITNESS.
Sheriff R. L. Randolph received a telegraphic summons from the United States district attorney yesterday to come at once to Lawton as a witness in the trial of Hugh Radford, charged with shooting Charles Porter, a former sheriff at Enid, Okla., last June. Radford is being tried for shooting on

government property. Mr. Randolph was at Enid attending federal court when the shooting took place. Radford, who is said to have been intoxicated, shot Porter for the latter's activity in securing the release of John Cannon from the Oklahoma penitentiary where he had been sentenced for forty years for killing Radford's father.

Wichita Falls and have countless friends in this city whose best wishes accompany them in their new estate. The bride is the daughter of Judge W. D. Benson of Lubbock, Texas, and the granddaughter of Mrs. R. E. Hendry of this city. The groom is the son of Mr. and Mrs. Ed Howard of this city.

MRS. BACHMAN HOSTESS TO NEW IDEA CLUB TUESDAY.

Mrs. H. J. Bachman entertained the New Idea Club Wednesday. There were several guests present, these being Mrs. H. L. Hunter, Mrs. Mitchell and Miss Cora Scott. During the course of the afternoon Mrs. Bachman served a delicious two-course luncheon, assisted by her daughters, Miss Lillian Ruby and Stella. The following members were present: Mesdames Charles Scott, M. E. Carey, W. G. Shaw, J. J. Simon, W. G. Long, R. P. Goodale, T. E. Dobson. The next meeting will be with Mrs. M. E. Carey.

COL. AND MRS. SHERROD CELEBRATE ANNIVERSARY.

Tuesday evening Colonel and Mrs. Sherrod celebrated their fifty-seventh anniversary. All of their children were in attendance, Mr. Benjamin Sherrod having come from El Paso to be present. The dining room was beautifully decorated with roses in profusion and the table was tastefully arranged with handsome cut flowers. A sumptuous turkey dinner was enjoyed by the following members of the Sherrod family: Col. and Mrs. Sherrod, Mr. and Mrs. Eugene Sherrod, Mr. and Mrs. C. B. Toney, William, Dorothy, and Charles Toney, Miss Lucile Sherrod, William and St. Clair Sherrod.

AUTOMOBILE PARTY TO VISIT STATE FAIR TOMORROW.

Misses Jewel and Bertha McKemp will be hostess to a week-end auto party to Dallas. Mrs. Addicks will chaperone the following young ladies: Misses Lillian McGreor, Bea and Carrie Kell, Jewel and Bertha McKemp. Mr. and Mrs. Newton Mack will accompany them in their automobile.

MEETING OF NEW ERA CLUB WITH MRS. SHAW.

The New Era Club met Saturday with Mrs. W. G. Shaw. A short business session was held and the following interesting program was carried out: Lesson study, Scott, leader, Mrs. Shaw, chaperone, and how far it is reflected in his writings, Mrs. Long; Scott's heroines, Mrs. Shaw; Scott's influence, Mrs. Christensen. The next meeting will be held Nov. 1 with Mrs. Hald.

NEW BRIDGE CLUB MEETS WITH MRS. FRANK CULLINAN.

Mrs. Frank Cullinan was hostess to the New Bridge Club on October 17. An interesting series of games was played. Mrs. Fenton making high score and receiving a sterling silver call bell. The hostess served delicious refreshments to the following members: Mesdames E. J. Smith, T. B. Smith, E. P. Greenwood, Griffin, Cravens, Dent, Hivick, Penton, Harrington, Loeb, Art, Strio Moore and Miss Dent. The club will hold its next meeting, Friday, Oct. 21 with Miss Dent, 1629 Tenth.

GUILD COMBINES BIRTHDAY SHOWER WITH ITS MEETING.

A birthday shower and a Guild meeting combined was held at the home of Mrs. Milburn in the factory addition. It being Mrs. Milburn's birthday the ladies gave her a most delightful shower. In the business session all the affairs and expense incidental to the presentation of "Reveries of a Bachelor" were settled. The ladies also decided to set aside a sum of money to be devoted to the building of a new church and to work to that end. After the peeling the hostess served dainty refreshments. Members present were Mesdames Sammons, Boger, Allen, Milburn, Shaw, Cravens, Short, Fox, Taline, Clapp, Inge, Bibb, McElroy, Gates and Childers. The Guild meet next week with Mrs. Childers.

WOMAN'S ALLIANCE HOLDS SESSION MONDAY AFTERNOON.

The Woman's Alliance of the First Baptist Church held a very splendid meeting Monday afternoon. There was an unusually large number in attendance and many excellent reports from various committees were heard. Reports from Mesdames C. C. Wood, J. B. Jones, R. C. Smith and I. A. Farris on the district convention was heard at Bellevue were very much enjoyed. The leaders of each division of which there are ten, reported excellent division meetings of the preceding Monday. A committee consisting of Judge Lory, Albert Smoot, Mrs. G. C. Woods and Mrs. J. B. Jones was appointed to purchasing apparatus, lights and a table in the Walnut Street Mission. The free will offering on this occasion amounted to \$43.

