Dean Wore Out Interpreters While Captive

FREEDOM VILLAGE (AP)—Maj. Gen. William F. Dean, white-haired and thin after more than three years in Communist prisons, today rode a Russian-built jeep back to freedom and to a heart-warming welcome by the first Americans he had seen since his capture.

Dean, who won the Medal of Honor fighting beside his men in the streets of Taejon, had aged 10 years in appearance. He came back wearing a dust covered blue cotton suit, brown sneakers, yellow shirt, a red tie and a wry grin.

He said he had not seen another American since July 21, 1950.

"It is certainly good to see so many fellow citizens," Dean said warmly. "You all look better to me than I do to you, I'm sure."

At this processing center the tanned old soldier told of his capture in the midst of the swirling confusion of the war's dark early days . . . of sleepless days . . . 68 hours once—of questioning during which he wore out relays of Red interpreters . . . of the terrible isolation of more than three years.

Much of the time, he said, the Communists gave him nothing to read and no pencils or paper. He spent his lonely days working mathematical problems in his head.

Dean did not lose his dry wit . . . It crackled frequently as he talked with newsmen.

The general was greeted by high ranking officers and fighting men. He beamed as the cheers rang out.

He arrived in the last ambulance to come from Panmunjom and after routine processing was flown to the evacuation hospital at Seoul. The Air Force said Dean probably would be flown to Tokyo tomorrow.

The 54-year-old general, a veteran of almost 30 years in the Army, said he wandered a month through Korea trying to reach American lines. For 20 days he went without food. Then came his capture, long marches and hours of questioning.

The Communists used several teams of interrogators but only two interpreters, he said.

"The first time they questioned me 68 hours," Dean said. "I think the interpreters just wore out."

"The next time it was only 44 hours. The third go was 32 hours."

"I was very thin at the time. It hurt me to sit down. I sat on my hands until they puffed up.

"They were going to punish me as a 'war criminal' for my activities as military governor of South Korea."

Dean said he met several Communists whom he had seen earlier in various positions in South Korea.

Dean said he became separated from the men of the 24th Division which he commanded on July 21, 1950.

"On five occasions while trying to get back to my division I was surrounded by North Koreans or local boys who had been given guns by North Koreans and who called themselves home guards," Dean said.

By Aug. 25 he had worked his way as far south as Chinhae, about 30 miles below Taejon. There he met a Korean civilian who promised to help him return to American lines.

But when they reached the point where they were supposed to meet American troops, a group of Koreans started shooting.

A Korean grabbed his arm and "before I was able to get my hands free about 20 Koreans were on me."

That night in a jail Dean's feet were swollen so he took off his boots.

"That gave them the idea," he added wryly. "They took the boots.

"The next day when we were marching north they gave me Korean rubber shoes but there were no soles on them. It was a terrible mistake taking my boots off."

The general's wife heard the news of his release while driving from Berkeley, Calif., to the home of their daughter in Monterey, about 130 miles to the south.

She stopped at an undisclosed retreat and telephone her daughter, Mrs. Robert Williams, who quoted her as saying:

"The news hit me like a bombshell. I'm overwhelmed. What I need now is eight hours sleep. I don't want any pictures taken until Dad gets home. Then they can take them until they're black in the face. He's the hero, not I."

The general's mother, Mrs. Elisabeth Dean, was waiting at her home in Berkeley when news of his release arrived.

Sulphur Water Developes On Test In Borden

Double U Corp. No. 1-A G. E. Spindler, Northeast Borden wildcat, made sulphur water on a drillstem test in the Ellenburger where it had shows of oil in a previous test.

The test was run from 8,333-376 feet with the tool open two hours and seven minutes. There was a good blow of air throughout the test. Recovery was 2,280 feet of sulphur water with no shows of oil or gas.

Operator is to take electric logs and check porosity in the lower Pennsylvanian from the logs. If there are shows there the project may plug back and test.

The first Ellenburger test at the No. 1-A Spindler was from 8,334-346 feet. It recovered 120 feet of heavily oil and gas-cut mud, plus mud-cut oil and no formation water.

FULLER BROTHERS

William Fuller and A. P. Fuller of Dallas have filed application to drill a 6,500-foot Ellenburger wildcat in Southeast Tom Green County.

It will be the No. 1 J. Willis Johnson, Jr., located 2,173 feet from north and 660 feet from east lines of C. M. Dunn survey No. 548. That is about 15 miles south of San Angelo.

The drillsite is six and three-quarter - miles east - northeast of Christoval on a farmout from Stanolind. It is three and three-quarter - miles west of the Susan Peak - South field which has three wells producing from the Strawn above 5,000 feet.

DRILLING REPORT

In extreme West Borden County, Gulf Oil No. 1 C. C. Cannon is at plugged - back total depth of 10,355 feet in lime and chert and preparing to drillstem test.

Texaco No. 2 C. D. Jones, Northeast Borden test, is at total depth of 2,650 feet and preparing to drill ahead after cementing intermediate casing.

Ryan & Burke No. 1 Cannon, West Borden wildcat, is drilling in lime and sand below 4,360 feet.

Seaboard Oil No. 2 Peterson, north offset to the recently completed discovery drilled by Seaboard as the No. 1 Pettaway, is drilling in anhydrite, salt and shale below 2,570 feet.

Hunt and Lomax No. 1 Mays, Kent project, is drilling in shale below 6,045 feet.

Texas Pacific No. 1-A Spencer, Howard wildcat, has perforated casing from 9,855-880 feet. It will run tubing and swab in the Siluro-Devonian where it had some free oil on a drillstem test.

Warning Given To Italians By Angry Slavs

BELGRADE (AP) — Yugoslavia threatened officially today to send troops to the Italian-Yugoslav frontier unless Italy ends her maneuvers, termed a "military demonstration," in that area.

The warning was in a note, the fourth in three days, sent by President Marshal Tito's government to Italy's Foreign Ministry in Rome as a result of new tension in the seven year old feud between the two nations over the future of the Free Territory of Trieste.

"If the Yugoslav government establishes that the Italian government continues to adhere to the abnormal situation on the border," the note said, "it will be forced to undertake corresponding measures on its territory."

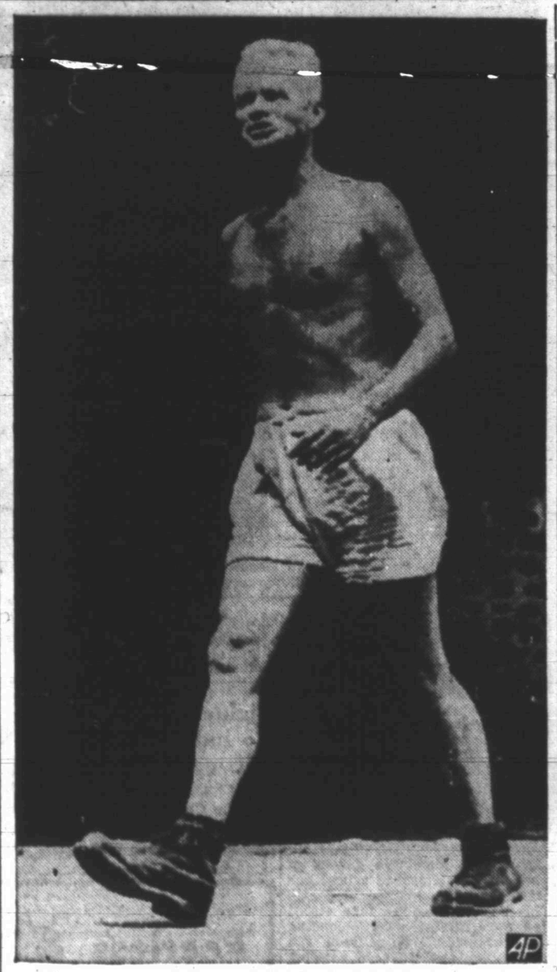

In plain terms, this means Yugoslavia plans to march in troops to back up her frontier guards in the Gorizia region, north of Trieste, unless Italy withdraws troops on the opposite side of the frontier there.

The note described as unsatisfactory Italy's rejection of three previous Yugoslav complaints concerning border incidents of the past week.

The Yugoslavs say Italy had two divisions of perhaps 20,000 to 30,000 men in the area and Italian detachments twice have strayed onto Yugoslav soil.

The note protested Italy's action in undertaking a military demonstration along the border "when normal diplomatic channels exist through which an explanation could have been sought about differences between the two countries."

In Rome, a Foreign Ministry spokesman said "there has been no military demonstration on the Yugoslav border." Italy contends the maneuvers are strictly routine.

BEFORE REPATRIATION

Maj. Gen. William F. Dean of Berkeley, Calif., took walking exercises clad only in shorts and combat boots while held prisoner. According to Communist correspondent Wilfred Burchett, who provided this picture, Gen. Dean was held at a "special villa" at Kaesong, apart from other POWs awaiting repatriation. Gen. Dean was captured in 1950.

ATTORNEY SAYS DUVAL LIKES TO VOTE 1 WAY

AUSTIN (AP)—Dist. Atty. Raeburn Norris of Alice testified today the most complaints he has heard against officials of Duval County have been "rabid expressions of hopped-up partisans."

Norris was back on the stand in the hearing of ouster charges against District Judge Woodrow Laughlin of Alice.

Questions probed deeply into Norris' attitude toward politics in boss George Parr's Duval domain, with which Laughlin has been linked in testimony.

Sen. William Shireman of Corpus Christi, counsel for Laughlin's opposition, asked Norris if he considered it "hopped-up partisanship" just because candidates opposing Parr wanted to run for office.

"The ones that stay in Jake Floyd's office half the time and spread the propaganda—that's the ones I'm talking about," Norris responded.

Shireman asked Norris if he knew why people voted one way in Duval County.

"I think they like it that way," Norris said.

Shireman asked if he thought pressure had anything to do with it.

"I have seen no evidence or heard no evidence I thought worth a tinker in that regard," Norris said.

Jake Floyd is an Alice attorney and a political foe of Parr.

The district attorney was asked if he had heard of Parr making an assault recently on a Duval County citizen at San Diego. Norris said yes.

"Do you intend to do anything about it?" Shireman asked.

"Certainly," Norris replied. He said the job was primarily one for the county attorney. Norris is district attorney for the 79th District, over which Laughlin presides.

Shireman asked Norris if Nago Alaniz had been his campaign manager in the last election. Alaniz has been indicted in the mistake slaying a year ago of Floyd's son and namesake at Alice.

"He did everything he could to get me elected. If you want to call it campaign manager, I guess you could," Norris said. Alaniz is an Alice attorney. He has not yet been tried on the slaying indictment.

Norris said he had been associated with Alaniz in law practice since 1946.

The Supreme Court may be asked to extend its Oct. 1 deadline for a decision on ouster charges against Dist. Judge Woodrow Laughlin of Alice.

Dist. Judge D. B. Wood of Georgetown, who is conducting the hearing as master in chancery, said he may have to ask for more time to study the testimony.

The hearing is three weeks old and likely will extend into a fourth.

Dist. Atty. Raeburn Norris of Alice gave an accounting yesterday of his official actions bearing on charges against Laughlin. He was called as a defense witness.

Norris said he had prepared for the judge's signature the order to release Duval County's court-impounded general election ballots and stubs.

TOTAL JUST $275

POW Peterson Due In U.S. Thursday, Fund Is Small

Residents of the county have only a week left in which to contribute to the slowly growing fund to show their appreciation to the county's repatriated and returning prisoner of war, Cpl. Carl D. Peterson of Hermleigh.

Peterson is due to arrive at San Francisco Thursday on the Marine Phoenix. His parents and other relatives have left for the coast to meet him. A brother stationed in Washington state is seeking an emergency leave. His grandmother, Mrs. A. T. Ganaway, is planning to barbecue a calf.

The soldier's parents, Mr. and Mrs. George Peterson of Hermleigh, have received a telegram from the defense department, notifying them of his expected arrival. The department said he would be sent immediately to either Fort Mason or Camp Stoneman for processing and placed on leave without delay.

