Eisenhower To Make His Tax Return Public

PHOENIX, Ariz., Oct. 10 (AP) — General Dwight D. Eisenhower said today he will make public before the election a report on his financial status.

Arriving in Phoenix, Eisenhower was asked this question:

"May we have an answer directly from you to the question whether you intend to make public before election time your income tax returns or a financial statement giving substantially the same information."

Eisenhower replied:

"Of course. If anyone is interested they can have a report as soon as it is completed. It is virtually all a matter of public record any way."

This statement came after reports that Eisenhower had no intention at this time of making his financial affairs public.

Eisenhower's statement this morning did not make clear whether he intended to open his full income tax returns for public inspection. But some of his aides said the statement did not mean necessarily income tax returns would be opened.

They left the impression that a financial statement of some kind will be thrown open for inspection, however, which they say would give virtually a complete story of the general's financial position.

Wildcat Being Abandoned In Scurry County

Hassle Hunt Trust Estate No. 1 Mary Gatlin, Southwest Scurry wildcat, has been plugged and abadoned on total depth of 7,755 feet in Pennsylvanian shale and lime.

A two-hour drillstem test was run from 7,564-755 feet. Recovery was 498 feet of gas cut mud with no shows of oil or water.

The No. 1 Gatlin was drilled about seven miles southwest of Ira and in section 97-97-H&TC. It was less than two miles northwest of McAlester Fuel Corp. No. 1 T. P. Allen, opener of the Allen-Holliday field.

GARZA FAILURE

Bighorn Corp. of Midland has abandoned the No. 1 Rex Welch and others as a failure in Garza County. It was drilled to a total depth of 3,291 feet in the middle Permian.

The No. 1 Welch was about 13 miles northeast of Post in section 2-4-K, Aycock survey.

General Crude Oil Co. has reported a failure in the Claytonville field of Fisher County. It drilled to total depth of 6,751 feet and reported no shows of commercial production. It was 1,980 feet from north and west lines of section 252-3-H&TC, 11 miles west of Longworth.

NEW LOCATION

Ashland Oil & Refining Co. of Midland has staked location for a 7,200-foot Ellenburger wildcat in Central - East Dickens County.

It will be the No. 1-3 Pitchfork, 660 feet from north and west lines of section 3-D-T. A. Thompson survey. That is about 16 miles northeast of Spur. Operations are to begin immediately.

HOWARD COUNTY

Coronet Oil Co. will drill the No. 59-1 C. L. Jones in the Coronet 2900 field of extreme Northeast Howard County starting immediately. Location has been made 330 feet from south and west lines of the northwest quarter of section 59-20-LaVaca Navigation survey, four miles northeast of Vincent. Contract depth is 3,000 feet.

DRILLING REPORT

Kewanee Oil Co. No. 1 Cochran, Southwest Stonewall wildcat, made no shows of oil, gas or water on a one-hour drillstem test of the Ellenburger from 6,481-550 feet. Recovery was 95 feet of drilling mud. The project is now drilling below 6,585 feet in Ellenburger lime.

Superior and Intex No. 14-598 R. H. Jordan, Northeast Borden tester, is drilling below 8,310 feet in lime and chert. Superior and Intex No. 2-517 Lemons is drilling in lime below 4,743 feet.

Lawton Oil Corp. No. 1-A Martin, Dawson wildcat, has been plugged and abandoned on total depth of 9,946 feet in Pennsylvanian lime. It topped the Pennsylvanian at 9,745 feet, and reported no shows of commercial production.

American Trading No. 2-A Elmer Howell, Southeast Scurry project, is drilling in lime below 6,841 feet.

Alice Grand Jury Report Due Out Today

ALICE, Oct. 10 (AP)—After questioning 44 witnesses from three South Texas counties, a grand jury investigating the ambush slaying of Jake (Buddy) Floyd Jr. was expected to return its report today.

Many of the witnesses called before the jury were county officials or active in the turbulent political activity of the area. Some refused to give their names and addresses to reporters.

The 22-year-old University of Texas student was fatally shot Sept. 8 in what has been called a bungled assassination attempt on his politically active father, Alice Attorney Jacob Floyd Sr.

The jury adjourned yesterday afternoon after talking with the two men charged with murder in the slaying. Both have been held without bond since they were arrested shortly after the slaying.

Nago Alaniz, an Alice attorney, spent about half an hour with the jury. Mario (El Turko) Sapet, San Diego bar owner, was in the room about 10 minutes.

Neither is accused of actually firing the shots that killed young Floyd.

A number of yesterday's witnesses were from Starr County, south of here on the Mexican border. Previously witnesses came from Jim Wells County and Duval County, home of George Parr, South Texas political kingpin.

Yesterday's witnesses included Starr County Chief Deputy Sheriff Fred Ellert, Duval County Auditor Charlie Stansell, Jim Wells County School Superintendent Caesar Thormalen, Starr County Deputy Tax Collector Jimmy Clark, and Duval County Commissioner John Turnham.

Plane Flew Into Wing Tank Of Jet Fighter

TRAVIS AIR FORCE BASE, Calif. (AP)—A mid-air collision of a B29 and a jet fighter presumably was caused by loss of the F94s right wing tank in a swift turn, the Air Force said today.

All 11 crewmen on the Travis-based bomber were killed when the B29 crashed near Portland, Ore., Wednesday.

The jet fighter made it back safely to McChord Field, Wash. Its left wing tank was damaged. The two crewmen were not injured.

A spokesman said presumably the planes collided as the jet made a firing run on the bomber on a routine training maneuver.

The Air Force previously said the B29 crash was caused by an explosion in flight.

Cold Weather HasGoneAway

By The Associated Press

With Fall's first norther gone, Texas' long drought—in its third year—had passed another season Friday with no signs of an ending in sight.

In fact, there was evidence that the drought was increasing its intensity. In the last four and one-half days only .05 of an inch of rain has been recorded in the entire state.

That was the total for Monday and Tuesday and none has fallen since. Skies Friday were clear over the state and there was not even a hint of precipitation for Texas' dry croplands, pastures and timber stands.

Meanwhile, temperatures continued to rise Friday toward ninety-degree levels in some southern portions of the state. Mercury marks in the eighties and high seventies were common by mid-afternoon.

FIREMEN RESCUED

Two injured firemen are rescued from the ruins of a fire in an auto company building in Nashville, Tenn. Wade Harman, Jr., (foreground) crawls dazedly away while firemen pry fallen timber from William Stoutt (left background). Neither was hurt seriously. Damage to the building and contents was estimated at several thousand dollars.

Adlai Sees Russians Giving Up Their Aggressive Program

OKLAHOMA CITY (AP)—Gov. Adlai E. Stevenson turned his campaign southward today with the prediction that Russia may abandon its aggressive policies because American-sponsored collective security has "worked so well."

But the Democratic presidential nominee cautioned in an address prepared for a City Auditorium rally here that the United States must be on guard against trickery in any Soviet attempt to substitute honey for vinegar.

And he declared that even the chance he now sees for long-run gains toward peace "might all be sadly altered if the Republicans win in November and proceed to do what they say they will do."

Heading for New Orleans and an appeal tonight to southerners openly rebellious against the Democratic ticket, Stevenson fired heavy artillery here against Gen. Dwight D. Eisenhower on what the Illinois governor called the principal issues of the presidential campaign—peace and prosperity.

He said if there is any weakening of American defense and foreign assistance programs the Kremlin can change its signals quickly.

"We all know in our bones that it is dangerous to talk tough unless we are ready to act tough," he declared. "The new Republican policy—and I am sorry to say this—is to talk tough while we simultaneously weaken our defenses and alliances.

"That just doesn't make sense to me. That is a sure road to disaster."

He previously had criticized Eisenhower's assertion the United States would "never rest" until the people of the satellite countries were freed. Stevenson said this aroused speculation that some "reckless action" might be taken, but Eisenhower later said he was speaking only of peaceful means, not war.

Stevenson has contended that Eisenhower's call for a 20 billion dollar budget cut would mean a slash in defense funds.

Accusing the Republicans of trying to scrap the bi-partisan foreign policy, he sailed into Eisenhower on this point.

"What the campaign has clearly brought out is that the Old Guard of the Republican party wants to scrap that bi-partisan foreign policy—and that their candidate with the new look, the General of the army, has either forsaken his own great past or become the policy partner of Sen. Taft and some gentlemen of similarly eccentric views about our world," the Democratic nominee declared.

"Senator Taft and the Old Guard, of course, have fought our bi-partisan foreign policy right along. They have said that it costs too much, forgetting that however expensive peace may be, it will cost as nothing compared to a new world war."

On the other hand, Stevenson said he thinks the Democratic administration's policies have been "mightily successful."

"They have rallied and united the free world and have checked the spread of communism," he declared. "If we stick with these policies, I deeply believe we shall avert a third world war."

On the prosperity issue, Stevenson said the Republicans are preaching a lot of "scare-stuff" in saying that good times are based on military production.

"The general says our prosperity is a sham prosperity, that it is based on war and that it is going to collapse as soon as defense orders taper off," the Illinois governor said.

Murder And Arson Case

NEW YORK (AP) — The burned body of a man tentatively identified as Sanford Tilles, a television scenery artist, was found tied hand and foot with wire under a burning studio couch in a Manhattan apartment early today.

Firemen answering an alarm found the bedroom and living room of the first floor apartment in flames.

Police Capt. Henry Wade described the case as "arson and murder."

Sam Carrow, superintendent of the building, said the man worked for the National Broadcasting company and was about 35 years old.

All four windows of the apartment were locked. The superintendent opened two locks on the apartment door with pass keys.

Wade said the body had a large gash on the right temple and indicated the man had been struck with a heavy instrument. The man's hands were tied behind his back.

A third floor tenant had smelled smoke and called the superintendent.

