ARKANSAS HOUSE PASSES BEER BILL

LITTLE ROCK, Ark., Aug. 23 (AP)—The Arkansas house today passed the amended senate beer bill and immediately sent it to the senate for concurrence in house amendments. The vote on the bill was 66 to 26 and the emergency clause putting the measure into effect immediately upon the governor's signature was adopted by a larger majority.

SLEEPING SICKNESS EPIDEMIC SPREADS

MIAMI, Okla., Aug. 23 (AP)—Two cases of encephalitis, sleeping sickness, were reported at Cardin, near the Oklahoma-Kansas line north of here, by Dr. J. C. Jacobs of Miami today. Betty Jane Dye, one-year-old daughter of Floyd Dye, was reported in a coma after two weeks of illness. Another child in the same neighborhood is similarly afflicted.

NEW WITNESS HUNTED IN LAMSON CASE

SAN JOSE, Calif., Aug. 23 (AP)—County Detective William Dreischmeyer was detailed today to hunt a new witness in the David Lamson wife murder case. The witness, who is expected to aid the prosecution materially, was said to be a pretty young woman formerly employed in the Lamson home on the Stanford university campus.

Liner Disabled In Coast Storm

NINETY PERSONS ARE ABOARD SHIP WHICH SENDS OUT S O S

(By The Associated Press)

Caught between a raging northeaster and a tropical hurricane blowing up from Bermuda, the Atlantic seaboard found no respite today from five days of storm and gale which already have wrought death and destruction over a wide area.

An SOS from the Old Diminion liner Madison with more than 90 persons aboard sent a coast guard cutter ploughing to her aid off Cape Charles, Va.

In Immediate Need

The faint call for help said the forward deck house of the coastwise steamer was washed away and that the craft was in immediate need of assistance.

The ship left New York for Norfolk yesterday.

Reports from along the eastern seaboard told of thousands of dollars worth of damage by the hurricane and the possible loss of life.

Communication along the entire Maryland shore was cut off at an early hour.

At Norfolk winds of 70 and 80 miles velocity, accompanied by heavy rain, marooned vacationists and flooded low-lying sections.

The North Carolina coast also was being pounded by mountainous waves and an unknown four-masted schooner wallowed helplessly off the shoals near Meneto while coast guard craft stood by unable to give any assistance.

New Jersey Buffeted

New Jersey, which received the brunt of the storms of the past four days, continued to be buffeted. The 300-foot municipal pier at Cape May was washed away and telephone and electric lines were torn away.

The body of one of seven known victims of Sunday's storm washed up on the shore near Atlantic City.

New York City missed the brunt of the gale promised for yesterday, but heavy rains continued.

Along the coast the heaviest rain for August in many years was reported.

COTTON GINNINGS REVEAL INCREASE

WASHINGTON, Aug. 23 (AP)—Cotton of this year's crop ginned prior to Aug. 16 was reported today by the census bureau to have totaled 459,911 running bales, counting 9,725 round bales as half bales.

To that date last year ginnings totaled 25,431 running bales, including 3,619 round bales, counted as half bales.

Ginnings by states:

Alabama 5,775 running bales; Florida 556; Georgia 45,653; Louisiana 854; Mississippi 456; Texas 404,818; all other states 1,799.

PRAYER MEETING TONIGHT

LEADERS TALK TO TEXANS

FARLEY ASKS REPEAL VICTORY; DR. CRAIN LAUDS DRY LAW

(By The Associated Press)

AUSTIN, Aug. 23.—Texans felt the influence of national leaders on both sides of the prohibition repeal issue today as they prepared to vote next Saturday on the question: Shall the Eighteenth amendment be vitiated?

James A. Farley, postmaster general, broadcast an appeal from New York to Texans to vote for repeal. Dr. James A. Crain of Washington, director of the national prohibition emergency committee, addressed an audience in the state capital and prepared to appear elsewhere in the state.

Speakers In Field

Managers of the forces working for and against a change in the nation's prohibition status are putting in their last minute blows. Speakers, including United States Senator Morris Sheppard on the pro side and James E. Ferguson, former governor, with the anti group, are bringing into play all the persuasive talent at their command.

Another matter to be settled the same day at the same polls will be whether Texas' bone dry constitution shall be changed to allow the manufacture and sale of 3.2 per cent beer. It now is a penitentiary offense for one in Texas to possess a beverage containing more than one per cent of alcohol.

Many counties and political subdivisions that were dry under local option when Texas embraced prohibition will vote on whether to allow the sale of beer in event the state constitution is amended.

Elections Same Day

Most of these have called elections for next Saturday.

A precinct in Fort Bend county already has voted to legalize beer. It went five to one for the proposition.

Five Arrested In Beer Raid Released

Police arrested five persons, subsequently released without charge, and confiscated about 50 bottles of iced beer in the 2100-block of Twenty-eighth street Tuesday afternoon.

A youth arrested coincident with finding of about three bottles of beer in the business district later in the afternoon also was released without charge.

Speeding Ambulance Overtaken By Death

SAN ANGELO, Aug. 23. —(AP)—Kept alive by artificial respiration since late Monday, William W. Dean, jr., 25, Pecos, Reeves county, insurance man, died at 10 o'clock last night a few miles northwest of here in an ambulance that traveled from Pecos, 320 miles away, at a rate of 62 miles an hour. State highway patrolmen provided an escort.

Dean, a victim of infantile paralysis, was being rushed almost 800 miles to Houston to an artificial respirator. Chartering an airplane for the trip was considered but there would not have been room for a nurse, Miss Lovey Neal, and four friends, George Morrison, Hill Hudson, Jask May and L. F. Devill, who applied artificial respiration in shifts as Dean was speeded toward the "iron lung".

RETAIL STORE AGREEMENT PROPOSED

SPOKESMAN OF SMALL PRICE FIRMS SEES MORE EMPLOYMENT

(By The Associated Press)

WASHINGTON, Aug. 23.—Reemployment of approximately 1,000,000 persons in the next 30 days if retail stores were put on 40-44-48 hour weeks, according to hours of operation, was predicted today before recovery administration officials by Paul Nystrom, spokesman for the Limited Price Variety Stores association.

Appearing for his association, in which were the five and ten cent stores and the one cent to one dollar commodity group, in the hearing on the proposed retail code calling for a 44 hour week Nystrom urged staggering the maximum hours of work on the basis of the number of hours in which stores were open.

More Jobs Seen

If the staggered schedule he submitted were adopted, Nystrom said, stores would be forced to reemploy a million persons to maintain the same service they have been giving.

He said a maximum 40 hour week for stores open less than 52 hours would reduce hours of work from 4 to 5 weekly, counting luncheon periods, and require an increase of up to 15 per cent in employment.

Nystrom appeared after other witnesses had assailed small store keepers and family operated establishments as creating bad competitive conditions in the retail industry.

AWAIT BREAK IN COAL DEADLOCK

WASHINGTON, Aug. 23 (AP)—The serious problem of shaping a final code of fair practice for bituminous coal again today overshadowed manifold activities of the recovery administration, but the only word on progress was that a "break might come any time," and that not only Administrator Hugh S. Johnson but President Roosevelt himself was

FIVE CHARGED IN AMBUSH SLAYING

COLD SPRINGS, Tex., Aug. 23.—(AP)—Murder indictments have been returned here against five farmers in connection with the ambush slaying of Amon Copeland at Point Blank last March.

Defendants named in the indictment were J. Lee, 72; his sons, Obie Lee, Lonnie Lee and Leonard Lee; and Levi Whiteside, 18, hired hand on the Lee Farm. They were given an examining trial at Point Blank in June.

At present J. Lee is serving a term in Huntsville penitentiary for cattle theft. His three sons are in the San Jacinto county jail here. Whiteside is in a Conroe hospital, where he underwent an operation last week.

PRINCESS FOR A WEEK SEEKING AN ANNULMENT

NEW YORK, Aug. 23. (AP)—Dark-eyed Janet Snowden, heiress to oil millions, tearfully looked to the law today to undo her six-day marriage to an Italian prince—a marriage she calls "a mistake."

Less than a week after a whirlwind courtship culminated in the 19-year-old society girl's elopement and marriage to Prince di Siriggnano Don Francesco Caravita, the romance came to a sudden end yesterday.

Lugging their baggage, she and her maid went to bachelor girls' quarters in a hotel. She said, weeping:

"I admit it was all a mistake. I have left the prince and I shall not go back."

She said she would seek an annulment or, failing that, a divorce from her young husband, a noted Italian sportsman.

The separation resulted, the princess said, from her discovery that she did not love the prince; that theirs was not a "marriage for love."

EXTORTION IS FRUSTRATED

ONE MAN KILLED AND ANOTHER CAPTURED IN POLICE TRAP

(By The Associated Press)

RHINELANDER, Wis., Aug. 23.—A trap laid by officers for plotters who attempted to extort $5,000 from a wealthy hotel owner today counted its bag at one suspect killed and another in jail here.

Robert Rogers, 44, was shot to death by members of a posse yesterday when he attempted to pick up a package containing $5,000 left on a highway near here. John Stokie, 38, his companion was captured.

Letter Intercepted

The two men drove their automobile directly into the ambuscade prepared by officers after a letter demanding the money from George Goodreau, wealthy Mercer, Wis., hotel owner, had been intercepted.

Goodreau, after receiving threats of death if he did not meet the demands, told Sheriff John Farmen of Oneida county.

Obeying instructions in a letter Goodreau received Saturday, the sheriff went to a Rhinelander hotel and found another letter for Goodreau detailing plans for leaving the money on a highway.

Highway Guarded

With Postal Inspector T. V. Kinney assisting, authorities of Iowa and Oneida counties summoned a posse and strung the men, armed with rifles, revolvers and one machine gun, over a half mile stretch of the highway near the designated spot.

Shortly after, a car with two men drove up. Rogers got out and as he went for the money package two shots were fired from the roadside, wounding him fatally.

Stokie, crazed with fear, crawled under the car but was hauled out, pleading for mercy.

THOUSANDS OF TEXANS IN CHICAGO TO OBSERVE THEIR DAY AT WORLD'S FAIR

BY RUTH COWAN
Associated Press Staff Writer

CHICAGO, Aug. 23 (AP)—Texas' day at A Century of Progress today found thousands of Texans, who have been arriving by special train, bus, automobile and airplane, ready to make it an impressive event—as befits the union's largest state.

The program begins in the afternoon with dedication of the Lone Star exhibit and concludes with a night presentation of "Aida" on the doorstep of the metropolis that long boasted of being the home of one of the world's finest opera companies.

Since the Texas exhibit opened Aug. 11, it has been one of the most heavily visited in the hall of states and one of the reasons is—rattlesnakes. The rattlers, scorpions, centepedes and tarantulas are attractively mounted in a desert scene together with a specimen of road-runner, a plucky bird that will fight its weight in rattlesnake anyday.

They are all dead, but not so are the several horned toads. Wiggling between the feet of the armadillos and over the tail of a rattlesnake, they return the stares of the sightseers.

And as a background to it all there is a large cactus plant design on black felt made of diamond backs' rattlers—and a

STRONG WINDS BRING RAINS TO SECTION

LUBBOCK GETS ABOUT THREE-FOURTH INCH OF PRECIPITATION

Driven by strong winds and accompanied by an electrical display, Lubbock and the South Plains last night received rainfall that varied from light showers to falls of more than an inch. The territory covered by the moisture was north of Tahoka and Southland extending northwest and northeast from Lubbock, with a little southwest and none west.

Railroad officials reported wire trouble that delayed communication between several stations. Train operations were not seriously hampered, however.

Western Union officials reported considerable wire trouble, mostly on railroad lines. Postal Telegraph and Southwestern Bell and Southwestern Associated telephone companies, reported little wire trouble.

.79 Of Inch Here

Locally, the rain was .79 of an inch at the state experiment station and three quarters of an inch at Texas Tech. The fall for the station during August has been 1.57 inches. By dates, the falls were: August 1, .15 inch; August 3, .23 inch; August 11, .07 inch; August 16, .32 inch and August 18, .01 inch.

Reports from the Santa Fe dispatcher gave the following information: Amarillo, 1.75 inches; Canyon, .75 inch; Happy, Kress and Tulia, shower; Plainview, one and a third inches; Hale Center, quarter; Abernathy, one and three quarters; Muleshoe and Sudan, shower; Amherst, Littlefield and Anton, none; Shallowater, shower; Southland, shower; Post, none; Justiceburg, sprinkle; Snyder, none; Idalou, one quarter; Lorenzo, shower; Ralls and Crosbyton, half inch; Ropes, shower; Meadow, half inch; Brownfield, none; Seagraves, shower; Lamesa and O'Donnell, none; Tahoka, half; Wilson, half; Levelland and Bledsoe, none.

MISSING EDITOR FOUND MURDERED

COSHOCTON, O., Aug. 23. (AP)—Bound and weighted down with a hammer, a plow-point and lead slugs, the body of Fred S. Wallace, 61-year-old missing newspaper editor and publisher, was found in the Muskingum river two miles from here last night.

Dr. F. W. Craig, county coroner, took charge of the body. He withheld his verdict, while Prosecutor Russell E. Lyons began a study of the publisher's disappearance three days ago and the circumstances of his death.

Mrs. Robertson Is Claimed By Death

Mrs. J. H. Robertson, 52, died at 3 o'clock this morning in her home at 1414 Avenue B after an illness of several months.

Funeral services will be conducted at 4 o'clock this afternoon at Memorial Park cemetery by John T. Smith, Broadway Church of Christ minister, Sanders Funeral home announced.

Mrs. Robertson came here from Spur two years ago. She is survived by a widower; five sons, D. Robbins and Marvin Robbins of Lubbock, K. B. Robbins of Anson, Bob Robbins of Crosbyton, and W. J. Robbins of Mineral Wells, and two daughters, Mrs. Jim Sellers of Lubbock, and Mrs. Fern Borden of Dickens.

FOR SAKE OF LOVE, TWO OFFICERS IN U. S. ARMY TRADE THEIR WIVES

(By The Associated Press)

LEAVENWORTH, Kas., Aug. 23.— For love's sake, two army officers have traded wives, legally.

Says Captain William B. Bradford:

"It is natural for a man to fall in love with another man's wife and for a woman to fall in love with another woman's husband."

Thus he explains why Mrs. Stuart MacDonald, a brunette, became Mrs. Bradford, and his own wife, a blonde, became the wife of Major MacDonald.

All was accomplished in a friendly manner by the two couples, well known at Fort Leavenworth. Together, Mrs. MacDonald and Mrs. Bradford went to Bentonville, Ark., where they established residence to take advantage of the 90-day divorce law. They lived in the same house. They were represented by the same attorney.

After Lee Seamster, judge in chancery, granted the decrees, the two husbands appeared to complete marital exchange. Together they went to the county clerk's offices and secured marriage licenses. Then both couples were married by Frank Lloyd, justice of the peace.

The Bradfords' 10-year-old daughter now is living with her father and his second wife.

ARMED GUARDS HOVER ABOUT COURTROOM

FEDERAL GRAND JURY OPENS PROBE INTO URSCHEL CASE

(By The Associated Press)

OKLAHOMA CITY, Aug. 23—In an atmosphere made tense by the receipt of threats against the lives of witnesses, a federal grand jury went into session here today to consider evidence against the gang accused of the Charles F. Urschel kidnaping.

Department of justice agents revealed they had in their possession several letters warning of injury to witnesses if they divulged certain information to the jury. Other threats have been made by telephone, the officers said.

