See the Struve Hardware & Dry Goods Cook's Paint Sale ad in this issue of The Abernathy Weekly Review for further information.

## Council Seeks Candidates For April 6 Voting

March 6 is the final date to place names on the ballot for the annual city election. Terms of Mayor Roy Jones and Aldermen Billy F. Skipper and Jim Bob Smith expire this year.

The city election will be held April 6, from 8 a. m. until 7 p. m., in the city hall clubroom. Any citizen wishing to place their name, or names of other persons, on the city election ballot may contact Mrs. Otella Clement at city hall for further information.

The City Council is seeking candidates for the April 6th election. Holdover Aldermen are Royce Henson, Dan Z. Ward and W. T. Settle.

## Retired Minister Announces Drive Against Drinking

Members of Abernathy Lodge No. 1142, A. F. & A. M., received pins for 25 years, or more, of Masonic membership, highlighting the Washington Birthday dinner and program at the school cafeteria Saturday night. Receiving pins at the meeting were Jack Hackler, Leland Phillips, Arch Young, Ted Watts and Vernon Bartlett. The pins were presented by Ray Willis on behalf of the Lodge. Assisting was Kenneth Phillips, MC for the Saturday night program. A pin also will be given to J. H. Nunn, who was unable to attend the event.

Dinner music was furnished by Mrs. Sam Williams, George Hughes, and Hughes' music pupils, Jim and Jerry Bruce, sons of Mr. and Mrs. James A. Bruce, and Roger and Steve, sons of Mr. and Mrs. Kenneth Phillips. Principal speaker on the program was the Rev. R. N. Huckabee, Lubbock, a retired Methodist minister, and a former Chaplain of the Grand Lodge of Texas.

In addition to reviewing the life and activities of George Washington, the Rev. Mr. Huckabee spoke on organizations in Lubbock and other South Plains towns which will make a concerted effort in the near future to educate young people and adults on the ill effects of alcoholic beverages.

The organizations will go on radio and television with their programs, and will carry their message to schools and churches.

After the program, Bob Stephens of Abernathy's FM radio station, KWGN, conferred with the Rev. Mr. Huckabee on KWGN's participating in the South Plains-wide campaign. Stephens and his wife attended the Saturday night event as guests of Mr. and Mrs. Rudolph Struve.

## Bruce's Plans Anniversary Sale Here

Bruce's are to have a store wide sale March 1 through March 6. This sale is for both furniture and T. V. and appliances. There will be bargains all through the store.

There will also be a premiere showing of the Frigidaire Line of appliances which Bruce's have just acquired.

There will be a drawing at 6 o'clock P. M. Saturday for which you may register all week for a valuable prize, your choice of an Electric Range, a Refrigerator, a Washer or a Dryer. See their ad on another page of this issue.

## Taylor Studio Photographer Here March 4

Taylor Studio of Valley Mills, Texas, will have a photographer at Bruce Furniture, 718 Ave. C, in Abernathy, to take photographs from 10:00 a. m. until 5:00 p. m. Thursday, March 4.

"This will be our first winter Child Photogenic Contest for 1965," the studio announced. For further information, see The Taylor Studio advertisement in this issue of The Abernathy Weekly Review.

Taylor's photographers have been coming to Abernathy for the past several years.

## AHS FFA WINS AT FLOYDADA

The Abernathy FFA Farm Mechanics Team traveled to Floydada Saturday Feb. 19 to compete in the District Farm Mechanics Contest. The team, although comprised of different members than last year, copied first place by a large margin for the second year in a row. Members of the team this year are Terry Barton, Jim Barton, Larry Raymond and Johnny Peters.

There are four phases to the contest. They are Plumbing Electricity, Arc Welding and Cutting and Identification. High individuals were chosen in each of the divisions. Abernathy competitors who placed as high individuals are as follows:

Plumbing: 2nd—Larry Raymond, 3rd—Terry Barton. Electricity: 1st—Johnny Peters, 2nd—Jim Barton, 3rd—Terry Barton.

Welding: 2nd—Jim Barton, 3rd—Terry Barton.

Identification: 1st—Tie between Terry Barton and Johnny Peters, 2nd—Tie between Larry Raymond and Jim Barton.

Abernathy was first in the overall team standings, Tulla was second and Matador, third. The winning team won \$75.00 to purchase shop equipment and also received a plaque. High individuals in each division also received a plaque.

The contest is sponsored by the Rural Electric Cooperative, Inc.

## STUDENTS TOUR POWER PLANT

A total of 105 Abernathy Junior High School seventh grade students and four teachers toured Southwestern Public Service Company's Tuco power plant last week. Four groups, two groups Wednesday and two groups Thursday, were taken on a "grand tour" of the electrical generating facilities.

Prior to each tour the students were given a water treating exhibition by Glenn Selke, and an electrical demonstration by Ray Willis. Plant manager Willie Florence gave the students a brief rundown of the different phases of equipment required for the production of electrical power, and explained how this electricity is "transformed" in the plant substation.

Frank Bartlett, Junior High general science teacher, accompanied each group and served as bus driver. Other teachers accompanying the various groups included: Miss Dottie Stokes, high school physics and chemistry teacher and seventh grade science teacher; Miss Carolyn Cates, Junior High Language-arts and chorus teacher; Miss Sue Fendrick, Junior High Language-arts instructor; and Mrs. Frank Simpson, Junior High

VON GIST

Attends IHC Training School

Mr. Von Gist of Struve Mercantile Co., Inc. Abernathy, has just completed a factory training school of three days at Amarillo, Texas. This was held at International Harvester Company and was conducted under the direct supervision of Mr. Dan E. Dunscomb, IH District Service Supervisor.

The course of instruction covered the subjects of hydraulics and diesel engine service, plus shop management. The purpose of the school was to provide specialized education on farm tractor service so that tractor owners can secure the most efficient operation of their tractors.

Mr. Gist became acquainted with the new servicing techniques on the new International Harvester tractors and took refresher training for service work on previous models. He also worked with new shop equipment so that he could quickly and efficiently diagnose engine troubles.

This training is a part of the annual program which is presented by International Harvester company so that its field representatives and dealers service men can maintain their education at a high level and provide the very best in tractor service to their customers.