OLD FRIENDS RALLY FOR IKE

Man Talks With Stranger Who Arrests Him On Murder Charge

WACO, Oct. 10 (AP)—An off-duty law officer swapping war tales with a stranger in a cafe early today recognized him as a suspected killer and caused his arrest.

A murder charge was filed against Edward Johnson, 32, in justice of the peace Bill Logue's court here.

Tom Springer, radio dispatcher for the State Department of Public Safety office here, recognized the man he was talking to as the same man whose description he had broadcast for several hours.

tion Hospital.

Springer was not in uniform. He left the cafe and called police, who arrested Johnson, a former patient of the Waco Veterans Administra-

The man was sought in connection with the killing yesterday of a dairy hand at Valley Mills, Tex. The dairy hand, officers said, was shot and killed because he refused to co-operate in an armed robbery attempt.

Killed was Joe Servantez, 50, an employe of the Dennis Clemons Dairy about three miles southwest of Valley Mills, a small town about 25 miles northwest of Waco.

Police said the man under arrest also had been working at the farm. Constable M. B. Edwards said Servantez was shot when he refused to help tie up I. H. Bufkin, a cab driver who had driven the slayer to the robbery scene from Waco.

The man was not immediately charged, possibly because of some uncertainty as to which county the killing occurred in. The dairy farm is near the place where the borders of McLennan, Bosque and Coryell counties meet.

Cool Holdup In Bank Nets Robbers $8,500

FORT LAUDERDALE, Fla. Oct. 10 (AP)—Two armed robbers tied up three employes of the Peoples Industrial Bank today and escaped with $8,500 they stuffed in a brown shopping bag.

The robbery occurred at 8:15 a. m., 45 minutes before the bank was open for the day. The intruders slipped in through an unlocked rear door.

They forced two women tellers, Mrs. Virginia Bing, 34, and Mrs. Lila Saville, 22, to hand over a key to a floor safe.

They forced the cashier and two tellers to lie on the floor, and taped their hands behind them with adhesive tape.

The pair walked in leisurely manner out the back door, across a parking lot and disappeared.

Reds Protest UnarmedPlane Over Germany

BERLIN (AP) — Soviet officials have demanded that "severe punishment" be meted out to the crew of an unarmed U. S. Air Force plane menaced by machine-gun fire from Russia jet fighters while it was flying a hospital mission. American authorities already have protested the shooting.

The Berlin-bound plane, carrying a crew of five and a woman nurse to evacuate Army ailing, was buzzed Wednesday by two Soviet MIG15s. It escaped into a cloud after a warning burst of bullets zipped past its nose.

Maj. Gen. Lemuel Mathewson, American commandant in Berlin, sent a quick protest to Maj. Gen. V. I. Trussov, Soviet deputy chief of staff, describing the firing as "hostile, unfriendly, unwarranted and uncivilized."

But Moscow also dispatched a protest the same day to American military headquarters in Germany, the Army disclosed today. The Russian claimed the DC transport flew for 55 minutes outside the 20-mile-wide air corridor from the U. S. occupation zone to Berlin.

On its flight, he added, the U. S. plane exceeded the corridor boundaries by distances up to 18.6 miles.

"The American plane did not heed the demand of Soviet planes to make a landing, and attempted to hide itself in clouds," Trussov said.

He demanded "the severe punishment of the guilty" American fliers and "measures to avoid violating flying orders over the territory of the German Democratic Republic by American planes."

Coal Strike Is Threatened By John L. Lewis

CINCINNATI (AP)—John L. Lewis was reliably reported today to be considering a nation-wide coal strike unless the government Wage Stabilization Board approves the union's recently negotiated pay boost by next Wednesday.

Lewis sent his chief legal lieutenant, Welly Hopkins, flying from the United Mine Workers Union convention here to confer today with the wage board in Washington.

The problem, it was understood, may complicate the current political situation.

Lewis, who seemed to be on the verge of endorsing Democratic presidential nominee Adlai Stevenson after apparently favoring Republican nominees in the past three national elections, was holding up any flat endorsement until he sees how the Democratic administration handles his wage case.

The miners union president has just negotiated one of his fattest labor contracts in history—a pay boost of $1.90 a day, boosting the basic daily wage for miners to $18.25, plus a 10-cent increase in the tonnage royalty paid by coal mine owners to the union's welfare fund. The increase brings the royalty to 40 cents a ton, or better than 150 million dollars a year.

Probers Give Agency Report

WASHINGTON, Oct. 10 (AP)—House investigators today sent financial records to the Justice Department and Internal Revenue Bureau which might prompt an income tax investigation of Howard L. Doyle, veteran U. S. attorney for the southern district of Illinois.

The documents concerned Doyle's outside legal earnings of at least $86,517 above his salary between 1945 and 1950 and the income taxes he paid on them. His salary for the period totalled $48,468.

Doyle told a House judiciary subcommittee yesterday that he had "overlooked" a $5,000 legal fee he received in 1945, and had filed an amended income tax return last week to cover it.

He said he discovered the oversight; a fee from the American Distilling Co., one of his private clients, after the company's attorney told him the House committee had subpoenaed the cancelled check.

Rosson Made New District Attorney Here

Tomorrow morning, Scurry and Borden Counties will have a new district attorney appointed by the governor to finish the unexpired term of Robert S. Davie.

Davie said this morning that he had received a telegram from the governor which stated that the executive had accepted Davie's resignation effective tomorrow. Davie, appointed to the position by the governor when the new district was created last year, offered his resignation early this week.

Renal B. Rosson, who defeated Davie to win the Democratic nomination for the next term, said he received notice from the governor last night that he had been appointed to fill the remainder of the current term and had accepted the appointment.

Davie plans to move to Dallas where he has accepted a position on the district attorney's staff.

36-Degree Low Again

For the second subsequent night the thermometer registered a low of 36 degrees, according to Mrs. D. P. Strayhorn, official weather observer. But 7:30 o'clock this morning the temperature had climbed three degrees. Yesterday's maximum reading was 74 degrees, she said.

SEOUL, Korea, Oct. 10 (AP)—Chinese Reds battered their way to the top of White Horse Mountain tonight and massed 16,000 fresh troops within easy striking distance of the blood-soaked hill.

Intelligence officers said the Communists could commit two fresh divisions to battle at any time.

The fanatical Chinese stormed up the slopes with screams and curses and pushed valiant South Korean defenders off the ridge line.

The bone-weary U. N. troops scrambled right back to the top and battled the Reds hand to hand in a drenching rain for half an hour before surrendering the crest again.

A pelting rain started just after dark. It soaked the wearied soldiers who have been fighting continuously more than four days.

A front line officer said it was so dark on the crest that the Republic of Korea (ROK) troops had to grope their way forward to close with the Reds.

He said the South Koreans had one simple rule for fighting in the dark; if they felt a shaved head in the hand-to-hand fighting they knew it must belong to a Chinese.

That was all the identification they wanted.

The officer said the only sounds from the hilltop were "The screams of the wounded." Because of the darkness, the big guns of both sides were silent.

The South Koreans launched their attack from a line about 100 yards below the crest at 8:30 p. m. They apparently ran headon into the Chinese, who were pushing their way slowly forward.

The ROKS stormed back to the crest less than two hours after a screaming Chinese drove them from the top to the base of the hill mass.

The Chinese surged forward in a human sea attack. The officer said they stormed the north slope behind the protective curtain of a roaring Allied artillery barrage. About 100 yards from the top they established a defense line at 7:30 p.m. One hour later they clawed back to the rest.

The Red attack a few hours earlier had come as no surprise.

Indictments On Suspects Asked

FORT WORTH, Oct. 10 (AP)—District Attorney Stewart Hellman today asked the new term of the Tarrant County grand jury for indictments against Sam Cresap and Gene Paul Norris, suspects in the $248,000 tommygun holdup of two Cubans here last week.

The district attorney filed an armed robbery charge against Norris, under a federal charge in Oklahoma, and an accomplice charge against Cesap, held here on $20,000 federal bond.

Hellman asked the grand jury for the indictments a few minutes after its members organized for the October term.

Hellman told the jury the three Cuban complainants and detective A. C. Howerton will testify and provide "ample proof" for returning the indictments.

U. S. Commissioner R. F. Milam reduced bond for Cresap, charged with transporting the stolen money across the state border, from $50,000 to $20,000 after a hearing yesterday.

State Eisenhower Manager Raps Truman In Talk Here

"If Eisenhower is elected, and things are in as bad a mess in Washington four years from now as they are in now, I will be happy to vote for a Democrat for president in 1956," Ben Guill, former Republican representative from Texas, said in an Ike rally here last night.

The above statement was the only time in Guill's 30 minute address that he was stopped by applause from the 50 persons gathered in the Eisenhower-boosting rally.

Guill lambasted Sam Rayburn, speaker of the House and head of the Stevenson for president organization in Texas, in his talk and compared the Eisenhower's stand on platform issues with the Democrat candidate's stand on the same issues.

Guill said that Rayburn had threatened Texas oil men by hinting that the 27 per cent depletion allowance would be taken away from mineral producers if "the oil industry does not string along with the Truman-Stevenson idea of federal ownership of tidelands."

He pointed out that Rayburn had misrepresented the dates of passage for the depletion allowance. Rayburn had claimed that the allowance was written into the tax law by the Democratic Congress under Hoover. Guill said that the record shows that it was inacted under Calvin Coolidge some years earlier.

Guill asked, "Did Rayburn help pass the depletion allowance legislation in 1926 just as a favor to the oil man?"

In his talk, Guill compared the prices of farm products at the end of the last Republican congress under the Hoover administration with prices under the first Democratic congress under the same administration and under Roosevelt's administration.

"It wasn't until 1939 that cotton and other farm products were selling as high as they were the last six months of the last Republican congress under Hoover," Guill said, "and the nation was preparing for war in 1939."

