C-C Banquet Ticket Campaign Now Under Way

Early ticket sales for the annual Chamber of Commerce. Banquet Thursday, January 15, are going at a rapid pace, Warland Brummett, ticket chairman, announced this week as plans for the event neared completion.

Speaker at this event will be Prof. Archie L. Leonard, associate professor in the Agricultural economics department of Texas Technological college and one of the leading agronomists of the Panhandle.

This banquet will also mark the installation of new officers for 1953, James Sullivan to succeed Clark Anderson as president; Billy Hatch, vice-president; and Jimmie Kelso, secretary.

Mr. Leonard, an Oklahoman, is a graduate of Oklahoma A&M College with bachelor and masters degrees. He was an assistant in farm management at the University of Illinois from 1933 to 1935, and held the same position at Michigan State College in 1935-36. For the following 12 years, until 1947, he was with the United States Department of Agriculture as farm management specialist for Texas and Oklahoma.

A man with a keen sense of humor and an interesting and pleasing way of presenting hard facts, Mr. Leonard's talk will be of special interest to both business men and farmers of this area.

Farmers are especially urged to attend the banquet, according to Mr. Brummett.

Tickets are $2.00 each and may be secured from Mr. Brummett, Miss Katherine Boverie at the county library, D. C. McKinney at Lone Star Gas, or at the Chamber of Commerce Office.

The banquet will be held at the community building Thursday evening, January 15, beginning at 7:30 p.m.

Ansel McDowell Buys at Hereford

Announcement was made this week that Ansel McDowell, Wellington druggist, has bought the Close Drugstore in Hereford, and took over its management Monday, January 5. Mrs. McDowell and their sons, Jim and Dan, will join him there as soon as a house can be secured.

At the same time, Sandy Parsons Jr., his partner and brother-in-law, announced the purchase of Mr. McDowell's interest in the Parsons-McDowell Drug here.

A veteran druggist, Mr. McDowell started in the business here in 1932. Later he owned stores in Olton and Wheeler before returning here seven years ago.

Both he and Mrs. McDowell were reared here.

Both have been active in many civic enterprises and in the work of the Methodist Church. Mr. McDowell is a member of the board of directors of the Wellington Chamber of Commerce and a member of the Kiwanis Club. Mrs. McDowell is a member of the 1924 Study Club and has been active in PTA and other women's civic work.

"We certainly hate to see Ansel leave this business and leave Wellington, but the Hereford store offered an opportunity that was too good to turn down," Mr. Parsons said.

There will be no change in the policies of the store here. The name will revert back to Parsons Drug Co.

A registered pharmacist will be on duty at all times, Mr. Parsons said.

C. A. King Dies in Train-Car Crash

Charles Aubrey King, 31, Quanah, a former Wellington resident and brother of Mrs. J. G. Finley, was killed instantly when the car he was driving collided with a freight train engine at the Main Street crossing in Quanah Friday evening, January 2, about 6:41 p.m.

Seriously injured were his parents, the Rev. and Mrs. J. L. King. Rev. King, pastor of Quanah's Northside Baptist Mission, had fractured ribs, head lacerations and other injuries. Mrs. King received a broken arm, as well as other injuries. Doctors have said they will be hospitalized indefinitely, their granddaughter, Mrs. Donald Briggs, said here Wednesday. Mrs. Finley is with her parents, and at present, it is expected

Letters Awarded Twenty-Four Rockets at Banquet Thursday

JAMES GLASSCOCK

"Football is the finest game a young boy can play," Coach Frank Kimbrough of West Texas State College told a group of approximately 100 townspeople and Skyrocket football players Tuesday night, January 6, at the banquet honoring the 1952 team.

Kimbrough's talk was one of two high points of the evening. The other came with the awarding of jackets to te Rocket lettermen.

"Too many people look at your season's record," the Buffalo coach went on to say. "They look at the win or lose standpoint."

Kimbrough cited two things that effect football today: "First is the people who bet to enjoy the game. Second is the advice of fans interested in the players. They try to get them into a certain school. Often they have more influence over the boys than their parents.

"Football is a great game. If you lose it, it isn't the way you lose the game, but how you played it.

"I believe," he continued. "that this teaches a lesson in life. It is hard to face life today with all the unrest in the world."

In concluding, he spoke directly to the senior members of the squad.

"Go to school somewhere. Stay in school as long as you can," and as his concluding comment: "I believe we have some of the finest boys to be found anywhere in this section of the country."

Jackets were presented the 1952 team by Coach Maxey McKnight. These are heavy woolen jackets with leather sleeves, and went to twelve one-year lettermen, eight two-year lettermen, three three-year lettermen, and one four-year letterman.

Lettering for the first year are Phil Handley, Calvin Lacy, Camal Dakil, Walter Kiesling, Frank Jones, Jim Thompson, Dennis Holliman, Jerry Drummond, Calvin Hiett, Lynn Couch, Eugene Brown and Truman Judd.

Two-year lettermen were Jimmy Leggitt, Doolen Starkey, Ed Bawcom, Lonnie Wood, Douglas Duncan, Harley McKinney and Jack Eads.

Three year lettermen were Clyde Ingram, Charlie Johnson, Harold Moore and Floyd Hood. Moore, Hood and Gene Baird received blankets instead of jackets. Vesta Lee Orr, the only four letterman on the squad, also received a blanket, a privilege going to graduating lettermen. Johnny Langford, Kenneth Peeks and Troy Thomason, three team managers, received jackets also.

Supt. Charles T. Roberts was master of ceremonies at the banquet. Dinner entertainment included a musical group composed of Earl Lynn Bartlett, Bennett Goodloe, Nelda Terry, Tanya Smith, Ruthie McCaskill and Jean Stingel. The Quartet sang "Keep it a Secret," "Blue Moon," and "Don't Let the Stars Get in Your Eyes." Nelda Terry gave a solo, "Trying."

An instrumental number, "Alexander's Ragtime Band," was given by Goodloe and Bartlett.

Accompanying Coach Kimbrough here, and giving a brief humorous imitation of a football player was Cecil Massey of the Hereford Chamber of Commerce.

Registering were Earl Lynn Bartlett, Dr. and Mrs. Tom Hunter, Mr. and Mrs. Dick Wiley, Dr. and Mrs. E. W. Jones, Miss Effie Richards, Miss Katherine Boverie, Miss Bonnie Willis, Henry Wells, Mr. and Mrs. B. C. Duncan, Mr. and Mrs. Bennett Goodloe, Mrs. C. R. Leggitt, Mr. and Mrs. Orval Couch, Mr. and Mrs. C. T. Roberts, Mr. and Mrs. Harold Drummond, Jeanne Drummond, Truman Judd, Eugene Brown, Lonnie Wood, Johnny Langford, Charlie Johnson,

Ricky Boyd, Nelda Scott, Jack Eads, Gene Baird, Pat Pritchard, Mr. and Mrs. Henry Sullivan, Troy Thomason, N. C. Beam, E. F. Lewis, Dr. C. B. Jones, R. W. Alexander, Dan Henard, E. C. Alexander, Clifford Niles, Mr. and Mrs. Les Wheeler, J. W. Holder, Mr. and Mrs. E. L. Wood, Mr. and Mrs. Donald Briggs, Douglas Duncan, LaJuan Wilson, Walter Keisling, Mary Ann Hunter, Sally Parsons, Jo Ann Aaron, Sharon Swift, Sharon Elbert, Nancy Elliott, Frank Smith, Calvin Hiett, Camal Dakil, Jerry Drummond, Floyd Hood, Fern Jones, Calvin Lacy, Patsy Patton, Betty Woods, Vesta Lee Orr, Harold Moore, Ruthie McCaskill,

Mrs. J. D. Aaron, Mrs. Floyd Hood Sr., Mr. and Mrs. Maxey McKnight, Frank Jones, Jean Stingel, Clyde Ingram, Nelda Terry, Rugene Black, Jimmy Leggitt, Doolen Starkey, Renee Thomason, James Sullivan, Jannine Crawford, Phil Handley, Mr. and Mrs. Bura Handley, Ed Bawcom, Shirley Pritchard, Lynn Couch, Elinor Drake, Jimmy Thompson and Martha Crane.

Fred Cox Sr. Dies At Loco Home Early Wednesday

Fred Cox, prominent farmer of the Loco area and a member of the Wellington school board, died at his home Wednesday morning, January 7, at 6:55 o'clock. He was 64 years of age.

His death followed a critical illness of about ten days. He was unaware of the ailment from which he suffered until only a short time before his condition became serious, and many of his friends throughout this area were unaware of his illness.

Funeral services will be held at the First Baptist Church in Wellington Friday afternoon, January 9, at 2:30 p.m., with the Rev. Chester O'Brien, pastor, officiating. Burial will be in the Wellington cemetery, directed by the Kelso Funeral Home.

Bennett Goodloe, high school principal, announced that the school will be dismissed Friday afternoon for students to attend the services honoring Mr. Cox. Short periods will be taught through the morning, and lunch period will be set up to 1:00 p.m., when classes will be dismissed for the day.

Fred Lilburn Cox was born December 18, 1888, in Bivins.

He was married to Miss Louise Knight December 29, 1917, in Mobile, Alabama. They continued to live in that state for a number of years, where Mr. Cox operated a saw mill.

Twenty-seven years ago he moved to the Loco community, where he became one of the area's leading and most progressive farmers, carrying on his operations on a large scale.

His interest in schools and their improvement came next to his interest in farming. He was elected a trustee of the Loco school in 1936 and continued to hold that place until the district was consolidated with Wellington. He then became a member of the Wellington board, was re-elected and held that office at present.

He had been a member of the Baptist Church since early manhood.

Mr. Cox was a member of the Masonic Lodge and held the Scottish Rite degree.

Surviving Mr. Cox are his wife, two children, Fred Cox, Jr. and Mrs. R. L. Mabery, and one granddaughter, Kathy Ann Cox, all of this area. There are no brothers or sisters.

Cameron Beam Bags 8-Point Buck

N. C. Beam returned from a hunting trip to Mason recently, where he bagged an 8 point buck, the only deer killed by members of his party.

This was his second deer this season. Earlier he was a member of a party of eight that returned with three deer.

Mr. Beam is having the head of his last deer mounted and when it is returned, in about two months, he will hang it in the West Texas Utilities Co.

Going with him were T. A. Shahan of Childress, George Shahan and Tom Grayson of Abilene.

To Smith Rites In Amarillo

Members of the Glenn families here are in Amarillo to attend the funeral of their nephew, Victor Talmadge Smith, 50-year-old Amarilloan who was murdered at a service station in that city early Tuesday morning.

Officers have only meager clues in the slaying, but it is believed that robbery was the motive.

The funeral was held at 2:00 p.m. Wednesday in the Blackburn Shaw Memorial Chapel, with the Rev. Hubert Thomson, pastor of the San Jacinto Methodist Church of which Mr. Smith was a member, officiating.

Burial was in Amarillo.

Mr. Smith is survived by a 12-year-old son and these uncles and aunts, V. T. Glenn of Amarillo. Gibbs Glenn and Bob Glenn of Wellington, Miss Maude Glenn and Miss Lora Glenn of Amarillo, and Mrs. R. E. Jackquier of Oklahoma City. John D. Glenn of Wellington, a cousin, was in Austin, but Mrs. Glenn accompanied other members of the family to Amarillo. Bob Glenn also was unable to attend, as he is in Temple at this time.

County Bank Assets Stand Above Seven Million

For the fourth consecutive year, assets of Collingsworth county's four banks remained above the seven million dollar mark, it was revealed this week with the issuance of bank statements in compliance with calls from the Comptroller of Currency, the Federal Reserve Bank and the State Banking Commissionery.

While these figures are down somewhat from those of a year ago, they indicate that Collingsworth is still one of the healthier counties financially in this part of the Panhandle.

Combined assets are $7,030,980. This is around a million dollars under the figure last year, when assets reached their second high point in county history with $8,090,901.

It is about equal to the bank assets at the beginning of 1949.

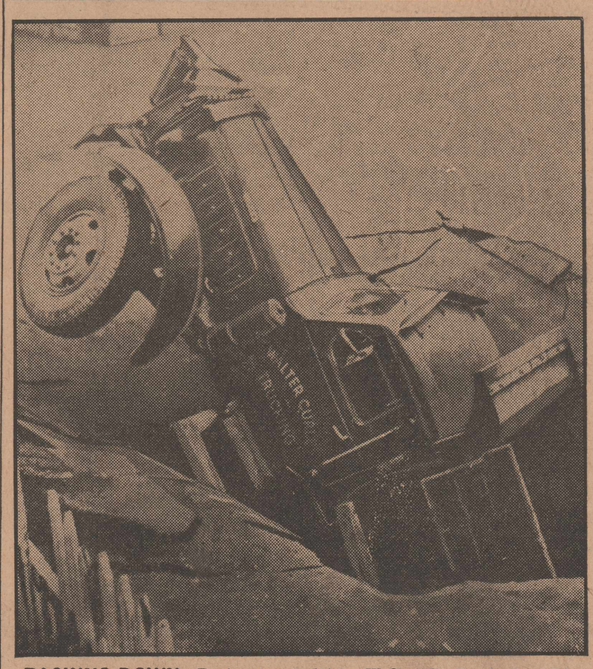

Deposits stand at $6,443,018. While this likewise is down about a million dollars, it is a little above the 1949 figure. Deposits a year ago were $7,485,236.

Of the deposit figure on January 1, $5,964,532 was in demand deposits of individuals, partnerships and corporations, while the remainder of the deposit figure is made up of time deposits, deposits of the United States Government, states and political subdivisions.

Loans and discounts now stand at $2,374,185, about the same as last year.

Undivided profits are $123,266, compared to $143,732 last year.

None of the four banks in the county has held its annual stockholders meeting for the election of officers and directors yet, although these are expected to take place around the middle of the month.

BACKING DOWN—Boston truck driver Walter Curley backed his seven-ton truck on a bridge, suddenly realized he was backing down to a lower level. Investigation showed the rear wheels had passed over a weak spot in the bridge and the heavily loaded vehicle dipped toward bottom. Curley, surprised and dazed, climbed from the cab uninjured.

Brother of Mrs. Mack Saied Dies

Mr. and Mrs. Mack Saied were called to Detroit, Michigan, by the death of her brother, Louis Ayoub, on Tuesday, December 30.

Mr. Ayoub, 57, died of pneumonia, although he had been in ill health several years. He was a retired grocer.

Before his health began to fail, Mr. Ayoub visited with Mr. and Mrs. Saied here a number of times.

Funeral services were held at Detroit Friday at 10:30 a.m. and burial was in that city.

Mr. Ayoub was born in Lebanon and came to the United States when he was 12 years old. The family lived in Illinois for a number of years, and later he moved to Detroit. Survivors include his wife, two sons, two daughters, four grandchildren and two sisters, Mrs. Saied and Mrs. Ma Abdnour of Streetor, Ill.

Mr. and Mrs. Saied returned Sunday.

Final Rites For E. W. Carter Held Sunday

E. W. Carter, 67, prominent farmer and community worker of the Loco area, died Friday, January 2. He had lived in the area for the last 44 years.

Funeral services were conducted at the First Baptist Church Sunday, January 4, at 3:00 p.m., with the Rev. Chester O'Brien, pastor, in charge. Pall bearers were Charley Caldwell, Tom Caldwell, Temple Slay, Roland Mayhugh, Charlie Bearden, Clair Lawrence, Earl Keller and Bob Barton.

Flower bearers were Barbara Mayhugh, Nancy Worrell, Gwen Davis, Ceciliar Cartwright, De Anne Lockhart, Rita Ann King and Catherine Cates. Burial was in the Wellington cemetery under the direction of the Kelso Funeral Home.

Elmer Wiley Carter was born July 20, 1885, at Belton, and grew up in Bell county, making his home there until he came here in 1909.

Mr. Carter was married to Miss Meryl Bartlett September 28, 1919.

For a number of years, he and his family made their home in the Cross Roads community, where he was an active community worker. Also keenly interested in schools and school improvement, Mr. Carter was a member of the board of trustees of that district for several years prior to consolidation.

For several years he had farmed

(Continued on Page Eight)

Rev. J. F. Michael Condition Better

The Rev. J. F. Michael, who suffered a light stroke early Saturday, January 3, was reported much improved Tuesday evening, although his doctor has advised that he remain in bed for two weeks. He is at his home.

Mrs. Michael said that her husband's stroke was "very, very light." He awaked Saturday morning with numbness through the left side of his body, but there was no paralysis, and almost all of the numbness is now gone from his left arm.

He is now able to have company.

R. F. Curry, Wellington postmaster, will be the lay speaker at the morning service of the Methodist church.

The Rev. W. E. Hamilton, district superintendent, spoke Sunday morning, January 4, and Mrs. John Aaron of the Fresno community was the evening speaker.

Four Counties to Attend

Legion Post Host to Zone Rally on Thurs.

The Frank King Post of the American Legion will be host Thursday night, January 8, at a Zone Meeting and dinner for Legionnaires and Auxiliary members of four counties, Herman Childress, post commander, has announced.

The program will be largely informal. Zone commander Clifford Johnson of Hedley will preside at the business session.

Short talks will be made by Mike McCullough of Clarendon, commander of the 18th District of the American Legion; Jimmy Faulkner of Clarendon, past district commander; and Shirley Draper of Shamrock, senior vice commander of the district.

Musical entertainment will be furnished by Bennett Goodloe and his string band.

Members of the Legion Auxiliary here are in charge of arrangements for the dinner.

Approximately 100 Legion and Auxiliary members are expected from posts in Collingsworth, Wheeler, Donley and Hall counties, Mr. Childress said.

Noble Murray to Relative's Rites

Noble Murray returned home Monday, January 5, after attending the funeral of his brother-in-law, Charley Stultz of Goodwell, Oklahoma.

Mr. Stultz, a teacher in that section of Oklahoma for many years, died in a Guymon, Oklahoma, hospital Saturday at 1:30 p.m., after an illness of three days.

Funeral services were held at Goodwell Monday afternoon at 2:30 p.m., and burial was in the Hardesty, Okla., cemetery by the side of a daughter.

Mr. Stultz had lived in the Oklahoma Panhandle for the last 30 years, coming there from Ohio.

Accompanying Mr. Murray home was his brother, Alonzo Murray, of Oklahoma City.

Dozier Man Steps Up

Wischkaemper Managing Editor of Abilene Paper

Ed N. Wischkaemper, son of Mr. and Mrs. A. F. Wischkaemper, Sr., of Dozier, has been named managing editor of the Abilene Reporter-News.

The appointment was announced Jan. 3 by Howard McMahon, publisher of the morning and evening newspapers. It is effective Jan. 17.

Wischkaemper succeeds Managing Editor Hal Sayles, who resigned to devote full time to extensive private business interests.

Wischkaemper, 35, spent most of his boyhood on the family farm at Dozier. He started to Dozier schools, and later went to Shamrock schools after the family moved there for the education of the children. He was graduated from Shamrock High School in 1934 as valedictorian of his class.