Cpl. Peterson, the only serviceman from Scurry County who was known to have been captured by the Reds, spent 32½ months in prison camps.

Donations totaling $50 given to the Carl Peterson Appreciation Fund since noon yesterday brought the total to date to $275.50.

The drive was started exactly a week ago to purchase a gift by which the county's donors would show their appreciation to Cpl. Peterson.

When the drive was started, it was believed contributions would be sufficient to buy Peterson a new car. He is expected to arrive on the West Coast in a few days.

Donations may be given to the West Texas State Bank, the Snyder National Bank, or the Snyder Daily News and should be made payable to the Carl Peterson Appreciation Fund.

Donations received since noon yesterday were $10 by T. C. Goss, $25 by the Junior Chamber of Commerce, $10 by L. T. Norcross, and $5 by D. M. Benton.

First Norther Brings Rain To Part Of Drouth Section

By The Associated Press

A norther whipping across Texas nearly three weeks ahead of autumn, dropped temperatures and stirred up thunderstorms over most of the state Friday.

The straying cold front, fresh off the Rocky Mountain snowfields, gave Amarillo a Friday morning low of 47 degrees, a record for September. Dalhart had 45.

More good rains were reported for the 24 hours ending at 6:30 a.m., mostly in North, East and South Texas.

Parts of South Texas were flooded again following rainfall ranging up to eight inches during the night.

Alice and Kingsville were hardest hit by the new high water. San Diego Creek was reported on a fast rise at Alice.

At Kingsville 30 families were reported moved from their homes Friday as Tranquitis Creek sent water one inch higher around houses than it was during last week's flood. Rainfall totaling 7½ inches was reported west of Kingsville.

More Kingsville families removed their furniture from first floors and hoped that they would not have to leave their homes. Highway 77 was covered by water and might be closed by noon.

Falfurrias had 2.53 inches of rain in an hour. Flooding conditions were not as bad as on Wednesday, but the 20 families who were moved Wednesday night had to move again after returning to their homes yesterday afternoon.

The Bishop area got 2.5 to 5 inches of rain but no flooding was reported, yet.

The Rio Grande River was on another rise. Some streets in North Laredo overflowed.

Some damage to cotton was reported in Central and East Texas but the moisture generally benefitted late crops and winter ranges. The worst thing was that it stopped the harvest.

The cool front brought 1.16 inch of rain to Marshall and an 8:30 a.m. reading to 66.

Austin got 2.15 inches from the norther. Two inches fell at Georgetown, with heavy showers at Leander and more good rain west in the Hill Country. The moisture was welcome for winter ranges.

A total of 1.91 fell in Corsicana. Some cotton was damaged by wind and water.

Good rains up to 2½ inches over Henderson County were beneficial to late crops and pastures but did slight damage to cotton.

The Laredo area had 2.70 inches up to 9 a.m. Friday and it was still raining. The runoff plus flood waters from the Mexican Rio Escondido below Eagle Pass put the Rio Grande on another rise. The river was up to 12 feet Friday morning with a crest of 15 to 16 expected by Saturday.

The 24 hour totals Friday morning showed San Antonio with 1.55 inches, Fort Worth 1.53, Dallas .56, Lufkin 1.09, College Station 2.06, Alice 3.02, Tyler 2.70, Grand Prairie 1.80, Decatur 1.48, Ennis 2.20, Rockwall 1.70, Trinidad 1.10, Anna 2.00, Ferris 1.10, Gainesville 2.44, Muenster 2.30, Sherman 1.02, Slidell 1.43 and Trenton 2.20. Numerous smaller showers were reported.

A sampling of minimum temperatures Friday morning showed: Alice 59, Austin 65, Big Spring 61, Brownsville 79, Dallas 60, Fort Worth 62, El Paso 63, Houston 67, San Antonio 68, Waco 65, Beaumont 70, Corpus Christi 69, Galveston 71, Laredo 68, Wichita Falls 54, Texarkana 64, Lubbock 49, San Angelo 63 and Childress 52.

Air Budget Cuts Termed Shocking By Democrats

MURDERESS IN CHAIR

First White Woman Executed In South Dies Last Night

By REX THOMAS

MONTGOMERY, Ala. (AP) — With a mumbled prayer for forgiveness, Mrs. Earle Dennison was put to death early today for the bizarre poison slaying of an infant niece whose life she had insured for $5,500.

The frail, trembling former surgical nurse made no protest as she was seated in Kilby prison's yellow electric chair, but winced and uttered a faint cry when the straps were pulled too tight.

She was the first white woman ever electrocuted in Alabama.

Mrs. Denison, who fed arsenic to 2-year-old Shirley Diann Weldon for the insurance she had taken out on her, met death calmly despite her nervousness.

To the prison authorities and witnesses who watched her die, the 55-year-old widow had only this to say:

"Please forgive me for everything I did. I forgive everybody."

With those final words, the black cloth mask was hooked into place and 2,500 volts of electricity were shot through the nurse's body. The time was 12:06 a.m. (CST). At 12:11 a.m. two physicians pronounced her lifeless.

Mrs. Dennison wore a loose-fitting blue denim prison dress and black sandals with no hose. Her head had been completely shaved.

A brother - in - law of the condemned woman, W. O. Guin of Winnsboro, La., was among the witnesses. So was James Crowell of Wetumpka, Ala., whose brother married one of Mrs. Dennison's sisters.

In a final appeal to Gov. Gordon Persons yesterday, the graying widow begged for mercy and grieving members of her family prayed. But the governor refused to be influenced by the fact that no other white woman had ever been electrocuted in this state.

The bizarre details of Shirley Diann's death came to light on May 8, 1952, when the aunt was taken into custody and charged with murder. That was just one week after the child had died in convulsions at the very hospital where the nurse worked.

In two signed statements admitted as evidence later at her trial, Mrs. Dennison told of poisoning the child who only a moment before had greeted her with an affectionate hug.

Shirley Diann's death was similar to the mysterious illness which took the life of another Weldon child, Polly Ann, two years before.

Polly Ann's body was dug from its grave and showed traces of arsenic. Mrs. Dennison was indicted for her death as well as Shirley Diann's but tried only for the latter.

LAKE THOMAS PICKS UP 10 FEET OF WATER

Heavy rains this week in the watershed of Lake J. B. Thomas has brought the lake level to a new record high, gaining 10 feet.

E. V. Spence, Colorado River Municipal Water District general manager, said last night that rains Wednesday on the upper regions of the Colorado River were responsible for the rise. The area around Gail, Lamesa and O'Donnell had good showers and evidently a heavy runoff.

A delayed flow from the distant rainfall may raise the level of the lake even more, Spence said. Lake Thomas had 4,500 acre-feet of water before the rise, but he declined to guess at the amount in the lake now.

No Clues Yet InDallas Death

DALLAS (AP)—The chief of Highland Park police said today he was "grasping at straws" in the murder last week of Miss Selma Ullman.

W. H. Naylor added "We are not up against a stone wall. There are too many people who may know about this that we have had no opportunity to question."

After lie detector tests had virtually cleared a middle-aged woman in the bludgeon murder of the spinster, 49, Naylor talked with three men and two women he hoped would throw light on the slaying.

"They didn't help us a bit," Naylor said later. He refused to discuss the five's identity, social or business connections with the dead woman.

Miss Ullman's body was found last Friday by a friend attracted by the prosperous woman' kitten scratching at the front door of the dead woman's fashionable home.

Police have established that the woman was beaten to death two days earlier. The murder instrument is believed to have been a brass ornamental Chinese pitcher.

The prize clue until today was a date book which Miss Ullman kept and which contained names and some parenthetical remarks. A woman, mentioned in the book more than any other one person, is wanted for questionnig by Highland Park's police.

"We have not been able to find her," Chief Naylor said. "She is not a suspect for she was in Ontario, Canada, when the murder occurred."

Denies FBI Asked Not To Make Probe

AUSTIN (AP)—Maurice Acers, executive assistant to Gov. Shivers, says he did not ask the FBI to delay its inquiry into a case at the Gainesville School for Girls.

FBI Chief J. Edgar Hoover asserted in a letter to the governor Acers had asked the Dallas FBI office to defer the inquiry until after the July, 1952 primary election "to avoid unfavorable publicity."

Hoover and Shivers exchanged words again yesterday about FBI checks of Texas agencies.

Hoover accused Shivers of making "unfounded, unwarranted and untrue statements about the FBI's work." Shivers said that both the state and the FBI could do their job better if the FBI would cooperate and added he hoped the FBI would work with the state in the future.

Shivers has accused the FBI of snooping into Texas institutions on civil liberties cases without notifying state officials.

Hoover has maintained that the responsible heads of agencies have been notified. He cited one instance, where the FBI had been asked by the Department of Justice to look into a case at the Gainesville correctional school, and had done so after notifying the head of the institution.

It was here that Hoover said Acers had asked for a delay.

Acers said of Hoover's charge:

"A statement has been made that I personally requested that the FBI delay its inquiry in the case of the Gainesville School for Girls during July of 1952. This statement is untrue. I did not make such a request of anyone at any time."

Prisoners Of War To Get Grade Advancement

NEW YORK (AP)—Returning prisoners of war from Korea will be promoted under a joint policy approved by the secretary of defense, the Navy's chief of personnel said today.

Vice Adm. James Holloway explained:

"Prisoners and missing personnel will be advanced one pay grade when they have satisfied the service requirements.

"After they return they will be advanced to whatever enlisted pay grade they presumably could have attained if they had not been captured. These advancements, after repatriation, will be dependent upon the ex-prisoner of war proving himself qualified by examination."

Republican Is Asking 'Facts' On Reduction

WASHINGTON (AP)—Two Democratic senators today labelled a reduction in the Air Force's production program "shocking" and "dangerous," and Sen. Potter (R-Mich) asked for disclosure of all the facts involved in the 750 million dollar cutback.

Senatorial criticism began to erupt with publication of reports, later modified that plans to purchase 1,000 planes had been cancelled. The aircraft reduction is apart from the five billion dollars cut earlier this year from the Air Force budget.

However, James H. Douglas, acting secretary of the Air Force, told newsmen the striking power of the Strategic Air Command would not be effected "materially" by the reduction, which he said was not an economy move.

Instead, he declared, it followed from revised estimates of what the Air Force needs and will release money for other types of aircraft, some perhaps to be obligated this fiscal year. Douglas also said that while some existing contracts were affected, it was mainly future aircraft procurement plans that were hit.

Secretary of Defense Wilson, announcing the reduction in St.Louis yesterday, said changes were being made "so we can spend the money for the right thing at the right time and for the right purpose." He declared the reduction would not affect the current production rate of 1,000 airplanes a month, nor prevent the Air Force from reaching its goal of 120 wings.

Sens. Hill (D-Ala), a member of the Senate Appropriations Committee, and Stennis (D-Miss), an Armed Services Committee member, voiced doubts that sufficient new orders will be forthcoming to prevent a reduction in over-all planned air strength.

Hill said in an interview he regards the contract cancelation as "a shocking repudiation of the commitments made to Congress by Secretary Wilson that there would be no reduction in plane production."

Hill declared, "This reduction seems to have been made in the same careless spirit in which the previous five billion dollar cut was made in Air Force appropriations requests.

"It is striking that only two weeks ago we confirmed the fact that the Russians had exploded a hydrogen bomb."

Hill predicted the Appropriations Committee will call on Wilson for an explanation at the first opportunity.

Stennis said in a statement that any reduction in the Air Force would constitute "a dangerous risk to our security and represent a course of action out of keeping with the get-tough-to-the-Reds speech" Secretary of State Dulles made Wednesday in St. Louis.

"Mr. Dulles talked of a war with the Reds that would involve us on the mainland of Asia where we are vastly outnumbered in manpower," Stennis said. "At the time he was speaking, the civilian authorities at the Pentagon were cutting our Air Force, which had already had five billions slashed from its budget."

