

# THE JUNCTION EAGLE

Volume 46

Junction, Kimble County, Texas, Thursday, September 26, 1929

Number 24

## P.-T. A MEETS IN REGULAR SESSION

An interesting meeting of the local P.-T. A. was held in the high school building Monday afternoon with a large attendance. Only a few fathers attend these meetings. The organization is what the name signifies, a parent-teachers' association. The membership committee reported that the roll now contained 123 members.

Mrs. Lester Hodges was in charge of the following program which was rendered:

Song—"America the Beautiful."

Prayer—Rev. G. W. Crabb. Health talk—Contagious diseases and their prevention—Dr. L. E. Standifer.

Piano solo—Mrs. C. W. Atchison.

The importance of proper food in school lunches—Mrs. C. W. McCarrall.

School lunch menus—Mrs. Clay Secrest.

Round table discussion—Helpful suggestions for school lunches.

Following the program the president, Mrs. George Pepper, took charge of the business session. The minutes of the previous meeting were read and the routine business matters attended to. The ninth grade won the book on attendance record.

A motion, made by Mrs. W. P. Riley to the effect that the P.-T. A. join in the movement to make Junction a "Sanitary Junction," was carried unanimously. The organization will work with other organizations to make Junction the cleanest town in the Hill Country.

For the benefit of any who do not know the origin and purpose of the P.-T. A., the Eagle is giving the history of the organization.

Twenty years ago in the First Methodist Church in Dallas the foundations for the Texas Congress of Mothers and Parent Teacher Association were laid. These organizations owe their foundations and early development largely to Mrs. Ella Caruthers Porter of Dallas. The message and inspiration which went out from the old First Church that day has reached the remotest corners of our great State and we have caught the vision of what a united intelligent parenthood can mean in the betterment of conditions for childhood. More than 50,000 members representing the organization today testify to the need and benefit of this great organization of parents and teachers.

The Parent-Teacher Association has been called a university for the training of parents for the great business of life—Parenthood. "For what grander, holier purpose under heaven does a human being need knowledge than for the training of a child?"

The best type of education cannot take place in the school alone. The most compelling factor in the education of a child is the influence of his parents. Parent-Teacher Associations are institutions for adult education. In this institution the students derive benefit in proportion to their participation. This organization provides an opportunity for parents to study their problems and to work together toward the building of worthier homes.

The school builds upon the foundation laid in the home. If the foundation has been well laid, the work of the school in fitting boys and girls for the activities of life may be doubly effective. A fine co-operative relationship should now be established between parents and their new partners in the education of their children. Teachers need to understand parents' viewpoint and parents need to understand teachers' viewpoints.

(Continued on page 10)

## Dr. L. E. Standifer Lectures to P.-T. A.

Dr. L. E. Standifer addressed the local Parent-Teachers' Association at their regular meeting in the high school building Monday afternoon on the subject "Contagious Diseases and their Prevention."

Dr. Standifer discussed a number of diseases that are found in the average community during the year. Among the diseases discussed were acute colds, influenza, pneumonia, measles, scarlet fever, mumps, epidemic meningitis, chicken pox and small pox.

The symptoms, dangers and treatment of these diseases were discussed and many helpful suggestions given. The use of the blackboard and simple terms made the discussion more interesting. Dr. Standifer pledged his co-operation with the organization in making Junction an ideal place to live.

## KOTHMANN TO FEED 1,000 LAMBS

For the past several months Walton Kothmann of London has handled many lambs and has now about seven hundred which he intends to feed and about three hundred more which will be delivered to his place in the near future, according to County Agent R. E. Homann.

Mr. Kothmann is going into the lamb feeding proposition on a permanent basis and this week is completing a barn which will be used for feed storage. The barn is 20x60 feet and has a shed space 24x60 feet. Mr. Kothmann has his herd in the feeding work and has feeding pens, feed troughs and water troughs enough to take care of every sheep that goes into the lot. All equipment, including hay racks, are conveniently arranged in order to save the greatest amount of labor. With these arrangements very little help will be required to feed the thousand head.

Feeding on so large a scale is an entirely new enterprise in this section and a very accurate record will be kept to prove the advisability of feeding under the conditions offered in Kimble County. Detail plans are being worked out and at the conclusion of the feeding period a general field day will be planned and it is expected that this demonstration will bring to us state sheep specialists from the Extension Service and Experiment Stations. Breeder and feeder organizations are being boosted over the state and Texas Cattle will no longer go to the northern feed lots. Why can't Texas bred sheep be finished in Texas? Mr. Homann believes it can be done and it is being done with marked success. Fifteen thousand sheep are to be fed at Lubbock this year.

Under the blue skies of Texas, cattle, sheep and all livestock can be cared for more economically than any place in the world. Keep Texas money in Texas and build up the ranges and the soil.

## SAFETY REQUEST

The city officials and sewer contractors request people not to drive on the streets where sewer construction work is under way, especially at night. So many lateral ditches are dug that it is impractical to have lanterns at every one of them. The streets will be completed as rapidly as possible and it will be a favor to the contractors and will probably keep down accidents if people will not drive on the streets where construction is going on.

Junction, year-round playground

## CHURCH SENDS FOR BUILDING PLANS

After two conferences between the building committee of the Methodist Church and Mr. Noonan, representing Morris and Noonan, Architects, of San Antonio, definite arrangements were made for the drawing up of the full working plans of the new Methodist Church. Carried out, the plans will give a splendid building in which every person in the community can well take pride. The building will follow the co-called Spanish or Mission type with impressive entrance, splendidly proportioned tower surmounted by a dome, large, round-arched windows. The walls will be brick and the roof tile. The auditorium will have a spacious vestibule and large balcony. In addition to the auditorium, there will be a large and well planned educational department, under which will be a hall for recreational and social activities. Of special importance is the fact that the building will be of complete fireproof construction.

Several departures from the original plan have been made all in the interest of a better building.

As stated before, the building will be one of which every member of the community can be proud. Junction has, in a little over two years, made a record that is truly remarkable. When the Methodist Church begins building operations this fall, as is contemplated and expected, it will be the fifth church building to be erected in a little over two years. The Christian Church began, followed by the Baptist Church, the Catholic Church being erected at about the same time. The Church of Christ is now in process of construction. No higher tribute could be paid to the progress of Junction than the interest in the higher things of life which this splendid building program betokens.

Among the things discussed was the motorcade that will be in Junction on the night of October 8. The motorcade is estimated from 200 to 1,500. Junction will serve a barbecue on the evening of October 8. The Chamber of Commerce is planning a big day in Junction on November 11 when the prizes will be given to the boys and girls securing the greatest number of paid memberships to the Kimble County Chamber of Commerce.

Among the things discussed was the motorcade that will be in Junction on the night of October 8. The motorcade is estimated from 200 to 1,500. Junction will serve a barbecue on the evening of October 8. The Chamber of Commerce is planning a big day in Junction on November 11 when the prizes will be given to the boys and girls securing the greatest number of paid memberships to the Kimble County Chamber of Commerce.

## Lost Aviator Forced Down at Junction

Lieut. Carlos Rovinson, member of the Mexico City-Kansas City air derby, landed in Junction yesterday after having become lost and forced off his route by adverse flying weather. H. O. Denman, local flying enthusiast, secured a map for the lost flier and enabled him to resume his flight.

Such emergencies as this prove the necessity for a landing field for every town and city.

## Provide Ways For Players to Sonora

An effort is being made to take all the foot-ball players and "rooters" to Sonora for the game between Junction and Sonora Saturday afternoon at three o'clock. Sonora has a strong team and the Junction Eagles want to keep up the winning record begun when Del Rio was defeated here last Saturday.

If anyone can take some of the players or "rooters" to Sonora Saturday, he or she is requested to telephone the school building stating how many. This is the first conference game of the season and the boys are anxious to win a decided victory. Help Junction beat Sonora by going and taking some of the players and "rooters."

Mesdames C. T. Holekamp and Mattie Patterson and Cecil Martin and Teddy Holekamp and Patricia Patterson spent the week-end in San Antonio.

Mrs. W. M. McDonald and daughters, Miss Lela and Rosa Belle, and Miss Lorena Couey visited in Boerne Sunday. Mrs. McDonald has a new grandson that she was anxious to see.

## LOCAL C. OF C. IN REGULAR MEETING

The regular monthly meeting of the Kimble County Chamber of Commerce was held at the City Cafe Tuesday evening. A banquet was served to about twenty-five members. Following the banquet talks were made by Secretary E. V. Stewart, Rev. G. W. Crabb, County Agent R. E. Homann, Supt. Guy E. Moses, Rev. M. F. Hill, Chris Schraub, E. Holekamp, Albert Rieck, J. A. Heyman and others.

Mr. Homann gave a review of the work he has done during the few weeks he has been county agent. Supt. Moses told of the school conditions in Junction. Brother Crabb spoke of the establishment of a Baptist Encampment in Junction and others gave talks on various phases of work in which the organization is interested.

All organizations are working to make Junction the City Beautiful and in his talk Supt. Moses stated that if some plan could be devised whereby the school could receive free water that the school ground could be made a real beauty spot. Mr. Heyman stated that if a water line could be run from the old standpipe to the school grounds that the water would not cost the school anything, but the cost is too great for the school to bear this expense. Albert Rieck suggested that a sufficient number of citizens pay one dollar each month to supply the water. The water should be provided so that the school ground could be made a real beauty spot.

Among the things discussed was the motorcade that will be in Junction on the night of October 8. The motorcade is estimated from 200 to 1,500. Junction will serve a barbecue on the evening of October 8. The Chamber of Commerce is planning a big day in Junction on November 11 when the prizes will be given to the boys and girls securing the greatest number of paid memberships to the Kimble County Chamber of Commerce.

Junction will serve a barbecue on the evening of October 8. The Chamber of Commerce is planning a big day in Junction on November 11 when the prizes will be given to the boys and girls securing the greatest number of paid memberships to the Kimble County Chamber of Commerce.

## "Blue Yodeler" Will Appear Here Tonight

Jimmie Rodgers, noted "Blue Yodeler," will appear in the Junction High School auditorium at 8:30 tonight and give a program filled with happy, care-free songs. His company of entertainers will aid in the program.

For the benefit of Schreiner High School, Jimmie Rodgers will autograph Victor Records at the B-C Music Chop Thursday afternoon.

## Eighty-One Bales of Cotton Ginned Here

Eighty-one bales of cotton had been ginned at the local gin at eight o'clock this morning. As a result of a dry season and boll weevils the crop has been short over the county. The gin at London has ginned a little over two hundred bales this season.

According to reports from the gin here, it is not expected that more than eighty more bales will come in.

