Snow Scene In Austin

The second snowstorm of the season dumped up to three inches of snow on the Capital City Wednesday. This scene along Waller Creek near the Capitol is typical of the scenic beauty Austinites found throughout the city. (AP WIREPHOTO)

Snow Blankets Wide Belt Through Texas

By The Associated Press

Snows of up to four inches, feeding off a great churning storm in the Midwest, blanketed a massive swath of Texas during the night.

The U.S. Weather Bureau said continued cold, cloudy conditions should prevail over the state again Wednesday, although rain rather than snow was in the forecast.

BIG BEND

The snow belt extended from the Big Bend area all the way to Austin in South Central Texas and to Nacogdoches in deep East Texas.

Snow started falling in the capital about 2:30 a.m., the Department of Public Safety reported, and had reached Nacogdoches by 6 a.m.

Early morning lows ranged from a frigid 11 degrees at Dalhart and 16 at Amarillo up to 44 at Corpus Christi and 48 at Brownsville, at the southern tip of Texas.

High temperatures over the state were not expected to get above 50 Wednesday afternoon with night-time lows to plunge to 10 in the Panhandle and the 20s and low 30s elsewhere.

Rain was forecast for South Texas with rain or some snow in the southwest portion of the state Wednesday.

The Weather Bureau had said snow could be expected to move into North Central Texas by Tuesday night but later forecasts deleted the possibility.

SNOWY TOWNS

Points receiving snow Tuesday and early Wednesday included Midland, Big Spring, San Angelo, Abilene, Austin, Wink, El Paso, Alpine, Fort Davis, Fort Stockton, Marfa, Kerrville, Del Rio and Presidio.

The greatest fall was four inches at Alpine.

The Department of Public Safety said no highways in the state had been closed by the snow although driving conditions were hazardous in some areas.

Solons Reject Testimony In Baker Inquiry

WASHINGTON (AP) — Democratic senators have stamped "unworthy of belief" the secret testimony of a key witness in the Bobby Baker investigation — and made that the epitaph of their long and stormy inquiry.

That judgment was based on a Justice Department report of FBI findings on a stream of accusations leveled by Maryland insurance man Don B. Reynolds.

It came late Tuesday from the Democratic majority of the Senate Rules Committee, over the protesting votes of three Republicans.

CLOSED SESSION

At the same closed session, the Rules Committee voted to ask that the Justice Department send Reynolds' sworn testimony along with the FBI findings, to a federal grand jury to determine whether there is a basis for a perjury indictment.

The committee also asked that all the testimony it has heard during the politically charged investigation be sent to the grand jury to determine whether anybody should be indicted for perjury.

Reynolds named President Johnson, Senate Democratic Leader Mike Mansfield of Montana, Rules Committee Chairman B. Everett Jordan, D-N.C., Sen. Howard W. Cannon, D-Nev., Sen. George A. Smathers, D-Fla., and a cast of other men in public and private life in his closed testimony last Dec. 1. The FBI interviewed people who denied each accusation he made.

UNDER FIRE

Reynolds, a business associate of Baker, said the former secretary to the Senate's Democratic majority who resigned under fire in October 1963 told him of a $100,000 payoff on the controversial TFX warplane contract.

He talked of influence allegedly brought to bear on other defense contracts, and of "a big sex party" in a New York hotel.

Reynolds' testimony itself was not made public. Sections of it were quoted in the Justice Department report filed by Atty. Gen. Nicholas Katzenbach.

In one, Reynolds talked of a bag full of money and the TFX contract. The report told it this way:

"Reynolds said 'I was in Bobby's office and he said to me 'Did you see that man going out of the office,' and I said 'Yes.' And he said 'That is Mr. Evans,' to the best of my recollection, the president of Grumman Aircraft. And he said 'Do you see this flight bag on my desk, this blue bag,' and I said 'Yes.'

TFX CONTRACT

"He said 'Would you like to see what is in it' I said 'Open it.' And he opened it up and there were hundred-dollar bills. . . . and he says '$100,000 for the TFX contract.'

"Reynolds said that Baker then told him 'that the leader had interceded to make sure that TFX was awarded to General Dynamics Corp.'

"According to Reynolds, Baker explained 'that the Grumman Aircraft would be awarded a substantial subcontract amount by bringing money to Baker.'

"Reynolds added 'And while I was in Baker's office, sir. . . Margaret Tucker came in and said, 'The vice president is on the phone.' No, she said, 'The leader,' I'm sorry sir, she said, 'The leader is on the phone, your leader, and he wants you to come up immediately.' So he says, 'I'm sorry, Don, I can't talk to you any more about it. I have got all these things.' And he grabbed the blue bag and left."

Johnson was majority leader of the Senate before he became vice president.

Having recounted that testimony, the FBI reported other people involved denied it. Baker was not among those interviewed.

World Reds Rap U. S. For Attacks

Viet Cong Suspects Routed

Vietnamese paratroopers march away two suspected Viet Cong guerrillas found hiding in a tunnel in a jungle hamlet east of Binh Gia in southern South Viet Nam. The area was captured after a battle with Viet Cong unit which withdrew leaving a few unarmed men, women and children. (AP WIREPHOTO)

Viet Nam Withdrawal Demanded

MOSCOW (AP) — Representatives of 18 Communist parties today assailed the United States for "barbarous bombings" in Viet Nam and creating dangerous new international tension. They demanded an end to the raids and an immediate U.S. withdrawal from South Viet Nam.

The statement stressed Communist unity but Red China and its allies in the Communist ideological dispute did not attend the Moscow meeting. The statement did not speak for them.

CARRIED BY TASS

The statement on Viet Nam, a separate document from the meeting's over-all communique, was carried in part by the official Soviet news agency Tass.

"The barbarous bombings of populated centers on the territory of Socialist Viet Nam created a new situation in Southeast Asia fraught with serious aggravation of the international situation as a whole," the statement said.

STAND UNITED

The 18 parties expressed solidarity with North Viet Nam and demanded "immediate withdrawal of armed forces of the United States and its satellites from South Viet Nam, and discontinuation of armed attacks on the democratic republic of Viet Nam."

The representatives were reported in disagreement on the public line to take toward Communist Chinese opposition to Kremlin policies.

* * *

SAIGON, South Viet Nam (AP)—In Viet Nam, over 30 U.S. Air Force jets flew a mystery strike today from Da Nang air base. It was believed they hit at Communist positions in Laos.

HIT TARGETS

Officials at Da Nang, 100 miles south of the border with North Viet Nam, would not disclose the targets of the strike.

American officials in Saigon said there had been no strike against North Viet Nam today, but they refused to say whether raids had been made elsewhere outside South Viet Nam.

American jets have been hitting Communist targets in Laos fairly regularly for the past few months.

A high Vietnamese source at Da Nang said the strike was against Communist targets either in North Viet Nam or in Laos. He declined to say which.

ATTACKS PLEDGED

He said regular attacks against Communist targets in both countries could be expected in the future.

The American F100 and F105 fighter-bombers were heavily loaded with bombs and rockets. No Vietnamese planes took part in the mission.

President Johnson said in Washington Tuesday night that six planes were shot down in Tuesday's massive air raid against Red military targets in North Viet Nam and that five of the pilots had been rescued.

U.S. officials in Saigon said four Americans and one Vietnamese were rescued and one American pilot was still missing. A U.S. spokesman refused to say whether he was down in North Viet Nam.

Third Trial Of Billie Sol Goes To Jurors At Dallas

DALLAS (AP)—A jury began weighing a verdict today in the trial of Billie Sol Estes on charges of lying about his financial status to obtain grain storage contracts worth millions.

The former West Texas promoter, already under prison sentences for fraud and swindling, listened to closing arguments with a relaxed appearance, occasionally glancing back as if to study the reaction of spectators in the small federal courtroom.

WIFE, CHILDREN

Sitting in the front row a few feet from him were his wife and five children—four daughters and a son 8 to 17 years old.

Testifying Tuesday for the first time in three trials since his 1962 arrest, the prison-bound former promoter disavowed guilt on mail fraud charges, under which he drew a 15-year prison term, and denied wrongdoing in any of the 30 - odd businesses he once operated.

Estes' unexpected recital came close to winding up the current case, in which he is accused of lying about his debts to qualify for government grain storage contracts worth more than $5 million a year. He spent two hours and 15 minutes on the witness stand, facing the jury and speaking in a low, steady voice.

NOW BANKRUPT

Estes, 40, once rated a multi-millionaire but now bankrupt, asserted a secret agreement with Commercial Solvents Corp. of New York cleared him of the accusation that on three occasions in 1960 and 1961 he falsely understated his indebtedness by $4 to $5 million.

Commercial Solvents is the firm from which the former farm tycoon said he bought and resold to West Texas farmers 126,000 tons of anhydrous ammonia (fertilizer) in about three years.

Estes said Commercial Solvents' former president, J. Albert Woods, who was ousted in a 1959 proxy fight, agreed in 1958 to sell him the fertilizer for $40 a ton but to bill it at $90 a ton. He testified that Woods' successor at the company helm, Maynard Wheeler, carried out the agreement.

WIN BUSINESS

Estes said in time he sold ammonia as low as $60 a ton to win business.

The understanding, Estes said, was that he would receive a rebate for helping the company recapture customers lost to its competitors in West Texas. He told the jury nothing was put into writing for fear of anti-trust law trouble.

This agreement had the effect, Estes claimed, of making more due him from Commercial Solvents than he owed the New York firm. At the same time, he said, all grain storage rentals paid him by the Commodity Credit Corp. or individual owners were firmly committed to Commercial Solvents.

Housewives Hire Out To Bookies

NEW YORK (AP) — Police have launched a crackdown against housewives who use telephones to aid bookmakers and earn up to $100 a week.

Police Commissioner Michael J. Murphy disclosed Tuesday that 24 housewives have been arrested in seven weeks for operating illegal telephone answering services from their homes while hubby is at work and the kids are in school.

ROOT OUT

Murphy said: "We have driven bookmakers from the street, from candy stores and bars and grills, from conventional answering services, from hotel rooms and from ordinary wire services. We will spare no effort to root out this new development in bookmaking operations."

Police say the housewives pick up tax-free pin money of from $50 to $100 a week for their simple services. While making the beds, washing the dishes or vacuuming the rugs, they answer the telephone and take down a message from a $2-and-up bettor.

Murphy said the women don't actually take any bets.

BOOKIE MESSAGES

The messages for the bookies may be something like: "Call Joe at such-and-such a number."

Periodically, the bookie calls the housewife and picks up his messages. He then calls the bettors, takes the bets and gives a fictional name for a housewife and a telephone number to call the next day for another round in the operation.

Murphy said some housewives have been handling calls for several bookies. Big volume bookies use more than one housewife.

Murphy warned that housewives performing such services were "aiding and abetting a criminal activity" and liable to a $50 fine and five days in jail.

Well Victim To Be Buried

FORT STOCKTON (AP) — A Fort Stockton youth's body, which was found at the bottom of a deep well in Mexico, was to be buried at services here today.

The youth, Tony Valenzuela, 20, was found at the bottom of a 120-foot well on the edge of Ojinaga, Mexico, a small town across the border from Presidio.

Authorities said the youth apparently fell or was pushed down the well after becoming separated from two companions while visiting the Mexican town last Sunday.

Rocket Fire Cause Probed

CAPE KENNEDY, Fla. (AP) — A space agency investigation team today sought to determine the cause of an engine failure that sent a $12-million Atlas-Centaur rocket crashing in flames on its launch pad.

The failure Tuesday was a serious setback to the Project Surveyor program which seeks to gently land unmanned spacecraft on the moon to learn if the surface is strong enough to support manned landings.

The Atlas-Centaur was to have propelled a dummy Surveyor craft to an imaginary moon 248,000 miles out in a rehearsal for the first launching of a live Surveyor, scheduled between Sept. 26 and Oct. 2.

National Aeronautics and Space Administration officials said the explosion probably will delay both the Atlas-Centaur and Surveyor programs several months. The first Surveyor probably will not land on the moon before 1966.

Ex-Fort Worth Official Indicted

DALLAS (AP)— A former Fort Worth city official Herman F. Hall, has been indicted by the Dallas County grand jury in connection with the loss of $410,000 from the First National Bank in Dallas.

The indictment alleges theft by false pretext from the Dallas bank through a complicated financial scheme.

Hall, former assistant land agent for Fort Worth, has also been charged in that city with misapplying city funds.

He is free on $100,000 bond in the Fort Worth case. He was arrested Oct. 2 in Eastland after Fort Worth officials were told that $100,000 had been found to be missing following land transactions.

Hall was declared bankrupt by a federal referee last summer in proceedings that showed he owed $3 million.

MOTEL HOLDINGS

He has motel holdings in Austin and Arlington and has been in the business of constructing motels.

The Dallas indictment charges that Hall and Ray L. Able bilked the Dallas bank by drawing up interim financing documents for motel building but that the papers were in fact converted to their own use.

West Gulf Ports Idle

GALVESTON (AP) — West Gulf Coast ports remained idle for the 52nd day today as longshoremen waited for a strike settlement in the South Atlantic District.

Agreement was reached here Saturday on a new four-year contract. But West Gulf dockers decided not to return to work until a new contract can be agreed on at Miami Beach, Fla., for the South Atlantic District. Negotiations there are under way.

"We'll stay out until everything in the South Atlantic is settled," said Ralph A. Massey, president of both the West Gulf and South Atlantic districts.

The West Gulf District includes ports from Brownsville, Tex., to Lake Charles, La.

Teacher Pay Hopes Crash

AUSTIN (AP)—Texas school teachers got the bad news today that the state Senate's preliminary money spending plans do not leave room for a teachers' pay raise.

Sen. J. P. Word of Meridian, member of the subcommittee writing the Senate spending version for 1966-67, said present plans would use up all 1966-67 expected income "with the idea of giving state agencies needed improvement."

The House approved its version of a $3.57 billion general appropriations bill two weeks ago that would leave a surplus of $25 million for expected income—which could be used for increased teachers pay.

Before the 59th Legislature began Gov. John Connally recommended in his proposed budget that expected income be allocated mostly for current state operations and for enrichment of higher education. He said new taxes or other additional income would be needed to give a teachers' raise.

Word said finishing touches would be put on the subcommittee's Senate spending bill. He added that the subcommittee "came close" to giving Connally 100 per cent of what was asked for higher education.

Sen. A. M. Aikin, chairman of the subgroup, said the Senate version likely would go before the full committee early next week.

City Sales Tax Bill Advances

AUSTIN (AP)—A bill allowing cities to impose a local sales tax of either one-half or one per cent with voter approval has advanced to the House floor.

The House Tax Committee approved Seguin Rep. John Traeger's bill allowing local option sales taxation of the same items included in the state sales tax. Traeger said he expects to bring the bill up for debate March 15.

Campus 'Free Speech' Leader Ordered To Jail

BERKELEY, Calif. (AP) — Mario Savio, leader of a University of California political advocacy sit-in Dec. 2-3 that drew 700 arrests, was ordered to jail Tuesday for contempt by a judge Savio said was guilty of "shameless hypocrisy."

Savio was among 442 persons, mostly students, who waivod their right to jury trials before Judge Rupert Crittenden in municipal court. Two students demanded trial by jury.

When Savio's turn came up and he waived jury trial, the judge asked Savio if he understood what he was doing. The 22-year-old philosophy major from New York City replied:

"I fully understand the shameless hypocrisy to which this court is now reduced."

The judge asked Savio to repeat what he had said. The Campus Free Speech Movement leader obliged, word for word Savio was ruled in contempt and ordered jailed for two days.

Tuesday's action was the latest development following a series of free-speech clashes on the big 27,500-student Berkeley campus that began last Sept. 8.

Bodies Found In Plane Wreckage

SONORA, Tex. (AP) — The wreckage of a plane believed from Portland, Ore., with six persons aboard was found today. Sheriff Herman Moore said there were no survivors.

The craft, missing since Sunday night, was found 20 miles east of this West Texas town and a half mile off U.S. 290.

Moore said he looked inside the twin-engined craft only briefly while awaiting help and believed there were six persons inside.

The plane wreckage first was sighted by Stanley Mayfield, a Sonora rancher.

Sonora is 150 miles northwest of San Antonio in ranching country.

The wreckage was found in an area that would have been in line with a flight from El Paso to Victoria, Tex. Victoria had been the destination of pilot Joseph F. Shelley, about 60, of Portland.

The Portland people were flying to Victoria for a real estate convention.

NALLEY-PICKLE FUNERAL HOME AND ROSEWOOD CHAPEL
Facilities and chapel provide means of total service for perfect tribute

Nalley-Pickle Stresses Dignity In All Services

More than 27 years ago Mr. and Mrs. Coy Nalley opened a funeral home at 611 Runnels Street, and operated it with one helper.

Now the Nalley-Pickle Funeral Home and Rosewood Chapel, at 906 Gregg, is operated by 11 persons, including Mr. and Mrs. Nalley and Mr. and Mrs. J. C. Pickle.

There is also a new chapel which will seat 350 persons, including a family room for more than 75.

Since its beginning in 1938 the Funeral Home has been dedicated to serving the public in time of need with full understanding of and sympathy for those who have lost loved ones. Ready and qualified counseling, at a time when the family needs it, is available in the quiet dignity of comfortable surroundings.

