For rebuilding Rogers Rd., Cherry St.

Commission approves program

On Thursday, August 25, the State Highway Commission approved the 1983-86 Urban System Program for the rebuilding of Rogers Road and Cherry St. from 10th St. to Loop 37.

The program is now in

the process of making a request to I.P.E. the planning authority in Austin and before plans can be made, the federal government must approve it.

Resident engineer in charge, Joe Smoot of

Big Spring, must first obtain a right-of-way map for the streets and the city has to adjust utilities such as gas and electricity before the construction begins.

The 1983-86 Urban System Program covers

the development of 269 miles of urban streets and highways in the state, plus about \$1 million for the development of car pooling programs.

Approximately \$255 million will go into con-

struction with the remainder going to the car pool programs, for relocation assistance to persons and businesses which may be displaced by the projects, for preliminary engineering, and for a reserve to be

held for later assignment.

According to Smoot, construction in Colorado City will not begin until the first of next year and possibly a contract date will be set in April.

(Q) Is there any plans to put a signal light at 17th and Hickory?

(A) According to City Manager Rick Crowley, there are no plans as of yet. Hickory Street is a public highway and the State Highway Department is in charge of it so if there is to be a signal light, the highway department will have to install it.

FIGHTING THE FIRE—Colorado City Volunteer Firemen Joel White shoots water on the storage building owned by Mrs. Lloyd Denson at 736 East 20th Monday afternoon. The blaze started as a grass fire and spread to the building.

Grass fires lead to damage

Grass fires in the Colorado City area have resulted in two buildings

being caught on fire Monday and Tuesday. Members of the Colo-

rado City Volunteer Fire Department answered a call Monday at approximately 3:30 p.m. of a grass fire

located 20th and Hemphill Street. The fire spread to a surrounding storage building owned by Mrs. Lloyd Denson at 736 East 20th.

Four units, including the newly purchased 1983 Boardman Fire Truck along with 12 men were used to put out the fire. Firemen had the blaze extinguished in approximately one

hour. The screen door on the storage building was the only thing badly burned, according to Mrs. Denson. Mrs. Denson says she would like to thank firemen for their speedy arrival and the way they prevented the fire from spreading further.

Also Monday, the Colorado City Volunteer Fire Department received a call at 4:15 p.m. of a grass fire near the Colorado City Livestock Auction, located on the

Local football teams begin season Friday

Wolves looking to break 7-year jinx

It has been seven long years since the Wolves have won their season opener, and that statistic can be credited to the Slaton Tigers, a team who has been the Pack's opening opponent the last seven years.

The Pack has lost eight consecutive games to the Tigers, including two losses in one season in 1979 when Slaton defeated the Pack in bi-district. In fact the last time the Wolves defeated the Tigers was in 1975 in Slaton by a score of 14-13.

Slaton head coach Ed Cook says the fact that Slaton has had a toe hold on the Wolves these past years will not have any bearing on this game. "We are not even thinking about that. Colorado City has a fine ball club and a fine coach in Tom Ramsey. They look better than they have in the past. We are not looking

forward to playing them," stated Cook.

The Tigers finished last season with a 6-5 record, making it into the playoffs. They were downed 14-7 by Frenship in bi-district play. Slaton is loaded with talented, skilled people, but their offensive and defensive lines are somewhat of a question mark, according to Cook.

The Tigers I-formation will be led by "All Everything" running back Geryl Lacy, a 5-9, 170 pound senior. Last season the nifty runner gained 2,000 yards, and pierced the Wolf defense for 230 yards on 30 carries as Slaton defeated the Pack 20-0. In that contest a young Wolf team gained only 40 yards total offense and committed five turnovers.

The Tigers also return quarterback David Hen-

zler, 6-0, 171 who passed for over 800 yards last season, and fullback Devin Beneraz, 196. Tony Bentoncourt, a 6-2, 237 tackle and Arthur Arguello a 190 pound guard are also returning starters. But after that, the Tigers have newcomers on the line. "We will have problems with our line until we get some experience behind us," stated Cook. "Our skilled people are much improved because they are all 15-19 pounds heavier and more experienced."

But the Tigers have some talented newcomers in wingback Eddie Lopez who played fullback and tailback last season. Another bright spot is wide receiver Noel Mask who did not play last year. The speedy senior is last year's district sprint champ. He has a best of 10.4 in the 100 meters. See **WOLVES**, Page 2

Bulldogs look for repeat with Irion Co.

The Loraine Bulldogs, under a new coach, will be trying to get off on a winning note as they battle the Irion County Hornets Friday night at Johnson Field.

The Bulldogs, under the direction of first year coach B. D. Trice will be out to avenge a dismal 1-9 record last year. The Hornets under the direction of head coach Sid McCowan compiled a 2-8 record but return a talented team with 11 lettermen, including seven offensive and defensive starters.

Last year Loraine's only victory came against the Hornets in the season opener as Loraine defensive end James Griffin picked off a pass and dashed 30 yards for a touchdown as the Bulldogs won a defensive struggle 6-2. In that contest Loraine managed only 52 yards

total offense while Irion County gained 66 yards.

But the Hornets are seemingly a much improved ball club from last season. Last week they scrimmaged the state's number seven ranked team Iraan to a 0-0 tie. "We are definitely improving. This is the furthestest along and best looking we have been in my six years here," stated Irion County coach McCowan.

The Hornets will run from a T-formation and threw the ball about 40 percent of the time. McCowan has two quarterbacks to choose from in senior Marcus Del Rosa, 150 and junior Kevin Thorp, 145. In the backfield, four backs will see plenty of action. They are Junior Flores, 170, John Richardson, 145, Jimmy Anderson, 140 and Billy Beaver, 130. All of these players have about 4.9 speed in

the forty, said McCowan.