INTERESTING PROGRAM BY ART LITERATURE CLUB.

Mrs. W. P. Bolding was hostess to the Art Literature Club Tuesday afternoon. The members answered roll call with interesting facts, and places of interest in and around Constantinople. The leader for the afternoon was Mrs. H. L. Baker. A very interesting paper on Constantinople, written by Mrs. De Berry

Spanish Beauty Is Chosen Queen Of San Francisco's Unique Celebration Of Pacific's Discovery

San Francisco, Oct. 25.—A Spanish beauty of historic ancestry, Conchita Sepulveda, has been chosen queen of the Portola festival, San Francisco's unique celebration commemorating the discovery of the Pacific ocean by Balboa. The festival, which is in honor of the four hundredth anniversary of the discovery, ends Oct. 25. Conchita Sepulveda is a descendant of some of the oldest of California families, tracing themselves back to the days of heroic Don Gaspar himself, her father from 1870 to 1883 occupied

with honor the offices of county judge, district judge and superior judge of Los Angeles county, eventually resigning to go to Mexico as chief counsel for a well-known express company. In the sister republic he became the close friend and confidential adviser of former President Diaz.

Her mother was a De la Guerra, one of the famous Santa Barbara families which still owns the beautiful hacienda there, one of the show places of the southern coast. May Cook, A very pleasant hour was spent in talking over plans for the future.

INSTRUCTIVE PROGRAM IS RENDERED BY NEW CENTURY.

The New Century Club held a most delightful meeting at the home of Mrs. R. P. Watts Wednesday afternoon. The lesson on the constitution of the U. S. was led by Mrs. Gardner. Roll call was answered by a federal law. Mrs. Lynch read a most interesting paper on "The Framers of the Constitution," and Mrs. Montgomery read one on "Literature in New England." After the program Mrs. Watts served delicious chicken salad, sandwiches and tea to Mesdames Montgomery, Grisham, R. C. Smith, Lynch, Adams, Wade Walker, J. R. Hyatt, George Harrington, Kelly, Burnside, Addicks and Gardner.

The Major Francis Grice Chapter D. A. R. will meet with Mrs. R. L. Miller, 1300 Travis, Saturday, Nov. 1, at 2 p. m. Miss Thelma Kahn and Miss Audrey Addicks went to Dallas Friday night to see the fair. Mr. and Mrs. Orville Bullington were among the Wichita Falls visitors to the Dallas Fair yesterday.

NOBODY SPARED.

Kidney Trouble Attack Wichita Falls Men and Women, Old and Young.

Kidney ills seize young and old. Often come with little warning. Children suffer in their early years. Can't control the kidney secretions. Girls are languid, nervous, suffer pain.

Women worry, can't do daily work. Men have lame and aching backs. If you have any form of kidney ills. You must reach the cause—the kidneys.

OLD MAIDS' AID ENJOYS SESSION WITH MISS REID.

The Old Maids' Aid and a few invited guests were entertained by Miss Agnes Reid Tuesday. The usual embroidery and other fancy work occupied the course of the afternoon. The hostess served a delightful social course to the Misses Carrie Kell, Edith Kemp, Edith Carver, Mabel Simpson, Mabelle Clifton, Kathryn Wilson, Laura Bell, Helen Jalonic, Allan Avis and Mesdames Dolman and Daugherty.

BAPTIST SUNDAY SCHOOL TEACHERS ARE ENTERTAINED.

Mrs. W. H. Davis entertained the teachers of the primary and beginners department of the Baptist Sunday school at her home Tuesday evening from 4 to 5 o'clock. Mrs. Davis in her usual happy manner invited all to the dining room, where those present were told to find their places. The place cards bearing the names had on the reverse side a letter. Each was requested to write a sentence pertaining to the Sunday school work, commencing with that letter. These were read and found the letters spelled primary department. The sentences showed great zeal in the work for the coming year. Delicious refreshments were served by the hostess, assisted by her little daughter, Helen, and little Eula

with honor the offices of county judge, district judge and superior judge of Los Angeles county, eventually resigning to go to Mexico as chief counsel for a well-known express company. In the sister republic he became the close friend and confidential adviser of former President Diaz.

Her mother was a De la Guerra, one of the famous Santa Barbara families which still owns the beautiful hacienda there, one of the show places of the southern coast. May Cook, A very pleasant hour was spent in talking over plans for the future.

The Major Francis Grice Chapter D. A. R. will meet with Mrs. R. L. Miller, 1300 Travis, Saturday, Nov. 1, at 2 p. m. Miss Thelma Kahn and Miss Audrey Addicks went to Dallas Friday night to see the fair. Mr. and Mrs. Orville Bullington were among the Wichita Falls visitors to the Dallas Fair yesterday.