He went to Abilene in September of that year to attend McMurry College, from which he was graduated with a B. A. degree in 1938.

His interests in newspapering began at Shamrock High School when he helped with the high school's news page in the Shamrock Texan. It developed further when he was elected editor of his college newspaper, The War Whoop, for two years.

While still in McMurry, he went to work for the Reporter-News in July, 1936. He worked on the night staff, reporting for the morning editions, the last two years

(Continued on Page Eight)

Rev. O'Brien Does Preaching

Baptist Revival Will Open Here Jan. 11

Revival services will open at the First Baptist Church Sunday morning, January 11, and continue for an indefinite period, as long as the church leaders feel there is a need for it.

The Rev. Chester O'Brien, pastor, will be in charge of the preaching at the evening services, while the morning services will be directed by a group of men nf the church.

One guest preacher is scheduled to speak, the Rev. O. C. Curtis, pastor of Calvary Baptist Church, Pampa, who will be here Friday night, January 16.

The evening services will begin at 7:30 p.m., while the morning services will start at 10:00 a.m. and continue an hour.

Preceding the evening services, prayer services will be held each evening at 7:00 p.m. with groups for all ages.

Youth Fellowship meetings will follow the Sunday night services.

Rev. O'Brien and a group of men from the church, are now attending the State Evangelistic Conference of the Baptist Convention of Texas in San Antonio, in preparation for the revival.

Nipper Farm Sale Friday

Floyd Nipper has announced that he will hold a farm auction at his place nine miles southwest of Wellington, or two miles west of the Rolla Store Friday, January 9.

The sale will begin at 10:30 a.m.

(Continued on Page Eight)

Potential Champions

Basketball Goes Into League Play Period

Basketball at its best. That is what the fans will see if they follow the county teams over this week end and coming week. Although, the schedule will be a little lighter than usual for Wellington and Samnorwood, Quail will be in the thick of it.

The Quail Quails and Bobwhites will go to the Memphis Tourney. The tournament will begin Thursday night and close with the finals Saturday night. Both the Quails and Bobwhites play Thursday night. The Quail boys play Estelline for their opening game.

Coach Bill Phillips said, "It is the opinion of most that the winner of this game will probably be the winner of the tournament crown. He went on to say, "Our boys defeated the Memphis team by a good score. Then Estelline has defeated the Memphis team by 2 points. It is just a toss-up any way you look at it," he concluded.

The Bobwhites will do battle with the Memphis girls for their opening game. Not too much is known of the strength of the Memphis team, but it is expected to be a good game all the way.

This coming Tuesday night the Quail teams will have the night off but work-outs will continue to be heavy.

The Samnorwood Eagles and Eaglettes will have an open date this coming Friday night. But they will continue to have work-outs in preparation for their coming court battles. Next Tuesday night they travel to Wellington to meet the Rockets and Rockettes. Both of the Samnorwood teams have defeated the Wellington boys and girls. These two games should provide the fans with a lot of entertainment.

The Wellington basketball teams play host to two teams this coming week. Friday night the Rockets entertain the Hedley basketball teams in a double-header. The last time these two teams meet the Hedley boys and girls took both games. Then Samnorwood will be here Tuesday night. Coach Don Briggs has lined-up some good games for the fans this coming week. Both games will start at 7:30 p.m.

4-H Clubs Will Erect County Welcome Signs

The Welcome sign will be out within a short time to all visitors entering the county, built and set up by 4-H boys and girls of the eight county clubs, Miss Mary Trammel, home demonstration agent, said.

Dodson members have built and erected a sign welcoming to their town visitors crossing the state line, a mile to the east, Miss Mary Trammel, county home demonstration agent, reported.

The junior and senior clubs, working under the direction of Ralph Word and Mrs. Charles King, sponsors, built the sign, then four of the group, Buddy Wynn, Kenneth Wynn, Marilyn Hunt, directed by Miss Trammel, put it up Monday, January 5.

The sign, about five feet square, has a green background, with a map of Texas in white. Within the map is the Club emblem, a four-leaf clover. Lettering is:

WELCOME
4-H Clubs
Collingsworth County.

This is the first of a number of signs welcoming travelers to the county, to be put up by the 4-H Club boys and girls, Miss Trammel said.

The Dodson group will erect two other signs, to the east and west of town, extending a welcome to Dodson.

The Wellington clubbers will put up a sign at the county line south of town; the Samnorwood members at the Wheeler-Collingsworth line, and the Quail members at the Donley-Collingsworth line.

Rockets, Rockettes Have High Scorers

Norwood Takes Double Header From Wellington

By JAMES GLASSCOCK

The Samnorwood Eagles and Eaglettes started the New Year off right by beating the Wellington Rockets and Rockettes. In the girls game Norwood won 33 to 26. The boys game was an Eagle victory. The final score was 47 to 32.

One consolation the Rockets and Rockettes did have was that they got the high-scoring honors in both games. Lonnie Woods made 12 points and Shirley Prichard made 20.

In the girls game the Samnorwood Eaglettes were hampered by the partial loss of two of their best players. Both Kay Newkirk and Janice Oldham saw limited action. The rest of the squad was in tip-top shape.

The girls game started slow but both teams picked up steam. In the first Samnorwood took an early and decisive lead and from there on in it was Norwood. At the half it was 18 to 7 in favor of the Eaglettes. Shortly after the half the Wellington girls rallied and began to close the gap in the score. Scores were being posted faster than you could keep track of them. With each score partisan fans or one team or the other yelled in wild, frenzied excitement.

The fourth quarter was slam-bang all the way. Wellington got hot in the early stages of this final quarter, but Norwood was still fed hot. When the whistle blew the Eaglettes had a solid 33 to 26 win.

In a game like this you cannot overlook the offensive or defensive players. Goldie Tippie, Bonnie Kidwell, Kay Newkirk, and Odessa Kidwell did a splendid job on offensive duty. Tippie didn't score very many points but her brilliant ball-handling was something to watch. The Eaglettes certainly have some fine guards. Janice Oldham, Sue Prichard, Sue Moody, La Verne Veck, Aleta Coleman, and Juanell Ferrel must be commended for their services.

Wellington's fine forwards and guards did a great job in permitting the Eaglettes to score only 33 points. Shirley Prichard, Betty Cagle, Selma McAlister, La Wanda Strickland, and a host of others made Wellington good defensively.

Samnorwood's top hoopster was Bonnie Kidwell with 19 points. She made 9 field goals and 1 free toss. Goldie Tippie was in the number 2 slot with five points. Two field goals and one extra-pointer accounted for her scoring.

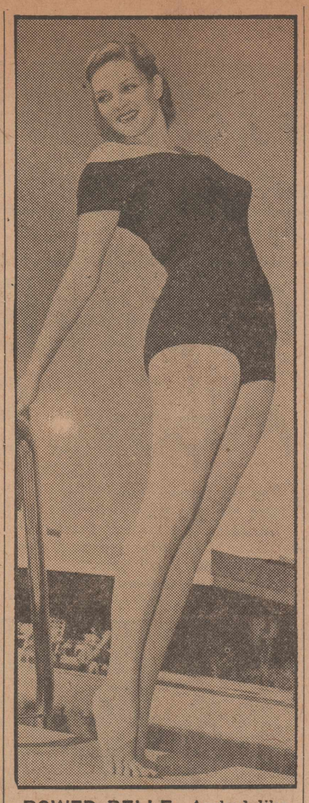

Wellington's top scorer was Shirley Prichard. Prichard made 20 points. She made 6 field goals and 8 free tosses. Betty Cagle was next with 4 points.

The boys game was fast and exciting all the way. The Eagles took an early lead and never relinquished it. At the end of the first quarter the Eagles had a 15 to 8 lead. At the half they had an even wider margin. It was 30 to 15. In the third quarter Samnorwood continued to add on to their lead and going into the fourth quarter they led 42 to 19. In the fourth quarter the Rockets paced by Lonnie Wood began to pep-up. But the Eagles lead was too great. The final score was 47 to 32 in the Eagles favor.

The Eagles had two boys who tied for first place scoring honors. Joe Thompson and Don Knoll dumped in 10 points each. Thompson made 5 field goals and Knoll made 4 field goals and two one-pointers. Second in scoring was Thurman Taylor with 8 points. Thurman sank four field goals, George Cunningham, Marion Sheffield, Jerry Martindale, Billy Oldham, Wayne Johnson, and Franklin Knoll also helped the Eagles cause.

Wellington's top point-maker was Lonnie Woods with 12 points. Lonnie made 4 field goals and 4 free shots. Next was Ed Bawcom with 7 points. Ed flipped in two field goals and 3 free tosses. Winfred Bickerstaff, Frank Jones, Odie Hood, Clyde Ingram, and Bill Harvey played for the Rockets. Each played a fine ball game.

The next time these two teams meet will be Tuesday, January 13 at Wellington.

BOWED BELLE—Arched like a bent bow, pretty Ida Mercier curves against the sky at the swimming pool in Las Vegas, Nev. Wearing a black, one-piece swim suit with off-shoulder effect, this belle gets a lot of bows from beaux at the western resort.

Marriage Licenses

Thomas Jackson Aaron and Miss Cleta Jeanell Lacy on Jan. 2, 1953 of Collingsworth County.

Robert Eugene Lumley and Miss Hazel Jean Stulz on Dec. 29 of Pott Co. Oklahoma.

READERS OF *The Leader*

No one reads The Wellington Leader more thoroughly than do those families who lived here then moved away. Here is what the hometown paper means to one couple:

Thorndale, Tex.
January 1, 1953

Dear Mr. Wells,

Please find enclosed a check for $3.00 for a subscription to The Wellington Leader. We have been gone 12 years, but still enjoy hearing from you folk through your paper.

We like this part of the country very much. Have had 12 inches of rain in the last two months. Soon will be gardening. Wishing everyone a Happy New Year, we are,

Sincerely,
Mr. and Mrs. W. D. Forbes

TINKER, TAILOR, Cowboy, SAILOR

These folks — and folks in all kinds of jobs, from housewife to teacher, from farmer to doctor — are owners of electric light and power companies like the West Texas Utilities Company.

Three million of them are direct owners. They've put their savings to work directly in electric company securities.

Moreover, the 86 million people who have life insurance, and the 65 million people with savings accounts, are indirect owners, because banks and insurance companies make your money work for you by investing much of it in the nation's electric companies.

This means that electric companies like yours, which are run for the people, are really owned by the people, too!

West Texas Utilities Company

World's newest V8 powers BUICK'S GREATEST CARS IN 50 GREAT YEARS

HERE you see pictured the Golden Anniversary ROADMASTER — engineered, styled, powered and bodied to be fully worthy of its paragon role in this fiftieth year of Buick building.

A quick listing of simple facts will reveal just cause for celebration.

★ **It has the world's newest V8 engine.** *Vertical valves; 12-volt electrical system; 180 pounds lighter; entire engine is so compact, a new, more maneuverable chassis has been built around it.*

★ **It has 188 Fireball horsepower.** *A new Buick record; engine horsepower per pound increased 40%.*

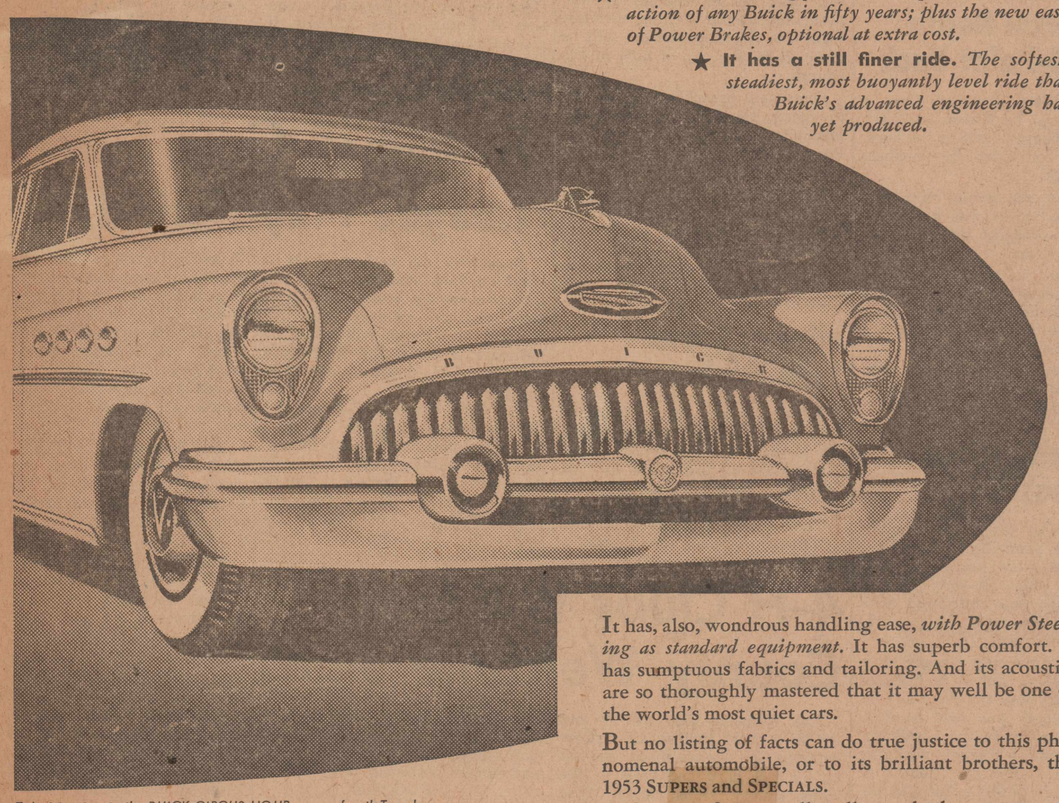

★ **It has a compression ratio of 8.5 to 1.** *Highest compression on the American scene today; bettered fuel economy.*

★ **It has a dynamic-flow muffler.** *For the first time in automotive history, a muffler with zero power loss.*

★ **It has a new Twin-Turbine Dynaflow Drive.** *Now adds far swifter, quieter, more efficient getaway to infinite smoothness at all speed ranges.*

★ **It has new braking power.** *Most powerful braking action of any Buick in fifty years; plus the new ease of Power Brakes, optional at extra cost.*

★ **It has a still finer ride.** *The softest, steadiest, most buoyantly level ride that Buick's advanced engineering has yet produced.*

Television treat—the BUICK CIRCUS HOUR—every fourth Tuesday.

It has, also, wondrous handling ease, *with Power Steering as standard equipment.* It has superb comfort. It has sumptuous fabrics and tailoring. And its acoustics are so thoroughly mastered that it may well be one of the world's most quiet cars.

But no listing of facts can do true justice to this phenomenal automobile, or to its brilliant brothers, the 1953 SUPERS and SPECIALS.

And no words can really tell you the beauty you see, the comfort you feel, the excitement you experience—when you look at and drive any one of these big, beautiful, bounteous Buicks for 1953.

Will you come in and see for yourself that these are, in simple truth, Buick's greatest cars in five brilliant decades?

Equipment, accessories, trim and models are subject to change without notice.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

REMODELING SALE

ALL SALES FINAL
NO REFUNDS

STARTS FRIDAY, JANUARY 9 AT 9:00 A. M.

Within a short time we will start remodeling our entire store. (We expect to make it one of the most modern and attractive in this area.) But before we start we want to reduce our stock to the lowest possible level in order that we will not have to move any more merchandise than is absolutely necessary while we are remodeling. It is a grand opportunity for you to save on quality merchandise. Some of the reductions are as much as one half their former price and some odd lots and broken sizes are reduced more than that. So come early and save.

First Games With Darrouzett and Follett

NORWOOD EAGLES, EAGLETTES PLAY IN CANADIAN TOURNAMENT

The Samnorwood Eagles and Eaglettes will be the only county teams entered in the Canadian Tournament Friday and Saturday, January 9 and 10, Orville Cunningham, superintendent, reported.

The Eaglettes will play their first game Friday morning at 11:30 a.m., against the Darrouzett girls. The winner of this game will meet the winner of the Lefors-Canadian game, and the winner of that contest will go into the championship finals.

On the other side of the bracket, McLean girls will play Groom and Panhandle will meet Follett.

"Fans in our section will be interested to know that we are on the opposite side of the bracket from McLean — a team that twice has gone to state competition. If we meet them, it will be in the finals," Mr. Cunningham commented.

The Eagles will play the Follett boys Friday afternoon at 1:30. The winner will meet the winner of the Pampa B team-Groom game.

On the other side of the bracket, McLean will meet Lefors and Canadian will meet Darrouzett.

Consolation finals will be played in the girls division Saturday night at 6:30 and in the boys division at 7:45 p.m.

The championship finals begin at 9:00 p.m. Saturday when the girls play and the boys will play at 10:15 p.m.

A large delegation of Samnorwood basketball fans plans to attend, Mr. Cunningham said.

He also announced that tournament admission prices for preliminary games have been lowered to 25 and 50 cents and finals to 50 and 75 cents.

Salt Fork Soil Conservation Dist.

Fred Squyres
Work Unit Conservationist

A financial report of the Salt Fork Soil Conservation District was given before the board of directors at the regular meeting Saturday night, January 3, by Frank Coleman, district chairman.

Mr. Coleman reported assets of $17,100, including $13,000 cash and seven seed drills worth $4,100. The cash, he pointed out, it from a state fund appropriated by the last session of the legislature, to be loaned to soil districts for the purchase of equipment. Money derived from leasing the equipment will go to repay the state.

Only unusual equipment not readily available in the local community is purchased with this money.

At the Saturday meeting, Truitt Holland and R. W. Alexander were named custodians of the grass drill placed in the Dodson area. Others are located with Mr. Burks, vocational agriculture teacher at Wellington; Frank Kennedy at Quail; and Lee Christie at Samnorwood.

These drills are leased at the rate of 50 cents per acre. Ten cents per acre is retained by the custodian and the remaining 40c is used for maintenance repair, and to pay out the drill.

"This is not government equipment. It belongs to the Salt Fork Soil Conservation District, and is paid for by it," Fred Squyres, Soil Conservation Service work unit conservationist, pointed out.

Attending the meeting were Mr. Coleman, Tom Cunningham, vice-chairman; Frank Ford, secretary; Logan Cummings and Alfred Knoll, members; George Kopp, clerk; J. W. Thomas, county agent; Mr. Alexander, Mr. Holland and Mr. Squyres.

Mr. Squyres and Lynn Courtney, conservation aide, are running terrace lines at present, and are out of the SCS office most of the day.

"Farmers wanting to contact us should do so at night or early in the morning," Mr. Squyres said.

The Salt Fork Soil Conservation District Board will meet Thursday at 1:00 p.m. in the SCS office to work up the annual report of the activities for the year.

LUTIE

By MRS. JACK LOWRY

Most everyone has gathered their crops and are thinking in terms of beginning another crop. Some farmers are sowing their wheat at this time — many that have sown earlier have reported that their wheat is up.

Mr. and Mrs. Cecil Isbell moved from our community the past week to their new home in Shawnee, Oklahoma. The Wesley Terry family moved to the Mrs. Bob Thompson place vacated by the Isbell family.