McCowan has more players out this year so he can afford to switch them in and out of the contest. They will alternate their offensive line, with players weighing anywhere from 150-200 pounds.

Defensively, the Hornets run a split-six, with their main strength being the secondary consisting of Beaver, Del Rosa, Bob Martin and Thorp. They play a man coverage and do it well. In two scrimmages they have swiped four passes.

The front five is led by defensive tackle Scott Stepp, 6-4 205. They average about 190 pounds, said McCowan.

Loraine is coming off a 1-0 scrimmage victory over Rochelle. In that contest, Loraine moved the ball well but had See **BULLDOGS**, Page 2

Commissioners explain tax increase

Mitchell County Commissioners held a public hearing Monday as required by law when taxes are increased more than three percent.

The increase will not show up on tax bills, cautioned County Judge Bill Carter, who says your taxes will not be increased from last year unless you have improved your property.

Two people came to the public hearing. Dusty Rhodes, who owns Bernard's and Shorty Pace were present and asked for an explanation of the advertisement in the local newspaper. The advertisement is also required by law.

Judge Carter and Commissioners explained that the increase was in the tax rate and that the tax rate had been figured to bring in the same money as last year.

The budget total is

\$1,960,235, and the tax rate is approximately 25

Benefit dance successful

One thousand three hundred ninety-six dollars was raised at the benefit dance held for the Mitchell County Day Care Center on Saturday, August 27 at the Civic Center.

J. Martin Basinger sponsored the dance and all proceeds went to the Day Care Center for the funds pertaining to the 1983-84 contract.

Approximately 186 attended the dance. Country music was provided by the group Sundown.

Day Care Director Ann Gregory stated that the dance was very successful and that she was pleased with the turn out.

Wolves

Cook is hoping he can take the place of departed wide receiver Timmy Slay who caught four passes for 107 yards against the Pack last season.

On defense, Slaton's 5-2 defense will be led by returning linebackers Lonnie Heinch, 163 and Arguello. Bentoncourt will man a tackle spot while cornerback Shane Murphy is the only returning starter in the secondary. "I feel to beat Colorado City we have to stop their throwing game. We have a young untested secondary and they will be put to the test," stated Cook.

On the other side of

the coin, Wolf mentor Tom Ramsey says his team is not thinking about the Tiger winning streak. "We don't dwell on this losing streak, each year is different," said Ramsey.

The Wolf Pack is coming off of a fine scrimmage with Anson in which Ramsey described the play as "excellent." "We looked good on offense and defense. The overall thing is that all 26 played good football and pulled together." The Pack outscored Anson 4-1 as quarterbacks Doug Chitsey, Dennis Rivera and Armando Rivera put on a brilliant passing display for Wolf fans.

In all, the three connected on 18 of 22 passes. Chitsey was 9 of 11; D. Rivera was five of five and A. Rivera was four of five. Tight end Don Randle hauled in a 25 yard scoring pass, sophomore running back Sammy Rivera scored on a 40 yard run, Kevin Norman scored on a five yard dive and cornerback Gary Marsh returned an interception 40 yards for a score.

Ramsey stated that for the second week in a row, the Pack's front four of Fred Dakan, Franklin Marsh, Freddie Pineda and Raymond Bassinger held things down on the inside. He also stated that the second unit led by defensive tackles David Britton and Wylie Stice performed well. "This season we are still quick, but we stand in there and take more power because of our size," said Ramsey.

Ramsey says he expects the same thing out of Slaton every year, for the men to be big, tough and physical. "They have the Lacy kid, plus

their entire backfield back, and they are fast. This might be the best team we'll play all year."

Last season, the Pack averaged about 10 passes per game. This year Ramsey said they "will air it out more," starting against the Tigers. "We will mix it up with them, we will try to make them cover us wide open," said Ramsey. All the Wolves are healthy except for lineman Larry Hearn who has a pinched nerve and defensive back Charles Iglehart who suffered a cracked collarbone after picking off a pass versus Anson. Iglehart will be out four to five weeks.

Slaton is ranked 34th in the Harris Poll and is a two touchdown favorite over the Pack, a team that does not even resemble last year's squad at this time. The Wolves are bigger, quicker and have more confidence and experience, and it just might be time for them to break a seven year losing streak.

Fires

From Page 1

Sweetwater Highway. Some bales of hay caught on fire. Firemen had the blaze out in a matter of minutes. Two units and 14 firemen answered the call and no damage was reported.

Tuesday at 11:30 a.m., the Colorado City Volunteer Fire Department received a call of a house fire at Cooper's Cove at the residence of Mrs. Billie Danheim.

The Pony Express, which has lived in legend for more than a century, lived in fact for less than two years.

The blaze started when Mrs. Dannheim was burning trash in a barrel and some of the burning debris blew out and ignited the garage, according to fire department personnel. Two units answered the call and had the fire put out in a matter of minutes. The outside wall of the garage was damaged.

Fire Marshall L. O. Schaffer warned that with the weather being as dry as it is, people should be extra careful when burning an outside fire.

Schaffer stated that when burning an outside fire make sure the wind is calm, stay with the fire until it is out, and wet it down to make sure the blaze is out.

Hunting, fishing license available

Texas Parks and Wildlife Department officials have announced that 1983-84 hunting and fishing licenses are available at department offices and at most retail outlets across the state.

All Texas hunting and fishing licenses expire on August 31 each year.

