Nichols Worth

By Nanalee Nichols

Thank to all those who have complimented me on the "farm defense" I launched. I'm flattered! Now, onward.

How about this weather...here it is winding down towards the last of September, and it's more like the last of October!

I haven't heard a single complain about it yet.

My Dad predicted an early cold spell because he swears that he saw several large, black fuzzy wuzzy caterpillars crossing the road...from east to west.

Of course, he also refuses to tell me what the direction has to do with anything...but secret prediction method or not...he was right.

So far no one has reported any ducks or geese flying south, although I notice our domestic ducks and geese getting restless and "antsey". I suspect that somewhere deep within their domesticated little hearts lies the wanderlust of wild fowl.

Flowers are putting on a last display of profusion that warms the heart even as the breeze cools the brow.

And people...good old homo sapiens? Well, we're coming out of a semi-hibernation state. Fore months we've been trying to avoid too much hot weather movment. Now folks are visiting, travelling, shopping and generally enjoying open windows and fall weather.

It's that time of year when kids go off to school with a jacket on..only to return without it. Hopefully it's only left behind in a locker and not on the play ground! Moms fuss, kids promise to do better, and very little changes all the way round.

Thoughts of Christmas are beginning to creep into our heads.

We convince ourselves that it's too early to worry about it...but we know how fast time flys.

And fly it will, right through the cooler weather, and right on past the gorgeous autumn colors that are so close.

So, fly too...make the time to see the fall. Capture it's beautify with cameras, capture it with memories...but take hold of a little piece of it.

It's a special time of the year, and it won't last long!

Car Bash & Bonfire To Preceed Rivercrest Homecoming

The Rivercrest Booster Club will sponsor a Car Bash on Thursday, October 3, at Rivercrest, beginning at 6 p.m. in preparation for the Rivercrest homecoming game against Harleton on Friday, October 4.

Price for the car bash will be 50¢ per swing at the automobiles that will be emblazoned with Harleton's players' numbers, along with favorite Rivercrest teachers and staffs' names. A small prize to pay to relieve one's frustrations!

Following the car bash, a bonfire will be held at the same location.

The proceeds from these activities will be used for scholarships for Rivercrest seniors. Everyone is invited to come out and participate.

BEING HIMSELF--Ed Williams is this weeks Familiar Face. (Staff photo by Denise Wood)

Familiar Faces

By Denise Wood

Perhaps one of the most familiar face Bogata has is none other than Ed Williams. With his lop sided grin and his laid back attitude makes Ed an easy person to remember.

For thiry-seven years, Ed has been in the gas business in one way or another. He's worked in the oil field and pipe line all his life.

Ed moved back to Bogata in 1960 from Midland because he wanted to settle back into his hometown. So far Ed has operated four different gas stations in Bogata. He has no plans of retiring in the near future.

Today Ed and his wife, Helen, are definitely settled in Bogata. Ed's service station keeps him busy but he still finds time to be active in the community by being a member in the Lions Club as well as the VFW.

Ed helps make Bogata possess the unique charm it has. He does it by only being himself which is more than enough.

River Cable Schedule For Local Bill Payment

On the following dates River Cablevision will have a representative in the city office of each town. This allows people to pay their cable bill directly, without wasting a stamp, and questions can also be answered at that time.

The October schedule is: Deport, Oct. 1st, from 9 am until 2 p.m.

Blossom, Oct. 2nd from 9 a.m. until 2 p.m.

Bogata, October 3rd, 9 a.m. until 2 p.m.

Detroit, Oct. 4th from 8:30 a.m. until twelve noon.

St. Jude's Bike-A-Thon Will Be October 5

The annual St. Jude Children's Research Hospital "Wheels for Life" Bike-A-Thon will be held on October 5, beginning at 9am at the Bogata Cemetery under the direction of coordinator, Bob Bush.

Everyone who turns in money from the ride will recieve a certificate. Everyone returning $30.00 or more will receive a certificate and a T-shirt. Those returning $75.00 or more will receive a certificate, a T-shirt and a sports bag.

