5-Week Fire Fighting School Under Way Here

Training in fire-fighting techniques has started for Wellington firemen in a course taught by W. B. (Cotton) Dorman, instructor in the Firemen's Training School of Texas A&M University Engineering Extension Service.

Wellington is one of five area towns now receiving the course, with Mr. Dorman instructing in each one night a week. It will continue 5 weeks.

He works with Wellington firemen each Monday night, with the class starting at 7 p.m. He is at Shamrock Tuesday, Childress Wednesday, Paducah Thursday and Hedley on Friday.

Arrangements for the course were made by Fire Chief J. B. Oney, former Chief Buster Hughs, and other members of the fire department and the City administration.

The course, which is the same as that taught all firemen attending A&M's training school includes pump operation, ladders, size-up attacks, ventilation, forcible entry, and other basic fire fighting techniques, Mr. Dorman said.

The instructor has been with the A&M Extension Service two and a half years and has taught fire-fighting schools for 15 years.

Wilton Ketchum, Retired Area Farmer, Dies

Wilton Ketchum, 75, a retired farmer who was long prominent in the Fresno area, died in St. Joseph's Hospital at 3 p.m. on Thursday, Feb. 22, after a long illness.

Mr. Ketchum came here in 1904 from Stonewall, Indian Territory.

Like many others who settled here in the early years of this century, Mr. Ketchum was a native of North Texas, Montague County. He was born there May 7, 1892, the son of George and Mattie Wyrick Ketchum.

He grew up in this area and attended the local schools.

He was married to Miss Rhuia Tyson on July 21, 1926, in Sayre.

Mr. Ketchum participated in many of the Fresno community activities over a long period of years, before retiring in 1959.

For a short period, Mr. and Mrs. Ketchum lived in Groom, then returned here, and later bought King Kourt.

Funeral services for Mr. Ketchum were conducted at 2 p.m. Saturday at First Methodist Church. Officiating were the Rev. Billy Wilson, pastor of Trinity Methodist Church and Charles H. Hicks, minister of the First Christian Church.

Burial was in Memorial Gardens under the direction of Kelso Funeral Home.

Pallbearers were Louis Allred, J. B. Killian, Jim Wood, Sandy Parsons, Alvin Horton and Ernest Nunnelley.

Mr. Ketchum is survived by his wife, Mrs. Rhuia Ketchum of Wellington; one son, Glenn Ketchum of Duke, Okla.; a sister, Mrs. Velda Elmore of Wellington; and a granddaughter, Sarah Kay Ketchum of Duke.

2-AA Girls Title Game Will Be Played in Altus Thursday

The play-off between the Wellington and Electra girls to determine the District 2-AA champion will be at Altus on Thursday, Feb. 29, Coach James Stavenhagen has announced. The game will start at 8 p.m. and will be played in the Altus High School Auditorium.

This game originally scheduled for Feb. 22 at Crowell, was cancelled due to snow.

The winner of the game at Altus will represent District 2-AA in the girls bi-district game with Spearman, which will be played either Monday or Tuesday, March 4 or 5, Coach Stavenhagen reported.

The location of the game has not been decided on, but the coach named Pampa as a possible site.

"I think my kids are more ready to play this week," Stavenhagen declared.

"We took a little rest during the snow storm, then played a practice game with Briscoe on Monday night, and the girls looked better."

Wellington Rockettes won the game 56 to 28.

The play-off became necessary when Electra defeated Wellington Friday, Feb. 16. It was the first loss of the season for the Rockettes, while the Electra girls had lost only to Wellington previously.

Officials of the two schools had considered Altus for the playoff earlier, but the gymnasium was not available on Feb. 22.

The move brings the game considerably closer home for the Rockettes and their fans, and Wellington supporters of the girls basketball team are urged to travel the 60 miles on Thursday night to back them up.

Henry Davidson, Retired Farmer Dies Monday

Henry B. Davidson, a retired farmer and leader in the First Baptist Church, died at noon Monday, Feb. 26, in Thomas Nursing Home where he had been a patient three years.

He was 77 years of age.

Mr. Davidson came to Collingsworth County with his family in 1920, from Montague County, and farmed for many years in the Indian Creek community. During the 1930's he also served as mail carrier on Route 6.

A Baptist since he was 18 years of age, Mr. Davidson was a deacon in First Baptist Church and served as a Sunday School teacher there for many years. For a long period he also was treasurer of the North Fork Baptist Association, and was a leader in the work of the church on both a local and area level.

Henry Browning Davidson was born July 9, 1890 at Sulphur, Okla., and later moved with his family to North Texas.

He was married to Miss Emma Smith July 25, 1911 at Am-

Wellington School

Coaches and Principals Hired, Election Set

The Wellington school board in a recent meeting re-elected all principals and coaches in the system, then called the 1968 trustee election.

Principals re-elected were E. W. Clement, high school; A. A. McQueary, junior high; and C. A. Crawford, elementary school.

Members of the coaching staff re-elected were Thayne Amonett, head coach; Jim Forrester, James Stavenhagen, Carroll Nunnelley and Dick Hamilton.

These elections were announced by Supt. J. L. Harper, who received a three-year contract from the board earlier this year.

The school trustee election will be on Saturday, April 6, and will be held in the courthouse.

Members whose terms expire are Jones Singley, president of the board, and Dick Pendleton, Mr. Harper said.

Candidates have until Thursday, March 7 to file and get their names on the ballots.

Absentee voting will begin 20 days before the election, Saturday, March 18, and will continue until Tuesday, April 2, four days prior to the election.

LCC Chorus to Sing Here March 13

Lubbock Christian High School Chorus will present a program of a cappella music at the Wellington Church of Christ on Wednesday, March 13 at 7:30 p.m. This chorus is under the direction of Charles E. Cox, head of the department of music at Lubbock Christian College, who will direct the chorus here in Wellington.

"This chorus is well trained and it is a delight to hear them. If you enjoy good music, and most of us do, you will enjoy this program. The public is invited to attend this service," said E. J. Fletcher, minister of the church.

Cubs to Hold Annual Dinner

Wellington's Cub Pack will hold its traditional Blue and Gold dinner Thursday evening, Feb. 29 at Cherokee Inn, according to Dave Agnew, Comanche District Scout Executive. The meeting will begin at 7 p.m.

Awards and advancements will be presented and Mr. Agnew will give a short program on Cubbing.

Mrs. B. M. Sims and Mrs. Sam Adams are in charge of the Cubs. This is the only Pack now active in Wellington.

Days Out for Snow

Some Students Will Lose Easter Vacations

Their unexpected vacations due to heavy snows gave Collingsworth County students an opportunity for winter fun, but the days they missed from the classroom will have to be made up, school administrators have indicated.

"As of right now, the snow vacation took up all of the Easter holidays," said Supt. J. L. Harper of the Wellington Schools.

"If we miss any more days we will have to teach on Saturday," he continued.

School will not be dismissed for teachers to attend the District IX meeting of the Texas State Teachers Association in Amarillo Friday, March 8, the superintendent said.

Commencement for Wellington students is already set up for May 31.

Dodson students will not have an Easter vacation either. They missed two days last week and two the week before due to snow, said Albert Motsenbocker, principal.

Teachers will attend the TSTA meeting, however.

"Because of the days missed due to snow and flu, we have already had to extend school a full week longer than we planned and it will crowd us to

Jim Moss Honored

FFA Honors Fathers and Gets Awards

Wellington Future Farmers honored their fathers at the traditional banquet Monday evening, Feb. 26, an event that closed out their observance of National FFA Week.

A large group of the fathers also witnessed their sons receiving honors denoting excellence in one or more fields of their work.

The honorary Chapter Farmer Award, given annually to a business man for his help to the Future Farmers, was presented posthumously to Jim Moss, power use advisor for Greenbelt Electric Co-operative, Inc., who died Jan. 30 at the age of 25. The award was accepted for the family by Carroll Nunnelley.

Mayor John Coleman was the guest speaker. In a short talk he paid tribute to the fine looking boys before him and spoke of the services of FFA to the Wellington community.

He recalled that as a World War II army officer, whenever possible he chose a country boy, both in his company and for key positions.

"I never had a discipline problem and I always had good men," he added. In closing Mr. Coleman had a word of praise for Don Lacy, vocational agriculture instructor.

Special awards in various fields were presented to Gary Brewer, farm electrification; Eddie Orr, crop farming; Ricky

UFO Investigators Here

Newsmen Headquarter in Wellington for a Day

Wellington and Loco were on the front pages of the nation's newspapers as well as on TV and radio newscasts during the past week as the UFO stories that have been circulating for the past year exploded in a burst of national publicity.

The cause was the revival of the Carroll Wayne Watts story of a space ship and little men which later led to Watts taking a lie detector test in Amarillo which caused L. R. Wynne, polygraph examiner, to label the story a hoax. The news blast subsequently involved Dord Fitz, who has been teaching an art class in Wellington for the past year and a half.

Two young college students from West Texas State University, John DeBaun and Carroll Wilson started the news hurricane when they wrote two separate articles for the Amarillo Daily News on UFO sightings in the Wellington area, which also included reports from Quail and the Watts story of the sightings near Loco.

Their articles were followed by a visit by Charles Richards, bureau manager of United Press in Lubbock, who sent out a story that went over the nation and was followed by more stories from other wire services.

After the first burst of publicity came the visits and the phone calls from people interested more in documenting information of UFOs than news.

Monday The Wellington Leader was visited by three Tulsa, Okla., men who represent the Aerial Phenomena Research Organization, with international headquarters at Tucson, Ariz.

These were Capt. Robert E. Loftin, a retired Army intelligence officer, and James H. Hartley, both of the First National Bank and Trust Company, Tulsa, and William Courter, chief, campus police, University of Tulsa.

They were hunting facts to add to the body of information already existing on unidentified flying objects in many parts of the world.

Capt. Loftin is the author of a book, "Identified Flying Saucers" which will be published in April by David McKay Co., Inc. This is a complete survey of the sighting of flying saucers starting in 1860, with descriptive details and a report on what U.S. Government agencies are doing about investigating the sightings.

In Chicago, Dr. J. Allen Hynek, chairman of the astronomy department at Northwestern University and advisor to the Air Force Project Blue Book, its UFO project, said the situation here has done irreparable damage to serious research in the field of unidentified flying objects. He is regarded as the Air Force's top expert on unidentified flying objects.

NASA Visit Canceled

The visit of a space science consultant to the Samnorwood Schools, scheduled Friday, Feb. 23, was cancelled because of slick roads and will be rescheduled during the spring, Supt. Robert Dwight announced.

The consultant was to have been Edward A. Cushman, of the National Aeronautics and Space Administration, Washington, D.C.

John Henard, Rancher-Banker, Dies Sunday

John R. Henard, Sr., rancher and banker, and a pioneer of Collingsworth County, died in St. Joseph's Hospital at 1:10 a.m., Sunday, Feb. 25. He had been in ill health for a long period, but he became critically ill and entered the hospital only Saturday, about 1 p.m.

He was 80 years of age and 69 years of his life were spent here.

Mr. Henard was the son of D. M. and Alice Hefley Henard, who were to exert a strong influence on the business and ranching life of the Wellington area for many years after the turn of the century. He was born June 20, 1887, in Old Greer County, then a part of Texas. He was the first white child born in that strip.

