Special music will be offered by the Royalheirs; Wanda Jackson, familiar country singer; and a community choir under the direction of Bruce Ayres.

Special events planned during the Crusade include a 6:30 P.M. Pizza Supper for all area youth at the Fellowship Hall of the Gruver United Methodist Church, Wednesday, 27 May; at 6:30 A.M. Men's Breakfast at the Activity Building of the First Baptist Church in Gruver; a 2:00 P.M. Tea for all area women at the Fellowship Hall of the Gruver United Methodist Church 29 May; a 10:00 A.M. session to be conducted by Arles Motley at the Community Bible Church entitled "How To Share Your Faith", Wednesday, Thursday, and Friday.

An all night special prayer vigil has been planned beginning at 7:00 P.M. Monday, 25 May and lasting until 7:00 A.M., Tuesday 26th May, at the Community Bible Church.

Larry Jones, who has been in crusade evangelism for many years, has conducted over 200 city-wide crusades. A graduate of Oklahoma City University and Phillips Seminary, he also attended Southwestern Baptist Theological Seminary and Moody Bible Institute. He conducts a weekly syndicated radio and television program. He, his wife, Frances, and their two teen-aged children, Al and Lorrie Sue, live in Oklahoma City.

Wanda Jackson, who is famous for her country music, has in recent years devoted her programs exclusively to personal appearances in crusades and rallies singing gospel music. The Royalheirs, a well-known group of four men to the latest releases.

Heading the Larry Jones Crusade in Gruver is J.C. Harris, General Chairman. Les Barkley and Keith Lamb are serving as co-chairmen for the May Crusade. Included under the direction of Mr. Lamb are six committees including Finance, Zay Gilbreath Chairman; Social Amenities and Relations, Mack Bevell, Chairman; Special Events, Mack Hoel, Chairman; Men's Breakfast; Ushers, Horace Curlee, Chairman; Music Direction Bruce Ayres; Nursery, Marie Bostick; Ladies Tea, Mrs. Randy Brown.

There will be a nursery

provided each night of the Crusade at the First Baptist Church.

Mark your calendars for the May 26th through the 31st May 7:30 P.M. meetings of the Larry Jones Crusade at the Gruver High School Auditorium at Gruver—all area residents are most welcome and urged to attend.

Commissioners Have Short Court Meet

Hansford County commissioners made short work of an equally short agenda in a court session moved from Monday to Tuesday because of the holiday.

There were two action items before the commissioners court: the matter of microfilming additional records and the purchase of a tractor.

A decision was made on purchase of the tractor, a used unit, which will be used for mowing during the fast summer growing season.

The scope of the microfilming project was of such magnitude that it will require bids. When that project is completed, the most vital records of the county—such as deeds and other documents that are irreplaceable—will be on film and safely stored.

The next regularly scheduled meeting of the panel is set for the second Monday in June. Court sessions are open to the public.

Hospital News

Patients in Hansford Hospital are Kathryn Mills, Alfred Lemons, Faye Hickerson, Willie Harris, Teresa Barkley, Sheila Chappell and daughter.

Dismissed since May 22—Phyllis Cummings, Donna Mathis, Margie Herndon and son, Jesse Ray, Gwenfred Lackey, Pearl Shapley, Harold Harris and Mary Sedgwick.

Alcohol Hearing Set For PRPC Area

PRPC—During area meetings scheduled for May and June, Panhandle citizens will have an opportunity to find out about the latest developments in the alcoholism field.

The hearing will be sponsored by the Panhandle Regional Planning Commission, Texas Commission on Alcoholism, and the Panhandle Alcoholism Recovery Center (PARC). The round of hearing will begin Friday, May 4 in the first floor conference room of the Amarillo Building, Third and Polk at 1:30 p.m.

During the sessions the public will learn of the work being done on new alcoholism legislation on the state level. They will also become more acquainted with programs of PARC program at the old Amarillo Air Force Base.

One of the most important aspects of the hearing will be an opportunity for public participation. Anyone who has an interest in alcoholism treatment and education and associated programs will be invited to speak during the meetings. The testimony will be transcribed for later use by the PRPC-sponsored Regional Alcoholism Advisory Committee (RAAC). Written testimony will also be accepted.

