PRESIDENT MEETS REPORTERS IN GYM— President Eisenhower, left,, stands in front of a cloth bearing the presidential seal as he meets reporters in a Gettysburg gymnasium set up for a Washington-type news conference. John Hightower of The Associated Press stands in center background, asking a question. Reporters and cameramen, most of them from Washington are in the foreground. Seated near Eisenhower, facing the camera, are White House press secretary James Hagerty, left, and his assistant, Wayne Hawks. (AP Wirephoto)

Special Peace Panel To Study Caribbean Urged

SANTIAGO, Chile (AP) — The United States today proposed setting up a special peace committee to study the Caribbean crisis.

Secretary of State Christian A. Herter told a plenary session of the Inter-American Foreign Ministers' Conference that this committee would report to the 11th conference in Quito next February.

It would look into the causes of the tension that has spread throughout the area since Fidel Castro's forces took over Cuba Jan. 1.

"This committee might also be authorized to extend its cooperation to any of the states of that region in the solution of the problems that disturb their peaceful relations and which they are not able to resolve through direct negotiation," Herter said.

He called for a permanent organ of the Organization of American States such as the inter-American peace committee to consider problems of that sort that have plagued the Caribbean region before they reach the point of becoming threats to peace.

Seven Latin American governments at the conference already have declared they oppose interference by Castro and his Cuban revolutionaries in the affairs of other Caribbean nations.

Mexico's Manuel Tello was applauded when he warned the ministers to be "extraordinarily cautious" about changing the principle of nonintervention.

Tello emphasized that Mexico is a traditional supporter of nonintervention and he stressed the importance of the countries in the Western Hemisphere maintaining the principle strictly as well as giving it lip service.

Brazil, Colombia, the Dominican Republic, El Salvador, Guatemala and Costa Rica also spoke strongly in favor of continued adherence to the principle of nonintervention.

None of the speakers mentioned Castro or Cuba specifically. But the Cuban revolutionary, and to a lesser extent Venezuelan President Romulo Betancourt, have been generally accused with being chiefly responsible for the wave of unrest in the Caribbean.

Cuban Foreign Minister Raul Roa sat in silence. He will speak later.

Charges by the Dominican Republic that Cuba is the training ground for revolutionaries bent on foreign invasions led to the calling of the conference to discuss the crisis in the Caribbean.

Cuban Prime Minister Fidel Castro has given open moral support to revolutionists opposing dictatorial regimes. He has declared publicly he would not allow them to use Cuba as a springboard for invasions, but invasion forces have taken off from Cuba in unsuccessful attempts to overthrow Dominican dictator Rafael Trujillo and President Ernesto de la Guardia, Jr. of Panama.

The Panama government declared in a communique early today that it had been tipped another invasion plot against it is being hatched in Cuba.

Cuban Education Minister Armando Hart said in Havana there is a possibility that Castro, busy quashing a counterrevolutionary revolt at home, may fly to Santiago to address the foreign ministers conference.

The Cuban Prime Minister contends that the root of Latin-American unrest is economic. He has called for a 30-billion-dollar development program financed by international agencies.

The Cuban plan to divert the foreign ministers conference discussions from politics to economics already has run into opposition.

Brazilian Foreign Minister Horacio Lafer said at Wednesday night's session the present conference is not the place for a discussion of economic matters. But Mexico's Tello declared that the relationship of economic underdevelopment with political instability was self-evident.

Gunmen Swap Shots With Havana Police

HAVANA (AP)—Gunmen struck in Havana today as Prime Minister Fidel Castro moved out in the field, personally directing a roundup of counterrevolutionaries.

Police exchanged shots with anti-Castro gunmen near the Mexican and Peruvian embassies and the directorate building of Castro's 26th of July Movement in central Havana.

Occupants of a speeding automobile sprayed the directorate with bullets, police said.

Castro was leading his forces against 60 or 70 Cubans in Las Villas province. The insurgents were reported encircled near Trinidad.

The newspaper Revolucion said Castro would address the nation either Friday or Saturday on how the purported conspiracy against him will be crushed.

A number of fugitives were said to have surrendered in Las Villas, including several persons of "considerable importance." Details were not available.

Meanwhile, a band of armed men attacked a small military outpost near Matanzas, 63 miles northeast of Havana. Authorities said no casualties were reported but that seven men were captured.

Castro forces continued to haul in persons for questioning about the alleged plot against the government which Castro's aides called a massive conspiracy. There still was no firm estimate of the number held, although Castro's brother Raul, commander in chief of the armed forces, several days ago put the figure at about 3,000.

Reports from the provinces said there had been 30 arrests in Pinar Del Rio Wednesday, more than 150 in Cienfuegos and more than 100 in Santa Clara.

Police in Havana released a number of those picked up for questioning. Most of them reportedly were members of Castro's own armed forces.

Two American free-lance journalists were still being held despite a formal U.S. Embassy demand for their release. They were Miss Jean Secon, a writer, and photographer Alexander Rorke, both of New York, who were picked up Tuesday when they visited the villa of Maj. William Morgan of Toledo, Ohio, to interview him.

Officials remained silent about Morgan's whereabouts and his role in the conspiracy. Various reports had him as dead, under arrest or an undercover agent who exposed the plotters.

A group of Americans—including two embassy officials—complained that they were held for nearly seven hours after arriving on the auto ferry from Key West, Fla. They said they were questioned at Camp Libertad near Havana.

Traffic Collision Claims 2nd Victim

Scurry County's third traffic fatality for 1959 was Genaro Reyes, 23, of 1810 Eleventh Street, who died at about 10:20 p.m. yesterday in Cogdell Memorial Hospital.

Reyes was the second to die from injuries in a two-car collision which occurred at about 9:45 a.m. yesterday on a rural road north of the Snyder Cemetery. Mrs. Refugia (Cuca) Garcia Rodriquez Garza, 38, died shortly after the accident. She was an aunt of Reyes.

Funeral arrangements for both are pending at Bell Funeral Home.

Seven Latin Americans were passengers in one of the cars in the accident, driven by Mrs. Garza. All of them were injured in the accident, as was William Pershing Lewallen, 40, of 316 Twenty-ninth Street. None of the others were believed in critical condition.

Mrs. Garza was born in Mexico on April 6, 1921. Her survivors include her husband, Amandeo C. Garza, Jr.; one daughter, Mrs. Maria Hela Rodriquez; two sons, Jacobo Rodriquez and Lorenzo Rodriquez, all of Snyder; three sisters, Mrs. Josefa G. Reyes, Mrs. Virginia Juarez and Mrs. Isabel Sandoval, all of Sabinal; and one brother, Fernando Garcia of Sabinal.

Reyes was born June 3, 1936, in Sabinal. His only survivor is his mother, Mrs. Josefa Reyes of Sabinal.

Worker Suffers Burns In Fall Here Today

A Snyder man suffered burns on an arm late this morning when he fell into hot asphalt being used for roofing.

He is Lorenzo Martinez, 130 Lubbock highway, employe of Rouston Roofing Co.

The accident occurred at a house where the firm is doing roofing work at 3109 Avenue A.

Martinez was taken by Bell ambulance to Cogdell Memorial Hospital for treatment.

Russian Destroyer, Freighter Collide

KIEL, Germany (AP)—A Soviet destroyer, in the western Baltic where NATO exercises are in progress, collided in fog with a small German coastal freighter today.

The bow of the 300-ton freighter Christel was crushed. Her crew of six escaped injury.

The skipper of the Christel messaged that the Soviet destroyer stood by, then made off into the fog with two other Soviet vessels after it was clear the freighter was in no danger.

German naval sources said they suspect the three war vessels were operating in the area because the Russians know that Britain, Denmark, Norway and West German naval units are on maneuvers.

Doctor Claims Credit For Curves

TOKYO (AP)—A Tokyo plastic surgeon said today he gave a bust-enlarging plastic injection to Akiko Kojima before she won the Miss Japan and Miss Universe contests.

"Miss Kojima is just one of many such Japanese beauties who received plastic surgeon's treatments. A number of famous Japanese actresses also received similar operations," Dr. Toshizo Matsui said in an interview.

He confirmed a Tokyo newspaper report that Miss Kojima, a Tokyo fashion model had liquid plastic injected into her bosom at Matsui's hospital.

But Miss Kojima's mother today angrily denied the report.

"It's a lie. I have never taken her to such a place," Mrs. Hisako Kojima said.

Matsui was not available for immediate comment on Mrs. Kojima's denial.

A spokesman for the newspaper Sankei Shimbun, sponsor of the Miss Japan contest, said the report is unfounded. "We have seen her for the past four years, and there was no need for her to get bust surgery of any kind," he said. "We are still studying the report."

The doctor said the 24-year-old beauty came to his clinic a short time before the Miss Japan contest in June. He said he didn't measure her bust, but when she won the Universe title in Long Beach, Calif., last month her statistics were 37-23-38.

Miss Kojima is due here Friday.

The newspaper Sports Nippon reported: "The operation is simple but painful. A coffee cupful of liquid plastic is injected into the bosom. In order not to injure the bosom, the injection is done by one shot. The operation takes only one hour with local anesthetics. When the anesthetic wears off, the part aches."

A spokesman for the American Medical Assn. said bust-enlarging injections and operations are not common in the United States.

He said doctors generally have frowned upon insertion of liquid plastic, wax or any foreign matter into the body. They regard such substances as a possible cause of breast cancer.

The spokesman reported that a few plastic surgeons in the United States have increased bust size through operations in which a solid, spongy piece of plastic is inserted beneath the breast.

Extra Marble Block Found In Monument

WASHINGTON (AP) — What they found in the Washington Monument is embarrassing both the housekeeping and historical branches of the government.

It's a 200-pound block of marble. As big as a suitcase, it has lain unnoticed in a corner of a stair well for something like 80 years. Workmen found it when they installed a new elevator several months ago.

The big stone is apparently one of 189 sent from different states, countries and societies when the monument was being built during the last century—the job took 36 years, being finished in 1884.

This one is inscribed "Carthage," and sure enough, one of the gift stones was from the ruins of ancient Carthage — donated by an individual. Only trouble is it was supposed to have been built into the monument with the other 188, and guide books list it there.

