Waco Man's Car Is Recovered By County Officers

Officials of three counties cooperated in the recovery of J. M. Wilson's automobile which was found at Quah last week. Wilson is of Cisco.

The car was registered in Abilene. Sheriff M. S. Wilson of Hardeman county notified Sheriff J. Wheeler at Abilene. Wheeler showed Eastland when the Hardeman county official stated he found a letter addressed to Mrs. Wilson at Cisco.

Hamilton Man Is Buried at Flatwood

Robert Yancy, 58 years old, died at the home of his daughter at Hamilton, Monday, March 30. Funeral services were held at the Flatwood cemetery Tuesday afternoon at 2 o'clock with the Rev. E. T. Sanford of the Methodist church officiating. He was a resident of Eastland county for 30 years. He is survived by six brothers, four sisters and eight grand children.

Eastland Students Earn Honor Listing

Students from Eastland received compiled sufficient points to earn a place on the North Texas Agricultural College honor roll at Arlington, according to an announcement of Dean Joe B. Preston.

Ray Gray compiled 32 points and Albert Martin 29 points to earn the honor listing, Preston said.

Group From Eight Counties Hear R. A. Official Explain Co-operative Program

Explanation of the community and cooperative service program of the Resettlement Administration was given rural supervisors and home supervisors of nine counties at the courthouse Friday night by Carl Walters, of Dallas, field supervisor for the state organization.

Counties represented were Parker, Eastland, Hood, Somervell, Erath, Comanche, Shackelford, Palo Pinto and Stephens. Eastland county was represented by Miss Ruth Ramey, county home demonstration agent.

Walters pointed out that the community and cooperative service program is similar to the old work center program except the new program is self liquidating and the other was operated by grants and donations.

Walters also explained:

There are two types of loans that may be made under this program. One can be made to a cooperative organization of farmers, the other to individuals for the purpose of taking membership or buying stock or of associating with other farmers in the establishment of a needed community service. The latter type of loan can be made to an individual who wishes to establish an enterprise of this kind, if he can show sufficient contracts for the use of this service to insure ample income for repayment of the loan.

There are certain restrictions placed upon this program. Before a loan of either type can be made the following conditions must be met:

1. The community service must contribute to the rehabilitation of clients in the community, and 25 per cent of the participants must be enrolled with the Resettlement Administration.
2. The cooperative must be economically sound.
3. The service for which the loan is made must not be one that will be in competition with individual businesses already set up.
4. The community must have a well developed cooperative spirit.
5. The cooperative must be organized accordance with the laws of the state.
6. There must be no restriction on membership.
7. Each member should be entitled to only one vote, and there should be no voting by proxy.
8. The cooperative should have the proper management.
9. No loan can be made to a cooperative if the organization can obtain a loan through the bank for cooperatives or the Farm Credit Association.
10. Loans may be made for the purpose of assisting in the following types of enterprises: 1. Home conveniences. 2. Food conservation and processing. 3. General farm needs. 4. Cooperative harvesting. 5. Processing agricultural products. 6. Handicrafts. 7. Facilities for grading. 8. Marketing and purchasing facilities for the purchase and sale of raw materials and goods. 9. Livestock improvement—purebred sire associations. 10. Social services.

Early Spring Lamb Crop Is Larger

WASHINGTON.—The early spring lamb crop of 1936 in the principal early lambing areas is about 6 per cent larger than the early crop of 1935, according to reports received by the United States Department of Agriculture about March 1. The term "early lambs" as here used, refers to lambs that are usually marketed before July 1. The condition of the 1936 early lambs about March 1 on the average was somewhat lower than was the condition of the early lambs as year earlier.

Except in California, Arizona, and Texas, weather conditions during the lambing season and since have been much less favorable this year than last. Supplies of feed stuffs and old feed have everywhere been more abundant this year than last, but in many of the areas green feed either has been late in starting, or has been entirely lacking, which has tended to retard the development of the early lambs. As a result of the extremely cold weather in January and February, which are the principal lambing months for most of the early lambing states, death losses of early lambs were considerably larger than normal and the percentage of the lamb crop saved was considerably reduced. The market movement of lambs from all states except California and Arizona is likely to be somewhat delayed unless spring weather is very favorable, but total marketing of early lambs before July 1 will probably be larger this year than last.

Conditions in the important early lamb states include:

TEXAS.—Feed and weather condition during the winter were good. The early lamb crop will be considerably larger than last year, and the condition of the early lambs March 1 was much better than last year. Much larger marketing of early lambs and of grass-fed sheep and yearlings from April to June than in 1934 or 1935 are expected.

Alameda 4-H Club Met On Sunday

The Boys' 4-H club of Alameda met March 26 in the high school auditorium.

We discussed the carrying on of our demonstrations, the time of the meetings, and the meeting of all the 4-H club members in Eastland county, which is to be held sometime in the near future. Our club meetings will be held at 12:30 o'clock on the first and third Wednesday of each month.

There was a short talk given by the club on "The Trench Silo," by Mr. Barnhart.

The members present were: Monroe Johnson, James Dean, S. C. Love, Ernest Hitchens, Mazon Ferrell, Rex Elrod, Jimmie Calvert, A. G. Smith, S. J. Munn, Jack Walker, Loyd Elrod, Harold Ham, Warren Cameron, Ross Elrod and J. P. Melton.

Slain Sheriff Was Well Known Here

W. E. Goodman, former sheriff of Shackelford county, who was found shot to death at his home in Moran Wednesday, was well known in this part of the county, as he had made many trips here on business.

It was believed that his death was caused by accidental discharge of a shotgun he had taken from his home while investigating a gasoline theft.

Meeting Called of Dry Forces

Rev. Robert E. Bowden, secretary of the Eastland County Temperance force, has called a mass meeting of all prohibition forces to meet Friday morning at 10 o'clock in the county courtroom.

All ministers and people who are interested in prohibition are asked to attend this meeting.