The advisory committee will be a major part of the proceedings. Its purpose as a regional body will be explained and new members will be solicited. Prior to this year, most of the activities of the advisory body have taken place in Amarillo, but that changes with this round of hearings.

Each of the PRPC's five planning and service areas will have two representatives on the RAAC. The members of the organization will be responsible for earmarking state and federal alcoholism funding that enters the area. They are also responsible for the updating of the alcoholism plan used in the Texas Panhandle and for a yearly institute on alcoholism and drug abuse held each September. Nominations for those representatives will be taken during the hearing, with the next meeting of the committee slated to take place in July.

The hearings will be held in Dalhart (May 22), Perryton (May 29), Pampa (June 5), Clarendon (June 12), and Hereford (June 19). Each one will start at 1:30 p.m. Meeting locations will be announced in advance of each date.

The hearing team will include Wayne Hughes, Regional Alcoholism Services Director; John Velky, Area Coordinator for the Texas Commission on Alcoholism; and Jim Anderson,

Director of the Panhandle Alcoholism Recovery Center. FOR FURTHER INFORMATION* CONTACT: Wayne Hughes 373-3381 A news conference will be held at each hearing site. Arrangements TBA.

Infant Nutrition Seminar
Sponsored by Hansford Hospital

Hansford Hospital will sponsor a seminar on infant nutrition May 28, 1981 at the La Casita Room of the Gruver State Bank. The general public is invited to attend the seminar which will begin at 7:00 P.M. and last until 8:30 P.M.. There is no charge to the public.

Dr. Freddie Marasigan, Pediatrician at the Gruver Clinic, will present the program. The program will include a film entitled "Infant Nutrition—Foundation for Lasting Health". The seminar is to inform the public on nutritional needs of infants during the first year of life and contrast these needs with current feeding practices.

The first years of an infant's life are crucial to the growth and development of a child. Dr. Marasigan is very concerned with the feeding practices and nutritional needs of an infant. Anyone that has a child or is expecting to start a family in the near future is urged to attend this seminar.

Hansford Hospital will be sponsoring many seminars in the future related to the well being of an individual. We hope these seminars will prove very beneficial to the public.

ENERGY SAVING WAYS

With DISHWASHERS

In this age of energy conservation, energy options are an important consideration when buying an appliance. According to home economists from Whirlpool Corporation, newer dishwashers do the tough job of washing dishes, pots, pans and casseroles clean at quite a low cost. In fact, those ac-

customed to washing and

rinsing dishes under a flowing stream of water may be surprised to find that more hot water, and therefore more energy, may be used in handwashing than by operating many dishwashers on the market.

The estimated average usage for a dishwasher is eight loads per week. According to energy costs based on U.S. Government

Standard Tests, washing a load of dishes in a Whirlpool dishwasher costs only 1¢ with an electric water heater, and only 7¢ with a gas water heater.

Newer machines also offer an energy-saving Air Dry option. By using this option instead of heated drying whenever possible, energy consumption can be reduced substantially. For older models without this option, the homemaker can simply turn the dishwasher off after the wash/rinse cycle is over and open the dishwasher door to let dishes air dry.

zation, a member of the First United Methodist Church and a very active member of the Golden Spread Center, Inc.

Health Science Center Sets Graduation Ceremony

Forty-two doctor of medicine degrees will be presented to members of the seventh graduating class of Texas Tech University Health Sciences Center School of Medicine in May 31 ceremonies.

Degrees also will be awarded to one candidate for the master of science and four candidates for the doctor of philosophy degrees.

Mrs. Sybil Harrington, Amarillo civic leader, will be presented the honorary Doctor of Humane Letters degree in recognition of her nationwide contributions to educational, health and cultural institutions. Harrington Foundation philanthropies include the library at the Texas Tech Regional Academic Health Center (RAHC) at Amarillo and the Don and Sybil Harrington Cancer Center under construction adjacent to the RAHC, the Amarillo Area Foundation, Amarillo Speech and Hearing Center, Texas Scottish Rite Crippled Children's Hospital and University of Southern California School of Dentistry.

Judson F. Williams, Ph. D., former chairman of the Board of Regents of Texas Tech University Health Sciences Center, will address the graduating class.