Most of Guill's talk, however, was devoted to comparing candidate's stands on the national party platforms in this election.

On state ownership of tidelands, Guill said that the Truman-Stevenson team says no, and that Eisenhower says yes.

Stevenson says yes to a compulsory Fair Employment Practice Commission, and Eisenhower says, no, Guill said.

On repeal of the Taft-Hartley Act, Stevenson says yes, and no says Eisenhower, Guill stated, but he added that Eisenhower does think that the Taft-Hartley Act may need some amendments.

On the question of more government control, Stevenson says yes while Eisenhower says no, Guill said.

On elimination of waste and extravagance in government "Truman-Stevenson gang" says "no comment", and Eisenhower says yes, Guill stated.

On stopping inflation, "Truman-Stevenson gang" says "no comment", and Eisenhower says yes, he said.

On limiting debate in the Senate, Stevenson says yes, and Eisenhower says no, Guill said.

On tightening security laws against Communists, Stevenson says no, while Eisenhower says yes, Guill said.

He pointed out here that Stevenson vetoed a bill passed by the Illinois legislature which would have controlled communists in that state.

Guill concluded his speech by saying that "you don't change things in Washington without changing the top man."

Guill was elected to the House of Representatives two years ago from Pampa, Tex., in a special election held to fill an unexpired term. He was the only Republican running against seven Democratic candidates for the office, and was elected by a plurality. At that time he was the second Republican ever to be elected to the House from Texas, and was the first Republican elected in 24 years in Texas to the House.

"I am arguing for General Eisenhower, I am arguing for a man, I am not married to any party," Guill said.

Guill said that he was a Democrat until Franklin D. Roosevelt came out for a third term in 1940, and that he had been a Republican since.

Shelby L. Surratt, Republican leader in Scurry County; introduced Guill. Surratt also introduced Mrs. R. C. Rich, of Houston, who is one of the leaders of the women-for-Eisenhower movement in Texas.

Birth Control Through Pills; Priest, Protestant Comment

By FRANK CAREY
AP Science Reporter

WASHINGTON (AP) — A Boston doctor's report of successful use of birth control pills in humans has elicited varying reactions from prominent clergymen of the Roman Catholic and Methodist churches.

Dr. Benjamin Sieve reported in the technical journal "Science" yesterday that 298 married couples had experienced complete lack of fertility during periods ranging from three to 30 months while taking the pills at breakfast, lunch and dinner—and that some are still taking them.

But the Boston researcher emphasized that the drug—previously used to control bleeding—does not produce permanent sterility. He said 220 of the women have had a baby or have become pregnant after they and their husbands quit taking the pills.

The Rev. Francis J. Connell, a Redemptorist priest and dean of sacred theology at the Catholic University of America, was asked to comment on the report. He declared any use of such pills with the "direct intent of preventing conception would be a violation of the Devine Law as it affects birth, according to Catholic interpretation of God's law."

"This is because a substance taken orally with the direct intent to prevent birth in no way differs from any other means of unnatural contraception," he said.

Bishop G. Bromley Oxnam, bishop of the Washington, D. C., area of the Methodist church, also asked to comment, said:

"It is in accord with the moral law to plan properly for the coming of children. This discovery may enable mothers to space their children with due regard for health, education and service to society. The discovery is to be commended, not condemned."

Dr. Sieve, while reporting preliminary success, stressed that "much more clinical data must be accumulated before the general use of this anti-fertility factor is warranted.'

Declaring the substance "promises safe and controllable fertility," he said it "can be taken indefinitely with toxic effects effects or permanent inhibition of fertility.'

The pills must be taken for 10 consecutive days before their anti-fertility action becomes effective. They must be taken continuously thereafter to assure lack of fertility, Dr. Sieve added: "fertility can be restored merely by omitting the drug for a 48-hour period."

The drug is called "phosphorylated hesperidin.'

Dr. Sieve said other researchers had discovered that the drug showed an anti-fertility action when administered to laboratory animals. He said he confirmed such animal studies and then undertook the tests with humans.

He said the substance is believed to act as an anti-fertility factor by interfering with the action of a body chemical called "hyaluronidase" which in turn is believed to aid in the impregnation of the female egg by the male sperm.

The scientist reported that all 298 couples had had at least one child before undergoing the pill treatment, but that two of the couples had shown an apparent sterility for some time prior to the test. And yet, he said, the women in both those couples were among the first to become pregnant after stopping the pill-taking.

This suggests, he said, that the chemical may have the power of promoting fertility in persons deficient in that line—while at the same time inhibiting it in normally-fertile people. But he said further study would be needed to confirm this idea.

Father Connell said the Roman Catholic Church condones only (1) complete sexual abstinence or (2) the "rhythm method" of controlling birth—the rhythm method being based, he said, on a "natural" cycle of non-fertility in the female each month.

Latest Developments Making Peace In Korea Look Remote

By JAMES MARLOW

WASHINGTON (AP)—Korean peace looks remote. Truce talks at Panmunjom have not officially ended but have broken down. Peace efforts shift now to the U.N. General Assembly which opens Oct. 14.

The Korean War, beginning in June, 1950, is now more than 27 months old. Truce talks between teams of U.N. and Communist negotiators began 15 months ago. For the last six months the talks have bogged down over one question: The exchange of prisoners.

There have been no real discussions at Panmunjom since mid-July. The teams met more or less regularly every week just long enough to say they had nothing new to say and to declare another recess. On Wednesday even the meetings themselves went into indefinite recess.

This was at the demand of Lt. Gen. William K. Harrison Jr., chief U.N. negotiator. He bluntly told the Communists the next move was up to them. He told them to accept the U.N. proposal for settling the prisoner problem or make a "constructive proposal of their own."

The U.N. says it will not force any of its prisoners to return to China or North Korea if they don't want to go.

The Communists take the opposite position: that all prisoners should be returned on both sides.

Neither side has been willing to budge.

While the talks limped on, the fighting in Korea continued. This week 15,000 Reds attacked the U.N. positions in the biggest Communist offensive since May, 1951. This has not been regarded so far as the opening of a major Communist offensive to drive the U.N. troops out of Korea.

Why the Communists have opened up this much now is not clear. It may be the result of decisions made between the Russians and Chinese when the latter visited Moscow for important talks last summer.

When Secretary of State Acheson announced several weeks ago there would be a full-scale debate in the U. N. Assembly, after it opens next week, it was a change from the American government's previous position. Until then Acheson had opposed U.N. debate on Korea on the grounds that it might interfere with the Panmunjom peace talks.

That ceased to be a reason against U. N. debate when for months it was clear the Panmunjom talks had become a farce.

The U. S. and Russia will slug it out in the U. N., as usual. Russia is sending over a high-powered delegation headed by its foreign minister, Andrei Vishinsky.

This week Acheson still seemed hopeful that a truce in Korea could be worked out. He told a news conference: "We continue to believe that a humanitarian solution to the prisoner of war question can be found, and that this can be done at Panmunjom."

He made the statement the same day Gen. Harrison at Panmunjom called for an indefinite recess in the truce talks.

Students Look At Businesses

Plans were begun this week by Chamber of Commerce for a high school business - education week, in which students will be acquainted with business in Snyder and Scurry County.

Meeting with T. D. Wiman, Jr., chairman, the committee set the week of next March 2 as a tentative date for the week.

During the week, speakers in various businesses in Snyder will speak to classes at the high school to explain the business benefits in the city and county and inform students about Snyder's resources, problems, government, industry and opportunities.

Before the week begins, teachers at the high school will make a list of speakers they want students to hear, and they will make up the schedule of classes for the speakers.

The list will be given to the Chamber of Commerce, which will arrange for the talks. During the week, teachers will have their students undertake projects in connection with the work, and several field trips for the students will be scheduled.

At the end of the week's talks, the students will be given exams on their studies of Snyder.

Winners Are Placed By Scurry Farm In State Swine Show

Smith's Hampshire Farm of Snyder was the exhibitor of the champion barrow and champion pen of three barrows at the State Fair of Texas.

The farm is owned and operated by Raymond Smith and his son, John A. Smith.

Other exhibits placed by the farm which won honors included a junior yearling boar, first; senior spring boar pig, fifth; junior spring boar pig, fifth and sixth; senior spring sow pig, sixth; junior spring sow pig, sixth and seventh; young herd, third; get of sire, fourth; breeder - feeder litter, second; barrows, 180 to 220 pounds, third and sixth; and barrows, 221 to 270 pounds, first and third.

Polio Cases This Year Were Worst On Record

NEW YORK, (AP)—The National Foundation for Infantile Paralysis says this year's polio epidemic, which has passed its peak, now stands as the nation's worst on record.

With 3,227 new cases reported in the week ended Oct. 4, the foundation said last night, the total for 1952 numbers 4,372 cases—339 more than reported in all of 1949, the worst previous year.

Jr. High PTA Meeting

Activities of the Junior High School Parent - Teacher Association were discussed by a group of room mothers meeting Wednesday afternoon with Mrs. I. E. Goodman, 2801 Avenue T.

Sixteen women attended the meeting, which included a discussion of fund-raising projects. Mrs. John Hamblen was assistant hostess for the meeting.

Hermleigh PTA Votes To Continue Annual Holloween Carnival

HERMLEIGH, Oct. 10 —The Hermleigh Parent - Teacher Association has voted to continue the annual Halloween carnival at a meeting Monday attended by about 75 persons.

Mrs. Geral Greene is president of the association, with Mrs. Thelma Hacker vice-president. Mrs. Eldon Chitsey is secretary and Mrs. Alfred Cooper treasurer.

The PTA also voted to declare a clean-up day in the near future. PTA members will be asked to help clean up the school grounds and make whatever improvements can be made. Oct. 17 was designated chest X-ray day.