## Trustees To Be Named In Vote April 3

Voters in the Abernathy School District are urged to see the Legal Notice published elsewhere in this issue of The Abernathy Weekly Review, concerning the school trustee election set for April 3.

## Review Special Edition Due Early Next Week

The Abernathy Weekly Review for March 4, which will be our 16th Annual Abernathy FFA & 4-H Club Project Show Edition, will go to press and be distributed, one day early next week.

Due to the early publication of the March 4 edition of The Review, deadline for receiving news and advertising will be 5:30 p. m. Saturday, Feb. 27. Please turn in your news and ads EARLY. Start NOW giving us news and ads you want in the March 4th paper.

Mrs. W. A. Henson, Graford, formerly of Abernathy, was under treatment in a Dallas hospital. She is the mother of Royce Henson of Abernathy.

The C. H. Pittmans of Plainview and the A. B. Myatts of Paris were visitors in the home of the M. M. Bells the past week end.

Royce Henson sold a residence at 608 12th St. to Pat Roland Attebury.

## AHS Juniors To Present Play February 26

The senior class of 1966 of Abernathy High School will present the annual Junior Play on Friday, February 26, in the school auditorium. The play, "The Mouse That Roared," was adapted by Christopher Sergel from the book of the same title written by Leonard Wibberley. Sergel wrote the play in two acts with four main settings. It calls for 28 actors and actresses, which were picked by Director Cliff Martin in special tryouts held Monday, January 25.

The play will begin at 8:00 p. m. on the night of the 26th and tickets are now on sale for the production. Reserved seats will be \$1.00 apiece. General admission for adults will be 75c and for students, 50c. The proceeds from the play will go to finance the Junior-Senior Banquet which is paid for by the Juniors each year.

The cast of characters which was chosen by Mr. Martin for the play is as follows:

Gloriana XII, Duchess of Grand Fenwick, Treva Totty; Tully Bassom, Chief Forest Ranger, Larry Crowder; Count Mountjoy, leader of Anti-Dilutionists, Jim Barton; David Senter, leader of Dilutionists, Mike Johnson;

Mr. Beston, Secretary of State of U. S., Jimmy Don Franklin; Professor Kokintz, creator of Q-bomb, Mike Skipper; President of U. S., Terry Barton; General Snippet, Security Head, Pat Hale;

Tourists Jane, Mary, Fran, and Pam, Barbara Patterson, Mary Goble, Peggy Carter and Cindy Shadden; Ann, Donna Skeen; Norma and Helen, ladies-in-waiting, Shanna Crenshaw and Jo Ann Lovelace; Page, Janice Phillips; Miss Johnson Beverly Spruiell;

## REA Schedules Area Contest

South Plains Electric Cooperative, Inc., is sponsoring an oratorical contest for the purpose of selecting two young people to make an all expense paid trip to Washington, D. C. this summer. The contest is open to boys and girls who will be at least 16 years of age on September 1, 1965 but not 18 years of age prior to that date and reside in one of the following school districts: Ralls, Shallowater, New Deal, Smyer, Idalou, Frenship, Cooper, Slaton, Lorenzo, Hale Center, Roosevelt, Cotton Center, Petersburg & Abernathy, except members of immediate families of directors and employees of South Plains Electric Cooperative, Inc.

The trip will include such things as a Texas Congressional Breakfast, a proposed coke party with Luci B. Johnson as hostess; tour of United States Capitol; see Senate and House in action; a visit to the White House; to REA Headquarters; the Department of Agriculture; National Rural Electrification Cooperative Association; Arlington Cemetery; President Kennedy's Grave; Lee's Mansion; Lincoln Memorial; Washington Monument; Jefferson Memorial; cruise down the Potomac, and other points of interest.

The contest entry deadline is not until Friday, February 26, 1965. If you have not entered and you are interested, please contact your high school principal or write to Delbert Smith, South Plains Electric Cooperative, Inc., P. O. Drawer 312, Lubbock, Texas, 79408.

In 1929, J. C. Terrell bought out the grocery business of J. C. Turner and moved the stock of goods to the present site some time later. The Terrell brothers, Sam and Lacy both worked in the grocery store at that time, and Sam still operates the store, in a new building.

Now, there was nothing wrong about running a grocery store, but Lacy was a man with a talent for making things work properly. He could repair most anything, and better still if he could not fix what you brought him he probably would make you one that might work better and last longer than the original. People of the community were not long in learning this and pretty soon Lacy was doing more repair service than he was selling groceries.

He decided to build a shop and give it full time. For quite some time he did automobile repair work along with his shop work but has given this up in recent years and confined his work more to welding and farm type repair work.

He is an excellent blacksmith, and being familiar with the properties of different metals he makes a number of tools of excellent quality. Being able to temper metal successfully he hand makes several types of chisels that are of excellent quality which he sells to a number of shops in this area.

He makes a garden hoe that will stay sharp about ten times as long as the average hoe, due to the kind and quality of metal which he makes the blade of. Of the two types of hoes he makes one is of such shape that it is ideal for weeding extra close to plants that lie flat.

He carries a stock of handles and will re-handle and re-condition your hoes, rakes, sharpshooters, spades, shovels, scoops, post hole diggers, spading forks, pitch forks, seed forks, and what have you. In most cases the tool will be better than the original when he gets through with it.

He never junks anything that is useful and so has a large stock of nuts, washers of all types, bolts, screws, rivets, brass fittings and many other things that enables him to repair most anything within reason without making trips to town for parts. Most of this material is in clean glass jars where it is easily seen and available.

Lacy says he built the shop to give full time to and he does just this. There is little wasted time here. If he is not working on something for someone else, he is building or re-building any of the large number of items which he hand makes in the shop. One is a cold handle tortilla cooker that is popular with Mexicans.

He has an interesting little gadget, without a name, which is very unusual, made of two small sticks about 12 or 15 inches long with hand carved windmill wheel on the end of one stick. By rubbing one stick across the other the little 3 inch windmill wheel rotates rapidly and for no apparent reason, stops and rotates in the opposite direction for a time then reverses again and again as long as the two sticks are rubbed together.

The Terrells came from Arkansas and so do most all wood-handlers in this part of the country, and this is where Lacy gets his handles. He makes a trip back occasionally and not only gets his handles but his high grade metal for hoe blades and many other uses he makes of this metal.