Graduation marks the culmination of four years of study including basic science coursework at Lubbock and clinic science education at Regional

Academic Health Centers in Amarillo, El Paso and Lubbock. Each member of the class has served a rural preceptorship in family practice with a private practitioner in West Texas.

In June, the new physicians will take state licensure examinations in Austin and will begin residency programs in their chosen medical specialties on July 1.

Thirty-two members of the class will pursue training in primary care specialties including family practice, internal medicine, obstetrics and gynecology and pediatrics. Thirty-one will take residency training in Texas with eight of that number in Texas Tech programs in El Paso and eight in Lubbock.

Each year, graduates of United States medical schools participate in the National Residency Matching Program for placement in post-graduate training programs. Residency programs and applicants list their top choices for available positions and are matched through the Program. Twenty-four of the graduates were matched with their top three choices.

Graduation ceremonies will be preceded May 30, by the school's annual Awards Convocation scheduled for 2:30 p.m. in the University Center Theatre on the Texas Tech campus.

'81 Roundup Promises To Top Those Before

Hansford Roundup days are here again with opening of the Carnival Mid-way at 7 p.m., Wednesday (and continuing through Saturday)—closing with a Country Dance Saturday night.

Sandwiched in between is the parade with attractions galore; an Old Fiddlers Contest; Bar-beque lunch; a memorial dedication service; horse show and Old Timers Reunion. A Teen Dance will be held Friday at the YMCA with the Dance Machine from Dalhart providing the music. Admission is \$3.00 each.

Saturday, a big Sidewalk Sale will begin at 9 a.m. for those that like a bargain.

At 9:30 a.m. the Pride of the Panhandle 4-H Horse Show will begin with young people throughout the Panhandle putting their horses through there paces. This will be held at Oscar Archer Arena at North Hazelwood and C. Avenue and there is no admission.

The Old Timers Reunion at Joe Traylor Ford will be at 9:30 a.m. Everyone is encouraged to go by and visit. Coffee and

Cookies will be served. The Hansford Historical Commission Always has a good time planned for the Old Timers.

The Golden Spread Center has an Arts and Crafts Show at the Center. A beautiful trunk donated by Charlotte Ford and an Afghan Made by Mabel Jameson will be given to the lucky person with the winning ticket. These items are on display at the Golden Spread Center, 14 S. Haney. The Hansford County Pioneer Queen will be named and the Queen plus attendants will ride in the parade. The contestants are Deta Blodgett, Ruth Caro and Hattie Mackie.

The parade will form on the Plains Shopping Center parking lot at 10 a.m.—except for bicycle entries which will form for the parade behind city hall. Police Chief Ron Robinson said parents can leave bike riders there and pick them up there after the parade.

The parade will be led by Highway Patrol Units from Texas-Oklahoma-Kansas, followed by the Color Guard from Borger. It is a signal honor to

have the National Guard unit provide the Color Guard each year. They will also be bringing several pieces of Army equipment that will be in the parade and then will be on display on Main Street during the Afternoon. Everyone is invited to go by and look this equipment over.

J.D. Wilbanks will have his Case steam engine in the parade and Mr. Sell from Perryton has his Miniature Steam Engine entered also.

Several antique cars from Spearman and the area are planning on being here and an antique fire truck from Perryton.

Mr. Jines from south of Perryton is bringing a 1864 brougham carriage that is worth \$20,000. This will be pulled by four matching black mules. Be sure and watch for this entry. It has not been in any parades in the area. It is an honor to be the first.

Several beautiful floats are planned for the parade along with Teresa Hargis's Lone Star Line. These girls have just returned from Lubbock where

they placed 1st in Junior Line Division at Dance Masters.

The Wheel-Go Motorcycle Club from Perryton will have several cycles in the parade, according to President C.D. Riggins. Look for them in the parade.

The Red Carpet Mule Train from Woodward, Oklahoma will have eight wagons here with outriders. They will arrive on Friday evening and will camp at the Oscar Archer Rodeo Arena.

The Shrine Clowns from Amarillo will add a lot of fun and color to the parade along with the Shrine Float.

The decorated bicycles always add interest and the boys and girls enjoy riding in the parade, also.

Horses, buggies, wagons, automobiles, tractors and combines will make this one of the best parades ever.

