US Plane Crashes In Red Germany

BERLIN (AP) — A Pan American jet cargo plane with three crewmen aboard crashed in Communist East Germany early today, Soviet authorities informed U.S. officials in West Berlin.

The three-jet Boeing 727 was carrying mail from West Germany to West Berlin.

A U.S. spokesman said the Soviet representative in the West Berlin Air Safety Center had confirmed that the jet crashed in East Germany but furnished no details.

Radar contact with the plane was lost at 2:42 a.m. — 8:42 p.m. EST Monday — when the plane, on a flight from Frankfurt to West Berlin, was about eight miles from West Berlin's Tegel Airport, Pan American said.

The pilot did not respond to radio calls after radar contact was lost.

Soviet authorities with whom the Western allies man the Air Control Center in West Berlin refused immediate comment.

"There are rumors the plane may be down near a Russian barracks, but we don't know," the spokesman said.

There is a Soviet airfield at Staaken, near Doeberitz, west of West Berlin.

A Pan American spokesman at Tegel Airport said the plane, Flight 708, had been due to arrive at 2:55 a.m. The crew consisted of the pilot, copilot and navigator.

Pan American planes operating within Germany usually use Tempelhof Airport in the center of West Berlin, but the jets were switched Monday to Tegel, in the French sector, because of runway repairs at Tempelhof.

Other planes operating from Tegel were reported on schedule.

Except for allied military craft, only U.S., French and British planes are allowed access to the Communist-surrounded city through air corridors prescribed by agreement with the Soviets.

West Texans Eye Small Town Woes

ABILENE (AP)—"Solution of small town problems" is the assignment for a blue ribbon panel of West Texans.

C. L. Cooke, Fort Worth, chairman of the Small Town Task Force of the West Texas Chamber of Commerce, announced the members of the panel today. He also outlined some of the purposes and plans of the group.

Panelists, with their home town:

Jack M. Allen, Perryton; Claude W. Brown, McCamey; Bill Clayton, Springlake; Bill Collins, Lubbock; E. H. Danner, San Angelo; H. C. Green, Water Valley; Lonnie Hayter, Kermit; Mrs. Fred McCleskey, Stephenville; Dr. Norman McNeil, Alpine; Royce Lee, Bronte; W. G. Marquardt, Fort Worth; Luther May, Olney; Wendell Mayes Jr., Midland; Bob Miller, Hamilton; Dick Morrow, Fort Stockton; James Murphy, Abilene; Lee Newman, Breckenridge; W. E. Notestine, Amarillo; Roger Pettit, Crane; James Powell, Eldorado; W. B. Tilson, Plainview.

Purposes of the group, Cooke said, include aid to small towns in developing and exploring all their present rescources. This includes industrial potentials, tourist attractions and recreational, educational and cultural facilities.

The first meeting of the task force will be in the community room of the Olney Federal Savings and Loan Association Friday.

LBJ Readies For Surgery

By WALTER R. MEARS

WASHINGTON (AP) — President Johnson, at times an impatient patient, enters Bethesda Naval Hospital today to prepare for the dual operation he faces Wednesday morning.

If past performance is any guide, Johnson may be on the move until the last minute.

Johnson said he will enter the skyscraper hospital in the Maryland suburbs late today, and undergo throat and abdominal surgery early Wednesday.

It was Johnson's second date with the surgeons in little more than a year. On Oct. 8, 1965, he underwent 2 hours and 15 minutes of surgery for removal of his gall bladder and a kidney stone.

One of his current problems — an incision hernia on the right side of his abdomen — stems from that operation.

Surgeons will correct that condition and remove a growth from his throat, near his right vocal cord.

Johnson has termed the operations minor, and said they should take less than an hour. "Within an hour, we will be out from under the influence of the anesthetic," he said Sunday.

While Johnson is on the operating table, Vice President Hubert H. Humphrey will be acting president.

Johnson said they have a standing agreement spelling out procedures to put Humphrey in charge should the President be incapable of carrying out executive duties.

"We expect that we will be in the hospital for a very few days and then we will be returning to Texas," Johnson said.

Three 'Copters Lost In Tay Ninh Province

By ROBERT TUCKMAN

SAIGON, South Viet Nam (AP) — Communist gunners shot down three U.S. Army helicopters in Tay Ninh Province today a few hours after B52 bombers pounded the hideout stronghold there of the Viet Cong 9th Division.

A U.S. military spokesman said he had no reports yet of casualties nor any word whether new ground action had erupted in the Communist C Zone where the largest U.S. ground force of the war is pursuing the Viet Cong. Earlier only light contact had been reported.

The helicopter losses in Tay Ninh brought the reported toll of such aircraft in South Viet Nam to at least 223.

South Vietnamese headquarters claimed 80 Viet Cong killed in a clash between a company of militiamen and a company of Viet Cong 40 miles west of Saigon. Moderate government casualties were reported.

Elsewhere across South Viet Nam, ground action continued in a lull, and bad weather over North Viet Nam reduced American air strikes sharply Monday for the fourth straight day.

Today was the sixth straight day on which the high-flying B52 bombers from Guam pounded the longtime Viet Cong stronghold along the Cambodian border 60 miles northwest of Saigon.

An estimated 30,000 American troops, the largest single force of the war, are massed in the brush country, rubber plantations and jungles where for nearly two weeks they have been battling and pursuing the 9th Viet Cong Division and a regiment of North Vietnamese regulars.

This U.S. force in Operation Attleboro has reported killing 949 of the enemy and seizing huge amounts of arms and ammunition, including 23,000 grenades, 500 claymore mines, 128 weapons and 1,488 tons of rice.

The U.S. command reported that two destroyers, the John R. Craig and the Hamner, shelled Communist shore batteries in North Viet Nam Monday after the ships were fired on while patrolling in the Gulf of Tonkin.

It was the third naval shelling of the north reported. A spokesman said the destroyers, aided by air strikes, silenced the shore batteries **35 miles north** of Dong Hi.

U.S. headquarters also reported that two Marine Corps helicopters where shot down by the Viet Cong 16 miles southwest of Da Nang, killing three crewmen and wounding the fourth in one copter and wounding one of the four crew members in the other.

U.S. pilots flew only 58 strike and reconnaissance missions over North Viet Nam Monday. They reported destorying or damaging eight barges, eight bridges and seven trucks.

U. S. headquarters disclosed the return to the Gulf of Tonkin of the aircraft carrier Ticonderoga to join in strikes against North Viet Nam. It is the Ticonderoga's third tour of the war off North Viet Nam.

U.S. pilots flew 411 sorties against Viet Cong positions in South Viet Nam Monday, and South Vietnamese pilots flew 121.

Death Sentence For K. McDuff

By MIKE COCHRAN

FORT WORTH (AP)—Jurors convicted Kenneth McDuff today of murder and sentenced him to die in the electric chair.

A panel of nine men and three women debated a total of three hours before reaching its twin verdict of guilt and death.

The defense said it will appeal.

McDuff, flanked by deputies and investigators, was whisked from the courtroom moments after the decision was announced in the partially filled courtroom.

The seemingly emotionless, black-haired defendant was on trial for the Aug. 6 shooting death of Robert Brand, 17, of Alvarado, Tex.

Judge Byron Matthews cautioned spectators moments before the verdict was announced that he would permit no outbursts.

He told the group, which included several of McDuff's relatives, he would hold in contempt anyone who caused a disturbance or commotion.

The jury received the case Monday night and retired 45 minutes later without reaching a verdict.

Defense counsel claimed the tall, sullen defendant, 20, was the victim of a bizzare frame and asserted in closing arguments McDuff should be found innocent.

Performers May Strike

NEW YORK (AP)—The possibility of a midnight walkout by members of two performer unions spurred efforts today to work out a new contract between the unions and the television and radio networks.

Strike votes were taken across the nation by members of the Screen Actors Guild and the American Federation of Television and Radio Artists.

Negotiators for the 18,500-member Guild and 17,500-member AFTRA have been meeting in joint sessions with representatives of the networks and independent producers and advertising agencies.