Future meetings of the organization during the football season will be announced so that grade school games and meetings will not conflict, Mrs. Greene said.

Arthur E. Cronk of Snyder has recently been promoted to the rank of cadet sergeant in the ROTC Corps at Tarleton State College. The son of Mr. and Mrs. Thomas J. Cronk of Snyder, he is a senior engineering student.

More Casualties Listed

WASHINGTON (AP)—The Defense Department today identified 264 Korean War battle casualties in a new list that included 38 killed, 205 wounded, seven missing and 14 injured.

Billy R. Chasteen, 21, above son of Mr. and Mrs. E. C. Chasteen of route No. 1, is completing basic Air Force training at Lackland Air Force Base. He will enter a specialized training school upon completion of this basic indoctrination course.

Move To Get TB Patients To Hospital

WASHINGTON, Oct. 9 (AP)—Two Texas state hospital officials are seeking approval of the proposed transfer of the tubercular hospital at Mission to Temple, Tex.

Under the plan some 900 patients now in Weaver Baker Hospital, located on World War II Mission Air Force Base, would move on a temporary basis to unused portions of the McCloskey Veterans Administration hospital in Temple.

If the move is made by May 1, 1953, the Air Force plans to reactiviate the Mission base. Residents of Temple oppose the plan The VA is expected to report by Nov. 1 on a survey to determine whether it can spare presently unused buildings at McCloskey.

Attending conferences here yesterday were Larry O. Cox, executive director of the Texas State Hsopital Board, and James M. Windham, board chairman.

Cox said that Temple residents had expressed fear that once moved to their city on a temporary basis, the hospital might remain there permanently.

"We have definite plans to build two new tubercular state hospitals which will have a total capacity for between 1,000 and 1,200 patients," Cox told a reporter.

He said they would be located at San Antonio and Harlingen.

Schools Inspected In Fire Prevention Week

As part of Fire Prevention Week, all the schools of Snyder were inspected by Ivan Gatlin, fire marshal, and Melvin Newton, volunteer fireman.

Gatlin said that all the schools were in good fire prevention condition, and that all fire drills held during the inspections went smoothly and quickly.

Alleys in Snyder have been inspected also, and were found to be in good condition with only a few fire hazards being discovered, Gatlin said.

"Some weed patches and waste oil containers were found near service stations which will become a serious fire hazard after frost kills the weeds," Gatlin stated.

Officers In Scurry County Unit Of Texas Teachers Group Elected

Frank Wilson, director of curriculum for the Snyder schools, was elected president of the Scurry County unit of the Texas State Teachers Association recently.

Elected vice-president was Lacy Turner, high school principal at Fluvanna. Other officers are Miss Vallie Eoff of Snyder, second vice-president; Miss Bessie Cleveland of Hermleigh, third vice-president; Mrs. Silas Devenport of Snyder, secretary; R. C. Smith of Ira, treasurer, O. B. Paty of Hermleigh is past president of the group.

Committee chairmen appointed by Wilson are Turner, program committee Miss Eoff, public relations; T. D. Wiman, Jr., legislative; Art Nicholas, auditing; Silas Devenport, nominating; Clois Henry, yearbook; and Ollie Peak, arrangements.

Three Vote Absentee In Charter Election

Only three persons had voted by absentee ballot up to this morning in the election for or against the proposed city charter, Mrs. Clara Jones, city secretary, said.

Mrs. Jones said she has not yet received any other applications for the ballots.

Deadline for the absentee voting is Oct. 18, and the regular election will be held Oct. 21.

Negro Quartet Will Sing Here Tomorrow

The Evening Star Singers, a Negro quartet from Dallas, will be presented in a program at 8 o'clock tomorrow night in the Lincoln Elementary School.

Their program will include spirituals, semi-classical and other types of songs. Admission is 75 and 25 cents.

Retired Educator Is Holding Consultation, Program Here

A series of programs in the Snyder schools were held today for the speaking and consultation of Dr. Willis A. Sutton, retired president of the Atlanta, Ga., school system.

Dr. Willis, who arrived here this morning from Brownwood, has been touring the country recently as a guest speaker for the Readers' Digest magazine. School administrators here called him one of the most outstanding authorities on school systems and an interesting speaker.

Willis began his schedule this morning by meeting with the senior and junior classes at the high school, then he made a short talk in high school assembly. After having lunch at the East Elementary School cafeteria with the school administrative staff, Willis met with the high school student council, then he spent more than an hour counselling with individual high school students. He spoke to the junior high assembly at 2:30 o'clock this afternoon.

The educator will meet at 8 o'clock tomorrow night at the high school auditorium with the Scurry County unit of the Texas State Teachers Association, which is composed of teachers from the Snyder, Hermleigh, Ira, and Fluvanna school districts.

He will be introduced by Dr. Cecil Yarbrough, superintendent of Snyder schools and will speak to the group, which will also include members of the Snyder council of the Parent-Teachers Association and the Snyder Classroom Teachers Association.

Frank Wilson, director of curriculum, who is in charge of general arrangements for Willis' visit here, will preside over the meeting. Platform guests will include Yarbrough, the Rev. Clifford Taylor, who will give the invocation; Mrs. E. N. Baker, president of the Snyder PTA council; Mel Zane Gilbert, head of the classroom teachers; and M. E. Stanfield, assistant school superintendent.

Probe Set For UN Personnel

SALT LAKE CITY (AP)—The U. S. Senate Internal Security Committee will open a probe Monday in New York into possible subversive influences of persons connected with the United Nations.

Sen. Pat McCarran (D-Nev) announced plans for the probe last night at a meeting in his honor given by the American Coalition of Patriotic Societies.

Gardner Osborne of New York, president of the organization, presented him with a medal and scroll for his work in "promoting Americanism and national security."

McCarran in his address at the meeting said the investigation will deal with infiltration of the United States by persons using their diplomatic immunity as a subterfuge.

He declared his committee will "go into the United Nations and bring forth a realization of what we have set up in our midst when we set the U. N. up in New York with the loftiest of ideals,"

Many Don't Like Mac To Be On Ballots

SEATTLE (AP)—Washington State Republicans, anticipating a very close race between their presidential nominee, Gen. Dwight D. Eisenhower, and Democrat Adlai Stevenson, are worried because Gen. Douglas MacArthur's name also will be on the ballot.

The general is the candidate of the Christian Nationalist party, which has its headquarters in Los Angeles. His vice presidential running mate is Jack Tenney of Los Angeles.

They were placed on the ballot by the Los Angeles group under a state law which allows 25 persons to make a minority party nomination on primary election day.

Republicans since have asked Secretary of State Earl Coe to remove MacArthur's name. Coe said he didn't think he could and referred the matter to the state attorney general, Smith Troy, who hasn't found any legal reason for removing the name.

R. Mort Frayn, GOP state chairman, said it is conceivable that in an extremely close election MacArthur could draw enough Eisenhower votes to give Stevenson the state's nine electoral votes.

Washington has voted Democrat in every election since 1928. President Truman's margin was 89,850 votes in 1948 but Henry Wallace polled 31,692 votes which it is believed were largely taken from Truman.

This year, Republicans had hoped to eliminate that margin. Now they say they may do so—only to have the MacArthur — Tenney ticket scare them almost out of hopes of success.

Gen. MacArthur's consent was not necessary for the placing of his name on the Washington ballot.

Texans also are concerned because they, too, are included in the 20 states in which the Christian Nationalists are represented on the ballot.

Some 300 women, noting that the General is on the ballot twice in that state as candidate of the Christian Nationalists and Constitution parties, have asked him to take his name off the ballot there.

British May Set Off 2nd Atomic Blast

LONDON (AP)—Britons speculated today that their second atomic explosion may be set off in Australia within the next two months. The wave of conjecture followed an announcement that Britain's three top atom men would fly to Australia in early November.

The three are W. G. Penney, scientific director of Britain's first atomic explosion Oct. 2 in the desolate Monte Bello Islands off Western Australia; Sir John Cockroft, boss of Britain's Harwell atomic energy plant; and Gen. Sir Frederick Morgan, the nation's atomic energy controller.

Penney left Australia by air today to report to Prime Minister Winston Churchill and the British Cabinet on the effects of the Oct. 2 explosion. He was flying in a special Royal Air Force plane.

The announcement said that Penney would return to Australia Nov. 5. He is scheduled to be followed by Cockroft on Nov. 10 and Gen. Morgan the next day.

"SON OF PALEFACE"

PARAMOUNT

IT IS DOUBTFUL that anywhere there breathes a movie-goer who will not erupt into ringing laughter and mirth upon seeing "Son of Paleface." Someone at Paramount had the hilarious good sense to combine Bob Hope, Jane Russell and Roy Rogers in one film and the idea is sure to have a bonanza-reaping effect at the box office.

The production is extravagant in its entertainment values, including color by Technicolor, eye-filling scenery and some eight songs, variously and at times jointly sung by the principals. Gags, surprises and bits of satire roll off in continuous luxury. And Bing Crosby makes his brief but inevitable appearance.

The spoof opens as our boy Bob, a Harvard man and son of the legendary Indian fighter Paleface, comes to Sawbuck Pass to claim the fortune presumably left by his father. It happens that the territory is being terrorized by an outlaw group led by a mysteriously figure known as "The Torch." This desperate fact brings to town none other than government agent Roy Rogers who is determined to get at the roots of all the skullduggery. "The Torch," it develops, is Miss Russell, who conceals her nefarious enterprise by working at the local saloon as an entertainer with a smoldering way with a song.

These basic plot factors have been expanded by scriptwriters Frank Tashlin, Robert L. Welch and Joseph Quillan into a joyous collection of tangled fancies that sends one's spirit soaring.

When Hope finds his father's treasure chest it is empty, a circumstance he would like to keep concealed in the light of the horde of angry debtors at his neck. Meanwhile Miss Russell lays plans to get Hope under the moonlight and then romance away his fortune. The adventures that follow are wildly imaginative.

