Legion's Annual Show Is Hit With Full House

The Pat Williams Post, American Legion, reports a fine day Armistice Day when the tenth annual Legion show was presented to two packed houses. The first performance at 10 a. m. was witnessed by a house full of school children. At night every seat in the auditorium was sold and many more could have been if they had been available.

The only thing to mar the day occurred near the close of the night performance when an explosion rocked the town and caused the crowd to become restless, and rumors of what had happened spread rapidly over the audience. The play was rushed to a conclusion as rapidly as possible in order to allow the disturbed spectators to leave the building.

To say the play was well received by two great crowds would be putting it mildly. The hearty laughter from the first to the last curtain proved that the play was going over big and the applause spurred the actors to work harder to present a better show. For the tenth straight year patrons came out declaring it to be the best offering ever staged by the Ballinger post.

The date falling on Armistice Day this year the Legionnaires planted their colors at the front of the stage and as the theatregoers entered each was presented with a small souvenir flag and a code of ethics. This placed the audience in a more responsive mood and the efforts of the ex-service men's organization was even more appreciated than in the past.

Mrs. C. F. Bailey scored her greatest triumph here Monday, playing the part of a young Irish girl. She soon established her trademark character and every line she uttered brought forth a laugh from the crowd. Mrs. Bailey thoroughly won the hearts of all by her unique interpretation. R. W. Earnshaw perhaps hit the peak of his career as an actor here in the role of an old Jewish storekeeper. His dialect was so good and his lines so humorous that laughter drowned out many of his speeches before they were spoken. His make-up, too, was excellent. A. R. Jones, as usual, came in for a big part of the comedy and portraying an old Irish hod-carrier produced much laughter, as well as helping to move the plot along. Mrs. H. T. Forson, as the Irish mother, played a fine part. Her lines were both funny and sad. She interpreted the moods so well that there was no conflict, and demonstrated that she is a real comedienne as well as a real mother with great love and understanding for her children.

Neil McAlpine, as an English millionaire, was up to his usual standard and brought many hearty laughs from the crowd. Miss Helen Williams, as an Irish colleen who had taken every advantage of life, played the lead opposite Troy Simpson, a Wall Street millionaire. Miss Williams appeared in an easy, graceful manner and was beloved by everyone for the sweet, gentle spirit of her part. The part of a haughty society woman was taken by Miss Verda Nell Trail who portrayed so well that she almost became unpopular with the audience. The cast was well balanced and perfectly rehearsed. The stage settings and properties helped greatly to put the offering over. Frank Cameron, M. C. Atkins and H. T. Forson, although not mentioned on the program, were in charge of this effective bit of work. A steaming hot meal served during the first act gave many people a keen appetite.

Specialties went over great guns and were of a different nature from the ordinary between-act entertainment. A burlesque candy sale was presented between the first and second act with A. R. Jones acting as the "spieler." He uttered a long line of chatter in which many gags were turned on members of the audience. Neil McAlpine and R. W. Earnshaw worked the crowd with candy and a great array of prizes were displayed on stage. After three lovely prizes had been given away, W. A. Holt was declared winner of the fourth and when it was presented he declared it was an insult and dawning his trusty six-shooter began firing as he ran down the aisle. The candy ven-

Pipe Gas from U. S. To Monterey, Mex.

(By Associated Press)
LAREDO, Tex., Nov. 12.—The first international gas pipe line to cross the United States-Mexico border to furnish natural gas from fields on the American side to consumers a distance of 100 miles in the interior of Mexico will be completed by the end of the present year, a recent announcement here said.

This pipe line, being constructed from the Jennings gas field of Zapata county, Texas, to the border at Roma, Texas, and then across the Rio Grande to Monterey, Mexico, by the United Gas Company on the American side and the Cia. Mexicana de Gas, S. A., on the Mexican side, is more than two-thirds completed.

The line reached a distance of 21 miles into Mexico November 2. Northward from Monterey toward the Texas border construction had progressed approximately 40 miles.

Masons Enjoy Big Banquet

At the banquet given last night for both the Masons and members of the Eastern Star there were ninety-five present and one of the best programs of this kind ever witnessed was reported. The program was short, but was pronounced excellent.

J. McGregor was toastmaster, and plans for the affair were arranged by J. B. Pace. Among those on the program were Albert Spill, of Winters; W. R. Lence, of Abilene; and Dr. W. B. Halley. All spoke on some phase of Masonic or Eastern Star work. There were many visitors from neighboring towns here to enjoy the worthwhile program.

The banquet was served in the Masonic Hall with ladies of the Eastern Star in charge of arrangements.

Explosion Monday Causes Excitement

The night crew at the Ballinger Cotton Oil Mill started great excitement here Tuesday night in an innocent celebration of Armistice Day. The men decided to have a little wartime celebration and planted a large charge of powder on the land adjoining the oil mill. The charge was touched off and the blast was heard all over the city.

The large audience at the American Legion play became restless and rumors soon floated over the audience that a local gas station had blown up, with casualties and much damage. To add to the excitement two local ambulances rushed to the Oklahoma Natural Gas Company station with sirens blowing at full force and many people hurried away from the show to the supposed scene of the explosion.

By the time the play had been concluded a rumor reached the stage that as many as six persons had been killed.

