Water passes test; rates go up

GRANDDAD, CAN I HAVE THE KEYS?—Officers of the Dimmitt High School Industrial Arts Club show off their club project, a renovated 1930 Dodge roadster, which won first place in its class at the State Industrial Arts Show in Waco.

Kneeling, from left, are Lee Schilling, Jeff Pigg and Ross Armstrong. Standing, from left, are Sid Sageser, Carla Moore and Danny Wassom.

The Dimmitt Board of Aldermen Monday night discussed increases in water rates, considered an ordinance that would empower the city to clear junk from private property, and heard a report that water in Southwest Dimmitt was not contaminated.

The approved and adopted 1981-82 city budget reflects an increase of 20 cents per 1,000 gallons in monthly water rates, effective since May 1.

The former rates were 50 cents per 1,000 gallons for those using between 1,000 and one million gallons, 40 cents per 1,000 gallons for usage between 1.1 million and 15 million gallons, and 25 cents per 1,000 gallons for usage over 15 million gallons.

The new rates are 70 cents for the first category — which includes residences and most businesses — and 60 cents for the second category, which includes the schools, occa-

tionally, and the vegetable sheds during season.

The third category includes only the Amstar Plant. The city has a contract with Amstar which states that the city is bound to provide water at cost to the large industry.

City Manager Garnett Holland said that the city's direct cost was 53 cents per 1,000 gallons of water, including repairs and labor. However, he added that the figure did not include the five percent depreciation per year on water works and on the computer.

The aldermen, tabled any decision about the Amstar rate until Amstar representatives can meet with them and until more complete figures are available.

The board reviewed an ordinance dealing with unsightly property.

The ordinance says that "it is unlawful to permit a condition that would allow... unwholesome or unhealthy material... to be on your property." City Attorney Jack Edwards said.

"If you do, the city can clean it and charge you for cleaning it. If you don't pay (the cleaning bill), the city can put a lien on your property," he added.

The ordinance would also allow the city to apply the cleaning charges to the water bill. If the charges were not paid, the city could legally cut off the water to that property until the owner paid the bill.

The aldermen approved Holland's request for a second reading of the ordinance on May 18 to allow time for further study.

The board also heard a report from Holland that state [See Water Passes, Page 14]

"And a special thanks to the Donald Wrights and the Tommy Kenworths who helped finance a part of the trip, but who were unable to attend," Cotter said.

Grid coach, wife resign

In a called meeting Tuesday morning, the Dimmitt School Board accepted the resignations of Wayne and Donna Garner.

Garner has been the head football coach for the past two years. Mrs. Garner is the fourth grade English teacher.

Supt. Robert Ryan said that the board will take applications outside of the local school system, and that Athletic Director Kenneth Cleveland will process them.

The Garners and their two young sons plan to move to Central Texas. They lived in Central Texas for six years before moving to Dimmitt.

"I want to move back to that area," Garner said.

The school board had renewed the contracts of both Mr. and Mrs. Garner for the next school year.

Aldermen assure library backers

By BETTY HOOVER
The Dimmitt Board of Aldermen have discovered in the past two weeks that a change in the public library funding can cause a furor.

They learned it through a deluge of letters and phone calls following their April 20 meeting, and when concerned citizens lobbied the board's meeting Monday evening.

The city governing board decided two weeks ago to give a six-month notice of intent to cancel its contract with the county for 50-50 funding of Rhoads Memorial Library.

But the aldermen did not vote to "abandon the library," City Attorney Jack Edwards told a large group of library boosters at Monday's meeting. He added that he had sent a letter of intent to the Castro County Commissioners.

"There will be no agreement with the county," Mayor R. L. Fleming said. He said he felt the city should

not be bound by any decision made by the county.

Library Board Chairman Susan Hanners requested that Edwards send a copy of the letter of intent to the library and its board. She presented library income-expense statements for the past six years.

She pointed out that the city had always been able to dictate how much funding the library received since the city's fiscal year begins in May. The county was usually forced to follow suit since the county's fiscal year begins in October, she said.