Many May Seek License Number 36

AUSTIN.—Who will have the privilege of placing "36" on his automobile in centennial year is the latest mystery in official circles. As is customary the Governor received License Plate No. 1. That number plate will be on the family car Secretary Ed Clark heard that Secretary Pat Moreland had applied for No. 36 and thought it would be a good joke to get it away from Moreland by applying for it for the Governor's personal car. But Moreland had No. 27.

Then newsmen interested to know who really would have No. 36. The highway department informed it had not been issued. Gibb Gilchrist, chief engineer, was ill and could not be queried on who had applied for the number. Numbers up to 100 are reserved for issuance to officials and prominent citizens, who get a kick out of two-figure plate.

Beginning with "201" plates are sent to counties for distribution through tax collector's offices. The counties are assigned brackets covering the expected number of registrations. The first lot goes to Anderson county. If the plates are issued in regular turn some one in that county will have "1936".

Governor Allred has the first drivers' license issued by Texas as well as car license No. 1. Lieut. Gov. Walter Woodall got the first Centennial Stamp at Gonzales on March 2. Jack Chevigny, football coach at the University of Texas, has license No. 12. He wanted that number because it is the one he wore on the gridiron for Notre Dame. Number 13 went begging for many years. Ted Read, now of Oklahoma City, then asked for it and it was assigned to him.

Getting the low number does not mean the registration fees are waived. They are collected just the same. Special colored plates with the figures preceded by X are used for vehicles entitled to exemption.

Judge John Speer Is Named On Court

AUSTIN, April 2.—Former District Judge John Speer, Denton, was today appointed justice of the second court of civil appeals, Fort Worth.

Annual Election of Gun Club Held; Special Shoot Scheduled on Sunday

Officers of the Oil Belt Gun club elected Sunday at its range near Leary, were announced on Monday.

John W. Turner of Eastland was elected president succeeding Sam Butler of Eastland; A. H. Rhodes of Eastland was elected vice president, succeeding Guy Ewing of Breckenridge and C. J. Rhodes of Eastland was elected secretary treasurer, succeeding Roy Allen, Eastland.

New directors are Guy Ewing of Breckenridge, William Pardue of Breckenridge, E. F. Latham of Ranger, Lou Mendenhall of Cisco, and Sam Butler of Eastland.

Former directors were Jack Roach of Ranger, Hugh Knight of Breckenridge, F. D. Wright of Cisco, Jim Horton of Eastland and George LeFosse of Albany.

A shoot similar to the "turkey" event held in November is programmed for the Sunday affair.

Organized June, 1915, the club boasts one of the most complete ranges in this section, has 67 stockholders and 300 associate members.

BLIND WOMAN FATALLY BURNED, BLIND HUSBAND AND A YOUNG DAUGHTER SERIOUSLY BURNED

Mrs. John Y. Owens, 36, blind woman who lived at Okra, died in a Gorman hospital Thursday morning at 8:45, as the result of burns received when her home at Okra burned at midnight Wednesday.

Her husband, 48, who is also blind, and a daughter, 3, are also in the hospital in a critical condition from burns they received, with physicians holding out little hope for the infant's recovery.

The Owens family was in bed at the time the fire broke out, according to reports, and the three

were trapped in the flames, three other daughters and two sons escaping uninjured. A defective flue was believed to have caused the fire.

One of the daughters walked three miles to the home of a neighbor, who carried the injured to the Blackwell sanitarium at Gorman, where they were given medical treatment.

Funeral services for Mrs. Owens are to be conducted at Okra Friday afternoon at 3 o'clock with Higginbotham Bros., of Gorman, in charge of funeral arrangements.

Grandview 4-H Club Has Meeting

The Grandview 4-H club met in a called session on March 26, 1936 at 1 o'clock. At this time Mr. Barnhart, assistant county agent, was present. He discussed the thing that each boy was to use as a demonstration. He also gave a very interesting discussion on trench silos.

The club members present were Thomas Grisham, Elenber J. Stacy, Edward Walker, Jack Choate, Charles Walker, George Standley, Devall, Elroy Bethay, Billie Green, Walter Ray Browning, Raymond Thompson, J. R. Thompson, and Elzo Browning.

Visitors present were Tom Grisham, George Snyder, Estes Browning, Bill Simpson, Calvin Brown and Mr. Capers. All of these men are progressive farmers in the community. We invite them, and others, back to the meetings.

Merriman Revival To Start Sunday

Rev. Hugh Blair is to conduct a revival at the Merriman church, beginning Sunday night at 8 o'clock, with services conducted each night at the same time.

Group singing, with singers from Ranger and Olden will be featured on the program, with Miss Annie Locke at the piano. A special ladies' quartet from the Central Baptist church of Ranger will also provide vocal music for the meeting.

Scranton Boys 4-H Club In Meeting

SCRANTON, March 24.—The Scranton boys 4-H club met in the Scranton high school, their second time with their assistant county agent, Hugh F. Barnhart, on March 24.

Mr. Barnhart talked to the boys about their projects and passed out farm record books for the boys to keep their records of the farm through the entire year. Mr. Barnhart's next visit to the club he will show the boys how to terrace.

The boys are showing a great interest in their work, and invite any parents to visit our club which will meet every second and fourth Tuesday of each month at 12:30.

GORMAN WINS COUNTY TRACK MEET AT CISCO

Gorman won first place in the county interscholastic track and field meet in the Class A division at Cisco Saturday afternoon by amassing 60 1/2 points, with Eastland second with 39 points and Cisco third with 21 points. The final outcome of the meet will not be determined until all contests have been held, which will be sometime next week.

The meet was one of the best held in many years, with a large number of contestants and a large crowd of spectators present throughout the day.

In the literary events Eastland is leading with 92 points with Ranger second with 87, Cisco third with 22, Carbon and Gorman tied with 15 each and Rising Star having a total of 20 points.

Individual winners in the Class A division were not available late Saturday afternoon.

Part of El Paso's Water Supply Is Taken From Mexico

EL PASO.—Part of El Paso's underground water supply is drawn from Mexican territory across the Rio Grande, it was revealed by U. S. Geological Survey engineers.

A definite figure on the amount of water drawn from Mexico can not be set until completion of the survey some time this summer, A. M. Sayre, geologist in charge, explained.

