Wolves Engage Alpine For Championship To Be Decided

Plotting Game Strategy

COACHES AND PITCHER engage in a conference during practice this week for the upcoming regional championship match between the Colorado City Wolves and the Alpine Fighting Bucks set for 2 p.m. here Saturday. Head Coach Truman Nix, assistant coach Doug Chitsey and Wolf hurler Skipper Warren map game plans.

Pre-Game Action

WOLF HITTERS Corky McAdams and Perry Millsap are seen with assistant coach Doug Chitsey receiving pre-game instructions before the Wolves 5-0 victory over Seymour in Abilene Saturday. The win in the rain-shortened tilt gave the Colorado High nine the right to engage Alpine for the regional crown.

Colorado High's Wolves, fresh from a smashing bi-district championship victory over Seymour, engage the touted Alpine Fighting Bucks for the regional baseball crown at 2 p.m. Saturday on the Wolf diamond.

The Alpine crew was undefeated in district play winning out over McCamey, Crane and Marfa enroute to the championship.

The Bucks won the bi-district title by default since there were no baseball participants in the next district.

Colorado City and Alpine officials met in Big Spring Sunday to decide on time and place of the playoff tilt. Coach Truman Nix of Colorado City reported that the Alpine officials did not wish to settle on a neutral site.

A toss of the coin followed and the Wolves emerged as the home team for the crucial contest.

This will be the last contest for both squads as Class AA teams can go no higher than regional play in the state. So after a fasion the tilt will take on all the airs of a state championship clash.

Alpine's team is expected to furnish strong competition for the Wolves, who despite a six won eight loss record have come on increasingly strong as the season has progressed.

In the course of the 1965 season the Wolves have defeated AAA Snyder, AAA Sweetwater twice, AAAA Abilene (Cooper) and the Howard County Junior College Jayhawks from Big Spring.

Thus, it would appear that the Wolves are accustomed to somewhat stronger competition than the Fighting Bucks.

Warning against an overconfident attitude, Coach Nix noted that the Alpine nine was not to be taken lightly and that a tough battle would be expected on Saturday in the fight for the championship.

Coach Nix reported the Wolves to be in top physical condition for the upcoming contest with all team members in good shape.

Skipper Warren is expected to start on the mound for the Wolves in the Saturday bout. Warren struck out nine batters in four innings of play against the Seymour squad enroute to the bi-district crown in Abilene last Saturday.

Wolf starters for the tilt with their season batting average in parentheses are the following: Ronald Hillhouse, second base (.205); Perry Millsap, catcher (.274); David McKay, shortstop (.333); Larry Currie, right field (.414); Corky McAdams, center field (.409); Wayne Snowden, first base (.236); Reggie Noble, third base (.233); Mike Mundy, left field (.227); Skipper Warren, pitcher (.273).

These averages on the starting lineup gives the Wolves a very healthy hitting average of .289 for the season.

Colorado High diamond is expected to be in perfect condition following the recent rains. Field workers have been toiling throughout the week to have the field ready to go for Saturday.

The Alpine squad is slated to arrive in Colorado City before game time Saturday. Previously, the Bucks were scheduled to drive here Friday afternoon and spend the night before the game. On Wednesday, however, the Alpine Coach Jim Leo, contacted Coach Nix to cancel their reservations. The drive from Alpine to Colorado City is in the neighborhood of 300 miles.

Admission to the Saturday tilt will be one dollar for adults and 50 cents for students. A large crowd is expected for the 2 p.m. contest.

Colorado City Quarterback Club members will be on hand Saturday to handle ticket selling and other chores for the Wolves.

The Wolves could be rated slight favorites due to the caliber of competition they have been playing, but the Fighting Bucks are expected to offer plenty of opposition from the baseball-minded town in West Texas.

Tumbleweed Days Events Scheduled

Plans continue to progress and activities increase in number for the Tumbleweed Stampede Days to be held in Colorado City June 3-6.

At 4:30 p.m. on June 3 a gala parade will journey through Colorado City immediately followed by a western barbecue supper served in the county barn nearby the rodeo arena.

Jaycees are in charge of serving the barbecue.

Parade entries are still coming in and any club or group wishing to enter may do so by contacting the Chamber of Commerce office in Colorado City.

It has been announced that the Tumbleweed Queen Contest held in past years is being discontinued for the 1966 celebration.

A two-day Tumbleweed Junior Golf Tournament will be held at Colorado City Country Club on June 5-6 for linksters 18 years old and younger.

Western Riding Club is in charge of the three night performances of the Tumbleweed Stampede Rodeo. Red Whatley is producer of the show and will furnish the stock.

Events for the rodeo performances include saddle bronc riding, barrel racing, bull riding, bareback bronc riding, roping, bulldogging and a Mitchell County calf roping contest.

Lions Club will sell programs for the rodeo and the Kiwanis Club is scheduled to be in charge of concessions.

Last week the Jaycees announced plans for a sidewalk surfing contest to be held on June 3 in conjunction with the Tumbleweed festivities.

Four classes of entries will make up the contest including three for boys and one for girls.

Age brackets on the boys will be 6-10, 11-13 and 14 years and up. On the girls the age class is 6-14.

The contest will be judged over three types of courses and a prize will be awarded to the winner of each age bracket.

