

Portales Times 31 Years Ago

Mr. Stone of the First National bank has just moved into his new cottage. It is an \$800.00 residence.

Portales will soon have 3 church houses. Presbyterian, Baptist and Methodist. The foundation of the Baptist church is being laid this week. It is to be a \$2,000.00 structure.

Sam Hukes is plowing for Ben Smith this week.

Breeding, Odum and Boykin are arranging to build a large warehouse on the track.

Claud Crosby has moved his saloon to Elda. This leaves only one saloon.

A number of friends enjoyed Alice Breddings 12 birthday party Saturday.

The round-up season is here, beginning at Causey Hill.

Farmer Jones, ranching the other side of Mrs. Kidds place is having a well put down.

"Cat Guessing" Mrs. Hightower entertained a number of ladies at her well appointed home in a unique manner, a game called "cat guessing."

The Odd Fellows in good standing are called together Saturday to organize a lodge here.

W. H. Beck and M. J. Beck are late arrivals.

Mr. Sledge nearly choked our eye balls out Saturday because the Times connected him with Mr. Leach as a notorious banker. Our apologies are due Mr. Leach.

Miss Zella Leverett who is attending school here (Bethel) visited her brother six miles east of Portales Saturday. Miss Florence Pinkerton accompanied her.

COLLEGE DEAN

FLOYD D. GOLDEN

Who was appointed by the board of regents of the Eastern New Mexico Normal as the school's dean. Mr. Golden has been connected with Portales school for a number of years. He is now superintendent of local schools.

Brother of Local Man Dies at Hobbs

According to a telephone report J. F. Fletcher, brother of Sam A. Fletcher of this city, died in Hobbs, New Mexico, Tuesday afternoon.

Mr. Fletcher, in his sixties, who resides in El Paso, had come to Hobbs to visit his sister, Mrs. Cross. Shortly after his arrival there on Tuesday afternoon, he died of an heart attack, according to the report. The message reached Portales late Tuesday evening, and Mr. and Mrs. Fletcher left shortly afterwards for that place.

Funeral arrangements had not been announced when the message came, but is thought that they would be held in Hobbs Wednesday afternoon.

Mr. Fletcher leaves a wife, two sons and a daughter, to mourn his passing, as well as two brothers, and two sisters.

Junior-Senior Banquet Postponed

The Junior-Senior banquet has been postponed from April 20 to Friday, April 27. This will be held in the basement of the Methodist church and the Methodist Missionary society will serve it.

Mrs. W. E. Daniels and C. F. Brown are sponsors for the Junior class who are the hosts for this annual affair.

John Creech came in Wednesday afternoon from a 2 months visit which included Hot Springs, N. Mex. and Phoenix, Ariz.

TWO INJURED IN AUTO ACCIDENT WILL OPEN E. N. M. NORMAL IN JUNE

Will Be Accredited With State Board of Education, Institutions

Summer Term Will Open June 4 and Close July 14

The Board of Regents met on Thursday of last week, with the President, MacKay and Dean, F. D. Golden, to receive a report of the survey as to the advisability of opening the Eastern New Mexico Normal for a summer session.

The report was favorable and it was decided to open the college for the summer term from June 4 to July 14, giving a six-weeks term.

Advertising matter is now being prepared, and the course of study is being laid out, which will be mailed out about the first of May.

They are planning a well rounded Junior curriculum with a number of special courses, that will be of interest to all high school graduates, and teachers who have not completed their four year college work.

The faculty is now being selected as rapidly as possible for the summer school and will consist of 17 members.

It is evident that the college will be affiliated with the state board of education and the other colleges of the state.

The regular term will probably open the middle of September.

STUDENTS OF SCIENCE IN PROGRAM

The Science department of the Portales High School presented a program at an assembly held last Friday afternoon in the High School auditorium.

The program was a very interesting one, bringing to the audience the autobiographies of many famous scientists that have lived in the past few centuries. These autobiographies were given by students in the General Science, Biology and Physics classes and each student represented some of the more famous scientists of all times. Some of the talks were along the more serious lines giving the actual facts and the things the man accomplished during his life, while the other talks gave the humorous side of some of the great lives.

These classes are conducted by Miss Jamie Greenwaldt and Miss Edna Locker. They are to be commended upon the splendid work they are doing.

TO CLOSE POST OFFICE HERE ON WEDNESDAYS

Under the economy program of the administration the Portales post office has received a severe cut on operating expenses, and has had orders to restrict window deliveries.

Until further notice the general delivery window will be closed on every Wednesday from 12 noon the balance of the day. The window will not be opened on Wednesday after the arrival of the morning mail, unless the mails comes in time to distribute before 12 o'clock.

While this will be a serious handicap to those who do not have boxes it is the orders of the federal government and has to be followed.

CRUSHER CITY

Crusher City is the typical name applied to the place near Milnesand where the road crew is camped. A cafe which feeds 40 or 50 men per day, has been put up, and several shacks have been erected as sleeping quarters. The men elected a mayor, and have all the semblances of a real town.

Mr. and Mrs. Ray Bonner and Mr. and Mrs. N. T. Watson drove to Ft. Sumner Sunday.

Plainview Motorcade Visitors In Portales

Were Guests of Local Chamber of Commerce At Noon

Monday at 11:30 the Plainview motorcade arrived in Portales over 100 strong.

After visiting with the business men for a few minutes they assembled in the basement of the Methodist church where they were entertained with a luncheon by the Portales Chamber of Commerce.

The motorcade was accompanied by the Plainview school band, who gave a concert just before the luncheon.

Floyd D. Golden gave the address of welcome, after which he introduced Lewis A. Little, president of the Portales Chamber of Commerce.

Mr. Little introduced Mr. Shipp, secretary of the Plainview chamber of commerce, who introduced Sherman Humphries, president of the chamber.

Mr. Humphries responded to the address of welcome. Mr. Shipp then outlined the object of the visit to Portales, and invited the citizens of Roosevelt county to attend the Plains dairy show, which is to be held at Plainview on April 16 to 19, stating that one of the directors of the association was Tom Haislip of this county.

He also requested that Portales select a princess and maid of honor, each county making a like selection upon which the queen of the dairy show will be selected.

Floyd D. Golden announced the opening of the Eastern New Mexico normal on June 4, and invited the Plainview people to send their children over for a junior college course.

Bert Rawlins invited Plainview to attend the Roosevelt county fair which will be held some time this fall.

Mrs. Hatherway of Plainview led in a song service.

The guests from Plainview expressed their appreciation for the royal reception which they received in Portales.

The high school orchestra under the direction of Ernest Pogue added to the entertainment with splendid music.

Advertising In The News Pays

Mrs. M. B. Jones is a firm believer in the fact that "advertising in the Portales Valley News pays."

Last week Mrs. Jones placed an advertisement in the paper offering for sale 40 white Leghorn hens at 40 cents each, and a buyer called on Mr. Jones in town and bought the hens, within an hour after the paper was off the press—before Mrs. Jones had chance to read the advertisement.

A few weeks ago she advertised R. I. Cockrels and sold all she had in a short while and more orders kept coming.

Candidates Pleased In Kenna Reception

Candidates and visitors have been favorably commenting on the reception that they received at Kenna last Friday night.

Instead of the usual pie auction sale, tickets were sold for refreshments, which were set out on the counter and all could select what they desired.

The refreshments consisted of slices of pie, sandwiches of all kinds and ectera.

A liberal patronage was given the ladies who prepared the refreshments.

Mrs. Lula May was called to Roswell Tuesday to the bedside of her mother, Mrs. W. B. Anderson who is critically ill with pneumonia.

pressed their appreciation for the royal reception which they received in Portales.

The high school orchestra under the direction of Ernest Pogue added to the entertainment with splendid music.

Miss Grissom Marries At El Paso, Tex

Miss Maxine Grissom, popular daughter of Mr. and Mrs. R. H. Grissom of Santa Fe, was married on Thursday of last week to Mr. Charles Caldwell of Boston, Mass.

Miss Grissom was born at Elda moving to Portales in January, 1921, when her father assumed his duties as county clerk of Roosevelt county, and since that time has made her home in Portales and Santa Fe, where her father served as educational budget auditor under Governor Hensley, and again under Governor Seligman and Governor A. W. Hockenbush.

She received her education here in the grades and in the Santa Fe high school, from which she graduated last spring.

At this time she is a freshman in the State University at Albuquerque, where she met her husband, who is a former student of the university and is now connected with the U. S. forest service at Sandia Park, N. M.

Mrs. Caldwell is a granddaughter of Mr. and Mrs. J. K. Robinson of this place, who received a letter Tuesday announcing the marriage.