The work is financed by co-operation of the U. S. Geological Survey and the El Paso water board, through the Texas board of water engineers. WPA supplies necessary labor.

The project's objective, Sayre said, is to determine whether El Paso is using natural water supplies faster than they are replenished by natural means.

James M. Ater, nicknamed the "Chula Vista Burbank" for his numerous experiments in plant breeding, has perfected what he calls a "lemon," which he says combines the flavor of the orange and the lemon into a delicious blend.

Ater has gone to the unusual length of patenting his new fruit, and is now considering crossing it with the lime to produce a still more complex product.

Explaining his method, Ater said he obtained wild orange trees and budded them with lemons.

Taking a cue from certain industrial machinery manufacturers, Ater plans to lease his trees rather than sell them if they prove feasible commercially, and collect a royalty as well.

The new fruit is superior to either the orange or the lemon in keeping properties, Ater said, and will remain in good condition 18 months after being picked.

Old-Time Woodman Bows to Modern Saw

CHEHALIS, Ore.—John Kehoe, 80-year-old woodsman, and Robert McNea, 40, a neighbor, have engaged in two contests to see who could cut more wood in a half hour's time. McNea used a drag-saw to cut the wood and an axe to split it. The old-timer used only an axe. The veteran lost the first contest by a close margin, but the second one was decisive enough to convince him.

Old Age Pension Requests Are Many, Some Humorous, Some Pathetic, But No Special Session Is Expected Soon

AUSTIN.—"As far as I know at this time, there won't be any session of the legislature," Governor James V. Allred of Austin flatly told newswriters this week.

That statement answered a new rumor, this time from Houston, that Allred planned another call before summer elections. Newsmen reported that legislators would be called back soon.

"Nothing new" has been the answer to each question, Pension Director Orville S. Carpenter has more than 100,000 applications on file, none confirmed for payment. July 1 is the deadline for checks to start rolling to eligible Texans past 65 years of age.

The demands of old age pensions alone will decide if the 44th legislature comes back during its final year, unless, of course, some unforeseen emergency arises. Observers are divided whether the people want another session. Reports to the governor's office indicate that the public backs the governor's stand.

From other sources come rumors that the voters—including the large per cent past 60 years of age (who vote free)—are uneasy over the prospect that pension payments will start under full sail by July 1. Opinion is diverse also on whether the legislature, if called, would be able to agree on a satisfactory revenue plan.

The old age assistance commission (dubbed in some quarters "the old age assurance commission") is busy these days trying to gather and check applications from all who think they can qualify for \$15 monthly aid. Present plans are to announce the approval of applications in a group. When the first announcement will come, pension officials won't say.

Another important chapter in the pension story is expected this week. The federal social security board will receive plans of the Texas commission to see if Uncle Sam will duplicate the payments.

Federal participation would mean a maximum of \$30 rather than \$15 for the old folks.

The commission was to mail a detailed report of their organization, rules, etc., to Washington for approval. The law was orally approved last December when Director Carpenter went to Washington.

Pathos and humor come in the daily mail at the pension offices located in the Texas Federation of Women's clubs building here.

"I have no property or means whatever; have no income or source of income; and there is no one under legal obligations to support or provide for me. I am stricken with heart failure," wrote one Texan, formerly high in state and national politics.

"I am not old—just lived a long time," was the cheerful note of one farmer-applicant. Wrote another: "ples tel me whether I have reserve my pension or not if you have sent me one I did not receive it." A third farmer reported that his family had gone: "One time (I) was doing very well, but now I am broke and have no place to go."

"People from all walks of life have asked for state aid during their declining years. One, a writer, said: 'Have remained in Texas, eating, sleeping, reading, writing, and selling a few stories, though most of them have been returned because the publisher did not like them as well as I did.'"

One correspondent described his bad health and worse fortune, addressing the letter to "Old Edge Pension Office." Many write of feeble health. One widow reported a "doubtful" income of \$5 a month.

Rites For Olden Man Conducted at Eastland Church

Funeral services for Robert Sellers, 59, who died in a Ranger hospital Saturday morning after a long illness, were held Saturday afternoon at 3 o'clock from the Church of Christ in Eastland with the Rev. John G. Bills, pastor of the church, officiating.

Burial for the Olden resident of more than 30 years was in the Eastland cemetery.

Survivors are the widow and two sons, R. L. and Owen Sellers, all of Olden.

Killingsworth, Cox & Co., Rankin, was in charge.

Fire In Ranger Does Very Little Damage

The Ranger fire department answered a call at noon Sunday when the home of Joe Dennis, Blundell street, caught on fire.

Damage to the home was estimated to be under \$50 and was confined to the exterior of the house, awnings and the window frames.

The structure collapsed more than two years ago and a ferry has been established.

The new structure, built of steel and concrete and costing \$350,000, will be more than 800 feet long and will be built where the old bridge was located.

The federal department of highways made an appropriation for the cost of the structure two years ago. The Oklahoma Highway commission is preparing the plans and it was believed that actual construction will begin within 60 days. A year or longer will be required before the job will be completed, engineers said.

COUNTY LOSES HIGHWAY MEN TO ABILENE

Transfer of Texas Highway Patrolmen Morgan Myers and Ernest Daniels from Eastland to Abilene as a result of a redistricting by Public Safety Department officials becomes effective Wednesday.

Myers and Daniels have located in Eastland since Dec. 15, 1931, patrolling a district which took them to Palo Pinto, Abilene, Stephenville, Breckenridge, Rising Star and Cross Plains.

They will be among six patrolmen and an inspector in the Abilene district which includes territory from Weatherford on the east to Big Spring on the west. Coleman, Brownwood, Hamilton, Haskell and Breckenridge are in the district.

The transferred patrolmen have cooperated with officers of Eastland, Ranger, Cisco and the county during their stay at Eastland.

Particular observation was made by the patrolmen to overloaded trucks.

Safety drives were conducted by them in cities of the county in cooperation with local officers.