Nalley-Pickle staff members can take over all arrangements, when requested, and relieve bereaved families of all worries, and can leave them assured of memorials to be long remembered and appreciated.

In addition to the Nalleys and Mr. and Mrs. Pickle, there are Ralph Emerson, licensed embalmer; Jerry Delatour, licensed embalmer; Roger Long, apprentice embalmer; Marvin Cooper, Barry Elledge and Joe Robertson, attendants, and Bob Read, bookkeeper. A total of over 30 years experience is included in the staff plus that of the owners.

The men, working in two shifts, have apartments in the building for living quarters while on duty, so that 24-hour service is available.

The facilities on Gregg Street, acquired in 1941, have been enlarged as needed. The Rosewood Chapel has long been a dream of Coy Nalley. This dream was realized last July when the formal opening was held.

Rolling equipment now owned by Nalley-Pickle includes two funeral coaches and three family sedans. The ambulance service, maintained over the years, was discontinued following the establishment of an ambulance service in Big Spring.

Another feature handled by the firm is Nalley-Pickle Insurance Co., operated under the State Board of Insurance to provide funeral insurance.

The new Rosewood Chapel, of contemporary design, has Arkansas Ledgestone trim on the exterior, with stucco and plywood walls, and laminated beams. It has Rosewood for the interior finish throughout, to give the chapel its name.

With an atmosphere of quiet dignity in mind, the owners had the chapel designed with gemette windows with cathedral glass; pendant type church lighting fixtures with rheostat control from the organ and choir room; a Hammond organ concealed in a room to the left of the pulpit where a small choir may also be concealed; a Rosewood flower bier from floor to ceiling at front and left of the pulpit; an ash and Rosewood cross mounted for a shadow effect on the bier panel.

All pews have foam-rubber cushions, and aisles are carpeted.

Twenty tons of refrigerated air keep the chapel comfortable during the summer, and forced air provides perimeter heating in the winter.

A paved parking area to the north of the new chapel has entrances from two streets, and congestion is prevented.

A telephone call to AM 4-6331, when the services of an understanding staff are needed, will bring prompt information and service.

Eddie's Texaco Sells Service

Real touches of winter are still in the area and, even though there has been little snow, sleet, ice or rain, that automobile you are driving needs to be in shape for any kind of weather.

Eddie's Texaco Service, at Birdwell Lane and Farm Road 700, is ready to service your car, and it doesn't make any difference about the make or model.

On top of the service he sells, the buyer comes out with interest on the money paid — in S&H Green Stamps.

Eddie features Texaco Products, including Marfak lubrication; ignition service; Delco batteries; U. S. Royal tires; mufflers and tail pipes, plus many other services.

Just call AM 3-6606 for service at Eddie's Texaco Station.

Hearing Aids Help Ear Deficiencies

If your hearing is causing you more concern call the Hearing Aid Center for a demonstration of new, small hearing aids.

These fit behind-the-ear, in-ear, or include the conventional type. You don't have to spend extra money for batteries or repair service for two years if the Hearing Aid Center, in the Permian Building, supplies your aids.

KMID-TV Remote Truck

This facility provides the station with means of presenting on-the-spot news and features for immediate transmission to viewers in the West Texas area. KMID-TV maintains an adequate staff with the best equipment available for color and black and white pictures.

Byron's Handles Moves All Across The Nation

Byron's Storage and Transfer, 106 E. 1st, features local and long distance moving and has a bonded and sanitized warehouse for storage of household goods for future moving. The building is also fire-proof.

Fast, modern vans are driven by men who know their business and who make safe moving a pleasure for anyone changing locations. The firm is an agent for United Van Lines and can pack household goods for prompt shipment to any part of the United States and Canada.

If you plan to move even across town, Byron's Storage and Transfer, owned by Byron Neel, can relieve you of a lot of worries and hard work by taking over the entire process. You just walk out with the clothes on your back and let the experienced men take over the task of getting everything moved to your new home with the greatest efficiency.

Byron's will give you an estimate on the cost of moving your household goods and other items, whether it be across town or across the nation. Phone AM 4-7024 for information.

Stand Up And Clean Your Rugs Easily

If you have always wanted to clean your rugs and carpets with less work and little cost, you can do it now with the Blue Lustre electric carpet shampooer. This handy and efficient machine is the answer to getting a carpet cleaning job done in no time at all.

Banking With Personal Touch Found At Security

Having difficulty finding a place to park to do your banking?

You won't find this difficulty at Security State Bank. There is off-street parking front, south and rear, and two handy drive-in windows for making deposits from your car. The Fifteenth and Gregg Street location was chosen for this convenience.

"Banking with the personal touch," was uppermost in the minds of Security State Bank officials when the building was located, and the motto is "It's Easy to Do Business with Security State."

Courteous personnel and officials are conveniently located on the first floor to discuss problems with customers, and advise them in business financing. Their experience is available when considering a move, remodeling, refinancing, building, farming, ranching, or other matters.

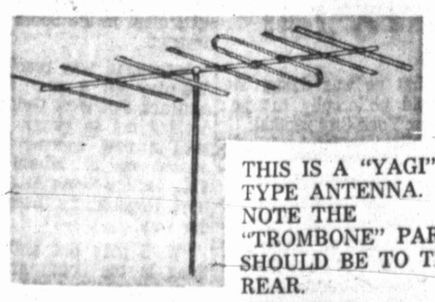

Security State has microfilmed all checks cleared through the bank for a long time. This guarantees proper recording for future reference. It is a permanent record that will legally stand up in case the cancelled check is lost, or there is a question about what may have been written on it.

Safety deposit boxes are available for customers who have valuable papers, or other items, which need to be placed in a safe vault. This is to relieve any anxiety over their security.

The all-year temperature controls in the building make banking a pleasure during the coldest part of winter or the hottest part of summer.

Puzzle of Tuesday, March 2, Solved

Borden Junior Stock Show Set March 12

GAIL—Borden County Junior Livestock Show, in which more than 150 boys and girls will take part, is set for March 12 and 13 at the Livestock Barn near the Borden County School.

Lamb judging will be at night March 12. Calves and pigs will be judged March 13. A barbecue dinner for exhibitors, their parents, officials and sale buyers will be held Saturday after the judging.

Entry list shows 109 lambs, 79 pigs and 18 calves. Of this total, 75 animals of all kinds will be sold at the auction.

Announcement has been made that Jimmy Taylor, former Howard County farm agent, will be the calf judge for the show.

Sponsors have extended a special invitation to Big Spring businessmen to attend the school, take part in the barbecue dinner and bid at the sale.

"We have always had loyal support from Big Spring men," said a spokesman, "and we anticipate the same good neighbor attitude this year."

Bidding this year will be by the dollar and not on the pound, it was said. The auctioneer has not been announced.

Four Seeking Coahoma Seats

COAHOMA — Three incumbents and one other have filed for places on the Coahoma city council ballot for April 6.

Asking re-election are Mayor Ralph White, and Councilmen Frank Smith and Robert Miller. Smith works for Gulf and Miller is Mobil agent. Also filing for a place was Dewayne Clawson, operator of Clawson Lumber Yard.

Holdover members are Bill Read, banker, J. W. Shive, assistant manager of Acuff Gin, and Ted Fowler, Texaco agent. Deadline for filing is March 6, and absentee voting will begin March 17 at the city hall. Mrs. A. D. Shive will serve as election judge.

Unique House To Become Dawson County Museum

By OMA DEE PHILLIPS

LAMESA (SC)—Through the efforts of many civic-minded citizens, Dawson County will soon have a museum.

A building was acquired from the S. R. Simpson family approximately two years ago. A museum committee, headed by Henry Norris, sent letters to 100 people who had shown an interest in preserving the history of Dawson County and the surrounding area. The Simpson family agreed to sell the house at a reasonable price, provided it was used as a museum. Enough money was raised from donations, in reply to the letters, to pay for the building. The city and county provided funds to restore the exterior of the house and to add a new roof.

BUILT IN 1917

The building was first the home of the Ulyss Dalmont family and was sold in 1920 to the S. R. Simpson family. It was built in 1917 by Dalmont, ordered from Bay City, Michigan. The lumber and material for the house was cut, marked and numbered to be put together at the site.

The three-story house, the first in Lamesa, has 14 rooms. A concrete cistern is located out back, as well as a wash house. It has a basement with a boiler and concrete washtubs. The yard is one of the most unique found in this area in that it has 100 concrete posts astride the joints every 10 feet to cover the space left for expansion.

Ulyss Dalmont moved his family from a ranch in Gaines County in December, 1917 to this house. The family consisted of Mr. and Mrs. Dalmont and their four sons; Sylvan, Ed, Raymond and Shelby.

Ulyss Dalmont was the sixth child of a family of seven children born to Eugene Del Monte and his wife, Countess De Granville of Lille, France. The family of the countess was displeased with the marriage, and she was disinherited. Two children were born to Eugene and the countess in France. About this time, they decided to go to America.

MOVED TO U.S.

The cost for the trip presented a problem to the young couple, but they saved enough money for the countess and children to book passage on a ship, while the husband and father Eugene, secured passage on a cattle boat, helping to care for the stock en route to pay his fare.

After a short stay in New York, the family moved to Missouri where Ulyss was born April 29, 1867. The family later moved to Texas, settling in Taylor County near Abilene. After marrying Lena Morgan, sister of Hardy Morgan, a pioneer rancher of Dawson County since 1895, Ulyss launched a ranching career. He moved to Dawson County as manager of the Bartow Ranch in 1889, and later filed on land in Gaines County and, with the purchase of other land, acquired a ranch of more than 20,000 acres. It was from this ranch the family moved in 1917. During the flu epidemic of 1918, Mrs. Dalmont died. Dalmont sold the house to Simpson, and he and his sons returned to the ranch.

The Simpson family moved into the house in 1920 and it remained the family home until the death of Mr. Simpson in 1962.

Through four generations, the Simpsons have contributed to the development of Dawson County. G. W. Simpson, father of S. R. Simpson, was born in Jackson County, Ala., Jan. 2, 1844. He moved to Texas with his parents at the age of 10, settling near Caldwell in Burleson County. In 1861, at the age of 17, he volunteered for service in the Civil War, enlisting with the Second Texas Regiment, Hoods Brigade, which surrendered at Vicksburg July 4, 1863. Through an exchange of prisoners, he was released and made his way back home by foot.

MOVED WEST

In 1869, he was married to Georgiann Breeding in Flatonia, Texas. The family moved westward, first settling in Coryell County near Gatesville. They moved to Brady in 1877. In 1888, Mrs. Simpson died leaving Mr. Simpson with seven children. In 1891, he returned to Alabama where he married Mrs. Nancy Collins Henshaw. In 1893 they moved to the newly organized Borden County, where Simpson bought a stock farm on Tobacco Creek. He also operated a mercantile business in Gail and served as Gail postmaster from 1894 until 1901.

At that time Gail had a larger population than Lubbock. The U. S. Census count taken in 1890 showed Lubbock County with a population of 33 persons and Gail with a count of 222. At that time Gail was the only post office between Big Spring and Lubbock and between Snyder and Carlsbad, N.M. Dawson County was organized in 1905, and in 1906 Simpson moved his family to Lamesa. He assisted in organizing The First State Bank of Lamesa in 1906, which is now the Lamesa National Bank. He was also assistant postmaster until his death in 1914.

In 1913, G. R. (Ross) Simpson established the Ford agency in Lamesa. In 1914 he married Nell Hale, of Borden County. They had for children; Nell Francis, Helen Ross, Harold and Eleanor.

FOR SALE

When the Simpson estate was offered for sale, several of the people of Lamesa felt it would be fitting that "in perpetuity it should be a memorial to frontiers in advance." The house is of French accent reflecting the taste of its builder, Ulyss Dalmont.

A committee composed of nominees from all civic clubs and organizations in Lamesa and Dawson County was appointed by Judge Leslie Pratt. Bob Crawley is committee chairman. They had Howard Allen, local architect, draw up plans for the restoration of the interior of the building. Plans call for the place to be restored as near as is possible to its original state. Estimated cost of restoration of the interior is $7,000.

Letters along with the plans were mailed to all clubs and organizations asking their participation in the restoration. Each club has taken responsibility for raising money for a certain phase of the plan. A local electric company has offered to rewire the building without charge. Local plumbers have pledged one-half days work each toward restoration of the plumbing. The G. I. Forum has agreed to furnish paint and paint the interior of the building. This will also be done at no cost to the committee.

OPEN HOUSE

An open house was held at the building last summer, and a capacity crowd turned out. The committee is hoping to have the museum opened to the public by July 1st. This will be in time for the giant homecoming being planned for Lamesa and Dawson County July 4th.

Antique furnishings and items of interest are being loaned and donated. The first gift was a spinning wheel over 100 years old. It was given to the museum by Mr. and Mrs. Robert H. Kirk. Several people have asked to furnish a complete room as they remembered it. Individuals, civic clubs and organizations taking part in the restoration will be recognized with a bronze plaque being installed in or near the area of work sponsored by the group.

Co-Op Slates Annual Meet

Cap Rock Refrigeration Co-operative will have its 28th annual meeting Saturday at 7 p.m. in the Willie Wiredha room of Cap Rock Electric Co-operative in Stanton. A fish chili supper will be served.

Directors, who serve one-year terms, will be elected, and reports on the year's activities will be heard. The cooperative in 1964 slaughtered and processed over 1,100 animals, 2,000 turkeys and chicke Gross weight of meat handled was 318,980 pounds.

In addition, the cooperative maintained operation of 602 frozen food lockers, plus its wholesale meat sales and custom beefing and curing.

Serving on the board now are W. D. Howell, president; Gle Cantrell, vice president; M Lee Castle, secretary; J. Sale and D. W. McDonald.

Student-Government Day Plans Set Friday

Thirty-nine students of Big Spring High School will get an insight into local government affairs Friday when they take part in Student - Government Day. Each will spend all or a part of the day with his counterpart in city and county government offices.

Each student was chosen through an election held by the student body. In order for all students to understand Texas election laws and procedures, poll taxes were sold and regular balloting conducted.

The student officers will meet at the Settles Hotel at 7:30 a.m. Friday for a breakfast with city and county officers. Guilford Jones, former district attorney, will be the speaker for the meeting, and then all will go to the city hall, courthouse, or other offices and jobs with the regularly elected or appointive officers.

Ike Robb, president of the Chamber of Commerce sponsoring Students in Government Day, will welcome the student-officials; John Bennett, president of the Student Council, will make the response, and Marilyn Meacham will give the invocation.

The mayor, city commissioners, and other city officials will hold a short commission meeting to give students an insight into the operation of government, and county commissioners will follow the same procedure.

Invitations were extended to other high schools in Howard County to send students. Cindy Noble and Kent Sneed from the Forsan High School accepted, and will go to the offices of their choice.

Students chosen to fill both city and county officers are:

CITY OF BIG SPRING

Mayor, Dub McMeans; city commissioners, Sue Burns, Marilyn Meacham, Janet Jones, John Bennett, Debbie Douglass; city manager, John R. Thomas; assistant city manager, Mickey Crow; city secretary, Adorna Wilson; director of public works and city engineer, John Thomas; street superintendent, Rey Navarette; chief of police, Mike McAlister; fire chief, David Sutton; assistant chief of police, Paul Kenning; superintendent of parks and cemeteries, Eddie Thomas; sewage department superintendent, Barry Parker; fire marshal, Karen Kenning; city attorney, Chuck Hall; water production, Clark Frayser; city electrician, Linda Franklin; tax assessor-collector, Madeline Prager.

DISTRICT OFFICERS

District judge, Marshall Cockrell; district attorney, David Holmes; district clerk, Jean Watson; district court reporter, Johnny Arrick.

COUNTY OFFICERS

County judge, Gary Gressett; county commissioners, Larry Broughton, Larry Miller, Mary Newton, Kay Slate; county clerk, Pat Atchison; county attorney, Joe Aulds; county auditor, Fran Smith; sheriff, Lonnie Fulbright; juvenile officer, Kandis Long; justice of the peace, Jenny Bean, Mike Pope; county tax collector, Jane Ryan; county librarian, Jean Fannin; county airport manager, Annette Edens; civil defense, Vicki Smith, Jackie Poole; Welfare Office, Mary Boren.

Commercial Zoning Denied For Acreage On Wasson Rd.

A request for a commercial zone for 20 acres of property on Wasson Road, south of Thorp Street, was rejected by the planning and zoning commission at city hall Tuesday. The request asked to change the zone from one family residential to commercial.

Six property owners appeared at the public hearing to voice opposition to the proposed change.

"We're in a position to be ruined if it goes commercial," J. T. Langley, 2700 Crestline, told the commission. The property owners said they were opposed to a change to commercial for the tract of land as it was near property they had purchased as residential area.

"I do not see the need for the 20 acres to be zoned as commercial property," Bill Crooker, 2802 Parkway, said.

Omar Jones, 608 W. 17th, told the commission he was opposed to any portion of the acreage being changed to commercial, but would be in favor of some portion being made retail or neighborhood service. He said in the commercial zone a dance hall, feed mill or trailer park could be installed.

In response to a question as to whether any commercial development on the property was planned, Mrs. Mary Rogers, co-owner of the area involved, said there was no intention of selling the property or developing it in any other way.