Booths with lemonade, cookies, homemade ice cream, sno cones, popcorn, soft drinks, coffee, and bingo will be on the Courthouse lawn for your enjoyment. Also a Dunkin' Booth.

The Bar-B-Que will begin at 12 noon. The American Ag will

cook the bar-b-que along with beans-applesauce-pickles-onions. Tickets are \$5.00 adults and \$3.00 children.

The Old Time Fiddlers Contest also begins at 12 noon on the Courthouse lawn. Prizes amounting to \$300.00 will be given plus trophies. Pre-registration is not necessary.

At 1 p.m. a memorial for Major Sam Cornelius, M.I.A., will be conducted at the monument on the Courthouse lawn. Congressman Jack Hightower will deliver the main address. Major Cornelius graduated from Spearman High School and Texas Tech University. He received his Jet training at Reese Air Base, Lubbock. He was lost somewhere in Cambodia June 15, 1973. Reverend Frank Ogelsby will give the invocation and Mayor Ralph Blodgett will introduce Jack Hightower.

The Stationmasters House Museum, 28 S. Townsend, will open at 1 p.m. They will have live exhibits, such as blacksmithing, spinning wheels, making rope, etc.

Eadie Clemmons, Miss Hansford County of 1980 will crown the new Miss Hansford County on Saturday, June 6, at the High School Cafeteria.

About 15 species of walnuts are native to North and South America.

IMPORTANT: Spearman's Main Street Will Be Closed to Vehicle Traffic, Saturday 1

Spearman Police Chief Ron Robinson wants to remind folks here for the "Roundup" of the closing of Main Street downtown, first for the parade, then for other activities a part of the day. Please, plan your travel and your parking accordingly.

Marriage Seminar Planned

The Spearman Church of Christ has scheduled what the church leadership feels will be one of the most contributive and impressive marriage seminars ever planned for a local congregation.

It will be conducted eight successive Tuesday nights beginning June 2 with 8 and 9 p.m. sessions. The format is a Marriage Enrichment Film Series featuring two of the most lustrous personalities in the field of counseling and marriage relationships: Dr. Carl Brecheen and Dr. Paul Faulkner.

The two, both on the teaching staff of Abilene Christian University, have also co-authored a best-selling book on marriage and the family: "What Every Family Needs."

Dr. Brecheen is professor of Bible and of Family Relations at

ACU. In addition, he teaches a Sunday School class and serves as an elder in his church.

Dr. Faulkner is the Director of the Institute of Marriage and Family Studies and professor of Bible and Psychology at ACU. In addition, he maintains a private practice in marriage and family counseling.

Thus this series will be an inspirational experience of seeing and hearing the discussion of problems and the presentation of workable concepts in solving them.

The church issues an open invitation to all persons interested in a major contribution to their marriage and family happiness.

A reminder: 8 and 9 p.m. each Tuesday evening for eight evenings beginning June 2, at Spearman Church of Christ.

Drug Uses

PRESCRIPTION DRUG USERS

Many people today have a daily use of prescribed drugs. Please respect the reason for the drug use by using it as directed--and don't be afraid to ask your doctor or your pharmacist if you have questions. Become aware of complications that could occur by mixing your prescription with other drugs or especially with alcohol. Don't share your prescription with others or take a drug prescribed to someone else. Modern drugs are a blessing--don't change them to a curse, by mis-use. A message from Operation Drug Alert--1-800-692-4039.

PARENTS

Many parents are fearful of the possible drug use by their children and many parents are uninformed about drugs and mis-informed about the causes of abuse. Remember that drug use is the result of a behavioral pattern or mis-decision and can be prevented or changed if we are willing to look for the real cause--be careful of looking for blame or simple solutions. To help yourself and your children--ask why your son or daughter would use or is using and be ready to attack that--not them--and the use may disappear. A message from Operation Drug Alert--1-800-692-4039.

YOUTH

Many young people have a casual view of drug use--it is accepted as cool, fun, and mature and no one's business. Many are caught in this. Sadly, the attempts by adults to stop use have been amusing or insulting. Young people need to realize that they do not have to

use drugs--they have a choice! They need to ask, "Why?" Habits are easy to form. A first time leads to a second and so on. Be afraid of the habit happening to you!-----A message from Operation Drug Alert--1-800-692-4039.