Lacy Terrell enjoys life immensely and although well along in years is as hard as nails. He is a very keen observer and notices far more than the average person sees.

## 4-H CLUB TO MEET TONIGHT

The Abernathy Community 4-H club will meet Thursday (tonight) at 7:30 P. M. at the Methodist church.

## MOTHER DIES

The mother of Fred Crenshaw died Friday following a heart attack. For further information, see Lakeview News in this paper.

Lakeview News, this week, was written by Mrs. N. Matthews, who fills in for our regular Lakeview correspondent, Mrs. S. M. Harrison, when she is away. The Harrisons visited in Albuquerque last weekend.

Abernathy School Supt. Delwin Webb and Mrs. Webb and school board member Bob Riley and Mrs. Riley, flew to Atlantic City, N. J., last week to attend the annual convention of the American Association of School Superintendents.

### AHS VARSITY CAGE TEAMS END SEASON

(From Last Week)  
(By Mike Skipper)

The Abernathy Antelope cager teams of 1965 ended their seasons here in Abernathy Tuesday night, February 9, with a win and a loss against Floydada. The boys ended district play with a record of 7-3 and in third place behind Friona, 9-1 and Dimmitt, 8-2. The girls team had an even 5-5 record and ended the season in fourth place behind Friona, Dimmitt, and Floydada.

The local fems were narrowly defeated in a close thriller that went right up to the final buzzer. After fighting back from a 6-point deficit late in the last quarter, the girls tied it up at 50-all with just a few seconds remaining. Then, a foul was called on one of our standout guards and the Floydada girls calmly stuffed in the two free throws. Time ran out before our fems as they went down in defeat. Linda Miller was high point for the 'Lopes with 20.

#### Boys Win 85-65

The Abernathy boys varsity team sailed past Floydada for the second time this season to hold their third place position in district play. The Whirlwinds

### Work Under Way On FFA - 4-H Project Show

The annual FFA-4-H Project Show will be held March 8-9 in the J. L. Irish Barns three miles north of Abernathy, according to Mr. Harvey Lutrick, General Superintendent of the Show. This project show is the 16th annual show of 4-H and

never were a threat in the contest and three 'Lopes scored in double figures to boost the total. Terry Turner was high with 18; Boyce Paxton and Lane Wade each had 15 points. Keith Teague was high in the game with 20 points.

The 'Lopes held the distinction of being the highest scoring boys team in District 3-AA during district competition. The 85-point output against Floydada plus their other high scoring wins, such as Dimmitt, 72-67, Lockney, 72-42, and Olton, 72-40, were exemplary of their explosive play.

The Abernathy boys' team ended its season with an impressive 20-5 season record. Three of those losses came in district play; two of them to Friona and one to Dimmitt. One other one was early in the season against Lorenzo and they also lost their second game in the Tullia Tournament to Class AAA Tullia. The 'Lopes were third in that tournament. Also to their credit goes the championship in the local tourney held last December.

#### Girls Are 2-9

The girls' varsity team ended its season with a 21-9 record that would have been much more impressive if five of their losses had not been in district competition. However, the girls placed in three tournaments they participated in to add greatly to the trophy case. They were champions in the local tourney and then traveled to Tullia the next weekend to take consolation in that meet. Perhaps their greatest showing was in the Duncanville Tournament where they placed second out of 24 teams from over the state.

The warmest congratulations should be extended to the fine coaches of the local cager squads. Coach Mitch LeMoine and Coach Wayne Preston have both had wonderful seasons and have nothing to regret.

We would also like to take this opportunity to recognize those Seniors who have played their last basketball game for AHS. They are as follows:

Girls—Linda Miller, Denise Barker, Donna Webb, Janie Sue Pearce, Cheryl Hall, and Managers Patsy Pettit and Connie Knight;

Boys—Boyce Paxton, Terry Turner, J. Frank Jackson, Vicente Vecchio and Manager Rodney Allen.

FFA projects for the year.

In a meeting held at Graham's Restaurant January 19, final plans and arrangements were made for the show. All exhibitors must have their stock in place at the show barn by 9 p. m. Monday, March 8. However, the judging will not begin until March 9, at 5:00 p. m. The public is cordially invited to the judging and may also come to the barns at any time to look at the stock.

The judge in the show will be Prof. L. M. Hargrave of the Texas Tech Agriculture Education Department. Prof. Hargrave was the judge last year and did such a satisfactory job that he was asked to return.

Mr. Harvey Lutrick is General Superintendent of the Show and will be helped by other men who will take care of certain parts of the show. Backing Mr. Lutrick up will be Mr. Jerry Oswald, who was selected as Assistant General Superintendent. Mr. L. J. West is the Secretary-Treasurer of the show

and will handle monetary affairs.

Other men who will help carry on the show include E. J. Pope, Beef Cattle Superintendent; Jack Barton, Sheep Division Superintendent; Richard DuBose, Barn Chairman; and Frank Mega, Finance Chairman.

Pete Thompson and Melvin Rape will pick out the trophies for the show and Jerry Adams will secure the ribbons. Jimmy Davis was elected to secure the straw for the barns.

County Agent Ollie LIner and his staff will have charge of the 4-H part of the show and local Vocational Agriculture

teacher Jerry Adams will handle the FFA projects to be shown. Both will work very closely with Superintendent Harvey Lutrick to make the show a success.

#### FHA To Serve

Members of the Future Homemakers of America Chapter in Abernathy will serve food, coffee and soft drinks to the public during the show. This added treat should be an incentive to each and everyone to attend the judging Tuesday night beginning at 5:00 p. m.

The Abernathy Public Library, open each Monday, Wednesday and Saturday afternoon from 1 to 5, has some interesting mystery and detective books on the shelves.

Among the authors of these books are A. E. Martin, Ellery Queen, Helen McCloy, Agatha Christie, Earl Stanley Gardner, Anthony Gilbert, Mayzie Greig, Austin R. Freeman, Bixon Carter and Lord Garland.

Go by the Library in the City Hall and Miss Ritchey, librarian, will assist you in finding the books of your choice.