His parents had come from Boonsville, Wise County, and settled between Mangum and Granite. That was still open country and bands of Indians roamed through on hunting expeditions. It was a childhood that few still living can claim.

In search of more land, D. M. Henard brought his family to Collingsworth County in 1898 and bought a claim northeast of Wellington on Salt Fork, then added to these holdings. Later, he bought the section of land at the southeast corner of town. Mr. Henard grew up in a Wellington that was fast losing its pioneer ways and growing into a progressive farming community.

After attending the Wellington schools, he studied at Goodnight College.

In 1902, his father, along with two other pioneers, established a private bank in Wellington. Mr. Henard was to follow

Lee Roy Vaughn Dies Thursday

Lee Roy Vaughn, 76, of Amarillo, a brother-in-law of Mrs. John Henard and the late Mr. Henard, died Friday, Feb. 22. Mrs. Henard was with the family when she was notified her husband had become critically ill.

Mr. Vaughn was a retired post office employee and had visited here often.

Funeral services were conducted Monday in Griggs Pioneer Chapel with Dr. W. Winfred Moore, pastor of First Baptist Church, Amarillo, officiating.

Mr. Vaughn was born in Oklahoma.

Survivors are his wife, Mrs. Nan Vaughn of Amarillo; a son, Harold R. Vaughn of Albuquerque; and two sisters, Mrs. E. R. Bruce and Mrs. C. E. Eckerman of Amarillo; and three grandchildren.

County to Observe Public School Week

The county's four schools once again urge parents and all interested citizens to visit during Texas Public School Week March 4 through 8. Parents, particularly, are invited.

Wellington

A week-long open house is planned for the Wellington Schools.

Supt. J. L. Harper invited the community to visit and to see the remodeling and new construction that has made the high school plant one of the finest in this part of the Panhandle.

Formal open house will not be held since several things remain before the remodeling job can be called completed, he explained.

However, visitors will be taken through the high school and junior high, both completely remodeled, and through the new physical education-homemaking building.

This work did not affect the Elementary School, but visitors will see the work the children are doing, and visit their classrooms.

Quail

Open House will be held at the Quail School Monday, Mar. 4 at 7:30 p.m.

A general assembly will open the evening, when Supt. E. P. Haynie will bring patrons of the school and all other visitors up to date on the status of the school.

An upgrading program is now under way, along with improvement of the physical plant.

After the assembly, those attending will have an opportunity to visit the classrooms and see the work the children are doing.

Samnorwood

The Shamrock Irish Band will present a program at Samnorwood High School Wednesday, March 6 at 1 p.m.

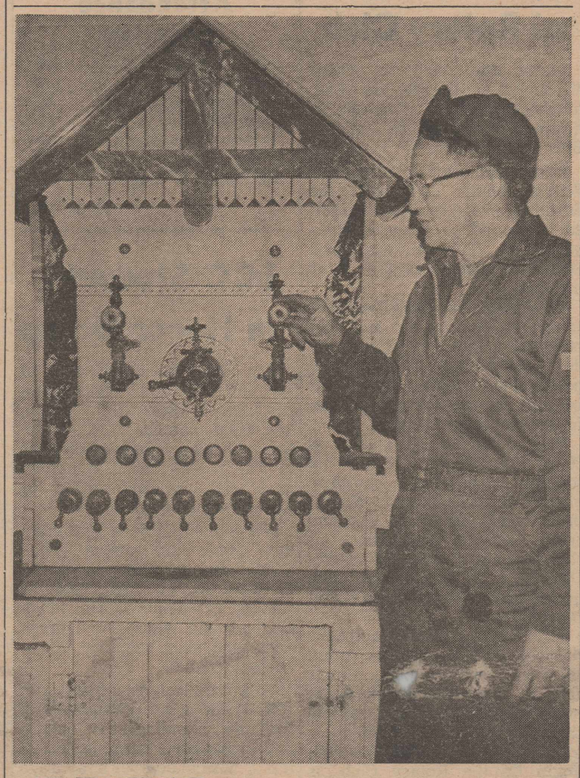
"Patrons will be welcome to visit the school during the week of March 4 through 8 and attend the program Wednesday, in observance of Texas Public School Week," said Loyd Stephens, high school principal.

Dodson

Dodson School will hold special visitation day Wednesday afternoon, March 6.

Displays of students' work will be on view according to Albert Motsenbocker, principal.

Visitors are welcome all week at the school, but they are especially urged to attend the visitation Wednesday in observance of Public School Week.



TO HEMISFAIR

This antique soda fountain belonging to Marshall Peters, above, and his brother, David Peters, was selected to be exhibited in the Texas Building of HemisFair, which opens at San Antonio in April. The brothers acquired it from Mrs. E. C. Pease, whose family owned it many years.

Eaglettes to Play Tuesday

Quail, Norwood Win District 9-B Titles

Collingsworth repeated records of other years with both boys and girls District 9-B champions coming from county schools.

Samnorwood girls and Quail boys won their respective divisions. The Quails lost their bid for bi-district crown in a game with Quitaque Tuesday night, Feb. 27.

The girls bi-district game will be played Tuesday, March 5, at 7:30 p.m. in the Memphis High School Gymnasium, when Samnorwood Eaglettes meet the Quitaque girls, winner of District 10-B, Coach Loyd Stephens has announced.

This is the first step toward the regional crown, with the winner of the District 9-10 contest playing in the regional tournament, the date for which has not been set.

The Quails' loss to Quitaque was by a 75-62 score. The first quarter of play saw the teams even, with Quail leading during this period. By the end of the first, however, Quitaque had taken the lead and never did relinquish it, Coach Billy Wilson said.

Jarrell Fielding was the high scorer with 20 points.

Quail took the district title by defeating Samnorwood 77 to 60 in the first game of the 9-B tournament, then winning over Hedley 68 to 52. Fielding was high scorer in the first game with 30 points.

County Due to Get Highway Patrolman Soon

A patrolman for the Texas Department of Public Safety is due to be stationed in Wellington as soon as a man is available for transfer here, Sheriff John Rainey was told recently by DPS officials.

Major Luther Moore of Lubbock, DPS regional commander, and Capt. J. M. Blackwell of Amarillo, district commander, were in Wellington recently to go over plans with the sheriff.

Mr. Rainey explained that the only men now available are recruits who have just finished their training, and these must work for at least six months with another patrolman before they are given an assignment alone.

The sheriff said he was pleased to have a Highway Patrolman stationed here, and that the sheriff's department will try to furnish him with an office.

FFA Teams in Houston Show

Two teams from the Wellington Future Farmers chapter will participate in the judging contests of the Houston Fat Stock Show this week, and altogether 30 members will make the trip.

With their instructor, Don Lacy, the group left Wednesday, Feb. 28 and will remain through the show's FFA Day, Saturday, March 2.

Members of the livestock judging team are Mike Davis, Teddy Martin and Chuck Wilbur. The dairy cattle judging team consists of Tommy Campbell, Sammy Coffee and David Hodges.

These teams will compete on Saturday. Keith Martin and Mike Davis will show their beef calves on Thursday morning. Saturday afternoon, the boys will attend the show's big rodeo.

Future Farmers making the trip will be Kenneth Black,

By First Baptist

Religious Survey Set in City March 4 to 8

A religious survey by telephone will be conducted from Monday through Friday, March 4 to 8, by the First Baptist Church, the Rev. Leroy Gaston, pastor, has announced.

The survey will serve the purpose of a religious census, Rev. Gaston explained, and the information gathered will be available to all churches.

Twenty women from the church will make the phone calls, asking for such information as church affiliation, frequency of church attendance, the number living in each home and the ages of boys and girls in each family, as well as other information.

Rev. Gaston said it is believed approximately 80 percent of the people living in Wellington can be contacted by phone.

Women who will be in charge of this work are Mrs. Ernest Maxwell, Mrs. Milburn Derryberry, Mrs. Dee Burba, Mrs. Cicero Gulley, Mrs. Elmer Haralson, Mrs. Bill Harbin, Mrs. Ola Mae Smith, Mrs. Bill Langford, and

Mrs. Jimmy Langford, Mrs. Ben Wilhelm, Mrs. Harold Keller, Mrs. Leroy Gaston, Mrs. Gene Bawcom, Mrs. Silas Crawford, Mrs. J. L. Burt and Mrs. Charles Cason.

Church of Christ Group Attends ACC Lectureship

A group from the Church of Christ in Wellington was present for this year's annual Bible Lectureship of Abilene Christian College, which opened on Sunday, Feb. 18. This also was the formal opening of the new Moody Coliseum-Auditorium.

The theme was "Crowning 50 Years."

Judge Jack Pope of Austin was the principal speaker and summarized the purpose and spirit of the Lectureship, saying that it has afforded a broad-based Christian fellowship and an avenue for communication with and encouragement of Christians.

" 'Crowning 50 Years' commemorated not only a milestone in the history of the Bible Lectureship, but a signal point in the 20th century history of the churches of Christ and, important, in the life of Abilene Christian College," said Minister E. J. Fletcher.

"While men today are deluged with torrents of disturbing communications, there still stands the eternal, unchangable Truth of God's Word."

The youth forum was conducted Sunday afternoon in the new Coliseum.

Pat Boone of Beverly Hills, Calif., directed the song service for the youth forum Sunday afternoon and Dr. Ira North, minister of the Madison Church of Christ, Madison, Tenn., was the main speaker.

Those attending the Lectureship from Wellington were Miss Dorothy Robertson, Miss Susan Coffee, Miss Beth Peters, Miss Cathy Thomason, Garry Denny, Mr. and Mrs. Troy Thomason, Mr. and Mrs. Lynn Jenkins and Min. and Mrs. Fletcher.

Scouts Speak at Rotary Club

Three Boy Scouts of Troop 32 spoke at the Rotary Club luncheon Tuesday, Feb. 20, in a program related to National Boy Scout Week.

Dan Fires, Earl Hartman and Barry Long explained the Scouting program, demonstrated packs which they learn to carry on their outings and Scout advancements and their insignia.

They described activities their troop has carried out and told of the new Boy Scout Camp under construction between Mobeetie and Wheeler, which will be used for the camping season in the summer of 1968.

This troop, No. 32, and Troop 39 at Samnorwood are working together to develop a campsite and during the District Camporee, later this year, the two troops will do more work at the site, according to Sandy Parsons, Jr., long-time Boy Scout worker, who introduced the trio.

Mr. Parsons also said that a number of boys will be trying to make money to finance their trips to camp this summer and he asked the cooperation of Rotarians in providing jobs.

Troop 32, sponsored for many years by the Rotary Club, is now sponsored by First Christian Church, with Glen McLain as Scoutmaster.

LCC Student in Honor Group

Jay Wischkaemper, son of Mr. and Mrs. A. F. Wischkaemper, Rt. 1, Box 216C, Slaton, has been named to the Lubbock Christian College chapter of Phi Theta Kappa, a national scholarship organization for junior college students.

Wischkaemper is a 1967 graduate of Samnorwood High School and is majoring in Bible at LCC. In high school he served as junior class president, senior class vice president, and as a member of the student council.