WOMEN

Far too many women today are caught in the use of prescribed tranquilizer drugs. The purpose of these drugs is to allow a person some time of peace and control to try to solve some life-style problems. The drugs themselves solve nothing! They are intended only to help us to put our own lives in order. If this is not working for you, and the drugs are only keeping you going--please contact us for possible suggestions of referral. A message from Operation Drug Alert--1-800-692-4039.

ELDERLY

A large percentage of the medications distributed in the United States are taken by those over 60 years of age. If this is you--please follow your doctor's instructions regarding the use of your drugs. If you have questions, don't be afraid to ask your doctor or your pharmacist. Don't change or stop the use without consulting your doctor. Be very careful of mixing your drugs with home remedies and especially with alcohol. Feel free to tell of any suspected side effects noticed. For further information, assistance or referral, please contact Operation Drug Alert--1-800-692-4039.

Dorothy Lamour to Perform

Dorothy Lamour, familiar to millions for her singing with the Big Bands and on radio series, for her sarong in jungle movies and her jaunts with Bing Crosby and Bob Hope is seven "Road" pictures, is adding more lustre to her stardom with across-the country stage performances.

The actress-singer is appearing in the stage spotlights at Amarillo's Country Squire Dinner Theatre in Neil Simon's hit play "Barefoot in the Park." Opening night is set for Wednesday, May 27, with performances Tuesday through Sunday evenings through June.

Born in New Orleans, Dorothy Lamour launched her career on the stage by winning the finals in a contest to select "Miss New Orleans." She was 14 but had listed her age as 17. Later Herbie Kay, bandleader, discovered her and then recommended her to Rudy Vallee, with whom she sang at major hotels. Then came radio and movies.

Some of the popular radio personalities she worked with were Nelson Eddy, W.C. Fields, Lionel Barrymore, Don

Amecle and Edgar Bergan and Charlie McCarthy.

For the movies, in addition to the "Road" pictures with Hope and Crosby, Dorothy Lamour has had roles opposite such co-stars as Anthony Quinn, John Wayne, Henry Fonda, Fred McMurray and James Stewart.

During World War II she sold \$300,000,000 worth of War Bonds and became known as the "Bond Bombshell." It was also during the war that she met and married Air Force Lt. William Ross Howard. The couple had two sons. After 35 years of a marriage, which friends say was one of the happiest in Hollywood "if not the world," she became a widow in 1978. Since her husband's death, she had done game shows and television specials and toured with "Barefoot in the Park."

GARDEN NEWS

By Jim Smith

Co. Extension Agent (Agri.)
HOW TO TELL WHEN TO WATER-A REAL MYSTERY

It's safe to say that successful gardening in this area generally depends upon a good source of water.

To many of us one of the most enjoyable aspects of home gardening is watering. It can be quite enjoyable to see garden vegetables respond to a "drink" during the heat of mid-summer. Despite the fact that watering can be a great deal of fun, it is often associated with many problems. Many of the things which can plague us each year, such as bitter fruit, sunscald, disease problems, poor fertility, poor quality, poor yields and a dozen other things, can be related to poor and improper watering.

Many of us enjoy watering our garden after a hard day's work or just as a form of relaxation. So it is not at all unusual that many gardens get watered two, three or more times a week. Unfortunately, in most cases this is one of the worst things you can do since it can result in poor root development.

Light, frequent waterings have a tendency to cause a concentration of roots in the top inch or two of the soil. This type of "limited" root system does not pose any real serious problem early in the season when plants are young and sufficient moisture is generally available. However, as the season progresses and moisture becomes less and less available, you may be forced to water the garden several times a week just to keep plants from wilting severely. This practice results in insufficient nutrient uptake, poor growth and disease problems.

Water the garden not by looking at plants but rather by examining your soil. Look at the soil surface. If it appears dry, then scratch to a depth of 1 or 2 inches to determine if moisture is present. If soil is relatively dry beneath the surface, then watering is necessary. If sufficient moisture is available, wait

a couple of days before applying additional water. Another point to consider is your garden soil. Obviously a sandy soil that drains well will require more frequent watering than a heavy soil which holds water.