Douglas said orders for 151 of the speedy B47 jet bombers will be cancelled and also plans for 18 more B47s. Other planned procurement now canceled, he said, includes 579 fighter-bomber types, 66 primary trainers, 141 basic trainers and 10 helicopters.

He said the revision in the production program had been made by experts of the Air Force itself and approved by the Air Force chief of staff two weeks ago. He added that among the factors that made the revision possible were the end of fighting in Korea and new estimates of losses and damage from accidents and similar causes.

Atlantic Hurricane Is Staying Clear Of Land

MIAMI (AP)—The severe Atlantic hurricane with whirling winds of about 150 miles an hour velocity was moving on a northwesterly course today which should bypass land areas.

The Miami weather bureau said the storm may swing close to Bermuda but probably will pass to the east of that island and remain over open water.

An 10 a. m. (CST) advisory gave the position of its center about 425 miles north northeast of San Juan, P. R., 1,100 miles east southeast of Miami.

Hurricane force winds extend 75 miles outward from the center toward the north and east, and 50 miles to the south, with a much larger area of gales and squalls.

WEATHER

NORTH CENTRAL and WEST TEXAS: Generally fair and cool this afternoon and tonight. A little warmer Saturday.

EAST and SOUTH CENTRAL TEXAS: Partly cloudy and colder, scattered thundershowers near the coast this afternoon. Partly cloudy, cool tonight. Mild Saturday. Fresh mostly north winds on the coast.

WHERE TRAGEDY STRUCK

While rescuers in small boats search for missing bodies, others crowd around bodies of drowned soldiers on the beach of the lake at Fort Bragg, N.C., following a training accident in which twenty soldiers were drowned. Two others are hospitalized.

PREMIUM FOR FIRST BALE

J. L. (Broadway) Browning, left, chairman of the chamber of commerce agriculture committee, is shown presenting a check for $300 to J. O. Hudnall, Camp Springs farmer who raised this year's first bale of cotton ginned in the county. At right is D. V. Merritt, manager of the Planter's Gin where it was ginned August 26. The premium was given by the chamber of commerce, and no auction will be held. (Lee Watson photograph)

Midwest Getting Cooled, But Eastern States Still Burned

By The Associated Press

Cool northern breezes and refreshing showers spread across the sun-baked Midwest today bringing happy relief from a prolonged heat wave.

Hot and humid weather, however, continued in wide areas in the eastern sections of the country. But there was hope of an early break, probably by tomorrow.

The cool air mass from Canada, heading eastward and southward, pushed back the torrid stagnant air that had held a tight grip over the Midwest for as long as 11 days.

Temperatures tumbled as much as 30 degrees as the cool air moved steadily across the parched mid-continent. A band of showers about 100 to 200 miles wide were general along the leading edge of the cool air from Wisconsin southward into eastern Iowa, northwestern Illinois, Missouri and northeast Texas.

Weather bureau officials said the cool mass would cover all of Michigan and Indiana by late today. There was indication that it would continue eastward and southward and bring relief to other heat-stricken areas.

Showers were forecast for sections about 160 miles to the rear of the cooler air, extending over eastern Wisconsin, Michigan, Illinois and Indiana.

Chicago, sweltering with other areas from the Rockies to the Atlantic Coast in the summer season's longest heat wave, got the welcome relief around midnight.

It was a hot and sticky 97 in Chicago yesterday, the 10th straight day of 95 degrees or higher. It continued muggy with readings in the 80's before midnight. But four hours after the cool air moved in, it was a delightful 63. The forecast was for readings in the low 70's today and a chilly 50 tonight.

As the break in the heat wave came to the mid-continent, the toll of dead from causes attributed to the hot weather mounted to at least 134. The searing heat also has caused millions of dollars damage to crops, livestock and pasture lands.

The precipitation in Kansas and Missouri brought new hope for farmers whose pastures are brown and who are facing a shortage of feed and water.

It was another day of record breaking heat in wide areas in the eastern half of the country yesterday, with highest readings in the northeastern section. Elmira N. Y., reported a top of 105 and the 100 at Binghamton broke a 24-year record for the date. It also was 100 in Albany and the 99 at Rochester was an all-time high for September.

There were similar readings in other eastern cities, including 100 in Philadelphia and 98 in Washington, where the first heat deaths were reported.

Deaths attributed to the heat numbered 33 in Illinois; 20 each in Massachusetts and Pennsylvania; 12 in New York; 7 each in Ohio and Maine; 6 in New Hampshire; 5 in New Jersey; 3 each in Texas, Rhode Island, Vermont and Minnesota; and 2 each in Wisconsin, Indiana, Maryland, Michigan, Missouri, and Washington, D. C.

Doctors Blast August Draft

CHICAGO (AP) — The American Medical Association today contended the armed forces have more doctors than they need and labeled the latest physician draft call "unnecessary."

In an editorial in the AMA Journal, the association said the August call for 524 physicians was kept in force although the services had exceeded a newly established ratio of three doctors per 1,000 troops.

The editorial said that after the August call was announced, the armed forces received "a flood of applications for reserve commissions and active duty orders" from physicians who had been temporarily deferred.

"These volunteers now exceed 1,200, a number far in excess of the present medical requirements" of all branches of the military, it said.

The journal added the selective service system "refused to cancel its pending" draft call "not withstanding this excess of medical officers."

First Man Is Tried Under New DWI Law

Claude E. (Shbt) Allen, of Snyder, became this morning the first man to be tried under the state's new law on driving while intoxicated, which became effective last Wednesday.

The new law makes it mandatory to sentence a person convicted in county court of such an offense to serve at least three days in jail or be assessed a six-month probated jail sentence.

Allen pleaded guilty to the charge, and Judge Edgar Taylor gave him the choice of a three-day sentence or the long probated sentence. Allen took the latter and was also assessed the minimum fine allowed in such conviction, which was $50 plus court cost of $23.50.

Allen was arrested last night on the Big Spring highway by Bill Love and Howard Gibbons, deputy sheriffs.

Wayland Holt, county attorney, recommended the probated sentence when Allen told the judge he would rather have probation. Holt interpreted the law as meaning that any person so probated would be compelled to serve a full six months in jail if arrested on such a charge at any time during the six - month probation period.

HOSPITAL NOTES

The following admissions and dismissals at Battenfield Hospital are those whose names were released by the hospital.

Admissions: William Ernest Barkley, Snyder; Robert Marshal Sterling, Ira; Ross R. Smith, Snyder; Boss McNeally, 1102 Sycamore Street, Abilene.

Dismissals: Lynn Chamberlain, Snyder; Mrs. Newt Morton and baby, 2612 Thirty-sixth Street; Mary Lou Romero, Snyder; Mrs. Alton Roy Bagwell, Snyder.

SACROC Man Speaks At Rotary Yesterday

E. L. (Dick) Anders, junior chief engineer for the SACROC unit, was guest speaker at the Rotary Club luncheon yesterday.

Anders, who was the guest of Hicks Allen, spoke on the oil industry and of his experiences in oil work in Peru.

Willard Paine, recently appointed vice president of the Snyder National Bank, was among the visitors. Others included Al Coffman, J. M. Lawrence, Elmer Wright and C. S. Perkins, all of Sweetwater, and Worth Peeler of Big Spring.

Gen. Wedemeyer Sees Fighting Breaking Out In Some New Spots

TORONTO, Ont. (AP)—Retired U.S. Lt. Gen. Albert C. Wedemeyer says that now the Korean War appears over, it is reasonable to assume Russia-inspired aggression will turn some other part of the world into a battleground.

Wedemeyer told a news conference here yesterday that Indochina would likely be the next trouble spot. He added that he couldn't rule out the chance of further fighting in Korea or new outbreaks in Western Europe or Iran.

The 56-year-old general, who commanded the China theatre of war from 1944 to 1946, is now a high official of a U.S. manufacturing concern. He came here from New York to visit the Canadian National Exhibition.

One Teacher Needed To Fill Hermleigh Faculty

Hermleigh school started Tuesday with 341 students enrolled and the school faculty one teacher short, Orville Paty, superintendent, said yesterday.

The teacher needed is for commercial subjects, Paty said.

Though the enrollment is a little less than last year, he expressed confidence that the number would increase during the year.

Senator Gets License To Marry Photographer

NEWPORT, R. I. (AP)—Sen. John F. Kennedy (D-Mass) and Miss Jacqueline Lee Bouvier of Newport were issued a marriage license yesterday at City Hall.

They will be married at St. Mary's Catholic Church Sept. 12 with Archbishop Richard J. Cushing of Boston performing the ceremony.

Kennedy, wearing a sports shirt and summer shorts, borrowed a coat and necktie before posing for photographers. He gave his age as 36 and Miss Bouvier said she is 24.

They met last year while she was an inquiring reporter for the Washington Times-Herald.

Youths Given Reprimand In Court Today

Two 19-year-old youths were reprimanded by the county judge and county attorney this morning and released to their parents after they signed written statements admitting they stole five gallons of gasoline from a parked school bus last night.

In their confessions, they stated they were driving a car belonging to the brother of one of them, ran low on fuel, and siphoned gasoline from the bus they found parked on a vacant lot in the 200 block of Thirty-third Street.

While siphoning the fuel, Howard Gibbons and Bill Love, deputy sheriffs, stopped beside the parked car, and the youths, unseen by the officers, fled. The car was brought to the county jail, and the youths were arrested by city police soon afterward while trying to figure a way to get the car back to its owner without being apprehended.

No charge was filed against either of the boys, neither of whom had ever been arrested before.

Fighter Planes Going To Indochina Rebels

TAIPEH, Formosa (AP)—A Nationalist Chinese news agency said today the Chinese Communists plan to give the Vietminh rebels in Indochina 15 fighter planes and use of air bases in South China's Kwangsi province.

The Interior Ministry's Ta Tao agency, which claims underground sources said the planes would be handed over shortly at Nanning in Kwangsi.

The agency also said a 30-man Vietminh good will mission left Peiping Aug. 27 for Outer Mongolia after a four-week visit to North China, probably to conclude a mutual defense pact with the Mongolian state.

Statewide Air Raid Alert Set In Maryland

BALTIMORE (AP)—Personnel operating Maryland's toll bridges will take cover and all traffic on the spans will be stopped during the statewide air raid alert later this month.

The test is planned for the week of Sept. 20.

Paul E. Sutherland, civil defense coordinator of the State Roads Commission, said the traffic holdup will last only a few minutes on the toll bridges over Chesapeake Bay and the Potomac, Patuxent and Susquehanna rivers.

Home Demonstration Council Meet Held

Routine business was discussed at the County Home Demonstration Council meeting yesterday afternoon. Twelve council members representing all clubs were present.

Mrs. M. L. Andress, Mrs. Dale Hess, Mrs. Howard Pogue were named to an officer nominating committee. It was announced that suggestions for the 1954 yearbook are now due and should be sent to Mrs. B. M. DeLoach.

Recreation following the business meeting was directed by the Plainview club.

Farewell Party For Jack Bolts Given

A farewell party for Mr. and Mrs. Jack O. Bolt was given Wednesday night by employes of Sun Pipe Line Co. Mr. and Mrs. Bolt and their family are to move to Brownfield soon.

Farewell gifts were presented Mr. and Mrs. Bolt from company employes in the Snyder, Claremont and Silver areas. Refreshments were served after the presentation of gifts, and dancing followed.

THREE ON A MATCH!

Useful uncluttered skirt — teamed with two weskit tops. (These belted weskits are the thing that give the new middy look over pleated skirts, too!) One weskit has V-neckline; the other square neck version.

No. 2708 is cut in sizes 10, 12, 14, 16, 18, 20. Size 16: Skirt and V-neck weskit take 2⅝ yds. 54-in. Weskit with square neck, 2 yds. 39-in.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5c per pattern.

