Ike's Envoy Is Coming Home Within Two Days

FATAL BURNS RECEIVED IN BUILDING

Firemen finish extinguishing the fire of a small metal building in which Harvey Barnett, 46, burned to death. The building, where Barnett lived alone, caught fire at about 10:45 o'clock last night. Cause of the fire was not determined. (Lee Watson photograph)

Homosexuals In Government Are Unloaded

WASHINGTON (AP) — A House committee learned today that 107 State Department employes have been fired this year as a result of investigations concerning homosexuality or questionable security.

The information came from S.H. Scott McLeod, State Department security officer, in a letter to the House Government Operations Committee.

It was made public by Sen. Brownson (N-Ind), who sought the report recently.

McLeod also said—in reply to a direct inquiry—that the department does not have any records identifying the 57 persons who were referred to by Sen. McCarthy (R-Wis.) as Communists in a February, 1950, speech.

McLeod said he realized his answer "is not completely responsive." But the fact was, he said, a search of all files has "failed to disclose such a list."

"I might point out that Sen. McCarthy did not identify the individuals except by number in his speech," McLeod added.

McLeod told the committee he was "reluctant" to come up with "a categorical answer" to the question: "Are there any Communists now employed in the State Department"

"I must always presume," he wrote, "that the Soviets are attempting to penetrate an agency as sensitive as the State Department, and . . . I may never conclude that their efforts have been unsuccessful.

"I believe that it goes without saying that no Communists, known to the security officer as such, are on the rolls of the department at this time."

DOESN'T KNOW WHY HE KILLED

SHELBYVILLE, Ind. (AP) — A husky 14 - year - old Wisconsin youth has admitted the fatal stabbing of a newspaper publisher and his wife at Sturgeon Bay, Wis., but he says, "I don't know why I did it."

"I know it's too late to be sorry," the 6-foot, 185-pound youth said yesterday as he signed a statement admitting the slaying of Sumner Harris, 53, publisher of the Door County (Wis.) Advocate, and his wife Grace, 50.

Shelby County Sheriff Robert Meltzer said the statement was made by James A. Duranty, who was arrested here early yesterday morning by two policemen who found him sleeping in a restroom at the Courthouse.

Duranty was booked at police headquarters on a charge of vagrancy, after telling police he was Joe Mead and that he lived in Michigan.

His identity was not established until shortly before dawn, when Sheriff Meltzer was called to investigate the report of an abandoned car in a ditch 3½ miles northeast of here.

The car, a late model sedan with Wisconsin plates, contained two suitcoats, a suitcase and an eyeglass case with the name "Harris" written in ink on the inside cover.

The sheriff confronted the boy at the jail with the eyeglass case and a suit coat which matched the tweed trousers he was wearing. Then he admitted his identity, the sheriff said, and stated:

"I don't know why I did it. Something up there told me to do it." He pointed to his head.

Meltzer said Duranty signed a statement after Wisconsin authorities were notified of his arrest. A first degree murder warrant already had been issued against the boy in Wisconsin.

The sheriff said the boy's statement told of how he went to the Harris home Monday evening and knocked on the door. He said he attacked Mrs. Harris as soon as she answered the door, attempting to gag her with his hand.

His statement said she broke loose and he chased her into the kitchen but she got free again and tried to telephone police. He grabbed a knife "and stabbed her several times," Duranty said. "I think she must have died instantly."

He denied he abused her sexually, the sheriff said. Reports of the slayings said the woman's clothing had been ripped almost completely off.

Duranty said Harris returned home about two hours later, and he said he jumped at the publisher. "I dropped the knife while fighting with him," the boy related, "and he made a lunge for it." He said he recovered the weapon and stabbed Harris, "I don't know how many times. I think he died right away too."

Meltzer said the boy then told of returning home and writing the note. He then went to the Harris garage, took their car and drove through Michigan and to Indiana.

Duranty waived extradition and was to be picked up today by Door County Sheriff Hallie Rowe.

Prince Azzedine Bey, above, heir presumptive to the throne of Tunisia, died in Tunis of a bullet wound inflicted by an assailant. The Prince was said to be a sympathizer with the French rulers of Tunisia, a North African protectorate which has been the scene of rioting and violence by Nationalists seeking independence

Rhee Still Is Not Agreeing To Armistice

SEOUL (AP) — President Eisenhower's truce envoy will leave for home within two days whether or not he is successful in winning South Korea over to a truce, informed sources said today.

The U. S.-South Korea "little truce talks were temporarily stalled today by President Syngman Rhee's unwavering price for an armistice—U. S. assurance of a unified Korea.

Informants said the departure of assistant secretary of state Walter Robertson would not mean the door is closed on a U. S.-South Korea truce alliance. They said Rhee apparently would have to show a real change of heart if Robertson is to stay any longer.

Rhee knows there will be no more overtures by the U. S. before a truce is signed if he doesn't agree with Robertson.

Secretary of State Dulles has made it clear hte U.N. will proceed wiht a truce and will not change its basic position to satisfy Rhee.

Neither Rhee nor Robertson would comment after their sixth secret meeting Thursday, but a reliable source said the talks are stalled while both sides consider their stands.

No time was set for the next meeting.

Rhee apparently is demanding unification or more war, and the U. S. is holding out for unification by negotiation.

The aging South Korean leader maintains that it will take arms, not words, to unify Korea.

South Korea's foreign minister, Pyun Yung Tai, declared his country has no faith in political conferences and will agree to take part in talks aimed at peaceful unification only if a time limit is imposed.

Pyun said Rhee "does not reject" Eisenhower's pledge that the U. S. will work to unify North and South Korea in talks with the Communists.

But, Pyun stressed, Rhee wants to limit the time these talks can drag on. Rhee often has called for a 90-day deadline with the war to resume if there is no solution.

Pyun said in an interview "we would welcome" peaceful unification, but added, "From our past experience we know no such unification can be achieved. That is our conviction."

However, Pyun expressed hope the Rhee-Robertson talks may yet succeed.

"We are still groping for common ground," he said. "There is no need to be pessimistic."

Sabres Bomb Red Tank Concentration

SEOUL (AP)—U. S. Sabre jet fighter-bombers surprised 30 to 40 Communist tanks in a camouflaged valley just behind the Western Front today and saturated the area with 1,000-pound bombs.

Black smoke filled the valley, making an accurate count of wrecked tanks impossible, the Fifth Air Force said.

Not since early in the war has a comparable concentration of Red armor been spotted so near the front in Korea.

The Eighth Army, meanwhile, reported that heavy fighting cost the Reds 36,000 killed and wounded last month—the equivalent of about three Red divisions.

The Communists answered with the heaviest artillery and mortar fire of the war. Almost 1½ million rounds hit Allied lines during June, virtually double the previous monthly record, the Eighth Army said.

The front was relatively quiet Thursday. South Korean troops drove Chinese off a dominant knob on Singer Ridge during the night, the Eighth Army said.

There was little fighting on Lookout Mountain and Virginia Hill on the Eastern Front, the scene of vicious see-saw battles in recent days.

Cloudy skies curtailed aerial activity, but the pilots of 22 Sabre fighter-bombers had no complaints about the weather as they returned from their tank-busting mission in which they dropped 44 bombs.

"The tanks were in a very steep valley with a lot of little valleys running off to the side," said Lt. Thomas E. Lacy of Long Beach, Miss. "There were tank shelters in the main valley and most of the little valleys."

Air Force officials said the valley was covered with camouflage nets and apparently was a bivouac area for a Communist tank regiment. The valley is four miles from Sibyon, northwest of Chorwon.

Lacy said he was in the fourth flight over the valley "and by the time I got there the target was all covered with smoke from the bombs of the preceding flights. The tank shelters looked like camouflage netting strung over poles. The flak was intense, so we dropped our bombs and got out of there."

There was no immediate reaction from Army officials as to why the Reds had concentrated so much armor less than 15 miles behind the front.

Navy Lt. Guy Bordelon of Sunnyvale, Calif., and Ruston, La., shot down two Communist propeller-driven planes headed for Seoul Wednesday night.

Man Burns To Death In House Fire Last Night

Harvey Barnett, 46-year-old Snyder carpenter, burned to death last night when his small home at 2501 Twenty-eighth Street was destroyed by fire.

Barnett, who had been a resident here 31 years, lived alone in the small metal structure just behind the home of his parents, Mr. and Mrs. W. A. Barnett. The building was about eight feet by 14 feet in size.

Barnett's wife, Mrs. Willie Katherine Barnett, 34, was found dead in a mesquite thicket 10 miles north of Snyder in September, 1951. Her death was the cause of an investigation, after which charges of aggravated assault were filed against two men. It was later determined that she died of other causes.

The fire occurred at about 10:45 o'clock last night. Firemen put it out in about 20 minutes. Ivan Gatlin, fire marshal, said this morning that cause of the fire was not determined.