Rev. Robert Webb is attending the Evangelistic conference this week in San Antonio. He and Rev. Todd of Shamrock and Rev. Denton of Samnorwood went together.

Rev. Robert Webb's mother of Sayre, Okla., is spending the week with Mrs. Robert Webb and children.

Mr. and Mrs. Jess Deger and Mr. and Mrs. Selba Rainey have gone to the Mayo Clinic in Rochester, Minnesota for treatment for Mr. Deger and Mrs. Rainey.

Mr. and Mrs. Newt Price went to Amarillo Sunday to visit their son, Harvey Newton. He is in the Veterans Hospital there. While removing a jack from under a car he got a catch in his back and has been in much pain but is slowly improving.

Mr. and Mrs. Jones Singley are the parents of a girl, Catherine Louise. She was born January 2 and weighed 8 pounds and 4 ounces.

A boy, James Henry, was born to Mr. and Mrs. C. E. Argo of Hollis on January 2. He weighed 8 pounds.

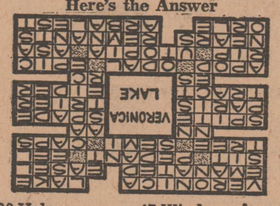

Mr. and Mrs. J. M. Romo are the parents of a boy, Daniel Rey, born January 5. He weighed 8 pounds and 1 ounce.

Mr. and Mrs. Ed Harrison are the parents of a daughter, Sally Karen. She was born December 31 and weighed 7 pounds.

CULTIVATING CONGRESSMAN—After completing chores of public life and Senate duties, Massachusetts Sen. Leverett Saltonstall finds time to keep things growing on his 100-acre farm near Dover, Mass. Seen above, riding his tractor, the solon heads for work in the fields.

From Mount Jo, the northern Adirondacks of New York State presents an unbroken panorama of forest wilderness. In the foreground above is Heart Lake, and in the distance is the McIntyre Range.

New 1953 Chevrolet Trucks Have New Rugged Features

The Chevrolet truck line for 1953, increased to a total of 74 models on 11 wheelbases, features, among other commercial advantages, greater horsepower and chassis ruggedness. Ranging in size from the sedan delivery on a 115-inch wheelbase to a school bus chassis of 212-inch wheelbase, accommodating bodies of 54 passenger capacity the models answer virtually every hauling need.

Improved performance, stronger frames and axles and better braking are some of the high spots that apply to individual series in the 1953 program of significant refinements. New and livelier colors, increased generator capacities, a wider range of options and distinctive series identification are also included in the line that has consistently led the industry in sales.

Offered in the latest Chevrolet truck models are two engines of the traditionally economical valve-in-head design. The Loadmaster, standard in some of the models and optional in others, has been increased in power for 1953. The Thriftmaster, also improved at several points, is standard on the lighter trucks.

The Loadmaster engine, with a compression ratio of 7.1 to 1 and horsepower of 108, has been re-designed throughout. From the cylinder head with its revised combustion chamber down to the crankcase, with extra side rubbing and thicker walls, the engine has been created as a balanced unit. This includes a drop-forged crankshaft properly counterweighted, strengthened connecting rods, chrome-plated top piston rings and valve rotators.

To meet increasing electrical loads a new 45 ampere generator is now standard equipment on both engines. Because of the higher voltage at the spark plugs new moisture resistant covers for spark plug terminals assure more positive starting.

For additional safety in operation, the brake improvement program incorporates Torque Action brakes in all models except the heavier-duty trucks which have Twin Action brakes at the rear. The brakes utilize the momentum of the truck to assist stopping effort. Front brake area has been increased on some medium—and all heavy—duty models to provide greater durability.

The three-speed transmission has been improved by lengthening the main shaft and the installation of a second set of needle bearings.

Side-mounted spare tire carriers are optional equipment this year on light- and medium-duty pickups. E-Z Eye glass, which reduces sun glare and the brilliance of oncoming car lights in night driving, is another production option. New semi-drop 15 x 5.50 wheel with a 5/16 inch deeper drop section to provide easier mounting and tire removal is optional on light-duty and standard on some medium-duty models.

On the cab-over-engine series, the radiator core is fitted with a shroud which directs the air circulated by the fan through the radiator core, thus utilizing more effectively the heat dissipating capacity of the core. A super-cooling core, with 1/2 inch greater depth and more frontal area, is offered with a shroud and a four pound pressure cap a a regular production option on heavy-duty models.

Bureau Committee To Wheeler Meet

Members of the legislative committee of the Collingsworth County Farm Bureau will attend a meeting in Wheeler Wednesday night, January 7.

Present will be members of the legislative committees of Farm Bureaus from counties through the eastern Panhandle. This meeting is preliminary to the District 1 meeting to be held in Amarillo January 16.

The local group will include W. R. Breeding of Abra, president of the Collingsworth County Farm Bureau and member of the committee, and Willie Knoll of Nicholson, Ben Farmer of Quail and Ed Crowder of Dodson.

STRUGGLING STATUE—Writhing in the clutches of iron-fisted thought control is the sculptured figure titled "Political Prisoner." One of 3500 statues entered in the London contest, the statue is being examined by Miss M. Stiles. The artist winning the World Contest will receive $32,000. All have submitted statues interpreting the same subject.

Insurance Business Sale Announced

Mrs. Eddie Smith recently announced that she has bought the insurance business of Mrs. Wilton Ketchum and has moved to the location occupied by the latter, in the old Goat's Cafe building.

This purchase did not include the gift and resale shop operated by Mrs. Ketchum, which she is discontinuing.

Mrs. Smith, in addition to insurance, engages in the real estate business and handles tax papers.

Supts. to Winter Meeting

Four school heads will represent the county at the mid-winter superintendent's conference in Austin Thursday and Friday, January 8 and 9.

The group will include B. W. Beaird, county superintend, Herman Moseley, Quail; Orville Cunningham, Samnorwood; and C. T. Roberts, Wellington.

CARD OF THANKS

We take this means of expressing our deep appreciation to our friends at Wellington, for the many acts of kindness and words of sympathy at the death of my mother in Hollis recently. Your thoughtfulness has brought us a consolation that only friends can bring.

May God bless each of you is our prayer.

Mrs. Buck McKinney and family

Morrow Family Reunion Held For

A family reunion was held in the home of Mr. and Mrs. W. A. Morrow of the Fresno community December 25.

The children present were Mr. and Mrs. J. T. Clement and children, Beauton and Don, of Brownfield, Mr. and Mrs. Loal King and children, Bobby and Gary, of Amarillo, Mr. and Mrs. Harold Morrow and Tommy Harold of Amarillo, and Mrs. Morrow's sisters and family, Mr. and Mrs. W. M. Heckathorn of Childress, and Dr. and Mrs. J. M. Wattam of Wellington, friends calling during the evening were Mr. and Mrs. L. C. King of Dodson and Mr. and Mrs. Gus Branum and Glenda of Amarillo.

Mr., Mrs. Lowrie Honor Parents

Mr. and Mrs. Taylor Lowrie were hosts to a dinner Sunday in honor of Mrs. Lowrie's parents, Mr. and Mrs. George W. Smith of Crosbyton, and Mr. Lowrie's mother, Mrs. k. T. Lowrie, of Wellington.

Present for the dinner were Mr. and Mrs. Allen B. Smith and boys, Hank, Bill and Donny, of Crosbyton, Mrs. Henry Hollis of Slaton, the honored, Mr. and Mrs. Smith and Mrs. Lowrie, and the hosts, Mr. and Mrs. Lowrie.

Youth Center Holds Open House Jan. 3

The Ko-Shari Club sponsored an open house at the Youth Center for all high school students, January 3.

The adult sponsors were Mr. and Mrs. Jimmy Cochran and Mr. and Mrs. Reese Norman.

The evening was spent dancing and playing games.

Punch and cookies were served to the following: Farrell R. Kent, Nancy Elliott, Sally Parsons, Phil Handley, Elinor Drake, Jerry Nix, Sandra Cooley, Jerry Huston, Kenneth Covey, Gene Baird, Seldon Wood, Lonnie Wood, Jimmy Brock, Effie Spears, Billy Frank Agee, Jimmy Leggitt, Ruthie McCaskill, Harold Moore, Guthrie Hite, Dennis Holliman, Fred Alexander, Jerry Drummond, Beatrice Hutchins, Spencer Coleman, Tanya Smith, Earl Lynn Bartlett, Joe Lynn Moore, Douglas Duncan, La Juan Wilson, Walter Keisling and the sponsors, Mr. and Mrs. Cochran and Mr. and Mrs. Norman.

T. E. L. Class Has Luncheon

The T. E. L. Sunday School class of the First Baptist Church ment in the basement of the Church for a covered dish luncheon and a business meeting January 1.

A short business meeting was conducted by the president, Mrs. C. H. Harrell. Then the group sang "My Faith Looks Up to Thee." Mrs. R. S. Montague led the prayer. The devotional was given by Mrs. A. O. Sweat. Mrs. W. A. Morrow sang a special "Give of the Best to the Master." Mrs. J. A. Lowe led the closing prayer.

Present were Mmes. J. A. Lowe, L. L. Easter, Joe West, W. A. Morrow, B. F. Ford, W. E. Garrison, Frank Roberts, R. S. Montague, Arthur Hudson, A. O. Sweat, C. H. Harrell, V. J. Simpson, Miss Joann Garrison, Miss Olene Ford, and Miss Grace Clement.

Holton Family Has Reunion

The home of Mrs. O. D. Holton, Sr. was the scene of a family reunion for her children during the Christmas holidays.

Dinner was served to the following: Mr. and Mrs. O. D. Holton, Jr. and family of Muleshoe, Mr. and Mrs. Dub Gholson of Quanah, Mr. and Mrs. Raburn Holton of Plainview, Nat Holton of Odessa, Mr. and Mrs. John Holton and family of Wellington and the hostess, Mrs. O. D. Holton, Sr.,

Eastern Star Club Has Dinner Dec. 30

The Past Matrons and Patrons Club of the Eastern Star had a dinner December 30 at the community building.

After dinner was served the group played 42.

Present were Mr. and Mrs. P. E. Starr, Mr. and Mrs. H. A. Wynn, Mr. and Mrs. J. M. Strong, Mr. and Mrs. J. T. Slay, Mr. and Mrs. Ben Hurst, Mr. and Mrs. Harry Gilbert, Mr. and Mrs. E. F. Bartlett, Mrs. Ola Wall, Susie Leach, May Hicks, Jennie Williams, and Hattie Scott.

Mrs. Raymond Hicks and sons and Mrs. Morris W. Brown and Rosetta of Oklahoma City visited over New Years with their parents, Mr. and Mrs. Joe Ware and Mr. and Mrs. Edgar Lockhart.

Leisure Clothes for Leisure Hours

Designed for leisure wear, this three-piece ensemble is completely washable. Short, reversible plaid coat-tops trim two-piece pajamas.

Lovely Loafing Clothes

BY EDNA MILES

THE trend to clothes designed especially for leisure hours at home is a noticeable one. It's a practical one, since the day of the elaborate tea gown and the flowing hostess gown has long since gone.

Such leisure as the average woman does have is highly valued. For this time, they want fashions that are pretty and comfortable, that wash easily and iron without difficulty. Designer Harry Berger does clothes that meet all of these requirements and have designed flair as an added bonus.

A mandarin coat in three-quarter length is printed in giant gold-tipped butterflies. The coat is quilted and has long sleeves that flair in a wide circle at the wrist. There are big square pockets for holding the little incidentals that women like to carry about the house with them.

This coat tops narrow two-piece pajamas in solid aqua broadcloth. These have the mandarin collar too but sleeves are short. Both coat and pajamas are completely colorfast and washable.

For the very young housewife and the career girl, this same designer has done a short coat and two-piece pajamas. The quilted coat shell is in plaid broadcloth lined in solid color. It's reversible, has big pockets, man-tailored collar and long, full sleeves with adjustable cuff-lengths.

Pajama top is in plaid with pants in solid color. Top and trousers can be worn outdoors as well as in; both are meticulously tailored. These three pieces are completely washable.

This three-quarter length mandarin coat in gold butterfly print is worn for leisure hours over aqua broadcloth pajamas. Both wash and iron beautifully.

Ko-Shari Club Hostess for Dance

The Ko-Shari's gave the Sans Souci and Dragonettes a dance, December 19, in the V. F. W. hall. Sponsors for the evening were Mr. and Mrs. Jimmy Cochran, Mr. and Mrs. Reese Norman and Denzil Bevers.

Present were Sue Harvey, Doyle Ingram, Betty Wood, Vesta Lee Orr, Phil Handley, Jannine Crawford, Wilbur Earl Smith, Tanya Smith, Douglas Duncan, La Juan Wilson, Sharon Swift, Gene Baird, Jeanne Drummond, Billy Pat Swift, Marilyn Dickey, Doolen Starkey,

Effie Spears, Billy Frank Agee, Billie Sue Ward, Jimmy Thompson, Mary Jane Johnson, Edward Bawcom, Jocelyn Wells, Fred Alexander, Elinor Drake, James Frederick LeDerer, Floyd Hood, Jimmy Brock, Cal Aaron, Nancy Elliott, Jerry Drummond, Sally Parsons, Dennis Holliman, Mary Ann Hunter, and Walter Keisling.

Mr. and Mrs. Harold Maddox and son, Glen, of Oklahoma City have returned home after spending the holidays and his vacation with their parents, Mr. and Mrs. Otis Roberson and Mr. and Mrs. W. D. Maddox. Mr. Maddox is a member of the Fire Department at Midwest City.

Quail Juniors Defeat Alanreed

Quail junior basketball teams defeated Alanreed in a double header at Quail Monday night, January 5.

The girls took their game 29 to 21, with Martha Johnson of Quail high scorer with 18 points; Nancy Wilmouth of Alanreed next with 13. Geneva White got 9 for Quail and Sue Gilbreth 8 for Alanreed.

The Quail team led all the way, with the score 15 to 10 at the first quarter, 19 to 13 at the half, and 28 to 15 at the end of the third quarter.

This was the ninth straight win for the girls.

Playing for Quail were Martha Johnson, Geneva White, Sherry Graham and Tommie Souder, forwards, Sonia Morris, Shirley Todd, Edna Wright, Ellen Messer and Nadine Kirkpatrick, guards.

The boys took a 37 to 25 win. Gaining the lead early, the game favored Quail 10 to 2 at the first quarter, 17 to 10 at the half, and 30 to 16 at the end of the third quarter.

Donald Johnson was high scorer with 18 points and James Young got 7.

Players included Johnson and Howard Golden, centers; Burris Patchell, Leroy Todd, Darvin Homer and Ben Ratliff, forwards; and Darryl Morris, Garrell White, Dean Maxwell, and James Young, guards.

The boys team has nine wins and one loss on its record.

Group to District One Farm Bureau Meeting January 16

A group representing the Collingsworth County Farm Bureau will attend the District 1 conference of state and local Farm Bureau leaders January 16 at the Herring Hotel in Amarillo, Riley Dunson, service manager here, has announced. Legislative strategy and organization plans for the Texas Farm Bureau in 1953 will be discussed.

The meeting is one of a series of legislative and organization conferences being held this month in 12 of the 13 Farm Bureau districts in the state. The sessions will begin at 10 a.m. with a report on the last state board meeting by the district director.

Legislative, organization and publicity conferences start at 11 a.m. and continue until noon. Vice-president C. H. DeVaney of Coahoma will preside at the legislative meet, State Field Representative Leon M. Lane will preside at the organization conference and Information Director Bill Hoover will meet with local newspaper reporters and county Farm Bureau publicity directors.

O. R. Long, southern field representative of the American Farm Bureau Federation, is scheduled to speak at a noon luncheon for the group.

Conferences will resume at 1 p.m. and continue until 2 p.m. At that time, DeVaney will speak to the assembly on "The Challenge To Texas Farm Bureau Federation." Following his talk, Lane will speak on the topic "Now Is The Time." A discussion period is scheduled after the speeches.

To be discussed in the conferences will be issues expected to come before the 53rd session of the Texas Legislature which meets Jan. 13 in Austin. These include legislation affecting rural roads, non-highway gas rebates, water and seed laws and many more issues vital to persons engaged in agriculture. The Texas Farm Bureau Federation was considered the most influential lobby at the last legislative session.

Washington Team Defeats Paducah

The Booker T. Washington boys and girls basketballs defeated teams from Paducah in games here Saturday night, January 3, Willie Simpson, principal, has announced.

The girls team took a one-point victory, 13 to 12, while the boys margin was 30 to 26.

Eddie Joe Ford and M. J. Random tied for high score with 12 points each.

The next game will be with the Borger teams here Saturday night, January 10, at 7:30, in the high school gymnasium.

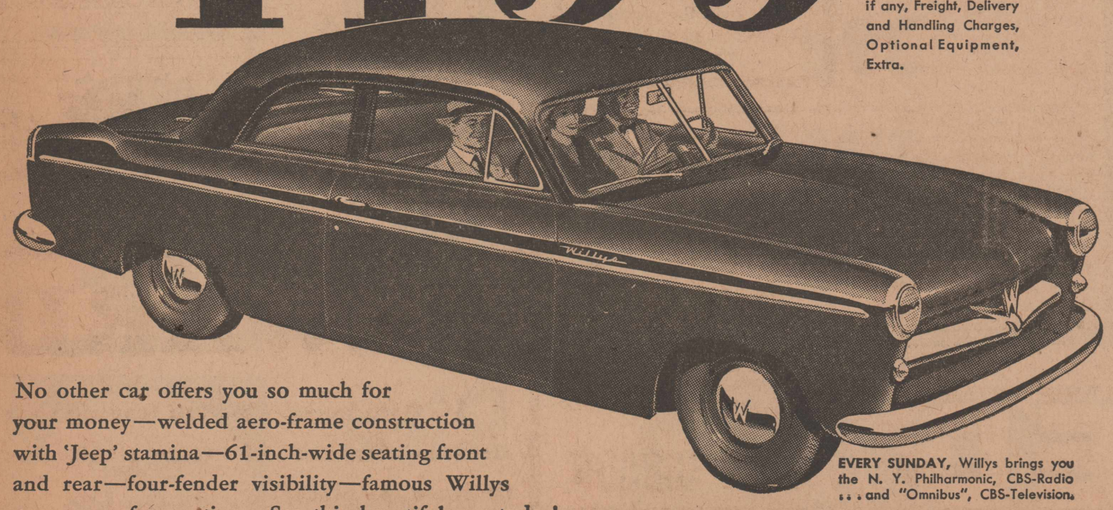

A lot of today's wolves are old goats.

UNITED Super Markets We Sell for Less

New 1953 Chevrolet Lines Go on Display At Clark Chevrolet Here on January 9

Expanded to include a third series of cars, and boasting more significant advances than ever incorporated in a model in the low-price field, the widely discussed new Chevrolets make their first public appearance at dealer showrooms January 9.