Involved in the zoning question was a trailer house, now located to the rear of the Cactus Drive-In, 2604 Wasson, and owned by Phillip Burcham. Trailer houses are not allowed under zoning regulations in retail or one-family residential zones, except as a supplemental dwelling to a residence in the latter, but are allowed in a commercial zone. The drive-in is in a retail zone and property behind it is one family residential.

The property owners commented they were not opposing the trailer house being allowed to remain.

Burcham had previously appeared before the city commission to request that the trailer house be allowed to remain, with the commission taking no action pending a decision by the planning and zoning commission on the requested zone change.

Public Works Director Ernest Lillard pointed out a small portion of the acreage could be rezoned to a general residence zone, which would make it possible for the trailer house to remain. No action was taken concerning any change.

Property owners appearing at the hearing in opposition to the change were Langley, Crooker, Jones, John Pool, 1103 E. 15th, O. C. Shapland, 2701 Cactus, and Hank McDaniel, City Park Road.

In other action, the zoning commission approved a replat of lots 18 through 35, block six, and lots 12 through 21, block seven, of Kentwood Addition No. 2. Lillard said the change was being made to increase the amount of building space on each lot, with no changes being made in the street and alley arrangements. He said the present 72-foot average front footage allowed about 58.4 feet of building footage, with the larger 83-foot average allowing 67 feet of building space across the front of each lot.

Swim Schedule Changed At Y

The YMCA swim schedule for Friday will be the same as Saturday, Jim Gilbert, physical director, said. The change from the regular swim schedule was necessary because of no school.

"Our regular schedule will be followed after 4 p.m.," Gilbert said. "Youngsters from six to eight years of age will swim 9:45 to 10:45 a.m.; from nine to 12 years, will swim 10:45 a.m. to 12 noon; junior high ages and over will swim from 1:30 to 4 p.m. The regular tiny tot tumbling and swim period will be cancelled."

Another Jury Docket Planned

Next criminal jury docket in the 118th District Court will be the week of April 5, Wayne Burns, district attorney, said today.

He said it is possible some of the cases which had been set for this week, but which did not go to trial, will be re-set for disposition on that docket.

The possibility that Higinio Soto, charged with the holdup of the Security State Bank, and of James W. LeMay, accused of holding up a service station, will be tried at that time is unlikely. Both men will have to be re-indicted, Burns said, and he does not believe the grand jurors will be in session again before the court docket opens.

The grand jury for this term of court met Feb. 9 and will probably be recalled for a second round later on. This is what is known as the "long term" of the district court and it has been the custom at this term to recall the grand jury for a second sitting.

Burns said that relatively few felony complaints have been filed since Feb. 9 and that he did not plan to ask Judge Ralph Caton to recall the grand jury to act on the re-indictments of LeMay and Soto.

Burns said the two indictments against these men are faulty in that they failed to spell out in detail exactly what property they took from (their) victims in the holdups alleged against them. As a result, he said, he will have to dismiss the present bills and ask for re-indictments.

There are two other defendants against whom robbery by assault indictments pend, he said. They are Mike M. Valensula and Eva Diona Mayhall. Burns said he would check the indictments in these cases and see if they had the same oversight which barred the bills against LeMay and Soto.

$1691

What's the catch?

There isn't any.

Plunk $1691 into Frank Winterhalter's hand and he'll plunk you into the seat of a new 1965 Volkswagen Deluxe Sedan. (Give him $30 more, and you'll be plunked into a Volkswagen with matching leatherette upholstery.)

Of course, you'll have to buy license plates and pay local tax. But that is it.

Sound a little too simple? Perhaps. But then the Volkswagen is a simple little car.

Maybe You've Seen The Adolphus— But Have You Seen It *Lately*?

Hospitality and gracious service do not change, but physical comforts do. Here at The Adolphus we have blended the best of the old with the best of the new, with unique and pleasing results.

Today The Adolphus offers you the most modern hotel possible to produce with furnishings and other equipment selected from the best of the new — fast, self-service elevators, direct-dial telephones and television, to mention a few.

But the conventional requirements for hotel comfort, such as large rooms, have not been overlooked. For example, nowhere else we know of can you find rooms such as our "Texas Size" rooms — 300 square feet of comfortable living space with "his" and "her" baths, two closets, and lots of attractive space left over for entertaining.

All this, plus free indoor in-and-out parking in our garage, makes The Adolphus the best place to stay next time you're coming to Dallas.

A Devotional For The Day

Lift up your heads, O ye gates; and be ye lift up, ye everlasting doors; and the King of glory shall come in. (Psalms 24:7)

PRAYER: Our Father, we beseech Thee for forgiveness of our sins. Give us strength to enable us to stand against temptations and the evils of the day. We ask in Jesus' name. Amen.

(From the 'Upper Room')

Slowing Exodus Of Capital

President Johnson has ordered, or rather forcefully suggested, a cutback in United States private investments in foreign countries, particularly Europe. Though American foreign investment, especially in the underdeveloped lands, is commendable, the President's policy appears sound.

The movement of U. S. capital abroad is the key factor in our balance-of-payments deficit. In time, of course, the return on that investment will be a big plus factor in the balance of payments, thus strengthening the dollar and the gold reserve.

The movement, however, has increased excessively. U. S. foreign investments were $3.6 billion in 1962, a considerable increase from the earlier $2.2 billion in 1959. The outflow jumped to $4.2 billion in 1963, and was almost as much, $4 billion, last year.

The main problem seems to be with U. S. investments, or control of local companies, in nations of the European Common Market. Most of the money has gone to West Germany, France next, and then Italy.

It is of understandable concern to those countries that U. S. control in their domestic economies has become rather impressive. For example, American interests control more than 40 per cent of the German automobile industry, almost all of France's computer and electronics activities, and a large part of the computer and electronics industries of Italy. Throughout Europe, American corporations have invested heavily in Europe's automobile, energy, chemical, food-processing and electronics industries.

Should we delve back into history, we would find that European capital, especially British, play a large part in the development of the American continent. As the world's main banker, the United States inevitably has reversed the situation.

And that, from a national interest viewpoint, is a good thing. What the President is saying is that a good thing can be overdone. Secretary of Commerce John T. Connor, with a Balance of Payments Advisory Committee made up of leaders in the business community, is assigned the task of striking a happy medium.

With this, there is the necessity of looking closely at our foreign aid and our military commitments abroad. If the imbalance persists, we might also need to take a look at tourism abroad.

STILL NEEDS SEWING TOGETHER

The Heaviest Rise

Distance and a popular line make the federal government the favorite target for economy. All ills are said by some to issue from increased federal spending.

While spending on the federal level ought to be held to the lowest levels that is prudent, the spending of state and local governments is by far the heaviest contributor to the rising cost of government.

We hear about our huge federal debt. The rise in state and local debt is something to watch. It was between 16 and 17 billion dollars in 1946. Now it is nearing 100 billion. The federal payroll appalls many, but state and local employes now outnumber the federal by three to one.

The great increase in expenditure is, of course, a reflection of popular desire. People want more and better schools, highways and attention to health and welfare. Now they are getting all this, and the bill must be paid.

David Lawrence

Resoluteness Must Be Stressed

WASHINGTON — Barry Goldwater may not have gotten much comfort out of the last election, but he is beginning now to get some consolation. For while he did not originate the present military policy of the United States in Viet Nam, he certainly was berated as "trigger happy" during the campaign for having advocated a bombing offensive in Viet Nam.

For the United States not only is retaliating against the attacks on South Viet Nam but is actually carrying on its own military operations with American jet bombers and inflicting heavy losses on the Communists. Hitherto, American forces have operated only in conjunction with the South Vietnamese units, but the new military moves are being made solely by U.S. airmen.

THESE DEVELOPMENTS are normal and logical in a military sense, and would have come about whether or not the United States had any political campaign last year. For the Viet Nam war has been inefficiently managed because the South Vietnamese themselves are torn apart with internal friction. It has become the duty of the American forces, therefore, to operate independently, though the over-all purpose, of course, still is to assist the South Viet Nam government.

These changes in military policy were inevitable. The United States could not be left in the position of merely waiting for the enemy's attacks, responding to them and then abandoning any further moves. Now that the American government has decided to go ahead and take the initiative in attacks against the North Vietnamese, the whole war in South Viet Nam is really different in character.

PERHAPS THIS is one of the reasons why the Western European powers have been growing apprehensive that the Viet Nam war might turn into a major conflict, and are seeking to get peace negotiations started. It is apparent that there is a willingness on both sides to stop the fighting, but the United States is not ready to allow a cessation of military operations to be construed as a sign of weakness, if not surrender.

President Johnson is watching the public reaction. He is trying to find what is called a "consensus." But it would be a mistake to assume that his military advisers are also waiting to see what popular trends are. It is their duty to tell the President what has to be done militarily to protect the 24,000 American troops now in South Viet Nam. It is their duty also to propose such military operations as will convince the enemy that no longer are provocative attacks going to be accepted in a routine fashion and bring only a perfunctory reprisal.

THE UNITED States is truly in the middle of a war, in one sense, on the side of the South Viet Nam government. But, in another sense, it is directly confronting Communist guerrillas financed and controlled by Red Chinese as well as Soviet military advisers. The war in South Viet Nam, therefore, is a war of defense against aggressions instigated by Red China and the Soviet Union.

President Johnson has been urged to make clear America's purposes, and he doubtless has done this in his talks through diplomatic channels. But more important at the moment is that nothing shall be done by the United States which can be construed as a yielding to the Communists.

MR. JOHNSON is rightly sensitive to public opinion, but there comes a time when there must be leadership in policies that may for the moment seem unpopular. It is the policy that succeeds in the long run that is important. American public opinion undoubtedly is opposed to extending war anywhere, but it can be mobilized in behalf of the President's policy once the people thoroughly understand that the danger of a bigger war is not far away. The important thing at the moment is to show that America is in earnest, that it is resolute, and that it will not back away from its desire to protect small nations in any part of the world where Communist imperialism tries to extend its policies of aggression.

Billy Graham

My husband says he is a Christian but does not conduct family worship. Should I do so or just forget it? — S. W.

If he has no objections to your leading in family worship, go ahead. It may be the means of getting him to realize his place of leadership in the home, but under no circumstances should you take the lead to the extent of annoying or aggravating your beloved. It is his God-given responsibility to take the lead, and chances are if you "jump the gun" he will be driven farther away.

Love, patience and prayer will go a great deal further toward accomplishing that for which your heart yearns than anything else in the world. I do not mean, however, that you must not continue your own personal and private devotions. That is, regardless of cost, a prerequisite to personal victory and spiritual power.

James Marlow

Dean Burch Fires A Parting Shot

WASHINGTON (AP) — Dean Burch, retiring chairman of the Republican National Committee, has fired a parting shot with recommendations for improving his party's image and explanations for its loss of the 1964 election.

He spread the blame for the loss generously:

The memory of President John F. Kennedy; the way President Johnson used his presidential power; criticism of Sen. Barry Goldwater by Republicans; loss of the Negro vote; big business support of Johnson; and a few newspaper "pundits."

He never once conceded that perhaps the voters themselves, and on their own, decided they wanted no part of Goldwater after listening to him and examining what he stood for.

Burch, in a 21-page review of the past and survey of the future, concentrated almost entirely on suggesting how the Republicans could set up machinery to regain public confidence.

But, while he didn't offer programs or suggest new positions for the party to recapture that confidence, he did go into detail in telling Republicans various fields and problems in which they can criticize Johnson.

THE CLOSEST he came to proposing a fresh Republican role was to restate Goldwater positions which, he said, were Republican positions:

The government is too big; it has too much power; it spends too much on welfare programs; there are too many restrictions on business; and "we need a firmer stand against communism everywhere in the world."

Burch, handpicked last year by Goldwater as GOP chairman, has not always been a good prophet, as he showed election night when, with Johnson far ahead, he declared hopefully the picture would brighten as the sun moved west.

After the election, when Republicans made it clear they didn't want him running their committee any more, Burch agreed to step out next month in favor of Ray Bliss of Ohio.

It was to Bliss that Burch directed his recommendations in a document widely distributed late Tuesday. He admitted the party had been badly beaten in 1964. To get it back on its feet, he proposed:

YEAR-ROUND campaigning; intensive research to provide information for party spokesmen; task forces to study problems and come up with programs; a lot of opinion research and polling; an "enormous" public relations and "propaganda" job; a staff of full-time, paid professionals to go around the country instructing Republicans in the "art of political organization."

Burch said Republicans had "lost the confidence of the American people in our ability to govern" many years before Goldwater suffered one of the worst defeats in American history.

This is how Burch saw what happened in 1964:

"We started the race impossibly behind. We were never a united party." Kennedy's assassination forced Goldwater to run against the "Kennedy legacy and the Kennedy myth, plus a busy new president, massive sympathy for the whole Kennedy-Johnson Era." Johnson was a "practical political craftsman of enormous skill and ruthlessness."

HE BLAMED Goldwater's critical fellow-Republicans with providing "all the campaign ammunition the Democrats required."

Hal Boyle

Can You Remember When...

NEW YORK (AP) — Memory is man's best friend and boon companion.

Memory makes us wise — or at least careful. You probably have minted many a sad or merry memory yourself if you can look back and remember when—

An enterprising lad could make his spending money in summer going from door to door selling flypaper.

It was testified that Clara Bow, the glamorous "It Girl" of the movies, lost some of her $5,000 weekly income playing kitchen poker with her household help.

Meat shops always had sawdust on the floor and the butchers wore straw cuffs. Many of the old-timers chewed tobacco as they worked.

HATCHECK GIRLS usually got only a dime from a customer and weren't too upset if he left only a nickel.

Most dogs lived and died without even wearing a tag, being treated by a veterinarian, having a license, or being taken to a canine beauty parlor.

You could tell how cold it was by how the icicles congealed on the full veils worn by dignified old ladies.

Your stature in a small community was partly determined by the number of times you had read the Bible all the way through.

It also was a mark of distinction if you had a worn buffalo robe to keep you warm when you went riding in a horse-drawn sleigh.

A lot of people were secretly ashamed of old furniture in their homes which is now being eagerly sought as antiques.

The first thing a newly married couple bought was a big bright brass bedstead.

MOTHER WORE a needle in her dress and kept a thread in her pocket because she had to be ready to do emergency sewing for the kids all day long.

Everyone thought it hilarious that heavyweight boxer Gene Tunney read William Shakespeare during training for a bout. (Most of the fans who jeered him couldn't read two lines from a poem by Edgar A. Guest without moving their lips.)

The nation was awed by a report that film star Lilyan Tashman had an ermine cover for a certain fixture in her bathroom.

Those were the dear old days. Remember?

To Your Good Health

Glue Sniffing Can Be Deadly

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: I have a friend whose 16-year-old boy has started the habit of sniffing airplane glue.

His mother is worried but doesn't know what to do to help him. He becomes listless and doesn't want to eat or go to school or anything. I would appreciate your advice.—H.D.

I've warned against this practice more than once. Glue sniffing has become a serious menace.

It isn't universal, happily, as such things as squealing at the Beatles or trying to look stupid while dancing, or other such transient fads. But it is genuinely dangerous and sometimes suicidal.

Why youngsters do it is something I don't understand. They get or think they get some sort of "kick" out of it. What they really do is poison themselves.

The volatile solvents necessary for quick-drying cements do their main damage to the blood and to the liver. Once the liver is damaged in this way, it is non-reversible damage. You can't undo the harm.

Medical treatment can prevent the damage from becoming more severe, however, so this mother should, at once, put her son under a physician's care.

The boy obviously must be told that he is ruining his health and shortening his life. He must stop sniffing the stuff. In addition it would be only sensible to quit using such glues even for their intended purposes. He should stay away from even small traces of these poisons.

The question has, quite reasonably, been brought up as to whether such glues are harmful when used under normal conditions. You will notice that the tubes warn that they should be used only in a well-ventilated place. Under such conditions you get the odor of the solvents, but the fumes are diluted by air and will not be harmful.

But sniffing the tubes means drawing into the system lungfuls of concentrated fumes, hundreds or thousands of times as strong as merely getting the smell. This can soon be ruinous.

* * *

Dear Dr. Molner: I am in my middle 60's and have been told that I have nerve deafness. What causes this? Will it get worse? At present it is not too bad. Could it be that only nervous people have it? And is there any treatment? — MRS. C.R.B.

Nerve deafness means that the nerves which conduct the sensation of hearing to the brain have become damaged. It has no connection with nervousness.

Whether it will continue to get worse is not predictable. If some further injury to the nerve occurs, then there will be further loss of hearing. But this may not happen.

As to treatment, there is no way to restore activity to the nerve once it has been lost. If the damage originally was, say, from an infection, then measures to prevent further infection would be helpful in preventing more harm.

Ski Time

NEW YORK (AP)—Vermont is noted for the ski areas among its mountains. But when there was no snow for weeks, in order to keep in practice, a group of Vermont ski instructors swallowed their pride and came to New York City's Van Courtland Park. The park has an ample supply of machine-made snow.

Around The Rim

Big Sendoff For Big Things

Odessa celebrated the beginning of a big industrial complex the other day, and characteristically, she did it in a big way.