Marvin Meek, Hale County 4-H member, showed the Reserve Champion Shorthorn steer of the Junior Show at the Southwestern Exposition and Fat Stock Show at Fort Worth, according to Bobby Lemons, Assistant County Agent.

Ronnie Sherrod, Hale Center 4-H'er, showed the first place summer yearling Angus, Rodney Huffaker of Abernathy, showed the seventh place senior Angus calf and the 15th place junior Angus calf, Leigh Riley of Abernathy placed 16th in the Junior Angus calf class.

Wayne Dendy, Petersburg, showed the third place junior Shorthorn calf, the 16th place junior Hereford calf and the 25th place senior Hereford calf. Benny Lobstein's summer yearling Hereford calf placed third. Ted Wilson, Plainview 4-H member placed 22nd in the senior calf class.

Steve Barton, Abernathy, showed the third place heavy Chester White barrow and Donna Huffaker, Abernathy, placed 7th with her light weight Cross-bred pig and 11th with a heavy weight Poland China. Jimmy Reeves, Abernathy, placed 10th with a light weight Berkshire.

The Hale County 4-H Cotton Awards Program was held Monday night, February 8th at the Alceve Restaurant where winners were recognized.

Terry Terrell, member of the Plainview 4-H Club, was named County Champion according to Roy L. McClung, Jr., Associate County Agricultural Agent. His yield was 1,257.6 pounds of lint per acre.

Grady Shepard, Chairman of the Hale County Program Planning Committee, presented the awards of the top three places in the Junior and Senior Divisions and the County Champion. Twenty-four boys and girls were entered in the contest this year. Terry was in the Junior Division and following him was James Pinkerton of Halfway with 1,121.6 pounds of lint and Larry Settle of Edmonson with 839.4 pounds of lint per acre.

The top producer in the Senior Division was Pamela Wieber of Edmonson. Pamela produced 980.6 pounds of lint per acre. Second and third in the senior division went to Hoyle Curtis with 974.0 pounds and Bill Wiese with 825.4 pounds of lint, both of Petersburg.

Also 4-H members in the Edmonson Community were recognized and presented awards in the Edmonson Cotton Contest, sponsored by the Edmonson Coop Gin. A check for fifty dollars was presented to Pamela Wieber who had the highest production of 980.6 pounds of lint per acre. Larry Gallimore and Larry Gallimore were second and third, respectively, and received checks for thirty and twenty dollars. These were presented by S. M. True, Jr., chairman of the Hale County Cotton Sub-Committee.

McClung reported that approximately seventy people were in attendance, including Hale County Farm Bureau officials who co-sponsored the program. Others in attendance were area winners, 4-H field crops leaders, boys and girls who participated in the contest and their fathers. Joe Ed Sullivan, Farm Bureau Agency Manager, served as Master of Ceremonies.

The Hale County 4-H Clubs, represented by Bob Thomas of Abernathy, presented the Farm Bureau, cash award of seventy-five dollars to be used for erection of a flag pole in front of the Farm Bureau Building. The presentation of this was a small token from the 4-H Clubs in appreciation of the work the Farm Bureau has done for youth in Hale County.

The records of the County Champion, Terry Terrell, has been entered in the District Cotton Production Contest. Terry is the son of Mr. and Mrs. Floyd Terrell of Plainview.

Americans are expected to set a new national record as beef-eaters in 1965, say economists with the U. S. Department of Agriculture. In 1964, they ate a record 100 pounds of beef—an increase of 6 percent over the previous year. And more's in store in 1965. They're also expected to eat more veal and turkey.

Cereal grains such as corn, wheat and oats may someday be used to make better paper. U. S. Department of Agriculture chemists have found that use of a cereal derivative in paper manufacture increases the paper's resistance to water.

Keeping clean is big business. Consumers have about 170 soap and detergent products from which to make their selection this year. Americans last year spent more than \$1.8 billion for soap and detergents, according to the latest consumer spending information. This averages out about \$10 a person—or approximately \$35 to \$40 for the average family. And most families tend to include this \$35 to \$40 in their "food" budgets—since most of the soaps and detergents are purchased at grocery stores.

# PROGRESSIVE BUSINESS AND CIVIC - MINDED PEOPLE OF PLAINVIEW AND VICINITY

This department has been worked up largely as a reflection of public opinion. No person has written of themselves or their business. All articles have been compiled by a representative of The Abernathy Weekly Review as he saw conditions. These people are all leaders in their various lines of endeavor and the co-operation of those citizens in Plainview who helped make this department possible is sincerely appreciated.

## CECIL CURRY

Every progressive and resourceful business man in Plainview contributes in some manner to the growth and progress of the city. And one who is always willing to do his part in both business and civic activities is Cecil Curry of the Plainview Co-op Gin, who is well known, and has a great many friends and business associates throughout this entire district.

The prominent part that the Plainview Co-op Gin is playing in the business and rural life of this section of West Texas, mirrors the progressiveness and ability of such men as he. Moreover, Mr. Curry has also at all times been steadfast in his devotion to the city, and the surrounding country, and on many occasions, has lent his support to the successful promotion of meritorious civic projects.

Plainview and this district are fortunate to have such a man as Cecil Curry in a position of responsibility and service, and this newspaper feels that it merely reflects public opinion in paying this brief tribute to one of the city's more dependable business men.

## D. L. "HOP" AND JAMES B. ROBERSON

Two of the more progressive business men of Plainview, who deserve the respect and good will of a great many residents of the city, are capable, friendly, D. L. "Hop" and James B. Roberson of Roberson Bros. Cesspool Drilling, Roberson Drilling and the Plainview Sanitation Service, who carry a complete line of dry and acid chemicals. Their complete knowledge and long experience in the business have raised them into positions of prominence in their line.

It is because of this that Roberson Drilling and the Plainview Sanitation Service have earned reputations for reliability second to none.

The Robersons are also civic-minded, and have always been ready to contribute their time and energy to any plan which promises to benefit this entire district. And the people of Hale County may regard with particular satisfaction the many services which they have performed in the interest of progress and civic betterment.

We urge our readers to look to "Hop" and James Roberson as conscientious business men of whom we may well be proud. Their devotion to the city has been constant, and their achievements well merited. We wish for them continued success.

