U.S. Forces 'Take Over' Berlin Station

U. S. TAKES TO AIR TO BEAT SOVIET BLOCKADE—Passengers board a U. S. Air Force plane at Frankfurt for Berlin in the first emergency flight since the Russians began their land blockade of Berlin. The Russians, tartly rejected western protests on the land blockade, hinted a possible new moves to push Americans, British and French out of the city. U. S. Air Force planes, carrying food and passengers, were landing at Tempelhof Airport, the U.S. field in Berlin. See story in column 8. (AP Wirephoto via radio Frankfurt).

Testimony In Trial Closed

CROSBYTON, April 2 (Special) —Testimony in the murder trial of W. Fred Jones was completed in 72nd district court here today about 5 p.m. The charge was being prepared by the court tonight.

It was expected that the charge would be read to the jury about noon tomorrow. Arguments by both sides would then be in order.

Character witnesses who testified this afternoon questioned the reputation of Jones as to truth.

Jones Takes Stand

Jones took the stand in his own defense early today.

He said he did not remember anything after returning to his store the night of Sept. 27, 1946, after a fruitless search in his pickup automobile for his wife and H. C. Love, jr.

He is charged with murder with malice of Love, 23.

Jones said his wife and Love, an employe of his store, left together in a car after he, his wife, Love and "Poss" Dillard had taken drinks together in the store and had returned there after eating at a cafe.

Jones, 38, was being cross-examined late this morning by Meade Griffin of Plainview, a special prosecutor.

The state had rested its case Thursday afternoon.

House Vote Assured On Oleo Tax Repeal

WASHINGTON, April 2 (AP)—House members will stand up and be counted for or against a bill to repeal federal oleomargarine taxes.

Oleo backers made this certain today by getting the signatures of 218 congressmen on a petition to bring the battle of the bread spreads out of a committee and on to the House floor, probably on April 26.

It was a sharp reverse for dairy forces, who had succeede in holding the bill in the Agriculture committee.

Seventeen Texans signed the petition. They were Beckworth, Burleson, Fisher, Gossett, Johnson, Lucas, Lyle, Mahon, Patman, Poage, Rayburn, Teague, Thomas, Thompson, West, and Wilson.

Isacson Is Denied Passport To Attend Conference In Paris

WASHINGTON, April 2 (AP)—Rep. Leo Isacson of New York, a Henry Wallace man, has been denied a passport to attend an international conference at Paris, a State department spokesman said tonight.

Isacson recently won a seat in Congress on the American Labor party ticket, with the backing of Wallace.

Isacson had told the department he planned to attend an international conference on aid to Greece. The conference is to be held in Paris this month.

The State department spokesman said the conference would include members of committees "which have been organized in most eastern European countries with the official sanction of those countries for the avowed purpose of furnishing material and morale assistance to the guerrilla forces in Greece."

Historic Bill Awaits Truman's Signature

Congress Puts Final Okay On Global Aid

By ED CREAGH
Associated Press Staff Writer

WASHINGTON, April 2—Congress roared final approval by an overwhelming margin today of a $6,098,000,000 global aid bill aimed at stemming the world tide of Communism with the goods of peace and the weapons of war.

The House passed the historic measure by a thunderous 318 to 75 vote shortly before 1 p. m. (CST) and the Senate shouted agreement, without even bothering to call the roll, less than two hours later.

President Truman was ready to sign the bill into law almost immediately, thus starting history's largest peacetime flow of American dollars, arms and reconstruction equipment to 18 countries east, west and south of the Soviet Union.

Funds Available Now

In the House, 167 Republicans and 151 Democrats voted for the bill and 62 Republicans, 11 Democrats and two American Laborites—both supporters of Henry A. Wallace—against it.

The long and bitterly debated program, which Russia already has declared its intention to wreck, will swing into action more than two weeks before the April 18 Italian elections in which the Communists will make a new, perhaps decisive bid for power.

Most of the actual funds remain to be voted later, but the Reconstruction Finance corporation can advance right away:

$1,000,000,000 for the European recovery program—to launch the so-called "Marshall plan" of helping 16 European countries and western Germany work their way toward Communism-proof economic health.

Speed Is Watchword

$50,000,000 each to China, Greece and Turkey. For Greece and Turkey, the U. S. aid is wholly military—to help them resist Communist pressure. China's share is partly military, partly economic.

The entire program—which will cost every man, woman and child in the United States an average of $42 for the first 12 or 14 months—was rushed toward the law books in a burst of speed that few would have believed possible when it started through the congressional mill three months ago.

Many veteran foes of past foreign aid programs shouted their "ayes" to this one, lining up with the majority view that the spread of Communism must be halted and that all efforts must be made to stop it by means short of war if war itself is to be avoided.

Countries sharing in the European program—first proposed by Secretary of State Marshall in a Harvard university speech last summer—are Austria, Belgium, Denmark, France, Greece, Iceland, Ireland, Italy, Luxembourg, the Netherlands, Norway, Portugal, Sweden, Switzerland, Turkey and Great Britain.

Western Germany and Trieste also are included.

Theft Reports Plague Officers

Law enforcement officers were investigating numerous reports of thefts last night, including additional 'raids' on irrigation well houses near the city, missing cars and a burglary at Slaton. Two of the automobiles had been recovered.

Three more batteries were reported Friday as stolen from irrigation well houses near Lubbock—two from C. R. Nix of a mile north of Monroe, the other from A. A. Cox of a half-mile east and a half-mile north of Monroe.

The sheriff's department was investigating.

At least one tip was being studied to determine whether it "fits" into a wave of such recent thefts.

Cars Are Found

Earlier in the week equipment from irrigation wells in the area was reported stolen and officers began an investigation to determine if a group was operating in taking such equipment.

A heavy automobile owned by Mrs. Arthur Lay of 2204 Thirty-first was recovered in 3700-block Ave. Q. It was stolen Thursday night.

One of two 1946 Chrysler sedans, owned by Dick Rountree of 1402 Twenty-fourth, also was recovered, but the other, owned by

WARNING ISSUED

Enemy Claimed Able To Bomb U. S.

(By The Associated Press)

NASHVILLE, Tenn. April 2.—The chief of the U. S. bomber force said tonight that aircraft "right now in the hands of potential enemies" can bomb any part of this country from bases already built.

They can do it by flying the polar routes, said the speaker, Gen. George C. Kenney, head of the Strategic Air Command.

Kenney,s speech was prepared for the convention of the Tennessee Reserve Officers association.

In it he said Russia is maintaining "huge armies and air forces" and Soviet factories "are building thousands of new bombers and new fighter planes."

Kenney warned against too much reliance on the atomic bomb.

"A large scale atomic bomb attack on this country could result in the destruction of a dozen of our major cities and a casualty list of millions on the opening day of a future war."

Four Children Are Injured In School Bus-Truck Collision

Four children were given emergency treatment at Plains clinic following a collision of a school bus and a truck at Monroe and Nineteenth street about 4 p. m. yesterday.

They were listed as Jean Sealey, about 13, Gloria Sealey, 7, Sharon Cartwright, 13, and Philip Russell, 14.

One of the Sealey girls was believed to have suffered a broken nose and cuts on the face. The Russell boy was reported to have suffered an arm laceration, and the others bruises and scratches.

Both vehicles were going west at the time of the accident. The truck had slowed down suddenly, and the bus swerved to avoid it but collided with the left rear of the truck, according to the highway patrol. The point of impact on the bus was the right door.

The state highway patrol was continuing an investigation of the accident.

Eisenhower Sounds Call For Draft Law

By JACK RUTLEDGE
Associated Press Staff Writer

WASHINGTON, April 2—General of the Army Dwight D Eisenhower called today for an immediate draft and offered to stay in uniform himself as long as needed.

The former Army chief of staff—in full uniform—appeared before the Senate Armed Services committee as the administration formally asked Congress for universal military training and the drafting of men 19 through 25.

Eisenhower's testimony climaxed a tidal wave of armed preparedness pleas by other generals, presidential candidates and others.

