Security State Bank Robber Caught

Havoc At Crash Scene

Burning wreckage and general destruction are shown in this scene after a twin-jet AD3 attack bomber crashed into a power pole and several buildings at the U.S. Naval Air Facility near El Centro, Calif. (AP WIREPHOTO)

Nine Dead, 35 Hurt In Bomber Smashup

EL CENTRO, Calif. (AP) — A jet bomber skimmed low over a crowded reviewing stand— and then faltered, hit a power pole, and smashed in flaming pieces across the center of a Navy base, killing nine men.

Among those who died were the three crewmen of the A3D twin-jet bomber.

The other six victims were men in buildings near the runway of the El Centro Naval Air Facility, where the plane crashed Tuesday during a parachuting demonstration.

35 HURT

Thirty-five persons were injured, six critically.

The 70,000-pound jet came apart in the air after one wing snagged the power line. The shower of blazing wreckage scattered 400 yards across buildings and parking lots, setting two major fires, smashing buildings, setting autos afire.

Women and children — servicemen's dependents — were among the victims.

"Women were running across the street through the burning heat with their hair on fire," said a witness. "Their children were screaming."

The crowded main exchange — comprising a drugstore, supermarket and snack bar — was hit by the plunging fuselage.

FIERY WRECKAGE

A wing smashed into the station's administration building.

A mass of flaming wreckage plunged into the post theater and killed James Wall, 27, of Long Beach, a quartermaster, as he was testing a film which was to have been shown Tuesday night.

A sailor painting chairs in a service building hit by the plane was bounced off the ceiling, then flung out through a hole in a wall. The building burst into flames. He ran to aid his friends, trapped inside, and was hurled back by a blast and injured.

Blazing jet fuel showered much of the quarter-mile of impact area.

SMASHES CHAPEL

One engine smashed all the way through the chapel — which was empty — burst out the other side and smashed cars in a parking lot beyond.

Black columns of smoke rose high in the air over the base as the parachuting demonstration — a ceremony marking the 25,000th parachute jump made at the base, a major parachute testing and development facility — came to an end.

French Regime Defeats Censure

PARIS (AP) — The government of Premier Georges Pompidou early today survived a Socialist attempt to censure its agricultural policies. The motion got only 209 of the necessary 242 votes.

LBJ Kidnaped Party --- Barry

CEDAR RAPIDS, Iowa (AP) — Sen. Barry Goldwater said today President Johnson "kidnaped the Democratic party" for eventual delivery to Socialists when he chose Sen. Hubert H. Humphrey as his running mate.

The Republican nominee for the White House hammered away at his charge that Johnson is hungry for power, and accused the President of trying to frighten people into voting for him.

"I charge," the Arizona senator said, "that the Johnson machine is driven by lust for power, by fear of the exposure of wrongdoing in high places, by fear of punishment and by hope of special privilege."

Goldwater alternated between defense and attack in a speech prepared for a rally at Cedar Rapids, Iowa. It kicks off a day of Midwestern vote-hunting that will take him also to Oshkosh, Wis., and East St. Louis, Ill.

Johnson, he said, "has failed to arouse real grass roots support for his candidacy."

Goldwater declared Republicans have that kind support, and said the backing of small newspapers and of "close to one million" small contributors demonstrate it.

Big Increase

Ross Callihan (left), representing the Communications Workers local, and R. L. Smith, representing management, turned in $1,963 to the United Fund effort Tuesday for the employes at Southwestern Bell Telephone Co. This represented an increase of almost $300 over the gifts of last year.

UF Campaign Edging Ahead

Trustees urged workers to turn on the steam in the annual United Fund campaign Tuesday, following a report meeting in which the total collected so far stood at $71,922.55. This represents 65.7 per cent of the $109,366 goal.

The Big Gifts Division continues to lead the various sections with 83 per cent of its goal and $33,335. Special Gifts Division has $6,778 in hand for 68 per cent. Next in line is the Out-of-Town Division with $4,470 for 60 per cent.

The Employe Division made a big jump since the last report, to $15,287 and 56.6 per cent of the goal. The Metropolitan Division has $2,248 and 45 per cent, while the Public Employes Division has $9,647 and 44 per cent.

The Webb AFB section of the Public Employes Division has accounted for $7,645, and other sections brought in the balance. The Area Division held steady with $155, almost eight per cent of its goal.

Howard County has 13 local welfare and youth guidance agencies depending on this annual effort to meet financial obligations for the forthcoming year.

Police Recover All Of $4,960

A slightly-built Puerto Rican, Herginio Soto, who says he is 35 years old, held up the Security State Bank and walked away with $4,960 in cash at 11:30 a.m. today. Fifteen minutes later, he was in custody, and the money recovered.

One hour later, Gil Jones, district attorney, had filed a charge of robbery by assault against the man and asked Jess Slaughter, justice of the peace, to refuse bond.

The holdup man was packing a small foreign made .22 calibre revolver and a box of cartridges when apprehended. He did not display the gun during the holdup but a note he handed to a teller informed her that he was armed with a "silent gun," and that her life was in danger.

He had driven to the bank in a cab which he had boarded at the bus station. During the holdup, he told the cab driver to wait outside. The cabbie, unaware of his fare's activities, was then told to drive north on US 87. At first he told the driver, W. A. Dear, to take him to the bus station, but then he changed his order.

"Drive me to the State Hospital," he said.

Dear set out on his run.

REPORTED

The robbery was quickly reported. A. G. Mitchell, deputy sheriff, was only a block or two from the bank when he heard the first radio call about it. He raced to the bank. One of the two customers who had been in the lobby at the time of the crime told Mitchell that the man had left by cab. Mitchell reported this to police.

Three officers converged on the cab as it came to a halt at the state hospital near the Administration Building. Harry Hubbard, an agent with the Liquor Control Board office here, was the first man to reach the cab. He told Soto to get out and the man quietly obeyed.

Stewart Dickson, a city patrolman, and Arvin Henry, highway patrol, ran to join Hubbard.

"He didn't give us any trouble," said Hubbard.

Wayne Tollett, city detective, searched the suspect and found the battered pistol in his inside coat pocket. A box of shells was there with it.

MONEY

The $4,960 was recovered, just as it had been handed to Soto by the teller.

Soto is a resident of Santurche, Puerto Rico, he told officers. He is said to be in Big Spring visiting relatives. It is reported that he is a musician and claims he has been employed by bands on the Florida coast.

Jones said that he was notifying the FBI of the holdup. The robbery of a bank insured by the Federal Deposit Insurance Corporation is a violation of federal laws.

Dear, driver of the Yellow Cab involved, said he picked the man up at the Greyhound bus station at 11:17 a.m.

"He said he wanted to go to 1411 Gregg," Dear said. Dear said he drove up to the address, the Security State Bank, and turned into the south parking area.

"He told me, 'would you mind waiting on me just a moment,' and went into the bank. He came right back and first told me to take him back to the bus station, then said take me out to the State Hospital."

"He wasn't in any hurry and didn't act 'shook up' at all," Dear said.

Police Dispatcher D. W. Day said when the report came that the bank robber was in a Yellow Cab, he called the cab company to obtain its location. The company radioed to the driver and asked what his destination was.

Dear said his passenger apparently never was suspicious why the company was asking

(See ROBBERY, Page 8, Col. 3)

Last Bank Robbery Here Was In 1947

The last Big Spring bank robbery prior to this morning occurred Dec. 5, 1947, and ended in failure for the robber, too.

On that occasion, 29-year-old William Larry Martin walked into the State National Bank and flashed a pistol on the late T. S. Currie Jr., demanding that Currie "hand over his big bills."

Currie scooped up $2,149 for his caller and Martin departed the bank in a taxicab being driven by W. E. (Shorty) Davis, who was not aware that a bank heist was taking place.

Martin was destined to enjoy his loot only about 30 minutes. He ordered Davis to drive out in the direction of Moss Creek Lake, then told him to head back for Big Spring.

A cordon of heavily armed police, headed by Capt. R. L. Thompson, stopped the cab on the old Lover's Lane and approached the bandit and his hapless victim.

Before the police could reach the car, Martin put his pistol to his head and pulled the trigger but the gun wouldn't explode. He surrendered meekly and all the money was recovered.

Martin went to trial in federal court before Judge T. Whitfield Davidson May 18, 1948, and sought to escape punishment on a plea of insanity, but failed. A jury that was out only 30 minutes found him guilty and Judge Davidson sentenced the accused to 15 years confinement in a federal correctional institution.

Court Rules Probe Jailing Lawyer Void

AUSTIN (AP)—The Texas Court of Criminal Appeals ordered Pasadena attorney J. A. Smith discharged today, ruling Smith's constitutional rights were violated in a court of inquiry into Pasadena city affairs.

The court did not declare unconstitutional the state law providing for the calling of court of inquiry — a procedure that was planned to investigate the Texas angles of President Kennedy's assassination, but canceled before such a court hearing was held.

However, Judge W. T. McDonald said in the court's opinion, "We do feel the procedure used in conducting the inquiry was unconstitutional."

The court's ruling was on an appeal by Smith, jailed for refusing to testify June 2 at a court of inquiry into financial affairs of Pasadena, near Houston.

OVER 3½% INTEREST

School Trustees Sell First Issue Of Bonds

The First National Bank of Dallas was the successful bidder on the first installment of Big Spring Independent School District building bonds Tuesday night, with an effective interest rate of 3.5107667 per cent for the $2 million issue. The second place bid of 3.5388 per cent was submitted by Republic National Bank of Dallas. Nine bids were submitted for the bonds which will carry an issue date of Nov. 15, 1965.

The school board, by unanimous decision, authorized the issuance of the bonds for the first installment of the projected $5½ million Master Plan school building, remodeling and addition program. Bonds, each for $500, will be numbered consecutively from one to 400.

Sale to the First National Bank of Dallas and associates will depend upon action of the Texas State Board of Education which has the right to purchase or waive purchase. Carter, Johnson, representing Rauscher, Pierce & Co., bond fiscal agent, said word would possibly be received from the state board within 72 hours from Wednesday morning.

The second installment of $1½ million to cover the first part of the building program, additions and remodeling of the high school at an estimated cost of $3½ million, will be sold early in 1965 before construction bids are called.

Other bids submitted, with the effective interest rates, were: Republic National Bank of Dallas 3.5388 per cent; Morgan Guaranty of New York, 3.5568; Underwood Newhouse, Houston, 3.55691; Continental Illinois Bank & Trust Co. of Chicago, 3.56331; First Southwest Co. of Dallas, 3.57199; Valley National Bank of Arizona, 3.58336, and Merrill, Lynch, Pierce, Fenner & Smith, Dallas, 3.6028.

The net interest cost listed by the successful bidder was $1,437,659, after deduction of a premium of $686.

IMPORTANT NOTICE TO CITY SUBSCRIBERS

Effective Sunday, November 1, The Herald will handle subscriptions delivered to homes in Big Spring on a monthly, rather than a weekly basis.

The rate will be $1.75 per month for 12 months instead of 40¢ per week for 52 weeks, so that the rate is virtually the same.

The change is being made principally for the convenience of customers and the newsboys. You will be asked to pay on the monthly basis, then will not be called upon every week, as has been the case in the past.

The new procedure is designed to help both you, the reader and the boys who serve your route. Your cooperation will be appreciated.

City Commissioners Award Contract For Trunk Line

The city commission Tuesday night awarded a contract for construction of the Beals Branch sewer line to Great Plains Construction Co., Inc., of Lubbock, for $345,507.

The commission also authorized re-advertising for bids for installation of lift stations with a deadline of Nov. 24 set to receive the bids.

After hearing recommendations from Ross Jacobs, of Forrest and Cotton, Dallas engineering firm which designed the line, the commission also okayed Davco Corporation as acceptable bidder on the lift station equipment. The corporation is to be notified to begin assembling the lift station equipment and the contractor selected for the installation will contract with Davco on the actual purchase of equipment. The bid from the Davco Corporation was $21,733 for the first lift station and $16,215 for the second.

Actual construction on the Beals Branch line can now begin whenever the contractor is ready, Public Works Director Ernest Lillard pointed out. Lillard said a work order would probably be issued on the project in about 15-20 days.

The line is slated to be completed in about a year, with 300 calendar days specified.

Jacobs reported to the commissioners on the adequacy of the Great Plains Construction firm to handle the project, recommending approval of the bid, and on the lift station equipment. Jacobs said equipment from the company had been installed in other projects designed by his firm and had functioned properly.

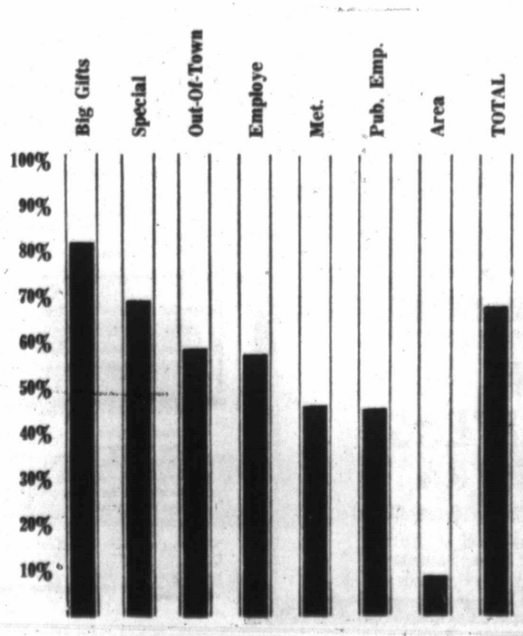

The Beals Branch line is part of the Master Plan program of the city, with some $370,000 in bond funds set aside for the line. In addition to the $345,000 for the primary construction work, the project is expected to cost about $75,000 for total cost of the lift stations and an additional $30,000 on all engineering, putting the total cost about $80,000 above the original estimates of the project cost. Commissioners agreed that the additional money would be taken from some $80,000 left over from the federal grant which was used on the sewage treatment plant construction.

The commission also authorized condemnation action concerning several pieces of property between Birdwell Lane and State Street, adjacent to the south right-of-way line of the Texas & Pacific Railway Co. The action involves 20-foot strips to serve as sewer easements for the Beals Branch line. Included are areas 292, 212 and 1,177 feet in length.

The commissioners approved the authorization after hearing a report from City Attorney John Burgess on requests by the city to purchase the sewer easements.

In another item concerning the Beals Branch line, the commission approved a sewer easement with the Texas & Pacific Railway Co. for property near Second and San Antonio Streets.

UF PROGRESS CHART

Absentee Vote Tops 500

The 500th absentee ballot for the Nov. 4 election was cast at the office of Pauline Petty, county clerk, at 9 a.m. today. At that time there were half a dozen other voters waiting to be provided with ballots and a stack of mail applications on hand to be processed.

Deadline for absentee voting in the Nov. 4 election is 5 p.m. Friday. Mailed ballots which are postmarked not later than midnight Nov. 2 will be accepted and deposited in the special canvass board box.

As of close of business Tuesday afternoon, 209 ballots had been received by mail and 289 individuals had voted at the office of the clerk.

The election opens at 8 a.m. Nov. 3, and will close at 7 p.m. Voters in the election will ballot at the 16 regular boxes in the county. Mrs. Petty said that 12,000 ballots have been prepared for the election.

She also pointed out that the election boxes are now ready for the presiding judges to pick up. She suggested the judges of the 16 boxes come to her office at their convenience before Tuesday and get boxes and supplies.

It has been suggested, however, that Friday would not be a good day to pick up the boxes. The office, it is expected, will be overrun with last minute absentee voters that day.

Rosy Outlook For Business Now Prevails

NEW YORK (AP) — Recovery of such once-ailing industries as the railroads and airlines has done much of late to boost confidence throughout the business world.

Also notably healthy in comparison with previous profit-loss statements are the textile, paper and farm implement makers. Chemicals, too, are marching ahead now after a period of marking time.

Each industry has its own set of circumstances to thank now — or to blame awhile back. All have also been helped to higher gross earnings by the general upswing in business.

TAX CUT

The federal cut in corporate income tax rates, along with more favorable rules for figuring depreciation, has raised net incomes for many.

Rails are particularly bright just now in comparison with last year's financial statements. They have been helped by various cost trimming measures, including labor rulings by regulatory bodies. They are buoyed by mergers taking form or proposed, that should cut costs even more.

INCOME UP

Increased net income in the third quarter is reported by New York Central, Baltimore & Ohio, Norfolk & Western, Wabash, Western Pacific, and the Milwaukee, among others.

Divided Opinion

Although the national political outlook story below today pinpoints the Ohio prospects this photo from California is not so far amiss. Opinions are widely at variance in the L. B. Nixon family of Riverside, with the father and daughters shown here. He's for Goldwater; and the young girls, well, you-know-who. At right is part of Mrs. Nixon's sign. Yes, she's for Johnson. (AP WIREPHOTO

Demos Lead; Parties Cautious Over Ohio

COLUMBUS, Ohio (AP) — Although most political polls have made President Johnson the favorite to capture Ohio's 26 electoral votes, Republicans and Democrats are both playing it cautiously.

They remember 1960, when most pollsters and many newsmen predicted a Democratic victory because of the enthusiastic welcome given the late John F. Kennedy on his six campaign trips through the Buckeye State.

When the vote-counting started, Ohio produced one of election night's major surprises by giving Kennedy's Republican opponent, Richard M. Nixon, 53.3 per cent of the vote.

DEMOS FAVORED

Again this year, the Democrats — who have not captured Ohio since 1948—are favored.

An extensive poll by the Akron Beacon Journal sees President Johnson taking 54 per cent of what may be a record total of 4,225,000 Ohio votes. The Plain Dealer in Cleveland said in a copyright story Sunday that its poll indicates Johnson will capture about 60 per cent of the state's vote.

President Johnson's supporters, from State Chairman William L. Coleman on down, are saying: "Let's not get overconfident."

Republican State Chairman Ray Bliss has indicated he is not sure who will carry Ohio.

NIXON TOUR

Bliss, known as one who doesn't go all out at the last moment unless he thinks he has a chance to win, has brought the GOP's heavy artillery of late, including Goldwater, GOP vice presidential nominee William E. Miller, former President Dwight D. Eisenhower and Nixon.

Late advertising and a whistle-stop tour through the state by Nixon were credited with a large share of the 1960 Republican victory in Ohio.

The Democrats have courted Ohio assiduously. Johnson and his running mate, Sen. Hubert H. Humphrey, have made repeated trips to Ohio.

Among state candidates, both Republican senatorial candidate Robert Taft Jr., son of the late "Mr. Republican" Robert A. Taft, and incumbent Democratic Sen. Stephen M. Young are supporting their national tickets.