For an hour or more the highway leading to the gas booster station north of the city was congested with automobiles loaded with the curious who were trying to get a peek at the wreck of the plant. Men at the Oklahoma company's plant were kept busy explaining that nothing had happened there, and the officials of the Lone Star Gas Company were also called out of bed to explain that their lines were all right.

Another unfounded rumor gained headway at the gas plant that a safe in a local business house had been blown to bits and the crowd rushed back to town to learn that the great tragedy was only a celebration of Armistice Day.

WEATHER FORECAST

(By Associated Press)
East Texas—Fair and colder tonight and Wednesday, probable frost.

West Texas—Fair tonight and Wednesday; colder tonight with frost in the north and west portions.

3 are Victims of Guns in State

(By Associated Press)
DALLAS, Nov. 12.—Two hunters were killed and a girl was wounded seriously in Texas yesterday by the accidental discharge of firearms.

Near Bay City, W. H. Martin was killed when his companion's gun was discharged by a vine.

Tony Baker, 30, was killed near Mineral Wells when a charge from a shotgun in his son's hands hit him.

Opal Waldrop, 17, of near Corsicana was shot in the abdomen when she attempted to pick up a shotgun by the muzzle.

Movie to be Made With Local Cast

Ballinger is to be in the movies with local scenes and a local cast. Victor Shuler, an experienced cameraman from San Antonio, was in Ballinger for the football game Monday and made a number of shots, both of the game, and of the crowds which thronged the streets during the day.

In the photoplay which will be commenced this week will be a love story using all local talent in the cast, and the "mob" scene will include everybody in town. The three principal roles will be depicted by two young ladies and one young man. The script is prepared so the plot is connected throughout with an excellent love story against the background of local scenes.

The plot for the story has already been prepared, but Mr. Shuler was reluctant to give details. The three leading characters have not been chosen yet, but will be known within the next few days.

The film is to have as its background, local scenes, industries, and homes, and will be made for Ballinger alone. Pictures of this nature have been "shot" all over the state with huge success. The company has made pictures at Brady, Del Rio, Stamford, Brownwood and other nearby cities.

Hooper is Sent to Ft. Worth Church

Rev. R. B. Hooper, pastor of the First Methodist Church of Ballinger for the past three years, was sent to the Trinity Methodist Church at Fort Worth by the annual conference in session at Hillsboro last week. Rev. T. E. Bowman, of Olney, will come to Ballinger to serve the local congregation. The new pastor is expected by the board of stewards to preach his first sermon here next Sunday.

The Trinity Church of Fort Worth is a large church with a membership of between 800 and 900 and is considered quite a promotion for Rev. Hooper. During the past three years he has carried on a fine work here and the Ballinger Methodist church has prospered under his guidance. The new building has been finished, completely furnished and a pipe organ installed. Many members have been added to the church during his stay in Ballinger, and as he and his good family leave Ballinger they will leave behind many friends who will always remember them.

Rev. Bowman is a man of about the same age as Rev. Hooper and has been very successful as a pastor in the Olney church. He has held a long string of good appointments in the conference and comes to Ballinger to lead a fine congregation of Methodists.

Rev. Hooper stated Tuesday that the annual conference was the best he had ever attended in many respects. The entertainment by Hillsboro citizens was excellent, he declared, and everything was done for the comfort and convenience of the visiting preachers.

Rev. Gid J. Bryant, who served the Winters Methodist church for three years and then was pastor at Gatesville, was sent to Olney to take the place of Rev. Bowman.

Rev. Hooper was busy Tuesday getting his business affairs in shape to move his household goods to Fort Worth, where he will take up his new charge this week.

Mr. and Mrs. Leonard Stallings spent the week end in Brownwood visiting their parents and other relatives.

Armistice Passes Quietly; Thieves Enter 3 Garages

Armistice Day passed off quietly in Ballinger and surrounding territory. Chief of Police Lee Moreland said Tuesday that there were only a few drunks, none of them making any disturbance, and only a few of these miscreants were seen either in town or at the football game.

The game went as scheduled, with only one fight developing and this after the game. A negro girl was arrested on a charge of drunkenness Monday night. Dances and other social gatherings were staged with no misbehavior.

Three local garages were entered by prowlers Monday night. Knobs were knocked from safes, but no money was taken from them. Cox filling station was entered, and a small calibre gun stolen. The American Garage was entered, the knob knocked from the safe, but the door was not forced open, and only about \$1 in change was missed. Cameron's Garage was entered and the knob knocked from the safe.

In attempting to loot the Cameron establishment the thieves were frightened away by Night Patrolman C. B. Armstrong who saw the men leave the building and shot twice at them, but they kept going and it is thought no hit was made. Mr. Armstrong got a fleeting glimpse of the thieves and stated they left afoot. After following them for some distance the officer gave up the chase.

Police here are working on one meager clue, believing that some knob knocker from either San Angelo or Abilene headed the gang.

Harris Gets Prison Sentence 50 Years

(By Associated Press)
CHANDLER, Okla., Nov. 12.—Jeff Harris, deputized federal dry-raider, was sentenced to fifty years imprisonment today for the murder of Oscar Lowery, World War veteran. Harris was convicted two weeks ago.

On account of a motion for a new trial having been before the court, which was overruled, the killer was not sentenced until today.

Harris is also charged with the murder of James Harris, who was killed with Lowery in a liquor raid near here July 4th.

Miss Esther Parish spent the week end visiting with her parents, Mr. and Mrs. O. L. Parish.

