Panel Okays Resolution To Halt Rail Strike

The SDN Column

I invited Robert R. Patterson, formerly a local attorney, to share my table at a local restaurant the other day, feeling somewhat certain that he would pay for the coffee, which he did because he had not had his breakfast and therefore took on a full meal.

It was the first time I had talked with Patterson for some time, since he has been seeing the country for several years while working for a firm which specializes in right-of-way projects.

He is a former state representative and practiced law here in Snyder for several years after making an unsuccessful race for the state senate. Since leaving Snyder, his work has taken him and his wife, Cam, to Ohio, Massachusetts, Michigan, Illinois, and now to Tucson, Ariz.

★ ★ ★

Patterson is working at Tucson under contract with the Tucson Gas and Electric Co., which is seeking right-of-way for transmission lines fom a proposed power plant in the "Four Corners" region (near the common corner of Utah, Colorado, New Mexico and Arizona). A substantial part of the negotiations are with the Navajo and Apache Indian tribes, which gets rather interesting at times. The Navajo tribe still lives and operates its own government under a treaty with the United States which was signed before the turn of the century.

The Apaches conduct their civil affairs under terms of legislation enacted in 1934 which permitted Indian tribes to form councils to govern themselves.

★ ★ ★

As might be expected, some of these negotiations are interesting. However, the power plant plans are under attack by the National Wildlife Federation, the Sierra Club, and other conservation groups.

So, Patterson said the contract in Tucson may last somewhat longer than some of the others.

One which proved to be rather awesome to a West Texas lawyer was a project which took the Pattersons to Plymouth, Mass. While checking deed records on right-of-way being sought on a contract there, it was not unusual to trace them all the way back to some familiar names in history, such as Miles Standish.

— WACIL McNAIR.

Today In History

By THE ASSOCIATED PRESS

Today is Tuesday, May 18, the 138th day of 1971. There are 227 days left in the year.

Today's highlight in history:

On this date in 1804, Napoleon Bonaparte was proclaimed emperor of France.

On this date:

In 1860, a Republican convention in Chicago nominated Abraham Lincoln for president.

In 1863, the Civil War siege of Vicksburg, Miss., began.

In 1899, an international peace conference was convened at The Hague in the Netherlands.

In 1933, the Tennessee Valley Authority was created.

In 1941, in World War II, Italian forces in Ethiopia surrendered.

In 1951, the United Nations moved from Lake Success, N.Y. to new headquarters in Manhattan.

Ten years ago: The U. S. government selected the Radio Corporation of America to build the first experimental communications satellite to relay telephone and television signals across the Atlantic.

Five years ago: Defense Secretary Robert S. McNamara proposed that every young man in the United States give two years service to his country.

One year ago: Communist forces had thrust to withhin 25 miles of Cambodia's capital of Phnom Penh.

Turnouts Vary Across The State

By GARTH JONES
Associated Press Writer

Voting was sluggish today in Dallas, Austin and parts of the Lower Rio Grande Valley while larger numbers than expected began turning out at Houston and San Antonio as Texans decided the liquor by the drink question.

About half the state's population, located in 47 of the 254 counties, voted on public sale of liquor by the drink.

All voters decided whether to make four more changes to the much-amended state constitution.

Agreeable weather in San Antonio lured voters with a big rush later in the day predicted by the Bexar County clerk's office.

Heavy voter turnout at Houston surprised election officials although only about 30,000 votes were expected earlier from among the 641,000 qualified voters.

Light to moderate voting was reported early in the day at Austin. Election officials said vacationing university faculty members and students could account for a light turnout.

Very light voter turnout was occurring at Raymondville in the Lower Rio Grande Valley while at San Benito, an early turnout of 66 voters was described as "good."

An impressive turnout also was reported at Harlingen, where voters were balloting on the mixed drink issue.

Showers Are Light In Area

A cool front brought thunderstorms to the Snyder area last night, but they produced little in the way of moisture.

Snyder had .09 inch in the official gauge this morning from light showers and some small hail which fell as the blustry weather moved over the area.

Hailstones the size of golf balls were reported at Big Spring, and smaller hail fell at Midland. The turbulence had moved to the south and east this morning.

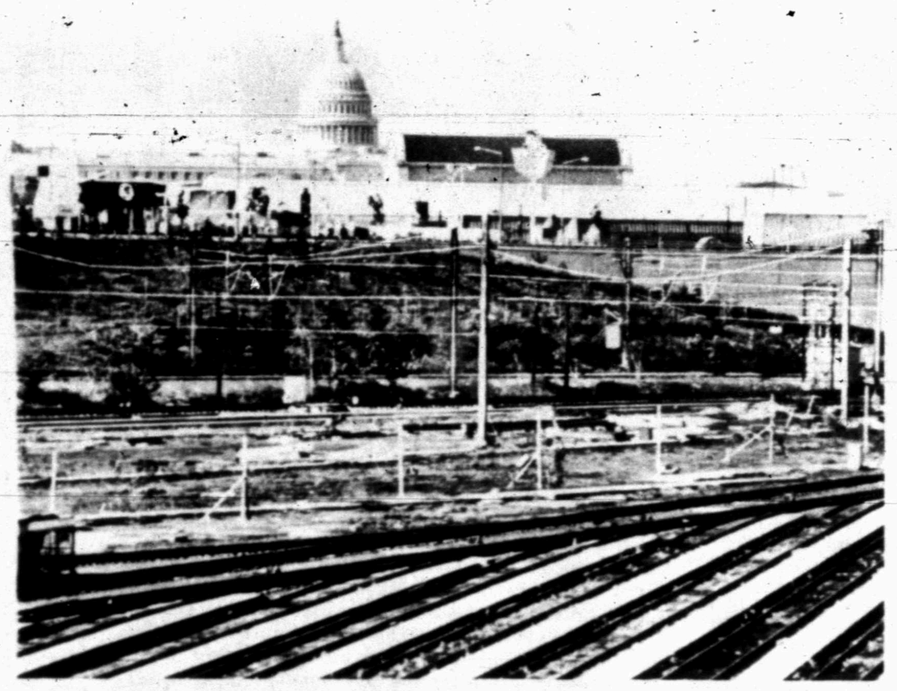
By daylight the forward edge of the frontal system stretched from near Quanah to Lamesa and westward into an area south of El Paso. It was expected to shove into Central Texas by tonight and the southeast part of the state Wednesday.

The unruly weather caused official forecasters to put six counties—Clay, Cooke, Hardeman, Montague, Wichita and Wilbarger-under a tornado watch until midnight.

Thereafter they posted a severe thunderstorm watch which was in force until 7 a.m. today for 47 counties in West and Central Texas, plus 10 in Oklahoma. The alert covered a 140-mile corridor centered on a line from southwest of Abilene past Ardmore, Okla.

Dust-stirring winds raked parts of far West Texas even before the storm threats arose, and silt was expected to cloud the sky in that sector again.

Behind the cold front a sharp north wind hit gusts up to nearly 35 miles per hour in the Panhandle this morning.



NEXT STOP: CONGRESS — Yards were empty near Washington's Union Station as striking signalmen shut down the nation's rail system. In the background is the Capitol, where Congress is considering legislation to halt the strike, which President Nixon requested. (AP Wirephoto)

N-Viets Step Up Laos Attacks

SAIGON (AP) — A heavy rocket attack virtually wiped out the small Laotian town of Ban Dong Hene on the western edge of the Ho Chi Minh trail, in the second day of stepped-up assaults by North Vietnamese forces in the Laotian panhandle, authorities reported.

Some veteran observers of the Laotian scene said these surge of attacks may be an attempt to pressure Premier Souvanna Phouma into demanding an end to U.S. bombing of the North Vietnamese supply routes through southern Laos.

While action in South Vietnam and Cambodia was generally light and scattered, one official commented that "the Communists are hitting more places at the same time in Laos than I can remember ever before."

The North Vietnamese on Sunday seized the towns of Pak Song and Ban Houei Sai, giving them control of almost all of the Bolovens plateau, at the southern end of the panhandle.

Dong Hene is about 100 miles northwest of the plateau, on Highway 9 between the Laotian government's regional military headquarters at Savannakhet and Muong Phalane, on the western edge of the Ho Chi Minh trail. The North Vietnamese took Muong Phalane two weeks ago.

Dong Hene had a population of about 1,500. An official in Vientiane, the Laotian capital, said soldiers and civilians began fleeing when the first barrage of rockets came in Monday afternoon.

"About 75 per cent of Dong Hene went up in flames," he reported, but he said he had no information on casualties.

At least 50 Laotian government troops were reported killed in the battle Sunday for Pak Song.

In another rocket attack in Laos, enemy gunners blew up an ammunition dump and damaged the airstrip at Paksane, on the Mekong river 75 miles northeast of Vientiane. Three civilians and three government troops were reported wounded.

In Saigon, South Vietnamese headquarters reported an attack against a government position on the eastern edge of the A Shau valley. A communique said that North Vietnamese sappers moving behind a 40-round mortar barrage attempted to penetrate the position but were driven back and five were killed. There were no South Vietnamese casualties, the communique said.

South Vietnamese infantrymen reported killing 12 enemy soldiers in a clash 35 miles southeast of Phnom Penh, in Eastern Cambodia.

House Vote Due On Liquor Tax

By LEE JONES
Associated Press Writer

AUSTIN (AP) — Liquor-by-the-drink taxes headed for a final House decision today as Texans in 47 counties voted in local option elections on sale of mixed drinks.

Concessions to the beer lobby also were included in the liquor tax package scheduled for House action.

The bill, by Rep. DeWitt Hale of Corpus Christi, advanced Monday on a voice vote, setting up a final decision today.

But the Senate sponsor of the bill indicated he didn't like the approach the House was taking.

Hale's bill would put mixed drinks plus the bottled liquor used to make them—under the state and local sales taxes. Original plans called for a 10 per cent gross receipts tax on bars and private clubs.

Sen. Joe Christie of El Paso, the Senate sponsor, said he preferred the original gross receipts approach since it would raise more money. Revenue, after all, was one of the big selling points for liquor-by-the-drink, Christie said.

Hale and Christie also cosponsored the liquor-by-the-drink bill which set up today's local option elections.

"The state needs the money," Christie said.

By NEIL GILBRIDE
AP Labor Writer

WASHINGTON (AP) — The Senate Labor Committee approved 13 to 1 today a resolution designed to halt, until Oct. 1, the nationwide rail strike called by the signalmen's union.

The committee acted as the strike sent mounting ripples of paralysis through much of the economy for the second day.

Sponsors of the resolution said they hoped it could clear the Senate in a few hours and then be reconciled later in the day with House legislation, and sent on to President Nixon.

The committee included in its resolution an approximate 17 per cent wage increase for the 13,000 members of the signalmen's union.

Thus it revised considerably the proposal sent to Congress Monday by Nixon after the strike began.

The President had proposed a simple extension of the no-strike period to July 1 without any wage increase.

But members of the Labor Committee decided that the men should receive an interim wage increase since they had been working 22 months without one. The wage boost included in the committee's resolution covers the first three steps of a wage package recommended by an emergency board.