The female hornbill, an African bird, walls herself up with mud inside a hollow tree at nesting time, but leaves a small hole through which her mate feeds her and the young.

Miss Leah Davis, 2366 Sunset Drive, is shown cutting a bouquet of roses from the pea roses in her yard that has been landscaped with flowers from widely scattered points over the nation. (Lee Watson photograph)

SOCIETY SCRIBBLINGS

Flowers From Over Nation Adorn Leah Davis' Garden

There are many beautiful flower gardens and landscapings in Snyder, but probably one of the most unique is Miss LEAH DAVIS' of 2366 Sunset Avenue.

The many unusual flowers in the decorative yard were gathered from all over the nation.

From Mrs. BRADFORD HOLT'S mother in Waco, Miss Davis was given some chrysanthemums that are not in bloom yet, but will soon add color to a flowerbed surrounding her garage.

In the same flower bed are some dalias that were put out by landscapers who did the initial landscaping of houses in Highland Park.

Miss Davis' mother, Mrs. J. E. Davis, of Luxora, Ark., contributed some yellow calla lily to enhance the appearance of blue vitex put out by the landscapers along the backyard fence at Miss Davis' home.

Behind her garage is more evidence of globe trotting and flower collecting. Narcissus and butter cups in the yard came from Mrs. Frederick O. Lyter, Miss Davis' sister, in Hartford, Conn., and about 75 Iris bulbs are brought from the home of Miss Davis' brother's father-in-law, Lew Bilbrey in Memphis, Tenn.

All the flowers in her yard were not transported hundreds of miles, however. Many were found in the yards of neighbors and friends here in Snyder. An example are cosmos from the yard of Mrs. EVELYN ELLIS, Deluxe Trailer Courts, 1200 Twenty-eighth Street, Miss Davis said.

White and purple lilacs were added to Miss Davis yard from flowerbeds at the home of Mrs. W. D. BEGGS, 3103 Avenue W.

Although the flowers came from many different geographic locations and climates, all seem to be prospering in their new beds here in Snyder.

HEAR FROM SON

Mr. and Mrs. W. G. HERRING, 3726 Austin, Snyder newcomers, have received word that their son, A-1C Bill Herring, was chosen airman of the month for August.

He is stationed at Pope Air Force Base, North Carolina, and has been in the Air Force for two and one-half years.

Mr. and Mrs. Herring moved here from San Angelo, where they had lived five years. He is associated with the Lane Wells Co., but they have also developed into key agents for Nutrilite Food Supplement, an enterprise Mrs. Herring became involved in as a side line. She will address a convention of agents for the company in San Angelo Saturday.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-8888.

How is the best way to thaw frozen meat, and how long should I allow for thawing? P. B.

Meat should be thawed with the original packaging intact to prevent its exposure to air. The most convenient place is usually on a lower shelf of the refrigerator, but this calls for a longer period of time and is most successful for overnight thawing. You may place the meat in a warm oven; however, this will cause a greater amount of drip. At room temperature, you should allow two hours per pound of raw meat. If meat is cooked before it is completely thawed, additional cooking time and a lower temperature will be necessary.

• • •

For a different type of quick bread, good for a not-too-sweet dessert or after school snacks, try this apricot-nut snack loaf:

Soak one cup of dried apricots in warm water for 15 minutes, drain and cut into pieces. Sift together two cups of flour, two teaspoons double-acting baking powder, one teaspoon salt and ¼ teaspoon soda.

Cream ¼ cup shortening and add one cup sugar gradually, creaming well. Blend in one egg, beat well, and add ¼ cup water and ⅛ cup orange juice. Mix well and blend in the dry ingredients, mixing thoroughly. Fold in ½ cup walnuts, chopped, and the apricots.

Pour the batter into a well-greased 9x5x3-inch pan, pushing the batter into the corners of the pan and leaving the middle hollowed. (Let the batter stand 20 minutes before baking if you want a rounded loaf.) Bake in a 375-degree oven for 50 minutes, and cool for 10 minutes before removing from the pan.

• • •

Who actually invented the sandwich? J. M.

That's a difficult question, since the sandwich seems to have cropped up in history when the Greeks and Romans held sway over the civilized world. Some say that a Jewish rabbi started sandwiches when he ate two pieces of unleavened bread spread with bitter herbs as a reminder of Hebrew suffering before the Jews were led from Egypt. The name came from the English earl of Sandwich when his friends ordered "the same as sandwich (ordered)." They found, as we today, that sandwiches could be eaten without breaking into other activities.

Party Honors Mrs. John R. Covey, Jr.

Mrs. John R. Covey, Jr., was honored on her birthday Saturday at a coffee given in the home of Mrs. Jack Fulghum, 1303 Twenty-fourth Street.

Guests were Mrs. John R. Covey, Sr., Mrs. B. H. Moffett, Mrs. Joe Pitts, Mrs. R. P. Ware, Mrs. Carl Couch, Mrs. Leona Weathers, Mrs. R. L. Terry, Mrs. Ab Boyd, Mrs. Flo Starr, Mrs. Garland Armstrong and Mrs. Van Noman of Ira.

It is estimated that since the white men first settled in the United States about twice as much wood has been cut as existed in the original forests of the country.

Fighting giraffes swing their long necks like baseball bats in an effort to knock each other off balance. They also can deliver heavy blows with their hoofs.

Said "No" to Hollywood. Alabama beauty, Yolande Betbeze, Miss America of 1951, turned down a chance to be a "new Rita Hayworth".

When kids get mumps, it's not news. But when cat gets mumps, too—that's news. Ask Sammy, pet of Alan and Barbara Atwood, Windsor, Vt.

Man bites dog every day!

Painted the wrong house. Mrs. Edna MacGregor, Brighton, Mass., breaks the news to painters Harold and Gene Kilbride.

Car Rises Over Flood. Floods often rise over cars, but this householder in Winnipeg turned the tables. Each day water rose, he hoisted his car higher.

IT'S ALWAYS HAPPENING, somewhere, somehow—that reverse twist, that ordinary situation doing a somersault.

And no wonder. No two human beings are alike. The fixes they can get into, the mistakes and misdemeanors, the snafus and rhubarbs, the tough breaks and happy endings, are practically infinite.

What man has bitten what dog today? That's what everybody picks up his newspaper—every single day—to find out.

Nobody is ever disappointed. There's always at least one "Well, whaddaya know...!" and usually a lot of them.

For you, the stopper of the day may be strange bedfellows in politics...for your wife, it may be a new inside-out pocketbook.

But neither one of you can do without your daily charge of amazement and amusement—your newspaper.

So you read a newspaper every day ...and so does everybody else.

• • •

If you're selling something that's advertised, make sure it's advertised to *all* the people in town who can possibly buy.

Just as you read the paper now, all your customers and prospects read the paper too—at the time they choose, for as long as they choose—for the advertising as well as for news or for fun.

When your selling is backed by newspaper advertising, your story has a chance to reach everybody. Your audience isn't just comedy fans, or mystery fans, or sports fans...but *everybody*.

Is it any wonder that advertisers today invest far more of their money in newspapers than in any other form of advertising?

Only the newspaper is first with the most *news*...first with the most *people* ...first with the most *advertisers!*

The newspaper is always "first with the most"

This message prepared by BUREAU OF ADVERTISING, American Newspaper Publishers Association and published in the interests of fuller understanding of newspapers by

THE SNYDER DAILY NEWS

Much of the lighting equipment owned by the Everett Studio, 610 Twenty-fourth Street, is shown in use above as Dub Everett, owner, makes a portrait of Miss Myrle Wayne Neal. Lights shown include two Photo-Genic main strobe lights to light the subject, a strobe light to light the background, and a 1,000-watt spotlight for creating highlights. (Lee Watson photograph)

STRESSES LIGHTING

Photographer Takes Care In Turning Out His Pictures

"Proper lighting is the key to good photography," Dub Everett, owner of Everett Studio, 610 Twenty - fourth Street, said.

Everett said that "good photographs and portraits are not made accidentally—everything has to be done just right for the result to be an outstanding photograph."

The graduate of the New York Institute of Photography, Everett also attended courses at the Brooks Institute of Photography, Santa Barbara, Cal., last year.

A perfectionist, the young photographer spends hours of time on each photograph, sometimes hours on one step in the procedure.

Everett follows the theory that good equipment is essential to good photography.

In his studio he has complex lighting equipment that permits him to use thousands of variations of lighting, and "I never light two subjects the same because each individual must be lighted differently to accent his own characteristics."

Just as precise in his developing, retouching, and printing as in lighting, Everett says that although many photographs turned out hurriedly look good at first, but do not have the qualities that make them look the same after years of hanging in a frame exposed to the aging effects of daylight.

Everett Studio's services include color photography, commercial photography, oil tinting and heavy oil painting, and portraiture.

However, his specialties are glamor photography and children's pictures.

Although Everett uses great skill and patience in making portraits, quick delivery of the finished product is also a feature of his work.

"A customer can get his finished picture order in just a few days without having to wait weeks," Everett said.

Another POW To Find His Wife Rewed

LEXINGTON, Tenn. (AP)—Attractive Ava Nell Cogburn and James Hern, a tall ex-Marine, married last summer, two years after her husband, Sgt. Jimmie Cogburn, was reported missing.

Friday Sgt. Cogburn was released by the Communists.

Mrs. Hern said she will divorce the sergeant and remain Mrs. Hern.

The 24-year-old brunette said she was "happy and surprised" to learn Cogburn was alive.

"But," she added, "I don't love him in the way I love James."

She said she hadn't heard from Cogburn since he was taken prisoner in July 1950.

Hern said he would "stick by Ava Nell—I love her."

"It's worth all the embarrassment and trouble we'll have to go through to know the sergeant is okay," he said. "I only hope we can settle this with the least amount of fuss."

Cecil Manley, Mrs. Hern's father, also promised to stand by the young couple.

"They didn't mean to do anything wrong," he said. "They're young and happy making a good home together, and I'll do what I can to help them."

The sergeant and Mrs. Hern are the parents of a 6-year-old boy, James Danny. She and Hern have a month-old daughter, Marilyn Bonita.

Hit And Run Driver Caught

CHICAGO (AP)—Louis Gawlik, 39, was a man with a mission.

When he saw an oncoming car knock a woman down at an intersection, he wheeled his own automobile around in pursuit.

Ninety minutes and 40 miles of dark alleys later, he overtook the fleeing car when it ran out of gas. His yells brought police.

The seized driver, Arthur Kneip, 58, denied striking the woman, Mrs. Mary Garbrecht, 53, but police said they found a fragment of her slip on Kneip's fender.

Kneip posted $465 bond for appearance in auto safety court Oct. 8 on charges of drunken driving, leaving the scene of an accident and failure to yield right of way to a pedestrian.

Mrs. Garbrecht is in a hospital with injuries to her head, hips and legs.

Gawlik told police he stuck to the pursuit because his father was killed nine years ago by a hit-and-run driver who never was apprehended.

Canadian Rescue Team Sent To Crash Scene

WINNIPEG, Man. (AP)—The Royal Canadian Air Force has sent a rescue plane to the aid of eight RCAF airmen who survived a bomber crash near Churchill last Sunday.

All the men aboard the bomber were found alive near its wreckage, the Air Force said.

Russian Ambassador Is Named To India

LONDON (AP) — Former Soviet Trade Minister M. A. Menshikov has been named Russian ambassador to India.

Moscow radio said last night Menshikov will replace Ivan A. Benditktov, who was appointed to the New Delhi post only last April. Benedictov's new position has not been disclosed. Formerly he was minister of agriculture under Stalin.

Non-Swimmer, Seven, Saves Her Own Father

DETROIT (AP) —Seven-year-old Annette Kuzdal can't swim but still she splashed into the Detroit River yesterday and saved the life of her father, Peter, 48.

Annette was sitting on the beach when Kuzdal suffered a heart attack and fell face down in shallow water. She yelled when she saw him floating and kept on yelling as she waded into the water.