Jury Room Guarded

Armed guards watched corridors on three floors of the federal building. The jury room was under a heavy guard. Other guards hovered around the principal witnesses, including Mr. and Mrs. Urschel who arrived early and went into conference with federal prosecutors.

The grand jury, from which the prosecutors hope to obtain indictments against 11 suspects, convened just one month and one day after Urschel, Oklahoma City oil millionaire, was snatched from his palatial townhouse.

Brought to bear against the alleged abductors in an effort to win life sentences against each of them, principals and accomplices alike, were the siege guns of the government's war on rackets and kidnaping—Leslie B. Slater and Joseph B. Keenan, special assistant attorneys general, aided by District Attorney Herbert K. Hyde.

MAN WOUNDED IN BATTLE

AUSTIN VICTIM OPENS FIRE AS OFFICERS CALL AT HOTEL

(By The Associated Press)

AUSTIN, Aug. 23.—Jesse Grooms of Austin was in a hospital today in a serious condition following a gun battle at a hotel with city police, sheriff's deputies and Texas rangers.

It had not been definitely determined if a bullet fired by one of the officers wounded Grooms.

Not Expected To Live

Grooms was shot in the forehead. Hospital attendants said he was not expected to live.

Deputy Sheriffs J. E. McCoy and Sam Rogers had gone to the hotel to serve Grooms with a justice court warrant charging him with embezzlement. He refused to allow the officers to enter the room, the officers said. Grooms allegedly fired two shots at McCoy and Rogers during the encounter.

Aid of state rangers was enlisted and an effort was made to force Grooms from the room by shooting tear gas shells through the window.

Officers Hear Shot

Sheriff Lee Allen said that while officers were waiting for the tear gas to take effect they heard a shot from inside the room and the thud of a falling body. When officers finally forced their way into the room, Grooms was lying on the floor. A revolver was close by, officers said.

Officers said they pleaded with Grooms to accept service peaceably but that he began shooting through the door.

Two shots were fired by the officers, they said.

Special Ranger Is Found Dying Today

KILGORE, Aug. 23 (AP)—Oran Biggs, special ranger and investigator for the Humble company, was found wounded fatally early today at an oil company plant at Pistol Hill near Kilgore.

A bullet from a pistol had struck him under the chin and penetrated the brain. W. H. Compton, justice of the peace, held death was due to a self-inflicted wound.

HILLARD H. HOPPER OF GRAHAM CHAPEL IS MISHAP VICTIM

Hillard H. Hopper, 22, of Graham Chapel community, near Post, died at 1:45 o'clock this morning in a Lubbock sanitarium of injuries suffered in an automobile collision last night on state highway 84, five miles west of Post.

A skull fracture caused death. The young man also suffered fractures of the left arm, at the elbow, and the right jaw and several lacerations on the chest and elsewhere on the body. He was received at the sanitarium in an unconscious condition about 10:30 p. m.

Rix Funeral home announced funeral services for Hopper, survived by his parents and five younger brothers, will be conducted Thursday at Post.

The Post Chamber of Commerce has sponsored a series of community programs coincident with the National Recovery administration activities. Such a meeting was conducted last night at Graham Chapel. The fatal collision occurred in traffic in route to the meeting.

Young Hopper and his father, John Hopper, owned and operated together a farm at Graham Chapel.

As the Graham Chapel bus, driven by D. E. Grammer, as usual, arrived at the highway 84 intersection at which a turn is made to Graham Chapel, Grammer stopped to let a car approaching from behind pass before he turned to the left.

Behind the bus was a light car driven by Mrs. Maude Thomas. Behind it was a Buick coupe driven by young Hopper, traveling an estimated 40 to 45 miles an hour.

Hopper, in passing the Thomas car, evidently did not see the bus until too late to avoid the crash. The heavy coupe struck the rear of the bus, demolishing the coupe and turning the bus around and over.

Grammar was uninjured. The only other occupant of the bus, S. J. Gerron, Graham Chapel coach, suffered minor cuts.

Government Plans To Fix Milk Price

WASHINGTON, Aug. 23. —(AP) — The government is about to fix the price paid for the milk that is set on nearly every door-sill or porch in the country.

The plan so far as is just tentative as to details and is being written by farm administration officials and dairymen. At most, the officials feel, the result should be an average increase in cost to the consumer of one cent a quart.

AVALANCHE-JOURNAL TO BE HOST AT ELECTION PARTY ON SATURDAY NIGHT

With their Associated Press leased wires augmented by a special wire by the Texas Election Bureau, Avalanche-Journal papers will be hosts to Lubbock and South Plains people at an election returns party here Saturday night in front of the offices of publication, 1211-13 Texas avenue.

Through a loudspeaker attachment, returns on the August 26th special state election, covering among other questions results on beer and repeal votes in the state and in Lubbock county, will be announced throughout the night beginning at 8:30 o'clock.

Only through Avalanche-Journal announcements may election results be followed in Lubbock or on the South Plains election night. The public is cordially invited to attend.

TECH GRADUATES WILL HEAR WOODS

L. A. Woods, state superintendent of public instruction, will deliver the address at summer commencement exercises tonight, beginning at 8 o'clock, on the lawn south of the Texas Technological college administration building.

There are 96 candidates for bachelor's degrees and 17 for master's degrees. The 1933 class, totaling 253 candidates for bachelor's degrees and 27 for master's degrees, is the largest in the school's history.

Dr. Jack M. Lewis will give the invocation tonight, and "Sanctus," by Gounod, will be sung by a chorus.

Al Smith Supports Roosevelt Program

NEW YORK, Aug. 23 (AP)—Alfred E. Smith is in favor of full cooperation by the country in President Roosevelt's NRA program.

He said in a speech last night that if the plan cannot, in the nature of things, accomplish the millenium, "it has unquestionably resulted to date in the increasing of wages in many callings and in the employment of a large number of those who had become, or were about to become through no fault of their own, public charges."

"This accomplishment alone," he said, "entitles the plan to further trial and full cooperation."

Gandhi Ends Fast When He Is Freed

POONA, India, Aug. 23 (AP)—The Mahatma Gandhi broke his fast, which was in its eighth day, shortly after he had been unconditionally released from custody today by the government.

The frail nationalist leader began his fast in protest against the government's refusal to grant him privileges to carry on his campaign in behalf of the untouchable class.

Picnics For Sunday School Department And Sorority And Lawn Party Lead In Social Events

Large Number Are At Picnic In Park

Outdoor affairs predominated in social occasions for Tuesday afternoon and evening.

There were 78 children at a picnic for the junior department of First Methodist church Tuesday afternoon late at Shannon park. Teachers in the department gave the picnic. A number of the children were accompanied by their mothers. Games, contests and other diversions were enjoyed.

Mrs. Ernest Nelson is superintendent of the department. Other teachers who attended were Mesdames A. L. Schoolcraft, J. R. B. Cooper, B. E. Needles R. D. Erwin, jr., Lena Carroll and Mr. and Mrs. John Austin

Have Lawn Party

Lutheran Preacher Is Married Today

The marriage of Miss Jewell Randolph, daughter of Mrs. Stacy Randolph, 1410 Avenue Q, and the Rev. W. G. Loesel took place at 9:30 o'clock this morning in the Redeemer Lutheran church, 1715 Nineteenth street, of which Rev. Mr. Loesel is pastor.

The double ring ceremony was read in the presence of the congregation and family members. Roses and garden flowers were arranged at the altar. The Rev. W. J. Luecke of Littlefield and the Rev. Martin Scaer of Wilson officiated.

The bride wore a navy blue suit with white accessories. She carried a bouquet of pink roses. Little Nina Jo Cellum was flower girl.

Littlefield Man Plays

Harold Luecke of Littlefield played the processional march and accompanied while a mixed quartet from that city sang. Church members sang a wedding hymn.

Immediately after the ceremony the couple left for a trip to the northern states. They will visit the groom's mother, Mrs. Lawrence Loesel, in Frankenmuth, Mich.

Upon their return the Rev. and Mrs. Loesel are to be at home at 2119 Twenty-Second street.

'K. P.' Right In Line With Co-Ed Line; And How It Saves The Cash!

"—And a pinch of salt." Thus, cookbook in hand, Cornelia Sawyer (left), Ohio Wesleyan university, takes her turn in the "kitchen police" detail at one of the co-op cottages where co-eds learn housekeeping and save money. The girls even swing a hammer, as the photo of Phyllis Niewohner shows.

DELAWARE, Ohio (AP) — Thank Ohio Wesleyan university for a crop of college-bred candidates for kitchen duty that is bigger and better than ever.

More than 40 co-eds gained practical experience this year in homemaking through a successful experiment in cooperative housing—so successful, in fact, it will be repeated on an even bigger scale next year.

Not only were the woman students taught their way around a kitchen stove and cabinet; they also were able to save approximately $100 each in the two semesters.

To be sure, life in the "co-op house" was not exactly a sinecure, but many of those who withstood its hardships think it was worth the inconvenience—or will be, they add between blushes.

There was one cooperative cottage at Wesleyan in 1931-32. Last fall two more were added.

All the work is done by co-eds—some cooking, others waiting table, others washing dishes and still others sweeping and dusting.

Each girl gets one free week a month—a week when she is just a star boarder. Each house has an older woman who acts as "house mother."

Mrs. O. J. Hull Is President Of Group

Mrs. O. J. Hull was elected president of the Lubbock Association of the Baptist Women's Missionary Union in an annual all-day meeting at Southland Tuesday. She will succeed Mrs. O. A. Tyner, also of this city.

Mrs. J. A. Mullins was re-elected corresponding secretary-treasurer and Mrs. Roy Anderson of Abernathy was elected secretary. A place for the next annual meeting is to be selected by the executive board. Levelland was chosen for the next quarterly meeting, which will be near the last of September.

There were 28 people at the meeting from Lubbock. These were from First, Calvary and West End Baptist churches. Several Lubbock people participated in the program for the day. Mrs. Lon V. Smith of Floydada, president of this Baptist district, was the principal speaker. There was a large attendance from over the association.

Social Club Dines Here Last Evening

There was a dutch supper Tuesday evening for members of Las Chaparritas club and their guests at the Glorieta shop.

Guests were Misses Billie Bloom, Dinaween Bridgeman, Frances Campbell, Elinor Crenshaw, Billie Bob Jones, Katherine Klett, Elizabeth Spencer, Sara Sue Stewart, Mary Thomas, Lorene Fryer and Mary Frances Henson.

Club members present were Misses Virginia Murray, Beth Wulfman, Cecile Horne, Harriette Roach, Gail Quinlan, Ethel Murray, Maxine Clark, Mary Lois Gamel, Sylva Wilson, Zella Riegel, Johnnye Gilkerson, Linda Caldwell, Sue Michie, Ruth Rutledge, Voncile Gilkerson, Jean Shelley Jennings, Ruth Hutchinson, Glyds Grimsley, Ann Caldwell, Pauline Yeager, Mrs. J. Camp Fire Girls Are To Attend Feast

In a meeting at the club house this morning, members of the Camp Fire Guardians' association planned a watermelon feast for 7 o'clock on the evening of August 31 for all Camp Fire girls in the city. This will be at the club house and each girl is to bring five cents to pay for the melons.

Plans were made at this meeting for a two-day Guardians' training school at Buffalo Springs on September 6 and 7 and Mrs. Arch Harper was appointed acting treasurer.

Mrs. J. P. Giles, president of the association, presided at the meeting. Others attending were Mesdames W. L. Bradshaw, Harper, Edward Blackwell, Misses Fern Holland and Elizabeth Conner.

Classes Are To Be In Music Recitals

Miss Blanche Garner is presenting two little girls, Ruth Cowart and Dorothy Neil Brown, in music recital at 7 p. m. Thursday in the home of Mr. and Mrs. A. B. Brown, 1602 Avenue Y.

On Friday evening at 7 o'clock she is presenting a part of her class in piano recital at the Nazarene church. Those who will participate in this latter program are Donald Kleinschmidt, Annie Mae Hocker, Clara Lee Norman, Esther Haynes, Mrs. Ernestine Ohnemus and Sarah Haynes.

Ruth's program on Thursday evening will include five piano numbers, two songs and a reading. Dorothy Neil is to play five piano numbers and sing two songs.

Women Drys Are To Meet Thursday

All women in the city who are willing to work for prohibition enforcement in the campaign this week are asked to meet with the law enforcement committee of the Church Women's Federation Thursday afternoon at 2 o'clock in the chapel of First Methodist church. This announcement was made this morning by Mrs. A. W. Evans, chairman of the committee.

Breakfast Is To Be Thursday Event

Social events Thursday include a breakfast at 9 a. m. in the home of Miss Irene James, 2319 Eighth street. Miss James and Miss Johnnie Mullins will be the hostesses.

Mullican Talks At Program At Lamesa

LAMESA, Aug. 23 (Special)—Members of the Lamesa Luncheon club entertained their wives and friends in a ladies night program here last night. A chicken barbecue dinner "with all the trimmin's" was served to approximately 125 persons on the lawn of the Williams hotel.

Judge Clark M. Mullican of Lubbock was the principal speaker of the program, delivering an address on the preamble of the constitution.

Ferguson Talks On Texas Relief Bonds

GREENVILLE, Aug. 23. —(AP)—James E. Ferguson last night appealed to Hunt county citizens to support the Roosevelt administration, and aid destitute persons in Texas by voting repeal of the Eighteenth amendment and for the $20,000,000 relief bond issue.

Speaking from the courthouse steps, the former governor said he favored these relief bonds because they were "bread" bonds. He told how the initiative came from federal sources who would cut Texas relief unless Texas aided in relief work.

Peggy Ann Lutz Has Birthday Party

Mrs. W. E. Lutz, 1714 Nineteenth street, entertained Tuesday afternoon with a birthday party for her daughter, Peggy Ann, who is six years old.

Guests were Ada J. Magee, Don and Shelley Furr, Margery Ann and John T. Read, Beverley Ann Giles, Harris Milton Hunt, Burton Burks, jr., and Mary Burks, Myriam Louise and L. L. Kelso, jr., Jo Ann Murfee, Wanda Jo Ribble, Jimmie and Sarah Jane Furr.

AGENTS TO BE IN SESSION

WHEAT REDUCTION TO COME UP AT MEETING AT PLAINVIEW

County agents from 18 Panhandle-Plains counties in extension districts 1 and 2 will meet with half a dozen men from College Station at Plainview, starting Thursday noon, to discuss the proposed wheat acreage reduction program.

W. H. Williamson, College Station, vice-director of extension work and state agent, announced the following men from that service would be present besides himself: John R. Edmonds, district agent leader for No. 1; Sterling C. Evans, district agent leader for No. 2; E. A. Miller, agronomist for the extension service; A. L. Smith, beef cattle specialist and E. M. Regenbrecht, swine specialist.

The following county agents also will be present:

District No. 2—E. W. Thomas, Castro; C. B. Martin, Swisher; D. A. Adam, Lamb; W. W. Evans, Hale; O. G. Tumlinson, Lubbock; V. E. Hafner, Childress and Fred Rennels, Foard.

District No. 1—C. T. Watson, Sherman; Fred Wendt, Hansford; Guy R. Sheets, Ochiltree; E. R. Duke, Hartley; P. D. Hanna, Hemphill; J. F. Ford, Oldham; P. C. Bennett, Potter; R. R. Thomas, Gray; W. H. Upchurch, Randall; Jack D. Hudson, Armstrong, and T. R. Broun, Donley.

Sessions will last until Saturday noon.

The plan of reducing wheat acreage by the allotment plan will be outlined and explained to the agents. Methods of operation of the county control group will be discussed.

