PORTALES, NEW MEXICO, THURSDAY, AUGUST 13, 1931

NUMBER 42

N. M. UTILITIES SAVES PORTALES \$2,241.77

LABOR DAY PROGRAM HERE SEPT. 7 Judge Kelso Plays Santa Claus To City

On Tuesday, C. J. Cunningham, chairman of the Central Labor Body of Clovis, and E. T. Schwab of Clovis met with the Portales Chamber of Commerce and submitted a proposition to bring the Labor Day celebration to Portales this year instead of Clovis.

Their proposition was accepted and an invitation extended that they hold the celebration in Portales.

Labor Day is a national holiday and comes on the first Monday of September.

This celebration will bring hundreds of people from Clovis, Farmington, Muleshoe, Lakeland and other nearby cities.

The Clovis committee is composed of C. J. Cunningham, E. T. Schwab and W. J. Keeney.

The Portales committee as appointed by the chairman of the Portales Chamber of Commerce is as follows:

Ezra Watts, J. G. Greaves and Ike Maxwell.

A joint meeting of these committees will be held in the near future to complete plans and make out the program for this celebration.

Tentative program will consist of a labor day parade, and many races and other entertainments such as will interest the crowd throughout the day.

Complete arrangements will be announced in the Portales Valley News at an early date.

Roosevelt Farmer Dies From Injuries

C. R. Woodman passed away in the Clovis hospital Monday afternoon about two o'clock. Death was due to injuries he received last week when he fell from a windmill tower at his farm home in the Blackwater draw.

Mr. Woodman was atop the thirty foot windmill tower making some necessary repairs when he became overbalanced and fell to the ground. In the fall he struck across a supporting post of the tower, crushing five ribs in his right side and causing many internal injuries. One of the broken ribs punctured his right lung.

A Portales physician was summoned and Mr. Woodman was taken to the hospital by ambulance but due to his advanced age of 77 years it was impossible for him to recover from the many injuries.

Mr. and Mrs. J. T. Dendy had as their guests last week Mr. and Mrs. Jess Wilson and family, Mr. and Mrs. Stump of Waka, Texas. They made a trip to the Carlsbad caverns and reported a very enjoyable trip. Mrs. Wilson is the daughter of Mr. and Mrs. Dendy. They returned to Waka Sunday.

R. H. Todd and family returned to Salton, Texas, Sunday after a few days visit to relatives.

County Nurse Found Unconscious In Car on Highway Near Encino

General Rainfall Over County Last Saturday, Sunday

Roosevelt county was blessed with a general rainfall on last Saturday night, Sunday afternoon and Sunday night.

This rain coming after the rains of the previous week, assures sufficient moisture to mature the crops.

Never in the history of Roosevelt county has the crop outlook been brighter, and the feed pens and stock lots will be filled to overflowing with feed of every variety.

District Court Disposes of Criminal Docket

There was only one short term of the Ninth Judicial District Court, which lasted through Monday and Tuesday of this week, with Judge Patton on the bench.

Pleas of guilty were entered and sentences imposed as follows: Bill Crow, unlawfully having intoxicating liquor in his possession at a dance—90 days in the county jail and a fine of \$50.00 and costs. Jail sentence suspended upon good behavior.

Lane Morris, unlawfully having intoxicating liquor in his possession at a dance—90 days in jail and a fine of \$50.00 and costs. Jail sentence suspended upon good behavior.

A. F. Combs, unlawful possession of a still—90 days in jail and a fine of \$100.00 and costs. Jail sentence suspended upon good behavior.

E. C. Locke, forgery—one year to 18 months in the state penitentiary.

A number of pleas of not guilty were entered on various charges. Disposition of these cases will be made at a later date.

The case of W. T. Strimmon, charged with liquor violation, was dismissed on application of the district attorney.

Clean Up for the Dairy Show

Portales needs a general clean-up before the Dairy Show, and now is the time to cut the weeds on the vacant lots and give the town a holiday appearance.

Many of the vacant lots are rank with weeds, and this makes a bad impression on visitors who pass through daily.

TOMATOES ARE BEGINNING TO RIPEN

Portales Valley tomatoes are now beginning to ripen and the local market is now supplied with home-grown tomatoes.

The main crop will be ready for canning around September 1st. The early crop brings good prices shipped fresh.

The tomato crop this season is cut short and the production will be considerably below that of last season.

Mrs. J. C. Rowland and son H. C. left Wednesday for their home at Oklahoma City, after a visit to the Greaves family.

Mr. and Mrs. Ray Bonner spent their week's honeymoon trip on a sight seeing expedition to Santa Fe, Taos and points of interest in that section of the state.

Mrs. A. E. Hunt, assistant County Superintendent of Schools, is enjoying a week's vacation from her duties in the court house. Mrs. Hunt is spending the time at her home in the suburbs of Portales.

T. W. Johnston left Tuesday for Paducah, Texas, to visit this week with his mother, Mrs. N. E. Lynch.

Matter of Campers Considered by the Portales C. of C.

On motion of A. D. Ribble, a motion was adopted by the Portales Chamber of Commerce to look into the camping situation in Portales.

The committee as appointed by Chairman G. W. Carr, was as follows: A. D. Ribble, Edwin Neer and E. C. Luna.

The camping situation as brought up shows that campers are occupying vacant lots at places that will be very inconvenient to the city and which, if let go unrestricted, will scatter an epidemic of typhoid.

It was brought to the attention of the Chamber of Commerce that campers are now on vacant lots near the high school building and that will seriously interfere with the schools which open on the 31st of this month.

It was also suggested that there was sufficient local labor to meet all demands at the present, and that by the great influx of campers it was working a serious hardship on the local citizens who depend upon day labor for a living.

The above committee was instructed to meet with the City Council and try to devise some means for relief of this situation.

Henry Holland Feeds Profitably

Henry Holland, of Rogers, recently sold 35 head of Hereford cattle that he fed out on his farm. These calves were fed from December 7, 1930, to July 27, 1931. They averaged 300 pounds in weight at the beginning of the feeding period.

During the time they were on pasture they averaged 680 pounds, or a net gain of 380 pounds for the feeding period. These calves were run on wheat pasture from December 7th to April 2nd and were then placed in the feeding lot. During the time they were on pasture they were allowed access to threshed kafir fodder from which the grain had been removed.

From April on they were fed ground kafir bundles mixed with ground wheat. At the beginning of the proportion of this mixture was 75 pounds of fodder and 25 pounds of wheat. The mixture was gradually made richer in wheat until the last 30 days it was comprised of 25 pounds of fodder and 75 pounds of wheat. For the entire feeding period the calves ate 400 bushels of wheat.

Bonemeal and salt was available at all times. The calves ate 200 pounds of bonemeal during the feeding period.

Mr. Holland paid \$20 a head for these calves and they sold on the market for \$67.50 per hundred. This feeding project, which was financially successful, opens the way to other Roosevelt county farmers as a means of profitably using grain and roughness produced on the farm. A great deal of this roughness would not have been utilized had it not been for the feeding operations. With a large grain crop in sight for 1931 and the prospect of low prices, farmers should certainly give serious consideration to feeding as a means of marketing their crops.

A. J. McDonald and Frank Jerinigan were in Amarillo the first of the week to get more equipment for the Portales Machine Shop.

Lee Kelley had his tonsils removed Tuesday and is now recovering very satisfactorily. Lee is one of the boys employed by W. K. Judevine in the operation of the local creamery.

Industry mentioned as "most important" was distilling. In 1929 cash was paid for wheat at only six different points; there was no demand for corn or rye as a cereal. But if they could be converted into whiskey it could be shipped to some point and sold for cash.

Even in 1929 the distilling market quotations were: Corn, 15 cents; iron, \$1.25 per ton; pork, \$6 a barrel; butter 5 and 6 cents lb.; eggs, 25 cents a bushel, and whiskey, 17 cents a gallon.

Edgar Johnson and wife of Bozina, Texas, and Mrs. Clara Jones of Clinton, Mo., were the guests of Mr. and Mrs. Edward Miller on last Thursday.

Water Camp For Boy Scouts

Carlsbad Boy Scouts will be hosts to the troops of the Eastern New Mexico Council at a short term water camp. The camp will open Tuesday afternoon, August 25, and will close Saturday morning, August 29.

Three life guards will direct a water program consisting of instruction in swimming for beginners, advanced swimming, life saving, canoeing and boating. The camp will be pitched just across the river from the town and will have a good beach for the swimming activities. A shallow area will be roped off for the beginners and every precaution will be taken to maintain a safe and healthy camp. Minor Huffman, Area Boy Scout Executive, will have charge of the camp.

In addition to the water program, the boys will have an opportunity to visit the Carlsbad caverns and other interesting places near Carlsbad.

This water camp will top a summer of outdoor activities for the Boy Scouts. Two hundred and sixty-seven Scouts and leaders attended the summer camp in the Sacramento mountains and set a high mark for attendance. In addition several troops held their own camp.

Portales Scouts who expect to attend should get in touch with their scoutmaster.

TRI-STATE FAIR CATALOG IS OUT

Those desiring the Tri-State Fair catalog of 184 pages and carrying announcement of \$15,000 in cash premiums is just off the press and those desiring one of them can get a catalog by writing a postal card to Wilbur C. Hawk, Amarillo, president of the Tri-State Fair.

According to Mr. Hawk, the fair dates are September 21 to 26, inclusive, and there will be again this year a free gate, which has proven very popular to the people of the Panhandle of Texas, Oklahoma and New Mexico.

ERROR SHOOT HOG MARKET

Through an error in the market reports last week, hogs were quoted at \$2.55 on the Portales market, when it should have been \$6.55.

This error caused considerable dissatisfaction among those who had hogs to sell.

Those who wanted to buy thought that they had struck a gold mine.

Portales is always the best market in the state for selling hogs.

In last week's issue in the Farm News it was stated that Walter Upton's dairy herd produced three 10-gallon cans of cream per week. Walter is getting one 10-gallon can of cream each day.

One Day Left!

If you think you are overworked or spending too much of your valuable time in the daily grind for success or fame, you would do well to analyze the following problems in subtraction:

There are days in the year 365
You sleep 8 hours a day 128
Balance 243

You rest 8 hours a day 128

2 weeks vacation 14
Balance for work 1 DAY

DANGER!

Wear Bathing Suits At Pool—Not On Street

The sheriff's office says that bathing suits as street and highway wear will be barred, and those appearing in same will be given quarters in the county jail.

While Portales has no bathing beach, a swimming pool is within two miles of the city, and from reports some have been going out and coming back to town wearing nothing but their bathing suits.

Water Camp For Boy Scouts

Carlsbad Boy Scouts will be hosts to the troops of the Eastern New Mexico Council at a short term water camp. The camp will open Tuesday afternoon, August 25, and will close Saturday morning, August 29.

Three life guards will direct a water program consisting of instruction in swimming for beginners, advanced swimming, life saving, canoeing and boating. The camp will be pitched just across the river from the town and will have a good beach for the swimming activities. A shallow area will be roped off for the beginners and every precaution will be taken to maintain a safe and healthy camp. Minor Huffman, Area Boy Scout Executive, will have charge of the camp.

In addition to the water program, the boys will have an opportunity to visit the Carlsbad caverns and other interesting places near Carlsbad.

This water camp will top a summer of outdoor activities for the Boy Scouts. Two hundred and sixty-seven Scouts and leaders attended the summer camp in the Sacramento mountains and set a high mark for attendance. In addition several troops held their own camp.

NEW MEXICO UTILITIES SHOW SPIRIT OF CO-OPERATION WITH COMMUNITY

Tuesday at the Chamber of Commerce luncheon, Judge I. R. Kelso of St. Louis, president of the Texas and New Mexico Utilities Companies, together with E. S. Billings of St. Louis, and J. B. Scott of Plainview, Texas, were guests.

Judge Kelso played the part of Santa Claus to Portales by his announcement of the policy of his company.

During the past year, the city and city schools paid for lights and power:

The city schools.....\$ 353.64
City pumping.....2,782.50
Street lights.....2,350.25
City hall lights.....67.76

Total.....\$5,564.18

Announcement was made that the rates for the year beginning August 1st, 1931 and continuing to August 1st, 1932, would be, based upon the same hours:

For schools.....\$ 85.80
For city pumping.....2,050.92
For street lights.....1,175.12
For city hall lights.....12.56

Total.....\$3,324.41

or saving to the city of:

For schools.....\$263.84
For pumping.....741.61
For city street lights.....1,175.12
For city hall lights.....55.30

Total saving over last year \$2,241.77

The street lighting for the year only as a domestic of \$1,135.12.

