The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

VOLUME 44 BROWNFIELD, TERRY COUNTY, TEXAS FRIDAY, OCTOBER 1, 1948 NUMBER 10

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

Harvest Queen Race Getting Off To Very Good Start

First of States' Rights Articles This Week

We are publishing the first of a series of States Rights articles by Jimmy Arrington, a small town editor and mayor at Collins, Miss. He has been editor and publisher of a small paper there almost since his graduation from law school at Jackson, and mayor of the town since 1935. Arrington is a natural when it comes to wit, and sometimes pulls stunts in his newspaper office that wows the readers.

For instance, one time he had a full length cut (picture) of one of his leading citizens that was a first page MUST. But Jimmy had only two inches left after making up the first page. So he cut the picture into just above the waist line, ran it on page one, with "continued on page 2" under it. The readers found the rest of the picture of the man's body there. Of course his readers roared with laughter—all but the original of the picture.

Arrington is called all over the nation for lectures and has spent as much as 24 nights a month on a pullman. To his family he is coming or leaving, and they wonder if he was not born with a suitcase in his hands. In private conversation he is crisp and terse. But on the platform, they say he has a drawl as long as a Georgia mule.

And as mayor of Collins he has his troubles and overcomes them. One lady was wont to call him up occasionally and remind him that the neighbors chickens were bothering her, and always wound up by saying she had been a taxpayer 30 years. Jimmy repealed the tax six years ago and has heard no more from the lady.

The artical found elsewhere in this issue is written in Biblical language. Hope you like it.

Body Of Pvt. James A. Suggs Returned

E. S. Suggs, formerly of the Union community, was in this week and informed us that the body of their son, Pvt. James A. Suggs, would be received in Lamesa Friday, and that funeral services will be held at Welch school auditorium at 3 Sunday afternoon. Since James was reared in Terry county, Mr. Suggs stated that he wanted old friends of the family to know about the funeral arrangements.

Rev. J. R. Forrester of the Welch Baptist church will officiate at the services. The body will then be returned to Lamesa to be buried in a 5-acre plot in the Lamesa cemetery reserved for veterans.

James fell mortally wounded on the battlefield on the island of Cebu, Philippine group on the 28th of March, 1945, and was buried there, but the remains were later moved to a better cemetery on Leyte island. James had a brother badly wounded in World War II, but is holding a job at Lovington, N. M.

DRY FORCES LOSE BATTLE TO BAN LIQUOR IN LEA

HOBBS, N. M. Sept. 28 (AP)—Dry forces who sought to have the sale of liquor outlawed in Lea county were defeated in a special election today.

The unofficial votes with all but two small precincts reported was 3,927 to retain legal sale and 2,451 against.

Lea county is in the southeast part of New Mexico and is the center of much of the state's oil activity.

The vote was described as the heaviest of any election ever held in the county and was particularly large in Hobbs. Here the count was 2,329 for and 1,043 against.

Tempers Continue To Flare About School

An Editorial

It certainly is regrettable that our school system seems to have taken a factional turn. Heretofore the Brownfield schools have appeared above petty jealouses and grievances. But since the bond election early in June, the matter has been going from bad to worse. Someone will say something, perhaps too much, and the other fellow will have a comeback, which keeps the pot boiling over.

Perhaps both sides of the matter may have their good points, but hot, flaring tempers are not going to aid matters. It seems to us that enough good level headed men on both sides could get together and smooth matters out. No one thing will suffer more from this strife than the school itself. All agree we must have a school of some kind, and we believe that all want a good school.

The latest development seems to be the big raise in valuations with most property owners, some 100 per cent or more. Either those people have not been paying their just proportion of taxes heretofore, or some others to much. We have heard of four room box houses being taxed as high as five and six room frame dwellings. Of course that nettled the former, and some concluded it was just owing to how prominent a guy was what his valuations would be.

Personally, we do not mind paying our share of taxes. In fact we don't ever remember appearing before any equalization board but once, that being the county commissioners when they taxed a vacant lot at $38 per year. But we do want the other fellow to pay in proportion. This is what an equalization board is for, and they should do just that or quit. All should be treated alike.

Another regrettable affair was reported this week, not in connection with tax affair, but keeping in rural children after the bus departed. Some of the rural ladies came into see about their children, it was reported to us, and one of them and the lady teacher engaged in a physical encounter. And now court charges have been filed.

We felt that after cool weather came, tempers would likewise cool. And we still hope so. Let's not injure our schools. Let's have peace.

HARVEST QUEEN RESULTS:

At the finish of counting the votes Thursday morning the latest returns on the Harvest Queen candidates stood:

Daina McIlroy	51,700
Nelda Brown	51,700
Frances Rambo	35,700
Jane Wier	30,100
Cynthia Black	13,800

BALDWIN MOTORS TO EXPAND SERVICE, PARTS

Fred Baldwin, who recently purchased the Kaiser-Frazier agency on West Broadway from Hugh Holmes, has announced that he is making an expansion in the servicing and parts departments.

The firm, now known as Baldwin Motor Co., was formerly the Terry County Motor Co. They not only service Kaiser-Frazier cars, but all makes. Mr. Baldwin will be glad to greet his friends in this location.

AROUND 2600 REGISTER IN THREE COUNTIES

Raymond Simms, secretary of the three county draft board, consisting of Hockley, Terry and Yoakum counties, stated this week that approximately 2600 young men between the ages of 18 and 25 registered for the draft.

Mr. Simms stated that no record is kept by county, only by area, according to age and alphabetical order.

Boy, you can hardly venture on the streets without running into one of the active queen candidates or her supporters. And just take a look at the shop windows all over town. Merchants will have to forget they are going to have anything themselves in their display windows until this Queen Race is decided. They are all hustlers as well as good lookers. No sir, those girls are not "beautiful but dumb," they are beautiful OK but the very opposite of dumb.

Those girls are really bearing down on it, getting publicity in many and sundry ways, some of which they or their friends have thought of or heard about. But they are willing to try any permissible stunt that will bring in the votes. And they are getting more publicity in more ways than a farmer can whip a mule.

Maybeso they sorter embarrass some of their friends and acquaintances. Maybe you'll find a sticker on your car advertising one of these girls. Yes, she is a friend of the family; so is her folks. Also, maybe the other girls are in the same boat with you as a friend. But this partisan sticker on your car looks like you are supporting Miss So and So. On the other hand you may be casting votes for all of them.

Now who can blame these girls, any of them, for taking any method at hand to solicit your vote? What girl or any lady for that matter would not crave all that finery that is to be given the winning queen come October 20? What person is there that would not thrill over the possibility of that great free trip to picturesque Old Mexico?

But the battle for ballots is just warming up in the preliminaries, folks. You aint seen nothin' yet. Just watch those girls go places for the next 20 days. Bless 'em, we wish all of them could win, but there will be just one lucky girl at the close of the contest.

Who will it be? Those holding the cellar position last week may be the league leader next week. Who knows?

A Good Suggestion For Business Men

During a conversation with one of our leading business men this week, he advanced this suggestion for the good of the town, and to help the rural folks find parking room: "Why not merchants and employees if they must bring their cars to town, park in the rear of their places of business, if possible, or have their wives carry their cars home. I made a count in and around our own place of business recently and found that we had seven cars parked nearby."

Now we are passing this idea along for what it is worth. But no one business can do the job as it should be done. Perhaps the Jaycees or one of the civic organizations could help. This parking room situation becomes serious during the fall rush and on Saturdays particularly. This merchant went on to state that a lady customer informed him recently that she had spent the last hour(to her apparently) hunting a place to park so she could get her shopping done.

But this merchant quickly agreed with us that the time had not arrived for One Armed Bandits (parking meters) in Brownfield. Most of us are always ready to do what we consider best for the town and community, so here is your cue to say your mind.

Let us not forget, however, that it is the people who come here to trade make the town. Why not show them the courtesy to leave all parking places open as possible. The town ladies could help matters greatly by shopping early Saturdays.

C. G. Cross, Herald employee returned from vacation today.

YOUR RIGHT TO KNOW IS THE KEY TO ALL YOUR LIBERTIES

. . . Your newspaper—functioning under the principle of the Freedom of the Press—brings you that knowledge unadulterated by the selfish whims of dictators . . . Read your newspaper carefully, regularly, thoughtfully. Be informed. For knowledge is the key to all your liberties.

Polio On Decline Says Dr. Miller

Two more cases of poliomyelittis were reported to South Plains Health Unit, Dr. Frank P. Miller, Director, week ending 18 September, 1948, which makes the total of 12 for the year. Only nine cases in 1946.

The number of cases reported is on the decline for the past few weeks throughout the State. We may expect more cases to occur as the summer days are still existing, with showers along we may expect more flies and other insects to appear as a menace.

These rules of hygiene are suggested:

Practice cleanliness, Avoid new contacts, don't get over-tired, avoid chilling. It is important to call you doctor at first suspicious signs, which may be innocent appearing; slight nausea, moderate fever, fatigue, sore throat and fussy.

The public living in urban or rural areas are urged to continue the sanitation practice in destroying the flies and stop all breeding places.

Nelson Jewelry Opens Enlarged Quarters With Great Sale

Lynn Nelson, genial owner of Nelson Jewelry, is announcing the re-opening of his store in a greatly enlarged quarters at the same location with a huge storewide sale. Merchandise throughout the store has been drastically reduced. Favors for the ladies will be presented opening day, Saturday, October 2.

The entire building has been extended from its original 40 feet its present 100 feet. Display floor space has almost been doubled—from 625 square feet to 1225 square feet. New shelving and other fixtures have been added.

Nelson stated that one of the main purposes for the sale was to make room for new lines and new items of merchandise. The completeness of this firm's stock is evidenced by the fact that in crystal, alone, nine different lines are carried.

Few, if any jewelry stores in towns the size of Brownfield have a more complete watch and jewelry repair department. The establishment has adequate facilities for welding, plating and engraving.

Wednesday Is The Deadline For Ads

In view of the fact that holding the forms open for ads all day Thursday has proven too costly, the Herald has decided that all who want an ad should get it in by Wednesday night. By that time we could plan what size paper we should have for that week.