This ride is for Brooke, a six year old who came to St. Jude Hospital suffering from a cancerous tumor in her abdomen. She underwent surgery, radiation and chemotherapy and is now, according to her mother, the picture of health. She has been taken off all therapy and is well on the way to being cured. Whe you pedal your bike for St. Jude Hospital, you will be riding for Brooke and all the children at St. Jude that she represents.

Those wishing to participate in the bike-a-thon should contact Bob Bush for an entry form. The forms should be returned on the day of the ride. If you are under 18, be sure your parent of guardian has signed the forms.

Baptist Women Hold Council Meeting

The Baptist Women met at the First Baptist Church Sept. 18 at 9am for a council meeting to make plans and programs for the next year.

Opening prayer was given by Maurine Mankins. Members present were Alice Ann White, Naomi Smith, Maurine Mankins, Linda Eilers, Rose Mary Swintford, and Velma Hill.

Backward Glances From 1946

By Denise Wood

This weeks Backward Glances places you back forty-five years to September 27, 1946.

A new residence addition was opened on the east side of Hwy 73 in the south part of Bogata. It was the portion of the Patterson estate and was purchased by Mrs. James Castleman and Mrs. Irene Garrett. The addition had 42 lots extending 200 feet back from the highway.

Raymond Glover sold the laundry business to Claburn Glaze of Garland with plans of installing new machines.

Senior class of Bogata High School elected officiers for the 1946-1947 school year. They were Malcolm Cathcart-president; Ruth Wharton-vice president; Ray Blake-sec/treas.; and Coach T.M. Dunn was named sponsor by acclamation.

Richard Slanton, who farmed the C.H. Nobles land south of Deport, sold four bales of cotten for $815. Each bale weighed slightly more than 500 pounds and sold for 37 1/2 cents a pound. It was the best price Mr. Slanton had recieved since 1919.

At Singleton's Food Store in New Hagansport you could get two packages of Camels for 35 cents and a loaf of bread for 11 cents.

River Cable Adds Channel

On September 20th River Cable added KERA, a Public Broadcasting Station, (PBS) to Blossom, Deport and Bogata.

Many people have asked for this station and now is a reality.

In order to add this channel there have been some changes.

In Blossom the PBS that was on Channel 13 has been replaced with the new PBS.

In Deport KTVT was moved to Channel 17 and PBS is Channel 11.

In Bogata KTVT was also moved, to Channel 2. PBS is Channel 11.

The Public Broadcasting Channel is very educational for young and old, and it is hoped it will be enjoyed.

Methodist Bazaar Time Fast Approaching

The Bogata Methodist members are busy working on items for their November 9 Bazaar. All year long members prepare crafts, quilts, wood work, Christmas decorations, gift items, art work, ceramics, Barbie fashions, and all types of needlework. At this time members share their various talents by making and contributing items for sale. There are three quilts, a painting, and a doll house which will be sold by silent auction. The traditional turkey dinner will be served at noon.

The aim of the currrent year is to make enough to purchase a new air-conditioning/heating system for the snactuary and the educational building. Funds have preciously been used to purchase carpeting for the sanctuary; pianos; an organ; tuning; paid off the note on the parking lot; and many other places that extra funds were needed.

We hope to keep this date before the public and do not want anyone to miss it. It is always scheduled for the second Saturday in November and is a good way to begin Christmas shopping, and have the first turkey dinner

Bogata Elementery and Jr. High Hosts Open House

The Bogata Elementery and Jr. High had their open house on Tuesday, Sept. 17. Brother Greg Thomas, pastor of Bogata First Baptist, gave the invocation. A brief PTO meeting conducted by PTO president, Rue Anna Bell, followed the invocation. Mr. Jimmy Lee, principal, addressed the group and presented the theme for the night, "United We Stand-Divided We Fall".

The new teachers were introduced to the parents. At that time the parents went to the classrooms to meet with their sons or daughter's teachers. Mr. Lee went from building to building to met as many parents as possible. Mr. Lee stated, "Everyone that I met had positive things to say about our school. This is indeed a credit to our faculty, they are very dedicated educators. I would like to thank everyone who attended our open house and invite each of you to come back and visit with us again."

JANIE HINSON is shown with some of her favorite homemade desserts as she shares this week in the Country Cooking column. (Staff Photo by Gerrie Bankhead)

Country Cooking

By Gerrie Bankhead

The Country Cooking column is coming to you this week from the kitchen of Chuck and Janie Hinson.

