NUMBER 2.

Hold Big Farm Meetings Here Tuesday, Feb. 9 Rural Schools County Basket Ball Tournament Here Saturday

ELEVEN TEAMS ENTER COUNTY CAGE TOURNNEY

Seven Boys Teams and Four Girls Teams To Compete For Rural County Championship

Give Cups To Winners

Boys' Sessions To Start At 9:00 a. m. Saturday; Girls' at 10:30 o'clock Sat.

Eleven rural basket ball teams will compete Saturday in Perryton for the interscholastic league championship of the county, seven of them being boys teams and four girls teams. The sessions will open at 9:00 o'clock in the morning.

According to E. D. Kelly, director general of the league, there has never been a year when so many rural schools had teams of such uniform strength and each match is expected to be hotly contested. Beautiful trophies will be awarded the first place winner in both the boys and girls divisions at the close of the tournament.

According to the bracketing in the boys' division, Alfalfa and Ochiltree will open the tournament at 9:00 o'clock, followed by Waka and Lone Tree at 9:45. The winners in this match will play at 1:30 o'clock. Farnsworth and Farnsworth meet at 2:00 and the winner will play McMillen who drew a bye in the first bracket at 2:15 o'clock. The final for the division will be held at 4:00 o'clock in the afternoon.

In the girls' division, Farnsworth and Ochiltree play at 10:30 followed by Waka and Alfalfa at 11:15. The finals will be run off at 3:00 o'clock.

A small admission charge of fifteen cents for children and twenty cents for adults will be made for season tickets good for all sessions. The revenue received will go to bear the expense of the tournament.

Car Registrations

Car and Truck Registrations Far Below Last Year in Ochiltree County

Automobile and truck registrations in Ochiltree county are far below the total at this time in 1932. Sheriff Talley's office reports that this time last year, 1130 passenger cars had been registered, while at the present time, the total cars licensed is only 876.

Trucks have fallen off in just about the same proportion, 251 in 1931 and 210 to date this year. These figures will increase rapidly, it is thought. There are just as many cars probably more cars and trucks in the county, but many, on account of financial conditions, are just waiting until they need their cars or trucks before they pay for new ones.

Motorists are warned however that they are subject to fine and penalty if they drive either cars or trucks after January 1, 1932, on the highway without a 1932 tag, and fail to buy 1932 license before February 1, 1932. If you have driven your car or truck since the first of the year, you will have to pay full year license and penalty. If you do not do them, you pay only for the unexpired part of the year at the rate of issuance of tag.

Mr. and Mrs. J. W. Timmons and family left Wednesday for Amarillo to make their home. We regret losing their fine family but wish them well in their new home.

Theatre

Attractions at the Ellis Theatre the coming week:

Monday—Carole Lombard and Fred Cortez in "No One Man."

Tuesday—Fredric March and Mr. Hopkins in "Dr. Jekyll and Mr. Hyde."

Wednesday—Edna May Oliver and Roscoe in "Ladies of the Jury."

Thursday—Leo Carillo and Constance Cummings in "The Guilty Generation."

Friday—Lionel Atwill and Nilsen in "The Silent Witness."

Saturday—Buster Keaton in "The Lone Plumber."

Carver Penn at the Herald office.

BUSY WEEK FOR HIGH SCHOOL CAGE TEAMS

Next week will be a busy week for the Ranger and Rangerette basket ball teams, according to their schedule. Tonight, February 4, the Rangers will meet Follis on the local court. On Friday and Saturday, both the boys and girls teams will be entered in the Pampa tournament.

Following a four day rest, the two teams will play a return match with Spearman on the local court on Thursday, February 11.

These games will afford local fans an opportunity of seeing some real exhibition, of basket ball. A number of Perryton fans are planning on following the teams to Pampa this week end.

OCHILTREE IS THIRD GRANGE

Forty Charter Members in Newest Grange Organization, Ochiltree Community

With the organization of Ochiltree Grange on Tuesday night of this week, Texas has three Grange bodies, all of them being located in Ochiltree county. The new subordinate, Grange was started with forty charter members, the meeting being held at Ochiltree school house.

Regular Grange meetings will be held by Ochiltree Grange on the second and fourth Wednesday evenings of each month, the next meeting to be held on February 10 at which time an executive committee will be selected and installed.

Officers elected and installed at the meeting this week were: George S. Yates, master; S. K. Hill, lecturer; Mrs. S. K. Hill, overseer; Milford Wildman, steward; Lowell Vennis, assistant steward; Mrs. Dell Wilson, chaplain; Mrs. Dessie McCarty, treasurer; Miss Genevieve Slaughter, secretary; Dale Yates, gate keeper; Miss Mildred Diehl, Ceres; Miss Lilly Cook, Pomona; Miss Maysel Wilson, Flora; Miss Maggie Turner, lady assistant steward.

Homier H. Holden, National deputy and lecturer of the Oklahoma State Grange was in charge of the installation, the team consisting of Miss Joe Brown, regalia bearer; Mrs. R. W. Stratford, marshal; Miss Esther Lewis, emblem bearer; and Omar Truax and Mrs. A. K. Wilson, singers.

At the meeting of February 10, a school of instruction will be conducted for Ochiltree Grange. A county grange is to be organized soon, composed of various subordinate units.

Mr. Holden met with Wolf Creek Grange on Wednesday evening. He expects to spend a week or ten days in this section in the interests of the Grange movement. Lone Star Grange at Farnsworth is the first Grange to be organized in Texas and with the Ochiltree organization brings the total to three.

Andy's Shop Moves

New Located in New Quarters At 214 Main Street, Just North Of Stone's Store

The Herald this week contains the moving announcement of Andy's Shoe Shop to a new location across the street from the old quarters. The shop is now located at 214 Main Street, the first door north of Stone's Department store in the building formerly occupied by Earl N. Davis, Jeweler.

The shop is now nicely located in their new quarters and is again in operation. J. M. Anderson, proprietor of the shop, invites the people of this vicinity to visit him in his new location.

Mr. and Mrs. Ralph Parson, who have been living at Hardesty, Okla., have recently moved to Perryton. Mr. Parson is working at the Lane's Barber Shop. Mrs. Parson is taking a business course at the Perryton High school.

Mrs. A. F. Bliss accompanied her son, A. W., to Wellington, Kans., Monday to be at the bedside of Mrs. A. W. Bliss.

TAX COLLECTIONS REPORT

ALL COLLECTIONS ARE BELOW NORMAL; COUNTY AND STATE TAXES ONE-HALF PAID

Tax collections fell far short of normal this year in all departments in Ochiltree county, but at that many are surprised at the amount that was collected. Payment of state and county taxes were the lightest. Tax Collector Talley advises us that the exact figures on the collections in his office are not yet available, but he estimates that approximately one-half of the total amount on the rolls was collected. This means that not near one-half of the total individuals paid their taxes, as almost without exception the larger property owners paid their taxes. Mr. Talley adds that ninety people took advantage of the one-half payment plan in his office.

J. C. Beaver, city clerk of Perryton, reports that since October 1, his office has collected \$21,641.49, \$732.11 of this amount being for delinquent taxes. A large percentage in the city made one-half payments, \$4,824.50 coming in this manner, the other half to be paid on or before July 10, 1932. Mr. Beaver states that approximately \$11,000 will go on the delinquent rolls this year. This amount does not include the \$4,824.50 still owing on the one-half plan. Delinquent taxes on the city rolls from previous years brings the total taxes delinquent and due the city to over \$15,000.

In the Perryton Independent School District, Mrs. Luther Wade, collector, accounted for approximately \$53,500 with \$22,500 going delinquent. Mrs. Wade also collects for the Waka Independent School District. In this department, \$6,472.22 was collected from a total roll of \$7,722.62.