The AFL-CIO unions seek a three-year contract for performers to increase their daily pay rate from $105 to 1$30; rate from $105 to $130, $25 weekly pay hike and a 3 per cent increase in pension and welfare contributions.

Fags Stolen From Truck

Thieves forced a lock on a truck parked behind Beggs Wholesale Co. in the 2500 block of Avenue U Monday night and removed 75 cartons of cigarettes from the vehicle.

Somene also stole $14 in cash from a cash register at Caylor Aut Supply Co., 603 East Highway, sometime between 8:45 p.m. and 10:14 p.m. Monday night. They entered the building after shattering a window pane in a back door.

City Police apprehended two Latin youths crawling out of a windw in a house on Avenue G between Eighteenth Street and Nineteenth Street Monday morning. The youths apparently had been attempting to remove water pipes from the house, according to officers.

Goodfellows Begin Work

Goodfellows organized for a new year last night, although there was a mix-up on the site of the meeting.

Don Adams, retiring chairman, apologized for the apparent confusion.

"Our meeting was in the Snyder Savings and Loan Building, but somehow there was a mix-up and letters which went out in advance of the meeting listed the Snyder National Bank as the meeting place," said Adams.

I. E. Lewis of the Phillips Quick Service, was elected new chairman and he should be contacted by representatives of organizations and others who desire to participate actively in the Goodfellow program.

District Scouters To Meet Tonight

Scout leaders of the Lone Buffalo Boy Scout District will have their annual meeting tonight at 7 o'clock in the Snyder High School cafeteria.

New officers of the district will formally begin their duties. Elmo Weyel will become district chairman, succeeding Jack Gorman.

UF Cards Are Sought

Efforts were still being made today to roundup all outstanding contact cards in the Scurry County United Fund Campaign.

A substantial number of cards are still out, campaign officials said, and for the past week workers have been urged to return campaign packets to the Chamber of Commerce office so that campaign forces can be revamped for a final push in the drive to raise $27,500.

A few more contributions and pledges have trickled in during the past few days. The campaign total was nearing the 80 per cent mark at $21,815.50.

NASA PLEASED

Gemini Series 'Job Well Done'

By JIM STROTHMAN
AP Aerospace Writer

CAPE KENNEDY, Fla. (AP) — Experts say the Gemini program has done its job. It proved this nation can produce talent and hardware necessary to land astronauts on the moon.

"We've done considerably more rendezvousing, gone further with EVA (extra vehicular activities) and conducted more experiments than we expected," said Charles W. Mathews, Gemini program manager at NASA's Manned Spacecraft Center.

Gemini 12 — whose dive to earth today brings down the curtai non America's $1.3 billion space project — was one of the biggest riddles.

Pilot Edwin E. Aldrin Jr. showed man can work outside a speeding spaceship if he paces himself and has proper aids for leverage.

"Everything we've seen in this flight to date — the responses we've had — certainly would lead us to believe that, if you do properly fix the man at his task, allow him to do it in a leisurely manner, you have no difficulty," said Dr. Charles A. Berry, the astronauts' chief physician.

"It doesn't look like there is any mysterious thing that's making us pay a physiological cost," he added.

"We have generated a fair amount of engineering data for future missions," said Gemini mission director William C. Schneider. "We have given the Apollo people enough information to go into their program with a lot mre confidence."

The opening mission in America's Apollo man-to-the-moon program is to occur in January or February. Three astronauts — Air Force Lt. Cols. Virgil I. Grissom and Edward H. White II and Navy Lt. Roger B. Chaffee — are to ride the first manned Apollo moonship for two weeks in earth orbit to test spacecraft operations.

HERMLEIGH LIONS SPONSOR SUPPER

HERMLEIGH — The Hermleigh Lions Club will sponsor a pancake supper here Thursday evening prior to the kickoff of the Hermleigh-Loraine football game.

They will begin serving pancakes in the school cafeteria at 5:30 p.m.

Tickets to the event are priced at $1 for adults and 75 cents for children and students.

THEY SET NEW RECORDS — Gemini 12 pilots James A. Lovell Jr., left and Edwin E. Aldrin shatter existing records in the final flight of the Gemini series.

FOR TROOP SUPPORT

New US Base Speeds Strikes

By FRED S. HOFFMAN

TUY HOA, South Viet Nam (AP)—This $50-million U.S. Air Force base began combat operations today 45 days ahead of schedule.

Gen. Hunter Harris, commander of the U.S. Air Force in the Pacific, said the new base will permit quicker air strikes in support of ground operations in the midsection of South Viet Nam.

Lt. Gen. William M. Momyer, chief of the 7th Air Force, said Tuy Hoa will "play a role in our increased flexibility in close support of ground forces" in the 2nd and 3rd Corps areas, which have seen some of the hardest fighting in the year.

Harris, Momyer and other Air Force and Vietnamese officials witnessed the landing of the first F100 Super Sabre Jet fighter-bombers on the 3,740-foot runway.

A 10,000-foot runway—capable of handlin gthe nation's heaviest bombers—will be completed by May along with the rest of the base.

Leading his squadron in was Lt. Col. Alan Wockerfuss of Webster, S.D. He has been in Viet Nam for seven months.

Wockerfuss and the 18 planes of the 308th Tactical Fighter Squadrn were fresh from strikes against the Viet Cong in a number of sectors, including the battle of Tay Ninh Province.

The base still is little more than an air strip amid wide expanses of brown sand along the shore of the South China Sea, some 235 miles northeast of Saigon.

The Air Force garrison and the civilian construction men live in tents or trailers. There are great piles of building materials and equipment in the area. Foundations for permanent buildings are taking shape.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: My husband sells on the road. Lately he seems to be spending a lot of time in a small town he used to pass thru. I've wondered why because in the past he's never gotten enough business out of that town to justify spending the night there.

Yesterday someone told me that my husband was seen in this little town having dinner with a rather attractive young woman. They appeared to be very interested in each other.

When I asked my husband about it he admitted being with a woman there, but he said it was for strictly business reasons. Do you think he is seeing her for "business reasons"?

SUSPICIOUS

DEAR SUSPICIOUS: I don't know. What's her business?

* * *

DEAR ABBY: My husband is a hard working electrician. Occasionally he'll do little jobs after hours as a favor to a friend or relative. But so many people think it is his "hobby" and that he enjoys doing these jobs after his regular work day! And here's another question: WHO should he charge, and WHO shouldn't he charge?

How can he charge his sister-in-law's father when he has never charged his sister? Also, he wired a lamp for his neighbor for free, then her daughter, who my husband didn't even know, sent her waffle iron over to be repaired. Should he send her a bill? I'd appreciate an answer to this question. And so would lots of other electrians' wives.

ONE WIFE

DEAR WIFE: I doubt if this will come as a shock to any electrician, but here's the only solution: Figure the labor by the hour and add cost of material. If the electrician WANTS to do the friend or relative that big a favor, he sends no bill. Otherwise, he presents the bill with the repaired item.

* * *

DEAR ABBY: Recently a family was transferred from the east coast to the west coast. The 18-year-old boy (not in service) in this family had been dating a girl on the east coast. The girl has been invited by this boy to fly out and spend the Christmas holidays with this boy and his family. The girl and her mother are all excited about it and are preparing her for the trip.

I think under the circumstances, the boy is the one who should do the flying. What do you think? Call me a Dad who is —

OLD FASHIONED

DEAR OLD FASHIONED: I think you're right, unless there are extenuating circumstances not mentioned in your letter.

CONFIDENTIAL TO D.F.K.: Unfortunately, letters that should never have been written and ought immediately to be destroyed are the only ones worth keeping.

Defends AFL Defenders

NEW YORK (AP) — Wally Lemm and Weeb Ewbank, two former National Football League coaches, have come to the defense of the American Football League's much-maligned defensive units.

It wasn't too long ago when comparisons between the defenses of the two leagues brought a chuckle from proponents of NFL superiority. But Lemm and Ewbank can't buy that anymore.

Lemm, who left the NFL's St. Louis Cardinals to take over at Houston, said:

"Before I went to St. Louis I always heard that the NFL's defensive backs were better. When I got there I found that wasn't the case, but I did find that the linemen were bigger — and that was their strong point. Now the AFL's linemen are just as big and strong."