Edwards said that the 1973 contract placed the library under county jurisdiction, leaving the county in a position of control.

"Will you give your word that you'll fund the library?" Geneva Schaeffer asked.

"We did not have in mind doing away with funding for the library — we did not," Fleming said.

Stefanie Love asked if, without the binding contract, the budgeting would be changed at any time.

The library is "one of the best things we have in town," News Managing Editor Don Nelson said. When and if federal Revenue Sharing funds are discontinued, "where will library money come from?" he asked.

Alderman Wayne Collins mentioned the possibility of setting up a library district. [See ALDERMEN, Page 14]

Band named best at Kansas festival

Dimmitt High School's Bobcat Band left 'em cheering at the Worlds of Fun Band Festival in Kansas City.

Not only did the Bobcat Band take first-place honors

over 25 other bands in its class in concert competition. It also was named the best of the 42 bands of all classes at the festival.

The band performed its two concert numbers at 8 a.m. Sunday — Bach's "Thus Do You Fare, My Jesus," arranged by Alfred Reed, and "Concert Variations" by Claude T. Smith.

Here's what the contest judges had to say about Ralph Smith's big band:

Eugene Corporon of the University of Northern Colorado: "I can think of no other way that I'd like to spend a morning than listening to this group. All involved are to be congratulated. It's a pleasure to see a master teacher at work." (Corporon gave the band a I+ rating.)

Thomas Lee of the University of Texas: "Absolutely outstanding in every regard. This is a pleasure and joy to hear this beautiful band make music. I believe you have one of the outstanding conductors and teachers as your band director. Thank you for a fine performance." (I+)

Claude T. Smith, Kansas City composer (who wrote "Concert Variations"): "A superb band, great instrumentation. . . . You have great sound; you really should be proud of your band. . . . Thanks for a great performance of 'Concert Variations.'" (I)

Other class winners were the bands from University High School in Waco and from Parkway South High in

DHS Singers are at Enid festival

The Dimmitt High School Singers are in Enid, Okla., for the annual Tri-State Music Festival.

The students, their sponsors and Director Doug Henry, left for Enid Wednesday at 2:30 p.m.

Today (Thursday) they will attend the festival, and soloists entered in the competition will sing. In the afternoon they will go to an amusement area and downtown Enid for leisure activities and swimming.

Friday the choir will sing at the festival at 9:10 a.m. Choir members will listen to the performances of the other choirs, and that evening a dance is scheduled.

Saturday the group will travel to Oklahoma City to see the sights and visit the Crossroads Mall.

The choir will leave Sunday morning for Dimmitt at 9 a.m. and should arrive at approximately 5 p.m.

Vaulter earns trip to state

Dimmitt High School senior Randy Washington earned a trip to the State Track Meet in Austin by placing second with a 14-ft. vault in the Region I-AAA Track Meet Friday in Lubbock.

Washington is now tied for the best pole vault in any class in the Texas Panhandle. Ricky Gonzales placed fifth in the mile at the regional meet with a time of 4:40.3.

Washington was the only Castro County athlete to qualify for the state boys' meet.

Spring reunions, trips popular

By MYRTLE SHEFFY

Brenda Andrews and daughter Becky and mother Ruby Sims are home from a good visiting trip to Bonham where they visited her aunts and families, the Preston Madisons, Ella Keys, the Joe Keys, the Bert Websters. Then back by Dallas to see Brenda's brother Floyd Pitts, who helped them see Dallas. They went out to see the South Fork Ranch of "Dallas" TV fame. Then had lunch in the tall revolving Reunion Tower. They saw the Union Station, went to Neiman-Marcus, to smell the perfume on floor No. 1. Out-of-towners always do that, just look. They went to Beachcombers for Sunday brunch, then home again.