Manpower Needed

Crisply, the five-star general told the senators that the day of push-button warfare has not yet arrived. Manpower, he said, still is needed—just as it was needed in the invasion, directed by himself, of Europe.

Secretary of Defense Forrestal submitted his draft plans, along with a sample bill covering both the draft and UMT, to the Armed Services committees of both Houses.

Men 18 to 45 would be registered, under these recommendations, with non-veterans 19 to 26 liable for two years' military service.

Two Roman Catholic spokesmen, meanwhile, gave the senators differing views of UMT.

Cardinal Asks UMT

Cardinal Francis Spellman of New York reaffirmed his stand "in favor of universal military training as a necessary defense measure in the present times, under the present conditions."

Bishop Hugh Lamb of Philadelphia, speaking for Denis Cardinal Dougherty, protested against UMT except for a limited period.

Court Action In Strike Likely

(By The Associated Press)

A government move for a court order to halt the coal miners strike appeared as a strong prospect Friday.

Attorney General Tom Clark was to make an out-of-town speech Friday, but passed it up because of the coal strike situation.

President Truman is expected back in the capital today from a trip to Williamsburg, Va., and Clark apparently wants to be on hand to receive a possible presidential order.

Wor' ers Laid Off

The strike, meanwhile, bit deeper into industrial production. More than 41,000 worker in coal-dependent industries are idle. Although less than 10,000 steel workers have been laid off so far during the 19 days strike, producers say the numebr could grow to 50,000 in six more days.

In the strike of some 1,000 AFL financial workers at the New York Stock and Curb exchanges, pickets paraded with placards reading, "this is it." The move appeared to be the first step in the union's threat of a general strike in the city's financial district. The union asked employes of the Shields and Co., and E. F. Hutton Co. brokerage houses to join their walkout.

The 18-day-old strike of 100,000 CIO Packinghouse workers continued while a presidential fact-finding board worked on its report to be presented to Mr. Truman April 8. The report is needed before the government can seek a court order to end the strike.

With the mine workers and meat handlers on strike several thousands of other workers were made idle, bringing the nation's total of idle through work stoppages to more than 500,000.

CUT AFFECTS 52 MILLION TAXPAYERS THIS YEAR

Congress Brushes Aside President Truman's Veto To Enact $4,800,000,000 Slash In Income Taxes

By J. W. DAVIS
Associated Press Staff Writer

WASHINGTON, April 2 — Congress today enacted a $4,800,000,000 income tax cut. It brushed aside a veto message in which President Truman branded it a "reckless" measure that would sap America's strength at a time of world danger.

The vote was 311 to 88 in the House and 77 to 10 in the Senate.

The House margin was 45 votes larger than the necessary two-thirds. The Senate majority had 19 votes to spare.

Mr. Truman vainly argued that such a tax slash would fan the fires of inflation and weaken the country in its campaign to preserve "peace with justice against the forces of dissension and chaos." Opponents countered that the measure would spur production, strengthen the economy, and grant much-needed relief to a burdened public.

The bill, now a law without the President's signature, cuts taxes on 1948 income for all the 52,000,000 taxpayers. It removes entirely the federal income tax on 7,400,000 with smaller incomes.

Reductions for the others range from 12.6 per cent on the first $2,000 of taxable income (after deductions and exemptions). There is a 7.4 per cent cut on that part of the income above $2,000 and up to $136,700. For income above $136,700 the cut is 5 per cent.

Personal exemptions are raised from $500 to $600. Persons who are 65 or older get a $1,200 personal exemption. The blind get special benefits.

The bill applies the community property principle to all states. This allows wives and husbands to split the family income for tax reporting purposes.

Mr. Truman well knew in advance that he would be overridden on the tax-cutting issue. But he sent a 2,000-word veto message bristling with such words as "fiscal sleight of hand," "shortsighted," "an evil in disguise," and

Atomic Tests Are Hinted

(By The Associated Press)

HONOLULU, April 2.—A story in the Honolulu Advertiser that initial phases of atomic tests may have been under way at Eniwetok for two weeks drew no comment today from Pacific fleet headquarters.

The Advertiser said high officials of the Atomic Task force sailed for Eniwetok abroad the flagship Mt. McKinley on March 8. It said the departure from Pearl Harbor was in "easy binocular distance" of a Russian motor vessel in Honolulu harbor. The paper said four Russian sailing ships had departed only the day before.

Navy Asks Secrecy

The Mt. McKinley's departure was shrouded in Navy secrecy. On the sailing date, fleet headquarters asked Honolulu papers, news agencies and radio stations not to publish any ship or personnel movements related to Eniwetok. It did not mention specific ships or persons but said the request was on the grounds that such news would furnish a clue to Eniwetok experiment time tables.

The Advertiser's military reporter, Buck Buchwach, said his story was published March 30 only after a press association (United Press) had filed from Washington a story speculating that a new test explosions had been or soon would be conducted at Eniwetok.

Buchwach said he felt that distribution of such a story from Washington showed service secrecy arrangements were not effective and that he felt free to report information which was generally known in Honolulu.

It is not known what security precautions are taken on traffic movements to Eniwetok, the isolated Marshall island which has been set aside for atomic weapons proving ground.

The Advertiser story said that aboard the Mt. McKinley were Lt. Gen. John E. Hull, commander of the Eniwetok task force; Maj. Gen. William E. Kepner and Rear Adm. William S. Parsons, his deputies; Karol K. Forman. Scientific director of the Eniwetok grounds; and a number of other key personnel.

Kerrville Warehouse Fire Loss Estimated At $300,000

KERRVILLE, April 2 (AP)—The Schreiner wool and mohair warehouse here was destroyed by fire today.

Ed Ferguson, office manager, and H. A. Ransleben, warehouse manager, said 400,000 pounds of mohair and 40,000 pounds of wool were lost. They estimated the total damage at about $300,000. Only the walls were left standing.

The warehouse is now owned by J. M. Lea Wool warehousers of San Angelo. Officials here said the building and contents were insured.

Persons across the street noticed the blaze about noon — while workers at the warehouse were at lunch. Kerrville firemen had difficulty entering the building because the doors were locked. Gas from the burning wool and mohair impeded their efforts.

Three Candidates Seek Posts In City

Light Vote Seen In Board Election Today

LUBBOCK and South Plains voters will go to the polls today in the annual election of trustees for school districts, marking the first balloting of a busy voting year.

Little interest has been noted in the Lubbock Independent School district contest in which three men are entered, or in area elections and with few exceptions light balloting is expected to feature the contests.

As is usual, apathy marked pre-election activities and indications were that with few exceptions light balloting will feature the vote.

In Lubbock, three candidates have announced for the two vacancies on the board of the Lubbock Independent school district. They are: Dr. G. G. Porter, osteopathic physician; G. C. (Mule) Dowell, automobile sales manager; and Glenn Woody, tire store owner.

Two Are Endorsed

The latter two candidates have been endorsed by the Lubbock School Improvement association, an organization which backed two successful candidates in last year's election. Dr. Porter is running as an independent candidate.

Ten polling places have been provided at schools throughout the city for the balloting. Polls open at 8 a. m. and close at 7 p. m.

Eligible voters are those persons over 21 years of age who have paid a poll tax or hold an exemption certificate and have resided in the state of Texas one year and in the school district six months. Veterans who have been discharged from service within the past 18 months may vote without a poll tax.

5,000 Ballots Printed

A total of 5,000 ballots has been printed for the election, although only slightly more than 2,100 votes were cast in last year's voting which was featured by an unusual amount of interest and campaigning on the part of candidates.

No campaigning or speech-making have been reported this spring and a light vote is expected.

The ten polling places and election judges are as follows:

Schools business office, 1007 Texas avenue: Glen Hess, Geo. W. Foster and Mrs. Frances Maddow

Sanders school: J. C. Royalty, J. T. Trigg and P. C. McCoy.

Wilson school: R. Bush Smith, Harry Delaney and John W. Wilson.

Junior High: H. W. Simms, C. C. Cox and H. C. Bowlin.

Dupree school: J. L. Murfee, Guy Casey and Homer Hunt.