Originally from Mt. Pleasant, Chuck and Janie now live in the Talco area. They have been married for six years and are the parents of three children: Sue and husband Duane Wilson and three daughters, Crissy, Jamie and Brooke, all of Talco; Karen and husband Mike Cook and daughter Brittany of Mt. Pleasant; and Angie, a student at Northeast Texas State University.

Janie's hobbies are gardening, all waer sports, camping, crafts, hunting, cooking and wildlife. In the water sports area she enjoys skiing, riding the tube and riding the slide or board. Her favorite place to camp is DeGray Lake State Park in Arkansas. She enjoys camping more in their tent than in their camping trailer and says she enjoys the roughness of the outdoors.

In the hunting area she loves to hunt deer. She loves to feed all the birds around their place, and she says that her family has seen most any kind of animal, from deer to bobcats, through their back windows at their home.

Janie loves to make crafts. She decorates wreaths and picture albums most of all and has decorated about fifteen albums and has only one for herself.

Cooking is a favorite of hers also. She writes a lot of her own cake recipes and loves to collect every recipe she can find. Janie is sharing several recipes with you and we hope you enjoy them. The Old Time Chocolate Pie came from a friend's grandmother from south Louisiana. Janie has used the recipe about six years. My Favorite Cheese Cake is one Janie originated about 25 years ago. She makes it for holidays. The Beef and Bean Main Dish recipe is one she found in a cookbook from her collection. She likes to make this dish more in the winter months.

The Homemade Strawberry Ice Cream recipe is also her origination. She created this recipe this past summer and quotes she thinks it is as good as any ice cream she has ever eaten.

The Chili recipe is also one she wrote over 25 years ago. She said she kept on and on until she got it exactly like she wanted it.

Kay Hancock has requested an old time Tea Cake recipe. She doesn't want the modern version, but a recipe like her grandmother would have made.

If you've enjoyed the article, request a recipe or have a recipe to share or suggest a feature, please call 652-6032 or write Rt. 1, Box 67A, Deport, TX 75435.

By Janie Hinson

Old Time Chocolate Pie

1 1/2 cups sugar
3 heaping tablespoons flour
3 heaping tablespoons cocoa
1/2 teaspoon salt
1 cup water
2 egg yolks
1 small can evaporated milk
1/4 stick butter + teaspoon vanilla

Mix sugar, flour, cocoa and salt. Mix egg yolks with milk, beat slightly until yolks and milk are blended. Add to dry ingredients, add water. Cook mixture over slow heat or as grandma used to say, show flame, stirring frequently, add butter and vanilla. Pour into baked pastry shell. Top with meringue.

Meringue: 2 eggs, whites beaten until stiff, add 1/3 cup sugar and 1/2 teaspoon vanilla. Spread over pie, bake until meringue is a light golden brown.

My Favorite Cheese Cake

1 pkg. jello, any flavor
1 cup boiling water
1 cup sugar
1 8 oz. pkg. cream cheese
2 teaspoons vanilla
small container of cool whip
small can pineapple

Mix jello, cool. Cream sugar, cream cheese and vanilla. Add mixture to jello, beat in col whip and well drained pineapple. Pour into graham cracker crust and refrigerate until set. I like strawberry or orange jello best. You can use already prepared crust or make your own.

Crust:
30 graham crackers, 3/4 stick oleo, 3 tablespoons sugar. Mix and press into pan. Save some to sprinkle on top.

Homemade Strawberry Ice Cream

4 eggs
3 cups sugar
1 pt. whipping cream
1 pt. half and half
1 can evaporated milk
1 pkg. vanilla instant pudding mix
1 pint strawberries
1 large bowl cool whip
1/8 teaspoon salt
2 teaspoons vanilla and milk
a few drops of red cake coloring

Combine all ingredients, except milk in mixing bowl, beat well. Pour into ice cream freezer, add milk to fill line, freeze.