Esta Vandiver was hostess at her house to Maxine Tidwell's Bible study Sunday school class and their mothers and friends for Mother's Day which will be next Sunday. This was a dinner Tuesday night. The class has 55 members on roll with 30 active. Get with it girls, go to that study. Maxine was the birthday girl Friday, May 1. She received so many cards, the postman thought she was sick. She doesn't have time to be sick.

Clara Neumayer is home from a good visit in Oklahoma City with her sister Della in the home of her daughter Mrs. Preston Talles. They all went to the Cross Roads Cathedral where they heard great music and messages from different speakers. Several thousand people went to that. They made tours of the city, saw the elegant homes, ate out each evening, different kinds of food — nice, also nice to be home.

Wesley Don Wright came Saturday, May 2 at High Plains Baptist Hospital in Amarillo. He was six pounds and 4 ounces. Wesley Don is the son of Rick and Joyce Wright. The grandparents are Donald and Katy Wright. Edwin Ramey is the great uncle. Young Mr. Bean was

over here from Friona to see Granddad Ramey. And Jim Wright, his friend Danice Davis came up from A&M for the Sunday visit with the Wrights and to see the new baby. Jim will graduate from A&M this week.

Ken and Amy Cole have a new baby girl. Her name is Kristen Diane. She weighed 8 pounds. Ken is a high school coach here. And grandmother Pat Cole of Amarillo has been here to help out. And Dolois Ramon, who is Amy's sister, from Goodwell came in Sunday afternoon to stay a few days.

Helen Richardson went to Hugo, Okla., for a visit with brother Bob and Jenny Estes and the three daughters came who are Kathy and husband Tom Procopio from New York City. Katy Cotter and daughter Leslie from Dallas, and Karen Jo Estes, also from Dallas. They had fun riding on a barge on the Lake Raymond Gary.

Willie Alexander of Hart has moved here to South Hills Manor. She has a broken hip that is trying to get well. Willie is a sister of Jenny Ritzer and Dean Taack.

Jack and Susie Bradford went to Southeast Texas, a stop in Marshall to visit her parents, Mr. and Mrs. Hart and all went to Corsicana to attend the wedding of Susie's brother.

P. P. Robb had his 79th birthday Sunday, so cake and ice cream were made and served by his wife Madge and the family coming home, who are her brother Kenneth and Gertrude Williams from Keys, Okla., and Don and Sandra Robb from Idalou, Ted and Jean, son Lonnie and daughter Cheryl from WTSU, Larry and Tammy Robb and Dwayne Smith. Robb was a youngster with his parents that settled in Indian Territory Oklahoma in 1900.

P. O. and Frances Goodman left here this week for Jacksonville, Fla. to meet their son Mike and family and they will attend the meeting where Mike who is a Baptist minister will receive his doctor of divinity degree.

Fred and Helen Kuntz and son Rick and grandmother (of Rick) were in El Paso recently for a visit with Linda and husband Mr. Perry and their young baby.

Mrs. June Anderson is here from Chattanooga, Okla. for a visit with her daughter Estella and Charles Hottel. She says that town got its name from Indians who were brought to Indian territory from Tennessee.

The Saturday dinner bridge met with several players. All I could learn is that Cecil Crum didn't win. "I will ask him someday."

Ellen Hrabal spent a few days at San Angelo visiting her daughter Julie and husband David Hicks. That ranch country looks good this spring due to some rain. None of us get eight inches like Houston.

Jo Gregory was hostess to

the Thursday bridge party at the Senior Citizens. Guests were Johnnie Vannoy who won high score, Betty Cartwright came in second. Others were Faun Welker, Opha Burks, Koma Ratcliff, Oleda Schumacher, Cleo Forson, Elizabeth Huckabay, Boots Kaderly, Emily Clingsmith, Jeannie Miller.

Goldman and Carole Dyer, Joe Bob and Diane Sanders and babies attended church at the Hart Baptist last Sunday to hear the choir of the Baptist and Methodist present the cantata "Alelulia" that was very beautiful music. The director is Steve Thomson. Joe Bob Bennett was narrator and Ruth Dyer Bennett was in the chorus.