Here is another headache for us. When we take ads Thursdays, we have found that most of them are small to medium in size, and their combined revenue to us would not take care of the overtime Wednesday and Thursday nights that we have to pay printers.

Most all the merchants are called on Monday or Tuesday. That gives them 2 or 3 days to prepare their ads, which should be sufficient, and in doing so, they do not work a hardship on the printers or the management of the Herald.

We believe that most of our merchants are the most co-operative in the world, and are willing to do the right thing when the matter is pointed out to them.

Notice To All Farmers

On October 15th beginning at 2:00 o'clock there will be a field day sponsored by all the agricultural agencies in Terry county.

This trip will be arranged in such a manner that different practices which have been carried out will be demonstrated. Also the experimental farm will be visited and a detailed explanation of the different crops and practices carried out will be explained.

BUSINESS FIRMS URGED TO WRECK BOXES AND CRATES

A council meeting at the City Hall Thursday night September 23rd was held. A resolution was made by the counsil members to notify all business firms to wreck all boxes and crates before putting them into the trash containers.

This is necessary to get the boxes in packer trunks.

Mrs. E. A. Graham and daughter, Twilla left Sunday for Little Rock, Ark., for a visit with Mrs. Graham's daughter and family, Mr. and Mrs. Bill Amo.

Terry-Yoakum County Fair Scheduled October 21, 22, 23

Mahon Advocates Creation of Big Cotton Stock Pile

Legislation authorizing creation of a stockpile of cotton sufficient for any emergency was advocated in Lubbock Wednesday of last week by Rep. George Mahon, congressman from the 25-county 19th West Texas district.

He will discuss the urgent need for the precautionary cotton reserve when national defense and farm legislative measures are drafted in the January session of Congress, he added.

Mahon declared that, under the conditions existing now, cotton reserves often sink to levels so low as to endanger the national security.

He emphasized, however, that his advocacy and support of the creation of a stockpile will be conditional (1) upon adequate price support for cotton farmers while they are building up the reserve and (2) legislative guarantees that the surplus can not be used to disrupt current markets.

The carry-over from last year he said approximated 3,000,000 bales. This years crop is estimated 15,000,000. Domestic demands this year are placed at 9,000,000 to 10,000,000 bales. Export demands estimated at 4,000,000 to 5,000,000.

These figures mean, Mahon declared, that after the present crop is marketed, not more than 5,000,000 and perhaps no more than 3,000,000 bales of cotton will be on hand.

"The United States had a surplus of about 13,000,000 bales when World War II started," Mahon commented. "That was far short of needs. If we should be forced into another war with no more than 5,000,000 bales on hand, our position would be perilous indeed."

The Herald Salutes Terry-Yoakum 4-H Club Girls

Elsewhere in this paper, you will find a lengthy report handed in by Miss Helen Dunlap, county home demonstration agent about the Gold Star Girl of Terry county, Marjorie Scales of the Wellman club. Also a report on others who have made a fine record, including Runez Patton of Meadow; Yvonne Herring of Union, Jean Sargent of Union, Donna Weldon of Wellman.

Of course there are many other girls of the several clubs of the county that have made good showings, but the girls that are mentioned in the article in question, have done outstanding work, and we want the readers to read the full detailed article. We also wish to call to your attention to another article in this issue that tells you about the Gold Star Girl of Yoakum county.

The Herald takes pleasure in saluting these fine girls. And here's a prediction: When in the course of their life span, these girls takes a partner for life, there is going to be practically no reason for any divorce proceeding to take place later. If so, we'll say and believe that it sprang from the pure cussedness of their husbands. The girls are prepared as homemakers, and the fault if any, will not rest with them.

Then too, let us give some praise to the Wellman, Meadow and Union schools for their help in the preparation of these girls. Also behind them has been the senior ladies in the Home Demonstration clubs of Terry and Yoakum counties. These combinations have made great headway in making some outstanding 4-H club girls.

Gin Explosion Injures 6 Local Men

Six men were burned, one of them seriously in an explosion caused by setting off excess butane gas at the Lee O. Allen Gin at Tokio Monday afternoon. The men were installing a butane cotton dryer and suposedly struck a spark that exploded the butane.

The six men were brought to the local hospital for treatment and four of them dismissed after emergency treatment. Mr. Allen, owner of the gin was the most seriously burned. Amos Smith received treatment for burns on the head, legs, arms and hands. James Wauson of Plains was burned on the right hand and fore arm. W. E. Brantley, Route 2, received burns on the right arm, left wrist and face. Roach Perry, Brownfield, burned on the left hand and S. L. Jones, Brownfield, left arm.

Mr. Allen received first, second and third degree burns on the upper part of his body and on the legs.

Cubs-Lamesa In 0-0 Deadlock, Play Levelland Tonight

Last Friday night at McCollum field in Lamesa, a grid classis was unreeled that should go down in the record books from several standpoints. In the first place, an unprecedented number of backfield in motion penalties were called against the local. This factor was the chief contributing cause for the game being one of the most boresome affairs in the history of organized football.

Many fans found their seats becoming too hard by the end of the third quarter and by the time the final period was half over, the stands has lost a considerable portion of their occupants.

If the Cubs were actually at fault, it is sincerely hoped that the coaches will have it remedied in future games. If the officials were in the wrong, their services in remaining games should be studiously avoided.

In the opening minutes of the game, Lamesa gained possession of the ball deep in Brownfield territory, but lacked the stuff to put it across. In the second half kickoff, Martin tucked in the pigskin and raced over 90 yards only to be pulled in three yards short of a score. These were about the only bright spots in an otherwise tedious evening.

Tankersley, backfield mainstay, suffered a leg injury early in the game and it is very likely that he will be out for at least this week.

The Cubs make their initial home appearance tonight at eight o'clock when they meet the Levelland Loboes. Lamesa has a one touchdown win over Levelland, but this margin is too close to indicate a cinch victory for the Cubs.

CALLED MEETING OF CHAMBER OF COMMERCE

A meeting of the Chamber of Commerce Board of directors has been called for Tuesday night at 7:15 P. M. at the Esquire Restaurant, according to Hiram Parks, president. A special invitation is being extended to City, County, and school officals.

The meetng is open to all members of the chamber. Several items of importance to the current program will be discussed. Plans for the Christmas decorations, the WTCC program, banquet, reorganization of the chamber and other activities will be on the agenda.

Mr. and Mrs. Milton H. Hughes visited Mrs. M. H. Hughes in Abilene over the weekend.

While we are spending a lot of our time talking about the Harvest Queen to be crowned here October 20, and that is really important, let us not lose sight of the fact that something else is in the offing that will play a major part in the upbuilding of our city and trade area. And that is the Terry-Yoakum county fair, October 21, 22 and 23.

This fair will immediately follow the crowning of the queen, and will be on the last three days of that week. County Agent Jack Cleveland will be the general superintendent, and George Sampson the judge. Below we wish to give some of the rules and regulations that will be in the fair catalog now in the process of printing, and will be distributed the next few days:

Entries for community booths must be turned in to the County Agents or the Chamber of Commerce offices not later than October 16.

Only one exhibit may be entered from a community.

Signs bearing the name of the community must be placed at the top of exhibits. Sing 6 inches by 1 inch by 4 feet, painted gray with black box letters.

Dimensions of booths are: floor space, 8 feet wide by 8 feet deep.

All exhibits must be in place ready to be judged by 10:00 A. M. October 21.

Fair association will not be responsible for loss or damage of any product.

Five premiums will be awarded: First $25.00; second, $20.00; third $15.00; fourth, $10.00; fifth, $5.00. Other entries will receive ribbons.

In the livestock section will be dairy cattle, Jersey Calf club animals, beef cattle, Hereford and Angus; swine, fat and breeding classes. In the ladies department all kinds of textiles, breads and cakes; canned fruits and vegetables, preserves and jellies. The 4-H Girls will have a section all their own, covering textiles, baking and canned products.

Also there will be a complete farm exhibit section, covering all of the most cultivated crops of the county. So, if you intend being an exhibitor of anything at the Terry-Yoakum County Fair, it is none too early to begin gathering and assembling your exhibits.

There will also be carnival and ride attractions for the young and not so young.

P. M. Dallas Likes New Mail Service

Postmaster James H. Dallas, was asked recently how he liked the new mail truck arrangement, versus the old incoming and outgoing of mail on a mixed train. He had no hesitancy in stating that it was far superior and was improving with time. "Like all newly inaugurated changes it takes time to get the run of things," Dallas stated.

He elaborated by stating that employees at the postoffice knew more about when to start making up sacks for outgoing mails, as the mail truck was now on time almost to the minute. This makes it better for not only the post office and employes, he stated, but the patrons of the office as well.

It is a well known fact that during the fall and winter rush, the train due here from Lubbock at 11 A. M., might come in at 2 or 3 P. M. And returning from Seagraves, it was due here at 2 P. M., but might be well into the night. For that reason a shuttle service was inaugurated a year or so ago to come down from Lubbock late afternoon and return about 6:30 or 7 P. M., to pick up first class and air mail outgoing.

Mr. Dallas intimated that the new truck arrangement was just as convenient, and as regularly on time as passenger train service, and that employees could now begin to make up mails on the dot.

Last week, a prominent Englishman visited Texas on some kind of ousiness, and to head off Texas Tall Tales, he supplied us with some English brags. Especially did he deplore the slowpoke American trains, compared to those in "deah ol' Hingland." But if our American rail lines show a creepy condition, they can point with pride to the safety side of the matter. According to a recent article in the New York Times, safety measures have really paid off in the last 49 years. For instance, last year's fatalities were 42 per cent under 1937; 58 per cent under 1917, and 64 per cent under 1907. To continue the figures, the Times estimated that the railroads carried every man, woman and child in the USA 319 miles last year with only 66 fatalities. Further, one man could travel by rail at 50 miles per hour, 24 hours per day, and it would require 1,600,000 years before he was killed. Thats safer than being at home, and even Mr. Milktoast himself should not worry while traveling by railroad. However, this achievement was no accident or chance. It came through improvement of equipment, trained personnel, hard work and watchfulness.