Ewbank, who brought Baltimore to the NFL championship before joining the New York Jets, said:

Warm Weather Lingers In Texas

BY THE ASSOCIATED PRESS

Pleasant weather prolonged its stay in Texas today.

Skies were clear and temperatures fairly mild for the time of year in all sections, although early morning marks dipped to the low 40s in several areas.

Top readings Monday ranged from 68 degrees at Glaveston up to 84 at Presidio.

Forecasts indicated no appreciable change through Wednesday.

Two Vehicles In Mishap Monday

City Police investigated a two car mishap at Twenty-seventh Street and Avenue W at 1:56 p.m. Monday.

Involved were the 1964 Model Chevrolet of Tom Jefferson De-Shazo, 2611 Avenue W, and the 1963 Model Ford of Golda Preston Johnson, Route 3. Damage to the Ford was set at $150, and there was no damage to the other car.

Mission Is Underway At Guadalupe

Four missionary Sisters of the Poor of Monterey, Mex., have arrived here to preach a mission in Guadalupe Catholic Church from Nov. 14 - Dec. 12.

The first week is dedicated to visiting homes of all Catholic families of Snyder and first evening services will be next Sunday at 7 p.m. All members of families are being urged to attend the evening services, since the instructions will be for men, women, teenagers and children.

At the end of the mission, there will be first communions, confirmations and marriages blessed by his Excellency, the Most Rev. Thomas A. Tchoepe, D. D. Bishop of San Angelo. All families who wish to have their marriage blessed are, to contact the sisters as soon as possible so they may receive the necessary instructions.

The climax of the mission will come Monday, Dec. 12, with the "Fiesta of Our Lady of Guadalupe." The Missionary Sisters of Monterey have their temporary residence at St. Elizabeth Convention and all people will be welcome to visit them to discuss spiritual problems.

Organist for the mission will be Lola Ayala, lector will be Sotero Reyes, and leader of the choir will be Joe Hernandez. Fr. Herman Valladares announced that he has special faculties from his Excellency, Bishop Tchoepe during the month of the mission, when needed, to bless the Catholic Marrriages.

Guilty Pleas Are Heard

Three guilty pleas were entered in County Court Monday.

Glen Jones, Jr. of Big Spring pleaded guilty to a charge of driving while intoxicated. The offense occurred Saturday, and Jones was apprehended by City Police and Sheriff's Authorities. Jones punishment was set at 30 days in jail and a $100 fine plus court costs. However, the jail term was probated for one year.

Sammy Wayne Kenney appeared on a charge of unlawfully carrying arms. The offense occurred Saturday. He was handed a 6-month jail term plus court costs. Five months of the six-month term was probated for one year.

Henry O. Enriquez, Lubbock, pleaded guilty to a charge of driving while his license was suspended. He was apprehended Monday by Highway Patrolmen. Personal bond of $100 was set, and Enriquez will return to court Nov. 25. A judgment of a $10 fine plus court costs was entered against him.

Eddie Fisher Files To Divorce Liz

LOS ANGELES (AP) — Singer Eddie Fisher has filed a divorce suit against Elizabeth Taylor, saying her 1964 Mexican divorce from him is invalid. He said he was not represented when her decree was granted.

The 34-year-old actress is now married to British actor Richard Burton.

Fisher, 38, once the husband of actress Debbie Reynolds, asked in the suit filed Monday that the court rule his marriage to Miss Taylor valid, then grant him a divorce, divide community property and determine who should have custody of Liza Todd Fisher, Miss Taylor's daughter by Todd.

The suit alleges Miss Taylor deserted Fisher in 1962.

Pope Studies Prospect Of Cease-Fire

VATICAN CITY (AP) — Foreign Minister Paul Martin of Canada met today with Pope Paul VI to discuss Viet Nam peace prospects and a new cease-fire to halt the fighting at Christmas time.

Martin came to the Vatican after closing out the official phase of his three-nation European tour in a final conference with Italian Foreign Minister Amintore Fanfani.

Informants said Martin gave the Pope a full report on the Viet Nam soundings he had with government officials in Poland and the Soviet Union. Poland, with Canada and India, is a member of the International Control Commissin for Viet Nam.

Just two days before Martin arrived in Rome Sunday, the Vatican indicated that Pope Paul was ready to make another appeal for a Christmas cease-fire in Viet Nam. He made such an appeal last year. It was followed by a pause in the fighting that the Pope hoped would result in an extended truce.

Martin spent 30 minutes with Pope Paul.

The Vatican press office said the Pope and Martin discussed world peace problems and "particularly the situation in Viet Nam."

Jerry West of the Los Angeles Lakers set a National Basketball Association record last season when scored with 840 foul shots.

Mr. and Mrs. Henry Murphy of Fort Worth visited Mr. and Mrs. H.M. Murphy and Mr. and Mrs. Martin Murphy over the weekend.

Mrs. Pete White will go to Abilene Thursday to enter Hendrick Memorial Hospital where she will undergo major surgery.

Weekend guests of the N.F. Halls were R.L. Hall and Wetonia, Billy Phipps and Buster, all of Snyder, Mrs. Hollis Mize Sr. and Tommy, and Mr. and Mrs. Pete White.

Mr. and Mrs. Don Goss and children of San Angelo visited Mr. and Mrs. D. L. Cotton over the weekend.

Green Bean Julienne

1 pound snap beans
1 cup boiling water
½ teaspoon salt and 1 teaspoon seasoning salt
2 tablespoons butter
1 tablespoon instant minced onion
1 can (6 ounces) sliced broiled mushrooms, drained

Snip ends from beans and thoroughly wash; cut in half crosswise; cut each half into 2 or 3 strips lengthwise. Cook rapidly, covered, with the boiling water and salts, just until tender — about 10 minutes — stirring once or twice; drain. Melt butter with onion; add drained mushrooms and cook gently for several minutes or until onion softens; add beans and reheat if necessary. Makes 6 servings.

How about serving meatballs with tomato sauce on green noodles instead of the usual spaghetti?

Altrurian Club Visits Humble Smith School

The Altrurian Study Club met Friday at the Humble-Smith School. Mr. Bob Womack and Mrs. Joy Floyd gave the group a tour of the school consisting of living room, kitchen and dining area and two bedrooms, one for boys and one for girls, and the play room.

The children are taught many household duties, and the speech therapy group is progressing nicely.

A tour of the three classrooms for retarded children in West Elementary where subjects of shop and typing for hand coordination was also made.

Returning to the Humble-Smith School, Mrs. Gussie Gray gave the structure for teaching in the school. "The love and patiences the teachers, Mrs. Floyd, Mrs. Gray, Mrs. Ratliff and the shop teacher give to the children is a marvelous mission. We are very proud to be in a town where this project is so well planned", the club reporter said.

Coffee and cookies were served to 17 club members making the visit.

County Wide 4-H Committee Makes Plans

The County-wide 4-H committee met recently in the county extension office. Judy Tate called the meeting to order. The motto, pledge and prayer were said. The secretary read the minutes and called the roll.

Reports were given on the electric booth and the county-wide 4-H booth at the fair. Achievement night was discussed and set for 7 p.m. at Lamar Junior High School. The December Christmas program was also up for discussion. It was decided that no December meeting would be held unless something important comes up. The regular January meeting will be held as scheduled.

Three tentative dates were set for contests. They are: January, "Share The Fun". February, "Food Show". March, "Team Demonstration".

Lou Alice Mathis, Mrs. Wayland Mathis, Jan Bellamy and Mary Brazil were appointed as a committee to investigate the Christmas carol program.

Present for the meeting were: Connie Byars, Mary Lee Braziel, Rita Melton, Rebecca White, Jan Bellamy, Elaine McArthur, Lou Alice Mathis, Roxanna Huddleston, Mary Rios, Debra Fields, Shirley Stirl, Sue Sorrells, Darlene Tate, Mrs. O.P. Tate Jr., Mrs. R.L. White Jr., Mrs. Wayland Mathis, Mrs. W. C. Stirl and Miss Ruby Butts.

Ever try adding poppyseed to French dressing? Good served over crisp greens.