## JERSEY HEIFER IS GIVEN TO C. OF C.

Messrs. E. V. Stewart and R. E. Homann went to Kerrville Wednesday to inspect a Jersey heifer, which Mr. L. A. Schreiner is donating to the Kimble County Chamber of Commerce in co-operation with the county demonstration work.

A man was sent to Kerrville this morning to bring the heifer to Junction. This heifer will be one of the prizes given to the winner of the contest for new members of the Chamber of Commerce.

Mr. and Mrs. C. C. Hart visited in Mason Wednesday.

## Architects Drawing Court House Plans

The architects working on the plans for the new court house met with the commissioners' court Monday and discussed plans for the building, and at present is developing the working plans. As soon as these are completed and passed on, bids will be advertised, but this will take some time.

The new building will consist of a basement and two floors. Quarters for the county agent, justice of the peace, vaults, and boiler will be in the basement. On the first floor will be offices of the county judge, county superintendent, sheriff, tax collector, tax assessor, county attorney, county clerk, county treasurer, county surveyor, county court room, rest rooms and vaults, while on the second floor will be located the district court room, jury rooms, witness rooms, offices for district judge and district attorney and rest rooms.

The Junction Eagle hopes to be able to print a picture of the proposed building at an early date.

## HILL COUNTRY WOOL SELLS 45 AND 55

The San Antonio Express carried an item in the Tuesday edition stating that a record in mohair sale had been made in that city Monday when J. M. Lea had bought 3,700,000 pounds paying 45 cents for the old clip and 55 cents for the kid clip.

Lea is quoted as buying 1,500,000 pounds from the Schreiner Wool and Mohair Commission Company at Kerrville, 200,000 from the Menard Wool and Mohair and Commission Company at Menard and 225,000 from the Beck Springs Livestock Loan Company, and 700,000 pounds from various other concerns. The article failed to give the amount from Sonora.

The amount is the largest that has ever been sold and bought in one day by one company, and the amount bought at Kerrville is the largest that has ever been purchased by one man at one time, Lea said.

The price of mohair this year is much lower than it was last year when it sold at 68 and 78 cents per pound. The reason for this decrease has been caused by the substitution of rayon and wool for purposes which would ordinarily be filled by mohair, he thinks. The use of substitutes has grown out of the excessive price of the commodity and the reaction followed, he says.

The price paid this year will allow the growers a fair profit and is expected to put the mohair market back on its feet, Lea said. He believes that mohair would be used in preference to its substitutes at 55 and 65 cents, and expects the market to reach that height next year.

We understand that the Junction clip was sold at a better price but did not learn the exact figures. The Junction clip will be delivered Monday, September 30.

## COSMETICS TABOO

Life will be rather colorless for the Schreiner High School Senior girls next week if the Eagles fail to down the Sonora eleven Saturday.

The girls of the class of '30 have gone into an agreement to discard all cosmetics until the Eagles win another football game. At chapel hour this morning they were presented to the student body pale and without color. No powder or paint for them until another victory is gained, and they mean it.

## EAGLES DEFEAT BORDER BOYS 14 TO 6

Long runs by Richardson, line plunges by Hubbell, heavy line hitting by Ake, pass from Johnson to Coleman and team work by all the boys defeated Del Rio here Saturday afternoon by the score of 14 to 6. A plunge through the line by Ake brought the first touchdown and a pass from Johnson to Coleman netted the second, while Coleman booted the ball between the posts for the two extra points.

San Angelo had barely nosed out a 7 to 0 victory over Del Rio the previous Saturday and the Eagles knew that a stiff game was ahead of them. They put the necessary punch and pep into the game to win it. Junction made 11 first downs to Del Rio's 7. It was a clean game and both teams showed good sportsmanship.

The next game will be with Sonora in Sonora Saturday afternoon and as many Junction people as can go are urged to do so. This will be the first conference game and the Junction Eagles are anxious to win a decisive victory and make a good start in the conference.

Hubbell has a bad ankle and Duderstadt has two broken ribs. The other boys are in fair shape for the fray Saturday.

Cars are needed to take the players and "rooters." Anyone who can take some of them in cars are requested to telephone the school building telling how many they can take.

The following is the line-up of the game with Del Rio:

L. E. Dunbar, L. E. Roy Cochran, L. T. Jake Beasley, L. G. L. Ragland, C. O. Duderstadt, R. G. Harry Witt, B. T. Leonard Dunbar, R. E. H. T. Richardson, R. H. Denman Ake, L. H. Lawson Johnson, Q. Frank Hubbell, F. B. Substitutes: Dick Coleman, H. B. Marvin Blackburn, H. B. Gay Munn, G.

Officials: Blackburn, referee; Beasley, umpire; Urban, head line-man; Martin and Dechert time keepers.

## Stevenson Solicited To Run For Congress

The announcement that Hon. C. B. Hudspeth will not enter the race for re-election to congress is a political stone in the pool of politics. Immediately names of prominent men came to the surface as suitable material for the place. One of the most favorably mentioned names is that of our townsman, the Hon. Coke R. Stevenson, who made such an enviable reputation in the last session of the Texas Legislature. Among other names are T. A. Kincaid, Ozona; Alex Collins, San Angelo; C. C. Belcher, Del Rio; R. E. Thomason, El Paso. Mr. Thomason has formally announced.

The Sunday issue of the San Angelo Times gave a brief history of the life of Mr. Stevenson which is well and favorably known to the people of this section. He has been educated in the school of experience and has profited thereby. Of the names thus far mentioned, Coke R. Stevenson stands at the top as far as ability, training and experience are concerned. No man in the big district is more familiar with the problems to be met than Mr. Stevenson. He is a man of mature judgment, sound reasoning and practical application. He is a lawyer by profession, ranchman by occupation and a citizen of this section by choice. He is real congressional material and this district could do no better than to draft Hon. Coke R. Stevenson to succeed the ranchman's friend, the Hon. C. B. Hudspeth, who will retire at the close of his term.

## The Majesty of the Law

(Hon. William Howard Taft)

We shall not see the full majesty of the Law until all of our people respect the law. The nation that reaches the highest degree of development will be that nation which has established righteous laws and whose every citizen not only observes and respects these laws but gives his best service in seeing that they are properly enforced.

We have come upon a time when all our people must recognize that ours is a government that stands for the application of law to all conditions. The public detriment arising from violation of law, followed by immunity from prosecution and punishment, can hardly be overstated. Our legislature makes our laws, but the people are responsible for their enforcement. The constant violation or neglect of any law leads to a demoralized view of all laws and such disrespect for law rapidly spreads in a community where the sacredness of law does not exist. It is distressing to me that mob violence in the form of lynching can continue in our nation. I deplore it because it often results in the death of innocent persons and because it makes chaos of our government by law.

I do not for a moment agree in the view that everything is corruption and that our people are growing worse. I believe in our constituted law, both state and federal. I am greatly encouraged with the response which is coming from our people in all sections of the country for the enforcement of our laws. I believe better days are ahead.

And when our already good laws are supported by a united and enlightened public opinion, based on the fundamental doctrines of democracy and the fear of Almighty God, we shall realize, what we must all now desire to see—the law in its majesty.

## Killed and Injured In Texas Monthly

From time to time we give the report of the Texas Council of Safety hoping to get before our readers the importance of conserving life and limb. Forty-three persons killed and 183 injured in Texas accidents for the week of September 1 to 7 are listed in the accident report of the Texas Council of Safety. From January 1 to September 7, a total of 7,582 had been injured in Texas and 1,796 killed. For the corresponding period in 1928, there were 6,311 injured and 1,268 killed.

| Causes         | Injured | Killed |
|----------------|---------|--------|
| Automobile     | 119     | 20     |
| Railway train  | 2       | 5      |
| Interurban car | 1       | 0      |
| Street car     | 0       | 0      |
| Airplane       | 1       | 0      |
| Other vehicles | 8       | 3      |
| Falls          | 16      | 1      |
| Burns          | 7       | 4      |
| Drowning       | 3       | 5      |
| Firearms       | 8       | 1      |
| Explosives     | 4       | 0      |
| Other causes   | 14      | 4      |
| Total          | 183     | 43     |

## INFLUENCE OF MUSIC

From a leaflet announcing National Music Week we pass on to you what some of the world's great poets, philosophers and educators have said of the influence of music.

Henry Ward Beecher said: "Music cleanses the understanding, inspires it, and lifts it into a realm which it would not reach if it were left to itself."

Marin Luther said: "My heart, which is full to overflowing, has often been soled and refreshed by music when sick and weary."

Carlyle said: "Music is a kind of inarticulate, unfathomable speech, which leads us to the edge of the infinite, and impels us for a moment to gaze into it."

Herbert Spencer said: "The fine art which more than any other, ministers to human welfare."

Landor said: "Music is God's best gift to man, the only art of heaven given to earth, the only art of earth we take to heaven."

Oliver Wendell Holmes said: "Take a music bath once or twice a week for a few seasons. You will find it is to the soul what a water bath is to the body. It elevates and tends to maintain tone to one's mind. Seek, therefore, every clean opportunity for hearing it. Purchase some kind of instrument for the home and see that its beneficent harmonies are often heard. Let music be as much a part of a day's routine as eating or reading or working."

## KOTHMANN-KOWERT

Saturday, September 14, at 3 o'clock in the afternoon, Rev. M. Heinrich of the Mason Lutheran Church united in marriage Miss Josie Kothmann, daughter of Mr. and Mrs. Dan Kothmann, and Mr. Oliver Kowert, son of Mrs. M. A. Kowert. The wedding ceremony was performed at the home of the bride's parents at Castell in the presence of only near relatives and friends.

Immediately after the ceremony Mr. and Mrs. Kowert left on an extended honeymoon trip. They will reside at Fredericksburg where the groom is one of the proprietors of the Music Palace.—Fredericksburg Standard.

Let's pave Junction streets.

It may seem funny to a fellow who has once been young and feels it, to have to sit back and watch oneself grow old,—but the fun is all in recollections of other days.

## 65 CONVENTION OF WOOL GROWERS WILL MEET NOV. 20 TO 22

The National Wool Growers' Association will meet in San Angelo November 20, 21 and 22 instead of in January in order that a member of the Federal Farm Board may be present, according to a message received from F. R. Marshall, secretary of the association, of Salt Lake City.

Approval for one of its members to come to San Angelo to address the wool gathering has formally been given by the recently-appointed farm board, according to the message, but the member who will be sent to Texas has not yet been designated. The dates for the convention were changed because it was deemed impossible for the farm board member to attend during January.

The convention of the National Wool Growers Association will be brought to San Angelo by C. A. Brooms, Tom Green County rancher, and Mr. Wild when they attended the meeting in Phoenix, Arizona, last January. Mr. Broome will be general chairman of the committee which will arrange for the convention.