Bean school: Carroll Thompson, L. C. Boyd and H. B. Bryan.

McWhorter school: W. O. Sheely, J. F. Eddleman and J. E. Reid.

Harwell school: F. L. Jones, W. A. Appling and J. B. Durham.

East Briadway school: Don L. Jones, Ed Moore and M. M. Styles.

Dunbar school: A. S. Jackson, A. C. Straley and H. G. Trammel.

DIFFERENCES IGNORED IN TALKS ON WORLD PEACE

Truman And Virginia Opponent Of Civil Rights Meet On Common Ground; Both Given Honorary Degrees

By ERNEST B. VACCARO
Associated Press Staff Writer

WILLIAMSBURG, Va. April 2—The march of events in an uneasy world brought President Truman and Governor William M. Tuck of Virginia together on common ground today.

Their differences over Mr. Truman's civil rights proposals were laid aside temporarily as they joined other speakers in an appraisal of the outlook for peace and the survival of free nations.

The occasion was a Canadian-American day ceremony on the peaceful campus of the College of William and Mary in which Prime Minister W. L. Mackenzie King of Canada warned that nations still free of Russian domination must unite lest they be destroyed "one by one."

Degrees Awarded

The President, Governor Tuck, Mackenzie King and Viscount Alexander, Canadian governor general, were awarded honorary doctor of laws degrees.

There was no great display of cordiality when the President arrived in the state of the governor who had advocated a law barring his name from the November election ballot in this state.

The governor, who arrived in Williamsburg from Richmond about the same time the President came in from Washington, met the chief executive at the college instead of with the welcoming party at a highway intersection at the edge of the city.

Later, seated on the platform at the outdoor exercises, only a few feet away from the governor, the President spoke extemporaneously of his hopes for world-wide peace.

He was "proud," he said, of the

Red Officials Surrounded In Rail Building

By WES GALLAGHER
Associated Press Staff Writer

BERLIN, April 2 — American troops surrounded a building which Soviet officials use to direct rail traffic in the eastern zone of Germany tonight and refused to allow any Russians to enter.

The building is in the American sector of the city. At least one Russian general was in the building at the time.

Although American officials declined comment, it was learned authoritatively Soviet officials in the building were told they could leave but could not return.

Freight Enters Zone

The American troops moved soon after word was received that an American freight train had entered the Soviet zone of Germany in a test of the Russian land blockade of Berlin. The train passed the Russian control point without incident or inspection. Two British trains also had entered.

Soviet officials were said to have demanded to know whether or not they were being evicted from the rail traffic building. The officer in command of the Americans merely replied he had orders not to permit Russians into the building.

Germans were allowed to enter and leave freely.

Several high Soviet officials, including the general, left and few remained.

Red Move Reported

Officials declined to comment on the move, but it was learned authoritatively that the action was taken because information had been received that the Soviets moved armed guards into the building secretly. The guards were reported still there tonight. It is a violation of existing four-power procedure, one official said privately, for armed guards of one power to be moved into the zone of another power.

The American move was expected to inconvenience considerably Soviet officials in directing rail movements in the eastern zone.

The railway building is near the Soviet sector but well within the American zone of the city. The Russians took over the building when they captured Berlin and retained it even after the city was occupied by the four powers.

To Boycott Committees

The Russians further ruptured the four-power government of the city today by announcing they were withdrawing from seven of the 19 committees in the Commandatura, governing body for the city, and the Russian official press threatened "sharper measures" in the political battle for Berlin.

Committees from which the Russians said they were withdrawing included transportation, communications, economics and public welfare. They asked that the work of the committees be merged with others.

The 54-car American freight was the first to pass through Soviet controls since they were imposed. It took 40 minutes to clear the Marienborn check point, the Army said.

The U. S. train commander followed usual procedure of handing military waybills on the cargo to Soviet control officials. Apparently no other documentation or inspection was asked. The train contained 509 tons of foodstuffs and other goods for American occupation forces.

If the same policy is followed in the future it will make it unnecessary for American forces in Berlin to be supplied by air. Air

10 Arabs Found Dead In Orange Grove; Death Toll Hits 2,300

JERUSALEM, April 2 (AP) — Palestine police said tonight that the bodies of 10 Arabs had been found in an orange grove near Rehovot in the coastal plains citrus belt.

An Arab who was working there told police he fled when Jews entered the groves and began shooting. One Jew was killed and two others were injured when Arabs attacked the Beth Alfa settlement in northern Palestine.

The Holy Land death toll since the United Nations voted for partition Nov. 29 climbed to 2,300, an unofficial tabulation showed.

A U. S. EUROPEAN CORPS?

Lodge's Idea Has Its Merits

THE proposal by Sen. Henry Cabot Lodge, of Massachusetts, that the U. S. Army be allowed to enlist 50,000 young Europeans, with American citizenship one of their eventual rewards, sounds like common sense.

Apparently there would be no difficulty in obtaining 50,000, or a great many more, such recruits. Abundant food and warm clothing would be powerful appeals among young men who now are virtually destitute. Perhaps even more appealing would be the promise of American citizenship after five years of honorable service. It would be about the only way many of the volunteers ever could hope to gain legal entry into the United States.

The apparent advantages of the plan from the American viewpoint are several. It should release an equal number of young American soldiers from the necessity of serving abroad. It would give the United States new contacts with people we are trying to help and work with. It might provide the nucleus about which much of Europe's manpower could be organized if war should break out.

The possibility naturally must be recognized that there might be sound objections to Senator Lodge's plan which would not be perceived by the average American. Unless there are such objections, most Americans are likely to feel that the sooner the plan is put into operation, the better it will be.

U.S. NOT READY FOR SHOWDOWN

'Ultimatum' To Reds Opposed

By RAY TUCKER
Special Correspondent

WASHINGTON—The "Russian war scare" on Capitol Hill has diminished perceptibly within the last week as a result of the behind-the-scenes briefing on diplomatic and military strategy which State Department and National Defense experts have given to Congressional committeemen. Secretary Marshall reverted to his role of American Chief of Staff, although he was ably assisted by Secretaries Forrestal and Royall.

Mr. Marshall emphasized the central fact that the United States is not prepared, materially, militarily or morally, for another major encounter at the present time. But he furnished even more cogent reasons in opposition to Senator Styles Bridges' demand that, as a preliminary to operation of the Marshall Plan, this nation assume a "thus far and no farther" attitude toward Communist aggression.

TUCKER

Such an ultimatum, in the opinion of the Secretary of State, would strengthen any enemy nation in a diplomatic and military way. It would make him aware of our program, and permit him to outwit us at every key point.

Almost every witness explained that fixing a final line against Russian advances would be to duplicate the mistake which Neville Chamberlain made when he told Hitler that England would fight if he invaded Poland.

Der Fuehrer accepted the challenge and precipitated hostilities at a time when neither England nor France was ready. He also picked on a country so isolated that its western allies could not send reinforcements.

* * *

PREY: In the present instance, it was noted, Czechoslovakia, Turkey, Greece or even Italy would become the present-day Poland. So would Western Germany, Finland and possibly France.

It would be almost impossible for us, in our present state of unpreparedness, to prevent any of those nations from falling prey to Stalin if we made his invasion of them a casus belli.

In short, the erection of a diplomatic or military Maginot Line would permit Russia to select the place and the time when we would have to fight—a definite asset to the other fellow in the boxing ring or on the battlefield. If there is to be a showdown, Secretary Marshall intimated, the United States and its allies should maneuver so that the advantage would be on our side.

* * *

DANGER: Secretary Marshall also listed other objections to making a definite engagement for hostilities with Russia along the line suggested by Senator Bridges and lately advanced by Speaker Joseph W. Martin, Jr.

He warned that there are so many "danger spots" throughout the world that we could not possibly select one as a possible point of combat without a fatal dispersal of our outnumbered forces. He asked, in effect, whether we should build our final barriers in Western Germany, Austria, Italy, the Middle East, Korea, Japan, India or the Scandinavian countries.

