Barbecue And Entertainment To Feature Annual Get-Together

Co-Op Stages Its 23rd Annual Meeting Tuesday

Barbecue to be served at 7:00 p.m. Tuesday will launch the 23rd annual membership meeting of the Southwest Texas Electric Co-Op, with hundreds of members and guests from the far-flung area served by the lines expected to be on hand. The meeting will be held as usual on the Court House lawn, with the business sessions following at the Memorial Building. There will be many Co-Op members on hand who will report having attended all 22 previous meetings; this meeting is always a highlight of the summer here in Eldorado.

Last year the 4-H boys and girls assisted Orland Harris in serving over 800 people, and a crowd as large or larger is expected this year.

From 8:00 to 8:30, entertainment will be provided. Newt Heilscher of Shreveport, La., an outstanding humorist and speaker, will serve as both Master of Ceremonies for the program and the entertainment.

At 8:30, the business meeting will begin and continue until 9:00 for purpose of hearing reports, election of directors, and to take care of any business that may come before the meeting.

Two directors are to be elected to fill the expiring terms of President W. W. Sheen of Menard and Treasurer Joe M. Christian of Eldorado. The nominating committee, Arch Mittel, Gerald Hartgraves, and W. R. Bearce have nominated Mr. Sheen and Mr. Christian for re-election.

A four-page form letter giving the financial reports for the Co-Op for the past year was mailed to all members last week, for their study ahead of the meeting time. Also, a registration card was enclosed that each member is to fill out and bring to the meeting. This is expected to speed registration, and is an innovation this year.

Drawing for door prizes donated by suppliers will close the evening.

August of 1968 finds 2540 miles of line energized and 2730 meters, compared with 2470 miles of line and 2615 meters a year ago.

BACK FROM MEXICO

The Bob Joyces and Robby have returned from Mexico. This was their third trip to Mexico but the first in their mobile trailer. They visited Saltillo, Zacatecas, Guadalajara, Leon, Guanajuato and San Luis Potosi. While in San Luis Potosi they stopped and had a short visit with Jack Shugart, formerly of Eldorado. Bob and Glenda said his Sands Motel there was beautiful. The Joyces drove to the little fishing village of Barra de Navidad on the Pacific Ocean. It was like a picture of Tahiti. While there a beach boy taught Robby "surf boating."

They drove some 2,400 miles in Mexico and reported that most of this was in cool climates which was much enjoyed. Glenda spent much of the trip "antique and junk hunting." Guanajuato was their favorite place and they are anxiously awaiting next year's vacation to return there. The Joyces reported that trailer traveling is the "greatest"!

Rabid Fox Killed

A fox was found to be rabid Tuesday at the state lab in Austin after its head was sent off on the morning flight from San Angelo by Sheriff Orval Edmiston.

The fox came up to the house on the C. O. Bruton place Monday where it bit a cat. The fox and the cat were both killed and the fox head was removed for testing.

Sheriff Edmiston received the positive report shortly after noon Tuesday. He urges all residents here, especially those in the neighborhood of the Bruton place, to be on the lookout for strange acting animals.

Hospital Directors Hold Brief Meeting

Hospital directors met in regular session Monday night with five members present—Enochs and Mittel being absent.

A representative from West Texas Office Supply of San Angelo was present to submit bids on office furniture and equipment, and the directors took his bid under consideration.

Beyond that only routine business, such as approval of several bills, came before the meeting which was concluded in about 30 minutes.

The Rev. D. G. Salter and family spent the week end in San Antonio where they visited his parents and attended HemisFair.

Funeral Tuesday For Edwin Childers

Edwin O. Childers, 59, of Eldorado, was dead on arrival at Shannon hospital in San Angelo at 12:50 a.m. Monday after an apparent heart attack.

He worked the past several years for Northern Natural Gas Co. here and formerly worked for Cooper Gas.

Funeral services were held at 4:00 p.m. Tuesday in the First Baptist church of Eldorado. Interment was made in the cemetery here under direction of Ratliff-Kerbow Funeral Home.