Yes, we heard Uncle Harry's efforts at LA last Thursday night. We almost felt sorry for the man. As an orator, President Truman is a complete failure, and after hearing FDR for some 12 years, Harry's efforts fell as flat as a pancake. There is absolutely no good in anyone except he and his party. But as he is trying to pour oil on the troubled waters in the south, he refrained from any mention of southern congressmen and senators that helped put over several measures over his veto. In fact, he journeyed all the way to Uvalde, Texas, to see forgotten and shunned John N. Garner, who had been shunted by the New Deal for eight years. There was some mild hand clapping up front, while the roughnecks back in the rafters put out the cowboy yells when signaled by the handclappers. All of Mr. Trumans speeches are as full of vituperation as that of a ward heeler. After all, he was trained by the Pendergrast machine at Kansas City. Contrast the smooth, even speeches by Earl Warren and even Tom Dewey, both of whom realize we are almost sitting astride a knife blade in Europe, and that it will take co-operation of all people and parties to show a united front. When leaving for the west, Truman stated that he "was going to give 'em hell out west." Wonder what the people all over the world think of such language, coming from our president, and aimed at a party of equal strength? These people who look to us for help and guidance will think strange of such underworld utterances.

Last week Editor H. G. Richards of the Anton News attacked an editorial in these columns. It is a well known fact that Editor Richards is well steeped in the European ideas that the government owes each individual a living, medical care for life and a decent burial, whether or not they ever produce anything. On the other hand, the Herald is a "rugged individualist" if you like, and thinks citizens should support the government instead of the other way around. England is a good example of Richards' socialistic ideas. We are having to pumpprime them to the disgust of a lot of our taxpayers, while they fiddle around with less than half pre-war production. Their laborers work short hours if at all, and when the feeling suits them. Other countries that were badly ravaged by war, but have shunned socialism, like Belgium, Holland and Norway are almost back to normal conditions. The Herald has never questioned government supports if there is a sellers market. But as long as there is a buyers market, such things tend to cause a higher spiral of living cost. And if all citizens and taxpayers are to be treated equal, why not prop the corner grocer or the blacksmith on a back street? In fact include all. It hurts the corner grocer or blacksmith and their families just as badly to go broke as it does the four section wheat farmers. Let us be fair and keep in mind that it takes all to make the mare go, the producer, the manufacturer and the distributor. They are a fine pair of triplets and have made this old nation what she is. Like all socialists, Editor Richards likes to take pot shots at bankers, big business, etc. We wonder what they think some millions of Americans would do if all the banks and factories closed? Do like England? God forbid.

A lot of Texas Democrats like to talk of party "loyalty" and "loyalists." And they sometimes ring in FDR in their speeches and private talks. Franklin D. Roosevelt was a very poor sample for the "loyalists" to use, for it is a well known fact that he not only bolted the party once but several times. Two of the outstanding times were that he supported Senator Norris, Nebraska Republican Labor party, Mayor LaGuardia, of New York. In doing so, he predicated the right of all democrats to vote for men rather than party. And we are not saying FDR made a mistake in either the Nebraska or New York race. He was probably right.

We had two well printed brochures almost the same day recently. One was 1948 Life Insurance Fact Book. The other was an edition of 1948 Fact About the Railroads. As stated above, both were nicely printed, but we never had much flare for figures, graphs and diagrams. They always make us sleepy. But thanks for remembering us.

The Abilene Daily Reporter-News actually came out with a king sized edition Sunday, advertising the West Texas Fair in that city, soon. It had 96 pages, and it took 36 tons of newsprint to put out the edition. That is a lot of paper in any man's language.

West Texas Crops Burned To A Crisp

Folks, it is nothing short of pitable to leave the Plains and see what the weatherman wrought in some 40 days of searing heat without the aid and comfort of water. Here on the Plains we pity ourselves, and we have an abundance of pity coming, but you don't know nothing till you get below the cap. With the exception of a few fair crops in the vicinity of Snyder, they are all out between here and Brownwood.

The Old He and wife took off last Friday morning to visit the son-in-law and daughter at Brownwood. We varied our route as much as possible to see as much of the country as possible. Going, we went via Lamesa, Snyred, Roby, Anson, Abilene, Cross Plains and Brownwood. eturning, we came via Coleman to Abilene, same to Snyder as going, but came via Post and Tahoka. The worst of the lot was in Coleman county. The grain sorghums got about as high as crabgrass and the cotton, what little there is, is truly bumble-bee variety, hand high and two or three little bolls in the top.

There are some fair to indifferent crops in south Terry and through Dawson county. If there is rain right away, the maize just booting, will make a fair yield. Cotton evidently has done its do, and the "first over" will get most of it. As we stated above, beginning about eight miles west of Snyder and some ten miles beyond, there is a little good feed but some fair cotton. The rain man seemed to have given them water sparingly but in more abundance than some places. In the hard rawhide land in the Anson section that yields high if there is rain aplenty, had a very poor crop of little scrubby cotton plants with immature bolls.

Even in that area around Cross Plains where one usually sees some good "goober" patches, is without anything. Most of the land has been freshly broken as if to plant wheat for the poor cattle if any rains come in time. Around Brownwod, they had about three inches of rain recently, and the country is greening up, but too late for this year's crop. They will, however, have grass for winter. And green pastures sure looked good after looking at barren fields and pasture lands for some 200 miles.

Found the kids and dogs all hearty and happy. Herman is away most of the day teaching band and some literary subjects at Bangs, some 8 miles northwest of Brownwood. So it is but a ten minute drive from home twice a day. The weather down there at present doesn't seem to be any hotter than here in day time, but when night falls, the breeze seems to take time to go visiting or to sleep, so the nights are hot. But as we had an upstairs room with large double windows, we faired very well. And when those two gals, mother and daughter get together, they seem to find plenty to cook, so we did not lack nourishment.

They are catching some fish out at the lake, but we did not try our luck. Herman's mother caught a few while we were down there. There was much prediction at the close of war that towns and cities that had airfields during the war, would have a backset after the training camps were closed. But both Abilene and Brownwood seem to be growing. However, at Brownwood it seems to be mostly residences, as we saw few business houses under construction other than on the highways, and that seems to be the trend most everywhere.

In Brownwood as here in Brownfield the complaint seems to be the same. Those with vacant property in the business area have put such a long price on it, that there are no buyers. Therefore they go out on the highways, buy and build, scattering the town, with here some business, there are some residences, with great vacant holes between. But you can't blame any one if he refuses to pay two price for property that is vacant and doing no one any good. Our idea is that if the tax fixers would equalize a bit more and put a real price on the vacant property, much of it would be put on the market—and quick.

But that is not our job, thank goodness. Returning to crops that gave such promise six weeks ago, and are now regretfully forgotten, maybe the Giver of all good gifts will forgive and forget our pride and stiffneckedness and give us some good rains for a 1949 crop.

It has been disclosed that the cabin Abraham Lincoln was supposed to have been born in down in old Kentucky is an imitation and a fraud, log by log and nail by nail. And after all the expensive incasing of it in a huge monument built to house the cabin. What a letdown to thousands who have visited the place and stood with bare heads. It now comes out that the real cabin burned, blew away, or sumpin', and like the Washington Cherry Tree story, has gone with the wind. Being born in a log house curself, we have often wondered why we did not have fame and fortune thrown our way. All the politicians do. There never were enough log cabins in Texas to hold all the politicians supposed to have been born in them. Perhaps we would be disqualified for fame and fortunte on the ground that the word "cabin" means one room. Our abode had three large ones. Come to Terry.

The Low Down From Hickory Grove

Today I am treadin' on a ticklish subject. Education. I am against it. Wow, says Henry, you are the same as ruined. Hold your shirt, I says, you are too petulant. I am against only a certain kind. I am for the kind of education that will bulge the noggins of our brash youth with the fundamentals that will cause them to appreciate a Republic under which they can go far and prosper much if they choose to work a half hour overtime.

How you gonna do it, says Henry. You take as a sample, I says, those trustees in Texas where they tapped their university president on the shoulder and said, "cut out this New Deal frothy teachings, buddy, or out you go." And not doing so, out he went.

One of our off-shoots came home one day and told how his professor said that the coal in the ground, the oil, the trees on the mountains, the power of the waterfalls, were all put there by the Almighty and belonged to the people. But that is exactly how it works now all over Europe, where the Govt. has taken over and runs these businesses—for the people, it says. But we of the USA keep on feeding Europe. Some of our big schools dish out too much such truck. That kind of education sisters and brothers, is the kind I am against.

Yours with the low down,

JO SERRA.

TEXANS IN WASHINGTON

By TEX EASLEY
AP Special Washington Service

WASHINGTON— Since the war more and more congressional wives are joinin gtheir husbands on overseas excursions.

Senator Tom Connally of Marlin and Rep. W. R. (Bob) Poage of Waco, along with Senator Carl Hatch of New Mexico, were chosen the southwestern delegates to the interparlianmentary union meeting in Rome. The wives of the Texas legislators went with them.

Mrs. Frances Cotton Poage, formerl yof Eastland and once clerk of the Texas State Senate Finance Committee, sat down at a typewriter Sept. 13 in the American embassy in Rome and wrote back an account of their travels in Germany, France, Switzerland and elsewhere after arrivin gin Europe by boat the latter part of August.

Excerpts from the letter follow:

"Next morning we left (Frankfurt) by daylight, and drove thru the Rhine Castle country to the Dutch border. It was a beautiful day, and the Rhine was pretty, and all the castles were interesting, but when we got into Cologne, I was sick at my stomach at the ruins.

"It is the worst destroyed of all the German cities, they say, much, much worse than Berlin. There were thousands of people going in aud out of the big Cathedral, which was the only thing left standing, and you don't see any place for all the people to live, yet they are there somewhere. XXX

"In Paris when I stood on the same balcony that Marie Antoinette and her children had stood on before they were taken away from Versailles to be executed, I felt that there was nothing else for me to see . . . but, in Rome, when you see the burial place of Peter and Paul, and stand in buildings more than 2,000 years old— and see the spot where Brutus stabbed Caesar— to say nothing of the Sistine Chapel, where the ceiling depicts the creation of man,—you realize that this is indeed the Old World, and that our country is sure NEW. XXX

"Lawrence Westbrook is over here on business, and is here often, it seems. We had dinner with him one night and his Rome representative who had been a prisoner of the English for four years —a member of the old Roman aristocracy, incidentally,— and he sure gave the English heck, which made me wonder if they liked America any better . . . I think they all want what we have to give them, but my impression is that they dont care a hoot about us—and even the Embassy staff tell you that they laugh at us behind our back every time an American gives them a tip. We have all been warned that the hotels charge you about 22 per cent for service, and that we can either give tips or not, as we like. But, of course everybody does it.