Later all the family had dinner at Harold Bob and Ruth's house, with the cake to celebrate Will Sanders third birthday.

The weekend bridge tournament met at Senior Citizens with only 36 people playing. They were from Plainview, Amarillo, Hereford and here. Dinner was served by the local ladies and what little extra money they made goes to the Senior Citizens Fund. You know like light bills, cooks, cleaning, etc. But do come to the Tuesday game nights at 7 p.m.

Rev. John Street and Dr. and Mrs. Charles Vandiver attended the inauguration of the ninth president of Wayland Baptist College. He is David Jester from Georgetown, Ky. And his family came in for this big meeting

as Esta says much pomp and ceremony with dignitaries from many colleges there. Wayland will become a university in June. Charles Vandiver is one of the college trustees. They saw Royce Dowell who has been (maybe still) a music director in Dallas. Royce and family came to Dimmitt to visit brother Bryce and Darlene.

Earl and Betty Parish have been in Austin for a few days on business.

Many people from Dimmitt drove over to Conchas Lake for a weekend vacation from the regular work. They fish a little, ski and visit. The Sal DiCuffas were there and Gene and Mary Smith and their friends Albert and Maria Maxwell and Ted and Juanita Higgins from Hereford. Mary says many Dimmitt people were there Sunday.

Brent and Summer Henderson of Amarillo were Sunday guests of his grandparents Curtis and Marie Tate. Brent is Pat's son.

Leanne Crozier, a student at Lubbock Christian College, received the outstanding home economist award at the awards assembly at the college last week. Leanne is the daughter of Bob and Jackie Crozier. Jackie is bookkeeper at Castro County Grain Co.

I thank all of you who gave your news to the News and Chatter Column. Do it again or call Sheffy at 647-2533 before Monday at 10 a.m. Best wishes to you.

Buster and Pauline Kriling from Cuervo, N.M. and their daughter Ruelene Kriling Devenport of Mesquite, N.M. (that is near Las Cruces) were in town Friday visiting longtime friends when we all lived in the Flagg Community. Like Blanche Ginn made coffee and lemonade for us, and Doris Ward. They visited Jimmy Buckley and the Damrons, tried to see the Teagues and others, couldn't find them. Gwen Buckley is out at Phoenix visiting the daughter and family, also receiving some medical or physical checkups while there.

A Crown for Mother

You, as a Mother, are honored by your children on a special day — Mother's Day. How the little things they make for you with their own small hands please you and warm your heart.

It warms and quickens the heart of God when you honor Him on His special day. "Remember the Sabbath Day, to keep it holy." Exodus 20:8. Worship God on this next Sunday in the church of your choice. We should honor our loving Heavenly Father even as we expect our children to honor us.

Attend church on Mother's Day.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

PUBLIC NOTICE

On April 16, 1981, Bailey County Electric Cooperative Association filed with the Public Utility Commission of Texas an application for tariff changes as follows:

In the Collection Policy the disconnect date for non-payment is changed to read twenty-two (22) days from the date the bill is issued, and to give seven (7) days' notice prior to stated date of disconnection. In this same policy, we have requested that the mileage charge for collection trips be removed. This revision is applicable to all classes of service.

In our Outdoor Lighting Service Tariff we have requested the addition of the wording, "This monthly minimum shall not include any billing adjustment charges." This revision is applicable only to the Outdoor Lighting Service Tariff.

Applicant serves in all or portions of Bailey, Castro, Cochran, Lamb and Farmer counties. Protests to or motions to intervene may be filed with the Public Utility Commission of Texas. On April 27, 1981, the Public Utility Commission of Texas ordered the Cooperative to suspend these changes for 120 days, and further ordered that the substance of the Cooperative's application be published as required by P U R A, Section 43 (a). 15-32-4tc

Give your seed the best possible start

International[®] Early Riser Planter Row Units

Staggered double disk openers. Staggered design forms a sharper cutting edge to slice through heavy stalks, tough soils.