Why it wasn't is something Edmund J. Fitzgerald, superintendent and historian of the monument can only guess. He thinks it probably just got lost during the two decades between 1860 and 1880 when no work was done on the monument.

WEATHER

SNYDER TEMPERATURES: High Wednesday, 103 degrees; low, 70 degrees; reading at 7:30 a.m. today, 73 degrees.

East Texas: Partly cloudy through Friday with widely scattered thundershowers mainly near coast. Not much change in temperatures.

South Central Texas: Partly cloudy through Friday with widely scattered thundershowers. Not much change in temperatures.

North Central Texas: Clear to partly cloudy through Friday. Not much change in temperatures.

Northwest and Southwest Texas: Partly cloudy through Friday with isolated mostly nighttime thunderstorms. Not much change in temperatures.

West Gulf: Mostly east and southeast winds 5 to 15 m.p.h. and widely scattered showers through Friday.

All Quiet As Negro Girls Back In Little Rock School

LITTLE ROCK, Ark. (AP) — Three Negro girls strolled back into Hall High School for a second day of integration there with only a slight stir from segregationists.

Before the three Negroes arrived, two attractive white girls drove by in a convertible bearing signs:

"Integration Is Communism" and "We Are For Faubus."

The 25 policemen standing by paid no attention to the car which did not stop.

Otherwise, the segregationists were quiet. Officers used clubs and fire hose on some 200 men, women and children near Central High School Wednesday to break up a mass protest.

Central reopens at 1 p.m. (CST) for its second day of integration. Only one Negro, Jefferson Thomas, 16, is expected there today. Elizabeth Eckford went the first day only to consult her counselor.

The three Negro girls walked into Hall at 9:26 a.m. (CST), four minutes before school opened. They came up in a black Cadillac driven by a Negro man. A Negro woman was in the front seat and the three girls were in the back.

The car moved up in the regular line of traffic, cars bumper to bumper with police directing them. The Negroes' car stopped at a corner 150 yards from the school's front door.

The Negro girls walked down the street, crossed a driveway and walked into the school.

Ten white boys came out on the front porch of the school. They sat on a railing as the Negro girls approached but they said nothing to them as they went in.

Peace had been predicted for today, after Wednesday's violence and parade.

The paraders, coming from a rally at the state capitol where Gov. Orval E. Faubus addressed them, shouted "Cowards!" at the policemen. Twenty-three of them were arrested.

In the schools themselves, officials said everything was normal.

One segregationist said he knew of no plans for any rallies today. He is the Rev. Wesley Pruden, past president of the Capital Citizens Council, which spearheads segregation forces here.

Other segregation leaders could not be contacted.

Faubus, who advised the rally to avoid violence, remained at his mansion. He said he would keep in touch with his "people" for developments.

Two Negroes went to Central Wednesday, but only one will go back today, said Mrs. L. C. Bates, president of the Arkansas branch of the National Assn. for the Advancement of Colored People.

She said Elizabeth Eckford went the first day of school only to consult with her counselor: Elizabeth, one of nine Negroes enrolled at Central in 1957, has gained enough credits through correspondence to enter college.

That leaves Jefferson Thomas, 16, another veteran of 1957, as the only Negro at Central. He is a senior.

Burn Victims Are Taken To Galveston

Two Snyder children who suffered serious burns in an accident here July 27 were taken to Galveston today for treatment by a skin specialist.

The two are Patricia Massingill, 14, and Stephen Massingill, 6, children of Mr. and Mrs. E. D. Massingill, Route 1.

Both children are still in serious condition. Their treatment at John Sealy Hospital at Galveston will include plastic surgery. Their stay there is expected to be from two to four months.

The children were taken this morning by Bolger ambulance to Winston Field, where they were placed on a plane for the flight to Galveston.

The Massingill children suffered third degree burns when gasoline they had spread on weeds they were burning caught fire unexpectedly.

Burned at the same time, but less seriously, was their cousin, Joe Dyess, 6, son of Mr. and Mrs. J. F. Dyess of Garland. He was dismissed from Hospital last Friday and sent to his home in Garland.

E. D. Wilson Dies Today

Edgar David Wilson, longtime resident of Scurry County, died at 5:30 a.m. today at this home at 118 Peach Street after a long illness.

Mr. Wilson, a retired stockfarmer and rancher, had been a Scurry County resident since 1891. He was born April 13, 1885, in Hamilton County.

He was married March 16, 1913, to Della Johnson in Snyder by the Rev. Walter Leach. He was a member of the First Baptist Church here 34 years.

Funeral services will be held at 3 p.m. tomorrow at the First Baptist Church, with the Rev. G. M. Cole, pastor, officiating, assisted by the Rev. Jimmie Nelson, pastor of the Colonial Hill Baptist Church. Burial will be in the Snyder Cemetery under direction of Bell Funeral Home.

Survivors include the widow; two sons, Preston Wilson and Kenneth Wilson, both of Snyder; three sisters, Mrs. T. A. Mebane, Mrs. Henry Kelley and Mrs. Lil Jo Colwell, all of Snyder; two brothers Frank Wilson of Snyder and Emmett Wilson of Farmington, N. M.; and seven grandchildren.

A daughter, Maxine Wilson, died Oct. 28, 1918, at the age of 22 months.

Panel Votes To Hike Federal Gasoline Tax

WASHINGTON (AP) — The House Ways and Means Committee today voted a one-cent increase in the federal gasoline tax effective Sept. 1 to keep the super highway program going.

The extra levy would remain in effect for 22 months.

The committee voted also to divert to the highway fund some of the taxes now collected on automobiles and automobile parts.

The gas tax increase is less than the 1½ cents asked by President Eisenhower, but is estimated to be enough to maintain the rate of highway construction at close to its present level for the next three years.

The committee action broke a long deadlock over sources of revenue to keep construction moving on the 41,000-mile network.

Although the committee on previous occasions had repeatedly turned down further increases in the gasoline tax, it reversed itself today and voted 16-9 to boost the 3-cent motor fuel tax to 4 cents.

The 4-cent tax would remain in effect until June 30, 1961.

Thereafter, additional funds would be obtained for the next three years by diverting from the general fund of the treasury one-half of the revenue from the 10 per cent automobile manufacturers' excise and two-thirds of the 8 per cent excise on automobile parts and accessories.

It was estimated that the extra highway money would allow apportionment to the state of $1,800,000,000 this year for construction in fiscal 1961 starting next July 1, and 2 billion in fiscal 1962.

The highway fund has been exhausted by a speed-up voted by Congress last year as an anti-recession measure. At that time the pay-as-you-go feature of the law was temporarily suspended.

But with that section of the law back in force officials have said that without new money they can make no allotments to the states this year. Numerous states have already suspended contracting.

The federal government reimburses the states for 90 per cent of the outlays on the interstate system.

Labor Bill Hangs On Thin Balance

WASHINGTON (AP) —The outcome of the bitter House battle over labor racketeering controls hung on a razor-thin balance today.

The result could be determined in a quick windup before nightfall — or drag on indefinitely. A half dozen votes could decide the issue.

The issue rested between a bill backed by Democratic leaders as a middle ground approach, and a more stringent measure personally supported by President Eisenhower.

As tempers flared, the House Wednesday defeated by an overwhelming 245-132 vote a measure carrying the official endorsement of the AFL-CIO and most other organized labor groups.

Sponsored by Rep. John F. Shelley (D-Calif), the labor-supported bill skirted the issues of bans on secondary boycotts, "hot cargo" agreements, and other points stressed by the President as essential to effective labor legislation.

Its defeat had been a foregone conclusion. Both Democratic and Republican leaders opposed it as failing to meet the test of anti-racketeering curbs.

The House also killed, by a 215-160 vote, an amendment proposed by Rep. Adam Caltyon Powell (D-NY) to prohibit segregation or denial of union rights on grounds of race, creed, color or national origin.

Critics charged the Powell amendment was designed to kill effective labor legislation by injecting civil rights issues. After a brief but sharp skirmish, the House agreed.

As battle was joined today, leaders estimated 10 or 15 undecided members held the balance of power in the teetering struggle over passage of a "tough" or "moderate" bill designed to insure the Democratic rights of union members, require unions and employers to report their financial dealings, and cope with such disputed matters as boycotts, "blackmail" picketing and the duties of the National Labor Relations Board in minor side-line disputes.

Democratic strategy—aimed at eventual passage of the "middle road" bill drafted by the House Labor Committee — was to give preliminary approval to the "tough" Eisenhower proposals and then kill them finally on a showdown roll-call vote placing members on record.

By such strategy, Democratic leaders hoped to create a parliamentary situation which would leave the House with no choice but to accept the committee bill or go on record as refusing to approve any curbs at all on labor racketeering. Few members were ready to take the latter alternative.

But Democrats were frankly risking their chances on the possibility the House would reject the Eisenhower-backed bill, just as it crushed the labor-backed measure.

In such an event, the House would have an open field for wholesale amendments to the Democratic-backed measure under prevailing parliamentary procedure.

Light Rains In Far West

By The Associated Press

Light rain fell in far West Texas and thundershowers sprinkled the Upper Texas Coast early Thursday.

Palacios reported thundershower activity for the fourth straight day and Corpus Christi noted thundershowers for the second day in a row.

Skies were clear elsewhere.

Temperatures will remain at about the same levels as during the rest of the week, the Weather Bureau said.

Forecasts call for thundershowers in East and South Central Texas, particularly along the Gulf Coast, and occasional thunderstorms in West Texas.

Showers fell over wide areas of the state Wednesday, but moisture wasn't heavy enough at any one point to be measurable.

Temperatures Wednesday afternoon ranged from 88 at Galveston and Victoria to 106 at Presidio. Laredo had 101 and all other weather stations had maximum readings in the 90s.

Report Steel Industry Has Rejected Price Cut Proposal

By NORMAL WALKER

WASHINGTON (AP)—The steel industry, it was reliably reported today, has rejected a suggestion that it cut steel prices $10 a ton in lieu of granting a wage increase in the current strike situation.

The suggestion was made by Rep. Chester B. Bowles (D-Conn.) in a letter to President Eisenhower who in turn had it referred directly to Chairman Roger Blough of the U.S. Steel Corp.