To qualify for membership in Phi Theta Kappa, students of freshman standing must have a 3.75 grade point average or better. Wischkaemper's average was 4.0.

Thirty-five students in all were added to Phi Theta Kappa for this semester.

Each October, about 10,000 persons attend the National Future Farmers of America convention in Kansas City, Mo.

THE WELLINGTON (TEXAS) LEADER
Thursday, February 29, 1968

Belles Lettres Club Hears of History and Status of Nursing

Mrs. Emma Tate, a licensed vocational nurse, was guest speaker at the Belles Lettres Club Tuesday evening, February 20, discussing changes in the nursing profession.

Mrs. Bryan Denley was hostess.

Mrs. Tate explained that nursing is a part of the past, but progresses as civilization progresses.

There are several eras recognized in nursing: that from 1860 to 1900, thought of as the Nightingale Era; and 1900 to 1920, a period of growth, when nursing organizations were begun and states passed laws to license nurses.

Between World Wars I and II, 1920 to 1940, nursing was recognized world-wide as being vital to defense. Nursing is now in its scientific age, which it entered in 1940, and which has produced more changes in nursing than in any other period.

"Our affluent and informed society demands more health services, both in quantity and quality," the speaker said.

Today's nursing team includes the registered nurse, the licensed vocational nurse, the laboratory technician, and orderly aides.

Noting that hospitals were once places where people went to die, Mrs. Tate said that todays hospitals are looked on with great pride and treat the needs of the whole person—physical, mental and spiritual.

Other facts of today's medicine noted were that the greatest need today is in bedside nursing. Many RN's are moving away from caring for the sick and into the field of minor diagnostic and therapeutic procedures, tasks that do not require the highly specialized training of the doctor and can therefore be handled by a competent nurse.

Mrs. A. B. Clark, president, directed the business session. Mrs. Joe Thompson led the collect, and Mrs. S. B. Owen was program chairman.

Those attending were Mrs. Clark, Mrs. F. A. Hatch, Mrs. Bob Hightower, Mrs. Owen, Mrs. Howard Riggs, Mrs. Hershel Tyler, Mrs. Thompson, Mrs. Jim Wood, Mrs. Tate and Mrs. Denley.

JFF Club Names Officers

Mrs. Drury Lacy was re-elected president of the JFF Club during the annual election meeting Thursday, February 22. Mrs. Alton Wilkins was hostess.

Mrs. Lloyd Wooldridge was elected vice president. Re-elected were Mrs. R. T. Savage, secretary-treasurer, and Mrs. Hubert Leach, reporter.

Refreshments were served to Mrs. Herman Belew, Mrs. Savage, Mrs. Howard Holton, Mrs. Leach, Mrs. Wooldridge, Mrs. Woody Wood, Mrs. Joe Coleman, Mrs. Lacy, and the hostess, Mrs. Wilkins.

HemisFair Plans Religion Pavillion

SAN ANTONIO.—Alive, Inc., a non-profit and non-denominational organization of Texas businessmen, announced plans recently to start construction immediately of a HemisFair pavilion that will show "Sermons from Science," a series of 28-minute movies produced by the Moody Institute of Science.

Dr. Carl Moore, vice president of the Federal Reserve Bank of San Antonio, chairman of the HemisFair Committee of Alive, Inc., explained that the audience would first view a 28 minute movie of scientific wonders of the world. These non-religious movies played to capacity audiences at world's fairs in Seattle, New York and Montreal. Following this film, the audience has a choice of leaving the pavilion or going into the second theatre where a film with a religious message will be shown.

TORNADOS

Tornados are most numerous in spring and early summer, when masses of moist, warm air drift northward from the Gulf of Mexico and collide with the cold, dry fronts from the Pacific Ocean.

Mr. and Mrs. John Kimbro of Wichita Falls visited Friday night and Saturday with his parents, Mr. and Mrs. Pat Kimbro. Mr. Kimbro works for Kirby Vacuum Cleaner Co. and she for Southwestern Bell Telephone Co.

BEAR HUG is exchanged by Elizabeth McDonnell, Texas stewardess, and a koala bear at the Taronga Park Zoo in Sydney, Australia.

Eastern Star Holds Friendship Night for Seven Chapters Feb. 20

The Wellington Chapter No. 238 of the Order of the Eastern Star was host at its annual Friendship Night Tuesday, February 20, when the program theme was "Symbols of Washington."

Two parts of George Washington's life were discussed and a third told of a tribute to him.

Willard Copeland of Childress spoke on "Man with the Sword," and Jack Davis, worthy patron of the Wellington chapter, discussed "Statesmen." Mrs. Grover Graham told of "Building of the Washington Monument."

A vocal solo, "Father of the Land We Love," was presented by Mrs. Pearl Loar of Paducah.

Mr. Davis also gave the invocation; Mrs. Elzie White, worthy matron, welcomed the guests; Rosco Land led in the Pledge of Allegiance; and Johnny Parker gave the benediction.

For the salad supper which preceded the program, miniature cherry trees decorated the head tables, and other tables had silhouettes of George and Martha Washington and tiny flags.

Approximately 80 attended from chapters at Memphis, Paducah, Dodson, Hedley, Clarendon, Childress and Wellington.

STINGING ANTS

Most ants do not sting, but some kinds do. For example, fire ants sting as painfully as wasps and the harvesting ants of Mexico can sting very severely.

Americans have paid $111 billion in state and federal motor fuel taxes since the first 1¢ gasoline tax was enacted in 1919.

Notes

from Your Home Demonstration Agent
By Leta Hill

Chicken in a Paper Bag

Do you save brown bags? Most homemakers do, for they find so many uses for this paperware. Have you ever tried cooking in a brown paper bag? Try it with chicken, turkey or ham! In the bayou country of Louisiana this is a favorite method of preparing chicken. Charlie Sumner, gourmet specialist from Amarillo, suggests the paper bag method for turkey and ham.

This agent too has tried this method and found it very successful. Bayou cooks suggest splitting a ready-to-cook bird in half.

Brush the inside and outside with butter. Sprinkle with a mixture of these seasonings: celery salt, onion salt, garlic salt, pepper and paprika. Place in a heavy brown bag, allowing plenty of room to twist shut. Cook on a rack 400 degrees F. for about 1 hour and 15 minutes.

And do not worry; the bag will not burn. Place a pan on a lower rack to catch any drippings. Charlie Sumners and this agent recommend that you sprinkle your chicken or turkey with paprika, salt and pepper. You may sprinkle your ham with cinnamon.

Completely oil the inside of a brown paper bag. Place your chicken, turkey or ham into the brown bag. Slightly secure the end, then place in a shallow pan. Cook at 350 degrees F. approximately 10 minutes per pound. The oiled brown bag with the end securely fastened acts similar to a pressure cooker, so therefore it takes less time to cook the chicken or turkey. Always make sure your oven is 350 degrees F. Do not place in a cold oven. You can forget about your chicken and turkey until the cooking time is up, for it will turn out succulent and tender. You will be amazed at the results of this method.

Staying Quality of Food

Perhaps you have heard of the "staying quality" of a food which gives a sense of satisfaction and delays hunger.

This is not related to the amount of food eaten. It depends on the rate of digestion and the length of time the food remains in the stomach.

Foods high in fat content have the greatest satiety value or staying quality because it remains in the stomach longer than protein or carbohydrate. Protein is second.

Begin the day with food that gives you a sense of satisfaction. A good meal allows for good performance and wards off snacking.

Storage Table for Meats

The following is a storage table for high quality home frozen meats and poultry at 0 degrees F.:

Beef — 6 to 12 months.
Lamb and veal — 6 to 9 months.
Sausage and ground meat — 1 to 3 months.
Chickens — 12 months.
Turkeys — 6 months.

Touchy Teeth

More than one in 12 Americans react with pain to the touch of hot or cold foods, sweets or sours, or even to the slightest pressure of a spoon or the rim of a cup. Sensitive or "touchy" teeth, once thought to be a problem for older people, are now known to affect the 18 to 30 age group.

Women outnumber men two to one, as sufferers. A reason may be that women have a tendency to brush more often and vigorously than males. In general, the condition stems from incorrect brushing, general erosion, or gum conditions.

Population Growth

Do you get a "closed-in" feeling? It is no wonder if you do. At the present rate of growth, world population will increase as much in the next 35 years as since the beginning of civilization.

From the current 3.3 billion, it will rise to nearly 6 billion people by the year 2000. If we have twice as many people in the world, and provide only slightly better diets than at present, food consumption in 2000 will be 2.5 times greater than the current tonnage.

Pewter

Pewter is a centuries-old metal that is practical, decorative and, in the antique variety, the pride of collectors.

There is now a wide variety of pewter pieces.

Modern pewter differs from antique pewter in that it contains no lead. Without lead, modern pewter is safe to use for food and beverages and will not darken with age. High lead content in old pewter, up to 40 percent in low-grade pieces, caused the metal to darken noticeably.

Pewter, in general, needs gentle treatment. It is comparatively soft metal which dents and scratches easily. Pewter is excellent for serving hot foods; it holds heat well, particularly when the serving plate is preheated with hot water. But do not cook in pewter — cooking heats will melt it.

You will not have any tarnish problems with modern pewter. But, stains can come from citrus juices and vinegar — so look for relish dishes, for instance, that have glass inserts. When using pewter as a flower container, slip in a glass or plastic liner — plants can harm the pewter.

Hold out on the phone company.

After 7 p.m., you can call anywhere in the country for a dollar.

All long distance callers worth their salt know that calling in the daytime is more expensive than calling in the evening hours. (Actually, most people call during the day, when we charge our regular rates.)

But long distance callers aren't interested in explanations.

The only thing they care about is calling for the cheapest possible price.

So to get more for their money, they devised a scheme you might call The Waiting Game.

The idea is to do just what the name implies: Wait and wait and wait and wait.

Because they know if they can hold out till after 7 p.m. or any time of the day on Saturday or Sunday, they can call anywhere in the country for a dollar or less.*

Which just goes to prove that anybody can afford to call long distance.

Provided they know how to play The Game.

County's Church Women Observe World Day of Prayer on Friday

Church women of Collingsworth will join others around the world in observing World Day of Prayer Friday, March 1.

Several churches have announced special services, based on the world theme, "Bear One Another's Burdens."

First Methodist Church

Mrs. Gary Reed, chairman of the observance for the women of First Methodist Church, said services will be at 9:30 a.m. Friday at the church. The public is invited to attend.

Assisting her are Mrs. Jack Moreman, Mrs. James Sullivan, Mrs. Cal Hurst, Mrs. Ellis Todd, and Mrs. Robert Lewis.

Dodson Nazarene Church

The Rev. Howard Smith, pastor of the Church of the Nazarene at Dodson, has announced his church will observe the day, meeting at the church at 10 a.m.

He stated he wished to extend a cordial invitation to all churches in Dodson who wished to pray with the group and who are not having services at their own church.

"Let's make this a great day of prayer," he said.

The service which all churches will use was prepared by Mrs. Rathie Selvaratnam of Ceylon on behalf of the women of Asia. She is chairman of the Asian Church Women's Conference.