As the convention was originally planned for January few plans had made for it in advance. However, according to Mr. Broome activity will be started at once and details will have been worked out far in advance of the meeting date.

Approximately 600 out-of-state visitors are expected in San Angelo for the meeting, which will be the sixty-fifth annual convention of the association.

## KNOW TEXAS

Texas ranks first in wool production in 1929, leading Montana by 10,000,000 and California by 15,000,000 pounds. Total Texas production, including the fall clip, is estimated at 40,000,000 pounds out of a total American clip of 300,000,000.

The Texas Highway Department appropriates \$8,403,930 for maintenance of 18,000 miles of designated highway, nearly \$500 a mile.

Texas expects to ship 5,000 cars of citrus fruit this year against 2,000 last year, with a shortage expected in other citrus areas by reason of freezes and the Mediterranean fly outbreak in Florida.

Anahuac, county seat of Chambers County and one of the oldest towns in the State, has petitioned the Gulf States Utilities Co. to build its transmission lines and furnish it with electricity. Matagorda, after 101 years' existence, is another old Texas town now served with electricity. The Central Power & Light Co. recently extending its lines there.

## HILL COUNTRY ITEMS

Football prospects for Schreiner Institute Mountaineers this season are reflecting a hard-hitting varsity eleven, plenty of reserve strength, a fairly heavy, shifty line and backs galore.

J. W. Ammons of Kerrville discovered a piece of metal partially covered with rust and dirt in his back yard. After scratching the dirt and mud from the piece of metal he discovered that it was a Kerrville dog check, No. 29, issued in 1891.

The title of Kerrville's most worthy citizen was conferred upon Louis A. Schreiner, banker and philanthropist, at the membership meeting of the Kerrville Chamber of Commerce Monday evening.

Friday, September 27, has been set as a day for beautifying Harper's high school and patrons of the school as well as public spirited citizens have been asked to co-operate in the general clean-up campaign that will take place at the school on that day. The building itself will be cleaned from top to bottom and the school grounds cleaned and beautified. All citizens are being asked to co-operate to the greatest extent in making this campaign a success and it has been said that there will be room for every school patron at the school on that day.

Very beneficial rains have fallen over Edwards County since last Saturday morning which will be of untold benefit to the stockmen, on account of the fact that range was becoming quite dry, and that too at a time when the lambs needed much green stuff in order that they may round out for the fall market. Ranchmen tell us that lambs were looking very well up to the time of these rains, and now that grass is assured, we may feel that lambs in this section of the state will top the market, as they will pick up weight rapidly and find a ready market at good prices.

At a meeting in the school auditorium Thursday afternoon the Camp Wood School Band was reorganized. The work is under the direction of Misses Lucyle and Louise Lanman and we are looking forward to a successful year's work. We have as fine musical talent in the Canyon as can be found and only needs training.

Although even after the recent long drouth Abilene had enough water in its city lake to carry it for eighteen months, it is preparing largely to increase its water supply and next year will start work on a new reservoir on Elm Creek, north-east of the city.

Let us service your car. All work guaranteed.

Powell Motor Co.

Bring your wool and mohair to Schreiner-Hodges Co.

**A Job For The Exterminator**

By Albert T. Reid

**LIGHTS JUBILEE IS SPONTANEOUS TRIBUTE TO EDISON'S GENIUS**

Governor Dan Moody and a number of Texas mayors have officially proclaimed October 21 as the climactic of Light's Golden Jubilee celebration in Texas. With the State Fair setting apart its 1929 meeting as "Light's Golden Jubilee" session and with practically every power and light company in the State preparing to take an active part in the tribute to Thomas A. Edison, details of those plans are getting underway for the climax.

Governors of practically all the States have issued proclamations similar to that issued by Gov. Moody. A number of the foreign countries have similarly designated the day as one of tribute to the American inventor and Henry Ford has arranged a notable dinner for Dearborn, Michigan, at which will be present many of the leaders in the electrical field to honor Mr. Edison.

The electrical industry, founded by Mr. Edison, has a profound and primary concern in the celebration and will participate in it actively throughout the world. It is wholly non-commercial—just a spontaneous tribute to the genius of the man who 50 years ago perfected the incandescent lamp and who by many other inventions and discoveries has contributed in a tremendous way to the development of the industry as it is today.

**TEXAS ITEMS**

The Rio Grande Oil Co. is to build a \$1,000,000 refinery at El Paso.

Not including express and l. c. shipments, East Texas shipped over 500 cars of peaches this season with returns ranging from \$1.25 to \$1.75 a bushel.

Another relatively new export crop for Texas is garlic. From Moulton, South Texas Incorporated reports the shipment of six carloads of that odoriferous vegetable—200,000 lbs. of which ought to be enough, some will think, to flavor all the edibles in the world.

The perishability of Texas grown figs under shipping conditions has been a serious obstacle in the development of that industry. The Texas City cannery, which has been successfully shipping frozen strawberries and other fruit, is now shipping frozen figs, and expects to ship its first carload to New York in the present season. By the process the figs are washed and skinned and then subjected to sub-zero temperatures, rendering them hard and impervious to bruising. It is claimed in that state they keep their flavor for an indefinite time.

**HARPER CHILD DROWNS IN WAILED WATER TANK**

A shocking tragedy occurred Thursday afternoon when Clayton Grosenbacher, the four year old son of Mr. and Mrs. Walter Grosenbacher, drowned in a rock walled water tank on the Grosenbacher ranch west of the city. The child was seen by a small Mexican boy when he became overbalanced and fell into the tank. He said the lad was trying to get a drink from the feed pipe at the top of the tank wall when he fell in. The Mexican boy speedily gave the alarm and the dead boy's father hurried to the tank where he found the child's hat floating upon the surface. Plunging in and searching thoroughly he found the body sometime later but life had left it and the resuscitation efforts of Dr. J. B. Birt who was hastily summoned were unavailing.

The child would have been five years old in February. He is survived by his parents, Mr. and Mrs. Walter Grosenbacher and one brother, Billy, six years old.—Harper Herald.

**PURE LINE SEED**

What kind of a crop of feed are you going to raise? The answer is easy. Simply the kind of seed that you plant. March and April are planting months in 1930, but in order to secure good planting seed you must begin to locate them now. I have orders for several thousand pounds of milo already on file. Hegari seed orders are coming in daily. If you plan to plant seeds of any kind let us know and your order will be filled. We are looking forward to shipping in possibly several carloads of good pure line seed and by pooling orders the best possible available seed will be secured at a nominal cost. Let your county agent know your needs and he can help you. Do not wait until next spring to find planting seed for it will be too late then.—R. E. Homann, County Agent, Chamber of Commerce office.

**Health Association Distributing Seals**

Over 500 miles of Tuberculosis Christmas Seals are being distributed throughout Texas by the Texas Public Health Association in preparation for their annual seal sale which starts Thanksgiving Day. Approximately 100 chairmen are being appointed.

Each seal is seven-eighths of an inch wide and one inch long and 32,000,000 have been allotted to Texas. If placed end to end they would reach from Houston, through Austin, Dallas and Denison. The seal this year has a background of blue on which is shown a bellinger tugging at a bell, the double-barred cross in red and the words, HEALTH GREETINGS 1929, complete the design.

For the past 15 years the Texas Public Health Association, a volunteer health organization, through its affiliated local agencies, has sold Tuberculosis Christmas Seals and with the funds thus obtained, has carried on a state-wide campaign against tuberculosis and other preventable diseases.

The work consists of teaching health habits to school children, physical examination, lectures to all ages and races, literature, exhibits, clinics and tuberculosis surveys. Ninety-five per cent of the total amount of money raised has been used in Texas, and has been a great help to the official agencies engaged in promoting public health.

Liquid—5c, 7c and \$1.25. Cream—10c. Powder—10c, 25c, 50c and \$1.00. Cream—25c.

**Texas Manufactured Ice Back In 1860**

Texas is believed to be the cradle of the manufactured ice industry of the United States. In 1860 David Boyle, who lived near Jefferson, Texas, invented and built a small three-ton, vertical, two-cylinder compressor, and in 1862 the machine was installed and successfully produced manufactured ice, which was turned out in 100-pound blocks. During the next few years several of these machines were installed and operated successfully in various East Texas cities. One of the old Boyle machines is still located in the Pittsburg plant of the Southwestern Gas and Electric Company, although it is no longer in operation.

From this early beginning the industry has grown until today according to bulletins of the Southwestern Ice Manufacturers Association, there are in Texas 491 ice plants with a daily capacity of 21,129 tons.

**V. P. EMMONS GOES TO JUNCTION AS MANAGER**

V. P. Emmons of the Abilene sales department, has been transferred to District "G" where he becomes local manager of the Junction office. Mr. Emmons has been with the company three and a half years during which time he was employed both in the commercial department and general offices at Abilene.

Mr. Emmons replaces Mr. W. B. May who is transferred to Mason where he will assume the local management.—West Texas Utility News.

That new Ford is a Good car. Low FIRST cost, Low UPKEEP, Low DEPRECIATION. Try one and SAVE THE DIFFERENCE. 20c Loeffler Motor Co.

Harry F. Sinclair, imprisoned oil magnate, said Sunday that his petition for clemency, which was denied Saturday by President Hoover, had not been based upon ill health, but upon the claim that he was sentenced for doing something not prohibited by statute or rule of court.

San Antonio will extend its limits a mile and a half in all directions, annexing several different suburbs.

"HOUN DAWGS" AND MEN ENJOY CHASE

(By Dr. H. E. Wright)

The music of a pack of hounds in full cry has lured king and beggar alike time immemorial. Perhaps 'twas this age old instinct which caused me to choose as my vacation a ten day wolf chase.

Tuesday morning September 10th found us camped fifty-seven miles south of San Antonio on the Peeler ranch—hounds, twenty-four of them; men, or rather just grown boys, six of us—namely John Guthrie, Tom Henderson, Howard Babb, Hal Bradford, E. Bardwell, all of Rocksprings, and myself, H. E. Wright.

Upon our arrival we were greatly disappointed for this country had had no rain, so essential to a good wolf race, for two months. A heavy shower Wednesday afternoon brought grins from ear to ear from hound and hunter alike, three A. M. of the next morning was set as the time to turn loose.

The stillness and deep slumbers of that night lasted only until 2 A. M. when, of a sudden, trace chains rattled, horses snorted and a loud voice, seemingly in distress shouted, "Whoa! Whoa! Covers flew, every bed in camp became a little hurricane their occupants scrambling, crawling, running in frenzy with only one thought uppermost in their (or rather our) sleepy minds, the thought of runaway horses in the very midst of camp. One man came to his senses spraddled across a wash-tub, another lost what little he had remaining by coming violently in contact with a tree.