Blough is said to have turned down the idea on the ground that in settling the monthlong strike the steel companies are going to have to give the strikers some sort of wage increase anyway.

So far the industry's position is that it cannot, in the public interest, increase steel labor costs and thus spur inflation. The striking United Steelworkers contend that this is an attempt to reverse traditional American economic policy that workers are entitled to regular sharing in profits.

Bowles told a reporter if the industry quit along with its proposals he felt sure the steelworkers union would have to abandon its wage increase demands in the public interest. Bowles was the government's World War II price administrator.

The effect of a steel price cut would help the entire economy, Bowles said. It would probably mean that prices of new 1960 automobiles would have to be lower, too.

"We've just gotten out of the habit of cutting prices. But once started the idea would catch on."

With steel negotiations continuing in a complete stalemate in New York, other facets of the situation became known:

1. The administration has no intention of invoking the Taft-Hartley law's national emergency provisions at least until Sept. 15 or Oct. 1. Officials are convinced there will be no sizable steel shortage until then.

2. Secretary of Labor James P. Mitchell, who is studying the possibilities of invoking the law, has conferred several times with top figures in the steel companies and striking union.

3. The union is convinced that with no settlement likely the government won't will have to intervene either by invoking Taft-Hartley or other method.

4. U. S. Steel revealed it has sent out a statement to striking employes saying the union has exaggerated the effect of steel management proposals to change work rules. U.S. Steel's statement said that from 1940 through 1958 its worker employment costs have risen 288 per cent while shipments of steel products increased only 30 per cent.

5. In reply the union said the work rules couldn't be too much of a problem at U.S. Steel because there have been only 135 cases involving work rules in U.S. Steel grievance procedures since 1947. Out of the 135 cases, the union said, the company won all but 23 in arbitration. Also, the union said industry profit per man-hour rose from $1.47 in 1947 to $2.28 in 1958, or an increase of 47 per cent.

Hope Congress To Miss Krushchev

WASHINGTON (AP) — The Eisenhower administration apparently will be happy if Congress goes home before Soviet Premier Nikita Khrushchev comes to town.

That is the definite impression Vice President Richard M. Nixon has obtained from his Capitol Hill associates. Many members of Congress have let it be known they hope Congress adjourns soon.

Nixon and other administration leaders apparently believe that if the legislators have return to their homes, blasts by individual members will be less likely to draw national attention. A concentration of adverse remarks, they feel, could create embarrassing incidents while Khrushchev is in Washington and touring the country at President Eisenhower's invitation.

Meantime the verbal reactions to Khrushchev's forthcoming visit continued.

Sen. Thomas H. Kuchel, R-Calif., the assistant Senate Republican leader, said in an interview he thinks "Americans have been told quite enough times now to be courteous to Mr. Khrushchev."

"Americans will be courteous," he said, "but we don't roll over and play dead for anybody. We need not apologize for demonstrating, courteously of course, our hatred of enslaving peoples, by communism or otherwise."

Sen. Thomas J. Dodd, D-Conn., said in a prepared senate speech that while he does not object to a meeting between Eisenhower and Khrushchev "let there be no cheers for the Red dictator, no crowds assembled to greet him, no flattery or flowers."

Dodd, who has announced he would move to adjourn the Senate if an effort were made to bring Khrushchev into the chamber, said he thinks "bringing Khrushchev to this country is a dreadful wrong."

"It is bound to hurt us and the causes we represent," he said.

A proposal by Sen. Albert Gore (D-Tenn.) that Eisenhower introduce Khrushchev for a speech to the Senate drew immediate opposition from Sen. Frank J. Lausche (D-Ohio).

Lausche said nothing could be gained by anybody by having the Soviet leader reiterate his views.

Troubled Thinker Is Discovered

PONTIAC, Mich. (AP) — Bernard J. Blechars, divorced and saying he was behind in his alimony payments, was troubled and fearful that police were looking for him. He went into the woods to think.

He stayed there three months.

Police found him along a highway Wednesday in fashionable suburban Bloomfield Hills. The 32-year-old Detroit shipping clerk's clothes were in rags. His hair and beard were matted with dirt.

He weighed 80 pounds. He was a husky 175 when he began his self-imposed exile from society May 9.

"I'm divorced," Blechars mumbled to incredulous officers. "I was behind in my alimony. I thought the police must be looking for me. I found this place. It looked like a pretty good place to be."

For three months, Blechars said, he ate apples and berries, drank water with his hands from a muddy creek and covered himself at night with a piece of plywood.

"I didn't do anything," he said. "I just thought."

He gave no reason for leaving the woods. Police said they had no warrant for his arrest.

The place in which he lived is a swampy, secluded spot within shouting distance of several houses belonging to the wealthy who live in the suburb.

Blechar's ex-wife, Nancy, 24, reported him missing the day he said he entered the woods. He had quit his job as a shipping clerk at a Detroit manufacturing firm about a week before. The Blechars, parents of a 4-year-old girl, were divorced in July 1958.

Physicians said Blechars, a Marine who served in the Pacific in World War II, was suffering from malnutrition and loss of weight, but otherwise showed no ill effects from his experience.

Station Where Casey Crashed Still Open

JACKSON, Miss. (AP) — The Mississippi Public Service Commission has turned down a railroad request to close the station where Casey Jones crashed into immortality 59 years ago.

The commission ruled against the Illinois Central's petition to discontinue service at Vaughn on the grounds that the station was losing money. The commission held the service was needed to attract industry.

Casey Jones made the Yazoo County town famous when he wrecked his train in trying to make up time on the run from Memphis, Tenn., to Jackson, Miss.

Charge Is Dropped Against Girl, 15

ELMIRA, N.Y. (AP)—A murder indictment against Jane Ann Stusko, 15, has been dropped and she has been transferred to Children's Court.

Her brother and six of her sister's died July 11 in a fire that police said she admitted setting in her house.

Justice Floyd E. Anderson dismissed the seven-count indictment Wednesday. The grand jury recommended this because of Jane Ann's age and "circumstances surrounding the case." The jury did not elaborate on the circumstances.

Glen Canyon Dam in the Colorado River will be completed in 1964, to water about 110,000 square miles of arid land in Arizona, Colorado, Utah, New Mexico and Wyoming.

BIRTHS

Mr. and Mrs. Jesse Cadena, 1911 Twenty-third Street, are parents of a son weighing six pounds, 10 ounces, born at 10:45 p.m. yesterday in Cogdell Memorial Hospital.

No Housing Deal Johnson Declares

WASHINGTON (AP)—Sen. Lyndon B. Johnson (D-Tex.) told the Senate today he doubts that the Democratic party made any profit in the unsuccessful effort Wednesday to override President Eisenhower's veto of the housing bill.

Johnson denied the effort was made because of disagreement on the President to veto a scaled-down housing bill proposed by the Senate Banking Committee or that there was any "deal" between him and the White House.

The Senate voted 55-40 to override the veto—with most Democrats favoring this move. That was nine votes short of the two-thirds majority required.

Johnson, who voted to override, said the test was made to give Democrats a chance to go on record even though he and every other senator knew before the vote what the result would be.

Sooner or later, Johnson added, senators must decide "whether they want an issue or want housing."

Some Democrats believe the test may result in great gains to our party," Johnson said. "I don't think so," he added.

He compared the move to tactics of a billy goat who butts his head against a stone wall.

Johnson's comment came after Sen. Richard L. Neuberger (D-Ore.) said the vote "confirmed and sustained" Johnson's earlier decision not to push for an even larger bill than the one vetoed.

Work on a proposed cut-down housing bill was started today by the Senate Banking Committee.

Some members said the Senate vote Wednesday sustaining President Eisenhower's veto of the $1,375,000,000 housing bill sent him in June had cleared the air and paved the way for fast action on a substitute.

Sen. John Sparkman (D-Ala.) told a reporter the full committee would base its new proposal on a trimmed-down $1,050,000,000 compromise bill written last week by Sen. Homer E. Capehart (R-Ind.), senior Republican on the subcommittee, predicted that Eisenhower would sign this new bill if only minor changes were made in it.

The Senate voted 55-40 to override the veto, nine votes short of the two-thirds needed.

Navy Seeks Husband For Space Monkey

By FRANK CAREY
Associated Press Science Writer

PENSACOLA, Fla. (AP) — The Navy is planning to get a husband for Miss Baker, the half - pound monkey which made history as one of the country's first space travelers.

And a brand new home is being built here for the prospective couple—a home that is swank enough for a honeymoon cottage, though not much larger than a couple of telephone booths.

But the Navy's cupid - playing role is largely scientific rather than romantic.

The "marriage" was disclosed today in a reporter checking on the status and future prospects of the tiny, giggle - eyed squirrel monkey that survived a 1,706-mile-long 366-mile - high, 10,000-mile-an-hour ride through space May 28.

The Navy is interested in a romance for Miss Baker because scientists at the Naval School of Aviation Medicine here want to find out if the "monkey's space flight could result in "any abnormalities in reproduction" due to possible radiation exposure.

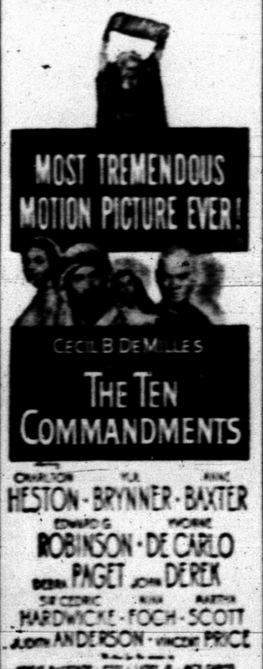

The room being prepared for Miss Baker and her bridegroom is seven feet wide, five feet deep and seven and one-half feet high. The walls and ceiling are covered with formica; there is a tile floor, and there will be special lighting and air conditioning.

It looks like a young bride's dream.

Taken To Abilene

Mrs. Iris Conner, Sun Oil Camp was taken by Bell ambulance this morning from Cogdell Memorial Hospital here to Hendrick Memorial Hospital in Abilene.

Motorists Reminded Of New State Law

AUSTIN (AP) — The Department of Public Safety director has cautioned motorists a new state law provides for the suspension of the license of any driver convicted of four moving traffic violations within a year.