Shortly before the committee action, House Republican Gerald Ford of Michigan, emerged from a White House meeting with President Nixon and accused the Democratic-controlled Congress of "Foot-dragging" on legislation to end the strike and enact permanent legislation for dealing with simlar labor disputes.

"The economy of the United States will suffer more and our tax loss will be greater by further delay in consideration of rail strike legislation than would ever be saved by troop reductions in Europe," Ford said.

The Senate committee also wrote into its resolution a provision calling on secretaries of Labor, Transportation add Defense to submit to Congress a report on the effects of this strike.

Sen. Harrison A. Williams Jr., D-N.J., the committee chairman, said he hoped this data could be used by his panel in trying to draft some form of permanent legislation to deal with national emergency strikes.

The only member to vote against the resolution was Sen. Robert Packwood, R-Ore.

Major steel and automobile firms slashed production, tons of perishable foods piled up on rail sidings, 300,000 commuters had to find other transportation and the New York stock market suffered its sharpest loss in a year.

President Nixon, telling Congress "it is essential that our railroads continue to operate," asked the strike be halted until July 1 to allow more time for the industry to bargain with the 13,000 members of the striking Brotherhood of Railroad Signalmen.

Both sides in the dispute promised to abide by such a plan which would raise top pay for signalmen from the present $3.80 an hour to $4.46.

Texas Feels Impact Of Rail Strike

By THE ASSOCIATED PRESS

A strike by signalmen against the railroads threatened to tighten its effects on Texas today.

Members of other rail unions honored picket lines, causing service to be suspended on some lines, but picketing was spotty and the stoppage was not immediately complete.

Post office officials nevertheless embargoed second, third and fourth class mail bound for addresses more than 300 miles distant and placed limits on the size of air mail and first class parcels.

Food industry executives saw prospects, meanwhile, for curtailment of supermarket stocks if the work stoppage continued more than a day or two.

Produce growers feared damaging losses, particularly in South Texas where the Texas Citrus and Vegetable Growers and Shippers Association reported shipments last week of about 100 rail cars a day of cantaloupes and onions.

And a General Motors spokesman said a shutdown might be necessary by Wednesday of the Arlington plant assembling Chevrolet and Oldsmobile passenger cars. He said it was possible operations could continue the rest of this week at the plant, which depends on rail shipments of parts.

The southbound Amtrak express for Houston was the only train Monday through Fort Worth, but the northbound Amtrak did not begin its run from Houston. The Sunset Limited failed to leave New Orleans en route to Los Angeles via San Antonio.

Odessa Due Water From Well Field

Water from the new Ward County well field should reach Odessa Wednesday, O. H. Ivie, general manager of the Colorado River Municipal Water District, said today.

Since last week water has been going into the main transmission line and was pushed eastward as rapidly as the booster stations were brought on. The third booster station was due for activation today, which would push water over the high point of the line between the well field and the Odessa terminal storage. From that point the water can flow by gravity into Odessa.

Eight wells have been put into prodiction in the well field southwest of Monahans, and these have a capability of filling the line. By the end of the week, when Ivie said the district hopes to have water flowing on an operational basis into the Odessa reservoir, 15 wells will be operative. One other is in the process of completion, while the last well is to be drilled this week as a replacement for one that had the screen collapse during early production.

By the end of the week, barring any hitches, the district should be in a position to meet the daily requirements of Odessa.

This will relieve pumping pressure on Lake E. V. Spence, which is being pinched back gradually, and on Lake J. B. Thomas, Ivie added.

The new well field supply, with a potential of 24,000,000 gallons a day, was ordered last December by the CRMWD board as a hedge against prolonged drouth. Bulk of the work to bring about the development of 17 wells, a 45-mile 33-in. supply line, and three booster pump stations has been accomplished within four months. The project is financed by $6,750,000 in revenue bonds.

Divorce party a kooky idea

By Abigail Van Buren

(© 1971 by Chicago Tribune-N. Y. News Synd., Inc.)

DEAR ABBY: Have you ever heard of a divorce party? Albert [my "ex"] and his new wife are giving it to celebrate the anniversary of his wife's divorce. Albert says he has never been happier in his life. I am about to marry a terrific guy and I've never been happier. Albert says they aren't inviting anyone who hasn't been divorced. ["No sense wasting good liquor on people who can't appreciate the happiness a divorce brings," he says.]

My fiance says he'll go if I want to, but it sounds kooky to him. What do you think? DIVORCED AND HAPPY

DEAR DIVORCED: It sounds kooky to me, too. But then I've never been divorced.

DEAR ABBY: My boy friend will soon receive his Ph.D. When he gets it should I start introducing him as "Doctor?" I don't want to ask him because I don't want him to think I am ignorant. NOT SURE

DEAR NOT: Not every Ph. D. wants to be addressed as "Doctor." Ask your boy friend how he feels about it. It's not a matter of ignorance. It's a matter of preference.

DEAR ABBY: I am 18 years old and have been married for three months. My problem is that both my husband and I overslept one morning and we were late to work, so now my mother in law calls us every morning to be sure we are up. I have asked her not to, but she calls anyway. She blames me because my husband overslept. Abby, it happened only once, and that was because we forgot to set the alarm. She says it's a wife's duty to get her husband up in the morning.

How can I get her to quit calling us? I am pregnant and don't feel so hot anyway. And my husband is about to tear his hair out. YOUNG WIFE

DEAR WIFE: Your mother in law is correct. It is a wife's duty to get her husband up—not his mother's. She may mean well, but she should respect your wishes when you ask her not to call. If you want to put an end to it, when the phone rings—don't answer it.

DEAR ABBY: I have a 15-year-old son who is in the 10th grade. A few years ago when he made his confirmation he received a birthstone ring with five diamond chips in it. It's worth about $100.

Well, my son gave that ring to a girl he went with for only two weeks. I told him that ring was a gift and he had no right to give it away. He got very angry at me and said he would get it back but he would never wear it again. He says the ring belongs to him and he should be able to do anything he wants with it. Who it right? HIS MOTHER

DEAR MOTHER: He is.

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send $1 to Abby, Box 69700, Los Angeles, Cal. 90069.

Two Graduate At Tarleton

STEPHENVILLE — Two students from Scurry County received degrees in Tarleton State College commencement exercises Sunday.

Robert Eugene House of Ira received the bachelor of science degree in general agriculture. He is the son of Mr. and Mrs. Floyd House of Ira.

Surry Gillum, a Snyder High School graduate, received the bachelor of music education degree. He is the son of Mr. and Mrs. S. H. Gillum of Route 1, Hermleigh.

Gifts Must Pass Security Test

WASHINGTON (AP) — In the flurry of activity preceding Tricia Nixon's wedding to Edward Finch Cox, one detail gets great attention: gifts must pass a stringent security test.

Mrs. Nixon's press aide, Mrs. Connie Stuart, was reluctant to describe the methods security agents use, but said the tests did not always entail tearing off the gift wrapping.

So far the packages arriving are unsolicited gifts from the public. The 400 guests invited to the June 12 wedding got their invitations only late last week, Mrs. Stuart said, and none has sent presents yet.

HOSPITAL NOTES

ADMISSIONS: Sylvia Guzman, Hermleigh; Susan Clark, Rt. 1; Tommy Davis, 2705 Ave. L; Milton Wall, Rt. 1; Opal Noble, 3003 Austin; Jo Nell Luttrell, 602 Twenty-ninth; Raymond Birdwell, Rt. 1; Minnie Floyd, Rt. 2.

DISMISSALS: Moses Braziel, Linda Morgan, Jerry Loper, Max Stephens, Mrs. George Martinez and baby boy, Nadine Johnson, Raymond Birdwell, Janice Bergeron, Martha Nutt, Robert Sadler, Lula Fowler, John Strecker, Andrew Jones.

BIRTHS

Mr. and Mrs. Tony Guzman, are the parents of a 4 lb. baby boy, born at 10:05 p.m. May 17. They live in Hermleigh.

Mr. and Mrs. Fred Overman of Colorado Springs, Colo., are parents of a son weighing 7 lbs., born at 3:30 a.m. Monday at Colorado Springs. He has been named Fred Gary Overman Jr. Grandparents are Mr. and Mrs. Fred Overman of Snyder and Mr. and Mrs. E. E. Potter of Lovington, N. M.

Mr. and Mrs. Dean Piledge, former Snyder residents, who now make their home in South Carolina are the parents of twin boys born May 13. Mrs. Piledge is the former Judy Burditt. Dean is serving in the Navy.

AMERICA'S MID-POINT, POPULATION-WISE — Lawrence B. Frederich (left) stands looking at the spot on his farm near Mascoutah which has been designated the population center of the United States, according to 1970 census figures. Maurice Stans, Commerce Secretary, presided over ceremonies marking the spot, which is 27 miles southwest from the 1960 midpoint, and just 30 miles from the Mississippi River. Stans said the 1980 ceremony might take place in the Mississippi, if the census distribution continues as it has. (AP Wirephoto)

Lunokhod 1 Gradually Dying

MOSCOW (AP) — The Soviet Union disclosed Monday that its robot moon car Lunokhod 1, which was dispatched on its lunar patrols six months ago, is gradually dying because its components are wearing out.

Rail Strike Cripples Japan

TOKYO (AP) — One of Japan's worst railway strikes crippled the public transportation system today as wage negotiations broke down.

Thousands of commuters in Tokyo, Osaka and other large cities went home on bicycles, hired buses or in their own cars, causing traffic jams on almost all major highways. Thousands of others jammed into commuter trains of the state-owned Japan National Railway—JNR.

An estimated 30 million commuters were affected by the 24-hour strike, compared to the 17 million hit by a similar strike last Friday.

The strike was called by the General Federation of Private Railway Workers Unions after the managements of 12 major private railway companies turned down a demand for wage hikes averaging $41 a month. Management offered an increase of $25 to the workers, now earning an average of $194 a month.

The walkout began at midnight while marathon negotiations were under way. But the gap between management and the union remained wide and government mediators called off their meetings.

The federation, which claims a membership of 250,000 workers, said it would call another 24-hour strike Friday unless its demands are met.

JNR workers, meanwhile, said they would strike Thursday to back up demands for a $53 monthly wage increase.

Plea Entered In District Court

Ronnie Proctor pleaded guilty in 132nd District Court here yesterday to a charge of theft over $50. He received a two-year prison term, which was probated. He stole three saddles in Borden County.

Pills Do Not Cause Cancer

By BILL STOCKTON
AP Science Writer

LOS ANGELES (AP) — A two-year study of 220 women taking birth control pills indicates the pills do not cause breast cancer and may even deter breast lumps, a British doctor says.

Dr. Martin P. Vessey, lecturer in epidemiology at Oxford University told an American Cancer Society conference on breast cancer Monday:

"No evidence has been found so far that oral contraceptives are associated with an increased risk of breast neoplasia (tumors). Indeed, these preliminary data suggest that the preparations tend to protect against the development of benign (noncancerous) lesions."

