CAR DEMOLISHED—Collision of the car above and a milk truck in a grinding, head-on wreck about 10:00 o'clock last night on the Roby highway left the car in the demolished condition shown above. Jerry Lee Sifford, 18, Redwood Courts, Snyder, had cuts about his head and a broken rib, but was not considered in serious condition. (Lee Watson photograph)

SPILLED MILK—The heavy semi-trailer milk truck above could have spilled its milk last night when all wheels were knocked from under it by the impact of a head-on collision with an automobile. Johnny Lee Barthold, 25, Muenster, driver, was not seriously injured. The wreck occurred 11 miles east of Snyder on the Roby highway. (Lee Watson photograph)

Two Persons Suffer Injuries In Accident East Of Snyder

A car and truck did several hundred dollars worth of damage to each other last night as they collided at about 10:30 p.m. 11 miles east of Snyder on U. S. Highway 180.

Neither of the drivers was seriously injured. One, Jerry Lee Sifford, 18, of Redwood Courts, had cuts about his head and a broken rib. The other, Johnny Lee Barthold, 25, of Muenster, suffered shock and bruises.

Jim Kinser, highway patrolman, said Sifford was driving a 1954 Chevrolet sedan and Barthold a 1956 Ford milk tanker owned by North Texas Producers of Muenster.

The truck was headed east, the car west. Kinser said Sifford topped a hill asleep and his car was on the wrong side of the road, with the left wheel on the left shoulder. As the car approached the truck, it moved back onto the pavement.

The car struck the truck at the right front fender and dragged all the way along the right side of the tractor and trailer, knocking the wheels from under the trailer. The car was demolished.

Both men were taken to Cogdell Memorial Hospital by Bell ambulance.

Working with Kinser on investigation were Sheriff Earl Abercrombie, Deputy Dan Calloway, and Highway Patrolman Arthur Dyson.

Kinser early yesterday morning investigated another accidnet in which the driver fell asleep. D. Gordon Fowler, 27, of Colorado City, was driving a 1951 Plymouth sedan when he fell asleep on the East Highway in front of the Starlite Drive-In.

His car crossed the road, hit a telephone pole and bounced into a concrete slab, then moved back across the highway. Damage to the car was total.

Kinser said he filed justice court charges in each wreck for driving on the wrong side of the road.

Prisoner Is 'Lost' In Houston's Jail

HOUSTON (AP)—A prisoner who had been "lost" in county jail for over three months finally brought himself to official attention yesterday with a letter.

"I have been in here for at least three months and half and has (sic) not been indicted, nor has (sic) I been to any trial," Vince Wilson, 20, wrote to assistant chief deputy Loyd Frazier.

Wilson was jailed July 2 on a burglary charge but had remained in the "unarrested" file in Justice of Peace W. C. Ragan's court. A foul-up in communications between the jail and the court was blamed.

His trial was then set for Monday.

Argument Results In Stabbing At Dallas

DALLAS (AP)—Wymon Smith and a friend got into an argument yesterday.

The friend went home, got a knife and stabbed Wymon in the stomach. Wymon was considered in fair condition at a hospital.

Both boys are 6 years old.

Italian Airmen Take Off On Goodwill Tour

DALLAS (AP)—Two Italian airmen took off today on their cross-country goodwill tour in a light single engine plane in which they flew the Atlantic.

They are Maner Lualdi, 45, and Ruggiero Ruggierei, 36, whose trip is sponsored by the italian government.

They were forced to lay over here an extra day after developing radio trouble.

Lualdi said they expected to reach Los Angeles today.

AFTER SPUTNIK APPEARANCE

Santa Claus Changes Plans

NEW YORK (AP) — Retailers, stocked to the hilt with Christmas toys, are in something of a tizzy over Sputnik.

Even Santa Claus has changed his plans.

In Allentown, Pa., Hess Brothers department store is making a last-minute switch in arrangements for its annual Christmas party. Instead of gliding down on the Allentown Fairgrounds in a helicopter, Santa will make a dramatic appearance aboard a motorized satellite.

"Our designers are working on it now," says the store.

Macy's New York department store is doing what it calls a "real rush job" on a new section in the toy department completely devoted to interplanetary space. It will feature such things as earth satellite balloons (39 cents), geophysical computers ($1.98) and satellite battle stations ($3.98). Also a 20-inch vinyl, plastic globe ($12.98).

"We've pushed up our plans," explains a store official. "We hope to have the space toy section ready this weekend."

Not to be outdone, Gimbel Bros. is running full-page newspaper ads proclaiming: "Not even the Russians have this satellite launcher or sky sweeper."

In the first week of its stellar gyrations, Sputnik has brought about a veritable boom in sales of binoculars, telescopes and science fiction.

Bamberger's department store in Newark, N.J., advises newspaper readers via full-page ads to "watch for the world's first satellite Monday" (when Sputnik is scheduled to streak across the Newark skies). To make the watching easier, Bamberger's offers a full line of spy glasses ranging from $4.99 to $69.99 each.

Book stores report demand for tomes and treatises dealing with interplanetary flight. Favorites include a one-time Book-of-the-Month Club selection, "Exploration of Space" by British scientist Arthur C. Clark, and Arthur S. Locke's "Principles of Guided Missile Design."

Sufficient Money May Not Be Available For Session

AUSTIN (AP) — Atty. Gen. Will Wilson said today he hopes to have an answer later today on whether or not there will be money legally available to finance the special Legislature starting Monday.

Comptroller Robert Calvert notified Gov. Price Daniel that he must have a legal go - ahead from Wilson before he can approve special session expense checks from regular session appropriations. Wilson said he hoped to have the opinion quickly.

Calvert at the same time forecast that there will be a general revenue fund deficit of $6,458,307 by Aug. 31, 1959 — the end of the current fiscal two - year period. That is a problem with no bearing on the special session, but one which must be faced when the Legislature meets in January 1959.

Daniel has insisted there is enough money available to finance the special session starting Monday and has promised that he will not submit a tax bill to pay its expenses. He called the session to pass tighter lobby laws, finish the water program, enact stricter influence-practice laws, and study crime prevention.

If the attorney general rules that money appropriated by the regular session earlier this year may be used to pay expenses of the special session, there will be no problem. The money is on hand. But the comptroller's question to the attorney general in essence was whether or not it could be used—under language of the bill—for the special session.

Daniel was not available for comment. He called a news conference for 3:15 p.m.

Should the attorney general rule that legislators' salaries and other expenses of the special session cannot be paid from funds on hand for regular sessions, several alternatives face the lawmakers.

They might, by four-fifths vote, approve legislative expenses on a deficit basis. They might find the money in some special fund, and vote a transfer, or work out some form of reallocation. They might be able to use money from the governor's deficiency fund.

These alternatives were pointed out by Kenneth Kimbro, statistician for the comptroller.

Kimbrown said the comptroller could not now certify funds for special session expenses, out of the regular session appropriation, without an approving opinion from the attorney general. That meant that so far as the state's disbursing officer is concerned, no legislative salaries can be paid without attorney general's approval.

A formal report went to the governor from the comptroller, as required before each session of the Legislature.

It gave a dark outlook. If the welfare amendment to the Constitution is adopted in November, the deficit facing the next Legislature would be increased by $5,600,000 to $12,000,000.

Kimbro said oil revenues are decreasing under the 12-day allowable and estimates of the cost of state services approved by the last session have increased.

TO SEEK ORDER

Group Seeking To Bar Hoffa

WASHINGTON (AP) — Attorneys for a rank-and-file Teamsters union group said they intend to apply for a federal court order later today barring James R. Hoffa from taking office as Teamsters president.

The law firm of Dodd, Kaplan and Schmidt said it will seek the order this afternoon from Federal District Court Judge F. Dickinson Letts.

The firm represents a 13-man Teamsters member group from New York city which has a suit pending challenging validity of the recent Teamsters union convention at Miami Beach, Fla., on grounds delegates were illegally handpicked to rig the union elections for Hoffa.