Says 4c Gas Tax is Not Unconstitutional

(By Associated Press)
AUSTIN, Nov. 12.—The four-cent gasoline tax law is not unconstitutional even though it be decided that cities are exempt from the provisions, Rice Tilley, Assistant Attorney General, said today. He made the comment on a statement of Wayne Somerville, Wichita County Attorney, that he would seek to have the law declared unconstitutional because it imposed a tax on the county and city governments.

One Injured When Bleachers Crash

(By Associated Press)
PORT ARTHUR, Nov. 12.—An unidentified woman was injured when two sections of the bleachers collapsed yesterday during the PortArthur-Beaumont High School football game. Three thousand spectators were thrown to the ground but no one was seriously injured.

To Ask for Refund Of Guard Expenses

(By Associated Press)
AUSTIN, Nov. 12.—R. L. Robertson, adjutant general; S. H. Terrell, comptroller; and Rice Tilley, assistant attorney general, planned to leave today for Washington in an attempt to get \$200,000 for the state which was spent for the organization of the 36th Division, Texas National Guard, in 1917. The unit later became a part of the regular army.

The Texas officials are seeking reimbursement for the money spent by the state in forming the division.

Federal Highway Under Discussion

(By Associated Press)
SAN ANTONIO, Nov. 12.—Highway commissioners and officials from every state in the union were represented here today at the fifteenth annual meeting of the American Highway Association.

The association got down to business last night in considering applications for federal highway designations.

8 Dead, Much Loss In British Storm

(By Associated Press)
LONDON, Nov. 12.—Eight persons were killed through accidents and drownings, many were injured, and enormous property damage was inflicted in a gale which lashed the British Isles last night and today.

RIVER SHANNON GETS JOB

WASHINGTON, Nov. 12.—(AP)—The River Shannon's flowing will be harnessed to supply the entire Irish Free State with electrical power before the end of the year. The department of commerce has reports stating that thousands of Irish homes are being wired and that candle and oil lamps are going out of fashion.

Judge Brady Gives No Motive for Stabbing

Bridge Will be Opened Wednesday

G. M. Garrett, state highway engineer, stated Tuesday that the pavement across the river bridge would be opened to traffic again Wednesday morning, Nov. 13. The pavement for the first 800 feet to the corner near the Lon Mapes home was completed a few days ago and double amount of cement was used in the mixture to that point in order that it would set and become hard sooner.

The road will be opened for this short distance so that the bridge across the Colorado River can be used. The detour will go south from the highway at the first corner across the bridge and a good graded road will be used or a detour back to the Paint Rock road near the South Ward school building.

The crew has made good time in getting the work done on the road and no one has been inconvenienced during the time the bridge was closed.

Organization G.O.P. In South Probed

(By Associated Press)
WASHINGTON, Nov. 12.—The Senate lobby investigation committee today began an inquiry into the reported plans to organize the Southern Republican Council "to hold in line" the Southern states, and among the exhibits placed in the record was a letter under the name of J. A. Arnold, manager of the Southern Tariff Association, discussing the place of the negro in Southern politics.

Another document which purported to give the plans of the Southern Republican Council said "Negroes in Southern Republican politics can best be eliminated through the election of negro Democrats to congress from St. Louis, Chicago, and Harlem." It added "This matter is now in capable hands."

Two Dead in Crash Of Auto, Trolley

(By Associated Press)
FT. WORTH, Nov. 12.—Mrs. James McCain, 50, died in an ambulance, and her father, J. W. Warren, 80, died two hours later in a hospital with a fractured skull received in a collision. The wreck occurred from the car driven by Mrs. McCain colliding with a street car.

Be wise and advertise.

Court Opens Fifth Week Tuesday Noon

(By Associated Press)
AUSTIN, Nov. 12.—Muffled in silence which the principals in the case have maintained, the story behind the fatal stabbing of Miss Lehlia Highsmith, 28, by Judge John Brady, a prominent jurist, remained as much a mystery as when the tragedy occurred Sunday morning. Judge Brady, was once justice of court of civil appeals here, is in jail suffering from shock and unable to add anything to the statement that he attended a drinking party and all he recalled was "difficulty with several persons."

Bethel P. T. A. Stages Social on Saturday

The Bethel Parent-Teachers association held a social on Saturday night which was attended by a very large crowd. Over 200 people were present at the occasion and everyone seemed to have a good time. Lunches, pop corn and candy was sold during the evening and the organization realized about \$25 from the sales.

Ballinger was host Monday to people from all over this section of the state. It was the largest crowd to come here for an athletic attraction in several years. The town was decorated in colors and the citizenship extended the glad hand to their guests. The crowd was orderly and only one fight was reported for the entire day.

The opening of the Colorado River bridge Wednesday will eliminate all danger of high water, which would have made it impossible for tourists to pass through Ballinger. The weather has been threatening since the paving of this small strip was started and those interested in the work will breathe a sigh of relief when the bridge is opened to the public again.

The amount of thieving in Ballinger recently should be a warning to citizens to take every precaution against such thugs. For several weeks there has been prowling of various kinds. Reports come in almost every day of losses of parts from cars, gas from tanks, and other items. Practically all these nefarious operations are conducted against cars which are left standing outside and none on those safely locked in garages. The attempted robberies here on Armistice night are proof that thieves are working here and should be a danger signal to local business men.