Guests in the Fred Hood home Sunday evening were Mrs. and Mrs. Ralph Trower, W. J. Miller, Miss Bess and Miss Beula Crum, and Mr. and Mrs. J. M. Haley.

Attorneys Jack Allen, R. T. Correll and Walter R. Allen were in Spearman the first of the week attending district court.

Four More Candidates Announce For County Offices Subject To The Democratic Primary

Open season for candidates for political offices in Ochiltree county started rather late this year, in fact later than in most of the surrounding counties, but following close on the heels of the seven who announced last week comes the announcement of four more office seekers.

From all indications this is going to be a big year for candidates. Maybe not so much in Ochiltree county but it is already an assured fact in most counties that more people are willing to serve their country, for a consideration, than in many years past. No doubt the fact that this is an off year in business accounts for the big crop of could be public servants.

R. B. Orrill, Sheriff

R. B. Orrill, manager of the Men's Wear Store of this city, has authorized us to place his name before the voters of the county as a candidate for the office of Sheriff and Tax Collector. Mr. Orrill needs very little introduction for during the ten years that he has resided here, he has become acquainted with a great many of the voters. Orrill is a native Texan, being born in Titus county forty years ago. He received his education at the East Texas Normal at Commerce, Texas, and also attended the West Texas Teachers College at Canyon. He came to the Panhandle 15 years ago, living in Carson county until the World War started, when he volunteered and joined the United States Army, where he served for two years, eighteen months of which was overseas. He was discharged with the rank of Sergeant. After coming to this county, he engaged in the teaching profession, having charge of the schools at Black, Ochiltree and New Hope, before entering business in Perryton about three years ago. He is well qualified for the office and there is no doubt but what that if elected to this important office, he will fill it with distinction to himself and county.

J. S. Talley, Sheriff

In our announcement column this week will be found the name of that veteran Panhandle peace officer, J. S. "Sid" Talley, who is once more seeking re-election to the office of Sheriff and Tax Collector. Mr. Talley is now serving his eleventh term in this same office for Ochiltree county, and during this long period he has made hundreds of close friends by his honest, impartial and fair administration of the duties as a peace officer and collector of taxes. Sid Talley's record speaks for itself. He is probably the best known man in the county and he will appreciate your support at the polls in July. Mr. Talley makes the following statement regarding his candidacy: "I am going to make the race for Sheriff, which is a branch of the Tax Collector's office. I haven't anything to say at this time, only this delusion has forced me to try for the office again. Now remember, I have done the best I could with the money furnished and am not lacking at that. I have spent every cent I have made here at home or have given it to the poor. I don't have any laid up and have had no vacation trips either, nor big cars. Vote for me if you will, if not, vote for the other fellow and it will be appreciated."

Ed Littleton, Sheriff

Col. Ed Littleton, veteran auctioneer and farmer-stockman, this week tosses his hat into the ring as a candidate for sheriff and tax collector of Ochiltree county, subject to the action of the voters in the Democratic primary to be held Saturday, July 23. Ed Littleton is another old timer in this country, coming to Beaver county, Okla., twenty-five years ago and filing on a homestead just across the line from Ochiltree county. He is a native of Missouri, having been born in that

Oil Company Robbed

Thieves Enter Gulf Wholesale And Retail Stations Late Friday Night

The Gulf Service station on North Main and the Gulf wholesale station were entered Friday night by robbers and a quantity of gasoline and motor oil taken. The robberies were not discovered until early Saturday morning.

The pumps and a tank were broken into at the service station operated by Merl McLain and a small quantity of gasoline taken. Fifty or sixty gallons of gasoline were obtained from the wholesale station and some lubricating oil.

The sheriff's department is working on the case and expect to have it cleared up soon.

OVER HUNDRED AT GATHERING

MEAT CUTTING AND CANNING DEMONSTRATION TUESDAY DRAWS LARGE CROWD

Over one hundred farmers and farmers wives were present at the meat cutting and canning demonstration held at the B. L. Barnes place on Tuesday of this week, according to County Agent G. R. Sheets who was in charge of the all day affair. Mrs. Gladys Weaver, home demonstration agent from Hemphill county was in charge of the canning exhibition, assisted by Miss Grace Robins, Glazier. Mr. Sheets was assisted by Frank Wendt, Hansford county agent; W. K. Cottingham, Lipscomb county agent and Parker Hanna, Hemphill county agent.

In the meat cutting division of the demonstration, one beef and three hogs were butchered. Some of the meat was cured, some made into sausage and part of it canned. In the canning demonstration, around one hundred, fifty cans were prepared. Considerable interest was shown in this work as it was the first time tin cans have been used in canning work in this county.

The McMillen Parent-Teacher association served lunch on the grounds for those attending the all day demonstration.

WIN TWO GAMES AT SPEARMAN

RANGERS AND RANGERETTES BOTH WIN IN TUESDAY NIGHT GAMES AT SPEARMAN

In the first dual match of the season, the Rangers and Rangerettes defeated the Lynx and the Spearman girls teams in two thrilling exhibition games played at Spearman on Tuesday night of this week. The Rangers won by a close score of 18 to 16, while the Rangerettes were able to pile up a lead of 25 to 17.

In the Ranger-Lynx game there was never a difference of more than four points in the scores, although the advantage shifted often. Crippled as they were with the absence of Hull and Morton, the Rangers played a spectacular game in overcoming the light defense and breaking up the smashing offense of the Lynx quintet.

Garrison and Whippo, forwards, Anderson, center, and Tucker and Pattison, guards, played the entire game for the Rangers while Coach Jarvis used seven men. The Shupemans overcame a one point lead made by the Lynx in the opening session and the half ended in their favor, 8 and 7. In the third period the Lynx tied the count, 11 and 11 but the Rangers came back in the final quarter for the lead, the game ending 18 and 16.

In the Rangerette-Spearman game, the locals took a bad start, Spearman leading at the quarter, 7 to 6. Desperate playing in the second quarter gained a lead of 13 to 10 for the Rangerettes at the half. The final half was all in favor of the Perryton girls, the third quarter closing 23 to 11 and the game ending 26 to 17. Opal Eads and Dessie Fisher were both absent in the Rangerette line-up and in the final period Captain Cudd was put out of the game on fouls, weakening the Red and White's team.

On February 11, the boys' and girls' teams from Spearman will play a return match with Perryton on the local court and two more close games are expected.

Mrs. Bill O'Bryan has been ill with the flu for the past week.

POLL TAX PAYMENTS EXCEED ALL OTHER YEARS

Sheriff Talley reports that 1932 Poll Tax payments in Ochiltree county broke all previous records, a total of 1519 receipts being issued. Last year the total was 1259, and the highest year before was in 1930 when 1470 were issued. This means that the approximate strength of Ochiltree county will be between 1700 and 1800 at the primaries and elections to be held this year. The exemption, including those that are past the poll tax age, or have become of age since January 1, 1931, or have moved into Texas since the above date, will easily total over two hundred. This record breaking poll tax payment, in a year of poor tax payments, was the result of the drive sponsored by the Chamber of Commerce to insist that every eligible voter pay his poll tax.

PERRYTON WINS CANADIAN MEET

RANGERS AND RANGERETTES TAKE BOTH FIRST PLACE TROPHIES AT GAME

Perryton was certainly well represented at the Canadian tournament last Friday and Saturday and at the close of the two day basket ball meet, returned home with both first place trophies, the Rangers and Rangerettes each coming out on top in their divisions.