NOBODY SPARED.

Kidney Trouble Attack Wichita Falls Men and Women, Old and Young.

Kidney ills seize young and old. Often come with little warning. Children suffer in their early years. Can't control the kidney secretions. Girls are languid, nervous, suffer pain.

Women worry, can't do daily work. Men have lame and aching backs. If you have any form of kidney ills. You must reach the cause—the kidneys.

OLD MAIDS' AID ENJOYS SESSION WITH MISS REID.

The Old Maids' Aid and a few invited guests were entertained by Miss Agnes Reid Tuesday. The usual embroidery and other fancy work occupied the course of the afternoon. The hostess served a delightful social course to the Misses Carrie Kell, Edith Kemp, Edith Carver, Mabel Simpson, Mabelle Clifton, Kathryn Wilson, Laura Bell, Helen Jalonic, Allan Avis and Mesdames Dolman and Daugherty.

Notice

Having adjusted my loss with the Insurance Co., and in order to dispose of my stock so that I will not have to move it to my new location, I have decided to put on a Fire Sale. We're now cleaning up the stock and will offer same to the public Friday Morning, Oct. 24th.

Nothing will be reserved and this will be your chance to buy some first-class goods at less than wholesale prices. Terms strictly cash during this sale.

CANDIDATES SOON TO BE IN OUR MIDST AGAIN.

(Wichita County Messenger)

It will not be many days until the jolly candidate will be about, shaking hands with the dear people, saying foolish things to babies and teasing the lovesick boy. Some furrows will be plowed for the voting farmer, subscriptions given to rebuild churches and school houses, and box parties will reap some rewards. Yes, the time is drawing when the man selecting office will be with us. The candidate, like the poor, mentioned somewhere in holy writ, will be with us unto the end; until the cock crows and the final foot of the trumpet is heard throughout the land and most remote part of the sea. He was here soon after the first rays of light flooded the garden which made secure a place in history by Eve's unguaranteed taste for a particular kind of fruit, and, by honey, it is recorded that he shall remain while the generations journey from the cradle to the grave. When the last vestige of this

old earth is seen to slip its moorings and sail out into space, or whatever it is called, then, reader, not 'till then will the candidate pass from the beaten paths of men. So, the good year 1914 will come forward with its quota of patriots who have forsaken the pursuits of the plain people to take up the burdensome duties coming to the lot of the geeker of public office.

BATHS

You don't have to wait. Baths—Salt, glow, plain, hot or cold, good rubber in attendance. Five new Bathrooms at Lawlers Barber Shop. Call and see me. L. H. LAWLER, Proprietor.

O-Cedar Mops at Half Price Tomorrow

Makes Hard Work Easy!

DUSTING, cleaning and polishing hardwood floors is hard, back-breaking work. An almost never ending task and seldom satisfactory the old way. But it is easy, quick and satisfactory the new way—using the O-Cedar Polish Mop. With it you can spend a few minutes doing what it now takes you almost half a day. You simply pass the O-Cedar Polish Mop over the floor and every particle of dust and dirt is taken up and held. The floor is given a deep, durable, lasting polish and finish.

O-Cedar Polish Mop

Is the best for the dusting and cleaning of the tops of high furniture, between the runners of the stairs and in so many other places that you can get to the far corner under the bed, beneath the radiator and other hard-to-get-at places. It cuts house work in half. Don't put up with the old-fashioned hard way when you can get an O-Cedar Polish Mop for only \$1.50.

Satisfaction Guaranteed or Money Refunded

Try an O-Cedar Polish Mop for two days at our risk. Test it every way for two days and if you are not delighted with it we will promptly return your money.