FUEL IS SMOKELESS BUT COST IS STEEP

(By Associated Press)

KNOXVILLE, Nov. 6.—Smokeless coal has been produced by a young instructor in the University of Tennessee college of engineering.

Fuel obtained from mine run coal by Leo Holdredge may be placed in an open brazier and carried about from room to room without fumes or smoke.

The experiments, Holdredge says, are believed to be the first of their kind in the South, although considerable progress has been made along similar lines at German universities and at the University of Illinois.

Forty pounds of coal yielded 28 pounds of smokeless fuel. But the experiment was more expensive than the coal. Commercialization of the fuel would require production methods much cheaper than the experiments conducted here.

The smokeless fuel was obtained by driving gases from the coal by heat of from 500 to 1,000 degrees.

TEXAS AMATEUR, 19, HEARS ALL CONTINENTS

(By Associated Press)

FT. WORTH, Nov. 6.—At the age of 19, Elbert Haling has talked by radio with every continent in the world and all states in the union.

His station, W5HY, has been on the air since 1920, when Haling, then 10 years old, was the youngest amateur operator in Texas.

TEXAS Mother's Experience shows what can be done with children

HARSH corrective measures are seldom necessary with a child. Most modern parents recognize this. That's the reason so many agree on this gentle means of putting a child in order when bad breath, coated tongue, headache, biliousness or upset stomach of a clogged digestive tract. When used at the first sign of bad breath or feverishness, a spoonful of California Fig Syrup often does the work. Sometimes several doses are necessary. Always you can depend on its use to clear the system harmlessly and in a hurry; to give the child

CALIFORNIA FIG SYRUP
THE RICH, FRUITY LAXATIVE AND TONIC FOR CHILDREN

a new start by regulating and strengthening the stomach and bowels. Mothers by thousands praise the gentle effectiveness of this rich, fruity product which all children love. Mrs. D. H. Keating, 1318 Hays St., San Antonio, says: "Nothing I know can take the place of California Fig Syrup in my home. It has been a blessing to my little girl during colds and upset spells. It always has her right in a jiffy." Words like these and sales of four million bottles a year show how mothers depend on California Fig Syrup. One caution. The name "California" on the carton marks the genuine, famous for 50 years.

ANOTHER STATION HITS CLEAR CHANNEL SYSTEM

(By Associated Press)

WASHINGTON, Nov. 4.—Another broadcasting station has attacked the federal radio commission's system of single station operation on cleared channels.

WRNY, New York, asks full time operation on the 970 kilocycle channel now used exclusively by KJR, Seattle, during the evening. WCFL, Chicago, uses the same frequency in daylight hours only. The New York station also requests an increase in power from 500 to 5,000 watts.

Capt. Robert H. Marriott, radio engineer and a former member of the commission's engineering staff gives expert testimony in behalf of the application. He says that the Seattle station is so walled in by mountains that its transmission would not interfere with WCFL or WRNY.

CALIFORNIA COMMISSION MAKES OLYMPIC PLANS

LOS ANGELES, Oct. 29.—The stage is being set here today for the Olympic Games in 1932 by a commission of Gov. C. C. Young. Administration of the \$1,000,000 fund voted for the games by the people of California was under way by the committee, headed by William May Garland, and great enthusiasm for its work was being displayed by the group.

Besides Gov. Young and Garland, the committee includes Wm. F. Humphrey, president of the Olympic Club of San Francisco; Warren B. Bovard, comptroller of the University of Southern California; Mayor John C. Porter, and Louis B. Mayer, film producer.

SCOTLAND YARD IN PLAN TO CURB CRIME

LONDON, Nov. 12.—Lord Byng's reforms at Scotland Yard have in less than a year, decreased serious crimes in London by approaching 30 per cent.

This is particularly true of the activities of the "master" crooks. And even the "smash-and-grab" raids by automobile bandits have largely decreased—although the easiest form of crime.

The reorganization of the "Flying Squad" has been largely responsible for this improvement. It is now very difficult for the crook to know when the road will be clear for him to carry out his job, for no longer do the cops patrol given areas at given times. Instead double the number of men are on patrol at constantly changing hours, and just twice the number of cars are available for the "Flying Squad" at all hours of the day and night.

These cars are capable of 100 miles per hour on the road and are also constantly in touch with headquarters by radio. And, the trouble, from the crook's viewpoint is that few of them have any resemblance to police cars. A shabby old van, driven by a tired looking man, may contain half a dozen Scotland Yard men, some of them listening intently to the Morse dot and dash sent by wireless from Scotland Yard.

No longer is it safe for the car bandit to borrow a car left in a public parking place. The moment the car is missed, its description is radioed to the patrolling squad cars and vans. The search is taken up at once throughout the entire London area of 700 miles.

Of every twelve cars stolen recently eight have been recovered within a few hours.

Howard to Help Farm Board Keep Co-ops In Line

By Frank L. Weller
(Farm Editor, Associated Press Feature Service)

WASHINGTON, Nov. 12.—(AP)—Called from his 600-acre farm at Clemons, Iowa, James R. Howard, first president of the American Farm Bureau Federation, is going into the field for the federal farm board as an organization specialist.

All who know this kindly, grey-haired leader of early American agricultural co-operation—and he has personal contacts in 47 states—believe he will help the board to heal old wounds and avoid fresh ones among individual co-operatives whose support is important to any scheme of national organization.