Hoffa and a slate of candidates were overwhelmingly elected as new officers at the convention. Hoffa is due to take over the union presidency from Dave Beck, who has said he will resign any time Hoffa wants to assume the helm of the scandal-rocked union.

Hoffa and Beck both have figured prominently in the scandals developed by the Senate Rackets Investigating Committee. Because of the disclosures the AFL-CIO is expected to suspend the Teamsters from AFL-CIO membership on Oct. 24.

Sen. McClellan (D-Ark), chairman of the investigating committee, said earlier that Beck enabled Hoffa to win the Miami election by dictating disregard of the union's constitution.

The senator said records of the convention's Credentials Committee "reveal some situations which are just plain scandalous."

SPOT MUSE

FALL WEATHER was here again last night. The thermometer dropped to 43 degrees in Snyder, which matched the low mark of the season recorded early last week. Cotton farmers are keeping their fingers crossd and hoping for a few more days of warmer weather and at least two more weeks of sunshine before the autumn season gets a toe hold.

BORDEN COUNTY Sheriff Sid Reeder spent a large part of a day this week looking for a county truck which had been stolen while it was on a job in one part of the county. It ended up in another part of the county near Gail, abandoned. Looked like someone just wanted a ride.

Meeting Held On Missiles

WASHINGTON (AP) — The U. S. Missile program and dollars to speed it up were discussed at White House meetings today between President Eisenhower and key advisors.

First, there was a half-hour meeting between the President, Secretary of Defense Neil McElroy and William M. Holaday, the Pentagon's missile chief.

Then Eisenhower met with his Cabinet.

The White House would not [illegible] meetings.

The Pentagon announced last night it will continue testing—on a speed-up basis—two versions of the intercontinental intermediate range ballistic missile. One was developed by the Army, the other by the Air Force.

Red 'Moon' Seen Again In America

WASHINGTON (AP) — American sky watchers reported sighting the Russian earth satellite again today as it made three early morning passes over the United States.

The man-made moon, apparently undeterred by a shower of fragments, neared the end of its first week aloft still circling the earth once every 96.1 minutes.

The Naval Research Laboratory here said Sputnik made three high-speed passes over the United States this morning, and will return three times tonight.

The New Haven, Conn., moonwatch team, which first spotted the satellite yesterday, reported that it saw two objects streaking through the sky this morning—presumably Sputnik and a part of the rocket that propelled the moonlet into its orbit.

Watchers at the Astrophysical Observatory of the Smithsonian Institution in Cambridge, Mass., also apparently caught a momentary glimpse of the satellite.

Two students at Rensselaer Polytechnic institute, Troy, N. Y., also said they sighted it shortly before dawn.

Sputnik has traveled more than 2½ million miles, according to Soviet estimates, since the Russians shot it into the upper air last Friday.

Dr. Fred L. Whipple, director of the Cambridge Observatory, said there had been no observation to indicate a third object is speeding around the globe. The Russians have said the satellite's protective nose cone also is orbiting, as well as the spent rocket.

Whipple voiced hope that a huge satellite tracking camera at Pasadena Calif., will be ready when the sphere makes two passes over the Far West today.

Foundation Board To Meet Here Monday

The board of directors of the Scurry County Industrial Foundation will meet at 3:30 p.m. Monday at the Chamber of Commerce office.

Lyle Deflebach is president of the organization.

A committee of board members headed by Theo Lamb is to make a report on the compiling of a list of out-of-town industrialists who will be invited to a luncheon here later.

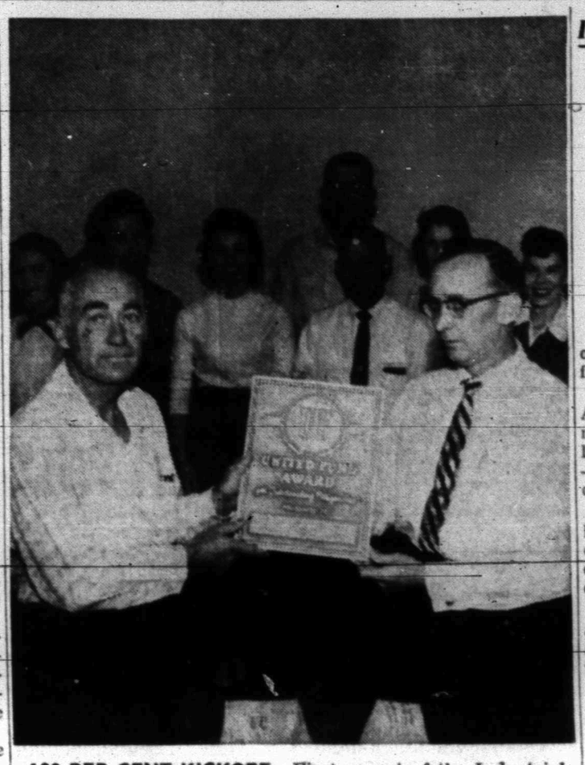

A number of routine reports are to be made.

WEATHER

SNYDER TEMPERATURES: High Thursday, 71 degrees; low, 43 degrees; reading at 7:30 a.m. today, 45 degrees.

East, South Central and North Central Texas — Cloudy to partly cloudy through Saturday. No important temperature changes.

UF Drive Total Now Is $22,000

Scurry County's 1957 United Fund drive neared the end of its second week today and had raised a total of slightly more than $22,000.

The drive is still almost $17,000 short of its goal of $38,904.

All divisions are still working, however, and one, the county-wide division, has not yet kicked off.

Four divisions are well along toward completing their drives, however. They are advance gifts, general business, business employes, and schools.

The industrial employe division kicked off late this week and will not make first reports until early next week. The branch house drive is still getting out letters to home offices of many Snyder businesses and will not be getting reports back for some time.

IN MONTREAL

Dionne Quint Is Wed

MONTREAL (AP) — Annette Dionne today became the first of the famed Dionne quintuplets to wed.

She was married to Germain Allard in a simple, intimate ceremony amid the splendors of a million dollar Roman Catholic Church—Notre Dame de la Salette in downtown Montreal.

The Rev. Germain-Marie Lalande, provincial of the Fathers of the Holy Cross, performed the ceremony and celebrated the wedding mass.

Only the parents of the bride and bridegroom and a few guests, about 20 in all, were invited to the wedding and reception.

Annette is 23 and her husband, a finance company agent, is 24. They tried to keep the wedding as quiet as their two-year courtship. The plans for their wedding leaked out only this week.

Annette was given in marriage by her father, Oliva, Dionne, who drove here last night with Mrs. Dionne from their home in North Bay, Ont. Pierre Allard, father of the groom, was best man.

The marriage is a second separation for the quints. They were grief stricken in 1954 when their sister Emilie died during an epileptic seizure at Ste. Agathe, Que.

Today Cecile and Marie Dionne sat side by side in one of the front pews. Yvonne, fourth of the surviving quints, was in a hospital with the flu.

Annette wore a brown suit, a beige feather hat and carried matching accessories. The bridegroom's suit was cut from the same cloth.

Annette carried red roses, and the church was decorated with fall flowers.

'The Body' Burned

SAN FRANCISCO (AP) — Marie Macdonald went on with her act at the Fairmont Hotel in spite of second degree burns suffered when she spilled hot tea on her leg.

Johnnie Lee Jackson Dies In Home Here

Funeral arrangements were pending this morning for Johnnie Lee Jackson, 44, who died at his home at 1204 Thirty-fourth Street at 12:40 p.m. Thursday.

Mr. Jackson was a native of Taylor, but had lived in Scurry County since 1924.

He is survived by his wife, Mrs. Bessie Jackson of Snyder, and his father, George Jackson of Fort Worth.

Funeral arrangements will be made at the Bell Funeral Home.

CHOW TIME—Snyder businessmen played host to 71 from Borden County last night at Gail in a farmer-businessman supper, sponsored by the agriculture committee of the Chamber of Commerce. A total of 57 Snyder businessmen attended.