Resident hunting and resident fishing licenses are priced at \$8 each, and the resident combination hunting-fishing license is \$12.

Officials said the new hunting and fishing regulations guides also will be available, including a map of the state's new three-zone alignment for dove hunting.

However, hunting regulations for 65 counties have not been adopted, and will not be included in the hunting regulations guide. The Parks and Wildlife Commission will adopt regulations for those counties on August 31, and a supplement with the new regulations will be distributed during September.

A supplement also will be distributed during September containing regulations for migratory waterfowl seasons.

He must first determine a center line on Rogers Road and prepare a right-of-way map for the city. He then must lay a grade profile of the road and determine the quantity of materials needed to build the road. Additional right-of-ways of at least an 80 ft. strip must be acquired and he must negotiate with property owners if any property is owned on the road and buy the land. If the owners refuse to sell, he must go to condemnation court to obtain them.

As of now it will take

from 30 to 90 days for all of the agreements to be signed and plans to get underway for construction.

Convention reports revealed that members from fifty states, the Philippines, Panama and Puerto Rico contributed over two million dollars to Children and Youth; \$813,000 for Community Service; \$610,000 in Education Scholarships; and over

three million hours in service to the nation's veterans this year.

A highlight of the convention was the address of President Reagan to the joint session of The American Legion and the American Legion Auxiliary.

Mrs. Scott serves the American Legion Auxiliary through membership in the Woods W. Lynch No. 19 Unit. As chairman of the Texas Children and Youth Committee this year, Wanda received the National Award for 100 percent reporting and the Highest National Award for Best Report. She also served the Department of Texas as Page and Escort for State President Shirley Ott.

He was a 1978 graduate of Colorado High School.

Neff and Strain appointed as chairmen for Cattleman's Round-up

Area chairmen have been appointed for the Cattleman's Round-Up for Crippled Children, according to Jim Alexander, general chairman.

The Cattleman's Round-Up for Crippled Children benefits the West Texas Rehabilitation Center with campuses in Abilene and San Angelo, stated Shelley V. Smith, WTRC president-executive director.

Tom Neff and Waddell Strain have been appointed chairmen for Colorado City.

"Livestock donated by ranchmen are collected at a designated point in each community and transported free to the auction site," Alexander explained. "The area chairmen's role is to

make a personal pledge, then ask friends and neighbors to join them in the annual CRCC drive."

Sales of livestock are converted to dollars and the amount provides care for about 11,000 handicapped persons throughout the Southwest at Rehab campuses.

Scheduled sales include the Cattle Sale at Abilene Auction, September 26; Abilene Horse Sale, October 1; Junction Sheep and Goat sale, October 3; Coleman sale, October 5 and Brownwood sale, November 2.

Aubrey Stokes of San Angelo is CRCC co-chairman for the Southwest region. Midwest Feedyards in San Angelo serves as the regional collection point.

CRCC is now 23 years old. The idea began in Bronte on the late Conda Wylie's Fort Chadbourne Ranch. He came to Smith with the suggestion that 20 top steers be cut from his herd and sold to help defray operational expenses of WTRC.

The results speak for themselves. Today WTRC reaches out to all handicapped in the Southwest. With a goal for treating the whole patient rather than just the handicap, services offered include physical therapy, occupational therapy, speech therapy, social services, psychology, orthotics, diagnostic services, ed-

ucation programs, adaptive equipment shops, audiology, medical clinics, genetics counseling, and transportation.

Westbrook Wanderings

By RUBY CLAXTON

Westbrook School got off to a good start this week with 186 enrolled. That was 14 more than enrolled at the beginning of school last year.

We have several in our community in the hospital. Mr. Rex McKenney is in Methodist Hospital in Lubbock and Mrs. Gladys Richardson, sister of Forrest Whitesides, is in a San Angelo Hospital. We wish a speedy recovery for both of them.

Mr. and Mrs. Ed Bart of Irving, Texas visited

in the home of her parents, Mr. and Mrs. Marvin Claxton this week.

Several Westbrook young people have enrolled in college this week. Going to Howard County Junior College are Billy Sweek, Matt Buckley, Max Zant and T. J. Parsons. DeWayne Pierce, Wade Brown and Lynn Dawson will be going to Western Texas College. Sharla Rollins will attend Baylor College in Waco.

Rev. and Mrs. Miller Robinson of Colonial

Hills Baptist Church in Snyder showed slides of their recent visit to Africa to the Westbrook Baptist Church Friday night. The Brotherhood fed the congregation barbecue with all the trimmings.

Mr. and Mrs. Tom Stone are vacationing in Arkansas. They will be home around the first of September.

Recent visitors of Mrs. Burl Taylor have been her grandson, Mr. and Mrs. Jack Taylor and daughters of Big Spring. Other visitors

were Mr. and Mrs. Earl D. Taylor of Lake Colorado City and Mr. and Mrs. Robert Wood of Abilene.

Mr. and Mrs. Marvin Claxton visited relatives in Loraine Saturday of last week. They were Mr. and Mrs. Luther Andersen and Mr. and Mrs. Lindsey Petty and family. Other visitors in the Petty home were Mr. and Mrs. George Sweatt and son from Snyder.

Larry Dawson of San Angelo visited his parents Mr. and Mrs. L. M. Dawson over the weekend. With him were Pam Kient and Jon Ann also of San Angelo.

Mr. and Mrs. Charles Walker of Odessa and Mrs. Geraldine Holtort of Lubbock were guests of their sister Mr. and Mrs. Willie Bell Friday and Saturday. Other visitors over the weekend were the Bell's son, Mr. and Mrs. Larry Bell and sons, Brad and Corey of Matador, Texas.