REFUTES TAX COMMISSION REPORT

In regard to the story run in the last issue of the News quoting state tax commission, Homer Barnett, county treasurer says:

"A statement from the state tax commission published in both the Albuquerque Journal and in the Portales Valley News has lead some taxpayers to believe that an excessive amount of penalties and interest has been collected by the county treasurer. This is not true. Prior to the passage of the senate bill No. 241, during the last session of the legislature, a 10 per cent penalty on all delinquent taxes, was required by law. This 10 per cent was remitted to state tax commission fund through the state treasury.

"After the passage of this bill the penalty was no longer required. Accumulations from 10 per cent of principal of delinquent taxes for 1931-32, were therefore placed in a fund, known as 'The Tax Sale Cost Fund,' held by the county treasurer. This fund in the amount of \$4,667.35, at the request of the county commissioners, was recently transferred by order of the state tax commission to the general county fund.

"Thus a net saving was made to tax payers of Roosevelt county of this amount, which ordinarily would have been sent out of the county to be expended by the state.

Not one cent of penalty or interest has been added other than required by law.

D. Totten Died at Home in Delphos

D. Totten passed away at his home near Delphos Friday morning April 6 of pneumonia, after an illness of only a few days, the he had not enjoyed good health for two years.

Funeral services were held at the home Saturday afternoon and interment made in Portales cemetery. Mr. Totten leaves to mourn his passing a wife and three daughters, a son. He was one of Portales highly respected citizens, a man who attended strictly to his own business and upon whose word one could always depend.

Town was in Darkness After Car Hit Power Line

On last Saturday night about 8:25 the V-8 Ford driven by John Beer of Roswell, plunged off of the highway at "dead man's curve" just at the edge of Portales on the Clovis highway, crashing into a pole of the power company, breaking the pole off and letting the high tension wire down across the highway.

In the car with Beer was Mrs. J. P. White, Jr., and Mrs. Beer.

Beer was pinned to the seat by the steering wheel, and Mrs. White suffered severe cuts and bruises.

Graham Beebe picked up the injured parties and rushed them to the office of Dr. Hensley for emergency treatment.

As the pole crashed the lights went off and the town was left in total darkness for an hour and a half, until the local crew of electricians could cut the wire and start the engines at the local power plant.

At Dr. Hensley's office Mrs. White received first treatment, her condition being more serious.

She suffered a severe scalp wound, and cuts about the eyes and face, and one knee was injured.

Beer was severely cut about the head and face and his knees were considerably bruised.

Mrs. Beer only suffered from a severe nervous shock and slight bruises.

Emergency treatment was given the injured parties by lamp light, the power being off, but their suffering was soon relieved as far as possible.

About two a. m. they were removed to the hospital at Roswell. When the high tension wires crashed to the ground, fortunately they fell clear of the car.

At Clovis the switch kicked off and on cutting it back in, it immediately kicked off again, and was left out till the damage could be located.

Local Manager Sprinkle, soon organized a crew of local electricians, and started repairs, cutting the wires and clearing the highway, then starting the engines to supply lights for Portales.

The Clovis construction crew were called and with the local crew labored till 9:00 o'clock Sunday morning repairing the damage.

The wires fell across the Gordon filling station and scorched the shingles before the circuit went off.

The V-8 Ford sedan was badly wrecked, striking the pole on the drivers side, driving the frame and engine back. The body was damaged by a bending in the top just back of the front doors. The steel body doubtless saved the lives of the occupants.

Those who first viewed the wreck expressed wonder that all parties were not killed by the crash or electrocuted.

This is the third pole that has had to be replaced at this curve, three or more persons having been killed there in the past year or so, and there have been a number of other wrecks, where serious injuries were received.

Coming this way the highway is down hill for a mile or more, and those unfamiliar with the curve, are unable to stay on the highway and this curve has been locally named "dead man's curve."

ARMSTRONGS BUYS CLEVELAND INSURANCE AGENCY

A deal was closed last week in which Mr. and Mrs. Lacy Armstrong acquired the Cleveland Insurance company. They took charge at once.

Mrs. Cleveland will rest a while and later may take the little girls to Yuma, Arizona.

Frank Galloway and L. E. Cannon left Tuesday morning for Hot Springs, New Mexico, to take a series of mineral baths.

Clyde Barrow and Lady Ate Supper Here

On Monday evening about 5:30 o'clock a couple answering the description of Clyde Barrow and Bonnie Parker ate lunch in Jeff Cutler's cafe on Main street.

The couple sat on stools nearest the door before which their car, a dark Pontiac coach with Colorado license was parked.

While eating they looked at a paper and discussed the Barrow story. Jeff Cutler, proprietor of the cafe, stepped out to the barber shop next door to get a copy of the Amarillo News, in which a picture of Barrow had appeared.

On leaving the cafe the couple drove around the corner at the McCall produce house, and left town either by way of the Roswell or Lovington highway.

Cutler says that the woman was slim, red headed and looked to be 28 or 29 years of age. The man appeared to be around 25 years of age.

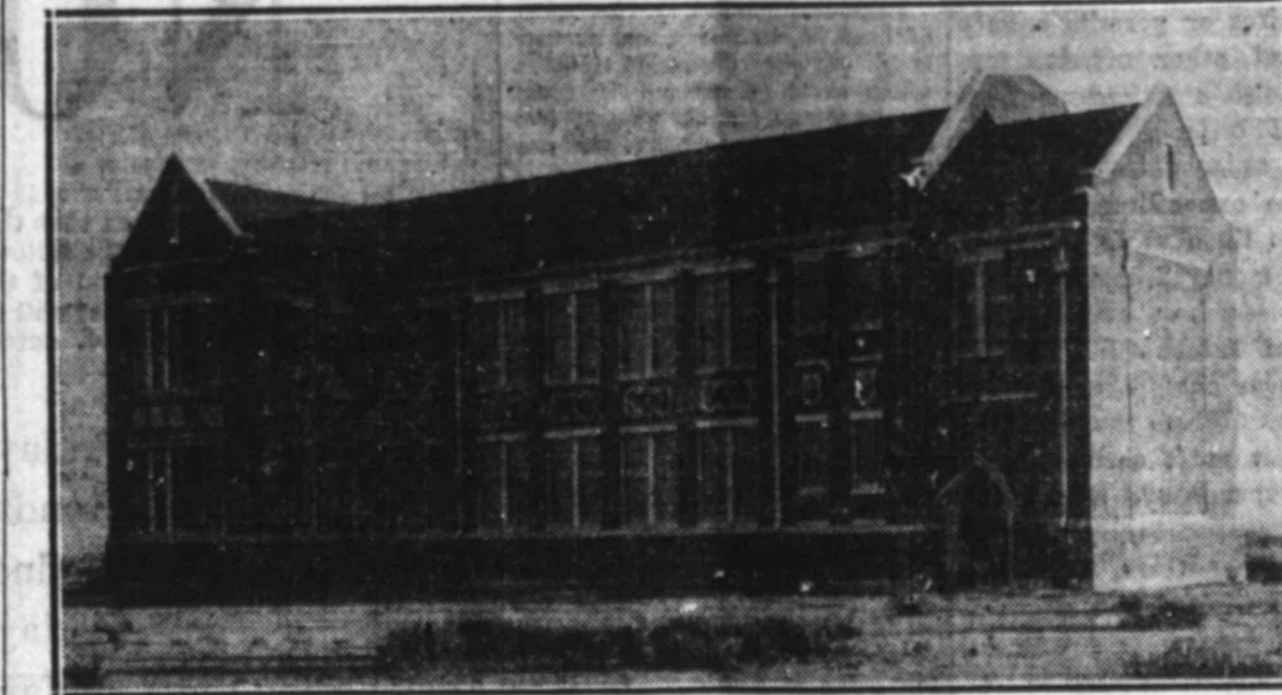

Mr. Cutler states that he did not follow them out, as they did not ask him to accompany them, but that if they had asked him to accompany them, he had plenty of time to obey all instructions.

RECOVERS FROM OPERATION

A wire from Mrs. Effie McCarty at Pampa, Texas, states that Miss Maybelle McCarty had undergone a serious operation on Monday. This operation was made necessary from the results of a fall Miss McCarty had about a year ago.

Wayne Wallace and Mabel Mahaffey were married Saturday.

PICTURING THE FIRST UNIT OF EASTERN N. M. COLLEGE

AT TOP—Modern home of the Eastern New Mexico Normal where the summer session will be held, beginning June 4, and continuing through July 14. This building is one of the best appointed educational buildings in the state. The first unit, pictured above, is complete. Two more units are to be erected. This school, located in the greatest agricultural section of the state, will offer great attractions for students both as to convenience and low living costs.