The Rev. Kenneth Vaughan, the church pastor, officiated at the funeral. Mrs. John Stigler accompanied a choir which rendered two selections.

Masonic rites were conducted at the graveside.

Mr. Childers was born July 28, 1909, in McCulloch county. He was married to Thelma Anderson Feb. 26, 1931. He was a member of the First Christian Church of Eldorado, the Masonic Lodge, and the Order of the Eastern Star.

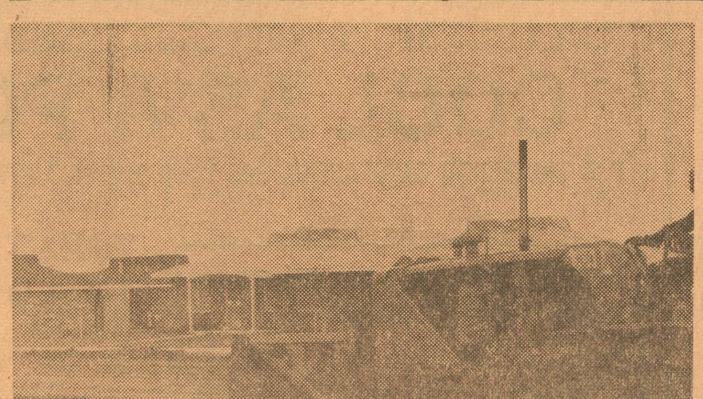

He is survived by his wife; three daughters, Mrs. C. W. Suddeth of Carrollton, Mrs. K. G. Willy of Maysfield, and Mrs. Joe W. Phillips of Los Alamos, N.M.; two sons, David O. Childers and Pat Childers of Eldorado; his mother, Mrs. Arthur Crouch of Brady; four sisters, Mrs. Charles New of Austin, Mrs. F. W. Bradshaw of Dripping Springs, Mrs. Gayle Wade of Brady and Mrs. T. A. Moore of Belton; one brother, Cecil Childers of San Saba; and 10 grandchildren.

The program is to be held August 17th from 1:30 p.m. to 3:30 p.m. at the Memorial Building.

Over Four Inches Of Rain In July

The average rain report supplied by Lloyd Johnson which appears on page 5, credits the month of July with 4.23 inches.

Total for the first seven months comes to 15.04 inches.

NOW IN ASIA

Mr. and Mrs. Delbert Edmiston report a new address for their son, Jerry, who is in the Navy and stationed now somewhere in the Vietnam area:

Jerry Edmiston YNSN-B-7-13310
N-1 Div., 3rd NCB
FPO, San Francisco 9695

Post Script

This has been a much wetter than usual year over the county, rainfall-wise.

Residents of some parts of Eldorado report a problem with mosquitoes. Mosquitoes breed in water, and stagnant water left in cans or other containers on vacant lots provide an ideal place for them to hatch. Also, ditches and other low places in which water stands for any length of time following a rain can well become mosquito breeding places.

Local residents should make effort to keep their residential premises clean and free of weeds, as well as containers that can catch and hold water.

The City Council met in regular session Tuesday night and agreed to have the sewer "pond" on the northeast edge of town sprayed in order to keep mosquitoes down.

Mayor Eldon Calk and his aldermen urge each local resident to do his part to help alleviate the mosquito problem.

R. V. Sheppard and Sammy Dannheim are completing deals today (Wed.) for purchase of property on the highway across from Java Junction Cafe. Deal will include building and corner lot from Lester Nixon, and an adjoining vacant lot from the Townsite Company.

Plans are to develop the property into a used car sales and related business.

This coming Monday the County Commissioners will meet in session, and a major item on the agenda is the raising of salaries for most of the officials. The hearing is set for 10:00 a.m. and it remains to be seen if any citizens attend to protest. (Not likely.)

The legal notice was run in the Success last week and the issue before that, and gives raises of 10% to Sheriff, Treasurer, County Attorney, and Justice of the Peace. Commissioners are slated for $300 hikes annually. Salaries of a number of other clerical employees and deputies in the court house were also raised recently.

Another important matter of business on the agenda for the Commissioners at their August sessions will be realigning of County Commissioner Precinct lines.