To win the boys' division, the Rangers defeated Mobeette on Friday evening by a score of 18 to 5. Mobeette was expected to be a strong contender as they had taken second place at the Miami tournament of the week previous. Wheeler "B" team who had already eliminated Pampa by a score of 20 to 16 was the next team met by the Rangers on Saturday and they were turned back by a 38 to 7 count. Wheeler "A" team proved the stiffest competition for the Red and White team, the final whistle sounding with the Rangers in possession of a one point lead, score 29-28. In the final game of the tournament, Perryton easily defeated Miami by a count of 35 to 11, winning the meet.

The outcome of the girls division was never in doubt for the Rangerettes were easily the best team represented. In the four games played, the locals ran up a total of 240 points to 79 by their opponents, defeating Canadian "B" team, 79 to 6; Higgins by an easy score; Tell by a count of 51 to 28 and Panhandle by a 61 to 23 final for the tournament championship.

Anna Mae Cudd and Janice Murphy were placed on the girls' all star tournament team while Floyd Hull was selected as forward on the boys' all tournament team.

Two beautiful silver basket balls were awarded as the first place trophies at the conclusion of the games on Saturday night.

Open Insurance Office

J. A. Willis Receives Appointment As General Agent For Insurance Company, Here

Announcement is being made this week of the appointment of J. A. Willis as general agent for The Farmers and Bankers Life Insurance company. Mr. Willis has opened an office in the Stump-Rogers building, room 203, where his agency will be located.

Mr. Willis is well known in Perryton having made this his home for a number of years, at that time being owner of the American Theatre. For the past several years he has been conducting an insurance business in Amarillo. His many friends will be glad to welcome him back to Perryton.

RAYMOND WILSON ELECTED TO PHI THETA KAPPA

Raymond Wilson, honor graduate of the Perryton High school and a former employee of the Herald office who is now a student at the Amarillo Junior College, has recently been honored by being elected a member of Phi Theta Kappa, a national honor club.

KANSAS GRANGE MASTER TO BE MAIN SPEAKER

C. C. Cogswell, Pretty Prairie, Kans., Will Headline Programs At 2:00 and 7:30 O'clock

Large Crowds Expected

Meetings Arranged By Local Grange Organizations and Perryton Chamber of Commerce

C. C. Cogswell, Kansas State Grange Master, has been headlined to appear at two big farmers meetings to be held in Perryton on Tuesday, February 9, the meetings to be at 2:00 o'clock in the afternoon and 7:30 in the evening.

Mr. Cogswell, Pretty Prairie, Kans., will stop off in Perryton en route for Lubbock where he has been scheduled to address the farmer's short course at Texas Tech college. When it was learned that he would have an open date on the way to Lubbock, the three local Grange organizations in conjunction with the Perryton Chamber of Commerce, invited Mr. Cogswell to stop over here, the invitation being accepted.

Mr. Cogswell is representing the National Grange organization and will bring the farmers of this territory some worth while information in his talks on the farm situation. Mr. Cogswell is a forceful speaker, according to those who have heard him and is a National figure in Grange circles.

It is to be understood that the two meetings are not confined to Grange members but are open to all farmers and business men in the North Plains. No admission will be charged, the meetings are free, and a cordial invitation is extended to all. The afternoon meeting will be held in the Ellis Theatre and will be preceded with a short moving picture program and musical numbers. The night meeting will convene at the school auditorium and will also be opened with some special musical numbers.

No one attending will be urged to join anything, no admission will be charged, no collection taken up. But just because the meetings are free, you must not get the idea that they are not worth your time. It is seldom that the people of the Perryton trade territory have an opportunity of hearing a speaker of Mr. Cogswell's calibre. All expense connected with meetings will be born by the Perryton Chamber of Commerce who are urging all to attend at least one, or both of these meetings.

Play Spearman Teams

Perryton Boys and Girls Town Teams To Meet Spearman Teams Here Friday Night

Basket ball fans of Perryton will be afforded an unusual treat on Friday night of this week, February 5, when they will have an opportunity of seeing ex-high school and college stars of this community matched against similar players from Spearman. Games by both boys and girls town teams will be played at the dual match.

The Perryton town team has been playing some good basket ball, defeating Booker on Monday night of this week by a 10 to 6 score. Included on the squad is Marion Tucker, W. J. Newman, Alton Witt, Paul Williams, Henry Richardson, Leon Shrader, E. D. Kelly, Bruce Sheets, Carl Ellis, Zeus Owens and Vanc Apple. Spearman has a good town team organization and are expected to present a mighty good team on the court.

On the girls' team will be found Lorene Coffee, Elizabeth Richardson, Bessie Littleton, Mrs. Curtis Roach, Violet Kuper, Dorothy McLarty, Odessa Trollinger and Nora Eads. This organization has been practicing on several occasions with the Rangerettes and are used to stiff competition.

The games have been called for 7:30 o'clock, Friday evening. A small admission charge will be made to meet the expenses of the games.

Grandpa Latham, father of Geo. Latham of the Hunton community, who has been an inmate of the Plaza hospital for several weeks, is much improved.

L. O. Hasley visited Thursday night in Amarillo.

McMILLEN NOTES

There were seventy-five at Sunday School last Sunday and eighty-six heard the sermon delivered by Rev. E. G. Pennington. Every one enjoyed the meeting and hearing Rev. Pennington again. We hope that he can be with us again before he leaves. Sunday School will be at two o'clock next Sunday, with preaching services at three, conducted by Rev. J. M. Sibley.

Mr. and Mrs. A. R. Cook and family visited in the Audie Conley home Sunday afternoon.

Mrs. B. L. Barnes spent Thursday in the S. F. Waide home.

The light plant is being installed at the school house and will be in operation by the last of the week. This is something that has been needed here for a long time and we are certainly proud of the plant.

Mr. and Mrs. C. C. French and family and Mr. and Mrs. Gilman Flowers and son, Joe Hale, were visitors in the Earl Waide home Sunday evening.

We hear humors of great things to happen on Friday evening, February 12, at the McMillen school house. It is said that things which we would ordinarily pay from fifty cents to a dollar to see, can be seen that night simply by coming. No admission charge (thanks to the depression) and every one is assured a surprise as well as an enjoyable evening. The Parent-Teacher association is sponsoring the program but new talent will furnish the entertainment, which will be well worth coming to see.

Mrs. B. L. Barnes, Mrs. S. F. Waide and Mrs. Earl Waide visited Mrs. J. L. Flowers Friday afternoon.

Ben Jantz returned to Enid, Okla., last week after a few days visit with relatives in this community.

Depression Blues or Christian Optimism?

Constantly for more than two years we have been hearing about depression, hard times, unemployment, low prices, high taxes, bank failures, and the like. Many of us, perhaps most of us, have not only heard about these things, but have actually felt the sting of adversity. While it is true, on the one hand, that the people of this community have not been hit so hard as those in neighboring states, and although conditions in America are much more favorable than those of foreign lands, yet on the other hand, it would be foolish to deny that suffering, want, and affliction have been, and still are, widespread and general. One of the chief contributing factors, undoubtedly, has been unreasonable fear, or to put it negatively: lack of faith and trust in God and in one's fellow-man.

Just at present the feeling of pessimism is aggravated by dark war clouds looming ominously on the Far East horizon. Admittedly, the situation is grave. But it is equally true that no amount of moaning, murmuring, and complaining will remedy circumstances. Christian optimism and prayer are needed!

Just when things look darkest; when we feel that we have reached the limit of endurance; when we are at our wits' end—it is then, more than ever, that we need to remember that "God liveth still," that "all things work together for good to them that love God," that the Savior's admonition: "Have faith in God!" (Mark 11:22) constitutes the best possible advice.