OIL ROUNDUP

Scurry Field Gets Extender

Trice Production Co. has completed its No. 1 Hill to extend the Tri-Rue (Canyon Reef) field in Southwest Scurry County.

The new producer made a daily potential of 216 barrels of 43 gravity oil through perforations from 6,918-32. The production was returned through a 14-64 inch choke. Gas-oil ratio was 960-1.

The Canyon Reef was topped at 6,910 feet, and the pay section was acidized with 500 gallons of mud acid.

The well is located 1,650 feet from the south and 2,310 feet from the west lines of section 170, block 97, H&TC, or seven miles southwest of Snyder.

The former Richard B Ham No. 4 Towle, located in section 102, block 3, H&TC, which had indicated possible production from the Canyon Reef, has been taken over by the Southland Royalty Co. The No. 1 Towle returned 17 barrels of oil and two barrels of water during an unreported length of time through perforations at 7,1161-44feet.

NOLAN COUNTY

A quarter-mile north extension and the second Ellenburger producer has been assured in the Beckham Strawn and Ellenburger pool at TXL Oil Corp. Midland No. 1-C Nolan Fee. It flowed 240 barrels of oil in 24 hours on chokes ranging from 13-64 to 20-64 inch in size. The flow was through perforations at 6,224-48 feet.

The location is in section 69, block 20, T&P Survey, or six miles south of Strent. No tests had been reported from the Strawn formation.

Court Order Is Used To Move Drilling Rig

KOUNTZE, Tex. (AP)—It took a court order to get a drilling contractor's $75,000 rig off the property of a militant southeast Texas rancher.

Rancher Oscar Goins said he was convinced that driller J. P. Owens had struck oil. He strung a wire fence across the entrance to the lease and stood guard with a deer rifle for most of three days.

On Owens' petition, Dist. Judge H. A. Coe ordered Goins to remove the fence yesterday. Sheriff William Whitaker delivered the order and said he cut the wire after Goins refused.

Owens then hauled the rig away.

New Russian Device Tested

WASHINGTON (AP) — Russia has tested another nuclear device at a point north of the Arctic Circle, the Atomic Energy Commission reports.

In a brief announcement yesterday, the AEC said:

"Another nuclear test has been conducted in the current Soviet series, the latest test was a small explosion on Oct. 10 at a site north of the Arctic Circle."

The current Soviet tests started Aug. 23. The AEC also has reported a Sept. 9 blast of moderate size, and Sept. 25 explosion which AEC indicated was a hydrogen weapon.

IN INTEGRATION CRISIS

Alger Seeking Talk With Ike

WASHINGTON (AP) — Republican Rep. Bruce R. Alger of Texas and four other Southern GOP House members yesterday asked the White House for a conference to talk over "the entire Little Rock situation with a view to the withdrawal of federal troops."

"Our group will be available on any date convenient to you," the group wired President Eisenhower.

"We would, however, appreciate at least 24 hours' advance notice to enable some of us to reach Washington from our representative congressional districts."

Other signers included Reps. Broyhill of Virginia, Cramer of Florida, Jonas of North Carolina and Poff of Virginia.

Alger said in Dallas last night that the matter "is above party politics."

"We want to go to Washington as Southerners, get the facts, carefully analyze them and then offer the President whatever help possible," he said.

"It must be recognized that the integration problem is a sectional one that cuts across party lines.

"None of us in the South approves of force. You cannot legislate customs and morals.

"In fact, the use of force may antagonize law abiding citizens. We Americans are not used to being pushed around. We are law abiding. And we in the South bow to nobody as law abiding citizens."

"One of the things I would like determined is if it was constitutionally right to send in the troops," he said.

"Beyond this concern is this question: Why the haste in sending troops to Little Rock? For the answer to this and other questions I would appreciate learning the contents of the 400-page FBI report given the federal judge in Little Rock just before his ruling that integration must proceed.

"Did the judge feel that integration could go forward peacefully after reading the report?

"It is my feeling that if we Southerners are to help solve the problem, or even take a firm stand on the Little Rock situation, we must have the facts. These are presumably in the report.

"There is another gap in the link that we do not have, as I see it.

"Gov. Faubus of Arkansas claimed that he had evidence that there would be violence if forced integration was attempted. What was his evidence?"

Kansas City News Stands Are Raided

KANSAS CITY (AP)—Raiding squads swooshed through a distributing house and five news stands yesterday confiscating everything in sight that had to do with sex and the barely adorned female figure.

They took magazines, books, photographs, pamphlets and calendars.

No one was arrested and Chief of Police Bernard C. Brannon explained the idea is to get the material itself into court for a judicial ruling on what is objectionable.

Woman Dies In Electric Chair For Rat Poisoning Death Of 6

MONTGOMERY, Ala. (AP) — A plump, 50-year-old waitress who killed three daughters, her mother and two husbands with rat poison died in the electric chair early today.

She left behind a wish for her body to be turned over to a medical institution. She said she wanted it learned "why I committed the crimes I have committed."

Mrs. Rhonda Belle Martin died clutching a New Testament in her left hand.

Mrs. Martin was put to death for the poisoning of her fourth husband, Claude C. Martin, in 1951.

After her arrest in March 1956, she signed a statement admitting that she fed rat poison to two other husbands, three of her children and her mother.

Her fifth husband, Ronald Martin, survived the poisoning but the other victims died. Ronald Martin is the son of the victim for whose killing the waitress paid with her life.

Prison officials yesterday found in Mrs. Martin's Bible a note she had written Oct. 14, 1956. It was turned over to authorities at Kilby Prison, where the electrocution was carried out.

The note said:

"At my death, whether it be a natural death or otherwise, I want my body to be given to some scientific institution to be used as they see fit, but especially to see if someone can find out why I committed the crimes I have committed.

"I can't understand it, for I had no reason whatsoever. There is definitely something wrong. Can't someone find it and save someone else the agony I have been through."

The condemned woman was strapped in the chair at 12:07 a.m. and received 2,200 volts of electricity three minutes later after one false start. When the switch was thrown the first time, it was discovered the electrodes hadn't been plugged into the chair and the task had to be repeated.

Gov. James E. Folsom denied an appeal for clemency yesterday.

Besides Claude Martin, the woman admitted poisoning her second husband George Garett in 1939. She also told of feeding rat poison to three daughters, 3-year-old Emogene Garrett in 1937; Anna Carolyn Garrett, 6, in 1940; and Ellyn Elizabeth Garrett, 11, in 1943. She also admitted that she killed her mother Mrs. Mary Frances Gibbon in 1944.

Her written statement said she had small insurance policies on the lives of all six victims. She was tried only for the death of Claude Martin.

ONE KILLED

Ranch Town Is Hit By Gunman

PAISLEY, Ore. (AP) — Gunmen walked into this little ranch town's post office yesterday. In the next 15 minutes, they robbed it, pistol-whipped a woman and killed a 60-year-old man who tried to stop them.

After the gunmen fled in a car, a posse of more than 150 rifle-bearing men set out after the gunmen. Roadblocks sprang up.

The gunmen abandoned their car and fled on foot through the brushy prairie.

A man later was shot in the shoulder by the posse near a ranch. At a hospital in nearby Lakeview, under police guard, he told officers his name is Donald Ferguson. He said he is 32 and from Bakersfield, Calif. He said nothing more.

State police said they were not certain how many persons were in the gang that robbed the post office and killed John T. Lawson, a plumber. Estimates of the number of gunmen ranged from two to four.

Lawson yesterday was walking near the post office when an unidentified woman shouted that it was being robbed.

Lawson ran to his car and grabbed a rifle. As he reached the front door of the post office, one of the gunmen shot once and killed him.

Mrs. Anita Bannister, the postmaster, said that 15 minutes earlier a man entered the post office and flashed a pistol.