AT LEFT—Donald W. MacKay, first appointed president of the Eastern New Mexico Normal, who will assume his duties there with the opening of the summer session which begins June 4. Mr. MacKay comes to Portales highly recommended as an educator, having served in the educational department of the state for a number of years. Mr. MacKay resigned the position of State Rural School Supervisor to become president of the college.

With the opening of this college, not only will the high school graduates of Eastern New Mexico find convenient accommodations to complete the first two years of their college work, but pupils from all over the state will be attracted by the delightful climate and splendid living conditions. Its opening on June 4th marks a new epoch in the educational history of the state.

"DEAD MAN'S CURVE"

Coming in to Portales on the Clovis highway, just at the edge of town is a dangerous commonly known as "Dead Man's Curve."

For one mile coming this way down grade and motorists who are not familiar with this dangerous curve take it too high a rate of speed. Three or more have lost their lives by crashing against the electric light pole near this curve, and a number of others have been seriously injured.

The curve is not properly banked, and slopes to the right just off the pavement, making it hard to control the car at a high rate of speed. Until this curve is fixed for safety, all who drive should slow up sufficiently to make it with safety.

Under the widening of the pavement, contract for which has been let, this curve will be improved by the moving back of the Gordon filling station 40 feet and making the curve a long easy curve. But in the meanwhile lives may be lost.

For a mile back, warning glow signs should be placed at intervals, and a large glow sign at the curve, giving warning of danger, should be erected.

Another safety device would be to erect a heavy fence around this curve, to prevent cars from leaving the grade.

Human life is too dear to endanger with poorly constructed highways.

THE HOUSING PROBLEM

Now that the opening of the Eastern New Mexico Normal is assured this summer, the problem of housing the students becomes a serious one.

During the past 60 days there has been an increased demand for houses and apartments in Portales, and many applicants have been unable to secure suitable accommodations.

With the opening of the college there will be several hundred students to take care of. Some will want room with board, other light housekeeping apartments. It would be well to begin a census of Portales, to see how many can be cared for. It would also be a good time for some one who wished to care for students to build a rooming house convenient to the college for the care of students and teachers.

It will be too late when the students begin to come in and have difficulty in securing quarters.

In most school towns a number of residents build for this purpose.

At this time the college has no dormitory and this situation must be met by the citizens of Portales.

Portales cannot afford to have it said that even one student was unable to secure comfortable accommodations.

A JUST PRIMARY LAW

From what The News can learn as to the primary law to be submitted to the special session of the legislature, we might as well go ahead as in the past.

This bill provides that municipalities, county and state will be regulated as to primary elections. What the public is demanding as a primary law governing all candidates municipal, county, state, congressional and senatorial districts. The public desires a voice in the selection of candidates on up the line to national candidates, instead of the past convention plan, where a few hand picked delegates make the selection.

Let every candidate for state or national

office submit their claims to the public, so that they can make a choice and not depend upon party leaders to do the convention selecting. New Mexico needs a safe and sane primary law.

ABUSES OF THE LAW

At a recent annual meeting of the American Bar Association it was openly admitted by prominent members that public confidence in the courts and their administration of the law is being steadily weakened.

A report was adopted denouncing "the growing prevalence of the use of expert witnesses, with their conflicting testimony." This referred particularly to the use of alienists in criminal cases, where experts may always be secured to testify that the accused is insane, provided he has the money to employ them.

As a matter of fact, lawyers in convention very frequently criticize the prevailing method of criminal procedure, but so far they have done very little to correct it.

Legislators are also to blame for the present state of affairs, but as most legislators are lawyers the responsibility still rests almost wholly upon the legal profession.

By the passage of innumerable laws regulating everything under the sun, and imposing upon peace officers the task of enforcing trivial and often foolish statutes, the perpetrator of major crimes such as murder and robbery have all the better chance to escape punishment. If more attention were given to the prevention and punishment of these serious offenses, it might be possible to reduce their number.—Leader, Wellington, Texas.

RELIEF COMMITTEE HAMPERED BY SANTA FE OFFICE

The hundreds of farmers of Roosevelt county seeking work, are asked not to criticize the local relief board. They are hampered by contradictory instructions from the Santa Fe office and do not know where they stand on any program. In fact the entire board have threatened to resign and turn the program back to the state board.

This committee has given much of their time to this work without pay, and have about reached the row's end when it comes to patience. Contradictory instructions are sent out, and they do not know from one day to the next what they are expected to do.

Those who have been disappointed by not getting work are blaming this to the local board. Recent instructions were that all farmers needing relief, who had exhausted every means of credit were to be put to work—another instruction was that the quota would continue 250 men. Wednesday of last week a telegram came stating that the county quota was 135 men.

It is D--- is you do and D--- if you don't.

SAFEGUARDING PUBLIC FUNDS

Judging by the number of investigators that are being made of the expenditures of our state and national officials there is a need for the development of an informed and intelligent citizenship.

The state law requires or permits county clerks, city clerks and other official tax-spending bodies to publish a statement of all claims authorized and ordered paid. The purpose of the law is to acquaint the interested citizens with the expenditures of the various units, to advise them as to just how and for what the tax money is being spent.

It was one of the wisest laws ever enacted from the standpoint of safeguarding public funds and insuring them against waste, extravagance and misuse. When the controlling body knows that it must account publicly for every cent it spends and that every citizen is to be given the opportunity of scrutinizing every item of expenditure, there is a natural tendency to be careful and cautious in the appropriation of funds.

Without any reflection upon anyone, we undertake to say that many unwise expenditures would not have been made had the governing bodies known that the full glare of publicity would be turned upon their monthly claims.

A newspaper is handicapped in advocating an extension of this policy to all tax spending bodies for the reason that it might be a beneficiary of the policy. The published exhibit of claims is paid matter and at least one newspaper should receive this business. Yet the amount of the cost is, we think, but a small insurance premium for the protection given.—News, Fairbury, Nebr.

We're patriotic, but still we'd prefer gold eagles to blue ones.

One thing that will greatly help solve the troubles of the country, is for everyone to make things go well in his home town.

Many a man who is satisfied with himself is awfully disappointing to other people.

ODD THINGS AND NEW—By Lamo Bode

"PUT YOURSELF IN HIS PLACE"

By LEONARD A. BARRETT

An incident which occurred in the boyhood life of Lincoln is not found in many of his biographies. It runs like this: "I can remember," says Abraham Lincoln, "going to my little bedroom after hearing the neighbors talk with my father and spending no small part of the night trying to make out the exact meaning of their sayings."

I was not satisfied until I could repeat it and put it into language plain enough for any boy I knew to comprehend. This very remarkable practice explains the clearness as well as the convincing sincerity of Mr. Lincoln's addresses. A boy can understand them and yet they challenge the thought of the wisest of men. One of these speeches is the Gettysburg address. It is a classic and has a permanent place in American literature. Edward Everett, who spoke on the same platform with Mr. Lincoln, at the time the latter gave this address, wrote to Lincoln as follows: "I should be glad if I could flatter myself that I came as near to the central idea of the occasion in two hours as you did in two minutes."

Simplicity of speech is difficult. It is worth all the effort necessary to attain it.

Misunderstandings are the cause of much of our worry, and particularly of our domestic troubles, which could be avoided if every person would put his thought into language "plain enough for any boy to comprehend."

The use of a wrong word in an important sentence may change its entire meaning. Many an important lawsuit has been settled on the interpretation placed upon a single word. Frankness of expression is the essence of permanent friendship. Our actions which are the reactions of our thoughts many times convey a different meaning than was intended. Avoid this by cultivating clearness of thinking and expression.

One way to cultivate clearness of expression is to do just what Lincoln did—think in terms of the other man's point of view, see the problem as he sees it, try to feel the pulse of the argument as he feels it. In other words, put yourself in the other person's place.

Congressional Reflections

BY DENNIS CHAVEZ
Congressman From N. M.

A legislative matter of deep importance to New Mexico and Texas looks as if it will become an accomplished fact within the near future. The boundary line of New Mexico and Texas, around Anthony, was not determined for a long, long while, and it was only after the Supreme court of the United States finally determined the actual line that settlers knew whether they lived in New Mexico or Texas. Farmers who had obtained patents from the United States government to their lands that they thought were in New Mexico, found, after the decision of the supreme court, that they were actually residents of Texas and that there were clouds in their titles; and farmers who had obtained their titles from the state of Texas found themselves in New Mexico and that they did not have patents from the government. Efforts have been made for a number of years to bring about relief and perfect the titles of said citizens, but to no avail. However, the matter has been persisted on and at the beginning of the session of the 73rd Congress, I introduced

a bill (H. R. 5369) in the house of representatives for this purpose, and it is with pleasure that I can say that on April 5 the house passed the bill which directs the secretary of the interior to issue patents to those within New Mexico. The matter is now pending before the senate where we expect action within a short time.