"Next to the language, the money is the most difficult. It is big enough in size to paper your house, but amounts to so very little for its size. And, things are tremendously expensive, too.XXX

"It was wonderful to hear from you, and I hope the Texas heat has subsided by now . . . It is gonna be hard for us, after being cool everywhere,— except Italy.

"But, if Ican just get back where I can talk to people, and get some clean clothes, I Ithink I can take anything in the good old U. S. A. XXX I shall have to come home and study Roman history for six months in order to appreciate what I have seen."

G I QUESTIONS AND ANSWERS

Q. I wish to purchase an automobile house trailer that I can use during by vacation. Will Veterans Administration guarantee a loan for the purchase?

A. No. Loans for pleasure purposes cannot be guaranteed or insured by Veterans Administration.

Q. I would like to change the beneficiary on my National Service Life Insurance without letting the old beneficiary know about it. May I do this?

A. Yes. A veteran may change the beneficiary or beneficiaries of his National Service Life Insurance at any time without their knowledge or consent.

Q. One of my arms was amputated because of injuries received while I was in the armed services during World War II. May I select the type of artificial arm I want and the firm I want to buy it from?

A. Yes, you will be permitted to select the artificial arm of your choice, but it must be purchased from an approved prosthetic appliance manufacturer under contract with Veterans Administration.

Q. To what benefits is a veteran with a yellow or blue discharge entitled?

A. A yellow discharge from the Army is dishonorable and the veteran is not entitled to Veterans Administration benefits. A yellow discharge from the Navy may be honorable or other than honorable. If the Navy discharge is dishonorable, the veteran is ineligible for benefits. If the Navy discharge was issued under conditions other than honorable, the veteran is entitled to file a claim and VA will determine whether the discharge was issued under dishonorable or other than honorable conditions. The latter also applies to blue discharges from the army.

FARM QUESTION BOX

by
ED W. MITCHELL
Farm Advisor
General Electric Station WGY

Q. Can you give me information on how to obtain and set out forest trees? I have 90 acres of land; about 20 is woods. Would like to hold up and increase the value of the land I cannot work.

A. I will ask the State Conservation Department to send you their bulletin on that. In brief, you send in your order for seedlings, set them out six feet apart as early in the spring as you can, and forget them for the next 30 years. Of course, a little food and cultivation, protection from fire and browsing cattle will be a great help to them the first two or three years.

Q. Would like information on privet hedges. Mine have dried out and have only a few leaves on them. They are 12 years old.

A. There is not much to say or do except cut back to the ground if tops are killed, and feed and water to encourage good growth.

Q. Is there truth in the idea that a potato which has turned green from exposure to sunlight is poison? And should potatoes which have had long sprouts two or three times be cooked and eaten?

A. The green potatoes are not poisonous or harmful to eat, but the color is accompanied by a bitter taste. Repeated sprouting wilts the potato so they are not good to eat.

Q. Please send information on checking hay in the mow.

A. Insert or recess a dairy or any other good thermometer in a 10-foot stick or piece of ½ inch pipe, pointed so you can push it down six to ten feet deep into the hay to test the temperature. If it is 140 degrees, check twice a day; if it is 160 degrees, check every hour; and if it is 180 degrees, check your coat and shirt, call the fire department, and start taking the hay out of the barn.

Q. When burning stumps out with saltpeter, how long must it be in the stump before burning it; also, how much should I use?

A. It should stay in there a year so stump becomes dry and use about two pounds to a 12-inch stump.

Q. How can I control iris borers?

A. Lift Iris roots every three or four years, separate the clumps; cut out any borers or diseased areas; soak 30 minutes in 1 to 1000 solution of mercuric chloride, and reset —preferably in a new location. Mix a lot of powdered tobacco with the soil around the roots to repel borers and other insects.

Q. How do you dry parsley and celery leaves for cooking?

A. Pick them off and keep them in a slow oven till they are dry, and then put them in a mason jar and seal.

CARD OF THANKS

We wish to take this opportunity to express our sincere thinks to everyone, for beautiful floral offerings, and the nice food brought, as well as the kind expressions of sympathy during our recent tragedy and sorrow, over the loss of our dear wife, mother and daughter. We also wish to thank those who came to the hospital to help. May God bless you is our prayer.

E. M. Riley, C. A. Duncan and wife, Joy Riley, Dwayne Riley, N. W. Headrick and family.

VETERANS NEWS

The physically disabled, when properly placed, make slightly better workers than the able-bodied, a study prepared by the U. S. Bureau of Labor Stastics for the Veterans Administration reveals.

The study matched the work performance of some 11,000 impaired and 18,000 unimpaired employees in all major industries. The survey discloses the following:

1. Handicapped workers suffered fewer serious accidents than the able-bodied.

2. The disabled experienced the same number of minor injuries as their able-bodied fellow workers.

3. Production records of the impaired were higher than records of the unimpaired.

4. The disabled were absent from work more frequently than the able-bodied.

5. The voluntary quit rate of the handicapped was higher than the rate of the able-bodied.

According to the study, impaired workers experienced 8.9 serious disabling accidents per 1,000,000 man-hours worked, compared with 9.5 accidents for the able-bodied.

Four Man Team Coming Here

Just back from Europe for a special recruiting tour, a four-man team composed of members of the famed "Fighting First" Infantry Division and the U. S. Constabulary Forces will visit Brownfield on October 1, 1948, M-Sgt. A. W. Carnes Commanding Officer of the Brownfield U. S. Army and U. S. Air Force Recruiting Station notified the Terry County Herald today.

Special arrangements are being made for the reception of the team in each of the communities Sgt. Carnes said, with the cooperation of various civic, fraternal and patriotic organizations.

CLEANING AFTER SHOT

This is not a wild gusher, such as used to be common before the days of controlled drilling, but a well in the North Ward-Estes field in Ward county cleaning itself after a nitroglycerin shot. The producer, Gulf Oil Corp. No. 272 G. W. O'Brien and others, was shot with 358 quarts of nitro from 2,570-2,682 feet. It was completed with a daily flowing potential of 62 barrels of 33.7 gravity oil plus three per cent water. The well is located 330 feet from the north, 990 feet from the east line of section 22, block F, G&MMB&A survey.

S S Workers Sign Up Negroes Who Quit Working

It comes pretty straight to this paper that a social security man was recently here, signing up local negroes on the "unemployment list,' to draw their $80 per month. This and circumstances connected with it looks like the real dope.

More than one farmer has reported that they have offered employment to local negroes, and one even reported that he had some working, when they all up and quit. And this is right at the time when farmers are needing hands and can't get them.

Perhaps this arrangement will last until after the November election, and is just another reason why the nation sorely needs a change in administration up at Washington.

Corporation Charters For August Drop

Charters were issued to 244 businesses in August, compared to 341 in July, the University of Texas Bureau of Business Research reported.

Capitalization for the August charters issued was $5,535,000.

Totaling 65 merchandising businesses received the greatest number of charters in August; followed by manufacturing, 29; and estate, 24.

Corporations with capitalization of $5,000 to $100,000 totaled 161 in August for the largest group.

Lumber Co. Building Three Additions

Construction is well under way of three brick and tile buildings, each 25x60 for Cicero Smith Lumber co. These buildings will be rushed to completion as fast as possible. All will be used by the company, as they are seeking to modernize from wooden to near fireproof construction.

These three buildings with a frontage of 75 feet will face east on Fifth street. Fred Smith, manager, stated that they would be used to house the hardware and milling sections, and one will be given to the plumbing department in which all plumbing supplies and fixtures will be housed and displayed.

SADLER PLAYS TO GOOD CROWDS

The McKennon Stage Shows, part of the Harley Sadler Shows, Inc., played here the first three nights of this week to large crowds. Stage plays always draw good crowds here.

This is the first tent show to make Brownfield in quite some time, and of course the novelty of it was one of the drawing cards. The tent was located on the Lubbock Road.

CAR FIRE IN FRONT OF PO TUESDAY

About nine A. M. Tuesday, a car took fire in front of the post office. The flames were extinguished with little damage to the car. The fire department responded.

Pvt. J. V. Lewis from Fort Ord, Calif., is home on a 16-day furlough. He is the son of Mr. Eula Lewis. Pvt. Lewis will return to the first cavalry division at Seattle, Washington and from

Radio Program Called Wellman Lady

Mrs. Miller Rich of Wellman received a telephone call Sept. 28, by Harold Collins, who has the program sponsoring Baker's Best products and Morning Glory mattresses.

The names chosen is decided by the winning jingle. Two questions are asked over the phone and if correctly answered is given a morning glory innerspring mattress.

Mrs. Rich was able to answer one of the questions correct but did not know the second question.

Several nice consolation prizes were given to Mrs. Rich. A number of Wellman ladies had a lot of fun listening in and helping out with the telephone line trouble. The local operators helped her to understand the questions.

Sam Privitt Named Capt. Of Local Guard

From the Adjutant General's department of Texas this week came word that Samuel J. Privitt of this city, has been named Captain and will be company commander of Cannon Co., 142 Infantry regiment, located here.

Mr. Privitt is a very popular citizen, and is aggressive in his undertakings, and the Herald expects to see the local cannon company recruit up to full strength before too long.

SUB DEB CLUB MEETS WITH KAY SZYDLOSKI

The Sub Deb Club met at the home of Kay Szydloski, Wednesday for a business meeting.

Refreshments were served to the following members:

Lois Stevens, Norma Rogers, Sue Stewart, Jackie Allen, Jo Anne Maghen, Leah Dale Portwood, Velma Racklen, Carlon Brady, Roxanne Miller, Freda Anthony, Jo Anne Shelton, Delma Murphy, La Mirne Lindsey, Wynelle Webb, Jacquelyn Crump, Freddie Lowe, Charlsie Gaston, Joanne Hutson, Nancy Morgan, Betty Ferguson, Patsy Johnson, Scharlyn Daniell, Frances Price, Norma Jo Boyd, Cynthia Black, Yvonne Forbus, Barbara Harrold, Mrs. Shorty Forbus and the hostess.