Any selection would remove control of our destiny from our own hands. Assured of American military support, any of those nations might precipitate a war without prior consultation with Washington. Or, fearful that their lands might become strategic terrain in any clash, as France, Belgium and Holland did in both global conflicts, they might hasten to make their peace with Moscow.

* * *

FLANK: Mr. Marshall's briefing seems to erase the possibility that the U. S. might do more than send a protest note if Italy falls to the Communists in the April 18 elections, especially if the balloting is clothed in quasi-legal forms.

But there persists the definite impression that the "democratic nations" cannot long defer a showdown if Stalin carries out his apparent plan to overrun the Scandinavian Peninsula.

City's Zoning Order Upheld

Judgement for plaintiffs and the intervenor, the City of Lubbock, was filed Friday by 99th District Judge G. V. Pardue in the injunctive action of Alton J. Ammons and others against Fort Worth and Denver City Railway company and others.

The court had heard evidence, after a jury was waived in the case, Jan. 6.

The judgement upheld the validity and constitutionality of city zoning ordinance No. 661. It further found that the ordinance is applicable to the defendant railway companies in their proposed extension of an industrial spur tract from the Denver's present terminus into a "C" district as designated by the zoning ordinance, over a 50-foot-wide strip owned by the defendants immediately adjacent to the eastward of blocks 1 and 6 of the Summerhill addition to Lubbock.

Appeal Is Planned

The judgement held that the zoning ordinance prohibits the construction of the spur; "said spur and the proposed use of it being a use prohibited by the said ordinance." Prior to construction of the spur defendants would be required to obtain a permit from the city and comply with all terms of the ordinance, it was held.

Judge Pardue further held that an injunction heretofore granted in the case is perpetuated and that defendants are perpetually enjoined from extending the spur into the "C" district without complying with the city's building code.

It was ordered that plaintiffs, Ammons and 18 other residents of the section affected, as wel as the intervenor, recover costs expended in the case.

The defense excepted to the judgement and gave notice of appeal to the court of civil appeals for the seventh supreme judicial district, of Amarillo.

America Leads In Naval And Air Power

U.S. Trails Soviets In Armed Manpower

By TEX EASLEY
Associated Press Staff Writer

WASHINGTON, April 2—Russia's armed forces, supplied with manpower through a compulsory military training system, far outnumbers those of the United States.

The big difference, according to the best information available here, lies in the size of the army of the two dominant world powers.

The United States is far ahead in naval strength (in vessels but not personnel) and has a slight edge in airpower.

While the Red army is reported to comprise units with a total between 4,000,000 and 5,000,000 men, including combat, service and military police, the American army has about 542,000 men.

Of the U. S. troops, 258,000 are overseas, 284,000 are in the continental limits of the nation.

Reds Have Jet Planes

The Russians had 12,500,000 men in the army at the end of the war; there were roughly about 8,500,000 in the U. S. army.

The Russian air force is believed to be equipped with 15,000 airplanes, with possibly an additional 15,000 in storage. This number includes about 2,000 or more of the latest jet fighters and several hundred heavy bombers, both believed to be copies of the very latest type American jet planes and B-29s.

The U. S. air units, including air force, Navy and Marine corps, are estimated to be equipped with 22,246 active planes, with an additional 15,292 stored away so they can be speedily put into operation.

Soviet Russian naval strength is believed to number about 500,000 personnel, manning at least 250 submarines (50 to 100 of the latest German type), three or four old battleships and about 100 destroyers and destroyer escorts and possibly one carrier.

Short Of Manpower

Comparable figures for the U. S. are 397,000 personnel (not including 81,000 Marines) 175 submarines, 16 battleships, 73 cruisers and 564 destroyers and destroyer escorts, and 102 carriers. However, as of now the U. S. has only 277 combatant vessels in its operating fleets and 179 of them are short of manpower.

Both navies have miscellaneous other types of craft, such as icebreakers, tankers and torpedo boats.

The draft in Russia takes in able - bodied youths at the age of 18. They are called in yearly under the old European compulsory military training system, with the annual classes identified by the year of birth of the new enrollees. They serve for two years in the army, or three years if in the air forces.

Commenting on this system, an army spokesman called attention to a recent announcement in Russian papers that Russia had discharged all except the 1926-1927 classes of soldiers, while the United States was planning to increase the size of its army. He pointed out that the announcement failed to note how many new men would be inducted during the year under the draft system.

He watched as cowhands roped, branded and loaded cattle for shipping.

Sneak Mountain Hunt Denied By Reynolds

SHANGHAI, April 2 (AP)—A top Chinese scientist charged tonight—and Milton Reynolds denied—that the Chicago millionaire tried to find the world's highest mountain on an unpublicized plane flight today, bypassing an agreed expedition.

The scientist, Dr. A. T. Sah, director general of the Academia Sinica, demanded that Reynolds and the Reynolds plane be detained by Shanghai authorities. He accused Reynolds of "deliberate violation of his agreement with the Chinese government."

Dr. Sah said he also would file a formal protest with U. S. Ambassador J. Leighton Stuart.

Reynolds declared he had not gone mountain-hunting on a 14-hour flight today but that he would go to Nanking Saturday "to talk things over with the boys." He said no effort had been made thus far to detain him or his four-engined C-87 plane "Explorer."

Petersburg Well Is Called Successful

A. H. Meadows, president of the General American Oil company of Dallas said Friday afternoon that "all element of doubt has been removed and we now have an oil well," the statement being mad after his return from Petersburg, where the A. F. Byrd No. 1, two miles northeast of town was preparing for a potential test.

A total of 1,500 feet of free oil and no water was reported standing in the hole Friday afternoon after 60 more feet of the pay section, 5,835-95, was perforated with 240 shots Thursday night.

Operator then came out of the casing and the well cleaned itself out.

Meadows said Friday afternoon that tubing would be run into the hole and tanks moved in. A test will be made, probably Sunday, he said.

An offset location to the well will be made sometime in the near future and other locations in a 3500-acre block in which the company is interested are planned.

Cotton Ginners Group Names Lubbock Man Vice-President

DALLAS, April 2 (AP)—The Texas Cotton Ginners association today passed a resolution intended to discourage discrimination against transient Latin-American farm workers.

H. P. Donigan of Whitewright was elected president.

Executive Secretary-Treasurer Jay C. Stilley called the resolution the most important work done by the association in its 35th annual meeting, which ended here today.

He said the resolution is intended to help persuade Mexico to lift its ban against hiring contract Mexican workers for Texas farmers.

Donigan, owner of several gins over the state, replaces Max C. Smith of San Marcos as president of the association. Other officers elected are W. O. Fortenberry, Lubbock, vice-president, and S. N. Reed, O'Brien, chairman of the executive committee.

FORT WORTH, April 2 (AP) — Paul O. Ridings will succeed his father, J. Willard Ridings, who died March 9, as head of the journalism department and director of publicity at Texas Christian university, Dr. M. E. Sadler, president of TCU, announced today.

Ridings is president of his own publicity and public relations firm in Chicago and is expected to arrive here in about two weeks. He was graduated from TCU in 1938 and received a master's degree in journalism from the University of Missouri in 1939.

GOP Leaders Seek Backing

(By The Associated Press)

MILWAUKEE, April 2—Harold E. Stassen and Gov. Thomas E Dewey crossed campaign trails in Wisconsin today, each trying to get in the final punch.

Dewey, winding up a vigorous two-day effort in behalf of his bid for the state's delegates to the Republican national convention, rammed into northwestern Wisconsin—strong Stassen territory. The former Minnesota governor matched Dewey's appearance of yesterday at Racine and in Milwaukee.

MacArthur In News

The name of Gen. Douglas MacArthur, the absent candidate in the tussle for Wisconsin's 27 delegates in Tuesday's balloting, was kept in the news through a little left-handed cooperation from state GOP Chairman Harvey Higley.

Higley, nominally neutral in the delegates struggle, showed a reporter a statement he said he had received from Ervin Hohensee predicting that Sen. Arthur Vandenberg of Michigan would support the general. Hohensee is listed as secretary of the MacArthur organization in Washington.