"Are you standing at 'Wits' End Corner?"
Christian, with troubled brow?
Are you thinking of what is before you

And all you are bearing now?
Does all the world seem against you,
And you in the battle alone?
Remember, at "Wits' End Corner"
Is just where God's power is shown.

Are you standing at "Wits' End Corner"?

Then you're just in the very spot
To learn the wondrous resources
Of Him who falleth not.
No doubt to a brighter pathway
Your footsteps will soon be moved.
But only at "Wits' End Corner"
Is the "Gor who is able" proved.

Sermon subject Sunday morning at 10:30, "Viewing the Cross." We invite those who have no church affiliation elsewhere to worship with us. There is also room for such in our Sunday School and Bible Class.

FULL GOSPEL TABERNACLE

The Good Shepherd
David speaking from the fulness of his experience as a shepherd and also from the Lord's dealings with him wrote the twenty-third Psalm. He knew that when he was a shepherd the sheep under his supervision did not lack for care and attention. This knowledge added to the knowledge of God's providential care for him led him to say: "The Lord is my shepherd; I shall not want. He maketh me to lie down in green pastures; He leadeth me beside the still waters."
The clause, "He maketh me to lie down," suggests rest; and surely

Jesus offers rest to weary souls when He says: "Come unto me, all ye that labour and are heavy laden, and I will give you rest." "Green pastures," suggests plenty—hunger satisfied. Jesus said, "I am the bread of life: he that cometh to me shall never hunger, and he that believeth on me shall never thirst." David knew what it was to need and to receive restoration. In the anguish of his soul he asked the Lord to create in him a clean heart and to renew a right spirit within him. His plea was heard and he joyfully exclaims, "He restoreth my soul." "He leadeth me—" in oriental countries sheep are not driven but the shepherd goes before them and they follow him. The Good Shepherd said, "My sheep hear my voice, and I know them, and they follow me." It is safe for the sheep to go where the Shepherd leads. "Yea, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me; thy rod and thy staff they comfort me." Sheep sometimes would fall into deep ravines thereby endangering their lives. The shepherd with rod and staff would help them out. The Great Shepherd is present with His sheep as he goes through the valley of the shadow of death to comfort them and to take away the fear of death.

"Thou preparest a table before me in the presence of mine enemies—" Sheep sometimes were surrounded on all sides by ravenous beasts, and yet could graze in perfect security because of the shepherd's protection. It is recorded that David once slew a bear and a lion in protection of his sheep. The Good Shepherd referring to His protecting power said, "Neith shall any man pluck them out of my hand. My Father, which giveth them to me, is greater than all; and no man is able to pluck them out of my Father's hand."

"I will dwell in the house of the Lord forever—" Jesus the Good Shepherd gave His life for the sheep that they might be saved from their enemies, sin and death. Christianity is the only religion whose founder voluntarily gave His life in order to give His disciples power to live up to His teachings. The death of Christ was not merely the heroic death of a noble martyr, but it was the sacrificial death of the Son of God. He died for our sins. "Behold the Lamb of God that taketh away the sin of the World."

Robert Girouard, pastor.

METHODIST CHURCH

Everything is being done to make our church school more efficient. Our teachers are loyal and punctual, with a school of this size our quarters are a bit small. But we always have room for one more. Do not neglect to attend. To be sure we will encounter a little bad weather this time of the year.

There will be two periods of worship. And at each of these the choir under the able leadership of Mr. Moody, will render appropriate music, and the pastor will deliver a

sermon. For the morning hour the subject will be "Unity in Diversity" and for the evening, "Songs in the Night." The morning we are thinking of the diversity of personalities among the disciples whom the Lord chose. You might be interested in these sketches. Certainly the evening subject will be of interest. Why do we all seem so hopeless? What element of our religion has failed us? Does it fail in these trying times to furnish consolation? Why? A lot of people are finding interest in these services. Your neighbor finds profit in attending, why not you?

The young people in their worship period are always interesting—6:30 p. m.

CHRISTIAN SCIENCE

"LOVE" was the subject of the lesson-sermon in all Churches of Christ, Scientist, Sunday, January 31.

The golden text was from II Corinthians 13:11. "Be perfect, be of good comfort, be of one mind, live in peace; and the God of love and peace shall be with you."

Passages from the Scriptures included the following from Romans 13:10: "Love worketh no ill to his neighbor; therefore love is the fulfilling of the law."

Included in the service was also the following from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy (p. 57):

Love enriches the nature, enlarging, purifying, and elevating it. The wintry blasts of earth my uproot the flowers of affection, and scatter them to the winds; but this severance of flesh ties serves to unite thought more closely to God, for Love supports the struggling heart until it ceases to sign over the world and begins to unfold its wings for heaven."

Is Your Gasoline Tax Money BUILDING GOOD ROADS

OR ENRICHING RACKETEERS?

You pay a tax on every gallon of gasoline you buy. Your state levies this tax to pay for building good roads.

But your state is not getting all the money paid as a gasoline tax. RACKETEERS ARE TAKING AN ALARMING AMOUNT OF IT! They are selling bootlegged gasoline on which they pay the state no tax—but they make motorists pay all or a part of the tax. The racketeer keeps this tax money himself!

You get your tax back in the form of good roads when the state collects the tax. You get nothing when racketeers get your money. And remember—if your state got all the money paid as tax, it could well afford to lower its gasoline tax!

If you want your money to go into road building instead of into the racketeers' pockets, make sure the gasoline you buy is not bootlegged. Buy gasoline made by a reliable, law-abiding company and sold under a dependable, well-known brand name, and be certain that your tax money goes to your state and not to the racketeers. That's the only way to beat the racketeers.

CONOCO Gasoline is a branded gasoline you can buy with safety at the sign of the CONOCO Red Triangle.

ABOUT THE FOUR HUNTERS FROM OCHILTREE

Santa Fe N. M.
January 31, 1932.

Dear Ed:
The other day I wrote you about how our four hunters from Perryton had been into the best hunting grounds of the State. You know how the estates were plum through the third line in the hills and how they chased those things around to get 25 miles to where they could have driven them. Since then I got a letter from a straw boss of the Anchor D. askin' me if I knew anything about that livery stable bunch of ole chieftains to write him confidential. But he failed to give his address, and me not knowin' whether he'd, don't know where he

always did like Texans—married and these were above the average and you just couldn't help 'em. "Everybody loves a Tex." So Shakespeare says. When the time they got off their horses and shook the kink outen ole knees, Art ambles over to see they was pitchin' camp, same as 'bout a hundred veras from the axes 'em hadn't they got a permit from the Ranger to wood on the Reservation. They was lookin' at each other and a sputterin' word that was showin' that was fallin' on their faces. I noticed Obe's legs to be shakin' like they did every time a bunch of deer, or bear, or cat or canyon got to goin' past 'em. Some one suggested that it was so bad as that and they'd ride down the highway seven miles to the Tom Moore Station and get a permit.

So Potliquoer Brillheart was intended to go down the road till he was to the first waterin' place and then turn and start back and the camp would be the Tom Moore place. He reared and bucked like a mule you was tryin' to lead over a bridge, but finally went back about sun down and the Forest Ranger told him to get himself to all the fire wood he could.

That night a bootlegger that I know on the 3 V ranch dropped in on us for supper. Then he came off to one side and whisp'ed to me for. You see sometimes when you gets more kick out of whiskey, I ain't sayin' much about it, cause my wife might hear it and anyway you would not want to see any mornin' if I told you I had a ten pound rainbow trout. He then ambled on down to where he and Barber and Alibi Cudd was tryin' to cook enough to fill the camp that Two Belly Glasgow was complainin' 'bout.