An entry blank will be published in the Colorado Record beginning with Sunday's issue for surfers to mail in and enter. Entry deadline has been set for June 1.

Activity on the proposed skip row change proposal is still strong in Mitchell County and the area despite an announcement from the Department of Agriculture that any action on the matter is being delayed until a later date.

A preliminary deadline of May 22 had previously been set for farmers and others to voice their protest to the change.

It is now thought that any action on the matter will be delayed until cotton legislation is written later in the year. The decision on skip row program would come at the same time acreage quotas are set by the government.

Thus, for the present some of the immediate high pressure is taken off of groups and individuals combatting the change in the program.

Tommy Marricle, chairman of the agriculture committee of the Colorado City Chamber of Commerce, reported that his committee is contracting all farmers and businessmen in Mitchell County in regard to the effects a change in skip row policy could bring.

Marricle emphasized the importance of an all-out countywide effort in protesting the proposed change in the program.

In a meeting last Friday at the Baker Hotel the committee elected Curtis Latimer to

Rains Help Lakes, Farm Ranch Lands

Mitchell County agriculture continued to benefit from ground soaking moisture during the week and the two county lakes have both caught needed additions of water.

Lake Champion has added over eight feet to its level and Lake Colorado City has caught over four feet during the period of rains.

Official guage at City Hall in Colorado City has measured a total of .56 inches during the week. Additional rainfall during May has swollen the count up to 2.9 inches.

Some areas over the county have reported as high as eight inches during May.

In previous months during 1965 totals have went like this: January, .54; February, 1.23; March, .08; April, 3.29.

The general soaking rains over the county have put ranch and farming land into excellent spring condition.

★ QB Club Meeting

Special called meeting of the Colorado City Quarterback Club has been set for 7 p.m. Thursday in the film room at Colorado High School.

The meeting is being held to make final preparations for the regional playoff contest Saturday between the Colorado City Wolves and the Alpine Fighting Bucks.

Club president Sam L. Majors Jr. is urging all members and any other persons interested in the Colorado High baseball program to be in attendance for the important session.

Colorado High will vie with Alpine at 2 p.m. Saturday on the local diamond.

EIGHT APPOINTED

Council Names Museum Board

In regular session City Council announced appointment of a new museum board to serve the Historical Museum and re-appointment of Don Butler as city recorder.

Need for the museum board came as the city assumed responsibility for management and upkeep of the present museum.

Named to the board were Will Berry, J. Ralph Lee, Mrs. Dee Bassham, Harry Ratliff, Mrs. Lois Burns, Bob Fee, George Womack and H. W. Reynoulds.

Alternate members of the board nominated to serve include Viola Erwin and Joe Bell.

Four members of the board will have one-year terms and the four other members will serve two year periods of office.

City had acquired the property and management of the Historical Museum earlier this year from the Historical Museum Assn. A lease agreement was negotiated for the continuation of the museum's residence in the American Legion Bldg.

Butler was chosen for his first full term as city recorder. He has previously been serving out the unexpired term of J. Lee Jones who retired from the position.

Butler's term of office will extend until April 30, 1967.

Councilwoman Lena Porter moved for Butler's nomination to the post. Mike Burt seconded the motion and the Council unanimously approved.

Play will be resumed beginning May 24.

Ruth Coffey's CONVERSATION CORNER

GOT to wondering, in a mildly curious sort of way, what English-speaking (also American-talking) people would do without the good old neuter gender.

Just how would West Texans, for instance, refer to the weather in this merry month of May? Without that little "it?"

Would they say **"The weather, she is strange. She keeps telling the rain goodbye . . . then calling him back to stay the night?"**

* * *

FRENCH, you know, and most of the other Romance languages, do not fool around with that so impersonal pronoun "it." They endow objects with sex, feminine or masculine.

Big, bad and strong things are "he" of course. Little, sweet and frail things rate being "she."

Chances are that West Texas men, given a choice, would call the weather "she."

"She is fickle, Tantalizing, Capricious. She plays favorites. And sometimes she weeps and wails all night."

* * *

IT IS equally logical to suppose that women, deprived of "it" as used in "It's raining . . ." could reason that weather must be a "he."

"He can be such an old blow-hard . . . He raises thunder all over the place . . . He is a born show-off and tears around the countryside like crazy, at times. Other times he's just a drip."

Either way, whether the weather is "she" or "he," the weather does exhibit certain human characteristics. It can cloud up like a storm without warning. Cut you cold. Or burn you up. **And like people, can occasionally be all wet.**

It rained. And rained. And stormed. And stormed. So the Hunters rode the bus home, leaving their plane behind them.

Maybe You've Seen The Adolphus—
But Have You Seen It *lately*?

Hospitality and gracious service do not change, but physical comforts do. Here at The Adolphus we have blended the best of the old with the best of the new, with unique and pleasing results.

Today The Adolphus offers you the most modern hotel possible to produce with furnishings and other equipment selected from the best of the new — fast, self-service elevators, direct-dial telephones and television, to mention a few.

But the conventional requirements for hotel comfort, such as large rooms, have not been overlooked. For example, nowhere else we know of can you find rooms such as our "Texas Size" rooms — 300 square feet of comfortable living space with "his" and "her" baths, two closets, and lots of attractive space left over for entertaining.

All this, plus free indoor in-and-out parking in our garage, makes The Adolphus the best place to stay next time you're coming to Dallas.