Beef and Bean Main Dish

1 lb. dried pinto beans
3 medium onions, chopped
2 green peppers, chopped
1 lb. ground beef
1/4 lb. margarine
1 teaspoon chili powder
1 teaspoon garlic powder
1 tablespoon Worchestershire saude
1/2 teaspoon mustard powder
1/2 teaspoon Tabasco

Soak beans overnight, cook until barely tender. Saute onion, green pepper and meat in margarine. Add to beans. Very good in cold weather. If in a hurry, use canned pinto beans.

My Chili

2 lbs. ground beef
1 onion, chopped
1 bell pepper, chopped
2 cans tomato sauce
2 cups water
4 tablespoons flour
4 tablespoons chili powder
1 teaspoon cumin
1/2 teaspoon paprika
1/2 teaspoon garlic powder
1/2 teaspoon black pepper
3 dashes of hot sauce

Brown ground beef, onion and bell pepper. Add flour and rest of spices. Mix well, then add tomato sauce and water. Cook over low heat for at least one hour. May add beans if desired. This is good served over rice.

Daphney School Exes Hold First Reunion

Ninety-two ex-students and teachers of the Daphney School met on Saturday, September 14 at the Bridges Chapel Community Center for their first reunion.

Lewis Black, 91, was the oldest present with Dell Shettle of Midland and Robbie Gene King of Post traveling the longest distance.

A covered dish lunch was served the noon hour and the afternoon was spent visiting, taking pictures and looking at old photos.

The group enjoyed the reunion so much that they decided to make it an annual affair, meeting the second Saturday in September next year.

The Daphney Community is located on FM 1856 between Talco and Mt. Vernon. With the exception of a few modern homes, all that is left of the old Daphney Community is the little tattered one-room Methodist Church, almost hidden by trees and undergrowth. The Baptist Church, gin, stores and the school are only fond memories of the past.

Turk Reunion Held

The reunion of the descendants of Caleb L. Turk, who lived in Monroe, Meigs and McMinn counties, TN, is to be held Saturday, October 5 at the East Post Oak Community Center. Several of Caleb Turk's children moved from Tennessee to Lamar or Red River County, some settling here, while others moved on to Oklahoma or Arkansas.

In 1990, at the first Turk reunion, representatives from families of five Turk brothers and sisters were present: Robert Andrew Turk, John Crawford Turk, Ozina Matilda Turk West, James W.B. Turk and Margaret J. Turk Nelson. It is hoped that more descendants of the above, as well as those of the following Turk brothersand sisters can be reached with news about the upcoming reunion: Sarah Turk McCuistion, Mary Thompson Turk Harris, Benjamin N. Scudder Beats Astros, 4-1

The secret to Scott Scudder's success against the Houston Astros Saturday is no mystery, according to Cincinnati manager Lou Piniella. "He's pitched well the last four or five starts. He didn't get himself in trouble with his control. That's the secret to his success. It's rather obvious," said Piniella after Scudder held the Astros to three hits and one run as the Reds won 4-1 .

Scudder impressed Houston's Craig Biggio and Astros manager Art Howe. "You've got to tip your hat to him. He mixed his pitches and he hit his spots. He was moving his bastball in and out," said Biggio.

Scudder (6-7) gave up one run on three hits while striking out six and walking three. After walking the first two batters in the second, Scudder retired 17 of the next 18 batters he faced.

Pirates Hook The Rebels, 53-6

By Marian Green

The Rivercrest Rebels went to Simms last Friday evening trying to spoil James Bowie's homecoming but slammed into a brick wall of Pirates and fell 53-6.

Rivercrest won the toss electing to receive, steadily moving upfield. The Rebs made two first downs but were short on the third and James Bowie took over, literally.