## B. C. "DOC" CROSS

We wish in this edition to pay tribute to B. C. "Doc" Cross of the Thrift-Way Automatic Laundry, and Half-Hour Laundromat, for his many services to the city of Plainview, and his splendid record of achievements in the business life of the city.

Mr. Cross probably has as wide a circle of friends as any other man we could name, because he is just naturally the kind of individual who makes friends with almost everybody, and always conducts himself in such a manner as to deserve the respect and good will of all who know him.

Plainview is fortunate in being able to number among its more progressive business men, citizens of this type. He is always ready and willing to lend his support to the promotion of any project which promises to benefit this entire district.

He may be depended upon, and his services to the people are too many in number to be described here. It may be sufficient to say that we consider "Doc" Cross an asset to the community, and a progressive business man of whom the city may be proud.

## C. L. BEARD, JIM POSEY, & RAYMOND GARMS

There are a number of conscientious business executives in Plainview who have gained recognition for their progressiveness, and three well-known insurance counselors who belong in this category are C. L. Beard, Unit Manager for the Great American of Dallas Insurance Company, and the firm's two agents in Plainview, Jim L. Posey, and Raymond M. Garms, whose years of fair dealings with many of our readers has earned for the company a host of friends and policy holders through this region.

They are well established in the forefront of the business and civic life of the city. And the

ethical manner in which they have conducted their business affairs, is but one of the reasons for their out-standing success.

In addition to their insurance activities, Mr. Beard, Jim Posey, and R. M. Garms have also accepted their share of responsibility in aiding civic projects. As the result of the combined efforts of men like them, Plainview is firmly established in the minds of the people as the logical business center for this section of the state.

We congratulate C. L. Beard, Jim Posey, and Raymond Garms for their success in business, and trust they will continue for many years to enjoy that success which they have so justly earned.

## Mrs. H. C. Westbrook

It is a well-known fact that a person's true character must come through in their work; whether in business or professional activities or in public life. So when one conducts herself in such a manner as to cause the public to recognize in her, certain qualities over and above the average, she is deserving of a few words of praise. Such a personality is Mrs. H. C. Westbrook, a leader in the business and civic life of Plainview.

In addition to being one of the district's more dependable furniture re-finishing and antique restoration specialists, Mrs. Westbrook was never one to shirk her civic duties. More than that, she enters cheerfully, and with enthusiasm and optimism into those civic affairs in which she has time to take a part, and seldom does she fail to find time to do her share.

Mrs. Westbrook deserves her share of credit for being one of those dedicated citizens of Plainview who has contributed so substantially to the onward progress of her city. It is a pleasure to include her in this group.

## JAMES C. MOORE

In all business and professional pursuits, there are those who have met with success because they have honestly deserved it, and such a man in his field is James C. Moore, who well deserves the reputation he has earned for being one of Plainview's more conscientious business men. His thorough knowledge of everything pertaining to the painting contracting business is exemplified by the manner in which he fulfills each and every demand made upon him in line with his business.

Moreover, such experience as Mr. Moore has gained in the successful management of his business has been turned to the advantage of his fellow citizens by applying the same principles to the promotion of those civic projects to which he has been called upon to lend his able assistance. Thus his success in business has further enhanced his value to the city.

We appreciate the opportunity of including James Moore in this group of progressive and civic-minded men who are actively taking part in the evolution of the business and commercial life of Plainview.

## MRS. JOHN F. DUBOSE

There are many men and women in their chosen vocations who have gained recognition for the progressive manner in which they have conducted their business, and accepted their civic responsibilities, but who will not permit much to be said of their achievements.

But in reviewing a group of such citizens, we should include Mrs. John F. DuBose, well known and completely reliable income tax consultant, whose office is located at 604 Nassau, for she is a woman who has always done her work effectively, even though it has been accomplished in an unobtrusive manner.

Mrs. DuBose, busy as she is, always manages somehow or other to do her bit in any movement calculated to benefit the community as a whole. Her modesty however, will not permit her to say the things about herself which are said by her friends who do so because of a personal knowledge of her activities.

We do not hesitate to recommend Mrs. DuBose to our readers as a citizen who continues at all times to work to the advantage of the people of this entire district.

## A. D. SMITH

Plainview owes much to those progressive citizens who have taken an active part in the growth and progress of the city,

and who have helped to make it the business center for this section of West Texas. In mentioning some of those men, it is only fair to include A. D. Smith of the Smith Plumbing Service, whose out-standing knowledge of the plumbing and heating business has brought him to the forefront in his particular field.

Mr. Smith is wholly deserving of our sincere praise, and these few words of commendation are but a just recognition for the many activities he has conducted on behalf of the general welfare of the community.

The honest and successful conduct of his business affairs is not only a reflection of his character, but has also been a strong factor in maintaining him in a position of leadership in his particular vocation.

We trust that A. D. Smith will continue to serve the people of Plainview and the surrounding area for many years.

## DRS. JOE E. AND STEWART WEBB

Successful business and professional men as a rule, show their appreciation for their success by their often repeated demonstrations of civic pride. This is a fortunate fact. Otherwise a city would be lacking in that progressive element which advocates and develops various projects of a civic nature that are indicative of a progressive community.

Drs. Joe E. and Stewart Webb, well known, and completely reliable optometrists, are two of those who have never failed to lend a hand when it comes their turn to help on some worthy project promoted for the betterment of Plainview and the adjacent territory.

They take a genuine pleasure in this method of showing their appreciation for their success, and in so doing, recognize their civic responsibilities to the community.

It is such individuals as Joe E. and Stewart Webb who become acknowledged leaders in both business and community enterprise, and we compliment them on having attained such positions in Plainview.

## RALPH AND SUE WAYNE

To be a consistent and persistent booster of any community often takes courage and plenty of optimism. It is because of their unflinching faith in the future of Plainview, and the surrounding country, and their unflinching efforts to promote its development, that Ralph and Sue Wayne are selected now for this brief tribute.

The Wayne's have proven very ably that they are restaurant operators of unusual ability, for it is largely due to their ideals of service, coupled with a determination to serve only the very best of food, that Wayne's Restaurant holds its high position in the public's favor.

And their personalities and energy in directing the operations of the business are important factors in their outstanding success.