Mr. and Mrs. Tim Oden and sons of Colorado City and Mr. Sammy Oden of Odessa were weekend visitors in the home of their parents, Mr. and Mrs. E. A. Oden.

74th TAES field day to be held Sept. 13

Grapes, increasing in popularity as a diversification crop for the Texas High Plains, will be one of the featured stops at the 74th annual field day of the Texas Agricultural Experiment Station (TAES) Tuesday, September 13 in Lubbock.

This year's tours and open house will be from 1 to 5 p.m. at the Texas A&M University Agricultural Research and Extension Center. It is north of Lubbock International Airport on FM 1294, just east of I-27 at the Shallowater exit.

Results of 12 years of research and continuing scientific study at the center's vineyard will be on display, said Dr. William Lipe, TAES associate professor of horticulture and a specialist in viticulture. It is one of four featured stops on the tour, said Dr. Don Rummel, professor of entomology at the station, who is field day chairman.

"We already have almost 700 acres on the High Plains planted in commercial vineyards," Lipe said. He will explain to visitors at the field day the results of his years of research on more than 450 grape varieties at the center.

"These varieties include both wine and table grapes," he noted. They are evaluated on production and juice quality as well as their adaptability to the area.

The grape research being conducted by scientists at the Lubbock station also includes studies of root stocks, water requirements, irrigation systems and weed control. The latest findings in each of these areas will be discussed.

Other stops to be featured at the field day are drought tolerant cotton and grain sorghum, development of new cotton varieties to improve quality and marketability, and research on new products and techniques for weed control.

Visitors also can tour the soil testing laboratory of the Texas Agricultural Extension Service, the greenhouses and facilities of the Texas Forest Service, and view displays of agricultural computers and software and of new

Doss family holds reunion

The descendants of the late Jim and Ida Doss met for their annual reunion on Sunday, August 21 at the C. C. Thompson Room with 72 relatives and friends in attendance.

Six of the late couples children were present for the gathering. They were Jack and Mack Doss of Colorado City, Dutch Doss, Della Self and Cody Hays of Westbrook and Jimmie Ayers of Snyder.

Coming the longest distance to the reunion was Tommie Hill of Corcoran, CA. The oldest in attendance was Jack Doss who is 86 and the youngest was four-month-old Shane Martinez of Coahoma.

A dinner was held and visiting was enjoyed by all who attended. Music for the celebration was provided by Cody Hays, Gy Harmon, Maggie Hamrick, Lula Leach, Jack Kitchens, Hoyt Roberts, Sofia Oliver, Julia Warren and Howard Usery.

Attending the gathering were Beverly and James Averett, Ashley Owens, Denise Martinez and Shane all of Coahoma; Birdie and Martha Stephens, Charles

Crystal, Art and April all of Ft. Hood; Patsy and David Richardson of Big Spring; Mile and Ljuana Sellar and Lee Ann from Snyder; Sue and Raymond Craighead of Colorado City; Lloyd and Kathy Reed of Sidney; Ollie Deese of Colorado City; Maudie and C. F. Richards of San Angelo and Tommie Hill of Corcoran, CA.

Speak-out...

What is your opinion of the 83 season?

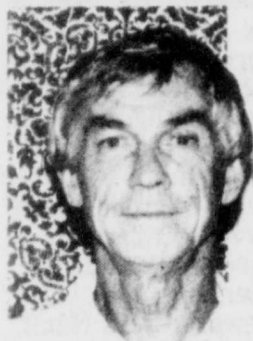

Carol Sue Dakan—“The 1983 football season will be a good one. They don't have many seniors but the ones they have are quality players. Three or four are inexperienced ones that play key roles and if they come through we'll have a winning season. I feel that Ballinger and Sonora will probably be the two toughest teams and we'll get to play both of them at home. So it's all in our favor and if

the boys just believe in themselves and get out and do it. I'm excited about it because my son Fred is a senior so this is his last season. Our first game against Slaton will be a tough one because they have been a hard team to beat. I feel if we open the season with a win, we'll have a great season.”

Eddie Piland—“I'm looking forward to a very exciting football season. September means football and this is football country and I believe the Wolves will have an excellent football team. I think they have a tremendous amount of talent and potential. This group of kids play together well. Our defensive and offensive line will be the secret of success and we have an excellent backfield and our quarterback Doug Chitsey is very good. The running backs are also a determining fac-

tor for success. Our defense is aggressive and quick. I look forward to seeing them in the bi-district playoffs in November.”

Bob Reilly—“I think the 1983 Wolves will be a pleasant surprise for everyone. I think they will do much better than the pre-season polls picked them to be and I feel that we are in much better shape in the key roles such as running backs, linebackers. If our offensive and defensive lines come around, I think we'll do very well.”

Ed Wheat—“Last year they were a good solid team and I look for them to be even better this year. With the coaching staff at CHS and the players, I feel we'll have a winning season.”

Sally Martinez—“I think the 1983 CHS Wolves will be a very exciting and much improved ball team. Last year they were picked near the bottom and nearly made it to the playoffs. This year they will make it to the playoffs.”

Stenholm to discuss drought

Congressman Charles W. Stenholm (D-Stamford) will take farmers' and ranchers' drought concerns to a meeting with Secretary of Agriculture John Block and other state and national officials September 2.

“The situation is critical and not getting better,” Stenholm said. “Our West Texas stockmen and farmers face devastating losses from Mother Nature on top of the shocks and jolts they've received from poor market conditions in the recent past.”