For many years Eldorado has been in Precinct 1, with Precincts 2, 3, and 4 each having a hundred or less voters. A time or so in the past, the lines were re-set to corner in Eldorado, and were subsequently changed back by vote of the Commissioners.

Recently, a test case went from Midland to the Supreme Court, which ruled that county commissioner precinct boundaries would have to be based on population. This, in effect, made the edict apply to all counties over the nation.

It is assumed that the Angelo highway will provide the north-south boundary line, but the Court may have to do some studying about the east-west lines.

At any rate, it seems that in the future all four Commissioners will have to work for their share of town votes when election time rolls around.

The citizens of Schleicher County represented by County Judge J. T. Ratliff, Eldorado, now hold the Charles E. Davidson award which is presented each year by West Texas Boys Ranch. The Davidson award, in honor of Charles E. The Ranch, which is operated solely from free-will donations, is presently providing for the needs of 86 West Texas boys.

The trophy, inscribed, "To the outstanding county for service to West Texas Boys Ranch based on population giving," was presented to Judge Ratliff by Boys Ranch Mayor Doug Vandiver, 16, from Midland, both shown in above photo.

The trophy will remain in the courthouse at Eldorado for the forthcoming year. The Davidson Award was first awarded to Irion County in 1965 and then to Gaines County in 1966.

3. Plow fire guards around ranch.

Great Society's poverty was was very properly ridiculed the other day when it developed that OEO had made a grant of $272,443 to what was called "Connecticut Law Reform, Inc." of Windsor, Conn. The money was supposed to finance a 12-month program "to coordinate legal services to low income families."

A nosey reporter tried to locate the Law Reform office, but to no avail. The name didn't appear in the Windsor telephone book. Town officials at Windsor had never heard of it. LeRoy Jones, Connecticut's Commissioner whose department contains the state OEO organization, said he hadn't heard of it.

Finally, light streaked through the clouds! It turned out that the address of the newly created paper corporation to which the grant was made was the same as the home address of an OEO legal services "consultant." Apparently the lawyer who was to get the hand-out had dreamed up the "Law Reform, Inc." title without bothering to incorporate.