The so-called sugar bill passed the house of representatives on April 4. This measure is intended to protect the sugar industries of this country against those in the Philippine Islands and Cuba.

By an overwhelming vote the house passed the so-called tariff bill that gives the president authority to raise or lower tariff rates up to 50 per cent for a period of three years. The administration was very anxious to bring this about as it feels that by negotiating in other countries on matters of this nature improved trade relations will result and bring about additional help to the recovery program.

Honorable Edward William Pou, 71 years of age, the dean of the house of representatives, passed away Sunday night last. He had been in the house for 33 consecutive years, a lovable character of the old south. He was chairman of the powerful committee on rules. The congress had a joint session for the purpose of honoring and paying respect to the deceased prior to his funeral in North Carolina. This memorial service was held in the house of representatives chamber and was attended by the members of both houses, the supreme court, cabinet members, chief of staffs of the army and navy and diplomatic corps. Mr. Pou's sincerity of purpose; his kindly disposition toward new members; his fair play and justice in the handling of controversial questions before his committee and on the floor of the house will long be remembered.

The treasury department honored a New Mexico man during the week in appointing Mr. Charles E. Mann of Artesia as receiver of the First National bank at Gallup.

After a long and disagreeable

winter, we awoke here in Washington on Easter morning to find the sun shining and the air crisp enough to enable one to enjoy the many "Easter Parades." It seemed mother nature had entered into the spirit of the day and was smiling upon the children of men and showing her charms in their most attractive settings. On Monday the annual child's egg rolling was celebrated on the large and spacious grounds surrounding the White House. No grown ups were admitted unless they accompanied a small child and so for one day kiddies from far and near with their bunnies and eggs, their laughter and games, ruled at the mansion of the Presidents in the stead of political power and executive authority. Tired, but very, very happy, small faces turned from the exits toward homes in the waning hours of the afternoon of this memorial day, which is celebrated but once in a twelve month.

The visitors to my office this week have been Col. Albert T. Woods, of Artesia; Mr. T. C. Casbolt of Estancia, who was in Washington on matters pertaining to the disposition of beans; Mr. Frank Haynor of Las Cruces, Mr. and Mrs. Frank Incke of Santa Fe, and Mr. T. C. Brown of Socorro.

Mr. and Mrs. Gordon Lyons spent the week end in Littlefield as the guests of Mr. and Mrs. S. H. Batton. They report a most pleasant visit.

Mrs. Reed Murrell and sons, Thomas and Reed and Mrs. Chas. Sims were guests in the E. C. Murrell home Sunday.

Mrs. Charles Horne returned Sunday from a visit with relatives in Artesia.

Mr. and Mrs. Wesley Little and son Wesley Jr. of Clovis were Sunday visitors in the R. L. Yeachum home.

Mrs. Ella Sprinkle and daughters Misses Evelyn and Ruth of Clovis were week end visitors with the E. H. Sprinkle family. E. H. Sprinkle is the son of Mrs. Ella Sprinkle and the young ladies are his sisters.

BILL WHITE JR. HAS BIRTHDAY

Bill White Jr. was 18 Friday and to his astonishment his friends found it out. Friday evening he was preparing to go out for the evening when he was called into a room, dark, the only lights being candles, on a birthday cake, when

the lights were turned on, he found a number of his friends gathered. However, Bill enjoyed the cake and ice cream and the games with the guests, who were Misses Merlyn Gunn, Tulsa Jewel McDonald, Helen Lovorn, Ruth Briggs, Lenore Shaw and Bettie White, and Messrs. Gordon Hooker, Oren, Allen and Maurice Drake, James Lewis and Woodrow Coe.

MR. AND MRS. BONNER ENTERTAIN BRIDGE CLUB

Mr. and Mrs. Ray Bonner were at home on Wednesday evening to members of the Friday Night Bridge club.

Mrs. E. T. Hensley Jr. and C. F. Brown each had the honor of making high score.

Those present were Messrs. and Mesdames E. T. Hensley Jr., Gordon Lyons, N. T. Watson, K. J.

Brought, C. F. Brown, and Misses Rosalie Littlefield, Sybil Lyons, and Messrs. Bill Thompson, Paul Wurster and Otto Kaplino.

After five progressions Mrs. Bonner served a most delicious salad plate lunch.

N. B. Fields was a guest during the lunch hour.

RAINBOW GIRLS

The Rainbow Girls met at the Masonic Hall Thursday evening. Miss Ethel Orr, W. A. presided with Mrs. Bill White present as mother adviser. Miss Barbara Green was presented with her Rainbow Bible as past W. A. Miss Sarah Lucile White was initiated into the order.

Ed J. Neer extended an invitation to the chapter to be his guest to see Will Rogers in "David Harum."

MR. AND MRS. BRYANT PARTIN AT HOME

Mr. and Mrs. Bryant Partin were hosted on Friday evening with a covered dish dinner at 8 o'clock, honoring Mrs. O. T. Slaten whose birthday this was. After the delicious dinner, Mrs. Slaten was given a handkerchief shower, then the party enjoyed a bridge game.

Those present were Messrs. and Mesdames W. F. Crow, Ogden Talley, Elmer Harp and O. T. Slaten.

METHODIST MISSIONARY SOCIETY IN MEETING

The Methodist Missionary society met Thursday afternoon at the home of Mr. and Mrs. C. V. Cissell with Mrs. Bill Moodyman as associate hostess.

The president, Mrs. J. D. Marlowe, was unable to be present and Mrs. W. B. Smith vice president, presided.

Mrs. F. G. Galloway was in charge of the devotionals and read the scripture followed by prayer by Mrs. Burnett. Plans were made and committees appointed to arrange for the serving of the luncheon on Monday for the Plaview boosters and the Junior senior banquet.

Delicious refreshments were served at the close of the business session.

HOME ECONOMICS AND AGRICULTURAL CLUB PARTY

The Home Economics department of Portales high, under Miss Edna Locker and the Agriculture department under E. A. Young, held their annual celebration in the gymnasium Friday evening with about 60 present.

Gashes of various kinds and sandwiches and milk sicles were the order of the evening.

MRS. JAMES D. TURNER HONORS CONTRACT CLUB

Mrs. James D. Turner was hostess on Friday afternoon at her home on State street in honor of the Monday Contract club.

Pastel shades of spring colors were used in a decorative motif and the delicious plate lunch served after the game to Mesdames C. V. Theis, H. H. Buchanan, W. W. King, E. N. Neer, Coe Howard, Bert Rawlins, E. T. Hensley, Jr., J. P. Steiner, Floyd Golden, H. G. Davenport, K. J. Brough, Wm. LeMaster, E. L. Wright, J. H. Morgan and A. D. Ribble.

Fortune smiled on Mrs. Theis and Mrs. Buchanan who were high. Mrs. King second high, Mrs. E. L. Wright the traveling prize and Mrs. Davenport, low.

CONTRACT BRIDGE CLUB

Mrs. E. L. Wright was hostess on Monday afternoon at the home of Mr. and Mrs. H. H. Buchanan to the members of the Monday Contract Bridge club and several other guests. After several progressions Mrs. Wright served a very lovely salad plate to the following: Mesdames Wm. LeMaster, J. P. Steiner, E. T. Hensley, Jr., J. H. Morgan, H. H. Buchanan, J. C. Compton, Coe Howard, W. W. King, A. D. Ribble and Bert Rawlins. Mrs. Hensley and Mrs. Buchanan secured high score.

CHRISTIAN LADIES AID

The Christian Ladies aid met at the home of Dr. and Mrs. Hensley on Thursday afternoon.

Mrs. Elton Hudson acted as hostess in the absence of Mrs. Hensley and as president in the absence of Mrs. J. J. Spies.

There were 20 present, with Mrs.

Homer Barnett in charge of the program, assisted by Mesdames Maury Sanders, E. H. Sprinkle, C. A. Lorts and T. J. Keller.

The subject was the Tibetan missions and as the missionary there, with his wife and child visited in Portales and Clovis for some time last Summer, and became well acquainted with most of the ladies, the program was doubly interesting.

Delicious ice cream and cake were served as a refreshment course.

ATTEND METHODIST MEETING

Among those who attended the district meeting of the Methodist church at Melrose, Wednesday night were Mrs. W. E. Daniels, Mrs. E. N. Smith, Rev. and Mrs. J. T. Redmon, Misses Ethel Orr, Edna B. Monroe, Ruth Carr, Mary Evelyn and Sarah Lucile White, Lavoli Keeler, and Johnnie Lee Compton and Messrs. Brooks King, Rex McCauley and Kenneth Garland.