Women admitted to five London hospitals with breast lumps were interviewed by Vessey and two other researchers from Dec. 1, 1968, until last Dec. 31, he said. Fifty-four patients had cancerous tumors and 166 had benign tumors, and for each patient with breast lumps, a patient admitted for other reasons was studied.

Vessey said the research seemed to indicate that birth control pills do not cause cancer.

"The number of patients is small, but they provide some evidence that oral contraceptives may protect against benign breast disease," he said.

However, Dr. Edward F. Lewison of John Hopkins University in Baltimore said certain women should not take birth control pills.

He noted a long association of high estrogen levels with development of breast lumps in animals and humans and said about 300,000 women will get breast cancer in the next five years.

High-risk groups he cautioned against using the pill include women with a family history of breast cancer, women who have had cancer of one breast or recurrent noncancerous breast lumps and women with suspicious breast X-rays.

Gets Degree At Texas Tech

LUBBOCK—John Zalman III, Route 2, Snyder, received the bachelor of science degree with a major in agronomy at Texas Tech University, and also received a teaching certificate in agronomy. While studying at Tech, he made the dean's list three times.

Zalman is married to the former Donna Stinnett of Snyder and they have one son, John Zalman IV. They will live south of Hermleigh and operate the Zalman farms there.

Fire Put Out

City Firemen answered a call to the Angel Lopez residence, 906 Avenue R, at 4:20 p.m. yesterday. A couch and one side of the house was damaged in a fire.

ELEMENTARY STUDENTS — Mrs. Wayne Bethel's elementary students were presented in a recital May 15 at Martha Ann Woman's Club following their spring banquet. Pictured are (from left, 1st row) Mike Kelley, Lance McMillan, Mitch Stone, Tammy Farmer, La Rhonda Koonce, Scott Key, (2nd row) Brad Floyd, Steve Key, Kim Harlin, Fonda Love, Diane Sentell, Mela Dee Elliott, (3rd row) Tori Dennis, Rita Eicke, Suzanne Fisher, Susan Sentell, Vanette Everett, Lesa Sterling (4th row) Randy Stone, Robert Potts, Laurie Bethel, Jeri Farren, Janna Wesson, Margaret Womack, (5th row) John Reed, Vic Valentine, Cheryl Taylor, Darlene Sims, Debbie Sewell.

SPRING RECITAL — Junior High and High School students of Mrs. Wayne Bethel were presented in a Spring Recital May 15 at Martha Ann Woman's Club. Pictured are (from left, 1st row) Lynda Burgess, Jana Bullard, Sharon Floyd, Diane Minick, (2nd row) Stanley Burgess, Marla Watkins, Debbie Wall, (3rd row) Teresa Sterling, David Vaughan, Melanie Parsons, Debbie Clements, (4th row) D'Ann Fisher, Candy Stokes, Janna Tharp and Ginger Burk.,

Martha Ann Woman's Club Has Semi-Annual Luncheon

The Martha Ann Woman's Club held its semi-annual General Meeting after a noon luncheon on May 14, 1971, Mrs. Joe Sentell, President, presided at the meeting.

The annual financial report was given by the Treasurer, Mrs. J. C. Massingill. Mrs. M. L. Broman, Membership Chairman, gave her annual report, which reflected an increase in membership. The Kitchen Chairman, Mrs. Ross Carroll, reported the many parties, luncheons, and banquets which took place at the clubhouse in addition to the regularly scheduled club meetings. Her report showed that there was a noticeable increase in activity at the clubhouse the past year.

Mrs. George Patterson, Activity chairman, reported the series of events sponsored by the woman's club Board of Directors the past year: On October 23, the General Meeting Luncheon featured actors from the Hayloft Theater in Lubbock presenting skits from their production of "Tobacco Road." On November 15, a "Tour of Ranch Homes" allowed ticket holders to tour the homes of Edith McKanna, Jonisue Stiff, and Elizabeth Connell. On December 5, members were entertained at a "Membership Mixer" which featured Jerry Worsham's high school drama department, presenting the play, "You're A Good Man, Charlie Brown". On Marrch 6, a "Self-Improvement Seminar" was conducted by two instructors from The Robert Spence School in Lubbock. On April 18, a Silver Tea was given to honor the Founder and Life members, and a special framed parchment honor roll was presented, listing the names of Founder and Life members, to be hung for a permanent record in the clubhouse.

The Snyder Daily News and KSNY Radio were complimented for their exceptional cooperation with the woman's club all during the year.

The president reported the major projects carried out by the Board of Directors during the past year. This included an extra effort to improve and maintain the clubhouse grounds, a major cleaning of the clubhouse, numerous repairs inside the building, many revisions in the by-laws which brought about the printing of a new supply of "By-Laws" for club members. The major project of having the auditorium chairs refinished was begun, and 43 chairs were refinished by the end of the club year. A big Christmas decorating project produced a completely new decorating scheme for the clubhouse during the Christmas season. The caterer was given a raise in salary, and a number of additional part-time employes were hired, since the club had such a busy year.

At the conclusion of the business meeting, the Installation of Officers was conducted by Mrs. H. F. Clark, Past President. New officers for the woman's club for the year 1971-72 are as follows: President - Mrs. J. W. Headstream; 1st Vice President - Mrs. R. L. Drum; 2nd Vice President - Mrs. Lee Smith; Secretary - Mrs. Ross Carroll; Treasurer - Mrs. Bill Atwood.

New Directors for the coming year are: Mrs. Bill Atwood, Miss Bess Johnston, Mrs. J. W. Headstream, Mrs. G. B. Clark, Mrs. Dalton Walton, Mrs. Max von Roeder, Mrs. Fred Davis, Mrs. Robert Clinton, and Mrs. Charles Taylor.

Holdover Directors are: Mrs. George Patterson, Mrs. Lee Smyth, Mrs. Ross Carroll, Mrs. J. C. Massingill, Mrs. Charles Tyer, Mrs. George Kubala, Mrs. R. L. Drum, Mrs. Alvie Dolen, and Mrs. Amil Kruse.

Outgoing Directors are: Mrs. M. L. Broman, Mrs. P. W. Cloud, Mrs. Bob Dupree, Mrs. Jimmie Joe Key, Mrs. E. W. Schrader, Mrs. Clyde Collins and Mrs. Joe W. Sentell.

Open a can of cling peaches and stir in a little grated orange rind. Chill frosty cold in the can or in a refrigerator tray for a tangy dessert.

NEW OFFICERS — New officers were installed at the semi-annual general meeting luncheon May 14 at Martha Ann Woman's Club. Pictured are (from left) Mmes. J. W. Headstream, president; Buddy Drum, 1st vice president; Ross Carroll, recording secretary; Lee Smyth, 2nd vice president; and Bill Atwood, treasurer.

NEW DIRECTORS — New directors of the Martha Ann Woman's Club for the coming year are (from left) Mrs. J. W. Headstream, Mrs. Dalton Walton, Miss Bess Johnston, Mmes. G. B. Clark, Max von Roeder, Fred Davis and (not pictured) Robert Clinton and Charles Taylor.

OUTGOING DIRECTORS — Outgoing directors of Martha Ann Woman's Club for the past year are (pictured from left) Mmes. P. W. Cloud, Bob Dupree, M. L. Broman, Jimmy Joe Key and Joe Sentell. Not pictured were Mmes. Charles Collins and E. W. Schrader.,

FHA Chapter Honors Seniors With Tea

Janice Stewart, daughter of Mr. and Mrs. P. T. Stewart, and Janet Russell, daughter of Mr. and Mrs. E. D. Russell, attended the State FHA meeting recently in Dallas. Reverend Logan Cummings of Brownwood was the guest speaker. The evening session consisted of entertainment by clubs from Areas VI, VII, VIII, IX, and X.

The high school FHA Chapter entertained the graduating seniors with a tea Thursday in the Homemaking living room. The refreshment table held an interesting centerpiece consisting of a graduation cap and diploma balanced informally with a bouquet of red roses, the club flower. The cap and diploma were made by the art department. Punch, nuts, mints and cookies were served. Marquita Ortez ladeled the punch. Judy Shellburne greeted guests at the door. Marina Canales and Sherry Doty registered the seniors and presented each one with a long stemmed rose. Jana Rogers, hostess for the tea, presented miniature diplomas. Jana was assisted by other members of the chapter.

Janet Russell, daughter of Mr. and Mrs. Elmer D. Russell was awarded a trophy for her outstanding work as club presient. Janet plans to continue her education at Western Texas College this fall.

Miss Vera Periman, club sponsor, was presented a lovely tray by Dee Osborne, as a gift from the club.

Lynn Bethel Presents Students In Recital

Pupils of Mrs. Wayne Bethel enjoyed an unusual evening of good food and good music as they ended their year's activitis with a Spring Banquet at 5:30 p.m. Followed by recitals at 7 and 8 p.m. Saturday, May 15 at Martha Ann Woman's Club.

The club house was decorated for the occasion with pink roses. Placed in the center of card tables on white table cloths were miniature arrangements of pink roses in crystal containers. Dinner was served buffet style.

After pictures were taken National Guild Certificates and pins were presented. Recognition with special composer's pins went to Cheryl Taylor, Candy Stokes, Jana Bullard, Janna Tharp and David Vaughan for entering Guild with National Program five years or more.

National Federated Music Club Festival Certificates were presented to twenty participants.

Gold Cup Awards for Festival Participation with over fifteen points gained by making high ratings went to Teresa Sterling, Debbie Clements, Laurie Bethel, Lynda Burgess, Cheryl Taylor, Candy Stokes and David Vaughan.

Winner of the memory award was Diane Sentell with nineteen pieces.

Jana Bullard, high school senior, was presented with a surprise money tree for a music scholarship.

RECEIVES AWARD— Mrs. Elizabeth Jenkins, a teacher at North Elementary, receives the star student award of the National Security Management Course of the Industrial College of the Armed Forces. It was presented by Col. William J. Schiebel, course instructor, and commander of the 4166 U. S. Army Reserve School of Lubbock.

Few Retardates Need To Be In Institutions

This is the seventh in a series of articles about mental retardation prepared by the Public Education Committee of the Texas Association for Retarded Children.

★ ★ ★

Approximatley 6.5 million Americans — 3 per cent of the nation's population, are mentally retarded to some degree.

It would be impossible and unnecessary to place all these people in state-supported institutions. Texas, for instance, would need 330 more state schools, each with 1000 beds, to house its 330,000 mentally retarded residents. The cost to tax payers would be prohibitive, and the quality of service rendered would be severely limited. Most important, these addittional facilities are not needed.

Fortunately, most persons who are mentally retarded can be educated and taught skills to help them lead productive lives outside the institution. In Texas, 25 of every 30 mentally retarded persons are capable of adjusting to contemporary society. They are only mildly retarded and capable of self-support with minor supervision. Four out of 30 are moderately retarded. They are trainable and can be taught basic self-help skills, but they will always need help and assistance from others.

Only 1 out of 30 is severely retarded. Many retardates in these categories can be taught simple skills, but they must have special care, such as that provided in special schools of the Texas Department of Mental Health and Mental Retardation (TDMHMR).