Young has identified himself closely with the Kennedy and Johnson administrations, and most observers think that only a large Johnson victory in the state can pull him through to victory.

WHOLE TICKET

Taft is reported to have urged Goldwater privately to concentrate more on specifics. But he emphasized again the other day: "I'm for the whole Republican ticket from Barry Goldwater on down."

Organized labor is solidly behind Johnson.

Goldwater has been trying to woo the labor vote.

About 8 per cent of Ohio's 10.3 million population are Negroes. Republican Negro leaders say they fear a possible boycott or switch by some of the 60,000 registered Negro Republicans.

Warmth, Not A Shotgun, Greets Card Star's Family

ALAMO, Calif. (AP) — Negro baseball star Curt Flood and his family settled into their leased $35,000 house today after a warm greeting from their white neighbors instead of the loaded shotgun they had been warned to expect.

The St. Louis Cardinals center fielder was all smiles. His pregnant wife wept for joy.

"We think it's so fine you are here," said Mrs. Joseph Cone of Alamo, located 15 miles east of Oakland, Calif., as the Floods moved in Tuesday with the aid of a court order. "Especially since you have four children. We live just around the corner."

"KIDS THRILLED"

"I don't see anything wrong with them," said Mrs. Dan Sweeney. "My kids are thrilled. They hope he'll teach them to play baseball better."

The welcomes and a waiting, fully prepared meal reduced Flood's wife, Beverly, 25, to tears.

"I'm all choked up. We wanted a country atmosphere, a place where our kids could expand. When we saw this house, we knew it was what we wanted," Mrs. Flood said.

Flood is a native of the area and was graduated from Oakland Technical School. His wife is from St. Louis.

Moving day for the Floods included assistance from a locksmith and the sheriff of Contra Costa County.

SEARCH HOUSE

The sheriff and 11 deputies searched the home, presumably to see if it was safe, before Flood and his wife moved in. The locksmith opened the locked house by drilling a hole in a back door, then changed all the locks for the Floods.

The Floods planned to stay with their children, Debbie, 7; Gary, 6; Curtis Jr., 4, and Shelley, 3, in an Oakland motel until their furniture arrives and utilities are turned on.

Flood, 26, obtained a temporary court restraining order Monday to be able to occupy the three-bedroom ranch-style house at Alamo, a quiet suburb of 1,791 persons.

The Floods' attorney said in a suit that George Finn and an unnamed man had brandished shotguns at the home Saturday night and told Phyllis Schofield, a real estate agent, that they would shoot any Negroes who tried to move into the neighborhood.

'Delicate Topics' Talks Given Vatican Secrecy

VATICAN CITY (AP)—Presiding officers at the Vatican Ecumenical Council today ordered full secrecy for the Roman Catholic assembly's debate of "the more delicate" modern world problems, presumably including birth control.

Before reaching the heart of debate on current world problems, the council first honored the late Pope John XXIII, who called the council to attune Roman Catholicism with modern times.

A dozen priests who are parish pastors joined in celebrating a special Mass in St. Peter's Basilica in memory of Pope John's election to the papacy six years ago today.

Much of the material in the general chapter urges Roman Catholics to fit into the world without losing sight of life after death, and to work with all men for earthly justice.

The specific issues in the central chapter include human dignity, marriage and family planning, cultural values, nuclear disarmament, world peace and support of international organizations of nations.

DEAR ABBY

She Swung And Missed

DEAR ABBY: I have been dating a golf pro for the past six months and he has been giving me golf lessons free of charge. On our third date he asked me to marry him, but said that due to some financial reasons he would have to postpone marrying me for about a year. Hoping to hasten the marriage, I let him have about $500. I just found out that he has been dating another girl and giving her golf lessons for nothing. Now I realize that he was only using me, but I must admit he improved my golf game a lot. I have too much pride to tell our club president, but I would like to get my money back. How?

DUMB BLONDE

DEAR BLONDE: Forget your pride and tell the club president that his golf pro is under par in more ways than one. And don't get so palsy-walsy with professional swingers again unless you can remember to keep your head down and your eye on your purse!

• • •

DEAR ABBY: In your reply to "WORN OUT," the mother of 10 who was expecting her 11th, you say, "If it is not contrary to your religion, call your Planned Parenthood Center."

To my knowledge, the Planned Parenthood program is not contrary to ANY religion. If the woman is a Roman Catholic, her local Planned Parenthood group will give her complete instruction in birth control, as approved by her church.

Sincerely,

MRS. R.F.C.

DEAR MRS. R.F.C.: You are 100 per cent correct, and I thank you for pointing out this important distinction. And while we are on the subject, the subject, the Planned Parenthood organization is dedicated to all phases of family planning. They will also help couples who want children, but appear unable to have them.

• • •

DEAR ABBY: I guess most of all I just want to get this problem off my chest. My darling mother should and would love to own a pretty wedding ring that she can be proud of. My Dad has given her two cheap sets that she wore completely through on the underside. She's now wearing her mother's plain gold band to show she's married. My father is far from rich, but he could well afford to buy mother a nice wedding ring with a few chip diamonds in it. Mother deserves the ring and she wants one, but she doesn't want to ask him for it. Would it be all right for me (her married daughter) to buy her one?

BIG D FAN

DEAR FAN: If you don't know your father well enough to say, "Look, Dad, Mother wants a nice wedding band, so let's shop for one," then you should get better acquainted with your father. A wedding ring is more than a piece of jewelry, and it's a husband's privilege (and no one else's) to provide his wife with one.

Fiery Crash Kills Trucker

BOWIE (AP) — One trucker was burned beyond recognition and two others suffered injuries in a fiery crash involving three vehicles 6 miles south of Bowie on U.S. 287 about 1:20 a.m. today.

Officers said the dead man, driving a grain truck, was believed to have been from Marlow, Okla.

Investigators said this is what happened:

A loaded asphalt tanker driven by Bill Fancer of Wichita Falls sideswiped a grain truck operated by Chester R. Scott of Marlow, Okla. Fancer's vehicle then collided headon with the third truck and caught fire.

Fancer and Scott suffered undetermined injuries. The accident happened at the north edge of the Sunset community.

Sterilization Law Asked In Germany

The bidding:

South	West	North	East
1 NT	Pass	3 NT	Pass
Pass	Pass		

Opening lead: Six of ♠

North was a trifle impulsive in leaping directly to three no trump. Altho 11 high card points are sufficient to warrant a game undertaking when partner opens the bidding with one no trump, a suit contract might provide a safer haven when the responder has an unbalanced hand.

North and South can make five clubs with no difficulty, losing one heart and one diamond. The proper response by North is three clubs, a game force, which affords the partnership a thoro opportunity to probe for the best contract.

West opened the six of spades and declarer was obliged to play dummy's ace. East followed with the seven, assuming that the size of his spot would serve as a come-on to his partner.

South could count five club tricks, two diamonds and one spade—for a total of eight. In order to develop a ninth, he would have to let the opposition in with the ace of hearts. Declarer decided to run the clubs in an attempt to apply pressure against the defenders.

East discarded three hearts while West gave up two hearts and one spade. Declarer led a heart and West was in with the ace. A spade was returned and East cashed the king and queen; however, this was as far as the defense could go, for East was unable to reach his partner to run the remaining spades. South regained the lead and claimed 10 tricks.

East could have defeated the contract by unblocking his spade honors at trick one. If he drops the queen under North's ace, for example, West can put him in with the king subsequently and, when the seven is returned, West is able to regain the lead with the jack of spades and run the suit.

By applying the rule of 11 [subtracting the card that was led from the number 11] it is readily determined that there are five spades outstanding that are higher than the six. East is looking at four of them between his own hand and the dummy. Declarer therefore has only one card that can top the six. It cannot be the jack for, if West had a holding in spades headed by the 10-9-8, he would have opened the 10.

West is, therefore, marked with the jack of spades and East has nothing to lose by unlocking. The gain—in the present instance—is quite apparent.

Agriculture Census Plans Being Mapped

All farmers and ranchers in the county will need this year's business records to help answer questions on a form scheduled for mailing in early November to start the nationwide Census of Agriculture, County Agent Herb Helbig said today.

The Census of Agriculture is taken every five years by the Bureau of the Census, an agency of the U. S. Department of Commerce, in years ending in "4" and "9." It provides information of vital importance about the nation's agricultural resources and production. Such information is needed in making decisions affecting many segments of the U.S. economy. Data gathered include the number and size of farms, number of persons living on farms, acreage and harvest of crops, a livestock and poultry inventory, and information on farm equipment and facilities, and on income and some production expenditures.

The job of taking the farm census will be in three stages, the county agent said. The first stage—organizing a team of local citizens in each county to take the census—is already under way. Crew leaders to supervise the census in each county are being selected and trained. They will have the responsibility of recruiting and training enough enumerators to count the farms (and ranches) in their counties. Each enumerator will visit about 150 farms during three weeks of temporary employment. Raymond Stallings is crew leader for this area.

Shortly after Nov. 1, the Census Bureau will open stage two by mailing out census questionnaires to all rural boxholders in the county, the county agent continued. Farm operators will then have a period of time to consult their records (or best estimates for the year) and answer the questions on the forms.

In the final stage, enumerators will visit each farm in the county to collect the questionnaires, the county agent added. At the time of this visit, the enumerators will help farmers complete answers to any questions the farmers may not have been able to answer. Enumerator visits, which will take about three weeks to complete, will start in Texas on Nov. 9.

Strike At GM Leaves Wounds

NEW YORK (AP)—The newly settled General Motors strike has left scars.

The automobile and allied industries may be quite a while getting rid of them.

The national settlement of the month-long work stoppage was the best possible news for the economy. It meant that business again can go full speed ahead.

However, it is likely to be some time before GM can get back into the full swing of turning out automobiles. Local issues were yet to be settled at some plants, and with those facilities still on strike, production will be delayed.

As for the strike's effects, it was estimated that it meant $7 million a day in lost wages and buying power and cost GM the production of 100,000 cars a week.

This loss of production came just at the time when new models were beginning to go to dealers.

SUPPLIES GO

The dealers saw their supplies of new cars vanish in the face of heavy demand. They felt that many of the lost sales will never be recovered but went to other manufacturers. Ford and Chrysler, which reached agreements with the United Auto Workers Union earlier, kept on producing.

New car sales in mid-October sagged well below a year earlier totaling 164,306 against 211,980, a loss of 23 per cent.

Most of the loss was in GM sales, which fell 51 per cent to 56,106 from 113,488 a year earlier. On the other hand, Chrysler sales gained 23 per cent and, Ford 12 per cent.

LOSE BUSINESS

Suppliers of materials for cars —steel, rubber, glass, etc.—lost business while GM was shut down. They, too, may be slow in regaining it.

The domestic automobile manufacturers' hopes of an 8-million car production year were set back, according to the Value Line Investment Survey, an investment advisory and business research organization.

It estimated that the shutdowns, which closed American Motors briefly in addition to GM, chopped more than 300,000 units out of the record production programs scheduled for the fourth quarter of this year.

Value Line's report estimated that 1965 model production will fall to about 7.25 million units, about 10 per cent below the 1964 total.

Lutherans Up 1965 Budget

COLUMBUS, Ohio (AP)—The American Lutheran Church has approved a $23,750,000 budget for 1965, a 4.1 per cent boost over the 1964 budget.

The action came Tuesday as the church wound up its general convention here by approving an expanded program to start new congregations throughout the United States and by adopting pension plan changes which extend major medical benefits to retired clergy and lay workers, their widows and dependants.

The ALC's Board of Pensions said the new coverage for retirees will be the same as provided for active personnel except that it will have a $500 yearly maximum benefit and a total maximum benefit of $2,500 per person.

Mahon, White Speak At Lamesa

LAMESA (SC) — Texas agriculture commissioner John C. White assailed Sen. Barry Goldwater and the Republican party before about 200 persons at a $2.50 a plate fund-raising dinner here Monday night.

A surprise visitor to the fete, sponsored by the Young Democratic Club of Dawson County, was Congressman George Mahon, who shared the spotlight with the 39-year-old state official.

White predicted "the greatest Democratic turnout in 20 years and the biggest landslide for Lyndon Johnson since Roosevelt took Landon out of the political arena."

"Goldwater would picture us as a nation afraid of our enemies and dupes of our friends. To the contrary—and Goldwater knows this—we are a nation at the peak of power unequalled in the history of the world. Never has a country so dominated the world and its powerful leadership, both materially and militarily. And never has a country used such good sense and compassion in its role as the world leader of nations," White said.

Mahon, who also stumped here Tuesday morning at a reception held in his honor, spoke briefly, touching on the overthrow of Khrushchev.

"The Communist world is falling apart at the seams," he said. "Khrushchev was deposed simply because he couldn't do the job." Warning that the threat from the Kremlin was not over, he added, "Now they are out to see if they can do what Khrushchev failed to do."

On the campaign, Mahon said it was "going so well from courthouse to White House I think this is going to be the biggest year we've had in some time. People have confidence in the present administration."

About 200 friends and supporters turned out Tuesday morning for the 19th District representative, who was accompanied here by his wife.

Would Sue, Ralph Says

DALLAS (AP) — Sen. Ralph Yarborough said Tuesday that if George Bush ever states Yarborough accepted $50,000 from Billie Sol Estes, he (the senator) will sue his GOP opponent.

Yarborough said Bush talked about the allegation in what he called "innuendoes."

"I challenge him to say it," said Texas' senior senator. "I can assure you I'll file suit against him within 24 hours."

Yarborough contended the overriding issue in the Senate campaign between him and Bush was what he called his opponent's extremism. He said Bush never has repudiated the John Birch Society.

The senator said his opponent cannot disguise "his Goldwater againstism, no matter how much he imposes on Texans' time with his television sweet talk."

FDR Jr. Ruled Liable For Taxes

WASHINGTON (AP) — The U.S. Tax Court has ruled that Undersecretary of Commerce Franklin D. Roosevelt Jr. must pay taxes on the $18,615 he received from the author of the play, "Sunrise at Campobello."

Roosevelt had argued that the play, based on the early career of his father, President Franklin D. Roosevelt, had invaded his privacy and that the money he received was compensation for it.

Assembly Delay Asked By Thant

UNITED NATIONS, N.Y. (AP) — Secretary-General U Thant has relayed to the 112 U.N. members a proposal to delay the opening of the General Assembly from Nov. 10 to Dec. 1.

UNESCO Budget Increase Voted

PARIS (AP) — An $805,000 increase has been voted in the U.N. Educational, Scientific and Cultural Organization's $48,925,000 budget for the next two years, mostly to help employes at UNESCO headquarters in Paris cope with the city's high cost of living.

A Devotional For The Day

"The word is near you: it is upon your lips and in your heart." This means the word of faith which we proclaim. (Romans 10: 8. NEB)

PRAYER: O Father, how great and marvelous is Thy power, which reaches down to man and lifts his thoughts above his own! Thanks be to Thee for Thy Word that leads the way as a shining lamp. May Thy spirit govern my life. In Jesus' name. Amen.

(From the 'Upper Room')

Good Show, Good Feeling

Our sense of pride in the performance of our athletes in the Olympic Games in Tokyo is justifiably great. They reaped the greatest number of gold (first) place medals and proved admirable competitors in all events entered. There were some disappointments; but there were more surprises.

While the games are not contests of political ideologies, it is admirable and natural that competitors give their very best for their fatherland. Ours did this, and with a new enthusiasm and fire which helped sweeten some of the bitterness from the previous games.

For the first time, the world had a ringside seat at the Olympics, and it is reassuring that what they saw generally reflected the best traditions of sportsmanship. One account, typical of other incidents, told how the Swedes dropped behind in a race to fish Australians out of the water. In a swimming race, the first and second places, although from rival nations, embraced each other.

In a world of tensions and suspicions, the example of the Olympics is refreshing.

So is the hospitality and the effectiveness of the Japanese. Broken in defeat less than a score of years ago, this industrious, sport-loving people organized one of the best games on record.

Three Amendments

No matter how much one may talk about it, the presence of proposed state constitutional amendments at the bottom of the general election ballot always comes as a great surprise to a number of voters. Consequently, the number of ballots cast on amendments runs far behind the total for candidates.

The ballot next Tuesday will contain three proposed amendments.

1) This would remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund. In so many words, adoption means that the permanent school fund would be left totally intact. We think that it should be.

2) This would establish certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts. We see no particular objection to it.

3) This would give the Legislature power to authorize ventor payments for medical care on behalf of the needy individuals 65 years and over who are not recipients of Old Age Assistance and who are unable to pay for needed medical services, etc. In short, this would enable the state to broaden the present program to serve elderly citizens now excluded but who may need help with their medical and hospital expenses. This is, we believe, a welcome step.

LOVE FEAST OR WRESTLING MATCH?

David Lawrence

FCC Has No Right To Control Content

WASHINGTON — Sometimes, in reading the Constitution of the United States, one wonders whether it is a reality or a myth. The phrase "freedom of the press" has been often heralded as a great attribute of the American Republic. So it seems strange that a federal government agency in the last few days actually issued a ruling which told the radio and television networks and stations they were authorized to refuse free time to the Republican presidential nominee while granting it to the Democratic nominee. This is an incredible action in a democracy. But it is based upon a law passed by Congress which has delegated to the Federal Communications Commission the right to tell the radio and television stations the way they can handle certain broadcasts during a political campaign.

IT IS ARGUED by the sponsors of the law that this does not mean "censorship," or even program control, but merely that all sides must be treated equally and that, if the two major - party candidates are given time on the air, then all minor candidates must likewise be given the same treatment.

The FCC, however, now has ruled, in effect, that the President of the United States, although he is at this time a candidate, can make broadcasts which happen to monopolize all three national networks just because he has some "news" to give out. The Republican candidate, on the other hand, is required to pay for his time to give out his "news" in reply, even though the Democratic candidate is furnished free time.

THERE ARE, of course, many arguments advanced that Mr. Johnson's address was obviously newsworthy in and of itself. But no answer has been made to the argument that Sen. Goldwater's remarks also were newsworthy, as he, too, is a nominee of a major party and what he has to say is news to the public. The proof of this is that newspapers usually print the speeches from both sides, and they do not require either party to take paid advertising space in order to get its candidate's views before the people.

The theory back of the FCC's action is that Congress has specified by law that during a national campaign "equal time" must be given only to "political" speeches. Thus, a government agency undertakes to rule what is and what is not political.