We are glad to pay tribute to Sue and Ralph Wayne, and to point out to our readers that theirs is the guiding influence responsible for the splendid service and delicious foods, served in a delightful atmosphere, to be had at Wayne's Restaurant in Plainview.

## ROY AND THELMA PHILPOTT

Roy and Thelma Philpott of Texo Feed & Supply, are two of those progressive type of individuals upon whom the community depends a great deal for leadership in business or other matters. They are also civic-minded and have, in the past, and no doubt will continue in the future to give more of their time and energy for the welfare of others than themselves.

They are the kind of people who make friends, and friendships once formed by them are never broken by an unfriendly act on their part, and they spare no efforts in order that their services to the surrounding area shall be more dependable.

Mr. and Mrs. Philpott have never been known to inject themselves into a situation for the mere purpose of gaining publicity. However, they proceed in a calm and unostentatious manner, and accomplish their objectives with a quiet dignity.

We do not hesitate to recommend Thelma and Roy Philpott to our readers as excellent examples of the more dependable type of business people who have aided in the growth and development of Plainview and the surrounding country.

## BILL HAMMAN

It isn't the size or volume of a man's business which determines its value to the community in which he lives. But rather by the manner in which it is conducted, which, to a greater or lesser degree, reflects the personality and character of the individual. The value of Bill Hamman's business to his city is a reflection of his progressiveness, and a determination to render the utmost in service, a policy which has caused The Yardstick to be so well thought of, and so widely patronized by the people of Plainview and the surrounding area.

That same dedication and ability which has made him so successful in his own business, has also fitted Mr. Hamman to be of assistance on community projects and public drives. Moreover, he does so cheerfully, and with a friendly spirit of cooperation that is always more than welcome.

It is a pleasure to include Bill Hamman in this Plainview review, and to wish him further success in his field of endeavor.

## JOHN B. CARTER

A drive in operator of Plainview who has based his success upon the belief that the public will appreciate good food, well prepared, and appetizingly served, is John B. Carter of the Playland Drive In, whose many friends and customers by their daily patronage of his popular eating place, attest to the soundness of his policy.

It is not only because of the successful operation and management of his drive-in that Mr. Carter has come to be recognized as an asset to the community; but it is also because of his policy of "looking ahead", and endeavoring to sponsor or take part in those community activities which will in some manner, benefit the city of Plainview and the people as a whole. He is another of those men who has shown his appreciation for his success by a willingness to contribute of his time and efforts to the promotion of community projects.

It is such men as John Carter whom we are privileged to include in this review, and to publicly give him due credit for his success in business and civic affairs.

## "CORKEY" MORRIS

To serve the public honestly, efficiently, and cheerfully, is the basic foundation many progressive business men of Plainview have found to be the shortest route to success. In making this statement, the one we have in mind is "Corkey" Morris of the Morris Grocery & Fina Service Station, located at 1216 North Date. The popularity enjoyed by his many services accentuates the ideals of courtesy and efficiency which he has consistently applied in the management of the business, and in the servicing of its patrons.

The conduct of such businesses, and the men who operate them, have done much to make Plainview the business center for many miles around, and it is fitting that we give credit where credit is due to such men as Mr. Morris for his part in the onward progress of the city. In doing so, we are merely putting into words the opinions of those who know him.

"Corkey" Morris has earned his success by the method in which he has served the public, and accepted both civic and business responsibilities, and we wish him every success in the future.

## JOHN McQUIEN

In singling out some of the more progressive business men of Plainview, we would be censored should we fail to include John McQuien, general manager of Plainview Co-op Compress Incorporated. He is a man who has never spared himself in his participation in both the business and industrial activities of the city.

Mr. McQuien has always been conscious of his civic responsibilities, and is ever ready and willing to meet in every detail, those opportunities which come to his attention to further civic enterprise. He may well be proud of his achievements along these lines.

John McQuien deserves a great deal of credit for the honest and successful manner in which he has managed the Plainview Co-op Compress Incorporated. He is a friendly and likeable personality, whose sincere desire to be of service has gained for him a host of friends and acquaintances in and around this region who would, if given the opportunity, join us

in wishing him many more years of continued success.

## GLEN W. TULLIS

Glen W. Tullis of the Tullis Motor Company, Recovery Service, Tullis Land Corporation and Glen Tullis Bonding Company, is one of those men who have helped Plainview grow, and who has at all times assisted in every manner possible to promote that growth. One of his principal objects in life has been to see the city take its proper place as a leader, and one of the more progressive cities in this section of Texas. And he has helped, whenever help was needed to obtain that objective. The community has gone forward on the impetus of the activities of such men, and it continues to progress through their efforts.

This is but a small expression of gratitude to a citizen who has toiled for an ideal, and has gradually seen that ideal take shape. The many services performed for Plainview by Mr. Tullis are too well known to require repetition here. It is sufficient to say that we recognize in him, a leader in both business and civic enterprise; that we respect his opinions, and depend a great deal on him, as well as other men like him for future guidance.

## KENNETH NORTON

Recognized as an authority on all commercial and residential electrical contracting problems, Kenneth Norton of Norton Electric, has turned his knowledge to the advantage of the people of Plainview and vicinity. More than that, Mr. Norton is a man who has always been vitally interested in the civic betterment and progress of the city, and has backed up his interest by lending assistance, in one form or another to the successful promotion of many things which have benefited the community as a whole. Plainview owes much to such men for their part in making the city the business center for this section of the state.

He has always been alert to the many opportunities for service, and more than ready to recognize, and accept his share of civic responsibilities.

Because of these things, Kenneth Norton has become accepted as a progressive business man who is an asset to both the business and industrial life of the city, and we trust he will continue to serve the people of Plainview and the surrounding area in his present capacity for many years.

## DEWEY HENRY

It is appropriate that we include in this review of dependable Plainview business men, Dewey Henry of Henry & Henry, who has a great many friends and business associates throughout this entire district. Moreover, he is a man who not only has the reputation of being progressive, but also the added one of being a willing supporter of many community affairs.

Aside from his business activities, Mr. Henry has always shown an interest in the civic betterment and progress of the city, and has backed up his interest by his contributions to many projects which have benefited Plainview and the surrounding trade area. He is a good and loyal citizen, and the full measure of his loyalty is most apparent because of his eagerness to aid community activities.