A. Daughters Program On Southwest

The Altrurian Daughters Study Club met at Martha Ann Woman's Club Wednesday, November 9, for a continuance of their year's Southwestern Panorama Program.

Mrs. Roger Mize told of the ghost town of Thurber, Texas, and Mrs. Jimmy Thompson described three ghost towns in New Mexico, Arizona and Nevada.

Mrs. T. J. Adams was hostess for the meeting.

This year's program of the southwest has been carried out in diverse and interesting ways. The club has visited the West Texas Museum in Lubbock after a luncheon meeting in that city. The Gail Museum was visited recently with the program presented by Mrs. Frank Miller and Mrs. Dennis, followed by coffee at the home of Mrs. Dennis. To make the club year more informative members answer roll call at each meeting with one-minute items concerning the southwest.

The annual Christmas luncheon will be held in December with a program on Cowboys' Christmas in the southwest.

Stanfield P-TA Meets

Entertainment and a panel-type program were featured at Monday night's meeting of the Stanfield Elementary School P-TA.

The Rev. John Bollinger brought a Thanksgiving devotional and a musical program was presented under direction of Mrs. Virginia Whitson, music teacher. Pupils on the program were from the first grade rooms of Mrs. Ruby Anderson, Mrs. Carol Miller and Mrs. Elwanda Nall.

Three delegates were elected to attend the state P-TA convention in Austin Nov. 16-18. They are Mrs. Anderson, Mrs. Jeanne Liner and Mrs. Howard Jones.

Mrs. Miller introduced the program, which was patterned after the TV program "To Tell the Truth." Mrs. Bob Mahood was mederator while panelists were Frank Miller, Herman Trigg and Pat Falls. Contestants were Mrs. Nathan Mearse, Mrs. Wayland Walton and Mrs. Marvin Dozier. Questions were designed to give an insight into the parent-school relationships.

A flag ceremony by Girl Scout Troop 327 opened the meeting and the room count was won by Mrs. Nall's first grade room. Mrs. Robert B. Pierce, president, presided at the meeting.

Soviets Move To Oust Red China

By HENRY S. BRADSHER

SOFIA, Bulgaria (AP) — The Soviet Union threw its weight today behind a move to read Red China out of the world Communist movement, but Romania objected.

Soviet Communist leader Leonid I. Brezhnev endorsed a Bulgarian proposal for a meeting of the world's Communist parties to establish unity along pro-Soviet lines. But Secretary-General Nicolae Ceausescu of the Romanian Communist party urged that nothing be done that "could deepen disagreement and increase the danger of a split."

Ceausescu also made a harsher attack on U.S. actions in Viet Nam than either Bulgarian Premier Todor Zhivkov or Brezhnev. The Romanian returned to the stiff line that had been absent recently in the Soviet bloc, presumably because the bloc was seeking to arrange peace in Viet Nam.

Employing some of the strongest terms he has yet used against Peking's leaders, Brezhnev accused them of following "narrow nationalistic aims" and ignoring the interests of world communism.

Opening the congress Monday, First Secretary Todor Zhivkov of the Bulgarian party said it "believes that conditions are ripe" for a world Communist conference. This was the first direct call from a major Communist party for a meeting.

Brezhnev said today that "it is not by accident that a number of fraternal parties have lately been voicing the opinion that conditions are getting ever more ripe for a conference.

His careful phrasing that conditions are getting ripe indicated some Soviet caution about chances of organizing a conference. It would force Communist parties to be counted for ro against Peking, and the parties in North Viet Nam, North Korea, Romania and others have been unwilling to be forced into this position.

Brezhnev attacked the Chinese refusal to cooperate on aid to North Viet Nam.

Debtor Nations Drain US Gold

By JOSEPH R. COYNE

WASHINGTON (AP) — Many of the nations which received gifts and loans from the United States in two world wars and the postwar period now are helping themselves to this country's gold supply.

In fact, the 26 nations which drained gold from the U.S. Treasury during fiscal 1966 also owed the United States money. And in the case of their World War I debts, they had made no payments in almost 35 years.

France had drawn more gold from the Treasury since 1962 than any other nation. During the fiscal year which ended June 30 — the latest figures available — she drained more gold than all other nations combined.

Since most nations are indebted to this country it's the exception rather than the rule for nondebtors to drain gold from the U.S. Treasury.

Only four debtor nations — the United Kingdom, Greece, Colombia and Morocco — added to Uncle Sam's gold supply during the year, the British by about 170 million.

The Treasury Department also listed three nondebtor nations which sold gold to the United States during the fiscal year — Canada, Switzerland and the Vatican.

Countries normally sell gold to this country to obtain the dollars they need to carry on foreign business.

This can be done simply for the asking. The United States guarantees conversion into gold at 35 an ounce of the dollar holdings of foreign central banks.

France converted $577.7 million into gold during the last fiscal year and has converted at least 223.7 million since June 30.

Her policy of buying at least 34 million in U.S. gold monthly came to a halt during October, however, because of her falling reserves. U.S. officials saw this as only temporary but expressed hope that the worst of the French gold drain may be over.

Harvest Of Cotton Said Well Ahead

AUSTIN (AP) — Significant gains were made last week harvesting cotton, soybeans, casterbeans, peanuts and sugarbeets in Texas, the U. S. Department of Agriculture reports.

The department's weekly crop and weather report said Monday the state's cotton harvest is two weeks ahead of last year's schedule, registering 52 per cent completion for 1966.

The department also reported most crops have been harvested, land is being prepared for next year and, moisture is urgently needed to stimulate the growth of small grains.

"Practically all grazing areas are becoming dry and presenting a fire hazard," the department said. "Stock are maintaining good condition but pressure from heavy grazing and lack of temporary winter grazing in isolated areas has caused some need for feeding. Moisture is needed to stimulate new growth and to maintain present prospects."

Sorghum combining reached 98 per cent completion, compared to 93 per cent a year ago. Wheat planting is 97 per cent complete, about same as last year at this time. Oat planting, 92 per cent complete, is one per cent of the 1965 pace.

Peanut harvesting reached 81 per cent completion, ahead of last year.

On the High Plains, late carrots are in good supply, and the lettuce harvest is nearing completion. The first shipments of tomatoes from Laredo took place last week. Movement of bell peppers is increasing in the San Antonio—Winter Garden area, and most vegetable crops are looking good.

The harvest of peppers is in "full swing" in the Lower Rio Grande Valley, and "cabbage and onions are progressing nicely," the report said. The citrus harvest is slow.

Orbiter To Drop For Close Shots

PASADENA, Calif. (AP) — Lunar Orbiter 2 is scheduled to lower its orbit this afternoon so ites cameras can zero in on sites where the United States may land men on the moon.

Spokesmen at Pasadena's Jet Propulsion Laboratory said Monday the cameras will take 378 pictures over a week, beginning next Friday, on sweeps 28 miles above the moon's surface.

The 800-pound spacecraft will be maneuvered by radio signal from a U.S. tracking station in an attempt to give scientists the most exact view so far of 13 potential Aplio astronaut landing sites.

Electricians End Strike

BEAUMONT (AP) —Workers in Texas and Louisiana plants of Gulf States Utilities Co. trooped back to their jobs today, a nine-day strike ended by agreement with the Independent Electrical Workers Union.

Gulf States had been struck from Calvert in Central Texas to Baton Rouge, La., by 2,130 workers of the IEWU in a dispute over pay and benefits. The old contract expired Nov. 5.

Members of 32 IEWU locals voted 1,139 to 407 Monday night to approve the new contract, which gives benefits totaling some $635,000 to workers the first year and $669,672 the second.

There had been no interruption of service in the Gulf States region. Supervisory personnel operated generating plants, line departments and offices.

The first post-strike shift of union men went to work at 11 p.m. Monday, replacing supervisory workers in Beaumont generating plants.

Penn State and Maryland have arranged football games for the next five years.

A WHALE OF A BASS — A diver at Marineland of the Pacific in Portuguese Bend, Calif., makes friends with a giant black sea bass captured recently off Santa Barbara island. The fish, measuring 6 feet 10 inches and weighing more than 500 pounds, is believed to be the largest bass ever caught in American waters. (AP Wirephoto)

Urges Changes In School Programs

LAKEWOOD, N.J. (AP) — David S. Bushnell, director of adult and vocational research in the U.S. Office of Education, told a recent conference of New Jersey educators that schools must become more technically oriented if they are to prepare students for a rapidly changing job market.