All city pumping, and schools, will be a permanent rate of 2c per k. w. hour.

The Utilities has paid in taxes, state, city and county of Roosevelt, \$2,571.46.

This, with occupation taxes, amounts to \$2,604.61.

Taking this amount from the combined charges for the city and schools, the total of which will be \$3,324.41 for the coming year, and taxes of \$2,604.61, only leaves \$719.80 which will have been paid by the city and schools in excess of the taxes paid by the Utilities Company.

The following resolution was presented by Judge Kelso:

"Whereas, I. R. Kelso, president of Texas Utilities Company and President of the New Mexico Utilities Company, has announced the policy of co-operating with the various towns on the interconnected electric network of New Mexico Utilities Company and Texas Utilities Company lines in the matter of working out emergency relief measures to help take care of financial problems now confronting many towns served by these companies, through no fault of the territory served; the policy in regard to emergency relief has been adopted by Texas Utilities Company and New Mexico Utilities Company because many towns on their lines are suffering temporarily, notwithstanding the wonderful crops being produced in this territory, solely because of a world-wide depression for which the territory served is in no way responsible."

On motion, the Chamber of Commerce endorsed the actions of Judge Kelso and the Utilities Company, and a committee composed of J. B. Sledge, Thos. B. Sowell, J. G. Greaves and Ezra Watts was appointed by Chairman G. W. Carr to meet with the city council and draft resolutions to the New Mexico Utilities Company endorsing their action.

In the afternoon this committee met with the city council and such resolutions were drafted and signed by the city board and the Chamber of Commerce committee, and presented to Judge Kelso.

Portales Men in Santa Fe on Business

Mayor J. N. McCall, A. D. Ribble, F. D. Golden and C. V. Harris left Tuesday afternoon for Santa Fe where they will meet with the representatives of the auditing department of the state concerning the city budget which is under discussion.

A budget, economically planned, has been submitted for Portales and this is in the hands of the commission, and the local citizens move to the state capital to work for the adoption of the budget as planned.

Roosevelt Dairy and Livestock Show to Be Held September 17, 18 and 19

A special meeting of the Fair committee of the Chamber of Commerce and the officers of the Roosevelt County Dairy and Livestock Show and other interested citizens was held August 9, 1931. Present, R. R. Will, W. W. King, Ezra Watts, A. D. Ribble, R. A. Young, J. N. McCall and Arthur Jones.

The meeting was called to order by Mr. King, chairman. R. A. Young acted as secretary.

The purpose of the meeting was to discuss plans for putting on the Fair, September 17, 18 and 19.

Due to the fact that the President's commission on Unemployment recommends that there be as little migration as possible during the depression, and due to the general financial condition of the country, and the tendency of the unemployed to move to what is seemingly more prosperous country, we believe that this is a poor year to put on exhibits at outside fairs. For that reason we hereby ask the Chamber of Commerce to appropriate two-fifths of what they usually spend for these exhibits to the Roosevelt County Dairy and Livestock Show, or \$200.00.

We further recommend that all paid free entertainment in form of parachute jumps, etc., be eliminated this year.

We also recommend that a special effort be made to sell both space to out-of-town wholesalers and jobbers and to others who desire to purchase space.

Also in order to facilitate the consummation of these plans in the short time left, that the Chamber of Commerce furnish a full time man to work with the secretary for the purpose of raising funds in form indicated and to work in co-operation with the Fair committee and officials.

Farmers and livestock men are urged to begin making preparations for their exhibits at the Roosevelt County Dairy and Livestock Show.

The time is short, and the dairy cattle, hogs, sheep and beef cattle will need special attention to have them ready to exhibit.

There will also be an agricultural exhibit this year, and with the splendid crops over the county, the farmers can put up a worthwhile exhibit.

Many out-of-town visitors will attend this show, and the better the showing of the products of the county, the better markets will be secured for the products of Roosevelt county.

At the last meeting of the Home Makers' Club Mrs. C. R. Nelson was elected club delegate to attend the Farmers' Week at the A. & M. College in Las Cruces the last of this month.

Mrs. Abe Ribble is expected home the last of the week from Amarillo, Texas, after spending several days visiting her mother, Mrs. R. B. Brooks.

Sheriff Takes Locke to Pen

Sheriff Jernigan left Wednesday morning for Santa Fe, with E. C. Locke, to deliver him to the warden of the state penitentiary to serve the term assessed in this term of the District Court.

He also carried Little Sid Pearson to Las Vegas, to commit him to the state insane asylum.

Dr. N. L. Linebaugh to Be at Rogers

Dr. N. L. Linebaugh, Presiding Elder of the Roswell district of the New Mexico conference of the Methodist Episcopal Church, South, will be with Rev. Theo Cox on the Rogers-Ines charge four days beginning Saturday, August 15.

On that day he will be at the Rogers school auditorium where at ten o'clock Saturday morning a business session will be called at which some very important matters will be given consideration. These will pertain to this year's work as well as next year. This meeting will be followed by a sermon by Dr. Linebaugh. The people of Rogers community are urged to attend these services.

On Sunday morning at eleven o'clock Dr. Linebaugh will preach at Ines and the Sacrament of the Lord's Supper will be administered. Immediately following this service dinner will be spread on the ground and everyone will enjoy an hour of fellowship.

The quarterly conference, which is the fourth and last of the year, will be held immediately after lunch. This is a very important conference since it embraces the final reports for the closing year and elects officers for the coming year. The people of the entire charge are not only invited but are urged to be present.

On Monday night, August 17, at 8:00 o'clock, Dr. Linebaugh will preach at Midway and a very cordial invitation is extended every one that they may be permitted to enjoy the services.

Tuesday night at the hour of 8:00 o'clock Dr. Linebaugh will preach at Ora, and again an invitation is extended to the general conference. In other days the same custom among Methodists to spend the days preceding quarterly conference in prayer and fasting, and the effects of these practices were far reaching, and the pastor, Rev. Theo L. Cox, is urging his members to observe this custom on Saturday of this week.

Mrs. Wagner, sister of G. W. Carr, arrived from her home near Dallas, Texas, Thursday and will make an indefinite visit to the Carr home here in Portales.

Clean Up for the Dairy Show

Portales needs a general clean-up before the Dairy Show, and now is the time to cut the weeds on the vacant lots and give the town a holiday appearance.

Many of the vacant lots are rank with weeds, and this makes a bad impression on visitors who pass through daily.

TOMATOES ARE BEGINNING TO RIPEN

Portales Valley tomatoes are now beginning to ripen and the local market is now supplied with home-grown tomatoes.

The main crop will be ready for canning around September 1st. The early crop brings good prices shipped fresh.

The tomato crop this season is cut short and the production will be considerably below that of last season.

Mrs. J. C. Rowland and son H. C. left Wednesday for their home at Oklahoma City, after a visit to the Greaves family.

Mr. and Mrs. Ray Bonner spent their week's honeymoon trip on a sight seeing expedition to Santa Fe, Taos and points of interest in that section of the state.

Mrs. A. E. Hunt, assistant County Superintendent of Schools, is enjoying a week's vacation from her duties in the court house. Mrs. Hunt is spending the time at her home in the suburbs of Portales.

T. E. Knight left Tuesday for Willard, New Mexico, where he will be in charge of the Santa Fe pumping plant. Mr. Knight has pumped for the Santa Fe here in Portales for a number of years, but that work will now be done by the local operating department of the company.

T. W. Johnston left Tuesday for Paducah, Texas, to visit this week with his mother, Mrs. N. E. Lynch.

Planting Wheat for Pasture

Farmers of Roosevelt county continue planting wheat for winter pasture.

The wheat pasture supplies the ideal feed for the dairy herd and enables the dairymen to produce cream at a low cost, which will increase their profits during the present low prices.

Wheat is now cheap, and the cost of wheat pasturage is lower than it has been in many years.

Wheat at 25 Cents a Bushel, Cows \$6 Each 100 Yrs. Ago

Interesting Figures Shown on Former Prices of Foods

From 1810 to 1820 wheat sold at an average price of 25 cents a bushel, corn 10 to 15 cents a bushel, oats 10 cents, potatoes 10 cents, but rarely was a sale made for cash even at these rates. They were bartered for other needs.

Cows sold from \$5 to \$6, a horse for \$35; pork was worth \$1.25 per 100 pounds—the figures being given from an early agricultural report, according to C. M. Baker of the Ohio State University in the Ohio Farmer. During the war of 1812 prices were augmented considerably, but there was but little communication or transportation from one portion of the state to another, so that the increase in prices benefited only a small proportion of the producers.

At that date the indispensable article, salt, sold for \$18 a barrel at ports on Lake Erie, while flour was worth only \$3 a barrel. Farmers throughout Stark, Wayne, Portage and other wheat-producing counties in that vicinity would leave their "log cabins" on Monday morning with six or seven barrels of flour for Cleveland and return on Saturday night, having exchanged the flour for a single barrel of salt.

Industry mentioned as "most important" was distilling. In 1829 cash was paid for wheat at only six different points; there was no demand for corn or rye as a cereal. But if they could be converted into whiskey it could be shipped to some point and sold for cash.

Even in 1829 the distilling market quotations were: Corn, 15 cents; iron, \$1.25 per ton; pork, \$6 a barrel; butter 5 and 6 cents lb.; eggs, 25 cents a bushel, and whiskey, 17 cents a gallon.

Edgar Johnson and wife of Bozina, Texas, and Mrs. Clara Jones of Clinton, Mo., were the guests of Mr. and Mrs. Edward Miller on last Thursday.

ROOSEVELT COUNTY IN GOOD CONDITION

Max Stool, who has been visiting his brother, N. Stool, stated to a News reporter that in his travels from Maine to California, that Portales was the best town that he had passed through, and that it showed more signs of progress than any other town. He commented upon the condition of the farmers in the Portales Valley, and said that they did not know what hard times were.

While it is unfortunate that our farmers are compelled to market their crops at the present low prices, yet they are enabled to buy all classes of merchandise at a great saving over prices of 18 months ago. Every community has slumped in price, and the dollar today is equal to a dollar and a half of 18 months ago.

The farmers of Roosevelt county all have good crops, the majority are practicing living at home, they have a herd of dairy cows, a flock of poultry, and a pen of hogs.

They will have plenty to eat and will not starve, and many are planning to feed a portion of this season's crops to hogs, cattle or sheep.

They will pull out in fair shape and by careful buying and judicious marketing of their products, will pull out in good shape.

Yes, they are in much better shape than their neighbors in nearby states.

NEED PARKING REGULATIONS

It has been brought to the attention of the News by citizens of the town that some parking regulations should be made and enforced on Liberty and State streets from Ohio to Nevada streets. These two streets being through streets and national highways, bear a heavy traffic, and at times it is very dangerous to all who use them. Cars are parked so thick for several blocks that it is almost impossible to get through, and one crossing the street on foot takes his life in hand.

Some satisfactory regulation before some one is injured or killed will work for the good of all concerned.

JUST TAKING CHANCES

He was a little man, feeble with age, halt with disease. Four miles away from the nearest postoffice he resided, and his means of transportation were limited. In fact he had none, save when he picked up a ride with some passerby.

The weather was getting warm. The Rural Letter Carrier stopped at his mail box, deposited a letter and went his way.

Down to the box trudged the little man and there he found a very official looking letter with a very high sounding name printed in the corner of the envelope. He trudged back to the house. Opened the letter he found a six page missive, the like of which has never yet filled the pages of the most fascinating literature.

It told of millions to be made from just a pittance of an investment. Oil had been struck on the adjoining holdings. A gusher had come in there and was at that very moment roaring in flames as millions of dollars in oil and gas were being consumed. Then the exciting fight to cap the burning torch, and what was taking place on the land adjoining?

Machinery was being rushed in. Drills were hammering away, and in a day or two another big well would be added to the list of money makers to those who took advantage of this opportunity to invest at only \$5.00 a share.

The party to whom the letter was addressed was one of only a few who had been selected to reap the rich harvest. He could get in on the ground floor. The time limit for selling stock had been set at midnight only a few days from the date of the letter. If he wanted to be rich, opportunity was knocking at his door.