World Day of Prayer is not new. Since 1877, a call to prayer has been heeded by Christian Women. In that year a Presbyterian woman, Mrs. Darwin James, inaugurated a National Day of Prayer, hoping her fellow church people would endorse a special time for prayer and for giving to help a needy world.

In 1880, a second call was made by two Baptist women: Mrs. Montgomery and Mrs. Peabody, who had returned from a world tour and were concerned with the education of women in the Orient.

In 1919, these calls were united in an interdenominational call for prayer for all missions. Now, millions of women unite in a world-wide chain of prayer, always observed on the first Friday of Lent.

Mrs. Cawthon Childress BDW

Mrs. Dan Cawthon, recently chosen one of Childress' two Best Dressed Women of 1968, has close Wellington ties, for she is the daughter of Mrs. Kenyard Poteet, and is a frequent visitor here.

Her honor has added meaning, for not only is she a "best dressed" but she makes many of her own clothes. A petite five-foot-four-inch brunett, Mrs. Cawthon finds a challenge in working with exquisite fabrics and patterns calling for intricacy in the details and great care in the finishing.

She loves solid colors, preferring the cool shades of blues and greens so complimentary to her eyes that vary into provocative dark green, blue or hazel, according to the color she is wearing at the time. Her accessories are generally unadorned, matching bags and shoes, and hats that are small, tailored and of lightweight fabric. Because she is small, her jewelry must be dainty or have the appearance of fragility.

Mr. and Mrs. Cawthon have two sons, Ricky, 6, and Randy, 5.

Despite her busy life, Mrs. Cawthon is active in her community. She is a room mother for both sons' classes, a member of the Woman's Department Club and treasurer-elect of Modern Home Club. Also she is active in church, hospital, and Bloodmobile work in Childress.

Dodson NWMS Meets Monday

A program, portraying a Nazarene district convention in LaPaz, Bolivia, was presented for members of the Dodson Nazarene Women's Missionary Society Monday, February 26. Mrs. Sherrell Beanland directed the program and those participating were Mrs. Roy Tisdale, Mrs. Charles Grimes, Mrs. Bill Holder and Rev. Howard Smith.

They wore native Bolivian clothes.

Mrs. Holder presided at the meeting, and after group singing, Mrs. Bill Patterson gave the devotional and Mrs. Daro Camp a prayer.

A quartet made up of Mrs. Tisdale, Mrs. Joe Orr, Mrs. Holder, and Mrs. F. L. White sang "I've Got a Job to Do."

The hostesses for this meeting were Mrs. Georgia Owens, Mrs. Bill Patterson, and Mrs. A. T. Lewis.

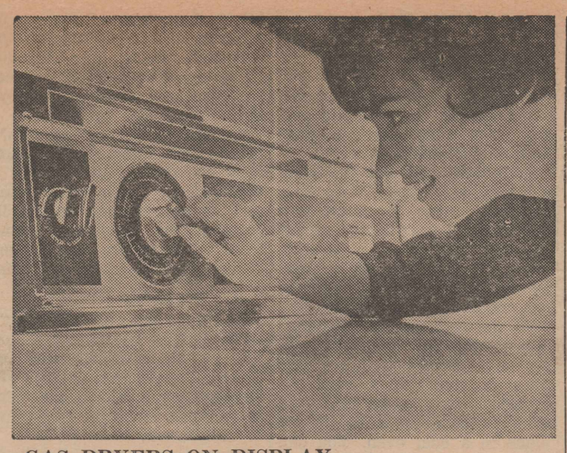
Refreshments were served to the Rev. and Mrs. Smith, Mrs. Beanland, Mrs. Holder, Mrs. Grimes, Mrs. Tisdale, Mrs. Ocie Lewis, Mrs. Garland Hightower, Mrs. Kate Smith, Mrs. Ida Harden, Mrs. Clifford Lowrie, Mrs. Camp, Mrs. White, Mrs. Orr and the hostesses.

Mrs. Lois Cudd of Vernon was here during the week end to visit her parents, Mr. and Mrs. Noble Murry.

Mrs. Dona Dukeminier visited in Fort Worth several days recently.

Who's New — in the — Wellington Area

Mr. and Mrs. Santos Guajardo, Jr., are the parents of a son, Christopher, born February 25 in St. Joseph's Hospital. He weighed five younds and thirteen ounces.



GAS DRYERS ON DISPLAY

Turn a gas dryer on and it starts paying for itslf. According to information published by the U. S. Department of Agriculture, money saved with the use of a gas dryer can buy an automatic washer. New automatic, modern gas dryers are on displey at local gas appliance dealers and Lone Star Gas Company offices during Lone Star's "Indoor Sunshine Sale," through March.

Ti-i-ca Holds Valentine Tea

At a Valentine tea in the home of Mrs. Barney Glenn Sunday afternoon, February 11, Ti-i-ca Social Club members pinned five girls as its pledge class for the coming year.

Miss Nancy Thomas, president, conducted the candlelighting ceremony and presented each pledge with her ribbon. These were Doris Tingle, Gail Thomas, Paula Kiker, Rosemary Popwell and Patricia Seale.

Miss Lillian McKinney narrated a skit which was pantomimed by Miss Melinda Williams, Miss Debbie Caison and Miss Lora Martin.

Entertainment was a game of darts played on a large red heart covered with white cupids and red balloons.

The tea table was covered with a red cloth and centered with an arrangement of red roses around a red heart. Miss Joy Chandler, vice president, poured.

Mrs. John Ingram was in Stinnett Sunday to visit her son and family, Mr. and Mrs. Clyde Ingram and children. A grandson, Scottie, came home with her to visit a few days.

Mr. and Mrs. Cal Hurst and sons, Jerry Wooldridge, and Mr. and Mrs. Henry Sullivan, Katie and Lucy, spent the week end in Lubbock.

Mr. and Mrs. Harold Keller were in Amarillo Sunday to visit his sister and brother-in-law, Mr. and Mrs. Tony Pinto.

Mr. and Mrs. Cecil Masten, who moved recently to a farm between Dimmitt and Hereford, were here over the week end visiting their son, John Masten, and other relatives.

Club Studies U. S. Music

Wellington Federated Music Club members observed the annual Parade of American Music with a program in the home of Mrs. Drury Lacy Tuesday evening, February 20. The theme was "The Media of American Folk Music."

Mrs. Lowell Wells read the commentary, "I Hear America Singing." A medley of American folk songs was presented by Mrs. Lacy at the organ, including "Carry Me Back to Old Virginny," "Long, Long Ago," "In the Evening by the Moonlight," "On Top of Old Smokey," "Sweet Rosie O'Grady," and "Ramblin' Rose."

Mrs. B. M. Sims and Mrs. Orville Vaughan sang "Go Tell Aunt Rhody," then they were joined by Mrs. Hiram Cudd to sing "Daisy Belle."

Mrs. Dan Henard was the organ accompanist.

Mrs. Rufus Sweat gave the commentary for the hymn of the month, "Rise Up, O Men of God", by William Merrill. Mrs. Lacy was the accompanist as the group sang.

Those attending were Mrs. Sims, Mrs. Wells, Mrs. Cudd, Mrs. Vaughan, Mrs. Don Van Pelt, Mrs. Allen Peters, Mrs. Claude Groves, Mrs. Ernest Harwell, Mrs. Sweat, Mrs. Henard, Mrs. Kyle Lindley, Mrs. Harry Patterson and Mrs. Lacy.

Greg Smith of Clovis, N.M., was an overnight guest Monday, Feb. 26, of Mr. and Mrs. Alvin Horton. He is the youngest son of Mr. and Mrs. Sunday Bill Smith of Clovis, who lived here when Greg was small. Now 25 years old, he was en route to Dallas to begin work for Texas Instruments.

Mr. and Mrs. Elmer Keller visited her sister and brother-in-law, Mr. and Mrs. Ron Hill, in Dalhart during the week end.

Piano Auditions Slated Here April 19-22

The National Guild Piano Auditions will be held in Wellington April 19 through 22, Mrs. Allen J. Peters, chairman, announced this week.

Betty Highfill of Perry, Okla., is to be the audition judge.

Students successfully completing the audition are eligible for certificates, diplomas, pins, medals and scholarships, Mrs. Peters said.

"National Guild goals are attainable through measurement of individual merit, not by competitive elimination," she continued. "The annual event is designed to stimulate interest in fine piano playing among pupils o fall types and ages."

Teachers or students wishing additional information should contact Mrs. Peters by phoning her home, 447-2030, or calling at her studio on 15th Street. Or this information may be had from the National Guild of Piano Teachers, P.O. Box 1807, Austin, Texas 78767.

Mr. and Mrs. Eddie Wheeler and baby daughter of Estelline spent the week end with his parents, Mr. and Mrs. Ted Wheeler.

Miss Edyth Jackson of Pampa spent the week end in Wellington with her mother, Mrs. S. B. Jackson, and other relatives.

Handle Concrete Properly For Maximum Strength

COLLEGE STATION.—Those planning to mix concrete for repair and refinishing chores should keep in mind several basic rules to insure maximum benefit from this popular building material, reports W. S. Allen, Extension agricultural engineer at Texas A&M University.

The first thing to remember in making quality concrete is to use clean materials, he suggests. Use only clean sand, water and stone.

"If you're making concrete for a building foot, or a wall below grade, use five sacks of cement to each cubic yard," Allen says. "For walks and floors use six sacks, and for heavy-duty concrete in manger bottoms, milkhouse floors, and other similar situations, use seven sacks of cement."

Allen suggests these other tips for successful concrete work:

—Never use more than six gallons of water for each sack of cement. Extra water reduces the life and strength of the materials.

—After the surface has been finished it should be kept damp for five to seven days by covering it with plastic, building paper or damp straw.

—After the new concrete has lost its water shine, a steel trowel can be used to make a smooth surface. A rough surface can be achieved with a wood float. Pronounced roughing of concrete intended for animal use can be made with a stiff broom.

Early County Resident Dies

Verner T. Glenn, 85, who came to Collingsworth County as a child in the 1890's, died in Clovis Memorial Hospital on Wednesday, Feb. 14. A retired rancher and farmer, he had lived in Amarillo 21 years.

Mr. Glenn was the son of the late Mr. and Mrs. S. J. Glenn and was born in Ellis County.

His father filed on land in the Fresno community and like other pioneers in this county, the family's first home was a dugout. They gave the land for the Fresno school, one of the first in the county.

About 1915, Verner T. Glenn moved from Wellington to a ranch at Vega, where he lived until he retired. He was a member of Polk Street Methodist Church in Amarillo.

Funeral services were conducted at 2 p.m. Friday, Feb. 16 at Blackburn-Shaw Memorial Chapel, with the Rev. Sam Auslam, associate pastor of the Polk Street Methodist Church, officiating. Burial was in Llano Cemetery at Amarillo.

Surviving Mr. Glenn are two sons, Stanley of Clovis and Victor of Amarillo; a brother and two sisters, Bob Glenn of Wellington, Miss Maude Glenn and Miss Lora Glenn of Amarillo; four grandchildren and one great grandchild.

Attending the funeral from here were Mr. and Mrs. Bob Glenn, Mr. and Mrs. Barney Glenn, and Mr. and Mrs. Loren Thompson. They were joined by Mr. and Mrs. John D. Glenn of Canadian, who formerly lived here.