Makes it Easy to Clean Those Hard-to-Get-At Places

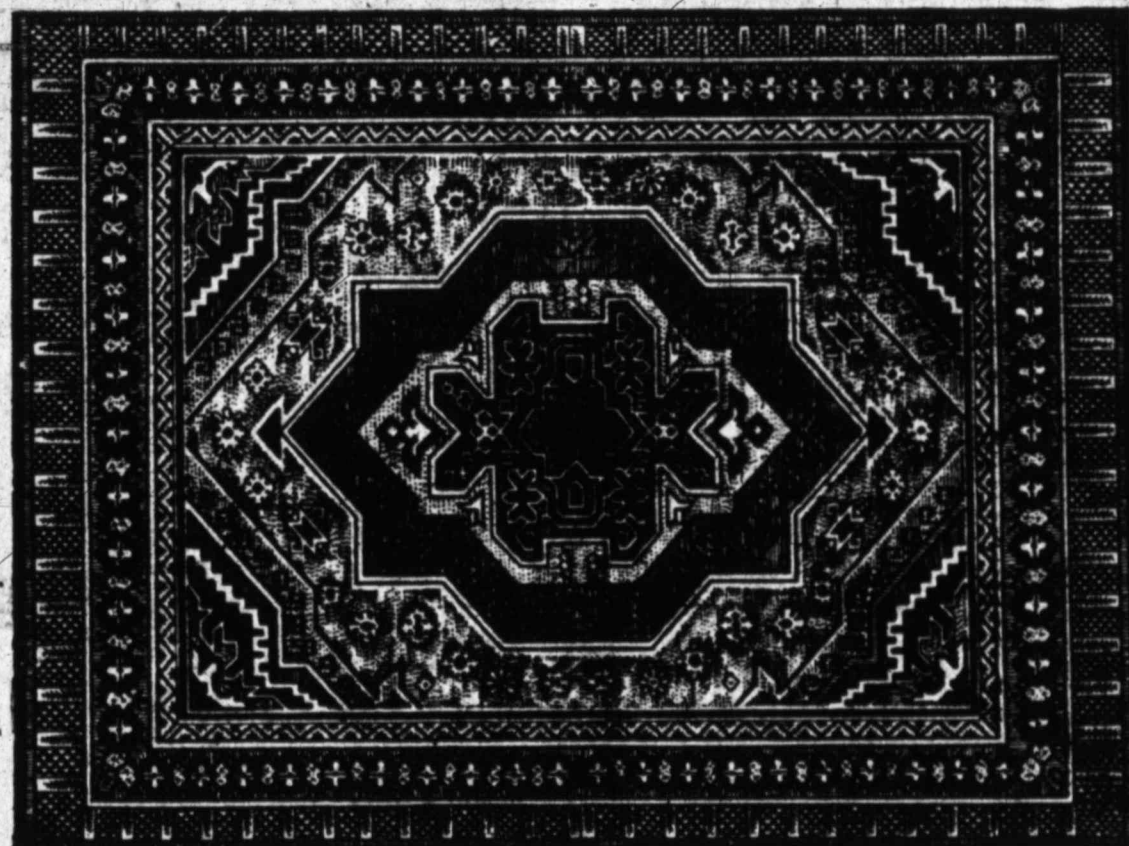

Tomorrow we offer you the great O-Cedar Mop at a special price that is positively less than dealers can buy them. Tomorrow only

MONTHLY SESSION OF TEACHERS' INSTITUTE

Many Questions Considered at Meet-
ing and Numerous Educational
Topics Are Discussed

The teachers of the city schools
held their regular monthly meeting
yesterday at the high school building.
Nearly all the teachers were present.
Superintendent Carpenter was absent
on account of an injury which he ac-
cidentally received last week while
watching a game of football played
by the high school students. Prin-
cipal J. B. Jones of the high school act-
ed as temporary chairman. Many
profitable questions concerning school
work were discussed and much inter-
est was manifested in the various
talks made by the teachers. The fol-
lowing is an outline of each topic
that was discussed during the meet-
ing. The first are subjects taken
from Scott's "Social Education."
"Man as a member of society; how
society is formed; school is estab-
lished; effect of school upon society;
discipline in social education"—E. L.
Vance.

"The school as a social center;
social psychology and evolution; mar-
ginal consciousness and the opinion
of others; uniformity of the school."
—L. F. A. Hein.
"The school imperfectly social;
false independence; formation of
groups; conditions of freedom in a
group."—Miss Harding.
"Rule of force; justice and liberty;
demands for responsibility; the school
and group activity."—Miss Reid.
"Testing private and professional
schools; testing public schools; im-
proper tests; testing by means of in-
dustrial work with which other sub-
jects are correlated."—Miss Ball.
"Criticism of correlation; logical
expansion of interests; what is it to
indulge one's interests; kindergarten
and primary grades."—Miss Anderson.
"Significance of the circle and
group; leadership of groups; to what
extent high school pupils carry out
their work in school; testing for
teaching; teaching a social work."
—Miss Hunter.
"All the children of all the people;
born long; born short."—Miss Kell.
"Some comparisons and conclu-
sions."—Miss Roberson.
"Nascitur Non Fit."—Miss Shel-
ton.
"How can these things be?"—J. B.
Jones.
The following are some of the lead-

ing thoughts developed during the
course of the discussions:
"The school is only one of the
many agencies which society has es-
tablished for its protection and
growth. It is the business of the
school to find its place among these
agencies and do that work which the
community has assigned to it. To do
this the school needs the co-operation
of the community as the two are
mutually dependent, one upon the other.
The teacher must then not only
have a knowledge of that science that
pertains specifically to laws that gov-
ern child-life, but he must also study
social science, or the laws that gov-
ern members of society in their re-
lations with one another.
"The school was organized because
of the fact that society realized
through certain actions which became
crystallized into customs that a train-
ed man may serve his community
more efficiently than the untrained.
Society has committed a large part
of its training for citizenship to the
school; and it is the duty of the
teacher to see that the ideals or de-
mands of society are realized in his
work. Insofar as the school responds
effectively to social causes, it acts as
a cause in the nature of return ef-
fects upon society. Every good effect
in other words, produced by the school