How much water to apply is another mystery that confronts us. The amount of water to apply must be determined for each and every garden in the county. Apply enough water until you feel your garden is well watered. Then, take a sharpshooter or shovel and dig down and see if the soil is wet to a depth of at least 6 inches. If the soil is wet at that depth, you've watered enough. If it's relatively dry, then water some more. After doing this a couple of times, experience will tell you when you have watered enough.

How you water the garden is important, but adequate watering at the right time and in the right amount is more important than the method used. Most gardeners prefer the furrow or flood system as a means of applying water. Others prefer to use a sprinkler.

There are advantages and disadvantages to each method. The primary advantage of flood or furrow watering is that individual rows can be watered while this is not generally possible with a sprinkler. The main advantage with a sprinkler is that large areas of your garden can be watered without moving the hose from row to row or from area to area. One disadvantage of the sprinkler system is that wet foliage can lead to disease problems. If you prefer to use a sprinkler, then water in the morning to allow foliage to dry off before cooler evening temperatures set in.

Another method gaining in popularity is drip or trickle irrigation. This system is an effective and efficient means of watering your vegetable plants but its initial cost is high.

Proper use of water in the garden will be reflected in the amount of produce that you take from the garden to the kitchen.

Next I'll discuss some ideas on equipment for controlling garden pests.

you are blessing us here. We thank you for praying for the peace of Jerusalem. Psalm 122:6 It is people like you who have helped us. Our home has been very active for the Lord. We have been able to host two fellowships with Project Kibbutz volunteers and the youth group had a Valentines' party here also. We have had from five through twenty attending every Thursday morning fellowships of praise and intercession. The Women's Aglow Fellowship has had four evening dinner gatherings with varied attendance from twenty-eight through sixty-five. The people who shared are Freda Lindsay, Stan Telchin, Issa Zoughbi, and myself, Harold. We have about twelve countries represented each time. "Give none offence, neither to the Jews, nor to the Gentiles, nor to the church of God." 1 Corinthians 10:32 The Aglow Fellowship has been sending in money to help with the food for these. Luke 14:12-14 January 26, we joined together with many in a thanksgiving service for the release of the hostages.

It was a blessing for us in the engagement party, wedding ceremony and the reception for Issa and Dee Anna Zoughbi. We were the only ones outside of the family invited for the reception of two hundred. They asked us to sing and share for awhile. Different times during each week we travel to and share in Bethlehem, Ramala, Hebron and also on a kibbutz. God is really opening many door for us continually.

Leslie Ann, our oldest daughter, had a birthday party celebrating twenty-one years, March 28. Kelly, our youngest daughter, celebrated hers with Mylinda in the Sinai; Elat, the week of April 12, Leslie Ann also shared at the Christ For the Nations Center dedication here.

She continues to enjoy her volunteer work at Shaare Zedek hospital. Mylinda and Kelly are beautiful witnesses in the Anglican School. They have gone on many Christian youth retreats and Dorothy and I joined them for a family weekend in March. The girls are in charge of the puppets for the Children's Church at our Church, Baptist House. They

went to the Sinai for a week and had wonderful fellowship with several of their Christian friends. Dean has returned to the United States this winter and is working on a drilling rig for an oil company. Our studies, at the American Institute of Holy Land Studies are finished May 5. It has been very maturing for our world outlook and outreach. Dorothy and I went on the "Mordechai outcry" march of the stand for Soviet Jewry on April 16. Pray that the prisoners will be released.

For the celebration of Purim many colorful costumes were worn by the Jewish children. On Palm Sunday we watched a long and meaningful walk from the Mount of Olives through the Via Delarosa. Passover was wonderful as we went to Mount Gerizim for the sacrifice which only the Samaritans take part in. We attended an early morning sunrise service at the Garden Tomb for Easter. We then went to a praise service with Merv and Merla Watson and John Willen van der Hoeven on the Mount of Olives. John gave us a challenging message. Pray that we continue to do Isaiah 62:10.

Some have sent boxes of used clothing here for the saints in Jerusalem. Many tour groups are also leaving items behind, here in Israel for Aglow to distribute. They leave clothing, new and used; toiletries, food and snacks. What a blessing to see people getting needs met this way. We hope people will continue to do so. Bless each of you who are willing and obedient to give in this great way. Romans 12:13

"Take This Job" From Avco-Embassy. Produced by Greg Blackwell. Directed by Gus Trikonis. Starring Robert Hays, Barbara Hershey and Art Carney. Rated "R."