Sheppard Talks At Rally At Amarillo

AMARILLO, Aug. 23. (AP)—Senator Morris Sheppard completed the northern-most leg of his tour of West Texas here last night when he addressed a prohibition rally for the 31st senatorial district of the United Forces for Prohibition.

Logical tactics were employed by the state's senior senator in attacking the repeal question. His statements were largely based on figures and data obtained from senatorial investigations.

"Liquor prosperity," he declared, "is a contradiction of the term. The only two classes who might prosper from a return of liquor would be tax-evading citizens and those who make it."

W. S. Taylor is ill at his home.

Baptist Musicians Elect New Leaders

New officers were elected in the First Baptist orchestra Tuesday evening when members and sponsors of the organization were guests of Mrs. Christine Hall, 1627 Tenth street.

Miss Winona Pardue is the new president. Miss Gladys Hall is vice-president and Miss Louise Burkhalter is secretary. Those who attended were Misses Jackie Rogers, Elitabel Tilory, Arline Harris, Burkhalter, Myra Moore, Pardue, Hall, Mr. and Mrs. S. A. Henry, Mr. and Mrs. Mancil Hall, Henry Burkhalter, Homer Hall, Carl Harper and Sam Henry.

After visiting his parents, Mr. and Mrs. P. D. McKinnon, 808 Avenue R, First Lieutenant J. G. McKinnon of the ninth infantry reserves left this morning for Fort Sam Houston.

Mrs. Trice Teaches Bible Lesson

Mrs. W. H. Trice taught a Bible lesson Tuesday afternoon when members of the Tuesday Bible class met with Mrs. H. W. Cherry, 2305 Seventh street.

Others present were Mesdames W. D. Haney, William Lowrimore, J. K. Wester, E. C. Milner, W. C. Barnett, W. B. Yeager, A. L. Harris, N. A. Terrell, Mary Stewart, R. M. Carter, G. W. Scott, W. W. Ray, J. A. Goodwin, W. J. Seely, L. V. Risinger, M. H. Duncan, H. V. Bigham, C. W. Wilks, A. L. Hawkins, C. A. Paulger, N. L. Ball, Minnie Fickas, Misses Laverne Terrell, Venita Haney and Arline Harris.

Mrs. J. F. Milwee and daughters, Johnnie Marie, Wanda Ray and Dorothy Fay, of Rising Star are visiting in the home of Mrs. Milwee's sister, Mrs. H. F. Williams, and family. Mr. Williams and daughter, Miss Pauline Williams, met Mrs. Milwee and her daughters in Post yesterday and brought them up here.

Officers Are Named In Society At Tech

Officers for the 1933-34 term have been elected in Las Chaparritas club, a social organization made up of several young women at Texas Technological college.

Miss Pauline Yeager is president and Miss Ann Caldwell is vice-president. Miss Eugenia Smith of Sherman is secretary and Miss Sally Russell of Bonham is parliamentarian of the society.

Club Meeting Place Is Changed Here

Friday Needle club members will meet with Mrs Frazier McCrummen, 2312 Avenue P, Friday afternoon, instead of with Mrs. H. R. Robertson. This announcement was made this morning.

Mrs. Carl W. Cook and son, C. W. Cook, jr., are visiting in Clovis, N. M., with Mrs. Cook's parents.

NINETEEN DIE IN EPIDEMIC

MALADY OF SLEEPING SICKNESS SPREADS AT ST. LOUIS

ST. LOUIS, Aug. 23. (AP)—Science rallied today to an intensified fight against sleeping sickness, mysterious malady which has killed 18 persons and attacked 182 others in St. Louis and vicinity.

A government expert rushed here from Washington and went to work in an attempt to determine if insects spread the disease. Meanwhile, as three deaths in the last 24 hours swelled the fatality list here to 18, the disease broke out in five other mid-western communities.

Epidemic Spreads

Deaths from this virus disease, which science knows so little about, have been reported at Wichita, Kas., Kansas City, Kas., and Warrensburg, Mo., while the illnesses of patients at Maryville, Mo., and Muskogee, Okla., have been diagnosed as encephalitis.

The seriousness of the epidemic in St. Louis and St. Louis county is reflected in the mounting list of fatalities.

During the last 24 hours the deaths of an elderly woman, a middle-aged man and a 3-year-old child brought the number of victims of the epidemic—in less than four weeks' time—to within one of the fatalities in the Spokane, Wash., outbreak from 1919 to 1921, when nineteen lives were claimed, but in a three-year period.

Previously, the federal health service had regarded the Spokane outbreak as the country's worst, but the number of patients there did not compare with those already ill here.

In addition to the deaths here, the number of reported cases has risen to 182, of which 145 are in St. Louis county and 37 in the city of St. Louis.

Third Expert Sent

The United States public health service, recognizing the outbreak as the largest "ever reported in the world in any one given place," has dispatched a third scientific expert here.

Dr. L. L. Williams, jr., medical entomologist, joined Dr. J. P. Leake and Dr. Charles Armstrong, public health physicians who are aiding local authorities in an effort to find a cause, carrier, preventive or cure for the disease.

Reporting to headquarters in Washington that he felt sure the spread of the disease was not due to water, but that he wasn't certain he could exclude insects as a cause, Dr. Leake asked for Dr. Williams whose specialty is insects as disseminators of disease.

WTSTC GIRLS TO RUN CO-OP HALL, SHARE EXPENSES

CANYON, Aug. 23 (AP)—A cooperative hall where girls will share equally in the expenses, expected not to exceed $13 a month, will be operated at West Texas State Teachers' college this year.

Farm girls from homes where the pantries are well-filled with canned fruits, vegetables and meats will be able to pay approximately half of their expenses by barter, or by contributing to the hall's pantry, foods of an approved cash value.

The dormitory immediately south of the campus, with accommodations for about 80, will be turned over to the girls. A supervisor will have charge of the hall, purchase of supplies, and management of finances. The girls will do their own housekeeping.

A similar plan for boys has been worked out at the college farm north of the campus. The plan calls for small cabins to be constructed in which the boys can live with a total outlay of only a few dollars a month.

In 1928, there was an estimated increase of 573,724 church members in this country despite a decrease of 1470 in the number of churches.

STATEMENT MADE IN THREAT CASE

AMARILLO, Aug. 23. (AP)—A written statement has been secured by federal agents from Hardy Caddell, 48, former ranch employe of R. B. Masterson, who was threatened by extortion letters. Caddell was found Sunday night on the Clarendon highway near the spot designated in letters for Masterson to drop a package containing $6,000.

Caddell, lately an RFC worker and unemployed when arrested, denied complicity in the Masterson case and explained he was enroute home from the cotton fields south of here. He is being held in the city jail.

Meantime, U. S. operatives are checking samples of note paper in seeking to trace the death threat letters mailed at Amarillo to the prominent cattleman.

Half Of NRA List At Guthrie Lost

GUTHRIE, Okla., Aug. 23. (AP)—Lost: half of the NRA list that was posted in the federal building in Guthrie.

Postmaster Fred Deselms believes the list was destroyed by children or by persons who mistook it for circulators' sheets. The document was suspended by a string.

UNLICENSED RADIO STATIONS CAUSE SERIOUS PROBLEM, ABBOTT DECLARES

Texas faces a most serious situation in the present status of unlicensed radio stations, W. I. Abbott of Dallas, inspector of the Federal Radio commission, said here Tuesday after charges had been filed in federal district court against 19 persons for operating unlicensed radio stations sending signals across the state line.

"In two or three years if things keep up as they are at present, the air will sound like a cat fight when you turn on your radio," Mr. Abbott said. "All you'll be able to get on your receiving set will be a lot of squalls, howls and screeches.

Now 160 Stations

"There'll be 5,000 or more stations in the state if they keep up the present rate of increase," he added. He said there were 160 stations now operating in the state without a license.

"Radio broadcasting is like a public meeting," Mr. Abbott continued. "With so many stations on the air, it's just like a man getting up to talk and a dozen or so others doing the same thing.."

The federal man said unlicensed stations were violating the law by sending signals across the state line in direct conflict to section 81, title 47 of the United States code. He said continuance of operation of unlicensed stations throughout the state was a threat to break up the radio act of 1927, passed for the public's protection.

"Knowing that the state is large, many operators continue with their illegal stations regardless of warnings and advice on the part of officials, thinking that nothing can be done about it," he said. He said he had received complaints of interference on the part of the stations from various sections of the country.

"The commission is not determined to prosecute these people if they're not violating the law but our investigations have led us to believe that everyone of them are," Mr. Abbott said. "Why we have records to show that 125-watt stations operating in Australia have been heard in early morning in this country on a frequency in the broadcast band.

Operators Warned

He said the commission had never sanctioned any of these unlicensed stations and had warned operators they would be violating the law if they started operating without a license. He said they frequently interfere with signals of licensed stations.

Mr. Abbott said it costs nothing to secure a license for a radio station but explained the commission had placed a limit on the number of stations since passage of the 1927 act and that stations already operating were given preference in licenses. He said the saturation point had since been reached in air channels and no licenses were being granted.

Mr. Abbott said investigation had been made of a large number of these unlicensed stations and it had been determined that the signals of every one so investigated were crossing the state line. He said stations upon which complaints have been filed are only a part of the number investigated so far and that in every case it had been there was a violation of the radio act of 1927. It is for this reason that prosecution has been instituted in these cases.

"Since violations have been found it has become the duty of the federal government to call these people to account, however distasteful as it may be to have to do so," he declared.

EVERY LOYAL TEXAN WILL VOTE FOR REPEAL AND LEGALIZED 3.2 BEER ON AUGUST 26.....

★You, Mr. and Mrs. Voter, have the power to set in motion a new cycle of prosperous times for Texas with your ballots on August 26th . . . and in your hands is the authority to rectify, on that date, a great mistake in Government.

On voting day you are asked to legalize 3.2% beer in the State, and Ratify the Repeal of National Prohibition.

The legalization of beer in Texas is strictly an economic issue. By opening this new frontier of industry, you will create jobs for idle men . . . you will make possible millions of dollars of new investments in the State . . . you will be opening up a great new market for the farmers' grains . . . you will benefit hundreds of depression-crippled industries . . . and release a virgin source of sorely needed new tax revenues for city, county, state, and national treasuries.

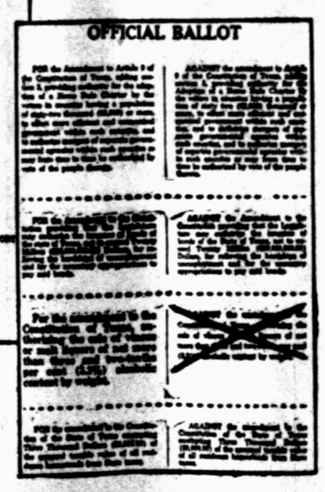

There will be Two Ballots, Here's the Way to Mark Them

Left—The Repeal Ballot. This ballot contains two slates of delegates.

Those listed as being FOR the Ratification of the Twenty-first Amendment are the ones to vote for. Scratch every name on the *right side* of this ballot, as these delegates are AGAINST the Ratification of the Twenty-first Amendment, which Repeals the Eighteenth Amendment.

Remember . . . when marking your ballot, *a Vote for Ratification is a Vote for Repeal!*

Right—The Beer Ballot. The Beer Amendment is third from the top. Here you simply vote FOR this Amendment by scratching out the AGAINST section of the ballot.

The Repeal of National Prohibition is an essential part of the President's New Deal. With hard liquors still barred by our own State Prohibition law, ratifying Repeal of National Prohibition resolves itself into a question of States' Rights . . . a doctrine dear to the heart of every Texan.

There can be but one choice for every thinking citizen. National Prohibition with its strange bedfellows—Crime, Racketeering, Corruption, and Intemperance, must go! . . . Legalized beer, a healthful, non-intoxicating, temperate beverage which will bring revenue into the public treasuries instead of taking money out for attempted enforcement, must come back!

Your vote . . . everyone's vote will be needed on August 26th. It is the duty of every citizen to go to the polls and mark his ballots FOR Ratification and FOR beer on voting day.

CLASSERS ARE EXPECTED

MEN WILL REPRESENT WEST TEXAS COTTON GROWERS GROUP

ABILENE, Aug. 23 (AP)—First of the squad of cotton classers who will operate in this territory for the West Texas Cotton Growers association are scheduled to arrive in Abilene this week. The group will include some of the men who worked in this territory last season for the Texas Cotton Cooperative association which the new organization has superseded, but policies and methods will be different.

"The profits of cooperation will go to the member this year, and there will be no more 'holding the umbrella' over non-members," said Clyde Daniel, the co-op manager. "The co-op price will be equal to the prevailing price of cotton at that point, with plans for the member to receive additional money in a patronage divided later in the season."

Contract Abandoned

An innovation this season, Daniel said, will be abandonment of the lengthy marketing contract which members have previously been required to sign. The West Texas association is the first to depart from this contract which has been a requirement of the cotton co-ops since they were first established a dozen years ago. "Growers need not sign anything before delivering cotton," Mr. Daniel explained. "At the time the cotton is paid for the grower automatically becomes a member, by agreeing to abide by the by-laws and regulations." There is no membership fee.

Another change is the elimination of the seasonal pool. There will be only two pools, "immediate fixation" and "call." In the immediate fixation pool the grower will receive an amount about equal to the price which buyers generally are paying, when his cotton is delivered, and later in the season will receive such patronage dividend as is warranted.

Will Receive Dividend

In the call pool, the grower will receive the same basis price as in the immediate fixation pool, with a margin held out to cover market fluctuations until such time as he orders the price fixed. He will receive a patronage dividend on the same basis as in the immediate fixation pool.

The Texas Cotton Cooperative association will have no representatives in the 41 counties covered by the new West Texas association and its members are expected to use the new association, Mr. Daniel said.

V. A. Taylor, representative of the American Cotton Cooperative association, will have charge of classing, sales and financing for the West Texas association. Classers in charge at various points through the territory will be required to have federal licenses, Mr. Taylor said. The U. S. department of agriculture will assign a representative to the Abilene office to check these licensed classers.

REV. SAM MORRIS READY FOR FINISH FIGHT TO OPERATE RADIO STATION

Hatless and in his shirt sleeves, Rev. Sam Morris, militant pastor of First Baptist church in Stamford, was in Lubbock last night preparing for a finish fight to operate his small radio station.

One of 19 persons charged here with violation of a code regulating radio stations, the Rev. Morris left for Lubbock as soon as he learned of the case, he declared.

"To Stay On Air"

The Sunshine Radio station of Stamford "will be on the air tomorrow and on the air daily until the courts settle the case in the final stage," he declared.

Bristling with energy, the former Simmons university football star was emphatic in his denial of guilt in the case. He defended his friends in Stamford who also have been named, and declared that Cleve Langford, one of the defendants, had not lived in Stamford for three months.

"I brand these charges a bluff and an attempt to humiliate and embarrass men who are honest, an attempt to brand as criminals men who are in no way guilty," he declared. Then, slowly and emphatically,

"And we'll give them the biggest fight they've ever had."

The Rev. Mr. Morris charged that licensed radio stations were behind the complaints:

Says Monopoly Sought

"Of course the reason for this whole business is because the federal stations want to monopolize the air and bleed the public, and they realize that our independent stations are breaking into their radio 'racket.'" He asked that quotations be placed on "racket."

"There will be plenty of fire," he promised, adding:

"We are expecting to expose some perjury before it's over with. We've instructed our attorney to demand an examining trial.

"We are not crooks or law violators; we have nothing to cover up, nothing to be ashamed of, and we expect to carry this fight to the limit."