Approximately 11,000 mentally retarded persons are currently receiving training and care at the 10 schools and 2 centers for the retarded operated by the department. These schools are at Abilene, Austin (2), Corpus Christi, Denton, Lubbock, Lufkin, Mexia, San Angelo, and Richmond. The two state centers for human development, which are basically intensive day-care centers for the retarded, are at Amarillo and Beaumont.

Retarded citizens of Texas also receive diagnosis, evaluation, treatment, and rehabilitation service from 9 state mental health centers and hospitals at Austin, Big Spring, Harlingen, Kerrville, Rusk, San Antonio, Terrell, Vernon, and Wichita Falls. The Federal mental health center at Texarkana also receives support from the State of Texas. At the Leander Rehabilitation Center, opened recently near Austin, retardates participate in supervised sports, overnight camping, fishing, and picnics.

The TDMHMR actively encourages and supports community-based programs of training and care for the mentally retarded. The department subscribes to the philosophy that no one should enter an institution who can be cared for in the community.

As new community programs develop, the state schools for the mentally retarded will be in a better position to make room for those who most need the services of a state facility. These include the severely and profoundly retarded, the mildly retarded who are emotionally disturbed, and retardates who are orphans.

The outmoded concept of simply locking up the mentally retarded shoud be abandoned. Treatment and rehabilitation must replace mere custodial care. The state schools are now filled to capacity. In many cases these children could be served in the community if services were available. Approximately 1,500 ratardates are on waiting lists throughout the state. Some of the pressure on crowded state schools is being relieved by the development of community programs and research into causes of mental retardation. Research is supported by the State and National Associations for Retarded Children and is conducted by such facilities as the Texas Research Institute for Mental Sciences in Houston, a TDMHMR facility. Results of this research, combined with already-proved causes, may some day drastically reduce the incidence of mental retardation.

TAX ANSWERS

This column of questions and answers on federal tax matters is provided by the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

★ ★ ★

Q — I waited until April 15 before I filed my return. How long will it take for me to get my refund?

A — If there are no mistakes on a return to delay processing, it normally takes four to six weeks after a return is filed. It might take a little longer to get your refund, however, due to the large volume of returns filed in April.

Q — My farm workers would like me to withhold income tax from their wages this year. Can I do this?

A — Federal income tax may be withheld from a farm worker's wages if the worker requests it and if the employer agrees.

Note that withholding on farm workers is not mandatory. The election to withhold is optional for both employer and employe. Form W-4 should be used by the employe to request withholding.

Q — I have just sold my home at a profit. What are the tax consequences?

A — The tax on any profit from selling your old home is postponed, if, within a year before or after making the sale, you buy and occupy a new residence costing as much or more than the "adjusted sales price" of your old residence.

If you are 65 or over before the date of sale and have owned and occupied the property as your principal residence for at least five of the eight years before the sale, you may choose to treat any profit as tax free if the adjusted selling price is $20,000 or less. You may treat a proportionate part of the profit as tax free if the adjusted sale price is more than $20,000. This choice to exclude profit on the sale of a residence from gross income, can be made only once in a lifetime.

Additional information can be found in IRS Publication No. 523, "Tax Information on Selling Your Home." This publication can be obtained free by sending a postcard to your local IRS office.

Q — What interest do you charge on taxes that are not paid when due?

A — Interest at the rate of 6 percent is assessed from the date the tax is due until it is paid. In addition, a penalty of one-half of one percent is imposed for each month, or part of month, beyond the due date that the tax remains unpaid, up to a maximum of 25 percent.

If an extension of time for filing has been granted, the late penalty will not be applied for the period of the extension. However, interest still will be charged from the date the tax is due.

Q — I have just opened my own business. How do I get an Employer Identification Number?

A — Use Form SS-4 to apply for your E.I. number. This form is available from your local IRS office or the nearest office of the Social Security Administration. The completed form should be filed with the IRS office designated in the instructions.

King Olav V Enters Hospital

OSLO, Norway (AP) — King Olav V enters a hospital today for a checkup following his ulcer operation last year.

A spokesman for the state hospital here said he expected the king to remain there about two days.

Justice Douglas Is In Hospital

WASHINGTON (AP) — Justice William O. Douglas is in Walter Reed Hospital for "adjustment of his cardiac pacemaker," the hospital reports.

A statement issued Monday said the adjustment "required a minor surgical procedure which was accomplished on the date of his admission," Friday. The condition of the 72-year-old Supreme Court justice was described as excellent.

The pacemaker was placed under Douglas' skin in June 1968 to correct an abnormally slow heart rate.

A hospital spokesman said Douglas would be discharged "probably this week."

At Texas Electric, People Power is at your service.

Can one of our air conditioning specialists help you?

We can't sell you any air conditioning equipment. Or install it. Or service it. Because our business doesn't include doing any of these.

Our business is selling electricity. And we want you to get the most value from every dollar's worth you buy from us.

This means helping you get maximum comfort from the equipment you buy from your electric air conditioning dealer. And at the lowest operating cost.

This is why we have people in the company who specialize in air conditioning. People you can call and ask for tips on how to operate your air conditioning equipment with the greatest efficiency.

Building or remodeling? Then an air conditioning specialist at Texas Electric can give you really helpful facts and advice, whether you're considering refrigerated window units or a central installation.

He can tell you about the kinds and amount of insulation you need to help your equipment do a better, easier job. Fill you in on all the various types of equipment. And estmate your operating costs.

If you wish, he will be pleased to consult with the contractor of your choice in planning your air conditioning system.

There is no charge for our help. It's yours for the asking. At Texas Electric, People Power is at your service.

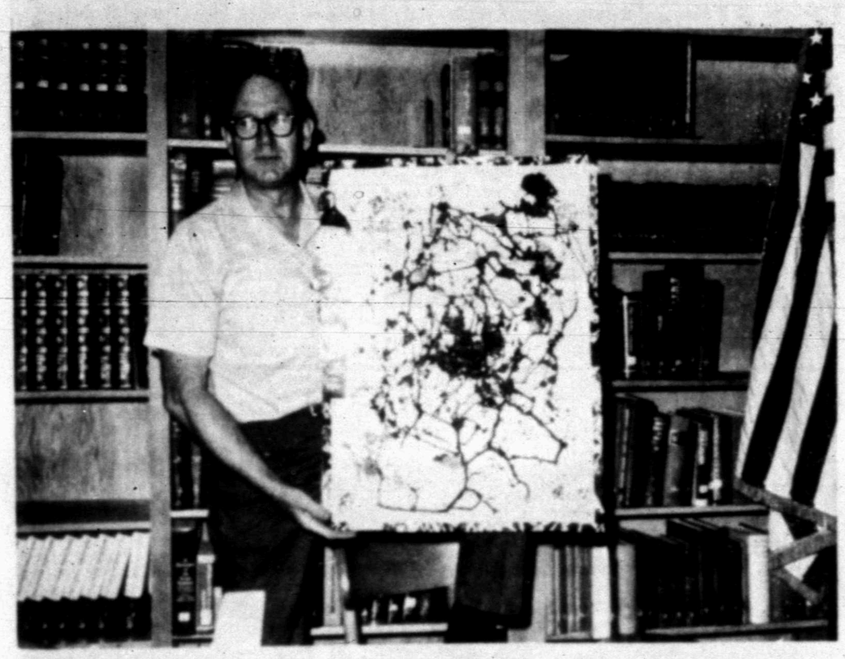
TOP HIGH SCHOOL OIL — Judges LaVerta Lovell and Jay Huckabee display the top high school oil painting in a special art show on exhibit this week at the Scurry County Library. The painting is by Leta Collins. The art work of senior and junior high pupils was judged this morning.



FIRST PLACE COLLAGE — This collage by Paula Trammell Wright of Snyder High School, was the top high school entry in the student art show at the Scurry County Library. The show is sponsored by the Sherwin-Williams Paint Store, Bud's Office Supply and the Travis Art Council. Jay Huckabee, one of the judges, is holding the piece.

JUNIOR HIGH WINNER — A piece of clay sculpture by Jan Way was the top junior high entry in the student art show at the Scurry County Library which was judged this morning by Jay Huckabee and LaVerta Lovell, two local artists.

Student Art Show At County Library Judged

A collage by Paula Trammell Wright was the top high school entry and a piece of clay sculpture by Jan Way was the top junior high piece of art in a student art show judged this morning at the Scurry County Library.

The show is sponsored by the Sherwin-Williams Paint Store, Bud's Office Supply and the Travis Art Council.

The exhibits will remain at the county library through Saturday.

Two local artists, Jay Huckabee and LaVerta Lovell, judged the entries from Snyder High School, Lamar Junior High School and Travis Junior High School.

Results included the following:

High School Oil Painting — Leta Collins, first; Brenda Crosby, second; Vickie Black, third; Mark May, honorable mention.

High School Watercolor — Angela Mosley, first; Barbara Moffett, second; Randel Wolfe, third; Debbie Williams, honorable mention.

Ninth Grade Pottery — Debra Jones, first; D'Ann Fisher, second; Sharon Sumruld, third.

Eighth Grade Sculpture — Dale Wortham, first; Mark Hinton, second; Elise Garza, third; Cindy Dorman, honorable mention.

High School Collage — Paula Trammell Wright, first; Vickie Burney, second; Glen Miers, third; Linda Sowell, honorable mention.

Eighth Grade Pottery — Carla Denson, first; Omega Vargas, second; Alfonso Garcia, third; Randy Rinker, honorable mention.

Ninth Grade Sculpture — Jan Way, first; Janis Dolliver, second; Donna Potts, third.

Eighth Grade Pastel — Orlando Vargas, first; Richard Turnbow, second; Herman Autry, third; Richard Tovar, honorable mention.

Ninth Grade Paintings — D'Ann Fisher, first; Barbara Hines, second; Janis Dolliver, third;; D'Ann Fisher, honorable mention.

High School Drawings — Mark May, first; Connie Hollis, second; Karen Hardy, third; Donna Pemberton, honorable mention.

Creative Lettering — Letha Coronado, first. Sheila Pilgrim, second; Dennis Westmoreland, third.

Eighth Grade Block Prints — Sharon Sumruld, first; Mary Ann Cummings, second; Michael Archie, third; Janis Dolliver, honorable mention.

Macrame — Win Bunch, first; Ronnie Black, second; Greg Gary, third; Ricky Howell, honorable mention.

Ninth Grade Drawings — Jane Way, first; Janis Dolliver, second; Barbara Hines, third; Jan Way, honorable mention.

Seventh Grade Block Prints — Win Bunch, first; Nancy Lee, second; Pete Jasso, third; Barbara Sickler, honorable mention.

Eighth Grade Watercolors — Norm Autry, first; Billy Dennis, second; Laura Lee, third; Elsie Garza, honorable mention.

Eighth Grade Drawings — Alfonso Rodriguez, first; Mark Hinton, second; Carolyn Davis, third; Norm Autry, honorable mention.

Cadets in the first class at the Air Force Academy, which opened in 1958, chose the falcon as their school mascot.

Brothers' Switch Uncovered

YARMOUTH, Maine (AP) — The father of an Army rifleman whose older brother went to Vietnam to finish out his tour of duty says the younger brother is now en route back to Vietnam.