WILL HOLD MEETING OF 4-H CLUB MEMBERS HERE

There will be a meeting of 4-H club members and others interested in feeding calves for the Roswell show next year, at the office of the county agent at Portales, Friday, April 13, at 1:30 P. M.

There will be a representative of the show present to discuss the rules and arrangements at that time. All interested are invited to attend.

CALL MEETING

The Roosevelt County Crop Improvement Association is calling a meeting of all those interested in raising certified seed at the Portales court house Saturday, April 14, at 1:30 p. m.

All farmers interested in raising certified seed are invited to attend.

CARD OF THANKS

Words cannot express our thanks to those who were so kind during the illness and death of our dear husband and father. We also wish to thank you for the beautiful floral offering.

May God's richest blessings be yours.

Mrs. D. Totten, Mr. and Mrs. E. P. Hahn and family; Mr. and Mrs. W. N. Hahn and family; Mr. and Mrs. J. L. Kelly.

10-Year-Old Girl Dies in Portales

Little Miss Willie Mae Liden Ramm, 10-year-old daughter of Mr. and Mrs. Willie Ramm of Lariat, New Mexico died in Portales. The little girl was brought to Dr. Braswell's office late Saturday afternoon suffering with her tonsils, but before anything could be done for her the poison had affected her heart and she died about 5:45.

Funeral services were held at Lariat Monday afternoon.

Mrs. E. C. Murrell left by bus Tuesday evening for Roswell to attend the missionary district conference.

"And the pinging isn't there any more!"

Jimmy: "Daddy, why doesn't our car ping the way it used to?"

Mr. Gordon: I just changed to Tetraethyl STANDARD—it contains a remarkable fluid called Tetraethyl Lead that stops the knocking and turns it into power."

We put Tetraethyl Lead in every gallon of STANDARD Gasoline—already unsurpassed—because it is the finest of all anti-knock fluids

Remember, POWER in gasoline must flow swiftly and smoothly—or you lose it.

You lose plenty—horsepower after horsepower—unless your gasoline is exactly right. Even retarding your spark won't prevent this loss.

Tetraethyl STANDARD is an ALL CAR gasoline—built to give better performance in every make and type of car not requiring a super-premium motor fuel. It is unsurpassed in Starting, Acceleration, Anti-Knock, Mileage and Speed. Unsurpassed in ALL.

Cooperative Extension Work in Agriculture and Home Economics

From Secretary Wallace of the department of agriculture comes a recent set of new rules and interpretations of old rules. The high points may be summarized as follows:

1. Poultrymen hatching or selling less than 50 chicks and custom hatching less than 1,000 eggs are exempt from the Hatchery Code.

2. Every person selling 500 or more chicks, whether they hatch them or act as an agent for a hatchery, must comply with the code. This means that chick dealers must comply. Will you please see that this is done in your territory? Any failures to comply should be reported to the chairman of the New Mexico Hatchery code committee, W. H. Hortenstein of Roswell, New Mexico. Violators will be given an opportunity to comply with the code before prosecution begins.

3. The code applies to baby chicks, turkeys poults and ducklings. Game birds and other kinds of poultry do not come under its provisions.

4. Brokers and dealers (like the hatcheryman) can not sell accredited, certified, supervised or pullorum tested chicks unless they comply in every way with the requirements of the state agency supervising this work in the particular state, which in our state is the New Mexico State Poultry association.

5. The terms "accredited," "supervised," "certified," etc., may be used only to describe grades of chicks produced under the supervision of some official state agency. If this work is supervised by a poultry association, it must have some connection with an official state agency.

6. When chicks are advertised and sold as of the strain of a certain breeder, such chicks must be of this particular strain without any mixture of breeding whatever.

7. Eggs from game, game bantams, and ornamental bantams are exempt from the egg weight clause.

8. Radio advertising must comply with the code.

There are other items in these new rulings. Those above are the ones which you should know about now.

Hatchery Code Violator Being Prosecuted

The Spencer Hatchery, Spencer, Iowa, is being investigated by the Agricultural Adjustment Administration. Members of the National Recovery administration are also interested, and before it is over, the Interstate Commerce Commission may be called in. Mr. DeWolf operator of the Spencer Hatchery, is charged with eleven points of alleged violation, including destructive price cutting, sales of baby chicks below cost, and the use of

false and misleading advertising. It is reported that Mr. DeWolf did not even secure a compliance certificate. Anyhow, the federal authorities are after him, and it looks as though the poultry industry is going to have its first court test case of the hatchery code.

If you have any advertising literature from Wm. DeWolf, please forward it to Mr. Hortenstein of Roswell, or Mr. J. A. Hannah, 215 Pershing Road, Kansas City, Mo.

You may recall that in my last letter I stated that I believed the hatchery code would be enforced and would not be dropped like some of the other codes. I am still predicting that it will be enforced. A good cause will not be abandoned; it is too good to stop.

Mr. Taylor Will Be in Your Area

Mr. V. P. Taylor, San Antonio, Texas, has been appointed as investigator under the code for this district. Mr. Taylor has always stood for the highest ideals in business ethics, and the most perfect standards in the perfection of commodities such as eggs, etc. If you are a hatcheryman and Mr. Taylor calls on you, you will find him square and sympathetic and he demands the same square dealings in return. He holds doggedly to what he knows to be right and will not countenance any questionable practices. It is my good fortune to know Mr. Taylor personally as we both attended the meeting in New Orleans where the rules were made for the Standard Egg Laying Contests for the United States.

You May Help a Good Cause

If you are familiar with the unfair and costly practices existing in some parts of the hatchery industry before the code, you are undoubtedly enthusiastic about the code and will want it to succeed. You can help with it. Let us know of any hatcheryman or chick dealer in your area who is not living up to the code. If they are not familiar with all its phases, we will help them along. If they do not want to shoot square with a square deal, then we will see what can be done.

This code can not be of help to the poultry industry without the cooperation of those vitally concerned. When a code or law does not have the support of the people, it gradually fails in its purpose. It is hoped that every one connected with the poultry industry will support the code and aid in its enforcement.

Yours very truly,

EXTENSION SERVICE.

By W. M. Ginn,

Extension Poultryman.

P. S.—The hatchery code aims to help and protect the honest hatcheryman and the purchaser of baby chicks. They certainly need help.

SOCIETY and Club

BUSINESS AND PROFESSIONAL WOMEN'S CLUB

The Business and Professional Women's club met April 9 at 7 p. m. at the home of the president, Mrs. Nellie Neer. The bountiful buffet dinner of turkey, dressing and other things that go with a turkey dinner, was served to the members and two guests.

The program was on health, under the direction of Mrs. Livingston. She had arranged for Mrs. Cannon and Miss Addie Oldham to bring us their message, telling of their teaching of health in the grade school and in junior high. Mrs. Cannon had a great many posters, books, poems, and other aids to illustrate her teaching in the grades. Her methods make it a pleasure for the pupils to gain a helpful knowledge of health. Miss Oldham gave a very interesting discourse on the aims and results of her work in the junior high.

During the business meeting, a committee was appointed to nominate officers for the club for the coming year. Their report will be taken up and voted at the meeting in May.

The state convention of the Business and Professional Women's club is to be held in Clovis April 27, 28 and 29. Our club is entitled to four delegates. These are the president, Mrs. Neer, the board member, Mrs. Buchanan, and two

others appointed by the president, Miss Lorena Cutler and Mrs. Willma Trapp. As many of the members as can be urged to attend the convention at which time the national president, Mrs. Bowman will be present and talk.

Mrs. Buchanan had literature on the national convention which is to be held in Yellowstone Park the latter part of June. Four days will be spent in the park. We hope to have at least two cars of Portales members attending.

AT HOME WITH FAMILY DINNER

Mr. and Mrs. W. H. Davidson were at home Tuesday at noon with a family dinner. The following were present:

Mrs. A. B. Foreman, Mr. and Mrs. Edgar Foreman and son, Edgar Jr., Miss Agnes Foreman, Mr. and Mrs. Wiley Foreman of Longview, Texas, Mrs. Knox McClain and daughter, Lois, of Clovis, and Mr. and Mrs. Steve Foreman, and Mr. and Mrs. W. H. Davidson and daughter.

ACE HI CLUB

The Ace Hi Bridge club met Friday afternoon with Mrs. J. J. Brown. Only members were present. The members are Mesdames Willis Breshears, L. S. Kirby, Carl Bremer, Leo Randolph, Bill Moody, Elton Hudson, Bill Snelson and Ray Snelson.

Mrs. Ray Snelson won high score and Mrs. Bill Snelson was low.