His help along these lines has made of Dewey Henry an example of the type of man we all appreciate. We congratulate, and extend to him on behalf of all citizens interested in better business and civic progress, sincere appreciation for his contributions to the general welfare of Plainview and vicinity.

## JOHNNY C. MOODY

Johnny C. Moody of the Eastern Blind & Awning Company, has a well-earned reputation for progressiveness because he has consistently forged ahead in his business, never letting up in his efforts to make the service his company renders to the people more valuable. This invariable policy has made the Eastern Blind & Awning Company outstanding in its field, a fact that is well known to the public throughout this entire area.

But Mr. Moody has accomplished much more than just making a success of his business and private affairs, and we take this opportunity to pay tribute to him for devoting what time he could spare to the general welfare, not only to his own city, but this entire district as well.

It is such men as he, who are both successful in business, and appreciative of their civic obligation that are deserving of recognition. We take pleasure in publicly giving Johnny Moody the credit for his accomplishments which his many friends and business associates have so long accorded him.

## E. L. AND ELMER LEE CRISWELL

In every community, there are a given number of individuals who can be pointed out as having taken a three-fold part in the onward progress of their city. Two well known business men of Plainview who belong in this category are E. L. and Elmer Lee Criswell of East Mound Gin Incorporated.

Their leadership in their line of business is recognized throughout this region. And their furtherance of civic activities, and support of those organizations whose main objectives are directed along lines of civic betterment and community progress is well known to their immediate associates.

The Criswell's are men who are equally well liked and respected by their intimate friends and their colleagues. They are loyal to the community, thankful for their success in business, and have shown their appreciation by their contributions to various civic movements of benefit to this area.

We congratulate E. L. and Elmer Lee Criswell for being good citizens, conscientious business men, and boosters of Plainview.

## LUCIAN A. GREENFIELD

Lucian A. Greenfield, manager of the Consumers Fuel Association of Hale County, has won the universal respect and good will of the people of Plainview and the surrounding country for the progressive manner in which he has kept the association in the forefront of the business life of this entire district. Also for the efficient and friendly willingness he has displayed in accepting his share of responsibility in aiding civic projects.

Mr. Greenfield is not the kind of man who makes himself conspicuous by the manner in which he conducts himself, either in business or other matters. Yet, his quiet reserve, and air of confidence mark him as a man of sound judgment, whose opinions and advice are sought after and listened to.

We compliment Lucian Greenfield for the successful management of the Consumers Fuel Association of Hale County, and also for his constructive advice and help on those civic affairs in which he has found time to interest himself. He is a man whom many are proud to call friend.

## Hale Planning Livestock Show In Late March

The 30th annual Plainview Stock Show is set for March 24-26.

The board of directors set the dates with Berwin Tilson, president of the show association, presiding.

Elton Wilson, a member of the stock show board of directors, and one of a committee on plans for the agriculture center now being constructed, told the group that every effort is being made to have the stock show area of the center in condition for this year's exhibition.

"The entire center will not be complete by a long way," Wilson said, "but we think we can hold the show there."

**Area Described**  
Wilson said the show arena will have 392 bleacher seats on each of two sides. The arena itself will be 50-by-70 feet. There will be 104 swine holding pens with three wash pens, 150 units for steer holding with 10 wash pens, and 45 sheep holding pens.

A sheet metal structure just outside the southwest city limits is being converted into the agriculture center. Timmons Construction Co. of Amarillo has the contract for the building conversion and installation of facilities.

The board discussed reducing the number of animals one exhibitor might sell at the show auction. The number is now six, two in each of the beef cattle, lamb and swine divisions. The board decided to let the number remain unchanged.

The board approved showing of crossbred swine with other breeds rather than creating another class. Crossbreeds are to be exhibited in the smaller classes.

Tom Karrh, Bob Baxter, Ollie Limer and Tom Duffy were appointed as a committee to select judges for the show.

Gene Gaston of Springlake and Chilli Smith, Swisher County agent, were selected as the sifting committee.

Shelby Howell of Plainview and John Starres, Petersburg, were appointed as members of the board of directors to succeed Olan Alexander and Auvic Johnson, who moved out of the area.

This year's show is open to 4-H boys and girls and Future Farmers of America in Hale County.

## Cotton Sign-Up Is Under Way

Cotton producers who wish to participate in the domestic allotment program for 1965 are given from February 8 through March 26 to make their intentions known to County Agricultural Stabilization and Conservation Services offices.

Lorene Mangum, Acting Office Manager of the Lubbock County ASCS, says: "This sign-up is a new development for cotton farmers, and for that reason a special effort is being made to get the word around." She adds that the sign-up this year is being conducted in the hope that it will make farmers more aware of the benefits available under the program. A domestic allotment program was also in effect last year, but no sign up was required, giving farmers the opportunity to gauge yield prospects before deciding whether or not to participate.

Farmers have the choice of planting within their domestic allotment—thereby qualifying for a payment of 4.35 cents per pound on the farm's established normal yield times the acreage planted for harvest in 1965 in addition to the price support of 29 cents per pound basis middling one-inch at average location—or planting within their effective allotment. Effective allotment is total acreage allotted after any release and reappportionment, and farmers electing to plant their total effective allotment qualify for the 29 cent price support only, without the necessity for signing up.

Domestic allotment on most High Plains farms is 65 percent of the 1965 effective allotment, but on small farms for which 1965 allotments are not released to the County ASC Committee, domestic allotment is the smaller of 15 acres or the 1965 effective allotment. Farms on which the domestic and effective allotment are the same are not required to sign up for participation in the domestic allotment program, but all others must sign up prior to March 26 in order to participate.

Those who elect to plant within their domestic allotments may grow other cash crops on the remaining part of the effective allotment, but if the effective allotment is over 15 acres they cannot plant feed grains in excess of their feed grain base and still qualify for supplemental payments.

### Baptist West Texas Crusade Set For Spring

(By Mike Skipper)

Members of the Southern Baptist Convention throughout West Texas have designated the weeks between January 24 and May 15 as a special crusade for the Lord. Special clinics, prayer meetings and revivals will be held through this period. The local First Baptist Church will hold its meeting the week of May 2-9 with Dr. C. Wade Freeman bringing the messages each night. Mr. Leon Hokett, former music director at the church, will be in charge of the music during the revival.