He said he anticipated a man formerly operating an unlicensed station in Stamford would be "a material witness against me."

The Sunshine station is operated on 1420 kilocycles, "because KFYO operated on it two or three years in Abilene with 250 watt power," he said. "We use approximately 25 watts.

Says Probe Made

"I established the station after a thorough investigation. I wrote federal authorities, telling them what I was doing when I opened the station five months ago. I told them if it proved impossible to operate without conflicting with federal authority I would close the station, as I knowingly would not violate any law."

The Rev. Mr. Morris explained that at each broadcast he had urged anyone hearing the program outside of Texas to wire or telephone the station collect. He said he had received no such calls.

The week day schedule of broadcasts is from 12:30 to 2 p. m. and from 8 to 9 p. m. The hours Sunday are from 8 a. m. to 4 p. m.

SCHOOL RATE IS RETAINED

TAX WILL REMAIN AT 86 CENTS ON THE $100 VALUATION

In adopting a 1933-34 budget in which expenditures proposed were about $33,500 less than last year, the Lubbock board of education last night in City hall retained the school tax rate of 86 cents on the $1.00 valuation.

The budget this year calls for expenditure of about $178,000, as compared with $211,500, exclusive of interest and sinking fund payments, last year.

The economy was arranged through reduction of all salaries and of operating costs, it was reported.

The north side of the junior high school was eliminated, reducing the teaching staff by several members.

The public school system this year has the largest number of scholastics in its history, and is opening the academic year with reduced teaching staffs and appropriations.

HOOVER IS NOT TO TESTIFY

SAYS HIS KNOWLEDGE OF BANK SITUATION IS INADEQUATE

PALO ALTO, Calif., Aug. 23 (AP)—Having announced his knowledge of the Detroit banking situation last winter would not warrant his going there now to appear before investigators of the financial collapse in the Michigan city, former President Herbert Hoover retired today to the privacy of his Stanford university campus home.

Mr. Hoover had been requested by Prosecutor Harry S. Toy of Detroit to appear as a witness at the investigation there into the closing of the First National bank-Detroit and the Guardian National Bank of Commerce.

Explains Position

Press dispatches telling of the request were shown to the former president, who yesterday sent a telegram in reply explaining his position.

The information sought by the Detroit investigator concerned the attitude of administrative agencies of the federal government toward the two closed Detroit banks previous to March 4, 1933, during the Hoover incumbency. Toy suggested the former president might have in his possession "certain facts" that might render his testimony as a witness "highly significant and essential to a thorough and true presentation of the reason underlying closing of Detroit's banks."

"I have no objection to furnishing such information which I properly can," Mr. Hoover replied, "but such information as I can give is only general and is mostly second hand, and is insufficient to warrant a journey to Detroit."

He suggested the investigators approach the Reconstruction Finance corporation, the Federal Reserve and treasury officials at Washington, where, he said, he was certain information could be obtained.

Why—

You're always saying Chesterfields taste better

—I wish you'd tell me why

Well, I've worked in tobacco; I've manufactured cigarettes . . . and I'll tell you why Chesterfields taste better.

For a cigarette to have a good taste, it must have first the right kind of Domestic tobacco. This means ripe, mellow, sweet tobacco, filled with Southern sunshine. Then, blended and cross-blended with this tobacco there must be the right quantity of the right kinds of aromatic Turkish tobacco . . . tobacco that has a pleasing flavor and aroma.

Aroma, as you know, adds to the taste. It's just like the pleasing aroma from certain foods. It's appetizing. It makes the food taste better. It makes the cigarette taste better.

Then again, for a cigarette to have a good taste, it must be made right. The size, the cigarette paper, everything about it must be *right.*

Just *try* Chesterfields.

Taylor Brothers Win At Doubles

SPYING ON SPORTS

BY COLLIER PARRIS

Those World Fair trippers from home who were praying that the special train would get them there in time to see the Yanks and the White Sox play ball Monday afternoon could have saved their perspiration. If they got there any time before dark they could hve got enough baseball to do them the rest of the week.

• • •

There are very few 18-inning ball games. They're about as infrequent as triple plays and 98-yard off-tackle runs. That one Monday between the New Yorkers and Chicagoans set a record of the current season, exceeding by an inning a previous contest between the Pale Sox and the Detroits. Maybe you remember that 22-inning affair between the Boston and Chicago clubs last year, which the latter won, 3 to 2. We pasted that line score on the bulletin board, above a 21-inning game that was the previous record. But that Monday game was one for Ripley's cartoon. The line scores were identical, each team scoring one run in the ninth and two in the eleventh. Each team got 11 hits and neither side committed an error. That's baseball as she was intended. Each side used two pitchers. Yep, the home folks will tell us all about that game when they return. Some of 'em told us they were going to make a break for the ball yard immediately upon reaching the city, without going to the hotel.

Two of local golfdom's big shots, a representative from each club, were chewing the gab yesterday regarding the annual City Open golf tournament coming up this week-end and extending through next week-end. Said one: "We'll be doing pretty well if there's as many as forty-five or fifty qualify for the tournament." Replied the other, after a moment's consideration: "Yeah, I guess that's about right. Fifty'll catch it."

• • •

The writer made a mental wager with the gentlemen, unknown to them, that they were wrong in their predictions. Just fifty in a City Open tournament? Then golf must not be nearly so popular here as we and everybody else thought. Fifty in a city tournament, when there are more than 350 more or less active and regular members of two clubs? It'll be a shame if there's less than 128 qualifiers Saturday and Sunday at the Meadowbrook. There should be more than that, but 128 will make four good flights, and that's enough. Talk it up, neighbors, and put this joust over in fine style!

• • •

No golfer, regardless of his rating, whether he shoots par golf or up in the 100's like this writer, gets the full kick out of the game unless he takes part in tournament play. There's a place in some flight for everybody, no matter what you shoot. The thing's for sport anyway; nobody is subsidized or recruited and nobody gets a dime. But there are some attractive prizes to be offered, at least three prizes in each flight, so you've got the same chances the other fellow.

RENFORD TAYLOR AND GORDON MAY TO VIE FOR SINGLES TITLE

Renford and Larry Taylor, popular "brother act" of Lubbock's tennis regiment, became doubles champions of the Northwest Texas invitation tournament yesterday by defeating Gordon May and his partner, J. Bozeman, in a final, straight-set match.

Renford Taylor, former No. 1 man on the McMurry college team, now a Lubbock business man, was to meet May, seeded No. 1 at Texas Tech, this morning in the championship singles match, but last night's rain left the courts in unplayable condition. The match has been poostponed, and may be played tomorrow.

May and the elder of the Taylor brothers advanced to the final round with semi-final victories over Jack Jones, touring netter from South Texas, and John Boyd of Hamlin, former Texas Tech ace.

Thrilling Climax Seen

The Taylor-May match promised to provide a thrilling climax to an exciting three-day tournament which has seen no few upsets and shifts in the ranks of the favorites. Boyd, lanky netter from Hamlin who was on Texas Tech's first tennis team, became a favorite when he crashed through a second round match over W. B. "Dub" Rushing, Lubbock City Open champion and a pre-tournament favorite. Jones, whose play in the early rounds branded him as a championship contender, was defeated by Taylor after a hard-fought match.

The Boyd-May contest was one of the most exciting of the entire tournament, requiring two and a half hours of hard play. The scores were 8-6, 10-8, 6-1, two sets going far past the usual time.

The Taylor brothers had their hardest doubles match in the semi-final round, being pushed to defeat Rushing and Hank Roberts, 6-3, 4-6, 6-4. In the other semi-final match, May and Bozeman defeated Forest Wiemhold and James Aldredge, the Sudan team, 6-4, 4-6, 7-5.

H. L. CHEEK WINS AT TRAPSHOOTING

VANDALIA, O., Aug. 23 (AP) —H. L. Cheek, of Clinton, Ind., who has been breaking clay targets for only three years, is the new champion of champions of the annual Grand American trapshooting tournament.

Yesterday Cheek missed only three out of 200 to defeat 35 other state champions and state runners-up.

John R. Taylor of Newark, O., broke 187 out of 200 to win the North American doubles title for professionals and immediately returned to the traps to crash 197 and take the singles crown, held last year by Fred Tomlin of Glassboro, N. J.

The amateur doubles title went to P. J. Lightner of Cedar Rapids, Ia., who broke 187. Mrs. Walter P. Andrews of Atlanta, Ga., retained the women's doubles crown by breaking 87 out of 100.

The 10 high shooters among eastern competitors in the first two days of the tournament won from 10 high shooters of the west in a closely contested match, 1927 to 1925 targets.

The class championships were up for settlement today.

BOSTON LOOMS AS A THREAT TO GIANTS

WINS 17 OUT OF LAST 21 GAMES TO REACH SECOND PLACE

BY HERBERT W. BARKER
Associated Press Sports Writer

Lightning seldom strikes twice in the same spot but National league contenders, harking back to 1914, are casting an apprehensive eye on the exploits of the Boston Braves.

There's still a long hard struggle a head of Bill McKechnie's hopefuls before they can rival the feat of the Braves of 19 years ago who climbed from last place on July 4 to win the pennant and then the world series in succesive games from the Philadelphia Athletics. But it's not impossible.

Reach Second Place

Their fourth straight triumph over the Pittsburgh Pirates and their 17th victory in 2' games yesterday sent the Braves flying into second place, seven games behind the New York Giants. McKechnie's crew was in fifth place when their winning streak began 24 days ago.

Wally Berger's 22nd homer in the 14th inning gave the Braves their their 17th victory in 21 games yesterday and ruined what otherwise was an all but perfect job of relief pitching by the veteran Waite Hoyt. Going to the mound in the fourth after young Hal Smith had given way to a pinch hitter, Hoyt walked Al Spohrer, first man to face him. Then he set down 25 batsmen in order before Hal Lee singled with one down in the 12th. Hoyt then got the next five men in succession but Berger broke up the ball game with none out in the 14th. Fred Frankhouse went the route for the Braves and allowed ten hits, blanking the Corsairs over the last nine frames.

Tigers Beat Sens

Sharing the headlines with the Braves were the Detroit Tigers who snapped the 13-game winning streak of the Washington Senators with a thrilling 10-8 triumph.

A triple by Bill Dickey in the ninth followed by a single by Pinch Hitter Joe Sewell enabled the Yankees to nose out the Indians, 4-3. Vernon Gomez allowed only four hits and fanned ten.

Home runs by McNair, Higgins and Finney helped the Athletics turn back the St. Louis Browns, 7-6 while the Chicago White Sox took two games from Boston, 8-1 and 4-0. Ted Lyons allowed seven hits in the opener and Joe Heving only six in the shutout.

LOOP LEADERS ARE BEATEN

BOTH GALVESTON AND HOUSTON DEFEATED BUT STEERS WIN

BY BILL PARKER
Associated Press Sports Writer

Houston and Galveston, first and second place aggregations in the Texas league pennant race, could do no better than come in second best Tuesday night. The only first division team to win was the Dallas Steers, who clipped the San Antonio Missions in celebration of Zeke Bonura night.

Oklahoma City, far down in the league cellar, fired a 3 to 2 broadside at the Buccaneers. Vernon Kennedy, who probably has lost more close games than any pitcher in the league, limited Galveston to six hits. The Buccaneers scored both their runs in the first inning. The Indians tied the count in the seventh and put over the winning run in the last of the ninth. Hugh Willingham, third sacker, cracked a home run with a runner on to account for two of the three tallies. Hank Thormahlen, league strikeout king, started for Galveston but lasted only seven innings. He failed to register a strikeout.

Johns Baffles Buffs

The veteran Lefty Johns offered an assortment of baffling southpaw curves to the Houston Hitters. They failed to connect timely enough and were defeated, 7 to 3. Beckman and Fisher tried to stem the tide of defeat but the Oilers pounded them for 10 hits to score in the first, fourth, fifth and seventh innings.

Because he has been sold to the Chicago White Sox and because he is ranked as the most valuable player on the team, Dallas celebrated a special Bonura night with a 12 to 1 victory over San Antonio. Owner Sol Dreyfuss of the Steers presented his big first sacker with a gold wrist watch. Zeke returned the compliment with a single and triple that drove across three runs. Bonura's parents and two uncles drove up from New Orleans to see the huge Italian honored.

Thanks to a home run by Dallas Warren and a fine four-hit game by Chambers, the Fort Worth Cats defeated Beaumont, 3 to 1. The Cats got seven hits off Albers and Sullivan. Both clubs played perfect ball afield.

Many big league ball players do their daily shaving at eventide rather than in the morning because the profuse perspiration during a game makes a freshly-shaved face sting.

Seeks To Solve Boxing Problem

KILPATRICK ATTEMPTS TO MATCH FIGHTERS FANS WANT TO SEE

BY EDWARD J. NEIL
Associated Press Sports Writer

NEW YORK, Aug. 23 (AP)—John Reed Kilpatrick, whose heavy hitting and aggressiveness in sports dates back 20 years to some of the finest end play Yale football ever saw, started swinging from the heels today at boxing's foremost problem—the difficulties of pairing warriors the faithful want to see fight.

When he was inducted into office as the new president of Madison Square Garden a few nights ago he announced he would attack this problem in a new way.

Old Order Changed

"The first thing I learned," he said, "was the first rule of a fight manager—never to agree to his man fighting anyone who has the faintest chance of licking him. If we don't change that then boxing is lost.

"So I'm going to ask your help. I'm going to make up a list of all the fights we want to make and are trying to make but can't make. I'll tell you reasons why we can't make them. You tell the public.

So today Kilpatrick let his first punch go. He listed 29 fights he and Jimmy Johnston, the Garden matchmaker are trying to arrange.

He read the list of ten heavyweight matches.

Here' The List

"Max Baer vs. Primo Carnera, Jack Sharkey vs. Baer, Sharkey vs. Max Schmeling, Sharkey vs. Patsy Perroni, Sharkey vs. Dan McCormnidale, Ray Impelletierre vs. Isadore Gastanaga, Impelletierre vs. Stanley Poreda, Schmeling vs. Perroni, Schmeling vs. Baer, Perroni vs. Steve Hamas."

Then he sighed.

"Baer is in California and he wants to fight for Jack Dempsey. He wants to be an actor. That's our problem with Baer. Carnera won't fight until next June. So the best possible match, a $1,000,000 gate, is out, at least until then.

"Schmeling is in Germany and we don't know when he'll be back. Sharkey's willing to fight and Perroni, the Cleveland youngster, may tackle him here in October. Impelletierre, bigger even than Carnera, won't fight anybody but Carnera, Johnny Risko or Hamas. Carnera's the champion and the commission says Risko and Hamas are too small."

Sigh Deepens

The sigh deepened.

"Here's the light heavyweight bouts. I've offered Maxey Rosenbloom, the champion, matches with Tony Shucco of Boston, John Henry Lewis, who floored him in San Francisco, Mickey Walker and Lou Brouillard. But he can't fight any of them until he fulfills a contract he signed with us to fight Walker. He doesn't want to fight Mickey since Walker was beaten by Brouillard. I've almost got Lewis agreed to a match with Shucco in October.

"There are four middleweights, six welterweights and four lightweight matches we can't close. Brouillard has a contract with Tim Mara so he can't fight Marcel Thil of France; Vince Dundee or Teddy Yarosz of Monaca, Pa., who beat Dundee for the Pennsylvania middleweight title. I think I can get a Yarosz-Dundee return match.