Somewhere to one side, laughing like a demon, a trace chain in each hand stood one of our party for whom I, personally, still have it in for. Needless to say, he had successfully pulled an old joke that seldom fails.

Coffee and bacon under our ribs, horses saddled, hounds unleashed we rode in a lope over a hill into a valley. We had to wait but a minute, the morning was clear, still and a heavy dew. Every hound, most al of which were registered Walker dogs, was as keen to go as a race horse at the starting line. Nelson, one of the best, squalled, "Here's a wolf". Whiteman seemed to say, "lets catch him". There was little or no trailing, the race was a jump race and we had to ride like Indians to stay in hearing until nearly daylight.

Well, were we rewarded? No man can tell of the splendor, the fascination, nor the thrill that one gets from being far out in the wilds with a good pack of hounds in full cry as the dawn breaks in the east.

Everything seems to play its part in Nature—the cactus, the black brush, the white brush, even the rattlesnake, all stirred together made an ideal haunt for the wolf. As we stood on a knoll listening to the pack as they came toward us someone

said, "Look," and is we did the wolf came bounding in long easy strides across an open flat. He was a perfect picture of self confidence; a big fellow right at home practically undisturbed, seeming to enjoy the race as well as we did.

They ran in close circles for fully an hour longer before we got another glimpse of him—it was a different picture this time. Every hound, most all of which through the treacherous cactus screamed exultation, some leaping high in the air looking from side to side for their quarry. As they did the wolf burst turned our horses. Every hair turned the wrong way, his tongue lolling out, his tail dragging the ground. He looked the convicted criminal and thief that he is. We knew, as did the dogs, that he was our wolf and in five more minutes one of the dogs grabbed him by the hind leg, they turned a couple of somersaults, hounds seemed to appear from every direction, teeth snapped, hair fairly flew. The dogs soon had him stretched out and made a good wolf out of him, a dead one.

We turned our hounds loose seven times during the hunt and of the seven times caught five wolves; one morning caught two. We ran them all the way from twenty-five minutes to about five hours. Some were kind enough to stay close to camp; one led us thirteen miles away. I have often heard M. W. Terrell of San Antonio say that a pack of hounds was good for two things—one to make a rich man forget his troubles and the other to make a poor man forget his cares. At any rate it is great sport and those of you who have never tried it have missed something in life which no one can describe to you.

TRADE AT HOME

At this season of the year mail order houses are flooding the country with their catalogs, and the peddler is making his rounds trying to secure the business that should stay at home. When we consider buying our goods out of Junction we should stop and think who builds our churches, our schools, our streets, our water system, our sewer system and many other things for our comfort, convenience and self preservation. The mail order houses and peddlers pay no taxes and make no contributions to our churches, our chamber of commerce, Lions Club, Rotary Club, Parent-Teachers Association or any other organization that builds Junction and Kimble County. Let's be fair to our business men and patronize home merchants.

Below is given a prize article written in another town on "Why We Should Trade At Home". The same article is just as appropriate for Junction as any other town. Read it and then let's help Junction merchants build churches, schools, streets, sidewalks, water systems, sewer systems, prizes for 4H Clubs, equipment for fire station, sidewalks to school, and many other worthwhile things. "What Junction Makes, Makes Junction."

The article follows: "Because a careful comparison of the prices and values show that on nearly everything we save money by doing so. "Because the merchandise sold by our home merchants is of standard quality and workmanship and its wearing qualities are backed not only by them but also by the factories that make them.

"Because we can always see and inspect an article before we give our money for it.

"Because if we are dissatisfied with an article it is easy and convenient to either exchange it for something suitable or get our money back without going to the bother of writing a letter and packing it for shipment.

"Because when we buy from our home merchant he gives us the benefit of his valuable experience and knowledge if we are in doubt as to just what we need.

"Because if we spend our money with our home merchants when we have the cash he gets to know us and if we get hard up he will give us credit, which we can't get from distant concerns.

"Because about thirty cents of every dollar that is spent here stays here, and is distributed back to the rest of us in the way of wages, rent, interest,

doctor bills, lawyer fees, taxes and the purchase of the necessities of life for the merchant and his clerks.

"Because our home merchants employ our sons and our daughters and our friends.

"Because the more business that is done here the faster and bigger our town will grow.

"Because our merchants want our trade tomorrow as well as today and they are always going to give us a square deal to get it and keep it."

SENIOR CLASS ELECTS OFFICERS AT MEETING

The members of the Senior Class of 1930 met Tuesday afternoon and organized the class and elected officers. The following officers were elected: President, Louie Ragland; vice president, Tempie Boone; secretary, Vivian James; treasurer, Frank Hubbell; sponsor, Mrs. David Dutton.

Willacy County Irrigation District No. 1 is building at a cost of \$7,500,000 one of the biggest irrigation plants in the Southwest, capable of irrigating 129,000 acres of land. The system will include 525 miles of concrete-lined canals and laterals, with the main canal 130 feet wide at the top, 90 feet deep at the bottom and 14 feet deep, carrying 250 acre-feet of water an hour.

We begin by fooling others and end by fooling ourselves.

It's easy to find your way into trouble—the hard part is finding the way out.

Choice meats and all market products at reasonable prices at the City Market.

A Texas cotton crop of 3,887,000 bales, the lowest since 1922. Was estimated Saturday by George B. Terrell, State Commissioner of Agriculture, based on September 15, conditions. The figure is 220,000 bales below the Government's estimate of 4,107,000 bales of September 1, which was believed in agricultural circles to be approximately correct at that time. The anticipated yield, however, has deteriorated rapidly during the latter part of August and September, Terrell said.

Nothing counts quite like keeping at the job.

## BIRTHDAY PARTY

Little Miss Fay Wahl invited a number of her playmates to her home Saturday afternoon to a birthday party.

Prettily arranged cut flowers adorned the rooms. The small guests were provided with carnival caps, balloons and horns.

Victor Loeffler carried off the honors for the boys and was rewarded with a pipe filled with candy, Juanita Glosbrenner was lucky girl and received a candy filled Santa Claus. The booby, lollypops, went to Dorothy Wiese.

The pretty birthday cake, iced in pink and topped with nine pink tapers was cut and served with pink ice cream.

Hattie Louise Becker cut the ring, Irma Lawler the wishbone, Fay Wahl the button, Virginia Ashabranner the thimble and Juanita Glosbrenner the heart.

The following little folk wished Fay "many happy returns of the day."

Juanita Glosbrenner, Edwina Lowgren, Irma and Mary Frances Lawler, Louise Becker, Virginia Ashabranner, Dorothy and Fay Wiese, Mildred Cavaness, Georgie Alice Hill, Billie and Iona Goodwin, Aliene Livingston, Patricia Patterson, Roberta Ragland, Zella Wahl, Billy Jack May, Wilson Atchison, Victor Loeffler, Glen Hodges.

## CRADLE ROLL PARTY

A delightful affair was the entertainment given Thursday afternoon by the officers and members of the Cradle Roll Department of the Methodist Sunday School at the home of Mrs. Milton F. Hill.

The following program, under the supervision of Mrs. Clay Secrest, was given:

Song, devotional service led by Rev. Milton F. Hill.

The Cradle Roll and its Relationship to the Church—Mrs. Ada Dockery.

Roll Call of Members—Mrs. Clay Secrest. The wee folk answered their names and took their places around a tiny rose trimmed cradle, which held the name of the newest addition to the cradle roll, Adrienne Loeffler. Each little tot was given a rose. They then joined hands and marched around the cradle while they sang "Welcome, baby, welcome." Little Jesse Ruth Hill rocked the cradle while Mrs. Milton F. Hill sang a lullaby.

Mrs. Clay Secrest read a "Mother's Challenge" and a "Father's Challenge."

A reading by little Miss Patricia Patterson was much enjoyed. The entertaining program ended with the song, "Our Cradle Roll Babies."

Mrs. B. L. Smith then presented a "shower of handkerchiefs" to Mrs. Roy Blackburn, in behalf of the cradle roll officers and teachers, as a small token of their appreciation of her services as superintendent of the Primary Department. To Mrs. Blackburn's "thank you" Mrs. Mattie Patterson made appropriate response.

Sandwiches, cake and iced fruit punch were served at the close of the afternoon.

## HANDKERCHIEF SHOWER

Monday afternoon the Woman's Missionary Union of the Baptist Church gave a farewell party in honor of Mesdames W. B. May and M. Awbrey, at the residence of Mrs. Edgar McLendon.

Bowls and vases of pretty flowers intermingled with ferns were placed about the rooms.

Two dainty, ribbon-tied booklets were used as registers for the guests. At the close of the afternoon these were presented to the honorees as souvenirs.

Amusing games and contests were enjoyed while several musical renditions added variety to the entertainment.

Following the games Mrs. G. W. Crabb presented a parcel to each of the ladies. These packages, when opened, "showered" handkerchiefs for Mesdames May and Awbrey.

Cake and iced fruit punch were served at the close of the afternoon to Mesdames G. W. Crabb, Mae Ragland, Lillie Hickerson, Mary Lee Smith, Roy Reynolds, C. W. McCarroll, Frank L. Wilson, M. Awbrey, F. E. Duderstadt, U. D. Kendrick, W. B. May, D. L. Williams, Glosbrenner, Hall, Fayette Hodges and several children.

## 13 GAS SAVING RULES

Millions of dollars could be saved annually by the automobile-owning public through a more strict observance of the factors that control the gasoline mileage offered by the average automobile, it was revealed in a survey on fuel economy recently completed.

A gain of from two to five miles on the gallon of gas could be effected, on the average, it was shown, if the motorist paid strict attention to the elements that govern fuel consumption.

An observance of the thirteen points given below will conserve your gas.

1. When stopped temporarily, don't race your motor.
2. When you are to make a stop of more than a minute, turn off your motor.
3. Don't drive at excessive speeds unless the occasion demands. High speed travelling burns more gas.
4. Remember that the faster you drive the more gas you consume. So when you find that you are about out of gas and are heading for a gas station, take it slowly and your chances for negotiating the distance will be greater.
5. When starting watch the choke. Don't drive with the choke out a moment more than necessary.
6. Be sure that your brakes are not dragging. This cuts your mileage. Get your brakes inspected frequently.
7. Have your valves ground when they need it.
8. See that the timing adjustment on your carburetor is set at the proper point so that the mixture is not too rich. If it is not at the proper point it gives you inefficient idling performance and wastes gas.
9. Don't fill you gas tank full to the cap, some will escape through the vent in the cap.
10. Don't ride the clutch.
11. Watch gas line for leaks at joints. Check it periodically to see that fittings are tight.
12. Be sure that spark is in fully advanced position.
13. Avoid excessive use of brakes in traffic.

George Charles Jenks, the man whose stories of Diamond Dick and Nick Caretr thrilled youngsters of another generation, died at his home at Owasco Sept. 12, after an illness of two weeks. He was 79.