Now know what that bootlegger intended to Potliquoer. But I seed he called into the conference. Now didn't see nuthin' change hands, that's all right. But the funny part next mornin' Coonhound Barber came up to our camp and asked whether we need a coffee pot so they didn't intend to use one. He insisted, so we took 'em. Maybe they thought the coffee was hot enough for them, cause it was so quick in that altitude. The mornin' the season opened, the men was walkin' on air, and they touchin' what little ground they had. Think they filled up on vegetation and bird wings the way they stopped around that mornin' they started out to put salt, or grease on the deer's tails.

He clouds was bumpin' into the top of the mountain a half mile or so, and then slowly crowded over the saddles, as I started out for my game of hide and seek. These treaks of greased light-colored is called black tails. This was busier than a huntin' dog, and not get to see any more of a bunches except when I was on my back to camp. What they did to each other and to me, the Lord only knows, and he never tell on a Texan.

He went down in the saddle, and he back leadin' to camp, got on the ridge, and waited for two or three comin' back after more grub. It was Alibi Cudd and Barber Brillheart with Fox in the lead, steppin' it off like he had been to turkey dinner and was late. Alibi was trottin' along and with his sougue hangin' and tryin' to talk at the same. Seems like he couldn't get long enough for the occasion. O. B. E. Perryton, the saint vintus dance, he waved his hand and stopped. Like the army signal to go. But Alibi stopped too as he went into Pot. They was pointin' towards a bunch of deer behind camp, and I sure had my eyes to see for I knowed it was a whole bunch of deer. They tell that by their actions, and not talking out loud, and not louder. "I saw her

first, it's my shot" said Brillheart. The gun barrel was movin' about like has was amin' at the lead horse on a merry-go-round. "You can't hit nuthin' that away" said Alibi Cudd. "Let me shoot." Finally they decided that they would crawl over to a log, rest their guns across it and both shoot together. I heard the county "one, two, three, go", and both shots were fired almost like two firecrackers with their tails tied together. "I got her" says Alibi. "I killed it" said Brillheart.

So they wrangled and argued as to who killed her as they walked down to the doe. "If it's a spitzer bullet, she's mine" said Cudd. "If it's a boat tail bullet, the black tail's mine," answered Pot. "Well, that's darn funny" said Alibi. "What's funny" says Pot. "Why don't you see that doe is hobbled, look at her front feet, somebody tied her up for you" mumbled Alibi. "Me nuthin' you said you killed her" snorts Pot. "Well I'll be—" says Alibi. "Well I'll be—" echoes Pot. I ambles up to get a better earful for I am hard of hearin' and did not catch the last of the conversation so don't want to mis-quote the statements. They started to run and I called to them. "Hurry" says Alibi. "Potliquoer's dun killed somebody's donkey."

They had killed one of their own burros that they had packed in with the day before. Which was but the shadow of the coming event when Two Belly jumped a lode mining claim, and for over an hour thought he was rich—but not now. Manana maybe. Quien sabe?

Very truly,

THE CRIME OF THE AGE

By B. L. Rogers

Rubber Money

Since all reform must come from the people, from aroused public opinion, the importance of the country newspaper is great. With the large papers controlled by the very interests responsible for the ills oppressing us, our only hope lies in the country press. Mofe

support should be given by the people of every community to the local paper so that its power to serve the common people may be increased.

Despite the criticism of one editor, that we seem more interested in national than in local matters, there are certain matters that can only be approached from a national point.

"Forest Money" recently discussed by this writer, is included in the "unified program" of the three great farm organizations, the Grange, Farm Bureau and Farmers Union.

Restore agriculture and the whole nation will be restored, is being increasingly recognized. Now to consider restoration.

Restore as nearly as possible, the average level of commodity prices of 1923-1928. All agree that average prices are determined by the volume and rate of circulation of money and credit. Wilful deflation, reduction of money in circulation and restriction of credit, by those who had it in their power, Mellon and the interests he represents, has brought the present condition. A reverse of the process can restore the price level. Let Congress, if it is in fact the agency of the people, exercise the sovereign power it has under the Constitution.

There is nothing sacred about money. It should serve rather than control exchange of commodities.

Measured in commodities, the farmer is asked to pay more than double the eleven billions of farm mortgages, and the same doubled rate of interest, or twelve to twenty per cent.

It is not to be assumed that it was the deliberate purpose of those who have brought things to the present depths, they never intended to let it go as far, but they started it, and other forces, world-wide, were such that the manipulators themselves lost control, then they appealed to Congress. The same interests that have so loudly complained "of Government in business," have now put the government in business far beyond the wildest dreams of the most radical. The set-up of the gigantic Credit Corporation which will handle the two billion dollar "dole" has been given more power than good men should want, or bad men should have.

Congress should demand that the Federal Reserve system stop deflation, reverse the process that has so grievously paralyzed all business and industry, including farming, and take such measures as will restore the average price level to about what it was in 1928. Then it will be possible for farmers, and others, to meet the obligations contracted on those levels.

Call it inflation if you will, but it is not so much inflation as restoration that is demanded. Restore the medium and machinery of exchange to the condition that obtained before the wrecking process began, when the most of the present farm debt was contracted, and farmers can pay out. Nothing else will avail.

If it is agreed that it was impossible for the German people to pay their mountainous debts, why is it not the same with the American farmer. Why should our executive come first to the assistance of the people across the seas, long before any thought was given to the condition at home? And when they did get around to home concern, all they propose to do is to dump more billions into the maw of the banking and financial octopus to further strengthen the strangle hold on the vitals agriculture and all industry.

Authentic figures as of December 15, 1931, show that for a dollar borrowed in 1918 the farmer must now pay \$3.08, based on price of his products. For a dollar borrowed in 1928, he must pay \$2.08. The average for fifteen years is about \$2.25 in products for each dollar received with the same ratio, or twelve to fifteen per cent interest.

As with the German people, it is just impossible to expect any such a thing to be done, and the sooner it is recognized the better it will be for all, including those who precipitated the debacle and seem now helpless or blind to the situation.

A stable price level is essential to prosperity. We cannot exist with iron debts and rubber money.

This is all in the realm of national affairs, but we can here at home do some thinking and then let our Representatives in Congress know that the people are thinking and thinking straight. Meantime, might it not be possible at home in state and county, to provide that expenditures for salaries, the entire personnel on the public payroll, be in conformity with the average level of commodity prices prevailing at any time?

Very reliable statistics are compiled, covering a period of many years and for all the principal commodities; by weighing according to the varying importance of each, an average is obtained which is compared to an accepted standard. When, as now, the average price of all commodities is low, yet this automatically react on public expenditures for service, all expenditures for commodities will of course be reduced accordingly. As it is, our public expenditures never can reflect the true condition. If we must have true recurrent peaks and hollows, let's fix it so the millions we pay from the public treasury will be in accord at all times. If we must continue to have rubber money and rubber prices for products let's have rubber salaries.

Rangers And Rangerettes Win First At Canadian Tournament

RANGERS TAKE CANADIAN MEET

DEFEAT FOUR TEAMS TO TAKE FIRST PLACE IN INVITATION BASKET BALL TOURNAMENT

At the Canadian Tournament Friday and Saturday, January 29 and 30, the Rangers pulled through and won first place. One game was played on Friday and on Saturday the Rangers played three games, at 11:30 in the morning, at 5:30 and the final game at 9:30 in the evening.

For the first game the Rangers drew Mobeetie, a team that a week previous had taken second place at the Miami tournament. After the first few minutes the game was never in doubt. The Rangers got a lead and protected that lead. When not attempting to score, they continually kept the ball, by clever passing, away from their opponents. Score 18 to 5.