EVER SINCE radio came into the homes of the American people, this correspondent has pointed out in his dispatches that the Constitution does not give authority to any governmental agency to tell a medium of communication what it may or may not print or broadcast. Congress has correctly authorized the FCC to settle questions of a mechanical nature that can arise on the air waves when there is a conflict in wave lengths. The federal government has a right to deal with this phase of the question through a commission which allocates the licenses on a geographical or mechanical basis to serve the interests of the people.

Once the licenses are issued, however, there is no warrant in the Constitution for a governmental agency to tell any medium of communication what news it may distribute.

THE SUPREME Court has upheld the powers of the FCC to regulate radio and television under the broad provision of a law whereby licenses are issued on the basis of "public interest, convenience, or necessity." Any ruling, however, which interprets the foregoing words to include the right to say who shall or shall not be given special privileges, such as free time on the air, is contrary to the letter and spirit of the First Amendment to the Constitution.

It is conceivable that, if there were no FCC ruling, some radio or television networks would give free time for political speeches anyhow, and some broadcasting stations would deny it. Public opinion in the local communities would take care of any inequities that might result, as is the case with the press.

WHEN THE Soviet government recently ordered the press and also the radio and television stations to hold up the news of the shake-up in the Kremlin, Americans regarded this as a natural Communist technique. But today a government agency in this country uses its powers to hamper the effective distribution of certain speeches by radio or television during a period in which a change in the presidency is under discussion.

(Copyright, 1964, New York Herald Tribune, Inc.)

James Marlow

Campaign: Oddball And Rubbery

WASHINGTON (AP) — The presidential campaign draws toward a close on Halloween but it sounded a little spooky anyway.

President Johnson, who almost never refers to Sen. Barry Goldwater by name, keeps asking his audiences: "Whose thumb do you want on the button?"

And Goldwater replies with a question: "Do you want one man's thumb on your country, or do you want yours?"

Europeans, reading what the two men say about each other, may get the impression they're cowboys galloping around the rim of disaster.

Goldwater says the nation must chart a new course or commit suicide.

Johnson refers to the Goldwaterites as "men who want to veto the future."

THE CAMPAIGN has produced two kinds of words and phrases: The oddball and the rubbery kind. Both men have had a hand in the authorship.

There's the oddball: Frontlash, backlash, smearlash and daddyism.

The rubbery kind are the words that different people can stretch into different meanings, like peace, corruption, morality, responsibility, freedom.

But one of the most notable features of this almost unnotable campaign is the way the candidates spread fog over the political landscape.

This is accomplished by talking for weeks while spelling out hardly anything in detail.

Johnson talks of extending federal programs without being specific and Goldwater wants to stop the spread of socialism at home and communism abroad while not bothering much about that little detail: How?

THE PRESIDENT almost without exception has deliberately avoided mentioning Goldwater by name while trying to ruin him with the voters.

Goldwater calls Johnson the "most power-hungry man in American politics," had made a theme song of suggesting corruption in the Johnson administration without producing evidence, and says, "When immorality occurs, it always starts at the top."

Yet, when some youngsters booed the mention of Johnson, Goldwater chided them: "Please, do not boo the President. It is not ladylike or gentlemanlylike."

Within less than a day after calling the President a "phony" and a "faker," Goldwater said he would wage the campaign solely on the issues without any personal attack.

But he went on from there to say "the shadow of scandal falls. . . across the White House, itself," referred to Johnson as "whitewash Lyndon. . .the medicine man," called his antipoverty program "cynical" and accused him of "buying votes."

Hal Boyle

Typical Office Bores

NEW YORK (AP)—Bores are where you find them.

The cocktail party is supposed to be the natural habitat of the bore in the United States, but he proliferates in other places, too —the average business office, for example.

If you look around your own office you may find typical the following indoor bores that make up part of the curse of the working class:

Harry Hoary—Old Harry has been with the company 99 years or so and remembers when he had to ride to work by horseback and fight bears on the way. Harry has kept his jaws so busy telling how tough life was in the old days that he hasn't got around to doing his job since 1947, the year of the big snow.

Perry Parasite — This touring termite circles the office all day stealing whatever he needs — from paper clips to ideas. Whatever he needs to help him get by, he takes from others. He would rather purloin a pencil off your desk than go sharpen one himself. In any decent civilization Perry would be behind bars as a petty larcenist.

Basil Bigears — After Basil was rejected by the CIA, he became the self-appointed office spy. He hangs around the men's washroom and whenever one of the hired hands denounces management because of the poor quality of the paper towels, he runs to the personnel director and informs.

Glorene Heller — This twitchy little dame thinks of herself as a femme fatale. She can't keep her mind on the job, or her hands off the boys. Whenever one of the married men dictates a letter to her, he has an uneasy feeling he is about to be caught in a love nest. But after six months she elopes with a plumber.

J. Morgan Gasser—J. Morgan is a junior executive who has decided honey catches more flies than vinegar—and so does banana oil. His weapon is praise. But instead of making himself popular, J. Morgan is regarded as the biggest creep in the place. Because everyone knows he couldn't be as good as J. Morgan says he is.

Andy Handy—Andy is a hobbyist bore who wants you to share his joy. One week he collects old lampposts, the next week he is learning to make hooked rugs with his teeth. "You can do it, too—it's easy," he says.

Samuel Stonehart — "Chuckling Sam," as the big boss is known behind his back, is the king of tedium for only one reason: Whenever you ask him for a merit raise, he comes up with 12 reasons why he can't give you one, including the fact that if your work doesn't improve the firm may fail within the year.

Do you recognize any of these familiar office bores: If you do, remember one thing.

Sometimes it takes one to know one.

To Your Good Health

Sickle-Cell Anemia Mystifying

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: I was reading in your column about body cells constantly renewing themselves. I would like to know something about sickle-cell anemia. Two of my children have it. Why do nose bleeds cause them to need transfusions? The doctor says there is no cure.—MRS. E. H.

Yes, cells are constantly dying and being replaced by new ones—enough new ones to balance those that die.

But when some abnormal condition occurs, and more than the usual number of cells are lost, new growth may not be sufficient to replace them.

The body cannot keep up with repeated or continuous blood loss, although it can tolerate some loss very easily — that's why we can donate to blood banks without harm.

In the case of sickle-cell anemia, however, this is more than merely a problem of blood loss. It is so named because the red blood cells, when looked at under a microscope, take on a crescent or sickle-like shape instead of being round as is normal.

Sickle-cell anemia is confined almost entirely to Negroes. The disease follows an irregular course, with patients appearing normal for a time, after which the trouble flares up again. bleeding, whether from the nose or sometimes from kidney or bowel, can occur. The patient not only is losing blood but the body is not creating normal cells which he needs. So transfusions are necessary. This, indeed, is the only means of aid. The patient is weak, may have violent abdominal pains, and sometimes shows jaundice (yellowness) of the eyes.

This mystifying disease is being studied extensively. I know of groups of doctors in my own locality who are doing so, and without question others are at work on it in many parts of the country. You can be sure that the scientific world will hear about it as soon as new knowledge of significance is obtained, but much effort is required to find the secrets of diseases. The sickle-cell trait is inherited.

Dear Dr. Molner: I have your booklet on how to take care of the heart but it does not say anything about ASHD. I take peritrates, digitalis and diuril and brought them with me when I moved to another city, but have not consulted a doctor in my new home. Do you think I need all these medicines?—I.C.

You will find ASHD discussed on page eight of the booklet, but not identified by those initials. They mean "arteriosclerotic heart disease." Or in simpler words, hardening of the arteries is impairing the efficiency of your heart.

The medications you mention all make sense, and I would continue them until you consult a physician. He very likely will continue the medication, unless there is some change in your condition.

* * *

Dear Dr. Molner: My daughter is in love with a fine young man but he happens to be the son of my first cousin. We are concerned about their marriage because the relationship may be too close.—MRS. R. M.

The marriage of first cousins presents a risk because if they both carry dominant hereditary faults, these may multiply strongly in their children. But in this case, it is not a problem of first cousins—only the son of a first cousin, and the hereditary relationship is too remote to be of consequence.

Billy Graham

I received a religious book as a birthday present from a friend of mind. This book is contrary to my own beliefs. Should I tell my friend how I feel about this gift? —S. N.

It depends entirely on the content of the book. If you could describe the book as heretical, then you should thank your friend and return it, with a note saying that you cannot share its teaching, and would rather not accept it as a gift. It is possible that your friend was not even totally aware of its contents.

But if the book only slightly differs from your beliefs (who has a book they totally agree with), then I believe you should accept it with thankfulness, and even give it a place in your library.

To me, reading books are like eating fish: I eat the meaty parts, and throw the bones away. In all of our reading we engage in accepting or rejecting certain portions. You are right, however, in being cautious, for the things we take into our minds are even more important than the food we take into our stomachs. Bad food can give you indigestion, but bad thoughts can give you doubts, depression, and despair.

Around The Rim

Sidebar To A Fantastic Story

There is a sidebar to the fabulous story of how oil was tapped under lands of the University of Texas, making it one of the richest instead of among the poorest major state schools of the country. The account of how Rupert P. Ricker, Big Spring, blocked 431,360 acres and turned it without any financial gain for himself in order to get a well for his school and his neighbors reads like a fairy tale, so it is only natural that one other fantastic development issue from it.

THIS HAD TO do with the location of the Santa Rita No. 1 University, the well that was destined to blow in and touch off the great wave of exploration and exploitation of the great Permian Basin. Legend has it that the location was by accident.

It's not legend—it's fact, according to R. M. (Bob) Wheeler, retired farmer and life-long resident of Howard County. He helped erect the rig on that well.

AFTER A SERIES of hair-breadth finishes to beat deadlines—first by Ricker and four associates who financed the expense of assembling the block and filing for it, and by Hyman Krupp, El Paso, in borrowing the $43,136 necessary for the initial lease payment—Frank Pickrell had machinery and timber loaded in a flat car and dispatched over the Orient railroad to a point approximately 15 miles from Big Lake.

Time was running out. It had taken almost all of the year of the lease term to first raise money and then to sell stock in a drilling company to finance the project. Something had to be started or all was lost. However, before the car reached the appointed place, it either developed trouble or was cutout by mistake. The load was dumped beside the track.

THIS IS WHERE Mr. Wheeler came into the picture. R. S. McDonald, Big Spring, had contracted to build the rig. When he and his crew (Wheeler among them) got there, they discovered the materials a substantial distance from the flag upon a hill marking the spot of the location. All they had was a model-T car and a broom-tail team. Moving those 24x24 timbers and heavy machinery a long distance in a short time was out of the question. So with cant hooks, they rolled the timber out of the right of way. Just over the fence line they started to build.

THEN MORE trouble developed. The gypy or sulphur water the crew relied on for drinking had such a laxative effect that the men couldn't work, and then were almost too weak to work. Bob Wheeler set out to find some potable water, and eventually came back with a couple of barrels. From then on, things began to look up, although one man nearly lost an arm between a rope and block before the job was complete. Finally, the crown block was put on and the machinery skidded into place. Just in time, drilling started.

THE REST of the story is history. The well reached 3,200 feet; funds were exhausted. The crew had been disbanded, and Carl Cromwell, driller, went into Big Lake on May 28, 1923 to make preparations to leave. Mrs. Cromwell, left at the well, was alerted by the barking of a dog. Expecting to find a rattlesnake, she found instead oil snaking with a mighty roar up over the crown block. That did it. More wells quickly followed—among them on the original intended location a few hundred yards away. It was bone dry!

—JOE PICKLE

Johnson's Campaign Offerings

IN DIXIE WITH LBJ—There was a population explosion when President Johnson twice declared in Memphis that he would never press a button to "wipe out 300 million Americans"—which is about 110 million more persons than the nation contains.

There was a segregated brass band of 78 Negro high schoolers, playing boogie - woogie, and another segregated band of 120 white children, playing mostly military marches, at the Memphis airport—and another 38 segregated bands along the streets—but the President stoutly pitched his Southern speeches to the theme of unity between the races.

THERE WAS nothing whatever in the campaign which calls for Barry Goldwater to make war and for Lyndon Johnson to refuse to fight a war if an enemy should force one. Both candidates are pledged to peace, one through greater "preparedness" and the other through continued "restraint." And there is certainly nothing that Americans can do on November 3rd to mollify the policies of Communist leaders in Russia, China and Cuba. But the President pitched his appeal to "the mothers who must supply the boys" and to "the boys who must die in the wars." He told his listeners on the bluffs above the Mississippi that "American voters . .. must be right the first time, for there will be no second time," if they don't return him to office on November 3rd.

IN CHATTANOOGA there was a home-made streamer raised directly in front of his speaking platform, reading, "TVA — television - Austin." "LBJ — Lyndon - Baker-Jenkins." At one point, the President paused in his speech for several moments to stare at what seemed to be an altercation between rival banner-bearers, and to ask, "Anything wrong down there?" But what might have become an ugly disturbance quickly subsided, and for the most part the President relied on light sarcasm to squelch what Goldwaterism was present. Referring to the Arizona senator's ubiquitous billboard portrait with its motto, "In your heart, you know he's right," the President hit the laugh button:

"YOU DON'T develop and do what's right by saying so on a billboard."

But, again and again, the President was borrowing from his rival's repertoire. He asked his audiences to vote "your conscience," and "to go into that polling booth and do what you know is right in your heart."

THE PRESIDENT'S campaign was ending on fright-peddling, on bloc-bidding for the Negro vote, which his own party had long suppressed in the South, on implied "sickness" of his opponent's following, and on a bold raiding of his opponent's slogans.

It was ending on the impressive spectacle of a master politician putting his finishing touches on a contest which was supposed to be a showdown between liberalism and conservatism—a couple of choices which seem to have been lost in the scuffle.

Richard Starnes

Goldwater's Campaign Offerings

WASHINGTON — Ernest Hemingway once observed that a writer had to have a built-in rubbish detector, although he used a far earthier term than is suitable for the family trade.

By whatever name, however, the same device is essential to political reporters, and particularly to those following Sen. Barry Goldwater's fortunes as he seeks the presidency. As unpalatable as it is to the senator's partisans, the truth is that their tiger rarely makes a speech that is free of some monstrous non sequitur, some starkly screwy syllogism, or some simplistic distortion of history that would fetch a howl of anguish from any bright high - school student.

THIS IS MORE than a necessarily harsh judgment of a man whose competence is so fatally flawed. It is a cruel commentary on the state of American political science at a fretful juncture of human history, for seldom has a campaign so cried out for sober, responsible debate of the momentous issues surrounding man's place in a bleakly inhospitable world.

IT IS LIKELY that no Republican candidate could have unhorsed President Johnson. In any event, all indications are that Sen. Goldwater will not. But win or lose, the G.O.P. candidate had the opportunity and the duty to bring the issues that confront the nation into clear focus, and to debate them rationally and constructively. In this undertaking Sen. Goldwater has failed. Where a dispassionate dialogue was needed, the senator has offered a campaign that is half a seedy medicine show and half a Messianic revival preached in strange tongues.

AMERICANS ARE properly concerned with the increase in crime. They should also be concerned with the climate of political morality in their country, although the record shows that even the most outrageous scandals on high seldom turn elections. But the cure of the social ferment that has befallen the nation is not to be found in Sen. Goldwater's promise to set a high example of morality—with the help of his running mate, Rep. William E. Miller, the congressman from Lockport Felt.

A MORE realistic appraisal of the crime issue is found in the exchange of letters between President Johnson and Walter N. Tobriner, one of the three commissioners who administer the municipal government of the District of Columbia under the not-so-benevolent ground rules laid down by Congress. Commissioner Tobriner conceded that Washington has experienced an increase in lawlessness, and he pointed to causes and cures that most enlightened people agree upon. Better job opportunities, better housing, more and better educational facilities and upgrading of health and recreational services were some of the points Mr. Tobriner made.

All are unassailable, of course, except in the curious twilight where Sen. Goldwater sees constitutional safeguards as a dangerous boon to criminals, and where the machinery of social justice is derided as socialism.

GOLDWATER BACKERS incessantly upbraid the press for the vision of their man that is seen by the American people. But if the senator's bid for election now ends in disaster (as now seems an enchanting possibility) it will not be because of any fault in the quality of the reporting of his campaign. It will be due to the strange, inadequate nature of the campaign itself.

Arlette's Yeye combination outfit, right, features a purple printed skirt and long-sleeved white cotton eyelet jacket with ruffled peplum. (AP WIREPHOTO)

Scout Council Meet Set In Colorado City

"That Was the Year That Was" is the theme for the program being presented at the West Texas Girl Scout Council's annual meeting to be held Nov. 2 in Colorado City at the Civic House at 6:30 p.m.

This is one of the biggest events of the year in Girl Scouting, and a large attendance is expected from the 16-county area.

Dinner will be served by Senior Girl Scout Troop 123 of Colorado City, and Dr. J. C. Shipman, Abilene, council president, will be the master of ceremonies. The Rev. Ralph Graham of the First Christian Church of Colorado City will give the invocation. A short business meeting will include the election and installation of officers and board members after a report from the nominating committee, headed by John Russell, Colorado City.

The program will be a comedy take-off from the popular show "That Was the Week That Was." The cast includes Mrs. Neal Hollingshead, Mrs. J. M. Williams, Mrs. Frank White, Mrs. Howard Cagle, Mrs. Guy Saunders, Mrs. Henry McGinty, Mrs. Thomas E. Bowser, Mrs. W. M. Presley, Mrs. Richard Stovall, Mrs. John J. Machos, Mrs. John W. Gould, Mrs. Arlee Wetsel, Mrs. W. J. Leach, Mrs. Leonard Franklin, Mrs. Mrs. Donald C. Thomas, Mrs. Clifford Fowler, Mrs. Floyd Stubbs, Mrs. Glenn Meeks, Mrs. Dick Elam and Mrs. Jerry Franks.

Also, Diane Hitchcock, Happy McGinty and Mary Lou Smith. Other members of the cast are Dick Elam and John Crutchfield, plus council staff members Harriet Redwine, Fane Downs and Gloria Zerega. Joe Bob Jay is a consultant in the direction of the show. All cast members are from Abilene, and the leaders and troops of Colorado City are responsible for the decorations. The re-dedication will be held by Mrs. Austin McCloud, Colorado City.

Both opening and closing Flag Ceremonies will be conducted by Senior Girl Scout Troop 123, Colorado City.

Reservations should be addressed to The West Texas Girl Scout Council, 304 Mulberry Street, Abilene, Texas, 79601.

Revolutions Discussed

"The Anatomy of Revolutions" related to history and the present day were traced by Bruce Frazier, guest speaker at the Business and Professional Women's Club Tuesday evening.