Col. Homer Garrison Jr. said Wednesday the law defines the term habitual violator for the first time. If a justice of the peace or other magistrate finds a driver to be an habitual violator, the DPS may suspend his license.

An habitual violator also may lose his license for seven moving traffic violations within two years.

Say Decisions No Danger To Security

CHICAGO (AP) — The security of the United States has not been endangered by any Supreme Court decision, says the American Bar Assn. Committee on the Bill of Rights in a report made public Wednesday.

Bolt Kills Guardsmen

EL PASO, Tex. (AP) — Lightning ripped through a field headquarters in the desert north of here Wednesday, killing two New Mexico National Guardsmen.

Twelve others were injured.

Names of the men killed were withheld by the Guard pending notification of next of kin.

Col. Glen Lovette, a New Mexico Guard spokesman, said the injured suffered principally from shock. He said all of them probably will be released from William Beaumont Army Hospital in El Paso today.

Witnesses said the lightning bolt struck and killed one man who was standing in a chow line, then ricocheted 50 feet to a command tent where the second victim was killed.

Col. Lovette said a number of men in the area escaped injury.

The dead and injured were among Guardsmen who arrived at Ft. Bliss Monday for an annual summer encampment. They were in training 40 miles north of El Paso.

Mr. Dan Bonner of Abilene was dinner guest in the Lee Holladay home Sunday.

Mr. and Mrs. J. L. Byars and Connie Sue were Sunday afternoon callers in the Grady White home at Dunn.

Mr. and Mrs. Don Grant and children of Snyder, were Sunday afternoon visitors in the home of his parents, Mr. and Mrs. E. E. Grant.

Mr. Earnest Sorrells of Dunn visited in the J. L. Byars home Friday afternoon.

Mr. and Mrs. R. C. Taylor have returned home after a summer vacation. Mr. Taylor is coach of Ira High School.

Try This Exciting Dessert For A Conversation Piece

The easy - going, friendly atmosphere of the continental coffee houses can readily prevail in your home. The ingredients creating this camaraderie? Strong, hot, flavorful coffee and rich luscious pastries.

The cake is based on a luscious cocoa chiffon cake mix in four layers with whipped cream fillings of green pistachio, pink peppermint and golden rum flavoring. Its frosting is cinnamon and cocoa flavored, and it can be prepared ahead of time and chilled or frozen until served.

The famous espresso shops of Europe and Greenwich Village have been springing up throughout the country, and are built around the fancy espresso machine with its several faucets. However, small versions, known as "macchinettas" are available for brewing the special coffee at home.

Here's the recipe for the conversation - piece cake.

Spumoni Chiffon Cake

Heat oven to 350 degrees (moderate). Make cake as directed on Cocoa Chiffon Cake Mix pkg. When cool, remove from pan and slice horizontally into 4 layers. Whip 3 cups whipping cream and 3-4 cup sifted confectioners' sugar until it forms soft peaks. Divide into 4 parts. Put cake together with Fillings (recipe below). Wrap aluminum foil around sides of cake and chill or freeze until serving time. If frozen, thaw 2 to 3 hours before serving.

Bottom Filling: To ¼ of the whipped cream, add: 4 to 6 drops green food coloring, 1 tsp. vanilla, ¼ cup chopped pistachio nuts.

Second Filling: To ¼ of the whipped cream, add: 4 to 6 drops red food coloring, ¼ cup crushed peppermint candy (about 3 sticks)

Third Filling: To ¼ of the whipped cream, add: 4 to 6 drops yellow food coloring, 1 tsp. rum flavoring.

Topping: To remaining whipped cream add: ¼ tsp. cinnamon, 3 tbsp. sifted cocoa.

Note: To frost cake completely with cocoa whipped cream, whip an additional cup of whipping cream with ¼ cup sifted confectioners' sugar and add ½ tsp. cinnamon and 3 tbsp. sifted cocoa. (If frosted, do not wrap in aluminum foil for freezing.)

Unmolding Method

No small spatula in the kitchen? You can use a butter spreader to run around the sides of a gelatin mold before dipping in hot water and turning out.

New Variety In Men's Fall Shoes

By DOROTHY ROE
AP Women's Editor

THERE'S a new look in men's shoes for fall.

Even dyed-in-the-wool conservatives, who have worn the same shoe styles for the last 20 years, are being tempted by the new light-weight, streamlined styles.

Big thing for fall is the importance of brown shoes for town wear. Men who previously wouldn't be caught dead in anything but black plain-toed oxfords in the city now are being won over by some of the new and handsome dark brown shoes, either ties or step-ins often with black touches.

Some of the new town brown shoes have black laces, sole and welting, for a new effect. Others combine smooth and grain leathers.

Men's shoes also offer a variety of styles this year, specifically designed for special occasions. There is the continental high-tie oxford for evening, cut from a single piece of black patent leather. There are many new versions of the ankle-boot, some fleece lined, for sports and country wear.

The slip-on shoe with moccasin toe has taken on city ways also, and is seen in either deep brown or black, in fine, highly polished leathers, with slim, elongated lines and two children of Amarillo, visited Sunday and Sunday night with his sister, Mrs. Edd Franklin and family.

Mr. and Mrs. D. L. Bowles, Mr. and Mrs. Doyle Lovell and son Ronnie were picnicing Saturday night at Seven-Wells near Colorado City.

Mr. and Mrs. P. A. Ware of Snyder visited Sunday afternoon with Mr. and Mrs. Edd Franklin and family.

Mr. and Mrs. J. E. Sorrells visited Sunday in the Huddle home at Lamesa.

Mr. and Mrs. E. L. Skelton of Albany, are visitng with their son Cliff Skelton and wife.

Jerry Skelton of Odessa is visiting with his grandparents Mr. and Mrs. Cliff Skelton.

Mrs. Raymond Boyd visited Saturday at Big Spring.

Rev. Thomas Lynn is conducting the song services at the Ira Baptist Church this week during the Revival hour.

4-H Girls Have Demonstration On Appliances

The Scurry County 4-H Club girls participated in a program of training in the use of electrical appliances, presented jointly by Miss Ruby Butts, County Home Demonstration Agent and Mrs. Tommy Preston of Texas Electrical Company, on Wednesday.

Girls participating were Helen Stirl of Pyron-Loraine Highway 4-H Club, Sue Christian, Mary Beth Christian, Linda England, and Susan Gracey of Snyder, 4-H Club.

Appliances the girls learned to use and care for were, mixers, fry pans, souce pans, waffle baker, blender, can opener, range, oven, dishwasher, and disposal unit.

Switzerland completed the world's highest dam, the 780-ft. Mauvoisin, in 1957.

Misses Dorthy Bowles, Francis Weeg and Ann Ulmer spent Sunday in the D. L. Bowles home.

Mr. and Mrs. John Poindexter

WOMEN'S CALENDAR

THURSDAY

Methodist District — wide WSCS to 2:15 p.m.
seminar in Stanton from 9:30 a.m.

SUNDAY

Lamar County reunion will be held at McKenzie Park, Lubbock. Each family is to bring a lunch and enjoy the old time reunion.

Cantaloupe And Pineapple

INGREDIENTS: 1 medium-sized cantaloupe, 1 can (1 pound and 4 ounces) pineapple chunks, 2 tablespoons kirsch (if desired).

METHOD: Cut cantaloupe in half the long way; remove seeds. With a mellon-baller or round-bowled ½-teaspoon measuring spoon cut balls out of cantaloupe flesh. Add to pineapple chunks and syrup. Stir in kirsch if used. Chill. Makes 6 servings.

Line Cake Pans

If you bake cake a great deal, your pans may become seasoned so that cakes come out of them easily. But if you are in doubt, grease the bottom of the pan, line with waxed or brown or parchment paper, then grease the paper.

There are more than 200,000 chemical by-products of bituminous coal.

OUR VIEW

Patience Is Needed

Although it is proceeding slowly but surely, racial integration remains a major issue, not only in the South, but in virtually every section of the United States.

Activity had simmered, but had not completely run its course in Little Rock where demonstrations developed again Wednesday when schools reopened with "limited" integration. This followed by only a few days a demonstration in a residential area of Chicago, where white residents gathered near an apartment building which reportedly had been sold to ownership planning to house Negro families.

Thus, it appears that integration is far from an absolute reality above the Mason-Dixon line, despite the fact that integrated schools and transportation systems are for the most part accepted there as a routine.

The South, which admittedly has a greater problem than northern areas, still finds its situation complicated by the zeal of outsiders, so to speak, who do not come into the case with lily-white hands.

Nevertheless, the general tone surrounding the racial issue has changed somewhat during the past two years, or since the first major disturbances in Little Rock. Many sincere segregationists now refer to it as a "when" rather than an "if" proposition.

More trying situations are in store before the problem is resolved, but many of them may be alleviated if space age carpet baggers will hold their tongues and demonstrate some patience. like the old gray mare, Dixie may not be what it once was, but it doesn't like to be pushed into hasty decisions.

Crawford Plans For Dual Future

By HAL BOYLE

NEW YORK (AP) — "My husband loved me for the strength I had of spirit and soul," said Joan Crawford, "and he'd come back and haunt me through eternity if I didn't go on now with happiness and joy.

"I still can't bring myself to have a date. I go out with married couples.

Joan, a real-life Cinderella herself, played dozens of Cinderella roles in her 30-year career as a film star. But what happens when Cinderella becomes a widow?

This role was thrust upon her when her fourth husband, Alfred Steele, board chairman of the Pepsi-Cola Co., died of a heart attack.

His sudden death left Joan stunned. The two had been constantly together for four years. She had handled much of his correspondence, traveled more than 200,000 miles with him.

"I can say what few women can say," Joan recalled. "I had perfection in love. Every day of those four years he told me he loved me. He was a wonderful, wonderful man. I'm the luckiest dame that ever lived.

"At first after his death I just wanted to stay home and sit. Lethargy set in. I finally had to tell myself, 'Pick yourself up and be the glamorous person you're supposed to be.'

"Alfred was always proud of what I'd done, and told me he never wanted me to give up my work."

Miss Crawford plans a dual future as business woman and actress.

She was elected a director of Pepsi-Cola the month after Steele died. Recently she finished a role as a lady paperback editor in Jerry Wald's production of "The Best of Everything."