In 1955, Sam Boulmetis set a record by winning 81 races during the Monmouth Park thorough-bred meeting at Oceanport N.J.

Daugherty Says MS-U Is Not Looking Ahead

By PHIL BROWN

EAST LANSING, Mich. (AP) For the game of the year, Michigan State Coach Duffy Daugherty came up with the understatement of the year:

"At least this week we don't have the danger of looking by one game.

"And we don't have the problem of anyone saying, 'How much are you going to beat them by?" The coach of the nation's No. 2 ranked team said Monday, five days before it plays the nation's No. 1 team — Notre Dame.

"I assuume we'll be the underdog," he added.

He called the game a great opportunity.

"I can't remember once in the history of the polls that the No. 1 and 2 teams met in the final game of the season," he said.

Daugherty was worried about stopping Notre Dame's running because, he noted, they can always pass. And he was worried about the Irish passing because, he added, they disguise their pass plays by faking runs.

Michigan State should be in good health for the battle for the national championship, Daughterty said.

Fullback Bob Apisa, who missed two games with a knee sprain, is expected to be ready to play, even if he doesn't start.

Duffy isn't too worried about the squad's mental condition either.

"I don't think there are any limits to desire and exuberance," he said. "I don't think you run out of this."

Notre Dame's star receiver, 6-foot-4, 205-pound Jim Seymour, is an outstanding player, Daugherty said.

"He has height and such quick moves, the same sure hands as (MSU end Al) Brenner and outstanding speed," he said.

Daugherty said there wouldn't be any special defensive plan for Seymour.

"You can't change your pass defense going into the 10th game," he said. "We'll just have to do everything better."

Daugherty gave the scouting report on Notre Dame to his first stringers in practice Monday, and the players did some running, but no heavy work.

Assistant coaches Ed Rutherford and Al Dorow scouted the Irish for MSU.

"Both were very impressed," Daugherty said. "They said this is a team that has everything — size, speed, good coaching and a happy blend of running and passing."

Last year, when MSU was ranked No. 1 and Notre Dame No. 4, the Spartans scored a 12-3 victory and held the Irish to minus 12 yards rushing and just 25 yards passing.

But Notre Dame is better this year, said Daugherty, because "now they've got passing plus the same running."

Devine Heads NY Metros

NEW YORK (AP) — Bing Devine took over as president of the New York Mets Monday, but as he graciously said:

"This is George's day."

For standing next to Devine was George Weiss, who had just ended one of the most successful executive careers in baseball history.

Weiss served as general manager of the New York Yankees from 1948 through 1960, winning 10 pennants. He started Casey Stengel on his successful career as a manager by hiring him to manage the Yankees in 1949.

And Weiss struggled for five years with the New York Mets, who completed their best season in 1966, finishing ninth and drawing 1,932,693 spectators, a New York National League record.

Weiss, now 72, began his pro baseball - administrative career as the owner of New Haven in the Eastern League and later became general manage of the Baltimore Orioles of the International League before becoming Yankee farm director in 1932.

Weiss who will continue in an advisory capacity and as a director of the Mets until Dec. 31, 1971, also hired his successer as an assistant on Sept. 29, 1964.

BALTIMORE (AP) — Frank Robinson of the Baltimore Orioles, the American League's Most Valuable Player in 1966, will undergo surgery on the cartilege in his right knee at an undetermined date in either Baltimore or Los Angles.

Cassius Clobbers Big Cat In Third Round

By MURRAY ROSE

HOUSTON (AP) — After battering Cleveland Williams from a big cat into a puny mouse in a little more than two rounds, heavyweight champion Cassius Clay turned to Ernie Terrell and shouted, "You're next."

"I'm ready," said Terrell, the 6-foot-6, 27-year-old Chicagoan who is recognized as champion by the World Boxing Association.

They are expected to meet on Feb. 6, at Houston, Chicago, New York, Las Vegas or Toronto.

Houston has the edge now after drawing an indoor record crowd of 35,460 to the magnificent Astrodome. The gross gate was $461,290.

The undefeated, 24-year-old Clay floored the 33-year-old Big Cat from Houston three times in the second round and once more in the third round before referee Harry Kessler of St. Louis ended the slaughter with the blood-smeared Williams wobbling on rubbery legs. The time was announced at 1:08 of the third.

"I made one big mistake," said Williams, a 5-1 underdog. "I dropped my left hand and he nailed me. I don't know why I did it."

Clay, strong and fast at 212¾ pounds, shot his right hand over and decked the 210½-pound challenger for the first time in the second round. Williams was up at two and took the mandatory eight count.

A barrage of blows, unleashed by Clay with the speed of machinegun fire, felled the dazed challenger again for two. The third knockdown came on another flashing volley and Williams went flat on his back.

The bell sounded at five and saved Williams from a knockout.

Williams did not use a mouthpiece and suffered cuts inside and outside of his mouth. His mouth was bruised and bleeding.

"My plan for the fight was to punch — and you saw it," said Clay, obviously determined to show up to critics who say he can't punch.

Williams, a noted puncher who had scored 51 knockouts, was shot and his insides torn by a policeman's bullet (still in his hip) two years ago. He was given up for dead but recovered after three operations.

Since his return to the ring in February, Williams won four fights, two by knockouts, over nobodies. He didn't look impressive but said he had regained his old power. He showed nothing against the invincible boxing master from Louisville, Ky.

It was Clay's sixth title defense within a year and only Canadian champion George Chuvalo went the limit. Clay's record is 27-0 including 22 knockouts.

Williams' record is 65-6-1. He has been stopped four times.

The ring-scarred veteran of 16 years of pro fighting had the consolation of a payday of about $250,000. Clay's share of the gate receipts and the closed circuit television, radio, films and other ancillary rights, may hit about $750,000.

DALLAS (AP) Amarillo Tascosa, with the aid of Odessa Permian, finally wrested first place away from San Angelo in Class AAAA of the Dallas News weekly schoolboy football ratings.

Permian, defending AAAA state champion but unranked, handed San Angelo its first loss of the season 12-6 last week. The setback dropped San Angelo to fourth in this week's next to the final poll as Austin McCallum and Brazosport moved up behind Tascosa.

The News announced its final poll for the two lower classes, AA and A, which begin playoffs for the state championships this week.

Sweeny and Forney, undefeated and leaders all season, finished on top in Class AA and A, respectively.

The Class AAA final poll, still headed by unbeaten McKinney, also will come next week.

The 1965 Class AA state champion, Plano, placed fourth in the last ratings. Wills Point, defending Class A titlist, was not a rated team although it won its district.

Porkers Win CC Championship

COLLEGE STATION (AP)— Arkansas won the Southwest Conference cross country championship as John Heffner of Texas A&M ran off with the individual title Monday.

Heffner finished the three-mile course in 14:32, three seconds faster than runnerup Charles Elder of Arkansas.

Razorback runners also finished 5th, 7th, 10th and 13th to compile a low team score of 37 points. A&M was second with 57 points, followed by Texas, 63, Rice, 97; Southern Methodist, 122, and Baylor, 134. Texas Tech and Texas Christian did not compete for the team title.

Steve Montoya of Rice was third in 14:37, Brian Woolsey of Texas was fourth in 14:40 and James Morrison of Arkansas was fifth in 14:46.

Most assists in a National Basketball Association season were registered by Oscar Robertson when he made 899 during the 1961-62 campaign.

Irish Take First In Gridiron Poll

By THE ASSOCIATED PRESS

The votes have been tabulated, and the results show what everybody already knows—Notre Dame will play Michigan State Saturday for the No. 1 spot in college football.

Notre Dame, 8-0, is on top again this week and Michigan State, 9-0, is second again in The Associated Press poll released today.

The Irish drew 35 first-place votes in the weekly poll and a total of 420 points while the Spartans were first on six ballots and accumulated 392 points.