He outlined the framework of revolts from Egyptian times through the Middle Ages up to the beginning of law as we know it today. He noted our own laws stem from the Magna Charta and the Ten Commandments and said all English law is based on the inalienable rights of the individual and the sanctity of the home. These struggles begin with the revolt of people against oppression and their struggle for a better life.

He stressed the individual's responsibility today is as great as our forefathers in taking an active part in our nation's legislation, and said the right to vote should be exercised.

Mrs. Bert Affleck presided at the business session, and Capt. Marion Tibbetts was in charge of the program. Twenty-three members attended.

Wives Club Hosts Halloween Party

The International Wives Club hosted a Halloween party Saturday evening in the Elks' Lodge for children of the members. Tables were decorated in the holiday theme and games were played with prizes presented to the winners.

Saturday evening a Halloween affair for members and their husbands will be held in the NCO Open Mess at Webb Air Force Base. The party will begin at 9:30 p.m., and prizes will be awarded for the best costumes.

R. J. Reams Visited By Sister, Family

Mr. and Mrs. R. J. Ream, 508 Highland, have had as houseguests for the past 10 days, his brother-in-law and sister, Mr. and Mrs. Jack Lee, and children, Jeff, Steve and Beth Ann, of Reamstown, Pa.

Over the weekend, the Reams, accompanied by exchange student, Klaus Limbacher, attended the homecoming activities at Baylor University in Waco.

Trip To California Set By Jacksons

The Rev. and Mrs. V. Ward Jackson, 2003 Main, will leave Thursday for Long Beach, Calif., to attend the wedding of their son, Vernon Jackson Jr. The couple will return home Tuesday evening.

Pre-Nuptial Shower Held At Westbrook

WESTBROOK (SC) — Miss Donna Henderson, bride-elect of Laveral Sullivan, was honored with a miscellaneous shower in the educational building of the Baptist Church Monday evening at 7 o'clock.

Hostesses for the occasion were members of the Young Peoples Class, of which the engaged couple are members, and its teacher, Mrs. Rex McKinney. Others in the house party were members of the Ruth Sunday school class.

Receiving guests and displaying gifts were Janella Williamson and Sandra Bryant. Refreshments were served by Darlene Lankford, Lynda Sullivan, Maritha Oden and Carole Ann Bell.

The serving table was covered with a white lace cloth over green linen and centered with a miniature bride and groom under a covered archway of white flowers. The bride-elect's chosen colors of green and white were used in other decorations.

Piano selections were presented by Vickie Jarrett as guests arrived and were registered by Kathie Henderson. Seventy-two attended from Colorado City, Coahoma, Big Spring and Westbrook.

The wedding is scheduled for Nov. 7 in the Westbrook Baptist Church at 7 p.m. The bride-elect is the daughter of Mr. and Mrs. Don Henderson, and the prospective bridegroom is the son of Mr. and Mrs. Herman Sullivan, all of Westbrook.

Teachers Examine Education

The Howard County Unit of Texas State Teachers Association met Monday evening in the Forsan School cafeteria to study phases of Texas education.

Mrs. Phillip Wynn, program chairman, introduced the speakers who based their talks on Texas Education Agency bulletins. W. A. Wilson discussed teachers' pay raise legislation, Bill Hart, M. B. McFalls and Miss Elzada Herring outlined the work of the Texas State Board of Education, and Mrs. Tommy Parrish and Mrs. Rod Tiller explained how textbooks were selected. Mrs. Bill Easterling and Mrs. Gerald Oakes presented special facts about the schools in the state, and Mrs. H. L. Kelly, Mrs. Lawrence Davis and Mrs. Curtis Allen showed posters on education trends.

W. P. Romans presided at the meeting, and Mack Alexander gave the invocation. Refreshments were served to 70 members.

Secretaries Hear Talk On Education By Guest Speaker

Miss Movella Rhine of Howard County Junior College was guest speaker at the Tuesday dinner meeting of the National Secretaries Association at Holiday Inn. She discussed the topic, "Education After Graduation," telling of the Certified Professional Secretaries examination.

Mrs Pat Porter spoke on the CPS examination telling how it would help participants, and Mrs. Jerry Callihan explained the Future Secretaries Association, an organization for students who are interested in secretarial careers.

Guests were Mrs. Roy Hopkins, Mrs. Travis Anderson, Mrs. Bill Emerson, Mrs. Keys Murphy, Miss Koieta Witcher, Mrs. Lowell Jones, Mrs. V. V. Ames and Miss Rhine. Eight members attended.

ON WORLD AFFAIRS

Toastmistresses Hear Speaker At Dinner

Capt. Richard L. Sullivan of Webb Air Force Base was the guest speaker Tuesday evening when members of the Tall Talkers Toastmistress Club entertained their husbands and guests at a dinner at Cosden Country Club.

Mrs. Eugene Brooks introduced Capt. Sullivan, who discussed current trends in world affairs and noted how they might affect this country.

Capt. Sullivan, a native of Colorado, was reared in the Panama Canal Zone, returning to South Carolina to earn his degree at what was then Clemson College. At the same time he received an ROTC commission in the Air Force. Capt. Sullivan spent a tour of duty in Holland where he became interested in making a study of the governmental systems and internal affairs of other countries.

Upon returning to the states, he was assigned to the 331st FIS at Webb. Capt. Sullivan and his wife, Sandra, are parents of two daughters, Colby and Tracy.

Following the invocation by Mrs. James Brooks, Mrs. Sieja welcomed guests and introduced Mrs. Dick Wilson, toastmistress of the evening.

"Headlines" was the title of the lexicology drill led by Mrs. Larson Lloyd with members and guests participating. The closing thought was given by Mrs. James L. Hudson Jr.

Guests were Mrs. Sullivan, Mrs. Charles Smith of Muncie, Ind., V. A. Whittington, Dr. and Mrs. Jerry Kasher, Mrs. Jo Bright, and husbands of members.

Gardeners Hear Talk

Mrs. Odell Womack and Mrs. Joe Myers demonstrated flower arranging to members of the Rosebud Garden Club Tuesday morning when the group met in the home of Mrs. Leonard Coker at 200 Jefferson.

Mrs. Womack displayed a nicke arrangement discussing the use of an analagous color scheme. Mrs. Meyers' Halloween display was made with dried materials, and three different methods of drying plants were explained.

Mrs. Toots Mansfield was welcomed as a new member. Plans were made by the club to decorate a ward at the Big Spring State Hospital for Christmas.

The refreshment table was laid with a brown cloth and decorated with a centerpiece of carrots, olives and other edibles made in the form of a tree. Mrs. Meyers was cohostess.

Mother, Daughter Visit Westbrook

WESTBROOK (SC)—Mrs. Jerry Cunningham and daughter of Winters spent Wednesday in Westbrook visiting with friends.

Mr. and Mrs. A. G. Anderson spent Friday night and Saturday in Odessa with their son and family, the Perry Andersons.

Mrs. Sybil Whitehead is a patient in Root Memorial Hospital, Colorado City.

Musicale Given At Sorority Tea

Miss Sonnet Johnson, daughter of Mr. and Mrs. Irving B. Johnson, 1005 East 21st Street, provided a musicale recently at a Mu Phi Epsilon rush tea. The Beethoven "Tempest" Sonata, Opus 31, No. 2, was included in the program. Miss Johnson, a senior music major at North Texas State University, Denton, is a member of Mu Phi Epsilon, an international music sorority.

Business Session Held By Rebels

TOPS Pound Rebels met Tuesday evening at First Federal Savings and Loan Association building for a business session.

Announcement was made that women interested in the organization should contact Mrs. M. H. Tate, AM 4-4991. Visitors were Mrs. C. F. Smith, Mrs. R. E. Neuborn, Mrs. Noah Perkins, Mrs. Warren Black, Mrs. J. O. Hensley, Mrs. Ted Folkerts and Mrs. L. Q. Case.

The next meeting will be held Nov. 3 at the Student Union Building at Howard County Junior College, and Mrs. Bill Harp will give a program on exercises.

Forsan Carnival Planned Saturday

The Forsan Parent - Teachers Association will sponsor a fall festival at the school Saturday evening. Food booths will be open at 6:30 p.m., and special games conducted. There will be a crowning of the carnival king and queen and a program by the high school chorus.

Engaged

Mr. and Mrs. Frank Condron of Lamesa are announcing the engagement of their daughter, Frankie, to Dickey Bob Mason, son of Mr. and Mrs. R. M. Mason, Route 5, Hereford. The wedding will be Jan. 23, 1965, at Northside Baptist Church.

IN LANSING HOME

Spoudazio Fora Views Film On Master Artists

Mrs. W. W. Lansing, 1003 Bluebonnet, was hostess to the Spoudazio Fora Study Club Tuesday evening. Mrs. Richard Patterson presented a program on the "Old Masters" and showed films of famous paintings to illustrate her talk.

An emphasis on the life of Rembrandt van Rijn and his fresh approach to painting was given. Mrs. Patterson explained that he brought life and movement to his work, an innovation in art in the 17th century. A question and answer period was conducted.

Mrs. Lansing presided, and plans for a Christmas party for members and guests to be held Dec. 12 were announced. The group will entertain students at the Lakeview Special Education class with a Christmas party and furnish art supplies for the Kate Morrison Special Education group.

Refreshments were served at a table covered with a beige linen cloth and centered with an arrangement of greenery and pyracantha. Mrs. Ennis Cochran served as cohostess and won the door prize.

The next meeting will be Nov. 10 in the home of Mrs. James Jones, 1407 E. 19th.

Circle Has Home Plan

An extension circle was organized Tuesday morning by the Violet Orr Circle of College Baptist Church when Mrs. Byron Orand presided for the meeting. The circle is being formed to serve those who cannot attend regular circle meetings.

The eight attending were reminded of the "Stewardship Fair" which will be held at the church the evening of Nov. 18. Mrs. Orand worded the closing prayer and announced that the Nov. 3 hostess would be Mrs. Royce Walker, Jonesboro Road.

Rebekahs Will Work On Benefit Projects

A school of instruction and charity work were topics at lodge meetings Tuesday.

JOHN A. KEE

Benefit projects were the topics of interest of John A. Kee Rebekahs as they met at the lodge hall Tuesday evening.

The women will assist the Odd Fellows Thursday evening in serving a chicken spaghetti supper with homemade pie and cake for dessert. Tickets for the supper, which will begin at 6 o'clock, are available from members of the lodges or may be obtained at the door.

Donations will be made to the Children's Home at Corsicana and the Old Folks' Home at Ennis. The money will be applied to the Christmas Tree Fund to provide clothing and gifts for the residents there.

The announcement was made that Christmas cards are available for the members to purchase to sell to friends as a fund-raising project.

Thirty-four members attending reported that 40 visits had been made to the sick. Next Tuesday evening the program will be under the direction of Miss Laurel Grandstaff.

BIG SPRING LODGE

Mrs. Delbert Lee, lodge deputy of the Big Spring Rebekah Lodge No. 284, held a school of instruction Tuesday night at Lodge Hall for 38 members. She gave a program, "The Garden of Fraternity," and Mrs. Don Ellerbe sang "In the Beautiful Garden of Prayer."

Mrs. Max Wheeler was elected to receive the Rebekah degree, and initiation will be held Nov. 10. Refreshment committee members for November were named by Mrs. Akin Simpson Sr. They are Mrs. Wayne Moore, Mrs. J. A. McCall, Mrs. H. G. Huestis, Mrs. Jesse Steel and Mrs. Jewell Fields.

Refreshments were served by Mrs. Lee Miss Shirley Lee and Mrs. Gene Crenshaw.

Trade Group Revises War Against Petroleum Imports

HOUSTON (AP) — The Independent Petroleum Association of America wants oil imports slashed at least 275,000 barrels a day.

The major plank of the 7,500-member trade group's revised strategy to fight foreign oil would limit imports to 10 per cent of domestic crude production.

Mandatory controls administered by the Interior Department currently limit oil imports to a 12.2 per cent ratio.

NEW POLICY

A new policy statement on imports was adopted Tuesday at the final session of the association's annual meeting.

It also authorized officers of the nationwide trade group to go to Congress for relief if efforts to strengthen the mandatory program fail.

At the same time, however, the association rejected by an 87-23 vote a motion that would have denied voting privileges to importers who are serving on the group's policy committees.

Other moves included:

1. Approval of a resolution opposing construction of petrochemical plants within foreign trade zones unless foreign oil feedstocks used by such plants are included in mandatory controls program quotas.

TAX BIAS

2. Establishment of a special subcommittee to study tax discrimination or nondiscrimination between foreign and domestic producers.

3. Establishment of a subcommittee to study effects on the domestic market of crude production on federal leases off the Louisiana coast.

The legislative authority included in the imports policy statement was in line with a recommendation made Sunday by H. A. True Jr. of Casper, Wyo., who was re-elected president of the association.

True had told the imports committee he hopes for a meaningful reduction in import quotas for the first half of 1965 but asked that members instruct him to go to Congress in event the Interior Department fails to make such a reduction.

LIAISON GROUP

The legislative authority also pleased J. A. Mull, a Wichita, Kan., operator who is chairman of a liaison committee representing 26 state and regional trade groups in 23 oil states.

Mull said earlier the liaison group would put up its own fight in Washington if the IPAA rejected its proposals for a tariff or indirect duty on imports.

He said Tuesday's decision made such plans unnecessary.

"Even though we were turned down 1,000 per cent, IPAA's new imports policy statement offers us hope," Mull said.

Mull was disappointed, however, over the 87-23 vote that killed the voting privileges motion by Harry Elliott, Abilene, Tex., operator who recently renewed membership in the association after resigning because importers held votes on the imports policy committee.

Mull said the national association is the No. 1 spokesman for independents but the mere presence of the importers is causing many independents to fear the trade group is not representing them properly.

"NEEDS SURGERY"

"Maybe a little minor surgery is needed," Mull said.

Allen Calvert Jr. of Tulsa, Okla., said only 15 importers serve on the 102-member policy committee and Elliott's motion was an insult to the intelligence of all members of the association.

Calvert told newsmen later, however, he plans to ask True to appoint a special committee to consult importers and see if they will give up their voting rights voluntarily.

Mull endorsed Calvert's plan.

Peace March Ends In Boat

MIAMI BEACH, Fla. (AP) — Five peace marchers are staging a boat-in at the Coast Guard dock here.

The marchers, members of the Committee for non-violent Action and Quebec-to-Cuba peace march, sailed for Cuba Tuesday in a 24-foot launch to protest war and the U.S. ban on travel to Guba.

A short distance out, they were stopped by the Coast Guard, which confiscated their boat and towed it to the dock on orders of the U.S. attorney general.

The demonstrators refused to leave the boat.

"We'll never leave voluntarily," said Bradford Lyttle, 36, skipper of the launch. "This is the Caribbean wall. We have the right to travel. It's as bad as East Berlin."

Others aboard the boat were Erica Nezer, 38, a former Chicago medical technician; Marvin Davidov, 33, a former St. Paul, Minn., art dealer; Peter Gregonis, 38, Oregon electronics technician; and Robert Clapp, 26, a California student.

Space Huddle For Defense

HOUSTON (AP) — Astronaut Donald Slayton, who is also assistant director of the Manned Spacecraft Center's flight crew division, will meet with Defense Department officials Wednesday to set out requirements for scientist-astronauts.

Slayton, who was grounded because of a slight heart defect early in the Mercury program, and the military officials will confer in Washington.

Other qualification requirements will be made by the National Academy of Science Twenty to 30 scientist-astronauts are to be picked by spring.

Gus Kasner Dies Monday

Funeral rites for Gus Kasner, father of Mrs. Harry Jordan, were held Wednesday at 10 a.m. in Marlin.

Mr. Kasner, who had been seriously ill, died Monday night. Mrs. Jordan was at his bedside, and Mr. Jordan left Tuesday morning on learning of his father-in-law's death. Mr. Kasner had suffered from a heart involvement. His home was at Thorndale.

E. German Sneak Escapes Ended

BERLIN (AP) — An underground escape group says it sneaked nine East Germans through the Berlin wall in a tiny Italian car before Communist guards caught on.

The operation ended when a women hidden in the compartment moved during a passport check. Guards arrested the woman and the driver.

U.S. Awaiting British Nuclear Force Plans

WASHINGTON (AP) — U.S. officials hope that British Prime Minister Harold Wilson will be ready to make concrete proposals for organizing a nuclear weapons force for the North Atlantic Treaty Organization when he comes here for talks with President Johnson in about six weeks.

The NATO nuclear problem was the major issue posed in conferences with Johnson administration leaders Monday and Tuesday by the foreign secretary of the new British Labor government, Patrick Gordon Walker.

NEEDS TIME

Gordon Walker told a news conference Tuesday that the British government needs time in which to formulate specific plans in the NATO nuclear weapons field.

He also assured U.S. officials that his government did not intend to stall on the problem for the sake of delaying indefinitely action within NATO on a U.S. proposal for a nuclear armed force of 25 surface ships — known as the MLF — which would be jointly owned and manned by participating allied countries.

Johnson's deadline for getting basic agreement on the formation of such a force has been the end of this year. It is now very questionable that this deadline can be met although U.S. officials made clear it has not been formally abandoned.

LABOR APPROACH

The Labor party's approach now seems to be that a broader concept for a NATO nuclear force is necessary — some kind of plan which would cover not only any seaborne force but also land based nuclear weapons in the NATO area of Western Europe.

While the British have stressed the need for delay, the United States has been under pressure from West Germany to act on the MLF with all possible speed. West German leaders recently suggested that if other NATO allies were unwilling to participate West Germany and the United States should act alone to conclude an MLF agreement by the end of the year.

Presbyterians Ratify Rule For Dropping Racial Bar

DALLAS (AP) — Ministers and ruling elders adopted a statement Tuesday that churches in the Northeast Texas Presbytery are open to all persons regardless of race, color or class.

Their move formally ratified a decision by the General Assembly of the Presbyterian Church, U. S., last May.

"This makes it explicit rather than implicit," said the Rev. P. J. Garrison Jr.

Seventy-five ministers and 65 ruling elders from 82 churches in 34 Northeast Texas counties attended the quarterly meeting.

Three changes in the form of Church government were approved.

One defines the church session as consisting of the pastor and duly elected and installed ruling elders currently on active service.

A second gives permission to the presbytery's committee on candidates for a minister to allow an individual to transfer to another presbytery.

Instead of electing ruling elders and deacons for indefinite periods of active service, a church by a majority congregational vote is authorized in the third change to adopt a plan for election of ruling elders, deacons or both for limited terms.