"TAKE THIS JOB"

By STEVE K. WALZ—FILM CRITIC

This low-budget feature is bound to do well in the rural sections of North America, but I doubt if it will muster up a top heavy box-office in the big cities. The reason is simple. "Take This Job and Shove It" is a movie about a big conglomerate that wants to swallow up a small brewery in Dubuque, Iowa.

REVIEW

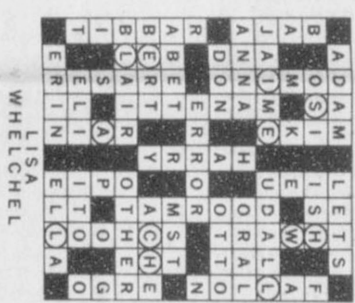

Ironically, one of the conglomerate's star trouble-shooters, Frank Macklin (Robert Hays), is a native of that town and, wouldn't you know it, he's sent back to whip the company into shape. Frank isn't too crazy about the idea, but he loves to drive his slick sports car and cherishes his lofty salary. At first the local townfolk welcome Frank back with open arms, but when some of them are replaced by automation, Macklin's best friends rebel against the system.

Meanwhile, the head of the conglomerate, Sam Ellison (Eddie Albert), reveals his

true reason for wanting the brewery solvent. He's planning to make a quick buck by selling it to a Texas oil honcho. Macklin is stung by this pure capitalistic decision and decides to sabotage the whole operation. What transpires has much to do with Johnny Paycheck's title song.

Robert Hays is a likeable actor and seems destined for a successful film career. Messrs. David Keith and Tim Thomerson, as Macklin's beer guzzling buddies, are perfect caricatures of small-town USA. Barbara Hershey's part in the film, as J.M. Halstead, Macklin's love interest, seems just a diversion to help buoy Macklin's fight against the system, which is plausible. Art Carney's role as the head of the brewery is never fully developed, which is a bad mistake.

As a whole, "Take This Job and Shove It" is an unpretentious slice of Americana. So, if you like flicks that stick it to the big corporations, then this pic will give you some satisfaction.

Behind the Scenes

"Kids Are People Too" gets new look, host

"Kids Are People Too," ABC's Emmy Award-winning entertainment/informational Sunday morning series for young people, has gone into production for a fourth season on ABC-TV with a new host and a new look.

Randy Hamilton, a youthful veteran of afterschool and weekend talk and variety shows for teenagers in the Midwest and Los Angeles, and currently performing in the daytime serial, "Texas," makes his debut as the new host of "Kids Are People Too." (Former host, Michael Young, left the show to pursue other projects.)

ABC's New York Studio One serves as the new production home of "Kids Are People Too," where a live audience of 160 youngsters will encircle the center-stage show in the round.

"The new physical setup," says Marilyn Olin, executive producer of the series, "affords greater mobility on stage for Randy Hamilton and guests to relate to the audience. Kids in the studio will feel more like participants than spectators."

The new look also brings a new opening to the program, with a cheerleader or majorette or young athlete from all points of the country coming in to serve as a guest introducer of Randy Hamilton and also to join in audience participation segments. Additionally, each program will feature a "Kid Pick of the Week," spotlighting young achievers between the ages of ten and 15.

As in past years, some of the illustrious names in show business will make guest appearances. But more now than ever, they'll be showing a unique side to their talents, rather than talking about them. As an example, Gilda Radner, now starring on Broadway in the comedy, "Lunch Hour," does a hilarious bit on how to clean up your room while getting some physical benefit from the chores. And Benji, the most beguiling canine star, will conduct his own dog show, "The Canine Star of Tomorrow."

Other entertainment headliners set to appear this season are Gregory Hines of the Broadway musical revue, "Sophisticated Ladies," TV stars John Ritter and Jenilee Harrison of "Three's Company," Linda Gray of "Dallas," John Schneider of "Dukes of Hazzard," John (Bowser) Bauman of "Sha Na Na" and Richard Simmons of "General Hospital," who is also the author of the best-selling "Never-Say-Diet Book."

The serious, instructive side of "Kids Are People Too" is dealt with in segments and rap sessions with the audience on subjects ranging from drug abuse to peer pressure. Authorities in all areas have been lined up for appearances on the program.