acts as a cause to other desirable
results.
"The effects of a school may be
found in the actions of pupils while
they are in school; it is not neces-
sary to wait until after he enters
actual life after school days are over
to determine whether he is receiving
that training for which he is adapted,
and which will make under normal
conditions an efficient unit of
society. The pupil should be given
as much freedom in his actions as is
consistent with training, for in no
other way may one be so trained as
to know how to exercise the liberties
and privileges given a citizen under
our government. In early history
schools were established primarily for
the citizens who were wealthy or in-
tellectual; under our government educa-
tion is for the masses, as they are to
be the ruling spirits in the govern-
ment. Liberty and obedience are the
essential factors in school evolution.
"In school the pupils are given
training different from that received
anywhere else. Here he is taken
away from his individual conscious-
ness so to speak; and loses himself
in the group consciousness; thus he
is shown in his dealings with others
that he must at times sacrifice his
own desires for that of the group,
the fundamental notion upon which
society is based.

"Not all the desirable effects that
are wanting in any given individual
case is due to the inefficiency of the
teacher, or the school; the pupil must
have certain talents and capabilities
as a starting point before the teach-
er can do his work properly. As all
children differ in certain respects the
same training or teaching will not
have the same result in each case.
"Mr. Smith in his 'All the children
of all the people' says that some
children are born short; and some are
born long. That is; some children do
not possess normal faculties for learn-
ing certain subjects; while other
children are prodigies in certain
ways. He says that all of us are
more or less defective with respect to
certain courses of action; the defect
may be unnoticeable, yet all of us
feel that in certain ways we are lar-
ly up to the standard as found in a
normal man. On the other hand each
one of us is more competent to do
some one certain thing than anything
else. It is said that 'Poets are born,
not made.' The same is as true with
respect to every vocation. Although
we may acquire a certain degree of
efficiency in almost any calling,
through hard work and training, yet
we can not make the same success
as he would if we train ourselves along
the bent of our calling. It is the

initial ability developed that makes
success.
After the teachers had adjourned,
a collection was taken for the pur-
pose of sending flowers to our su-
perintendent, Geo. H. Carpenter, who
was absent on account of injuries re-
ceived as stated above. Also resolu-
tions of sympathy were expressed by
the teachers.
The Rohatch Mineral Water
Acts directly on the digestive organs
of the stomach. Strengthening the
kidneys and keeps the blood in fine
condition. Good circulation is the
only cure for constipation, rheumatism
and the only way the system has to
throw off germs that causes typhoid,
shingles and other loathsome dis-
eases. Four years in the water busi-
ness in Wichita Falls has taught us
precaution during epidemics of loath-
some diseases. We are not strangers
in Wichita Falls. We have been here
fifteen years and are here to stay. We
have always met our obligations. We
are equipped to furnish our trade with
a clean wholesome vessel. And the
best water in the state. Fall in line
and share food health with us. Spe-
cial attention given five gallon phone
orders. Our wagon leaves the well at
7 a. m. and 2 p. m. Two trips daily
except Sunday. Phone line 9001 ring
14. O. J. Rohatch, Prop.

WAITING ROOMS IN SOUTHLAND ADDITION

Traction Company Building Two Sta-
tions For Accommodation of
Its Patrons

The Wichita Falls Traction Com-
pany is arranging to put waiting
rooms at two points on the new
Southland line. One will be on the
east side of the H. W. Spivey addi-
tion at the intersection of Seventeenth
street and the county road in order
to accommodate patrons from Wyatt's
addition and Miller's addition who
may reach the line in bad weather be-
tween cars.
The other one will be on the west
side of the new Southland addition at
the end of the track and is intended
to accommodate patrons from Sklar-
ner's addition and those living ad-
jacent thereto.
We have no doubt these waiting
rooms will be appreciated by the
patrons of the new line and it is great-
ly to the credit of the officers of the
company that they are putting them
in, as this portion of the line is not
yet on a paying basis.

WICHITA FALLS GAS CO.

Texas Company Transfers Leases To Producer's Oil Company

There has been filed in the county clerk's office a transfer of an undivided one-half interest in thousands of acres of oil leases, in Wichita County, from the Texas Company to the Producer's Oil Company, together with all completed or partially drilled oil wells on said lands and all casing and fixtures.

All oil and gas rights are reserved by the Texas Company. The purchase price of this and other property, the instrument recites, "is represented in part by certain six per cent purchase money gold bonds in the aggregate principal sum of five million dollars."

The following leases are set forth in the transfer together with the acreage contained therein:

"SAFETY FIRST" SUNDAY TO BE OBSERVED

Today is "Safety First Sunday" and The Times has received the following concerning its observance:

"A little more than nineteen centuries ago there came from on high to dwell for a time on earth among men. One who was sent to suffer and atone for the sins of mankind and to save human souls.