The rest of the Top Ten, with the exception of 10th place, remained the same as last week with Alabama third, Nebraska fourth, Georgia Tech fifth, Arkansas sixth, Southern California seventh, UCLA eighth and Georgia ninth.

Purdue, 16-0 winners over Minnesota last Saturday, moved into 10th, replacing Tennessee which lost to Mississippi 14-7.

Notre Dame has posted five shutouts this season while holding its opponents to a total of 28 points, and the Spartans have given up an average of just 10 points a game.

The situation is nearly the same as it was last year when the teams met at Notre Dame.

Michigan State was undefeated and needed a victory against the Irish to complete an unbeaten season and hold its No. 1 ranking in the country. The Spartans attained both goals by winning 12-3, and all the Irish got was their second loss of a season.

The Spartans again need a victory—this time at home—to complete another unbeaten season and move from second to first in the national rankings.

The Irish, however, are shooting for their first undefeated, untied season since 1949 and their first national championship since the same year. Even if they get by Michigan State, though, they have another game against Southern California the following week.

Two other members of the Top Ten — Southern Cal and UCLA—are invlved in Saturday's second biggest battle while four other teams are idle —Alabama, Nebraska, Georgia Tech and Georgia.

Arkansas is at Texas Tech and Purdue hosts Indiana.

The Top Ten, with first-place votes in parenthesis, and total points on 10-9 etc. basis:

1.	Notre Dame (35)	420
2.	Michigan State (5)	392
3.	Alabama (1)	327
4.	Nebraska	282
5.	Georgia Tech	241
6.	Arkansas (1)	206
7.	Southern Calif.	172
8.	UCLA	136
9.	Georgia	102
10.	Purdue	37

Barry, Wilt Set Pro Cage Pace

NEW YORK (AP) — Rick Barry of San Francisco and Philadelphia's Wilt Chamberlain continue to dominate National Basketball statistics, being among the first 10 in four of the five major categories.

Barry is the scoring leader, with 574 points for a 38.3 average in game through Nov. 13; second in free throw percentage, with .874; tied for 10th in field goal percentage, with .490 and 10th in rebounds, with 161.

QB CLUB MEETS IN ROOM 210

The Quarterback Club will meet at 7:30 p.m. in Room 210 at the high school tonight for its final regular meeting of the year, according to an announcement by Roy Meador, president.

He said the meeting site was changed so as not to conflict with a Boy Scout meeting. The best way to get to Room 210 is to enter the building through the patio at the west door and climb the stairs to the second floor, he said.

US Still Must Resort To Vague Talk Of Terms

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — The Manila peace conference looks like ancient history now. As a result of it, peace is no nearer and, so far as can be seen, it won't be. It just looks like one of those things.

And now, less than a month after the conference, hardly a word is heard about it. The Communists of North Viet Nam and China have ridiculed all American peace proposals as double-talk, including the one at Manila.

U.S. talk of peace down through the months, and now the years, has been repeatedly vague, which is understandable. By being lass than absolutely precise, the United States leaves itself room for maneuver if peace talks start.

This was repeated in the October communique put out at Manila by President Johnson and the six men who met with him there, the leaders of Asian and Pacific nations who are involved on the American side in Viet Nam.

Since the United States has not won the war, it is not in a position to impose peace terms, unmistakably clear. It can only suggest some. If it could impose terms there would be no need for vagueness.

So far the United States has been simply trying to get North Viet Nam started in discussing peace. The settlement would have to come out of the talks.

At Manila the seven agreed the allied forces in South Viet Nam would be withdrawn "as the other side withdraws its forces to the north, ceases infiltration, and the level of violence subsides.

"Those forces will be withdrawn as soon as possible and not later than six months after the above conditions have been fulfilled."

The communique didn't say whether the North Vietnamese — and — the Viet Cong would have to withdraw to the north. It said the other side would have to cease "infiltration" without explaining whether this meant North Viet Nam — and — the Viet Cong.

And it said allied forces would be withdrawn only when violence subsided, without saying whether violence by North Viet Nam or the Viet Cong or both.

But the implication seemed plain enough: that the allies would not pull out until the North Vietnamese and the Viet Cong stopped molesting South Viet Nam.

And the communique was vague on who would decide when violence subsided. Obviously only the allies would decide and that gave them a lot of time and a big loophole on just when they thought violence had subsided enough to get their forces out.

(The allies would hardly leave it up to the North Vietnamese or the Viet Cong to tell them when violence had subsided.)

But former Vice President Richard M. Nixon, almost totally ignoring these implications and loopholes, chose on Nov. 3 to attack the communique, complain about its vagueness, and concentrate mostly on his own interpretation that Johnson was proposing mutual withdrawal, which he wasn't.

Nixon did this five days before the congressional elections. Johnson promptly derided Nixon as a "chronic campaigner."

But Johnson, irritated by Nixon, said "politicians" were trying to confuse that should be clear and then added one clarification to the communique:

"We intend to stay," he said, "only so long as our presence is necessary to protect the territorial integrity of South Viet Nam, and to see that violence there ceases."

Could Stars Take Over The Nation?

By HAL BOYLE

NEW YORK (AP) — Could John Wayne, by growing a beard like Abe Lincoln's, gain the Republican presidential nomination in 1968?

Don't shrug away the possibility. In this era of instant statesmanship anything can happen.

Politics traditionally requires a long apprenticeship. But George Murphy became California's senator, and Ronald Reagon its governor, without ever having carried a ham sandwich at the precinct level or having fixed a traffic ticket for a local businessman.

This has thrown a real scare into the old pros. If Hollywood actors can take over a state, what is to keep them from taking over the nation?

So far Hollywood has only thrown its actors before the voters. Suppose the film colony creates a vast new political third party that also includes its producers, directors, writers, stunt men and make-up artists?

The bare thought is enough to make old-time political stalwarts choke on their cigars. It doesn't take much of a stretch of the imagination for them to visualize the credit lines for the 1969 or 1973 inaugural ceremony in Washington:

"Starring John Wayne as U.S. President and Elizabeth Taylor as vice president . . . Directed by John Huston . . . Produced by Otto Preminger . . . Distributed by United Artists . . . Script and inaugural address written by Dalton Trumbo . . . Miss Taylor's gowns by Givenchy."

After the ceremony, President Wayne, doffing his 10-gallon tophat, might announce a few Cabinet appointments, such as:

Secretary of State — William Holden, who has done so much work abroad.

Department of Defense — Lassie. Her barking would keep America alert.

Department of Health, Education and welfare — Boris Karloff.

Secretary of the Treasury — Jack Benny, the pinch-penny.

Department of the Interior — Dean Martin.

The possibilities, of course, fairly stagger the mind.

But we see no reason why present political leaders shouldn't fight back against this invasion of their field by entertainment celebrities.

If the politicians can't whip Hollywood — and so far they haven't been able to — why not join Hollywood? Certainly when it comes to real acting, the stars in our national government can equal or outdo our film and television performers.

How about Sen. Wayne Morse, D-Ore., in those rambunctious, lovable roles played so long by Walter Brennan?

What can Mickey Rooney do before the camera that Sen. Robert F. Kennedy of New York can't do as well? With a shorter haircut, Kennedy would do just fine as Andy Hardy.

Can't you just see Sen. Everett M. Dirksen, R-Ill., as kindly old Dr. Gillespie in a revival of the Dr. Kildare series?

Yep, the more one considers the current dilemma, the more it seems that the best solution is a merger of the talents of Hollywood and the nation's capital.

Junior Editors Quiz on LAUGHTER

QUESTION: Why do we laugh?

* * *

ANSWER: Although scientists cannot tell us exactly why we laugh, they agree with the rest of us that laughter and smiles are the expression of happy or pleasurable feelings. Experts often sort out our emotions into two main groups. The feelings of anger, fear and hate speed up bodily processes. The heart beats faster, sending more blood into the veins, giving extra energy in case we have to take some extreme action. The other, more pleasant group is the one containing joy, happiness, love. Laughter is said to be connected with this group. If we are very happy, the bodily processes speed up too, but there is usually not much physical activity which needs to be accomplished. It may be that we instinctively 'work off' this extra energy by exercising our facial and other muscles with smiles or laughter or perhaps by waving our arms and jumping around, as the happy young folks are doing in our picture. Funny things also make us laugh. Jokes generally show familiar things in unexpected, ridiculous new situations, such as the rain coming from the clown's umbrella (small picture).