As president of the farm federation he appointed the committees and supervised the work of establishing the National Livestock Producers Association, which has co-operative selling agencies on 12 terminal markets.

His first work likely will be in connection with the board's new National Livestock Marketing Association.

"Direct shipping and the way it is to fit in with the program at terminal markets is a difficult question," Howard says. "Iowa, for instance, which markets three times as many hogs as any other three states, sells 50 per cent of them direct to inland packing plants. These plants have doubled

their business in less than 10 years.

"On the other hand, cattle must go primarily to terminal markets. They cannot be trucked as easily as hogs, there is more shrinkage in handling and more expense in feeding, loading and unloading.

"Consequently any system of national co-operation must treat the big packers at the terminals and the inland packers alike and give the producer equal advantages of price and service on both types of market."

EXCAVATORS AT TRIER FIND ANCIENT TEMPLES

TRIER, Oct. 19.—Professor Siegfried Loeschka, in charge of the excavation in the ancient temple district of Trier—the oldest of its kind north of the Alps—has now made an exhaustive report of his operations. Not only have extensive remains of buildings from the days of the Romans been discovered, but it has also been established that a German Trier, inhabited by Franks, existed before the

Roans came. In the last year alone five temples and eleven chapels have been laid bare. In them were found artistically valuable statues of gods. A marble statue of Diana a bronze statue of Mercury and a dwelling from the Bronze Age have no counterparts anywhere.

NO "PEP," SLUGGISH

Constipation Troubles Relieved By Help of Thedford's Black-Draught, Says Tennessee Coal Miner.

Tracy City, Tenn.—"My work makes it necessary for me to use a medicine which will give quick relief from constipation and indigestion," says Mr. Lee Nunley, a well-known coal miner of this place.

"For forty years or more," he says, "I have taken Black-Draught for these troubles, and have always found it reliable. At times, I suffer from bad spells of indigestion, following constipation.

"Many years ago, a friend told me to try Black-Draught, as it was a vegetable remedy and would not harm my body, so that is how I came to use it. I make a tea of it, and take a sip of it after meals. I soon begin to feel better when I start this treatment.

"My work is very confining, and my color gets bad and I get sluggish. I lose my 'pep' and don't feel like going. After I take a course of Black-Draught I feel fine again."

Manufacture of Thedford's Black-Draught began nearly 100 years ago, and many people tell of having taken it all their lives when in need of a laxative or cathartic.

Women Have Something to Say!

AN ANCIENT PREJUDICE HAS BEEN REMOVED

AMERICAN INTELLIGENCE has ridiculed into oblivion that ancient prejudice which excluded women from a voice in council. Today, in millions of homes, the delicious flavor of LUCKY STRIKE fills the room as the family group respects the opinion of its women folk.

"toasting did it"—

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

"It's toasted"

No Throat Irritation—No Cough.

TUNE IN—The Lucky Strike Dance Orchestra, every Saturday night, over a coast-to-coast network of the N. B. C.

© 1930, The American Tobacco Co., Mfrs.

"It's Toasted"—the phrase that describes the extra "toasting" process applied in the manufacture of Lucky Strike Cigarettes. The finest tobaccos—the Cream of the Crop—are scientifically subjected to penetrating heat at minimum, 260°—maximum, 300°, Fahrenheit. The exact, expert regulation of such high temperatures removes impurities. More than a slogan, "It's Toasted" is recognized by millions as the most modern step in cigarette manufacture.

2500 See Ballinger Trounce Brady in Armistice Day Game

The Ballinger Bearcats defeated the Brady Bulldogs Armistice Day 22 to 0 before the biggest crowd that ever witnessed a football game in Ballinger. The crowd passed the 2000 mark and the cash receipts were more than \$1200 besides the season tickets. The stands, bleachers and side lines were filled with patrons who yelled themselves hoarse as the game progressed.

Brady fans started arriving in the city by noon and continued to come until time for the game. Their sideline was well filled and the enthusiasm never died down during the game, although soon after the start it was apparent that they could not handle the big Ballinger team. Their pep squad of 70 girls dressed in school colors were on a special stand built for them on the side line and the Brady High School band kept music going the entire time.

The pep squads and bands of each school entered the grounds shortly after two o'clock and during the rest of the afternoon they supplied plenty of school color to entertain the crowd. Their stunts between halves were well drilled and very entertaining. The squad exchanged colors between halves and the friendly rivalry was a pleasure to the crowds.

The game started promptly at 2:45 with Ballinger winning the toss and choosing the south goal. Brady kicked and Wright returned the ball 40 yards to mid-field. Wright failed to gain and a pass was good for one yard. Coker picked up 4 yards and Underwood kicked 30 yards and the receiver was downed in his tracks. On the first play run by the Bulldogs, Terry skirted right end for 20 yards and a first down. Terry lost a yard and Brady received a 5 yard penalty for delaying time. Pool kicked out of bounds for 47 yards. The rest of the first quarter was played between the two 20-yard lines with neither team being able to do any damage that would develop into a scoring threat.