Higley, outwardly noncommittal but regarded as favoring Stassen, said the statement quoted a 1944 magazine article in which Vandenberg praised MacArthur. He said, however, that he did not believe the Michigan senator's views were similar now.

Dewey, making his pitch for support of farmers, told a meeting at Eau Claire:

"The government promised certain prices on hogs, poultry, eggs and other crops and then pulled the plug out from under them."

MARKET HOLDS GROUND

NEW YORK, April 2. (AP)— Stocks ran into further profit cashing today but the market stiffened selectively in the final hour.

Late timid buying followed quick action by Congress in overriding the presidential veto of the tax cut bill although this development had been pretty well discounted marketwise.

Early light selling was attributed mainly to the thought that the lengthy upswing called for a technical setback.

While modest plus signs were well distributed at the close, numerous losers remained. Volume tapered to 1,080,000 shares compared with 1,490,000 the day before.

The Associated Press 60-stock composite was unchanged at 65.3 after three straight advances. Of 1,022 issues registering, 379 fell, 373 rose and 270 were all even.

General Motors aded 1 at 56 and Rock Island railroad 1⅛ at 31¾. Lesser improvement was shown for Republic Steel, Goodyear, Anaconda, Santa Fe, United Air Lines and Transcontinental and Western Air.

Superior Oil dropped 2 points at 185 on only 300 shares. Smaller recessions were recorded for U. S. Steel, United Aircraft, Glenn Martin, Southern Railway, and Twentieth Century-Fox.

Bonds were narrow.

Cotton

NEW YORK REPORT

NEW YORK, April 2 (AP) — Cotton futures turned irregular today following early strength as the market encountered profit taking and hedging. Buying by leading spot firms against sales of cotton to China was fairly heavy in early trading, but tapered off thereafter. The July, October and December deliveries established new season's highs.

Sales of cotton to China were estimated by exporters at well over 300,000 bales.

New crop deliveries lagged on the advance, partly reflecting hesitancy until a clearer picture is available on the next cotton crop. Trade observers estimated a ten per cent increase in cotton acreage in the southeastern part of the belt.

Cotton closed barely steady.

Grain

CHICAGO REPORT

CHICAGO, April 2 (AP) — A firm trend in wheat and easier undertone in corn features dealings in grains today. Price changes were small in all pits.

Firmness in wheat was traced to belief the government had bought fairly large supplies of flour overnight. But best gains were not held when it became known the government did not want cash wheat at current prices.

Another sharp drop in live hog prices caused some selling in corn.

Wheat ended ¾ lower to ¼ higher, May $2.43¾-2.44, corn was 2 to 3 cents lower, May $2.18½-¼, oats were ⅝-⅞ lower, May $1.11¾-⅞, and soybeans were unchanged to a cent higher, May $3.74.

News Briefs

Approximately 70 men representing a cross-section of Lubbock business and civic life met in the South Ballroom at Hotel Lubbock Friday afternoon to lay plans for getting out a large vote in the city elections, set for next Tuesday. Called largely in the interests of the second term candidacy of Mayor Clarence Bestwick, the meeting was presided over by L. E. Davis and Marion Sanford, with brief remarks being made by J. D. Hassell, jr., Neil H. Wright, jr., Joe H. Bryant and Homer Hensley.

Glen Cain, 29, of Louisville, Texas, was under observation at Lubbock Memorial hospital last night after he had fallen from the second story of the new Hemphill - Wells building, 13th and Avenue K about 3:15 p. m. Friday. Cain was taken to the hospital by Plains Funeral Home ambulance where preliminary examination indicated that he suffered multiple bruises and lacerations. He is an employe of H. D. & T. J. Crigger Construction company.

A Court of Honor for Lubbock Boy Scouts was conducted last night in the 99th district court room at the courthouse. Awards were presented by H. E. Singley, jr., E. G. Pharr, Dr. C. C. Schmidt, and Harvey Austin. Troop 3 was first on the advancement ladder, and also won the general attendance contest. Approximately 350 persons attended the ceremonies.

In an accident about 9:30 o'clock last night at the intersection of Tenth and Ave. K, no one was injured but an automobile driven by Rowland E. Bell, of 2409 Twenty-first, was badly damaged. Bell was going west on Tenth, and another car driven by Chester D. Sikes, of Odessa, was going north on Ave. K when the two vehicles collided at about the center of the intersection.

traffic would be confined to passengers.

American authorities by-passed the land blockade today by flying in 34 plane-loads of supplies. At the peak of operations the planes dumped a ton of supplies a minute at Templehof airdrome.

Two British freight trains passed Soviet control points and moved toward Berlin from the British zone before the American train was dispatched.

American military personnel and civilians remained calm while U. S. Air Force transport planes, some still in their war paint and flying in formation, brought 55,000 pounds of food and more than 150 passengers to busy Templehof airdrome.

It was announced, however, that some food supplies will be rationed in a few days pending clarification of the supply situation.

Gen. Lucius D. Clay, the American commander, announced there will be no ordered evacuation of the American women and children here.

The American policy was to sit tight and wait for the Russians to make the next move.

Col. Sergei Tulpanov, chief of Soviet information, made one of the bitterest attacks yet on the western powers in a speech to Russian zone communists.

Answering what he said were the "shoutings of the western licensed press" against Soviet traffic restrictions, he declared.

"What we have decided certainly will remain in force."

He said these measures were necessary because "masses of spies" were entering the Soviet zone through Berlin, and because Berlin was being "plundered" by the Americans, British and thousands of Germans "with enormous sums of money" who were buying out the eastern zone and weakening its economy.

Draft Call Sounded

(Continued From Page One)

He said a permanent program "carries the seeds of a nation in decay."

Eisenhower, tapping the desk with his finger for emphasis, said airpower is of the greatest importance but it alone cannot win a war. He added:

"In any war now, the first 30 to 60 days may determine our ability to carry on We won't win a war that quickly, but the period is important."

He derided any suggestion that the military wants to take over the country. He said it is "not logical" for the Army to train American youth except as to "its martial aspects."

He said every generation in this country has faced a war of some kind.

Forrestal said the events of the past several weeks have re-emphasized the need for both UMT and the draft "from the standpoint of our national security and from the standpoint of the peace of the world."

The Senate committee, winding up its hearings, today heard Maj. Gen. M. J. Devine of Fort Knox, Ky. say that the Army's experimental universal military training program is working out fine.

Turkish Woman Says World Is At End Of 'Cabinet Diplomacy'

Miss Ismet Sanli, young Turkish newspaper woman and recognized authority on conditions in Turkey and the Middle East, told the approximately 235 assembled persons at Knife and Fork club dinner last night at Hilton hotel that the world has reached the end of what she termed "cabinet diplomacy."

"International relations through government bureaus is not enough," she said. "If we could reduce international relations to individual human relationships, we would be making a great step toward world peace."

Must Know Each Other

"If the world is to survive, people of the world must get to know each other, understand each other's problems, work together and exchange ideas," she stated.

Turkey, she said, is important in the present world situation because the country has become a vast no-man's land between two rival factions, the Communists of Russia and the democratic powers of the western world. Turkey is the last country which aligns itself with the western powers to survive adjacent to the Soviet sphere of influence.

Few people in the United States today know just what kind of country Turkey is at present. The general conception of Turkey and her people, she stated, is based upon the old days of the Ottoman empire, with its veiled women, outmoded customs and other equally distorted ideas.

The new Turkish republic under Mustapha Kemal Ataturk has brought about major political, religious, social, legal and educational reforms, she pointed out, in some ways advancing far ahead of the western world.

Mrs. Ivy Savage, principal of Roscoe Wilson school, introduced the speaker. Dr. Doyle F. Jackson, president of the club, presided.

Theft Reports

(Continued From Page One)

J. W. Daley of 2319 Thirtieth had not been found.

Rountree's car was discovered by Hoyt Weaver of 2209 Twenty-first, abandoned 14 miles south of Lubbock on U. S. highway 87.

Daley's car is green and bears license AN 5458.

Samuel J. Taylor, 43, Slaton negro, was charged yesterday in connection with the burglary Wednesday night of Ray C. Ayers & Son Feed Mill and Elevator company.