Mr. and Mrs. Granvel Killian of College Station were here over the week end to visit their parents, Mr. and Mrs. Barney Glenn and Mr. and Mrs. J. B. Killian. Miss Jan Glenn, a student at Texas Tech, joined them in the Glenn home, while Mr. and Mrs. J. C. Saunders came from Estelline to visit in the Killian home and with his parents, Mr. and Mrs. A. M. Saunders.

Mr. and Mrs. Gary Reed and sons, Mike and Brent, visited in Alva, Okla., during the week end.

New Book Tells of Painting in Early Texas

AUSTIN.—The social and political history of 19th Century Texas are illuminated by a new University of Texas Press book on early Texas painting.

Author of the book is Miss Pauline A. Pinckney of Austin, who has conducted extensive research to uncover obscure pictures of the 19th Century Texas scene which had remained unknown or little noted for many years.

Almost 130 pictures are reproduced in "Painting in Texas: The 19th Century." Miss Pinckney shows that the daily life of the pioneering painter was an integral part of his art, whether he lived in outpost villages such as New Braunfels, Castroville and Fredericksburg or "civilized" towns such as San Antonio and Austin.

Among the well-known paintings reproduced in the book are Henry McArdle's "Battle of San Jacinto," and William H. Huddle's "The Surrender of Santa Anna," both of which hang in the State Capitol.

Mrs. O. A. Terry and Mrs. Newt Price visited in Memphis with their niece and family, Mr. and Mrs. Cecil Phillips Monday.

Former County Man Dies in Plane Crash

Royce A. Walters, 44, of Cucuta, Colombia, South America, who spent his youth in Collingsworth County, was one of five persons killed Thursday, Feb. 22, in a plane crash in the Magdelina Valley near Bogata, Colombia.

Mr. Walters was in charge of pipeline for Standard Oil Co., in Colombia, and he and his family were to have returned to Texas March 1. He was en route to Bogota to arrange for passage to El Paso when the leased private plane crashed, killing all five persons aboard.

Wellington friends have learned that the crash occurred when the plane ran into bad weather conditions in a high mountainous area.

Born at Ryan, Okla., May 8, 1923, Mr. Walters came to Collingsworth County with his parents while still small. He attended school at Kelley, Wilnulcer and Quail and was graduated from Wellington High School in 1941. He entered the U.S. Army shortly after that, along with C. A. Winton and W. M. Radford of Wellington, and Jim Chappell of Memphis, and served in the 614th Engineers, attached to General George Patton's Third Army. This unit followed the invasion forces into France, then through Luxembourg, Holland, Belgium, Germany, and ended the war in Southern France. Their work was to build and repair airstrips and roads.

He was discharged from the service in December, 1945.

A short time after the end of the war, he was married to Miss Helen McGill. They made their home in Pasco, Wash., then Salt Lake City, Utah, before going to Colombia. He had been with Standard Oil Co., 20 years. His last visit here was about three years ago.

Funeral services were conducted Tuesday at 2 p.m. at Schooler-Gordon Colonial Chapel in Amarillo with Dr. Winifred Moore, pastor of the First Baptist Church, officiating.

Burial was in Llano Cemetery.

Pallbearers were Mr. Winton, C. F. Youngblood, Jerry Bollen, Eli Wolf, Jess Wilson and Howard Fike.

Survivors include his wife, Mrs. Helen Walters; a daughter and four sons: Thomas J. Walters of Tucson, Ariz.; Donald L. Walters of Fort Hood; Buster A. Walters of Fort Benning, Ga.; and Joe Walters of Cucuta, Colombia; and Mrs. Joy Knight of Houston.

Other survivors are three sisters and a brother: Mrs. D. J. Collins of Lake Jackson, Mrs. F. E. Derryberry of Port Lavaca, Mrs. M. B. Haskell of Germany, and Thomas J. Walters of Amarillo.

Attending the funeral from Wellington were Jess Wilson, Mr. and Mrs. C. A. Winton, Lloyd Wooldridge, Mr. and Mrs. Lucien Bearden and Mrs. Boyd Derryberry.

Accompanying Mrs. Walters and her son from Colombia were Mr. and Mrs. Bill Munoze of Bogota. Mr. Munoze is personnel director of Chevron Oil Co.

REAL ESTATE TRANSACTIONS

Correction deed: T. W. Devenport and wife to Tom Caterlin and wife—2 acres out of the NE/4 section 83, block 14.

Edd Henard and wife to City of Wellington—a tract containing 1.34 acres out of the northeast corner of section 83, block 14.

Belva Johnson Terry and others to Ira Joseph Young and wife—SW/4 section 57, block 21.

Cemetery deed: City of Wellington to Mrs. M. H. Glover —S/2 lot 4, block 156, Thomas and Cook Cemetery, Wellington.

NAMED TEXAN OF THE YEAR—Each January the Texas Press Association designates a native born Texan, now residing outside the State and bringing honor to the state, as its TEXAN OF THE YEAR. This year the selection was from the field of sports. Chosen was Raymond E. Berry, outstanding end for the Baltimore Colts. Berry, born in Corpus Christi and reared in Paris, has been with the same National Football League club for the past 13 years. TPA President Harold Hudson (left) of Perryton is pictured here helping the sterling athlete hold his award-winning copper engraved plaque. Presentation was made by President Hudson on behalf of the newspapers of Texas for Berry's outstanding accomplishments, gracious charm, Christian leadership and conduct both on and off the field of play.

HIGHEST YIELD

Hal Keeler of Deming, New Mexico stands in a mountain of grain sorghum. His yield of 11,489 pounds per acre was the highest harvested in DeKalb's Sorghum Masters Club in 1967.

Terlingua Mine Open to Public

An old mercury shaft, located near the ghost town of Terlingua in far West Texas, has been reopened to give tourists a first-hand look at a mine that once produced $1 million in rich ore.

The mine is being developed by Gilbert Felts, Glen Peppers and Tye Beans. It will be the only mine in the state open to the public.

The 30-minute guided tour costs $1 per person. It winds down long, cool passages and into huge rock rooms, blanketed by crystals of calcite.

Modern brick rest rooms have been built at the site and overnight camping facilities are being developed. Rock and cactus hunting are free. Camping shelters will cost $1 per car.

The mini-monorail at Hemis-Fair '68 has a design capacity of 4,200 persons per hour.

Mr. and Mrs. Leon Bettis of Amarillo were here during the week end to visit their parents, Mrs. Newt Price and Mr. and Mrs. Al Bettis; and her sister and family, Mr. and Mrs. David Baumgardner.

Mr. and Mrs. Paul Graham of Corpus Christi are here this week visiting his mother, Mrs. Cleve Graham.

The average mile of track for class 1 railroads contains 3,000 wooden crossties.

Sergeant Builds Ruined Chapel

M/Sgt. Peter Cousins sadly watched a television newscast at Kelly AFB Monday, of the rocket-shelling of Tan Son Nhut Air Base in Vietnam.

No one had been hurt — as best as can be determined — when the rocket struck early Sunday morning, but it had levelled the base chapel.

And the 38-year-old sergeant of 20 years service was the noncommissioned officer in charge of building the chapel some 20 months before.

"There's just nothing left but a pile of rubble," said Cousins, who is the NCOIC of the Kelly AFB chapel. "It's as if it had never existed."

Cousins, who lives in the Billy Mitchell apartments with his wife, the former Mary Terry of Wellington, and 17-year-old son, first heard of the rocket attack in a telecast Sunday night. But he had hoped the destruction would not be as severe as it was.

A lot of work went into the building of that chapel," Cousins said. He said most of the labor was done by the Vietnamese and airmen who volunteered their services after finishing their regular day's work. All materials were furnished by the Air Force.

Work on the chapel, which seated about 400, was started in March 1966 and completed about three months later.

Looking at pictures he took of the chapel, Sergeant Cousins recalled lighting fixtures had been made by hand. "We had the pews made in downtown Saigon," he said.

WORD'S DERIVATION

Our word zero comes from the Arabic term sifr, meaning cipher, which in turn is a translation of the Hindu word sunya, meaning void or empty.

Hodges Reports 1967 FHA Work in County

Emergency loans totaling $263,270 have been made by the Collingsworth County office of the Farmers Home Administration since July 1, 1967, to help local farmers and ranchers recover from natural disasters, Raymond Hodges, county supervisor reported today.

Mr. Hodges said Collingsworth County was designated by Secretary of Agriculture Freeman as an area in which emergency loans could be made by the Farmers Home Administration to eligible farmers and ranchers because of the drouth in 1966.

One hundred and ninety-three counties have been designated by Secretary Freeman as areas needing an emergency credit source. As of Dec. 31, 1967, over 2,300 emergency loans for nearly $14.25 million have been made in Texas.

In fiscal year 1967 over 4,700 emergency loans for around $27 million were made in Texas.

The program provides a standby source of credit for farmers and ranchers who cannot obtain emergency credit elsewhere. Repayment schedules vary according to purposes for which funds were advanced.

Feed Grains in Good Supply

COLLEGE STATION. — The total supply of feed grains for the present marketing year of 1967-68 amounts to about 213 million tons, some 7% larger than last year.

John G. McHaney, Extension economist at Texas A&M University, said the 1967 feed grain crop produced a record 176 million tons, 12% above the near record output in 1966.

The domestic demand for feed grains is expected to continue strong in 1967-68. The number of grain-consuming animal units to be fed is now expected to be a little above the post-war high of 178 million units in 1966-67.

Wall Coverings Spice Any Room

COLLEGE STATION.— Add life to any room by applying an interesting wall covering on one or more of the walls. Wallpaper, wood paneling, fabrics or tiles could begin an idea.

Wallpaper is available in a variety of colors, textures, prices, patterns and degrees of durability. Use it in any room to hide disfigured walls and architectural defects and to add perspective to a small room, says Bonny Lay, Extension housing and home furnishing specialist at Texas A&M University. The homemaker herself could hang it.

Three kinds of wallpaper are typed according to soil resistance and washability: nonwashable or water sensitive, which must be cleaned with a commercial cleaner or can be wiped off with a damp cloth; the washable or water-resistant finishes which can be cleaned with a mild soap; the stain-resistant, scrubbable finishes which can be washed.

The natural beauty of wood paneling adds a feeling of warmth and richness. Plus, it is durable, easily maintained, and provides some insulation. Paneling, too, is available in a variety of woods offering many textures, colors, grains and prices, says Miss Lay.

Textiles, one of the oldest coverings, enhances a modern room. Tapestries, embroideries, silks and damasks still are used, but today's fabrics include felt, grasscloth, canvas, burlap and plastics.

Vinyl is becoming increasingly popular. Miss Lay says it can be made to look like almost any fabric and is waterproof, resistant to dirt, spots, stains, and scuffs and washable.

Ceramic tiles have long been used in kitchens and baths, but today they add interest to other rooms. They are durable, easy to clean and water, stains and fire resistant, says the Extension specialist. Vinyl and cork tiles may also be used on walls.

Texas Public School Week Calls for Our Attention

We have a sayng here that our young people are our most valuable resource. It is likewise true that brains and leadership and character developed in Collingsworth County Schools have gone out to add value to all major fields of work and to receive recognition for their accosmplishments.