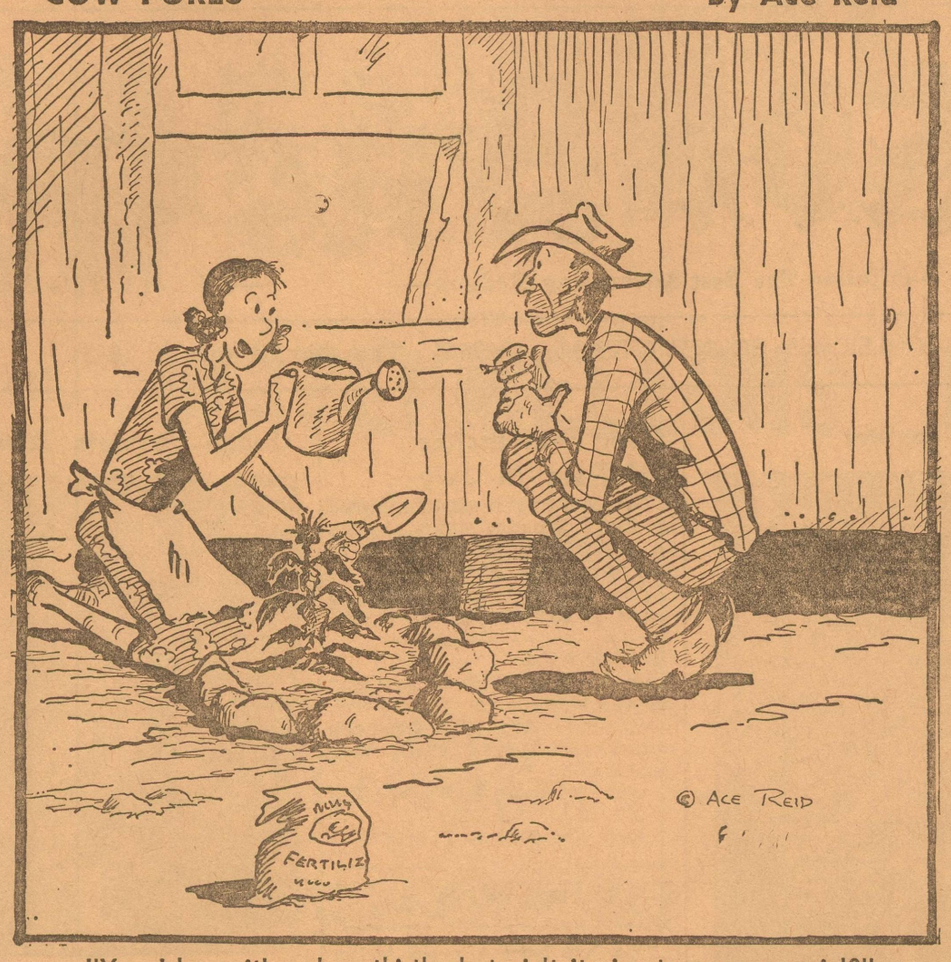

It also turned out that although, with appropriate ballyhoo, Senator Ribicoff and Rep. St. Onge, both of Connecticut, had announced the grant, the check had not been sent before the stink was raised. Now OEO says it will withhold the money until the paper corporation is formally incorporated. Then supposedly OEO will dish out the dough—despite protests from a number of us.

Student radicals who take part in campus racial disturbances will not be eligible for Federal loans and grants in the future, if the recent House action is approved in the Senate. The curb on student rioters was written into a two-year college aid program.

Similar action was taken by the House in May, but the administration is reported to have wanted the prohibition softened. When the watered-down version was debated the House inserted the mandatory language—which should cramp the style of some of the campus trouble-makers.

Home Demonstration Agent's Column
By MRS. VIDA KREKLOW

The following poem has more truth than poetry in it; a part of the opening exercise and brought by Mrs. W. C. Parks to a recent meeting of Home Demonstration women. Quite a lesson is found in its lines.

You Tell On Yourself

You tell on yourself by the friends you seek,
By the very manner in which you speak,
By the way you employ your leisure time,
By the use you make of dollar and dime.
You tell what you are by the things you wear,
By the spirit in which your burdens you bear,
By the kind of things at which you laugh,
By the records you play on the phonograph.
You tell what you are by the way you walk,
By the things of which you delight to talk,
By the manner in which you bear defeat,
By so simple a thing as how you eat.
By the books you choose from the well filled shelf;
In these ways and more, you tell on yourself.
So there's really no particle of sense
In an effort to keep up false pretense.

A child is not a lump of clay to be molded or a pitcher to be poured into but a growing plant to be nurtured, loved and cared for. This is the first step in understanding young children, according to Jennie Kitching, Extension family life education specialist.

But also learn to understand their behavior, says the Texas A&M University specialist. Parents must be aware of what their children are telling by their behavior yet they should not put every little act or expression under a microscope.

A child's behavior communicates more than his talk, according to Miss Kitching. The keys to understanding this are reserving judgment, avoiding labels, accepting personality differences and being aware that the apparent cause of an incident may not be the real one.

In trying the discover the meaning of behavior, Miss Kitching points out some of the obstacles. Common is labeling automatically a kind of behavior which does not tell why he is behaving as he is.

For example, if he rejects a suggestion it may not be "stubborn" or if he fails to be up and doing it may not be "lazy." Perhaps he is stubborn about getting dressed in the morning because he is not eager to go to school.

Giving labels to behavior and putting actions into categories prevent understanding and give us too easy an out, says Miss Kitching. Relieving anxiety and worry with a handy phrase often drains the need to do something more constructive than to praise or blame.

"She just wants attention", "He'll grow out of it" are common phrases that may block further exploration of a child's actions.

Yet, the specialist points out another factor in understanding children and deciphering their behavior: the parent's makeup. Everyone is in trouble if the parent's emotions differ from the child.

Too, the connection between a behavior and its cause is not always obvious.