Stenholm will meet with Secretary Block, other members of Congress and governors from states affected by the current severe drought. After the meeting, to be held in Chicago, the Secretary will report to President Reagan on the effects of the drought and what can be done about it.

“We have been talking with county officials in the areas where dr-

ought damage has been heaviest,” Stenholm said. “They have given us up-to-date reports on the situation in their own counties. The picture they paint is not a pretty one, as I know from walking the dry fields and pastures.”

“But they also have very definite and concrete ideas to help the situation,” he continued. “Their suggestions—about CCC-stored grain, about further changes in regulations on PIK acreage, and so on—will be what I will take to Secretary Block.”

Stenholm said that while the recent declaration of several counties as disaster areas eligible for emergency loans has helped some, there is a need for further action.

“I anticipate that other counties of the 17th District may become eligible for emergency loan assistance,” he said, “and emergency crop loans will be need-

ed as well.

“More can be done,

and more needs to be done,” Stenholm said.

Goforth, Roever united in marriage

Sandra Lou Goforth and Darrell Joe Roever were united in marriage on Saturday, July 30, in the First Baptist Church in Okeene.

Officiating at the double-ring ceremony were Rev. Robin Cowin, Okeene and Rev. Duane Roever, minister of the United Methodist Church of Thomas.

Parents of the bride are Mr. and Mrs. Durwood Goforth, Okeene. Grandmother of the bride is Nora Goforth, Seiling. Parents of the groom are Rev. and Mrs. Duane Roever, Thomas. Grandmother of

the groom is Ellen Roberts, Marshall.

A piano prelude of wedding music was presented by Toni Goforth, sister-in-law of the bride, Okarche. During the ceremony, she along with J. C. Scott, Thomas accompanied Delane Roweever, sister of the groom, Thomas, as she sang "Through the Eyes of Love," "Wedding Song," and "The Lord's Prayer."

The sanctuary was decorated with two heart shaped candelabras, trimmed with blue bows. An archway was centered between the candel-

abras and was entwined with greenery and blue bows. A brass priedieu was placed beneath the archway where the couple knelt for prayer. Two Boston ferns and two daisy and carnation bouquets complimented the setting.

The candelabras were lit by Susan Hokit, Okeene and Donna Clifford, cousin of the bride, Okeene. As Toni Goforth played the piano selection of "If," the mother of the groom was escorted in by Herb Roever, brother of the groom, Loraine, Texas. The mother of the bride was escorted in by Donald Goforth, brother of the bride, Okarche.

Escorted to the altar by her father, the bride was given in marriage by her mother and father.

The bride chose a gown of solid imported chantilly lace. The fitted bodice, featuring a high neckline formed by lace, was adorned with a satin bow at the nape. A lace ruffle accented with a satin ribbon edged the sheer lace sleeves. The full long lace sleeves were adorned with wide ruffles and satin ribbons.

The bride's full skirt fell from a defined waistline with a tiered effect of deep ruffles adorned with satin ribbons to a chapel length

train. Her fingertip veil of illusion and lace was secured by a lace and pearl bando tiara. She carried a bouquet of white roses, daisies, and miniature carnations with white streamers.

Attending the bride was Brenda Smith, Okeene, as maid of honor. Lynda Ridenour, Calumet and Kim Heinze, cousin of the bride, Okeene, served as bridesmaids.

Her attendants wore identical light blue, floor length taffeta gowns featuring double spaghetti straps and pleated skirts. They had sheer long sleeved jackets edged with lace and taffeta belt. They wore white daisies in their hair and carried bouquets of blue and white daisies and carnations.

The bridegroom was attired in a white tuxedo with a white carnation boutonniere.

Serving the groom as best man was Kerry Kehnemund, Okeene. Groomsmen were Nathan Haffner, Okeene, and Dean Davidson, cousin of the groom, Mustang. Each wore navy tuxedos accented with pleated shirts and ascots.

Flowergirl was Brandi Goforth, niece of the bride, Okarche. She wore a white floor length gown with a lace

bibbed-apron affect and carried a white basket of daisy petals trimmed with blue bows.

Brian Billings, cousin of the bride, Seiling, was ringbearer. He wore a white tuxedo matching the groom's.

Ushers were Brent Schultz, Southard; Rick Winter, Okeene; Donald Goforth, brother of the bride, Okarche and Herb Roever, brother of the groom, Loraine.

Attending the guest book was Teresa Nault, Okeene.

The mother of the groom wore a floor length gown of medium blue. She wore a corsage of blue and white daisies and carnations.

The mother of the bride wore a floor length gown of burgundy accented with a satin belt. Her corsage was of blue and white daisies and carnations.

A reception honoring the couple was hosted at the Okeene Community Building by the bride's parents.

Assisting at the reception were Dessa Mae Heinze, aunt of the bride, Okeene; Sharon Hokit and Teresa Nault of Okeene; Delane Roever, sister of the groom, Thomas; Jeri Roever, sister-in-law of the bride, Okarche; Darlene Baker, cousin of the bride, Enid; Charlotte Billings, cousin of the

bride, Seiling; Helen Westfahl, aunt of the bride, Del City and Sue Jaynes, Del City.

Rev. and Mrs. Duane Roever, parents of the groom, hosted a rehearsal dinner on July 29, at the community building.

After a wedding trip to Missouri and Arkansas, the groom will be attending his Navy training and schooling at Great Lakes, Illinois, while the bride completes her college education.

The groom lived in Loraine several years ago when his father was pastor of the First United Methodist Church in Loraine.