## TEXAS WOMAN WAS ON VERGE OF BREAKDOWN

"Recently I spent fifty-four dollars in a clinic getting X-rayed for what I was told was chronic gall bladder and intestinal trouble, but I am now convinced that Sargon was all I needed. If I had known what a wonderful treatment it was I could have saved lots of money and suffering."

"About two years ago I began to decline down condition that steadily grew worse. My stomach was upset and I had awful pains in my back, in the region of my kidneys and gall bladder. My appetite was poor and it seemed I couldn't eat anything without pain afterwards. I lost strength and energy and was very much discouraged."

"Before I had finished the first bottle of Sargon I had a splendid appetite and could eat what I wanted without any discomfort. The pains in my back began to ease up and now they have gone entirely. Sargon Soft Mass Pills stimulated my liver and relieved my constipation. I just can't find words to express my gratitude for this marvelous treatment."—Mrs. Ollie Henry, 4805 Maple Ave., Dallas. J. A. Heyman, agent.

## NEW HEADLIGHT LAW IN EFFECT SEPT. 1st

The new law regarding the proper burning of headlights and tail lights on automobiles and trucks went into effect on September 1, and that this law will be rigidly enforced by the State highway officials is indicated by the increased number of officers who will patrol the roads over the State.

Cars showing only one headlight have long been a menace on the roads and persons operating cars with only one light will be arrested on sight. Both headlights must be burning in such a manner as to project the lights in the manner prescribed by law. The tail light must also be showing.

All cities and towns have been asked to assist the highway officers by arresting all persons driving cars through the town with improper headlights.

## ROOSEVELT SCHOOL NEWS

Mr. Burleson Parker was absent from school Friday.

Miss Cleo Dunkle of Arkansas and Miss Mary Helen Daharsh of Roosevelt were visiting the primary grades last Friday.

The pupils were frowning last week instead of smiling because it was examination week.

School turned out last Friday at noon on account of teachers wanting to return home for a visit.

Mr. Ilee Simon was absent from school all last week.

Mr. Burt Allison is back in school now. We are glad to have him back again.

The shrubbery is growing nicely and in a few days we are going to have several pretty flowers.

Miss Mary Will Davis was absent from school last Thursday and Friday.

Miss Ethel Roberts, primary grade teacher, brought two beautiful pictures back from her home with her for her room.

Mr. J. C. Goodall was absent from school Thursday on account of sickness.

Miss Ethel Roberts has two new pupils who started in her room Tuesday morning. This makes us an excellent enrollment of twenty-nine.

She likes examinations. I never cared for examinations.

That's my weakness now.

## NOXVILLE NOTES

Mrs. Tobe Joy, affectionately known as Aunt Lou, died at the home of her daughter, Mrs. J. A. Parker, at Roosevelt on Friday, September 13, 1929, aged 80 years and 4 months.

Mrs. Joy was born May 13, 1849, and was married to W. T. (Tobe) Joy in November, 1866. She was born and married in Texas. She, with her husband, moved to Kimble County in 1886 where she has since resided. Her husband preceded her in death June 17, 1917. She was buried beside him in the Noxville cemetery. Bro. Cunningham, pastor of the Harper Methodist Church, paid a beautiful tribute to her life at the grave.

Mrs. Joy had been a confirmed invalid from paralysis for the past eight years. She endured her suffering with the same brave, calm consciousness with which she had faced and performed her every duty. She united with the Baptist Church in 1921 and died true to her faith. She is survived by eight children and a number of grandchildren. She knew Texas in the days of buffalo herds and Indians. She knew about the sacrifice and endurance, the hard conditions as they existed in the early days. She has seen Texas develop from a wilderness into an empire. She was a faithful wife, a devoted mother and a true friend. When her summons came to die, the speaker of that house not made with hands eternal in the legislative halls on high, welcomed her with that heaven-blessed sentence, "Well done, good and faithful servant."

Mrs. A. T. Whetstone returned home yesterday after a few days visit in San Antonio. She was accompanied home by her

## MRS. R. H. SPILLER AND DAUGHTERS ENTERTAIN

Mrs. R. H. Spiller and daughters, Misses Mary and Flora May, very pleasantly entertained the Junior Bridge Club and a number of guests Wednesday evening at the Bevans Hotel ball room.

Prizes were awarded to Mr. and Mrs. Clyde Dozier and Mrs. Russell Callan and J. D. Smith.—Menard Messenger.

## ELLIS-RICHARDSON

A wedding of much interest to the people of this community occurred in Mason last Sunday, September 8, when Miss Joy Ellis and Mr. Jack Richardson were united in marriage.

The bride is the daughter of Mr. and Mrs. L. E. Ellis, formerly of Menard, but who now live in Uvalde. Miss Joy Ellis was one of Menard's most popular young ladies at the time she resided here and her absence for some two years has not diminished the esteem of her many friends for her. She is charming, pleasing, affable and likeable and with all accomplished. Jack Richardson, the groom, is the son of Mr. and Mrs. Walter Richardson of Junction. He is a popular young man both in his home community and in Menard where he is well known.—Menard Messenger.

## TREE POISON EFFECTIVE

Several Young County ranchmen are using to an advantage the arsenical tree poison recommended by County Agent W. C. Hale in clearing their heavily wooded pasture land. C. W. Johnson of Graham has recently poisoned 200 acres of heavy post oak at a cost of less than \$1.00 per acre and reports practically 100% kill.

Mr. Johnson has also used this poison on twenty acres of bottom land that he is preparing for pecans. This type of land had formerly cost him \$30 per acre to clear but he was able to do the work with poison at a cost of less than \$2.50 per acre.—W. C. Hale, Young Co.

daughter, Miss Alma. Sheep shearing is in progress in our neighborhood.

Our efficient post-mistress, Mrs. J. A. Milam, had the misfortune to fall a few weeks ago, severely spraining her right hand and arm. She went to Junction and had it treated by Dr. Standifer and we are glad to report her much improved at present writing.

W. H. Whitworth and family were among the visitors to the Kendall County Fair at Boerne. Bryan Cobb returned yesterday from a visit to San Antonio.

## Renew Your Health By Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs—once or twice a week for several weeks—and see how Nature rewards you with health.

Calotabs are the greatest of all system purifiers. Get a family package with full directions. Only 25 cts. at druggists. (Adv.)

## PRISON COMMISSION TO MEET AT HOUSTON

Austin.—The Prison Centralization Commission will hold its next meeting in Houston on October 1, Bob Barker, executive secretary, announced. It was first decided at Temple to meet in Austin October 8, but this decision was later altered, Barker said.

He stated that members of the commission will spend September 30 visiting Huntsville and Madisonville, and assemble in Houston on the next day for the purpose of discussing the probable site of the new centralization prison.

Sentiment at the Temple meeting indicated a leaning toward a site in the vicinity of Austin, according to Barker.

## FIRE PREVENTION WEEK

October 6 to 13 has been set aside as Fire Prevention Week. During that time public and private organizations and authorities will make an effort to instruct citizens in the fundamentals of doing away with our terrible fire waste.

Fire is perhaps the greatest single menace to progress we must face. Every year it destroys property which in terms of monetary value, would support whole governments, to cover the country with paved highways, provide greater educational facilities or do any number of other great services. And on top of this must be placed the still greater destruction in human life.

During Fire Prevention Week we will learn of the danger of neglected wiring, carelessness disposed of matches or cigarettes, piles of refuse, poor building construction and so on. But unless our citizens carry the lessons learned through the 51 weeks of the year nothing will be gained.

Make Fire Prevention Week the start of a Fire Prevention Year.

## She Do—Do She?

Mose—"When mah wife gets kissed, she sho do hollarr."  
Gawge—"Ah'll say she do!"  
Mose—"What you say, nig-gah?"  
Gawge—"Ah saysd, do she?"

A concrete and steel stadium, capable of seating 80,000 spectators, of twice that in the Longhorn Stadium at Austin, was assured for the State Fair of Texas Saturday when city officials of Dallas gave approval to plans submitted by T. E. Jackson, president of the fair association.

## \$15 MORE PER ACRE

An extra plowing when preparing the land, and the plowing under of rank green vegetable growth gave an increased yield of 32 bushels of oats per acre on 18 acres for Horman Wilhelm of the Ft. Griffin community.

Mr. Wilhelm made 65 bushels per acre on the 18-acre demonstration block and on the plot adjoining 33 bushels per acre. The extra preparation and the addition of humus to the soil made it possible for the demonstration block to hold moisture and not suffer while the check plot did not hold moisture so well and suffered at a critical time with the result that the yield was cut in half.

The demonstration plot gave a net income of \$35.19 per acre while the check plot gave a net profit of exactly \$20.00 per acre. The extra moisture holding ability of the demonstration block due to better preparation and soil humus was worth \$15.19 per acre on this crop yield.—A. C. Magee, Shackelford County.

## RHEUMATISM

Pain in neck, shoulders, arms, hips, limbs or it may shift about sometimes causing swelling. Young's stomach powder recommended for rheumatism by physicians. Druggists return money if it fails.

Awbrey-Bell Drug Co.

Let's pave Junction streets.

You get more for your dollar in America's finest medium-priced automobile

Today's Oakland All-American Six stands out unmistakably as America's finest medium-priced automobile. Its value supremacy has been established by facts revealed in comparison of the All-American Six with twenty other medium-priced automobiles. Let us go over all the results of this comparison with you. When you have seen how on every basis of comparison the All-American Six towers above its field—you will agree with us that you get more for your dollar in America's finest medium-priced automobile.

**Proof of Oakland Value Superiority**  
The following facts were obtained from a comparison of the Oakland All-American Six with 20 other medium-priced automobiles. All told, 878 individual comparisons were made. Of these, Oakland proved to be distinctly superior in 431 or 51.37 per cent. The 27 cars compared were at best equal to Oakland on 347 or 39.63 per cent. And 15 of the 27 were higher-priced than Oakland.

**WHEELBASE**  
Only one car as low-priced as Oakland has a wheelbase as long as Oakland's, which is 117 inches. This car requires a turning circle to the left of 42 feet as compared with Oakland's 26 feet. Six higher-priced cars have shorter wheelbases.

**BRAKES**  
Only Oakland and one other car in the field use the fine type of brakes which Oakland employs. And one car in the field equals Oakland's 200 square inches of brake band area. Oakland's separate emergency brake operates on the transmission. Seven emergency brakes, although three of them exceed Oakland in price.

**FISHER BODY**  
Only Oakland and two other cars in the field offer bodies by Fisher. And one of the two is more than \$100 higher in price than Oakland. Of the 18 cars which have less known bodies, 11 are priced above the All-American Six.