Have a wide-angle approach to understanding children, suggests Miss Kitching. A certain behavior may have several possible causes. A nightmare could be caused by too much candy or a television program—or something else.

But the family life specialist urged parents not to interpret a child's behavior to him before he has a chance to realize it himself.

Given a little time, he might figure out his feelings and put them into his own words, a much bigger contribution to growing.

You must respect a child's rights to some emotional privacy, said Miss Kitching. He should be free to have feelings and fantasies without uncomfortably sensing an ever-watchful eye always ready to read something into every tone of voice or bit of play.

I hope all of you readers have been by the club house and viewed the beautiful carpet. It certainly adds to the beauty of the Club House. Other additions expected this week are a hot water heater donated by the W. G. Godwins; an air conditioner donated by Pat Wester (the motor by Bob Bradley) and repair to the roof by Ken Elliott Roofing of San Angelo. The roof does not leak, but is discolored and could be prettier. Mr. Elliott has volunteered to "make the roof pretty" and "fix it nice" for no charge whatsoever. He will work on the roof in his "spare" time so it may be sometime before that project is complete. We do wish to say a GREAT BIG THANK YOU to all of these persons. We do appreciate your interest and gift very much.

Also this week Oran Enochs has "volunteered" to build four benches for use at the tee boxes at the Golf Course. Foxworth-Galbraith Lumber Co. will donate the material and Oran will do the labor. We do appreciate this gesture and know that we will enjoy the benches very much. Thank you Oran and Skeet!

* * *

A couple of "good fairies" appeared at the Golf Course with markers for the tee boxes—Red for the Front Tees and White for the Back Tees. These "good fairies" made the markers themselves and placed them on the Tee Boxes. Don't they look nice? (Thank you Ralph and Mary.)

* * *

All the greens have been assigned to "caretakers" now, all nine of them. If you have not been asked to work on a green and would like to help out, we would love to have you. Just pick out the one you want to work on and they will be glad to have your help.

Green assignments are as follows:

Old No. 1, Hext-Kinser-Waldron.
New No. 1, Hall-W. Page-Vaughan.
Old No. 2, Bland-Pearce-Whitaker.
Old No. 3, Wester-Preston.
Old No. 4, Godwin-Taylor.
Old No. 5, Childers-Rogers-Bailey.
New No. 5, Mittel-Peters-Pat Enochs.
Old No. 6, Ratliff-White.
New No. 6, Calk, McMillan-Rosford.

* * *

There is an article in the paper elsewhere regarding the interest in forming a Duplicate Bridge Club. If you are interested in this project, call Beverly or Gerald Childers or you may sign the sheet at the Club House. The "street talk" response has been good so this may prove to be the "thing" we have been looking for.

Hearing Seeks To Close Rail Depot

Hearing was held in Austin Monday on Santa Fe's application to discontinue their depot here in Eldorado.

Texas Railroad Commission Examiner James Cowden will recommend that the Atchison, Topeka, and Santa Fe be allowed to dispose of the local facility.

Apparently there were no protests in person at the hearing during which William A. Gibson of Topeka, a special accountant for Santa Fe, testified that the railroad is losing money on the station, and is not considering petroleum shipments from the nearby Hulldale terminal.

He said that incoming revenue matched against expenses shows a $5,213 loss. With the Hulldale revenues, profits are $10,547.

The superintendent of Santa Fe's West Texas division, J. P. Spears of Slaton, said that there are no regularly scheduled trains through Eldorado and that only three pass through town every week, usually on Monday, Wednesday, and Friday.

Santa Fe wants to dispose of the large station building, and the resident agent will be transferred elsewhere. The cotton loading platform and stock pens would be left intact.

Local rail customers would deal with Santa Fe by collect long-distance telephone calls to agencies at San Angelo and Sonora, and the rail property here would become a "prepaid freight station."

The Schleicher County Commissioners Court and several businessmen sent letters of protest on the proposed closing to the hearing some time ago.

Santa Fe has served this area since 1930 with their line south from San Angelo.