"I'm on the screen only seven minutes," she said. "But I liked the part, and I want to do other movies and TV films if I can find what I want."

What can an actress do for a soft drink firm?

"I'm not under contract to them," she said, smiling. "But I still do work for them. I'd like to help carry out my husband's promotional thinking."

Her four adopted children are currently in her West Coast home. Joan lives alone with a maid in the big showplace Manhattan apartment in which her husband died.

At 51 she is still slender, glamorous and one of the world's best-dressed women.

Ike's Reasons For Krush Invitation

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — What's behind President Eisenhower's invitation to Premier Nikita Khrushchev to visit him in the United States?

One thing is sure: This meeting will delay a showdown on Berlin where the Soviet Union has threatened to force Allied troops out of the city.

But the following — except for background material in parentheses — expresses the President's views.

The diplomatic situation could not get worse. There aren't any more cards to play. Eisenhower wants to get something moving, although he hopes no one will expect miracles.

Only two roads to the future are open:

1. Either you go along the road of the armaments race by which you defeat yourself or end up with the cataclysm of war, or—

2. You try the road of mediation in the hope some way can be found to solve problems.

The President and the late Secretary of State John Foster Dulles had talked many times about the idea of inviting the Soviet leader to the United States. They agreed it might be done whn it would serve a useful purpose.

Dulles, however, was concerned about the effect on the Allies and other nations. Timing was a key consideration. Then last February British Prime Minister Harold Macmillan went to Moscow to see Khrushchev. Dulles thought this took him and Eisenhower off the hook and they now could invite Khrushchev any time.

While it is difficult to look upon a meeting between the top men in governments — such as Eisenhower and Khrushchev — as anything but a summit meeting, Eisenhower seems to consider it just an informal get together.

He repeatedly has talked of a summit meeting as one which, in addition to himself and Khrushchev, would include heads of the American allies: Britain and France.

The President has very modest hopes for any concrete results from Khrushchev's visit here. He considers him woefully ignorant about the United States. But Eisenhower has four main objectives in inviting him:

1. To get him to understand more accurately what the United States is.

At his news conference Wednesday, for instance, the President explained he would like to take Khrushchev on a helicopter flight over Washington to show him the thousands of small homes around Washington, homes like the model on display at the American fair in Moscow.

The President would also like Khrushchev to see the parking lot at the Willow Run auto plant because he didn't believe it when Vice President Richard M. Nixon told him there were 60 million cars in this country.

2. The President would like to improve the climate of international relations in the hope there can be some productive negotiations with him.

He considered as hopeless the many weeks of negotiations this summer as Geneva between the American - British - French - Soviet foreign ministers on Berlin, where Khrushchev has threatened to force the Allied troops out.

Eisenhower looked upon the foreign ministers and their governments — in their performance at Geneva — as handcuffed and chained to a wall: they couldn't move. Eisenhower wants to see this situation changed.

He would like to see the foreign ministers get back to negotiating but next time with some hope of success.

He emphasizes he and Khrushchev won't negotiate but just talk things over. He seems fixed on the idea that negotiatidns should be carried out by ministers. Some people feel any Eisenhower-Khrushchev talks are in effect negotiations.

Government Sees Stable Economy

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Cheaper, or at least stable, food prices and the wherewithal to pay them are implied today in two government reports.

One predicts abundant harvests. The other reports record employment as the nation heads into the period that usually sees the lowest volume of unemployment for the year.

A prolonged steel strike could cause layoffs in factories that need the metal. This would cut total consumer incomes. But if settlement can be made by mid-September, unemployment should dwindle further. Any more paychecks would add to the increasing total of personal incomes.

Abundant supplies of most foodstuffs is reported by the Agriculture Department. And the chances for cheaper meats soon are based on two factors: above-average production of feed grains and hay; and the steady buildup in livestock herds so that more animals will be shipped to the market this fall and next year.

The corn crop is expected to be the biggest in history, topping last year's record by 10 per cent. The hay crop is larger than the 1948-57 average. The department estimates total production of feed grains as 135 per cent higher than the 1947-49 average.

This means that livestock raisers will have abundant feed for fattening cattle, pigs and lambs. They have been bush building up herds depleted during the drought years. This will soon be pushing more steers into the stockyards. And it should end the policy of recent years of withholding breeding stock.

The hog population seems sure to stay high through the fall and spring. Big corn harvest tends to boost hog production.

Thus meat supplies should grow more plentiful and prices should ease.

After Labor Day—if the steel strike ends in a few more weeks — employment, workweeks and earnings all should rise.

The auto makers will be starting work on the new models. Other manufacturers will be turning out goods for the Christmas and general winter trade. It could mean another boom.

Museum Hit By Thieves

CAIRO (AP) — Investigators have discovered that the Cairo museum has been systematically looted of antique treasures. The remaining treasures of ancient Egypt have been sealed, and a check is being made to determine how much was stolen.

The robberies came to light when a touring Soviet professor noticed that one of King Tut-Ankh-Amen's scepters was missing from its display case. He counted only 10 when the sign said 11.

All points of exit from Egypt have been alerted against attempts to smuggle the sceptre or any other relics out of the country.

The Cairo press reported that 25,000 antiques are missing from the museum.

Negroes Move Into Apartment Buildings

CHICAGO (AP) — Two Negro families moved into a three-story apartment building in a previously all-white neighborhood Wednesday. Police patrolled the area and no incidents were reported.

The apartment building at 4338 W. Jackson Blvd., on the West Side, had been the target of demonstrations last week.

Demos Threaten To Transfer Convention

LOS ANGELES (AP)—A squabble that could cost Los Angeles the 1960 Democratic National Convention neared a showdown today.

Democratic National Chairman Paul M. Butler warned that unless a convention ticket dispute is settled by Monday he will start looking for another site.

Kenneth Hahn, Los Angeles County supervisor with whom Butler talked by telephone Wednesday, said he expects a compromise will be worked out by Saturday.

But, Hahn said, if that fails a new group is ready to finance the convention.

"I learned from a very high Democratic official that another group is ready to put up the $350,000 to underwrite the convention," Hahn said. "It is willing to accept the 1,500 tickets offered by Butler."

He would not identify the Democratic official for the group.

The ruckus started when oilman Edwin Pauley, cochairman of the host committee, demanded 5,000 daily tickets to help pay off the $350,000 guarantee. He later agreed to a compromise of 3,133 tickets suggested by Los Angeles Mayor Norris Poulson.

Butler insisted that many tickets would not be available after necessary demands were met.

He said in Washington he would not budge from the 1,500-ticket allotment.

Pauley, contacted in Mexico City, stuck to his demand for 3,13. As far as he is concerned, the oilman added, the dispute was "settled a long time ago." He declined to comment when asked if there was a chance the host committee would back down further on the number of tickets.

The newly built sports arena in downtown Los Angeles is the scheduled site of the convention. The arena has a seating capacity of about 17,000. About 3,500 delegates are expected.

Because of the dispute, ticket allotments for the state delegations have not been completed.

Hahn, speaking of compromise possibilities, said he expects Pauley and Butler "will give a little."

Of Butler's statement that he wants the dispute settled by Monday, Hahn said: "It was no ultimatum. The National Committee simply has to begin making convention plans and can't be embroiled forever in a ticket hassle. Its position has been clear from the outset."

Miami Beach quickly made plain it was eager to jump back into the convention picture. Mayor Kenneth Oka said: "If they even suggest the possibility again of holding it here, we will come running. Miami Beach can show them a convention the likes of which they have never seen before. The door is still open."

Philadelphia said its original offer still stood. This included $350,000 in cash and fringe benefits totaling another estimated $350,000.

Carr Feels 'Obligation' To Make Race

LUBBOCK (AP)—Texas House Speaker Waggoner Carr said Wednesday night he felt he had an "obligation to run" for governor or attorney general next year.

The state representative from Lubbock for the last nine years said:

"People here have been real nice to me, and it looks like I would have a middling good chance to win.

"I sort of feel like it would be my obligation to run."

He said he probably will reach a decision some time this fall.

Carr told newsmen he believes he came out of the Legislature's four sessions (one regular and three specials) in a stronger position politically than when the regular session started.

He was criticized by some factions for his role in the tax squabbles. He said he believed a fairer tax program would be one that would "broaden the base." He has been accused of favoring a general sales tax and conceded to newsmen:

"I lost a few friends, but I gained a few."

"There are people in the state who are not paying their fair share of taxes," he said. He indicated the tax situation in Texas and economy in government would be major planks in his platform, particularly if he chose to run for governor.

Operators Of Home To Face Charge

EVANSVILLE, Ind. (AP) — Prosecutor O. H. Roberts Jr. said today he had prepared two charges involving operation of the Evansville Comfort Nursing Home where the Vanderburgh County grand jury reported patients' toenails were pulled out "as punishment for alleged misconduct."

The prosecutor declined to elaborate on the charges until warrants are served.

Roberts said Harold Barnes and his wife, Viola, are still operating the home although their state license expired July 1. The prosecutor said the couple failed to file a renewal application within the required period but since had filed one, which is pending.

He said he did not know how many patients are in the home now but relatives had removed several during the grand jury investigation.

Mrs. Barnes said the accusations are untrue.

The jury report said also that patients were punished for bed wetting "by pouring a disinfectant upon parts of their bodies."

New Marine Chief Man Of Few Words

By C. YATES MCDANIEL

WASHINGTON (AP) — Maj Gen. David Monroe Shoup, selected to be the new commandant of the U.S. Marine Corps, is a tough Marine of few words. He didn't talk his way to the top.

A quick look at the record tells how he got there.

The citation which went with the Medal of Honor he won in World War II makes it clear he's a Marine's Marine. It reads in part: "He was shocked by an exploding shell, suffered from a painful leg wound and was exposed to terrific fire . . . but rallied his hesitant troops and led them across the reefs to reinforce hard-pressed, thinly held U. S. lines.

"Once ashore . . . took command of all troops, worked without rest under fire for two days . . . conducted smashing successful attacks against strong and fanatically defended Japanese positions."

Shoup, now 54, won the Medal of Honor as a colonel while commanding the 2nd Regiment of the 2nd Marine Division against the Japanese at Betio Island in 1943. This was perhaps the most bitterly contested island at Tarawa Atoll in the Gilberts.