The little man folded the letter, slipped it back into its envelope. He gathered up his coat and began a four mile walk to town. He had a few dollars. He had been working hard all his life.

Here was his opportunity to rest easy in the declining years of his life. The time was short. He could not risk the mails. He must take advantage of this chance now. He made his way after reaching town to the telegraph office. There he hastily wrote a message to the oil company.

He handed the operator a bill and in a few minutes, the oil well promoter sitting in a fine office got a message with a check for cash. He snatched it as he lifted another victim, and the little old man trudged back home with dreams of a neat bank account soon, and the satisfaction that he too, shortly, would be listed with the countryside's well to do!

Maybe he will, but the odds are a long way against him, and there will be others who will do just as he did, and then possibly after a time, they will get a notice that the well project failed and the money is all gone—Star, Elton, Maryland.

Special Rules For Hunting In New Mexico

Closed Season on Deer in McKinley County: Two Deer, One a Buck, May be Shot in Black Canyon

SANTA FE, N. M., Aug. 8.—The New Mexico Game and Fish commission Sunday virtually completed its work of setting the regular and special seasons on game and fish. Most of the regular season regulations were announced Saturday.

The special regulations are: Eddy county, season for all game fish except crappie in Lakes Avalon and McMillan Dam, April 1 to April 30, inclusive, and June 1 to November 30, inclusive. In the Pecos river from Avalon dam to the New Mexico-Texas line, and in the Rio Grande and Delaware river from January 1 to March 31, inclusive, and May 1 to August 12, inclusive.

Inclusive. In all other waters of Eddy county, June 1 to November 30. Catching of crappie prohibited.

Chaves county: Bass, May 23 to November 30, inclusive. Catching of crappie prohibited.

Carlsbad project, Eddy county. No open season on doves.

Otero county: No open season on quail for two years.

Rio Grande river between Percha dam in Sierra county, and the Texas-New Mexico border and all waters in Dona Ana county, no closed season at any time on game fish.

Rio Grande river between D. and R. G. railroad bridge at Vearde in Rio Arriba county, and the Santa Fe depot building at San Marcial, no closed season at any time on game fish.

No Open Season McKinley county: No open season on deer, quail or turkey for five years.

Special deer regulations were set as follows: Two deer may be taken, only one

of which may be a buck, in the Black Canyon area bounded on the north by the divide between the Tom Moore canyon and Diamond creek, on the west by the east fork of the Gila river from the mouth of Tom Moore canyon to Alum mountain; on the south by the divide running from Alum mountain around the head of Apache and Squaw creeks to a point two miles east of the Meason place, thence northward across Black canyon at the mouth of Bonner canyon, and on the north to Meow mountain. These deer must be taken under special supervision of the state game warden.

There is no open season on elk, mountain sheep, mountain goat, beaver, antelope, prairie dog, rabbit, bob-white quail, grouse, Hungarian partridge, sage hen, wild geese, crane, plover, yellow legs or insectivorous birds.

The dove season, fixed by the board Saturday, is September 1 to December 15. It was mistakenly announced as September 7 to September 21.

KENNA NEWS

Mrs. Emma Beavers, who for many years was a resident in our town, but who has for the past year been living in Texas, was a visitor here Sunday.

Mr. and Mrs. John Rogers of Elida visited at Kenna church services Sunday.

Bro. Rankin and his son John are holding a meeting here this week. All are invited to attend. Bro. Rankin is an excellent preacher, very learned in the scriptures, and others may profit by his learning.

Mrs. Jess Morgan and little girl Billy visited Mrs. Sherman this week. Misses Rosalie Rankin and Cuba Preston were guests in the Good home Sunday.

Rev. and Mrs. Rankin were guests of the Crume family Sunday.

Mrs. Lizzie Beard and daughters Annie Lee and Loreen, who were en route from their ranch at Hope to Batelline, Texas, visited Mr. and Mrs. Price Crume Sunday.

Little Miss Iola C. Combs had a birthday party last Wednesday at her home. She entertained twenty-two little girls and several of the

CONTRACTS LET FOR COAL DELIVERY

Contract to deliver coal for the following school districts for the school year 1931-32, at the following prices, was awarded Mr. Oscar McCormick, at a meeting of the County Board Monday, August 10, 1931.

Rogers, 9¢ per hundred; Midway 17½¢ per cwt.; Doria 8½¢ per cwt.; Highway, 12½¢ per cwt.; Richland, 14¢ per cwt.; Milnesand, 20¢ per cwt.; Floyd, 8½¢ per cwt.; Fairfield, 8½¢ per cwt.; Arch, 9¢ per cwt.; Roller, 12½¢ per cwt.; Redlake, 9¢ per cwt.

Contract to deliver coal to Casey was awarded Mr. Chas. Alford at 15¢ per cwt.

MARKETING OF DAIRY PRODUCTS IMPROVING

According to the Bureau of Agricultural Economics, the dairy marketing situation has improved materially from the production side and prices should stiffen as soon as business conditions permit the consuming public to increase its expenditure for food.

Poor pastures, hot weather and the process of adjustment to present low prices combined to cause a sharp reduction in the quantity of milk secured per cow on July 1, according to the Bureau of Agricultural Economics. These conditions have also materially changed prospects for the remainder of the pasture season. Apparently, production has decreased about four per cent by poor pastures, more than one per cent by less intensive feeding and a few per cent by the very hot weather the latter part of June. Practically all parts of the country show a slight reduction in the proportion of the milk cows milked, but the decrease seems greatest where cows milked

are largely of beef or dual purpose type.

Dairy pastures in general were slightly poorer in July than on any previous July for 20 years. Indications are that grain feeding has slackened during the past few months. However, with an increased grain yield over the last year and a continued decline in price of feedstuffs, a more liberal feeding of grain to milk cows seems probable.

While figures are not complete, indications are that in most of the South the number of better calves saved this spring exceeds the number a year ago. Outside of the South, the number seems to have been reduced. All states so far reported show a substantial increase compared with last year in the number of milk cows reported to be sold for slaughter within six months.

Storage holdings of butter on July 1 were 16 per cent less than a year ago and about the same as the five-year average. Cheese production was less than a year ago and storage holdings slightly under the five-year average. Reports on oleomargarine manufacture for May, 1931, show a reduction of 40 per cent over the same period a year ago.

CROPS PROGRAM SHOWS RESULTS

The New Mexico crop standardization program, which was developed by the Extension Service in cooperation with the Experiment Station and the New Mexico Crop Improvement Association, is beginning to show results in New Mexico. Through this program the Experiment Stations, both federal and state, are developing seed stocks to be used by members of the New Mexico Crop Improvement Association for increases and distribution in order to furnish farmers of the state with the best possible seed of all of the standard and principal crops grown in New Mexico. Cooperation in this work was secured from both federal stations, the Tucuman field station and the acclimatization at State College. It has resulted in not only high class cottonseed being produced and released to New Mexico farmers, but also broomcorn seed of the best adapted varieties, and high class grain sorghums and wheat.

Many inquiries are coming to both the seed association and to the college requesting information on seed certification. With the present interest in this work it will probably be necessary to increase the scope of the work and include other cereals, as well as Irish Potatoes, in the program.

Through the service afforded by the New Mexico Crop Improvement Association farmers are kept informed on probable supplies of seed and the possible trend of the market. This information has been especially valuable to farmers growing alfalfa and similar seeds in that when there was an over-supply of alfalfa seed in other areas they have been able to cut their crop in New Mexico for hay. During the present year it appears that the supply of alfalfa seed will be unusually small, thus affording the farmers an opportunity to release their seed on a more active market than the previous year. The reverse of this condition would be true with any crop which showed a surplus.

FARMERS' WEEK PROGRAM FEATURES BANKERS' DAY

Friday, August 28, will be Bankers' Day in the Farmers' Week program.

DR. GAINES
SPECIALIST
In Internal Medicine
Will Be At

Glovis, Monday Night, Aug. 17th, 7 p. m. to 9 p. m., and Tuesday, Aug. 18th, 9 a. m. to 5 p. m., Antlers Hotel.

Portales Tuesday Night, Aug. 18th, 6 p. m. to 9 p. m. and Wednesday, Aug. 19th, 8 a. m. to 2 p. m., Wilson Hotel.

GOOD FORD SERVICE AT LOW COST

You'll find it makes a difference when you bring your Ford to us for service. We will spot any trouble in a jiffy and send you away smiling.

Our main job, however, is to help you avoid trouble. By keeping your car running smoothly, we'll save you many dollars in repairs.

Drive in the next time you need lubrication or oil change, and a perfect tuning up at low cost.

WASHING AND GREASING

gram and a meeting of the Agricultural Committee of the State Bankers' Association will be held in the morning. Mr. Dan H. Olin, Director of the Agricultural Commission of the American Bankers' Association, will be present at this meeting.

The meeting of the directors of the New Mexico Crop Improvement Association will be held Monday, August 24, at 9 a. m. A tour of the experimental work being done with cotton will follow in the afternoon.

Tuesday will be featured as crops day. Wednesday will be given over to fruits, vegetables and landscaping, and Thursday to livestock and poultry. Dairying will be covered on Friday. Opportunity will be given those interested in poultry, horticulture, dairying, etc., to interview specialists on the various subjects.

The forenoons of the week will be devoted to programs and the afternoons to tours of the Experiment Station grounds and laboratories. The evenings will be given over to entertainment and recreation.

Lodging on the campus will be furnished free and a fee of \$5.00 will cover meals and access to the swimming pool. Visitors should bring their own bedding and personal effects.

Appropriate subjects for the home economics part of the program will be given each day, with foods, nutrition and household management as the principal subjects.

Further particulars may be obtained by addressing the Extension

Service---

The New Mexico Utilities Company is serving Portales with a service that is unequalled.

Twenty-four hours a day, 365 days a year, this service continues without a break supplying lights for homes and businesses, giving power to the many motors, making heat for cooking purposes, and yet the cost of this service is surprisingly low.

On the Farms and in the Pastures of Roosevelt County

By GORDON KING GREAVES, Field Representative

FLOYD, July 31.—The farmers in the South Floyd community had small showers last Wednesday and Thursday, which helped a great deal in the maturity of the grain crops. The grain in this section is all heading out and is in advance of many other crops. This is due to the plentiful rainfall and early season. The territory covered this week by the News representative begins seven miles down the Elida highway and across the railroad on a road going west. Going along this road to the large mesa and then back to Delphos may be found all the farms mentioned in this writup.

N. L. Burrow, who moved to Portales two years ago from Terry county, Texas, says that he has one of the best crops that he has raised. He is farming 140 acres, with 3 acres in cotton, which is beginning to bloom and is covered with squares. His other acreage is in feed stuff. Mr. Burrow has about ten acres in sudan grass that he has turned his cows and horses onto. The sudan is about 18 inches high and makes excellent feed for livestock.

H. H. Wright, who is 80 years old, also has a farm close to Mr. Burrow and is farming the 70 acre crop by himself. Mr. Burrow has helped him some. Mr. Wright has broken out some new sod and has planted cotton, which did not make an excellent stand, but is good for sod land.

J. C. Crume, an old timer of Portales, has a 230 acre farm seven miles west of Portales. His son, Wallace Crume, is doing the farming on the place. All of his crop consists of feed stuff. He plans to feed a bunch of Hereford cattle this fall off of his crop. He has 170 acres of kafir corn and the rest in corn and higarla.

Earl Stewart is farming 60 acres of kafir and cane. He is planning to fatten 17 head of hogs. He has 125 young Rhode Island Red chickens and milks six Jersey cows. Mr. Stewart has been in the county 25 years. He has been reared in Roosevelt county.

A. L. Hahn has the best crop this year of any year he has been in the county. He has been here 15 years and came from Briscoe county, Texas. He has 70 acres under cultivation and is raising feed crops. He is also planning to feed out some hogs and cattle. He has a nice young orchard started, and has three 2-year plum trees that produced about seven gallons of fruit this year. He also has numerous cherry and peach trees. Mr. Hahn has 12 good Jersey cows and one Jersey bull, and 100 R. I. Red chickens which make him a good living in milk and eggs.

S. P. Easley has 130 acres under cultivation this year. His crop includes eight acres of cotton, 20 acres of broomcorn and the rest of the acreage in feed stuff. He has 11 fattening hogs, 125 chickens, and between his boys, Gale and Glyndon 37 head of Jersey cattle. Mr. Easley has been in the state 12 years. He has been on his present place eight years. He came from Central Texas.