For the 1953 market bodies have been completely re-designed. All cars have increased power, with special emphasis on new power train that includes a new engine and improved automatic transmission. In performance, in economy, in driving and riding qualities, exterior and interior appointments, the latest Chevrolet models contribute importantly to automotive progress.

Features of the new cars range throughout the bodies and chassis. Of major interest:

1. The entirely new series, to be known as the Bel Air and credited with being the most luxurious models in Chevrolet history. To be produced as two- and four-door sedans, a convertible and sport coupe, the Bel Airs are included in the choice of 16 Fisher body types. Other passenger car series are designated as the "Two-Ten" and "One-Fifty."

A new 115-horsepower "Blue Flame" engine and a refined Powerglide automatic transmission re-engineered for greater operating economy and faster pickup. The so-called "standard" engine also moves up to 108 horsepower, a gain of 17.4 per cent over 1952.

3. Two Chevrolet "firsts" in the low-price automotive bracket are registered in optional equipment available on all cars. Power steering, which reduces manual effort yet maintains traditional steering safety, makes its debut. The second innovation is the Autronic Eye, an electrnnic mechanism that automatically lowers headlamp beams for passing.

4. Roomier and stronger bodies with greatly expanded visibility. All have curved, one-piece windshields from which the center divider has been eliminated. Other body construction highspots include front swingout door hinges to provide easier entrance; fold-away front seat backs in two-doors; and wrap-around rear windows.

5. Operating advances cover the automatic choke on all cars, softer, smoother brake action, easier steering, even more reliable starting in damp weather, static-free ignition, softer front and rear springs for improved ride, and higher capacity generator.

6. Unusual developments in the station wagon field. Three station wagons, one known as the Townsman (eight-passenger in the "Two-Ten" and "One-Fifty" series). The latter contain three-passenger rear seats that can be folded into the floor.

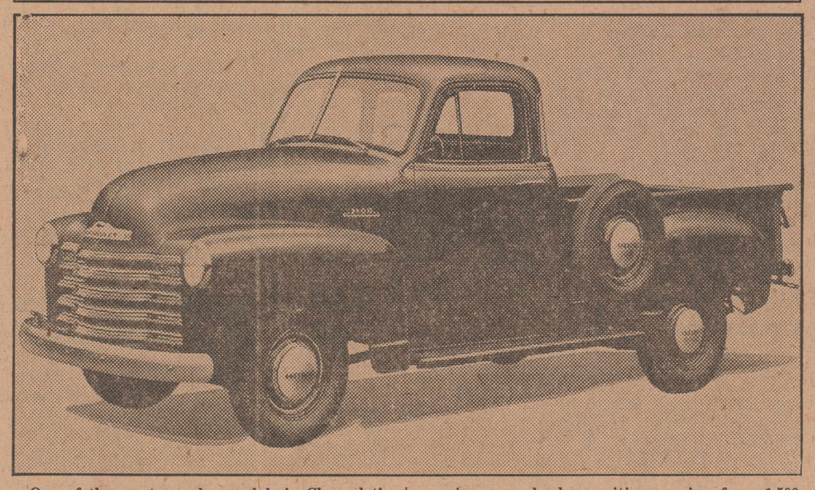

7. An array of convenience items including key-turn starting, crank-type front door ventipane controls and almost one-fourth more luggage space. Trunk lid openings have been enlarged and deepened. The sill is now at virtually trunk floor level as an aid to luggage.

8. A lavish choice of colors marked by brilliant new greens and blue are offered in 13 solids and 10 two-tone combinations. Two-tone interiors harmonize witr the selection of exterior colors in many of the cars.

In appearance the latest Chevrolets conbine the smooth flow of the streamline with utilitarian design. Over-all, the cars are lower, but with an increase in headroom and legroom. The top of the bodies has been broadened to provide additionalwidth while hood and trunk lines are more pronounced. Fender shapes, both front and rear, make the cars appear longer although over-all they are actually two inches shorter than last years largely due to a repositioning of the bumper. The new length is a concession to parking ease with the more compact bumper design reducing the "overhang" from axles. Wheelbase remain the same.

A fresh grille treatment enhances the effect of ruggedness in the new models. Three vertical "prop bars" decorate the center element while the outer rim of the grille encircles smart parking lamps. Headlamps are embedded in the front fenders with the crown being extended into a speed-line along the side of the body. Rear fenders are longer, higher and narrower at the rear. Along the trailing edge are mounted lenses for turning, braking, back-up and tail lights.

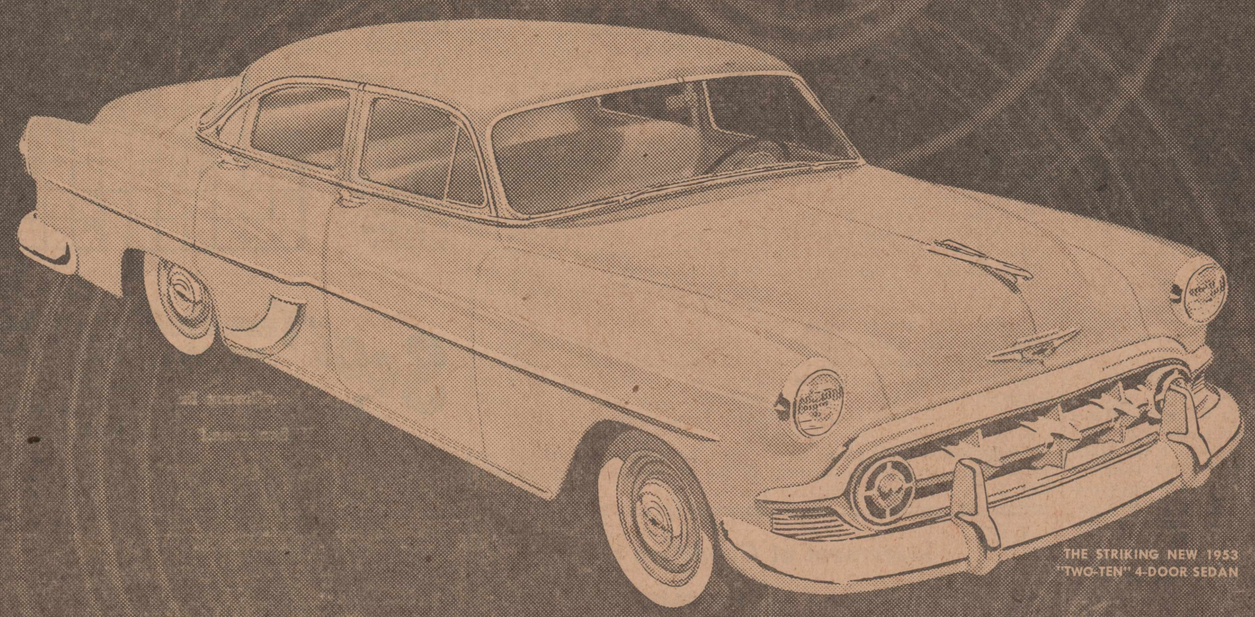

Light Delivery in 1953 Line of Chevrolet Trucks

One of the most popular models in Chevrolet's complete line of trucks for 1953 is the light-delivery pickup, shown above with new optional side-mounted spare wheel carrier. Chevrolet offers this model in three body lengths with maximum payload capacities ranging from 1,500 to 2,900 pounds. Announced improvements in Chevrolet trucks for 1953 include increased horsepower—greater gasoline economy—and more effective brakes. A choice of 12 color options is offered.

ON DISPLAY FRIDAY, JAN. 9—SEE IT!

So startlingly new!
So wonderfully different!

THE STRIKING NEW 1953 "TWO-TEN" 4-DOOR SEDAN

CHEVROLET FOR '53

Entirely New STYLING	*Entirely New* POWER	*Entirely New* POWERGLIDE	*Entirely New* ECONOMY	*Entirely New* SAFETY	*Entirely New* DURABILITY	*Entirely New* POWER STEERING
Chevrolet's *lower* in height, with long, flowing, smoothly rounded, modern lines to give you the *newest*, smartest look in cars!	New 115-h.p. "Blue-Flame" engine with Powerglide.* Advanced 108-h.p. "Thrift-King" engine in gearshift models.	New automatic starting and passing range gives flashing getaway, greater passing ability in city driving.	Go farther on every gallon of gas! And, again in 1953, Chevrolet is the lowest-priced line in the low-price field.	Greater ease and safety. Greater visibility with a new, one-piece curved windshield. Finer, smoother brakes.	Heavier, stronger, more rigid construction means even longer life for a car always famous for durability.	You park and steer with finger-tip ease, yet retain the feel of the road. Optional at extra cost.

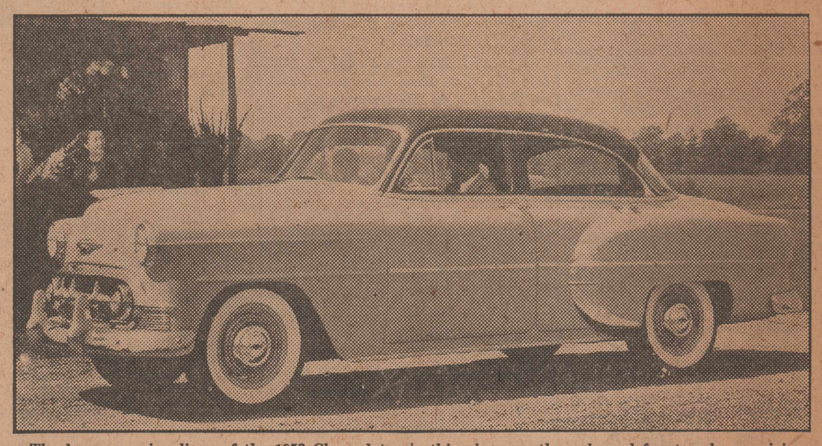

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost. (*Continuation of standard equipment and trim illustrated is dependent on availability of material.*)

Entirely NEW through and through! CHEVROLET MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

CLARK CHEVROLET

The New Chevrolet

On Display
Friday, January 9
In Our Showroom

The low, sweeping lines of the 1953 Chevrolets are exemplified by this four-door sedan in the "Two-Ten" series, which this year offers increased performance, comfort and convenience in addition to a complete re-design. Apparent in this view are the enlarged front and rear vision, new fender and hood contours and a fresh grille treatment that enhance the rugged beauty of the cars. Four-door sedans are also available in the "One-Fifty" and the new Bel Air series.

PRESENTING

The Finest Car in the Low Price Field and Introducing the New Bel Air Series

Chevrolet is always the most looked-for car when the new models begin showing. This year we offer you the finest Chevrolet ever offered—and the finest car in the low priced field.

This is our invitation to you to come in and see the 1953 Chevrolet that goes on display in our show room Friday. Then notice the number of Chevrolet drivers on the road. That many Collingsworth Drivers can't help but know fine car values.

THE NEW CHEVROLET OFFERS:

Here are features that mean greater beauty in your new car, along with finer performance, more economy, more luxurious riding and more for your car dollars.

1. The New Bel Air Series—finest car Chevrolet has offered.
2. A new 115-hp "Blue Flame" Engine, along with the "standard" engine moved up to 108 hp.
3. Power steering optional on all cars.
4. Autronic Eye, an electronic mechanism that automatically dims headlights for passing, also optional on all cars.
5. Expanded visibility, along with roomier and stronger bodies.
6. Automatic choke on all cars, smoother brake action, easier steering, more reliable starting in damp weather, and high capacity generator.
7. Key turn starting, more luggage space in the trunk and a lowered sill to aid luggage loading.

CHEVROLET TRUCKS

Now a word about the Chevrolet trucks. You'll find improved performance, stronger frames and axles and better braking in your 1953 Chevrolet truck.

This is the truck that will meet the needs of the greatest number of you in the area. Sometime in the near future, we want you to look over our new truck models.

Clark Chevrolet

Increase Price of School Lunches At Mid Term -

Prices for lunches at the Wellington school lunchroom will be increased a nickel, effective with the beginning of the second semester January 19, Supt. C. T. Roberts said Tuesday.

This move was approved by the board after a study of the cost of operation of the lunch room and the announcement that the loss for the first semester would be around $1300.

Mr. Roberts explained that the federal subsidy for lunch rooms has been cut two cents per child per meal, but at the same time the cost of milk, offered all children, has increased one and one-half cents per half pint. A five-cent increase will about cover the actual cost of meals, the board believes.

New prices will be: elementary students, 30 cents; junior and senior high school students, 35; Booker T. Washington students, 25c. There will be no increase at Loco, since the price was raised to 25 cents without milk at the beginning of the school. Adults eating at the lunch room will pay 50c.

"We do not operate a public lunch room, but we do believe that we have as good a school cafeteria as any in the area, and we do invite patrons of the school and interested citizens to eat with us once at least during the year," Mr. Roberts said.

In charge of the lunch room is Mrs. G. B. Hopper. She is assisted by Mrs. Lula Turner, Mrs. G. C. Graham, Mrs. B. F. Evans, Mrs. Emma Jones and Mrs. R. W. Brantley.

The number of children fed varies from week to week, but approximately 6,500 meals are served each month, Mrs. Hopper revealed.

The menu for the week beginning January 12 was listed as a sample of the meals the children are served:

Monday: Salmon croquettes, stuffed celery, Harvard beets, enriched bread and margarine sandwich, half pint of milk or chocolate milk and a fresh apple.

Tuesday: Hot tamales, pinto beans, corn bread and margarine, steamed cabbage, milk or chocolate milk and a peach half.

Wednesday: Barbecued hamburger on bun, potato chips, vegetable salad, milk or chocolate milk and cherry cobbler.

Thursday: Turkey a la king on toast, cranberry sauce, carrot sticks, mashed potatoes, milk or chocolate milk and jello.

Friday: Cream of tomato soup and crackers, melted cheese sandwich on toast, potato salad, milk or chocolate milk, and peanut butter cookies.

C. A. King -

(Continued from Page One)

they will be brought to Wellington when they are released from the hospital.

Mrs. Briggs said that as nearly as could be determined, although warning lights at the crossing were flashing, occupants of the car were probably watching a switch engine stopped one track at the crossing, and thinking the lights were for it, failed to see the approaching train.

Funeral services were held at the First Baptist Church Monday afternoon at 2:00 p.m. The Rev. Clyde Hankins of Dalhart, a close friend of the family, officiated, and burial was at Quanah. In addition to members of the family here, a large group of Wellington people attended the services.

Mr. King is survived by his wife, two children, his parents and four brothers and five sisters.

Wischkaemper -

(Continued from Page One)

he was in college.

He became city editor in 1941 shortly before the start of World War II, and took a leave of absence in December, 1941, to join the Navy. He served in the Navy until September, 1945, and immediately returned to the Reporter-News.

Wischkaemper was named news editor in January, 1946, and assistant managing editor in March, 1952.

He is married and has two children, Jan, 5, and Joe, 2.

Mr. and Mrs. Bert Liseman have returned to Vernon to make their home. The Liseman family made their home in Wellington during the fall while Mr. Liseman bought cotton.

LILLIE

By MRS. G. D. THOMAS

Sunday school was well attended at Lillie Sunday beginning the New Year.

Mr. and Mrs. W. C. Harwell visited in the Mac Horton home Sunday evening.

Mr. and Mrs. Paul Davis of Dumas spent the week end with his parents, Mr. and Mrs. Homer Davis.

Judith Ann Wilson visited in the Henry Langford home Sunday.

Mrs. Haskell Manuel, Mrs. Homer Davis, Mrs. Elmer Haralson and Mrs. W. W. Baker helped paper two rooms of the Delbert Morris house where they are going to move in the Rolla community this week.

We were sorry to know that Delbert Morris has been ill for the past week. He came home from the hospital Sunday. We wish him a speedy recovery.

Mr. and Mrs. Paul Davis and Mr. and Mrs. Homer Davis visited in the Homer McGarry home in Wellington Sunday evening.

Mrs. G. D. Thomas visited in the Joseph G. Thomas and Raymond Barnett home in Wellington Monday evening.

Our community was made sad in hearing of the death of Elmer Carter last Saturday. Our sympathy goes out to the family and relatives.

Mrs. G. Cowan and family of Mobeetie spent Sunday in the Elmer Haralson home.

Most everyone are through gathering their 1952 crops in the Lillie community.

Little Edmund D. Thomas of Wellington spent Sunday night with his grandparents, Mr. and Mrs. G. D. Thomas.

LAST WEEK NEWS

The Grady Cothran and Willard Cothran families were holiday guests with relatives in Windfield, Alabama. All their families were present for Christmas.

Pvt. and Mrs. Audry Needham spent Christmas with their parents, Mr. and Mrs. Walter Needham and Mr. and Mrs. John Calcote. They were en route from El Paso to Savannah, Georgia, where he will be stationed.

Mr. and Mrs. Zook Thomas spent Christmas in Ralls in the Susie Bennett and John Thomas homes.

Mr. and Mrs. Paul Thomas and son and Mrs. Joseph G. Thomas and children were Christmas guests in the G. D. Thomas home.

Mr. and Mrs. Elmer Haralson spent the day after Christmas with Mrs. G. Towan of Mobeetie. The snow was so bad Christmas they could not go.

Mr. and Mrs. Orletus Needham and daughter spent Christmas in the C. S. Needham home in Wellington.

Mrs. Elmer Haralson and Mrs. G. D. Thomas visited in the homes of Woodrow Wilson, W. C. Harwell, Earl Prince, John Gollihugh and Finley two evenings of last week.

We are sorry to lose the family of Homer Davis from our community. They moved to Rolla Friday.

Mr. and Mrs. Paul Thomas, Mr. and Mrs. G. D. Thomas, Mr. and Mrs. Ben Ratliff and Mr. and Mrs. Preston Rascale visited in the home of Charlie Lillie Christmas night.

Mrs. Joseph G. Thomas and children spent Christmas with her parents, Mr. and Mrs. Conn Hall.

HD Club Work Outlined

Miss Mary Trammel, county home demonstration agent, has announced that a record book school of instruction for Quail 4-H senior girls will be held Saturday in her office. Each girl will bring a pencil, notebook paper, ruler, eraser, art corners, three boxes of reenforcements, scraps of material used in making dresses and pictures of projects.

The meeting will begin at 10:00 a.m. and continue until 3:30 p.m.

On Monday, January 12, the officers will attend a sub-district meeting in McLean and on Thursday, January 15, the 4-H Club leaders will meet in Miss Trammel's office at 2:00 p.m. to receive instruction on the January lesson, sewing for the home.

Going to the McLean meeting will be Mrs. Hubert Mauldin, council chairman, Mrs. M. C. Cleveland, past chairman, Mrs. J. L. Alexander, THDA chairman, Mrs. Rufus Sweat, vice-chairman of the council and Mrs. H. B. Lowrie, secretary.

PRINCESS GOES TO POLLS

Pretty Belgian Princess Josephine, at left, sister to King Baudoin, casts her ballot in recent Belgian elections. Most registered voters vote in the tiny country, even royalty; thus it has one of the highest percentages of ballots cast on the European continent. Waiting her turn behind the princess is Countess Ludovic de Meeus d'Argenteuil.