Shoup's reputation in the Corps as a man of few words keyed his first meeting with reporters after Wednesday's announcement that on Jan. 1 he would succeed Gen. Randolph McC. Pate, who is retiring at the end of this year.

Reporters, noting that he wears glasses, asked whether he was near or far sighted. He answered: "Both."

Asked about his favorite hobby, he gave reporters another one-word reply: "Shooting."

Shooting at what? The general didn't say.

But when pressed for more information about this interest, Shoup said that when he heard recently that a Marine marksmanship team had won a championship, he felt so "exhilarated that I went out and fired 30 rounds in the air."

Beyond that, his recreational interests run to chess, checkers, billiards, poker and golf. That's the order in which he named them.

He is known in the Corps as an officer who can be tough on inefficiency, and who doesn't waste words any more than he would permit the Marines to waste money while he was fiscal director and inspector general of the Corps.

The son of a farmer, Shoup was born Ded. 30, 1904, in Indiana. His home town is aptly named Battle Ground. He entered military service in 1926, after graduation from DePauw University in his home state.

Shoup has served with the Marines in many parts of the world and was one of the first Marines to go overseas in World War II. He has commanded the 1st and 3rd Marine divisions. Three months ago he was named commanding general of the recruit depot at Parris Island, S.C.

Teacher Works As Clown In Summer

LOS ANGELES (AP) — Schoolteacher Tom Kelly thinks a teacher should do something really different in the summer. So he's doing it—as a circus clown.

Kelly, 28, has been teaching the fifth grade at Lowville Academy in Lowville, N.Y., for six years.

In the summer he hits the road with Cristiani Bros. Circus, which opens here Aug. 20.

It was in 1956 that he got the idea that a circus ring would be a good contrast to a classroom.

"I had always been interested in the theater," he says. "I had done some work in the East, always in character parts.'

He wrote of his ambition to Ernesto Cristiani at Sarasota, Fla., and was invited to join up.

"It is facinating," he says. "We move almost every day. We don't play in a building but under the big top. We live in house trailers and eat in the cookhouse.'

Kelly works with an Italian clown, John Bogoghi, a veteran of 40 years.

"He's the hobo," Kelly said. "I'm the neat clown. I'm all in white with white makeup. It's an old European style."

Tom's no relation to the famous clown Emmett Kelly.

"I don't even come from a theatrical or circus family," he says. "You might say I came in over the side wall.'

Tom says he's found a lot of satisfaction in amusing people.

"In this day and age there just doesn't seem to be enough laughter,' he says.

But even under the big top he can't get away from teaching entirely. Each morning he holds class for the circus people's children.

Lost Woman Merely On 80-Mile Hike

TWIN LAKES, Colo. (AP)—A few days hiking alone in Colorado's roughest country—that's all Dr. Mary McGehee, 65, has been doing.

The retired Vassar College teacher returned late Wednesday to her Aspen, Colo., home. An 18-man search party called out by a frantic companion from whom she became separated was also back home.

Since last Thursday, Dr. McGehee said, she had hiked approximately 80 miles across the Continental Divide and back.

"I know my way around the mountains," she explained. "There was absolutely no need to get those men out of bed to look for me.'

PICK UP YOUR FREE ORBIT CARD BEGINNING FRIDAY FOR EACH WEEK

It's easy and it's fun to get into ORBIT at D&H. Free ORBIT cards await you at D&H or at this newspaper. If you picked up your ORBIT card just check it with the number below. There will be hundreds of ORBIT winners each week with three games per week and three chances to win grocery prizes. If you miss our newspaper ad you may check your card in the store—numbers will be posted. Different colored cards will be given beginning Friday of each week. Pick them up each week for the coming Thursday's game. Nothing to buy, no obligation, just get your ORBIT card and play. If you win, present the card at D&H and pick up your prize, plus a special SPACE card. It's easy, it's fun, it's profitable for the whole family to get into ORBIT.

HERE IS HOW YOU ORBIT INTO "SPACE"

When you get into ORBIT, that is, become a winner of the regular weekly ORBIT prizes, you'll also receive a SPACE card. Holders of SPACE cards will have a chance each week to win $250.00 plus an additional $50.00 added weekly until some lucky person does win. If there is more than one winner, the SPACE jackpot prize will be divided. Pick up your ORBIT card and if you get into ORBIT, you have a chance to go on into SPACE.

Reds In New Blast On Laos Situation

By JOHN RODERICK

TOKYO (AP)—The Communists fired off new charges today that the United States is attempting to convert Laos into a military base threatening Red China and North Viet Nam.

Peiping declared the situation in the Indochina kingdom, where royal troops have been clashing with Red rebels, "has worsened and become more grave."

While the war of words ground on, Laos' frontier with her Red neighbors apparently was quiet. Reports from Vientiane, the Laotian capital, said there had been no significant skirmishes in the mountainous jungles of northern Laos in a week or 10 days.

The U.S. State Department brushed off Red China's charge that the Americans are fomenting trouble in Laos. A spokesman said this is the same propaganda line the Communists have been peddling for weeks. There are 80 American military advisers in Laos, but the spokesman denied the United States has any bases or troops in the little Buddhist kingdom. U.S. military and security aid to Laos for the 1959 fiscal year totaled $22,900,000.

Red China charged "American imperialism has extended its military threat right to the borders of China and the (Communist) Democratic Republic of Viet Nam." The language of the article in the official Peiping People's Daily was reminiscent of that used by Peiping before Red China's intervention in the Korean War.

North Viet Nam, which Laos has accused of equipping and training the rebels, added to the propaganda din.

Premier Pham Van Dong sent notes to five Southeast Asian countries — Thailand, South Viet Nam, Burma, Cambodia and Indonesia — warning them against sending troops to Laos. He said this would undermine North Viet Nam's security.

Diplomatic sources at the United Nations said Secretary General Dag Hammarskjold is trying to arrange mediation of the dispute along the Laos-North Viet Nam border. Hammarskjold reportedly urged India to send an envoy from New Delhi to talk with the Hanoi government about charges of Communist infiltration into Laos.

A press bulletin issued in Vientiane said the number of Communist rebel troops operating in northern Laos "was considerably exaggerated in the panic of the first few days."

"The majority of competent persons estimate only several hundred partisans were engaged," the statement said.

Ike Remarks Causes Uproar In Denison

GETTYSBURG, Pa. (AP) — President Eisenhower, speaking of what he would like Soviet Premier Nikita S. Khrushchev to see on his coming visit, inadvertently provoked a small uproar Wednesday in Denison, Tex.

Denison is Eisenhower's birthplace, but when he was still an infant the Eisenhower family moved to Abilene, Kan., where he spent his childhood and young manhood.

The President told his news conference he would like Khrushchev to see 'the little town where I was born". Later, acting press secretary Wayne Hawkes said the President meant Abilene rather that Denison. Hawkes told newsmen to change the phrase to "the little town where I was reared" in the transcript of the news conference.

Before the clarification was issued, the mayor of Denison called a special meeting of the city council. The chamber of commerce also called a hurried meeting to work out plans for a visit from the Russian boss.

The contest of the resident's remark, as given in the transcript, seems to bear out that he was thinking of Abilene. He said of Khrushchev's forthcoming visit:

"I would like to see him, for example — I would like to see him go in the little town where I was born (later changed to reared) and pick up the evidence—of course there are some still alive when I was there, you know—and let them tell him the story of how hard I worked until I was 21, when I went to West Point, because he said in one of his conversations to Mr. Nixon 'What do you know about work? You never worked.' Well, I can show him the evidence that I did. And I would like him to see it."

It still isn't known whether Khrushchev will visit Abilene. But he appears less likely to visit Denison.

Boy, 6, Discovers A Hotter Place

LEBANON, Ohio (AP)—It was hot out in the sun but 6-year-old Philip Flannigan found a hotter place.

While his parents worked in their garden, he climbed into an automatic clothes dryer, the type which starts when the door is closed.

Philip closed the door. A short time later, an older brother heard him bumping around in the machine and pulled him out.

Except for being pretty hot and shaken up a bit, Philip wasn't hurt.

Mayor Plugs Trinity Plan

HOUSTON (AP) — Houston Mayor Lewis Cutrer today begins a final series of speeches plugging Houston's plan for Trinity River development.

Within the next two weeks, the mayor plans to speak at Anahuac, Livingston, and either Galveston or Texas City.

Houston's technical consultant on water problems, H. R. Norman, will discuss the proposals tonight before Texas City's League of Women voters.

The State Board of Water Engineers is to begin a hearing Aug. 31 on Houston's proposal to build a reservoir near Livingston and a salt water barrier near Wallisville.

The Trinity River Authority opposes Houston's plan and has intervened in the case. The TRA has a long-range master plan for Trinity development.

Veterans Pension Bill Cut By Panel

By JOE HALL

WASHINGTON (AP) — The Senate Finance Committee has slashed the 40-year estimated cost of a House-passed veterans pension bill by 21 billion dollars—it was learned today.

The effect of the cuts, voted by the committee in closed session Monday, would be to make the bill save $10,974,000,000 of the 105 billion dollars which under present law will be paid in pensions between now and the year 2000. As it passed the House, it would have cost $10,128,000,000 more than the law now provides.

The cut, estimated by the Veterans Administration and confirmed by several senators, is far deeper than newsmen were given to understand Monday after the committee voted.

The bill is to be called up on the Senate floor today.

Veterans organizations are urging senators to reject the Finance Committee amendments.

Senators Robert S. Kerr (D-Okla), Albert Gore (D-Tenn) and Eugene McCarthy (D-Minn) filed minority views protesting the committee's action. Kerr promised a floor fight.

The bill concerns pensions for veterans with none - service - connected disabilities and their dependents.

The administration proposed, and the House accepted, a new sliding scale for pensions based on need, affording a 40-year saving of 12 billion dollars.

The House, however, voted to make widows of World War II and Korean War veterans eligible, at a cost of 22 billion. At present only World War I widows enjoy this benefit.

Although accepting the widows equalization feature, the Senate committee heavily trimmed pension scales. This provided most of the big cut.

DA Cites 'Love Nest'

WEST COVINA, Calif. (AP) — Dr. Bernard Finch and Carole Tregoff shared a love nest for months before his wife was slain, Deputy Dist. Atty. Fred Wichello says.