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending September 25, 1948 were 2,346 compared with 28,325 for same week in 1947.

Cars received from connections totaled 12,989 compared with 12,418 for same week in 1947.

Total cars moved were 40,335 compared with 41,243 for same week in 1947.

DISGUSTED

The crowd in the doctor's waiting room waited, and waited, and waited. Every seat was taken. A mumble of conversation occasionally was heard. Finally, an old man stood up wearily and remarked, "Danged if I put up with this any longer. I'll just go home and die a natural death."— Clarendon Leader.

TOUGH GOING

A few years ago, paper like this you are looking at right now, was sold for forty dollars a ton. Now the price is $182.26 a ton and going up steadily. —Clarendon Leader.

Gene Carr spent the weekend with her friend, Ann Kemp in

ANNOUNCING

We have recently stocked the "Old Town" line of typewriter ribbons and carbon paper. We are convinced that these products are superior to any we have ever used personally, inspected or stocked. And we are sure that after you give them a trial, you will agree with us in every respect. Phone us your order today.

The printed matter you send out—does it do justice to your firm? What kind of an impression does it leave on an actual or potential customer? How does the manufacturer or wholesaler size you up after he has glanced at your letterhead? Frankly, have you really ever stopped to consider this before? The selection and arrangement of any printed piece representing your firm deserves your depest and most serious consideration.

We will be happy to help you in every possible way with your printing problems. It is not only our business to turn out your printing for you, but it is also our business and privilege to us to go over your requirements step-by-step with you and help you plan and arrange your printing to the end that you will reap the maximum possible benefit from it.

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: Vernon L. Miller.
GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 25, day of October, A. D., 1948, at or before 10 o'clock A. M., before the Honorable District Court of Terry County, at the Court House in Brownfield, Texas.

Said Plaintiff's petition was filed on the 20 day of July, 1948.

The file number of said suit being No. 3493.

The names of the parties in said suit are:

Carrie Mae Miller as Plaintiff, and Vernon L. Miller as Defendant.

The nature of said suit being substantially as follows, to-wit:

A suit for divorce, Plaintiff alledging 12 months residence in the State and six months Bonafide residence in the County of Terry, preceding the filing of this suit.

Plaintiff alledges that Defendant was cruel to her, cursed and abused her, and otherwise vilely mistreated this Plaintiff. That no children were born to this union.

Issued this the 6, day of September, 1948.

Given under my hand and seal of said Court, at office in Brownfield, Texas, this the 6th day of September A. D., 1948.

ELDORA A. WHITE, clerk
District Court, Terry County, Texas.
(seal) 10c

A persistant report here last week was to the effect that J. E. Shelton of Cisco, had some kind of stroke, and that his son, a clerk at the post office had gone to his bedside Monday of last week. Joe is back on the job this week and stated that his dad just had a pretty tough attack of flu, but was recovering.

Mr. and Mrs. Raymond Barrier from Dallas, are visiting relatives here this week.

Farmers Promised Price Supports

Governor Thomas E. Dewey has announced to the Nation's farmers that they can depend on continued price supports under a national Republican Administration. Supports now in effect, he pointed out, were enacted by the Republican-controlled 80th Congress, establishing a policy which will serve as the farmer's best guarantee of similar legislation in the future. His statement, Governor Dewey said, was based on an agreement reached between himself and leaders of the Senate and House Committees on Agriculture Senator George Aiken of Vermont (left) and Congressman Clifford Hope of Kansas (right).

Automobile Trails of Tomorrow

THE FIVE BEST youthful automobile designers in the country are shown above with their model cars which won national awards of university scholarships in the 1948 Fisher Body Craftsman's Guild competition just completed. They are (left to right) Tom Goad, Birmingham, Mich., $4,000; Howard Eichen, San Francisco, $3,000; Harold Simon, San Antonio, Texas, $2,000; Harvey Whitman, Jackson, Mich., $4,000; and Ronald Johnson, Portland, Ore., $4,000. These futuristic models might well be seen on the highways a few years hence if the boys make careers of automobile designing.

MMMmm — GOOD

A GOOD LUCK KISS is bestowed on his wife, Alice Faye, by radio comedian Phil Harris for the start of their third year of broadcasting on their own program on Sunday over NBC, following the Jack Benny show. Phil and Alice spent their summer vacation entertaining troops in the American Zone of Occupied Germany.

FRED JONESES PARTIES HELD FOR

Mr. and Mrs. Jack Bailey, 705 East Broadway, were hosts to a dinner party in honor of Mr. and Mrs. Fred Jones from Fort Stockton.

Friends attending were: Mr. Mrs. Bruce Zorns, Mr. and Mrs. Buel Price, Mr. and Mrs. Walter Hord and Mr. and Mrs. Harold Crites.

r. and Mrs. Fred Jones were honored Sunday evening by Mr. and Mrs. Harold Crites. The dinner party met in the banquet room of the Esquire restaurant at 8:00 o'clock.

Friends enjoying the dinner party were: Mr. and Mrs. Jack Bailey, Mr. and Mrs. Walter Hord and Mr. and Mrs. Buel Price.

Mr. and Mrs. Les Short visited their son, Virgil at the NMMI, in Roswell, N. M. Sunday.

Can Again Cable Money To Europe

Resumption of cable money order service to all civilians in Germany, except Berlin and the Russian zone, was announced today by Miss Louise Guinn, local Western Union manager.

Money orders, although unlimited in amount, are restricted to charitable, personal or family purposes, Miss Guinn stated. Payment will be made abroad in Deutsche Marks, subject to the usual internal charges made for remittances in Germany.

United States authorized personnel stationed in the American zone of Germany will continue to be paid money order remittances in the form of U. S. Military payment certificates or U. S. dollar travelers cheques.

Swansdown

interprets two new silhouettes

For autumn in the country, for autumn about town! Swansdown's flare back coat gives you a graceful carriage, a wonderful feeling of freedom as you walk. Curved yoke, poet's collar. In deep-piled Velvolaine a 100% virgin wool by Juilliard. Sizes 8 to 18.

As seen in full color in VOGUE

Belt it sung to hug your waist—wear it free to flare in back! Swansdown's newest greatcoat is as variable as your moods—as briskly beautiful as an autumn afternoon. In a rich, pure, wool covert. Sizes 8 to 18.

As seen in full color in Mademoiselle Ours Exclusively

The Low Down From Hickory Grove

I see where in the check-up on loyalty to our fair land, that 2,110,521 government employees have been found above suspicion. Around 61 resigned when the check-up got underway. The remaining 4756 are not sittin' so pretty—they are in for further study.

But the main point in my research today is not on the loyalty question of 2,110,521, it is on the question of where in the Sam Hill can Uncle Sambo find places to put 2,110,521, and have them earn their salt.

We are a sorry lot, if it takes than many Govt. folks to keep us in line. But whether we choose to have these guys look after us or not, it cuts no ice. There they are on the payroll. And just last week I got in the mail, a list of 415 pamphlets for the farmer and his wife—all of 'em turned out by the slide-rule amateurs down in the Agriculture Dept. It is a kind of insult, I calls it. Sending me 415 booklets, as if I was none too alert or able to run my own shebang. I resent it.

And these expensive and excess govt. employees who have taken us by the hand, as if we were simple, to lead us into the promised land, they are nowhere near the front gate—Utopia and the golden entrance are still nowhere in sight.

Yours with the low down,
JO SERRA.

Marjorie Scales Chosen As Terry Gold Star Girl

Marjorie Scales of the Wellman 4-H club, with four years of club work, was selected for the 1948 gold star girl of Terry County by three judges last Saturday. To be eligible for this award, the girl must have had at least three years of 4-H club work, and she must have been nominated by her club. The five nominees in the county were judged by the education committee of the county home demonstration council; and by two 4-H club girls. Patsy Anne Moore, Wellman Club, and the 1947 gold star girl; with Betty Jo Cornett, member of the Union 4-H club helped to do the judging.

During these four years of club work, Marjorie has realized a saving of $247.89. She has made 40 articles of clothing for herself, and has made one household article; helped to can 554 quarts of fruits and vegetables; prepared 1010 meals; helped harvest 560 bushels of vegetables from the home garden; and raised 50 chickens of her own.

Last year, she was a member of the district and county talent clubs, for which she received $50. This money was invested in a registered Jersey heifer, that has increased in value to $150. After deducting her expenses, she has a saving of $53.00 from this one source.

In county activities, Marjorie helped to prepare a county exhibit which was on display at the state conservation camp held at Trinidad in August. She has prepared products for the county better baking contests held last year and this, where her products placed and she received kitchen equipment for the prizes. She has contributed products for the county bake sale held last spring.

Marjorie has been president, vice-president, recreation leader and reporter for her club. At present, she is the secretary. She has been the clothing demonstrator of her club, and has taken part in the county dress revues for three years.

Runez Patton, the Meadow nominee, has done three years of club work without the aid of a sponsor, this year being the only year her club has had one. During her four years of club work, Runez has made 43 household articles and has made 15 garments for herself and her mother. She has canned 61 quarts of fruits and vegetables; prepared 110 meals; helped to care for the chickens; cleaned the house each week; and hoed in the field to help buy her clothing. In the spring, she attended a training school in preparation for the handicraft in which she gave instruction in both the district and the county camps. Runez has prepared 110 meals by herself and has exhibited her baked products in the two better baking exhibits. She has taken part in each of the three dress revues held in Brownfield. Next year she will be the reporter and will write the stories of her clubs activities.

One of the accomplishments of Yvonne Herring, member of the Union 4-H club, is that of learning to do her own sewing. She has made 26 garments and two household articles at a saving of $35.52. During the time of the county dress revues, she has placed first in her age group each year.

From the sale of her Hereford calf, Yvonne realized a profit of $109.00 which was used in the purchase of a piano.

In her home activities, Yvonne helps to do the house cleaning, cooking and laundry work each week. She has baked 25 cakes, and one was sold at a community entertainment last spring. She has learned to iron and does all her own, besides the flat pieces used in the home.