Mrs. J. O. Wood Dies January 2 At Plainview

Word has been received here of the death of Mrs. J. O. Wood of Plainview, for many years a prominent Wellington resident.

Her death occurred about 7:30 p.m. Friday in a Plainview convalescent home. She was 82 years of age.

Funeral services were held at the Lemons Funeral chapel in Plainview at 10:00 a.m. Monday, with the Rev. A. Hope Owen, pastor of the First Baptist Church, of which she was a member, officiating.

Burial was in the Plainview cemetery.

Mrs. Wood, with her family, came to Wellington in 1913. Her husband was named postmaster and served during the administration of Woodrow Wilson.

Later, following the change from Democratic to Republican administrations, Mr. and Mrs. Wood operated the Wellington Hotel.

He died here in 1935, and Mrs. Wood continued to operate their apartments and boarding house here until she moved to Plainview five years ago, to make her home with her daughter, Mrs. Herbert Dysart.

Before coming to Wellington, the family lived in Seneca, Mo.

Surviving Mrs. Wood are her daughter, a grandson, Billie Dysart, and a great granddaughter, Cynthia Ann Dysart, all of Plainview.

at Arlie and Loco.

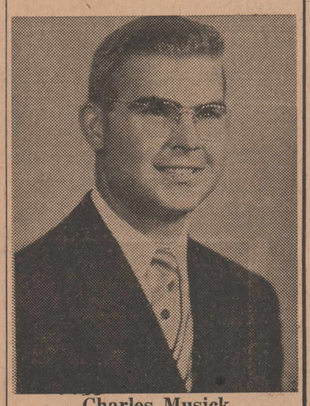

In all the communities where he had lived, Mr. Carter's influence had been felt as he worked for community progress and even as he went about his every day affairs, which were always on the highest plane.

Mr. Carter is survived by his wife, two sons and four daughters, Elmer Carter, Sam Carter, Mrs. Harold Keller, Mrs. J. W. Maxwell, Mrs. Elmer Feemster and Miss Rachel Carter, all living in this vicinity.

Other survivors are his seven grandchildren, his stepmother, Mrs. John Breedlove of Fort Sumner, N. M.; a brother and three sisters, Richard Carter of Hattiesburg, Miss.; Mrs. Melvin Howe of Fort Sumner, N. M.; Mrs. Glen Williams of Mountain Air, N. M.; and Mrs. C. R. Terry of Wellington.

Mr. and Mrs. Hugh West of Colorado City, Colorado, are here visiting in the home of Mr. West's father, Willie West.

News of *Men in Service*

Charles Musick

Mr. and Mrs. C. F. Musick and children of Dodson have returned from Fort Leonard Wood, Mo., where they spent Christmas holidays with their son, Pvt. Charles L. Musick, who is stationed with the 6th Heavy Armored Division. He will complete eight weeks of advanced training on January 24.

On the return trip, the Musick family visited points of interest in Missouri and Arkansas, and at McAlester, Okla., they visited their daughter and son-in-law, Mr. and Mrs. Jerry Casey.

WITH THE EIGHTH ARMY IN KOREA — Pfc. Frank D. Dominey, whose parents live in Wellington, Texas, has joined the Army's 5th Regimental Combat Team in Korea.

Part of the frontline fighting force, the 5th RCT is an independent, self-supporting unit of the U. S. Eighth Army.

Before entering the Army in January 1945, Dominey was employed by the Tancreed Steel Construction Co., Dallas, Texas.

He holds the Presidential Citation and the Bronze Star.

Nipper -

(Continued from Page One)

and continue until everything is sold.

Col. Elmer Roche will be the auctioneer.

Mr. Nipper is selling trucks and pickups, a large quantity of farm machinery, several horses and mares, and 40 head of Hereford cattle, 16 of which are registered.

Coffee will be served free and those attending are to bring their coffee cups.

Mr. and Mrs. Nipper and their family, all reared here, are moving to Tulia within a short time to make their home. Mr. Nipper will wheat farm there.

Re-Organize CAP Cadets; Plan Trip To Amarillo AFB

Reorganization of the CAP Cadet Squadron is now under way, and a program of interest to youths will be worked up, Raymond Horton, newly appointed Cadet Commandant, announced Monday, January 5.

The first activity of the cadets will be a trip to Amarillo Air Force Base Saturday. The boys will inspect the base and examine jet planes based there.

Approximately six boys are now active in the cadet squadron, and an effort will be made to build it to a membership of around 30, Mr. Horton said.

Donald Green is cadet commander.

Love Recovering From Operation

Burton Love, who underwent surgery in the Veterans Hospital at McKinney on December 2, is convalescing at his home here, and his condition is better than at any time in the last 18 months, his father, Judge C. C. Bishop, said this week.

Mr. Love had undergone nine major operations since he was stricken with a ruptured stomach ulcer while visiting in New Mexico 18 months ago. At that time he and Mrs. Love were making their home on the Bishop Ranch south of Erick, Okla.

"We are quite optimistic," Judge Bishop said in discussing his son's condition.

Norwood Grade Teams Meet Sham.

The Samnorwood grade school basketball teams, both boys and girls, will meet the Shamrock teams Friday night, January 9, at 7:30 p.m., Irville Cunningham, superintendent, has announced.

"These will be good games, for every game is a championship contest as far as the young players are concerned," he declared.

Farm Bureau Serv. Office Moved

The Collingsworth County Farm Bureau Service office has been moved from its old location near the southwest corner of the square to 1600 Eighth Street, Riley Dunson, service officer, has announced.

The new location is just west of the Owens and Scott grocery.

Mr. and Mrs. E. M. Trew and son, Phillip, of Plainview visited over the holidays with Thad Trew of Meard and Ted Trew of College Station. Mr. and Mrs. Trew returned to Plainview this Sunday.

Miss Jean Henry began work in Cochran's Drug, Monday, January 5. Miss Henry lived at White Deer before coming to Wellington to work.

Carolyn and Nancy Cudd of Dallas were here last week to visit their father, Wayne Cudd, and their grandparents, Mr. and Mrs. Noble Murray.

R. Y. Anderson of Perryton visited in the home of his sister, Mrs. S. B. Jackson, and his mother, Mrs. J. H. Anderson, Sunday.

PERSONAL

Mr. and Mrs. Dallas George and Albert Kesler of Amarillo visited in the home of Mr. and Mrs. Chester Fires recently.

James Slay, who has been visiting his parents, Mr. and Mrs. J. T. Slay, during the holidays, has returned to Tarleton State College at Stephenville.

Mr. and Mrs. Noel T. Cudd, Jr. and Phyllis of Clarendon visited Saturday in the home of Mr. and Mrs. Frank Light, parents of Mrs. Cudd.

Mr. and Mrs. Robert Templeton of Tulia visited in the home of his brother and family, Judge and Mrs. R. L. Templeton and Pat Neff, during the week end.

Mrs. Bill Shields and family of Dozier visited with her sister and brother-in-law, Mr. and Mrs. R. L. Tenison, Saturday.

Don Lacy and LaDwain Bowen have returned to Texas A&M after spending the holidays with their parents.

Guests in the home of Mr. and Mrs. Joe Terry during the latter part of the holidays have been Mr. and Mrs. Ed Schaffner of Shamrock, who were here Sunday, and Mr. and Mrs. E. J. Brookshire, also of Shamrock, who were guests New Year's Eve.

Mr. and Mrs. Myrett Henry and family of Jackson, Mississippi, visited with friends and attended to business in Wellington during the holidays.

Glen Ketchum has left for Corpus Christi to work. He will be employed by the Golston Construction and Engineering Company.

Pfc. William W. Welch, who is stationed at Camp J. H. Pendleton, is here visiting in the home of his parents, Mr. and Mrs. C. E. Welch, and other relatives.

A/3c J. E. Bell returned to Sheppard Field, Wichita Falls, Sunday after a 14 days furlough with his parents, Mr. and Mrs. Everett Bell.

Mr. and Mrs. R. L. Alexander of Turkey visited over the week end with Mr. and Mrs. W. R. Phillips.

Visiting in the home of Mr. and Mrs. L. C. Vaughan and Mrs. F. S. Smart last week were Mr. and Mrs. Hail Smart and boys of Amarillo.

Floyd Taylor of Quanah was a visitor in the home of Mr. and Mrs. Mack Saied and family Sunday.

Allen Graves was in Dallas last week attending business. Mr. Graves also attended the Cotton Bowl football game.

Mr. and Mrs. Joe Thompson attended a sales meeting in Amarillo and visited with their daughter and son-in-law, Mr. and Mrs. F. R. Hitchcock.

Mr. and Mrs. Buck Judd, Janet and Reggie and Travis Lockhart of Amarillo visited over the week end with their parents, Mr. and Mrs. Edgar Lockhart.

Jim Lowe is a medical patient in the St. Joseph's Hospital this week.

Miss Barbara Wells, sophomore student in the University of Texas, returned to Austin Sunday, after spending the holidays with her parents, Mr. and Mrs. Morris Wells. Mrs. Wells took her to Amarillo airport and from there she flew to Austin.

Visiting in the home of Mrs. S. B. Jackson during the holidays was her son, S. B. Jackson, Jr., who is stationed at Sheppard Air Base in Wichita Falls.

Bill Robison of Hollis is a medical patient in the St. Joseph's Hospital this week.

Mrs. W. E. Skaggs of Vinson is a medical patient in the St. Joseph's Hospital.

Mrs. Shelton Nunnelley underwent surgery in the St. Joseph's Hospital this week.

Cumming Words Trap Our Thinking

WASHINGTON — Those who hold that injection of government into people's lives is a manifestation of liberalism, probably won't agree with the president of the Chamber of Commerce of the United States, who has his own definition of liberalism.

D. A. Hulcy, who as head of the Chamber is spokesman for more than 1,300,000 underlying members, will tell you that increasing government power is inevitably a drift toward dictatorship. The temptation always, he says, is to extend governmental authority.

"All governmental dictatorship," says Hulcy, "is reactionary. One of the hardest lessons we have to learn is that cunning words would trap us into the thinking that more government is liberalism and less government is reactionary."

Here is what Hulcy says about that:

"The liberal individual of today is the man who wants to play the game of life with government in the role of umpire only. The liberal of today is a man who wants free opportunity for himself and would not deny it to anyone else either by law or other devices.

"The liberal of today is the man who holds the conviction that people are not just numbers in a card index file of super-government.

"The real liberal is always against big government. He is against nationalizing industry. He is against federalizing power production, even though he lives in an area enjoying benefits of such a plant at someone else's expense.

"The real liberal is against government ownership, government controls and government restrictions.

"Our great job today is to expose the idea of centralized authority for exactly what it is — a throwback to a dark past and an incubator of new forms of depression for the individual."

There's many a person on the air who should get the air.

After all, horse sense is just stable thinking.

FARMALL TRACTORS — INTERNATIONAL TRUCKS
Truck & Tractor Co.
Wellington, Texas

Finished the revitalizing process on Robert Barjenbruch's 1940 model Farmall M last week, and it came out fine, with a tremendous increase in power. Actually better than we had expected. Put in new genuine Super M sleeves, which are bigger than the regular M, and made some carburetor changes that put this 12-year-old tractor right up in the class with the biggest and best 4-row jobs on the market.

* * *

Glin McGill drove out a brand new Farmall H last week. Glin already has one H, and knows what they will do.

* * *

Ray Uselton brought his Farmall H to the shop for a valve job the first of the week. It has only been two years since he had the motor overhauled and it shows very little wear.

* * *

I traded for a used three-point 2-bottom breaking plow a few days ago. It's in good shape, and worth more than the $90 I am asking for it.

* * *

A. V. Lowrie has one of his Farmall M tractos in the shop fo rejuvination. He is having us to put in a regular Farmall power package in it, which will increase the hoss power by about 5 h.p. This is all regular Farmall engineered parts that go into our power-increasing jobs. Some other shops over the country are attempting similar pep-up jobs, using old rebored sleeves and automobile pistons, and may get by pretty good with it; but the job like we do with genuine Farmall parts doesn't cost any more, so why risk doubtful parts and workmanship?

* * *

A good time to buy anything is when a poor, dumb dealer finds himself with a '52 model of something, and the '53 models due some time soon. Right now I am the poor, dumb dealer and what I've got is a couple of '52 International Refrigerators and a '52 International pickup. All brand new and probably only a strip of chrome or a door handle different from the '53 models, but the pinch is on, so come on in and make me an offer.

* * *

We have a new Super M Farmall on the floor this week, factory equipped to burn butane. John Holton and Steve Owens say this is the best kind of tractor fuel, but I notice they still sell gasoline.

* * *

If your Farmall is old enough to need an overhaul this spring, I respectfully speak for the job. Partly because we are in the business, and partly because when we do the job here I know that Famall is going to give you the kind of service you have a right to expect, and then you will be more likely to make your next tractor a Farmall.

* * *

You can bring your service work to our shop with complete confidence because I personally promise you that nobody is going to work in this shop unless he is way above the average as a mechanic, and does the work the way I want it done.

A GOOD RESOLUTION FOR 1953

Start The New Year Right By Using Leader Want Ads Every Week

Nearly every household is cluttered with items that are of no further use to the owners, and so is nearly every farm and ranch in the Wellington area.

It may be a far mimplement or it may be something no larger than a baby bed; but regardless of what it is—providing it is still usable—there is somebody who has a need for it.

This extra item may be a stove, typewriter, car, furniture or hundreds of other items. DON'T THROW THEM AWAY. Don't let them become useless with age. Somebody needs them. There is a market in Wellington and its trade area for almost everything you have.

AND REMEMBER IT MEANS CASH FOR YOU. PUT YOUR DOLLARS IN YOUR POCKETS WITH WANT ADS.

EDITORIAL COMMENT — THE WELLINGTON LEADER

Thursday, January 8, 1953

It's Just Part of Cattle Business

A lot of people in the cattle business have been "taking a licking" during recent months. With some, it is serious; many are faced with considerable "setback" along business and personal lines.

Cecil Guseman visited this week among feed lot operators and reports much the same situation—except that it is much more emphasized. People who contract cattle and "finish" them in mid-Western feed lots will naturally be hardest hit of all. This is more especally true in cases where cattle were contracted early, at peak prices, then delivered at rock-bottom levels on the contract.

"The bigger the operator, the harder he is hit," Mr. Guseman reported. Needless to say, many of these handlers cannot expect to break even on their operation—including the gain which the cattle will make. The small operator, like the small operator in Deaf Smith County, will take much less loss, however. Most of these fellows feed out one or two cars of cattle on their own places, and it is doubtful if the contracted cattle will damage them too extensively. Generally speaking, not to the point of sending them into bankrupcy.

On the other hand, some of these big operators literally amassed furturnes when cattle prices rose following World War II. The situation at that time was exactly reversed, since many of the stock feeders had contracted cattle at low prices and took actual deliveryon an increased market. The little operators fent along on this gain-on a smaller scale. Scores of Hereford cattle men at that time gritted their teeth, gulped twice—and delivered their cattle as contracted.

When you sum it up, everything boils dow nto the fact that the catle business, on a large scale, is sometimes hazardous. Occasionally, cattlemen clean upo again ,they loose everything.

It's just part of the cattle business.

Another interesting sidelight is the fact that while many of these advance sales to stock feeders are actually written contracts, quite a few are in the form of oral agreements. Strangely enough, one large operator said; "I'd rather have that oral agreement on one on those fellows than a written contract. Those boys just never go back on their word."

This, too, seems to be "just part of the catle business."

—The Hereford Brand

Some Changes Have Been Made

"The Big Change," a new book by the popular historian, Frederick Lewis Allen, points out some interesting changes in American life which should be noted on a nonpartisan basis. The changes cut across all walks of U. S. life from personal incomes to the amount of clothing worn by children on a beach. Let's note some of the shanges observed by the historian since 1900.

For incomes, Mr. Allen writes: "Andrew Carnegie's income was $23,000,000 in 1900 WITH NO INCOME TAX. The average wage earner's salary then was $8 to $9 a week.

"In 1950, few personal incomes exceeded $100,000 after taxes; the average weekly pay in manufacturing industries was $59.33."

For children and teen agers:

"In 1900 more than 25 per cent of all boys between 10 and 15 were working. Fewer than 10 per cent of high-school age were actually in high school.

"Virtually every American boy and girl attends grammer school today. Four out of five of high-school age are in high school."

The change in food and length of life.

"Only the very wealthy ate fresh fruits and vegetables between late autumn and late spring in the 1900s. The average lifespan then was 49 years . . .

"Americans now eat fresh fruits and vegetables the year round, are healthier, heavier, and taller than a half century ago, and live about 20 years longer."

Production has not only made the U. S. rich, Mr. Allen comments, but it has made the nation a world power. How to use the strength of the nation for world peace is the country's biggest problem of the 1950's.—Kennett News and Advertiser (Kennett Square, Pa.

Car Insurance to Churchgoers Only

An insurance company in Texas is experimenting with a plan of isuing insurance policies to church members and those who practice abstinence from alcohol. The company has attracted considerable attention in recent days because of this novel plan, with more than 1,000 policies already sold.

The Christian and Temperate Insurance Company, which received its charter in June, is the brainchild of two brothers, members of different churches, who say their policy is the result o ftwo years of planning and studying automobile fatality records.

It has often been suggested that insurance be sold on the basis of one's driving record. That is, an applicant who had driven for 20 or 30 years with out an accident would receive a low insurance rate, while the habitually careless driver would be required to pay higher insurance rates. This system would reward good drivers and require inferior and careless drivers to pay moe of the cost of their accidents.

While the Chirstian and Temperate Insurance Company, in Texas might be drawing the line of qualification rather tightly, the motive behind their plan is sound and it will be interesting to see how chaply they are able to sell automobile insurance and still make a reasonable profit.

—The Clarissa (Minn.) Independent

STRICTLY FRESH

Man hopped in Vancouper, B. C., bearpit, chased bears into dens and shocked 'em. Ceems they didn't grin and couldn't bear it.

A Marine general giving a speech, and brothered by a hovering hellicopter, told newsmen "tell it to get out." Guess he really believes in "power" of the press.

Strictly sober: A G. I. in Korea was miraculously saved when shrapnel struck a pocket Bible instead of a vital spot, which just proves He is always there when we need Him.

Hitler's sister wants proof he is dead in order to claim his estate. Would an old "Sieg" and a couple of battered "Heils" do?

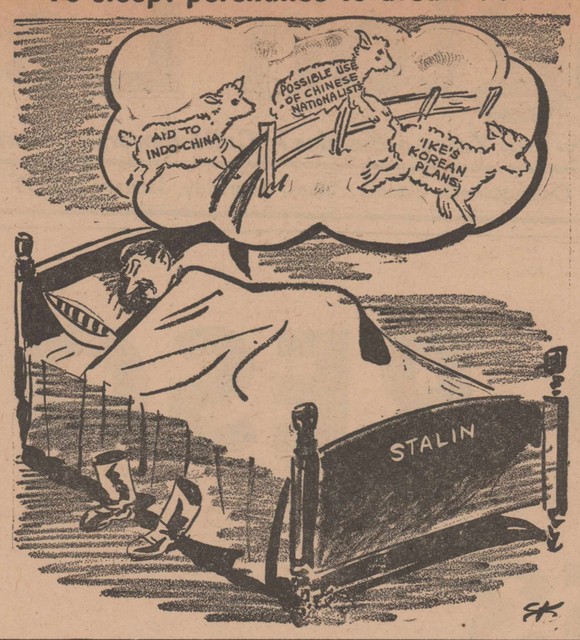

France repeals tax on pianos and balconies. Maybe piano-playin,' balcony-building Harry S. Truman will pay them a visit after January twentieth.