After playing most of the second quarter around mid-field, Partridge, went high in the air to intercept a Brady pass. He was pulled down in his tracks after catching the ball but the Ballinger team let loose an offensive drive that could not be stopped by the Bulldogs. On the next play, Coker ripped through for 7 yards, a pass was incomplete and Coker drove again for 3 yards and a first down by inches. Chastain hit the left side of the line for 6 yards. Ballinger was offside and received a 5 yard penalty. Partridge slid through for 7 yards and Coker drove hard for a first down. Here the team staked everything in the mighty drive of "Post Oak" and the big fellow doubled up and drove the first time for 2 yards, the next for 1 yard and the third a hole was opened for him by the Ballinger line and he shot over the line like a rocket far into the neutral zone. A pass for the extra point was incomplete.

Ballinger 6, Brady 0.
Ballinger kicked to Brady and Brady started a series of passes which they were unable to complete. The half ended with the ball in possession of Ballinger on their own 46-yard line.

Brady kicked to Ballinger at the south goal at the beginning of the second half and Wright fumbled the ball and recovered the ball on his own ten yard line. Underwood kicked out of danger and Brady realizing that they could not gain on the mighty Bearcat line started strictly a passing game in this half. After zizzagging over the field for most of the third quarter, Pool got off a beautiful kick for 45 yards. Coker hit the line for 3 yards. Underwood came through with one of his sensational runs of the game and following close behind Coker, Chastain and Partridge, passed the line of scrimmage and was off for a 40 yard ramble. Coker got another yard, Partridge followed through the line for 7 yards, Coker got two more and a first down. Underwood hit for 1 yard, Coker got another yard and Partridge rushed through for 7 yards and another touchdown. Coker carried the ball over for the extra point. Ballinger 13, Brady 0.

Ballinger started another drive at once that carried the ball to the 2 foot line where it was lost on downs. Pool attempted to kick from behind his own goal line but was rushed and threw the ball in an attempt to turn the play into a forward pass. He was rushed so that he stepped out of the end zone and Ballinger scored a safety.

Ballinger 15, Brady 0.
On the last play of the game Underwood went around right end and was running in a broken field when the gun shot for the finish of the last quarter. The crowd started on the field in their excitement and both teams let down with the exception of a few Ballinger men who kept plowing on to the goal line. Underwood crossed over and the score counted. Brady did not contend for the

extra point and it was forfeited. Ballinger 22, Brady 0.

Much could be said about the Ballinger team. Every man fought for the entire sixty minutes of play and gave all he had to carry on towards the district championship. Capt. Jervis Robinson was an outstanding star in practically every play. He smeared Brady plays for many losses and a large percentage of the Ballinger gains were through his tackle. The big fellow used his head in his capacity as a field captain and was a dreaded "No. 13" of the game. Coker, Underwood, Wright, Partridge and Chastain all showed up well in the back field with Coker and Underwood playing their best game of the season. They gained much yardage and their physical conditions showed that they could stand lots of punishment and keep charging hard. Big Boy Smith also came in for a big share of defensive work. Seldon Robinson got a severe jolt on the chin in the second half and Coach Wright carried him from the field. Flynn was sent in at end and for the remainder of the game was a shining star. He rushed every play and repeatedly stopped Brady backs for a loss behind their own line. He was fast in getting down on plays and tackled hard.

The Bearcats will have a few days rest and will not be in another game until November 22, when they will meet the Winters Blizzards here in the last district game of the season. If they defeat Winters they will be matched in bi-district games for the Regional championship.

Ballinger made a total of 16 first downs to Brady's 3.

Legion's Annual--

(Continued from page 1)

dors were sent scurrying to the back of the stage as the curtain fell.

Between acts two and three songs of the days of 1917-18 were presented as specialties. The curtain opened on a frame which was spotted from the back of the house. In the distance could be heard soldiers marching and singing "Goodbye Broadway, Hello France," and as the strains died away, Troy Simpson, uniformed in helmet and gas mask sang "Three Wonderful Letters from Home." The story was that of a soldier boy "over there" receiving mail from his mother, wife and baby. As each was mentioned the character appeared in the frame. The mother part was taken by Mrs. E. A. Trall, the wife by Mrs. C. W. Cheatham, and the baby by little Carolyn Cheatham. As this number was concluded soldiers in the far distance were heard singing "Over There," and when the refrain from this song faded, Mrs. Frank Pearce as a Red Cross nurse appeared and sang "The Rose of No-Man's Land." Much applause followed this specialty and each soloist was recalled for encore numbers.

The last performance of the Legion show will be given tonight at 8 o'clock. For this occasion the Ballinger football team and pep squad members will be guests of the post. An entire section has been reserved for them. Reserved seats were selling fast this morning and indications were that the house would be completely sold out for the third performance of "For Cryin' Out Loud."

Makes Life Sweeter

Next time a coated tongue, fetid breath, or acid skin gives evidence of sour stomach—try Phillips Milk of Magnesia!

Get acquainted with this perfect anti-acid that helps the system keep sound and sweet. That every stomach needs at times. Take it whenever a hearty meal brings any discomfort.

Phillips Milk of Magnesia has won medical endorsement. And convinced millions of men and women they didn't have "indigestion." Don't diet, and don't suffer, just remember Phillips. Pleasant to take, and always effective.

The name Phillips is important. It identifies the genuine product. "Milk of Magnesia" has been the U. S. registered trade mark of the Charles H. Phillips Chemical Co. and its predecessor Charles H. Phillips since 1875.

PHILLIPS Milk of Magnesia

Undefeated Ballinger Bearcats

Here appears a grouping of the 1929 Ballinger Bearcats with large pictures of the two biggest men in high school football—Capt. Jervis Robinson and Doy Smith, and much of the success of the team this year has centered about the two men's great work. The Bearcats have been feared all over the district this year and have withstood the drive of every interscholastic team so far this season.