Reaches Hong Kong

HONG KONG (AP) — The U.S. nuclear-powered submarine Sea Dragon arrived today for a three-day stay in Hong Kong.

Ex-Stripper Now Runs Ruby's Joint

DALLAS, Tex. (AP) — A tall ex-stripper is trying to breathe new life into the dark and dingy Carousel Club, Jack Ruby's old strip tease emporium in downtown Dallas.

So far customer response has been mediocre. But manager Diana Hunter, a 23-year-old former performer at the club, says: "Give us another month and I think it'll be going good."

The new owners clearly hope to cash in on the notoriety the establishment attained after Ruby shot Lee Harvey Oswald, accused assassin of President John F. Kennedy, last Nov. 24. They advertise the entertainment as "the most talked about burlesque show in the world."

BIG PROBLEM

A big problem is lack of a beer license, which was withdrawn last February. The club can serve only ice and mixes for patrons who bring their own bottles.

Mrs. Hunter, whose duties include changing the spotlights on performing dancers, is running the Carousel for an investment firm which took over the mortgage after the place folded several months ago. Like Ruby, she is from Chicago. Her husband is bartender and man-of-all-work at the club.

Strippers who worked for Ruby get preference for jobs. The show is continuous from 9:30 p.m. to closing.

"I was with Jack from the time he first opened here four years ago," Mrs. Hunter said. "I've done every job there is to do at the club — dancer, waitress, you name it. I may do some dancing again."

Has she discussed the club with Ruby, under death sentence and closely guarded in the county jail seven blocks distant?

"NO VISIT YET"

"No, I've tried to visit Jack a couple of times at the jail but they wouldn't let me see him. I've kept up with him through his family, though, and when I have a little time I'll try to visit him again."

Without saying so directly, she indicated she anticipates a good crowd of curious customers at the club as the anniversary of President Kennedy's assassination approaches.

Banker Group Due Proposal

MIAMI BEACH, Fla. (AP)—A resolution to be presented today to the American Bankers Association Convention urges the government to begin a gradual reduction of credit to head off the possibility of inflation.

"It is difficult to find justification for the degree of ease which now prevails in credit markets," says the resolution.

An association spokesman defined ease as meaning the supply of money in the banking system exceeds the demand to borrow.

In the wake of the steady growth of the economy during the past 45 months, bankers have indicated they believe such credit ease could contribute to inflation.

An inflationary trend could result from borrowers using credit to out-bid each other for goods and services, they said. This could lead to production bottlenecks, a scarcity of skilled labor and another upward wage-price spiral, the bankers contend.

Crude Output Drop Reported

TULSA (AP) — Crude oil production dropped 7,450 barrels a day last week, to an average of 7,532,620 barrels daily, the Oil and Gas Journal said today.

Decreases included Oklahoma, down 4,600 barrels a day to 558,800; Colorado, down 1,300 to 91,400.

Arkansas produced 73,200, Louisiana 1,480,450, New Mexico 305,100 and Texas 2,629,500.

Barry Rapped By Socialist

HOUSTON (AP) — Socialist leader Norman Thomas says Barry Goldwater "by his temperament, ideas and platitudes, offers a prescription for war."

His attitude chipper but his pronouncements firm, the longtime leader of American Socialists said the Republican presidential nominee "thinks negotiations should consist of saying, 'Do as we say, or else.'

"We have to get rid of the notion that we're God's policemen of the world."

Thomas, 80, attacked Goldwater and predicted a landslide victory for President Johnson and Hubert Humphrey in an interview before speaking at a Rice University student forum Tuesday.

This is "one of the most important campaigns" in a long time, Thomas said. He accused Republicans of making it a "low level campaign" consisting of "personal vilification."

Thomas gave these evaluations of the candidates for president and vice president.

"Lyndon Johnson is an extraordinarily able politician. As for his former record, I tell this to my audiences: In heaven there is more joy over one sinner who repents than over 99 who don't."

Chinese Character Actor Kills Self

HOLLYWOOD (AP) — Police said veteran Chinese character actor Sammee Tong left this note for them:

"I have taken my own life. No one is to blame."

Tong, 63, a screen performer for 25 years, was found dead Tuesday at his home at nearby Venice. An empty sleeping pill bottle was found nearby.

An autopsy was ordered.

Police said Tong gave no explanation for his suicide, but left several notes propped up on a chair in his apartment — one of them to his landlady and another to his attorney, dictating final arrangements in the event of his death.

Tong, a bachelor, lived alone.

He was currently appearing in the ABC television series, "Mickey." He entered television in 1959 with the role of the wise-cracking houseboy in "Bachelor Father."

Tong was born in San Francisco.

'No Bluff Game,' Johnson Asserts

LOS ANGELES, Calif. (AP) — President Johnson, who claims he is wrapping election issues around Barry Goldwater's neck, said today he will "not play the war game of bluff and bluster."

Johnson bore down on questions of war and peace in a speech prepared for an outdoor audience at Albuquerque, N.M., start of a day-long tour through the West that actually was aimed primarily at voters in Southern California.

STRONGEST TALK

The President's strongest language was prepared for the New Mexico crowd.

He said: "The stakes in the election are success and survival. The issues are recklessness or responsibility."

Going on to stress issues which he says find him and Goldwater far apart, Johnson concluded, in his stiffest language: "We cannot and we will not play the war game of bluff and bluster. That risk is too great."

Before swinging into the West, Johnson made a quickie tour of the Northeast Tuesday night. In Pittsburgh's ultra- modern Civic Auditorium, he delivered one of the most surprising speeches of his campaign.

Ticking off a series of major policy questions, including the civil rights law, Johnson said with direct reference to Goldwater: "These are all issues in this campaign, and we are wrapping them right around his neck."

OFF THE CUFF

The President later, speaking off the cuff, cited a newspaper advertisement — repudiated by Goldwater — which he said claims that his administration seeks laws that would make Negroes happy, jobwise, and white people glum.

"I want to meet that one head on," he said.

"That is pure, dirty racism and propaganda that is being passed around. There is not any bill that Congress ever passed that takes any job away from anybody."

Rites Held For Former Resident

Eleuterio Valencia, 99, Roswell, former Big Spring resident, died Monday at Roswell. He had lived there for the past month. He had farmed in Ackerly and Knott communities before retirement.

Funeral Mass was said at 8 a.m. Wednesday in St. Thomas Catholic Church, with the Rev. James Delaney, pastor, officiating. Graveside rites were set for 4 p.m. today at the Big Spring City Cemetery under the direction of Nalley-Pickle Funeral Home.

Survivors include five sons, Jose Valencia, Midland, Elenterio Valencia Jr., Sabino Valencia, Leandro Valencia, Joe Valencia, all of Big Spring; four daughters, Mrs. Arculana Hernandez, Wink, Mrs. Nellie Aguilar, San Antonio, Mrs. Anastacio Dominges, Roswell, N. M., Mrs. Valvina Ornelas, Coynosa; several grandchildren, great-grandchildren, and great-great-grandchildren.

Oil Firm Reports Pickup Stolen

A pickup was reported stolen from the yard of Standard Oil Co., 711 E. 1st, Tuesday, after officers said someone broke a lock from the west gate of the yard.

Police also received a report of a floor box console taken from a late model car at Capital Auto Sales, 821 W. 4th, and valued at about $40.

RIVER-WELCH Funeral Home

Member THE ORDER OF THE GOLDEN RULE

Mrs. Bohannon Dies Tuesday

Mrs. C. F. Bohannon, 87, died at 8 p.m. Tuesday in a local hospital.

Funeral will be at 3 p.m. Thursday in the Rosewood Chapel, with Richard Williams, minister of the Eleventh and Birdwell Church of Christ, officiating, assisted by the Rev. Don Hungerford, rector of St. Mary's Episcopal Church. Interment will be in City Cemetery with Nalley-Pickle Funeral Home in charge.

Mrs. Bohannon was born Aug. 17, 1877 in Summerville County, and was married in 1897 at Paris, Tex. Her husband preceded her in death in 1919. She moved to Big Spring in 1927 from McKinney, and was a member of the 14th and Main Church of Christ. Four children preceded her in death.

Survivors include one son, Don Bohannon, Big Spring; three daughters, Mrs. Dorotha Jones, Big Spring, Mrs. Mamie Whirley, Big Spring, Mrs. Barnett Dixon, Lubbock; eight grandchildren, nine great-grandchildren, and one great-great-grandchild.

Pallbearers will be J. T. Dunnam, George Bair, Doyle Vaughn, Freddie Watt, Jimmie Bailey, W. D. Millet, Jake Robertson and Bob Rogers.

Mrs. Sherrill Rites Thursday

Mrs. H. T. Sherrill, 79, of 1706 Austin, died Tuesday in a local hospital following a lengthy illness. She was born Feb. 11, 1885 in Smith County. She married Morris P. Sheats, in Lindale in 1903. They moved to Childress in 1907. Mr. Sheats died in 1926.

She then married H. T. Sherrill in 1928 and he died in 1946. She moved to Big Spring in 1936 from Estelline. She was a member of the Assembly of God Church for 34 years, and of the Big Spring church for the past 28 years.

Services will be at 2 p.m. Thursday in the First Assembly of God Church, with the Rev. Morris L. Sheats, pastor of the Highland Assembly of God Church in Lubbock, a grandson, officiating and assisted by the Rev. Homer Rich, local pastor, and the Rev. Hubert Love, pastor of the church in Carlsbad, N. M. Burial will be in Big Spring City Cemetery under the direction of Nalley-Pickle Funeral Home.

Survivors include two sons, Rev. Homer M. Sheats, Lubbock, and T. H. Sheats, Big Spring; five sisters, Mrs. Virgie Howard, Mrs. Avie Howard, Mrs. Theo Beasley, Mrs. Dollie Gimble and Mrs. Margie Carter, all of Tyler; two brothers, Elmer Cates, and Dewey Cates, Tyler; five grandchildren and three great-grandchildren.

Pallbearers will be Hubert Clawson, P. R. Stroud, Burl Dennis, W. J. White, P. P. Howard and L. M. Hayhurst.

John J. Carson Funeral Set

Funeral will be held at 4 p.m. Thursday in the Sheffield Church of Christ for John J. Carson, 60, who died in a local hospital Tuesday after an illness of several years. T. A. Grice, minister, will officiate and interment will be in the Sheffield Cemetery, under the direction of Nalley-Pickle Funeral Home.

Mr. Carson was born March 29, 1904, at Kerrville, and married Miss Lula Morine Smith, Nov. 8, 1936 at Sheffield. He farmed there since 1936, and he and his wife operated a motel there for several years. He was a World War II Veteran and a member of the Sheffield Church of Christ.

Survivors include the widow; one daughter, Mrs. John E. Fee, Medina; two sisters, Mrs. Jessie Avant, Albuquerque, N. M., Mrs. Zepha Means, San Antonio; two brothers, C. B. Carson, Tyler, W. G. Carson, Chester, Ill.; and four grandchildren.

ROBBERY

(Continued From Page 1)

his destination. He said he told the dispatcher the State Hospital, but did not himself suspect, until the police officers arrested the man, what had actually taken place.

His passenger did not give any signs of what had taken place and did not have a bag or satchel, Dear said.

The cab company reported the taxi arrived at the hospital at 11:41 a.m., the approximate time officers arrested the man.

Mrs. Ray (Darlene) Dabney, teller, said that the man walked up to her station about 11:30 a.m. He was well dressed, wearing a neat dark suit, clean white shirt and tie.

She said he appeared to have one crippled arm.

"He kept his left arm twisted back of him all the time," she said.

The man shoved a manila envelope toward Mrs. Dabney. It had a message scrawled on it—"something about that I should hand him the money," Mrs. Dabney said. "The note said that my life was in danger. He had a gun, the note read, and he would use it."

Mrs. Dabney said that the man asked her to put the money in a bag. "He had some kind of speech impediment and I could hardly understand him.

"I knew there were no bags, but I pretended to look. I was scared to tell him that I didn't have a bag. He said if I didn't do as he said, he would hurt my family.

"He then told me to hand him the money. I grabbed up all I could get together and he took it in his right hand. I do not know what he did with it — whether he put it in his pocket or just held it in his hand.

"I never saw a gun during the whole time.

"When I gave him the money, he turned around and went out the east door. He had entered, I am sure, through the west door. I didn't see the cab outside, if there was one."

There were two or three other girls working back of the barrier at the time. One, who was standing just back of Mrs. Dabney, said she saw her pick up the bundle of money and hand it to a man.

"I didn't think about it being a holdup," she said. "I thought Darlene was just cashing a check."

Mrs. Dabney, who has been with the bank for nearly six years, is the daughter-in-law of G. W. Dabney, chairman of the board for the bank.

Larson Lloyd, president of the bank, told Mrs. Dabney that she had acted exactly as she should.

"I have told the tellers and everyone else," he said, "if a bandit comes in, to do whatever he says—even help him carry the money out. I certainly don't want anyone in the bank to get hurt."

At the police station, Mrs. Dabney readily pointed out Soto as the man who had threatened her and had taken the money.

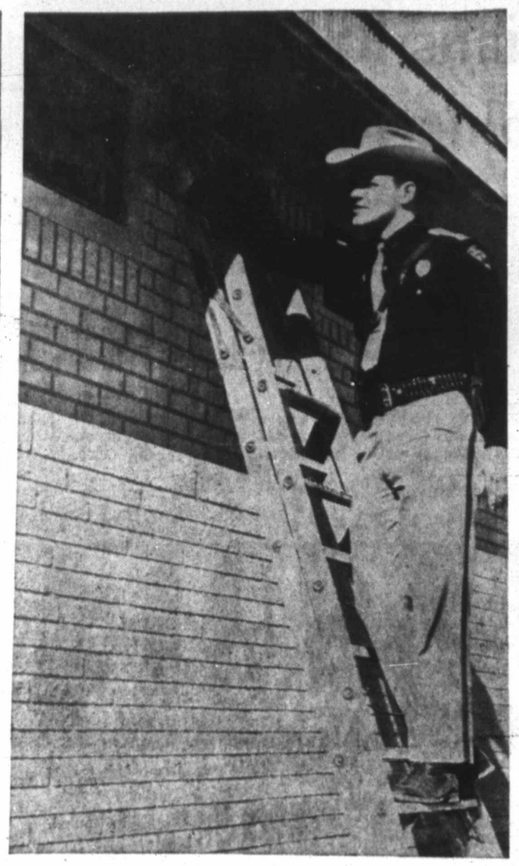

Setback Spurs TV Time Plea

WASHINGTON (AP) — Now that their appeal to the federal court has failed, Republicans are appealing to what they call a "sense of equality and fairness" in their fight to get equal time on television to answer a speech of President Johnson.

Their legal battle faltered Tuesday when the U.S. Court of Appeals, by splitting 3 to 3, allowed a ruling by the Federal Communications Commission to stand.

In this ruling, the FCC said that Johnson's speech on Oct. 18 was a presidential report and a news event. For that reason, the FCC said, Barry Goldwater, the Republican presidential nominee, was not entitled to equal time on the three television networks.

The National Broadcasting Co., however, gave time for Republican national chairman Dean Burch to reply to Johnson.

Invitation To A Burglar

Patrolman Richard Tice points out how a ladder left behind a business building and a loose screen can combine to make entry by a burglar an easy task. Tice and two other officers will form a committee to inspect business firms here for ways to safeguard businesses against burglary.

Police To Provide Free Inspections

A police patrolman's suggestion toward improving the security of Big Spring businesses against burglars is being adopted by the police department.

Patrolman Richard Tice suggested the formation of a committee of three officers to inspect business houses, at owners' requests, to check for ways break-ins may occur and recommend inexpensive safeguards.

Police Chief Jay Banks said the department is in process of putting the recommendation into use, with a committee being set up including Tice, Detective Wayne Tollett and Patrolman Travis Long, to check businesses at the owners' convenience.

The inspections will be a voluntary effort by merchants and will be made during the 8 a.m. to 5 p.m. business hours, scheduled by calling the police department.

"Nothing like this has been attempted here before," Tollett pointed out, although officers often discuss security precautions with owners during investigations of break-ins. The officers will inspect doors, windows, locks, roofs, and other areas for ways burglars might enter firms.

A ladder left behind a business structure may be an open invitation to burglars to enter through a high window or roof area, especially where a screen has been taken off to provide a vent or a screen loosened, Tice pointed out.

"The suggestions will not be expensive ones," Tice pointed out. "A few dollars spent can be worthwhile for a businessman who then possesses the knowledge his firm is more safe from burglars."

The officers will supply the businessmen with a checklist of security precautions.

"A lot of people are not aware the police department watches the business buildings at night," Tice related. Simply leaving a light on at night where officers can see inside a structure will help prevent burglars from having a clear opportunity.

A businessman should also use a different pattern of action in safeguarding money, rather than placing a money bag, for instance, in the same drawer every night, Tice said. A police escort to a bank is also available for merchants.

While many businesses try to hide a safe, the best place for it is before a picture window and in a lighted room, Detective Tollett related.

While taking safeguards for a building may not keep a burglar out, these can delay a break-in so a passerby or officer may become aware of it being under way.

"The idea is to make them work at it to get in," Tollett pointed out, to give officers a better chance to stop a break-in during its progress.

A small latch on a screen can make it considerably more difficult for a break-in to be carried out, he related. Clearing of shrubs around a structure may also make it more difficult for a burglar to get into a building without being seen.

Tice has been with the Big Spring department about a year and is a native of Oklahoma. He also attended Central State College at Edmond, Okla. Long, a Louisiana native, is a Navy veteran and served on the Lamesa police department for six years, part of the term as a detective.

Tollett, of Cisco, joined the department here in 1958 and became a detective officer in 1963.

Retiring Shoes After 30 Years

If everyone were like Roy Taylor of Soledad, Calif., J. C. Penney Company might find a limited market for shoes.

Recently, Taylor's picture appeared in the Soledad newspaper with a pair of shoes he was planning to retire after 30 years. He purchased them here in 1934 from the Penney store for $7.95. Although the original heels were still in use, Taylor had worn out four soles.

Finally, the uppers were beginning to crack, so he decided to retire the faithful footgear. But mind you, not completely. Taylor is planning to keep the old pair around because they are so comfortable.

Weather Forecast

Prediction is for rain in Pacific coast states Wednesday night, showers in southern Florida and snow flurries in the northern Rockies. Temperatures are expected to be cooler in the Plains area, the upper and middle Mississippi valley, the Great Lakes area and the Ohio valley. It will be warmer in the Plateau area and the north Atlantic states. (AP WIREPHOTO MAP)

OIL REPORT

Deep Explorer Staked In Dawson

Four locations including a wildcat have been staked in Dawson County. The wildcat, 15 miles west of Lamesa, to go to 12,600 feet, is El Chico Production Co.. No. 1 H. A. Serfass, spotted 1,980 feet from the north and west lines of section 127-M, EL&RR survey.