Rubber mice, busted back scratchers, drums of dried paint, and half built blood pressure gages were auctioned at New York customs seizure-room. For bridge prizes no doubt!

Jackie, tame Hollywood lion, climbed studio stairs, made successful TV debut. Scared all, when refused to go down. Suppose he just couldn't take the ups and downs of a TV career.

Woman slipped into ice-house to see sweetheart. Lighting a match in the dark, she fired building, melted ice. That's really going through fire and flood for a man!

'To sleep! perchance to dream . . .'

The Buck Creek Philosopher

Editor's note. The Buck Creek Philosopher on his Johnson grass farm on Buck Creek is off on his 1953 comments.

Dear editar:

Along about this time, with a new year already on us and nothin we can do about it, I know it's customary to look back over the past one and try to figure out how you can make the new one a big improvement, but with the world so closely knit these days, with my future out here tied up with maybe the next unknown move of Stalin over in Russia or somebody I never heard of in Scandinavia, it's sort of hard to make any plans. A man wants to be careful about puttin up a new fence or fixin his saggin gate when he hasn't got the slightest idea of what the international situation is gonna be thirty days from now. Why go to the trouble of fixin a leaky roof when there may be a worst drouth in 1953 than there was in 1952?

It used to be all a man had to worry about was his personal affairs, all he had to do was to resolve to spend less and save more and behave better or get caught less and his New Year's resolutions were taken care of, but things are different now. It used to be all a Congressman had to worry about was keepin the voters in his own district satisfied or in the dark, but now a Congressman has to know not only what I want out here on my place but what England wants, France wants, Spain wants, etc., and while this seems to give England, France, etc. an advantage, they get the benefits of a Congressman without the expense and on top of that they don't have to listen to em campaign, one Congressman is about as good as another for their purposes so long as he's quick on the appropriation trigger, still it shows you how things have changed and also how long one of my sentences can get. While generally about half the people in this country for example will lose their vote in a Presidential election, don't anybody lose in England, they shift gears faster than we do and by the time the losin side is makin up its mind to concede, England already has a diplomat eatin dinner with the winner, and while I didn't set out this week to discuss the international situation, I'm just bringin it in to point out how hard it is for a thinkin, informed man to make any plans for the new year.

As for me, however, I am goin ahead and makin plans. I plan to live each day this year like it was meant to be enjoyed, and it'll take more than Stalin and an unsettled international situation o stop me. The international situation has been unsettled ever since nations were invented, and anybody who postpones his livin until things quieten down is in for a long hollow life.

As for 1953, let it rip.

Yours faithfully,
J. A.

We never see a fat woman enter a corset shop without thinking of the Battle of the Bulge.

A midwest newspaper heads births, marriages and divorces "Hatched, Matched and Detached."

In your search for riches don't lose the things that money can't buy.

Man devotes half of his life to ruining his health, seeking wealth; and the other half spending his wealth to regain his health.

Texas is the land of plenty, with plenty of land.

Face powder has brought an end to more single men than gun powder.

BIBLE COMMENT
FOR JAN. 11

Ruth, a Fine Example Of Devotion

Scattered through the pages of mankind's history are the beautiful stories that we would like to offer as representative of the true life of man, the life that lies beneath the overabundance of tragedy.

These are the stories telling of generosity and kindness, of happy home life and the love of little children for their parents, of courage in the face of danger and the sacrifice of people for those they love.

In the Bible we find them all. Among the most beautiful of these is the story of Ruth, a tale so deep and penetrating it merits a complete book of the Old Testament and stands as a classic tale of faith, love and loyalty for all time.

Because Ruth was the daughter-in-law of Naomi, a woman who lost her husband and sons and was left alone in the world. Naomi was far from home when her husband and sons died and decided to return to her people. She advised her daughters-in-law to stay in their native country of Moab and remarry. One did.

But the other, Ruth, refused. She vowed loyalty to Naomi with a promise that stands as the highest expression of devotion we have: "Whither thou goest I will go; and where thou lodgest I will lodge; thy people shall be my people, and thy God my God. The Lord do so to me, and more also, if aught but death part thee and me."

Ruth's progeny were destined for great things. She was the great-grandmother of King David and thus an ancestor of Jesus.

It is good to remember in these days of racial prejudice and anti-alien agitation that Jesus, the purest and best among men, traced His lineage not only to noble and saintly Israelites, but to this devoted Moabite girl who illustrates much of the best in goodness and love.

Some fellows don't have to have a new tie to be tempted to stick their necks out.

LONE STAR Agriculture

Released by The Texas Department of Agriculture

By John C. White, Commissioner

Need a sure cure for future Texas drouths Just buy water by the bnttle from a man in New York state.

Want to grow watermelons in January? Simply erect gauze tents over the field and pipe warm water through the soil at a depth of 18 inches.

These hints and suggestions are just two of the many received each year by a Texas agency which celebrates its 46th anniversary this month.

The Texas Department of Agriculture was created by an act of the Legislature in January, 1907. Its original staff consisted of only four persons whose duties were "to organize farmers' institutes for the purpose of keeping alive agricultural interests in the state." Legislative action since that time has broadened the scope of activities considerably and today more than 140 employees are associated with the department.

But many people are confused about the Department of Agriculture's activities, just as was the gentleman from New York who offered to break the recent drouth with his bottled water — at a neat profit for himself. The department isn't an agricultural purchasing agency — neither is it an experimental station as the Georgia gentleman surmised when he advocated winter watermelon growing.

In a nutshell, the present status of the department is that of an agricultural law enforcement agency. Its duty, primarily, is to administrate and regulate laws passed by the Legislature for the advancement of Texas agriculture. A wide range of activities is included in this definition.

For convenience, effiency and economy, the work is separated into divisions under the Commissioner of Agriculture. The largest division is the Horticulture and Quarantine, followed by Field Seed Certification, Seed Testing Laboratory, Weights & Measures Supervision, Warehouse Inspection and Agricultural Market News.

A detailed explanation of the department's work would fill several good-sized books. It is enough to say that they protect the fruit and vegetable and other commodities from disease and insects; assure all Texans of a full measure of goods purchased on any weight or measuring device; conduct tests to provide a plentiful supply of high quality seeds for next year's crops, and provide up-to-the-minute price information on what the farmer can expect for his goods. There are countless other duties which arises every day — for agriculture is not a statis proposition.

The Texas Department of Agricultures is looking forward to another year of service to Texans. It is the hope of the Commissioner and staff members that 1953 will be a year of further advancement for the state's largest history — Agriculture.

Many a decided blonde is a decided blonde because she decided she didn't want to remain a brunette.

Some of our politicians have discovered that they built their fences so high they can't get over them.

A lot of auto accidents would be eliminated if the man behind the wheel would quit hugging the wrong curves.

Looking Ahead With George S. Benson

HIGHWAY ROBBERY!

Dr. Harley L. Lutz, professor emeritus of public finance, Princeton University, has just concluded a series of lectures at Harding College under the sponsorship of our new School of American Studies. The theme of his series was "Let's Bring Government Back Home." He is one of the nation's foremost authorities on public finance, taxation and government, and what he proposed would affect the pocketbook of every American. The substance of what he said is worthy of the attention of all citizens.

It is necessary, he said, for the states and their local governmental units to recover from the Federal government certain public service responsibilities and certain tax sources, because—

1. The Federal government is too big. It is so big and complex that it cannot be efficiently managed by any man or group of men.

2. The burden of its cost is now a greater load than the economy can carry and remain prosperous.

FREEDOM AT STAKE

3. The steady pressure for more power to regulate and control is a growing menace to individual and civil liberty.

4. The increasing concentration of political power and economic control in the Federal government is destroying the economic and governmental environment which is essential to the survival of the American system of free enterprise and to the preservation of the American constitutional system of a union of states.

"Governmental power," said Dr. Lutz in his key lecture to the Harding student body, "depends upon control of finances. It takes money to operate and the greatest power to operate will be where there is the most money. The concentration of power in Washington is shown by the growing Federal stranglehold on tax sources.

IT GROWS

"In 1913, the Federal share was 33 per cent out of total tax receipts of $2 billion for all purposes. In 1938, it was 41 per cent out of a total of $14.3 billion. In 1953 it will be 78 per ment out of a total of $90 billion of taxes collected for all purposes. In this 40-year period the Federal share of all taxes paid by the people has risen from 33 per cent to approximately 80 per cent.

This is a striking set of facts. It clearly shows that the people are losing control of their political purse; and the political purse, incidentally, is getting to be a large share of their earnings. Four-fifths of tax money now goes to Washington! And as this channeling of the money out of the cities, towns, and states into Washington continues, the cities, towns and states simply haven't the money to do the things they ought to be doing for themselves. It is a vicious cycle.

AN EXAMPLE

Most of the state legislatures will be convening at their capitols this month to wrestle with the problem of how to make the state tax income stretch far enough to meet all the service demands within the state. With hardly a single exception, the legislatures will find that there isn't enough state tax money available. Let's take an example: Most states are finding it impossible to keep up with the expanding highway needs.

Dr. Lutz revealed the main reason why this is true. In 1952, the Federal government "granted" the states $471 million for highway purposes. But during the same year the Federal government was taking $808.4 million from the states in gasoline and oil taxes. That means the states lost $330 million in taxes to the Federal government in this field alone. Very few states would have chronic highway financing problems if they could get the Federal government's hands out of the state highway tax till. One governor whom I know calls it "highway robbery!"

The highway tax situation is just one small example of what's happening. When we weigh all the facts, Dr. Lutz' theme, "Let's Bring Government Back Home," makes good sense.

News Letter

From Congressman WALTER ROGERS

THE NEW YEAR: This letter will reach you as the curtain falls on 1952 and rises again on 1953. The American people, both young and old will stand, as they have in past years, on the threshold of great opportunities for progress and achievement in the New Year. Our lives and our efforts will be dedicated to the fulfillment of a desire that has dominated the minds of Americans since this country was founded, the desire for peace. Every lead and clue to the final realization of this desire must be thoroughly explored and scrutinized. The attainment of this desire will open doors of opportunity for the advancement and progress of civilization that have been heretofore closed solely because so much of the world's efforts have been devoted to means and machines of destruction rather than construction. The channeling of these efforts into peaceful pursuits will bring great blessings and benefits to the people of America and the rest of the world. The delay alone in research for the development and expansion of our natural resources has been tragic, simply because the money and the time had to be spent on war research and war materials. This is most clearly apparent to those of us who live in our section of the country. The great potentialities of the Southwest and especially the Panhandle of Texas are lying dormant. Water is our number one problem, and it remains unanswered because of wars and rumors of wars. If peace could prevail, it could be quickly answered. However, war or no war, it must be answered in the near future. We cannot delay much longer the impounding of surface waters, as could be done by the construction of the Canadian Dam, nor can we delay further research and exploration in the field of irrigation. With an ample supply of water, the Panhandle of Texas could become one of the most fertile and richest regions in the world from an agricultural standpoint. With our vast fuel supply, a stable water supply could result in the Panhandle becoming one of the great manufacturing centers of the world. Few regions in the world have the great opportunities that are open to us in the Southwest. Our resources must be developed and our initial task is to solve the water problem. This must be done whether peace is attained or not. We cannot continue to expend our natural resources at the present rate without further development and expansion. If we fail to further develop and to expand our present facilities to utilize our resources, we could be contributing measurably to a weakness in the future that could rebound to the benefit of Russia. This must not happen. An ample central water supply must be created not only for the northern part of the Panhandle and the western side, but also for the eastern and southeastern sections of the district. Much work has been done towards such a project in the southeastern section of the Panhandle that would be of immense benefits to the Hall, Childress, Cottle and Motley Counties vicinity. The pressure for the development of these facilities must continue if we are to continue in our forward progress. The year 1953 should see great strides made in that direction.

THE EISENHOWER APPOINTMENTS: Most everyone in Washington seems to be well pleased or satisfied with the appointments that have been made by General Eisenhower. It is generally talked that the new President is not being dominated by political motives, but is seeking to satisfy himself as to the ability of the appointees, rather than to satisfy the political bosses of the several states. There is much comment here about the fact that Eisenhower is not consulting the governors or the senators of the states from which he chooses the appointees. There is much conjecture as to whether or not this will subsequently cause trouble between the President and the political leaders and high office holders in the states from which he has picked his men. Certainly it should not cause a break if the man chosen does a good job. Eisenhower is certainly to be commended for accepting full responsibility in these appointments. Should one of them turn out bad, it would be the result of an honest mistake and not the result of a political play. The American people have always been willing to accept an honest mistake where there was a sincere desire to do right. They have never been willing to accept a mistake that was the result of political expediency alone. Texas need not worry about a mistake being made in Eisenhower's choice of his Secretary of the Navy. I have known R. B. Anderson, of Vernon, Texas, for twenty years. In fact, he preceded me in the University of Texas law schools. Subsequently it was my pleasure to have him as an instructor in one of the law courses. His brilliance of mind i well tempered by a natural ability to understand and appreciate the problems of his fellow man. He is to me a living example of a true American success story. Bob Anderson, by his own integrity, his own ability, his own industry, has made the most of the opportunities available to every American, whether he be rich or poor. If Eisenhower has done as well on all of his appointments as he did on his Secretary of The Navy, he need have no fear as to his own success.

War Training in Resort

Formby Writes of Navy Cruise Through Caribbean

(Written for
The Wellington Leader)

A West Texas Radioman has just returned from a naval cruise to the Caribbean, and relates his experiences for the Wellington Leader. It was a cruise similar to the one made by Deskins Wells, Leader editor, when he went on a naval vessel to the North Atlantic last summer.

Marshall Formby, Panhandle attorney, and owner of KPAN at Hereford and part owner of KFLD of Floydada, has returned from the 12-day cruise in the Caribbean aboard the Destroyer Escort HAAS. The Navy invited Formby to make the trip as a civilian observer, in order that he might make a series of tape recordings, telling about Navy life. He made eleven recordings, which are being played on KPAN and KFLD.

The HAAS is 306-feet in length and on the cruise in the Caribbean to Nassau and the Bahamas carried a crew of 150 men and 14 officers. Nineteen of the men were reservists, taking a two-week refresher course. Six of the officers were reserve officers, doing two weeks duty. However, all officers aboard the ship and almost all the men were reserves — few being "regular" navy. The HAAS was built in 1944 by the Brown shipyards of Houston. It was started in February, 1944 and commissioned in September of the same year. It was named after a Naval flier who gave his life in a battle in the Pacific islands early in the last war.

During wartime, the vessel can carry 200 men and 16 officers. Its main purpose is designed to accompany or escort freight vessel of troop ships, and to search out and destroy any threatening submarines of the enemy. Its speed is 24 knots or about 27 miles per hour.

Leaving its home port of New Orleans, the HAAS sailed through the Gulf to one of the Dry Tortugas islands where it anchored for 24 hours. There an inspection was made of old Fort Jefferson. The fort is now abandoned except for four men who work there, keeping it intact as a national monument. The fort covers nearly 14 acres with brick walls 14-feet thick. It was from old Fort Jefferson that the Battleship Maine sailed on its ill-fated mission to Havana in 1898 to be blown up, initiating the Spanish-American war. The Government worked 30 years building the fort, only to find that the walls and entire fort were then obsolete.

The HAAS then sailed on through the key islands, into the Bahamas and docked at Nassau, main city of the Bahamas, for four days and nights.

At Nassau, Formby, along with some of the members of the crew of the HAAS visited the American Consul Thomas H. Robinson, and the Bahamas Governor, Sir Robert Neville. He obtained an interview with American Consul Robinson.

Most all men on the HAAS had from two to three days liberty from the ship while in Nassau.

"This country can be proud of the conduct of its military personnel," Formby says, "When we left Nassau, various persons volunteered to tell the Captain of the ship, Lt. Commander G. H. Dericks, of the well behaved sailors. Owners of the beach places, as well as others in Nassau said members of the HAAS were the best behaved guests they ever saw. The boys all had a wonderful time, but behaved while having it."

During the four-day trip back to New Orleans, all personnel on the HAAS, was given training under simulated war conditions. Each day an imaginary battle was fought. One day the HAAS pulled into the Naval firing area in the Gulf of Mexico, somewhat south of the Mobile, Alabama area, and had firing practice for regular members of the crew, and for those doing the two-weeks reserve duty. The five-inch guns opened up, firing shellbursts into the air in order to give crewmen on the 40 mm. anti-aircraft guns an opportunity to do practice firing. The five-inch gun is fairly accurate at a distance of six miles. An imaginary enemy submarine was discovered and two depth charges dropped. When the depth charges went off, water was spouted into the air fifty feet high.

The 12-day cruise was Formby's only experience with the Navy, except the free rides he got while in the Army Engineers during World War II. "For example, I crossed the English Channel in 1944 on an 85-foot Coast Guard vessel, and I got so sea sick that I never wanted to see even a West Texas lake again," Formby says. "But on this Caribbean cruise I ate and lived with the men and officers and I gave those anti-sea sick pills the dickens. I took so many of those pills that I couldn't get sea sick."

"My final impression of the Navy is this," Formby says. "The Navy feeds good, even better than the Army that I know about. The men and officers sleep in better quarters and are treated better. The Navy is not a bad deal for a young fellow for two or three years. The only thing that bothers me is the close quarters. For a fellow who was raised on the wide open spaces of Dickens county and used to the Plains, it's rough to crowd him up in such close quarters. Maybe you get used to it. . . I doubt if I ever would. But from what I saw, the folks here at home can rest assured that our country has a good and strong Navy."

SET THE PACE FOR FFA

A Future Farmer team that is setting the pace in judging events is the radio broadcasting team from the Wellington chapter. These boys placed first in the Greenbelt district contest earlier in the fall, and third in the Area I contest at Lubbock. Shown, from left to right are M. L. Burks, vocational agriculture instructor, and team members Donald Rummel, Frank Jones and John Thomas.

Farmers Invited To Machinery Show at Childress

The Agriculture Committee of the Chamber of Commerce and Board of City Development, in cooperation with the county agent, Vernon Hafner, and PMA Secretary, Gene Frisbie, of Childress, are sponsoring a "Farm Implement Show." This event will take place Friday, January 16, 1953, from 10:00 a.m. to 2:30 p.m. in Childress.

The site for the day's program will be at the old Childress Army Airfield Base in the center hangar located on the apron of the flying field. Each exhibitor will be assigned space to display his equipment; also, a definite area will be assigned for demonstration.