"Jimmy McLarnin, welterweight champion, won't fight Andy Callahan of Boston because he's a southpaw; Billy Petrolle because he thinks they won't draw, or Young Corbett because they'll do better, he thinks, in California. Petrolle is signed to fight Bep Van Klaveren for Mara so that's out. I can't match Petrolle and Callahan until I see how Billy does with Van Klaveren.

"Mara has Barney Ross, lightweight champion, fighting Tony Canzoneri next month. So matches between Canzoneri and Kid Chocolate, Ross and Chocolate, Canzoneri and Petro Locatelli, the European champion, and Ross and Locatelli, must wait on that."

He sighed for the last time. By this time everyone was sighing with him.

Tyler Robinson To Join Memphis Club

MEMPHIS, Aug. 23 (AP)—The Memphis baseball club has announced that Tyler Robinson, a young right hander bought several weeks ago from the El Dorado club of the Dixie league would report today.

He will take the place of M. L. Norton, youthful semi-pro who left last spring.

Robinson, who is 20 years old, has won 13 and lost 5 games this season. He entered professional baseball last season with Tulsa.

FOURTEEN OTHERS JOIN GOLF CLASS

Golf pupils continued to storm the Meadowbrook course and Professional J. W. Byrne yesterday as classes in the Avalanche-Journal and Meadowbrook free golf school were continued.

Total enrollment reached 211 at yesterday afternoon's class. The original goal of the school was 200 pupils, and the sponsors were highly pleased with the showing. Putting was taught and practiced at yesterday's sessions.

Fourteen new students were added to the long list yesterday. The big crowd, divided into morning and afternoon classes, practiced the art of propelling the elusive pellett into the cup.

New students were E. C. Whittaker, Edgar Shelton, jr., Mrs. Hugh Anderson, Mrs. A. L. Woodfin, Elsie V. Link; Anne Ford, Fay Stennett, Ruth McCormick; Mrs. Garnet Reeves; Helen Ruth Reeves, D. A. Dowell, Howard McIlroy, Carl Nail, and A. L. Woodfin. Classes meet each Tuesday and Thursday morning at 8:45 o'clock and on afternoons of the same days at 6:15 o'clock. The school, consisting of eight fundamental lessons, is free to all who care to enroll. No fees of any kind are exacted.

CITY OPEN TO START HERE SATURDAY

QUALIFYING ROUND TO LAST THRU SUNDAY IN LOCAL TOURNEY

Qualifying for the annual City Open golf tournament begins Saturday at the Meadowbrook Golf club course, it has been announced. The qualifying round will extend through Sunday, allowing entrants to play 9 holes Saturday and complete the round Sunday, or the full 18 holes on either day.

John Edmisson, Lubbock Country club player, is defending champion. He will not be required to post a qualifying score, automatically becoming No. 1 man in the championship flight.

Following the qualifying round the field will congregate Monday at Lubbock Country club for first round of match play. Second and third rounds, scheduled for the middle of the week, will be played at Meadowbrook. The finals in all flights and all consolation finals are scheduled over the 36-hole route a week from Sunday at Lubbock Country club.

All Locals Invited

All local golfers, regardless of club membership or rating, are invited to enter the City Open. An entry fee of one dollar is required of all entrants, this to defray expenses of the tournament and to go into the trophy fund.

It is planned to award prizes to three players in each flight—the champion, the runner up and consolation winner—as well as to the tournament medalist.

The tournament this year promises to be one of the biggest and best qualified in the history of the event. The increase in club membership and in the number of golfers as a whole, and the addition to the ranks of some of West Texas' best shotmakers indicate that the joust will indeed be fast and furious.

The $1 entrance fee, if paid early this week, entitles the payee to play or practice on either course at any time or all times this week. W. G. McMillan at Meadowbrook and Paul Denson at Lubbock Country club will accept the payments, and will issue playing and practice privileges.

ABC Team Defeats Lions Club, 17-7

The American Business club's team in the Lubbock Junior Baseball league defeated the Lions yesterday, 17 to 7. The winners gained a big lead with heavy scoring in the early innings, and played tight defensive ball to hold it.

The lineups: A. B. C.—Holton, ss; Lindley, 2b; Linn, cf; Royalty, cf; Jones, cf; Swain, lf; Stroud, 3b; Fann, c; Vermillion, 1b; Fulton, rf; Prater, rf; Knight, p.

Lions—Terrell, 3b; D. White, lf; O. White, 2b; Bihl, p; Jones, cf; Patterson, c; Foster, rf; B. White, 1b; Graves, ss.

Knight and Swain hit home runs for the winners.

SHOULD BE TREATED

WASHINGTON, (AP)—To prevent thrips from infesting gladiolus plants, entomologists say the best thing to do is to plant only forms previously treated with napthalene flakes, hot water or some fungicidal dip.

Three Games Today In Softball Loops

Three games are scheduled in the Lubbock Softball association this afternoon, two of them in the American league. The first game of the week in the National league is carded for Fair park field when the City Hall and Meinecke Bros. Hardware teams meet.

In the American league, Lubbock Compress is scheduled to play Mitchell's Cafe at the Avenue R park, and Quicksall-Pryor meets Huie-Ribble at the Ave. K diamond.

Weiss-Truck terminal defeated Peoples Ice company, 2 to 1, and Federal Employees won over Hotel Hilton, 8 to 3, in yesterday's American league games.

The first two days of legalized horse racing in Washington state netted $2,500 for the state treasury. The money received from race tracks goes into the old age pension fund.

WESTERN PLAYERS TO MEET TALENT FROM MIDDLEWEST, EAST

CHICAGO, Aug. 23. (AP)—The 1933 football season will push off tomorrow night at Soldier field with a battle between a great collection of far western stars, and a squad of talent selected from the middlewest and east.

From the tentative lineups, the contest will be a struggle between Southern California, director of the past few seasons, and the best Coach Dick Hanley of Northwestern has been able to round up from Michigan, Illinois, Ohio, Wisconsin, Minnesota and as far as West Point and Tulane. Howard Jones of Southern California,, director of the western squad, plans to use at least seven former Trojans in his battlefront.

Western Lineup Given

The Trojans slated to lineup for the opening kickoff are Ray Sparling, end, Tay Brown, and Ernie Smith, Jones' famous tackle combination; Johnny Baker, guard; Stan Williamson, center, and Morley Drury and Gaius Shaver in the backfield. His other probable starting end is Dave Nisbet, Washington. Peter Heiser of Stanford is listed as the other guard, with Hank Schaldach of California, and Max Krause of Gonzaga, the remaining members of the backfield.

Hanley plans to concentrate on Big Ten and Notre Dame stars. In last night's practice he had Wesley Fesler of Ohio State, and Frank Baker of Northwestern, at the flanks; Joe Kurth of Notre Dame, and Jack Riley, Northwestern, tackles; Jim Harris, Notre Dame, and Clarence Munn, Minnesota, guards, and Lawrence Ely, Nebraska, at center.

Newman At Quarter

Harry Newman, Michigan's All America star, will start at quarterback, with Pug Rentner of Northwestern, and Don Zimmerman, Tulane, another pair of All-Americans, at the halves, and Roy Horstmann of Purdue, at fullback.

The contest is expected to attract around 20,000 spectators, including most of the major university and college coaches.

Dixie Loop Status Being Determined

DALLAS, Aug. 23. (AP)—J. Alvin Gardner, president of the Dixie league, is taking a poll of the clubs in the circuit on the question of whether games remaining on the Pine Bluff schedule are to be forfeited or cancelled. Pine Bluff yesterday dropped out.

He said further that representatives of the Jackson, Baton Rouge and Shreveport clubs would meet in Dallas next Thursday to discuss play-off plans in the event Baton Rouge does not top the second half season standings.

Baton Rouge won the first half and is in the top flight for second half honors.

What the Blue Eagle means to you and how you can get it

The President's Reemployment Program is advancing to complete success. No such sweeping demonstration of the unity of a whole people against a national danger has ever been made. • In this vast surge of patriotism it is necessary to keep our common purpose always clear. When **125,000,000** *people attempt to act as one man there are sure to be some misunderstandings. It is time to restate as clearly as possible the aim of the whole endeavor and the duty of each individual. • That is the purpose of this message—to state officially, briefly and clearly the simple rules for common guidance. • It is an evidence of the self-sacrificing service of the whole country that this newspaper has donated this space. In that spirit the whole country is acting. • This plan depends wholly on united action. That unity is almost complete. In the next few days let us close up every gap in the ranks and nail the flag of the Blue Eagle on the door of every man who works another man.*

Hugh S. Johnson

OFFICIAL EXPLANATION OF THE PRESIDENT'S REEMPLOYMENT AGREEMENT

(Sometimes miscalled "The Blanket Code")

This Agreement binds you to put its terms into effect from the time you sign the Certificate of Compliance until December 31, 1933; but when the President has approved a Code for your trade or industry, that Code takes the place of this Agreement.

You agree:

Child Labor

(1) After August 31, 1933, not to employ any person under 16 years of age, except that persons between 14 and 16 may be employed (but not in manufacturing or mechanical industries) for not to exceed 3 hours per day and those hours between 7 A. M. and 7 P. M. in such work as will not interfere with hours of day school.

This means that after August 31, 1933, you agree not to employ any children under 14 years old in any kind of business. You may employ children between 14 and 16 years old, but only for three hours a day and those hours must be between 7 in the morning and 7 at night, and arranged so as not to interfere with school. You agree not to employ any children under 16 years old in a manufacturing or mechanical industry, at any time.

Maximum Hours

(2) Not to work any accounting, clerical, banking, office, service, or sales employees (except outside salesmen) in any store, office, department, establishment, or public utility, or on any automotive or horse-drawn passenger, express, delivery, or freight service, or in any other place or manner, for more than 40 hours in any 1 week and not to reduce the hours of any store or service operation to below 52 hours in any 1 week, unless such hours were less than 52 hours per week before July 1, 1933, and in the latter case not to reduce such hours at all.

This means that you agree not to work any of the kinds of employees listed in this paragraph (except outside salesmen) for more than 40 hours a week. This paragraph covers all employees except factory workers, mechanical workers and artisans. However, no limit on hours and no minimum wage applies to purely agricultural labor, domestic servants, or persons working for you solely on a commission basis; but, if you have persons working for you who are guaranteed a base pay in addition to their commission, then their base pay plus commissions must equal the minimum wage.

This Agreement sets no maximum on the number of hours you may keep your business open. You agree not to keep your wholesale, retail, or service establishment open less than 52 hours a week unless it was open *less* than 52 hours a week before July 1, 1933. Even then you agree to keep it open as long as you used to keep it open before July 1. Of course, if you have always kept your store open shorter hours in the Summer months you can continue to do so this Summer, but you should pay your employees the same amount each week that they will get when you keep your store open full time.

The stores with more than two employees which remain open the longest are contributing the most to carrying out the purpose of the Agreement. The stores with two or less employees which can be open only the minimum number of hours required, are doing the most to fulfill their part.

(3) Not to employ any factory or mechanical worker or artisan more than a maximum week of 35 hours until December 31, 1933, but with the right to work a maximum week of 40 hours for any 6 weeks within this period; and not to employ any worker more than 8 hours in any one day.

This means that if you are employing factory or mechanical workers or artisans, you agree not to work them more than 35 hours a week and not more than 8 hours in any one day.

When you have more than the usual amount of work to do and can't get additional workers, you may employ this class of employee up to 40 hours a week in any 6 weeks, but even in this case you must not work them more than 8 hours a day.

(4) The maximum hours fixed in the foregoing paragraphs (2) and (3) shall not apply to employees in establishments employing not more than two persons in towns of less than 2,500 population which towns are not part of a larger trade area; nor to registered pharmacists or other professional persons employed in their profession nor to employees in a managerial or executive capacity, who now receive more than $35 per week; nor to employees on emergency maintenance and repair work; nor to very special cases where restrictions of hours of highly skilled workers on continuous processes would unavoidably reduce production but, in any such special case, at least time and one-third shall be paid for hours worked in excess of the maximum. Population for the purposes of this agreement shall be determined by reference to the 1930 Federal census.

This means that there are certain employees whom you may work longer hours than are allowed by paragraphs (2) and (3) P. R. A.

If your business is in a small town (population less than 2,500 by the 1930 census) and you do not employ more than two persons, the limit on hours does not apply to these employees. If your town is really a part of a larger business community, the limit on hours does apply to these employees.

The limit on hours does not apply to your employees who are wholly or primarily managers or executives, as long as they receive $35 a week. Professional persons, like doctors, lawyers, registered pharmacists and nurses, may be employed without any limit on hours.

Where employees are doing emergency jobs of maintenance or repair work, they may be kept on the job for longer hours, but you agree to pay them at least time and one-third for hours worked over the limits set in paragraphs (2) and (3) P. R. A.

There are a few very special cases where highly skilled workers must be allowed to work more than the limit of hours in order to keep up output on continuous processes, but, here again, you agree to pay them at least time and one-third for the hours they work over the limits set in paragraphs (2) and (3) P. R. A.

Minimum Wages

(5) Not to pay any of the classes of employees mentioned in paragraph (2) less than $15 per week in any city of over 500,000 population, or in the immediate trade area of such city; nor less than $14.50 per week in any city of between 250,000 and 500,000 population, or in the immediate trade area of such city; nor less than $14 per week in any city of between 2,500 and 250,000 population, or in the immediate trade area of such city and in towns of less than 2,500 population to increase all wages by not less than 20 per cent, provided that this shall not require wages in excess of $12 per week.

This sets out the schedule of minimum wages which you agree to pay all employees, except factory or mechanical workers or artisans. The wages are set out in terms of dollars per week, but if your employees are paid by the hour, you may use the following schedule:

Place of Business: (Population by 1930 Census)	*Minimum Wage:*
In cities of 500,000 or over	37½ cents per hour
In cities of between 250,000 and 500,000	36¼ cents per hour
In cities of between 2,500 and 250,000	35 cents per hour

If your business is in a town of less than 2,500 population, you agree to raise all wages at least 20%. If raising all wages 20% causes you to pay over $12 per week, then you need only pay the $12 per week.

If there is any doubt in your mind as to whether your business is in the "immediate trade area" of a city, you should ask your local Chamber of Commerce or other similar organization for a decision on the matter. The general rule is that the "immediate trade area" is the area in which there is direct retail competition.

(6) Not to pay any employee of the classes mentioned in paragraph (3) less than 40 cents per hour unless the hourly rate for the same class of work on July 15, 1929, was less than 40 cents per hour, in which latter case not to pay less than the hourly rate on July 15, 1929, and in no event less than 30 cents per hour. It is agreed that this paragraph establishes a guaranteed minimum rate of pay regardless of whether the employee is compensated on the basis of a time rate or on a piecework performance.

This fixes the minimum wage which you agree to pay factory and mechanical workers and artisans. The following schedule may help you to find out the proper rate:

If the rate for the same kind of work in the same community on July 15, 1929, was:	*The minimum rate which you agree to pay is:*
More than 40c an hour	40c an hour
30c to 40c an hour	The July 15, 1929 hourly rate
Less than 30c an hour	30c an hour

Instead of paying by the hour, you may pay by the week at a rate which gives the same weekly earnings for a week of 35 hours. For example, instead of 40c an hour, you may pay $14 per week.

If you had a contract on or before August 1, 1933, with a learner or apprentice, you do not have to pay him the minimum wage, but no one should be classed as a learner or an apprentice who has ever been employed as a regular worker in your industry.

(7) Not to reduce the compensation for employment now in excess of the minimum wages hereby agreed to (notwithstanding that the hours worked in such employment may be hereby reduced) and to increase the pay for such employment by an equitable readjustment of all pay schedules.