THE ODESSA business and civic community, teaming with El Paso Natural Gas Products Company, not only have a record for venture but also for graciousness. Big Spring rejoices in Odessa's good fortune, not just because Cosden will be a supplier to and a customer of the petrochemical complex there, but because the two cities have a community of interest on a number of counts, including membership in the Colorado River Municipal Water District. Had it not been for representatives of the two cities who are willing to strike out alone after three others in the original group had withdrawn, the district would never have come into being.

WITHIN THE space of six or seven years, the Odessa-El Paso Products outlay has become a major petrochemical producer, the largest inland producer of such materials in the country. It started with a deal to make butadiene, which General Tire & Rubber Company utilizes to turn out synthetic rubber. Morton Salt was drawn into the plant to furnish brine required in the process. To produce needed styrene, the complex included facilities for making benzene and ethylene, which are combined to form the stock from which styrene monomer is extracted.

THIS WAS ONE step away from making polyethylene (you get this in film and squeeze bottles) propylene and polypropylene (a plastic), and Rexall put in facilities to make and utilize these products.

Now, through a working arrangement with Beaunit, makers of synthetic fibers and garments, ground has been broken for four plants costing about $50,000,000. The first will make ammonia; the second will utilize this to make nitric acid; the third will use nitric acid to make adipic acid; and the fourth will use the adipic acid, together with cyclohexane made by Cosden, to turn out hexamethylenediamine, a raw material for 6-6 nylon. The yield will be 40,000,000 pounds per year.

LITTLE PUBLICIZED, but also a corollary to the development, is the purchase of a major phosphate rock deposit and a mill for making fertilizer in Idaho. El Paso Products will distribute this in the northwest market.

It's a good thing to pause and do a little mutual back patting, a bit of community promoting, and a taint of pardonable Texas boasting. As I noted in the beginning, Odessa has a flair for doing this in a wonderfully hospitable way. All the guests were feted to a reception in the home of Mr. and Mrs. W. D. Noel, which is an excitingly impressive place.

THEN CAME a dinner with Gov. John Connally as speaker, and with a score of senators and representatives from the Texas Legislature, and members of the railroad commission and water commission as guests. Everyone got a medal of W. D. Noel, El Paso Products president, and Irwin Meltzer, Beaunit president, specially struck for the occasion.

THE NEXT MORNING banks of the city hosted a fabulous breakfast. Then came a tour of parts of the city, including a preview of the remarkable President's Room at the Ector County Library (which does not have its counterpart anywhere else in the country), the replica on the Odessa College campus of the famous Globe Theatre, a bus tour through the petrochemical complex, luncheon with several hundred attending, and finally groundbreaking ceremonies held, for comfort of the large crowd, under a circus tent. Yes sir, our neighbors believe that big things deserve a big sendoff.

—JOE PICKLE

Holmes Alexander

The Ailing Senate

WASHINGTON — The Senate is an old friend. The symptoms of its malaise are easier to perceive than to diagnose.

You are aware with a pang that two of its finest stalwarts are ailing and missing. The great gentleman and tireless defender of its traditions, Dick Russell of Georgia, has been fighting for breath at the Walter Reed Hospital. His friends who have called upon him speak confidently of his early return, but the illness has been a cruel one. The brilliant and well-loved orator, the most versatile tactician of his day, Everett Dirksen, has been in and out of a sick bed for several months. He may have to take a lengthy vacation in Florida before he returns to action. Russell is leader of the Southern Democrats and Dirksen is leader of the Republicans. When these men are smitten, it is reason enough for the Senate to seem in ill-health.

BUT MORE than that, the Senate feels a vague sense of futility. One of its most famous fellow members, Lyndon B. Johnson, sits at the other end of Pennsylvania Avenue with his hand on the throttle of the most powerful propulsion force that living Senators have ever known.

What Mr. Johnson has done is to confront Congress with so gigantic a Great Society program that he has smothered the legislative initiative. He has sent up messages, like the one on Agriculture, so enormous and yet so vague that Senators hardly know where to agree and where to dissent. He has so much strength and savvy, so manifest an ability to get what he wants, tomorrow if not today, that Senators prefer to wait and learn what his demands will be rather than set forth their own views and formulas.

THEN, THERE is the new Vice President. Hubert Humphrey was an outstanding Senator, but he was never a "Senate man." The Senate feels in its heart that it is a unique and privileged assembly, gifted with unbroken life because two-thirds of its members are always in office and untouched by the biannual elections. The Senate feels its sacred Rules were intended to maintain it as the Citadel of liberty, where the smallest state, the scantiest minority, is protected from the tyranny of any majority.

THE PHRASE "continuing body" describes the Senate's sense of its imperishability, and the endurance of its Rules. But many members say that one of these days the Vice President, as presiding officer, will be called upon to give a ruling that pertains to this "continuing body" status. From what he has said in the past, Humphrey does not inspire confidence that he will be an upholder of tradition.

THERE ARE other signs that all is not well with the Senate. Rule 22, which allow extended debate, is again under attack. The Rules Committee is known to be protecting some Very Important Persons in its cover-up hearings of the Baker case, and the Senate's old pride-in-membership is not what it was.

Many a time in the past, the Senate has shaken off its ills and bounced back to vigor and prestige. This time its old friends are watching with anxious eyes.

Speculation On Negotiation

PARIS — To the surprise of no one, the market in rumored Vietnamese peace talks turned bullish as soon as French Foreign Minister Couve de Murville returned here from Washington.

How much substance is contained in the rumors is moot. Official American and French sources here are tongue-tied on the subject, and it is even possible the ignorance they profess is genuine. On both sides these professional sources work for chiefs of state who share a mystical dedication to secrecy and to running one-man shows.

IN THE FOG of conjecture, however, there are a few facts that are substantial enough to support speculation. De Gaulle makes no secret of the fact that he ardently wants to participate in the negotiated settlement that Frenchmen regard as inevitable in Viet Nam.

"Of course," one informed American observed wearily, "he wants to be in on everything. France has some legitimate interest in Viet Nam — large investments and 5,000 French nationals still there, to say nothing of understanding how to lose a war there. But De Gaulle even wants to be a participant at any Cyprus settlement that may be reached and it's a little difficult to see any legitimate French interest there."

ANOTHER ELEMENT that is accepted as fact in the foreign community here is the calculation that Couve de Murville didn't go to Washington merely to repeat De Gaulle's stated views that talks ought to be undertaken to end the fighting in Southeast Asia. It is assumed here that something more substantial than that took place.

Apart from logic and Gaullist grandeur, there are procedural reasons why the first tentative Vietnamese peace feelers might come through Paris. There is a North Vietnamese mission in France which is ostensibly only a commercial delegation, but which is sure to contain plenty of diplomatic muscle nonetheless.

"WARSAW," one French source suggested, "would be a more logical place." Warsaw is the scene of marathon talks between American and Chinese Communist diplomats.

Another ingredient is the presence in Paris of a Vietnamese colony numbering several thousand. Some are students, or erstwhile students who stayed to open Chinese restaurants, but there is also a fair number of influential exiles as well. Bao Dai, former Vietnamese emperor, lives in France, and Madame Nhu whose husband was chief adviser to President Diem and who was assassinated with him, lives near Paris.

THERE ARE also a number of former Vietnamese government officials who found Saigon and Hanoi uncomfortable, plus a corporal's guard of cashiered, retired or otherwise defused Vietnamese generals. Some might be legitimate parties to the sort of preliminary feeling-out process that may be going on at this time.

One educated guess is that some—and perhaps a great deal — of reality lurks amid the swamp of rumor, speculation and calculated evasion found in Paris when the subject of Viet Nam is broached.

"After all," one informed Frenchman remarked, "all wars end in negotiations, don't they?"

City's Growth Shown By Carroll Davidson

How much Big Spring may continue to grow and what it can offer new residents was the basis of a talk given Tuesday evening for members of the Scenic Chapter of American Business Women's Association.

The speaker, introduced by Mrs. D. H. Soles, was Carroll Davidson, manager of the chamber of commerce, who titled his talk "Growth of Big Spring, Texas." He traced the city's progress in all fields and explained in what directions the planners might go in making plans for the city's future growth and prosperity. He explained that the growth will depend a great deal on the residents of the city, and said the aim of the chamber is to make Big Spring a better place to live for everyone.

Mrs. R. C. LeFevre presided as five members were presented perfect attendance charms. Those recognized were Mrs. Herman Taylor, Mrs. Leonard Burks, Mrs. Nathan Dietz, Mrs. Leslie Grisham and Miss Shirley White. Also, Mrs. Burks was presented the "Woman of the Year" charm which she had won earlier in the year.

The spring Hand of Friendship tea will be March 14 in the home of Mrs. Lambert Misek, 2307 Lynn, from 3 to 5 p.m. Members were invited to bring guests to the tea.

It was announced that several ABWA members plan to attend the district meeting April 3-4 at the Ramada Inn in Phoenix, Ariz.

Following business, the fifth anniversary of the chapter was observed, and refreshments were served. The table centerpiece was a tiered yellow cake, appropriately inscribed, and decorated with pink and blue roses. A circle of yellow daffodils surrounded the cake which was placed on a silver tray.

To Marry

Mr. and Mrs. W. H. Nowell, Westbrook, are announcing the approaching marriage of their daughter, Mary Lou, to Lt. Don Clark Barnett, son of Mr. and Mrs. H. C. Barnett, Bradley, Ark. Miss Nowell resides at 1307 Holloway, Midland, and the prospective bridegroom is stationed at Webb Air Force Base. The wedding has been scheduled March 20 in the First Baptist Church at Midland.

New Group Organized

WESTBROOK (SC)—The newly organized Business Woman's Circle of First Baptist Church met Thursday evening in the home of Mrs. Herman Parsons, president of the local circles.

Mrs. Hoyt Roberts introduced the guest speaker, Mrs. H. B. Graves from First Baptist Church of Colorado City, a leader in district WMU work for many years. Mrs. Graves spoke on plans, aims and purposes of the organization.

Mrs. Sammy Scroggins was in charge of the business meeting, and Mrs. S. L. Yeilding was appointed to select a name for the new circle and present it to members at the next meeting.

Mrs. Johnny Shackelford presented the program "Applying Christian Principals." Mrs. Al Burkhart spoke on "Why"; Mrs. Herman Parsons, "Where"; and Mrs. Ralph Bryant on "What."

Six members and five visitors, Mrs. Ena Parsons of Abilene, Mrs. Graves, Mrs. A. G. Anderson, Mrs. D. J. Barber and Mrs. W. A. Bell attended.

Sponsors Requested For VA Youth Work

Fields of service which youths may choose for volunteer work at the Veterans' Administration Hospital were suggested by Mrs. J. K. Cunningham, guest speaker Tuesday for the Big Spring City Council of Parents-Teachers.

Mrs. Cunningham, director of volunteer service for the hospital, was introduced by Mrs. Roy Watkins when the group met in the Goliad Junior High School cafeteria.

The speaker detailed the youth service program at the hospital, saying that most of the volunteer youth are sponsored by civic organizations but that some have no sponsors. She requested the city council sponsor those who are not already sponsored and Mrs. R. E. Ray replied that the suggestion would be voted on at the April meeting.

FIELDS

Fields of service which the youth may choose are chaplain service, dietetics, engineering, laboratory, library, nursing, pharmacy or occupational and recreational therapy.

Youths volunteering for service must be 15 years old or over, be mature and emotionally stable, have the physical ability for the field chosen and have the sincere interest and willingness to work as a volunteer. Mrs. Cunningham said that many youths have decided their future vocation through the program. She said that the next orientation date for youths would be May 27.

Mrs. Watkins said that this is the 15th annual observance of Public Schools Week, and S. M. Anderson, superintendent, urged all parents to visit the schools "to see education in action." School principals told what observance programs were planned at the various schools. Among those mentioned were the open house Thursday at the Special Education School and the seventh grade art exhibit at Goliad. Gay Hill school will have a program at 2:30 p.m. Thursday. Most all schools had something planned for the week.

Mrs. A. W. Gerhart reported that $261.75 had been sold in savings stamps, and reports were heard from 10 local P-TA units.

Mrs. J. H. Homan announced that a make-up session would be held at 1:30 p.m., March 9, in her home for the study course just completed. If sessions were missed this is needed for the certificate of completion.

CONFERENCE

Plans were discussed for the 16th District spring conference to be hosted by the council March 18-19 at the Cosden Country Club. Headquarters will be Holiday Inn. Mrs. Ray said that reservations for the luncheon must be made by March 17 with Mrs. D. B. McCann, AM 4-6476. Tickets are $2.

Mrs. Roscoe Newell, principal of the Special Education School, was awarded a life membership in the Texas Congress of Parents-Teachers for her service to the school and city council.

Mrs. Ray was re-elected president of the council. To serve with her are Mrs. Watkins, vice president; Mrs. E. C. Miller, recording secretary; Mrs. A. W. Gerhart, corresponding secretary; and Mrs. Hulan Harris, treasurer.

Refreshments were served by the Marcy P-TA to the 40 attending. Guests were Miss Jery Lowe and Larry Bristo, new teachers in the local system.

BY BRUCE FRAZIER

Junipers Recommended For Local Landscaping

How to turn native junipers into things of beauty was explained by James Bruce Frazier when the Green Thumb Garden Club met Tuesday morning with Mrs. Fred Lurting, No. 3 Highland Cove.

The guest speaker, introduced by Mrs. Robert Johnson, called his program, "Appreciating Our Native Beauty," and said that native plants should be used as much as possible when landscaping in this area. Frazier suggested that the junipers could be used near the highways for beautification, as windbreaks, or pruned to make attractive plants to accent a home. He told how the cedars could be grown from seed and kept trimmed to produce a plant similar to the dwarf plants which are a specialty of the Japanese people.

During an election of officers, Mrs. Merle Stewart was named president, Mrs. J. M. Woodall, vice president; and Mrs. Lloyd Wasson, secretary.

It was announced that the April 6 meeting will be at Los Patios in Midland at 10:30 a.m. where members will hear a talk by Mike Bardid landscape architect.

Refreshments were served to 14.

Rebekahs Meet

Committee reports were heard when the John A. Kee Rebekah Lodge No. 153 met at 7:30 p.m. Tuesday in the lodge hall. Mrs. LaVerne Rogers presided as the 14 present reported six visits to the sick.

TOPS Rebels Swap 'Undergrown' Clothes

An "undergrown" clothes swapping party was held by the TOPS Pound Rebels at the Tuesday evening meeting in the parlor of Howard County Junior College.

Members brought clothes that were too large for them since their weight loss in the TOPS Club. They explained that this also eliminates the temptation of clothes hanging in the closet that you can always wear if you gain weight.

Mrs. William Harp, president, was in charge of the meeting, attended by 16 members and three guests, Mrs. H. O. Ernst, Miss Lynne O'Bryant and Miss Reba Davis. A weight loss of 12 and one half pounds was reported.

Mrs. N. B. Perkins, February queen, was crowned by Mrs. Walter Goodwin, who was January queen.

The next meeting will be in the Chamber of Commerce building on March 9 at 7:30 p.m.

Mrs. Harp said that all the meetings are open to the public, and anyone interested are encouraged to call her at AM 3-4450.

Churches Meet Here

Paul Presbyterian Church in Big Spring and the Coahoma Presbyterian Church met together Sunday evening and saw a film on Africa, "The Tale of Two Rivers." One hundred and thirty were present for the film.

Mr. and Mrs. Richard Aulds and his mother, Mrs. Austin Aulds of Big Spring, have returned from Vernon where they spent the weekend visiting relatives.

Mrs. R. D. Bushon of Childress spent the weekend with her brother, Mr. Smith Cochran.

Oscar Batten, who has been a patient in the Malone and Hogan Hospital Foundation, has returned to his home in Stanton.

Carol and Stevie Brown of Midland were weekend guests in the Herbert Love home.

Mr. and Mrs. Ross Roberts were in Midland Sunday to visit with his parents, the Pat Roberts.

Mr. Jimmy Brooks is a patient in the Malone and Hogan Foundation Hospital and will have surgery this week. He is the father of Mrs. Harold Harrington.

Witnessing Heard By Presbyterians

"Personal Witnessing" was the program presented Monday for the Women of First Presbyterian Church. The main speaker was Mrs. Arthur Pickle, and she was assisted by Mrs. Jim Little, Mrs. Elmer Boatler, Mrs. Florence McNew and Mrs. C. D. Read.

Mrs. Neil Hilliard presided as the women agreed to assist with games at the Bennett House once a month.

Nineteen were present, and next meeting was set for April 5 at the church.

Announces Projects

WESTBROOK (SC) — Members of the Ruth Sunday school class of the First Baptist Church met Wednesday afternoon in the home of Mrs. W. E. Smith. Mrs. N. J. McMahan presented the devotion on "Prayers Heard."

The class voted to make two net table cloths for the church to be used for social events in fellowship hall.

Those present brought toys for the nursery. Another project of the class is saving trading stamps to purchase glasses for the church kitchen. Anyone desiring to help with this project may give the stamps to any member of the class.

Mrs. Herman Parsons presided, and Mrs. McMahan worded the prayer. Seven members were present.

Mrs. Charles Ranne will host the meeting March 16 in her home, and Mrs. Homer Rice will teach the class.