**FIFTEEN DISPLACEMENT**  
Oakland's 218 cubic inch piston displacement is greater than 12 of the 20 cars in the field. Of the 8 remaining cars, 7 are much higher priced than Oakland.

Consider the delivered price as well as the list (f. o. b.) price—a very important automobile value.—Oakland's delivered price includes only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.

**\$1145 AND UP**

POWELL MOTOR COMPANY

## OAKLAND ALL-AMERICAN SIX

PRODUCT OF GENERAL MOTORS

Personal

Hon. Fred E. Knetsch spent Friday in Junction.

We clean right and right now. Junction Tailor Shop.

For plain and fancy dress-making—at The Vogue.

Mr. and Mrs. R. M. Alexander attended the San Angelo Fair last week.

Mrs. Jim Riddle is visiting relatives in Big Spring this week.

Mr. and Mrs. Alex Wood of Junction visited Mr. Cap Wood and family at Roosevelt Sunday.

Mr. and Mrs. K. D. Richardson and family visited Lee Doran and family Saturday afternoon.

Mr. and Mrs. Avery Maize spent the week-end in Menard.

Mrs. Maize is teaching school at Eight Mile.

Mr. and Mrs. Ernest Dunbar and son are visiting Mr. and Mrs. Herbert Simon this week.

While there Ernest is helping Herbert shear.

Mr. W. E. Bolt went to Barnhart Sunday. Mrs. Bolt returned with him after an extended visit to Colorado.

CLAUDE DAVIS DIES

The uncertainty of life was forcefully demonstrated last Saturday when Claude Davis was buried in the Junction Cemetery with the Rev. G. W. Crabbs conducting the funeral services. He was hurt in a wreck on Saturday night preceding when a Mexican driving a Chevrolet collided with the truck driven by him on the London highway.

Claude Davis was born in Bandera County June 2, 1906, and moved to Kimble County when about five years old. He has made his home here since that time. He was employed on the Huffman ranch when he was hurt. He has many friends who regret to learn of his untimely death.

ROBERT HENDERSON DIES

Friends and relatives of Robert D. Henderson received the sad news on the morning of September 16 that Robert had died suddenly on September 15, at Riverside, California, where he has lived the past seven years. The body was brought here for burial, arriving Saturday, and was buried in the Junction Cemetery on Saturday afternoon, the Rev. G. W. Crabbs conducting the funeral services.

Mr. Henderson was born in Hamilton County on January 6, 1896. When five years old he moved with his family to Floyd County where he lived three years and then moved to Kimble County. He lived here until the World War began when he joined the army. He served overseas fourteen months. After the war he returned to Kimble County. Eight years ago he married and soon thereafter moved to Riverside, California, where he lived until his death. His wife died about five months ago.

When fifteen years old he united with the Baptist Church and remained in that faith until his death. He is survived by his father and mother, Mr. and Mrs. Wm. Henderson, Weatherford, Texas; five brothers—Hilly, Chas. and John D. of Junction; Homer of Fort Worth and Arthur, Weatherford, and one sister, Mrs. Jennie Scarborough of Center Point.

Do the right things, and your conscience will be clear always.

\$25 REWARD for information giving name of party cutting or hauling timber off my land known as Fairchild place, 20-5mo-p. E. B. Ramsay.

NEED GLASSES?

Dr. Jones, the eye man, in Dr. Luehrs' office, Friday October 4. See him about your eyes, headaches and glasses. 24-2c

THE METHODIST CHURCH

Sunday School, 10 a. m. An invitation, a welcome, and a place for you and yours.

Morning worship, 11 a. m. "The Measure of My Actions" will be the subject of the message.

Evening song and preaching service, 7:30 p. m. An inspiring service. Please note change of time.

Epworth League, 6:45 p. m. A splendid program for young people.

Prayer service, 7:30 p. m. Wednesday.

The attention of all members of the church is called to the fact that the conference year is rapidly drawing to a close. The pastor and official board urge that every member and friend of the church give their full assistance in bringing the year to a satisfactory close.

Miss La Vita Hamilton of Taylor was a guest of Mr. and Mrs. J. R. O'Bryan last week.

After a pleasant visit with their grandparents, Mr. and Mrs. J. R. O'Bryan, Mr. and Mrs. O. G. Aldrich will leave Friday for a few days visit in Del Rio and points of interest in New Mexico.

They will return to their home in Houston. Last Saturday Mr. and Mrs. O'Bryan and Mr. and Mrs. Aldrich motored over to San Angelo. While there they were guests of the new Hilton Hotel.

For Sale—One practically new ice box, worth the money.

At the end of the month the mere job of writing the checks takes so long that a man often wonders how his family found time to do all the shopping.

MILK DELIVERY Beginning October 1 I shall make two deliveries daily.

Mrs. Nettie Brooks, Telephone 221.

Nine head, fat, well grown yearling billies for sale. Sheared and hair weights kept separate.

Try Magnolia gasoline and oils. They are good. That's why we sell it.

Loeffler Motor Co.

Mr. Murgatroyd, lawyer and moneylender. Mrs. S. A. McDonald

Felicia, his niece. Pairalee Lynn

Fred Grantley, his clerk. Mrs. E. R. Borden

Mr. Marker, a client. Mrs. Hayden Lawler

Sir Simon Simple, Not such a fool as he looks. Virginia Strong

Mrs. Mould, washerwoman and provider for the family. Mrs. B. L. Smith

Mr. Mould, the worm who turns. Mrs. Frank Patterson

Mrs. Merton, a long lost mother. Mrs. L. E. Standifer

ACT I—Scene in drawing room office in Murgatroyd's home. Time—modern.

ACT II—Scene in Mrs. Mould's house.

ACT III—Six months later than preceding act. Scene in Mrs. Merton's home.

Between act I and II—Reading, Mrs. Conde Hardeman. Between acts II and III—Reading, Mrs. A. W. Loeffler. Music throughout the evening by the Junction band.

MRS. RUTH SIMON BODE WINS BLUE RIBBONS

Mrs. Ruth Simon Bode of Boerne, made 13 entries to the Kendall County Fair. She won 8 premiums—4 blue and 4 red. They were: 7 entries to Art Division, thereby gaining 1 blue or 1st on their still life "Iris" in oils; 2nd on small sketch of Ink Bonnets; 2nd on pen and blue drawing; 2nd on pencil drawing (the above work was done under the direction of Miss Buie, Trinity University, Waxahachie, Texas, and Miss Lucille Patterson, Howard Payne College). From entries to other departments, she won 1st on a calico patch-work quilt, made and given her by her sister, Mrs. O. L. Richardson, of Sonora; 2nd on any specimen, also quilt; 1st on 5-piece embroidery set; 1st on smoked and beaded silk pillow, also by Mrs. Richardson.

NEW ATTORNEY GENERAL. Robert Lee Bobbitt, former speaker of the House of Representatives and more recently attorney general by Governor Moody today. He succeeds Claude Pollard who resigned effective September 17, but who continued to hold the office pending appointment of his successor.

BLACK ROT OF GRAPES. Many grape vines in this and other counties this year had splendid crops which did remarkably well up to within several weeks of maturity at which time grapes turned black and withered and dried up. At the present time there is no known remedy for this disease of the grape that is successful.

For the school miss, long sleeve wash dresses, 14 to 20; ever fast. \$1.95.

The Model Shop. Miss "L" have caused more deaths than all wars combined—yet some of us do nothing to help prevent future causation. Film has no preference—no one of your family or friends may be next. Start today—and live every one you see. It is very easy if you use FLY-TOX the product developed at Mellon Institute of Industrial Research by Best Research Fellowship. It has a perfume-like fragrance, is harmless to mankind but kills all household insects. Just follow instructions on blue label of package. INSIST upon FLY-TOX from your dealer. Adv.

The Trouble With Having Bad Little Boys Over to Your House By Albert T. Reid

Well Fed Hens Pay Large Dividends

It pays to feed hens during the summer months according to the records of 204 poultry demonstration flocks reported by county and home demonstration agents of the Extension Service. Eggs were produced by some 30,000 hens in these flocks for 12 cents per dozen these flocks during June and July. The average number of eggs laid each month per hen was about 14, and the profit per hen above feed cost was a little more than 22 cents each of these months. The real gain will come this fall and winter, however, for the well fed hens will then be producing when eggs are high in price, whereas hens poorly fed last summer will probably defer their laying until spring.

PEAR TREE TROUBLES

I have had many calls recently concerning the lack of pear trees. The young shoots on pear trees die back each year. Isn't there something that I can do to save these trees? So comes this sad story. Pear trees die back because of "Fire Blight" which destroys the trees food transportation system. By cutting back the affected shoots the tree may be saved. In advanced cases this often requires severe pruning, however, in nearly all cases results are favorable. In this method of pruning the pruning shears should be disinfected with a Bichloride of Mercury. Do not leave any affected wood on the tree longer than necessary.—R. E. Homann, County Agent.

POLO HORSES

Four brood mares for sale. Probably best prospects in all this country. O. W. Cardwell, 23-3 Junction, Texas.

INTERMEDIATE NOTES JUNCTION PUBLIC SCHOOL

Fifth grade weekly spelling honor roll: Louise Woods, Rosemary Seacrest, Morgan Taylor, James Lee Hammett, Katherine Porter, Mary Farmer, Lorena Henderson, George Robert Pepper, Leslie Crabb, Olga Jones, Denzel McDonald. The A division of the 6th grade has organized the following clubs: Cat, dog, horse, fowl and the O. K. club. Each week the clubs take turn about entertaining. Each pupil must have an animal to join these clubs. The Cat club wrote a grandmother play and entertained the sixth grade, Class A, last Friday from 3:30 to 4:00 o'clock. Our sixth grade is so large that he have to occupy two rooms. Mrs. Kindrick has 22 pupils in 6-A and Miss Ruth Morris has 22 in 6-B. Mrs. Kindrick and the 6-B grade have been playing games every recess on the basket-ball court. Lois Ferris, in the 6-B section, has been sick for the past two weeks, but is back with us now. The pupils of Mrs. Kindrick's room are glad to have as a pupil Oscar McInnis, of Brownwood. There are 39 pupils in the seventh grade. We are hoping to have a very successful year in school. The seventh grade is progressing nicely under the leadership of the four teachers—Mrs. Earl Bowers, Miss Ruby Newman, Mrs. Grady Kindrick and Miss Ruth Morris. After Sunday school one Sunday Vergil McCoy went visiting and stayed for dinner. His mother told him to say, "I like both or I'll take either." If his hostess had two kinds of cake. They did and Vergil said, "I like either and I'll take both."