Sunday morning Bob Joyce had another nice catfish on his trotline at Lake Nasworthy, an 11-pounder. July 14th Robby caught a 10-lb. catfish on the same trotline. In the last month Bob, Robby, and Bob's father, Noel Joyce, of Lake Nasworthy, have caught a little over 80 lbs. of catfish. Most of these were caught with "Giant Grasshoppers."

Fall Money Projects Slated By Lions Club

Boss Lion C. T. Humphries presided at the meeting yesterday of the Lions Club, and two money-raising projects for the coming Fall season were approved.

The club voted to sell Halloween candy again this October. This is a project that has been done for the past several years. Granvil Hext was named chairman of arrangements.

The second project approved was the Broom and Mop Sale which will again be held this Fall, probably in November. The date will be announced later.

The club has projects to raise funds from time to time to be used for the many community projects with which it is connected.

For the program yesterday, Jimmy Mercer and Rusty Meador discussed the Eagle Band trip to Dallas in June and showed some slides taken by Guy Whitaker.

At the beginning of the meeting, Bill Rountree led singing of "America" accompanied by Rusty at the piano, Bob Bradley led Flag salute, and D. G. Salter gave invocation.

Guests included Early Foster Jr., Amarillo; Graham Bridges, San Angelo; Sam Shehan, Midland; C. A. Ward of Olney, and Bob Helmers and Phil Olson of Eldorado. They were introduced by Rev. D. G. Salter.

Duplicate Bridge Inquiry Made

Are you interested in playing Duplicate Bridge? With the completion of the El Dorado Golf Club in sight, we are contemplating the beginning of Duplicate Bridge if we have enough people interested in playing.

Information concerning the planning and setting up of Duplicate Bridge has been ordered so as soon as we receive your response we will know if it is a workable project to undertake.

If you are interested in playing, please call Beverly or Gerald Childers or Ernestine Hext and give them your name. There will also be a sheet at the club house that you may sign if you wish to participate in this new project. The cost will be nominal—probably 50c per person for each session—probably two sessions each month.

Don't put off responding to this project—call today!

County Extension News

W. G. Godwin, Co. Agent

Care and attention are necessary to keep flowering annuals looking attractive until frost. Here are suggestions which can help do the job:

1. Remove all faded flowers to prevent seed production. If plants are allowed to set seed, the flowering period will be shortened.
2. Don't be alarmed if the plants wilt slightly in mid-afternoon. This is the natural method of preventing excessive moisture loss.
3. When soil is dry, water thoroughly, soaking the soil to a depth of 5 to 6 inches. Allow it to become slightly dry before watering again. Use a mulch to conserve moisture.
4. To encourage new growth, cut back drastically. This is especially true of petunias as they have a tendency to become tall and leggy.
5. Stake tall-growing annuals to prevent damage from high winds or heavy rains.
6. Maintain a disease prevention program to fight off mildew and leaf spots. A copy of MP-574, available from the county Extension office, lists other details.
7. Apply a complete fertilizer every 4 to 6 weeks.

Due to the competitive price, wheat could become a suitable substitute for feed grain in the livestock ration.

Up to 50% of the grain portion of the ration may be wheat. More than this is not advisable since wheat is a heavy feed and forms a paste in the mouth and stomach of the animal.

Protein from wheat can be used as satisfactorily as protein from other sources in balancing a ration. Wheat has about 105% the feeding value of corn.

The outer covering of wheat is hard, therefore it should be coarsely ground or rolled before feeding.

Last year, of each dollar the American spent for day-to-day living, he spent about one-fifth or 20 cents for food. If he compared the part he spent for food with his total income, he spent an average of 15 cents of each dollar of income (before taxes). He spent an average of 18 cents of each dollar of income (after taxes).

These facts are quotable: Since the end of World War II, our population has grown by 55 million or 37%. Our gross national product went from $230 billion to more than $800 billion. More than 20 million people left the countryside for the city. A third of the total population left the city and settled in suburbia. Nearly 3 million farms disappeared in the technological revolution that swept—and is still sweeping—through agriculture.

Now 7 out of 10 Americans live on just 2% of the land and only 57 million people, less than 3 out of 10, live on 98% of the land.