Mrs. Brown served a lovely plate lunch carrying out a color scheme of yellow and green.

MRS. SIDNEY STONE AT HOME

Mrs. Sidney Stone was at home to a number of friends on Tuesday afternoon with the game of bridge.

Those present were Mesdames L. S. Kirby, Steve Deen, Carl Bremer, O. T. Slaten, Ted Forbes, Otto Blanton, Charles Horne, J. J. Brown, James Christie, Ray Snelson, Luther Thomas, Elton Hudson, Leo Randolph, Cleo Pike and J. D. Marlow.

The rooms were tastefully decorated with a profusion of lovely peach blossoms. Mrs. Stone served delicious ice cream and cake as a refreshment course.

Prizes went to Mrs. Christie for high and Mrs. Slaten for low, and to Mrs. Horne the traveling prize.

SENIOR CLASS ENTERTAINED

The senior class of the Portales High School was entertained by the members of the high school faculty last Saturday evening from 7:30 to 10 o'clock with a progressive party.

The guests met at the high school gymnasium and were divided into four groups. From there each group was taken to a different place—the homes of Mr. and Mrs. Floyd D. Golden, Mr. and Mrs. J. P. Steiner, Mr. and Mrs. C. F. Brown and Mr. and Mrs. Marion Stinnett were visited. Each group was entertained in one home at a time, and progressed until each

home had been visited.

At the Golden home, everyone, except the one who had to get the lost ring, enjoyed cutting the flour cake. At the Steiner home an intelligence test on the make of automobiles was given. The seniors ranked higher than most of the faculty members in that test.

Many of the seniors have been wondering what they would do when they finished school. That was predicted to them at the C. F. Brown home.

The game of hearts was played at the Stinnett home. There has been no definite report whether any hearts were won or lost.

At 8:30 a stop was made at the Methodist church where a plate lunch was served.

WOMAN'S CLUB

At the regular meeting Wednesday afternoon, Mrs. Ed J. Neer introduced Miss MacKewn Walton, president of the Junior Woman's club, who in a few words thanked the senior club for the use of the club house and courtesies extended them and presented the club with 18 lovely luncheon sets in the club colors, and a liberal cash donation from the junior organization.

The Junior Woman's club has shown remarkable growth with Miss Walton as president and under the sponsorship of Mrs. Ed J. Neer and Mrs. H. H. Buchanan and Mrs. A. F. Jones.

Mrs. K. J. Brough and Mrs. H. H. Buchanan were appointed delegates to the third district, federation to be held at Ft. Sumner April 14. Quite a large number of members plan to attend this meeting.

Miss Sybil Autry, as leader, opened her program with a demonstration on how reading is taught in the first grade.

Twelve of Miss Autry's pupils, Johnnie Ray Snelson, Buddy Black, Melveta Barnett, Bobby White, John Stone, Billy Joe Tucker, Donald Lee, Bobby Nell Angley, Joe Bryan Boren, Grace Dorris Fields, Evelyn Ruth Dittsfurth and Herbert Shipp assisted her in this most interesting and enlightening program.

The speaker of the afternoon, Prof. L. L. Brown, needed no introduction and handled the topic "A Century of Progress in Education" in a most able manner. Although the subject covered a large

field, Prof. Brown gave the high lights in an interesting manner, starting with the one-room school house, the spelling match type with the stern school masters teachings and tactics. He took up the newer methods right down through the ages to our modern departmental school and told of the many things being taught and done for the children in the school here and elsewhere, to fit them for better citizens in every sense of the word.

The club house was beautifully decorated with spring blossoms, and a lovely color scheme of green, pink and white were seen in the attractive tea table presided over by Mrs. Ed J. Neer, and Mrs. J. G. Greaves.

Mrs. E. N. Neer, Mrs. J. G. Greaves, Mrs. Esther Clevenger and Mrs. P. D. Golden were hostesses to the club and a large number of guests.

J. B. Priddy and Mr. and Mrs. Carl Yoachim motored to Roswell Sunday, where Mr. Priddy attended a meeting of the Spanish War veterans.

Mr. and Mrs. Clarence Whiting and Mr. and Mrs. Leon Slaten of Clovis visited in the Willis Slaten home Sunday.

Modern Methods of Rearing Babes Called Systematized Neglect

BALTIMORE—Modern methods of rearing babes were characterized Thursday by Dr. Knight Dunlap, professor of psychology at the Johns Hopkins university, as "systematized neglect."

"A baby is not a vegetable. Neither is it an animal. It should not be left alone to develop by itself or to devise ways of amusing itself. A baby needs social life, just as much as do adults."

Dr. Dunlap advised that babies be talked to, tossed in the air and petted and cuddled as much as possible.

Rev. J. T. Redmon is holding a revival meeting this week and next week at Encino. Mrs. Redman accompanied him.

Broken Dishes Take on New Life at School

Time casts a halo around a lot of second-rate things in "Broken Dishes," a three-act comedy which will be presented by the dramatics classes of the Portales school Friday night, May 4, 8 p. m., at the high school auditorium, and under the direction of P. M. Bailey, dramatics instructor of the local school.

The inscrutable surrounding of the Bumpsted home are brought out by each individual—in which Mrs. Bumpsted, in her desire or mania to dominate; the desire of a daughter, Elaine, to marry; the nonchalantly hen-pecked husband who takes everything, after a number of years of married life, for granted—these are a few of the many things which take place inside the walls of the Bumpsted domicile.

This is to be on all-school play and is the first of its kind to be presented in Portales. Rehearsals were begun last Monday night after eliminations were finished last week in which over 75 students participated. Out of the 75 contestants for "first place," only 10 of that number were selected for parts in "Broken Dishes," written by Martin Flavin of New York City. It was first presented in that city over a period of several months, where it received much recognition and favorable comment from New York newspapers and theatrical critics.

Divided into three acts, the play takes place between 7 and 11 o'clock on a winter's evening in the Bumpsted home in a mid-western town. It has a royalty of \$50.00, but through a correspondence by Mr. Bailey to the producers, this was reduced to half that amount.

Even though a small admission will be charged, it is not the intention of those in charge to commercialize the play. It is for the sole purpose of bringing the best actors and actresses of the dramatics classes of the local school together in one big gala occasion for these difficult roles, and although it has its difficult roles, it is the opinion of the public in general that Portales "dramatists" can do justice to their respective parts.

Production of the play in general will be in the charge of the public speaking class who will look after the stage sittings, character costumes, make-up, the placing of publicity and the like. The cast for this all-school play has been selected as follows, and as they speak from the stage, respectively:

Jenny Bumpsted . . . Monte Creek
Myra Bumpsted . . . Ruth Gryder
Mabel Bumpsted . . . Ruth Carr
Elaine Bumpsted, Margaret Perry
Cyrus Bumpsted, Collin Hillard
Bill Clark . . . Herman Bailey
Sam Green . . . Leon Pogue
Rev. Dr. Stump . . . Derry Wise
A Stranger . . . Floyd Naylor
Grant . . . Durwood Wright

Attorney and Mrs. E. T. Hensley, J. W. Sloane Jr., G. W. Carr and W. A. Angley were among those attending the ball game at Tucuman Tuesday.

NECESSARY FOR FARMERS TO SIGN RECORD

Cotton farmers who have not signed 1934-1935 cotton acreage reduction contracts but who wish to have record made of their past acreage should turn the necessary information in to their community committeeman at the earliest possible moment. The time for attending to this is very short and the matter will be closed entirely within a few days.

After the closing date it will not be possible for any further records to be received. It is necessary to close this matter promptly so that contracts can be sent to Washington for payment. Those farmers who delay in turning in this information to the committeemen are holding up payment on contracts which their neighbors have signed.

It is very important to all farmers who have not signed contracts to turn this information in to their committeemen and get it into the record, as his record is used as a basis in issuing clearance to those who wish to secure Crop Production loans and plant cotton. Farmers who have no record of cotton in their land will not be permitted to plant cotton this year if they obtain crop loans. This record will also be used for future years.

WILL COMPLETE TESTING OF ALL CATTLE SOON

At the present time there are four Bureau of Animal Industry veterinarians testing cattle in this county in an effort to complete the area tuberculosis work soon as possible.

Dr. C. E. Moorman is working in the northern part of the county; Dr. E. P. Johnson near Portales; Dr. C. E. Ackerman near Dora; and Dr. E. J. Lingo in the southern part of the county. It is planned to complete the entire county within the next few weeks, after which time the county will be declared a modified accredited area.

Cattle can then be moved from this county to any part of the United States without test. To date there have been 1,410 herds tested in the county and a total of 16,870 cattle.