Henson Allagood, of Midland, a former member of the Ballinger football team was here Armistice Day to see his former team mates defeat Brady.

Mr. and Mrs. W. F. Harrell left Saturday for Amarillo to visit over Sunday and Monday. They turned back at Levelland when they hit muddy roads.

Mr. and Mrs. Carl Nance of Brady were here Monday visiting with their parents, Mr. and Mrs. W. A. Francis and Mr. and Mrs. W. A. Nance.

SPORTS

Much praise is due Miss Elizabeth Parker for her work this year with the Ballinger pep squad. The squad of girls is a credit to the local school and their perfectly drilled stunts between halves at the games are always executed in a manner that draws applause from all the spectators. Miss Parker has worked hard with the girls and has a bunch that fights as hard as Coach Wright's Bearcats themselves. Not only are they fine but the spirit of the squad towards the opponents is such that they are always commended.

The pep squad and football players will be guests Tuesday night at the American Legion show. The Legion is reserving one section of the house for the team and girls.

Coach Wright announced to the boys following the game with Brady Monday that they would have a rest and would not report to practice any more until Thursday afternoon. They will be released from school Friday also that they may attend the game at Winters with Coleman. Next week they will work hard getting ready for the game here on November 22 with Winters.

Supt. H. C. Lyon is getting ready to start the ticket sale for the Ballinger-Winters game. Tickets will sell as in years past, 75c for tickets until the day of the game and on that day tickets will advance to \$1.00.

The Bearcats came through the Brady game with no injuries. The entire team is in good shape with the exception of Chastain and he will be ready to go by the 22.

District games will start the week following Thanksgiving. If Ballinger wins from Winters they

will likely meet the Oil Belt District champions.

BALLINGER BOY IN SCHREINER BAND

KERRVILLE, Tex., Nov. 9.—John Frank Davis, son of J. E. Davis, 500 Park Avenue, Ballinger, is playing alto saxophone in the Schreiner Institute Band this year. He is showing up quite well with his musical ability.

Schreiner Institute has the largest band of the school's history. With a total of 45 musicians, including some of the best of last year's band members and much splendid new material, Director Erwin Ernst says this year's musical organization will far surpass anything the school has ever done along that line.

The first drum and bugle corps ever organized at Schreiner Institute is now practicing here. This unit includes eight buglers and six drummers.

3 OF 450 APPLICANTS FOR PATROL ADMIT DRINKING

(By Associated Press)
AUSTIN, Nov. 12.—Of the 450 men who filled out applications for places on the new state highway patrol, only three admitted that they were at present or had ever been addicted to intoxicating liquors in any form.

L. G. Phares, chief of the patrol, said that one of the applicants asserted he was a former marine and while a "leatherneck" once took a drink in China. Another admitted that he took an occasional drink and a third said that he used whiskey for medicinal purposes.

All of the men were asked what were their present occupations. One said that his was visiting relatives.

Members of the patrol of fifty must be between 21 and 40 years old and must have at least a tenth grade education.

PEANUT GROWERS FORM COOPERATIVE IN GEORGIA

(By Associated Press)
ATLANTA, Nov. 12.—A cooperative peanut growers' association has been formed to obtain for Georgia farmers the benefits of federal farm board financing.

Two hundred peanut growers have pledged support to the organization, leaders of which hope to enroll the majority of Georgia farmers producing an annual crop valued at \$8,000,000. Members will store their peanuts in bonded warehouses.

Georgia peanuts, according to Arthur R. Jones, director of the state bureau of markets, have been selling from \$10 to \$15 a ton below the production cost.

MOST EFFICIENT HEN MISSED BY THIEVES

(By Associated Press)
PORTLAND, Ore., Nov. 12.—A jet black hen, which within her 15 years of adult life, has laid an average of 25 eggs a month, rules the roost alone at the home of Mrs. Emory A. Hamlin.

Topsey was the sole survivor of a raid by chicken thieves on the Hamlin yard, 11 other fowl being stolen.

Feel "Out of Sorts?"
Health suffers when kidneys act sluggishly.

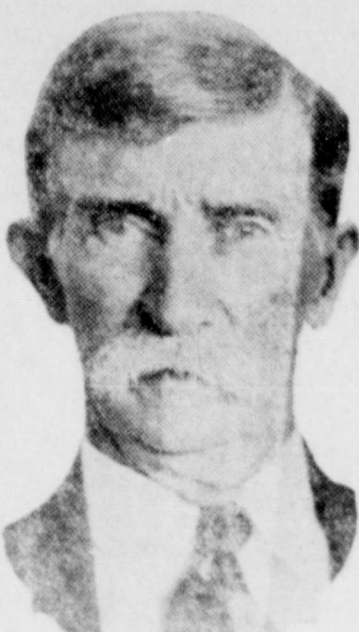

DOES every day find you lame and aching, suffering nagging backache, headache and dizzy spells? Are kidney excretions too frequent, scanty or burning in passage? These are often signs of sluggish kidneys and should not be neglected. To promote normal kidney action and assist your kidneys in cleansing your blood of poisonous wastes, use Doan's Pills. Recommended the world over. Sold by druggists everywhere.