"He was born in a manger and taught us that there is divinity in an humble birth.

"He chose to be a carpenter and made labor divine.

"His followers were persecuted, thrown into dens with wild beasts, beheaded.

"He was reviled, vilified, crucified.

"Yet from that obscure but momentous beginning with these and many other obstacles thrown in its pathway, Christianity—the greatest

Safety Movement the world has ever witnessed, has grown until today it is embraced by millions and millions of people whom it has led from out of the darkness of heathenism, paganism and barbarism into the bright light of our present civilization—and what that great movement—Christianity—has done to elevate mankind spiritually, morally and intellectually, the great Safety Movement of today can and will do for the greater security and welfare of mankind in a physical and material way."

"St. Louis, Oct. 14, 1913. In connection with the 'Safety First' movement inaugurated in this country in

LEGAL NOTICES

CITATION BY PUBLICATION

The State of Texas, To the Sheriff or any Constable of Wichita County—Greeting: You are hereby commanded to summon Beale Jackson by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county to appear at the next regular term of the district court of Wichita County, to be holden at the Court House thereof, in Wichita Falls, Texas, on the first Monday in December, A. D. 1913, the same being the first Monday in December A. D. 1913, then and there to answer a petition filed in said Court on the 10th day of October, A. D. 1913, in a suit numbered on the docket of said Court No. 4750, wherein Mack Jackson is plaintiff and Beale Jackson is Defendant, and said petition alleging that on or about the 8th day of December, 1908, in Denton County, Texas, plaintiff and defendant were lawfully married to each other and lived together about one and a half years when defendant left plaintiff without cause on his part; that after about 3 or 4 weeks plaintiff persuaded defendant to return and live with him. That plaintiff and defendant lived together as man and wife after this until about March 6th, 1910, when defendant, without any cause on part of plaintiff abandoned plaintiff; since which time they have not lived together as husband and wife, and plaintiff has not heard from defendant since June, 1910. That by reason of the three years abandonment of plaintiff by defendant their further living together has been rendered insupportable.

Wherefore plaintiff prays that defendant be cited in terms of law to appear at the next regular term of this court and answer herein, for judgment dissolving the bonds of matrimony now existing between plaintiff and defendant, cost of suit and general and special relief, etc.

Herein fall not but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court at office in Wichita Falls, this 11th day of October, A. D. 1913.

A. F. KERR, Clerk, District Court, Wichita County, Texas. 36-48-54.

Notice

State of Texas, County of Wichita. To all those who are indebted to, or hold claims against the estate of M. J. Moran, deceased. The undersigned having been duly appointed administrator of the estate of M. J. Moran, deceased, late of Wichita County, Texas, by C. H. Felder, county judge of said county, on October 20th, A. D. 1913, during a regular term hereof, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present them to him at his office in the Frisberg Building in the city of Wichita Falls, Texas, or mail same to him at Wichita Falls, Texas, where he receives his mail.

This 14th day of October, A. D. 1913. J. J. MORAN, Administrator of the Estate of M. J. Moran, deceased. 36 42 48 54

recent years, and recognized and in operation for many years as a potent factor in the safe and economical conduct of many European industries—the suggestion has been made this Sunday, October 26th be observed as "Safety First Sunday" and in many localities this plan has received the hearty approval of clergymen of all denominations, many of whom have agreed to preach appropriate sermons on that day to their congregations, using as a text—"Safety First," calling attention to the humanitarian aims and purposes of this modern "Safety First" movement in conserving life and limb, in preventing deaths prematurely inflicted as the result of a lack of proper care, and in putting a stop to the Great American Evil of Trespassing on railroad property—an Evil which exacts an annual toll of over 5400 in killed and over 56000 in maimed in the United States alone, and which Evil the railroads themselves are utterly unable to suppress.

"More than 175,000 school children in the city of New York belong to a Safety League formed to help the American Museum of Safety in conducting a crusade against street accidents to children, and the campaign is carried on by means of daily class-room talks to the school children.

On October 10, 1913, ten minute addresses were made to all the classes in the public and parochial schools of Chicago by speakers chosen by the Public Safety Committee of Chicago and Cook county, Illinois, with the purpose of educating the children with respect to the dangers encountered—at play—at home—in the public streets—upon railroad tracks—from automobiles—from fire—from water—from gas—from electricity—etc., etc.—and how to avoid them.

"In Seattle several years ago there was a veritable epidemic of street accidents resulting in injury to children, and the matter was finally brought to the attention of the children in the schools and was constantly kept before them by talks and lectures showing how these accidents were caused, and how they could be avoided, with the gratifying result that in a few months these accidents were reduced forty per cent and by the end of the year seventy per cent. And this result was accomplished by the children themselves by simply acting upon proper suggestions.