Barbara Mandrell proves she is still very much "in the country," with her newest MCA single, "I Was Country When Country Wasn't Cool." Barbara, with some help from George Jones, sings about being country way back before the "Urban Cowboy" days and being proud of it. And to the folks who ask if that isn't someone imitating George Jones on the record... it's Jones for sure!

CBN CORNER

Terrifying TV commercials can hurt your family

by Scott Hessek

You're sitting down for a nice, quiet evening of television with your family, and there, right between the commercial for toothpaste and the network I.D., a bloody claw crosses the screen, a beautiful woman suddenly becomes possessed by some demonic thing, and begins a blood-curdling howl.

Later that evening, again totally unexpected, in a commercial some kids decide to spend a night in an amusement park funhouse, and suddenly discover that one of the hideous creatures in there is real.

In another instance, again unexpected, you see the interior of a house. Some unnerving music begins, and a waist-high sea of blood comes gushing around the corner, down the hallway and into your living room.

These are just some of the commercials designed to strike morbid terror into your family. It is an unnerving phenomena designed to scare you out of your wits in the hope that you will come to the movie, "at a theater near you."

Legal? Presently, yes. Ethical? Hardly. Healthy? No.

Because of the nature of television, and the strong psychological punch of a 30-second commercial, audiences at home suddenly have a wicked and horrible thing inflicted on them which disappears, leaving the impact behind, and the problem unresolved. Unlike full-length movies on television, which must carry a warning so the viewer can decide whether or not to watch it, these sudden psychological and spiritual punches below the belt come into your living room totally unannounced. They come with a powerful and intentional shock value that is designed to unsettle the most stable adult in the private sanctity of his or her own home, not to mention the effect it might have on children or the emotionally unstable, who might be watching.

Are these commercials creating the climate for the emergence of another Atlanta child-killer, or a "Son of Sam"?

Perhaps they are, according to Dr. Richard Gottler, an experimental psychologist and president of CBN University. Dr. Gottler, whose background is in social behavior, says, "This kind of introduction of fear, particularly on a repeated basis, introduces nightmares and insecurity. It can be very traumatic. As people begin to develop their whole world outlook, such traumatic events can greatly influence their perceptions, and thus their life style and psychological approach will be adjusted on the basis of these experiences," he said.

What about the effect of such material on the unstable, or the borderline cases?

"The whole point revolves around a person's perceptions of reality, or unreality [sic]," said Dr. Gottler. "A person who is already shaken up could easily be pushed over the brink by these sudden, and intentional shocks."

These things are designed to terrify you, your wife and children, regardless of what you want.

Is there something that you, the television viewer and family member can do about this particular kind of commercial? Yes.

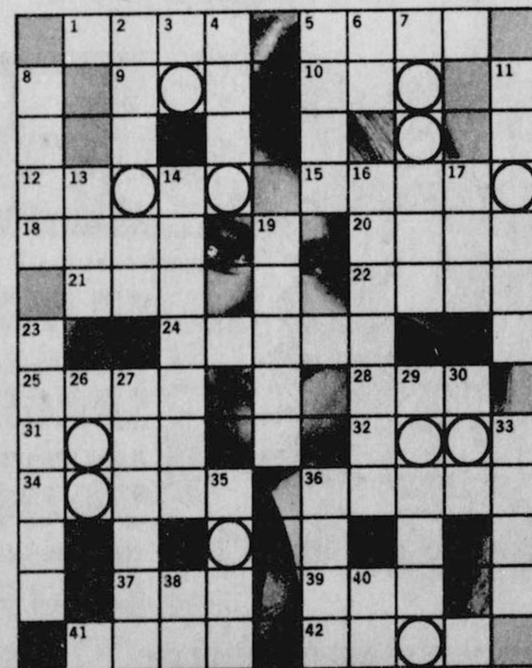

Write to your congressman, and ask him to introduce legislation to have such commercials either banned, or have stations and networks post warnings far enough in advance of the spots so the viewers can decide to change channels.

Write to the Federal Communications Commission and complain that material with shock value is being presented without the warnings required for "mature" material.

No network can afford to be party to the creation of yet another "Son of Sam" or other extremely dangerous psychotics simply because they wanted to fill some theater seats.