Justice of the Peace, W. C. Davidson, called to the scene last night, rendered a verdict of accidental death by burning.

Funeral services will be held at 3:30 o'clock tomorrow afternoon at the First Baptist Church, with the Rev. T. Gerald Cates and the Rev. E. K. Shepherd officiating. Burial will be in the Snyder Cemetery under direction of Bolger Funeral Home.

Surviving are his parents, one son, Harvey Barnett, Jr., of Dallas; six sisters, Mrs. Maggie Blount of Odessa, Mrs. Noah Griffin of Earlimart, Cal., Mrs. Nellie Bunch of Colorado City, Mrs. Norine Starnes of Odessa, Mrs. Ruth Maedgen of Valera, and Mrs. Mattie Belle Haney of Seminole, Okla.; and two brothers, Alfred Barnett of Odessa and Thurmon Barnett of Friona.

Girl Killed Driving Home After Securing Her Wedding License

CHICAGO (AP)—A bride to be was fatally injured in an auto collision Wednesday after she and her fiance had bought a marriage license and her mother had borrowed $200 for expenses of the planned July 12 wedding.

The girl was Rosemary Mason, 17.

Rosemary, her fiance, John Campobasso, 18, and her mother, Mrs. Mildred Mason, were returning to the Mason home after a trip to the Cook County marriage license bureau when their car collided with another on Chicago's outskirts.

Campobasso, Mrs. Mason and Gus de Buck, 47, driver of the other auto, suffered cuts and bruises.

Mrs. Mason told police the $200 she borrowed for the wedding was missing after the accident.

Protests Acts Against Queen Made By Irish

BELFAST, Northern Ireland (AP)—Irish extremists time-bombed a railroad bridge and Belfast's power supply went dead today, apparently in protest against Queen Elizabeth's state visit to the British-held northern part of divided Ireland.

A bomb on a rail bridge near the southern border blocked rail traffic between Dublin and Belfast for several hours. It was an apparent attempt to stop special trains bringing Southern Irish to see the Queen, but the excursions went through on time.

Hours later trouble at Belfast's main powerhouse brought streetcars and trolleys to a halt. Thousands were delayed coming into the city to watch Queen Elizabeth II and the Duke of Edinburgh in a royal procession.

The royal pair arrived yesterday for a three-day visit as part of the Queen's coronation celebrations.

A minority of the Northern Irish are antiroyalist. They oppose continued partition of the six North Irish counties—a part of the United Kingdom—from the Irish Republic.

A municipal corporation official said the power failure "is serious and may take some time to repair. Engineers are working feverishly to put things right."

He refused to say just what the cause was and would not comment when a reporter suggested sabotage.

The bombed rail bridge was near Newry, 50 miles from Belfast. Except for shifted tracks, there was no damage, railway officials said.

Though police reinforced their guard on the 90-mile route the royal train takes tomorrow from Belfast to Londonderry, the bombers apparently meant no personal harm to the Queen. At the closest point, her route is 40 miles from the blasted bridge.

Deposits Down And Loans Up

Reflection of drouth conditions continued here as both Snyder banks issued regular bank call statements yesterday.

Totals combined from both banks showed deposits down from $20,699,000 at the end of last year to $18,038,204.85 now, while loans are up now to $6,708,545.51 from $5,962,000 at the end of last year.

Each bank's deposits were down from six months ago, and each showed an increase in loans since six months ago, but West Texas State bank showed an increase in deposits in the last three months.

West Texas State Bank deposits totaled $8,300,000 last Dec. 31, dropped to $7,203,000 by April 23, then climed to a present figure of $7,452,515.25. Loans and discounts of this bank have have increased from $3,457,000 six months ago to $3,795,844.28 now.

Snyder National Bank deposits dropped from $12,399,000 at the end of last year to $10,585,689.60 now, and loans and discounts increased from $2,525,000 six months ago to $2,912,701.23.

Back To 100 Again

The temperature moved back up to 100 yesterday after two days no hotter than 94. It brought the total to 30 days of 100-degree temperatures or more this year. Low last night was 75, and the reading at 7:30 o'clock this morning was 77, according to Mrs. D. P. Strayhorn, weather observer.

WEATHER

WEST TEXAS: Generally fair through Friday except for widely scattered afternoon or evening thundershowers mostly from the Pecos Valley eastward. Not much change in temperatures.

NORTH CENTRAL TEXAS: Generally fair through Friday. Not much change in temperatures.

EAST TEXAS: Generally fair through Friday except for widely scattered afternoon thundershowers near the coast. Not much change in temperatures. Moderate southeasterly winds on the coast.

SOUTH CENTRAL TEXAS: Partly cloudy through Friday with scattered showers. Not much change in temperatures. Moderate southeasterly winds on the coast.

The outlook was for partly cloudy to generally fair weather through tomorrow with only scattered showers or thundershowers. Brownsville and Galveston had light rains yesterday. Maximum temperatures reached 106 in Presidio, 101 at Amarillo and 100 in El Paso, Childress and Wink as the burning heat continued.

North Scurry Wildcat Fails In Penn. Lime

Rowen & Hope and E. W. Gill have plugged and abandoned their No. 1 Vernon B. Cox, wildcat in Central-North Scurry County, on total depth of 7,310 feet in barren Pennsylvanian lime.

It had found no shows for commercial production. It was six miles northeast of Fullerville and one and one-fourth miles southeast of the one-well Vernon Cox Canyon Reef field.

Drillsite was 467 feet from south and east lines of the southwest quarter of section 656-97-H&TC.

GARZA COUNTY

W. A. Stockard has set location for a 3,000-foot rotary wildcat in East-Central Garza County as his No. 1 Ester Bird, guardian.

It is 330 feet from south and east lines of the northwest quarter of section 82-5-TH&H, one and three-eighths miles northwest of a San Angelo lime discovery and one and five-eighths miles east of the depleted Post San Andres field, which produced from pay topped at about 3,155 feet.

DRILLING REPORT

Texaco No. 3 Fuller in the Fullerville Strawn field flowed 51 barrels of fluid in 24 hours, which was half oil and half water.

Humble No. 1-B McMillan in the Buffalo Creek Ellenburger field near Hermleigh swabbed 24 hours and recovered 27 barrels of fluid, which was two per cent oil and 98 per cent salt water. It is still swabbing.

Tidewater No. 1 Atkins, Kent wildcat, perforated at 6,070-080 feet and at 5,956-963 feet. It flowed 43 barrels of load oil and 12 barrels of new oil with no water through an 11-64th inch choke. It is now shut down to move off rig and will complete the well.

Gulf No. 1 Cannon in Borden County cored at 6,159-209 feet and recovered 50 feet of lime and shale with no shows of oil or gas. It is now drilling at 6,209 feet in lime and shale.

In Scurry, Humble No. 1 Jones is at 7,797 feet in shale and sand.

In Mitchell, Sun No. 5 McCabe is at 4,778 feet in shale and Humble No. 1 Farmer is taking electric logs at 3,477 feet in lime and shale.

In Howard, Texas Pacific No. 1 Spencer is digging at 4,746 feet in lime and shale.

In Fisher, Lone Star No. 1 Criswell is at 7,152 feet in lime and shale.

In Dawson, Herrell & Williamson No. 1 Smart is at 840 feet in anhydrite, Magnolia No. 1 Eiland is at 10,259 feet in lime, and Seaboard No. 1 Pettaway is at 3,497 feet in anhydrite.

In Borden, UU No. 1 Spindler is drilling at 4,801 feet in lime, Texaco No. 1 Canning is preparing to set seven and five-eighths inch intermediate casing at 6,206 feet in lime, Texaco No. 1 Jones is at 5,385 feet in lime, Blanco No. 1 Miller is at 5,342 feet in lime, and Gulf No. 1 Cannon is at 6,209 feet in lime and shale.

Leak Holds Up Water Arrival

A leak in the water line from Lake Thomas to Snyder has delayed arrival of water from the lake, B. J. Shelley, city manager, said.

"We do not know how bad the leak is, nor how long repairing it will take," he said.

Shelley said that Snyder's water situation is still not solved, and he reminded that the anti-watering ordinance is still in full effect.

The city has provided some water for the swimming pool in Towle Memorial Park already, and Shelley said that every effort will be made to complete filling the pool by Saturday.

He said the pool is now about half full, and is up to about three feet below the full level.

"We are very low on water this morning, and arrival of water from the lake is the only solution in sight," he said.

More Violence From Strike-Torn Town Of Elizabeth, Louisiana

ELIZABETH, La. (AP)—A blast ripped a motor car to bits yesterday in the fourth violent incident since Saturday in the Elizabeth paper mill strike.

The car belonged to a non-striker. The dynamiting took place at nearby Mamou at the home of Elwood Brignac, police said.