No screwworm cases have been confirmed in the county up to Saturday of last week. However, we are anxiously awaiting the outcome of samples submitted the last few days.

Reporting is all ranchers' job. Vigilance is the key word and should be foremost in all producers' minds.

The screwworm program has been worth slightly over $2 million dollars since 1962 to the producers of the county.

Thanks to the ones that have submitted screwworm vials to the laboratory at Mission, Texas.

What America needs is more young people who will carry on their jobs with the same enthusiasm for getting ahead that they display in traffic.

Mr. and Mrs. Nolan Applegate and three daughters, Sheryl, Susan and Sarah, of Willow Hill, Illinois, spent Thursday and Friday here with Mrs. Bertha Wilson. They went on to Goldsmith where they joined Mr. and Mrs. Grover Lee Johnson on a two weeks vacation trip to points in New Mexico, Arizona and Colorado.

Mr. and Mrs. Roy Andrews had as recent visitors Mrs. Annie Hight and Mrs. Nellie Hight and Mrs. Allie Wilson, all of London. Also Miss Debbie Hight of Menard visited them.

Austin, Tex.—Like the general cost of living, the price of outdoor recreation is going up for Texans. But the outdoorsmen will be getting more for their money.

However, the decision by the Texas Parks & Wildlife Commission to set entrance fees on 42 state parks did not mean an end to use fees.

In addition to a $1-per-car daily charge for entrance to 30 of the most-developed parks in the state system and 50-cents-per-car for some others, Texans and out-of-state visitors still will pay use fees for campsites, shelters, recreation halls, cabins, lodges, swimming pools and for fishing piers at Copano Bay and Port Lavaca.

But the dual fee system was designed to serve a dual purpose. The entrance fees, which are expected to draw $9 million over the 10 years beginning September 1, will be used to pay off principal and interest on the first parks improvement and acquisition bond issue by the Parks & Wildlife Commission.

Gov. John Connally, who urged the bond financing program, hailed the commission's action as the "opening step to bring a first class parks system within easy reach of every citizen of Texas." He said the 10-year land acquisition program that is contemplated will more than double the 60,000 acres of park land and bring recreation facilities within easy reach of every major metropolitan area.

Last November, voters approved an amendment to the state constitution which authorizes the Commission to issue up to $75 million in parks revenue bonds so that parks expansion can catch up with the state's population growth.

Sometime after September 1 the Commission will issue $5.75 million worth of bonds, and it will take about $7.5 million to pay them off.

But the bond program can only apply to new parks lands. Initial developments with bonds funds will be in a 120-mile radius of the state's 10 largest metropolitan areas.

Although PWC declined to state where the first funds will be spent, sources speculated that the initial developments may be at Velasco, Matagorda Island, Grapevine Reservoir, a five-mile "wild river" stretch along the Guadalupe River, White River Reservoir and in Jefferson county.

Under the entrance-fee plan, a family paying a $1-per-car entrance fee can go to as many $1 and 50-cent parks in that day as they can and care to attend. But they could buy what Parks & Wildlife Executive Director Robert Singleton considers a big bargain—a $12-a-year pass to all parks. Annual permits will be acceptable in all facilities charging fees except San Jose Mission in San Antonio, Verner-Hogg Plantation and Eisenhower State Park where present fee schedules will continue. Swimming pool fees also will remain unchanged.

State Highway Commission looked to better recreational facilities, too, and approved new parks roads for Atlanta State Park and Caddo Lake State Park, as well as $100,000 worth of "arbor projects" in 12 roadside parks along Texas highways.

Appointments . . .

Governor Connally appointed Memphis attorney Jack B. Boone district attorney of the 100th judicial district whihc includes Carson, Collingsworth, Childress, Donley and Hall counties.

Connally also named Dr. Herbert C. McKee of Houston and Dr. Wendell H. Hamrick of Dickinson to the Texas Air Control Board and Ray A. Foley to the Dallas County Flood Control District board.