She reached her father and held his head above water for five minutes until two policemen heard her shouts.

Kuzdal recovered from the attack.

Cotton thread was used by U. S. Indians in the Southwest before the coming of the white man.

WORKERS DONATE TIME

Tornado Homes Rebuilt In 2 Days In Giant Operation

FLINT, Mich. (AP) — Flint was proud today of itself and its neighbors. In its northern outskirts stood 81 completed homes and 112 more in various stages of construction to prove hearts and hands can do much to erase the scars of tragedy.

Those homes took an estimated 80,000 man hours of work — all of it contributed Saturday and yesterday by volunteers. Beneficiaries were those who lost homes, and often loved ones, in a furious tornado that claimed 116 lives, injured nearly a thousand and made kindling wood of houses June 8.

The building bee was tagged "Operation Tornado," and workmen, skilled and amateur, flocked to the scene from many places. Around 200 came from Detroit. A group from Muskegon chartered a bus to get to the job.

When 4,500 turned to Saturday, they started on 111 houses scratch. Some others already were partially up. They also found some gaping, gaunt basements without any building materials beside them—mute evidence of wiped-out families.

Red Cross financial aid, Red Feather fund contributions, and RFC and bank loans helped provide building materials. Flint dealers also gave discounts.

Where there had been 4,500 volunteers Saturday, 5,000 showed up yesterday. Four fell by the wayside from heat prostration as temperatures soared into the 90s.

Their work made Flint Mayor Donald L. Riegle hail "Operation Tornado" as a "thrilling success," and Project Chairman M. A. Borgman added:

"There's not another country it could have happened in. The Voice of America ought to blare this thing all over the world."

"For most," explained Mayor Riegle, "the free labor meant the difference between a home and no home."

The project began with a short prayer service Saturday morning. By last night, many families were moving back into their homes, and workers and victims were joining in a gay street dance. A 10-piece band came to do its bit too.

Moving furniture into his completed seven-room home, Allen Crosby wondered "how to thank all these wonderful strangers."

But perhaps Cecil Schaif put into words the feelings of all as he finished building a storm cellar into his reconstructed home:

"I hope that's the most useless thing I ever built."

Airman Listed As Dead Now Is Returnee

SEATTLE (AP)—The name of Ens. Edwin A. Nixon Jr., Seattle Navy flier, appeared last night on the list of prisoners released by the Chinese Communists in the exchange at Panmunjom.

This was almost six months after Nixon had been officially reported killed in action.

It was a year to the day after he had married the former Marianne Davis.

It was two days after a daughter was born to his wife.

"I can't believe it—I just can't believe it," his father, Dr. Edwin A. Nixon, Seattle physician, declared. "This is wonderful, but are you sure there can be no mistake? Are you sure?"

Ens. Nixon was operating from the USS Philippine Sea when on March 1, 1953, his plane was hit by flak over North Korea and was seen to crash land.

No trace of him was found and the family was told he had been killed in combat.

At the request of Dr. Nixon, the news was kept from his daughter-in-law last night. He feared it would be too much of a shock for her. He planned to tell her today.

A completely different type sale is being held at Harris Pharmacy on the Southwest corner of the square. It is a fountain department sale in which items such as malts, milk shakes, sundaes, and ice cream cones have been marked down for the opening of school here this week. Members of the fountain staff shown above from left are: Miss Dovie Ann Drinkard, Mrs. Peggy Merritt, Mrs. Jo Frizzell, and Miss Helen Etheredge. (Lee Watson photograph)

Sale Directed At Small Fry

A new and different kind of sale directed especially to youngsters just big enough to lick an ice cream cone on through those of high school age is being held at Harris Pharmacy here.

It is probably the first sale of fountain items ever held in Snyder.

Perry D. Harris, owner of the Harris Pharmacy, said that the sale began last week, and had been received with much entheusaism from the small fry.

"Ice cream cones marked down from 10 cents to nine cents catches the eye of first graders just like other sales appeal to their parents," he said.

Actually the sale at the Harris Pharmacy fountain is being held in conjunction with a special sale in its school supply department.

Purchase of $1.50 worth of any kind of school supplies in the department entitles the purchaser to 10 cents worth of free fountain merchandise, Harris said.

Some of the fountain specials at Harris Pharmacy are: banana splits for 29 cents, thick malts 23 cents, ice cream sodas for 14 cents, and ice cream cones for nine cents.

Harris said that everything necessary to fully equip any primary, elementary, or high school pupil for school is included in the school supply department.

Included are note books of all kinds, colored crayons, pencils, pens, different kinds of papers, rulers, and different color inks.

No Fishing In Pa. For Youth

TRUCKSVILLE, Pa. (AP) — A Frenchman's yen to go fishing has turned this Luzerne County village upside down.

It all started when Pierre Antoine Jean Boutaud de la Combe from Menesplete, near Bordeaux, told Mr. and Mrs. Marshall Nunlist he'd like to do some fishing before he starts classes this fall at the Massachusett Institute of Technology.

The Nunlits, who are entertaining Pierre, discovered that noncitizens are not eligible for Pennsylvania fishing licenses.

There was a call to Gov. John S. Fine. Then a telegram was dispatched to Mrs. Dwight D. Eisenhower asking if she would transfer to Pierre a special fishing license issued her. But state law prohibits such a transfer.

Undaunted, the Nunlists are now considering an appeal directly to the Pennsylvania Game Commission for a special dispensation.

The French student will attend MIT on a Fulbright-Smith-Mundt scholarship. His visit with the Nunlists was arranged under a State Department program called "Experiment in International Living," in which foreign students live with Americans in order to make friends and learn the language.

Per capita consumption of paper in the United States is about 13 times the world average.

Opera Singer And Wife Found Safe After They Had Been Lost 6 Days

SYDNEY, Australia (AP)—A one-time Chicago opera singer and his dancer wife, missing in remote central Australia for nearly a week, have turned up exhausted but uninjured.

The former Chicago Opera Company tenor, Victor Carroll, and Mrs. Carroll, a choreographer known professionally as Beth Dean, said they spent five nights in a cave near Ayres Rock after their car got stuck during a rainstorm. They walked into Ernabella mission south of Alice Springs Saturday night.

Three reserve lettermen who are almost sure to see much time in the Tiger games this season are these hefty gridders, who are not letting the more experienced players get in their way toward making regulars. The center is James Parker, 182, junior. Guards, recently switched from tackles, are Frankie Minton, 220, a junior, on the left, and Naxie Davis, 170, a senior. The team will go to Colorado City for a scrimmage tonight and will scrimmage Rotan here tomorrow afternoon. (Dale Walton photograph)

Tigers Take Field Tonight In Scrimmage At Colorado City

Coaches and players will find out what they learned in spring training and in the first few days of fall football practice when they go onto the field in Colorado City at 7:30 o'clock tonight to scrimmage the Wolves.

Speedy Moffett, head coach, said the team has been progressing fast, that most players appear to remember what they learned last spring, and that boys are in fair shape. Progress has been so fast among some of the boys that some lettermen may be beat out of starting positions by less - experienced players.

Colorado City, which runs off a wing-T offense, will be a good match for the Tiger squad. The class AA squad is picked by most sources to take its district championship this season.

The Wolves are said to have ample speed this season, as well as experience, even though they lost five of their best players. Included in the speedy backfield are Hollis Gainey, 145, and Charles Small, 155, both qualifiers in the state track meet last spring.

An experienced passing attack is boasted by the Wolves, who have Quarterback Jimmy Shutleff doing the tossing.

At 4 o'clock tomorrow afternoon, the Tigers will be home to meet Rotan in scrimmage on the old practice field in Southeast Snyder.

The Rotan team is said to be lacking in reserves this season, although it has 14 lettermen returning, five of them regulars.

Edward Velez, 186-pound all-district tackle, is one of the regulars.

The Yellowhammers use regular and split-T offense.

Moffett said that probably every player who has a chance to be put on the A squad roster will get time in the two scrimmages. The squad now has about 26 players who show enough promise to stay on the team.

The Tigers this year, as indicated in spring training, will have a little more speed and now have some of the much-needed experience. Moffett has been playing with a freshman-sophomore team for two years.

The Tigers will have two more scrimmages after these two. Both San Angelo and Midland have both tentatively scheduled meetings with the Tigers but have not yet set dates.

The squad will go into its first game Sept. 18, when Fort Worth Tech comes here.

Charles Duran President Of Quarterbacks

Charles Duran, cashier at the West Texas State Bank, was elected president of the Quarterback Club last night by 60 attending members.

Duran succeeds Clyde Godwin. Bill Morgan, employe of Panotex Pipeline Co., was chosen vice-president. Both Billy J. Weaver, secretary, and Charles Blakey, treasurer, were re-elected to their posts.

The club launched a membership drive for this fall, setting its goal at 250 members. "Some persons will not participate in this club's activities because they think we are trying to tell the coaches how to run their teams," Duran said, declaring that that is not true. "I think if they will just attend the meetings they will learn," he added, saying the club is open to any person interested in sports and backing the local team.

Speedy Moffett and Blue Lowry, members of the program committee, said they will have films this season of each high school game, two professional football games, and the Little League world series. A film on Southwest Conference highlights will also be shown.

Moffett, Hal Battle, Horrace Bostick, and other coaches gave progress reports on the football squad. Charles Storrs, new head junior high coach, was introduced to the club.

The club set its regular meeting time for 7:30 o'clock each Tuesday night. T. D. Wiman, Jr., high school principal, said he will announce later a definite meeting place for the club, which last night met in the new high school cafeteria.

Vossler Clipped By Midlander Yesterday

MIDLAND (AP)—Young Roane Puett, transplanted Midlander from Kilgore, provided the big surprise of the Midland Country Club meet when he clipped big favorite, Ernie Vossler of Fort Worth, in first round yesterday.

Vossler, who had won six championships, played par golf under rough and windy conditions. The Kilgore youth birdied four holes against only two bogeys for a 4 and 3 victory.

In other matches, medalist Raymond Leggett Jr., Midland beat Earl Wilson of Midland, 6 and 5; Arlyn Scott, Odessa beat Roy Minear, Midland 8 and 7; and Billy Erfurth, Lubbock whipped Stanley Erskine, Midland 8 and 6.

Old-Timers Brag On Great Bobby Riggs

By GAYLE TALBOT

FOREST HILLS (AP)—The big bronzed fellow who slid into a seat across the table at the famous inn where tennis folk gather to relax looked vaguely familiar. His name turned out to be Welby Van Horn, and at this time 14 years ago he was about the hottest thing in tennis.

He was just a kid then, and that was his second whack at the national championship. The tall boy from California entered the meet with no fanfare whatever, but before it ended almost every sport fan in the country knew his name. On his way to the final he defeated, among others, John Bromwich of Australia, then generally considered the world's best. Not until he faced Bobby Riggs on the final day in the stadium did the law of averages catch up with him.

"I don't recall that I was especially scared," he says now. "I was just up against one of the greatest tennis players there ever has been. I honestly think that Bobby belongs among the first five in anybody's all-time list. I know you never see him there, but he belongs."

We suggested that a match between Riggs and Ken Rosewall, the present Aussie No. 1 who is about his size, would have been interesting to watch.

"It wouldn't even have been a contest," Welby declared. "Bobby could almost have called the score on this boy." Welby looked around for some confirmation of his judgment and got it promptly from Gussie Moran, who wants her amateur status back and is looking prettier than ever.

"I'll tell you what Bill Tilden told me just before he died," she said. "He said that Bobby could still train for a few weeks and beat any of the amateurs around now. That was when Fr[illegible] still was an amateur, too."

Thus encouraged, Van Horn went further into the subject of his favorite tennis player.

"Maybe Bobby didn't look too impressive," he continued, "but in my book he was the smartest player ever to step on a court. If he couldn't beat you any other way, the little guy was a cinch to outthink you. He was a natural-born gambler and he knew all the percentages in anything he did, whether it was tennis or cards or tossing quarters at a crack."