"He threatened to kill me several times . . . pushing me around and hitting me on the head with his gun. Three women came into the post office after that and that man just lined them up against the wall," she said.

A second guman later entered, took money from the safe and left. It was then Mrs. Bannister heard the shot.

Mrs. Bannister said the gunmen got only a small amount of money and an undetermined number of blank money orders.

PAULA MILLER
. . .New York's only Woman barge captain

MODEL CAPTAINS BARGE

You never can tell what life can hand you, says blonde, photogenic Paula Muller, who started her working career as a fashion model in London and now is New York City's only woman barge captian.

At the start of World War II, Paula was modeling high-fashion creations for the dressmaking house of Peter Russell in London. How she swapped her sequinned evening gowns for a seagoing cap and dungarees is a story that must be told in her own words.

"It was in 1941," says Paula, "that the top fashion houses in London decided to send a group of models on a tour of neutral countires, to promote interest in British fashions. I was sent to Argentina, and from there arrived in New York just for a visit before going home to England. I took one look at the skyscrapers and the shop windows and decided this was for me. I got admitted on an immigration quota from South America and never went back.

"During the war I did all kinds of things, including running a 12-ton electrical crane in Bridgeport, Conn. One time I took a vacation in Florida and tried my hand at deep-sea fishing. I've never been the same since. I got acquainted with the charter-boat captain at Marathon Key, Fla., and persuaded him to give me a job as mate. And that's what I've been doing ever since.

"I work at Montauk Point, Long Island, in the summers and in Florida in the winters. Sometimes I pilot a private yacht down the inland waterways from New York to Florida, and then work on a charter boat there during the season, taking outfishing parties.

"There's nothing like the excitement of getting a big sailfish on the line and pitting your skill against his strength and cunning. There's nothing like the sun and salt air and the freedom of the open sea. I love it. And I'd never want to go back to modeling, even if I could."

Paula's present job as a barge captain is temporary. She was hired by James Hughes, head of a New York barge company, to take over a 135-foot barge on which has been built a replica of a tropical island in the Bahamas which is to be given away as first prize in a treasure island contest by those ingritiating TV characters, Bert and Harry Piel. The sight of an island, complete with palm trees and thatched huts, tied up to a Manhattan dock, with Paula in command, has caused some consternation among unsuspecting motorists along the waterfront highway, but then you're likely to see anyting in New York.

"Barges are all right," says Paula. "Gives you a sense of power. But as soon as I finish this job I'm off to Florida again, to get acquainted with my fish."

Mrs. Miller Hostess To O'Neil Circle

The O'Neil Circle of the First Baptist Church met Tuesday at 9:30 a.m. with Mrs. Durwood Miller, 503 Thirty-second Street.

Mrs. James Luedecke, chairman, gave the first chapter of "Mission Study."

Coffee and rolls were served to Mrs. Lowell Bearden, Mrs. Alvin Giesler, Mrs. Tommy Ivison, Mrs. Amon Weaver and Mrs. Luedecke.

The next meeting will be held in the home of Mrs. Lowell Bearden, 1802 Twenty-eighth Street, at 9:30 a.m. on Oct. 15. "Bible Study" will be the program study.

Ideal costume for a mature autumn bride would be a silver lace sheath worn with matching jacket collared in mink or chinchilla.

Busy Teen Thrilled By Capitol Trip

BETTY CHICKY

By VIVIAN BROWN
AP Newsfeatures Writer

"Every youth should be given the opportunity to visit the capital of the United States," says 17-year-old Camp Fire Girl, Betty Chicky of Grand Rapids, Mich., who had that wish realized recently when she was chosen to represent some seven million teen-agers at a planning session for the 1960 White House Conference for Children and Youth.

"Travel should be an essential part of our education," says brunette Betty. "There is no way to describe the thrill of sitting on the steps of the lighted Capitol at night, the grandeur of the Washington Monument and Lincoln Memorial. Every young American should see for himself."

Betty discussed that junket while enjoying another one — a trip to New York to attend the First Youth Conference of the National Foundation for Infantile Paralysis, to help drum up teenager interest in polio shots.

Betty was and is on just about any committee you could dream of, from heading up the first teenage traffic safety conference in Michigan to being an active member of the Girls Union Club, an athletic association, and Latin clubs. And you'd think from all that, perhaps, that she has little else to do.

"Actually I start my day at 6 a.m.," says vivacious Betty, whose mother died when she was 12. "That's when I prepare breakfast for Dad, my older sister and my baby sister Carole, who is 13. After that comes bed making and dusting. Then Carole and I walk off to school together. On the way home I pick up the groceries, then prepare dinner, and do the dishes. By that time it is 7 o'clock and I can settle down to study and school club functions."

Betty had planned to enter Michigan State this fall on a scholarship, but her older sister is getting married, so that put a damper on that plan. Betty must be nearer home, so she'll attend Grand Rapids Junior College, also on a scholarship.

You'd think Betty would never have time for dates, but she does. Lots of them, "mostly weekends," she says.

"I went steady until the 10th grade, then I broke off with that boy, went back with him in the 11th and 12th, then we broke up again. I guess it is a mistake to tie yourself down to one boy, unless you are really engaged. It's better to have a number of good friends while you are busy with school activities," she muses.

A black fox collar is a handy thing to own this fall. Can be added to coats, suits and dresses for a luxurious touch. Inexpensive, too.

WOMEN

Jaycee-ettes Plan Holiday Festivities For Husbands

The Jaycee-ettes met Tuesday evening at 7:30 o'clock at the Martha Ann Women's Club with Mrs. Dick Roberts and Mrs. Elmo Weyel as hostesses. Mrs. Gene Thompson, president, was in charge of the business meeting.

Mrs. Lenora Boydstun gave a report on memberships to the clubhouse and their club privileges. A committee was appointed to plan a dinner for members and their husbands before Thanksgiving.

Dick Roberts represented the Jaycees and presented the idea that the Jaycee-ettes asist the Jaycees in their project of "Religion In American Life." The club voted to assist in any way.

Mrs. Dick Roberts was in charge of the program. With Oil Progress Week starting Sunday, she showed a sound film "Barrel Number One." The film showed the time, effort, money and risk involved in drilling a new oil well, and if successful, the processing and the products from the oil. Mrs. Roberts also presented each member a sample bottle of crude oil, courtsey of the Desk and Derrick Club.

Refreshments of cake and coffee were served to three new members, Mrs. Ray Houpt, Mrs. Sam Stevens and Mrs. Gene Breedlove; one guest, Dick Roberts, and 12 members.

Snyder Girl Named On Yearbook Staff

Miss Clinta Blackard of Snyder has been appointed assistant literary editor of the STEPHENSOPHIA, the yearbook at Stephens College in Columbia, Mo.

She is one of six first year students (juniors) appointed to top positions on the staff. These students were chosen on the basis of interest and previous journalistic experience. Clinta was editor of her high school yearbook.

Clinta is the daughter of Mrs. Ophelia D. Blackard of 2209 Thirtieth Street.

UNION (Spl) —A surprise birthday party was held Tuesday night in the home of Mr. and Mrs. Lindy Clark, honoring her parents, Mr. and Mrs. Nolan von Roeder, Grady Eldridge and Harry Lee.

A corsage made of feed, cotton and okra was presented each guest.

Those present were Mr. and Mrs. Hollis Jones, Mr. and Mrs. Grady Eldridge, Mr. and Mrs. Bentley Baze, Mr. and Mrs. Max von Roeder, and the honorees.

The hosts served home made ice cream and conducted games of 42.

Don't Worry If Baby Bangs His Head, He's Not Crazy

AP Newsfeatures

"Doctor, Tom does the craziest thing." That Mrs. Edgertown was really very worried was clear to see. "He bangs his head against anything hard he can find. He bangs it so hard he makes bruises on his forehead. Is there something wrong with his mind, doctor?"

It does seem a crazy thing to do, all right, but plenty of perfectly normal children do it.