Dr. Finch, 41, and Carole, 22, his former secretary, are charged with murdering Mrs. Barbara Finch, 33, who was shot to death July 18. Carole's preliminary hearing resumes today after a one-day recess.

Wichello said Dr. Finch rented an apartment in nearby Monterey Park 10 months ago and that Carole went there after separating from her husband James Papa. She divorced him last January.

The prosecutor said Mrs. Finch was aware of the apartment before she filed for divorce May 20.

Wichello said Dr. Finch rented the apartment under an assumed name and paid the rent through last July.

Investigators were led to the apartment through a television set which Carole left with a van line as part payment for storing furniture, Wichello said.

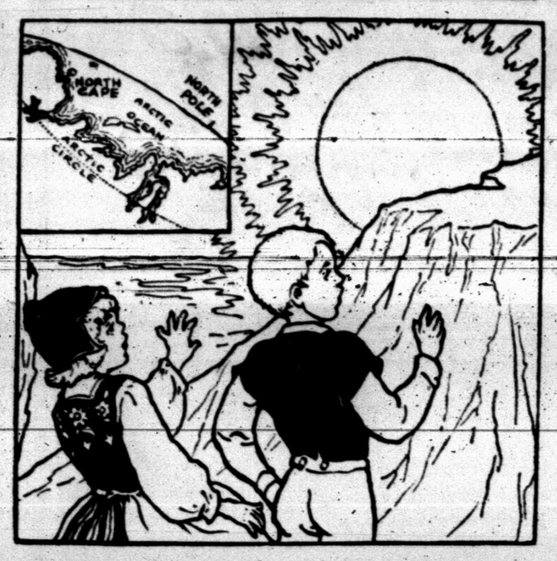

Three Children Swept To Death

PETOSKEY, Mich. (AP)—Two young brothers and their sister were swept to their deaths by an undertow Wednesday while wading in Lake Michigan.

Drowned were Connie Paige, 9, and her brothers Wayne, 8, and Gary, 7.

Judy Clark, 11, told state police the youngsters were waiding fully clothed in about two feet of water when a big wave rolled in. She said all three were knocked off their feet and swept out into the bay.

Junior Editors Quiz on GEOGRAPHY

QUESTION: Why is Norway called the "Land of the Midnight Sun?"

• • •

ANSWER: Norway lies so far north that for two full months in the summer the sun never sets. It is always visible above the horizon, even at midnight. But, on the other hand, there are two months during the winter when the sun never shines on northern Norway.

This is because the earth's axis is tilted, allowing the sun to shine on the North and South Poles at different times — but never at the same time — as the earth revolves about the sun. The Antarctic continent at the South Pole also has a midnight sun.

The "Land of the Midnight Sun" is that part of Norway which lies above the Arctic Circle. But northern Norway is surprisingly warm because its coast is washed by the Gulf Stream which flows there from Florida. Climate and the Midnight Sun make Norway a tourist attraction.

• • •

FOR YOU TO DO: Many lands above the Arctic Circle can be called the "Land of the Midnight Sun." Locate the Arctic Circle on a map of the world and see if any part of the United States can be called the "Land of the Midnight Sun."

• • •

(Kathleen Romer of Upper Saddle River, N. J., wins $10 for this question. Send your question on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. If duplicate questions are received, Mrs. Higgins will select the winner.) 8-13

No Reds Put In Office By Sicily

PALERMO, Sicily (AP) — The Sicilian Legislature voted a Communist-supported government into office Wednesday but none of the Cabinet posts went to Communists or left-wing Socialists.

After four rounds of voting, the Regional Assembly picked eight ministers for the government of Regional President Silvio Milazzo. They included three members of Milazzo's Christian Social Union, two Monarchists, a Fascist, a dissident Christian Democrat and a Democratic Socialist.

The outcome of the voting was new evidence of Milazzo's dominance of Sicilian politics. All but the Democratic Socialist were his choices.

Milazzo is a former Christian Democrat who quit the party sayings its leaders in Rome were not doing enough for the Mediterranean island. Milazzo won re-election as regional president last month with the backing of the Communists, left-wing Socialists, and dissident Monarchists, Fascists and Christian Democrats.

The Assembly met July 31 to elect eight ministers but only one got the necessary majority for election. Communist and left-wing Socialists had so few votes that they were eliminated from today's ballots. But they supported the president's candidates all the way.

Jet Planes Cause Blast

RANDOLPH, Mass. (AP)—The predawn stillness of Randolph was shattered today by three explosion-like sounds and a fire alarm.

Hundreds of persons gathered in the business district where fire-fighting equipment pulled up.

But everything was in order. Later, police explained that a patrolman heard the three explosion sounds and at the same time saw what appeared to be smoke coming from one of the stores. He pulled the fire alarm.

The explosions, however, were probably jet planes breaking the sound barrier and what appeared to be smoke was fumes from the store's air-conditioning equipment.

Boy Faces Charge In Sister's Death

NORFOLK, Va. (AP) — Police say a teen-age boy beat his 2-year-old step-sister to death because he couldn't stand her crying.

Fussell Harris, 16, goes before Juvenile Court today for a preliminary hearing on a murder charge in the death of little Nadine Leary.

Police quoted Harris as saying he beat Nadine when she cried while he was baby-sitting with her Tuesday night.

LEGAL NOTICE

CITATION BY PUBLICATION
THE STATE OF TEXAS

TO: VERNON LEWELLEN, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court 132nd Judicial District of Scurry County at the Courthouse thereof in Snyder, Texas by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 21st day of September A. D. 1959, to Plaintiff's Petition filed in said court, on the 4th day of August A. D. 1959, in this cause, numbered 7733 on the docket of said court and styled J. L. Lewellen Plaintiff, vs Vernon Lewellen, Defendant. A brief statement of the nature of this suit is as follows, to-wit: a suit for divorce; as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof and make due return as the law directs.

Issued and given under my hand and the seal of said court at Snyder Texas, this the 4th day of August A. D. 1959.

Attest: (s) Eunice Weatherspee Clerk, District Court
Scurry County, Texas.
By Deputy.

LEGAL NOTICE

LEGAL NOTICE
ORDER OF THE SCURRY COUNTY JOINT AIRPORT ZONING COMMISSION

WHEREAS, pursuant to the order of the Scurry County Joint Airport Zoning Board dated November 17, 1958, there was created the Scurry County Airport Zoning Commission for this County; and

WHEREAS, it appears to this Commission that Chapter 391 of the Acts of the Regular Session of the 50th Legislature 1947 requires that this Commission hold a public hearing to recommend the boundaries of the various zones to be established and the regulations to be adopted therefor in regard to the airport hazard area under the jurisdiction of the Scurry County Joint Airport Zoning Board at which hearing parties in interest and citizens shall have an opportunity to be heard, regarding the airport Zoning regulations and boundaries proposed to be adopted for airport hazard areas in this County;

NOW THEREFORE, pursuant to the provisions of Section 5 of Chapter 391 of the Acts of the Regular Session of the 50th Legislature, 1947, it is ordered that a public hearing be held before this Commission on the 17th day of August, 1959, at Courthouse, Snyder Texas, at 7:00 P.M. o'clock, for the purpose of hearing all parties in interest and citizens who desire to be heard in the matter of airport hazard area zoning boundaries and regulations in this County.

IT IS FURTHER ORDERED that this Notice be published in the Snyder Daily News, a paper of general circulation in this County.

W. J. Schiebel
Chairman, Scurry County Airport Zoning Commission

SPORTS

GPL Stars Nip Garland

LUFKIN (Spl) — The Graduate Pony League All-Stars from Snyder began a comeback try in the loser's bracket of the Section 7 GPL Tounament here last night when they downed all-stars from Garland 10-7.

The Snyder team, which lost to South San Antonio 7-4 Tuesday night, is attempting to reach the finals by the long route in the double elimination tournament.

Tonight at 6:15 Snyder will meet Southwest Houston, which last night lost to Lufkin 7-1 in a second round game after earlier beating Garland 4-1. Tonight's second game will feature the only two teams so far unbeaten in the tourney, South San Antonio and Lufkin.

If the Snyder team wins tonight, it will go against the loser of the South San Antonio-Lufkin game, and the winner of that game will reach the finals. A team must be beaten twice to be eliminated from the tourney, which will be the fate of the loser of tonight's game between Snyder and Southwest Houston.

Winner of the Lufkin tournament will go to the GPL World Series at Springfield, Ill.

Seven runs in the first inning gave the Snyder team the advantage in last night's game. Those were scored on two bases on balls and four hits. Larry Patterson drove in two runs with a double, and singles off the bats of Bubba Fleming and Charles Gladson and a sacrifice fly by Mike Moffett got the other runs home.

After Garland scored two runs in the bottom of the first, Snyder added two more in the second, one on a fielder's choice and the other driven home by Franklin Moore's single.

After Ronnie Wylie doubled to advance a runner to third base in the third, Moffett singled to score the run.

Garland, which added a third run in the second inning and a fourth in the fourth, put across three more runs in the bottom of the seventh, but Snyder fielding cut the team off before it could catch up.

Gladson went all the way on the mound for Snyder, allowing seven hits while striking out eight. He walked six.

Garland started John Collier, but after Collier lost four hits and walked four and had only two out in the first, he was relieved by Bingham. Snyder got seven hits and six bases on balls off Bingham. Each Garland hurler struck out one.

The box score:

SNYDER (10)	AB	R	H
PLAYER			
Crawford, cf	4	1	1
Patterson, 2b	4	1	2

Z—Batted for Bingham in 7th

Moore Makes Bid For Heavy Match

By MURRAY ROSE
Associated Press Sports Writer

MONTREAL (AP)—Old Archie Moore, still supreme king of the lightheavyweights, today made a million-dollar pitch to Ingemar Johansson for a heavyweight title fight.

Only minutes after he bombed out Canada's Yvon Durelle with a four-knockdown explosion at 2:52 of the third round Wednesday night, the middle-aged magician of the ring announced the million-dollar bid to Swedes world heavyweight champion.

"Ingemar and I would make a very, very interesting fight," said Archie. "There are some Canadian and United States people interested in putting on the fight on the century."