FOR YOU TO DO: Learn to laugh a lot! It will make you feel better. 11-15

Asks Top Chefs To Cook Troops' Christmas Dinner

WAYLAND, Mich. (AP) — American troops in Viet Nam will have to make do at Christmas without Robert Doublestein's glazed turkey and giblet gravy.

Doublestein, 43, a chef who thinks cookies from home are not enough for soldiers at war during the yuletide, wanted a company of the nation's leading chefs to cook Christmas dinner for the troops.

The Defense Department said the trip would be "contrary to policy" and dangerous.

Doublestein, a father of three, lives in this west Michigan town of about 2,000 and commutes to his job at a Grand Rapids restaurant.

"I remember when I was in the service," he said, "the Christmas season was always the toughest, the time when morale sank a bit and we were a little depressed."

A spokesman for the Defense Department's Community Relations Division said the trip would be impossible in view of recent "increased troop strength and the heavy logistical requirements" of transporting the chefs into the war zone.

"It all started out as a wild dream," Doublestein said. He said that Rep. Gerald R. Ford, R-Mich., House Republican leader, liked the idea and had assigned one of his aides to the project.

The aide began ironing out the wrinkles in red tape. A sponsor was needed.

So Doublestein pecked out a tidy, typewritten plea for sponsorship to the National Restaurant Association, based in Chicago.

"It sounded like a great idea," said Donald Greenaway, NRA executive vice president. "So we investigated it."

Retired Adm. Ira Nun, of the NRA's Washington council, couldn't clear the trip with the Pentagon. Doublestein, a chief commissary steward in the Coast Guard in World War II, said most military cooks know nothing about the culinary arts.

"We'd go over the menu with each mess sergeant. We'd carve, serve, and do anything to make the holiday chowline a Christmas gift from home," he said.

Informed of the decision to drop the project, Doublestein said only that he would have to "give it some thinking."

Woman Slain In Station Driveway

BROWNSVILLE, Tex. (AP) Mrs. Rachel Vera, 46, was shot to death Monday as she sat in her car in the driveway of a downtown Brownsville service station.

Police said a man matching the description of the slayer was seen entering nearby Matamoros, Mexico, in a taxi a short time after the shooting.

The man was reported to have been loitering at the station for a time before the slaying. Mrs. Vera worked in a dry cleaning shop nearby.

Witnesses said the man ran to the car, opened the door and fired three shots at Mrs. Vera.

Coroner's Jury Views Slaying Victims

By DAN TEDRICK

MESA, Ariz. (AP) — An all-male coroner's jury convenes today to view the bodies of four women and an infant girl, slaughtered by a laughing 18-year-old gunman as they lay on a beauty shop floor.

While Robert Benjamin Smith, a Mesa High School senior, lounged alone in a four-man jail cell, an inquest into Saturday's slayings of which he is charged was scheduled for Mesa justice court.

Bonita Sue Harris, 18, the only adult survivor of the shooting, remained under treatment in Southside District Hospital. The student beautician suffered head and arm wounds and was expected to be hospitalized several more days.

Smith's parents issued a statement through their attorney expressing grief over "the terrible tragedy wrought upon mankind by their disturbed boy."

Rod Wood, the lawyer who has arranged psychiatric treatment for young Smith, said Mr. and Mrs. Robert L. Smith "extend their heart-felt sympathy to relatives and friends of the victims."

Police said young Smith told them he waited for student hairdressers of the Rose Mar College of Beauty to arrive for work, then forced the first arrivals to lie in a circle and killed them to "get known . . . get myself a name."

Dead are Mary Margaret Olsen, 18, Glenda Carter, 18, and Carol Farmer, 19, all students; Joyce Sellers, 27, the only customer in the shop, and Mrs. Sellers' 3-year-old daughter, Debra.

Miss Harris and Tamara Lynn, Mrs. Sellers' 3-month-old daughter who was shielded from the bullets by her mother's body, were listed in good condition in the Mesa hospital. The baby was hit in an arm.

Police Chief Gail Brimhall said police were still trying to learn more about the .22 caliber pistol used in the killings but that neither of the parents would talk with officers.

Analysts Stumped By Split Tickets

WASHINGTON (AP) — So many voters split tickets in the Nov. 8 election that it's impossible to categorize them strictly as Democratic or Republican.

In 10 of the 22 states which elected both a governor and a senator last week, a Republican won one race and a Democrat the other.

The 10 were Alaska, unless a recount retains the Democratic governor; Arkansas, Maine, Minnesota, New Mexico, Oklahoma, Rhode Island, South Carolina, Tennessee and Texas.

In Nevada, a Republican was elected governor while the state's lone House member, a Democrat, was returned to office by a 2-1 ratio.

In Rhode Island, for example, Gov. John H. Chafee, a Republican, and Sen. Claiborne Pell, a Democrat, each won re-election by slightly under and slightly more than 2-to-1 respectively. This means at least 105,000, or 32 per cent, of the 323,000 persons who voted split their ticket.

The minimum crossover was less than 10 per cent in Minnesota, but that was more than enough to split the results.

Races for the House of Representatives were the only type of contest held throughout the country.

Even nationwide party totals of these 435 contests are distorted by the fact that 51 Democrats and 4 Republicans had no major party opponent. And these totals ignore senator and governor votes, which were probably of greater concern to many voters in reflecting their current political preference.

Nonetheless, the totals show that in House races only, 24.6 million persons voted Republican and 23.5 million voted Democratic — this despite Democrats winning a 248-187 margin in the new House.

Weslaco Chiropractor Draws Prison Term

EDINBURG, Tex. (AP)—Dr. T. M. McClure, 54, Weslaco chiropractor convicted last month of murder without malice in the slaying of his wife, was sentenced Monday to two to five years in prison.

Dist. Judge Tom Hartley refused a motion for a new trial by defense lawyer Richard Haynes of Houston. Hartley said the motion was not filed within a 20-day deadline.

Haynes said he planned to appeal the conviction. McClure remained free under $10,000 bond.

He was charged with killing his wife Gilda, 49. Her nude body was found in Delta Lake near Weslaco Sept. 22, 1965.

Jury Finds Minutemen Are Guilty

KANSAS CITY, Mo. (AP) — "I think the weapons impressed us more than anything else," said Darold D. Holmes, foreman of a federal court jury which Monday convicted Robert B. DePugh and two other members of the Minutemen of violating the National Firearms Act.

The jurors had seen the prosecution display a .50 caliber machine gun and four smaller machine guns which had been hidden underground.

DePugh, 43, founder of the secret organization, and Walter Peyson, 24, both of Norborne, Mo., could be sentenced to 15 years imprisonment. The other defendant, Troy Houghton, 33, San Diego, Calif., could get five years. They were given 30 days in which to file for a new trial. All remained free under bond.

Judge Elmo B. Hunter said he expected to sentence the men in about three weeks.

DePugh, who urged Minutemen to take guerrilla training to resist communism, left the courtroom with a big smile.

"I have been told by my attorney to make no statement and I will make none," he said.

Members of the jury said there never was any question in their minds about the defendants' guilt after deliberations started.

"I think everyone was influenced by the testimony given by Mr. Husted," said Holmes.

Raithby Roosevelt Husted, 23-year-old ex-Marine, testified that he helped Peyson bury the .50 caliber machine gun under a Missouri farmhouse, and bury the other machine guns and ammunition near a cemetery. He later led FBI agents to the caches.

DePugh and Peyson were convicted of having automatic weapons or silencers without registering them and of not paying the $200 transfer fee on each weapon. All three defendants were convicted of conspiracy.

Nineteen alleged Minutemen recently were rounded up in New York, along with a huge supply of ammunition and weapons. Nat H. Hentel, Queens County district attorney, said the raids were linked with DePugh and DePugh would be asked to appear before a Queens County grand jury.

After his trial, DePugh said he wasn't going to New York, and that the 19 men were not dues-paying Minutemen.