Since things are done in a big way in Robert L. Welch's production there are two bubble baths, one that Miss Russell takes and one that Hope tackles.

In the course of events there are a series of holdups, battles with badmen and Indians, and asserted encounters with peril. It all, however, leads to the end in which Hope finds his fortune, wins a reformed Miss Russell, and receives the blessing of outlaw-conquering Rogers.

TALK OF THE TOWN

By SUE HOLMES

A letter from Greece has arrived for members of the Alpha Study Club who sent clothing overseas as part of an international relations project.

An insight into conditions in Greece is provided by parts of the letter which Miss MYRTLE HARRELL received. This is what NILCO LOYSA, the Greek woman, included in her letter of appreciation for the clothing:

"You are wishing us that times may be better. Well, my family is quite well, but our poor country is all in trouble, because of the Communists who are making sabotages and other bad things against the government. We had suffered so much during the German occupation, as I have told you, and by and by they started rebuilding. Our country would have seen better days but unfortunately these enemies of their own country have done much more than the great enemies during the war and many families have lost fathers and brothers from other Greek citizens. And so especially was it awful thousands of children have been taken away by the Communists and brought over to other lands. You can imagine how their poor parents feel . . . "

The Greek woman said their summer had been hot and dry and crops bad. She works in a cement factory and said her employer was making cement for Turkey.

Could you give me a recipe for a bread using apple sauce? I have lost my favorite recipe. T.L.

Here is one method for making Apple Sauce Bread:

2 cups sifted enriched flour
3 teaspoons baking powder
1 teaspoon salt
¼ teaspoon cloves
½ cup chopped nuts
1 egg
¼ cup brown sugar
1 cup apple sauce
¼ cup melted shortening

Sift together flour, baking powder, salt and cloves. Add nuts. Beat egg and add brown sugar, apple sauce and shortening. Add to flour, stirring only enough to moisten flour. Pour into greased loaf pan. Bake in moderate oven (350 degrees) 50 minutes to 1 hour.

How is the best way to wash combs and brushes?

Soak combs and brushes in a solution of 2 tablespoons soda and a quart of warm water. A little baking soda rubbed into the base of the brush bristles helps make the clean-up process easier. Rinse well in clear water and dry in an airy place.

• • •

Could you give me some instructions for ironing runners and doilies? G.

Set heat control according to the fabric. Runners need great care in ironing to keep them becoming wavy. Iron lengthwise in one direction only. Never crease. To prevent runners from becoming wrinkled when they are put away, fold them lightly and avoid piling too many together or other things on top of them. Unless doilies are round, they should be handled just like runners. Round doilies should be ironed from the center toward the outside. If ironed in the opposite direction they are apt to bulge at the center and not lie flat. Keep turning the doily as you iron.

Instead of attempting to iron crocheted runners and doilies try starching them lightly. Then lay them out flat on a clean table top and let them dry. Smooth out each scallop and loop and they will come out perfectly shaped and crisp, and will lie flat on the table.

TODAY'S WOMEN

Grandmothers Are Getting Younger As Time Goes On

By DOROTHY ROE
AP Women's Editor

Gangway, here comes grandma! She may be piloting her own plane or doing the smoothest rhumba on the floor. She may be a corporation president or a candidate for public office.

She's thrown away her traditional props, the rocking chair and knitting, and is enjoying life.

With Grandmother's Day coming up Sunday, Oct. 12, various people are busy making lists of the 10 most glamorous, most successful, most influential, most athletic, most astonishing and most daring grandmas.

Grandma is enjoying a golden era. The best brains of science have come up with new ways of prolonging youth and beauty; society has provided new outlets for her energies in politics and business; she has lived long enough to learn that life can be fun at any age, but more fun after the uncertainties and struggles of early youth are past.

Two famous grandmas on every list are those hardy charmers, Gloria Swanson and Marlene Dietrich.

La Swanson is so busy making TV films and running a wholesale dress business she has no time to count birthdays, but her well-publicized allure carries a higher voltage than ever, and her figure still is well within the dimensions of the bathing beauty.

La Dietrich can be mistaken for her daughter at 10 paces, and her famous legs cause as much excitement as ever. Recently a famous dress designer called her the most imitated woman—the one most women would like to look like, the one who wears clothes best and sets the mode for others to follow.

The glamorous Gloria says women are getting younger all the time—and she's on hand to prove it. She claims she meets grandmothers every day who look and act as young and sleek and vital as she.

It's because they have learned not to watch the calendar, she says, and have found that the world is full of a number of things that are lots of fun if you take the trouble to look for them.

B&PW Members Attend Meeting In Sweetwater

Seven members of the Business and Professional Women's Club attended a meeting of District 7 Business and Professional Women's Clubs last night in Sweetwater.

Mrs. Beatrice Patterson, director of field service and national membership, was guest speaker.

Those attending from Snyder were Mrs. W. I. Sparks, local president, Mrs. C. E. McGaw, Mrs. George Killam, Mrs. Forrest Beavers, Mrs. Mollie Pinkerton, Mrs. Carrie Line and Mrs. Dorothy Wolfe.

Doyle Whatley, Twenty - fifth Street, is in Oklahoma on business.

Tim Patrick Honored On 6th Birthday

Timothy Richard Patrick was honored on his sixth birthday Saturday with a party at his trailer home, 2700 Avenue F.

Games were played in the yard and prizes were given for pinning the tail on Pluto. Each guest was presented a green hat trimmed in red and a whistle.

Mrs. John Tipton served punch and Mrs. W. E. Patrick served her son's birthday cake. Twenty-five guests included kindergarten classmates, other friends and the honor guest's younger brother, Christy.

Relatives Visit In D. L. Winburne

Mr. and Mrs. D. L. Winburne, 512 Thirtieth Street, have had as guests in their home recently their son, two daughters and two granddaughters.

Their son, Second Lt. T. R. Mitchell, a veteran of 18 years in the Marine Corps, is enroute to Camp Pendleton. From there he is to be assigned to Korean duty. He has formerly been assigned to the Marine Corps training schools at Quantico, Va.

The couple's daughters visiting are Mrs. G. A. Whitlow of Dallas and Mrs. Jake Moore of Hereford. Miss Charlotte Lippard of Denton and Mrs. Ralph Littrell of Carlsbad, N.M., are the granddaughters.

THE ADVENTURES OF PATSY

ASSOCIATED PRESS NEWS IN PICTURES

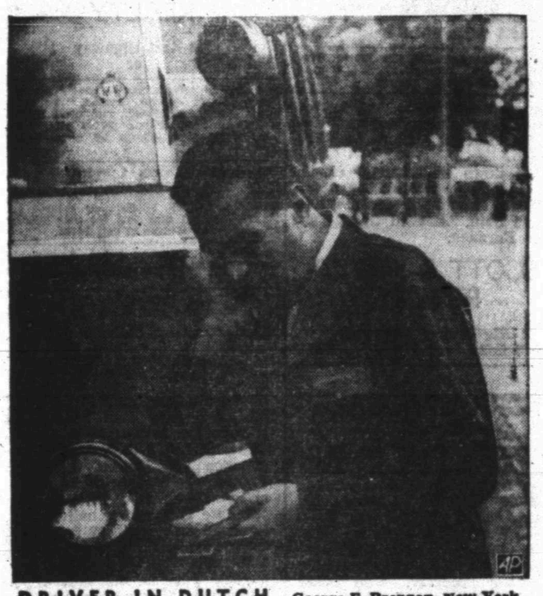

WELCOME MOMENT — Swedish Crown Prince Carl Gustaf, center foreground, leaves with classmates after first day in kindergarten class of play school in Stockholm's royal palace.

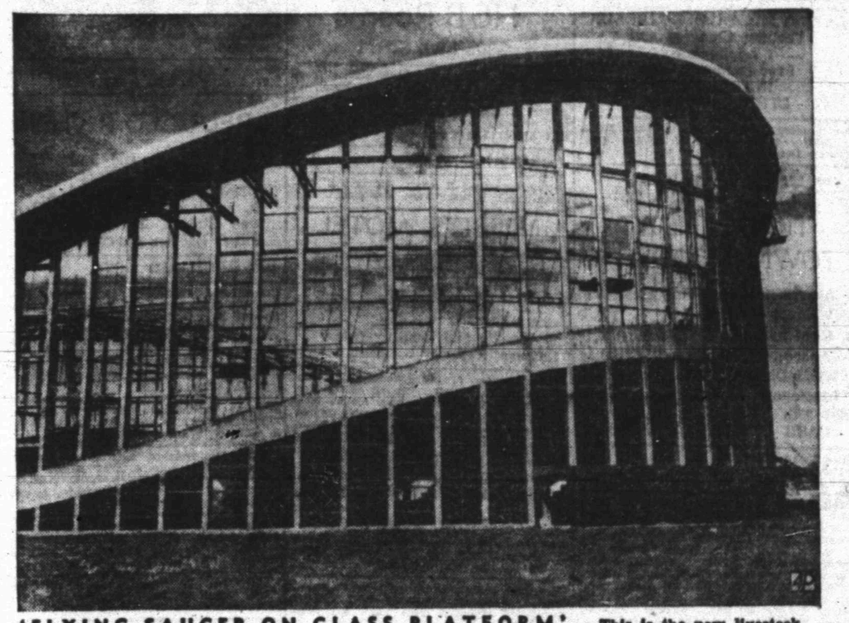

START OF A COOKS' TOUR — Spectators line Berlin's Kurfurstendamm near Kaiser Wilhelm Memorial Church for start of junior cooks' race, a section of the annual waiters' derby. Cooks run the course with saucepans full of liquid.

SALUTE FOR PREMIER — A policeman presents arms as Italian Premier Alcide DeGasperi leaves Chancellery in Bonn after discussion with West German Chancellor Adenauer.