Jean Sargent of Union, and Donna Weldon of Wellman are the two younger nominees. Jean made a woven rug for her bed room last year, and each year helps with the home baking, canning and cooking. She entered baked products in the county baking contest and won two first prizes. Her prizes were kitchen equipment. In this contest, no one could receive more than one prize. She was one of the six Terry County girls to attend the district training camp. Through this training, Jean was enabled to help teach the other girls in the art of glass etching. She was chairman of registration at the county camp also.

Donna did part of her club work in McCulloch County, where she had a garden that ranked first in the county. For this honor, she received a gold pin. From the garden she sold and gave away vegetables to the amount of $34.70 besides all that used at home.

In sewing, Donna made nine garments, and among them were four aprons. She made aprons for three other girls in the club. Donna has entered two county dress revues with cotton dresses made by herself.

Baking Contest Held Here Sept. 18

The second Better Baking exhibit conducted in Terry County was held in the court house Saturday, Sept. 18. This is a contest sponsored by Bewley Mills of Fort Worth in cooperation with the Extension Service.

The women of the county exhibited uniced, inexpensive fruit and sponge cakes; while the 4-H girls showed various types of cookies. Each product was scored according to a score card furnished by the extension service. Those receiving scores ranging from 90 to 100, received blue ribbons; 85 to 89, red ribbons; and 80 to 84, white ribbons. Mrs. J. H. Massingill, Pleasant Valley and Mrs. A. J. Bell, Harmony, received blue ribbons for their angel cakes.

Mrs. Frank Sargent, Union received a red ribbon; while Mrs. Sam Gossett and Mrs. Lillian Doak Meadow received white ribbons in this same class of cakes.

In the apple sauce class of cakes there were no blue or white ribbons issued. Mrs. E. V. Riley, Pleasant Valley and Mrs. W. J. Moss, Meadow, received red ribbons.

There were no red or white ribbons issued in the oatmeal drop cookie class in the 4-H girls' exhibit. Juanda Crews, Wellman, received the only blue ribbon awarded.

Peggy Dean, Wellman received the only blue ribbon in the class of ice box cookies while her sister Betty Zo, received the only red ribbon.

Winners of blue ribbons in the molasses square class were: Juanda Crews and Betty Jo Cornett, Union, blue.

The blue ribbon award was a rotary egg beater; red ribbon a Wearever aluminus pie tin; and white ribbon, a pyrex measuring cup. Each person entering a product was also given an entry prize of a set of aluminus measuring spoons. In addition to the individual prizes, awarded by Bewley Mills; they also sent a twenty-five dollar check for the Women's County Home Demonstration Council for the women's participation as well as one for the 4-H girl's participation.

This year an added attraction of the baking contest, was a wild flower show. In this display were sixteen entries of eleven different wild flowers and shrub growing in the county at this present time of drought. Mrs. W. J. Moss, Meadow, placed first with a display of southern smartweed; Mrs. Miller Rich, Wellman, second with an arrangement of goldenrod; Mrs. M. E. Hinson, Pleasant Valley, third with an arrangement of shin oak; and Mrs. A. J. Bell, Harmony, fourth with an arrangement of gay feather. Each one received a small gift from the county home demonstration council for her placing in the contest.

The Mi-lady Beauty Shop owned by Mrs. Clemmie Hamilton is now being managed by Betty Sue Basinger from Lubbock. Her operators are Kathryn Davies also from Lubbock and Mary Patton of this city.

Gracie Chambliss Gold Star Girl of Yoakum

Gracie Mae Chambliss, daughter of Mr. and Mrs. R. H. Chambliss of Plains, was selected as Yoakum County's 4-H Gold Star girl in a contest held Thursday morning, September 23rd.

Exhibits of clothing and canned foods and stories of their 4-H club work were presented by girls competing in the contest.

During the year, Gracie Mae has won a trip to the District 4-H Camp held in Lubbock in June.

She was also winner of a trip to the Dallas Fair as a result of her clothing exhibit. In July, she was one of two girls who have a report of her trip to 4-H camp to the Commissioners' Court.

She also assisted in giving a demonstration on glass etching to a group of home demonstration club women in August.

The contest was arranged by Miss Ozella Hunt, Yoakum County home demonstration agent. Mrs.

Freeman New Recruit For Air Force

Sterling West Freeman, son of Mrs. Gertrude Freeman, 502 N. 6th St., Brownfield, Texas, enlisted in the United States Air Force for a 3 year period in the grade of Private. Private Freeman was sworn into the service on September 22, 1948. He departed for Lackland Air Force Base at San Antonio, Texas, where he will receive his basic training, and upon completion of this training he will be assigned to a tactical unit for specialized training.

Mr. and Mrs. Jim Kimble from Portales, N. M. spent the week end with Mr. and Mrs. Vaughn White.

LaVerne Jordan and family from Carlsbad, N. M. is visiting her parents, Mr. and Mrs. L. M. Perry.

H. E. Wall and Mrs. Chapel served as judges for the exhibit set up in the Plains school gym.

Mrs. A. M. Day 1110 South 5th move in 10 by 16 box and strip house. Estimated cost less than $1,000.

Bus Drivers Attend Meeting in Lubbock

The bus drivers and superintendent of the Brownfield Schools attended the Bus Drivers Institute held in Lubbock all day Saturday. This general meeting is held once a year.

At the meeting the drivers were given instructions in safety, first aid and the care of the buses.

The highway patrolmen have just completed an inspection of the local school buses and all are reported in first class condition.

Mrs. Bess Allison from New Orleans, La. is visiting her sister, Mrs. J. B. Eckert and her aunt, Mrs. J. L. Randall.

Mr. and Mrs. H P French are leaving this week for El Paso to visit their sons Dewey and Harold P who have recently gone into the grocery business. Duey has been with the Santa Fe R. R. Co., for the past 25 years. Harrold was with the El Paso National Bank.

Texas Prison System To Have Rodeo

Editor Don Hauser of The Echo, Huntsville, Texas, official publication of the Texas prison system ,is appealing to the free press of the State to publicize their rodeo which will be October 3, 10, 13, 17, 24, and 31. Maybe some local citizens have tried to forget Hauser, as he was the guy that forged some $1800 worth of checks on the Herald last fall.

This part of his affairs here will linger long with a number of the business men who cashed his checks. One of the present employees remarked, "wonder if Hauser didn't forge his own signature to the letters he sent to the weekly and daily free press of Texas?"

Anyway, most of the inmates down there have never harmed this vicinity, at least. Maybe they've harmed themselves more than anyone else. So, let's let bygones be bygones, and if a rodeo will help the morale of the system, let's help them. From all reports, they sure need help and a lot of reformation. This is confirmed by Mr. Ellis, the new manager.

We feel sure no one from here, even the most rabid rodeo fans, would make the trip to the other side of Texas for a rodeo, although this prison rodeo is said to be the best for rough and tumble stuff. So if you're down that way, and want to see a real fast rodeo, and not afraid they might take you for one of the inmates and lock you in, go see it.

Jake Slips Over In Old Arkansaw

In the springtime a young man's fancy turns, etc. and following the recent hot drought, an old man's fancy turns to thoughts of his boyhood water ponds, or maybe it was the seasonal yearning for possums and persimmons, anyway our old friend Jacob Sandage, drops us a card from his old home at Heber Springs, Ark where he is visiting with friends and relatives.

And Jake also sent George Neill a card showing the rushing mountain river, the Ouachita, near Arkadelphia. He wants Neill to keep the Old He straight. The very idea.

Says Grass Will Be Fine on Her Ranch

Miss ——— ———, prominent ranch lady of southeast Yoakum county, at old Sligo, and her foreman Lee Slater, were here Tuesday on business. She stated that they had a good inch rain lately, and that grass was now greening up and growing nicely.

Miss ——— paid another years subscription to the Herald, but as usual forbade us to use her name in the Herald unless she dies or commits a crime and goes to the pen.

We feel sure (?) that none of the old timers of Terry, Gaines or Yoakum will understand who we are talking about with blanks left for her name. But we always have to joke each other a bit when we meet.

Mr. M. G. Gary, superintendent of the Union school and Earl Cornett, president of the Union school board are in Austin this week attending to business.

Newspaper Week Grows In 9 Years Of Life

AP Newsfeatures

NEW YORK—National Newspaper Week is being observed Oct. 1-8 for the ninth time. Its first year was 1940.

In 1939 the Newspaper Association Managers, Inc., held its annual meeting in Chicago and laid plans for the first program. It proved popular almost at once and a number of other organizations have cooperated in the years since then.

The original purpose of the plan was to "coordinate efforts in answer to organized attacks and criticisms aimed at weakening the prestige and influence of newspapers." It has emphasized year after year the place of a free press in a free community.

Idea Enlarged

Meanwhile, sponsors find that it has spread two directions. First, newspapers use it to help the public understand them and their problems. Second, publishers and editors use the week to strengthen their knowledge of public attitudes.

The second objective is achieved through open houses and special contracts with schools, clubs and churches.

Each year the national organization chooses a slogan for the week. This year it is, "The right to know is the key to all your liberties." National figures and national programs are developed. But this year as in previous years the major activity for the week is centered in local programs. Each newspaper fits its activities into a continuing public relations plan.

Newsboys Honored

One of the important developments of the week has been National Newspaperboy Day. This year it is Oct. 2. On this day the place of the boys who sell and deliver the papers is stressed. On this day the newspaper world pauses to remember the newsboy. Here is how H. W. Stodghill, national chairman of this year's Newspaperboy Committee outlines the objective:

"Maximum public recognition for these enterprising young men and tribute for their industry and application to business fundamentals—training and experience that will be invaluable to them in later life."

When the Newspaper Association Managers launched the first National Newspaper Week in 1940, they were guided by the success which state groups had made of their own programs. These state groups still have a vital part.

Thus, planning is carried on at three levels, local, state and national. Therefore, no overall statement about the week can picture its impact. Observance varies from state to state and from town to town.

NIGHT CLASS IN TYPING

There will be a meeting at the office of the county judge Monday night October 4th at 8:00 o'clock. This meeting is called for those interested in taking typing lessons.