Businessmen Drink To Rupert Rat

By RONALD THOMSON

LONDON (AP) — Five prosperous British businessmen scheduled a champagne party today in honor of Rupert the Rat.

"That common gray rat saved us from bankruptcy," said David James, 47. "We are drinking to a fine memory."

Things looked bleak in 1951 for Beanstalk Shelving Ltd., operating from one room and making no progress in selling its special shelves for shops.

James, the company's founder, sat alone at his desk one evening full of gloomy thoughts.

"When Rupert — as we came to call him — —appeared at his rat hole, I was in no mood for that kind of company," James recalled.

"I picked up a newspaper, took a swipe at him and missed. Rupert scuttled back into the hole and was never seen again.

"But as I stooped to pick up the newspaper my eye was caught by a personal advertisement by an Australian importer who was looking for a novel product in Britain."

James is sure he would never have spotted the ad if he hadn't been trying to clobber Rupert.

"The next day I called on the Australian and he gave me an order worth $112,000 on the spot," he said.

"From then on we never looked back. Now we have a factory covering 60,000 square feet, employ 380 people and export all over the world."

James planned the champagne party with his four partners at the room where they started in Chichester. He announced the event with an "in memoriam" notice in the Times of London. It said: "Rupert, R.I.P. No flowers or cheese, by request."

North Carolina's last winning football season was in 1963 when the Tar Heels won 9 of 11 games.

Protest Ruling Seen As Crossover By High Court

By BARRY SCHWEID

WASHINGTON (AP) — The Supreme Court has crossed a threshold in civil rights protest cases.

Whether it has broken sharply with its past holdings is subject to interpretation. Justice Hugo L. Black says the court has not. Justice William O. Douglas says it has.

But however little or much the court may have veered, Monday's 5-4 ruling in a Tallahassee, Fla., case enhances state power to declare certain kinds of government property off limits for even peaceful protest.

Specifically off limits because they were at issue in the Tallahassee case are the driveways and premises of jail houses.

Black, in writing the court's decision, did not give other instances of government property which could be declared off limits. But he, and the court majority, undoubtedly mean to encompass more than just county jail houses, for he concluded with this general statement:

"The United States Constitution does not forbid a state to control the use of its own property for its own lawful nondiscriminatory purpose."

And he likened government authority in this field to the right of a private person to guard his back yard against trespassing, for he also said:

"The state, no less than a private owner of property, has power to preserve the property under its control for the use to which it is lawfully dedicated."

The decision was not very surprising. In several recent cases various members of the court have demonstrated increasing impatience with civil rights protests.

After the decision was announced, Douglas—like Black, a free speech advocate — said from the bench:

"We now have set into the record a great and wonderful police state doctrine."

In his written dissent, Douglas expanded on this theme, saying the majority was giving public officials "the awesome power to decide whose ideas may be expressed and who shall be denied a place to air their claims and petition their government."

The First Amendment, Douglas said, gives the 32 Florida A&M students whose trespass convictions were upheld the right to protest segregation outside the Tallahassee jail. At the same time, he conceded, "there may be some public places which are so clearly committed to other purposes that their use for the airing of grievances is anomalous.

"No one, for example, would suggest," Douglas said, "that the Senate gallery is the proper place for a vociferous protest rally."

TAX ANSWERS

This column of questions and answers on Federal tax matters is provided by the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

* * *

Question — I had to pay points to get the mortage money to buy my house. Can I deduct this when I file my tax return?

Answer — No. Points, or similar fees paid to obtain a mortgage loan, are not deductible for federal income tax purposes. This expense should be included in the overall cost of your house.

The interest you pay on the loan as part of your monthly mortgage payments is deductible, however. Real estate taxes on your house are another deductible item.

Question — My husband died early last year. I know I can file a joint return for the year but what do I do about my withholding status where I work?

Answers — For withholding purposes you are considered married for the year of your husband's death; also for the two years following, provided you qualify as a surviving spouse.

Question — I just retired on disability and receive a pension from my company. Is this taxable?

Answer — It all depends on the kind of pension plan your company has. Generally speaking, your pension would probably qualify for treatment as a sick pay until you reach normal retirement age. Up to $100 a week may be excluded as sick pay.

After you reach normal retirement age, your pension may or may not be taxable depending on whether you contributed any part of the cost.

Question — What are the biggest deductions taxpayers have when they itemize on individual returns?

Answer — Taxes was the largest single nonbusiness deduction claimed on returns filed last year. This item amounted to $14.1 billion. Other large items were interest paid--$12.5 billion, contributions--$8.3 billion, and medical and dental expenses--$7.1 billion.

Question — How long is the Interest Equalization tax supposed to continue?

Answer — Present legislation calls for this tax to end July 31, 1967 unless extended by Congress.

Question — When is an expense deductible as a business expense?

Answer — To be deductible, the expense must be both ordinary and necessary, directly connected with or related to your trade, business, or profession; or it must be for the production or collection of income, or for management of property held for the production of income; and the income must be taxable income.

To illustrate this last point, the cost of renting a safe deposit box to hold taxable bonds is a deductible expense. But if the box holds only tax-free bonds the law will not allow you to deduct the expense.

Question — I just started to work and one of the fellows at the office said I should file an estimated tax declaration. Will I have to even though tax is being withheld from my salary?

Answer — Unless you estimate that you will receive more than $200 in income not subject to withholding or your income will exceed $5,000 or $10,000, depending on your filing status, no estimated tax declaration will be required. In addition, if your estimated tax is less than $40 (after allowing withholding credits) you need not file a declaration.

Most people, particularly those who just start work, do not have to file declarations since withholding will take care of their tax obligations. The new graduated withholding requirements also eliminates the requirement to file declarations for many who formerly had to do this.

City's Buses To Have Sweet Smell

ALBUQUERQUE, N.M. (AP) — Sweet-scented additives are being put in the fuel systems of Albuquerque's city buses in an attempt to eliminate foul smelling exhaust fumes.

The experiment — going on for about a week — is proving successful, said Thomas Burke, transit system director.

"I just smell the difference on Central Avenue," he challenged. Bystanders on that main thoroughfare said they couldn't.

Congressmen Happy About Cut In Lie Detector Tests

WASHINGTON (AP) The Pentagon, often accused of being less than truthful about some things, is cutting back on the use of lie detector tests.

And Congress, sometimes the accuser, is happy about it.

When a House Committee on Government Operations said federal agencies were too liberal in the use of polygraph — lie detector — examinations, the Defense Department was the first to change its ways.

The Pentagon went out with an order regulating how polygraph tests were to be conducted and stating how its examiners, now numbering over 400, were to be selected, trained and supervised.

"The directive represented the first step taken by any agency to curtail the widespread use of the so-called lie detector test," the committee reported just before adjournment of the 89th Congress. Its report was made public a few days ago.

The committee said the Pentagon conducted 14,978 polygraph tests in the year ending June 30, 1963, the year Congress first really began looking into lie detector usage by the government.

In response to queries, the Pentagon said the number was lopped to less than half that — 6,294 — in fiscal 1966 which ended last June 30.

The Pentagon attributed the reduction to tighter controls placed on the use of polygraph exams by a directive issued in July 1965, three months after the House committee issued its first findings.

Basically, Pentagon components can use lie detector tests only in security and criminal investigations, under current rules.

Might Teach Thief A Thing Or Two!

CINCINNATI, Ohio (AP) — A thief who stole boxing gloves and a punching bag from a car trunk has a free offer to learn how to use them.

"I'd like to teach him the manly art of self-defense," said Carmine Iacobucci, a bantamweight boxer since 1947 and a veteran of 90 professional bouts.

Iacobucci, 39, reported the theft from his car Monday.

Demos Find Film Slightly Embarrassing

ASHEVILLE, N.C. (AP) — Sponsorship of a motion picture aimed at litterbugs caused some embarrassment Monday at a meeting of the Citizens Committee on Beautification and Clean-Up.

"I hate to say it," observed Mrs. Melvin Taylor, chairman of the 21-member committee appointed by Asheville's all-Democratic City Council, "but the film is narrated by Ronald Reagan."

Reagan is the Republican governor-elect of California.