Taylor made a voluntary verbal statement to Ernest Ward, Slaton chief of police and deputy sheriff who arrested him, that he had stolen a quantity of unused fancy calico sacks suitable for dress material from the company.

Ward recovered approximately 225 of the sacks, and company officials estimated value of them at $94.90.

The negro later dictated a statement to E. G. Pharr, assistant district attorney at county jail admitting the burglary, officials said. Taylor's statement was corroborated by Joe Hill, 48, Slaton negro, who said that he saw the transfer of the property taken.

Bond of $1,000 was set for the accused man.

A $115 government check issued to a negro who works for Mrs. Elizabeth Breco of 1919 Ave. M, was stolen, along with other papers, when car pilferers ransacked an automobile belonging to Mrs. Breco. It was recovered, as was a can of film, police said, after the property had been abandoned at Nineteenth and Ave. M.

An automobile owned by Charlotte Ballow of 2628 Twenty-fourth also was broken into, and a camera was taken, police said.

A bike valued at $25 was stolen from George Thomas of 2425 Twenty-eighth.

Three Levelland men, 57, 35 and 27, were lodged in county jail overnight in connection with their transfer from Hockley county to Hopkins county for investigation into the fatal injuries of a child who was hit with a motor vehicle, it was announced here. Whether a charge had been filed was not known here.

A deputy sheriff and two highway patrolmen were the transfer agents.

Theft of a $50 suit from Charlie Johnson, of 2101 East Ave. A, was reported to police last night. A suspect was named.

An overcoat valued at $50 was reported stolen from George Ligon, of 2512 Twenty-seventh.

Kenneth Willis, Tech student, told police that someone had taken a black sun visor valued at $25 from a car parked near West Hall.

Long Thinks Texas 'Crazy' Not To Hike Natural Resources Tax

SAN ANGELO, April 2 (AP)—Earl K. Long, governor-elect of Louisiana, said today Texas "is crazy" if it doesn't get more state revenue from natural resources.

Long and a party of three stopped here overnight on their return trip from a vacation in Arizona.

In an interview, the governor-elect said: "I don't understand why a big state like Texas doesn't get more taxes out of natural resources, like we do in Louisiana."

He said that Louisiana has a two-cent tax on natural gas, while he believed that Texas tax was only about one-fifth cent. He thought Texas should have a two-cent tax too.

Long stated he thought Texas also was "missing the boat" by not getting more revenue from oil and other resources.

RANCHER DIES

MARSHALL, April 2. (AP)—Hervie Humlong, 52, former West Texas rancher and businessman, died here tonight of a heart ailment. Before the war, he operated a ranch and building materials firm at San Angelo. He held his ranching interests at the time of his death.

German Who Plotted Hitler's Death Three Times Turns To Defense Of 'Little Nazis'

By ROBERT HAEGER
United Press Staff Writer

WIESBADEN, Germany, April 2 — A German nobleman who tried three times to kill Adolf Hitler is defending Nazis for a living now.

The reformed assassin is scholarly, 40-year-old Fabian von Schlabrendorff, a local lawyer who pleads the cause of Hitler followers in denazification courts.

According to American intelligence officers, he is the "outstanding survivor" of the thousands involved in the abortive July 20, 1944, bomb plot on Hitler's life. Earlier, he was embroiled in two other assassination schemes which misfired.

In an interview, Von Schlabrendorff calmly analyzed his attempts to liquidate the Fuehrer and pointed out how chance or bad planning ruined each.

Criticizes Americans

Heated conviction replaced the scholarly approach as he discussed the "false" American system of denazification. He claimed it has degenerated into "renazification."

Waving a curved, foot-long briar pipe for emphasis, Von Schlabrendorff charges the Americans have gone "much too far" in their political clean-up.

"It is not right to prosecute every small follower," he said.

Therefore, the lawyer explained, he voluntarily devotes at least one-third of his time to defending the supporters of the man he tried to kill.

Escaped Death

The soft-spoken lawyer conceded he is alive to do so only because the Nazis were foolish enough to execute the only persons who knew of his connection with the July 20 affair before bringing him to trial in the notorious Peoples Court in Berlin.

After being tried four times, he was freed for lack of evidence, Von Schlabrendorff related. That did not stop the Gestapo, however. They ordered his execution by a firing squad, anyway.

"While in jail I had to sign a receipt for my death warrant," the Prussian-born attorney said laconically.

Before it could be carried out, he was rescued by American troops at Innsbruck, Austria, while en route between concentration camps.

Von Schlabrendorff, who served as a Russia-to-Berlin courier in the affair, is critical of the mechanics of the July 20 plot. Although the planted bomb nearly blew Hitler out of his East Prussian headquarters, the Prussian nobleman thought it a weak scheme because too many eyes were around. It was too big."

The lawyer analyzed a March 13, 1943, attempt as better.

Another Fizzle

That conspiracy fizzled out when a pair of British time bombs, disguised as cognac bottles, failed to blow Hitler to bits as he was flying back from a Russian front inspection.

Undiscouraged by failure, the lawyer became entangled in another scheme. He went to Berlin and turned his bombs over to a friend, Col. Rudolf von Gerstdorff.

Hitler unknowingly foiled the Von Schlabrendorff-Von Gerstdorff plan by leaving a memorial service for war dead in the Berlin customs house ahead of schedule—before Von Gerstdorff could pull a bomb from under his coat and heave it at the fuehrer.

Von Schlabrendorff regards his assassination career as a thing of the past. His target no longer exists.

He said: "I am firmly convinced that Hitler is really dead."

Tax Slash Voted

(Continued From Page One)

"inequitable as well as untimely."

Republican sponsors of the measure took all this in stride. They also took 82 House Democrats and 27 Senate Democrats along with them.

How they lined up:

House: 229 Republicans and 82 Democrats voted to override. Eighty-four Democrats, two Republicans (Carl Andresen of Minnesota and Morton of Kentucky) and the two American Labor party members voted to uphold the veto.

Senate: 50 Republicans and 27 Democrats voted to override. Ten Democrats voted to uphold the veto.

"This is the crowning feature of my life," exulted Rep. Knutson (R-Minn), chairman of the House Ways and Means committee and author of the original version of the bill. He wrote two tax cutting bills last year that Mr. Truman vetoed. Those vetoes stuck.

President Truman and Knutson both took note, from different angles, of the chances that taxes may yet have to be increased.

Said the President: "If I endorsed tax reduction now, knowing that to do so in all likelihood will mean increased taxes next year, I would not be dealing fairly with the American people."

Said Knutson: "If we go on a spending spree, it may be necessary to increase taxes later. We will cross that bridge when we come to it."

Marines Say Chinese Reds Fired At Them Without Warning

(By The Associated Press)

TSINGTAO, China, April 2 — Four U. S. Marines released by the Chinese Communists after three months capitivity said today they were fired upon without warning by the Reds.

Cpl. William L. Pollard of Fort Worth, Tex., said the fifth leatherneck in the Christmas duck hunting party fell mortally wounded in the first blast. He was PFC Charles J. Brayton, jr., Governor's Island, N. Y.

Waved Their Hats

Released at the coastal city of Haiyang north of here yesterday, the four marines said in an interview they did not know the Chinese they saw Christmas day were Communists.

"We thought they were Nationalists troops, so we waved our hats and hollered 'Meikuo' (American marines)", said Pollard.

"Then they opened fire point blank at us from about 200 yards."

Pollard said the marines did not return the Communists' fire.

"When the Reds stopped firing, we stood up from behind the jeep where we had run for shelter," he went on. "I saw Brayton lying on his back. He was bleeding from a wound in his arm."

Given No First Aid

Pollard said the Communists refused to let the marines administer first aid to Brayton.

Brig. Gen. G. C. Thomas, commanding fleet marine forces in the western Pacific, said Brayton's body would be returned to marine headquarters here in a few days. He did not elaborate.

The other marines, liberated after three months of negotiations between the Navy and the Communists, are PFC Carrol W. Dickerson, Olathe, Kas., Pvt. Robert Hart, Pittsburgh, Pa., and PFC Thomas Kapodistria, Buffalo, N. Y.