Carleton R[illegible] added Monday night that the older brother, Wesley, 22, was being held by military authorities in Vietnam and could be sentenced to five years in a South Vietnamese prison for illegal entry.

Storer said Wesley, himself kept out of the war by a bad leg, agreed to impersonate his brother Glenn, 21, after the radio operator-rifleman came home to Yarmouth April 9 for a two-week leave after five months in Vietnam.

Storer said Glenn was shipped out of Ft. Devens, Mass., late Monday.

He said that a few weeks after Glenn's leave ended federal officials notified him that someone was impersonating Glenn in Vietnam and asked him to verify identification. "It was then he learned that all this switching they'd been kicking around had become a reality," Storer said.

Wesley, interviewed in Vietnam by a CBS-TV newsman, said his brother's buddies covered up for him, but he was turned in the day before a march into the field.

Storer, who also has a 17-year-old son and a 5-year-old daughter, said that after hearing from federal authorities he contacted Glenn's girl friend and the next day Glenn called from Virginia. He then returned to Portland to surrender to federal authorities, his father said.

"Glenn didn't want to go back," his father recalled. "He told us it's all pointless over there and that they were playing games with his life."

Storer, an engineer, said Glenn had worked with his surveying crews before he entered the service and had never been interested in antiwar movements. "But he was embittered when he came back," Storer said.

HHH Stumps California

SACRAMENTO, Calif. (AP) — Sen. Hubert H. Humphrey stumped California today with the fervor of a presidential candidate—as he was in 1968 and says he might be in 1972.

The Minnesota Democrat arranged to see nearly every one who is anyone in the various factions of the California Democratic party and scheduled an address to a joint session of the state legislature.

His speech prepared for the legislature proposed appointmen of regional domestic White House ambassadors to create a better liaison between Washington and the states.

He also called for a greater local and state role in the federal budget making process and planning for the future.

The President should meet regularly with state and local officials, Humphrey added, "not for the purpose of federal domination but to foster cooperation."

In San Francisco Monday, Humphrey told a meeting of 50 northern California Democrats that he considers President Nixon, who defeated him in 1968, a one-term president, saying "his real weakness is that the people don't believe him."

And Humphrey said it will be late this year or early 1972 before he decides whether to run for president again.

Dinner Honors Harry Truman

KANSAS CITY (AP) — Harry S. Truman is a man who "never turned away a friend or backed away from a fight," Gov. Dale Bumpers of Arkansas says.

As a senator and as president, Truman personified Shakespeare's rule, "To thine own self be true," Bumpers told about 250 persons Monday night at the third annual Truman Day dinner sponsored by the Clay County Democratic party.

"This is a simple formula we can all emulate to good advantage, especially the present occupants of the White House," the young Democratic governor said.

Before addressing the dinner, Bumpers visited the Truman home in Independence.

"I was impressed with his alertness and his quickness of mind," the governor said.

US Industries Fear Foreign Competition

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — This is World Trade Week, so proclaimed by President Nixon in these words: "Now more than ever before the United States must seek to strengthen its role as a key supplier to the global marketplace."

No doubt about that. If the United States can sell more goods abroad it stands a chance of correcting the nagging deficit in its foreign payments, or strengthening the dollar, of rewarding its workers and investors better.

Meanwhile, what is happening to the market at home?

From Detroit: "I frankly don't see how we're going to meet the foreign competition." The speaker was Henry Ford II at the company's annual meeting last week. He wasn't speaking of foreign markets. He was speaking domestically.

From Pittsburgh, Pa.: "Nobody likes quotas, but at the moment, it's the only way we can live." The speaker was Edwin H. Gott, chairman of U.S. Steel Corp., quoted by Business Week magazine. The subject was foreign competition at home.

Pick your dateline or your industry. You'll have little trouble in matching the quotes.

The domestic oil industry, 4 of which are in top 10 industrial corporations, fear imports. The supersonic airliner, being built by Britain and France and Russia, cannot be built here without a subsidy, and then may be uneconomical.

It never is difficult to hear complaints or fears. It is almost standard for the leaders of a dying business to seek protection and to blame exterior conditions for their plight.

When Ford and Gott speak, however, they speak as the top representatives of two of the most powerful companies in the world, companies that have typified American industrial might.

What are the reasons?

Steel argues that individual companies in the United States must compete with government business combines abroad. In the automotive industry, Henry Ford II comments: "Mini car, mini profit."

But there are other fundamental factors involved that have persisted for years without effective action taken or perhaps even possible. Among those often mentioned, without any attempt to assess their value:

High American wages versus low foreign pay scales; lagging productivity of factories and workers; restrictions on American products, as in the Japanese car market; American consumerism, which imposes costly standards.

Also: The American free enterprise system versus subsidized companies abroad—not that government aid isn't given here also; and the regulatory climate, which some critics say is overly restrictive.

But can anyone overlook the probability that there might also be missing some of those ingredients that made American companies great: imagination, innovation, enthusiasm, enterprise, daring, flexibility.

Junior Editors Quiz on COLLEGE DEGREES

QUESTION: *How did college degrees originate?*

* * *

ANSWER: The system of degrees which colleges and universities use today started in Eurpe in the 1300s and was based on rankings then in use by the craft guilds. In the guilds, an apprentice, after sufficient work, became a journeyman. In the same way, a college student could earn the degree of bachelor, which meant young man or young knight. With more work, the journeyman became a master craftsman, and the college student received a master's degree, meaning he had mastered some subject. With still more work and teaching in medicine, theology or law, the student might become a doctor (this word originally meant teacher). A college student today, graduating after four years of study, usually becomes a B.A. or B.S. (Bachelor of Arts or Science). One or two more years of study may earn him a master's degree such as M.A. (Master of Arts). With two or three years more work, he may earn the doctor's degree, such as Ph.D., (Doctor of Philosophy). There many more special degrees, such as C.E., (Civil Engineer), B.F. (Bachelor of Forestry), etc. Caps and gowns worn on graduations and other ceremonies indicate degrees obtained by the wearer.

(Patricia Taylor of Fayetteville, Pa., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

Matthau Happy To Be Alive

By HAL BOYLE

NEW YORK (AP) — "Each day is a bonus, a free ride to me," said actor Walter Matthau.

"The thing that gives me most pleasure in life today is simply being alive. I had a massive heart attack five years ago that was supposed to kill me but didn't.

"A heart attack is a big insult to your psyche as well as your physiology. I believe mine must have changed my personality—and for the better. Anyway, I've gotten more leading film roles since then."

His latest starring vehicle is a screen version of Neil Simon's "Plaza Suite," following smash performances in "The Fortune Cookie," "The Odd Couple," and "Hello, Dolly."

"If you start from nothing and drive yourself to a false fiduciary success, you are almost bound to have a heart attack," he remarked.

His own came after a period during which he overworked, smoked heavily and indulged a passion for spectacular gambling. Now he still works hard but has given up smoking and cut down on his gambling.

"But, of course," he said, smiling, "you can get a heart attack from the strain of standing in line at a $2 window."

Mellowed now by early adversity and illness at the peak of his career, Matthau said now he would define life as "a silly little journey" and his philosophy is this:

"Whatever it is, it isn't that important. Work is more important than the man who does it."

Asked what defeats most men in life, he replied:

"They fall in with all of the philosophy that is made up by the haves. This is not consistent with the needs and desires of the have nots. Whenever the have nots try to apply the philosophy of the haves to their own lives, they come up empty."

Walter feels his worst fault is a feeling of nameless guilt.

"I feel terribly guilty. But I don't know what I'm guilty of or why I feel that way.

His best virtue, in his own opinion, is that "I don't take myself too seriously."

Fire Is Contained

ELY, Minn. (AP) — U.S. Forest Service officials say a blaze in the Boundary Waters Canoe area of Superior National Forest has been held to 23 square miles and they expect it to be under control today.

Up to 550 fire fighters worked to control the blaze since it was spotted Friday from a patrol aircraft, and officials sent 200 home Monday night as conditions improved.

A half-inch of rain and low winds helped fire fighters hold the fire Monday to the 23 square miles it had covered by late Sunday.

Damage and fire fighting costs were estimated at almost $1 million late Monday.

The region—about nine miles south of the Canadian border in northeastern Minnesota—is prime for hunting deer and ruffed grouse in fall.

Officials said the blaze apparently was started by man, but the exact cause has not been determined.

Eckstein Reports Theft Of Ring

CHICAGO (AP) — Singer Billy Eckstein reported Monday that a ring valued at $15,000 was missing along with other items from his hotel room.

Eckstein, who is appearing at a local night club, said the ring belonged to his wife and that the full loss had not been determined. He said the items apparently were taken sometime last week.

OFFICERS INSTALLED — Shelby Surratt, past state chief of staff (right) installs new officers at the Veterans of Foreign Wars Post 8231. They were installed last night at the post home. They are, from left to right, J. B. Early, three-year trustee; William Barr, quartermaster; Truss Farquhar, senior vice commander; Jim Moss, commander; Kenneth Minyard, junior vice commander; Bob Bagwell, chaplain; Homer Beasley, post adjutant; and Roy Hendricks, service officer. Not pictured are C. C. Allen, post advocate; J. Bruce Ellis, surgeon; E. L. Keller, one-year trustee; and, Otis Kincheloe, two-year trustee.

NEW OFFICERS — These ladies were installed as officers of Veterans of Foreign Wars Auxiliary, Post 8231 in a ceremony conducted Monday night at the Post home. They are, from left to right, seated, Katheryn Hanks, president; Earline Brooks, senior vice president; Ann Franks, junior vice president; Shirley Minyard, secretary and treasurer; standing, Iris Bowlin , chaplain; Floy Mathews, conductress; Nell Fowler, guard; Doris Duff, one-year trustee; Dolores Ginby, two-year trustee; and, Dorothy Simpson, three-year trustee.

Officers Installed By VFW, Auxiliary

Installation of officers for Veterans of Foreign Wars, Post 8231, and its Auxiliary [illegible] at 8 p.m. Monday at the Post Home.

New officers of Post 8231 are Jim Moss, commander; Truss Farquhar, senior vice commander; Kenneth Minyard, junior vice commander; William Barr, quartermaster; Bob Bagwell, champlain; C. C. Allen, post advocate; J. Bruce Ellis, surgeon; E. L. Keller, one-year trustee; Otis Kincheloe, two-year trustee; J. B. Early, three-year trustee; Homer Beasley, post adjutant; and, Roy Hendricks, service officer.

Shelby Surratt, past state chief of staff, was the installing officer. Outgoing commander is J. P. Ellis.

New officers of the Auxiliary are Kathryn Hanks, president; Earline Brooks, senior vice president; Ann Franks, junior vice president; Shirley Minyard, secretary-treasurer; Iris Bowlin, chaplain; Floy Mathews, conductress; Nell Fowler, guard; Dorothy Simpson, three-year trustee; Dolores Ginby, two-year tuustee; Doris Duff, one-year trustee; Dorothy Taggart, patriotic instructor; and Nell Fowler, historian.