Clyde Youngblood has accepted a position at the C & T Service station. Mrs. Youngblood, who is now in Altus, Okla., will join him soon and make Portales their home.

Mr. and Mrs. C. V. Harris have come back to their home in Portales from Clovis. Hec Harris and Mrs. Price Connolly will manage the store in Clovis.

Mr. and Mrs. Lorace Disney moved this week into the cottage next to John South.

Miss Nina Fay Newton and Connar Hayes of Bluit were married in Portales Tuesday.

Wheeler-Johnson ambulance took Mrs. L. E. Meador and Mrs. John Childress to the hospital at Lubbock Wednesday. These ladies have been ill for some time. Lester Bayless drove the ambulance and Miss Schlapp, county health nurse and L. E. Meador accompanied them.

Returns From Meet At Colorado City

Clyde T. Miller returned last week from Denver where he attended a hearing on the proposed Agricultural Adjustment plan for the relief of the dairy industry. He represented the Plains Cooperative,

Inc., at this hearing. The Agricultural Adjustment Administration is holding a series of hearings throughout the United States to get the reaction of producers to the proposed plan. It is contemplated that some plan will be announced in the near future. At the Denver meeting producers from Colorado, Wyoming and New Mexico were in attendance.

MORE PROOF OF:—

Ford Superiority

The Rolls-Royce Company of America, builders of the most expensive automobiles known to the motor world, and the Brewster Body Company builders of the finest horse drawn coaches and automobile bodies for 124 years, have adopted the Ford unaltered V-8 engine, and by lengthening the original Ford chassis to 127 inches, placing Brewster bodies on them, are now producing a car to sell, f.o.b. factory, for \$3500.00.

No finer tribute to the quality, engineering perfection and efficiency of the Ford V-8 engine has ever been made than this. A group of engineers, able, skilled with years of experience in building the finest automobiles known, have selected the Ford unaltered V-8 engine to place in their line of fine automobiles.

Remember—when you drive the new V-8 Ford you are driving the same identical engine that the Rolls-Royce-Brewster Companies have selected, without change, for their fine cars.

These statements can be verified by referring to the news columns of "Business Week" for March 31. (at our show room); "Time" for April 8th and other nationally known magazines.

Come in and let us show you the car that has been designed by the world's best engineers—"The Ford V-8."

NOTICE TO CONTRACTORS

Sealed bids will be received for the construction of a four (4) room two (2) story addition to the Junior High School Building of Portales, New Mexico, by the Board of Education in accordance with the plans and specifications prepared by O. R. Walker, Architect, of Portales, New Mexico and 1640 17th Street, Lubbock, Texas. Bids will be opened at Two P. M. on the 27th day of April, 1934 at the Office of the Principal of the Portales Junior High School. The Owner reserves the right to reject any or all bids.

The successful bidder will be requested to sign a contract which will contain provisions conforming with the requirements as set out by the Federal Administration of Public Works. A certified check or an acceptable bid bond in the amount equal to five per cent (5%) of the total bid must accompany each bid as a guarantee that if awarded the contract, the contractor will promptly enter into an agreement with the School Board of Portales Municipal District of the city of Portales as outlined. A performance bond in the amount of one hundred per cent (100%) of the price will be required as well as a labor bond.

Plans and specifications may be procured from O. R. Walker, 1640, 17th Street, Lubbock, Texas or J. R. Shook, Secretary of the Board of Education, Portales, New Mexico, upon a deposit of Twenty-five dollars (\$25.00) as a guarantee of the safe return of same. Upon the return of the plans and specifications the deposit will be refunded.

(Signed) C. M. Compton, Jr., President of Board.

THE STATE OF NEW MEXICO, to the defendant, Samuel A. Welch, Impleaded with the following named defendants against whom substituted service is hereby sought to be obtained, to-wit: The said Samuel A. Welch, Ethel Welch, D. P. Larsen, H. N. Cobbett, and Glenn Myers.—GREETINGS:

You will take notice that a suit has been filed against you, and is now pending in the District Court of Roosevelt County, New Mexico, No. 3008, wherein Joanna L. Nolan, is plaintiff, and you, the above named, are defendants; in the general object and purpose of which is the first cause of action, is to foreclose a mortgage deed dated March 12th, 1933, executed by Samuel A. Welch and his wife Ethel Welch, to plaintiff, and

recorded in Book "37", Page "372" of the Records of Mortgages of Roosevelt County, New Mexico, given to secure the payment of the principal sum of \$600.00, together with interest and Attorney fees, and said mortgage being upon and covering

The Southeast 1-4 of Section 17, Township 1 South, Range 32 East, N. M. M., New Mexico, in Roosevelt County, New Mexico;

and to have said mortgage deed declared a first, prior and paramount lien upon said premises, and superior to all rights, title and interest of said defendants, and each of them, and to forever bar and stop said defendants and anyone claiming by, under or through them, from having or claiming any lien upon, or right in said real estate, or right in said real estate, or right in the proceeds of the sale thereof to the payment of said mortgage debt, and interest thereon, and Attorney fees and cost; and in the second cause of action herein, the general object and purpose which is to foreclose a mortgage deed, dated March 12th, 1930, executed by Samuel A. Welch and his wife, Ethel Welch, to Nello Carter, and assigned to plaintiff, which last mentioned mortgage recorded in Book "39", Page "297" of the Records of Mortgages of Roosevelt County, New Mexico, given to secure the payment of the principal sum of \$300.00, and said mortgage deed conveying the above described land, subject to said first mortgage, and to procure in the said order of sale of said real estate, judgment upon said \$300.00 note, interest and Attorney fees, secured by said second mortgage, and to apply the proceeds of said sale thereof, subject to said first cause of action, to the payment of the said note, interest and Attorney fees, secured by said second mortgage, and that plaintiff is the legal owner and holder of both of said notes and mortgages, and same are long past due and unpaid, and to apply further the proceeds of said sale of said real estate to taxes, and for extending Abstract of Title, paid by plaintiff.

You are further notified that unless you enter your appearance in said cause, on or before the 14th day of May, 1934, judgment by default will be rendered against you in said cause, for the principal sum, in said first cause of action, of \$600.00, together with interest at the rate of ten per cent per annum from the 12th day of March, 1931, until paid, together with ten per cent thereon as Attorney fees, and the further sum of \$33.37, paid for taxes, and the further sum of \$18.00, for extending Abstract, and in said second cause of action, the principal sum of \$300.00, together with interest hereon, at the rate of ten per cent per annum from March 12th, 1931, until paid, together with an additional ten per cent upon said amounts unpaid, as Attorney fees, and for all cost of suit; and plaintiff will apply to the Court for the relief demanded in this cause; and that C. M. Compton, Jr., of Portales, New Mexico, is Attorney for plaintiff.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal this 14th day of March, 1934.

NOTICE

The following resolution passed by the Roosevelt County Board of Education, April 2, 1934, is of interest to teachers and local school directors of the county.

Resolution:

In the future, no teacher related by blood or marriage, to a local school director of the district where said teacher seeks employment, shall be employed as a teacher in the public schools of this particular district.

Roosevelt County Board of Education, A. E. Hunt, Secretary.

FLOYD KENNEDY MAKES SHOWING IN DEBACA AREA

Floyd T. Kennedy, candidate for state representative received the second highest vote in the democratic primaries of Debaca county on last Saturday. Only one of the six candidates running without opposition, Ben Good, received a larger vote and he led Kennedy by only 20 votes. Floyd is very happy over the results of the election there.

Mrs. Florence Lee left Sunday for Santa Fe, where she has a position.

Locals of State Seed Association Has Been Formed

Farmers in Eastern New Mexico are becoming more interested in producing certified crops seed says G. R. Quensberry of the New Mexico State college.

The supply of certified broom-corn seed is especially scarce and high in price. A similar condition exists with cotton seed adapted to the plains area. Sufficient cotton seed did not mature in this area to supply local needs. The condition with these crops, as well as with grain sorghums, was aggravated more during the past season by drought than other causes.

J. R. Ogden, president of the New Mexico Crop Improvement association, has been helping farmers in this section to set up locals of this association in order to increase and distribute the best seed for the dry land farms. Meetings were held recently in Curry, Quay and Roosevelt counties with Mr. Ogden present, and associations organized and officers elected for the coming year. These county associations are affiliated with the State Crop Improvement association and will assist materially in the pure seed program which is now carried on in 12 other counties.

Farmers growing wheat, or broomcorn, alfalfa, beans, milo, kafir, hagar, cotton and sweet potatoes were among those present and joined the association. This will mean that in the future seed for every important crop grown in the state will be available for New Mexico farmers.