Two official interpretations—No. 1 and No. 20—have been issued, explaining this paragraph. You can get copies of these at your local Chamber of Commerce or from the nearest N. R. A. representative.

Anti-Subterfuge

(8) Not to use any subterfuge to frustrate the spirit and intent of this Agreement which is, among other things, to increase employment by a universal covenant, to remove obstructions to commerce, and to shorten hours and to raise wages for the shorter week to a living basis.

This is the heart of the whole Agreement. The President's Plan is to cure this depression by increasing purchasing power. You can help him put this plan over by voluntarily signing this Agreement to shorten hours and raise wages. There is no force to compel you to sign this Agreement. It is not law. It is a personal agreement between you and the President. The President expects you to do everything in your power to carry out the spirit of the Agreement after you sign it. This means whole-hearted cooperation by really earning the Blue Eagle—not by just getting it and then not doing your part.

It would be a "subterfuge to frustrate the spirit and intent of this Agreement" to sign it and then put all of your employees on a straight commission basis—or any other trick to avoid doing what you promise to do.

NRA MEMBER U.S.

WE DO OUR PART

HOW TO EARN THE BLUE EAGLE

1. **Sign** *the President's Reemployment Agreement (P.R.A.).*
2. **Shorten Hours** *of factory workers to 35 hours per week, and of all other employees to 40 hours per week. (See paragraphs 2, 3 and 4, P.R.A.)*
3. **Raise Wages.** *(See paragraphs 5, 6, and 7, P.R.A.)*
4. **Don't Employ Child Labor.** *(See paragraph 1, P.R.A.)*
5. **Cooperate with the President.** *To do this:*
   - (a) **Live Up to the Agreement.** *(See paragraph 8, P.R.A.)*
   - (b) **Don't Profiteer.** *(See paragraph 9, P.R.A.)*
   - (c) **Deal Only with Others "Under the Blue Eagle."** *(See paragraphs 10 and 12.)*
   - (d) **Get a Code in by September 1st.** *(See paragraphs 11 and 13, P.R.A.)*

HOW TO GET THE BLUE EAGLE

1. **Sign the President's Reemployment Agreement.**
2. **Mail the Signed Agreement** *to your District Office of the Department of Commerce.*
3. **Put the Agreement into Effect** *(as outlined above in "How to Earn the Blue Eagle").*
4. **Sign a Certificate of Compliance.** *This is a slip distributed with the Agreement. It says: "I/We certify that we have adjusted the hours of labor and the wages of our employees to accord with the President's Reemployment Agreement, which we have signed."*
5. **Deliver the Certificate of Compliance to Your Post Office.** *The Postmaster will give you your Blue Eagle.*

EXCEPTIONAL CASES

1. Where a Code Has Been Submitted. (See paragraph 13, President's Reemployment Agreement). If your whole Trade or Industry is unable to live up to the President's Agreement, you should get together at once, with other employers in your Trade or Industry and, in a group, submit a Code of Fair Competition to N. R. A. in Washington.

Since it takes some time after a Code has been submitted for it to be finally approved, your group may petition N. R. A. to substitute the wages and hours provisions of your Code for the wages and hours provisions of the President's Reemployment Agreement.

If N. R. A. finds that the Code provisions are within the spirit of the President's Reemployment Agreement, it will consent to such substitutions. If N. R. A. does consent there will be an official notice in all the papers. You may then put the substituted provisions into effect in place of the indicated paragraphs of the President's Reemployment Agreement. In this case you should add to your Certificate of Compliance the following clause: "To the extent of N. R. A. consent as announced, we have complied with the President's Agreement by complying with the substituted provisions of the Code submitted by the ——— Trade/Industry."

If the substitution is consented to after you have already put the President's Reemployment Agreement into full effect, and after you have already gotten your Blue Eagle, you may still put the substituted provisions into effect without signing another Certificate of Compliance.

2. Where a Code Has Been Approved. If a Code of Fair Competition for your Trade or Industry has already been finally approved by the President, you need not sign the President's Reemployment Agreement in order to get the Blue Eagle. The same is true if you are subject to a Code which has been put into effect temporarily by agreement between the President and representatives of your Trade or Industry; but in either of these cases, you must sign a Certificate of Compliance, adding to it the following statement: "We have complied with the operative provisions of the Code for the —— Trade/Industry."

3. Cases of Individual Hardship. (Paragraph 14, President's Reemployment Agreement).

If there are some peculiar reasons why a particular provision of the President's Agreement will cause you, individually, a great and unavoidable hardship, you may still get the Blue Eagle by taking the following steps:

(a) Sign the Agreement and mail it to your District Office of the Department of Commerce.

(b) Prepare a petition to N. R. A. setting out the reasons why you cannot comply with certain provisions, and requesting that an exception be made in your case.

(c) Have this petition approved by your Trade Association. If there is no Trade Association for your business, have your petition approved by your local Chamber of Commerce or other representative organization designated by N. R. A.

(d) If the Trade Association, or other organization, approves your petition, send it to N. R. A. in Washington with this approval.

(e) Comply with all the provisions of the Agreement except the one you are petitioning to have excepted.

(f) Sign the Certificate of Compliance, adding to it the following clause: "Except for those interim provisions regarding wages and hours which have been approved by the ——— Trade Association." Deliver this Certificate of Compliance to your Post Office. You will receive a Blue Eagle, but before displaying it, you must put a white bar across its breast with the word "Provisional" on it. If your petition is finally approved by N. R. A. you may take the bar down. If your petition is not approved by N. R. A. you must comply with the Agreement in full.

4. Union Contracts. If you have a contract with a labor organization calling for longer hours than the President's Agreement allows, and this contract was made in good faith by collective bargaining and cannot be changed by you alone, try to get the labor organization to agree to a reduction to the maximum hours allowed by the President's Agreement. If the labor organization will not agree, you may apply to N. R. A. for permission to work your employees as many hours a week as the contract calls for. Send to N. R. A. a request for this permission, with a certified copy of the labor contract and any statement of fact you desire. This application will be handled by N. R. A. in the same manner as an application for relief in cases of individual hardship, filed under paragraph (14) P. R. A., but it will not be necessary to obtain the approval of a trade association or other organization. If N. R. A. approves your application or is able to bring about any modification of the contract, you will then be granted permission to work employees in accordance with the contract as originally written or modified, and can then sign the Certificate of Compliance adding to it the following: "Except as required to comply with the terms of the Agreement in effect between the undersigned and the (Name of Labor Organization)."

Anti-Profiteering

(9) Not to increase the price of any merchandise sold after the date hereof over the price on July 1, 1933, by more than is made necessary by actual increases in production, replacement, or invoice costs of merchandise, or by taxes or other costs resulting from action taken pursuant to the Agricultural Adjustment Act, since July 1, 1933, and, in setting such price increases, to give full weight to probable increases in sales volume and to refrain from taking profiteering advantage of the consuming public.

The object of this paragraph is to prevent profiteering or speculation, so that prices will not rise faster than purchasing power, and destroy the President's plan. The dangers to be avoided was pointed out by the President on June 16, 1933, in the statement which he made on signing the Recovery Act. He said, then:

"If we now inflate prices as fast and as far as we increase wages, the whole project will be set at naught. We cannot hope for the full effect of this plan unless, in these first critical months, and, even at the expense of full initial profits, we defer price increases as long as possible. If we can thus start a strong, sound upward spiral of business activity our industries will have little doubt of black-ink operations in the last quarter of this year. The pent-up demand of this people is very great, and if we can release it on so broad a front, we need not fear a lagging recovery. There is greater danger of too much feverish speed."

If you were selling your merchandise on July 1, 1933, below cost, you may take your cost price on that date as the basis for determining the allowable increase under this paragraph.

Cooperation

(10) To support and patronize establishments which also have signed this Agreement and are listed as members of N. R. A. (National Recovery Administration).

The success of the President's Reemployment Agreement Program depends upon public support going to those who raise wages and shorten hours in accordance with this Agreement, in order to repay them for the extra expense which they have incurred in doing their part.

Codes

(11) To cooperate to the fullest extent in having a Code of Fair Competition submitted by his industry at the earliest possible date, and in any event before September 1, 1933.

This Agreement is a temporary measure to tide over the time from now until all employers and employees can cooperate under Codes of Fair Competition under the National Industrial Recovery Act. You agree, in this paragraph, to do all you can to have a Code submitted for your trade or industry before September 1, 1933.

Appropriate Adjustments

(12) Where, before June 16, 1933, the undersigned had contracted to purchase goods at a fixed price for delivery during the period of this Agreement, the undersigned will make an appropriate adjustment of said fixed price to meet any increase in cost caused by the seller having signed this President's Reemployment Agreement or having become bound by any Code of Fair Competition approved by the President.

This Agreement will, usually, increase the costs of those who sign it. The purpose of this paragraph is to pass any such increased costs along from one signer to another, and so on to the consumer.

If you have a contract made before June 16, 1933, to buy goods at a fixed price, you agree to make an arrangement with your seller so that you pay him for the extra cost to him caused by his having signed this Agreement, or having come under a Code approved by the President.

In some cases the final buyer is the Government, which, under existing law, is generally not allowed to pay more than the contract price. The President has announced that he will recommend to Congress that appropriations be made to allow the Government to play its part by paying Government contractors who have signed the Agreement for their increased costs. The President has also appealed to the States and cities to take action permitting them to do likewise.

You should have no fear that, because your buyer has not signed, you will be left with the increased cost on you alone. The President expects *every* employer to sign this Agreement.

Substitutions

(13) This Agreement shall cease upon approval by the President of a Code to which the undersigned is subject; or, if the N. R. A. so elects, upon submission of a Code to which the undersigned is subject and substitution of any of its provisions for any of the terms of this Agreement.

As pointed out in the explanation of paragraph (11) P. R. A. above, the President plans to have all business govern itself under Codes, and therefore Codes should be promptly submitted. If N. R. A. finds that the wages and hours provisions of a Code which has been submitted are within the spirit of this Agreement, N. R. A. will authorize your industry to operate under those provisions rather than under the wages and hours provisions of this Agreement.

Exceptions

(14) It is agreed that any person who wishes to do his part in the President's Reemployment Drive by signing this Agreement, but who asserts that some particular provision hereof, because of peculiar circumstances, will create great and unavoidable hardship, may obtain the benefits hereof by signing this Agreement and putting it into effect and then, in a petition approved by a trade association of his industry, or other representative organization designated by N. R. A., may apply for a stay of such provision pending a summary investigation by N. R. A., if he agrees in such application to abide by the decision of such investigation. This Agreement is entered into pursuant to section 4 (a) of the National Industrial Recovery Act and subject to all the terms and conditions required by sections 7 (a) and 10 (b) of that act.

If you really want to do your part in the President's Reemployment Program, sign this Agreement. If some particular part of this Agreement causes you, as an *individual employer*, great and unavoidable hardship, you may obtain relief by taking the steps outlined under the heading "Cases of Individual Hardship."

Save this sheet as your official source of information. If there are any problems in your mind which are not cleared up by this explanation, get in touch with the official N. R. A. representative in your community.

Thought For Today

The grass withereth, the flower fadeth: but the word of our God shall stand forever.—Isaiah, 40:8.

God is truth, and light His shadow.—Plato.

No Rules Here!

In reporting an attempted middle western hold-up the other day, the newspapers incidentally cast a revealing sidelight on the ways of Cupid in time of war.

It all happened when three men tried to rob a Cincinnati restaurant. An 18-year-old waitress grabbed a pistol, killed one robber and routed the other two; and the sidelight on Cupid's activities came when it was revealed that this girl had been a sure-enough "war baby." Her father was a German soldier and her mother a Belgian girl, and they were married near Antwerp in 1914.

* * *

Now 1914 was not a time when Germans and Belgians were getting on well together. That matchless host in field gray was pouring across the Belgian plain like an irresistible flood, seemingly proving that might is the only right.

Belgian sovereignty had almost vanished. Cities and towns were ruled by German officers. Civilians had been executed by firing squads. Thousands of people had fled from their homes.

The age-old tragedy of invasion was being re-enacted, and out of it was arising that stream of "atrocity" literature which was to help so greatly in creating a war spirit in England and America.

In the history books that scene is painted in solid blacks. But apparently, to some of the people on the spot, it wasn't that way at all. Apparently there were young German soldiers to whom the Belgians girls looked like desirable companions, and not like the outcast daughters of bitter enemies; and there were Belgian girls who could find among the conquerors handsome and glamorous boys who could make first-rate husbands.

* * *

We never heard much about those romances. But we might have known they were taking place. They are as old as war. Even when Mars is running the whole show, Cupid is bound to be busy on the sidelines.

Invasions are great tragedies, and the thudding of siege guns drowns out many cries of anguish; but always there are soldiers and girls who make their own arrangements about such things. Young love can leap boundaries of hatred, conquest and war. It was so when Alexander marched into Asia, and it is so today.

All the wars in the world can't stop youth from going ahead with its romance.

WHETHER you intend to vote with him or against him in the forthcoming special election, you might avail yourself of the opportunity of hearing Congressman Joseph Weldon Bailey, jr., in public address here Friday night.

Reason: Mr. Bailey is likely to make political history in Texas in the next few years.

* * *

Appearance of Congressman Bailey in Lubbock is not vastly important as far as the beer and repeal issues he is supporting are concerned.

Practically every voter already has his mind made up now and Mr. Bailey's address is not calculated to make much difference in the totals to be compiled in Lubbock, or on the South Plains.

But his appearance here is important from a state political standpoint, simply because Mr. Bailey acts like he intends to be in politics for a long, long time.

* * *

IN the 1934 primaries you may expect to see his name along side that of Senator Connally's as a candidate for the Connally Post.

Further than that, you may expect Mr. Bailey to run hard and fast against the junior senator unless the dignified, congressional-looking Mr. Connally looks to and mends his fences between now and next year. For Mr. Bailey is a campaigner from away back, bearing a name everyone has heard of.

And Senator Connally admittedly is not as strong politically now as he was when he walloped the socks off one-term Senator Earle B. Mayfield back in 1928.

* * *

Although this is a Democratic country, many voters find satisfaction in passing on, from father to son, various types of public office.

And although the late Senator Bailey was a stormy petrel and wound up with as many staunch enemies as friends, much political folklore surrounds his service in the upper house at Washington.

The way the younger Bailey romped into Congress two years ago as one of the state's three-members-at-large makes him a political figure to be reckoned with.

You may enjoy studying his platform presence and his stump characteristics here Friday night, whether you like his anti-prohibition stand or not.

Pennsylvania Coal Miners' Report To NRA Brings About Investigation; Board Acts When Workers Tell Troubles

BY RODNEY DUTCHER
The Evening Journal's Washington Correspondent

WASHINGTON, Aug. 23—At 9 o'clock one recent morning, five coal miners from Fayette County, Pa.—some of them painfully dressed up—were observed stalking through the NRA corridors of the Commerce building.

They were looking for the coal mediation board.

At noon they were still looking for it. They had seen a lot of people, each of whom sent them on to someone else. But they could not find anyone who admitted being competent to listen to their grievances.

Butcher

They trudged those long, hard corridors all day. Between 3 and 4 they saw someone who assured them that a written statement of their case would be shown to Gerard Swope, coal board chairman and president of General Electric.

McGrady Promises Action

But they weren't quite satisfied, so they kept hanging around until a newspaperman met them and shoved them in on Edward F. McGrady, the NRA labor advisor who had persuaded the Fayette County miners to abandon their strike on his promise that they would have a square deal.