The week end saw a renewal of violence after almost two months of peace in the strike at the Calcasieu Paper Co. and Southern Industries, Inc., the jointly owned paper mills reopened with non-union employes after the strike began nine months ago.

A gas main supplying the mills was dynamited twice Saturday night and buckshot peppered a nonstriker's home Sunday.

These and numerous other violent outbreaks have marked the long course of the strike by two AFL unions.

HE'S IMPATIENT

Nehru Urges Decisive Acts In U. S. Negotiations With Rhee

NEW DELHI, India, July 2 (AP)—Close political associates said today Prime Minister Nehru is likely to urge the U. S. to act "more decisively" if South Korea's President Syngman Rhee is not persuaded within the next few days to accept a Korean truce.

A leader in Nehru's ruling All-India Congress party said the Prime Minister has privately voiced growing impatience with the slow progress of U. S. efforts to bring Rhee around.

He has not spoken out, the source said, because "he knows Rhee dislikes him and any strong words from India are likely to make the situation worse."

Rhee has bitterly denounced Nehru with charges his government is pro-Communist — charges emphatically denied in this country, which is trying to steer a neutral course in the East-West struggle.

The Congress party leader said if no Korean solution is reached by July 6, the Prime Minister may demand stiffer U. S. action when he makes his major foreign policy speech at Agra at the opening meeting of his key party lieutenants from all over India.

Nehru is "naturally fearful," the source said, that much more delay in the truce negotiations may lead Red China's boss, Mao Tze-tung, to decide there is "no use trusting U. S. good faith further."

The associate said Nehru himself fully respects the good faith of the U. S. and wants to avoid giving the impression he is losing that respect. But the source added that Nehru "seems to be getting impatient about it in the past few days."

Nehru already has asked for a special session of the U. N. General Assembly to discuss the deadlock caused by Rhee's refusal to accept a truce that would leave his country divided.

But the majority in the 60-nation body wanted to give the U. S. time to try to smooth out the situation first.

Disaster Feed Prices Given; Governor Asks Rain Prayers

Railroad Commission Hit As Body Which Is Fixing Prices

WASHINGTON (AP)—Rep. Wolverton (R-NJ) said today state oil production controls "can and have been" used to fix prices on oil and gasoline, now at high levels in some areas.

Wolverton is chairman of the House Commerce Committee, which yesterday launched an inquiry into why the price of gasoline at corner service stations has gone up at a time of apparent oil surplus.

State oil production controls are in the hands of regulatory state agencies, as part of an interstate compact among oil producing states.

Wolverton said he thought this system "can be used as a price fixing device, and I don't hesitate to say that it has been used as such."

"You can't reduce production without it having an effect on price," he said.

Wolverton said the recent gasoline price increases "follow a period of successive cutbacks in the amount of domestic production allowed, and have come at the very time that stringent reduction of oil imports is being urged."

Congress is considering a proposed policy of restricting oil imports. The major oil companies opposed such restrictions.

"Are the higher prices for crude oil the result of some understanding reached to avoid enactment of a policy restricting imports?" Wolverton asked.

At the outset of the hearings, Wolverton posed the question whether state oil conservation agencies—particularly the Texas Railroad Commission have "manipulated" production rates so as to keep oil supplies below demand. He offered no reply, but said:

"Starting with November, 1952, the amount of oil allowed to be produced in the State of Texas, a state that customarily contributes about half the domestic total, was steadily reduced during the succeeding seven months by the action of the commission.

"Why has the Texas Railroad Commission, since the increase in the price of crude oil, now raised the amount of oil which may be produced, although stating that production still exceeds demand by 400,000 barrels daily?"

Marketers and users of gasoline, especially wholesalers and transportation operators, protested to the committee that recent price increases had put the squeeze on them.

Rep. Springer (R-Ill) said the preliminary inquiry "indicates quite a difference in prices in various parts of the country," and added:

"I believe the investigation will determine whether there has been any concerted price fixing policy and any violation of the anti-trust laws on these matters."

John Dressler, executive secretary of the New Jersey Gasoline Retailers Assn. told the House committee:

"Nothing justifies the increase of prices on the consumer at this time. A little dose of free competition and free enterprise would go a long way to curing the troubles we have."

The hearings are in recess until Monday, when spokesmen for the major oil companies appear.

COLLEGE STATION (AP)—The prices at which feed will be delivered to farmers and ranchers in the drought areas of Texas were announced today by B. F. Vance, chairman of the state drought committee.

They are: Corn $1 a bushel; wheat $1.10; oats 50 cents; and cottonseed meal or pellets $35 a ton. The feed is for foundation herds in 152 Texas counties that have been declared disaster areas.

Vance, chairman of the Production and Marketing Administration in Texas, said the feed should be moving onto the ranches and farms of dusty West Texas by Monday.

He announced the appointment by Secretary of Agriculture Benson of three more members of the drought committee. They are G. D. Gibson, state extension director at College Station; L. G. Cappleman, state director of the Farm and Home Administration at Dallas; and William McGill, state director of civil defense at Austin. A banker and a farmer or ranchman are to be added to the committee.

Gov. Shivers asked that prayers for rain be held Sunday in Texas churches. The governor said that government agencies have given "as much relief as can be given by human means" in the six-state Southwest drought disaster area.

B. F. Vance, Texas chairman for the Production and Marketing Administration, said feed should be moving onto the ranches of dusty West Texas by Monday. Applications for aid will be screened by five-man county committees.

The railroads' Western Traffic Association in Chicago put into effect a 50 per cent reduction in freight rates on livestock feed shipped into designated drought areas.

The government began buying canned beef to support sagging prices.

In Washington, chairmen of Senate and House Agriculture Committees planned to begin hearings Monday on identical bills setting forth the administration drought relief program and proposing special loan programs. Doubt had been expressed that the government could take all necessary relief steps without such enabling legislation.

Chairman Aiken (R-Vt) of the Senate Agriculture Committee told the Senate the bill would put up an unspecified number of millions of dollars for lending by the Department of Agriculture.

Members of the House Agriculture Committee, headed by Chairman Hope (R-Kan), were to leave Washington late today for Amarillo, Tex., to begin an inspection trip of the drought region.

Gov. Shivers, in proclaiming Sunday a day of prayer for rain in Texas, said that "in all humility" he was asking "ministers of all faiths and their congregations throughout the state to participate in this spiritual endeavor." The governor is a Baptist.

Shivers sent telegrams to governors of Colorado, Oklahoma, Kansas and New Mexico suggesting it is advisable for them "to keep in close touch and render such mutual assistance as may be necessary and possible." He asked their reactions to a suggestion by Gov. Dan Thornton of Colorado that the governors meet with a representative of the Department of Agriculture.

Gov. Mechem of New Mexico planned to return to his home state today after Washington conferences. He said the Department of Agriculture will name counties in New Mexico that need emergency help.

The Department of Agriculture said rains this week helped cotton and sorghums in south central and east Texas. The rains did not reach into the western two thirds of the state. The USDA said movement of livestock from burned rangeland continued relatively heavy.

The Federal Reserve Bank of Dallas commented.

"High temperatures, drying winds and drought during the past month caused a sharp decline in prospects for agriculture production in the district this year."

Arkansas Sues To Kill Tides

LITTLE ROCK (AP) — Arkansas plans to bring suit in Federal Court next week challenging the new law giving title to the tidelands to the states,

Atty. Gen. Tom Gentry said yesterday he will file the suit in the name of the State of Arkansas in Washington.

Gentry said he would allege the act violated the Constitution in that it exceeded the powers granted Congress to dispose of property of the United States.

The action also will allege the act was an "unwarranted and invalid attempt to abdicate the sovereignty of the United States to a few of the states."

Dallas Chamber Asks Better Air Service

WASHINGTON (AP)—The Dallas Chamber of Commerce asked the Civil Aeronautics Board yesterday for better local-service airline connections with most major Southwestern cities.

Normally an airline applies to the CAB for a route and cities intervene for or against the application. Dallas' new approach grew out of the Southwest local air service conference in the Texas city last month.

The plan called for Dallas to file a petition for investigation of the need for new or improved service with each of 43 other Southwestern communities, each of which will thereafter file an intervention petition.

Airline connections between Dallas and cities in Texas, Louisiana, Oklahoma; Arkansas and New Mexico are inadequate and improperly adapted to present the future needs, the Dallas application said. Dallas asked for:

Non-stop schedules, not now available, to Abilene, Beaumont, San Angelo and Texarkana.

Single-plane, limited stop (meaning only one or two stops, with no change of plane) to and from Big Spring and Plainview; Albuquerque; Bartlesville, Enid and Stillwater, Okla.