H. W. Freeman has 200 acres under cultivation. He is raising only feed crops. He has 10 fattening hogs and milks seven cows. Mr. Freeman has been in Roosevelt county 25 years. He came from Cook county, Texas.

S. M. Heflin is raising his first crop in New Mexico. He is farming 55 acres of feed crops. He milks two cows and is fattening two hogs. His wife has three dozen chickens for their own use. Mr. Heflin has been here one year. He came from Hatly county, Texas.

W. O. Summers has been connected with a farm near Portales for seven years, but only moved on it in March of this year. He and his wife and stepmother, Mrs. Youngblood, now live in a very attractive home which was remodeled from the old house which formerly occupied the lot. Mr. Summers plans to build a barn and milkshed in the near future. He has 250 acres under cultivation, 50 acres of which are in broomcorn. The rest is in corn, cane, higarla, maize and kafir. John Hill, who also lives on the farm with his family, helps farm the place. Mr. Summers has 50 head of Jersey cattle, 100 black Minorca chickens and 75 turkeys. Mr. Summers has owned a farm

ever since he was 18 years old, but had never farmed until this year. He formerly was a traveling hat salesman.

Frank Wright is farming 100 acres of broomcorn and feed crops. He has four hogs, 15 cows and 125 chickens. Mr. Wright first came to Roosevelt county in 1917, but left and came back in 1923. He came from Oklahoma.

W. H. Pearson is farming 110 acres on J. B. Abernathy's place. He has 30 acres of broomcorn and the rest in feedstuffs. He has 15 milk cows and 60 head of Jersey cattle altogether. He had a show-er Thursday that helped his crops along a great deal. R. E. Abernathy lives on the place with Mr. Pearson.

W. C. Thornton has 175 acres under cultivation. He has 60 acres of broomcorn and the rest in cane and feedstuffs. He has 11 cows, three hogs, and 175 chickens. F. O. Echols works on the farm. Mr. Thornton has been in the county 28 years. He came from Tulsa, Texas.

J. E. Widner is farming 350 acres. He has 200 acres of broomcorn and the other 150 acres in corn and feed stuff. He has 35 head of cattle, three hogs and 90 White Leghorn chickens. He plans to get more hogs to feed when the crop is ready to gather. He estimates that his broomcorn will make a ton to every six acres. Mr. Widner has been in the county six years. He came from Oklahoma.

A. L. Miller has 170 acres in feed stuff and broomcorn. He has 20 head of Jersey cattle and 100 chickens. He says that he has the best prospects for a crop of any year that he has been in the county. He has been in the county five years. He came from Snyder, Texas.

J. F. Cranford is farming 365 acres this year. He has 120 acres of broomcorn, 20 acres of cotton and the rest in feed crops. Penn Pearce and Grady Cranford rent land from Mr. Cranford. He has 100 White Leghorn chickens and 30 head of Jersey cattle. Mr. Cranford has been in the county 25 years. He came from Hunt county, Texas.

Johnny Fendley and family have moved into Eleven Dukes' place of Mcambel, Texas. Mr. Fendley has been employed cooking at the road camp, and moved into his new home last Thursday.

E. L. Wilkins is farming 115 acres. He has 45 acres of broomcorn and the rest in feed. He also says that he now has better prospects for a big crop than he has had since he has been in the county. He had a quarter-inch rain Thursday and has plenty of moisture to mature his crop. Last year he made enough feed to get through the winter on. He has 24 head of cattle and 185 chickens. He is now remodeling his home. He has stuccoed the outside and is now painting and papering the inside of three rooms. Mr. Wilkins has been in the county 13 years. He came from Hunt county, Texas.

M. H. Mitchen has a 375-acre tractor farm. He is raising gro-homa, maize and feed. He milks 10 cows. Mr. Mitchen has been in the county one year. He came from Oklahoma.

J. C. Jones is farming 100 acres

COSTIVENESS

CONTINUED indoor work—skilled work with the hands that does not include plenty of physical exercise for the body, often results in the bad feeling and unpleasant signs of faulty bowel movement. W. S. Conant, a saddler and harness maker living in Somerset, Ky., says: "I had to take something for costiveness, as I would just get so tired, or have a dull feeling. After I heard of Black-Draught and began taking it, I avoided this trouble. I take it in small doses and it is most satisfactory."

BLACK-DRAUGHT

Quality Foods at LOW PRICES

Our policy is made up of Quality Products at the lowest Possible Price

We are ever ready to serve you

Piggly-Wiggly

this year. He has probably the largest acreage of Mexican beans in the county. He has planted 50 acres of beans and they are simply loaded with pods. He plans to thresh and sell them. He also has higarla, corn and sorghum crops. He milks 13 cows and has 23 head of cattle altogether. He has 25 White Leghorn hens and 75 pullets. Mr. Jones has been in New Mexico since 1903. He has been on his present place since 1917. He is from Scurry county, Texas.

D. L. Perry has 140 acres under cultivation. He has 60 acres of broomcorn and the rest of his acreage is in feedstuff. He keeps a few turkeys and chickens for his own use. His father, R. T. Perry, lives in Portales but has 13 head of cattle on the place. Mr. Perry has been in Roosevelt county 26 years. He formerly lived in Artesia for six years.

W. H. Perry is now building a new home after his other home burned down the 16th of July. He is farming 160 acres this year. He has 50 acres of broomcorn, 40 acres of sudan, 15 acres of corn and 1/2 acre in kafir and cane. He has two milk cows, 10 White Leghorn chickens and two hogs.

R. E. McAllister is farming 175 acres. He has 60 acres of broomcorn and the rest in corn, kafir and higarla. His boys help do the farming. He has 150 Rhode Island Red chickens, 90 turkeys and 50 head of Jersey cattle. He milks 21 cows.

Mr. McAllister has been in the county 26 years. He came from Wis county, Texas. His son, Brodie McAllister, is employed as a teacher in the Portales schools for next year.

FAIRFIELD, August 4.—The big rains in the eastern section of New Mexico have improved all the crops, especially since they were commencing to mature. About three inches of rain fell in the Fairfield community. In some places hail fell, stripping the leaves from the stalks. This was very scattered, however, and on the most part the crops were greatly benefited by the timely moisture. The Fairfield community has rich sandy land, making fine soil for feed crops, however, very little cotton or broomcorn is to be found here.

Rush Looney, who rents the place of Judge Aldridge of Fairfield, has 60 acres under cultivation. He has corn, kafir and other feed crops. He also farms 180 acres at Bovina, Texas, with the help of Horace Dorsey. He has 20 head of cattle, 100 hens, seven turkeys and six hogs.

Mr. Looney has been in Roosevelt county two years. He came from Bovina, Texas.

G. B. Thatcher has 150 acres under cultivation. He is raising corn, higarla and cane. The worms and hail have damaged the corn but have not ruined it. Mr. Thatcher has 125 chickens, eight hogs and 75 head of cattle. Mrs. Thatcher is now busy canning and hill plums. She has already canned 17 gallons of plums and nine gallons of cherries.

Mr. and Mrs. Thatcher have been

in the county 24 years. They filed at Derango and moved to their present place 16 years ago.

T. A. Boone is farming 70 acres. He is raising corn, cane, maize, higarla and kafir. He has four pigs and 15 head of cattle. Mrs. Boone has seventy hens, 150 fryers and 50 turkeys. Together with the garden, the cream and eggs, more than enough is realized to buy the groceries.

Mr. and Mrs. Boone have been in the county 24 years. They came from Knox county, Texas.

C. R. Pulliam has 110 acres of corn and other feed stuff. He rents R. V. Miller's place. Mr. Miller lives at Olton, Texas. Mr. Pulliam has 50 hens, one meat hog and four milk cows. He has been in the county 24 years. He is from Wilbarger county, Texas.

R. E. Haynes is farming 100 acres. He is raising corn, cane and maize. He has 30 chickens, 35 turkeys, six meat hogs and three cows.

Mr. and Mrs. Haynes have been in the county 22 years. They came from Arkansas.

Mrs. Haynes has just returned from a visit to her relatives in Nashville, Arkansas. There she saw the Hilland peach orchard, the largest orchard in the world. It is nine by three miles in area.

A. R. Kleeman is enjoying a swimming pool in front of his house since the rains. He lives in a draw and all the rain formed a lake at the front door from two to four feet deep.

Mr. Kleeman has 60 acres under cultivation. He is raising feed crops.

They built a new home last spring on Mr. Kleeman's father's place.

Mr. and Mrs. Kleeman returned Sunday from a visit to Mrs. Kleeman's parents in Kansas City, Mo.

M. Beam is farming 160 acres of corn, kafir and other feed crops. He has 30 chickens and milks one cow. He has a large number of shade and fruit trees around the place that keep the yard and house cool on the hottest day.

Mr. Beam has been in the county 23 years. He came from Ohio.

Roy King has 220 acres under cultivation. He is raising only feed crops this year. He has 50 chickens, 15 turkeys and 17 fattening hogs. He milks 11 cows.

Mr. King has been in the county one year. He came from Clayton, New Mexico.

R. V. Moorehead owns a ranch near Fairfield. He has 85 head of cattle on the place now. Paul

Hoover farms 180 acres on Mr. Moorehead's land. He is raising feed stuff.

D. J. Brown has 150 acres under cultivation. He is raising sudan, other feedstuffs and broomcorn. He has a fraction of an acre of sweet potatoes this year, also some peanuts and Irish potatoes. He does not irrigate these plants but last year he gathered potatoes at the rate of 150 bushel to the acre.

Mr. Brown and family have been in the county two years. They came from Oklahoma.

Mr. Brown and family returned Tuesday from a visit to relatives in Oklahoma.

W. E. Curtis is farming 250 acres. He is raising feed crops. W. H. Curtis is helping improve the place this week. He has a farm in Texas. W. E. Curtis is now in the wheat fields north of Clovis planting a wheat crop.

D. J. Harding has 270 acres of corn, kafir and sudan. His crop is much improved since the three-inch rain last week. He has 300 chickens and wix turkeys. His sons, B. L. Harding and J. T. Harding help farm the place.

B. L. Harding has 160 acres on his own, part of which is in Texas. They have 40 head of cattle on the place.

Mr. Harding and family have been in the county 24 years. They came from Texas.

M. C. Embram is farming 200 acres. He is raising kafir, maize, sudan and other feed crops. He has 30 hens, 14 hogs, and milks 14 cows. He built a nice home nine years ago and is now refinishing the inside.

Mr. Embram has been in the county 22 years. He was one of the first settlers in the community.

PRESBYTERIAN SERVICES

Rev. W. K. Johnston will be in Portales next Sunday, August 16, and conduct regular services at the Presbyterian church, both morning and evening.

The Sunday school hour is announced for 10:00 a. m., with the morning service following at 11:00. At 7:00 p. m. the congregation is invited to gather for the evening worship.

Mrs. W. E. Daniel is expecting Mrs. Ira C. Langley and her daughter Miss Edith to arrive from Arkansas the last of August for a few days visit. Miss Edith is an instructor in the Home Economics department at Conway College in Conway, Arkansas, and is making this short visit between the clos-

The Beautiful Ford Tudor Sedan

\$490

(F. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra at low cost.)

WHEN you buy a Ford car today, you buy what is unquestionably the greatest value in the history of the Ford Motor Company. Never before has so much beauty, comfort, safety and performance been offered at such a low price.

The low price of the Ford is something to think about because it means an immediate saving of many dollars — always an important consideration. But far more significant than price alone is what you get for that price. When high quality is combined with low price, you may justly take pride in having found a most satisfactory purchase.

See the Ford — ride in it — learn something about the value that is built into every part. The more you know about it, the more certain you will be that it is the car for you. It is literally true that when you "get the facts you will get a Ford."

SOCIETY NOTES

HONORS WITH DINNER

Dr. and Mrs. S. N. Hancock were host and hostess at a pretty dinner parlay in their home last Saturday evening as a compliment to Mr. and Mrs. Robert Dohoney who are visiting here from Italy, Texas.

Four quartet tables were arranged out in the grassy and well lighted yard at the Hancock residence, and at seven o'clock the lovely dinner was announced.