These notes were written by Azalee Wallace, Emma Milsap, Chester Roe, Chetty Porter, Tyrus Holland, Billy Boone, Lorena Abbott, Warren Roberts, Fay McGonagill, Jesse Carroll, Terry L. Jettson, Houston Smith of Grade 7. For Expert car washing, polishing, and tire changing see the McDonald Service Station, northeast corner square. 20c

Gillespie Co. Prepares For Road Program

Gillespie County is preparing to carry out her program of road-building, for which bonds amounting to \$160,000 were voted last spring. The Harper Highway, a continuation of Highway No. 20, has been definitely located and will be ready for traffic in a few months. The hub line for the road from the Llano County line to the Kerr County line has been established, and a definite location will be effected shortly, after which work will be begun on the road known as the Pecan Belt Highway. Texas stands eighth in production of electric power for the first six months of 1929 with an increase of 25 per cent over the same period in 1928, a rate of growth which promises to give it much higher ranking within the next few years. ECONOMY in transportation is spelled in four letters—F-O-R-D. Let us show you. 20c Loeffler Motor Co.

Two Dove Hunters In Kerr Co. Pay Fines

Charged with killing wild doves out of season, Max T. Sivers and M. Wosnig, San Antonio men, were assessed fines of \$46 each in the court of Justice E. H. Turner last Friday. Complaints were filed against the hunters by J. J. Dent, an officer of the State Game Department, after four dead doves had been found in their possession. They are alleged to have killed the doves on the ranch of Fred F. Real, south of the city. —Kerrville Mountain Sun.

A speaker before a Weatherford luncheon club used this column for data for his address, under the title, "Know Texas."

Texas advanced to tenth place in portland cement production with an increase of 12 per cent over 1927 as compared with a 2 per cent increase the country over.

CITY MARKET

Lampasas, one of the most attractive of the smaller Texas cities and with large possibilities as a resort, is experiencing the greatest building activity it has had in several years, according to a report, which says a new \$80,000 hotel is one of the projects for early construction.

Railroads operating in Texas had a net operating income of \$20,184,928 for the seven months ending July 31, 1929, an increase of \$3,824,770, or 23.38 per cent, compared with the corresponding period in 1928.

LONDON LOCALS

Miss Johnnie Merchison left last week for Abilene where she goes to enter Abilene Christian College for the school year.

Mr. John Fritz is feeding 300 muttons this fall. W. L. Kothmann will feed 750 or 1000. These gentlemen are working on the theory that if other men can buy the sheep here and freight them north, buy feed to fatten them and make good money out of them surely they can raise the feed on their land, feed their own sheep and make money out of them.

Mrs. Perry Wartenbach of Melvin was visiting in the home of her parents, Mr. and Mrs. A. S. Adams, last week.

Mrs. A. S. Adams made a business trip to Brady last week. Mr. Edgar Furr, one of our model young men, left last week for Abilene where he goes to continue his work in the Abilene Christian College.

Mrs. Marvin Hunter, Jr., left Monday afternoon for Kerrville in response to a wire message that her sister, Miss Neva Irvin, was very sick and would have to undergo an operation for appendicitis.

Mr. and Mrs. G. R. Kothmann and Awbrey visited Raleigh Kothmann of Mountain Home Sunday. Lois Goodwin of Junction spent the week-end with Othal Ivy.

A large crowd attended the singing at the home of Tate Jarvis Sunday night.

Mr. and Mrs. J. B. Fisher attended the San Angelo Fair last week. Mr. and Mrs. Tate Jarvis made a business trip to Junction Friday.

Mr. and Mrs. Fields of Cisco visited M. C. W. Simon Saturday and Sunday.

Mr. and Mrs. King Fisher and Audrey made a business trip to Brady Monday.

W. L. Kothmann shipped four cars of mutton sheep last week. He bought two cars from Mrs. S. H. McCaleb, one from G. R. Kothmann and one car from Bill Jones.

B. B. Reese sold M. C. Reese 210 head of yearling and two year old ewes.

Mr. and Mrs. J. A. Browning and Bill Eolt visited Mr. and Mrs. Alva Fisher last Friday and Saturday.

so close. We are going to notify the tourist next year that London is a health resort that does not become infected with our neighbors family fever nor the Southern Republic seven year itch.

SYCAMORE SAVINGS

The school at the Hull school house opened September 16 with a good attendance.

Little Harvey Hull had the misfortune to get his arm broken recently, however, he is doing nicely at present.

Mrs. Freeman had as her guests last week-end Mr. and Mrs. Lee Corder and daughter. Grobe Bros. are shearing goats for Messrs. Melvin and Taylor Hull this week.

Mr. Bob Bissett was a business visitor in Junction Tuesday. Grandfather and grandmother Oppe of Fredericksburg returned home with Mr. Taylor Hull's family to spend a while with their daughters families, Mesdames T. and M. Hull.

Mr. Noah Thorp and family were shopping in Junction Saturday.

Mr. and Mrs. Alton Miller were guests to their parents, Mr. and Mrs. Alfred Miller, Sunday afternoon.

Messrs. F. M. Hodges and Orville Kees were business visitors to Kerrville Monday.

The ranchmen are beginning to haul in winter feed for their stock in case of emergency.

The stock is looking fine but we are all needing rain.

Mr. and Mrs. A. Miller went to Junction Tuesday. Little Miss Blix Smith visited her grandmother last week.

Mr. and Mrs. W. T. Jarvis visited Mr. and Mrs. O. T. Jarvis of Brownwood last week.

Mr. and Mrs. B. B. Reese and Mr. and Mrs. W. K. Fisher returned from Abilene Saturday where they took their daughters, Bessie and Vivian Reese, and L. C. Fisher to enter Abilene Christian College.

Mr. and Mrs. G. R. Kothmann and Awbrey visited Raleigh Kothmann of Mountain Home Sunday.

Lois Goodwin of Junction spent the week-end with Othal Ivy.

A large crowd attended the singing at the home of Tate Jarvis Sunday night.

Mr. and Mrs. J. B. Fisher attended the San Angelo Fair last week.

Mr. and Mrs. Tate Jarvis made a business trip to Junction Friday.

Mr. and Mrs. Fields of Cisco visited M. C. W. Simon Saturday and Sunday.

Mr. and Mrs. King Fisher and Audrey made a business trip to Brady Monday.

W. L. Kothmann shipped four cars of mutton sheep last week. He bought two cars from Mrs. S. H. McCaleb, one from G. R. Kothmann and one car from Bill Jones.

A large crowd attended the singing at the home of Tate Jarvis Sunday night.

Mr. and Mrs. J. B. Fisher attended the San Angelo Fair last week.

snack at recess and a little lunch in the evening after school.

Miss Edith Surber started to school Monday. We are very glad to have Edith back with us again. This makes us an enrollment of thirty pupils. Our school is gradually increasing in numbers.

Miss Alpha Barfield was absent from school last Friday.

Miss Mary Helen Daharsh and Adeline Liefeste were visitors of the primary grades Friday.

The pupils are dreading the last of the week because it means examination and the coming in of the report cards.

On Wednesday night of last week the school pupils serenaded the teachers at the home of Mr. and Mrs. August Simon. The teachers came out, joined the band and a great time was staged. Games were played and songs were sung while the Tin Can Band furnished music for all events.

At 10 o'clock a dipper of cold water was served to each visitor. Good Night, Ladies was sung and all went away feeling happy.

"Happiness is our motto as we go about our task each day. Every day each person tries to make someone else happy. By this attitude of life we are striving to develop characters that will be of use to the world.

ROOSEVELT ROUNDUPS

Mr. August Bruns of Fredericksburg, who has been visiting relatives here for some time, returned home Wednesday.

Wm. Tarch of Fredericksburg visited at the August Simon home Sunday.

Mr. and Mrs. Matt Adams of Mertzton were visitors at the Parker and Liefeste homes last week, going from here to visit Lum Adams at Cedar Hill.

Mr. John Smart was here Tuesday from Menard on business.

F. A. Flegge is in McCombe on court business this week.

Arch Surber has leased a ranch at Jarrel, Texas, and will move about November 1.

Mrs. W. A. Bannowsky of Cleo visited her daughter and son in law, Mr. and Mrs. Fred Lester, last week.

G. W. Dickinson, who has been visiting his son here several weeks, left yesterday for Goliad County.

Bennie Simon was here from Camp Belton Saturday and stated he made good crops this year.

Bud Goodall and sister, Miss

Hon. Coke Stevenson Is Visitor In Kerrville

Hon. Coke R. Stevenson of Junction, representative of the 86th district, was a visitor in Kerrville Wednesday, and addressed the Rotary Club at their noon luncheon.

He also inspected the local Methodist church building while here. He is on the building committee which is planning a new church building for the Methodist congregation at Junction.

Funds are being raised for that purpose, and the new church plant will no doubt be under construction within a few months.

Mr. Stevenson has recently returned from a tour of inspection of the state prison systems of 22 states, made by a legislative committee of which he is a member.

The legislative committee made this inspection tour with the view of improving the Texas prison system, and Mr. Stevenson considers it well worth the cost.

Texas penitentiary system was built years ago when the need was for hundreds only, while now with the increase of population and criminal class has increased to thousands.—Kerrville Times.

### Junction Trade Notes

(By G. G. Co.)

While Junction was not on the scheduled route of the "Mexico-Kansas City Air Derby" sponsored by the Mexican Army, Lieut. Varlos Rovirosa landed his plane here Wednesday midday. He was one of four participants in the derby who was forced down in Mexico on account of storm and was presumably lost. After refueling here, and making change in Mexican gold, he left immediately for San Antonio to resume flight on the scheduled route.

Condition of the pecan crop in Texas as of Sept. 1 is 40%, according to report of U. S. bureau. In other pecan States the crop is indicated as about 50% of normal. Pecans are beginning to open in Kimble County orchards. Price range is not yet available.

For the school lunch: Baked ham, sliced to order; Cervelat, fresh summer sausage; Libby's pure meatspread; variety of fruits. Gann Grocery Company.

The appearance of Hokekamp Avenue, Junction's main street, has been greatly enhanced by the attractive electric sign of Highland Chevrolet Company, which would attract attention in a much more pretentious city than Junction.

Vic. Urgan, who recently enlisted in the army of benefactors, is again a citizen of Junction, connected with Junction wool warehouse. "Drummer" Marshall, of Collins & Company, drove in town Tuesday while the Junction volunteer fire dept. was at practice, and got his car washed for nothing. Ex-Sheriff Dee Gibbs, from the ranch, bought seed wheat in Junction Monday.

In stock: Limited amount of seed and seed rice. Gann Grocery Company.

Pickled boneless pigfeet, in sanitary jars. Gann Grocery Company.