DRIVER IN DUTCH — George E. Brennan, New York bus driver who swapped jobs for a month with a Dutch driver, acquaints himself with Dutch money and tickets in Amersfoort.

'FLYING SAUCER ON GLASS PLATFORM' — This is the new livestock judging pavilion, nearly completed on the North Carolina State Fair grounds at Raleigh.

ROYAL RECRUIT — Prince Nicholas of Yugoslavia sits in the cockpit of a Royal Air Force plane at Fairoaks, England, after being commissioned in the RAF Reserve.

PASSING ON PHOTO TIP — Crown Prince Constantine of Greece gets photo pointers from Cmdr. W. H. Hudgins of Virginia during Army-Navy maneuvers on Bulgarian border.

MILLENIUM CELEBRATION — Spectators line street in Helmstedt, Germany, as a float depicting a medieval print shop passes in parade marking town's 1000th anniversary.

RED ENVOY — Georgi N. Zarubin, new Soviet Ambassador to the U. S., smiles in Washington after calling on Secretary of State Acheson. He succeeds Alexander Panyushkin.

ALL IS HARMONY — That's no bite, just a protective mouthing of a kitten named Bambi II by Susi, the dog, while Bambi I, kitten's mother, sits by in Alfred Fuhrmann's Berlin home.

BIRD MAN — John A. Bedenbaugh, of Leesville, S. C., farmer, magistrate and rare bird rancher, holds one of his two pet miniature green parrots while the other rests on his shoulder.

SERVING DUAL PURPOSE — Buildings at Barquisimeto for first National Industrial-Agricultural Fair in Venezuela will be converted to modern school center at Fair's end.

GETTING AN EARFUL — Ruth Pierce, Queen of the Los Angeles County Fair, is interested as Mrs. Grand Champion Guernsey, left, moos to Mr. Grand Champion Guernsey.

READIED FOR VIEW — Precision machinery from 13 nations is prepared for first post-war display in West Germany at Second European Machine Tools Exhibition in Hannover.

More Than 100 Revised Bibles Are Sold Here

More than 100 copies of the new Revised Standard version of the Bible have been sold through the First Christian, First Methodist and First Presbyterian Churches here since Sept. 30, the Rev. Clifford Taylor, pastor of the First Christian Church, said.

The Revised Standard version was available for the first time here following a special observance of the publication. They will be available through the offices of the churches named above through Sunday.

Several persons have also ordered the two-volume Revised Standard of the Old and New Testaments, Mr. Taylor said, but these are not available at this time. The first editions of these sets were sold as quickly as they reached distributors and later orders must await a later printing.

Dual Services Will Continue At Methodist Church Here On Sunday

The First Methodist Church will continue to hold two identical worship services on Sunday morning, the Rev. Woodrow W. Adcock, pastor, has announced.

The first service is to start at 9 o'clock, with the second at 10:55. The church held two services for the first time last Sunday and the success of the program has caused the church to make the schedule permanent.

"The Bible Formula For Success' will be the sermon topic for Mr. Adcock at both servies. "Fit for the Kingdom" will be his topic at the Sunday night service at 7:30. Special music will be by the adult choir Sunday morning and the youth choir Sunday night.

Sunday school attendance reached 442 last Sunday.

United Pentecostal Church Plans Revival

A 10-day revival meeting will open Sunday night at the United Pentecostal Church with the Rev. Paul Kirkland of Amarillo as speaker.

Revival services will begin at 7:45 each week night during the meeting. No morning services have been scheduled. Special singing is planned for each service.

The Rev. L. W. Shaw, pastor of the church, will speak at the Sunday morning service. His sermon topic will be "Our Spiritual Temperature." The church is located at the corner of Avenue C and Thirty-first Street.

Cates Selects His Subjects For Sunday

"A Look into the Abyss!" will be the sermon topic of the Rev. T. Gerald Cates at the Calvary Baptist Church Sunday morning worship service.

Mr. Cates will also speak on the Word of Life broadcast at 8:30 taking as his topics "What is Canonicity?" This is the second in a series of messages on this broadcast.

Sunday school classes meeting at the church at 10 o'clock will study chapters 10 and 11 from the book of Revelation with the theme, "The Little Book and the Two Witnesses." At the Sunday evening service Mr. Cates will speak on "Jonah, the Whale and Modern Science."

Circles Meet During Week

The Philathea and Berean Circles of the First Methodist Church held study and business meetings Monday.

Mrs. Joe Caton led the study on "African Heritage" for the Philathea group. Mrs. G. Edward Bolger was hostess for the meeting, and also gave the devotional.

Mrs. W. W. Adcock, Mrs. Frank Strom, Mrs. R. L. Gray and Mrs. F. L. Beatty also took part on the program. Other members present were Mrs. Oliver McClinton, Mrs. Ida Curry, Mrs. C. A. Weber and Mrs. Sid Worrell.

Mrs. Lida Hardy conducted a study on "These Rights We Hold" for the Berean circle which met with Mrs. H. P. Brown, Sr. Circle members took parts in the discussion, pointing out how human rights are honored in school, civic and other activities.

Members present were Mrs. Charles Tyer, Mrs. M. T. Popejoy, Mrs. I. W. Boren, Mrs. R. E. Gray, Mrs. Waldo Montgomery, Mrs. Pearl Martin, Mrs. Stanley Kerbow and Mrs. D. P. Strayhorn.

Alathean Class Meets In John Green Home

Mrs. John Green and Mrs. Bessie Moore were hostesses for a meeting of the Alathean Sunday school class of the First Baptist Church last week in the Green home.

Mrs. R. D. English was installed as teacher of the class along with officers of the class, who are Mrs. A. C. Alexander, president, Mrs. N. W. Autry, Mrs. A. C. Martin, Mrs. M. A. Davis and Mrs. S. A. Tibbets, vice presidents, Mrs. W. T. Murphree, secretary, Mrs. A. W. Arnold, treasurer, and Mrs. A. C. Kincaid, reporter. Mrs. W. R. Bell, Sr., served as installing officer.

Refreshments were served to 25 members and three visitors following the study program and business discussion.

Patriotic Subject

A patriotic theme will be used by Joseph J. Good in his Sunday morning broadcasts in observance of Columbus Day.

He will take as his topic "God's Hand on America" on the 7:45 West Texas Bible Forum broadcast. At 8:15 on the Bible Roundup he will speak on "Give Honor to Whom Honor is Due."

Lutheran Fight On New Bible

SEATTLE (AP)—Delegates to the 18th biennial session of Lutherandom's largest church pointed today to what is expected to be the most controversial session of their week-long convention—the acceptance or rejection of the revised standard version of the Bible.

The matter is expected to arise during the day with presentation of a memorial from 10 of the United Lutheran Church in America's 34 synods asking for approval of the new Bible translation.

The action of the 10 synods is in opposition to the decision of the Joint Commission on the Liturgy, which has submitted a report strongly urging retention of the King James version.

The liturgy committee is composed of members representing churches of the National Lutheran Council. It has been asked to prepare a liturgy to be used by the majority of Lutherans in the United States and Canada.

Synods joining in the request for use of the new version were Illinois, Kentucky—Tennessee, Michigan, Midwest, New Jersey, New York, Pacific, Pittsburgh, Rocky Mountain and Virginia. Their requests made no arguments in favor of the change.

The Commission on Liturgy, in summing up some of its arguments against the new version of the Bible, said, "It would be highly unwise to give premature approval to the liturgical use of a version of the Bible—however fine—of which the church has not yet had opportunity to measure the full stature."

It said also "that it would be highly inconsistent with the conservative principles of Lutheranism for our church to venture where other churches without our tradition have been unwilling to go...."

The delegates scheduled morning session devoted to exploring the feasibility of proposals to set up a minimum pension of $1,200 a year for pastors of the church. The liklihood of immediately establishing such a minimum "is not very bright," it was reported by Thomas L. Cline, executive secretary of the Board of Pensions and Relief.

Present retirement minimums are $300 for pastors and $200 for widows.

Assembly Of God To Hold Revival Services

Miss Anne May Young, Assembly of God evangelist from Fort Worth, will open a revival meeting Sunday morning at the church here.

Services will be held at 7:30 each evening during the meeting, which is to continue for an indefinite period of time. No morning services are scheduled.

Clark In Hermleigh

The Rev. M. W. Clark will speak at the Sunday morning worship service of the Hermleigh Methodist Church in the absence of the pastor, the Rev. S. A. Sifford.

Mrs. W. W. Adcock is to show pictures of the Holy Land at the evening service starting at 7:30.

New Church Of Christ Pastor

Ted Norton of Kansas City, Mo., has been named minister of the Twenty - fifth Street Church of Christ. He is expected to arrive here in mid-October to begin work with the congregation.

Mr. Norton succeeds Boyd Fanning who has been minister of the church for almost three years. Mr. and Mrs. Fanning left this week for Dallas, where Mr. Fanning will work with the Pearl and Bryan Church of Christ.

Austin Varner, formerly minister of the congregation and now a resident of Abilene, is directing services at the church until Mr. Norton arrives, Mid-week services of the church are being held at regularly scheduled hours.

Mr. Norton has worked with churches in Kansas area for the past several years, and was in Wichita, Kans., before moving to Kansas City. Mr. and Mrs. Norton have one daughter who is now a sophomore at Abilene Christian College.

District Conventions Of Christian Churches

The district convention of Christian Churches will be held Tuesday in Odessa with the Rev. D. L. Collins, district president, presiding at the meeting.

The Rev. Clifford Taylor, Jr., of Snyder will open the morning session. Several members of the church here are expected to attend. Other speakers are to include the Rev. Lloyd Allen of Sweetwater, Mrs. Mary Barry of San Angelo, and speakers from the Texas Christian Missionary Society, Texas Christian University, and the Fowler Homes.