The meal was served in three courses, and after dinner the evening hours were spent visiting. The party consisted of Mr. and Mrs. Dohoney, Miss Bess Dohoney, Miss Elsie Murrell, Mr. and Mrs. James D. Turner, Vincent Cox, G. W. Robertson, Dr. and Mrs. Hancock and their sons Nathaniel and J. O.

REDLAKE HOME MAKERS' CLUB
The members of the Redlake Home Makers' club remember the old warning that all work and no play makes Jack a dull boy, and they feel the same rule applies to Jill, so they arranged for an all day picnic of the families of the club members last Thursday, August 6, at the home of Mr. and Mrs. Hubert Watkins.

The picnic dinner was spread out in the yard under the shade of the large trees and the friends lingered over the meal until long past one o'clock. After this the crowd joined in some outdoor activities and thus had a happy day together.

The persons present, not members of the Redlake organization, were Mr. and Mrs. W. H. Nicklas and boys, Grandfather Nicholson, Harold Eldridge, Mrs. S. E. Johnson, Miss Verda Oakley and Miss Carolyn Wetzel.

Miss Wetzel was at one time county demonstration agent, and enjoyed having the day with her friends again.

The next club meeting will be held on the third Thursday in August and will be at the home of Mrs. Johnnie Edwards.

The program will be a discussion concerning the canning of beans and a demonstration will be given in canning corn.

BUSINESS AND PROFESSIONAL CLUB MEETING
The members of the Portales Business and Professional Women's club met Monday evening in the home of Mr. and Mrs. H. H. Buchanan for a social hour program and a business session.

The ladies had prepared a buffet supper which was served at seven o'clock. This was a very informal and delightful social hour and all thoroughly enjoyed the well prepared meal which had been planned by Mrs. Paul Jones.

Mrs. Esther Clevenger was chairman of the program committee and introduced Mrs. A. M. Gragg, who gave two beautiful musical selections, one instrumental and one vocal. This was Mrs. Gragg's first appearance before the club and the members were pleased to have her a member of the party.

During the business meeting several matters of importance were discussed and given consideration. At the suggestion of Mrs. Ed J. Neer, the club voted to give a monthly donation toward the maintenance of the Portales School Band.

A committee was appointed to

meet with the City Council to discuss conditions relative to the transient camp sites of the city and also the disposal of garbage which accumulates in the many back alleys.

Preparations were discussed and plans made for entertaining the women teachers of the Portales school system on Monday evening, September 14, at the home of Mrs. Christie.

When all matters of importance had been given consideration the club adjourned to meet again the second Monday in next month.

SHOWERS BRIDE AND GROOM
One of the most beautiful collections of gifts ever to have been received by a bride and groom was presented Mrs. Ray Bonner Tuesday afternoon, and Mr. and Mrs. Bonner Tuesday evening.

Mrs. Lillian Taylor, Mrs. E. A. Herndon and Mrs. Coe Howard were the hostesses at both functions, and one hundred and one friends presented gifts to the newlyweds. Each of these presents carried to these young people the best wishes of the donor for a long life of happiness and love.

The bride was formerly Miss L. A. Ribble, one of Portales' most popular teachers. Tuesday afternoon she was assisted by Mrs. Howard in receiving the friends calling at the Howard home for the shower. Mrs. Cline Caperton and Miss Creta Henderson were in charge of the punch bowl and Mrs. Herndon assisted in greeting the friends.

Betty Jean Caperton and Betty Lynn Trout, dressed in pink crepe costumes, carried into the room large hampers of beautiful gifts, attractively wrapped. These included articles useful and decorative for each room of the home.

In the evening the younger set were invited to the home of Mr. and Mrs. Howard where Mr. and Mrs. Bonner were both the recipients of many gifts. Linens, silver, china, crystal, aluminum, pewter and brass were all found in the great array of exquisite gifts.

Light refreshments were served after all the presents had been unwrapped and admired.

B. Y. P. U. PARTY
Mrs. O. S. Strickland and Mrs. Rolfe Barnard were the patronesses Tuesday evening at a B. Y. P. U. party held in the home of Mr. and Mrs. J. J. Cutler. There were about forty young people gathered for this occasion and participated in the games which were arranged for the entertainment. This was one of the most pleasant parties the organization has held for several months, and all the young men and women entered into the program of the evening and carried forward many interesting contests and games.

Mrs. Cutler assisted the other two ladies in arranging the refreshments which were served at the close of the evening.

Miss Lois Webb is president of the Young People's Union of the Baptist church and her sisters, Misses Jewel and Ruby, were in charge of the party which was held Tuesday evening.

HOME MAKERS' CLUB
Some of the members of the Portales Home Makers' club gathered at the home of Mrs. J. W.

McMinn last Wednesday and the afternoon hours were devoted to the discussion of plans for the club booth at the Stock Show to be held next month.

The show will be held in the Roosevelt County Broomcorn Company warehouse and ample space will be available for all display work.

Committees will begin the work of making arrangement for exhibit material and the final plans will be made at some future meeting. The club will meet next Wednesday and if the present arrangements are not set aside the ladies will go to the pleasant country home of Mr. and Mrs. H. O. Minch for this meeting.

All persons wishing to attend this meeting will please gather at the Christian church and there cars will be provided to take the ladies to the Minch home, which is three miles northwest of Portales.

Committee Saves Portales Budget

Mayor J. N. McCall, A. D. Ribble, C. V. Harris and Floyd D. Golden went to Santa Fe Tuesday to appear before the state budget auditor in regard to the cut made in the Portales budget.

This committee presented the matter before the state tax commission and produced evidence

that the budget asked for was necessary to meet the expenses of the city for the coming year.

The result was the budget remains the same as last year, but owing to the decrease in revenue from other sources, \$3,493.00 more will have to be raised from property taxes, to enable the city to retire bonds.

NOTICE

The County Board of Education hereby calls attention of teachers in the county schools to a new ruling which sets the lowest limit of the scholastic age at six years.

Unless children are that old or older by the 15th of October, teachers are instructed not to enroll or report them as in attendance.

ROOSEVELT COUNTY BOARD OF EDUCATION.
A. E. Hunt, Clerk.

NOTICE

At a meeting of the County Board of Education, August 10, 1931, a resolution was adopted to pay no bills which had not first been approved by the clerk of that board. Teachers and local directors are not legally responsible for such bills, and they must receive the approval of the clerk of this board before they are made.

No Fine Imposed on Dance

The story of the dance last week as carried by the News was exactly as given by the sheriff's office. No complaint was filed, however, and no fine assessed. Permit was secured and paid for on the following morning. An ordinance recently passed by the City Council permits dances being held in the city limits by non-profit sharing societies and organizations.

New Style Fall Hats, Different

HATS GO FORWARD ON THE BROW! ROLLED BRIMS AND DERBY CROWNS ARE SEEN!

Hats for all are different! You know at a glance they are not last season's hats. And women must be prepared to accept this change. They're worn astonishingly down over the forehead and one eye, and usually show a great deal of the hair on one side, thus making coiffures more than ever important!

One style, a typical derby, and an origination of Talbot is positively the most rakish and becoming little affair we've seen in many moons. It turns up on both sides and the brim shades one eye. Remarkably enough the new hats are very easy to wear. After a woman overcomes her prejudices for a radical change, she finds that these little hats give delightfully piquant effects.

Styles That Are Attractive. Young women find them especially fetching, and as usual they can wear most any style with good results. Matrons, to whom a brim is always desirable, will welcome these new inspirations in their more modified interpretations.

Milliners have never shown such ingenuity in manipulating brims, and there is such variation of types that every one should find a model of unusual becomingness. Feathers are used abundantly. Sometimes they accent the up-on-one side line of the little "cocked" hats, and many times they are stuck in the hat band in a perky fashion.

Big Selection of Materials. Materials vary from velvet to felt, soft and novel knitted effects in smart combinations with felt. Velvet, of course, is devoted to more formal types lending itself admirably to soft draper effects, and felts are shown in new stiffened versions for derby models. As for colors, white will continue to be seen, but the majority of models will be in black, brown, red tones, greens of a deep shade, tan and deep blues.

CHRISTIAN CHURCH

The revival meeting is growing in interest and attendance. The house is filled at every service. Evangelist C. C. Root is preaching great gospel messages. Every department of the church is being built up and benefited. We are looking forward to a great day Sunday, with a record breaking crowd at Bible school and church. The following sermon topics will be discussed during the meeting next week:

Sunday morning: "The Holy Spirit and the Christian." Sunday evening: "A Perfect Platform." (An illustrated sermon.) Monday evening: "The Tabernacle a Type of the Church." (A chart sermon.) Tuesday evening: "Does It Matter What We Believe, if Sincere?" Wednesday evening: "The New Birth." Thursday evening: "The Divine Plan of the Ages." Friday evening: "The Greatest Word in the Gospel." Saturday evening: Rest night. Everyone welcome to all these services.

CLAUDE A. LORTS, Minister.

CARD OF THANKS

We wish to thank our friends for the kindness and consideration shown us during the sickness, death and burial of our father, C. R. Woodman.

Persons who proved friends during these sad times will certainly receive our blessings.

Mrs. Estelle Wood.

Mrs. Lorene Moore.

MRS. EVELIN DUNN

Mrs. Evelyn Dunn, aged 29, died at the Baptist hospital at Clovis, on Tuesday, and was buried in the Portales cemetery on Wednesday afternoon. Rev. R. C. Marshall conducting the services. Ed J. Neer had charge of the funeral arrangements.

Mrs. Dunn was the wife of G. W. Dunn of Portales.

AFTER THIRTY YEARS EXPERIENCE GROWING TREES ON THE PLAINS

Has fruit growing so far been a success on the Plains? To a

great extent it has been a failure, but in time we feel sure that it will be a success, and I wish to explain to the readers of this paper some of the reasons it has been a failure in the past.

We have as good soil for fruit growing—perhaps as good as can be found anywhere, but we have a climate with perhaps as many adverse conditions as any climate. For these reasons people of the Plains need the hardest, latest blooming varieties to be had. Fruit trees need to be shaped up to suit the climate. It has been a practice to prune fruit trees high. One reason for this is in order that the orchard may be cultivated close around the body of the trees. This will not do for trees on the Plains because we have too many dry winds and too much hot sunshine in this country. This is not the case with shade trees as they have rough, tough bark that will stand the drying effects of the sun and winds.

I am sure that high pruning has caused the destruction of more fruit trees than any one thing. Trees do not die of old age, they die for want of necessary conditions, chiefly plant and moisture. They should be kept free from insect pests and disease.

In order to succeed with an orchard it is best to thoroughly prepare the soil by deep breaking, and after planting, give the best of cultivation. In time of extreme dry weather, it might help to irrigate. If the irrigation is applied as it should be, but I am of the opinion that so far there has been more harm done by irrigation than good. It is important to commence to shape up trees when you plant them, and it should be done with a view of shaping up the trees so that the sun will not shine on the body of the tree, nor over the soil that covers the roots. This way they will stand dry weather much better, and the bark will not blister on the south-west side of the tree. If they are pruned high in hot dry weather, the bark will blister on the south-west side, then the borers get in and cause the tree to weaken. The result is the destruction of the tree. In order to prevent this, one must start to shape the tree when it is first planted, by leaving the buds and leaves that are inclined to the south-west, and cut the limbs and shave off the buds that are on the north and east sides, forcing the growth to the south and west. This will protect the tree from the hot dry winds, sun and hail. We know that fruit has been a failure for the past two years. But I am glad to say that I am demonstrating the fact in my orchard fourteen miles southeast of Plainview, that I have trees that are bearing a good crop this year of plums, cherries and peaches.

I find that people can hardly believe what I am telling, knowing the conditions that we have had the past two years, and want to know how I have protected my trees.

These are fruits I have originated myself, by crossing hardy varieties together. The Never Fall plums are a cross between a hardy American plum and a hardy Chickasaw plum. This hardy Chickasaw is called the Wonder, and is of good quality. The Never Fall plum blooms from the 15th of April to the 15th of May. The Sure Shot peach is a cross between the General Lee peach and a hardy native seedling. It bore last year and this year. I feel that fruits that will do this are pretty sure, and ought to be profitable to grow on the Plains. Among the hardest of the fruits in general use now are the Han-son varieties, which are crossed between the Rocky Mountain cherry and large plum. The fruit gets its hardness from the Rocky Mountain cherry. Some of these are bearing a partial crop this year. We feel sure that as time passes there will be more new varieties originated that are hardy, and can be depended on for a crop almost every year.