Spanish-American Veterans Will Meet

All veterans of the Spanish-American war have been requested to attend the regular meeting of the camp, to be held at the American Legion hall, Ranger, on Sunday, April 5, at 2:30 p. m.

Regular routine of business will be conducted, new business will be taken up and arrangements made for the first summer outing. Visiting veterans are cordially invited to attend.

Ranger Wins All . . . Matches Sunday

Ranger made a clean sweep of the 11 matches played with Brady players in the first of the Mid-Texas Golf Association matches this year, the only close match being when Jack Mooney turned in a score of 1-up to win. The next closest was a 2-1 victory for Bob Earnest.

The individual scores of the matches were as follows:

Gid Faircloth won from D. A. Harkrider, 4-3.

H. G. Foy won from H. K. Adkins, 7-6.

J. S. Brimberry won from B. A. Hallum, 7-6.

H. H. Vaughn won from I. O. Mayhew, 6-5.

Jack Mooney won from L. Y. Collum, 1-up.

Roy Trower won from Pat Malone, 7-5.

Bob Earnest won from O. L. Whitefield, 2-1.

Frank Hicklin won from H. L. Wood, 6-5.

O. M. Moore won from Clyde Hall Jr., 8-7.

Elmer Norris Jr. won from Ira Mayhew Sr., 7-6.

R. H. Snyder won from Evans J. Adkins, 6-5.

Scout Rally at Eastland Mapped

Plans are in formation for a scout patrol and troop rally of the north section of the Comanche Trail Council at Eastland April 11.

The rally, to be held at the Eastland city park, will begin with a supper at 6:45 p. m.

"Much interest has been shown on the part of scouts and scouters held recently, and all scoutmasters of the north section are expected to have entrants in many of the contests to be held that night," Guy Guir, executive, stated in a letter from Brownwood.

The north section is composed of Eastland and Stephens counties.

Olden Home Burns Early On Monday

The pumper from the Ranger Fire Department answered a call in Olden shortly before 6:45 Monday morning when a home in the eastern part of the town burned.

The house was practically

From Our Washington Correspondent

In connection with a news story published in several Texas newspapers, Louise A. Marx, secretary to Congressman Thomas L. Blanton, submits the following answer to the article, written by Julien Capers, Jr., about Judge Garrett rendering aid to the passage of an appropriation of \$125,000,000 for the state highway appropriations:

Dear Editor: Last week in Baird, Stephenville, and other places, a Texas newspaper writer named Julien Capers, Jr., published an unfounded article incorrectly asserting:

"A favorable report from the House ways and means committee on an appropriation for \$125,000,000 to State highway programs marked a victory for the Texas Association of County Judges headed by Judge Garrett of Eastland. They appealed directly to Congressman Cannon," etc.

The following from Chairman Cannon shows how untrue is the above statement:

"Washington, D. C., March 16, 1936.

Dear Mrs. Marx: The article Julien Capers, Jr., sent your Texas newspapers is so absurd it is ridiculous. The Ways and Means Committee made no report whatever on the road provision in my recent bill passed by the House, and has nothing whatever to do with appropriations. Neither Clyde Garrett, nor any other county judge from Texas, had anything whatever to do with the appropriation for public roads carried in my bill, and in no way influenced any item in it. During the years Judge Blanton has been on the Appropriations Committee, he has heartily supported the appropriation made each year for improved highways in Texas, and he helped me to pass our Bill in the House. The appropriation for public roads in Texas would have been in the Bill if Clyde Garrett had never been born.—Clarence Cannon, Chairman."

Although Judge Blanton has been his friend for 30 years, Clyde Garrett did not come near our office while in Washington.

Judge Blanton sent Garrett a cordial invitation by Judge Oscar Dancy to be his guest at the Texas

I'M SOLD
It always works

Just do what hospitals do, and the doctors insist on. Use a good liquid laxative, and aid Nature to restore clocklike regularity without strain or ill effect.

A liquid can always be taken in gradually reduced doses. Reduced dosage is the real secret of relief from constipation.

Ask a doctor about this. Ask your druggist how very popular Dr. Caldwell's Syrup Pepsin has become. It gives the right kind of help, and right amount of help. Taking a little less each time, gives the bowels a chance to act of their own accord, until they are moving regularly and thoroughly without any help at all.

Dr. Caldwell's Syrup Pepsin contains senna and cascara—both natural laxatives that form no habit. The action is gentle, but sure. It will relieve any sluggishness or bilious condition due to constipation without upset.

Delegation's bi-monthly luncheon, but he asked to be excused, saying it would be impossible for him to attend, yet Clyde Garrett did appear at the luncheon later, and Judge Blanton cordially introduced him to the Texas members.

Judge Blanton clearly explained to said county judges that their trip would be without results, as for weeks he had been urging Harry Hopkins, and the President, to rescind their rule which prevented men not on relief from getting WPA jobs.

During this luncheon Congressman Milton West asked Judge Garrett, if he was supporting the Townsend Plan, and Clyde Garrett replied very emphatically that he was not.—Louise K. Marx, Secretary to Mr. Blanton.

Built to give you years of good service at low cost

THE ASSURANCE we offer you is not in words only—it is built into the very substance of the Ford V-8 itself. The Ford name is your certificate of quality and the car is its proof. It will serve you faithfully, economically and well for many thousands of miles.

Ford policy builds soundly and substantially, in the interest of the public. There are no experiments. Improvements are made on the firm foundation of experience. Everything new must prove its genuine value and lasting benefit before it is put into production.

A consistent plan controls all Ford manufacturing. There is no confusion in design or contradiction in practice. Certain proved principles are carried out in the Ford, the Lincoln, and the Lincoln-Zephyr. These three cars differ in price and purpose, but they are alike in important fundamentals. All have a full torque-tube drive . . . safe, sure mechanical brakes

actuated by solid-steel brake rods . . . double-acting shock absorbers . . . steel wheels . . . and Safety Glass throughout at no additional cost. All have the V-type engine.

By concentrating on this one type of engine, the Ford Motor Company has brought it to a new peak of efficiency. And created new, higher standards of motor car value.