Mr. and Mrs. S. W. White attended the funeral of Mr. White's cousin in O'Donnell Sunday. He was killed in service on the Aleutian Islands.

Flu Complications Are Dangerous

The 414 cases of influenza reported in Texas last week, bring the incidence of this disease up to forty per cent more than the seven year median, as shown from the figures submitted by the 181 counties sending in reports to the State Health Department.

Influenza without complications may be a fairly mild ailment, according to Dr. Geo. W. Cox, State Health Officer, but, he pointed out complications can turn this dis ease into a dangerous condition very quickly.

"Many cases of influenza are mild," Dr. Cox said. "Often they lend themselves to treatment readily. However, two important factors enter into the treatment of influenza, and they are, calling the family physician as soon as the first symptoms appear, and taking life very easy for a reasonable length of time after the acute stage his subsided."

Dr. Cox declared that influenza is not mass-controllable. He emphasized that maintaining the highest possible health level at all times affords an individual the best protection from contracting this disease.

"Getting plenty of sleep and rest, daily exercise in the open, nourishing foods, and strict personal hygiene are our best known defenses against influenza," Dr. Cox said. "This applies to all respiratory diseases. A person who avoids all habits and practices detrimental to a miximum well-being and thus builds up a strong resistance to disease, is much less likely to contract influenza than is the individual who does not guard his health in this manner."

Ruth McCain and Ruth Sheppard started working with the Cinderella Beauty shop last week.

Terry County Exhibit Far Down The Line

The County booths at the Panhandle South Plains Fair at Lubbock, were judged Monday, Floyd county took top honors with 940 points, with Lynn county a close second with 938 points. Terry county with 920 points stood ninth in the some 12 counties, including Roosevelt county, N. M.

Floyd county received the top prize of $100 and Lynn received $75.. Terry county was in the $25 dollar class. Reports coming to us are that Jack Cleveland, our county agent has a real good exhibit, and after all 20 points difference in the top of a possible 1000 points is not much.

It is not so much the difference in a few dollars or points that count. It is the fact that the South Plains counties are on hand with nice exhibits to be viewed by visitors from the north and east.

This year has been a booger when it comes to making a display of farm products, as dry hot weather over a long period will tell tales of despair on crops. But we should be thankful that they have done as well as they have under the circumstances.

CITY URGES PEOPLE TO SPRAY OWN PREMISES

The City of Brownfield is spraying the alleys and garbage cans this week with DDT. They also urge everyone to spray their own premises to rid the city from flies and other insects this year.

DAILIES WILL BE HIGHER

Daily paper readers will find their favorite paper considerably higher this year. This is on account of the constant boost in the price of print paper and other expenses that enter into the making of a newspaper.

Municipalities League Meets In El Paso

E. D. Jones and J. S. Harrison of this city, will attend the annual conference of the League of Texas Municipalities in El Paso from October 4-6.

On the convention agenda in the far West Texas metropolis will be the need of cities for a greater share in revenue now paid by city dwellers to the state.

Mayor Dan Ponder of El Paso has proposed that the state turn back to the municipalities a direct proportion of funds collected from the sale of automobile licenses and from gasoline taxes.

The state will be asked to authorize funds for emergency public housing and to bear at least part of the right-of-way costs of its urban highway propects.

Also in the program will be a move to allow the sale of liquor by the drink on a county option basis; to provide that county governments should participate proportionately in the construction and maintenance of city streets; to permit insurance companies to construct low cost public housing projects in Texas; and to give the cities free rein in levying occupation taxes.

SHERIFF AND POLICE DEPT. REPORT ACTIVILTIES

Driving while intoxicated and aggravated assault were charges filed against a Meadow Mexican.

Another Mexican was picked up from Meadow and charged with fighting with a pocket knife.

CEDAR LAKE H D CLUB NEWS

The meeting was called to order by Mrs. Irby Teague, the vice president of the club. The roll call was answered by a discussion on "Recreation My Family Enjoys."

The program for the next meeting will be "Making Peanut Butter." The different ways to use peanut butter will be discussed.

Following the business session, the hostess, Mrs. Virgie Wall served refreshments.

Mrs. Ben McMillin will be the hostess for the next meeting Oct. 13th.

OLD HARRISON ADDS 4 YEARLINGS TO HERD

Texas Liquor Control Board Inspectors in August reported the seizure of 6 illicit stills.

With the stills, which had a cubic capacity of 330 gallons, Inspectors captured 320 gallons of mash and made 7 arrests.

Four stills were taken in Harrison County and two in Titus County.

Mr. and Mrs. Lee Short visited their son, Dwain in Lubbock Sunday.

District C of C Meeting at Tahoka

Mayor Tom May and David Nicholson, Manager of the Chamber of Commerce attended a district meeting of the West Texas Chamber of Commerce in Tahoka Tuesday afternoon.

This is the first district meeting in this area. John Garrard from Tahoka, presided over the meeting.

The local Chamber of Commerce, City and County officials are selected to govern the programs and are supposed to study and endorse the activities for the Chamber of Commerce.

This program involves the State Legislation, West Texas Water, Soil Conservation and Farm to Market roads.

Around 75 members in this area attended the meeting.

Delbert Melton Enlists In Army

Delbert Delon Melton, son of Mrs. Bonnie Melton, Route 4, Brownfield enlisted in the United States Army for a three year period in the grade of Recruit. Recruit Melton was sworn into the service on September 27, 1948. He departed for the 5th Infantry Division at Fort Jackson, S. C. where he will receive his basic training, and upon completion of this training he will be assigned to a tactical unit for specialized training, namely the U. S. Constabulary Forces in Europe.

Miss Louise Guinn, manager of the local Western Union office, spent the past weekend with her parents, Mr. and Mrs. H. H. Guinn in Paducah.

Betty Turner, employee of the Stanolind Pipe Line, spent the weekend with her parents in Meadow.

NELSON JEWELRY

Terry County Land Owners Election

All landowners living in Precincts 1 and 2 (east side of Terry county) are invited to be present Tuesday night, October 5, 1948 at 8 p. m. in the county courthouse to elect one supervisor to serve on the Board of Supervisors for the Cochran-Yoakum-Terry Soil Conservation district. The future development of the District depends upon a careful selection of a supervisor. Your help is needed.

Since the creation of the CYT District late in 1941, much has been accomplished in a wider spread of better conservation farming. The better conservation practices such as contouring, terracing, crop rotation, growing crops on soil adapted to better land use, the improvement of soil fertility through proper crops, the wide spread of flat breaking and of late deep breaking whereby some clay is put on top of the soil to help prevent wind erosion are just a few of the better conservation practices that have been followed under the District Program.

Mr. Jay Barrett, chairman of the Board of Supervisors in calling the election for Tuesday night, October 5th, pointed out how the District program has been of much assistance since August 1, 1948 in developing improved pastures in Terry and Yoakum counties. He said to summarize this one practice alone for August and September the following have secured assistance in a pasture program for Terry county:

A. A. Sawyer, 8 acres of dryland seeding and for irrigated pastures; James B. King, 12 acres; F. M. Cornebise, 2 acres; H. L. Holleman, 2.5 acres; J. H. Williams, 2 acres; A. B. Buchanan, 40 acres; Wayne Lewis, 5 acres; Mrs. Ethel Stone, 5 acres; and N. R. Butcher, 10 acres. Out in Yoakum county, the following irrigated pastures have been established: Rusty McGinty, 40 acres; Travis Beane, 15 acres; Bayne Price, 50 acres; E. P. Stanford and Son, 52, acres; Geo. P. Evans, 80 acres. All of the above grass seeding was done with the aid of the special grass drill purchased by O. L. Peterman, manager of the West Texas Cottonseed Oil Mill Company. A still larger acreage would have been planted this year had the farmers been able to secure the various varieties of grass seed in time.

Aside from the grass seeding program the District has been busy during August and September, the next big rush coming up will be the development of agreements on 16 proposed new irrigation wells before January 1st. If moisture conditions are right, several farmers will construct terraces between now and March 1, 1949.

The above are just a few of the many items along good conservation practices the District is assisting with—so landowners help by doing your part on Tuesday night, October 5th by attending this special election and see to it that a leader is carefully selected to assist in carrying out a bigger District Conservation program.

SHORT SNORTS ON STATES' RIGHTS

By Jimmy Arrington

AND IT CAME TO PASS:

And it came to pass that in the sixteenth year of the reign of the democrats that one called Harry, a Trumanite, who had ascended to the throne, counseled with himself to the end that his days on the throne should be prolonged.

Then came forth unto him J. Howard McGrath of the island of Rhode and keeper of the inner door and saith unto King Harry.

Lo, I bring sad tydings O mighty king. For it is a day of trouble and of treading down and of perplexity and there is much murmuring among thy people.

I have heard a rumor O mighty king that the Deweyites and the Wallaceites are sending treasures of silver and gold and gilded promises to the Ethiopians, seeking their favors to the end that thy days on the throne shall be short and unhappy.

Thus king Harry heard the words spoken unto him by J. Howard McGrath.

Then the king said unto J. Howard McGrath, I am afraid of the Deweyites and the Wallaceites lest they deliver me back to the land called Missouri and mock me.

But J. Howard McGrath said, They shall not deliver you back to the land from whence thy came. I beseech thee to speak that which I tell you, so it shall be well unto thee and that thy friends shall continue to fatten themselves in thy household.

And it came to pass that king Harry spake the words given unto him by J. Howard McGrath saying: Hearken unto me my people; and give ear unto me, O my nation, for a law shall proceed from me. A law which shalt be called the civil rights program.

Throughtout the kingdom I command that all men, the white the black, the red and the yellow and the beast of the earth, and the cattle and everything that creepeth shall no longer follow after their kind.

The goat shall lie down with the sheep, the ox with the hare. Yea, even the ass with the elephant, they shall be together. Thus spake king Harry the Trumanite.

And it came to pass that the Trumanites marvelled at the wisdom of their king and there was wailing and weeping and gnashing of teeth among the Deweyites and Wallaceites.