Welby said he would like to tell a little story to illustrate the way Bobby's mind works.

"He's playing a lot of golf now and of course he always has to have something riding on a match. Actually he doesn't play too well, but by the time Bobby gets through figuring out what handicap he must have he's very tough to beat. I know through experience.

"The last time we got up a match I made up my mind he wasn't going to do it to me again. I had to haul him out of bed at 9 the next morning and he hated it, but of course he showed up. Well, when we teed off we were still arguing, and we kept it up right through the second green without agreeing on anything. When he finally realized I wasn't going to give in, he walked back to the clubhouse and went home.

"That's our Bobby. I'm not sure he even likes to play golf, but it's a challenge to him to outthink somebody. The same thing made him a great tennis player—one of the tops in my book."

Dallas Wins Texas Pennant

By The Associated Press

Dallas won its second straight Texas League pennant Thursday night, defeating and eliminating Tulsa 11-6. The second-place Oilers are six games down to the Eagles and there are five games remaining on the schedule.

An 8-run first inning and Jose Santiago's rather brilliant relief pitching dropped the Oilers out of the running. Sastiago took over from Wayne McLeland in the third inning after Tulsa had scored its second 3-run inning. He pitched a 3-hit shutout the rest of the way.

Outfielder Willy Brown was the man behind the Dallas attack with two home runs—his 23rd and 24th—and five runs batted in. He had three of the 11 Dallas hits off five Tulsa hurlers.

The Eagles will finish out the schedule against Tulsa now with five games.

In the other, anti-climactic games the fight over fourth-place continued but Oklahoma City, fourth-place occupant, showed no signs of weakening. The Indians topped Fort Worth 4-3.

Shreveport, still three games into the second division, kept faint hope alive with a 9-4 victory over Beaumont.

San Antonio clipped Houston 5-1 with Ryne Duren spreading thin six hits to the Buffs.

U. S. Forces Contribute

TOKYO (AP)—U. S. forces in Japan have contributed $133,632 and a large amount of relief goods to victims of recent floods in southern Japan, Gen. Mark Clark's Far East headquarters announced today.

KRAMER WATCHES

Seixas Looks Hot, Shooting For Spot In Pro's Troupe

By WILL GRIMSLEY

FOREST HILLS, N. Y. (AP)—Vic Seixas is playing tennis like the world's greatest amateur, and it's easy to recognize the incentive.

It's a $50,000 professional pot of gold.

The tall, handsome Philadelphian is almost sure to sign for Jack Kramer's touring troupe if he can add the U. S. National to his Wimbledon championship and make a creditable showing in the Davis Cup matches in September.

Kramer was a spectator yesterday at the West Side Tennis Club when Seixas, his game razor sharp, cut down the veteran Bill Talbert of New York in a fourth round match, 6-2, 6-0, 6-0, winning the last 14 games in a row.

The smashing triumph automatically turned what appeared to be a wide open U. S. National tournament into a one-man show, with Seixas now heavily favored.

"I've never seen Vic play better—he was wonderful," commented Kramer.

Seixas himself said his game appeared on a finer edge than at Wimbledon, where he outclassed the world's outstanding players, including this present international field.

"If I can continue playing like this, I think I can win it," he said afterwards. "The only time I've felt I was playing as well was in Australia a year ago."

Seixas won the Victorian championship in Australia, beating Don Candy, Ken Rosewall, Ken McGregor and Frank Sedgman in order, losing only one set to the batch of them.

Seixas is idle today while tournament directors push the top half of the draw out to the semi-finals.

In these matches, Tony Trabert of Cincinnati, seeded second, plays Budge Patty, the world tennis tourist from Los Angeles, seeded seventh, and Australia's Ken Rosewall, the No. 1 foreign seed, meets Sweden's Sven Davidson, upset winner over ex-champion Art Larsen.

Then on Saturday, Seixas engages Kurt Nielsen, the big Dane, in a replay of the Wimbledon final while the ageless Gardnar Mulloy of Coral Gables, Fla., takes on young Lewis Hoad of Australia.

Patty and Davidson had the big wins yesterday in a full-day program under a boiling sun. Patty upset Mervyn Rose, No. 1 ranking Australian but third seeded foreigner, 7-9, 6-4, 6-2, 6-3. Davidson, seventh in the foreign list, outlasted Larsen, the San Leandro, Calif., lefty seeded fourth, 1-6, 3-6, 6-1, 6-4, 6-4.

Maureen Connolly, seeking her third straight women's crown, led the way to the quarter-finals with a 6-1, 6-3 win over Jeanne Arth of St. Paul, Minn. Three women's matches today complete the bracket of eight.

"GOD'S WORKMEN"
will be sermon topic discussed by Woodrow Adcock at the First Methodist Church Sunday at 8:45 AM and 10:55 AM.

"THE JUDGMENT OF GOD"
will be the sermon subject for the Sunday night Worship Service at 7:30 P.M.

The Choir will sing the anthem, "Praise We Sing To Thee" by Haydn, directed by Robert Clinton with Wayne Pitner at the organ.

Sunday School Classes for all ages at 9:45 A. M.
Sunday Evening Fellowship Meetings at 6:30 P. M.
Mid-week Worship Service every Wednesday morning at 7 A. M.

YOU ARE ALWAYS WELCOME AT THE CHURCH WITH A WARM HEART

First Methodist Church
Woodrow Adcock, Pastor — Avenue R and 27th Street

Amateur Golf Meet Started

MARION, Mass. (AP)—America's amateur golfing bigwigs, assembled here from all parts of the nation, gave Charley (Ducky) Yates, U.S. Walker Cup team captain, a vote of confidence for his opening round pairings for the international competition on Kittansett's usually wind-swept links today.

Yates paired his hottest youngsters, Sammy Urzetta of Rochester, N.Y., and 22-year-old Ken Venturi of San Francisco, against Britain's aces, Joe Carr and Ronnie White.

They will start the 14th renewal of this one-sided competition—Britain has won only once—in the first of the Scotch foursomes. Carr, England's outstanding amateur, dethroned America's Harvie Ward as the British amateur titlist last May. White, 32, has been undefeated in three previous Walker Cup team matches and rates as Britain's second best.

Urzetta won the 1950 National Amateur titlist are paired with an. Venturi has been burning up this sea-girt course for several days.

Harvie Ward of Atlanta, and Congressman Jack Westland of Everett, Wash., current National Amateur titlist, are paired with John D. A. Langley and Arthur Perowne for the No. 2 foursomes match.

Jim Jackson of St.Louis, and Gene Littler of San Diego, Calif., will match alternate strokes with Jim Wilson and Roy MacGregor and Bill Campbell of Huntington, W.Va., and Charley Coe of Oklahoma City, with Gerald Micklem and John Morgan.

Wichita Falls Loop Winner

By The Associated Press

Wichita Falls won the Big State League pennant Thursday night sitting in the dugout at Temple, watching the rain fall.

The Spudders were rained out of their double-header with the Eagles and with five games left to play—all with Paris—command a 5½ game lead over second-place Tyler.

The East Texans were also rained out of their game with Tyler.

The league's only action had Bryan stop Texarkana 3-2, then lose to the Bears 2-0 in the wrapup and Austin beat Paris 6-1 for its fourth straight victory. The second half of this scheduled twin bill was rained out.

Braves Still Hoping To Catch Up With Loop Leading Dodgers

By The Associated Press

Milwaukee, still with pennant ambitions, hustled home Friday and sent out a "help wanted to beat the Dodgers" plea to the rest of the National League.

The Braves are going to need lots of help. With 21 games to play they trail by nine.

The Braves beat the Dodgers 6-1. In other games, Philadelphia shaded the Cardinals 2-1 and Cincinnati thumped New York 9-2. The New York Yankees whipped the St. Louis Browns 8-5, Cleveland climbed into a second-place tie with Chicago by beating Philadelphia 9-4 as the White Sox lost to Washington 5-1 and Detroit edged Boston 5-4.

The Yankees lead is now 10½ games over Cleveland and Chicago with 22 to play.

It Just Had To Happen

SOUTH CHARLESTON, W.Va. (AP)—It had to happen, what with the weather the way it's been recently.

Edward Blosser, 16, said yesterday he fried an egg on the sidewalk outside his home here.

Sheds Put Up During Kitty Hawk Celebration

WASHINGTON (AP)—Two unpainted, sagging wooden sheds will be erected this fall at Kitty Hawk, N.C., in connection with the brothers.

The sheds, replicas of those in which Wilbur and Orville Wright worked and slept, are to be used in the re-enactment of the flights that marked the birth of powered aviation 50 years ago.

But sponsors promised the National Park Service, which is responsible for the Kitty Hawk Monument, that the sheds will be demolished after the anniversary celebration if they detract from the appearance of the memorial.

Shouting Blond Bilks Two Stores With Acts

OKLAHOMA CITY (AP)—A dumpy blonde with a flair for histrionics yesterday bilked two cashiers of $20.

Her act according to police reports, went like this:

She made small purchases at four establishments, paying at each with a $10 bill and vociferously demanding change for a $20. It worked twice.

"She yelled so loud," one cashier said, "that we were trying to shortchange her, we just gave her the money to save embarrassment."

Australia is erecting a heavy wire fence 135 miles long at a cost of $130,000 to keep emus out of wheat lands.

OLDEST MEMBERS

Mrs. L. E. Rogers, 86, (left) of 3005 Avenue M, was the oldest person present for the First Methodist Church Adult Home department program Wednesday. The Rev. M. W. Clark, 83, was the oldest man present. The service was followed by a luncheon. (Lee Watson photograph)

Recognition Given Rev. Shepherd Here

The Rev. E. K. Shepherd was extended special recognition by the First Baptist Church Sunday as he began his seventh year of work as pastor of the congregation.

An anniversary picnic honoring Mr. and Mrs. Shepherd was held Tuesday night in Towle Memorial Park as a fellowship observance.

During Mr. Shepherd's work with the First Baptist Church, it has increased in membership from 762 to 1,509 resident members. Total membership of the church is now 2,053.

Sunday school enrollment has increased from 544 to 1,415, with 633 present last Sunday. Training Union enrollment in 1947 was 172 with an average attendance of 87. The union now has 504 members enrolled with an average attendance of 211. Attendance last Sunday was 218.

The Women's Missionary Union has increased from 30 to 148 members, and WMU auxiliaries have risen in membership from 93 to 179.

The First Baptist Church has started two missions during Mr. Shepherd's tenure, both of which are now full-fledged churches. The first mission is now the Avenue D Baptist Church. The Green Hills Church, in the Bootheland Addition, became a church in July.

Fifteen new members were received into the First Baptist Church Sunday by transfer of letter. A total of 534 members have been received into the church by baptism during the last six years and 1,792 by letter.

The church is now remodeling the original building after completing an auditorium which cost about $250,000. Plans are now being made for the construction of a new education building to house study classes and activities of the church.

New Preacher Starts Work

The Rev. Jacob C. Regier, formerly of Hardesty, Okla., has begun work as new pastor of the Apostolic Faith Church, 2506 Twenty-fifth Street.

Mr. Regier, a native of Perryton, Tex., served as pastor of the Mission Church in Hardesty for a year before moving here. Mr. and Mrs. Regier have two daughters, Kaye, 10, and Joy, 8, and a son, Dale, 13. They are now living at the church parsonage.

Services at the church will continue to be held as regularly scheduled, Mr. Regier said. All night services will begin at 7:30. Mr. Regier will teach the Saturday night Bible study. Laymen of the church conduct the Wednesday night prayer meeting, and a youth service is held each Friday night.

Christian Women Will Meet Monday Night

Mrs. W. D. Casebolt will lead the program for the Christian Women's Fellowship meeting at 8 o'clock Monday night in the home of Mrs. Wade Watts, 2906 Avenue T.