Mrs. Nick Timora served as installing officer with Mrs. Shelby Surratt as secretary and Jewel Ellis as conductress.

Mrs. Timora, outgoing president of the Auxiliary, reviewed some of the community services and accomplishments of the Auxiliary during the past year.

The Auxiliary gave a $250 scholarship to deserving student at Western Texas College; gave $1 per member to the Cancer Aid and Research Fund set out by the organization; donated 50c per member to the State Hospital Fund which helps the indigent patients in the VA and Service Hospitals throughout Texas; gave $25 to the local Youth Center and is giving $10 monthly to the Day Care Center where one member serves on the board.

The Auxiliary manned the booths at both banks for one week for the Goodfellows collecting some $2,000 during that period. They carry out a "Helping Hand" program which assists students throughout the city. They assisted in the local Cancer Crusade.

The Auxiliary gave two Cub Scout groups a flag with flag etiquette material. Being a service organization the Auxiliary assists the VFW Post in all functions.

Auto Recalls Criticized

By G.C. THELEN Jr.
Associated Press Writer

WASHINGTON (AP) — The Transportation Department has charged that recall notices sent by automakers to owners of defective cars and trucks often neglect spelling out all the possible dangers involved.

The result, says a scolding letter to 78 domestic and foreign manufacturers, has been an unlawful shortcoming in attempts "to provide the desired incentive in owners to have vehicles repaired."

The letter, signed by Douglas W. Toms, acting head of the National Highway Traffic Safety Administration, reminds the automakers that federal law requires them to tell owners of affected cars whether defect might cause loss of control or crashes.

And it criticizes them for "serious failure" to comply.

Toms suggested that technical descriptions of flaws without evaluation of crash possibility discourage owners from getting their cars "repaired as quickly as possible."

Spokesmen for General Motors, Ford, and Chrysler all declined specific comment Monday because they said Tom's letter had not been received.

A 1966 law requires auto makers to notify original purchasers and subsequent warranty holders by certified mail when safety-related defect is determined to exist in a vehicle. Repairs are made at company expense when the car is brought to an authorized dealer.

Tom's letter follows mounting concern among federal safety officials over what they consider a lack of effectiveness of recent recall campaigns. Auto spokesmen rated the success rate at about 70 to 80 per cent.

Day Care Program Pushed

By PEGGY SIMPSON
Associated Press Writer

WASHINGTON (AP) — Two of the ladies in the House are hoping to get more women out of the home with a $10 billion push in Congress.

Reps. Bella Abzug and Shirley Chisholm put the price tag attached to their bill for a massive new [illegible] of day care centers, aimed at liberating mothers everywhere while somebody else minds the kids.

Of course, says the flamboyant Mrs. Abzug, D-N.Y., the idea also is to help the children, mostly preschoolers, develop skills and interests.

But the irony now, she stresses, is that folks who talk glibly about securing the potential of youngsters forget that more than half the adult population, namely the women, are suffering underachievement as well.

"Isn't it clear yet," she asks, "that if a woman must stay home to care for the kids she won't be about to go to school? Take a job? Work harder for a promotion?

"Isn't it clear that she will be doomed to hold low-paying, low-prestige jobs that no man would hold still for?"

Mrs. Abzug and Mrs. Chisholm, another New York Democrat, advanced their proposal to the House Select subcommittee on education Monday and later elaborated at a news conference.

The bill calls for expenditures of $5 billion in fiscal 1973, $8 billion in 1974 and $10 billion for 1975 and thereafter.

The funds would be used to establish or expand child care centers throughout the nation, including some to operate 24 hours per day to accommodate night workers. All children, regardless of family income, would be eligible.

Magic Mountain's amusement park in Valencia, Calif., has 200 acres planted with ground cover, including 7,000 trees and 50,000 flowers and shrubs.

Welfare Reform Plan Backed By Montgomery

DALLAS (AP) — More than one million low-income American families would be better off financially if the man of the house either quit his job or deserted his family because they would then be eligible for public welfare.

"We need a built-in-formula such that the family always stands to gain financially if the father is working and in the home," says John C. Montgomery, director of family assistance planning in the Department of Health, Education and Welfare.

Montgomery said present welfare systems penalize poor families which have a working father in the home and that such a situation only feeds the "cycle of poverty" which has caused welfare costs to skyrocket.

He said the pending welfare reform plan is "the most innovative social legislation of the past 35 years" and that it is therefore only natural that parts of it are controversial.

Montgomery was in Dallas Monday to address the National Conference on Social Welfare at the Dallas Memorial Auditorium.

He said at a press conference after his speech that income supplementation to the working poor is the most pressing problem facing public welfare in the United States today.

The administration's reform plan, now in the House Ways and Means Committee, would remove strictures against assistance to the working poor.

"The assumption has been," Montgomery said, "that a family headed by a full-time male worker did not need assistance. This is simply not so. Almost two out of every five poor families with children are headed by full-time workers."

He said the present system provides a "disincentive" for working fathers to keep their jobs and that many "desert so that their families might qualify for welfare benefits."

Montgomery, former director of social welfare for the state of California said the reform measure would reduce the number of people on welfare in the long run.

"Welfare rolls will increase in the short run but we fear that they will level off after about the fourth year when we turn the corner and they start decreasing," he said, referring to the reform plan.

The eventual stabilization and subsequent reduction would come about because of work incentives and work requirements which would be incorporated into the reform package.

Day care provisions for children of working mothers also are a feature of the reform measure.

Montgomery told convention delegates that students of the welfare problem are in agreement on one point:

"The present welfare system has outlived its usefulness and, like the soup kitchen or the almshouse of the nineteenth century, has become an anachronism that should be laid to rest.

"With all its inherent weaknesses and negative features," he went on, "it is a wonder that public welfare has not long since collapsed of its own weight."

Montgomery said projected expenditures for all facets of welfare under current systems come to $14.5 billion, with a federal outlay of $9.4 billion and a local-state cost of $5.1 billion.

Under the reform plan, he said, the total cost would be $18.5 billion the first year, with the federal share going up to $14.9 billion but the local-state portion declining to $3.6 billion.

He said the long range costs of welfare would be reduced under the reform measure because the number of recipients would eventually be reduced and better work habits would be inculcated into families receiving benefits.

Man Killed On Power Line

BLACKJACK, Tex. (AP) — Norris Brown, 30, was killed Monday, while working on a high-power line near this East Texas community, about 18 miles northwest of Nacogdoches.

Charged In Hijack Threat

SAN ANTONIO (AP) — A young Brooklyn man, charged with threatening to hijack a passenger plane to Cuba, remained jailed today in lieu of $25,000 bond.

Alexander Joseph Masucci, 21, a student at the University of the Americas in Mexico City, was arrested Saturday and arraigned on the charges before a U.S. magistrate, officials said.

He was accused of telling stewardess Leslie Redinger of Dallas aboard a Braniff flight, "I've got a gun and I'm taking you all to Cuba," court records showed.

A deputy U.S. marshal arrested him at the airport but reported he was unarmed. Officials said he was carrying a case containing only an unassembled pool cue stick.

The plane was en route from Mexico City to Dallas and New York.

In 1970 the United States produced 1½ billion jars of pickles.

Revenue Sharing Debate Becoming Track Event

By EDMOND LeBRETON
Associated Press Writer

WASHINGTON (AP) — The running debate over President Nixon's $5 billion revenue sharing plan is becoming a cross-country affair.

The leading long-distance runners, each with his own style, are Vice President Spiro T. Agnew and House Ways and Means Committee Chairman Wilbur D. Mills.

Mills says there is no master plan for him to follow the vice president around and try to demolish his arguments for the administration's prime fiscal proposal.

"But I'm always glad, when invited to give people the other point of view," he added.

Agnew boosted revenue sharing before the Tennessee legislature in Nashville May 5. One week later, Mills delivered to the same audience his strongest attack to date on the plan. "Some said I changed their minds," he said.

Agnew spoke to the North Carolina legislature in Raleigh May 16. Mills will appear there Thursday.

Agnew addressed the Illinois legislature May 11 and was in New Orleans March 17. Mills will be in Illinois May 26. An invitation for him to address the Louisiana legislature is in the works.

Agnew appeared before the Florida legislature May 12. Mills is speaking next Saturday in Ocala, at a testimonial dinner for Rep. Bill Chappell Jr. He may just touch on revenue sharing.

Mills has not, in the past been one of Congress' more notorious gadabouts. Some piquancy is added to his present travels by the persistent efforts of his colleagues to boost him for the Democratic presidential nomination. He says he is not a candidate. Mills associates says the invitations come from state legislative leaders, occasionally with support from congressional delegations. A spokesman for the Democratic National Committee said it has no hand in promoting the invitations.

If Mills should decide to dispute the Vice President's comments wherever delivered, he would have a bit of traveling still to do.

Agnew has spoken on revenue sharing in Atlanta, Kansas City, Columbis, Ohio; St. Paul, Minn.; Indianapolis, Honolulu, Washington State, St. Louis, Frankfurt, Ky.; Denver and Detroit.

And if Agnew should want to cover all the ground Mills has, he would have a few more bases to touch: Texas and South Carolina. Mills is to speak in Columbia, S.C., Wednesday, but principally on textile import legislation.

Cards, Check Ring A Bell

CLAYTON, Mo. (AP) — Two identification cards and a check handed cashier Yvonne Beede, 23, at Downs Men's Store rang a bell.

Her name appeared on the check along with two identification cards in her wallet stolen a week earlier.

As Miss Beede stalled for time, police moved in and arrested Marie Fultz, 22, on charges of forgery.

Amendment Carries In Poll

AUSTIN (AP) — The constitutional amendment on today's ballot setting up a legislative ethics-pay commission carried 300 to 254 in a recent two-county poll taken by the office of Sen. Roy Harrington of Port Arthur.

Harrington said 591 of more than 3,500 questionaires were returned to May 10, including those distributed by him, a labor union and two public schools.

The questionnaires were distributed to residents of Jefferson and Orange counties.

When completed in 1983, Crown Center will provide living and working facilities for 50,000 persons only eight blocks from downtown Kansas City, Mo.

Public Notice

CITATION BY PUBLICATION
THE STATE OF TEXAS

TO: F. J. Graham and C. W. Gill Trustee of J. M. Radford Grocery Company, Taylor County, Texas, and J. W. Chandler of Scurry County, Texas, if living; if deceased the unknown heirs or assigns of F. J. Graham and C. W. Gill, Trustee of J. M. Radford Grocery Company, Taylor County, Texas, and J. W. Chandler of Scurry County, Texas; all persons claiming any title or interest in land under deed heretofore given to F. J. Graham of Scurry County, Texas and Deed of Trust given to C. W. Gill, Trustee for J. M. Radfore Grocery Company, Taylor County, Texas, and Deed heretofore given to J. W. Chandler of Scurry County, Texas, as Grantee, Defendant, Greeting:

YOU (AND EACH OF YOU) ARE HEREBY COMMANDED to appear before the DISTRICT Court of SCURRY County at the Courthouse therof, in SNYDER, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 5th day of JULY A.D. 1971, to Plaintiff's Petition filed in said court, on the 17th day of MAY A.D. 1971, in this cause, numbered 10,286 on the docket of said court and styled JOE B. NORRIS, Plaintiff, vs. F. J. GRAHAM, ET AL, Defendant.