The man obligingly took a blanket from his bed, laid it over the stranger, and read his paper.

When the man awoke, he rubbed his eyes and said:

"Ow-w-w! I feel awful! Where am I?"

"You're not at home," his host replied.

The dazed intruder found he lived two doors away.

"I'll never touch it again," he told his neighbor.

Schoolboy Link Go Slated Today

Nine West Texas schoolboy golf teams will compete in the Lubbock High Class AA Invitational meet which opens at 10 o'clock this morning at Lubbock Country club, officials announced last night, with three of the highest-ranking teen-age golfers of the state slated to tangle for individual honors in the 36-hole medal play.

The top links entries include Johnny Evans of Amarillo, the 1946 champion of the Panhandle city; Gervis McGraw of Abilene, who holds the Abilene Country club course record with a nine under par 61 and who won the recent Southwestern Exposition golf tourney at Fort Worth; and Bobby Maxwell of Big Spring, twin brother of Billy Maxwell, youthful state links champion.

San Angelo Not Entered

The Abilene and Big Spring teams will be favored in the meet as a result of their talent-packed squads, although the host Lubbock Westerners will have the advantage of playing on their home grounds.

Other teams slated to battle for the championship trophy are Odessa, Plainview, Amarillo, Midland, Borger and Pampa. San Angelo notified meet officials that its team would be unable to enter the event, while Lamesa has not replied to an invitation to attend the meet.

Trophies To Be Given

Six players from each school will be allowed to compete in the tourney, officials said, but four members of each squad must be designated as the official team representative before play starts. All the players will be eligible to try for the trophies to be awarded to the low individual and runner-up, however. A revolving trophy will be presented to the team with the low composite score.

The Lubbock team will include Ross Mitchell, Billy Tatum, George Canon, Edward Beane, Clyde Mitchell and Jack Whitehead, sponsor Floyd Honey has announced. Herb Schroeder, Lubbock County club pro, serves as coach for the local squad.

Nine Teams Entered In Junior Track Go

Nine South Plains junior high cinder path teams will clash in the annual Lubbock Junior Invitational track meet, sponsored by the Lubbock public schools, which will get underway at 1:30 o'clock this afternoon at the Chapman field oval.

Andrews, Brownfield, Central Junior High of Lubbock, Levelland, Littlefield, Hale Center, O'Donnell, O. L. Slaton of Lubbock and Whiteface have turned in their entry blanks and an additional team may enter before the first event is unreeled.

O. L. Slaton's strong squad, sparked by top sprint students, is ranked as the meet favorite on the basis of early season performances, but Andrews, Littlefield, Levelland and Central of Lubbock are all considered strong contenders for the crown.

At least half a dozen records are expected to be marked up by the near-record field, with Central's Wayne Stroud favored to chalk up new 100 and 220 yard dash marks.

Separate divisions for seventh, eighth and ninth grade performers will be conducted, meet officials emphasized, with every youngster meeting competition of his own age and athletic level.

Junior High Sports League Is Proposed

Organization meeting of a new South Plains Junior High school athletic league will be held at 3:30 o'clock Sunday afternoon at Lubbock Senior High auditorium, officials announced last night, with representatives from Plainview, Brownfield, Levelland, Littlefield, Lamesa and three Lubbock Junior Highs slated to participate in formation of the loop.

The objective of the circuit will be to provide league football, basketball and track competition for the eight schools, officials said, in an extension of the regular high school athletic program.

The Lubbock members of the league will be the Central and O. L. Slaton Junior High schools and the J. T. Hutchinson Junior High now under construction in southwest Lubbock.

Bradley Outpoints Britton; Twelve Bouts Scheduled On Tonight's Card

By JOE KELLY
Avalanche Sports Editor

Quantity was sacrificed for quality in the second night of boxing in the Lubbock Junior Chamber of Commerce Boxing tournament, with a somewhat smaller crowd than Thursday night watching nine good fights, three of which were exhibitions, in Sled Allen's arena.

Only one technical knockout was scored and that by Richard Owens of Portales, N. M., over Phil Kemp of Lubbock in the first fight of the night. Kemp was pounded regularly and often by the taller, rangier Owens and Referee O. J. "Bo" Sexton stopped the bout at 1:48 of the first round.

Six-Year-Olds Fight

The bouts were started by the six-year old twins from Clovis, N.M., Johnny and Donny Adams, who put on a crowd-pleasing show with their punching and jabbing. The two boys fell down, ducked and seemed to enjoy the show as much as the public.

Picking the highlight bout might be difficult, but Light Heavyweight Clifford Bradley of Amarillo outpointed Harold Britton of Olton in an excellent bout. Bradley displayed a potent left jab and a right cross that had Britton groggy toward the end of their go.

The Amarillo Golden Gloves and A.A.U. fighter dropped Britton for a count in the first round after a solidly tagged left landed, had Britton bloody and staggered in the second and ended with a fine boxing exhibition in the third. There was no question of the decision.

Fawcett Decisioned

Lightweight Dub Williams of Portales, N. M., decisioned David Fawcett of Lubbock in another good open division bout. Williams hit a little harder and more often, although the decision was close.

Probably the best bout, an exhibition, brought Bantamweights Willie Wimberley of Portales, N. M., and Jimmy Williams of Lubbock together. Wimberley started fast, but Williams grew stronger and in the last round forced the fighting. Both boys traded blows evenly, using lefts for their main attack and following with rights. There was no decision.

Another exhibition, although originally scheduled for an open division middleweight fight, brought Bill Buck of Lubbock and Fluff Meyers of Lubbock into the ring. Meyers, former All-District end at Plainview in 1944 and 1945, wasn't in condition, nor was Buck, and the fight had a slow ending.

Final Rounds Tonight

Both fighters mixed it up freely, using little defense and depending on offense to win. Buck, using a southpaw stance, carried a little too much ring ability and was awarded the decision. But immediately after the bout, the Jaycee tournament director announced that h would withdraw and allow Meyers to continue in his place.

Melvin McClung of Amarillo and Gene Briggs of Petersburg, flyweight fighters in the open and high school divisions, staged an exhibition bout with no decision. McClung, using more ring knowledge had the game Briggs bleeding and groggy when the bell ended the fight.

Tonight at 8 the final rounds in the tournament will be fought, with 12 good bouts on the card. This should be the best night of the tourney and each fight shapes up as matching contestants evenly. Tickets will be on sale at Wylie's Drug store and a capacity crowd is expected to witness the bouts in Sled Allen's arena.

The results:

118-pound class—Richard Owens, Portales, N. M., scored TKO over Phil Kemp, Lubbock, at 1:48 of first round, open division.

127-pound class—Don Cowan, Petersburg, decisioned Ken Davis, Seagraves, high school division.

Austin Relay Team Sets Record

Track Carnival Finals To Be Staged Today

AUSTIN, April 2. (AP)—One record was smashed today as part of the field of more than 1,000 athletes from 99 universities, colleges and high schools, went through preliminaries of the Texas Relays.

The new mark was produced in the high school division by Austin which established itself as a solid favorite for the team championship by landing four spots in tomorrow's finals from trials in four events this afternoon.

Austin Sets New Mark

The Austin mile relay team of Gene Burchard, George Hawley, David Cortez and Bobby Dodson turned in a time of 3:26.9 to cut four-tenths of a second from the Relays mark Corpus Christi set last year.

The combined university-college division had preliminaries in two events today with John Robertson of Texas leading the 100-yard dash field with a time of 9.9 as Teammate Charley Parker, the favorite, eased through his trial heat in 10.0. Clyde Scott, Arkansas' Southwest conference hurdles champion, led in the 120-yard highs with a time of 14.8.

The fastest time in the 440-yard dash in high school prelimniaries was registered by John Trevathan of Corpus Christi with 51.1.

The Olympic officials are here looking over the field.

Final Events Today

There were 1,068 track and field performers from the South, Southwest and Midwest. The big carnival will feature such Olympic games hopefuls as Fortune Gordien, Minnesota's great weight man; Earle Meadows, 1936 pole vault champion of the Olympics; Jerry Thompson, distance running mite of the University of Texas, and Teammate Parker.