Sale of mohair was reported Monday at Kerrville and several other concentration points, at price of 45c and 55c, which is several cents lower than last fall when sales were on the basis of 53c and 63c. Sale of the fall accumulation of mohair in Junction wool warehouse, approximately 260,000 lbs., was effected Tuesday night by wire, after buyers had visited the warehouse early Tuesday. The price, while not yet made public, is known to have been higher than sales announced Monday at other places. Shearing of fall wool is now under way on a number of Kimble County ranches.

Society Note: Fashion has decreed longer skirts for women, an extra six inches below the knee. Not only are there to be frills and furbelows but yards more material used in milady's dress. It's none of our business, but the extra yardage would mean more material, which would bring about an increased demand for wool; and wool furnishes much of the cream for our coffee.

Poultrymen can sell fresh yard eggs in Junction today at 4c.

### Gann Grocery Company "Everybody's Store."

#### MISSIONARY SOCIETY

An interesting and instructive meeting was held Tuesday afternoon at the Methodist Church when the Women's Missionary Society held their regular meeting.

Rev. Milton F. Hill conducted the lesson, "Spiritual Adventuring," in a most able manner.

After the lesson a social hour was enjoyed and iced tea and cake were served to Mesdames Sanford Roe, Henry Bierschwale, W. M. Taylor, Grover House, George Boekhaus, Joe Bissett, Ada Dockery and Rev. and Mrs. Milton F. Hill.

### BARRON-JOBES

A wedding of much interest to many relatives and friends here was that in Kerrville Sunday, July 14, at 3 p. m., of Miss Marguerita Opal Jobes, daughter of Mr. and Mrs. Douglas Jobes, of Junction, and Mr. LeRoy Fletcher Barron, of Georgetown, son of Mr. and Mrs. George Barron.

The Rev. Wheat read the marriage lines in the presence of Mrs. D. J. Dominguez and Miss Polly Jobes, sister of the bride.

The bride was lovely in a severely plain gray ensemble with pink accessories.

She is a graduate of Junction High School and is a popular young lady there.

Mr. Barron was formerly a teacher at Junction High School and was a student at Southwestern University at Georgetown.

Their many friends wish them a long, happy and prosperous life.

### MRS. MADDEX HOSTESS TO LAF-A-LOT CLUB

A pleasant occasion was the theater party given Tuesday evening by Mrs. Clay Maddux, honoring the Laf-a-Lot Club and a number of friends. The crowd met at the Texan Theater where they enjoyed a movie, and then repaired to Hankins' Drug Store where ham sandwiches, potato chips, olives, white cake iced in yellow and iced tea were served. The plate favors were tiny yellow baskets filled with yellow candies.

Those enjoying Mrs. Maddux's hospitality were Mesdames J. M. Livingston, Mattie Patterson, Clay Secrest, Rowland Martin, Dorothy Westmoreland, Cecil Craven, Jack Richardson, J. L. Ragland, Clifford Hamer, Vann Martin, Misses Blix Hankins, Josephine Urban, Tottie Martin, Mary Phillips, Lillian Kindrick, Mary Ellis Blackburn and Lela Taylor.

### HODGES HOTEL SCENE MERRY BRIDGE PARTY

Mesdames Frank Patterson and Lester Hodges complimented a group of friends with a bridge Tuesday afternoon at the Hodges Hotel.

Zinnias and sun flowers graced the room where the guests gathered. Mrs. Coke R. Stevenson won the prize, a luster sugar and creamer. The cut prize, a luster sugar and creamer tray, set went to Mrs. Lucy Motley. A pin tray of the same were consoled Mrs. Earl Hill for her ill luck.

The following received table prizes for low score: Mesdames L. E. Standifer, R. R. King, Vann Martin, Clay Secrest, J. M. Livingston, Lela Taylor and H. D. Taylor. Duck sugar and creamer sets and candle sticks, all of luster ware, were the table prizes.

Pineapple sherbet and cake with marigold plate favors brought the afternoon to a pleasant close.

Those present were Mesdames C. R. Stevenson, Lucy Motley, Earl Hill, L. E. Standifer, R. R. King, Vann Martin, Clay Secrest, J. M. Livingston, H. D. Taylor, Beavers, John Phillips, Mattie Patterson, Dorothy Westmoreland, H. G. Hubert, Sam Woodward, John Blackburn, Audrey Hill, U. D. Kindrick, Omer Wright, C. W. Atchison, Watt Turner, Guy Wynne, John, Martin, H. E. Luehrs, A. S. McDonald, Misses Mary Ellis Blackburn and Lela Taylor.

### MRS. CLIFFORD HAMER ENTERTAINS FRIENDS

Mrs. Clifford Hamer was hostess to a group of friends Wednesday afternoon at her residence.

Bridge was the medium of entertainment. Mrs. Vann Martin made high score for which she received a rose glass fruit bowl. A rose glass condiment dish was the cut prize and it was won by Mrs. Irvin Jarvis. Tuna fish salad, saltine wafers, potato chips, olives, saltines, caramel cake and iced tea were served to Mesdames Arthur Thompson, Vann Martin, Irvin Jarvis, L. E. Standifer, C. R. Stevenson, Guy Moses and L. D. Borden.

It's easy to be liberal when we're spending another man's money.

### P. T. A. MEETS IN REGULAR SESSION

(Continued from page 1) effective partnership. A trained teacher is good; a trained teacher and child are better; but it takes a trained teacher and child and understanding parents to make a school.

When parents and teachers and all good citizens unite their forces they can build into community life the elements which make it a wholesome place for young people. It was such a conception of the organization of home and school on a nationwide basis which Theodore Roosevelt visioned when he said, "The parent-teacher association is the most fundamentally constructive force in the world today." Individual citizens acting alone are quite helpless. Organization is essential. WILL YOU DO YOUR PART TO HELP?

### BAPTIST CHURCH NOTES

Next Sunday is Promotion Day, and after the Sunday School hour a short program will be rendered by the children of the Primary and Beginner's departments, followed by a presentation of diplomas by superintendent Edgar McLendon. A special invitation is given to the fathers and mothers of the primary scholars to attend and everybody will be very welcome.

There will be no preaching either morning or evening as the pastor will be in Bandera attending the Fifth Sunday Meeting of the Medina River Association.

Friday afternoon, the 27th, at 3:30 is Industrial Day. All members of the W. M. U. please be present and find out what Mrs. W. S. Pearce and Fred Duderstadt have in store for us.

We are very sorry to report Mrs. S. B. Kindrick still on the sick list.

On account of the short days from now on the hours for both Sunday evening worship and Wednesday night prayer service will be 7:30 p. m.

Reporter.

### SENIORS ENTERTAIN

Members of the Senior Class of Schreiner High School gave an entertainment at the Chapel hour this morning.

Gay Munn, who was master of ceremonies, assumed the role of Supt. Guy Moses. Louis Ragland made an address, posing as Coach Earl Bowers.

Misses Vivian James, Kaleta Taylor, Elsie Bessent and Temple Boone were some of the artists on the program. Carlton Wright was the guest of honor, posing as Gov. Moody. Roy Cochran, impersonating Jimmie Rodgers, sang and yodeled two numbers.

### FINE TOMATOES

Mr. J. F. Cabler, who lives just south of Junction on Cedar Creek, brought some very fine tomatoes to our office Monday. He has one acre in tomatoes and has been selling them for some time. He does not know just how many he has sold. Those brought in Monday weighed around one pound each. Earlier in the season he had many weighing around one pound and more.

Mr. Cabler is another one of our farmers who believes in diversification. He has something to sell almost every day in the year. He has regular customers for milk and butter and in season has vegetables for sale. We thank Mr. Cabler for the fine tomatoes brought in this week.

### CARD OF THANKS

To those true friends who stood with us in our time of sorrow, whose friendship and kindness strengthened us and whose tenderness spread a coverlet of flowers above the last long sleep of our beloved one, we give an abiding gratitude and affection.

Mr. and Mrs. W. M. Henderson and Family.

### PRESBYTERIAN CHURCH

Rev. G. W. Crofoot will be here next Sunday to hold services in the Texan Theater, preaching at 11 o'clock a. m. and at 7:45 p. m. All members are urged to be present.

A cordial invitation is extended everyone to attend these services.

Our custom made suits are shipped to us; you must be satisfied before you pay. No C. O. D.

Junction Tailor Shop.

### The New Ford

Registrations of Model A cars and Model AA trucks again led in Wayne County, Michigan, in which Detroit is located during July. Total number of Ford cars sold was 4,547 as against 1,490 for the next highest. Trucks were 516 as against 166 for the next highest.

Harry L. Larson Plentywood, Montana, bought his Tudor Sedan in April, 1928, to use in covering his territory as traveling representative for a grain commission firm. New grades and difficult prairie trails have been traversed. He has made 30,469 miles and his only repairing expense to date has been having the valves ground. He has made every hill in his section on high and has driven 565 miles in twelve hours without a stop save for gasoline. He has caught three coyotes with it.

Montgomery Ward & Company use a Model A Tudor to test Riverside tires. The car is given hard usage and at the time these figures were obtained had rolled up 105,000 miles on the speedometer. It is driven 500 miles a day, 250 in daytime by one driver and 250 at night by another. The same fan belt is still in use.

A general greasing is given the car every 1,750 miles. The rear axle has never been down. So far it has had two sets of brake linings and one set of pistons and rings. The car is driven at an average speed of forty miles per hour. The wheels are tight and running true and no bearings have been replaced. Considering the fact that a test car is necessarily subjected to much braking and high speed, this is considered a good record.

LOEFFLER MOTOR CO. Phone 105

### EPWORTH LEAGUE

Members of the Epworth League of the Methodist Church announce that the program Sunday evening will begin at 6:30 and that it will be something different from the ordinary program. These young people have been accomplishing a great work and have a surprise in store for Sunday evening.

McDonald Service Station gas, oil, tires, tubes and auto accessories. 20c

### BORDEN ICE COMPANY

## Change In Business Policy

Business policies as all other policies are undergoing changes each year. The past few years have witnessed great changes in the business world. The tendency during the past decade has been to put business on a cash basis. Great business organizations have sprung up over the country that by buying for cash and selling for cash have meant a great saving to the buying public.

For several years we have conducted a credit business in Kimble and adjoining counties. The people of this trade territory have favored us with a liberal patronage, both cash and credit, and our losses from the credit business have been as low as the average firm doing a general credit business. But in order to keep pace with the progress of the merchandising world, we have decided to go on a cash basis on October 1, 1929. By doing this we shall be able to save our customers considerable money. The new policy will enable us to pay cash for our goods, thereby making a saving which we shall pass on to our customers.

We have made a study of business conditions throughout the country and it seems to be the consensus of business men that business will be put on a cash basis more and more each year. It will mean that the country will be more prosperous and as soon as people learn to pay for goods when bought instead of at the end of thirty days or six months or longer, it will prove to be an enormous saving.

We solicit the continued patronage of our customers under our new plan.