"The work of making the Safety movement the success it merits is largely educational. Its possibilities in prevention and conservation are practically unlimited. It can be made to benefit every member of society, provided every one can be made to realize that he must bring into the movement his individual share of co-operation and assistance. It needs for this purpose the potent and far-reaching influence of the pulpit, the press and the schools. Yours very truly,

"A. A. KRAUSE, Commissioner of Safety."

Remarkable Photo of Sinking of Schooner Marjory Brown And Escape of Her Crew

THE MARJORIE BROWN SINKING

New York, Oct. 25.—An astonishing story of an escape from death at sea is widely discussed here. In the storm of a few nights ago the four masted schooner Marjory Brown, commanded by Captain James T. Walker, came to grief 200 miles east of Sandy Hook. The steamer Berlin of the North German Lloyd, which arrived in quarantine from the Mediterranean, rescued all hands from the Marjory Brown just before the schooner sank near Nantucket shoals.

Captain Walker of the schooner and his five men sat in a yawl made fast to the sinking craft as the Berlin opportunely steamed into view. It was all they could do to pull from the wreck to the steamer's side. The accompanying photograph shows the schooner diving toward ocean bottom just as the crew pulled away from her. The arrow points to the row-boat, revealing how close was the call had by the gallant tars.

Fire Sale

North Texas Notion Company

Having had our loss adjusted with the Insurance Company, we will put on a **Fire Sale** commencing on Monday morning, October 27, at the old stand. Everything goes in this sale, as we do not want to move any of these goods, as we will open with a complete new stock about November 15th, in the new room of the Bean building, next to Avis Hardware.

McGRATTAN-MILLSAPS CO.

817-819 OHIO AVENUE

NEW SOUTHLAND ADDITION READY

SALE OF LOTS THERE IS SCHEDULED TO BEGIN ON NOVEMBER 12

PLAN MUCH ADVERTISING

Extensive Improvements Have Been Made on Tract, Including Street Car Service

Arrangements for the opening of the sale of lots in the new Southland addition on November 12th are practically complete. Bean and Gohlke have been appointed general agents for this addition and they will handle the sale of lots in much the same manner that they handled the Floral Heights addition, other real estate agencies selling the lots as well as the general agents.

An extensive advertising campaign through newspapers, billboards, street car, electric signs and other methods has been inaugurated. Bean and Gohlke have just closed a contract for many thousands of inches of space in The Daily Times to be used in the selling campaign and at nearly every turn along the street car lines in the city and surrounding mammoth signs are being erected calling attention to the new addition.

1080 Lots To Be Sold. In all there are 1080 lots in this addition. Not all of these are to be sold at once, but only which front on graded streets, which have sidewalks, and access to sewer, lights, water and gas being put on the market. This will be the first addition ever opened in Wichita Falls which had these conveniences and necessities at the start. Mr. Huff, the owner of the greater part of the addition has already expended more than \$40,000 for these improvements. Street cars have been in operation through the addition for several weeks and those who buy lots will have all the conveniences of city life at the start.

Provisions are made in the deeds that will be given that no lot shall ever be used for other than residential purposes; that no lot can ever be cut crosswise and that no lot can be owned by any person other than one of the Caucasian race. The deeds will contain a provision that only houses of a certain minimum cost may be built. This is to prevent the erection of shacks or buildings out of harmony with their surroundings. Different minimums will apply to different sections of the addition.

Ready Sale Expected. The city has already built around the addition on two sides and practically all of it is closer to the business section of the city than other districts in which the greatest number of residences are now being built.

A portion of the land comprised in this addition was purchased by its present owner, E. E. Huff, a little more than thirty years ago for \$2 per acre. It is now worth more than that many thousand dollars an acre.

Arrangement has been made of the resignation of J. C. Straus as district manager of the J. M. Guffey Petroleum Company, effective about November 1. Bruce Larkin of Beaumont will succeed Mr. Straus and has reached this city to assume his duties. Mr. Straus will remain in Wichita Falls and will embark in the oil business on his own account. It was known several weeks ago that Mr. Straus expected to go into the game on his own hook so to speak, but no definite announcement was forthcoming until yesterday. Mr. Larkin who comes from Beaumont to succeed him, has been chief clerk in the oil auditing department of the Guffey company at Beaumont for some time past.

MYSTERY PLAY AT THE NEW MAJESTIC

"The Miracle," a Story of the Olden Days, a Feature For Tuesday Night

A feature attraction at the New Majestic this week will be "The Miracle," a mystery play of the olden days, in four acts. These pictures are spectacular and dramatic and present a beautiful story. They will be shown Tuesday night.