Single-plane, limited-stop schedules, not now available, to El Dorado and Fort Smith, Ark., Lafayette and Lake Charles, La., Roswell, N. M., Lawton, Okla., and Harlingen, McAllen, Pampa, Stamford and Vernon, Tex.

Single-plane, multiple-stop schedules, not now available, to Fayetteville and Magnolia, Ark., Hobbs, N. M., Chickasha, Norman and Okmulgee, Okla., and Alice, Bay City, Childress, Coleman, Huntsville, New Braunfels and Taylor, Tex.

In the near future—competitive non-stop service, not now available, to Austin, Corpus Christi, Lubbock and Midland, Tex.; single-plane limited-stop schedules to Santa Fe, N. M., and Lamesa and Victoria, Tex., and single-plane service to Camden, Ark., and Borger and Brownfield, Tex.

Coleman and Lubbock also filed petitions with the CAB for improved service. Coleman asked the board to reconsider its June 3 denial of scheduled airline service and petitioned to be restored to Trans-Texas Airways' San Angelo-Dallas route.

Lubbock and its chamber of commerce asked the board to reconsider its recent decision on Amarillo-El Paso air service and the certification of Snyder as a stop between Lubbock and Abilene. Lubbock took issue with the board's finding that service by Continental Airlines for Roswell-Lubbock and Lubbock-El Paso is adequate.

Union Lawyer Blasts Labor Laws In State

EL PASO (AP)—A Dallas lawyer condemned Texas labor laws and the "front groups fighting labor" in an address to the Texas Federation of Labor convention yesterday.

Nat Wells, lawyer for the federation, asserted the unlimited resources of big business are behind foes of the labor movement in Texas.

Delegates elect a president today. The incumbent, William Harris of Dallas and H. S. Brown of San Antonio were nominated. Most other officers were elected by acclamation yesterday.

Wells said big business is backing the law suit of 14 workers in Amarillo for the "right-to-work" for the Santa Fe Railroad. Wells said that if the 14 win the suit, "the infamous Texas right to work law will become a part of the American Constitution."

The El Paso Catholic bishop, the Most Rev. Sidney Metzger, told the 600 delegates labor unions should work with the church to stop the threat of world communism.

Candidates for contested posts in today's election were W. T. Ozmer of Borger and L. A. Wilson nominated for fifth district vice president, and M. M. McKnight and Claude Ritchie of Wichita Falls, for sixth district vice president.

Those elected by acclamation included: Executive Secretary, Paul Sparks; and these vice presidents: Alfred Goodwin, Big Spring, 3rd District, A. R. Johnson, Longview, 37th District, E. C. Jones, Port Arthur, 8th District, and L. A. Townsend, Galveston, 10th District.

HOSPITAL NOTES

The following admissions and dismissals at Battenfield Hospital are those whose names were released by the hospital.

Patients admitted: M. R. Huggins, 1301 Twenty-third Street, medical.

Patients dismissed: G. G. Yocham, Lamesa, surgical; Mrs. James Mills and baby boy, Snyder; Mrs. Jack Barnett and baby boy, 3111 Avenue C; Mrs. L. K. Mathews, Snyder, medical.

Parking Lines Painted Around Post Office

An attempt to relieve the traffic conjestion at the post office is being made by the city and police department B. J. Shelley, city manager, said.

Shelley said that diagonal parking stripes have been repainted in the parking area on both sides of Avenue R in front of the post office, and every motorist going to the post office is urged to use the parking lanes.

"That block is one of the busiest in town, and incorrect parking there has caused considerable conjestion in the past," he said.

Shelley urged especially that no one double park or parallel park in front of the post office.

Graham Fills Stadium At Lubbock Last Night

LUBBOCK (AP)—Evangelist Billy Graham preached last night to the largest crowd ever gathered in Jones Stadium on the Texas Tech campus.

More than 24,000 filled the stadium and overflowed onto the field. He had 430 converts. The night before, at Amarillo, 595 were converted.

"This is the greatest hunger for God that I have seen in years," Dr. Graham said. He ends more than a month's stay in Texas tonight with a sermon at Wichita Falls.

More than a dozen expeditions tried to climb Mt. Everest between 1921 and 1953 when a British expedition succeeded.

Defense For Absenteeism Of Dept. Head

EAST LANSING, Mich. (AP)—"The best job isn't always done by the fellow who sits in Washington shuffling papers," declared Dr. Frank E. Sorenson, charged with absenteeism during his tenure as head of the Technical Co-operation Administration's education section.

Sorenson, who resigned the TCA post a month ago, answered charges here yesterday made by Dr. Thomas R. Fisher, assistant TCA director of education and training.

Fisher, former professor at Syracuse University, told a House government operations subcommittee Tuesday that Sorenson, his superior was absent from Washington 34 per cent of the time. He also told the committee that he never had talked with Sorenson more than three minutes and had never been told just what TCA's formal education plan was.

Fisher also claimed that he was paid $9,600 a year in his TCA post but never had any specific duties.

Sorenson answered the charges while lecturing on the Point Four program to technicians at Michigan State College.

"If there is any criticism of my absenteeism from Washington," Sorenson said, "it should be that I didn't travel enough, especially abroad. That type of job requires a lot of field work."

The former education section chief said that Fisher was moved into his department in February last year without his knowledge.

Sorenson added that although there was "nothing personal" involved, he asked for Fisher's transfer to another department since his qualifications were not needed.

He said that Fisher was given several important projects to handle, including an assignment in Saudi Arabia.

"If he didn't work on them, that's his problem," Sorenson concluded.

Three More In Beauty Contest

Three more entries were turned in yesterday for the Kiwanis Club bathing beauty contest, which will be held Saturday night at the official opening of the swimming pool at Towle Memorial Park.

The new contestants, who brought the total entered to 14, include the first married woman in the contest and a college campus sweetheart.

Mrs. Norma Greenlee, 22, 1608 Twenty-seventh Street, is the only married woman in the contest so far. She is sponsored by the Emanon Study Club.

Miss Colleen Soles, 19, Route 3, was chosen sweetheart of the Texas Christian University band last fall. She will also be a band majorette this fall.

Also entered is Miss Barbara Wilson, 16, Route 2.

Entry deadline is noon Saturday. Entries are being turned in at the Chamber of Commerce or at King & Brown.

Others in the contest are Peggy Ritter, 16; Jane Houston, 17; Margie Hilliard, 16; Jerry Slaughter, 23; Doris Crawford, 16; Nancy Jorday, 16; Betty Koonce, 16; Anniece Hardy, 16; Margaret Leath, 16, and Ann Falls, 19.

Articles Stolen Here

Some small articles were reported stolen from a car parked behind a downtown theater here last night, police said.

Theft of the articles, a pair of sun glasses and car title papers, was reported to police by Robert Willingham.

Willingham said the articles were stolen from the dashboard compartment of the automobile.

Mrs. Hazel Crawford

Hamlin Woman Vanishes Here Last Thursday

A worried husband was in Snyder today following up every possible lead trying to find his wife who disappeared here a week ago today.

L. J. Crawford is searching for his wife, Hazel, 29, who was last seen here between 3 and 3:30 o'clock last Thursday afternoon. Crawford, a driller, lives in Hamlin. The couple has a 10-year-old son who has not been told of his mother's disappearance yet.

Crawford said that his wife came to Snyder to visit friends, Mr. and Mrs. Lee Drake who were to move to North Carolina on Saturday. They postponed their trip until early this week, however.

Crawford's car, which she was driving, was found Friday morning parked in front of the Methodist parsonage on Avenue R.

Her description was given as: hair - brownish blonde, eyes - brown, and height - five feet, seven inches. She was wearing a light green dress and red moccasin shoes and carrying a rust-colored crocheted handbag.

Crawford asked that anyone knowing something about Mrs. Crawford contact the chief of police in Hamlin. He said that his efforts had not turned up a single clue yet.

BIRTHS

Mr. and Mrs. Guy Browning, of 1702 Avenue R, are parents of a daughter born yesterday afternoon at 12:50 o'clock in Battenfield Hospital. The baby weighed five pounds and 13 ounces.

Cotton Quota Hearings Are Being Recessed

WASHINGTON (AP) — Congressional hearings on proposals to alter the formula for dividing among the states the national cotton acreage if production quotas are reimposed in 1954 were in recess today as legislators studied an alternate plan.

The House Agriculture Committee's hearing will be resumed Friday. The Senate committee is to hear more witnesses July 9.

The House committee will hear further testimony from Frank Woolley, legislative counsil for the Farm Bureau Federation, who yesterday outlined a plan agreed on by his organization's directors.

This plan, regarded as a compromise, would retain the present five-year base formula and set the national acreage allotment at 21½ million acres plus nearly 500,000 acres in "adjustments" to go to Western states.

Westerners have proposed altering the present formula to provide that the national allotment should be divided among the states on the bases of average plantings for the past three years, a change which would give western states a bigger share of the total.