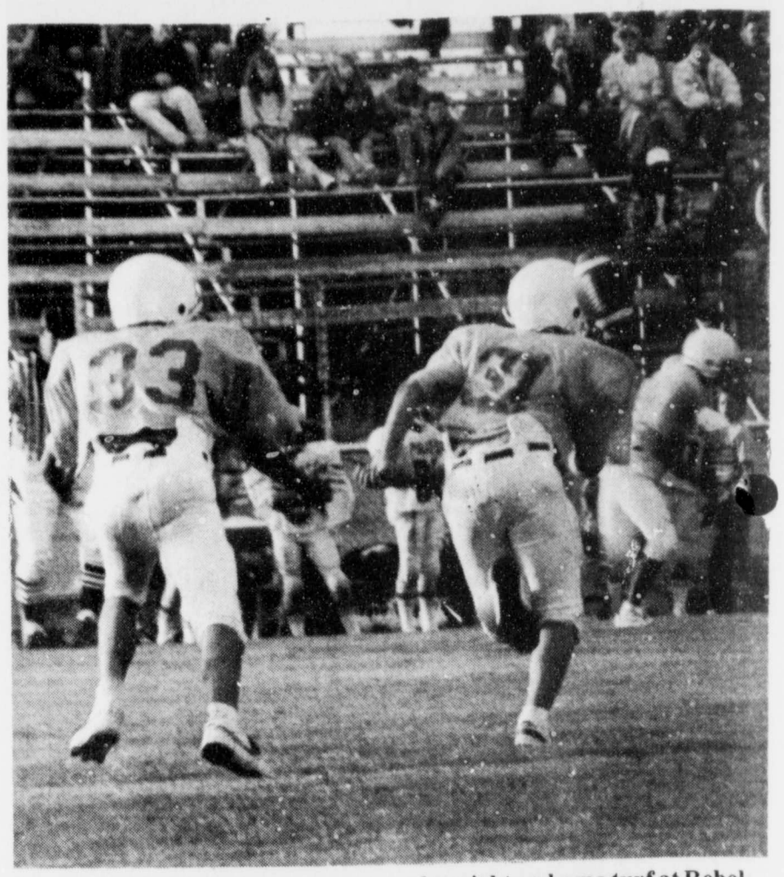

Beginning on the Rivercrest 42, the Pirates dashed 9,11,7 and then the final 15yards for the first score at the 5:32 mark of quarter one. The tremendous rush of the heavier and more experienced James Bowie defense, coupled with the speed of the Pirate backfield were too much for the young Rebels as the 27-0 James Bowie led at halftime would attest.

James Bowie came back the second half with the guns still smoking and quickly made it a 33-0 lopside.

Quarterback John Smith finally got Rivercrest off the zero mark with an option keeper making it 33-6. James Bowie tacked on 20 more points in the second half , giving Rebels something to remember next time to complete the night's scoring.

Dean Tiffie, Micquail Jackson and John Smith had a good game, considering their team being so outmanned. Coach Green is instilling in the players and in the coaches his intentions of rebuilding a football program at Rivercrest. There is no quick fix to a program that had deteriorated but the outlook for future success is bright.

This week Rivercrest hosts Maud at 8 p.m.. Rivercrest lost to Maud in the final seconds last year and the Rebels will seek to overturn that this time around. See you at Rebel Stadium at 8 p.m.

District 17-2A Roundup

By Marian Green

As week number 4 for the 1991 football season comes up, the early records of District 17-2A squads reflect what had been predicted at the beginning of the season, it being a rebuilding year for most of the teams.

Chisum and Leonard both sport the best record so far at two wins and one loss. Honey Grove and Cooper have each won only once with Rivercrest and Wolfe City still looking for that first victory.

This week Chisum should win another one as they travel to Alba Golden who has only won once. Leonard shouldn't have any problems as they go to Fannindel, a team that although powerful in years past has yet to post a win during these first three weeks. Honey Grove, after winning an easy one last week in Detroit, will have their hands full with undefeated Lone Oak. Cooper will entertain a good Winnsboro squad this week in a game that could go either way.

Maud comes to Rivercrest with the Rebels remembering how close they came to victory last year in Maud, losing in the last seconds. Wolf eCity is taking on an undefeated Blue Ridge team that could very well make them 0 & 4.

Team Standings

	Won	Lost	Tied	Pts For	Pts. Agnst
Chisum	2	1	0	59	50
Leonard	2	1	0	50	43
Honey Grove	1	1	1	108	77
Cooper	1	2	0	32	80
Rivercrest	0	3	0	20	126
Wolfe City	0	3	0	7	103

Rivercrest JV and JH Defeat James Bowie

It's been a long time since Rivercrest won both Thursday night games, but it happened last week at Rebel Stadium.

In the junior high game, it was a 24-0 Rebel victory as the fans saw how the junior high program is now taking shape. Coaches Ronnie Ross and Gary Schultz, under the direction of Coach Tommy Green, are building a football foundation for later years and the excitement and attitude of the players was evident from start to finish.