Sometimes a child bangs his head when he is angry, the way another child would throw something. But sometimes he seems just to enjoy it. If you will notice, the banging is always rhythmical —you can count a regular beat. Often too, the child will accentuate this beat with his voice, he makes a grunting or a humming sound each time his head hits the floor, or wall.

Don't Wor

I e many of the peculiar hab-its children develop, if the banging is only occasional you have no cause to worry. He may give himself a black and blue welt on his head, but aside from this he will do himself no harm. And in the course of time he will abandon this type of behavior with no special help from you.

However if a child keeps himself awake at night with his banging, or if he prefers to bang himself instead of playing, it's time to look into the reasons.

How satisfactory is the child's life to him. Is he bored? Does he need some new toys, more play equipment? Does he need children his age to play with? Maybe he needs warmer, friendlier adult attention. He needs something that will interest him more than his own rhythmic activity.

A child who discovers comfort and satisfaction in rhythmic motion and sound is often highly sensative to sounds of all kinds. As a tiny baby he may scream out at a noise another child would ignore. As he begins to learn to talk you will hear him playing with his voice. He will make a high-pitched squeaky sound, then a low guttural one. You can watch him hear the difference, maybe laugh out loud and then try it again. All children do this to some extent, but some youngsters are more aware of sounds and their variation than others.

Maybe He's a Genius

This gives us a clue about the interests of a head-banger. Many such children are musical. A head-banger may stop his banging to listen to you sing. He will love music on the record-player or radio. Do your best to interest him in rhythm and music other than that which he makes with his own head. If you try to stop his banging with your singing, be sure to catch his beat in your rhythm. If your music is off his rhythm you may make him frustrated and angry. It's not as hard to do as you might think. Just him, accenting his beat, then as he stops to listen to you, you can change to a real melody or turn on the radio.

Don't scold or punish a head-banger—it never helps. Try to interest him in a wilder range of activities and try to prevent those anger-probing situations that end up in a episode of banging.

CRUNCH COOKIES

Ingredients: 1 tablespoon butter or margarine, ½ cup coarsely chopped blanched lightly toasted almonds, ½ cup firmly-packed dark brown sugar, ½ cup butter or margarine, ¾ cup granulated sugar, 1 egg, 2 cups sifted flour, 1 teaspoon salt, 1 tablespoon milk, 1 teaspoon vanilla.

Method: Melt 1 tablespoon butter over low heat in heavy skillet (about 8 inches); Add almonds and brown sugar. Stir often for about 10 minutes— sugar at bottom of pan will soften a bit and then harden. Remove from heat and stir a few minutes; turn out on waxed paper; when cold, crush fairly fine with rolling pin. Cream ½ cup butter and granulated sugar; beat in egg thoroughly. Stir in flour and salt until blended; mix in milk and vanilla. Drop rounded teaspoonfuls of dough, about 2 inches apart, on buttered cookie sheet; flatten slightly with spatula; rinse spatula occasionally in cold water. Bake in slow (325 degrees) oven until lightly browned around edges — 12 to 15 minutes. Remove to cake rack to cool. Makes about 5½ dozen cookies.

Many persons seem proud to boast they get through a day without a sniff of breakfast. Breakfast should provide a fourth of each day's calorie needs. For a healthier outlook toward your daily routine and more vim, better pick up this meal.

THE LAMP IN THE WINDOW

Symbolic of the earlier days of American pharmacy was the lighted lamp in the drugstore window. All through the night it glowed, a beacon of hope, a symbol of unselfish service.

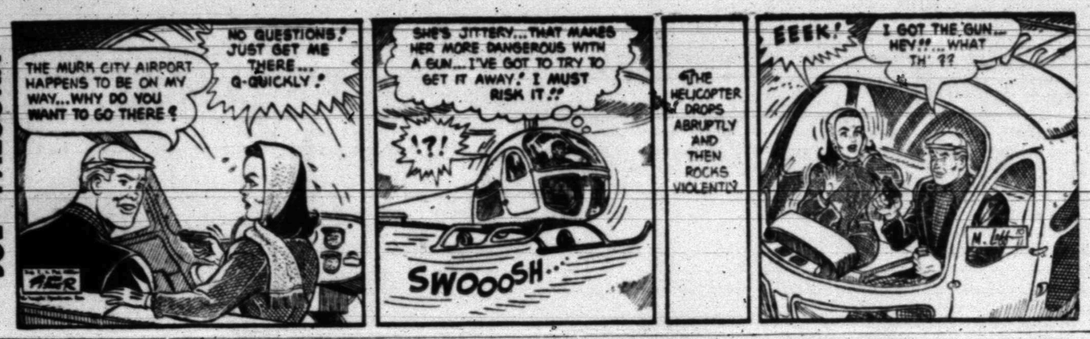

Although the historic lamp is now practically extinct, the fundamentals of pharmaceutical practice have changed but little. The responsibilities of the pharmacist are greater today than ever before — he is a vital factor in medical care.

Tigers Underdogs At Breckenridge Tonight

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

IT SEEMS THAT MOST of the grid "experts" around the state think the Breckenridge Buckies will handle the Tigers tonight.

John Morrison of the Fort Worth Star-Telegram started the week off by casting a vote for the Bucks.

Then came votes from San Angelo, Lubbock and Abilene for the Buckies. At San Angelo, it was unanimous for the Bucks, five predicting and five picking Breck.

At Lubbock three out of four say the Tigers will bow to the Buckies.

Fred Sanner, Abilene scribe, predicts a 20-14 Breckenridge victory.

Another Razzle-Dazzle Game Due

Tonight's game is certain to be a slam-bang affair, one that may resemble last week's Tiger-Levelland tilt.

Breckenridge, especially with the home field advantage, is a bit tougher than Levelland. Which means the Tigers will have to play even harder tonight than last week.

The Tiger defense may show marked improvement tonight yet the Buckies may score three or four TD's. If the Bengals can hold the high-scoring Bucks to 20 points or less, it will be a definite sign the defense is improving.

In a game such as this promises to be, breaks no doubt will play a big factor.

Well, we believe the Tigers are ready mentally for the game and that they want this one badly. With exception of fullback Mickey McGrew, all front-liners are ready for action. Mickey will likely start tonight but he is suffering from a knee injury.

Tonight's tilt will be a rugged test for the Tigers, to say the least, but the Tigers have met such challenges before and came out OK

Here's a vote for the Tigers: Snyder 27, Breckenridge 26.

Sweetwater Game Cancelled

Tonight's Sweetwater-Monhans game has been cancelled because of a flu epidemic at Monahans so head coach Elood Turner at Sweetwater, for the first time this season, will be getting a firsthand look at the Bengals tonight, you can bet on that.

B TEAM TIES MIDLAND

Local Teams Win Three, Tie One

Snyder's undergraduate schoolboy footballers came up with three victories and one tie last night in games played on foriegn soil.

Chalking up victories were the Tiger Frosh, 14-7, over Lee of San Angelo, and the two junior high teams over Colorado City. Snyder 7th defeated Colorado City 7th, 48-7, while the local 8th graders disposed of Colorado City 8th by 34-0.

The Tiger "B" team rose up last night to tie favored Midland "B" team, 13-13, at Midland.

The three victories brought the total to 10 against 5 losses and two ties for the four future Tiger teams.

B GAME

The Tiger B team, which lost its first three starts, led Midland 13-6 at halftime last night with Lamesa coming back to knot the count at 13-13 in the third quarter and end the scoring.

After Midland took a 6-0 lead in the first quarter on a sustained drive following the opening kickoff, the Tiger B teamers roared back to take the lead in the second quarter.

Jimmy Maroney took a Midland punt and raced 60 yards to a touchdown to pull the Tiger B team even early in the second period. The try for point failed to leave the score at 6-6.

Later in the second quarter, Coleman John drove over from the Midland three to give Tiger B the lead. John had set up the score by taking a screen pass for 45 yards to the three — Eddie Watson ran over the point that eventually meant the difference of a tie and defeat.