As we are undergoing a great financial change, and there will have to be a more economical system established in our way of living, I believe it will have to be brought about by everyone who can, to raise their own living at home, and everyone that does not have a home should try to acquire one, and raise what they need, for family use.

Some may think this can't be done. It has been done, and I think it can be done again, if it has to be.

We have learned that vegetables and fruits are the most wholesome foods for man, and there is no reason why, on this rich soil of ours, with plenty of water, that we should not be able to raise abundance of the best of foods.

It seems that God in His Providence has kept the best country to the last, and we should show our appreciation by surrounding our homes with conveniences and beauties until it will not be necessary to go to California or anywhere else for our attractions.

L. N. DALMONT

Locals and Personals

Mr. and Mrs. E. N. Wheeler with their son Ernest and daughters Miss Ruth and Miss Edith left Monday of this week for a vacation trip to visit for two or three weeks with Mrs. Wheeler's parents in Kansas and Mr. Wheeler's parents in Missouri. They will return in time for the opening of the Portales school on August 31, as Miss Ruth is substitute teacher in the city school system and Miss Edith is a member of the senior class.

Rev. Alamo Starkey has completed a one week revival at the East Valley View church, and a week of splendid services is reported. Twenty-four conversions were made during the seven days of the meeting.

Mr. and Mrs. Jasper Atkins and their infant daughter have gone to Texas to visit for a while with Mr. Atkins' mother. Mrs. Atkins was seriously ill for several weeks at the home of her parents, Mr. and Mrs. Homer Kyle, here in Portales, but is now fully recovered.

Mrs. J. W. Downey and her daughter June left Sunday to continue their summer vacation trip, after spending three weeks in Portales with Mrs. Downey's brother, Judge T. E. Mearns. Mrs. Downey will visit her two sisters in Chicago before returning to her home in Shreveport, La., in time for Miss June to enter school.

R. H. Todd and family arrived from Slaton, Texas, last Friday for a visit with relatives here. They left Saturday morning with the Graves family and Mrs. Rowland and son of Oklahoma City, for a visit to the Carlsbad caverns.

Mrs. A. J. Lefevers of El Paso, accompanied by two high school girls, Miss Della Axel and Miss Ada Kiddy, are visiting Mrs. J. W. Henderson, mother of Mrs. Lefevers. Miss Hazel Lafavers, who has been visiting her grandmother for several weeks, will accompany them home.

Mr. and Mrs. J. S. Green and family left Sunday for Post, Texas where they attended a family reunion of the Boren family. This is an annual affair and was held this year at the Two Draw Lakes near Post City. There were about forty relatives in attendance.

Rudolph Bickham and wife of Dallas, Texas, came in Tuesday night to spend a few weeks with his mother, Mrs. C. O. Bickham.

Beauty in Great Bridge

There is beauty of a different and stupendous kind in the bridges that connect Manhattan island with Brooklyn or the mainland. Your first feeling at these bridges is always one of admiration, even awe, for modern engineering. To stand on the East river docks and see the gigantic, wire spun, airy boulevard of the Brooklyn bridge go leaping up into space and descend in a curve of marvelous grace into the granite gorges of lower Manhattan is to experience a sensation no other city on earth can offer you. . . . It would have been from the footpath of this bridge, too, that Wordsworth would have written his sonnet to Manhattan—we wonder in what spirit of solemn awe?—Walter Prichard Eaton, in "Green Trails and Upland Pastures."

Temperature and Earth

Only a few feet of earth on the surface is affected by the daily range of temperature. There is then a larger layer upon which neither the surface temperature nor the temperature of the inside of the earth has any effect. Then comes the layer where the temperature of the earth increases one degree for every 50 to 75 feet one goes into the interior of the earth. The cold water comes from the layer which is unaffected by temperatures from within the earth or on the surface of the earth. In some places we have thermic springs where the water comes from a depth below this in the region which is influenced by the heat from within the earth.

Hairdressing Carried

to Extremes Long Ago

The busy modern woman has many things to be thankful for, among them the fact that she didn't live at the beginning of the last century when the lady of fashion was expected to wear a tower of greased and powdered hair a foot and a half high—and, moreover, was expected to sleep in it!

The advertisement of a firm of London hairdressers of the period reads:

"Messrs. Clark & Clark, claim to have discovered the secret of doing gentlemen's hair to last them in perfect condition throughout a quarter of a year."

Among the individual touches the same firm offers to willing clients is "a miniature coach and six to be built into the snowy towers of hair."—Harper's Bazaar.

NOTICE OF APPOINTMENT OF ADMINISTRATOR

Notice is hereby given that on the 12th day of August, 1931, the undersigned William J. Finch was appointed administrator of the estate of Calvin R. Woodman, deceased, and that he the undersigned, is now duly qualified and acting administrator of the estate. Notice is further given that all persons who have claims against said estate are required to present the same to said administrator within the time prescribed by law. IN WITNESS WHEREOF, I have hereunto set my hand this the 12th day of August, 1931.

Locals and Personal

Mrs. Gordon Lyons is continuing to improve from her recent operation, and this week the special nurse who has been with her for the past seven weeks was dismissed from the case. Mrs. Lyons will remain at the home of her parents, Mayor and Mrs. J. M. McCull, until she has fully recovered.

Mrs. Ruth Smith has come from her home in Texas and is visiting with her aunt, Mrs. Bob Woods.

Miss Eleanor Nelson of Lubbock is in Portales this week visiting Misses Carolyn Bradley and Muriel Galloway. She spent last week in Farwell, Texas, with Mrs. R. S. Scott.

Otto Kapfins and Leroy Cranford both returned to Portales this week after spending some of their vacation in the Pecos Valley cities.

Mr. and Mrs. A. P. Mauk arrived the first of the week from Dallas and are guests of their cousin, Mr. and Mrs. John Mauk.

Miss Carolyn Wetzel of State College was in Portales last Thursday in consultation with Miss Verda Oakley concerning the home demonstration work of Roosevelt county.

Harry Johnson and family arrived Saturday from Hartsville, Missouri, and are guests this week of his brother and sister-in-law, Mr. and Mrs. S. E. Johnson. Harry was one of the early homesteaders of the Redlake community but has been gone from the state several years. He enjoyed the pleasure of meeting his old time friends.

Mr. and Mrs. Carl Yeochum came from their home in Austin, Texas, the first of the week to visit with their parents, Mr. and Mrs. J. B. Priddy and Mr. and Mrs. R. L. Yeochum.

Miss Ora Stone and her traveling companion, Mrs. Howard, passed through Portales Monday and visited for a few hours with Mr. and Mrs. Jay Stone, then drove to Midway and spent the night with Miss Stone's uncle and aunt, Mr. and Mrs. J. W. Stone. Miss Stone is from Cleburne, Texas, and is county demonstration agent for that county.

Mrs. Rucker and family have been in Portales this week visiting her mother, Mrs. Mize, and brother Herbert. The Rucker family lives at Salina, Texas.

Mr. and Mrs. Floyd Golden returned Saturday afternoon from Canyon where they had been visiting in the home of Mr. and Mrs. Pool, parents of Mrs. Golden.

Miss Verda Oakley and Mrs. H. H. Buchanan motored to Clovis Monday afternoon to visit with the Curry county home demonstration agent and attend to some business in connection with extension work.

Mr. and Mrs. J. A. Morgan of Amarillo, Texas, passed through Portales Monday and stopped for a short visit with Mr. and Mrs. Ed J. Neer.

Mr. and Mrs. J. O. Cox left Saturday on their vacation trip which will include a visit to Mr. and Mrs. Will Cox who live near Las Vegas.

Mr. and Mrs. Burl Johnson returned Thursday from Missouri, Arkansas and Kansas, where they visited friends and relatives. They attended a reunion of Mrs. Johnson's family in Golden City Mo.

Lindley O. West came last Saturday from his home in Ohio and plans to spend the winter in Portales with his sister, Mrs. Rhoda Johnson. Mr. West motored to Portales with two young men from his native state who were passing through New Mexico on their way to Arizona.

J. L. Means of Amarillo was in Portales Sunday spending the day with his son, Dr. R. W. Means, and family.

Miss Nellie Cooper came down from her Clovis home and spent the last of the week with Dr. and Mrs. R. W. Means.

Mrs. Claude Anderson with her little daughter Claudia came from their home in Slaton, Texas, Saturday and visited until Sunday with Mrs. J. L. May. Mrs. W. B. Anderson accompanied them to their Texas home for a visit. Mr. Anderson is a brother of Mrs. May.

W. A. Brownell, who has been spending the past several weeks on the ranch with his son near St. Vrain, came down to Portales Sunday to visit in the home of his daughter, Mrs. Fred Orr.

Mrs. Marvin Cox, with her small son Andy Bill and baby daughter Marva Beth, of El Dorado, Kansas, have arrived to visit for a few days with Mrs. Cox's sister, Mrs. Doc C. Foster at Floyd.

Mr. and Mrs. Martin Douglas, Mr. and Mrs. Malcolm Hall and Mr. and Mrs. Ted Forbes left Saturday afternoon for Fort Sumner for a fishing expedition. They returned home Sunday evening.

A party of about sixteen are planning to leave today for "The End of the Trail," the cabin in the mountain recently built by Walt Stewart, Lee Carter and Leon Jones. Some of the party will return Sunday and others will

remain for a longer vacation. Those planning to leave are Mr. and Mrs. Watt Stewart, Mr. and Mrs. Malcolm Hall, Mr. and Mrs. Cleo Pike, Pauline Terry, Alene Barton, Fern Pike, Mildred Stewart, Lucy Stinnett, Marjorie and Mary Robinson, Leon Jones and Lee Carter.

Aubrey Cox and family of Stephenville, Texas, came to Portales last Thursday to visit with their brother and family, Mr. and Mrs. J. O. Cox and son Vincent. Saturday they all left for Las Vegas to be guests of the Will Cox family.

Mr. and Mrs. A. V. Henry are rejoicing over the birth of their little eight pound daughter who arrived in the home Sunday. This is the second child of the family, there being another daughter about three years of age.

Mrs. T. J. Sheehan and her son left last week for their home in San Pedro, California, after visiting for two weeks with Mrs. Sheehan's sister, Mrs. J. C. Jones.

Judge T. E. Mears was in Santa Fe over the week end attending to some legal matters. He returned home in time for the opening session of court Monday morning.

Misses Marie Neer and Frances Estelle Bryant were guests of Mrs. Alice Hall in the home of her parents, Mr. and Mrs. James A. Hall in Clovis from Friday afternoon until Sunday. The young ladies were members of the house party Saturday night when Miss Jane Alice entertained her two Portales and several Clovis friends.

Misses Rosie Lee and Margaret Grace Littlefield came up from Elida Friday and were guests of Miss Elizabeth Greaves for a portion of the day.

Miss Clovis Garrett left Saturday for Canyon, Texas, where she will make preparations for going to Hobbs to begin the opening of school the first part of September. Miss Clovis has been the guest of Mrs. Luther Thomas for several days and went to Dallas with Mrs. Thomas and her father, Dr. J. S. Pearce, last week when they went to market.

Miss Stool and family of Del Rio, Texas, arrived last Friday night for a visit with N. Stool and family.

Miss Eva and Miss Ella Tucker came in Thursday from Grandfield, Oklahoma, and are visiting in the home of their grandmother, Mrs.

W. C. Schumpert. They will spend some time with their aunt, Mrs. John A. South and their uncle, B. M. Schumpert.

Mr. and Mrs. Grady Morrison of Wink, Texas, are spending a portion of their vacation in Roosevelt county with relatives. Mrs. Morrison, who was Miss Ora Pearl Nash before her marriage, is a member of the faculty of the Wink school.

Miss Elizabeth Pickett has gone to the home of her parents in Slaton, Texas, and will visit during the month of August. Miss Pickett will return in time for the beginning of school when she will again begin her classes in violin music.

Mr. and Mrs. Haskell Todd and

their boys came over from Slaton, Texas, Friday and joined the Greaves family in their vacation trip. Mr. Todd and his family went to Redlake Friday night and spent the time with his mother who lives on the homestead farm.

Mr. and Mrs. W. G. Privett and family have returned to Portales after being absent for the past year at Wink, Oklahoma. Mr. Privett owns the property known as the Lindsey home, and he and his family will have their home there.