Sh-h-h-h! Baby's Asleep!

And it's a serene, peaceful, dreamless kind of sleep because she knows no fear. She is utterly content in your care and protection.

You anticipate all her needs. You feed and clothe her. You play with her. You nurse her when she's sick. Whether she laughs or cries, is good or naughty, you love her.

Just now you expect nothing in return. But as she grows older you will expect her to show her love for you by respecting your wishes and obeying your commands. When she is kind and thoughtful you will be happy.

You are a child of God, receiving such love from Him as you bestow on your own child. How long has it been since you showed your love for Him in return?

Visit with Him through prayer and daily Bible reading; and on Sunday worship Him in Church with real love in your heart.

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Tigers Take On Bowie Of El Paso In Non-conference Tilt

The fourth, and possibly the roughest, non-district game of the season comes up at 8 o'clock tonight in the Tiger Stadium for the Snyder Tigers when they meet Bowie of El Paso of District 1-4A.

The Bowie Bears have the same won-lost record as do the Tigers, but their losses were much closer. The squad defeated Cathedral of El Paso 38-14 and lost to Carlsbad, N.M. 20-0. Last week, Pecos barely edged the Bears 27-26. The Bears are favored to win their district title.

The Tigers so far have defeated Thomas Jefferson of Bowie's district 21-0, then lost to Northside Fort Worth 39-0 and to Levelland 16-12.

In the three games, the Bears have scored 65 points to opponents' 51, while the Tigers have picked up 33 to opponents' 55.

Key man on the Bowie squad is Jesus Martinez, 143-pound quarterback famed in his district for passing. Martinez gained over 200 yards passing in the Pecos game and another 200 yards against Carlsbad. In the two games combined, he completed 30 out of 48 attempts.

In the game against Pecos, Martinez passed his team to the Pecos seven in the last minute to almost score before the clock stopped him.

The quarterback's favorite receiver is End Enrique Camacho, who is as speedy as any back on the team and has a good year's experience behind him. Another Camacho, Eduardo, is the team's fullback and was the leading ground gainer for the Bears last week.

Of Martinez, Pecos Coach Don Mouser said after the game with Bowie, "The scouts told me that he could do everything but catch his own passes. I believe it now."

Burney Hagin, 125-pound quarterback for the Tigers, has completed 17 out of 40 passes in three games for a total gain of 155 yards. Other passers, who have thrown few but have fair records, are Quarterback Joe Baxter and Alan Snead and Halfback Dan Burns. Receivers are Burns and Ends Reagan White and Ned Underwood.

Top break-away threat on the Bear squad is Bob Torres, a speedy halfback. The other halfback is Leo Munoz, also fast.

Coach Buryl Baty, former quarterback for Texas A & M, employs a tricky offense and hard-charging defense.

Coach Speedy Moffett's Tiger defense may easily outshine that of Baty's. It showed outstanding efficiency two weeks ago against Levelland's heavy offensive threats.

Bowie has one all - district performer back from last year. He is Tomas Zepeda, 170-pound guard.

Steven Blair, guard, one of the outstanding Tiger linemen, will be out this week with a shoulder injury. He will be replaced on the starting lineup by Buster Moss, 142, who has shown outstanding play during his time in the game. Also out with an injury is Shorty Grimmett, small charging back who has not been a starter but has spent considerable time in play.

Bowie is the third Class 4A school to come up as a Tiger opponent this season. Others were Jefferson and Northside.

The Bear line outweighs that of the Tigers by about 12 pounds per man, averaging 159 to the Tigers' 147.

Important Tilt InHermleigh Slated Tonight

Probable winner of District 5B's football race will be decided tonight when the Hermleigh Cardinals and Coahoma Bulldogs clash at 8 o'clock on the Hermleigh stadium.

Both teams are undefeated in four games, and each holds a 2-0 district record.

Coach Charlie White of the Hermleigh squad, who said he is making no predictions as to the outcome of tonight's game, indicated his team is in good physical shape for the tilt. Only one player, Douglas Chitsey, usually a starting halfback, is out of the game with a cold.

The Cardinals have defeated Seagraves 12-6 and Aspermont 30-0 in non-district tilts, while they beat Hobbs 25-6 and Divide 39-6 in district games. Included in Coahoma's victories are those over Bronte 35-6, Grand Falls 13-6, and Ira 39-12. The Bronte and Ira games were district contests.

Floyd Hacker, quarterback who has already gained about 400 yards on passes this year, will start with the squad tonight. His chief receiver is Jimmy Cooper, end who has caught the majority of Hacker's tosses.

Other starters will include Wallace Rinehart and Denzil Kight as tackles, Alvis Carter as end, Julius Roemisch and Gerald Jordan as guards, Bill Houston as center, Charles Rinehart and Wendall Goodman as halfbacks, and Dicky Wall as fullback.

Hobbs Rips Up Robert Lee

The Hobbs Panthers of District 5B, climbing toward the top in district standing, defeated the Robert Lee Steers 32-13 last night.

Robert Lee made the first two tallies in the first half, but Hobbs recovered a Robert Lee fumble on the Steer eight yard line in the second period, and Bill Etheredge, big Hobbs fullback, raced around end on the next play for a Hobbs score.

Etheredge passed to Earl Neves in the third quarter to make a play good for 45 yards and a touchdown.

In the fourth period, Melvin Thompson, Hobbs halfback, went around end for 50 yards and a score. Then Etheredge, after Thompson made another 45 yard run to set up the score, plunged through the line for the next score. The fullback made another score late in the game on a 12-yard run, while Kenneth Rasco ran over one extra point in the game and passed to Neves for the other one.

Semi-finals In State SeniorGolfTournament

SAN ANTONIO, Oct. 10 (AP)—Medalist Earl Rowe, San Antonio, continued in a favorite's role here today after defeating Tyrrell Grath Sr., Beaumont, 3 and 2, yesterday in the State Senior Golf Tournament.

Defending Champion John Marston, Dallas, was knocked out of championship competition yesterday by H. L. Scallorn, Abilene, 1946 champ.

Rowe was to meet Elmert Miller, San Antonio, in today's semi-finals and Scallorn was to play Bob Barbee, San Antonio.

Barbee defeated Col. W. R. Stickman, Fort Sam Houston, 2 and 1, yesterday while Miller has whipped Ed Brady Sr., San Benito, 1 up, in 20 holes.

Wisconsin - Ohio State Game Is Touted As Top Game In Land

NEW YORK (AP — Wisconsin comes upon another big obstacle on the rocky road to the Big 10 championship and the Rose Bowl tomorrow when the No. 1 team in the country takes on Ohio State.

This is the top battle of a full schedule of important league and intersectional affairs.

Wisconsin vaulted to the top spot in the land in The Associated Press poll last week on the basis of its stunning triumph over Illinois, the defending league champion. This Ohio State team doesn't approach some of the former powerhouses from Columbus, but it should give Ivy Williamson's lads a run for their money.

Rare are the days when an Ivy League game rates the attention the Princeton-Penn affair is attracting. But these two powerhouses probably could put up a good fight against anyone. In addition, Princeton has a 24-game winning streak going, the longest in college football.

This is a tossup with Penn being given a one-point edge, probably on the basis of its 7-7 standoff against Notre Dame, while the boys from Tigertown have been warming up at the expense of lesser lights.

Michigan State, the heir apparent to the No. 1 rating vacated by Tennessee last year, has no sinecure in Texas A & M, but the Spartans are figured to win. Coach Biggie Munn would like to see his charges do their scoring early for a change, though. They're in the habit of teasing the opposition along until the final minutes.

California, the favorite to play host to the big 10 entry in the Rose Bowl, should make hash of Oregon. Stanford, the defending Pacific Coast Conference winner, goes against Oregon State.

Maryland—and Georgia Tech, probably the two top teams in the Southland, face formidable rivals. The Terrapins, banished from the Southern Conference for a year because they played in a bowl game, must get by a strong Georgia outfit, while the Engineers have to deal with Tulane. Duke has an easier assignment against South Carolina.

In the Southwest, the No. 1 contest, there is only one other Ivy League game listed. That pits Yale against Columbia and the Elis should win this on the passing arm of Ed Molloy. Army tangles with Dartmouth and Syracuse meets Cornell in other top attractions.

In tonight's action, Bucknell takes on Temple, Boston College meets Drake, Miami (Fla.) plays Boston University and VMI rules the favorite over Florida State.

Grant Teaff of Snyder, linebacker for the San Angelo Junior College Rams, was elected co-captain of the Rams this week to replace Dwight Trice, who dropped out of school. The son of Mr. and Mrs. Bill Teaff, 2013 Avenue Z, he is a 1951 graduate of Snyder High School. As a captain and center for the Snyder Tigers in 1950, Teaff received recognition for outstanding play by being placed on the first all-district team. For play during the same year, he was given the Carl Herod trophy for outstanding play. Last year, he was given honorable mention on the All-Star Conference teams.

Galveston Lad Strong Runner

NEW YORK, Oct. 10 (AP) — Don Gottlob of Sam Houston State (Tex), who failed to make a high school letter, is the early season terror of the smaller college football ranks.

Gottlob in three games has piled up a total of 721 yards to head individual offensive statistics released by the National Collegiate Athletic Bureau.

The cotton-haired Galveston junior cut loose with 269 yards last week against Sul Ross State. His yardage comes strictly from passing. In rushing he has lost four yards.

Gottlob's total gives him a better than 200-yard margin over his nearest competitor in the total offensive standings, which count both passing and running.

Bob Noll of New Mexico Western is second with 505 yards, all of it from rushing and he leads the small college field for advancing the ball on the ground.

Third in total defense is Pete Retzlaff of South Dakota State with 471 yards, followed by Pence Dacus of Southwest Texas State, with 454, and Dave Harkins of Bates, with 451.