50,000 Users Endorse Doan's:
Mrs. J. B. Dawson, 529 Chase St., Indianapolis, Ind., says: "I can speak well of Doan's Pills. My kidneys were not acting properly. I had backache and dizzy spells. I used Doan's Pills and now I am in good health."

DOAN'S PILLS
For kidney and bladder troubles.

Can Now Work Good as Ever

"I suffered with constipation for two years, and during the past two years was so weak and run-down, and had to spend so much time in bed, I finally had to quit work entirely.

J. T. STOKES

"I suffered with indigestion and would shoot up so after meals I couldn't fasten my clothing, and had awful pains in my stomach, between my shoulders and around my liver. It's wonderful what the Sargon treatment did for me. Every pain in my body is gone. I eat hearty meals and my digestion is perfect. I'm so strong and well now I can put in a hard day's work with the best of them. The clothes I couldn't fasten are loose on me now and I feel like a different man.

"Sargon Pills rid me of constipation, toned up my liver and I'll gladly tell anybody what I think of this wonderful treatment."—J. T. Stokes, 3533 Arizona, St. Dallas. J. Y. Pearce Drug Co. Agents.

Deaths

Joe Seidel, Sr.
Joe Seidel, Sr., age 76 years, died at his home near Rowena Monday morning at 4 o'clock. Mr. Seidel had just returned from Temple where he had been in a hospital for some time receiving treatment. His condition was improved and apparently he was getting along fine. His death was a surprise to his family and many friends in this section. Funeral services will be held from the Rowena Catholic church Wednesday morning at 9 o'clock with the Rev. priest in charge. Interment will be made in the Rowena Catholic cemetery. Higginsbotham Funeral Home prepared the body, and undertakers from that establishment will be in charge at the grave.

WOMAN AND CHILDREN HAVE NARROW ESCAPE

Mrs. Virge Sanders and two children had a narrow escape Thursday morning, four miles from Ballinger on the Norton road, when their car was overturned. One wheel on the rear of the automobile hit some loose dirt and slipped and in getting back in the road the car turned over.

J. A. Patterson and his son, Allen, were only a short distance behind them and rushed up to help Mrs. Sanders. None of the occupants of the car were hurt, getting out before the engine caught fire. Leaking gas and oil ignited and burned the inside of the car badly. Dirt was used to extinguish the flames.

Weddings

Rudd-Eades Nuptials Celebrated

Jack W. Rudd, of Ballinger, and Miss Billie Eades, of Bangs, were married at the home of W. P. Eades in Bangs Tuesday morning. Mr. Rudd with his father own the Buick agency here, having been engaged in this business for the past several months. Before coming to Ballinger Mr. Rudd was owner of a bakery at Goldthwaite where he lived for a number of years. He attended Howard Payne College at Brownwood, and was a member of the college band.

Miss Eades is the daughter of W. P. Eades, of Bangs, and is a graduate of Texas Christian University, Fort Worth, having finished there last year.

The young couple will make their home in Ballinger after a short honeymoon trip.

Births

Mr. and Mrs. O. R. Neill are the parents of a nine and a half pound baby girl, born Tuesday morning. Mother and baby are both doing nicely.

HEARING TOPICS

Rev. Tierce filled his regular appointment Saturday night, Sunday and Sunday night. Large crowds attended all services.

Mr. and Mrs. Dossie Kerby and daughters, Beatrice and Lena, Mae, of Roscoe, spent the week-end with Walter Millard and Miss Mirtha Kerby.

Leslie Alcorn, of San Angelo, came in Sunday to spend the holiday at home.

Mrs. Slave Hale and little son, J. A., and Mrs. Hale spent Sunday and Sunday night with the W. A. Hale family.

Miss Bertha Allen, of Los An-

Walter Schwartz and family spent Sunday with the John Rosford family.

Mr. and Mrs. Arthur Alcorn spent Sunday afternoon with Mr. and Mrs. Scott, of Lawn.

Mr. and Mrs. Clyde Brevard, of Blanton, and Fate Brevard, of Belton, spent Sunday with J. P. Brevard.

Mr. and Mrs. G. C. Arent spent Sunday afternoon with Miss Mirtha Kerby.

Mr. and Mrs. Ray Mulanax, of Valera, spent Sunday with Mr. Bragg.

Mrs. Clyde Brevard spent Saturday night with her parents, Mr. and Mrs. M. F. Kerby. Marvin Hale, Welby Fuller and Marion Kerby spent the night with Clyde.

Miss Bernice Hale spent Friday night with Miss Ozella Arent. "REPORTER"

BOY IS WOUNDED BY ACCIDENTAL SHOT

Hammond Carlton was brought to the Ballinger Sanitarium Saturday night with a bullet lodged in his left leg near the hip. Hammond, is the son of Mr. and Mrs. J. D. Carleton who live seven miles west of town on the C. A. Doose place.

According to meager information obtained here, several boys were out together and had with them a .22 target. The gun was lying on the ground and when one of the boys started to move it, it was discharged, the bullet taking effect in young Carleton's leg. The bullet was removed from the wound and he is getting along fine at the sanitarium.

Would You Lose, Although Insured?

People sometimes forget that properties increase in value that added furniture, furnishings and household equipment swell the total of their holdings.

Insurance placed ten or even five years ago very often does not cover present-day values.

Unprotected losses sometimes wipe out a family's resources. Let us make sure your insurance is up to the present time.