His manager Jack (Doc) Kearns said the million smackers would be strictly Johansson's cut.

"Our share has not been discussed but it would be plenty," said Kearns. "This fight could draw three million dollars.

"I've got two Canadian guys and a Californian all steamed up to put on the fight and they've got plenty of money. No, I can't tell you who they are yet."

Moore said there also was a possibility of a battle with Sugar Ray Robinson, the partially recognized middleweight boss.

In the 42-year-old camp's two attempts to win the heavyweight crown, he was beaten by Rocky Marciano (1955) and Floyd Patterson (1956).

Since then he has won 17 straight.

The 174¼-pound champion hurt his 173-pound, 29-year-old rival with a left hook in the first round Wednesday night and boxed rings around him. In the second he let Yvon punch himself out against his blocking forearms, and in the third he went to work in earnest.

A barrage climaxed by a chopping right felled Durelle the first time for 9. Another volley and a right and left to the choppers sent the stricken challenger over the lowest rope strand for 9 again. Another flashing bombardment tipped Yvon to the deck for 7.

The inevitable final came when a right knocked the Canadian on his pants. He rolled on his side as Referee Jack Sharkey, the former heavyweight champion, tolled the full 10 count.

This boosted Archie's own world knockout record to 128.

Moore collected a $175,000 guarantee. Durelle received $15,000 plus $5,000 expenses.

Art Butler Still Clings To His Lead

PORTLAND, Ore. (AP)—Match play opened at Waverley Country Club today with Art Butler of Pasadena, Calif., still the man to beat in the Western Amateur Golf Tournament.

Butler, the leader since the opening day of this long tournament, is the only entrant who consistently has bettered par, 36-36—72.

To go with rounds of 69 and 71 on the first two days, the former New Hampshire amateur champion added a 68 and 70 in the final qualifying rounds Wednesday to become medalist with a 10-under-par 278.

He met Bob Pratt, Houston University player from Bellevue, Wash., in the first round of match play today. Prat qualified with 290.

Butler's closest competitor in qualifying play was Ron Luceti, San Francisco, who had final rounds of 68 and 71 for a total of 283, 5-under par.

Even with par at 288 were two former champions — James "Billey" Key of Columbus, Ga., who won his title last yea, and Lt. Bruce Cudd, a Portlander now stationed with the Navy at Clarksville, Tenn. Cudd won in 1954. Tied with them was Pete Dye of Indianapolis.

STAGG AND FORMER PUPIL—Amos Alonzo Stagg, left, who will celebrate his 97th birthday August 16, still can give a few pointers on passing to his former student Eddie LeBaron, right, Washington Redskins star. LeBaron played for coach Stagg while at the College of Pacific in Stockton, Calif., and was reunited with the dean of football coaches at a birthday luncheon in honor of Stagg. (AP Wirephoto)

Chisox Go Despite Faltering Hurlers

By JOE REICHLER

At the start of the year the Chicago White Sox were given an outside chance at the pennant because of only one thing — their strong pitching staff.

Today the first-place White Sox are a slid favorite to represent the American League in the World Series—despite their pitching.

Only Early Wynn of the highly touted Big Five — Billy Pierce, Dick Donovan, Ray Moore, Barry Latman and Wynn — has been pitching as advertised. He has a 15-7 record.

Pierce is 12-12. Donovan, plagued by arm miseries is 7-5 and hasn't pitched since July 21. Moore is 2-6 and Latman 5-4.

What's keeping them up there, then? The answer lies in their speed, their defense, their ability to win the close games—and their bullpen aces Gerry Staley and Turk Lown.

Staley and Lown figured prominently in Wednesday's 11-6 triumph over Detroit which kept the Sox 2½ games ahead of Cleveland, a 9-5 winner over Kansas City. Boston defeated Baltimore 5-4 and Washington nipped New York 3-2.

Milwaukee moved into second place in the National League race, defeating Cincinnati 6-4 while the Chicago Cubs were outslugging the Los Angeles Dodgers 11-8. Pittsburgh whipped Philadelphia 6-2.

Latman started for the White Sox but left under fire in the fourth when Detroit scored four times to overcome a 3-0 Chicago lead. Staley halted the Tigers and picked up his fifth relief victory when the White Sox scored eight runs in the fifth and sixth on only three hits. Sherm Lollar's three-run homer was the big blow. Lown pitched the last three innings.

Gar Bell, who went the route for Cleveland with an eight-hitter for his 13th triumph. The Indians whacked five Kansas City pitchers for 15 hits, including home runs, by Minnie Minoso, Jim Baxes and Russ Nixon.

The Senators, who had won only one of their last 23 games, snapped the Yankees' six-game winning streak although they made only four hits. One of them was a home run by pinch hitter Julio Becquer. It came with two on in the eighth to overcome a 2-0 Yankee lead. Ryne Duren, in relief of Art Ditmar, threw the home run ball.

Graham Puts Aside Unit Substitution

By CHARLES CHAMBERLAIN
Associated Press Sports Writer

CHICAGO (AP) — Head Coach Otto Graham has discarded the unit substitution strategy and will insert his All Star collegians on an individual basis against the Baltimore Colts Friday night.

The National Football League champion Colts are 16-point favorites to gain the 16th pro victory against eight collegiate triumphs in the series. Two of the games were tied.

Soldier Field is the setting for the summer football classic and upward of 75,000 fans are expected. It will be telecast and broadcast by ABC starting at 8:30 p.m. EST.

Graham put the final polish on his squad under the Soldier Field lights Wednesday night. The Colts arrive today and also will have a private practice at night in the huge lakefront arena.

Graham's new substitution tactics are a reversal of the unit system he used last year in the All Star's 35-19 record offensive display against the Detroit Lions. Observers say his decision to spell offensive and defensive players frequently, until all able bodied men on his squad of 49 have had a turn, indicates his manpower is not as deep as last year.

The starting quarterback spot is unsettled, Graham saying that all four of his candidates are good and leave little leeway to base a choice.

The quartet includes Lee Grosscup of Utah, Buddy Humphrey of Baylor, Bob Newman of Washington State and Bob Ptacek of Michigan. Tulane's Dick Petitbon is also a fine offensive threat but will be used only on defense.

There is little question but that the All Stars will fill the air with passes with such fine receivers as Buddy Dial of Rice, Rich Krehling of Illinois, Dave Sherer of Southern Methodist and Boyd

Rosburg, Middlecoff Pace Detroit Field

DETROIT (AP) — Defending champion Bob Rosburg and Cary Middlecoff, twice a winner, paced a field of 154 today into the first round of the $25,000 Motor City Open Golf Tournament at nearby Meadowbrook Country Club.

They face strong contention from Dow Finsterwald, last week's winner of the Cleveland Open; Art Wall, top money winner for 1959, and Billy Casper, National Open champion.

Others like Arnold Palmer, Julius Boros, Tommy Bolt, Pete Cooper and Jerry Barber are capable of walking off with the $3,500 in first prize money when the 72-hole tournament concludes Sunday.

Little Leaguers Arriving Today For State Tournament

Sixty of Texas' top Little Leaguers are arriving in Snyder for the State Little League Tournament, which will be held here Friday and Saturday nights.

Four teams, all area, district and sectional tournament winners, will be in the Snyder tournament, which will name a champion to be sent to the Little League regional tourney at Norfolk, Va., Aug. 20. The regional is the final step before the Little League World Series, which will be at Williamsport, Pa., at the end of this month.

Coming here are Little League all-star teams from Hereford, Longview, Galveston and San Antonio.

The San Antonio team won a sectional tournament earlier this week at Kingsville. So far in playoffs, the San Antonio team has downed Harlandale 3-2, Lackland Gateway 10-3, Highland Hills 6-2, Los Angeles Heights 5-1, Pleasanton 5-1, and Kingsville 7-3, the latter game being finals of the sectional tournament.

The team from Longview has defeated American of Marshall, National of Marshall, Greggton, Garland and Austin. Previous games of the Galveston team were not available.

Hereford emerged as winner of the sectional tourney at Brownfield by shutting out Pecos in the finals 2-0. Pecos had shut out the Abilene Lone Star team which had beat the Snyder National League 11-6 in district finals. In a sectional first round game, Hereford beat Lubbock Southern 4-0. To get into the sectional tourney Hereford downed Muleshoe in area finals and Littlefield in district finals.

Pairings in the state tourney will be made in a meeting of all team officials at 7 o'clock tonight at the Chamber of Commerce office, according to Leland (Mutt) Herod, coordinator of Little League here, who is heading local arrangements for the tourney.

Additional lighting has been installed at the Little League field in Towle Memorial Park in time for the tournament. After action of the county commissioners court several days ago, the park department added 16 1,500-watt lights to the field.

Bleachers, including two sets of temporary bleachers moved to the field, will handle about 1,000 persons, while there is room around the field for parking which will allow a view of the field.

Tomorrow night's first game will be at 5:30 p.m. Winners of the two games tomorrow night will meet at 7:30 p.m. Saturday in state finals.

Umpires for the games will be Jeston Corbell, Marvin Vincent, Ed Free and Michie Brous.

Herod said the Hereford team will be staying in the Beacon Motor Lodge and the team from Longview in the Pal-O-Mar Cor-

Antonio will use the Boys Club building and National Guard armory for quarters.

The Chamber of Commerce recreation committee, which is helping with arrangements for the tourney here, will honor all the Little League tournament teams and their managers at a barbecue after tomorrow nights's games, at about 9:30 p.m.

New Westinghouse Mobilaire® Conditioner

DOLLS EVERYWHERE on its adjustable Mobilecart®... cools any room you're in. You cook, dine, relax and sleep in continual comfort.
NO INSTALLATION COST—it installs in minutes without tools. Glides into ingenious window frame, locks itself in place until you're ready to roll it to the next room.
FULL POWER—1 HP, 1½ HP, 2 HP** models cool full-size rooms. Also 1 HP model runs on only 7½ amps., 115 volts.
YOUR CHOICE OF "WEATHERS"—dial full cool, quiet cool, or simple air circulation. Dehumidifier, filters. Adjustable directional grilles. Variable ventilation control, multi-speed fan and adjustable thermostat.
*Optional at extra cost
**Rated and rated in accordance with NEMA Standards CN1-1959.