A brief statement of the nature of this suit is as follows, to-wit:

Suit in Trespass To Try Title of the following described property:

All of Block 43, Blankenship Addition to Scurry County, Texas, except one fourth acre in a square in the Northeast Corner of said Block.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Witness, ZADA D. CHAPMAN, Clerk of the District Court (s) of Scurry County, Texas.

Issued and given under my hand and the seal of said court at Snyder, Texas, this the 12th day of May A. D. 1971.

ZADA D. CHAPMAN Clerk,
District Court
Scurry County, Texas.
(s) By Alta Bavousett, Deputy.

Local Ministers To Host Golf Tourney

The Snyder Country Club will host a Ministers' one-day golf tournament Thursday. The Scurry County ministers are the host.

Ministers from all over the Big Country and Plains are invited to participate.

Entry fee is $5 and a lunch is included. The lunch and presentation of prizes is slated for 2:30 p.m. with a shotgun start for the tourney scheduled for 9:30 a.m.

Entrants coming in with the low gross and low net scores in each flight will receive prizes as will winners in both the long driving and closest to the pin contests. There will be trophies for the winners of each flight and a special trophy for the minister with the highest score.

Further information may be obtained by calling 573-2631 or 573-3188.

Gains Ground

By THE ASSOCIATED PRESS

Charlotte took advantage Monday night of one of those rare opportunities to gain ground on Dixie Association Eastern Division leader Asheville.

While Asheville split a doubleheader with Columbus, Charlotte nicked Jacksonville 2-1. Asheville dropped the opener 9-1 but took the nightcap 2-1. In the only other game played, Montgomery clobbered Savannah 10-2.

All the Dixie West and Central clubs had an off night for travel.

Braves Nip Mets, 4-3

By KEN RAPPOPORT
Associated Press Sports Writer

The Roadrunner was standing on the corner, watching the baseball go bye, bye.

"Yep, I just watched the ball from the batter's box after I hit it," said Atlanta's Ralph Garr, who carries the "Roadrunner" tag for his blinding speed. "I knew it was out of the park—but I was afraid it might go foul."

The reason for the freeze, Garr said, was that he wanted to conserve his energy—in case the ball was foul "and I would need all my strength to run on the next ball."

Turns out, his fears were foundless. The ball clattered into the left-field seats in fair territory and gave the Braves a 4-3 victory over the New York Mets in the 11th inning Monday night.

"I'll never forget that," said Atlanta's prize new left-fielder who also had game-tying homer in the 10th and beefed his batting average to a National League-leading .404 with a 3-for-6 night.

Pittsburgh beat Montreal 6-5, Philadelphia turned back Cincinnati 3-2 and Houston beat San Diego 2-0 in the only other National League action.

In the American League, it was New York 6, Baltimore 3; Cleveland 6, Washington 3; Boston 3; Detroit 2, and Minnesota 3, California 2.

New York had AL Weis on third base with the potential lead run in the 11th inning when Atlanta's Bob Priddy threw one of his pitches over the catcher's head. But the ball ricocheted off a back wall and shot back before Weis had a chance to come home.

Garr not only made the timely hits, but timely catches as well. He made two robberies of drives in the outfield, including Bud Harrelson's long belt up the alley in left-center, which the "Roadrunner" simply outran.

Orlando Cepeda was another Brave hero, stroking a homer off Seaver to lead off the ninth that tied the game 2-2. New York's Don Clendenon then ripped his second homer of the game to give the Mets a 3-2 bulge before Garr came through.

Roberto Clemente, who unloaded a homer in the eighth, cracked a two-run triple in the ninth to give Pittsburgh a come-back victory over Montreal.

The Pirates trailed 5-4 when Gene Alley opened the last of the ninth with a single off Expos' reliever Mike Marshall. Gene Clines sacrificed Alley to second and he held there as Dave Cash beat out an infield hit.

Vic Davalillo flied out, but then Clemente hit the center field wall with his drive to score the tying and winning runs.

Clemente had left five runners stranded prior to his batting splurge, coaxing boos from the 6,431 faithful at Three Rivers Stadium.

Mike Ryan's tie-breaking homer in the eighth helped Philadelphia's Jim Bunning break a six-game losing streak.

Bunning checked the Reds on five hits for eight innings and drove in the Phillies' first two runs with a sacrifice fly and homer. Darrell Brandon pitched the ninth for Philadelphia, surviving a two-out triple by Bernie Carbo.

Don Wilson fired a four-hitter and Jack Hiatt and Jim Wynn delivered run-scoring singles in the Houston cause. The only run Wilson needed to gain his fourth victory in six decisions was an unearned tally in the second inning.

With two out, Doug Rader singled and Jesus Alou was safe on an error. Hiatt then sliced a single to score Rader. Wynn's infield single brought home Joe Morgan from third with Houston's other run in the eighth.

Pan American BreaksRecords

EDINBURG, Tex. (AP) — Pan American University, currently deadlocked with Texas as the No. 4 ranked college baseball team in the nation, smashed home attendance records this season in compiling a 40-7 record.

Ranked No. 1 in the college coaches poll for much of the season, the Bronchos averaged 1,440 spectators in their 1,200 capacity home field for 26 home dates.

They will meet Texas this Friday and Saturday in a best-of-three playoff for the District Six championship.

Last weekend, Pan Am won three games against the Varsity Club of San Antonio in a warmup for the Texas series.

Nets Obtain Tom Washington

NEW YORK (AP) — The New York Nets have obtained Tom Washington, a 6-foot-8 forward, from the Floridians in exchange for a high choice in the 1972 American Basketball Association draft.

Lou Carnesecca, general manager and head coach, made the announcement Tuesday. He said he chose Washington because of "his experience, his rebounding and fine ball-handling for a big man."

Althouth hampered by injuries, Washington averaged 10.63 rebounds and 9.37 points during the past season.

Canadians Go To Mexico

MEXICO CITY, Mexico (AP) —Canada's Davis Cup tennis team arrived here Sunday, two weeks before its scheduled match with Mexico, to get acquainted with the climate, altitude and the court at Chapultepec Sports Center.

The second round match of the North American zone competition will be held May 29-31.

Canada's four-member team headed by non-playing Captain Lawrie Strong, includes top-seeded player Mike Belkin, John Sharpe, Keith Carpentei and Harry Fauquier.

Canonero II Gets Big Bid

BALTIMORE (AP) — Canonero II, surprise winner of the Kentucky Derby and Preakness, was scheduled to take a "victory" walk in front of the Pimlico stands today as a tug of war appeared to be developing for his services.

Meanwhile Canonero, who was to depart for New York Thursday for the June 5 Belmont Stakes, appeared to be facing steadily dwindling opposition for the third leg of the Triple Crown.

Pedro Baptista, who races the colt in the name of his son-in-law, Edgar Caibett, said he would be in Miami Thursday to discuss a $4 million bid from a Florida syndicate for the $1,200 yearling.

And the Venezuelan government, which controls racing in the colt's home country, reportedly was interested in buying the horse to spur interest in breeding in the South American nation.

"The government officials have said they would like to keep him at home," a spokesman said Monday, "to spur interest in breeding created by Canonero in the Derby and Preakness.

"But I doubt if the government can match the offer of the people in Miami," he continued. "If the government offers anything less, Mr. Baptista would be a poor businessman to accept it."

Baptista, a Caracas businessman, said he would have to retain four shares in any syndication, keep any earnings from the Belmont Stakes, with the horse running under the original ownership in the Belmont.

Canonero II, with a chance to become the first Triple Crown winner since Citation in 1948, has scared off quite a bit of opposition for the final leg.

Jim French, runner-up in the Derby and third in the Preakness, appears to be the only certain repeater from the previously beaten fields.

Eastern Fleet, runner-up by 1½ lengths in the Preakness as Canonero II set a Pimlico track record of 1:54 for 13-16 miles, is still a question mark.

Other possibilities for the Belmont include Good Behaving, who would be an entry with Jim French for trainer Johnny Campo; Bold Reasoning, unbeaten winner of the recent Withers Stakes; Run The Gantlet and On Your Toes.

Nichols Gets Tarleton Job

STEPHENVILLE, Tex. (AP) — West Texas State assistant basketball coach Lonie Nichols was named Monday head coach at Tarleton State College. He will take over July 15.

Nichols, 29, a graduate of Midwestern University in Wichita Falls, had served as assistant under head coach Dennis Walling at West Texas the past two years.

Tarleton state has 6-24 record in the Lone Star Conference this past season.

West Texas State was 19-7 last season—their best percentage record in 30 years.

Russians Beat Amarillo

AMARILLO, Tex. (AP) — The Russian Nationals basketball team continued to roll over various United States college all-star teams registering a 107-84 victory Monday night over the Amarillo College All-Stars.

It was the Russians' fourth consecutive win on their American exhibition tour.

The Nationals' balanced attack was paced by Alexander Sidiakin with 19 points, but five other Russian players also scored in double figures.

The Nationals had a difficult time with the surprising Amarillo team in the first half and held only a 53-48 edge at halftime.

But Russia's overall board strength began to tell on the All-Stars in the second half.

The All-Stars were led by 6-3 Dale Blaut, the game's leading scorer with 27 points. Mike Mitchell added 15.

Saturday night, the Russians had defeated a strong college all-star team from Indianapolis, 80-78. The Nationals play next on May 19 at the University of Kentucky.

BUSINESS and INDUSTRIAL NEWS

TOP FACILITY — Bell-Seale Funeral Home was especially designed in 1964 for its sacred purpose. It is considered one of the finest of its kind in West Texas.

Bell-Seale Facilities Among Top In Region

Max Grosshans and Bill Seale, partners in the ownership and operation of Bell-Seale Funeral Home, recently announced the acquisition of the physical assets of Bolger Funeral Home.

In this day of inflation and rising costs, it is becoming more and more necessary for firms such as Bell-Seale and Bolger to join in order to render continued good service at the most reasonable cost to the public. G. Edward Bolger is retiring from business.

Due to efficient operation and management, Bell-Seale is doing a good job of holding costs down while rendering superior service.

In spite of the fact that the Bell-Seale facilities are among the best to be found anywhere, costs remain within the reach of every family's budget.

The chapel at Bell-Seale was designed to provide a dignified place where final tributes may be paid. Seating is provided for over 300 persons in this beautiful chapel. Moreover, its services can be used free of charge for weddings.

There are three handsomely-decorated reposing rooms in the Bell-Seale building, which was built expressly to serve as a funeral home. Families who have need of its service appreciate the facilities.

Others on the professional staff at Bell-Seale are Gaither Bell, vice-president, and Darrell Rains, secretary. All are licensed funeral directors.

Woman Named UP Moderator

By GEORGE CORNELL
AP Religion Writer

ROCHESTER, N.Y. (AP) — For the first time, United Presbyterians have elected a woman, Lois H. Stair of Waukesha, Wis., as moderator, the church's top presiding officer.