Depth gauge wheels. Exclusive IH equalizing gauge wheels provide uniform seed depth and keep moist soil close to the furrow.

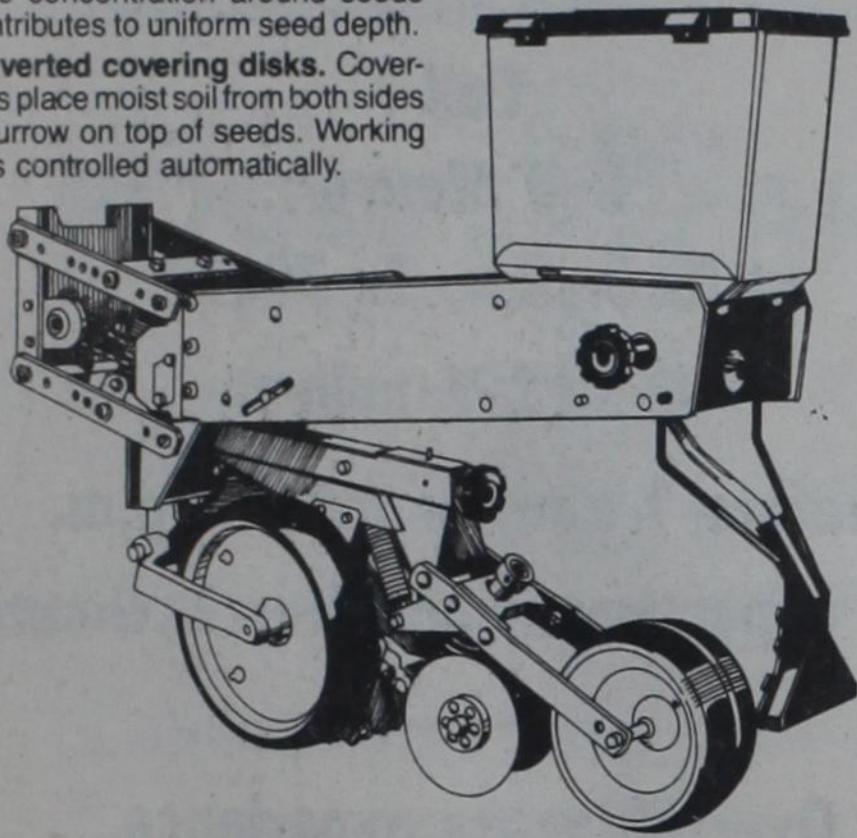

IH patented furrow firming point. The point firms loose soil, ensuring moisture concentration around seeds and contributes to uniform seed depth.

Twin inverted covering disks. Covering disks place moist soil from both sides of the furrow on top of seeds. Working depth is controlled automatically.

Extra wide press wheel. The center ribbed press wheel gently compacts soil over the seed and eliminates moisture-robbing air pockets.

IH Early Riser row units combine all these features to give you an ideal seed environment for faster germination and emergence. Available on all 800 Series Cyclo[®] Air and plate type planters.

"IT'S A BIG JOB ...

Slowing down the rising costs of anything these days. Even your electricity.

You've got someone working on it for you in the Southwest. Southwestern Public Service is using Wyoming coal to make electricity in its new power plants. Because some of the old plants run on fuel that just plain costs too much.

Electricity could cost a lot more than it does. But thank goodness it doesn't — because of coal."

**Forecast:
Dependable weed control in corn
with Banvel herbicide**

Whenever pigweed and other problem broadleaf weeds appear, ask for Banvel** herbicide.

Banvel gives effective, economical broadleaf weed control in nearly every stage of the corn growing cycle. Banvel tackles your toughest broadleaf weed problems: pigweed... smartweed... cocklebur... and many more.

Pre-emergence or early post: Banvel, applied at rates up to one pint immediately after planting or until corn is five inches tall provides effective control of many tough annual broadleaf weeds.