Coach Wake Wood's JV squad pulled off a shocker in the JV game, handing the Pirates a 14-6 defeat. The game was exciting throughout and the JV squad won for the first time in two years.

If these two games are an indication of what's to come, the Rebel football program has once again started upward.

The junior high squad will be in Maud this week.

Cry Your Heart Out, You Young

By Shooter Dabney

Gold Card, you ask, what's a Gold Card? Know all about Visa, Mastercard, Discover, Texaco, Shamrock, Shell, Sears Credit Card, Chevron and on and on, but what in the heck is a Gold Card?

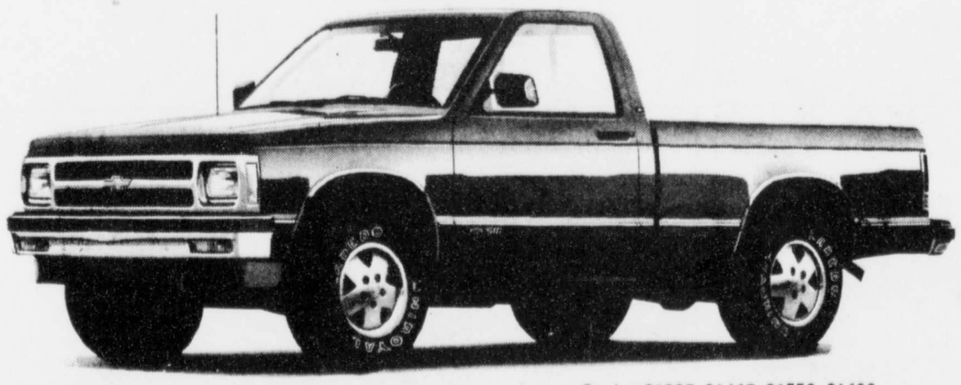

OK, you young, it's for the old, the aged, the elderly, granma and granpa. You can't buy it, you can't get one but only one way, you earn it. OK, you say, I have excellent credit, I pay my bills, I have money in CD's, money in the bank, what makes it so special?

Really, it's called Golden Age passport. You get it one way and one way only, you get old. Old Shooter has one, all you have to do is reach the age of 62 and WHAM, you are eligible. Now to reach the age of eligibility you give up your eyesight, your hearing is bad, you say "huh" a lot, get false teeth, your hair turns grey or white, your eyes sink back in your head, wrinkles start from your head and go downward plum to your toes. Even the spring in your feet leaves you and you drag them. Want a Golden Passport Card? OK, learn to grunt, groan, moan and complain. Cuss the government, your minister, your city council, school authorities and anyone else that doesn't agree with you. Now after all these things, you are nearing the requirements needed for your card. Oh, yes, I nearly forgot. Give the young folks hell, they have it coming. You are now ready to apply for your Golden Age Passport. Walk in to the government agency, sloop your shoulders, speak in a whiney voice and ask for it. Don't expect the clerk to feel sorry for you, he's young. Use your shaky handwriting and fill out your form. You are now a Golden Passport person.

It's privileges: One half price to our government museums. One half price to our federal parks and national forests and streams. OK, Old Shooter used his this month. Oh, the glory! I drove into a recreational park. Read the sign. Rates $7.00 a day. Ha, I only had to pay $3.50. Went fishing. Fish laughed at me, no luck. Barely made it up the hill to my motor home. Out of breath, out of patience, arthritis set in. Coughed a lot, mountain air chilled my old bones. I've been thinking why in the world didn't they issue my Golden Passport Card when I was 42. Wish I could sell it to some of you young folks.

New FmHA Program Helps Farming Group

The Farmers Home Administration has activated a loan program designed to help members of socially disadvantaged groups, including minorities, acquire land for farming and operating expenses, according to Neal Sox Johnson, FmHA State Director and Robert C. Hendley, County Supervisor for Titus, Franklin and Morris counties.

Under the program, FmHA will make loans to persons in those categories who are interested in farming and who can qualify for an FmHA farm ownership loan. The agency would also be prepared to sell or leave to them a farm held in its inventory if any are available in these counties, Johnson said.