Congressmen from Southern cotton states oppose the Western proposal. Western states have increased cotton production greatly in recent years.

Teachers Ready Vote On Their Resolutions

MIAMI BEACH, Fla. (AP)—Delegates to the convention of the National Education Association get their first look today at resolutions to be voted on tomorrow in the last big business session of the 520,000-member organization.

Two proposed resolutions which have been made public by NEA committees would condemn censorship of teachers in American classrooms and call upon teachers to answer all questions freely whenever their loyalty is questioned by investigators.

These are included in the resolutions Committee Report scheduled for presentation today.

Tomorrow's activity winding up the big convention will include election of officers and addresses by U. S. Atty. Gen. Herbert Brownell and Lewis K. Gough, National American Legion commander.

Some States Getting Relief

By The Associated Press

Cool air from Canada and the Pacific brought relief to Northern Midwest areas today but hot and muggy weather continued in most other sections in the eastern half of the country.

The cool air moved eastward and southward and there were indications the North-Central states might get some relief tonight and Friday. The refreshing breezes early today extended from the upper Mississippi Valley southwestward through Eastern Nebraska to Western Kansas.

However, hot and humid weather appeared in prospect for wide areas in the eastern half of the country through the Fourth of July holiday week end.

A cooler air mass also covered most of the Great Plains westward to the Pacific Coast but it continued hot in the central section of California.

No break in the sizzling heat appeared in the Southwest and over Texas, Oklahoma and most of Kansas. Fairly pleasant weather was reported in the Northern Great Lakes region and in Northern New England but in the rest of the eastern half of the country it was hot and sticky.

Temperatures again yesterday were in the 90s and above 100 over the wide areas in the Southwest and plains states.

KIDNEYS MUST REMOVE EXCESS WASTE

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slowdown of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Pedestrian Islands Being Put In Square

Pedestrian safety islands are being built in the street at the four coners of the square, B. J. Shelley, city manager, said.

"The islands are being built to afford pedestrians crossing the street greater safety while they are waiting for the street lights to change," Shelley said.

Two have been partially installed, a third will be built tomorrow, and the last one probably Monday, Shelley said.

Tops of the concrete islands will not be painted, but the sides will be painted with aluminum paint, and the cross walk stripes will be repainted with white paint, he said.

Shelley asked motorists to observe the islands, and asked pedestrians to use them instead of jay-walking in the middle of the block.

Some wasps make their nests out of paper which they manufacture themselves.

EYE-CATCHING MANNEQUIN

A crowd stands outside a Paris dress shop, attracted by the novelty of a live mannequin and the costume she is modeling. The shop is using girls instead of the usual store window dummies to display its line of bathing suits.

Mother To See Baby She Has Never Cradled

LOUISVILLE, Ky. (AP)—A 3-month old baby, Randolph Lee Bowles, will be the star of a special television program today.

And for his 22-year-old mother, ill of tuberculosis, there'll never be another like this one, giving her a closeup of the son she never has cradled in her arms and has seen only from a hospital window.

Mrs. Ralph C. Bowles' seat for the shot will be a bed at a sanatorium where she has been a patient since a week after the youngster was born April 6.

The video arrangements over WAVE-TV were completed yesterday. All Mrs. Bowles could say was: "Wonderful . . . Wonderful."

The baby's debut was scheduled after his mother placed second in a contest for the best letter on "How I met my husband."

Unable to appear on the program to accept her prize of an electric mixer, Mrs. Bowles asked her sister, Mrs. Eugene Bragdon, to substitute and bring along Randy.

The mother got a glimpse of her son once through the maternity ward window at a hospital when he weighed only 5 pounds. Another time she was able to wave to the dimpled, blue-eyed child from the second floor of the sanatorium while he was held below by Mrs. Bragdon.

Randy's birth was induced a month early to permit Mrs. Bowles' transfer to the sanatoriumff. She developed tuberculosis while on Guam with her husband, an Air Force lieutenant now stationed at Wright-Patterson Air Force Base, Dayton, O.

Mrs. Bragdon, who is caring for Randy during her sister's convalescence, says Mrs. Bowles has centered her interest on her baby.

"That's all she wants to talk about, but she can't without crying. After all, she wanted him so badly and now she can't have him."

Parole Jumper Is Given Break

CHARLESTON, W. Va. (AP)—A 27-year-old fugitive whose conscience prompted him to end a four-year refuge from the law is heading back to his family and job in New Rochelle, N. Y., with the blessing of probation officers.

Kanawha County Probation Officer Shannon E. Apted found that William M. Beard would be "a credit to any community" and set him free.

Beard walked into the county jail here Sunday and told deputies: "Let me in. I've had enough."

He had been sought for four years on a probation violation charge. In 1948, he was given three years probation on a charge of breaking and entering. Beard, who then lived at St. Albans, W. Va., reported regularly to probation officers for one year and then vanished.

He told county officers after surrendering that he had been working in New Rochelle, N. Y., in a civil service job for the city. By working overtime, he said, he had made as much as $500 a month, had married and become a father.

"But," he was quoted as saying, "all that time those old charges were eating on me. It got so bad I couldn't sleep at night. Sooner or later, somewhere, somebody was going to tap me on the shoulder and I'd have to face the music."

Checking his story, probation officers found he was respected by his employers and had been in no criminal difficulties since leaving Kanawha County.

Apted told him yesterday that he could go home. The probation officer voided the warrant that had been out for his arrest.

"He broke down and cried," Apted said. "He was a pitiful sight."

Coney Island Is Off Limits For Commies

NEW YORK (AP)—A federal judge says—heat or no heat—the 12 second-string Communists free on bail pending appeal of their conspiracy convictions cannot go to Coney Island.

They asked yesterday through counsel if they could get some heat relief by traveling to Coney Island beaches via subway.

Judge Sylvester J. Ryan denied the application. He said Coney Island is part of Brooklyn—in the Eastern Federal District of New York—while the 12 were convicted in Manhattan, in the Southern Federal District.

If they leave the boundaries of the Southern District, Ryan noted, they would be skipping bail.

And, the judge added, there are "many fine beach areas" in the Southern District.

Watching the antics of the entertainers with obvious interest at the club dance last night are, from left, Mrs. Ann Hobson, Mrs. James Rosser (slowed by a lame foot), Mrs. Reid Estes and Mrs. W. H. Lane.

T. Stephensons Given Surprise Shower At Home

Mr. and Mrs. Troy A. Stephenson were honored with a surprise housewarming Saturday night at their new home at 500 Thirty-fourth Street.

A bouquet of asters and daisies were presented to the Stephensons by the hostesses. They were Mrs. H. J. Edelman, Mrs. S. H. Griffin and Mrs. Gene Williams. Mrs Williams led games during the evening

Ice cream and cake were served by Mrs. Edelman and Mrs. Griffin. Plate favors were napkins with the inscription "Katherine and Troy." Besides the hostesses and their husbands, guests at the party included Mr. and Mrs. Tiny Robbins, Mr. and Mrs. Tom Cronk, Mr. and Mrs. B. L. Lilley, Mr. and Mrs Doy Schribner, Mr. and Mrs. Tom Carpenter, Mr. and Mrs. J. W. Barham, Mr and Mrs. C. R. Smith.

And Mr. and Mrs. Delbert Camley, Mr. and Mrs. Howard Yeilding, Mr. and Mrs. Curley Schwarz, Mr. and Mrs. John Black, Mr. and Mrs. Carl Arnold, Mr. and Mrs. Ernest Gwyn, Mr. and Mrs. Colen Kilgo and Jewell Hardy.

Kicking it up with a pretty, but unidentified, member of the floor show at the County Club last night is Fred Kaiser who was called from the audience to help with the act. (Lee Watson photograph)

Send your questions to "Helps for Homemakers", Snyder Daily News, or call 3-8486.

I have an old model sewing machine that spoils the looks of the whole room, but I can't move it out. Have you any ideas for a disguise? R. A.

A panel could be made to fit over the top of the machine by using a sheet of hardwood about three-sixteenths's of an inch thick. After enameling the surface place a slip cover skirt around three sides. Fabric equal to twice the distance around the three sides will be needed. After hemming the top, tack the material to the edge of the panel, leaving deep pleats as desired.

• • •

When working with heavy fabric, a razor blade is better than scissors for cutting buttonholes.

• • •

Could you tell me a way to vary the ordinary hamburger? We hope to have a Fourth of July party, and hamburgers are very easy to serve. S. A.

Broil the patties until well done on under side. Turn and broil about half done on second side. Top each with sauce made of ¼ cup chili sauce, 1 tablespoon pickle relish, 1½ teaspoons prepared horseradish and ¼ cup chopped ripe olives. Add a slice of cheese and broil until it melts and meat is well browned.