Two new locations have been staked in the Welch (San Andres) field, and one in the Patricia, West (Spraberry) field.

DAILY DRILLING

BORDEN

Penroc Oil Corp. No. 2 Gulf Canon, 14 miles west of Gail, a wildcat seeking the Fusselman, was still moving in and rigging up. The location is spotted 1,800 feet from the south and 990 feet from the west lines of section 34-33-5n, T&P survey.

DAWSON

I. W. Lovelady No. 1 Mayben, eight miles north of Lamesa, drilled to a total depth of 4,918 feet, ran logs and took a drillstem test at 4,860 to 4,918 feet. He missed and is running another test from 4,837 to 4,918 feet. Location is 1,980 feet from the north and east lines of section 60-35, Georgetown survey.

Midwest Oil Corp. No. 2 G. B. Motley, was drilling in lime at 6,604 feet. Location is two miles north of Sparenburg, 660 feet from the south and 1,980 feet from the west lines of section 11-35-4n, T&P survey.

Costal States and McFarland No. 1-42 Norris, 10 miles northeast of Patricia, was making hole at 10,770 in lime and shale. Operator spotted 660 feet from the south and west lines of section 42-36-5n, T&P survey as a wildcat seeking the Fusselman.

James G. Brown and Associates No. 1 Railsback was drilling at 7,960 feet in dolomite. Location is 660 feet from the north and west lines of labor 25, league 735, State Capitol Land Survey.

GARZA

James G. Brown & Associates No. 1-B Slaughter was making hole at 8,157 feet in chert. The wildcat is spotted 660 feet from the south and west lines of section 6-2, T&NO survey, 12 miles south of Post.

GLASSCOCK

Southland Royalty Co., No. 1-B McDowell, 13 miles northwest of Garden City, was waiting on cement at 2,440 feet and preparing to move out the rotary rig. It is located 330 feet from the south and east lines of section 23-34-2s, T&P survey.

MARTIN

Humble Oil & Refining Co. No. 1-B Wallace, located 660 feet from the south and 4,000 feet from the west lines of league 250, Motley County School Land survey, 26 miles northwest of Stanton, was making hole at 9,232 feet.

Texaco, Inc. No. 2-X State of Texas, 25 miles northeast of Stanton in the 4-well (Devonian) pool, was drilling at 12,236 in lime. Location is 2,173 feet from the north and 975 feet from the east lines of section 17-7, University land survey.

STERLING

Texaco No. 31-B Sterling B, 467 feet from the north and 1,980 feet from the west lines of section 3-31-4s, T&P survey, at a total depth of 7,650 feet, was pumping, with no report.

Texaco, Inc., No. 1 C. C. Reynolds, 16 miles west of Sterling City, seeking the Queen and Glorieta in the Fools Creek field, drilled to 1,526 and set 8⅝-inch casing with 400 sacks of cement. Location is 467 feet from the south and 617 feet from the west lines of section 48-32-4s, T&P survey.

Files Suit For $15,000 Damages

Frank McGinnis, Old West Highway 80, filed a suit for $15,000 damages against the Tri-State Dr. Pepper Co. Monday afternoon in the 118th District Court.

McGinnis alleges that his wife, Alice, bought six bottles of Frostie Root Beer, a product bottled by the defendant corporation, Aug. 3, opened one of the bottles and drank its contents. He alleges there were certain foreign material and "metal pellets" in the drink which his wife swallowed, and that as a result, she is permanently injured. He asks $15,000.

Ely Named To Appeals Bench

LOS ANGELES (AP)—Walter Ely Jr., a Los Angeles trial lawyer and native Texan, became a judge of the U.S. 9th Court of Appeals Monday.

The court serves the West Coast, Hawaii and Guam.

Ely, 51, formerly of Abilene, Tex., was administered the oath of office by U.S. Dist. Judge Joe Fisher of Beaumont. Fisher is an old friend.

The ceremony was held at a special court session. Ely was robed by his father, W. R. Ely of Abilene, and his son, William R. Ely, a student at the University of Southern California law school.

Cities Service Oil Co. has spotted No. 46-15 West Welch Unit, 2,640 feet from the north and 1,320 feet from the east lines of section 85-M, EL&RR survey, three miles southwest of Welch. No. 46-16 West Welch Unit was spotted 2,640 feet from the north and east lines of section 85-M, EL&RR survey, three miles southwest of Welch.

Both are to be drilled 5,000 feet with rotary to the San Andres.

Standard Oil Co. of Texas has located No. 2 Ellen Clay et al six miles west of Patricia, 850 feet from the north and 1,300 feet from the east lines of labor 21, league 266, Kent County School Land survey, and will seek the West Spraberry at 8,800 feet.

COMPLETIONS

DAWSON

Cities Service Co. completed its 27-7 West Welch Unit, and on initial production pumped 135 barrels of 32 gravity oil with no water. Operator acidized with 10,000 gallons. Location is 1,320 feet from the south and west lines of section 86-M, EL&RR survey in the Welch field, three miles south of Welch.

HOWARD

The Continental Oil Co. No. 24-E H. R. Clay, pumped 18 barrels of 31.7 gravity oil from perforations at 2,206-2,455 feet. Operator drilled to 2,800 feet and plugged back to 2,799 and acidized with 1,500 gallons. Location is six miles east of Forsan in the Howard-Glasscock (San Andres) field, 330 feet from the north and 1,650 feet from the east lines of section 138-29, W&NW survey.

Barranca Oil Ltd. No. 4 T. P. Land & Trust, pumped 25 barrels of 31 gravity oil, on initial production, with 39 per cent water, from perforations in the 4½-inch tubing at 2,535-2,680 feet. Total depth, in the Snyder field, eight miles southeast of Coahoma, was 2,724 feet. Location was 8,011 feet from the east and 662 feet from the south lines of section 33-30-1s, T&P survey. He acidized with 2,000 gallons.

An old well worked over, Producers Development Co. No. 9-B W. P. Davis, 990 feet from the south and east lines of section 2-30-1s, T&P survey, in the Iatan-East Howard (Clearfork) field, pumped 122 barrels of 36.2 gravity oil with 46 per cent water on initial production after being acidized with 500 gallons. Total depth was 2,938 feet, with 4½-inch tubing set at 2,936 feet. Operator perforated from 2,424 to 2,767 feet.

MITCHELL

E. G. Rice et al, pumped 21 barrels of 28.7 gravity oil from perforations at 1,700-32 feet, in the No. 4 C. C. Berry in the Sharon Ridge (1700) field. Operator drilled to 1,769 feet and set 4½-inch tubing. He fractured with 20,000 gallons of water. Location is 990 feet from the north and 330 feet from the west lines of section 83-97, H&TC survey, 15 miles northwest of Colorado City.

Fertilizer Meet Set At Lamesa

Basic information on soil fertility and fertilizers will be given in a series of three night meetings scheduled for November and December. County Agent Herb Helbig invites fertilizer dealers, agency personnel and county program building committee members to make plans to attend by registering through his office.

Sponsored by the Texas Agricultural Extension Service, this series of meetings is to include presentations by outstanding authorities in both the fertilizer industry and education. Subjects to be treated include nitrogen, phosphorus, potassium, soil testing, management, tissue testing and micro-nutrients.

The nearest meeting place for Howard County is Lamesa. The dates are Nov. 11 and 18, and Dec. 2, at Forrest Park Community Center. Other meetings have been scheduled at Levelland, Plainview, and Dimmitt.

Each county agent in the area has registration blanks and suggests interested persons attend the meeting nearest their place of business. A charge of $5 will be made for registration, and the deadline for registering is Nov. 3. The fee includes cost of dinner the last meeting.

British Want Peking At Talks

UNITED NATIONS, N.Y. (AP) — Patrick Gordon Walker, new British foreign secretary, says his government favors asking Red China to join the Geneva disarmament talks next year.

India Careful With Peking But Ties Kept

NEW DELHI, India (AP) — India, while regarding Red China as its No. 1 enemy, carefully maintains its diplomatic recognition of Peking.

Even in 1962, when Indian troops were dying by the hundreds in mountain combat with Communist Chinese divisions, India maintained its embassy in Peking.

India's attitude is based partly on a reluctance to create a war-or-nothing atmosphere.

There is no Indian trade with Red China.

Pakistan's policy toward Peking has odd elements.

Pakistan is a member of military alliances sponsored by the United States. It has accepted more than $1 billion in U.S. military aid, along with tremendous amounts of economic assistance.

But Red Chinese goodwill missions, trade delegations, and military groups visit Pakistan, and the country's goal appears to be nonalignment.

Pakistan's attitude traces in part to U.S. military aid to India, which Pakistan regards as an enemy. In addition, the China-India border war showed the Red Chinese had no reluctance to mix it up with 465 million Indians. Pakistan officials began asking what chance 100 million Pakistanis allied with the United States would have of standing off Red China.

U.S. Death-Detail 'Copters Fired On

SAIGON, Viet Nam (AP) — A U.S. Air Force C123 transport shot down near the Vietnamese Cambodian frontier Saturday was hit while inadvertently flying over Cambodian territory, a U.S. Embassy spokesman said today. Eight Americans perished in the unarmed craft.

The spokesman said armed helicopters sent to the area Sunday in an operation to recover the bodies also were fired on from Cambodia. They returned the fire. Seven bodies were picked up. The eighth has not been found.

DEBRIS STREWN

Wreckage of the transport is strewn along a hill about 250 yards inside Viet Nam 170 miles north of Saigon. Guerrillas had stripped the plane of its insignia and looted the bodies of personal effects.

The embassy spokesman said the C123 overflight of Cambodian territory apparently was due to difficulty in border identification and bad weather during a supply-dropping mission.

He said that, while the United States regrets the overflight, "it should be pointed out that C123s are unarmed transport aircraft and the C123 involved in this particular mission was unarmed."

KILLED BY SNIPERS

A U.S. soldier on a motorboat patrol near the frontier was killed Tuesday night in a guerrilla ambush. He was the 214th American killed in combat in South Viet Nam since December 1961.

Two other members of the U.S. Special Forces and two Vietnamese were wounded by Communist gunfire in the skirmish, 150 miles west of Saigon.

The three Americans and six Vietnamese were patroling in three 15-foot motorboats. Communist guerrillas caught the group in a secondary canal so narrow their boats could not turn and had to back away. The Communists captured one boat, four rifles and a radio.

ELEUTERIO VALENCIA, 99, passed away at Roswell, New Mexico. Funeral Mass was held 8 a.m. Wednesday morning at St. Thomas Catholic Church. Graveside rites this afternoon, 4 p.m. City Cemetery.

MRS. H. T. SHERRILL, 79, passed away Tuesday in Big Spring. Services 2 p.m. Thursday, First Assembly of God Church. Interment City Cemetery.

JOHN J. CARSON, 60, passed away Tuesday in Big Spring. Services 4 p.m. Thursday at Sheffield (Texas) Church of Christ. Interment Sheffield Cemetery.

One Cee City Combination

Here's one lineup coach Truman Nix of Colorado City could field against Hamlin Friday night, when the two elevens meet in Colorado City. Up front, the boys are Don Latimer, John Tiller, Mike Brown, Topper Steakley, Skipper Warren, Dwain Crow and Ricky Houston. Backs, from the left, are Dick Shimer, David McKay, Roger Procter and Perry Millsap.

Aggies A Hungry 11, Hogs May Find

COLLEGE STATION, Tex. (AP) — Texas A&M isn't worrying about ratings. Bowl games are the least of its thoughts. The Southwest Conference championship is long out of reach.

Texas A&M just wants to win a game. From whom makes no difference.

The Aggies aren't discriminatory—they'd just as soon beat Arkansas as anybody. Nothing personal, understand, but Arkansas happens to be the next team coming up on the schedule.

The Aggies haven't won one since November of 1963. Seven defeats have been tacked up and they're tired of it.

They've lost six straight this season. Four of them were by five points or less. The other one they lost 10-0 and the sixth was 31-7 to Southern California.

The Southern Cal game was something you couldn't explain. The other games all could have been won by the Aggies with a break or two here and there — and the absence of some sophomorish stunts.

There are 20 sophomores playing in every game. The sophs pushed out some veterans, which might seem poor strategy. Except that the sophomores are better players than the juniors and seniors and Coach Hank Foldberg is thinking of the future.

The future might arrive Saturday night when the Aggies meet Arkansas the only undefeated, untied team left in the Southwest Conference and an outfit that's eyeing a high rating, bowl game and a possible national championship. The Razorbacks beat defending national champion Texas 14-13.

The Aggies almost beat them last Thanksgiving Day.

But the Aggies haven't played that kind of ball this season as Foldberg tried to work his sophomores into a smooth unit. It was just recently that he found the kind of quarterback he needed. He was Eddie McKaughan, who has been able to move the team with himself as the spearhead. He ran for 100 yards and passed for 72 against Baylor and the Aggies would have won except for a sophomorish stunt in the clutch — a bad pitchback.

But Foldberg hasn't been downhearted.

"Our youngsters showed against Baylor that they're beginning to mature," he said. "They're playing like juniors now. We knew they had the ability but also knew it would take time for them to become seasoned players."

Foldberg wouldn't be surprised if the boys reached football maturity Saturday night and knocked over Arkansas. "If we get a break or two we could do it," he said.

Browns Are Unworried About Figures In NFL

NEW YORK (AP) — Ninth in team offense and last in team defense.

Those aren't terribly impressive credentials but they don't bother the Cleveland Browns. As long as they're first in the National Football League's Eastern Division, they couldn't care less.

The Browns, who took undisputed possession of the lead after whipping New York 42-20 last Sunday, also are last in ball control plays. So how come they're leading their division?

For one thing they've scored more points than anybody else in the league except Baltimore and points, not statistics, win ball games.

If the Browns had to depend on the statistics, they'd be in trouble. Their 2,462 yards allowed is almost 200 yards less than any other club has surrendered. Their 1,971 yards gained leads only five other NFL clubs.

Cleveland has run only 381 ball control plays on offense, the fewest for any team in the league. Ball control plays are described as pass attempts and rushes. Punts and field goals—plays where the ball is voluntarily surrendered — are not included.

The Browns have scored 184 points, second only to the Colts' 237.

Baltimore leads the Western Division.

LOOKING 'EM OVER

With Tommy Hart

Big Spring has always had rough sailing in its road games against Midland High School and is going to need all the help it can get from its supporters when the two teams clash Friday night.

Not too many local buffs made the trip to Abilene last week but the Big Spring delegation probably outnumbered the Cooper fans, at that.

Cooper is fighting a big battle with a short stick and coach Clovis Riley is on the griddle because the Cougars are taking their lumps. Help is on the way, however. All the players from a junior high team which hasn't even been scored on over there are headed for Cooper.

* * * *

San Angelo football partisans will be replaying last week's game with Abilene for a long time to come.

Jim Rich of the Bobcats insists he didn't fumble at the one late in the game, that he merely heard the referee's whistle and relaxed his grip on the ball. The officials ruled otherwise, however, and gave the ball to Abilene. The Cats' chances for victory went out the window then.

* * * *

This year's 2-AAAA race is shaping up just as the observers said it would. One team is capable of getting high on one particular weekend and knocking off any other contingent.

This is the earliest in history that every team in the race has experienced at least one defeat.

* * * *

Pascual Piedfort, San Angelo's very able quarterback, spent last weekend in traction. He has a bad back.

* * * *

Atlanta may get into the bowl picture, once its $18 million stadium is completed.

The Georgia city usually has a bowl team in Georgia Tech and the Engineers are growing in stature each week this season. The Engineers, although unbeaten, are being ignored by the football poll people because they exited from the Southeastern Conference.

* * * *

Gene Henderson, who went from an assistant coach's job in Odessa to Nederland as head coach, has guided his club to six victories in its first seven games.

The Nederland club's most recent win was over arch rival Port Neches-Groves last weekend, 22-6. The game drew 12,000 fans. The Port Neches coach is Bum Phillips the former Amarillo and Texas Western mentor.

Superintendent of schools at Nederland is, of course, Emmett McKenzie, the one-time Big Spring coach. The superintendent at Port Neches is Gene McCollum, one-time Midland coach who was at the helm of the Port Neches team the year it played Big Spring in the State finals.

* * * *

When Cassius Clay and Sonny Liston fight Nov. 16, the theatres which will screen the bout via closed-circuit TV will ask upwards to $9 each for tickets.

* * * *

Ara Parseghian, Notre Dame's new football coach, says the new success of the Irish can be attributed to rules that permit platooning.

* * * *

That No. 33 in action for Big Spring in Abilene the other night was young Kirby Horton. Horton, only a sophomore, should be a great one before he's through.

Trojan Back Is Honored For Effort

By TED MEIER
Associated Press Sports Writer

Craig Fertig, quarterback for the University of Southern California Trojans, was named Back of the Week today by The Associated Press.

Fertig threw four touchdown passes and over-all completed 21 of 28 passes for 371 yards in a 26-21 victory over California last Saturday as the Trojans bounced back from their defeat at the hands of Ohio State the previous week.

In the last two minutes of play Fertig completed six straight passes for 95 yards, the last for 22 yards and the winning TD. In addition he averaged 37.6 yards on punts.

Bill Wolski, Notre Dame halfback; Jim Grabowski, Illinois fullback and Bob Schweickert, Virginia Tech quarterback, were high up in the weekly voting by sports writers and broadcasters.

Wolski rushed 18 times for 102 yards and scored three touchdowns as the Irish beat Stanford. One of his TD's was a 54-yard pass from John Huarte.

Grabowski also scored three touchdowns on runs of 33, nine and four yards. Altogether he rushed 171 yards on 27 carries against UCLA. This was the most Illini rushing yardage in one game since Abe Woodson's 181 against Minnesota eight years ago.

Schweickert scored two of Tech's touchdowns in an upset of Florida State. In addition he passed for the third touchdown and punted eight times for a 47.4-yard average to keep the Seminoles penned in their own territory much of the time.

Forsan Wins Over Dragons

FORSAN — The Forsan Buffalo Queens made it three basketball wins in a row by defeating Flower Grove, 56-34, here Tuesday night.

Forsan's B squad also won, turning back the Dragon reserves by a 33-21 tally. In that one, Ann Harrell and Katie Hodnett each tossed in 11 points for Forsan while Deryl Dunagan played an outstanding game in the backcourts for the winners.