Post: Or apply Banvel at the 1/2 pint rate anytime after weeds appear but before corn is 36 inches tall.

For most effective, economical control, apply Banvel early! Applying Banvel when weeds are small—less than 3 inches tall—tops the weeds when they are most easily controlled and also lessens chances of damaging sensitive crops nearby.

Ask for the herbicide strong enough to control the tough to control broadleaf weeds—Banvel herbicide.

What's the cure for inflation? Profitable agriculture, according to Secretary of Agriculture, John Block. In a recent address, Block felt the best remedy for the nation's inflation was strong, productive and profitable agriculture. Block recently cited several impediments toward that goal which, he said, the Reagan administration has marked for correction. These include eliminating the target price concept, unnecessary food labeling regulations and the soaring cost of national government. Many responsibilities currently handled by the government, he believes are best left to local, state and private sectors. Urging cut-backs in many areas, one marked exception was agricultural research. Block believes it is urgent to continue to improve agriculture technology through additional research to meet the needs of the future.

More about Band named

Manchester, Mo. The contest victory climaxed a five-day, 1,250-mile round trip by the band's 127 members and the 42 adults who accompanied them. It was the first trip to Missouri for a DHS band.

The Dimmitt entourage also enjoyed tours of:

- The Harry S. Truman Library in Independence;
- Farmland Industries in Kansas City, where they saw car batteries and paint being manufactured and automotive greases being refined;
- The Fruhauf Uniform Co. in Wichita, where their uniforms were manufactured;
- Crown Mall, a Kansas City showplace developed by the Hallmark Card Co.;
- The Grain Board in Kansas City, where they watched the fury of commodities trading;
- The Cowboy Hall of Fame in Oklahoma City.

The bandsmen also enjoyed the attractions at the Worlds of Fun Saturday, and that evening the seniors had their annual dinner at Raphael's, one of Kansas City's top restaurants.

"I don't think I've ever had a better bunch of kids to travel with," Smith commented. "They made up their minds that they wanted to do well, and they really did."

Ryan earns Plainview men A&M honors win golf title

During ceremonies at the recent Parent's Weekend on the Texas A&M campus, freshman cadet Robin Ryan was singled out for several honors. He is the son of Robert and J'Lyn Ryan of Dimmitt.

At the corps level, he was chosen and received a commendation as one of 12 outstanding freshmen. He was selected through a series of five elimination interviews. There are approximately 1,200 freshmen in the corps of cadets.

At the company level, he received a medal for being named outstanding freshman of B Company of the Texas Aggie Band, and was awarded a trophy as outstanding athlete in the intramural program. He also received the prestigious honor of being named Guidon Bearer for 1981-82 — the highest position for sophomore students in the corps.

His parents and his sister, Stephanie, attended the ceremonies.

ONE of the best-selling record albums of the 1970s is Tapestry, recorded by Carole King. The album, which was in the national Top 100 list for over six years, has sold over fourteen million copies and grossed more than \$70 million.

Two Plainview golfers, Cullen Cranfield and Charles Longbotham, shot a two-day total of 136 to win the championship of the Castro County Country Club Partnership Tournament Saturday and Sunday.

In First Flight competition, Dimmitt's Truman Touchstone and partner John Renner of Friona tied for second with a 141 total.

In the Second Flight, Gilbert Schulte and Sam Albracht of Nazareth were inched out of first place in a sudden-death playoff. Their two-day total was 149.

In the Fourth Flight, Truitt Childers and Jim Long of Dimmitt came in second with a 163, just ahead of Jerry Killingsworth of Dimmitt and James Head of Hereford, who shot a 166.

National enthusiasm for horses has been building for the past 20 years, gradually at first and now more rapidly, the director for public affairs for the American Horse Council told Horse Short Course participants at Texas A&M University recently. More than four million Americans own horses and spend more than \$15 billion in caring for them each year.

Water passes

[Continued from Page 1] tests on the water in Southwest Dimmitt proved that the water was "good and palatable."