The day's events will include a talk on mesquite eradication by Mr. C. E. Fisher, Superintendent of the Spur Experiment Station, who is noted for his methods in the eradication of mesquite trees. Mr. Fisher will give information of importance to all farmers in this part of Texas.

The American Dusting Company will demonstrate methods and procedures in the dusting of different crops, and give information concerning types of insecticides that would be used for the different types of crops. They will demonstrate the ways of dusting by airplane and show the actual coverage of the insecticides by exhibition.

Thirty different implement companies will exhibit new machines used in the preparation and cultivation of the crops in this area. These companies will have the machinery on display on that day, and representatives will be present to explain in detail to interested persons. The implement companies will exhibit all types of farm machinery that is proper for use on the farms in this area. In addition to farm machinery being exhibited, farm appliances, machinery accessories, feeds and seeds, fertilizers, and chemicals. The companies represent Lubbock, Amarillo, Wichita Falls, Quanah, Fort Worth, Dallas, and Waco.

The program for the day is not complete, but further information will be mailed for publication when the final program is drawn up. Invitations have been mailed to farmers and agriculture agencies in Hall, Collingsworth, Cottle, Motley, and Hardeman counties of Texas, and Harmon County of Oklahoma. It is anticipated that some three or four thousand persons will attend the day's activities. Last year, under very adverse weather conditions, over 2,000 persons attended the show. This year, the Committee decided to hold exhibits and program inside in case there is bad weather.

We are urging all farmers, ranchers, and businessmen in this area to attend. Free coffee will be served to all persons attending.

DOZIER

By MRS. ALEX COLEMAN

Bro. Ray Townsen filled his regular appointment Sunday morning at the Church of Christ. Bro. Tom McMan also preached Wednesday, Thursday and Sunday nights of last week. He is an inspiring young preacher only 19 years old.

Mr. and Mrs. Leo Massey and sons, James and Bobby, took Bro. McMan to Plainview to preach Sunday and visited Mrs. Massey's sister and family, Mr. and Mrs. J. E. Dorsey of Tulia.

Mrs. Ella Phillipps and daughters visited her daughter and son-in-law, Mr. and Mrs. Buddy Caperton of Portales, N. M., over the holidays and Miss Mertis was compelled to stay on account of an attack of flu.

Mr. and Mrs. James Murry had as their guests Sunday Mr. and Mrs. Buddy Uann and their son, Ronnie, of Shamrock, also young Dean Marchant of Dozier visited their son Randal Murry. Through the Christmas holidays they had Mrs. Murry's sister and family, Mr. and Mrs. Glenn Reynolds and son, Howard, from El Paso, another sister and family, Mr. and Mrs. Fred Scriver and Linda, Don and Kay of Kermit, Texas.

Miss Effie Rankin spent the Christmas holidays in Quanah visiting with relatives and in Fort Worth, attending Sonja Heinie's Ice Review of 1953 and South Pacific, a musical Broadway play.

Rev. Bean filled his regular appointment at the Methodist Church Sunday morning and he and his daughters took dinner with Miss Pearl Strong and her brother, Elmer Strong, of Abra community.

Mr. and Mrs. Frank Payne have moved to the farm owned by Mr. Ott Clay, north of Dozier.

Mr. and Mrs. Bill Bradstreet have gone to Yuma, Arizona, to be with their son, Neal, since his wife was badly burned.

New 1953 Oldsmobile Goes on Display At Kendrick Agency Friday, January 9

Completely new in frontal appearance and offering other styling changes inside and out as well as many mechanical advances, the 1953 Oldsmobile models are being introduced Friday, January 9, by Oldsmobile dealers throughout the country. Among the important improvements in the new models, according to J. F. Wolfram, Oldsmobile general manager and vice president of General Motors, are further increases in efficiency of the "Rocket" engine, resulting in increased fuel economy and performance; compression ratio raised to 8 to 1, which also boosts the horsepower; a more efficient 12-volt ignition system; Frigidaire car conditioning that cools the car interior in the warmest weather, and "Pedal-Ease" power brakes to provide faster, safer stops.

The Frigidaire conditioning and power brakes are optional equipment available at extra cost. Two popular items first introduced in 1952, GM power steering and the Autronic-Eye automatii headlight dimmer, also are offered again as optional extras. Hydra-Matic Super Drive, the pioneer and most proven of automatic transmissions, also is on the optional list. Directional signals are standard equipment on all 1953 series.

Three series of Oldsmobile cars are presented in 1953. The Classic "98" series has been extended to 215 inches in length and is built in three body styles — the four-door sedan, Holiday coupe and convertible coupe. Four body styles are available in the popular Super "88" series — four-door sedans, two-door sedan, Holiday coupe and convertible coupe. Both the "98" and Super "88" are powered by a 165-horsepower "Rocket" engine. The economically priced Deluxe "88" series has two body types — two door sedan and four-door sedan — and is powered by a 150 H. P. version of the "Rocket" engine. Wheelbase is 124 inches on the "98" series and 120 inches on the two "88" series.

Distinguishing the 1953 Oldsmobiles is a new front bumper and grille assembly. The bumper and grille have been gracefully redesigned, with two distinctive oval ornaments serving as supports for the upper bumper bar. The name Oldsmobile is inscribed on this bar in metal letters. Parking lights under the headlights are in new round recesses.

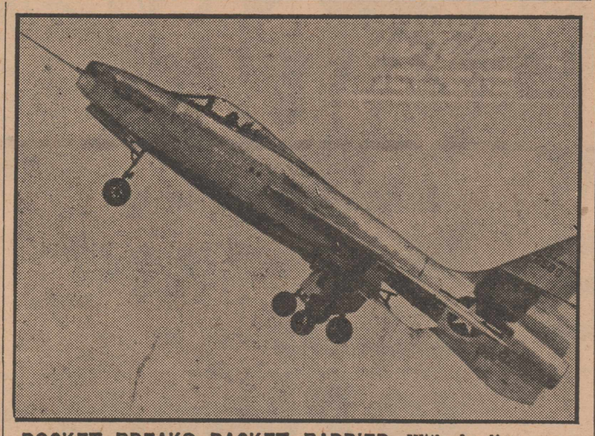

Both the Classic "98" and the Super "88" are enhanced by a new narrow sash, stone shield and decorative chrome trim on the rear fender and quarter panel. This accentuates the long, low lines that characterize the 1953 Oldsmobiles. The rear end of the 1953 Super "88" has higher fenders and a higher contour on the deck lid that emphasize the horizontal lines of the car.

Color combinations and upholstery options on the 1953 Oldsmobiles are the most varied in the division's history. Choice of 16 solid and 49 two-tone color combinations is offered to buyers. Nylon cloth, gabardine and broadcloth are among the upholstery materials available in the "98" and Super "88" series.

Setting off the interior styling is an entirely new instrument panel, which has two circular recesses on either side. The instrument cluster is located in the left-hand recess in front of the driver, giving ready visibility for the gauges, speedometer and Hydra-Matic Drive indicator. The latter has been transferred from the steering column and is electrically actuated.

The right hand recess of the instrument panel houses the radio speaker and electric clock when those accessories are ordered. The glove compartment is located in the direct center of the panel and is flanked on each side by a convenient ash receiver, which is readily accessible to any passenger. When the door of the glove compartment is down, it can serve as a handy tray. A safety-padded top for the instrument panel, made of flexible non-reflecting plastic over foam rubber, can be ordered as optional extra equipment on the "98" series.

In going from a six-volt to a 12-volt electrical system for 1953, Oldsmobile has obtained higher capacity to meet the increasing demands of the engine and the accessories that have been added in recent years. Improved cold weather starting and better ignition are two immediate benefits of the 12-volt system. The new 12-volt, 70-ampere battery has 30 per cent greater over-all capacity than the six-volt which it supersedes. The new 30-ampere output generator has a third greater capacity. Other new components required of the electrical system for 1953 are the starter, voltage regulator, ignition coil, lights, horns and wiring.

ROCKET BREAKS RACKET BARRIER—With landing gear still dangling like the legs of a bird in flight, the experimental rocket plane, XF-91, roars up to crash through the sonic barrier. A 5200-pound thrust turbojet engine whips the ship close to the speed of sound and a 6000-pound rocket engine rams it past the sonic wall. Able to overtake any high-speed bomber, the XF-91 provides the Air Force with a topnotch intercepter plane.

Front tread of the 1953 models has been increased in all series from 58 to 59 inches, improving stability and ride characteristics. Front frame design has been altered to meet the requirements of the wider tread. Bigger front wheel bearings have been installed to increase the safety factor.

Differential, rear axle and axle housing have been redesigned for improved performance on the 1953 Oldsmobile. Larger pinion and side bearings have been engineered into the differential for more durability. A new rear axle housing has been designed for increased strength. The rear axle shaft has been increased in diameter and is provided with 16 splines instead of 10 to provide added strength.

Frigidaire car conditioning, which will reduce car interior temperatures to comfortable levels despite 100-degree heat outside, is offered as optional equipment. Plastic ducts below the headlining distribute the cool air evenly through a honeycomb of holes and four vents to all parts of the car interior. The compressor is driven off the crankshaft and the evaporator unit is installed on the rear deck shelf. The cool air is blown into the distribution ducts through clear plastic ducts while the return air ducts are in the rear package shelf. Fresh air is drawn from outside by two chrome scoops just above the rear fenders.

"Pedal-Ease" power brakes, offered as optional equipment at extra cost, reduce brake effort as much as 40 per cent through the vacuum-hydraulic booster unit. The vacuum power makes for faster, safer braking. Brake reaction time also is cut by having the brake pedal located at approximately the same height and immediately adjacent to the accelerator pedal. The right foot can be pivoted instantly ffom one to the other. The power brake pedal is suspended from the dash rather than extend through the floorboard.

QUAIL NEWS

By MRS. G. T. STEPHENS

Mr. and Mrs. Buster Rothwell and children, of Dodson and Mrs. T. J. Newson of McLean visited in the home of Mr. and Mrs. Herman Moseley during the holidays. Mrs. Newson is a sister of Mrs. Moseley.

Mr. and Mrs. Earl Parker and family and Mr. and Mrs. Mearl Parker and family of Wellington and Lloyd Parker of Quail visited in the home of their parents, Mr. and Mrs. J. L. Parker, Christmas.

Mr. and Mrs. Frank Coleman Jr. and sons, Tommy Frank and Jimmy were honored with a farewell party at their home on Tuesday night, December 30. Friends and relatives took food for refreshments and enjoyed the evening playing dominoes and forty-two.

Guests in the home of Mr. and Mrs. G. T. Stephens for Christmas dinner were Mr. and Mrs. Freddy Poteet and son, Eddie of Fort Worth; Mr. and Mrs. James O. Miller and son, Stevie, of Memphis; and Miss Patsy Emmons of Clarendon. Mr. and Mrs. Poteet and Eddie remained until Wednesday, December 31, to visit with other friends and relatives. Mr. Poteet's mother, Mrs. G. W. Poteet of Wellington returned home with him for a short visit.

Bobby Ted Thomas, RMSN, Bainbridge, Md., spent the holidays with his parents, Mr. and Mrs. George Thomas. Bobby returned to Bainbridge, Md., Thursday, Jan. 1. He is in advanced training in radio and code.

Mr. and Mrs. Herman Moseley and children, Billy, Betty and Diane visited with his parents, Mr. and Mrs. H. T. Moseley of Childress during the holidays.

Mr. Eugene Winegeart of Pampa was a guest in the home of Mr. and Mrs. Frank Lindsey last week. Mr. Winegeart is a brother of Mrs. Lindsey.

Mr. and Mrs. Frank Coleman Jr. and sons, Tommy Frank and Jimmy, moved to Spade, Texas, on Friday, January 2. We regret losing this fine family in our community, but hope them good luck and happiness in their new home.

Mrs. Frank Kennedy was ill with the flu Monday, January 5.

Mr. and Mrs. Herman Moseley and children, visited Mr. and Mrs. James Patterson of McAdoo, Texas during the holidays. Mrs. Patterson is a sister of Mrs. Moseley.

Week end guests in the home of Mr. and Mrs. F. W. Bourland were Mrs. Caryl Baldwin of Lamesa, Mr. J. E. Bourland of McKinney, Mr. and Mrs. A. R. Bourland and family of Pampa, Mrs. Nora Singleton of Westville, Oklahoma, and Mr. and Mrs. C. E. Sweatt of Memphis.

Mr. and Mrs. T. C. Crabtree visited Mr. Barlow Coe, Mr. Crabtree's brother-in-law, who is a patient in the Sentinal Hospital in Sentinel, Okla., Sunday afternoon. Mr. Coe's home is in Cordell, Oklahoma.

Mrs. Pat O'Hair has been ill for the last few days.

Mrs. J. W. Stephens of Borger spent last week with her daughter and son-in-law, Mr. and Mrs. W. W. Dubose.

Mr. and Mrs. R. P. Owens are moving to Northfield this week. Mr. Owens has been working at the gin this ginning season.

DODSON

By MRS. KENNETH KING

Mrs. Buddy Ford left Tuesday for Vinson, Oklahoma, where she will visit her mother and family for a while. They plan to move to Amarillo when Mr. Ford has found a location.

Kenneth King and Tom Underwood were in Childress Wednesday on business.

Mr. and Mrs. Roy Durfey and daughter of Dallas were here Christmas to visit in the home of Mr. and Mrs. Paul Ford and family. Mr. and Mrs. Durfey used to live here.

The people of Dodson have received word that the eight year old son of Slim Clinden was killed Christmas Day in California. The accident occurred when child was run over by a car as he was crossing a street. He was killed instantly. The family lived here in the summer and fall, and left for California to work.

Miss Lois Gollihare of Dodson and Jerry Trim were married at Ada, Oklahoma, recently. The couple will make their home at Ada.

Paul Ford and Roy Tisdale were in Silverton Wednesday on business.

Mr. and Mrs. Berton Gilbert and family were here over the week end and were guests in the Marvin Wynn home.

Mr. and Mrs. Glenn Murley and family of near Mangum, Okla., were visiting Mrs. Wilfong Sunday.

Ray Tatum

Ray's Wanderings

Wellington, the Duke City. We spent most of the day here Saturday. I really enjoyed just visiting around with the people on the street. The first thing you will notice about the man on the street in Wellington is his friendliness, his willingness to talk about the things they are doing, their plans and their hopes. No one ask me where I was from nor who I was; if I was interested in what was going on in Wellington — so were they — and we just talked. They did look a little askance at me when I sauntered into the sheriffs' office; they didn't lock me up, however, so I continued my wanderings.

They have a friendly, helpful attitude in the business places which I think some of us might do well to practice. I had a very nice lunch at Jay's Drive-in and the girl made four trips to my table during the meal and they were very crowded. We also had a long visit with the J. E. Warrick Co. Lawrence was on the job and it is always a pleasure to drop in there. There was one thing I especially noticed, there was no one from Dodson that I could find on the street anywhere. What's the matter, Dodson? Let's have a few cards from over there; tell us what you are doing.

The New Holland Machine Company has given us Collingsworth County on Hay Tools and we are going to Oklahoma City the 12th of this month to see a small Hay Baler they will have out this season. It promises to be just the thing for the little hay man that wants his hay baled when it is ready and does not have enough hay to justify buying one of Holland's large balers. They tell us this little baler will be an exact model of the larger balers and will cost approximately one half as much money. If you have any hay this year and would like further information on this little baler, drop us a card — Ray Tatum, 2nd & Madden St., Shamrock, Texas. We'll get this to you at once.

In wandering around over Collingsworth County, I notice there was very little ensilage being used over there. We started into the ensilage business in this county last season on quite a larger scale than we ever had before, and it has certainly paid off this year. We didn't get into it because we were smart, we got into it because it was the only way we could think of to save this burned up feed. Now, from what we have learned this year, I think there will be very few farms that will not have some crop that will do for ensilage and have a ground pit to cook it in. We have gathered quite a bit of information over here this year that might be helpful to any of you who plan to try this way of preserving feed. We will be glad to pass this information along to you — the best type feed we have found for ensilage, the best and cheapest way to prepare the pits, etc.

We would like to take a minute here to congratulate the commissioners of Collingsworth County for the fine work being done on the country roads since the late moisture. They are sure getting them in fine shape.

This is an invitation for you to visit our store at any time. Try our service shop. We have the very latest thing in tune-up equipment for your cars, trucks, and tractors.

Norwood Takes Double Header From Estelline

By JAMES GLASSCOCK

The Samnorwood Eagles broke the 11-game victory skein of the Estelline Bearcubs with an impressive 41-19 victory Tuesday night, December 30, at Samnorwood.

At the same session, the Eaglettes coped a tight 35-29 win from the Estelline girls.

A crowd of around 400 viewed these two action-packed ball games.

In the early stages of the girl's game, Estelline took over the lead. For some reason or another, the Eaglettes had a hard time finding the middle of the basket. It was definitely an off night for them. Throughout the early part of the game, the lead changed hands frequently. Then late in the second quarter, Samnorwood got a one-point advantage and from there on it it was the Eaglettes game.

It might be said that the guards for Samnorwood helped in the victory — Sue Pritchard, Janice Oldham and Sue Moody cannot go unrewarded for their brilliant defensive work.

Estelline also had a fine defensive ball club.

Goldie Tippie of the Eaglettes had the best scorecard of the evening — she got 7 field goals and two charity tosses to account for her 16 points. Some of her field goals were made by long shots, most of which never touched the rim of the basket. Kay Newkirk was second with 12 points, made with six field goals. Bonnie Kidwell was third with 9 points. For her total she got two field goals and five extra tosses.

Estelline's top scorer was Baskin with 12 points, four field goals and four charity tosses. Bell was a close second with 11 points. The girl's game was a top-notcher on any list.

To take care of the intermission between the two games, music was furnished by Alice Payne, Joe Schaub and Malcolm Phipps. It was fine and definitely a crowd-pleaser.

In a cinderella game, the Samnorwood Eagles, clobbered the unbeaten Estelline Bearcubs 41 to 19. The Estelline boys had won eleven straight games until they met the Eagles, and now it stands 11 wins, one loss. The Eagles had dropped an earlier decision to Estelline, but this time they were not to be denied. Samnorwood took an early lead and never relinquished it.

It was surprising to see big 6 foot four inch boys have the ball taken away from them by the much smaller Eagles — spurred by their desire for victory and keen competitive spirit.

At the end of the first quarter, Samnorwood led 11 to 3. At the half it was even under with a 22 to 11 margin. In the third quarter things stood 29-14. Then in the fourth Samnorwood sacked the game up and the final score was 41-19.

Words cannot be spared in praise of the magnificent teamwork Samnorwood had.

The Eagles played a slow confident game all the way. They worked the guard out of position and then shot to score two points. They had beautiful deception and ball handling all evening. It was interesting to note that Samnorwood would lateral the ball as many as five times before pitching toward the goal.

Estelline looked good at times, but it appeared they were just having an off night.

Don Knoll of Samnorwood was top hoopster with 12 great big points. He sank four field goals and four free tosses. Joe Thompson and Thurman Taylor were next with 7 each. Thompson got a field goal and five free markers and Taylor got three field goals and one charity toss.