Visitors in the Raymond Wheeler home Sunday were his daughters and husbands, Mr. and Mrs. Mason Richburg from Abilene, Mr. and Mrs. Robert Montgomery and granddaughter from Euless and Mr. and Mrs. Jack Compton from Midland. The Comptons came on Saturday night. On Sunday, they all attended the Hallman Reunion at the Inadale Community Center. Mr. and Mrs. Wheeler also attended the reunion.

xxx
Mrs. Edwin Hallmark had as her guests Saturday, Mr. and Mrs. J. N. Harris from El Paso.

xxx
Mrs. Cullen Payne spent from Thursday until Saturday of last week in Midland visiting her daughters, Mr. and Mrs. Billy Harvey and Mr. and Mrs. John Hayslip.

xxx
Mrs. Roger Cipliver returned to her home in Fort Worth Thursday

after spending a week here with her mother, Mrs. S. E. Meadows. Mrs. Meadows and Mrs. J. E. Price returned with her. Mrs. Price visited a daughter and husband in Fort Worth.

xxx
Mrs. Inez Thomas was carried back to Houston Friday for further treatment at M. D. Anderson Hospital. She had been a patient at Root Memorial Hospital since being home from Houston.

Word from her is that she is doing fine and would be receiving fur-

ther chemo, probably the last of this week.

xxx
Mr. and Mrs. Willie Coley had as their guests Saturday a niece and husband, Mr. and Mrs. D. K. Christian from Midland.

xxx
Mrs. Don Opheim and Stanley Martin of Lubbock spent Saturday with their parents, Mr. and Mrs. Harold Martin. Mr. and Mrs. Don Martin of Abilene visited them on Sunday and Merrill Martin of Abilene was here on Thursday.

Loraine residents to attend college

Among the Loraine young people who are leaving for colleges and universities to further their education are the following: spring graduates of Loraine High

School enrolling in Western Texas in Snyder are Margie Alvarez, Jana Britton and Debbie Browne; Stephanie McAdams chose Angelo State in San Angelo.

Spring graduate, Steve Morris, has joined the U.S. Navy and will be leaving for basic training in September.

James Meadows, graduate of Western Texas in Snyder has enrolled in Hardin-Simmons University and Teresa Clifton, also graduate of Western Texas has enrolled in Texas Tech.

Sheila Martin returns to Western Texas to begin her sophomore work.

We are sorry we were unable to contact all Loraine young people who may be enrolling for classes at other schools.

Coldeway surprised with party

Mrs. Annie Coldeway was given a big surprise Sunday, August 28, when her son, Leonard and wife, Hazel hosted a birthday party for her at the Loraine Senior Citizens building.

She has three sons living, one who lives in Green Valley, Arizona was unable to be present, though he had visited her in June.

Grandchildren, nieces and nephews with a host of other relatives and friends were on hand to wish her a "happy birthday."

Punch and cake was served to 75 who called from Brownwood, Sweetwater, Snyder, Hermleigh, Colorado City, Midland and Loraine.

Fund raising project set for LHS Band

The Loraine High School Band has launched an unusual fund-raising plan-A community birthdate calendar.

All profits will be used

to benefit the band, as announced by director, Debbie Wiechman.

The money is raised through the sale of birth-

day, anniversary, in-memoriam, in-service

and meeting date listings; sale of the beautiful three-color lithogra-

phed calendars and sale of advertising space on the calendar.

Ms. Wiechman said she hoped that everybody in the community and area would list their birthdates, anniversaries, etc., and emphasized that surveys show a person will receive about 16 times as many remembrances (cards, gifts, telephone calls, etc.) on their birthday or anniversary if it is listed on the calendar than they ordinarily would. She said that many people don't "remember" their friends and neighbors, even relatives on these important dates because

they do not know the date. The calendar will supply that information.

Ms. Wiechman also pointed out this calendar will probably be more prominently displayed in homes and businesses than all others combined because it is all 'local' and about, local people.

The calendar will contain a large picture of Loraine High School Band. Also on the calendar will be the meeting dates of civic clubs and other groups.

Anyone interested should contact a member of the band before September 6.

Leach returns home after undergoing surgery

Mrs. Harvey Leach and daughter, Mrs. Georgia Walker of Crane spent from Wednesday until Sunday at her home in Loraine.

Mrs. Leach underwent hip surgery in Dallas July 12, and has been at her daughter's since leaving the hospital.

A group from her Sun-

day School Class and friends surprised her Thursday when they knocked on her door at noon time with a prepared lunch ready to spread including freezer ice cream and home baked cakes.

This was a way to welcome her home after her long absence, though she won't be coming home to stay until after she goes back to Dallas for a check up in October.

After the lunch, visiting was enjoyed and catching up with the news was in order.

Those preparing the surprise were Mmes: Clara Butler, Pauline Smiley, Rosie Hamrick, Ruth Blair, Bernice Hallmark, Inez Webb, Nannie Hallmark, Charlie Harris and Ida Baird.

Obituary

Alma Lena Sheffield, 96, died Tuesday, August 23 at 5:55 a.m. at Root Valley Fair Lodge.

Is your heating/cooling system gobbling up too much money?

If electric bills are taking too big a bite out of your budget, consider equipment with a higher energy-efficiency rating. The higher the rating, the less electricity it takes to heat and cool your home. And using less electricity will help hold down your bill.

High-efficiency equipment costs more, but when the equipment qualifies, Texas Electric will give you a bonus check to help pay the

difference. So if you're planning to install a room unit, or replace central air conditioning or a year-round heat pump, ask your dealer about equipment that qualifies for a bonus check from Texas Electric.

And put money back in your pocket.