The five miners wanted to report that about 150 workers at one mine, 83 at another and 25 at a third hadn't been taken back to work—a violation of the Frick company's agreement.

"I'll get action!" said McGrady. "Where's Swope?"

Swope was found. First he wrote, then telephoned the manager of the Frick company, who couldn't be located at his office.

Investigation Ordered

The miners left, pleased. Nothing had been done about their case at last accounts. The NRA "didn't have enough facts."

But more miners foud their way here with similar charges. Others wrote or wired complaints that the Morgan and U. S. Steel-controlled Frick corporation had violated its pledge with NRA to stop discriminating against union leaders and to accept check weighmen elected by the miners.

Threats of a new coal strike made the Pennsylvania coal situation an issue all over again. The mediation board decided on a first-hand investigation. Those first five bewildered miners had started something.

Printing Office Busy

You don't hear much about one of the busiest places in Washington, the Government Printing Office.

Among its larger jobs for the NRA it has printed, cut and folded 6,000,000 copies of the president's blanket code agreement with return envelopes and produced 22,000,000 NRA consumers' cards. Also, 7,000,000 forms and pamphlets for the Agricultural Adjustment Administration.

Goldfish Code Settled

After much fuss and worry, the goldfish and sausage-casing codes finally have been allocated to the NRA instead of to the A. A. A.

Reason: Goldfish are fish, but not eating fish, and sausage casings are produced by manufacture rather than raised for the market by farmers.

Story refers to James D. Dole, newly appointed chief of the Agricultural Administration's food products section, as the father of the pineapple industry. That's strange; we always thought this distinction belonged to Al Capone.

INTERESTING BITS OF NEWS GROUND FROM THE GRIST OF THE DAY'S HAPPENINGS

(By The Associated Press)

Snakes Win Round

CHICAGO—The question was what the Cook county board should do about a reported invasion of rattlesnakes into the forest preserve near Wheeling but their origin bothered the commissioners most. Said Board Member Homer Byrd, "they're born". "Such ignorance" quoth Commissioner Dan Ryan, "they're hatched."

"Nonsense" put in Commissioner Charles Weber, "they just come from cabbage patches." But the comptroller settled it all by saying there wasn't any money to exterminate them, anyway, no matter where they came from.

Tarzans In Army

SAN ANTONIO—The "tree army" men in Oklahoma are tarzans. An order for 24 pair of size 12 shoes was received at eighth corps area headquarters for the camp at Fort Sill, Okla.

Still Watching

KANSAS CITY—A. J. Ferguson, 68 of Waynoka, Okla., sat in the Union station waiting for a train. An attractive woman next to him opened a conversation. She confided her trunks still were at a hotel. He agreed to go with her and get them.

On the way, they met a man who said the trunks had been sent on but that $6 was due on them. The young woman pleaded lack of money, so Ferguson paid.

She then asked him if he would return to the station and watch her trunks while she made a purchase at a drug store. And that was the last time he saw her, Ferguson reported to police.

Associated Press Staff Writer

AUSTIN, Aug. 23. (AP)—W. W. Heath, secretary of state, now is distributing copies of the laws passed by the 43rd Texas legislature, which adjourned on June 1 after a session of nearly five months.

Heath said the published laws were available this time 30 days earlier than formerly.

Costs Little More

He said the "rush job" had cost a little more money, but that in the long run it meant a considerable saving to the state, since two clerks in his office had been kept occupied looking up laws sought by inquirers who appeared in person and replying to communications received through the mails concerning bills passed by the legislature.

Now, when such inquiries come in the secretary of state sells a copy of the laws.

There are two volumes, one containing reproductions of the 254 chapters added to the general laws and another with 107 special laws enacted by the legislature.

The governor vetoed eight bills sent to her desk by makers of laws.

Given Extra Work

Administration of unemployment funds distribution through the state rehabilitation and relief commission has piled much extra work on Mrs. Sam Carter, in charge of the state's photostatic equipment. She has been called on to take pictures of more than 800 documents submitted by that commission.

Mrs. Carter's work, already heavy in normal times, has increased many fold and she doesn't have any assistance. She "mans" the big photostat machine without any help. To do it she must work many more than 40 hours weekly.

THOUGHTS and THINGS

THE business of living, when boiled down and all the froth skimmed off, is just a matter of thinking.

Each of us is continually thinking ideas of our own and swapping them for the ideas of others. If there is a famine of outside ideas we shrivel up ourselves. Children with "nobody to play with" are unhappy and unmanageable.

From thinking with our heads to doing with our hands is but a little step and then our thoughts become things.

It is because men of America are so unfettered in their thinking and doing that this country is such a fine place to live in. It is also because these thoughts are freely radiated and spread broadcast, in the distribution of manufactured things and in the distribution of the facts about them (advertising), that this country is such a fine place to live in.

The originator of an idea is not much better off than before he originated it till he gets some one else to absorb it and enjoy it and benefit by it.

The man or woman surrounded by better thoughts and things but who pays not the slightest attention to them is not much better off than the one with "nobody to play with."

The advertisements in the papers are thoughts—telling you about the things that other men and women have created for your happiness. Read the ads. They are the voices from hundreds of thousands of looms, shops, foundries, studios, laboratories, where millions of minds are turning pleasant thoughts into worth-while things for your comfort.

RIME SURVEY MADE PUBLIC

ACKSONVILLE, FLA., LEADS IN MURDERS; CHICAGO 26TH

CHICAGO, Aug. 23 (AP)—Jacksonville, Fla., led the nation in rate murders per capita, during 1932, cording to a survey just completed by Frederick Rex, librarian for e city of Chicago, while this city, uch publicized as the haunt of the ngster, ranked 26th.

Rex made a survey of 95 cities ving a population of more than 0,000. His statistics were based upon figures furnished by police reports to the bureau of investigation the department of justice, and her figures regarded by him as thentic.

The table placed Jacksonville, Fla., the top of the list for 1932 with murders, a ratio of 43.88 for each 0,000 population. In 1931 the city nked second with 47 murders and ratio of 35.87. In 1931, Birmingm, Ala., led.

Figures given by Rex's 1932 table cluded:

Likewise there is a reproduction of the mission of San Jose in San Antonio as it was believed to have looked back in 1768 when its construction, which took nearly half a century, was completed by the Franciscan monks. The model was made by A. J. Malden of San Antonio.

The exhibit walls are covered th paintings—cotton picking, exican and cowboy scenes—ypical of Texas and the southwest. These were lent by the Texas Fine Arts association, the San Antonio Art league, the Edgar B. Davis collection and the Witte museum in San Antonio.

Of the men wanted in connection with the Urschel kidnaping, George Machine Gun" Kelley remains at arge. He was reported seen as late s last Friday near Decatur, Tex.

Each witness in the case will have t least one guard, and some as many as three or four. About fifteen persons are expected to testify, including several of the federal officers who captured Bailey and he four members of the R. G. Shannon family in a farm house aid near Paradise, Tex., eleven ays ago.

COLD TRAIL OF KELLY IS FOUND

DECATUR, Aug. 23. (AP)—Once gain authorities apparently have ome upon the "cold" trail of George Machine Gun) Kelly, wanted for he kidnaping of Charles F. Urschel, ealthy Oklahoma Oil man, but it as believed today that the shifty esperado had slipped out of immediate danger. Officers have been unting him all over the southwest.

Jennings C. Brown, Wise county ttorney, said last night that a man dentified from department of justice photographs as Kelly had been en in the county last Thursday nd Friday, in company with a oman fitting the description of his ife.

Appeared At Ranch

The man believed to be Kelly and he woman appeared Thursday orning at the Dave Young ranch n the western part of Wise county and asked for water. Young Howard Barnes, ranch foreman, and Mrs. Barnes, said they thought the man was Kelly.

The couple was seen Friday, traveling south on a state highway leading toward Paradise, the farm of R. G. (Boss) Shannon, near Paradise, was where federal officers, in a raid August 12, caught Harvey Bailey, alleged gunman charged with a part in the Urschel kidnaping. It was on the Shannon farm that officers believe Urschel was held captive for nine days while arrangements were made for his release on $200,000 ransom.

Brown was informed that the couple was in a small black coupe and could have reached the Shannon farm without traveling through a town. Officers did not learn until Monday that the couple had been to the Young ranch, and then it was too late to search for the fugitive.

DAILY MARKETS

Cotton Market

NEW YORK REPORT

NEW YORK, Aug. 23. (AP)—Cotton opened steady, 4 to 7 points advance in response to higher cables and on a moderate commission house demand. Oct. 9.58; Dec. 9.75; Jan 9.86; Mch. 10.02; May 10.19; July 10.34.

Some trade buying was reported but the advance to 9.82 for December met increased offering. There was no aggressive pressure but demand was light and December eased to 9.73 with active months generally showing reactions of 7 or 8 points from the best. Reports that some crop complaints were coming in from the Carolinas and of increasing boll weevil infestation in some sections of the belt helped to steady the market on the setbacks, however, and prices at the end of the first half hour were about 3 to 8 points net higher.

Demand became a little more active after publication of the census report showing 459,911 bales ginned prior to Aug. 16. This was evidently below average expectations. December sold up to 9.87 with active months generally showing net advances of 15 to 20 points but increased realizing or scattered selling was encountered and prices eased later in the morning. At midday December was selling at 9.80 with active months showing net advances o fabout 8 to 12 points.

NEW ORLEANS REPORT

NEW ORLEANS, Aug. 23 (AP) — Cotton opened steady today. Cables were better than due and first trades showed gains of 3 to 4 points. As stocks opened firmer, prices continued to improve, October trading up to 9.55 and December to 9.77, or 8 to 9 points above yesterday's close.

Later in the first hour prices eased off slightly owing to lack of buying and to hedge selling, October dropping to 9.48 and December to 9.70, down 7 points from the early highs but still 1 to 2 points above the previous close. The market later rallied 1 to 2 points from the lows and appeared to be steadier.

The market ruled steady with only moderate trading during the morning. As the stock market was firm, prices gradually advanced, the improvement being helped in some measure by the census bureau's ginning report proving smaller than generally expected.

The weekly weather report was considered generally favorable and therefore bearish.

October finally advanced to 9.61 and December to 9.83, or 13 to 14 points up from the early lows and 14 to 15 points above yesterday's close. Near midsession the market eased off 6 points on realizing.

Stock Market

WALL STREET REPORT

NEW YORK, Aug. 23. (AP)—Financial markets had a touch of inflationary fever today, but it didn't last long. The spasm was coincident with a rally of foreign exchanges against the dollar. Sterling was up about 4 cents at one time and European gold currencies exhibited strength. Grains, and cotton were firm, but not buoyant. Silver futures were firm. Bonds were quiet and moderately mixed.

Shares of U. S. Steel and New York Central were among the most active in the early flurry. The former retained about 1-2 a point of its gains and the latter held 2. Case Threshing came back for a 3-point advance, and Deere was up about 1. Other issues that improved 1 or more included Johns-Manville, Westinghouse, Industrial Rayon, Standard Brands, National Steel and Bethlehem Steel. The alcohols and utilities were hesitant.

DEATH HELD ACCIDENT

McALLEN, Aug. 23. (AP)—A verdict of accidental drowning was returned Tuesday at Pharr by Justice of the Peace Max Maule after an inquest into the death of Rafsel Maganes, 22, resident of Hidalgo. His body was taken from the Rio Grande at a point south of Pharr Monday.

The cost of firing a triple-turret salute in the case of England's seafighter H. M. S. Nelson is about $3500.

RAINFALL

reports as follows: Dimmitt, shower; Hart, half inch; Plainview, inch and a half; Quitaque, half inch; Silverton, two inches; Petersburg, inch and a half.

Reports from Plainview said the fall was 1.47 inches, with heavy showers at Lockney, Floydada, Olton, Hart, Silverton and Dimmit.

Bus traffic was not interfered with according to George Bolin, local agent.

Highways were being worked by maintenance employes, Guy R. Johnson, district resident engineer, said. Little trouble with highway work was reported.

Livestock Market

KANSAS CITY REPORT

KANSAS CITY, Aug. 23 (AP)—(U. S. Dept. Agr.)—Hogs 12,000; fairly active, steady to 10 lower; top 4.15 on choice 180 to 220 lbs.; good and choice 140 to 160 lbs., 3.15 to 4.00; 160 to 350 lbs., 3.35 to 4.15; packing sows, 275 to 550 lbs., 2.25 and 3.00; stock pigs, good and choice 70 to 130 lbs., 2.75 and 3.25.

Cattle 6,000 ;calves 1,100; killing classes steady; stockers and feeders scarce, steady; steers, good and choice 550 to 1500 lbs., 5.00 and 6.75; common and medium 550 lbs. up, 2.75 to 5.00; cows, good, 2.75 to 3.50; vealers (milk fed), medium to choice 3.00 to 6.50; stocker and feeder steers, good and choice 4.00 to 5.50.

Sheep 4,000; lambs steady to 15 higher; sheep steady; lambs good and choice (x), 90 lbs. down, 6.50 to 7.15; yearling wethers, medium to choice 90 to 110 lbs., 3.75 to 5.00; ewes, good and choice 90 to 150 lbs., 1.75 to 3.00.

(x)—Quotations based on ewes and wethers.

FORT WORTH REPORT

FORT WORTH, Aug. 23. (AP)—Slaughter cattle were steady here today. Load lots of calves were about steady but package lots were unevenly lower. Hogs were mostly 10 lower. Hardly enough sheep and lambs arrived to establish a market. Stocker cattle were very light and prices were unchanged.

Cattle: 1,500; lightweight plain steers 3.75-4.00; weighty steers 4.00-5.00 bid; bulls 1.75-2.25; few cows 2.50-3.25; butchers 1.65-2.00; fed yearlings 5.00-5.50; medium to good yearlings 400-75; culls around 2.50.

Calves: 700; bulk calves due sell 3.00-50; culls 1.75-2.25.

Hogs: 700; top 4.20; bulk good to choice 175-240 lb hogs 4.00-20, lightweights 3.00-4.00; packing sows mostly 2.75.

Sheep: 600; feeder lambs 4.00-25; few slaughter lambs 5.50.

Grain Market

CHICAGO REPORT

CHICAGO, Aug. 23. (AP)—Wheat forged slowly upward today, showing an advance of about two cents a bushel at the extreme top.

A noticeable lack of pressure enabled scattered buying to pull the market up. Buying by commission houses with eastern connections, strength of stocks, continued light primary receipts and rains in the Canadian northwest threatening harvest delays all helped give wheat a firmer tone. Rye and barley were strong, rye climbing about three cents. Corn was unsettled, advancing with wheat but reacting because of a lack of support. Sharp falling off in the marketward movement of oats gave that grain strength.

Wheat closed about steady with practically all the early advance lost and unchanged to 3-8 cent below yesterday's finish.

Corn was unsettled and 1-4 to 5-8 off, oats 1-8 to 1-2 up, rye 78 to 1 1-8 higher, and provisions unchanged to 20 cents advanced.

Father Jailed For Lashing His Son

OKLAHOMA CITY, Aug. 23. (AP) —Ten year old Calvin Wiles, his back scarred from a lashing he said his father gave him with a leather whip, told county authorities last night the father had taken him 15 miles from town two weeks ago, beat him and warned him never to return home.

The father, a junk dealer, was placed in the county jail.

The boy was found by Deputy Sheriffs Earl Gordon and Ross Pierce after they had been informed "a wild boy was running around in the woods 15 miles southeast of Oklahoma City."