Behind Noll in the rushing department come Retzlaff, with his 471 yards, and Bob (Moose) White, of New Mexico Western, with 428.

Wes Bair of Illinois Normal and Gottlob are the forward passing leaders.

Bair has completed 50 of 88 tosses for 435 yards and five touchdowns. Gottlob has hit with 42 of 74 and six touchdowns.

SMU Leaves For Mo.

DALLAS, Oct. 10 (AP)—The Southern Methodist University Mustangs were to entrain here this afternoon for their first road game of the season against the Missouri University Tigers at Columbia, Mo.

Lamesa Edges Juniors 7-6

Junior high school gridders from here suffered their first defeat of the season yesterday afternoon when the Lamesa squad edged them 7-6.

The Snyder seventh and eighth graders, coached by Jimmy Williams, led off in scoring. After the squad had made several short runs in a drive into Lamesa territory, Halfback Billy Hattaway scored in the second quarter on a jab through the middle for three yards.

The Lamesa eleven scored in the final minutes of the game on a two-yard plunge by a halfback. The same halfback ran the ball over for the extra point to put his team ahead of Snyder.

Ronald Smith, Snyder quarterback, completed two out of four pass attempts to End Powell Berry. Snyder matched Lamesa on first downs with 10.

The squad has already defeated Rotan 12-7 and Colorado City 13-6 this season, and Williams will take his group to Rotan for a return tilt next Thursday night.

Ira Takes 20-0 Loss From Loraine Thursday

The Ira Bulldogs took their fifth defeat of the season last night when Loraine ran over them 20-0.

Loraine scores were made by Bill Hanna on a 10 yard run in the first period, a pass from Doyce Nix to Wesley Wood for five yards in the third quarter, and a 65 yard run by Roy Johnson in the final quarter.

Bobby Price kicked two extra points in the District 5B tilt.

Southwest Conference Teams Not Picked To Win Any Games

By HAROLD V. RATLIFF
By The Associated Press

The intersectional schedule that can make or break the Southwest Conference comes up tomorrow. Already on the ropes through four setbacks in five games last week the league members must win a majority of their games this time to pull ahead for the season.

To bounce back they must come through in three of these games:

Texas vs Oklahoma at Dallas.

Rice vs UCLA at Los Angeles.

Texas A&M vs. Michigan State at Lansing, Mich.

Southern Methodist vs Missouri at Columbia, Mo.

Southwest Conference teams aren't favored in a single game but Southern Methodist is given the best chance of winning. Texas also is rated within three points of Oklahoma.

DAY OF DECISION

The intersectional standings for the year—and this will be the last Saturday of more than two games against outside foes—is six wins and seven losses. Unless the conference members win three tomorrow they will be one game to the bad.

While the quartet is trying to bring the circuit back to prominence in the nation, Baylor and Arkansas will be scrapping it out at Little Rock in a conference game. This is one of two night tilts on the schedule.

Baylor is the only undefeated team left in the conference and has a perfect intersectional record, beating two outsiders—Wake Forest and Washington State. Arkansas won its only intersectional game, edging Oklahoma A&M, but lost to University of Houston and Texas Christian.

TEX-SOONER SELLOUT

The Texas-Oklahoma game, although it had much glamor rubbed off when Texas lost to Notre Dame, 14-3, last week while the Sooners were walloping Pittsburgh, 49-20, to remain unbeaten for the campaign—they were tied by Colorado, will draw its usual capacity house in the Cotton Bowl—more than 75,000 fans. This game is being televised in the Southwest.

It will be the 47th meeting of the two state schools. Texas has won 30 games, Oklahoma 14 and there have been two ties. Last year Texas broke a three-year Oklahoma strangle-hold with a 9-7 victory. Oklahoma is rated 12th nationally while Texas isn't in the top 20.

Texas A&M essays the most difficult task—trying to beat mighty Michigan State, the No. 2 team of the nation. The Spartans have everything it takes. The Aggies have done surprisingly well, winning from University of Houston and Oklahoma A&M, but they lost to a fair Kentucky team last week, 10-7.

SMU TACKLES TIGERS

Southern Methodist tackles a Missouri team that gave highly-rated Maryland a tough afternoon, lost to California 28-14, and last week beat Kansas State, 26-0. SMU is winless, having dropped games to those terrors of the South—Georgia Tech and Duke. Missouri is a one-point favorite.

Rice is rated 11 points down to UCLA, one of the top teams of the country. The UCLANS beat Texas Christian, 14-0, and last week hammered Washington, 32-7. Rice, meanwhile, couldn't do a thing with twice-beaten Louisiana State. It was a most unusual afternoon—a Rice team that couldn't run and threw 53 passes trying to get somewhere.

Baylor is a light favorite over Arkansas but not in the minds of the Baylor coaches. Arkansas is big, tough and rugged and capable of breaking loose with a flurry. It will be using a new formation—a deep spread. Baylor throws an offense at Arkansas that has rolled 396.5 yards per game but it isn't likely to swirl like that against the Razorbacks.

TCU IN BREATHER

Texas Christian plays Trinity University tomorrow night at San Antonio. It is the first time for the Horned Frogs to meet the Tigers since 1923 but Trinity will probably be very sorry over resuming relations. The Tigers haven't been able to beat anybody this season. TCU has won one in three but has played some tough ones indeed—Kansas and UCLA for instance.

Our guessing average last week was three out of six. That's almost good when considering Southwest Conference football and its whacky way of doing things. Here are the statistics this week:

Texas-Oklahoma—Taking Texas to win a close one, say 14-7.

Southern Methodist-Missouri—Southern Methodist is due to click finally; we'll take the Methodists in a scoring battle.

Baylor-Arkansas—A timid vote for Baylor in a tough ball game.

Rice-UCLA—Rice might surprise but the cards say UCLA.

Texas Christian - Trinity—The Horned Frogs might not take this one seriously but they ought to win it anyway, say about 27-7.

Texas A&M—Michigan State—A gallant try for the Aggies and it won't be any runaway, but Michigan State will triumph.

Two Teams Out Perfect Ranks

By The Associated Press

Two teams tumbled from the undefeated, untied list Thursday night as the week-end of schoolboy football started with a rush.

Wylie of Abilene and Columbus were ushered from the perfect record class—Wylie falling before Dublin, 21-20, in a District 7 conference game in Class A and Columbus taking the count before Class AA LaGrange, 6-0.

Diamond Hill of Class AA rolled on unbeaten, downing White Settlement, 39-19, while Harlandale (San Antonio), among the Class AAA teams that are undefeated but have been tied, tromped on Lanier (San Antonio), 49-14.

Wylie's loss to Dublin was the first time the Abilene school had dropped a game at home in five years.

Lubbock plays Odessa in Class AAAA tonight in the feature game of the week in Texas schoolboy football. It will mark Lubbock's first tough test of the season and also will be a conference game for the defending AAAA state champions.

No Overhaul For Dodgers

BROOKLYN (AP—All the excitement of the World Series having blown away, Brooklyn baseball fans today began to take stock of their club — and one big question.

What does the management have in store for next year in the way of deals to strengthen the National League champion? The bume battled the New York Yankees down to the finish, only to lose the series in seven games, and the more critical blame ineffective pitching and first baseman Gil Hodges, who went hitless in 21 trips.

But Vice President Buzz Bavasi of the Dodgers says the front office has no idea of rushing into any deals just because they were beaten by the Yankees in the series.

"There appears to be a disposition to overlook the fact we did carry the fight into a seventh game, and that the Yankees had to beat only half of our club," Bavasi said. "So many of our key hitters did not hit."

Bavasi said he wasn't taking "any panic view of Hodges' position with the Brooklyn club . . . He's still a great fielder, a powerful batter."

After noting that the Dodgers finished the National League race 4 games in front of the Giants, Bavasi said:

"You don't recast a ball club because of developments in a World Series.

"Believe me, we are not going to tear this club apart just because we lost to the Yankees. There is bound to be a hysterical reaction after a defeat such as we suffered. Things will quiet down soon."

Temple Sports Best Passer In SchoolboyPlay

TEMPLE, Oct. 10 (AP)—There have been passers—and then there is Doyle Traylor. This young man, called "The Arm" by Texas football fans, has thrown 63 touchdown passes in 28 games.

College scouts all the way from here to there are camping on the trail of the chunky blond who is the quarterback for Temple High Schools Wildcats, one of the finest teams in all Texas.

Dandy Doyle is only 16 years old and he's a senior in high school. That just goes to show how smart he is. He makes straight A's in all subjects.

But while he's young he's a football veteran. He has been the quarterback for Temple High for three years. He came to the Wildcats in 1950 from junior high school football. He threw 21 touchdown passes in 11 games.

The next year Traylor had gained six pounds and was a husky 154. He pitched 34 touchdown passes in 13 games.

This season he has already connected for eight touchdowns in four games. He had a back injury last season that necessitated his wearing a brace. There was a dise missing in his back. But one was put in and this year he doesn't need a brace. And he now weighs 180 pounds.

Coach Ted Dawson, a former University of Texas star, calls him the greatest passer he ever saw but he's more enthusiastic about Doyle's quarterbacking than his throwing. "He's the finest, smartest player I ever coached," says Dawson.

Traylor gained 2,188 yards with 96 completions in 169 throws last year. This season he has rolled up 625 yards on 29 connections in 51 passes. His longest touchdown passes have been for 58 yards and 60 yards, both against Sunset High School of Dallas this year. The most he ever got in one game was six—against Brownsville last year.

Doyle isn't just a passer quarterback; Brownsville can run with the ball. He crossed Waco up by racing for two touchdowns when there were plenty of Wildcats open for passes.

Where's he going to college? Modest Doyle isn't saying but best indications are that it will be Baylor. He does say it's going to be in the Southwest Conference—he isn't going to an outside school.