"V-type" is the distinguishing mark of the world's finest power plants—on land, on water and in the air.

Precision Manufacture

Ford, Lincoln and Lincoln-Zephyr motor cars are made to unusually close precision limits and all to the same standards of mechanical accuracy. Inspection and production gages are checked constantly by Johansson Gage Blocks, recognized as the world's standard of measurement.

But like all monarchs left by subjects to their own devices have tended to become tyrants over the "after me the deluge" plan.

With the understanding of its effect on the soil it may still be a tremendously valuable crop. But the wise farmer will not plant and replant any piece of land in it year after year.

Instead he will cooperate with his government to preserve the nation's greatest national resource—rich, productive agricultural lands.

VERNON—"When my neighbor, J. E. Earnhart, terraced his farm and caught all the surplus water off my farm, I thought he did a foolish thing," says Fred Coburn of the Tohert community in Wilbarger county. "However, when harvest time came in 1935 and he gathered twice as many bales of cotton on the same number of acres as I did, I decided that terracing was not so disastrous." Mr. Coburn is terracing his land now, according to Fred Rennels, county agricultural agent.

Brady—E. K. Huffman, McCulloch county dairyman, increased the flow of milk from his 22 cows by 16 gallons per day when he opened his trench silo and added 20 pounds of silage daily to the ration of each cow. Huffman was one of the 13 McCulloch county farmers working with J. D. Previt, county agricultural agent, who each dug and filled a trench silo last fall.

Last Gap Closed in Giant Bay Span

Clinging to girders and dangling from cables, workmen in the upper photo appeared like flies as they completed the difficult job of "hooking up" the last arms of the world's largest cantilever bridge, the San Francisco-Oakland Bay span. Working on their precarious perches, the bridge crews hoisted two huge eyebars simultaneously and fastened them with pins weighing several tons each. In the lower photo the bridge is shown after the last gap had been closed, the arrow pointing to the juncture. Traffic will flow east from San Francisco across the tandem-suspension bridges, through the Yerba Buena tunnel, and across this cantilever span, 185 feet above high water.

DECATUR—By feeding 91 pigs for 36 days, Leon Atkinson of Wise county made a net profit of \$1,134, according to D. F. Eaton, county agricultural agent. The pigs averaged 140 pounds each when started. The hogs cost \$465,

cost of feed was \$279, and they brought \$1,868 when sold. The hogs consumed 360 bushels of corn, 3600 pounds of peanut meal, 1800 pounds of cotton seed meal and 1800 pounds of tankage. Atkinson attributes his success to good hogs, plenty of feed properly balanced and good care.

HENDERSON—Eighty-three cuttings were rooted. 15 trees were put out, three kinds of vines were used for screening, and 11 varieties of flowers were grown

by Mrs. A. R. Slaughter, 1935 yard improvement demonstrator for the New London home demonstration club of Rusk county, according to Miss Marie Wilmoth, assistant home demonstration agent.

As her soil was poor and rocky, Mrs. Slaughter filled in the yard with new top soil and soddied the lawn with bermuda. In the spring she rooted two cape jasmine, four crepe myrtle, two eunonymus, two pussy willows, and 25 each of abelia, wax leaf ligustrum, and amour river privet. In the fall, these plants were transplanted to the shrub beds.

The trees consisted of three red buds, three umbrella chinias, three sumacs, and six sycamores.

Dizzy Dean's 1936 contract, calling for a sum reported to be between \$22,500 and \$25,000, is all due to his lucky rabbit's foot, the eccentric right-hander of the St. Louis Cardinals declares. After holding out well into the spring, Diz signed for that handsome sum. Here he is admiring the bunny paw at the Cards' camp in Bradenton, Fla.

WHARTON—Discarded storage space in the bedroom of Elvira Martinez, bedroom demonstrator of the Pierce 4-H club in Wharton county, has been transformed into a convenient clothes closet for only 50 cents, according to Miss Della A. Pfluger, assistant home demonstration agent.

By adding a six inch board, the 18 inch closet was made large enough to hang the clothes as they

should be. The 45 inches of wasted space in the upper part of the closet was made usable for storing bedding by adding a partition and building a door. A rod was added and a shoe rack was built. Until her closet was remodeled, Elvira hung her clothes in another corner of the room with a curtain around them.

PRISONER OF SHARK ISLAND

AT THE CONNELLEE TODAY

Opening an exceptionally strong week's booking, the attraction, "Prisoner of Shark Island" will be shown at the Connellee today and Saturday. With Warner Baxter in the starring role, this historical and true story of the hectic days following the Civil war brings to the screen a vivid story of the life of Dr. Samuel Mudd, the man who was unjustly imprisoned as one of the Lincoln conspirators, and is an amazing document of man's inhumanity to man. Gloria Stuart plays the leading feminine role opposite Baxter and heads a strong supporting cast including O. P. Heggie, Claude Byron and Claude Gillingwater.

Opening Sunday for a two day engagement the attraction "Petticoat Fever" co-starring Myrna Loy and Robert Montgomery will be shown. Adapted from the successful stage play of the same name, this concerns a young wireless operator in an icebound Labrador station and a young girl fier who has become stranded due to weather conditions. Much comedy and humor is injected into this story and is an ideal vehicle for this pair who scored so heavily in co-starring roles in "When Ladies Meet."

On Tuesday and Wednesday the attraction "Big Brown Eyes" starring Joan Bennett will be shown. The Thursday attraction will be "Her Master's Voice," with Edward Everett Horton in the leading role.

"HIT AND RUN DRIVER"

A TIMELY SHORT SUBJECT

On the Connellee screen program for next Sunday in conjunction with the showing of "Petticoat Fever" the feature attraction, a most timely and interesting short subject will be shown. This short, "Hit and Run Driver" carries a convincing message and one that should be seen by everyone. With the number of lives taken by automobile accident is mounting each year this film has been endorsed by safety organizations everywhere as it tells a convincing story and shows the inevitable results of careless driving.