During Texas Public School Week, March 4 through 8, we will recognize those schools who have done so much toward training these fine men and women.

The entire community is invited to put forth an extra effort to visit school. Some will have informal week-long open house, others plan more formal open house at designated times.

For Wellington district residents, it will be an excellent opportunity to see the completely remodeled high school and junior high buildings, and the new physcal education-home economics building. This fine plant still lacks a few finishing touches, but school administrators say you are most welcome.

Improvements are made constantly in other of the county schools, and these are worth noting.

The pesence of parents and grown-up friends inspires any school child, and his teacher, too. What they find in the way of instruction, in the many advances of modern education, should inspire the adult community as well.

OTHER EDITORS SAY . . .

Jobs Are Available

Twenty thousand jobs in hospitals offer opportunities for young people, Texas Hospital Association representatives told a Dallas meeting.

Shortages include 10,500 registered nurses and 9,500 para-medical employes. Vacancies include medical librarians who receive $7,500 yearly as graduates just out of college. Anethestists earn $1,000 a month.

Students with only a high school education are in demand as medical secretaries, medical record technicians, admitting clerks, ward clerks and orderlies.

This recruitment program should spotlight a chance for many young people to find useful, rewarding work. The opportunity to be of service to others appeals to many and offers satisfactions thats cannot be found in other jobs. With improved salary scales and the increasing opportunities for advancement in hospital careers, parents, teachers and young men and women will do well to consider carefully the advantages this will offer to many as a rewarding occupation. —Dallas Morning News

Long, Hard Winter

State Capital NEWS

By Vern Sanford

AUSTIN.—A rather important corner may have been turned by the State of Texas in providing transportation facilities for its people. This by clarifying where the line between the state and federal regulatory power should be drawn.

Texas Aeronautics Commission took the big step when its six members voted to certify Air Southwest Co. of San Antonio as an intrastate airline competing with the large, federally regulated interstate airlines.

Air Southwest plans to offer commuter service among Dallas, San Antonio and Houston using Lockheed Electra propjets. It says it can offer service comparable to the large airlines and at rates lower by more than 20 percent.

Federal-state rub is that the Civil Aeronautics Board licenses the interstate carriers and has its service and subsidy balances all worked out, without considering any state-licensed air lines.

So, Air Southwest is going to upset those balances somewhat, by taking from Braniff, Trans-Texas and Continental Airlines some of the revenues now received under their charters from the CAB.

CAB did not make its wishes in the matter of Air Southwest's certification known to the Texas Aeronautics Commission. But Braniff, TTA and Continental did. Result was a seven-day hearing before TAC examiners, then another hearing for oral arguments before the commission itself.

Despite TAC's favorable ruling, the fight is far from over. Opponents to Air Southwest's plans have made it known that they plan to take their case into the courts—as far as it will go.

In the state courts, they will maintain that the TAC' action was not based on "substantial evidence." If they fail there, one attorney said they might go into the federal courts, and charge that the TAC certification placed an undue burden on interstate commerce in violation of the U.S. Constitution.

Special Session Outlook

Gov. John Connally revealed a "new unofficial estimate" by State Comptroller Robert S. Calvert on available General Revenue Funds, indicating that available revenue for operating state government may be some $50,000,000 higher than the comptroller's October 1967 estimate of $297,600,000.

Gov. Connally says the import of that is "the increase in available revenues will relieve the pressure for as large a tax bill as was originally anticipated" for the special legislative fiscal session.

Connally has denied rumors that he will call a special session of the Legislature in March.

"I am hopeful that if the special legislative session this year can be postponed until June," Speaker Ben Barnes said, "the figure will be even less" than the previous estimate of $115,000,000 in new tax resources necessary to support the state government in the fiscal year which begins Sept. 1.

Barnes said recent revisions in revenue estimates mean that if the Legislature had passed a two-year tax bill in 1967, instead of waiting for a special session, Texas taxpayers would have been taxed about $60,000,000 more than necessary.

People Pollution!

"With over population a world problem. Planned Parenthood is becoming increasingly important as a governmental project," says Alan Bloebaum, regional director of the Southwest Region of Planned Parenthood.

A five-state district meeting on the subject is set for March 4 and 5 in Austin. This conference will be followed by a series of state sessions on family planning. Among them will be a special family planning conference by OEO, the American Association of Planned Parenthood Physicians and the State Nursing Association.

Cost of planned parenthood for one family per year is about $15, whereas the cost of welfare support — federal, state and county — for a dependent child is about $1,200 a year.

Courts Speak

State Supreme Court will hear arguments on March 27 in a Fort Worth case involving whether the city has provided required services to keep 6.3 square miles of annexed land or whether it must relinquish the property taken Feb. 18, 1963, near Everman.

High court agreed a South Houston Gardens man is entitled to $14,000 damages for harm to his house and peace of mind caused by low-flying airplanes after William P. Hobby runways were extended to near the edge of his property.

Transfer of four square miles from Rosenthal to Lorena school district is invalid without Falls County school board approval, Supreme Court concluded, upholding Court of Civil Appeals.

State Banking Board's award of a charter to American Bank of Commerce in Grapevine now has Supreme Court approval.

Third Court of Civil Appeals backed up a district court order that a charter should have been granted to Mission Savings and Loan Association in northeast Bexar County.

Court of Criminal Appeals affirmed death penalty assessed Kenneth Allen McDuff who was accused of killing three teenagers.

Residency requirement in state aid to families of dependent needy children is under attack in a new federal court suit.

Park Development Assured

Parks & Wildlife Commission Chairman Will Odom announced a $54,000 Federal matching grant to develop outdoor recreation facilities at Goose Island State Park, north of Rockport.

Wtih state matching, this will finance a $108,000 development project including restrooms, tent camping units, trailer camping, shelters, roads, parking areas and utilities. The park, acquired in 1935, is the home of a 2,000-year-old live cak tree, Chairman Odom noted.

LBJ Cantract Awarded

A contract for construction of 16,673 feet of high gameproof fencing at Lyndon B. Johnson State Park in Gillespie County has been awarded to Jasper Moore of Ingram. Moore was lowest among five bidders with a project price of $19,717.

Parks and Wildlife Department said the fencing project was designed more to keep exhibition animals in LBJ State Park than the keep visitors out. But it will enclose a large portion of the park and separate it from Ranch Road 1 and the LBJ Ranch, known as "the Texas White House".

Poverty Program Shifting

Texas War on Poverty program seems to be heading for a shift in control to the cities and counties under new federal legislation. New law will give local governments the option of taking over programs, effective Feb. 1, 1969.

Cities and counties would have three alternatives: designate an existing community action agency; or designate themselves or some other public or private agency to operate the poverty program; or leave the decision of who is to run the program up to State poverty program officials.

Change in control may also mean a change in the funding formula for the poverty program. Regional OEO Administrator Fred D. Baldwin said there is a "strong possibility" that next year's federal appropriations will come to the states without federal strings on how the money should be used.

Farms Continue Fewer, Larger

The number of farms in the U.S. continues to decline but their size is increasing. The USDA's Crop Reporting Board estimates there'll be 3,059,000 farms operating in the nation in 1968, down 3% from the 1967 total. The average 1968 farm at 369 acres, will be 2.5% larger than in 1967 and 28% larger than the average farm in 1959. Texas with 195,000 farms leads the nation in farm numbers.

CROSSROADS REPORT

Dear Editor:

Report is that several of the big boys on the Potomac have been holding breakfast prayer meetings, to try to talk the Lord into helping us out of the mess they have got us in.

Seems they have not been keeping in touch with the doings of the judicial branch of government and therefore haven't noticed that it has been declared Unconstitutional for state officials to recognize or do business with God.

In fact, this constitutionally required break in diplomatic relations with Heaven may make it unconstitutional for Washington to collect income taxes on what a man earns washing cars after a God-sent rain.

D. E. SCOTT

Work Begins on Telescope Dome

University of Texas officials report that assembly and exterior work has been completed on the dome to house the University's new 105-inch reflecting telescope at McDonald Observatory near Fort Davis.

Interior work on the dome is expected to start in April and should be complete by autumn. The telescope will be the third largest in the world.

First Baptist Holds Attendance Drive in March

First Baptist Church of Wellington will conduct an attendance campaign, beginning on March 3 and continuing through April 7, the Rev. Leroy Gaston, pastor, has announced.

The theme will be "My Best for Christ."

Each member of the Sunday School has been asked to sign a commitment card that he will do his best to attend every Sunday of the campaign.

The First Baptist Church of Shamrock is holding a similar campaign and has challenged the Wellington church, Rev. Gaston said.

Federal Crop Insurance Covers 473,000 Acres

Some $25.6 million in Texas crop production expenses on more than 437,000 acres was protected by Federal Crop Insurance in 1967.

An estimated $2.2 million was paid to Texas farmers to cover approximately 2,500 losses during the past year.

A recent USDA announcement said the protection in 1968 would be available on irrigated cotton in Culberson County and on cotton and grain sorghum in Matagorda County and will bring the total Texas counties to 66 where the insurance is available.

Grain sorghum insurance will also be available in Wharton and Fort Bend Counties.

Men In Service

Winston Hicks

* * *

U.S. ARMY, Korea. — Army Private Elbert Winston Hicks, Jr., 21, son of Mrs. Bessie Hicks, 709 Bowie St., Wellington, was assigned as an artillery surveyor with the 2nd Infantry Division in Korea on Jan. 31.

His father, Elbert W. Hicks, lives at 1106 West Ave., Wellington.

WITH U.S. COMBAT AIR FORCES, Vietnam.— Airman First Class Ronald L. Dieringer, son of Oscar W. Dieringer of 206 S. Madden, Shamrock, is on duty at Nha Trang AB, Vietnam.

Airman Dieringer, an accounting specialist, is a member of the Pacific Air Forces.

Before his arrival in Vietnam, he was assigned to Clark AB, Philippines.

The airman is a 1965 graduate of Shamrock High School.

His wife is the former Dolores G. Decino from the Philippines.

Texas Highway Concepts Adopted Throughout Nation

AUSTIN.—Two new life-saving concepts have joined others originated by the Texas Highway Department as standards for highway development over the nation.

Many made-in-Texas innovations — from highways with broad, sloping shoulders to the original design of the Interstate Highway shield — have been incorporated into highways in all 50 states.

Now, a Federal Highway Administration order requires installation of "break-away" supports for signs and light standards on all federal aid highway projects.

Both concepts were pioneered by Texas Highway Department engineers and developed thru cooperative research by the Department and the Texas Transportation Institute at Texas A&M University.

"This means that any signing or lighting done on 900,000 miles of the national federal aid highway system must use these concepts as developed by the Texas Highway Department," said State Highway Engineer D. C. Greer.

Countries from every continent in the world will participate in HemisFair '68.

Norwood Loses to Quail in Semi-Finals

The Samnorwood Eagles had the curtain drawn on their season by the Quail boys, winners of District 9-B, in the semi-finals of the district tournament at Memphis Friday, Feb. 23, by a 77-60 score.

The season closed with the Samnorwood boys having won only 6 of 28 games played for the season, but the game with Quail was not played as though this were the case.