• • •

What is an easy and different summer dessert I can serve the family? L. J.

Fill each half of canned cling peaches with crushed pineapple. Top each with a marshmallow and slip under the broiler until marshmallow is toasted and brown. Serve while warm.

• • •

We have crabgrass in our lawn, and I certainly don't want to take the time to dig each plant out separately. Isn't there a spray of some kind that is effective? W. C.

A solution of patassium cyanate and water can be sprayed over the weeds.

Haligonians Trying To Erase Impression

HALIFA, N. S. (AP)—New Zealand Artilleryman Ronald MacIntosh is due in Baltimore, Md., today, and Mrs. Hugh Bell of Halifax hopes that after he arrives, he'll forget his bad thoughts about Haligonians.

MacIntosh, en route home with New Zealand's coronation contingent, left Halifax this week minus $49 and plus a bad impression of his hosts. The money was stolen from his clothes as he swam in a Halifax park.

After he sailed on the Australian carrier Sydney, Mrs. Bell heard about the theft. She rallied friends and they wired another $49 to the Sydney's captain at Baltimore.

SOCIETY SCRIBBLINGS

Out Of State Show Is Featured At Club Dance

By DOLORES KETCHERSID

Highlights of the Country Club dance last night were the floor shows presented by a California troupe, Shamrock Review. However, the local participants drew more applause than the entertainers.

Wearing the equivalent of a one-piece bathing suit with a bustle the show's tap dancer called on help from the audience for her routines. FRED KAISER and P. W. CLOUD blushingly came to her assistance.

The troupe's Irish singer (who we'll swear has gotten no closer to a shamrock than the hotel in Houston) sang specifically to JIM PHILP and C. V. McCLATCHY. Both men drew more laughs than the singer did.

Guests of Mr. and Mrs. BRYAN JORDAN, Jr., were Mr. and Mrs. W. H. LANE of Ira. The Lanes moved to Ira from Oklahoma City about three months ago. It was their first time at a Snyder social event.

Representatives of the younger set seen making the most of the music provided by the band were SONNY GREENFIELD, MARY SUE BOREN, ANN HARDY PARKS AND JOE DAVE SCOTT.

Ann, who is from El Dorado, Ark., is spending the summer with Mr. and Mrs. V. V. McGREW.

Spotted in the crowd of cocktail dresses were a blue and silver metallic plaid worn by Mrs. WORTH SAYNER and a black and white checked cotton on Mrs. BILLY GREENFIELD.

Between dances Mrs. ANN HOPSON told of visitors she had had in her home at 2349 Sunset last week end. While she has been shopping in Neiman - Marcus these past years she met Mrs. Felix Wilder an employe in the shoe department. Although the friends had had lunch together a number of times, this visit was the first real one. Mrs. Wilder was accompanied by her husband who has recently received his medical degree.

In charge of arrangements for the dance were BILLY BOREN, Mrs. L. C. YOUNGER, JIM REID and Mrs. Greenfield.

SURPRISE BREAKFAST

CLEONE and WANDA BRUNSON roused five sleepy girls Tuesday morning about 7 o'clock to help them entertain much-feted SHIRLEY WEBER, bride-elect of James Bowers. The girls were taken just as they were in pajamas, cold cream and curlers to the Brunson home at 2704 Avenue Q for breakfast.

Hostess gifts of kitchen articles were arranged in the center of the table with ribbon of pink and blue, the bride's colors. Guests were MARY FRANCES and BILLIE ALFORD, JANE WILSON, ADENE WELLS, IRALYN NEWBY, and Shirley.

RECOVERING WELL

Mrs. J. E. LOCKE, 703 Thirty-first Street, tells us that her husband, who has been in the Big Spring Veterans Hospital since May 14, is recovering very satisfactorily. She predicted that he would be brought home the end of this week or the first of next.

Shirley Weber Given Gift Tea In Walton Home

Miss Shirley Weber, bride-elect of James Bowers, was honored with a tea Monday afternoon in the home of Mrs. Dale Walton. Hostess with Mrs. Walton was Mrs. Pauline Landell.

The lace tablecloth was centered with white lillies between white candles. The bride's colors of pink and blue were carried out in tea cakes of those colors. Punch was also served. Napkins were embossed with "Junk and Shirley." "Junk" is the groom's nickname.

About 45 gifts were received Miss Weber is to marry Mr. Bowers July 10.

U. S. farm population has declined nine and a half per cent since 1932, but production is up 45 per cent.

PERSONALS

Miss Martha Sue Hubbard of San Antonio, is visiting with Mr. and Mrs. S. S. Steinberg, 3111 Fortieth Street, and with Miss Barbara Nichols, 2807 Avenue W, here this week. Miss Hubbard is a former resident of Snyder.

Mr. and Mrs. S. S. Steinbrg, 3111 Fortieth Street, have just returned from a two-weeks vacation apent with friends and relatives in St. Louis and Missouri and Arkansas. They returned last week end.

Mrs. W. S. Cumbie, 606 Avenue K, and her son and his wife, Mr. and Mrs. Othel Cumbie of 2808 Avenue Q, spent two weeks visiting relatives in California. Mr. and Mrs. Othel Cumbie visited her brother and Mrs. W. S. Cumbie was a guest in the home of her sister, Mrs. Cecil Hughes. The group returned Saturday.

Visitors last week in the W. F. Woolsey home at 1901 Nineteenth Street were his mother, Mrs. Dora Black of Fort Worth, Mrs. Woolsey's sister and brother-in-law, Mr. and Mrs. A. T. Thompson of San Antonio, and her mother, Mrs. Lee Little, of Bradshaw.

Mr. and Mrs. Cecil Williams will leave this week end to bring their daughter, Shirley Gene, home. She has been visiting for about a month in the home of her grandparents, Mr. and Mrs. George Lane, in Fort Worth.

Mr. and Mrs. Harry Qualls and three daughters visited Sunday and Monday in the home of Mr. and Mrs. R. W. King of 3309 Avenue A. Also in the party was Mr. Qualls' mother. The Qualls are from Bristow, Okla.

Mr. and Mrs. Garland Armstrong left last night for Fort Worth, where the state bar convention is to be held Friday and Saturday. They plan to visit Mr. Armstrong's mother, Mrs. Alda Sanderson at Lake Waco Sunday and Monday.

The Wayland G. Holt family left this morning for Fort Worth to attend the state bar convention. They planned to return Saturday.

Record Tax Collection, But Still Deficit Was Increased

WASHINGTON (AP)—The government collected more taxes in the last 12 months than in any other year in the nation's history, but still ran up a deficit of $9,389,000,000.

And it is going to start off the new fiscal year, which began yesterday, by borrowing 5¼ to 6 billion dollars—the biggest new borrowing since the war.

Sen. Byrd (D-Va), noting these figures, said in an interview today he doubts the Eisenhower administration will be able to make good on tax reduction promises next year without budget cuts deeper than now planned. Unless there are economies not now in sight, Byrd said, he fears this fiscal year's red ink entry will be nearly as large as last year's.

"I just don't see how there can be any new tax reductions in the face of these tremendous deficits," the Virginia senator said. "The loss in revenue from the reductions automatically scheduled to take place on Jan. 1 apparently is not going to be offset by reductions in spending."

Personal income taxes are due to drop 10 per cent on Jan. 1. And the excess profits tax, which the administration wants extended, would expire then if Congress grants Eisenhower's request.

Announcing details of government finances in the fiscal year which ended Tuesday, Secretary of the Treasury Humphrey said today that:

1. The government spent $74,607,420,232.16 from July 1, 1952, through June 30, 1953, compared with $66,145,246,957.62 in the previous 12 months. This was only 14 million dollars more—a minute difference in government accounting—than former President Truman had estimated in January.

2. The government's net income in fiscal 1953 was $65,218,336,562.73, some three billion dollars more than the previous record year in fiscal 1952, when net income was $62,128,606,579.52 but nearly 3½ billion dollars less than the $68,697,000,000 Truman estimated.

3. This meant a fiscal 1953 deficit of $9,389,083,669.43, more than double the $4,016,640,378.10 the government went in the red in the previous fiscal year and nearly 3 billion dollars more than the $5,896,000,000 deficit Truman estimated.

4. The public debt rose from $259,105,178,785.53 to $266,071,061,638.57.

5. The government's cash balance—the ready cash it keeps in banks around the country as a working fund to meet daily bills—sank during the year from $6,968,827,604.31 to $4,670,248,248.06. Only the fact the administration lowered the balance by $2,299,000,000 to pay bills instead of borrowing kept the debt from increasing that much more than it did.

Since spending during the year came out within an eyelash of estimates, it was the drop of receipts below calculations which boosted the deficit to its highest point since World War II.