Psalm 100 Topic For Club Meeting

"Attitudes of Gratitude," based on Psalm 100, was presented by Mrs. A. C. Preston at the Monday evening meeting of the Mary Martha Sunday School Class of the First Baptist Church.

Roses in shades of pink centered the table for the supper program held in Coker's Restaurant.

The short business session was conducted by Mrs. Harold Homan, president, and Mrs. Gene Turner gave the opening prayer. Each of the 10 members signed cards to be sent to those absent because of sickness.

'ROUND TOWN

By LUCILLE PICKLE

The time has come again when stores are showing their beautiful fabrics for making the spring wardrobes . . . and the first showings are the most attractive — the soft woolens for coats and blending shades to make the frocks. This is still a time of great joy to me . . . a time of knowing what dreams are made of. I dream of making something myself that is tailored to a tee and that has a fit like no one else has ever accomplished. Alas, the dream has not come true . . . but each year I get that feeling.

One person I know who makes my dreams come true is MRS. CHARLES HAVENS who has a completely outfitted sewing room that has so many gadgets and sewing helps that I am as fascinated in her special room as I am at the fabric counters. She has tapes of every size and length, a peg board where she sticks all the little things that might elude her and be unavailable when she needs them; there are attachments for her machine that can do everything but do the actual guiding of the stitch. The most amazing thing to me, though, is the fact that she knows how to guide the thing.

Anyway, the machine and a love of sewing are a joy to Mrs. Havens who not only makes most of her clothing but also makes any number of pretty things for her house and for friends.

* * *

CHAPLAIN and MRS. CLARK HITT are in Dallas today visiting in the homes of two of their sons, Clark Jr., and Bill. The couple left here Monday and drove to Tyler on business. The couple left here Monday and drove to Tyler on business. When they complete their visit in Dallas they plan to go to Fort Worth where Chaplain Hitt will attend a chaplain's conference at Southwestern Baptist Seminary. Before they return home Friday morning they will spend some time with another son, Bowling, and his family in Fort Worth.

* * *

The BLEDSOE O'BRIENS spent the weekend in Lubbock with MR. and MRS. SKIP FRANKLIN. She is the former Deanna O'Brien and is teaching in the Lubbock school system while her husband finishes his college work.

* * *

MR. and MRS. FRED HALLER and their daughter, DEBBIE, and MRS. JOHNNY STEWART took to the ski slopes in Ruidoso, N. M., during the week past and had a good time when the area was not so crowded. The Hallers ski well, and Debbie has learned this year. Mrs. Stewart stays on the lower slopes and "gets around" according to her evaluation of her ability. On Tuesday there was a 24-inch snowfall on the mountain and about 18 inches at the lodge. Sixteen inches fell in Ruidoso and was still on the ground when the party left Friday.

Fashions Forecasted By 1955 Hyperions

"Bodily release" is the fashion news according to Mrs. Walter Wheat and Mrs. R. S. Boyd when they spoke on "Fashions" to members of the 1955 Hyperion Club when they met Tuesday in the home of Mrs. Tip Anderson, 912 E. 12th. The cohostesses were Mrs. R. E. Hoover and Mrs. Albert Smith.

In their forecast for spring the speakers said that the new look in fashions is to be the natural look, with no form lines and the "fade in-fade out" look. Women are to look small in the right places to be really fashionable. Manufacturers' patterns are being redesigned and rescaled, so that both the expensive and inexpensive dresses will be sized the same. Color is emotional, and it will be stylish to mix more than the obvious colors, noted the speakers. They emphasized that color should be used freely, and at least two color taboos should be broken. For the really smart look, clothes should match your hair color.

According to Mrs. Boyd, American fashions are being featured around the world, but to be accepted, they must be good, fresh and right for each particular country.

Mrs. Bill Johnson conducted the business session, and a donation of $10 was made to the Heart Fund and two youth memberships were presented to the YMCA.

The club will observe its 10th anniversary April 6th in the home of Mrs. Lloyd Curly, 600 Edwards Circle. Mrs. Kyle Cauble will speak on make-up, and each member is to invite guests.

Refreshments were served to 20 members.

Winner's Game Held At Cosden

Over 40 players participated in the duplicate bridge Winner's Game Tuesday at Cosden Country Club.

North-south winners were Mrs. B. B. Badger and Mrs. J. H. Holloway, first; Mrs. Hollis Webb and Mrs. Ray McMahen, second; Capt. and Mrs. Ron Kibler, third; and Mrs. R. E. Dobbins and Mrs. Ward Hall, fourth.

Winners in the east-west position were Mrs. John Stone and Mrs. J. D. Robertson, first; Mrs. Joe Hayden and Mrs. D. A. Brazel, second; Mrs. Anne Hardy and George Pike, third; and Mrs. E. L. Powell and Mrs. Ty Allen, fourth.

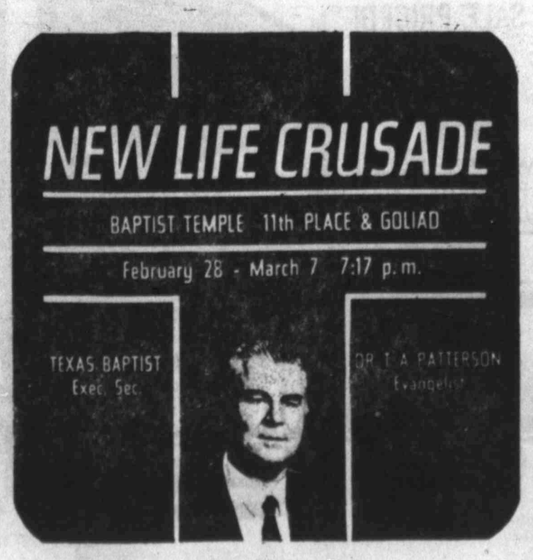

BUDGET GONE TO THE DOGS?
BIG SPRING HERALD CLASSIFIED ADS ARE THE ANSWER

Every day wise families turn to Classified Ads to quickly convert the things they are no longer using into the extra cash they need.

Look around your home. What about that musical instrument no one plays – the baby furniture your children have outgrown – or the power tools that somehow never seem to get used anymore? Right now cash buyers are watching for these things (and many more) in the Classified Section of Big Spring Herald.

Decide now to start winning your "battle of the budget" with a money-making Herald Classified Ad. Make out your list and dial AM 4-4331 today between 8 a.m. and 5:30 p.m.

Classroom Is Down To Earth

BELOIT, Kan. (AP) — Imagine a classroom with only 10 "textbooks": some are used, some borrowed or rented, and if purchased new they would cost nearly $300,000.

They are titled variously: bulldozers, earth scrapers, cranes, draglines, loaders and back-hoes.

These "textbooks" and the classroom instructor, Jim Clawson, are part of an unusual education project started last fall on the north central plains of Kansas for the non-college student or the college dropout.

The North Central Kansas Area Vocational - Technical School is supported by a two-mill levy in seven principally rural school districts and eight non-school districts. Beloit voters also approved a $50,000 bond to provide some equipment.

OTHER COURSES

Other courses at the school include auto mechanics, welding, clerical and secretarial training, and agriculture-business.

Ron Wilson, director of the school, said the program is designed to develop skills that will enable young people to compete with those who have advanced formal education.

He said the heavy equipment department is "our most exotic and glamorous." Only two other public schools offer such courses: Texas A&M College and Minnesota.

The six hours a day, five days a week course of nine months duration is almost guaranteed to produce a job for the graduate.

Wilson said "one company even came here and said it would take every man we can turn out in five years."

There are no fees for students 19 years of age and under from participating districts. Those 19 to 22 are charged $25 and those over 22 pay $100 for the nine-month course.

FEDERAL SURPLUS

Some equipment has been purchased from government surplus which "provides us the opportunity to teach the students about repair and maintenance," Wilson said.

Clawson, who farmed near Randall, Kan., before he became a professional heavy equipment operator, launched the course by having the students level 20 acres the school had purchased at the western edge of Beloit.

Space Firm Low On Cash

BRUNSWICK, Ga. (AP)—An official of Thiokol Chemical Corp., which successfully fired Saturday the largest rocket motor ever tested in the United States, says the company has only enough federal funds to operate its Georgia space project for two more weeks.

The giant motor, which was fired nose-down, was expected to move the United States ahead in its development of giant solid-fuel space launchers. Its firing consumed 400 tons of solid propellant, manufactured in the Thiokol plant near here.

H. O. Tischler, director of chemical propulsion for the National Aeronautics and Space Administration, said Saturday there are enough federal funds available to operate the Georgia facility until April or May.

Solons Uphold Johnson On Course In Viet Nam

By JACK BELL

WASHINGTON (AP) — President Johnson's White House briefings of Congress members appear to be paying off in increased vocal support for his course in South Viet Nam.

His policies were criticized by two, Sens. Wayne Morse, D-Ore., and Ernest Gruening, D-Alaska. Sen. Stuart Symington, D-Mo., maintained a neutral position.

Both denounced the State Department's white paper on Viet Nam. Morse said it was a "Swiss cheese" because it was so full of holes and promised section-by-section attacks on it.

RIGHT PATH

There was evidence, however, that a strong cadre of members who think Johnson is pursuing fundamentally the right kind of course in Viet Nam would be on hand to defend his strategy.

Sen. Hugh Scott, R-Pa., suggested that what he called "the most candid kind of briefings" for members of both parties at recent White House dinners had contributed to the determination of these members to speak out.

Many Senate Republicans support the President, Scott said, because they believe "he has proceeded with dignity and discretion, but with firmness."

"The President has made it perfectly clear we intend to stay in South Viet Nam until our responsibilities and objectives have been achieved," Scott said. "If South Viet Nam is abandoned, where do we stop running?"

BLASTS THANT

Sen. Jack Miller, R-Iowa, capped the denunciations of any negotiated settlement with the assertion that Secretary-General U Thant of the United Nations ought to resign because he criticized U.S. policy and did not condemn North Viet Nam for aggressive acts.

"He has been one-sided, prejudiced, ungrateful, superficial and unrealistic," Miller said. "He can no longer command the trust and respect so necessary for the performance of his duties."

Sen. William Proxmire, D-Wis., touched off the debate with a lengthy speech saying that "we cannot take part in any conference that merely ratifies the fruits of aggression."

Pakistani Chief Arrives In Peking

TOKYO (AP) — President Mohammed Ayub Khan of Pakistan arrived in Peking today and received a "tremendous welcome," the New China News Agency reported. He was greeted at the airport by President Liu Shao-chi, Premier Chou En-lai and other leading Chinese leaders.

Chamber Proposes U.S. Spending Slash

WASHINGTON (AP) — The U.S. Chamber of Commerce is urging a $5.7-billion cut in the $112.3 billion of new spending authority it says is before Congress this session.

Rip Van Winkle Couldn't Sleep with Nagging Backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain —you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling.

Doan's Pills work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headaches, muscular aches and pains. 2. by soothing effect on bladder irritation. 3. by mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Enjoy a good night's sleep and the same happy relief millions have for over 90 years. For convenience, ask for the large size. Get Doan's Pills today!

Abe Inauguration Re-Enactment Set

WASHINGTON (AP) — While film crews record the event, a company of actors with a Hollywood producer will re-enact Thursday the second inauguration of President Abraham Lincoln.

It's costing about $15,000, not much by comparison with the price tag for the real thing. One hundred times as much was budgeted for the inauguration of President Johnson six weeks ago. And now the inaugural committee says it has no idea how much was really spent.

CLOSE COPY

Rep. Melvin Price, D-Ill., the chairman of a House-Senate committee that planned the centennial re-enactment, said it will be as close a copy as possible of the original.

It was held March 4, 1865, a day that dawned stormy but cleared by afternoon.

Actor Robert Ryan, in beard and top hat, will play the role of Lincoln. Other actors, from Washington's Arena Stage and Catholic University, will be costumed representatives of the Cabinet and the Supreme Court. All told, about 30 actors will participate.

GRANT CARRIAGE

President Ulysses S. Grant's carriage will be used instead of Lincoln's carriage in the inaugural procession. The Lincoln original is in South Bend, Ind.

A miniature inaugural procession — the Marine Band and the two-horse carriage — will parade from the White House to the Capitol for the re-enactment.

Kosygin Looks At Berlin Wall

BERLIN (AP) — Soviet Premier Alexei N. Kosygin took his first look at the Berlin wall today a few hours after an East German border guard had been caught by comrades in a break for freedom.

Kosygin, who arrived in East Berlin Monday night from the Leipzig trade fair, visited the wall in the course of a short sightseeing tour through the capital city of the Soviet satellite.

Kenyans Enemy Of Communism

NAIROBI, Kenya (AP) — Any attempt to introduce communism into Kenya will be strongly opposed both by the government and the people, Finance Minister James Gichuru said during a weekend rally.

Red Chinese Ego Glares In Fair Show

LEIPZIG, East Germany (AP) — The Red Chinese have returned to the Leipzig industrial fair after a three-year absence with an exhibit showing what they can do without foreign help.

The motto seems to be "our own production" or "our own steel" or "our own technicians."

The visitor enters the exhibition hall through a colorfully decorated archway and faces a giant tapestry portrait of Mao Tze-tung. A slogan beneath says that the Chinese people, led by Mao, worked toward building socialism on the basis of their "own initiative."

The word "own" is repeated in describing every product exhibited, machines, electronic microscopes, heavy machine tools and communications equipment, for example.

One poster says 95 per cent of China's rolled - steel products have come "out of our own production."

A large part of the exhibit was devoted to food products — "Great Wall" canned corned beef, roast duck and braised chicken, to list a few.

"They have nothing to eat themselves and they show up here with this food exhibit," said one East German.

"They just have a big mouth," another commented. "They produced the things you see here just for this exhibition. They haven't got anything else."

Parade To Launch Rattlesnake Hunt

A parade through downtown Big Spring Thursday afternoon will kick off opening events of the annual Rattlesnake Round-up planned for Friday, Saturday and Sunday.

The parade is to begin at 4:30 p.m. Thursday and will be led by an honor guard from Webb AFB and contestants in the Miss Diamondback Pageant, sponsored by Jaycees as part of the roundup this year.

The Big Spring High School band, a float prepared by the Dates and Mates square dance club, and a display on trucks of animals to be included in the wildlife exhibit at the roundup will be included in the parade, in addition to other participants.

The parade is scheduled to begin at Seventh and Main Streets, go north on Main to Second, west to Scurry Street and south again to Seventh.

Jaycees and members of Webb AFB Undergraduate Pilot Training Class 66-C are continuing work at the fairgrounds in preparation for the annual roundup. Last year some 7,000 persons attended, with more than 1,700 rattlesnakes captured.

Jaycees are preparing cages at the fairgrounds for the wildlife exhibit which will be part of this year's roundup, in addition to pits and other facilities for collection and preparing the snakes for cooking and serving.

Ticket sales are continuing this week by Jaycees for the dinner and dance at Big Spring Country Club Saturday night, which will include the selection of Miss Diamondback, from among contestants from Howard County Junior College and Big Spring High School. Tickets to the dinner and dance are $3.50 per person, with the dinner to begin at 7:30 p.m.

Rash Of Minor Wrecks Occur

City traffic officers were kept busy Tuesday as a series of minor traffic mishaps were reported during the day.

Eight accidents were reported on city streets. A mishap at Alamesa Drive and Adams Street involved a vehicle driven by Mrs. Velma Adams, 4003 Dixon, which struck a fence.

Other accident locations and drivers involved were the Veterans Administration Hospital parking lot, Mrs. Hazel McRae, Imperial, and a parked car, owned by E. L. Sandell, Route 1; FM 700 and Scurry, Arthur Dean, 2223 Lynn, and Mrs Louise Welch, 406 Aylford; Eleventh Place and Goliad, Hardy Price, 202 Washington Place, and Videl Gonzales Garza, Key Motel; Eighteenth and Goliad, three cars, driven by Mrs. Carmen Padgett, 1812 Benton, Barbara Campbell, 2900 Parkway, and Elmer King, 609 E. 18th; Tenth and Goliad, Hubert Murphy, 2715 Lynn; and a car which left the scene; FM 700 and the VA Hospital, Mrs. Helen Crandell, 3800 Calvin, and Ann Ratliff, 405 Westover; First and Scurry, Wayne Johnke, 110 NE 12th, and Francisco Fierro Jr., 603 NW 5th.

Dawson County Seeking Rain

LAMESA—If everything goes as planned, Lamesa will get more than its share of rain this year.

A group of residents are about to put into action some plans that might change the weather. Meeting in the junior high auditorium Tuesday night, some 70 farmers and businessmen set up a committee to make a recommendation for a cloud seeding project.

The price for the rainmaking venture ranged from $8,000 to $24,000.

Lee Roy Colgan, Dawson county agent, pointed out that the basic difference in prices was due largely to the experience level of the bidders.

The group hopes to increase pre-planting moisture for dry land crops with the rainmaking operation. The committee will meet Friday to set up a corporation to finance the project. Only two votes were cast against the plan in Tuesday's meeting.

Jack Smith Files For School Post

Jack Y. Smith has filed as a candidate for Commissioner Precinct 2 seat on the Howard County School Board. J. D. Gilmore, who is seeking re-election, now holds this seat.

The only other vacancy to be filled is that for Commissioner Precinct 1. H. H. Rutherford has filed for re-election to this post.