She is the second woman within a week to be elected to the highest office of a U.S. denomination.

Mrs. Stair, a warmly vivacious church worker and businesswoman, defeated three male candidates near midnight Monday at the opening session of the denomination's 183rd General Assembly.

"You have set a precedent," she told about 2,000 cheering delegates. "You have taken a risk. You have said you trust me, a lay person, a woman, to hold the church's highest office."

The 3.1 million-member church is the nation's seventh largest Protestant body.

Last Friday, the American Baptist Convention elected a woman as its president, Ruth Rohlfs of Seattle, Wash.

The outgoing United Presbyterian moderator, the Rev. Dr. William R. Laws of Columbus, Ind., embraced Mrs. Stair and told the assembly: "You have elected the prettiest moderator we've ever had."

Mrs. Stair led from the start in a contest with two clergymen and a layman. She won on the third ballot, receiving 392 votes in a system that required 388 for victory. Her selection was made unanimous by a vigorous voice vote.

Mrs. Stair, 57, has served in numerous local, state and national church offices, and also as vice president of a family-owned foundry business in Waukesha, General Casting Corp. Her husband, Ralph, is president and general manager.

A pert, blue-eyed woman with greying hair, Mrs. Stair came into the national church limelight as a United Presbyterian delegate to the Consultation on Church Union, a project seeking to unite nine major denominations with a total of 25 million members.

'Copters Accepted

HURST, Tex. (AP)—The Canadian Armed Forces have formally accepted the first of 50 twin-engine Bell CUH1N helicopters.

Lt. Gen. G. A. Turcot, commander of the Mobile Command, received the logbook of the initial CUH1N from Hans Weichsel Jr., Bell vice president for marketing and logistics.

The machines, powered by United Aircraft of Canada's Pratt & Whitney T400 Turbo "Twin Pac," will be assigned to Mobile Command tactical helicopter squadrons throughout Canada.

Later they will be joined by the first of 74 COH-58A light observation helicopters from Bell.

The helicopter received Federal Aviation Administration type certification in October 1970 and delivery of production aircraft was well under way before the end of the year.

Militarily, the first of more than 200 of the twin-engine helicopters on order by armed forces began receiving the acceptance stamp last September.

Texas Club Takes Honor

ATLANTA, Ga. (AP) — The Pioneer Keystoners of Bryan, Tex., have won top honors in in the 1970 national Keystone awards for their nutrition program conducted for Bryan Boys Clubs members for needy families.

The Pioneer Keystoners, made up of senior members of Boys Clubs, was cited Sunday night at the fourth annual National Keystone Club Conference of the Boys Clubs of America.

Along with the award, the club received a 19-foot boat, complete with outboard motor and trailer.

The club's nutrition program was conducted in cooperation with the Texas A&M Agriculture Extension Service. Club members taught younger boys from needy families the essentials of food preparation, balanced diets and fruit values.

The Pioneer Keystoners were among about 500 youths from 25 states representing Keystone Clubs that function at many of the more than 900 Boys Clubs of America.

No-Fault Insurance Supported

MEXICO CITY (AP) — A Texas insurance executive says state passage of a no-fault insurance system could reduce premiums 15 to 25 per cent.

Louis Niggeman, president of Fireman's Fund American Insurance Companies, told 400 agents at a Texas Association of Insurance Agents meeting Monday that the present system is "inadequate and wasteful," and urged the insurance industry to influence state legislators to reform auto insurance laws.

A no-fault system, Niggeman said, would handle "perhaps 90 per cent of the smaller, less serious cases, providing immediate and direct compensation."

He said that the system meant that a motorist could collect losses promptly from his own insurance company without regard to who was at fault in the accident. The right to sue would be reserved for unusual and severe cases, he added.

Dirt Found To Be Paydirt

YREKA, Calif. (AP) — If Siskiyou County officials ever dig a basement under the courthouse, they probably won't give the dirt away. They've found its paydirt.

County Supervisors George Wacker and Ernest Hayden recently dug out a sample of the dirt and gravel under the building to see if it could be easily removed to open up a new storage area.

Wacker, a miner in his youth, panned the sample and found "quite a string of gold," in it. He estimates there is about $1,000 worth beneath the building.

Package Deal Is Proposed

AUSTIN (AP)—As population grows and cities expand, new approaches to public transportation will have to evolve.

Feasible alternatives to the "one man, one car" concept of getting to and from work or maneuvering around a city will be required.

Can a private or quasi-public enterprise meet some of the challenges of public transportation without having to resort to a public subsidy?

At the University of Texas, students in a special graduate seminar in community and regional planning have come to grips with that problem by devising a new enterprise that they believe may help unclog urban transportation arteries — and perhaps even turn a profit.

Using Austin for their study, the students have formed a transportation company that purports to supplement—but not necessarily compete with—city buses and taxicabs.

In essence, the new business venture is composed of a three-pronged "package deal" that includes:

A "dial-a-ride" system which, upon telephone request, sends a 10-passenger van to pick up a customer at his home and take him to one of 27 key locations in Austin from 9 a.m. to 4 p.m. daily. Charges would be determined by the length of the ride.

—A "dial-a-delivery" system for use by individuals or businesses that guarantee normal delivery within 24 hours or, for a higher fee, in two hours.

—A contractual commuter service that, for a monthly fee, picks up a person at his home every morning, delivers him to work and then takes hin home again at the end of the day.

The graduate students in the seminar are now in process of polishing a formal presentation designed to persuade actual investors to give financial backing to the as-yet-unnamed enterprise.

Dedication To Be Televised

AUSTIN (AP)—Dedication of the Lyndon B. Johnson Library will be carried live on national television Saturday library officials said.

National Broadcasting Company and Columbia Broadcasting System will carry the ceremony from 11:30 a.m. to noon, Central Daylight Time, through an arrangement with WFAA-TV in Dallas.

Johnson and Mrs. Johnson will conduct President Nixon and Mrs. Nixon on a one-hour tour of the library before the ceremony, at which Nixon is the main speaker.

Nixon will arrive at Austin's Bergstrom Air Force Base Saturday morning and go by helicopter to the dedication site.

ROUGHER WATER AHEAD

Penal Code Bill Sails Through House Panel

AUSTIN (AP) — A proposed revision of the state's penal code, which sailed through a House committee may hit rougher waters Wednesday before a Senate subcommittee.

The 500-page revision of Texas' criminal laws, first drafted by a 29-member State Bar of Texas panel, had no trouble getting out of the House Criminal Jurisprudence Committee Monday afternoon.

The Senate subcommittee handling the bill has approved it and Sen. Jim Bates of Edinburg, subcommittee chairman, said a public hearing would be Wednesday.

The House sponsor of the code, Rep. Jim Nugent of Kerrville, is chairman of the Rules Committee which says when a bill will come up for floor debate.

Nugent said he "wouldn't presume to say" when his committee would schedule action on the bill, but "stay awake Friday."

Dallas Dist. Atty. Henry Wade and Houston Dist. Atty. Carroll Vance oppose passage of the code this year.

Despite Nugent's long-standing reputation as a hard-liner on crime, Wade's chief felony prosecutor, Russell Armischer, claims the code is "slanted in favor of the defendant."

The bill breaks criminal acts into four grades of felony, including death penalty offenses, and three grades of misdemeanor, each with minimum and maximum punishments.

Marijuana possession — which now carries a maximum penalty of life imprisonment — would be a low-grade felony, with possible punishment of 1 to 6 years. First offense would be a misdemeanor, with a penalty of one year, if the defendant could show he did not make a profit from the drug nor had sold it to a child.

Homosexual behavior, now a felony, would be a misdemeanor, with a maximum penalty of a year in prison and or a $1,000 fine.

The 1843 right-wrong test for determining innocence because of insanity would be abandoned. The code would hold a blameless defendant who "as a result of mental disease or defect lacks the capacity either to appreciate the criminality of his conduct or to conform his conduct to the requirements of the law he allegedly violated."

Also, a person could use as a defense the fact he "reasonably believed his conduct did not constitute an offense."

Texas would join the other 49 states in declaring corporations subject to criminal prosecution if the code passes.

Car On Trial Used In Robbery

HOUSTON (AP) — An armed robber took a test drive Monday in a used car just long enough to rob the Heights State Bank of $2,000.

The bandit drove up to a drive-in window and told the teller, Mrs. Nina Kingsley, 49, "There are three men in the bank with guns. Don't make us kill anyone. There is a bomb at the door of your cage. You have two minutes to give up the money."

"I handed him all the ones and fives but not the big bills." Mrs. Kingsley said, then jotted down the robber's car license number as it drove away.

Police quickly checked the number and then went to a used car lot where the owners had just traded cars.

When they got there a salesman told them a man had come in, picked out the car, and asked for a quick test drive. The salesman said the man came back 20 minutes later, returned the car, said he didn't want it, and then drove away in his own car.

The salesman said he didn't get the license number of the man's own car.

Quake Recorded In California

BERKELEY, Calif. (AP) — A strong earthquake was recorded today by the University of California seismograph station which fixed its location near the Colombian coast.

The UC Seismologists fixed the location at about 3,600 miles southeast of Berkeley and at 100 to 200 miles below the earth's surface. He said the quake measured 5.5 on the Richter scale.

Passport Test Project Expanded

WASHINGTON (AP) — The State Department announced Monday that the test program of having post offices accept passport applications has been "highly successful" and is now being expanded to new areas of the country.

The test project began last July in the Detroit, Houston and Midland, Tex., areas and in eight Connecticut cities. It is being expanded immediately to seven Massachusetts cities and by mid-June will include 61 other cities in Massachusetts, New York, California and Minnesota.

The announcement, jointly authorized by Secretary of State William P. Rogers and Postmaster General William M. Blount, said that the State Department would pay the postal service a $2.00 fee for each passport application it handles. Rogers said that with the increase in international travel the volume of passport applications is growing so much that new ways had to be found for citizens to apply for passports.

The State Department said passport applications could be filed beginning today at post offices in the following Massachusetts cities: Brockton, Fall River, Framingham, Haverhill, New Bedford, Springfield, Worcester.

On May 24 additional Massachusetts cities to have the service will be: Arlington, Boston, Brookline, Cambridge, Everett, Malden, Medford, Newton, Quincy, Revere, Summerville, Waltham, Watertown Weymouth.

Also cities as designated in the following states will have the service available at main post offices May 24:

Minnesota—Duluth, Mankato, Minneapolis, Rochester, St. Paul.

New York—Bay Shore, Hempstead, Hicksville, Huntington Station, Staten Island, White Plains.

California—Berkeley, Hayward, Palo Alto, San Jose, San Rafael.

The service will become available in additional Massachusetts, New York and California cities on June 7 and June 14.

How To Get Rid Of Roaches and Ants

Spray non-toxic No-Roach for fast, quick kill of roaches and ants. Brush on No-Roach for long time control. Take your choice, or better yet . . . Take them both. Johnston's No-Roach. Available at: Furr's, Safeway and other supermarkets. Dist. by Kimbell.