Wheeler "B" team defeated Pampa 20 to 18 and were expected to give the Rangers some stiff competition. However, it did not develop. The Rangers were playing a strong defensive game and scoring regularly. This team as well as Mobeetie was held to two field goals, while the Rangers gathered 17. Ten boys saw service in this game while six scored. Score 38 to 7.

The Wheeler "A" team proved almost too much for the Rangers. They had not appeared exceptionally impressive in the two previous games and at the start caught the Rangers off guard. One forward, Hooker, proceeded to sink four long shots, three in rapid succession, from the center of the court. It was the best exhibition of long shooting during the entire tournament. This all happened in the first half. At one time Wheeler led 12 to 3 and the half ended 20 to 14. In the second half Hooker was stopped and the Rangers began to cut down the lead. It was only two points different just before the end of the third period, but as the gun sounded Wheeler rung a basket, over which there was some dispute. The goal was finally allowed and the Rangers were faced with a four point lead to overcome. That last quarter was a thriller. The Rangers, fighting harder and harder, cut down the lead and with three minutes left to play tied it up at 27 to 27. For another minute both teams fought to gain the advantage and finally Anderson sank a long side shot, immediately after a foul by a Ranger with a minute and a half left to play. In that time both teams became frantic and desperate, the Rangers attempting to keep the ball so that their opponents would not have a chance to score. Wheeler attempted a few long shots that were wild and the final gun sounded with the Rangers in possession of the ball.

Miami had won their way to the finals with a 25 to 11 victory over Spearman "B" team, a victory over White Deer, and by defeating Canadian in the semi-final game, 23 to 18, a game played two hours before the Wheeler-Perryton clash.

In the final game both Miami and the Rangers started cautiously. Neither team cared to take any chances, rather playing a tight defense and waiting for any opportunity to score. Morton started the fireworks with a close in shot, soon followed with another by Anderson. A free throw made it 5 to 0, then Miami scored a free throw, making it 5-1. Hull, Morton, and Anderson each scored again before the half was over, while the best Miami could do was to add two more free throws, the half ending 11-3. Three seconds after the start of the second half Hull counted with a set up. The play going from Anderson to Morton to Hull; a little later Anderson looped a nice one from the side and from then on the game was never in doubt. The Rangers kept up a bombardment of goals. Morton leading with seven. When the final gun sounded the Rangers had scored a decisive victory, 35 to 11 and had played one of the best games turned in this season.

In the four games played the Rangers averaged 30 points per game to twelve and a half points for the opponents. The defense was excellent throughout and the offense was hitting.

Only one Ranger was awarded a place on the all tournament team—Floyd Hull made a forward position. Of the six that made up the first team, (Garrison, Morton and Hull at forward positions) no particular one stood out above the other. The team has developed an excellent spirit of co-ordination and team work and that is what carried them through the Canadian tournament.

To Pampa Tournament

Rangers And Rangerettes To Take Part In Tournament At Pampa This Week End

On Friday and Saturday, February 5 and 6, the Rangers and Rangerettes will go to Pampa to play in a basket ball tournament to be held there.

According to Coach E. E. Shupe of the Perryton Rangers and Coach E. E. Marshall of the Rangerettes the competition will be much stronger than it was at Canadian. Among the boys' teams scheduled to be there that are going to furnish strong competition are Pampa, Borger and Memphis. The chief girls team that is reported to be going good is Dimmit. However, we are hoping to see both the Rangers and the Rangerettes bring back the winning awards.

BASKETBALL THIS WEEK

Thursday night, January 4, the Rangers first and second teams will play Follett here. Follett has a good team and we are expecting two hard games. The Follett boys defeated Spearman here December 12 so you can see how good they are.

Floyd Hull and Morton have been unable to play basket ball on account of severe colds and sore throats.

CRAZY "CRAZE" TALKING

The Rangerettes and Rangers were presented with two silver basket balls at Canadian, Saturday night, for winning both first places at the two-day tournament. Three members of the team were placed on the all-star teams. They were Captain Anna Mae Cudd and Janice Murphy for the girls and Floyd Hull for the boys.

This week-end the Rangerettes and Rangers are going to Pampa to enter the tournament. At this tournament we will be able to tell how strong our teams are, because they will meet teams from all over the North and South Plains.

I am going to say that both teams will place at Pampa. I think the girls will win first place and the boys will win second or third.

I have been talking about the pep squad for not being at the basket ball games, but this week I want to say the same thing to the band and Mr. Moody. I think that if you would report to the game with your music, the pep squad would come out and help with their yelling and singing.

I went down to the Boxing club meeting Friday and saw some good boxing. Emile Withers and Don Shockley showed the club some ways to hit and how to get on the defense. Our city marshal explained the art of defense and how to hit while Emile and Don went through the actions.

You folks may not believe these things, but they are true. Bill Pattison made some field goals at the Canadian tournament. The Rangerettes made as many points in one game as all four of their opponents added together.

While the Rangerettes and Rangers are at Pampa, we are going to have the county basket ball tournament here.

SENIORS ELECT ANNUAL STAFF

DEE BREWER MADE EDITOR-IN-CHIEF OF ANNUALETTE PUBLICATION OF SENIORS

The president of the Senior class, Lee Tucker, called a meeting of the seniors at 9:00 o'clock Tuesday morning, February 2. Dee Brewer made a report from his committee, Kathryn LaMaster, Hamilton Murphy and himself. The committee has been working for almost a week interviewing the business men of Perryton concerning advertisements. Van W. Stewart and Supp. W. B. Irvin were present and both made many useful suggestions concerning and estimating the cost of the Annuette.

The following seniors were elected as members of the staff of the Annuette: Dee Brewer, Editor-in-chief; Ina Mae Hollis, Assistant Editor; Kathryn LaMaster, Business Mgr.; Lura Mae Sharpe, Art Editor; Hazel Bryan, Historian; Jessie Price, Editor of Class Notes. As no more time remained, the meeting adjourned to convene again soon.

WHY WORRY

"Either you are successful or you are not successful. If you are successful, there is nothing to worry about; if you are not successful, there are only TWO THINGS to worry about. Your health is either good or you are sick; if your health is good there is nothing to worry about; if you are sick there are only TWO THINGS to worry about. You are either going to get well or you are going to die. If you are going to get well, there is nothing to worry about; if you are going to die there are TWO THINGS to worry about. You are either going to heaven or you are not going to heaven. If you are going to heaven there is nothing to worry about and if you are going to the other place, you'll be so dog-goned busy shaking hands with old friends you won't have to worry—so WHY WORRY?"—Selected

Give Operetta Soon

Boys' and Girls' Choral Clubs Will Present Operetta; Dates Announced Later

From all the practicing that can be heard coming from the boys' and girls' choral department and all the seeming exertion of energy being displayed toward it, I would say that the operetta, "The Love Pirates of Hawaii", which will be presented to the public in a few weeks will be a wonderful evenings entertainment. The songs are very good and are to be sung by some good singers.

Under the direction of O. A. Bush and Miss Minnie Feely, splendid work is being done toward the presentation of this operetta. Splendid progress has been made in both the boys' and girls' glee clubs this year. Much credit goes to Mr. Bush and Miss Feely who have spent much time with the singers.

I would suggest that all of you make your plans to attend this operetta because if you do not, you will miss a wonderful evenings entertainment.

Definite arrangements for the program will be announced in El Sombrero as soon as they have been made.

LYNX DEFEATED ON HOME COURT

RANGERS AND RANGERETTES BOTH WIN IN TUESDAY NIGHT GAMES AT SPEARMAN

Tuesday night at Spearman, the Lynx and Rangers engaged in one of the most thrilling basket ball games ever played between the two teams. Not over four points separated the teams at any time and the outcome of the game was in doubt until the final whistle sounded, when the Rangers were in the lead 18 to 16.