Over-40 Gang 'too hot' for CCVFD

The Colorado City Volunteer Fire Department is a very creditable fire department. Their job is putting out fires and usually they do a good job of it, but Monday evening at Herberger Field, the Over 40 Gang unleashed a fire on the softball diamond that was too hot for the CCVFD to handle.

The Over 40 Gang earned their third victory of the season against two losses as they "burned" the fire department by a count of 12-6. The Over 40 Gang's barrage started out with a dull blaze and by the third inning it was a towering inferno, one the fire department surely needed help with.

The big turnaround in the contest came in the bottom of the third stanza with the old guys leading 5-3. In that inning, the Over 40 Gang sent everyone to the plate, collected eight hits and scored five runs to turn the contest into a rout.

The game started off with the fire department getting first bat. They promptly showed they were out for business as Gary Redwine singled, David Myers doubled, Brian Bassham and Tommy Guelker singled which led to two runs as

Redwine and Myers scored.

But the Over 40's kept their poise and came up for their first at bat. The "Red Men" started things off. Jim Baum and Bob Lemons both singled. This brought up Bob Riley, who had a "Players Dream Game." He promptly doubled, scoring the Red Men to tie the game. Rocket Riley will tell tales about this game over and over through the years.

In the major leagues, this is called "hitting the cycle." All Mr. Riley did was hit a single, double, triple and home run, going four for four and driving in five runs. (Not a bad days work Bob).

Well, getting back to the game, David Marion followed with a single and big George Davenport snapped out of his slump with a hard double that scored Riley and Marion, and the old guys had a 4-2 lead.

The top of the second inning was highlighted by a nifty double play turned in by Over 40 shortstop Lindy Merket who took a hot smash from the bat of Mel Palmer touched second and threw out a winded Palmer by three steps. But on the next play, Redwine tried Merket

again with a smash that went through his legs and carried by all six outfielders for a homer and the lead was cut to 4-3.

In the bottom of the inning, the old dudes quickly loaded up the bases on hits by Bo Merket, Walter Bingham and "Traitor" Tex Blankenship. But the fire department stopped a big inning on some fine defensive plays and just allowed the old dudes one run and the score stood 5-3 after two innings.

Blake Hammond led off the top of the third for the F.D. Now Blake had predicted to this reporter that he was going to sock this one over the fence. Poor Blake, he popped up to the pitcher and the F.D. went scoreless that inning.

Next came the fatal inning for the F.D. Red Lemons started things off with a Texas Leaguer over second base. Riley then hit a hard triple that hopped over B. Hammonds glove, by this time poor Blake

was muttering incoherently to himself. Brother Glenn Roenfeldt singled, scoring Riley and the massacre was on.

Davenport then fooled everybody as he hit a long triple to right field as Roenfeldt lumbered home with the eighth run of the contest. L. Merket singled, scoring Davenport. Brother Bingham follows suit to load up the bases. Henry Hoyle's sacrifice fly scored L. Merket for run number 10. Blankenship again answered the cries of traitor with a

single to load up the bases for none other than J. O. Dockrey, (wrong man in the right situation). J. O. popped up for out number three, but the damage was done as the old guys had a 10-3 lead going into the top of the fourth.

The F.D. seemed in a state of shock. Fighting fires was never this hard! They promptly went three up and three down. The Merket brothers put on a mini-fielding exhibition as second baseman Bo handled a hot grounder and short

stop Lindy snagged a smoking line drive.

Well, in the bottom of the fourth, the F.D. made a defensive change of their own. They added a fifth outfielder (took a page out of the old guys' book). Red Baum singled, and the ever-present Riley burned rover Hammond again as he hit a shot between his legs for an inside homer to score two more runs. (This reporter thinks Blake must be behind in his insurance payments).

In the top of the sixth

inning, the F.D. saved face as they came up with three more runs to make the score respectable. Redwine singled, B. Hammond singled and Bassham hit a shot to right field that Over 40 right-right fielder Dockrey watched helplessly with hands on hips go by as Bassham got himself an inside home run. This ended the scoring for the night.

But the latest word out on the street is that the Cops want a shot at the Old Guys. Only time will tell.

SCOOP-Colorado City Volunteer Fire Department first baseman Tommy Guelker stretches for a low throw in Monday night's game.

WINDING UP-Colorado City Volunteer Fire Department rover Blake Hammond winds up as he makes ready to unleash a throw from the outfield. The Over 40 Gang defeated the F.D. 12-6.

Dove hunters should obtain zone maps

Texas dove hunters who may be unsure about the new three-zone hunting alignment in the state are urged by the Texas Parks and Wildlife Department to obtain a map showing the dove hunting zones

when they purchase their 1983-84 hunting licenses.

The licenses, zone maps and hunting regulation guides are now available at department offices and most hunting license outlets across

the state.

The three-zone system utilizes highways rather than county lines for zone delineation.

Most of the confusion about this year's seasons involves the Rio Grande Zone, which is

divided into two portions. During the special white-winged dove season in the Rio Grande Zone, hunting for both mourning and white-winged doves will be allowed September 3-4 and 10-11.

In the western portion, designated the "Special White-winged Dove Area," the daily bag limit during the whitewings season will be 10 whitewings and 12 mourning doves. Shooting hours will be noon to sunset. In the remainder of the Rio Grande Zone, however, the daily bag limit will be two whitewings and 12 mourning doves, for a total of 14 birds. Shooting hours will be noon to sunset during the first two weekends.

During the mourning dove season September 17-November 5, 1983 and January 7-22, 1984, the daily limit in the entire Rio Grande Zone will be 12 doves, not to include more than two whitewings. Shooting hours will be 30 minutes before sunrise to sunset.