Deadline for filing expires at 5 p.m. today. The election is on April 3 and boxes will be at Coahoma, Forsan and in Big Spring at Senior High School and Kate Morrison School.

Trent Advances To VI-B Meet

SNYDER—Trent downed Ira here Tuesday night, 71-53, in a Class B girls bi-district game.

The defending Class B state champs will now play in the Class B Regional tourney in Big Spring this weekend. Trent now has a 36-1 record for the year and has won its last 29 games.

Dianne Lewis hit 41 points for Trent to lead the victory. Pat Jones accounted for 34 points for Ira.

Mrs. Gulley's Funeral Today

WICHITA FALLS — Services for Mrs. Nora Gulley, 69, former long-time resident of Big Spring, were set for 2 p.m. today in Owens - Brumley Chapel here with Rev. Bill Temberton officiating.

Burial was to be in Crestview Memorial Park. Nephews will serve as pallbearers. Mrs. Gulley died about 8:30 p.m. Monday in Wichita Falls.

Survivors include two sons, a daughter, a son and daughter by a previous marriage, three brothers, two sisters and a half brother.

CARD OF THANKS

To all my friends—and hope I can count many of them—to the unselfish donors of blood, to the preachers, to the untiring efforts of the doctors and nurses and their deep interest in my well-being, to all my relatives, thank you. Am happy to be home and recuperating. God's richest blessings to each and every one of you.

B. F. Airhart and Wife

SOME MOISTURE
... came in light snow Tuesday

City Gets Light Snow Covering

More hog - killing weather struck the Big Spring area Monday night and brought a light covering of wet snow Tuesday afternoon. The near-freezing temperatures early Tuesday night curtailed attendance at the various city schools in observance of Texas Public Schools Week.

The mercury managed to climb only to 33 degrees for the 24 hours ending at 8 a.m. today, according to the thermometer at the Big Spring Experiment Station. Low for the same period was 25 degrees.

Light snow began falling about 1:30 p.m. Tuesday and continued until around 4 p.m. The moisture content of the show registered .01 inch at the experiment station.

Texas Electric Service Co. reports showed small amounts of snow to the north, east, and south, with some increase around Monahans and Andrews. No measurable amounts were submitted.

Skies showed a clearing trend this morning, and the report indicated no more moisture, although the cold weather was to continue until Thursday about noon. Low temperature for tonight will be from 42-46 degrees, rising to 50-54 degrees Thursday.

Winds will continue from the north and northwest through tonight, at about 8 to 18 miles per hour, but will become variable five to 15 miles per hour Thursday afternoon.

Book Contains Tax Answers

A full explanation of the changes made by the 1964 tax law are contained in "Your Federal Income Tax." This official booklet on Federal taxes is now available at 50 cents a copy.

Joseph P. Gordon, administrative officer of the office of Internal Revenue, said they may be obtained from your local Internal Revenue officer, or from the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D.C.

The 160-page booklet covers in detail the Federal income tax laws as they apply to individuals. The language is non-technical and contains many examples to illustrate the application of tax laws to actual situations.

Changes made by the 1964 tax bill are covered in detail. Explained fully, for instance, are the tax-saving provisions adopted for taxpayers over 65, as also is the minimum standard deduction which benefits millions of low income taxpayers.

Mrs. John Harris' Funeral Slated

DENVER CITY—Services for Mrs. John Harris, 67, of Denver City, are set for 10 a.m. Thursday in the First Baptist Church here. Graveside services will be held at 4 p.m. Thursday at the Coahoma Cemetery under direction of Singleton Funeral Home of Denver City.

Mrs. Harris died about 2:30 p.m. Monday in Yoakum County Hospital. Mrs. Harris had lived here for 12 years.

Survivors include her husband, a daughter, Mrs. Bill J. Smith, Odessa; one son, A. W. Smith, Odessa; a brother, Pete Thomas, Sand Springs, two sisters, Mrs. D. F. Rice, Seminole; and Mrs. Bill Brown, Odessa; and four grandchildren.

Abilene Men Are Honored

ABILENE—Two Abilene men who helped spearhead efforts to bring Dyess AFB here and then led in establishing and maintaining exemplary base-community relations were honored here this morning.

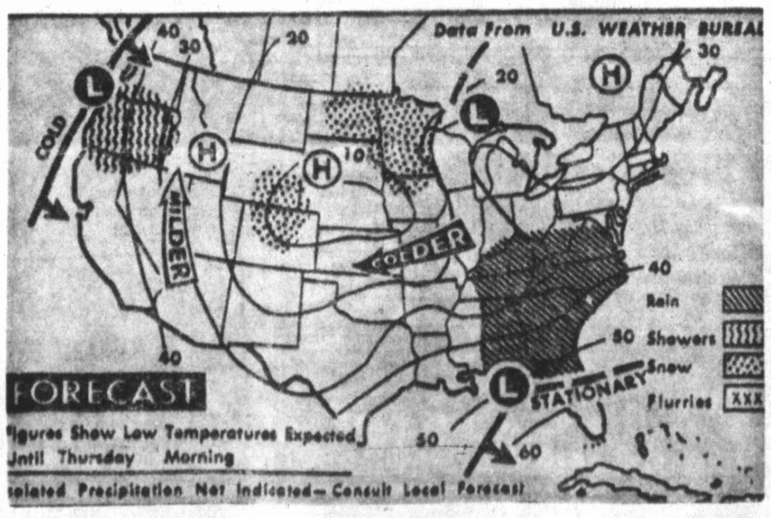

Howard McMahon, chairman of the board for the Abilene Reporter Publishing Company, and W. P. (Dub) Wright, oil distributor, received the Exceptional Service Award. This is given by the Department of Defense to private citizens who perform extraordinary service to the military. McMahon and Wright led in raising approximately a million dollars for purchase of land for Dyess, then made good on a promise to "Treat airmen right." Abilene in 1964 became the fourth city to receive the USAF Scroll of Appreciation.

Also cited at the ceremonies was the 819th Medical Group at Dyess for distinguished service.

Talpa Triumphs Over Rochelle

ROCHELLE — Talpa-Centennial ran past Rochelle here here Tuesday, 47-22, in a Class B girls basketball bi-district clash to win a berth in the Class B regional tournament in Big Spring this weekend.

Brenda Brines hit 24 points for the winners and Cathy Doyal had 14 for the losers. Talpa-Centennial held a 12-3 quarter lead and at the half was ahead, 28-11.

Weather Forecast

Rain from the Tennessee valley to the south Atlantic states, showers in the Pacific northwest and snow in the Rockies and northern Plains is the prediction for Wednesday night. It will be colder from the central and southern Plains to the Tennessee valley and milder in the Rockies and Great Basin area. (AP WIREPHOTO MAP)

Over 1,000 Attend School Observances

Over 1,000 persons turned out at five schools in Big Spring Tuesday afternoon and night for open house and special programs in observance of Texas Public Schools Week.

Open house programs at Park Hill and Boydstun Elementary schools were cancelled because of the weather. Park Hill school will not have an open house, but parents are invited to come to the school during the remainder of the week. Boydstun will have open house from 1:15 to 3:30 p.m. Thursday. Other school programs will be as originally scheduled.

Reports to the office of C. L. Ainsworth, director of educational services, this morning, from five schools, showed: Seventy-four registered at Lakeview Junior High and elementary school; 275 at Marcy elementary; 694 at Washington elementary; 52 at Runnels Junior High between 2:35 and 3:35 p.m., and about 50 at Senior High, where no register was kept.

Several schools planned no special programs or open house, but invited parents to attend at any time during the week. These will be continued through Thursday.

There will be no school Friday, as teachers will be attending the District IV convention of the Texas State Teachers Association.

Three Enter Forsan Race

FORSAN—Two of the three Forsan city aldermen whose terms expire this year have announced for re-election. The third is not seeking return to his seat on the board.

Deadline for candidates to file is midnight March 3. Filings should be made with the mayor, C. J. Lamb.

The two aldermen who seek return to their posts are C. B. Long and G. L. Monroney. Both have filed with Lamb. A. P. Oglesby, the third alderman, has not filed. Joe B. Hoard has filed for the seat which will be left vacant by Oglesby.

Holdover members on the board are J. B. Anderson and L. B. McElrath. Lamb, as mayor, will not be up for election until next year.

The election will be April 3 at the same time the Forsan Independent School District election is held.

Wayland Trustees Meet March 11

PLAINVIEW — Wayland Baptist College Board of Trustees will convene in semi-annual session on March 11, to consider adoption of 1965-66 budget and approval of plans for new construction on campus.

Preston Johnson, Lubbock, president of the board, has called the meeting for 10 a.m. to hear reports of trustee committees, President Roy C. McClung and other administrative officers. Dr. P. W. Malone, trustee from Big Spring is expected to attend.

Consideration will be given to development of plans for Harral Memorial Auditorium for which Mrs. J. L. Harral, Abernathy, recently provided $500,000; for a men's residence complex, the first unit of which should be ready in September; for a new president's home to be located on north side of Eighth Street; and for completion of renovation of first floor of Gates Hall. Reports will also be heard on Project '65 to raise $20,000 for lighting and seats for Wayland's new track facilities.

Mahon Assists Committee In Washington Cotton Talks

WASHINGTON—Concern over the one-cent per pound cut in the cotton support prices for 1965 brought a committee of 10 farmers and businessmen from the South Plains to Washington last week to urge that the cut be restored. The Department of Agriculture announced the drop of cotton supports from 30 cents a pound, middling-one-inch, in 1964 to 29 cents a pound in 1965.

Congressman George Mahon arranged for the group to meet with Vice President Hubert Humphrey; Secretary of Agriculture Orville Freeman; Under Secretary of Agriculture Charles Murphy; Rep. Bob Poage, vice chairman of the House Committee on Agriculture; Rep. Jamie Whitten, chairman of the subcommittee on Agricultural Appropriations; and other officials.

"I think I have never seen a group from our district receive a better reception from government officials, nor have I ever seen a group do a better job in stating its case," Mahon said, after participating in meetings with the committee.

Officials explained to the group that to eliminate the one-cent cut would cost the government 75 million dollars which had not been included in the President's budget. It was also pointed out by members of Congress that it would be most difficult to secure approval in the House of an additional 75 million dollars for cotton, especially without a request from the Department of Agriculture and the Bureau of the Budget.

Last year's cotton support program required government expenditures in excess of 850 million dollars. Congressman Mahon pointed out that there probably was not a 50-50 chance to get the additional 75 million dollars required for the restoration of the 30 cent support price, but he pledged to continue to do everything he could to be of assistance, realizing that the impact of the reduction in the support price last year, plus an additional reduction this year, would make it difficult—and in some cases impossible — for farmers to conduct a successful cotton farming operation in 1965.

Mahon said there is full agreement on the point that one of the major difficulties confronting cotton farmers is that the support price on cotton is going down, the cost of production is going up, and the farm labor situation is getting more difficult every year.

While the group came to Washington for the purpose of discussing the one cent price drop, much time was devoted to discussions of what should be done at this session of Congress about new cotton legislation. Some legislation is required, because the present law expires at the end of this year.

Mahon said he felt the group did a good job in impressing officials in Washington the urgent necessity for the maintenance of a healthy condition among commercial farmers who produce the great bulk of the food and fiber required by the nation. He pointed out it is estimated that more than 90 per cent of South Plains farmers would be classified as commercial farmers.

Water Draw Dips Again

Water demands on the Colorado River Municipal Water District dipped again slightly during February with deliveries of 645,095,756, a decrease of 4.62 per cent from the same month a year ago.

Municipal demands, held in check by cold weather, amounted to 351,919,600 gallons, a decrease of 14.93 per cent for the month.

Half of the oil companies showed declines, but the other half were up sufficiently in their draws to account for 293,176,156 gallons, or an increase of 11.62 per cent for the month. This made the over-all decrease for February about 31,000,000 gallons as compared with February, 1964.

Cumulative deliveries for the year stand at 1,360,636,148 gallons, or .358 per cent less than for the first two months of 1963.

Bulk of the increase for the oil repressuring contracts came from Standard-Sinclair, which increased to its contract maximum, and Sun Oil, which was up 43 per cent by reason of the addition of the Perkins-Prothro contract.

Services Today For D. W. Wray

Services for David W. Wray, 77, retired accountant, are set for 2 p.m. today in Elliott's Chapel of Memories in Abilene with burial in the IOOF Cemetery under direction of Elliott Funeral Home. Nephews will be pallbearers.

Mr. Wray died about 3:10 a.m. Tuesday in a local rest home. He was born Nov. 26, 1887, in Coleman County. He married the former Violet Burgess in Anson March 26, 1917. He was a member of the Church of Christ.

Survivors include a daughter, Mrs. Bob Grantland, Hobbs, N. M.; a sister, Mrs. Rose Peurifoy, Big Spring; one brother, Wiley A. Wray, Anson; and two grandchildren.

Legislative Houses Switch Calendars

AUSTIN (AP)—Texas legislators on each end of the Capitol switched calendars today.

Senators faced a slim agenda of House-passed measures while representatives considered a list of Senate-approved bills.

Gov. John Connally is scheduled to make the biggest ceremonial splash of the day when he signs into law the two prime results of the 59th Legislature so far. These are the forced oil and gas pooling bill and the central coordinating board bill for higher education. Both were finally passed last week.

BLACK DAY

It was a black day Tuesday in both houses for groups backing certain legislation.

Representatives torpedoed hopes for a so-called women's rights measure this session when, for the second time, the House failed to give the proposal the needed 100 votes to advance it to the Senate. The vote Tuesday was 91-26. Last week it was 99-25.

The House also short-circuited advancement of another proposed constitutional amendment that would let representatives-elect name a House speaker a month before each legislative session. The vote was 80-61. The election of the speaker is now the first business of a legislature.

SUDDEN HALT

In the Senate, two days' debate on the wholesale revision of the Criminal Code came to a sudden halt on a point of order. Sen. J. P. Word, Meridian, said the bill contains an appropriation—to give rewards to crime busters—and therefore cannot be debated until after the general appropriations bill passes.

On the credit side, the House passed 124-20 and sent to the Senate a bill raising the compulsory school age from 16 to 17 and by a 143-2 approval a resolution that would let soldiers vote in the counties where they are stationed. Present law says servicemen must vote in the county where they entered service.

Distressed Plane In Safe Landing

RIVERTON, Kan. (AP) — A B52 jet bomber from Sheppard Air Force Base, Wichita Falls, Tex., lost a wing tank loaded with fuel Tuesday but the huge craft returned to its base and landed safely.

OIL REPORT

Five Locations Are Picked Out

Five locations have been filed with the railroad commission office in Midland for Glasscock, Howard and Sterling counties.

Hanley Co. has staked No. 3 Meadors in the Spraberry Trend area of Glasscock County, nine miles northeast of Midkiff, to drill to a contract depth of 8,500 feet. It is 660 feet from the south and east lines of section 34-36-4s, T&P survey.

Continental Oil Co. has filed locations for three wells in the Howard-Glasscock field, four miles east of Forsan, all to be drilled to 3,250 feet. All are in section 138-29, W&NW survey. No. 33-E H. R. Clay is 1,100 feet from the north and 1,300 feet from the east lines; No. 34-E H. R. Clay is 1,320 feet from the north and 2,310 feet from the east lines; and No. 35-E H. R. Clay is 2,640 feet from the north and 2,310 feet from the east lines.

Sunset International Petroleum Corp. has staked No. 3-65 Sellers 18 miles south of Coahoma in the Triple-M (Wolfcamp) field, to be drilled to 8,400 feet. It is 2,001 feet from the north and 672 feet from the east lines of section 65-17, SPRR survey.

DAILY DRILLING

MARTIN

Cities Service Oil Co. No. 1-K Scharbauer, at a plugged back depth of 4,751 feet, was preparing to swab perforations at 4,570-78 feet. Operator has had trouble with treatment and will try a new test. The wildcat, seeking the San Andres 19½ miles northwest of Stanton, is spotted 650 feet from the south and east lines of league 324, LaSalle County School Land survey.

Tom D. Fowler No. 1 Schnecker, was making hole at 4,165 feet in dolomite. The Grayburg and San Andres wildcat spots 1,980 feet from the north and 660 feet from the east lines of section 24-38-1n, T&P survey, 13 miles northwest of Stanton.

Humble Oil & Refining Co. No. 1-DD State-University, drilled to 12,238 feet in a search for the Ellenburger, plugged back and perforated 8,494 to 8,536 feet. He fractured perforations with 20,000 gallons of acid and 40,000 pounds of sand and was shut in. It was staked 1,650 feet from the south and 1,980 feet from the east lines of section 30-6, University Land survey 34 miles northwest of Stanton.

STERLING

HMH Operators No. 1 Roy E. Glass, a Grayburg-San Andres wildcat 12 miles west of Sterling City has drilled to 2,450 feet and set 5½-inch casing on bottom with 276 sacks. Operator is waiting on cement. Spot is 467 feet from the south and west lines of 2-22, H&TC survey.