The story of Sister Beatrice, the young and beautiful nun, who was tempted and fell and was then saved from perdition through the special grace of the Virgin Mary. It is a very old pious tradition and is told in a simple and convincing way by St. Alphonsus of Liguori in his book "The Glories of Mary" (Grimm Edition, volume 1, page 197). This great saint speaks of the shame and sin of the sister who ran away from her sacred duties and plunged into the mad whirlpool of worldly pleasure. When she seemed beyond redemption the voice of the Virgin called her back into the convent and there she learned to her amazement that her absence had never been noticed by the sisterhood which she had deserted. The Virgin herself had taken her place while she was wandering in the ways of sin. Repentance then cleansed the soul of the sister, she fell down before the altar of her august patroness and resolved perfection. The holy writer of the story tells us that she kept her pious resolve and after leading an exemplary life she died in the odor of sanctity.

STRAUS RESIGNS FROM GUFFEY CO.

BRUCE LARKIN ARRIVES FROM BEAUMONT TO TAKE UP NEW DUTIES

STRAUS WILL REMAIN HERE

Popular Oil Man Will Engage In Oil Business Himself With Headquarters Here

Arrangement has been made of the resignation of J. C. Straus as district manager of the J. M. Guffey Petroleum Company, effective about November 1. Bruce Larkin of Beaumont will succeed Mr. Straus and has reached this city to assume his duties. Mr. Straus will remain in Wichita Falls and will embark in the oil business on his own account. It was known several weeks ago that Mr. Straus expected to go into the game on his own hook so to speak, but no definite announcement was forthcoming until yesterday. Mr. Larkin who comes from Beaumont to succeed him, has been chief clerk in the oil auditing department of the Guffey company at Beaumont for some time past.

Mr. Straus has been in charge of the Guffey's business here for two years, during which time the production has grown from a nominal figure to 3200 barrels daily. Its increase in the past two months has been from 800 barrels to the 3200 figure, which is considered phenomenal. Local oil men, with whom Mr. Straus has been very popular, are glad that the change he is making will not take him away from Wichita Falls.

T. H. PEERY CONTRACTS TO SUPPLY GLASS SAND.

T. H. Peery, the real estate and insurance man of this city, has just closed a two years' contract with Ball Bros. and the Wichita Falls Window Glass Company to supply them with sand used in the manufacture of their products during a period of two years. When the window glass plant first began to look for its supply of glass sand Mr. Peery remembered some deposits of this sand located near Comanche and shipped a few carloads here for trial. It was found to be all right and for some time the supply of sand was shipped from Comanche. Later Mr. Peery located other deposits near Decatur and has now closed a contract with the two plants to furnish their supply of this material. The deposit is located west of Decatur and Mr. Peery has arranged with the Fort Worth & Denver for a spur track and will install the necessary machinery for loading the sand onto the cars.

Directors.

Waco—A large and spacious poultry building will be added to the already large exposition grounds at the Texas Cotton Palace this fall. These additional facilities are mandatory to meet the increasing demands for exhibit space in the poultry department.

GREAT DEMAND FOR ROOMS FOR OFFICES

Not An Empty Office Room in City and Many Are Compelled To Double Up

Urgent need for more office room is being felt here at the present time and there is no immediate prospect of any relief. There is not a vacant office in the business section, so far as could be learned, and even desk room of the desirable kind is at a premium. The recent fire in the Moore-Bateman building put several physicians and dentists out of offices, and these have "doubled up" with other physicians until they secure quarters.

A number of new buildings are going up in the business section but

the upper stories of all are being arranged for rooming houses; the demand for rooms is steady and staple in this city, it is said, and the revenue substantial. There have been rumors of new office buildings to be erected this winter, but as yet none of these reports has taken anything like definite form.

Having had decidedly the best medical training and vastly more experience than any specialist in this city why shouldn't "we know how." Dr. DuVal, the Progressive Eye, Ear, Nose and Throat Specialist. 43 1/2

Ballinger—The Runnels County Automobile and Good Roads Club was organized here last week at a meeting of a number of good roads enthusiasts and automobile owners. The purpose of the club is to employ an expert road builder and an engineer and to advocate an election for the issuance of \$225,000 worth of road bonds.

IF YOU ARE A DRINKING MAN

AN APPEAL TO WIVES. You know the terrible affliction that comes to many homes from the result of a drinking husband or son. Your money will be refunded if, after a trial, it has failed to benefit. Costs only \$1 a box. Come in and get a free booklet and let us tell you of the good O'RINE is doing. For sale by E. S. Morris & Company. (Adv.)

Eaton Murder Case Jurors Travel In Oxcart--Lawyers For The Defense

Plymouth, Mass., Oct. 25.—The celebrated Eaton murder trial with its attracted country wide attention, is drawing to a close. Counsel for the defense of Jennie May Eaton, accused of murdering her husband, Rear

Admiral Joseph Giles Eaton, U. S. N., believe they have a strong case. When the jury traveled from Plymouth to Assinippi, where the alleged crime occurred, the members were ushered into an oxcart, drawn by stalwart

oxen, and taken there to in real old fashioned style, as shown in the accompanying photo. The two individual photos are those of W. A. Morse and Francis J. Geogan, counsel for Mrs. Eaton.