KNIT SUIT STYLE REVUE

AT CONNELLEE FRIDAY

Much interest is being shown in the Knit Suit Style Revue, which is scheduled to be presented at the Connellee Theatre on Friday night, April 10th, at 8:15 p. m. These suits will be modeled from the stage and with special lighting effects which will bring out the attractiveness of each suit. A prize of \$10.00 will be awarded to the model that is voted the most attractive. Jack Amlung's Orchestra will furnish the music for this occasion.

This revue is open to anyone

wishing to display a knitted suit and entrance blanks and full information can be had at the Connellee Theatre.

MONTGOMERY AND LOY

ARE CO-STARRED IN HIT

A new and potent starring team heads the cast of the sprightly Metro Goldwyn Mayer comedy, "Petticoat Fever," coming Sunday to the Connellee Theatre.

The team is Robert Montgomery and Myrna Loy, and this is their first picture since the memorable "When Ladies Meet," each having gone far in personal popularity since then.

"Petticoat Fever" was adapted by Harold Goldman from the famous Marx Reed play of the same name. George Fitzmaurice Directed and Frank Davis has given it the benefit of a brilliant production mounting.

It is a story of a wireless operator in a remote Labrador station. When an airplane runs out of gasoline and lands near his lonely tower he sees a white woman for the first time in a year, and a beautiful woman for the first time since he left England, two years before.

By refusing to send their messages, he holds the couple, who are engaged, virtual prisoners, meanwhile making love to the lady but with such charm and grace that she begins to like it. His future seems rosy until a girl to whom he was engaged two years before appears, confidently ready to marry him. The ensuing complication leads to a smashing surprise finish.

Reginald Owen, ranking character actor, plays the English baronet engaged to Myrna Loy. Others in the supporting cast are William Stack, Otto Yamaoka, Iris Yamaoka and Bo Ching.

Cedric Gibbons has supplied the production with realistic settings, both in interiors on the lot and exteriors taken on location.

Cement Production Is Above Last Year

AUSTIN—Cement production in Texas during February made highly satisfactory comparisons both with last year and the preceding month, according to the University of Texas Bureau of Business Research. Production, 375,000 barrels, was 70 per cent greater than February last year and 44 per cent above the preceding month. Shipments, 397,000 barrels, were up 73 per cent from a year ago and slightly above the month before. Stocks on hand Feb. 29 were 18 per cent below those of the like month last year and 3.3 per cent below those at the

It was announced that the Townsends would enter a candidate in the race against Representative C. Jasper Bell of Missouri, chairman of the investigating group.

end of January.

United States production made a less favorable showing than Texas. Production was up 13 per cent from February last year, but was 5 per cent under the preceding month. Shipments increased 7 per cent over last year but were 19 per cent below January. Stocks on hand February 29 were up 5 per cent and 11.3 per cent for the two comparable periods. Rated capacity operated in the nation was 16.4 and 16.1 per cent for February and January, 1936, respectively against 14.9 per cent in February last year.

Couple Married In Kaufman Jail Cell

KAUFMAN, Texas—A romance of months' duration resulted in a wedding in jail here with the sheriff and Mrs. John Keller as witnesses.

A few weeks ago a man, charged with chicken theft, was convicted,

sentenced to 60 days on the county farm, and fined \$100. He later escaped from the farm.

He returned to the jail with his intended bride, a Fort Worth girl. He told the sheriff he wanted to be married and said he would serve out the remainder of his term. He was accommodated in both instances.

After the marriage ceremony, the bride returned to her home and the prisoner to the jail cell.

QUEBEC NEAR ICE-AGE COLD MONTREAL.—If the average temperature of Quebec the year round could be lowered 41 degrees Fahrenheit, the province would revert to another ice age, Prof. Raoul Blanchard, of Grenoble University, said in a lecture here.

OATH TO KING REFUSED HAMILTON, Ont.—Because she refused to take the oath of allegiance to King Edward VIII, Alderman Agnes Sharpe may lose her seat on the city council. Her case has been referred to the Ontario government for a ruling.

"There is no talk for talk's sake in 'Modern Times'." Since it is a campaign year, the item undoubtedly refers to the moving picture.

CLEMENTS HAD OBJECTED TO TOWNSEND AD

By United Press

WASHINGTON, April 2.—Robert Clements, resigned Townsend official, today told the house inquiry of a fanciful suggestion he once made for a patent medicine advertisement that would feature an endorsement by Dr. F. E. Townsend and a picture of a "naked woman."

The adventure was described by Clements as an attempt at levity when House committee members questioned him about a letter he wrote to M. D. Cerg, Los Angeles, identified as advertising manager for the Townsend Weekly.

Clements wrote Cerg objecting to proof for a patent medicine advertisement. He went on to say he

had never taken the pills taken in the ad.

"But Dr. Townsend said he has taken them by the handful and they cured him of everything," Clements wrote.

Californian Well Pleased With Bride Gov. Allred Found

By United Press

AUSTIN, April 2.—Samuel Frank, California Legionnaire, today thanked Gov. James Allred of Texas for helping him find "the best and most beautiful" girl in the world and proposed to marry her publicly at the Texas Centennial Exposition.

Frank, a former Fort Worth and Denver minister, wrote Allred asking aid in finding a Dixie bride, preferably a Texan. Allred turned the letter over to newspapermen and the stories brought widespread correspondence.

OBITUARY

IN MEMORIAM

On Feb. 25, 1936, death called from our midst John D. McRae who passed away at the beautiful McRae home in the city of Eastland, Texas. His demise was the culmination of a most extraordinary fight covering the last dozen years against the ravages of disease. Undoubtedly in controlling his manner of life by sheer will power and intelligent thought he was enabled to prolong his years far beyond the time ordinarily to be expected from the onset of his health troubles.