Becky Haggard counted ten points for the visitors. The Forsan Bees currently boast a 2-0 record.

In A team action, Jody Dodd scored 20 points for Forsan while Maryetta Glaze had 17 for Flower Grove.

Patsy Gooch grabbed off eight rebounds for Forsan. Other outstanding guards for the winners were Susan Elrod and Valyncia Conway.

The Queens return to play next Tuesday, at which time they host Ira.

A game:

FORSAN (56)—Jody Dodd 9-3-20; Mary Simpson 2-2-6; Karen Lawson 4-2-4; Nancy Anderson 2-0-4; Mollie Condren 3-4-10; Sherry Wellraven 3-2-8. Totals 22-12-56.

FLOWER GROVE (34)—Maryetta Glaze 7-3-17; Fran Creighton 2-1-5; Caroline Nichols 2-4-8; Geneise Carmichael 1-1-3; Mary Perez 0-1-1. Totals 12-10-34.

Score by quarters:				
Forsan	15	33	45	56
Flower Grove	11	18	24	34

Gonzalez Wins Over Schmidt

HOUSTON (AP) — Manuel Gonzalez of Odessa, Tex., who ranks fourth in the world among the welterweights, used Canadian champion Peter Schmidt as a punching bag Tuesday night.

He knocked the Canadian down three times and finally had him in such straits that Referee Ernie Taylor stopped the fight at 2:59 of the eighth round.

Gonzalez, 152, knocked Schmidt down in the first round, put him down again in the seventh and then floored him for a count of eight in the eighth.

Gibbs Will Get Job Opportunity

DALLAS (AP)—Sonny Gibbs, the Texas Christian quarterback who sat out last season with Dallas and then was waived out of the National Football League this year, has gone to Detroit.

Gibbs was sent to Toledo of the United Football League where he has been playing since the start of the NFL season. Detroit obtained him from Toledo as a free agent since the deadline on trades has passed.

But, said Tex Schramm, general manager of the Dallas Cowboys, Dallas still has Gibbs' contract for 1965 and an agreement has been reached with the Lions for a trade next year. Schramm said it probably would be for a draft choice.

Detroit obtained Gibbs as a replacement for injured quarterback Earl Morrall, who is on the Detroit reserve list for the remainder of the season. He will back up quarterback Milt Plum, the only quarterback left on the Detroit roster.

Gibbs still had about $30,000 on his no-cut contract with Dallas when Detroit obtained him.

BOWLING BRIEFS

FRIDAY NIGHT MIXED COUPLES

Lucious Jackson Not Involved In Scrap

By MURRAY CHASS
Associated Press Sports Writer

NEW YORK (AP) — Lucious Jackson must have brought some of that Olympic good will back from Tokyo with him.

Jackson, the 6-foot-9 star of the U.S. basketball championship game victory over Russia last week, exhibited peace-loving tendencies in his first National Basketball Association game Tuesday night.

They came during a fight that erupted between Jackson's Philadelphia teammate, Dave Gambee, and St. Louis' Charley Vaughan. When Gambee and Vaughan started swinging at each other at one end of the court, players from both benches rushed to join in.

Not Jackson, though.

"I was standing there keeping more guys from getting on the pile," the 240-pounder explained afterward. "I was watching."

That was about the only time during the game, though, that Jackson just stood around watching.

The rookie from Pan American College made his presence felt, particularly under the boards in Philadelphia's 100-81 victory over the previously undefeated Hawks. Boston crushed New York 131-103 in the second game of the doubleheader.

Jackson scored only 10 points but grabbed 14 rebounds, high in the contest.

The undefeated Celtics completely crushed the Knickerbockers as Sam Jones scored 27 points in the first half. He wound up with 30 in all. Boston, winning its fifth game, jumped to a 29-6 margin in the first 6½ minutes of play. Willis Reed led the Knicks with 20 points.

In the only other game played, the San Francisco Warriors won their first game of the season, defeating the Baltimore Bullets 101-90 at Oakland. Nate Thurmond sparked the Warriors with 28 points and 37 rebounds. Don Ohl and Bailey Howell were high for the Bullets with 21 points each.

Goliad Edges Edison, 8-6

SAN ANGELO — Big Spring Goliad's eighth graders ran their football record to 5-1 by humbling San Angelo Edison, 8-6, in a dingdong battle here Thursday evening.

Goliad scored on the second play of the second quarter when Kenneth Barfield went 23 yards on a dive play. The all-important extra points were scored on a pass from Ford Farris to Barfield.

The score remained 8-0 until the last 3½ minutes, when the Crimson Tide chugged across by inches on a fourth down play.

A 75-yard run set up the Edison score. The Tide ball carrier would have gone all the way, had not Steve Russell cut across the field and made the tackle around the 20.

The Mavericks came close to scoring on four other occasions, moving inside San Angelo's 15 that many times.

Coach Oakey Hagood said the goal line stand the Goliad boys staged in the waning minutes of the game, when Edison scored its only TD, was perhaps the outstanding feature of the contest.

On offense, James Newman, Mike Bethell, Gary Chrane, Barfield and Farris stood out for Big Spring. On defense Kyle McAlister, Jimmy Wilson, Charley Lewis, Chrane, Barfield, Steve Russell, Kenneth Brown and Terry Jenkins excelled for Goliad.

When Edison attempted to jam across the two extra points that would have tied the score, Russell, Gregg Lewis and McAlister raced in to arrest the ball carrier short of the goal.

The Mavericks go to Sweetwater a week from tomorrow for a 6:30 p.m. engagement.

Montgomery Hard To Knock Down

Scout Allen Simpson described Midland High, next football opponent of the Big Spring Steers, as a team with strong personnel and lots of ability in a talk made before members of the Quarterback Club at the High School Cafeteria Tuesday night.

Ross ("The Hoss") Montgomery is the gang-buster in the Midland attack, Simpson said. The Bulldogs have other outstanding players, however, among them end Mack Lawrence, a 202-pound end; center Marc Farris, guard Wayne Merritt; quarterback Bobby Cutshall and fullback Scooter Taylor.

Montgomery is a 223-pound fullback capable of running the 100 in 9.8. Ross was used only for kicking duties against Big Spring last year due to leg miseries but he's ready to go full throttle this year.

The Midland quarterback generally gives the ball to him and aims him at one tackle or another or else sends the elusive Taylor wide. When all else fails, he passes to Lawrence, Montgomery or anyone else who might be open.

Midland's most impressive achievement to date has been a 6-0 victory over Abilene High, now ranked tenth in the state by some observers.

Coach Don Robbins said the Steers are in better physical condition than they have been in three weeks but two members of the squad have come down with the flu. They are tackle Skipper Sabbato and end Harold Newton. Both saw a lot of action against Abilene Cooper last week.

Robbins said the Steers, in his estimation, didn't play an outstanding game against Cooper but added that "the coaching staff was grateful for the victory."

He added that the boys appeared to have a positive attitude for the upcoming challenge and had shown to advantage in workouts. He urged the supporters of the team to offer them encouragement and support.

Robbins had particular praise for such boys as Willie Roy Johnson, Dub McMeans, Yogi Anderson, Don White and Johnny Hughes, among others, for their performance against Cooper.

The QBC members watched films of the Cooper game immediately prior to Simpson's scouting report.

Rockets Are Beaten, 16-8

SAN ANGELO—San Angelo Blackshear gained revenge for an early season defeat at the hands of Big Spring Lakeview by defeating the Rockets, 16-8, here Thursday evening.

Lakeview scored in the final 20 seconds of the game when Claude Tucker caught a 20-yard pass from Tommy Mitchell. Tucker also ran across the two extra points. Ronald Wrightsil set the drive in motion by recovering a San Angelo fumble on the enemy 20.

Bobby Dean Lacy passed 20 yards to Carl Johnson for Blackshear's first score in the opening period and Darrell Jones ran across the conversion try.

The Leopards scored again in the third when Herman Rose ran ten yards. Jones added the extra points on a run.

Big Spring threatened seriously on two occasions in the second period, once going to the seven and again to the one, but lost the ball on fumbles each time.

On offense, guard Thomas Jones and wingback Hubert Williams stood out for Lakeview while linebacker Gwen Johnson, tackle Wrightsil and safety Leonard Evans starred on defense for Big Spring.

Lakeview, which now has a 3-1 record, visits Abilene Nov. 3 for a game with Woodson Junior High.

Stanka Is Big Star In Japan

WAYNOKA, Okla. (AP) — Big Joe Stanka, who left the Chicago White Sox after the 1959 season because his proffered contract wasn't too good, earns around $35,000 a year playing baseball in Japan and says he would not like to be in the sport in the United States now.

Stanka, 6-foot-5 and red-haired, pitched his Nankai Hawks to the Japanese World Series championship. He started four games in the series and won three, all shutouts.

"There are six teams in our league and three of them are in Osaka where we live," he said, explaining why he likes to play ball in Japan. "I'm home most of the time. Also, I pitch one night, then I'm off until I start again. I don't pitch in relief."

Unitas Lauded By Don Shula

BALTIMORE (AP) — "Here's John Unitas, the greatest quarterback in National Football League history," was the introduction by Coach Don Shula at a luncheon in honor of the Baltimore Colts.

"Coach, you got some nerve," said Unitas.

The reaction has been typical of the outspoken Unitas to the praise being lavished on him once again now that the Baltimore Colts are riding high. At the same luncheon, he referred to some backslappers as "front runners."

Unitas is being toasted because the Colts have crossed the goal line 31 times in winning six out of seven games to lead the Western Conference. He can recall last season when they scored only 35 touchdowns in 14 games and there were boos.

"Our offensive line took a lot of abuse unnecessarily," says Unitas. "I never thought the line was over the hill, although a lot of people did. They are now getting some well deserved recognition."

If anything was to blame, it was lack of a running attack.

"Consequently we had to throw 75 to 80 per cent of the time," Unitas explains. "If you have only one offensive phase, a passing attack, then the defense can blow in on the offensive line and they have to break down a couple of times during a game."

Unitas squelches any idea that the Colts have found something or somebody new that suddenly turned them into a high scoring outfit.

FIGHT RESULTS

TUESDAY NIGHT

LONDON—Bill Nielsen, 202½, Omaha, Neb., won on disqualification from Johnny Prescott, 197, England, 8.

NEW YORK—George Cahill, 171, New York, stopped Stan Mitchell, 175, New York, 2.

HOUSTON — Manuel Gonzalez, 152, Houston, stopped Peter Schmidt, 151, Toronto, 8.

NORTH DARTMOUTH, Mass. — Brad Silas, 144, Washington, D. C., outpointed Dick French, 145, Providence, R. I., 10.

NCAA Likely To Renew War Next Week

NEW YORK (AP) — The skirmishing has started and the first major shot is expected next week, now that the Olympics have ended, an end that also terminated the AAU-NCAA truce so carefully forged by the late Gen. Douglas MacArthur.

"There are no more rules," an NCAA spokesman told The Associated Press Tuesday, "not unless the government steps in again. I think it's safe to say that something more than talk is going to happen."

At stake in the fight, which was recessed after the late President Kennedy asked Gen. MacArthur to step in, is control of amateur athletics in this country.

The major participants are the Amateur Athletic Union and the various sports federations fostered by the National Collegiate Athletic Association. The federations cover track and field, gymnastics, basketball and wrestling.

"The track and field federation is the one," the NCAA source said. "The gymansts, the wrestlers pretty much go their own way. The AAU isn't concerned. Basketball becomes an issue only in an Olympic year."

"So the track and field federation will be the first to test its strength, a test that undoubtedly will come at the start of the indoor season.

"The NCAA Council is meeting this weekend. They undoubtedly will formulate and publish a policy. The NCAA members want a policy, a guideline, something to stand on. This policy should be newsworthy."

It works like this:

The AAU holds the international franchises for sanctioning of amateur sports in this country. The NCAA, which represents the nation's colleges and their athletes, feels it should have a greater voice in the administration and sanctioning of their athletes in international competition.

That, essentially, is what the fight is all about.

Cowgirls Win Over Queens

ABILENE — Hardin - Simmons' Cowgirls defeated the HCJC Jayhawk Queens, 45-31, in a basketball game here Monday evening.

Patty Jones of Eula led the Queens in scoring with 15 points while Sandy Fryar of Coahoma followed with six.

H-SU's top point-getter was Barbara Lakey of Hamlin, who registered 18 points. Bobby Powell followed with ten. H-SU led at half time, 22-10.

HCJC returns to competition Nov. 10, meeting Coahoma High School in Coahoma.

HCJC (31)—Patty Jones 5-5-15; Marsonette Cox 0-1-1; Sandy Fryar 2-2-6; Gayle Bailey 0-1-1; Marsha Morrow 0-0-0; Shirlene Richters 2-0-4; Sandra Madgitte 0-0-0; Connie Johnson 2-0-4. Totals 11-9-31.

HSU— (45)—Bobby Powell 4-2-10; Barbara Lakey 8-2-18; Zelda Bodine 1-3-5; Nancy Spill 2-1-5; Kathy Smith 1-1-3; Peggy Davis 1-1-3; Sandra Ellis 0-0-0; Barbara Fletcher 0-1-1. Totals 17-11-45.

Texas Exes Will See Game Film

Members of the University of Texas Ex-Students association will view a film of the Texas-Arkansas game at 7:30 p.m. Thursday in Room 8 of the Science building at HCJC.

Present plans call for some Texas football film to be shown to members at all future meetings of the organization.

Bob Kennedy, Foe On TV Separately

NEW YORK (AP) — Accusing each other of ducking a face-to-face television debate, Republican Sen. Kenneth B. Keating and his Democratic opponent, Robert F. Kennedy, went on back-to-back telecasts Tuesday night.

Kennedy appeared outside the studio as Keating began "debating" an empty chair, but was barred from entering. Each side gave different explanations.

After Keating's half-hour, on which he said Kennedy's campaign was dirty and ruthless, Kennedy went on his own show. He said all his charges against Keating were documented and that he had never questioned the senator's integrity.

COST OF SHOWS

Both candidates claimed they had accepted WCBS-TV's offer of free time for a debate, possibly on a statewide hookup. Each said the other had run out.

The separate, successive shows cost them $5,400 each.

The candidates presented widely differing views on a letter which the Fair Campaign Practices Committee sent Kennedy, but later withdrew.

Keating read from an account in the New York Herald Tribune, citing an alleged quotation from the letter. Keating said it confirmed his charge of distortion by Kennedy.

Alluding to reports that the committee had withdrawn the letter, Keating said: "It makes no difference what this committee does now, under any arm twisting or whatever."

But Kennedy said he believed his integrity had been vindicated by the committee's withdrawal of the letter and its apology to him.

QUITS PANEL

Ralph McGill, publisher of the Atlanta Constitution, resigned from the committee because of the letter. He said it appeared the criticism of Kennedy was a committee action, but that he had not been consulted.

Bruce L. Felknor, the committee's executive director, had said that the Herald Tribune had obtained the quotations from the letter surreptitiously and over the committee's objections, and that, besides, the letter had been sent to Kennedy only to obtain further information from him.

After the television shows, the Keating camp said Kennedy's last - minute effort to appear with Keating was "eye-wash" because the station had set a 3:30 p.m. deadline for acceptance of the debate offer, and Kennedy had not met it.

Learning that Keating had purchased his own half-hour, Kennedy aides hurriedly purchased the following half-hour.

Rescued In Viet Nam

Capt. Jim Johnson, introduced to Rotarians by John Taylor Tuesday, told of his experiences in jungle survival while stationed in Viet Nam from 1962 until he came to Webb AFB for flight training. He completed his training at Webb last week, and will leave Jan. 1.

Capt. Johnson joined a Commando Unit in 1962 and went to Viet Nam. He had taken strenuous and intensive survival training for use in the jungles where Viet Cong guerrillas were operating. On his seventh combat training flight in a B-26, just 500 feet over the jungles, both engines went out and Capt. Johnson bailed out. His parachute opened just soon enough to let him down in the trees without injury. His pilot did not get out.

He had been taught to be prepared for survival in case he was let down in the midst of guerilla country.

"The thing that kept me from panic, when I found myself in the predicament, was I sat down and got organized," he said, "I did not attempt to take my parachute which could have been used for shelter and warmth, because it seemed I had only a few minutes to get out. I left no tracks, but went over rocks, through water, and jungle, hunting an opening through which I could signal searchers whom I knew would hunt for seven days."

The captain said he was always on the watch for jungle animals and reptiles, and that he eventually quit following game trails because he ran across a python stretched across the trail and couldn't tell which end the head was on. He was also followed by a tiger which left after he threw a rock close by.

"That tiger apparently had never seen a man," he said.

In reciting his experiences Capt. Johnson said the limit of survival had been set at 48 hours in the jungle. He said he was rescued just 47½ hours after he bailed out of his aircraft. He also said that he was, so far, the first and only survivor of a B-26 in the jungle area.

Damage Suit Being Aired

A jury composed of six men and six women is expected to begin deliberation late today in the damage suit on trial in the 118th District Court.

The trial opened Tuesday morning. The case is styled Charles O. Stricklin et al vs. R. R. Kennedy Trucking Inc. The suit stems from a traffic mishap which occurred seven years ago on IS 20 east of town.

Judge Ralph Caton, who is presiding in the case, said that he had instructed the jury panel to report back to court at 9 a.m. Thursday. Third case to come up for trial is a compensation matter styled Joe Seabolt vs. Travelers Insurance Co.

If the Stricklin case is closed today and the Seabolt trial opens Thursday, it is not likely that the other two cases on this week's docket, which were announced ready, will come up for hearing, officials said.

Duo Plays For Organ Society

Musical selections from the Gail George duo highlighted a monthly meeting of the Big Spring Organ Society Tuesday night, an organization recently formed for persons interested in organ music.

The next meeting of the group has been scheduled for Nov. 17, instead of the last Tuesday of the month, Mrs. Lee Porter, secretary, related. Some 22 persons were present for the program Tuesday night.

The organization is open to anyone interested in organ music, whether they are able to play or not, Mrs. Porter said.

Marijuana Worth $375,000 On Underworld Market

Department of Public Safety Director Col. Homer Garrison inspects a 375-pound cache of marijuana in Austin after it was seized in Temple when State Highway Patrolman Hollie Tull stopped an auto on a routine check. Authorities said the driver of the car said he was en route to Dallas with the haul, estimated to be worth $375,000 on the underworld market. (AP WIREPHOTO)

Harsh Reality Vs. Fancy: Hungry India Dreams Big

NEW DELHI, India (AP) — Standing before kings, princes and premieres at the Cairo nonaligned conference this month, Prime Minister Lal Bahadur Shastri declared India is technically capable of producing nuclear weapons.