Both teams showed very well from the floor with Quail hitting 43 percent of their field goals and Samnorwood hitting 42 percent. The difference in the game score could be attributed to the rebounding, as Quail picked off 42 rebounds to only 27 for Samnorwood.

The Eagles were led in the concluding game of the season by three seniors who completed their playing days at Samnorwood—Nelson Dwyer, Ron Warmack and Stanley Oldham.

These three all fouled out of the game late in the fourth quarter, after having come close to leading the Eagles to a big upset. Warmack finished the game with 24 points, while Dwyer had 17 and Oldham played his usual steady defensive game and rebounded well.

Quail was led by senior Jerrell Fielding with 29 points—the game high. Gary Neeley had 14 points and 16 rebounds and junior Gary Barton with 15 points.

With this victory and a victory over Hedley Saturday, Quail advanced to the bi-district game with Quitaque.

"Even though the season could not be termed a success for Samnorwood, it was inspiring to see the boys continue game after game to play with a zest and vitality betraying the tough breaks and injuries that befell them," said Norwood Coach Loyd Stephens. "The three seniors will be hard to replace but much experience was gained by returnees for next year."

NEAP TIDES

When the sun and moon act directly against each other other, as they do at the first and third quarters of the moon, the high-water level of the tide stands at its lowest point. This is called the neap tide.

St. Joseph's Hospital Notes

William B. Harris, medical, Feb. 21 to 24.

Mrs. Tom Harwell, medical, has been a patient since Feb. 22.

Danny Greenway, traumatic surgery, has been a patient since Feb. 22.

George Garza, medical, was admitted Feb. 24.

Johnny Jones, traumatic surgery, was admitted May 25.

Mrs. Santos Guajardo, Jr., obstetrical, was admitted Feb. 25.

Mrs. Addie Trimble, medical, was admitted Feb. 26.

Patients admitted earlier and dismissed since Feb. 18:
Jim Wade, Feb. 18.
R. H. Young, Feb. 20.
Mrs. Nannie Gibbons, Feb. 20.
Mrs. J. I. Thomas, Feb. 22.
Mrs. Dick Hill, Feb. 23.
Ray Null, Feb. 23.
Mrs. Theo Parker, Feb. 23.
Mrs. Edith Thompson, Feb. 23.
Mrs. Edith Murry, Feb. 24.
Joe Simpson, Feb. 24.
Mrs. W. W. Sugg, Feb. 25.
Mrs. Grady Graham, Feb. 26.
George L. Roberts, Feb. 26.

Low Voltage Shocks Kill

A man can be killed by as small an electrical jolt as 20 volts. False? True, if he's standing in water because even lesser shocks can kill if the current passes through his chest.

Such a shock can cause fibrillation, or an unsynchronized fluttering of the heart, halting the flow of blood to the brain.

In some cases, a high-voltage shock may "freeze" the heart until the current is off. If done in time the victim will survive, ,for fibrillation can be prevented by freezing.

The severity of a shock is not—as many people believe—determined by voltage. Shock severity is a combination of the quantity, path and duration of the current as it flows through the body. These factors can vary even when the voltage is constant.

But whether an electrical shock victim has received high or low voltage, first aid is the same: artificial respiration vigorously applied and continued until the victim recovers.

Helium is used in luminous signs of neon type, for advertising.

Work at Reservation

District Scout Plans Set in Sessions Here

Events in which troops of the Comanche District, Boy Scouts of America, will participate were planned in two meetings held in Wellington recently.

At the Scout Round Table, leaders set the date of the annual camporee for April 26 and 27. This will be a work Camporee at the new Adobe Walls Scout Reservation near Wheeler, and awards will be based on participation of units in the work, according to Dave Agnew, Comanche District Scout executive.

Patrols will continue work on projects now under way, such as removing old buildings and work on the permanent camp sites.

This meeting was held Thursday, Feb. 22 in Fellowship Hall of the First Christian Church.

At the District Committee meeting held Tuesday at Greenbelt Electric Co-operative, Inc., plans were made for district-wide projects at the Reservation, to include the remodeling and maintenance of the only permanent building at the camp site. This will be used for the camp office and store room during the summer camp.

Plans were made for the annual Boy Scout fund drives in the communities that have not yet held them. These include Clarendon, Shamrock and Wellington and the date for the drive in each will be decided on by the local leaders.

Mr. Agnew said that the new water tank, with a capacity of 11,500 gallons, will be moved into the Reservation this week end, and the metal latrines from Camp Kiowa will be brought down.

Electricity, which will be furnished by Greenbelt Electric Co-operative, Inc., has been brought into the new camp site and Mr. Agnew praised the work the co-op has done in completing this.

Scouts Advance in Troop 32

Five members of Boy Scout Troop 32 received advancement recently when they came before a board of review at the Fellowship Hall of First Christian Church.

Gary Dan Wright was advanced to first class Scout.

Four boys were advanced to Star rank: Teddy McLain, Bobby Saied, Earl Hartman and Dan Fires. This advancement means that they have been a First Class Scout for at least three months and have earned five merit badges.

Members of the board of review were Sandy Parsons, Jr., Lynn Wright and Bill Long.

Mr. Wright requested parents of former Boy Scouts who may have used Scout uniforms not in use to donate them to the troop so that boys unable to buy uniforms may be outfitted. These may be left with Glenn McLain, Scoutmaster, or at Parsons Drug.

John Ford Pledges GTU

DENTON.—John J. Ford III is among 15 spring semester pledges of Gamma Theta Upsilon, national professional geography fraternity, at North Texas State University.

Ford, a senior geography major, is the son of Mr. and Mrs. John J. Ford, 1510 Graham, Wellington.

UT Application For Aid Due

AUSTIN.—High school seniors planning to enroll at The University of Texas at Austin next fall should make application before March 1 if they desire financial aid.

Edward Lee Carpenter, director of Student Financial Aids at UT Austin, said the early filing date is for the convenience of new students. For many high school seniors, their choice of a college depends greatly on financial aid which can be arranged, he explained.

Entering students who miss the March 1 deadline are not ineligible for aid, but consideration for a fall semester package grant would be delayed, Carpenter said.

To be considered for aid, a new student should file an application, a high school transcript and a family financial statement. One application qualifies the student for consideration for National Defense loans, Educational Opportunity grants and a work-study job.

"In most cases we will try to arrange package aid," Carpenter said. "Many students are eligible for several aid programs."

Don Van Pelt in Charge

Testing Completed in Three County Schools

A testing program has been completed in the Samnorwood, Quail and Dodson schools under the direction of Don Van Pelt, county school counselor.

This is the first year that a testing program has been extended to include all three of these schools, Mr. Van Pelt explained. The Wellington system has had a counselor, Louis Graham, and a testing program for a number of years.

Readiness tests to measure reading and arithmetic skills were given Samnorwood and Quail second grade students.

Achievement tests were given in the third, fourth, fifth, sixth, and seventh and ninth grades.

"The achievement tests help spot deficiencies in students and also help teachers do a better job of teaching," Mr. Van Pelt explained. Asked if teachers themselves could not spot these deficiencies, the counselor said that a testing program was more objective.

Mental ability tests, as IQ tests are now termed, were administered in the third, fifth and seventh grades. These tests are machine-scored by the company that puts them out, and the personal opinion of any person who may administer the test cannot enter into the student's score.

Also at Quail and Samnorwood, the Kuder Interest Inventory and the Flannagan Aptitude Test were given to juniors and seniors.

Mr. Van Pelt explained that the Kuder Interest Inventory is given only in high school, and sometimes brings out interests of which the student himself is unaware. The student's aptitude in 19 fields is measured in this study.

Achievement tests and mental ability tests were given at Dodson in the seventh grade.

Dodson students also received the achievement test in the ninth grade and seniors were given the Flannagan Aptitude Test.

The Large Thorndike Mental Ability Test was given to Dodson seniors in addition to the above juniors.

All these students were encouraged to take the National Merit Scholarship Exam, which was given at Samnorwood Feb. 27, for all students in the county.

This is not required, Mr. Van Pelt explained, but added that most seniors, especially those who plan to enter college, are registered for the ACT or SAT tests.

Vinson Alumni Banquet Set for April 13

The 37th annual banquet and reunion of the Vinson High School Alumni Association will be held Saturday night, April 13, the night before Easter.

Mrs. W. J. Keith, secretary, has announced that the banquet will be held at 7 p.m. in the Vinson community building, followed by a mixer.

Other officers are Wayne Jones, president, and Eugene Francis, vice president.

Approximately 500 invitations are due to be mailed out this week to Vinson High School alumni scattered through many states.

Formerly one of the largest school districts in Oklahoma, Vinson was dissolved several years ago and the students now attend Hollis, Ron and Arnett schools.

Lunchroom Menu

Wellington

- Mon. March 4: Beef stew with onions, potatoes, carrots and tomatoes, celery sticks, fruit, cornbread, cake, half pint milk or chocolate milk.
- Tues. March 5: Enchiladas, tossed green salad, brown beans, hot buttered French bread, ice cream, half pint milk or chocolate milk.
- Wed. March 6: Barbecued wieners, cabbage and green pepper salad, sweet potato pie with whipped topping, hot rolls and butter, steamed rice, half pint milk or chocolate milk.
- Thurs. March 7: Fried chicken with cream gravy, carrot sticks, broccoli with cheese sauce, whipped potatoes, hot rolls, butter and honey, half pint milk or chocolate milk.
- Fri. March 8: Hamburger patty on a bun, cheese slice, onion, mustard and pickles, lettuce and tomatoes, corn on the cob and butter, fruit juice, candy, half pint milk or chocolate milk.

SALT FORK SOIL CONSERVATION DISTRICT NEWS

GRASS PLANTING TIME
By Stephen Qualls

The outlook for successful grass planting are excellent due to our soil moisture. Most of the soils in the district are at their maximum water holding capacity at the present time.

There are several persons in the Great Plains Conservation Program who have grass seeding scheduled for 1968. These persons are encouraged to seed their grass in the very near future, if a dead litter crop is on the ground. Persons who plan to seed pasture grasses such as weeping lovergrass and bermudagrass on a clean seedbed will be required to wait until after May 1 due to the wind erosion hazards in the immediate future.

There are numerous Great Plains Program producers who seeded their grass into rear litter covers before the snow last week. These people have an excellent chance to obtain successful grass stands this year. Some of these include David Peters, C. C. Taylor, Barney Jones, Keneth Hudson, Olan Farris, Ermer Lineburger and O. A. Kiker.

WATERWAYS
By Lynn J. Courtney

The purpose of a water way is to remove excess water from cultivated land at a non-errosive velocity. Most waterways require a permanent vegetation to prevent erosion. We have found bermuda grass to be one of the most suitable for this purpose. However, other grasses can be used. Bermuda can be contained in waterways by planting a native grass in a 15-foot strip around the Bermuda.

Water ways are designed to carry the runoff from the largest rain in ten years. Grassed water ways are the foundation of a graded terrace system and must be established before the terraces can be built.

Merlyn Carter, Garland Hightower and Olan Farris are some of the soil conservation cooperators that have established grassed water ways.

Contact your local Soil Conservation Service for design and cost estimation.