A Treasury spokesman said last year's steel strike, cutting into corporation profits, was a factor. Others, he said, were a substantial fall in personal income tax payments under predictions, and speeded-up return of tax overpayments.

Byrd said he has suggested that the Treasury make an inquiry into why federal revenues have not come up to calculations.

McCarthy Is Getting Slaps In Wisconsin

APPLETON, Wis. (AP)—Sen. McCarthy was sharply criticized here in his home town yesterday by trustees of Lawrence College for what they called his "unfair and gratuitous attack" on Dr. Nathan Pusey, Lawrence president who is leaving to take over the presidency of Harvard University Sept. 1.

In a letter to a Boston newspaperman made public Tuesday, the senator described Pusey as "a man who has considerable intellectual possibilities, but who has neither learned nor forgotten anything since he was a freshman in college." Of Pusey's departure for his new job, McCarthy said: "Harvard's loss is Wisconsin's gain.... regardless of who takes his place (at Lawrence), it will be an improvement."

Cola G. Parker, chairman of the Lawrence Board of Trustees and president of the Kimberly-Clark Corp., said:

"Those familiar with Lawrence College and the activities of Sen. McCarthy can only conclude that the senator has gone overboard with respect to anyone who exercised his political right not to support McCarthy, or actively to support an opposing candidate."

Another trustee, L. R. Watson, former Eighth District Republican chairman and a long-time leader in Wisconsin GOP activities, said he felt "very badly about the Sen. McCarthy blast at Dr. Pusey . . . I do hope that he has been misquoted."

Pusey's only comment was: "When McCarthy's remarks about me are translated it means only—I didn't vote for him."

LEGAL NOTICE

INVITATION FOR BIDS

Sealed proposals addressed to The Honorable Edgar Taylor, County Judge, Scurry County, Texas, FOR OPERATING AND DELIVERY ROOM EQUIPMENT for the hospital building now under construction in Snyder, Texas, in accordance with specifications will be received by the County Judge at his office in Snyder, Texas until 2:00 P. M., Friday, July 10, 1953, and then publicly opened and read aloud.

The bid must be accompanied by a bid guaranty of five per cent (5) of the largest possible total amount of the bid, in the form of a certified or cashier's check payable to Scurry County. An acceptable performance bond in the amount of one hundred per cent (100) of the total bid will be required by the County of the successful bidder within seven (7) days of receipt of "Notice of Acceptance of Proposal" by the bidder.

Specifications and general conditions for bidders may be obtained at the office of the County Judge. The County reserves the right to reject any or all bids, to waive any formalities or irregularities, and to determine in closed conference which bid will be the most advantageous.

Scurry County
Snyder, Texas

Long Haul For PMA Mail Needs Truck

SYRACUSE, N.Y. (AP)—A federal agency wanted a truck to deliver its letters to the Postoffice, but instead a mailman will walk across the street for them.

As a rule, carriers collect only from mail boxes Postmaster Myron J. Parkinson said yesterday. But the postmaster general's office has instructed him to make an exception in this case.

The Production and Marketing Administration, an Agriculture Department agency, had sought bids for a "covered vehicle" to take mail from its office here to the Postoffice loading dock—a few hundred feet away.

LEGAL NOTICE

NOTICE is hereby given that BOARD OF EQUALIZATION of the Snyder Consolidated Independent School District will be in session at its meeting place in the Central Primary School Cafeteria in the town of Snyder, Texas at 9:00 A.M. on the 13th day of July, 1953, for the purpose of determining, fixing and equalizing the value of taxable Oil property situated in said school district for taxable purposes for the year 1953, and any and all persons interested or having business with said Board are hereby notified to be present.

By order of the Board of Equalization,
S. L. Terry
Chairman of the Board

LEGAL NOTICE

By order of the Board of Equalization,
S. L. Terry
Chairman of the Board

CAR HITS OVERPASS

William David Ellington, 22, Route 2, was only slightly injured at noon yesterday when his 1937 Ford sedan smashed into the railing on the overpass east of here. His car was headed toward Snyder on the south end of the overpass when it hit the railing. Seven large posts were knocked out of the ground and loose from the steel railing. Ellington was taken to the Battenfield Hospital in a Bell ambulance and was dismissed yesterday after noon. Sheriff's deputies quoted Ellington as saying he went to sleep while driving across the overpass.

Fancy Picket Line Set

NEW YORK (AP)—Four Metropolitan Museum employes were scheduled to do some "fancy" picketing today.

The attendants and guards want a $500-a-year wage boost over their present pay, which ranges up to $3,400.

Yesterday a spokesman for the employes said the quartet will do their picketing garbed as a caveman, toga-clad Greek, knight in armor, and soldier of the Continental Army.

Geese appear in the inscriptions left by the earliest civilizations.

Woman Unconscious Three Months May Be Beginning To Recover

RAVENNA, O. (AP)—Hopes were raised today that a 26-year-old schoolteacher, in a coma since an automobile accident April 10, may soon regain consciousness.

The woman, Miss Helen Foster, was injured near Seattle, Wash., when she was thrown out of her car after it skidded on ice and struck a culvert. She was brought home by train May 9.

An Akron physician examined her yesterday and expressed belief that recent movement of her arms and legs indicates she may be gradually regaining consciousness.

The physician, who asked that his name not be used, said the injury was a basal skull fracture with damage to the central brain.

Miss Foster had been teaching two years at Kennewick High School in Kennewick, Wash. at the time of the accident.

Dulles Takes Week End

WATERTOWN, N. Y. (AP)—Secretary of State John Foster Dulles arrived here by plane yesterday to spend the July 4 week end at his summer home on Main Duck Island in Lake Ontario. He was accompanied by Mrs. Dulles.

Wild turkeys are found distributed from Canada south to Central America.

THE SNYDER DAILY NEWS

it was about you!

says Madeleine Carroll

HAVE YOU EVER HEARD A STORY about someone that made you want to meet him? Well, I've just heard one. A story about a sincere, patriotic citizen who is doing something *practical* about his future and the *peaceful* future of his country by investing in U. S. Savings Bonds. A story about *you!* And one that ought to make you feel proud.

I felt good, too, when I heard what a great success story the U. S. Savings Bond Program has turned out to be. For you see, I'm a Savings Bond owner myself! And when you stop to think about how you and I and millions of our friends and neighbors all over America now own more than *49 billion dollars* worth of our country's interest-earning Bonds—it makes you realize what a wonderful country we live in and what fine people our fellow Americans really are

For no one has forced us to invest in Savings Bonds. We have invested of our own free will until today 1 out of every 4 men, women and children in America is a Savings Bond owner. That's the greatest success story of its kind the world has ever known!

I believe you'll agree that we've done this, not only because we have found that U. S. Savings Bonds are one *sure* way to *save money*. But because we're convinced they represent a concrete way to help bring peace and security—in a world where we have come to learn that *peace is only for the strong!* I'm a Bond owner, I hope you are, too!

Great News! New money-earning features for United States Savings Bonds!

FIRST—Thanks to new Treasury regulations, every Series E Bond you invest in begins earning interest after only 6 months. It earns 3% interest compounded semiannually when held to maturity. It reaches full maturity value *earlier* (9 years 8 months) and the interest it pays is now bigger at the start.

SECOND—Every Series E Bond you own can now go on earning interest for 10 more years after it reaches the original maturity date—without your lifting a finger!

THIRD—All maturing E Bonds automatically earn interest at the *new, higher* rate (average 3% compounded semiannually) for 10 more years. Your original $18.75 can now repay you $33.67. $37.50 pays back $67.34. And so on.

FOURTH—If you want to be paid the interest your Bonds are earning every six months, ask at your bank about the new Series H Savings Bonds.

Peace is for the strong... for peace and prosperity, invest in U.S. Savings Bonds

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, the Advertising Council and

Braves Miss Chance To Get 1st Place Again; Yanks Lose

By The Associated Press

It looked for awhile last night as if the Braves would vault back into first place but Brooklyn rallied for two runs in the last of the 10th to nip the Philadelphia Phillies, 5-4, and keep their half-game edge.

The third-place St. Louis Cardinals overpowered Chicago, 10-5, to stay 2½ games behind. Hal Rice homered in the 11th to give Pittsburgh a 5-3 decision over the New York Giants.

Although they lost again, the Yankees preserved temporarily their vanishing five-game American League lead because the second-place Cleveland Indians also were beaten. Detroit stopped the Tribe's six-game winning rush towards first place, 4-2. Chicago's third-place White Sox moved to within 5½ games of the pacesetters as they trampled the St. Louis Browns, 13-4. Washington defeated Philadelphia, 5-3.

The Yankees looked a beaten and bedraggled ball club all the way in bowing at Boston. Their attack was nonexistent, producing only four singles off the southpaw slants of Mel Parnell. Five New York hitters went down swinging and two more were called out on strikes. They were charged with only one error but the defensive play was generally sloppy.