Mr. and Mrs. A. W. Freeman went to Lubbock for a week end visit with their cousins, Rev. and Mrs. R. B. Freeman. Rev. Freeman has been ill for several weeks and planning to go to the hospital

at Fort Bayard for treatment.

Mr. and Mrs. L. K. Payne drove to Lubbock Friday and met Mrs. Payne's mother and sister, Mrs. Hill and Charles, who are in Portales from their Texas home, to be a guest in the Payne home for a few weeks.

42-11c A. E. Hunt, Clerk.

NOTICE OF SALE

NOTICE IS HEREBY GIVEN that by virtue of the judgment and decree of the Court entered on the 20th day of April, 1931, in Cause No. 2672, wherein J. J. Koonsman was plaintiff and Charlie Lebow et al. were defendants, said judgment and decree being the foreclosure of a certificate of tax lien for the sum of \$154.90, together with interest thereon at the rate of 1 1/2% per month thereon from February 25th, 1930, until paid; which sum, on the date of said judgment, amounted to \$177.00, and that on the 28th day of July, 1931, the said Court made and entered an order of sale of the said land described in said decree, as follows, to-wit:

N 1/2 of S 1/4 S 1/4 of the NW 1/4 Section 24, and S 1/4 of the SE 1/4 Section 13, NE 1/4 Section 24, all in Township 7 South, Range 37 East; and authorized the undersigned as Special Master, after due advertisement, to sell said lands for the purpose of satisfying said judgment, decree and foreclosure, together with all costs.

NOW THEREFORE, by virtue of the orders aforesaid, I, Grace E. Stone, as Special Master, will, at the hour of ten o'clock a. m. on the 25th day of August, 1931, at the northeast front door of the court house in the City of Portales, New Mexico, sell said land at public auction to the highest bidder for cash, for the purpose of satisfying said judgment, which said judgment on the date of sale, exclusive of cost, will amount to \$198.68.

Dated this 29th day of July, 1931.

GRACE E. STONE,

Special Master.

NOTICE OF FORECLOSURE SALE

Notice is hereby given that, whereas, on May 19th, 1931, in Cause No. 2632, pending in the District Court of Roosevelt County, N. M., judgment was rendered in favor of Plaintiff R. G. Bryant, against defendants in said cause, M. W. Whitney, Rosa Whitney, and Henry Hardt, for the sum of \$527.00 with 10% per annum interest thereon from date of judgment until paid, with all costs, amounting to date of sale, hereinafter fixed to the sum of \$542.20, besides costs, and also a judgment in favor of said Henry Hardt, as cross-complainant against M. W. and Rosa Whitney, defendants, for the sum of \$131.17, with 10% per annum interest from date of judgment until paid, with costs, amounting to date of sale hereinafter fixed to the sum of \$139.66,

besides costs, and same being a judgment and decree foreclosing mortgages in favor of said judgment creditors upon the whole of Block 18 in the Bogard Addition to the City of Portales, N. M., and ordering and empowering the undersigned, as Special Master, to sell said lands for the purpose of paying said adjudged indebtedness and costs; now, by virtue of the premises aforesaid, I, Alice Cissell, as such Special Master, will, at the hour of ten o'clock a. m., on August 24th, 1931, at the northeast front door of the courthouse in the City of Portales, N. M., at public auction to the highest bidder for cash, sell said lands for the purpose of paying, first the indebtedness due said R. G. Bryant, with all costs, and second, to apply the balance in payment of the indebtedness due said Henry Hardt, with costs. Dated this July 29th, 1931.

ALICE CISSSELL,

July 30-Aug 20 means Special Master.

IN THE PROBATE COURT OF ROOSEVELT COUNTY, NEW MEXICO

In the Matter of the Estate of T. E. Sartor, Deceased. No. 536.

NOTICE

NOTICE IS HEREBY GIVEN that the undersigned was, on the 22nd day of July, 1931, appointed Administrator of the estate of T. E. Sartor, deceased, by the Probate Court of Roosevelt County, New Mexico, and has duly qualified as such.

THEREFORE, any and all persons having claims against said estate are hereby notified to present the same in the manner and form and within the time required by law, or the same will be forever barred.

J. C. Compton of Portales, New Mexico, is attorney for Administrator.

SOCIETY and Club

ANNIVERSARY DINNER

Mr. and Mrs. E. N. Neer celebrated their sixteenth wedding anniversary with a pretty dinner party in their home last Saturday evening at 7:30 o'clock. The dining table was extended full length and gave ample space for all the diners. A bowl of lovely pink flowers centered the table and pink candles added to the illumination as well as the decoration.

The four courses of the very delicious dinner were attractively arranged in the servings.

After dinner several progressions of bridge were enjoyed and the winners for high score were W. E. Judevine and Mrs. H. H. Buchanan.

The guests were Mr. and Mrs. Lester Bayless of Clovis, Mrs. Tom Kirby of Slaton, Texas, and the following Portales friends: Mr. and Mrs. W. E. Judevine, Mr. and Mrs. H. H. Buchanan, Mr. and Mrs. Bert Rawlins, Mr. and Mrs. P. E. Jordan.

BRIDGE PARTY

Mrs. T. E. Mears entertained Saturday afternoon between the hours of four and seven as a compliment to her husband's sister, Mrs. J. W. Downey of Shreveport, Louisiana.

The tables were arranged out in the cool of the large front porch and here the ladies spent the time playing bridge. Mrs. Bert Rawlins held high score at the completion of the several progressions and Mrs. J. C. Compton the low.

Food refreshments were served at the close of the game. The tables were covered with green spreads and centered with beautiful pink flowers. Mrs. Mears was assisted in serving by June Downey and Jane Mauk.

The guests playing with Mrs. Downey during the afternoon were Mesdames E. L. Wright, Bess Rawlins, J. C. Compton, H. H. Buchanan, A. D. Ribble, W. W. King and James Christoe.

BIRTHDAY DINNER

Mrs. A. R. Self prepared a birthday dinner for her husband last Wednesday, August 5th, which was declared a wonderful feast by the thirty-nine friends who were there to enjoy the occasion.

The neighbors and friends composing the party went to the Self home and remained for the entire day. At noon the dinner was served picnic style. A fatted calf had been killed and prepared for the occasion and with this were foods of every kind which would be found upon the Self farm.

The friends ate and made merry in celebration of Mr. Self's sixty-fifth birthday.

With the exception of one cake, Mrs. Self had the preparation of the entire dinner under her charge.

The friends enjoying the day with Mr. and Mrs. Self were Mr. and Mrs. Spole and two sons, Mr. and Mrs. Spole Jr. and their daughter, Mr. and Mrs. V. W. Kyte and family, Mr. and Mrs. DePriest, Mr. and Mrs. H. V. Ball and children, Mr. and Mrs. Jerry Wilson and family, Mr. and Mrs. Eads and daughter, Misses May and Ethel Lavender.

PAN HELLENIC PARTY

Dr. and Mrs. J. E. Camp assisted their sons Jay and Bill Thompson in entertaining a number of the younger set at a bridge supper last Saturday evening, at which all the gentlemen with the exception of Fred Jordan were fraternity men.

The rear yard was attractive and most inviting with flowers and well lighted with pretty lamps. The tables were spread with covers in the bright summer colors. The delicious dinner was a menu well in keeping with the summer season. After supper the tables were rearranged and the remainder of the evening was devoted to bridge.

The young people forming the happy crowd were Dr. and Mrs. I. D. Johnson, Mr. and Mrs. Bert Boykin, Mr. and Mrs. Turner

Hensley, Mr. and Mrs. W. J. Pinch, Misses Elizabeth Greaves, Adele Oldham, Marjorie Robinson, Sybil Lyons, Ruby and Jewel Webb; Mesdames Marion and Rufus Stinnett, Fred Jordan, Eldridge Mears, John Moore, Jay and Bill Thompson.

HOME MAKERS' CLUB

The members of the Sunshine Workers' Club met in an all day meeting last Wednesday with Mrs. J. C. Jones.

The ladies spent the time quilting for Mrs. Bill Perry who recently lost her home by fire and all her household goods.

There were twenty-one members and eight guests present for the day, and they succeeded in completing three quilts. The friends also showered Mrs. Perry with many gifts which will be useful to her in future housekeeping.

The next meeting of the club will be August 19 when the ladies are invited into the home of Mrs. Charles Warner.

BIRTHDAY PARTY

Mrs. V. W. Kyte of the Redlake community gave a little birthday party for her son Junior on Sunday, in celebration of his eighth birthday.

The friends spent the day at the Kyte farm home and while the children played and had a happy time, the older persons prepared the noonday meal and then spent the afternoon visiting.

EPWORTH LEAGUE MEETING

At the meeting of the Epworth League of the Methodist church last Sunday evening, the officers

of the organization were selected for the next year.

Earl Stratton was chosen president with Mary Evelyn White as vice-president, Maud Bedinger secretary, and Winifred May, treasurer.

The young people are planning to join with the newly elected officers in making the organization work a real asset to the activities of the church.

Locals and Personals

Mr. and Mrs. Sam Batton accompanied Mr. Batton's mother as far as Roswell Sunday when she left for El Paso to visit with her daughter, Mrs. E. C. Brown, after having been a guest for the past week in the home of her son here in Portales.

Mrs. G. W. Dunn is seriously ill at her home in North Portales. She

has been ill for the past few days and is in a very critical condition.

Mrs. B. F. McCabe came up from Elida Monday morning and spent several hours in the county seat attending to some business and visiting with her relatives.

Mr. and Mrs. Robert Dohoney and their one child are in Portales visiting with their sisters, Miss Bess Dohoney and Mrs. E. C. Murrell. The greater part of their vacation will be spent visiting their relatives here in Roosevelt county.

Mrs. Tom Kirby of Slaton, Texas, arrived in Portales last Saturday.

day and spent a few days here visiting in the home of her sister, Mrs. P. E. Jordan.

Mr. and Mrs. Bert Boykin plan to leave Sunday for their home near Buchanan, where they plan to establish their home.

Mrs. Effie Moore was brought from her home in the southern part of the county last Sunday and taken to the Clovis hospital to be operated upon for appendicitis and other complications. Mrs. Moore is the daughter of Rev. and Mrs. R. C. Marshall.

Miss Lucile Rowley came up

from Carlsbad and spent Monday and a portion of Tuesday in Portales visiting with her brother, Marshall Rowley.

Roy Sallee came up from Roswell Friday and spent some time in Portales attending to some matters of business importance. Mr. Sallee owns and operates a bakery in Roswell.

Miss Marjorie Vogan of Alvin, Texas, and Miss Anne Louise Howard from Dallas, Texas, arrived Sunday afternoon for a visit with Misses Marjorie and Louise Robinson. The young ladies became friends when they were attending the Texas University at Austin.

Mr. and Mrs. Ray Bonner returned Sunday evening from their honeymoon trip which they have been enjoying for the past week.

Sheds and Barns

Now that crops are laid by, let us get that old shed or barn repaired.

Most barns can be made an ideal place for livestock during the winter if they are only worked on in a few places.

We are ready to furnish you material for any repair work that bears the high mark of quality and yet costs little.

**Three
outstanding
examples of the
Great
American
Value**

Consider how much your money buys in one of these popular models

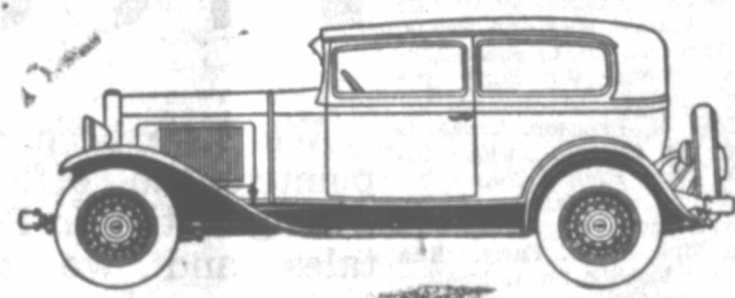

Look over the popular Chevrolet models illustrated here before you make a motor car investment. Study them from every viewpoint—style, performance, dependability and economy. You'll be convinced that your money buys more in a Chevrolet. You'll understand why, month after month, Chevrolet has been leading in sales.