It seemed that old lady ill luck was up to her usual tricks when the Rangers and Spearman meet in that both Hull and Morton were forced to remain at home due to illness. The usual combination of Garrison and Morton or Morton and Hull or Garrison and Hull was broken up and the most hopeful fans could hardly predict a victory for the Rangers. Whippo was the choice of Coach E. E. Shupe to take over the other forward position along with Garrison, Anderson at center, Tucker and Pattison at guards and that combination held the upper hand most of the time. Not a substitution was made for the Rangers and every man fought for all he was worth to gain that margin of two points. Coach Jarvis shifted his men in a vain effort to ward off defeat.

At the first toss up at center both teams tried frantically to gain possession of the ball. Anderson controlled the tip as he did throughout the whole game and the Rangers were in possession of the ball most of the time. Spearman scored first with a free toss. A little later Tucker put a long one through the hoop and the Rangers were in front 2 to 1. Pattison was fouled and made good, score 3-1. Spearman batted one in to tie it at 3 all. Anderson looped one, followed by Garrison and the Rangers were leading 7-3. However, Spearman counted twice and the score was tied again 7-7. Just before the end of the half Anderson made a free shot good and the half ended 8-7.

Beginning the second half a tip, Anderson to Whippo to Garrison was good for a basket, score 10-7 for Rangers. Spearman counted two baskets and they were leading, 11-10. A free throw and the score was tied again at the end of the third period, 11-11. The Rangers broke the tie only to have the Lynx go into the lead with a field goal and a free throw, 14-13. Their lead was short lived however, as a free throw tied it up and with about three minutes left, Tucker counted. The Rangers took the ball in the back court and were playing for time. As Spearman came out, a quick break for the basket and some clever passing put Garrison in a position to score and he made it good, score 18-14. With less than a minute to play, the Lynx tried frantically to score. One long attempt was good but the ball game was soon over, the Rangers winning 18-16.

CAGE TOURNEY HERE SATURDAY

COUNTY RURAL SCHOOL MEET TO BE HELD IN PERRYTON ON SATURDAY THIS WEEK

The Ochiltree county basket ball tournament will be held in the school gymnasium here Saturday, February 6, and will be participated in by about eleven teams from the rural schools throughout the county.

According to E. D. Kelly of this school there are more teams more evenly matched participating this year than have been heretofore. The first games of the tournament will be played Saturday morning at 9:00 a. m. The afternoon games will start promptly at 1:30 p. m. Season tickets for the tournament may be secured at the gates Saturday morning for 15c and 25c.

Two attractive trophies have been secured and will be awarded to the winning teams in both girls' and boys' divisions.

There are seven boys' teams and four girls' teams that will be entered in the competition. The games will be good. Strong competition will hold sway among the teams, and the best teams will be the winners.

Following is the schedule for the boys tournament: Alfalfa and Ochiltree, 9:00 a. m.; Waka and Lone Tree, 9:45; winners meet at 1:30. Huntoon and Parnsworth, 12:00; McMillen and winner meet at 2:15. Finals at 4:00 o'clock.

In the girls division: Farnsworth and Ochiltree, 10:30; Waka and Alfalfa at 11:15. Finals at 3:00 o'clock.

LURA MAE SHARPE WINS ESSAY CONTEST

Miss Lura Mae Sharpe of the senior class won first place in the essay contest sponsored by the American Legion Auxiliary. The subject chosen was "Why We Celebrate Armistice." Miss Sharpe was awarded with a \$2.50 gold piece.

Heleen Sheeks and Dorothy Freeman received honorable mention on the essays which they submitted to the contest.

GEO. WASHINGTON PROGRAM

On the morning of February 22, there will be presented in the school auditorium a George Washington program in celebration of the birthday of the first president of the United States. This program is being arranged under the direction of Miss Mary Melton and Miss Mary Britton.

The program is to consist of a short one act play and readings in keeping with the occasion.

Lura Mae Sharpe spent Sunday afternoon with Ina Mae Hollis.

Mary Ann Forbes stayed Saturday night with Thyllia Pearson.

Fisher, sub-forward.

The game started with Spearman taking the lead which they kept during the first quarter. Spearman substituted Tower for Vernon. Packard was sent in for Winfrey for the Rangerettes. The quarter ended with the score 7 to 6 for Spearman. In the second quarter Peery started to get the tip at center and the Rangerettes took the lead. Winfrey came back in for Packard, and the half ended with a score of 13 to 10, in favor of the Rangerettes.

The third quarter was all in favor of the Rangerettes. They made 9 points while Spearman was making one. At the end of the quarter the score was 22 to 11 for Perryton. In the last quarter the Rangerettes had a little hard luck their captain and star forward was put out of the game on fouls. Coach Marshall sent Roper to running center, Winfrey to guard and Devers to forward. Spearman substituted Neilson to forward and Hazelwood to running center. Shives was sent in for Rosen and Vernon for Tower. Wilbanks was sent in at running center with Hazelwood going back to forward and Becker going to jumping center.

In spite of their efforts, however, the Rangerettes held their lead, and the game ended with a score of 28 to 17, in the Rangerettes' favor.

Cudd was high point for the Rangerettes with 21 points. Todd made 4 points and Devers made 1.

The Perryton town teams, both boys and girls will play two town team organizations from Spearman. All four of these basket ball teams have been playing good ball and two games are expected.

Come out and see these ex-high school and college stars playing again on the court. Truly lively contests are promised.

Attitude

There are many things that might be said concerning a person's attitude. The different effects produced from the different manners in which a person's attitude may be applied to any one thing is very surprising.

Only recently I heard a fellow student say that he could not learn anything in a certain class because he did not like the subject. His attitude toward this study, then, was hostile because he cared nothing for the subject.

One's attitude may be hostile or it may be friendly; it may be indifferent or it may be very attentive and curious. There are other classifications of attitude. Regardless of the kind of an attitude one may have toward a certain thing, it may be changed if it is not for the better. There is an old saying, "The more one puts into a thing, the more he gets out of it" which has to do directly with attitude. Regardless of what a person may be doing, this saying holds true.

If a person is considerate of everyone, pleasing to associate with, attentive to the viewpoints of others, conceding in some things, yet all the while commanding the respect of others, his attitude toward anything will inevitably be considered by other people and will have an influence upon them.

One is sometimes placed in situations which are not ideal as far as the individual is concerned. But regardless of the situation there is something that may be learned, perhaps valuable information. If a person is liberal in his attitude and opinions he may get more out of it.

Through hearsay and propaganda one may become prejudiced in his opinions relative to a certain thing, while at the same time if he would study the proposition or issue carefully his opinion might be the reverse. One individual's attitude is influenced entirely by the opinions of that same individual. In consideration of this fact then, I would suggest that everyone study all propositions carefully before displaying an attitude one way or another. If this is done, opinions will

But the Rangerettes should have several others with them you know, honors must be around, as Perryton wouldn't be good company if they had any more honors.

And as for star players you have seen Julia Bell Peery Pauline Devers passing and work, especially in the Tell. No one could over look Opal playing and she should have on all star selection, easily.

This map represents business conditions in every state in the Union as set forth in the February Number of Nation's Business, official publication of the Chamber of Commerce of the United States.

Washington, Jan. 31.—The process of liquidation and readjustment continued in an orderly fashion as business entered upon the new year, says Frank Greene in his monthly review in Nation's Business Magazine, published by the Chamber of Commerce of the United States.