But it came to pass within a while after that there were those in the southern part of the kingdom that were not of the tribe of the Deweyites, Wallaceites nor Trumanites but were called Statesrights, and when the words of king Harry were brought unto them they did earnestly protest, saying, What manner of king is this that would in the twinkling of the eye change that which has been since the memory of man runneth not to the contrary and is foreign to the covenants handed down to us by our fathers.

And it came to pass that king Harry closed his ears to their protests and the people rose up and smote him down. And the days which Harry reigned numbered one thousand and 388, and he took his place beside Herb Hoover.

Yoakum County H D Clubs Sponsor Baking Contest

Yoakum County home demonstration clubs first baking contest was staged with much success, Tuesday morning, September 21 in the Court House at Plains.

Twenty-eight entries in cakes, cookies and breads were brought in by members from all the home demonstration clubs.

Winners in the division of cakes containing fat were 1st, Mrs. Wilma Anderson, Turner Club, Tokio; 2nd, Mrs. Grace Bridge, Turner Club, Tokio; and 3rd Mrs. C. A. Prewitt, Denver City Club.

Sponge cake division winners were 1st Mrs. H. B. Stanford, Allred Club; 2nd Mrs. Homer Sudderth, County Line Club, Tokio.

Fruit cake winners were 1st Mrs. Clyde Trout, Turner Club, Tokio; 2nd Mrs. Clyde Trout; 3rd Mrs. George Buland, Denver City club.

Winners in the cup cake division were 1st Mrs. H. V. Stanford, Allred Club, Plains; 2nd Mrs. Ray Summers, Denver City Club; 3rd Mrs. Ray Summers.

Winners in the cookies division were Plain cookies—1st Mrs. Ike Toler, Denver City Club; 2nd Mrs. I. L. Smith, County Line Club, Tokio; and also 2nd, Mrs. Ray W. Summers, Denver City Club, and 3rd. Mrs. Everett Puckett, Allred Club, Allred.

Ice box cookies: Mrs. J. C. Meeks, County Line club, Tokio; 2nd Mrs. George Buland, Denver City club.

First place on muffins was won by Mrs. George Buland, Denver City. Mrs. R. W. Alexander of Allred won first on date nut bread. Mrs. Amos Smith of Tokio was winner on ice box rolls. Mrs. J. C. Meeks, Tokio, won first on butter scoten rolls, and Mrs. A. C. Snider of Denver City won first on cream puffs.

Judges for the show were Mrs. Betty Webb, Mrs. Travis Mason and Mrs. Dick McGinty, Plains.

This contest was sponsored by Bewely Mills of Fort Worth. The Yoakum county H D Council received twenty-five dollars for entering the contest, and each participant was presented with a gift.

Following the judging contest, an auction sale of cakes was held which netted $26.15 for the council treasury. Women who entered the contest and members of the court house group enjoyed a covered dish luncheon in the hall of the Coure House at noon.

Ralls is about as cheerful this week as a crippled jitterbug at a symphony concert. Lower lips are dragging out the tracks of our progressicve merchants. Life insurance policies are being cancelled. People are seeking buyers for their businesses. Letters are being written to neglected relatives in hopes they might have a spare bedroom! It all stems from the fact that crops aren't as good here this year as last. Fewer people will build $50,000 homes and it may even happen that farmers will have to buy the annual new car via the finance company route instead of enjoying the luxury of paying cash. A few will not retire to Possum Kingdom to round out their remaining years gigging catfish. And what's left of our heart bleeds for these unfortunates. They should have picked another spot if they were so intent on retiring at 40. And that whipped-dog look on a merchant's face is no inspiring sight to a customer. It's contagious. Too many people come to town feeling fine and in a spending mood. What they encounter in some stores makes them crawl home and die. We're losing too many citizens that way. What some folks need now is to have their noses rubbed in a tub of sunshine vitamins. Or maybe a hitch in the Army. They tell us the food is good and nobody ever has to worry about anything. — Ralls Banner.

The above rather sarcastic editorial could be written with the name "Ralls" at the beginning changed to other towns in this section. However, all are not looking for a shoulder to cry on, but pressing on to make the best of a matter over which they have no control. Once in awhile though you meet a man that says, "there just aint no money in the country." Such remarks from a business man discourages buying.

Mr. and Mrs. Roy Jenkins spent the past weekend with Mrs. Jenkins sister in Friona.

Mass Meeting CALLED

All Tax Payers opposing the School Boards proposed raise in property valuation, are requested to meet at the Court House next Monday night, October 4th at 8:00 o'clock P. M.

The purpose is to organize and combat this burdensome taxation move, and save our Homes and Farms before it is too late.

IN UNITY THERE IS STRENGTH

Rail travel made easier via Santa Fe

Ask about these special features now available for Santa Fe travelers

Rail Traveloan—Travel Santa Fe now—pay later in easy monthly installments. Funds available for rail accommodations and other expenses for your trip. Simply make application for this service with your railroad ticket or travel agent.

Travel Credit Cards—Charge Santa Fe tickets as easily as you would department store purchases. Anyone with proper credit rating may have a rail credit card. Present it at any Santa Fe ticket window to charge rail, parlor-car, or sleeping-car tickets (amounting to $5.00 or more) to any part of the country. Bills rendered monthly.

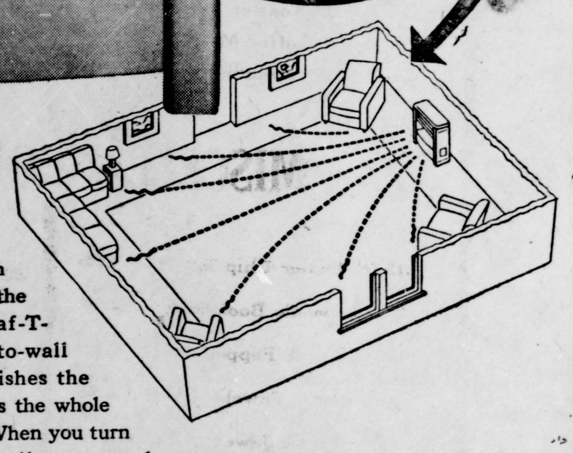
Rail Auto Service—Enjoy the comfort and economy of rail travel—and still have the convenience of a late-model automobile at your destination. Moderate cost. This plan now in operation in many U. S. cities.

Prepaid Tickets—Tickets can be delivered to any point in the U. S. by making a deposit with your Santa Fe ticket agent. Pullman accommodations, incidental cash included, if desired. A particularly attractive service for transportation arrangements of elderly people, invalids, students, etc.

Parmelee Transfer—Passengers holding tickets through Chicago may ride Parmelee coaches from the Dearborn station to any out-going depot, hotel, or downtown destination. Baggage included. This service available by presenting the Parmelee coupon which is a part of your through rail ticket.

For complete information just call your Santa Fe Agent

Your "LIVING ZONE" is larger with the Dearborn



Why share any of the rooms in your home with Old Man Winter? With the amazing Dearborn Saf-T-Cabinet heater, a wall-to-wall flood of warm air banishes the "shivering zone"—makes the whole room your *living* zone! When you turn the valve, the famous pilot-operated High-Crown Burner leaps into action, instant radiant heat PLUS a stream of warm air pours out into the room—*outward and downward*, to floor level, instead of ceilingward. Yes, your LIVING zone is larger with the Dearborn!

The Dearborn is SAFE, too—because the Saf-T-Cabinet stays cool all the time on top, sides, back and bottom, no matter how long the Dearborn has been on. You can put your hands on it ... drapes won't scorch ... books and plants are safe on top of it—because the Dearborn cabinet DOESN'T GET HOT!

COME IN TOMORROW AND SEE THIS AMAZING GAS HEATER
IT'S THE WORLD'S FINEST AND SAFEST

COPELAND HARDWARE

You just *know* it's a Packard!

There's a story of exclusive values behind these exclusive lines. Come in—see for yourself!

When you point to this proud, glistening grille, any schoolboy can tell you it's a *Packard* . . . the car that still *looks like itself!*

That's because the Packard radiator grille, for nearly 50 years, has been a trademark of *precision-built character.*

Packard, for example, has always meant precision-built *engines.* And Packard today is winning new fame with the amazing economy of its new "free-breathing" straight eights!

Packard has always meant masterful *roadability.* And Packard leads again today—with a "self-controlling" suspension system.

Packard has always meant precision *workmanship.* And today's Packards are the finest-built Packards ever to bear the name!

It all adds up to a story we'd like to tell you in full . . . and *soon!*

Federation Day For Local Clubs Observed With Esquire Luncheon, Federated Speaker

Federation Day for local and surrounding clubs in this area held a luncheon and program in the dining room at the Esquire Restaurant. The luncheon started at 1:00 o'clock Tuesday afternoon.

Invocation was given by Mrs. M. G. Tarpley, after which Mrs. V. L. Patterson was in charge of the program. Mrs. Jack Hamilton, president of the Alpha-Omega club gave a welcome address to members and guests. Two vocal solos were rendered by Mrs. John Luckie accompanied by Mrs. Richard Young at the piano.

Mrs. J. M. Teague, jr., honorary member of the club, introduced the main speaker, Mrs. John J. Perry, State President of the TFWC. Mrs. Perry's subject was "Facing Our Responsibilities Through The Texas Federation."

The center piece on the speakers table was flanked by the letters "TWFC" representing the Texas Federated Women Clubs. The letters were covered in Gold foil, with tiny sprays of mums and leaves. Plate favors were tiny mum corsages. An arrangement of fall flowers were used through out the dining room.

Clubs represented from Brownfield were the Alpha-Omega, The Delphian, Maids and Matrons, Cen Tex Harmony Music Clubs.

Out-of-town clubs present were from Plains, Seagraves, Seminole, Meadow, Tahoka, Levelland and Denver City.

Mrs. C. R. Lackey was chairman of the Social committee and was in charge of the arrangements.. This is the first time there has been a Federated speaker for the club in Brownfield. One hundred and four registered for the occasion.

GRAVESIDE SERVICES FOR INFANT SON

Graveside services were held for Bill Irvin, infant son of Mr. and Mrs. L. H. Brittian, jr., of Brownfield.

The service was held at 4 o'clock Tuesday afternoon in the Terry County Memorial Cemetery with Rev. R. A. Sparkman officiating. Farley Funeral home was in charge of interment.