The program will be entitled, "Make Her Mrs. Active Member." Miss Zaida Brown will lead the evening worship. Mrs. G. C. Jackson will be co-hostess.

Other meetings scheduled by the church during the week include the monthly meeting of the official church board which will be 8 o'clock Wendesday night at the church.

Mrs. Ralph Wesson's Father Dies In West

Funeral services for the Rev. L. F. Hill, 68, the father of Mrs. Ralph J. Wesson, 1600 Twenty-seventh Street, will be held Saturday in Nocona. Mr. and Mrs. Wesson plan to leave today for Nocona to attend the services.

Mr. Hill, a retired Baptist minister, died of a heart attack Tuesday in Santa Paula, Calif., after a long period of ill health. Burial is to be in Belle View Cemetery near Nocona.

Lineman Falls Off High Pole

Bill Barkley, about 25, lineman for the Texas Electric Service Co. here, fell about 30 feet while working on a utility pole yesterday, but apparently was not injured.

Barkley was taken by a Bell ambulance to the Battenfield Hospital, where Dr. W. N. Jones examined him. Dr. Jones said upon first examination that Barkley was not believed hurt. X-rays were to have been taken later, however.

A nurse at the hospital said this morning extent of his injuries could not be told.

The accident occurred at a utility pole behind the new building of the First Christian Church on Thirty-seventh Street in the southwest section of Snyder.

Craft Studio and Camera Shop
By The West Texas State Bank

Mrs. Edward Kustel, who, with her husband has been conducting a revival at the Church of God, will be in charge of services this week end. Tonight Mr. Kustel will tell of his conversion to Christianity and describe the pagan worship of his native South Sea islands.

Services Set In New Church

Sunday services of the First Christian Church will be held in the fellowship hall of the new building rather than in the sanctuary as planned, the Rev. Glenn Ricketts, pastor of the church, has announced.

The building, located at Thirty-seventh and Austin Streets, has been completed with the exception of the installation of lighting fixtures. Sunday school classes will meet in the new building at 9:45 Sunday.

The final service in the Christian Youth Round-Up will be held in the building's fellowship hall at 7 o'clock tonight. Ren Kent and Miss Georgia Ann Collins, Texas Christian University students, have directed the week-long program.

The Christian Youth Fellowship will present a parents' night program at 6 o'clock Sunday night. Members of the fellowship will present their plans for participation in future programs of the church. Parents and other adults will be given an opportunity to enter a discussion.

Baptist Men Open Two-Day Encampment In Big Spring Next Monday

The Baptist Brotherhood of district 8 will open a two-day encampment Monday in Big Spring. C. E. McGaw of Snyder, district president, will preside.

Other Snyder members who are to be on the program include Lyman Wren, who will speak Monday, and Ray Lunsford, who is to speak Tuesday. Ralph Wesson has been named pianist.

A state leadership conference for WMU associational leaders is to open Wednesday in Dallas. Mrs. Ralph J. Wesson, who is to be president of the Scurry-Mitchell Association, is expected to attend. Others from here who are to attend are Mrs. Stanely Hill, Mrs. D. V. Merritt, Sr., and Mrs. Lyle Alexander. The conference will close Friday.

United Council Of Women Meet Monday

Forty persons were present for the United Council of Church Women's meeting Monday in the First Presbyterian Church. The Rev. Glenn Ricketts, pastor of the First Christian Church, gave the principal address.

Mrs. Charles Tyer presided at the opening of the meeting. A report on the United Nations study held in Lubbock recently was given by Mrs. R. L. Gray.

Mrs. Murray Jackson, Mrs. Wade Watts and Mrs. Robert King were appointed to work on a committee to secure new members. Mrs. Pearl Martin, Mrs. John W. Layne, Mrs. Tyer and Mrs. Hardaway were named to a foods committee to plan for a district luncheon scheduled Oct. 22.

Women from all churches are invited to attend the United Council meetings, Mrs. Tyer said.

Union Baptists At Sunday School Training Conference In Leuders

Twelve members of the Union Baptist Church, including the pastor, the Rev. L. V. Ratliff, returned Wednesday from the Baptist Sunday school leadership conference in Leuders.

The conference opened Monday, with the theme, "A Million More in '54." Speakers included Dr. J. M. Price, of the Southwestern Baptist Theological Seminary, Dr. J. N. Barnett, of the Southern Sunday School Board in Nashville, and Andrew Q. Allen, state Sunday school secretary.

Members attending in addition to Mr. Ratliff were Mrs. Ratliff, Mrs. Claude Hensley, Mrs. Larry Hooker, Mrs. J. P. Crook, Mrs. Bill Pate, Mrs. J. H. Langford, Mrs. J. R. Arnold, Mrs. B. F Odorizzi, Mrs. Claude King, Mrs. Ray Wilkins and E. H. Williamson.

Hospital Ship Is In Port With Repatriates

SAN FRANCISCO (AP)—The Navy hospital ship Haven, carrying 104 sick and wounded American repatriates from Communist prison camps, docks at St. Mason today.

The Haven anchored in San Francisco Bay last night.

Alathean Class Meets With Mrs. N. W. Autry

The Alathean Sunday school class of the First Baptist Church met for a covered dish luncheon and program yesterday at the home of Mrs. Norman Autry, 3205 Avenue U.

Following a musical program, Mrs. Renal Rosson presented a review of "Sojourner" by Marjorie Kinnan Rawlins.

Assistant hostesses for the meeting were Mrs. A. C. Martin and Mrs. P. L. Price. Twenty-nine members and six guests attended.

SERMON TOPICS

"Christian Submission" will be the sermon topic of Ted Norton, minister of the Twenty-fifth Street Church of Christ, at the 10:45 services of the church Sunday morning. "Unity or Union: Which?" will be his topic at 7:30 Sunday night. Other services of the church are at 9:45 Sunday morning and 6:30 Sunday night, with the Wednesday night service at 7:30.

• • •

The Rev. T. Gerald Cates, pastor of the Calvary Baptist Church, will speak on "It is Later Than We Think" at the 11 o'clock service of the church Sunday morning. At the evening service, starting at 7:45, he will take as his topic, "Where Are the Faithful Dead and What Are They Doing Now?" Mr. Cates will also speak on the Word of Life broadcast at 8:30 Sunday morning.

• • •

"Good Workmen" has been chosen for the sermon topic of the Rev. Woodrow W. Adcock at the 8:45 and 10:55 Sunday morning worship services of the First Methodist Church. "The Judgment of God" will be his topic at 7:30 Sunday night. Robert Clinton will direct the choir in the anthem "Praise We Sing To Thee." The youth choir will sing at the evening service.

• • •

The title "The First Christians" has been chosen by the Rev. Glenn Ricketts, pastor of the First Christian Church, for his sermon at the 11 o'clock worship service of the church. For the evening service, beginning at 7:30, Mr. Ricketts will speak on "Now Is The Hour."

• • •

Tracy Early, a former member of the First Baptist Church, will be guest speaker at the Sunday night service of the church. Mr. Early, who now lives near Winters, is a senior student at Baylor University. Sunday morning the Rev. E. K. Shepherd, pastor of the church, will speak on "Christ's Message for the Weak." Bill Alexander, the son of Mr. and Mrs. A. C. Alexander, will be vocal soloist at the morning service.

• • •

"Day of Power and Deceitfulness" will be the topic of the Rev. James A. Stewart of the Interdenominational Gospel Mission at his street service at 7 o'clock Saturday night. He will use the same topic at 1:30 Sunday afternoon on his broadcast. At 11 a.m. Sunday Mr. Stewart will speak on "Am I My Brother's Keeper."

Was Peter Head Of The Church?

Ted Norton

Was Peter prominent or pre-eminent? Peter was prominent among the apostles. He was one of the favorite three of the Lord—Peter, James, and John. These three were with the Lord on the mountain of transfiguration, in the garden of Gethsemane, and at other crucial times. Peter was impulsive, outspoken—a natural leader. He was prominent among the apostles.

Was Peter pre-eminent? He never allowed himself to be carried about on a throne in order to have throngs bow down before him. In fact, when Cornelius tried to bow down before him, Peter said, "Stand up, I myself also am a man." (Acts 10:26). Furthermore, Jesus said that among the apostles there was to be no pre-eminence. Among the nations great ones exercised authority over others, "But it shall not be so among you: but whosoever will be great among you, let him be your minister (servant)." (Matt. 20:25-28).

Was Peter head of the church? In no instance did he make such a claim. In no instance was he so regarded by the other apostles. Paul referred to James, Cephas (Peter) and John as those who "seemed to be pillars" in the church in Jerusalem (Gal. 2:9). In later years when Peter addressed the elders of the churches, he speaks of himself simply as a "fellow-elder" (1 Pet. 5:1 ASV). He does not speak of himself as the chief elder (shepherd). When he did use the term, "chief Shepherd," he spoke of the Lord Jesus Christ (1 Pet. 5:4).

Peter was one of the apostles who had authority to "bind and loose." (Matt. 16:13-19; John 20:22, 23). This was discussed in last weeks article. Also, remember in that article that the "rock" on which the church was built is Jesus Christ—the fact that He is the divine Son of God (1 Cor. 3:11). The church is not built upon Peter!

Jesus Christ is the head of the church. "And He is the head of the body, the church" (Col. 1:18.) Christ in no instance authorized any man to be the head of His church on earth. On the contrary, Jesus has all power (authority) "in heaven and in earth." (Matt. 28: 18). Since Christ is the "head of the church" surely He has a right to "run it." All men who are willing for Him to do so, humbly submit to His holy will as recorded in the New Testament. (1 Cor. 4: 6; 2 Tim. 3:16, 17).

Anti-American Attacks In German Elections Flareup

By The Associated Press

BONN, Germany (AP)—A charge of American "interference" exploded today as a major issue in West Germany's bitter election campaign.

U.S. Secretary of State Dulles touched off the new furor with a statement yesterday at his press conference that defeat of Chancellor Konrad Adenauer's government in next Sunday's voting would cause confusion and delay solution of the German problem.

The endorsement apparently was intended to boost Adenauer's pro-Western regime, but instead it may boomerang against the chancellor. American officials here plainly were worried about their government's embroilment in the campaign.

Whatever the result, the statement overnight became the hottest—if not the biggest—issue of the entire campaign for election of the 484 members of Parliament.

The Socialist party, chief opposition to Adenauer's Christian Democrats and two allied parties, pounced angrily on Dulles' remarks.

"This is a vicious attempt by the American government to interfere in the German election," the Socialist party protest said. "One of the most shocking political interferences in this election campaign." Socialist Chairman Erich Ollenhauer echoed in a campaign speech last night.

"The American government must not complain if this causes an anti-American reaction from the German people," Ollenhauer warned.

It is no secret that most American officials hope Adenauer will win and approve his program of rearmament in close alliance with the West. By contrast, they oppose the Socialists' advocacy of neutrality in the cold war. The choice between the two policies has been the major campaign issue.

For two years, however, the American High Commission office has been promoting increased German sovereignty and carefully avoiding intervention in German self-government.

Whether Dulles' statement helps Adenauer or hurts him in the election, Americans conceded privately it was very likely to stir German resentment.

Adenauer, however, strongly defended Dulles right to comment on the election. He told a campaign rally in Bonn that Dulles' opinion of who should win is "important because he has a detached view of what is happening in our campaign."

Adenauer also told the Bonn voters they must decide in Sunday's election "whether you want America, Britain and the six Schuman plan nations as Germany's friends, or whether Germany turns its back on these nations."

"Germany needs friends," he warned. "Without strong friends Germany can never attain reunification."

Ollenhauer attacked Adenauer's "policy of strength" in a radio address last night and predicted it would lead to Germany's ruin instead of its reunification.

"The German people should remember where once the policy of military strength led them," the Socialist chief declared.

He argued that West Germany must remain unarmed and neutral if it expects Soviet Russia to consider giving up its occupation of East Germany.