Liquidation reached record-breaking proportions in the last twelve months, the review points out. In fact, it notes, there were as many failures in 11 months of last year as there were in 12 months of 1930. Business liabilities of all kinds in 1931, swelled by an unprecedented number of bank failures. Mr. Greene observes, indicated an aggregate of failure damage, perhaps 56 per cent higher than the previous record total in 1930.

The review draws some satisfaction from the fact that in December a number of staple commodities displayed stubborn resistance against further price declines. The grains showed comparatively little weakness, while coffee, copper, cotton and rubber recorded slight gains.

"December retail trade," Mr. Greene reports, "advanced over that of recently preceding months, while wholesale business, industry and collections receded."

"However, mail-order sales for December, 1931, decreased 15.1 per cent from the December, 1930, figure, as against a 17.6 per cent decrease in November and a 2.1 per cent decrease in December, 1930, from 1929. For the full year the decrease in mail-order sales from 1930 was 11.1 per cent, as against a 10.9 per cent decline in 1930 and 1929.

"Chain-store sales for December, 1931, were five per cent below those of the like month of 1930, which in turn showed a decrease of 4.9 per cent from those of December, 1929. The decrease in November was 8.2 per cent. For the year, chain-store sales fell five per cent from those of 1930, which in turn were 0.5 per cent above those of 1929.

"Combined chain and mail-order sales for December, 1931, declined

three per cent from those of the like month of 1930. Sales for the year were seven per cent lower than in 1930. The decrease in 1930 from 1929 was 8.1 per cent.

"Department-store sales for December fell fifteen per cent below December, 1930. For the year 1931 the decrease was 12 per cent from 1930, and the decline in 1930 from 1929 was eight per cent.

"There were two things about 1931 which were not necessarily related but which were interesting. One was that public health was generally good the country over. Reasoning from this, there seems to have been no impairment of health despite the talk of under nourishment due to hard times, lack of work and consequent reduced earnings.

"The other interesting thing was the statement by President Woods of the American Meat Packers Institute that meat consumption increased slightly in the United States in 1931. The increase was mainly in lamb which moved into consumption in greater volume than ever before. Consumption of beef and veal changed little. Pork consumption was slightly larger than in 1930 and consumption of lard was ten per cent heavier than in the preceding year. It may be inferred that these increases were the result of the lower prices which certainly ruled at wholesale and presumably at retail also. Hog prices at one time in December were reported the lowest in 30 odd years.

"The steel industry was slack in December, with capacity at a very low point—perhaps 20 to 25 per cent as against perhaps 35 per cent last year when total potential capacity to produce was, however, less by some millions of tons than it is this year. Prices were weak, with bars, plates and shapes off in the closing days of the month, due probably to the slackness in the automobile manufacturing trade. Still, one estimate of December output was 100,000 cars and trucks, which compares with an actual output of only 68,000 vehicles in November—the smallest output in any month since the figures were first collected in 1921.

"Final returns of size and value of the country's crops—December 1931

farm prices being taken as a basis to the latter—by the Bureau of Agricultural Economics, reveal a considerable decrease in corn yield, smaller changes up or down in cereals, with crop values and income lower than for 29 years.

"Estimates of aggregate income made by the Agricultural Economics Bureau reveal that agricultural gross income in 1931 was \$2,000,000,000—26 per cent less than in 1930 and 42 per cent less than in 1929. This sum including products sold consumed in the farm home.

"It is figured that the crops valued \$2,900,000,000 of 1931, and live stock about \$4,000,000,000, \$1,000,000,000 and \$1,400,000,000 respectively less than in 1930. The gross income of 1931, the lowest since 1911, is compared with gross income of \$16,000,000,000 in 1919 to get a better idea of the situation agriculture has taken.

"Bank clearings still tend downward, which is not surprising considering the bank mergers and liquidations noted in 1930 and 1931. December clearings were 2.5 per cent uniformly lower than a year ago in the neighborhood of 31 per cent of the entire country and in the outside New York, while the clearances for the year were respectively 24.5 and 25.2 per cent. Compared with 1929, the outside of New York clearings were 62.2 per cent smaller while the decrease in clearings was 42.7 per cent."

American Legion Auxiliary NEWS

At the regular meeting of the American Legion Auxiliary, February 1, 1932, 20 members were present. Minutes of last meeting were read and approved followed by membership roll call.

Fidac Chairman, Mrs. Paul Bowen, reported Lura Mae Sharpe of Perryton placed first, and Willie Alice Forbes, second, in the Fidac Essay Contest. Awards of \$2.50 and \$1.00 will be presented to these two contestants. These two essays will be forwarded to Department Headquarters, Austin, Texas, copies of which will be kept on file in local Unit to be read at Fidac program in June. The three best essays in the State will go to National Headquarters, Indianapolis, Indiana. National winners receiving set of leather bound Source Records of the Great World War.

MRS. LOUISE W. WILLIAMS
National President, American Legion Auxiliary

A letter from the Amarillo Unit extending an invitation to all members to attend an entertainment given in honor of the National President, Mrs. Louise W. Williams, February 19th and 20th, was read. Also one from Mrs. Inez Benton, Fifth Division President, Amarillo, asking each Unit in 18th District to contribute, if possible, \$2.50 to be used in purchasing a gift for Mrs. Williams, one that will be representative of the State of Texas. Provided enough donations are contributed an oil painting of Texas ranch life will be given. Motion made and carried that local Unit send a check for this amount. Mrs. Freeman Garrett, President, will represent Perryton Unit in colonial costume at this affair. It is urged that as many members as can avail themselves of this rare opportunity to hear a National President of the Auxiliary speak.

Letters and bulletins on the National Employment Campaign were read and discussed. Mrs. Jack Allen was appointed chairman of this committee and it was decided that the Auxiliary cooperate with the Legion in any steps they shall take to relieve the unemployment situation in this community.

At the next regular meeting, February 15th, Mrs. Roy Hogland and Mr. H. I. Hudson, chairman of the Americanism and National Defense committee will have charge of the meeting. A very interesting program of talks and music on these two subjects is being planned, both subjects being of vital importance at the present time and ones that every Legion and Auxiliary member should study thoroughly. On this night the losers of the membership contest in the Auxiliary will feed all members present. It is hoped that large crowd will be in attendance.

Williams will visit the state Auxiliary headquarters at Austin as well as the Auxiliary unit in that city. On February 19 and 20, Mrs. Williams will visit in Amarillo. Arrangements are being made to plan other short visits to Units along the proposed route, one of them will possibly be at Ft. Worth. Mrs. Van W. Stewart, state president of the Auxiliary, will accompany Mrs. Williams on her trip over the state.

The American Legion Auxiliary is assisting the Legion in a nationwide movement to find and create work for the unemployed. The program adopted by these two organizations is the immediate employment of one million of the jobless through a ten per cent increase in force; the general adoption of a six-hour day, with six hour pay, to spread available work among the other millions of unemployed; and the carrying out of a plan of house to house canvass in which all citizens, industries and municipalities

are asked to speed up the necessary jobs that can be done now and thus employ thousands of men.

Simmons Queen

The Students of Simmons university, Abilene, Texas, believe that this young lady is qualified in every way to be University Queen. They proved it by voting her this honor recently. She is Miss Clara Parmelly, of Abilene.

A Timely Tip
TELL the people about timely merchandise with good printing and watch your sales volume grow. Other merchants have proved this plan by repeated tests. We'll help with your copy.

Mrs. Louise W. Williams, Tuckahoe, N. Y., National president of the American Legion Auxiliary, will spend four days in Texas during February, visiting Auxiliary Units from the lower Rio Grande valley to the Panhandle.

Mrs. Williams' first stop will be at Mercedes on February 11 where her entertainment program will include a visit to Brownwood and across the border to Matamoras, Mexico. On the following day Mrs.