Mr. Ogden indicated that he was well pleased with the enthusiasm shown by the farmers throughout this area. He expects to visit every organized local in the state

Chavez Bill to Clear Settlers' Titles is Passed

WASHINGTON.—A bill by Representative Chavez, democrat, New Mexico, to give clear title to settlers along the Texas line who have held their lands under color of title in New Mexico was passed by the house Thursday and sent to the senate.

The public lands committee explained in its report on the legislation that the boundary line between New Mexico and Texas had been assumed to have been the Rio Grande river so that the exact boundary was not determined until a few years ago by the supreme court.

"Titles of these lands," it added, "had been issued to settlers, who thought they lived in Texas and these titles have been recognized for years and years. After the decision of the supreme court, the people who thought they owned lands in Texas found their lands were in New Mexico; and those who had been given titles in New Mexico found their lands were on the Texas side of the new boundary line after the boundary line had been fixed by the supreme court."

"The purpose of this legislation is to straighten out these titles so that the government can issue the correct titles to these settlers in New Mexico."

during the year in order to get better acquainted with conditions that exist and help farmers who grow pure seed to organize fully and get the greatest benefits from the association as well as from the cooperative work which is being carried on in strain and variety tests between the association and the New Mexico State college.

The next meeting will be with Mrs. E. V. Talley, April 19, in an all-day affair.

Coleman Pendley made an official trip to Tucumcari Saturday in the interest of the I. O. O. F.

Farmers Report Most of Land Is Ready for Spring Planting

Since the snow, the farmers of Roosevelt county have been busy preparing their lands for spring planting.

Another week will finish up the listing, and planting time will soon be here.

Sunday the News editor drove west of town to the Bethel community, and found practically all of the land prepared.

In the valley many fields of onions were noticed.

On the A. G. Ross farm will be found one of the largest onion fields in the valley.

These onions are growing off nicely.

Alfalfa is making a good growth and will be ready for the first cutting soon.

There is a shortage of broomcorn seed, which will probably cut this crop short to some extent.

Many farmers were planning an increase broomcorn acreage, and it looked as if there would be an over production, as many were planning to put the reduction of cotton acreage into broom corn.

Old frames dot nearly every farm and plants are ready to set out as soon as the proper time comes.

W. T. BONNER ELECTED TAX ASSESSOR IN DeBACA COUNTY

W. T. Bonner was elected tax assessor of DeBaca County Saturday in a democratic primary, leading the ticket. Mr. Bonner is well known in Portales, being the father of our fellowtownsman, Ray Bonner. He has lived on a ranch in

DeBaca county since 1918 but has visited his son here several times.

DR. GOSSARD OF LAS VEGAS TO DELIVER ADDRESS HERE FOR LOCAL STUDENT BOYD

Portales High Commencement Will Be Fri. Night, May 18

Dr. Gossard, president of the New Mexico Normal university of Las Vegas has accepted the invitation to deliver the commencement address for the graduating class of the Portales high school which will be heard on the evening of May 18.

Rev. Claude A. Lorts will deliver the commencement sermon at the high school auditorium on Sunday morning, May 13.

There is a large class of graduates this year, and plans are now under way for the commencement exercises.

Dr. Gossard is one of the leading educators of the state, and will have a message that is worth while for the graduating class.

First Public Court of Honor Held

The first public court of honor held by the Boy Scouts council of Portales was held at the Methodist church on Monday evening with Chairman Kenneth Livingston presiding.

The program opened with the bugle call by Billie Schumpert. Durwood Wright lead in the singing of "America." Tenderfoot badges were presented to five boys by Bert Rawlins. Second class badges were presented to ten boys of Floyd T. Kennedy. First class badge was presented to one boy by L. L. Brown.

About 20 merit badges were passed and accepted and were given by A. E. Hunt.

An inspirational talk was made by Turner Hensley.

Troops are now all in contest with each other, and each person attending the meetings at the request of some particular troop is counted two points. Troop 7 received high score in points and was awarded the banner, which will be represented at the next council meeting to the troop receiving the highest score. It was estimated that 250 were present at this meeting.

The next public court of honor will be held at the Christian church on the second Monday evening of May, to which the public are cordially invited to attend.

Benefits Proposed for Dairy Farmers

New Mexico Dairymen will profit to the extent of \$300,000 if the plan proposed for the possible distribution of 150 million dollars in benefit payments under a proposed dairy adjustment program is put into effect. The allotment for benefit payments for each of the 48 states is on the basis of their 1931, 1932 and 1933 butterfat production.

The proposed program is being discussed at 15 regional meetings throughout the country, which are being held beginning April 1 and ending about April 15. These meetings will be attended by leaders, advisers and the rank and file of the dairy industry. Adoption of the plan is wholly contingent upon the approval of the dairy industry.

Immediate payments of about 40 per cent of the benefits would be made when the program is put into effect. The balance would be paid in two additional payments, one after six months and the other at the end of the year.

Benefit payments are proposed for cooperating farmers who sign contracts to reduce their sales 10 to 20 per cent below their 1932-1933 average. These payments are to be at a rate of about 40 cents for each pound of butterfat by which they would reduce their sales below the 1932-1933 sales quota or about \$150 on each 100 pounds of surplus fluid milk which they reduce below their 1932-1933 milk sales quota, within the prescribed per centage limits.

The estimated expenditure of \$165,000,000 under the program would include at least \$5,000,000 to finance distribution of surplus milk among underfed children in urban centers. Another \$5,000,000 is allocated for the transfer of cows from surplus producing areas to needy farm families, who now consume little milk, and an additional \$5,000,000 for T. B. eradication. Increased use of milk by dairymen's families would also be encouraged under the plan.

Mr. and Mrs. I. A. Imoe returned Monday from a three months stay at Phoenix, Ariz., where Mr. Imoe worked for the Taveas Packing Company. He is the machinist for Case Canning company.

The monthly meeting of the W. C. T. U. will be held in the home of Mrs. C. A. Buchanan Friday at 2:30.

PUBLIC HEALTH

Conducted by Dr. J. E. Karp
Director, New Mexico Bureau of
Public Health.

LIMITS OF CONTAGION

Some people are too much afraid of catching things. One has heard of people who dare not go to Albuquerque because it is a health resort! These excessive fears are due to ignorance—ignorance of where and when and how a particular disease may be caught.

One of the most dreaded of diseases is syphilis. Some reassurance can be given by letting it be known that the germ of syphilis is very easily killed. If it is dried it dies in a few minutes. Soap and water will usually kill it. It is only quite rarely that this germ lives for any length of time away from the human body upon which it naturally feeds.

Not all people whose blood gives a positive Wassermann test are infectious—not by any means. Dr. A. J. Casselman, specialist in the venereal diseases and a surgeon of the U. S. public health service, explains when this disease can safely be considered non-infectious in the following words:

"Syphilis should be considered non-infectious, at least for public health purposes, if the disease has been present for five years or has been treated for six months by modern methods with neosphenamine and bismuth. The disease becomes temporarily non-infectious in most cases after a month's treatment with neosphenamine and bismuth, but probably will relapse and become infectious again if treatment is not continued. It is possible for a woman to give birth to a syphilitic child even five years after her infection, but usually the child is free from the disease in long-standing cases. It is highly improbable that the husband or wife of a syphilitic of five years would be infected by the partner.

"Congenital syphilis is highly infectious during the first year. Just as is acquired syphilis, so probably is congenital syphilis non-infectious after six months of thorough treatment or after the age of five years."

VISITORS TO ARRIVE

Mr. and Mrs. J. W. Yates and Mrs. Hubert Yates of Los Angeles, California, are expected to arrive in Portales the last of the week on a visit to friends. They are on a trip which includes a visit to relatives at Austin and Paris, Tex. The Yates family will be remembered by old timers as most substantial Roosevelt citizens.

U. S. Frazee says that his land is about ready for planting. He is not sure just what acreage he is going to plant in each crop.

He has sowed barley and oats that are up to a good stand. He is quite well pleased with the prospect of some early feed. He has a dip on his farm where water has stood after the heavy rains. He sowed this in rye and it is up and looking good. He does not count on this if there is another big rain.

THANKS

I want to thank the people of Portales for the support they so kindly gave me in the election of Mayor of Portales. I assure you I will do my very best to make you a good Mayor and to protect your interests in every way.

Farm Home Is Destroyed by Fire

On Friday a week ago at six o'clock in the morning the farm home of W. C. Hoffman, who lives a mile south of Dora was completely destroyed by fire.

The family had just arose and Mrs. Hoffman had lit the oil stove to prepare breakfast.

When she noticed the fire the bed room was in flames, but she states that the oil stove was properly burning.

It is thought that the fire must have started under the house.

The partial contents of two bed rooms was all that was saved.

There was no insurance on the house or contents.