The Bureau of Laboratories' tests were run on samples from Oak Street and from Sunset Circle. Both tests were negative and no coliform organisms were found, the Amarillo report stated.

The tests were run as a result of a reported case of illness that could have been caused by coliform organisms in the drinking water.

In other business, the aldermen:

—Met in an executive session to discuss the pending lawsuit filed by Mr. and Mrs. Larry Colwell in July concerning a dispute over whether the Colwells could locate a dog kennel at 117 NW 12th St. After the brief meeting, Mayor R. L. Fleming said that the board decided to "let it go to trial if they want to push it that far."

—Chose to wait for recommendations from the city's zoning commission concerning placement of mobile homes in Dimmitt. Members of the commission are Jim Cleavinger, Al Jackson, Helen Richardson, Ray Robertson and Stanley Schaeffer.

—Called for bids on a submersible pump to replace a turbine water well located in Southwest Dimmitt near the water tower.

—Called for bids to purchase one master, four-horn siren system to install at the fire station for weather alert purposes.

—Heard concerns of citizens about funding of Rhoads Memorial Library. The board assured the public that it would continue to support the library but that it would cancel its contract with the county for half-and-half funding of the library.

[Continued from Page 1] similar to the hospital district. Then county residents would pay taxes directly to the library district, not to a "middle man" for county or city distribution.

Alderman Ann Armstrong expressed concern that city residents are presently having to double-fund the library by paying both city and county taxes for the library.

Collins said that he thought an alternative plan for future funding was necessary.

He mentioned that the present one-percent room occupancy tax charged in Dimmitt to travelers who stay in local motels could possibly be increased. If so, the additional tax could be applied to library funding, he said.

M. Loys Raymer asked if the city planned to cut back

the library staff to include only one person.

Fleming said that the city had no such intention and that he had merely made an off-hand comment. He added that he had confidence in the librarian and in the librarian's ability to choose his staff.

Alderman Fred Annen suggested that Mrs. Hanners arrange a meeting where problems can be worked out among representatives of the county commissioners, the city board and the library board.

Mrs. Hanners is now trying to arrange such a joint meeting.

The library funding from the city is set for one year at a time. A request for future funding will be necessary again each year, as the city prepares its annual budget, Fleming said.