New assistant district supervisor positions were announced by the Liquor Control Board for John R. Bacak of Kerrville, who will be stationed in Victoria; Donnie R. Hunter of Odessa, who will transfer to Corpus Christi; and Joe McCarthy who will remain in El Paso.

Department of Public Safety selected Elmer J. Terrell Jr. of Fort Worth as acting agent-in-charge of its narcotics section. Six agents in the section are retiring, including the present Agent-in-Charge, W. E. Naylor. DPS named as new Texas Rangers L. C. White of Beaumont and Henry B. Ligon of Kerrville.

Tilmon Barnett of Lockhart is DPS' first Negro officer. He is assigned to the capitol security guard.

House Speaker Ben Barnes named a blue-ribbon committee to study Texas employment wages and economic problems. Callan Graham of Austin is chairman. Lay members include Gustave Falk of Dallas, Harold Kilpatrick of Austin, Dean George Kozmetsky of the University of Texas, Austin, and Dean H. O. Kunkel of Texas A&M University. Legislator members are Reps. Raul Longoria of Edinburg, Honore Ligarde of Laredo, Raul Muniz of El Paso, Ralph Wayne of Plainview and the Rev. Zan Holmes of Dallas.

Barnes picked Reps. Menton Murray of Harlingen and Bill Clayton of Springlake to represent Texas on July 31-August 1 at the Southern Water Resources Conference in Miami.

HemisFair Notes . . .

World's Largest Movie Screen May Be Viewed At HemisFair

San Antonio, Tex.—The world's largest movie screen telling the story of the United States in a dramatic but controversial fashion is only one-half of the $6.75 million United States exhibit rated among the "must-see" items at the San Antonio World's Fair.

The movie "US" has drawn most of the comment—some good and some bad—but the 25-minute film is the last part of an interesting trip through history and future promise contained in the beautiful structures.

Attendance in the Exhibits Building is equally as high as that for the movie. Visitors climb a hardwood ramp named "Discovery Trail" onto the deck of "All People's Ship", a section complete with rigging, sounds of the sea and waves.

Through the arc-shaped hall, visitors trace the development of America, ending with a side show that has drawn praise on its own. As fair-goers leave the building they can see themselves on two closed-circuit television screens — each with its own place in the continuing attempt to involve the person.

Across the migration courtyard is the film drawing all the attention and comments from every dignitary visiting the World's Fair.

Mrs. Lyndon B. Johnson was the first to comment after viewing "US" on opening day. To the first lady, the film told too many problems and gave no hint of the solutions.

There has been plenty more, but the favorable comment is outdistancing the criticism. Most foreign dignitaries praise the country for being "big enough" to air its problems to the public at a World's Fair, and the unique presentation in which three 400-seat theaters suddenly become one with 1,200 seats intrigues everyone.

As many people are enjoying the exterior as the interior of the huge complex, walking leisurely through the sculpture backgrounded by the migration fountain.

The garden provides a relaxing contrast to the modern architecture of the two buildings. Many fair-goers relax in the grass under long-standing pecan trees, listening to the mockingbirds sing.

More than 10 pieces of modern sculpture await art-lovers. The collection contains works by such well-known artists as Pablo Picasso, Isamu Noguchi and Ruben Nakian.

The fountain has 60 metal birds and splashing waters giving them the illusion of actually flying.

Veterans To Be Served At Tower Restaurant

A lunch atop the Tower of the Americas at the San Antonio World's Fair awaits each of the 400 disabled Vietnam veterans at Brooke Army Medical Center in San Antonio.

The list of honoree, all Purple Heart awardees, includes even stretcher cases.

Unless investments authorized herein are hereafter further restricted by an Act of the Legislature, no more than one per cent (1%) of the book value of the total assets of the Employees Retirement System shall be invested in the stock of any one (1) corporation, nor shall more than five per cent (5%) of the voting stock of any one (1) corporation be owned; and provided further, that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid cash dividends for ten (10) consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Securities and Exchange Commission or its successors; and provided further, that not less than twenty-five per cent (25%) at any one time of the book value of investments of said Fund shall be invested in Government and Municipal Securities as enumerated above.