W. A. Moncreif and Champlin Petroleum Corp. No. 1 Fay Hildebrand, a Fusselman wildcat in the WAM pool 12 miles southwest of Sterling City, acidized perforations at 8,661-77 feet with 500 gallons. Operator swabbed naturally and recovered 38.5 barrels of load water in 2½ hours, and swabbed dry. He then swabbed for four and three-quarter hours and recovered 39.33 barrels of load water with a small amount of gas, and swabbed dry again. He will try re-acidizing and will continue testing. It was staked 660 feet from the south and west lines of section 45-A, GC&SF survey.

MARKETS

LIVESTOCK

FORT WORTH (AP) — Cattle 400; calves 100; good slaughter steers 22.50; good and low-choice 22.00; utility and commercial cows 13.00-15.00; utility and commercial bulls 14.00-18.00; standard and good slaughter calves 16.00-19.25; standard and good feeder steers 15.00-19.00; choice steer calves 21.50.

Koy Gets Acquainted

Ernie Koy, football star at the University of Texas, is shown at left above with Jack Little, incoming president of the local University of Texas Ex-Students Association, and at the right signing autographs for youngsters who gathered at the Big Spring Country Club Tuesday night to listen to him talk. The boys, from the left, are Don Hickson, Jimmy Gibbs and Pat Weaver.

Orange Bowl Run Was Big Thrill To Koy

By TOMMY HART

A few weeks ago, coach Darrell Royal of the University of Texas said, in substance, of his star running back:

"He doesn't overpower you. He simply wears you down."

Royal, of course, was talking about Ernie Koy's physical talents on the football field and not his ability as an orator.

What he lacked in finesse, Koy made up for in charm and unassuming manner in a talk made before members of the University of Texas Ex-Students Association at the Big Spring Country Club Tuesday night.

Upwards to 60 people were on hand to meet the strapping athlete from Bellville. Many were kids who came armed with autograph books.

Koy, star of the last Orange Bowl game involving Texas and the University of Alabama, told his listeners the 79-yard touchdown run he made against the Crimson Tide was probably his biggest thrill in athletics but added that the play he remembers best occurred when he was a bright-eyed sophomore, eager to succeed.

"It happened in a game against Oregon at a time Mel Renfro was playing for Oregon," Koy recalled. "I went back to punt and the ball sailed over my head. Oregon had two 250-pound tackles and I could hear them pounding down on me as I raced to pick up the ball. I got to it and I turned in time to get away a a pretty good punt. I think they were expecting me to run and it caught them by surprise."

Koy refuted stories which had been circulated that he and his fellow Longhorns were given instructions not to hit Alabama's Joe Namath below the knees in the Orange Bowl game because the Alabama quarterback had suffered a knee injury.

"It was the type of defense we were using to try and stop his passes," Koy said. "We were rushing only three or four men. We were prepared to give him the short passes in hopes of stopping the long ones."

Koy also brought out these pertinent facts in a questions-and-answers session with his listeners:

● Texas will be tough again next year, although it may have to depend largely upon sophomore ends because of the decision of George Sauer to turn pro and of Dan Mauldin not to return for another season of competition.

● He signed with the New York Giants rather than Houston, although the offers were about the same, because his dad (Ernie Koy Sr.) had played big league baseball in the New York area and he had always been attracted to the place.

● He expected Tommy Nobis, Marvin Kristynik, Phil Harris and Frank Bedrick to provide Texas with excellent leadership on the football field this fall.

● He is not against the redshirt program but reasons it should be strictly up to the boy whether he wants to stay in school to play an extra season. He certainly doesn't hold it against George Sauer for electing to turn pro, although George has an extra year of eligibility in case he wants to take it.

● He thought Joe Namath "looked like a $400,000 ball player, at least the night he played us in the Orange Bowl." The thing that makes Namath outstanding in Koy's mind, at least, is the man's ability to change off and pass to someone else if his original patterns do not work as planned.

● The New York Giants are instituting a major youth movement, especially among their backs, and Koy hopes to be a part of the new setup for a long time to come. He hopes to weld his place on the playing roster by punting and place-knicking.

● Linus Baer, the San Antonio star, is still favoring a leg injury and may not be able to play for Texas this fall.

Koy brought with him colored films of the Orange Bowl classic which, he confessed, he had never before seen. He did the commentary during the screening.

Ernie spent the night at a local motel and was due to fly back to Austin from Midland today.

Jack Little was formally installed as president of the local association, succeeding Carl Bradley, who presided during the banquet.

LOOKING 'EM OVER

With Tommy Hart

Quite probably, Howard County Junior College will serve as host for the Region VI-B boys' and girls' basketball tournaments again next year. The decision will be made in Austin in about a month.

The local college has staged the two meets the past two years with the complaints of visiting teams fitting into one of two categories: Minor or none at all.

All the money taken in during the meets is returned to the schools, after expenses. Game officials cost $20 each a game. The official scorer and the timekeeper are paid $5 each per game. In addition, the officials are staked to room rent, meal money and travel expense.

The college is out the cost of lights, maintenance and other minor costs but the expense is written off as good public relations for the school and town.

The presence of Sands helped the gate a lot in last week's first round boys' play, just as Forsan will hypo the crowd in the girls' tournament this week. It would be even better if two area teams made it to Regional — and Garden City, Gail, Westbrook and Flower Grove (to name a few) are eligible.

* * * *

Fred Salling, the former Coahoma coach who is now superintendent of schools at Miles (one of the boys' tournament teams here), is a cousin to Ronnie Dale Smith, the local high school athlete.

Fred gave Coahoma one of its great football teams in 1953. That year the Bulldogs went all the way to the Regional finals before losing to Rochester.

Skeet Williams, quarterback on that Coahoma club, is now a coaching aide down at Port Neches.

* * * *

Although Albert Fierro was the star of last year's Big 33 Football game in Hershey, Pa., no Big Spring boy was included on the list of nominees for this year's contest, which will be played Aug. 14 — provided the NCAA approves the game.

Plenty of area gridders are up for consideration, however, including Terry Schreiner, Midland Lee; David Cooper, Odessa; David Graham, Abilene Cooper, all tackles; Art Overturf, Odessa; and Drew Darby, San Angelo, guards; Dennis Holt, Abilene; and Bucky Kimble, Midland Lee, quarterbacks; Jim Rich, San Angelo; Ross Montgomery, Midland; and Leslie Brown, Snyder, running backs.

One of those who made the list and should not have was Permian's tackle, Glenn Halsell, who has another season of eligibility remaining.

* * * *

People visiting from Odessa insist ninth grade baseball was ended in the public schools over there because of the increasing emphasis on football.

The grid buffs don't want to lose any budding football player to the horseside sport.

* * * *

NFL players insist that, after the deal to televise last season's championship game was peddled to CBS-TV for $1.8 million, NBC put out the story that it would have bid at least $2 million for the contest's air rights.

The NFL players were unhappy because so much of the loot goes into the players' pension fund and the gridders want the age of eligible pensioners dropped from 65 to 50 years.

It's just a question of time until they get their wish.

Texas In Tie For Top Spot In Standings

By The Associated Press

If Texas Tech hadn't added 10 and 9 and made it 20 the Southwest Conference basketball championship would have been determined today.

And if John Beasley hadn't been on the prowl and shot down Southern Methodist the latter would have clinched a tie for the title and be looking toward the NCAA playoffs.

But those big ifs arose to haunt the cagers and Texas Tech, although it clinched first place with an 87-80 victory over Arkansas Tuesday night, isn't going anywhere.

Tech thought Norman Reuther, one of its stars, had 20 hours credit in the last two semesters but he didn't and the Red Raiders forfeited all rights to the championship and a spot in the NCAA.

Thus Southern Methodist, Texas and Baylor are left to fight for the championship and right now SMU and Texas are tied for first and Baylor is just a game back. All three have one to play.

Southern Methodist's downfall came from the mighty Beasley who poked in 38 points and got 18 rebounds in leading the Texas Aggies to a 94-81 victory Tuesday night.

Texas, meanwhile, was beating Texas Christian 84-63 and surged into a tie with SMU.

Texas Tech has an 11-2 record and is bound to finish first although it won't mean much.

SMU and Texas are 9-4 and Baylor, which lashed cellar-dwelling Rice 79-72, is 8-5.

Southern Methodist closes out Thursday night against Arkansas at Dallas while Texas meets Baylor at Waco. It could wind up in a three-way tie should SMU lose to Arkansas and Baylor beat Texas. If SMU won and Texas lost, SMU would be champion and enter the NCAA playoffs.

If there is a tie for the title, there will be a playoff for the NCAA spot.

Beasley brought his scoring to 502 for the season and 368 in conference play. He thus broke the record of 362 for conference scoring set by Dick O'Neal of Texas Christian in 1955. He also set a flock of school records.

Big Three Seeks Initial Victory

PENSACOLA, Fla. (AP) — Arnold Palmer, Jack Nicklaus and Gary Player try for their first victories of the 1965 professional golfers tour starting today with the pro-am warmup for the $65,000 Pensacola Open.

They will meet for the first time this year in the pro-am and all need the practice. Neither of the Big Three has won a tournament this year. They are not even in the top 25 money winners.

Player hasn't played so far, but Palmer and Nicklaus have no excuses.

A field of 52 pros will tee off Thursday in the 72-hole tournament over the 6,142-yard, par-72 Pensacola Country Club course. The pro-am today was worth $3,000 in cash and prizes.

Thomas Challenges Stuart For Post

By DICK COUCH
Associated Press Sports Writer

Baseball's annual spring fling is two days old and, so far, form is holding up in the far-flung training camps.

It rained in Florida Tuesday. Arizona was frigid. Half a dozen players couldn't get out of Latin America. The big question seemed to be "Who's on first?" and one answer was:

"I'm not conceding him a thing. All I want is an equal opportunity. . ."

Frank Thomas issued the challenge to newcomer Dick Stuart at Philadelphia's Clearwater, Fla., base after extolling Stuart's virtues as a hitter and — despite his reputation — glove man.

Stuart, acquired from Boston in a winter deal, is an all-round fine fellow who will help the Phillies win the National League pennant this time out, said Thomas, but the big slugger was not going to take his job away without a fight.

Stuart, meanwhile, was busy trying to make peace with Dennis Bennett, the young pitcher whom the Phils sent to Boston in the trade. Bennett is unhappy about Stuart's remarks that the Red Sox were cheated in the deal and that he probably paid more income tax money last year than Bennett drew in salary.

"The whole thing has been magnified and distorted," Stu said. "A lot of what I said was said as a joke, but the writer took me seriously."

First base also was the focal point at Miami and Pompano Beach, Fla., where Baltimore and Washington, respectively, hold forth.

Big Boog Powell, who hit 39 home runs for the Orioles last year as an outfielder, worked at first base, where Manager Hank Bauer plans to give him an extensive trial. Senators' pilot Gil Hodges drilled four aspirants — Bob Chance, Roy Sievers, Dick Nen and incumbent Joe Cunningham — at the bag.

The Pittsburgh Pirates disclosed that NL batting champion Roberto Clemente is hospitalized with malaria in Puerto Rico and will be unavailable for at least three weeks.

Julian Javier, only unsigned St. Louis Cardinal, was reported en route from Puerto Rico to the world champions' camp but Roberto Pena, rookie Chicago Cubs' shortstop, was grounded in the Dominican Republic because of visa difficulties and several other players from Central and South America had not been heard from.

Cozby Is Added To Chief Staff

SAN ANGELO — Fagan (Moon) Mullins, new head coach and athletic director at Lake View High School, hired his first assistant just 24 hours after being named to the office.

Curtis Cozby will be his new assistant. Cozby will be an assistant football coach and head track coach at Lake View. Cozby worked with Mullins at Edison Junior High here.

FIGHT RESULTS

TUESDAY NIGHT

NEW YORK—George (Kayo) Foster, 135, Cincinnati, stopped Genaro (Baby) Soto, 135, Puerto Rico, 1.

OAKLAND, Calif.—Charles Shipes, 144, Oakland, stopped Memo Lopez, 147, Los Angeles, 6.

Sands Mustangs Average 57.3 Points Per Game

ACKERLY—The Sands High School basketball team ended the season scoring 1,485 points to 1,235 for the opposition.

Coach Arlen White's chargers averaged 57.3 points per game and held the opposition to 47.1 per game. Sands, winner of District 83-B, was defeated in the first round of the Class B regional tourney here last week by Fort Davis, 68-51. Fort Davis won the tournament and a trip to Austin for the state meet.

The Mustangs ended the season with a 20-6 record. This was an improvement over the 13-14 record of 196-64.

Eddie Herm lead the Mustangs in field goals with 197, and free tosses with 95 for a total of 489 points. Lynn Maxwell was second in each of the departments.

Mustang scoring:

Player	Fg	Ft	Tp
Eddie Herm	197	95	489
Oren Lancaster	93	86	272
Lynn Maxwell	87	25	199
Larry Chapman	62	57	181
Tom Fryar	48	40	136
Jesse Cavoazos	18	23	59
Rick Kemp	15	22	42
Dennis Wells	17	7	41
Glenn Harrell	9	11	29
Roger McCasland	6	10	22
Danny Womack	4	0	8
Leon Russell	3	1	7

Indiana Loses B. McCracken

BLOOMINGTON, Ind. (AP) — The sudden resignation of veteran basketball coach Branch McCracken started Indiana University today on its second hunt for a new head coach in 10 weeks.

McCracken, 57, announced Tuesday night he was stepping out at the end of the current season, his 24th with the Hoosiers.

Indiana's head football coach, Phil Dickens, resigned in December and was succeeded in January by John Pont, former head coach at Yale.

McCracken said he was not resigning because of ill health or pressure but wanted to get out of coaching before his health became affected.

He holds a full professorship in the school of health, physical education and recreation and said he will remain with the university.

Terrell-Machen Battle Isn't Luring Curious

CHICAGO (AP) — Two nice guys, lanky Ernie Terrell and seasoned Eddie Machen, meet in comparative privacy for the world Boxing Association's version of the heavyweight title Friday night.

"This one has been my toughest to publicize," Ben Bentley, a veteran tub-thumper for some 35 title fights, conceded Wednesday.

"There's Cassius Clay accepted as heavyweight champion outside the WBA. There's the great comeback showing of Floyd Patterson against George Chuvalo. And then, the weekend before our fight, we got the Black Muslim convention and Clay monopolizing the Chicago press."

Bentley, publicity man for the erstwhile International Boxing Club, said the fact that neither the 6-foot-6 Terrell, a Chicagoan, nor the 32-year-old Machen, father of four from Redding, Calif., was a "character," in or out of the ring, also hindered dramatizing their 15-round bout at the International Amphitheatre.

Champs In Midland Meet

First place team in the first annual Shamrock Lanes Invitational Bowling tournament held recently in Midland is the Big Spring Produce "Lost Five," pictured above. From the left, they are Lee Burklow (sponsor), Mickey Shuck, Roy Burklow, Buzz Sawyer, Don Smith (captain) and Doyle Irwin. The quintet posted an aggregate score of 3,179. In the competition, Smith had a 651, Burklow 598, Irwin 646, Shuck 644 and Sawyer 640. Sawyer was also first in All-Events with a 1,963 and Smith tenth with 1,919. Shuck and Smith finished fourth in doubles with 1,273, Irwin and Sawyer ninth with 1,261 while Sawyer won singles with a 663.

Who Is CBS Kidding?

By HUGH FULLERTON JR.
Associated Press Sports Writer

NEW YORK (AP) — It has been said under oath that ownership by the Columbia Broadcasting System won't affect the actual operation of the New York Yankees.

If so, how come a talking Mynah bird flew in on one wing from Fort Lauderdale the other day with some strange reports on the first day of spring training there?

Of course, the Mynah didn't identify the people seen as Yankees. He said names aren't for the birds. But he claimed the guy with a big cigar sitting in a chair marked PRODUCER was called Ralph. And the director roaming around the field answered to either Johnny or Skip.

Then there were assorted assistant producers, assistant directors, technicians, prop men and an unidentified Man in a Grey Flannel Suit and Sincere Tie who kept making suggestions and talking about the Sponsors and the Agency.

This is the scene as the Mynah saw and heard it:

Producer: "Okay, you guys. We're starting rehearsals for the New Show. You got 13 weeks to top the other network or they may drop you for a western or a rerun of the 1925 Pirates. WE had top rating most of last season but YOU lost the World Nielsen to the Cardinals. Naturally we got a new director. Take over now, Johnny."

Skip: "The cameras aren't set up yet, so we'll just walk through the rehearsal a couple of times. The chalk marks on the field show where to put your feet. But don't look down at them; always keep your face to the camera."

Player: "What about those cables, Skip? We can't take infield practice when they're in the way."

Producer: "They'll come out when a vice president gets here to decide the camera locations. Nothing's settled yet. Why, they don't even have the grass dyed green."

Sincere Tie (interrupting): "Remember, lads, the sponsors expect you to put on a show that'll reflect the quality of their product. Every catch must be sensational; only close plays at first base; and you only hit home runs this year."

Skip: "Let's get practice started. You feel like throwing to the hitters, Whitey?"

Whitey: "I'm not sure about my arm, Skip. It still feels a little stiff. I thought I'd just limber up in the bullpen today."

Sincere Tie: "No, No! You're the star. You gotta show in every segment. Run through it a couple of times for the instant replay, then we'll use your stand-in."

Yearlings Split In Volleyball

SNYDER — Girls' volleyball teams representing Snyder Lamar and Big Spring Runnels split two matches here Tuesday.