FmHA can also provide operation loans and technical assistance, if needed, to help the borrowers get started.

Funds have been reserved for farm purchases and operating loans based on the population of socially disadvantaged persons.

Those who believe they might be eligible and who are farming or who would like to become farmers are urged to contact the FmHA County office located at 1809 W. Ferguson Road, Mt. Pleasant.

Brown Patch Could Be Rampant In Lawns

Recent weather patterns have produced prolonged wet periods which are ideal for brown patch development on turf grass.

"As night temperatures begin to drop below 70 degrees and high moisture continues, the fungus causing brown patch will grow even faster," said Dr. George Philley, plant pathologist for the Texas Agricultural Extension Service.

Brown patch primarily affects St. Augustine grass, but other lawn grasses are susceptible. Symptoms include dead circular patches up to 20 feet in diameter. At the leading edge of the infestation, leaves turn yellow and are easily pulled off. The disease can be a problem until freezing weather stops the growth of the grass.

"Prevention is the key to effective control," Philley said. "Preventive measures, such as applying fungicide before the disease develops, should be concentrated on areas where the disease has previously occurred."

"Several fungicides are available that are effective in controlling brown patch," Philley said. "Check labels closely for application rates and intervals. Some fungicides require more than one application."

Good neighbors with good advice for saving energy

You can reduce energy waste by taking a few simple steps to lower the amount of energy needed to heat water in your home. For many water heaters, an insulation blanket is an easy way to save energy. A leaking hot water faucet wastes energy, so check regularly for leaks.

For more ways to save energy, call or visit your local TNP office today and ask for a copy of the "Energy Management Guide."

Sue Smith, a clerk in Texas-New Mexico Power Company's West Columbia office, can help customers with their energy questions. Employees in all of the communities TNP serves are a good source of advice for using energy wisely.

County Cowboys Qualify For Tulsa Finals Rodeo

On October 3-4-5, the Top 15 cowboys and cowgirls in their respective events will begin competition at the biggest rodeo of the 1991 rodeo year, the C.R.R.A. Finals Rodeo, to be held at the Tulsa Fairgrounds Pavilion in Tulsa, OK.

Competing at over 150 rodeos in 1991, more than 700 cowboys and cowgirls contested and traveled the rodeo circuit to try to qualify for a spot at the richest paying rodeo of the year. A total of $21,000.00 is added to the Finals rodeo, in addition to other prizes and awards that the winners will receive for their accomplishments.

And this area is well represented this year, with cowboys and cowgirls who have earned enough money to compete at the prestigious event.

Leading for the 1991 Saddle Bronc Riding Championship is Jack Hooge of Blossom, TX. Hooge, a three times Finals qualifier goes into the Finals with $4,901.75, with a lead of over $1,800 ahead of Doug Linker of Loneoke, AR. Hooge is relatively assured of a championship with this lead. It will be his first.

In the bareback riding, David Worden of Cooper, TX will be making a bid for his fourth Bareback Riding Championship. Though Worden is ranked third in the Top 15, he can overtake the leader, Clayton Macom of Stigler, OK and win his fourth title. Last year, Worden went into the Finals in the #2 spot, behind Macom as well, and went on to win the title.

In the bull riding event, many-times Finals qualifier Damon Holmes of Bogata is going into the Finals in fourth place with $3,726.64. Holmes had a slow start in 1991, thus causing his lower-than-usual finish. He is unable to win the championship this year but can move up into the runner-up position for the year-end standings, a position he has held before. He is a former average winner at the Finals.

Along with Holmes is Jeff Bivins of Cuthand, TX, who will be in eighth place when the Finals begins next week. Bivins has won $2,708.88, and though he cannot win the title, he will be trying for the rich average prizes and awards. Sitting 12th in the bull riding is Wade Cline of Omaha, TX with $2,439.08.

Neesa Taylor of Bagwell, TX qualified in twelfth position in the cowgirls barrel racing with $2,360.77, but will not be able to compete, due to her horse being injured last month.

Bogata is again represented at the Finals this year by the Wing Rodeo Company, who has been nominated to send a number of their bucking stock to compete at the Finals as well. The Wing Rodeo Company is the reigning Stock Contractor of the Year in the CRRA and has again been nominated for this honor.