Looking over the field are Avery Brundage, president of the U. S. Olympic committee, and two of the American Olympic coaches, Emmett Brunson of Rice and Ward Haylett of Kansas state.

The show started today with preliminaries in eight of the 30 events, on the crowded program. There will be more trials tomorrow morning with finals opening tomorrow at 1:30 p. m.

Roosevelt Softball Team Wins Third Straight Title

The District 7-B senior girls' softball championship went to the Roosevelt team in tournament play at Texas Tech Friday, making it the third straight year that the team has won the title.

In junior girl's play, the Cooper team won first place, with New Deal second and Roosevelt third.

Idalou finished second in senior girls' competition, with New Deal third. Other teams participating in the meet were Shallowater and Frenship.

The Roosevelt senior girls' team had little difficulty in winning its three tournament games. Normally, games are over the seven-inning route, but the Roosevelt games each lasted five innings when the team gained a 10-run advantage over opponents. Tournament rules stipulated that games would end at the fifth frame when a team had gained a 10-run advantage.

McWHORTER NINE WINS

McWhorter nines defeated the Cottage school in two grade school baseball games Friday afternoon at the McWhorter diamond, with the boys blasting out a 15-10 victory while the girls chalked up a top-heavy 36-19 win.

Tech Golf, Net Teams In Meet

Texas Tech's tennis and golf teams will compete in dual meets today, with the netters journeying to Portales, N. M., for six singles and three doubles matches with Eastern New Mexico Teachers college while the linksmen travel to Abilene for a tussle with Hardin-Simmons.

The top two Red Raider net aces—Jake Broyles and Glenn Ivy—will not make the trip today with the tennis team, but the Techsans will be well represented by third-ranking Shaff DeGaish, Carl Schmidt, Eddie Scudday, Cecil Roberts, David Hester and Jack Prentiss.

In an earlier meeting the Tech netters swamped the New Mexico crew, nine matches to none, but the absence of Broyles and Ivy is expected to make the tussle this afternoon very close.

The Tech golf team will tangle with the Cowboy strokers this afternoon at Abilene, with Elmer McKinney, Jerry Stoltz, Ted Forsythe and Bill Fagan representing the Raiders. McKinney, Stoltz and Fagan participated in matches with Southern Methodist, Texas Christian and North Texas last weekend, but Forsythe is a new member of the team.

Boys Club Loses 8-7 Tilt To Roosevelt

Roosevelt High school's hard-hitting nine pounded out a six-run lead in the first four innings of a tilt with the Lubbock Boys club Senior squad here this afternoon, then stood off a late rally by the home club to gain a narrow 8-7 victory.

The Boys club used 24 players in the wild tussle, with seven hurlers seeing action during the game.

Jack Hawkins led the Seniors at the plate with two singles in two times at bat, but little Neil Sikes banged out a two-for-three for the afternoon.

The line score:

Roosevelt — 2 0 3 2 0 0 1 — 8
Boys club — 1 0 0 0 1 4 1 — 7

Durham, Searsy, Steer and Hammett; Holton, Elliott, Jones, York and Stevens, Van Cleave, Yelvington.

BAYLOR WINS SERIES

WACO, April 2 (AP)—Baylor's Bears notched their second conference baseball victory of the season Friday as they routed the Rice Owls, 15-4, here to sweep a two-game series.

Westerners Vie For Honors At Big Spring Meet

Unofficial schoolboy track championship of West Texas will be awarded for the winner of the annual Big Spring Relays today at Steer stadium, with a record entry list of 18 teams and more than 250 individual performers slated to open the meet preliminaries at 9:30 o'clock this morning.

Powerful Odessa, sparked by a brilliant dash, field and hurdle group headed by Byron (Santone) Townsend, will be favored to cop the top honors in the cinder path feature; but Abilene, boasting its strongest aggregation of dash and hurdle stars in several years, is rated as the best-balanced entry in the meet.

Amarillo Defends Title

Big Spring's hopes of victory rest on sturdy Leon Lepard, long-striding youngster who is clocked on the 880-yard run in a brilliant 1:59, and who is the anchor man on the Steers' record-smashing mile relay quartet. The Lubbock Westerners are ranked as the "dark horse" of the meet, with several dash, field and distance stars who are capable of winning half a dozen first place crowns and of placing in almost every event.

Other entries will include defending champion Amarillo, Midland and Sweetwater from the AA ranks and Seminole, Andrews and Monahans from the Class A brackets.

Coach Marlin Hayhurst announced last night that he will take a full 26-man Westerner squad to the Relays, with the group slated to leave from the Chapman field clubhouse at 6:45 o'clock this morning by chartered bus. The squad will arrive in Big Spring in time for a warm-up before the preliminaries get underway at 9:30, with the final events scheduled at 2 o'clock this afternoon.

Local Squad Named

Squadmen who will compete include Richard Allen, Alfred Adair, Jack Alderson, George Carpenter, Charles Curry, John Crawford, Sam Davis, Norman Dean, Donald Decker, Porter Foster, Eddie Goetze, Ray Henslee, Earl Hutcherson, Jim Johnson, Richard Johnson, Don Krebbs, Dwight Moore, Gene Roberts, Clayton Ross, Douglas Ross, Joe Scales, Edward Strickland, Parker Stuart, Ozelle Westbrook, Charley Williams and Jim Wilson.

Top threats for the Westerners will be Jim Johnson in the 440-yard dash and Charles Curry in the shot put, but the Lubbock sprint combination of Williams, Decker and Hutcherson should make the local schoolboys a strong contender in the dashes and sprint relay.

Coach Hayhurst has also revealed that the mile relay team will run as a regular unit for the first time this season, with Carpenter in the lead post, Strickland in the second slot, sophomore Jim Wilson on the third lap and ace quarter-miler Jim Johnson on the anchor grind. The quartet will not be up to peak performance since Wilson has worked out with the baseball squad all this week and the other members were handicapped by four days of sandstorm-caused inactivity, but the group should at least show well against the crack Big Spring team.

Hubbers Will Hold Drills At Rosenthal Field Today

Pampa Nine Will Be Here Sunday

Manager Jackie Sullivan led the Lubbock Hubber baseball team into town yesterday afternoon, tired from the trip from Dallas, but looking forward eagerly to practice today.

The Hubbers will be given their first glimpse of the 1948 diamond in Rosenthal Field this morning at 11, when Manager Sullivan will send the squad through a long practice. Sullivan said yesterday afternoon that they hadn't worked hard enough in Dallas and that the players would be given a chance to shed some weight today.

Workout Slated At 11

The practice session was scheduled to begin at 11 a.m and will continue for the better part of three or four hours. It will be the only opportunity for Sullivan to have the squad together for practice before the Hubbers meet the Pampa Oilers Sunday afternoon at 3 here.

Manager Sullivan still doesn't know who will be on hand for the opening exhibition game. Players optioned from Austin, and supposed to report in Dallas early Friday morning, failed to arrive. Among this group is the only shortstop on the Hubber roster at present and a third outfielder, although the Hubbers also have another outfield prospect.

The acquisition of Virgil Richardson, hard-hitting, smoothe-fielding first baseman, brought nothing but joy to the Hubber camp and strengthened the team both offensively and defensively. He probably will arrive in Lubbock this morning, unless he got in during the night.

The Hubber squad will hold only the one workout tomorrow and will spend the remainder of the time settling down in rooms and apartments. Their first test as a team will follow rapidly on Sunday, with Manager Sullivan using the game to test all the players on his roster.

There will be no advance sale of tickets for the Pampa tilt, with ticket windows opening at 1:30 Sunday afternoon. The game is called for 3 p.m. and a crowd of approximately 2,500 is expected, if the weather remains fair.

Meanwhile, the sale of tickets for the New York Giants-Cleveland Indians game continued briskly, with approximately 4,200 sold through yesterday. If all tickets can be sold at the Hubber's downtown office before the day of the game, April 9, they will be.