Returning home a few days later, Shastri gathered his worried Cabinet ministers to discuss the nation's food crisis and learned there was not enough sugar, bread and milk for the 2½ million residents of his already hungry capital.

The nonaligned leaders got a picture of great technical advancement in India. The Cabinet ministers were advised to eat raw unprocessed sugar to set an example.

These contradictory events illustrate a tremendous gulf — it is apparent that while India dreams of steel mills, jet fighters and transistor radios, India cannot feed itself.

U.S. WHEAT

The awesome food facts are these:

—India's population, now about 480 million, is growing by 10-12 million annually.

—Production of foodgrains, staple of all India diets, has been stagnant for three years and probably will remain stagnant for a while.

—Only continued emergency shipments of U.S. wheat will ward off starvation because even if India spent every bit of available foreign exchange it could not purchase s six-month supply of wheat on world markets.

The harsh reality is that India's population is increasing faster than its economic growth. Instead of moving ahead, the nation's economy as a whole is slipping backward.

America has spent tremendous sums in India — almost $6 billion since 1956 — and is shipping in 600,000 tons of wheat a month. Even this expensive aid effort hasn't been enough to guarantee food for all. The Soviet Union, with an eye toward propaganda, has emphasized flashy assistance projects on businesslike terms, leaving Washington and a few other Western capitals holding the costly bag.

With discontent widespread in India and food demonstrations breaking out, the political implications are enormous.

Vast, sprawling India, though militarily weak, is the key to the East-West power balance in Asia. Only India has the manpower to come close to countering the 700 millions of Communist China.

TESTING GROUND

And India, "the world's largest democracy," serves as a testing ground for America's argument that newly independent, underdeveloped nations can work out their problems through democratic government.

Many undecided nations of Asia and Africa, not at all convinced there is inherent goodness in democracy, are watching both Communist China and India. The nation that advances fastest may serve as the model for other countries that want refrigerators, radios and food.

If India falters or seeks solutions by turning to authoritarianism — Communist, conservative or military — America's cause would suffer a stunning blow.

At the moment, things have not deteriorated that far. The Indian people have survived many crises through the centuries and things have a way of happening slowly in India.

But is clear that an acute crisis exists and that the final answer lies in how long the human misery of the country-side will stay bottled up. The government entangled in a maze of bureaucracy, needs time.

Hiked Citrus Output Due

WASHINGTON (AP) — The Agriculture Department said today a sharp increase in production of citrus fruits is in prospect for 1964-65, due largely to rapid recovery of trees in Florida and Texas from freezes in 1962.

It predicted that the increase will mean greater supplies of frozen orange concentrate and other processed items.

Production of other fruits, the department said, may not match in 1965 the record 1964 crop which benefited from generally favorable weather.

"From now until mid-1965," the department said in a summary of the fruit situation, "total supplies of processed noncitrus fruits are expected to be much larger than a year earlier. Continued strong consumer demand for fresh and processed fruit is in prospect."

The summary said exports of both fresh and processed fruits are expected to be moderately larger in the 1964-65 season than a year ago, with most of the gain in processed fruits. It said canned peaches and fruit cocktail—leading export items—are in record supply.

It also reported that increases are possible in dried prunes and raisins, export of fresh fruits may match the 1963-64 volume and some gain may be recorded in tree nut exports mainly because of the large 1964 almond crop.

The summary, discussing citrus fruits, said the crop of early, mid-season and navel oranges is forecast at 60.6 million boxes, up 37 per cent from the 1963-64 crop.

Florida orange production is expected to be 83.6 million boxes up 43 per cent and the grapefruit production, including California, is expected to be 40.8 million boxes, up 25 per cent.

University Loan Okayed

WASHINGTON (AP) — The World Bank today formally signed its first loan in the field of education — providing the University of Philippines with $6 milion to expand and equip its School of Agriculture as a training center for Asian students and technicians.

Gen. Carlos P. Romulo, who signed the 30-year-loan both for the Philippine government and the university, said the funds would not only help in the realization of the Philippine national development program but at the same time serve the needs of the emerging societies in Asia.

Romulo is president of the university.

Post Office Seeks Bids On Route

The Post Office Department is seeking bids on operation of what it calls a "temporary" star route service between Big Spring and Midland, E. C. Boatler, postmaster, has been advised. Bids will be accepted until 4:30 p.m. Nov. 4.

Boatler said that he has no additional details on the project. No such service is currently operating and it is assumed the route is to be used on connection with the establishment of Midland as a district distribution postal service. Interested persons may obtain bid forms and additional information at the Big Spring post office. The bids should be sent to the Highway Transportation Branch, Transportation Division, P.O. Box 2258, Fort Worth, Texas, 76101.

Bush Should 'First Sing In Choir,' Patman Says

DALLAS (AP) — Rep. Wright Patman, D-Tex., asserted Tuesday that George Bush, Republican candidate for U. S. senator, should "sing in the choir before he tried to get in the pulpit."

This remark by the congressman from Texarkana drew cheers and laughter at a rally attended by more than 1,000 Democrats.

When I grew up in East Texas, out near Patman Switch, they had a rule that the new member of the church had to sing in the choir before he could preach from the pulpit," Patman said.

It was his way of saying that Bush needs legislative or congressional experience before serving in the Senate.

Other congressmen joining Sen. Ralph Yarborough at the gathering included Jim Wright of Fort Worth, Ray Roberts of McKinney and Graham Purcell of Wichita Falls.

Wright and Roberts said Texas cannot afford to have two Republican senators.

Purcell said Sen. Barry Goldwater and his campaign lead encourage teenagers to violate the law by ridiculing President Johnson and implying that the U. S. Supreme Court is tinged with communism.

Three Fined, One Injured

COLORADO CITY (SC) — Three Latin Americans were fined Monday in county court as a result of a Saturday night fracas in downtown Loraine which sent another to the Root Memorial Hospital in Colorado City.

Manuel Cuellar Jr., 22, of Hermleigh, was charged with aggravated assault in connection with the stabbing of Pedro Martinez, 16, Saturday night about 11 p.m. Officers said the stabbing resulted from an argument at a dance.

Martinez remained in the hospital Tuesday afternoon with knife wounds in the back and stomach, but was apparently recovering satisfactorily, according to hospital attendants.

Cuellar pleaded guilty in county court and was fined $25 and costs and sentenced to 30 days in the Mitchell County jail. Epifanio Cuellar, 25, was charged with fighting and fined $16.50 and costs. Brigiba De La Cruz, 18, Loraine, pleaded guilty to hitting Manuel Cuellar and was fined $25 and costs and sentenced to 30 days in the jail.

Permit Bid Turned Down

City commissioners approved several routine items, turned down a requested on-premises consumption permit and passed action on appointment of a city charter committee in the Tuesday night session at city hall.

Commissioners voted to turn down a request for an on-premises consumption permit for La Copa, 501½ NW 4th, requested by Mrs. Mary Esther Marquez. The commissioners pointed out that the request had not received approval by the police department or the city health inspector.

City Manager Larry Crow asked commissioners to pass the appointment of a charter committee to study revision of the city charter. Crow said a list of possible appointees had not been completed.

Other action included reappointment of Dr. John Hogan to serve as the city health officer, an appointment required by state law. Dr. Hogan has served in the capacity for the past two-year term.

A second reading approval was given for a zone change from one-family to retail for a tract of land at the northeast corner of the intersection of IS 20-US 87, requested by K. H. McGibbon for construction of a truck terminal. Also approved was a third reading of annexation of 3 2-3 acres adjacent to Muir Heights, requested by A. C. Kloven.

Travis Iglehart Dies Tuesday

COLORADO CITY (SC)—Funeral will be at 2 p.m. Thursday in the First Baptist Church for Travis Don Iglehart, 36, of Sand Springs, who died Tuesday morning of an apparent heart attack while en route from his home to a Big Spring hospital.

An oil field pumper, he had lived in Sand Springs about six weeks, previously living in Big Spring. He was born Nov. 11, 1927 at Colorado City and was a veteran of World War II.

Burial will be in Colorado City Cemetery under direction of Kiker and Sons Funeral Home. Survivors include his mother, Mrs. M. M. Iglehart, Colorado City; the widow; one son, Joe, and a daughter, Patricia, both of the home.

Carnival Planned

A pre-Halloween carnival is planned Thursday at 7 p.m. in the Lakeview Junior High School gym. The program is sponsored by the Lakeview P-TA, with no admission charge and open to the public. Games are planned and food will be served.

LEGAL NOTICE

STATE OF TEXAS
COUNTY OF HOWARD
NOTICE OF SALE

WHEREAS, by certain Order of Sale out of the 160th District Court of Dallas County, Texas, in Cause No. 49411-H, in favor of Lewis Grinnon Company, Plaintiff therein, against Oliver Reed et ux Lillian Reed, Defendants therein, on a certain judgment and decree of sale rendered on the 23rd day of February, A.D., 1960, and delivered to me, as Sheriff of the county and state aforesaid, commanding me as sheriff of said county and state to seize and sell the premises described in said Order of Sale, I, Sheriff, as aforesaid, did upon the 26th day of October, A.D., 1964, in obedience to said Order of Sale, seize and levy upon the estate, right, title, claim and interest which the Defendants Oliver Reed et ux Lillian Reed, had in and to the land in the County of Howard, State of Texas, to wit:

Being Lot No. 3 in Block No. G, Moore Heights Addition to the City of Big Spring, in Howard County, Texas; and on the 1st day of December, A.D., 1964, being the first Tuesday of said month, between the hours of 10:00 a.m. and 4:00 p.m., on said day, at the courthouse door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said Defendants, Oliver Reed et ux Lillian Reed, in and to said property, as required by said Order of Sale.

MILLER HARRIS, Sheriff
Howard County, Texas
By Ed Cherry

LEGAL NOTICE

NOTICE TO BIDDERS

Sealed proposals addressed to the City Commission of the City of Big Spring, Texas, will be received at the office of the City Manager, Big Spring, Texas, until 2:00 p.m. November 19, 1964 and then publicly opened, read and considered by the City Commission of said City, for furnishing all necessary materials, machinery, equipment, labor, superintendence and all other services required for the construction of certain street improvements in the City of Big Spring, Texas.

The principal items of work included in this project include the construction of curb and gutter, excavation, flexible base, asphaltic prime coat, and asphaltic concrete as described in the Proposal.

This paving, with curb where needed, will be according to plans and specifications on file with the City Secretary and City Engineer; paving of street and alley intersections will be done by the Contractor and paid for by the City. Payment for the remaining parts of the job will be made in assessment certificates, created by the City of Big Spring, Texas, acting under Article 1105b Texas Revised Civil Statutes.

Bidders for the construction work must submit a satisfactory cashier's or certified check, or a bidder's bond, payable without recourse to the order of George J. Zachariah, Mayor, in an amount not less than five (5) per cent of the total bid based on the highest total bid of the prices shown by the bidders on the estimated quantities upon which the bid is based, which check or bond shall be submitted as a guaranty that the bidder will enter into a contract and execute a performance bond within ten (10) days after notice of award of contract to him. Bids without required check or bond will not be considered.

The successful bidder for the construction work must furnish a satisfactory performance bond in the amount of 100 per cent of the total contract price, and a satisfactory payment bond in such amount, both duly executed by such bidder as principal and by a corporate surety duly authorized so to act under the laws of the State of Texas as Surety.

The right is reserved, as the interest of the Owner may require to reject any and all bids, and to waive any informality in bids received.

Plans, specifications and bidding documents may be obtained from the office of the City Engineer, Big Spring, Texas, on deposit of Twenty-Five Dollars ($25.00) per set, which sum so deposited will be refunded upon return of the documents or upon receipt of a bona fide bid.

Wages paid on this contract must be not less than the enclosed prevailing rates of wages. A detailed wage scale is included in the specifications.

Any bids received after the closing time will be returned unopened. No bid may be withdrawn for a period of thirty (30) days after the date on which the bids are open.

CITY OF BIG SPRING, TEXAS
Owner
Signed:
GEORGE J. ZACHARIAH, Mayor
ATTEST:
C. R. McClenny, City Secretary
(Seal)

LEGAL NOTICE

NO. 13977
CENTURY TRUST COMPANY VS. CHARLES V. SPURGIN and his wife, ALICE SPURGIN
IN THE DISTRICT COURT OF HOWARD COUNTY, TEXAS, 118TH JUDICIAL DISTRICT
ORDER OF SALE
THE STATE OF TEXAS

To any Sheriff or any Constable within the State of Texas—GREETINGS:

WHEREAS, on the 15th day of February, 1963, in the 118th District Court of Howard County in a suit wherein Century Trust Company was plaintiff and Charles V. Spurgin and his wife, Alice Spurgin were defendants, plaintiff recovered a judgment against defendants for the sum of $4,244.55 with interest at the rate of 6 per cent per annum from date thereof, and all costs of suit, with the foreclosure of a lien on the following described property:

Lots Seven (7) and Eight (8) in Block 34 of the Original Township of Forsan, Howard County, Texas, and that said property be sold as under execution in satisfaction of said judgment.

Therefore you are hereby commanded to seize the above-described property and sell the same as under execution in satisfaction of said judgment.

You are therefore further commanded, after such sale, to proceed, by virtue hereof, to place the purchaser of the property sold hereunder in possession thereof within thirty days after the day of sale.

Herein fail not, and have you the said moneys, together with this writ, showing how you executed the same, before said Court, at the Courthouse of said County within 30 days.

Given under my hand and seal of said Court at office in the County of Howard, Texas, this 8th day of October, 1964.

Signed:
R. W. CATON, Judge

Ballot Battle Steams Ahead In State Push

By The Associated Press

Some warmth was injected into the hitherto rather calm Texas campaign for governor Tuesday and the battle for ballots between Sen. Ralph Yarborough, D-Tex., and Republican rival George Bush steamed ahead briskly.

Texas campaigns such as that between veteran Democrat congressman George H. Mahon and Joe Phillips, Republican of Lubbock, for the 19th District seat also plugged forward.

Jack Crichton, GOP nominee for governor, and eight other Republicans seeking statewide offices brought Gov. Connally under sharp fire as they began an aerial tour due to take them into 20 cities.

Connally plugged for the election of nine Dallas Democrats running for state representative at an Austin news conference and then flew with them to Dallas, where he replied to one of his opponent's gibes.

Crichton quoted Connally as stating in the past that "the left wing ADA (Americans for Democratic Action) stands for everything Texas doesn't" and added:

"Two years later he's trying to get (Sen. Hubert) Humphrey elected vice president. . . Connally has sacrificed principle to retain political power."

CONNALLY REPLY

Connally replied directly in a Dallas interview:

"I never was much for guilt by association. I don't think Hubert (one of the ADA's founders) believes in all the ADA proposals any more than Barry Goldwater believes in all that the NAACP stands for. He (Goldwater) is a dues paying member of the NAACP, you know."

Crichton also said his party's candidates are pledged to preventing higher taxes while Connally has stated an increase will be necessary and "he did not rule out the possibility of a state income tax."

Stops were made Tuesday by the touring Republicans at San Antonio, Brownsville, Port Isabel, Los Fresnos, San Benito, Harlingen, McAllen and Laredo.

The Dallas candidates for the legislature were luncheon guests of Connally and they conferred with the governor at the Capitol in the afternoon. Rep. Ben Atwell is the lone member of the group now a member of the House. Republicans hold other Dallas County seats.

"It is unlike Dallas, which traditionally shows initiative and drive, to have representatives taking a position of pure obstruction," Connally said in urging the county's voters to oust "obstructionist" Republican legislators.

Candidate

Joe Phillips of Lubbock, left, is the Republican candidate opposing veteran Democrat Cong. George H. Mahon for the 19th District seat. (AP WIREPHOTO)

TAKE TIME TO VOTE FOR

GEORGE BUSH

U.S. SENATOR

GEORGE BUSH is guided by Christian principles. He will work to stop moral decay—crime—riots in the streets.

GEORGE BUSH will make Texans a good U.S. SENATOR. Great

(Pol. Adv. Pd. by Republican Party of Howard County, Bill Sheppard, Chairman)

Candidate Expense Reports Place Senate Race At Top

AUSTIN (AP)—Expense reports filed with the secretary of state indicate more money is being poured into Texas' hard-fought U.S. Senate race than any other statewide election contest.

George Bush, GOP political newcomer, reported he has spent $208,427 in his campaign against Sen. Ralph Yarborough, D-Tex. Bush said he has received contributions totaling $180,110.

Yarborough reported spending $27,184, gifts totaling $34,826 and debts of $12,161. The senator also reported receiving about $62,000 since the May 2 Democratic primary, which he said went to pay expenses of that race.

CONNALLY REPORT

Gov. John Connally said he has spent $42,386 in his bid for re-election, with gifts of $40,474 and debts totalling $29,503. Republican challenger Jack Crichton reported expenses of $38,065, contributions of $21,176 and debts of $20,332.

Rep.-at-large Joe Pool, D-Tex., said his campaign has cost $1,999 and contributions add up to $6,555. His GOP opponent, Bill Hayes, reported gifts of $4,591 and payments of $3,938.

Personal contributions of $1,000 or more listed in the reports included:

Bush—O. W. Morton, Jefferson, $1,000; C. L. McManus, $1,000; M. E. O'Connor, Victoria, $1,000, and Henry Vance, Boston, $1,000.

Yarborough—Mrs. J. Parten, Houston, $2,000; W. Moran Houston, $1,000; F. Masten, Sudan, $1,000; B. Goldberg, Houston, $3,500; J. Feinberg, Houston, $1,500; J. Smith, Amarillo, $1,000; J. Yarborough, El Paso, $1,500.

BIGGER GIFTS

CRISS-CROSS

Featherlight panty girdles

Now enjoy famous Sarong Criss-Cross control in a featherlight panty girdle.

Exclusive double-front panels flatten tummy firmly... lift up to slim and trim you naturally. Back profile looks prettier, too—contoured for a more natural look.

Just 3 ounces of light, airy SPANDEX does it—so light you'll barely know you're wearing a panty girdle. Great for the girl on the go... for casual or dressy occasions. The price is light, too!

Regular panty girdle $7.95. Matching extra long-leg panty girdle only $8.95. Sizes: Petite through large. Machine-washable!

Hemphill-Wells

Side panels: Nylon and Spandex. Front panel and middle panel: 65% Nylon, 35% Cotton. Back panel: Nylon Lycra Sp.