Midland drove 75 yards for the tieing touchdown in the third quarter.

Punting by Devane Jones and good coverage on the returns featured the play of the Tiger B teamers.

Coach Jim Stehlik praised his defense, escially the two ends, Barry Walker and Bo Brown.

FRESHMAN GAME

The Tiger Frosh spotted San Angelo Lee a 7-0 halftime lead and then battled back for a 14-7 triumph.

An 82-yard gallop up the middle by scat-back John Weaver broke a 7-7 tie early in the fourth period.

Snyder had driven 48 yards after taking the second half kickoff for the tieing touchdown with Larry Patterson going over from the one on a quarterback sneak.

Mike Moffett added the two extra points on runs.

San Angelo scored in the second quarter on a 6-yard pass from Dave Dorris to Mike Talley.

San Angelo dominated play in the first half but it was all Snyder in the second half. San Angelo outgained the Tiger Frosh, 72-39, in the first half but in the final two quarters, the Tiger Frosh held a 184-20 advantage.

Tommy Minton, Stanely Kruse and Keith Lloyd stood out defensively for Tiger Frosh.

8th GRADE GAME

Coaches Ace Amos and Charley Sparks "cleaned" their bench in running up their 34-0 score.

The eighth grade A string built up a 21-0 advantage early in the third quarter on the strength of two long touchdown gallops by halfback Mike Morris and a 12-yard touchdown sprint by fullback Ronnie Merritt.

Morris loped 65 yards around left end behind devastating blocking in the first quarter to open the scoring. Merritt's score came in the second quarter to climax a sustained drive, giving the Snyder eighth graders a 14-0 lead at the half. Morris went over again in the second quarter on a 20-yard run, but a penalty nullified the score.

In the third quarter Morris sprinted 52 yards for a score that counted. A 45-yard pass play from Steve Free to Spencer Dyer, which carried into the end zone in the third, also was nullified by a penalty. Merritt ran over for the first three extra points.

In the fourth quarter, Jackie White bucked over from his quarterback position to climax a drive by Snyder reserves, and David Kee ran over for the extra point.

Quarterback Eddie Phy passed 15 yards to end Freddie Miller for the final Snyder eighth grade touchdown. The try for point failed.

7TH GRADE GAME

Stuart Long led the Snyder 7th graders to their smashing 48-7 victory with four touchdown gallops. Bob Pena scored twice and Darrell Aldridge once for the locals.

Snyder 7th shot ahead 27-0 at halftime.

Long went five yards for the first Snyder score and then the fleet halfback sped 45 and 8 yards, the latter for a TD, to feature the second Snyder TD march. Gail Read added the point after the second score for a 13-0 lead.

Then Pena scored from the one after a 15-yard pass from Dalton Walton to Read had set up the score. Pena added the point on a run to make it 20-0.

Long sped 25 yards on a reverse for the final Snyder 7th score in the first half, Wayne Key adding the poin for a 27-0 lead.

Pena went over from the five in the third period from where Lupe Nigliazzo had taken a pass from Walton, to set up the score. Jimmy Taylor added the point to make it 34-0.

Aldridge scored from the two and Lonfg on a 20-yard scamper to close out the scoring with Long adding the final two extra points.

Jimmy Taylor and Pat LaFountain, outside linebackers, stood out defensively for the Snyder 7th graders.

Offensive Battle Due In Contest

BY BUCK FRANCIS
News Sports Editor

BRECKENRIDGE, Oct. 11 — Two offensive-minded football teams, the Breckenridge Buckaroos and the battling Snyder Tigers, clash here tonight in one of the state's feature schoolboy games of the week that is expected to attract a crowd of about 6,000 fans.

Kickoff time is 8 p.m.

Both the Tigers and Buckies are in near top physical condition for the game. W. H. Roberts, regular Buckie end who missed last week's game with Abilene, will return to the lineup tonight.

Also tackle Charles Huddleston, who saw only limited action against Abilene, is expected to go at full stride tonight.

With exception of fullback Israel Hinojos, all Tigers are expected to be ready for full-time duty tonight. Hinojos may see action but only as an extra-point kicker. Hinojos, however, who hasn't played this season due to an elbow dislocation before the season began, will be ready for contac work next week.

The Buckies, with a high geared running attack and better than average passing attack, have been ruled slight favorites in tonight's tilt.

The Tigers are expected to "hold their own" with the Buckies in the running game but it's in the passing department where the Buckies hold the edge.

The Tigers have netted 11,003 yards on the ground in four games to date to 961 for the Buckies. But passing-wise, the Buckies have picked up 256 yards to only 61 for the Tigers.

All four of the regular Buckie backs have gained better than 200 yards on the ground. Gary Ingram is the Buckie leading gainer with 292 yards on 41 trips for a 7.0 average. Next in line are quarterback Bobby Goswick with 225 yards, halfback Joe Ed Peasch, 204 yards, and Jimmy Wilson, 201 yards.

No other Buckie ball carrier has gained as much as 50 yards.

The Tigers have pro-rated their yardage more with six Bengal backs having gained 100 or more yards. Bud Morgan with 193 and Dick Hayes with 191 are the leading Tiger rushers. Close behind are Mickey McGrew with 177 and Richard Mahan with 167.

Goswick doubles as a runner and passer which makes the 150-pounder a dangerous threat every time he gets hold of the ball. Goswick has connected on 16 of 39 passes for 233 yards and one touchdown this season.

The one TD toss came against Abilene last week and it was the first TD pass thrown against the Eagles in 39 games.

End Ronny Payne is Goswick's pet target. Payne has snared 11 passes for 169 yards and one touckdown.

In four games to date for each team, the Tigers have scored 96 points to 80 for the Buckies. Defensively, the Buckies have yielded 61 points to 40 for the Tigers. Abilene, however, accounted for 41 of the total points scored against the Buckies.

The Tigers own a 3-1 season record, Breckenridge 2-1-1.

The Tigers and Buckies stack up about even in the line in weight, the Bengal forward wall averaging 177 pounds per man to 173 for the Buckies. In the backfield, with Tiger fullback Mickey McGrew at 200 pounds making up most of the difference, the Bengals outweigh the Buckies in the secondary by seven pounds per man, 159-152.

Tonight's game is the fifth between the two schools with the Buckies holding a 3-1 edge in the previous four games. The Tigers won last year's game, 28-0. Breckenridge won the first game between the two in 1953, 41-28, and then followed up with 42-13 and 14-7 wins in 1954 and 1955 respectively before the Tigers broke the streak last season.

Following are the probable starting offensive lineups for tonight's game:

TIGERS
Offense

Ends — John Ward, 160, and and Bill Dubose, 152.
Tackles — Bill Phillips, 185, and Larry Mullins, 194.
Guards — Gene Williamson, 190, and Bill Jennings, 177.
Center — Bill Rinehart, 176.
Quarterback — Richard Mahan, 152.
Halfbacks — Bud Morgan, 145, and James Vincent, 135, or Dick Hayes, 160.
Fullback — Mickey McGrew, 200.

TIGERS
Defense

Ends — Jennings and Ward.
Tackles — Phillips and Mullins.
Guards — Tony Anger, 161, and Ronnie Giles, 203.
Linebackers — Morgan, Rinehart and Dickie Martin, 155.
Halfbacks — Vincent, Hayes or Jimmy Allen, 153.

BUCKIES
Offense

Ends — Ronny Payne, 180, and W. H. Roberts, 155.
Tackles — Charles Huddleston, 197, and Glen Willingham, 173.
Guards — Johnny Fundarburg, 160, and Jimmy DeMasters, 150.
Center — Larry Kimberlin, 186.
Quarterback — Bobby Goswick, 150.
Halfbacks — Gary Ingram, 145, and Joe Ed Pesch, 157.
Fullback — Jimmo Wilson, 155.