The Snyder ninth graders, playing largely against Runnels reserves won, 15-11, 5-15, 15-13, in a set which saw Christy Price and Connie Trevino shine for the Yearlings.

In eighth grade play, Big Spring won, 16-14, 15-1. In that one Roelynn Bunch and Mimi Luevano stood out for the Yearlings.

Three Lamesa teams visit Runnels Thursday for games. The eighth grade Yearlings go to Kermit for a tournament Saturday.

Wylie Sidelines Stanton Girls

COLORADO CITY—The Wylie Bulldogs proved to be too much for the Stanton Buffalo Queens as they easily whipped past the Queens, 51-29, in a Class A bi-district game here Tuesday night.

Wylie will now compete in the regional tournament in Lubbock this weekend. Kathleen Long hit 8 points to lead the Bulldog victory.

Bill Bradley Named Season's Top Cager

NEW YORK (AP) — Bill Bradley, Princeton's two-time All-America, was named the college basketball player of the year by The Associated Press today.

The 6-foot-5 senior from Crystal City, Mo., who has led Princeton to three straight Ivy League titles while setting all-time Ivy records galore, won by a whopping 116-30 margin over Cazzie Russell of Michigan in voting by 216 sports writers and broadcasters.

Bradley and Russell also were one-two in the separate balloting for the 1965 All-America, announced by The AP Tuesday. This balloting was much closer with Bradley getting 993 points on 197 firsts and four seconds. Russell tallied 964 points on 186 firsts and 17 seconds.

Five points were given for a first-team vote in the All-America voting and two points for a second-team nod, while just single votes counted in the player-of-the-year tally.

Named to the All-America first team, along with Bradley and Russell were Rick Barry, the nation's individual scoring champion from the Miami, Fla., Hurricanes; Gail Goodrich of UCLA's defending national champions; Fred Hetzel of Davidson and the late Wayne Estes of Utah State.

Estes was named to the All-America posthumously. He died Feb. 8 when he accidentally came in contact with a high-voltage wire.

Hetzel, who led Davidson to 23 straight victories before West Virginia upset the Wildcats in last week's Southern Conference championship tournament, was third in the player-of-the-year balloting with 12 votes.

Rounding out the top 10 were Barry with seven votes; Goodrich and Estes five each, Clyde Lee of Vanderbilt, A.W. Davis of Tennessee and Dave Stallworth of Wichita, three each, and Skip Thoren of Illinois, two.

Henry Finkel of Dayton, Billy Cunningham of North Carolina, Willie Somerset of Duquesne, Flynn Robinson of Wyoming, Steve Vacendak of Duke and Oliver Darden of Michigan received one vote each.

FIRST TEAM
Bill Bradley, Princeton, 6-foot-5, senior, hometown, Crystal City, Mo.
Cazzie Russell, Michigan, 6-5, junior, Chicago.
Rick Barry, Miami, Fla., 6-7, senior, Roselle Park, N.J.
Gail Goodrich, UCLA, 6-1, senior, North Hollywood, Calif.
Fred Hetzel, Davidson, 6-8, senior, Washington, D.C.
Wayne Estes, Utah State, 6-6, senior, Anaconda, Mont. post-humously.

SECOND TEAM
Dave Stallworth, Wichita, 6-7, senior, Dallas.
Clyde Lee, Vanderbilt, 6-9, junior, Nashville.
Bill Buntin, Michigan, 7-7, senior, Detroit.
Dave Schellhase, Purdue, 6-4, junior, Evansville, Ind.
Skip Thoren, Illinois, 6-8½, senior, Rockford, Ill.

THIRD TEAM
Bill Cunningham, North Carolina, 6-6, senior, Brooklyn, N.Y.
A. W. Davis, Tennessee, 6-7, senior, Rutledge, Tenn.
Keith Erickson, UCLA, 6-5, senior, El Segundo, Calif.
John Austin, Boston College, 6-1, junior, Washington, D.C.
Jim Walker, Providence, 6-3, sophomore, Boston.

Local Netters Split Matches

Forced inside by a snowstorm, the HCJC tennis team split with South Plains in the first conference match of the season for both teams.

HCJC won the women's division 6-0, but lost in the men's division, 5-1. Sandra Sanchez of El Paso defeated Judy Woodard of South Plains, 6-0 and 6-2, in the first match. Sandra Modgling of Junction then took on Betty Roberts of South Plains and downed her, 6-2 and 6-2.

In the number three and four singles matches for women, Louise Malaise and Waynette Dolan for HCJC won by forfeit.

In the women's doubles, Sanchez and Modgling won over Roberts and Woodard, 6-3 and 7-5.

A. J. Pirkle was the only winner for the Jayhawks in the men's division. He defeated Cote Trout, 11-9 and 6-3. Don Thompson was downed by Lew Proctor of South Plains, 6-0 and 6-0. Taylor Smith lost to Larry Henrichs, 6-1, 4-6 and 6-2. Tory Abell of South Plains defeated Taylor Smith of HCJC, 6-0 and 6-1.

In the men's doubles, Thompson and Smith lost to Proctor and Henrichs, 6-0 and 6-3. Clements and Pruitt lost to Abell and Trout, 14-8, in the season doubles match.

The girls' team will go to Plainview Monday to play Wayland Junior College and the whole team will journey to Clarendon on March 15 for the second conference match of the year.

All Not Serene On Cage Front

By TED MEIER
Associated Press Sports Writer

Dave Strack and Joe Mullaney, the basketball coaches at Michigan and Providence, respectively, enjoyed a nice Tuesday evening. It was different for Babe McCarthy, coach at Mississippi State, and for Branch McCracken, coach at Indiana.

Strack, observing his 42nd birthday, got a present of a 98-75 victory over Wisconsin from his nationally No. 1 ranked Wolverines, a triumph that cinched at least a tie for the Big Ten championship.

The 40-year-old Mullaney hit the 200-victory milestone of his career as his Friars, fourth-ranked in The Associated Press Poll, walloped Massachusetts 102-75.

In contrast, the veteran 57-year-old McCracken, coach at Indiana for 24 years, resigned effective at the end of the season. McCarthy, 41, also resigned, ending a 10-year tenure at Mississippi State.

Indiana has a 17-5 record with two games left. Mississippi State ended its season last Saturday with a 10-16 mark.

Cazzie Russell and Bill Buntin paced Michigan with 24 and 20 points, respectively, at Ann Arbor as the Wolverines won their 12th straight and upped their over-all mark to 20-2.

Michigan now can win the Big Ten crown outright by defeating Minnesota Saturday. The Gophers stayed alive Tuesday by beating Iowa on the road 78-70 behind Lou Hudson's 20 points. Michigan is 12-0 in conference play and Minnesota, sixth-ranked in the AP poll, is 10-2.

Jim Walker and Dexter Westbrook each flipped in 21 points for Providence as the once-beaten Friars closed out their home season with a 21-1 record. The Friars play at Brown Friday before taking on West Virginia in the first round of the NCAA tournament at Philadelphia Monday.

Texas A&M upset Southern Methodist with a home court 94-81 victory and enabled the Texas Longhorns to tie SMU for second place in the Southwest Conference. Texas, playing at home, defeated Texas Christian 84-63.

The runner-up team in the SWC will go to the NCAA tournament since Texas Tech declared itself out of tournament consideration last week because of an ineligible player.

Thursday's Arkansas at SMU and Texas at Baylor games probably will decide the SWC NCAA representative. SMU and Texas each are 9-4 in league play with Baylor right behind at 8-5. Baylor defeated Rice 79-72 Tuesday.

Detroit, bound for the NIT in New York, defeated Marquette 90-76 at Milwaukee. In other games, Illinois downed Northwestern 93-70 at Evanston, Bradley crushed North Texas 102-77 at Peoria and Missouri whipped Nebraska 84-66 at Columbia, Mo.

Babe Bids Bye-Bye

Mississippi State's basketball coach, Babe McCarthy, resigned Tuesday night after ten years' service with the Bulldogs. (AP WIREPHOTO)

Longhorns Look To Snyder Meet

For a team that was not predicted to place, the Big Spring Steers proved a number of experts wrong Saturday at the Comanche Relays in Fort Stockton.

The Steers finished fifth overall in Division II ahead of some 25 other schools. Coaches R. C. Moore and Cliff Patton were "overjoyed" as they put it, with the showing the Steers made.

Prior to the start of the meet, Johnny Hughes in the low hurdles, was the only Steer thought to have a chance, but then came the surprises.

Joe Jaure in the 100-yard dash was probably the biggest surprise as he placed second, running a 9.8, in a photo finish.

"They took a picture of the finish and it took the officials five minutes to decide the winner," said Moore. The Steers were leading by a good five yards in the sprint relay event when a bad hand off caused the Steers to lose out.

This Saturday the Steers will go to Snyder for the annual Canyon Reef Relays. Moore feels that the 100-yard dash record of 9.7 set in 1961 by Big Spring's R. L. Lasater is in danger. Moore said that Jaure could break it.

Patton feels that a number of records are due to be broken at the meet. The Steers' 440-relay team could break the old record at Snyder, said Patton.

The 440-relay team is made up of Johnny Hughes, Marvin Hall, Kirby Hodnett and Jaure. Frank Salazar and Wayne Kennedy will run in the 880-yard run for the Steers. Competing in the high hurdles will be Bobby Baker and Rickey Earle.

Hughes will once again be favored in the low hurdles, but could be pressed by the other Big Spring entry, Jaure.

Hodnett, Earle Anderson and Jaure will be entered in the 100-yard dash and Hodnett, Gary Rogers and Jerry Wilson will be entered in the 220-yard dash.

Running in the mile relay will and Salazar. Gary Morris and Charles Thompson will compete in the mile run.

In the 880-yard relay, Hughes, Hall, Hodnett and Jaure will carry the baton. Harold Newton, Hughes and Jaure will enter in the broad jump and Newton and Jaure will take care of the high jumping chores.

In the weight division, Kirby Horton, James Carver and Henry Dirks will compete in both the shot and discus with Ronnie Smith taking part in the discus alone.

Locals Lead In District

ABILENE — The Big Spring Steerettes took the lead in District 2-AAAA volleyball competition Tuesday night by defeating Abilene High, 15-10 and 15-6.

Sue Burns and Rita Bragg were high point servers in the first game with four points each. At the net in the first game was Sheila Powell, Lucy Thornton and Jan Worthan.

In the second game Barbara Burklow was high point server with 10 points. At the net in this game was Bragg, Powell and Burns.

The local girls also won the B-team game, 15-11 and 15-13.

Can Company Strike Persists

NEW YORK (AP)— Negotiators report no progress in efforts to end the strike of 36,000 workers against the nation's two leading can manufacturing companies.

No further meetings are scheduled, but federal mediators said they would remain in touch with both sides.

Albert Whitehouse, co-chairman of the union's negotiating team, said "We accomplished absolutely nothing."

The strike started Sunday against 70 plants, three in Texas.

A union spokesman said a rejected 12 cent wage increase offer would "barely make up for the increases in the cost of living since the last wage adjustment received by our members." The average wage under the expired contract was $3.04 an hour.

The union had sought a wage increase of 24 cents an hour over the term of a three-year contract. It sought improved pension and retirement programs.

DEAR ABBY

Father Had His Own Way!

DEAR ABBY: Our daughter invited a young man she had been dating at college to come home with her for the weekend. We approved the invitation. They are both 21. She asked for her father's car so they could go to a movie. Nothing was said about what time they would return. Long ago we set a time limit of 1 a.m. so we assumed they'd be in by that time. They came in at 5:30 a.m.! They said they'd spent most of the time in an all-night eating place. My husband was furious and had words with them right then and there. Our daughter cried and, of course, the rest of the visit was strained. I told my husband I thought he should have talked to our daughter in private and said nothing to the young man. What would you have done?

UPSET MOTHER

DEAR MOTHER: Being a mother, I'd probably have done exactly as you did and told my husband he should have talked to our daughter in private and said nothing to the young man. But my husband, I am sure, would have done exactly as your husband did and thrown the book at both of them right then and there. And I think he'd be justified.

* * *

DEAR ABBY: We go out with a group of middle-aged married couples. One couple has an 18-year-old daughter whom they take everywhere they go, even to the homes of their friends when they are invited there for parties. We have all been very much annoyed about this, but we've been friends for so many years we don't know quite how to tell this couple that they should leave their daughter at home. Please give us a clue as to how we can change this situation.

ANNOYED GROUP

DEAR GROUP: One of you should wise up the mother to leave the girl home now and then. If it is done in a kindly and friendly manner, she should not be offended. An 18-year-old girl should be making a social life of her own. But she and her parents may need your understanding help, too.

* * *

DEAR ABBY: Every time I ask my husband to repeat something, he gets mad and asks me why I don't get myself a hearing aid. There is nothing wrong with my hearing. It's the way my husband talks. He mumbles! It's gotten so that I'm afraid to ask him to repeat anything for fear he'll take my head off. How can I let him know that it's his mumbling and not my hearing that's at fault without starting a civil war?

MUMBLER'S WIFE

DEAR WIFE: Make a deal with him. Tell him YOU'LL have your hearing tested if HE'LL consent to see a speech therapist. Trust the experts to give you the facts.

◇ A 4
♣ Q 9 5

The bidding:

South	West	North	East
1 ♡	Pass	1 ♠	Pass
2 ♡	Pass	4 ♡	Pass
Pass	Pass		

Opening lead: King of ♣

Negative inferences frequently provide valuable clews to the declarer. In the four heart contract presented today, South drew a useful clew from West's failure to participate in the auction.

West opened the king of clubs and East followed with the three, the lowest card outstanding in the suit. West switched at trick two to the queen of diamonds.

Declarer, after some deliberation, played low from both hands—permitting West to hold the trick. The diamond continuation was taken in the closed hand with the ace. The ace and queen of hearts pulled the outstanding trump. Dummy was entered with the ace of spades and South discarded his remaining spade on the king of diamonds.

The queen of spades was led, covered by the king and ruffed by South. The North hand was reëntered with the king of hearts and declarer discarded a club loser on the jack of spades. Another club trick was conceded to the opposition and South scored up the game, having lost two clubs and one diamond.

Altho North was gratified by South's success, he asked his partner at the conclusion of the deal why the latter had rejected the straightforward finesse in spades, in favor of the more complicated line of play.

"My decision was based on West's failure to bid," South replied. "The play to the first two tricks revealed that West held the ace-king and probably the jack in clubs, and the queen-jack of diamonds. If he had the king of spades in addition, there seems little doubt that he would have entered the auction after I opened the bidding—either by overcalling or else making a take-out double. His silence convinced me that East probably held the king of spades, in which case the normal spade finesse would fail."

Observe that, if South finesses West for the king of spades, East is in, and on the club return—the defense cashes three tricks in that suit.

Steel Contract Meet Scheduled

PITTSBURGH (AP) — Negotiators for the United Steelworkers and the 11 major steel firms are expected to meet Thursday in a preliminary session sure to have important bearing on the long-delayed efforts to write a new contract for the basic industry.

The industry requested the meeting to plan resumption of the talks next Monday and to press for an extension of the union's May 1 strike deadline.

R. Conrad Cooper, chief industry negotiator, in a letter to USW President David J. McDonald Monday, called for "prompt amendment of the termination provisions of the current labor agreement so as to reinstitute the 120-days' notice provision."

NO COMMENT

The union had no immediate comment, but it was expected to discuss the proposal at a meeting Thursday with representatives of the 11 basic steel companies. The meeting was requested by Cooper.

Contract talks are expected to resume next Monday. The union may strike May 1 if no agreement is reached.

McDonald has called for a special meeting Thursday morning of the union chairmen of the 11 basic steel bargaining committees. He said this group is expected to attend a joint session at 2 p.m.

Negotiations were suspended Jan. 7 because of the campaigns of McDonald and I. W. Abel, USW secretary-treasurer, for the union's presidency, a contest which remains in doubt.

Cooper, underlining past union-industry cooperation "to minimize the devastating cycles of a build-up and letdown in steel markets," noted that half of the 120-day negotiation period already had passed.

"The longer the present uncertainty continues, the worse the effect becomes," he said.

Case Total Down By 39

March 1 saw the number of cases on the dockets of 118th District Court down 39 from the total as of Feb. 1, Fern Cox, district court clerk, said today.

He explained Judge Ralph Caton had dismissed 65 aging divorce petitions and five other civil suits in February. The court also disposed of 15 divorce petitions, 16 other civil suits and 11 criminal cases in February.

Feb. 1 saw the total cases on the docket at 1,138. During the month, 77 new cases of all kinds were filed. At the end of February, the 73 dismissals, 42 nonjury cases disposed of and one jury trial had brought the overall total to 1,099.

Twenty - three new divorce suits were filed in Februrary to be added to the 256 which were on file when the month began. The 80 dismissals and dispositions in this bracket left 199 divorce suits pending — the lowest mark in this division in a long time.

Two tax suits were dismissed leaving 375 pending. Twenty-nine new civil suits, other than tax or divorce, were filed to bring the starting number and the new filings to 485. Twenty-two cases were disposed of to leave the total March 1 at 463.

There were 40 criminal cases on hand when February opened. Twenty-five new cases were filed. Eleven were tried before the court, and one case was dismissed to leave the total March 1 at 53.