The Central Zone season will be September 1-October 30 and January 7-16. Bag limit will be 12 per day, not to include more than two whitewings. Shooting hours will be 30 minutes before sunrise to sunset. The Panhandle Zone season is September 1-November 9, with the same daily limit and shooting hours as the Central Zone.

Officials remind hunters the law requires that anyone hunting white-winged doves in any zone must have a \$6 white-winged dove stamp. Also, in the entire Rio Grande Zone, one fully-feathered wing must remain attached to the carcass of every dove taken by hunters, while the bird is being transported between the place taken and one's abode or a commercial

processing facility.

Hunters also are advised that the sanctuary system for whitewings still is in effect in certain narrow tracts along the Rio Grande. To determine which areas are closed this season, hunters should check the map which is on the back of the dove zone map.

Officials also point out that in the Lower Rio Grande Valley there are seven species of doves and pigeons, and only two-mourning and white-winged doves—are legal game. Hunters should be sure of their

target before shooting.

Dove Program Leader Ron George said protected white-fronted doves appear to be on the increase in South Texas. These birds could be mistaken for oversized mourning doves. "Their larger size and usual habit of flying low can help the hunter distinguish them," said George.

To help identify the various species, hunters in the South Texas region should obtain a dove identification sheet, available at department offices and hunting license outlets.

DPS estimates 51 to be killed during Labor Day holiday

The Texas Department of Public Safety has estimated as many as 51 persons will be killed in traffic accidents during the Labor Day holiday. The estimate includes traffic deaths which may occur on urban streets and rural highways.

Colonel Jim Adams, DPS director, says Texas has about 14 percent fewer fatal accidents now than at the same time during 1982.

"We are hopeful the trend will continue downward for the remainder of the year. However, holiday weekends always seem to bring higher death tolls than do other times of the year," Adams said.

The DPS reported 50 deaths during Labor Day last year. However,

the inclusion of subsequent deaths due to traffic injuries received during the 78-hour period raised the final count to 57.

"During the 1982 holiday, 27 people were killed in accidents where DWI or speed was a contributing factor. This represented close to half of all the fatalities which occurred during that particular holiday," said Adams.

The DPS director called for sober driving, use of seat belts and a reduction in speed.

"We know alcohol contributes to about half of our traffic deaths, so it is obvious that a driver should not drink and drive. Also, we can prove the lifesaving effects of seat belt usage

"We had 55 persons killed during the Fourth of July and some are still seriously injured and will probably die before the year is over. This makes that holiday the deadliest 78-hour holiday since 1970," he said.

RECEIVES CAP—Lulu Boyd of Colorado City was among the Western Texas College Vocational Nursing students receiving caps in a graduation and capping ceremony held August 26. Students receive their caps as they begin the clinical phase of their training, working in D.M. Cogdell Memorial Hospital as well as receiving classroom instruction.

"Grazing management" key to winter pastures

Some stockmen may not be too keen on winter pastures because of past problems in getting their money's worth, but it all boils down to "grazing management."

"Grazing management is the key to making winter pastures (wheat, oats or ryegrass) pay for themselves," says Dr. David Bade, a forage specialist with the Texas Agricultural Extension Service, Texas A&M University System. "Producers who say they are not getting their money's worth out of winter pastures likely are not using them properly."

Concerns often voiced by producers regarding winter pastures are poor stands, failure to get grazing when needed, and high costs, says Bade. (Variable costs can run \$60 to \$100 per acre, depending on whether pastures are seeded or planted in prepared seedbeds.)

This is where grazing management comes into play. Bade describes grazing management as some form of limited grazing of winter pastures, particularly

in the fall and winter. "It's important to get the grass ahead of cows or calves so that there will be adequate carry-over of forage into the critical winter months," he points out. "This means making sure that the grass is well established and growing vigorously before grazing. Have 6 to 8 inches of growth before grazing and then graze down to 3 to 4 inches."

By limiting grazing to only several hours a day, an acre of winter pasture can support four to six lactating cows, notes Bade. This makes these pastures fairly inexpensive compared to the cost of protein feed.

Bade says that winter pastures offer a number of advantages. They extend the grazing season through the fall and winter and into early spring, they provide high quality forage, and they can lower the winter feed bill.

Stockers can make good weight gains on winter pastures, notes Bade. About one-and-a-half pounds of daily gain per head is average on good winter pastures.

News from... Root Valley Fair Lodge

By PAM JARNIGAN
School days, school days, dear old golden rule days.

Kelley Elementary is across the street from us and we enjoy watching the children coming to school, playing recess and going home.

School is very different now from the one room school. Mrs. Mattie Hines attended. Grades one to eleven were in the same room. She taught in two one-room

school houses. They had wood stoves for heating, a cistern in the yard and the "lounge" was a grove of cedar trees. The proverbial "flickory stick" was sure an attention getter.

Mrs. Gerlie Low said she walked a mile to school as did Mrs. Annie Aycock. If you lived more than a mile from school, some rode a horse or mule. Mrs. Birdie Strain was fortunate indeed because she rode a horse and buggy.

I was surprised to learn the poem "Mary had a little lamb" is true. Mary went to a one-room school and her lamb really did follow her.

John Realman, from Harvard, was visiting the

school and immortalized the event.

Mrs. Willie Johnson was very happy this week. Her son and daughter-in-law are visiting from Dodge City, K.A.

We want to welcome Mr. and Mrs. Roy Geisler to Root Valley Fair. We are very happy to have them.