Ham Scores As Wogs Win

By The Associated Press

Texas Christian, Arkansas and Texas took the lead in the Southwest Conference freshman football race Thursday night with victories over Texas A&M, Southern Methodist and Baylor, respectively.

Arkansas and Texas won with last-minute drives. Texas Christian was quite superior to Texas A&M, grinding out 314 yards in a 20-6 triumph.

Arkansas licked Southern Methodist 13-7 on the passing of George McKinney of Texarkana. He threw to Darrell Williams for 68 yards to put the ball on the SMU 8. Then, after a line try lost two, tossed 10 yards to Williams for the payoff touchdown with only three minutes to go. SMU led 7-6 until then.

Texas scored after time had run out to trim the Baylor Cubs. Tommy Newman passed to Roy Goodman for 30 yards as the clock stopped with the ball in the air. Drew Morris got the first Texas touchdown with a 4-yard plunge and Baylor tied it up on a 31-yard run by D. E. Tillman.

A 79-yard drive that ended with Harry Moreland sprinting the last 12 for a touchdown got TCU off to a lead over A&M in the first period. In the third period Roy Lee Rambo blocked a punt and Robert Lilly recovered in the end zone for the second Wog score. TCU made its final touchdown on a 6-yard pass from Donald George to Milton Ham. A&M scored on an 85-yard kickoff return by John Few.

It was Texas A&M's second game. The Little Aggies beat the Houston freshmen 7-6 last week.

The Rice Owlets play their first game next week.

Graham Romps Again, 59-0

By The Associated Press

Graham, which has averaged almost 74 points a game, continued its rampage in Texas schoolboy football Thursday night, smashing Fort Worth North Side 59-0.

The Steers, one of the top-rated teams in Class AAA, were slaughtering a Class AAAA team. It brought their total to 295 points in four games and harkened back to the 1920s when Waco High School was rolling up 700 points a season.

Graham remained among the 16 undefeated, untied teams of Class AAA.

None of the teams with perfect records were in action in Class AAAA but San Antonio Burbank, unbeaten but once tied, downed San Antonio Sam Houston 13-0.

The big show comes Friday night with Abilene, which has run its victory string to 41 straight, meeting Lubbock and favored to advance within one game of the all-time winning record.

Class AAA has the most games in which undefeated, untied teams rish their records against other unbeaten outfits.

San Benito and Uvalde play each other, Kilgore meets unbeaten but tied Palestine, Killeen does the same with Mineral Wells and Brenham the same with El Campo.

GRID POWER INDEX

By MORT SCHWARTZ

UNDATED—The Grid Power Index is based on a mathematical system giving collegiate football teams comparative ratings.

An Index rating of 120 points is theorotically perfect. The difference between ratings of opposing teams gives the score spread that can be expected in their game. Team statistics are constantly revised to include the factor of performance in each game the teams play through the season.

Record last week: 47 right, 18 wrong, 2 ties. For the season: 131 correct predictions, 43 wrong, 14 ties, for a .753 accuracy average.

Here is the forecast for this weekend. Home team is indicated by (*) within rating.

Pandemonium Breaks Loose In Milwaukee

By DION HENDERSON

MILWAUKEE (AP) — The Braves brought the world championship of baseball home last night.

"I thought," said one hero whom even five years in the home of the Braves had left unprepared to face 750,000 roaring voices, "that you had to die in battle to get this kind of a welcome."

But Valhalla was never like this.

Said homecoming chairman Ben Barkin, "I hate to think what would have happened if we'd had a chance to really plan this celebration."

This is what happened:

Milwaukee, which holds within its metropolitan area about a million souls, turned out most of them early last night, and kept them out late. The downtown area — scheduled to see a parade of the world champions after their arrival—began to clog with humanity in midafternoon.

By the time the Braves' airplane touched down at 7:30 p.m. there were 250,000 people in an area roughly two blocks wide and two miles long along Wisconsin Avenue. Not a wheel turned in this area for hours.

Meanwhile, at the airport, 10,000 jammed the terminals piers, decks and roof and another 10,000 swarmed out over the field. When the door of the chartered airliner opened and Manager Fred Haney appeared, what little in the way of formal ceremonies had been prepared were swamped along with the television crews and cameramen.

Unfurled at the airport were the first of the banners which repeated the same message for miles: "Welcome back to Bushville."

This term of opprobrium—used opprobriously by a Yankee spokesman when the big shots from the Bronx brushed off a polite civic reception of their ill-starred visit to Milwaukee last week — has been taken to the bosom of the burghers here and is flaunted on every side.

The parade itself was an 11th-hour ordeal for the Braves themselves, but they were game. Faced with 30 convertibles and 47-degree temperatures spiced by an 8-mile-per-hour wind off Lake Michigan, the Braves took at the massed thousands stretching out for miles along the route.

"Leave the tops down," they said. "These people have waited five years for this."

Not a square foot of curbstone was unmanned along the scheduled parade route, and as the carvan reached deeper into the city intersections swelled shut with the crowds. As the safari approached within a mile of the downtown area, there was barely a clear lane for the cars carrying the heroes.

At the stadium itself, thousands more had welded themselves into a committee of the whole in the Braves parking lot. There had been some innocent thought that the athletes, once here, would be able to get into their cars and drive anonymously away. They did, but it was some hours later, and only after scores of officers built a safety lane with beef and motorcycles from the parade cars to the stadium.

Jorgensen, Flores Match Is Postponed

BEAUMONT (AP) — Floyd East, 136, of Lake Charles, La., and Otho Sligar, 137, of Houston will replace Paul Jorgensen and Junior Flores, both of Port Arthur, in the main event Monday.

Jorgensen, Texas featherweight champion, was to defend his title, but the bout was postponed until Oct. 28 because Flores came down with the flu.

Patrolman Is Charged

HOUSTON, Tex. (AP)—Ronald K. Curson, 26, an insurance salesman, filed traffic charges against a motorcycle patrolman yesterday.

"I thought it was my right and my duty," he said after lodging his complaint against city patrolman D. I. Jordy in Corporation Court.

The complaint alleges Jordy ran a red light, made an illegal turn and passed another vehicle illegally.

Curson said that after he stopped the officer, Jordy searched his car. The patrolman said he found a night stick and charged Curson with carrying a prohibited weapon.

Before his release under $800 bond, Curson asserted he was jailed four hours and then permitted to call a lawyer.

Jordy agreed with Curson that a citizen is privileged to file such a traffic charge.

"I know I am innocent and I expect it to be brought out in the trial," the patrolman said.

CHURCH NEWS

Sen. Symington Blasts Benson

SIOUX FALLS, S.D. (AP) — The theory that lower farm price supports will cut production is unsound and Agriculture Department officials know it, Sen. Symington (D-Mo) declared today.

Symington scored Secretary of Agriculture Benson in a speech prepared for the National Corn-Picking Contest.

Benson yesterday was the target of egg-throwers as he restated his appeal for flexible price supports from the same platform.

Symington referred to Benson and "his theoreticians" and said: "They know that for the lower price—lower production theory to work, there must be freedom and mobility, as specifically stated in the classic textbook examples.

"But out in the real world, out on the farms of America, there is no such mobility, and they know that as well as we do.

"How can a dairy farmer, with a $30,000 investment in a foundation herd, a milking parlor, a grade A bulk tank system and a silo, switch to some other form of farming?

"How can a wheat farmer . . . switch to vegetable production, fruit or nuts? How can a cornlivestock farmer in Iowa or Missouri change his operations to grapefruit?"

Actually, the Missouri senator asserted, lower prices only increase production because:

"Farmers know that, as prices drop, all they can do is work even harder to produce more than to get the dollars they need."

Symington said Agriculture Department figures showed farm surpluses increased tremendously the last four years despite lowered price supports.

Government-held stocks of wheat were up to 250 per cent last Jan. 1, he said, while corn increased 300 per cent, cotton 1,000 per cent and dairy products 1,200 per cent.

Benson escaped the barrage of eggs aimed at him yesterday.