WTCC Not To Take Stand In Bond Vote

STAMFORD, Aug. 23 (AP)—The West Texas Chamber of Commerce will not, as an organization, either endorse or oppose the $20,000,000 state bond issue for relief, said announcement today from the Stamford headquarters office in form of a letter from Walter D. Cline, president, to WTCC directors and chairmen of public expenditure committees.

Cline's letter was the aftermath of a referendum on the relief bonds, taken among 186 directors. Of these, 55 announced themselves as opposed to the issue, against 46 favoring; but 85 directors did not vote.

Advisory Board On Wheat Is Proposed

LONDON, Aug. 23. (AP)—A committee of the world wheat conference completed today a report on the establishment of an international wheat advisory board which would be charged with supervising any agreement that may be reached on restricting production and increasing consumption.

The work of the international board would entail such matters as restoration of production, stabilization of experts, reduction of barriers to wheat imports, and the prevention of increased production in importing countries.

keeping constant tab on developments.

This word came from Deputy Administrator Kenneth M. Simpson, who handled the coal hearing.

While the coal conferences went on privately between officials, operators and labor leaders in separate offices, factions of retail trade began airing animosities in public hearings, advocating suppression of forms of competition denounced by witnesses as unfair.

CHARGE YOUTH IN SLAYING

ERVIN CONWAY BEING HELD FOR MURDER OF HIS FIANCEE

BRYAN, Aug. 23. (AP)—Ervin Conway, 23, was in jail today at Hearne, charged with murder for the slaying of his fiance, Miss Ladelle Hammond, 21, in a nocturnal shooting on the highway north of Bryan last June 16. Both attended Baylor university at Waco.

The complaint was filed on the basis of an autopsy made after the body had been exhumed by rangers. Ever since the young woman's death rangers had been steadily pressing their investigation.

Robbery Claimed

The night of the shooting Conway drove into Bryan with the girl's body in the seat of the car beside him. He told officers he had been accosted by robbers and that in the ensuing shooting, she had been wounded fatally. Conway, also suffering from a wound, said it had been inflicted by the robbers.

Officers searched all over the state for robbers fitting the descriptions given by Conway. Several suspects were arrested and later released when they were able to account for their whereabouts at the time of the shooting.

Rangers O. G. Taylore and Frank Hammond arrested Conway, who was charged with murder in justice court at Hearne. The officers said he made no statement. No bond was set for him, prosecuting officials saying they would resist any effort to obtain his release on bail.

O. H. ("Hiki") Gholson, also arrested Tuesday by police, was charged with vagrancy in a county court complaint this morning.

All three were transferred to county jail.

ROTARIANS HEAR OF INDIAN LIFE

Dr. W. C. Holden of the history department of Texas Technological college gave members of the Lubbock Rotary club enlightening facts on the American Indian in a talk at Hotel Lubbock today noon. Jas. Quicksall, program chairman, introduced Dr. Holden, who gave a similar talk to the Kiwanis club last week.

Dr. Holden refuted the belief that the American Indian was a savage and bloodthirsty person and declared a great many vices of the Indian were taught him by Europeans coming to this continent.

Detailing various archeological expositions he nas conducted, Dr. Holden said:

"You can see archeological ruins that required as much human effort and ingenuity within 600 miles of Lubbock as you can find any other place in the world.

"We out at Tech are trying the best we know how to restore the great store of Indian knowledge and wisdom and thereby benefit our own civilization by modification and adoption of various ideas from the Indians.

"We have completely ignored in the past the contributions of the American Indian to our civilization of today," he continued, pointing out that more than one-half of all the agricultural commodities of the present day were developed and cultivated by the Indians. He named many of these products, including corn, Irish and sweet potaties, tomatoes and others. He said the American Indian was the originator and creator of cotton and told of finding pieces of rope in a New Mexico ruin which was superior to rope of the present day. He also told of evidence of knowledge the Indians had gained far before other races had even existed.

He explained the dating of ruins by the tree ring method and told how ruins he has been aiding in excavating along the Canadian river north of Amarillo were dated by this method.

Nine students of the college who are to receive masters degrees tonight, along with Deans A. H. Leidigh and O. V. Adams were special guests at the luncheon. Percy Ralls and A. V. Bullock of Ralls and Burnet Snodgrass of Floydada were out-of-town visitors at the luncheon.

Two Cars Damaged In Collision Here

Although both automobiles were damaged greatly and veered dangerously from the impact, one striking and splitting a small tree and crashing against a concrete post, no one was injured in a collision about 9:30 o'clock this morning at Avenue N and Nineteenth street, police reported.

A Dodge sedan driven westward on Nineteenth street by R. R. Marshall, 27, of 1914 Twenty-eighth street, and a Chevrolet sedan driven eastward on the street by Mrs. Ben B. Johnson, 32, wife of a minister, of 2115 Twenty-fourth street, accompanied by her small daughter, were in the collision.

Fronts of both cars were ruined, damage to each being estimated at $85. Marshall's car swerved and struck the tree and post.

Police said Mrs. Johnson, without signaling a left turn, turned in front of another car going eastward on Nineteenth street, and the Chevrolet and Dodge collided at an angle.

Large Projects To Get Consideration

FORT WORTH, Aug. 23 (AP) — Large projects which will provide employment relief for the greater centers of population will be given immediate consideration by the public works advisory committee for Texas, it was decided at the first official conference of the committee here today.

Col. Ike Ashburn committee chairman presided. Clifford B. Jones, regional director of the PWA for Texas, Louisiana and New Mexico, met with the committee, as did R. A. Thompson, PWA engineer for Texas.

Hopkins To Confer With State Leaders

AUSTIN, Aug. 23 (AP)—Plans were made today to receive Harry L. Hopkins, federal emergency relief administrator, flying from Washington for a conference with Governor Miriam A. Ferguson and Lawrence Westbrook, director of the Texas rehabilitation and relief commission.

After a dinner tonight, Hopkins will speak over Dallas radio station WFAA. It was expected he would urge Texans to vote next Saturday for the proposed $20,000,000 relief bond issue.

Oklahoma Granted Relief Allotment

WASHINGTON, Aug. 28 (AP)—Oklahoma today was granted $202,818 by the Federal Relief administration.

Simultaneously, Nebraska received an additional allotment of $32,861.

Both grants were on a matching basis of one federal dollar for three of public expenditure within the state.

The new money brought Oklahoma's total to $1,625,414 nd Nebraska's to $182,861. Federal relief expenditures to date came to $140,436,562.

HARLINGEN, Tex. (AP)—Pioneers of the lower Rio Grande valley gathered here to celebrate the growth of Harlingen from Sixshooter Junction to its present size.

ABSENTEE BALLOT DEADLINE TODAY

With the deadline for filing absentee ballots near, 105 persons had cast absentee votes in the county clerk's office through 11:30 a. m. today. Today is the last day for absentee voting. The clerk's office closes at 5 p. m. The election will be Saturday.

Exemptions, for persons entitled to them because they are under age or over age, may be secured at the county tax collector's office. Over age persons who obtained exemption slips and lost them will not be required to produce duplicates, but before voting must sign an affidavit sheet that exemption certificates were issued to them.

Six questions, half of them involving prohibition questions, will be voted on. For the first time in 32 years, Lubbock county residents will consider local option. Repeal or retention of the Eighteenth amendment will be considered, as will state legalization of beer containing not more than 3.2 per cent of alcohol by weight. A $20,000,000 bond issue for unemployment relief, a home rule amendment for counties, and state tax exemption of $3,000 valuation of homesteads also will be considered.

McAlester Prison Holiday Declared

McALESTER, Okla., Aug. 23. (AP) —Oklahoma state prison inmates were given a holiday Tuesday after Warden Sam Brown acceded to their demands for the discharge of R. J. Ritchie, veteran guard, who Monday accidentally shot and killed a prisoner.

The prisoners, who had threatened " a strike of protest," cheered the announcement and agreed to return to their normal routine, Brown said. However, the remainder of the day was declared a holiday for a band concert and athletic contests.

The government of Venezuela has built a highway connecting Caracas, the capital of the country, with the western states.

RADIO HEARING SET TODAY

TWO LUBBOCK MEN IN LIST OF 19 NAMED IN CHARGES HERE

Hearing of the cases of C. A. Paulger and Joe Stanton, both of Lubbock, named Tuesday in federal complaints involving operation of a small radio station from the Fundamentalist church here, was begun Tuesday and continued until today by Victor H. Lindsey, United States commissioner.

Mr. Paulger, Mr. Stanton and Glenn Leach of Lubbock were among 19 persons charged with violation of federal radio regulations.

Mood To Be Here

Alex Mood, assistant U. S. district attorney, will be here Thursday to represent the government in hearings. Warrants in the cases were given to U. S. Deputy Marshal J. D. Gamble of Amarillo. Gamble was here last night.

The complaints were prepared by W. J. Abbott, inspector of Federal Radio Commission, of Dallas.

Paulger and Stanton, through their attorney, W. M. Peticolas, jr., pleaded not guilty. Abbott and T. R. Putnam, who said he was an employe of station KFYO here, were federal witnesses. Putnam said he attended a service in the Fundamentalist church, took notes, and that he and Abbott later compared what he (Putnam) had taken with reports Abbott had received about a mile and a half inside the New Mexico state line.

Declaring he was acting on advice of the U. S. district attorney, Abbott refused to give exact location in New Mexico where the Lubbock station was heard or the kind of equipment used in reception.

MISSING EMPLOYE OF BANK SOUGHT

GIDDINGS, Aug. 23 (AP)—State rangers searched in the Houston area today for a missing employe of the First National bank of Giddings, suspected of absconding with approximately $11,500 of the bank's funds.

It was learned that the employe left Giddings last Saturday, in company with a girl. Parents of the girl received a letter from her yesterday saying she had eloped with the employe. The letter was mailed from Houston. Officers doubted whether the girl knew the employe was wanted in connection with the missing funds.

A brother of the employe returned to the bank $3,250 in bills of small denomination. The brother said the money was found in a box which the bank employe had handed to him Saturday, saying it contained documents and papers for his mother, whose business affairs he managed.

Executive branches of the Georgia state government would be reduced from 102 to 17 departments under a new bill before the legislature.

"LITTLE GEORGE", RADIO DIVINING ROD, UNEARTHS HISTORIC TRAIL OF RELICS; INSTRUMENT PUTS TREASURES "ON SPOT"

"Little George," the radio divining rod carried by its owner, Shirl Herr, has proved its ability to locate metal at a depth of four feet. Above are cannon balls, nails and other objects it found in locating the site of General Braddock's famous defeat in 1755. A howl in the earphones of the explorer indicates that the relic or treasure is below him.

BY HOWARD W. BLAKESLEE
(Associated Press Science Editor)

LAFAYETTE, Ind., Aug. 23. (AP)—"Little George," a radio divining rod for finding buried metal, nicknamed because "he cannot tell a lie," has gone historical.

Intended for prospectors, "Little George" has uncovered the fact that in the first four feet of earth's surface, the limit of his penetration, lie buried metal objects dropped by history-making tribes, peoples and races for 2,000 years.

Spotted Ancient Relics

It has unerringly spotted relics lost and buried in Caesar's days, trinkets made by English tinsmiths 2,000 years ago, one of Washington's adventure trails in Pennsylvania, and the goings of long-ago American Indians.

"Little George" is carried in one hand, a T-shaped object, held upside down, the cross bar brushing the grass tips. A wire runs from "Little George's" anatomy to earphones over the head of the person carrying him.

Whenever "Little George" passes directly above a piece of metal, a howl goes through the ear phones. It sounds like static. Immediately the person carrying it stops and digs.

'Never Tells Lies'

It has yet "to tell a lie," says Shirl Herr, its owner, who developed it under supervision of Prof. R. B. Abbott of the Purdue physics department. The scientific engineering organ, Mining & Metallurgy, lists it in an article describing the various wonders of the new methods of electrical and magnetic prospecting.

Herr took "Little George" to Lake Nemi, near Rome, where Caesar's old barge had been uncovered by draining. The instrument located a bronze spike, 18 inches long, and a sizable piece of sheet lead.

Located 'Braddock's Defeat'

In England it spotted numerous Roman trinkets, relics of early England, including iron and tin objects.

Last fall he and Prof. Abbott in Pennsylvania traced the trails of Braddock's campaign, in which the British general is credited with defeat for failing to take Washington's advice.

The site of Colonel Dunbar's camp, where Braddock's war supplies were destroyed in 1755, was found by the instrument a quarter of a mile from the place where historians had located it.

"Little George" spotted parts of eight-inch cannon balls, whole four and one-half inch balls, innumerable one and one-quarter inch balls, large tire spikes, long nails, pincers for shoeing horses, horse shoes, chains, rings, hooks, clevis, bridlebit, wagon-bow staple pins for spiking cannon and copper dipping handles.

Near Lafayette, Ind. the howling instrument has brought to diggers numerous copper instruments from Indian graves.

A bill before the Georgia legislature would reduce working hours of women in silk, rayon, cotton and woolen mills from 60 to 48 per week.

TECH GRADUATES WILL NUMBER 1,328 WHEN DIPLOMAS ARE GRANTED TODAY

With graduates of the summer session of Texas Tech receiving diplomas today added to the list, a total of 1,328 men and women will have received scholastic honors from the youngest state educational institution, figures given by Dr. Bradford Knapp, president, show.

The seven classes have had that number of members. This year's class, including the 96 B. A. candidates and 17 M. A. candidates, brings the 1933 class totals to 253 bachelor degrees and 27 master degrees. It is the largest class so far.

By years, the totals are: 1927—26; 1928— 105; 1929— 187; 1930— 185; 1931—277; 1932—268; 1933—280.

More than 24,500 students have attended Texas Tech since the opening year for the term of 1925-1926.

By years, the attendance figures are:

Year—	Long Session	Short Session	Total
1925-6	1,043	336	1,379
1926-7	1,535	677	2,212

HUGE WAREHOUSE PLANNED

LEXINGTON, Ky. (AP)—Plans are going forward here for what is said will be the largest tobacco warehouse in the world — an L-shaped structure 1,100 feet long and 420 feet wide, with space for 7,000 baskets of leaf tobacco and employing 200 warehouse hands. Prism glass skylights are to be provided to prevent glare and diffuse the light.

Approximately two-tenths of the 365,000,000 acres of land in the United States occupied by crops, or 76,000,000 acres, produce food for human consumption.

Shallowater Term Opens September 11

R. L. Hooten, superintendent, has announced Shallowater schools will open Monday, September 11, with a faculty of nine teachers.

An attendance of around 250 is expected for the year, Mr. Hooten said, including scholastics and those who transfer in from surrounding districts. The list of transfers into the district has not been given the superintendent.

It is planned now to have an opening program the morning of the first day, to which patrons and parents will be invited. A speaker is yet to be selected.

Two horned toads, natives in Texas, were found in widely separated localities near Arkadelphia, Ark. None was ever seen there before.

WHITER WASHES—COOLER KITCHENS

"Easy on clothes—easy on my hands!" says Mrs. C. R. White of Lubbock

"A LITTLE Rinso makes loads of lively suds that soften water and loosen dirt. So easy on the clothes—and on my hands! Rinso makes dishwashing easier, too; how its creamy suds loosen grease!"

MRS. C. R. WHITE
Lubbock, Texas

Clothes washed the "no-scrub" Rinso way last 2 or 3 times longer—you'll save lots of money! Great in washers, too; the makers of 40 famous washers recommend it. Gives twice as much suds, cup for cup, as lightweight, puffed-up soaps — *even in hardest water.* Get Rinso at your grocer's today.