On February 26, the Eastland County Bar Association held a meeting at which practically all its members were present. A committee composed of the signers hereof was appointed to draft suitable resolutions on the death of

Mr. McRae, expressing the sense of the Association. In pursuance of that appointment we report that John D. McRae was born at Mount Holly, Union County, Arkansas, on April 12, 1869. He was the son of John M. and Eliza Dews McRae, members of Scotch families whose early home was in North Carolina. John D. was reared on the family plantation in southern Arkansas, having received his education in private schools and at Mt. Holly College, a private academy. Later he attended Washington & Lee University where he took an active interest in athletics and other university enterprises. He was awarded a gold medal in one of the University's annual oratorical contests, a very signal honor in that great institution. During summer vacations he worked in surveying parties, including the one that surveyed the Cherokee strip in the Indian Territory, McRae being among the government men in charge when this strip was opened to homesteaders, an historical event in the history of that State and of the Southwest. At one time he served as acting secretary to Hon. Thomas C. McRae, his double cousin, while the latter was a member of Congress from southwestern Arkansas, and who later became Governor of said State.

After graduation from Washington & Lee University, Mr. McRae sought to promote his fortunes in the State of Texas and located at Waxahachie where he became first associated at different times in law partnerships with Judge J. W. Ferris, Judge A. C. Lumpkin, and Hon. Bowd Farrer. He served one term as County Attorney of Ellis County.

At the beginning of the Spanish American War in 1898, John D. McRae organized Company D of the North Texas Volunteer Infantry, as whose captain he served for the duration of the war.

On October 24, 1903, he married Miss Mattie Graham, of Waxahachie, who survives him.

At the beginning of the oil boom in this section, clients of Mr. McRae became interested in large and varied enterprises here and prevailed upon him to locate here better to serve their interests. He at once achieved high rank among the members of the legal profession in this part of Texas. As a member of the firm of Conner & McRae, Mr. McRae has been connected with some of the most important litigation in the State. Notwithstanding the demands his profession made upon his time and

abilities he has contributed liberally to the civic and other enterprises in our town dependent upon public spirit for support.

Therefore, on behalf of the Eastland County Bar Association be it resolved:

That in the death of John D. McRae the State of Texas has lost a great man and one of its most worthy citizens;

That Eastland County and the city of Eastland have lost a civic leader whose place may not readily be filled;

That the Eastland County Bar Association has been deprived of one of its most stalwart members who has contributed in a very exceptional degree to its prestige in the past, and will greatly miss his support and counsel in matters of public and professional interest;

That a legion of those who knew him well have lost a most sincere and loyal friend;

Resolved further that the Association extend to Mrs. McRae, the widow, and to Mr. Hamilton McRae, the nephew and law partner, our profound sympathy;

That a copy of this resolution be spread upon the minutes of both our district courts and a copy be furnished to Mrs. McRae and to the press.

O. C. FUNDERBURK,
CYRUS B. FROST,
VIRGIL T. SEABERRY,
Committee.

OAK GROVE

J. E. Cannaday of Oak Grove had the misfortune to get his right hand injured severely while working on a well pump four weeks ago and has not been able to use it to write any news for all this time.

Some things have happened that deserve mention, if they are a little late.

For instance Mr. Osmer Milford of this place and Miss Pearl Walker of Rising Star were married on Feb. 19. Mrs. Milford is the daughter of Mr. and Mrs. John Walker and lived in this community all her life until about three years ago and Osmer is the son of Mr. and Mrs. Fred Milford. We join their many friends in wishing them a long and a prosperous journey on the sea of matrimony.

This community has been blessed with two good rains this month, the last one coming last Sunday was a light rain but will do a lot of good. Most of our farmers have planted corn and the season in the

land is sufficient to germinate the seed, and unless something unforeseen happens farmers will get a good stand this year.

A fine crop of fruit is setting on and there is hoping no damaging weather conditions come now to destroy the prospect.

Claude Cobb and Marvin D. Hall were business visitors in Rising Star Tuesday of this week.

Mr. and Mrs. Hoyl Reed were shopping in Eastland Tuesday.

Mrs. Maud Pierce of Breckenridge was a visitor in the home of

her parents, Mr. and Mrs. W. Y. Reed, a few days this week.

Mrs. W. Y. Reed has been on the sick list for near a month but is greatly improved at this time.

Mr. and Mrs. Morris Milford arrived here from Cooper, Texas, last Saturday and are at home for the present with his parents, Mr. and Mrs. Fred Milford. Morris is an old resident of Eastland county and was recently married at Cooper. Mrs. Milford is here for her first visit of Middle West since Texas and was introduced to her

first sand storm on arrival. We gladly welcome them to our community and wish for them the very best the world can give.

Mr. and Mrs. Tommie Culwell and family of Okra were visiting Mrs. Culwell's father and mother, Fred Milford and wife, last Sunday.

In the matter of politics, it seems, army officers should be yes-men. Even the radio major confided himself to "all right, all right."

AS A TEXAN, WHAT WOULD YOU SAY?

YOU ARE NOT PRISONERS OF WAR, BUT TRAITORS TO MEXICO! YOU ARE TO BE SHOT DOWN LIKE DOGS

? (What would you say? Write your answer, in 25 words or less, on the coupon below or on a separate sheet of paper.)

This Picture Tells The Story of the Massacre at Goliad, March 27, 1836. Col. James W. Fannin, with 371 Texans, surrendered to the Mexican army after a two-day fight on Coleto Creek. The Texans were marched back to Goliad, where they were treacherously shot down en masse. Only 20 of the 371 escaped. If you had been one of these Texans what would you have said when told you were to be shot? See the small sketch to the right.

Girls! Boys! Women! Men! Enter this great Texas Centennial Contest!

DON'T wait! Send in your entry today! Everyone has a chance to win a big cash prize! Loads of fun... and educational, too!

There will be seven more contests... one contest each week for seven weeks. Every week there will be awarded 59 cash prizes! Watch next Friday's paper for next week's contest. You will want to compete for

the cash prizes in each of these contests!

General Foods, makers of the famous Post Cereals, is happy to sponsor this unique contest to help promote greater interest in, and better understanding of, Texas history. General Foods has a particular interest in this glorious history because C. W. Post, who originated the Post Cereal line, was a son of Texas.

THE ALL-STAR FAVORITE CEREALS OF THE LONE STAR STATE!