Like all Chevrolet models, these cars are sizes. And you know, as well as engineers do, that multi-cylinder design is standard practice among practically all cars today. Nothing less than six cylinders gives the fine engine balance that produces a really smooth flow of power and com-

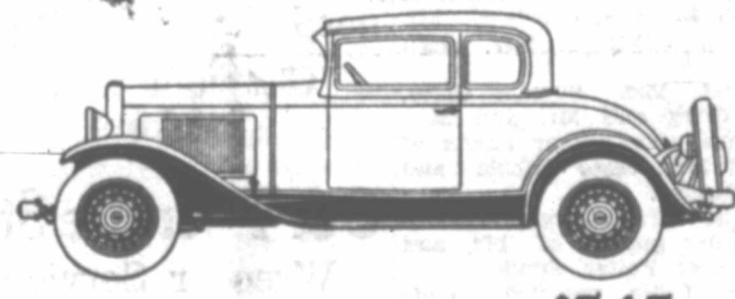

pletely eliminates objectionable vibration at its source. Six-cylinder smoothness is built-in, quiet, economical smoothness. Drivers of sizes never want less!

In addition, these six-cylinder Chevrolets provide a long wheel-base, parallel-mounted springs, smart bodies and unexcelled economy. Owners write that Chevrolets definitely cost less to operate and maintain!

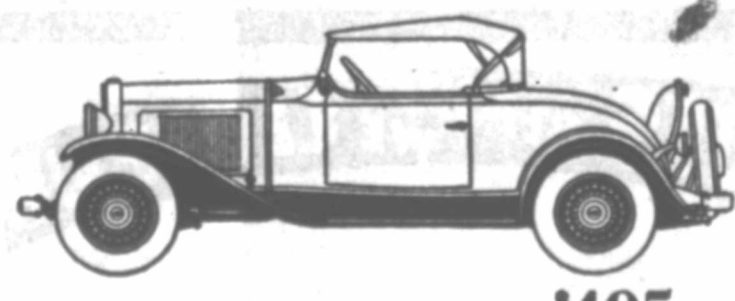

Yet with all these quality features, Chevrolets are offered at prices among the very lowest for which motor cars are sold. No wonder that the Chevrolet Six is called the Great American Value.

ROGERS, N. M.

"Hell's Angels" Cost \$4,000,000 and Takes Three Years to Produce

Howard Hughes Engages World's Greatest Aviators to Make Air Spectacle in Which 87 Planes Are Used and 20,000 People Appear in Mass Scenes

"Hell's Angels" the most lavish screen enterprise of all time, will open at the Palace Theatre here Sunday, August 15.

The spectacular air thriller was produced and personally directed by Howard Hughes, president of the Caddo company, at a cost of \$4,000,000, and took three years to complete.

"Hell's Angels" is the supreme sensation of the film industry, breaking house records wherever shown.

Filming of "Hell's Angels" began October 31, 1927, following six months of preliminary research and preparation. Shooting proceeded steadily for nearly three years, with 19 months alone devoted to aviation and Zeppelin sequences.

Ben Lyon and James Hall, principal players in this stupendous drama of air-war, are supported in the feminine department by Jean Harlow, a comparatively unknown actress who appears in her first screen role in "Hell's Angels."

Others who appear in the roster of players include John Darrow, Lucien Prival, Jane Winton, Evelyn Hall, Douglas Gilmore, Stephen Carr, Lena Malena and Wyndham Standing.

Producer-Director Hughes, himself an expert licensed pilot, has established a record for all time in motion picture extravagance in the filming of this air classic. On air scenes alone he has expended nearly \$2,000,000, and the total distances covered by the sky battles are more than 20,000 miles.

More than 20,000 extras were employed in the various mob scenes in the picture. Total cost of "Hell's Angels" approximates \$4,000,000.

The largest airfleet ever assembled, except by governments, participated in the picture. The aerial squadron comprised 87 planes, including more than 40 true war-type ships. The air fleet included German Fokkers, British T. M. 8, S. E. 8's, Avro, De Havillands, Siles, a German Gotha bomber and a Zeppelin.

A total of 137 pilots, and as many mechanics, were employed during the 18 months filming of action above the clouds. The pilots included every stunt flyer and war-ace in America.

Thirty-five cinematographers, including 26 aerial cameramen, were required to film this great picture. Eight separate locations were maintained for the aerial sequences. They included the main flying base at Caddo Field, Van Nuys; a training school camp at Inglewood; a German field at Chatsworth; and other locations at Santa Cruz, Encino, Ryan Field, San Diego, March Field, Riverside and Oakland Airport, Oakland, California.

At the latter part the "Hell's Angels" sky fleet was in action for more than four months filming mass air-battles in which 50 planes participated simultaneously.

The same lavish enterprise was displayed in the operations on terra firma. A charity ball in London, at wartime, screened in

technicolor, has been reproduced with more than 1,000 extras supplying background and atmosphere. Another 500 extras appear in a costly German beer garden setting and the same number in French cafe scenes.

MONEY CAN NOT BUY WHAT IS GIVEN FREE

George Susens, secretary of the Minnesota Bankers' association, has sent the following letter headed "Our Best Friends" to all member banks:

"Frequently we overlook our best friends right at home. Your local newspaper is the most powerful influence in your community. Few if any editors abuse the opportunity of molding public opinion. Your bank is a public and community enterprise.

"Confidence and public opinion can make or break a bank. Most of the country papers have been very kind during these trying times in helping to stabilize conditions. Many news items and startling headlines have been withheld to protect the best interests of your bank and your people. In place of this publicity, helpful and encouraging news was run to inspire and to retain and uphold the confidence of the community.

"Money cannot buy the friendly editorial nor the wholesome attitude of your home paper. All of this is free to you and your people. The most valuable advertising space to be obtained, costs you nothing.

"Does your bank show its appreciation? Have you ever complimented the editor for any of this free service? A 'Thank you' now and then, with an occasional paid advertisement and an order for some job printing that your local printer can do as well as and as cheaply as the outside supply house, will not only help to support a substantial local enterprise, but prevent the paper from getting the 'blues' and printing accordingly, to the detriment of the whole town and community.

Are you on friendly terms with your paper? If not, why not?"

HIDES GO UP; SHOES PRODUCTION HIKES DEMAND

Hides are going up. Cowmen see in recent advances in the price of all kinds of hides some hope for the subsequent increase in the price of cattle.

They say hides have been a drag on the market for almost two years and that the low price of hides has had something to do with the decline in the cattle market.

The review of the hide market for the week ending July 20 published by a big hide house, reads as follows:

"The hide market in the past week can only be described in one word, and that is, booming.

"After advances of a cent per pound last week the markets followed through and advanced another full cent. Certain variety of hides have advanced 80 to 90 per cent from the February lows.

"Within the last two weeks there has been a real buyers' panic. It was not a question of price, it was

a question of getting hides. This situation arose from the case that tanners secured continuous advances in leather. In 10 days leather has advanced from 15 to 25 per cent. In spite of lowering prices in practically all other commodities, hides have advanced in all world markets. In spite of the reported dire straits of German finances, hides in Berlin advanced an average of 12 1/2 per cent. South American markets advanced about 10 per cent and the American markets followed suit.

"The backbone of the entire price structure is shoe production. The final figures for May are just officially published and show the amazing total of 23,533,274 sales, against 24,500,000 sales last year. The January to May figures show that shoe production is only down 2 per cent in comparison to the same period last year.

"With imports of hides down about 65 per cent the strength in the hide market should be readily understood. Stocks of leather continue to decline, and if shoe production continues on the present basis, tanners' stocks of leather will be normal within 60 days. The entire picture is most encouraging.

—Exchange.

BETHEL

Prayer meeting Wednesday night as usual, and if all plans carry, Bro. Reeves will begin revival services next Sunday.

Bro. Clary preached for us morning and night last Sunday. We had singing and Bible study also. There were 87 present in Sunday school in spite of the rainy weather; nearly half of that number had prepared lessons.

Mr. and Mrs. Tom Franklin and children, Mr. and Mrs. Hadley Myers, Mr. and Mrs. Brunson and children, and Mr. and Mrs. A. W. Early took dinner with Mr. and Mrs. Virgil Early Sunday.

J. H. Boteler is suffering from several broken ribs, caused by being kicked by a horse. We are hoping for his speedy recovery.

Mr. and Mrs. F. N. Hood and family of Baileyboro, Texas, spent a few days in Bethel canning beans and peas.

Mrs. Lester Johnson and little daughters Wanda Mae and Evelyn Fay of Frederic, Okla., spent several days visiting the Early and Brunson families.

Mr. Kolb of Silverton, Texas, is spending the summer with his daughter, Mrs. Evelyn Seay.

Bob Gwinn and family of Sudan, Texas, spent Wednesday with Mr. and Mrs. A. W. Early. The Gwinn family are looking for a location in Bethel and we surely hope we are lucky enough to have them in our neighborhood next year.

Austin Webb and Trille and Annette Bonds of Levand called at the Early home Sunday eve. Mr. Webb is a brother of Mrs. Virgil Early.

Mr. and Mrs. Sumner Clary, Melvin Clary and Mr. and Mrs. Ed Adams were dinner guests of Mr. and Mrs. Jesse Pribble and family Sunday.

Mr. and Mrs. George Thetford were dinner guests of Mr. and Mrs. Everett Foster Sunday. Herbert Little returned home Wednesday night after a visit in Texas.

Mr. and Mrs. Orel Boteler and Mr. and Mrs. Chester Boteler spent Sunday at San Jon.

Mr. and Mrs. O. W. Brown of DeLeon, Texas, were guests of Mr. and Mrs. Clay Jones and family over the week end.

Tom Lemons of Floydada visited his sister, Mrs. J. H. Boteler, and family recently. They plan on locating in Fortales.

INEZ

Mrs. Clyde Florence and children of Fortales are spending this week visiting in the Greathouse home.

Mr. and Mrs. Floyd Vincent and daughter spent Sunday in the Hugh Vincent home at Rogers.

Mr. and Mrs. Fred Duke and family spent several days last week visiting in the W. W. Duke home in Roswell.

Mann Clark returned Sunday after a short visit in Dickens county.

Mr. and Mrs. T. J. Mullins and family visited Sunday afternoon in the Austin Fullerton home at Longa.

Mr. and Mrs. J. B. Graham and daughter and the W. R. Tollett family spent Sunday in the Fred Duke home.

Miss Cloes Tollett gave a dinner last week in honor of Mrs. Tobols and children, who are visiting here from Houston, Texas.

S. W. Isbell and family spent Sunday in the Dee Fletcher home. Mrs. L. B. Parrish was a dinner guest in the Mann Clark home Sunday.

Mr. and Mrs. Orville Rotan and mother, Mrs. Austin, are spending some time visiting near Vaughn. Levey Cardwell is staying in the

Don't Forget to have your Brakes, Lights tested.

C & T Service Sta. Wrecker Service

Austin home during their absence. Mrs. R. O. Tomlinson and little son returned to Tatum after several weeks visit in the Westbrook home.

Bill Musick and Nell Mullins visited in the J. E. Tollett home Sunday afternoon.

Miss Cloes Tollett's health has improved considerably. She is now able to play ball and jump the rope with the young folks.

Mrs. John Musick will have charge of the League program next Sunday evening.

Next Sunday the worship service will be led by Mrs. Frank Great-house. The subject will be, "Service." Dr. N. L. Linebaugh of Roswell will preach at the eleven o'clock hour. Dinner on the ground and the last quarterly conference for this conference year of the Rogers-Inez charge will be held in the afternoon. We are very anxious that our entire community be present to get the benefit of our Sunday school and also to hear the sermon by Dr. Linebaugh. We will also be glad to welcome visitors.

BAPTIST LADIES RE-DECORATE CHURCH

Yesterday the ladies of the Baptist church began redecorating the interior of their church. The ladies are doing the work themselves and are therefore doing it at a very small outlay of cash.

Mrs. N. F. Woilard is leader of the movement and is loyally supported in the work.

The church has needed this repair work for several months but ladies did not fully decide to go forward with the plans until the building committee had definitely concluded about the new building program.

The work will be completed in time for the revival meeting which will open in the church some time this month.

Rev. and Mrs. A. R. Bilberry and their little daughter Frankie are arriving today from their home in Jacksboro and will visit for a few days in the home of Mrs. Bilberry's mother, Mrs. S. H. Stinnett. Rev. Bilberry is pastor of the Baptist church in Jacksboro and is spending his vacation with relatives here in Portales.