There couldn't be said to be an individual standout on the entire team. All the boys played an important part in the victory, including George Cunningham, Marlon Sheffield, Jerry Martindale, Franklin Knoll, Billy Oldham, Wayne Johnson and Ray Newkirk.

Orcutt of Estelline was high scorer for his team with eight points. Adam was next with four points. It is a sure thing that they have played better ball, but it was just an off night.

The officials were Kenneth Laycock and Clarence Morris of Shamrock, and they did a fine job of officiating.

Jonanne Vaughan of Sherman was here visiting her grandparents, Mr. and Mrs. Chester Fires.

HEARTFELT THANKS— Many heart patients can be saved because of Jumbo, who was awarded a silver collar by Dr. Charles Fries, at left, and Dr. Charles Dennis of the State University College of Medicine in Brooklyn, N. Y., for her service in the field of science. Jumbo was one of the first subjects operated on to test the heart-lung machine, seen above, which permits surgery inside the heart.

SAMNORWOOD

By MRS. NATHAN THOMPSON

Rev. Bean filled his regular appointment at the Methodist church Sunday. He and his family had dinner with the Nathan Thompsons.

Mr. and Mrs. Jess Young and family spent the day with his parents, Mr. and Mrs. Bob Young Sunday.

Mrs. Dolly Gardner is here visiting with her daughter, Mrs. Barney Walker. Her health is very much improved. Mrs. Gardner has been with another daughter in Dallas.

Mr. and Mrs. Oscar Wilson and Danny of Modesto, Calif., visited their friends, Mrs. Jenny Montgomery and girls Tuesday and Wednesday.

Mrs. Jim Jones and Carl Mack visited their husband and father, Jim Jones Sunday. Mr. Jones has been confined to the hospital in Oklahoma City the past week.

Mr. and Mrs. Eugene Young and Libbie visited with their parents, Mr. and Mrs. O. B. Bradley and Mr. and Mrs. Robert Young over the week end.

S. W. Norwood, for whom this community is named, is suffering with a kidney ailment. His daughter and son-in-law, Mr. and Mrs. Tom Clay of Shamrock, are here with him.

Jefferson Banks of San Antonio is spending a few days with his mother, Mrs. Banks, and his sister, Mrs. Floyd Thompson.

Mr. and Mrs. Newt Price spent the week end in Amarillo with their son, Harvey, who is ill.

Vernon Fritts is putting in an electric pump on his farm three miles south of Samnorwood.

Mr. and Mrs. T. D. Nored and Mr. and Mrs. D. E. Nored and children visited in San Antonio last week with Captain and Mrs. Garland H. Midgett and Garland. Mrs. Midgett is the daughter of Mr. and Mrs. Nored.

Mr. and Mrs. T. B. Wilkins and sons, Tom and Pat, have recently returned from a vacation in Lake Charles, Louisiana, where they visited their son and family, Mr. and Mrs. Glen M. Wilkins and family. They also visited in Port Arthur, Orange and Beaumont.

Stop Taking Harsh Drugs for Constipation

End Chronic Dosing! Regain Normal Regularity This All-Vegetable Way!

Taking harsh drugs for constipation can punish you brutally! Their cramps and griping disrupt normal bowel action, make you feel in need of repeated dosing.

When you occasionally feel constipated, get *gentle* but *sure* relief. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. It's *all-vegetable*. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, oldest and one of the finest *natural* laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, acts mildly, brings thorough relief *comfortably*. Helps you get regular, ends chronic dosing. Even relieves stomach sourness that constipation often brings.

Try the new 25¢ size Dr. Caldwell's. Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

West of Farmers Co-op Gin Wellington, Texas

New Books for Serious Reader In Library

A group of new books to entertain the more serious reader have been received in the county library, Miss Katherine Boverie librarian, has announced. These include:

"Winchester, the Gun That Won the West," by Harold F. Williamson. This book, containing many fine illustrations, traces the development of guns and ammunition, from the kind that kill buffaloes to the kind that shoot little holes in paper targets. It is a book that will appeal to men who have or would like to have guns as a hobby as well as to hunters.

"Mid Century Journey," William L. Shirer, is a reappraisal of the European scene. Mr. Shirer, author of "Berlin Dairy," calls on his knowledge of Europe over 25 years to give background to his latest trip through centuries of that continent.

"Katy Railroad and the Last Frontier," V. V. Masterson, is a story of the railroad moving west along with and often ahead of the settlers. Any reader who likes this phase of the development of the United States will get hours of pleasure from the book. Near the end, when the Katy had about reached its maturity, is this sentence about Wellington: "Because of State rulings regarding railroads, they had to organize still another company, the Wichita Falls and Wellington Railway Company of Texas, in order to build a 57 mile branch west from Altus, Oklahoma, to Wellington, Texas.

"The River Garden of Pure Repose," Grace M. Boynton is, according to the jacket information, "A story of a modern woman of courage, alone and ill in a foreign land, who still had the inner strength to bring the healing quality of her spirit to others.

"Traitor's Moon," Robert Neill, is another historical romance. It has its setting in the reign of Charles II of England, when the hatred of Protestants and Catholics each for the other reached a degree which the modern American cannot understand.

A new copy of the Revised Standard Version of the Bible is also in the library, Miss Boverie said.

Two volumes to tickle the funny bone were included in the latest shipment of books — "I Go Pogo" by Walt Kelly and "'Dennis the Menace," by Hank Ketcham. Neither needs any introduction to anyone who reads a comic strip.

In addition to these, a number of volumes of light romances and westerns, both types in heavy demand, have been received.

Miss Mona Jean Tarter and Miss Mary Carolyn Whitson returned to their work at Abilene Christian College Monday, with the latter's father, Stanley Whitson of Aberdeen taking them.

Mrs. J. M. Wattam and Mrs. W. A. Morrow of Wellington and Mr. and Mrs. Heckathorn of Childress spent the week end in Morton with their sister, Mrs. W. H. Motes and family.

DIXIELAND SNOWMAN—"Delighted to know you suh!" greets Atlanta railroad man J. R. Hanie as he welcomes Smoky Snowball to the Sunny South. Made from snow piled high on freight cars from up north, the snowman was outfitted with pipe and cap by trainmen at the Inman Railroad yards in Atlanta, Ga.

Salt Fork Soil Conservation Dist.

Fred Squyres
Work Unit Conservationist

Soil Conservation Service production on the nation's farm and ranch land was greater in the fiscal year ending last June 30 than in any previous year in the history of this Department of Agriculture agency. The all-around increase was 7 per cent, information received recently by Fred Squyres, work unit conservationist of the local office, revealed.

The Western Gulf Region comprising Arkansas, Louisiana, Oklahoma and Texas set the pace for the nation. The overall increase in these four states was 51 per cent, it is shown in a report from Louis P. Merrill, regional director of the Soil Conservation Service.

Arkansas chalked up an increase of 36 per cent, Louisiana 21 per cent, Oklahoma 56 per cent and Texas 64 per cent.

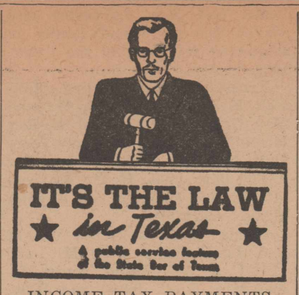

The Western Gulf Region also led the nation in the number of conservation plans of maintenance. By last June 30 the 37,593 plans on maintenance in the region covered 10,155,658 acres on which all needed conservation practices had been applied. This region was also out in front nationally with the acreage of farm and ranch land under conservation agreement — 100,966,528 acres for the four states.

The new records were attributed in part to the organization of additional soil conservation districts, a large increase in the number of farmers and ranchers taking part in the conservation program, the coordination of SCS and Production and Marketing Administration conservation activities, and the SCS policy, adopted two years ago, that enables farmers and ranchers to begin their conservation work without waiting for the preparation of their entire program.

In the 1952 fiscal year the number of conservation agreements signed in the Western Gulf Region was 71,721, a 187 per cent increase over the previous year's total. The area covered by the agreements was 29,311,634 acres, a 185 per cent gain.

On the national scene, one out of every five farmers and ranchers is developing or carrying out a soil conservation plan as a cooperator with his soil conservation district. There are nearly 2,500 of these locally-managed districts and they cover 84 per cent of the nation's farm and ranch land.

Mrs. Phebia Bowen spent Christmas in Pampa with her daughter and family, Mr. and Mrs. John Hall.

INCOME TAX PAYMENTS DUE THIS MONTH FOR MANY

Some Texans who settle back comfortably and wait for March 15th to roll around before doing anything about their Federal income tax may be in for a rude surprise, lawyers say. For, although the instructions and forms recently mailed to each taxpayer do not mention the fact, for practical purposes January 15th, rather than the March deadline, is the last day of grace for many individuals.

This is due to the Federal laws requiring certain persons to file Declarations of Estimated Income Tax — or the pay-as-you-go plan. Under those laws several million people are required each year to estimate their total annual income in advance, making quarterly tax payments based upon such estimates. The final quarterly payment for 1952 is due on or before January 15th, 1953.

A declaration must be filed by every citizen or resident who receives annual wages (subject to withholding) in excess of $4500, plus $600 for each exemption claimed.

For example, a single person with no dependents who received wages in excess of $5100 is required to file a declaration. If he has one additional exemption, he need not file unless his wages exceed $5700 during 1952. This latter figure would also apply to a married couple without dependents filing a joint return.

In other words, the amount goes up $600 for each exemption the taxpayer is entitled to claim, including any exemptions for age or blindness.

A Declaration of Estimated Income Tax must also be filed by any person with annual income from sources other than wages (subject to withholding) in excess of $100. Of course, individuals whose incomes did not exceed $600 during 1952 need not file, even though no tax has been withheld.

Those falling into the required category who have failed to file declarations at quarterly intervals during 1952 may make amends by filing either a final declaration or an income tax return by January 15th. At the same time they should pay any balance of tax owed the government on their entire 1952 income.

Now, if paying the entire balance of your tax prior to January 15th is going to be a difficult matter, due to a quirk in the tax laws you may be able to avoid penalties by paying at least 80 per cent of your total tax at that time and the remaining balance by March 15th. This would involve filing both a declaration (by January 15) and a tax return (by March 15).

The first quarterly declaration on 1953 income is due on or before March 15th.

Mr. and Mrs. W. R. Phillips had as their guest last week end Willie Drake and family of Plainview, Gladis Edwards and family of Lubbock and Grady Phillips and family of Pampa.

Donald Joe Terry, son of Mr. and Mrs. Joe Terry, has returned to Texas Tech following the Christmas holidays here.

Now TRY THIS For CHILD'S COUGH

For coughs and acute bronchitis due to colds you can now get Creomulsion specially prepared for Children in a new pink and blue package and be sure:
(1) Your child will like it.
(2) It contains only safe, proven ingredients.
(3) It contains no narcotics to disturb nature's processes.
(4) It will aid nature to soothe and heal raw, tender, inflamed throat and bronchial membranes, thus relieving the cough and promoting rest and sleep. Ask for Creomulsion for Children in the pink and blue package.

CREOMULSION FOR CHILDREN

WARNING MR. STOCKMAN

During drouth animals had little chance to build reserves of Vitamin A for carrying them through winter. Large number of aborted still born, or weak and deformed calves dropped last spring was a direct result of lack of green feed a source of Vitamin A.

Late winter is the big danger period. Cattle and unborn calves too valuable to risk loss. Stronger prices for stockers and feeders and common grade fed cattle by spring. Bidding will be strong for cattle next spring to re-stock drouth areas and improved pastures. Feed highly fortified Vitamin A cattle cubes for best results.

There is no better cattle cube made than our 19% and 22% highly fortified Vita-Way range cattle feed cubes. They get results.

We offer, subject to our confirmation: Delivered not over 160 miles following:

$3.00 Ton less F.O.B. plant	Prices
22% Vita-Way fortified range cattle feed cubes	$95.00 Ton
19% Vita-Way fortified range cattle feed cubes	$90.00 Ton
20% Cattle cubes (Vitamin A added)	$85.00 Ton
14% Cattle cubes (Vitamin A added)	$80.00 Ton
20% Protein-Mineral-Vitamin Mix	$85.00 Ton
10% Protein Alfalfa & Molasses	$68.00 Ton
6% Protein (or better) good Hegari and Molasses	$58.00 Ton
Ground Oats	$80.00 Ton
Ground Maize	$74.00 Ton

Alfalfa Hay—Hegari Bundlles—Baled Hegari

CHRYSLER'S *New Yorker* DE LUXE

IT IS MORE CAR THAN YOU BELIEVED COULD EXIST...

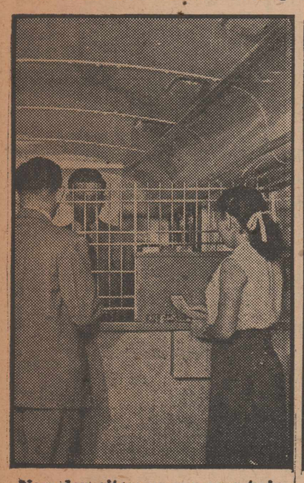

If you're buying a car in the better ranges, there's a special reason this year to drive a Chrysler New Yorker before you decide. In this car are values you won't find elsewhere at any price today. Its great engine is not just surpassingly powerful, but *new* in performance and ruggedness. Its Power Brakes, *full-time* Power Steering and Oriflow ride give you not just better control . . . but a *new kind* of control, a *new sense* of safety. Its beauty is splendidly its own . . . splendidly right. Interiors are exquisite beyond compare — with fabrics and appointments that are the final word in luxury. Except for Chrysler's own Imperial, here is a car which is unequalled, and is unlikely to be equalled *for years to come*. Your Chrysler dealer cordially invites you to drive it at *your* convenience.

'Banco Popular' Rolls Across Puerto Rico

Seen above is the interior of a mobile banking unit serving the island of Puerto Rico with all the facilities of a big-city bank. A guard at the door welcomes and advises customers, a stenographer types records and an executive makes a phone call on the van's portable phone. Seated at right is an attractive islander waiting to open a savings account. The bus-bank is the first of a fleet of 20.

New depositors open accounts in the mobile branch of "Banco Popular." The diesel-powered bank stops in many small towns.

Business finished, the van moves to the next town. Rolling over Puerto Rico's highways, the motorized "Banco Popular" reaches many of the island's towns which have no other contact with banks. With a bank, many rural islanders now have savings accounts.

Quails, Bobwhites Swamp Carey 72-28 and 76-34

Which way did they go?

That is the question that the Carey basketball teams asked last Friday night after they had played the Quails and Bobwhites at Quail. The Bobwhites took the first game of the double-header with a resounding 72 to 28 win. Then the Quails took to the floor and trounced the Carey boys 76 to 34. Jo Helen White and Gaylon Tow paced their respective teams to victory.

Coach Bill Phillips of Quail praised the defense of the Quails and the Bobwhites for their twin-victories. He didn't sight any individual as a star on the defensive play. Each one was a star in their own right.

High-scorer for the Bobwhites was Jo Helen White with 23 great big points. Erma Farris was in the number two slot with 18 points. Fern Neeley was third best with 15 points. Ellen Wormsby was high-point maker for Carey with 17 points to her credit.

Top hoopster for the Quails was Gaylon Tow. Gaylon made 20 points. He was trailed closely by Wallace Blasingame with 18. Jasper Peeples came in third with 15 points. Alvin Homer was fourth with 12. Glen Smith of Carey made the most points for his team. He posted a total of 14 for an evening's work.

Mr. and Mrs. Jimmy Richards of Albuquerque, New Mexico, visited during the holidays with Mrs. Richards' mother, Mrs. Frank Moore.

SALT FORK

By MRS. R. H. ISBELL

If New Years Day was a sample of our weather for 1953 — we're in for some mighty dusty weather.

Freddie Peters has been visiting in the Richard Peters home lately. He attended Sunday school here Sunday.

We were all so shocked and saddened at the passing of Mr. Carter. We want to express our sympathy to the family especially Mrs. Kay Feemester our neighbor.

Mrs. Bill Clifton has been over to Roaring Springs to help care for Mrs. May Gillespie. We're sorry Mrs. Gillespie isn't any better. She has been critically sick for several weeks.

Mr. and Mrs. C. A. Wright and family, Mr. and Mrs. C. D. Messer and girls visited in the Gollihugh home awhile Saturday night.

Mrs. J. P. Cummings honored her husband and her son-in-law, Horace Hallmark, with a singing and 42 party Saturday night. A large crowd attended. Some sang others played 42, while others just visited. Several brought gifts as it was Mr. Cummings' and Mr. Hallmark's birthday. Refreshments of cake and coffee were served.

J. W. Gollihugh started the New Year off badly by having car trouble. Besides the expense of an over haul job. They were out of a way to go anywhere over the week end.

Visitors in Mrs. Bill Clifton home between Christmas and New Years were Mr. and Mrs. Kemzie Hiett and Cherry, Mrs. G. C. Wright. Mr. and Mrs. Herbert Cockrell of Lubbock, Mr. and Mrs. Buck Lancaster, Gene, Nelda and Stanley of Lockney and Mr. and Mrs. R. H. Isbell.

Mr. and Mrs. Lancaster also visited her uncle and family in Shamrock on Tuesday the Crawfords.

Ernest Maxwell, Henry Maxwell, Mrs. Edna Maxwell, Mr. and Mrs. C. A. Wright visited the Ray Maxwell in Amarillo New Years Day. Mrs. Maxwell remained for a few days visit. Henry Maxwell left for his home in Los Angeles Friday morning.

Sunday visitors in the Wright and Isbell home were Mr. and Mrs. C. A. Wright and family. Mr. and Mrs. G. C. Isbell and Billy, Mr. and Mrs. U. S. Bolton and family. The Bolton family drove up to Wheeler late Sunday afternoon for a few hours visit with his sister, Mrs. Gracie Mise and family.

Mr. and Mrs. Richard Peters and children visited relatives near Wellington Sunday afternoon.

We're sorry that mother Ogletree is very low. She has been sick a long time.

Bessie Cleveland, our pastor's daughter, has a very sore foot. We surely hope it soon gets better.

Pvt. James Eldon Lockhart, who is stationed at Ft. Bliss, Texas, visited over the week end with his wife, Mrs. Estelle Lockhart, and his parents, Mr. and Mrs. Edgar Lockhart.

Dr. and Mrs. J. B. Hollis of Mangum, Oklahoma, and Major and Mrs. J. B. Hollis, Jr. and Sharon of South Bend, Indiana, visited in the home of Mr. and Mrs. F. A. Pope and girls and L. A. Hunt Thursday evening.

Mr. and Mrs. Buck Frisbie and Cindy of Memphis visited with friends in Wellington recently.

Mrs. Frank Moore has recently returned from a visit in Vernon and Quanah with her sisters.

Mrs. Mildred Starr and daughters, Patricia and Mary John, of Amarillo visited in the home of Mr. and Mrs. G. N. Scruggs and Mr. and Mrs. John Holton and Mr. and Mrs. Lowell Wells recently.