Al Rosen sent Cleveland off to a two-run lead in the first inning at Detroit with a home run scoring Dale Mitchell, but Ted Gray stopped the Indians the rest of the way. Bob Lemon wild-pitched one run home, threw the ball away in permitting another and walked the third man who scored.

The White Sox rattled the fences at Comiskey Park with nine extra-base hits against the Browns. Minnie Minoso drove in five runs with a pair of triples. Nellie Fox hammered three doubles in three official at bats.

The Senators climbed back to the .500 mark by winning their second straight over the Athletics. Home runs by Wayne Terwilliger and Ed Fitzgerald helped Chuck Stobbs to his first victory since May 10.

Three doubles brought Brooklyn its success over Robin Roberts and the Phillies. With one out in the 10th Carl Furillo doubled deep to center field. Pinch hitter Roy Campanella brought him home with a double to left center and after an intentional walk George Shuba, another pinch hitter, belted one off the right-field scoreboard to drive in the winning run.

The Phils had tied the game in the ninth on a double by Granny Hamner, an error, and a single by Del Ennis. In the 10th Richie Ashburn singled and scored on Hamner's double to put the Phils in front, 4-3.

Stan Musial belted a pair of triples and a single in the St. Louis triumph over Chicago. Gerry Staley breezed to his 12th victory after his mates had gotten him a 7-1 lead at the end of four innings.

Milwaukee's power hitters found the range again at Cincinnati. Sid Gordon started the fireworks with a two-run homer in the first. Eddie Mathews belted his 23rd of the season, with a man on, in the third and Joe Adcock contributed a bases-empty blast in the eighth. Mathews moved into the league home run lead.

Pittsburgh moved within one percentage point of seventh place by edging the Giants. Starter Johnny Lindell gave up two quick runs in the first inning before Paul Lapalme took over. Daryl Spencer homered for the Giants' third run in the fourth. Frank Thomas tied it with a two-run homer in the sixth off starter Sal Maglie. Hoyt Wilhelm, who come on in the seventh, gave up the winning homer to Rice in the 11th.

Pony League's Second Game Slated Tonight

The second game of the Pony League will be played tonight by each of the four league teams.

At 7 o'clock the Lions Club Phillies will meet the Courthouse Tigers. The two teams are the leaders of the league so far, each with a 1-0 record.

Two nights ago, the Phillies downed the Von Roeder Red Sox and the Tigers shut out the Scurry Butane Dodgers.

The Red Sox and Dodgers will play at 9 o'clock, both trying to get out of the cellar.

The games will be played at the baseball diamond at Towle Memorial Park.

Old Men Take Lead In PGA Tournament

BIRMINGHAM, Mich. (AP) — The predictions about the 35th Professional Golfers Association Championship are coming true—but with a reverse twist.

The predictions were that the rolling Birmingham Country Club course would take a beating and that the men who win the weekly open tournaments might be submerged pros who only take an occasional fling at the circuit. So after the first qualifying round, look who's ahead. Instead of the "unknown" it's the old men.

No. 1, with a course - record - equaling 66, tall Vic Ghezzi of Inwood, N. Y. Vic gave his age as "41 right now" when he came off the 18th green after taking the lead in the steaming 98-degree heat. The record books show him a few months younger. He won the PGA back in 1941, usually lasts until the late rounds and was a quarter-finalist last year.

But Ghezzi played in only about half a dozen winter tournaments, barely winning expense money, and couldn't qualify for the last 36 holes of the Open at lengthy Oakmont. He was rock-steady in yesterday's round, where missing the narrow fairways could be costly.

Tied for second at 67, Jimmy Hines, 48, of Glenview, Ill., and Jim Browning, 38, of Weston Mass. Sharing third at 69, Chandler Harper of Portsmouth, Va., and Johnny Palmer of Badin, N. C. Then in the 69 bracket two of the top touring pros, Sammy Snead and Dutch Harrison, along with less-known Felice Torza and Pete Cooper.

And the day's summary—19 players out of 136 starters under par and 64 with scores of 74 or better. That indicates that the prediction of a medal-winning score of 137 and a requirement of 147 to get in among the 64 who will start match play tomorrow were just about right.

Hines has gone to the PGA semi-finals twice, the most recent time 15 years ago when he beat Byron Nelson and Denny Shute and then lost to Snead, who threw four straight 3s at him on the last four holes to gain a 1-up victory. That was when Snead, who now owns three PGA titles, took a beating from Paul Runyan in the finals.

Last year Jimmy passed up the PGA Championship to play in the British Open and he finished 14th there.

Browning, a chubby club professional, made his first appearance in the championship last year and failed to qualify. He tried the tournament circuit once and said he collected nothing but experience.

Harper is a former PGA champion, but his 1950 victory was regarded as something of a freak. Since then the balding, 39-year-old Portsmouth, Va., golfer has blossomed out as one of golf's snappiest dressers, head of a new golf-equipment manufacturing concern and a fairly regular winner on the winter tour.

Palmer, who might have been a lot better off but for an over-par 6 on the last hole, will be 35 Friday.

Come to think of it, the top of this list is no place for youngsters. Snead and Harrison are in their 40s, Cooper 38, Torza 33.

Galveston And Texas City Win

By The Associated Press

Galveston and Texas City continued their one-two fight Wednesday night in the Gulf Coast League. Both clubs won and the White Caps stayed three games in front of the Texans.

The Texans captured their eighth straight game, winning over Corpus Christi 4-2 on the four-hit pitching of Joe Aguiar. Aguiar struck out six, walked three and allowed the Aces only single runs in the first and fourth innings.

Bill Dossey belted a 400-foot homer in the second inning for the first two Texas City scores. Three more runs came in the third, Delton Childs triple scoring two of them.

The White Caps defeated Laredo 9-5 with good pitching. It was Mike Conovan's six-hitter that gave Galveston the lift.

GRACIOUS SEIXAS

Philadelphia's Vic Seixas, who captained the 1953 Davis Cup team sails over the net at Wimbledon, England, after defeating Australian Mervyn Rose in a five-set semi-final in the All-England lawn tennis championships. Seixas now meets Kurt Nielsen of Denmark for the men's singles title. Seixas won 6-4, 10-12, 9-11, 6-4, and 6-3.

Special Games Set Saturday

Special schedules have been set up by the Little League and Pony League here for games to be played during the opening of Towle Memorial Park.

No games will be played in the Little League tonight, as was originally scheduled. The two games for tonight were reset for Friday and Saturday.

The special games will begin at 6 o'clock tomorrow night, when the Lions Cubs will meet the Legion Yankees of the Little League. The Yankees now lead the league, and the Cubs are in third place.

At 9 o'clock Friday night, two Pony League teams, the Von Roeder Red Sox and the Courthouse Tigers, will play. That game was originally scheduled for that time. Friday night's 7 o'clock game of the Pony League has been postponed.

At 3 o'clock Saturday afternoon, the Quarterback Giants and Optimist Cardinals, Little League teams, will clash. The Cards are tied for second, and the Giants hold last place.

At 5 o'clock that afternoon, the Pony League will hold a special game. The Lions Club Phillies will go onto the field against the Kiwanis team from Sweetwater.

All Little League games will be played at that league's field on the new high school campus next the park, and Pony League games will be played at the park baseball diamond.

19-Inning Game In Big State

By The Associated Press

The Bryan Majors battled 19 long innings Wednesday night to trip Temple 4-3 and regain the Big State League lead.

It was Vic Stryska, down from the Texas League, who engineered the victory by hurling 11 2-3 innings of brilliant shutout relief.

Left fielder Wes Gibson rapped out his four hits of the night, a single to left, to score Frank Scarpace with the winning run.

Stryska had taken over in the eighth inning, when Temple tied it up at 3-3, and then held Temple scoreless until Gibson settled the issue.

Gibson, driving in three of the four Bryan runs, shared the honors with Stryska.

Stryska, former Dallas hurler, until Sunday, has now won three games for Bryan in four days.

Tyler was downed by Austin 7-3 and dropped from the league's top spot. The Pioneers slammed out 12 hits—six of extra bases—and won easily as Al Lamacchia held the East Texans to seven hits.

Dean Stafford supplied the only positive note for Tyler by driving out his 18th homer—and his third in two nights.

Mel Nunes smashed a solo round-tripper for Austin.

Wichita Falls gained ground on its third-place objective, whipping the Texarkana Bears 3-1. The difference between the two clubs is now one and a half games.

A two-run first inning homer by Perry Roberts and Burke McLaughlin's clutch-pitching downed the Bears. McLaughlin gave nine hits in winning his third straight since joining the Spudders.

Longview and Paris doubled a double-header. A three-run ninth inning homer by Perry Roberts gave the Indians a 7-6 victory in the opener.