The calendar for the Crusade is as follows:  
 April 2: Area Wide Youth Rally at the Southcrest Baptist Church located at 50th and P in Lubbock.

March 22: Evangelism in Depth Clinic at the First Baptist Church in Lubbock.

April 4-9: Personal Evangelism Week by zones.

April 19: Men's and Ladies' Rallies at the First Baptist Church in Lubbock.

April 20-23: Crusade Prayer Meeting by zones and in homes  
 April 25—May 2 and or May 2-9: Local Revivals in Churches  
 May 2-9: Local Revival for First Baptist Church, Abernathy.  
 May 9-15: United West Texas Crusade in Lubbock Coliseum.

The West Texas Crusade, which is headed by the Rev. Evans, is an area-wide thrust for the Lord which will climax with a United West Texas Crusade to be held in the Lubbock revival is the highlight of the Crusade.

This Crusade has been in planning for many months and since the beginning has been under the leadership of the Rev. Evans. It is not for the glory of the Southern Baptist denomination, but is being carried out for the purpose of saving lost souls.

TEXAS HEART ASSOCIATION  
 Post Office Box 25041  
 Houston, Texas 77055

Mr. Buford Davenport  
 Editor  
 Abernathy, Texas

Mr. Buford Davenport,

We are submitting for publication the following information and Message by President Lyndon B. Johnson:

"Mrs. Lanette Stone, President of the 1954 Womens Study Club, Heart Fund Chairman for Abernathy, received the following message through the Texas Heart Association:

Message by President Lyndon B. Johnson supporting the 1965 Heart Fund Campaign.

MY FELLOW AMERICANS:  
 I have proclaimed February as American Heart Month. This month we join the battle against the nation's Number One Killer—Heart disease and stroke.

We have far reaching plans to combat these diseases. But to carry forward on these plans, now—more than we have ever needed it before—we must have the help of our Heart Association.

We need the experience of its 35 thousand physicians, the crusader spirit of its 2 million volunteers, and the expansion of vital research, education and community programs.

Your support of the Heart Fund this month will contribute to lengthening the lives of millions of your fellow Americans. So be generous, and if you do you will be glad.

Hope this meets with your approval.

Respectfully  
 Bill Renfro  
 Regional Director

### Castor Bean Subsidy Pay Determined

The subsidy payment for castor beans planted on diverted milo or wheat acreage this year will be 30 per cent of the average diverted acreage payment for the individual farm, John B. Martin, ASC supervisor for Hale County, said.

Last year the payment for castor beans planted on diverted

acres was 50 per cent.

Such payment for sesame planted on diverted acreage remains at 50 per cent, Martin said.

Regulations prohibit planting crops on the first ten per cent of diverted wheat acreage, Martin pointed out.

There is a strong concerted movement in the area on the part of growers and processors, to induce Secretary Freeman to permit larger diversion this year. It is pointed out that little or no economy in money expended on the diversion will result, and that no over production of castor oil will result,

since the national production is far under consumption.

The economic advantage to this area of a new crop, and the stimulation of processing industry are factors emphasized.

A castor bean mill is in process of erection by the Plainview Cooperative Oil Mill of Lubbock, and Baker Castor Oil Co. has a modern plant on the drawing board and plans erection at Plainview.

**NOTICE**

The 1965 AHS Junior Class will present the annual Junior Play in the Abernathy School Auditorium on February 26, it was announced Monday of this week. Proceeds from the play will be used to finance the annual Junior-Senior Banquet which will be held later this year.

Abernathy (Texas) Weekly Review, Feb. 25, 1965

The play, which will be directed by Mr. Cliff Martin, is entitled "The Mouse That Roared". It is a satirical farce about a small country in Europe that becomes involved in a dispute with the United States, and through an utterly ridiculous development conquers America. The manner in which this dilemma is solved will delight anyone who sees the play. This play promises to be one of the

best presented in the last several years.

## New Books At Library Here

The Abernathy Public Library is continually adding new books for Abernathy area residents to read. The library is open each Monday, Wednesday and Saturday from 1 to 5 p. m. and you are invited to take advantage of the opportunity to read the books of your choice.

Junior biographies recently added to the library are Booker T. Washington, Stan Musial, Robert Fulton, Roger Williams, Eli Whitney, Champlain, LaSalle and Jane Addams.

Other books of interest to the Junior high students are Texas Rangers—The Journey, Hurlstun's Bible Stories, Joel Potter's Son, The Keys and the Candle, The First Woman Doctor, Apprentice to Liberty, Story of Submarines and Tales of Ancient Egypt.

Among Children's books on the library shelves are: I Can Talk With God, Who Has Seen the Wind?, Why Cowboys Sing In Texas, Once Upon A Holiday, Mr. Trotter's Big Gold Watch, A Birthday Present, Winds A'Blowing, Once Upon A Season, and Smart Mr. Tim.

Library books of interest to both the senior and junior high student are: Border Patrol, The Cuban Republic, Story of Secret Service, America and Its Presidents, America is Born, America Moves Forward, Astronomy, The Story of Atomic Energy, All About Undersea Exploration, and Rocket Pioneers.

Read a good book this week from The Abernathy Public Library.

USDA ANNOUNCES GUIDES FOR SUMMER AND FALL POTATOES—USDA recommends a 7% reduction during 1965 in the acreage of both fall and late summer crops of potatoes and a 2% reduction in acreage for early summer potatoes. These acreage guides, with normal growing conditions, would provide production 6% greater than last year.

**DUMP GROUND COMPLAINTS**  
Abernathy city officials make a special plea to the citizens of Abernathy to cooperate with the city in matters concerning their use of the city's dump grounds east of town. It was stated that there have been some citizens who have not been cooperating with Mr. Doroto Rojas, who is in charge of the grounds. Mr. Rojas is stationed there to show people wishing to use the grounds where they should put their trash. If trash is put in the wrong place and piles up there, it is hard for other people to use the dump grounds.

Please heed the directions of Mr. Rojas and live up to your responsibilities to yourself and your community. Your cooperation will be greatly appreciated.