When you taste the crisp golden flakes of Post Toasties, you'll agree it's the finest breakfast treat you ever had. Made from the tender, sweet little hearts of the corn where most of the flavor is. Each golden flake is toasted double crisp, so it keeps its crunchy goodness longer in milk or cream. Known by Texans as the "Better Corn Flakes!"

GRAPE-NUTS FLAKES... the famous food Grape-Nuts, in flake form.

POST'S 40% BRAN FLAKES... delicious nut-brown flakes.

GRAPE-NUTS... crisp and crunchy—with a rich, nut-like flavor all its own.

POST'S WHOLE BRAN... tempting full-strength bran, relieves constipation due to insufficient bulk.

MUSKIES... the new whole wheat flakes with a brand-new flavor.

TEDDY ROOSEVELT SAID:

"Destroy our homes and you destroy the American Constitution."

The Ex-President meant the sanctity of the place of abode, but we also must have the physical structure along with the other component parts to have the home complete.

Home ownership in America and especially in the South is increasing rapidly. People are buying homes because they are still the ideal investment from every standpoint; then interest rates are down some and we have a plan that one can buy on easy monthly terms and actually pay out in a definite number of years.

NINETEEN ARE KILLED IN A GEORGIA GALE

By United Press
CORDELE, Ga., April 2.—Cutting a three-block swath entirely through the city of Cordele, a tornado today killed at least 19 persons, injured scores and caused \$500,000 property damage.

Hundreds were without homes as the storm slashed a lane about seven miles through Crisp county and Cordele.

The city stadium was turned into a hospital for the injured. Ambulances rushed others to Macon and Americus.

The Red Cross dispatched disaster workers to the stricken city. Gov. Eugene Talmadge stood ready to give any aid needed. It was possible national guards might be called for.

The tornado was the worst of a series of storms that swept the south. Concord, N. C., was struck by a tornado today, with \$100,000 property damage resulting. A check did not indicate anyone was seriously injured.

Another storm struck last night near Athens, Ga., causing about \$5,000 damage and killing some cattle. No loss of life occurred, according to first reports.

Power lines were down in Cordele and the city was without power. The storm struck here, its worst blows in the residential section and a negro district.

Two schools were demolished. An eye witnesses said the scene of destruction was terrible, with many homes reduced to kindling.

"The storm swept through the town but did not hit the business section. The dead and injured are being removed," the witness said.

After smashing through this city of about 7,000, the storm also struck a little settlement five miles east of here and it was reported great damage was done there, also.

Says He's Loser as Townsend Aide

"Besides giving my full time to the Townsend movement, I am thousands of dollars out of pocket," telegraphed Edward J. Margrett (above), the Townsendites' San Francisco area manager, to the House Committee which is investigating the nation-wide movement. Margrett said that his commissions even exceeded the \$1,800 to \$2,100 a month at which they had been reported by Committee Counsel James R. Sullivan, but that out of those sums he had to pay all employees' salaries and other expenses in his area.

LUBBOCK, Texas, April 2.—Virgil Stalcup, Panhandle badman, was sentenced today to die in the electric chair at the penitentiary May 4. Stalcup was convicted on charges of murdering Sheriff W. B. Arthur in a jailbreak at Dickens in October, 1934.

BORN THIRTY YEARS TOO SOON

Legal Lights in Tampa Trial

Postponing decision on the plea of the defense for a change of venue, Judge Robert T. Dewell ordered attorneys to proceed with the selection of jurors for the trial of three Tampa, Fla., policemen on charges of kidnapping, through false arrest, Joseph Shoemaker, a labor leader, who later was beaten to death. Pictured at the trial are, left to right, Pat Whitaker, defense attorney; Judge Dewell, and State Attorney J. Rex Farrior.

Job Vanishes

Although she conquered her appetite to lose 30 pounds which made her ineligible for a job, Miss Rose Freistater of Bronx, N. Y., pictured after reducing to 150 pounds, has been refused a license to teach by Dr. Frank P. Graves, of the State Commission of Education. She delayed too long in making her appeal from the Board of Examiners' ruling, he said.

Returning to Slaying Trial Ordeal

Tears and hysterical sobs made Vera Stretz the center of attention in the courtroom where she is on trial as slayer of Dr. Fritz Gebhardt, her German importer employer and sweetheart, even while witnesses told the grim events attending his death. The cultured, blonde defendant is shown on her way to court in a picture made through the iron grill of the Criminal Courts building in New York.

CHANCES FOR BRUNO SEEM TO BE BETTER

By United Press
TRENTON, N. J., April 2.—Bruno Hauptmann's chances of escaping the electric chair tomorrow night, increased today as the Mercer county grand jury opened new lines of inquiry in its consideration of the Lindbergh baby murder.

Gov. Harold Hoffman, who believes Hauptmann did not commit the crime alone, went before the grand jury, indicating their investigation might extend beyond 8 p. m. Friday.

There was no official word from the jury as to how far it would inquire into the murder and the case of Paul Wendel who wrote and then repudiated a confession of the crime.

But with the appearance of the governor to urge that the mystery be solved before Hauptmann is put to death; with the preparations of Attorney General David Wilentz to go before the jury in opposition to any such delay; and with reports that Dr. John Condon, who paid \$50,000 ransom to the kidnapers just four years ago today, would be called, there was every indication the jury would be unable to complete its inquiry before the hour now set for Hauptmann's death.

Wilentz, Supt. of State Police Norman Swartzoff, and Prosecutor Anthony Hauck made every effort to force the grand jury to drop the murder charge against Wendel and permit Hauptmann to go to the chair this week.

COME SEE A CAR THAT'S BIGGER THAN ITS INCHES!

A SIXTEEN-FOOT tape won't measure the bumper-to-bumper stretch of a Buick Special and a yardstick gets lost in its back-seat headroom space.

But what yardstick have you for power so smooth, so quiet, so effortless that only the song of the wind in your ears tells you how swiftly you are flying?

How can you measure steadiness, and that down-to-earth sort of road-hugging travel that makes you feel so much more secure in a Buick, no matter what your pace?

What gauge have you for pride of ownership, or your wife's delight in a car that is more manageable than her knitting needles?