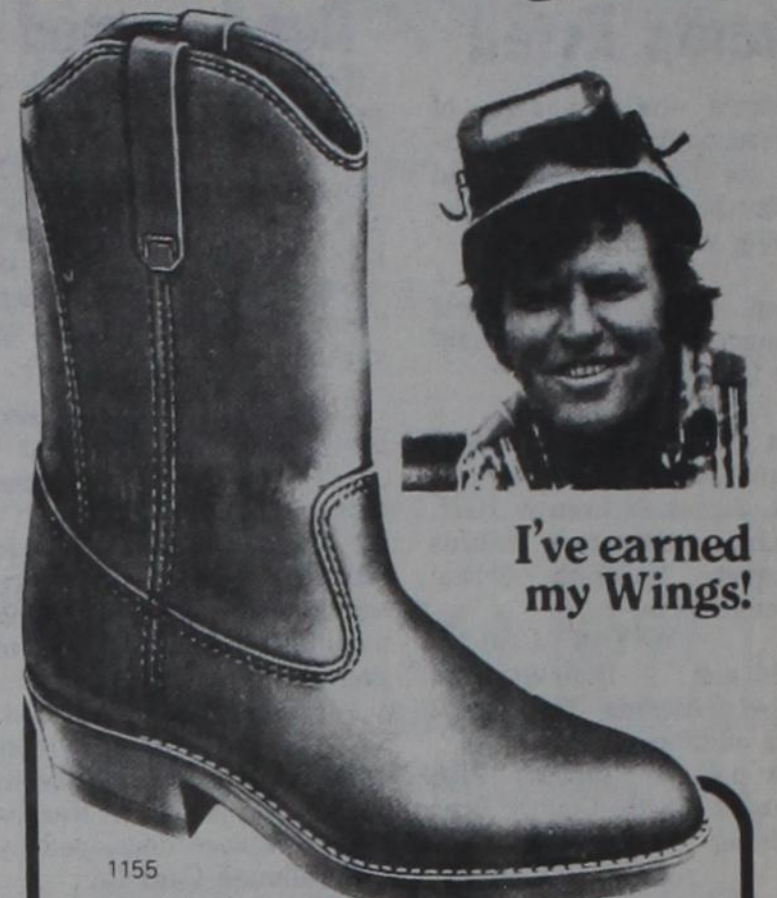

"Don't worry about the funding," Collins said. "We'll work it out."

Mrs. Hanners expressed hopes for better communications with the city in the future.

"As time goes on and with inflation like it is, there'll be bigger problems than this," Fleming said.

"I'm glad to know there's so much interest in the library," Alderman Roy Lilley said.

Pre-school children will be 'screened' next week

The "Early Childhood Screening" for the 1981-82 school year in Dimmitt and Nazareth is scheduled for next Wednesday and Thursday, May 13-14, at the Dimmitt School Administrative Offices, 608 W. Halsell St.

The screening program is conducted to locate those children who show characteristics that are considered typical for children who have learning problems.

Parents who feel that their child will benefit from screening may bring their 4-year-olds to the school administration building next Wednesday or Thursday from 9 a.m. to 12 noon or from 1 to 3 p.m.

Nazareth and Dimmitt parents are advised to call for an appointment before Wednesday morning, to avoid a long wait for screening. For an appointment, call Plan A Secretary, Maria Fuentes at 647-3103.

The screening will be under the supervision of Counselor Joyce King and Educational Diagnostician Frances Duke.

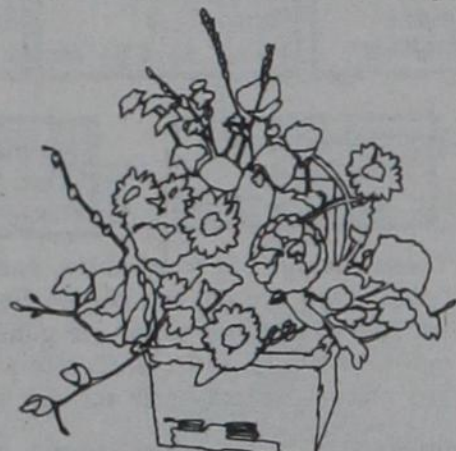

It is designed for pre-kindergarten age children. In most cases, however, the screening will be for children who are four years old on or before Sept. 1, 1981.

If you can answer "yes" to

at least 10 of the questions listed below, it may be that your child will have learning problems, especially in the school setting. This does not mean that your child is unintelligent. Most children who suffer from learning disabilities have at least average and often above average intelligence.

1. Is your child extremely daring?
2. Is your child easily distracted?
3. Is your child a discipline problem?
4. Is your child always up and down from the table during meals?
5. Does your child seem to "tune-out" at times?
6. Does your child find it necessary to touch everything he/she sees?
7. Does your child frequently walk into things or trip?
8. Is there inconsistency in your child's performance (i.e. one day he/she performs a task well, the next day he/she can't)?
9. Does your child have a short attention span?
10. Does your child have frequent headaches?
11. Does your child frustrate easily?
12. Was your child a late walker?
13. Was your child a prolonged tip-toe walker?
14. Was your child's speech late or abnormal (difficult to understand)?
15. Did your child have trouble learning to skip?
16. Is your child's voice excessively loud or soft, or does he/she speak in a monotone?
17. Does your child have difficulty naming familiar objects, or consistently fail to understand directions?
18. Does your child consistently cry when left with a sitter, or have behavior which provokes unkind attitudes and expressions from others?
19. Is your child always tired?
20. Is your child irritable before and/or shortly after meals?
21. Does your child exhibit excessive thirst?
22. Is your child easily fatigued?
23. Does your child crave sweets?