Adenauer countered by asking, "What would be the future of a neutralized Germany lying between the Russians on one side and France with its big Communist party on the other? We would be a second or third class power—a no-man's land that could not defend itself."

The dispute over Dulles' statement temporarily shoved into the background the menace of big-scale violence by Communist thugs sent in to wreck the voting.

The West German Interior Ministry claimed it had shattered a big Red plot by arresting 7,500 of the agents sent in from East Germany and had assured the tranquility of Sunday's voting by mobilizing a civilian army of four million youths and athletes to back up the police.

A West Berlin newspaper claimed, however, that thousands of Red agents had slipped through to carry out assignments of starting riots, raiding polling booths and attacking election officials. It also reported a new Communist plot to smuggle in 40,000 forged absentee ballots to stuff the boxes in critical areas.

Farmer Held For Murder Of 3 Persons

ABINGDON, Va. (AP)—An argument over cutting wheat, police said, led a young tenant farmer to knock out three persons near here yesterday with a five-foot piece of pipe, then slug them again to make sure all three were dead.

Authorities planned to file three charges of murder today against Wallace Junior Elam, 24, quoted by Commonwealth's Attorney Volney Campbell as saying he killed the three persons after the argument over wheat-cutting.

Dead were Walter E. Pratt, 59; his wife, Mrs. Mary Pratt, 61; and James Meadows, 65. Elam lived on the Pratt farm in Washington County about five miles from Saltville. Meadows ran a nearby store.

Campbell said Elam told him he went to the Pratt home with a gun and was arguing with the couple when Meadows saw the quarrel and came to the rescue of the Pratts with the piece of pipe used for digging post holes.

Elam took the iron bar away from Meadows, knocked him unconscious and then went into the Pratt home, where Pratt shot him through the shoulder with a rifle, the prosecutor said. Elam said he then knocked Pratt down and followed Mrs. Pratt into the yard, where he knocked her down. Campbell said.

The prosecutor quoted Elam as saying he then went to all three of his victims and struck them again until he was certain they were dead. Campbell said Elam told him he had been arguing with the Pratts all day.

NAMES WITHHELD

McCarthy To Check Mines; Gets Mad At Army Colonel

NEW YORK (AP)—Sen. Joseph R. McCarthy (R-Wis) says he may personally probe abandoned mines which produced manganese, zinc, lead and copper.

Sen. George W. Malone (R-Nev) heads the Mining Probe Committee but Malone has been hospitalized due to a serious accident.

If the Nevada senator can't continue the probe, McCarthy said yesterday, he may take a hand in it. Malone's committee spent six months on a preliminary investigation of mining in 15 states.

McCarthy told newsmen:

"The policies of the old Truman administration have resulted in the closing of mines in the United States and their being flooded. They are lost to us and, as a result, we are dependent upon foreign nations for many strategic materials.

"If a war should start and Russia could cut the sea lanes with submarines, our ability to wage war would be almost wrecked."

McCarthy yesterday closed a four-day hearing by his Senate permanent investigations subcommittee here into possible Communist infiltration of the armed forces. The private hearings are scheduled to be resumed next week in Washington.

McCarthy showed obvious anger at the final session here when 1st Army headquarters refused him the names of service personnel who gave loyalty clearance to civilian employes suspected of communism.

The turndown, reportedly on orders from Washington, caused McCarthy to say, "We are going to do everything we can to get those names."

The senator said he plans to call Secretary of Defense Charles Wilson before his subcommittee on this issue next week.

McCarthy said a colonel identified by him as Robert A. Howard, refused during questioning to say whether a known Communist should be kept on the Army payroll or be suspended. McCarthy said the colonel refused to answer on advice of an Army lawyer.

The Army said it refused names of service personnel involved in deciding loyalty clearance, in accordance with a 1948 presidential directive.

That directive, issued by former President Truman, forbade executive agencies to transmit loyalty data to other branches of government. The Army says the directive still is in force.

McCarthy said he was "sure" that President Eisenhower "does not want to hide from Congress the names of those who cleared Communists in sensitive posts in the Army."

In Denver yesterday, presidential Press Secretary James C. Hagerty said no request had been received for release of the names. Hagerty added that Eisenhower has no information whatsoever on the subject.

Officer Tells Of Making Red Radio Records

INCHON, Korea (AP)—An artillery major today said he made the first American prisoner of war broadcast from Seoul to save 72 fellow American POWs from the threat of Communist execution.

Maj. Ambrose N. Nugent, 42, of Merrill, Wis., was captured on July 5, 1950—the first day American forces saw action in the Korean War.

He returned to freedom Tuesday, his 215 pound frame shrunk to 140 pounds and his hair turned almost white after 38 months of Red captivity.

After his capture, Nugent, an Air Force lieutenant, an Army lieutenant and three American sergeants were taken to Seoul and told to make recordings of two documents to be broadcast over Seoul radio.

Nugent said a Red officer gave the group 10 minutes to decide on making the recording.

"They said they would shoot the whole 72 American prisoners gathered there and while we sat in the room they marched the whole 72 down the corridor past our window.

"We decided it was best to make the recording although we knew we would likely be executed even after making it . . . It was about 10 minutes in length and contained a castigation of the United States Truman and Dulles — the usual Communist guff."

Britain's Dollar Lure

LONDON (AP) — How does the average American tourist spend his cash in Britain? The British travel association estimates that 45 cents of every dollar goes to hotels and food; 20 cents on inland transport and 15 cents on entertainment. Such things as clothes and souvenirs take up the rest.

Britain's earnings from all overseas visitors in 1952 were about $32,600,000, the association estimates. This was nearly 30 per cent more than 1951 and it is expected that 1953 will set an all-time record. Tourists are still Britain's biggest source of dollars.

MINNESOTA REUNION

BAUDETTE, Minn. (AP) — Forty-six years ago the billage of Baudette voted to split into two parts. The part on the east side of the Baudette River became Spooner and the portion on the west side kept the old name.

Now, in the interests of better municipal operation they have voted to consolidate again and the name Sooner will be dropped.

AP Newsfeatures

A PAINT applicator for screens can be made with a piece of old carpeting tacked to a block, such as a piece of 2 by 4. Stretch the carpet nap side out. Applicator prevents mesh from clogging, says the American Builder, trade journal of home builders.

Commissioner Of Education Dies Today

WASHINGTON (AP)—Dr. Lee M. Thurston, U. S. commissioner of education since July 2, died early today at Georgetown University Hospital. He was 58.

An appointee of President Eisenhower, the Lansing, Mich. native had been at the hospital since suffering a heart attack Aug. 29. An Office of Education spokesman said he died at 3:45 a.m. (EST).

At his bedside was Mrs. Thurston, who had originally come to the capital to look for a place for her and her husband to live.

Dr. Thurston was plunged into official financial problems immediately upon assuming his duties here last July. With Eisenhower's backing, he successfully fought in Congress for restoration of some funds the House had cut from federal education appropriations for this fiscal year.

Associates said that the night before Dr. Thurstos was stricken he reviewed the office's proposed budget for 1954-55, which is supposed to be in the hands of the Budget Bureau by Sept. 15.

Besides the load of work in Washington, the new commissioner in his less than two months in office had made speeches in Nashville, Tenn., and Lansing.

Dr. Thurston was dean of the School of Education at Michigan State College at the time he moved to the federal post. He recently completed four years of service as state superintendent of public instruction for Michigan.

SO SAY PSYCHOLOGISTS

If Something Goes Wrong, You Can Blame It On Heat

By ALTON L. BLAKESLEE
Associated Press Science Writer

CLEVELAND (AP)—Psychologists today took a look at human reaction to heat waves and said:

Your "forgettery" probably goes up, so don't worry that you're going nuts. Your efficiency and ability to make decisions go down.

Remember that heat can kick up irritability which can make you shout at your children, wife or husband, or your boss.

Maybe it's a good thing to have the weather to gripe about. You can take out last-straw gripes on old man climate rather than someone important.

These were some of the tips from psychologists attending the 61st annual meeting of the American Psychological Association opening here today.

Actually it appears that few if any studies have been made of what heat waves do to humans. No one seems to have compiled statistics, for instance, on whether heat waves kick up crimes or divorces or highway accidents, or job firings.

But from general principles and allied research, experts offered some heat wave tips.

Heat saps energy, makes you tired. But fatigue is more than just a physical condition, said Dr. Paul Torrance, who directs some psychological research at Stead Air Force Base, near Reno, Nev., site of the Strategic Air Command's advanced survival school. There airmen are trained to survive under varied conditions of heat, cold and other conditions.

Mental attitude is important, he said. If you think you are nearly exhausted, you may refuse to move and help yourself. At the other extreme, in actual war experience, some men ignore pain or weather and keep going until, actually exhausted.

A sense of humor and cooperative spirit saved airmen forced down in Korea or in Africa in World War II, he said. Groups of men survived better when they had a goal, a plan of action to escape the enemy.

So in a heat wave, said Dr. Torrance, it probably would help a family to "think of something that's fun to do, and not just sit still and sweat."

Humans are very suggestible, Dr. Torrance added. You can feel worse upon discovering the temperature is 96 when you thought it was much less. And maybe we humans take a perverse kind of "I-can-take-it" pride in reading that the heat set a record today or yesterday.

WELDING SUPPLIES!

For your convenience — BIG SPRING WELDING SUPPLY has placed an inventory of welding equipment and supplies including—

Oxygen Acetylene

At WHITT'S WELDING SHOP

2400 Avenue Q Phone 3-4440, Snyder

enjoy FREEDOM from hours of backbreaking work

Why lug heavy, wet loads? Stoop, lift, stretch2 Trudge back and forth? Endure raw, chapped hands? Wash and dry the Maytag way . . .

any time—For clean, dry clothes, load and set the dials.

any weather—Rain, snow, soot, dust, fog can't upset your work.

any fabric—Cotton, silk, man-made materials—white or colored.

any place—Install upstairs or down. Nothing to mar your room.

Only Maytag has all these Advantages

MAYTAG Dryer
- exclusive Waterfilm action removes all lint and moisture
- no lint trap to clean
- no outside venting
- no dampness in room
- variable heat and time dials for any fabric
- double insulation keeps heat inside
- porcelain-finished drum resists rust
- safety door stops action when opened

MAYTAG Washer
- exclusive Gyrafoam action cleans safely
- automatic—washes, rinses, spins, stops
- no bolting down
- action stops when safety lid is raised
- time, heat controls
- thorough rinsing
- gentle spin-drying won't tangle clothes
- beautiful white finish matches the Maytag Dryer

PLAY SAFE! STOP FOR

CONOCO Safety-First SERVICE

More than just an oil change—

A COMPLETE SAFETY SERVICE FOR YOUR CAR!

Chances are you're planning a Labor Day "outing." But remember, safe trips start at the Conoco sign. So plan on getting complete Conoco Safety-First Service this week—and your Labor Day trip will be a happier one!

FREE tire inspection
Your Conoco dealer will check air pressure and inspect all tires for cuts, bruises and wear.

FREE brake check
He'll check your brake system; recommend repairs when needed for safe driving.

FREE cooling system check
He'll examine your entire cooling system . . . drain it if you wish . . . make sure it's set for your trip.

FREE lighting system check
He'll inspect headlights, tail lights, signal lights—to make sure your car has no defective bulbs.

FREE battery check
He'll test your battery—clean terminals, advise you if you need a battery charge, or new cables.

Conoco lubrication
Using Conoco's special Chek-Chart for your make of car, he'll get to every single lubrication point.

Drain and refill with CONOCO Super MOTOR OIL
While the engine is hot, he'll drain out your old oil. Then he'll recondition air and oil filters and refill your crankcase with Conoco Super—the motor oil that OIL-PLATES metal surfaces and helps your engine eat less—run better—and live longer!

CONOCO

Drive carefully—the life you save may be your own

. . . the best there is for you and your car!

AND REMEMBER—FILL YOUR TANK WITH CONOCO "SEASON-TAILORED" GASOLINE!