Rootstocks Should Be Resistant

Home and commercial peach growers are advised by Jerral Johnson, Extension plant pathologist, that they can avoid trouble from root know nematodes by planting only peach varieties which have been budded on root stock which is resistant to the insects. Local county agents can supply additional information.

The average family of four uses over a ton of paper per year.

March 8 Last Day to Release Cotton Acreage

Cotton farmers are reminded that March 8 is the final date to release any cotton acreage they do not intend to use for the 1968 crop to the ASC County Committee for reapportionment to other farmers in the county who apply for additional cotton acreage, according to Millard Brown of the Collingsworth ASCS office.

March 8 is also the final date to make application for additional cotton acreage. There may be some farmers who had total farm Soil Bank contracts that expired last year and do not intend to put this land back into cultivation at the present time.

In these cases the farmer can participate in the cotton program by diverting 5% of the allotment, using a portion of the expired soil bank land for the required diverted acres. Then the balance of the cotton allotment could be released to the committee for use by other farmers in the county who apply for extra cotton acres.

Full details on these provisions can be had by calling at the ASCS office, Mr. Brown said.

Dodson Girls Down Hedley to End Season

The Dodson girls basketball team defeated Hedley girls by a breath-taking 28 to 27 to close their season Tuesday, Feb. 13.

Dodson boys, less fortunate, were defeated 73 to 38 by the strong Hedley team.

These games were played in the Dodson gym.

Festivities between the games saw Nancy Gulley crowned as Dodson Basketball Queen, and her escort was Gary Norman.

There was never more than 3 points difference in the game that was a thriller from the spectator standpoint. Dodson held the lead 9 to 7 at the end of the first quarter, but Hedley was ahead 2 points at the half, 16 to 14. By the third quarter, the score was tied, 19-19.

Donna Tabor was high scorer for Dodson and the game, with 17 points. Nancy Gulley made 5 and Debra Talley 6.

Leggitt and George scored 8 each for Hedley, Saunders had 7 and Rowell 4.

The boys game was never in doubt, and three Hedley players scored in the double figures—Ward with 25, Hansard 17 and Hill 10.

Dodson's Gary Norman was high for his team with 23.

Nancy Gulley, Donna Tabor, Debra Talley, Velma Whitson, Sheila Lewis and Linda Lemons played for the Dodson girls.

Hedley players were Leggitt, Rowell, Steele, Floyd, Hill, George, Bain, Saunders, and C. Saunders, and Winn.

Mustang players were Dennis Sexton, Mike Teutsch, Phil Drew, Kenneth Derrick, Gary Norman, Gary Curry, Randy Motsenbocker, Johnny Lemons, Oran Sain, Donald Wilfong, and Cecil Wiles.

Hedley boys were Hill, J. Hill, R. Hill, Hansard, Ward, R. Ward, James, Myers and Conatser.

Dwyer Helps Check School

John Dwyer, vocational agriculture instructor at Samnorwood has been invited by Dr. Paige Carruth of West Texas State University to participate in a voluntary evaluation of the Gruver Public Schools on Monday and Tuesday, March 4 and 5.

He will be one of a team working in the system.

Mr. Dwyer, who has taught at Norward 8 years, and prior to that at Groom, has had judging teams in state competition almost every year for the past decade, and he also has served as a director of the Texas Association of Vocational Agriculture Teachers.

Turners Return Here to Live

Mr. and Mrs. Delmar Turner, son of Mr. and Mrs. Doc Turner, have recently moved here from Carlsbad, N.M.

Both Mr. and Mrs. Turner were raised in Wellington. She is the former Janetta Gollihugh.

They have three children: Pamela, 8, Patricia, 5, and Delmar, Jr. 4.

Mr. and Mrs. Turner will be employed at the Dixie Maid.

Their home address is 1400 El Paso Street.

FFA

—from page one

Brown, farm safety; Kent Clark, agribusiness; Larry Kane, home improvement; Teddy Martin, livestock farming; Tim White, farm mechanics; and Chuck Wilbur, public speaking.

Tommy Campbell, a first year student, was chosen the Star Green Hand. The Star Chapter Farmer award went to Mike Davis, a second year student.

Chapter scholarship pins went to three boys in each of the three agriculture courses: Sammy Coffee, David Hodges and Stan Parker, VA I; Billy McAlister, Ricky Nall and Danny Watts, VA II; and Teddy Martin, Eddie Orr and Chuck Wilbur, VA III.

Certificates of merit were presented to one boy in each of the three years of vocational agriculture: Sammy Coffee, first year; Danny Watts, second year; and Chuck Wilbur, third year.

Certificates were presented to Greenhands, who were Kenneth Black, Reece Bowen, Tommy Campbell, Tim Cates, Sammy Coffee, Larry Denny, Keith Derryberry, Barry Farris, Danny Gray, Ted Harris, David Hodges, Kenny Hunt, Donald Ivy, Mark Killian, Jerry Lewis, Stan Parker, Keith Martin, Kim Patrick, Jackie Pendleton, Eddie Popwell, Billy Sherwood, Mark Strickland, Rodney White and David Throne.

Chapter Farmer certificates were presented by Chuck Wilbur, president, to Mike Barjenbruch, Danny Brooks, Kenneth Cook, Joe Cummings, Mike Davis, Mike Gilmore, Gary Mike Gulley, Dallas Holland, James Jones, Billy McAlister, Joe Montgomery, Ricky Nall, Anson Parker, Mike Peters, Ronnie Roberts, Danny Watts, Danny West, Nicky Watts, Wayne Whitten and James Wolf.

Wilbur was master of ceremonies and other officers took part in the opening ceremonies. Entertainment was by the lively Horns A Plenty, with Barry Johnson at the piano; Chris Hubbard, trombone; David Groves and Billy McAlister, trumpets; and Dickie Johnson, drums.

Kent Clark gave the invocation; Wilbur and Jimmy Bohannon introduced the guests, including honorary members. Awards were presented by Wilbur and Mr. Lacy.

Busy Bluebirds Visit Paper

Nine members of the Busy Bluebirds visited The Wellington Leader Tuesday afternoon, Feb. 27, to see how a newspaper is published.

The girls were shown the machines on which type is set and the press on which the paper is printed. Other operations were explained to them.

The group included Terry Cassey, Ranee Taylor, Suzy Castleberry, Kathy Trimble, Pamela Marsh, Janee Taylor, Debra Stallings, Cathleen Hunt, and Kay Chance. Pennie Morgan was the only member unable to attend. With the girls were Mrs. Troy Marsh and Mrs. Cecil Lockhart.

Mrs. Nunnelley Ill in Lubbock

Mrs. J. E. Nunnelley is in West Texas Hospital in Lubbock recovering from a heart attack which she suffered about ten days ago while visiting a daughter, Mrs. Henry Seidmeyer.

Her condition is improved and she may be released from the hospital Wednesday or Thursday, according to her daughter-in-law, Mrs. Shelton Nunnelley.

Mr. and Mrs. Shelton Nunnelley were with his mother in Lubbock from Wednesday until Sunday. Mr. and Mrs. Ernest Nunnelley and Mr. and Mrs. Carroll Nunnelley and girls visited during the week end.

Henry Davidson

—from page one

arillo.

Funeral services were conducted at First Baptist Church at 2 p.m. Wednesday, with the Rev. Leroy Gaston, pastor, and the Rev. Ronald Crosley, pastor of the Church of the Nazarene, officiating. Burial was in Fairview Cemetery under the direction of Kelso Funeral Home.

Pallbearers were C. T. Hubbard, E. S. Hale, Jr., Alvin Horton, Tom Wilkins, Milburn Derryberry and Earl Hunter. Deacons of First Baptist Church were honorary pallbearers.

Survivors include his wife, Mrs. Emma Davidson of Wellington; a daughter, Mrs. A. G. Kelley of Wichita Falls; a brother, John Davidson of El Cajon, Calif.; a sister, Mrs. M. E. Rountree of Wellington; a granddaughter, Mrs. W. C. Winchester and a great granddaughter, Andrea Winchester, both of Fort Worth.

his father in banking, just as he did in livestock raising, and in 1944 he was elected a director of the Wellington State Bank, where he was known for his sound judgment in business affairs for a long period of years.

He was married to Miss Emma L. White, a member of another pioneer county family, on May 16, 1909, in Artesia, N.M. Their home for many years was on their farm northeast of Wellington. A few years ago they moved into town.

Mr. Henard had the courtly manner, quiet nature and the strengths of character that were molded on the southwestern frontier. It was those valued qualities that brought him the respect and trust of the community.

His three sons followed him into the livestock business.

Funeral services for Mr. Henard were conducted at 10 a.m. Tuesday at First Methodist Church with the Rev. Ellis Todd officiating. Burial was in Fairview Cemetery under the direction of Kelso Funeral Home.

His seven grandsons were pallbearers: Dan Henard, Jr., Joe John Henard, Larry Henard, Andy Henard, John R. Henard, III, Jim Henard and Bill Henard.

Surviving are his wife, Mrs. John Henard of Wellington; a daughter and three sons, Mrs. Edgar Taylor of Los Angeles, Calif.; Dan Henard, John R. Henard, Jr., and Edd Henard of Wellington; a sister, Mrs. Zack Lowrie of Floydada, nine grandchildren and two great grandchildren.

A brother and two sisters preceded him in death, Mrs. A. C. Gray, Mrs. Stella Tingle, and Sherm Henard.

At least 225 different species of trees grow in Texas, some of which are not commercially important at the present.

Sister of Mrs. Leach Dies

Mrs. J. A. Leach received word Sunday, Feb. 25, of the death of her twin sister, Mrs. D. M. Stalnaker of Lubbock. She would have been 91 years of age on March 8. She was also the aunt of Mrs. Ralph Ball and A. B. Clark.

Mrs. Stalnaker had been in a nursing home in Lubbock about five years.

She and the late Mr. Stalnaker visited in Wellington many times in the early days, and many here knew her.

The former Callie Bell Curtner, she was born in Wise County March 8, 1877. After her marriage, she and Mr. Stalnaker lived in Frederick, Okla., then moved to Lubbock many years ago. He preceded her in death.

Mrs. Stalnaker was an active worker in the Methodist Church at Lubbock.

Funeral services were conducted Tuesday in Lubbock.

Survivors are two sons, Wayne Stalnaker of Lubbock and A. G. Stalnaker of Fort Worth; and two sisters, Mrs. Leach and Mrs. Maude Green of Amarillo.

Some Students

—from page one

get through then," Mr. Motsenbocker said.

Dodson commencement is now scheduled for May 24.

Samnorwood students missed only one day due to the snow, and two days vacation at Easter are still scheduled, said Supt. Robert Dwight.

However, Samnorwood students have already missed six and one-half days of school so far this year, due to illness and weather, Mr. Dwight reported. In contrast, only one day of school was lost in the three years prior to this.

Samnorwood School will not be dismissed for the TSTA meeting March 8, but the faculty will be represented.

Quail students missed one full day of school due to the snow and were sent home early one day, but as things are now, it will not affect their Easter vacations, Supt. E. P. Haynie said.

"We had one day to play on," he remarked.

Quail teachers will not attend the TSTA meeting and school will not be dismissed, he added.

Mortality rate of persons contracting cholera is 30% to 80%.