Luther League To Collect Clothing

Members of the Luther League Youth and women of the Grace Lutheran Church are planning a joint clothing drive.

Plans call for the youth group to collect clothing for Lutheran World Relief and for local clothing drives on Halloween night, Oct. 31.

The group will meet at 7 p.m. Saturday at the home of Wanda Wolf to make further plans. They will also be planning to attend the fall rally of the Northern Conference of the Texas Lutheran Synod in Dallas Nov. 2-3.

Shoe Lost At Show Returned To Mother

FRESNO, Calif. (AP) — Kathy Evans, 4½, lost a shoe at the Fresno County fairgrounds.

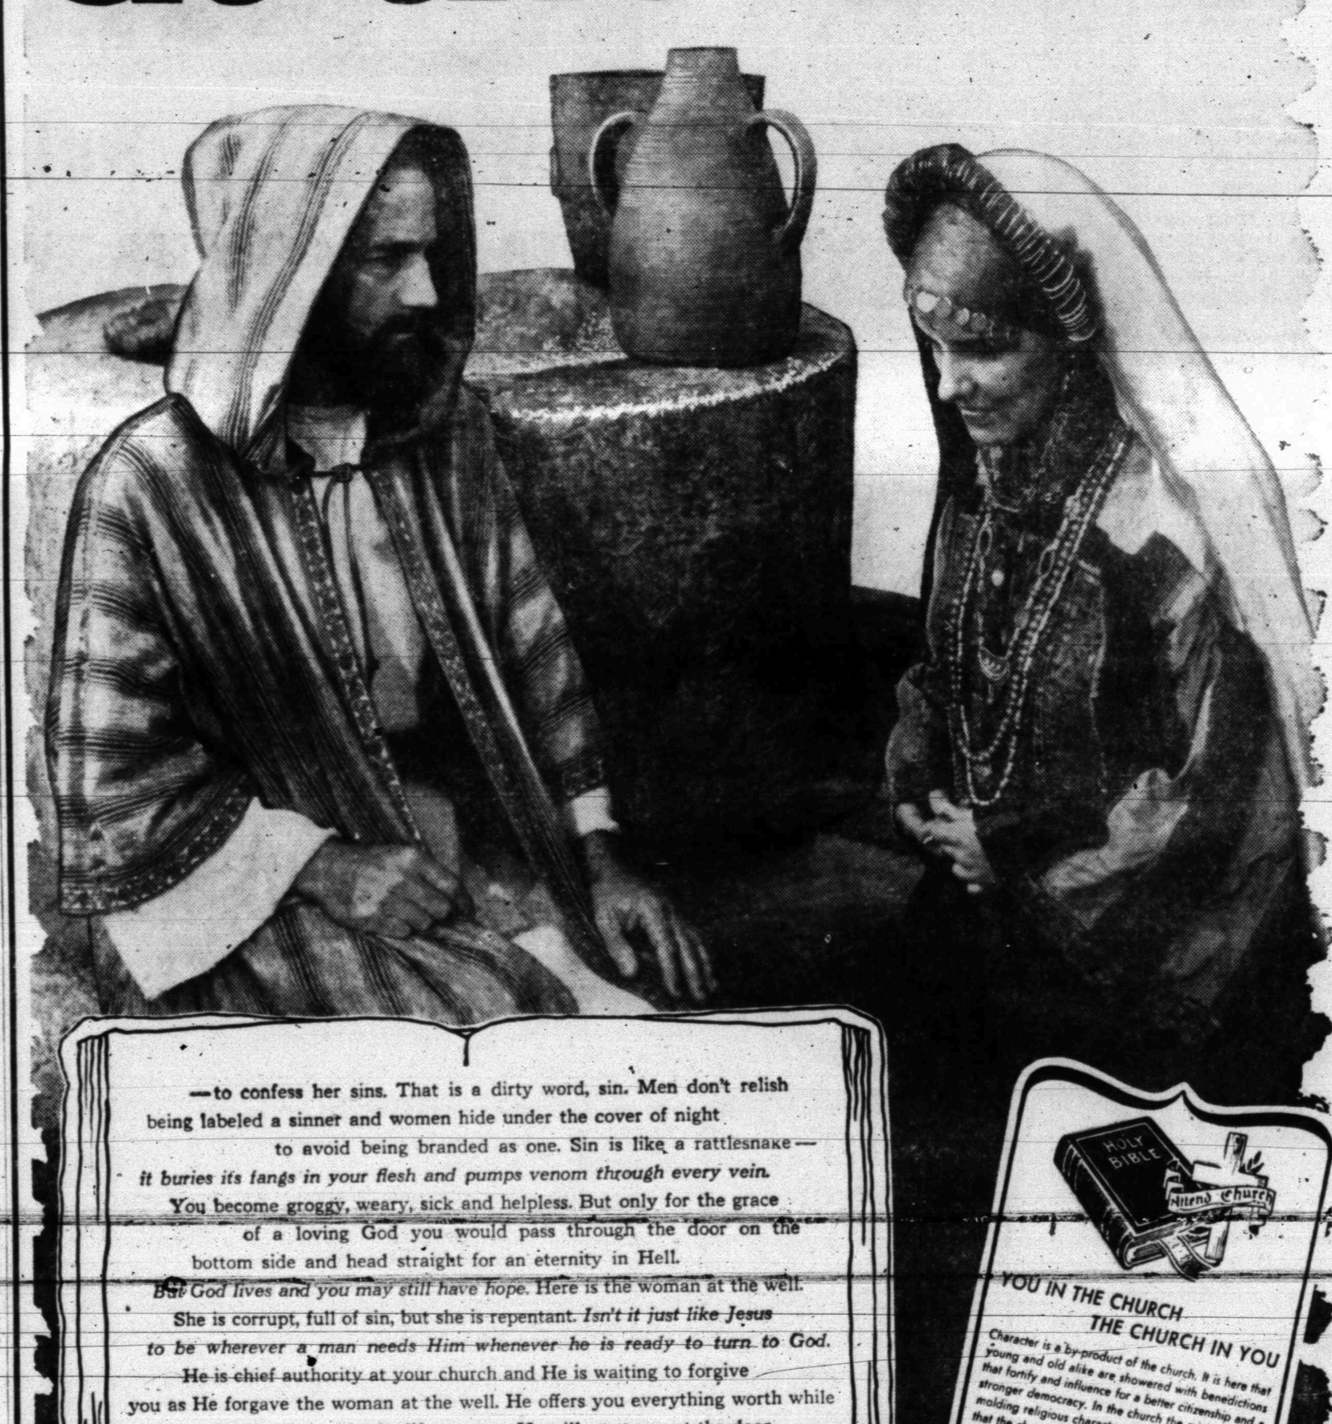

Her mother, Mrs. Barbara Evans, later answered a telephone ring to hear: "I found a baby shoe at the fairgrounds last night. I thought it looked like one of Kathy's and I picked it up."

It was Kathy's shoe. The caller? Mrs. Marie Martin, who baby-sits with Kathy.

NORTHSIDE BAPTIST CHURCH
16th and Ave. S — Jack Dean, Pastor
Missionary-Evangelistic-Premillennial

at the well

—to confess her sins. That is a dirty word, sin. Men don't relish being labeled a sinner and women hide under the cover of night to avoid being branded as one. Sin is like a rattlesnake— *it buries its fangs in your flesh and pumps venom through every vein.* You become groggy, weary, sick and helpless. But only for the grace of a loving God you would pass through the door on the bottom side and head straight for an eternity in Hell.

But God lives and you may still have hope. Here is the woman at the well. She is corrupt, full of sin, but she is repentant. *Isn't it just like Jesus to be wherever a man needs Him whenever he is ready to turn to God.* He is chief authority at your church and He is waiting to forgive you as He forgave the woman at the well. He offers you everything worth while in this life and in the life to come. He will meet you at the door of your church next Sunday and go home with you after service and spend the entire week with you if you will invite Him.