The Bogata Rodeo Association's annual rodeo is CRRA approved and the Bogata Rodeo is a sponsor in the 1991 CRRA Awards Program.

Senator Ratliff Named To Best Legislators' List

Senator Bill Ratliff, R-Mt. Pleasant, is one of four members of the Texas Senate named to Texas Monthly magazine's selection of the ten best state legislators. In its October edition, the magazine said, "Ratliff, in just his second session, quietly established himself in the Senate's top echelon."

"I am honored to be regarded as one of the best members of the Senate by such a respected publication as Texas Monthly. To be included in this list with Senators Montford, Parker and Armbrister is flattering," Ratliff said.

The article continued, "Ratliff's stature rests on a single trait that sets him apart from the great mass of the Senate. He's a totally free man--free of partisanship, free of egotism, free of ambition, free of the lobby, free to act as every Senator should but few actually do: Look at every issue from both sides and decide what is right."

Ratliff had been named to the Dallas Morning News' list of the seven best legislators in that publication's Editorial of June 2.

NOTICE

COMBINED NOTICE
NOTICE OF FINDING OF NO SIGNIFICANT IMPACT ON THE ENVIRONMENT
NOTICE TO PUBLIC OF REQUEST FOR RELEASE OF FUNDS

TO ALL INTERESTED AGENCIES, GROUPS, AND PERSONS: On or about October 14, 1991, the above-named City of Deport will request the Texas Department of Commerce to release Federal funds under Title I of the Housing and Community Development Act of 1974, as amended, to be used for the following project:

Project: Water Facility Improvements
Contract: #700841
Purpose: Water Supply Enhancement
Location: Deport, Texas
Enumeration District: #1212
Cost: $154,000

FINDING OF NO SIGNIFICANT IMPACT

It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the human environment and accordingly, the above-named City of Deport has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969.

The reasons for such decision not to prepare such Statement are as follows:

Significant adverse effects of this project are temporary in nature and will cease upon completion of construction activities which cause them. Long-term effects of expanded water supply are beneficial to the community.

An Environmental Review Record respecting the within project has been made by the above-named City of Deport which documents the environmental review of the project, and more fully sets forth the reasons why such Statement is not required. This Environmental Review Record is on file at the above address and is available for public examination and copying, upon request, at City Hall, between the hours of 8:00 a.m. and 5:00 p.m.

PUBLIC COMMENTS ON FINDING

All interested agencies, groups, and persons disagreeing with this decision are invited to submit written comments for consideration by the City of Deport to the Office of the Mayor on or before October 11, 1991. All such comments so received will be considered and the City of Deport will not request the release of Federal funds or take any administrative action on the within project prior to the date specified in the preceding sentence.

RELEASE OF FUNDS

The City of Deport will undertake the project described above with Texas Community Develoopment Program funds from the Texas Department of Commerce (TDOC) under Title I of the Housing and Community Development Act of 1974, as amended. The City of Deport is certifying to the Texas Department of Commerce that the City of Deport and Mayor Charles Foster in his official capacity as mayor, consent to accept the jurisdiction of the Federal courts if an action is brought to enforce responsibilities in relation to envirnmental assessments, decision-making and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, the City of Deport may use the Texas Community Development Program funds, and the Texas Department of Commerce will have satisfied its responsibilities under the National Environmental Policy Act of 1969 and 24 CFR, Part 58.

OBJECTIONS TO STATE RELEASE OF FUNDS

The Texas Department of Commerce will accept an objection to its approval of the release of funds and acceptance of the certification only if it is on one of the following bases: (a) that the certification was not in fact executed by the chief executive officer or other certifying officer of the Contractor approved by TDOC, or (b) that the Contractor's environmental review record for the project indicates omission of a required decision, finding, or step applicable to the project in the environmental review process. Objections must be prepared and submitted in accordance with the required procedure (24 CFR 58), and may be addressed to the Texas Department of Commerce, Community Develoopment Division, P.O. Box 13166, Capitol Station, Austin, Texas 78711. Objections to the release of funds on bases other than those stated above will not be considered by the Texas Department of Commerce. No objection received after October 11, 1991 will be considered by the Department of Commerce.
